

Jews Seek to Break Arab Blockade; U.N. Appeals Again for Cease-Fire

Pampa News

VOL. 47—NO. 45 (32 Pages) PAMPA, TEXAS, SUNDAY, MAY 30, 1948. Price 5c AP Leased Wire

U.S.-Russ Demand Rejected

(Compiled From AP Dispatches)
Arab troops began battling for all of Jerusalem yesterday and Jewish troops continued their desperate attempts to break the Arab blockade of the Holy City, as the United Nations Security Council made its sixth appeal for an end to the conflict.

The U.N. council called last night for a 4-week cease-fire in Palestine, after refusing earlier to accept Russian-American demands for force to stop the fighting.

The delegates decided that if the Arabs and Jews do not agree to its decision by 5 p. m. (CST) June 1, the council will reconsider the case with a view for action along the lines asked by Russia and the United States.

In the meantime, Israeli troops in the newer portion of Jerusalem are cut off by the Arab blockade from new food sources and from their main water supply. The chief efforts to relieve them are being made in the Latrun-Bah-EI Wad sector 10 to 14 miles west of the Holy City.

A Tel Aviv dispatch said Egyptian forces made a sudden march of about 10 miles up the coast from Majdal to Isdud, a village only 20 miles south of Jaffa, the Jewish capital's twin city.

Isdud is only 2 1/2 miles from the limits of Israel as defined by the U. N. partition plan, and probably close to where real Jewish resistance to the south might be encountered. The village is a five-mile wide Arab coastal strip that is flanked for 40 miles by Jewish-ashkenazi territory.

The Jewish Air Force struck Isdud.

Europe Fears Lack of U.S. Protection

By JOHN M. HIGHTOWER
WASHINGTON — (AP) — France and several other Western European nations are reported to be afraid the United States may not protect them or support them if they have future trouble with either Russia or Germany.

French fears that American promises thus far made may be broken and unreliable were reported yesterday in a dispatch from Paris. The dispatch said French Foreign Minister Bidault has appealed directly to Secretary of State Marshall for American military guarantees.

Admiral Hensley, who said he said they knew of this direct appeal. But they added there was no question that the Paris dispatch reflected the high degree of uncertainty over American policy which the French recently have been expressing to American officials here, in London and Paris.

To a greater or less degree, other countries appear by no means yet convinced that the United States can be fully relied upon for prolonged help to the anti-Communist countries of Western Europe.

Secretary of State Marshall told a Portland, Ore., audience Friday night that one of the requirements of U. S. leadership of the Western world is consistent support of such policies as the European Recovery Program once they are determined upon. Marshall admitted, perhaps

Dame May Is Dead at 82

HOLLYWOOD — (AP) — Dame May Whitty, 82, internationally known British character actress, died Saturday at her home.

At her side was her daughter, Margaret Webster, Broadway producer-director-actress.

She had been in failing health for several weeks, Miss Webster said. Dame May survived by a little more than a year her husband, Ben Webster, who died here in February, 1947.

The veteran actress held the title of dame commander of the most excellent order of the British Empire, conferred on her by the late King George V for patriotic services in World War I.

MEMORIAL DAY, 1948, brings new solace to the families of thousands of American fighters who gave their lives in World War II. For this is the first Memorial Day since the war's end that finds the bodies of heroes who fell on foreign soil resting in their homeland, near their loved ones. Widow of one such hero is Mrs. Colletta Gerity of Cleveland, Ohio, praying with her children after decorating the grave of her husband, the late Pvt. Albert T. Gerity, killed in action in Germany Sept. 21, 1944. Undoubtedly she expressed the feelings of most families who had their war dead brought home when she said: "I am glad I had him returned to his home city. The last feeling I had when he was buried so far away in Belgium is gone now."

Liquor's Use Is Attacked At Conclave

LUBBOCK — (AP) — The Northwest Texas Conference of the Methodist Church was told yesterday "this church of ours must give itself for battle" on the liquor question.

Bishop Paul Martin of Little Rock, Ark., declared the church has lost some of its certainty in opposing liquor.

"We need that same note of certainty we had when we proclaimed the terrible danger of this great evil," the bishop declared.

Harold G. Cooke, president of McMurry College of Abilene, already had told the conference that some magazines and motion pictures are making liquor drinking attractive to the nation's children.

"The most dangerous problem in our church life today," Dr. Cooke said, "is not saloons, night clubs or brothels, but rather church officials who drink socially and serve cocktails in their homes."

The Methodist Church in its book of discipline asks its members to refuse to deal in liquor, either by consumption, sale, or rental of property where liquor is sold, he pointed out.

He said any student in McMurry College found with liquor on his person, on or off campus, is expelled.

The conference adopted a resolution of the conference temperance board condemning reports that "some veterans organizations are selling liquor in large quantities, even in dry territory, in cities of the conference; urging a more vigorous program in the conference against use of alcoholic beverages and protesting to any and all officials of colleges, universities and other training centers for youth, the practice of drinking or of allowing it to be done on the campuses and premises of the institutions."

The resolution said "we are of the conviction that the practice of drinking is a serious threat to

Four-Year-Old Is Equestrian

"I will get a 'little one' when the decision of the city blonder, green-eyed girl, pigtailed, bare-footed and clad in blue jeans and sweater, after she had thrice tried to stay on the back of a brown and white pony.

The girl, Stella Marie Shelton, daughter of Mrs. Hazel Reich, solemnly held up four fingers when asked her age, but had a more difficult time in telling police her name or where she lived or where she found the little Sheldons pony she was so bent upon riding.

Investigation proved that Cris Walsh, rancher north of town, owned the small pony and had tied it in an empty lot behind the Pampa Lubrication Company. The pony evidently had worked its way loose.

Two little boys, bystanders, declared Stella Marie had gotten on the animal quite unassisted. She worked out a system of grabbing the saddle horn and pulling until she had seated herself on the pony.

Stella Marie was unable to add anything more for the police's information except that her grandfather was "Jesse James" and that her father was "Hopalong Cassidy."

Luckily, however, one of the boys knew where she lived; so she was taken to her home in the 300 block on W. Francis. Her mother, who had not realized Stella was gone, said she took her to the Roping Club rodeo parade yesterday and that Stella Marie was pretty fond of the horses.

Quite fond, in fact.

We Heard...

John Michel, KPDM manager, commenting on the cruel irony of life. No flats on the old jalopy, he said, all the way to the West Coast and back to a point near Kinrossmill, when down went a tire. It was night and he was tired too. (He returned Wednesday night from a radio convention at Los Angeles.)

Special Services At Cemetery Will Honor War Dead

Special Memorial Day Services will be held at Fairview Cemetery at 3 p. m. today under the joint sponsorship of the American Legion and VFW.

Paul Hill, honorary chaplain of VFW, said veterans are requested to meet at the High School at 2:30 p. m. to form a line of march to the Veteran Flag Pole in the cemetery.

Rev. O. W. Meyer of the Holy Souls Catholic Church will deliver the principal address. The Rev. Beauford Norris, pastor of the First Christian Church, will present the invocation; and the Rev. Hal Upchurch, of the Central Baptist Church, will deliver the benediction.

During the special service, Rev. Hill will lead group singing. "Taps" will be sounded in memory of the War dead. W. L. Heskey will be in charge of a firing squad and color guard.

Arrangements for the service have been made by Hill since the Rev. David Binkley, American Legion chaplain, is attending the Methodist conference in Amarillo. In addition to the public invitation, the Ministerial Alliance is especially invited, said Hill.

Pool to Open Wednesday

The Municipal Swimming Pool will open Wednesday for the summer season, Mr. and Mrs. James W. Love, managers of the pool, announced yesterday.

Caulking a few spots in the pool and painting of the depth markers, held up by the recent wet weather, is now being finished.

The pool will be filled Tuesday and opened Wednesday.

Don Humphreys and James Lewis have been hired as the senior life guards for the season, and Dale Shackelford will be the junior guard. All three will teach junior and senior life-saving courses to those who are interested.

Mrs. Love, who has held her Red Cross life-saving certificate since 1939, will conduct swimming classes.

Postal Service Limited Monday

Only parcels will be delivered in the business district tomorrow, W. B. Weathered, postmaster, stated. Other than the parcels, there will be no delivery service.

Mail will be dispatched and placed in boxes tomorrow as in the regular Sunday service.

Home Loan Figure Over That of '47

WASHINGTON — (AP) — Loans for home construction through savings and loan associations increased 42 percent in the first quarter of 1948 over the same period of 1947, the Home Loan Bank Board said yesterday.

The figure reached \$234,000,000. It was \$137,000,000 in the 1947 first quarter, the statement said.

14-Yere-Old Skoller Spels Wirds; Will Make Gude Hedline Writer

By ED CRAFT
WASHINGTON — (AP) — The Nashinal Spelling Bea is over and the young woman that one it deserves all the congratulatory she got.

Why sum of the wirts they throug at that pore little 14-vere-old gurl from Black Horse, Ohio, wud stumped a groan man.

But she whized right thred them, did this kewt little toa-head named Jean Champless — whoping big wirts like impeccable and perspiqwity and si — pai —

Well, lots of big wirts, anyway. She nukt out the runer-up, a lole boy named Darrell Flavelle, with a sixteen-dolar spechel wirt: oigarchy.

(That's what it sed on the ofshial list anyway. Doubtless a missprint for "oligarchy.")

So the winner, who was sponsored by the Akron Beakin-Jurnal, got \$500 and a trip to New York and the runer-up, whus sponser was the Washington Daley Nuse, got \$300 and a kis.

And bieng onley 14, he seded to like the \$300 better. In fact he scrued his face all up like Mikey Runey and he wringed like a wurm on a huk when Jean—she's the girl who wun—gav him a grate big smak for consulatione purpuses.

Birps-Howard nusepapers put on the kontest, in the Nashinal Press Klub Buiding. It was an inspuratoin to many of the jurnulists who frekwent that biding. They too, remember thier eryl struggles with spelling. It is only by such devices as the Nashinal-Spelling Bea that the yung skollers of today will becom the expurt spelers who will rite yur nusepapers tomorrow.

Woman Held When Cabbie Found Killed

DICKINSON — (AP) — The body of Merion Metts, 47, Houston taxicab driver, was found here yesterday with a woman's brassiere tied tightly around the neck.

An unidentified farmer discovered the body in a parked taxicab and called police.

A charge of murder was filed at League City against Margie D. Carreon, 22, Houston, who is being held in the Galveston County Jail without bond. She was arrested near here by Deputy Sheriff Earl Jenkins.

Dr. N. A. Schofield, Galveston, who performed an autopsy, said death was due to asphyxiation. League City Justice of the Peace, Emil Schenck, however, said the charge of murder will stand.

Earlier police reported Metts also received a jagged wound in the neck, but this proved to be untrue.

Metts was employed by the Black and White Cab Company, Houston. A dispatcher said the driver checked out at 4:50 a. m. to take one passenger, a Houston woman, to Galveston.

The dispatcher said Metts reported he had picked up the passenger at a Houston hotel.

An official of the company said an anonymous telephone call was received at 10 a. m. from a woman who said she had seen a woman shaking the driver by the shoulder in a parked taxicab near here earlier Saturday morning.

The official said the woman told him she passed the parked taxicab while riding on a Houston bus from Galveston.

Dickinson is in Galveston County, about 20 miles from Galveston, about 30 miles from Houston.

The unidentified farmer who discovered the body called Constable Earl H. Turner, Dickinson, who found the body slumped in the driver's seat.

The former congressman's speech was scheduled for statewide broadcast over the Lou Star Chain at 8 p. m. It was in part a repetition of a Thursday night speech which also was scheduled for statewide broadcast but which was carried only locally. Dies charged "sabotage," but radio officials said technical difficulties were responsible.

Dies, former chairman of the House Un-American Activities Committee, asserted state laws covering campaign expenditures are openly violated. He has said that whether he could raise and use legally an amount of campaign funds greater than that allowed by law would affect his decision to make the race.

He criticized former Governor Coke Stevenson, now seeking the Senate seat.

"What does Coke have to offer the people of Texas in the Senate?" Dies asked. "He is 60 years of age and has never had any Congressional experience. By the time he gets to Washington, he'll learn how to hang up his coat and get on to the ropes, he will almost shoe top deep in the basement along the west wall."

