

Proposal for Wait-and-See Draft Act May Be GOP Answer

Pampa News

VOL. 46, NO. 297 (10 Pages) PAMPA, TEXAS, FRIDAY, MARCH 19, 1948. Price 5c AP Leased Wire

Selectees Would Be On Notice

WASHINGTON (AP)—Senate Republican leaders seemed near agreement today on a plan to register—but delay drafting—the nation's young men for military service.

The wait-and-see proposal under study by Senators Vandenberg (Mich.) and Taft (Ohio) would call for speedy passage of laws to revive Selective Service in the face of stepped up Communist pressure in Europe. Selectees would be chosen and put on notice.

REBEARS DRAFT—Major Gen. Lewis B. Hershey, national director of the Office of Selective Service Records, says the system is being prepared to provide "reasonable preparedness" in case of future emergencies. Some regions, he announced, have reorganized World War II draft boards.

But Congress would not push the button for inductions unless or until: (1) Voluntary enlistments continued to lag or (2) the world situation grew so grave as to call for partial or full mobilization of a citizen army.

The prime object of such a law would be to spur immediate enlistments of those subject to call, thus filling vacant ranks in line with President Truman's plea for strengthened armed forces.

This Republican answer to Mr. Truman's request for universal military training and a limited revival of selective service is known to have the enthusiastic backing of Vandenberg. He is the Senate's presiding officer and heads its Foreign Relations Committee.

Taft told a reporter he is inclined to support the plan but has not made up his mind finally. Meanwhile, an informal poll of House Armed Services Committee members showed today that group probably would approve an outright draft revival at once. Fifteen out of 22 members said they favor such a step and only four listed themselves as definitely opposed.

However, House Republican leaders have made clear that full hearings will be held on the subject before any action is taken. The Senate's plan developed at a time when Mr. Truman's proposal (See SELECTEE, Page 10)

GOP Drives To Pass Tax Slash Today

WASHINGTON (AP)—Senate Republicans tied the throttle down today in a drive to pass their \$4,800,000,000 income tax-cutting bill by midnight.

Senator Milken (R-Colo.), floor manager of the measure, told reporters he believes the chances for a final vote late today were good.

He based his forecast mainly on a decision by the Democratic leadership to abandon plans for offering an amendment to hold any tax cut this year to 4,000,000,000. The House has already passed a measure calling for a \$6,500,000,000 slash.

Senator Barkley (Ky.), the minority leader, said he intended to vote against any tax reduction. He predicted several other Democrats would follow suit.

Barkley said he believes it would be "dangerous" to cut taxes in the light of President Truman's appeal for greater American military power to protect Western Europe against the spread of communism.

Barkley declined to speculate on Republican chances to corral enough Democratic votes to override an expected presidential veto. But he did say:

"I have no doubt that a vote to sustain a veto will be larger than the vote against the bill on passage by the Senate."

However, Senator Aiken (R-Vt.) predicted more Democrats would vote to override a veto than when Mr. Truman successfully blocked a \$4,000,000,000 tax cut bill last year. Tom Democrats lined up against the President then.

Twister and Strong Wind Hit Texas

By The Associated Press

A twister and strong, damaging winds hit parts of Texas, Oklahoma and Kansas last night. Thunderstorms accompanying the disturbances in Texas brought very little rain.

The twister struck at Fadsuch, crumpling a 100-foot brick and tile wall at a lumber company, disrupting electrical service and blowing down some trees. No injuries were reported.

Today, dust kicked up in West Texas was settling in East and South Texas.

Heaviest rainfall was reported at Gainesville, where 3 1/2 inches fell. Other rain was less than a tenth of an inch, the Weather Bureau reported.

Skies were clear over most of Texas by mid-morning. Forecast for tonight and tomorrow was for slightly cooler weather.

High winds ranged over the state last night.

A 62-mile an hour wind caused some damage in El Paso. Electrical and telephone service was disrupted in some parts of the city and at Fort Bliss and Briggs Air Field for a time. Some plate glass windows were broken.

The wind hit 88-miles an hour at Guadalupe Pass, kicking up choking waves of dust.

Tree limbs were broken and some plate glass windows damaged by a 55-mile an hour wind at Wichita Falls. Light rain and some hail followed the wind.

Small craft warnings were hoisted from Brownsville, Texas, to Morgan City, La.

Wind velocities last night were 40 miles an hour at Dallas, 30 at Fort Worth, 25 at Waco, 26 at Midland. (See TWISTER, Page 10)

Operators Hint at Court Fight In Bid to Halt Coal Shutdown

WASHINGTON (AP)—Soft coal operators weighed court action against John L. Lewis' miners today as a bid to halt the five-day-old shutdown.

At the same time the government prepared to add freight curbs to its railroad passenger train limitations if the fuel crisis mounts.

The mine owners planned a news conference in late morning to outline their strategy after two days of talks. The Taft-Hartley Act permits employers to sue unions for damages for breaking contracts.

Whether the current walkout is a breach of contract is subject to legal interpretation. But the mine owners are known to have looked into every possibility of pinning their market losses of the past five days on the Lewis union.

The United Mine Workers chief said the operators had "dishonored" their contract by not agreeing to his demand for a \$100 monthly pension for miners over 60 years of age and with 20 years' service.

He called on his miners last Friday to consider the pension question at local meetings. On Monday the men began staying away from work in large numbers. By today the industry was virtually at a standstill.

Besides the loss of coal production, steel mills and railroads were quickly sidetracked down.

A 25 percent cut in coal burning passenger train service, effective Sunday, was ordered yesterday. That step will affect about 11 percent of all passenger trains.

Government officials who said a curtailment of freight service was in prospect declined to go into details.

But they disclosed that J. Monroe Johnson, Office of Defense Transportation director, was hurrying back to Washington from the West Coast to keep in instant touch with the situation.

The operators met all day yesterday. Conciliation Director Cyrus S. Ching also conferred with the board that fired him on 10 charges of his old contract when the union trustee in the pension fund, later Ching lunched with Lewis, the union trustee.

None of the three would comment, but there were reports that Ching argued against going to court for appointment of a neutral trustee on the grounds that such a step would require too much time.

Steel and Transportation Industries Hit by Strike

PITTSBURGH (AP)—The five-day-old soft coal walkout today made deep inroads on steel and transportation, idling at least 12,000 to 15,000 workers.

If the 350,000 United Mine Workers, who demand \$100 monthly pensions stay out over the weekend, many more thousands will be forced into idleness.

Biggest single layoff hit 10,000 employees of the coal-carrying Chesapeake & Ohio Railroad. R. J. Bowman, president of the line, said another 5,000 will be furloughed unless the strike ends by Saturday.

The Baltimore and Ohio Railroad reported a 25 percent reduction in coal runs and shifting yards crews. Figures on the number of workers laid off were not immediately available.

