PRESENTATION — Harold Nelson, left, presents State Rep. Grainger McIlhany with a 22-jewel watch as Mrs. McIlhany, who has just received a gift of roses, looks on. McIlhany was honored at a dinner in the Coronado Inn last night for "outstanding achievement in legislation in the field of agriculture." Approximately 165 persons, including farmers, stockmen, state senators and representatives attended the affair. Story elsewhere on page 1.

Disarmament Parley Near Total Deadlock

Both Sides Have Rejected Offers

GENEVA (UPI) — The West today rejected Russia's grandiose plan for world disarmament in four years and the United States declared it would sign no East-West arms pact that endangers American security.

Thus, the 10-nation disarmament conference appeared near total deadlock at the end of its 16th session, with both the Soviets and the West now having rejected the other's plan.

U.S. Delegates Fredrick M. Eaton told the Soviets at the two-hour and 50-minute session, one of the longest since the group convened March 15, that any agreement to cut troops and arms would have to be carefully balanced so that United States security is not jeopardized.

France's Jules Moch followed up with a sweeping rejection on behalf of the West of the entire plan put forward by Premier Nikita Khrushchev himself, and echoed here by Soviet Chief Delegate Valerian A. Zorin.

"We cannot agree to take as a basis for discussion either the Soviet plan or any other plan like it," Moch said.

He added that the West remains convinced that its own plan for gradual and controlled disarmament is the best. But he said the West is ready to consider modifying it, provided its basic principles are not changed.

In his speech, Eaton told Zorin "misrepresentations" of American policy would do nothing to advance negotiations here.

The United States, he said, attaches a high priority to disarmament, and hopes that the Soviet Union does so.

"But if there be any illusion that my government shall take any steps which are not consonant with its own national interests, any more than the Soviet Union will take any steps not consonant with its own national interests, these should be dispelled," he said.

Nashville Mixed Forum

Will Discuss Lunch Counters

By United Press International

A committee of white and Negro leaders will recommend "significant changes" today in the present lunch counter segregation practices at dining and variety stores in Nashville, Tenn.

The seven-member committee has prepared a report for Nashville Mayor Ben West, as a possible solution to protests by Nashville Negroes against segregation at the lunch counter. Dr. Madison Sarratt, chairman of the committee, would not reveal the specific points until the proposal is given to the mayor this afternoon.

At least 150 persons have been arrested in Nashville in connection with the nine-week-old protests by Southern Negroes. Sarratt, former vice chancellor of Vanderbilt University, said his committee's proposal is one which "we believe if the merchants would adopt and the students accept would ease tensions."

Nashville Negro students previously rejected a plan for partial integration of lunch counters.

Two similar plans have failed in North Carolina. The chairman of a "human relations" committee at Chapel Hill, N.C., reported Monday that efforts to begin a 30-day trial period of integrated restaurants failed because of refusal of three restaurant owners to go along.

Merchants at High Point, N.C., turned down a similar plan last week.

While persons played a major role in the protests, the committee (See NASHVILLE, Page 3)

Merchants In Marshall Cancel Meet

MARSHALL, Tex. (UPI) — Two decisions by white residents indicated today they do not want to take any action which might provoke new trouble in this racially-disturbed East Texas town.

A group of white merchants met with Dist. Atty. Charles Allen Monday and then called off a meeting scheduled for tonight to discuss ways of dealing with the Negro demonstrations.

At the same time, Allen said Negro attorney R. M. Williams asked for and was granted a continuance in the cases of 63 college students arrested on charges of "unlawful assembly" and "illegal picketing," and they would not appear in court today as originally scheduled.

Asks Probe after Dist. Judge Sam E. Hall ordered a new grand jury to investigate "possible outside influences" in the sit-down demonstrations by students from Wiley and Bishop Colleges and return indictments if it found any.

He told the jury that the sit-downs, picketing and demonstrations last week, one of which had to be broken up with high-pressure fire hoses, were "not a child of local citizens." "If any such influences are found, you would be doing a service to the county and to local citizens." (See MEET, Page 3)

Pick Winner In Wisconsin

MILWAUKEE, Wis. (UPI) — Wisconsin today picked the winner of the first showdown in the battle between John F. Kennedy and Hubert Humphrey for the Democratic presidential nomination.

Weather prospects for the first major primary test of the 1960 presidential campaign were near perfect — a sunny sky and temperatures ranging up to 52 degrees.

Polls will close at 6 p.m. e.s.t. in northern and rural Wisconsin areas, where Humphrey's strength is strongest. In Milwaukee, considered Kennedy territory, and where one third of the vote is expected to be cast, balloting will continue until 9 p.m. e.s.t.

The head-on conflict between Kennedy and Humphrey was expected to draw more than one million of Wisconsin's 2,300,000 registered voters — perhaps more than the 1952 primary record of 1,018,000.

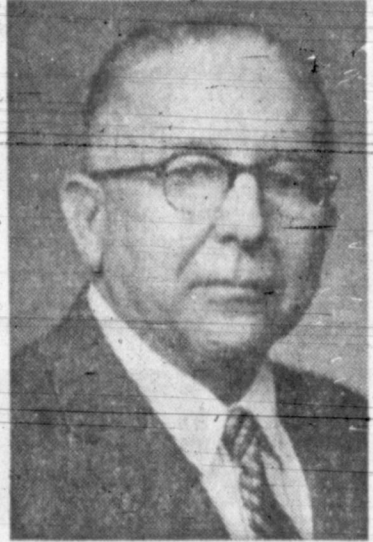

Vice President Richard M. Nixon was practically the forgotten man on the Wisconsin ballot. He was unopposed on the Republican side of the ticket and the main GOP worry was that a crossover vote to the Democrats would make Nixon a poor third in the final tabulation.

The Democratic contest was the first head-on test of strength between Kennedy, of Massachusetts, and Humphrey, of Minnesota. It could spell the end to the presidential hopes of both.

Extra effort by the Humphrey camp and an emergence of the religious issue in the last days of the campaign raised the possibility that the battle could end up a horse race, with neither Kennedy nor Humphrey emerging with a clear-cut victory.

Both candidates refused any admission that Kennedy's Roman Catholicism might play a deciding role in the primary voting.

At stake in Wisconsin were only 31 votes to be cast at the Democratic presidential convention in Los Angeles. But the political fates of both Kennedy and Humphrey might also be in the balance.

W. L. LOVING moved to Boston from Cabot Company's Pampa office to the Boston office, effective April 1, was announced today by Reno Stinson, the firm's industrial relations director.

Loving has been a vice president of Cabot Carbon Company here since 1955. He will become vice president of the parent company, Godfrey L. Cabot, Inc., and will supervise carbon black research and domestic production.

He will be responsible for worldwide carbon black technical work, technical service and quality control, including laboratories for carbon black research and development.

Loving started with Cabot in Pampa in 1930, in what was then called the "experimental department." His first job was primarily with ink and color blacks.

Since that time, he has been directly or indirectly connected with a 11 carbon black problems from design through construction, production and control.

Loving was technical director of Southwestern Division Research and Development Department, executive assistant to the general manager, and since 1955, manager of the carbon black department in the Southwestern Division.

Mr. and Mrs. Loving have lived in the Pampa vicinity since 1931 and now reside at 1308 Charles.

Board Of Education To Canvass Bailots

The Pampa Board of Education was scheduled to meet at 4 p.m. today to canvass votes in last Saturday's school board election and elect officers for the coming year.

Dr. Ray Hampton led the race with 4,525 votes, followed closely by Bob Andis with 3,479. Insurance man Marvin Bowlsby received 328.

Spring Cleanup Campaign Set

Three Appointed By Commission

City Commissioners appointed A. J. Carubbi, Jr., to the post of corporation court judge this morning in their meeting in city hall.

Carubbi will succeed Judge Robert McPherson, who is moving to Alaska. Carubbi will take office on April 16.

Commissioners also discussed soil-cement stabilization at this morning's meeting, after receiving a report from City Engineer Monroe Moore on the estimated cost of repairing streets damaged by last winter's severe weather.

Moore told the commission it will cost approximately \$181,000 to repair 87 blocks of streets. The commission authorized Moore to accompany contractor Ray Boswell to Waco to study soil-cement stabilization.

Mrs. Jack Hood and Mel Keifer were appointed to the city traffic commission, and commissioners set the dates for the spring cleanup campaign, sponsored jointly by the city and the chamber of commerce.

