Senate Leaders Map Fight Against Nation-Wide Gasoline Rationing

WASHINGTON, May 28 (AP)—Nineteen senators, organizing to fight expansion of gasoline rationing areas, voted today to ask Donald M. Nelson, war production chief, to conduct a public hearing before any move is made to order nationwide curtailment of motor fuel sales.

Senator Connally (D-Tex), who acted as leader of the group, said he and Senator Thomas (D-Okl.) would lay the request for a hearing

before Nelson, Petroleum Coordinator Ickes and Price Administrator Leon Henderson.

Thomas said the governors of oil producing states, most of whose production has been curtailed because storage tanks are full, would be invited to appear at any hearing that might be held. Oil company representatives and citizens also would be asked to testify, he said.

There was unanimity of opinion among those present at today's informal session, Connally reported, that there was no value in reasoning for rationing sales of gasoline except in restricted areas where transportation is overtaxed. Seventeen eastern seaboard states now are in the rationing area.

Besides Connally and Thomas, those who joined in the protest move included Senators Johnson (R-Calif.), O'Daniel (D-Tex), Ellen-

dar (D-La.), Chavez (D-NM), Hatch (D-NM), Spencer (D-Ark.) and Doney (D-Miss.).

Extension of the rationing area to include all of the United States has been considered as a measure to conserve rubber and Secretary of the Interior Ickes indicated in a letter to Senator George (D-Ga.) that a definite decision already had been made on the question.

"President Roosevelt has announced that gasoline rationing soon will be extended to all parts of the country," Ickes wrote George in explaining why Georgia could not be excluded from the presently-rationed area.

"President Roosevelt said at his press conference Tuesday that measures would have to be taken to conserve rubber, but did not specify what method would be used."

"This decision was not made because of a shortage in petroleum supplies," Ickes' letter continued, "but because of the necessity to conserve tires. The initial curtailment, due to deficiencies in means of transportation for petroleum products, had been applied only to the regions formerly served by tankers no longer available."

A house committee was informed by Secretary of Commerce Jesse Jones yesterday that the government soon would announce a program to purchase and reclaim scrap rubber. He said several federal agencies, including the Reconstruction Finance Corporation, were working on a plan to make use of the 600,000 to 1,000,000 tons of scrap rubber now in the country.

In another move to obtain synthetic rubber, the War Production Board said hard liquor production would be cut 90 per cent by the end of the year in order that distilleries may turn out industrial alcohol, to be used in making the synthetic product. Enough beverage liquor is in store to last several years.

Whatever the reason for the proposed gasoline rationing, Connally said it was going to be difficult to explain to the people of states where storage tanks are brimming why they could not have all the fuel they wanted.

"Connally said he was not convinced that any appreciable saving in tires could be effected."

"If people put their cars up in the garages, the cars are going to deteriorate and the tires are going to rot," Thomas declared. "They need those cars to carry on their business and with plenty of gasoline on hand, there is no reason why they should not be driving them."

Half Of June Oil Quota For Texas Fixed

Railroad Commission Fixes 1,200,000 Barrels As Allowable

AUSTIN, May 28 (AP)—The Texas railroad commission today authorized average daily allowable production of 1,200,000 barrels of crude oil for the first 15 days of June.

The commission decreased 10 producing days for the half-month order whose average permissible flow was 120,000 barrels daily greater than the 1,058,000 certification of the office of petroleum coordinator.

Commissioners Jerry Sadler and Olin Culberson who signed the order said it considered only crude oil and did not include other petroleum liquids which currently are produced at the rate of about 120,000 barrels a day.

Sadler announced further that he would go to Washington for a conference with O.P.C. officials on future producing plans.

The 15-day order, he explained, would give the regulatory agency time to study its effects on the marketing situation.

The 1,200,000 barrel permissible Culberson declared, was in line with firm nominations made by purchasers at a statewide promotion hearing last Tuesday.

"The allowable will fill all pipelines, take care of idle tank cars and meet all firm contracts," Sadler added.

Previously Sadler had asked the O.P.C. to revise upwards its estimate of June demand in Texas which Sadler said was insufficient to meet war needs.

The overall allowable for petroleum liquids from the state's 90,000-cdd wells was 1,374,475 barrels daily that Saturday. Deduction of 120,000 barrels of condensate and casinghead gasoline would leave an average flow of 1,254,475 barrels of crude.

Sadler said basic schedules for districts and fields under the 15-day June order could not be determined finally before Saturday.

The commissioner explained he had been invited by R. E. Allen, assistant deputy petroleum coordinator, to confer on the Texas oil situation, particularly with reference to casinghead gasoline and condensate, other war products.

Gen. Somervell Says - - US Ready For New Front In Europe

LONDON, May 28 (AP) — Lieut. Gen. Brehon B. Somervell, general commanding the United States army service of supply, asserted today that the United States stands ready to supply "men and materials on a large scale to a European battlefield" despite large commitments in Australia and India.

He said these movements of men and supplies could be accomplished despite the shipping shortage, and added that one of his main tasks in Britain would be to carry out "standardization of British and American

fighting equipment to the limit."

General Somervell, here with other high officers of the United States army and navy, said American troops likely would be using British equipment on some scale, both in the air and on the ground.

Replying to questions about American production, he said "it will reach its peak this fall."

"The whole armament program is ahead of schedule—particularly tanks," he added.

He said he had been conferring with the admiralty, air ministry and war office as well as with British supply services.

Japanese Claim Capture Of Capital Of Chekiang

STUDY TODAY'S PROBLEMS, '42 CLASS TOLD

Honest understanding of today's problems was urged upon members of the 1942 graduating class Wednesday evening by Dr. C. L. Weissman, Dallas, SMU professor of education, in an address that highlighted the first commencement program of the Big Spring high school.

Grover Cunningham, Jr., student speaker, developed similar philosophy from the point of the local schools. This same lad, who broke into most honor groups except those restricted to girls, was revealed as high ranking boy, a member of the national honor society and winner of the Bausch & Lomb science award.

Mardene Hill was the high ranking girl and Sybil Oliver was announced as winner of the AAUW \$25 scholarship to be used if and when she goes to college. Verna Jo Stevens was named alternate for the award posted by university women to encourage college attendance.

Dr. Weissman felt that a wholesome altruistic attitude should be encouraged in this country because of our comforts, culture, accomplishments, etc. and because the world will need all the moral, mental and spiritual help that the United States will be able to give.

That this attitude may be properly applied, a real understanding of current problems is necessary, he said, else there will be faulty snap judgment and foolish jumping at conclusions.

Young Cunningham traced the adjustment of local schools to the program of victory and then peace, citing inclusion of the welding and sheet metal courses in the school, and the new importance placed on patriotic instruction. The job of schools, he said, was to instill into students a desire to see that justice should prevail among nations as well as individuals.

Besides the high ranking students, honor society members announced were Cornelia Fraser, C. A. Smith, Josephine Boggs, Calvin Boykin, Jr., Virginia Douglass, Charles Harrell, Dorothy Hayward, David Massey, Bernard Huett Paul Kasch, Dean Miller, Betty Newton, Robbie Piner, Frank Sholte, Travis Smith, Verna Jo Stevens, Hayes Stripling, Louis Thompson, and Billy Yater.

Diversified occupations certificates went to Joe Altman, Sam L. Burns, John Nobles, Ernest Greer, David Smith, John Martin Hill, and one to Claude Stewart, Jr. in absentia.

Cornelia Fraser sang and professional and recessional were played by Betty Farrar and Wanda Don Reece. Diplomats were presented by Board Member Ira Thurman, J. A. Coffey announced awards.

Others receiving diplomas were James Tidwell, Joe Altman, El Alexander, Nannie Joe Allen, Dwayne Atkins, Rosaline Balch, Lorena Bostick, Debra Bradford, Lorena Brooks, Dorothy Broughton, Myrtle Bunker, Sam Burns, Norma Burrell, Anna Carnes, Dominga Castillo, Lucille Cathey, and See SENIORS, Page 5, Column 2

Chinese Do Not Admit To Land Losses

CHUNGKING, May 28 (AP)—The bitterly contested city of Kinkwa in Chekiang province still is in Chinese hands after the failure of attacks by heavily reinforced Japanese columns, the Chinese high command announced tonight.

By The Associated Press

Japanese headquarters asserted today that Japanese troops, claiming a 200-mile advance in 10 days, had captured China's "gold flower" City of Kinkwa, capital of the eastern seaboard province of Chekiang, and thereby cut off one of Generalissimo Chiang Kai-Shek's vital supply routes.

Chekiang province is strategically important as a potential springboard for an Allied offensive against Japan.

Chinese dispatches failed to confirm the Japanese claim. They asserted that Chinese defenders firmly entrenched on the outskirts of Kinkwa were holding their ground at last reports, but admitted that the city was in grave danger.

A Chinese communique last night said a fierce battle was raging around the city after two heavy assaults had been beaten off and more than 1,500 Japanese had been killed by land mines alone.

Japanese field headquarters said Japanese soldiers completed occupation of the capital at 7 a. m. today.

Kinkwa lies 200 airplane miles southwest of Shanghai and 800 miles east of Chungking, China's war-time capital.

A Japanese army spokesman said that more than 300,000 Chinese had been concentrated in the Chekiang theatre and that the fall of Kinkwa meant the military collapse of the zone.

Far across China, in the southwest, Chinese dispatches reported that Chinese troops had flung Japanese invasion columns into headlong retreat and encircled the enemy at Lungling, Burma road town west of the Salween river, after recapturing two towns south of Lungling.

While Chinese and American "Flying Tiger" airmen bomber and machine-gunned the enemy, Chinese ground troops inflicted "staggering losses" on the enemy in the Tengchong area, 40 miles northwest of Lungling, dispatches said.

US DESTROYER MAKES PORT AFTER BATTLE

ST. LUCIA, British West Indies, May 27 (Delayed) (AP)—The United States destroyer Blakeley reached here tonight after coming safely through an attack by a wolf pack of axis submarines which precipitated a naval battle.

The Blakeley, crippled by a torpedo in a first submarine attack off Martinique Monday, was making the 20-mile run from Fort de France, where she put in Monday, to this island under her own power when the enemy attacked.

The detailed outcome of this battle, other than the Blakeley's escape, has not been disclosed.

It was indicated, however, that one or more German submarines had been destroyed by United States planes, but whether in this encounter or in earlier operations following the first attack on the Blakeley was not made clear.

Naval authorities have been aware that a submarine wolf pack was operating in this area; hence the multiple attack on the Blakeley was no surprise.

This made it impossible to identify any submarine destroyed as the one which made the first attack Monday, when a torpedo launched from within French territorial waters off Martinique crippled the destroyer, on regular patrol duty off the French island.

The Blakeley is known to have suffered loss of six men killed and 13 wounded (but the dispatch did not make clear whether in Monday's attack or the second one).

Water-Sewer Line Extension Near

Only a clearance signal from the state health department stood in the way today of launching operations on the city-WPA water and sewer line extension project to the U. S. Army Flying school site.

Following presidential approval of the blanket project in Washington last week, the specific project has been approved at the state WPA office in San Antonio. When the state health department gives its routine approval, work may start, said B. J. McDaniel, city manager.

Six Negroes Killed In Truck Collision

BELOIT, May 28 (AP)—Six Negro defense workers were killed today when the truck carrying them and 20 other negroes to Camp Hood near Killen crashed with an empty gravel truck.

Another negro was critically injured.

Highway Patrolman J. C. Paulk said the bed of the gravel truck struck the other truck, dragging the negroes off.

Texas Muskrats Aid In War Production

AUSTIN, May 28 (AP)—Consider the muskrat's contribution to the war effort: He is a pest.

The state game, fish and oyster department points to the fact that without furbearing animals operation of high altitude bombers would be difficult if not impossible.

