

Baruch Backs Prompt Enactment of UMT and Draft

Compromise Candidate May Result

WASHINGTON—(AP)—Friends of Gov. Thomas E. Dewey and Senator Robert A. Taft are reported to have agreed today they will try to prevent any long deadlock at the GOP nominating convention.

It is said to be generally understood in both camps that if the two candidates lock horns so tightly that neither can pull away, they will sit down and try for a compromise.

None of the politicians who know both men can see either stepping aside for the other. The effort, then, would be to agree on a third man acceptable to both and do it quickly enough to prevent a rank outsider from walking off with the nomination.

The two possibilities most frequently mentioned in such a compromise are Senator Arthur Vandenberg of Michigan and House Speaker Joseph Martin of Massachusetts.

Indications are that neither Taft nor Dewey would be willing to go for Gen. Douglas MacArthur even if the Far Eastern commander shows wide strength in primaries.

The New Yorker and the Ohioan are essentially party men, and the betting is that their support will go to somebody who will be established within the GOP fold.

In this connection, both have reason to be politically sore at Harold E. Stassen.

The chances of the former Minnesota governor in the April 6 Wisconsin primary seemed to have perked up over the weekend with the Albany announcement that Dewey will make personal appearances in the state Thursday and Friday.

The disorganized Democratic camp faced another possible assault from a new quarter meanwhile.

The Americans for Democratic Action, made up mostly of ex-New Dealers, made motions indicating the group may come out for a candidate.

Lewis Is Subpoenaed By Board

WASHINGTON—(AP)—John L. Lewis today refused to appear voluntarily to explain the soft coal strike and President Truman's board of inquiry promptly issued a subpoena for his appearance at 3 p. m. (CST) today.

Three minutes before a 9 a. m. (CST) deadline set for his reply, the United Mine Workers' leader refused to appear at the board's invitation.

Lewis said he based this on (1) "law" and (2) "prejudice." He explained:

1. Neither he nor the UMW have done anything falling under the Taft-Hartley Law, which President Truman has invoked in the dispute. He called this law an "infamous enactment."

2. Two of the three board members are "biased and prejudiced and in honor should not serve." He named Mark Ehrlich, publisher of the Louisville, Ky., Times and Courier-Journal, and George W. Taylor, who was chairman of the old War Labor Board.

Lewis added that Cyrus W. Ching, the government's top conciliator, "has been the eyes of United States Rubber." Ching formerly was employed by that corporation.

Should Lewis ignore the subpoena, issued under authority of the Taft-Hartley Labor Law, the board may go to court for an order directing Lewis' appearance.

The soft coal operators testified last Friday on their position in the dispute with Lewis over pensions for miners. Lewis was allowed the entire weekend to reply to the board's invitation.

The invitation to testify was issued by Federal Judge Sherman Minton, chairman of the board set up by President Truman to investigate the walkout which is entering its third week.

A United States marshal was dispatched with the subpoena to the United Mine Workers headquarters, a few blocks away.

Much Depends On Election Of April 18

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

History records few, if any, political elections upon which so much has depended as hinges on the Italian national voting of April 18, for the outcome may determine the trend of the "cold war" in Europe between communism and democracy.

This momentous electoral contest is between the powerful Communist Party and the Christian Democrats headed by Premier Alcide De Gasperi who now presides over an unstable coalition of Rightists. If the Reds can elect enough members to control the Assembly they will have gained a priceless Mediterranean base from which to conduct a conquest of Western Europe and the Greek-Turkish-Dardanelles zone.

If De Gasperi can secure a safe majority, democracy's star will be in the ascendancy.

The Italian Communists have announced that they intend to seize government by force if denied "the power the majority will give us." The significance of this alarming notice lies in these facts:

The consensus of observers is that the "popular front" of Communists and their Leftist allies will get 35 to 40 percent of the votes. This may be the largest received by any one party or bloc. Anti-Communist parties have indicated they will combine after the election to claim victory by majority and the right to form new government.

Various factors bid fair to influence the voting. The proposal of the Western Allies to return Trieste to Italy is calculated to win democratic support. So is the knowledge that American material aid depends on loyalty to democracy.

On the other hand the Reds have many converts who follow communism from choice. Then there are others who toe the line because of intimidation.

However, there is another most extraordinary element in this election, and one which may be in the deciding factor. The way things look now it may resolve itself very largely into a battle between religion.

(See ELECTION, Page 8)

Men Picket Exchanges

NEW YORK—(AP)—Union employees began picketing the New York Stock and Curb Exchanges today bearing notices from their union chiefs which said "you are on strike."

