Times Square Bomb Falls Six; Law Probes Debris

NEW YORK (UPI)—Police today examined the debris of a time-made bomb that exploded in the middle of Times Square at the crowded peak of a sunny Sunday afternoon, injuring six persons, including two children.

There were few clues, however, to tell authorities whether the explosion was the work of another "mad bomber" or was connected with the unpopular visits of Communist heads of state including Russia's Nikita Khrushchev.

Tense police earlier in the day checked out two other bomb scares, one a hand grenade in Central Park where Janos Kadar, first secretary of the Hungarian Communist Party was scheduled to walk and a reported threat in the Waldorf-Astoria Hotel where many of the nation's top tourist attractions.

James Foley, 73, of New York, who was sitting 10 feet from the bomb, received serious eye and ear injuries and was hospitalized with a concussion.

The others who were injured, including Bari Keerke, 14, of New York, and Ronald Grabowiecki, of Passaic, N.J., were treated and released. Frank and Walter Strycharz, brothers, of Trenton, N.J., and Joseph Rosenfelt, 39, of New York, received slight injuries. Police said Rosenfelt was temporarily deafened.

Khrush Threatens To Boycott U.N. In Reorganization Drive

EARLY SAFETY TRAINING — These youngsters are being taught safety early in life at the Garfield School, Lakewood, Ohio. Though the range from four to five years of age, the children have entered into the program with vigor.

Latest Move To Oust Secretary-General

By BRUCE W. MUNN
United Press International

UNITED NATIONS, N.Y. (UPI)—Premier Nikita Khrushchev today threatened a Communist boycott of the United Nations unless it is reorganized to give him veto power over the secretary-general.

Khrushchev told the General Assembly a Communist-style three-man presidium must be set up to replace Secretary-General Dag Hammarskjold. He said if this is not done the Communist countries "will rely on their own strength to defend the interests of peace."

Khrushchev said some states were putting their own national interests ahead of the United Nations and seeking to use the world body to dominate other powers. If they persist, he said, the United Nations will collapse.

Speaking deliberately from a prepared text, Khrushchev presented a sharp contrast with Saturday's tirade in which he raised a less-specific threat of walking out on the United Nations if Red China is not given membership.

That threat was delivered off-the-cuff. Today's was deliberate.

Hammarskjold listened attentively but impassively as Khrushchev stepped up the Communist assault on the U.N. charter.

Khrushchev made a surprise appearance to exercise his "right of reply" to British Prime Minister Harold Macmillan who spoke last week. His prepared text took a calm approach to the situation.

Khrushchev strode down the aisle to the podium, his arms swinging. He bounced up the short flight of steps to the rostrum, took off his silver-rimmed spectacles, unfolded his speech and started right in.

He said the world's desire for peace "cannot be substituted by control over armaments without disarmament."

"If our proposals on disarmament are accepted," he said, "we are ready to accept any Western proposals on international control."

"Control over armaments means have armaments in the future," recognition of the necessity to have armaments in the future," he said. "But it is clear to all that if armaments exist, whether they wish to or not, all those who possess armaments will reach for the holster, will reach for arms at any critical moment."

He said the General Assembly or the Security Council would be powerless because if persons following the "position of strength policy" used their arms a war with all its destructive consequences would break out before a meeting could be called.

Khrushchev said there had been suggestions that he and President Eisenhower be locked in a room until they agree on disarmament.

"This is naive," he said. "We may sit together indefinitely but if there is no desire to come to agreement which is evinced by (See KHRUSH, Page 3)

Many Choirs Invited Sunday Fund's Choral Concert Set For First Baptist

Choirs of all churches of the city of Pampa will be invited to participate in the First Baptist church, from 3 to 4 p.m. Sunday.

This is a part of the day of worship established as United Fund Sunday, Dr. Ed Williams, chairman for the day, said yesterday afternoon that he has written letters to all ministers of the city, urging that they build the United Fund theme into their sermons in the Sunday morning services.

"I did not ask for reply to the letters, but I did ask that, if they found this impractical, that they make a strong endorsement of the fund in their pre-service announcements," said Dr. Williams.

Joe Whitten, minister of music for the First Baptist Church, will be in charge of the concert. He said that he will telephone all church choir directors of the city and urge that they participate in the program that is expected to be broadcast by both Pampa radio stations.

He also called for a rehearsal at 2:30 p.m., 30 minutes prior to the start of the program.

Meantime, Williams and Melvin Munn, chairman of the drive to raise \$58,746 prior to the Oct. 31 deadline, are to use board members of the agencies receiving funds, between appearances of the choirs to pin-point various things that the United Fund does to benefit the Pampa-Lefors area through monies dispersed to the agencies by P-LUF.

This last was suggested by Williams. He said that he felt this would be the "very thing" to use to kill any "dead" air time and to continue the theme of the campaign.

This concert is open to the public and everyone is invited to attend.

Ike Is Oldest President In U.S. History

WASHINGTON (UPI)—Dwight David Eisenhower today became the oldest president in U.S. history.

Just 11 days short of his 70th birthday, President Eisenhower eclipsed the age-in-office record held by another former military commander, Andrew Jackson.

"Old Hickory" was 69 years, 11 months and 19 days old when he left the White House shortly after noon on March 4, 1837. Ike will be 70 on Oct. 14.

Eisenhower passed the milestone in robust health, still able to put in a 12-hour day that tires some of his younger aides, thanks to a routine that has seen him recover from three physical setbacks during his nearly eight years in office.

He suffered a heart attack in 1955, underwent an ileitis operation in 1956 and had a mild stroke in 1957. But, now, the President agrees with his doctors that he's in "fine" physical condition.

Castro Snatches U.S. Nickel Plant; Armed Cuban Militia Occupies Site

HAVANA (UPI)—Armed Cuban militia today occupied the United States owned nickel plant and formal announcement of the seizure of the \$110-million industrial complex by the regime of Premier Fidel Castro was believed imminent.

The United States announced Thursday it was ending operations at the huge processing plant in Oriente Province because of harassment and the "confiscatory taxes" imposed by the Cuban government.

But workers at the plant declared they would defy the closure orders and continue "full-scale" operations.

Observers said formal seizure of the plant may be announced by Castro when he addresses the Teachers' Association at the Camp Liberty educational center outside of Havana this afternoon.

The newspaper Revolution said there were sufficient supplies to maintain operations. It hailed the workers decision to ignore the shut-down order as "another defeat of the stupid and criminal aggression against the Cuban people."

The United States closed down its consular agency at Camaguey but U.S. Consul General James E. Brown Jr. said there were no present plans to close down the consulate in Santiago or other consular agencies in Antilla and Sagua la Grande.

Brown said the snuffing of the Camaguey agency was purely a "routine matter." He said Paul A. Tate, the consular agent who returned to the United States in July, had decided to take his sabbatical year.

Rumors of a general diplomatic withdrawal from Cuba have persisted here since the State Department last week warned American dependents to leave the island. But embassy spokesmen have insisted they do not expect a diplomatic break "under the present situation."

Nixon, Kennedy Push Campaigns

By United Press International

The rival-presidential candidates today resumed their invasions of areas once conceded as vote banks for the opposing party.

Sen. John F. Kennedy continued his attacks on Vice President Richard M. Nixon in the one-time Republican stronghold states of the Midwest.

And Nixon embarked on his seventh swing into the once solidly Democratic South, hoping to keep here it landed in 1952 and 1956, while adding North Carolina to the new Republican strength in Dixie.

Kennedy moved by motorcade from St. Louis, Mo., into southern Illinois with a campaign marked by growing attacks on the vice president as a man who is "running away" from the Republican party's record.

The Democratic nominee Sunday night joined former President Harry S. Truman in an attack on Nixon reminiscent of Truman's 1948 "give 'em hell" campaign against former New York Gov. Thomas E. Dewey.

Kennedy told some 1,450 Missouri Democrats at a \$100-a-plate fund raising dinner in St. Louis that he considers Nixon "another Dewey. Like Mr. Dewey, he represents a do-nothing party, like Mr. Dewey, he is a say-nothing candidate, and like Mr. Dewey he will win nothing in November."

Nixon shared the Republican spotlight with his wife, Pat, before leaving by plane for Richmond, Va., and Charlotte, N.C., at the start of his fourth week of intensive campaigning.

Daniels Eyes Border Plans With Mexico

AUSTIN (UPI)—Mexican officials and architects met this morning with Gov. Price Daniel to outline a long-range planning program for the Texas-Mexico border.

The governor discussed the international planning with Guillermo Rossell, cabinet minister of Mexico; Ramon Corona Marvin, president-elect of the VIA, an international society of architects representing 44 nations; Carlos Contreras, an outstanding city planner, and Hector Mestre, internationally known architect.

The conference precedes a convention in El Paso Nov. 24 in which architects from the United States and Mexico will study mutual problems and cooperate.

