Referee Proposal Shaky

Southerners In A Strong Bid

By BETTY PRYOR

United Press International
WASHINGTON (UPI)—A plan fully worked out by House leaders to push the administration's voting referee proposal through Congress showed some signs today of falling apart. The plan was agreed to last week by Democratic and Republican leaders with some concessions being made to Southern Democrats in an effort to head off defections.

Southern Democrats are asking a stronger bid than they had to water down the proposal which would authorize federal courts to appoint referees to guarantee Negro voting rights.

There were indications that the Southerners would pick up some support for a proposed amendment to limit the plan to federal officials. It would apply also to state and municipal elections.

The Southerners had a series of amendments in reserve. There were grumblings in the camp about floor maneuvers resulting in putting a Democratic amendment on the floor, instead of a Republican one on the pending administration proposal.

The squabble over the referee amendment washed out chances the House could pass the civil rights bill today and send it to Senate. Leaders hoped for a House vote Friday.

Southern Democrats were obviously irked by adoption Wednesday of an amendment, worked out by civil rights backers in both houses, to stiffen the referee amendment, approved by a vote of 188-120, reinstates some authority that was stripped from Southern Democrats.

The amendment would require the referee to act promptly on applications for voting rights. It would also allow the referee to act before an election would be held to vote provisionally if application had not been filed upon by election day. Their amendment would impound pending applications until a final decision.

The amendment also would give the referee authority to take action necessary to see that voting orders were enforced. It would also allow the referee to appoint referees to polling places, a power that had been removed from the administration proposal.

Emanuel Celler (N.Y.), Democratic floor leader on civil rights, said he would offer an amendment to repeal poll taxes in five states that still have them. They are Texas, Arkansas, Louisiana, Alabama and Mississippi.

SEEKS FOURTH TERM — Gov. Orval Faubus, a symbol of segregation since 1957, has announced in Little Rock that he will seek an unprecedented fourth term as governor of Arkansas. At right is Arkansas Secretary of State C. G. "Crip" Hall.

Decade Of Growth For Pampa Noted

Pampa's population increased by 55 per cent during the 1950 decade, according to figures by the Texas Municipal League.

According to the League, the population in Pampa increased from 16,583 in 1950, to 25,684 in 1959.

Borger had a population increase of 41 per cent, with a total count of 18,059 in 1950, and a count of 25,407 in 1959. Amarillo's population increased from 74,267 in 1950 to 147,949 in 1959, an increase of 99 per cent.

The League said Texas cities over 10,000 population averaged a 64 per cent population gain, more than 2.5 times the overall rate of growth for the state itself. The 1960 census should show that nearly 70 per cent of the total Texas population resides in the state's 115 municipalities in the 10,000 or more population bracket.

Total population in cities over 10,000 in 1959 is estimated by the League — on the basis of municipal officials' figures — in excess of 6.5 million persons.

Solon Opposed To Giving Ike Quota Powers

WASHINGTON (UPI)—Staff opposition rose today against President Eisenhower's request for power to alter U.S. sugar import quotas for Cuba and other nations.

The chairmen of the Senate and House Agriculture committees planned to offer substitute proposals and a southern senator demanded that Eisenhower assure "drastic reductions" in the Cuban quota if U.S. investments there are seized.

Eisenhower asked Congress Wednesday for discretionary power in the next four years to change sugar import quotas "to make sure that the United States gets the sugar it needs."

The President promised at his news conference not to use the authority to "punish Cuba, particularly the Cuban people or even the Cuban government," which has bitterly attacked the United States.

Chairman Allen J. Ellender (D-La.) of the Senate Agriculture Committee suggested a substitute that would allow the President to change the foreign sugar quotas only when Congress was not in session.

Three Matrons Slain On Outing In Park

OTTAWA, Ill. (UPI)—Police burned through a heavy layer of snow with flame-throwers today in search of clues to the sex murders of three matrons whose bodies were found half-nude in a cave.

Authorities said more than one sex maniac probably was involved in the murders. But they said they had no suspects and few clues.

The women, all neighbors in a fashionable Chicago suburb and wives of prominent executives, died while on a hiking expedition at rugged Starved Rock State Park near here.

Their bodies were found Wednesday in pools of frozen blood, their clothing torn and their skirts pulled over their heads.

"It was a sex crime, the most horrible I've seen in my 19 years as a policeman," said State Police Supt. William H. Morris.

Morris said the only clues were a three-foot long log, a pair of broken binoculars and a dogged camera. All were found in or near the cave and were covered with blood.

The log was regarded as the murder weapon. The camera and binoculars might have been damaged when the women made a desperate effort to defend themselves.

Morris said police would try to find other clues by using improvised flame throwers, fueled by bottled gas, to melt the snow on the canyon floor around the cave.

"We don't know what we'll find but something has got to give," Morris said.

Officials said the women apparently were waylaid while they hiked through the woods Monday. Despite a fierce struggle, they were dragged to the cave—either alive or dead.

An autopsy conducted during the night disclosed all the women had been raped and died of fractured skulls.

The victims were:
Mrs. Frances Murphy, 47, wife of R. W. Murphy, vice president and general counsel of Borg-Warner Corp., Chicago.
Mrs. Mildred Lindquist, 50, wife of Robert Lindquist, vice president of the Harris Trust and Savings Bank, Chicago.
Mrs. Lillian Oetting, 50, wife of George Oetting, general supervisor of internal audits in the accounting department of Illinois Bell Telephone Co.

The three had driven the 90 miles from Chicago to picturesque Starved Rock State Park.

Still Search For 2 Missing Miners

LOGAN, W. Va. (UPI)—Disaster crews searched a vast underground labyrinth today for two coal miners they presume died with 16 companions in the Holden No. 22 mine tragedy.

No one dared to hope either man, missing since March 8, would be found alive.

Rescuers early today were completing the grisly task of carrying the bodies of the 16 known victims from the deep reaches of the mine. Grimy litter bearers walked and crawled for two hours through three miles of partially-crumpled mine tunnel to bring each body to the pithead.

Volcano Spews Lava

PORT MORSBY, New Guinea (UPI)—The volcano on Manam, nine miles northeast of Guinea, erupted with a shattering roar today.

Reports reaching here gave details.

There was no immediate information on the fate of the 4,000 residents of the six-mile island.

Liberalization Of Immigrant Quotas Proposed By President

WASHINGTON (UPI)—President Eisenhower today proposed liberalization of existing immigration laws to do away with racial and nationality restrictions for admission to this country.

In a special message to Congress, Eisenhower proposed immediate action to double the number of quota immigrants now admitted annually. The President said he would raise the figure to some 300,000 by legislation pending for acceptance of one of one per cent of the total population each year.

The President's second major proposal was for special legislation to provide for acceptance of large numbers of refugees from Communist and other countries and those forced to flee homes because of political, religious or racial persecution. The White House explained that it comes from a hardware store we have it. Lewis Hdw. Adv.

Snow Flurries In Forecast

By United Press International
The Weather Bureau predicted snow flurries in the Texas Panhandle today and cooler temperatures for much of the state.

The mercury dropped to 17 degrees at Dalhart early today. This was the overnight low, but sub-freezing temperatures covered much of the state.

Texarkana reported a 28-degree low, Fort Worth 29, Dallas 30 and Midland 31. Lubbock had 28, Amarillo 21, Wichita Falls 24, and Abilene 29.

By contrast, Brownsville reported a mild 58 degrees.

Light rain fell early today at San Antonio, Laredo and along the lower Texas Coast.

Forecasters predicted cloudy skies and cool weather over the whole state through Friday.

U.S. Urges Halt Of Arms Race Into Missile Age

East Still Denouncing West Plan

GENEVA (UPI)—The United States proposed today that the nuclear powers take immediate steps to prevent weapons of destruction from being shot into space.

U.S. Chief Delegate Frederick M. Eaton told the 10-nation disarmament conference the world must move at once to prevent the East-West arms race from entering the missile age.

French Delegate Jules Moch already had outlined the terrifying prospect of an "absolute weapon," a monstrous hydrogen bomb equipped with a missile that could be called in from an orbit in space on signal.

Eaton also urged that missile flights be "audited"—that each nation keep tab of all such flights—so there would be no sneak firings that could threaten another nation.

Insists on Controls
Eaton warned a two-hour session of the conference that the United States would never enter a disarmament agreement unless proper controls are guaranteed from the beginning.

To do so would be "totally irresponsible" and "unrealistic," he said.

Eaton also asked that something be done "soon" about halting the production of fissile materials except for peaceful purposes, and again declared disarmament cannot be carried out at one jump.

"It is not like the birth of Venus," coming suddenly from the sea," the New York lawyer told the conference.

Before the session opened Communist Chinese and Russian propaganda organs denounced the Western disarmament blueprint, scoring the emphasis on controls and saying it was not what the world wanted.

Reds Stand Fast
Soviet bloc spokesmen made lengthy statements in support of the Khrushchev plan. They reiterated constantly that his plan was the only one feasible.

Moscow Radio said the three-stage Western plan made public (See ARMS, Page 4)

Shamrock Filled With Irish Today

SHAMROCK, Tex. (UPI)—The "luck of the Irish" was evident in the weather and the bouncy enthusiasm of the old country was in sight everywhere today as Shamrock celebrated St. Patrick's Day.

It was a mite on the chilly side (temperatures in the low 20s) at daybreak, but by the time the celebrants started clogging the street for a colorful, musical parade splashed with green, the mercury had climbed just like the spirits in their hearts.

For this Texas Panhandle town of around 4,000 souls (and very few Irishmen) was joining for the 22nd time, in the Irish celebration honoring patron saint, St. Patrick.

There was dancing and singing, pretty colleens with shamrocks in their hair, green and white banners lining the streets and a big parade. That isn't all, by any means, but it offers just a sample of how Shamrock and its many visitors were spending the day.

It all started Wednesday night, actually, when the governor of Texas—Price Daniel—and the lieutenant governor of Oklahoma—George Nigh—played a duet performance on an electric organ of the cattle country song, "Home on the Range."

Daniel and Nigh, whose state is just a good Irish jig distance away across the state line, were the principal dignitaries at the kick-off banquet at the National Guard Armory.

Daniel proclaimed today as "Shamrock Day" in Texas and pointed out that Irishmen helped Texas win its independence from Mexico.

Today, there was very little work going on in this town's oil and gas and cottonseed oil industries, or anywhere else, either. It was all just fun as only the Irish can have it.

Suspect Gives Up In KKK Carving

HOUSTON (UPI)—A 23-year-old man who said police sought him as a suspect in the March 7 kidnaping and mutilation of Felton Turner, a 27-year-old Negro, turned himself in to Sheriff C. V. (Buster) Kern today.

But Police Capt. Weldon Waycott of the homicide division denied that he wanted to question the man in the Turner case.

"If some officers were out to his place yesterday as he claims, then they must have been from another investigation division," Waycott said today.

