\$5 Million Retail Sales Hike Seen For Pampa

Retail sales in Pampa and Gray County in 1961 are expected to be up more than \$5 million over the U.S. Census Bureau's last available figures in 1958.

This forecast of an increase in business in Gray County is made in the year-end estimates by Editor & Publisher's Market Guide for 1961.

The Market Guide shows Pampa has a total of 226 retail stores and in all of Gray County there are 317 retail outlets.

These retail stores in Pampa, according to the E&P figures, will do an estimated \$43,000,000 business against the U.S. Census figures of \$38,229,000 for 1958.

The Gray County estimated retail business for 1961 is placed at \$49,050,000 as compared with the U.S. Census figures of \$43,100,000 in 1958.

Here is a breakdown on the Business Census and estimate figures for Pampa and Gray County as set forth in the Market Guide:

	1958 U.S. Census		E&P 1960 Estimate		E&P 1961 Estimate	
	(\$1,000)	(\$1,000)	(\$1,000)	(\$1,000)	(\$1,000)	(\$1,000)
GRAY	42,100	45,150	45,000	49,050	45,050	48,500
PAMPA	35,200	38,000	38,000	41,500	38,000	41,000

	Number of Stores and 1961 Estimate of Sales (\$1,000)			
	Lbr. Hdwrs.	Gen. Mdx.	Food	Auto
PAMPA	26	1,152	9	1,557
GRAY	17	3,450	9	4,675

JFK, Fullbright Talk Wage Hikes

PALM BEACH (UPI) — President-elect John F. Kennedy and Chairman J. William Fulbright of the Senate Foreign Relations Committee had an opportunity today to air their apparently different attitudes toward a minimum wage increase.

The Arkansas Democrat arrived Wednesday night and was to have lunch with Kennedy at the President-elect's oceanfront villa where he has been organizing his new administration. A Kennedy-Fulbright press conference was a possibility for late afternoon.

When Kennedy met here Dec. 20 with Vice President-elect Lyndon B. Johnson, Speaker Sam Rayburn and Sen. Mike Mansfield of Montana, expected to be the next Democratic leader of the Senate, the President-elect and his leaders put legislation for a minimum wage hike in the forefront of administration plans for 1961.

Fulbright, on the other hand, said before leaving Washington

that he hoped the Kennedy administration would postpone minimum wage action until it "straightens out" its budget and international payments problems.

Other developments: —The President-elect selected Robert V. Roosa, veteran official of the New York Federal Reserve Bank, as undersecretary of treasury for monetary affairs in the new administration. Except for three years of war service, Roosa has been with the New York bank since 1941. He will succeed Julian B. Baird.

—Archibald Cox, a Harvard professor who was boss of Kennedy's academic "brain trust" during the recent campaign, was named solicitor general of the United States, replacing J. Lee Rankin. Cox served in a number of top government legal positions during World War II.

—There was a possibility that Kennedy's pre-inaugural meeting of his cabinet might be held in Palm Beach. No date has been set.

Three WTSC Extension Courses Already Assured For Pampa

Three extension courses offered by Pampa residents by West Texas State College already have been assured, it was announced today by E. O. Wedgworth, Pampa Chamber of Commerce manager. Wedgworth said a sufficient number of persons have signed to take the extension work to assure classes in English 101, Spanish 106 and French 106.

Several other classes have near-

ly enough signers. These include Accounting 231, Art 101, Education 574 and History 201.

Classes are scheduled to start Jan. 24 in Pampa Junior High School and persons interested in any of the extension courses are requested to register at the Pampa Chamber of Commerce office.

Cost of the extension work will be \$30 per course plus a small janitor fee not to exceed \$2 per course.

James Hart, chairman of the Adult Education Committee of the chamber of commerce, said today he was highly pleased with the public response to the extension course offer.

Hart pointed out, however, that it is necessary for at least 20 students to be enrolled before the college can justify offering any one course.

Two Bodies Found After Mine Blast

MORGANTOWN, W. Va. (UPI) — The bodies of two miners were covered late Wednesday night several hours after they were ripped about 1,600 feet from the surface by a gas explosion.

The victims were identified as Truman Burke, 23, and James Arleton, 23, both of Newburg, Va. The men had entered the Sanford-Phillips-Parsons Coal Co. at 8 a.m. along with Sanford Phillips, operator of the mine 30 miles east of here.

Rescue workers brought the bodies to the surface shortly before midnight after struggling through clouds of deadly gas and digging through tons of rock and dirt. Rescue efforts were hampered as crews continually were forced out of the pit to replenish the oxygen supply of their gas masks.

Preston County Sheriff C. S. Straman said the explosion happened about 8:30 a.m. Wednesday, shortly after Phillips had saved a coal-laden buggy to the surface.

Authorities said the blast had triggered a fire but that the men's hands and faces were burned badly, indicating that their burns resulted from the explosion flash. They said the men apparently were killed instantly.

It comes from a hardware store, we have it. Lewis Hdw. Adv.

Saber-Wielding Belgian Police Charge Rock-Tossing Rioters

King Baudouin Returns To Crisis-Racked Land

BRUSSELS, Belgium (UPI) — Mounted gendarmes with drawn sabers scattered rock-throwing rioters today as King Baudouin flew home to a crisis-racked Belgium.

The government massed troops and armed policemen to head off any possible major violence by the Socialist-led mobs that shouted slogans protesting Belgium's "austerity" program.

Baudouin's decision to fly back with Queen Fabiola, his bride of less than two weeks, heightened the tension that has gripped the nation during nine days of strikes.

An estimated 15,000 strikers staged the mass demonstration in Brussels for the second consecutive day.

They marched 16 abreast with linked arms, stretching across the streets. At first they appeared to be heading for the royal palace and parliament building where all demonstrations are permanently banned but they veered away from the forbidden area when they were confronted by powerful concentrations of mounted and truck-borne police.

At each intersection, cordons of Brussels city police, supported by rifle-carrying gendarmes, blocked off streets leading toward the parliament and royal palace.

Military and naval police sentries guarded Premier Gaston Eyskens' office and other ministries. Paratroopers and other soldiers protected main railroad stations and the central post office.

Rocks smashed windows of three banks and another struck a passerby in the face.

In the Rue Royale, the mobs threw a barrage of rocks and iron bolts, shattering windows of the Catholic pro-government newspaper Het Volk. Nearby shopkeepers hastily slammed down their steel shutters.

Violence erupted Wednesday in Brussels, Ghent and other cities, and police used tear gas for the first time to quell rioters.

The demonstrations were ordered to protest tough economic "belt-tightening" measures proposed by the Christian Social-Liberal coalition government headed by Premier Eyskens.

Pick Committee Heads To Serve C. Of C. In 1961

Chairmen for 17 work committees of the Pampa Chamber of Commerce were announced today by Chamber President E. Roy Smith and the executive board of the chamber.

Members of the various committees are being picked this week, Smith said, and the work program for 1961 will be formulated during January.

Names of the chairmen and committees they will head in the coming year are:

James Hart, Adult Education; Foster Whaley, Agriculture and Livestock; Ralph Prock, Aviation; Jack Imel, Convention; Kay Fancher, Fire Prevention, Sanitation and Safety; Paul C. Crouch, Highways and Transportation; Floyd Watson, Industrial Promotion; Frank Culbertson, Industrial Service.

Don Beaman, Legislative and National Affairs; Lou Troja, Merchants' Activities; Joe Fischer, New Business Greeters; Jack Miller, Oil and Gas; Warren Jasse, Publicity and General Information; E. L. Henderson, Public Improvement; A. J. Carubbi, Public Relations; James Gallemore, Sports; and Howard Buckingham, Tourist Development.

PRESIDENT'S RETREAT — For President Eisenhower it was the country club at Augusta, Ga., for ex-President Harry Truman it was the Little White House at the Key West, Fla., Naval Station, but for President-elect John Fitzgerald Kennedy it's this mansion in Virginia.

Armored Car Service Vault Robbery Is Figured — 'Inside Job;' Owner Says 'Certain Party' Guilty

TAMPA, Fla. (UPI) — Fourteen minutes after midnight on Tuesday morning an armored car of the Rasdale Armored Car Service Inc., delivered a load of money to Rasdale's downtown office here.

Twenty-one minutes after midnight a "certain party" with the right key and the right combination walked in and helped himself to an estimated \$400,000 from about \$1 million in cash and checks in the Rasdale vault. He probably had help.

Thirty minutes after midnight the burglar alarm rang.

Forty-five minutes after midnight the last armored car delivery crew of the night arrived and found the office quiet, the vault locked. The crew could not put its load of money in the vault.

It took 30 hours of nerve-fraying waiting and working to find out that Rasdale had been robbed for the first time in its 23-year existence.

"It was definitely an inside job," President E. A. Rasdale said. "It was perfectly planned and timed. These people knew exactly what they were doing."

Rasdale said the "certain party" who entered the one-story corner building had a key to the front door, knew the vault combination and followed the security system to the letter. He telephoned Rasdale's protective service and gave the name and code number of an employe recently fired by Rasdale.

The operator at the protective service called back to double-check. The bold bandit gave the same name and code number, and the operator called police. When officers arrived there was no one in the building, the vault was locked and all was quiet. No sign of a burglary.

Then the wait began. The vault should have opened at 8:30 a.m. but it didn't. The burglar had set

it for its maximum closed time of 72 hours.

Rasdale waited all day for his vault to open. Nothing happened. Late Tuesday night he decided to

summon a crew to batter through the vault with pneumatic jammers. That took five hours and 30 minutes.

On Anniversary

Fidel's Foes Expected To Increase Sabatoge

HAVANA (UPI) — Foes of Premier Fidel Castro are expected to intensify their campaign of sabotage and terror - bombing next week when foreign Communists and other visitors from abroad assemble here to celebrate Castro's second anniversary in power, it was reported today.

Groups from Russia and Red Germany already are on their way here, and a party from Red China is expected to arrive at any moment. Leftwing students

and politicians from various Latin American nations also are expected to take part in the anniversary observance.

The government announced Wednesday that Castro will give a party at Camp Liberty on New Year's Day for 10,000 teachers and 1,000 foreigners to welcome the "year of education" to Cuba.

Anti-Castro saboteurs started a hotel fire and bombed the offices of a nationalized tooth paste factory here Wednesday, causing considerable damage but no reported casualties.

Grand Jury Scheduled To Meet Monday 'Majority Rule' Unit Seeks Kennedy's Aid

The January term of 31st District Court will open in the district courtroom of Gray County Courthouse at 10 a.m. Monday with Judge Lewis M. Goodrich presiding.

District Clerk Helen Sprinkle said today 16 names have been drawn for the January term jury.

Names on the grand jury list from which 12 will be chosen include:

Byron Hilburn, 1101 E. Frederick; T. B. Parker, 508 Barnes; Mrs. W. H. Kelley, Rt. 2, Box 63, Pampa; James D. Skaggs, Star Rt. 2, Pampa; Hazel Crossman, 3501 N. Russell; Bill Tarpley, 1117 Garland; George Neef, 2545 Christine; W. R. Dunn, 1432 N. Russell.

Dale Ladd, Highland Barbershop; Pampa; Orvil Williams, 2204 N. Sumner; Johnny Reynolds, 1116 Duncan; Bessie Lewis, Amarillo Hwy., Pampa; J. R. Sparkman, Lefors; Mrs. Earl E. Atkinson, Box 451, Lefors; C. O. Gilbert, Rt. 2, Pampa; and J. H. Diehl, Box 716, Lefors.

District Clerk Sprinkle said when the grand jurors are seated the judge will consider the entire docket and set cases for hearing. These will include criminal, divorce and civil cases.

The January court term will run until the second Monday in June.

If you have a new home in your future, move with Mayflower MO 4-6825 Adv.

As matters now stand, a minority of one-third plus one of the senators voting can block Senate action by killing attempts to end talkathons. In the House, the same minority can almost always defeat any bill which fails to get approval from the Rules Committee.

Democratic House liberals will meet Friday to map strategy for wresting control of the committee from the conservative coalition of Republicans and Southern Democrats which has dominated it for most of the last two decades.

Speaker Sam Rayburn's backing is vital to the success of the liberal move. Many Democratic liberals still were hopeful they would get Rayburn's support despite his continued silence.

