## Red China Soviet Attorney Pledges

LONDON (UPI) - Soviet technicians and advisors were reported today to be leaving Communist China "by the trainload" apparently as the result of wors-ening relations between Province, to bolster the 240-man Moscow and Peiping.

The reports came from Yugoslav correspondents in the Red Chinese capital. The development gave weight to remarks that all is not well between Moscow

and Peiping. Their ideological differences have been public knowledge for some time.

Looking Sideways

By WHITNEY BOLTON

Next time you prick or cut a fingertip, watch what happens when you shut off the circulation for a few minutes by twisting a rubber band around the finger's

'After blood flow is reduced sufficiently to control active bleeding, you'll note the welling up of a red shiny droplet. Pretty soon the droplet will lose its sheen and become dull.

About this time you'll also notice that it's beginning to gel like the yolk of a 6-minute egg. Shorly thereafter, it will harden and seem to shrink as it assumes the properties of the familiar

And if you can resist the temptation to wipe it off and pick at it it will remain as a protective dressing for a few days. Later, when it falls off, you'll find that the wound has almost completely healed under its protective covering.

education" was guaranteed. The Now if this phenomenon of clotold were guaranteed protection ting were to occur while blood was flowing within the walls of from "fears," and "care and reyour arteries or veins, you'd be in serious trouble.

This is exactly what happens will be free to operate without the when a clot blocks an artery that 'anti-labor excesses written into the labor laws' - such as those against thrombosis or "stroke"). It oc-"The government" would clear curs, too, when a thrombus cities of slums, dispose of their sewage, educate their children, which can occur in either sex. transport employees to and from

Perhaps these simple observatheir jobs and combat juvenile detions will give you some idea of liquency. Outside the cities the the importance of this miraculous government would administer the management of water, timber and keeps blood in a fluid state while it circulates within your closed grazing lands, recreational areas, system of arteries and veins and shores, forests, wilderness, energy, that causes it to solidify within a few moments after its escape from a vessel.

I've already indicated some of the things that can happen when the mechanism is disturbed. sis) of blood within the closed system of arteries and veins.

Equally dangerous are disturbances that result in failure of the blood to clot after its escape from a vessel (bleeding diatheses). Unless some means are found to control bleeding, the vital fluid may be lost more rapidly than it can be replaced by uninterrupted or repeated

Some of the causes of abnormal bleeding are preventable and

These include deficiences of vitamins K and C, most often disease of the newborn and in infantile scurvy.

Then there are the bleedings caused by abnormal reactions to certain drugs such as arsenicals," gold compounds, antiepileptics, certain antibiotics and even some of the commonly used painkillers.

But the most mysterious of the bleeding diseases are those that run in families (congenital or hereditary).

A notable example of those hereditary abnormalities is the state of hemophilia that has been the curse of certain of the royal houses of Europe. Transmitted through the unaffected mother to her sons, this disease may be traced back for generations.

Unless conquered by medical science within the near future, it will continue to pass from unaffected daughters to their sons in generations to come.

So next time you watch that blood clot on your pricked finger, you may thank your lucky stars you weren't destined to be a crown prince.

power over us. The one right not principles, Kennedy's are violently given is the right to live forever." non-Catholic if not, indeed, anti-If the Tablet expresses Catholic Catholic.

Asthma and Hay Fever Relief Comes in Minutes and Lasts For Hours

Tiny Tablet Now Available Without Prescription! Science has developed a new, tiny tablet that not only stops asthma apasms, but brings relief to those who suffer from hay fever attacks.

Authoritative tests proved this remarkable compound brings relief in minutes — and gives hours of freedom from recurrence of painful spasms.

This fast-acting formula is prescribed by doctors for their private patients who suffer from asthma or hay fever. And now sufferers can obtain this formula—without prescription—in tiny, easy—without prescription—in tiny, easy—without prescription—in tiny, easy—state tablets called Primatene®.

Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension, helps dry up nasal passages. All this without taking painful injections and without the inconvenience of nebulizers.

The secret is — Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension, helps dry up nasal passages. All this without taking painful injections and without the inconvenience of nebulizers.

Saving for the things you want can be lots of fun, when saving doesn't demand any sacrifice or cutbacks in your budget.

That's why the S & H Green Stamp saving plan is so popular today with 25 million families in this and Saving S & H Green Stamps doesn't require giving up

something else. They're extras that you get when you shop at stores that give them. Actually, they're discounts on your purchases the same kind that manufacturers and merchants receive.

With your filled books of S & H Green Seamps, you can get at no added cost any of 1,500 items of distinguished merchandise - the finest made in America. You'll find them at your nearest S & H Green Stamp Redemption Center. Or order them by mail from the beautiful S & H catalog, if there's no center nearer you than 20 miles away.

Correct answer is: Equanimity

### New Congo Republic Will Create Posers

BRAZZAVILLE, Congo Republic (UPI) - Another Congo republic gained its independence today, adding more confusion to Africa's muddled map.

This Congo republic, across the Congo River from the Congo Republic which gained its independence from Belgium June 30, severed itself from France at one minute past last midnight. It will remain a member of the French

Neither Congo will yield its name and this is sure to cause some mixups in such fields as mail service, map reading, tour-