Ward 4 will get attention on April 25, 26 and 27; Ward 3, April 28, 29 and May 1; Ward 2, May 3, 4 and 5 and Ward 1, May 6, 9 and 10. Pampa residents will be advised of procedures at a future date.

In final action, commissioners held the first reading of ordinance number 538. The ordinance extends the city limits of Pampa to include the Hendricks apartments, now under construction west of the Coronado Inn.

Oscars To Heston And French Import

HOLLYWOOD (UPI) — Charlton Heston, rugged star of "Ben-Hur," and France's Simone Signoret, the wayward wife in "Room at the Top," ruled as king and queen of the movies today.

Oscar winners for the best actor and actress of 1959. Shelley Winters, playing a dowdy housewife in "The Diary of Anne Frank," won the best supporting actress honor, and English star Hugh Griffith won best supporting actor for his role in "Ben-Hur."

A group of stars crowded into the Pantages Theater on Hollywood Blvd. where their enthusiasm was somewhat dimmed by the month-long strike of the Screen Actors Guild against the major movie studios.

Master of ceremonies Bob Hope joked about the strike on the nationally televised show saying, "Welcome to Hollywood's most glamorous strike meeting."

Later in the show Hope was surprised himself when he was presented with the special Jean Hersholt Award for humanitarianism.

The winners were both excited and grateful in their acceptance speeches.

Miss Signoret, a 39-year-old blonde, told the 2100 celebrities and fans in the theater, "I can't say anything. Ah, I thank you. You can't imagine what it is for me, being French."

Before leaving his seat Heston hugged and kissed his wife. Then Mr. and Mrs. E. O. Wedgeworth plan to attend the Springville meeting as delegates.

Farmers Now Tailor Crops To Market

By GAYLORD F. GODWIN
United Press International

WASHINGTON (UPI)—The Agriculture Department has issued its acreage marketing guides for summer and fall vegetables, melons, and potatoes.

The idea behind the guides is to help commercial growers tailor their crops to the market. The guides recommend planted acreages that should provide enough of each crop to satisfy consumer demand. But not so much that farm prices are depressed and vegetables go to waste.

There is nothing compulsory about the guides but a great many producers follow them because it pays to do so.

The men who draw up the guides make a careful study of market conditions and then make their recommendations. For example, last summer the market was overloaded with the hardy vegetables, especially beets, carrots, celery, and onions. This year cuts were recommended for early summer carrots (5 per cent), and onions (varying by states). Normal yields probably will bring beet and celery production back into line without acreage cuts.

The department said bad weather was the main influence on the whole fall vegetable picture last year. It was hot and humid in the East and Midwest, it rained and then froze in Florida, and it just plain rained in California.

The guide makers said some adjustments should be made this fall, assuming the weather will be more normal. Acreage cuts were recommended for late cucumbers (50 per cent), green peppers (10 per cent), cauliflower (5 per cent) and late lettuce (5 per cent). Small increases were suggested for cabbage, early carrots, sweet corn, and early lettuce.

Processing vegetables have run into marketing trouble in recent years because of high yields per acre. Record yields have counteracted reductions in contracted acreage, and many of these vegetables are in chronic over-supply.

This season's planting guides reflected the over-supply problem. Increases were recommended only for lima beans for freezing, and cabbage for kraut. The experts called for a small reduction in this year's potato crop. This may seem strange because the 1959 crop went to market at good prices with no real problems. According to the economists, that crop got all the good breaks and that kind of luck can't be counted on every year.

Fast Driver To Face Murder Count

WICHITA FALLS (UPI)—Police filed charges of murder with out malice Monday against a Henricks, Tex. Negro whose car plowed a curve Sunday night and killed a six-year-old boy who was playing in the front yard of his family's home.

The Negro is Willie Breedlove. The boy, Michael Guinn Washburn, died of head injuries a few minutes after he was taken to Wichita General Hospital.

Breedlove's car also struck Alton W. Washburn, who was walking with his wife along a sidewalk near the Washburn home. Washburn was released after treatment at the hospital. Mrs. Washburn's husband died of a fatality of 1960.

Washburn's name is named after the Moors who were the first to settle in the area. Gebel-el-Arak has become

DA Charges Pharr Votes Are Bought

PHARR, Tex. (UPI)—Dist. Atty. R. L. Latimore charged Saturday that Duval county-type elections were being foisted on this city and that candidates have to buy votes to get elected.

Latimore made the statements during a court inquiry into poll tax irregularities in next Tuesday's municipal elections.

The court of inquiry is being held in the court of Justice of the Peace Joe Rendon. Latimore said he would ask for state assistance in the investigation if it becomes necessary.

"The ultimate end is a grand jury investigation and indictments," he added, "and I don't mean indictments for the little, ignorant man who has been led into it. I'm after the man behind him."

Five witnesses testified Saturday before the court adjourned until next week. One of them was a former convict, Harry Fortuna, a 56-year-old transient field laborer.

Fortuna is now being held in county jail at Edinburg on a technical charge of vagrancy. He testified that he met a Pharr family, Mr. and Mrs. Faustino Garza, last September in Utah. He said the Garzas asked him to come to Pharr with them to look for work.

Fortuna said the Garzas took him to Miss Raquel Vargas, a poll tax clerk, last Jan. 31 at which time a receipt was bought for him.

"I told them I had no money," Fortuna testified, "but the clerk told me I didn't need any, that it was all taken care of." The receipt bearing Fortuna's name, introduced in the court, stated he had lived in Texas eight years.

Fortuna said he told the clerk he had lived in Texas only three months, but that they contracted him.

Mrs. Estafina Garza, who was the first witness to testify, denied Fortuna accompanied her and her husband to get the poll tax receipt.

New Industry For Amarillo

AMARILLO (UPI)—The Amarillo Chamber of Commerce said today that a metal reclaiming plant will be in operation here within 60 days.

It will be the only such plant in the area bounded by Dallas, Mesa, Ariz, and Salt Lake City. Initial employment of the plant will be about 15 men, with an expected employment of 60 when full production is reached.

The company is not yet named. One of its officers is L. N. Childress of Clovis, N.M., a former reporter and sports writer for the Globe News Publishing Co. here.

NEW EXECES — Officers were installed at last night's meeting of the Toastmasters Club. From left, Charlie Ingram, administrative vice-president, Joe Pafford, president and Clifford Strozier, educational vice-president. Also installed (not shown) were Creel Grady, secretary; Dale Gilliam, treasurer and Ron Henderson, sergeant-at-arms. (Daily News Photo)

Pafford In As President Of Toastmasters

Pampa Toastmasters installed officers last night at their dinner banquet in the Coronado Inn. Joe Pafford was installed as president, Clifford Strozier, educational vice president, Charlie Ingram, administrative vice president, Creel Grady, secretary, Dale Gilliam, treasurer and Ron Henderson, sergeant-at-arms.

In last night's ceremonies, Ron Henderson delivered the invocation, Jerry Sims was wordsmaster, table topics were under the direction of Cliff Strozier and Gris Rogers was installing officer.

Guest speakers included Gisela Roeper, Lloyd Kuntz and James Hart. General evaluator was Henry Frazer, evaluators were D. O. Stuart, Dave Smith and George Crow. Joe Presley acted as timer, grammarian was Art Keatts, Lonnie Needham acted as recorder and Jim Brown handled the "uh" and "ah" bell.

Stop Lights Discussed At Traffic Meet

Members of the Pampa Traffic Commission yesterday voted to recommend to city commissioners that the traffic light at the intersection of Brown and Cuyler be changed so the green light will turn on before the left turn arrow. In this way members believe the left turn lane will be cleared faster and help the flow of traffic.

Commission Chairman James Hart also suggested that signs designating left, right and forward lanes be placed at the intersection.

Members George Thut and Bob Hudson reported on traffic conditions at Pampa schools. Hudson told the group the most serious problem is at Woodrow Wilson school, because parents driving their children home are parking on Hazel St. and causing a traffic jam. He said if there was a fire or other disaster, it would be impossible for a fire truck, ambulance or police car to drive down the street.

Installation of a stop or yield sign at the intersection of Hamilton and Harvester was discussed but no action was recommended. The commission met in the Pampa Hotel.

Boles Service Set Wednesday

Funeral services for Mrs. Essie Dora Boles will be held 10:30 a.m. tomorrow in Dukenel Carmichael Funeral Chapel with Jay Channel, minister of Harvester-Mary Ellen Church of Christ, officiating.

Burial will be in Plainview at 2:30 beside her husband, S. D. Boles, who died April, 1950.