The man was the sixth person named as possible suspects in the attack on Turner. One youth, Ronald Gene Erickson, 18, has already been charged and three others named as accomplices were questioned and released Wednesday night.

The 23-year-old man, who is a chicken farm worker at Livingston, Tex., called attorney Leon Lusk Wednesday night and said police were looking for him.

"He told me a bunch of officers were out at his mother's place yesterday and said they wanted to talk to him about this (Turner) case," Lusk said. "But he tells me he knows absolutely nothing about that case."

FBI Report Shows Crimes Of Violence Are Increasing

EDITOR'S NOTE: An FBI report on crime in 1959 says there was an "alarming" increase in law-breaking last year. United Press International asked FBI Director J. Edgar Hoover to write this dispatch commenting on the report. Following Hoover's statement is a summary of the report.

By J. EDGAR HOOVER
Director of FBI
Written for UPI

WASHINGTON (UPI)—Almost daily, newspaper headlines blare forth tales of brutal violence: mass killings, the slaughter of entire families, the battering of children into lifeless pulp.

These atrocities are not confined to any one section of this nation. They occur with tragic frequency throughout the country. A feeling of terror is inculcated in the hearts of many citizens.

The most recent FBI statistics concerning crime point up the growing seriousness of these violations. Crimes of violence continued to spiral upward in 1959. Aggravated assaults jumped 7 per cent over 1958; murder 5 per cent; rapes 4 per cent. In cities between 500,000 and 750,000 in population, murders increased by a shocking 21 per cent.

These vicious crimes present a grave challenge to the nation today. Law enforcement must have the wholehearted cooperation of every citizen.

Vigorous action must be undertaken by all elements of society. To ignore the threat of these crimes of violence can only lead to disaster.

Here is a summary of the preliminary 1959 FBI crime report, issued Wednesday night, on which Hoover based his plea:

As a whole, major crimes went up 1 per cent over 1958. Robberies and burglaries declined.

Violent crimes against individuals jumped by 7 per cent. In this category, aggravated assaults were up 7 per cent, murders 5 per cent and rapes 4 per cent.

Murders rose by 21 per cent in cities of between 500,000 and 700,000 population.

Arrests of juveniles — persons under 18 years of age — went up 5 per cent. Increases occurred in both large and small metropolitan areas.

Parade Of Irish Despite Snow

NEW YORK (UPI)—The Irish—120,000 strong — will march up Fifth Ave. today despite predictions they will be greeted by snow, slush, sleet and rain.

"It would take an atom bomb or a tornado to blast us off Fifth Ave. today," said Frank D. X. Finnegan, public relations director of the annual St. Patrick's Day parade.

"As long as there's pavement on Fifth Ave., we're going to march."

The Weather Bureau's forecast failed to dampen the spirits of this polyglot city turned all Irish for the day. The marchers know they'll also be greeted by the cheers of an estimated one million "Irishmen" viewing the parade.

TO RIDE IN PARADE — Five members of the Top of Texas Girls Riding Club posed atop their mounts yesterday afternoon while making preparations to participate in today's St. Patrick Day celebration in Shamrock. Nine of the club members left early today for Shamrock to ride in this morning's parade and grand entry of the rodeo this afternoon. Shown, from left, are Marilyn Huff, Connie Kuntz, Virginia Worrell, Pat Bryan and Sue Horton. Not pictured, but who will participate in the Shamrock event, are Linda Akey, Barbara Epps, Jackie Fikes and Zipp Hall. (Daily News Photo)

FOR HAPPIER LANDINGS—Federal funds for airport improvements under fiscal year 1961 allocations are charted above. To be matched generally on a 50-50 basis by local improvement project sponsors, funds were allocated in line with the policy of giving greatest consideration to projects contributing to safety. So says E. R. Quesada, administrator of the Federal Aviation Agency. Data from FAA.

**Challenge
Election Of
Rhee Aide**

SEOUL, Korea (UPI)—Lee Ki-bong, President Syngman Rhee's pick for running mate and apparent, won the vice presidency of the Republic of Korea in violence-marked elections which the opposition promised invalid.

Lee, 63, running on Rhee's Liberal Party ticket, easily defeated Democratic Party's John Chung Chang who won the vice presidency four years ago in a close race.

The 84-year-old Rhee himself had no trouble winning an unprecedented fourth term. He was opposed. The Democratic candidate for president, Chough Yong Ok, died last month. Nearly complete returns gave Lee 8,990,823 of a total 10,539,819. He needed only a third of the vote.

Lee received 7,787,940 to 1,809,879 for Chang. Another 263,440 were declared invalid.

Chang conceded defeat but told news conference:

This is the worst (election) I have ever seen—in the first place because of the number of lives lost. We will file suit with the supreme court to have the election nullified.

Chang said he received reports in Masan that 10 persons had been killed in riots that broke out during the election in the city today.

Official reports said about 20 persons were killed and more than 100 injured. The government put penalties at three killed and 44 injured.

KING ELECTED

USTIN (UPI)—William M. King, state securities commissioner, has been named chairman of the Western States Securities Administrators. Maurice Bullock, chairman of the State Securities Board, said King was elected to post at a recent meeting of administrators in Phoenix.

King also is secretary of the Mid-Western Securities Commissioners Association.

Worthington Sheffield, a dentist, invented the toothpaste tube.

WIRE POWER—Oil for the lamps of China will produce not only light but electricity these days. This is a Russian-built thermoelectric generator, designed to convert heat from a kerosene lamp into electricity by means of a remote Asian press. A series of thermocouples is arranged around the top of the 20-pound device. As they are heated, a small amount of current is generated. Metal plates remove the excess heat.

WARNS OF CONCESSIONS

FT. DIX, N.J. (UPI)—Army Secretary Wilber M. Brucker warned Tuesday against making concessions to the Soviet Union which, he said, continues to strive for the elimination of the free world.

Brucker, here to dedicate the new Walsom Army Hospital, took the occasion to warn that Russian threats had not diminished but appear to have intensified.

CALIFORNIA BOUND

TRENTON, N.J. (UPI)—Gov. Robert B. Meyner leaves Thursday on a four-day political barnstorming tour of California and Arizona.

Schools System Is PTA Study Topic

The system of education in Pampa was discussed this morning in the Sam Houston school cafeteria by Pampa School board members at the last of six study sessions sponsored by the City Council Parent-Teacher Association.

Aubrey Steele, school board president, spoke on the "General Responsibilities, Duties and Privileges of a Member of the Board" and explained the relationship of board members to the superintendent.

"A board member as an individual has no more power than any other person in the community," explained Steele. Members are representatives of the people and therefore represent the desires of the community as a whole.

Steele listed the duties of a school board and explained them in detail. He told how the school curriculum is set up. The state sets up specific requirements and then each school adds the elective courses that are felt necessary. "We do not feel that there is any need for conflict between state and local authorities," concluded Steele.

Board member Warren Fatheree explained "Just How Big A Business Is Our School System."

"I didn't realize just how big a business our school system is until our first and only budget meeting," he explained. The budget for the school system is slightly in excess of two million dollars. Fatheree explained each item on the budget and the amount spent. Local taxes bring in \$1,250,000 and \$750,000 is received from the state. He stated that the cost for each student for a school year is \$321.

"I feel that we are operating from an economic standpoint as well as any other school in the district or the state," stated Fatheree.

He commented that during the past year there has been more interest in school affairs than for several years previous. "This increased interest will certainly keep the federal government from getting a toe-hold in schools. I am very much opposed to the boys in Washington jumping in and taking over the operation of our school. Educating our children is our responsibility and we should take care of the job ourselves," concluded Fatheree.

"We spend \$1,500,000 a year on salaries in our system," stated Elmer Wilson as he explained the salary scale. The state sets a minimum of \$3,200 a year for the holder of a bachelor's degree. To this amount the Pampa school system adds \$600 to bring the starting salary to \$3,800. The state sets the minimum fee for a master's degree at \$4,100, to this amount \$600 is added to bring the total to \$4,700.

The three candidates for the position on the school board were asked to speak on the subject, "Why Am I Running for the School Board?" They spoke in order they filed for election.

Dr. Ray Hampton in stating his platform said, "I have been very interested in education for quite some time. I am aware of problems of both teachers and parents. I'm interested in building a balanced school program, and I heart-

Mainly About People

Glen Ray Howell of Pampa, a freshman in the College of Engineering at Oklahoma State University, achieved the dean's honor roll for the past semester. This honor is awarded only those O-State students who make a B average or above while enrolled in at least 15 college hours.

Healthy, reliable woman needed for nursing and house keeping, 8 to 5, five days. MO 5-2246.

Glynn Shaw, secretary-treasurer of Panhandle Texaco Federal Credit Union, will be guest speaker for Pampa Credit Women's Club Friday 7:30 p.m. in City Club Room. His topic will be "Unlocking the Future Through Credit Life Insurance."

Mr. and Mrs. Howard Lockhart, son, Bill, have just returned from a visit with their son, Pvt. Tom Lockhart, who is stationed at Fort Ord in California.

Local art students of Durd Fitz are planning to attend the private showing of the world's first all-woman art and sculpture exhibition Saturday from two until 8 p.m. in Durd Fitz Galleries, 1710 Taylor, Amarillo. The exhibition will open to the public at no charge. Sunday afternoon from two until 5 p.m. and will remain open through April 11.

Three Pampa students at Texas Christian University have been named to the dean's honor lists for the fall semester which were announced this week. Listed from College of Arts and Sciences are Linda Ann Skewes, freshman religion major, and Mary Kay Waggoner, freshman, major undeclared. From the School of Business was Marilyn A. Fite, a freshman business major. Miss Skewes, daughter of Mr. and Mrs. A. W. Skewes, 1612 Christine, is a member of Chi Delta Mu, Christian service organization on campus, and the "Disciple Student" Fellowship. Miss Waggoner is the daughter of Mr. and Mrs. W. L. Waggoner, 1420 Williston, and Miss Fite is the daughter of Mr. and Mrs. Elmer E. Fite, 1337 W. Hobart.

SHAMROCK BOUND — These 21 Pampans left this morning from the chamber of commerce office, for the St. Patrick's Day celebration at Shamrock. They travelled by chartered bus. Each is wearing an Irish hat and carrying an Irish cane and each has, naturally, a Shamrock on his lapel. The St. Patrick's Day celebration at Shamrock is one of the biggest and most famous of its type in the country. (Daily News Photo)

Ships Collide In Channel

NORFOLK, Va. (UPI) — An American tanker and a Norwegian motor vessel collided in the Hampton Roads harbor channel early today.

First reports indicated there were no injuries and that the vessels were in no immediate danger.

The Coast Guard said the collision between the tanker George Whitlock II and the Norwegian motor ship Orient occurred shortly after 5 a.m. in Thimble Shoals channel.

The smaller New York tanker, a 213-foot, 968-ton vessel, was reported hard aground about 600 yards off Willoughby Bank.