Other railroads had tumbled or failed to call for duty workers as follows: Virginian Railway, 900; Chicago, Milwaukee, St. Paul and Pacific, 200; two lines in Utah, 150. Alabama railroads began laying off crews on coal runs but no figures were available.

Other transportation workers reported idle because of the coal walkout included 200 river bargemen in the Pittsburgh area and 100 river coal-loading terminal workers at Huntington, W. Va.

The Bethlehem Steel Co. at Lackawanna, N. Y., said it had coal for only a few days full operation. The Bethlehem plant at Johnstown, Pa., said it could postpone a cutback only a few days.

Two steel companies already have cut back. Youngstown Sheet & Tube had banked one blast furnace at Youngstown, O.; Sharon Steel had shut down a blast furnace and five open hearths at Farrell, Pa. Youngstown said only a few men had been laid off. No figures were available for Sharon.

While the number of miners idle crept slowly upward from 350,000, officials at Washington took steps toward ending the walkout and alleviating its effects.

The government banned export shipments of coal, except to Canada, to conserve U. S. stockpiles.

The Office of Defense Transportation ordered a 25 percent reduction of coal-burning passenger train service effective Sunday at midnight. About 45 percent of the nation's passenger trains burn coal.

Cyrus S. Ching, a director of the Federal Conciliation Service, met separately with John L. Lewis, head of the mine union, and Ezra Van Horn, chief spokesman for the operators. Ching made no comment.

Lewis demands that miners' past 60 be paid \$100 monthly pensions from a \$30,000,000 miners welfare fund built up for a 10 cents a ton royalty on all coal mined. Van Horn declared the Lewis plan too expensive. He says such payments would bankrupt the fund.

O'Daniel Says Collins Hasty In Statement

WASHINGTON (AP)—Senator W. Lee O'Daniel thinks a one-time supporter is a little hasty in calling for his defeat.

The Texas junior senator said he hasn't told anybody whether or not he would run for reelection.

And in replying to a statement made by Carr P. Collins Tuesday he said:

"It seems to me that there must be some unseen impelling motive to cause a person to ask for the defeat of a man who has not yet entered the race."

He hinted dissatisfaction by Collins in not receiving a political appointment may have prompted Collins' statement.

Collins was one of O'Daniel's original supporters when the former flour salesman jumped into Texas politics and advanced to the Governor's chair and U. S. Senate in campaigns brightened by his own hillbilly band.

O'Daniel stoutly denied he was an isolationist as Collins asserted. He said he had voted:

"To support President Roosevelt and to support the Texas Highways Commission, but the State Senate refused to confirm him. He said he thereafter refused to appoint Collins to other places he sought, including the office of United States senator following the death of Senator Morris Sheppard."

O'Daniel's pointed reply to Collins said:

"An article appearing in some Texas newspapers yesterday specifically states that Carr P. Collins of Dallas asked for my defeat in the coming senatorial campaign. 'Inasmuch as I have not yet told anybody whether or not I intend to be a candidate for reelection to the United States Senate, it might seem that Mr. Collins' statement is a little hasty.' (See O'DANIEL, Page 10)

People to Settle Own Controversy

AUSTIN (AP)—Citizens of Port Neches will put democracy to work to settle their turbulent school controversy between the board and board of trustees.

On April 3 they will cast their ballots for a new board which will employ a superintendent—either the old one or a new one.

The plan to serve community desires was worked out here yesterday after a four-day hearing by Supt. Cecil Yarbrough's appeal from board action which discharged him Feb. 21.

To permit the plan to work, Government officials who said a curtailment of freight service was in prospect declined to go into details.

But they disclosed that J. Monroe Johnson, Office of Defense Transportation director, was hurrying back to Washington from the West Coast to keep in instant touch with the situation.

The operators met all day yesterday. Conciliation Director Cyrus S. Ching also conferred with the board that fired him on 10 charges of his old contract when the union trustee in the pension fund, later Ching lunched with Lewis, the union trustee.

None of the three would comment, but there were reports that Ching argued against going to court for appointment of a neutral trustee on the grounds that such a step would require too much time.

Mrs. Angie Beck Dies at Residence

Mrs. Angie Beck died early today at the home of her daughter, Mrs. Opie Swafford, 1307 Charles, following an illness of three weeks.

Mrs. Beck was born May 11, 1861, in Sherman, Texas, and had been a resident of Pampa for the past three years.

Besides Mrs. Swafford, surviving are a son, J. H. Swafford of Talco, Texas, five grandchildren and 15 great grandchildren.

The body is at Duenkel-Carmichael funeral home where arrangements are pending.

Training Course For Leaders Set

The out-door training course for Girl Scout leaders will begin at 9:30 a. m. Monday in the Scout office in the City Hall. Mrs. K. E. Thornton, local executive, announced at a leader's meeting yesterday.

Twelve leaders attended the meeting, held at the Scout House, 723 E. Kingsmill. Each of the leaders taught the others a game or a song that, in turn, could be taught to the girls.

Mrs. Thornton pointed out that a licensed leader must accompany each group of girls going to a summer camp. After completing the course, a leader is still in training until she has accompanied a licensed leader to camp the following year, she is licensed.

Those present at the meeting were Mesdames: H. F. McDonald, Jr., B. B. Palmer, H. H. Butler, Emmett Osborne, Roy Guthrie, Carl Stone, J. B. Ayres, O. L. Statton, W. A. Claunch, J. P. Kurtzwell, Burl Lewter, and K. E. Thornton.

We Saw . . .

Asst. County Agent Vic Joyner making preparations for visits to farms . . . making talks about building terraces. . . at least some people know what to do when they get that spring fever. . . we would like to have had a closer look at the equipment in the trunk of the Joyner car . . .

Sam Houston Patrol Named

With Junior Safety Patrols commissioned in three schools this week, only the Junior High School patrol remains to be commissioned late this afternoon.

Nine boys were sworn in as Patrolmen at Sam Houston School yesterday afternoon, and twenty at Woodrow Wilson School the day before. Thirteen boys at Baker School received their badges earlier in the week.

The function of these Junior Patrolmen is to direct student traffic at the intersections near the schools and to aid the children in crossing the streets to reduce the likelihood of accident.

At Sam Houston School, an inside patrol has been organized to direct traffic in the corridors. As new Junior Patrolmen are needed, they will be recruited from the corridor patrol.

Car Stolen Here Reported Recovered

A Cabot Company car, stolen from the Schneider Hotel garage March 16, it was recovered by Oklahoma Highway Patrol 17 miles from El Reno, Okla. last night, Chief of Police Louis L. Allen said today.

The car, a 1947 tudor Ford sedan, was found abandoned but was in driving condition, Allen said.

Stray Dogs to Be Impounded

The city health officer, Ray Salimon, today issued an order for impounding of all stray dogs that are not both vaccinated and licensed.

