Head and neck exercises are relaxing, but they also ward off early signs of crepey skin. One simple one is to bend your head back as far as it will go. Then return to normal position. Do this 30 times at least three times a week if you can't do it every night.

**Dear Abby...
Farewell To Arms!
The Ball's Over!**

ABIGAIL VAN BUREN

DEAR ABBY: What do you think of a man who is slowly trying to give me the brush-off after I've been true to him for 18 years? We couldn't get married on account of family obligations on both sides. He took me out last Thursday and rushed me home for no good reason. Then he said he wasn't going to do much on the week-end but his car was gone and I didn't mention it. I've cried my eyes out and lost ten pounds in two weeks. Food sticks in my throat. He knows I'm lost without him. What do I do now?

DEAR BRUSHED OFF: Collar the gentleman and calmly ask him what (and who) is new. Don't on the water works or go into hysterics if you want the truth. If it's the end of the line for you, it's better to know now than to throw more good years after bad. Brace yourself for a farewell to arms. His.

DEAR ABBY: I'm surprised nobody has formed a "sitters' union." I think it's terrible the way some sitters are taken advantage of, especially teen-age sitters. They should charge like this:
Group One: Well-behaved child, A dollar an hour.
Group Two: Problem child, Two dollars an hour.
Group Three: Impossible child, Three dollars an hour.

And sitters should charge by the child as well as the hour. Why should we take care of three wild children for the price of one?

WANTS TO ORGANIZE
DEAR ABBY: I am a boy who is 14. I have a brother who is 16. Ever since we were able to talk we have had to answer "Sir" to our dad. He thinks it is the polite way to talk but we feel like we are in the army. Do you think we ought to keep it up or not?
"IN THE ARMY"
DEAR IN: Yes, Sir!

DEAR ABBY: I have given my fraternity pin to my girl friend with plans for becoming engaged within the coming year. We have been dating for the past two years. We have now reached the stage where we are close to each other's parents. My question is whether it is proper to address each other's parents as "Mom" and "Dad" or should we continue to call them "Mr." and "Mrs.?"
CONFUSED
DEAR CONFUSED: Play it safe and call them "Mr." and "Mrs." until they ARE indeed "Mom" and "Dad."

For Abby's pamphlet, "What Teen-agers Want To Know," send 25 cents and a large, self-addressed, stamped envelope in care of this paper.

If you develop the habit of wearing and washing, you never have to scramble for fresh gloves, scarves, stockings and other accessories.

St. Paul's Society Discusses Missions

St. Paul Methodist Women's society of Christian Service held its second session of the study "Into All The World Together" with Mrs. L. M. Davis as study leader.

Mrs. Jack Riley was in charge of the worship period during which she discussed "Conference Daughters", who are missionaries supported by the Northwest Texas Conference of Methodist Churches.

Mrs. W. F. Gaines gave a talk on the Far East and the work of the church in the Far East. The film strip "Assignment in Unity" concerning agencies working together in Christian missions was shown. Mrs. Don Stephens spoke on the International Missionary Council.

Coffee was served by Mrs. Dan Cotten and Mrs. Kit Autry.

Members attending in addition to those previously mentioned were Mmes. Bill Taylor, Charles Norton, Sam Steadman, Joe Autry; and Miss Frances Lenning.

A quick pick-up after a busy day at home or in the office can be achieved in ten or 15 minutes. Thoroughly cleanse your face, give yourself a facial massage for five minutes. Then place cotton-pads soaked in witch-hazel or cold water over your eyes and lie down for another 10 minutes.

Castro Whips Up Fear Over 'Yankee Invasion'

By MATTHEW T. KENNY
United Press International

HAVANA — (UPI) — Cuban officials, press and radio whipped up fears today of a United States-supported invasion from the north.

Observers said indications were Premier Fidel Castro's real move was to rally public support for a major move against the United States, possibly a demand for the withdrawal from the Guantanamo naval base.

