## Names Drawn For Order On Ballot

Marilyn Saylor of Muleshoe High School has received Talent Day awards from Eastern New Mexico University beginning in the fall of 1976.

Names were drawn Thursday, March 4 at City Hall for the order in which they are to appear on the ballot for the upcoming City Election. Two persons are running for the position of Mayor for the City of Muleshoe and are Kenneth R. Henry, incumbent and C.H. Royston.

Eastern's 13th annual Talent Day for high school seniors included the awarding of 80 scholarships totaling \$16,000. Competitors were tested in their academic area, in addition to touring the campus and visiting with faculty members.

Claims and counter-claims concerning the two companies will be aired in the single hearing, unless any interested parties raise a valid objection to that procedure, according to Royston.

Two students from Muleshoe High School placed at the recent annual High Plains Forensics Tournament at West Texas State University.

## The Dangerous Weed

# What The Practicing Physician Should Know About Marijuana

Editor's note: This is the second in a four part series dealing with the harmful effects of smoking marijuana. In this article, Dr. Hardin B. Jones, professor of medical physics and physiology at the University of California, Berkeley, and assistant director of the Donner Laboratory, discusses What the Practicing Physician Should Know About Marijuana. Today's article concerns the accumulation of THC in the body fat.

have the same high affinity for cell membranes and body fat. Yet gasoline and kerosene do not cause the problems known to occur with marijuana. One of these cannabinoids is responsible for the alteration of liver function which has been shown to take place independently of the psychic affects of THC. It will be some time before there is comprehensive understanding of the full range of effects of THC and the other cannabinoids once they are absorbed into the body. Among the known effects, THC depresses cell division and synthesis of DNA, suppresses the immune response of the blood lymphocytes, and alters the structure of the brain cell membrane. Alteration of cell structures in the lung air passages of marijuana smokers has also been observed in studies made by Dr. Tennant, a pathologist who investigated cannabis-using American soldiers in Germany. Dr. Tennant did bronchi-

al biopsies on thirty soldiers, average age twenty-one, who smoked 25-30 grams of hashish per month for a few months. This is an estimated 80-90 milligrams of THC per day, approximately four times as much as is received by a person smoking one marijuana cigarette (2 percent THC) per day. Twenty-four of the thirty young men had precancerous lesions detected in the biopsied specimens. These lesions are seen in tobacco cigarette smokers, but not until much later in life and after about three decades of cigarette smoking. It remains to be seen what fraction of marijuana smokers will develop severe respiratory disease. The frequently observed association of marijuana or hashish smoking with some degree of inflammation sinusitis to bronchitis, suggests that valid results can be obtained from a demographic survey of the problem with a much smaller sample than was

required to establish the effects of cigarette smoking. The signs are that emphysema and lung cancer will occur sooner than in the case of cigarette smoking. The effects should shortly become evident in our vital statistics when appreciable numbers of marijuana smokers will have been exposed to the drug for more than fifteen years. That is the interval usually estimated as the latent time for development of lung cancer in humans. The physician should especially warn patients with existing lung disease against the use of the cannabis drugs. In this regard there is a well-founded claim that marijuana smoking makes breathing easier during the immediate period of exposure to the smoke. The effect seems to be due to drug-induced relaxation of the bronchioles. This observation has led to a claim by some people in the movement to legalize marijuana

of Bovina High School and earned his B.S. Degree at West Texas State University. He and his wife, Linda, have two children, Brent age 5 and David age 2.

While attending high school at Bovina, he participated in all sports. He began his coaching career at Tulia High School, where he started as 9th grade coach of football, basketball and track. He was promoted to Junior Varsity coach and head Track Coach the second year, won third in District Track and then was promoted to Varsity Assistant in football and head track coach his third year. His team finished third in District I AAA Track and taught math all three years.

Cumpton went to Hereford High School in 1970-76 as varsity football assistant of the head coach of the sophomore team and head varsity track coach. His team finished fifth in District 4 AAAA Track, increasing participation in track from 17 to 50 boys.

He then became varsity football assistant head coach of Junior Varsity (which was undefeated) and Head Track Coach and finished second in District 4-AAAA Track meet, qualifying nine boys to regional.

The next two years at Hereford he was defensive co-ordinator

## County Helps Civil Defense

Bailey County Commissioners voted Monday, during their regular meeting, to underwrite the purchase of approximately 500 Storm Sentry units for the Civil Defense at an approximate total price in the amount of \$14,500.

The Bailey County Civil Defense will make the purchase and distribution and the County is to be reimbursed by June 1, 1976.

Superintendent of Schools, Neil Dillman said the flu situation has leveled off at school. He reported 17 percent

for varsity Football Team, responsible for game plans and performance of the entire defense. During these two years Hereford won eight and lost two one year and the next year the record was 10-1-1. As head track coach, his team won second one year and first the other year.

During 1974-75, he was head football and head track coach. The school had been disqualified the previous year to compete for District Championship for violations of rules. The team won four and lost six games while under disqualification. Cumpton got the disqualification removed for the next season. His track team finished second in the District Meet.

During 1975, his second year there, the team won the district championship in football and won bi-district over the fourth ranked team in the state. They lost the regional play-off game. This was the first district championship in the history of the school.

Honors received by Coach Cumpton included Outstanding

## Flu Patients Fill Hospital

The admitting office at West Plains Medical Center in Muleshoe says the flu situation is pretty bad. The hospital is full and they are scrounging for rooms to put the patients in, said one hospital spokesman. She said they even had to utilize the doctor's lounge for patient space.

The hospital has admitted from six to eight patients with the flu for the last three days, and the situation is getting "pretty bad".

Superintendent of Schools, Neil Dillman said the flu situation has leveled off at school. He reported 17 percent

 ness of these centers is impaired  
 up to five days. In exposures  
 equal to those of a heavy  
 marijuana user, the pleasure  
 centers of the monkey become  
 inactive for an indefinitely long  
 period of time. An inaccurate  
 though widespread, criticism of  
 this aspect of Dr. Heath's work  
 is that the dosage causing  
 semi-permanent quiescence of  
 pleasure responses is higher  
 than the usual human range of  
 exposure. Dr. Heath has ver-  
 ified that this is not the case. It  
 may be, of course, that the  
 monkey is somewhat more sen-  
 sitive to THC than is the case in  
 humans; nevertheless, it is com-  
 monly observed that young peo-  
 ple who smoke marijuana heavi-  
 ly experience essentially the  
 same effects - quiescence of the  
 sensations of pleasure. I use the  
 term "sensory deprivation" to  
 describe this consequence of  
 marijuana use. The term "de-  
 personalization," as used by  
 Drs. Kolansky and Moore, has a  
 similar implication about these  
 brain changes that evolve slowly  
 with the cumulative effects of  
 marijuana smoking and which  
 on rehabilitative abstinence are  
 the slowest to recover. The  
 ability to feel good or to feel  
 alive results from the normal  
 operation of the pleasure cen-  
 ters and they give such zest as  
 we can know to all the ordinary  
 events of life. Sexuality is  
 merely one facet of these emo-  
 tional functions. The anatomical  
 structures that control these

important functions are first  
 irritated and then impaired by  
 the use of marijuana. The  
 monkey merely observes in his  
 early exposures with mariju-  
 ana that he feels good or that sex  
 becomes more sexual. He does  
 not observe what became a  
 common, obvious pattern to me  
 as an interviewer of marijuana-  
 smoking students. Their sexual-  
 ity was heightened only for a  
 short period in early marijuana  
 use; afterward, sexuality dim-  
 inished steadily. It is common to  
 find absence of sexual activity in  
 marijuana smokers, including  
 absence of sexual dreams and  
 masturbations. Yet the pot smok-  
 er does not perceive these  
 changes. Perhaps they are due  
 in part to induced depression of  
 primary and gonadal function.  
 The mechanisms are unknown  
 at this time, but the clinical  
 result is well established.  
 Next Thursday's edition of the  
 Muleshoe Journal deals with the  
 individual's sensitivity to the  
 drug and the strength of the  
 Marijuana used.

state water development board  
 is empowered to issue permits  
 for up to four years, which has  
 added fuel to the controversy.  
 Prior to the 1975 amendment to  
 the basic statute, permits could  
 only be authorized on an annual  
 basis.  
 Last month, public hearings on  
 the proposed programs were  
 conducted in Plainview and  
 Littlefield, and sentiment  
 seemed overwhelmingly against  
 the issuance of permits.  
 A.L. Black, water development  
 board chairman, said after those  
 hearings, that public sentiment  
 would be taken into account  
 when the board makes its  
 decision, but indicated that the  
 March 17 hearing would have  
 more import.

The board could be expected to  
 make its decision on the permit  
 applications within 60 days after  
 the upcoming hearing, accord-  
 ing to Lanning.  
 Protesting parties will have 15  
 days to file a motion for a  
 rehearing, after the decision is  
 announced, but Lanning indi-  
 cated the board would be free to  
 turn down the motion.  
 A court case is very likely, as  
 most observers feel the contro-  
 versy will eventually be decided  
 in court.