The larger New York tanker, a 213-foot, 968-ton vessel, was about 3 1/2 miles east of Thimble Shoals lighthouse.

The Coast Guard said the Orient had a hole in her bow but was in no immediate danger. The Whitlock had a hole in its forward hold and had leaked 300 barrels of gasoline into the harbor.

Youth Help Asked In Census

WASHINGTON (UPI) — President Eisenhower has called all Americans over 18 years of age to cooperate fully with national census that gets underway April 1.

In a special proclamation Wednesday, he reminded all citizens that it is their duty under federal law to answer all questions applying to their families when the census taker calls.

Fast Recovery Of Stolen Auto

An automobile stolen in Pampa last night was recovered, a 9:45 a.m. today.

Chief of Police Jim Conner, William Frar: Smith, 729 N. 3rd, reported that the car, which belonged to Oscar Hammond, Bernard, was taken from in front of Smith's home between 9:45 and 11:30 p.m. yesterday.

The 1955 Mercury was abandoned about two miles east of U.S. Highway 60 on Price Road.

Guard patrol boat and small craft were in the area to render assistance, if necessary.

"Too much has been said in recent months and years about our school and the good points have been overlooked," stated Bowman. "A lot has been done to improve our school system in recent years, but we don't appreciate them. We take them for granted."

Bowman concluded saying, "We should all co-operate to see that our schools are kept in top condition."

Youths Make Practice Speeches At Optimist Meet

Three boys made practice speeches this morning at the Breakfast Optimist Club meeting at Johnsons-Cafe. They were Harold Hemken, Rickie Goodwin and John Morris.

They are three of the six boys who will participate in the Optimist Club oratorical contest Monday at 7 p.m. at the Coronado Inn. The winner of that contest will go to the zone contest in Lubbock, March 26. There will then be a series of contests which will determine an international winner.

The three boys spoke on "The Voice Of Optimism." That will also be the subject of their contest speeches. All three drew compliments from club members on the quality of their speeches.

Al Smith reported, at this morning's meeting, that a drive for 800 Club membership will begin April 1, and will be conducted as a contest between the Breakfast and Evening Optimist Clubs. (The 800 Club is an organization of persons and businesses who give \$1 a month or more to the Optimist boys work program.)

It was also announced that plans are being made to keep the Boys Club Building open three afternoons a week, and all day Saturday.

Guests at this morning's meeting were Walt Jones and Billy Light.

Forester Speaks At Rotary Meet

Pampa Rotarians yesterday heard Clyde Doran of the U.S. Forestry Service in Amarillo. Doran told of the extensive domain of the Forestry Service, explaining that it had control of 381,000,000 acres. In this immediate area, lakes Marvin and McClellan are under its jurisdiction. A forestry film was also shown.

After being introduced to the club by Fred Neslage, John Gentry was inducted as its newest member.

Visitors and guests were Joe Whitten, Ed Davis, Marvin Cooper, Jim Deaton, E. O. Wedgeworth, Frank Grisham, C. P. Holt, Ralph O'Neil, Graham Short, Rev. Dwayne Bruce, H. E. Haltham, Wayne Clark, William Brooks and W. D. Osborne.

Sitka was the first post occupied by the U.S. Army in Alaska soon after the Territory was purchased from Russia in 1867.

Eaton stressed in his opening speech to the conference Tuesday "we must take immediate action to prevent the extension of the arms race into outer space."

Youth Gang On Rampage

NEW YORK (UPI) — Fifty members of a youth gang stormed a community center last night, fired four blasts with a shotgun and beat four persons, police said.

The attack was laid to a Negro gang called the Jamaica Bishops. About 100 Negro teen-agers were at the Huntington community center at a dance when the attack occurred.

The shotgun blasts were fired over the heads of the dancers, but three girls were beaten and a parole officer slugged by the intruders.

Display cases in the center lounge and windows of the building were smashed.

Three of the attacking gang were caught several blocks away, police said. The gun-carrier, identified as "Peanuts," got away.

SLAIN

(Continued From Page 1)

Blurred Rock Monday morning, arriving in time for lunch. After eating, they put on hiking clothes and went for a long walk in the snow. They never were seen alive again.

Police theorized sex killers followed the women into a box canyon and trapped them there. The area is at the far end of the park, a mile from the lodge and had only one entrance.

The killers apparently used the club and iced to attack the women. The bodies were dragged through the snow to a sand cave set in a cliff five feet above the canyon floor. The bodies appeared to have been deliberately arranged in line at the mouth of the cave.

When the women did not call home as expected Tuesday night, the husbands raised the alarm and a search was organized.

Five boys from a nearby camp for problem adolescents found the bodies. The cave was only a few yards away from a frozen waterfall which the women apparently had walked out to admire.

Two Injured In One-Car Wreck

Two persons were taken to Worley Hospital with undetermined injuries last night as the result of a one-car accident at the intersection of State Highway 70 and Duncan St.

Investigating Highway Patrolman Stan Schneider, said an automobile driven by 25-year-old Benjie Leon Bessire, 409 N. Crest, failed to make a curve on the highway, knocked down a guard post, continued across Duncan St. and struck a telephone pole.

Bessire and a companion, Frances Gerik, 20, were hospitalized. Their condition could not be learned today.

House Ransacked

Police today are investigating the attempted burglary of a Pampa residence.

Chief Jim Conner said Mrs. Don Carpenter, 2118 N. Sumner, reported to the department at 9:30 p.m. yesterday that someone entered her home through an unlocked bathroom window between 8:30 a.m. and 9:30 p.m. yesterday.

Conner said the house was ransacked, but nothing was missing.

Teacher Of Year

WASHINGTON (UPI) — Mrs. Hazel Davenport, a Beckley, W. Va., first grade teacher for the past 28 years, was named Wednesday as McCall Magazine's "National Teacher of the Year."

A naturalized American automatically forfeits his American citizenship when he lives outside the U.S. longer than five years.

Pierce Infant Rites Tomorrow

Graveside rites for Mary Lou Pierce four-day-old daughter of Mr. and Mrs. William T. Pierce, 716 E. Locust, will be held at 10 a.m. tomorrow in Baby Gardens with the Rev. Bill Sparks, pastor of Immanuel Temple officiating.

The infant died at 4:45 p.m. yesterday in a local hospital.

In addition to the parents she is survived by four sisters, Debbie, Marilyn, Carolyn, Lenne; one brother, Roy; grandmother, Mrs. George Miller of Stillwell; and grandfather Roy Holder of Pampa. Arrangements are under the direction of Duengel Carmichael Funeral Home.

Carr Speaks Out Against Wilson

AMARILLO (UPI) — Waggoner Carr today observed Saint Patrick's Day by shaking a political shillelagh at Atty. Gen. Will Wilson.

"The sharply rising crime rate in Texas in the last few years plainly indicates that Texas needs a full time attorney general again, whose first interest is not headline-hunting," Carr said.

Carr, who opposes Wilson's bid for a third term, said "the statistics ... now dramatically confirm how important it is to keep the attorney general's office as a law office, not a campaign office."

"Only twice in modern history has any attorney general gone directly from that office into the governorship, as the present incumbent in that office has been hoping to do this year," Carr said.

Carr said Wilson had neglected "his vital duties for reason of personal political ambitions."

Warm Weather Sprouts Gyp Artists Who Can Take You

By JERRY BENNETT
Newspaper Enterprise Assn.

WASHINGTON (NEA) — Gardening enthusiasts, beware you are not among this year's victims of rackets that bloom in the spring. Federal Trade Commission officials, who protect you against phony advertising and sales practices, warn that a special type of gyp artist starts to blossom in warm weather.

He's the guy promoting all types of fraudulent deals that are guaranteed to beautify your lawn. But the only thing you'll get from doing business with him is a red face to go along with your green thumb.

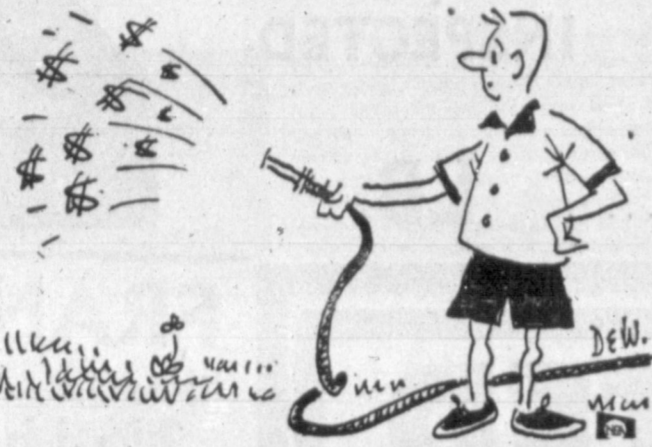

Typical examples of gardening swindles is a so-called liquid fertilizer supposed to keep grass green all year. Of course, there are a lot of good legitimate liquid fertilizers. The manufacturer's advertisement for this one declared that only an occasional spraying was necessary.

Purchasers' first reaction was that they had found the buy of the century. One spraying caused their lawns to get greener instantly.

But as soon as it rained, the grass turned brown. The "liquid fertilizer" was cheap green dye. FTC officials clamped down on another firm that made super no-jamming lawn mowers which were guaranteed to kill weeds simply by cutting them. Investigators found that the "new mowers" were either second-hand cutters with new paint jobs or machines built from old parts.

The mowers had absolutely no weed killing powers and were practically useless even for cutting grass.

Garden swindlers, however, don't

Always operate with printed advertising. Recently several outfits used door-to-door salesmen.

always operate with printed advertising. Recently several outfits used door-to-door salesmen.

The salesmen who knew as much about gardening as desert nomads, passed themselves off to unwary homeowners as landscape artists. Their come-on consisted of drawing a "landscape plan especially suited for your property."

Included with the plan was a list of all types of expensive shrubbery and flowers needed to make the sucker's home the best looking place in town.

Victims often signed an order blank right away. What they didn't know was that all of the salesmen's landscape plans looked alike and that many of the shrubs would not grow in that particular climate.

In several cases, purchases arrived after the planting season was over. Often the shrubs were dead or in such poor condition that planting was useless.

Many gullible gardeners have been taken in by false ads for exotic sounding plants which are supposed to bloom in prac-

tically no time. Other favorite come-ons have promised customers enormous profits from selling what they grow.

But probably the classic gardening swindle involves baby trees. Upon unwrapping their purchases, victims found only dead branches with roots made out of

Promise Of Business Upswing

By ELMER C. WALZER
UPI Financial Editor

NEW YORK (UPI) — Snow, sleet, rain throughout the nation have taken the blame for all sorts of business quirks in recent weeks. And that's why business are looking forward to spring which is due in less than a week.

Cold, stormy weather over many parts of the nation recently has been blamed for curtailment of automobile production, although there have been voluntary cutbacks too as dealers try to get their inventories into better shape. The dealers blame the weather for slowing up in auto sales just as department stores blame it for a decline in their business.