Invasion rumors have been spreading in Havana even though there was no evidence to back them up. The Communist newspaper Hoy and the pro-government publication El Mundo featured interviews with the minister of the interior Sunday asking what he would do in case of an attack on Cuba.

All responded in the same vein saying they would fight the invaders to the bitter end.

During the weekend, top government officials cited speeches by Sen. John F. Kennedy, the Democratic presidential candidate, as proof of Cuba's charges that the United States was preparing to invade the island.

Castro has filed formal charges with the United Nations, accusing the United States of conniving with Guatemala to overthrow the Castro regime.

Cuban military prosecutors were reported preparing the case against Maj. William Morgan, arrested on charges of plotting to overthrow the Castro regime.

failed to pay poll taxes or been disqualified otherwise.

In three of the four states in which comparative party breakdowns are available, Democrats have shown a larger registration increase than Republicans. These states are:

Pennsylvania — Democrats 2,889,586, up 335,890 over 1958; Republicans 2,868,456, up 96,843.

California — Democrats 4,295,330, up 419,700 since 1958; Republicans 2,926,408, up 249,843.

Maryland — Democrats, 926,877, up 76,512 from 1958; Republicans, 373,383 up 27,137.

In Arizona, GOP registrations are up 11,138 over 1958 while the Democratic gain is only 7,205. However, Arizona Democrats lead Republicans in overall registration figures this year by 275,065 to 124,185.

Finch-Tregoff Murder Trial Jury Deliberates

By ROBERT W. FLICK
United Press International

LOS ANGELES (UPI)—Sixteen months ago attractive socialite Barbara Jean Finch was slain outside her home.

Sometime this week a jury of 11 women and 1 man is expected to deliver the formal answer persons across the nation have asked themselves:

Are Mrs. Finch's wealthy husband and his mistress guilty or innocent of murder?

The retrial of greying Dr. R. Bernard Finch, 43, and his one-time receptionist, Carole Tregoff, 23, went into its 18th week today with the jury deliberating on their fate.

It was the fifth day of deliberations for the jurors, and if the timetable of the first trial is any basis they should reach a verdict—or a deadlock—this week.

The original trial lasted 18 weeks with the jurors deliberating eight days before becoming hopelessly deadlocked March 12.

However, an informal poll later showed the majority favored convicting Finch and freeing Carole.

As in the first trial, the state has asked for conviction of murder in the first degree, a charge which carries a mandatory sentence of life imprisonment or death in the gas chamber.

The state claims the couple plotted the July 18, 1959, gunshot killing for greed, revenge and lust—all centering around their desire to be married and Mrs. Finch's divorce suit which asked for all of the surgeon's \$750,000 fortune and named Carole co-respondent.

Finch admits holding the revolver which fired the fatal shot, but he claims it discharged accidentally. Both Finch and Carole denied they waited outside the Finch home for Mrs. Finch with any other purpose than to talk to her about her pending divorce.

Cuba And Religion Top Issues

By United Press International

Cuba and Catholicism loomed today above the other issues of the presidential campaign, in spite of the dangers of hammering at a touchy foreign policy matter on one hand and agreement by both major candidates that religion should not count.

Vice President Richard M. Nixon was certain he had a hot topic in Cuba and planned to press home his charge that Sen. John F. Kennedy's proposals to check the spread of Communism there were "recklessly dangerous."

And Kennedy, although concentrating now on the twin pocket-book issues of full employment and economic growth, was convinced that the religious issue still was his biggest problem.

Nixon set the tone of the crucial final two weeks before election day, Nov. 8, when he declared Sunday night that "whatever you have heard up to this point, you haven't seen anything yet."

The vice president embarked early today on a train-board tour of Pennsylvania, on the first leg of a five-day whistlestop swing that will carry him to Pennsylvania, Ohio, Michigan and Illinois, all loaded with important electoral votes.