Atmospherics Inc. has applied  
 to modify weather over all or  
 portions of Parmer, Castro,

 If granted, the permit would  
 also authorize aircraft flights  
 over portions of Deaf Smith,

 Lubbock Counties.  
 Plains Weather Improvement

### Irrigation Confab Set March 9

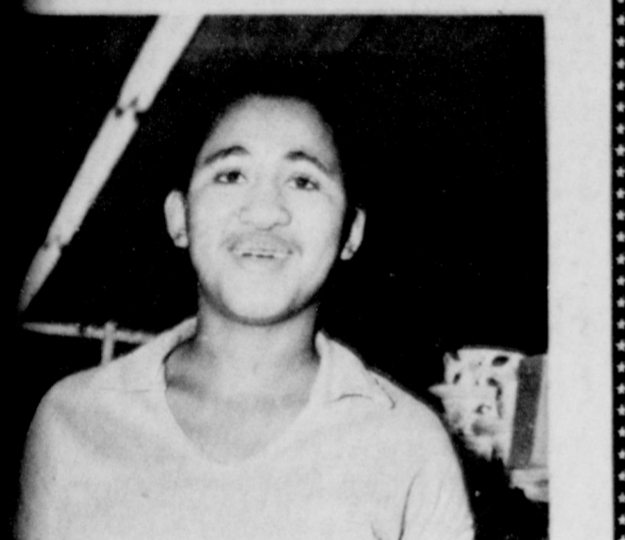

HEREFORD - Three agricul-  
 tural engineers, a grower and  
 three business representatives  
 will address a gathering of  
 producers and agribusinessmen  
 interested in irrigation, at the  
 Bull Barn in Hereford, Tuesday,  
 March 9.

The confab, which gets under-  
 way at 9:45 a.m., will feature  
 seven topics related to cost and  
 efficiency of irrigation opera-  
 tions.  
 Don Smith of High Plains  
 Underground Water District in  
 Lubbock will be lead-off speaker  
 with a topic on diminishing  
 water supplies and well cave-  
 ins.  
 Following Smith will be Wayne  
 Keesee, agricultural engineer for  
 the Texas Agricultural Extension  
 Service, College Station, talk-  
 ing on features of low cost  
 pumping units.  
 Producers and industry repre-  
 sentatives will hear what to do  
 about good and bad news from a  
 pump test, presented by Joe  
 Harbin of Bailey County Electric  
 Cooperative in Muleshoe, while  
 Charles Schlabs, grower and  
 chairman of the Deaf Smith  
 County Water Association in  
 Hereford, will tell how a grower  
 views his own operations.

The afternoon session will  
 feature a topic on methods and  
 costs of improving existing  
 pumps by J.K. Childress, dis-  
 trict manager of FMC Corpora-  
 tion, Plainview.  
 Darrell Watts, Extension irri-  
 gation engineer with the Univer-  
 sity of Nebraska at North Platte,  
 will discuss procedures for a-  
 chieving efficient row and cen-  
 ter pivot irrigation.  
 Winding up the meeting will  
 be Jack Musick, agricultural  
 engineer with the USDA-ARS at  
 Southwestern Great Plains Re-  
 search Center at Bushland.  
 Musick will discuss soil water  
 holding capacity and availability  
 of soil moisture to plants.  
 The annual irrigation confer-  
 ence is designed to provide  
 latest information available on  
 crop irrigation for producers of  
 the Texas High Plains, accord-  
 ing to Leon New, Extension  
 Service irrigation specialist  
 based at Lubbock. New and  
 Deaf Smith County Extension  
 Agent Justin McBride are moder-  
 ating the program.

Sponsoring the meeting are the  
 Texas Agricultural Extension  
 Service and the Panhandle Eco-  
 nomic Program in cooperation  
 with the Deaf Smith Water  
 Association and the Deaf Smith  
 County Chamber of Commerce.

## Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

### Not Just Pin Money... It's More Than Chicken Feed... It's All About Poultry.

Time was when the poultry industry in Texas was composed mainly of backyard flocks. Virtually every farm home had a small flock of laying hens. More often than not, the lady of the house had charge of the operation, and what money she made was referred to as "pin money." That was also, to a smaller degree, the situation with turkey production in the state.

But take a look at today's poultry business, and you find it is big business. It's one of the most efficient enterprises of all agricultural pursuits. Broiler producers have led the way in teaching others the efficiency in feed conversion to pounds of meat. Dramatic advances have also been made in breeding for laying hens. And that old, tough turkey you used to eat is now replaced with a nutritious, delicious year-round staple.

The monetary value of one segment of the Texas poultry industry can be seen in a report from the Texas Crop and Livestock Reporting Service. All chickens, hens, and pullets of laying age had a value of more than \$17,000,000 in 1975. On a per-head basis, that amounts to \$1.45 for 1975 compared to \$1.40 in 1973 and \$1.70 in 1974.

Egg production in Texas for last year in Texas totaled 201,000,000. This is three per cent above 1974 and is also three per cent above a month ago.

TEXAS IS IN THE TOP 10 STATES in several categories in poultry enterprises. Texas is ninth in numbers of hens and pullets of laying age; it is tenth in egg production; Texas is seventh in production of broilers and it is fifth in turkey production.

Commercial broiler production is in the eastern half of the state. The top 10 counties in broiler production are Shelby, Nacogdoches, Gonzales, San Augustine, Panola, Sabine, Upshur, Camp, Cass, and Kleberg.

Turkey production in the state is largely in the central area. Top turkey-producing counties are Gonzales, Bell, Gillespie, McLennan, Hill, Leon, San Saba, Brown, Blanco, and DeWitt.

EGG PRODUCTION is located in all parts of the state. The top 10 egg producing counties are Gonzales, Shelby, Fayette, Nacogdoches, Denton, Camp, Caldwell, Brazos, Bexar, and Tarrant.

Counties with the most hens and pullets of laying age are Gonzales, Shelby, Denton, Camp, Nacogdoches, Caldwell, Fayette, Brazos, Dickens, and Bexar.

Poultry producers in Texas and throughout the nation are continuing to do their part to provide consumers with ample supplies at lowest possible cost.

Texas broiler chick production during January is up 18 per cent from a year ago and eight per cent above a month ago. Turkey poult hatchings are up 30 per cent from a year ago.

Poultry supplies are expected to be plentiful throughout the year.

A Thought: "Ninety-five per cent of patients in state and county mental hospitals throughout the nation are dangerous can you shut her up? neither to themselves nor others." -Gazette, Mason City, Ia.

## The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm takes a peculiar look at solar energy this week.

Dear Editor:  
A lot of people are wondering why we haven't made more progress on solar energy, and I

think I know the answer.

Here's the situation: It's no doubt true the greatest source of heat in the entire universe is the sun. We talk about oil playing out and it's true -- eventually the earth is going to run dry of

oil, man is going to pump it all out and the Arab sheiks will have to go back to raising camels. But the sun, it's always there, and if it plays out, that's all she wrote anyway.

Now man has already discovered that you can heat a house, warm your bath water and cool off in summer with solar energy. With a little more investment, say the price of one aircraft carrier or two sessions of Congress, solar energy could be perfected and become as commonplace as electricity or gas or running water.

But there's one scientific hitch that's holding the whole program up. Nobody's figured out how to meter solar energy. On the next clear day go outside and look around. See that sunshine splattered all over everything? How are you going to get it to go through a meter? And if you can't get it to go through a meter, how're you going to charge for it?

Like it is, a man might go up on the roof of his house, capture the sun's rays and heat his home scot free. You know the economy is not going to stand for that.

Unless science can figure out a way to run solar heat through a meter, who's going to be interested in perfecting the stuff? Might as well try to charge for the use of gravity.

The only way I can figure out to get solar energy readily available to everybody is to lease the

sun to a small group of far-sighted people and let them charge royally on every sunbeam that reaches the earth, with rates adjusted to see that the company gets fair compensation on cloudy days.

Yours faithfully,  
J.A.

Mr. and Mrs. Raymond L. Roubinek

### Anniversary Honors Couple

Mr. and Mrs. Raymond L. Roubinek are celebrating their 50 wedding anniversary Sunday, March 14, in the First United Methodist Church Fellowship Hall, in Muleshoe, from 2:00 until 4:30 p.m. Hosting the occasion are their son and daughter, Mr. and Mrs. Jack Roubinek of Muleshoe and friends of the family.

Mr. and Mrs. Roubinek were married March 14, 1926, in the Methodist parsonage in Far-

well. Roubinek moved here in 1922 from Nebraska and his wife, the former Katie Kennedy of Oklahoma moved here in 1925.

After they married, they lived on a farm in Pleasant Valley. After he retired, they then moved into Muleshoe. The couple have one granddaughter, Kimberly Ann, age nine. The couple request no gifts and everyone is urged to attend.

## ESA Attends Holy Week

The Epsilon Chi Chapter of Epsilon Sigma Alpha sorority held their business meeting, Tuesday night, March 2, in the home of Woodie Lambert. Hostesses serving a buffet supper, were Mrs. Terry Parham and Miss Judy Lambert. The Saint Patrick's Day motif was carried out, as members were served Green Chili Enchiladas, Mixed Green Salad, Garlic French Bread, Petite Green Shamrock cookies, and spice tea.