Harris and two of his helpers did the next best thing. They started bailing. At 3 p. m. yesterday they were still bailing and mopping up where most of the water had receded. And — still no plumber.

They'll Bail 'Til The Plumber Comes

Courthouse employes yesterday morning weren't immediately let in "on the know," but when word leaked out most of them wanted to scamper for another job. Harris and two of his helpers did the next best thing. They started bailing. At 3 p. m. yesterday they were still bailing and mopping up where most of the water had receded. And — still no plumber.

Jester, Roger Evans Ask for Governorship

AUSTIN — (AP) — Two more candidates stepped into the governor's race yesterday, bringing the total to date to seven.

Gov. Beauford H. Jester asked for reelection. Veterans of Foreign Wars State Commander Roger Q. Evans of Denison announced as another of his opponents.

There was never doubt that Jester would announce. Campaign headquarters here are going in and out of his office for weeks. Evans' name had been filed by friends several weeks ago. He had been expected to follow their wishes.

Jester's announcement outlined a mammoth platform of greatly expanded state services and a host of other proposals which he termed a 32-month projection of "the people's path," on which he was elected two years ago.

Evans' announcement indicated he would use his two old feuds with the Governor as the spark-plugs of his campaign—the soldiers' bonus and the college building financing controversy. Evans has long favored a bonus and share in public land revenues. Jester has called state bonus demands "un-Texas." He pushed the recently adopted constitutional amendment which reallocated part of the ad valorem tax to building needs of the state's 14 smaller colleges and left public lands to the benefit of the state's two big schools—the University of Texas and Texas A&M College.

Already it appeared that Jester would be the summer-long target of the state's 14 smaller colleges and left public lands to the benefit of the state's two big schools—the University of Texas and Texas A&M College.

Martin Dies Begins Drive For Senate

LUFKIN — (AP) — Martin Dies made his second try last night at reaching the people of Texas with a speech widely interpreted as preliminary to his announcing he will seek the U. S. Senate seat.

The former congressman's speech was scheduled for statewide broadcast over the Lou Star Chain at 8 p. m. It was in part a repetition of a Thursday night speech which also was scheduled for statewide broadcast but which was carried only locally. Dies charged "sabotage," but radio officials said technical difficulties were responsible.

Dies, former chairman of the House Un-American Activities Committee, asserted state laws covering campaign expenditures are openly violated. He has said that whether he could raise and use legally an amount of campaign funds greater than that allowed by law would affect his decision to make the race.

He criticized former Governor Coke Stevenson, now seeking the Senate seat.

Body of War Dead in U.S.

Word has been received that the body of James Richard Cox, Jr., son of Mr. and Mrs. J. H. Cox of Miami, has arrived in the States and will be delivered to Pampa.

Mr. Cox was killed Feb. 11, 1945 in Luzon and buried in the Number Two cemetery in Manila. Born in Miami on Feb. 14, 1917, he entered the service in March 1941, after graduating from the Miami High School.

Survivors other than his father and mother are two brothers, N. M. Cox and W. E. Cox, both of Miami.

Funeral arrangements are pending at the Duenkel-Carmichael Funeral Home.

Needed, at Once: Some Evidence!

Amateur detectives didn't get very far Friday afternoon neither nor the law when a some object plunked a clean, round hole in a front plate-glass window at the News.

Some asserted it was a bullet, but where was the evidence? Some opined it was a rock—but there wasn't even a pebble out front.

At any rate, there was a sharp rap when something hit the window—but even the rap is gone. (At least, until science brings forth the machine that reproduces back all the sounds that were ever made.) Glass free. (So did members of the Editorial Department.)

'Voice' Broadcasts To Be 'Cleaned' Up?

WASHINGTON — (AP) — All the "music, trash and nonsense" should be cut out of the State Department's Voice of America broadcasts to foreign countries, the chairman of a House investigating committee said Saturday.

"We can give them factual programs and news, but I very much doubt if it is the business of the United States government to provide entertainment for the world," said Rep. Chenoweth (R-Colo.).

Chenoweth told a newsmen he is "completely disgusted" with a recent series of "Voice" programs, beamed to South America by the National Broadcasting Company. Many legislators have called them a slander on a half-dozen states and historical figures of the American past.

The Colorado legislator, whose House Expenditures Subcommittee is investigating the case, said he thinks entertainment features should be dropped from the multi-million dollar program conducted by the State Department.

"That should be at least the first step in cleaning up a messy situation," he said.

He said entertainment, including music and so-called humorous sketches of American life and customs now, makes up about one-third of the "Voice" program which was designed by the State Department as a counter-barrage against Soviet propaganda.

Chenoweth said his committee will widen its investigation to check on broadcasts beamed to Russia and other countries behind the "Iron Curtain." Committee investigators were reported scrutinizing scrips broadcast to the Soviet bloc.

Roping Club Rodeo Goes Into Final Go-Round This Afternoon

Pampa Roping Club's second annual rodeo with trick performances from Boys Ranch, started off with a parade through the downtown streets yesterday morning, followed by two performances of the rodeo — one yesterday afternoon and one last night — at Recreation Park.

The afternoon's performance will finish the second and final go-round for the six events, after which the winners will be announced.

Out of the nearly 25 or more entrants in the calf roping contest, Skip Montgomery had the best time in the first go-round. He roped his calf in 13.5 seconds.

In the first go-round of the girls' sponsor contest, Ida Ruth Taylor, representing the Taylor Ranch, had the best time—24.8 seconds.

Floyd Burl and O.W. Weems led the pageant preceding the show carrying the American and Texas flags, followed by the officials of the rodeo and the contestants, doublemuzzling, and bareback broncriding contests were followed by a performance of trickrope by Leonard Stroud, former world champion trick rider, Skip Montgomery had the best time in the first go-round. He roped his calf in 13.5 seconds.

Testimony of 'Mac' Needed Says 'Pappy'

WASHINGTON — (AP) — Senator O'Daniel (D-Tex.) said yesterday General Douglas MacArthur should be required to return from Japan and testify before Congress.

O'Daniel expressed his views in a letter to General Jonathan M. Wainwright, who has been urging MacArthur's return. He sent a copy of the letter to Chairman Bridges (R-NH) of the Senate Appropriations Committee.

The committee voted 17 to 2 Thursday to request MacArthur to return and testify on Far Eastern matters. But MacArthur said he did not want to return at this time because it would be condemned by many as a political move. He has announced he would accept the Republican presidential nomination if it is offered him.

O'Daniel told Wainwright, who served under MacArthur on Bataan and Corregidor, that:

"The crisis confronting our nation at this time is so serious that politics should not be permitted to prevent the Congress from obtaining important information from the world's most outstanding key witness."

The letter, made public by O'Daniel, was in response to two notes from Wainwright. The first general asked MacArthur to give his views and recommendations on world affairs and preparedness.

Last December O'Daniel issued a statement to the press in which he noted that Judge George W. Armstrong of Fort Worth, had advocated a national MacArthur-O'Daniel ticket.

O'Daniel said that if the "rank and file" of the nation should be given his views and recommendations on world affairs and preparedness.

Last December O'Daniel issued a statement to the press in which he noted that Judge George W. Armstrong of Fort Worth, had advocated a national MacArthur-O'Daniel ticket.

Wallace Raps Bill to Curb U.S. Commies

WASHINGTON — (AP) — Henry A. Wallace denounced the Mundt-Nixon anticommunist bill Saturday as "the most subversive legislation ever to be seriously sponsored in the United States Congress."

"We can't have peace with Russia if we approach Russia with the atom bomb in one hand and the Mundt Bill in the other," the third party presidential candidate declared.

Wallace and Norman Thomas, Socialist candidate for president, were Saturday's star witnesses before the Senate Judiciary Committee.

They joined in saying the bill aimed at foreign-directed conspiracies to overthrow the U. S. government, is a dangerous one—but there they parted company.

The grey-haired Thomas, 61, led the senators that Wallace's third party is "largely" controlled by Communists. He added:

"Don't let me give the impression that Henry Wallace is a Communist. I suspect that the Communists have secret sessions in which they rather deplore some of Mr. Wallace's gregariousness. He is not a Communist. He happens to be very useful to them now."

Wallace attracted an overflow crowd. Some members of the audience applauded loudly when he appeared—eight minutes late—and again when senators finished questioning him.

At one point Wallace was asked if his 3,000-word statement was all his own work. He said he spent all day Friday on it; that he had done more work on his speech than most senators do on theirs. This brought laughter from the audience.

"You never have been elected a senator, but as usual you are an opinionator," snapped Chairman Wiley (R-Wis.).

"I've helped write speeches for senators myself," replied the one-time vice president. As vice

Jet Flies 350 Miles in 35 Minutes

DALLAS — (AP) — Averaging 500 miles an hour, a jet plane Saturday flew from Dallas to Waco and back, a distance of approximately 175 miles, in about 35 minutes.

The plane was piloted by Lt. Fred Moser of Waco, stationed at Williams Air Force Field, Chandler, Ariz.

The speed run, which was unofficial, was made as part of Hensley Field's observance of Air Reserve Week.

Capt. Robert Clark, public relations officer, said the plane took off from Carwell Field at Fort Worth, flew over Dallas, continued to Waco and returned to Hensley Field.

He said the time from take off at Fort Worth to landing at Dallas was 39 minutes.

Five P-51 jet planes and four P-51's came here from Williams Field to put on a demonstration as a part of the observance.

World-Famed Clown Dies at Amarillo

AMARILLO — (AP) — The laughing antics of Gene Randow were missing as the Polack Brothers' Circus prepared for last night's performance in the Amarillo Municipal Auditorium.

The 62-year-old clown died of a heart attack Friday night, shortly after donning mask and grease paint to perform.

Members of the troupe said Randow had played with every major circus in the United States and abroad.

High Chair Party

They called it a high chair party the other day when mothers and grandmothers assembled 15 boy and girl babies from nine to 18 months of age at the Burl Lyster home, 905 E. Francis. It was the birthday of William Max Taylor, son of Mr. and Mrs. Ruby Taylor; and the aunt (Mrs. Lewler) threw the works—ice cream and pink and blue cake. Some of the kids took a fancy to the balloons and floating swans, too. The gentleman (or is it a lady?) fourth from left is unhappy—(at that age!) Postfiling on the party was that it was a hang-up show—and the billing seems to have been borne out with the fact that the kids turned over the ice cream, et cetera.

Oil News

39 New Notices of Intent to Drill Filed With Commission

Thirty-nine new notices of intent to drill were filed at the local Oil and Gas Office of the State Railroad Commission during the past week, officials reported yesterday.

Three wells were listed to be deepened. Hutchinson County, with nineteen filings listed, led the area in new locations. Sherman County ran a close second with fourteen.

NOTICES OF INTENTION TO DRILL:

Carson County - Cabot Carbon Company, R. C. Ware et al. No. 1, GN Survey, 330' from S and 990' from W lines SW-4 Sec. 10, Blk. 4, 3 1/2 miles N W of Skellytown. Family of Three Is Snuffed Out

TEMPLE —(AP)—A San Benito, Tex., family of three was killed near here late yesterday when their single-engine plane crashed and burned. Bell County Sheriff Buck Ray last night said the victims had been tentatively identified as Mr. and Mrs. T. M. Houghtling and daughter of San Benito. He said a description of the three and the plane tallied with a description of the San Benito family and their craft. The child's given name was not immediately learned. Ace Moyer, owner of the airport at Killen, 30 miles west of here, said the three were enroute from San Benito to Dallas.

THE DRILLER'S LOG

By KEN BENNETT
The API meeting this past week was a huge success if interest is any means of judging. Of course the subject of discussion, "paraffin," is of tremendous importance to all oil producers and drillers in the Panhandle area. Harvey Longren, Frank Lite, and Max Harrison all made very interesting talks and the discussion that followed was well carried out. I'm sure that anyone who attended one of these API meetings would at once be impressed with the seriousness with which the group seems to attack any problem that is current. I think this is especially true of the men who have been elected to supervise the API activities throughout this year. Fletcher Kennedy, president of the group, and Ralph O'Neal, program chairman, are men who really have the industry at heart, and their efforts to make all API

meetings of real benefit to the API members is showing results more and more with each meeting. Any newcomer to these meetings is sure to be impressed with the friendly banter that is exchanged between one another. An API meeting is always good for some good laughs as well as some interesting information.