Nixon was scheduled to touch at York, Harrisburg, Lewistown, Huntingdon, Altoona, Johnstown and Greensburg, before winding up in Pennsylvania with a major address tonight at Pittsburgh. Later in the week he also will make a single stop in West Virginia.

Kennedy opened a siege of oratory in Illinois, with nearly 30 speeches planned today and Tuesday, and then heads to Michigan and New York later in the week. He barnstormed through Wisconsin Sunday, hitting at the Eisenhower administration disarmament and farm policies.

The Democratic nominee was sure that—despite his own frank declarations that his actions as president never would be swayed by the fact he is a Catholic, and despite Nixon's complete disavowal of religion as an appropriate issue—that this question remained his major hurdle in some mid-western, as well as southern states.

Kennedy's Illinois tour today includes Rockford, Champaign-Urbana, Peoria, East Peoria and the Moline - Rock Island - Davenport area.

Col. Joseph Mobutu, the army chief of staff who seized power Sept. 14, was not in the capital when the trouble started. He had flown to Coquilhatville, capital of the Equatorial Province.

Mobutu broke with the United Nations Saturday, charging it was protecting Lumumba. It appeared he had lost what tenuous control he had had.

Houston Bounces New York To Pull Away From AFL Crowd

SAMMY BAUGH
... Houston 'tops'

By JOE SARGIS
United Press International

Sammy Baugh, disconsolate as a coach can be after losing a ball game and two quarterbacks, commented in his best Texas drawl, "I dunno who can beat those Houston Oilers — unless it's Denver."

Baugh had just watched the Oilers bounce his New York Titans, 42-28, in the American Football League's top game Sunday, and his moroseness was tempered by an appreciation of Houston's class.

"The way they're playing, I don't know who can beat 'em, unless it's Denver," he repeated. "The Broncos have a real good running game and just about as

good passing as Houston."

Sunday's victory was the Oilers' fifth in six games and widened their lead in the Eastern Division of the AFL. The runner-up Titans now are 4-3, which appears to leave Houston with easy sailing to the division championship.

Denver also gained ground atop the Western Division standings by coming from behind in the last half to beat the Boston Patriots, 31-24. In the other league game, the Buffalo Bills scored their second win of the season, beating the Oakland Raiders, 38-9.

In the National Football League, the Philadelphia Eagles handed the Cleveland Browns their first setback, 31-29; the Detroit Lions upset the Baltimore Colts, 30-17,

for their first triumph; the Green Bay Packers whipped the San Francisco Forty-Niners, 41-14; the St. Louis Cardinals rallied to nip the winless Dallas Cowboys, 12-10; the Los Angeles Rams and Chicago Bears battled to a 24-24 tie, and the Washington Redskins and Pittsburgh Steelers played to a 27-27 standoff.

Touchdown passes came in furs for the three winning quarters. Houston's explosive offense was

launched early in the game when Ken Hall caught a New York kickoff and raced 104 yards for a touchdown before a crowd of about 20,000 in the Polo Grounds at New York.

Blanda then threw three touchdown passes to Bill Groman, fired another to Charlie Hennigan and bucked over for a fifth after he had brought the ball into scoring position with his aerials.

Al Dorow, the Titans' first-string quarterback, was carried from the field on a stretcher with five minutes left to play. Earlier in the game, his understudy, Dick Jamieson, was lost for the rest of the season because of a severe shoulder separation.

Dorow, who sustained badly

bruised ribs and an injured knee, will be replaced by rookie Bob Scrabis, now on the reserve list, second string to All-American Richie Lucas at Penn State last year.

In the Denver-Boston game, the Patriots grabbed a 24-0 lead in the third period on Ed Songin's three touchdown passes before the Broncos staged their winning rally. Tripucca completed TD tosses of 21 yards to Al Carmichael, 19 to Bill Jessup, a 55-yard combined forward pass and lateral play involving Lionel Taylor and Carmichael, and finally the winner to Taylor from eight yards out. A crowd of 12,682 watched the game at Denver.