The meeting was called to order with the President, Mrs. Ed Cox, giving the opening ritual. Chaplain, Mrs. Jack Rennels, gave the opening prayer.

Mrs. Ronnie Barrett announced Epsilon Sigma Alpha had been urged to attend the Holy Week Services, to be held at the First Methodist Church, beginning April 12 through the 16. Mrs. Barrett also told of Epsilon Chi working with Ben Gramling, Counselor of Muleshoe High School, to help select a Muleshoe High School senior girl, who will receive the \$100.00 scholarship in May. Wayland Ethridge, Principal of Muleshoe Junior High, will also assist ESA in helping decide the recipient of the Outstanding Youth Award.

Mrs. Andy Douglass announced ESA will be hostess to the residents of the Muleshoe Nursing Home party, Thursday afternoon, March 11.

Mrs. Terry Parham and Mrs. Terry Hillin were recognized by Awards Chairman, Mrs. Ronnie Barrett, for their outstanding service to the sorority. Mrs. Parham and Mrs. Hillin have won the highest honor their sorority, Epsilon Sigma Alpha, can bestow on a new member; the FIRST PEARL AWARD. These young women earned their award by completing a difficult series of achievements for their Chapter. Mrs. Parham is presently serving on the Publicity and Telephone Com-

mittees and Mrs. Hillin is serving on the Ways and Means and Publicity Committees.

By secret ballot the ESA ZEUS AWARD was selected and "the Man with 40,000 Sweethearts", will be revealed at a later date.

The nominating committee gave a report on their selection of candidates for the up-coming spring election. Names submitted for new officers were Mrs. John Blackwell, president; Mrs. Ronnie Barrett, vice-president; Mrs. Larry McMillan, recording secretary; Mrs. Richard Kimbrough, corresponding secretary; Mrs. Andy Douglass, treasurer; and Mrs. Darrell Matthews, educational director. These candidates will be voted on by the chapter at the next business meeting.

The West Texas State University Women's Program Committee is planning a bicentennial luncheon on the campus, April 24. The focus of the luncheon will be to acknowledge and honor a number of women, who besides filling the time-honored roles of mother and homemaker, have distinguished themselves by outstanding business, professional, or volunteer service to the community in which they live. Epsilon Chi voted to nominate Mrs. John Watson and

Mrs. Wilcy Moore for the WEST TEXAS STATE UNIVERSITY DISTINGUISHED SERVICE AWARD.

Mrs. Ed Cox announced the April District IX meeting will be held Sunday, April 4, in Lubbock with a spring luncheon.

Committees were also appointed to help select an Outstanding Young Woman of Muleshoe and also an Outstanding ESAer. Other committees were appointed to go out into the community and work with the Muleshoe Bicentennial Committee, to find and name an Outstanding Pioneer Woman of the area. The Bicentennial Pioneer Woman will be recognized at the annual ESA Mother-Daughter Banquet.

It was announced the Mother-Daughter Banquet to be held May 7. It will be catered by Stan

Black of the XIT Steak House here in Muleshoe.

Jonquil Girl, Judy Lambert, announced a baby spoon had been presented to Mrs. Johnny St. Clair. It is an Epsilon Sigma Alpha tradition that new ESA babies receive a spoon with the Epsilon Sigma Alpha Crest.

President, Mrs. Ed Cox led her ESA sisters in the closing ritual. Members attending were Mrs. Ronnie Barrett, Mrs. John Blackwell, Mrs. Ed Cox, Mrs. Jim Crawford, Mrs. Andy Douglass, Mrs. Mack Garrett, Mrs. Donald Golden, Mrs. Jerry Harrison, Mrs. Richard Kimbrough, Mrs. Derrell Matthews, Mrs. John Birdwell, Miss Virginia Bowers, Mrs. Jack Rennels, Mrs. Wayne Tunnell, Mrs. Carter Williams, Mrs. Hugh Young, Mrs. Larry Goree, Mrs. Terry Hillin, Mrs. Terry Parham, and Miss Judy Lambert.

### Easy As Pie Corned Beef Hash

With the holidays over, the season for casual entertaining is here. That means Sunday brunch will be more popular than ever. And why not? It's a time when everyone, including the hostess, can relax. Anything goes in the food department — from creamy scrambled eggs to the fanciest dessert soufflé.

Of course, economy and ease of preparation are always important when planning the menu. Using canned meats, plain or dressed up, is one way to provide meaty dishes that your friends will enjoy without a lot of work for you.

Here's an idea from Mary Hale Martin, Libby's home economist, that uses canned corned beef hash a favorite of just about everyone. Cheesy Hash Pie is a two-layered entree good for brunch or supper, and takes only minutes to prepare. Just combine a can of hash with an egg, chopped onion and green pepper, then layer it in a pie plate with shredded Colby cheese and a simple custard mixture.

While the pie bakes to a beautiful cheesy brown, toss a salad, make the coffee, sip a Bloody Mary or just enjoy the conversation, confident that you're offering your friends a dish they'll all enjoy.

**Cheesy Hash Pie**

1 can (15-1/2 ounces) Libby's Corned Beef Hash	1/2 teaspoon garlic salt
1/2 cup finely chopped onion	3 eggs
1/4 cup chopped green pepper	1 1/4 cups (6 ounces) shredded Colby cheese
1/4 to 1/2 teaspoon hot pepper sauce	1 tablespoon flour
	1/4 teaspoon dry mustard
	1/4 teaspoon salt
	1 cup milk or half and half

Combine corned beef hash, onion, green pepper, hot pepper sauce, garlic salt and 1 egg. Spread in bottom of an ungreased 9-inch pie plate or quiche baking dish. Sprinkle with 1 cup of the cheese. Beat flour into 2 eggs, stir in mustard, salt and milk. Pour over cheese in pie plate. Sprinkle with remaining 1/2 cup of cheese. Bake in 350°F. oven 35 to 40 minutes or until knife inserted near center comes out clean. Let stand 10 minutes before cutting. Yields 6 servings.

## Area Clubwomen Participate In Convention

Federated clubwomen from the West Texas area will participate in the 10th annual convention of the Caprock District, Texas Federation of Women's Clubs, March 12-13, at the Harrel Memorial Auditorium, in Plainview.

Mrs. Harold Green, of Tahoka is president of the 65-club district and will preside over the two-day convention. Mrs. John Moffatt of Seminole, junior director, will be in charge of the eight junior study clubs, in the district.

The theme will be "Caprock District, TFWC Salutes the USA: 1776-1976" and will use the three divisions of the ARBC: Heritage '76, Festival USA, Horizons '76.

Activities will get underway Friday morning with an executive committee meeting at 9:00 a.m. The general session will

begin at 1:30 p.m.

Highlighting Friday's events will be the formal awards banquet at 7:00 p.m. Featured speaker will be Dr. C. Gwin Morris, Associate Professor of Social Sciences, at Wayland Baptist College. Club presidents will be introduced during the banquet.

The convention will end following a luncheon on Saturday when clubwomen will hear an address by Mrs. Robert N. Tipps of Denver City, President-elect of TFWC.

Clubwomen who will appear on the program include Mrs. A.C. Neely, president, of Muleshoe Study Club; Mrs. J.W. Wither- spoon, Chairman of the Arts Department and also in charge of the Arts and Crafts Exhibit.

Nature is grand so long as men and women leave her alone.

### Hobby Club Gains Two Members

Muleshoe Hobby Club met Thursday, March 4, at the Muleshoe State Bank Community Room, with Mrs. Ruth Williams, as hostess.

Those attending were Mrs. Allie Barbour, Mrs. Ola Epperly, Mrs. Levina Pitts, Mrs. Sylvan Robinson, Mrs. Charlie Phipps, Mrs. Bub Shafer, Mrs. C.E. Briscoe and Mrs. Mabel Caldwell.

Mrs. Ruth Williams and Mrs. Verne Dement were both new members and the visitors were Mrs. H.H. Williams and Mrs. Florene Mills. Two of the members are in the hospital. Mrs. H.H. Carlyle is in the Methodist Hospital in Lubbock and Mrs. Ethel Julian is in the West Plains Memorial Hospital.

Displays presented to everyone were an airplane built from a sparkplug, plaque, picture, jewelry box covered with rice paper napkins, windmill, antique jars, tissue holders, bowl covered

with shells, sandpainting, decoupage plaque and an applique quilt.

The next meeting will be held March 18, with Bernice Amer- son as hostess. The hostess gift was drawn by Mrs. Bub Shafer.

### O.E.S. Sends Personal Articles To Arlington

Mr. and Mrs. Derrell Nowell, Worthy Matron and Worthy Patron of Muleshoe Chapter No. 792, Order of the Eastern Star, presided at the Stated meeting of the Chapter, Tuesday evening, March 2, in Masonic Hall.

Routine business was transacted and plans made to entertain the members of Muleshoe Lodge No. 1237, A.F. and A.M. and their families with a dinner, March 27, at 7:30 p.m., in the banquet room, of Masonic Hall.

