Holiday Traffic Slaughter Sets Record

More Than 425 Motorists Killed

United Press International

The nation's traffic death toll soared above the 425 mark today to an all time high for a three-day Fourth of July weekend and the overall holiday violent death toll reached 700.

Motorists bent on holiday fun killed themselves, their families and fellow vacationers at a clip of almost 5 1/2 per hour. The National Safety Council called the slaughter on the highways "appalling and shocking."

A United Press International count showed that at least 27 persons were killed in traffic accidents between 6 p. m. Friday and midnight Monday. In addition, 155 persons died in other accidents for an overall toll of 700.

California counted 32 highway deaths. Ohio was close behind with 30. New York recorded 27, Texas—25, Wisconsin 20, North Carolina 18, and Georgia and Michigan 16 each.

Only Alaska, Delaware and New Hampshire reported no traffic fatalities.

The Safety Council pleaded for emergency action to end "wholesale bloodshed" on the highways every day and particularly on holidays.

"It is tragically ironic that a nation dedicated to avoiding casualties on the battlefield apparently cannot find a way to avoid wholesale bloodshed on its public highways when it celebrates a national holiday," a spokesman said.

"The National Safety Council believes public officials and all others dedicated to safer highways must act and act fast in an increased effort to reduce highway slaughter—not only on holidays but every day," he said. "This appalling toll represents a combination of excessively heavy travel and too many drivers who will heed warnings," the council said.

"We can only hope that the shock of a toll like this will serve to make people better drivers not only on Labor Day and other forthcoming holidays but every day of the year."

The toll exceeded a 1955 three-day record of 391 deaths and was far above the Safety Council's prediction of 370 for the holiday. (See HOLIDAY, Page 3)

Death Mark For Texas

By United Press International

Texas' violent death toll over the three-day Fourth of July holiday weekend soared to 63 today—possibly a new record—but traffic deaths apparently were held in check by a gas explosion.

A gas explosion apparently touched off by lightning destroyed the Schwartz Gas and Chemical Co. in El Paso Monday night, killing Raymond Gomez, 24, and Manuel Chavez instantly. Chavez' body was thrown 50 feet from the apparent center of the explosion and Gomez' body was found under a pile of rubble.

Homicides and suicides accounted for 19 of the miscellaneous deaths.

A bull killed a Houston youth at the Cypress Rodeo, an Arlington policeman shot one man to death as he attacked the officer with a knife, and trains killed two men.

An aged Cotulla man was crushed to death by his own car when he got out to open a gate and the car rolled over him. One youth was accidentally shot.

Perhaps the most bizarre death of the weekend was that of Ida Mae Austin, 18 months, who drowned in a minnow tank in the family's back yard at Liberty.

C. W. Russell, 49, was shot to death at his home in Farmer's Branch Monday night.

The body of another murder victim, Joe Hernandez, 20, of Dallas, was found early today in a creek bed in Ellis county, just over the Dallas county line. Police said he had been shot in the back of the head and thrown into the creek from a bridge 20 feet above it.

Weather forecasters said the rains in North Texas would help hold temperatures to a comfortable level today, but other areas of the state would have a hot, humid day. Readings of 110 degrees or more were expected in Southwest Texas.

Early morning temperatures ranged from 59 at Dalhart to 82 at Corpus Christi.

A Santa Fe local train ran through a switch yesterday at Pampa, derailing one car. There were no injuries and the damage was slight, according to R. A. Wyckoff, Santa Fe Agent.

The accident took place on a side track.

The Texas said Khrushchev "unmasked the future in all its grim challenge" in Paris when he wrecked the summit conference.

"We must have in our national leadership a man able to stand against the challenge of communism," Johnson said.

He predicted the next president also will be met by the threat of a Soviet submarine base in Cuba, a new ultimatum in Berlin, attacks on the security of U.S. bases overseas and "by insults to the American flag."

Asked how many delegates he expected on the first ballot, Johnson said friends had told him "in excess of 500" while Kennedy would have less than 400. Needed for the nomination are 761 votes.

Johnson ducked a question as to whether he would accept the vice presidential nomination. He said he would support anyone nominated for the presidency if his own bid fails.

He said he wasn't the only possible choice of the Democratic party.

"I only want my fellow Democrats to look long, to look well and look wisely," Johnson said.

Johnson noted his own success in winning Senate approval of two civil rights bills in recent years.

Asked if his nomination rather than Kennedy would cost him Catholic votes, Johnson said he thought such speculation "an insult to Catholics."

Johnson Makes Formal Declaration Of Candidacy

Is Out To Cut Kennedy's Lead

WASHINGTON (UPI) — Senate Democratic Leader Lyndon Johnson formally announced today he will actively seek the presidential nomination at the Democratic Party convention next week.

The Texan told a news conference: "My name will be placed in nomination at the Democratic convention in Los Angeles."

He added some of his supporters predict a third ballot victory for him at the Los Angeles voting.

"I shall be honored to have the delegates consider my candidacy," Johnson declared.

"I am from this moment a Democratic candidate for the presidency of the United States," he said as a whoop went up from his supporters in the press conference room.

Johnson said he had been unable up to now to jump into the race because his position as majority leader required him to be in Washington.

"Someone had to tend the store," he said, referring to the busy time here before Congress began a recess Sunday.

Johnson formally entered the race three days after former President Harry Truman charged that the convention was rigged for Sen. John F. Kennedy (Mass.) now the front-running candidate.