Does anyone have a new oil field to spare? The news items the past few days have been pretty well filled with news about new fields under development. I have on my desk a reproduction of the Portales Daily News, published in Portales, N. M., Friday, May 7, which proclaims the new discovery in that area. This was a well drilled by Mid-Continent, 47 miles south of Portales, and which came in at 3600 barrels a day on the first test run according to the newspaper article. That's the kind of news this column would like to carry soon about the development that is going on east and north of Pampa. There have been rumors of another Phillips test well to be started soon. Until it gets out of the rumor stage, however, we'll forget about it in the log. A new Ellenberger pool appears to be developing in Southeast Coke County where the Shamrock Oil

and Gas Corporation has a well 8 miles southwest of Bronte, 8 miles south of Robert Lee and. When the well was swabbed Friday morning 47 gravity oil at the rate of 96 barrels a day with some water was the result. Before acidizing preparations could be carried out, however, the well started flowing Friday afternoon without any treatment.

Your attention is called to meeting called by the Railroad Commission for all operators of gas wells, sweet or sour, with the exception of the East Sweet and Hugoton Area wells, on Tuesday in the Phillips Petroleum Company Community Hall. Operators should be represented by one or more engineers. Purpose of the meeting is to demonstrate and discuss the new form of testing and calculating deliverability of all Panhandle Field proper wells. Personnel of Cities Service Oil Co.'s Pampa Gasoline Plant were honored with a safety award dinner Thursday for having completed two years of work without a disabling injury. Those honored at the dinner were W. E. Call, Millard L. Cox, C. H. Darling, N. E. Dulaney, Arthur Griggs, W. R. Harden, Frank L. Hognett, O. E. Hussa, Hubert L. Lam, Andy S. Largin, L. O. Roenfeldt, and Marvin Silliman. Employees unable to attend were L. F. Batson, R. P. Dawson, C. R. Crawford, Hughes, W. E. Lam, A. W. Frazier, and W. J. Scott. L. H. Davies is district superintendent and C. E. Powell is plant superintendent. Guests included Ralph Johnston, general superintendent of gasoline operations, E. R. Eatus, safety director, Roy Coyle, pilot, and Bill Sloan, gasolene department, all from the Bartlesville Office.

State's Death Toll Less Than 1947

AUSTIN —(AP)—Traffic accidents killed 117 persons in Texas last month, that raised the 1948 death toll to 569. The monthly report of the Texas Department of Public Safety showed 587 persons had been killed by the end of April a year ago.

Deafened Now Hear Whispers 5 Feet Away

Tests by the American Medical Association's council on Physical Medicine show that since has now enabled deafened people to hear faint sounds, to easily understand whispers from 5 feet away, aided by a tiny hearing device so light you hardly know you are wearing it. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls let you adjust it instantly to changing sound conditions. No separate battery pack, wires or harness bulge to weigh you down. The makers of Beltone, Dept. 25, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send you a free descriptive booklet and explain how you may test this remarkable device in your own home without risking a penny. Write Beltone today.

You Get More for Your Money when you get a 'Jeep' UNIVERSAL

YOU GET 4-WHEEL DRIVE for steady-pulling traction in the field. Used as a tractor, the Universal "Jeep" operates plows, discs, harrows and other implements at tractor speeds of 2½ to 7 m.p.h. It's easier on the driver, too.

YOU CAN HAUL AND TOW on and off the road—when you get a Universal "Jeep". It carries up to 1200 pounds, tows a braked load of 5500 pounds—on or off the road. In addition, you also get the comfort and convenience features shown below.

Driver's Seat of spring and cushion construction, with full back, means more comfort with less fatigue from field work. Fenders help protect the driver from dust and mud.

For Night Field Work and highway driving, the "Jeep" has powerful 7-inch sealed-beam headlights—same size lights as used on passenger cars—plus parking lights and tail light.

Easy to Drive as a car. Full instrument panel, self-starter, conventional pedals and accelerator. Change from 2 to 4 wheel drive is made by merely shifting transfer-case lever.

With Power Take-Off the "Jeep" has 30 h.p. for operating all types of belt and shaft driven equipment. You can't beat a "Jeep" for versatility and year 'round usefulness.

Son of Local Citizens Will Present Concert

JOHN BRANSON

John Branson, son of Mr. and Mrs. G. F. Branson, 701 N. Somerville, will be presented in a piano recital by the Church Choir at the First Methodist Church to-night at 7:30.

He began his study of music in Amarillo with Mrs. Lela Ledbetter, after graduating from Amarillo High School, he was stationed with the Air Force at March Field, Calif. During this time he studied under Dr. George Liebling of Los Angeles, one of the remaining pupils of Franz Liszt.

After his release from the Army he spent two years at the Sherwood Music School, Chicago. He is now a Junior at the University of Tulsa, where he is studying with Helen Ringo, who, with her husband, directs music there. He is combining teaching of piano with the regular Bachelor of Music course.

His program tonight will be: Jesus Christ, the Son of God—Bach-Rummel; Sonata, Op. 90—Beethoven; Rhapsody, Op. 79, No. 1, Brahms; Nocturne, Op. 9, No. 1—Chopin; Toccata, Op. 7—Schumann; Prelude in E Flat, Op. 23, No. 6—Rachmaninoff; Ondine—Debussy; Toccata—Kuchaturian; Concerto in D Minor, K-466, Allegro—Mozart.

He will be assisted by Mrs. Mae Forman Carr.

Kenneth Bond Is College Editor

Kenneth Bond, son of Mr. and Mrs. C. B. Bond, Star Route 2, Pampa, has been named coeditor of the Aggie "Battalion," it was learned yesterday.

Bond, who graduated from Pampa High School in 1940, was elected as the war veteran representative on the daily publication at College Station. This is his first year at the college.

According to the May 21 issue of "The Battalion," the vote in the election was the heaviest ever recorded at A & M.

A mansard roof is an almost vertical one whose lower section is pierced with windows, thus permitting an additional story.

Business School To Graduate Nine

Nine students will graduate from the Pampa Business College next Friday, June 4, O. H. Foster, president of the college, announced Saturday.

Those graduating are: Emily Coston, Vernon Garner, Lillian Hawkins, Audrey Hollingshead, Maxine Housdon, Avis Kelley, Melba Kinney, James Shelton, and Robert A. Smith.

The invocation at the exercises will be delivered by the Rev. B. A. Norris, pastor of the First Christian Church. Following the introduction of guests by Vernon Garner, there will be two solos, one by Mrs. Nell Turpen on the piano, and a vocal number by Mrs. N. B. Ellis.

Huelyn Laycock, county superintendent of schools, will deliver the principal address, followed by the

2 Divorces Are Granted Here

A divorce granted last week by Judge Lewis M. Goodrich in 31st District Court to Nan Lee Amery from Orval Lowell Amery on grounds of cruelty was made final Friday. The plaintiff's petition stated they were married in January, 1931, and separated in April, 1948.

A divorce on the grounds of cruelty was granted to O. L. Hollman from Vivian Jackson Hollman. The couple was married in May, 1947, and separated in October of the same year.

Judgments in two other divorce cases heard Friday were not completed by yesterday.

The presentation of diplomas by President O. H. Foster. The benediction will be asked by the Rev. H. Clyde Smith, pastor of the First Methodist Church.

Man Kills Self at Gate to Cemetery At Panhandle Where First Wife Lies

PANHANDLE—(Special)—Ray N. Slagle, 51, Amarillo dairyman, was found Friday in front of the Panhandle Cemetery gate, dying from a self-inflicted gunshot wound.

The former Panhandle resident had been seen a few moments earlier standing beside the grave of his first wife by Jack Wigham and Fred Hodges, Carson County farmers who had gone to the cemetery to look after graves of their own relatives. The two men told authorities they saw Slagle as they came into the cemetery and when he saw them he walked out to the gate where his Chrysler was parked. Seconds later the men heard a shot and heard a bullet fly over their heads. They turned and saw Slagle slump to the ground beside his car.

Deputy Sheriff Tex Carter arriving found Slagle alive and asked him who shot him, Slagle answered: "I did."

Wigham and Hodges timed the shooting at about 1:55 p.m.

A pickup truck belonging to J. P. Smith brought Slagle to Dr. Paul Roberts in Panhandle, but the dairyman died about 2:20 p.m. A note, addressed "To Whom It May Concern," directed that funeral arrangements be taken care of by the Boxwell Bros. Funeral Home, Amarillo, and that he be buried in Panhandle between the graves of his first wife and mother.

Friends of Slagle said he had been in ill health for some time. Justice of the Peace Sam Lanning handed down a verdict of

Court Awards Mother Custody

Mrs. Dorothy Hyatt, Berger telephone operator, was granted the full custody of her nine year old daughter by District Judge Lewis M. Goodrich in 31st District Court Friday after testimony by both parents convinced the Court of a change of conditions.

The judgement was entered from the original handed down on December 12, 1947 that gave custody of the child to her father, death from a gunshot wound, self-inflicted.

Tournament Goes Into Finals; Dukes Defeat Oilers

PAGE 6 Pampa News, Sunday, May 30, 1948

Indianapolis Races Scheduled Monday; KPND to Broadcast

Dekle Park Scene Shamrock-Miami Contest Today

SHAMROCK (Special)—Shamrock's baseball team, the Green Sox, will appear in their second game of the season Sunday afternoon when they meet the Miami club. The game will be played at Dekle Park, just west of the underpass on Highway 66, starting at 2:30 o'clock.

After being defeated by Sweetwater, 23 to 9, in their first game here on May 16, the Green Sox bounced into the win column last Sunday, defeating the Briscoe nine, 23 to 15.

Pregame statistics show the Miami and Shamrock teams about even for their contest here Sunday afternoon. The Miami club was defeated by Sweetwater, 7-6, and lost to Briscoe, 9-7.

The Green Sox played good baseball in defeating Briscoe last Sunday. J. D. Cook allowed only three hits in six innings on the mound. Shamrock got 20 hits during the game and each team made eight errors. Laycock, P. Rushing and J. D. Cook led the Green Sox in batting, each getting three hits in six trips to the plate.

The Green Sox batting average in their two games to date:

Player	AB	H	AV
Morgan	2	1	.500
B. Cook	2	1	.500
F. Rushing	4	4	.441
J. Rushing	11	4	.364
L. Laycock	11	4	.364
J. D. Cook	9	3	.333
F. Mayo	2	1	.250
B. Rushing	2	1	.250
Clunch	1	1	.250

Bartosh Goes to TU
AUSTIN (AP)—Gilbert Bartosh of Granger, one of the most sought after high school backs in the state, has decided to go to the University of Texas. University Football Line Coach Bully Gilstrap said yesterday.

INDIANAPOLIS (AP)—The fastest 33-car field in the history of the 500-mile Memorial Day race at the Indianapolis Motor Speedway was completed Saturday.

Four cars that had made qualification runs at better than 120 miles an hour in a last-minute flurry of time trials.

Thirty cars had qualified for Monday's race in trials that started May 15. The six that moved into the field yesterday were:

Indianapolis Speedway races will be carried in four broadcasts over Mutual and Station KPND, local management announced yesterday.

Bill Stern and Gene Kelly, Mutual sportscasters, will be at the mike Monday to bring details of the world-famed races.

Broadcasts may be heard at these times: 9:45 to 10:15 a. m.; 11:30 to 11:45 a. m.; and 12:45 to 1 p. m. The race, beginning at 2 p. m., will be broadcast to its conclusion, with an interview of the winner scheduled.

Webb made the lineup in a word finale to the three week-end and one Wednesday of qualification tests. He already had qualified the Anderson Offenhauser at better than 121 miles an hour but was bumped out of the lineup by Carter's run at 128.015 miles an hour in the Belanger Motors Special.

Webb jumped into another car, a new Offenhauser owned by Louis Bromme of Los Angeles, and made two laps at 125 miles an hour. Then he dropped a fuel pump handle and track officials turned on the caution light. After a debate they let him make two more laps after the track had been closed, and he earned the lineup with a 125.545 average.