Bad driving weather has sent inventories of gasoline to new record highs and brought sharp inroads into supplies of fuel oil. Construction has suffered from the weather, according to reports, and so have car loadings. Recently some of the railroads got additional piggy-back business because trucks couldn't negotiate the highways.

Some price reductions at retail have been ascribed to the weather as retailers try to get back lost sales by bargain promotions. Even the money market suffered from the recent storms with business loans down a time when a seasonal rise was in order. Not only did demand fall off because of weather but supply was cut in some instances. Farmers couldn't move their livestock to market and this reduced offerings somewhat with a firming in prices noted.

Cold in Florida was reported to have cut supplies of vegetables there with resultant firmer prices. The stock market break which recently carried prices to new lows for more than a year is said to have made for caution among business men.

The sensitive point in this caution has been inventories where there has been a tendency to go easy on heavy buildups.

Business men say they pay no attention to the stock market in plotting the course of their business, but they are doing more talking about the market currently than for some time.

It is noted, however, that prices have been holding steady

old coat hangers.

Charles R. Moore, FTC Bureau of Investigation legal advisor, explains that most nursery owners are highly ethical businessmen. The phonies make up only a fringe group. Thus, he believes that you can usually rely on eye-catching garden ads.

But whenever you are in doubt, he recommends writing your State Agriculture Department, U.S. Department of Agriculture experts in your locality or your county agent. These experts know whether plants can live up to an advertisement's claims.

Left Wing Dems Blast Chairman

WASHINGTON (UPI) — Democratic National Chairman Paul M. Butler, who has weathered many political storms, found himself buffeted from a new direction today—from the far liberal wing of the party.

Sen. Hubert H. Humphrey (D-Minn.) and one of his campaign managers said Butler should resign if the party chief had been making private predictions that Sen. John F. Kennedy (D-Mass.) would win the Democratic presidential nomination.

Butler, who often has heard demands from his Southern critics for his resignation, declined to comment.

Kennedy and Humphrey, both declared candidates for the nomination, will meet in the April 5 Wisconsin primary, the first big Democratic contest in advance of the national convention.

Humphrey and Sen. Eugene J. McCarthy (D-Minn.), co-chairman of his campaign organization, fired at Butler after newspaper stories Tuesday quoted an unidentified high Democratic source. This Democrat was said to believe that Kennedy would win the Wisconsin primary and then go on to win the presidential nomination on an early ballot.

Both Humphrey and McCarthy made clear in statements that they believed Butler was the unnamed forecaster. McCarthy said "has actually been working to promote" Kennedy's candidacy.

Chuckles

United Press International FIFTH COLUMNIST WOODLICH, England (UPI)—Barmaid Kathleen Kelly was fined \$5.50 Tuesday for selling whisky containing an excessive amount of water.

Miss Kelly admitted she is a member of the Pioneer Total Abstiners League.

PRISONER, SCRAPER MISSING MONTGOMERY, Ala. (UPI)—Officials at Kilby Prison disclosed today that burglar Herbert Underwood escaped Monday night by driving from the prison on a huge road scraping machine owned by the state.

Underwood was seen maneuvering the unwieldy machine along a downtown street but neither he nor the road scraper has been found.

this situation is one being watched carefully at the present time in commodities or easing, and this situation is one being watched carefully at the present time for a clue to the future of industry generally.

Anyhow, the stores are buying quantities of goods at wholesale in preparation for a big Easter volume.

Lefors Lions To Sponsor Scout Troop

LEFORS (Sp) — The Lions Club met Monday for a board of directors session at 6 a.m. for breakfast and a meeting of the entire club at 7:30 p.m.

Pancake supper plans were completed for March 25 from 5:30 to 8:30 p.m. in the high school cafeteria. Charles Roberts and Hugh Terry were appointed official greeters for the event.

New officer candidates were announced by the nominating committee. They are Ray Chaastin for president; Fred Blackwell, first vice president; John Archer, second vice president; and Walter Elliott, third vice president. Wayne Wall was nominated as secretary; Jeff Stubblefield, treasurer; R. E. McDonald, tall twister; J. W. Walls, lion tamer; and Alex Sween and B. J. Thacker, board of directors. These nominees will make campaign speeches at the next meeting and be voted on the first meeting in April.

Alex Sween introduced the speaker of the evening, J. Lee, Scout executive for the area, who presented a film, "The Scout Trail," showing Scouts from the Cub to Explorer.

A meeting was held after the meeting of Lions to try to select a scoutmaster. Alex Sween was appointed as liaison between the Lions and Scouts. The club voted to sponsor a Scout troop.

Guests of the evening were Mrs. O. O. Bishop, B. D. Vaughn, and B. J. Thacker, who requested aid and received same to help plant trees in the city park. Other guests were Rev. Woodrow Adcock of Pampa, Lion Latham of Pampa and Norvel Carruth. New members were Charles Robertson, Hugh Terry, and Gene Fort.

Twenty members were present for the board of directors meeting and 68 attended the evening meeting.

BURNS PROVE FATAL

CORPUS, CHRISTI (UPI)—Mary Ruby Moreno, 3, died Tuesday of burns she suffered in a fire at her home more than three weeks ago. She was the daughter of Mr. and Mrs. Mike Moreno. The tot was burned over 90 percent of her body when her clothes caught fire from a gas heater.

SHE CARES—Care of pets is part of the Camp Fire Girls' program. The organization—devoted to the conservation of America's resources—celebrates the 49th anniversary of its founding March 17. This year's slogan is: "She Cares—Do You?"

Wall Street In Review

NEW YORK (UPI) — Record business, stable prices, steady profits and improving dividends are apparently not enough for a bull market that has pushed beyond the normal historical valuations of earnings and dividends, notes Prentice-Hall.

But with more than 13 million people now owning corporate stocks, P-H says in its weekly report on business, a real bear market would have very substantial business and political repercussions. "So it's unlikely that the administration will sit on its hands and let nature take its course in Wall Street."

Prentice-Hall looks for definite moves by the GOP Administration to ease money, spur government public work, encourage more road and home construction and even step up defense outlays.

IT'S THE LAW in Texas

Unanimous

Jury duty is an experience everybody ought to have.

In a criminal case twelve jurors have a duty to do justice—as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The twelve jurors vary in their ability, temperament, character, education, and their experience in the world, and in the question at stake.

Yet a jury made up of both sexes, with wide age and educational differences, jobs and origins must all come up with the same verdict. Upon their verdict much depends—the life or liberty of others, and the public good. So it may take them days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, fairness, patience, (especially toward the jurors who disagree with you), good humor, tolerance, balance, willingness to hear others out and change one's mind, readiness to go over and over the facts to find something to bring agreement. In short, jury duty demands a "decent respect to the opinions" of others.

More and more women share civic duties, especially as jurors. Time was in Texas when women could not serve on juries. They still cannot in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law—the legislature does; and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is considering.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt,"—not imaginary or far-fetched—acquit the accused.

Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Separate Trial Asked For Tregoff

LOS ANGELES (UPI) —Attorneys for Carole Tregoff will attempt today to divorce the attractive models rate from Dr. R. Bernard Finch.

The district attorneys office goes into court to have a date set for the second murder trial of the accused lover, but attorney Robert A. Neeb Jr. said he will oppose having Carole again tried with the 42-year-old physician.

The couple went through a drama-packed three-month trial which ended in a mistrial Saturday when their jury deadlocked, voting 8-4 to free Carole and 10-2 to convict Finch of the July 18-19 slaying.

Neeb said he also would present a formal motion to have Carole freed on bail pending her second trial.

KING COTTON NAMED COLLEGE STATION (UPI)

Harold A. Henk, 22, of Seguin, will be King Cotton at the annual cotton pageant and ball April 8 on the Texas A&M College campus.

LINGERING—Elvis Presley is back in the States but his memory is still vivid to 16-year-old Priscilla Beaulieu in West Germany. Priscilla, daughter of an Austin, Tex., Air Force captain stationed in Weisbaden, was Elvis' steady for six months.

Quotes In The News

United Press International

ST. LOUIS, Mo. — The St. Louis Weather Bureau, apologizing for falsely predicting up to a foot of snow:

"We've no excuse, no alibi, 'We've just missed, can't you hear our sigh?"

"We hope that you may still recall:

"The times we missed it not at all."

SAN FRANCISCO — Pat Ivan Fedotov, one of four Russian sailors who drifted 49 days in a disabled landing craft, describing the ordeal:

"We fought against the danger of death and it made us eager to stay alive."

OLD BRIDGE, N.J. — Richard Combs, stating some day he and his wife will tell their four-year-old foster daughter Alice they nearly were prevented from adopting her because of her IQ:

"Right now we're going to give her all the love and affection and make sure she knows she's wanted."

Secret Ingredients Add Flavor Compatibility

SUCCESS INSURANCE — Pineapple Rum-Tea Punch, Brandy Snaps and Swiss Cheese Crisps combine to make up a party menu with flavors that complement each other. The secret ingredient in the punch is the tea base... in the Swiss Cheese Crisps, it's Switzerland Swiss Cheese... and in the Brandy Snaps, it's molasses. Put them all together to treat your palate to sheer enjoyment.

entertaining with ease can be a pleasurable affair when refreshments are prepared ahead of time. They need not be fancy or fussy, but they should be compatible with each other. For example, a simple party menu could consist of Pineapple Rum-Tea Punch to be served with Swiss Cheese Crisps and Brandy Snaps. Each food contributes the other — and combined they make a perfect team to lead to win friends and influence people. The secret ingredient in the punch is a tea base — in the Swiss Cheese Crisps, it's Switzerland Swiss Cheese and in the Brandy Snaps, it's the molasses.

PINEAPPLE RUM-TEA PUNCH (Makes 20-24 punch cup servings)
 2 cups boiling water
 2 tablespoons loose tea (or 6 tea bags)
 2 tablespoons honey

saucepan heat molasses to boiling point, remove from heat. Mix in shortening. Slowly add flour mixture. Drop by half teaspoonfuls, 4 inches apart on a well-greased cookie sheet. Bake until done about 14 minutes. Remove from oven; let stand a minute, then quickly loosen all cookies with sharp board knife. While cookies are still warm, roll, one at a time, around the handle of a wooden spoon. Let cool on rack. If necessary, return unrolled cookies to oven to soften for a minute. Store in tightly covered container.

SWISS CHEESE CRISPS
 (Makes about 3 dozen cookies)
 1 cup grated Switzerland Swiss Cheese
 1 package pie crust mix
 1 egg white
 Salt
 Nutmeg

Add grated cheese to pie crust mix and prepare according to directions on package. Roll dough 1/4-inch thick. Brush with egg white. Sprinkle with salt and nutmeg. Cut with small bridge cookie cutters or cut in strips 1/2-inch by 6-inches and shape into bowknots. Bake on ungreased baking sheet in a hot oven 425 degrees F 10 minutes, or until crisp and golden-brown.

