## Crushing Tidal Wave Hits Half The Globe

### Yearned To Learn From Australia To Alaska, 139 Dead

**TOYKO (UPI)** — Tidal waves up to 32 feet high lashed a great crescent of the Pacific from Australia to Alaska Monday night and today. Partial reports listed at least 139 dead and many missing from the earthquake-driven seas which raged across more than 5,000 miles at plane like speed. Uncounted hundreds were injured and damage ran into millions of dollars.

Japan's heavily populated main island of Honshu bore the brunt of the towering walls of water which pounded the coasts at 40 minute intervals for periods as long as 18 hours. Nearly 800 casualties—dead, missing and injured—were reported in Japan alone. The tidal waves, rolling westward from earthquake-stricken Chile, struck the Hawaiian Islands Monday, killing 22 persons and leaving 25 missing. The waves swept on to Okinawa, the Philippines, New Zealand, Japan, Australia, and most Pacific Islands at the rate of 400 to 500 miles an hour.

In Chile, where weekend earthquakes, floods, tidal waves and a volcano eruption wrought terrible havoc, authorities in Santiago said more than 1,000 persons were dead or missing and 100,000 homeless.

Loss of life on such U.S. Pacific bastions as Okinawa, Johnson Island and others was prevented by ample warning. However three natives were killed on Okinawa and eight Maori were swept out to sea when 10-foot waves pounded New Zealand.

In Japan the destruction was great. The Japan National Broadcasting Corp. reported 96 persons dead, 75 missing and 656 injured. It said 4,000 houses were destroyed, 44,000 damaged and 1,900 boats destroyed. The newspaper Kahoku Shimpo reported 88,000 homeless in northern Honshu.

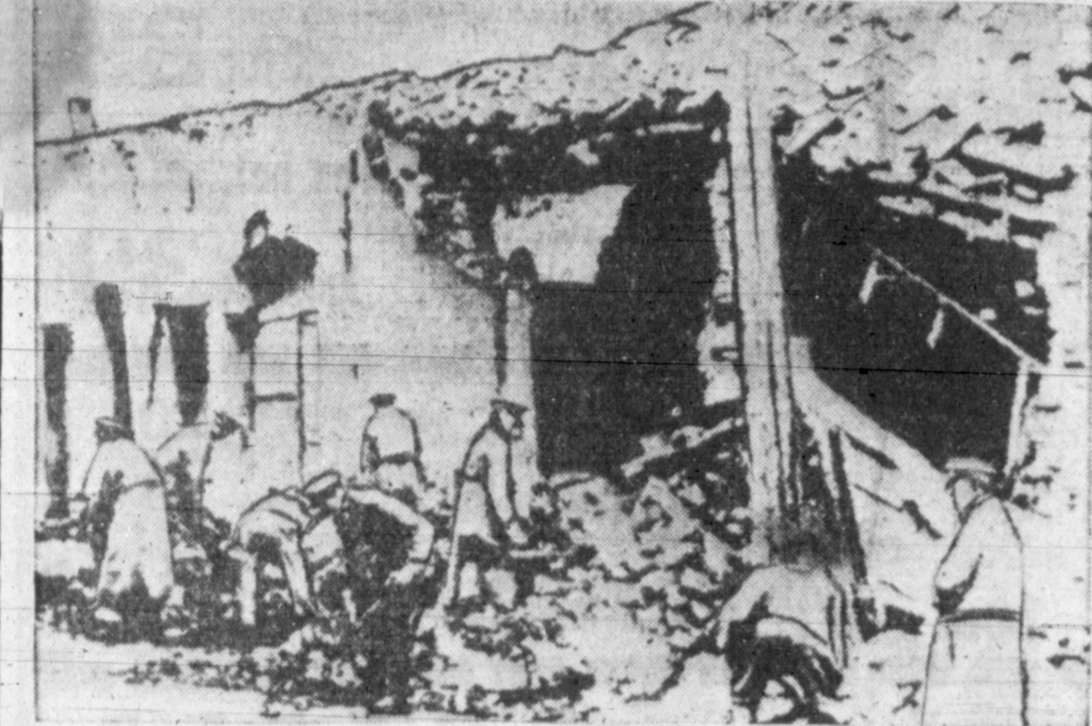

Warnings went up on Formosa where thousands of American servicemen are stationed but the tidal wave apparently petered out by the time it reached that area. By the time the waves hit protected Hong Kong they had diminished to only 9.5 inches.

New Zealand's harbor installations were hard hit by waves which pounded the east coast for 18 hours. Hundreds of small boats disappeared without a trace.

In Manila, the Philippines News Service reported waves up to 20 feet high pounded the eastern coast of the Philippines Monday night, causing widespread damage and panic.

The mayor of Polillo, Buenaventura Mopero, said three successive waves smashed into coastal villages killing livestock and razing coconut and rice crops. Three persons were killed when the waves hit the northern end of the U.S. fortress island of Okinawa.

The U.S. Air Force sent two helicopters and a C-47 transport (See CRUSHING, Page 3)

## Soviets To Release Plane, Passengers

**By JOSEPH B. FLEMING**  
United Press International  
BERLIN (UPI) — Soviet forces announced today they will release nine Americans captured Friday when their Army C-47 transport plane was forced down in East Germany by Soviet jet fighters. Col. Gen. I. I. Jacobowski, Soviet commander in Germany, said the eight American men and one woman and the aircraft would be turned over to the U. S. Army at the place where the aircraft landed.

In a formal note to Gen. Clyde D. Eddleman, U. S. Army commander in Europe, Jacobowski said the time of the turnover could be chosen by Eddleman.

The U.S. Air Force announced in Wiesbaden that an inspection team would go to the scene this afternoon to inspect the grain field where the plane was forced down and the aircraft itself, to see if a takeoff was possible.

Among those aboard the C-47 were Capt. and Mrs. Paul K. McCash Jr. of Atlanta, S. Sgt. Leon Porter, Russellville, Ala., and A2C James A. Morrison of Richmond, Va.

Jacobowski's note was in reply to an American note during the weekend demanding the release of the six passengers and three crewmembers who became lost on an hour's flight from Copenhagen to Hamburg and strayed across the Iron Curtain.

The five days during which the nine Americans were held captive had been filled with rumors that the Russians were going to hand their prisoners over to Communist East German authorities.

This could have created a major international incident since the United States refuses to recognize the East German satellite government; East Germany has attempted similar efforts in the past to force direct negotiations with Washington.

The Communist East German news service ADN said today the Soviets also protested the violation of East German air space by the C-47 courier aircraft and said the United States bears the responsibility for the incident.

Jacobowski said the decision to release the Americans was taken in agreement with the East German government.

## Confident U.S. Presses For Early Spy Incident Hearing

**By BRUCE W. MUNN**  
United Press International  
UNITED NATIONS, N.Y. (UPI) — The United States, fully confident of acquittal, pressed today for an early Security Council verdict on the spy plane "aggression" charges brought by Russia.

United Nations sources agreed that Soviet Foreign Minister Andrei Gromyko, in his contentions that U.S. espionage was a threat to world peace, had failed to impress the 11 nation council, with the likely exception of Communist Poland.

The tactics of U.S. Ambassador Henry Cabot Lodge as the explosive debate entered its second day were geared to deprive the Soviets of time for propaganda.

Gromyko's request for a condemnation of the United States already was overshadowed by growing small nation agitation for the two nations to quit bickering over cold war incidents and resume negotiations broken off at the Paris summit meeting last week.