Mrs. Boles, who made her home with a daughter, Mrs. Henry Stephens, 120 S. Nelson, died yesterday at 5 a.m. in Highland General Hospital. She was born May 28, 1887 in Nashville, Tenn. and was a member of the Church of Christ.

Survivors include four daughters, Mrs. Stephens, Mrs. Kiever Warren of Los Angeles, Calif., Mrs. Zeal Cansley of Hereford, Mrs. Howard Colton of Oregon City, Ore.; two brothers, George Pennington of Mesa, Ariz., Clough Pennington of Los Angeles, Calif. and nine grandchildren.

Funeral services will be at W. H. Staus, Jimmie Shaus, Haskell Franks, Lloyd Lane, Jack Crump and Edwin Finson.

Air Hero Will Speak Thursday At K&F Meeting

One of the most celebrated American air heroes, who flew 358 combat missions in World War II, Brigadier General Robert Lee Scott, Jr., U.S.A.F. (ret.), will talk to members of the Knife and Fork Club Thursday at 7:30 p.m. in the high school cafeteria.

Some of the honors bestowed on him, besides several from the United States, are the Ten Star Distinguished Flying Cross, Great Britain's Order of Cloud Banner and Um Hwei. He also has been cited for various achievements.

Gen. Scott is probably best known for his book, "God is My Co-Pilot," written and published in 1948. It came out of his experience as a group commander of General Chennault's Flying Tigers.

Gen. Scott's address here will concern itself with our present position in the race for supremacy in space. "It is high time," he says, "that we gear our minds and our souls to keep pace with technology and to recognize, for the first time in a very long time, that we are in trouble."

Deadline for purchasing tickets, now on sale at Malone Pharmacy is 1 p.m. tomorrow.

Bikes, Trikes Await Owners

The Pampa Police Department may run out of cars but they still have plenty of transportation if the present trend continues.

Chief of Police Jim Conner said there are 14 bicycles and two trikes awaiting claim by their owners at this time.

Conner said some of the bicycles have been stored in the police station for "three or four years."

He asked anyone who has had a bicycle stolen from them to drop by the station and look over the stock.

down over a 10 block area.

Mrs. Vivian Pattillo, who lives a mile from the plant, said it looked like an atomic explosion.

"Our lights went out and I ran out into the yard," she said. "I saw a mushroom cloud and flames were contained in the smoke."

"It was a perfect mushroom," said Dee Griffin, who lives five miles away. F. L. Goode, who lives about two blocks away, said debris fell on his house and he saw a "huge ball of fire in a circle of smoke."

Dr. Harwell said he believes the blast was caused by stored MEK Peroxide—a chemical substance used as a hardening agent for plastics.

part in Monday's demonstrations.

About 10 white students from Union Theological Seminary (Presbyterian) in Richmond, Va., picketed a department store. They carried placards saying that segregation denies the dignity of man.

Miles Horton, director of an integrated school at Monteagle, Tenn., closed by the state, told a church group at Knoxville that some Negro college students now do not want the help of whites because they "fear the whites may take over leadership and in some cases they don't trust them."

At Memphis, Tenn., three Negro soldiers in a flight of 54 Army personnel bound for Temple, Tex., were directed to a segregated section at the airport restaurant.

One of the Negroes refused to leave the white section of the restaurant and was removed by police. He tried to return, and was carried bodily aboard the waiting plane by six of his white fellow soldiers.

Elsewhere:

North Carolina—Twenty-six Negroes were fined \$10 each on trespass charges at New Bern for an effort last month to integrate lunch counters at two stores. They served notice of appeal.

Tennessee—Eight Negro students were arrested for entering a white library at Memphis.

Alabama—The Rev. F. L. Shuttlesworth, Birmingham Negro leader, was sentenced to pay fines totaling \$200 and serve 300 days in jail on charges of giving police false information about the beating of a Negro man and aiding and abetting the first sitdown protest in Birmingham. Another Negro minister and 10 college students also were sentenced.

Florida—Two Negroes were refused service at lunch counters at Panama City.

Louisiana—At least 270 students made good on their pledge to quit Southern University near Baton Rouge because of the arrest and suspension of 16 fellow students in an anti-segregation demonstration.

Texas—Trials for 53 Negroes arrested in a demonstration at Marshall were called off for the time being. A grand jury was asked to investigate "possible outside influences" in the demonstration.

Negroes," Judge Hall said.

Judge Hall did not say whether he believes Communists are behind the demonstrations. But Dr. Doxey Wilkerson, a professor of education at Bishop College and a former Communist Party member, was fired last week.

Fifty-seven Negroes were charged with "unlawful assembly" and six with illegal picketing.

Hiram S. Post Jr., owner of a discount house and wholesale drug firm, and five other merchants were trying to set up tonight's meeting. Post told newsmen that there was "one way to stop all this and that is to stop giving all Negroes credit and fire them and tell them why it is being done."

Chamber of Commerce officials said the "downtown" merchants had nothing to do with the movement.

After the meeting with Allen, a joint statement was issued which said that "in view of previous releases and publicity that have been made concerning the meeting, the merchants and businessmen of Marshall have concluded that the meeting should be postponed.

No new meeting date was set.

Studies have shown that temperature may vary by as much as 20 degrees between a city's business center and its suburbs, heads turned upside down.

Jubilant William Wyler, winner of two previous directing Oscars, said, "We broke the record," referring to "Ben-Hur" 11 awards in the 12 categories for which it was nominated.

The MGM religious epic, filmed on location in Rome, surpassed the previous record holder, "Gigi" which collected nine awards last year.

M-G-M topped the studio totals with 11, all for "Ben-Hur." Next was 20th Century-Fox with three.

Miss Winters broke into tears backstage, crying, "I got it, at last, at last. I would like to thank the memory of that wonderful little girl (Anne Frank) who wrote with such depth and perception about human beings."

"I didn't think I was going to win. I was ready to go home."

Miss Signoret became the first actress to win an Oscar in a British-made film, and has never made a movie in the United States. She came to this country for the first time last year, accompanying her husband Yves Montand.

Both Montand and Simone were refused visas to this country two years ago by the Department of Immigration for political reasons.

Three Vehicles Damaged By Fire

Fire damaged three vehicles late yesterday afternoon.

The first fire occurred at 3:57 p.m. A truck loaded with tree limbs, weeds and other brush caught fire three miles south of Pampa. The 1937 Chevrolet truck was owned by Johnny Hines, 1821 Charles, and received heavy damage from the fire.

At 4:06 p.m. a flooded carburetor caused light fire damage to the wiring of a 1959 Ford. The fire was out when the fire department arrived.

He said "This is a real and sacred heritage we should protect at all costs."

He pointed out that several years ago Texas had the reputation of being a "dumping ground" for diseased and inferior animals. He said "through the efforts of 31 farm organizations, and with the full cooperation of legislators like Grainger McElhinny, a work program was set up that has resulted in the emergence of Texas as an outstanding livestock producing state."

Light damage was done to the seat of a 1953 Plymouth at 7:12 in the 500 block of North Yeager last night. The car was owned by A. E. Gill. The cause of the fire was undetermined.

Anonymous Gift Spurs Fund Drive

SAN ANTONIO (UPI)—South Texas Episcopalians today had \$50,000 toward a goal of nearly one million dollars in their capital improvements fund drive.

Bishop Everett H. Jones of the Diocese of West Texas said the \$50,000 came from an anonymous donor.

Nearly 1,600 Episcopalians from South Texas counties attended the fund kick-off in San Antonio Monday.

The conference ended Monday night with a special talk by the Bishop of Ohio, the Right Rev. Nelson Burroughs. He predicted great success for the drive.

Delegates to the conference were given details to use in organizing local drives.

More than half the money will be used to build new churches in South Texas towns and to build missions in smaller communities, Bishop Jones said.

Woman Killed In Odessa Crash

ODESSA (UPI)—A two-car crash Monday night killed Mrs. Audria Luella Royer, 57. Twenty-nine others were injured, including Mrs. Royer's companion, Matty G. Akin, 79, Greenville, Miss., who was hospitalized in serious condition.

Al G. Pool, 55, and his son, Damon, both of Odessa, were in the second car. They were less seriously hurt. The accident happened on U.S. 80 on the outskirts of Odessa.

Pleads Not Guilty To Charge Of DWI

Elmer Keith Ownsby, 37, of 1054 Huff Road, was placed under \$500 bond in Gray County Court late yesterday after entering a plea of not guilty to a charge of driving while intoxicated.