(See DANIELS, Page 3)

General Electric Workers Idle At 55 Sites; Strike Continues

NEW YORK (UPI)—The impact of the International Union of Electrical Workers two-day strike against the General Electric Co. was tested today at 55 GE plants across the nation.

No new bargaining talks have been scheduled since last-ditch negotiations failed to avert the strike against the nation's largest manufacturer of electric products.

GE predicted that more than 10,000 of the 70,000 IUE members in its work force would be on the job today, despite notices sent by the union to all locals stressing that "no work is to be performed until a contract is in effect."

The company has 240,000 employees in 166 plants, only 55 of which are covered by the IUE contracts.

Most of the 55 plants, including Connecticut, New York, Pennsylvania, Massachusetts, Connecticut, New York, Pennsylvania, Ohio, Indiana, Virginia, Georgia, Texas and California, Kentucky, Tennessee, Arkansas, Georgia, Texas and California, were open today for non-IUE members or IUE members who wished to work.

The union has called for a two-year contract with a 3 1/2 percent wage hike each year, plus a cost-of-living clause, supplemental unemployment benefits and a union shop.

West Supports Ike's Refusal To Meet Nik

WASHINGTON (UPI)—Western powers rallied today behind President Eisenhower's refusal to meet with Soviet Premier Nikita Khrushchev because of the Russian attitude and threats against the free world.

British sources said Prime Minister Harold Macmillan had told the President that he fully understood the necessity of rejecting the suggestion of five neutral nations for a Soviet-American summit conference.

Australian Prime Minister Robert G. Menzies was reported planning a stiff U.N. speech Wednesday in which he would deliver a major Western denunciation of Khrushchev's actions.

Macmillan and Menzies conferred with Eisenhower at the White House Sunday. The three leaders issued a statement urging the U.N. General Assembly to get down to its business—particularly with respect to disarmament.

Eisenhower's refusal to meet with Khrushchev was spelled out in a letter he sent separately to the heads of government of Ghana, Indonesia, United Arab Republic, Yugoslavia and India.

Eisenhower's aides said the President hoped the five neutral leaders would understand the impossibility of such a confrontation at this time. The White House hoped the President's explanation would ease pressure at the United Nations for a meeting.

It was possible that the neutral sponsors might decide to withdraw their resolution in the United Nations or amend it to express hope for a future conference instead of calling for an immediate meeting.

Supreme Court Opens Session

WASHINGTON (UPI)—The Supreme Court opens its 1960-61 term today with a 1,000-case docket reflecting racial and religious issues as well as economic conflict.

The first session is a brief formality, concerned mostly with admission of attorneys to the bar. The court will spend the rest of a week conferring on the big backlog of appeals which have piled up during the summer.

Among them are challenges to:—The constitutionality of Bible-reading in Pennsylvania public schools.

—A Louisiana law requiring the national Association for the Advancement of Colored People to contribute.

—Maryland's requirement that bic office holders declare a belief in God.

—The right of a restaurant used from a state agency to refuse service to Negroes.

—A South Carolina law continued to prohibit theaters from showing movies on Sunday.

80-Year-Old Woman Fights, Chases Toughs

NEW YORK (UPI)—An 80-year-old fighting Irish grandmother knocked down a young tough trying to steal \$100 from her purse and chased his partner-in-crime down the street Sunday in a show of courage seldom seen on the city's streets.

Today Mrs. Ellen O'Neill, a retired scrubwoman, considered whether she should return to Ireland "for some peace and quiet" after almost half a century here.

Mrs. O'Neill was accosted before dawn by two Negro assailants, Richard Van Dyke, 19, and John Van Wright, 20, who grabbed for her purse which contained \$100.

"Oh, no, you don't," the white-haired lady shouted.

She swung a strong right cross at Van Wright, who fell to the pavement with a cut lip.

Van Dyke pulled out a knife, cut the strap off her purse, and fled down the street with Van Wright behind him. Mrs. O'Neill, in tears, was hot on their heels, screaming, "thief, thief."

Detective John Capobianco drove by, gave chase, and captured the two youths who were accused of trying to take her money by day bope.

"Naughty, naughty boys," Mrs. O'Neill told them in the police station. "No way to behave at all."

"I scrubbed floors all my life to raise seven children," she lectured. "I know how hard it is to make money."

"Ah," she reflected later, "but the streets of New York are awful. Forty-four years I've been here. I think now I'll be going back to Ireland for some peace and quiet."

Tower Democrat Unit Organized

HOUSTON (UPI)—John G. Tower of Wichita Falls, Republican candidate for the U.S. Senate seat held by Lyndon B. Johnson today organized a "Democrats for Tower" movement in Harris county.

The new group is composed of some 50 Harris County Democrats, and is headed by Walter Keith.

"Few, if any, traditional Democrat voters can support a Democrat running for two offices on the same ballot, as is Sen. Johnson," Keith said.

Wheels not balanced cost you money, our Bear equipment can spot the trouble, come to Pampa Safety Lane, 411 S. Cuyler, Adv.

Advisory Unit Is Elected By Chamber

Ballots for the election of a five-man advisory board for the Pampa Chamber of Commerce were counted this morning and the following five members were declared elected:

Floyd Watson, Aubrey Steele, Jack Edmondson, Arthur Teed, and E. L. Henderson.

Officers and directors of the chamber will be installed at a dinner meeting at 7 p.m. Oct. 12 in the Starlight Room of the Coronado Inn.

The annual membership meeting of the chamber will be held at 7:30 p.m. Oct. 25 in the Robert E. Lee Junior High School cafeteria. Leonard Read of New York City will be the speaker for this event.

Read is president of the Foundation for Economic Education, and is a champion of the American free enterprise system.

Tickets for the membership meeting will go on sale in the chamber office on Oct. 10 at \$2.50 each.

Tyler Strikers To Picket Homes

TYLER (UPI)—Union pickets today continued to patrol the area around the General Electric plant in Tyler, and an official for the group said his men would picket the houses of any workers who cross the strike line.

Jim Pierce, Tyler organizer for Local 752 of the International Union of Electrical, Radio and Machine Workers, stressed that the labor organization was not trying to create trouble in the Tyler area, but was going to make sure the full effect of the strike was felt.

Some 350 of the 600 men employed by the plant, where air conditioners are assembled, are affected by the walk-out order. The union workers voted by a 3-1 margin last week in favor of the strike.

Congo Leader Asks Certain Troops Ouster

LEOPOLDVILLE, The Congo (UPI)—Army strongman Col. Joseph Mobutu pressured the United Nations command today to oust their Guinean and Ghanaian troops from the Congo for their open support of deposed Premier Patrice Lumumba.

Mobutu filed a protest with the U.N. command Sunday for the action of U.N. Guinean troops in escorting the pro-Soviet Lumumba to a Guinean Embassy reception at a downtown restaurant Saturday night.

Previously both he and President Joseph Kasavubu had protested that Ghanaian and Guinean soldiers guarding Lumumba's residence blocked Congolese authorities from arresting Lumumba.

Mobutu said Sunday night there may be "trouble" unless contingents from those two countries were ousted from the Congo by Wednesday. He said his armored troops were more than a match for U.N. forces if it came to a showdown.

Lumumba suffered new loss of prestige Sunday when six members of parliament belonging to his own National Congolese Movement party publicly disavowed him.

Goldfine's Tax Trial Underway

BOSTON (UPI)—Bernard Goldfine, gift-giving friend of former presidential aide Sherman Adams goes on trial in federal court today charged with evading \$791,745 in income taxes.

Goldfine, brought here Sunday from the federal prison at Danbury, Conn., where he has been serving a 90-day contempt of court sentence, will be the central figure in a trial which could last up to three months.

Some 350 government witnesses including Adams and Massachusetts Gov. Foster Furcolo have been subpoenaed to testify. A venire of 200 half to report today and the other half Tuesday, was called for jury selection.

Adams' testimony will mark one of his few public appearances since he resigned his key White House post following the congressional "jaguna coat" influence investigation. Adams has been in virtual seclusion at his Lincoln, N.H. home.