Argentina, Ecuador, Ceylon and Tunisia Monday submitted a resolution urging the Big Four to renew efforts to ease world tension, this time taking full advantage of facilities offered by the U. N.

To give Russia a fair hearing, these four non-permanent members of the council agreed to postpone consideration of their resolution until the U-2 reconnaissance plane case is formally disposed of.

President Eisenhower's new plan for open skies inspection under U.N. regulation was not advanced for similar reasons. Lodge made it clear from the start he had no wish to evade or obscure the Soviet charges but intended to meet them head-on.

This he did in his initial rebuttal to Gromyko's hour-long speech Monday by charging that Russia itself maintained thousands of espionage agents through out the non-Communist world, of which about 360 have been caught and convicted since the death of Dictator Josef Stalin.

The U.S. ambassador read a partial list of Soviet spies who had been unmasked in the United States. It included: Cmdr. Igor A. Amosov; Lt. Col. Leonid Y. Pivnev; Col. Ivan A. Lubchikov; Maj. Yuriy P. Krylov; Nikolay I. Kirichkin; Vasily M. Molev; Aleksandr P. Kovalev; Col. Maksim G. Martynov; Victor I. Petrov; Capt. Boris F. Gladkov and Vadim A. Kirilyuk.

**QUAKE VICTIM** — Military rescue workers in Conception, Chile, remove a victim of a series of violent earthquakes from the rubble of a wrecked building. The quakes, and giant tidal waves, caused hundreds of deaths and injuries to more than 1,000. Another 1,000 persons are missing from Conception to Ancud, 500 miles to the south.

## No Tax Cuts Or Reductions, Says Anderson

**WASHINGTON (UPI)** — The administration urged Congress today not to make any tax cuts and to postpone for another year the more than four-billion-dollar-in-tax reductions scheduled to take effect July 1.

The plea was voiced by Treasury Secretary Robert B. Anderson in testimony prepared for the House Ways and Means Committee which initiates all tax legislation.

Anderson also requested Congress to set the national debt ceiling temporarily at 295 billion for the year starting July 1. The present temporary ceiling is 295 billion under legislation which expires July 1. The permanent ceiling is 285 billion.

Committee Chairman Wilbur D. Mills has indicated the tax extension and debt ceiling legislation will be put together in one legislative package this year.

Among tax cuts scheduled for July 1, the one the administration probably will have the most trouble persuading Congress to forego is repeal of the 10 per cent tax on local telephone calls.

Cuts in corporate taxes on corporate income and liquor, cigarettes, beer, automobiles, auto parts and passenger travel also are scheduled July 1 under existing law.

## Chamber Gains 109 New Members

**BERLIN (UPI)** — More than 109 new members joined the Pampa Chamber of Commerce last week in a whirlwind campaign conducted by recruiting teams.

This brings the total membership of the steadily growing organization to an all-time high of 865 members. During the drive, 91 renewal memberships were obtained. The 1959 chamber membership was 756.

**50,000 EAST GERMANS FLEE**  
BERLIN (UPI) — More than 50,000 refugees from Communist East Germany have fled to West Berlin since Jan. 1, the West Berlin city government announced Monday. More than 1,300 East Germans asked for political asylum Monday, the city government said.

## Israel Captures Nazi Criminal

**By ELIAV SIMON**  
United Press International  
JERUSALEM, Israel (UPI) — Israel today kept a top-secret label on the case of Adolf Eichmann, former Nazi SS colonel charged with the murder of millions of Jews.

Premier David Ben-Gurion disclosed Eichmann's arrest in Parliament Monday, but most details of the case remained secret. The 54-year-old Eichmann, a fugitive since 1945, was being held in an undisclosed jail. Nothing was known of his capture or place of arrest.

Eichmann, who could be sentenced to death if convicted, stood stiffly at attention in a Jaffa court Monday when the charges against him were read. He was clean-shaven and well-groomed.

Chief Magistrate Yediyda Levy told Eichmann he was charged "with causing the death of millions of Jews in Germany and the enemy-occupied countries in the years 1938 to 1945."

Eichmann turned pale when the charge was translated, but his only answer to the court was to confirm his name and request counsel.

He was remanded for 14 days. Eichmann could be given the death penalty under a provision of Israeli law aimed at Nazis and collaborators. No Israeli court has yet imposed such a penalty.

In West Germany, only the defunct Allied war crimes courts sentenced war criminals to death, and the maximum sentence now is life imprisonment. Eichmann headed the Nazi Bureau of Resettlement of Jews, the agency that directed Jews to the concentration camps, and in the majority of cases, to death in the mass extermination chambers or by starvation and disease.

Eichmann was present at the Wannsee conference in Berlin in the early days of World War II. The conference decided on the secret "final solution to the Jewish question" — extermination.

Eichmann escaped arrest with other high Nazis at the end of the war and had been reported living in Egypt, Kuwait, and South America since then. His capture had been the top priority job of the Israeli Security Service ever since its formation.

When Democratic Leader Lyndon B. Johnson formally requested unanimous consent to permit the committee to meet during the Senate session, Dirksen objected.

## Minimum Wage Hearing Delayed

**WASHINGTON (UPI)** — Senate Republican Leader Everett M. Dirksen today prevented the Senate Labor Committee from holding a meeting on a 25-cent boost in the hourly minimum wage.

The committee had planned to meet at 10 a. m., but the Senate met at the same hour, two hours earlier than usual.

## Explanation Of Paris Meeting Failure Sought

**By WILLIAM J. EATON**  
United Press International  
WASHINGTON — (UPI) — President Eisenhower, in the wake of the summit failure, conferred for two hours today with the National Security Council and his military, scientific and intelligence chiefs.

The White House huddle came as the Senate renewed debate on the summit collapse, with one Democrat — Sen. Stephen M. Young of Ohio — charging that U. S. summit hopes were "denied not so much by Khrushchev as from the Eisenhower lack of leadership and failure of our own officials in high places of authority."

Young said officials who "let the President down" should be "downgraded or dismissed."

Senate Democratic Leader Lyndon B. Johnson, urging "forbearance," told the Senate it needs information on what led to the summit collapse — not suspicions about each other.

The President will make a radio-TV report to the nation Wednesday night on the summit (See MEETING, Page 3)

## Floridians Voting For Governor

**MIAMI (UPI)** — Florida Democrats choose a governor today in a primary that will decide whether the state will continue its moderate approach to race problems. Race relations are the hottest of the campaign. The lines were drawn most clearly, not by the two candidates, but by the outgoing governor and a former chief executive.

Gov. Leroy Collins endorsed Doyle E. Carlton Jr., who pledged to continue the present administration's moderate approach to the race question.

Carlton's opponent, Farris Bryant, was endorsed by ex-Gov. Millard Caldwell, an ardent segregationist and states' rights advocate.

Both Carlton and Bryant pledged never to close the public schools because of forced integration, and both promised to preserve school segregation by every "legal and honorable means."

## Stevenson Casts A Pearl After Truman Strategy Leak

**NEW YORK (UPI)** — Former President Harry S. Truman said today he threw his endorsement to Averell Harriman at the 1956 Democratic national convention as a political maneuver to enable the almost sure winner, Adlai E. Stevenson, "to disassociate himself from me politically."

That Stevenson wished to do so was the biggest mistake of his two unsuccessful — presidential campaigns, in Truman's judgment.

