

Mass Evacuation Underway in Pacific Northwest

WHAT'S THIS? NO PLACE TO SPEND U. S. MONEY!

22 Men Drown In Waters off Norfolk, Va.

NORFOLK, Va. (AP)—Twenty-two men—nine Marines and 13 Navy men—perished in Hampton Roads last night when a navy launch swamped in choppy waters while returning 90 men to their ship after Memorial Day liberty.

The 50-foot open launch was swamped in a wind and rain storm at 8:45 p. m. as it was returning a liberty party to the Kearsarge, anchored two miles off the Norfolk Naval Station. The launch, which was attached to the carrier, was swamped when only 200 yards off the Kearsarge's port beam.

Sailing of the task force was delayed indefinitely after the accident and its ships were placed on four-hour sailing notice.

'Beautiful' Script Parts Were Deleted

WASHINGTON (AP)—Rene Borgia told senators today that at least half a dozen of his scripts were thoroughly familiar with the "Voice of America" broadcasts which have aroused a storm in Congress.

Borgia, who wrote scripts for many of the broadcasts, said "it is not true" that they "slipped through" without knowledge of the National Broadcasting Company officials.

On the contrary, he said, he objected often to putting in "cheap comedy" but was ordered to write them as he did.

Borgia testified at joint hearings by subcommittee of the Senate Foreign Relations and Expenditures Committees. The investigation was started after the senators learned last week that the broadcasts said "New England was founded by hypocrisy and Texas by sin."

The series of radio programs, called "Know North America," was broadcast by NBC last winter under contract with the State Department. They were Spanish language broadcasts beamed to Latin America.

Borgia, a 62-year-old Venezuelan citizen, told the Senate subcommittee that NBC officials told him to write the scripts the way they wanted them or to look for another job.

He commented that the persons who were his superiors had "a lack of culture," and his immediate supervisor, Alberto Gandero, was "just an announcer or something—not very intellectual."

Borgia said he told his superiors the scripts should be "beautiful" (See "VOICE," Page 8)

Mother Held In Cab Death

GALVESTON (AP)—A young mother with shoulder-length hair and an upturned nose remained in jail here today awaiting a hearing next week in the death of a Houston cabbie.

The woman is Mrs. Margie Dee of a Houston cabbie.

Carreon, 22, of Houston, whose husband came here to be by her side when he heard she was involved in the cab driver's death. The driver, Merion Metts, 45, of Houston, was found dead early Saturday in his cab. A woman's brassiere was looped around his neck. Mrs. Carreon was found in the cab with the dead man.

When photographed by news photographers, she was wearing a V-necked, button-down dress. She is held under \$2,500 bond. An examining hearing, originally scheduled for Wednesday, was postponed to June 9. The hearing was reset because two witnesses could not appear at that time.

Mundi-Nixon Protestants Demand Voice

WASHINGTON (AP)—Belligerent opponents of the Mundi-Nixon anti-Communist bill threatened today to lead a protest demonstration at the Capitol Wednesday.

Len Goldsmith of New York, executive secretary of the Committee for Democratic Rights, said "thousands of people" will be on hand to demand a hearing before the Senate Judiciary Committee.

There were angry shouts from the audience when the committee closed public hearings yesterday on the House-passed bill to force registration of Communists. A group of about 30 men and women were waiting to testify.

"We're tired of being shoved around," Goldsmith shouted. "We demand the right to be heard."

But Senator Wiley (R-Wis.), committee chairman, already had left the committee room. Acting Chairman Ferguson (R-Mich) said he had no authority to continue the hearings.

Wiley's committee will meet Thursday, it was learned, to decide what to do about two witnesses who refused to say whether they are Communists.

Kehee, New York union leader, declined to answer when Ferguson asked them if they are members of the Communist Party.

Robeson termed the question "an invasion of my right of secret ballot." He said he would go to jail if necessary before he would answer.

Kehee, secretary-treasurer of the CIO American Communications Association, said "I am happy to join Paul Robeson."

There is growing concern whether the House-passed bill will clear the committee this session, and second, whether it could be acted upon by the Senate in the adjournment rush if it does get to the floor.

SIESTA—There's nothing the matter with Bill, the horse. He just got tired and decided to have a siesta in a Surrey Hills, Australia, street. J. Jones, his owner sits patiently on the curb. Jones says six-year-old Billy has taken time out for a rest before, and when he gets the urge there's just nothing to do but wait him out.

WASHINGTON (AP)—The state of Israel announced today it had accepted the United Nations appeal for a Palestine cease-fire.

A spokesman for Israel described the acceptance as unconditional. He said, however, the communication from Tel Aviv contained a Jewish interpretation as to what Israel understood the cease-fire to mean.

The deadline for replies from the Jews and Arabs is 5 p. m. CST, today. Arab League leaders were meeting at Amman, Trans-Jordan, to decide on their course.

The Israeli spokesman said: "Our acceptance is being communicated to the secretary-general of the United Nations as soon as possible. It is unconditional. It does contain our understanding of the terms of the cease-fire."

The cease-fire appeal was voted by the Security Council last Saturday.

Officials of Various Cities Discuss Postwar Problems

By ART FERRIER
An immediate and urgent need for new or additional sources of revenue is the most pressing need of cities today was the consensus of 62 delegates representing 21 Panhandle cities in convention in Amarillo yesterday.

The meeting was the seventh of eight regional meetings sponsored by the League of Texas Municipalities to discuss problems of civic administration and management. The next and final meeting will be held in Donna on June 29.

Cities have suffered more through war-born shortages than any other institution, the delegates pointed out.

Nearly every city in the country has had a tremendous increase in population in the past eight years, causing a terrific strain on city facilities of water, sewage disposal, electric, and street repair. In addition, cities have fallen farther and farther behind in their repair and construction programs because of shortages of men and materials.

