Two major earthquakes "comoletely razed" the town of Lar 500 miles south of Tehran Sunday, and rescue crews working amid confusion and vast dust clouds estimated the dead at 1,000 to 1,500 persons. They reported about 400 bodies had been taken from the ruins by noon. Early reports indicated most of the victims were women and children. Shah Mohammed Reza Pahlevi

# **Tigers Notch 5th Straight;**

### **Pirates Sweep Milwaukee**

By FRED DOWN

**United Press International** 

You can't blame Detroit and Pittsburgh fans for whooping it up - they've waited 20 years for the Tigers and Pirates to make jackrabbit starts.

The Tigers remained unbeaten atop the American I eague when they whipped the Chicago White Sox, 12-4, for their fifth straight victory Sunday while the Pirates took over first place in the National League when they beat the Milwaukee Braves, 7-3, for the runs in the first inning

and went on to beat the A's be-

g mes.
The Tigers haven't made such ind Gary Bell's six-hit pitching.
The tigers haven't made such ind Gary Bell's six-hit pitching.
and the Pirates are making their bast early showing since they won their first seven games in 1938.
In fact over the years, the Tigers in for Cleveland. The Indians had lost their first four games of the season.
The Yankees tied an American League record with their first.

 a i Pirates have more often than not disappointed their followers
 w th early-season slumps. Casey Wise, the ex-Milwaukee
 inning attack and carried a 12-1 lead into the eighth inning behind the sturdy pitching of Jim Coates.
 et led the Tigers' explosive attack
 Bunday while Harvey Haddiz, who hadn't beaten the Braves
 since 1957, was the Pirates' hero.
 Wise, filling in for second-base; Wise, filling in for second-base- retired, them in the ninth. Tony man Frank Bolling, drove in five Kubek hit two homers and Elston runs with two homers, a triple Howard drove in five runs with a and a single and Berberet hit a homer and two triples for the

The Harvesters will be making baseman Larry Stroud and catcher world mark is 62-4. The Harvesters will be making baseman Larry Stroud and catcher World mark is 62-4. The making baseman Larry Stroud and catcher World mark is 62-4.

The Cleveland Indians finally wort their first game when they deleated the Kansas City A's, 7-0, the New York Yankees scored eight runs with nobody out in the first inning and downed the Balti-more Orioles, 15-9, and the Wash-ington Senators beat the Boston Red Sox, 11:10, in other American h's first defeat.

**PASTURE PATROL** — These three flychasers handle the outfield duties for Coach Deck Woldt's Pampa Harvester baseball team. This week's games with Palo Duro and Borger will be the final high school appearance for Gary Hill, rightfield (12) and Bobby Stephens, centerfield, (7). The remaining member of the trio is Roy Don Stephens, junior left fielder. All three have been hiking their batting average in recent games and Woldt hopes the trend continues. The Harvesters need both games this week to hold on to their third place standing in the District 3-AAAA race.

Glandular Inflammation is a constian village of 'Odahah, Wis., tect the consumers against the tutional disease and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy. The past year men from 1,000 communities have been successfully treat-ed here at Excelsior Springs. They

have found soothing relief and a new zest in life. The Excelsior Medical Clinic, devoted to the treatment of diseases peculiar to older men by NON-

SURGICAL Methods has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation.

Excelsior Medical Cliniq, Dept B. 9160 Excelsion Springs, Mo

in the city's history. NEED MONEY? \$10 - \$25 - \$50 - \$75 AND UP! WESTERN LOAN SERVICE Ph. MO 4-6856 123 E. Kingsmill

Every mile you drive with many gasolines, your engine gets dirtier, dirtier, dirtier. As carbon and lead deposits build up, you lose power. Mileage goes down. Gasoline costs go up. Your engine may start to "ping" to "run rough.'

DR. EARL K. OLDHAM makes this unusual entrance

via trapdoor with the help of Mrs. Florence Mattison.

THE LITTLE PIGS

Engineers know the answer. They say, "Clean up your engine." And with Skelly Keotane Gasoline, you can do it every day ust by driving.

and lead deposits, as you drive, by dissolving the gum that binds them. Because the use of Keo-tane is a development of Skelly Research, no other oil company has it. Skelly's use of Keotane is covered by U. S. Patent No. 2878109.

Keotane "Unglues" Carbon and Lead Every mile you drive with Keotane, your

... just by driving"

Engineers say, "Clean up your engine."

"Why not do it every day

engine gets cleaner, cleaner, cleaner. And the cleaner it is, the more it runs like a new engine. Tests show that a Keotane-Clean engine can deliver an average of 12.7% more mile

age, 14.6% more horsepower output and the performance effect of 3.1 additional octane points. Engineers estimate that these and other benefits of Keotane add up to 6.1c extra value per gallon-at no extra cost to you.

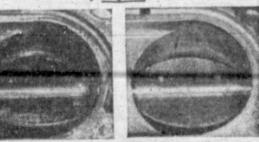

This extra value of Keotane over any other gasoline is why we believe it is the most economical gasoline for any car — including the "compacts."