The Stock Exchange announced it would open as usual. Both Stock and Curb Exchange officials said they would try to maintain business as usual. "The Cotton Exchange is not affected."

About 200 members of the AFL United Financial Employees Local 205 began picketing the Stock Exchange shortly after 7 a. m. (CST). Picketing of the Curb Exchange began soon afterwards.

The move followed several fruitless weeks of contract negotiating between the union and the two exchanges and several member firms.

A spokesman said last week the union had scaled down its original demands for a union shop and wage increases of \$9 weekly for employees earning less than \$40 and \$15 for those earning \$40 or more. He did not elaborate.

Reds, North Koreans Get Set for War

(EDITOR'S NOTE: Roy Roberts, Associated Press correspondent in Seoul, Korea, who on Friday was the first to report Soviet-sponsored North Koreans repeatedly broadcast invitations to South Koreans to take part in setting up a Russian-controlled Korean government, today visited the boundary between the U. S. and Soviet occupation zones. This is what he found.)

By ROY ROBERTS
OUTPOST 18 ON 38TH PARALLEL, Korea, —(AP)—Soviet soldiers and North Korean villagers are digging trenches, foxholes and gun emplacements along the 38th parallel dividing the Soviet and American occupation zones of Korea.

Americans don't know why. They assume the Soviets ordered the World War I type of defensive line to justify Russian statements to North Koreans—reported by travelers from the north—that Americans and South Koreans plan to attack North Korea.

The digging was first observed by American patrols early this month. They presumed the first few undertakings were irrigation ditches. The activity stepped up sharply about March 9; the nature of the work became clear.

One- and two-man foxholes appeared. The ditches became trenches six feet deep. Sometimes they were connected by communication trenches 2 1/2 feet deep. Holes 10 feet in diameter were dug and given turret tops with openings for guns pointed south.

No weapons were observed but at least one emplacement contains a bipod mount as large as that for an American 81 millimeter mortar.

U. S. Intelligence reports indicate the work is concentrated in five valleys containing the main travel routes between North and South Korea.

The trenches command a road in each valley and railroad lines in three. More than 22 miles of 10 to 15 foot long were counted along the invisible geographical line Saturday. Three or four new ones were noted.

(See REDS, Page 8)

Rooms Needed for Student Delegates

Local officers of the N-Y and T-H-Y of Pampa High School this morning issued an appeal to residents of Pampa for aid in housing delegates to the forthcoming district convention of the two groups here.

About 250 boys and girls will arrive here sometime Friday for the district meeting being held Friday and Sunday. Any one having available rooms is asked to call Mrs. C. Sidwell or Mrs. Earle Scheel at 1198 or 2304-J.

25 Texans Meet Violent Deaths in Easter Weekend

By the Associated Press
At least 25 persons died of violence in Texas over the Easter weekend.

Traffic accidents claimed 15 lives. Another five died in a single fire, and various accidents accounted for five other deaths.

Hugh Morris, 50, was found dead Sunday in his trailer home at Abilene. Just as the Texas W. A. Ward returned rooms inquest verdict of accidental death from carbon monoxide poisoning.

Thurlow Eldon Wood, 15, Kingsville, died in a Robstown Hospital Sunday of injuries received Saturday night when the motor scooter he was riding collided with an automobile. Thomas Earl Cole, 18, who was riding on the scooter with Wood, was killed instantly.

Four children and their 53-year-old grandmother died shortly before midnight Saturday when fire destroyed their frame home in West Dallas. Dead were Lola May Woods, the grandmother; Bobby Burch, 7; Beverly Jean Burch, 5; James Burch, Jr., 3, and Lois Frances Burch, 2.

Three teenage girls were killed Sunday morning in a head-on automobile collision with a Southern Pacific passenger train at New Willard, six miles north of Livingston.

FINNS IN MOSCOW—Finnish Premier Mauno Pekkala, right, who was brought to Moscow in a Russian plane, made a brief speech on his arrival to begin negotiations for a mutual aid treaty between the two nations. In foreground, left to right, are: V. A. Zorin; G. M. Savonenkov, Soviet minister to Finland, and Vischeslav Molotov. The official between Molotov and Pekkala is unidentified.

House Debate Begins On Foreign Aid Bill

WASHINGTON—(AP)—The House starts showdown votes today on the bill to use \$6,205,000,000 plus American military science in an effort to stem communism in Europe and China.