This action came, he said, after receipt yesterday afternoon of a positive rabies report from the analysis of the head of a dog which three weeks ago bit an 8-year-old child here.

The report was received from Austin yesterday afternoon, and Mr. and Mrs. C. E. Stewart, 441 Pitts, were notified last night that their child, Lavonne, had been bitten by a dog which later became sick with rabies.

The child was bitten in the backyard of the family home, Salimon said, but no one knew who owned the light-colored Cock-spar Spaniel that bit the child on the knee. The child is under treatment.

ERP NATIONS MEET IN PARIS—Representatives of sixteen European nations are shown in Paris as they conferred to plan rehabilitation of the continent, a problem that was one of President Truman's major points in his Washington address. Nations represented are participating in the European Recovery Program.

Henry A. Wallace Sticks to His Peace-With-Russia Guns

By the Associated Press

Henry A. Wallace stuck to his peace-with-Russia guns today as he prepared to fire a fresh salvo in his word war with President Truman.

The third party presidential candidate lined up his second radio address in two days (8:15 p.m. EST—Mutual), this one to answer specifically the President's denunciation of "Wallace and his Communists."

The ousted cabinet member made no direct reference to that remark in a talk last night challenging Mr. Truman's St. Patrick's Day call for greater military strength to assure free peoples against Soviet domination.

But politicians said the Wallace speech left little doubt that he is beginning to chafe under the President's line of attack.

They noted Wallace's complaint that "men who are stirring up hate and fear" are trafficking in a single word.

"That word is 'communism,'" he said. "The hope is that it will provoke a hostile response from great masses of the people. They think that it is capable of blotting out reason."

"But you can't fool most of the people any more of the time. We know that ideas won't be licked without the force of arms. Millions of soldiers won't cure the social and economic conditions which turn many peoples of the world to Socialist and Communist Parties."

"Why have we reached this crisis in world affairs?" the third party candidate demanded. "Is there a single reason why we cannot make a peace to end the cold war?"

Another presidential aspirant took issue with Mr. Truman's latest foreign policy pronouncements, but for an entirely different reason.

Harold E. Stassen told a Cleveland audience yesterday that the Chief Executive had not gone far enough; that he should have asked for: (a) outlawing the Communist Party, (b) a halt to all "war machinery" shipments to Russia, (c) a stronger Air Force and (d) steps to strengthen the United Nations.

Stassen carried his campaign for the GOP presidential nomination into the home state of Senator Taft, where the two will clash in the May 4 Ohio Primary for convention delegates.

Mr. Truman, meanwhile, was described as "very, very happy" with the response to his two speeches Wednesday.

Secretary of Agriculture Anderson told reporters after a White House visit yesterday that "I could see the reaction in his face."

But while the President's foreign policy won the support of Virginia's William Tucker, the state legislator, he also declared that there will be no slackening in the Dixie battle against Mr. Truman's civil rights program. Tucker made that clear in a radio report on the work of the Virginia legislature which, among other things, turned out an anti-Truman election law.

On another sector of the political horizon, a new Eisenhower (See WALLACE, Page 10)

Finns Soon to Hear Proposal Of the Soviets

By SIGRID ARNE

AP Foreign Affairs Analyst

Early next week a committee of Finns will sit down in the Kremlin to hear what kind of pact Stalin wants them to write with the Soviets.

He has already notified the little northern republic that he wants more than a pledge of friendship. He wants to talk about a military pact.

The idea of a military pact kicked up immediate protest in Finland. Only the Communists run Popular Front approved the full military agreement. The five other political parties in Parliament objected.

Whether the Finns can stave off any agreement which binds them closely to Russia's future is a matter of great anxiety in Washington and in other western capitals.

Facts with the Kremlin often in the past three years have been merely a prelude to Communist overthrow of the home government. Czechoslovakia was the last victim of such turmoil.

Finnish experts in Washington think the little nation will be more difficult than some of its southern neighbors for Stalin to force into any pact it doesn't want.

They point first to the traditionally tough courage of the Finnish people.

And they talk of the more practical matter of what Stalin could do to Finland in retaliation for a refusal.

They say Stalin could deny the Finns the Russian wheat which they must have. But to that one Washington official said: "No doubt the western world will be able to dig up whatever wheat the Finns need if it's necessary."

Or the Red armies could invade Finland again, as they did in 1944. But that would be war, and there is general agreement that the Soviets do not want war now.

Further the Russians would have to remember that after their 1939 attack on Finland they were expelled from the League of Nations. History could repeat itself in similar action by the United Nations, and the Russians appear to find their U. N. membership to their advantage.

But what about action at home from Finnish Communists? Could they form the type of "action committee" (See FINNS, Page 10)

Body of Local Boy Returned

A wire was received here today stating the body of Joe Mack DeGrace, who died on Iwo Jima Mar. 9, 1945, has reached the states and is being sent here for interment.

Funeral services under the direction of Duenkel-Carmichael will be held here in two or three weeks.

Joe Mack DeGrace, son of Mr. and Mrs. J. A. DeGrace, 514 W. Foster, died as a result of wounds received in action with the Third Marine Division.

He was born April 13, 1926, in Fort Worth. The family moved to McLean, then to Pampa in 1928. He went to Pampa schools, and was a member of a Boy Scout troop here. At the time he went into the service, April 12, 1944, he was working at the Pampa Army Air Field. His first overseas station was at Guam.

The body will first be sent to Fort Worth distribution center for war dead.

Mother of Local Woman Succumbs

Funeral services and burial were conducted March 17 in Parsons, Kans., for Mrs. Mollie Blackburn, who died there on March 15.

Mrs. Blackburn was the mother of Mrs. L. K. Stout, 719 N. Somerville. Mrs. Blackburn had been in poor health for several years and her condition was accentuated by the death of her husband last Dec. 19. She had suffered a paralytic stroke a few days previous to her death.

Survivors include five daughters, Mrs. Stout, Mrs. Audrey Johnston of Altamont, Kans., Mrs. Constance Holley of Parsons, Mrs. Mildred Williams of Parsons, Mrs. Winifred Wadsworth of Tulsa; four sons, Alonzo B. of Morris, Okla., Roy Clayton, C. Hubert, and Joseph C., all of Parsons; four brothers, four sisters, 15 grandchildren and seven great grandchildren. Two children preceded her in death.

Girl Scouts Visit Local Greenhouse

Girl Scout Troop 25, with its leaders, Mrs. O. L. Statton and Mrs. Roy Guthrie, visited the Clayton Floral Company Wednesday afternoon.

Mrs. Clayton took the girls through the greenhouses and showed the steps from starting plants in pots to bouquet arrangement.

If it's in the hardware and equipment line see Lewis Hardware—adv.