Ownsby was arrested at 9:10 p.m. Saturday in the 100 block W. Foster after being observed by police.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: I gave my husband 10 children. I've been married 35 years and haven't been kissed in 25 years. I don't remember the last time my husband said, "I love you."

I've had to beg for every cent he ever gave me. The only good thing I can say for him is he is a good earner and he don't chase. How do you get a husband to look at you once in a while when he's gotten out of the habit?

DEAR UNHAPPY WIFE: He's probably not "looking" at you because you aren't "looking" at him. Play up to him. Show him lots of affection. Dress up for him and make him feel that he is still young and attractive. Use a little common sense like you did a few years back. If this doesn't rouse him, cheer him up. It's too late.

DEAR ABBY: What do you do with a guest who has had one too many and starts running the party by picking arguments with other guests? Two people I know (one a man and one woman - not related) spoil every party they attend for this reason. We owe them invitations and I don't want them. My husband says everyone knows that certain people start an argument when they drink too much, and no one takes offense.

Should I just invite these people and let them insult my other guests and hope that those who were insulted "understand"? Don't tell me not to have anything to do with people like that because they are important business contacts for my husband.

TREMBLING HOSTESS: DEAR HOSTESS: The best solution is to invite them over (or out) to an "intimate" little dinner party with just you and them, and let them insult each other.

DEAR ABBY: Would you, or any of your readers, ever have...

Disguised And Modernized Furniture Adds Romantic Charm To Girls' Room

BY KAY SHERWOOD
Newspaper Enterprise Assn.

If your teen-ager turns up her nose at hand-me-down furniture for her bedroom, you don't have to resign yourself to a heavy investment in new pieces.

Hand-me-downs can be disguised and modernized. Some brand new bedroom study furniture is beamed to the teenage market and priced for very modest budgets.

Her objection to the hand-me-down may be directed more towards its bulky and old-fashioned appearance than to its age. Family antiques often have a quaint and romantic charm and are cherished by a young girl and her mother. The little caned, seated rocker, marble topped shaving stand or washstand, spool bed or four-poster are lucky finds for any age.

What can be done with the relics of 20 or 25 years ago which have little but size to offer and thus crowd the small bedroom? Well, bed-headboards can be divorced from the footboards and brought up-to-date with bed conversion kits which support the mattress and box springs on slim steel rails instead of bulk-

'Christian Witnessing' Forms Study Topic For Women's Missionary Union

First Baptist Church Women's Missionary Union met in members' homes last week for mission book study, "Christian Witnessing."

KEZZIA MAE BEARIGHT AND DORIS SMITH CIRCLES met with Mrs. John Gikas, 1301 Mary Ellen, with Mrs. Mike Porter, Doris Smith Circle chairman, presiding. Mrs. E. Douglas Carver opened the meeting with prayer. Mrs. Bob Alford was welcomed as a new member to the Doris Smith Circle. Mission book study, "Christian Witnessing" by Floyd M. Barnard was presented by Mrs. Ed Miller, who pointed out that "witnessing is like presenting water of life to those who are thirsty and presenting the bread of life to those who are hungry." Much of our witnessing for God is done unconsciously, she said. "We are unaware that we witness every day. The reasons given for witnessing are 1) the desire to bring joy to the heart of God and to tell others of the love of God; 2) there is a deep spiritual need in the heart of man that is helped through the heart of God. Mrs. Miller concluded by saying, "We have to love God before we can love man." Sixteen members attended.

WINNIE TRENET CIRCLE met with Mrs. D. A. Caldwell, 2208 Aspen with Mrs. Carl Smith offering opening prayer. Mrs. G. E. Groginger presided at the business meeting followed by mission book study "Christian Witnessing." Mrs. J. P. Heath offered closing prayer. Miss Cindy Stephens was welcomed as a guest. Eight members were present.

ANN MITCHELL CIRCLE met with Mrs. Hansford Ousley Jr., 2228 N. Russell. Mrs. Bob Andis opened the meeting with prayer.

Crystal beads and fresh water pearls are being done in an oval shape this spring. Lends a different look to a necklace.

HD Clubs Invited To Oil Meeting

At the Worthwhile Home Demonstration Club meeting held Friday in the home of Mrs. E. J. Kennedy, 720 Lefors, plans were made to invite all home demonstration club members to be guests of the Worthwhile Club on April 15th 9:30 a.m. in the County Ag. building.

It was also announced that home demonstration clubs had been invited to hear Jack Miller speak on "Oil Depletion Allowances" at a meeting to be held in Coronado Inn's Starlight Room. The meeting is tentatively set for April 20.

In other business discussed, members approved the donation of articles for the 4H Club auction; also to provide transportation of members to the district meeting of THDA to be held in Claude on April 7.

Mrs. Shelby Hook, president, presided during the business discussion.

Mrs. B. H. Dickerson and Frank Totty gave a demonstration on the proper method of raising gladioli in Texas gardens. Pamphlets were distributed with directions for preparation of soil, proper depth of planting, control of trips and varieties recommended for Texas gardens. Among the gladioli favorites, listed by the speakers were Abu Hassard, Burma, Elizabeth, the Queen, and Leading Lady, Picardy, Red Charm, Spot Light, Stormy Weather and Treasure Island.

Winning a prize of gladioli bulbs for making the most words out of the word "Gladiolus" were Mmes. E. D. Wright and Pearl Ferguson. Clayton and Parker Floral Companies provided the gladioli.

In another contest, Mrs. Roy Tinsley and Mrs. Carl Lattian won prizes.

It was announced that the next program will be on "Antique China."

Attending in addition to those mentioned above were Mmes. J. L. Carlton, O. A. Wagner and Boyd Brown.

Eye Satellite Photographs Red Countries

By JOSEPH L. MYLER
United Press International
WASHINGTON (UPI) — The Tiro I satellite, circling the earth every 99 minutes with its pair of television cameras, has photographed weather conditions over Russia and Communist China.

A spokesman for the National Aeronautics and Space Administration disclosed Sunday night that the photographs covered Red China and the southern part of the Soviet Union.

The spokesman did not say when the photographs were taken. The satellite, launched from Cape Canaveral, Fla., at 6:30 a.m. Friday, made its first pass over the two Communist nations about 12 hours later.

Scientists in charge of the Tiro project reported that they were very encouraged by the performance of the 270-pound meteorological satellite in its orbit about 40 miles above the earth.

Dr. Abe Silverstein, NASA director of space flights, told a New York news conference that weather satellites may some day help prevent heavy loss of life in hurricanes and typhoons by providing advance warning when violent storms are developing.

LSU Demoles Prof Accused Of Murder

BATON ROUGE, La. (UPI) — The question of what to do about a murder charge against Dr. George H. Mickey today faced a new grand jury.

Incoming jurors will not be required to reopen an investigation of charges that the former dean of the Louisiana State University graduate school murdered an attractive woman biology professor, but Dist. Atty. J. St. Clair Favrot is expected to urge the jury to take up the case.

The previous grand jury spent three weeks studying the state's accusation that Mickey killed Dr. Margaret Rosamond McMillan, 29, on a lonely Mississippi River road south of here. The panel announced March 4 that it could not decide whether to indict Mickey or free him.

LSU officials stripped Mickey of his teaching post.

Language Barrier Is Being Whipped

By KYLE THOMPSON
United Press International
HOUSTON (UPI) — A few short years ago Felix Tijerina had a dream. But unlike many dreamers, he was able to put his dream into reality, and saw it become a fabulous success.

Tijerina's dream was about doing something to help Latin American youngsters who enroll in Texas public schools acquire a good, basic knowledge of the English language.

Three years ago Tijerina launched his project known as "Little Schools of 400." They were so named because of their purpose to teach 400 words of basic English to five-year olds before they enter the first grad.

"The need of such a school is evident when you consider that the two million of the five million

Officials of Gulf Oil Corp., impressed with the program, have offered to finance this activity by Tijerina and LULAC so that the schools could be more widely established.

It was noted that the high percentage of failure in the first grade of Latin American children was not due to lack of intelligence, but rather to language difficulties.

When Tijerina founded the Little Schools three years ago, 70 per cent of Latin American children enrolling in Texas grade schools failed first grade.

But among graduates of the Little Schools this high rate of failure has been reduced to an astounding 3 per cent.

Tijerina pointed out that the children come from homes where only Spanish is spoken directly into a classroom where only English is spoken. Many of them dropped out of school permanently after repeating the first and often the second grades, he said.