Reading a prepared 1,500-word statement to the crowded televised news conference, Johnson stressed the challenges that will face the next president from Soviet Premier Nikita Khrushchev.

"The next president is not going to be a talking president or a travelling president," Johnson asserted. "He must be a working president."

He said the Communists are "moving in to kill off" American leadership and to destroy the free world itself.

Johnson said he would join Khrushchev "in his divisive work."

Police Raid After-Hours Clubs

GALVESTON (UPI) — Galveston police raided a number of taverns and arrested a total of 114 persons in a crack down over the weekend on after-hours drinking spots. Those arrested included both patrons and club operators. Several club operators were charged with running open saloons. Most of those arrested were released in \$15 bond. This was the third straight weekend that police have conducted raids.

U.S. Plans Protest

Strong Note By Britain Over Seizure

HAVANA, Cuba (UPI)—Britain has lodged a strong protest with Cuba over seizure of the Anglo-Dutch Shell oil refinery in Havana. It was disclosed today.

Diplomatic sources said the United States was considering a similar protest to Premier Fidel Castro's government over seizure of the Esso refinery here and the Texaco refinery at Santiago de Cuba. Both are American-owned. British Ambassador Stanley Fortian delivered his government's protest to the Foreign Ministry in Havana Monday night. In it the British asked the Cuban government to put operation of the Shell company here "on a normal footing." Authoritative sources said Britain also reserved its legal rights in the current dispute over the refinery. Earlier, there had been reports that Washington and London might lodge a joint protest over the Cuban seizures, which came amid a rapidly deteriorating political situation that included these developments:

—The chief of Cuba's National Federation of Sugar Workers, Conrado Bequer, warned his followers to be ready for the possible "nationalization" of all U.S.-owned sugar mills and plantations.

—Castro's 26th of July Movement newspaper, Revolution, leading the nation's press in sarcastic and vitriolic observance of the U.S. Fourth of July holiday, predicted "total elimination of Yankee imperialism" from Cuba in the near future.

—Reports flooded this capital to the effect Russia, Red China and other Communist countries were preparing a massive program to provide Cuba with necessary crude oil supplies and technical help to work seized refineries.

10 Congolese Killed In Riots

LEOPOLDVILLE, Congo (UPI)—The killing of 10 demonstrators by police during rioting at Coquilhatville indicated today Prime Minister Patrice Lumumba is determined to crush inter-tribal rivalries threatening to plunge the new republic into chaos.

Thirteen other natives were wounded Monday in the first fatal clash since the Congo gained independence from Belgium. Three soldiers and one African police commissioner also were injured when the rioting crowd attacked the security forces with bows and arrows.

A curfew was clamped down in Coquilhatville, capital of the Equatorial province, and heavy police and Congolese army patrols roamed the native quarter.

Israel Sends Apology Note To Argentina

BUENOS AIRES (UPI)—Israel Monday night presented Argentina with a formal apology designed to fulfill the "adequate reparation" demanded for the abduction of Nazi Col. Adolf Eichmann from Buenos Aires two months ago.

The new note of apology followed regrets previously expressed by Prime Minister David Ben-Gurion and Foreign Minister Mr. Golda Meir of Israel.

It reiterated Israel's refusal to return Eichmann, accused murderer of millions of Jews during World War II, to Argentine jurisdiction and instead asked that the case formally be closed.

The United Nations Security Council, acting on a plea by Argentina, had demanded that Israel make appropriate reparation for the kidnapping. It was left to the two nations to work out what the reparation would be.

Weak Cold Front Over North Texas

By United Press International

Thunderstorms touched off by a weak cold front rumbled across the northern half of Texas today. Heaviest rainfall was in the north Plains and the Panhandle, but scattered showers hit from Oklahoma southwestward into the Big Bend country and far West Texas.

Lightning was listed as one possible cause of a gas explosion that ripped through the Schwartz Industrial Gas and Chemical Co. in El Paso Monday night, killing two workers. The victims were Raymond Gomez, 24 and Manuel Chavez, whose age was not known.

Witnesses to the explosion said they saw two lightning bolts hit telephone poles near the chemical firm, then saw a third bolt hit the building.

The cool front became stationary early today along a line from Oklahoma through Fort Worth to Midland. The U.S. Weather Bureau at Fort Worth said it would remain in that position most of the day, except for minor movement both north and south.

Heavy rains like the one that hit parts of Dallas Monday night are expected in the Northwest Texas area today. Lubbock had 70 inches of rain by 6 a.m. and was still raining there at last report.

Amarillo had .98 inch, Dalhart 2, El Paso .66, Presidio .36, Wichita Falls .38, Texarkana .74, Pinedale .28, Midland .02, Fort Worth .01, Dallas .08 and Abilene trace.

The rain continued at Alpine, Elbert, Amarillo, Texarkana and Wichita Falls.

Thunderstorms that erupted over East Dallas cut short a fourth of July celebration in the Cotton Bowl Monday night. Thousands of spectators rushed for air cars when the rain hit.

It came down so hard that many low-lying areas were flooded and one man reported he had

Finding of an airplane generator of the type used on the plane has led to speculation that Miss Earhart and her navigator were executed after the crash.

Kennedy Says White House Needs 'Youth'

NEW YORK (UPI) — Sen. John F. Kennedy told the nation in general and former President Truman in particular Monday he would not quit the race as a presidential candidate because youthful strength, health and vigor is needed in the White House.