As a result, nearly every city in the nation is faced with the problem of catching up in one or two years on what would normally have been done in the past eight years.

Besides, the inflated dollar is playing havoc with civic budgets. Cities are being asked to accomplish eight years' work in one but only half as much.

The meeting went on record yesterday as favoring civic participation in the state gasoline tax, advocating that the government step out of the amusement field and permit cities to assess amusement taxes and recommending further study by the league of additional sources of civic revenue now overlooked.

The league's legislative program, to be presented to the next session of the State Legislature, will be formulated at the league's state convention, scheduled for Oct. 4-6, in El Paso.

The legislators must be shown, C. C. Crutchfield, field representative for the league, told the assembled officials, that Texas is rapidly approaching an urban state. More than 50 percent of its population are now living in cities.

Those from Pampa who attended the meeting were: Mayor C. A. Huff, City Manager Steve Matthews, Commissioners Crawford Atkinson, F. H. Paronto, and W. E. Baillaud, City Purchasing Agent George Casey, and City Engineer Dick Pepin.

Phil Hemburger, city councilman of Houston and president of the league, presided over the meeting. The morning's discussion was directed by Crutchfield, and E. E. McAdams, executive director of the league, led the question and answer period in the afternoon.

Cuba Set for Hot Election

HAVANA, Cuba (AP)—Cuba elects a new president today, and a hot campaign by the four candidates brought predictions of a heavy vote. With 3,506,754 Cubans eligible, a vote in the neighborhood of 2,000,000 is expected.

In all, 572 men and women are running for 132 offices—54 seats in the Senate, 70 seats (half the membership) in the House of Representatives, six provincial governorships and the presidency and vice presidency. The four men seeking the presidential chair range in political leanings from the right to the left.

The polls are open from 7 a. m. to 5 p. m. (CST) today, and although presidential returns will be counted first, the official results may not be known before Thursday, unless there is a runaway.

The campaign has been so heated that the government issued a last-minute appeal to citizens for "calmness, patriotism and common sense" to keep the peace. The Army was put on a 24-hour duty to guard the polls and the sale of liquor was banned for the day.

The stormy drive for votes continued right up to the end. Trucks, cars, motor launches at sea, and even airplanes were used to advertise the candidates.

The issues are national, centering around present and past administrations.

Water Takes Death Lead

By the Associated Press
Drowning proved Texas No. 1 killer as 27 persons died in the state during the Memorial Day weekend.

Eight drowned. Six were killed in traffic accidents and four in plane crashes. Two were killed by homicides. The rest died from assorted causes.

M. C. Goodchild, 50, of Houston was the latest drowning victim reported up to last midnight, and the three-day holiday. He fell from a speedboat in Galveston Bay yesterday.

Deaths of two other Houstonians were reported yesterday. Edward F. Gillies, 36-year-old dental technician, shot himself fatally Sunday with a .22 automatic rifle he had used for target practice.

The stormy drive for votes continued right up to the end. Trucks, cars, motor launches at sea, and even airplanes were used to advertise the candidates.

Association Will Favor Gas Bill

HOUSTON (AP)—The Texas Independent Producers and Royalty Owners Association favors a new natural gas bill introduced in the Senate, association President H. J. (Jack) Porter said yesterday.

Porter said he wired Senator Clyde M. Reed of Kansas, who introduced the bill, that the organization's Executive Committee endorsed the bill. It is intended to define the powers and jurisdiction of the Federal Power Commission over gathering and selling natural gas to interstate pipelines.

Clovis Man Dies In Train Plunge

CARLSBAD, N. M. (AP)—The Santa Fe Railway's Carlsbad-Clovis, N. M., passenger train plunged into a Southern New Mexico washout last night. The engine and four of five cars upset. One life was lost.

Engineer K. D. Shumate of Clovis was trapped in the cab and killed. Fireman R. K. Williams, Clovis's leading drugstore owner, leg broken. Four other members of the train crew and an unidentified passenger were hospitalized for minor injuries.

The washout resulted from one of several cloudbursts which swept scattered sections of New Mexico. In the northern part of the state a flash flood ripped down Carlsbad Canyon near Cimarron.

Well-Known Drug Man To Be Buried

HOUSTON (AP)—Funeral services were to be held in Huntsville today for J. Robert King, Sr., of Huntsville, one of the state's leading druggists. He died in a hospital here Sunday night at the age of 83.

King entered the drug business in Waco. He moved to Huntsville in 1896. Recently, his son, J. Robert King, Jr., took over the business.

Texas University Graduates 1,580

AUSTIN (AP)—The University of Texas today had 1,580 new graduates.

Degrees were awarded that night by President T. S. Painter, who told the graduates they were the answer to the people "both within and without the state (who) speak from ignorance and misinformation" in criticizing the university.

Chief Justice J. E. Hickman of the State Supreme Court told the graduates that democracy is a goal yet to be achieved, not a thing already accomplished. He emphasized it as a way of life that must be lived if it is to be realized.

Man Is Booked on Charge of DWI

Vance J. Smith this morning was charged with driving while intoxicated by County Attorney Bruce Parker after he had been apprehended by City Police.

Final disposition of the case will be made upon Judge White's return from a business trip.

Lewis Isn't Negotiating

WASHINGTON (AP)—John L. Lewis argued today that he is not required to bargain with the "hostile, arbitrary" Southern Coal Producers Association.

This was his reply to a government's motion for a Taft-Hartley Act injunction to compel his United Mine Workers to seek a contract with the association.

Lewis' lawyers filed a motion to dismiss the injunction suit brought by Robert N. Denham, general counsel of the ground it is a labor law violation.

The Taft-Hartley law requires unions and employers to bargain in good faith with each other's chosen representatives. Lewis has refused to bargain with the Southern group on the ground it did not take part in previous contract talks, and national negotiations for a new soft coal contract have collapsed as a result.