#### How Fast Does Keotane Work?

Carbon and lead deposits that have "baked on" for months or years can't be "unglued" overnight. Highway driving gets results fastest. Stop-and-go driving takes a little longer. But the more you drive, the more you clean. For best results, keep your car on Keotane

for at least 3,000 miles. Remember, every mile you drive with Keotane, you're clean-ing your engine. And you're doing it the easiest possible way-just by driving.

So see your Skelly dealer. Fill up with Keotane. Clean up your engine-and keep it clean-just by driving! Drive Your Carburetor Clean With New Skelly Regular Gasoline:

Dirty deposits in your carburetor throat, (unretouched photo at left) disrupt the flow of air your engine needs for smooth idling. Result: a too "rich" mixture that wastes fuel, may cause stalling. But KT-3 in detergentaction Skelly Regular Gasoline dissolves these deposits (unretouched photo at right) just by driving. By saving you an \$8.50 to \$15 carburetor cleaning job, this can be worth up to 2c extra value per gallon over a year's driving.

#### Keotane Cleans Carburetors, Too

Many people first notice Keotane's cleaning effect in the carburetor. As Keotane dissolves gum, your engine may idle faster. You may want to have your carburetor re-set to take advantage of its new efficiency.

Contra Contra

Against Controversy With An Editor One often hears the statement that it is foolish to attempt to

editor always has the last word. This argument invariably is used by those people who would not want to defend their position before an audience of any kind, whether it be with a publisher or at a forum with a tape recording. This belief is too bad, because

point out the errors of an editor

of a daily newspaper because the

a newspaper that is trying to comprehend and sell belief in the last five Commandments (six according to the Catholics) and the ideologies of the Declaration of Independence is a splendid way of trying to create an atmosphere of public opinion that will permit good government to function in a community. And if we have good government in every community one that is limited to doing what. every individual has a right to do, namely, protect his life and property, then we would have state and national good government. In other words, good state and national government begins in each community. And a local newspaper is the ideal means of exchanging ideas and pointing out errors in a government that attempts to do things that no rational individual would publicly admit he had a right to do. A newspaper that is striving to un-

derstand and explain these eternal, natural laws is able to furnish a means, if used by the citi-ROBERT S. ALLEN zens, to bring about in a community more perfectibility. Undoubtedly the reason this oft-repeated contention is made

that a newspaper has the last word, is that those people who so contend have not thought things through. They are, however, undoubtedly honest and sincere. The only time a newspaper that

is striving to understand and help others understand these natural laws by example and by precept should want the last word, would be to confess that it has been in error or to continue to point out the inconsistencies and the fallacies of those people who are advocating something that, will harm them and everyone else, And in most cases those people

do not even know it. A newspaper that wants to continue a discussion when it thinks its opponent errs in following

Ezekiel's advice when he said: If you see a man doing something that will harm him and

others, it is your duty to warn him. And if you warn him and he goes ahead and does it, his

The Doctor Says

DR. HAROLD THOMAS HYMAN

Obviously the first thing to be done by the victim of any respiratory disorder is to avoid further insult to the breathing apparatus.

This may mean discontinuance of the use of tobacco, removal to a lower altitude, avoidance of localities where smog is known to accumulate, retirement from work that involves further exposure to the inhalation of dust particles or irritant fumes, masking during unavoidable exposure to the inhalation of irritants and transfer from a heavy job to one of a sedentary nature if respiratory income has been reduced by emphysema or some other type of permament lung damage. If these preventive measures 'fail to give relief, a complete

examination by a highly skilled physician, is next in order. Just as you'd expect a mechanic, looking for motor trouble, to do more than simply lift the hood of your car so you must be. prepared for your chosen doctor. to supplement his phycial examination with tests of blood and sputum, X-ray films and maybe a direct look down your bronchi by a specialist trained in the technique of this delicate procedure. And don't, I beg of you, com-

plain of the probable expense of this survey. You'd pay just as much for an overhaul of your car and, in the long run, you'll effect a saving even if you do nothing more than stop further. purchases of harmful smokes and useless proprietary medicines.

"Okeydoke,", you say "I'll go ahead' with this survey if you'll guarantee it'll turn up something that will prove helpful to me." "Sorry," .I have to answer.

Wall Street In Review

NEW YORK (UPI) - Don't be skjold to impress world opinion too quick to conclude that the stock market decline this year constitutes a forecast of declining business ahead, Paine, Webber, Jackson & Curtis says in its nonthly review. While it is true there often has been a correlation between stock prices and business activilies.

In fact, as stated in the current The Arabs already have warned ment crisis. either way, the review says. issue of Morgan-Gurananty Survey, it can be argued that the recent rop in stocks "was due more to

the easing of inflationary fears than to any major change in anticipation of business activity." The review points out, in addition, that the time leads of stocks 8:00 Rifleman 8:00 Rifleman 9:00 Alcoa Presents 920 Keep Talking 10:00 News, Wea, Spts, 10:30 Jealousy over business have been so variable that they have questionable