Nation's Worst Hurricane Aided Research Unit With Storms Data

By JOSEPH L. MYLER United Press International
WASHINGTON (UPI)—Donna was the most vicious hurricane in U.S. history but it was not altogether an ill wind.
It gave the weather bureau's National Hurricane Research Project (NHRP) more information about tropical storms than all the other hurricanes studied since the project started in 1956.
On the basis of this and previously gleaned information, project officials say they are encouraged to believe man eventually will learn how to control these whirling monsters of destruction spawned annually by nature.
The NHRP was established as a result of hurricane disasters in 1954 and 1955. For its first year of operation, 1956, Congress gave the project \$750,000. Current spending is at the rate of about \$2.5 million a year.
Hurricane research already has paid off in improved forecast and warning methods. Donna was never out of sight by radar from the moment it was spotted in the Atlantic Sept. 2 to the time it blew itself out over New England 11 days later.
Two four-engined DC6 flying laboratories of the hurricane project and cooperating research aircraft of the Air Force and Navy flew dozens of fact-finding missions into Donna's heart.
Automatic instruments photographed the storm, took temperature, pressure and humidity readings, recorded wind speed and direction, measured water droplet size and distribution, and noted icing rates.
According to Robert Johnson, coordinator of the weather bureau's hurricane and severe local storm research projects, "this was the best documented storm we ever had."
For the first time the NHRP's airplanes were able to conduct "three-dimensional" investigation of a giant hurricane by making simultaneous flights through it at different altitudes.
On Wednesday, Sept. 7, one of the four-engined craft dove into Donna at 8,000 feet while another rocked through at 12,000 feet. They encountered winds of 172.5 miles an hour near the eye of the storm. Winds of more than 115 miles an hour whirled over an area extending 25 miles outward from the storm center.
The big planes flew prearranged X-shaped and box pat-

Skellytown Personals

By Mrs. CLIFTON HANNA Daily News Correspondent

A revival meeting at the Community Church will be held today through Oct. 9. The speaker will be the Rev. Lewis Womack of Oswatomie, Kan. Mrs. Womack will accompany her husband here and will bring the special music.
E. A. McCreary and J. H. Wedge fished over the weekend at Canton Lake in Oklahoma.
Mr. and Mrs. Henry Gentry, Skelly Schafer Camp, will visit relatives in Siou. Falls, S.D., for two weeks.
Mr. and Mrs. Fred Genett and Mr. and Mrs. Claud Gray were Amarillo visitors this week.
Sunday visitors of Mr. and Mrs. R. E. McAllister were Mrs. McAllister's sister and family, Mrs. and Mrs. R. J. Slatery, Mike and Jim, of Amarillo; her cousin, Mrs. Emma Benton, Berger, and Mrs. Rosalie Wedge of Pampa.
The home of Mrs. Roy Woodward and daughters was damaged by fire and smoke when the house caught on fire. The fire is thought due to faulty wiring in the bathroom. Skellytown Volunteer Fire Department was able to limit the damage.
BRIDGE MANAGER QUILTS
LAREDO (UPI)—Andrew M. Gault, who had managed the United States section of the international highway bridge over the Rio Grande at Laredo for 25 years, has resigned. Gault said he quit because of "differences of opinion on policy matters."
Killer Diseases
During the four years of World War II, 294,000 American lives were lost in combat, according to the American Heart Association, which states that 3,369,000 Americans died of heart and blood vessel diseases during the same four-year period.

Shivers Laughs At Stir Begun With Nixon OK

AUSTIN (UPI)—Old political fighter Allan Shivers Saturday shorted with glee over the stir his endorsement of the Nixon-Lodge ticket has caused in the state Democratic camp.
The former Democratic governor said he appreciates "the intense interest shown by Sen. Ralph Yarborough, Byron Skelton and other apologists for the Kennedy ticket."
Shivers shrugged off their attacks on his stand and said: "If the campaign lasts long enough I may get around to the small fry."
His "Democrats for Nixon" campaign was launched Wednesday night in a blistering attack on the Kennedy-Johnson ticket and the Democratic national platform.
He also said that he would make another major campaign talk in "the next few days," and will also speak in neighboring states in behalf of the Republican ticket.
Shivers said he has already received invitations to campaign in New Mexico, Oklahoma, Louisiana, Florida, Tennessee and Illinois.
"I appreciate the great interest that has already been shown in this Democrats for Nixon movement. It strengthens my conviction that Texas will not accept either Kennedy or his platform," Shivers said.
Democratic national committee-

Wildcatters Bring In 15 Wells In Week

AUSTIN (UPI)—Texas wildcat drillers made 13 oil and two gas discoveries last week and hit 111 dry holes, the Railroad Commission said.
The two gas finds were in the San Antonio and Wichita Falls areas.
The Abilene district led in oil discoveries with three. Houston, Kilgore and Wichita Falls districts each had two oil finds, and there was one each in the Corpus Christi, Palestine, San Angelo and Midland districts.
The commission granted 27 drilling applications during the week, for a total so far in 1960 of 866—one less than at the same time a year ago.
Oil well completions numbered 192, with 7,481 for the year compared to 8,851 at the same period in 1959.
Total number of wells in the state decreased by 416 with 196,607 active as of Oct. 1.
Average calendar day allowable decreased 95,585 barrels to some 2,601,877 barrels because of the one day longer month of October.
man Skelton accused Shivers of being a "perpetual turncoat against the Democratic party." Shivers also led the 1952 and 1956 Texas bolt into the Republican column.

Mountain States Against Defense, Foreign Policies

By DAN DOHERTY United Press International
DENVER (UPI)—Cries of "no, no," came from 10,000 Denverites when Sen. John A. Carroll, D-Colo., asked: "Are we satisfied with what is going on in Cuba?" and "Are we satisfied with what has been happening in the world the last three or four years?"
The shouters were admittedly mostly Democrats in a mostly Democratic city, gathered to hear Sen. John F. Kennedy talk. But they reacted to the questions on foreign affairs and defense and remained relatively impassive when reclamation, natural resources and other Western standpoints were mentioned. Thereby they reflected the trend among voters in the nation's high country, the mountain states of Montana, Wyoming, Colorado, New Mexico and Utah.
These states, without exception, went for Eisenhower and Nixon in both 1952 and 1956. This year, the situation throughout the region, is, as one political writer put it, "in flux."
Before, natural resources development, farm problems and other domestic issues held sway in this region, but today Republicans and Democrats alike agree with Colorado's Republican Chairman Jean K. Tool that "the international situation is first on everybody's mind. They haven't got any farm problems, highway or any other kind if there's an H-bomb whistling overhead."
If there is an exception, it is New Mexico, where the political atmosphere has not been greatly stirred by the "great issues." In this mushrooming state Catholics no longer dominate and religious considerations are a factor. This is particularly true in heavily Protestant southeast New Mexico. The normally Democratic majority in this region has been sullen since Los Angeles; Kennedy's support comes from more populous Albuquerque.
Sen. Dennis Chavez, D-N.M., who is not seeking reelection, has charged fellow Democrats Gov. John Burroughs and National Committeeman Tom Brown, both from eastern New Mexico, with not working hard enough for Kennedy.
Both have denied Chavez' charge, but Burroughs, observers say, is running scared in his race for reelection against Republican Edwin L. Mechem, a three-time governor whom Burroughs narrowly ousted in 1958.
Another place where religion could be a factor is in eastern Montana, a region with many Protestants of Scandinavian ex-

Sea Mystery Deepens; Boat Mishaps Probed

By NEAL CORBETT
United Press International
SAN FRANCISCO (UPI)—The Coho just shot me. The Coho just shot me. It's been a good life, so long boys."

Khrush

(Continued From Page 1)
The President and particularly those quarters which back him, so smoke will come from the chimney as is the tradition when a pope is elected."

President Eisenhower Sunday rejected a proposal by five neutral nations that he and Khrushchev hold a face-to-face meeting to discuss disarmament.

The "locked room" idea emerged from a Khrushchev conversation with Columbia's delegate last week. At the time Khrushchev himself welcomed the idea.

Khrushchev renewed his attack on Hammarskjold and demanded his resignation. "I want to reaffirm that we do not trust Mr. Hammarskjold and we cannot trust him," he said.

He demanded the seating of Communist China and said "without China there can be no normal work of the United Nations."

He declared that Eisenhower in his U. N. speech two weeks ago defended "what is old, rotten and already collapsing."

"This process cannot be checked by the U. S. representative who spoke here or by anybody else," the Soviet leader said. "You cannot make the dead breathe. Colonialism has lived out its time."

Hungarian Communist Party chief Janos Kadar, the man who signaled the Soviet counter-attack that smashed the Hungarian anti-Communist revolt in November, 1956, speaks in the afternoon.

The addresses will be the prelude to the resumption in full assembly debate of the United States' efforts to head off for another year the annual Communist attempt to win a seat for Red China and oust Nationalist China.

A night session was scheduled for the Red China question which first came up Saturday and drew Khrushchev threat to pull out of the United Nations.

Fifteen nations, at least 10 of them favoring a seat for Red China, were scheduled to speak and the arguments may last for several days before there is a vote. Observers predicted the United States would win on its resolution to have the whole issue shelved for the year.

The proposal by the leaders of India, Yugoslavia, Ghana, Indonesia, and the United Arab Republic for an Eisenhower-Khrushchev meeting as an "urgent, first step" toward peace seemed headed for the waste basket.

Eisenhower, after an 80-minute White House conference with British Prime Minister Harold Macmillan and Australian Prime Minister Robert Gordon Menzies issued a letter to the five neutrals rejecting their proposal.

message picked up last Wednesday — the Coast Guard today went to work trying to solve what may become one of the sea's legendary mysteries: What happened to the two fishing vessels Steelhead and Coho II?