It was also decided to send a box of personal articles to the Eastern Star Home, in Arlington.

Invitations to Friendship nights were received from Silverton, March 19, Dimmitt, March 30, and Happy, April 3. In observance of Public Schools Week, no refreshments were served.

Don't believe anything you hear at cocktail parties.

**YOU CAN BANK on it!**

Bill Loyd, President Muleshoe State Bank

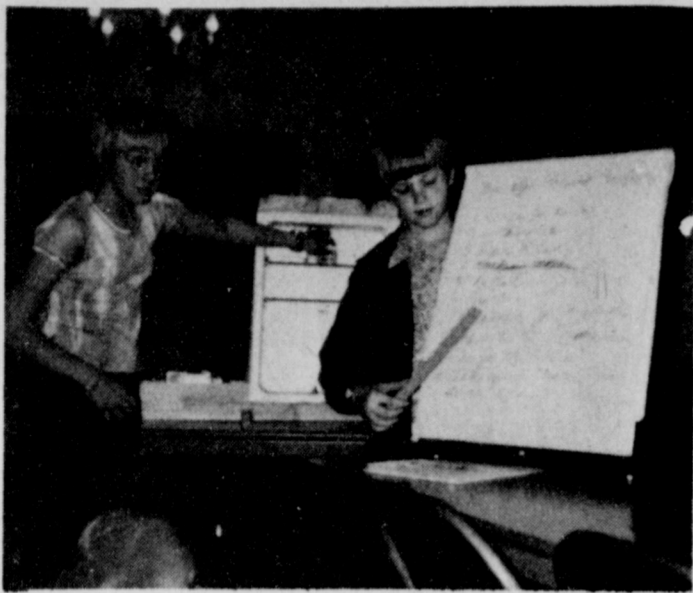

The question is often asked: How much should a family set aside for housing. Most experts agree that the average family should allocate about 25 per cent of their monthly income.

That means that a family with a gross monthly income of \$800 should not be paying out more than \$200 a month for mortgage payments, or rent, including all utility bills in the amount.

Oftentimes a young couple starting out in life let their emotions, rather than sound financial considerations, determine where and how they are going to live. The best way to plan is to make out a monthly budget: so much for shelter, clothing, food, car payments, savings and, of course, entertainment.

Virtually every working person in the country faces the possibility of being out of work at one time or another. That's why it is a good idea to build up at least three months living costs in a savings account to help smooth out any dislocations that might take place. It's really better to have a six month backlog in savings, because it is easier to place the money where it will draw the best interest rates.

Mrs. Troy Veach visited Mrs. Hall and Mrs. Guinn on Wednesday.

Mrs. Erma Ray comes each day to help her mother with her food. Her mother, Mrs. Duke, is quite feeble.

The following little verse by Lillian Killough entitled "My Wish" is great to try to live by. It follows:

If you lose interest in life, you're dying.

"My wish is not for worldly gain, nor do I crave rare gold; I only ask for loving friends and faith they give untold. A song to sing day by day, a smile to cheer the sad; a kindly word to pass along, making a lone heart glad. I know not what tomorrow brings, I only know I'm on my way; it is enough God's love enfolds me every minute of the day."

This little verse are a pleasure to read for me and to try to live by, as I live each day.

Our idea of futility: trying to forecast elections a year ahead of the elections.

**Understanding Yourself**  
LISTENING FOR GOD

Many husbands are deaf. At least, their wives think so. They tune out things they don't want to hear.

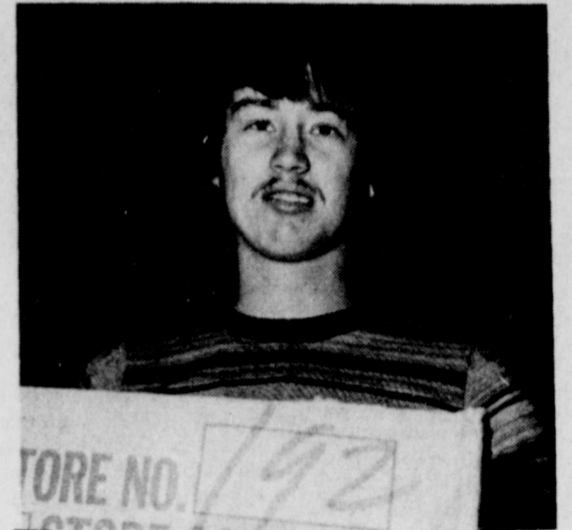

Is God deaf? Many people wonder about that. Some of them actually think He is.

God does things in His own way, but He acts. He hears and He answers. The answer may not be exactly the one you're looking for right now, but He answers. It takes faith to know God in that way, and that is the way He is.

Keep a generous supply of inexpensive, assorted sizes of paper plates on hand. Use them on busy days or for lunch and snack time. Inexpensive paper plates are probably cheaper than using your dishwasher.

To keep your empty fruit jars from smelling like mildew, wash, dry completely then place a crumpled piece of newspaper inside and put the top on loosely.

Put your spices on a double lazy susan. It's so easy just to turn to select the ones needed. One under the sink works well with cleaners.

Protect your eyes from direct sunlight with properly fitted sunglasses.

If your air conditioner doesn't seem to be cooling to its maximum capability, check the filters which may have accumulated dust.

In late July and August watch your shrubbery for infestation of insects and bagworm larvae. Spraying is essential.

When you hear the first hurricane advisory, it would be wise to store water in clean containers, check battery-powered equipment, especially your battery radio.

## Rev. Sheats To Speak In City

Rev. Morris Sheats will be speaking about how to face life and on faith at the First Assembly of God Church in Muleshoe on March 8-9 at 7:30 p.m. each night. He will speak at noon on the 9th, when a free lunch will be served, for business people and others who might not be able to attend the evening sessions.

Rev. Sheats is an outstanding young minister. He is a graduate of Monterey High School in Lubbock, Texas, where he was president of the student body. A history major, he graduated from Texas Tech University, receiving his Master of Divinity Degree from Southwestern Baptist Seminary in Fort Worth. He was awarded a Doctor of Divinity Degree from North American Bible College in Dodge City, Kansas.

He is a pastor of one of America's fastest growing churches, Trinity Church, Lubbock. Trinity Church is a church

for all faiths. Over 19 different backgrounds worship there.

In addition to pastoring, he has an extensive radio and television ministry which reaches into several states. His program is RAP, which means Reaching Another Person.

Rev. Sheats and his wife, Janet are parents of two children, Shanda and Morris II.

He received Jesus Christ as his personal Saviour at an early age and began his ministry at 16. He was raised in a minister's home.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—U.S. Sen. Lloyd Bentsen shook up the Texas presidential preference primary lineup a bit by withdrawing from the long list of major Democratic candidates for nomination.

He remains on the May 1 ballot in Texas, however, along with the five other Democratic candidates, and a major state party battle is brewing.

Former Sen. Ralph W. Yarborough, the man Bentsen defeated in 1970, announced his support of uncommitted delegate slates in 18 senatorial districts.

Yarborough, in effect, gave the liberal slates in those districts a front man or a name to rally behind.

The former senator said he is convinced most Texas Democrats are genuinely uncommitted, as early voting in party caucuses had indicated is the case in other states.

Other elements of the state party will be rallying behind delegates pledged to George Wallace, Fred Harris and Jimmy Carter. Another candidate, Ellen McCormack, will appear on the ballot in five districts.

Meanwhile, Bentsen is facing tougher opposition than many first figured from W. Philip Gramm, a young professor of economics (on leave) from Texas A&M University.

### Highway Crisis

Transportation is facing

a "real and serious" crisis, according to State Department of Highways and Transportation heads.

Highway building is caught in a squeeze between declining revenues and increased costs.

DHPT has a current backlog of construction and right of way projects totaling nearly \$11 billion. DHPT will have about \$1.9 billion in state and federal funds for construction over the next 20 years.

By 1980, according to DHPT Engineer-Director B.L. DeBerry, there will not be sufficient state dollars to match available federal dollars.

"Putting it another way," said DeBerry, "the program will be only one eighth as large as was possible at past funding levels."

A highway bidding February 25 will cover work in Houston, Plainview, Alice, Lampasas, Texas City, Lubbock, Waco, San Angelo, Vidor and Austin.

### Drought Threatens

Agriculture Commissioner John C. White has warned vanishing subsoil

moisture and dry winter winds are creating drought conditions for half of Texas farmers and ranchers.

Much of the western portion of the state has not had rain since late summer, White said. Winter rains have not occurred.

White said the grain crop will be severely reduced without rain within the next few weeks.

### Courts Speak

The State Supreme Court agreed to hear a dispute over accessibility of workmen's compensation records. Industrial Foundation of the South is suing for authority to take complete information of compensation claims from the Industrial Accident Board computer system.

The high court also agreed to hear arguments March 10 in a tax dispute over imported merchandise warehousing between Farmers Branch and Japanese manufacturers.