The union, in moving to dismiss the suit, filed a long affidavit from Lewis himself attacking the Southern group and explaining why he won't deal with it.

Inspector Dies Under Freight Car

SHREVEPORT, La. (AP)—Funeral services are planned in Marshall, Tex., tomorrow for Ira Wood, 59, who was killed by a freight car which ran over him in the Kansas City Southern Railroad yard here yesterday.

Wood, a car inspector for the railroad, had stepped between two stationary cars, police said. A line of cars backed into the cars on which he was working. The impact knocked Wood down, and a wheel of one car passed over him. He was killed instantly.

Man Charged With Assault

A charge of assault with intent to murder was lodged yesterday by District Attorney Tom Braly against Randall Clark, McLean, in connection with the Saturday night fracas in front of the Brown Derby Cafe that sent Clarence E. Sargent to Worley Hospital with severe head injuries.

Clark entered a plea of not guilty before Justice of the Peace D. R. Henry this morning and waived an examining trial. His bond was set at \$1500.

Attending physicians said Saturday night Sargent was in a serious condition. Reports from two doctors stated that Sargent had taken a turn for the better and was improving.

County Okays City Program

GRAY COUNTY, Texas (AP)—New governor of Lions District 202 is Schley Riley of Big Spring.

He was elected to succeed M. O. Milam of Andrews here yesterday at the district's first annual convention.

Pecos was chosen as the 1949 convention city.

Dalton Is Back in British Cabinet

LONDON (AP)—Hugh Dalton is back in the British cabinet today, less than seven months after he quit because of a budget leak while he was chancellor of the exchequer.

His new post is chancellor of the Duchy of Lancaster, which up to now entailed administration of the British Zone of Germany.

3 People Fined In JP Court Here

Fines and costs of \$14.15 each were paid by two persons charged with affray and another charged with intoxication before Justice of Peace D. E. Henry over the holiday weekend.

Another man, charged with affray, pleaded not guilty and was released on \$40 bond.

Vanport, Ore., Has \$27 Million Loss

PORTLAND, Ore. (AP)—Mass evacuations began today as the flood-swollen Columbia River brought new peril to a 120-mile section at the lower end of the stream.

The river, which already had caused the Pacific Northwest's greatest disaster, threatened to flood hundreds of farms and many small cities in the area, nearly all of which is downstream from Portland.

Army engineers ordered the evacuation of the thousands of residents of the 43 drainage districts area, but said many of them already had run for higher ground.

The Portland Housing Authority estimated at \$27,000,000 the loss suffered by the war-housing city of Vanport, which was crumpled Sunday. That was the only flood loss estimate available, although before the Vanport disaster, army engineers had predicted a loss of \$30,000,000 to farms and houses, and to valuable topsoil being swept to sea.

The river, second largest in the nation in amount of water discharged, is at flood stage for 750 miles. The crest will reach the Portland Area tonight or tomorrow.

Part of Portland's Downtown Area, including the Union Station, was under water today after the Willamet River topped the seawall.

The station is Portland's only railroad depot, and trains were unable to use it.

In North Portland, where more than 18,000 persons were left homeless in Sunday's Vanport disaster, the flooded area was tripled by the bursting of two more dikes. On top of these two dikes were the approaches to the Pacific Highway, principal north-south route.

The breaking of these dikes left three square miles under water, with houses from Vanport pouring through both gaps. Some of them turned end-over-end, and all hope of salvaging these was lost.

No bodies have been recovered from Vanport. Some bodies might be swept so far they never would be found.

Survivors are scattered in thousands of homes throughout the city, in schools and churches.

The Northwest was faced with a power shortage as Bonneville Dam was compelled to drop its production 50 percent. Grand Coulee Dam's power output was down 10 percent. Customers were asked to curb their use of electricity.

The Red Cross estimated that 45,000 persons already have been "severely affected" by the floods in the Columbia Basin—and the total is expected to mount rapidly when the crest hits the downstream lowlands. It said 10,000 homes have been destroyed or damaged.

At Bonners Ferry, Idaho, where the Kootenai was falling slightly, flood water still stood two feet deep in the business district. Loss there will total millions of dollars, including 30,000 acres of rich farm land flooded, loss of 1,200,000 bushels of wheat, destruction of dikes which cost \$1,000,000, and damage to more than 300 buildings.

Big Issue Is Arising Over Potato Crop

WASHINGTON (AP)—The lowly spud threatens once again to cause food officials, farm leaders and possibly politicians many headaches during the next four months.

Potato supplies are expected by Agriculture Department officials to start flowing to market within a few days in a volume far above consumer needs.

If this is so, the department will be forced for the third straight year to buy the surplus to carry out grower price guarantees.

The cost to Uncle Sam in the past two years exceeded \$125,000,000.

The department formally predicts that it will have to buy from 300 to 500 carloads of potatoes a day this month, or a total of at least 25,000,000 bushels by the end of July. Most of the surplus is expected in California, North Carolina and Virginia.

The market glut may reach its peak about the time Congress is due to take up bills continuing farm price supports.

Present price guarantee laws, fixing minimums at not less than 90 percent of parity, expire Dec. 31.

(Parity is a standard for measuring market prices intended to be equally fair to farmers and users of farm products.)

Farm leaders fear that a serious potato surplus would attract so much public attention to the support program that Congress might vote lower guarantees than the 80 to 90 percent of parity favored by most farm spokesmen.

Some of the potatoes bought by the government will be diverted into livestock, feed, alcohol, and other byproducts. But because of shortage of processing facilities, officials said some of the spuds may have to be dumped.

2 Car Wrecks Cause Slight Damage Here

Two automobile collisions within 20 minutes of each other yesterday evening caused a little damage, but no one was injured.