We're not sure we can help this young adventurer—

HARVESTER DRUG

We Give S&H Green Stamps
Combs-Worley Bldg.

Today in the finals, in the Championship Flight, Grover Austin, Jr., meets Ed Ethridge. In the First Flight, B. T. Adkins meets Russell Cartwright and in the Second Flight, B. M. Dickey meets D. H. Cobb. Carl Brown goes against H. H. Heiskell for the championship in the Fourth Flight.

One of the most successful All-City golf tournaments ever staged in Pampa advances into its final stages this afternoon at the local Country Club when the championship matches in all but one flight are scheduled to be held.

The tournament, under the direction of Johnny Austin, local professional golfer, has been held throughout the past several weeks and the contestants have advanced through the various brackets until only two participants in each flight will meet this afternoon.

Beginning the tourney, 70 golfers signed the list of entries, and throughout the weeks of play the match has been, what could be deemed a "run-a-way" with most of the scores being very close.

Upsets and surprises have dominated the tournament with one of the most surprising surprises occurring when Malcolm Douglas, local high school golfer, defeated Dave Luwiliin, 2 and 1, in the first round of the championship flight. Another surprise took place when Grover Heiskell jumped to a two down and one to go lead over Jim Smith, but the stubborn Smith refused to say "die" and came from far behind to catch the fleeing Heiskell and defeat him on the 19th hole. One of the closest matches of the complete tournament was the Dick Oden-Carl Brown match in the second flight. Brown finally defeated the Pampa High School Senior, 2 up.

It is hoped that the final round will be completed by tomorrow night at 7 and all winners in each of the flights will receive equal prizes and awards.

In the championship flight yesterday afternoon, Grover Austin Jr., met A. F. McGinnis, previous city titlist, and the winner of this match will meet Ed Ethridge for the championship of the Championship Flight. Incidentally, Ethridge is another surprise of the tournament. According to a preliminary statistics, already decided finalist was not supposed to reach the finals, but decisive victories over several experts have established him as a top rank golfer.

For the championship in the First Flight, B. T. Adkins will meet the winner of the Jimmy Smith-Russell Cartwright match which took place yesterday afternoon.

In the Second Flight, the winner of the Curtis Douglas-D. H. Cobb match meets B. M. Dickey who will meet the winner of the Jimmy Smith-Russell Cartwright match which took place yesterday afternoon.

The Fourth Flight titlist has already been determined as John Howell. Howell defeated Jack Nimmo, 1-up, and Gene Butler took the consolation bracket of the this flight.

TL Pitcher Hurls No-Hit Ball Game

By the Associated Press
Vic Johnson pitched his way into the Texas League record book Friday night, coming up with a no-run, no-hit victory over Fort Worth's temporarily tamed Cats.

The Oklahoma City lefthander faced only 23 men as the Indians blanked the league-leaders 4-0. Fort Worth's set back was monetary, the Cats coming back to win the second half of the doubleheader, 9-2.

Shreveport's second division Sports got right fancy in pasting San Antonio twice, 6-4, 7-4, and the Tulsa Oilers hit a ninth-inning gusher for a 5-4 win over Dallas. In the other game Friday night, Pete Mazar blanked Beaumont as Houston won, 1-0.

Amarillo Dominates TSRA
AUSTIN (AP)—George R. Whittington of Amarillo dominated early stages in the Texas State Shoot here Saturday by winning both the 50-yard and 100-yard Metallic Sight Matches.

V. A. Moore of Dallas and E. G. Pope of Lubbock were other first place winners after the first four matches of the two-day program had been fired at Camp Mabry Range. R. C. Pope of Dallas, defending grand champion, won two second places.

Johnny Austin, local professional golfer at the Pampa Country Club, has announced that the Green Bell Golf Tournament is scheduled to be held in Altus, Okla., June 3, 4, 5 and 6. This tourney, says Austin, is one of the best in this section of the country. "It is one of the best and has one of the fastest fields," he says. Austin states that anyone who can go, get in touch with him within the next few days, if not sooner.

Sandies Defeat Westerners for District Crown

AMARILLO — The Amarillo Sandies now are Dallas bound with undisputed possession of the District 1-AA Baseball Crown under their belts.

They annexed the championship at Lubbock Friday night by coming in third week of play, including to edge the Westerners 4-3. Bill Tinkle's single to right pushed in Harold Orr and Bobby Farmer with the tying and winning runs in that frame.

The State High School Tournament begins Monday at Rebel Field in Dallas and the Sandies play an unnamed opponent at 7 o'clock Monday evening.

Friday's line score:
Amarillo 100 100 002 4 7 5
Lubbock 000 111 000 3 8 4
Bybee and Kenyon, Winberg; Davidson and Wylie.

Skelly Leads Pack In Softball League

Industrial League Softball goes into third week of play this week with the Skelly team leading the pack of pennant competitors with a record of six wins and no losses.

Trailing Skelly in the League standings, is Phillips with a record of five wins and one loss, and a 5-2 record puts Magnolia in third position.

The bad weather has prohibited the erection of light poles at Lions Club Park, but just as soon as the weather permits, the lights will be erected and night games will be played at Lions Park.

(Games thus far scheduled this week are:
Sunday afternoon at Lions Club Park: Master Cleaners vs. Humble, and Texas 21st vs. Skelly.
Monday, May 31: Jaycees vs. Skelly at Phillips.
Tuesday, June 1: Humble vs. Pampa News at Skelly.
Texas 21st at Phillips vs. Pampa News at Phillips vs. Skelly.
The standings are:
W L Pct
Skelly 6 0 .600
Phillips 5 1 .500
Magnolia 4 2 .400
Purr Food 3 3 .333
Hexas 2 4 .250
Cabot Ship 1 5 .167
Humble 0 6 .000
Pampa Bus 0 6 .000
Pampa News 0 6 .000

Oiler Hitting Leads League

Pampa baseball fans can be proud of this season's Oiler aggregation. Besides holding a three game edge in games won, the Oilers are also situated at the top of the West Texas-New Mexico League in team batting.

Second in club fielding, and possess the league's leading regular hitter, and the league's leading pitcher.

Although rated seventh in the league's percentages in batting R. C. Oley, diminutive Oiler second baseman, is in reality leading the league in regular batting. Of the six batsmen located ahead of Oley in the percentages none are regulars. At the time that the statistics had been compiled, Oley had an average of .452 and had batted 164 times, getting 69 hits and scoring 40 runs.

In club batting, on Tuesday, May 25, the Oilers had a team average of .335. They had participated in 31 games, team members had been at bat 1,211 times, and had batted out 164 times. Ninety-two of these hits have been doubles as the Oilers pace the league in that department and 21 of the safeties have gone for triples, placing the Oilers six behind Berger and second in the league. The Oilers have rounded the bases on homers less than any team in the league.

Only 20 homers have come off Oiler bats while the Gassers from Berger have bettered the Oiler mark by 30 to lead the league. The Oilers have participated in fewer games than any other WT-NM team and have drawn the smallest number of walks.

With an average of .946, the Oilers find themselves lacking one percentage point to rate a tie with first place Berger in the team fielding. The local Seiltmen have had 816 put outs, 745 assists, 72 errors which incidentally is the smallest amount in the league, and have pulled 32 double plays.

The Oiler total of assists lack four being as many as Berger who leads the league with 449. With Lefty Avon Driggers pacing the pitchers with an average of 1,000 eight wins and no losses, Righthanded George Payte rates eighth in the annals of hurling aces with a record of four wins and one loss and an average of .800. Foster White, another righthander, rates ninth and twenty-fifth position.

Gordien Sets Record
MADISON, Wis. (AP)—Fortune Gordien of Minnesota bettered the American discus record by more than four feet with a toss of 178 feet, 11 3/4 inches in the Big Nine Outdoor Track and Field Meet finals Saturday.

The accepted American NCAA discus mark is 174 feet, 8 3/4 inches by Archie Harris of Indiana in 1941.

Worley Is Asked for Help in Repairing McClellan Spillway

Congressman Gene Worley, representative from the 18th District, was asked Friday for help in securing a federal appropriation for the repair of the spillway at Lake McClellan dam.

The spillway has become undermined by shifting sand, and the heavy flood now would wash it out completely," Bert Howell, concessionaire, said.

Worley was asked to add the necessary repair funds to an appropriation request now being considered for Dalhart Lake and Wolfe Creek Lake at Perryton.

Minor repairs now, Howell pointed out, would, at very little expenditure, insure a permanent lake, whereas neglect now would ruin it. The dam at Lake McClellan built in 1910 as a Soil Conservation Service project.

In addition to its use in soil and water conservation, the lake and the grounds around it serve as the fishing and picnic grounds for a wide area.

In the six and a half years that Howell has managed the lake, he has issued 285,000 fishing permits. More than 25,000 persons use the lake for fishing every year, and during the summer months, between five and ten thousand picnickers are found there every weekend.

The telegram to Worley was signed by representatives of the City of Pampa, the County Commissioner's Court, the Board of City Development, Chamber of Commerce, Texas Wildlife Federation, Junior Chamber of Commerce, Pampa Sportsmen's Club and Lions, Rotary, and Kiwanis Clubs.

HERE COMES HOGAN BUT—

Heafner Still Leading in Colonial Golf Tournament

FORT WORTH (AP)—Huge Clayton Heafner clung to his lead in the Colonial National Invitation Golf Tournament with a two-over-par 68 Saturday but the sensation of the third round was Ben Hogan's mighty 65 that shot the little fellow to within three strokes of the top.

Hogan, the Hershey, Pa., miler, tied his competitive course record, set in 1946 over Colonial Country Club's rolling 6,835 yards and swept from a tie for seventh to second place with a 54-hole total of 208.

A gallery of 5,000 watched the battle between the big and the little of golf—in physiques, that is.

The lumbering Heafner, baldish blond from Charlotte, N. C., finished the third round early, posting a 33-35-68 for a total of 208. It looked safe enough.

It was safe, although not enough to keep Heafner from getting that uncomfortable feeling when the game's little giant came a-rolling in with what many observers called the greatest round ever shot in this city.

Wee Ben had only two greens on which his putt for par or birdie was longer than six inches, —saw him sinking 3 1-2-footers. He had just 31 putts for the day and the only time he missed a green was on no. 6, where he was a foot off the carpet.

Stewart (Skip) Alexander, big blaster from Lexington, N. C., edged into third place with a fine 69 today that gave him a total of 208 while Lloyd Mangrum of Chicago and Bobby Locke of Johannesburg, South Africa, who were tied for second at the end of yesterday's round, faltered badly. Mangrum had a two-over-par 73 that dropped him into a tie for fourth with Herman Keiser of Akron, O., who shot a 68. Locke finished with a 73 that plummeted him into a tie for sixth with Jimmy Demaret of Ojai, Calif., at 211.

Demaret posted 70.

Phils' Relief Hurling Turns Trick as A's Whip Yanks 6-5

PHILADELPHIA (AP)—Sam Chapman scored the first run in Buddy Rosar's single in the eighth inning to enable the Philadelphia Athletics to nip the New York Yankees 6-5. It was the second straight win for the A's over the Yankees.

Just as Friday night when the A's got some fine relief pitching from Nelson Potter, a relief hurler, Bill Dietrich, stopped the Yankees with some splendid spot pitching to receive credit for the win. Dietrich replaced Dick Fowler in the sixth and held the Yankees scoreless the rest of the way.

Joe Page, who replaced Starter Alie Reynolds for the Yankees in the sixth, was charged with the defeat, his second compared with one victory.

A base on balls handed to Chap-

man in the eighth inning materialized into the winning run. The speedy Chapman raced all the way around on Rosar's single to break a 5-5 deadlock.

The Yankees outhit the A's 14 to seven, but left 43 runners stranded on base.

New York 002 102 000-5
Philadelphia 030 020 01X-6

WASHINGTON (AP)—Washington shoved the Boston Red Sox deeper into seventh place here today by sweeping a doubleheader. The Senators rallied for three runs in the ninth inning to defeat Jack Kramer, 5-4, then straggled to a 7-4 victory in the second game.