The army and navy use pelts of furbearing animals, including the muskrat, in the manufacture of flying suits for sub-zero altitudes, a fact that should lend emphasis to conservation of the fur bearers.

Under general law in Texas trapping is permitted only in December and January but there are many special county laws on the subject trappers should consult.

Muskrats are found in abundance in the marshes of East and Southeast Texas.

War Workers Will Be 'Frozen' In Jobs

WASHINGTON, May 28 (AP)—Hundreds of thousands of essential workers are forbidden to change jobs in war industries under government orders being drawn up today to stop "pirating" of skilled men by rival manufacturers.

Orders being prepared by the war manpower commission for immediate issuance make the United States Employment Service the "sole hiring agency for critical skills in critical areas." The effect will be to prevent workers from changing from one plant to another without approval of the government agency.

A spokesman for the manpower commission said labor "pirating" through offers of higher pay had become so widespread, especially in aircraft industry, that it interfered with war production.

Pension Raise Is Voted Veterans

WASHINGTON, May 28 (AP)—The senate finance committee today approved a bill to increase to \$40 a month the existing compensation of \$30 paid veterans of the first World war with non-service-connected permanent and total disabilities.

It rejected, however, a proposed \$40 pension for all veterans of that conflict on becoming 65 years of age.

No. 2 Sugar Stamp Expires Saturday

Eousewives, that No. 2 sugar stamp will be valueless after Saturday midnight.

The local ration board reminded today that the two-week period for using of No. 2 stamps expires then. The No. 2 stamp may be used anytime during the following two weeks.

Farmer Josh Lee Banned From Ballot

OKLAHOMA CITY, May 28 (AP)—The name of but one Josh Lee will appear on the ballot for the Oklahoma primary election and it will be that of the incumbent United States senator.

The state election board yesterday erased the name of the other Josh Lee, a 48-year-old farmer who had filed as a rival to the senator for the democratic nomination.

Senator Lee challenged Farmer Josh Lee's candidacy on the ground that it was meant to divert votes from himself and that it impaired the integrity of the ballot.

An Oklahoma law permits the election board to eliminate any filing for office which it finds to be "trivious, fraudulent or not in good faith."

Old-Time Midland Cattlemen Dies

MIDLAND, May 28 (AP)—Midland Spence Jewell, who introduced the rodeo to South America, will be buried today.

Jewell, 68, an old-time cattleman, died here yesterday. In 1903 he took a group of western ropers, riders and bulldozers to Buenos Aires, Argentina and Montevideo, Uruguay.

HARRYMORE BETTER

HOLLYWOOD, May 28 (AP)—John Barrymore rallied slightly this morning as stimulants spurred his tiring heart, but the condition of the veteran stage, screen and radio star remained "very critical."

Mexicans Gather To Vote War

MEXICO CITY, May 28 (AP)—President Manuel Avila Camacho called upon an emergency session of congress today to declare Mexico at war with the axis—the first declaration of war in her history—and place the nation immediately upon a fighting footing.

In a chamber of deputies alternately gravely silent, then ringing with the tumultuous cheers of "viva Mexico," the president pledged all the resources of the nation to "collaborate energetically in saving America."

His appeal to the congress and by radio to the nation declared that Mexican neutrality had been violated wantonly by the torpedoing two weeks ago of the Mexican ships Potrero del Llano and Faja de Oro.

An ovation of several minutes interrupted Avila Camacho when he said the "disloyal, sneaking and cowardly attacks" had decided his government to "accept valiantly the realities" of the world situation and ask for a declaration of war against Germany, Italy and Japan.

The attitude of the congress was revealed quickly by Emilio Gutierrez Roldan, president of the chamber of deputies and presiding officer of the joint session of the two houses.

"We shall give all the support necessary to our government regardless of sacrifices and privations to make safe the honor of our fatherland," he declared in response to the president.

Stimson Says Air Raid On US Inevitable

WASHINGTON, May 28 (AP)—Secretary Stimson said today the war department considered a Japanese air raid on the United States to be inevitable as a return blow for Brigadier General James H. Doolittle's attack on Tokyo and other Japanese cities.

The secretary told his press conference the army was doing everything possible to meet the expected attack, which he indicated was anticipated on the west coast.

"Whatever happens, we shall relax our most effective defense—our preparations for a major offensive," he said.

Stimson also told a questioner that despite the great distance the east coast lies from Japan, an attack on the national capital was "not inconceivable." He did not discuss the possibility of attacks by Japan's axis partners.

"The United States, through General Doolittle, inflicted a stinging, humiliating, surprise blow on the Japanese as evidenced by their boasting of Japan's invulnerability at the very time the bombers came over," the secretary said.

Italian Story On Battleship Loss Punctured

RECIFE, Brazil, May 28 (AP)—The arrival of the Argentine steamer Rio Iguazu today with 82 survivors of the torpedoed British ship Barredale knocked one of the principal props from under the week-old Italian claim to have torpedoed and sunk a United States battleship of the Maryland class.

The Rome radio for several days had been broadcasting statements that the survivors picked up by the Rio Iguazu were from the United States battleship.

It was disclosed here that the Barredale, attacked May 17 450 miles off Martinique, sank within four minutes after a torpedo exploded in her engine room. The crew was picked up from two lifeboats the next day.

The survivors were identified by a maritime police inspector after the Rio Iguazu anchored in the harbor here and was boarded by officials.

Gen. Somervell In London

Submarines Get More Jap Ships

WASHINGTON, May 28 (AP)—The Navy announced today that U.S. submarines in the Western Pacific have sunk two Japanese ships, probably sunk a third, and damaged a fourth, the latter a heavy cruiser.

The latest report on American undersea activities was given out in a Navy communique, No. 82, based on reports up to 1 p. m., today, which said:

"Far East:

"1. Information has been received that U. S. submarines operating in the Far East have sunk or damaged enemy ships as shown below:

"(A) One large auxiliary ship sunk.

"(B) One medium-sized cargo ship sunk.

"(C) One medium-sized cargo ship severely damaged and probably sunk.

"(D) One heavy cruiser damaged by torpedo hit.

"2. These actions have not been announced in any previous navy department communique and are not related to the engagement in the Coral sea which was fought earlier this month.

"3. There is nothing to report from other areas."

These submarine actions, naval officials said, were presumed not to duplicate in any part a report issued at allied headquarters in Australia several days ago in which several successful attacks by American undersea craft were disclosed.

Today's navy announcement raised the announced American submarine bag of Japanese ships to 44 vessels sunk, 18 probably sunk and 12 damaged.

Farmer Josh Lee Banned From Ballot

OKLAHOMA CITY, May 28 (AP)—The name of but one Josh Lee will appear on the ballot for the Oklahoma primary election and it will be that of the incumbent United States senator.

The state election board yesterday erased the name of the other Josh Lee, a 48-year-old farmer who had filed as a rival to the senator for the democratic nomination.

Senator Lee challenged Farmer Josh Lee's candidacy on the ground that it was meant to divert votes from himself and that it impaired the integrity of the ballot.

An Oklahoma law permits the election board to eliminate any filing for office which it finds to be "trivious, fraudulent or not in good faith."

Old-Time Midland Cattlemen Dies

MIDLAND, May 28 (AP)—Midland Spence Jewell, who introduced the rodeo to South America, will be buried today.

Jewell, 68, an old-time cattleman, died here yesterday. In 1903 he took a group of western ropers, riders and bulldozers to Buenos Aires, Argentina and Montevideo, Uruguay.

HARRYMORE BETTER

HOLLYWOOD, May 28 (AP)—John Barrymore rallied slightly this morning as stimulants spurred his tiring heart, but the condition of the veteran stage, screen and radio star remained "very critical."

Submarines Get More Jap Ships

WASHINGTON, May 28 (AP)—The Navy announced today that U.S. submarines in the Western Pacific have sunk two Japanese ships, probably sunk a third, and damaged a fourth, the latter a heavy cruiser.

The latest report on American undersea activities was given out in a Navy communique, No. 82, based on reports up to 1 p. m., today, which said:

"Far East:

"1. Information has been received that U. S. submarines operating in the Far East have sunk or damaged enemy ships as shown below:

"(A) One large auxiliary ship sunk.

"(B) One medium-sized cargo ship sunk.

"(C) One medium-sized cargo ship severely damaged and probably sunk.

"(D) One heavy cruiser damaged by torpedo hit.

"2. These actions have not been announced in any previous navy department communique and are not related to the engagement in the Coral sea which was fought earlier this month.

"3. There is nothing to report from other areas."

These submarine actions, naval officials said, were presumed not to duplicate in any part a report issued at allied headquarters in Australia several days ago in which several successful attacks by American undersea craft were disclosed.

Today's navy announcement raised the announced American submarine bag of Japanese ships to 44 vessels sunk, 18 probably sunk and 12 damaged.

Farmer Josh Lee Banned From Ballot

OKLAHOMA CITY, May 28 (AP)—The name of but one Josh Lee will appear on the ballot for the Oklahoma primary election and it will be that of the incumbent United States senator.

The state election board yesterday erased the name of the other Josh Lee, a 48-year-old farmer who had filed as a rival to the senator for the democratic nomination.

Senator Lee challenged Farmer Josh Lee's candidacy on the ground that it was meant to divert votes from himself and that it impaired the integrity of the ballot.

An Oklahoma law permits the election board to eliminate any filing for office which it finds to be "trivious, fraudulent or not in good faith."

BIG SPRING BUSINESS and PROFESSIONAL ACTIVITIES

THESE FIRMS AND INDIVIDUALS OFFER HIGHEST TYPE SERVICE AND VALUES

Quality Work Brings Increased Patronage For Modern Cleaners

Increasing patronage over a 14-year span of service in Big Spring stands back of Modern Cleaners, 303 E. 3rd street, in its bid for cleaning and pressing business. Operated by M. M. Mancill, Modern Cleaners has been maintained in the same location since it first opened for business. However, the intervening years have seen more and more modern equipment added to replace other machinery, until long since the shop has had the best implements

for quality cleaning possible. As always, the chief service of Modern Cleaners is general dry cleaning service—for any type of garment from men's rugged coats to delicate gowns of mink. Whether it be in cleaning and pressing a suit, cleaning a tie, or handling an intricate pressing job, the firm insists on quality workmanship. Many of the staff of six have been with Mancill for years, and all have long records of experience

in the business. Other services offered by Modern Cleaners are hat blocking, alterations, reconditioning and expert patching, and a cold storage unit for fur coat storage during summer months when moths are apt to make a meal of costly wraps at home. Modern Cleaners offer delivery service at all times, and also has special arrangements for cash and carry work.

To Experiment In Making Gasoline From Coal, Shale

WASHINGTON, May 25 (AP)—Production of gasoline from coal and shale will be attempted by the Bureau of Mines if congress approves requests for experimental funds in the \$162,167,000 interior appropriations bill. Citing available coal supplies in this area, some members of the Senate appropriations committee said that if an economical process of extracting gasoline could be developed it might go a long way toward relieving the shortage in the East.

Secretary of the Interior Ickes, testifying in connection with the appropriations bill, told committee members recently that this country eventually might find itself the only source of oil for the United Nations and urged a study of the coal and shale processes. "Of course," Ickes told the committee, "we have enough oil now but we do not know when we are going to be forced to resort to coal and shale for synthetic gasoline. Whether we ought to use it now or not, we ought to know where we can get an augmented supply when we need it, and we do not know. All through this thing we have always been too little, too late."

SUMMER is coming up, and it won't be long until more and more folks will be taking advantage of the special insect and dust proof storage at Modern Cleaners, a firm that specializes in care of costly wraps. Furs are first cleaned and put in top

shape for a summer season in the firm's cold storage box. In the autumn, they are retouched and returned to the customer looking lovelier than ever. (Kelsey Photo).