The first accident was between a 1941 International truck and a 1940 Ford coach at 5:30 p. m. on Alcock near the intersection with Faulkner.

According to the police accident report, the truck was damaged about \$45 worth. The drivers of the truck and car gave their names to police as J. A. Green, 32, 504 N. Doyle, and James R. Kennerly, 45, Box 1215.

Both vehicles were towed west on Alcock at the time of the collision.

The second accident occurred at the intersection of Cuyler and Acheson at 6:15 p. m., involving a 1947 Chevrolet sedan and a 1947 Dodge pickup truck.

The driver of the sedan gave his name to investigating officers as A. Robert Sawyer, 37, 321 N. Gray, and the truck was driven by Frank L. Laird, 35, 1101 E. Frederic.

The total damage to both vehicles was estimated at near \$75.

Smuts Gets Seat In Parliament

PRETORIA, Union of South Africa. (AP)—Jan Christian Smuts, retiring as prime minister of South Africa, today accepted the offer of a seat in Parliament from a member of his United Party.

Smuts resigned as prime minister Friday, following the defeat of his party by the Nationalist-Afrikaner combine in Parliamentary elections last Tuesday. The 76-year old leader failed of reelection to his own seat in Parliament.

Under South African constitutional procedure, the leader can accept a safe district from a party member who steps aside for him.

Rose Winner of 500 Mile Classic; Sets New Record

Baseball's Bonus Rule Has Flaws, Says Warren Giles

By FRANK ECK

NEW YORK — There's a move underway to do something about baseball's Bonus Rule when the major league magnates meet in St. Louis on July 12. Some owners would like to discard the rule while others are for it with modifications.

A major league bonus player is free agent whose first year aggregate salary and bonus exceeds \$6,000. Such a player is classified as a "bonus player" throughout the remainder of his baseball career. He cannot be assigned optionally to a club of lower classification unless waivers are secured. And once on the waiver list, the player's name cannot be withdrawn. If he is optioned out the original assignor cannot regain his contract until a draft period has intervened.

In Triple A leagues, a player may sign for \$4,000 or less without becoming a "bonus player." The rule is scaled down to Class B leagues where the bonus limit is \$800.

Few baseball men are satisfied with the rule as it stands today. It is only natural then to turn to Warren C. Giles, president and general manager of the Cincinnati Reds. He is regarded in many quarters as the No. 1 man on baseball rules. He has written a draft of the National Association Rules.

"The original intent of the Bonus Rule was to prevent major league clubs from paying large bonuses to players and then optioning them out to the minor leagues," says Giles. "If a player is worth a substantial bonus he should have sufficient ability to play in the majors at the time he signs and not have to spend several years developing."

POINTS TO WAKEFIELD

Giles points to the case of Dick Wakefield who is riding the bench for the Detroit Tigers.

"The Tigers got Wakefield off the University of Michigan campus in 1941 but he spent his first year in Class B ball with Winston-Salem, N. C., formerly in the Piedmont League. The next year Wakefield played for Beaumont

1938 Classic Record Beaten By First Five

INDIANAPOLIS —(AP)— Fighting off challenges all the way, Mauri Rose of South Bend, Ind., yesterday won the speediest 500-mile automobile race since the Indianapolis Motor Speedway's first Memorial Day feature in 1911.

Rose crossed the finish line with an average of 119.813 miles an hour for his third speedway victory and his second in a row. Right behind the wiry little Hoosier were his hard luck teammate, Bill Holland, Reading, Pa., at 119.147; Duke Nalon, Los Angeles, 118.034, and Ted Horn, Paterson, N. J., 117.844.

All four of those times were better than the previous record of 117.2 miles an hour, set 10 years ago by the late Floyd Roberts.

It seemed to be a record tour as well as a record race. Although the speedway management never discloses attendance figures, the crowd appeared to be between 150,000 and 200,000.

Drivers had to fight off challenges from behind all the way and any one of the first four finishers could have won with a few better laps.

Rose got them. Holland led most of the race and surrendered the victory to Rose.

Holland had bad luck again yesterday. He was running strongly near the end when his transmission began kicking out of gear. Duke Nalon also was coming up fast in the Novi Grooved Piston Special when he had to make a pit stop for fuel.

Nalon and Horn both made two pit stops to one each for Rose and Holland and that was the difference at the finish.

Mack Hellings, Burbank, Calif., won fifth money in the new Don Lee Kurtis-Kraft. The other Don Lee entry, a pre-war Mercedes, was a disappointment for the second time. Chet Miller, Glendale, Calif., had to pull the German car off the track at 108 laps with oil line trouble.

Finishers besides Hellings were Hal Cole, South Gate, Calif., sixth, in the "City of Tacoma" Kurtis-Kraft, and Lee Wallard, a first-time driver from Schenectady, N. Y., seventh in the Iddings Special.

"I demand a bonus," says Giles, "he should be good enough to play in a classification that justifies such a bonus."

"Clubs can avoid having bonus players sit on the bench by refraining from paying the higher bonus. Another thing to do would be to put the bonus player in his proper class and take the chance that he might be drafted or that he could advance to the majors after one year in the minors."

"Take the case of Lloyd Merriam, the Stanford University football player whom we (Cincinnati) thought, and still think, is a fine prospect. We paid him a very substantial bonus, many times the major league limit, but we signed him to a Class C contract and made him a bonus player."

"While he signed a Class C contract he trained with our club in Tampa this spring and impressed us sufficiently to be advanced immediately to Class A. (Columbia, S. C., Reds in the Sally League). If he has a good year at Columbia, we can bring him up to Cincinnati this fall."

"If we don't do that we can let him stay at Columbia, subject to draft or advance him to Syracuse and take a chance on losing him from that International League club by draft. But if anyone drafts him, they have on their hands a bonus player whom they cannot option out. Therefore, if he (Merriam) is not good enough for Cincinnati, it is a question whether or not other major league clubs would think he was good enough to play for them in 1949."