Iowa, Rebs Face More Tough Foes

By GARY KALE
United Press International

Top-ranked Iowa and runner-up Mississippi, extended to the last whistle in weekend games, face renewed resistance this Saturday while the remainder of the nation's leading college football powers hope to draw a collective breath against weaker opponents.

Iowa, which had to put down a last half uprising by Purdue to win, 21-14, reaches for its sixth straight victory, against a Kansas team that lost its only game to Syracuse this season.

Mississippi overcame Arkansas, 10-7, on a 39-yard field goal by Allen Gien in the final three seconds and now meets Louisiana State, the team that handed the Rebels their only loss last year. LSU is minus All-American Billy Cannon this time, but the Tigers are keyed up for the contest and also are hoping to revenge a Sugar Bowl setback by Mississippi on New Year's Day.

Third-ranked Syracuse, ready to reclaim its old No. 1 ranking, should the top two falter, showed signs of old power by defeating West Virginia, 45-0, and now turns toward Pittsburgh. The Orange-ens are riding on a streak of 16 consecutive victories. Pitt has a 2-2-2 mark this season.

Joe Bellino, who set a Navy season scoring record in the Mid-dies' 27-0 rout of Pennsylvania, looks forward to increasing the fourth-ranked Midshipmen's chances of a national championship against one of the weakest Notre Dame teams in years. The Irish have lost four straight since winning their opener, including a tough 7-6 loss to Northwestern last Saturday in the national TV game.

Minnesota, the fifth-ranked team in the nation, preps for its battle against Iowa for the Big Ten Conference lead on Nov. 5 by taking on a Kansas State squad that has lost five of six games. The Gophers beat Michigan, 10-0, to extend their streak to five victories.

Missouri, one of the highest scoring teams in major football circles this season, faces "weak sister" Nebraska in a Big Eight conference tilt. The sixth-ranked Missourians mauled Iowa State, 34-8, to cement their hold on the league lead.

In a Southwestern Conference clash, Baylor pits its perfect record of five wins against Texas Christian, which has won two, lost two, and tied two others.

Baylor, No. 7, kept its record intact by beating Texas A&M, 14-0.

Purdue, ranked eighth, gets a chance to recover from the Iowa loss in a game against Illinois.

Washington's No. 9 Huskies had to go all out to nip Oregon State, 30-28; but do not anticipate the same trouble against Oregon, despite the 4-1 record the Ducks have this season.

Ohio State, last of the top 10 ranking teams, whipped Wisconsin, 34-7, and now meets a Michigan State squad that has lost to Iowa and was tied by Pittsburgh.

Texas Almost Out Of SWC Picture

Baylor Tests Inconsistent TCU

By ED FITE
United Press International

Bravely, brawny Baylor, boasting five straight victories for the first time in seven years, carries its hopes for a drought-breaking Southwest Conference football title to the TCU testing ground this week in the area's feature Saturday grid extravaganza.

It will be a week of trepidation for Baylor backers, who numerous times in recent years have seen their buoyant Bear hopes blown sky high after the mid-season turning point.

It could be that every foe has been geared to a high pitch for the brawling Bruins, but Coach John Bridgers' boys have had their work cut out for them in fashioning the victory string that may lead to the first conference crown in 36 dreary years for wistful Wacoans.

There'll be a full slate of conference competition this Saturday, but the Fort Worth fracas clearly outshines such other offerings as Texas Tech at Rice, SMU at Texas and Arkansas at Texas A&M, the latter the lonesome night game on the program.

The odds-makers have established Baylor as a 6½-point favorite over TCU, while Arkansas is favored by 7½ over the Aggies, Rice by 13 over Tech and Texas by 20 over SMU.

Scouting reports from last Saturday's TCU-Pittsburgh 7-7 tie brought both good and questionable news to the Baylor coaching staff.