Hair Styling Specialty Of Settles Shop

Hair styling and permanent waving are specialties of the Settles beauty shop in the Settles hotel and Mrs. Ina McGowan, owner and manager, who has had 12 years of experience in the business. Mrs. McGowan came to Big Spring in 1930 and started work as an operator in the shop that was then located on the mezzanine of the hotel. Later she went to work at the Crawford hotel beauty shop and stayed there for seven years. Just last March she went back to the Settles shop which is now located on the main floor and this time she decided to buy and manage the shop herself.

Known to most of her patrons as "Smitty," Mrs. McGowan names her clientele from all over town and from old residents to newcomers to town. Five operators and Mrs. McGowan are kept busy during the day filling appointments. An extra service for working girls is also provided by the shop. Whenever it is impossible for a working woman to make an appointment during the day, the operators give up their evenings and stay late to accommodate these busy souls. The shop has two permanent waving machines including the new Koolerwave machineless type that has made Victory bobs popular. Six dryers take care of those getting hair sets and the manicuring tables and other beauty services are always in operation.

In addition to hair styling and permanent waving, the shop specializes in hair tinting and other services that help make beauty a reality for many women.

Now Is Time To Fertilize Lawns

Most lawns in Big Spring need fertilizing, says J. O. Vineyard, Sr., manager of Vineyard Nursery, and now is a good time to do that work. Vineyard observed that many local householders are spreading sand on their lawns at this time, and remarked that this in many cases is the wrong thing to do. Well-rotted manure could be applied with better results.

Mr. Vineyard has had 35 years experience in the nursery business, and knows just what is needed to make a sick lawn grow. At this season he is specializing in lawn work. Now is also a good time for boxing hedges, he points out.

The Vineyard nursery was established here last December, Mr. Vineyard coming here from Amarillo. His business has received such an enthusiastic welcome that he has kept three men busy helping him in landscaping work most of the spring. He can do any kind of landscaping, and has a healthy and growing stock of 25 different kinds of shrubs on hand.

AMBULANCES FOR PUERTO RICO SAN JUAN—A corps of 50 ambulances for civilian defense will be acquired by Gov. Rexford Guy Taylor's committee with \$100,000 appropriated from the insular emergency fund.

Broadening Of Lease-Lend Means Giant Pool Of War Resources

Women Throng Recruiting Offices To Get In WAAC

By The Associated Press
The Women's Army Auxiliary Corps, which is going to take just 400 officers from over the whole nation, could get that many in Texas and still be particular.
Five hundred applied at Houston yesterday, the first day application blanks were available. Twenty-two women were waiting when the office opened, and there was a line in front of the desk all day.

Two hundred put in their bids at Dallas. The office was jammed in the morning, and business was brisk all day. Among the applicants were housewives, teachers, models, clerks, stenographers, factory workers, a cafe owner, soda girls, carhops and debutantes.
Many applicants said they had sons in the armed services.
A hundred applied at Fort Worth and 50 more telephoned, only to learn that blanks had not been received.
Three hundred filled out questionnaires at the San Antonio office.
Women who are not selected as officers will have an opportunity later to serve as privates in the WAAC.

Higher Prices In Livestock Sale

Prices were up slightly and offerings were of high quality at the Big Spring Livestock auction Wednesday, resulting in an above-average gross sale of \$27,500 for the 550 head of cattle sold.
Fed cows brought up to \$25; canners and cutters 5.00 to 7.50; fat steers 11.00 to 12.25; and stockers, 12.00 to 13.50.

Russian Pact Is Like That With Britain

WASHINGTON, May 28 (AP)—A gigantic pooling of economic resources on a worldwide scale, first for the winning of the war and later for the winning of the peace, is indicated in a lease-lend agreement consummated in process of negotiation between the United States and more than a score of anti-axis countries.
The broad principles of lease-lend assistance and cooperation in the achievement of victory and establishment of a healthy world economy after the war were laid down in the agreement, signed last February by Great Britain and the United States.
Tuesday the draft proposal for a similar agreement with Soviet Russia was handed to Ambassador Maxim Litvinov by Secretary of State Hull, and yesterday the draft of a proposed lease-lend pact with China was transmitted to Chungking through Foreign Minister T. V. Soong, who is in Washington.

In discussing the proposals offered Russia and China, Secretary Hull told his press conference that the provisions generally were the same as those already entered into with Britain.
The agreement with Britain provides, among other things, that the precise and detailed terms of settlement of lease-lend accounts shall be deferred "until the extent of the defense aid is known"; that full account shall be taken of all aid rendered to the United States, as well as aid rendered by the United States, and that the final terms and conditions of settlement shall be such as to promote world trade rather than hinder it.
Lease-lend aid in the form of ships, planes, tanks, guns and other materials already is flowing to Russia and China as well as to widely separated parts of the British empire, including the United Kingdom itself, India and Australia.

In other words the 132,000,000 people of the United States have buckled down to the job of producing and shipping weapons of war for belligerent allies aggregating more than 1,000,000,000 in population. In addition, defense materials are flowing to 16 American republics with which the United States has signed lease-lend agreements.
Lease-lend aid, as interpreted in the master agreement signed with Britain, is on a reciprocal basis.
In this connection it is significant to recall that President Roosevelt some time ago remarked that the value of United States aid to Soviet Russia could be measured in German troops killed and tanks destroyed.

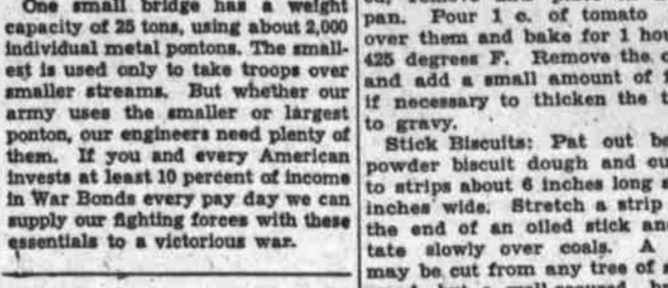

In other words, resources of all kinds are being pooled in the common war effort: American tanks and Russian soldiers, American planes and British pilots, American guns and Chinese gunners.
In the final settlement of lease-lend accounts, therefore, less emphasis is likely to be placed on obtaining a bookkeeper's balance than on cooperative measures to get world economy on its feet again.

Nutrition Students Suggest Recipes That Are Low In Cost

This week's menus by Jackie Cecilia Hampton of Clyde and Elizabeth Heath of Austin, advanced students in nutrition, were made and tested under the supervision of Dr. Ruth Leslie, University of Texas department of home economics. This dietary includes some simple outdoor cookery. Since more evening daylight hours are now available, more meals should be eaten outdoors, either in the parks or in the back yard. The cost of all food material used in these menus, exclusive of costs of preparation and serving, based on current prices in Austin stores is 42 cents per person.
Recipes
Mexican Beans: Ingredients: 1 c. pinto beans; 1 med. onion, 2 T. fat; 2 t. chili powder, salt and pepper as desired. Method: Cook beans in salted water until tender (about three hours, without soaking). Put fat in a skillet and add thin slices of onion and fry slowly until the onions are a light brown. Add beans in small portions, and continue the slow frying until all are well heated. Add chili powder, salt and pepper, and bean juice to suit your taste.
Vanilla Ice Cream: Ingredients: 4 eggs beaten, 2 c. whole milk, 1-2 c. sugar, and 2 t. vanilla. Method: Scald milk in double boiler and add sugar. Stir in small amounts into eggs and cook 2 minutes in double boiler, stirring constantly. Chill; add vanilla and freeze. The ice should be finely cracked and used in the proportions of 5 parts ice to one part ice cream salt. After the mixture is frozen, it is packed in 3 parts ice and 1 part salt.
Baked Pork Chops with Tomato Sauce: Ingredients: 6 pork chops, 1 c. tomato juice, 2 T. flour, salt and pepper. (Chopped onion, green pepper, and celery may be added if desired.) Method: Dredge the chops in seasoned flour and brown on top of the stove. When browned, remove and place in a flat pan. Pour 1 c. of tomato juice over them and bake for 1 hour at 425 degrees F. Remove the chops and add a small amount of flour, if necessary to thicken the tomato gravy.
Stick Biscuits: Pat out baking powder biscuit dough and cut into strips about 6 inches long and 2 inches wide. Stretch a strip over the end of an oiled stick and rotate slowly over coals. A stick may be cut from any tree of sweet wood, but a well-scoured broomstick is best for cooking the biscuits. When thoroughly baked, the biscuits slip easily from the stick. The center may be filled with cheese strips or stewed fruit.

What You Buy With WAR BONDS

Our army spells and pronounces it "pon-ton", not "pon-ton", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridging individual metal pontons is pictured here. The largest ponton bridge is 1,000 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 percent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

Five Share In County Orders

Five local oil distributors will share in Howard county's purchases of grease and lubricants for the coming year, by order of the commissioners court after competitive bids were examined.
Commissioners said the lowest bid was not accepted in each case, but that the bids accepted were the lowest for each comparable quality of oil.
For motor lubricating oil, the contract went to T-P Coal and Oil company for its T-P Aero oil, at 82 cents per gallon.
Humble bid 40 cents per gallon to get the transmission grease contract.
Continental will sell the county chassis lubricant at 10 cents per pound and hypoid grease at 10 and 3-4 cents per pound.
Track roller grease for the caterpillars will be bought from Magnolia at 7 1-2 cents per pound. Diesel engine lubricant will be bought from the Texas company at 45 cents per gallon.

O'Daniel Files For A Place On Ticket

DALLAS, May 27 (AP)—Senator W. Lee O'Daniel yesterday applied for a place on the democratic primary ticket, sending his application and \$100 filing fee to State Democratic Committee Chairman E. B. Germany.
Dan Moody and James V. Allred, both, like O'Daniel, former governors, have also filed as senatorial candidates.
W. W. King of Bronson filed as a candidate for commissioner of agriculture and paid his fee.
Labor Payroll Still Rising
COLUMBUS, O.—Industrial payrolls in Ohio were up 37 per cent in March over the same month a year ago, and rose two per cent over February this year.
A temple near Kunming, the capital of Yunnan province, China, is made entirely of bronze.

Use Of Bonuses To Evade Taxes Under Close Scrutiny

WASHINGTON, May 28 (AP)—The treasury, it was learned today, will lay before a private meeting of congressional leaders tonight evidence of excessive corporate salaries and bonuses, extravagant promotion expenditures, and other devices used to evade war taxes.
At the same time, the treasury delegation, to be headed by Secretary Henry Morgenthau, Jr., and Assistant Secretary John L. Sullivan, is expected to discuss with the congressmen means of punishing evasion cases or holding down salaries through drastic enforcement of some old, little-used statutes. The congressional group will be the members of the joint house and senate committee on internal revenue taxation.
Since details were guarded, the nature of the treasury's data could only be judged from the fact that they were to be presented by Morgenthau in person at an undisclosed nocturnal meeting

From where I sit...

by Joe Marsh
Every Friday night a bunch of us fellows get together over at Bill Webster's place. We wouldn't miss those weekly get-togethers for anything.
There are seven in the group—Bill Webster, Judge Cunningham, Pete Swanson, Old Doc McGinnis the dentist, and young Doc Mitchell the M.D., the government man Bob Newcomb, and myself.
We don't play cards. We don't sing or carry on.
We just sit quietly and talk—and drink a glass or two of beer.
I guess we discuss just about everything under the sun—politics, business, family affairs, music, farming, hunting, fishing, and what not.
But mostly we like to chew the fat about life's experience and a man's philosophy in these times.
To sort of help out the conversation, we've found mellow beer particularly relaxing. Every one of us likes the tangy taste of beer... and now and then Judge Cunningham insists on ale for everybody.

MAY 1942
SUN MON TUE WED THU FRI SAT
LAST QUAR. 7TH NEW MOON 15TH 6TH QUAR. 23RD
3 4 5 8 16 22

Don't tell me there's a THIRD Thanksgiving!