In another decision, the Supreme Court said a Dallas man has a right to sue a University of Texas health facilities for \$60,000 because a negligent lab

SCIENCE WINNERS . . . Juanita Lazano and Sally Lunsford, seventh graders were grand prize winners in the Science Fair with their project showing how water and different chemicals affect plant growth. They are students of Mrs. Lewis Scoggins, Seventh Grade Science teacher.

technician lost the man's eyeball (which had been removed for tests).

Texas Court of Criminal Appeals refused to reconsider its earlier order directing a new trial for Dallas man sentenced to death for murder.

The same court affirmed a five-year prison sentence for a Brownsville man accused of sexually abusing a nine-year-old girl.

### Districts Drawn

A three-judge federal court settled a long controversy by drawing new single-member state House of Representatives districts for Jefferson and Nueces counties.

The court had a lot more trouble deciding how to divide Tarrant County into single-member legislative districts, however, and postponed its decision until February 17 on two plans before it for consideration. Filing deadline for candidates has been extended until March 8.

### Program Backlog

Veterans Land Board will go to the bond market the first week in April if conditions are favorable.

But this doesn't mean immediate reopening of the Veterans Land Program, Land Commissioner Bob Armstrong cautioned.

Armstrong said his staff will have to work through a backlog of 3,721 applications before any new applications can be accepted.

## Death Takes J.B. Williams

Funeral services were held Saturday at 2:30 p.m. for James B. Williams, 36, in Shepherd Funeral Home Chapel of Memories in Crane with the Rev. Gary Layman, pastor of the First Christian Church in Crane officiating.

Burial followed in Garden of Memories Cemetery in Crane under the direction of Singleton-Ellis Funeral Home of Muleshoe.

A native of Crane, Williams was a resident of Muleshoe for two years, moving here from Lubbock. He was office manager for King Grain Co. here. He was a member of the First Christian Church in Crane.

Williams was married to Shirley Ball on August 18, 1967, in Slaton.

Survivors include his wife; a son, Brad of Muleshoe; his mother, Mrs. Grace Williams of Crane; and a brother, David N. of Houston.

Pallbearers were Tom Womack, Robert Haigood, C.E. Ferguson, Max King, Fred Webb and Johnny Hoestebach.

New applications probably will not be taken before mid-summer. Applications were temporarily suspended December 31 because bond money for loans had been committed due to an unexpected flood of 1,700 applications in one month alone.

### Short Snorts

Railway companies have been given permission to close stations in Stanton, San Saba and Victoria and to dismantle depots.

Gov. Dolph Briscoe is reportedly four months behind schedule in filling more than 80 vacant appointments.

## Andrews Last Rites Held

Funeral services for Henry G. Andrews, 79, of Stamford were held at 2 p.m. Saturday in the First Baptist church in Stamford with Rev. Phillip Watson, pastor of the First Baptist Church and the Rev. Ross Dunn, pastor of St. John's Methodist Church officiating.

Burial was in Highland Memorial Cemetery under the direction of Kinney Funeral Home.

Andrews died at 5 p.m. Thursday in Stamford Memorial Hospital. He was born in Throckmorton and moved to Stamford in 1907. He graduated from the University of Texas Law School in 1920, and married Gladys Ledbetter March 21, 1921, in Stamford. Andrews was a member of the First Baptist Church, the Masonic Lodge and was a Shriner.

Survivors include his wife; a son, H.G. "Pete" of Stamford; a brother, W.T. of Muleshoe; a sister, Mrs. Frankie Harris of San Angelo; and two granddaughters.

Nephews served as pallbearers.

## Raybon Rites Saturday

Funeral services for Roger Raybon, 31, of Muleshoe were held at 2:30 p.m. Saturday in St. Matthew's Baptist Church with the Rev. Arthur Hays, pastor, officiating.

Burial was in Muleshoe Cemetery under the direction of Singleton-Ellis Funeral Home here.

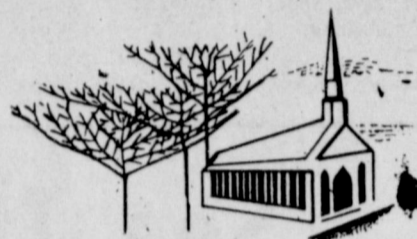

Raybon died at 11 p.m. at his home. Bailey County Justice of the Peace Frank Ellis ruled death due to natural causes.

Born in Terrell, Raybon had been a Muleshoe resident since he was seven years old. He was a cotton gin worker.

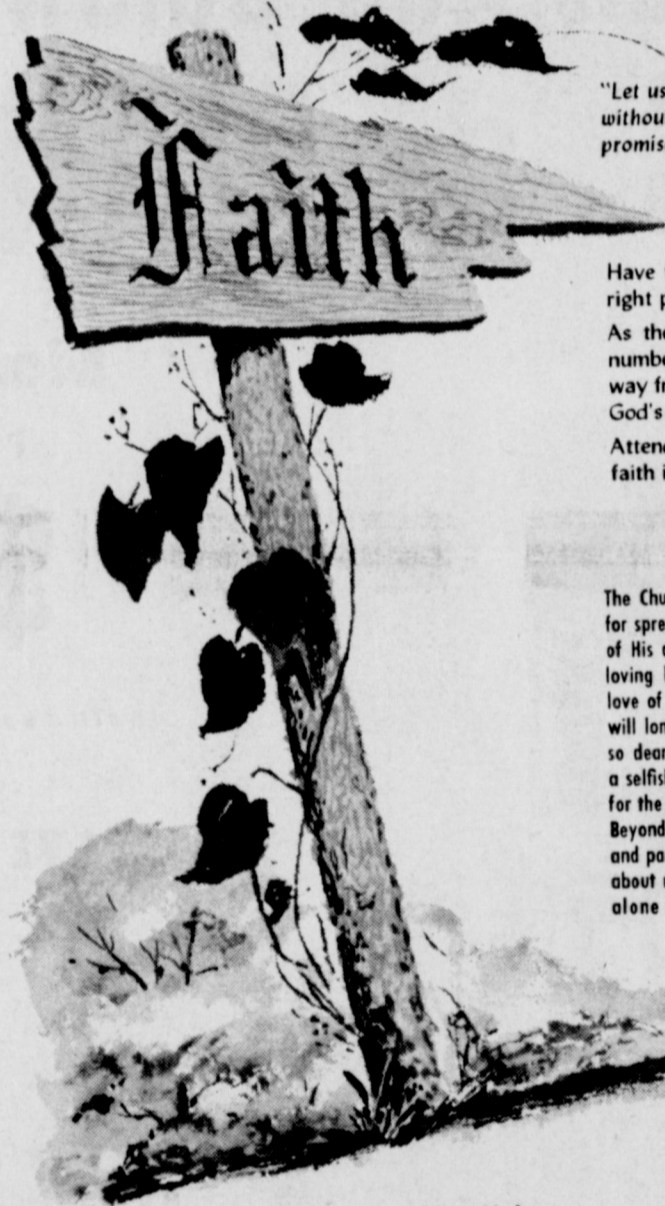

Survivors include a sister, Mrs. Ella Mae Osband, a brother, Bobby, and a half-brother, Chaires Ray Young, all of Muleshoe.

An investment in Your Future

# ATTEND CHURCH

"For where your treasure is, there will your heart be also"

"Let us hold fast the profession of our faith without wavering: (for he is faithful that promised.)"

Have faith in God. He will lead us in the right paths. He will never fail.

As the highways are clearly marked and numbered so that we might easily find our way from city to city and across the nation, God's word clearly marks life's paths.

Attend church regularly and exercise your faith in God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Junior Class Favorites

The Junior class met Monday, March 1, 1976, to choose their representatives for the Most Beautiful Contest. The contest will be held March 22.

Those picked for contestants are Patti Poynor, Sheryl Stovall, Jo Roming and Tanya Burton. The boys are Gary Gunter, Nicky Bamert, Billy Donaldson and Julian Dominguez.

Good Luck to those contestants.

The Junior Class Decoration Committee for the Junior-Senior Banquet is busy at work getting things done in advance in order to have the best banquet possible. The Banquet, being one of the highlights of the year, is extremely anticipated by the Juniors and Seniors of M.H.S.

(6,4), (6,1). Donnie Graves defeated Friona #3 - (8,3), and Royce Hamilton defeated Friona #4 - (8,0).

In Doubles, Hamilton and Graves lost to Friona #1 - (4,6), (6,4), (2,6). Hamilton and Slayden defeated Friona #2 (1,6), (6,4), (6,1). Slayden and Vinson defeated Friona #1 (8,3). Hamilton and Graves lost to Friona #2 (2,6) (5,7). Overall Muleshoe won the duel meet six games to two.

Members of the Tennis Team are Mark Slayden, Billy Vinson, Donnie Graves, Royce Hamilton, Dave Poynor, Marcus Beaversdorf, Danny Wilson, Brent Burris and Joyce Patterson.

The Muleshoe team will participate in the following tournaments:

March 20 - Friona, here; March 27 - Littlefield, there; April 3 - Friona and Littlefield, here; April 10 - District at Canyon.

We would like to say "Good Luck" to the Tennis Team and to Mr. Bizzell, the Tennis Coach.

### Gold Keys To Art Students

In January, the Art Club sent twenty pictures to the Regional Arts Award Exhibition in Amarillo.