KEEPS CLUBS SENSIBLE

"This example explains some of the ramifications of the Bonus Rule. The present Bonus Rule is not ideal legislation in any sense, but it does keep some clubs from going completely haywire."

Detroit may have gone overboard years ago on Wakefield but at least the Michigan star does not come under the heading of "bonus player" as the rule stands today. However, it may be a long time before clubs like the Phillies, Braves, and Red Sox shell out amounts from \$25,000 to \$60,000 to sign youngsters.

The Phils gave southpaw pitcher Curt Simmons, 18, exactly \$30,000, and Charley Stobbs, 18, southpaw pitcher got \$25,000 from the Boston Red Sox.

Maybe Giles will get the floor at the game preceding the All-Star game in St. Louis in July, and maybe this time the major league moguls will listen to him.

Lessons From a Master

Frankie Frisch, famed for his gashouse brand of baseball during his playing days at second base for the St. Louis Cardinals, shows Giant second baseman Bill Rigney how a sack was stolen in the old days, at Giants' training camp in Phoenix.

Texas League Pilots Show Big Shuffle

DALLAS — This is the year when the managers are taking top play in the Texas League.

There was a time when the managerial ranks dominated most Texas League baseball races in the days of Jake Atz, Ham Patterson, et al.

In recent years the men who run the clubs have taken a back seat.

But 1948 has developed some feuds, such as the attitude Al Vincent has for Dallas and vice versa. And Jimmy Adair's feeling toward the club that fired him — San Antonio.

There is only one new manager in the league although only three clubs have the same skipper under whom they started out last spring. Les Burge is back at Fort Worth, Sally Parker at Shreveport and Johnny Keane at Houston. Pat Ankenman, who became manager at Oklahoma City in June last year, also is back.

Al Vincent, who piloted Dallas to a pennant and the Dixie Series championship in 1948 and into the final round of the pennant play-off last season then was let out, now manages Tulsa. Adair, who was fired during the season at San Antonio, has moved to Dallas. Gus Mancuso has transferred from Tulsa to San Antonio.

The only newcomer is Chick Autry at Beaumont.

Oilers vs. Pioneers

The league-leading Pampa Oilers met more detention in their 1948 West Texas-New Mexico League pennant chase last night in Clovis when their scheduled game with the Pioneers was rained out. This idleness, coupled with Lubbock's victory over Albuquerque, reduces the Oilers leading margin to 2½ games. The Oilers remain in Clovis tonight for a game with John Bottarini's cellar-dwelling Pioneers, and return home on June 3 for a series with the Lubbock Hubbers.

Second Round Of Tourney Set for Today

DALLAS —(AP)— Second-round games in the State High School baseball tournament are scheduled here today and tonight.

Longview meets Austin and Beaumont meets Highland Park of Dallas in afternoon games, and Hondo meets Wichita Falls and Amarillo meets Adamson of Dallas in night games.

Results of yesterday's games: Longview 5, North Side of Fort Worth 2; Austin 3, San Angelo 0; Beaumont 17, Jasper 3; Highland Park 6, St. Thomas of Houston 4; Hondo 3, Ball High of Galveston 2; Wichita Falls 4, Irving 2; Amarillo 3, Waco 2, and Adamson 11, Bryan 1.

Almost Even Split

NEW YORK —(AP)— Of the eleven players who have hit more than 200 home runs during their National League careers, six were left handed hitters — Mel Ott, Chuck Klein, Johnny Mize, Cy Williams, Dolph Camilli, and Jim Bottomley. The right handers were Rogers Hornsby, Hack Wilson, Wally Berger, Gabby Hartnett and Joe Medwick.

CLEANING THE CUFF

After watching quarter-mile runner Landon Westbrook make up ground in relays after losing a start at the races, Oklahoma Track Coach John Jacobs commented: "He can't get going unless he's tired, mad and 15 yards behind. Guess I'll have to equip our track with one of those mechanical rabbits."

Record Set in Attendance; Cardinals Defeated Twice

By JOE REICHLER

Associated Press Sports Writer

Memorial Day, 1948, which produced the greatest single day turnout ever witnessed in the major leagues, will be remembered by baseball fans for a long time, but it will bring only poignant memories to followers of the St. Louis Cardinals.

Only a comparative handful—24,000 persons—of the record paid admissions of 337,776 were on hand in Cincinnati to see the lowly Reds inflict two decisive defeats upon the stimp-ridden Redbirds that knocked the Cards out of first place in the National League.

The scores were 4-3 and 7-0. The defeats were the fourth and fifth straight suffered by the Cards. Today, as they prepare to open a long home stay, they find themselves out of the league lead for the first time since May 13.

The new occupants of the top berth are the New York Giants, who assumed a half-game lead over the Cards by earning a split in their double header with the Dodgers in Brooklyn. The Giants bowed, 4-3, in the morning game, but came back strong to win the afternoon game, 10-1.

The Philadelphia Athletics bounced first out and then back into the lead in the tight American League race by dividing a doubleheader with the Boston Red Sox before 24,838 hometown rooters. After Joe Dobson of the Red Sox had blanked them, 7-0, on four hits, the A's came back to win the second, 2-1, to retain their game lead over the Cleveland Indians.

Held scoreless for 14 innings, the A's were presented with a pair of runs when Lefty Mickey Harris gave up a hit, three walks and committed a balk which allowed Hank Majeski to stroll home.

The Red Sox have won only three of their last 15 games and Joe Dobson had won them all.

Manager Lou Boudreau's grand slam home run helped the Indians defeat the St. Louis Browns, 8-3, in the first game to put the Tribe into temporary possession of first place. The huge crowd of 48,961 Cleveland rooters was doomed to disappointment, however, when the Browns came back to win the second game, 6-0.