He was further critical of Stevenson for indecisiveness, for campaign inadequacies and in one instance for lack of judgment in the second installment of his post-presidential memoirs, appearing in Look magazine today under the title, "How Stevenson Let Me Down."

In Chicago, Stevenson's office today released a one sentence rejoinder, "I respect President Truman if not his memory of events."

Asked today whether his recent endorsement of Sen. Stuart Symington for this year's Democratic nomination might have a hidden reason similar to his 1956

support of Harriman, Truman said: "I don't change horses in the middle of the stream. I endorsed Symington because he's the best man in the picture. I was for Harriman in 1956 and I'm for Symington in 1960."

Truman said he offered his support to Stevenson for the 1956 nomination until he became aware before the convention "that Stevenson was still embarrassed by this former from Missouri. Because of that, I gave some thought to the steps I could take to make it easier for Stevenson to disassociate himself from me politically."

Truman said he had been prepared to support Stevenson in 1956 even though "I realized more than ever that Stevenson not only had a problem in making himself understood by the man in the street, but that his indecisiveness, unless overcome, would make him ineffectual as a president."

## Trough In Panhandle Sets Stage For Thunderstorms

By United Press International

Violent spring thunderstorms which dropped two feet of hail near Langtry and deluged Beeville with 3 1/2 inches of rain in the space of minutes may pay return visits to Texas today.

Widely scattered thunderstorms were forecast for all sections of the state today and tonight except the Trans-Pecos region of far West Texas. Skies will be partly cloudy except in storm areas.

A low pressure trough hanging over the Panhandle continued to suck warm, moist air from the Gulf of Mexico northward across the state to set the stage for the thunderstorm formations.

The heavy hailstorm near Langtry was reported by Texas Rangers, who said the two-foot layer of stones extended from north of that storied town on the Rio Grande 60 miles westward to Sanderson. Little damage was reported from the sparsely-settled section.

The storm at Beeville also contained hail and 70-mile winds that ripped down television antennae and unroofed buildings. The 20-minute storm dumped 3.48 inches of rain on the flatlands and streets were flooded for a time before the water drained away.

Other scattered thunderstorms dotted the countryside from Colorado City to near Vernon and from 60 miles northwest of San Angelo to Wichita Falls. But, none developed to the destructive stage.

The U.S. Weather Bureau had a broad area of the South Plains and North Central Texas under a tornado forecast for several hours Monday and Monday night, but none was reported.

Some thunderstormers also developed in the Pecos Valley and west of Wichita Falls along the Red River Monday night.

This morning, skies were clear in far West Texas but partly cloudy to cloudy elsewhere. Patches of fog were reported in East Texas, but no rain was reported.

## Two Dead, One Hurt In Texas Plane Crash

FORT WORTH (UPI) — Two men were killed and a third man managed to extricate himself and crawl and stagger nearly a mile for help early today when their light plane crashed near Russell Field, a private airport on the south outskirts of Fort Worth.

Police identified the dead as William Edward Riley, 37, whose last listed address was Marathon, Fla., and Ronald W. Burke, 37, of Fort Worth, owner of the plane. Riley was believed to have been piloting it at the time of the crash.

The injured man, 25-year-old Max Finley, of Fort Worth, said he was asleep in the back seat of the Piper Tri-Pacer when it crashed about 3 a.m. He said when he came to, he was pinned in the wreckage.

Finley suffered a badly lacerated tip and ear and was in a state of shock, but his condition was listed as "fair" at a hospital. He told officers he managed to work his way out and make his way to the home of W. Mel McGowan, nearly a mile away. He didn't remember just how he got there except that he faintly recalled "sometimes crawling, sometimes stumbling."

The three men had taken off from Russell Field about 1 a.m. to put in some night flying. Field manager O. C. Thompson said.

It was believed they were attempting to land when the plane's wheel touched ground. That caused it to nose over, driving the motor back into the cockpit, then causing it to flip 91 feet away where it landed right side up.

### MEETING

(Continued From Page 1)

collapse. He discussed this report with the Security Council.

The Senate Foreign Relations Committee voted unanimously today to hold a "full bipartisan hearing" behind closed doors on events leading up to the summit failure.

Chairman J. William Fulbright (D-Ark.) said the hearings will start Friday morning with testimony from Secretary of State Christian A. Herter. They will be modeled after the 1951 closed-door hearings into the firing of Gen. Douglas MacArthur.

Transcripts, censored for national security, will be made public as soon as possible after the testimony.

The House Foreign Affairs Committee announced it has scheduled for Thursday afternoon a closed-door report from Herter.

Johnson, in an apparent move to head off another angry partisan debate such as the one that embroiled the Senate Monday, urged "forebearance" in trying to assess the summit failure.

"A man's judgment is never any better than his information," Johnson said. "What we need now is information that will shed light instead of partisanship that will shed only heat."

The President usually meets on Thursday with the National Security Council, which includes Vice President Richard M. Nixon, Secretary of State Christian A. Herter and Defense Secretary Thomas S. Gates Jr.

But the session apparently was moved up two days to allow Eisenhower and his advisers to go over the speech he will deliver at 5 p.m. e.d.t. Wednesday on major radio and TV networks.

White House Press Secretary James C. Hagerty said the President's address would be "a report to the American people on the events at Paris and the future aims and goals of the United States and, indeed, of its Allies in the free world."

Hagerty didn't say so but there also was a possibility that Eisenhower would reply directly to Democratic charges that administration blunders gave Soviet Premier Nikita S. Khrushchev an excuse to wreck the summit talks.

Rep. Frank Kowalski (D-Conn.), spokesman for 38 House Democrats, called on Eisenhower Monday to use his speech as a vehicle for answering questions they posed about the summit meeting and the spy plane downed in Russia.

The questions, demanding more facts about both, were sent to the White House Friday, the day Eisenhower returned home. Kowalski said the White House had not answered the group.

In outlining plans for the Senate Foreign Relations Committee's inquiry, Chairman J. William Fulbright (D-Ark.) said he expected Herter to appear Friday to give a briefing.

Fulbright said it would be "premature" to say whether Hagerty might be invited to appear along with Central Intelligence Director Allen W. Dulles and others who figured in the spy plane episode.

Temper flared in the Senate Monday as Republicans and Democrats exchanged barbed comments over the administration's handling of the U-2 incident and summit talks.

## Looters Invade Quake Area

SANTIAGO, Chile (UPI) — Looting and terror were reported today in the quake country of southern Chile, where earthquakes and tidal waves may have killed as many as 1,000 persons in the last three days.

More than 1,000 persons were injured in the area, and an estimated 100,000 were left homeless. A state of emergency amounting to virtual martial law was proclaimed in the city of Valdivia, 470 miles south of here, to protect residents against bands of criminals released or escaped from jails in the area.

Authorities in devastated Concepcion and half a dozen other towns and villages appealed for reinforcements of police and troops to meet the threat of roving convict bands.

In the town of Lota, a Concepcion suburb, a mob that tried to break into homes and shops Monday night was put to flight by police.

The Interior Ministry announced Monday night the known toll of the weekend disasters had mounted to 250 persons dead and 250 missing. No report has been received so far from dozens of southern communities.

An independent compilation by UPI of specific figures from the disaster area placed the toll at 148-285 dead and 163 missing.

The walls of water smashed with greatest fury Monday into Hawaii, particularly the port city of Hilo.

Officials today listed 32 persons known dead and 27 missing in the area where 150 were killed by a tidal wave that struck without warning in 1946.