The message was believed to have been sent by E. A. Davison, of Oakland, Calif., 52-year-old skipper of the Steelhead.

A Coast Guard vessel dispatched to the area in the Pacific tuna grounds 150 miles southwest of San Francisco found no sign of the Steelhead. The Coho II was found within 15 miles of the missing boat's last reported position.

Coast Guardsmen who boarded the Coho II found only the skipper and owner, Ted Bean, 45, of Benicia and Bakersfield, Calif.

Bean said he had been alongside the Steelhead Wednesday, but only to give Davison a letter which he wanted mailed in San Francisco. He said he last saw the Steelhead sailing toward the Golden Gate.

The Coast Guard found a rifle and a pistol aboard the Coho II, but pointed out that most fishing boats carried arms for protection against sharks.

Meanwhile, other fishing boats reported they had picked up debris. One found fuel barrels, pieces of plank and a hatch cover which apparently had been pierced by a bullet. Another located a capsized skiff, believed to be the one carried aboard the Steelhead.

While the evidence was being gathered in San Francisco Saturday, Bean volunteered to bring his boat to port and submit to questioning.

As the Coho II approached, with a Coast Guard vessel a mile behind, it suddenly headed straight for the rocks at the edge of the channel.

A boarding party found that Bean had put the boat on automatic pilot—and apparently had slipped over the side. The Coast Guard said it was very doubtful that he could have swum to shore in the treacherous current. A skin-diving outfit, complete with rubber suit and snorkel, was still aboard.

Daniels

tion for long-range development of the border.

"We will be studying, for example, Juarez, Mexico, and El Paso as one unit," Rossell told Daniel today. "They have the same climate and problems and are not as two different cities."

Others at this morning's meeting were Philip Will Jr., Chicago, president of the American Institute of Architects; National Director Reginald Roberts, San Antonio; Texas Society of Architects President Jack Corgan, Dallas; TSA President-elect L. F. Pitts, Beaumont; TSA Secretary-Treasurer Arthur Fehr of Austin; TSA past president Robert Woltz, Fort Worth; convention Chairman E. W. Carroll, El Paso, and TSA Executive Director John G. Flowers Jr., Austin.

Ralph C. Chisum Rites Wednesday

Funeral services for Ralph C. Chisum will be held Wednesday 10:30 a.m. in Harvester-Mary Ellen Church of Christ with Jay Chisum, minister, officiating. Mr. Chisum, automotive mechanic, died at 12:50 a.m. Sunday in his home, 115-N. Warren.

He was born Feb. 24, 1893 in Miami and moved to Pampa from Miami in 1930. He was a member of the Harvester - Mary Ellen Church of Christ.

Survivors include his wife, Irene of Pampa; two brothers, Roy of Pampa, and Frank of Turlock; two sisters, Mrs. Ruth Sewell and Miss Florence Chisum of Mexico.

Pallbearers will be: Edgar Wood, Robert Burns, Lester Reynolds, Kermit Rasco, W. A. Wyckoff and Hugh Lane.

Interment will be in Fairview Cemetery under the direction of Duengel Carmichael Funeral Home.

Rites Set For Mrs. J. C. Mote

Interment rites for Mrs. J. C. Mote, 90, will be held at 2 p.m. Wednesday in the First Christian Church with the Rev. Richard Crews, pastor, officiating. Mrs. Mote, who resided at 118-N. Pruvance, died at 6:10 p.m. Sunday in Worley Hospital.

She was born Mar. 5, 1870 in Illinois. She attended schools in Illinois and later taught schools in Illinois and Washington state.

In 1911, she was married to J. C. Mote in Illinois. They moved to Pampa in 1927. Mr. Mote, a building contractor, died in July, 1938. She was a member of First Christian Church.

Survivors include one sister, Mrs. Margaret Watson of Chicago, Ill. and one nephew, Paul W. Watson of Hialeah, Fla.

Pallbearers will be deacons of the First Christian Church. Burial will be in Fairview Cemetery under the direction of Duengel Carmichael Funeral Home.

City Man Cited On DWI Count

Paul Eugene Brown, 31, of Pampa, no address given, was charged today with driving while intoxicated after being involved in a two-car accident yesterday afternoon.

Brown hit the rear of a parked car owned by Curtis Jackson, 5 N. Elm, just inside the intersection of S. Gray and W. Thut at 4:10 p.m. yesterday.

27 Die By Violence In Texas On Weekend

By United Press International
The number of violent deaths in Texas over the weekend soared to 26 late Sunday when a series of accidents and acts of violence snuffed out eight lives.

A United Press International survey for the period from 6 p.m. Friday to midnight Sunday showed 16 dead as the result of traffic accidents, seven from shootings, stabbings and suicides, and three from drowning, two of them in the same accident.

Among the latest deaths reported were the traffic death of Jesse Richards, a 44-year-old Hempstead man killed when his car overturned near Hungerford, in Wharton County, and the death by violence of Edward R. Ramos, 31, of Houston. He was shot to death late Sunday by his common-law wife.

Three auto accidents accounted for six of the dead. Robert W. McCrummen, 19, of Austin, and Charles Lee Scarborough, 37, of Abilene died Saturday when their cars plunged off a cliff near Lake Austin.

Two brothers—eight-year-old Joseph and 10-year-old Kenneth Carper were killed when their mother's car was struck by a train in San Benito Sunday morning. And Fred A. Bledsue of Fort Worth and Wilbur G. Allen Jr. died when their car struck a bridge abutment near Granbury in Hood County.

The double drowning occurred at Lake Texhoma Sunday when Larry Lewis, 18, of Greenville went down while attempting to swim to a raft in the lake. Eddie

Gene Myre, 20, of Dallas saw Lewis go under and drowned while attempting to save him. Myre's father, James H. Myre, suffered a heart attack while watching his son drown.

T. J. McFarland, about 30, was shot to death Sunday in a gun battle with Denton County Sheriff Wiley Barnes. McFarland, a former mental patient from Sanger, got into the battle when he tried to force officers to return some guns taken from him two years ago when he was sent to a state hospital.

Other deaths included Roy Vincent, 46, of Orange, killed in a head-on collision on U.S. 90 near the Louisiana border; Jerry David Tate, 24, Henderson, killed when he lost control of his car 10 miles north of Henderson.

Kevin Wahl, 19, of Portland, Maine, killed in a one-car accident near La Pryor; Rebecca Wilkins, 18-month-old daughter of Mr. and Mrs. Theodore Wilkins of Dallas, killed when she was run over while playing in the driveway of her home.

Arthur L. Anderson Jr., 41, vice president of the First National Bank in Brownsville, killed when his car rammed into a truck near Pharr; H. L. Dickerson, 21, of Dallas, killed when his car hit an embankment near Streetman.

Five-year-old Eddie Ray Harrison of Kennard, Tex., died when he was struck by a car on the street in front of his home; Clint J. Blocker, 60, of Graham, was killed when thrown from a car near Graham. Mrs. Sadie

Front Office Girl Is Cited

Everett Frye, manager of the Odessa office division of Dick Evans Inc., was guest speaker at a recent meeting of the Desk and Derrick Club at Berger. Frye discussed the "Value of the Girl in the Front Office." He cited the many ways in which a properly qualified person working in the front office could save executive time, promote public relations and direct economies of the business.

Frye was introduced by Mrs. Lotas Cowell.

FLORENCE PLANS SWIM

PORTPATRICK, Scotland (UPI)—America's Florence Chadwick today began final preparations for an attempt to become the first woman to conquer the 21-mile North Channel between Scotland and Northern Ireland.

Moses, 73, of Niagara, N. Y., died in Henderson from injuries suffered in an accident Tuesday.

Troy Lee Shine, 26, Dallas, was stabbed to death in a struggle in a cafe; Jesse Lacy, 43, was shot to death in a cafe fight in Henderson; Harvey Carter, 45, of Fort Worth, died of wounds suffered in a similar fight Tuesday. William P. Madry, 65, was found shot to death at the home of his son near Weatherford, apparently hit when a gun he was cleaning went off. Donald Ray Farrow, 20, Dallas, was the victim of a Russian roulette game.

The other drowning victim was Johnnie Ybarbo, 18, of Austin, who drowned in Lake Austin when he became entangled in weeds while swimming.

Dock L. Mackie Service Today

Funeral services will be held 4 p.m. today for Dock L. Mackie in the First Methodist Church with the Rev. Woodrow W. Adcock, pastor, officiating.

Mr. Mackie died at 3:45 a.m. Sunday in his home, 2227 Christine.

He was born Jan. 13, 1913 in Catawba, N. C. and moved from there to Pampa in 1921, where he has made his home since that time. Mr. Mackie served with the Navy from 1944 until 1946. He attended Hopkins School, south of the city and was a member of First Methodist Church.