Several Muleshoe students received awards. Alta Ramm and Mitzi Mardis received Gold Keys on their oil paintings. Certificates were awarded to Tammy Bruns on her oil painting, Mike Wisian on both his pen and ink drawing and his oil painting, Sheryl Stovall on her oil painting, Yolanda Zackoski on her oil painting, Susan Puckett on her oil painting, and Mark Hartline on his pen and ink drawing.

Out of the 1150 entries, only 392 were selected for the exhibit. Congratulations to these students and to their instructor, Mrs. Elizabeth Black.

### Mullettes Selected For All District

District I-AAA representatives from each school met last week to choose the girls basketball All District players. Nineteen players were chosen from Muleshoe, Dumas, Levelland, and Canyon to be placed on the first team and honorable mention list. Four Mullettes were honored.

Joie Carpenter, the Mullettes only senior, was selected for the first team All-District as a guard. Joie was a quick guard who had impressive statistics.

Cynthia Isaac was also chosen as a first team All-District guard. Cynthia is a Junior who dominated the rebounding in most of the games.

Sheryl Stovall is a Junior who was picked as a first team All-District forward. Sheryl led the Mullettes in scoring this season.

Tanya Burton was a versatile player who was selected as an honorable mention All-District guard. Tanya is a Junior who played both guard and forward.

Canyon placed seven girls on the All-District teams; Level-

land had five girls chosen from their team, and Dumas had three players listed.

### Spring Style Show Slated

Monday, March 15 at 10:30 a.m., a Spring Style Show will be presented in the High School Auditorium by Hemphill-Wells of Lubbock. Rose and Rosebud FHA have planned this for their March meeting and have invited all high school girls to attend. The program will be presented with slides and actual garments, coordinated by the fashion Consultant of the Hemphill-Wells Company.

### Guest Speaker For Heath

On Tuesday, March 2, Dick Crayer from The Mental Health Center of Plainview talked to the health classes of Coach Bob Hayes, Mrs. Rhonda Pummill, and Coach Rodney Murphy on alcoholism. He showed a film about alcoholics and the symptoms of an alcoholic. Afterward questions were asked and some brochures were distributed. The students listened with interest and felt that this program was very informative and very worthwhile.

There will be a student council meeting every Tuesday morning at 8:00 a.m. in Room 14. All members need to be present!!!!

The High School Stage Band competed in the South Plains College Stage Band Festival this past weekend in Levelland. It was a very successful trip for the band. They won first place in the Class AAA Division. In addition to this, they were awarded another trophy naming them as the Outstanding Band in over-all competition. Four members of the band were named to the Festival's "All-Star Band." They are Patty Pena, Tenor Saxophone; Jackie Lobaugh, Trombone; Tracy Buhrman, Trumpet; and Denny Smith, Bass.

In addition to these individual awards, Tracy Buhrman was named one of the top four Senior Musicians in the festival. For this, he will receive a scholarship to the Stan Kenton Jazz Camp in Springfield, Missouri, this summer. This camp is recognized as the top camp of its kind in the nation.

The songs the band played were "Handle With Care", soloists Randall Hamilton and Lana Wagon; "Warm", featuring trumpeters Tracy Buhrman and David Smith; and "A Time To Grow", soloists Judy Precure, Jackie Lobaugh, Mike Wisian, and Patty Pena.

Members of the band who attended this festival are saxophones, Lana Wagon, Donann Harmon, Patty Pena, Paula

Bickel, Carol Brown; Trombones, Jackie Lobaugh, Teresa Hamilton, Ricky Carlson, Toby Tucker, Danny Jones; Trumpets, David Smith, Tracy Buhrman, Randall Hamilton, Mark Benedict, Debbie Dillard; Piano, Judy Precure; Bass, Denny Smith; Drums, Mike Wisian.

Other bands winning awards in the contest were Class A first place - Fritch; Class AA, first place - Floydada, second place - Friona; Class AAA, second place - Seminole.

During Open House Tuesday night, the High School Band, Junior High Band, and the Stage Band (T.C. and Company) performed. Their concert began with the "Star Spangled Banner." They played "Third Suite", "March I" and "Rondo III", "Children's Carol" and "Cathedral Chorus" from the "Slavonic Folk Suite."

The percussion ensemble played "Pentatonic Clock", an arrangement by Willis Charkovsky on which they received a I rating at solo and ensemble contest. The Stage Band performed "Handle With Care", "Warm", and "A Time To Grow". The Concert was very enjoyable and entertaining.

The stage band also entertained members of the Lions Club at their regular meeting Wednesday.

A cotton industry first will be scored on the High Plains this Fall.

The U.S. Department of Agriculture has confirmed that cotton quality data, measured by instruments, will be placed on the "green cards" of about 55,000 bales of 1976 crop High Plains cotton.

Determination of fiber characteristics by mechanical means is not new. Experimentation began more than 30 years ago. Private merchandisers, textile mills, U.S.D.A. and university laboratories for years have used instruments to assess the various components of cotton quality.

But never before has a complete set of quality measurements been developed by an impartial agency such as U.S.D.A. and put on the green card for the use of producers, merchants and mills alike.

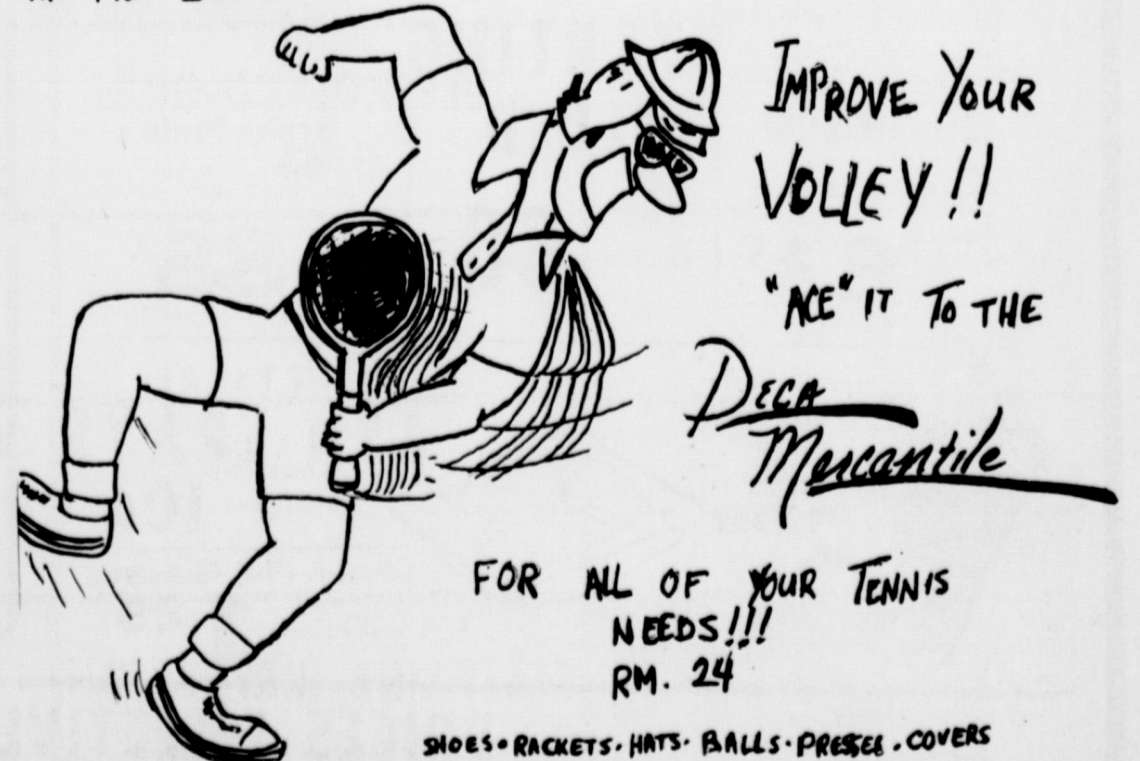

Current plans for what U.S.D.A. calls a "field test" indicate that most if not all the cotton ginned at eight gins centered around Slaton will go through one of two instrument classing lines. The gins are located in Lubbock, Crosby and Garza Counties, and are expected to receive cotton from Lynn County as well. Gins involved have volunteered to participate in the program, but each has the right to withdraw at any time. Also, any gin customer may ask that his cotton be excluded from the testing.

Thus, says Paul Dickson, Officer-in-Charge of the Lubbock Classing Office, instrument classing is totally voluntary for both gins and producers.

"We are not trying to sell instrument classing," Dickson states. "This is a test program in which all parties will have a chance to evaluate the instruments, determine what they may or may not be able to do for the industry, and discover what improvements are needed. If the instrument line works to the benefit of all concerned, in time it will sell itself. If not, we'll just take another tack."

Each sample included in the test will receive double evaluation, one by instrument and one by the cotton classer. Both sets of data will appear on the green card, affording the opportunity for instant comparisons. Cotton entering the Commodity Credit Corporation loan program, officials note, will do so at classer's call values.