Baylor ran its conference record to 3-0 last Saturday with a hard-earned 14-0 victory, while Rice kept pace a half step behind with a 7-0 triumph over Texas that built the surprising Owls' record to 2-0, answered all too well for their rivals the question of "how good are the Owls?" and put Rice squarely in the thick of the scrap.

Texas Tech, the team confronting the Houston huskies this week, hasn't been a pushover for anybody and only last Saturday threw off the winless mantle by strapping a 28-7 loss on SMU for the Raiders' first conference victory in history. Appropriately, it was before the home folks at Lubbock — and at homecoming.

Texas now is virtually out of title contention after successive losses to Arkansas and Rice, but the Longhorns would like to keep alive what fair hopes still exist when they meet the poorly Ponies.

SMU showed brief signs of life against Texas Tech, but not near enough.

Arkansas, still a factor to be considered with only the Baylor blot against its league record, still will be smarting over its controversial 10-7 loss to Mississippi when it invades College Station. The Razorbacks, who had beaten Texas with a field goal with 18 seconds to go a week earlier, lost to Ole Miss by the same route with just three seconds on the clock.

Johnny Ruane rode the winner to a two-length decision over the 1½ mile turf distance, timed in 2:33 1-5. Harmonizing returned \$77.20 for 2.

Belmont Park closed Saturday with Harmonizing scoring one of the major upsets of the season by beating Bald Eagle and Sword Dancer in the \$110,200 Man O' War stakes.

BC Title Fight Looms

By United Press International

The Border Conference is bracing itself for a big explosion this coming Saturday.

That's the date when Coach Warren Woodson's nimble New Mexico Aggies clash with Arizona State's Sun Devils with the conference championship hanging in the balance for all intents and purposes.

The Aggies haven't played a league game among their first six victories, but if they can tack up No. 7 Saturday night at Tempe, the rest of the road may be devoid of any detours.

The game lost a mite of its luster last week end when Arizona State suffered its first defeat after winning five straight, but the 12-setback at the hands of the San Jose State Spartans had no effect on the Sun Devils' 2-0 loop record or hopes for a repeat championship.

The Devils and the Aggies, who mauled Wichita 40-8 last Saturday, are clearly the class of the circuit.

Texas Western, which owns a 1-0 league record among its three victories, a loss and a tie, is expected to stretch it to 2-0 this week at the expense of winless Hardin-Simmons.

West Texas, which beat H-SU, 21-0 last week for the Buffs' first loop triumph against a pair of losses, floy trumpet ward to Tucson to engage Arizona, which isn't eligible for title contention because it only plays three league rivals.

Arizona beat New Mexico 28-14.

Browns, Colts Tumble In Wild NFL Weekend

By NORMAN MILLER
United Press International

Those National Football League standings have been knocked all askew because of Bobby Walston's unerring foot, the bull shoulders of Paul Hornung and the luck of an Irishman named Jim Martin.

The New York Giants, who sat back and watched Sunday's fun on television, now lead the Eastern Division; the Green Bay Packers and Chicago Bears are tied in the Western Division; the Cleveland Browns' defeat ruined the last perfect record in the league, and the champion Baltimore Colts now have been beaten twice.

Three of Sunday's games were decided by field goals in the final minute. Two ended in ties. The NFL's total of three tie games is exactly three times as many as were played last season, and these deadlocks eventually could play an important role in deciding the division championships.

Walston's 38-yard field goal with only 10 seconds left to play gave the Philadelphia Eagles a 31-29 upset victory over the Browns; Hornung scored 23 points in the Packers' 41-14 triumph over the San Francisco Forty-Niners; and Martin kicked a pair of freeshik last-period field goals that boosted the Detroit Lions to a 30-17 win over the Colts.

