Pro-Western Army Faction Seizes Power In Turkey By Bloodless Coup

Premier, President Reported Arrested

ATHENS, Greece (UPI) — Pro-Western army officers seized power in Turkey today in a bloodless coup that toppled the strong man regime of Premier Adnan-Menderes. They promised to give Turkey "free elections" and keep it faithful to Western alliances.

Menderes, President Celal Bayar and National Assembly President Refik were reported arrested. The armed forces seized radio stations and other communications facilities, sealed off the border and set up a "committee of national unity" under Gen. Cemal Gursel, commander of Turkish land forces, to run the country.

The takeover climaxed more than two years of domestic unrest and a month of riotous student-led protests against Menderes' government.

The students apparently were inspired by the student uprising which toppled Syngman Rhee's government in South Korea.

With most communications to the outside world cut off immediately after the army takeover, reports of the coup came from army broadcasts over the Turkish radio and diplomatic dispatches to other world capitals.

The Iranian government was informed by its representative in Turkey that Menderes was in custody and would stand trial.

The armed forces said Turkey would stand by its international obligations and remain "completely loyal to the United Nations charter and to the principle of human rights."

"We believe in NATO and CENTO and we are faithful to them," the original communique announcing the coup said.

British diplomatic dispatches said some shooting occurred on the streets of Ankara early today but there were no casualties. The reports said later indications were that all was comparatively quiet.

General Gursel issued a communique over Radio Ankara requesting government workers to report for work Saturday at 9 a.m.

He said people were free to enter the streets today after 4 p.m. but there should be no public gatherings in the streets. He set the Ankara curfew from 9 p.m. to 5 a.m. and said establishment of law and order and security was in the hands of garrison commanders.

Turkey is the strongest military power in the Middle East and a vital Western bastion.

It guards Russia's outlets to the Mediterranean from the Black Sea and forms the Western front-line between NATO and CENTO, the former Baghdad Pact which allies Iran, Pakistan, Turkey, Britain and the United States.

The army which seized control is U.S.-equipped and U.S.-trained and fought valiantly with the United Nations in Korea. It receives heavy U.S. aid. The army numbers roughly 20,000 officers and 300,000 men.

Izmir, on Turkey's Mediterranean coast, is NATO's major base in the Middle East. There are vital U.S. air bases serving the Strategic Air Command in Izmir.

Holiday Treks On Safety Council Urges Caution

By United Press International
Millions of motorists headed for the open road today as the nation began its first official holiday of the year, the three-day Memorial Day weekend.

The National Safety Council predicted 31% of them would never get home alive.

If the council's grim prediction comes true, the death toll will be a record for a Decoration Day holiday, eclipsing the 331 killed during the last three-day Memorial Day weekend in 1958.

State and local police cancelled leaves and planned saturation law enforcement to cope with a flood of more than 70 million cars expected to cover 7.2 billion miles of American highways between 4 p.m. local time tonight and midnight Monday night.

Railways, bus and airlines geared for the holiday crush of travelers, but the Transport Workers Union threatened to tie up the Pennsylvania Railroad — the nation's largest railroad.

(See HOLIDAY, Page 3)

Lubbock, Amarillo In Accord

LUBBOCK (UPI)—The Lubbock City Commission agreed Thursday to an Amarillo proposal through which 11 cities would share the cost of a \$100 million dam and reservoir on the Canadian River near Sanford, Tex.

The dam, talked about for many years, would supply water through pipelines to Lubbock, Amarillo, Borger, Pampa, Plainview, Brownfield, Slaton, O'Donnell, Lamesa, Littlefield and Tahoka.

The benefitting cities would form the Canadian River Municipal Water Authority. The main problem has been getting an agreement between Lubbock and Amarillo—the two biggest water users of the 11 cities. Now the other proposed member cities must give their approval.

If it comes from a hardware store, we have it. Lewis Hdw. Adv.

School Days Over 'Til Fall

From 2:30 to 3:30 p.m. today is zero hour for 5,758 students in Pampa public schools.

During that hour students from elementary, junior high and high schools will mark the end of their class room work until September.

The teachers, numbering 274, won't be released until Tuesday. The students have to return Tuesday morning for their report cards, but they will be dismissed by noon.

Monday, teachers must finish filling out yearly record forms, grading papers and making out report cards.

Most of today was devoted to finishing final examinations.

Presidential Contenders Head West

By RAYMOND LAHR
United Press International

WASHINGTON (UPI) — The three active contenders for the Democratic presidential nomination head west today to court national convention delegates in Washington and California and other western states.

The three are Sens. John F. Kennedy of Massachusetts, the front-runner, Stuart Symington of Missouri and Lyndon B. Johnson of Texas, an active but still unannounced candidate.

Their trails will join or cross at the Washington state Democratic convention at Spokane tonight and Saturday and at Democratic dinners in Los Angeles Tuesday and San Francisco Wednesday.

Gov. Edmund G. Brown of California, favorite son candidate in the state's presidential primary June 7, also will be at the dinners but Johnson will attend only the first one.

The Washington Democratic convention will complete selection of a 27-vote delegation to the national convention.

California Democrats will name an 81-vote delegation in their presidential primary June 7. Brown has no serious presidential candidate opposing him but has home state competition from George McLain, an advocate of old age pension plans.

Brown's slate of national convention delegates is supposed to contain varying amounts of support for all three of the active candidates, plus Adlai E. Stevenson, 1952 and 1956 presidential nominee.

Bear equipment means satisfied folk. Come see us. Pampa Safety Lane, 411 S. Cuyler, MO 5-5731. Adv.

Two Agents In Pampa

Oklahoma SBI Probes Thefts

The operations of the oil field left ring broken up here last week took on more widely spread proportions Thursday when four accused members of the ring admitted to agents of the Oklahoma State Bureau of Investigation that they had stolen two loads of oil field equipment in the Sooner state.