The 43-year-old Massachusetts Democrat, front runner for his party's presidential nomination, replied point by point in a televised news conference to the challenge thrown at him Saturday by Truman.

To Truman's suggestion that he step aside as a candidate, Kennedy said, "I do not intend to step aside at anyone's request."

The senator said he was the only candidate to enter all the primaries and had "encountered and surveyed every kind of hazard and opposition."

To Truman's assertion that the convention was "pre-arranged" to favor him, Kennedy said, "to the extent that I have anything to do with it, it will be an open convention — as every convention of our broadly-based party is open."

The senator pointed out that the Democratic presidential nominee had been chosen on the first ballot in all but one convention since 1932, including Truman in 1948.

"Mr. Truman regards an open convention as one which studies all the candidates — reviews their records — and then takes his advice," he said.

Kennedy said he hoped the convention would consider all prospective nominees, including those Truman named and some he did not name. He did not mention Senate Majority Leader Lyndon B. Johnson of Texas by name.

Goldfine, Secretary To Prison

BOSTON (UPI)—Bernard Goldfine and his secretary were imprisoned today for contempt of court.

A federal judge ordered the wealthy industrialist to serve three months in the federal penitentiary at Danbury, Conn.

Goldfine's secretary, Miss Mildred Papernan, was committed to jail at East Cambridge to serve a 10-day sentence.

Federal Judge Charles E. Wyanski ordered the couple turned over to U.S. Marshal's office for custody after denying their appeals for a stay.

The sentences previously had been delayed pending an appeal to the U.S. Supreme Court. The court ultimately refused to review their conviction and sentencing.

Lawyers for Goldfine and Miss Papernan said they wanted the sentences delayed until after their income tax evasion trial scheduled for next October.

Public Trial For U-2 Pilot Decried

MOSCOW (UPI) — Statements by a high Soviet official indicated today that captured U-2 spy plane pilot Francis G. Powers will be tried publicly in a civil court rather than by a secret military tribunal.

Central Committee Secretary Frol Kozlov said the trial would be "open" and that the public would be admitted to it. Military courts are closed to the public.

He made the statements at the American Embassy where he attended Independence Day celebrations.

Kozlov told newsmen he did not know when the American pilot would go on trial for espionage.

The announcement by the Soviet official came shortly after the arrival in Zurich, Switzerland, of James Donovan, a court-appointed attorney for Rudolf Ivanovich Abel, now serving a term in a United States prison as a Soviet spy.

(Donovan had indicated he might try to arrange a swap of Abel for Powers by meeting in Zurich with an East German attorney who has represented Abel's family. But he said Monday that "because of new developments in the case I do not intend to arrange such a meeting because of new developments since I believe it to be unnecessary for the time being.")

Powers was reported to be in good health in a Soviet prison. He was captured by Siberian peasants after he was shot down near Sverdlovsk, Siberia, May 1, 1957. The 31-year-old American could receive the death penalty on conviction under Russian espionage laws.

Red Tanker Hits Another

TUNIS (UPI) — A Communist Chinese tanker, carrying crude oil to Cuba, may have suffered considerable damage in a collision with a Norwegian tanker off the coast of Tunisia, it was reported today.

The Peking, Red China's largest tanker, collided Monday morning in rough seas with the 15,07-ton Norwegian ship Rondefjell.

The 19,500-ton Peking was built in the Soviet Union last year. There was no official estimate of damage, but unofficial reports said it was thought to be serious.

The Rondefjell was towed to the Tunisian port of Bizerte for repairs, but no word was received concerning the Peking's course or the extent of her damage.

The Norwegian tanker's engines were damaged so badly it could not get under way again. It sent out an SOS, which was picked up by the French naval base at Bizerte. The only casualty reported was a sailor injured on the Rondefjell.

Rodeo Seats Collapse

BELTON, Tex. (UPI) — Cheers and applause changed to screams of horror at the Belton Rodeo Monday night when a section of the bleachers cracked and crashed to the ground, throwing dozens of persons into a pile of splintered wood and twisted metal.

"Those bleachers folded up real slow, like an accordion," one spectator said.

Rodeo officials said the section that collapsed was a temporary bleachers in which about 100 Negroes were seated. Several fell about 15 feet to the ground.

Police said 11 persons were treated at the Belton Hospital and later released. Most of them suffered leg lacerations.

Congress awarded the widow of Abraham Lincoln an annual grant of \$3,000.

Napping Con Caught

SAN ANTONIO (UPI) — Ross Joslin, 24, finished his snooze in jail.

Police found him sleeping Monday in a stolen car and arrested him. In his pockets, they found a newspaper clipping telling of the escape of a Robert Taylor from a jail at Fort Thomas, Ohio.

Under questioning, Joslin admitted Robert Taylor was an alias he used. The clipping said Taylor, or Joslin, escaped by prying the bars of his cell apart, then lathering himself with shaving cream.

He was being held for a church burglary in Ohio, and was also wanted in Long Beach, Calif. He was turned over to the FBI, and lodged in Bexar County jail on a federal complaint of fleeing across a state line to avoid prosecution.

Picnic Area Is Scene Of Fuss

GULFPORT, Miss. (UPI) — A Mississippi sheriff and 23 deputies broke up an angry crowd of 250 white persons and 80 Negroes who were arguing over rights to a picnic area and baseball diamond Monday.

The picnic area in the DeSoto National Forest north of this Gulf Coast city is normally used by white persons. The Negroes staged a holiday outing there and refused to give up the baseball diamond to a white group.