The New York Yankees defeated the Washington Senators in both ends of a double header, 10-0 and 5-4, before 62,628 fans at Yankee Stadium. Frank Shea, backed by a 16-hit attack, held the Nats to two hits in registering his third victory and second shutout for the Yankees.

Detroit's biggest crowd of the year — 55,876 fans — saw the Tigers divide a doubleheader with the Chicago White Sox. Scoring four runs in the first two innings, the Tigers won the opener, 5-4. The Sox belted four pitchers for 15 hits to win the second game, 9-3.

The largest attendance in the history of the Chicago club — 48,968 — saw the Cubs and Pittsburgh Pirates split a twin bill. The Cubs won the opener, 4-3 and the Pirates took a 4-2 second game.

After losing the opener to Philadelphia, 6-3, the Boston Braves sent the home crowd of 17,400 home happy by whipping the Phillies, 10-4, to snap a four-game losing streak.

Ten HSU Athletes Graduate; Martin Will Return as Coach

ABILENE — Ten Hardin-Simmons athletes hung up their collegiate athletic tugs for good yesterday, when Hardin-Simmons University's 56th commencement exercises were held in the university's Behren's chapel. Nine football players and one basketball star were among the 145 candidates for bachelor degrees in the exercises. Most of the athletes will pursue an athletic career.

Jack Martin, the only basketball player to graduate, will remain at Hardin-Simmons, but will serve his alma mater in a different capacity. This time Jack will be head coach of the team on which he lettered for two seasons. Announcement of Martin's appointment to fill the head basketball coaching post vacated by Wesley Bradshaw was made by Athletic Director Warren B. Woodson recently. As he was the only cager graduating, Martin will have under his domain more than a dozen former teammates.

Among the nine football players who were candidates for degrees are five three-year lettermen, a pair of two-year lettermen, one first year letterman and one squadman. The three-year lettermen, all of whom lettered on two Border Conference championship teams, in 1942 and 1946 are John (Red) Cleveland of Corpus Christi, center; Al Johnson of Dublin, twice an All-Border Conference quarterback; J. C. (Bullet) Cook of Baird, halfback; Jack Ellison, All-Border Conference and little All-American guard from Hamlin, and Herman Raphael, tackle.

Although they have used up their collegiate eligibility, most of the Cowboys will be located in some phase of sports beyond their school days. Jack Ellison, who finished his requirements for a degree in January, is an assistant coach at Texas College of Mines. Al Johnson and J. C. Cook are members of the Philadelphia Eagles professional football eleven and will join their new team this summer. Ray Cook, who is a brother of J. C., has accepted an assistant coaching position at Levelland high school. Raphael, Taylor and England are seeking coaching positions. But two of the athletes will be pursuing a field entirely different from athletics. John (Red) Cleveland will remain at Hardin-Simmons as a member of the faculty of the university's math department. Ell Sorrell is a Business Administration major and will be seeking a career in the business field.

Ten Games Remain In Week's League Play

Ten industrial League softball games remain to be played this week with Phillips scheduled to meet Texas Elf at Phillips and Humble set to meet The Pampa News, in the only two games tonight.

The remainder of the schedule is as follows: Wednesday, June 2—Master Cleaners vs. Pampa Bus at Phillips and Cabot vs. Ideal at Skelly.

Thursday, June 3 — Skelly vs. Humble at Skelly and Pampa News vs. Magnolia at Phillips.

Friday, June 4 — Pampa News vs. Pampa Bus at Skelly and Furr Food vs. Cabot at Phillips.

Sunday afternoon, June 6—Phillips vs. Humble and Jaycees vs. Ideal. Both games at Lions Club Park.

MEN! GET PEP...

Do you want to feel better? Do you want to feel younger? Do you want to feel more vital? Enjoy youthful pleasure again. If added years have slowed down your vim and vitality, just go to your drugist and ask for Caltron stimulating tablets. Many men are obtaining remarkable results with this amazing formula.

We Use the Hydrostatic Dispenser for Better Cleaning.

It disperses soap and solvent in the dry cleaning washer for perfect homogenization of both. Brightens colors, reduces spotting; faster cleaning, safer on fabrics. BGK Club Formal Attended by 400

About 400 persons attended the BGK dance at the Southern Club last Wednesday evening. This was the club's annual spring formal.

The circus motif was carried out in the decorations which were planned by Mrs. George Cree, Jr., and her committee.

Entrance was gained to the roped off dance floor through a tent. All gates were colorfully decorated with circus flags and the posts were topped with stuffed heads of clowns. The walls were decorated with clowns.

Tables were marked with numbers and circus animals. R. E. Smith's orchestra, with a clown dummy standing guard, played on a stand draped with flags.

The BGK Club will have its last meeting of the year next Wednesday evening in the form of a dinner in the home of Mrs. Bill Davis. The program will be under the direction of Mesdames John Phelps, Byron Hibben, Cal Pearce, Rob Brown and M. L. Nichol.

Mrs. Bob Duket, Mrs. Todd Cone and Mrs. Cree will be in charge of the food. Members are asked to call Mrs. Duket (1137 R) for reservations.

France, Poland Sign Pack
WARSAW — (AP) — Poland and France signed a five-year trade accord Wednesday. France is to supply Poland with \$60,000,000 worth of motor cars, machinery and other goods. Poland will pay with coal.

Take Care of Your Banking Needs Wednesday

Mrs. Kit Autry Is Hostess to WSCS

The WSCS of the McCullough Methodist Church met last Wednesday in the home of Mrs. Kit Autry. Mrs. John McFall, president, was in charge of the business meeting during which plans were completed for a fried pie sale to be held June 4. Mrs. Margaret Taylor and Mrs. Kit Autry were appointed to be in charge of sales.