"They told us they took pipe from two different locations in Oklahoma," bureau agent Bill Holt said. Holt is here investigating the cases.

Holt and his partner, Fred Graves, were at the Gray County sheriff's office Thursday questioning the four accused gang members—Russell E. Glover, P. E. Collier, Gerald Garrison and Leon Wilson Malone.

Holt said the two theft cases in Oklahoma were at Forgan and in Harper County, just south of Lawverne.

"The load of pipe taken at Forgan was worth about \$2,900," Holt said. "They carried that load to Seminole to sell."

"And the stuff they got at Lawverne was worth approximately \$1,500. They brought it back here to Pampa."

Graves added that the value was "at thieves prices, and not the actual retail value."

"I'd estimate that it was about half of what the true value would have been," Graves said.

Holt said they decided to come to Pampa and attempt to clear up the two cases of oil field equipment theft in Oklahoma after the bureau learned the Gray County Sheriff's office had broken the ring here.

The information they obtain from the four accused ring members will be turned over to Oklahoma prosecutors.

"It will be up to them to decide whether we have a case against them and whether files will be charged," Graves said.

Both Holt and Graves said they were pleased with the cooperation they had received from the Gray County Sheriff's office.

(See PROBES, Page 3)

U.S. Acts Against Castro Economic Aid To Be Withdrawn

WASHINGTON (UPI) — The United States announced today it will cut off all economic aid to Cuba in 180 days. This would be about Dec. 1.

The State Department said President Eisenhower determined last Saturday that continued aid to Cuba would not be in the national and hemispheric interest.

It was the first major U.S. reprisal against Premier Fidel Castro's government and the first time aid has been cut off to any Latin American country.

The President acted under the Mutual Security Act of 1960 which provides that no economic aid be given unless the President decides it is "in the national and hemispheric interest."

Current economic aid to Cuba has run between \$150,000 and \$200,000 a year.

The only two current aid projects are a group advising the Cuban government on air safety regulations and another group giving advice at an agricultural experiment station outside Havana.

State Department Spokesman Lincoln White said the President ordered "the orderly termination" of these projects over a 180-day period.

The department said the announcement does not affect the very small amount of military aid Cuba is still receiving under an old program.

This now consists only of training a few Cuban air cadets at the naval air station at Corpus Christi, Texas. They were due to complete their training in June. The department already has said there would be no further military aid to Cuba.

Striped Trouble

Jack Weinberger, a district supervisor for Franklin's Ready to Wear, said he knew business was stinking, but he didn't know why.

"Today," he found out. When the manager of the local Franklin's store, Mrs. E. B. Cooper, opened the front door a boat 7-45, two stunks greeted her.

Although they were unwelcome guests, neither one wanted to leave. They finally did, however, after much urging by several police officers, the dog catcher, "and some sympathetic neighbors."

"There wasn't much damage unless you call all this smell damage," Mrs. Cooper said. "But I don't think any of the merchandise has been harmed."

RELEASED — The nine Americans, held by the Soviets since last Friday after their C-47 strayed off course into East Germany, are shown on the ramp of their plane as they arrive in Wiesbaden, Germany, following their release by the Communists. Front row are Capt. and Mrs. Paul K. McCash (she is formerly of Dallas, Texas) with Capt. James P. Lundy, left, and co-pilot Capt. George A. Jordan behind them. Behind the two officers are Capt. William T. Frewen, Galveston, Tex., and A/2c James Morrison. Last row, left to right, are S/Sgt. Leon Porter, S/Sgt. Chester K. Sleezer and A/2c James P. Garvin.

Accusation By Pilot Withdrawn

WIESBADEN, Germany (UPI) — The pilot of a U.S. plane forced down by Soviet fighters behind the Iron Curtain has withdrawn his charge that wrong information from a Danish airport made him cross the East German border, an Air Force spokesman said today.

Capt. James P. Lundy, of Findlay, Ohio, told a news conference Thursday that wrong information on winds between Copenhagen and Hamburg made his cross the Iron Curtain accidentally.

A spokesman said today that Lundy told the board of enquiry investigating the incident that the wind readings were apparently correct until the plane reached the island of Roedbyhaven.

Lodge Says Soviets Distorted Ike Talk

By BRUCE W. MUNN
United Press International

UNITED NATIONS, N.Y. (UPI) — U.S. Ambassador Henry Cabot Lodge today accused Soviet Foreign Minister Andrei Gromyko of deliberately distorting President Eisenhower's report to the nation and said the President's "love of peace is a household word throughout the world."

Gromyko told the Security Council Thursday night that Eisenhower had brought "mankind to the brink of war" by declaring in his Wednesday night speech that the United States "intended to continue its policy of military espionage and sabotage against the Soviet Union."

Lodge said that "any honest reading of the President's speech shows that he said no such thing."

Lodge's remarks were a continuation of the bitter exchange over Soviet demands that the Security Council condemn U.S. spy flights, 7-2 Thursday.

The demand was voted down 7-2 Thursday.

Today Western diplomats were would veto a small power appeal predicting that Gromyko now would veto a small power appeal.

Eufala Man Electrocuted

Arrel Burns, 29, of Eufala, Okla., was pronounced dead on arrival yesterday in Highland General Hospital following contact with a high voltage line at 2:30 p.m. while working on a pipeline for the R. H. Fulton Co. of Pampa. The accident occurred two miles north of Eufala on the J. C. Short, Texas Co. lease.

The body has been sent to Eufala for service and burial, it has been announced by Duenkel Carmichael Funeral Home.

Brownwood Hall Destroyed

BROWNWOOD (UPI) — A fire started by lightning destroyed the Memorial Hall in downtown Brownwood Thursday night, and police estimated the loss would climb above \$100,000.

The lightning bolt started such a vigorous blaze firemen said there was no chance to get on the inside of the large building. It took three hours to bring the fire under control.