Passage is scheduled for Wednesday at the latest. As the foreign aid bill started running the gauntlet of amendments, the man who holds the military purse strings in the House jumped to its support as a vital defense measure.

Rep. Albert J. Engel (R-Mich.) sized up worsening Soviet-American relations and said he had reached the conclusion that "the United States must make reasonable military preparations."

The pre-war military power of friendly nations must be restored, within five, 10 or 20 years, he added, so that "added to our own it will spell defeat to any nation which dares to threaten the free government of any other nation."

Engel is chairman of an Appropriations Subcommittee through which all funds for the armed services are funneled.

The only military aid in the bill is \$275,000,000 for Greece and Turkey and \$150,000,000 for China.

For 16 western European nations, there is a \$5,300,000,000 Economic Recovery Program. And there is \$420,000,000 in "economic help for China."

But supporters of the bill insist that Europe can't gain military strength until it gains economic strength, that once the 16 nations are sound and able to support themselves they can build up military power against the threat of communism to the east.

In a speech prepared for House delivery today, Engel said he had come reluctantly and slowly to the decision that "our only chance for immediate peace" is through restoration of the pre-war economic and military power of countries that believe in free government.

He said economic power that can't be defended by military power is not lasting.

The only possibility of war within 10 years is with Russia. (See HOUSE DEBATE, Page 8)

15,000 People See Dogwood

PALESTINE—(AP)—An estimated 15,000 drove over the Texas dogwood trails yesterday.

Most of the visitors arrived during the afternoon, driving here after Easter church services.

Many visited Pilgrim Church, established in 1838 and believed to be the oldest Protestant church in Texas. Members of the tiny church served cookies and coffee.

The day was bright and the dogwood was in full bloom. Parking spaces and picnic grounds were crowded most of the day.

The trails will be open until April 11.

Events planned include a pilgrimage of American Legionnaires, headed by National Commander James O'Neil, April 6, a track meet April 3, a golf tournament April 5, and a gathering of garden club members March 30.

Knights of Pythias Plan Open House
Pampa Lodge 480, Knights of Pythias, will hold open house at 7:30 tonight with a covered dish supper at the Castle Hall. All Knights, former Knights, their wives and friends are invited to attend.

Musical selections and various games are scheduled for the program. Edd Burch, W. C. Brown, J. C. Hopkins, and E. B. Altman, Jr., assisted by the Pythian Sister Lodge, are in charge of the program.

No Arrests Made On Easter Sunday
Easter Sunday was a quiet day for the Police Department; there were no arrests, and Corporation Court did not meet this morning.

Two men were fined \$10. Physicians attending the In-ford Brady after they pleaded guilty to charges of being intoxicated.

Wallace Will Be Heard Tomorrow

WASHINGTON—(AP)—Bernard M. Baruch today urged prompt enactment of universal military training and selective service legislation as a means of achieving "the stability in the world which lasting peace requires."

The financier and presidential adviser also called for an "economic mobilization plan," and said America's failure to muster all its resources now for peace would leave "no alternative but to mobilize for war" in the future.

Testifying before the Senate Armed Services Committee, Baruch suggested the appointment of someone to "watch the impact upon our economy of the partial mobilization we are entering upon and to maintain a constant inventory, balancing all our growing commitments against our resources."

Before Baruch spoke, Chairman Gurney (R-SD) declared that his Armed Services Committee must conclude hearings on the military emphases of President Truman's stop-Finland program by the end of the week.

"We simply can't take any more time," Gurney said. "By this weekend, we will have the complete story and all shades of opinion."

Gurney's committee is considering (1) temporary revival of the wartime draft, (2) a permanent program of universal military training and (3) immediate expansion of the peacetime strength of the armed forces at a cost of \$3,448,000,000.

Baruch held the destructive potentialities of modern instrumentalities of war, it is no longer good enough to punish an aggressor after he has begun a war. Preventing war requires buttressing our national security before the crisis is upon us."

Baruch said that although "the time for decision has come, there is no reason for panic or even fright. . . . The resources, economic, military and spiritual, which the free peoples of the world hold are vastly superior to those which the totalitarians can command."

"We have but to mobilize enough of these resources and to apply them intelligently, vigorously and promptly to achieve the stability in the world which lasting peace requires," he added.

It was Baruch who applied the term "cold war" last June to the growing tension between Russia and the western powers.

In an address to the first graduating class of the Armed Forces Industrial College here, the statesman called for immediate enactment of a "work or fight" law as part of a total mobilization plan to go into effect at once upon the outbreak of any new war.

In all some 60 witnesses, most of them UMT foes, have asked to be heard by Gurney's committee this week.