Rep. James Roosevelt, D-Calif., a spokesman for the House liberals, said that it was "perfectly possible" that Rayburn, instead of leading a fight to liberalize the committee, would reach an agreement with Chairman Howard W. Smith, D-Va., that would keep the conservative coalition in control.

Americans Ate Well In 1960

COLLEGE STATION (Spl) — Americans ate well in 1960. Year-end estimates indicate plentiful supplies of food for 1961. The U.S. Department of Agriculture said food consumption for 1960 averaged 1,488 pounds per person based on retail weights of all food products of farms, ranches and fisheries.

Consumption of dairy products led, with 414 pounds per person — the equivalent of about 250 quarts of milk. The total includes fluid milk and all other forms of foods made from milk except butter. It is included in fats and oils.

The fruit and vegetable group — excluding potatoes — was a close second at 409 pounds per person. Potato consumption was 108 pounds per capita.

The third ranking group was meats. The average was 178 pounds per person and included poultry and fish as well as the red meats, beef, pork and lamb.

Consumption of other food groups included 146 pounds of flour and cereal products per capita, 108 pounds of sugar and syrup, 67 pounds of fats and oils, 41 pounds of eggs (about 26 dozen), and 17 pounds of coffee, tea and cocoa.

The department said estimates of consumption per person are based on the disappearance of food products. The quantity of each group is divided by total population.

A hard-working 200-pounder, of course, eats more of the foods than infants, invalids, and older people, yet they all count equally in figuring per capita consumption.

Jobs Needed To Promote Homes Unit

Greater response is needed from Pampa citizens if the \$1,500 goal of Pampa Negroes City Improvement Club is to be reached in an effort to earn enough money to pay the property owners' share of street improvements for a housing project on the South Side.

The colored citizens have appealed for 150 Pampans to supply them with that many \$10 jobs in any kind of work they can do after-noon or evenings.

Mrs. Sam B. Motley, president of the Negro Women's City Improvement Club, said today more help will have to come from Pampa's citizens in the way of supplying work if the money is to be raised.

"We are not asking for donations," Mrs. Motley said "All we want is the chance to work for the money."

Anyone who has work to be done is asked to call Mrs. L. L. Beck at MO 4-8354. Mrs. Beck is coordinating the work and assigning persons to the jobs.

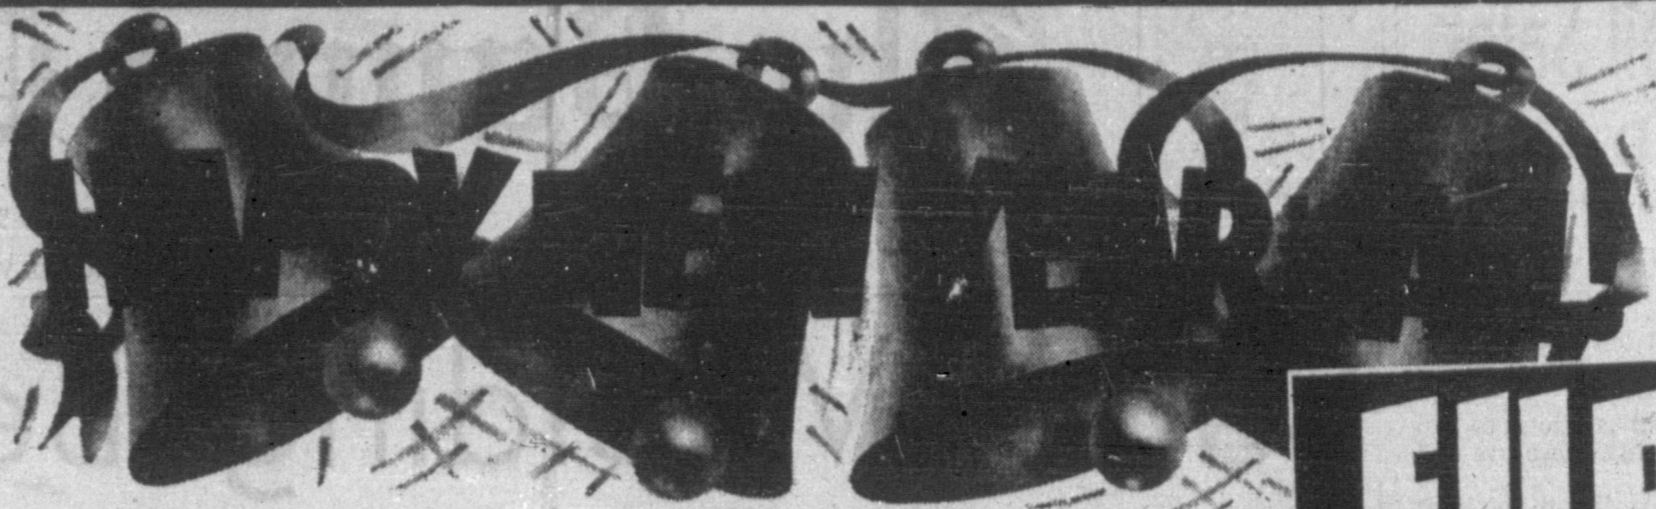

MUM ON PRODUCTION

TOKYO (UPI) — Communist China is remaining silent about the achievement of its 1960 production targets and there was speculation that the plans had fallen short of fulfillment.

The New China News Agency broadcast year-end reports on industry and mining, but they concentrated on preparations for the 1961 plans.

Things To Expect In Congress

This will be the last newsletter written in the year 1960 by yours truly. Since coming to Congress I have written a newsletter each week and forwarded it to the news media in our district. Its purpose is to provide an avenue of thought between the people, who are the government, and Washington, the central location of the Federal government's activities. I hope it has served that purpose. Many letters and suggestions have been received from the people of the 18th Congressional District of Texas suggesting matters to be treated in these newsletters. Let me say again as I have in the past, that these suggestions are most welcome and if anyone would like to have some subject treated in a newsletter, they may be sure that I will do my best to get pertinent information together and include it.

This being the last newsletter of 1960, I think it is well to call to the attention of the people a few of the things that may be expected in the early days of the 87th Congress. Many of these will be matters of repetition. They have been debated and considered in previous Congresses, but have not been written into law. The problems that beset man in the advance of civilization must be solved through legislation. Our government, the strongest and the best ever conceived by man, is a government of laws and not of men. The difficulties in dealing with the problems of man do not stem from a controversy as to whether or not

a problem exists. The problem is usually there and very clear. The difficulty lies in the determination of what procedure, method, plan or program will be used to solve the problem. Questions which must be answered in reconciling the solution to the problem are constitutional, economic, spiritual, moral, national, and international.

Here are some of the problems which we will meet early in the 87th Congress. Whether or not they will be solved in keeping with the several proper limitations will be the subject of vigorous and heated arguments and debates.

PROBLEM: Education
PROPOSED SOLUTION: Federal aid. The first question to be answered is whether or not Federal aid is necessary. The second is the manner in which federal aid, if necessary, will be applied. Education in this country has long been the responsibility of the several states. It is true that some states are poorer than others, resulting in damage to the educational facilities in the poorer states. I think we would all agree that every child in the United States should be afforded the opportunity to get an education. We all realize that you cannot force an education on an individual. Would it not be better to permit the states to retain the responsibility and administration of the educational programs and stay away from an all-out Federal aid program? Certainly it would be more economical to provide some means by which the poorer states could be aided than to open the

Foreign Commentary

By PHIL NEWSOME
UPI Foreign News Analyst

History does repeat itself. Eight years ago in the last week of December, President-elect Dwight Eisenhower was preparing to take over from President Harry Truman.

Soviet Premier Josef Stalin said in a letter to the New York Times that he looked "favorably" on conversations looking toward a meeting with the new president to ease world tensions.

He also said he would cooperate in a new diplomatic attempt to end the Korean War.

"The U.S.S.R." he said, "is interested in ending the war in Korea."

In eight years the world has gone full circle and except for a difference in names and places this is where we came in.

Soviet Premier Nikita Khrushchev hopes for early, close contacts with President-elect John F. Kennedy. Soviet Foreign Minister Andrei Gromyko, tells the Supreme Soviet:

"I am authorized to state that on the part of the Soviet government there is full readiness to promote the all-around betterment of Soviet-American relations."

The Asian hot war today exists in Southeast Asia where Russian air drops and arms flowing overland from Communist North Viet Nam feed the pro-Communist Laotian forces of Capt. Kong Le and the guerrilla fighters of the Communist Pathet Lao.

India especially fears that Laos, whose pro-Western elements are being aided by the United States, could develop into another Korea. U.S. observers do not believe that

Alamo Getting A New Door

SAN ANTONIO (UPI) — The Alamo is getting a new front door. Workmen are repairing crumbling stones and walls of the Texas shrine under the training of architect Harvey P. Smith. Smith said the \$12,000-\$15,000 project will take six to eight months to complete, and will include a new front door.

The door, closely modeled after the original, will replace one installed in 1923.

Clear And Warmer Due For Weekend

By United Press International
The weatherman offered a promise of relief today from a bleak Texas weather picture that included snow, freezing drizzle, fog, drenching rains and 15-degree temperatures spread.
Skies were clearing in the far western tip of the state early today and forecasts called for the sun to begin breaking through the overcast in a slowly eastward-moving pattern between now and the New Year's holiday week end, with a corresponding rise in temperatures.
Heavy rains and fog continued along much of the coastal country, interfering with shipping in the Houston and Galveston areas and dumping up to nearly four inches of rain in the Corpus Christi area.
Meanwhile, freezing drizzle made highway travel dangerous in the mountainous areas of the Trans-Pecos country and the South Plains, while occasional very light snow fell in sections of the Panhandle.
The weather conditions figured in numerous traffic accidents and fog was so dense overnight at times that traffic on the Houston Ship Channel was brought to a standstill.

William Lange Rites Pending

McLEAN (Sp) — Funeral services are pending for William Lange, who was found dead about 4 p.m. yesterday near his home one-half mile northeast of town. He had been in ill health for some time.
Mr. Lange, a farmer, had been working on a water-line near his home prior to his death. He was born May 19, 1879 in Muskogee, Iowa and came to McLean from Iowa in 1928.
Survivors include one daughter, Mrs. Walter Teterman of Los Angeles, Calif.; six grandchildren and one great-grandchild.
Arrangements will be announced later.

Trio Slightly Hurt As Plane Crashes Near Amarillo

AMARILLO (UPI) — Ice forming on the wings of a light plane caused it to crash Wednesday night near Amarillo, but Air Force Capt. Robert Venedebetti, his wife, Agnes, and their four-year-old daughter, Anna Marie, all escaped with minor injuries.
They were hospitalized at the Amarillo Air Force Base. Doctors said they had cuts and bruises, but all of them were in fair condition.
Venedebetti's plane was en route from Wichita, Kan., to Clovis, N. M. He said at first, he thought he was running out of fuel, but it developed heavy ice on the wings of the plane and forced it down.
He was flying a Piper PA22. He tried to land at the Amarillo AFB, but it crashed a few miles east of the field. The plane was demolished.
A wide ground-air search was touched off because shortly before he crashed, he radioed that he was going to attempt a landing in an area near the Pantex Ordnance plant, about 15 miles east of Amarillo.

UN Probes Reported Massacre Of Train Passengers In Congo

LEOPOLDVILLE (UPI) — United Nations officials today investigated reports that passengers on a train attacked in Katanga province were massacred after they were abducted by raiding Baluba tribesmen. A U.N. spokesman said he doubted the reports.
Authorities in Katanga had expressed fears for the lives of some passengers who they said had been kidnapped by the raiders.
A U.N. spokesman said some reports had apparent contradictions in them. For example, he said, the U.N. troops guarding the train were Irish and Moroccan and not Swedish as had been reported.
He said the train was carrying about 100 African school children from Elizabethville to northwestern Katanga for the holidays. He said reports that the train left Elizabethville with 400 people and arrived at Kamina with only 30 survivors were "wildly exaggerated."
First reports of the incident said the train was raided three times by the Balubas of Kasai Province, enemies of the Balubas aboard the train who support Katanga Premier Moise Tshombe, and that 20 of the African passengers had been killed.