Only two brick walls and a pile of smoking rubble was left of the civic center, which seated between 3,500 and 4,000 persons. The building was not in use at the time of the fire.

School Board Moves To Halt Annexation

In a move to block a proposed annexation of 19 sections of its school district by McLean, the Alnareed School District has filed a suit in the 31st District Court here against three other school districts.

Named in the suit are the McLean Independent School District, and members of the Gray and Donley County boards of school trustees.

Gray County school superintendent said that for the past three years, students from the east side of the Alnareed district have been attending McLean schools.

The Alnareed district had asked the Gray and Donley county boards to pass an order detaching a 19-section area, but five days after the order was passed Alnareed filed an appeal.

The current suit asks the court to return the 19 sections to the Alnareed district.

So far no date for a hearing has been set.

Three Killed As Car Runs Out Of Control

MIDLAND (UPI) — Three persons were killed and two others were injured today when a car went out of control, struck a parked dump truck and knocked down a pedestrian.

The lightning bolt started such a vigorous blaze firemen said there was no chance to get on the inside of the large building. It took three hours to bring the fire under control.

The dead were Rufus Glendening, 18; James Glendening, 21, his brother and Robert Lee Hodge, all of Midland. Injured were Arthur Strickland and Earl Tyra, the pedestrian.

The Glendening brothers, Hodge and Strickland were all riding in the car that went out of control just outside the Midland city limits on Highway 358.

A Tiring Weekend For Highway Patrol

Highway Patrolmen in this area will get a Memorial Day holiday just like most Pampans, but it will be several weeks or months late in coming.

Sgt. E. G. Albers said his two area patrolmen — Standley Schneider and Vernon Cawthon — will be working overtime from the beginning of the Memorial Day weekend at 6 p.m. today until it ends at midnight Monday.

So far the Department of Public Safety hasn't issued an official prediction on the number of wrecks expected in Texas, but most officials estimate the number between 18 and 20.

Where our patrolmen usually work a 9-hour day, Albers said, "they will be working between 10 and 12 hours this weekend."

"Most of the men in this area (a 9½ county area in which Albers is in charge) will work in teams, but one or two will have to work alone."

"When we have to send one man out alone," Albers said, "sometimes

as a deputy sheriff who doesn't have too much work to do will go with them."

Since Memorial Day isn't an official state holiday, Highway Patrolmen usually don't get extra days off for it.

But in instances of state or national holidays, such as July 4, the patrolmen are allowed extra days off prior to the next July 4.

"We don't even allow an officer to take his vacation over July 4," Albers said. "There's a department policy against it."

Most patrolmen make up their holidays during the slack months of October and November.

Albers said there was only one wreck in this area during last year's Memorial Day weekend.

"And that was May 31," he said. "It happened near Borger, and it was a bad one."

"There were five people injured and one killed."

"He's not looking for a repeat performance this weekend."

AMUSING — Soviet Foreign Minister Gromyko, left, and staff look amused as U.S. Ambassador to the United Nations Henry Cabot Lodge, right, shows a replica of the Great Seal of the United States to the Security Council in New York. Lodge told the council that a "clandestine listening device" had been planted in the seal which had been presented to the American Embassy in Moscow. The council later voted down the Russian demand that the U.S. be condemned because of spy flights over Russia.

U.S. Mercy Fleet Aids Chile Victims

SANTIAGO, Chile (UPI)—A 34-plane U.S. air fleet carrying nearly 500 men and 400 tons of medicines and equipment was on its way here today to aid survivors of this week's disastrous earthquakes.

The mercy task force included the officers, men and equipment of the 300-bed 7th U.S. Army Field Hospital. It left the United States shortly before dawn Thursday to fly here by way of Panama and Peru.

Earthquakes continued to rock southern Chile and a 10th volcano was reported in eruption, but the worst of the disaster that is believed to have taken more than 5,100 Chilean lives appeared to have passed.

Fourteen persons were reported dead or missing Thursday in the Liffen area, 75 miles south of Valdivia, but it appeared they were victims of Sunday's earthquake not heard of earlier because of disrupted communications.

Reports that a number of looters had been executed in Puerto Montt, one of the cities most heavily damaged by Sunday's quake and the tidal wave that followed, were denied by officials here.

Mrs. Glendon McAdams, assistant U.S. air attaché here, who made an emergency flight to Valdivia Thursday in a U.S. embassy plane, said people there are still "terribly distressed."

"Every time we land at Valdivia airport scores of people are waiting, willing to do anything to get out of there," he said. "It's still raining. There are still rumors (indicating earthquake activity) at night."

The city has no telephones, no electricity, no heat and no good water. The (Calle) river is still very high.

McAdams reported even worse devastation in the Tollen-Puerto Saavedra area of the coast, where the tidal waves hit hardest.

"There's not a house to be seen where these cities used to be," he said. "Several hundred yards inland, you can see an occasional rooftop sitting in the trees."

Red China Complains Of U-2 Spy

TOKYO (UPI)—Communist China today claimed its air space had been violated repeatedly by American "U-2" aircraft and declared the United States must "suffer crushing defeat."

The Communist New China News Agency said American U-2 type planes had been known to penetrate as deeply as 450 miles over the China mainland and at one time passed the Communist-ruled Hsisha islands at a height of less than 1,000 feet so that island dwellers could spot them "with their naked eyes."

The official Peiping People's Daily, commenting on these and other alleged violations by U. S. aircraft and warships, said nothing more, "barbarous can be found in the history of international relations."

The paper noted that the Peiping regime Thursday had delivered its "100th serious warning" to the United States and

promised the Chinese people would not rest until "all accounts are settled."

"If the United States does not suffer crushing defeat, it will never give up its ambition to dominate the globe and enslave the people of the world," the paper said.

Gift Of Rib To Kennedy

WASHINGTON (UPI)—Sen. John F. Kennedy (D-Mass.) got a surprise birthday gift Thursday. It was a well-worn golf club. A car attached to the No. 7 Iron with some yellow ribbon read: "Happy birthday to my successor."