Mickey Vernon tripled with the bases loaded in the third inning of the nightcap to put the Sen-

ators comfortably ahead but Boston scored five runs in the ninth inning off Forest Thompson and Walter Masterson.

First Game
Boston 201 000 100-4
Washington 000 110 003-6

Second Game
Boston 001 000 005-6
Washington 004 102 00X-7

ST. LOUIS (AP)—Using three pitchers to hold the Tigers to three hits, the St. Louis Browns took a 6 to 1 decision over the Detroit team and captured fourth place in the American League race from the Tigers Saturday.

Detroit 001 000 000-1
St. Louis 200 220 00X-6

CHICAGO (AP)—Bob Lemon pitched his seventh complete game here yesterday as he lifted the Chicago White Sox to four scattered singles to give Cleveland a 4-0 victory. Lemon now has pitched 23 consecutive scoreless innings in his last three outs, thus matching the White Sox' total in their past three games.

Cleveland 000 200 002-4
Chicago 000 000 000-0

PITTSBURGH (AP)—Playing his first full major league game, Bob Chesnes pitched the Pittsburgh Pirates to a handy 7-3 victory over the St. Louis Cardinals yesterday. He won with the help of nine hits and two Redbird errors. Red Schoendienst hit a two-run homer for the Cards.

Chesnes scattered five hits, showing improvement in his arm since the extraction of his seven abscessed teeth recently. He allowed only one hit in the first five innings — and by that time the Bucks had piled up a four-run lead.

The Pirates grabbed three runs in the first inning. Ralph Kiner's blooper to center scored Frankie Gustine, and when the ball rolled through Erv Dusak's legs, Johnny Hopp also scored. Danny Murtaugh singled to score Kiner.

Pittsburgh tallied again in the third. Red Schoendienst's first homer of the season also scored Del Rice for St. Louis in the sixth.

In the seventh, Kiner's single scored Gustine and Hopp, and Kiner came in on blows by Eddie Stevens and Murtaugh.

Stan Musial's triple scored Schoendienst in the eighth, but the Cards' day was over.

St. Louis 000 002 010-3
Pittsburgh 301 000 30X-7

CINCINNATI (AP)—Johnny Vander Meer and Ewell Blackwell teamed yesterday to give the Cincinnati Reds a 4-3 victory over the Chicago Cubs. Home runs by Danny Litwiler and Virgil Stallcup provided the third inning scores, and a double by Ray Lamanno set up the winning run.

Chicago 000 120 000-3
Cincinnati 030 000 10X-4

NEW YORK (AP)—Veteran Thornton Lee hurled a seven-hitter Saturday to lead the New York Giants to a 7-1 victory over the Philadelphia Phillies. Lee was backed by an 11-hit attack, including a three-run homer by Sid Gordon.

Philadelphia 100 000 000-1

Oley's .433 Leads Oiler Hitting For Fifth Consecutive Week

Amassing a total of 68 hits in fielder, for the lead in doubles, Oley, veteran Oiler second base and Jack Riley are second in the league.

Oley led the Oiler hitting attack on Thursday, headed only for the fifth consecutive week, by Third Baseman Tony Rizzo. This time with an average of .433, who has placed six over various parts of the league.

The diminutive stalwart is a ball park fence. Oley and Riley are having his third season with both a four circuit wallpops.

Grover Setz' Oiler and in the Lefty Avon Driggers continued to lead the league as well as the previous two seasons he had averaged .331 in 1946 and .333 in 1947.

Oley also leads his teammates in triples with six, and is tied on one blemish to follow Driggers with Joltin' Joe Fortin, right on the Oiler hitting staff.

	AB	R	H	2B	3B	HR	RBI	BA
Fortin	157	41	68	14	6	4	39	.433
Oley	159	39	68	11	2	4	37	.428

Hickson and Knutson Win in Third Series of Mat Bouts

Billy Hickson defeated Walter Stratton in 40 minutes of their scheduled hour match, and Dr. Gil Knutson won by default over Sammy Kohen Friday night in the third of a series of championship elimination wrestling tournaments held at Promoter Vic Burnett's Sportatorium.

Hickson and Knutson will meet next Friday in the last match of the series. Whoever wins that bout will meet Wayne Martin in a title match for the Southwestern Junior Heavyweight championship on June 11.

The title match, originally set for June 4, was extended a week to give Hickson the opportunity to enter the contest.

Kohen lost the first fall to Knutson, when he was disqualified for not breaking promptly, but an old eye injury had become opened during the tussle. Dr. Ballard, representing the Wrestling Commission, would not permit the match to continue, through fear of further injury to Kohen's eye.

The match was given to Knutson by default.

In the Hickson-Stratton bout, the personable, young 190-pounder from Knoxville, Tenn., took the first fall in 28 minutes with a full cradle.

Stratton took the second fall in 5 minutes with a painful double toe hold, and, in the third fall, tried the same tactics. Hickson broke away from it, however, and pinned the ex-weight-lifter with another full cradle in 7 minutes.

The whole match was marked by one of the best exhibitions of good sportsmanship seen at the local arena in many weeks. Both wrestlers broke clean when asked by Referee Jack Wentworth, there was a minimum of rough stuff, and both men shook hands before leaving the ring.

Kohen's left eyebrow had been split in an earlier bout about a week ago. He had four stitches in the wound when he fought and defeated Cowboy Ace Abbott here last week, but it was not injured then.

The stitches had been removed and the cut had begun to heal when Knutson applied punishing headlock in the opening minutes of the bout and re-opened the wound.

Dr. Ballard feared that the wound, which had broken open on the inside, rather than at the surface, might become infected.

Political Refugee Returns
LONDON (AP)—Responsible sources said Thursday Britain has returned Col. J. D. Tassojev to the Russians at his own request. Tassojev left his post as chief of the Soviet Reparation Mission in Bremen, Germany, earlier this month and sought political refuge in England.

ETERNAL BULL
NEW YORK — Eclipsed, perhaps, except in breeding circles, by the doings of sons and daughters of Bull Lea, is that another young son of Bull God, Eternal Bull, is leading the list of sire of two-year-old winners at the present time.

Pictured above are the two grapplers who will meet in the final round of the elimination wrestling tournament next Friday night at Promoter Vic Burnett's Sportatorium. They are, reading from left to right, Billy Hickson of Knoxville, Tenn., and Dr. Gil Knutson, a registered chiropractor from Plainview, Texas.

Stranahan Defeats Stowe to Win British Championship

SANDWICH, England (AP)—Frank Stranahan, the millionaire's son from Toledo, Ohio, waded to the British Amateur Golf Championship yesterday with 52 holes of machine-like play on a day fit only for fish.

Defying a wind-borne rain that stung one's face like birdshot, the 25-year-old muscle boy trounced Charles Stowe, \$28 a week mechanic, 5 and 4.

The two rivals sloshed through the 18-hole morning round in 79 strokes each and went to lunch all even. While they were off the course the downpour slackened for the only time during the day.

When they returned thunder and lightning were added to the hazards but Stranahan, making his third postwar try for the crown, won five of the first six holes and never was headed.

It was an amazing recovery shot that gave the golfing Adonis the fifth triumph in this string. Driving off the tee on the 145-yard 24th hole, his ball buried itself in the sodden sand of a trap. Stowe drove to the edge of the green.

Stranahan blasted out and Stowe followed by missing his putt. The American dried his hands carefully, and then tapped his ball home. Stowe, only 20-odd inches away, putted almost carelessly—and missed again.

When Stowe did pull his game together and took both the 25th and 26th holes, Stranahan unscorched an amazing 300 yard drive on a no. 7 iron shot that left his ball only 6 inches from the pin.

The triumph made Stranahan the ninth American to take the two-foot silver trophy to the over side of the Atlantic. He succeeded Willie Tennesse of White Plains, N. Y., eliminated Friday by Stowe, as the British Amateur King.

Not only did the Ohioan win the title but he also won back some of the gallery which, at the start of the match, remembered his temperamental outbursts in two previous visits. His shots today won their applause.

Estes Hesitates About Counting Citation's Million
LEXINGTON, Ky. —(NEA)—In citing Citation the heir apparent to Stymie's money-winning crown, editor Joe A. Estes of the thoroughbred publication, The Blood-Horse, recalls: "On the way home from the Kentucky Derby in 1931, I stopped at Shelbyville, Ky., for a cup of coffee, and added up the prospective earnings of Twenty Grand, one of the great horses of the century. A week later he was beaten in The Fraakes Stakes by Mate. So we won't count Citation's million until it is hatched."

LAND FOR SALE
AUSTIN (AP)—Some 20,000 booklets describing 225,000 acres of public school land to be sold to the highest bidder July 6 have been mailed by the General Land Office. The land is located in 69 counties and tracts range from 40 to 640 acres.

'The Voice of the Turtle'
 Sparkles With Laughs

Ronald Reagan brings home the groceries in this scene with Eleanor Parker from "The Voice of the Turtle." A Warner Bros. picture

Ronald Reagan, Eleanor Parker
 Star in Famed Broadway Comedy

Warner Bros. have taken another Broadway smash in John Druken's record-making stage hit, "The Voice of the Turtle," and transferred it to the screen with marked distinction. The film version, slightly expanded from a three-character comedy into an eleven-role gem, offers charming fare which registers as one of the brightest comedies to be seen hereabouts this year.
 Utilizing the talents of Ronald Reagan and Eleanor Parker in the leads, with crisp support from Eve Arden and Wayne Morris, the offering radiates that brand of romance and chuckles which is captivating.
 Like the Broadway play, the screen version confines itself to Sally's three-room walk-up apartment for the most part. Here Sally and Bill find each other

over the week-end and their casual introduction blossoms into love. For the expanded treatment, Irving Rapper takes one next door to a French restaurant and downtown to a legitimate theater and nightclub. Otherwise the film adheres faithfully to van Druken's original script.
 Miss Parker continues to present her engaging personality, and Reagan is completely at ease in the role of Bill. Miss Arden has a tailor-made assignment in the bustling Olive which she polishes off with a flip. Max Steiner's smooth musical scoring, especially when "The Londonderry Air" ushers in the more tender moments, is a delight. Charles Hoffman is responsible for the added dialogue in the picture. "The Voice of the Turtle" measures up as a very neat package of romantic comedy. adv.

EUROPE FEARS

(Continued from Page 1)
 more freely than any top official had previously done in public, that the people of Europe are still fearful that the United States will not stand by its announced policies if a showdown comes.
 This condition handicaps the realization of American policy in Europe. This policy is aimed at promoting the organization of a powerful Western European union, economically and militarily able to restore the balance of power between Russia and Western Europe. The policy is being worked out on the self-help principle—the United States promising to give the Europeans whatever assistance they require beyond their combined abilities in order to get back on their feet.
 But what worries the French, Belgians, Dutch and some other Western Europeans is this: If these self-help measures alarm the Russians and the Russians march against Western Europe, will the United States save them?

MARTIN DIES

(Continued from Page 1)
 be ready to retire on your tax money."
 He continued, "My friends, if you want to know who the nation's No. 1 authority on communism is, read the Communist publications. In the last ten years they have written more pamphlets attacking Martin Dies than they have published against any living American. They know that Martin Dies knows who they are, what they are doing, and what they plan to do."

O'DANIEL

(Continued from Page 1)
 and file" of Americans demonstrated they wanted him to run on a ticket with MacArthur and it was agreeable to the general "I will give the matter serious consideration."
 The Texas senator announced May 29 he would not seek reelection to the Senate. But he emphasized that his decision should not be construed as meaning that he was eliminating himself from politics or "from seeking public office at some future time."

WALLACE

(Continued from Page 1)
 president, he was the Senate's presiding officer.
 Wallace said the Mundt-Nixon Bill was "a declaration of war on the rights of free speech and free assembly." And he said he was fighting it as a believer in "old-fashioned Americanism."
 All but one of yesterday's witnesses were against the Mundt-Nixon Bill, which among other things would require Communist and Communist-front organizations to register and would provide fines and jail sentences for persons engaged in foreign-directed conspiracies.
 The one witness favoring the bill was John R. O'Brien of Passaic, N. J., appearing for the Marine Corps League, Inc. He said there is danger of mob violence from both Communist and Fascist elements in this country.
 Thomas told the senators they might better concern themselves with housing and the national wellbeing generally than with the curb-communism bill.
 He took a dig at Harold E. Stassen, Republican presidential contender, saying Stassen's speeches indicated he wasn't very clear on the differences between socialism and communism.
 As for the American Communist Party, Thomas said flatly that it's run from Moscow. He added that it took him many years to learn the Communists' true nature.