Advance warning was credited with keeping the death toll down this time, even though witnesses said the waves were even worse than in 1946.

UPI Correspondent George Eagle of Hilo said "nobody had to die in this one. They were warned in plenty of time—they just didn't respond to the alert."

## Castro Calls Guantanamo Reports Lies

HAVANA (UPI) — Premier Fidel Castro, his face flushed with anger, said Monday night there was no truth to American press reports that Cuban troops had surrounded the U.S. naval base at Guantanamo.

The reports, published in Norfolk, Va., had previously been denied by U.S. authorities.

"On May 1, we made it clear in definitive terms that Cuba did not have an aggressive attitude toward the Guantanamo base nor about any other matter," Castro told a press conference.

"These reports were propagated by elements which persist in trying to provoke a clash, between Cuba and the United States . . . from the U.S. Senate . . . from the planes that have bombed our (sugar) cane, from the circles who persist in creating problems for Cuba."

The Premier said Jose Miro Cardona, Cuba's new ambassador to the United States, will leave for Washington "when convenient." He did not set a date.

lot of teaching in this sort of work."

Mrs. Osborne began her college education at Amarillo College in the spring of 1954, and had to drive some 60 miles there and back three nights a week for classes. In the spring of 1957 she left the Girl Scout office because she had to take classes during the daytime.

When she transferred to West Texas State, the distance there was even greater, some 89 miles. And last year she had to go through Groom, which added an extra 13 miles to each trip, and went to White Deer for nine weeks of student teaching.

Despite this handicap Mrs. Osborne finished 124 semester hours with a high-B average and was placed on the dean's honor roll.

And the degree already has paid off.

"I came in this morning and caught a mistake in the bank deposit slip," Mrs. Osborne said. "Then I found some mistakes in a letter that was being typed."

### CRASH KILLS TWO

Houston (UPI) — Two persons were killed and nine others were injured Sunday when two cars met head-on in the Houston suburb of Deer Park. The victims were Miss Irma Lara, 19, of Houston and Mrs. Dora Estelle Fielder, 27, of San Antonio.

## Suicides In San Antonio Are Similar

SAN ANTONIO (UPI) — The wife of a prominent Texas banker hanged herself Monday like another woman had earlier in the day.

Alice McAshan, 15, found the body of her mother, Mrs. Frances C. McAshan, 53, hanging from a clothes closet with a bathrobe sash around her neck.

The girl found her mother when she came home from school.

Mrs. McAshan was the wife of Harris (Harry) McAshan, former president of the Texas National Bank of Houston who took over in January as president of the First National Bank of San Antonio.

Earlier in the day, the 10-year-

black pipe that was used in the two grocery stores, easily rusted and corroded, and the contaminated water could flow back in the water main.

"Personally I don't think it should be used," Stenbridge said. "Whether the fire underwriters approve it or not, we've still got a plumbing code to protect the people."

Stenbridge also pointed out that Amarillo, which permits the black pipe to be tied on to its water supply, is in the process of writing a code preventing the use of such material.

After the commission had ruled against the use of black pipe, Mayor Ed Myatt said the sprinkler system already installed in the Ideal grocery store, would have to be replaced by one meeting city specifications, or the store would be refused water service.

In other action this morning the commission denied Wayne Hoff the right to move a trailer house behind the filling station he owns

53rd Year

on N. Hobart.

The particular area is a fire zone which calls for concrete or masonry buildings only.

Myatt explained that some trailer houses were in the area, but they were located there before the fire zone ordinance went into effect, and they may remain there until they are either moved or partially destroyed.

The commission also granted Zale Jewelry Store the right to extend the new facing of their store front on N. Cuyler one and three-quarters inches over the sidewalk.

This move came after store manager Sam Jacobson arranged to have a bond drawn up which would release the city from any liability should an injury result from the extended frontage.

Only one of the two city-owned houses were sold at the morning session.

James Query was awarded a four-room frame house at 915 Ripley after he submitted the highest bid of \$600. No bids were received on the other structure.

The commission also approved the first reading of ordinance No. 541 which provides for the zoning board to serve in capacity of a planning commission until a reorganization move can be begun.

RECITALISTS

Two students of Bill Haley who will perform in recitals this evening and Wednesday night in St. Matthews Episcopal Parish Hall are, left, Miss Dianna Edminster, daughter of Mr. and Mrs. J. W. Edminster, 2128 Aspen, who will play Waltz Arabesque by Rowley and is also a member of the piano ensemble which will play the "Scarlet Cape" by Rowley on both evenings; and Miss Marylyn Brown, daughter of Mr. and Mrs. D. R. Brown, Saunders Lease, who will play Rondo No. 1 by Bartok and will participate in a duet arrangement of Andaluza by Lecuona on Wednesday evening.

Nannette Flynt Receives High Piano Award

Miss Nannette Flynt, daughter of Mr. and Mrs. J. E. Flynt, 1209 Williston, and graduating senior for this year from Pampa High School, has recently earned the High School Diploma in piano, which is the highest award offered to high school students by the National Guild of Piano Teachers. Only graduating seniors are eligible for this diploma.

In addition to preparing the required program of pieces, she was required to pass tests in five additional musicianship phases. She was auditioned for this during the recent National Piano Auditions held locally in the First Methodist Church, Miss Patricia Pierce of Springfield, Mo., was the guild adjudicator.

Miss Flynt has been a piano student of Mrs. Fidelia Yoder for the past six years and has earned a National or International certificate in the auditions each year. She has also served as an accompanist throughout her school career; this year serving with the A Capella Choir. For several years she has been the regular organist for the Central Baptist Church.

She appeared recently in one of Mrs. Yoder's spring recitals, playing the third movement of Savino's modern Concerto Americano with Mrs. Yoder at the second piano. The Guild Certificate and Diploma were presented to her at that time.

Miss Flynt has also participated in the Piano Festivals at West Texas State College for several years, and has also had some pianistic musicianship phases. She was auditioned for this during the recent National Piano Auditions held locally in the First Methodist Church, Miss Patricia Pierce of Springfield, Mo., was the guild adjudicator.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: I am a woman 50 years of age. I am in love with a man who is 32. He has a wife and two boys who are 7 and 9. He wants to leave his wife and marry me, but she said if he leaves he will have to take the boys with him as she can't handle them alone.

She knows all about us, as I have told her. Abby, I want this man, but I don't want those boys of his. Will the court force him to take the boys? Or will they make the mother keep them whether she wants them or not?

DEAR TOO OLD: Talk to a lawyer about who will be "forced" to keep the boys. From the picture you presented of their mother, father and yourself, I sincerely hope the court finds a good foster home for the boys. They could hardly do worse than to wind up with any of you.

DEAR WALLFLOWER: Your husband is incorrect. Every male guest should ask his hostess to dance. But it is never proper for a lady (guest or hostess) to ask a gentleman to dance — unless, of course, it's ladies choice.

DEAR ABBY: My wife's sister lives with us. She is 38, not bad looking and can talk your leg off. She's had three husbands and couldn't live with any of them. This woman is able-bodied but refuses to get herself a job. She sits around all day and my wife gives her money for the beauty shop. We also buy her clothes.

I make very good money. My only extravagance is playing the horses. I never gamble over my head, so that's my business. If I refuse my wife or her sister any money, they throw it up to me about the horses.

The last straw came when this sister-in-law told us she won't go to work until she gets her nose beautified. It will cost \$600. My wife told her to go ahead and get it done and we will pay for it. What is your opinion of this?