Zeke Bratkowski's two last-period touchdown passes enabled the Bears to tie the Los Angeles Rams, 24-24; a 43-yard field goal by rookie Bob Khyat in the last 44 seconds of play gave the Washington Redskins a 27-27 standoff with the Pittsburgh Steelers, and Gerry Perry's 18-yard field goal with 43 seconds remaining earned the St. Louis Cardinals a 12-10 victory over the winless Dallas Cowboys.

Walston's winning field goal for the Eagles was set up by a pass interference penalty. Bobby Franklin of the Browns intercepted a pass by Norm Van Brocklin but interference with a pass receiver was called against Cleveland and the Eagles were given the ball on the Browns' 30-yard line.

Walston, who earlier had caught a touchdown pass and kicked three conversions, stepped back to the 38 and kicked the winning goal before a crowd of 64,850 at Cleveland.

Undefeated 3A Titans To Meet In Top Game

By United Press International

Jacksonville's clash with Carthage, both undefeated and tied, headlines this week's Class AAAA-AAA schoolboy football schedule, although several other important district battles are dotted throughout the program.

The Indians, who were tied with Bay City for AAA's No. 2 rating behind Carrollton last week, will be out to clear what looms as their last major rival en route to a state playoff berth when they tangle with Carthage at Jacksonville.

Carthage, overlooked by the rating board, turned in its most impressive victory of the season last week when the Bulldogs trounced Nacogdoches 16-12 while Jacksonville turned in its fifth shutout among seven victories — a 19-0 defeat of Palestine.

Another game in which the winner is expected to be projected toward the playoffs comes in AAAA where undefeated-untied Bryan, conquerors of eighth-ranked Waco last week, hits the road to play Austin's Maroons, who knocked Temple out of the perfect record ranks.

Also in AAAA, El Paso High and Ysleta Bel Air collide in a game that will decide which is to contest Ysleta High for the district title.

Another critical AAAA game finds perfect record Highland Park, ranked No. 3 statewide, at Sherman against the once-beaten Wildcats.

In AAA, the Cleburn-Killeen scrap also could go a long way toward settling a playoff berth. The list of undefeated-untied teams has dwindled to nine in each division with Berger keeping its skirts clean with a 14-0 victory over Lubbock High in a Saturday night game.

Temple in AAAA and Richard-Silsbee, and Kingsville in AAA were ushered out last week, while AAA's top-rated Carrollton was tied.

COMPARE PRICE AND PROTECTION AND YOU'LL BUY NEW DU PONT Telar NEVER DRAIN ANTI-FREEZE

Complete protection costs less than 2 tanks of gas

To protect most cars requires only \$7 to \$9 worth of "Telar" and as little as \$3 to \$5 for compact cars. Because it goes in for keeps, not just for one year, it costs less in the long run.

Du Pont "Telar" never needs draining as long as your car's cooling system is okay. Since "Telar" is added in the usual manner to regular water, you buy only the amount of protection needed. Any make-up occasionally required to replace normal loss is slight. Once "Telar" is installed, you save the bother and expense of draining old anti-freeze and buying a complete refill each year.

"Telar" Never Drain Anti-Freeze and Summer Coolant has exclusive Color Check to let you safely leave it in year after year—in old cars as well as new. See your servicing dealer now.

Why was this? The answer would be a complex of things, but the largest single factor is probably that people were not where census takers confidently thought they would be.

It seems that between 1950 and 1960 the face of America changed. The 1960 census was taken on the basis of facts as they had appeared to be ten years earlier.

Urban centers where much of the counting of persons must necessarily be accomplished, had changed greatly. In 1960 they seemed to be filled with persons who were hard to enumerate.

First of all, there had been a shift of population out of congested areas. Shrieks of pain from mayors, chambers of commerce and other interested parties punctuated the fact that tightly packed areas were not nearly as tightly packed as heretofore.

But facts are facts. In some places, so upset did the local officials become that police and firemen were sent out at additional local expense to prove the census takers wrong.