Candidates Cover Texas Like the Dew

By United Press International
Political candidates criss-crossed Texas today in their search for votes.

Jack Cox, campaigning for governor in a helicopter, moved into Austin to confer with his new Travis county campaign manager, Spot Collins, former University of Texas football star.

Gov. Price Daniel took his bid for a third term to Waco with a plea to Rotarians to work toward winning more industry for Texas.

Will Wilson stumped for a third term as attorney general at San Angelo, while his opponent, Waggoner Carr, went into Wilson's home territory of Dallas to convert voters.

Land Commissioner Bill Allcorn stumped East Texas, meeting supporters in Palestine, Jacksonville, Athens and Tyler.

Foreign News

By PHIL NEWSOM
UPI Foreign Editor

Two events of the last few days provide grim support for a United States warning that time is running out on the world disarmament conference at Geneva.

And for all his bluster and his renewal of threats against Berlin, they must have given Soviet Premier Nikita Khrushchev food for thought on his return to Moscow from his visit to France.

One of these events was the successful launching of the United States weather satellite which on signal from its ground control sends back pictures of the earth's surface covering an area ranging from 30 to 800 miles, with amazing detail.

The other was the explosion, even as Khrushchev was concluding his talks with French President Charles de Gaulle, of France's second atomic device in the Sahara Desert.

Both have far-reaching implications in man's stumbling search for survival in an atomic age.

Military campaigns in the past, have succeeded or failed because of weather.

And as science progresses in its ability to make its satellites perform upon command, that

much closer comes the ultimate weapon—the satellite with the nuclear warhead.

It was this ultimate weapon that Fredrick Eaton, chief U. S. delegate to the Geneva Conference, had in mind when he proposed international agreement outlawing weapons in outer space and the proper controls to see that the agreement was carried out.

The Communists rejected Eaton's argument that time was running out.

But just as France by its independent effort brought the membership in the atomic club to four, so unless international agreement can be reached, eventually there must be a fifth member and a sixth.

And as the deadliest weapons come into more and more hands, the temptation to use them must be increased accordingly.

Eaton was right. Time is running out.

Election Year Brings Out The Liberal In Politicians

WASHINGTON (UPI) — Election-year pressures are pushing Congress slowly but surely toward a major liberalization of government programs to help care for the aged.

Influential lawmakers think it is virtually certain Congress will take an historic step to improve medical care for the aged, before adjourning this summer for the presidential nominating conventions.

"It's no longer a question of whether we'll do something," one Democrat said. "The question is what are we going to do?"

Democrats are under mounting pressure from organized labor and many older citizens to add some form of old-age hospitalization insurance to the Social Security program.

The Eisenhower administration and the American Medical Association are adamantly opposed.

As a backfire against this approach some conservative Democratic lawmakers talk seriously of expanding federal grants to improve medical care for needy persons on state-administered relief rolls.

"The way things are going we are likely to wind up doing a little of both," said one key congressman. "The political heat is terrific."

A third approach — government subsidies to lower the cost of medical insurance policies purchased by aged persons with low incomes — is under study by the administration but had engendered little support in Congress.

Pressure for action is concentrated on the House Ways and Means Committee, which today began its fourth week of closed-door consideration of legislation to revise the Social Security program.

Other congressional news: Drug Prices: Sen. Estes Kefauver (D-Tenn.) hoped to get his long-stalled investigation of drug prices underway again next week. It was learned Kefauver planned to resume hearings next Tuesday — if the Senate winds up work on civil rights. Next testimony would be from a long list of practicing physicians — who feel drug prices are too high.

Immigration: A bill which would admit about 5,000 refugees in European camps to the United States in the next 27 months moved to the Senate. The House passed the measure Monday by a voice vote. Chairman Francis E. Walter (D-Pa.) of the House immigration subcommittee, has predicted Congress would not pass further immigration legislation, in spite of President Eisenhower's plea to double quotas.

Pershing & Co. recommends Thatcher Glass Manufacturing Co. Inc. The company has paid dividends in each year since 1946 and appears embarked on an era of further progress with indications the market will reflect its diversification and indicated growth, the firm points out.

Forecasts of a steady growth in the country's automotive "population" to more than 100 million cars and trucks on the road in a few years means a consistently expanding demand for Champion Spark-Plug's products, according to Hornblower — Weeks.

Air Force spokesmen said Smith was driving across the taxiway on his way to work at the base ground control approach unit. A second airman riding with him was not injured.

Smith was the son of Mr. and Mrs. Rudolph Smith, who live in Easton.

Air Force authorities said they would conduct an investigation to learn the cause of the accident.

WICHITA FALLS (UPI) — Airman 2c David Owen Smith, 21, of Easton, Pa., was killed Sunday night when his 1960 sports car overturned on a taxiway at Sheppard Air Force Base north of Wichita Falls.

Following the business meeting, alumni secretary Jones will give an outline of plans for Austin College Day, May 7, the annual alumni homecoming day.

The Amarillo Chapter will be the 15th Austin College Alumni Chapter in Texas and Oklahoma. John W. Covles of San Antonio is Alumni Association president.

The team lost to Coleman by eight points.

Robert Reed placed ninth in the contest and received a gold medal. Other members of the team were Jimmy Hudson, Herman Koetting and Leroy Littlefield.

College Day, May 7, the annual alumni homecoming day.

The Rev. William R. Lawrence, pastor of the First Baptist Church in Clarendon, is in charge of the services.

Music is directed by A. G. Adams of White Deer.

Rev. J. Walter Davis is pastor of the Groom Church.

TO YOKOHAMA FROM PAMPA—A Junior Red Cross school chest from Pampa High School arrived in Yokohama for distribution to Japanese youngsters in the Nagoya area whose schools were swept away by last fall's typhoon. Vera, the Pampa school was one of many in the U.S. which sent these chests—filled with school supplies, health items and sports equipment—to the Japanese students. In the photo, Tadao Takagi, a ninth grader at Yokohama's Kyoshin High School, is thanking Martha Harpe, daughter of M. Sgt. and Mrs. M. H. Harpe, formerly of Columbus, S.C., and now stationed in Yokohama, for the chest.

Austin College Judging Team Alumni To Meet Wins Second

Invitations were sent this week to 38 ex-students of Austin College at Sherman who live in the Pampa area to meet in the Tyler House at Sherman Friday at 7 p.m. for organizing the 15th chapter of the Sherman school's Alumni Association.

Included in the meeting will be ex-students from Pampa, Dalhart, Canadian, Shamrock and Amarillo.

Election of chapter officers will be held at the meeting. Robert A. Jones, alumni secretary, will give an up-to-date progress report on the college. Assisting with the organization of the chapter will be Garnet Reeves of Lubbock, regional vice-president for the Austin College Alumni Association.

Following the business meeting, alumni secretary Jones will give an outline of plans for Austin College Day, May 7, the annual alumni homecoming day.

The Amarillo Chapter will be the 15th Austin College Alumni Chapter in Texas and Oklahoma. John W. Covles of San Antonio is Alumni Association president.

The team lost to Coleman by eight points.

Robert Reed placed ninth in the contest and received a gold medal. Other members of the team were Jimmy Hudson, Herman Koetting and Leroy Littlefield.

College Day, May 7, the annual alumni homecoming day.

The Rev. William R. Lawrence, pastor of the First Baptist Church in Clarendon, is in charge of the services.

Music is directed by A. G. Adams of White Deer.

Rev. J. Walter Davis is pastor of the Groom Church.

Wall Street In Review

NEW YORK (UPI) — A moderate economic gain, based on gross national product — business consumer and government spending — is likely later in the year.

according to the International Statistical Bureau.

The favorable trend the bureau adds will be due to higher consumer and business spending, especially to a gain in capital outlays. "Government spending will also edge up slightly."

At no time will the consumer spend less this year than he did last year, although the gains will be limited, and will fluctuate, it adds. Consumer spending at slightly higher levels will be sufficient to support production at levels slightly above the present, the bureau says.

Pershing & Co. recommends Thatcher Glass Manufacturing Co. Inc. The company has paid dividends in each year since 1946 and appears embarked on an era of further progress with indications the market will reflect its diversification and indicated growth, the firm points out.

Forecasts of a steady growth in the country's automotive "population" to more than 100 million cars and trucks on the road in a few years means a consistently expanding demand for Champion Spark-Plug's products, according to Hornblower — Weeks.