## Grain Sorghum Producers To Develop Policy

LUBBOCK -- Members of Grain Sorghum Producers Association will convene at Lubbock's Hilton Inn March 12 to develop policies under which the national commodity organization will operate in 1976-77. Subjects to be discussed by the membership will be governmental versus private grain inspection, overseas market promotion, types of farm programs to be pursued and policies affecting grain sorghum producers. Morning activities will include discussions dealing with production costs, overseas market promotion and grain grading problems.

Hubert Dyke of Washington, D.C., vice president of the U.S. Feed and Grains Council, will discuss potential for market development in Eastern Europe, Russia, the Middle East and Asia, focusing on the producer's responsibility in financing overseas promotion. Dr. Burton French of Washington, D.C. will discuss findings of the national Department of agriculture cost of production study, conducted by a task force which he headed. Ross Stewart, USDA grain inspector from Fort Worth, will review grain grading problems and possible solutions. Officers and directors will be elected during the afternoon.

business session. All activities of the day-long meeting, with the exception of the executive committee meeting, are open to the public.

Current members of the executive committee are A.W. (Dub) Anthony, Jr. of Friona, president; Melvin Barton of Dimmitt, and Mabry Foreman of Felt, Oklahoma, vice presidents; K. B. Parish of Springlake, secretary-treasurer; John A. Smith of Cameron, Larry Abeldt of Hope, Kansas and J.L. Massey of Robstown.

## Eyangelistic Rally

The James Robison Evangelistic team will be in Muleshoe on March 11, for a One Night Evangelistic Rally, at the invitation of the 32 Southern Baptist Churches and four missions of the Llanos Altos Association.

The rally will be held in the Muleshoe High School Auditorium. Time for the rally is 7:30 p.m. Each participating church is challenged to have one-half of its Sunday School attendance present for the rally.

## Butz Ignores Plea

SAN ANTONIO -- T.A. Cunningham, President of the Independent Cattlemen's Association of Texas, said Tuesday following a brief meeting with Agriculture Secretary Earl Butz that Butz continues to show an appalling lack of concern for the American livestock industry.

Cunningham along with leaders of other Texas agricultural organizations met with Butz following a speech by Butz to an ASCS conference.

Cunningham said Butz gave cattlemen "not one ray of hope" that he or the administration support any effort to lower levels of foreign beef imports coming into the U.S.

In response to direct questioning Butz would take no position whatsoever on pending legislation which would lower import levels, Cunningham said.

Cunningham said he tried to make Butz understand that the American livestock industry is in critical condition because of imports thrown on an already depressed market.

**Mrs. J. Blackman**

The Bula-Enochs Lions are sponsoring a called meeting, on Tuesday, March 9, at 7:30 p.m., with all the citizens of the Bula and Enochs community, for the purpose of organizing an activity program for the community. The are taking over the Bula School lunch room and home-making rooms for a community center. Everyone is urged to come. Ice cream and cake will be served.

Mrs. Nolan Harlan and Mrs. Richard Black attended the Ciba-Geigy Company Seminar, held Tuesday at the South Park Inn, Lubbock. They went as representatives from Bailey and Lamb Counties.

To spend the day with the J.L. Lathams, Friday was his neice and husband, Mr. and Mrs. Travis Webb, son, Mark and a grandson, John Riggs, all from Hobbs.

Mrs. Virginia Davila will be

heading the volunteer work in the Bula and Enochs community for the Red Cross drive. Posters will be placed in the business places, and someone will be knocking on doors soon. Contact Virginia if you desire to help, or just make a donation.

Shelly and Greg Salyer of Friona, spent on Wednesday until Saturday with their grandparents, the Buck Medlins.

Wanda Legan, bookkeeper at the Claunch Gin, is taking a leave of absence from her work this week. She is in Amarillo this week taking care of a new granddaughter, Amy Lea, born to Mr. and Mrs. Wayne Legan, on February 25. Amy has a little brother Bryan, three years old. He is pleased to have a little sister to play with him real soon.

A.P. Fred is still confined to the ICU, at the Lubbock Methodist Hospital. Friends reported his doctor thought maybe he could be a little better, at this time.

Mr. and Mrs. James Carroll and children, James and Jennifer of Abilene, spent the past weekend here with her father, Mr. and Mrs. H.M. Black and children, Alan, Donald and

Dora. \*\*\*\*\*  
Mr. and Mrs. John McCormack and children, Danny, Heather and Cornell, drove to Clovis Saturday and visited with his parents, the Cleo McCormacks. In the afternoon they drove to Portales and attended a children's play "Tortoise and the Hare", put on by the high school drama club.

Mr. and Mrs. W.R. Adams spent Sunday afternoon visiting in hospitals with friends. They visited at the Littlefield Hospital with J.P. Morris, then on the Methodist Hospital, in Lubbock, where they visited with A.P. Fred, and his wife. Mrs. Fred has been staying continuously near her husband, since he has been hospitalized. They also went to visit H.W. Garvin, a patient at the Methodist Hospital.

Rhodney and Ann Marshall of Whitharrel spent Saturday with her parents, the Nolan Harlans.

Mr. and Mrs. John Blackman had Sunday dinner with Mr. and Mrs. Jack Hicks and Mrs. Trixie White of Littlefield. Others attending were Chester Setliff and Mr. and Mrs. Gene Bryan, of Bula. Mr. and Mrs. Weldon Harkness of Lubbock, came in the afternoon and were supper guests with them.

Mr. and Mrs. J.L. Latham visited Sunday evening in Littlefield with his neice and husband, the L.C. Jacksons.

Mrs. Pearl Walden received a surprise "Happy Birthday" wish last Wednesday from Washington, D.C. It was from a Ronald Whitley, now 55 years old. When he used to come to Walden's house, he was only an 18 year old boy. He told her of how he loved to go to her house and eat, because she was such a good cook, and she treated him just like her son. These good things she had done for him back then had certainly stayed in his memory. As a young man he worked as a farm hand for some of the Walden's.

The Three-Way school had seven players recognized as all District players. They were Ida and Oralia Davila, Shannon Sowder, Etta Warren, Connie Richardson, Princess Parkman, and Randy Locke.

Mrs. Vida Cash and her mother, Mrs. Irene Parker of Hereford, drove down Tuesday

to another daughters, Mr. and Mrs. Ed Crume, Mrs. Parker stayed over for a few days.

Mr. and Mrs. Tom Bogard and son Dusty, drove Wednesday to Charlie, and visited with their son and family, the Jake Bogards.

Mr. and Mrs. D.J. Cox had visitors with them Sunday. Her sister and family, Mr. and Mrs. Lawrence Taylor and boys, Barry and Wendell, from Portales, Fred White and Skip Rogers were also dinner guests with them.

The World Wide Mission program that's in progress at the Bula Baptist Church, is being well attended. It is becoming a very good study, in both lecture and showing of slides.

Chris and Cliff DeSautell from Slaton, drove up and spent Sunday with their grandparents, the John Lathams.

Mr. and Mrs. M.C. Bellar drove to Vernon Saturday and spent the weekend visiting with relatives.

Mr. and Mrs. Gene Bryan attended a birthday dinner and gathering with other members of the family. Her brother, Raymon Teston of Littlefield, was honored on his 65 birthday, Thursday, February 26 at the home of Mrs. Vera Farington, in Littlefield. Other attending were Mr. and Mrs. Otis Neel and daughter, Kay, of Friona.

Mr. and Mrs. Jeryl Bellar and small son Jeryl Junior spent part of the week in Fort Worth, as guests of the Bill Blacks. They also attended the South West Farm show in Fort Worth.

J.P. (Pat) Morris of Littlefield, was admitted to the Littlefield Hospital early Monday morning. Pat has been in ill health for some time suffering with arthritis. The last report, he was felling better. The Morris' lived in the Bula community for years before retiring and moving to Littlefield.

Mr. and Mrs. John Hubbard visited Sunday afternoon at the Highland Hospital, in Lubbock, with friends Karen and Sharron Stanley, of Levelland. They were both victims of a car accident recently, near their hom in Levelland. They also visited with Mrs. Laverne Hubbard, in her home, in Lubbock.

**The Speaker Reports**  
by **Bill Clayton**

AUSTIN - - - When knowledgeable state agencies tell us Texas is becoming the "heroin capital" of the nation and law enforcement officials in our cities say the narcotics problem has mushroomed to "horrible" proportions, then we need to examine closely what we're doing to combat the situation.

For that reason I have assembled a special House committee on Drug Abuse Education. We want to see what can be done to protect the children of the state.

Rep. R. B. "Mac" McAllister, who is vitally concerned with the situation, will chair a nine-member

committee which will hold public hearings around the state and ask for public input as to what can be done. We don't have all the answers, but we do know we don't want Texas to become a drug cesspool. It frightens me to know that there are as many as 15,000 heroin junkies in Houston.

Even more frightening is that officials think there will be a 275 per cent increase this year in the use of heroin in Texas.

Because we are a border state we are more vulnerable because such a large percentage of drugs are brought in from Mexico. More than 70 per cent of all heroin brought into this

country from Mexico travels through Texas. Some of that heroin stays in the state.