CALM YOUR FEARS. All's well with Thanksgiving, even though you didn't expect to meet this bird... in the ad... until November.
The turkey is pictured here in advance of the season to dramatize the performance-facts about a great gasoline which is never in advance of the season!
Of course, as always, Phillips 66 Poly Gas is high test without higher price. But more than that, it is the right high test (volatility) for the month in which you buy and use it. Definitely changed every thirty days to match the monthly changes in temperature in your locality.
In December, Phillips 66 Poly Gas is a fast starting motor fuel. In August, it is a cooler summer gas. In May, it's right for between-season weather... always custom-tailored to deliver high mileage and peaking performance.
Scientific laboratory and field surveys prove that no other gasoline—not a single one—is so completely and accurately matched, all year 'round, to the monthly variations in your weather.
If you wonder what this means in pep and power... in zip and pick-up... find out the facts in your own motor. Try just one tankful and judge for yourself.
Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is WORLD'S LARGEST PRODUCER of Natural high test gasoline.

Phill-up with Phillips for Greater Mileage

Seniors Honored At Dance And Open House At The Country Club

Pink And Blue Shower Held In Home Here

Mrs. Lorraine Weimer entertained with a bridge party Wednesday afternoon from 2 o'clock to 5 o'clock honoring Mrs. Felton Smith, Jr. with a pink and blue shower and party in her home.

The table was laid with a scrumptious lunch and flowers, favors and refreshments carried out the pink and blue color theme.

Bingo and bridge were played and prizes won by Lorraine Lumpkins, Mrs. J. W. Campbell and Mrs. E. W. Pike.

Program For Child Study Club Given By Mrs. Tate

Money and its relation to children was discussed by Mrs. William Tate for the Child Study club in the home of Mrs. Iva Hunsy.

Mrs. J. B. Mull gave the nutrition study for the group. The next meeting was set for the ranch home of Mrs. Levin McDowell.

Mrs. Winthelmer Is Honored On Birthday By Airport Widows

A novel birthday cake was presented to Mrs. Vernon Winthelmer on her birthday anniversary when the Airport Widows met Wednesday at the Club cafe for luncheon.

Refreshments were served and others present were Mrs. Harold Bottomley, Mrs. McDowell, Mrs. Albert Collins, Mrs. John Collins, Mrs. J. E. Brigham.

Shirley Robbins Is Hostess To School Group

Senior class members were honored with an open house and dance at the Country club Wednesday evening following graduation exercises by Shirley June Robbins.

Black and gold, the school colors, were used in the decorations. Presiding at the register book was Mary Gerald Robbins.

Assisting Mrs. Shirley Robbins with the entertainment were Mrs. J. T. Brooks, Mrs. R. E. Blount, Mrs. H. W. Smith.

Students attending were Sterling Tucker, J. B. Myers, Evelyn Flint, El Alexander, Lem Nations, Frank Barton, Junior Moore, Elvora Bostick, Delbert Schulta, Hayes Stripling, Virginia Douglas, Billy Domack, Sweetie Hair, Sybil Oliver, Lois Smith, Dean Miller, Edwin Dempsey.

Mary Kay Lumpkin, C. A. Smith, Charles D. Harrell, Okey Mason, Betty Bob Dilla, Lorena Brooks, Billy Shaw, Sam Burns, Frank Sholtz, R. E. Gound, Jack Creighton, Cornelia Frazer, Paul Kaach, Peppy Blount, Helen Blount, Katherine Travis, Woffard Hardy, Jeannette Marchbanks, Cal Boykin, Robbie Piner, Jack Riggs, Howard Smith, Travis Smith, Wanda Gillian, Colleen Slaughter, Earl Burnett, Norma Rogers, Alva and Joyce Powell, Donnie Talbot, Cecil E. Ivey, Jo Eileen Wilkerson, Cecil Richardson, Alex Rogers, Billy Craven.

Baptist Union Has Business Meet And Theatre Party

FORSAK, May 28. (Spl.)—Election officers for the new quarter, the members of the Baptist Intermediate union were entertained in the home of Mrs. C. H. Tipples Tuesday evening.

Group captains chosen were Laverna Thieme and Eleanor Williams.

Marjorie Oglesby was re-elected corresponding secretary and chairman of the social committee. She will be assisted by Harold Shaw and Dot Pritchard.

The group voted that Glen Eugene Smith fill out the unexpired term of the president, Granville Pritchard.

Ice cream was made and a theatre party followed. Those attending were Virginia White, Mary Frances Cowley, Harold Shaw, Dorothy Pritchard, Laverne Thieme, Granville Pritchard, Eleanor Williams, Doris Whitley.

Mustard gas causes incapacitation by producing acute inflammation of the skin, eyes and throat.

Blue Bonnet Club Has Last Party Of The Year

A group of guests was included at the Blue Bonnet club when members met for the last session of the year in the home of Mrs. Harshel Petty Wednesday.

Mrs. R. W. Hallbrook was guest high score and Mrs. M. C. Lawrence guest bingo. Other visitors were Mrs. J. C. Smith, Mrs. C. M. Shaw and Mrs. W. M. Gags.

Garden roses and gladioli were decorations and the hostess served food refreshments.

Club high score went to Mrs. Holt Eastland and others present were Mrs. Ira Watkins, Mrs. Arthur Woodall, Mrs. J. L. Terry, Mrs. C. E. Shive, Mrs. W. D. McDonald, Mrs. Charles Koberg, Mrs. J. E. Hodges, Mrs. R. G. Hill, Mrs. E. C. Boatler, Mrs. Sam Baker.

Miss Jones Is Honored With Gift Tea

COLORADO CITY, May 28—Rainbow arrangements of summer flowers decorated the reception suite when Mrs. Farris Lipps, assisted by Mrs. S. H. Millwee, Mrs. Edgar Majors, Mrs. Sam Wulfjen, Mrs. John Tom Merritt, Mrs. Gus Chesney, Mrs. E. H. Winn and Mrs. Floyd Quinney, entertained Wednesday afternoon with a gift tea honoring Miss Pauline Jones at the Lipps home.

Miss Jones will be married next month to John Merrill Kysar of Riverside, Calif.

Silver bowls and baskets of pansies, larkspur, peonies, gypsophylla roses, cornflowers, calla lilies and pink amaryllis, were used throughout the party rooms with the living room interest centered in a huge silver basket of flowers placed on the piano and a cutglass bowl of pink amaryllis and gypsophylla decorating the registry table.

In the dining room the table was covered with a cut-work banquet cloth and was graced at the center with a low silver bowl of pink peonies, fern and gypsophylla. The buffet held calla lilies and roses. Plate favors were rainbow arrangements in corsages.

Greeting the guests during the afternoon were Mrs. Millwee, Mrs. Majors and Mrs. Wulfjen. In the receiving line were Mrs. Lipps, the honoree, her mother, Mrs. Otto Jones, Mrs. Lloyd Crosin, sister of the bride-to-be, and Mrs. James Martin.

Mrs. Chesney and Mrs. Merritt attended the bride's book, and ushering the guests to the dining room were Mrs. E. Winn and Mrs. I. L. Ellwood. Presiding over the displayed bridal shower gifts were Mrs. R. J. Wallace, Mrs. C. C. Thompson, Mrs. Oscar Majors and Mrs. O. E. Trulock.

Members of the house party who assisted in the dining room were Mrs. James Cook, Miss Joan Mills, Mrs. Wright Hock, Mrs. Walter Rankin, Mrs. Don Wallace and Mrs. W. B. McGill.

Mrs. Olive Lipps, Mrs. J. L. Pidgeon and Mrs. P. K. Mackey completed the house party. A hundred guests attended the tea.

President's Luncheon Held By Music Study Club For Mrs. Pitman

MRS. OMAR PITMAN honored

Miss Laneous Notes

By MARY WHEALEY

This month all over the country the high school graduates will stand in line for that bit of sheepskin that entitles them to say they have finished school and are ready for the world.

A small percentage of these will go on to college but to the majority, this is it. They've spent a lot of years learning English, grammar, history, and science and now they are qualified to go to work.

It's a good thing the young are so egotistical and confident, otherwise, they would probably faint from fright at the world they face. Right now there isn't a one who doesn't think he has the world by the tail and confidence in his own ability to slay the dragon with a golden sword.

Classes before this one have faced wars, rumors of wars, depression and crime. But somehow or other, this class of 1943 has even a bigger thing to face.

During their four years in high school they've seen a transition from one era to another, from peace to war that is world wide, from an economic depression to wages that are eyebrow raising.

Where boys before looked to jobs in stores, in business and in private concerns now they seek the ship yards, the airplane factories, the defense plants. Where girls looked for jobs as stenographers, typists, and waitresses, they find those and men's jobs thrust at them.

It's a cock-eyed world from any standards, this 1942, and if youth weren't born with brazen self assurance that is only knocked off through the years, we'd say pity the poor seniors. But who can pity anybody who looks at the world with a bright face and smile and chooses senior mottoes like "Forward."

Calendar Of Weeks Events

THURSDAY
BETA SIGMA PHI will meet at 8 o'clock at the Settles hotel.

FRIDAY
MODERN WOMAN'S FORUM will meet at 7 o'clock with Mrs. W. F. Cook, four miles northwest of town for a picnic.

Red Cross Classes To Begin Tuesday For Women

Two Red Cross classes in nutrition and home nursing are being organized this week and will get underway on Tuesday. Mrs. Clyde Thomas, Jr., will open a class in home nursing Tuesday at the Midway school. Hours will be from 2 o'clock to 4 o'clock Tuesday and Friday.

Lillian Jordan will instruct a nutrition class beginning Thursday for women in the West Ward district. Class hours will be from 2 o'clock to 4 o'clock each Tuesday and Thursday. Place of meeting is to be decided this weekend.

Group To Meet Again In October

Honoring the outgoing president, Mrs. Omar Pitman, the Music Study club held its annual President's luncheon at the Settles hotel Wednesday.

Miss Elsie Willis, incoming president, presented Mrs. Pitman with a gift from the club. Mrs. J. H. Kirkpatrick acted as toastmaster.

Feature of the luncheon was a humorous take off of the year's activities given by Mrs. C. W. Norman, Mrs. J. H. Parrott, Mrs. Ed Kenny, Mrs. Anne Gibson House, Mrs. Harry Hurt.

A patriotic theme was used in the decorations of the tables which were in V shape. Place cards carried the V and three dots and a dash decoration. Bowls of red roses were spaced down the tables and red, white, and blue streamers ran from the center of the table.

Miss Willis appointed her committees for the new year. The club will meet again in October.

Others present were Mrs. S. H. Gibson, Roberta Gay, Mrs. W. E. Hardy, Mrs. Larson Lloyd, Mrs. R. V. Middleton, Mrs. L. S. McDowell, Mrs. J. H. Parrott, Mrs. Carl Strom, Mrs. R. W. Thompson, Mrs. G. H. Wood.

P.D.C. Club To Have Formal Dance And Banquet

Making plans for a formal dance and banquet to be given Saturday, May 30 in the Crawford ballroom the P. D. C. club met Wednesday in the home of Patty McDonald.

The banquet for club members will begin at 7:30 with a dance following at 9 o'clock.

Refreshments were served and those attending were Helen Blount, Wilma Jo Taylor, Betty Alice Nobles, Joyce Jones, Bobby Sanders, Jess Ellen Chown, Anna Claire Waters, Betty Lou McGinnis, Nancy Thompson, Mary Nell Cook, Melba Dean Anderson, Nalle Mead, and the hostess, Patty McDonald.

Colorado Bride-Elect Honored With Shower

COLORADO CITY, May 28—Naming Miss Vera Campbell, bride-elect of Charles Nuckolls, honoree, Miss Nina Catherine Quinney entertained Wednesday morning with a breakfast and kitchen gift shower.

The quartet tables, at which the breakfast was served, held hand-made place cards tied to kitchen gadgets, each which were presented with the shower gifts to the bride-to-be. Radio-victrola music was played during the morning.