It was signed: "Ike."

Of course, it was all a joke too. Kennedy's staff decided to honor their boss in advance of his 43rd birthday Sunday because he will be out of town campaigning.

They thought the gift would bring a chuckle. And it did.

What kind of a party do you throw for a potential presidential candidate and possible president of the United States? And the son of a multi-millionaire at that.

ASSESSORS NEVER MISS RIVERSIDE, Calif. (UPI)—Mrs. A. Harold Wishart, complaining Thursday that she and her husband have been passed by census takers in 1940, 1950 and 1960, quipped, "The assessors never seem to miss us."

CHAPTER OFFICERS — Newly-installed Beta Delta Chapter officers to serve during the coming Delta Kappa Gamma Sorority year are, left to right, Miss Sibyl Turner, president; Mrs. J. E. Gibson, first vice president; Geraldine Rampey, second vice president; Mrs. A. S. Jackson, recording secretary; Miss Evelyn Milam, corresponding secretary; Mrs. Sam Irwin, treasurer.

MATURE PARENT New Beta Delta Chapter Officers Installed At Luncheon Meet At Lee

By MRS. MURIEL LAWRENCE The summer he was 12 years old he got an afternoon job. While his older brother went fishing, he mowed the lawn, weeded the garden and performed other chores for the dowd down the road.

Officers of Beta Delta chapter of Delta Kappa Gamma, International organization for women teachers, were installed Saturday afternoon at a luncheon meeting in the Robert E. Lee School cafeteria.

Perryton Clubs Meet For Bridge

A dessert bridge party was held in the home of Mrs. G. E. Shackelford Wednesday afternoon.

An arrangement of iris and roses centered the serving table. Mrs. Charles Taylor won high for guests and Mrs. J. C. Sims won high for members.

Members attending were Mmes. Alton Boxwell, C. L. Bell, D. R. Ellis, G. R. LaMaster, Roy Sanford, Dean McCutcheon, Josh Hopkins, and J. C. Sims. Guests were Mmes. Max Boyer, Gerald Betty, Bill Hopkins, and Charles Taylor.

Mrs. Lewis Saled was hostess for bridge club which met Thursday afternoon.

Mrs. Frank Stephenson won high for members and Mrs. Buck Osborne won second high. Winning high for guests was Mrs. Ernest Kendrick.

Members attending were Mmes. George Saled, Clyde Ragdale, Bob Larabee, Frank Stephenson, and Buck Osborne. Guests included Mmes. Cris Vines, Woodrow Brillhart, and Ernest Kendrick.

The Beginners Bridge Club met in the home of Mrs. Billie Starr Friday morning. Members attending were Mmes. Wendell Jacobs, Howard Thomas, Jim Henry, Carl Brown, Doug Richardson, R. H. St Aubyn, and Marvin Lindsay.

Sorosis Club With Mrs. H. Glasgow

PERRYTON (Sp) — The ranch home of Mrs. Horace Glasgow, 20 miles southeast of Perryton, was the scene of the Sorosis Club meeting Wednesday morning.

Mrs. J. W. Erickson and Mrs. E. M. Reuss were hostesses for the morning coffee which preceded the program. About 20 members attended the program on "Alaska — Our New State."

A panel discussion and review of the book "Moonlight at Midnight" was presented by Mmes. Gertrude Betty, Frank Winkler, and C. R. Pierce.

Mrs. Hall New AC Club Prexy

LEFORS (Sp) — Mrs. Bud Cumberledge conducted installation ceremony for officers of the Lefors Art and Civic Club in the civic center Tuesday night.

Mrs. Carl Hall was installed as president. Mrs. Keith Geisler, vice president; Mrs. Ray Chastain, treasurer; Mrs. Ark Swann, secretary; Mrs. Fred Blackwell, reporter; and Mrs. Jerry Jacobs, parliamentarian.

A salad supper was served by the social committee. Others present were Mmes. Carl Atkinson, R. T. Jinks, Bill McBee, G. N. Mougler, L. R. Spence, E. J. Thacker, Bill Watson, Paul Waldon and Fred Blackwell.

Mrs. Fred Blackwell was welcomed as a new member at meeting on May 5, at which Mrs. Bill McBee was hostess in the civic center.

Mrs. Keith Geisler gave the program on "The United States Bill of Rights and Constitution."

Members present other than those mentioned were Mmes. R. H. Barron, C. H. Austin, Raymond Jorjany, C. C. Mullime, Bill Teel, and Miss Mickey Johnson. The resignation of Mrs. Claude Stanton was accepted.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: We have an intolerable situation at our house and I'm heading for a nervous breakdown if isn't solved soon. Our little boy, 3, is our problem. For several months he has been getting up three and four times a night after being tucked in bed. He cries and comes to where we are and we have to put him in bed again. I think if a child is not ill he should go to sleep after a story and goodnight kiss.

I say he should be spanked, but my husband feels sorry for him and won't discipline him. This is making a wreck out of me. How can I make my husband see how wrong he is?

DEAR MOTHER: Your husband isn't wrong — you are. The child comes to you because he needs the feeling of security. He just knows that you are there in case he needs you. Don't punish him. Give him the love he is asking for and in a short time he'll sleep soundly through the night.

DEAR ABBY: I am a single man and have been since my divorce in 1953. I have been keeping company with a woman who is also divorced. She says she loves me, but she continues to be very palmy waisy with all her ex-husband's clan. This has caused several arguments between us.

DEAR ABBY: If there is a worse mess in all this world, I wish you would point it out to me so I can feel better. I was a widow with a 10-year-old daughter when I met Mr. X, who was as fast a talker as ever I heard. Before I knew it I was married to him. I kept working and all I ever got out of my marriage was a "Mrs." in front of my name.