Casseroles Can Be Different

Casseroles can be different — yes, and so can hamburger. This hamburger casserole featuring prepared all-purpose herb seasoning looks and tastes far more delicious than the average pop-in-the-oven dish. The Golden-Brown Topping formed by the stuffing can be used to glamorize other dishes too.

HAMBURGER CASSEROLE
 1 lb. ground meat
 1 medium onion, chopped
 2 tbs. butter or margarine
 1/2 tsp. salt
 1/2 tsp. chili powder
 1 1/2 cups canned corn, drained
 2 cups tomatoes, cut up
 1 1/2 cups prepared herb-seasoned stuffing
 1/2 cup water
 1/2 cup melted butter or margarine

Brown meat and onion in butter or margarine about 5 minutes, stirring with fork to break meat up. Then, in 2 qt. casserole, combine meat and onion with salt, chili powder, corn and tomatoes. Blend stuffing with water and melted butter or margarine, and sprinkle over top of casserole. Bake at 350 degrees F. 30 to 35 minutes or until

Ten-In-One Chip Dip Offers Endless Variety For Party Entertaining Ideas

With the chip 'n dip innovation now an integral part of all entertaining, busy hostesses are constantly looking for new dips to vary their party fare. Some very interesting dips, particularly tasty with crisp potato chips, are these developed by renowned culinary artist, Ernest Imhof, executive chef for the famous Long-champs Restaurants.

The easy-to-make basis dip has the mellow flavor of Swiss cheese, cream and sweet butter combined with the intriguing tang of nutmeg. And the nine variations that can be made starting with the basic dip, are equally taste-tempting.

THE 10-IN-1 CHIP DIP (Serves 4-6)

1. To 2 1/2 c. of Basic Chip Dip add 1 1/2 tbs. pure of anchovies. Mix well.
2. To 2 c. of Basic Chip Dip add 2 tbs. French mustard. Mix well.
3. To 2 c. of Basic Chip Dip add 1/2 c. finely diced bologna and 2 tbs. French mustard. Mix well.
4. To 2 c. of Basic Chip Dip add 1/2 c. finely chopped egg yolk. Mix well.
5. To 2 c. of Basic Chip Dip add 1/2 c. diced red pepper. Mix well.
6. To 2 c. of Basic Chip Dip add 1/2 c. finely chopped ham, 1/4 c. diced dill pickle and 4 tbs. French mustard. Mix well.

topping is browned. Garnish with parsley, if desired. Makes 4 to 6 servings.

GETTING UP NIGHTS

If worried by "Bladder Weakness" (Getting Up Nights or Bed Wetting, too frequent, burning or itching irritation), Secondary Backache and Nervousness, or Strong Smelling, Cloudy Urine, due to common Kidney and Bladder Irritation, try CISTEX for quick help. Safe for young and old. Ask druggist for CISTEX. See how fast you improve.

Fruit Charlotte Adds Light Touch To Dinner

"Keep it light," is a good byword to have in mind when planning dessert for Easter dinner. The main course is almost certain to be sumptuous and heavy, so a dessert that looks pretty but not too filling is liable to be the most appealing. Pineapple-orange Charlotte is one such dessert that will fill the bill admirably.

The Charlotte has that airy-light chiffon texture that can be achieved so nicely with whipped evaporated milk. The pineapple-orange flavor comes from frozen juice concentrate and the bristly tartness of it is especially refreshing after the Easter feast.

Delightful Way To Serve Lenten Fish

Lent can take on deeper meaning through appreciation of the relationship of this season's foods to those of Biblical times. The Bible often refers to foods, particularly bread and fish. Here is a delightful way to serve the traditional Lenten fish.

CRAB MEAT UNDER A CLOUD SANDWICH

- 6 slices enriched bread
 1/4 cup chopped green pepper
 1/2 cup ery soup
 1/4 cup chopped green pepper
 1 cup flaked crab meat
 2 egg yolks
 1 tablespoon Sherry
 2 egg whites
 1 tablespoon sugar
 1 teaspoon lemon juice
- Trim crusts from bread and place slices on a greased, shallow baking pan. Combine undiluted soup, green pepper, crab meat and egg yolks. Bring to a boil over low heat, stirring constantly. Add Sherry. Spoon mixture over bread slices in baking pan. Beat egg whites until frothy; sprinkle sugar and lemon juice over top and continue beating until meringue stands in peaks. Pipe meringue on top of crab meat mixture. Bake sandwiches in a slow oven (325 degrees F.) about fifteen minutes, or until delicately browned. Yield: 6 sandwiches.

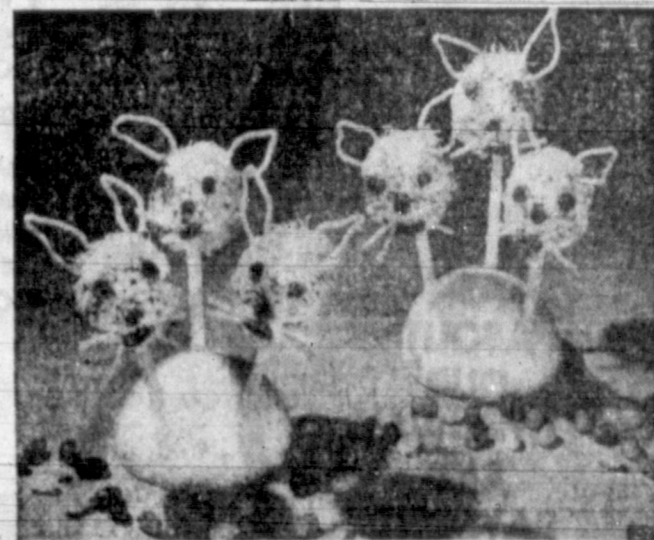

Toffee Ice Cream Is Special-Of-Month

Scotch Toffee Ice Cream, latest development of Meadow Gold Ice Cream Division of Beatrice Foods Co., is being featured nationally in March and April.

As special ice cream of the month, the new creation has been developed to help solve dessert problems during the Lenten and Easter season. It contains both toffee candy and roasted pecans in abundance, lending crunchiness and delicate butterscotch flavor. It is available now in half gallons and pints in stores and at soda fountains.

Measure water into a custard cup and sprinkle gelatin over surface. Let soften about 5 minutes. Place custard cup in a small saucepan with a small amount of water and heat over very low heat until gelatin is dissolved. Meanwhile empty crushed pineapple and juice into a medium size mixing bowl. Add sugar and stir until dissolved. Stir in the thawed pineapple-orange juice concentrate, then the gelatin. Chill until mixture is the consistency of unbeaten egg white. Meanwhile, line the bottom of an 8 or 9 inch spring form pan with waxed paper. Then line sides with lady fingers that have been split and cut to about 2 to 2 1/4 inches in length. When pineapple mixture is of right consistency, add lemon juice to the chilled evaporated milk and whip until milk is stiff and will hold a peak. Fold in pineapple mixture lightly but thoroughly. Spoon into spring form pan and chill until set, about 5 to 8 hours. Unmold on serving plate when ready to serve. Makes 8 to 10 servings.

Easter Fun

Holidays are family days and it's such fun to prepare for them together. Let everyone help make these cute little Bunnypops out of puffed rice. Each bunny seems to have a personality of its own and will cheerfully grace your table come Easter morn.

- BUNNYPOPS**
 Makes 6 lollipops
- 4 cups puffed rice
 - 3 tablespoons butter or margarine
 - 20 large fresh marshmallows
 - 6 skewers
 - 1/2 cup confectioners' sugar frosting
 - 1/2 cup gumdrops
 - 1/2 cup coconut
 - 1/2 pipe cleaners

Heat puffed rice in shallow pan in moderate oven (350°F.) 10 minutes. Pour into large greased bowl. Melt butter and marshmallows over very low heat (or in double boiler), stirring very frequently. Pour marshmallow mixture over puffed rice, stirring to coat all kernels evenly. Grease hands; working quickly mold candy into 6 large balls. Insert a skewer into each ball. Chill balls about 5 minutes. With frosting, attach gumdrops for eyes, nose and mouth, coconut for hair. Insert pipe cleaners for whiskers and for ears.

TWO WAYS TO BAKE THE WESTERNER

GOLDEN WESTERNER Delicately flavored, fresh-tasting cake homemade with Imperial 10X Powdered Sugar.
AMBER WESTERNER Rich & moist with a buttery-catch taste that comes from Imperial Brown Sugar

- GOLDEN WESTERNER CAKE**
- 3 sticks (1 1/2 lb.) butter or margarine
 - 1 1/2 lb. carton Imperial 10X Powdered Sugar
 - 4 eggs
 - 1 Imperial 10X Powdered Sugar carton full of sifted flour
 - 1 teaspoon lemon juice
 - 1 tablespoon vanilla
- Have eggs and butter at room temperature. Cream butter, add Imperial 10X Powdered Sugar, beat till fluffy. Add eggs, one at a time, beat well after each addition. Sift flour 3 times; add gradually to batter. Add flavorings and mix well. Bake in 10" greased and floured tube pan at 325°F. 1 1/2 hours. Cool 4 minutes, then invert pan. Wonderful served plain, with whipped cream, fruit or ice cream. If you wish, spoon Imperial 10X Powdered Sugar lightly into ridges on top of cake.

AMBER WESTERNER CAKE Use one 1-pound carton of Imperial Light or Dark Brown Sugar instead of Imperial 10X Powdered Sugar in the recipe above. Measure the sifted flour in the empty carton of Imperial Brown Sugar.

Fast Growing Firm Sees Continued U.S. Growth

FINANCIAL REVIEW
By ELMER C. WALZER
UPI Financial Editor

NEW YORK (UPI) — American Marietta Company of Chicago has a rosy future for the American economy right through the sixties and half way through the diamond seventies, projecting its future growth. The company sees the 1975 economy nearly equal to two American economies of 1959.

On The Record

photographs, and drawings, printed in four colors with its own inks. Most of the money figures are in 1959 dollars.

American Marietta expects its growth to parallel that of the nation. In the past 10 years its sales have risen from \$34 million to more than \$323 million.

Here is what the company anticipates for the whole economy in the next 15 years:

—Gross national product rising from \$480 billion to \$925 billion.

—Incomes up by 50 per cent to \$9,400 from \$6,450.

—Electricity output tripling.

—Expenditures on construction materials, services and labor aggregating \$1,340,000,000,000 over 15 years.

—Needs in the suburbs alone \$400 billion of residential construction in the next 15 years.

—Industry and government spending more than \$250 billion in research to discover new products and processes.

—Highway construction spurring to handle 111 million vehicles 15 years hence, against 71 million now.

—Cement production doubling present 330 million barrels yearly.

These demands and expenditures are the consequence of a spurt to come in population:

—There'll be 5,900,000 babies born in 1975, against 4,280,000 last year.