Places were laid for Misses Jan Lee, Mary Irene Price, Billie Margaret Gregory and Mesdames Quinton Hamrick, Joe Blackard, the hostess and the honoree.

Jolly Stitches Club Votes To Change Day Of Meetings

The Jolly Stitches met in the home of Mrs. G. R. Simmons Tuesday and voted to change meeting date to Wednesday afternoons.

Two new members included Mrs. Elmer Askins and Mrs. J. W. Bryant.

Mrs. Askins was elected as secretary for the club. Knitting, embroidery and games of rummy were entertainment. Refreshments were served and others present were Mrs. N. H. Sneed, Mrs. Joe Bailey King, Mrs. Bernard Worthan, Mrs. J. T. Underwood, Mrs. Joe Hamby, Mrs. Ted Brown. Mrs. Brown is to be next hostess on June 10th.

Forty-Two Club Has Party In Mitchell Home

Prizes were won by Mrs. Jim Harper and Mrs. Frank Gray when Mrs. Guy Mitchell entertained the All Around Forty-Two club in her home Wednesday.

Guests were Mrs. E. J. Tatum and Mrs. J. A. Brower of Odessa and Mrs. Nathan Orr.

Others playing were Mrs. Grady Jones, Mrs. W. C. Jones, Mrs. Max Welch, Mrs. D. S. Orr, Mrs. Marvia Wood, Mrs. Bob Phillips, Mrs. Buck White.

Mrs. John Clarke Hostess To The Justamere Club

Mrs. John Clarke entertained the Justamere club at the Settles hotel Wednesday for a bridge party.

Guests included Mrs. J. D. Biles and Mrs. R. B. G. Cowper. Mrs. Biles won guest high score and Mrs. V. Van Gleason club high score.

Refreshments were served and others playing were Mrs. H. W. Leeper, Mrs. M. H. Bennett, Mrs. E. O. Ellington, Mrs. J. Y. Robb, Mrs. J. E. Young, Mrs. Carl Blomshild, Mrs. Calvin Boykin, Mrs. A. V. Karcher and Miss Ray Carter, who is to be next hostess.

Pot Luck Dinner Held By Bethany Sunday School Class

Pot luck dinner was held at noon at the East 4th St. Baptist church by the Bethany Sunday school class. Mrs. George O'Brien gave the devotional.

Guests included Mrs. Sam Morris of San Antonio, Mrs. Dee Carter, Mrs. Grovill Malone, Mrs. Stella Jeter.

Mrs. Dillard Driggers was presented with a gift from the class. Others attending were Mrs. F. A. Boatler, Mrs. Modene Davis, Mrs. Garrett Patton, Mrs. Bill Croan, Mrs. John Lytle, Mrs. Buck White.

VISITS AND VISITORS

Onetta Smith, daughter of the Rev. and Mrs. H. C. Smith, left Wednesday for Long Beach, Calif., where she will visit. She will also go to San Francisco and other points for visits during the summer months.

Visiting the Howard-Glasscock county chapter of the Red Cross this week is Ivy O. Hendricks, St. Louis, Mo., who is here in the interest of the Junior Red Cross.

Mrs. J. G. Garner is leaving Thursday for Marietta, Ohio, where she will be gone about a month.

Mrs. Sam Morris of San Antonio spent Wednesday visiting with Mrs. George O'Brien.

Mr. and Mrs. C. R. Thompson and children will leave Friday to spend the weekend in Fort Worth.

Mrs. G. A. Brower and Mrs. E. J. Tatum, a former Big Spring resident, spent Wednesday here.

Mrs. Lee Hanson and Mrs. E. C. Strain are in Amarillo visiting Mrs. C. M. Phelan and family.

Mr. and Mrs. Charles R. Smalling and Mr. and Mrs. Dan Clark, Jr., all of Macon, Ga., are here visiting Mr. and Mrs. H. L. Patton and Mrs. Felton Smith, Sr.

Mr. and Mrs. C. J. Staples and daughter are visiting in Phoenix, Ariz., for two weeks.

Mr. and Mrs. J. C. Velvin and sons will leave Friday for San Antonio and points in Arkansas. They will be gone three weeks.

Mr. and Mrs. W. N. Thurston returned Wednesday from Enid, Okla., where they visited her parents, Mr. and Mrs. M. H. Travers.

Mrs. M. E. Allen will leave Sunday for Paris to be gone for two weeks.

Mrs. O. R. Hodson will leave Sunday morning for West Point, N. Y., where she will spend two weeks with her son, Robert, who is completing his first year there.

Mr. and Mrs. H. D. Mansur will leave Thursday for a ten day trip to Oklahoma City, and Norman, Okla. Guests over the weekend of the Mansurs were his sister, Mrs. W. W. Brewer and Anna and Flora Bell of Beaver, Okla.

Party Honors Red Newton

A party honoring Osburn (Red) Newton was given Wednesday evening in the home of Mr. and Mrs. P. T. Redding. Newton, who is formerly of Big Spring, is now a private first class in the army stationed at Las Vegas, Nev., as a gunner. He is home now on a fifteen day furlough.

The tables were decorated with purple and blue larkspur. Refreshments were served.

Newton was presented a gift from the group. Others attending were Mr. and Mrs. W. C. Newton, Melvin Newton, Mr. and Mrs. P. T. Redding, Katherine Redding.

Metropolitan Chicago has nearly 2,000 churches with members and adherents in excess of 3,000,000.

New under-arm Cream Deodorant safely Stops Perspiration

1. Does not rot dresses or men's shirts. Does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Removes odor from perspiration.
4. A pure, white, greaseless, waterless washing cream.
5. Arrid has been awarded the Approval Seal of the American Institute of Laundering for being harmless to fabrics.

Airlines Stop Here To Go On

Operation of American Airlines, Inc. off the Big Spring airport is due to continue without interruption, authoritative army sources have indicated.

It did not appear at this time that the landing of American Airlines on schedules and the maintenance of the CAA and weather bureau headquarters in the terminal office would conflict with army operations of the field, it was observed.

There had been some apprehension locally that when the construction period for the army flying school here was completed that the small terminal building would have to be removed.

Besides the AA facilities being maintained there, the Civil Aeronautics Authority also maintains a communications staff which controls the beam and transmitting station to the west, and the department of commerce has a weather bureau staff and quarters in the building.

Cooled lava, after a few years of weathering, provides fine soil for Hawaii's sugar cane crops.

"LISTEN FOR THE WHISTLE"—KGOE—515 S. N.

Army Urges Younger Men To Find Slots

Young men of 18 and 19 years of age are in particular demand today by the U. S. Army, said Col. Joseph R. Peller, QMC, attached to the West Texas district headquarters for recruiting and induction, said here today.

In view of the possibility that all young men may soon be in uniform, he said, it is suggested that men of military age seek advice from the recruiting stations on how they might best fit into the military program.

Results of conferences with many high army officers and civilian officials, continued Col. Peller, had led him to conclude that the nation was fast moving into an all-out effort.

"That means that soon our men will be in one of two classes—either military or production. It is common sense that we shall have to find out as quickly as possible where we will fit into the program."

Men 18 and 19 years old will be affected just as older ones, he predicted. However, the 18 and 19-year-olds will have the advantage of enlisting directly in the arm or branch of service of their choice. Since the minimum age limit for commissioned officers is now 18, even the youngest may apply for officers candidate school training after three months service.

Opportunities for earning a flying officers' commission are now excellent and procedure has been simplified and enlistment requirements made more elastic, Col. Peller pointed out. The colonel, who has visited here frequently, was accompanied by Corp. L. R. Gandy.

Men 18 and 19 years old will be affected just as older ones, he predicted. However, the 18 and 19-year-olds will have the advantage of enlisting directly in the arm or branch of service of their choice. Since the minimum age limit for commissioned officers is now 18, even the youngest may apply for officers candidate school training after three months service.

Army Establishes Amphibious Unit

WASHINGTON, May 28 (AP)—Secretary of War Stimson disclosed today the army had given new importance to preparations for combined land, sea and air offensive war by creating a new unit devoted entirely to training for such warfare.

A new amphibious command has been made a regular component of the army ground forces, the secretary told reporters.

Initial headquarters have been set up at Camp Edwards, Massachusetts, but later will be moved to Florida, Colonel Frank A. Keating, Ridgewood, N. J., is commander.

Excess Profits On Navy Bids Reported

WASHINGTON, May 28 (AP)—The house naval investigating committee was told today that the Mine Safety Appliances company of Pittsburgh, Pa., realized profits ranging from 38 to 122 per cent on cost in 1940 and 1941 on "a vast increase in business" with the United States navy.

Edmund Toland, committee counsel, in opening presentation of his inquiry into the company's naval business, flatly asserted that the "two largest contracts show tremendous gross profits. In addition, two instances of collusive bids on navy contracts involving Mine Safety Appliances company will be demonstrated."

COMMISSIONS OFFERED

WASHINGTON, May 28 (AP)—The army announced today that medical students who have completed advance reserve officer training corps courses but have matriculated at an approved medical college will be commissioned as second lieutenants and placed on a deferred duty status until their medical course is completed.

RUBBER DECREET

WASHINGTON, May 28 (AP)—Elliott E. Simpson, New York independent rubber dealer, told a house committee today that a "false rubber shortage" had been created "by the giant rubber monopolies for their own post-war protection."

CLAIM SHIP SUNK

BERLIN (From German Broadcasts), May 28 (AP)—The German high command, topping a day of victory claims for its planes and U-boats, reported today that 14 merchant ships totaling 96,000 tons had been sunk out of a convoy in the Arctic region.

Newsboy Grads—Among those receiving diplomas from Big Spring high school at commencement exercises Wednesday night were three youths who, as Herald carriers, have kept a full time job while attending school. They are, left to right, Jack Kimble, son of Mr. and Mrs. Arthur Billy Yator, son of Mr. and Mrs. L. A. Yator. Billy was vice president of the senior class and was one of the select group named for membership in the National Honor Society. While keeping up with their studies, each of these lads has maintained a Herald route, handling deliveries and collections as a "Little Merchant." (All photos by Kelsey).

Here n There

N. C. "Hawk" Dalton, adjutant for the VFW post here and active in its affairs for many seasons, left today for a U. S. ordnance depot in East Texas where he is to serve as yardmaster, handling railroad traffic inside the plant confines.

Three drivers for the Texas Coca Cola Bottling Co. here are included in the list earning Employers Casualty Co. safe drivers league awards. Those receiving one-year bronze awards for ability in operating their trucks without involvement in any crash creating injury to person or property are Donald J. Mason and O. Walker. W. M. King is to receive his fourth year diamond award.

Children at the North Ward school have done their part again, contributing to the USO fund. In all there were 40 children out of the membership of the school who gave—chipping in gifts ranging from a single penny, that represented a sacrifice, to as much as 15 cents. Total contributions for this cause was \$225. Children there also have given this year to Red Cross, navy relief, bought TB bangles, and supported other causes.

Spence Jowell, 68, who succumbed in Midland Wednesday, is well known in this area as the man who organized a rodeo troupe back in 1905 for a tour of South America. Ira Driver, now secretary of the Big Spring National Farm Loan association, was one of the cowboys who went with Jowell to Buenos Aires, Argentina, then into Montevideo, Uruguay. Later Jowell took a troupe to England.

What a relief! Police had a call to quell a gun fight at the Dreamland hotel the other night. Rushing over, they found it all a false alarm. Only an innocent butcher knife battle was in progress.

Patsy Ruth Cole, 12, daughter of Mrs. Sam Field of Big Spring, died Wednesday afternoon in a San Angelo hospital. Friends here had not learned of funeral arrangements today.

Local painters are urged to meet at the courthouse at 5:30 o'clock Friday night, Jack Hull, recording secretary of the local union, announced today.