DEAR BERNIE: If you want to put your money on a horse's nose, no one can stop you. But you don't have to put it on your sister-in-law's nose unless you want to. You've been far more generous than most brothers-in-law would have been. Tell them enough is enough.

DEAR ABBY: Please answer as soon as possible because we are having an argument over this and it's getting serious.

Last week my husband and I went to a party. The hostess came up to me and asked if I minded if she danced with my husband. I didn't want to cause a disturbance so I said, "Go ahead and take him."

They both seemed to enjoy the dance very much. Now my husband says this was perfectly all right because the hostess is SUPPOSED to dance with all the guests. (I noticed she didn't dance with ALL her guests — just the best looking ones.) I'd like to know if my husband is correct or not?

DEAR WALLFLOWER: Your husband is incorrect. Every male guest should ask his hostess to dance. But it is never proper for a lady (guest or hostess) to ask a gentleman to dance — unless, of course, it's ladies choice.

DEAR BERNIE: If you want to put your money on a horse's nose, no one can stop you. But you don't have to put it on your sister-in-law's nose unless you want to. You've been far more generous than most brothers-in-law would have been. Tell them enough is enough.

Cary Studio Of Piano-Organ-Theory To Present Starlight Musicales In Inn

An evening of music in the Starlight Ballroom of Coronado Inn will feature pupils of the Tracy D. Cary Studios of Piano-Organ-Theory, who will appear in two programs Friday evening in the hotel at 7 p.m. and 8:15 p.m.

Both programs will feature multiple piano-organ ensembles, trios, duets and duos. Assisting vocalist will be Mrs. A. L. Patrick Jr., soprano, former voice pupil of Mr. Cary, who will present numbers during each program.

The Twilight Musicales at seven will open with a trio, "Valse, Opus 100, No. 2" by Strabag, played by Carolyn Stinson, Eddie Brewer, and Betty Stinson. Adding the Caribbean touch will be a duo, "Jamaican Rhumba" by Benjamin played by Carol Jean Wilson and Mr. Cary.

Also performing will be Patti Kay Lawrence, Ralph Patrick, Todd Wassell, Mark Gething, Sherry Warner, Darlene Self, Linda Gary, King, Diana Kay Rose, Jimmy Williams, Michael Trimble, Donna Ray Flynt, Betha Lee Stubbe, Pamela Blakemore, Jim Barnard, Monty Gordon, Paula Daugherty, Randall Newcome, D'Ann Phillips, Patricia Evans, Mary Lynn Hart, Neil Mackay and Phillip Marie Smith. A brief intermission will follow.

The Starlight Musicales at 8:15 will feature Susie Eilman, eight-year winner of national standing in the National Piano Guild Auditions who will present "Ballet" by Debussy; and Mike Palmer who will perform "Wedding Day at Troldhaugen" by Grieg. A presentation of Gershwin's "Rhapsody in Blue" by twelve-year-old twin brothers, Roddy and Ronny Bray, will highlight the second program which will close with eight pianists and Mr. Cary at the organ for Julia Ward Howe's "Battle Hymn of the Republic."

Those also appearing will be Lynda Colville, Judy Gordon, Charles Jackson, Susan Patrick, Jackie Young, Peggy Griffin, Juanita Colville, Paula Rattiff, Wayne Lemons, Jane Hendrix, Kenneth Lemons, Karen Sue Matthews, Marilyn Scott, Steve Turner, Ray Dean Parker, Sue Oldham, Wanda Bartlett, Larue

Denham, Lyndene Newcombe and Bob Sanders.

Group pictures and presentation of William J. Marsh and Mozart Music Club Theory awards and pins will climax the evening.

Mrs. Nobles Feted At Birthday Party

LEFORS (Spl) — Mrs. Orvil Henry, 705 N. Nelson, Pampa was hostess for a coffee Friday morning honoring Mrs. Roy Nobles, on her birthday.

The serving table was laid in a pink, gold and white cloth, and appointed with china, silver, and crystal. Sweet rolls were served with coffee and punch.

Gifts were presented to the honoree.

Present were Meses Charlie Turner, W. G. Hughes, Charles Roberts, Daniel Rose, James Means, Alton Flinchum, Ann Glover, Bob Fish, the honoree and hostess.

Makes Friends Manners

Though the bride writes the thank-you notes, a few lines from the groom, too, would be greatly appreciated by close friends.

## Credit Union Head To Attend Association Meet

L. G. Pierce of the Phil-Pet Federal Credit Union will attend the annual meeting of the Chapter Presidents Association in Dallas May 27-28 in lieu of President Clayton C. Meadows. Pierce is vice president of the Top O' Texas Chapter of Credit Unions. There are 26 of the nonprofit financial organizations in the area.

The meeting will be attended by the presidents of the 24 Texas credit union chapters. There are 1,160 credit unions in the state with an estimated 680,000 members. Last year these do-it-yourself financial institutions had assets in Texas of \$302,337,094.

All meetings of the conference will be held at the Statler-Hilton Hotel in Dallas. The program will include addresses by several college educators and staff members of the Texas Credit Union League on credit union subjects.

G. Hubert Miller of Dallas is president of the Chapter Presidents Association. R. C. Morgan of El Paso is president of the Texas Credit Union League.

## Conservation Plan Urged

WASHINGTON (UPI)—Senate Majority Leader Lyndon B. Johnson has called for immediate action to head off a nationwide water shortage.

"If we don't act now, our country will face a severe and possibly disastrous water shortage by 1975," Johnson said.

Johnson, in his weekly radio report Sunday, said he has introduced a bill "aimed at putting us on a position to meet our coming water crisis."

"The purpose of the bill is simple," he said. "It provides for a speed-up in the search for economical methods of converting salt water to everyday use."

"It removes restrictions of both time and money on this work. And it also makes loans available to cities and towns wishing to build their own developmental conversion plants."

Johnson said the population explosion coupled with industrial growth has increased the pressure on the nation's water supply.

"Government studies show our nation is now using about 60 per cent of the available fresh water supply," he said. "And by 1975 it is estimated that we will be using near 90 per cent of our present available supply."

Johnson said the U.S. can head off the shortage by turning to

## Wall Street In Review

NEW YORK (UPI)—The worsening of the international situation will be reflected in increased defense spending, despite statements to the contrary, according to the International Statistical Bureau.

The Bureau expects a step-up in procurement orders for most types of defense items reversing the lower level of orders to subcontractors during the past six months.

A slightly more conservative viewpoint is represented by B. K. Thurlow, of Winslow, Ohio & Stetson, who believes the present stock market is not being motivated by investment considerations. When and if things calm down a bit, he says, its character may change. Meanwhile, the market should be accepted "for what it is: a trader's paradise with near term possibilities of a serious decline at least temporarily out of the picture."

Standard & Poor's reports that in view of growing demand and Lily-Tulip Cup's success in developing new products (which should lead to a higher earnings potential), the stock is an attractive growth issue for the long term investor at 51, down from a 1959 high of 83 1/2.

## Funds Asked For Chapel

There are four children from Gray County at Austin State School, a 45-year-old state institution for retarded children. There are more than 2,000 children at the school, and they have come from 128 counties. There is no house of worship on the grounds, and it isn't practical to take very many of the children to churches off the campus.

Three years ago a group of volunteer men, women, and ministers began the work of raising \$95,000 to build a chapel for the children. Only \$25,000 remains to be raised. Contributions have come from 123 counties. At \$45 per child, Gray County is still \$95 short of its quota.