He is survived by his wife, Helen Ruth of Pampa; three sons, Gary, Dwight and Richard; two sisters, Mrs. R. E. Lee of Hereford, Mrs. M. G. Husted of Pampa; three brothers, Ed and John, both of Pampa, H. V. of Centralia, Ill.; and his mother, Mrs. Mary Jane Mackie of Pampa.

Pallbearers will be John R. Davis, Alvin O. Doggett, Ira L. Dearen, Bruce A. Ginn, Don Nestel, and Fred Vanderburg.

Interment will be in Fairview Cemetery under the direction of Duengel Carmichael Funeral Home.

Docket Heavy

Fifty-two cases were on the docket of the 31st District Court when Judge Lewis M. Goodrich opened the session this morning.

Are you a nuisance to your neighbors?

"It's a wet fall," said my neighbor, Frank, pointing at my rose bushes. "Better spray or you'll get black spot."
I call Frank a nuisance but he's more of a conscience. So I sprayed. In fact, I borrowed his sprayer. Frank pretends I'm a nuisance, too.
"I should think people would get tired of you," he said. "They get married—you appear. They have a baby—you appear. They buy a house, or even do some little thing like have a birthday, and again there you are. Haven't they got enough on their minds?"
Yes. That's why I'm there. Frank knows it. He worries about roses. I worry about families. I sell insurance.
"Being a good nuisance is no snap, Frank," I told him. "It's my part in life to remember things people forget—like tomorrow, dependents, mortgages. But I don't mind one little bit if it spares families needless pain. A good conscience makes a good neighbor."
"How come you never sold me insurance?" Frank asked. "Well, Frank, I thought your cousin was an insurance man." "Well, frankly," he said, squinting at me, "he isn't." "And you?" I said, "with a mortgage and a family!" "True," Frank said. "Come, neighbor, it's time we talked about it. And on your way, leave my sprayer in my garage."

"because you love somebody" call your Metropolitan Man. Certainly insurance is not a substitute for love. But it is an evidence of love and it can help you do what you want to do: take care of your loved ones. And today your Metropolitan Man offers you his widest selection of policies and plans with the newest and most flexible provisions and benefits. He can help you if you call him. Why not do it today?

Williams, program and literature; Mrs. A. R. Newman, prayer; Mrs. Norris Hail, community missions; Mrs. Al Westbrook, stewardship, social, and treasurer; and Mrs. A. L. Holligan, secretary and publicity. Mrs. J. P. Adams led the closing prayer. The next home meeting will be with Mrs. J. P. Adams, 2209 N. Christy.

Mrs. W. C. Crowson
... B&PW Woman of the Week

Mrs. Crowson Named 'Woman Of The Week'

Mrs. W. G. (Mattie) Crowson has been named by Business and Professional Women's Club as "The Woman of the Week". The honor is accorded B&PW Club members annually during National Business Women's Week, which will be in progress locally Oct. 2-8.

Mrs. Crowson joined Pampa B&PW Club in 1946 and served two years as president of the Club in 1956-57 and in 1958-59. She has also served as vice president, recording secretary, parliamentarian, career advancement chairman and is presently serving as Women in Government chairman.

She attended the National Federation of B&PW Clubs convention in Miami, Fla.; as well as several state conventions and District Nine conferences.

In the same year, 1946, that Mrs. Crowson joined B&PW Club, she began working for Gilbert's Ladies Shop, where she is still employed.

Poems On Parenthood Grow In Family Setting

Janet Henry and children. Foreground: Mrs. Henry, baby Heidi, Christie, 12. Background: Karen, 7, Scot, 9, and Ricky, 11.

CLEVELAND (NEA) — There's inspiration for hundreds of new poems at Janet and Fred Henry's big, old, sprawling house in Cleveland Heights, Ohio.

Four-week-old Heidi Henry is home from the hospital and happily installed in her nursery. And her mother, Janet Henry, whose humorous Poems on Parenthood are written for Newspaper-Enterprise Association and appear each week in the Pampa Daily News is happily experiencing life with five instead of four children.

Heidi brings the Henry household to seven — not counting turtles, rabbits, mice, parakeets, and any stray cats adopted by Ricky, Scot, Christie, or Karen who range from 7 to 12 years old.

"I used to think I'd run out of ideas for poems when the children got out of the toddler stage," says Janet, "but I decided that there's just as much gentle humor in the PTA and Cub Scouts

poem concerns an acquaintance who asks where the Henrys find their household help. Janet's answer? "We grow our own!"

At the moment, the household help is somewhat ignoring routine chores in favor of taking turns holding Heidi. But all the children do have regular tasks.

While their mother was in the hospital, Christie and Karen managed the house.

"They did it beautifully, too," says Janet. "Christie did the shopping and cooking and Karen looked after her father."

But while Janet extolled the girls with understandable maternal pride, there was an "I feel a poem coming on" look in her eye. Christie's first adventure with fried chicken and Karen's problems with ironing her father's shirts will certainly "turn up" in future Janet Henry poems.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

These are some distressing but much stronger and better fiber can feel by promoting ordinary kidney or bladder irritations. These irritations often occur after 24 and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel cold, tired, depressed. In such irritation, CYPREX usually brings fast, relaxing comfort by curbing irritating urination, soothing, acid urine and by giving analgesic pain relief. Safe for young or old. Cost \$2.95 per box. Write for free literature. CYPREX, 4500 University, Fort Worth, Texas.

Abby Wants To Know About Old Custom
ABIGAIL VAN BUREN

DEAR ABBY: I am elderly now, but when I was a child all the clocks were stopped in the house when a person died. No one thought it peculiar. Why was this done? Do you, or perhaps any of your readers, recall anything like this? Or was it a local superstition? This has bothered me for years.

OBERLIN: I recall the same "superstition" but I have no idea where it originated, or why. Now, I too, am curious. Does anyone know?

DEAR ABBY: My mother is a seamstress and she sews for the public. She is making a dress for a woman who is very hard to please because she can't make up her mind about what she wants. The dress is for a wedding (her son is getting married) and it is all taffeta and lace and very fancy. This woman has changed her mind eight times and my mother has spent days on that one dress and she's not finished yet. My mother is a wonderful seamstress, if I have to say so myself, and every one of her other customers is very satisfied with her work. I am wondering just what my mother should charge a person like that?

DAUGHTER: Your mother should keep track of the hours she spends on that dress, and charge accordingly. A good seamstress will hardly pick up a needle for less than \$2.00 an hour these days.

DEAR ABBY: What do you think of a man who is so disappointed because his first child was a girl that he won't lift a finger to help? He is also mad because the baby doesn't look like him. And I might as well tell you that he acts more single now than he did when he was single.

DISGUSTED WIFE: You have a baby girl AND a baby boy (your husband). Raising a husband takes patience, understanding and humility. I hope you are equal to the task.

DEAR ABBY: Today would be my ninth wedding anniversary if my husband were alive. I lost him ten months ago at the age of 30. I have read your column for years and am amazed at the petty things married people fight about. Our marriage wasn't perfect either, but since I lost my husband I have become a wiser person. My advice to married couples is to live each day as though it were going to be the last. Because sometimes it is.

M. H. H.: For Abby's pamphlet, "What Teen-agers Want To Know," send 25 cents and a large, self-addressed, stamped envelope in care of this paper.

Ruth Millett
Husbands Warned By Prefacing Remarks

Memo to young husbands: It's going to cost you money when your wife begins a conversation with any of the following remarks:

"When I was downtown shopping today I ran into the most wonderful bargain."

"Such and such a store is having a big sale and I thought I might go have a look."

"Jane has asked me to go shopping with her tomorrow to help her pick out some new clothes."

"I've been thinking about how we could fix up the living room for practically nothing."

"Everybody is getting a new dress for the club dance. You should see the beautiful one Jane got yesterday and she was telling me about a green chiffon that sounds out of this world and marked down to half price."

"There's a marvelous new hair stylist in town that I wish I could go to and get the works."

"We owe so many people, I've been thinking we ought to give a big party."

"You've just got to drive by and look at a house I saw today. I just happened to hear that the owners are leaving town and are going to sell it at a real loss. I know we can't afford it, but I want you to see it, anyhow."

"Ann and Dave want us to come over and see their new patio. Dave says he can tell us how to have one built for practically nothing."

"I've been thinking you really should go to that convention next month. And we could make it kind of a combined business trip and vacation."

Those are the signals and you might as well be prepared to recognize them for what they are.

Housewives will find that a little ironing helps no-iron clothing. This is a touch-up pressing after several washings. A steam iron best, although a dry iron at rayon setting with a damp press cloth does well. Then you may launder again several times before again pressing the item.

Murtaugh Pronounces Pirates 'Ready' For Big World Series

By LEO H. PETERSEN
UPI Sports Editor
PITTSBURGH (UPI)—Danny Murtaugh pronounced his Pittsburgh Pirates ready "both mentally and physically" today and promised that the New York Yankees "won't scare" them in the World Series opening in Forbes Field Wednesday.