DEAR ABBY: I have a 16-year-old daughter who is now 16. Well, this no good bum of a husband came to me and asked for a divorce so he could marry my daughter. I was a widow with a 10-year-old daughter when I met Mr. X, who was as fast a talker as ever I heard. Before I knew it I was married to him. I kept working and all I ever got out of my marriage was a "Mrs." in front of my name.

REPAIRING THE ALTAR

Scripture Reading: I Kings 18:16-40

Mt. Carmel is a peak northwest of Jerusalem, overlooking the Mediterranean Sea. The word Carmel meant "fruit or park" and evidently Carmel had some beautiful scenery in ages past. Isaiah refers to the beauty of Mt. Carmel in 35:2 in referring to Zion's happy future: "it shall blossom abundantly... the glory of Lebanon shall be given unto it, the excellency of Carmel and Sharon."

The chief incident to be associated with Carmel is that of Elijah and the contest with the prophets of Baal. The account is recorded in I Kings 18:16-40. Baal's prophets had led Israel away from the worship of the true God. In the contest Elijah effected an agreement with the four hundred and fifty false prophets that the god that answered by fire in the sacrificial offering should be the acclaimed God of Israel. Preparations were made; the prophets of Baal were given the first trial. They placed the wood and the oxen upon their pagan altar and prayed for their god to send fire from above to ignite the wood and consume the sacrifice. "And they leaped upon the altar which was made and they cried aloud and cut themselves after their manner with knives and lances, till the blood gushed out upon them. And so it was that when midday was past, they prophesied until the time of the offering of the evening oblation: But there was neither voice, nor any answer."

In the midst of this Elijah taunted them and referred to their god as one who was deaf, or asleep or on a journey. Finally, Elijah asked that all of Israel to come near unto him "And he repaired the altar of the Lord that was thrown down. And Elijah took twelve stones according to the number of the tribes... and with the stones he built an altar in the name of the Lord." The record says that he dug a trench about it, placed the wood and sacrifice and poured twelve barrels of water upon the wood, sacrifice and altar. This completed, Elijah offered a simple prayer: "Oh, Lord, the God of Abraham, of Isaac and of Israel, let it be known this day that thou art God in Israel and that I am thy servant and that I have done all these things at thy word. Then the fire of the Lord fell, and consumed the burnt offering, and the wood and the stones, and the dust, and licked up the water that was in the trench. And when the people saw it they fell on their faces, and they said: "The Lord he is God the Lord he is God!"

Oh, how we need to repair the altar of the Lord that has been torn down! How we need to restore the "all authority" of Jesus Christ in our lives, in our homes and in our churches. How we need the blessed Holy Spirit to speak to us through the Word of which He is the Author. If the altar of the Lord could again be restored in our hearts the fire would again fall from heaven in spiritual blessing and the nations of lethargy, unbelief and self patronage would fall upon their faces crying: "The Lord He is God; the Lord He is God!" How we need Elijahs to stop this stream-lined world long enough to bring it to its knees in prayer before Almighty God!

Basketball Futures Face Exes Tonight In Spring Cage Preview

Exes Led By Craig Winborn Favored

Basketball makes a temporary invasion into the spring port picture tonight when the Pampa High School Future age team takes on the Exes at the Harvester Field House. The game is slated to get underway at 8 p.m. with a preliminary between the old and new Shocker squads scheduled for 6:30 p.m.

The Exes, led by All-Stater Craig Winborn, are favored to take a Futures in spite of their lack of separation. The game is slated to get underway at 8 p.m. with a preliminary between the old and new Shocker squads scheduled for 6:30 p.m.

Pampa Roadrunners Wallop Borger 16-8

RETURNING LETTERMEN — Leading the Harvester Futures against the Exes tonight for head coach Cliff McNeely will be these returning lettermen, Larry Stroud, left; Allen Wise, center; and Pat Carter, right. Wise and Carter were regulars on the 1959-60 squad which had a 16-9 record while Stroud saw limited action as a reserve.

GOP Senator Calls Baseball Bill 'Harmful'

WASHINGTON (UPI) — Sen. John Marshall Butler (R-Md.) declared today the pending baseball bill would be "harmful to the sport, perhaps fatal." He pledged to oppose it "at every stage of the legislative process."

Butler is a member of the Senate Judiciary Committee which currently is studying the measure offered by Sen. Estes Kefauver (D-Tenn.). In a statement, Butler said the measure was "unwarranted" and would attempt to tell the major leagues "how to operate their business."

Spotting the Borger Braves an 8-3 lead at the end of the third, the Pampa Roadrunners fought back to tie the game in the seventh and then exploded for eight more runs to take a 16-8 decision.

Line-ups for Pampa Roadrunners and Borger Braves. Includes statistics for players like Strickland, Hill, Adams, Stephens, Haralson, and Nutt.

Both pitchers took a heavy toll of strikeout victims with Taylor striking up 13 and Heiskell 11. Heiskell, like Taylor, struck out the side on two occasions. The Roadrunners came alive in the fourth and pushed over one run, then pecked away and added single runs in the fifth and sixth before they lowered the boom on Taylor in the seventh and eighth.

Yankees Knock Orioles From First Place In AL

By FRED DOWN — The Yankees' 11th defeat in 12 games shutout and the San Francisco staff's eighth of the season, behind a 15-hit attack that included homers by Orlando Cepeda, Eddie Bressoud and Willie Mays, a triple by Willie Kirkland and doubles by Willie McCovey and Sanford.

Bob Buhl struck out nine batters and pitched a seven-hitter to win his third game for the Braves. Hank Aaron doubled to start a three-run rally in the second inning and scored the Braves' final run after a sixth-inning single.

Grand Slam Beats G-Sox

By United Press International — It looked like Amarillo had another Texas League game nailed down Thursday night until Tulsa's lanky catcher Rich Rogers stepped to the plate in the bottom of the ninth.