"Some of the whites had threatened to go home and get their guns," Sheriff Curtis Dedeaux said. "And one of the Negroes said something about bringing 100 more Negroes to the park as reinforcements."

"I told them I feared for the safety of both the whites and the Negroes," he said. "The crowd broke up with no blows exchanged but I'm afraid there would have been real trouble if we had not been there."

Austin Trio Held In Death Of Companion

AUSTIN (UPI)—Police planned to file murder charges today against two men and a woman who admitted dumping the body of Robert Hamilton, 21, into an unused cesspool.

Hamilton was shot to death while riding in a car with Gill Boyd, 30, James Stevens, 21, and Marilyn Taylor, 21, all of Austin, Sunday night. His body was found Monday.

Boyd is district manager of the Bankers Life and Casualty Insurance Co. of Austin.

The trio maintained the shooting was accidental, but dumped the body into the cesspool at a home Boyd is building north of Austin because they became frightened.

Police Lt. Merie Wells said Miss Taylor told a friend about the shooting, and the friend called police Monday and told them about the killing.

Wells said Boyd at first denied any knowledge of the incident, but then told them where the body was hidden.

In signed statements, the woman and her two companions said they had been drinking and drove to Boyd's apartment. As they were getting out of the car, Boyd pulled a pistol and pointed it at Hamilton. They said he "playfully" pulled the trigger twice, and the second time it fired.

Chemical Plant Blast Kills Two

EL PASO (UPI)—The Schwartz Industrial Gas and Chemical Co. was razed Monday night by an explosion of an undetermined source which killed two men during a crackling thunderstorm.

The dead were Raymond Gomez, 24, and Manuel Chavez, who were hurled as far as 50 feet away by the force of the blast.

Debris was thrown 1,000 feet, narrowly missing a butane and gas supply warehouse, which would have caused a larger explosion.

A two-ton truck was ripped apart by the blast and flying debris knocked down wires, disrupting electricity in the area for a short time.

Fire officials were puzzled as to what had exploded in the building. The two men that were killed were filling fire extinguisher bottles, which are not combustible. Witnesses near the scene said they saw two long streaks of lightning hit a telephone pole nearby. They said they then saw a bolt which apparently hit the building. Fire officials would not confirm lightning as the cause of the explosion.

Democrats To Be Decisive In Stand On Civil Rights

LOS ANGELES (UPI)—The chairman of the Democratic Platform Committee agreed today with Sen. John F. Kennedy's prediction that the party will take a "more precise" stand on civil rights this year.

Former Solicitor General Philip B. Perlman, who will preside at the opening of pre-convention hearings by the 108-member committee today, told newsmen the civil rights "situation has changed a whole lot since 1953."

Perlman explained that Congress has passed two civil rights bills since the last Democratic convention four years ago but these were confined largely to voting guarantees.

"There are a lot of other problems connected with civil rights that have not yet been the subjects of legislation," Perlman said. "There are many — and I am not speaking for the committee — but there are many people disappointed that Congress has confined its bills to this one phase, voting."

Perlman said the civil rights issue, source of past convention battles between Northern and Southern delegates, again would be the most controversial platform item. And he said he would expect minority reports from the committee, composed of two dele-

He said the country needs a farm program that will bring income up, and distribute surpluses "so the rats don't eat it."

He also declared "I think we have a 15-year-old model foreign policy" which he said needs some "live wire" inspiration.

Asked if he was "implying" that Kennedy was in any way responsible for a "fixed" convention, Johnson said: "I did not. I do not imply things. I say them."

DEAR ABBY . . .

By Abigail Van Buren

DEAR ABBY: Will you please offer a suggestion to help our family (and I'm sure many others) toward a more pleasant dinner hour?

The head of our house has personality, looks, position and a family who could love him, but he makes life miserable for everyone at the dinner table. He picks that time to criticize scold and berate the children for their grades, dress and past mistakes. And every subject that is brought up, he turns into an argument.

After preparing a delicious dinner, it is very disheartening to go through this ordeal every night. I am deeply concerned when I think how, in years to come, my children will remember "the dinner hour" at our home.

DISTRAUGHT MOTHER: Tell your husband (privately, of course) that any criticism or scolding can wait until after the dessert—and then he should direct his remarks only to the one who has it coming. Announce that only "happy talk" is allowed at dinner, and give each child an opportunity to tell something of interest that occurred that day. And by the way, Mother, why not start your dinner with a little prayer—thank God for the food and the blessings of good health which enable you all to sit together at the table? You may find it impossible to quarrel after that.

DEAR MOTHER: I am a working pastor, led the study "Contemporary Man and the United Nations." Mrs. Lawson reported on "Economic and Social Council" followed by a film which illustrated the Technical Assistance Programme, "Sharing Our Skills."

Reports were also given by Mrs. William E. Nichols on the secretary, and by Mrs. Carlton Nance, who discussed the International Court of Justice in The Hague, Netherlands.

To complete the program The Trusteeship Council was discussed and a film "The Universal Declaration of Human Rights" was shown.

Special Fashion Problems Of American Homemakers Are Solved By Designer

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — Ten million American homemakers have special fashion problems, because accident or disease has left them physically handicapped.

Now, many of these problems are solved with a unique collection of clothing designed by Clarence L. Sedt, a home economist with the U. S. Department of Agriculture Research Service.

Miss Scott worked with 70 handicapped housewives in the Washington, D. C., area—asking them what special needs were created by a wheel chair, crutches or braces. Most of the women were victims of infantile paralysis, multiple sclerosis or arthritis.