At the root of some of this change stands the enormous rate

ROBERT S. ALLEN PAUL SCOTT

CASTRO DEAL WITH KHURSCHEV TRADES SUGAR FOR SEVERAL THOUSAND RED MILITARY 'VOLUNTEERS'

Washington — Premier Castro is going to receive several thousand military "volunteers" from Communist bloc nations to bolster the sagging morale of his defection-ridden armed forces.

The report reveals that the real purpose behind Ernesto (Che) Guevara's forthcoming visit to Moscow is to arrange for the payment and transportation of the "volunteers" from Czechoslovakia to Cuba.

The FBI report says, however, that Guevara is using the observance as a cover for his real mission. Instead, he plans to seek an agreement under which the Kremlin would accept payment for the "volunteers" as part of a gigantic barter deal involving all sugar Cuba produces.

Such a deal would bind Cuba to dependence on Soviet economy even closer than the previous sugar and petroleum agreements negotiated by Soviet First Deputy Mikoyan.

THE "VOLUNTEERS" — Castro's urgent need for foreign troops is due to (1) the growing number of defections of army personnel, and (2) his own purges of Air Force and Navy personnel.

Having dismissed his top air force officers on two recent occasions — because he suspected disloyalty in that service — Castro now has few capable Cuban pilots and practically no competent personnel in the ground maintenance organization.

Fair Enough

Solar Plexus Punches Lacking In TV Debates

The third debate between Nixon and Kennedy on TV was a ten-round, no-decision barney between a counter-puncher and a bum who was afraid to lead.

In the time that we came from, Leo Brady and I, a barney was a Barney O'Leary, but we searched way back in memory and we could not remember who Barney O'Leary was or why those things were called barneys.

Whether the "volunteers" are being brought to Cuba to build up a reliable force for an attack on the U.S. Navy base at Guantanamo Bay in conjecture.

Admiral Arleigh Burke, chief of Naval operations, believes that such an attack will eventually come but not until after Castro attempts every diplomatic move in the book to force the U.S. from the base.

On the whole, though, I blame Nixon more than Kennedy. After all, Kennedy has no philosophy or program in his heart.

Kennedy's theme-song is scored for gas-pipe, wash-board, bongo and Dakota whistle. It doesn't mean anything so it means everything.

The Last Word

When savants have exhausted a subject and written the last word on its intricacies, it's amazing how one unfettered or even untutored mind can explore the same field and there discover a whole new list of unimagined possibilities.

Rich Beyond Measure

We're going to doff our editorial hat to a man in Wichita, Kansas, named Bill Graham.

Beginning his career as a farm lad and as poor as the proverbial Job's turkey, after twenty years, Bill Graham is a millionaire, has a fine wife and family of six healthy children.

But while the story thus far isn't really commonplace, it isn't quite as unusual as the reasons behind Bill's success and the true nature of that success and what it means.

For Bill has apparently been a whirlwind from earliest youth. He started out to be a millionaire and made the grade. And having done so, he set up something he calls "Private Enterprise, Inc."

The Almanac

By United Press International Today is Monday, Oct. 24, the 298th day of the year with 68 more in 1960.

The morning star is Mars. The evening stars are Venus, Jupiter and Saturn.

In 1861, the first telegrams were sent across the United States from California — Chief Justice Stephen Field to President Abraham Lincoln in Washington, D. C.

In 1931, the George Washington Bridge, spanning the Hudson River between New York City and New Jersey, was opened to traffic.

Earth, Stars and Man (2) Insignificant Earth

by Don Oakley and John Lane

MEDIEVAL MAN'S TINY UNIVERSE --- AND THE INFINITY REVEALED BY MODERN ASTRONOMY

The story of man's search for answers about himself and his planet home could be described as one of a growing sense of vastness.