Mrs. Autry led a discussion on the subject of Daughters of Philippians. She was assisted by Mrs. Max Frost.

Refreshments were served to those mentioned and Mesdames J. W. Hopkins, Carl Deckman, A. N. Rogers, Ben Ward, E. L. Robertson, E. N. Franklin, Coyie Ford, Carolyn and Larry, and Trina Frost.

Give Special Care To New Lingerie

Night gowns and negligees show more individuality this season. Edges that have long been straight on necklines, hems, and sleeves, now appear with dainty finishes of scallops, cut work, or real lace.

Shoulders and sleeves will be given more importance. Wide lace bands in both gowns and negligees give a broad shoulder line. Sleeves in negligees are long and full, flaring at the wrist, or gathered with ribbon and trimmed with lace.

These dainty things appeal to every woman, and even one who prefers tailored dresses wants a few frilly feminine things in her wardrobe. But most women are concerned with their upkeep. It's really very simple, once you know the tricks. Of course, delicate laces and frills should never be scrubbed; so wash them frequently and they won't need scrubbing. You wouldn't think of wearing your underwear several days, so why your nightgowns?

Care in laundering is needed for these delicate items, of course, but just remember, the gentlest care is the easiest. Baby them, use lukewarm-water for swishing them through lively suds, and a gain lukewarm water for rinsing.

Holiday Death Toll Of 300 Expected

WASHINGTON — (AP) — Unless motorists take it easy, more than 300 people will be killed on the highways over the Memorial Day weekend.

That's a warning from the American Automobile Association. It estimates 25,000,000 automobiles will be on the roads during the three and a half day period beginning Friday evening and ending Tuesday morning.

Brush Up on Sun Tan Rules If You Want to Avoid Burns

This mother and son are meeting Old Sol's first burning rays with exposed skin sheathed by a protective sun lotion.

By ALICIA HART
NEA Staff Writer

Ready to start soaking up the sun? Better brush up on the two important rules that apply, if you want to save your skin. Not even a spectacular tan will mask the ravages which overexposure of sun can impose upon a pale "hot-house" skin which is taking its first exposure of the season.

First rule to observe in the interest of acquiring a skin-saving tan is to meet the sun wearing a protective cream or lotion over every inch of exposed flesh. A qualified sun-cream, or lotion acts as a chemical sun-screen which filters out burning rays that burn or wither a skin, but admits the rays that give your skin a healthy tan.

Improved new technique of applying your sun lotion or oil over all the exposed areas is to spray on the stuff with an atomizer. This way you'll get a more-to-be-desired even film and a thinner one than you would get if you slapped on the lotion with hit-or-miss licks.

Second rule for sun-seekers is to time your exposure. Nobody but you can tell how little or how much exposure you can take for say, the first two weeks of soaking up sun, which is usually the time required for building a tan. You yourself can tell by your skin's own tolerance of the sun, which differs with each individual. A safe general rule, however, is to limit your first sun-baths of the season to a few minutes for the first exposure and to gradually increase that amount each day. If your objective—a good tan—is achieved at the end of two weeks, you may be able to take the sun with safety for longer periods of time.

This sun bather coats her skin evenly with sun tan oil by spraying on the liquid with a specially designed atomizer.

The Social Handy Sandy Calendar

WEDNESDAY
9:30 Women's Auxiliary of First Presbyterian Church will meet in circles. Circle 1 will meet at the church at 9 to go to the home of Mrs. Brent Blonkvist; Circle 2 will meet at 9:30 with Mrs. H. H. Hahn, 811 S. Somerville and Circle 3, at 9:30 with Mrs. John Adams, 1136 Christine.

THURSDAY

8:00 Top of Texas chapter of NSA dinner meeting and installation of officers in home of Miss Inez French, 412 W. 7th.

8:00 NA Auxiliaries with Mrs. J. L. Mulanax, 808 E. Locust.

Things Are Grimm For Cubs' Charley

NEW YORK — (AP) — Bill Bendix, playing Babe Ruth in a movie tells this story:

A friend of Charley Grimm called the Cub manager recently and excitedly explained that he had just seen a great pitching prospect.

"This kid pitched a no-hitter. He struck out all the batters in the game. Why, only one foul ball was hit off him," reported the friend.

"Listen, what we need are hitters," replied Grimm. "Send me the name of the kid who hit that foul."

Billy Can Do It
CHICAGO — (AP) — The National League player with the best chance to break into the select 300 home run class — eleven senior circuit hitters have made it — is Bill (Swish) Nicholson of the Chicago Cubs. Nicholson had 186 homers when the campaign started.

Juices Contain Real Food Value

By GAYNOR MADDOX
NEA Staff Writer

About 40 percent of the nutritive value of canned foods is in the liquids in which the foods are packed. Use all the liquid to get your money's worth.

Pour the brine into a saucepan, boil quickly to reduce, add the vegetable, season and heat quickly. This improves the flavor, but even more important, the food retains the valuable water soluble nutrients.

Many attractive summer recipes, which are easy and quick to prepare, take full advantage of the liquids. Fruit juice cocktail calls for a cup of juice drained from canned peaches or pears. Chilli, add a cup of gingerale and two teaspoons of lemon juice and serve in chilled cocktail glasses.

Attractive apples, molded salads, and other cooling fruit and vegetable drinks begin with the valuable liquid from canned foods. So don't waste a drop.

VEGETABLE JUICE COCKTAIL

(Serves 8)
One cup juice drained from canned peas, beans or asparagus, 2 cups canned tomato juice, 3 to 4 sprigs of celery leaves, 1-2 teaspoon salt, dash pepper, 1-8 teaspoon minced onion, 2 teaspoons lemon juice, 2 drops Worcestershire sauce.