—Rise in school-age population will necessitate expenditure of \$36 billion for additional elementary and high school classrooms.

—The market for essentials will rise from \$165 billion to \$274 billion, up nearly 70 per cent.

Discretionary spending will spurt 107 per cent to \$300 billion plus.

American Marietta spent a year preparing the current study as a part of its continuing analysis of the economy.

American Marietta's booklet stresses construction in which it plays a big part. The firm also is widely diversified in such lines as paints, finishes and coatings; adhesives, resins and chemicals; lime and refractories; dyestuffs; printing inks; sealants; metallurgical products; machinery and equipment; and cleansing products.

GRAVEYARD CRISIS
MARKET DEEPIING, England (UPI) — The Market Deeping parish council, noting that the local graveyard was full, voted 27-1 Wednesday to tell the nearby 1,200 villagers:

"Stay alive at all cost. We've nowhere to put you if you die."

COMPRESSED LIQUOR
KNOXVILLE, Tenn. (UPI) — A deputy sheriff, curious about a "funny noise" he heard coming from the air compressor in the home of Henry Jones, investigated and found 64 bottles of illegal liquor inside.

SEVEN STATES
The Tennessee River system flows through seven states: Alabama, Georgia, Kentucky, Mississippi, North Carolina, Tennessee and Virginia.

Washington Window

By LYLE C. WILSON
United Press International

WASHINGTON (UPI) — Miss Clara Neal is one-half of the editorial team which puts out the Kiowa County Star-Review in the short grass country of western Oklahoma.

Clarence Frost is the other half. The Kiowa County Star-Review is published in Hobart, Kiowa County seat. The paper is a weekly appearing on Thursday, \$3 per year in Kiowa and adjoining counties.

"Short Grass Grazings" is the name of Miss Neal's column. It runs on the editorial page just like Arthur Krock's. Like Krock's New York Times column, Miss Neal's makes a lot of sense.

Miss Neal's column and the adjoining editorial a few days ago were devoted mostly to the menace of communism, what might be done about it and how it is aided and abetted in the United States. Miss Neal related that she just had received a copy of a letter written by the FBI's J. Edgar Hoover to all law enforcement officers.

Hoover wrote that public indifference to the threat of communism right here at home is what's wrong. Miss Neal said Hoover put the responsibility right where it belongs, on every American citizen. She added:

"He didn't need to tell us, we already knew, that if anything is to be done, it must be done at the local level, right here at Hobart, and in all the other hotbeds of the United States. There is no other way."

Let the editorial take it from there:

"Oh, you don't know what we are talking about? You want proof you're helping communism and if you are you can't do anything about it? Don't be naive."

"Everybody in this community is the recipient of government largess, simply, that means crop subsidies and countless other welfare state practices. Everybody is trading independence for what he thinks is security. That is exactly what Khrushchev wants."

"What else does he want? Confusion, fear, unrest, inflation, uncertainty and apathy. And most of all he wants our children to learn well the lessons we are teaching them — that the world owes them a living; get yours before somebody beats you to it."

"You don't have to be of very mature age to know how much freedom and security you've given up in your lifetime. You don't have to have much imagination to guess how much more you will give up in the next few years, if something isn't done to stop the trend."

"Some eminent students of history and government see complete American socialism in 10 years; communism in 20. You don't believe it? You wouldn't believe, either, how many people in Kiowa County are on welfare in what the politicians point out as the period of history's greatest prosperity."

"We all know of wasteful government spending. But how many of us refuse to take it when opportunity arises?"

Three dollars a year is a bargain price for the Kiowa County Star-Review.

Phil Silvers Deflated By Show Demise

UPI Hollywood Correspondent

HOLLYWOOD (UPI) — Phil (Sgt. Bilko) Silvers admitted today his successful TV show was cancelled eight months ago without his knowledge, causing him acute embarrassment.

"The cancellation of the Bilko show came as a complete surprise to me," he complained. "After five big years on the air it was killed without anybody consulting me."

"It destroyed my pride. I was startled and hurt by the action, but there was nothing I could do about it."

Silvers, in tinsel town to guest on CBS-TV's Jack Benny special March 19, said the cancellation was partly his fault.

"I was always hearing about how tired I was from all the work but I wanted to retire from the show myself, not have it done for me," he said.

"Still, I can't complain too much. I owned half the show and gave it up for a considerable sum of money in my children's names."

In the past eight months the brash, bald comedian has been learning well the lessons we are teaching them — that the world owes them a living; get yours before somebody beats you to it.

"You don't have to be of very mature age to know how much freedom and security you've given up in your lifetime. You don't have to have much imagination to guess how much more you will give up in the next few years, if something isn't done to stop the trend."

"Some eminent students of history and government see complete American socialism in 10 years; communism in 20. You don't believe it? You wouldn't believe, either, how many people in Kiowa County are on welfare in what the politicians point out as the period of history's greatest prosperity."

8 a.m. to 5 p.m.

The Almanac

United Press International

Today is Thursday, March 17, the 77th day of the year, with 289 more in 1960.

The moon is approaching its last quarter.

The morning stars are Venus, Mars, Jupiter and Saturn.

On this day in history:
In 1867 the government issued the first paper money.

In 1898, John Holland's submarine, said to be the first practical one in marine history, remained submerged off Staten Island, New York for one and three quarters hours.

In 1906, President Theodore Roosevelt, speaking before members of the Gridiron Club in Washington coined the word "muckraker."

In 1940, a ring of professional killers known as "Murder, Incorporated" was uncovered in Brooklyn, N. Y.

In 1942, Gen. Douglas MacArthur arrived in Australia to become supreme commander in the Southwest Pacific Theater.

A thought for today: Theodore Roosevelt said: "No man is justified in doing evil on the ground of expediency."

Brazil's Independence Day is Sept. 7 and celebrates its independence from Spanish rule in 1822.

SIX-PASSENGER CAR OR STATION SEDAN...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 25.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk. Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one... soon.

For economical transportation—**corvair** BY CHEVROLET

Cross-Fire And Backlashes

BY CHARLIE CROSS

ack Woodford, our game warden in Miami tells me if any of you boys want to stock a pond, now is the time to make application for a fish.

ack didn't say just how to go about this, but if you want the information, call or write him in Miami.

ack also informed me they are having their field trials at Cana- this weekend, which kind of used up my plans. I had intended to attend the rattlesnake hunt, Sweetwater, Saturday and Sunday, but now I guess I'll change my mind and attend the trials.

ack said one of the hundreds of boats across the country attract attention this year? Did you inside and thump a hull or two three? Has the happy boating dilly down the street intrigued you with the fun of a watery way of life?

ou're not alone, friend. . . . I'll be joined by hundreds of allies taking to the water for the first time this year. In order to get off on the right foot you'll check out some tips and suggestions as outlined by the Evine Boating Foundation.

ou'll hear a lot of talk about materials that boats are made of, as wood, aluminum, glass fiber, plastics, plywood and canvas. You'll hear more talk about the flat, vee-bottoms and hulls. Usually, there is nothing mysterious or difficult in sorting them out. Once you get an inkling of what they can do and once you've the answer to two simple questions, the rest is easy.

ou want to know what the boat intended in what sort of waters will it used? It is easy . . . easy if you go

to a reputable marine dealer who can turn out a "mated" outfit to suit your needs, give you a demonstration and pass along performance techniques on the various horsepower motors and boats.

You've gone over an armful of literature; Junior or Sis have had their hearts set on water skiing; you've always had a hankering to get off the dock and try for the big ones; and mother has the idea a boat ride is more fun than taking the weekend traffic. The pattern is set.

Take a look at a 14-footer first. If the family fits in it and the 18 or 40 horsepower motor moves you at a good pace — and it will — you've got just one more problem to solve. What color does the lady of the house prefer?

If your family feels a bit crowded in the 14-footer, and you feel all the vitamins Junior is taking will force you into something a bit bigger in no time, look over the 16-footer. This is the most popular sized boat when rigged with a 40 or 75 horsepower motor. Plenty of room to move about and plenty of power to ski or cruise. If you're going to do a lot of fishing and skiing, you might consider an open cockpit area.

They build outdoor boats bigger, too. Some have cabins and others have plenty of cockpit space to stow, relax and even unroll a couple of sleeping bags for the overnighters you may have been planning. An 18-footer with a 75 horsepower motor will handle all the family, equipment and a few neighbors and provide all the thrills the water can offer.

Now after you have made the selection of the boat that best suits your purpose, and you are going to have to transport your boat to suitable waters, your marine dealer can complete the "matched package" with a trailer that will adequately carry your boat and motor.

There is a boat for every purpose and a purpose for every boat. There is the right motor and trailer for the right boat, too, and getting them together so they will form an efficient team is a good deal easier than you think. It comes down to personal preference and, sometimes, pocketbook.

One last word . . . the pocketbook is no problem with the marine financing programs set up by dealers, bankers and other credit outlets. Payments can be arranged as easily as on the new car or television set.

Not that it really matters, but the only person who listens to both sides of the family argument is the woman in the next apartment.

Celtics Take First Game of Playoff

United Press International

he Boston Celtics apparently threw their shot when they said Philadelphia couldn't beat them in it counted.

oston overcame Wilt Chamberlain's 42-point spree Wednesday to defeat the Warriors, 113-107, and take a 1-0 lead in the 16-game Eastern Division playoffs of the National Basketball Association.

he St. Louis Hawks drew first blood in the Western finals by beating the Minneapolis Lakers, 99-92.

efore the playoffs began, Bobby mentioned that Chamberlain would have to be "100 per cent effective" for a Warrior victory. Wilt made it in the scoring mill, but he couldn't top Bill Russell in rebounding as the 6-10, 200-pound Chamberlain in reves, 30-29.

harman was Boston's high man with 25 points.

St. Louis, recalling last year's let by the Lakers in the playoffs, lost little time in wrapping this one.

Boat, Ski Club To Meet Friday

The Pampa Boat and Ski Club will meet Friday at 7 p.m. in the court room of the County Court House. Joe Tipton, concessionaire at Lake McClelland, will explain new lake rules, and a Highway Patrolman will tell about new state boating laws. Two water skiing and sound films will also be shown. All members of the club, and anyone interested in boating or water skiing, is invited to attend.

Orde Wins Jr. Lightweight Title

MANILA (UPI) — Toast of the Philippines today was Gabriel Orde, a hard-punching right-hander and new world's junior lightweight boxing champion. Orde won the title Wednesday night with a spectacular seventh round knockout of Harold Gomes of Providence, R.I.

Orde was one of the greatest up-and-coming boxers in Asia and the Philippines its first world title in 46 years.

Orde, a veteran of 71 fights, met after champion Gomes like a wild bull from the opening bell, knocked the American down three times before finally dropping him in the seventh round for the title.

Harvester Housewife League

United Press International

MANILA (UPI) — Gabriel Orde, 130, Philippines, knocked out Harold Gomes, 128 1/2, Providence, R.I. (7)—world junior lightweight title.