Air Force spokesmen said Smith was driving across the taxiway on his way to work at the base ground control approach unit. A second airman riding with him was not injured.

Smith was the son of Mr. and Mrs. Rudolph Smith, who live in Easton.

Air Force authorities said they would conduct an investigation to learn the cause of the accident.

WICHITA FALLS (UPI) — Airman 2c David Owen Smith, 21, of Easton, Pa., was killed Sunday night when his 1960 sports car overturned on a taxiway at Sheppard Air Force Base north of Wichita Falls.

Following the business meeting, alumni secretary Jones will give an outline of plans for Austin College Day, May 7, the annual alumni homecoming day.

The Amarillo Chapter will be the 15th Austin College Alumni Chapter in Texas and Oklahoma. John W. Covles of San Antonio is Alumni Association president.

Cadillac

Where a Man is Never a Stranger!

Ever see this gentleman before?
We would guess that you haven't. And yet, we'll wager that you sense something familiar about him as you watch him step confidently from the driver's seat. For the truth is — no man is ever wholly a stranger to those who behold him in the distinguished company of a new Cadillac motor car.

Dignified, impressive and substantial — it proclaims him a man of achievement who is very likely known and respected in his world of affairs.

Beautiful, tasteful and elegant — it announces him as a person of judgment who selects his possessions with exceptional care and taste.

Soundly built, economical and dependable — it indicates his personal wisdom and his constant concern with the important practical values.

To be sure, the honor which a Cadillac does its owner is the result of the honor which owners themselves have conferred on the car. For those who choose Cadillac share these qualities to such a degree that they are expected of whomever sits at its wheel.

This unique reward comes, of course, in addition to Cadillac's merits as a motor car — its brilliant performance and ride... its remarkable quietness in operation... and its miraculous comfort and ease of handling.

We suggest you visit your Cadillac dealer very soon. He'll see to it that you're no longer a stranger to the 1960 "car of cars". Why not make an appointment today?

Harlem Stars Here Tonight

The Harlem Stars meet the Citizens Bank basketball team at 8 p.m. tonight at Carver Gymnasium.

The Stars are a branch team of the world-famous Harlem Globe Trotters. They feature the same combination of good showmanship and good basketball for which the Globe Trotters are known.

Like the Globe Trotters, they travel all over the world every year, and have appeared before millions of fans.

Their two big attractions are Showboat Buckner, who is one of the smallest basketball players in the business (and considered among the best), and a one-armed player, Boid Buie.

Buckner, only 5 feet, 2 inches tall, combines his comedy antics with cat-like agility on the court, and his ability to elude his bigger guards has been the delight of millions of fans.

His specialty is the "piggy-back" shot, in which he crawls on the back of a taller team mate to dunk the ball through the hoop.

Buie is famous for his one-handed interceptions. When he is near enough to grab an enemy pass, he snags it one handed and tucks it under his chin, read to pass, dribble, or shoot. He is considered the best "ball-hawk" on the Stars' team, as well as their top playmaker, an excellent passer and one of their top shooters.

Despite the fact that he has only one arm, Buie asks no quarter and gives none. He is considered a top player, strictly on his own merits. Only 6-2, he has for 15 years been a top performer in a game where many talented two-armed men of that height can't make the grade.

Buie is a deadly shot from long and medium distances. Getting his one hand under the ball, he gets away high, arching push shots which connect with the target more often than not. When taking a pass, he merely hooks it with his one hand and trips it with his wrist. He has developed an amazing grip with his hand.

Both Buckner and Buie had outstanding records before joining the Stars. Buckner was an all-star player at North Carolina College, and a top player with Broadway Clowns immediately after graduation. Later, he was named the most valuable basketball player in the Second Army.

Buie, despite pleas of his family and friends that he quit basketball after losing his arm in an auto accident 15 years ago, went on to lead his conference in scoring while at Tennessee State College. He scored 41 points in one game.

The Citizens Bank team has a 35-3 record for the year. It has won the Perryton and Kellerville tournaments, and placed third at the regional tournament in Lubbock.

Probable starters for the Citizens Bank team are Dean Evans, Sam Gooden, Don Eagan, Roy Pool and James Lee. Other team members are Dickie Maudin, Delbert Daniels, Gerald Montgomery and Troy Smith.

Tickets will be on sale at the door for \$1.25. High school student tickets are 75 cents, and elementary student tickets are 50 cents.

The Short Line

By RED GRIGGS

Gary Wilhelm of Pampa will compete in the NCAA boxing tournament, which opens Thursday in Madison, Wis. Wilhelm is now a member of the University of Wisconsin boxing team.

Gary, who fought for Pampa several times in the state Golden Gloves, won the welterweight divisions of the Contenders Tournament at the University of Wisconsin, and also defeated Walt Sheppard of Idaho State, the defending NCAA welterweight champion.

Wilhelm has recently been bothered by an elbow injury, but is expected to be ready for the tournament. Winners of the tournament will be eligible to compete for a place on the U.S. Olympic boxing team.

Hart Warren, Pampa Country Club professional, will conduct a free golf clinic this Saturday at 10 a.m. at the Country Club. During the one-hour session, he will hit different types of shots with different types of clubs, then have a question-and-answer session after which pupils will actually participate in the lessons, demonstrating the techniques that they learn.

"If the turnout is good enough," Warren said, "I'll make this a weekly class. All golfers are invited, both men and women."

Oscar Robertson of Cincinnati, after completion of the NCAA playoffs, still ranked as the major college scoring leader.

Robertson scored 37.7 points per game, compared to 31.5 for Tom Stith of St. Bonaventure, who was in second place. Two other outstanding All-Americans, Jerry West of West Virginia and Jerry Lucas of Ohio State, were in fourth and eighth places. West had a 29.3 average, Lucas 26.3. Lucas' hitting was 63 percent of his shots from the floor.

One Texas college player, Jim Mudd of North Texas, finished in the top ten in scoring. He was 10th, with 25.2 per game. Brenton Hughes of Texas was number seven in percentage, with 54, and Jay Arnette of Texas was 18th in percentage with 51.9.

Heiser To Coach Thomas Jefferson

SAN ANTONIO (UPI)—Joe Heiser, a successful college basketball coach at St. Mary's University, has resigned his post to become basketball coach at Thomas Jefferson High School in San Antonio.

He succeeds Ken Kelley, who will coach his time exclusively to track and allow Bob Dennis to move from track to assistant football coach.

Heiser has been athletic director and basketball coach at St. Mary's for the past six years, and the teams have been consistent contenders in the Big West Conference.

He previously served 12 years as basketball coach at South San Antonio High School.

Forty-Niners Set Exhibition Sale

SAN FRANCISCO (UPI)—The San Francisco Forty-Niners announced today a six-game exhibition schedule starting on Aug. 26, the new Dallas Cowboys at the same time, Coach Tom Landry called all players, coaches and veterans, into same building at St. Mary's.

The exhibition schedule is as follows:

Aug. 26, Dallas vs. Detroit, 7:30 p.m.

Aug. 27, Detroit vs. Cleveland, 8:30 p.m.

Aug. 28, Cleveland vs. Pittsburgh, 8:30 p.m.

Aug. 29, Pittsburgh vs. Cincinnati, 8:30 p.m.

Aug. 30, Cincinnati vs. Baltimore, 8:30 p.m.

Sept. 1, Baltimore vs. Houston Oilers, 8:30 p.m.

Sept. 2, Houston Oilers vs. Dallas, 8:30 p.m.

STAR CAGERS — Shown here are the Harlem Stars, who will meet the Citizens Bank team at Pampa tonight at 8 p.m. at Carver Gymnasium. The Stars, a branch team of the Harlem Globe Trotters, are known for the same type of razzle-dazzle basketball which made that squad world-famous. Their two big attractions are their 5 foot, 2 inch clown, Showboat Buckner, and a one-armed player, Boid Buie.

Are Canadiens Complacent?

MONTREAL (UPI) — Are the Montreal Canadiens, four-time Stanley Cup champions and National Hockey League titlists for the last five years, complacent about this year's cup finals?

Actually, the only time complacency hurt the Habits was in 1956-57 when they were heavily favored to win the NHL title and wound up second, six points behind Detroit.

Now, two days before the Flying Frenchmen meet the Toronto Maple Leafs in the opening game of their best-of-seven Stanley Cup final, Montreal coach Toe Blake actually seems calm and confident.