They make everything from dresses to shorts, to aprons, to pedal pushers, is included in the wardrobe. The designer points out that many features of the garments would interest the non-handicapped home maker who wants clothing comfortable for housework, easy to care for, and attractive to wear.

The designer showed the clothes today at the American Home Economics Convention in Denver. The details are spelled out in a booklet, which the department sent to me.

Miss Scott said the department had not worked out patterns of instructions for making the clothes the designs are meant to aid pattern companies and ready-to-wear manufacturers.

All the clothes are easy fitting. Necklines are open. Collars, when used, are low rolling so they won't ride up at the back of the neck when a wheel chair or crutches are used. Skirts are moderately full with front open-

ings that are easy to manage. There is enough yardage — two to two and one-half yards wide — to allow an unhampered walk, and not hinder the wearer in regaining balance if threatened with a fall. Such skirts also help conceal braces.

Some other features: —Fasteners that are suitable for stiff or unsteady fingers. —In most garments, above-elbow sleeves which are out of the way of soil and water; sleeveless blouses and dresses for summer; and for warmth in winter, three-quarter length sleeves fashioned to adapt comfortably to the behind of the elbows.

—Belts with loops or attached belts so they don't get misplaced. —"Give" features, using shaped insets, bias cut, or special elasticized or stretch fabrics in places subject to strain.

—Slacks with a long back rise and short front, contributing to comfort during prolonged sitting. —Pockets, important for holding articles when the hands are occupied with crutches or a chair. Pockets are large and strong, reinforced against strain, and cut higher at the back so that articles do not slide out when the housewife is sitting. Pockets are placed at the side, to be out of the way when a woman does work on her lap. For homemakers who use a wheel chair, there are pockets fitted to the chair arm for organizing and keeping at hand articles — such as pencil, pen, hanky, keys, eyeglasses, memo pad, purse and medicine.

If you drop a piece of silver while dining out, don't pick it up. Ask the waiter to replace it. In a private home, ask your hostess if you may have another.

Science Shrinks Piles
New Way Without Surgery
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Proctorel H. At your drugstore. Money back guarantee.

Two Members Complete Dresses In 4-H Workshop

Miss May Ann Skaggs was hostess to a meeting of Cloverette 4-H Club as it met for a continuation of its summer clothing workshop program. Two members, Candice Merrell and Beverly Langley, have completed their garments as other members continue to work on theirs.

Luncheon was served between the morning and afternoon sewing sessions.

Miss Lou Ella Patterson, Gray County HD agent, Mrs. J. D. Skaggs, Mrs. Earl Dalsing, adult leaders, are assisting the girls with their project.

Members attending in addition to those mentioned above were Andrea Jewell, Sue Eife, and Karen Gist.

Wood-Quy Say Marriage Vows

Mr. and Mrs. Homer Hall, 421 S. Russell, announce the marriage of Miss Mary Louise Wood, daughter of Mrs. Ida Annis of Wetumka, Okla. and the late G. E. Annis, to Wilson Quay, son of Mr. and Mrs. John Quay of Troup.

The couple were united in marriage by Judge Sugarman of Elk City on June 24 at three o'clock in the judge's chambers in a private ceremony.

Mr. and Mrs. Quay had as their attendants the bride's sister and brother-in-law, Mr. and Mrs. Homer Hall.

Mr. Quay is employed by Pampa Foundry.

Following the ceremony, a reception was held in the home of the bride's sister, Mrs. Mae Wright registered guests.

The couple will make their home 421 S. Russell, Apt. 14.

Result Of Study Offering To Be Sent To UN Group

As a result of recent study in First Methodist Church WSCS, an offering will be sent to one of the branches of United Nations for the purpose of helping others, it was announced at the WSCS meeting held Wednesday morning in the chapel. Mrs. Kermit Lawson, WSCS president, presided during the business meeting when it was decided, too, that an offering will be sent for Chilean relief.

Mrs. Arnold-Bettifalls gave a musical reading taken from an address given at a United Nations conference, which outlined the seven basic responsibilities a Christian has in a changing world. She was accompanied by Mrs. Don Cain at the organ. Silent prayer was observed.

The Rev. W. W. Adcock, church pastor, led the study "Contemporary Man and the United Nations."

Mrs. Lawson reported on "Economic and Social Council" followed by a film which illustrated the Technical Assistance Programme, "Sharing Our Skills."

Reports were also given by Mrs. William E. Nichols on the secretary, and by Mrs. Carlton Nance, who discussed the International Court of Justice in The Hague, Netherlands.

LOS ANGELES (UPI) — The stop-Kennedy movement appears itself-to be stopped because the old pros in the Democratic Party are performing like amateurs.

No one knows this better than Harry S. Truman. HST made his big bid last week for the stop-Kennedy operators to get together in the only political strategy with a chance to stop the young man from Massachusetts.

That strategy would be for the old pros — and all others who might be interested, — to rally behind one man and to support that man on the first ballot and on all ballots thereafter. The old pros are divided in their allegiance. There is a political axiom which goes like this: You can't stop somebody with nobody. That is to stop a man, you must offer another man. The old pros are trying to stop Kennedy with a committee of potential Democratic nominees for president of the United States.

HST wants to stop Kennedy with Sen. Stuart Symington of Missouri or Senate Democratic Leader Lyndon B. Johnson of Texas. In last week's attack on Kennedy, in which Truman accused persons unknown of rigging and fixing the Democratic convention, the former President suggested nine Democrats who he regarded as presidential timber. He preferred all of them to Kennedy.