"We don't scare and we don't panic," said Murtaugh, who led the Pirates to their first National League pennant in 33 years. "We just go out there every day and get the job done."

He refused to predict a Pirates World Series triumph, excusing himself on that score "because we haven't seen the Yankees play since spring training."

"But then," he grinned, "they haven't seen us either."

When Murtaugh heard that manager Casey Stengel of the Yankees was leaning toward Whitey Ford, long New York's clutch hurler, to pitch the opening game,

he said he wasn't too concerned about the Yankee starter, and added that Vernon Law would be his first game pitcher with Bob Friend going in the second game.

"After those two I haven't any pitching plans for the third game in New York on Saturday." But he was reported inclined toward one of his two southpaws, Vinegar Bend Mizell or Harvey Had-dix.

Law pulled a tendon in his right ankle when he slipped on the

clubhouse floor during the Pirates victory celebration last Sunday. The 20-game winner was clobbered for eight runs and 10 hits by the Milwaukee Braves in 3 1-3 innings last Friday night.

"I feel I'll be ready to go Wednesday," Law said.

"That's good news," smiled Murtaugh, "and I sure am happy about the way Dick Groat has come back, too."

Groat, the 1960 National League batting king, broke his left wrist

when hit by a pitch by Milwaukee pitcher Lew Burdette on Sept. 3. It was thought then that he would not be able to play in the Series at all, but he returned to the Pirates lineup as a pinch hitter Friday night and started Saturday's and Sunday's games.

If Ford goes for the Yankees, Murtaugh will play Gino Cimoli in center, have Hal Smith catch and long-ball hitting Dick Stuart on first. All are righthanded hitters.

"I'll definitely platoon Cimoli and Hal Smith with Bill Virdon and Smokey Burgess," Murtaugh said, "but I may not platoon art and Rocky Nelson. I might go with Stuart all the way."

Virdon, Burgess and Nelson are southpaw swingers but the Pirates manager may want to keep Stuart's big bat in the lineup although Nelson is a better fielder.

Ford pitched two innings as the Yankees closed the season with the second best September stretch

drive in history, the Chicago Cubs won 21 in a row in 1935 — winning their last 15 games.

Sunday, they beat the Red Sox 8-7, with Ford allowing two singles, walking one and striking out two in two innings.

"I liked the way he pitched," said Stengel, shooting for his eighth series title in 10 tries.

Before Ford's Sunday showing Casey had not been too high on him because he was not too sharp against Washington in last outing.

Stengel was leaning toward right handers Art Ditmar and Turley as his starting pitchers the first two games, holding Ford back for the third game in New York.

Bookmakers here were quot-ing the Yankees 6 to 5 favorites to win the Series while other cities reported the American League pennant winners as high as 8 to 5 favorites.

Colts Tame Chicago, 42 To 7

Joe Quits Tigers' Den

DETROIT (UPI)—Joe Gordon resigned today as manager of the Detroit Tigers.

Gordon took over the Tigers toward the end of the season in a "swap" that sent former Detroit Manager Jimmy Dykes to Cleveland and brought Gordon here.

Tiger General Manager Bill Devitt made the announcement that Gordon had asked to be "relieved of his contract for 1961 and his request has been granted."

Devitt said the announcement was being made "now so that Joe and the club can be free to negotiate for 1961."

JOHNNY UNITAS AND COACH WEBB EUBANK... star quarterback throws for four TD's

Texas A&I Draws Eye

By United Press International
When defending champion Texas A&I could only earn a tie with lowly Trinity in the opening game of the season, Lone Star Conference eyebrows shot up and the word was the Javelinas were ripe for plucking.

Now, with a convincing 26-6 trouncing of previously undefeated Howard Payne under their belt, conference coaches are instead casting a wary eye toward Commerce, where the Javs take on East Texas State this week end.

One other loop club, too, has the head men talking. Sul Ross, undefeated and untied and a 20-7 winner every outing so far this year, will try to add a few more words to the buzz when the Lobos entertain Texas Lutheran at Alpine.

In other games, Sam Houston opens its loop season in Brownwood against Howard Payne, Lamar Tech and S. F. Austin get together at Nacogdoches in a title contest.

Last weekend East Texas finally broke into the win column with a 13-6 decision over Northeast Louisiana in addition to the victories by A&I and Sul Ross, but S.F. Austin lost to Southwest Louisiana and Lamar Tech was whipped 20-7 by Abilene Christian.

Art's Gallery

By Art Mayhew
National Football League foes may have been a bit surprised yesterday to see the world champion Baltimore Colts in mid-season form in swamping Chicago's Bears, 42-7.

After a lack-luster exhibition series, readers of tea leaves predicted that the Colts were too old, overconfident and riddled with strife between Quarterback Johnny Unitas and other teammates. And, in their 20-0 opening win over the Washington Redskins last week, the Colts did look rusty.

Not so yesterday. In the first play from scrimmage, Unitas uncorked his bazooka arm for a 66-yard touchdown pass to Halfback Lenny Moore and the game was over before it was a minute old. The pass gave the Colts quarterback a touchdown pass in the last 39 consecutive games, a NFL record.

Rich Race Draws Top Winners

By United Press International
The \$50,000 added Cowdin Stakes — a seven furlong test for 2-year-olds — top today's thoroughbred racing action at Belmont Park.

With top juvenile Hail to Reason retired because of an injury, a bulky field of 19 have been entered for the 38th running of the event.

Highly-rated in the wide open race are Globemaster, Roving Min-Minstral and Intensive. All carry 117 pounds.

Handling Globemaster will be Manny Yeazra, with Willie Shoemaker aboard Roving Minstral and Eddie Arcaro up on Intensive. Other expected starters include Really Sumthin, Bronzerullo, Garwol, Rose Sea, Amphipolis, and Interlocutor.

Foxcatcher Farm's Berlo virtually sewed up the 3-year-old filly crown Saturday by scoring a two length victory in defeating nine of the country's top fillies and mares in the \$81,100 Beldame stakes at Belmont Park.

Ridden by Jockey Eric Guerin, Berlo came from last place to circle the field and equal the stakes record for a mile and one-eighth in the 22nd running of the event before a crowd of 40,101.

Berlo was clocked in 1:49-2/5 and paid \$10.10 for \$2.

Royal Native finished second and Make Sail was third, trailing the second horse by more than a length. Tempted, the favorite, in her effort for a repeat victory in the Beldame and ran eighth.

At Atlantic City, jockey Howard Grant stole some of the show from Arnold Hanger's Walt, winner of the \$29,800 Boardwalk handicap.

Grant was aboard five winners for the day — including three straight. He won with Inablaze (\$85.00) in the second, Old Timer (\$16.00) in the fourth, Knotty Problem (\$10.80) in the fifth, Tapis (\$6.80) in the sixth and Seventy-Six (\$12.20) in the finale.

At Lincoln Downs, Signal Honor stunned the fans by scoring in the second race, paying \$210 and completing a whopping \$1,119 daily double.

spectacular with his pass-catching and kick runbacks in a losing cause. A crowd of 37,500 watched the game in the Cotton Bowl.

At Denver, the Broncos converted two Oakland fumbles and a pair of intercepted passes into four touchdowns to win their home opener before a crowd of 15,373.

Frank Tripucka threw two touchdowns passes to end Lionel Taylor.

Los Angeles also was alert on defense, using four pass interceptions to set up three TDs and a field goal in beating the Bills before 15,821 at Buffalo. Paul McGuire picked off two of the passes. The Bills-out-gained Los Angeles, 238 yards to 159.

PETE RUNNELS... takes AL crown

Groat, Runnels Nab League Batting Titles

By JOE SARGIS
United Press International
Don't try to tell Dick Groat of the Pirates and Pete Runnels of the Red Sox that "singles hitters" don't eat steak.

They chewed that theory right down to the bone today by wrapping up the batting titles in their respective leagues.

Groat, the gritty Pittsburgh shortstop, won the National League title with a .323 mark, while Runnels, the Boston handy-man who plays almost any position, won the American League title with a .320 average.

Both marks were the third lowest ever in the majors. Only Ed Roush of the Reds with a .321 average in 1919 and Larry Doyle of the Giants with a .320 average in 1915 hit lower than Groat in the NL, while Snuffy Stirrweiss of the Yankees took the AL title in 1945 with a .309 average and Elmer Flick of the Indians won in 1905 with a .306 mark.

Groat, who called winning the title a "dream come true," got a single in four trips to the plate Sunday as the Pirates beat the second-place Milwaukee Braves, 9-5, to complete their first championship season in 33 years.

Norm Larker of the Los Angeles Dodgers, the only player with a chance to catch Groat, got one hit in three at bats to finish up with a .323 average.

Runnels, who revealed on Sept. 17 that he had been suffering from stomach ulcers for more than two months, sat out the final game of the AL season, but even so, he won by five points.