Mix together vegetable juices; add celery leaves, cover tightly and chill for an hour. Remove celery leaves; add remaining ingredients. Serve thoroughly chilled. If 1 cup of asparagus liquid is used, mix well with 2-3 cups tomato juice.

FRUIT SAUCE

(Serves 3-4)
One and one-half tablespoons butter or fortified margarine, 1-2 tablespoons flour, 1-2 No. 2 can blueberries, blackberries or pitted cherries, 3 tablespoons sugar, 1 tablespoon lemon juice, pinch of salt.

Melt butter or margarine in a saucepan; blend in flour. Drain fruit juice into mixture, stirring until well mixed. Add sugar, lemon juice and salt. Cook, stirring constantly until mixture begins to thicken. Add berries and continue cooking until sauce is thoroughly hot. Set aside to cool. Serve over ice cream, sponge cupcakes, French toast or individual custards. Note: Loganberries, boysenberries or diced mixed fruit may also be used.

MINT SAUCE

(Makes about 1-1/4 cups)
One and one-quarter cups juice drained from canned pears or mixed fruit, 2 tablespoons vinegar, 2 tablespoons finely chopped mint.

Combine above ingredients in saucepan and simmer for 15 minutes. Serve with lamb.

TOMORROW'S MENU

BREAKFAST: Vegetable juice cocktail, fried eggs and sliced bologna, enriched toast, butter or fortified margarine, marmalade, coffee, milk.

LUNCHEON: Toasted peanut butter and bacon sandwiches, jelly and cottage cheese sandwiches, sliced oranges and bananas, tea, milk.

DINNER: Hamburger balls in tomato sauce, parsley potatoes, **BREAKFAST:** Vegetable juice cocktail, fried eggs and sliced bologna, enriched toast, butter or fortified margarine, marmalade, coffee, milk.

Do You Keep Your Charm in the Office?

By BETTY CLARKE

AP Newsfeatures Beauty Editor

It is just as important to look pretty in the office as it is to look lovely when dating. Some girls tear around their offices looking like zombies all day and then at 5 o'clock suddenly emerge as glamor queens.

Little charm aids which can add to your attractiveness should be kept in the desk drawer, and used not just for emergencies, but at frequent intervals during the day.

A bar of soap and a clean towel will come in handy as a quick refresher. Small cotton balls can serve as powder puffs and can be disposed of after they have been utilized. You can get a good supply of these for a few cents and they will prove more sanitary than your dirty powder puff.

Include in your little grooming kit a clean pair of stockings, an extra dickey or collar and cuff set and a pair of sparkling white gloves. Crisp white accessories always can flatter even a drab office dress which must serve as a last minute date dress.

Be particularly careful of the makeup you wear in the office. The point is to look neat and clean. You don't have to plaster yourself with greasy foundations, mascara, eye shadow and rouge to win the boss' admiration. You may, with this glamor routine, only succeed in making him ill.

Look as pretty as possible by keeping your skin free of skin blemishes. Use powder, a not-too-dark lipstick and brush your hair to a lovely sheen. A light cologne is always permissible to use in the office, but skip the heavy, exotic perfumes.

Romance, but No Smuggling!

By MRS. ANNE CABOT

Theta Rho Girls To Attend State Meet at Longview

The Pampa Theta Rho Girls Club No. 18 will leave on Thursday for Longview to attend the State Assembly of the organization which will be held there June 4 and 5. The business session will be directed by Paula Franklin of Pampa, who is the state president. Competitive degree work will be participated in by teams from all over the state.

In addition to the state trophy there will be an all-expense paid trip for the winning team to present its work at the Sovereign Grand Lodge in St. Paul, Minn., next September.

Mrs. Sarah Murphy of Nashville, Tenn., who is chairman of Association of Rebekah Assemblies Board of Control, will conduct schools of instruction.

Thirty-two representatives from the chapter at Pampa plan to go to the meeting.

Labor must be made more powerful, more militant in its demands for higher wages. —William Green, president, AFL.

Singing Convention Is Well Attended

Several hundred persons attended the 4-county convention of community singers Sunday afternoon in the Sportatorium. Several quartets from neighboring towns presented special numbers. A barbecue and covered dish dinner was served at noon to two hundred fifty.

Mr. and Mrs. J. E. White entertained at a fried chicken dinner Sunday evening in honor of twenty of the special vocalists.

Apocalypse is the name sometimes given to the last book of the New Testament, the Book of Revelations.

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 55 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Doctors call it a stomachic tonic effect! LYDIA E. PINKHAM'S VEGETABLE COMPOUND

How Often Do You Buy Bluing?

ONCE A WEEK? OR ONCE IN 6 MONTHS?

It's the easy, modern way to whiten clothes. Recent survey shows that Mrs. Stewart's Bluing goes 9 times as far as some soapy substitutes. Try a bottle today!

24 Are Hurt When Stand Collapses. READING, Pa. —(AP)— Twenty-four persons were injured after part of a temporary stand crowded with spectators collapsed during outdoor graduation exercises of Albright College.

Groceries Delivered On Conveyor

HOUSTON —(AP)— When Herschel H. Shugart was a kid, he often was scolded by his mother for failing to remember what she had asked him to purchase at the grocery store.

At present he is working on a 100-foot conveyor which will include a meat counter.

Shugart currently is waiting for a patent on his invention, which he says had created interest throughout the country.

Shugart isn't kidding when he says he received many scoldings for forgetting what his mother sent him to the grocery store to purchase.

Shugart said his travelling grocery store has a 47-foot counter that is pulled by a one-third horsepower motor. The conveyor belt which carries the groceries to the cashier is pulled by a one-fourth horsepower motor.

Those who apply for enlistment under the Musician Training Program must be approved by the Navy Department and then they will be sent, at Navy expense, to the recruiting station at Washington to take a musical examination.