Truman did not, however, include in his list the name of the Democrat around whom a powerhouse stop-Kennedy movement probably would have developed if his name had been included. He omitted name, of course, was that of Adlai E. Stevenson. Truman does not like Stevenson for reasons long known and long publicized. Stevenson, however, is the candidate of Mrs. Eleanor Roosevelt and her associates on the left wing of the Democratic party.

AMERICANS for Democratic Action (ADA) and such as they would be expected to rally to Stevenson with glad cries. Truman missed that opportunity on purpose. Like the Republican elephant and West Virginia feudists,

Health Issue Dragged Into Convention Contest By Rivals

By RAYMOND LAHR
United Press International

LOS ANGELES (UPI) — Political agents of Sen. John F. Kennedy and Lyndon B. Johnson dragged the health issue today into the pre-convention contest of these two rivals for the Democratic presidential nomination.

Kennedy's convention headquarters issued a medical report to back up its statement that the Massachusetts senator's physicians had found him "in excellent health and with a normal life expectancy."

By its action, the Kennedy camp in effect invited Johnson to do the same.

Kennedy and Johnson are rated in that order in early ballot strength among Democrats contesting for the presidential nomination at the national convention opening here next Monday.

The health of candidates has been a political issue getting increased attention since President Eisenhower campaigned for reelection after a 1955 heart attack.

It erupted in the Democratic pre-convention campaign Monday from a remark made by Kennedy at his New York news conference replying to former President Truman's anti-Kennedy statement last Saturday.

Answering criticism of his youth, the 43-year-old Kennedy said health and vigor were needed in the White House. And he referred to the illnesses suffered by recent presidents.

John E. Connally, chairman, and India Edwards, vice chairman of the Johnson for President Committee, held a news conference here soon thereafter. They were asked if they regarded Kennedy's remark as an oblique jab at Johnson.

Truman does not forget.

HST Offers Johnson

He did, however, offer Johnson as his No. 1 choice, so it seemed, for the Democratic nomination. He might have well asked Mrs. Roosevelt, ADA and the lefties to jump up and holler for Virginia's Sen. Harry E. Byrd. ADA kissed Johnson with a fist several days ago. The kiss was a bill of particulars saying that the left wing feels that Johnson will not do. The headlines on the ADA statement read like this: "ADA warns nomination of Johnson would be mockery of party's platform and would lead to defeat in November."

The ADA pros are not so old, but they are pros, nevertheless. Young and old, the Democratic pros are not actually associated with the Kennedy pre-convention campaign have scattered their support so greatly that they seem now to be impotent. That is a monumentally good break for Kennedy.

In the wings, of course, and available is Symington. The stop-Kennedy operators could get behind Symington and perhaps prevail. But they haven't and it does not appear they will.

Newt Secrest, manager of the Roadrunners, had a legitimate gripe when he pulled his team off the field during Sunday's game at Spearman.

Ever the manager of the all-star team agreed that the umpiring left much to be desired.

The final blow came when the umpire threatened to throw Newt off the field and finally did. But when he left the entire team left with him.

After the game the all-star manager came over and apologized for the poor umpiring.

Newt evidently wasn't concerned about being ejected from a baseball game — he was more concerned about what effect it might have on his players.

Break Up The Yankees Echo

Just about six weeks ago there were plenty of chuckles from baseball fans. "The Yankees are dead," they said.

Now about all you can hear is the familiar cry, "Break up the Yankees."

With Mickey Mantle, Roger Maris and Bob Cerv providing a terrifying "murder" row, the Bronx Bombers are leading the American League by a game and a half.

Mantle cracked his 20th homer of the campaign yesterday, putting

Elliott Gets OK From Office

KANSAS CITY, Mo. (UPI)—Manager Bob Elliott of the seventh-place Kansas City Athletics had a vote of confidence from the club's management today, while his pitching staff took some criticism.

Parke Carroll, vice president and general manager of the Athletics, squelched rumors that Elliott was on his way out in his first season as the A's pilot Monday after Kansas City had dropped a doubleheader to the Cleveland Indians.

Asked if the former National League All-Star third baseman was about to be fired, Carroll explained: "Good heavens, no! Our manager is doing a good job. It's pitching we need."

"It isn't Elliott's fault that the pitching has collapsed."

Kansas City, only one-half game out of the American League cellar, has lost 15 of its last 20 games — nine during the last seven games of the current road trip.

"We need pitching help," Carroll said, "and we don't know where to look."

Pirates Retain Margin; Gain Split With Braves

By NORMAN MILLER United Press International

That July 4th tradition about league-leaders going on to meet in the World Series sounds great, but the Yankees and Pirates would feel a lot better about it if their pitching measured up to their hitting.

Shaky relief pitching caused the Yankees to lose a game and one-half of their American League lead to the second-place Indians Monday.

And the bombing of Bob Friend and Roy Face in the first game of a double-header prevented the Pirates from gaining ground in the National League on the Braves and Giants.

Friend blew a 6-1 lead and Face yielded the winning run in the 10th inning as the Braves edged the Pirates, 7-6, in the opener. With Harvey Haddix pitching a six-hitter in the nightcap, Pittsburgh won, 7-2. The Pirates thus retained their 3½-game lead on Milwaukee.