Al Smith of the White Sox, Runnels' nearest rival, also sat out the final game as the White Sox dropped a 4-0 decision to the Indians to wind up in third place. The Yankees defeated the Red Sox, 8-7, to complete Casey Stengel's 10th championship, in 12 sea-

Ford To Start On The Mound

By FRED DOWN
United Press International
NEW YORK (UPI)—Manager Casey Stengel is expected today to name veteran left-hander Whitey Ford to start the first game of the World Series for the New York Yankees against the Pittsburgh Pirates.

Stengel, who made Ford's choice all but definite following the Yankees' 8-7 Sunday victory that closed out the season with a streak of 15 consecutive victories intact, said he will make the official announcement at noon EDT, following an hour-and-a-half workout at Yankee Stadium. The Yankees are scheduled to fly to Pittsburgh on a 3 p.m. plane.

It took Ford only two innings Sunday to convince Stengel, who had been wrestling with the question of a first-game starter for the last week.

"Right now, I've got to say Ford is my best pitcher and likely starter on Wednesday," said Casey. "I thought Ralph Terry was my best pitcher for the last three weeks of the season. But I was more than enthusiastic about Ford Sunday and the cat (Johnny Blanchard) said Whitey had so much stuff he could hold it."

Ford pitched the fifth and six innings against the Red Sox, yielding two hits, walking one bat and striking out one.

He has started a record World Series game and has 5-4 mark in series competition. Oddly it is that he never has won series game away from Yankee Stadium.

Colonels Take One Tilt Lead

LOUISVILLE, Ky. (UPI)—The underdog Louisville Colonels had Toronto's Maple Leafs backed against the wall in the Junior World Series Sunday thanks mostly to Canadian Ken MacKenzie.

MacKenzie, a 26-year-old left-handed relief artist, made his fourth appearance of the series Sunday to save a 4-0 shutout for starter Don Nottbart and give Louisville a strong 3-2 edge in the best-of-seven struggle for minor league supremacy.

The Maple Leafs who won the International League pennant by 17 games and lost only one start in that loop's playoff, will call on Steve Ridzik, who has a 15-1 record and a previous victory over the Colonels, to save the situation in tonight's sixth game. Lefty Bob Hendley will go for Louisville.

'Garbage Play' Scores TD

Unerring Unitas connected for another TD toss on the first play of the second quarter on what the commentator called a "garbage play." Unitas handed off to Fullback Allen Ameche who started into the line but turned and pitched back to Unitas who fired the ball in Ray Berry's arms in the end zone 27 yards away.

The play reminded us of some of "plays" we used to cook up on the sandlot, the best of which was when the center snapped the ball to the quarterback, but as the back touched the ball, the center would grab it back and run for a good gain. The play was illegal by NCAA standards — but who plays by the rules in sandlot.

Bob Boyd, the defensive back

Lester Paces Buck Victory

White Deer's ease of handling surprised Buck Coach Collie Huffman as much as anyone else.

Huffman drilled his charges all last week on defenses to stop Shamrock's Fullback Bill McBryde and Halfback Jerry (The Jet) Jernigan.

Although McBryde ripped off 92 yards on 22 carries, he never could break clear, thanks to the fine defensive work of John Kotara, who gobbled up a Shamrock fumble to kill on Irish drive; Phillip Dittberner and Wayne Hughes.

In the Buck secondary, Dickie Hanna and Johnny Spence came to the fore by keeping the Irish ends and backs bottled up against long-gaining passes.

Shamrock once closed the score to 8-6 late in the second quarter, but hatchermen Hanna and Joe Grange teamed for a beautiful 52-yard touchdown pass just as the first half ended to open the White Deer flood gates.

SNEAD WINS TOURNEY

HOT SPRINGS, Va. (UPI)—Sammy Snead, from nearby White Sulphur Springs, W. Va., shot a four-under par 67 Sunday to win the eighth annual Homestead pro-am invitational golf tournament and a first prize of \$250.00.

Andrade KO's Surprised Foe

CULIACAF, Mexico (UPI)—Cisco Andrade was looking for a title fight with lightweight champion Joe Brown today after his knockout win over Ramon Castellum.

Andrade had the home town Mexican down four times before putting him away in the ninth rounds of their fight Saturday night. The 138-pound battler from Compton, Calif., was sixth in the lightweight rankings before the fight.

Bear, Hog Clash Tops SWC Play

By DON SMITH

United Press International
Baylor travels to the Arkansas-Hogs hideaway in the Ozarks this week end, but the clash between the only two perfect-record teams in the Southwest Conference will have to share the spotlight with the annual Dallas madness known as the Oklahoma-Texas game.

Arkansas, with the advantage of playing in its shady nook in the northern Arkansas hills, and Texas, with two solid wins after a disappointing opening-day loss, are slight favorites in the two games.

The Razorbacks grabbed an early lead in the race for the conference crown with a second-half 7-0 win over Texas Christian last weekend. Texas, too, won its first conference game with a 17-0 victory over Texas Tech.

The Fayetteville game will be the conference opener for Baylor.

Arkansas, with the advantage of playing in its shady nook in the northern Arkansas hills, and Texas, with two solid wins after a disappointing opening-day loss, are slight favorites in the two games.

The Razorbacks grabbed an early lead in the race for the conference crown with a second-half 7-0 win over Texas Christian last weekend. Texas, too, won its first conference game with a 17-0 victory over Texas Tech.

The Fayetteville game will be the conference opener for Baylor.

Arkansas, with the advantage of playing in its shady nook in the northern Arkansas hills, and Texas, with two solid wins after a disappointing opening-day loss, are slight favorites in the two games.

E. J. Holub and 10 other Red Raiders, let quarterback Mike Cotten unlimber his throwing arm and the junior man - under tossed touchdown passes of 55 and 54 yards to lead the Longhorn win. Reserve Dan Petty added two conversions and a 22-yard field goal in the Longhorn win.

Rice, with soph quarterback Billy Cox throwing and running, brothers Boyd and Rufus King blocking and tackling and fullback Max Webb kicking, handed Tulane's Green Wave its first loss of the season. A surprising Owl defense stopped four Greenie drives inside the Rice 15-yard line.

Baylor, stopped by Louisiana State's defense on the Tiger six-inch line late in the first half, finally came back to score the first touchdown by a Southwest Conference team against the Bengals in five tries to take its win. Junior fullback Robert Starr provided the final push with a one-yard dive through the line.

The Aggies finally generated enough drive from their sputtering offense to punch across two touchdowns to stop Trinity, the same team that lost to New Mexico State 45-0 a week ago.

Texas, stopped on the ground by

E. J. HOLUB
... thorn in 'Horns

Orange Faces Next 'Victim'

By United Press International

Syracuse's top-ranked Orange-men, their unbeaten string extended to 19 games after a come-from-behind victory against up-set-minded Kansas, should find their situation a bit more relaxing this Saturday when they face a weak Holy Cross eleven.

While Syracuse is an overwhelming choice to continue along its rosy path, other major powers who were victimized by upsets Saturday will be seeking to straighten themselves out this week. Included in this revenge-minded group are Washington, Notre Dame, Pittsburgh, Northwestern and Georgia Tech.

Syracuse's defending national champions, rated No. 1 in the first weekly balloting of the United Press International board of coaches, scored a touchdown in the final period to beat fifth-ranked Kansas, 14-7.

Third-ranked Washington, last year's Rose Bowl champion and considered a shoo-in for the Big Five title, was upended by Navy, 15-14, on a 32-yard field goal by Greg Mather with 14 seconds remaining in the game. The Huskies will aim to take revenge on under-par Stanford.

Washington's loss typified a day of frustration for West Coast teams, as Southern California got

slugged by Ohio State, 20-0; the Air Force Academy trounced Stanford, 32-9; Army topped California, 28-10; and Arizona St. U. slipped past Washington St., 24-21.

Notre Dame, pegged as one of the nation's leading independents, fell before a 51-19 onslaught at the hands of Purdue on Saturday. The Irish hope to get back in stride this week against North Carolina.

Pittsburgh was upset by Oklahoma, 15-14, its second one-point loss of the season. The Panthers, who have the material and ability for high stature, try once more against Miami on Saturday. The Florida team is a solid one, having filled its one pre-season weak spot with the showing of sophomore Eddie Johns at quarterback.

Washington's loss typified a day of frustration for West Coast teams, as Southern California got

Baytown, Kilgore Roll On

By United Press International

Baytown and Kilgore, the top-rated class AAAA and AAA schoolboy football powers, take on undefeated-untied district rivals in the feature contests of this week's prep schedule.

Baytown, being pushed by Wichita Falls for the No. 1 spot in AAAA, hits the road to meet a Galveston team that climbed to the No. 10 slot prior to last week end's 26-0 victory over South Houston.

Casper In Hesperia Lead

HESPERIA, Calif (UPI)—Bill Casper Jr., one of pro golf's biggest moneymakers, threatened to run away with first prize money of \$2,000 today in the final round of the 72-hole Hesperia Open.