Mrs. Bohlander Service Friday

Funeral services for Mrs. Mary Lee Bohlander, 30, will be held at 2:30 Friday in the First Methodist Church with the Rev. W. W. Adcock, pastor, officiating.
Mrs. Bohlander, manager of the mezzanine floor for Dunlap's Department Store, died at 1:10 p.m. yesterday in Worley Hospital after a three weeks' illness.
She was born Oct. 17, 1930 in Fort Scott, Kan. and was married to Merle Bohlander in June, 1947 in Fort Scott. They moved to Pampa six years ago from Stark, Kan. She was a member of the First Methodist Church; also, a member of the Harrah Sunday School Class and of the Sanctuary Choir.
She is survived by her husband and one son, Steven, of the home, 1056 Prairie Drive; her mother, Mrs. Harold Lundberg of San Mateo, Calif.; two sisters, Mrs. Betty Jean Hocke of Kansas City, Mo., Miss Elizabeth Ann McPheeters of San Mateo, Calif.; one brother, Pat McPheeters of Kansas City, Mo.; grandmothers, Mrs. N. A. McPheeters of Fort Scott and Mrs. Edna Potter of Arcadia, Kan. Pallbearers will be Floyd Pepper, J. E. Gunn, R. H. Dyson, E. C. Juenger, W. A. Rankin, Jim Jackson, R. D. Wilkerson, and Jack Skelly.
Burial will be in Evergreen Cemetery in Fort Scott on Jan. 1 under the direction of Duenkel-Carmichael Funeral Home.

Rioters

(Continued From Page 1)
called on Eyskens Wednesday and appealed to him to recall Parliament this week and to scrap the new "austerity" bill.
After consulting key members of his cabinet, Eyskens telephoned the Socialists and said his government's unanimous decision was to reject the demand.
The Socialist leaders, angered by this refusal, ordered the new mass demonstrations and warned that the government alone would be responsible for anything that might happen.
The government's "austerity" plan, which was brought on when Belgium granted independence to the Congo last July 1, has been angrily denounced by the Socialists as an attack on Belgian workers' living standards.
The plan touched off a nationwide strike movement, now in its ninth day, which the government has labeled "insurrectionary" and which has brought life in this country of 8,800,000 population to the verge of total paralysis.

Blasts Rock Oil Center; 8 Are Hurt

BAYONNE, N.J. (UPI) — A series of explosions raged through a petroleum company in this major U.S. oil distribution center Wednesday night and early today, injuring at least eight persons and forcing 300 from their homes.
Police and fire officials said the blaze at the Sun Gas Products Co. apparently started when an empty dump truck backed into a four-foot-high propane gas cylinder. The cylinder burst and touched off a series of eight explosions.
The truck theory grimly paralleled a viewpoint that the costly fire aboard the aircraft carrier Constellation last week at the Brooklyn Navy Yard was started when a fork lift truck struck a tank of diesel oil.
Flames from the explosions climbed 300 to 1,000 feet into the night sky, and cast an orange glow on the Statue of Liberty, about three miles away in New York Bay.
About 1,000 firemen, disaster and rescue workers were sent to fight the blaze, which destroyed the plant as well as 150 to 200 four-foot-high propane cylinders. The fire was declared under control about two hours after the first explosion, but burned for several more hours.
The 300 persons who fled their nearby homes were allowed to return early today, but officials planned to inspect every building to make sure none was in danger of collapsing. They said most of the damage appeared to be glass breakage.
Stanley Buchalski, plant manager, of Chester, N.Y., was critically burned when flames consumed the one-story office building where he had been resting when the blaze started.
The other injured were all in good or satisfactory condition.

14-Year-Old Held For Second Auto Theft This Month

Pampa police reported today an automobile stolen recently from T. E. Mathis, 1105 Juniper, has been recovered.
The car was found abandoned at the side of a service station on Hwy. 60 near St. Francis. Pampa police said a 14-year-old boy has been detained for investigation and turned over to juvenile authorities.
The youthful suspect, Police Chief James Conner said, was involved in another car theft in Pampa this month.

FROZEN FISH balls heated for dunking in a spicy cocktail sauce are served in an attractive foil dish for easy New Year's Eve entertaining. The Alcoa Wrap Kitchens suggest this easy-to-do method for quick and easy buffet service for your party.

**Do You Qualify
As A Holiday
Pastry Waster?**

Why be a pastry waster when it's so easy to use the scraps left over from making those holiday mince-meat and pumpkin pie? Wrap the dough in waxed paper and store it in the refrigerator and you'll have the makings of these elegant pastry appetizers whenever yuletide guests drop in.

To make delicious cheese-flavored appetizers, just roll the dough out on a lightly floured board to about 1/8 inch thickness. Cut into 2 1/2-inch squares. Put a teaspoon of finely crumbled American blue cheese in the center of each square. Bring pastry corners together over these cheese and pinch tightly. Bake at 42 degrees about 15 minutes.

Served warm, these flaky, nippy flavored appetizers taste wonderful with hot punch or your was-sail bowl.

The person who makes a derogatory remark about a religious group shows a lack of tolerance and a lack of simple good manners.

**Welcome New Year
With Carefree Party**

A party welcoming the New Year should be gay and carefree for the hostess, as well as her guests. By taking advantage of time-saving frozen delicacies and aluminum foil, food and decorations can be completed in short order.

For delicious dunking, heat frozen fish balls and serve with a zesty sauce in a fish-shaped foil dish, suggests Alcoa Wrap Kitchens.

Perched on toothpicks are small sharp cheese cubes and shiny black olives — all poised prettily on a fat foil cat.

For the cat, cut a thin slice from a grapefruit, and cover both pieces with foil. Shape foil on smaller piece into pointed ears. Set larger piece on its flat side, and attach the smaller slice with toothpicks. Add two stuffed olives for eyes, and insert small pieces of pipe cleaner for whiskers.

A delicious sauce for fish balls is this:

SEAFOOD COCKTAIL SAUCE

- 1 tablespoon horse-radish
- 1/2 cup chili sauce
- 2 tablespoons vinegar
- 1 teaspoon Worcestershire sauce
- 1/4 teaspoon celery salt
- 1. mix in order given; chill; serve.
- 2. Allow approximately two tablespoons sauce per serving.
- 3. For variety, 1/2 cup finely diced celery may be used instead of celery salt or two tablespoons pickle relish may be added.

To serve the fish balls and sauce attractively, cover inside and outside of an oval dish with Alcoa Wrap. Add another layer of foil, allowing foil to extend beyond ends of dish. Mold this extra foil into head and tail shapes, and decorate with a slice of stuffed olive and strips of pimento.

Arrange heated fish balls around a sauce dish, made by molding a double-thick square of foil over a custard cup. Remove the cup and pinch around the edge of the foil

container. For good luck during the coming year, slide a penny into a slice cut in one end of a lemon. Add toothpicks for legs and two raisins for eyes. Tiny lemon chunks for seasoning fish balls are stuck into lemon with toothpicks.

When festivities have made guests ravenous, let them pick and-dunk to heart's content, and judge the party "one of the best."

Hot Dog Variation
Here's a snappy variation of the proverbial hot dogs-on-bun routine suggested by the Morrell Kitchens. Grind frankfurters and mix with pickle relish and a dab of prepared mustard. Fill split, buttered frankfurter rolls. Bake at 350 degrees about 10-15 minutes.

**Wee Imagination Turns
Economy Dish To Fun**

A little imagination in cooking can turn an ordinary dish into something unusual and fun. Take that favorite budget item, hamburger. Next time you fix it, bake a giant one in a round pan and put some whipped potatoes on top in a spiral shape. This is easy to do when you use instant whipped potato flakes because you don't have to bother with peeling, cooking and mashing potatoes. Just boil the measured amount of salted water, add milk and butter and pour in an envelope of "flavor flakes." Stir gently for a moment then whip. Get out your pastry bag, fit in a medium-sized nozzle and fill it up with the potatoes. Starting in the middle of the patty, squeeze out a spiral design. The whole family will enjoy this appetizing combination of meat and potatoes. To round out the meal, serve some green beans with almond slivers.

Whipped Potato Flakes
Combine hamburger, grated onion, green pepper, garlic, parsley, thyme, tobacco sauce, Worcestershire sauce, mace, pimento, celery and bread crumbs; mix well. Add beaten egg, salt and pepper; blend well. Place in buttered 8-inch round baking pan. Bake in moderate oven (350 degrees F.) for 1 hour. Remove from oven; unmold onto baking sheet. Combine water, chopped onion and salt in saucepan; cover; bring to boil. Remove from heat. Add butter and milk immediately, then Borden's instant whipped potato flakes. Stir gently with fork or wire whip until liquid is absorbed. Whip briskly. Decorate top of meat loaf in a spiral forcing the potatoes

through a pastry tube. Place under broiler until potatoes are lightly browned.

**Sausage Secret:
Keep Heat Low**

Although pork sausage links and patties need thorough cooking, they need not be hard, dry, and flavorless when served. Gentle heat and a heavy skillet help keep these meats tender and moist.

Start pork sausage links in a cold skillet with 2 tablespoons of water. Cover skillet and cook 5 minutes on low heat. Remove cover and drain off water, then continue cooking on low heat until browned and well cooked. Turn links frequently, taking care not to puncture the skins.

Pork sausage patties should be browned on both sides in a heavy skillet. Then the heat should be reduced and the patties cooked slowly about 15 minutes.

Moss Green Flattery

What could be prettier for holiday week than a basketweave wool in mossy green? It's a color flattering to many women.

- Q. What is the name of this cut of meat?
A. Beef Arm Pot-Roast.
- Q. Where does it come from and how is it identified?
A. It is a less-tender cut of beef from the chuck. It has a round bone and cross sections of 3 to 5 ribs. A small round muscle near the round bone is surrounded by connective tissue.
- Q. How is it prepared?
A. By braising. The pot-roast is browned slowly in its own or added fat. The drippings are then poured off, a small amount of water is added, the pot-roast is covered tightly and simmered for 3 to 4 hours, or until tender.

BIGGEST INFLATED BOAT—Odd-shaped "Amphitrite," the largest inflated boat in the world, is powered by eight outboard motors in Nice, France. The craft will be used as a base for another equally unusual vessel, a "floating saucer" submarine designed to be used on sunken treasure hunts.

Idaho Rider Is Closing Race For NFR Title

DALLAS (UPI)—Bob A. Robinson, a stout, tall, black-haired cowboy from Rockland, Idaho, is giving Harry Tompkins of Dublin, Tex., a race to the wire for world champion cowboy honors as the National Finals Rodeo goes into its fourth day.

Tompkins came into the national finals, world series of the rodeo world, with a commanding lead over Robinson of more than \$4,000. But in the first three go-rounds, Robinson has steadily cut that margin.

Wednesday night Robinson grabbed first place in steer wrestling when he flipped his steer in a superb time of seven seconds flat and won \$347 to boost his year's total to \$27,853.

Tompkins managed to win \$217.50 for a third place finish in the bareback bronc riding event to up his total winnings to \$31,609.50. But for the third straight night the 182-pound Tompkins was unseated in the bull riding. He currently leads the rodeo circuit in that event.

Robinson had a chance to move even closer to Tompkins with a good finish in the saddle bronc riding but a big half-ton sorrel named Wine Glass gave the Idaho

Appeal Due On Conspiracy Against Negroes

CINCINNATI, Ohio (UPI)—U.S. Justice Department lawyers today sought a "full-blown trial" of government charges that jobless Negro sharecroppers huddling in a Tennessee tent city are victims of a white conspiracy.

Government lawyers were scheduled to ask the Sixth U.S. Circuit Court of Appeals here to overrule Federal District Judge Marion Boyd of Memphis, Tenn. Boyd rejected the government's charge that white landowners in Fayette and Haywood counties in west Tennessee are evicting Negro tenants who registered to vote.

PRESIDENTIAL SEAL—This new 50-star presidential shield will be installed on the inaugural stands when Senator Kennedy is sworn in as president. Col. John D. Martz holds the shield. He commands the Army's Institute of Heraldics in Alexandria, Va.

Kennedy Gains Hawaii's Vote

HONOLULU (UPI)—President-elect John F. Kennedy has apparently carried Hawaii by 115 votes.

A complete recount of 240 primaries gave Kennedy 82,410 votes to 82,295 for Richard M. Nixon. The results, however, will not be official until action by Congress after it convenes Jan. 6.

Prior to the recount, Nixon had been declared the winner by 141 votes. Both Republican and Democratic electors cast their ballots when the electoral college voted. Congress will rule whether the Republican ones for Nixon or the Democratic votes for Kennedy are to be accepted.