Hank Aaron helped put Milwaukee back into the first game with a two-run homer off Friend and Del Crandall tied the score in the ninth with a homer off Face. Al Spangler singled home the tie-breaking run in the 10th against Face, making Spahn the winner, 6-5, in a 14-inning, 1-1 tie that

"Ruben Strickland got warned once in the game," Newt said. "And all he did was turn around and look at the umpire when he called a strike on him."

Speaking of the Roadrunners, they're due to have stands which will accommodate 1,100 fans set up either tonight or sometime tomorrow.

Secrest was hoping they would arrive in time for yesterday's doubleheader with Liberal, but had to be content to get them at a later date.

The new stands will be a big improvement at the ball park. Beforehand, fans had to either sit in their cars or stand up to watch a ball game.

Cowboys Sign Ex-OU Star

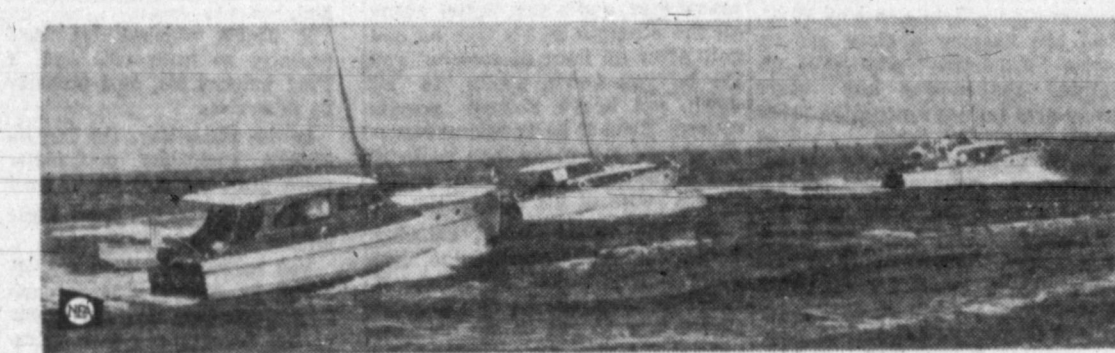

DALLAS (UPI)—Jerry Tubbs, former Oklahoma stalwart, has signed a contract to play with the Dallas Cowboys, it was announced today.

Tubbs, a 6-2, 220-pounder, is rated as one of the fastest linebackers in the National Football League. He lives at Breckenridge, Tex.

He has been playing for the San Francisco 49ers. Tubbs, 25, was the No. 1 draft choice of the old Chicago Cardinals in 1957, and was traded to the 49ers in the middle of the '58 campaign.

The best lineman was voted the Walter Camp Award in 1956, his senior year at Oklahoma as the outstanding lineman of the nation. Recently, he was named to a select Oklahoma team chosen as the All-Time Greats under Bud Wilkinson's regime.

He will report to the Cowboys July 16 at the training camp set up on the campus of Pacific University at Forest Grove, Ore.

The Liberal Beejays unlimbered their bats yesterday to hand the Roadrunners 10-4 and 16-5 setbacks as they kept their winning streak going against the home team.

Meanwhile the Roadrunners could only manage to collect eight safeties in the opening game and another seven hits in the second game.

Souchak Is Flint King

FLINT, Mich. (UPI)—Mike Souchak headed home today for a 72-hole total of 282 and a one-stroke victory over Gay Brewer Jr., Crystal River, Fla., and Art Wall Jr., Pocono Manor, Pa. It was Mike's 18th tournament victory since he hit the circuit six years ago, and it was a comeback struggle all the way.

The 33-year-old ex-Duke University football star, who plays out of Grossinger, N.Y., had to drop a five-foot putt on the 18th green to avoid a three-way playoff with Brewer and Wall.

Souchak, who led through the first 62 holes of the U.S. Open last month, started Monday's round one stroke behind leaders Gene Littler, Mason Rudolph, Don January and Brewer.

He fell two strokes behind at the nine-hole turn when Rudolph toured the front side of the Warwick Hills golf course in one under 35 to move in front of the pack all alone.

But Rudolph, a 26-year-old sophomore from Clarksville, Tenn., wilted under the pressure and bogied the 10th and 11th holes to throw the tournament into a scramble with five players tied for the lead.

Then Souchak and Brewer, playing in the same threesome, launched their big bids.

Brewer, a 28-year-old shotmaker from Crystal River, Fla., ripped off three straight birdies on the 12th, 13th and 14th holes to move into the lead by one stroke. Souchak matched Brewer's birds on the 13th and 14th and then Mike dropped a five footer on the 16th for another birdie to catch Brewer.

Pampa scored for the first time in the second inning when Travis Taylor was hit by a pitch, and was moved around on singles by Dave Marlar and Gary Hill.

The Roadrunners added another tally in the third and two more in the fifth when Stephens walked and Heiskell homered.

The final Pampa run came in the ninth on singles by Strickland and Heiskell sandwiched around a walk issued to Stephens.

Liberal's biggest inning was the third when the Beejays scored six times. Singles by Dick Denton, Ken Berry and Max Johnson, and Frankie Swardford's bouie highlighted the inning.

Rebels Clinch 1st Tie Win Two Games From Amarillo

The American Legion Rebels clinched at least a tie for the eastern division title this week — and while winning two baseball games at Amarillo.

The tie-clinching victory was a 12-4 decision over the Tascosa sheriff's Sunday. Yesterday the Rebels upended Palo Duro, 5-4, at Potter County Stadium.