The Oilers trailed 6-4, but the bases were loaded. And Rogers liked what Gold Sox relief hurler Mike Warnitsky had to offer. He belted a grand-slam homer to win the game, 8-6.

In other games, Valley whipped Victoria 4-1 and Austin's Cecil Butler hurled a sparkling four-hitter as the Senators shutout San Antonio 4-0.

Tommy Bowers went the distance for Valley, giving up eight hits. The Rosebuds used five hurlers to try and stem the Giants' 14-hit attack. Horace Smallwood, the starter, suffered the loss.

Ford's down-breaking curves had the Orioles hitting into the ground so much that the Yankees totaled 22 assists—only six short of a major league record.

Bob Shaw won his fourth game for the White Sox with the aid of Gerry Staley's 2-3 innings of shutout relief. Batterymate Dick Brown hit a two-run homer in the second inning and Minnie Minoas tripled home a run in the third to help deal Dick Hall his first loss after four victories.

Pedro Ramos' five-hitter and a two-run fifth-inning single by Julio Becquer enabled the Senators to hand the thundering Red Sox their 11th defeat in 12 games.

Barber Sets Pace With Record 63

INDIANAPOLIS, Ind. (UPI) — Jerry Barber, a 135 pound golfer, is on his biggest winning streak in 20 years as a pro, set up target for the field to shoot at, a course record 63 in the round of the \$50,000 "500 Fival" Open tournament.

Barber had won only two tournaments in his career—the 1933 Arizona and the 1954 "All American" until this year. But this season already has won the Linda Open and the Tournament of Champions at Las Vegas for his best start ever on tour.

Barber gave promise Thursday of being up to another victory. The 34-year-old golfer is built for long drives, but his "fan-putting" round gave him a stroke margin on the field, he is enough to give him the start you need to stay ahead of long hitters.

Barber, 41, and one of the best pros in the business, a 65-foot putt which he deemed as "9,000 feet long," for most impressive performance of the day. But he took only 25 strokes on the round of the 6,600 yard course and the greens, though putting slow, were accurate despite a morning rain.

A total of 63 of the field of 149 bettered par yesterday, 26 of them at 70. But 10 had 67, another 10 had 68 and still 13 more had 69.

Bankers got out to a 4-0 lead in the first inning and added a run in the third and two in the sixth to take a 7-4 lead into the seventh frame.

A big blow for Cree in the sixth was a Myron Artgergry's loaded single which sent him into the lead.

Bankers started for Cree and picked up the win although he did help from Larry Gregory came on in the bottom of the sixth to put out a Bankers rally counted one run and threatened to tie the game up.

Larrimore started on the line for Bankers and pitched four innings before he was lifted. For Sikes, Cree was guilty of a very miscues at field but managed to get by with no serious damage from the errors.

Ludecke rapped a single and a double for Cree to lead the attack but the Bankers' Ronnie Goodwin was the game's batting star with a triple and a single.

Larrimore added a double to the Bankers' offense and Holt notched a pair of singles.

Ring Results

By United Press International — LOS ANGELES (UPI) — Luis Rodriguez, 145, Havana, knocked out Alfredo Cota, 143½, Mexico.

SAN JOSE, Calif. (UPI) — Luis Molina, 138, San Jose, decisioned Orlando Zulueta, 139, Havana, Cuba (10).

FRESNO Calif. (UPI) — Gaspar Ortega, 147, Mexico, Mexico, decisioned Karl-Heinz Guder, 153, Gelsenkirchen, Germany (10).

Stengel Hints Mantle May Be Benched

NEW YORK (UPI) — Sluggish Mickey Mantle may be benched for a seat on the New York Yankees bench. Manager Casey Stengel hinted as much after Thursday night's 2-0 victory over the Baltimore Orioles in which Mantle went 6-for-4 and stretched his string of hitless at-bats to 16.

"I ain't sayin' who," said Stengel in his most mysterious manner. "But somebody's headed for the bench. I'm thinkin' of makin' some changes."

Mantle's average has dipped to a .235 and after Thursday night's game he admitted, "I'm swinging like a rusty gate."

COLLEGE BOUND — Buddy Rawls, quarterback on the 1959 Pampa High School football team, signed a letter of intent to enroll at Abilene Christian College Thursday.

The Harvester ace joins Benny Stout and Terry Joe Haralson on the list of graduates who have landed football scholarships. Several others on the 1959 squad are still considering their offers.

Today's Sport Parade

By OSCAR FRALEY
 United Press International
 RYE, N.Y. (UPI)—I can lick Ingemar Johansson. He's a sucker for a hook and fades easily. Ingo has a weak left hand and his famed right doesn't hit half as hard as people have been led to believe it does.

On a golf course, that is. These facts came to light as night club bell-hops his way. Ingo was involved in one of his favorite methods of taking the tension out of training for his June 20 heavyweight title match with Floyd Patterson.

Ingo has developed these meth-

ods to a high degree and with a success which bids fair to ruin the time-honored methods of training for an affair le box. Your old-time gladiators hid away in jungle camps, wrestled bears, chopped wood and scorned the companionship of the fair sex.

Hoops Around Clubs
 Johansson hoofs it around the night club bell-hops his way through the cha cha and spends a delightful percentage of time with his brown-haired fiancee, Birgit Lundgren. Which is nice spending if you can get it.

In a way, he has preserved the

Jordan Defends World Welter Title Against Benny Kid Paret

By JACK CUDDY
 United Press International
 LAS VEGAS, Nev. (UPI)—The world's welterweight championship, which for nearly a year has caused strife in the National Boxing Assn. and among fight managers and in the underworld, goes on the line tonight at the Las Vegas Convention Center, where Don Jordan defends it against challenger Benny Kid Paret of Cuba.

The 15-round bout will be televised nationally by NBC at 10 p. m. e.d.t.