GOVERNORSHIP

(Continued from Page 1)
 paper offices when opponent Caso March at Galveston termed the Governor's platform as "the most pussyfooting and pork-barreled platform any candidate had ever used to seek election."
 Other announced candidates in the governor's race are W. J. Minion, Sherman; Holmes A. Mays, Houston; Virgil E. Arnold, Houston; and Charles B. Hutchinson, Dallas.
 Jester's announcement emphasized additional aid for education, his civil rights proposals, increased appropriations for main and country roads.
 The civil rights proposals included abolition of the poll tax and an antilynching law.
 Evans said many petitions and letters encouraging him to run were received but that the "deciding factor" was the recent convention and conversations with party leaders during and after the convention.
 "The fact that the Governor appeared before the convention but a few minutes, and then only after the work—if that is the word—was all done, was a tacit admission on his part that he realizes that he has surrendered any leadership he may have ever had, except to corporate interests," Evans said.
 The candidate was born on a Milan County farm where he lived for 20 years. He taught in Falls County after getting his teaching certificate from East Texas Normal College. He served two years, one of them in Europe, during the first world war, later he went from railroad work to the electrical contracting business in San Antonio and Cisco, to farm rehabilitation work in Grayson County, to the Legislature. He has been in the Legislature continuously since 1940.

RODEO

(Continued from Page 1)
 ing ability. Some of the boys had less than six months' training, but all showed superior ability and control.
 The saddle bronc contest followed, and then three boys from the ranch at Old Tascosa, Albert Robinson, Ralph Wilks, and Bobby Don Grubbs, jumped their horses over highjump barriers. These boys and two others then demonstrated their trick riding ability. Using regulation stock saddles, they did handstands, stood up while riding, and swung from side to side.
 Part of the first go-round of the bull dogging contest was next on the program, followed by Boys Ranch youngsters riding Brahma bulls.
 The calf roping contest was the last feature. The first go-round of this contest was completed yesterday afternoon.
 Since there are three perfor-

ances, the two go-rounds of the six events of building, bronco-riding, bulldogging, caltroping, doublemugging, and the girls' sponsor contest had to be divided, and only the first round of the calf roping contest was finished yesterday.
 Aubrey Walters, of Folsom, N. M., and Pup Wells, of Borger, were the two judges chosen by the contestants themselves.
 Siler Hopkins acted as arena director, and two timekeepers for the afternoon performance were Rufe Jordan and O. W. Hampton. The public address system used at the rodeo grounds was loaned by the U. S. Army Recruiting Service.

Three Gandhi Slayers Sought
 NEW DELHI (AP)—A police charge sheet disclosed Friday that at least three persons still are being sought in connection with Mohandas K. Gandhi's assassination Jan. 30. Nine others were formally accused of the murder in special court Thursday and face trial June 14.

Palaver de Pampa

GOOD MORNING: The time has come, at long last, when the sun shall again (we hope, now) reign over our land. For most of us, straining for its warming, tanning touch after a long, unprofitable winter and a futile late spring, this means a speedy flight to the outdoors . . . and a frantic effort to catch up on lost sunbathing . . . But most of us make mistakes . . . and overexposure to the sun is a grave mistake. There is no quick, easy road to a deep, lasting, healthy tan. The fast way is the painful, dangerous way . . . Aside from the pain of sunburn, there are more sinister implications. Permanent destructive effects to skin texture such as wrinkling, thickening, drying and irregular pigmentation. Watch it! A serious burn often leaves the skin in a freckled, blotched condition that will fall to tan for many a succeeding summer, and even can trip the trigger mechanism which is responsible for skin cancer! Here it is June (almost)—and precautions must be taken.

SPEAKING OF JUNE:
It is the month of June,
The month of leaves and roses;
When pleasant sights salute the eyes
And pleasant scents the noses.
—N. P. Willis

ATTENTION—JUNE BRIDES: After all of your satin and ribbon have been put away and you get into the thrill of your first home, there will be days when small thoughts like this creep into the back of your mind: I have nothing to wear, my husband doesn't love me, I'm getting too fat, there is going to be a depression, the house will never be clean again, no one will ever whistle at me anymore—and when these arise, I've found a little rhyme that helps while sitting in the middle of pots and pans:
Let us then be up and doing,
With a heart for any fate—
Still achieving, still pursuing,
Learn to labor and to wait . . .
Sounds ridiculous—but I've learned it by heart over a sink full of dishes . . . But for more material help and less philosophical cheer, "The Bride's Reference Book" which is packed full of helpful hints to those ready for toting across the threshold.

KNICK-KNACKS: You know, there ought to be some way to convince flies that people actually carry germs . . . this is the season when men fish and lie about what they caught . . . a recent ad said don't spend all you make. However, we still get things mixed up and don't make it all we spend . . . when a man says his wife can't take a joke maybe he forges himself.

PAMPA PANORAMA: Henry Snell, brother of Mrs. J. G. Campbell, the former Kathryn Snell of Pampa who was Queen for a Day and got all the vacation trips and things . . . Henry works for Tex Evans . . . a huge crowd at the spring formal of BGR's . . . everyone seemed to be having a good time including Dell and Charlie Lamka . . . hats off to Buck Burdette! "The Flame," official Cabot publication, dedicated a whole page to him, who made good the hard way, from "rouster to president." . . . 1430 N. Russell, a happy home. . . vivacious Mel Wilson, watching for the Boys Ranch bus to take charge of two little fellows while they stay here during the rodeo. . . and I'll bet there were two happy faces when they saw her, too. . . fiendish delight on the face of John Pittas as he woke up several Pampa Shriners at 6 in the morning to remind them of the dance in Borger . . . crowds to see the Freedom Train at Amarillo . . . but it was worth the struggle . . . the John Nuttings off to Arkansas . . . Beulah Merchant—more attractive every day . . . storking, the Donald Nennels . . . concern over the shooting of a suddenly talking ill . . . the talented Bob Andis family, all decked and diked out from the smallest to the largest member: for the Roping Club rodeo—little Bobbie was the youngest rider in the rodeo last fall . . . fans going out this afternoon and hoping to see striking Alice (Cockrell) Gray do some riding in the girls sponsor contest . . . out for a walk, the "Uncle" John and "Aunt" Kate Beverly, a couple of lovable old-timers . . . Lucky Ray Samson off to Detroit.

PERILS—AGAIN: Had good, good intentions of taking care of my sister-in-law's two prize terriers (Electric Blue and Pink Mist) for three days; and, in exchange, she would keep my two "cherubs" when I off to the mountains. I chuckled inwardly, for this (said I) was a bargain! You see, my little Indians are the best in the world, but they have a way of always having dirty hands, dirty noses, being incessantly hungry and making frequent trips to the room at the end of the hall. But dogs—well, they're just dogs—you feed 'em, give 'em a drink, let 'em out and forget about 'em. (Little did I know what I was to learn.) So, dogs arriving, they entered the door like trapeze artists. They catapulted over chairs and tables before they decided to a stop in the hall—only to return and repeat the antic. You might have thought there was a rabbit under my chair, a bone under every rug. By night they'd taken charge of the place. I submitted (for I was tired and wanted peace and quiet) when they insisted on bedding down in the two best chairs. Periodically through the night, they bounded to the floor and gave out with weird mummings which kept me in a sweat of terror for fear there was a burglar at this window. Next morning the kids in the throes of a spasmodic delirium, playing leapfrog in impossible places. When I started into the bathroom, Electric Blue was standing guard at the door and each time I made an effort to edge past, he gave an ominous bark. I tried being firm with him . . . no luck . . . I coaxed and promised delicate morsels (but he doesn't understand the language I speak)—still no go. Then I found that if I'd barked back, I could pass without incident. This I did, but soon discovered that I must retaliate with a bark for each of his. This was most unsatisfactory: have you ever tried brushing your teeth while barking at a temperamental dog? Well . . . (this story doesn't have a good ending; so, if you've been reading sweet ending stories, quit right here)—I called my sister-in-law that night and told her to come get her blue ribbon darlings . . . that henceforward, when going to the mountains, I'd pack my blue ribbon Indians right along with me—dirty hands, dirty faces, appetites, a drink of water and all the consequences.

That's all.
PEG O' PAMPA.

Princess Elizabeth Spurns New Look

LONDON—Princess Elizabeth has flatly turned down the "new look," her friends disclosed. And that royal "No," a many British fashion designers admit, has lost them at least half the business they might expect.

Style experts, it was reported, tried hard to win over the princess but every time hit the snag of her conservative tastes. Particularly distasteful to her is the long skirt. The hemline, they said, is not less than 14 inches from the ground. Flouncy bits and pieces hung onto a costume in some of the current modes are not to her liking. Nor is any other fancy feature which might suggest she approved a drift to an extreme.

Prince Philip had his say on the subject, too. In his opinion, responsibly quoted, the "new look" is "pretty much a crude look. What he thinks about women's clothes certainly counts with his wife.

"We aren't making much headway with the 'new look,'" one designer said. "If only the princess openly approved it would be a different story. If she made but one appearance in a 'new look' dress the entire fashion situation would change in a flash. But no body expects that will happen."

REAL PLUM PICKER
"Linda Jack Horner" was a real boy. At the onset of a campaign against monasteries, the Abbot of Glanborough Abbey sent to Henry VIII the title deeds of neighboring manors. On the way, Horner, the messenger, "stuck in his thumb and pulled out a plum" in the shape of a title deed to the Manor of Mells, which he kept.

PRUNE MARMALADE
Make a Prune Marmalade Whip for dessert by mixing together 3-4 cup cooked prune pulp with 2 tablespoons of orange marmalade and 1 tablespoon of lemon juice; beat 1-2 teaspoon salt and 1 tablespoon sugar into a stiffly-beaten egg white and fold into prune mixture. Chill and serve.

Curving the stems of calla lilies makes for a more graceful arrangement. Say flower experts who styled the one left above. Gently rubbing stem with one's hand produces the arch. Silver wiring anniversary decoration, right, is made of birch twigs hung with silver bells and gardenias wired in place. The base, which is set in a silver paper covered bowl, is banked with flowers.

Miss Erdman to Have New Book Published in Fall

NEW YORK—(NEA)—Mix a few out-of-the-ordinary tricks in your garden-plucked flowers, and turn a commonplace arrangement into an impressive display.

Here are the tricks. They come courtesy of experts of The Florist Telegraph Delivery Association, who demonstrated what they could do at the International Flower Show. Expert-stylist Irma Smith explains how easy it is for you to graduate from amateur to professional with a few simple tricks.

Take, first, those stiff-spined flowers—gladioli and calla lilies—which usually resist a woman's best efforts to "arrange." These, says Miss Smith, needn't stand as straight as pokers in tall vases. They can be put in low bowls; they can be firmly anchored to pinty-pot flower holders.

To arch stems and make flowers sway out gracefully from a low bowl, rub the stalk gently. Allow the warmth and pull of your hand to soften up the joint stem where you want it to bend. To keep

Miss Louisa Grace Erdman, author of "Years of the Locust," has written a new novel and reports are that the book will be published by Dodd-Mead in New York some time next fall.

Miss Erdman, who has been on leave of absence from her teaching duties at West Texas State College, has been heard at various meetings of writers.

The setting for the new novel is like that of "Years of the Locust," in rural Missouri. Miss Erdman says the book concerns young people but that it is a more mature book than her first novel.

SHS Student Wed To Billie Groves

SHAMROCK—(Special)—Announcement has been made of the marriage of Miss Oreta Mayberry and Pfc. Billie G. Groves, Wednesday, May 19. The nuptial vows were exchanged in Wellington.

The bride, daughter of Mr. and Mrs. W. T. Mayberry, who reside on the Lacy H. ranch southeast of Shamrock, was a student in the Shamrock High School at the time of her marriage.