It was a hard blow to the ego of medieval man when Copernicus taught that the earth was not the center of the universe but that it revolved about the sun. We now know that the earth is but a small planet (Jupiter is over 300 times heavier) and that the mass of all the planets together is only 1/7000 that of the sun. Yet the sun is but a middling-sized star. The planets range in distance from the sun from Mercury, 36 million miles, to distant Pluto, 3,666 million miles. Between are Venus,

Earth, Mars, the asteroid belt, Jupiter, Saturn, Uranus and Neptune. Other members of the solar system are the far-ranging comets. The nearest star, Alpha Centauri, is 4 1/2 light years away, or 26 trillion miles.

But reduce the scale. Let the sun be the size of a grain of sand. Earth is half an inch away from it, and Alpha Centauri... one mile!

More than this, the sun is in one arm of a gigantic, pinwheel-shaped galaxy—one star among billions. And our galaxy, the Milky Way, is but one undistinguished example of countless others, whole clusters of galaxies.

This is the universe as we know it today: spiral and globular galaxies, vast clouds of

interstellar gas, pulsating stars, exploding stars, white and red giant stars and dwarf stars, yellow stars, double and single stars. The greatest distance man has yet peered into space: six billion light years.

What about man then, this upstart arrangement of thinking matter who believes that the universe was made for him—who who plans to visit and conquer the planets and considers even the stars to be a challenge?

Where did we come from? Where are we going? The answers, and the guesses, make up the greatest of all detective stories. It begins with the chapter on geology.

Stop And Go Are Names In S. S. List

Names such as Stop and Go seem strange to most of us, but no name is unusual to the Social Security Administration, according to Hal Geldon, manager of the Amarillo Social Security Office.

"Social Security records show many unusual names that are shared by more than one person," Geldon says. "In addition to names like Stop and Go, there are people named Hide, Seek, and Even-X. No matter how unusual your name may be there is someone else with the same name, but your social security account number is yours alone."

"Since the amount of all social security payments is based on the amount of earnings credited to an account, it is important that each person receive full credit for all wages paid to him. If an employer's report of wages does not show an account number or if the name or number are incorrectly shown,

More Sit-Ins Are Slated For Atlanta

ATLANTA (UPI) — Thurgood Marshall, NAACP lawyer, called Sunday for a Negro boycott of all stores favoring segregation in Atlanta, a city hit by three days of large-scale sit-ins last week.

Meanwhile, all Negro demonstrators jailed in last week's anti-segregation protests, with the exception of the Rev. Martin Luther King Jr., were released under a treaty worked out Saturday by Mayor William Hartsfield and Negro leaders.

King was being held at the request of DeKalb County Judge Oscar Mitchell several weeks ago for a motor vehicle violation.

Mitchell set a hearing for Tuesday for King to show cause why a 12-month suspended sentence should not be revoked. King was accused of breaking the suspen-

Not That Good Even In U. S.

LOS ANGELES (UPI) — Tamas Kallai, a Hungarian immigrant now working at Caltech as a research engineer, said he knew things were good in America — but a \$100,021.20 check payable to him was just too good.

"I dreamed for a few minutes of what this would buy and then I came back to reality."

The check was a refund to him from Pacific Telephone Co. and should have been for \$21.20.

Rhinoceros Born At Pittsburgh

PITTSBURGH (UPI) — Mother and baby are doing well, thank you — all 3,650 pounds of them. A 50-pound male rhinoceros came into the world at the Highland Park Zoo Sunday to become the first rhino born in the United States in 20 years, according to Acting Zoo Superintendent Howard Hays.

The youngster, who still is without a name, has the distinction of being only the third of its kind to be born in this country, Hays said. The other two were born in the Brookfield Zoo in Chicago.

The youngster, who still is without a name, has the distinction of being only the third of its kind to be born in this country, Hays said.

Marshall urged a congregation of 2,000 Sunday at the Wheat Street Baptist Church here to stop "spending your money where you are being insulted."

PERFECT PEARLS

Perfectly round pearls are considered the finest. Drop or pear shapes, oval shapes and button shapes are next in value in the order named. Irregular shaped pearls, called baroque pearls, are the least valuable.
