Five More Cubans Die Under Guns Of Castro Executioners

Guerilla Resistance Leader Reports 1,600 Regroup In Mountains

HAVANA (UPI) — Prime Minister Fidel Castro's firing squads today executed five Cubans convicted of "counter-revolutionary" activities against his government.

The executions, carried out at dawn, raised to 19 the total number of anti-Castro Cubans put to death since the beginning of this year.

They came as the regime faced mounting attacks by terrorists in various parts of the island.

Four men were shot in Havana by firing squads at La Cabana fortress prison. Another was executed at the same time in Pinar del Rio.

The first two to die this morning were Jose Rodriguez Linares and Apolinar Zayas Damas, found guilty of setting a city bus afire last month while masquerading as Castro militiamen.

The other two executed in Havana were Radames A. Cazata and Bienvenido I. Cruz, convicted of planning to blow up a telephone installation. Cazata was a former member of Castro's secret police. He and Cruz were seized with a supply of arms and explosives in a commandeered telephone truck.

In Pinar del Rio an army firing squad shot Rey Espinosa, charged with planting bombs in the nationalized copper mine at Mathambre. Angel Venereo, convicted with Espinosa, was also sentenced to death but an appeals

court ordered him imprisoned for 30 years.

A spokesman for the anti-Castro MRR organization scoffed at the government's claim that it has "virtually smashed" anti-Castro guerrilla resistance in the Escambray Mountains of central Cuba.

The MRR spokesman estimated there are still 4,000 anti-Castro guerrillas operating in the Escambray region. He said they have inflicted more than 1,600 casualties on government militia men while suffering "very few losses" themselves.

He said the MRR alone has 1,600 armed men in the Escambray, most of them anti-Communist deserters from Castro's army. He said Maj. Evelio Duque, Cesar Paez and Rolando Ramirez are the MRR commanders in the area.

Lawmaker Says Loan Bill Brought Threat

AUSTIN (UPI) — Rep. Criss Cole of Houston said he was threatened if he opposed the small loan industry in Texas and supported legislation to stamp out loan sharks.

Cole told the House Banking Committee that he had been warned that he would be "committing political suicide" by pushing his bill to regulate the small loan industry in Texas.

"This bill will have more special interests involved than any other bill before the legislature," Cole said. "I hope the committee will keep in mind the public interest."

Similar legislation was sponsored by Reps. Tony Koroth of Sherman, Menton Murray of Harlingen, R. H. Cory of Victoria and DeWitt Hale of Corpus Christi.

Rep. Ben Lewis of Dallas, committee chairman, sent the five

to a five-man subcommittee after the hearing, which was attended by more than 100 persons.

Assistant Atty. Gen. Willis McVey, who said he spoke for Atty. Gen. Will Wilson, termed the Cole bill the best one to regulate loan sharks.

McVey suggested several "technical improvements" such as establishing a definite maximum charge for all interest and other services, and making operating a loan business a misdemeanor with all loans so made to be void and unenforceable.

Ted Hansen of the Houston Better Business Bureau told committee members his office had 2,740 complaints of usurious interest charges in the last 12 months.

"Conditions today require protection of the public more than ever, before," Hansen said.

CHAMPIONS ARE SOLD — Don Woods, top photo, poses with the grand champion calf owned by Fred Brown of McLean after it was sold to Lynn Boyd, right, and Mrs. Inez Carter of Pampa. The 888-pound Angus sold for \$882.00 at \$1 per pound. Bottom photo shows the Reserve Champion calf of the Junior Livestock Show owned by Billy Pletcher of Perryton. Buyer of the 882-pound Hereford was Frank Carter, right, of Pampa. The price was \$529.20 at \$60 per pound. The Hereford Breeders livestock sale this afternoon concludes the three-day livestock show at Recreation Park. (Daily News Photo)

Stock Show Ends With Grand Champion Sales

The 16th annual Top 'O' Texas Junior Livestock Show came to a successful end this afternoon with the Hereford Breeders' banquet in Pampa's Recreation Park.

It marked the final event of the three-day stock show which moved into an anti-climax last night with the livestock judging banquet in the Pampa High School cafeteria and the Hereford Breeders' banquet in the Coronado Inn. (See related story on Page 3.)

At the high school banquet, announcement was made that the three-man team from Frenship, J. Stapleton, G. Cook and R. Hughes, finished first in the FFA livestock judging competition. The Frenship team finished with 1098 points. Clarendon was second with 1094 and Nazareth's team was third with 1077.

Le Keeton of Canadian won first place among individual judges with 387 points. J. Hudson of Groom was second with 383 and M. Denny of Happy was third with 379.

Another feature of the judging banquet was the award of the Frank Carter Scholarship which this year went to Gerald D. Fields of Hart. In second place was Joe M. Triplett of Claude and Herman J. Koetting of Groom ranked third.

Yesterday afternoon's stock show program was taken up with the judging of Hereford breeding cattle.

In the Hereford judging the Grand Champion bull selected was entered by J. P. Callihan of Conway. Reserve Champion bull, McGee and Breeding of McLean.

Grand Champion female, owned by Tommie Potts of Memphis; Reserve Champion female, owned by J. P. Callihan of Conway.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

Cabot Gets Gun Tubes Contract

An \$870,000 contract for additional gun tubes for the Watervliet Arsenal at Watervliet, N.Y., was received today by the Cabot Corp. Machinery Division in Pampa, it was announced by R. A. Baker, manager of the Machinery Division.

The government order, Baker said, is in addition to the \$1,884,000 contract for the Watervliet Arsenal awarded to Cabot last Dec. 12.

The new contract calls for additional 90mm. and 105mm. rough-turned, heat-treated gun tubes.

In order to meet delivery requirements, Baker said, the combined contracts will require the ordinance plant to be on a six-day week-around-the-clock operation through next July, with a gradual tapering off and completion of the work in November of this year.

In addition to the gun tubes the Machinery Division has started fabrication of equipment to be used in construction of a Cabot Corp. carbon black plant in Argentina.

This work, according to Baker, has enabled the fabricating shop to temporarily resume work on a five-day week.