Jerry Glover went the distance for the Rebels yesterday, allowing four runs on nine hits. He struck out three and issued only one free pass.

The Rebels got only three hits — a double by Glover and singles by Roy Stephens and Kenny Hebert.

Phil Bobar was the losing pitcher for Palo Duro.

Keith Gregory was the leading hitter for the Rebels in Sunday's contest, banging out a pair of singles in four trips to the plate. Roy Stephens, Larry Stroud, Kenny Hebert, Gerrel Owens, Burch Crossland and Mike Stewart got one hit apiece.

The line scores:
Pampa 144 021 0 12 8
Tascosa 011 200 0 4 8
WP — Clark; LP — Giles.

Pampa 001 201 5

Missions Wallop Austin; G-Sox, Tulsa Split Two

By United Press International
San Antonio's Missions clubbed Austin 8-0 in the Texas League Monday night while the rest of the circuit clubs were splitting doubleheaders.

Valley rallied to beat Victoria 4-3 in the opener, then dropped the nightcap 5-4. It was a pair of shutouts in the other twinbill.

Tulsa whipped Amarillo 3-0 in the first game and the Gold Sox won the second 4-0.

Vic Davis and Richard Sovde held the Rosebuds to three hits in the opening game for Valley, but two of them were circuit clouts by Kal Segrist that produced all three runs for Victoria. Larry Stubing duplicated the feat in the second game for the Giants. His two homers pounded in all four runs. Victoria tied it up in the seventh, and broke the tie in the bottom of the ninth.

Turn about was fair play in the Amarillo-Shutout battle, too. Clint Stark shutout the Gold Sox on two hits in the opener while his mates collected four, including Fred Whitfield's homer. Then Harold Stone held the Oilers to a pair of hits in the second game while the Sox put together a seven-hit attack.

Both San Antonio and the Senators collected eight hits, but the Missions made theirs count. The

Palmer Second One Stroke Back

BULLETIN

ST. ANDREWS, Scotland (UPI) — Arnold Palmer of Ligonier, Pa., a little erratic off the tee, carded a two-over-par 75 today in the second qualifying round of the British Open Golf championship.

The husky American Open and Masters champion wound up with a 36-hole score of 142 after posting a five-under-par 67 on the new course Monday.

By OSCAR FRALEY United Press International

ST. ANDREWS, Scotland (UPI) — They are slaying St. Andrew's, the "Royal and Ancient" home of golf to ribbons — with clubs and with criticism.

Peter Allis humbled par Monday with a course record 66 over the better than 300-year-old course. And Arnold Palmer whacked himself out a nervous 7 over the relatively modern new course.

Then they really took it apart. "Give me two bulldozers for about a week," said Philadelphia's Stan Dudan, a white-haired young man who would quite apparently fight two Bengal tigers barehanded in their native heath. "In one week I'll give them a golf course."

Talk tradition all you choose. Tell them about the stiffness of the R. and A. members, who sit in their hallowed inner sanctum overlooking the first tee and 18th green with the built-in pomposity of the British ages, staring out on the athletes with all the solemnity of Queen Victoria's marble statue in front of Buckingham Palace.

But for the men who played it in pursuit of the 110th anniversary of the British Open championship, this course, famed in song and story, is an overrated relic out of the past.

It is a John L. Sullivan slaming atrophied blows at a Joe Louis, an arthritic Man O'War matching strides with fleet Bally Ache or a timeworn Ty Cobb trying to come back and match home runs with young Roger Maris.

It is, with the North Sea draping like an old lady sitting mournfully in the late evening sunshine and wondering blissfully why the younger blades stroll past without even a glance at her memories.

"It stinks," said one American pro who asked that his name be withheld because he was trying to get a comfortable room for the night through a condescending member of the R. and A.

"I'll never come back here again."

St. Andrews — you can take it from me because I am not trying to get a room, is a dump, on or off the golf course.

"The greens when they watered them," complained three-time winner Henry Cotton, "are like plates of porridge."

"It is," said Scotland's own Eric Brown, "a treacherous old sand dune in an ancient town."

There are humps all over the fairway as if Marilyn Monroe had the hives. In front of the greens there are dips such as the one on the 18th hole known as "The Valley of Sin," where a man can be on the green facing a putt where the cup is on the Tavel with his eyes.

"This is an outmoded and completely unfair course," said a Virginia pro. "You are at the mercy of the knolls in front of the green. So it's a pitch and putt course. But the knolls make it so unfair that you can hit a perfect pitch-and-run shot and an unfair bounce puts you in the boondocks. It's kind of like playing Russian roulette."

This wasn't only an American complaint. Someone asked Florv van Donck of Belgium, recent winner of the Canada Cup and International Trophy, whether there were any good points about the course.

Said the handsome Van Donck: "I can't think of a single one."

Giant 'Quake In Aleutian Islands

By United Press International
A "destructive earthquake" in
the outer Aleutian Islands was
recorded Sunday at seismograph
stations.

The quake registered 7 on the
Richter scale at Spring Hill Col-
lege. "Möbius," according to
the Rev. Louis J. Eisele. At
Berkeley, Calif., Dr. Don Toober,
head of the seismograph lab, said
the quake had a Richter mag-
nitude of 6.75 and was centered
2,900 miles northwest of Berkeley.
Both said it lasted two hours.

Western College, Mass., officials
reported the quake was 4,625
miles northwest of Boston between
the Kamchatka Peninsula and the
Aleutians northeast of Japan.