Jordan, of Los Angeles, the fight game's biggest question-mark, announced today, "I'll shoot the works tonight. I'll carry the fight to Paret—and win easily." However, because of lanky Don's defeats in his latest non-title bouts with Federico Thompson and Candy McFarland, cosponsors here in the nation's gambling metropolis make challenger Paret an 11-5 favorite.

Promoter Mel Greb and Jack Doyle expect a crowd of 6,000 and a gate of \$40,000 despite Jordan's upset defeat last week by young McFarland in a tuneup bout at Baltimore—a defeat that lessened the ticket sale.

Anthony Maceroni, of Providence, R.I., president of the National Boxing Assn. (NBA), arrived Thursday night from Tokyo, and announced the NBA will insist that tonight's winner defend the 147-pound crown within 90 days against Thompson of Argentina, regardless of any private return bout contract Jordan may have in case he is beaten by Paret.

Maceroni, who had witnessed the bantamweight title fight in Tokyo, added that Louis Rodriguez of Cuba, in turn, will get a shot at the winner of the Thompson fight.

"The NBA will insist upon this schedule being carried out," Maceroni declared at a dinner in the Riviera Hotel, honoring Jack Cuddy of United Press International, dean of American press boxing writers.

Jordan's private return bout agreement with Paret was ripped out of the official contract for tonight's fight before the Nevada state Athletic Commission would approve it.

Jordan, 25, is guaranteed \$35,000 for this defense; but he will keep only about \$7,500 and spend the rest to buy his contract from co-managers Don Neseth and Jackie McCoy, with whom he has been dealing.

It was Neseth and McCoy who refused to permit underworld representatives to gain control of Jordan and caused an investigation that resulted in four federal indictments.

Jordan said he wants a new manager, to be announced after

Richards Invents Peach Basket Mitt

NEW YORK (UPI)—Inventive Paul Richards has come up with a "peach-basket" type catcher's mitt to cut down on the passed balls among Baltimore receivers.

Clint Courtney will test the new mitt when he handles knuckleballer Hoyt Wilhelm in a game against the Yankees today and the glove will be available to all Oriole catchers whenever Wilhelm pitches.

Designed by Richards, with the aid of the Wilson Sporting Goods Co., the glove is one-and-one-half the size of an ordinary catcher's mitt in circumference and almost a half-pound heavier.

Baltimore catchers have committed a total of 14 passed balls so far this season—mostly while handling Wilhelm—and Richards believes that most of the passed balls have resulted because Wilhelm's knuckler has bounced off the top of his catchers' mitt.

Ingemar Johansson

ancient technique of wood chopping. Except that Ingo calls it golf.

"One thing you've got to say for him, he dresses a good game. In this outing at the Westchester Country Club, while Patterson was knocking himself out against a punching bag up in Connecticut, Ingo showed up wearing a blue-striped tee shirt, gray-trousers and black and red golf shoes. He also wore Birgit on his arm.

"You always get tense before a

fight," Ingemar explained. "If you don't feel a certain tenseness going into the ring you might as well not fight."

Relaxed Man... Until
 It was quite obvious, until he stepped up on the first tee, that here was a relaxed young man. But tension is as tension does, and the little white ball has a way of making mice out of tigers.

The first hole was 344 yards. Ingo's drive left him 204 yards to go. His second hit a tree to the right. He topped his third into the rough 20 yards short of the green, skiffed it to the edge, ran it up nicely to within two feet, and took a conceded six.

And so it went, until Ingemar, the tension gone and undoubtedly happy to go back to his punching bag and cha cha lessons, finished with a 55-45-103.

After this, Patterson has to look easy.

Lady Softballers Beat Skellytown
 The Pampa Housewives, a newly formed ladies softball team made their debut in a winning fashion by stumping a women's team from Skellytown, 10-4.

Trailing 2-0 going into the bottom of the third, the Housewives erupted for 10 runs, four of them coming on a grand slam homer by Anita Rowe.

Billie Fick pitched the first two innings for the Pampa team, before yielding to Anita Rowe, who was the winner.

Cards Sign Day
 St. LOUIS (UPI)—The St. Louis Cardinals of the National Football League have signed Tom Day from North Carolina A&T to a 1960 contract. Coach Frank Ivy said he planned to use Day, the club's 20th draft choice, as a guard.

Floyd Spars Again
 NEWTOWN, Conn. (UPI)—Floyd Patterson resumed sparring drills today in his training for the June 20 heavyweight title fight with champion Ingemar Johansson at the Polo Grounds in New York. Patterson confined his existing Thursday to seven miles of road work and a long walk.

Rosters To Be Expanded For All-Stars

NEW YORK (UPI)—The major league All-Star squads will be expanded to 30 players and may include as many as 10 pitchers each for this year's mid-summer classics at Kansas City, July 11, and New York, July 13.

Charles Segar, secretary of baseball, announced the new roster limit Thursday when he also revealed that the players will select the eight starters on each side for the third straight year.

Segar pointed out that a new rule will prevent any pitcher from being used in both games and added, "because of the closeness of the two games, the managers may want to carry more pitchers this year." Don Drysdale of the Los Angeles Dodgers started both games last year when the "second All-Star game" was introduced at the request of the players.

Both games will start at 1 p. m. local time and will be televised nationally by NBC. Sixty per cent of the TV-radio proceeds will go to the players' pension fund.

Kurtz Boots 3

BOSTON (UPI)—Jockey Jack Kurtz booted home three winners at Suffolk Downs Thursday, including both ends of a \$66.00 daily double. He won with Aldis Lamp (\$5.80) in the first race, Boston Corner (\$18.60) in the second and Diving Boots (\$6.80) in the fifth.

Another safe crossing

When a telephone man drives, safety comes first

Two little girls dart into the street, unaware of an approaching telephone truck. The driver, on his way to install a phone for a new family in the neighborhood, slows to a stop as they cross. Not until the youngsters are safely on the other side does he drive on.