Groves is now stationed at Camp Stoneman, Calif.

The young couple left for a wedding trip to points in California, including Los Angeles, 311 Columbia Park, Pittsburgh, Calif.

CANNOT TELL A LIE
OMAHA, Neb.—(AP)—A lie detector which wasn't even used was credited with helping solve a burglary case. Deputy Sheriff Lou Adler and Highway Patrol Sergeant Jack Knudsen took the detector along when they went to the county jail to question a suspect. The man took one look at the detector and started talking.

OVER-RIPE THOUGH GREEN
If left on the tree after once becoming ripe, or orange-colored, the Valencia orange often turns back to its original green color; thus, some green oranges are over-ripe.

STRAW HATS
Large picture-hat size straws were originally created in Korea to double as a parasol and umbrella.

KEEPING ONE'S HOLD ON GOD
BY WILLIAM E. GILROY, D.D.
"I have lost my hold on God," said a woman recently speaking out of a deep sense of frustration and sadness.

She was the victim of an incurable disease, not fatal, but subject to control and very strict regimen. In addition she was denied the outlet and means of relief that mean much to many sufferers. Her eyes were bad, and she could not read to any extent. She was shut out from the world of recreation, adventure, and beauty through which most all persons find relaxation and escape.

Everything combined to induce a condition of physical and nervous breakdown, in which her religion and faith in God, that should have been her stay and support, had become blacked out. And the consciousness of this seemed to be troubling her more than her physical disabilities. For she had, lost the power and will to conquer with the loss of her sense of God.

Manifestly, her case called for something more than the skill of medical doctors. But what could I, as a professional physician of souls, say to help her restore her belief in God, which she needed, if she was to go on living with any joy of life?

Certainly I could not speak to her in pleasant and honeyed words, out of my own comparatively good health and untried faith. One who would help his fellowmen in need and distress must ever bear in

Miss Palmer Is Honored at Tea And Shower

SHAMROCK—(Special)—To honor Miss Helen Palmer, popular bride-elect of Robert Laycock, whose wedding is to be solemnized at the First Methodist Church June 3, a lovely tea and shower was given at the home of Mrs. E. F. Holmes Saturday afternoon.

Co-hostesses were Mrs. Bedford Harrison, Mrs. Jack Montgomery, Mrs. Hubert Tindall, and Mrs. Harry Mundy.

In the receiving line were Mrs. Holmes, Miss Palmer and her mother, Mrs. Charles Palmer, and the mother of the bridegroom-to-be, Mrs. W. M. Laycock.

Decorations of unusual beauty were arranged placing emphasis on a blue and white color motif. Roses and peonies were featured in the living room.

In the dining room the table was laid with an elaborate cloth of Italian cut-work, with a central arrangement of blue carnations and fern in a low crystal bowl flanked by lighted tapers. Appointments were of crystal.

Mrs. Patrick Boddy, sister of the bride, presided. She was assisted with the serving by Miss Cecil Solomon and Mrs. Dorothy Reynolds, also a sister of the bride. Miss Betty Sue Hill registered the guests.

During the receiving hours Miss Mary Jean Durham played piano selections and accompanied Mrs. Lyle Holmes as she sang for the occasion.

About seventy guests called between the hours of three and six o'clock.

Former Pampan Has Two Unusual Hobbies

Mrs. Thelma Reeder, a former Pampan, is working on two hobbies which are proving not only interesting but to some extent profitable.

Mrs. Reeder is, by profession, a church secretary and she is now serving as secretary of the First Methodist Church in Wichita Falls.

In her free time she devotes a good many hours to her hobbies of song writing and fishing. She took up these avocations for relaxation, but now she has had one song, "On Guard My Heart," published. She holds copyrights for seven and she now has "15 or 20 in various stages of completion," she says.

Mrs. Reeder is both a pianist and vocalist, and she has many published poems to her credit.

As to her fishing, she has been quoted as saying that she hoped she would have "fisherman's luck in marketing her songs. She says she never catches the most fish but she does catch the biggest."

Mrs. Reeder has recently bought a home at 3411 York in Wichita Falls and it is said that as soon as she becomes settled she hopes to start a new hobby, that of raising fine iris and chrysanthemums.

Mrs. Reeder, who is the widow of the late Roy W. Reeder, was at one time organist of the First Methodist Church in Pampa and she had a class of music pupils here.

Mrs. Glenn Cannon To Head Auxiliary

The Women's Auxiliary of St. Matthews Episcopal Mission has elected the following officers for next year: president, Mrs. D. C. Cannon; vice president, Mrs. D. C. Cannon; secretary, Mrs. J. J. Nichols; corresponding secretary, Mrs. Louis Johnson; and treasurer, Mrs. D. E. Baumgardner.

The auxiliary held two meetings in May. The first was on May 12 in the home of Mrs. Edgar Henshaw, for which meeting Mrs. Johnson was hostess. Mrs. Forrest Taylor led the devotional and Mrs. Baumgardner spoke on the subject of "Whitsunday."

The organization held its second meeting last Wednesday at the home of Miss Ruth Huff. Mrs. E. E. Ethridge led the devotional with a commentary on "The Lord's Prayer" and Mrs. Nichols spoke on the subject, "Committed Unto Us."

Pampa Book Club Elects Officers

The Pampa Book Club met Monday evening in the home of Mrs. F. M. Culbertson.

Mrs. Quentin Williams led a discussion of books on the shelf and of books to order.

New officers elected for next year are: Mrs. O. L. Statton, president; Mrs. Culbertson, vice president; and Mrs. Ken Palmer, secretary-treasurer.

Refreshments of iced punch and cookies were served to fifteen members.

Presbyterian Women Change Meeting Time

The Women's Auxiliary of the First Presbyterian Church will meet in circles next Wednesday morning. A nursery will be provided during the meeting hours.

Circle 1 will meet at the church at 9 o'clock to go to the home of Mrs. Brent Blankvist; Circle 2 will meet at 9:30 with Mrs. H. H. Hahn, 814 N. Somerville; and Circle 3 will meet at 9:30 with Mrs. John Adams, 1130 Christine.

Ester Club Meets With Mrs. Wylie

The Ester Club met Monday night in the home of Mrs. O. E. Wylie with the president, Opa Wylie in charge. After a brief business session, games were conducted by Mrs. Wylie, with Mrs. Elsie Cone winning the prize.

Refreshments of coffee, cookies, and ice cream were served to nine members.

Let It Rain for the Sake of Your Charm

By BETTY CLARKE
AP Newsfeatures Beauty Editor

Instead of frowning on the next rainy morning, try to think of a day indoors as a blessing from The Lord who probably arranges bad weather occasionally to slow down the mad pace of our civilization.

This pause that relaxes and ties us to our home can be put to many good uses. If you are bored with the mending chores and household routine, take a day of beauty to do different things to your hair and face. You can have fun doing it and perhaps you will learn new charm tricks.

Get the children off to school before you attempt your reconstruction program.

Most of us hesitate to change our hair style. We will find that it is set in "too long," "too short," "too straight" or "too wavy" to handle in a new coiffure. These are a lady's excuses.

There are few hair lengths which can't be rearranged in a number of styles other than the one which you are wearing at the moment. Only the extremely short styles preclude coiffure experimentation.

Now you may wonder, "how will I dream up new hair styles when my knowledge is so limited?" Well, first, why not create a style of your own? You can do this by keeping in mind certain basic rules which will guide you in planning a new hair style.

If your face is wide, you might work from a slanted side part which will cut down the width; if your forehead is high, bangs may be your answer. If you don't want to cut bangs before you can see how you look, comb some of your back hair forward toward your forehead, curl under and pin in place. This will give you a pretty fair idea of whether you can wear this hairdo or not. However, if you decide to cut your bangs before you decide on the length, cut them long, then shorter, until you have the proper length.

The girl with fairly long hair can do a number of wonderful coiffures in some of the new styles. There is the parted-in-the-middle, braids around the ears hairdo. Another for girls with straight hair is the side part which runs from the forehead to the nape of the neck, the hair on the full side is gathered together in one big sleek bun and placed wherever it looks best. The other side is set in one curl that is anchored to the side of the head with pins. There are any number of attractive hair styles which can be concocted. Certainly, one can be found that is unusual and just suits YOU.

If you are lacking in imagination, turn to your newspaper and fashion magazine advertisement and select a few interesting hair-styles worn by models. Adopt one or two that you think may look well on you and assemble your curls, brushes and water and start to work.

Your hair should be shampooed before their big beauty event. However, if you are ill with cold and your hair is oily and in need of washing, use a dry shampoo to clean it before you start your hair-care. However, don't use the dry powder shampoo.

Art Pupils Are Special Guests At Exhibit Tea

The art students of Mrs. R. C. Lackey were honored last Wednesday afternoon at a tea in the City Club Rooms.

Mrs. Dick Hughes and Mrs. K. I. Dunn were hostesses and mothers of the pupils were assisting hostesses.

The room was decorated with cut flowers and a color motif of yellow and white was used on the refreshments. The centerpiece was a large crystal bowl of yellow and white collage tulips from which a string of yellow and white daisies extended full length of the table.

Four yellow candies tied with white bows stood at each end of the table.

As each mother entered, Mrs. Earl Laley plied a corsage of yellow and white daisies on her.

Miss Ann Jordan played piano selections during the serving hours.

Entertainment for the afternoon was an exhibition of pictures, which had been painted in the art classes.

Mrs. Lackey's pupils served as guides pointing out to the guests the various types of work done. Pictures included studies in oils, pastels, and water colors. A new group of pictures consisted of those made by the dress designing class.

Exhibitors ranged in age from beginners to high school students. Pupils whose pictures were shown were Edwina Emerson, Janell Ewing, Joan Cantrell, Lee Ann Eley, Homer Scherer, Eddie Carlisle, Lillian Ewing, Bob Green, Bill Atkinson, Gene Prescott, Nelda Swain, Irma Jean Crall, Nickie Lewter, David Lullular, Marcia, Kay Monahan, Carol Rhea Miller, Marshall Nelson, Tony Oates, Carol Hughes, Mary Lou Green, and Lahoma June Prescott.

Miss Rippy Engaged To Seminary Student

Announcement of the approaching marriage of Miss Doris Rippy, daughter of Mr. and Mrs. D. G. Rippy, of Pampa, Okla., early residents of Wheeler, was received this week by relatives living here. Miss Rippy, a student in Southwestern Theological Seminary at Louisville, Ky., is to be married to a student in a stand-alone school. Both young people will return to Southwestern next year to complete their seminary work.

The Social Calendar

- SUNDAY**
10:00 All day meeting of Community Singers in Fifth Sunday Singing Convention at the City Club.
Stamps Baxter Quartet will sing. Everyone is invited to bring a dish for noon meal. Barbecue will be provided.

4:00 NAAL Auxiliary with Mrs. J. L. Mulanax, 408 E. Locust.
- Sixty percent of Canada's land area is covered with forest.

New brush, shown above in action, contains perfumed pad in the removable base, pictured in the close-up at right. Light and dark bristles bases are interchangeable so that one base can be washed while the other is in use.

A packet of Luce pads supplied with the brush allows a gal to switch from one perfume choice to another.

This brush which combines the elements of glamor and hygiene dries quickly when taken apart for washing. If the user desires, she can equip herself with an extra bristle base for use while one base is in the wash. The bristle base slips securely into a plastic handle available in a choice of pastel colors.

By ALICIA HART
NEA Staff Writer

A hair brush which comes apart and allows bristles to be washed daily without dunking the handle is a new invention which should win loud feminine approval.

A new brush with this practical appeal also features an extra added attraction for the glamor girl. There is a self-contained pad for perfume-saturation lodged in the bristle base which permits hair to be perfumed with each stroke.

John Hancock's signature on the Declaration of Independence was so large that his name has become synonymous with signatures ever since.

Legionnaires Turn Farmers and Win

CAMPBELL, Tex. — A farmer who needed help and an American Legion post which needed money got together here. The Legion needed money to buy oak flooring for its new quonset hut building.