Contributions are fully deductible. Checks or money orders should be made to: Chapel for the Children, Austin State School and mailed to: Mrs. Homer Leonard, Secretary, Volunteer Council, Austin State School, 3222 Gilbert Street, Austin 3, Texas.

## Class Officers Elected At WD

WHITE DEER (Sp.)—Students at White Deer High School voted Joe Downs president of the student body for the coming 1960-61 school year in the annual school elections.

The senior class chose Don Carter for its president and named Wayne Hughes and Kay Bradlock as its student council representatives. Other officers elected included Mary McKinney, vice-president; Judy Jones, secretary; Tommie Kay Kelley, treasurer; Kay Stephenson, reporter; and Ken Morris, cheerleader.

Lavanda Hubbard was the junior class choice for president, while Larry Keahy got the nod for vice-president. Other officers are Patsy Moore, secretary; Margaret Peters, treasurer; Frankie Williams, reporter; Paulette Burns, cheerleader; Joe Gordzielik, student council; and Juanna Jo Moore, student council member at large.

In the sophomore class, Curtis Campbell takes on the president's duties and Homer Lester was named vice-president. Donna Moore, secretary; Mary Smith, treasurer; Ann Harlan, student council; Linda Payne, student council member at large; Joan Jarvis, reporter; and Carolyn Riggins cheerleader round out the other positions in the class.

Brazil's Independence Day is Sept. 7 and celebrates its independence from Spanish rule in 1822.

# Patterson Takes Over For Gus

By HARRY GRAYSON  
Newspaper Enterprise  
Sports Editor

NEWTOWN, Conn. (NEA) — Despite his disarming frankness, ingrained integrity and the ability to express himself clearly, Floyd Patterson is difficult to know.

The dedicated young man who will attempt to regain the heavyweight championship from Ingemar Johansson at the Polo Grounds on June 20 is a complex introvert who didn't even begin to understand himself until the Swedish Swede hit him on the whiskers a year ago.

Now Patterson is getting to know himself — and to think and act for himself. He has taken over control from Gus D'Amato, who played Svegfagall to Floyd's Tribby until he was set down as a manager in New York as a result of shenanigans surrounding Patterson's disastrous attempt to defend the crown against Johansson.

"I've made mistakes and learned from them," Patterson told this writer as he sipped tea in the kitchen of the abandoned supper club and hardy pastor Newtown, where the ex-champion is preparing for

should have boxed all those fellows — Eddie Machen, Zora Folley and Nino Valdes, especially. The latter — I was too inactive in the ring and out, didn't keep the championship in the limelight. Regardless of what anybody thinks of Ingemar, he did a fine job of that.

"If I get the title back, I'll fight again and then the top contenders, starting with Machen." Did this include Sonny Liston? "It certainly does," replied Patterson. "He's a fine fighter with an assortment of punches and has demonstrated that he can take it. I've watched him on television. When Mike DeJohn stung him with a left hook in their match at Miami Beach a year ago this past spring, Liston came on to knock him out. That's what I call a beautiful fighter."

It is obvious that the thunderous Johnson right hand which belted Patterson out in the third round also knocked him out of the trance that D'Amato had hypnotized Floyd into from his teens. D'Amato's double talking, triple thinking and cloak-and-dagger stuff drove promoters, matchmakers, boxing con-

# Dodgers Shave Pirates Lead Over Giants As Koufax Hurls One Hitter

By FRED DOWN  
United Press International

The Dodgers are wrestling with a five-year-old question again: Is Sandy Koufax on his way to stardom or was Monday night's one-hitter just another false start?

It's the same old question they've been trying to answer about the 24-year-old fireballer ever since he was signed to a \$21,000 bonus contract in 1954. One day Sandy looks like a world beater. But then weeks, even months, may pass before he wins another game.

His 1-0 victory over the National League leading Pittsburgh Pirates for example, was his first triumph since Aug. 31, 1959, when he tied Bob Feller's major league strikeout record by fanning 18 San Francisco Giants in one game.

Only one thing remains constant about Koufax — when he's really got it he's one of the most overpowering pitchers anybody's ever seen.

It was like that Monday night when 6-2, 210-pound Sandy yielded a single in the second inning to pitcher Benny Daniels and then just "homed" the Pirates with his fast balls. He walked six but he struck out 10 and there wasn't a semblance of a hit after the second frame.

But, then, there's the other Koufax — the Koufax who has a 29-31 career record, including 14 this season and who didn't win a game all last September or in the first five weeks of this season.

The Dodgers victory over the first-place Pirates' lead over the San Francisco Giants in the National League moved Los Angeles past the St. Louis Cardinals into fifth place. The Chicago Cubs topped the Cincinnati Reds, 7-6, in 13 innings and the New York Yankees shaded the Kansas City Athletics, 4-3, in the only other major league activity.

George Altman hit his second homer of the year to break up a three-hour and 54-minute marathon in Cincinnati after the Reds tied the score at 5-6 on Gus Bell's long-run homer in the 12th. Nine pitchers saw action in the game and there were six homers — by Walt Morin, Jim Brosnan, Ed Bailey and Vada Pinson in addition to Altman.

**Robinson Ducks Lunch But Won't Duck Title Bout**

BOSTON (UPI) — Sugar Ray Robinson failed to appear Monday at a luncheon to meet the press, but promoter Sam Silverman said there was no doubt Robinson would show up June 10 to meet Paul Pender.

Robinson and Pender are matched for the middleweight championship of Massachusetts and New York.

Silverman announced that Robinson, who has a record on non-appearance at fights and other affairs, was grounded in New York by bad weather and was unable to fly to Boston.

**Eagles Sign Back**

PHILADELPHIA (UPI) — The Philadelphia Eagles Monday announced the signing of Theron Sapp, a 200-pound back to a 1960 contract. He is presently serving a six-month hitch in the Army.

**Texas U. Lands Six Players On All-SWC Baseball Team**

By United Press International — Tom Belcher, who helped pitch Texas to the Southwest Conference championship, and Southern Methodist's hard-hitting first baseman, Nick Brownridge, were unanimous choices to the All-Southwest Conference Baseball team named today by conference news directors.

Champion Texas furnished six members of the 13-man first team.

Longhorn center fielder Roy Monge, who hit at a .333 clip, was named outstanding player of the year. Bart Shirley, Texas shortstop, was named the outstanding sophomore player.

Belcher's 6-6 pitching record, best in the conference, helped him win one of the unanimous votes. SMU's Brownridge batted a lousy .306 during the season as the Ponies finished fourth.

Texas also placed outfielder Wayne McDonald, outfielder Jay Arnette and pitcher Bob Callaway on the first team.

Second baseman Jerry Funk and pitcher Bobby Barnett of Baylor won berths on the first team as did third baseman Richard Kristina of Rice and catcher Doug Moore of Texas Christian.

Southern Methodist's utility infielder Jim Williams and outfielder Glyn Gregory round out the selections. Last place Texas A&M did not land a man on the first team.

**Cubs Return Solis To TL**

SAN ANTONIO (UPI) — Marcelino Solis, 29-year-old left-hander who spun a 16-2 record in the Texas League two years ago, returned to the league Monday by reporting to San Antonio.

Solis, a native of Monterrey, opened this season with Houston of the American Association. But that affiliate of the Chicago Cubs transferred him to the San Antonio Missions Monday.