Fontilla Johnson, county home demonstration agent, will spend the weekend in her "old home town," Canton.

Max Westerman, Jr., formerly a highway patrolman here, now an instructor in the flying school at Stamford, is visiting in Big Spring.

Charles Frost, who formerly operated a drug store here, has applied for enlistment in the U. S. Army through the Corpus Christi recruiting office, it has been learned here. He had been approved by the local selective service board for volunteer officer candidates in January 1943, but elected to enlist and take his officer training by that route.

Inquiries for enlistment in the Women's Army Auxiliary Corps numbered two here Wednesday, first day applications could be taken at the local recruiting station, Sgt. Troy Gibson, recruiting officer, announced.

Kiwianians Hear TDG Lieutenant

Explanation of the purpose of the Texas Defense Guard was given by Lieut. H. L. Bohannon before the Kiwanis club here Thursday.

The guard, he said, is for military training as well as for home defense. He explained mechanics of the company's operation and described the strength of such units.

Byron Fullerton spoke briefly on boys and girls work. The program was in charge of E. E. Clay, Col. Sam L. Hill and Col. J. W. White of the bombardier school command were introduced as were Lieut. Arthur L. Batten and other officers from the pre-flight training school. Next week's program will be in charge of Tom Coffey.

Bledsoe O'Brien Infant Is Buried

Brief rites were said at the Eberly chapel Thursday morning for the infant son of Mr. and Mrs. Bledsoe O'Brien.

The child succumbed at a local hospital Wednesday evening several hours after birth. The Rev. B. C. Richardson officiated at the services. Besides the parents, survivors include the grandparents, Mr. and Mrs. K. W. Brown and Mr. and Mrs. T. A. O'Brien.

Makes Own Lime-Spreader
KINSEBROUGH, VI.—Roy Estey, 46, gathered spare machine parts and junk found around the backyard and fastened it into a lime-spreader that will cover the ground at the rate of 10 tons an hour.

Recital To Be Held Tonight At High School Gymnasium

The first of a series of three recitals will be held at 8:30 o'clock Thursday night at the high school gymnasium by the pupils of Mrs. Anne Gibson Houser.

First, second and third year students of piano and accordion will be presented.

Taking part will be Jeanette Bugg, Jim Ferry Farmer, Loan Creighton, Susan Houser, John Edwin Fort, Patricia Neal, Billy Jean Walker, June Briggs, Billy Gene Martin, Betty Bilsard, Harry Weeg, Mildred Brown, Callie Roy McNew.

Betty Jo Stuteville, Harvey Winn, Bernita Shorter, Jan Livingston, George Bugg, Mary Briggs, Evelyn Arnold, Cleola Griffin, Leslie Cathey, Charles Moody.

Band Interviews Start Next Week

Interview of prospects for the Junior band will be started next week, Dan Conley, director, said Thursday.

He will check with pupils in the fifth grade and up who have been recommended by teachers as possessing musical aptitude.

Summer rehearsals of the beginners, junior and senior bands have been set for June 18, said Conley. It is probable that the senior band will be rehearsed by sections with one general practice session set for one night a week.

Slaying Suspect's Indictment Squashed

KANSAS CITY, May 28 (AP)—George W. Welsh, Jr., heir to a real estate fortune, was cleared today for a second time of murder charges in the bludgeon-knife slaying of his pretty 24-year-old sister, Leila, but the state immediately brought a new charge against him.

Justice of Peace J. J. Dougherty dismissed a first degree murder charge against the 28-year-old brother as a climax to a seven day preliminary hearing.

Editorial —

Bomb Rolling Instead Of Log Rolling

Seldom in this day of log-rolling does Uncle Sam see an example of plain unselfishness on the part of cities, counties or individuals.
But something is happening up in Grayson county that makes us think unselfishness is not a dead virtue.

Knott People Contribute To USO Fund

KNOTT, May 27. (Sp.) — The USO drive here, headed by Fred Roman and his assistants, Mrs. Herschell Smith, Mrs. Floyd Shortes, has made a good showing with \$75 dollars collected Friday night at a community gathering.

Diploma Not All-Important, Students Told

Don't be deceived by a piece of paper, King J. Sides, assistant superintendent of public schools, advised a big class of seventh grade students—around 190 in all—at promotion exercises Tuesday evening in the municipal auditorium.

Doug Jones Wins Again

Doug Jones, who first came into prominence as a golfer while poking out shots in these parts, has added another title to the string he has won in many seasons of West Texas campaigning.

Farmers Take To Moistened Fields

Farmers were taking to the fields Monday with high hopes that another bumper crop year was in prospect. After Saturday morning rains had deposited 45 of an inch moisture here and more in some other sections of the county, another shower brought 51 of an inch Sunday morning to completely clinch the planting deal.

Easy Street Is Not Popular NEWTON, Mass. — Although there is an Easy street in this city, not a single family lives there.

whether the project is actually needed or not. After all, the road would be of value to the county through the years if not to the more urgent war effort of today, they feel.
In addition to pointing out that a present route would serve the field well if repaired a bit, the Sherman petition points out that construction of the new road would take needed laborers off the farms.

Hollywood Sights and Sounds—English Studio Said Ronald Colman Wouldn't Screen

By ROBBIN COONS HOLLYWOOD—Fragments and figments: Hollywood has made some bad guesses in its time, but there's an English studio which has done worse. The one which recorded in its casting files this note after the name of a dark-haired young man who wanted movie work: "Doesn't screen well."

ideal for these adventure thrillers. Mountainous Laird Cregar, tented in satin-and-braid finery and curls, fit Sir Henry Morgan, pardoned pirate and governor of Jamaica.
Like every departing recruit, volunteer Power is swamped with the business of clearing his stellar affairs for service. He says he and Annabella will "try" to keep their home and its three-and-a-half acres in Brentwood. Word got out that it was for sale and agents, fans, and a few serious prospects kept his phone and doorbell busy. His matter-of-fact comment on his enlistment: "It's a job to be done—the quicker we all pitch in the quicker it'll be done."

Washington Daybook—Buck Private Gets His Dues In This War

By JACK STINNETT WASHINGTON—The capital in wartime: When Mr. John Q. Public hears the name National Archives, he naturally thinks of dusty files and ancient documents. There is nothing musty about National Archives—its building on Pennsylvania avenue is (inside and out) one of the unmustiest in Washington. Its files, so far as years are counted in the history of this nation, are ancient. But time and again they have played a starring role in preparation for all-out war. The last time, I think, is the best. National Archives probably has done more than any other single agency to give the Navy its needed experienced manpower for vast expansion.

Man About Manhattan -- Feeding Gotham's Millions

By GEORGE TUCKER NEW YORK—Chambers Street. Warren Street. Murray Street. That's me, I'm New York's bread-basket. They dump it on my sidewalks every night. All night. In piles 20 feet high. Cabbages. Potatoes. Onions. In boxes, crates, gunny sacks. They bring it in in trucks. Big high-toned moving trucks. And in horse drawn carts. They make barricades out of carrots and baskets out of lettuce and pyramids out of apples. Citrus. Lane they call it. Along about 4 a.m. By sun-up it's Cabbage Row. Then they take it away. To the restaurants. To the hotels and cafes. To the markets and the green grocers and the chain grocers and the independent grocers. All over town. All over Manhattan, and the Bronx. They take it to Staten Island. To Queens, and to Brooklyn.

cigarettes dangling from their lips. "I got 600 crates of grapes." ... "I got 500 crates of cranberries." ... "I got 171 bags of potatoes." ... That's Max talking. Max is 61. Been there long? You bet. Seventeen years. Does he like his job? You bet. Wouldn't do anything else. People hafta be fed. People gotta be fed. When people get hungry, they reach for the bread basket. That's Chambers Street. And Warren. And Murray. That's Max. You come along there, any after midnight, and you'll walk in the street, or else. Ain't no room on the sidewalks. Not after midnight, when the tomatoes and the cabbages and the carrots come in. Not when the celery and the grapefruit get there.

How To Torture Your Wife

WPA Recreation Extension For Soldiers Studied

Hearing and approving plans to establish a WPA recreational extension for civilians and soldiers entertainment program, the Big Spring Military Social council met at the Chamber of Commerce Tuesday evening. Dick Dickson, federal security agency representative, of Abilene, spoke to the group of plans used in other towns for planned program of recreation for soldiers. WPA and U.S.O. assistance was discussed by the group.

Lions Honor Younger Set

It was kid's day at the Lions club Wednesday. The term is literal for members of the club had as their guests for the day their sons and daughters and little friends. And it was the children's day in more ways than one. Program was furnished by rhythm band and other pupils under the direction of Betty Farrar and included a variety of band numbers, readings, musical readings, tap dances, novelty music and piano selections. Young guests ranged from Mary Ann Nugent, who at 17 months was about the youngest, to towering "little" Peppy Blount and "Junior" Summers. Pascal Buckner, who is leaving soon for El Paso, where he will become director of vocational education, spoke briefly in appreciation of relationship with the club, which he once served as president. Dr. C. L. Wiseman, Dallas, professor of education at S. M. U., was a guest for the day.

City Quits Collection Of Waste Paper

The city is discontinuing the practice of collecting old newspapers and magazines, City Manager B. J. McDanel announced Saturday.

Currently the city has two carloads of the material on hand and no market or prospect of market for it.

"We are just wearing off rubber and getting nowhere with this salvage campaign," said the manager, who pointed out that the Boy Scouts and private dealers here have big surpluses on hand which they have been unable to store.

The pen at First and Runnels streets, used for throw-in collection of old papers, has been taken down, and trucks assigned to the collection on regular garbage routes have been called off.

Rural Scrap Collection Is Mapped

Collection dates have not been definitely fixed, but preparations are shaping up for a final clean-up of junk iron, steel and rubber off Howard county farms.

T. H. Thomas, chairman of the county USDA war board, has written each farmer in the county advising him of the campaign, and County Agent O. P. Griffin has written neighborhood leaders giving information about the collection.

Griffin has distributed tags which each farmer will attach to his junk when the scrap is placed by his mail box for collection. This tag will contain the name and address of the farmer, the estimated weight of scrap metal and estimated weight of scrap rubber. On the tag will be indicated whether it is desired to donate the scrap to the government, donate it to the local community, sell for war savings stamps, or sell for cash.

Exact dates on which trucks will tour the county, mail routes and pick up the junk by each mail box will be announced soon.

T. J. McKinney Dies At Ennis

A long-time resident of Howard county and father of several Big Spring residents, Thomas Jefferson McKinney, succumbed at midnight Thursday at the Odd Fellows home in Ennis. He was 75 years old.

Mr. McKinney came to Big Spring in 1900, and farmed near here for many years. Retiring three years ago, he had resided intermittently at the home in Ennis, the last time for about a year.

The body is being returned here, and funeral services are scheduled tentatively for 4 p. m. Saturday at the Eberley chapel, with Rev. F. D. O'Brien, First Baptist pastor, officiating. Burial will be made in the IOOF cemetery, beside the grave of his first wife.

Surviving Mr. McKinney are his wife, Mrs. Annie McKinney; six daughters, Mrs. R. B. Gilmores, Mrs. Earnest Hull, Mrs. Ira Rice, Mrs. Frank Montgomery and Mrs. Frank Hull, all of Big Spring, and Mrs. T. L. Lauderdale of Ackerly; one son, Albert (Dutch) McKinney of Big Spring; 10 grandchildren and five great-grandchildren.

Funeral services will be held at 10 o'clock Saturday at the Eberley chapel, with Rev. F. D. O'Brien, First Baptist pastor, officiating. Burial will be made in the IOOF cemetery, beside the grave of his first wife.

Preachers Will Trade Pulpits

Surprises will be in store for both preachers and congregations next Sunday evening when all pastors will exchange pulpits for the evening.