The sale of hard drugs is big business and narcotics officials have told me these people are better organized than the mafia. The estimated street value of heroin sold in Houston in 1975 was \$69 million.

What our committee, which is composed of House members and private citizens, will be attempting to do is look down **WANTED POWER**

all the avenues for a sensible approach to educating boys and girls, helping those already having drug problems and looking at the laws we have on the books.

Maybe some specific instruction is needed in the classroom. If it is determined the need is such, perhaps we need a drug class as much as we need spelling class.

## Livestock Buyer Charged

**WASHINGTON** - Don Leonard, operator of Don Leonard Cattle Co., Levelland, Texas, has been charged with violating financial, payment, and record-keeping requirements of the Packers and Stockyards Act, the U.S. Department of Agriculture (USDA) said today.

Mr. Leonard is registered as a dealer to buy and sell livestock, and as a market agency to buy. He purchases livestock throughout western Texas and eastern New Mexico.

We wish to express our deepest gratitude to all our friends who expressed their sympathy upon the loss of our loved one. The calls, flowers, and memorial gifts, and many offers to help were a comfort and blessing to us.

We appreciate the concern and understanding shown to us through the services of John Blackwell and others at Singleton-Ellis.

And a very special thanks to the staff at the nursing home who loved and cared for Tressie and made her last years such happy ones.

has current liabilities exceeding current assets;  
--Issued insufficient funds checks and drafts in payment for more than \$146,000 worth of livestock during July and August, 1975;  
--Failed to pay, when due, the full purchase price for another \$350,000 worth of livestock during July and August, 1975, in addition to that listed above;  
--Still owed \$309,903 for the above described livestock as of November 18, 1975; and  
--Failed to maintain sufficient accounts and records to fully and correctly disclose all transactions involved in his dealer business.

Filing of the complaint does not prove that Mr. Leonard has violated the Packers and Stockyards (P&S) Act. He has a right to a hearing to determine if the evidence supports the charges.

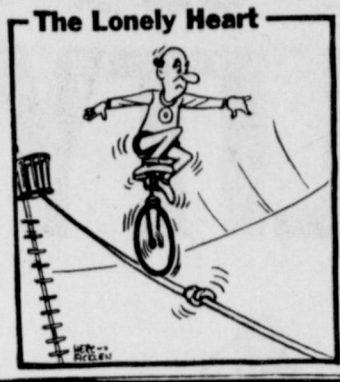

If the charges are proven, Mr. Leonard would be placed under a cease and desist order. His registration could be suspended.

Dealers are required -- under the P&S Act -- to maintain a solvent financial condition, and to pay promptly for livestock.

**MEET THE CANDIDATES**

Rate for listing in the Journal's Political Column is \$35 for all offices except those for city council and school board offices, which are \$30. This fee includes a front page announcement article and a one-column photograph at the time the announcement is made, in addition to the listing in the Political Column from the date of the announcement until the final election.

Charges for announcements are cash in advance, and this same policy applies to all political advertising carried in the columns of this newspaper.

Names for each office will be listed in the Political Column in the order they are received at the newspaper office.

unless credit has been arranged in advance. Issuing insufficient funds checks or drafts in payment for livestock is considered to be an unfair business practice.

The P&S Act is a fair trade practices law. It promotes and maintains fair and open competition in the marketing of livestock, poultry, and meat.

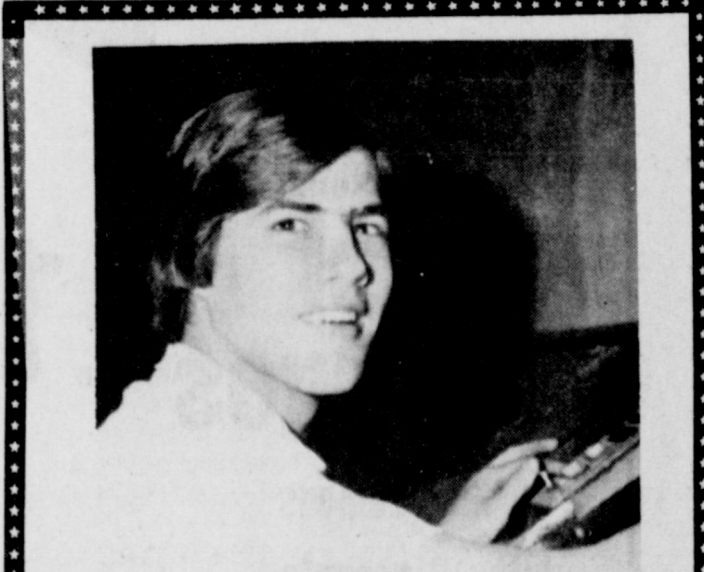

The record in this case is open to the public. Copies of this complaint, P&S Docket 5264, may be obtained from the Information Office, Packers and Stockyards Administration, USDA, Washington, D.C. 20250.

# A&M To Observe AG Centennial Week

COLLEGE STATION -- State and national leaders will explore the future of Texas agriculture here April 5-9 during Agricultural Centennial Week, a special feature of the Texas A&M University centennial celebration.

The April 5 program will observe "Youth and Agriculture Day" and feature four presidents and vice presidents of

state youth organizations. Addressing a special Agricultural Convocation that evening at the Rudder Conference Center will be John Brinker of Chicago, president of A.O. Smith Harvestore. At the convocation, a presentation will be made to an outstanding farm family whose members have served Texas agriculture during the last half century.

"One of the real challenges to Texas agriculture is to identify future trends and directions as we advance toward a new century," said Dr. L.S. Pope, A&M associate dean of agriculture and conference chairman.

"Our program will cover a broad range of agricultural issues that have impact on the Texas scene, such as export trade, energy restrictions, chemical use, weather problems and the role of food in foreign and domestic policy," Pope noted.

Following the youth and agriculture salute, a two-day symposium is set on the theme: "Maintaining Agriculture's Momentum in the Century Ahead."

Speakers will include Ernest Lindsey, president of Farmland Industries, the world's largest agricultural cooperative; Ed Wheeler, president of the National Fertilizer Institute; and

Edward Jenke of Washington, D.C., former governor of the Farm Credit Administration.

A luncheon program on April 6 will recognize outstanding leaders in Texas agriculture.

## Cotton Prices Lower

Grower prices were weak to steady during the week ending February 27, according to Paul R. Dickson in Charge of the Lubbock Cotton Classing Office. Farmers sold mixed lots of mostly grades 41, 32, 42 and 43; staples 29 through 31; mikes 3.2 and lower for 42.25 to 43.25 cents per pound. Mixed lots of mostly grades 41, 32 and 42; staples 20 through 31; mikes 2.7 through 3.2 brought 43.50 to 44.50 cents.

The USDA's Agricultural Marketing Service reported trading was moderate to slow and growers offered cotton in light volume, Dickson said.

Demand was light. Grades 41, 42 and 44 were the predominate grades classed this

week in the Lubbock territory. Grade 41 accounted for 27 percent; grade 42, 23 percent and 44 was 20 percent. Bark reductions were assigned to seven percent of the samples classed.

Staples 29, 30 and 31 were the predominate lengths. Staple 29 amounted to 17 percent; staple 30, 23 percent; and staple 31, 30 percent.

Mike group 2.7 through 2.9 accounted for 50 percent and 2.6 and below was 40 percent.

High Plains samples classed totaled 1,100 for the week. Seasons total stands at 1,227,000. Total on this same date last year was 1,102,000, the USDA's Agricultural Marketing Service reported Friday.

The third annual Texas Animal Agriculture Conference on Thursday and Friday will complete the Agricultural Centennial Week. L.A. Maddox, Jr., beef cattle specialist with the Texas Agricultural Extension Service, is conference coordinator.

Among many livestock production and management topics for the conference will be a symposium on land use and environmental management as it affects the farmer and rancher.

Featured speakers for this portion of the Texas Animal Agriculture Conference will include Nathan Chandler, consultant to the administrator, Environmental Protection Agency, Washington, D.C.; Hugh Yantis, executive director of the Texas Water Quality Board, Austin; and Brig. Gen. Kenneth McIntyre, deputy director of

Civil Works, Department of the Army.

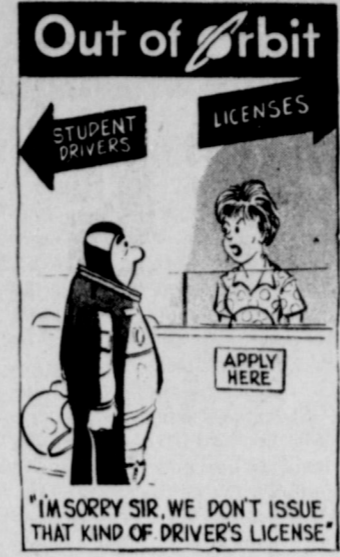

Also taking part in the program will be Texas Land Commissioner Robert Armstrong of Austin. Pope said the Agricultural Centennial Conference will be one of the most comprehensive ever held at Texas A&M. "It has been planned especially for youth concerned with agriculture's future as well as for state agricultural leaders, ranchers, stockmen and representatives of the state's agribusiness segment," he emphasized.