The new contract, Baker added, will not require additional help. Instead, he said, workers to fulfill the contract are being transferred from other departments of the Machinery Division.

Polaris Submarine Sets New World Endurance Mark

DUNOON, Scotland (UPI) — The U.S. Navy announced today that the Polaris submarine USS Patrick Henry set a world endurance record of 66 days and 22 hours submerged during its trip to the new American missile sub base in Scotland.

The sub's skipper, Capt. Harold E. Shears of Groton, Conn., said the time was 12 hours better than the previous record set by the Patrick Henry's sister ship, the George Washington.

Shears said they traveled more than 11,000 miles before surfacing Tuesday night.

The Patrick Henry, first U.S. missile-carrying submarine to use the new Holy Loch anchorage, sailed up the fog-shrouded River Clyde and dropped anchor alongside the submarine tender Proteus at 10:03 a.m. today.

Wheels not balanced cost you money, our Bear equipment can spot the trouble, come to Pampa.

WINNING FIGHT — Movie star Elizabeth Taylor is winning her fight for life against staphylococcus, one of the most virulent types of pneumonia known to mankind, her doctors have announced. Miss Taylor's breathing is being helped by a British-developed electronic lung after she underwent a tracheotomy at the exclusive London Clinic and had a tube inserted in her windpipe. She is shown here being carried into the clinic. (NEA Radiophoto)

Doctor Says Movie Actress Improving

LONDON (UPI) — Elizabeth Taylor's doctor said today the movie star maintained her improvement in her battle against double pneumonia.

Dr. Carl Heinz Goldmap said Miss Taylor is "still on the danger list — but only just." The doctor visited the clinic for only 10 minutes this morning in sharp contrast to the much longer visits earlier this week.

Doctors administered a recuperative drug specially flown from the United States to Miss Taylor early today — the best indication yet that the actress is winning her fight for life.

Goldman said Miss Taylor spent a quiet night and was "resting quietly" today.

Doctors, family and friends were heartened by Miss Taylor's progress during the past 24 hours. Goldman said she will be "out of the woods" by tonight if her recovery continued at the present rate.

A case of drugs — called staphylococcal bacteria phage lysate — was brought here early Tuesday by jet plane from New York by Milton Blackstone, manager of

Pick Test Cities For Stamp Plan

WASHINGTON (UPI) — Agriculture Secretary Orville L. Freeman has announced that President Kennedy's food stamp plan to help the impoverished will be tested in the city of Detroit and seven other localities from Montana to Kentucky.

Congolese Government Refuses To Return Supply Ports To UN

LEOPOLDVILLE, The Congo (UPI) — The Congo central government refused today to return the strategic supply ports of Matadi and Banana to U.N. control.

An announcement said the Leopoldville regime had decided to assume control of U.N. troops and supplies moving in and out of the Congo.

LEOPOLDVILLE, The Congo, (UPI) — Jubilant Congolese officials today hailed the ouster of U.N. troops from the strategic ports of Banana and Matadi as a decisive "victory" over the United Nations.

Moving? Call 4-6887 — Bruce and Son Moving Co. and let us help you with your moving problem. Adv.

Texan In Fight As Korean Peace Talks 'Explode'

PANMUNJOM, Korea (UPI) — After almost ten years of name-calling and insults, the Korean War "peace" talks exploded today into a fist fight.

American M. P. Capt. William C. Lyons of Lubbock, Tex., got a bloody lip in a brawl with four North Koreans. M.P. Specialist 4, C. Cleveland L. Campbell of Detroit, Mich., was slapped in the face by a Communist guard.

A Red soldier said his foot was stepped on.

Communist newsmen circled the fighters during the battle and shouted "kill him, kill him" to Lyons' opponents.

Today's fight got started in the truce talks compound at the same time North Korean Maj. Gen. Joo Chang Joon was charging the U.N. command with "colonial rule" and American Army Maj. Gen. Richard Collins reported with accusations of "slandorous language" during the Military Armistice Commission's 137th meeting.

Campbell said he was walking his post past a Communist guard when the North Korean slapped him without provocation.

The Communist soldier said Campbell stepped on his toe.

Campbell reported the incident to Lyons without striking back and the captain hurried over and asked him to identify the guard.

At this point, the U.N. command claimed, Lyons was pushed by a North Korean major, slugged by the guard, and grabbed from behind by another Communist soldier, while a fourth Red joined the fight.

Education Bill Reaches Hurdle

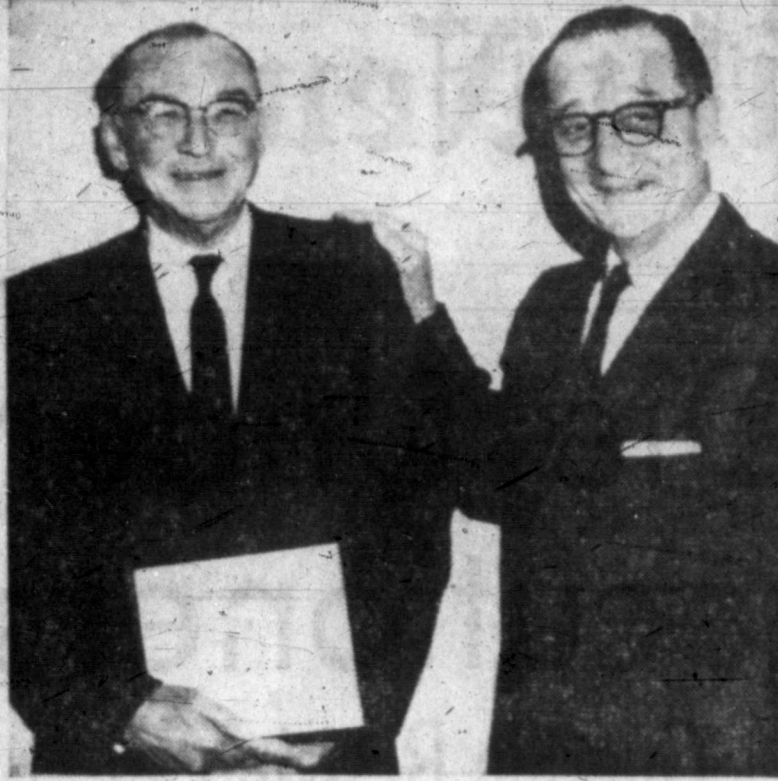

WASHINGTON (UPI) — President Kennedy's \$5.6 billion education bill reached its first congressional hurdle today with a senator and a Cabinet officer ready to testify in its behalf.

Sen. J. William Fulbright, D-Ark., a former Rhodes scholar and university president, and Health, Education and Welfare Secretary Abraham A. Ribicoff were the scheduled opening witnesses at Senate hearings.

Nine differing measures were before the Senate's education subcommittee headed by Sen. Wayne Morse, D-Ore.

SCHOLARSHIP WINNER — Gerald D. Fields, left, a member of the Hart FFA chapter was presented the Frank M. Carter scholarship award at the Top 'O' Texas FFA Livestock Judging Contest banquet last night in the Pampa High School cafeteria. The presentation was made by Floyd Watson of Pampa in Carter's absence. High team score for the livestock judging contest was awarded to the Frenship chapter. (Daily News Photo)

40 YEARS WITHOUT ACCIDENT — Hugh Burdette, manager of Cabot Corp. Western Division, is shown here on the left receiving a 40-year safety certificate from E. J. Green Jr., manager of Cabot's Gas and Oil Division. The award marks the longest period without last time injury ever amassed by an individual Cabot employee in the Western Division.

Cabot Official Wins 40-Yr. Safety Award

Presentation of a 40-year safety certificate to Western Region General Manager Hugh Burdette was the highlight of the Cabot Corp. annual safety dinner held for Pampa district employees in Colorado Inn last Saturday night. The award honored the longest term of company service without last-time injury ever amassed by an individual employee in the Western Region. It was presented to Burdette by E. L. Green, Jr., manager of Cabot's Oil and Gas Division. Approximately 200 district employees of Cabot's Carbon Black Division and Oil and Gas Division were in attendance at the dinner. Personnel from the Research and Development Department, Schaefer Plant and the Oil and Gas Division were eligible for 100 per cent attendance as a result of having worked 1960 without sustaining a disabling injury on the job. Honor guests from the Pampa Plant, Cabot Engineering Company and Pampa Office were present at the safety meet, sponsored by the Cabot Corp. Safety and Insurance Department. Individual safety certificates were presented for no lost-time accident in intervals of five years, and representative of a cumulative total of 925 years safety worked, were presented to 80 employees. In addition to the 40-year certificate presented to Burdette, 25-year safety certificates were presented to Mont C. Allison of the Pampa Plant, John J. Seitz of the Schaefer Plant and L. B. Paden of the Gas Department. Raymond H. Ellis of the Gas Department, Pampa, and R. E. Dobbin, Director of the Research, Development and Technical Service Department, were awarded 20-year safety certificates while thirty-three 15-year, fourteen 10-year and twenty-seven 5-year safety awards were presented during the evening. Regional Manager Burdette addressed the group following the buffet. Individual 20-year safety awards were presented to nine Cabot Corp.

Foreign Commentary

By PHIL NEWSOM

Among those who attempt to follow Communist affairs closely, a current favorite topic of speculation deals with events inside tiny Albania.

For this smallest and poorest of the Communist nations has joined with Red China to oppose the leadership of Moscow.

Kingpin Albanian Communist is Gen. Enver Hoxha, 52-year-old first secretary of the party. He was one of the founders of the Albanian party in 1941 and for most of the time has been its recognized leader.

He has kept himself in power throughout frequent purges along the same lines followed by the late Soviet Premier Josef Stalin, of whom he was an ardent admirer.

Now he has elected to join Mao Tse-tung in bitter opposition to Nikita Khrushchev's policy of peaceful co-existence with the West and to Khrushchev's moderate policy toward President Tito of Yugoslavia.

Albania always has been a pauper nation dependent for help on others in the Communist bloc, first on Yugoslavia before Hoxha's break with Tito, and then on the Soviet Union and its various partners.

Albania's geographical position makes her the most vulnerable of the Communist satellites and makes her present actions all the more cause for speculation.

On the one side, she has "revisionist" Yugoslavia whose success threatens the very existence of Hoxha's Stalinist-style regime. On the other she has the NATO allies, Greece and Italy.

Negro Population Near 19-Million

WASHINGTON (UPI) — The Census Bureau reported today that as of last April the Negro population of the United States was 18,871,831.

Thus, Negroes accounted for 10.5 per cent of the 50-state population of 179,323,175.

NOT WORTH TRYING

CLEVELAND, Ohio (UPI) — Brink's, Inc., is giving helpful information to any holdupmen who might be eyeing a station wagon the armored car firm operates here.

A sign on the vehicle's side reads: "Canceled checks only."

Yet from this position of weakness, Hoxha has dared to accuse Moscow of interference in internal Albanian affairs and to link himself with Red China, a powerful but most distant ally.

How does he expect to get away with this defiance of Khrushchev? Entering into his calculations may be these considerations:

Any attack on Albania would be an attack on Peiping, opening up for all the world to see the ideological and nationalist differences within the Communist camp.

To force the removal of Hoxha would be an admission of weakness, since Khrushchev would be doing to Albania what he could not do to Red China.

Finally, despite the development of rockets, the Soviet submarine base in Albania continues of sufficient worth to make Albanian stability important, since it provides an outlet, to the Mediterranean.

Young Democrats Meet Tomorrow

The Young Democratic Club of Gray County will meet at 7:30 p.m. Thursday in the County Court Room for a general business meeting and committee work.

J. Carubbi, president, has announced. The executive committee will meet before the general meeting at 6:45 p.m. Carubbi said that following the general business meeting, the committee will meet to complete plans and proposals for action and report back to the entire club.

Refreshments will be served by the executive committee. Persons interested in the club are welcome to attend, Carubbi said.

New Tax Book Okayed For 'Top Reading'

WASHINGTON (UPI) — Tax Foundation, Inc., has published, in a bright red paper cover, a book on government finance that a child with eighth grade skill in arithmetic should be able to understand.

The child could understand most of it, anyway. This book is recommended reading, however, for the child's father and any other taxpayer. Several tabulations in the Tax Foundations' publication should be read with special attention to a socko line from President Kennedy's inaugural address. The line was this: "Fellow Americans, ask not what your country will do for you—ask what you can do for your country."

It has been a long time since Americans thought of government in the terms suggested by the new President. Perhaps they never did think in those terms. The pressure on government is now, and long has been, to do something for our fellow Americans.

This pressure is effective. It has boosted government spending by many billions of dollars. For example, government spent about \$68 billion in fiscal year 1954 under the first Eisenhower budget.

President Eisenhower budgeted for the current, 1961, fiscal year to spend about \$80.5 billion. You may believe that this big hike in government spending over a seven-year period should be charged to the cold war and other international deliriums. Not so. The 1954 expenditure for major national security was almost \$47 billion. The current budget proposes major national security spending just short of \$46 billion, about \$1 billion down from 1954.

Says Recession Has Chopped Federal Revenue

WASHINGTON (UPI) — Treasury Secretary Douglas Dillon said today the recession has chopped at least \$1.5 billion from the 1962 federal revenues forecast by former President Eisenhower in his outgoing budget.

Dillon did not say whether this loss would wipe out the \$1.5 billion surplus forecast by Eisenhower for the government budget in fiscal 1962, which starts July 1.

Dillon would not say whether this loss would wipe out the \$1.5 billion surplus forecast by Eisenhower for the government budget in fiscal 1962, which starts July 1.

Bill Would Hit Benefits Fibbers

AUSTIN (UPI) — A bill to put more teeth into penalties for persons who make false statements to get unemployment benefits had overwhelming Senate approval and headed to the House for action.

Senators passed by 28-2 vote a bill by Sen. Culp Kreuger of El Campo to raise the maximum fine from \$50 to \$500 for false statements on applications for unemployment insurance compensation.

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now you can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable dread-dread feelings. When these discomforts combine with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in a separate way: by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action—tending to increase output of the 11 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

Nightin' Gals Club Has Social Meet

GROOM (Spl) — The Nightin' Gals Club met recently in the home of Mrs. Ernest Lamberson, with Mrs. Charles Banks as co-hostess.

Games of pinocle were played with high score prize won by Mrs. Mike Homer and low score prize won by Mrs. Eldred James.

Refreshments were served to one guest, Mrs. Eldred James, and members. Mmes. Carl Homer, Jack West, Jimmy McCasland, Walter Garmon, Mike Homer, Robert Clayton, Kenneth Black, Jim Littlefield, Lee Crowell, Ruby Lee Jones, Ruby Denton, L. C. Jones, Joe Davis, Bill West, John L. Witt, Glynn D. Harrell, Miss Beulah Shockley, and the two hostesses, Mrs. Lamberson and Mrs. Banks.

Entre Nous Club With Mrs. Steed

GROOM (Spl) — The Entre Nous Needle Club met recently in the home of Mrs. Van Earl Steed. Refreshments were served to the following guests: Mmes. Madison Fields, of Amarillo, Ross Nix, Turner Kirby, C. L. Culver and E. C. Goodlett.

Members present included Mmes. Ted Bones, W. S. Jones, Jimmy McCasland, Rudolph Tucker, J. W. Emery, Roy Ritter, S. K. Roach, E. R. Hes, T. T. Foster, C. A. Morrow, C. L. Ludwig, John Ray, Benton Moreman, P. B. Farley and the hostess, Mrs. Steed.

Gray County Council Completes Plans For Serving At Annual Fat Stock Show

Gray County Home Demonstration Council met recently in the Courthouse Annex with Mrs. A. P. Coombes, chairman, opening the meeting with the club prayer. Mrs. Jack Prather gave the secretary's report.

Presidents of the five home demonstration clubs, Merten, Goodwill, Worthwhile, Bell and Lefors, gave monthly reports.

Mrs. D. W. Swain, committee chairman for the Fat Stock Show, gave the final report of plans presented by the committee. "The Fat Stock Show will begin Mar. 4 and continue through the 8th," according to Mrs. Swain. "Members of the five clubs will serve food during the show in the lunch room at the Top O' Texas Rodeo Barn beginning at 7 a.m. daily."

Miss Lou Ella Patterson, HD agent, announce that a class in custom tailoring is in progress now and that another one will be starting soon. She asked that those interested in taking this class should call her office before the 10th of March.

Following the council meeting, a special meeting of the THDA committee was called by Mrs. Tom Anderwald, chairman for the purpose of electing three delegates to attend the District One meeting, which will be held in Dumas on April 6.

Delegates named were Mmes. Carl Smith, Bell Club; Jack Ho-

"The Dreamer Cometh" Mission Book Studied By First Baptist Groups

First Baptist Church Circles met on Wednesday morning for mission study with the following reports:

FRANK GILLIAM CIRCLE met in the home of Mrs. A. C. Troop with Mrs. Wes Langham offering opening prayer. Mrs. R. L. McDonald conducted the business meeting which was followed by Mrs. Jim Shepard. Mrs. F. H. Goodwin gave closing prayer. Mrs. Shepard was welcomed as a guest. Eight members were present.

DORENE HAWKINS CIRCLE met with Mrs. Arthur Bullock with Mrs. O. T. Edgerton giving the opening prayer. Mrs. W. R. Morrison was in charge of the business session. Bible study was presented by Mr. Louis Tarpley. Closing prayer was by Mrs. V. L. Hopp. The next meeting will be with Mrs. Paul Appleton, 1319 E. Francis. Ten members were present.

WINNIE TRENT CIRCLE met with Mrs. C. F. Crowson Jr. with Mrs. O. G. Trimble in charge of the business meeting. Opening prayer was offered by Mrs. J. A. Hopkins and closing prayer by Mrs. J. A. McLain. Mission study was presented by Mrs. Crowson on the book, "The Dreamer Cometh."

Mrs. J. A. Hopkins will be hostess for the next meeting in her home, 1710 N. Russell.

KEZZIE MAE SERIGHT Circle met in the home of Mrs. S. B. Sybert with Mrs. A. L. Prigmore offering opening prayer. The busi-

Pampa Assembly Conducts Initiation

CANADIAN (Spl) — Initiation ceremonies for girls into the Rainbow Girls Assembly were held recently in the WCTU Building. Members of the Pampa Assembly were present to hold the initiation.

Those initiated were Miss Sandra Sumner, Jimmie Ullom, Linda Ullom, Karol King, Pula Moore, Cynthia Morey, Judy Jones, Sue Woods, Eva June Wheeler, Sue Lynn George, Mary Rivers, Joann Smith, Juanita Wilson, Janie Walker, Dixie Petree, Cheryl Ann Wolverson, Betty McCartney, Joyce Hoobler, Ann Hughes, Phyllis Sorenson, Glennia Smith, Roxanne Robinette, Melba Johnson, Sue Hext, Darla Prater, Mary Howard, Violet Howard, Mary Crowell and Marcia Crowell.

Mrs. Miller Guest At Farewell Party

LEFORS (Spl) — Mrs. A. M. Miller was guest of honor at a coffee given in the home of Mrs. R. T. Jinks recently. Mrs. Miller left Mar. 2 for Downsville with her husband, who has retired from Coltexo Corp.

The serving table was laid with a white damask cloth centered with an arrangement of rosebuds in a green and brown vase. Silver and china completed the table appointments.

Mrs. Ann Glover served the coffee and Mrs. Jinks served the rolls.

Gifts were presented to the honoree.

Attending were Mmes. Burl Davis, Carl Wall, J. B. Martin, R. T. Jinks, Earl Lane, Bessie Call, Bob Klein, W. H. Wall, Doyle Harris, Gordon Robinson, J. O. Wiggins, Charles Roberts, and R. C. Ogden.

Dear Abby... Interrupting Wife Is Not Funny!!!

ABIGAIL VAN BUREN

DEAR ABBY: I have a reputation for being a pretty good story teller and wherever I go, people ask me, "Have you got any good ones?" I do fine when my wife isn't around. When she is, all I have to do is start telling the story and she butts in with, "You are telling it wrong." Naturally, I get all tied up in knots and can't tell it right. I sometimes say, "All right, then YOU tell it." But this doesn't help because she doesn't really want to tell it. All she wants to do is correct me. How do you handle a wife like that?

CUT DOWN DEAR CUT: Don't lock horns in public. When you are alone together and she is in a good mood, explain that even though you might be telling it wrong, she should keep quiet. Your friends will forgive a man who butchers a story, but not a woman who cuts up her husband.

DEAR ABBY: I made a terrible mistake when I told my neighbor I could sew. She started bringing over all her things for me to alter. At the beginning I didn't mind — but when she started bringing me her children's clothes to alter and repair, I think she went too far. I am not hard up, but if she wants me to be her tailor don't you think she should pay me for it? Yesterday she brought over a bottle of dime store cologne and said, "Here is a little token of my appreciation. I wouldn't insult you by offering you money." What should I do? I'd rather have her for a friend than an enemy.

STUCK FOR WORDS DEAR STUCK: She will pile the work on you as long as you let her. Sewing is a respectable craft. Tell her you would not regard two dollars an hour as an "insult." If your friendship comes apart at the seams, don't fret.

DEAR ABBY: Nine years ago I married a girl I didn't love because she talked me into it and I didn't have the heart to back out. We have three beautiful children who mean the world to me. I have grown to respect and admire my wife, but I don't love her.

A few months ago I bumped into an old schoolmate. Before I knew it we were having lunch together. She's a widow and works near my office. Well, we have had more than a few lunches together and now I am crazy over her. I

FELTING MACHINE — Modern machines such as this one put new life into your mattress at Acme Mattress Company, 817 W. Foster. In another operation, mattresses are fluffed up so that they're comfortable as new. Just call MO 4-6621 and an Acme man will pick your mattress up.

One Day Will Do The Job At The Acme Mattress Company

Has your old mattress let you down? Then have it reconditioned at Acme Mattress Company, 817 W. Foster. You get same day service when you call Acme and have them rebuild your mattress, so that it's as good as new for less than it would cost you to buy a new one.

The workmanship is good. Acme has been in the business for the past 23 years. It has all the machines it takes to make a comfortable mattress out of a lumpy one. A call to MO 4-6621 brings the Acme truck to your door in the morning and then it's back again in the evening with a like new mattress. You'll scarcely know it's been gone but you'll get the good night's sleep you've been missing.

From 'Fear Fighter' To Close Quarters

Johansson Maps Style Change For Big Fight

PALM BEACH, Fla. (UPI)—Ingemar Johansson, a changed fighter at 28, finished his glove preparations today for perhaps the ring's "greatest experiment" Monday night.

Under fire, he'll attempt a transition from the long-range "fear-fighter's" style that made him world champion to a close-quarter pressure attack which he hopes will recapture the crown from Floyd Patterson at the Miami Beach Convention Hall.

It's extremely doubtful if any other boxer of Swedish Ingo's prominence and age ever attempted such a drastic shift as that for which he has been rehearsing during 266 rounds of sparring for this fight.

Now, Ingemar — strictly an upright fighter during his career — has changed to a semi-crouch, and even attempts a bob-weave at times. And he presses forward, flat-footed, after his sparmates. He jabs and jabs at them with his left — with a solid left — and tries to batter them with both fists in exchanges.

In Tuesday's six rounds with three sparmates here, this changed style proved a surprise indeed to one who hadn't seen him in action since last year. And in some respects it was an unpleasant surprise.

It appeared Ingo had sacrificed

his defensive speed afoot and his long-range explosiveness for a style that required a solid left jab and lithe close-quarter hooking ability.

Ingo's left jab, when he tries to make it solid, is a bit ponderous — of the wagon tongue variety. And he is too clumsy for effective hooking at close quarters.

Unless Ingo and his advisors have some secret weapons that were sharpened during the two private sparring sessions the staged here each week, it would seem his style-change has lessened his chance of becoming the second man to recapture the heavy crown.

INGEMAR JOHANSSON ... "great experiment"

Gallery

(continued from page 8)

a regular seven-inning game, with the new rule, it's liable to add another 15 or 20 minutes to each game.

Woldt is not quite sure what the new rule is supposed to do, but if shortening the games is the idea, he has an even better plan: do away with intentional walks as such.

"I think the best new idea would be to wave a boy on to first base if an intentional walk is signalled. That would do away with four useless pitches and speed up the game some."

But, there's the other side of the intentional walk picture.

"However, there's always a chance that a pitcher may wild pitch or get the ball too close on an intentional pass and the batter might punch out a base hit," Woldt concluded.

At any rate, like it or not, the new rule will be in force at least this season. District coaches will meet at the end of the year to review the rule and pass on it — one way or another — permanently.

As things stand now, it's pretty obvious that the rule will not be renewed after its trial run ... but then, that's what they said about the 1 or 2-point football conversion rule passed a couple of years ago.

Duran KO's Miramontes

SA NANTONIO (UPI)— Frankie Duran of Austin, Tex., followed a left hook to the body with a right cross to the jaw to knock out former Texas bantamweight champion Henry Miramontes of Dallas Tuesday night in the second round of a scheduled 10-round fight.

Duran flattened Miramontes in the first round for a 9-count. Miramontes weighed 120 pounds and Duran tipped the scales at 117 pounds.

Jockey Redeems Self With Winning Combo

By United Press International

Jockey Ralph Neves, reinstated Tuesday following a two-week suspension, lost little time returning to the winner's circle.

Neves booted home Linden Boy in a \$6,000 allowance test at Santa Anita Tuesday for an \$84.60 payoff and then topped this by scoring aboard Oil Royalty in the featured \$10,000 Glendale Purse.

Oil Royalty, kept off the pace for the first half mile, came to the outside on the turn and passed Quiet Eyes in the stretch to win by a nose. Great Dame was third, followed by Amri-Ann and the favored Het's Pet.

The winner raced the seven furlongs in 1:23 2-5 and paid \$13.80, \$6.60 and \$4.40.

Shirley Jones made her first 1961 appearance a winning one with an easy two and one-half

length victory in the feature at Gulfstream. Coup D'etat was second and the fast-closing Chance Gauge was third.

Well-riden by Johnny Sellers, Shirley Jones was clocked in 1:22 3-5 for the seven furlongs to equal the track record. Shirley Jones returned \$7.40, \$2.80 and \$2.40.

Eastern Hobo overcame a four-length deficit in the stretch to win by a nose over Tuscani Pump at Bowie with Yes You Will finishing third. The 6-year-old chestnut, ridden by Marion Haycock, neared a nose. Great Dame was third, followed by Amri-Ann and the favored Het's Pet.

Nora Boyle won her second race in six starts this year, out-duelling Adams St. and Bobby R. to pay \$7.80 at Lincoln Downs and Whiz Along returned \$13.00 at Oaklawn.

Horns Sweep SHSC Series

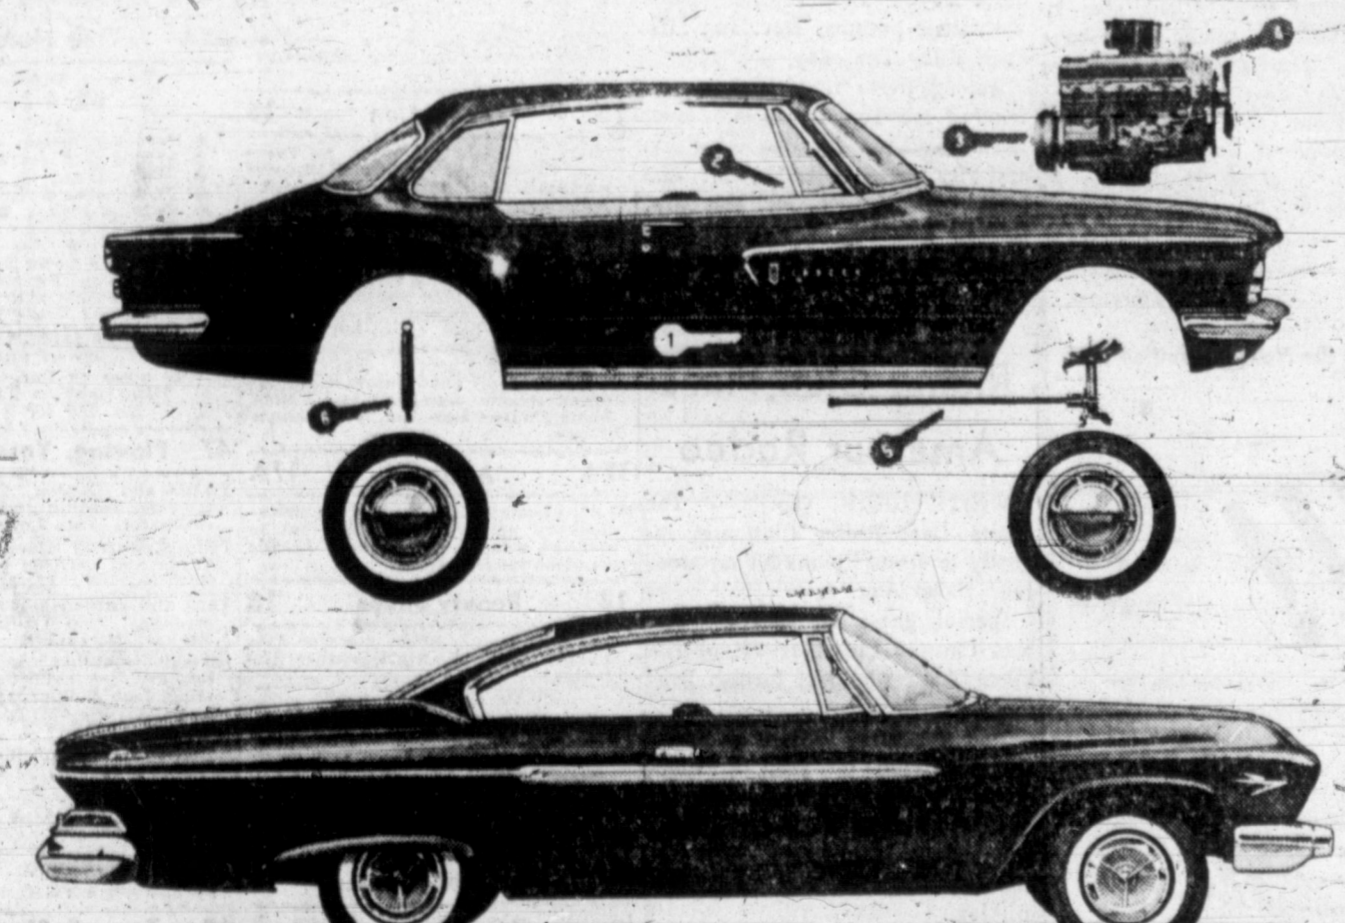

AUSTIN (UPI)— Third baseman David Skinner checked a 10th-inning single with two outs to push across the winning run Tuesday as the Texas Longhorns mipped Sam Houston State, 6-3, to sweep a two-game non-conference baseball series.

The Longhorns battled from a 5-0 deficit, sparked by inside-the-park home runs by outfielders Sam Rosson and Phil Hipps and three hits by second baseman Pat Rigby.

David Burleson allowed only safeties in a 4 1-3 inning relief stint to gain credit for the victory. Sam Houston relief pitcher Lanny Nash suffered the loss.

WRITERS HONOR RUSSELL NEW YORK (UPI)— Bill Russell, 6-foot, 9-inch rebounding star of the Boston Celtics, will be honored March 19 by the New York Metropolitan Basketball Writers Association as the most valuable player of the year in the National Basketball Association.

It's Colts For Houston

HOUSTON (UPI)— It's official — the Houston 1962 National League baseball team will play with the nickname of the Colts — after, the .45-caliber revolver of the same name which helped tame the West.

The Houston Sports Association, owners of the National League franchise, said the name was picked from more than 12,000 entries from 41 states and five foreign countries.

Officials said they planned to develop a replica of the Colt .45 as the team's official insignia and speculated the team may end up being called the "forty-five's," or "six-shooters."

Seven persons submitted the name of the Colts. One will be given a world series trip. The HSA said the president of the Colts Patent Firearms Co., Fred A. Roff Jr., had given the team permission to use the name.

Russia Falls In Hockey Play

GENEVA (UPI)— Canada's Trail Smoke Eaters emerged today as undisputed favorites for the world ice hockey title following Russia's defeat at the hands of an underrated but brainy Czechoslovak sextet.

The Russians Tuesday played some of the best hockey seen to date in the tournament but their luck was out. And the Czechs alternately "freezing" the puck for long periods and jumping into

slick counterattacks, caught the Russians off-guard on sufficient occasions to run out 6-4 winners.

While the Czechs were clinching their upset win, the Canadians, after two scoreless periods, finally found the range against East Germany to win, 5-2, and go to the top of the standings with eight points in four games.

The Czechs also have eight points from the same number of outings — and these two squads meet at Lausanne March 9. If the Canadians win that game, and the Russians don't drop any more

points, the Soviet sextet could still win the title by slamming Canada on the final night March 13.

In other Group "A" games Tuesday, Sweden beat Finland, 6-4, and the U.S. tied with West Germany, 4-4.

A&M Nips Rice, 6-3

COLLEGE STATION (UPI)— The Texas Aggies garnered four tallies in the sixth inning on four hits Tuesday to clip the Rice Owls 6-3 in a pre-season baseball warmup.

Rice rallied with three runs in the eighth but couldn't catch up to the Cadets.

Glass Blowers Meet To Lament Business

LOS ANGELES (UPI) — Worried delegates of the Glass Bottle Blowers Association (AFL-CIO) opened their 62nd annual convention yesterday lamenting they haven't blown any glass for years.

"It's the brutal truth," said association president Lee W. Minton of Philadelphia. "Automation of the machine — hit us way back in 1910."

"The name was adopted in 1845, when blowing glass was something a man could be proud of — and, frankly, we're simply stuck with the title."

"To be brutal again," Minton said, "when people ask me, 'What do glass blowers do now?' I simply reply, 'They do just about everything but blow glass.'"

The reason the 630 delegates to the national convention were worried was because automation is

threatening to make new inroads in the glass blowers' domain. About 18,000 of the union's 56,000 members hold down jobs selecting and packing glass, said Minton.

But, said Minton, "there's research along the lines of selecting and packing by machine — and such research is usually successful."

He said the 18,000 men now doing that work probably would lose their jobs if machines can be perfected to do the work.

Lamented Minton: "We believe we're a key industry. After all, we serve people from the cradle to the grave — from bottles that hold their milk as babies to the bottles that hold formaldehyde used for embalming."

SUES RKO PICTURES

LOS ANGELES (UPI) — RKO Teleradio Pictures Inc. was sued for \$1.4 million Monday because one of Eddie Fisher's movies was shown on television without permission. Ramrod Productions Inc. which has Fisher under contract, charged in its Superior Court suit that RKO violated an agreement that the film "Bundle of Joy" should not be shown on TV until June 5, 1961, five years after it was made.

JURY ACQUITS ACTOR

LOS ANGELES (UPI) — Huntz Hall, 40, former movie "Dead End Kid," was acquitted by a jury Tuesday of a misdemeanor drunken driving charge. He was arrested Dec. 28 when his auto collided with a taxi.

GROUND IS BROKEN — This was the scene Monday when the first earth was turned at the site of the new home of the Soft Water Service Co., 314 S. Starkweather. Left to right in the photo are E. O. Wedgeworth, manager; Allen Ritter, contractor for the new building; James B. Massa, co-owner of the company; County Clerk Charles Taut, the firm's first customer; John L. Rankin, co-owner; William J. Smith, company attorney; and E. Roy Smith, chamber of commerce president.

Soft Water Service Co. To Erect New Building

Keeping pace with Pampa's progress, the Soft Water Service Co., 314 S. Starkweather, has taken steps to expand and move into a new building to be built on the site of the company's present location.

Ground for the new 40 by 80-foot one-story structure was broken with special ceremonies Monday.