The Rev. J. A. English, president of the Pastor's Association, will shuffle names of each minister and church and the pastors will not be notified until Sunday afternoon as to where they will preach. Members of the congregation will not know who their minister for the evening will be until church time.

DOCTOR MISSING

STANTON, May 24 (Sp) — A communication from the war department received Saturday morning by J. L. Hall reported that his son, Dr. J. Leslie Hall, was missing on Corridor.

Majority Of Local Grads Hope To Go Immediately Into Jobs

Only about 15 per cent of the 1942 senior class of Big Spring high school have immediate hopes of going to college and a mere 10 per cent or so more ever entertain any hope of continuing their scholastic training.

Most have intentions of going at once into productive service, or into training for specialized work.

Briefly, these are the results of a survey conducted earlier in the season by John Coffey, high school principal, in a questionnaire incidentally to checking on plans for members of the graduating class.

Unit Of New Air Training Will Be Located Here

The Big Spring area will fit into a program of new training, designed as a part of commando raiding, according to announcements made Thursday night in Santa Ana, Calif., by Maj. Gen. Ralph P. Cousins, commander of the West Coast Air Corps Training Center.

Four schools, including one between Big Spring and Ackerly, were announced by Gen. Cousins to give glider training and pre-flight training.

Fifty men are at work now clearing two section tracts 14 miles north of here, said Art Wintehiser, head of the Big Spring Flying Service, holder of a pre-flight training contract. The primary field will be on the M. L. Hamlin ranch, and another section field, auxiliary to the base unit, will be located on the property of Mrs. Mildred Jones (the Middleton ranch) in the Ackerly area.

Operations are to start by June 1, said Gen. Cousins, and Wintehiser said that this deadline accounted for great haste in preparing the fields. Freezes on materials obviated immediate barrack and other building construction, either here or on the site.

The glider unit for this immediate section, contrary to general press reports, is to be located several miles north of Lamson, where even now the three-section tract is being whipped into shape for a school to accommodate around 200 including students and personnel. John Wilson, La Porte, Ill., is to operate this school.

Clint Breedlove, Lubbock, was announced as contractor for a glider unit at Plainview and similar training was due to go in at Clovis, N. M., all as a part of a program to train 3,000 men as rapidly as possible in this new aerial phase of commando tactics.

Pre-flight training from the field north of here is to be in light planes, Cubs or similar craft, and some 27 or more of these will be required. The flying service may be called on to furnish around 15 pilots, a dozen mechanics, and other personnel. From this course men would be qualified to go into the glider training.

Meanwhile, the U. S. Army renewed its appeal for men between the ages of 18-35 to apply for glider pilot training, open to officers, enlisted men and civilians. Basic requirements include: a minimum of 35 hours flying time, a CAA private airman's certificate, have had a CAA private grade or higher which lapsed not prior to Jan. 1, have completed the CPT primary training, or be able to show that he is professionally qualified and now meets physical requirements for flying under current CAA CPT regulations.

Information may be had through the U. S. Army recruiting station in the post office building here.

The project north of here is not to be confused with the U. S. Army Flying School, now under construction in the vicinity of the municipal airport. Even as the glider and pre-flight training effort was being announced on a pressing time base, there were developments Friday which indicated that the army may act speedily to utilize the Big Spring airport for its intended purpose long before the school lay-out is completed.

SNYDER, May 26 — Big Spring city officials and representatives of Howard county were extended an invitation this week by Pat Bullock, 118th district representative and Seary county chairman of war bond and stamp sales, to join Seary and Borden county people Monday, June 1, in welcoming Governor Coke R. Stevenson to Texas.

Governor Stevenson's visit to Snyder will climax a war bond and stamp rally that is expected to attract something like 10,000 people.

STANTON, May 24 (Sp) — A communication from the war department received Saturday morning by J. L. Hall reported that his son, Dr. J. Leslie Hall, was missing on Corridor.

STANTON, May 24 (Sp) — A communication from the war department received Saturday morning by J. L. Hall reported that his son, Dr. J. Leslie Hall, was missing on Corridor.

Head of a new flying field at Sherman Field, Ft. Leavenworth, Kansas is Lieut. W. T. Bolt, Jr., son of Mr. and Mrs. W. T. Bolt of Big Spring. Until recently he has been operation officer of the Thompson Robbins Field in Helena, Ark. Lieut. Bolt, a graduate of the Big Spring high school, has made rapid progress with his flying, having trained at Randolph and Maxwell Fields.

County Tire Ration Gets Small Boost

The state ration office has granted Howard county some extra truck tires and tubes because of the pressing need for them on the airport project, but there is still going to be a great shortage of rubber at the weekly ration board meeting here Tuesday.

County Chairman E. F. Robbins made a trip to Austin last week and did some arguing that resulted in the county's getting an allowable of 25 extra truck tires, 35 retreads and 50 truck tubes for the remainder of May. These will be issued in addition to a quota of 17 tires of all types already allowed for the last week in May.

But—there are more than 600 applications for tires awaiting review tomorrow—and that number remains after considerable weeding out of ineligible on the part of board members.

Personal Items From Coahoma

COAHOMA, May 26 — Wilfred Lay of Richmond, Calif., is visiting his parents, Mr. and Mrs. W. W. Lay. Wilfred is employed in war work.

J. E. Adams is on the week list this week. Mr. and Mrs. John Flache of Lamson were visitors here Saturday in the home of Mr. and Mrs. Smith Cochran.

Mr. and Mrs. Randolph Walker are spending the next two weeks on vacation visiting relatives. They are employees of the Gulf Oil Co.

W. S. Holden and daughter, Janis, of Elgin, Ark., are visiting in the home of Mr. and Mrs. J. A. Roberts, Sr.

Mr. A. W. Thompson, Mrs. Joe Miller and Luella Thompson visited Saturday in Colorado City.

Belva Ann Brooks has returned home after spending last week in Westbrook in the home of her grandparents, Mr. and Mrs. A. W. Brooks.

W. A. Hunter of San Angelo visited his family here over the weekend.

Dimple Hunter left this week to spend the summer in Little Rock, Ark., visiting her aunt, Mrs. Jimmie Wright and Mrs. P. G. Smith.

Mr. and Mrs. Bunk Arthur of the east oil field will spend the next two weeks visiting relatives in Midland and Wichita Falls.

Mr. and Mrs. Boone Cramer and Bill and Rodney visited her parents, Mr. and Mrs. W. C. Farrar, of Colorado City Sunday.

Mrs. Milton Woodard and her mother, Mrs. A. H. Ridgewood are spending the next few days visiting Mr. and Mrs. Fred Cooper of South Bend.

Seniors Told Of 'Science Of The Cross'

Rev. P. D. O'Brien Tells Graduates Of Jesus' Omnipotence

A near capacity crowd heard the Baccalaureate Sunday night services at the city auditorium when the Rev. P. D. O'Brien, pastor of the First Baptist church, was principal speaker on the topic, "The Science of the Cross."

Supl. W. C. Blankenship presided with the invocation given by the Rev. E. Elmer Dunham of the East 4th St. Baptist church. The choir and congregation sang the Doxology.

The Rev. O'Brien took as his text, "Christ is All and in All," and pointed out that the Christian religion is not unscientific as Christ is the center of every proven science.

He spoke of the science of geology and declared that Jesus was the rock in the wilderness, the foundation and the cornerstone, and also the rejected stone which later became head of the cornerstone. Next he spoke of zoology in which he said Jesus was the lamb of God and the lion of the tribe of Judah.

For the science of botany, the pastor spoke of Jesus as the lily of the valley and the rose of Sharon. As for the science of astronomy he likened Jesus to the Star of Bethlehem, the sun of righteousness, the bright and morning star and the day star.

He closed his talk with a question telling the students to hitch their wagons to a star but to make that star the Star of Bethlehem.

The Rev. H. W. Haislip, pastor of the First Christian church, gave the scripture. The Rev. Ernest E. Orton, pastor of the Nazarene church, had the benediction. Irby Cox directed the music with Mrs. C. W. Norman as accompanist.

Seventh grade graduation exercises are to be held at 8:30 o'clock Tuesday night at the city auditorium and graduation for seniors is to be at 8:30 o'clock Wednesday night to close the week of school activities.

Memorial Day Rites Planned By VFW Post

Observance of Memorial Day on May 31 will be sponsored, as has been the custom for some years, by the local Veterans of Foreign Wars post, it is announced by N. C. Dalton, adjutant.

Details for the program will be announced later, Dalton said, but the VFW unit will decorate the graves of all service men. He asked that relatives of all ex-soldiers mark those graves so that the VFW could mark these resting places appropriate ceremonies.

Dalton also reminded that May 30 will be observed as annual "Buddy Poppy" Day, and that the public's support is solicited. The poppies distributed by VFW members and their helpers are made by disabled ex-service men who are paid for their work. Money above the actual cost of the poppies is used for charitable purposes among the destitute of the community.

Campaign On For Teachers

So serious is the shortage of school teachers these days that the department of education has started a recruiting campaign.

The deputy state school superintendent for this district, E. H. Boulter of Lubbock, is distributing a questionnaire to persons who possibly could qualify as teachers. These questionnaires may be obtained at the office of County Superintendent Anne Martin, or prospective teachers may write directly to Boulter, in care of Texas Technological college, or to their county superintendents.

Information asked for includes name, address, college degree and year, and institution from which it was received, teaching experience, teaching fields or subjects, conditions of health, family circumstances, willingness to teach outside home community, and institution of choice for summer refreshment courses.

Navy Ships Four Men For Service

Four men, including the assistant postmaster at Stanton, were shipped by the U. S. Navy recruiting sub-station here Monday evening to Dallas to complete enlistments.

Eugene Ray Wright, assistant to Postmaster Morgan Hall at Stanton, enlisted as apprentice yeoman, V-3, for yeoman, Robert Smith, of Crys, Eugene Bond, both of Odessa, enlisted for V-2, aviation groundwork, and did George William Lemon, route No. 1 Big Spring.

A large delegation, said S. L. Cooke, in charge of the station, is expected to go from this district to Abilene for an 8 a. m. interview on June 2 for construction corps service. Others interested in applying for this service should contact the local sub-station, from which point their applications will have to be completed before they can be shipped.

Pearl Forrester will spend her summer vacation in Sweetwater after completing her year here as a teacher in the schools.

Red Cross Golf Tourney Slated For Next Sunday

Honor Students—Esig Levy Arnold, left, and Willie Pearl Tonn are honor students at Midway. Although the youngest member of the class, Esig also was the leading boy student of Howard county besides being valedictorian at Midway. He had a perfect attendance record for four years. Someday he wants to become a lawyer. Willie Pearl served as 4-H club president, was on the girls basketball team, was voted most popular girl besides being salutatorian. (Arnold photo by Ferry, Tonn by Kelsey).

Big Spring golfers will get an opportunity to do their bit for Red Cross and have a lot of fun in hot next Sunday.

That is the date for the national Red Cross golf tournaments being held all over the nation. Manager Harold Akey has already announced plans for a section of the tournament at Muniy course, and the Country Club will likely stage a similar event.

At Muniy, Akey announced that entry fee will be only 50 cents, all of which will go to Red Cross. Two certificates will be given, one to the medalist and one to the leader in the flag tournament.

Only one round will be played by each entrant.

Each individual golf course over the country will conduct its own tournament under its own terms and competition will be only within the one course.

Both golf courses are in the best of shape, following good rains this week. Grass greens both at the Country Club and municipal courses are in excellent condition, and fairways are also in good shape.

Air School Problems Get C of C Study

Problems mounting in scope as activity picks up on construction of the army air force school here were up for discussion at the chamber of commerce directors' luncheon at the Settles hotel Monday noon.

No. 1 item is that of housing. Manager Jimmy Green told the board, as he reported that contacts were being continued to efforts to get the city included in a "restriction" area so that there will be some relaxation of housing restrictions. Meanwhile, he said, every available house, apartment and room must be made available if the city is to accommodate the influx of workers and military personnel.