The 47-year-old former Canadian great has always been a distinguished member of the "very low" coaches' school. No matter how far in front his Canadiens might be at the moment, Blake could always find something to worry about. But today, Blake hinted that he may be becoming a trifle complacent, just a slight bit mellow, as he guides his Habs toward a record fifth consecutive Stanley Cup title.

"I don't figure that anyone in the 90-man field for the 24th Masters' epic journey is going to come up with enough of that approaching and putting-to-heat-out Palmer, Souckach and Snead."

"When they are using six, seven or eight irons for their approach, the rest of us are using three or four irons," Burke explained. "It doesn't figure that those of us—the bulk of us—can get inside them on the green when we have to go for such more distance on our approaches."

The Masters course is a long one—6,980 yards. It's ideal for the power hitter.

"Even if you stray your drives, you can't get into too much trouble," observed Ben Hogan, a two-time winner of this golfing classic. "This definitely is a course for those fellows who can hit the ball a mile."

Bantam Ben isn't at all satisfied with his game. Neither is Burke, whose left wrist still gives him trouble—an injury which has plagued him for over a year.

"Despite his brilliant showing in the first round, he's still a long way from being a contender for the title. He's got to be better than he has been in the past to win this thing."

Long Ball Hitters Picked In Masters

AUGUSTA, Ga. (UPI) — Look out for the long ball hitters who are the watchword at the Masters today — in short, Arnold Palmer, Mike Souckach and Sammy Snead.

"I figure," said Jackie Burke, the 1956 Masters champion, "that the power hitters have a two-stroke advantage on every round. That gives them an eight stroke edge for four rounds and makes it mighty hard for the rest of us to make up the rest of the lead."

He's still having trouble with the par three 155 yard 12th hole. There is a pond in front of the green and Palmer lost his chance to win last year by putting his tee shot into the water. He's been doing the same thing in practice rounds.

"Maybe I'll start playing short and then pitching over the pond," he said.

Despite his poor practice rounds, however, Palmer probably will be the favorite when the field tees off on Thursday. Souckach, who "is back on the beam," and the 47-year-old Snead, trying for an unprecedented fourth Masters title, rank right behind him.

The pressure comes from the feeling that the Hawks have found the secret of containing the defending champions. That secret is two-fold: First, to slow down the Celtics, who love to run their opponents into the floor. And second, to hope that the normally flashy Bob Cousy continues to play in the fiddle-tale gray style that he has thus far in the series.

The first factor is the only one which St. Louis can control and the Hawks have been successful in games No. 2 and 4 in stalling Boston's fast break stuff. Even Celtics coach Red Auerbach admits that when Boston is stripped of its speed the club "is in trouble."

Cousy's woes have hurt Boston even more than the figures might show. The aging (31) backcourt star has been averaging only 24.6 in his floor shooting, netting only 47 baskets in the first four games. Even more important, Cousy has been making offensive errors, such as losing possession of the ball, more often than ever before and thus has not been the spark the Celtics need for their well-balanced attack.

Pitching Puts Pampa In 2nd

"Good pitch, no hit" was the story of the Harvesters' first week of district play.

Thanks to two superb pitching jobs by right-hander Jimmy Walker and southpaw Kippy Williams, the Harvesters go into today's game at Palo Duro in second place in District 3-4A standings, with a 2-1 mark.

Walker tossed a four-hitter last Tuesday to beat the Amarillo Standard. Williams shut out Plainview Friday with only one hit.

Walker and right-hander Mike Clark also pitched fairly well Saturday against Tascosa, allowing only one earned run, but they got little support at bat or in the field. Two errors on one of Walker's own after two were out in the final inning paved the way for a 6-5 Rebel win. Only one of Pampa's five runs was batted in.

The same thing held true in the 3-0 win over Plainview. Only one run was batted in, and it was unearned. The Harvesters did, however, give their pitchers almost perfect support afield against both Amarillo and Plainview, committing only one error and turning in two crucial double plays.

The players involved in both double plays were shortstop Wendell Ridgway, second baseman Ruben Strickland and first baseman Larry Stroud.

Ridgway was no notable exception to the "no-hit" rule. He hit safely in his first four times at bat in district play (two of them doubles) and batted in a run with a sacrifice fly, against Plainview. He's hitting at a 500 clip, to top the team's regulars.

Third baseman Bobby Nutt, who went into district play batting 1.000, has "slumped" to .473, but is still the number two hitter on the squad.

Catcher Terry Haralson was the top clutch hitter last week, as he has been most of the season. He drove in the two winning runs against Amarillo, with a triple, and now leads the team in RBIs, with seven. With three hits in nine times at bat, he also boosted his average from .267 to .292.

Except for Ridgway and Haralson, Stroud was the only Harvesters in stolen bases during the past week. He got four hits in nine trips, including a home run against Amarillo, to up his average from .307 to .333.

Center fielder Bobby Stephens got only two hits last week, but both were long ones. He got the only extra base hits of the Tascosa game, a triple and a double. Stephens is the only Harvesters with credit for two triples.

Stroud has hit the most doubles in stolen bases with five. Strickland and Stroud are tied for the lead in runs scored, with eight each.

Stan Looks Ready To Bounce Back

United Press International

Stan Musial has just about convinced the St. Louis Cardinals that he's going to bounce back from his 1959 debacle with a great 60 season.

The 39-year old six-time National League batting champion fell to 255 last season but predicted that he would return to stardom this year. He worked out with special weights and did various other exercises all winter to try to make a fast start.

And, it appears today, that it all worked.

The Cardinals start four-game exhibition tour of the West with Musial sporting a 330 spring average, and leading the team with 14 runs batted in. Darryl Spencer's 396 average and four homers were other reasons the Cardinals won 11 of their last 15 games and have a 13-7 spring record.

The Redbirds were a terrific disappointment as a seventh-place team last season—but look like they might be a surprise package this year.

The Washington Senators nipped the Kansas City Athletics, 2-1 in the only game Monday but were several player movements as teams began to cut down toward the 25-man roster strength maximum.

Chuck Stobbs and Dick Hyde pitched fine relief ball over the last eight innings for the Senators. Stobbs, who relieved Bill Fischer in the second inning, Cerv but then shut out the A's with two hits until the eighth. Hyde, top relief ace in the American League in 1958, blanketed Kansas City the rest of the way.

The Senators scored the decisive run off Johnny Kucks in the seventh when Lenny Green singled, went to second on an infield out and tallied on a single by Faye Throneberry.

The New York Yankees optioned left-handed pitcher Harold Stoves to Birmingham of the Eastern League and assigned catcher Joe Miller to their Amarillo farm in the Texas League. Stoves, 22-year old fastballer who had a 6-4 record with Fargo (N.D.) last season, impressed Manager Casey Stengel early in the spring but was shy in experience.

The Pittsburgh Pirates cut four

Gonzales Picked To Beat Scanlon In Tonight's Bout

OAKLAND, Calif. (UPI) — Veteran Johnny Gonzales, a new light gleaming in his eye under the influence of hypnosis, is a 7-5 favorite to whip Young Bobby Scanlon in their scheduled 10-round "battles" at the Auditorium tonight.

The two lightweights, fighting for a spot in the national rankings, go into the battle with "win or else" edict ringing in their ears.

To make sure nothing goes wrong, Gonzales has been working under the spell of a hypnotist the last two weeks and the word is that Johnny has been tuned into a young Jack Dempsey. Just how the hypnotist can do this to a man at the age of 30 is not known.

"But Johnny has been a tiger in his workouts," says promoter Don Chagin. "And his entire personality has been changed."

The report is that dance man Gonzales was "afraid" he would hurt his opponents in the past—and that explained his patchy performance.

At least, that's what he told the hypnotist. So that expert cast a spell on Johnny which is supposed to send him into the ring thirsting for blood.

Cells, Hawks Meet Tonight In Game Five

BOSTON (UPI) — The pressure will be on the Boston Celtics tonight despite their home court advantage when they entertain the St. Louis Hawks in the fifth game of their National Basketball Association championship series.

The two teams are tied at two victories apiece in the best of seven playoffs.

The pressure comes from the feeling that the Hawks have found the secret of containing the defending champions. That secret is two-fold: First, to slow down the Celtics, who love to run their opponents into the floor. And second, to hope that the normally flashy Bob Cousy continues to play in the fiddle-tale gray style that he has thus far in the series.

The first factor is the only one which St. Louis can control and the Hawks have been successful in games No. 2 and 4 in stalling Boston's fast break stuff. Even Celtics coach Red Auerbach admits that when Boston is stripped of its speed the club "is in trouble."