This quiet drama of safe driving doesn't make front-page headlines the way a major accident does. Yet it is the biggest story of all—the kids who aren't hurt crossing the street, the accidents that don't happen... because good safety habits prevent them from happening.

Driving safely is everyone's duty. But for telephone men it is more than that. It is a way of life. It is part of that special sense of responsibility that goes with telephone work: what we call the *Spirit of Service*.

A newspaper editor recently paid tribute to telephone drivers when he wrote:

"We salute the drivers of telephone company trucks. They never drive fast or recklessly; time and again we've seen them yield the right-of-way. They seem to apply the rule that the other driver is always right."

"It is nothing short of inspiring to see an entire corps of drivers display the courtesy and friendliness that are habitual with telephone company drivers."

Train Kills Minister, Child

DALLAS (UPI)—Mrs. George T. Britt, wife of a Negro minister, was so terrified she couldn't shout a warning to her husband and daughter.

As she watched in horror, a Fort Worth and Denver passenger train caught Britt, 51, and their 9-year-old daughter, Lois, on a railroad trestle and killed them instantly.

The family was picking berries last night from bushes that grew along one end of the trestle when the train roared down on them. Mrs. Britt, who was not on the trestle, said she saw the train

before her husband, but couldn't warn him.

At the last moment, Britt heard the train. He grabbed the girl by the arm and ran. But it was too late. Lois' body flew 52 feet through the air and landed on a busy thoroughfare below.

DEADLY ARROW STOLEN

CAPE TOWN, South Africa (UPI)—A thief stole a bushman's arrow so deadly it could inflict death at the slightest scratch, museum officials reported today.

The arrow, treated with a vegetable poison, was taken from a collection in the museum. The poison can remain dangerous as long as 90 years, museum officials said.

ALL THE NEWS — Anna Sandrock is 83 years old. For the last 65 of them she's been town crier in Burhogen, Germany. She shouts out the news for local residents. She's believed to be the oldest town crier in Burhogen, or anywhere.

Lefors Library To Be Open During Summer

LEFORS (Sp) — The school library will be open this summer from June 5, to August 12. It will be open on Mondays, Wednesdays and Fridays from 8 a.m. to 12 noon. Everyone in the community is invited to use the library as all age group-books will be available.

Each Monday and Friday from 9 until 10 a.m. a story hour will be held for children who will start to school next year. Miss Linda Robinson, summer librarian, will read and discuss stories. Each Wednesday from 9 until 10 a.m., a reading group for students that will be in the second and third grades next year will be held. Others reading groups will be set up if the need arises.

Each student in school is encouraged to meet the requirements for a summer reading certificate. The requirements are to read 15 or more books on the reading level, or above the reading level, designated by the teachers. Miss Robinson will be in charge of keeping the records concerning reading certificates.

Library rules are: (1) There will be fines of 5 cents a day for all overdue books. (2) Books may be checked out for a two week period. (3) Only two books may be checked out at a time. (4) Lost, misplaced, or damaged books will have to be paid for. (5) Books may be rechecked only once. (6) No one is to be admitted to the library if the librarian is not on duty. (7) No one will be allowed to take library books on vacation. (8) The library may be used as a reading room during the hours it is open.

Big Business Developing In Muscles

FINANCIAL REVIEW
By ELMER C. WALZER
UPI Financial Editor

NEW YORK (UPI)—Physical education experts will tell you that we Americans are getting too soft, exercising too little, eating too much and carrying too much weight.

At the same time the economists have noted a trend toward greater use of the leisure that modern machinery is providing, a trend toward participation in the sports rather than watching them from the sidelines.

There's a big business developing in muscle-hardening. It's been slowly developing over the years but hasn't done much more as yet, than scratch the surface.

One of the big exponents of this phase of business is Victor Tanny with his string of 60 gymnasiums across the country, grossing \$30 million annually, and expanding steadily.

Tanny sensed a demand for this phase of the economy back in 1935 when he opened his first gymnasium in Rochester, N. Y., where he was born Feb. 18, 1912.

Tanny is his own best advertisement. He's the type of fellow you would want for a body guard. His broad shoulders and strong muscles he speak a life of physical training since his grammar school days when he was judged as the strongest lad in the class.

Tanny's big entry into the gym business started in the West. He sold his Rochester establishment in 1938 and with \$431 cash and as much as he could borrow started one in Santa Monica, Calif.

His gyms are spreading out all over but are strongest in California with 28 in the Los Angeles area, six in San Francisco and four in San Diego. He has 14 in the New York area and six in the Chicago. Others are located in cities in the East, Midwest, and Southwest.

At the same time, Tanny branched out into lines supplementing his gymnasiums—gymnasium equipment, vitamins, minerals, food supplements, skin lotion, and suntan lotion. Also he has his own groups to develop accounting and supervisory personnel for individual gymnasiums, and he has his own group which supervises architecture and design of Tanny installations.

Tanny says his aim is to inter-

est families in physical exercise to make better citizens. He holds exercise is a great aid in easing tensions.

"There's nothing like exercise to banish worries and tensions," says Tanny. "When I feel myself getting tied up inside, I just go into the gym for a brisk session, and 45 minutes later all the problems seem to have disappeared."

Tanny gyms aren't what one expects of an exercise emporium. They are made as attractive as Tanny can make them with pleasant surroundings to attract all members of the family — young and old.

They're equipped with swimming pools, bowling alleys, and ice skating rinks plus expert instructors in all those sports. In some Tanny gyms there are courses in ballet and modern dancing for the ladies. Tanny describes the swimming pools as having a South Seas effect and the skating rinks, adorned in a Tyrolean motif.

Tanny finds his customers when they first enter his gyms as either underweight or overweight. Exercise and diet aid in adjusting either condition, he holds.

He believes attendance in gymnasium courses relieves tensions, keeps families together, and helps prevent juvenile delinquency.

What bothers Tanny is that his gymnasiums, while patronized by a quarter million persons a month, have only scratched the surface in "bringing better health to America."