CLEVELAND, Ohio (UPI) — Ike Chestnut, 130, New York, outpointed Honeyboy Jeffrey, 130, Detroit (10).

The Friars, who won 20 of their last 21 games, have been installed a 3 1/2 point choice over nationally seventh-ranked Utah State, which had to go into overtime before beating Villanova in the quarterfinals.

Bradley defeated Dayton, 78-64, Tuesday and is favored by four points to beat the pesky Bonnies.

Providence has gained the crowds' fancy in upset victories over Memphis State and third-seeded St. Louis on the strength of sharp-shooting Len Wilkens and Johnny Egan and the rebounding of 6-10 Jim Hadnot.

The Friars, who won 20 of their last 21 games, have been installed a 3 1/2 point choice over nationally seventh-ranked Utah State, which had to go into overtime before beating Villanova in the quarterfinals.

Pampa Baseball Season Opens Friday

Track Teams Enter Two Weekend Meets

For the second straight week, Pampa High School's track team will split its forces this week. The varsity leaves today for the West Texas Relays at Odessa, and the B team will enter the Lefors Track Meet, Friday and Saturday.

Nine boys will go to Odessa with head coach Dwaine Lyon for the gigantic West Texas Relays, which will be held Friday and Saturday. It will be one of the biggest track meets of the year in Texas.

Thirteen tracksters will go to the Lefors meet, with assistant coach Norman Phillips.

Prospects for making a fair showing at Odessa appear pretty good. Lyon's tracksters have taken advantage of good weather this week to hold time trials, for the first time this year.

"The track is dry now," Lyon said, "and we've managed to get in our first good practice sessions of the season."

Before this week, the track squad had been limited, because of bad weather, to working inside, or outside in sweat clothes in cold weather or on a muddy track. In two varsity meets, Pampa has scored only 6 1/2 points. However, the B team placed third last week in the Gruver Meet with 28 1/2 points.

Making the trip to Odessa will

DWAIN URBANCZYK . . . relay runner

be Steve Dobbin, 880, 440 and mile relays and broad jump; Roy Dyer, 880 and mile relays and high hurdles; Tommy Locke, 880,

mile and 440 relays; Kent Mitchell, pole vault; Sherrill Miller, high jump, 880 and 440 relays; Buddy Rawls, 880 and 440 relays, broad jump, low hurdles; Harold Stokes, shot, discus, 440 relay; Dwain Urbanczyk, 440 relay, mile relay; Charles Warren, High and low hurdles.

Going to the Lefors Meet will be Billy Cooper, pole vault, 110 hurdles and mile relay; Eddie Berry, low hurdles; Robbie Robinson, broad jump, 100-yard dash, 440-yard relay, mile relay; Lucky Dunham, broad jump, 100-yard dash, 440-yard relay, 220-yard dash; Jimmy Boyles, high hurdles and mile relay.

Charles Geise, shot, discus, 100-yard dash, 440-yard relay, mile relay; Roy Webb, high hurdles, high jump; Gerald Been, 220-yard dash; Larry Braly, shot, discus; Danny Mathus, discus; Danny Mahony, pole vault; Riley Waters, pole vault; Billy Hughes, mile

The Short Line

By RED GRIGGS

Deck Woldt's Pampa baseball team apparently has power to burn, and is looking for someone to burn with it.

The Harvesters have had two opening games postponed (last Friday and Saturday) but hope to be able to open on the road this weekend, against Mangum, Okla., and Vernon.

If they continue to hit other pitching as they have their own, they should win quite a few ball games this season. They've been hitting far and often in intra-squad games.

The first intra-squad game was played Friday. It was strictly a varsity vs. B team contest, and the varsity scored a one-sided 15-0 win, getting 18 hits. Almost every man on the varsity team batted in a run.

Another intra-squad game was held Sunday. This time the squads were divided equally, with the same number of lettermen on each team. The score was 5-4 in favor of the "Gold" team over the "Green" team.

Duke Garren, a reserve pitcher last year, starred for the losers both on the mound and at bat. He hurled three scoreless innings, and slammed a triple. Bobby Nutt of the Green team got two hits, including a home run. For the winning Gold, Bobby Stephens, Hutch Crossland and Jimmy Walker each collected two hits.

In another intra-squad game Monday, with the squads again equally divided, the Green won, 5-3. There were two extra-base hits, a triple by Gerrell Owens of the Green, and a double by Larry Stroud of the Gold.

Kippy Williams pitched three innings for the Green team, and struck out six men while allowing only one hit.

Williams and Walker have been proving, so far, that pitchers can hit. Walker is batting a thousand, Williams .667. Both hit pretty well last year — though not quite that well.

The main reason the Harvesters finished second last year, instead of first, is that too many times they couldn't get a base hit when they needed it. Maybe they can remedy that this season.

Except On Sunday Pros Can't Play In Cotton Bowl

DALLAS (UPI)—The State Fair of Texas has spelled it out for the National Football League and its Dallas team—the Rangers.

Beginning next year the Fair will allow no professional football games in the Cotton Bowl on any days but Sundays.

The Rangers were in a scheduling bind for the 1960 season because the American Football League's Dallas Texans contracted with the Cotton Bowl first for prime Sunday dates. The Fair then let the Rangers have six Sunday dates and two Saturday night dates.

The Rangers were in a scheduling bind for the 1960 season because the American Football League's Dallas Texans contracted with the Cotton Bowl first for prime Sunday dates. The Fair then let the Rangers have six Sunday dates and two Saturday night dates.

Thornton said he hoped that the Rangers and the NFL "will not find it necessary to play in the Cotton Bowl on these non-Sunday days in 1960."

"However," he said, "in order to make his position clear for the future and to establish a definite policy for the leasing of the Cotton Bowl stadium, the board of directors of the State Fair of Texas acted to prohibit, beginning in 1961, the use of the Cotton Bowl by professional football teams for regular season league games on any day of the week other than Sunday."

NIT Semifinal Games Slated For Tonight

NEW YORK (UPI)—St. Bonaventure, the surprising unseeded upstart, aimed its high-powered scoring duo of Sam and Tom Stith against top-seeded, nationally fourth-ranked Bradley tonight in the semifinals of the National Invitation Basketball Tournament.

Utah State, the second seeded team in the tournament, meets Providence in the nightcap of the Madison Square Garden doubleheader.

Sam Stith, who has finally glided from the shadow of his more famous All-American brother, has totaled 64 points in the Bonnies' victories over Holy Cross and defending champion St. John's. Tom second to Oscar Robertson in scoring this season, has tallied 51 points.

Bradley defeated Dayton, 78-64, Tuesday and is favored by four points to beat the pesky Bonnies.

Providence has gained the crowds' fancy in upset victories over Memphis State and third-seeded St. Louis on the strength of sharp-shooting Len Wilkens and Johnny Egan and the rebounding of 6-10 Jim Hadnot.

The Friars, who won 20 of their last 21 games, have been installed a 3 1/2 point choice over nationally seventh-ranked Utah State, which had to go into overtime before beating Villanova in the quarterfinals.

Chestnut Wins Over 'Honey Boy'

CLEVELAND (UPI) — Veteran Ike Chestnut, who scored a unanimous decision over youthful LeRoy "Honey Boy" Jeffrey of Detroit Wednesday night, is looking forward to "plenty of action" and a possible crack at the featherweight championship.

Chestnut, 29, said he "ached all over" in the seventh round of the nationally televised bout, when his younger opponent caught him with a left hook to the midsection.

Jeffrey followed with another left hook, which put Chestnut down for the mandatory eight count. This marked the only time either fighter was in trouble.

Chestnut, 130, piled up his winning margin by counter-punching the falling leads of the aggressive Jeffrey.

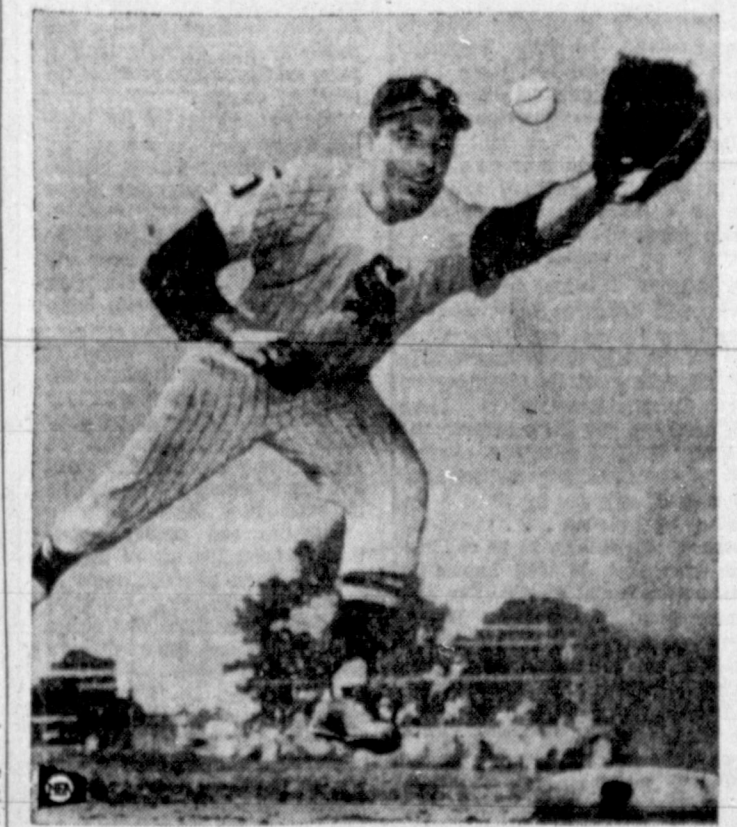

The bout was hastily scheduled Wednesday to replace the Zora Foley-Mike DeJohn heavyweight scrap. DeJohn suffered a knee injury in workouts and the fight had to be canceled.

Ring Results

United Press International

MANILA (UPI) — Gabriel Orde, 130, Philippines, knocked out Harold Gomes, 128 1/2, Providence, R.I. (7)—world junior lightweight title.

CLEVELAND, Ohio (UPI) — Ike Chestnut, 130, New York, outpointed Honeyboy Jeffrey, 130, Detroit (10).

IN THE CLUTCH — The White Sox acquired Gene Freese for the power in his bat, but he'll also have to do a job for them at third base grabbing rifle shots.

Vernon Contest Slated Saturday

Deck Woldt and his Pampa Harvesters baseball team are hoping that the third time's the charm.

The Harvesters will make their third attempt to open their baseball season Friday, at Mangum, Okla.

Previous games scheduled here last Friday and Saturday against Dumas and Mangum were postponed because of wet grounds and cold weather.

Left-hander Kippy Williams is scheduled to pitch the opener against Mangum Friday, at 4 p.m. The Harvesters travel to Vernon Saturday for another game, at 2 p.m. Right-hander James Walker is the scheduled hurler in that contest.