He pitched the 15-2 record in 1958 with Fort Worth of the Texas League. Later, he was 3-3 for the Cubs before going to Phoenix of the Pacific Coast League, where he had a 7-11 record.

**Cubs Try Hegan**

CHICAGO (UPI) — Veteran catcher Jim Hegan will receive a 10-day tryout with the Chicago Cubs, it was announced Monday.

Hegan, who has a .228 lifetime batting average for 16 years in the majors, was a teammate of Cub manager Lou Boudreau on the Cleveland Indians. He also formerly caught for the Philadelphia Phillies and the New York Giants.

**Coleman To Knicks**

NEW YORK (UPI) — The New York Knickerbockers signed Kelly Coleman, former Kentucky Wesleyan basketball star, to a professional contract Monday.

Coleman, a 6-3, 220-pounder, was the Knicks' second draft choice. He averaged 20.5 points a game in 28 games last season.

# Pros Shoot For Berths In Open

By STEVE SNIDER  
United Press International

NEW YORK (UPI) — Another 21 berths in the next qualifying round for the U.S. Open golf championship are up for grabs today at San Francisco and Indianapolis but it's wait 'til next year for Al Balding, Jim Ferree, Freddie Haas and a few other stars who missed out in the first round.

Three hot-shooting Californians, all playing at LaJolla, Calif., paced the nation with seven-under par 133's in preliminary trials scattered across 51 cities Monday, leading 421 players into the second series of tests scheduled in 13 cities June 6-7.

Amateurs M. O. Johnston Jr., and Charles Courtney, both of LaJolla, and pro Dick Collett of Coronado, Calif., slipped around the LaJolla layout in 133 for a one-shot nationwide lead on the nearest name player—Jimmy Clark of Saticoy, Calif., who led the field at Little Rock, Ark., with 67-67-64.

But Little Rock was a disaster area for a few name pros who stopped off their tour of the circuit to compete in the Little Rock section.

Canadian star Balding and John McMillin of Fair Oaks, Calif., were among five beaten in a playoff for the last berth. Ferree, tournament tourist from Winston-Salem, N.C., collapsed in the 90 degree heat and 75 per cent humidity and didn't finish.

Haas of Metairie, La., and Gray Brewer of Crystal River, Fla., were out of it as were Jerry Priddy of baseball fame and John Brodie of pro football note.

Generally, however, the better known players got by the first round since the competition was not nearly as stiff as it'll be June 6-7 when another 48 hot shots who were exempt from local qualifying move in to take their jacks.

Twenty-one others, led by defending champ Billy Casper, PGA champ Bob Rosburg and British Open champ Gary Player, were exempt from both the qualifying tests and they'll fire their first shot in the tournament proper when a field of 150 tees off at the Cherry Hills Country Club in Denver on June 16.

**AFL Advance Sales Exceed \$1.2 Million**

DALLAS (UPI) — Headquarters for the fledgling American Football League announced Monday more than \$1.2 million worth of advance tickets for the first season of play has been sold, and orders are still coming in.

Los Angeles, with 9,000 season tickets already sold and another 5,000 on order, expects to sell 17,000 before play actually begins. That would make the Chargers worth \$420,000 when they take the field for their first game.

AFL officials said sales are brisk in every league city, but it's too early to tell who will be the leader when all the advance sale money is in.

Oakland, the last team admitted to the league, has sold 6,000 season tickets and expects to sell a total of nearly 18,000, more than half a million dollars worth.

The Dallas Texans' sales of 4,000 advance tickets have already surpassed the entire preseason total of the National Football League's Dallas Texans, which folded after a half season in 1959.

The AFL Texans expect a total of 16,000 advance tickets. Other league teams, their advance sales and their expected totals are:

NEW YORK — All the Titans' 3,800 \$5 and \$7 box seats have been sold. Expected sales are about 20,000.

HOUSTON — 4,000 sold so far, expected sales about 16,000.

BOSTON — 3,000 sold so far, expected sales "at least 11,000."

BUFFALO — More than 5,000 sold and a total of 10,000 expected.

DENVER — Expects to sell about 12,000, but the advance ticket sale is not yet underway because the club owners also own the Denver Bears of the American Association and have been busy with baseball.

## G-Sox Top Tulsa 12-11 In Extra Inning Slugfest

NEW YORK (UPI) — They even threw the Dempsey-Tunney "bite of the long count" into the promotional hopper today to hype the ticket sales for the heavyweight title return between Ingemar Johansson and Floyd Patterson.

Patterson's newest mouthpieces, Joe Louis, said that Floyd would object to having Ruby Goldstein as the third man in the ring when they go to it in the Polo Grounds on June 20. The Brown Bomber charged that Ruby "lost control" the last time and didn't make Ingo go to a neutral corner.

Ruby just laughed. "You can't blame him for asserting that he 'can't believe Joe really means it.' Or for adding that 'there's a possibility it makes good publicity.'"

Because Ruby has officiated at some 30 championship bouts, as well as hundreds of others as a third man since 1942. So saying he can't officiate is like insinuating Esther Williams can't swim (and who cares, with such scenery); that Eddie Arcaro can't ride (so he can't, on favorites); or that Oscar of the Waldorf can't cook (and who goes to the Waldorf to eat?)

You might just as well say that Patterson can't fight. Or that if Ruby lost control, it seems quite certain that Ingo found it.

But, with Patterson's golden-tongued manager, Gus D'Amato, currently working under conversational wraps, somebody has to carry the build-up ball. So Joe did a right good job of it.

"In that first fight," opined Joe, "Goldstein didn't make Johansson go to a neutral corner after each knockdown. That would have given Floyd a few more seconds to gather himself. And after the first knockdown, Floyd still was turned the other way when Johansson hit him a foul punch behind the ear.

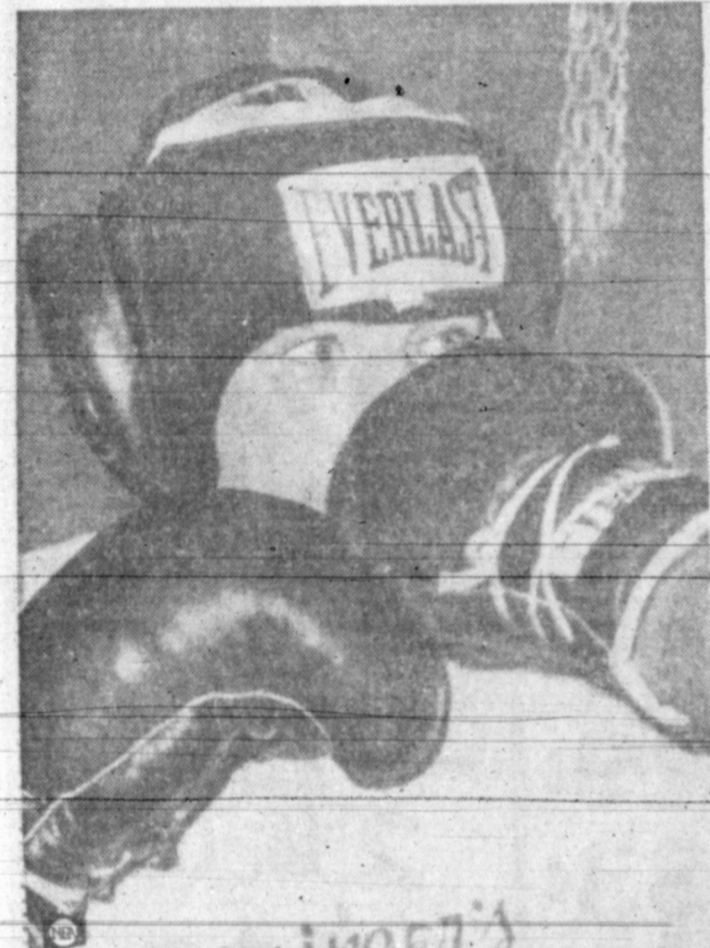

"Goldstein isn't too small to handle them," Joe added. "He just got too excited over a fast knockdown and wasn't capable of handling the situation. This next time figures to be the same kind of thing, with a lot of action, so Floyd will object to Goldstein being the referee."