Winter caught farmer Carol Lindgren with his corn still in the field. He needed harvest help and offered the Legion members a fifth of the crop to shuck it. Approximately 45 men with horses and wagons went to work on the field. The Legion Auxiliary served lunch. Value of the Legion's share of the harvested corn was estimated at \$1,000.

Samuel F. E. Morse made his first telegraph instrument from an old picture frame.

Design For Spring

Smartly styled green leatherette headboards and white bedspreads and draperies with an ivy design combine to give this attractive bedroom a cool, fresh atmosphere for Spring and Summer. In the Fall, bedspreads and draperies of warm, Fall colors may replace these for variety and headboards may be slipcovered to match. Walls are done in a combination of solid green and green and white stripe. Chair and floor covering are copper colored.

Floors of Oak Harmonize With All Home Furnishings

How Do You Rate On Friendliness?

Of the various elements that are fused to create room attractiveness one of the most essential is high quality flooring. Fundamental to the structural soundness of a house, it also is a basic part of the decorative plan. The more adaptable it is to periodic and seasonal changes in furnishings, the more flexible can be the homemaker's decorative plans.

That is a feature which merits serious consideration when the prospective home owner sets out to select flooring, according to specialists in interior decoration. They point out that since flooring is relatively permanent, compared with furnishings, the style-conscious homemaker prefers a type of flooring which adjusts readily to style changes. This explains, at least in part, the widespread use of oak and other hardwood flooring.

Whether you plan to cover your floors completely or partially, oak is ideal, the experts advise. For complete covering it provides a strong, smooth, firm base of lasting quality. When the covering becomes worn or outmoded, or if you simply tire of it, the oak floors can be exposed with their original gleaming beauty undimmed.

The trend in many well appointed homes, of course, is toward covering oak floors only by a few strategically placed rugs, allowing the inimitable natural beauty of the wood to complement the furnishings. The matchless patterns effected by grain and color variations in oak lend charm and atmosphere to any room, no matter how elaborately or how modestly appointed.

In its natural coloring, oak blends easily with any color plan or decorative treatment. It might well be termed "neutral" in that respect, although its beauty definitely is on the positive side. For those who prefer floors with more pronounced color commitments, numerous shades of stain and wood filler are available to give oak the exact tone desired.

1. Are you a good companion?
 - (a) Agreeable unless you are being taken advantage of?
 - (b) See the other fellow's side of it occasionally?
 - (c) Always want your own way?
 2. Do you like people?
 - (a) Genuinely?
 - (b) Just tolerate them?
 - (c) Would you rather be alone?
 3. Are you kind?
 - (a) Can you lend a helping hand without figuring an angle for yourself?
 - (b) When you think about it? (c) Usually ignore your neighbor's problems?
 4. Are you loyal?
 - (a) Often try to defend a maligned person?
 - (b) Lend a hand by listening eagerly to gossip?
 - (c) Not only retell gossip, but exaggerate it?
 5. Are you sincere?
 - (a) Is it easy for you to praise people—and mean it?
 - (b) Do you pay a compliment grudgingly?
 - (c) Say one thing and mean another?
 6. Are you considerate?
 - (a) Do you try to avert unpleasant incidents?
 - (b) Embarrass a member of your crowd by injecting sour criticism?
 - (c) Make the most of a squabble by taking sides and prolonging it?
 7. Are you thoughtful?
 - (a) At the slightest opportunity?
 - (b) On special occasions?
 - (c) Not often?
 8. Are you a good sport?
 - (a) Can you always lose gracefully?
 - (b) Most times?
 - (c) Bad loser?
 9. Are you generous?
 - (a) Do you give willingly to a worthy cause?
 - (b) Take care of yourself first?
 - (c) Give only for personal gain?
 10. Can you keep a secret?
 - (a) By forgetting it right after you hear it?
 - (b) Sharing it with "just one person"?
 - (c) Quickly forgetting it is a secret?
- Score yourself: Each A equals 10; B, 5; C, 2. 100-90—Very Good Friend; 75 to 90—Fairweather Friend; Under 75—Unfriendly.

An important point of economy associated with oak flooring, incidentally, is the fact that after many years of severe wear and even neglect it can be restored to its original splendor by re-sanding and refinishing. Under ordinary circumstances an oak floor reasonably can be expected to last the life of a house. There are numerous instances, in fact, in which oak floors have been salvaged from old homes and installed in new dwellings for another lifetime of service. Easy to keep glistening with a daily sweeping and an occasional waxing and polishing, oak flooring is available in four distinct types or styles — strip, plank, parquet and block. The strip type is by far the most widely used, one of the reasons being its exceptional versatility. Not only does it fulfill the requirements of adaptability to changes in furnishings, but it harmonizes with any style of architecture.

BETTER than a magician's scarf trick is one that you can wear as a new bra top for old play clothes. Model, left, shows how a square scarf can be draped over a strapless, wired-cup bra. Scarf was diagonally folded to tie in a back knot. In front, one scarf point was pulled down and the other was pulled up and tied together between bra cups. Tying gathered scarf fabric into flattering drapery. For better coverage, scarf was tucked in around wired outlines of bra. —ALICIA HART NEA Staff Writer.

Earliest known skates were made from the leg bones of animals, smoothed down on one side, with holes for fastening thongs.

Get in Condition

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everything food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour, acid indigestion and gas frequently cause a morbid, lumpy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis which counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Want to know how to have more fun on your vacation? Plan a month's pre-vacation beauty regimen designed to start you off feeling well-rested and looking your prettiest instead of tired and disheveled from hectic last-minute preparations.

You should plan, during this month, to get at least eight hours of sleep a night. Weigh yourself and size up your figure as it will appear in bathing suit or sports togs. The few extra pounds you may have gained during the winter can be whittled off in this month's time by keeping a slight restriction on diet.

Add morning set-ups to your routine if you intend to go in for tennis games or horseback rides. With this pre-conditioning, muscles will be less likely to stiffen up after strenuous sports.

Another point in your program should be hair care. If you plan to have a permanent, plan to have it at least three weeks before you leave. Hair will look softer and be easier to manage if you allow curls time to loosen up.

Concentrate your complexion care on efforts to counteract the drying effects of winter. Butter up with lubricating creams so that skin will be soft and smooth for sun-tanning. If you want to experiment with new pink-toned makeups, perfect a technique of subtle application before you take off for your vacation, not after you've arrived at your destination. First impressions of good grooming gained by new acquaintances are sometimes lasting ones.

WHEN SHE SAYS YES

Make her eyes sparkle and your friends admire with a diamond from McCarley's.

ENHANCED WITH THE NEW, SMART DUO-GOLD MOUNTINGS GLORIOUSLY COMBINED WITH WHITE GOLD AND NATURAL GOLD

Truly a lover's dream, these beautifully styled rings feature mountings of yellow gold, artistically combined with white gold... A combination cleverly designed to enhance the fiery brilliance of your McCarley diamond.

Other McCarley Diamond Rings From \$50 to \$5,000.

McCarley's

Divided Payments Can Be Arranged

How Do You KNOW You Are Getting GOOD House Paint?

Actually, you CAN'T know until the paint is on your house...and that's too late, especially if a low price-per-gallon has tempted you to use a paint of inferior quality that has to be burned or scraped off the surface before repainting.

THERE IS NO WAY OF MAKING GOOD PAINT AT LOW COST!

and in paint, more than any commodity you buy, it is certainly RESULTS THAT COUNT!

ASSURE YOURSELF OF DEPENDABLE PAINT PROTECTION BY USING THE PRODUCTS OF A REPUTABLE MANUFACTURER SUCH AS COOK'S...AND KNOW YOU'RE GETTING GOOD PAINT!

Consider these 4 important points...they determine the true economy of House Paints

- (1) COVERAGE: Good paint, like Cook's, covers more square feet per gallon than inferior paint. Here, the greater coverage of COOK'S PAINT is compared with "bargain" paint. Obviously, coverage varies greatly in different grades of paint.
- (2) HIDING: Good paint, like Cook's, hides better than inferior paint. Illustrated is the relative hiding power of COOK'S PAINT as compared with inferior paint. Two coats of good paint hide better than three coats of "bargain" paint.
- (3) DURABILITY: Good paint wears years longer than inferior paint. Illustrated are panels exposed for the same length of time. The COOK'S film still possesses a durability whiteness and protection and maintains an ideal surface for repainting.

YOU MIGHT NEED THESE EXTRAS IF YOU PLAN TO PAINT YOUR HOUSE!

- Raw Linseed Oil, gal. \$3.95
- Gum Turpentine, gal. \$1.95
- White Lead Putty, 1 lb. 20c
- 4-in. Pure Bristle Brush \$4.86

(4) PRICE...the only thing you really know about the paint you buy

Good paint costs no more to use than a poor one...even though the initial cost-per-gallon is slightly higher. The greater coverage, hiding and wear obtained thru the use of COOK'S PAINTS gives you 3-coat value at 2-coat cost!

ENOUGH PAINT FOR AN AVERAGE 5-ROOM HOUSE COSTS ONLY **\$31.50**

3 gal. Superwhite Primer **\$5.25**
3 gal. Cook's House Paint **\$5.25**

Pupil Visual Defects Cited

Paul L. Anderson, representative of the Austin branch of the Keystone Visual-Survey Service, presented a lecture and demonstration at Lions Club luncheon Thursday.

Dr. H. L. Wilder, chairman of the Lion Health and Welfare Committee, introduced the speaker, as well as guests, Frank Wilson, Aaron Meek, Josephine Thomas and Huelyn Laycock.

The purpose of the test demonstrated by Anderson is to provide facilities for schools to discover pupils who have visual difficulties that may interfere with performance in school work.

Besides locating early stage vision difficulties, the sight conservation test also is beneficial in preventing further difficulties if parents heed school officials' warnings.

Anderson said a Lufkin survey showed 25 to 35 percent of Texas high school children have some vision defects and 25 to 40 percent of the elementary school children have defects. He further pointed out that other surveys have shown 45 to 60 percent of all retarded readers have seeing difficulties.

Clarence Kennedy read a letter from the Pampa Girl Scouts thanking the Lions for the use of the Lion Scout House.

Pampans to Get Degrees at Tech

Pampa, Gray County and surrounding counties will have 20 representatives among the 508 graduates of Texas Technological College, Lubbock, on June 7.

Those receiving their bachelor degrees are:

Patricia Lively, Frances Hampton Mapes, John Ruben Mitchell and Hugh E. Monroe, Pampa; James Armand Clapper and James Wilbur Moore, Mobeetie; John Keith Wells, E. J. McKnight, and Barney Joe Veceera, Lakeview; Alvis E. Tabor, Panhandle; Maxine Rebecca Doss, Groom; Ural Gordon Weatherby, Canadian; Winfield Evans, Shamrock; Bob Lee Childers, Gladys Pauline Dawson, Gene Nolte, Samuel Paul Gigg, Nore Irene Knowles, Tulia; Carl Harold Gooden, Stinnett.

Receiving his Master of Education degree will be Herbert Ernest Lindsey of White Deer whose thesis was "Robert Cypres Cypret Parrack, Pioneer Plainsman." Lindsey received his BA degree from Texas Tech in 1935.

Plumbago, commonly known as graphite, is used in lead pencils.

BLANKET LAY-AWAY EVENT

"PURREY"

Blanket by Nashua

An unique mixture of 88% rayon and 12% wool makes this blanket warmer and lighter than many up to double the price, due to revolutionary fiber twisting process. Less appealing to moths, easier to launder. Size 72x90.

Colors of Blue, Gold, Green, Snow White **\$7.95**

Purrey 72x84 **\$6.95**

PAY AS LITTLE AS **50¢ DOWN** THEN MAKE SMALL WEEKLY PAYMENTS—YOU WILL HAVE YOUR BLANKETS PAID FOR WHEN YOU NEED THEM

READ THIS!!

HERE'S WHY WE URGE YOU TO BUY YOUR BLANKETS NOW!

1. Stocks are complete, offering you unlimited selections in most any price range.
2. The price you pay now guarantees your purchases against any increase in future prices.
3. The small down payment and small weekly payments makes it easy for you to have your blankets paid for when needed.
4. By buying now you guard against any shortage of production that might occur.
5. Levine's assume full responsibility for your purchases while in storage — guaranteeing them against loss or damage.