Green also said that plans are proceeding for opening of a road around the base of Sonoma mountain into the construction area at the airport, so that a part of the traffic to the field—particularly that from southside residential areas—might be diverted off highway 80. The road around the mountain might open into old state highway 7. The state parks board had given its approval to the project, and there will be a comparatively small amount of work necessary to make the road usable in good weather, Green said.

He and City Manager Boyd McDaniel said efforts were being ahead for establishment of regular bus service to the air field.

Col. Sam L. Ellis, commandant of the air school, was a guest at the luncheon. He spoke briefly, saying "It is up to you and me to make this the best bombardier school in the United States."

Thirty Miles Of Co-op Line Up

Thirty miles of line have been strung on the Caprock Electric Cooperative B section. O. B. Bryan, superintendent, reported Saturday.

The loop with wire in place is northward from Lenora in Martin county to Taran and above. Poles are in place for filling in gaps around Courtney community and for a small spot in Midland county, and swing around south to the Lenora community in Howard county.

Bryan estimated that poles were either up or holes dug for 70 miles. Under the pole crew will move in north of Brown and push northward toward the Dawson county line.

Meanwhile, preparations are being made to transfer the REA headquarters from here to Stanton, said Bryan. The office is to be moved next Saturday and open in Stanton the following Monday morning.

Louise Ann Bennett Named Cowgirl

Louise Ann Bennett, daughter of Dr. and Mrs. M. H. Bennett, was named as Big Spring's cowgirl representative to various rodeos to be staged in West Texas this season, at a meeting of the chamber of commerce directors Monday.

Louise Ann was the city's sponsor last year, appearing at several rodeos, including those at Midland, Colorado City, Lamson and Spur. Her experience of last season is expected to stand her in good stead for the events this summer.

Library To Close, Book Return Allowed

Library officials say that any over-due books lying in the Big Spring library be returned this week as the library is to be closed temporarily due to lack of housing space. There will be no fines imposed on those who still retain the books.

The volumes may be returned at any hour of the day and night at the J. & W. Fisher store on Midland.

Rubber Shortage Or Not, Many Cars Still Being Used By School Pupils

Maybe 47 high school students don't read the newspapers, or then again maybe they don't believe what they hear about tire rationing, but whatever the cause, finals, dat history notebooks and the like are the biggest worries the students seem to have.

Some 47 car owners by actual count, and nearly all of whom live within walking distance of school, are still plunging down the hill at rubber wearing speed before school, at noon and at 4 o'clock.

World events that are shaking households from coast to coast like

The Herbert Foxes Have Made Both A Farm And Flower Garden Right In Their Own Back Yard

It things get too bad next winter, the neighbors around Mr. and Mrs. Herbert Fox's house at 1109 Runnels will know where to go to get a handout. For in the three years the Foxes have lived there, they have transferred their back yard into a veritable farm and pick about three pints a day, average, from their garden. They can sit down to a table with carrots, peas, turnips, collards, beets and summer squash—all from their yard.

Black eyed peas and okra grow along one row and Colorado Russet potatoes line one side of the yard. Radishes and lettuce and beans are some more vegetables that Mrs. Fox can use on her table.

Do you go out someplace to get your watermelons? The Foxes just go to their back yard where they have raised some whoppers. They have even taken pictures to convince their skeptical friends.

Concord grapes are weighing down the vines and dewberries are beginning to ripen in their yard. If you are one of those souls who long for onions in the spring, get an invitation to Mr. and Mrs. Fox's house, because they've got them growing in abundance.

But the garden isn't all practical and edible. Flowers also blossom in the yard and are picked each day for house decorations. Mr. Fox accuses Mrs. Fox of planting her flowers in his vegetables but Mrs. Fox thinks his vegetables are in her flower garden. But as both of them say, neither one will pick or pull up anything that is green or growing and that's why they pick beans and snip off blossoms all in the same garden.

In addition, the Foxes have an cherry tree that have grown from cuttings. When friends admire the morning glories, the rose buds, gladioli, snapdragons or day lilies, they often ask the Foxes how they got such wonderful soil. They point to the lilacs, nasturtiums

Army Places Pointed Out

Elton E. Donaldson, son of Mr. and Mrs. W. E. Donaldson, has been enlisted for the U. S. Army, unassigned, Sgt. Troy Gibson, recruiting officer, said here Monday.

At the same time, the sergeant called attention to the extension of the deadline for engineer corps enlistments at Camp Claiborne, La., from May 25 to June 25.

Deadline for glider pilot and training instructor enlistments still stand as of June 1. Men interested in either type of service were urged to contact Sgt. Gibson's office for complete information.

Ray Thomas Shot In Cleaning Gun

Ray Thomas, 16-year-old son of Mr. and Mrs. Clyde Thomas, was accidentally shot in the leg Saturday while cleaning a .22 rifle preparatory to a hunting expedition.

The bullet struck under the knee and ranged upward, but the injury was not thought to be serious.

Guys Who Know Say: There Ain't Gonna Be Any Rubber Soon

AKRON, Ohio, May 23 (Sp) — America, here it is, straight from the horse's mouth: You can forget all about tires, golf balls, tennis balls, hot water bags and anything else made out of rubber until at least 1944—because there just is not going to be any.

That is what the men who know told correspondents on the National Association of Manufacturers "production for victory" tour of war industries—men like Harvey Firestone, Jr., of Firestones, Thornton G. Graham of Goodrich, F. W. Litchfield of Goodyear, and William O'Neil of General.

They know a lot more about rubber than anybody in Washington and they held out not the slightest hope of relaxing any of the rubber restrictions for the rest of 1942 and all of 1943.

But—they said—the whole industry is going to bet to make all of the tires, trucks, insulating wire and anything else the army, navy and air force need.

figures they gave are and must remain military secrets. If you were told how many tons of crude rubber have been allocated for use as tires for armored cars or tanks for tanks in 1943, German agents might figure out how many of these war weapons we are planning to produce.

The best that can be said is that the majority is going to help the United Nations fight the axis, and that the average American hasn't a prayer for a new set of tires or a dozen golf balls or even a balloon for little Johnny.

The story these top executives of the rubber business told is not a pleasant one. And anyone who heard it came away with the impression that in spite of all efforts in Washington and Akron to replace synthetic rubber for natural rubber, it's going to be a long pull. And that Jesse Jones' estimate of 800,000 tons of synthetic rubber for 1943 is not only impossible but fantastic because, as Harvey Firestone, Jr., said, "It can't be done in so short a time."

School Shows Profit With 5-Ct. Lunches

Nearly 10,000 lunches at five and a fraction cents each were served at Midway school during the past year—and yet the lunchroom program netted a small profit. Average revenue per lunch served was figured down to 5.37 cents for the 9,548 meals served as a result of the school lunch program. Yet, things were so managed that instead of losing, there was a slight margin of profit figured at .136 of a cent. Thus, for every eight lunches that were served—the hefty amount of one cent profit was returned.

But the program is not operated for profit. If there is any—and it amounted to \$12.05 over the stretch in this case—it goes back into the lunch program for improving lunches and equipment.

For the year, revenue stood at \$392.01 for the program. Of this, \$448.71 went for groceries other than those supplied by the Surplus Marketing Administration. Laundry costs were \$7.90, and kitchen help cost \$26.15. In addition to this item, WFA furnished two trained cooks and a supervisor.

Dishes, equipment, etc., cost \$66.30, which added to the operating cost of \$512.66, whittled the profit to the \$13 level—still quite remarkable at that.

Tire Conservation Favored Ahead Of Gas Rationing

AUSTIN, May 28 (AP)—Texas' tire conservation program would be substituted for gasoline rationing as a rubber saving measure under a resolution by the Texas Safety association.

In a meeting of its administrative committee, the association yesterday petitioned the Texas congressional delegation to give the tire conservation plan a chance to prove its effectiveness. The Texas plan seeks voluntary compliance in the conservation through share-the-rides, reduced speeds of 40 miles on highways and 30 in cities, more efficient use of mass transportation, staggered hours of work and elimination of non-essential driving.

Warm Weather Hints Given On Care Of Poultry

By GEO. F. McARTHUR Extension Poultryman

Warm plus warm days are increasing worm infestation in most poultry flocks. If the flock has not been recently treated for intestinal parasites, it is well that they be wormed, using a reliable powder in the mash for two or three days. Follow instructions of the manufacturer as to amount to add to the mash. Repeat the treatment in about 30 days. Keep 'em healthy and you can keep 'em laying.

Green Feed

Green feed is a balance—it picks up where management may fall short. See that they always have plenty. If tender green feed is not available, feed alfalfa hay. Two pounds per day per 100 hens is sufficient. Soak it over night in water. This makes it tender, restores color and adds to its palatability. Feed in a trough or shallow box.

Grain

Laying hens don't need as much grain in the summer as they do in the winter. An easy way of figuring grain for the day's feeding is 1 quart for each 25 hens. Hens over-fed on grain store it up in excess fat which undermines the health of the birds. Many chickens die during the summer as a result of fat plus heat. Excess feeding of grain reduces mash consumption and retards egg production.

Mash

Keep 'em eating mash. This one food stimulates egg production. Don't try to be "scotch." Let her have all she wants. Give her a wet mash at noon—3 pounds dry weight per 100 birds, mix with milk or water until crumbly. A good home mixed mash made of home grains and concentrates simplifies the feeding program—can be fed growing stock and laying hens. A good mixture is as follows: 100 pounds (35-36 per cent) protein concentrate, 100 pounds ground yellow corn or maize, 100 pounds reground oats or barley, 50 pounds wheat grey shorts or ground wheat, and 15 pounds alfalfa meal if green range is not available. Grain is to be fed with this same as any other mash.

pool their needs under the neighborhood, community, and county agricultural victory leaders, interview local wholesalers, and retail vegetable distributors and contract with them to supply the high quality tomatoes they will need in addition to what their own gardens will produce.

Ripe or green tomatoes are a rich and cheap source of Vitamin C which prevents bleeding gums, loose teeth, sore joints, and loss of appetite and weight. Ripe tomatoes have abundant Vitamin A which guards against "dry eye" and night blindness.

Large Crop Of Lettuce Provides Diet Opportunity

By FONTILLA JOHNSON

An unusually large crop excellent quality of lettuce—at least 8,000,000 crates this season—makes it possible for housewives to buy this very valuable vegetable often at a very low cost. Local stores have been featuring lettuce specials during May.

Lettuce belongs to the family of green, leafy vegetables, and according to the Texas Food Standard, the daily diet should include one or more of these vegetables daily. Lettuce is a good source of Vitamin A and C and also iron and calcium.

Lettuce is a perfect vegetable salad used with a favorite dressing. It is also delicious when wilted.

The following recipe is sufficient for six servings of wilted lettuce. Into a heavy skillet, put about 1-4 cup fat, or, if bacon is on hand, cook several slices brown and crisp, and use the bacon fat. Add to the hot fat a small onion, chopped. Cook the onion until it turns yellow. Then add 1-3 cup vinegar. When this is heated, add 2 quarts of garden leaf lettuce or shredded head lettuce. Cover and cook until the lettuce is just wilted. Season with salt and pepper and serve hot—with bits of the crisp bacon added to it if at hand.

Cash To Farmers Hits A New High

AUSTIN, May 27 (AP)—If farms had cash registers they would ring a merry tune in Texas.

Continuing its upward trend, cash income to Texas farmers hit \$49,190,000 in April, 60 per cent more than in April of last year, the University of Texas bureau of business research reported today.

Sales of cattle which yielded \$20,500,000 compared with \$11,978,000 in April a year ago accounted for most of the gain.

Cash income for the first third of the year reached \$160,379,000, nearly 70 per cent above the \$94,988,000 reported in the first third of 1941.

Mobile trailer laboratories of the Public Health Service are used to examine milk and water samples in some Army maneuver areas.