How about D'Amato? Would the defrocked crusader be around this rustic retreat at all?

"No unless he wants to go to jail," said Patterson.

D'Amato was ordered to disassociate himself from the fighter, match and promotion.

"He'll manage me if I fight outside of New York, I guess," continued Patterson, "and will get his money, but from now on I'm making my own decisions. I regret that I didn't carry the title better. I at 25.

Sipping the post-workout cup of tea in the roadhouse in the Connecticut hills, the soft-spoken Patterson, the youngest man ever to win the heavyweight championship, unburdened himself in a manner that would have been impossible in the days when the mysterious Gus D'Amato hovered and fussed over his charge like a mother hen.

# New Embassy In Mexico D.F.

By JAIME PENN  
United Press International

MEXICO CITY (UPI)—The United States Saturday signed a five-million-dollar contract for a new embassy office building.

It will take about three years to build and will replace rented skyscrapers, including eight quarters in various downtown skyscrapers, including eight floors on Paseo de la Reforma. The six-story building, depart-

ing from the dominant modernistic panorama of Mexico's newest edifices, will be across Danubio Street from Bolivian tin magnate Antonio Patino's new 700-room hotel scheduled to open in 1961.

Both the hotel—said to be the largest in Latin America—and the new U. S. Embassy will be located just off the landscaped park circle around Mexico's monument of independence (known popularly as "The Angel.") The two buildings are to be on the

same side of Paseo de la Reforma Blvd.

U. S. Ambassador Robert C. Hill signed the contract Saturday for \$5,000,000 with the low bidder, Constructors Marinos, S. A., whose chief owners are Nicolas Mariscal Barroso and Mariano Mariscal Barroso.

Witnessing the signing besides local embassy officials were William P. Hughes, State Department foreign building offices director; Texas architects L. W. Pitts of Beaumont and R. Mas Brooks of Austin, and the Mexican engineering consultants, Leonard Zebvaert and Carlos Contreras.

The new embassy will contain approximately 75 per cent masonry, and 25 per cent glass, the customary proportions in Mexican colonial buildings, and almost a complete reversal of the proportionate components in modern skyscraper buildings here.

General design of the 200-foot wide, 210-foot-long and 100-foot building will be a hollow oblong, with peripheral corridors overlooking a ground floor patio and garden with reflecting pool surrounded by a series of open concrete arches.

This is a style customary in many Mexican government buildings, most of which do not have fountains, however.

Usable floor space is estimated at 154,000 square feet.

From the foreign editor's notebook:

(After the summit)

It is now important to keep eyes peeled on Soviet First Deputy Premier Anastas Mikoyan. There has been speculation in the West that he has been demoted. Like Khrushchev, Mikoyan has been a public advocate of the theory of peaceful coexistence. If Western reports are correct, and Mikoyan is on his way out, it undoubtedly will be confirmation of a group in heading toward power in Moscow.

The wreckage of the summit and the renewal of the cold war may have saved British Labor Party Leader Hugh Gaitskell. For months he has been fighting a losing battle to keep his party from going pacifist, or at least from advocating unilateral renunciation of nuclear weapons. With the world situation now drastically changed, Gaitskell's "Keep Britain Strong" policies probably will prevail.

**BRANDY JUST DANDY**

POMATA, Peru (UPI)—A Maryknoll missionary, the Rev. Richard M. Quinn, of San Jose, Calif., drove into a little Indian service station for brake fluid when his brakes gave out on a dangerous mountain road, Maryknoll headquarters in New York reported today.

The Indian proprietor didn't have any brake fluid, but he suggested that Father Quinn pour some all-purpose "pisco" Indian brandy into the brake cylinder instead.

"The brakes worked perfectly for the rest of the trip," Father Quinn said, "and I challenge anyone to show me any other hydraulic brake fluid that can be also used for anti-freeze, liniment, antiseptic and cold feet."

**SPACE TRAVEL "NEAR"**

LONDON (UPI)—Vladimir Cherenkovsky, a member of the Soviet Academy of Scientists, said in a Moscow radio broadcast Sunday that the Russian space ship has laid the groundwork for a man to be sent into space "in the not far distant future."

French President Charles de Gaulle has not abandoned his plans to visit Russia despite the summit breakdown. But insiders in Paris say it will not be before the summer of 1961 at the earliest. Originally, he had planned to go some time this summer.

Watch for Germany's armed forces to increase in power as result of the resumed cold war. Restrictions preventing Germany from building destroyers of more than 3,000 tons have been lifted, with a new limit of 4,000 tons set. The tonnage limit on submarines also has been raised. Germany has just announced the purchase from France of 20,000 SS-11 anti-tank rockets. Further strengthening of German forces is expected and efforts to reach the 350,000-man armed forces goal are being stepped up.

With the out-and-out Communist newspapers the only exceptions, the entire Italian press has placed the blame squarely on Soviet Premier Nikita Khrushchev

ATLANTA (UPI)—You can call a telephone number in Tuscaloosa, Ala., and find out where the fish are biting.

In hundreds of other cities, the same simple step will get you a comforting prayer, the time of day, the temperature, market tips and appeals to support all manner of local activities.

In this age of the electronic opus about to get the best of you? There's an answer for that, you know.

"Before you do anything drastic, call Jackson 6-8592," the Memphis (Tenn.) Union Mission urged in cards sent all over town.

The mission telephones are manned around the clock by staff members who read scripture verses from a prepared list.

But most of the time and temperature calls today are handled by an automatic gadget manufactured here (by the Audichron Company) and installed in the central offices of telephone exchanges. It consists of a revolving magnetic drum with up to 182 different sound tracks. The

The Italian Communists have been emphasizing their peaceful intentions, but now even border-line Reds are placing the blame for the summit fiasco on Khrushchev.

In the Far East, observers would not be surprised to see some "diversionary" Communist action in the wake of the summit meeting. It could come in a stepped-up Communist attack against the Nationalist-held islands of Quemoy off the Red China mainland. But it could just as well come against South Viet Nam or Laos.

machine can handle 1,000 calls a once.

In most cities, the voices you hear on time and temperature calls are those of two Atlanta radio and television artists—Don Elliott and Mrs. Berrien L. Moore.

About once every two weeks they go to a small, scientifically constructed studio for 15-minute sessions of reciting new messages. The recordings are sent all over the nation.

The voices sound so natural that a woman once telephoned an insurance company that sponsored the service and admitted she had fallen in love with the voice of the man who told her what time it was. She wanted his name and was crushed to learn the bitter facts.

Another woman telephoned the

**ARTHRITIS?**

I have been wonderfully blessed in being able to return to active life after suffering from head to foot with muscular soreness and pain. Most all joints seemed affected. According to medical diagnosis, I had Rheumatoid Arthritis, Rheumatism and Buritis. For free information write:
