

# RETURN OF TRIESTE TO ITALY PROPOSED

## It's Spring and It's Leap Year, Too!

Hearing the most shrill and enthusiastic wolf whistle of the season yesterday we were startled to see the object of approval turn with a winsome smile, as if she had just heard the mellow notes of the Spring Song.

We hasten to the calendar. Could it be? It is! The first day of Spring! Ah... and in Leap Year!

Around the schools the past few days we have seen small knots of little boys playing leap-frog, making like Sportatorium stars, trying to catch the bright eyes of little ladies.

Among the elders we find a quite similar activity. In Spring clothes shopping expeditions, more cheerful outlooks, the conversation not so heavily centered on the death and disaster of the current black headlines.

The new green look is coming across the Panhandle, the soft breeze from the south as gentle as the good-natured kiss of Nature herself. Shirtsleeves and garden gloves! Bring on the seed catalogues!

In case you didn't feel the electric shock, Spring drifted in yesterday at 10:37 a. m. (CST), to remain in the precarious stage of the Vernal Equinox until the loss of the Summer Solstice period, beginning June 21.

Of course, in the Southern Hemisphere the seasons being reversed, Spring comes in September. (It must be tough, having to go back to school or back to work, who have but two seasons, Winter and Summer.)

Knowing that Spring has moved all the other Great Minds of the ages, we have been unable to remain silent.

Keats beat Tinpan Alley to the punch with, "What is there in the Moon, that thou shouldst move my heart so potently!"

Later, one March night Herrick sat down and wrote, "No man at one time can be wise and love." (In the Spring.)

Some clergyman of an early day wrote between them is something as great as a month.

Then there was Mark Twain, doubtless on a visit to the Panhandle at the time, who said, "In the Spring I have counted 156 different kinds of weather."

Spring — only wet and dry seasons. They are almost as bad off as those in the Polar regions.

A man of words and not of deeds, is like a garden full of weeds." And "He loves his bonds, who, when the first are broke, submits his neck unto a second yoke."

Spring arrived with balmy temperatures all over the state, right on schedule.

It has not always been so, however, and many writers have had to have their two cents worth. Henry Van Dyke: "The first day of Spring is one thing, and the

Second day is another. The difference between them is something as great as a month. Then there was Mark Twain, doubtless on a visit to the Panhandle at the time, who said, "In the Spring I have counted 156 different kinds of weather."

## 38 Killed as Tornadoes Hit Nine States

CHICAGO (AP)—Dazed survivors salvaged their possessions yesterday from the wreckage of destructive tornadoes and winds that hit nine states and nearly wiped two Illinois towns off the map. The toll ranged from 38 known dead to estimates of 53 victims. The hunt for possibly more bodies continued.

In Michigan, meanwhile, floods took up where Friday's gales and heavy rains left off. Hundreds were forced from their homes in the southern part of the state.

The tornadoes and gales, which moved out across Eastern Canada during the night, left a path of destruction from Texas to New York. Of the 38 known dead, 24 were in Illinois, four each in Ohio and Missouri, two each in Kentucky and Pennsylvania and one each in Michigan and New York.

A state police count at East St. Louis listed 28 Illinois dead, while state police headquarters at Springfield said 36 were dead in the state. Meanwhile, the Red Cross in Washington had a higher estimate for one town that would run the Illinois toll to 41.

At Bunker Hill, Ill., (pop. 1,800), only one of six churches was left standing. Trees stood like edge of the town escaped damage, from 14 known dead to 19 estimated at \$500,000. One hundred and fifty of the community's residents were injured.

The nearby small community of Fosterburg fared no better than Bunker Hill. At least six died there. Another town in the area, Gillespie, counted three dead and \$250,000 property damage.

## U. S., Britain and France Offer Plan

WASHINGTON (AP)—The United States, in a surprise move, proposed jointly with France and Britain yesterday that the free territory of Trieste be returned to Italy. They thereby put the Italian Communists and their Yugoslav and Russian backers on the spot.

The proposal would require a surgical operation on the six-month-old Italian Peace Treaty. That treaty set up the 430 square mile area between Italy and Yugoslavia as an independent state under the United Nations.

Trieste, long a storm center, has been coveted by both the Italians and by the Yugoslavs under the Soviet-backed Marshal Tito.

Diplomatic authorities said that the proposal was made to try to help the anti-Communist forces in Italy win the April 18 national election. It was not the first such move and officials said it would not be the last.

The proposal also was interpreted as the second action within 24 hours to bring American diplomacy into line with the "stop Russia" program which now dominates Washington's foreign policy.

American officials have given up hope of operating Trieste as a truly independent area under the protection of the U. N. and are anxious now to settle this.

The Trieste move was compared by officials here to the dramatic abandonment by the United States Friday of its support for partition of Palestine. The contention on that occasion was that it did not afford a peaceful and workable solution for one of the great problems in which both America and Russia are primarily concerned.

To have insisted on partition at this time, in the American military commitments and jeopardized American oil sources in the Middle East.

Most lawmakers appeared surprised at the Trieste announcement and said they wanted to study the proposal before commenting.

But Rep. Bloom (D-NY), of the House Foreign Affairs Committee, said: "It is stupid to restore Trieste to Italy under present world conditions. It would mean trouble the way things are now in Europe."

Reps. Keefe (D-W.Va.) and Mansfield (D-Mont.) called it "a very fine thing" and "a good suggestion," respectively.

Senator George (D-Ga.) called it "a fine idea."

(See TRIESTE, Page 8)

## U.N. Put to Most Severe Test to Date

LAKE SUCCESS (AP)—The demand for the return of Trieste to Italy put a new strain on the United Nations last night.

The general feeling here is that the Trieste feeling, plus the surprising American back-down on the partition of Palestine and the East-West clash over Czechoslovakia, have put the severest tests upon the U. N. since the Security Council opened shop in America two years ago.

Recognition that the U. N. is going through a time of travail came from Dr. Herbert V. Ewart, Australian foreign minister, who played a prominent role in creating the U. N.

Ewart warned against power politics operating outside U. N. machinery and declared that only the U. N. can "arrest the drift toward war."

He called for loyal and consistent support for the U. N.

Ewart's remarks were made in message to the new Australian National Committee for the U. N. Warren R. Austin, chief United States delegate to the U. N., sent to Trygve Lie, U. N. secretary-general, the statement by the United States, Britain and France proposing that the territory of Trieste be returned to Italy.

Lie was caught by surprise at the three-power move, just as he was surprised by the American decision against going on with (See U. N. TEST, Page 8)

# Pampa News

VOL. 46, NO. 298 (38 Pages) PAMPA, TEXAS, SUNDAY, MARCH 21, 1948. Price 5c AP Leased Wire

## Delegation to Inquire About Sales of PAAF

A delegation will fly to Dallas tomorrow to talk with representatives of the War Assets Administration and Reconstruction Finance Corporation regarding buildings for sale at the Pampa Army Air Field.

City, county, school and Board of City Development officials, although having worked for several weeks at getting commitments for purchase of buildings at the field, are reported discouraged with the news that these buildings may be taken over by RFC.

According to a notice of sale published several days ago, RFC will have priority over local organizations and individuals in such purchase. It was learned at a meeting in the Chamber of Commerce office Friday held by various interested groups including the organizations mentioned above—that RFC in the past had taken over surplus property and subsequently disposed of it to contractors. These contractors, then, sold the property at a profit to local groups.

The representatives tomorrow will seek to work out an agreement with RFC, whereby that corporation will permit the local groups to buy buildings they have indicated they wanted.

The city and schools have made application for certain specified buildings. Three hundred fifteen buildings at the field are to be sold within a few days by WAA.

City and county officials said they would like to see the county citizens to understand that they have been working for some time to see that local groups and individuals would have a chance to purchase whatever property they wanted.

On Mar. 5, a telegram to Rep. Eugene Worley asked enlistment of his aid in seeing that organizations and individuals in the (See PAAF SALES, Page 8)

## Solons Inclined Toward Draft \$7,000 Raised For Red Cross

WASHINGTON (AP)—A majority of senators remain to be convinced that Congress should write into law President Truman's proposals for universal military training and revival of the draft.

This was shown yesterday by an Associated Press poll of 91 of the 96 senators. Five were not reached.

The survey disclosed that some form of selective service has relatively a better chance of Senate passage than UMT. The training proposal got more support—but more opposition—among those willing to give their views publicly.

The results: UMT—32 favorable, 12 opposed, 47 undecided or noncommittal. Draft—31 favorable, 3 opposed, 57 undecided or noncommittal. Twenty Republicans and 11 Democrats were willing to say publicly that they favor some kind of draft law if it is found to be necessary. Two Republicans and one Democrat announced their opposition.

On UMT the Democrats will be called to come out in the open in support of the measure. The Republican side is expected to be split. Five Democrats said publicly they are opposed.

This did not represent the full strength, however, of those willing to back the President's proposals. Four Democratic senators who declined to be listed publicly as undecided told reporters they will vote for both.

Among the senators who were unwilling to go on record, on one or both of the issues, most said they want to hear more about the need for increasing the military forces than they learned from President Truman's address (See DRAFT, Page 8)

## 'Pat' Patrick Seeks Office

A. L. (Pat) Patrick, for nine years a teacher in the local schools and since 1939 owner and operator of Patrick's Shop, 314 N. Cuyler, announced in today's issue of The News his candidacy for the office of 31st District Court Clerk in Gray County.

Patrick, who holds a Bachelor's Degree, is the second to announce for that office, the incumbent, Mrs. Dee Patterson, having published her intention to seek reelection several weeks ago.

Patrick, well known in Pampa, says in his statement that if elected to the office "I pledge my full time and attention to the duties of the office. I further pledge my services to all citizens in Gray County."

"With my business and professional background," he says, "I firmly believe in an economical administration of county funds." He said he would run on his own merits and not on the "demerits of others."

## Junior Safety Patrol Setup Is Completed

The 25 boys from the Junior High School who were commissioned Friday afternoon complete the organization of the Junior Safety Patrol in the Pampa public schools.

Patrol numbers 82 boys from the following schools: 13 at B. M. Baker, 20 at Woodrow Wilson, 9 at Sam Houston, 15 at Horace Mann and 25 at the Junior High School.

The function of the Patrol is to direct student traffic at the intersections near the schools and to assist the Police Department in enforcing safety regulations.

At the swearing-in ceremony at the Junior High School, L. G. Cameron, president of the Kiwanis Club, outlined the organization of the Patrol.

The Patrol is sponsored by the Kiwanis Club, which supplies the boys with badges and whistles. Two members of the committee, Captain Albers and the Kiwanis Club, serve as advisers, but the patrolmen are under the supervision of their principals at all times.

The candidates for the Patrol were called up two at a time before an all-school assembly in the Auditorium by Police Captain E. G. Albers. He signed and handed them their commission cards while Assistant Chief J. O. Dumas pinned on their badges.

Captain Albers then administered the oath making them members of the Patrol.

Members of the Police Department will work closely with the Patrol in instructing the boys in traffic and safety regulations.

## Oscars Go To Leaders In Hollywood

HOLLYWOOD (AP)—Hollywood dined its fanciest feasts last night to honor the 20th birthday of Oscar and help crown a new king and queen of the movie industry.

Back in 1928, the Academy of Motion Picture Arts and Sciences made its first awards for film achievements. The awards quickly became Hollywood's highest honor.

Smart money pegged Rosalind Russell and Ronald Colman to win the acting honors under "Gentleman's Agreement" to rake in many awards, including that of the best picture. But then, anything could happen on Oscar night.

Searchlights surrounded the massive Shrine Auditorium, scene of the event, and bleachers were erected outside to seat part of the crowd.

Jack Benny and Bob Hope, masters of ceremonies in previous years, were supplanted this year by a team of M. C.'s.

Last night's awards were the last for Jean Harlow as academy member. He has resigned to devote his time to his art show and the Motion Picture Relief Fund.

The program had a sad note. Leo Forbstein, Warner's music man, was to have conducted the orchestra. He died last week.

## Local Firms Get Awards

The Cabot Carbon Company, the Cabot Shops and the Pampa Division of Shell Oil Company received industrial safety awards for their low accident rates last year from the Texas Safety Association in Dallas Friday evening.

Don Conley, Frank Walker, and Bert Arney, of the Cabot Safety and Personnel departments, were in Dallas to accept the award.

The awards were presented at a banquet during a meeting between the Governor's Highway Safety Conference and the Texas Safety Association in Dallas Friday.

Gov. Beauford Jester, in a speech at the meeting, praised those groups which have sought to reduce accidents in Texas. But he said, "The stark, plain facts indicate that one out of six persons in Texas will be killed or injured in a traffic accident within the next 10 years."

He said there is a need for unselfish regard of safety which "all too frequently in the past has been applied to the other fellow."

A. F. Allen, Dallas, outgoing president of the Texas Safety Association, said there were 170,000 industrial accidents and 2000 highway deaths in the state last year.

The association presented 44 awards for industrial safety, including those to the Pampa companies and to the American Zinc Company of Dumas.

## School Asks \$100,000 Bond Issue

WHITE DEER (Special)—An election will be held in the White Deer Independent School District, Mar. 27, to determine if the district will issue \$100,000 in bonds for school improvement and the purchasing or building of teachers' homes.

Polling boxes will be in the business office of the White Deer Independent School District, and in the Skellytown Grade School Building.

It was announced the bond election is the culmination of a year of study on the part of the administration and the Board of Education concerning the physical needs of the school district. Two propositions are offered in this election—one concerns improvement of the school plant, and the other the purchase or building of teachers' homes.

The improvement program for the school includes the enlargement of the industrial Arts Department in the High School and the construction of a new addition to the south of the present shop building for the Vocational Agriculture Department. A wing extending east of the present shop building will be added to include the Music and Band Department. These additions will convert the present shop building into an "L" shaped building with approximately 4800 square feet of floor space.

The school improvement proposition also includes a completely modern, scientifically planned and lighted system for all classrooms in the system in the High School, White Deer Grade School, and Skellytown Grade School. Earlier in the year, a thorough light survey was made by engineers, which forms the basis of the proposition. This lighting system is designed to furnish at least an (See SCHOOL, Page 8)

## 40 New Industries Start in Texas

AUSTIN (AP)—Forty new industries started doing business in Texas in February.

Of these, more than half were manufacturing concerns, the Texas Employment Commission said.

The largest firm opening for business was a furniture factory at Waco hiring 200 persons. Sixteen new firms, most of them small, started operations in Dallas.

The new industries were distributed throughout 11 of the commission's 11 districts as follows: Austin 4, San Antonio 1, El Paso 1, Abilene 1, Amarillo 1, Fort Worth 6, Waco 6, Dallas 1, Longview 1, Houston 1, San Angelo 1.

## 'Sizzling' Columnist, Elmer Wheeler, Begins 'Success Secrets' in News

Elmer Wheeler, who in 1947 reportedly addressed more than a million people in public appearances, begins his column, "Success Secrets," today on the editorial page of The News. He will appear three times weekly.

A business publications survey revealed that he was the Number One speaker in the country for 1947. His success philosophy has inspired millions of people throughout the nation who have heard him lecture and who have read one or more of his 15 books.

His success philosophy is not only informative but entertaining. He made the word "sizzle," known from coast to coast. It started with a slogan he created: "Sizzle—no! The steak!" Others at "It's the tang in the cheese," "the crunch in the cracker," "the whiff in the coffee"; "the pucker in the pickle." His word-jobbing oratory contains over 105 thousand such "sizzles" that have helped to give individual initiative and effort to a great lift.

In his column, he will tell how to get along with people and to make friends. He will point out men who have "sizzled" at the same time analyzing the factors back of their success.

Wheeler believes there are just as many opportunities as there ever were, that "there's always more room at the top than there is at the bottom."

Read his first "secret" today.

## Rites Held for Judge A. H. Hunt

Funeral services for Randall County Judge Alton Hamilton Hunt, 75, father of D. A. Hunt of Pampa, were conducted Saturday afternoon at 3 o'clock in the Canyon First Methodist Church, Rev. Hubert Thomesen, pastor, officiated.

Burial was in Dreamland Cemetery.

Judge Hunt was serving a third term as Judge. He had announced his reelection recently. He had lived in Canyon for 20 years. In his early years there he operated a grocery store. He was a member of the Methodist Church.

Active pallbearers were L. S. Johnson, A. B. Holt, Clarence Beckham, Sheriff M. E. Cantrell, Burch Campbell and Tommy Lair.

## Wildlife Agent To Work Here

Carl Jacobs, of the Wildlife Service, arrived in Pampa yesterday to work with County Agent Ralph Thomas all this week in a project on being listed publicly as undecided told reporters they will vote for both.

Among the senators who were unwilling to go on record, on one or both of the issues, most said they want to hear more about the need for increasing the military forces than they learned from President Truman's address (See DRAFT, Page 8)

## Another Pampa War Dead Being Returned Here

Word was received here today that the body of Marine Sgt. Melvin D. Seals, who was killed on Iwo Jima, Feb. 26, 1945, is en route to the United States, and will be sent here for burial.

Sgt. Seals, son of Mr. and Mrs. Charles R. Seals, of Lefors, died as the result of wounds received from mortar fire while serving with Company G, 25th Marine Regiment, of the 4th Marine Division, on Iwo Jima, just seven days after he landed on the island. He was 25 years old at the time of his death.

Seals, a graduate of Pampa High School, was working in a parts store when he enlisted in the Marine Corps Feb. 13, 1941. He was awarded the Silver Star for gallantry in action on Saipan, Iwo Jima, and Okinawa, and the Presidential Unit Citation.

He is survived by his parents, Mr. and Mrs. Charles R. Seals of Lefors, a sister, Betty Jean, and a brother, Charles Jack, both of the home.

Funeral services under the direction of Duemkel-Carmichael will be held when the body arrives here in two or three weeks.

## Potatoes Were Partly Bought

A customer brought his purchases to the checker in a local market Saturday.

"I don't believe this is all potatoes," said the checker.

She checked the package of "potatoes."

In the bottom was a pound of butter.

## Firemen Injured In Fighting Fire

Three firemen were injured while extinguishing a fire at 820 E. Brunow shortly after 6 p. m. last night.

Captain Claunch and Buck Haggard were singed about the face from a back-draft, and Pete Pierce received a deep cut around the base of his thumb from broken glass.

Fire Chief Ernest Winborne could not state definitely the cause of the fire. The home is the residence of T. R. Jordan and family. Jordan is manager of the Brunow St. Grocery across the street.

No estimate of the extent of damage was available.

## Today

81st Day of the Year

Today, in 1445, the German composer-master of counterpoint Johann Sebastian Bach, was born. In 1858, on this day, Chief Geronimo surrendered to the U. S. Army. On this day, in 1888, a U. S. Navy Court reported the battleship Maine was sunk by an external mine. This is the day when the center of the sun has finally moved from the celestial equator from south to north, marking the beginning of spring in the Northern Hemisphere. (See feature story elsewhere on this page.) ... a verse from the Bible for today: "Believe in the Lord your God, so shall ye be established; believe His prophets, so shall ye prosper." Chr. 39:29.

U. S. Weather Bureau: Partly cloudy and not quite so warm Sunday.

WAVE TEXAS: Partly cloudy Sunday. Clear Sunday and Sunday night.

OZARKOMA: Increasing cloudiness followed by showers and thunderstorms Sunday.

## Just Who Is the Panhandle Man?

By W. U. McCoy  
News Staff Writer

Who is the Panhandle Man? Who is not Jack Benny, but that's all the clue you'll get until Monday.

Some one will be rewarded handsomely for furnishing this small bit of information to the wondering public.

Clues will be given over KPND twice daily, five days each week beginning Monday, for a bonus of three weeks. Harry Kelley will help you ponder the problem at 8:15 every morning over his Farm Fare program. Carl Livingston will tell you it's 12 o'clock in Singapore, 7 o'clock in Atlanta and 8 p.m. in Pampa, after which you will get an imaginative tidbit concerning that puzzling personality, the Panhandle Man.

The Rotary Club sponsors a super-sleuth will be showered with \$1,000 worth of gifts when the identity of Mrs. Hush, revealed in a program in the Junior High Auditorium at 8 p. m. April 13, by some lucky character. An additional \$1,000 of gifts will be awarded.

It will pay you to come primed for questioning that evening, because three half-hour quiz shows will be presented.

Under the guiding hand of former Bee-Gull shows or being formed based on Take it or Leave it, Quick as a Flash, and the Bob Hawk show. In this latter, the magic word will be, instead of the Bob Hawk version, "WRATOR." (Rotary spelled backwards, cant-read?)

Quizzes will be conducted by Mickey Ledrick, Ken Palmer and Ben Gull.

You say you know perfectly well the identity of Mrs. Hush, the Walking Man and all those other foreigners? Well, this time you don't have to write a letter, Panhandle Insurance Agency, make a phone call or any of those things. Just come around to the Junior High Auditorium, en-

joy an evening's entertainment and give out with the answers. In addition to all the fun you'll have and the prizes you'll win, you help the Rotary with civic improvement projects, the crippled and underprivileged children fund.

The person who comes out of the maze of clues with the identity of the Panhandle Man will be rewarded thusly: \$175 credit on the first 1949 Ford sedan; Rose Motor Co.; 1 set of 60x16 General Squeezee premium tires, Dixie Tire Co.; \$75 tailored suit, Bob Clements Tailors; \$50 credit on a five fixture plumbing set-up, Pampa Supply Co.; \$156 value in two yearly passes to LaNora Theatre; \$160 Crosley Frostmaster frozen food cabinet, Collier and Co.; \$50 suit of clothes, Warner's Men's Wear; and a \$30 RCA Victor radio-phonograph, Paul Crossman Co. and the Rotary Club.

On the quiz program \$32 cash prizes will be awarded by the Panhandle Insurance Agency, Bank and Trust Co., Wheatley-

Rose Oil Well Servicing, South-western Public Service and Woodie's Garage.

Other prizes to be given on the quiz programs include a \$50 credit with Clayton Floral Co.; \$25 credit with the Laundromat; \$50 credit with J. & J. Grocery; a \$25 credit with Charlie Burton Service Station; \$25 backyard portable light, Scott Implement Co.; \$50 credit with Emerson; at least an

# EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy--no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barcoztrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, waist, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

### Lost 47 Pounds

"When I commenced to take Barcoztrate, I weighed 212 pounds. I now weigh 165. I lost 25 pounds on the first two bottles. I feel so much better after using this. Weigh, I think it is a wonderful medicine and thanks to Barcoztrate."—Mrs. George Greer, Chairman, Courts 1, Apt. 1, Austin, Texas.

### Lost 20 Pounds

"I lost 20 pounds taking four bottles of Barcoztrate and I feel fine."—H. M. Gates, 215 25th Street, Corpus Christi, Texas.

## Baby Can't Win in Scales Derby

Ricky Groucher, 8-month-old Chicago baby, weighed only two pounds, seven ounces at birth and was put on a special weight-building diet. Now he weighs 19 pounds and is back on a diet again—this time to reduce.

## Children Rescued From Nazi Revenge

BERN, Switzerland.—(AP)—A group of 60 children belonging to the families of German generals and prominent civilians executed for their part in the bomb plot against Hitler in July, 1944, arrived here recently to be cared for by a private charity. Dr. Albert Von Erlach, head of the charity group, says the children were being ostracized as "the children of traitors" by the Germans, and deserve special care. They included grandchildren of Field Marshal Von Stauffenberg, who planted the bomb under Hitler's conference table, and of Dr. K. Von Goerdeler, burgomaster of Leipzig, who was caught by the Nazis after a Germany-wide manhunt lasting several weeks.

William Wrigley, Jr., paid a \$25,000 prize to George Young for swimming from Catalina Island to the mainland.

## OKLAHOMA PRODUCTION

TULSA, Okla.—(AP)—More than twice as many oil wells were brought in last week than were found dry, and abandoned—the count being 48 against 20.

One gas well was also made with an initial flow of 500,000 cubic feet. Initial oil production was 8,176 barrels a day. Total footage drilled on both oil and gas wells was 202,910 feet.

The Tulsa Daily World will report in its editions tomorrow that 87 new wells were begun during the week. That figure includes 17 in Cotton County, seven in Pottawatomie County and six each in Caddo, Garvin and Oklahoma Counties.

## CROSS CHANNEL

Swimmers have crossed the English channel 24 times since 1878. Three of the successful contestants were Americans.

## Tired, "All-In"—Listless Feeling Brought To Halt

**As Vibrant Energy is Released To Every Muscle, Fibre, Cell**

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that 888 Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on 888 Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all over, hollow places. Millions of bottles sold. Get a bottle from your drug store. 888 Tonic helps Build Sturdy Health.

## Texas Group Asks Reservoir Funds

WASHINGTON.—(AP)—A central Texas delegation is seeking Senate committee approval of \$1,000,000 to start work on the \$16,000,000 Belton reservoir.

In the group are: Roy Sanderford, Belton; George Chance of Bryan, Brazos River reclamation and conservation district board chairman; Byron Skelton, city attorney of Temple; J. Hammond Moore, Temple Chamber of Commerce manager, and Frank Mayborn, Temple Telegram publisher.

The yarranged to appear before an appropriations subcommittee to ask that the \$1,000,000 item be added to a bill providing for many flood control and other water projects.

As passed by the House, the bill provided no construction funds for Belton reservoir. It did include a lump sum for survey and planning on rivers over the country. Army engineers have said about \$100,000 of this would be used on the Texas project.

Rep. Fisher (D-Tex.) expects to testify before the committee on behalf of the \$18,528,000 San Angelo reservoir and floodway project.

The House voted \$4,000,000 to complete land acquisitions and start construction of this project. Fisher said he will ask that this amount be increased to \$5,360,000, a figure recommended by Army engineers and President Truman's budget.

**Phillips Reports**

**1947 'Greatest Year'**

NEW YORK (AP)—Phillips Petroleum Company reported that 1947 was "its year of greatest growth."

The annual report showed net income of \$40,894,000, a new peak

and almost double the 1946 figure. Last year's income was equal to \$8.10 a share on an average of 5,044,000 shares outstanding and compared with \$4.80 on a slightly fewer number in 1946. Gross income totaled \$302,772,600, up \$80,899,000 over the previous record high in 1946.

**West Texas Group Plans Flood Control**

WASHINGTON (AP)—A West Texas delegation here to back irrigation and flood control projects conferred yesterday with federal officials.

L. T. Youngblood of Bronco, chairman of the Upper Colorado River Authority, heads the group.

Its first engagement was at the reclamation bureau for discussion of the proposed \$300,000 Robert Lee Dam and Irrigation System, which would put 68,000 acres in their section under cultivation.

Plans for the development are pending in the bureau's regional office at Amarillo. They had virtually been completed at one time, but discovery of oil on some of the land to be inundated in leased property values so much that changes were necessary.

With Youngblood are: H. G. Wendland, San Angelo, vice chairman of the river authority; Gerald C. Allen of Robert Lee, secretary-treasurer; and Grady Hill, San Angelo Standard Times newsman.

They are urging congressional leaders to increase to \$5,360,000 budget request the San Angelo Reservoir and Flood Control item in the Army civil functional appropriation bill now in the Senate.

The House voted only \$4,000,000 to start the project.

While here the Texans are scheduled to attend the annual meeting of the Congress for rivers and harbors starting tomorrow, at which long-range plans for development of water resources are discussed.

**Ide P. Trotter To Make Asiatic Cotton Survey**

COLLEGE STATION, Tex. (AP)—Director Ide P. Trotter of the Texas Extension Service is going to survey the potential market for American cotton in Asiatic countries for the U. S. Department of Agriculture.

Texas A. and M. College announced Dr. Trotter has been given six months' leave of absence to undertake the assignment.

The purpose is to estimate Asia's future needs for cotton, both as to number of bales and staple length, grades and character of lint.

Since Texas has the biggest stake in cotton exports to Japan and China, the USDA wanted a Texan to make the survey. In prewar days 90 percent of Texas cotton was exported and the bulk of Japan's imports came from Texas.

Dr. Trotter said he understood that West Texas and Plains cotton was especially well suited to the prewar needs of textile mills in the Orient.

**Dealer Advertises Car for Suckers**

PUEBLO, Colo. (AP)—A used car dealer here advertised one of his cars in this fashion:

"Here is a dream, painted a Mexican blue, with red wheels. The motor is very quiet. It is practically noiseless. As a matter of fact, the damn thing won't run."

Incidentally, Dick Pingatore, the dealer, sold the car.

"So if you're a sucker, or a good mechanic, you can have it for \$600."

**Revenuers Find Mud—No Whiskey**

AUSTIN —(AP)—Mud and moonshine gave Texas' revenuers a beating in February. No illicit stills were captured

during the month, the liquor control board said. It explained that every time its agents went on a muck hunt in the woods, they bogged down in the mud. "Unpaved roads over the state were impassable during the month," the February report said.

**Texas Bankers To Honor Rural School Warrants**

AUSTIN, Tex. —(AP)—Texas bankers have been advised to accept rural aid school teachers' pay warrants as security for individual loans when rural aid funds become insufficient to back the warrants this spring.

The advice was contained in a letter by W. A. Kirkland, president, of Houston, to members of the Texas Bankers Association.

Copies of his letter were released to the press from the office of the Governor.

"These warrants will not qualify as legal obligations of either school district or state, so I suggest that they be accepted as security for individual loans made to each teacher," Kirkland wrote.

Gov. Beauford H. Jester has promised he will ask the 51st Legislature to appropriate funds to cover the approximate \$2,000,000 shortage in the teachers' salary equalization funds for rural school this year.

The shortage was caused by liberalization of rural aid program to cover more schools, without sufficient funds being appropriated by the past legislature.

State Banking Commissioner J. M. Falkner interpreted Kirkland's statement as meaning the individual school teacher will in effect become the third party on a note in order to cash his pay warrant. (Most schools anticipate the effect of the shortage will be felt in the final month of the school year).

**Political Calendar**

The Pampa News has been authorized to present the names of the following citizens as Candidates for offices subject to the action of the democratic voters in their primary election on Saturday, July 24, 1948.

- For County Sheriff: JEFF GUTHRIE
- For State Representative: 12th District—G. W. McILHANY, CARL B. MORRIS, VINCENT KERSEY
- For District Clerk: DEE PATTERSON, A. L. "Pat" PATRICK
- For County Judge: BRUCE L. PARKER, JOHN O. PITTS
- For County Clerk: CHARLIE THUT
- For County Tax Assessor and Collector: F. E. LEECH
- For County Treasurer: OLA GREGORY
- For County Attorney: B. S. VIA, G. H. KYLE
- For County Commissioner: Precinct 1—ALVA G. KING, JOE K. CLARKE, W. C. "Hank" BREINING
- For County Commissioner: Precinct 2—NAT LUNSFORD, Z. H. (Pop) MUNDY, CLYDE ORGAN, E. C. SCHAFFER, W. A. ROLAND, CARL BOSTON, J. W. "Bill" GRAHAM, BERTIE VAUGHT, IRVIN W. COLE
- For Constable: Precinct 1—C. S. CLENDENNEN, D. L. DAY
- For Constable: Precinct 2—C. M. TUCKER, W. F. "Bill" LANGLEY, EARL LEWIS
- For Justice of the Peace, Precinct 1: E. A. VANCE

(the school year). If the state failed to provide funds to cover the shortage and the school district refused to pay off the note, the teacher would then become liable to repay the bank, with interest, Falkner believed.

He said he has no fear this would occur. Like Kirkland and the Governor, he is certain the next Legislature will make the emergency appropriation as a moral obligation.

It was Jester who originally called on the Texas Bankers Association to insure payment of school teachers salaries.

The state banking commissioner said a number of bankers have written to him expressing doubt as to the Legislature's passing the emergency appropriation. He said he had offered them advice similar to Kirkland's.

Kirkland wrote his fellow bankers in part: "In view of the full cooperation of all agencies concerned about this emergency, I see no reason why the bankers of this state may not with a minimum of risk finance the warrants issued

by their respective school districts. He said there is strong reason to believe that funds to cover the warrants will be released to the districts in September. He did not elaborate this remark.

The Governor, the banking commissioner, Kirkland, state school authorities, and representatives of teacher groups agreed last week

The sight of a spider, weaving its web after failing many times, aroused Robert Bruce to try once again to drive the English from Scotland.

on the plan to solve the teacher salary problem through cooperation of local banks.

**Men, Regain Youthful Vigor Here is a Vital Message to Men of 40, 60 or Older Men Who Feel That The Years Have Let Them Down**

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasure, here is a simple method that may change your whole outlook on life. Don't feel old and worn out at 40, 50 or more. Why not try to regain the pleasure of living you once enjoyed; why be discouraged? Retain the verve and zest of a much younger man. Just ask your druggist for Culligan stimulating tablets. Take as directed on label. There is nothing harmful in Culligan tablets. Take as long as you feel you need them. Added years may no longer deprive you of desired enjoyment. Why be the victim of the "older years?" **Don't Be Discouraged** Goethe finished Faust at 52; Grant Mack is still managing the Athletics at 68; Tiltan painted masterpieces between 40 and 60; Clara Barton was an active president of the Red Cross at 82; Verdi was composing, Victor Hugo was writing, Corot was painting long after 60. So don't let the added years get you down. Why not try Culligan tablets today! Available at all druggists.

Nelson, Upland, Fort Stockton, Yarbrough and Allen. The fields are in Ector, Crockett, Andrews, Gaines, Upton and Pecos Counties.

**Humble Oil Asks Rule Modification**

AUSTIN —(P)— Humble Oil and Refining Company has asked the Railroad Commission to modify its fire-wall rule in ten West Texas fields.

Hearing was set for May 20 on Humble's proposal that fire walls are not needed around storage tanks on sandy land. These fields in District 8 are affected, and Ector, Childress, Dollard, Doss, North Goldsmith, Means,

Stalactites hang down from the roof of a cave while stalagmites project up from the floor.

**Commission Sets Oil Hearing May 19**

AUSTIN —(P)— The Railroad Commission will resume hearing on application for a new field designation for a block of wells south of Big Lake May 19. The application was by the Moore Exploration Company. It wants a new field designation for an area made up of several 160 to 320 acre tracts at the east edge of block 12, university lands, Reagan County. Seven wells are in the area.

**Pat Patrick Enters Name in Primary**

A. L. "Pat" Patrick today authorized the Pampa News to announce his candidacy for the office of District Clerk, subject to the Democratic Primary Election.

In announcing for the District Clerk's office, Mr. Patrick said, "I want to make clear a few points in my first time to ask for a political office."

"First, I became a citizen of Pampa in 1930. I am a married man, 48 years of age. Mrs. Patrick and I have one son, A. L., Jr., who served three years in the Marines, and who is now in college. My life has been lived among my friends and neighbors as school teacher and business man.

"Second, I am a property owner and hence a taxpayer in this county."

"Third, I have a Bachelor's Degree from West Texas State, and have advanced work on my Master's Degree.

"Fourth, I have had 14 years teaching experience, nine of those in the Pampa Public Schools as principal of Sam Houston School. I value highly the friendship I hold with the school officials and teachers. Since 1939, I have owned and operated a small school supply business at 314 N. Cuyler, Pampa.

"Fifth, if elected to the office of District Clerk, I pledge my full time and attention to the duties of the office. I further pledge my services to all citizens in Gray County.

"Sixth, I am seeking the office of District Clerk on my own merits and qualifications and will not run on the demerits of others.

"Seventh, with my business and professional background, I firmly believe in an economical administration of county funds. If elected, I pledge my efforts to carry this policy through in this office."

**State Schoolmen Ask Law Changes**

AUSTIN, Tex. —(P)— Changes in four laws are recommended in the current bulletin of the Texas Association of School Administrators. The bulletin called for certification laws on elementary school teachers to be brought in line with the best practices in other states. A law was also asked authorizing an elementary school principal's certificate and an elementary school supervisor's certificate.

A change to allow flexibility in selection of basic and supplementary texts was said necessary to permit adapting of instruction to individual differences among children and to local community needs.

The compulsory attendance law was criticized as not being well coordinated with child labor laws. A minimum of eight years schooling was recommended.

**Leaders Aid State Farm Work Program**

AUSTIN —(P)— Fourteen agricultural leaders have been called on to advise the Texas Employment Commission in the administration of the state's farm labor program.

The group's first meeting will be held here March 26.

"These men with their wide connections will be able to reflect for our guidance the opinions and wishes of large segments of the billion-dollar agricultural industry in Texas," said Commissioner Robert M. McKinley. The consultants include Joe C. Carrington, Austin; Miller Harwood, Taft; Frank Overturf, Amarillo; Sam U. Jones, Laredo; J. H. West, Bishop; J. Walter Hammond, Waco; C. B. Ray, Mercedes; C. R. Elliott, Munday; A. F. Leesch, Boerne; J. C. Stille, Dallas; Perry Shankle, San Antonio; A. S. Milliken, Sugarland; Ed Brewster, Jr., Temple; and Frank Taylor, Waco.

# Mayer Wins 100-Yard Dash in HS Division of Ft. Worth Meet

## Cooper to Box NCAA Finals In Amarillo AAU Tourney

Eugene Cooper, state Golden Gloves welterweight boxing champion of Pampa, will participate in the Plains AAU Tournament of Champions that will be held in Amarillo tomorrow and Tuesday nights.

Cooper, who represented the Texas Golden Gloves team in his weight class at the Chicago Tournament of Champions, won his first fight but was KO'd in the second round of his next fight by the future champion.

This was Cooper's first loss since 1942, and stopped his winning streak at 50. In nine years of boxing the 147-lb. southpaw has won 117 fights, lost eight, and has won his weight class in 22 tournaments.

The winners of the Amarillo tourney will compete in the National AAU Tournament to be held in Kansas City the last of this month.

Those entered in the 147-lb. division are Cooper, James Wortham of Amarillo, 1948 high school division GG champion, Jack Lamson of West Texas State College, runner-up to Cooper in the finals of the regional GG tourney, and Robert Martinez of Amarillo.

Sixteen bouts will be on each evening's card.

## Orange Bowl Ups Guarantee of SEC Grid Teams

MIAMI, Fla. (AP)—The Orange Bowl committee said yesterday it will be able to pay Southeastern Conference teams up to \$75,000 and offer 10,000 tickets in the future, providing the conference doesn't tie up with the Sugar Bowl.

Will M. Preston, Orange Bowl president, sent letters to the presidents and athletic officials of the 12 SEC schools outlining the history of the Miami Bowl and its possibilities.

The SEC is scheduled to receive a Sugar Bowl proposal April 9-10 for the conference to provide a "representative" team each year for the New Year's Day classic at New Orleans. Preston has asked for a hearing before the meeting, throws for 26 points.

## NCAA Finals Between Bears And Wildcats

KANSAS CITY (AP)—Two teams with speed by burn and the will to burn it, Kansas State's Bears and Baylor University's Wildcats will meet in the Western Regional NCAA playoffs finals last night.

The winner will get a spot in the Olympic trials and a shot at the Eastern NCAA representative at New York Tuesday, for the national title.

Holy Cross, defending national champion, and towering Kentucky, were to settle the Eastern squabble in Madison Square Garden last night.

The Kansas State-Baylor loser meets the Holy Cross-Kentucky loser Tuesday in a preliminary to the championship.

The seven-champion Kansas State rolled up an early lead, then came out to victory, 59-48, over the University of Wyoming in the opening Western round game Friday night.

Baylor treated the packed house of 9,750 fans to an almost fantastic rally by shaking off a 17-point handicap at one stage of the first half to win over the University of Washington Huskies 61-62.

Pomping the net from every angle in the first half, Washington appeared on its way to an easy win with a 34-17 lead after fifteen minutes of play.

But Baylor, after shooting miserably at the start, trimmed Washington's lead to 11 points, 37-26, at the half.

The Bears' Bill Johnson, Jackie Robinson, Don Heathington and Jim (Red) Owens warmed up in 12 SEC schools outlining the history of the Miami Bowl and its possibilities.

Baylor's Johnson and Mack Peyton shared scoring honors for the double header, each getting 9 tilters and 2 free throws for 26 points.

## Voice of Experience

St. Louis Browns' new manager and veteran catcher, Zach Taylor, right, who knows what the ball should look like when it comes over the plate, gives advice to rookie pitchers Clem Dreisewerd, left, and Jim Wilson at the Browns' training camp in San Bernardino, Calif.

## Babe Takes Lead White Deer Wins In Women's Field Volley Ball Meet

AUGUSTA Ga. (AP)—Babe Didrikson Zaharias, the defending champion, took the lead in the ninth annual women's titleholders golf tournament here yesterday with a third-round 73 for a total of 230.

Her two-under score for the 6,627-yard Country Club course left her two strokes in front of Dorothy Kirby of Atlanta, and Patty Berg of Minneapolis. Miss Kirby, leader until yesterday, scored to a six-over par 81. Miss Berg carded a 78.

Mrs. Estelle Lawson Page of Chapel Hill, N. C., fired a 78 for a third-round total of 233 and fourth place.

Mrs. Glenna Collett Vare of Merion, Pa., playing captain of the 1948 Curtis Cup team, announced her own disqualification from the tournament. She said she erroneously played the wrong ball on the 18th hole.

**TOPS MARBLES MEET**  
Benjamin Sklar, a 12 year old lad from Pittsburgh, Pennsylvania, won the championship in the 1947 national marbles tournament.

## Talbert Wins Tennis Title

NEW YORK (AP)—Dead game Billy Talbert won the men's national indoor tennis championship yesterday on a cracked left foot.

The top-seeded New Yorker hobbled through a four-set triumph over Sid Schwartz, the junior titleholder, in the singles finals of 48th annual tournament. The score was 4-6, 6-6, 9-7, 6-2.

Talbert's injury, a bone split received in Friday night's semifinal match with Frank Shields, made an even scrap of what otherwise might have been a rout.

Talbert's courageous performance which carried him to the title vacated when Jack Kramer turned professional, overshadowed the women's singles finals in which Mrs. Pat Todd of La Jolla, Calif., scored a three-set triumph over top-seeded Doris Hart of Miami, Fla.

Mrs. Todd won 3-6, 6-3, 6-2. Marcel Bernard and Jean Borotra of France won the men's doubles, title when Talbert and Shields defaulted after four sets of the final because of an injury to Shields' back.

The Frenchmen took the first two sets, 6-4, 6-2, but the Americans came back to take the next two, 7-5, 6-2.

Talbert and Miss Hart won the mixed doubles title for the second straight year, defeating Bernard and Mrs. Todd in the finals, 6-3, 6-6, 6-2.

Miss Hart and Barbara Sciefold, also from Miami University, completed a successful defense of their women's doubles championship Friday night.

## Semi-Pro Club To Hold First Workout Today

The first workout for the proposed semi-pro baseball club to be formed in Pampa will be held this afternoon on West Brown Street across the street from Oiler Park. All those interested in playing are asked to turn out for today's practice.

Plans for the club were formed last week at a meeting in the Court House.

Twenty men attended the meeting and announced their intention of playing ball. They were Foster White, Henry Stephens, Bill Hewitt, Wick Hewitt, Bob Bailey, Loyd Summers, Harold Gregory, Ralph Mangel, and Steve Yaskulski.

Lefoy Thompson, Loyd Carlile, Raymond Dunlap, Elbin Bozarth, Joe Slater, Grover Heiskell, John McLean, Jim Franklin, Emmett Fullenwider, Bill Williams, and Gordon Whitfield.

## Minnesota Star To Enter 1948 Texas Relays

AUSTIN (AP)—Fortune Gordien, the University of Minnesota athlete who is considered one of Uncle Sam's best bets in the Olympics, will toss the discus in the 1948 Texas Relays.

Gordien and two other Golden Gopher stars were entered yesterday in the University of Texas track and field show which will be held April 2 and 3.

With the discus artist will be Harry Cooper, who has hit 14 feet in the pole vault, and Loyd La Moia, who has broad jumped better than 24 feet, 8 inches this year.

Gordien hurled the discus 179 feet, 3 inches last summer, 14 feet past the relays' mark.

Texas, Texas A. & M. and Rice, the big three of Southwest Conference track, will warm up against each other next Saturday at Corpus Christi.

Coach Clyde Littlefield is hopeful Allen Lawler will be recovered to help the Longhorns sprinters take a crack at the relays' sprint relay mark of 41.4 seconds. Lawler is recuperating from an appendectomy.

## Weekly Card To Feature 2 Main Events

The wrestling of Dr. Gil Knutson of Davenport, Ia., and Billy Sanow, of Toledo, O., will highlight the Sportatorium's regular Thursday night wrestling card.

These two grapplers, two of the top junior heavyweights in the country, will be making their first appearance in the local ring.

Knutson will meet Ace Abbott of Abilene, Texas, and Sanow will tangle with Olan Boynton of Amarillo, on Promoter Vic Burnett's double main event.

Abbott will be returning to the local ring—after an absence of four months. The flashy Hardin Simmons University graduate is a headlined early Sportatorium bout.

Boynton has made numerous appearances here both as a referee and as a wrestler.

Dutch Jones of Borger will referee the Thursday night bouts.

## 16 Drivers Entered In Arlington Race

ARLINGTON DOWNS, Tex. (AP)—Babe Strapp, director of Racing International, said yesterday that 16 of the nation's top drivers have entered for a 100-mile National Championship Automobile Race here April 25.

**There's a great Career for You in Aviation**

In the picture above, the man at the left is a pilot. Next to him is a control tower operator and, right, is an airplane mechanic. They represent three of the hundreds of skilled technicians required today in aviation—one of the world's fastest-growing sciences.

How did they get to be specialists? Like many other men who have gone to the top in aviation, they enlisted in the U. S. Air Force. No other organization offers wider opportunities to men who want careers in this spectacular field. For example:

If you're single, between 20 and 26½ years old, and have completed at least half the requirements for a degree from an accredited college or university (or pass an equivalent examination), you're eligible for appointment to the Aviation Cadets. After winning your wings, you're commissioned 2nd Lieutenant and assigned to active pilot duty with the Air Force. This training has long been recognized as the finest available anywhere.

If you're a high school graduate, between 17 and 34, you can take advantage of the Aviation Career Plan. You can select the special training you prefer from a group of more than 40 excellent courses and qualify for it before you enlist. Good pay from the start, plus the chance to move up as you gain experience, make this another outstanding way to get going in the work you choose.

You can fit into this picture. If you want action, adventure, and training that paves the way for a sound career in aviation, ask for full details on these and other programs now! Your nearest U. S. Army and U. S. Air Force Recruiting Station, or Air Force Base, will be glad to discuss them with you.

## Mangrum Shoots 4 Under to Take Lead in Tourney

GREENSBORO, N. C. (AP)—Lloyd Mangrum seared the Sedgefield Golf Course with a sizzling 66 yesterday to take the lead at 36 holes in the \$10,000 Greensboro Open Golf Tournament.

Mangrum, leading money winner among the pros this year, reached the halfway mark of the tourney with 136. The 1946 National Open king was four groups par in equaling the summer rules record for the 6,720 yard course.

Tied in second place for the second straight day were two North Carolina pros, Herman Heiser of Charleston and Stewart (Skip) Alexander of Mid Pines. Each had par 70's yesterday to go along with Friday's 66's.

The only other player to better par for the first 36 holes was Ellsworth Vines. The former tennis champ from Chicago, carded 69 for 339 and fourth place.

Three 140 performers, Herman Heiser, Akron, Ohio; Bob Hamilton, Reynolds, Ky.; and George Fazio, Los Angeles, figured in the contention over today's windup 36 hole route. Of the trio, Hamilton was hottest today with 68, one less than Heiser and three better than Fazio. The 141 and 145 groups each included three players, while one of the five at 143 was Jini Milward, Northern, Wis., first day leader who fevered his opening round 67 to a fat 76.

Jim Milward leading the first day with 67 went nine blows over that effort with a 38-38 job. Frank Stranahan of Toledo, O., was top among the amateurs with a 145 after yesterday's 73.

## Softball Leagues To Be Organized

Those interested in the formation of softball leagues in Pampa are asked to meet Wednesday night at 7:30 in the Corporation Court room in the City Hall.

It is hoped that two leagues will be formulated from Wednesday night's meeting.

It was also believed that two softball diamonds will be located in the city for this year's play. Last year's Industrial League games were played at Skellytown and the Phillips Camp south of town.

**Gets New Job**  
WELLINGTON, O. (AP)—William B. Murray, junior half of the father-son combination which operates the Bonnie Brae breeding farm at Wellington, has been elected a director of the U. S. Trotting Association in District One.

Delaware is the second smallest state in the U. S. A.

### BOWLING

Women of the newly formed Cabot Ladies' League bowled for averages at the Pampa Bowling Alley, Friday night.

The four-team league will bowl every Friday night. The names of the teams are Oxyx 10, Vulcan, Sterling 50, and Spheron.

**ADVERTISER**—The loss of material objects of affection sunders the dominant ties of earth and points to heaven.

### Sons Carry On

PHILADELPHIA—(AP)—Famed Olympic Coach Lawson Robertson has retired as track mentor at Pennsylvania—but the Robertson name is not absent from the Penn track rolls.

Two of Robbie's sons are competing for the quaker forces—Lawson junior in the shotput and 25-pound weight and George in the sprints. Jack Glascott, Jr., son of Penn's acting coach, also represents Penn in track. He is a hurdler.

California is the second largest state in the United States.

### Utility May Borrow

WASHINGTON—(AP)—The SEC has granted permission to the Texas Utilities Co. to borrow \$6,000,000 from its parent, American Power and Light Co., or from banks.

The money will be advanced to subsidiary companies, Texas Power and Light Co. and Texas Electric Service Co.

Herman Undertakers of St. Louis hold an all-time record for high team total in bowling, with 3797 pins tallied during competition in the 1937 regular season.

### Sports Round-Up

By HUGH FULLERTON, JR.  
NEW YORK—(AP)—A hot, but uncontinued, rumor kicking around town is that Frank Keane, veteran Rhode Island State basketball coach, will take over the job of piloting the Boston Celtics in the Basketball Association of America next season. At least, Frank would escape those annoying professors that way. When Ossie Cowles hired a photographer to take movies of Michigan's last few Big Nine cage games, the flicker man moaned because his light meter wouldn't even flicker under the artificial "illumination" at Michigan's Yost field house. Opponents have been complaining that they had to shoot in the dark there. One of the year's best-named race horses is Pail of Water, by Jack High-Up the Hill.

**FIRST BOUNCE**  
Maybe the gag isn't entirely new, but Rabbit McVeigh, little American Hockey League referee, deserves credit for quick thinking when an irate player recently threw his stick high in the air after being given a penalty. . . . McVeigh shouted: "if that stick comes down, it will cost you a misconduct and \$25. . . . The player yawned."

**SPORTS BEFORE YOUR EYES**  
Johnny Neum, struggling to reconstruct the Cincinnati Reds, comes out with this hopeful statement: "By next year, I hope I'll be able to come to Florida and say I have my five starting pitchers. . . . Partly as a result of his 1947 World Series performance, Bucky Harris is trying to get Bill Evers to change his pitching staff a trifle. Bucky wants to "twist him around a little" so the base runners won't get the jump. . . . Bert Williams, Circle M stable trainer, claims he'll be satisfied if he can get his good three-year-old, Kellie, ready for the Saratoga races in August. Maybe Bert hopes Citation will be tired by that time. . . .

**WEAK END NOTES**  
The Pro Basketball Association, which had a heck of a time ending its 1947 playoffs before July 4, may run into the same kind of rhubarb this year with a possible four-way tie in the Western division. . . . and that first place is worth about \$6,000 per club in playoff dough. . . . North Carolina claims to have about the hottest college baseball loop in the country with its "Big Four" League of Carolina, N. C. State, Duke and Wake Forest. . . . You're as-young-as-you feel note: did you know that

### Rarin' to Go

His salary differences ironed out and having fully recovered from both an appendectomy and tonsillectomy this winter, the St. Louis Cardinals' Stan Musial looks happy and in good condition as he waits his turn to bat at the Red Birds' training camp in St. Petersburg, Fla.

**Joins Homer Elite**  
BOSTON—(AP)—Vern Stephens, now of the Boston Red Sox, hit 15 home runs for the St. Louis Browns in 1947 to enable him to join the select group of active American Leaguers who have hit 100 or more homers during their major league careers. Incidentally, Stephens should do well at Boston's Fenway Park. In six seasons he compiled a .329 batting mark there as against a .291 overall major league stick average.

Walter Hagen recently became a grandpappy? It's Walter Hagen 2nd, of course.

**HALF OF HOMERS**  
Stan Spence cracked out one-half of the 10 home runs that the Washington Senators hit at Griffith stadium during last season.

U.N. TEST

(Continued from Page 1) the Palestine partition plan at this time. He would not comment. It was expected that the three-power note would precipitate a fresh battle over Trieste in the council. The Italian Peace Treaty made the Security Council responsible for Trieste.

A British spokesman said that British and American troops certainly would remain in their area in Trieste until a new arrangement is made.

U. S. sources, meanwhile, were confident the U. N. would accept their proposal to turn aside from the assembly's partition plan and set up a temporary trusteeship for the Holy Land.

In the Czechoslovak case, Herman Santa Cruz, of Chile said he had a pledge from one council member to demand that the council hear Dr. Jan Papanok, who has been fired as Czechoslovakia's delegate to the U. N.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE NEW YORK—George Washington never told a lie. That's what the story books say.

But history doesn't record whether George ever had to explain how he got:

- (1) A black eye; (2) A scratch on the cheek; or (3) A bump on the head.

If he did, it is doubtful whether the father of his country ever would have won his reputation. For there would have been no use for him to say "I bumped into a door," "the cat scratched me," or "I tripped and fell and cracked my head."

Even Congress wouldn't have believed him, and a lot of old neighbors would have gone around shaking their heads and telling each other: "You know, I never believed that story about George cutting down the cherry tree either. Bet he hired somebody to do it."

The truth is that honesty is never the best policy in explaining the accidental cuts, bumps and bruises you receive leading a normal life. Belief in such cases is too much to ask of friends.

If you want them to continue to count on your veracity, invent the wildest tale you can. They will swallow it more easily than the bare truth. Because of this, our whole faith is based on the theory that no mishap can befall a man going about the ordinary chores of living. If he does get a black eye—"oh, oh, he must have been up to some monkey-shines."

I am bringing up all this because I have a "bump-out" on the back of my head myself. I got it last week on a visit to friends in the airborne troops at

Choir Presents Program at Club

Miss Hart Anderson, supervisor of vocal instruction of the local schola, directed the High School A Cappella Choir in several numbers, constituting the program of the Kiwanis Club Friday.

The group, which has received acclaim from the Kiwanians in the past, sang three spiritual numbers and two popular numbers. A High School sextette sang three popular numbers.

The program was introduced by Dr. George Sacil, Kiwanian. At Friday's meeting, Gene Fathree and R. M. Samples, local businessmen, were formally inducted into the club.

SCHOOL

(Continued from Page 1) average of 30 to 35 foot-candles of illumination in every classroom and office. Fluorescent light fixtures will be installed throughout.

In this school improvement proposition is also included additional steel supported bleachers at the football stadium, additional necessary equipment for the entire system, a new crafts room for the Skellytown Grade School, which will make a thorough course in elementary shop available for all boys and girls in the upper grades of that school, and general improvement of the water system in the Skellytown School. The proposition regarding teachers' home includes the purchase or construction of two teacher housing units in Skellytown and two in White Deer, it was said.

Pt. B-agg, I got it by slipping and falling in a bathtub.

When I came home, Frances took a look at the bandage and her eyes gave me a wife's wordless "well?"

"Fell in a bathtub," I mumbled. "It's nothing."

She didn't say she didn't believe me. In fact after I repeated five times exactly how it happened she said with formal enthusiasm, "Oh, I believe you all right." Wives are so tactful.

At the office I explained the accident to the first five people who inquired. Their unanimous reaction: A wink and "oh, yeah-h-h?" that cured me.

I told the next guy that I had bent down to inspect a bear trap being shown me by a fellow mountaineer, and the jaws had snapped shut on me.

"Gee whiz!" he said, "you could have been killed!"

A trapezium is a geometrical figure with four sides, no two of which are parallel.

TRIESTE

(Continued from Page 1) it "a bit of international politics." Senator Wiley (R-Wis.) commented: "It just shows how deep we are now in the international poker game."

The Yugoslav ambassador here, Sava N. Kasanovic, issued a statement saying "I was deeply shocked... at both the substance and form of the State Department's proposal."

"I do not know if it is intended to provoke Yugoslavia into a step which might provide the excuse for direct action by other nations in this situation," the envoy continued.

"I do know that this action is certain to create an atmosphere of nervousness and tension in which the employment of reason and calmness and justice is made more difficult."

The Italian ambassador here, Alberto Tarchiani, expressed gratitude "for what the United States has done."

The announcement was made by the State Department here an hour after the formal proposal reached the Russian and Italian Embassies. The United States, Britain and France had decided to act after ten days of consultation undertaken at an American suggestion.

Trieste was for more than a year the main stumbling block between the great powers in their aim and France had decided to act after ten days of consultation undertaken at an American suggestion.

Establishment of the free territory had been originally suggested by the French as a compromise measure in order to get some kind of Italian treaty written. Russia had consistently backed Yugoslav claims to possession of Trieste and the western powers up to the French compromise had demanded Trieste for Italy.

At the time the compromise decision was made, diplomats generally agreed that it never would work. They pointed to Trieste's dangerous location between Italy and Yugoslavia, at the southern end of the iron curtain between the Russian world and the western world.

The peace treaty provided that Yugoslavia and the United States and Britain each should have 5,000 troops in Trieste. The territory was divided into two zones and the Yugoslavs occupied the southern zone by themselves while the United States and Britain settled down in the northern territory.

Yesterday's announcement accused the Yugoslavs in effect of violating the arrangement.

Illegal Yugoslav absorption of part of the Trieste territory was given as one of two reasons for the proposal to scrap the whole arrangement. The other was that the U. N. Security Council has shown itself unable to select a governor for the area as the Italian Peace Treaty provided it should do.

For these reasons, the joint announcement of the western powers declared, they would submit to the Security Council arrangements for ending the free territory plan and give Trieste entirely over to Italy.

Officials said the only way for this action to become legal would be for the great powers all to agree upon it and then get other nations which signed the Italian Peace Treaty to adhere to the revision.

The move of the western nations presented the Russians with very little choice. If they support the western powers they will in effect be kicking their Yugoslav satellite in the face.

But if Russia sides with Yugoslavia that will be a slap in the face of the Italian Communists.

DRAFT

(Continued from Page 1) to Congress last week or from the testimony of Secretary of Defense Forrestal.

Marshall and Forrestal will go before the Senate Armed Services Committee Monday afternoon in a closed session.

A majority of the 91 polled said they want to do "what is necessary to keep this country's military strength at par in the face of Russian encroachments in Europe."

But many of those who gave public support to the draft and UMT, or both, attached their own conditions. Many said they would support one, but not both, of the proposals.

Senator Maybank (D-SC), a member of the Armed Services Committee, said: "I'll vote for the best possible draft system to defend the United States, eliminating the boys who fought the battles of World War II. But if we have selective service, I don't see much sense in having universal military training too."

Some Democrats, including Senators McGrath (RI) the national party chairman, Hatch (N.M.), Green (RI), and Eastland (Miss) said they will vote for both.

Senator Thye (R-Minn), a supporter of Harold E. Stassen, GOP

HELP AMERICA PRODUCE FOR PEACE—TURN IN YOUR SCRAP IRON AND STEEL

The big news is

PONTIAC

A FINE CAR MADE EVEN FINER

GM Hydra-Matic Drive optional\* on all models

A greater car... and a greater value!

A year ago today, if you had asked the owner of a new Pontiac what could be done to improve it, he would very likely have told you—"Nothing at all. I like it just as it is."

That's why, for those who have known Pontiac in the past, the 1948 Pontiac is the big news of the year. For here is a fine car made a great deal finer!

There is new beauty—beauty that starts with a refined "Silver Streak," and extends throughout the exterior and interior of the smart Fisher bodies.

There is new dependability—for the sturdy Pontiac chassis has been improved wherever possible. And there is unbelievably fine performance—

for not only have the great Pontiac engines been refined and improved—but Pontiac now offers, as optional\* equipment, the sensational General Motors Hydra-Matic Drive.

With this miraculous mechanism, you just sit back and relax! There is no clutch pedal, and the gears shift themselves. If you wish, you can drive from sun-up to sun-down and touch nothing but steering wheel, throttle and brakes.

The new Pontiac is now on display in our showrooms, and you are cordially invited to see and inspect it. There are fifteen beautiful models—each a great car and a great value. And among them is one exactly suited to you.

**Woodrow Wilson P-TA Hears Quartet and Two Guest Speakers**

The first number on the program of the Woodrow Wilson P-TA meeting last Tuesday was the song, "Easter Parade" sung by a quartet composed of Mary Lynn Miller, Jane Morrison, Marguerite Hall and Mary Jan Silcott under the direction of Mrs. Mary Thomas.

The Rev. H. Clyde Smith, introduced by Mr. H. A. Yoder, gave a talk on the subject of "The Weeds—Intolerance, Prejudice, Hatred and Ignorance." The speaker discussed intolerance and prejudice at some length but stated that hatred and ignorance breed intolerance and ignorance. He closed his address with the Scripture quotation: "As a Man Thinketh so is he."

Aubrey Jones, representing the Kiwanis Club, explained the origin and plans being made to make the Junior Safety Patrol a success.

Room awards went to Miss Allene Weathered and William Birt.

It was announced that at the next meeting, a question box would be available and every one was urged to submit ideas that might be helpful in planning next year's programs.

During the business session the following officers were elected to serve during the year of 1948-49.

New officers are: president, Mrs. Joe Wells; vice president, Mrs. Dale Pinson; secretary, Mrs. L. G. Langston; treasurer, Mrs. L. T. Goodnight; historian, Mrs. W. L. Kretzmeier; parliamentarian, Miss Minnie Allen; delegates to city council, Mrs. Hadley Watson and Mrs. Carl Maddox.

**WOMEN'S COUNCIL**

The Women's Council of the First Christian Church will meet in groups next Wednesday at 2:30 p. m. Group 1 will meet with Mrs. Charles Madeira, 1015 E. Fisher, Group 2 with Mrs. Dale Pinson, 1021 1/2 E. Browning; Group 3 with Mrs. Morris Enloe, 541 Hughes; Group 4 with Mrs. Charles Ochiltree, five miles from city limits on Lefors Highway.

**SHIVERING SHRIMP**

An ice-water bath will give canned shrimp a fresh-from-the-Gulf flavor. For their dip, drain the liquid from the shrimp and reserve that for preparation of the recipe. Then put drained shrimp in a bowl with eight or ten ice cubes and a little cold water. Let them soak for 10 minutes.

**Mrs. Jack Tabor Is Shower Honoree**

A bridal shower honoring Mrs. Jack Tabor, formerly Miss Virginia Giddens, was given Friday evening, March 12, at 417 Rose St., Pampa. The hostess for the occasion was Miss Louise Clark, who presented Mrs. Tabor with a corsage of white carnations. The guests were received between the hours of 7:30 p. m. and 9 p. m. and were served refreshments from a table covered with a white cloth. Mrs. Bill Gamblin presided at the punch bowl. Those participating in the shower included Meses. John Lane, Emory Noblitt, K. H. Brannon, W. E. Hinton, Joe Marsell, Della Godfrey, Roy C. McKee, E. N. Giddens, John Clark, W. I. Gilbert, Richard Hendrixson, Bill Gamblin, Earl Snyder, Gene Butler, Horace Saunders, Naomi Nice, H. S. John, E. W. Giddens, J. M. Stroup, J. W. Tabor, Sr., M. M. Avis Kelley, Patsy Brannon, Anna Allen, Colleen Voyles, Hazel Nice and all girls of the Telephone Company where Mrs. Tabor was formerly employed.

**B. M. Baker P-TA Has Varied Program**

The B. M. Baker P-TA held its monthly meeting, Tuesday, March 16, at which time the fourth grade gave an inspiring play on "Democracy and Humanly" and then sang a group of Irish songs. Three guest speakers contributed to the program. Aubrey Jones, The Rev. C. T. Jackson of McCullough Methodist Church gave a talk on "The Weeds, Prejudice, Hatred, and Ignorance!"

### THE DRILLER'S LOG

It is really a pleasure to me to attend the local API meetings not only from the information standpoint, but also to see the good fellowship always shown at these meetings. The last meeting Tuesday night of this past week was no exception. The program was very interesting. E. R. Archambeau, of Borger, is an authority on early Panhandle history and his talk at the meeting left no doubt in the minds of those in the audience but what the history of this section of the country is colorful from its very beginning. John Terrell, Magnolia public relations official from Dallas, had one point to sell, the oil industry, and he gave facts and statistics to prove that the average American has no idea of the magnitude of the problems and success of the oil industry, with its many by-products. He urged that all connected with it become public relations men themselves to carry their story to the general public. Ralph O'Neill, Phillips executive of Borger, added humor to the program by insisting that it was good to tell people about the oil industry as long as that information didn't include "tight holes" and especially the Jenkie Deep Test (tight holes, in case you don't recognize the term, refers to a well being drilled which gives no information to the general public). Several times Mr. O'Neill was

questioned from the floor as to information regarding the Jenkie, but in all cases he cautiously avoided answering. (Clever men, these operators). The Jenkie is not dead yet... True enough it's had its face changed a trifle by the substitution of a smaller rig, but there is life in the old gal yet and interest is still evident.

A Dallas news item informs us that J. N. Tate, field representative for the Oil Well Supply Company in Borger since August of 1946, has been transferred to Pampa as manager of the store here. Mr. Tate served as manager of the store in Pampa in 1943, moving to Borger in 1945 as manager there. He joined the company in 1935 and has served in stores in Pryor and Monohans, Texas, and at St. Elmo, Clay City, and Salem in Illinois, Missouri, attended Arkadelphia, Arkansas, High School and the University of Oklahoma.

The city of Miami is showing interest in the new Gulf Core Test going down about a mile from the city, just east of town. The well is being drilled by the Big Chief Drilling Company of Oklahoma City. Reports are that the well is "lit up like a Christmas Tree" and is very accessible to public view since it is just off the highway.

L. E. Sloan, district superintendent for Stanolind, went to Fort Worth on Thursday of the past week to attend a district superintendents meeting of the Fort Worth Division Office. He will return to Pampa today.

Vitamins are nitrogenous substances essential to the diet of both men and animals.

### Area Report: Completions

Four new oil wells were completed in this area during the past week according to a report from the Oil and Gas office of the Railroad Commission.

Gray County reported three completions. Hutchinson County reported only one.

One new gas well was also reported.

Gray County  
Cities Service Oil Co., No. 6, Hughley A, located 370 feet from W and 330 feet from S lines of Section 129, Block 3, I & GN Survey, tested 40 barrels of oil in a 24 hour test. Top of pay 3125 feet. Total depth 3283 feet.

Phillips Petroleum Co., No. 2, Lehman, located 1650 feet from N and 2310 feet from E lines of Section 185, Block B-2, H & GN Survey, tested 84 barrels of oil in a 24 hour test. Top of pay 2040 feet. Total depth 3005 feet.

Hutchinson County  
Herrmann Brothers, No. 4, Johnston, located 1921 feet from N and 230 feet from W lines of Section 16, Block M-23, TCR Survey, tested 35 barrels of oil in a 24 hour test. Top of pay 3062 feet. Total depth 3110 feet.

New Gas Completion  
Hutchinson County, Sinclair Prairie Oil Co., Johnson Ranch G-1, Section 8, Block Y-2, TT RR Survey, Potential 10,200 MCF. Rock Pressure 205.

DESTRUCTIVE CORROSION  
Five billion dollars of the U. S. national wealth is invested in underground piping. An annual loss of more than \$142,000,000 is incurred through corrosion.

A cairn is a pyramid of rough stone used as a landmark or memorial.

## Six New Notices of Intent to Drill Filed With Commission

The following notices of intent to drill have been filed: Hutchinson County - Shamrock Oil & Gas Corporation, Lasater No. 1, TC Ry Survey, 1320' from S and 330' from W lines SE-4 Sec. 26, Blk. M-23, 1 3/4 miles NW of Stinnett. Dolomite Production Company, Hamilton No. 8, H & TC Survey, 4959' from N and 1008' from W lines of Sec. 24, Blk. 47, 5 miles N of Borger. J. M. Huber Corporation, J. T. Hodges No. 3, J. C. Patton Survey, 230' from S and E lines of Survey, Blk. 1-A, 8 miles NW of Borger. Magnolia Petroleum Company, S. O. & D. Co. No. 11, Day Land & Cattle Company Survey 24, 330' from W and S lines Sec. 2, 2 miles W of Stinnett. Panhandle Producing Company, Herring A & B No. B-7, Walters Survey, 1940' from W and 2650' from S lines of Survey, 7 miles NW of Stinnett. Phillips Petroleum Company, O. M. Childers No. 3, Z. C. Collier Survey, 330' from S and 1650' from E lines Sec. 9, 1 mile SW of Stinnett.

Carson County - Shell Oil Company, E. F. Bryan "A" No. Survey, 2 miles N of Skellytown. Gray County - Sinclair Prairie Oil Company, P. A. Cooley No. 2, Sec. 57, Blk. 3, I & GN Survey, 3 miles SE of Pampa. Cities Service Oil Co., A. Smith No. 3, Sec. 139, Blk. 3, I & GN Survey, 3 miles W of Pampa. The following wells have been plugged: Gray County - Gulf Oil Corporation, J. B. Bowers No. 1, Sec. 63, Blk. B-2, H & GN Survey, Plugged 2-26-48. Total depth 3230. Letors Petroleum Co., W. H. Hughes No. 1, Sec. 4, Blk. A-6, H & GN Survey, Plugged 9-19-47. Total Depth 2350'. Letors Petroleum Co., West Bull No. 1, Sec. 3, Blk. B-2, H & GN Survey, plugged 7-15-47. Total Depth 306'. Letors Petroleum Co., W. H. Pierson, Fursley No. 1, Sec. 9, Blk. 25, H & GN Survey, plugged 2-15-48. Total Depth 3005'. Six notices of intent to drill were filed at the local Oil and Gas Office of the State Railroad Commission during the past week, officials reported yesterday.

### Cities Service Drilling Report

TEXAS  
Cochran County Slaughter No. 1, 440' N, 440' E of SW cor. Labor 5, Abstract 71, - drig. 3720'.  
Crockett County Hoover A-5, C SW NW SE Sec. 14, Blk. GG, drig. 2085'. Hoover A-9, 490' N, 1030' W of SE cor. Sec. 14, Blk. GG, waiting on tools.  
Sterling County Collins No. 1 (wildcat) 650' N, 650' W of SE cor. Sec. 71, Blk. 17, SP RR survey, drilled out cement to 8064'.  
Throckmorton County Schlitter No. 1 (wildcat) 467' S of N line, W 1/2 Sec. 1648, TEEL survey, acidized with 1000 gal., used 17 bbls. water for flush, swabbing 3 bbls. oil per hour.  
Wise County Berry No. 1, 478' S, 467' W of NE cor. M. T. Berry tract in SE cor. of E. H. & W. M. Thompson survey, Abstract 1149, - drig. 1200'.

KANSAS  
Butler County Chesney No. 152, C SE SW NE Sec. 21-25-5, cleaning out 2199', hole caving, Chesney No. 153, C NW NE SE Sec. 21-25-5, drig. 1923'. Wilson No. 223, C W-2 E-2 NE Sec. 8-25-5e.  
Three wells were listed to be deepened. Two of these wells were in Gray County and the other one in Carson County.  
Four wells were reported as plugged in Gray County.  
Hutchinson County was the only county listing new intent to drill filings during the past week.

WIRE QUELLED  
ODESSA, Texas (AP)—John Jobe and his fire-fighting crew yesterday blew out an oil well fire that had been burning three days. About 60 quarts of solidified nitroglycerin were used to quell the fire.

1100' oil in hole, TD 2449'.  
Rooks County Casey No. 1 (test) C NW NW SE Sec. 15-9s-16w, to move in today.

OKLAHOMA  
Cotton County Orth No. 10, C SW SW NE, Sec. 17-3-11, location. Orth No. 11, C SW NE, Sec. 17-3-11, location.  
Garvin County Rogers #1 (wildcat, partnership) C SW NE SE Sec. 5-4n-4w, drig. 12,572'.  
McClain County Ramsey No. 1, C SW NE Sec. 22-3n-4w, drill-stem test, 10,899-961', 1/2" choke, 1000' water cushion, made 96.13 bbls. oil, 1 hr. 15 min., gas rate, 2,657,000 c. f.

LEASES PURCHASED  
OKLAHOMA CITY (AP)—W. D. Grisso, Oklahoma City, J. H. Van Zant, Fort Worth, and associates have purchased 250 acres of oil and gas leases containing four producing wells from the Standard Oil Co. of Kansas. Purchase price was undisclosed.  
The properties are located in the southwest Sylvian Field of Seminole County, Okla., sections 15 and 22, 10n and 7e. The producing leases are named the Roberts and the Looney. The current production of the four wells is 240 barrels daily.

ADVERSITY has ever been considered the state in which a man most easily becomes acquainted with himself, then, especially, being free from flatterers. —Johnson

Periods of the year when the nights and days are equal length are called equinoxes.

### In Hollywood

BY ERSKINE JOHNSON  
NEA Staff Correspondent  
HOLLYWOOD —(NEA)—An old Universal film, "That Night With You," will be given a big national re-release all because of a girl named Eva Paul who plays a bit role. Eva is now better known as Mrs. Winthrop Rockefeller.

Wouldn't you know it department: If the midnight fights at those Sunset strip giggle palaces feature important personalities, the head waiters call the newspapers and pamper the participants. But if a pair of unknowns start throwing punches, the headwaiters call the local sub-station of the sheriff's office and the haters are carted away in a hurry.

RKO is looking over its musical properties for Bill Williams. He was a well-known vaudeville dancer before he signed with the studio.

Cheta, the Chimp, signed a new contract with Sol Lesser to appear in more Tarzan films. Someone at the studios cracked, "This is the first time an actress ever signed a contract and chewed it up a few minutes later."

FILMS OUTDRAW CHURCHES  
Here's more proof that motion pictures are important. According to the Library of Congress, films outdraw churches five to one.

When John Payne returned to the "Saxon Charm" set and announced the arrival of a baby boy, Susan Hayward asked how his wife, Gloria de Haven, was feeling. "There's nothing to it," said John, ducking. "She just had a little Payne."

Three Hollywood studios are gnashing teeth because they turned down Henry Fonda's Broadway hit, "Mr. Roberts." Agent Leland Hayward will make the play into a picture for independent release.

All lawyers should enjoy the picture just announced for Robert Young—"Sweet Sue." . . . Laura Leslie, vocalist with Sammy Kaye's orchestra, will be screen tested at Warner Brothers. . . . Edward Ryan has been buying dinner for Ann Blyth at the Della. . . . There may be another Greg Peck on the screen soon. The Arthur Murray teacher with the same name will be screen tested by RKO.

Another cycle of aviation films coming up. First is "Slattery's Hurricane," a story about weather reconnaissance pilots just purchased by 20th Century-Fox from author Herman Wouk.

DONLEVY ON AIR  
Brian Donlevy will do a series of radio shows based on the true cases of Loyola of London. Agent Al Morris set the deal. Donlevy plays an insurance investigator.

Red Skelton denies he's headed for the Mayo Clinic for a physical checkup. . . . June Allyson is denying, too. She says those stork rumors aren't so. "But," she adds, "I haven't given up hoping." . . . The London Palladium is paying Roy Rogers and Dale Evans for a month's personal appearance there in the fall at \$15,000 a week. . . . Donna Reed, unhappy with her roles, and lack of roles at M-G-M, is asking for release from her contract. . . . Richard Hart, who just checked out of M-G-M, may wind up in the third top spot in Republic's "Wake of the Red Witch" with John Payne and Gail Russell.

Not in the script: "I wish women would stay off of platform heels and be petite. Their overpowering stature is making shrimps out of most men." — Louis Hayward.

Signs in a Hollywood Boulevard corner shop: "The world may be in bad shape, but you don't have to be."

Things are so bad at one studio these days, that one wit there is insisting all the writers are rushing to meet shelving dates. . . . Attention all press agents: The governor of Wisconsin just signed a law providing a fine and jail term for anyone giving false stories to newspapers.

Our dancing daughters: Pat O'Brian accompanied his 14-year-old daughter to a school dance but before leaving her to her friends, he insisted on the first dance. "All right," she said, "but just once around the floor and that's all. And dance in the middle—I don't want anyone to think I came with you."

### VFW Post Asks Harris for Governor

DALLAS —(P)—State Senator Fred (Red) Harris said he will consider an offer by a group of Abilene veterans to make him their candidate for governor.

Harris said he would like a day or two to find out where I am — but if they want me, they've got me."

The Clayton M. Leach Post, Veterans of Foreign Wars, passed a resolution that Harris is "in strict accord with the views of the post in regard to protection of veterans' rights," in asking him to run.

Harris said he had just returned from an American Legion meeting here, when the resolution was read to him over the telephone. "I haven't had time to even think," he said "I feel humble that a bunch of fellows like that think I should be their executive." The Abilene veterans said Harris will be asked to begin his campaign there.

### Bad Weather Holds Farm Jobs Down

AUSTIN —(P)—Continued bad weather in February held down employment of farm laborers, only 3,000 persons being placed on farm jobs by the Texas Employment Commission.

More than half this number, 2,782, were hired in the Harlingen district.

Even this small number of placements stepped up the farm labor program, jumping 70 percent above the previous month.

Fair Enough

by Westbrook Pegler

According to "Message of 1929," a year-book of the mystical circle of spooks, fortune-tellers, hypnotists and New Deal political fakery which Henry Wallace created in the great 24-story joss house on Riverside drive, New York, was formally presented to the people of the United States on October 17 of that year.

This gift was announced publicly in a rapturous speech by Louis Horch, Wallace's friend and later his political protégé and plant in the Departments of Agriculture and Commerce.

On October 17, 1929, Horch announced that "we, the trustees of the Roerich museum, which is devoted to art and the ideals of this master (Nicholas Roerich, the Russian godman), do hereby proclaim the Roerich museum as the property of the people of the United States."

That is not a legal undertaking as to language, but it might be enforceable inasmuch as it was uttered in the presence of a crowd of 10,000, including persons of distinction.

Horch got his building back. He was worth more than \$1,000,000 and Horch, while he was under the spell of Roerich, had spent or invested more than that. He was a great check-grubber where old Nick was concerned and he had a number of other interests.

Not only that, but the Fung-Gung made a few hocuspocus passes at a drooling alo who was on his way to vice presidency of the United States, and had him jump nip-ups and calling him papa.

Last October, L. Gary Clement, member of the council of the city of New York for the Communist Party, took notice of the bill by Councilman Ira Palestine of the Bronx to exempt from certain taxation the lamassery on the drive. Meanwhile, I had discussed the ownership of this plant with Horch himself and had been unable to pin him down to any statement of the status of the property that I could understand.

He said it was an "institution" and "dedicated to education and culture," but nevertheless it was still his and he wanted tax-exemption. Inasmuch as he lied to me at that time about his interest in Roerich's works claiming his interest was strictly cultural, whereas he had already testified in the House of Representatives that Roerich was God Almighty, I didn't believe his statement of the status of the property and don't believe him now. I believe he was double-talking with a view to obtaining the tax exemption later.

Announced Marshall's appointment as secretary of state, the general, then failing to force Chiang to compromise with Communists, issued the following statement: "The dyed-in-the-wool Communists," said Marshall, "do not hesitate at the most drastic measures to gain their ends, as for instance, the destruction of communications in order to wreck the economy of China and produce a situation that would facilitate the overthrow or collapse of the government without any regard to the immediate suffering of the people."

At that time I cited this statement as giving us grounds for hope that Marshall had learned his lesson. But after 14 months of frustration and failure in his efforts to deal with Moscow he still says he is going to pressure Western Europe to deal with Moscow.

Individualistic Reading Horn's Magazine, which is published for book lovers, runs a question and answer department. The questions, of course, are limited to subjects which pertain to books or literature.

"The answer to this, by Mr. R. C. Holles, of Santa Ana, publisher and editor of six newspapers and undoubted a student of individualism and free enterprise, gives the following list:

"Give Me Liberty" (Rose Wilder Lane) Pamphleteers, Inc. 2151 S. Broadway, Los Angeles, Calif. "The Law" (Frederic Bastiat) Pamphleteers, Inc.

"Freedom and Enterprise" (F. A. Harper) Privately printed by F. A. Harper, 2141 Charlevoix Ave., Detroit, Mich. "The Philosophical Foundations of Free Trade" (Margaret MacPherson) The Free Trade Union, London.

"What Raises Wages: Labor Unions or Better Tools" (William F. O'Connell) Committee for Constitutional Government. "The Only Path to Tomorrow" (A. J. Altmeyer) Committee for Constitutional Gov't.

"Freedom in America" (Virgil Jordan and Henry Hazlitt) Pamphleteers, Inc. "America's Real Resource" (R. T. Harlan) Standard Oil Company, New York City.

"The Higher Law" (Harold R. McKinnon) American Bar Association Journal, Feb. 1947. "Economic Sophisms" (Frederic Bastiat) Register Publishing Co., Ltd., Santa Ana, Calif.

"Harmonies of Political Economy" (Frederic Bastiat) Register Publishing Co., Ltd. "The Reconciliation of Government with Liberty" (John W. Burgess) Charles Scribner's Sons.

"Economics and Ethics" (Marcel of Oxford, England) E.P. Dutton & Co. "Progress & Religion" (Dewey) The Macmillan Company.

"A chapter, 'Responsibility,' from Bastiat's 'Harmonies of Political Economy.' Register Publishing Co., Ltd. "Man vs. the State" (Herbert Spencer) Caxton Printers, Ltd., Caldwell, Idaho.

"Our Enemy the State" (Albert J. Nock) Wm. Morrow & Company. "The God of the Machine" (Isabel Paterson) G. P. Putnam's Sons.

As long as there are nations which would resort to intimidation and force, we invite aggression if we lose our ability to strike back. Gen. Omar Bradley, Army chief of staff.

We all want the Marshall Plan to be a springboard for Europe rather than a wheelchair. Eric Johnston, president, Motion Picture Producers' Assn.

A successful war against rats would save as much grain as it is possible to send to Europe. Norman Thomas, Socialist leader.

John Always Seems to Choose an Opportune Time

By RAY TUCKER

WASHINGTON — The United States will not become an armed camp after the 1940-1941 model as a consequence of the alarm and tension which the prospect of war has precipitated at the Capitol.

A large percentage will go for the construction of big bombers capable of carrying atom missiles, and for jet-propelled ships, it is understood that England plans to build up the RAF, which broke the Hitler blitzkrieg over Britain.

There will be an immediate inventory of laid-up naval vessels, which make up the most powerful armada in history. It is estimated that it will require from two to six months to commission the moth-balled fleet.

Mr. Byrnes said that he was speaking only for himself, and that he had not been in consultation with President Truman or Secretary Marshall. Nevertheless, he voiced the fears and the alternatives which have occupied the minds of staff ever since the Chechoslovakian coup, the demands on Finland and hints that Norway now figures in all of Stalin's plans for a further advance toward the West.

REACTIVATION — The military experts have been trying to win approval for a universal military training during the last few days, with the world crisis as an added argument for their thesis.

But it is now admitted by the conscriptionists that UMT is no longer the answer to our needs. It would take too long a time to get the system into operation, and the contemplated program of training would not turn out hardened soldiers under a year at a minimum.

The alternative now proposed is reactivation of the wartime draft. Only congressional action can restore selective service, but preliminary steps for setting it up overnight have already been taken. World War II files have been carefully screened to ascertain the number of veterans who would be available on the basis of age and training and experience.

CLINICS — There has been a quick check of the personnel of World War II local boards again to discover how many executives and clerical workers could be reengaged. Regional clinics have been held throughout the country to instruct a nucleus of draft officials on the new problems which enrolment of from 15,000,000 to 20,000,000 people would involve.

For the information of World War II veterans, they need not fear a further call unless they are under thirty. Top age limit will probably be thirty-five, but the first summons would catch men in the twenties, and youths who did not serve in the last conflict, but who have now reached eighteen. The next struggle will be even more of a young man's job than the last one was.

TOP OF TEXAS NEWS

Shamrock Lefors

SHAMROCK — (Special) — Mrs. T. E. Treadwell of the Plainview community sustained severe lacerations of her forehead and chin Monday afternoon when her car overturned while she was driving alone between Lela and her home.

Eight new members were initiated into the Shamrock Chapter of the American Legion Tuesday night, bringing the total membership to 247 and within 16 of the highest organization ever boasted.

Initiated were Douglas Rives, Henry M. Fleming, T. M. Daniel, J. W. Tooten, Coy Clay, M. Sgt. Glenn W. Parrott, Thurman A. Graham and L. R. Nichols.

An Easter Week Christian Unity Revival begins at the First Christian Church today.

The minister, Bedford W. Smith, will do the preaching, and will be assisted by Patrick Johnson, Shamrock student for the Christian ministry, Midwestern Christian College of Oklahoma City.

The Saint Patrick's Altar Society gave a pink and blue shower for Mrs. Tommy O'Gorman at the home of Mrs. Roger O'Gorman Tuesday afternoon.

The King's Daughters Sunday School Class of the First Methodist Church met in the home of Mrs. T. E. Burkhart and Mrs. Bill Orrick were co-hostesses. Fourteen persons were present.

A Bible program on "Faith in Our Time," was given at the home of Mrs. Marshall Adams Thursday afternoon when the Thursday Literary Club members and a group of guests met for their regular meeting.

Snapdragons were used to decorate for the occasion. Mrs. H. T. Fields was program chairman. Mrs. R. C. Lewis presided over the business session.

Bible quotations on "Faith" were given as roll call responses. "Faith in Ourselves, Our Children, Our Clubs, Our Churches and Our Country."

"The Importance of Returning to Religion," was given by Mrs. L. S. Griffin. Mrs. B. A. Zeigler closed the program by leading the Club Collect as a prayer.

"The Leftist Trend of Government" was the subject under discussion at the meeting of the Times Club, when the group met at the home of Mrs. Charles Palmer Thursday afternoon.

At the close of the program refreshments were served to two guests, Mrs. Patricia Boddy of Dallas, and Miss Helen Palmer, and to the following members: Mrs. Tom Casey, W. H. Dial, Fred Holmes, Tom Brown, M. A. Leith, Jack Montgomery, C. L. Reavis, T. H. Sonnenburg, Harris Tilley, Glenn White and George Stanley.

Mrs. J. H. Caperton was hostess to a group of guests and members of the Tuesday Bridge Club at her home Tuesday.

LEFORS — (Special) — Mrs. Lucille Penington was hostess at the regular monthly meeting of the Mary-Martha Class of the Baptist Church a few days ago. Mrs. E. W. Ammons presided at the business session. Mrs. Lacinia Mathis directed the social hour.

Refreshments were served to those mentioned and to Mesdames Alla Brown, Freddy Cody, Alma Cumberland, and Dotty Green.

Mrs. Roy Smith was hostess Tuesday to the Baptist WMS Lottie Moon Circle. Mrs. C. H. Farhart led in the discussion of the topic "Things We Should Know." Devotional was given by Mrs. Smith and closing prayer was by Mrs. E. T. Cobb.

Refreshments were served. Others present were Mesdames Alvin Cates, Lee Welch, John Brewer, Judd Atchey, George Elms, and E. W. Ammons.

Mrs. Ray Fillman and Mrs. C. H. McCulloch have been patients at the Worley Hospital. Mr. and Mrs. Ralph Earhart of Lubbock spent the weekend in the home of Mr. Roger O'Gorman Tuesday afternoon.

Mr. and Mrs. M. E. Whitfield and Sandra of Berger and Mr. and Mrs. Harold Knopp of Panhandle were visitors in the home of Mr. and Mrs. Jake Leggett over last weekend.

Mr. and Mrs. Kenneth Tubbs of Canyon spent the weekend with friends and relatives.

Daniel Johnson, student at West Texas State, spent the weekend with his parents, Mr. and Mrs. Dan Johnson.

McLEAN — (Special) — The annual Lions Club Minstrel will be held Thursday and Friday, April 8-9, and will be announced Monday. The show will be directed by George McCarty. Rehearsals are to get underway very soon.

Boy Scout troops will continue their old papers and magazines until this week, and Alan read until Mar. 20. It was announced Monday that there will be 32 in the troop by the end of this month.

Associational W.M.U. President Mrs. Claude Nichols, of Lefors, was in charge of a study when the Women's Missionary Union, Eunice Kunkel, C.E. Matthews, R. L. Appling, Howard Williams, Luther Petty, John Cooper, Paul Pierson, George Colebank, Frank Howard and Guy Beasley.

Patrick season. They were boxes of candy in green Irish hats, which were awarded to Mrs. Perry Bear, Frank DuBoise, R. C. Lewis and Lyle Holmes.

Mrs. L. B. Copeland was complimented with a pink and blue shower Tuesday afternoon.

The affair was sponsored by the Friendly Neighbors Club and given at the home of Mrs. D. C. Dabery.

Idea Should Come From Local Level

Robert Young, the railroad tycoon who grew up in Canadian, Texas, a few weeks ago observed to newsmen that there were 10,000 businessmen in the United States who could run the office of president better than the politicians of America.

Young's kind is not extinct, but it surely is a rarity in these times. For so many decades, now, the American people have been entrusted with the idea that we should leave the government to the politicians, and if the job was not done right, it would be just too bad for the politicians.

Nobody ever seemed to consider that it would be too bad for the country, and that mistakes are often made in administration that can't be remedied by merely changing politicians.

As we said, the kind of man who really has become a business has not entirely disappeared. A local man casually remarked the other day, following the announced candidacy of John Pitts for judge of Gray County, that we could use a businessman or two in Washington.

The original administrators of our country back in the 1700's were not politicians. They were laymen citizens who saw the need for picking up the cudgel of public guidance and wielding it to the best of their ability.

Gracie Reports

Well, I see there's a discovery announced of how to make cut flowers last forever. You just dip them in these solutions and they're good for always.

I'm afraid that the first gift of these everlasting flowers I get from George will be the last gift of flowers I get from George. I can see him coming home on our anniversary bringing a great, big, beautiful, empty florist's box and saying, "Darling, get out those roses I gave you eight years ago and dust them off."

It's said that the only drawback to these lasting flowers is that they lose their fragrance when preserved. I can see where a romance conducted on the basis of one gift of orchids from the boy friend is going to lose its fragrance, too. Science may be able to preserve the flowers but it will be tough to keep the sentiment alive.

By Ione Sandberg Shriver

ANN STORY: Terror-stricken Ann Bancroft is convinced someone in her own household is trying to murder her and make it appear as accident. The housemaid includes her husband Rusk, a bacteriologist; Gay, Rusk's attractive young lab assistant; Laurie, Ann's handsome 15-year-old sister; Tommy, Laurie's fiancé; and Rinda, Ann's old friend and neighbor. Ann has been terrified since escaped a mysterious fire in her room last night. Rusk says she can thank Rinda for her rescue.

It was morning and she was alone again with the fear. It was like a cocoon wrapped tightly around her, isolating her, suffocating her even as she breathed.

She was aware that they were all being kind to her, that they were deliberately ignoring last night and what had happened. They talked instead about Rinda's going into Cleveland for a few days to visit Don Allison's aunt, and whether Gay wanted to take her vacation in July or August.

She went directly to the front porch after she finished her breakfast. She wanted to get away from them.

FUNNY BUSINESS

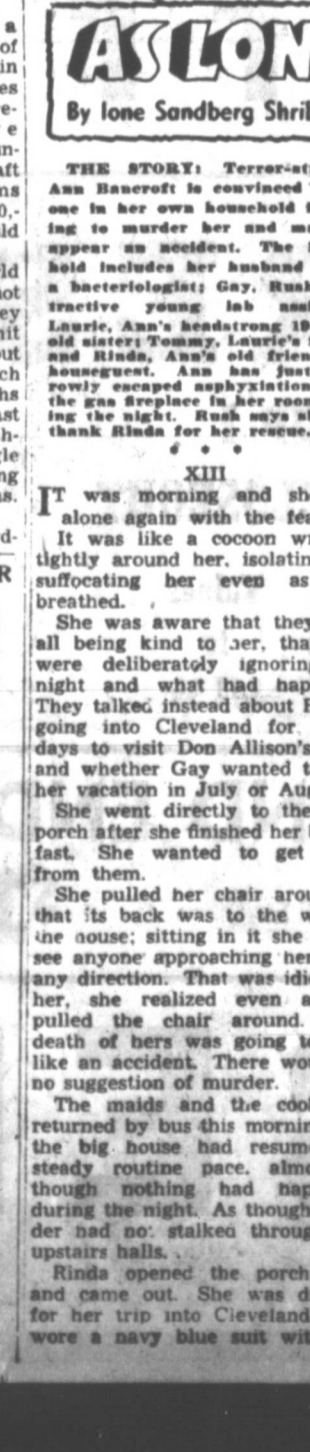

BY HERSHBERGER

She pulled her chair around so that its back was to the wall of the house; sitting in it she would see anyone approaching her from any direction. That was idiotic of her, she realized even as she pulled the chair around. This death of hers was going to look like an accident. There would be no suggestion of murder.

The maids and the cook had returned by bus this morning and the big house had resumed its steady routine pace, almost as though nothing had happened during the night. As though murder had not stalked through the upstairs halls.

Rinda opened the porch door and came out. She was dressed for her trip into Cleveland. She wore a navy blue suit with red

lizard accessories. It was a beautifully tailored suit. Rinda looked smart. And only the fine lines about her eyes betrayed the strain of last night.

**Whistling Offered As Cure for Worry**

PORTLAND, Me. —(AP)— The world needs more whistling to ease its troubles, Mrs. Sanford D. Benner, 51, said.

"You can't be mean while you're whistling," says Mrs. Benner, whistling champion of the Maine Three Quarters Century Club.

"Can you imagine Stalin whistling?" she asked. "I bet Hitler didn't."

"The world," she said, "is becoming too selfish. Most people are too busy to whistle. They don't take time to enjoy life."

Daniel Boone, famous pioneer woodman, was largely responsible for the settling of Kentucky.

**Skelton Reviews Texas Oil News**

By MAX B. SKELTON  
HOUSTON —(AP)— Nation's steel industry is casting pleading glances at the striking coal miners and the petroleum industry has similar glances focused on the steel manufacturers.

As steel plants were threatened last week by the coal miner walkout, the National Petroleum Council sounded warning that further oil shortages are around the corner if sufficient steel is not made available for development and exploration.

The warning came at a time domestic and foreign crude oil stocks were reported decreasing nearly 1,000,000 barrels and the nation's daily crude production estimated at dropping 88,000 barrels.

The council's steel requirements committee reports the industry will need 15,571,500 tons of steel during the next 18 months to prevent shortages. The figure includes a 7,707,900 ton estimate of needs for oil and gas production, refining facilities and oil pipelines.

The Bureau Of Mines says domestic and foreign crude petroleum stocks the week of March 8 decreased 932,000 barrels to 219,575,000, with domestic crude decreasing 820,000 barrels.

American Petroleum Institute estimates the nation's daily production for the week ending March 13 averaged 5,264,850 barrels, the decrease of 88,000 from the previous week being traced primarily to Kansas' production being off 92,150 barrels daily.

The Texas Railroad Commission continued the state's production on a capacity basis by signing an April proration order designed to produce 2,450,858 barrels of crude daily, an increase of 15,708 over March.

The East Texas Field, however, was reduced from 22 to 21 producing days because of a 2.96 pounds drop in average weighted bottom hole pressure in February.

The April order compares with a 2,450,000 demand estimate, 50,000 more than March, submitted by the Bureau of Mines. Company advance nominations for April purchases totaled 2,833,333, a hike of 46,505.

**ON FINANCIAL SIDE**

Four companies have released financial reports on 1947.

Shell Union Oil Corporation—net income \$39,874,898, equal to \$4.44 a share, as compared with \$32,880,417 or \$2.44 in 1946.

The Texas Company—consolidated net profit of \$106,312,617 or \$7.90 per share, as compared with \$71,089,267 or \$5.32 in 1946.

Phillips Petroleum Company—net income of \$40,894,000 as compared with \$22,625,000 in 1946. Equals \$8.17 per share, as against \$4.60 a year earlier.

Staley Oil Company—net income of \$121,322,798, equal to \$4.54 per share, as compared with \$21,499,000 or \$1.64 per share in 1946.

**TIDELANDS BATTLE**

A Senate Judiciary Subcommittee on Thursday approved, by a vote of 2 to 1, proposed legislation designed to give the states outright ownership of submerged tidelands.

The vote followed nearly four weeks of hearings before a joint Senate-House Subcommittee.

Similar legislation was passed by the last Congress but was vetoed by President Truman.

**FOOT AND MOUTH**

Col. Ernest O. Thompson, chairman of the Texas Railroad Commission, told the Texas and Southwestern Cattle Raisers Association convention at El Paso that oil and gas development would be threatened should the foot and mouth disease cross the Rio Grande.

He said infected areas would have to be quarantined and that such action would halt movement of men, trucks and oil field equipment.

Atlantic Refining Company's new \$2,000,000 production laboratories in Dallas are expected to be completed and in operation this spring. The Texas Company has acquired a 10-year lease, at \$1 per acre, on 17,989 acres of Virgin Land in Hidalgo and Brooks Counties but has announced no plans for drilling. A gas well registering 18,000,000 cubic feet a day blew in last week at Petroleum, Ritchie County, West Virginia.

**Beggar Makes Profit On 40-Cent Loss**

HONG KONG —(AP)— A sympathetic citizen paused to console a blind beggar, who was crying pitifully as he groped his way along a wall, says a local paper. Why was he crying? He'd lost 40 cents. So the soft-hearted one helped him search for it, and not finding it, proffered 40 cents from his own pocket which the beggar gratefully accepted.

The following day the sympathetic citizen, walking the same byway, came upon a blind beggar crying pitifully as he groped his way along a wall. . . the same beggar in search of 40 cents.

You are jealous when you closely guard what you have, but you are envious when you want what another has.

## Music Professor Moves Here, to Work With Church

F. W. Kerns, a professor of music, makes his first full-fledged appearance today as the new director of music and chorus groups at the First Methodist Church here. He will also conduct a music school here, it was reported.

Prof. Kerns comes here from the First Methodist Church at Copperhill, Tenn., a community he had served for 13 years as choir and chorus groups director. He has 50 years of music teaching behind him, according to reports to The News.

Prof. Kerns conducted a music school in the Tennessee community. Prior to that he had conducted music schools 14 years in Texas. He was with the Houston Symphony for four years.

He will make his home here with Mr. and Mrs. John Gallie, 425 N. Wynne. Mrs. Gallie is his daughter. Mrs. Kerns died while he resided in Tennessee. He lost a son when the Carlson's Raiders (Marines) invaded Makin Island, Southwest Pacific, during the war with Japan.

## 4-Year-Old Displays False Teeth to Dentists

WASHINGTON —(AP)— A four-year-old boy has done his bit for science. He showed dentists how he handles his 20 false teeth.

Between demonstrations at a postgraduate clinic of the District of Columbia Dentist Society he played with a toy train.

Bobby (last name withheld), to whom nature gave only six natural teeth, has been outfitted with an upper and lower dental plate—12 teeth—"upstairs" and eight "downstairs." The plates are anchored to his own natural molars.

Dr. William Connors of Washington, his dentist, says he believes Bobby is "the youngest child on record to wear two partial dentures successfully." Bobby comes from New York State.

**STADIUM STARTED**  
Maryland university stadium is being built with an eventual seating capacity of 52,000.

DALLAS — The Salvation Army in Texas will celebrate Easter commemorating the resurrection of Christ with a week of austerity and self-denial to raise funds to strengthen its missionary work.

Lt. Colonel Charles H. Dodd, Texas Divisional Commander, said that March 21-28 has been set as "Self-Denial Week" during which every Salvation Army soldier and officer in the state will make personal sacrifices in order to contribute to the missionary fund.

"The self-denial target for The Salvation Army in Texas is \$6,325.00," Colonel Dodd said. Each person will set a personal target for himself based on his ability to pay, and contributions will range from few pennies to as much as \$25.00 for some of the top officers.

The funds will be used for home and foreign mission work. With the exception of certain amounts specifically raised for overseas use, the missionary contributions are the only funds sent overseas for Salvation Army work, Colonel Dodd said.

"Self-Denial Week" has been a traditional practice for more than 50 years. It was conceived in England by a doughty army commissioner, John Carleton, who, despite his meager income, was determined to do something to promote the missionary work of the army. In 1886, he wrote General William Booth, founder of the Salvation Army: "By going without pudding every day for one year, I calculate I shall save 50 shillings. This I will do and will remit the amount named as quickly as possible."

## College Troupers Return from Tour

DENTON —(AP)— The North Texas State College Opera Workshop Company's presentation of Verdi's "Rigoletto" has been received so well that a repeat performance will be given Friday.

Completing a tour of four Texas cities the opera troupe returns to the campus in preparation for the second Denton performance.

The opera is produced by Miss Mary McCormic and conducted by Dr. Walter Hodgson, dean of the school of music.

Because our Constitution was formed by men largely of educated English background, it while aiming to provide equality for all, contained no federal provisions for public education. William Lloyd Garrison was the famous abolitionist editor of The Liberator.

## Road Master for a new reason

## — Dynaflo Drive

PUT your mind's eye to measuring the makings of a truly masterful car — and you certainly can't overlook this one, especially this year.

Here you find the distinction of taper-thru styling—the regal comfort of an all-coil-spring ride, now newly shielded against vibration — the Fireball action of a great straight-eight engine that boasts the quietest purr and pulse in all motordom.

Already you have reason to grant that it sets a new measure of motorcar excellence, regardless of price. Now look at something where comparison ends — at Roadmaster's Dynaflo Drive.\*

For no automobile drive ever developed makes driving so

effortless, yet gives you such near-miracle performance.

Here you not only drive without a clutch pedal and without manual gearshifting — but also without any break in your Roadmaster's gait, as it accelerates between all speeds. That is because no gears ever shift anywhere in the car — not even automatically!

Here the power plant itself does what gears used to do — responding to the touch of your toe on the treadle through all speed ranges — without trace of lag or halt or hesitation.

So though you've already decided there was no surpassing the

Roadmaster's super excellence in terms of its 4400 pounds and 18 feet of top styling, luxury and power — just boost your expectations still higher.

See the Roadmaster — try Dynaflo — and you'll find more reason than ever to get your order in — with or without a car to trade.

When better automobiles are built  
**BUICK**  
will build them

## WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE?

For an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

## BUICK alone has all these features

- \* DYNAFLO DRIVE
- \* TAPER-THRU STYLING
- \* VIBRA-SHIELDED RIDE
- \* NI-POISED FIREBALL POWER
- \* ROAD-RITE BALANCE
- \* QUADRIFLEX COIL SPRING
- \* SOUND-SORBER TOP LINING
- \* DUOMATIC SPARK ADVANCE
- \* TEN SMART MODELS
- \* BODY BY FISHER

### Lions Club Hears Army Day Plans, Ladies' Quartet

Featured entertainment at the Lions Club luncheon Thursday was a new Pampa quartet, the "Top of Texas Troubadours," four female vocalists who are affiliating with the Barbershoppers here.

Judge Sherman White presented the program, which included a talk by Sgt. Otis Cook of the local recruiting office.

The four troubadours, Irma Crall, Lucille Foster, Cottie Thompson and Betty Joe Thompson, gave a close harmony rendition of "Now Is the Hour" and "Till We Meet Again." The group, which has been organized for about 30 days, hopes to become part of a national organization "The Sweet Adelines." Goals are similar to those of S.P.E.B.Q.S.A. All those in the quartet were in the cast of the recent Lions minstrel.

Sgt. Cook outlined present Army conditions, recruiting policies, and announced Army Day plans being made for a celebration here April

### Legal Records

**Civic clubs of Pampa are co-operating in the Army Day program, which will include special radio roundtable discussions, and a dance that evening at the VFW-Legion Hall. Proceeds of the dance are to go to a fund for a recreation center being planned by the Jaycees.**

Cook said the Army was at present short on ground force personnel. He stated definite quotas are now set in the various branches and schools, and that a man is assured of getting the assignment he enlists for. He outlined the conditions of service in the various theatres of occupation.

Last year a service school system was set up, Cook said, for the enlistee who has chosen his speciality and wants a technical education. Such enlistments are for three-year periods.

He explained the operation of the present officer candidate schools. After six months of basic training the OCS candidate is enrolled as a staff sergeant. After completion of OCS, and commission as a second lieutenant, the officer is then sent to a 90-day special training school in a certain branch of service. The officer may then compete for a permanent commission, after a year's tour of duty. If the officer is commissioned in the reserve, he is returned to civilian life after two years of duty.

Frank Stalling of the attendance committee reported on data concerning the membership contest with the Kiwanians. He said the Lions had so far this month averaged an 88.63 percent attendance, while Kiwanians had only averaged 85.23 percent.

Frank Leder, on behalf of the Men's Softball League, submitted a proposal to the Lions concerning the use of Lions Club Park. The league proposed to get two softball diamonds in order there, stating they had equipment to light one of the diamonds. The proposal was referred to the Civic Improvement Committee for action.

Announcement was made that the District 27-1 Convention will be held at the Herring Hotel in Amarillo May 9, 10, 11. Local delegates will be selected.

Lion Jimmy McCune parted company with a green necktie, after refusing to pay the tall twister a hijacker price for a shamrock, which the tall twister sought to peddle at a trifle above quoted OPA levels.

### Civil Suit Is Settled in Court

The suit of Stanley Cobb vs. Paul C. Christian was settled in District Court Friday.

Dr. Christian, the defendant, had filed a cross-action, and it is as directed the defendant was to recover \$164 from the plaintiff, Stanley Cobb.

Cobb alleged that he was hit by a car owned by K. O. Camp, and that Dr. Christian had seen his leg which was broken in the accident.

Cobb alleged that his leg had not healed properly because of the nature of the setting.

Dr. Christian, in his cross-action suit, alleged he had given full professional attention and care to the case, further alleging that Cobb owed a total of \$164 for professional services.

Cobb has also filed suit against

### Pneumatic Mat Aids Aching Feet

Detroit (AP)—Clarence V. McGuire's sympathy for persons with aching feet has brought about two inventions to help them.

Several years ago McGuire developed pneumatic shoes for men who must stand while at work. His latest is a pneumatic mat.

The mat is made of rubber but compressed air actually supports the feet.

K. O. Camp in regard to the accident, alleging the Camp car hit him causing a broken leg.

### Court Grants Three Divorces

Three divorces were granted Friday in 31st District Court by Judge Lewis M. Goodrich:

Laura Watson vs. Alfred Bennett Watson, married in April, 1928, separated in Jan., 1941; grounds, cruelty.

Gertrude B. Hudson vs. Thomas J. Hudson, married in Oct., 1921, separated in Jan., 1948; grounds, cruelty.

Betty Shockley vs. J. B. Shockley, married in Sept., 1943, separated in Jan., 1948; grounds, cruelty.

### Marriage License

A license to wed was issued yesterday in the office of County Clerk Charlie Thut to Virgil Glen Van Huss and Raylene Hethcock.

### Realty Transfers

Jack R. Sullivan and wife, Hazel Sullivan, to Aubrey W. Osborn and wife, Lillian L. Osborn, part of lots 18 and 19 block 4, Hillcrest Addition.

### Fund Set Up in Memory of 'Eyes of Texas' Author

AUSTIN —(AP)— A 40-year-old forgotten debt paid shortly before his death will commemorate the author of "The Eyes of Texas."

Checks amounting to \$200 were received by the University of Texas Board of Regents to set up a fund in the memory of author John Lang Sinclair. The fund is to be used to publish pamphlets and books as far as it can go.

It is the first attempt to perpetuate the memory of the late Sinclair, whose name is known to few of those who stand and sing the song he wrote 45 years ago. Many mistake it for the state song.

The \$200 was paid by Sinclair to University of Texas English Professor R. H. Griffith who contributed it to the setting up of the fund.

This is the story: After Sinclair graduated from the University, where he wrote "The Eyes of Texas" for a minstrel show, he sold shares in a cattle ranch he was to manage. After a few years the project failed. Many of his former associates lost track of him.

Five or six years ago, Sinclair established in business in New York, wrote Dr. Griffith, sending him a check and saying it was part payment for money he lost

for him some 40 years previous. "I sent the check back and told him he was crazy," Dr. Griffith related. "While I remembered his project, I didn't remember and didn't believe, that I ever let him have any money."

But Sinclair returned the check, claimed that his records were straight and his memory clear.

Griffith said he "hummed and hawed" with Sinclair but ultimately deposited the money. Shortly afterwards came a nether check nearly as big as the first one — "sort of a compound interest," Griffith said.

The professor said the payments troubled him greatly, "making me picture a man, a very intelligent man, working like a slave for 40 years to clear off a debt and repair a failure."

Shortly afterwards again came news that Sinclair had died — last year at the age of 67.

"Let it be known as the Sinclair Fund," Griffith wrote the regents in sending the money, "and let us hope that it will grow in size and service."

### USDA Still Adding Crop Damage Report

AUSTIN, Tex. —(AP)— The United States Department of Agriculture is still adding up reports of crop damages in last week's bitter cold.

The Bureau of Agricultural Economics said it was impossible yet to give an accurate figure, but it gave this picture based on latest reports:

Wheat in the Panhandle and in North Texas apparently was not seriously damaged.

Severe damage to oats in central and northcentral areas is indicated.

Bud damage to peaches was extensive in central and eastern counties.

The South Texas flaxseed crop was partly in bloom and these blooms were killed.

Tender spring vegetables in South Texas and tomato bed plants in East Texas were hard hit.

Winter vegetables and citrus in the lower Rio Grande Valley were not hurt.

Some replanting of cotton will be necessary in the lower valley. Moisture is excessive in many areas, and field work is delayed.

**SOFTBALL CHAMPS**  
Jax Maids, New Orleans, won the women's world softball championship in 1947 for the second straight year, succeeding the Jax Brewers, New Orleans, who won in 1945.