County Clerk Charles Taut, first customer of the soft water service back in 1944 when the company was founded, turned the first shovel of dirt yesterday, assisted by James B. Massa and John L. Rankin, owners of the company.

The owners of the company said the new building, which is expected to be completed and ready for occupancy within three to four months, will be of cinder block and brick construction.

It will house new offices for the firm, a large display area and a complete automatic regeneration plant for soft water processing.

The Soft Water Service Co. is the local Culligan Water Conditioning dealer.

Seven Candidates Seek Councilmen

LEFORS (Sp.) — Candidates seeking the office of councilmen in the April 4 election are, Ed Radabough, Leonard Gain, Fred Cullon, Fred Blackwell, Till Kin-die, Charles Roberts and Ray Dickerson.

Radabough is the only candidate seeking re-election.

Three councilmen will be elected, one will fill the office vacated recently by Wayne Wall.

According to an announcement by Election Judge D. M. Jones the polls will be open from 7 a.m. until 7 p.m. April 4.

Scientists Feel Venus May Be Life-Sustaining

By United-Press International

Venus is a fog-shrouded sphere of mystery spinning through space in an orbit between 150 million and 26 million miles from earth.

Named after the Roman goddess of love, the planet has almost completely defied efforts of astronomers to probe its surface.

The planet is considered of great interest because scientists feel there is a possibility it may either sustain human life or be somewhat similar to the earth.

The planet is slightly smaller than earth, with an estimated diameter of 7,700 miles.

It moves around the sun at an average distance of 67 million miles in 225 days.

The planet, like the earth, is enveloped in an atmosphere, but unlike the earth the clouds appear to form a complete wrapping around its surface.

Venus shines with a dazzling light because of the great intensity of the solar radiation present. This radiation is almost twice the amount on the earth's surface.

The atmosphere of the planet appears to consist mainly of carbon dioxide. For some time it was believed it contained no free oxygen or water vapor.

But in 1959 a telescope sent to an altitude of about 100,000 feet indicated that both free oxygen and water vapor were present, according to American scientists.

This discovery has not been completely confirmed.

Scientists estimate that with free oxygen and water vapor present, Venus, because of its nearness to the sun, would be a steaming jungle.

Previously it had been thought that its surface was nothing but a desert.

The latest observations also indicate that the planet does have seasons. The current estimates place its daytime temperature range from about 212 F., the boiling point of water, on its sunny side, to about 10 degrees F. on its dark side.

Venus is the second planet in order around the sun. Closest to the sun is the planet Mercury.

COOLEST COOK IN TOWN!!!

That's you — when Reddy's your helper. There's no waste heat in electric cooking. The bottom surface of your cooking utensil fits against the cooking surface — surrounds it, so to speak. That lets the heat cook the food, economically, efficiently, and keeps the cook — that's you — cool and comfortable.

NOW - 5000 STAMPS 5,000 Frontier or Gunn Bros. stamps is the bonus every Public Service customer will receive now for buying a new electric range. See your Reddy Kilowatt Dealer. See and buy — a cool, clean electric range.

Thousands Of Anti-Red Chinese Shun Formosa - And The Feeling Is Mutual

MANILA (UPI) — Tens of thousands of Chinese are opposed to communism, but are unwilling to live with the Chinese Nationalists on Formosa.

In turn, Formosa is not eager to welcome them.

These Chinese without country could find their traditional ways of life practiced daily in Formosa. But few of them want to move, and even fewer could expect to be admitted to Nationalist China, one of the great paradoxes of the Cold War struggle in Asia.

Many Chinese living in the Philippines, Indonesia and across the Indochina Peninsula to Malaya and Burma do not want to live under President Chiang Kai-shek's administration in Formosa

for many reasons.

It is far easier for an American to enter the Nationalist Chinese island than it is for a Chinese.

They have good businesses and see little opportunity for prosperity on Formosa with rigid and austere economic conditions.

Some Chinese still view the Kuomintang administration as a corrupt and dying clique little better than Mao Tse-tung's Communists.

Some have lived outside China for generations and, despite local cultural differences, feel more attached to their land of adoption than to China.

The Nationalists, although they call Formosa the island of Chinese freedom, discourage Chinese refugees from seeking haven there.

Late last year, several thousand Chinese were deported from Indonesia to Formosa — the largest single group of Chinese to settle in Formosa since the 1949 evacuation of the Kuomintang forces from the China mainland.

Formosa accepted the Chinese from Indonesia reluctantly and only because their only other destination would have been Communist China.

The Nationalist government contends that Formosa is too small and too crowded to accept any more large groups of refugees from Communist China.

The argument has some merit. American and Chinese economic officials agree that Formosa at its present rate of population growth

will be forced to stop exporting food within a few years in order to feed itself.

But a bigger block against Chinese entry into Formosa is the strict anti-Communist security system.

The Nationalists are highly tuned to the possibility of Communist infiltration, and espionage against their big military forces.

The few Chinese allowed to settle in Formosa are screened for their past political activities. In most cases, they must produce personal guarantors from the upper ranks of the Nationalist government or the military forces.

The 10-year-old dispute between the Philippines and the Nationalist government dramatizes the Chi-

nese problem.

The Manila government contends that some 2,700 Chinese are living in the Philippines illegally with expired papers.

The Philippines wants to deport them to Formosa, but the Nationalists want them to remain where they are.

Most of the Chinese at issue

came to the Philippines at the time of the 1949 Communist victory on the China mainland.

In most cases, they selected the Philippines rather than Formosa because they had relatives in the Philippines.

They entered with temporary visitors' visas which have expired and which Manila has refused to re-

new.

In most of Southeast Asia, the Chinese residents are prosperous and control a great deal of commerce.

Some of Asia's newly independent nations, jealous of their own native rights, have adopted restrictive measures against Chinese, many of whom enjoyed special privileges when their areas were under European colonial rule.

In some cases, anti-Chinese

measures and utterances are little more than political axes swung by local politicians to win votes and prestige among their own countrymen.

Chances seem good this year for more Philippine political cries against Chinese residents. This is a presidential election year in the Philippines, and the Chinese question may become one of the political issues.

Science Shrinks Piles
New Way Without Surgery
Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.