ANNOUNCE PAY HIKE

HOUSTON (UPI)—Humble Oil and Refining Co. has announced a five per cent pay raise for its non-union employees and has offered a similar raise to union workers. The raise amounts to an increase of 14 cents per hour for hourly-paid workers.

Wall Street In Review

NEW YORK (UPI)—The odds have swung strongly in favor of a rising stock market throughout most of 1961, according to Clark, Dodge & Co.

Technical and credit factors point clearly in this direction, it says, and should be joined by improving business before the new year has lasted very long. In fact, business may start its upturn late in the first quarter.

Roger E. Spear, president of Spear & Staff, Inc., predicts that 1961's low for the Dow-Jones industrial average will be in the 570-600 area and will occur in the first quarter. The high, he says, may be 670-700 in the third quarter.

Lefors Credit Union Slates Yearly Meet

LEFORS (Sp) — The Lefors Community Federal Credit Union will hold its meeting in the high school cafeteria, at 7 p.m. Saturday, Jan. 7, according to Arthur Hammer, president.

Ray Helmer of Midland, field representative of the Texas Credit Union League, will be principal speaker, following a chili supper.

The affair is open to the public. Entertainment will be furnished by the Roy Fields string band.

New officers will be elected, as will a credit committee and board of directors.

Lefors Lions Talk Conference Plans

LEFORS (Sp) — The regular Monday Morning meeting of the Lion's Club Board of Directors in the Civic Center, with Ray Chastain, president, in charge.

Discussion was held on the Mid-winter conference to be held at Amarillo, Jan. 14-15. Anyone desiring to attend should contact Ray Chastain.

The regular club meeting was held at 7:30 p.m. the same day with the flag salute given by Alex Swenn, and the invocation by J. R. Sparkman.

Present for the morning meeting were Chastain, Boyd Beck, J. P. Bussell, Charles Roberts, David Robinson, Floyd Chitwood, Jack Thacker, Walter Elliott and Warren Wall.

Chuckles

PLEASE DON'T POINT
LONDON (UPI)—Tourists to the British colony of Sarawak in Borneo are advised in a colonial information leaflet not to scare snakes.

"Stand aside politely," the leaflet urges, "and give the snake a chance to move away. Do not stare or point. Snakes do not like that."

WHY CHANGE?
SWAINSWICK, Eng. (UPI) — Mrs. Harriette Fletcher angrily went ahead with birthday plans today although a check of records showed she was born Dec. 28th. "I've always celebrated on the 29th and I see no reason to change now," she said. "Mrs. Fletcher is 100."

ALL IS FORGIVEN
MONTGOMERY, Ala. (UPI)—John B. Thomas asked the Missing Persons Bureau here Wednesday to locate his brother-in-law, David Johnson. He said Johnson left town four years ago to avoid paying a \$1 traffic ticket.

DOUBLE RELATED—Two roommates married each other's brother in a double ring ceremony in Memphis, Tenn. Virginia Gordon, 20 (left to right), Wallace Donaldson, 25, James Gordon, 24, and Virginia Donaldson, 19, posed at their wedding. Gordon married Miss Donaldson, and Donaldson married Miss Gordon, each thus becoming his bride's brother-in-law.

LEAVE TAKING—The leaves of brown came tumbling down, all right, and they provided this picturesque blanket in Memphis, Tenn. Pre-winter breezes stripped the leaves from the trees and sent them swirling down, to cover auto, street, lawn and almost the entire city.

HIS LUCK'S STILL GOOD—At the opening of "Cimarron," in Oklahoma City, Okla., two of the movie's stars were on hand. Maria Schell (left) and Anne Baxter are shown kissing J. A. Williams, 99, who was really at the opening of the Oklahoma Territory, which is depicted in the new film. He was one gentleman on hand who really knew first-hand what the story was about.

DRAWING POWER—An actress who is handy with brush and easel, Dolores Hart tried her hand at sketching a statue in Rome. Dominating St. John Lateran Square is a bronze statue of St. Francis of Assisi. Dolores is playing a featured role in a movie based on the saint's life.

PICTURE NEWS

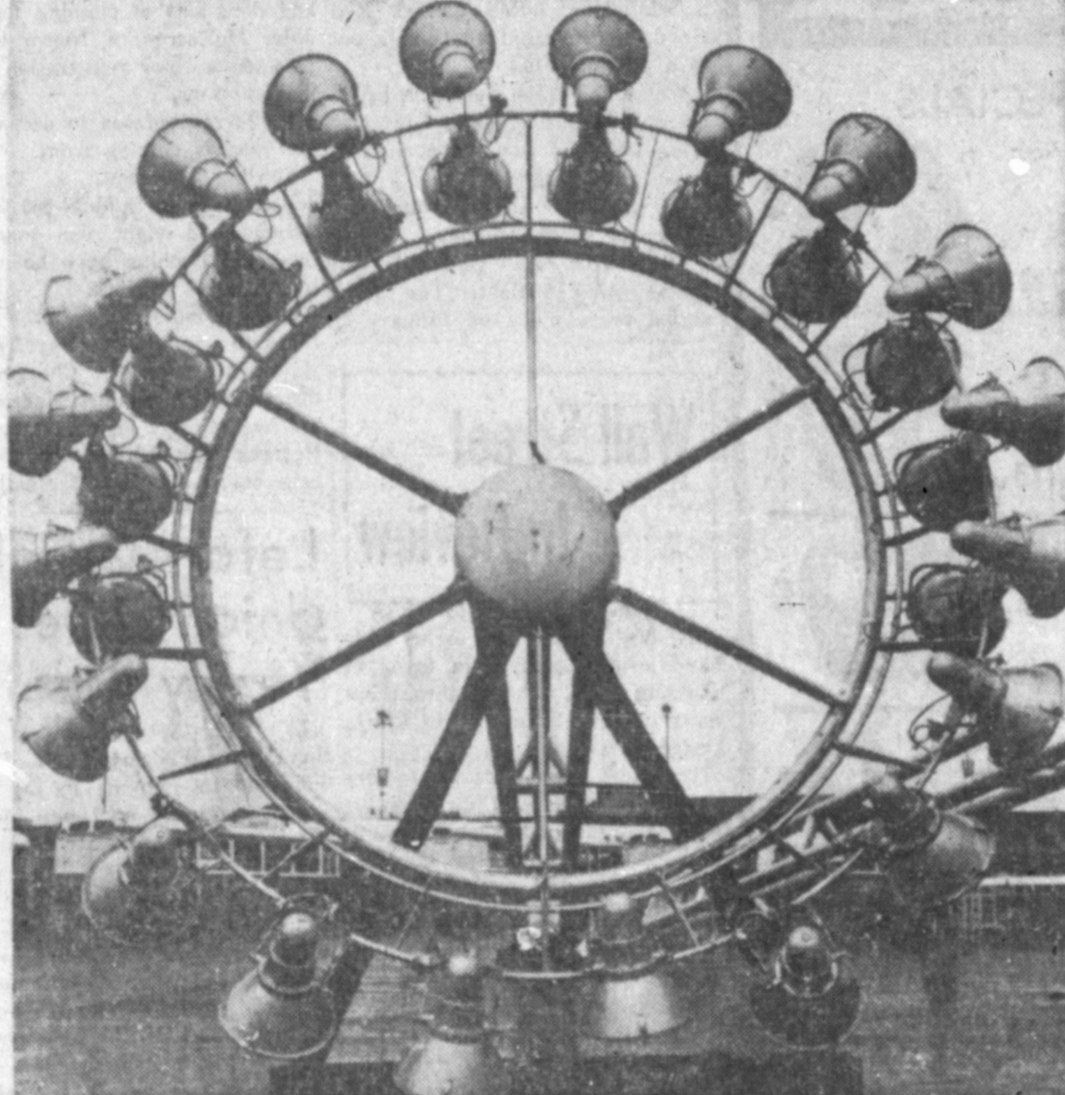

AROUND THE WORLD

SHE'S IN TROUBLE—That's apparently what cute Pat Nelson has let herself in for as she guards the stockade at the Deer Ranch in Florida's Silver Springs. Looks like she's having Indian trouble, too, or perhaps she's on the hunt for her Christmas turkey with all that help.

SHIP TO SHORN—In the shade of an umbrella, a waterfront barber plies his trade on the beach at Lagos, Nigeria. In the background, another type of "clipper" rides at anchor in the harbor. The big, modern vessel, symbolic of Nigeria's growth in the world of commerce, provides a contrast with the primitive enterprise on the muddy beach.

LIGHT PINWHEEL—A pinwheel pattern is formed by a multi-light fixture being installed at Orly Airport in Paris. Seen from the top as it rests on its side, the fixture consists of lamp housings that will spread a circle of light when upright.

TOP HEAVY—Business moves ahead at Santiago de Compostela, Spain, where this barefooted woman carries a towering pile of boxes on her head. Like all women in that area, she has been taught from childhood to balance heavy and unwieldy loads.

HOPE AND REASON—Rebuilding the world will be the task of today's children if nuclear war should come in our time. These youngsters in Topeka, Kan., are practicing survival methods, crouched in a school hallway with hands shielding heads during a Civil Defense test. As sirens wailed, some 31,000 children left their desks and took shelter in the comparative safety of the halls, presenting photographers with moving scenes like this one.

TOP HATTER—Just voted the best-hatted young actor in Hollywood, John Saxon has his hands full of miniature Yorkshire terriers, which he raises as a business. The pups make a lucrative sideline from acting chores.

ONLY A ROSE—A single flower sits atop the head for evening glamor. Based by a tiny black velvet pillbox and stiff fishnet veil, the small, trend-setting hat is typical of wares offered at budget counters.

HER VERY OWN—Fashion consultant-designer Livia Sylva is wearing one of her own designs of gold and fuchsia brocade at her salon in New York City. The charming young lady is the best possible model for her own creations.

SPACE SUITED—A passenger well protected against the possibilities of a bumpy flight, this 17th Century suit of armor got a sendoff from a member of the ground crew at the airport in Miami, Fla. The suit of armor was flown from a museum there to Mexico City for Gen. Adolfo Leon Osorio, an outstanding authority on the history of arms and armor. The airlines flight bag provided the "iron man" with a carrier for his spare parts.

HOW COME?—Bullets, a pooch in Austintown, Ohio, is really astonished at sight of that enormous fire plug, and he is sure somebody is kidding. No one seems to know why the 63-inch-high plug was adjusted so far above the ground, but Bullets would like to have an answer to the question that is bothering a lot of folks.

CARRYING ON—Taking the small fry with them wherever they go is a cinch for Mr. and Mrs. Edward Remington, who are toting the kids papoose-style in Washington, D. C. Robert, 4 months, and Melody, 18 months, ride along in chrome and canvas seats which enable an adult to carry a child weighing as much as 45 pounds.

NEW CAREER—Songstress Lisa Kirk is deserting the night club circuit because, she finds, the patrons "are suffering from entertainment fatigue." She's concentrating now on recordings and an acting role in the TV series, "Stagecoach West," as stepping stones to a stage and movie future.

Half Million Texans Are Over 65

COLLEGE STATION (Sp) — Texas' population now includes more than half a million persons over 65 years of age. This, according to Reagan Brown, extension rural sociologist, represents about seven per cent of the total population or about one out of 11.

The sociologist says the increase has caused leaders in many towns and rural communities to take a longer look at the situation. Interest is growing in programs aimed at helping these senior citizens. Brown points out that research studies have and are furnishing valuable information for planning work.

The older persons prefer to live as independently as possible and in familiar surroundings among friends and associates. They like to be near married children or grandchildren but live to themselves. Elderly persons like to be where they can watch adults work and children play instead of with aged people only.

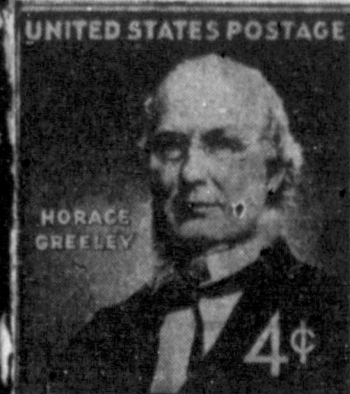

Most older farm folks like rural surroundings with open spaces, room for animals, or where they can garden and watch things grow, says Brown. But they don't want to be isolated. They'd like to be in walking distance of relatives, church and shopping facilities; have help if needed and be out-of-doors when weather permits.

But most important, Brown emphasizes, older folks want to feel needed and have an opportunity to carry on a useful day-to-day schedule of activity.

Alexander Ramsey, the first governor of Minnesota, also headed the state's first iron mining firm, the Mesabi Iron Co., organized in 1882.

CONTESTANT—Nancy Hom, 19, is the first contestant accepted in the "Miss Chintown, 1961" beauty contest. Winner will be crowned during Chinese New Year, Feb. 18, 1961. Nancy is a recent graduate of City College of San Francisco.

EDITOR—The likeness of publisher and editor Horace Greeley which appears on this "Famous American" stamp is based on a photograph by Matthew Brady. The likeness was engraved by A. H. Ritchie in 1864. It will be placed on sale Feb. 3, 1961, in Chappaqua, N.Y., where Greeley lived for many years.

Pilot Finally Realizes Dream; Named To Top Job

WASHINGTON (UPI) — Little Jim Swindal used to stand beside the Birmingham, Ala., airport near his home watching the big planes take off and land and dreaming of the day he would be in the pilot's seat.

But after graduation from high school, where he was a guard on the football team and a pitcher on the baseball squad, Jim took a more mundane job—in a steel mill.

Then came Pearl Harbor. The day after the Japanese sneak attack, he enlisted as an Air Corps cadet.

Now, after 19 years, many wartime and cold war missions, dozens of VIP flights and 11,500 hours in air, Lt. Col. James B. Swindal has been given the supreme assignment of an Air Force flyer—personal pilot for the president.

Of the people who live in northern Minnesota's mining communities, only one man in seven actually works in the mines.

NOTICE TO DEBTORS AND CREDITORS

The State of Texas, County of Gray, To Those Interested in the Holding Claims Against the Estate of Beatrice V. Hagan, Deceased, No. 2466, in the County Court of Gray County, Texas, Probate Matters:

The undersigned, having been duly appointed Executor of the Estate of Beatrice V. Hagan, Deceased, late of Gray County, Texas, by the Judge of the County Court of said County on the 17th day of December, 1960, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence, 1208 Christine St., in the City of Pampa, County of Gray, State of Texas, where he receives his mail.

WITNESS my hand this 15th day of December, 1960.

R. J. Hagan, Executor of the Estate of Beatrice V. Hagan, Deceased.

December 15 - 22 - 29 - January 4

ORDINANCE NO. 554

AN ORDINANCE ORDERING AN ELECTION AND SUBMITTING THE PROPOSED HOME RULE CHARTER TO THE QUALIFIED VOTERS OF THE CITY OF PAMPA, TEXAS.

SECTION I.

WHEREAS, the Charter Commission heretofore duly established as provided by law has submitted a proposed home rule charter for the City of Pampa to the City Commission and has fixed the date for submission of said proposed home rule charter to the qualified voters of said City at an election to be held on the 21st day of January, 1961, and has determined that it is not practicable to submit the charter by section, article or subject, but should be submitted as one question to the qualified voters for the reason that the proposed charter is so framed or constructed that in order to enable it to properly work and function it is necessary that it should be adopted in its entirety.

SECTION II.

In compliance with the date fixed by the Charter Commission, and under and by virtue of the City Home Rule Amendment to the Constitution and Enabling Statutes of the State of Texas, a special election is hereby called and shall be held on the 21st day of January, 1961, in the City of Pampa for the purpose of having the qualified voters pass upon said charter, therefore, at said election there shall be submitted to the qualified voters of the City of Pampa the proposition: "Shall the Charter framed by the Charter Commission be adopted?"

SECTION III.

The official ballot shall conform to the applicable provisions of the Election Code of the State of Texas, and shall read substantially as follows:

OFFICIAL BALLOT

DIRECTIONS: To vote for the adoption of the Charter mark out the word **AGAINST** to vote against the adoption of the Charter mark out the word **FOR**.

PROPOSITION: Shall the Charter framed by the Charter Commission be adopted?

FOR the adoption of the Charter. **AGAINST** the adoption of the Charter.

SECTION IV.

The polling places and the Presiding Judges, the Judges and Clerks for each ward shall be as follows:

WARD 1: At City Hall, Foster Avenue at Russell Street. DeLea Vicars, Presiding Judge; W. A. Rankin, Judge; Mrs. C. R. Coble and Mrs. John Kelly, Clerks.

WARD 2: At Wards Cabinet Shop, 222 South Starweather Street. Mrs. Earl Taylor, Presiding Judge; Mrs. J. H. Trotter, Judge; Mrs. Chas. Broxson and Mrs. O. G. Hawkins, Clerks.

WARD 3: At South First Street, 1016 South Barnes Street. H. H. Boynton, Presiding Judge; Mrs. B. B. Altman, Judge; Mrs. Shirley Nichols and Mrs. St. Crump, Clerks.

Said election shall be held in the City of Pampa, Texas, between the hours of 9:00 A.M. and 7:00 P.M. on said day of January 21, 1961. Said election shall be governed by the applicable provisions of the Election Code of the State of Texas, and all qualified voters of said City shall be entitled to participate therein. Said election officers shall make their return of the results of said election to the City Commission, showing the total vote, the affirmative vote and the negative vote on said proposition, together with the Tally Sheet and Poll List, prior to the meeting of the City Commission to be held at the City Hall on February 7, 1961, at 9:00 o'clock A.M.

SECTION V.

A copy of this order of election, duly certified by the City Secretary, shall constitute notice of the election, and same shall be posted at the polling places set out in Section IV above, and published one time in a newspaper published in said City not less than thirty days prior to the date of the election.

SECTION VI.

Not less than thirty days prior to the date of the election the City Secretary shall mail a copy of the proposed charter to each qualified voter in said City as appears from the tax collector's rolls for the year ending January 31st, preceding said election.

PASSED AND APPROVED on first reading this 13th day of December, 1960.

Financial Review

NEW YORK (UPI)—A professional peek at the stock market through a crystal ball reveals general optimism for the coming year.

But, while the Wall Street forecasts look for an upswing in stock prices in 1961 they do not expect a runaway market.

Walston and Co. and Spear and Staff, Inc. look for the Dow Jones industrial average to reach a high of close to 700 in 1961, an advance of about 14 per cent from present levels and about 20 per cent from the October, 1960 lows.

Edmund W. Tabell of Walston and Co., said the market is too high on the fundamentals of earnings and dividends to expect another sharp rise on top of the 200 per cent rise from 1949 to 1959. He did note, however, that many individual issues today are undervalued.

Sidney B. Lurie of Josephthal and Co., said the market faces the same internal price depressants that existed this year, including the absence of an inflationary stampede to equities and the new competition from senior securities.

Above all, Lurie declared, the stock buying public has become a nation of "economic hyprochondriacs." New concepts of value-high on the fundamentals of earnings and dividends to expect another sharp rise on top of the 200 per cent rise from 1949 to 1959. He did note, however, that many individual issues today are undervalued.

plained, with everyone wanting the stocks with a story. "No one wants the stock market's problems children, and the companies which lack claim to special growth are penalized by inattention."

While selectivity therefore will remain king, Lurie said two facts cannot be overlooked: —Next year's speculative favorites will differ from 1960's "high flyers." There are some sins of commission and omission to be corrected.

BROWNSVILLE'S CHARRO DAYS — There is fun and gaiety for all when Brownsville stages its giant four-day Charro Days Fiesta and this little charro is as adept with a rope as he is with a greeting to visitors and guests. The 1961 Fiesta will be held Feb. 9-12 in Texas' southernmost city on the Mexico border.

Army's Language School Stirs Civilian Interest

By WARD CANNEL
Newspaper Enterprise Assn.

MONTEREY, Calif. (NEA) — There are signs of a big change coming for our school kids — and it's about time.

According to Col. James Lawton Collins Jr., commandant, the Army Language School at Monterey is now under heavy siege by civilian school administrators who would like to know the Army's secret of phenomenal success.

After only two World Wars and the threat of a third, most public school men are on the verge of conceding that foreign languages can be used for communicating with all those poor folks who are not lucky enough to understand English.

Col. Collins reports that more than a thousand civilian observers — most of them in teaching — are coming to this out-of-the-way, tongue-training center yearly.

Requests for help in revamping public school courses pour in daily. More than a few of the Army's instructors are being lured away to head language departments in progressive municipalities.

Behind this siege of Monterey lies a big switch in public thinking about language education. As one former Army language instructor puts it:

"Most public school and college graduates until now have been well-trained as translators or researchers in foreign language libraries. They may not be able to speak the language they've learned, but they know a lot about it."

Proof of public education's need to change can be seen in the grade books Army instructors keep.

Students who have had previous school or college study in their assigned language may be ahead

of their Army class at the outset. But after the first few weeks, it's anybody's guess who'll be in the top half of the class.

Of the 2,000 men the Army school graduates yearly in 28 languages for military or diplomatic work, experts say almost 80 per cent are fluent enough to settle down and go into business in their assigned countries.

Not so strangely, U.S. business and industry are pushing public education to change its grammar book approach for the Army's way of language instruction.

According to a recent study of American interests overseas, of the 30,000 civilians (and their families) who go abroad every year to represent their firms, one-third fail and have to come home. The reason: language problems and attendant culture shock. The annual cost of this waste is at least \$60 million.

For once, even former draftees admit, the Army way is better and — amazingly — simpler than we're used to. These are its key points:

If you're learning for fluency and communication, you have to listen and speak — person to person. Tape recorders, language laboratories, microphones and sound-proof study booths may help. But they don't replace conversation.

Lefors Schedules Yule Tree Burning

LEFORS (Sp) — Christmas Trees are already beginning to form a pile between the Cut rate Grocery and Bradley Barber shop on the vacant lot provided for them.

The purpose is to have a Christmas Tree burning on Jan. 12 at seven p.m. The Rev. Carl Nunn of the Methodist Church will conduct a ceremony on how this symbolizes the coming of a new year.

The high school choir will offer several appropriate numbers, and "Miss Flame," to be selected from the school students, will light fire.

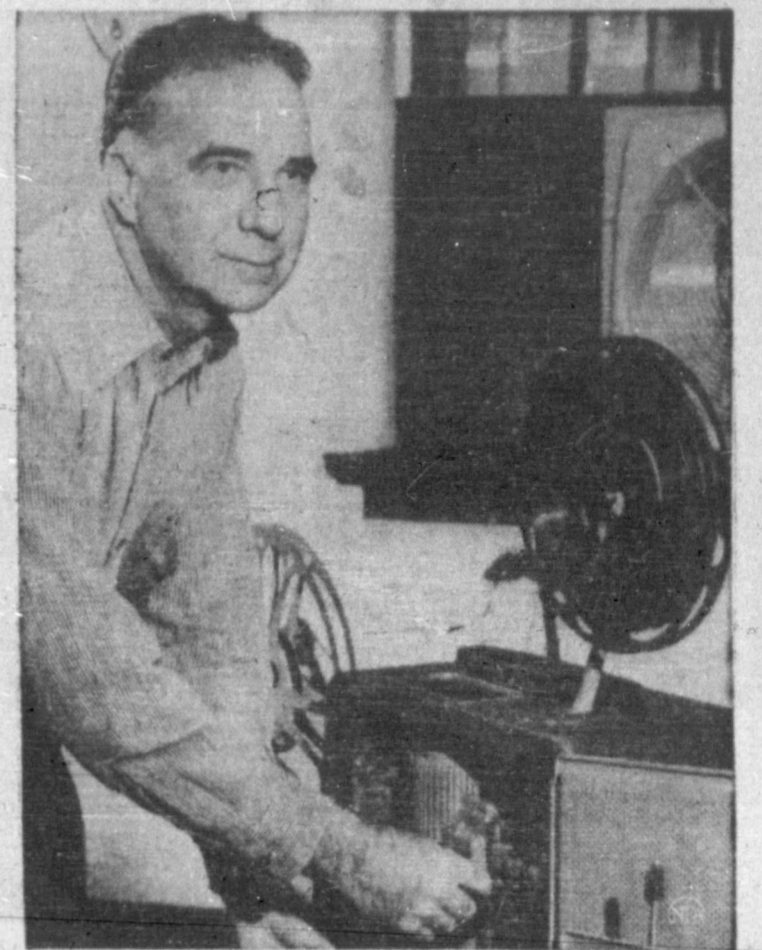

Only after weeks of listening and talking can you take a chance on studying from a book. To minimize the risks of too much book study, the Army uses real situation rooms where everybody has to play the parts of waiters, conductors, passengers, policemen, etc.

From time to time the classes are taken out into real life. An evening with a community that speaks their assigned language assures them that they are learning to speak and understand.

It takes 24 weeks for the Army to turn out an American fluent in Spanish, French, German, Italian or Portuguese. It takes 37 weeks for Russian, Middle Eastern and Far Eastern languages.

Can public schools and colleges move in this direction?

Sure, the instructors say. If we'll give up two all-American ideas.

TRYING TO GET OUT—Orville E. Hodge, former Illinois state auditor who is serving a 12-15-year sentence at Menard Penitentiary for theft of state funds, conducts an audio-visual class, one of his duties in the prison which is located in Chester, Ill. Hodge has filed a petition asking the governor for clemency. Reasons given were complete restitution of the 1.5 million dollars taken and model behavior as a prisoner.

Suggested Resolutions For Texans To Consider

Short on resolutions for the new year beginning Sunday? Here's a list designed especially for you and your family by the Texas State Department of Health:

Promise to give your body at least as good care as you give YOUR CAR. Periodic examinations are the best way yet devised to detect bodily disorders while they can still be treated successfully, so let your doctor look you over thoroughly once a year whether you're ailing or not. Make it twice yearly if you're middle-aged.

Dental troubles won't kill you, but sometimes they can make you wish you were dead. So check in once yearly with your dentist, too.

If you are putting on weight, resolve to start passing up the candied yams, boiled potatoes and the cream-filled tidbits, which almost invariably spell extra pounds and perhaps an early grave.

Too much weight contributes to high blood pressure, and may be associated with hardening of the arteries and various forms of heart disease. Too, it means impaired vigor, greater surgical risk, and greater danger from otherwise minor illnesses.

The statistics linking smoking to cancer and heart disease are piling up so fast it is getting tougher and tougher to rationalize the habit. Resolve to impress those statistics on the minds of the teenagers in your family.

When driving, consider that every other car is being driven by a madman, and when walking trust motorists only as far as you can see them. Motor vehicle deaths stand far above accidental deaths of all other types.

Resolve to take full advantage of every advancement in medical science aimed at benefiting you and the family, but always on competent medical advice.

Promise to obey local and state laws pertaining to health protection. For example, if your town has a dog leash law, adhere to it. It is a public protective device and you are the public.

Last but not vitally important, give an occasional thought to such awesome problems as water conservation, pollution abatement, juvenile

delinquency and the growing number of elderly people in our society. Lend your support as a responsible citizen to community efforts to solve them.

MORRISVILLE, Vt. (UPI) — Sister-in-law Mrs. Roger Maxcoux and Mrs. Wilfred Marcoux gave birth to a boy and girl, respectively, within nine minutes of each other.

The average production per man of high grade iron ore from open pit mines in northern Minnesota is 5,500 tons a year.

Trust funds of the state of Minnesota, raised primarily from royalties and income from iron ore, total \$225 million, second among all states in the nation.

STANDARDS CLASH—When Mr. Christian (Marion Brand) and his mutineers landed on Pitcairn Island, "integration" with the isle's beauties became a problem. The differing moral standards is the basis for a new "Mutiny on the Bounty" soon to come.

Fashions for a winter vacation in the tropics give us a hint as to what we'll be wearing next summer. In this instance, it's a supple fabric woven of a new type of nylon. It's used for all three designs shown here. Dressmaker

swimsuit (left) with pleated skirt is light as a breeze, dries in record time. Cardigan in Antron knit (center) has firm texture and hand-knit look. Print in batik effect is used for swimsuit with boy shorts in the new fabric (right).

It's silk for resort wear in full-skirted, sleeveless fashions that display checks and dots. A silk check organza tunic is combined with solid color silk linen (left) in this tunic dress. Big gold coin dots (right) are scattered over surface of silk surah. Both are Raffaele designs.

Resort Fashions Give Clue To Next Summer's Clothes

GAIL EDUGAS
Newspaper Enterprise Assn.

NEW YORK — (NEA) — For those of us who cherish the rustic and beauty of silk but are a bit hard on clothes, this is a wonderful age. We can have our cake and eat it, too.

Reason for this is a new fabric development in nylon, one nearly as important as the original nylon itself. It's Antron nylon, a synthetic with the luxurious look, touch and rustle of silk and the tough, unyielding characteristics of nylon.

or a sister, if you like. But nylon will continue as we know it now. Antron is intended to give nylon a new and dazzling fashion face.

Food Rates High On Teen Party Popularity

KAY SHERWOOD
Newspaper Enterprise Assn.

Unrelenting sociability is characteristic of the teen-ager on vacation. Any harried hostess or mother trying to regain the telephone or a corner of the living room can testify to this.

By the time I was involved as a hostess, I realized that "getting together" can mean an hour's telephone call, and a prolonged session in the kitchen or the corner pizza place.

Entertainment rating highest included dancing, movies, and talk, talk, talk about high school, about the first semester at college, about who was dating whom and so on. If conversation is king, food is definitely queen. No get-together can be top-rated unless there is plenty of food and drink.

While I was mulling this over, a friend of mine in her early 20s came up with a plan for a festive sort of holiday party that hit the spot with her younger sister. (Possibly because it will involve two get-togethers.)

Her party is a variation on the box supper theme and is planned as a windup to an evening of dancing. Decorations are simple. Left-over gift wraps and ribbons will be used to dress up shoe boxes in which supper will be packed.

The young girls will gather a day or so beforehand, bringing two

Party Climaxes Class Contest

LEFORS (Spl) — The Sunday evening Young People's Class of the Church of Christ had a game party in the civic center on Thursday night. Daniel Rose is the teacher of the class.

The party was the climax of a contest, in which the losing side furnished refreshments, and the winning side brought the games. "Cherades," "Bino," "Fruit Basket," and "Musical Chairs," were played.

Hot chocolate and cookies were served.

Attending were Gene Gee, David Roberts, Terry Sanders, Jerry Lane, Sue Martin, Darlene Martin, Ruth Martin, Glenna Gee, Diane Hughes, Fern Hughes, Richard Roberts, Morris Roberts, Carolyn Todd, Peggy Todd, Mignon Nickel, Jackie Nickel, Sheila Collins, Neoma Collins, Mary Taylor, Mr. and Mrs. W. G. Hughes, Mr. and Mrs. J. B. Martin, Mrs. Charles Roberts, and Mrs. John Roberts.

Troop 66 Has Christmas Meet

LEFORS (Spl) — Brownie Troop 66 met in the home of Mrs. Aubrey Carlton on Thursday. For a regular meeting and Christmas party.

Gifts were exchanged and lollipop cookies, ice cream and cakes were served.

Attending were Paula Beck, Rosemary Blankenburg, Debbie Boyd, Marcia Brewer, Sandra Cain, Margie Chastain, Martha Carlton, Elaine Foshee, Patricia Moxon, Gaylene Swenn, Diane Hughes, Vickie Cochran, Mmes.

Dear Abby... She Who Hesitates Is Left Behind!!!

ABIGAIL VAN BUREN

DEAR ABBY: I am a divorcee, worse in stead of better. There is actually nothing to talk about because the baby is only six months old and doesn't do much of anything but lie there and coo, jabber and drool. What can we look forward to when this baby starts walking and talking?

DEAR ABBY: I'm told, is very wealthy. He invited me to have dinner at his home and meet his mother. I told him that I wouldn't accept unless his mother invited me personally. "Baldy" never mentioned it again and now I could kick myself because it's been three months and I still haven't met his mother, and now I realize that no girl gets anywhere with "Baldy" until she gets Mamma's okay. Do you think I mishandled his deal too badly to patch it up? I'd like to marry this man.

DEAR ABBY: Recently a friend of mine had a very sweet baby girl, but she has talked of nothing else since. No matter what the conversation is — or with whom — she always manages to bring it back to her baby. We hoped that the novelty would wear off, since it's her first baby, but it is getting

IN THE MARKET
DEAR IN: Don't look for an invitation from Mamma OR "Baldy." You should have struck while the iron was hot. If you are lucky, he'll give you another go-around and this time maybe you can catch the gold ring.

DEAR ABBY: My 14-year-old daughter is beautiful, but her posture is terrible. I tell her a hundred times a day to stand up straight, but it doesn't help. She says maybe if I quit nagging her about it, she'd straighten up. I've even tried that, but it didn't work. I'm afraid pretty soon she'll look like an old lady. I heard there was a brace contraption you could strap on growing children. Would you advise it?

TIRED OF NAGGING
DEAR TIRED: I wouldn't use a "brace contraption" without first consulting my physician. When someone she's eager to impress — like a boy — remarks on her slovenly posture, she'll probably react as though she's never been corrected before. Quit nagging her. This too shall pass.

CONFIDENTIAL TO DOTTY ON STATE STREET: Be careful with "half-truths" — you may have been told the wrong half.

Mrs. Minter Is Circle Hostess

LEFORS (Spl) — The monthly circle program, "Recruits for Foreign Missions," was presented for the Nina Hankins Circle of the Women's Missionary Union of the Baptist Church on Tuesday morning in the home of Mrs. W. B. Minter.

Mrs. Ira Rogers opened the meeting with the reading of the prayer calendar, and a prayer was said for each missionary on his name was called.

On the program were Mmes. H. L. Teel, L. M. Berry, Joe Archer, Ira Rogers, W. B. Minter, Mrs. Howard Marler dismissed the group with prayer.

Those lustrous ribbon trees are not as hard to make as they look. The base is a cone of styrofoam. Ribbon streamers are cut the length of the cone and fastened to it with double-faced tape. Short strips of the satin-toned ribbon are rolled into circles, moistened and stuck to the ribbon base.

Late in the afternoon of the party, the decorated boxes are filled with a hearty supper which will keep till midnight. Sandwiches, cake, fried chicken, relishes, wrapped in colored foil are suggested. Drink can be a mulled, spiced hot cider.

Guests were Mmes. H. C. Swank, Melvin Asberry, Frank Terbush, Bob Milton, Charley Fields, W. C. Whately, Jimmy McCasland, Max Wade, Preston Harden, Ted Friemel, Misses Dianna Friemel and Donna Smith.

Following dinner, a program was presented by Mrs. Harden assisted by Mmes. Whately, McCasland and the class teacher, Mrs. Asberry.

Get Ready To Greet New Year Festively

By MARY BROOKS PICKEN

Gaiety should be in our hearts as we greet the New Year — anticipation of good things to come, of happiness to share, of days of pure joy, for which to be grateful. So our clothes, to the very best of our ability, should express that gaiety and be happily anticipative.

Jewelry adds color and cheer. No doubt you will have some gay pin or necklace given you for Christmas. So plan to dress up to that new jewelry by using chiffon in bright color.

Green, red, King's blue — all are emphatic colors that do wonders for a somber dress, and of course there is every color of pastel to enliven a dress of lighter color. The mauves and too light a blue may look gray at night, watch that!

Choose a contrast, if possible, and a darker tone of pastel. As for white, the brighter colors worn with it give startling contrast and are ever so attractive.

What to do with chiffon? Buy 1 1/3 yards of a 48 or 50-inch width, split it down center, join two cross-

Dress for the New Year.

wise ends in a narrow French seam. Roll and finish raw edges on cut side and across the bottom ends. Bring the seam together in 2-inch pleats, overlap these, tack securely but not emphatically — just enough to hold them to position on the left shoulder.

Use a cabochon pin of glitter, or use a rose, or wrap a strand of pearls or colored beads around the pleated section to hold the pleats and at the same time provide decoration.

Tack whatever you use securely so the panels can flow as you dance, without danger of coming loose.

Buy 2 1/2 yards of gayly colored chiffon; roll-hem the crosswise ends. Wear as a stole, pinning to

place on left shoulder, again with a glitter pin.

If your waistline is handsomely, use a chiffon cummerbund, with ends hanging to within four inches of the bottom of your skirt.

In recent years chiffon has not been generally available in lovely colors such as now. Any investment made in silk chiffon today can be a real one, as you can use it both summer and winter.

Dear Mrs. Picken: Why does the seam in pile fabrics tighten? Why does the seam show so much?

M.L.R.
Dear M. L. R.: This is because of the thickness of the fabric. Use the longest possible stitch on your machine and pull fabric — back and front — as you stitch, so as to have a slightly stretched seam. This way you have more thread per inch, which is a protection against breaking.

To prevent seam from showing too much, outline your pattern pieces on wrong side of the fabric, marking with chalk or crayon; then, with a razor blade, carefully cut on the marked lines. Scissors-cut some of the pile and allow the seam to show. (You can use scissors in cutting from the wrong side, if you push the pile out of the way.)

Washington Window

WASHINGTON (UPI)—The political word today is that brother Bobby Kennedy will have an escape hatch from the Justice Department if he wants it.

It would be a chance to go to the U.S. Senate in 1962. There will be a special 1962 Senate election in Massachusetts for the final two years of the term of President-elect John F. Kennedy. The president-elect resigned his Senate seat last week.

Gov. Foster Furcolo of Massachusetts named to the vacancy 43-year-old Benjamin A. Smith II of Gloucester, Mass. Smith was John F. Kennedy's Harvard roommate. Furcolo acknowledged in announcing Smith's appointment that the pick had been by the president-elect.

Kennedy is known to have told Furcolo bluntly that the Kennedy's did not want a person named now to the Senate vacancy who would desire to continue in the Senate beyond 1962.

This was stipulated to protect Bobby from having to run in 1962—if he wants to run—against an incumbent. Furcolo's announcement said Smith had agreed to be a two-year senator, no more. Furcolo also has said that he might, himself, be a candidate for the Democratic senatorial nomination in 1962, regardless of the Kennedy's.

The idea of an escape hatch from the Justice Department for Bobby does not connote that he might run for the Senate in 1962 if he got into the cabinet as attorney general. A cabinet officer who flubs his job is not likely to hazard further embarrassment by seeking major elective office.

It is likely, however, that the Senate is now and will be in 1962 more attractive to brother Bobby than a cabinet post. He was al-

ways reluctant to accept the attorney generalship. Those lawyers who serve as counsel in big-time senatorial investigations more often than not develop a great desire to be senators.

The Boston Globe said last week that brother Edward (Ted) Kennedy would be named an assistant U.S. attorney in Boston after the first of the year. The Globe said brother Ted wanted to run for the U.S. House of Representatives in 1962.

There have been rumors that Ted had his eye on that Senate seat in 1962. If so, he would just squeak by on age, if he actually would be eligible. Ted is 28 and senators must be 30. The House eligibility minimum is 25 years.

The New York Times reported from Boston that some Massachusetts Democrats were sullen about the Smith appointment. Some of them promised Bobby or Ted a real fight in 1962 if either sought the Senate seat. That could be quite a shindy, what with Irishmen involved, and all.

Santa Fe Reports Carloading Hike

Santa Fe carloadings for week ending Dec. 24, were 21,907 compared with 21,120 for the same week a year ago.

Cars received from connections totaled 9,150 compared with 11,594 for the same week a year ago.

Total cars moved were 31,057 compared with 32,714 for the same week a year ago.

Santa Fe handled a total of 31,240 cars in the preceding week this year.

The highway system in Alaska consists of 2,000 miles of primary roads and 3,200 miles of secondary roads.

Audubon Bird Count Under Way

NEW YORK CITY (SpI)—The National Audubon Society's 61st annual Christmas bird count, the world's largest wildlife survey—covering the most territory with the most human eyes—is under way and will close Monday.

Some 8,000 persons are expected to take part in censusing the birds in 800 local areas in Canada and the United States, from Alaska to Florida and from coastal islands off Newfoundland to Hawaii.

Each of the census areas is laid out within a circle 15 miles in diameter, roughly 176 square miles. The local teams are urged to survey the same areas, in so far as is possible, year after year in order to establish a scientific basis for determining population trends. Each area is covered in only one day, preferably in a dawn-to-dusk operation, although the particular date can be selected to fit local convenience any time during the 13-day period.

The count was started in 1900 in response to an appeal by Editor Frank M. Chapman in Bird Lore, a publication that eventually became Audubon Magazine. That year reports were received from 27 observers in 13 states and two Canadian provinces. The reports now appear each year in the April issue of Audubon Field Notes, a bi-monthly journal published by the society in collaboration with the U.S. Fish and Wildlife Service.

Last winter about 8,000 persons scanned 594 areas and reported 501 separate species, a record.

GETS BANK POST

DALLAS (UPI)—W. M. Pritchett has been named a vice president of the Federal Reserve Bank of Dallas. He has been with the bank since 1946, and became an assistant vice president last year.

'Years Of Crisis' Correspondents Will Tour Cities

The first coast-to-coast personal tour of broadcast news correspondents called home from their posts around the globe for their annual year-end appraisal of world events will be undertaken when members of the CBS News "Years of Crisis" team travel across the country to give special briefings on world affairs. They will appear before prominent organizations in New York, Chicago, Los Angeles, San Francisco, Dallas and Washington, D. C.

The correspondents will be assembled briefly in New York to participate in the eleventh edition of "Years of Crisis" today, (10-11 p.m.) EST, on CBS, and in a special edition of "Background" Sunday (12:10-1:00 p.m.) EST. They are: Edward R. Murrow, moderator; Winston Burdett (Middle East and Africa); Richard C. Hottelet (Soviet Union); Peter Kalischer (United Nations); Marvin Kalb (Soviet Union); Peter Kalischer (Far East); Alexander Kendrick (United Kingdom); David Schoenbrun (France and Algeria); Daniel Schorr (Germany and Eastern Europe); and Howard K. Smith (U.S.).

Two Plead Guilty In County Court

Bill "William" Wood of Pampa pleaded guilty yesterday to a charge of aggravated assault when arraigned in County Court. Judge William J. Craig assessed a fine of \$25 and costs. The complaint was filed by Wood's wife, Fern.

Judge Craig also fined C. C. Vicars of Perryton \$20 and costs for swindling with a worthless check and sentenced him to 90 days in jail. Vicars pleaded guilty to passing a worthless check for \$10 at Levine's store in Pampa last May.

THEIR BUSINESS IS TO BE NOSY—One of the strangest quality control groups in industry is in operation at General Electric's Appliance Park in Louisville, Ky. There, four men noted for their keen olfactory talents put their noses, not to the grindstone, but to the company's product in the refrigerator department. The job of this "smell panel" is to make sure that no offensive odors are shipped

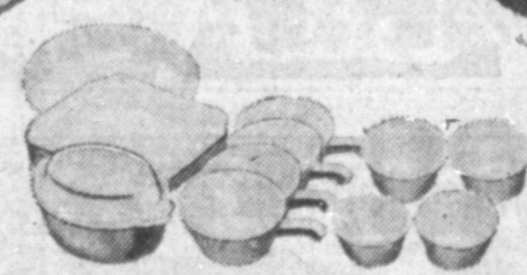

out along with the machines. Years ago, odors in new refrigerators were a common complaint. G. E. first tried machines but soon found that the most efficient smell instrument was the human nose. Every day the odor committee examines bottled bits of appliance parts, plastic tubing, insulation, other components and the finished refrigerators themselves.

XV
That touched Johnson off. He came at Bart with both arms swinging. Bart stepped back, getting the range. Johnson rushed him. Bart met it and pushed him back, then caught him twice in the face as Johnson stumbled away.

Johnson shook his head and came roaring back. Bart chopped him twice on the chin with his right, hard. Johnson wavered. Bart hit him again. It sounded like a meat cleaver slicing through a backbone of beef. Johnson rolled on his feet, his arms loose. He started toward Bart again, and Bart coldly hit him three more times on the chin with his right, and let him fall in the dirt and lie there. He turned and started into the house.

Stella was at the door, her eyes shining. "You brute," she said huskily. He did not answer. Catherine was coming in the back door. She glanced at them and sensed something wrong. "Where's Mr. Johnson?" she asked quickly.

Bart dipped up some drinking water. "Outside," he said. She looked at him, started to say something, but stopped, puzzled.

He offered no clarification. "I'm riding up on the flat," he said. He caught up the black and crossed the creek and trotted across the slope under the eastern Caprock.

He was not astonished, however, to see a rider come down from the direction of the

spring an hour later, out of sight of the house. He knew it was Stella Harding, riding side-saddle.

She pulled up, her beautiful face flushed from the ride, her black hair in perfect place under a stiff-brimmed ladies' riding hat worn at a jaunty angle.

"I thought you were here to keep Mrs. Lewis company," he said.

She smiled. "From what I see, you were doing very well at that task."

"I work for her," said Bart. "That's all."

"You two almost emptied the Cedar Valley. Catherine herself said that."

"To get a bullet out of my arm."

Her eyes shone. "Bart Wagner," she said softly, "everything you do is perfect."

"No. By no means."

"You told Catherine you had to keep on the move," she said. "You might as well go east."

She loped her horse back across the valley. She turned in the saddle before she went out of sight beyond a grove of willows, and waved. He waved back briefly, thoughtfully.

He returned to the house in late afternoon, anticipating the quiet and serenity that he had come to associate with Catherine, and he noted at once that Stella's chestnut horse was not in sight and her sidesaddle not on the corral fence. He unsaddled the black and turned it loose.

The back door opened and Catherine looked out.

"There's coffee on," she said, and went back.

He went inside slowly. Then he sat down and blew

on his coffee. "I take it something has happened," he said.

"You could hardly expect me to know as well as you."

"Catherine," he said, "a woman is entitled to act strange sometimes, but I don't like guessing games where I'm supposed to guess what I've done when as far as I know I haven't done anything."

She glared at him. "Don't you see anything different around here?"

He said slowly, thoughtfully, "Stella Harding left this afternoon."

"After you fought Hector Johnson, you rode off. Then she followed you—and pretty soon she came back, and then left. You met her, didn't you?"

"I sure did."

"But she came back about mid-afternoon with her nose in the air and said she was leaving immediately." Catherine added plaintively, "I thought she was going to stay several days."

"So did I, ma'am."

"What did you say to her?"

"I'm sure I said nothing that would have offended you, ma'am. And I'm positive she has a lot thicker hide than you have."

There were tears in her eyes as she faced him across the table. "Bart Wagner, you ran off the only woman that's ever been in this house besides me!"

He was on his feet, patting her shoulder. "I'm sorry, Catherine."

She seized the sides of the buckskin vest and buried her face on his chest, sobbing. He stood for a moment and then, when the worst was over, he pushed her away gently. "I'm right sorry, Catherine. I'll surely try to furnish better entertainment for your company next time."

She looked up. "I know she's pretty and has nice clothes—but is she that much nicer than me, Bart?"

(To Be Continued)

Cities Service To Consolidate Market Units

NEW YORK (SpI) — A program for the consolidation of all petroleum marketing operations of the Cities Service system in the United States announced by Burt S. Watson, chairman of the parent Cities Service Co.

This action is made possible by the exemption of Cities Service Co., Dec. 23, from the Public Utility Holding Company Act of 1935, to which Cities Service had been subject since 1941. The exemption was granted by the Securities and Exchange Commission following the elimination, by Cities Service of all minority interests in Arkansas Fuel Oil Corp., in compliance with a commission order.

Under the marketing program, a single subsidiary company, to be named Cities Service Oil Co., will direct all Cities Service petroleum product sales in the 38 states from the Rocky Mountains to the Atlantic Seaboard, which comprise the Cities Service marketing territory. Product sales formerly were divided among four subsidiaries.

The streamlined new marketing organization will materially strengthen the Cities Service competitive position in product sales and will provide greater uniformity in marketing policy and practice. Substantial economies will result from the consolidation, as well as improvements in operating efficiency.

President and chief executive officer of the consolidated marketing company will be F. M. Simpson of New York, who is now president of the Cities Service East Coast marketing subsidiary, Cities Service Oil Co. (Pa.). John D. King of Chicago, presently vice president of Cities Service Oil Co. (Del.), through which Cities Service petroleum products have been marketed in the Mid-Continent area, will be executive vice president of the consolidated company. John A. Welch, vice president of Arkansas Fuel Oil Corp. will be a vice president of the consolidated company, and will serve as assistant to the president in carrying out the reorganization program.

Return Of Statue Bought By Church

NEW YORK (UPI) — St. Anthony of Padua Roman Catholic church has offered a reward to the thief who stole a \$300 statue of the infant Jesus from the church's outdoor nativity scene. The church offered a reward for the return of the statue and promised that no charges would be placed against the thief.

Mass feed at almost any time, early morning and evening services are usually considered the best times for angling.