Today

79th Day of the Year

William Jennings Bryan, the famed long-ago orator, statesman, was born on this day, in 1860. . . on this day, in 1917, the Supreme Court upheld the constitutionality of the 8th hour day. . . this is the birthday of Earl Warren, Governor of California. . . from the Philippines "MacArthur's Dash from Philippines Described"; 1944 "Reich Pounded by Day and Night Bombers"; 1945 "American Bridge Over the Rhine Collapses." . . . comes from the Bible the today: "Without faith it is impossible to please Him; for he that cometh to God must believe that He is."—Heb. 11:6.

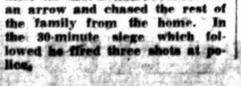

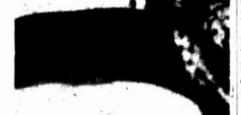

U. S. Weather Bureau

OKLAHOMA: Partly cloudy today, followed by clearing and cooler tonight. Saturday fair, little cooler east portion. High today in 60s, lows to 40s. Southwest border, High Saturday 55 to 60.

AWARD TO WRITER

ATLANTIC CITY, N. J. (AP)—The National Headliners Club medals for "consistently outstanding news reporting" has been awarded to Daniel de Luce, Associated Press news-writing correspondent.

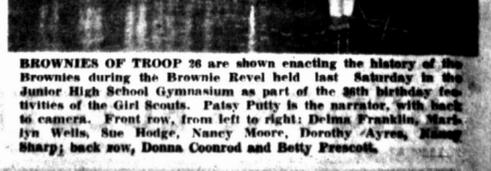

Car Stolen Here Reported Recovered

Stray Dogs to Be Impounded

Body of Local Boy Returned

BROWNIES OF TROOP 28 are shown enacting the history of the Brownies during the Brownie Revel held last Saturday in the Junior High School Gymnasium as part of the 25th birthday festivities of the Girl Scouts. Patsy Pully is the narrator, with back to camera. Front row, from left to right: Dolma Franklin, Marilyn Wells, Sue Hodge, Nancy Moore, Dorothy Ayres, Elsie Sharp; back row, Donna Coonrod and Betty Prescott.

Local Runners to Participate In Southwestern Track Meet

The high school preliminaries in the Southwestern Recreation Track and Field Meet were scheduled to begin at one o'clock this afternoon at Farrington Field in Fort Worth with eight members of the Pampa High School track squad as entrants in various events.

Speed-demon Carl "Rev" Mayes is attending the affair for the third straight year as a 100 yard dash man. Mayes failed to place in either one of his other two attempts and pulled a muscle in the preliminaries last year and was unable to enter district events due to this. Jimmy Le held in the Shamrock gun-wilson will also probably enter this event, since he has been Mayes' closest competitor in recent work-outs.

Four cinder-men entered the meet as a sprint relay team. This year with the Irish leather-singers and the Canadian Wild-Marvin Harvel, Jimmy Wilson, Weasley Keith, and Carl Mayer. Basketball ace Derral Davis was to display his hurdling skill when he entered the high hurdle event while Jack Williams was to participate in the low hurdles. Harbord Cox will make his debut with the PHS team when he runs the 440 yard dash. Cox was out last season due to an appendicitis.

A newcomer to the Pampa squad is Dan Roche. Roche established Price College in Amarillo previously and is spending his first term in Pampa High.

HOLD SPEED MARK

John E. Cobb holds the world speed mark for automobiles with a record of 194.196 miles per hour established September 16, ABC meet with 740 pins. Fred 1947, at the Bonneville Utah flats. Brockle, Detroit, came in second place with a total of 738 pins.

Huskies Favored Over Baylor In First Round of Playoffs

KANSAS CITY—(AP)—Three of the country's faster basketball teams foresee a major threat by the deliberate, slow-breaking University of Wyoming Cowboys in the Western Regional NCAA playoffs.

On the speedy side are Kansas State College, the University of Washington and Baylor University which, along with Wyoming, open the playoffs in municipal auditorium here tonight.

Least respected by the book-makers, the eight-point underdog Baylor's take on favored Kansas State at 7:45 p.m. (CST), Washington, a 2-point favorite, meets the Southwest Conference champion Baylor Bears at 9:30 o'clock.

Wyoming has the best defensive record (39.4) of any of the play-off teams and the presence of a pair of 6-foot 7-inch centers in starter Jerry Reed and Jack Cotton should give the Cowboys considerable authority under the baskets.

The Washington Huskies, coached by Art McLarney to the Pacific Coast championship, have the best offensive average of the four teams 57.7 points in 31 games.

The Huskies' Jack Nichols, record breaking scorer on the coast, could be a deciding factor in the play-off.

Baylor's Bears, coached by the veteran Bill Henderson, averaged 48.8 points in winning 21 and losing 5. The Bears' best scorers are James Owen, who averaged 9.8 points for the season, Bill Johnson (9.4) and Jack Robinson (8.8).

A jam-packed house of more than 9,700 will see tonight's games and the finals tomorrow. The winner qualifies for the Olympic trials and will play the eastern titlist for the NCAA crown in New York Tuesday.

Beard Named Most Valuable College Basketball Player

NEW HAVEN, Conn.—(AP)—Ralph Beard of the University of Kentucky for the second straight year has been named "the most valuable player" by the nation's college cage coaches.

The National Association of Basketball Coaches, voted Beard the honor in naming its 15-man all-star squad for True magazine.

Beard was named on the first team along with Ed Macauley of St. Louis, Kevin O'Shea of Notre Dame, Tony Lavell of Yale and Arnold Ferrin of Utah.

Slater Martin of Texas was named on the third team.

156,800 EMPLOYED
Bowling in the U. S. employs an estimated 156,800 persons.

Talbert and Shields Battle to Enter Tennis Tourney Finals

NEW YORK—(AP)—Top-seeded Billy Talbert and the veteran Frank Shields, both of New York, meet today for a final berth in the National Indoor Tennis Tournament.

The winner will take on Sidney Schwartz of Brooklyn, a University of Miami student, for the championship.

Two University of Miami strokers—top-seeded Doris Hart of Miami and Barbara Scofield of San Francisco—vie in a women's singles semifinal match.

The victor qualifies to play Mrs. Patricia Canning Todd of La Jolla, Calif., for the title.

BOWLING

In the Industrial Bowling League last night at the Pampa Bowling Alley, Hall and Pinson won two out of three over Culbertson Chevrolet, Lawrence and Redman won two out of three over Lewis Hardware, J. C. Daniels Motor Co. won two out of three over Leder's, and Hawthorne's Auto Service won two out of three over McWilliams Motor Co.

Stanley Brake of the Hall and Pinson team, bowled high single game with a 210 and high three game series with a 566.

Where's That Chair?

Lavern Roach of Plainview, Tex., sags to the canvas in the second round from a powerful left hook of France's Marcel Cerdan at Madison Square Garden. The Frenchman won the scheduled 10-round bout in the eighth round by a technical knockout after the ex-Marine had been on the floor seven times.

Training Camp Roundup

Phils Rally to Stop Washington 12-10
CLEARWATER, Fla.—(AP)—Curt Simmons, the Philadelphia Phillies' promising southpaw pitcher from Egypt, Pa., had a late today of some major league slugging. Simmons was touched for eight runs and 10 hits in three and two-thirds innings yesterday against the Washington Senators. Simmons beat the New York Giants, 3-1, in the final game of the 1947 season, and a few days ago held the Detroit Tigers to one hit and no runs in three innings.

The Phils rallied, however, yesterday and won 12-10.

OAKLAND, Calif.—(AP)—The Chicago Cubs were all set to open a three-game series with the Oakland Oaks or the Pacific Coast League here tonight.

BRADENTON, Fla.—(AP)—Rookie Second Baseman Al Kozar's two long home runs in the Senators' losing slugging against the Phillies kept Washington happy today as they squared away for a two-game series with the Boston Braves.

SAN FRANCISCO, Calif.—(AP)—After scoring their first victory over the Chicago Cubs in four spring meetings yesterday by a 7-4 score, the Chicago White Sox awaited an encounter with the San Francisco Seals tonight.

Manager Ted Lyons hasn't announced his pitching plans for the three-game series with the Seals.

Hopp to Bring Pirates Into First Division
HOLLYWOOD, Calif.—(AP)—The Pittsburgh Pirates figure they're a sure thing to wind up in the first division this year. Why? Because of Johnny Hopp.

Johnny is starting his ninth season in the majors and has yet to finish out of the money.

BRADENTON, Fla.—(AP)—Rookie Jim Prendergast and Al Lyons will hurl today as the Boston Braves open a two-game series with the Washington Senators.

Prendergast, who won 20 games with Syracuse last season, has impressed Manager Billy Southworth.

LAKELAND, Fla.—(AP)—Bucky Walters with 198 victories in 14 years of major league pitching, makes his 1948 debut today against the Detroit Tigers here.

NEW GYM PLANNED
Georgetown "U" will have a new \$800,000 gym in 1949.

MANY A SLIP
Bobby Hogue, the Braves' rotund rookie pitcher, claims to be the only pitcher who ever played a bunt into a three base hit. Bobby was playing on a rain-wet clay field in Asheville, N. C., a few years ago when an opponent bunted. Hogue raced over and grabbed the ball, then slid on the clay and slid clear under the bench. Before he could crawl out and throw, the runner was on third, but since Hogue had held onto the ball, it couldn't be scored as an error.

ONE-MINUTE SPORT PAGE
Although the Cardinals' Eddie Dyer admits he's a bit concerned about the advancing age of his stars, he points out that what hurt the Cards last year was injuries to comparatively young guys like Stan Musial and Howie Pollet. But Eddie gives their ages as 28 and 24, which is knocking a couple of years off what's listed in the Cards' roster.

Kentucky's Ralph Beard will be presented a trophy tonight by True magazine as the outstanding basketball player of the year—unless a lot of coaches changed their votes after watching Ed Macauley perform for St. Louis in the Invitation Tourney final.

Carl Snavely tells North Carolina alumni that he refused the Los Angeles Dons' pro coaching offer because the club has no alumni to tell him how to run his team and "what's wrong in general". He'd be surprised if he only knew about that.

It's the OIL in

Tag Match Sees Poggi and Flores Down Gray, O'Dowdy

Pat O'Dowdy and Carl Gray found more than they could handle in Gorilla Poggi and Salvador Flores last night in the Sportatorium.

After both 15-minute warmup bouts ended in a draw, the four men returned to the center of the ring for an Australian tag match.

O'Dowdy and Gray won the first fall, when Gray pinned Flores after ten minutes of wrestling. Going into the second fall, Poggi turned to "gorilla" tactics and hampered O'Dowdy into submission after five minutes of this fall.

Again Poggi took the upper hand when the four returned for the final fall. This time Gorilla pinned Gray after four minutes of wrestling, which during the entire bout found the referees trying to keep but two grapplers

in the center of the ring. Even with the services of two referees, A. D. Jones and Homer Anderson, the tag match proved to be just what the crowd ordered as the winning team pounded O'Dowdy into oblivion. And continued to do so after they had been awarded the third fall, as Gray and his partner from Big Spring protested and refused to leave the ring.

Earhart Signs With Green Bay

Market Briefs

WALL STREET
NEW YORK, March 18 (AP)—The recovery swing continued in today's stock market with war-related issues receiving the principal play. Assorted copper, steel, rail and industrial were in front from the start although many pivots exhibited considerable indifference. Some aircraft lost much of their buoyancy but air transports were lively. The pace was fastest and prices best in the forenoon. Thereafter extreme gains running to 2 points or so were reduced in most cases and a smattering of minus signs appeared at the close. Although slowdowns eventuated

after midday transfers for the full proceedings held to around 300,000 shares. Exceptions to the comeback included Pepsi-Cola, which touched bottom for the year, Dress Industries, United Aircraft, Electric Power and Light and Union Pacific.

12,000 Farm Hands 'Lost'

WASHINGTON —(AP)— Uncle Sam is looking for about 12,000 "lost" farm hands.

They were among more than 500,000 agricultural workers brought in from Mexico and the West Indies during the war and since to help meet a farm worker shortage.

Recruited under the direction of their respective governments, they were given permits to enter this country for only a specified period of time. And they were supposed to return to their respective countries after the harvesting season.

So far neither the Agriculture Department nor the Immigration Service has been able to find the 12,000. Most of those missing are from Mexico.

J. H. Lambe, Agriculture Department labor officer, said it is possible that some may have returned to their countries without being checked out by government agencies.

VETERINARY MEDICINE

Practice of veterinary medicine and surgery originated in France to save horses injured in war, according to the Encyclopedia Britannica.

Blizzard Causes Small Losses

By the Associated Press

The late winter blizzard last week cost Texas ranchers a negligible amount of livestock killed. Some cattle were frozen to death. Heaviest loss reported was in Hutchinson County, near the tip of the Panhandle, where an estimated 500 cattle died.

In Ochiltree County, on the Oklahoma line northeast of Hutchinson County, ranchers found that calves, first thought lost, had merely drifted with the storm.

At Amarillo, in Potter County, southwest of Ochiltree County, Farm Agent Art Bradley said that losses in that county were confined to a calf here and there, born during the storm. The loss was negligible, he said.

The cold winds proved damaging to herds as far south as Fredericksburg, Gillespie county, in the heart of the mohair sheep country. Freshly shorn goats and young kids, and sheep and lambs died in the bitter cold.

Losses, however, were spotted. Most flocks found shelter in barns and sheds, where they weathered the storms.

Citrus Harvest Slow

WESLACO, Tex. —(AP)— Rio Grande Valley citrus growers are not getting their fruit off their trees as quickly as they did last year.

The U. S. Market News Service says the valley has harvested 66 percent of its orange crop and 48 percent of its grapefruit. Last year at this time, 70 percent of the oranges and 64 percent of the grapefruit were on their way to market.

Roberts Farms Use Grass for Conservation

Conservation programs centered around grass plantings hold the spotlight in a report from the Roberts County Soil Conservation District.

S. N. Carnahan is carrying out a conservation plan on his place on the south side of Miami. The upper part of a small cultivated field will be planted to Weeping Love Grass. This grass will be planted in three foot rows in order that it can be cultivated for increased seed production. It will be planted the last part of this month or early April.

The rest of the field will be protected by diversions emptying into a small draw which will be protected by several spreader dams; and will be planted to western wheat grass. This grass will be planted in April with cats as a cover crop.

Bert Walsh is preparing about twenty acres of land on his place west of Miami for a demonstration planting of yellow bluestem, and blue panic grass. He will kill a volunteer stand of wheat by light cultivation, then harrow or drag the ground to form a firm seed bed. The grass will be planted in rows on the contour. This seed is furnished by the Soil Conservation Service in an effort to get new kinds of grass started in this area.

Tom O'Laughlin is constructing a combination stock water reservoir, and erosion control dam on his place. The creek was cutting into a steep hill causing a good sized cliff. The dam was so located that it will prevent the water from striking the bottom of the cliff and give it a chance to heal over.

Cattle Raisers Hold Convention

EL PASO, Tex. —(AP)— Members of the Texas and Southwestern Cattle Raisers' Association converged on El Paso Wednesday to attend the association's 71st annual convention.

One of the prime interests of the 1,500 delegates was the foot and mouth disease, subject of more than one convention talk.

Gov. Beauford Jester was on the program.

A pre-conference meeting of the board of directors was held Tuesday. A cocktail party and buffet dinner was held Tuesday night. An El Paso department store held a fashion show yesterday for wives of the visitors.

President of the association is C. E. Weymouth of Amarillo.

Neap tides are low tides in the beginning of the second and fourth quarters of the moon.

Spring Will Be a Little Late This Year ... But 'All at Once'

By LOUIS FRANK Extension Editor

Oldtimers call this the coldest and latest spring on record. Officially the first day of spring is March 21, but Texans never pay much attention to the calendar.

As far as most Texans are concerned, spring starts when it feels like spring, and the signs of spring are different in the various sections of the state. For that matter spring comes at different times for different people, even though they may be living in the same town or even in the same house.

Down in the Rio Grande Valley spring usually starts around January 15. Others say it's spring-time down there when the mesquite leaves out or when the nut-sage blooms.

A man in Wharton county says it's spring when he can take the chains off his car and drive from his place to the highway without bogging down.

Hornflies mean spring in parts of West Texas, but other people out there go by the time the tobosa grass puts out its first new shoots.

There is a considerable school of thought in East Texas that holds that spring starts when the white perch begin biting. Around Lubbock they watch for the Chinese elms to bud out, and up in the Panhandle it's when the winter wheat "kicks off."

A lot of people figure it's spring when they get the urge to shed their coats and put some garden seed in the ground.

Spring is when hens start laying; cows give more milk. Spring is corn planting time; it's when the wildflowers start blooming.

Whenever spring comes for you most years, it's way late this time. Almost two months late in the Rio Grande Valley and a month behind along the Gulf Coast and most of South Texas.

The weather people say that usually spring moves northward across Texas at the rate of about 20 miles a day.

In theory you could start walking north from Brownsville around the first of February and saunter about until you got to Dalhart about three months later, and every day for 90 days would be the first day of spring for you.

Every day for 90 days you'd see the first buds leaf out on the trees and hear the first birds sing. You'd probably get pretty tired of it, too.

Anyhow that won't work out this year. Spring — when it finally comes — is going to burst out all over the place. It's going to be spring this year at Waco about the same time as in Harlingen, and in Lubbock about as soon as at Brownwood and Abilene.

The oldtimers always said a long, hard, wet winter meant bumper crops next fall. Science pretty well backs them up, too. A long wet winter puts a "good" season in the ground with plenty of subsoil moisture, and a long spell of cold weather means that lots of bugs fail to make it through the winter.

Booker T. Washington was the first president of Tuskegee Institute.

Union Harvest is Delayed

LAREDO, Tex. —(AP)—The warm weather which followed the 28-degree freeze of last week allayed damaging effects to the bermuda onion crop of the Laredo area, it was indicated.

The onion crop was scheduled to be ready for harvest beginning about April 10, but now will be set back another week, according to A. F. Muller, local onion grower, who said onions had suffered no great damage from the cold weather.

Cantaloupes, cucumbers, beans and other tender spring vegetables were practically wiped out by this severe weather, it was reported.

3 Cotton Meets Are Scheduled

COLLEGE STATION, Tex. —(AP)—Three widely separated Texas towns have been selected for meetings on various cotton programs.

One will be held at Sinton on March 19, another at Taylor on March 22, and the third at Lubbock on April 10.

The meeting at Sinton will feature "The World Cotton Outlook" by Read Dunn of Memphis, Tenn., director of foreign trade division, National Cotton Council of America.

The meeting in Taylor will include motion pictures on some of the most recent developments in American cotton production and marketing.

In Lubbock speakers include C. Spencer, agricultural director of Texas Cottonseed Crushers' Association, Dallas; Don L. Jones, superintendent of Texas Experiment Substation in Lubbock, and W. W. Fortenberry, ginmer and farmer of Monroe.

East Texas Crops Swamped With Rain

AUSTIN, Tex. —(AP)—There has been too much rain in some parts of Texas, too little in others, for crops.

This was the conclusion of the United States Department of Agriculture in its weekly farm-ranch survey.

Additional moisture in the north and east held field work at a standstill. It benefited small grains. An area of deficient subsoil moisture persists in the southwest, west and southern High Plains. Soil moisture is excessive in East Texas.

"A period of warm, dry weather is now needed in most parts of the state to permit field work, hasten growth of pastures, and stimulate growth of small grains," the USDA commented.

Wheat in the northwest districts was cut back and growth retarded by low temperatures but the freeze damage appeared light. Additional snow moisture north of Amarillo was beneficial. All small grains in the north central counties were doing well.

Planting feed growth was retarded by cool weather. The extreme cold in the Panhandle caused some shrinkage, but elsewhere livestock was showing improvements.

Union Harvest is Delayed

LAREDO, Tex. —(AP)—The warm weather which followed the 28-degree freeze of last week allayed damaging effects to the bermuda onion crop of the Laredo area, it was indicated.

The onion crop was scheduled to be ready for harvest beginning about April 10, but now will be set back another week, according to A. F. Muller, local onion grower, who said onions had suffered no great damage from the cold weather.

Cantaloupes, cucumbers, beans and other tender spring vegetables were practically wiped out by this severe weather, it was reported.

Leaves From a Correspondent's Life Note Book

By HAL BOYLES

WASHINGTON—Paying income taxes is getting so painless now that nobody complains about them much any more—except taxpayers.

And all they object to generally is that it costs them money. And what is money today? Money?

One son of Eben, after studying the calendar, decided the whole tax program was a foreign plot against the Irish.

"I think it's a darn shame we have to pay all this money by March 15th," he wrote the Bureau of Internal Revenue. "It's nothing

but British propaganda to spoil our St. Patrick's Day celebration." He was among the fewer than one in ten thousand taxpayers who sit down with pen in hand each March to gripe at the tax collectors.

There used to be more beefing and quibbling. It has been cut down by the new short tax forms and the system of withholding payments which removes the money from the taxpayer before he even sees it.

This year there were few midnight lines of frantic citizens.

"To avoid overtime costs we closed most offices at the regular time and saved \$250,000 in overtime pay," said a man at the bureau here.

He added that the biggest nuisances to the collectors were taxpayers who forgot to sign their returns and those who tried to reduce their payments by fudging on Uncle Sam's definition of dependents.

Some have tried to write off as dependents their girl friends, their household pets—or even a tapeworm. One listed three fathers—his own and those of his two wives. Another put down his mother-in-law as "a discrepancy."

One old lady became angry because a collector refused to accept her "Bill" as a dependent after the collector discovered that "Bill" was a mule retired to pasture.

"I listed him for the last two years and nobody raised a fuss before," she complained.

Another woman insisted she had two dependent daughters called "Mabel."

"They were twins," she said, "and they looked so much alike we just decided to name them both Mabel."

The bureau gallantly bowed to this invincible maternal logic.

It is difficult to hurt a new inquisit at the tax collectors. With cheery good humor the bureau has made a scrapbook of the prize

Princess Lengthens Hem

LONDON—Princess Margaret has lengthened her skirt-line.

Last month cameramen photographed her wearing a cloth coat trimmed with three bands near the hem.

A new picture shows the same coat with four bands around the hem and another inch or so covering the calf.

Puppets worked by strings are marionettes.

One man enclosed half a shirt with a partial tax payment and said, "I'll send you the rest of the money and the other half of my shirt as soon as I can."

Another, who asked for a \$60 refund and was awarded \$90, wrote dazedly: "I am now 65 years of age. At last I believe in Santa Claus."

Pampa News, Friday, March 19, 1948 PAGE 7

Former Librarian Is Luncheon Honoree

Mrs. E. E. Finley was hostess at a luncheon at the Schneider Hotel Wednesday noon in honor of Mrs. Evelyn Todd, former librarian of the Pampa Public Library. Mrs. Lillian Snow, present librarian, and the members of the Library Board were present. Mrs. Todd resigned her position a short time ago after serving nearly 20 years. She was in Pampa this week for a visit, but she is now living in Alva, Okla.

Mrs. Roy Sullivan Is Class Hostess

Mrs. Roy Sullivan, 909 N. Somerville, was hostess to the Business and Professional Women's Class of the First Baptist Church on Monday evening, March 8. Miss Etie Seawright, in charge of the program, introduced Mrs. McHenry Lane who reviewed the book, "Peace of Mind." Refreshments of spiced tea and cakes were served from a table centered with an arrangement of spring flowers.

Sortority Meets With Mrs. Lane

Beta Sigma Phi held its regular meeting last Monday evening in the home of Mrs. McHenry Lane. Mrs. Travis Lively, Jr., was co-hostess. Miss Mary E. New who was in charge of the program gave a paper on the lives of many playwrights and actresses. One author, which was of particular interest was Eugene O'Neill. His last play, "The Ice Man Cometh," was discussed. The next meeting was announced for April 5 in the City Club Rooms.

Larry Dan Houston Has Birthday Party

Mrs. Glenn Houston entertained with a birthday party on St. Patrick's Day for her son, Larry Dan, who was five years old. The room was decorated with green and white crepe paper and toy balloons. After games and various entertainments the honoree opened gifts from his little friends. Pink birthday cake and ice cream were served, and miniature Easter baskets and candies presented to each guest. Attending were Bobby and Teddy Cain, Mike and Carolyn King, Lloyd Carruth, Judith and Johnnie Ellis, Glenda Davlene Houston, Mrs. Gibson and Mrs. Marion Carruth who assisted the hostess.

Plans for Convention Of TFWC District 7 Are Being Perfected

Detailed plans were being worked out for the District 7 Convention of the Texas Federation of Women's Club to meet in Pampa April 5, 6 and 7. The first official session will be a dinner meeting of the Executive Board on the evening of April 5. The general sessions will start on the morning of April 6.

During the convention Pampa will be host to representatives of more than 160 women's clubs from 49 counties. The ladies in charge of arrangements and publicity are asking The News to make an appeal for housing for the delegates who will be in the city for the meetings.

Anyone who can take care of one or more house guests on April 6 and 7 is asked to call Mrs. Robert Sanford (988-W) or Mrs. Rufe Jordan (2287). Any hostess may specify whom she wishes to entertain if she has special friends coming from another city.

Merten HD Club Has Program on Shrubs

Mrs. Frank Bailey was hostess last Tuesday afternoon to members of the Merten Home Demonstration Club. Mrs. A. Swafford, vice president, conducted the business and Mrs. E. K. Ethridge led in a brief recreation period. Each member answered to roll call by giving a gardening hint. The club voted to donate \$10 to the Red Cross. A party for husbands was planned to be held soon in the home of Mr. C. L. Cudney. The program for the day was on planting of shrubs. Mrs. Florence Warriner gave a short talk on soil preparation and testing. Mrs. C. A. Jones gave a talk on the selection of shrubs and where to plant them. She said that March and April are the best months to plant shrubs and stated that they did not require much water the first year.

The speaker named some of the shrubs that should do well in the Panhandle area. For those best adapted for door stop plantings she named coral berry, winter jasmine, fern spires, dusty miller, flowering almond, yucca, and fern spires.

The high shrubs which she named were bridal wreath, holly, lantana, mock orange, forsythia, bush honeysuckle and mahonia. Refreshments were served after the formal program. Visitors at the meeting were Mrs. Cecil Chisum, Mrs. Herb Stone, and two children.

The next meeting was announced for April 6 to be held in the home of Mrs. T. G. Groves.

Ambergris is used in the making of perfumes.

CHRISTIAN SCIENCE
"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 21, 1948.
The Golden Text is: "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him." (1 John 2:15).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity." (Ecclesiastes 1:2).

SUNDAY SCHOOL LESSON
WHAT IS THE KINGDOM OF GOD?
(Scripture: Luke 4:16-20; Mark 4:26-29; Luke 17:20-21; Romans 14:7)
By WILLIAM E. GILROY, D. D.
If we use the Lord's Prayer daily, we pray to God not only for our daily bread, but also that His Kingdom may come.
What does it mean to pray, "Thy kingdom come?" Jesus himself defined it in the accompanying petition, "Thy will be done in earth as it is in heaven."
Kingdom, whether it be earthly or heavenly, implies sovereignty, loyalty and obedience. When a king's subjects are no longer loyal, and when they no longer obey his laws and commands, his kingship is in name only and he is due for a fall.
So it is that Jesus makes the very foundation of God's kingdom over man's obedience to God's commands. These commands are two: To love God with all the heart, soul, mind and strength and to love one's neighbor as one's self.
Jesus said, "The kingdom of God is within you." Whether He meant that it is inward, taking its rise in the hearts of men, or that it had come and was in the midst of those to whom He spoke, the effect of His words is the same. The Kingdom of God is here and now, and when we pray for its "coming," it is in the sense that it may come in the hearts of all over the whole world. For the kingdom of God will not come in its fullness until the will of God is done in earth as it is done in heaven.
That the kingdom of God is social in its nature and effects seems so clear from the passages for our lesson, that it is strange that anyone should question it. It is not a matter only of individual character and righteousness. A kingdom implies subjects, relationships and responsibilities. "We are members, one of another."
But the kingdom of God has its foundation in character even if it does not end there. The notion that humanity and our world can be made better by laws and outward adjustments that do not make men themselves better has little warrant either in the Bible or in common sense.
But this does not mean that laws and outward adjustments are not necessary. They are expressions of purpose, necessary for regulation and restraint of antisocial forces. But their ultimate test is, Are they helping to create a better humanity? Are they bringing us nearer to the answer to the prayer, "Thy kingdom come?"

New Storage Plant Opened

Open house Saturday has been announced for Poole's Cold Storage and Frozen Food Lockers, 320 E. Brown. The new business was established by James A. Poole.

Coffee and doughnuts will be served all day to those who visit the new business, it was said. On that day, beef or pork quarters for halves will be available at wholesale price.

There are about 3,000 square feet of floor space in the building. A total of 350 lockers has been installed, and in time that number is to be increased to 600 or 700, the operator announced.

Rio Grande Town May Be Moved

WASHINGTON—(AP)—The entire Texas town of Zapata on the Rio Grande may have to be moved to higher ground with the construction of Falcon Dam, attorney Robert Lee Bobbitt, Laredo, said.

Bobbitt, representing the commissioners of Zapata County, discussed the matter with Secretary of Interior Krug.

Zapata is the largest of several communities near the shoreline in the area to be covered by waters which will back up behind the Rio Grande dam, Bobbitt said. Work on the dam is to begin soon.

Many mountain lakes are created by landslides which dam streams.

CC Underwrites Early Purchase of Grass Seed Drill

A vote to underwrite the expense of a grass seed drill to be used by the Gray County Soil Conservation District was passed at a called meeting of the Chamber of Commerce Board of Directors this morning.

The action was taken after Quentin Williams, supervisor of the Gray County District, appeared before the board seeking aid in behalf of the newly created soil conservation program.

The machine will be used by farmers and ranchers of this district in the reseeded of grasslands for fall and summer pastures.

Williams estimated that within the next three or four years there would be 20,000 acres of reseeded land in this district.

The board recommended that the city exercise its priority to secure airfield lights and cable for the Pampa Army Air Field for use at the municipal airport. The board make this recommendation after a report by City Manager Steve Matthews stated that the equipment could be secured without cost to the city.

mainly About People

Dr. and Mrs. W. R. Ballard attended the monthly meeting of the Amarillo Osteopathic Hospital staff and auxiliary held Wednesday at a private home in Amarillo.

Large cotton flour bags 28c each, excellent for tea towels and aprons for sale at Pampa Baking Co.

- For Justice of the Peace, Precinct 1: E. A. VANCE

O'DANIEL

(Continued from Page 1)

lins is a little hasty in calling for my defeat.

"I recognize his right to declare his support for any candidate who has announced, but it seems to me that there must be some unseen impelling motive to cause a person to ask for the defeat of a man who has not yet entered the race.

"Although I have not announced as a candidate for reelection, I am still serving as United States senator, and therefore, must say that any statement to the effect that I am or have been an isolationist, as charged by Mr. Collins, is untrue.

"The charge cannot in any way be substantiated by my voting record. I have voted to support President Roosevelt and President Truman on every war measure they requested. I voted for our entry into the United Nations and have consistently favored our nation taking a leading role in world affairs.

"Only yesterday I commented favorably upon President's recommendations to use armed force to protect the rights of smaller nations against the aggressor Stalin as the only effective means of maintaining peace in this world."

Collins said in his statement: "O'Daniel's position in the United States Senate has much to do with our foreign relations and he has repeatedly shown he is an isolationist in an extreme sense."

FINNS

(Continued from Page 1)

committees" which helped to terrorize Czech Democrats and overthrow the Czech government? They have already started to organize factory use armed force to support a Russian pact. They have already been rebuked by leaders of other parties for trying to "provoke unrest."

On the bright side for integral peace in Finland is the small size of Finland's Communist Party: only something between 28,000 and 45,000 in a population of 3,775,000.

WALLACE

(Continued from Page 1)

for-president drive got underway. Telegrams to chairmen of both the Republican and Democratic National Committees called for support of the former Army chief of staff as a unity nominee. They went out from headquarters of the "National Committee for Eisenhower and Unity" set up in New York by a group headed by Attorney Paul Stockhammer.

FINN ON DWI

Orville R. Coursey was fined \$100 and costs this morning in County Court on a charge of driving while intoxicated.

TWISTER

(Continued from page 1)

land, 32 at Wink, 30 at Houston, 28 at Beaumont and 24 at Laredo.

Warm weather prevailed over the state yesterday.

A strong wind, described as a small tornado, hit at several points in Western Oklahoma and injured at least two persons. In Kansas a federal housing unit at Wichita was damaged.

Several farm buildings were flattened near Sayre and Clinton in Oklahoma. An estimated 10 homes were damaged in Clinton, the highway patrol reported. Hail fell at Elk City, Clinton and Sayre.

SELECTEES

(Continued from Page 1)

posals and policies were under fresh attack from his fired cabinet member, Henry A. Wallace.

In a radio address last night, Wallace.

In a radio address last night, Wallace charged that the Truman doctrine of supporting Communist threats to countries is being extended "to the point where it threatens the life of every human being in the world."

He complained that St. Patrick's Day speeches—Mr. Truman's included—were "hysteria-breeding."

The third party presidential candidate demanded to know "why have we reached this crisis in world affairs?"

Some Republicans said they want to know that, too. But they were careful not to side with Wallace. And almost none of them, including Truman, would comment on the former vice president's charges.