Casper had an 11 under par 205 after three rounds. The 1959 National Open champion was two strokes ahead of Bob Roeburg former Stanford University golfer.

In third place with 209 was Tom Nieporte, the former intercollegiate

ate champ from Ohio State University.

Tied for fourth with 210 were Eric Monti, Los Angeles, the 1959 Hesperia king; Miller Barber, El Dorado, Ark., and Don January, Dallas, Tex.

Jay Hebert, the current National PGA champion, was along at 211.

Casper won the Portland Open last weekend to run his 1960 winnings to \$30,000.

In third place with 209 was Tom Nieporte, the former intercollegiate

PHILS HIRE LEMON

CONFERENCE

**May Be Born
Of Grid Talks**

SALT LAKE CITY (UPI)—Officials and athletic directors of eight western colleges and universities gathered here today to start two days of talks which could end with the birth of a new athletic conference.

But as the school representatives gathered for their first session, none was willing to say publicly that a new league is in the offing for sure.

Represented are Utah, Brigham Young University and New Mexico of the Skyline Conference; Arizona and Arizona State University from the Border Conference; and Oregon, Washington State and Oregon State of the old Pacific Coast Conference.

Most of the athletic directors look with favor on such a realignment but the attitude of the administrations of the schools involved is less certain.

Here's Why Skelly Can Say...

"You start or we pay..."

under our Bonded Starting Plan."

Remember the promise you made to yourself the last time your car wouldn't start on a cold winter morning... that you'd never let it happen again?

Then now's the time to protect yourself against annoying and embarrassing starting failures. See your Skelly dealer now for full details about Skelly's famous Bonded Starting Plan.

Here's why Skelly can say, "You start or we pay," under the terms of the Skelly Bonded Starting Certificate. The secret is in a combination of advantages of several Skelly products:

- "Hot spark starts" with fast-starting high-octane Skelly Keotane or Skelly Regular Gasoline.
- Anti-Frost at no extra cost—in both Skelly Keotane and Skelly Regular Gasolines. No need to pay extra for special gasoline additives to prevent stalling due to icing in your fuel system.
- Fast, fast flow—even at 40°F below with Skelly Supreme or Skelly Fortified Tagolene HD Motor Oil.
- Add these benefits all together and you get the fastest, surest starting possible—even in coldest winter weather.

Here's What Skelly Does For You:
To get your car ready for Skelly's Bonded

Starting protection, just take it to your Skelly dealer. He will drain your old motor oil and refill with Skelly Supreme or Skelly Tagolene in the correct grade for winter driving in this area.

He will also drain your transmission and differential, if needed, and refill with top-quality Skelly lubricants recommended for winter use.

Then your Skelly dealer will test your battery, check your radiator, hoses and clamps (adding anti-freeze if you need it) and fill your tank with Skelly Keotane or Skelly Regular Gasoline.

Then Away You'll Go...

With your car prepared for winter and your Skelly Bonded Starting Certificate in the glove compartment, you can be confident that your winter starting worries are over. If, however, your car should fail to start during the Bonded Starting period, Skelly will pay for the service call under the terms of your Bonded Starting Certificate.

So why take chances? Why worry about not starting? See your Skelly dealer now for full details of the Skelly Bonded Starting Plan. Let Skelly take the worry out of winter for you.

NEW!

Now Skelly Offers You...

Bonded Radiator Protection, Too!

"We Replace Without Cost Any Anti-Freeze Lost"

Under the terms of our new Bonded Radiator Protection Plan. Ask your Skelly dealer for full details. You'll be buying new anti-freeze this fall anyway, so drive in this week and find out how you can free yourself of radiator freeze-up worries, give your radiator better protection against rust and corrosion—and forget about paying for lost anti-freeze—all at no extra cost under Skelly's plan.

Start... and Stay Started... with

Skelly Keotane or Skelly Regular GASOLINE

Second Finch, Tregoff Trial Nears Jury

LOS ANGELES (UPI) — The second murder trial of Dr. R. Bernard Finch and his paramour Carole Tregoff moved into its 13th week today with the jury expected to get the case Friday or early next week.

Co-prosecutor Joseph Powers said he hoped to conclude his final arguments today to the jury of 11 women and one man.

He will be followed in order by Miss Tregoff's attorney, another prosecutor and Finch's attorney, each attempting to interpret for the jury the testimony of the 98 witnesses in the retrial.

The state claims Finch, 43, and Carole, 23, plotted and carried out the gunshot slaying of the surgeon's socialite wife Barbara, 33, on July 18, 1959.

Their first trial lasted three months and ended March 12 in a hung jury.

Continent Sizes
Washington — North America comprises an area of about 8,300,000 square miles. It is about one-half the area of Asia.

Little Rain, Temperature Change Seen

Indian summer, with above average temperatures and little or no rain, will continue in Texas at least through this week, the U.S. Weather Bureau indicated today.

Temperatures will vary from 3 to 7 degrees above normal, with Northwest Texas in for the hotter weather. Forecasts called for continued partly cloudy skies, but only a slim chance of any rain clouding forming.

September was one of the driest in several years in some parts of Texas, and it appears October may follow suit. The only rainfall reported in the state Sunday was .02 inch at El Paso and .04 inch at Beaumont.

Skies were partly cloudy in most sections of Texas today, and temperature readings in the 80s and low 90s were expected once again. The high in the state Sunday was 92 degrees at Presidio, while the low early today was 45 at Dalhart. Other morning lows ranged as high as 76 degrees.

Agriculture Dept. Information Helps Reporter Produce Columns

By DICK WEST
United Press International

WASHINGTON (UPI)—On the Agriculture Department's informational distribution list, I am "stop 304."

Each morning when I arrive at the office, I find on my desk a large manila envelope crammed with department reports and press releases and the latest sayings of Ezra Benson.

I don't know whether the packets are left there by a brownie, or by a good fairy or by a messenger who gets up with the chickens. Since I have no chickens, I have never gotten up early enough to catch this barnyard Mercury making his appointed rounds.

At any rate, my unknown benefactor enables me to begin my work day by catching up on the agricultural news and I appreciate his services. The infinite variety of his largesse adds zest to the entire day.

One morning the eye-opener may be a proposal to allocate 77 per cent of the filbert crop to in-shell markets. The next morning it may be a discussion of the effects of artificial lighting on young laying hens.

Only by following these matters on a day-by-day basis can one begin to get an inkling of the many problems that beset our farmers and of the vast scope of the Agriculture Department's activities.

Take, for example, the contents of the packet I received last Sept. 13, bearing in mind that this was only a single day's output. On this day, the department: Designated 32 Florida counties as emergency loan areas; announced price supports for tung nuts; explained the advantages of seedings; and summarized feed grain bid acceptances for the previous week.

That isn't all. The department also: Released a report on asparagus packaging tests; announced approval of four electrification credits earned under the cotton loans; listed registrations and credits earned under the cotton export program, and issued a vegetable oil purchase authorization to Poland.

Sept. 13, I might add, was a fairly routine day in the department. There was nothing in the packet, for instance, relating to my favorite project — the epic struggle to sterilize the male screwworm fly.

As all the world must know, the department has been trying to eradicate the screwworm by dosing little boy flies with radiation from cobalt-60, which makes them sterile when they grow up.

After mating with a sterile male, the female lays infertile eggs. In theory, the birth rate keeps dropping until there are no flies left.

At last report, department scientists were trying to produce a strain of screwworms with special markings so that impotent laboratory flies could be easily distinguished from the potent wild type.

I await the next development with bated breath.

Coast to Coast
Buenos Aires — The only coast to coast railway in South America at present is the route from Buenos Aires, Argentina, to Valparaiso in Chile.

Above: the Fleetwood Sixty Special. Below: the Series Sixty-Two Sedan.

A NEW INSPIRATION FOR THE MOTORING WORLD

You are looking at the completely new Cadillac for 1961—a motor car that will inspire the automotive world for years to come.

While unmistakably Cadillac in stature and in majesty, it represents a totally new concept in fine car design and engineering.

Its graceful silhouette reveals less over-all length together with increased head room and entrance room. Its delicately formed roof lines provide an almost uninterrupted panorama of vision—while a crisp, new sculptured design of front, rear and sides confers a degree of distinction that is entirely new to motoring.

Beneath this visual elegance resides a host of dramatic engineering advancements—an even finer, quieter and smoother-performing engine... an entirely new front suspension system... a lubrication-free chassis... wonderfully improved steering and braking... and greatly increased maneuverability and handling ease.

This new world of motoring pleasure has been interpreted in eleven individual body styles—each with an exceptionally wide selection of beautifully crafted and luxuriously appointed interiors... and an unusually generous choice of accessories, fabrics and colors.

Your dealer will be proud and privileged to introduce you to the entirely new 1961 Cadillac at any time. We sincerely believe that you will find it an inspiration in motor car quality and goodness.