Like's Son Draws New Assignment

WASHINGTON (UPI)—Lt. Col. John Eisenhower, the President's son who now serves on the White House Staff, has been assigned to the Army War College at Carlisle Barracks, Pa.

The new assignment for the 38-year-old officer was disclosed yesterday when the Army made public a list of 162 officers selected to attend the college.

The younger Eisenhower will begin a 10-month course at Carlisle Barracks next Aug. 17 and until that time he will be assigned duties at the War College.

Carlisle is about 28 miles north of Gettysburg where President Eisenhower has his farm and his son has his home.

Wrong Address

Residents at 857 S. Locust St. said today that F. L. McClelland, arrested on a worthless check charge, no longer lives at that address. Authorities said McClelland gave the S. Locust address when he was taken into custody.

ROLL UP

Always roll upward on the first stroke after loading your roller with paint. Start in an unpainted area and roll toward a painted one. Your second and subsequent strokes can be sideways or crisscross to assure complete coverage of the area.

High School Boy Shatters Marks

RON KRICK ...point happy

By RAY KOEHLER
READING, Pa. — (NEA) — When this season ends, a 17-year-old West Reading athlete undoubtedly will be the all-time high school basketball scoring champion.

Ron Krick, six-nine in sneakers and a flat-muscled 220 pounds, entered his senior year needing 859 points to top the 3,378 recorded by Charles Vaughn of Tamms, Ill., the four-year record as nearly as sports writers can gather.

Leading tiny West Reading to two consecutive Class C state championships, The Large One, as young Krick is known, averaged 32.8 points in 78 games. That's extraordinary even in Class C. In his first five games this season — tune-ups for the regular schedule — he registered 179 points in five engagements for an average of 36.

Last season as a 16-year-old junior, he erased Wilt The Stilt Chamberlain's three-year and Don Henson's four-year state highs.

Coach Richard O. Sherry says Krick "came of age" one night last summer in the Wildwood Crest, N. J., League.

"Hubie White, the six-four Villanova All-American, was leading a fast break with Wayne Hightower of Kansas," recalls Sherry. "It was

two All-Americans against an 11th-grade kid. White had the ball and as he got to the foul line he left his feet, turned his back to Krick, and in mid-air with his back to the basket, smashed the ball backward through the net. It was the most phenomenal play I ever saw."

"About five minutes later, White got the ball again on the fast break and came roaring past mid-court. At the foul line he left his feet, ready to try the same tactic again.

"This time, Krick went up with him, and as Hubie went to pour the ball through the basket, Ron blocked the shot right off the rim and jammed the ball against the backboard. He simply overpowered White in one of the finest defensive plays I've ever seen."

Krick, who will be graduated next June 8 in a 49-member class, has been offered something like 75 college scholarships. Because of his desire to spend his college days close to his home, right now it appears that Temple and La Salle of Philadelphia have the inside.

Shy but articulate, Krick frankly intends to make professional basketball his career.

"He moves almost as well as a

small man," points out Sherry. "He's extremely accurate with his jump shot and plain murder under the basket. Remarkable bounce enables him to go high in the air to snag rebounds. He palms the ball with either hand. He has the poise of a college senior."

Krick's ambition is to vacate his center post and become a corner man.

"I can't move like I want to at center," he comments. "I'd like to drive more, but as a center I can't because of the zones the other teams use."

The Large One works hard at faking, much of it with the shoulders and head, and rebounding. He shoots with either hand.

Krick started playing basketball when he was in the sixth grade. It was during the summer between the eighth and ninth grades that he began to mature physically. In the three month gap he shot up from five-11 to six-five and weighed 180 pounds as a high school frosh.

In his frosh year, he scored 610 points, added 961 as a sophomore and 946 as a junior, the middle figure the highest by any soph in Pennsylvania Interscholastic Athletic Association history.

TOE TO HEAD—Bob Galliard, University of San Francisco basketball player, here appears to be a super contortionist, kicking himself on the head. Actually that big foot belongs to an opponent getting it up in the world in San Francisco.

LA Chargers Eye First AFL Title Against Houston

LOS ANGELES (UPI)—The Los Angeles Chargers fly to Texas Friday to play the Houston Oilers for the championship of the American Football League and they may be leaving for good.

The team that brought this area its only professional title of the year—the AFL Western Division championship—may move to San Diego permanently next season.

San Diego wants them—and Los Angeles does not, at least on the basis of attendance figures. The Chargers drew some 27,000 in their best showing at the Coliseum but average home attendance was 15,768 a game. All this caused a reported loss to Barron Hilton, principal owner, of at least half a million bucks, and even a hotel chain heir can't drop this sort of money with a smile.

The 35-man Charger squad, nevertheless, was reported in good spirits for the trip to Houston. Only ailing player was linebacker Al Banskavage who has a touch of the flu.

Two offensive ends, however, who played a big part in the Charger 10-4 record, are missing. Ralph Anderson died of diabetes in mid-season and Howard Clark is sidelined with an injured knee.

Anderson caught two touchdown passes in the Charger 24-21 victory over Houston during the regular season. And he caught one TD pass when Houston beat the Chargers at Houston, 38-28. The Chargers won a pre-season exhibition game here, 22-13.

"We've met three times and the total score stands, 74-72 in favor of the Chargers," Coach Sid Fillman commented. "Both teams have identical 10-4 records. It has to be a great football game."

League's Top Passer.

The Charger offense, naturally, will be built around quarterback Jack Kemp, the new league's leading passer with a completion average of 82 per cent. The Chargers also have a running game, to balance the passing attack, with bull-necked Howie Ferguson at fullback, and shifty Paul Lowe at left half. Lowe averaged 6.3 yards per carry from scrimmage during the regular season.

Offensive end coach Al Davis said the team was a "little hurt" for their New Year's Day date with the Oilers because of the absence of Clark and Anderson, but he added, "we hope we can do the job. We've had tremendous spirit all year long. We've had very fine discipline and there's never been a problem along these lines."

The team which leaves on a chartered flight at 2 p.m. PST and is due in Houston at 9 p.m. CST, has demonstrated its spirit but it never caught fire with the fans here.

Patterson Shoves Aside Others To Cop 'Athlete Of Year' Honor

By OSCAR FARLEY
United Press International
MIAMI (UPI) — Performing a feat no man ever had been able to accomplish, Floyd Patterson

won honors in 1960 as the year's outstanding athlete.

From John L. Sullivan on down through the storied years of boxing and through the likes of Jack Dempsey and Joe Louis, no man ever had come back after losing the heavyweight championship of the world to regain the title. Until one night last June.

Yet even Johnson had difficulty topping the lists in his own sport when you consider the sprinting marvels performed by Wilma Rudolph, a triple gold medal winner in the Olympics.

Tourney Action Opens At Lefors

LEFORS — Play was scheduled to get underway today in the three-day Lefors Round Robin Basketball Tournament with White Deer's Bucks a strong favorite to win the boys' division.

First round boys' action today should find McLean-Miami at 1 p.m.; Allison-White Deer at 6:45 and Lefors-McLean, 8 p.m.

Championship, runnerup and sportsmanship trophies for both boys and girls will be awarded, the championship to be decided on a won-lost percentage basis.

The tournament schedule follows:

THURSDAY: 1 p.m. McLean vs. Miami (Boys); 2:15 p.m. Lefors vs. Miami (Girls); 5:30 p.m. McLean vs. White Deer (Girls); 6:45 p.m. Allison vs. White Deer (Boys); 8 p.m. Lefors vs. McLean (Boys).

FRIDAY: 9 a.m. Lefors vs. McLean (Girls); 10:15 a.m. Allison vs. White Deer (Girls); 1 p.m. White Deer vs. Miami (Boys); 2:15 p.m. McLean vs. Allison (Boys); 5:30 p.m. Lefors vs. Miami (Girls); 6:45 p.m. Lefors vs. Allison (Girls); 8 p.m. Miami vs. Allison (Boys).

Then Patterson, a relentless tiger with a grin, expressionless face, clubbed Swedish iron man Ingemar Johansson into insensibility to take back one of the most coveted — and most lucrative — titles in sports.

That took away the spotlight from a tremendous crop of muscular marvels in other divisions who stood out in their particular fields. These included:

Track—Rafer Johnson.
Golf—Arnold Palmer.
Baseball—Roger Maris.
Basketball—Oscar Robertson.
Pro basketball—Wilt Chamberlain.
Auto racing—Jack Brabham.
Football—Joe Bellino.
Pro football—Norm Van Brocklin.
Tennis—Neale Fraser.
Horse racing—Willie Hartack.

Patterson, despite the precedent-shattering effect of his victory, had a close call in beating out Johnson. The UCLA giant set a world decathlon record and won the Olympic crown as he proved to be probably the greatest all-around athlete of all time.

Ducats Ready After Reclaiming Title

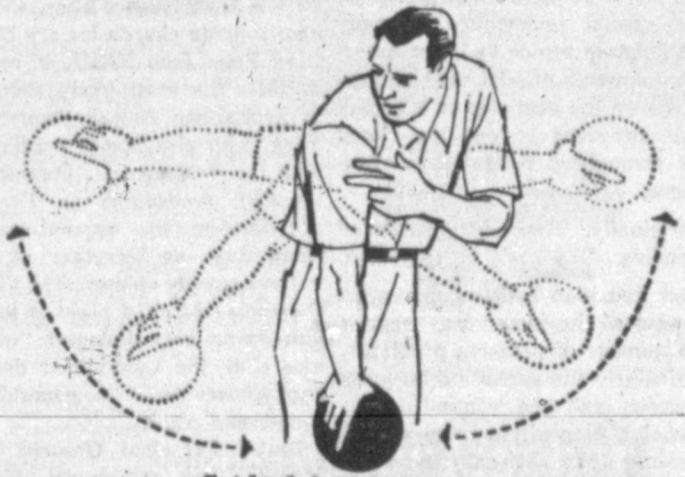

Tickets now are on sale for the annual Harvester Football Banquet, Jan. 12, in the Robert E. Lee Cafeteria, according to Sharon Karason, outgoing president of the Quarterback Club.

Ducats for the feed, to be highlighted by a talk by J. T. King, new head football coach at Texas Tech, are \$2.50 and may be purchased at Richard's Drug, Malone Pharmacy and the Highland Barber Shop.

Magazine Picks Floyd As Year's Top Fighter

NEW YORK (UPI) — Heavyweight champion Floyd Patterson was named "Fighter of the Year" today by the Ring Magazine for the second time and credited with perhaps the outstanding achievement in professional boxing history.

In its year-end wrap-up of the sport, the magazine stressed that Patterson not only became the first man to recapture the heavyweight crown last June 20 but he did it in sensational fashion by turning the tables on favored Ingemar Johansson and knocking him out in the fifth round.

Get back in that groove.

By LINDY FARAGALLI
1958 All-Events Champion
I can almost tie myself in knots with frustration at times because I don't believe I could hit my spot on the lane if it were as big as a swimming pool.

Before I get too upset and blow the match, however, I'll practice my arm swing without the ball about 15 or 20 times before it is my turn to bowl.

I try to get back in that pendulum-like groove. If I can have my arm swing like the pendulum on a grandfather's clock—arm and wrist perfectly straight with the shoulder acting as the pivot point—I know that I'll be able to direct the ball over the second rangefinder from the right-hand gutter.

That is my favorite spot for making strikes.

It was "possibly the most spectacular and altogether noteworthy achievement the professional ring yet has seen," stated the article.

Swedish Ingemar had won the

title from Patterson on a third-round knockout, June 28, 1959.

Patterson of Rockville Centre, N.Y., first won the Ring's Fighter-of-the-Year award in 1956 because of his knockout over Archie Moore for the vacant heavyweight championship.

Giulio Rinaldi of Italy, who rocketed from obscurity to second-ranking challenger for the light heavyweight crown, was named the "Most Progressive Fighter" of 1960. His six straight wins this year included a non-title victory over world champion Archie Moore at Rome on Oct. 29.

Tourney Ends

LAKE CHARLES, La. (UPI)—McNeese State and Stephen F. Austin College were set to battle tonight in the finals of the eighth annual McNeese Holiday Basketball Tournament.

Austin dumped Southeastern Oklahoma 61-45 Wednesday night and McNeese turned back Abilene Christian 72-61 in the nightcap game to earn their shot at the title.

Abilene Christian and Southeastern play a consolation game tonight.