NCAA Finals Start Friday In 'Frisco'

SAN FRANCISCO (UPI) — The last of the "big four" of intercollegiate basketball winged into town today when New York University and Ohio State squads arrived to join Cincinnati and California.

And they all headed for the cavernous Cow Palace to test out the boards in their own official warm-up prior to the opening of the semifinals NCAA competition Friday night.

The schedule for that is: California vs. Cincinnati in the second game.

Ohio State vs. NYU in the opener.

The winners clash for the national championship on Saturday night.

But today not one coach was looking past the opening games.

"All we're thinking about right now," said Pete Newell, California's coach of the year, "is Cincinnati."

The four teams are the "winningest" quartet of college clubs ever to perform in the NCAA championships. Between them, they have lost only eight games, while winning 99. Cal and Cincinnati each have lost only one game.

COLTS SIGN BOYD

BALTIMORE, Md. (UPI)—Bobby Boyd, an all-around backfield star for the University of Oklahoma Sooners for three years, today signed to play professional football with the Baltimore Colts of the National League.

Sneeze Travel

An ordinary sneeze travels two to three feet.

Dressen Feels Much Younger Thanks To Spahn, Redhead

United Press International

Charlie Dressen feels a lot younger today thanks to old pro Warren Spahn and Red Schoendienst.

In fact, the 51-year-old manager of the Milwaukee Braves could have danced an Irish jig after the roles played by Spahn and Schoendienst in Wednesday's 4-2 victory over the American League champion Chicago White Sox.

Spahn, 38, pitched five shutout innings and allowed the White Sox only three hits in his first competitive appearance of the spring while Schoendienst, making his first start since stricken by tuberculosis after the 1958 season, played errorless ball at second base and drove in a run with a fifth-inning single.

Less than a week ago Dressen was blasting the Braves as a team "that hadn't learned much under two previous managers," but he was bubbling with enthusiasm after watching the Braves hand the White Sox their first loss after four victories in the Grapefruit League.

"Those are the kind of performances that make a team look like a world champion," said Dressen. "There's nothing like a couple of old pros to make you look good."

Spahn, a 20-game winner 10 times, wants strong spring showings to persuade Dressen that he should work on a regular once-every-fourth day rotation again this year. Schoendienst, of course, is bidding to make one of baseball's most dramatic comebacks in competition with a squad of lean and hungry kids fighting to win his second base job.

The first no-hitter of 1960 was turned in when Ben Daniels and Jim Umbright pitched the Pittsburgh Pirates to a 5-0 win over the Detroit Tigers in the New York Yankees nipped the Washington

Red Sox, Tribe In 3-Player Deal

SCOTTSDALE, Ariz. (UPI)—The Boston Red Sox, apparently on a youth move, owned a promising new catcher today at the expense of a trade that some observers feel could boost Cleveland to a pennant.

In the deal that brought the Red Sox catcher Russ Nixon, 25, Boston sent ace receiver Sammy White to the Indians along with first baseman Jim Marshall. White, 31, played 10 years for Boston, batting .286 last year, and is one of the top catchers in the majors.

Time-Honored Policy

This is America. It is a great land. It contains a wonderful people. It is now mastered by a mighty government.

Laws Of Society

This explanation, furnished by someone who is not an economist, remains at the present time a superb explanation of the market place.

FIRE HITS SCHOOL

IRAAN, Tex. (UPI)—Fire destroyed a two-story building housing the Sheffield Consolidated High School chemistry lab and woodworking shop Tuesday.

The Pampa Daily News

YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from the government.

Better Jobs

by R. C. HOLLES

'Full Meaning Of Socialism Is Not Easily Understood'

I want to quote from Frederick Nymeyer's article in "First Principles in Morality and Economics" under the above heading.

"The contrasting term to socialism is capitalism. Some might say that the contrasting term is liberalism in the old sense, namely, maximum freedom of individuals (except no freedom to do wrong)."

The Allen-Scott Report

ROBERT S. ALLEN PAUL SCOTT

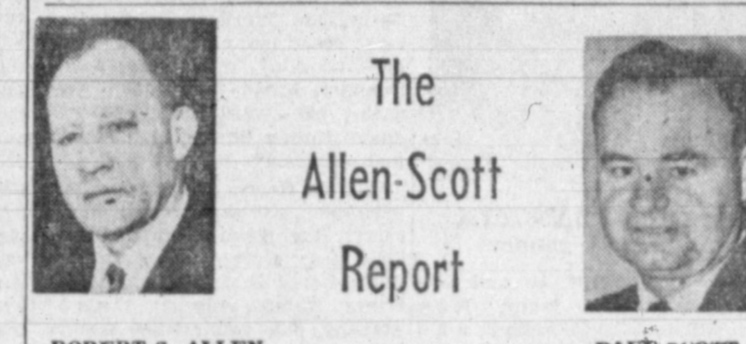

ENCOURAGING NIH PROGRESS AGAINST CANCER, HIGH BLOOD PRESSURE, OTHER DISEASES REPORTED WASHINGTON—Distinctly promising progress is being made in new measures to detect and prevent cancer, to combat high blood pressure and other serious circulatory ailments, and to immunize children against polio, diphtheria, tetanus and whooping cough in a single shot.

These are a few highlights of a dramatic report by the National Institute of Health on notable medical developments in the past year. Other heartening achievements reported by the famed Bethesda, Md., research center include advances in treating arthritis, allergies, glaucoma and controlling the deadly staphylococcus.

These are a few highlights of a dramatic report by the National Institute of Health on notable medical developments in the past year.

"A thoroughbred socialist is one who believes (1) in central control of production, and (2) in equal distribution of both."

He Means "Widen The Splits"

periods up to seven and one-half hours... Tests show that fear mobilizes body fat as emergency fuel for life processes.

The Doctor Says

by EDWIN P. JORDAN, M.D.

"What is the best way of treating hernias?" ask several correspondents. A hernia is merely a defect in a wall of body tissue.

Hankering

By HENRY McLEMORE

Little Early For It, But Here Goes Anyhow

It's a little early in the year for me to be writing my annual column about being on a diet, but I'm on a diet now and when I'm on one it's mighty difficult for me to think about anything else.

I wish someone would tell me why, in a democratic country such as ours, a man isn't allowed to run his own figure.

Fair Enough

Shortest Distance Between Points Is Straight Line

by WESTBROOK PEGLER

Vincent Brogna, a judge of the Superior Court of Boston, is a candidate for the Supreme Judicial Court of the Commonwealth to fill a vacancy caused by death.

Judge Brogna distinguished himself as legal advisor to a pilgrim of dignitaries of the Hodcarriers Union to Bristol, England, in 1932.

Brother Moreschi handed this scroll to an equerry and emitted the lighter-than-air school at Lakehurst, N.J., why, then let him if he gets pleasure from whittling another hole in his belt, why should anybody have the right to stop him? If he looks in the mirror and likes that full moon shining back at him, let him alone.

Quotes In The News

United Press International NEW YORK (AP) — Francis D. X. Neenan, public relations director for the annual St. Patrick's parade, pledging the Irish march despite predictions it would be mixed with rain: "It would take an atom bomb to tornado to blast us off Fifth. As long as there's pavement on Fifth Ave., we're going to march."

FLYING FAN VS. SUB—Even as the race for space heats up, another race above and under the sea goes on. This is the race between constantly improving submarines—nuclear powered and armed with ballistic missiles—and better means of detecting and destroying them. One weapon under study is this fan aircraft, which combines conventional design with a vertical-lifting rotor inside its fuselage. Drawing courtesy Boeing Magazine.

Indian Characterizations On TV Protested By Tribes

By VERNON SCOTT
UPI Hollywood Correspondent

HOLLYWOOD (UPI) — Nowdays Indians no longer go on the warpath. Instead, they send a lobby group to Washington, D.C. Most recent case of unrest among the redmen is an uprising over the treatment of Indians in television and movie westerns. The tribes figure they've been taking a bum rap long enough.

Thus, 19 tribes of Oklahoma redskins have joined together to protest to Congress unfair representation on the nation's screens. Spokesman on the Hollywood reservation for the disgruntled

braves is Mike Ansara, a professional Indian in the defunct "Broken Arrow" TV show and current star of "Law of The Plainsman" in which he plays an Indian peace officer. Mike looks like an Indian, talks like an Indian (not with a forked tongue) and stands like an Indian (tall and straight), but he's not an Indian. He is a Lebanese. "I am in complete sympathy with the Indians on this issue," Mike said forthrightly. "They have been greatly misrepresented. TV shows depict them as skulking murderers, liars, and as having no culture. "These are false impressions and unfair to Indians." Because Mike is something of a hero to our red brothers, he is

kept informed of Indian resentment against westerns. While the cowboys snag off all the arias, the Indians are left with spear-carrying roles in horse operas.

He hinted that some of the rich Oklahoma oil Indians may band together, buy the networks and present a flock of osters in which a wagon train of Sioux or Pawnee are attacked by a bunch of murderous white men.

RATTLESNAKES HUNTED

SWEETWATER, Tex. (UPI)—Rattlesnake hunters from as far away as Massachusetts will participate in Sweetwater's second annual rattlesnake roundup Friday through Sunday. At last year's roundup, 254 hunters brought in more than 3,500 of the reptiles. The annual hunt is sponsored by the Sweetwater Junior Chamber of Commerce.

In 1910, the earth passed through the tail of Halley's comet without any noticeable effect.

Foreign News

UPI Foreign Editor

In the next two months, no major power will be able to make any major move without its being interpreted in some way as being related to the summit.

For this is the summit season which on May 16 will reach its climax when President Charles de Gaulle of France, Prime Minister Harold Macmillan of Great Britain and President Eisenhower meet in Paris with Soviet Premier Nikita Khrushchev. Jockeying for position began last fall when Eisenhower finally gave the go-ahead for summit plans after his famous "Camp David" meeting with Khrushchev. Now the pace has quickened. Chancellor Konrad Adenauer of West Germany is in the United States hoping for unqualified backing of his hard line against the Communists in Berlin.

De Gaulle and Macmillan have had one meeting outside Paris and will have another in London. De Gaulle will visit Washington after playing host to Khrushchev on a pre-summit visit to Paris. Officially unrelated but having an impact upon the summit are other events.

The 10-nation disarmament meeting in Geneva will signal in advance Khrushchev's attitude toward disarmament — whether he will go along with Western insistence on adequate inspection controls before the nuclear warheads are dismantled or will insist on his own less-well defined proposal for world disarmament in four years.

The disarmament conferees will release millions of words upon the weary ears of the world public between now and May 16 but must of necessity wait upon the summit for major decisions.

Khrushchev's visit to Paris may disclose the order in which he will insist that world problems be discussed — Germany first, or world disarmament first, and at the same time establish the relative importance he attaches to each.

As the West moves toward the summit date, it suffers the disadvantage inherent in any negotiations among free nations — the right to disagree.