Cousy's woes have hurt Boston even more than the figures might show. The aging (31) backcourt star has been averaging only 24.6 in his floor shooting, netting only 47 baskets in the first four games. Even more important, Cousy has been making offensive errors, such as losing possession of the ball, more often than ever before and thus has not been the spark the Celtics need for their well-balanced attack.

Torres Wins Mexico Title

Tijuana, Mexico (UPI) — Alfonso Flores, 357, Torreon, Mexico, today won the Mexican middleweight crown, won in a battle in the bullring from Raymond Hernandez, 158, Tijuana.

Flores captured the title Monday night by scoring a seventh round TKO over his opponent, who bled steadily during the last three rounds of the scheduled 10-rounder from a bad mouth cut and a nose injury.

The new champion was unmarked when the bout was called in one minute, 30 seconds of the seventh. A crowd of about 3,500 persons was present.

Lopez Hails Sievers Trade As Insurance For Pennant

SARASOTA, Fla. (UPI) — The acquisition of Roy Sievers from the Washington Senators was hailed by White Sox Manager Al Lopez today as a "good move which should make it that much easier for us to win the pennant."

Lopez, who predicted another Chicago flag prior to the Sievers deal, said Sievers would be invaluable as a pinch-hitter and as insurance just in case first baseman Ted Kluszewski or Minnie Miñoso can't play the full season.

"We've strengthened ourselves all the way around," Lopez exclaimed. "Now if Klu can't go and Sievers can't play, we still have the full season we have an outstanding replacement. Even if Klu goes all the way—and I'm convinced he can—then Sievers gives us that much more bench strength."

The deal, which sent Sievers to the Sox for catcher Earl Battey and rookie first baseman Don Mincher and \$150,000, was the third major swap involving a power hitter that Chicago has made since the end of the 1959 World Series.

They acquired Gene Freese from the Philadelphia Phillies and Minoso in winter deals. Freese hit 23 homers last year. Minoso hit 23 homers last year. Minoso and Sievers each had 31, one less than Sherman Lollar, who led the White Sox sluggers last season with 22.

Five Chosen For Greenbelt

CHILDRESS, Tex. (UPI) — Five more high school football stars have agreed to play in the annual Invitational Greenbelt Bowl game at Childress next August.

They are Jerry Richardson, Canyon quarterback; Wendell Robinson, Stamford center; Owen Morrison, Quanaa quarterback; Charles Helmter, Stamford halfback; and Thomas Wesley Callahan, Hobart, Okla., halfback.

Teen Tickets Cheap

DALLAS (UPI) — Football fans will be able to see the Dallas Texans play this fall for as little as 90 cents—provided they are teen-agers.

End zone tickets will be sold to teen-agers at 90 cents and to adults for \$2. Texas general manager Don Roel announced Monday. Reserved seats will sell for \$4.

'Gunsmoke' Owes Long Hold On Public To Team Concept

By VERNON SCOTT
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—Milburn Stone, the dotty old doctor in the "Gunsmoke" TV series, joins Dennis Weaver (Chester) to all but push Jim (Marshal Dillon) Arness out of the program this week.

Saturday night Stone and Weaver have the show pretty much to themselves when "Doc" gets shot and Chester, the dim-witted deputy, operates on him to save his life.

Stone, who could be prejudiced, thinks much of "Gunsmoke's" success is due to the supporting players.

"Jim Arness is wonderful in his role," he said. "But I think we add a great deal of interest for the viewers. When I say we, I mean myself, Dennis and Amanda Blake, who plays Kitty.

"We're sort of a family, and viewers have come to appreciate the subtle little relationships among us.

"In my opinion, Dennis is the best young actor I've ever known. He has the keenest analytical mind in the business. He's got the role of Chester down so well, it is the only 'pure' performance on TV."

Chester. They're deep and abiding friends, but the only way they know how to show it is by needing one another."

NEW YORK — Gen. Douglas MacArthur, leaving Lenox Hill Hospital after more than two months of treatment and an operation for removal of an enlarged prostate gland:

"I feel very much like a modern-day Lazarus, whose resurrection is due to the extraordinary skill of Dr. (George W.) Slaughter and his assistants."

LONDON — Hard-drinking Irish playwright Brendan Behan, vowing he will stick to mineral water when he gets out of the hospital next week:

"I'm not dying. But I am on the wagon."

FREEHOLD, N. J. — Attorney Edward A. Costigan, stating he decided against asking Louis Armstrong to play the trumpet in court to back up his case against an ordinance restricting jazz in taverns:

"I might put on a good show and lose the case."

Customer Better Served By Modern Brokerage Houses

FINANCIAL REVIEW
By LEROY POPE

NEW YORK (UPI)—Buying and selling stocks for the public is getting to be a business for costly machines—and human specialists.

The physical plant operated today by a big national house like Walston and Co., for example, is a multi-million dollar electronic fairland—backed up by 70 expensive air-conditioned offices stretching from coast to coast.

"Big Brokerage companies—these could not exist without electronic machines," concedes Emmett Eaton, Walston assistant vice-president.

Back in the 1870s, that prominent Wall Streeteer, Clarence Day of "Life with Father," got along with one ticker and one telephone—which he seldom used because he didn't like it. Even in the great bull market of 1929, broker-

Nikita Ends French Visit Optimistic

PARIS (UPI)—Soviet Premier Nikita S. Khrushchev Saturday wound up a visit to France that left him with "increased optimism" for the success of the forthcoming East-West summit conference. But he made it plain success would come only on Russian terms.

The Soviet premier discussed his two days of talks with French President Charles de Gaulle and his tour of France at an 80-minute news conference held after French and Soviet officials signed two accords providing for Franco-Soviet scientific cooperation and exchanges in the field of peaceful atomic energy.

A final communique was to be issued before Khrushchev, his wife and three daughters fly home to Moscow Sunday morning. Presumably the premier would report to the Russian people on his tour, as he did on his return from the United States last October.

Khrushchev, ebullient and blunt, said he got along well with the frosty, reserved De Gaulle.

"We did our best to understand each other and I think we succeeded," he said.

De Gaulle accepted an invitation to visit Russia next fall, it was announced.

Communist Youth Rally For Havana

HAVANA (UPI)—A week-long Communist youth rally opens before the television cameras in Havana tonight with delegates from Russia, Red China and other satellite nations invited to present their views on world politics to the Cuban public.

The rally, to which a total of about 20 nations were invited, is sponsored by Cuba's National Congress of Socialist Youth and is the biggest such Communist gathering to be held in this country in recent years.

Premier Fidel Castro and his top revolutionary aides were expected to put in appearances at the meeting, which will kick off other mass Communist functions in Cuba in the next few months, including a massive May Day parade and a possible "Latin American youth congress" in July.

Tonight's program, starting at 8 p.m. at the Estrada Palma theater, will feature among other speakers Piero Pieralli, president of the World Federation of Democratic Youth—which claims affiliates in 87 nations.

Although no definite program was published for the rally, it was expected to be used as a springboard for continuing Cuban attacks against the United States.

In a display of anti-U.S. feeling Sunday, the mayor of Santiago, one of the centers of Castro's guerrilla war against former President Fulgencio Batista, deleted American names and titles from prominent streets and parks.

Freedom Award For Bob Hope

HOLLYWOOD (UPI)—Comedian Bob Hope, who tonight acts as master of ceremonies of the annual Academy Awards show, today received the Freedom Award from the Freedom Foundation at Valley Forge.

The award was presented to Hope "not for any accomplishments as an entertainer, but for his overall stature, as an exemplary American citizen—a man of patriotism, loyalty, faith, courage and talent," said Don Belding, chairman of the foundation's board of trustees.

When a spoonful means the cup!

The Mobilgas Economy Run ends tomorrow and just that much fuel can separate winner from runner-up

Tomorrow's the big day. The new cars entered in the 1960 Mobilgas Economy Run will finish the 2,000-mile classic in Minneapolis. Then you — your neighbor — and every other car owner will find out what kind of gas mileage new cars can deliver with Mobil — The New Car Gasoline. It should be a close contest. Just a spoonful of gasoline may mean the difference between a champion's cup and a loser's lament.

But most important, it will give you an accurate miles-per-gallon mark to shoot at. Because these are cars just like yours — driven by people just like you, and put through all the driving conditions you'd encounter in a full year. It's demonstrable proof that Mobil, the New Car Gasoline, is designed to give you more power, more gasoline mileage in every spoonful. Try it. You'll find you're Miles Ahead with Mobil!