Among them is Henry A. Wallace, who is seeking the presidency on a third party platform of opposition to most foreign and defense policies of the present administration. He will testify tomorrow afternoon.

Meanwhile, a hard core of opposition to UMT is gaining recruits in the Senate. A training bill long has been bottled up in the House by that chamber's Rules Committee.

Women Must Pay For Easter Finery
TEMPLE—(AP)—The women have to pay for their Easter finery in more ways than one.

In a downtown Temple cafe, a waitress poured coffee for a sleepy customer with one hand and used the other to give her waitstain a vigorous rub or two.

"What's the matter? Got the itch?" the customer inquired.

The white-clad waitress looked the customer over in cool, then in chilly tones informed him:

"Listen, part of this Easter parade stuff needs a day's breakin' in."

W. B. Beard, 53, Dies at Berger
Willie B. Beard, 53, whose wife was buried Friday afternoon, died in a Berger hospital at 11:30 yesterday.

Beard had been in the hospital since Mar. 15, when he was injured in an automobile accident between Berger and Stinnett.

He was employed by Heskew and Chambers, contractors, and made his home at 106 N. Hobart.

He is survived by three sisters: Mrs. Susie Blocker, Oklahoma City; Mrs. P. O. Stark, Fort Worth; Mrs. Laura Brown, Napa, Calif.; three brothers: Polk Beard, Salinas, Calif.; Jake Beard, Omaha, Neb.; and Frank Beard, Davis, Okla.; by a foster daughter, Mrs. W. R. Tackell, of Pampa; and by a foster son, Ralph Williams, of Ada, Okla.

Services will be held at 2 p. m. tomorrow in the Duenkel-Carmichael Chapel, with the Rev. Collins Webb, pastor of Calvary Baptist Church, officiating. Burial will be in Davis, Okla., Wednesday.

Mrs. Beard, 41, died at her home last Wednesday, and was buried in Fairview Cemetery Friday afternoon, with the same minister conducting the services.

If it is in the hardware and equipment line see Lewis Hardware-adv.

Seven Injured In Car Wreck On Highway 70

Seven persons were injured when the car they were in ran off Highway 70, 6.1 miles south of Pampa, and rolled down an embankment at approximately 9:30 Saturday night.

From evidence at the scene of the accident, the car apparently was traveling south on the highway. It appeared to have struck one of the wooden retaining posts at the side of the road, broke it off, and bent three others before sliding down the 40 foot embankment and coming to rest against a four-strand barbed wire fence.

The injured persons gave their names, ages, and addresses to Highway Patrolman F. C. Wynne and W. G. Barnes, who investigated the accident, as: Charles R. E. Leflet, 29, of 208 E. Third; Ann Bellar, 26, of 836 E. Gordon; Ines McPartridge, 13, of the same address; Edna Fern Lunsford, 22, of 903 E. Francis; Eva Bolton, 27, of 208 E. Third; all of Pampa; and Mr. and Mrs. Bob Bybee of Berger.

Leflet gave his name as owner and driver of the car, a 1937 Packard sedan. Another passenger, who gave her name as Juanita Walling, 707 E. Frederick, was uninjured.

According to testimony given the officers, Mrs. Bybee and Miss Walling were thrown clear of the car as it went down the hill. They leaped the car off Bybee's foot, and he helped them pull the others clear of the wreck. Bybee then went up on the road and flagged down a passing car that brought him to Pampa, where he summoned help.

A Duane-Kel ambulance brought the injured to the Pampa Hospital.

When the wreck was further investigated Sunday by highway and county authorities, parts of the car were strewn all down the side of the gully. Two wheels had been absent. A Duane-Kel ambulance was lying half way down the hill. The top of the car had been burst through; the contents of the rear trunk were scattered several feet behind. And blood was found on the top strand of the wire fence fifteen feet to the rear of the car.

Investigating officers said the driver could give no explanation of the accident. He said only that the (See CAR WRECK, Page 8)

Coulston Youth Services Today

Funeral services were held at 2 p. m. today for Boyd Lee Coulston, 2-year-old son of Mr. and Mrs. C. E. Coulston, 810 1-2 S. Cuyler, who died Saturday about 11 p. m. Saturday in a Pampa hospital.

Boyd is survived by his parents; a brother, Floyd; a sister, Edith; and a grandmother, Mrs. A. A. Caldwell of Lawton, Okla.

Burial was in the Baby Garden of Fairview Cemetery under direction of The Clegg Funeral Home.

ON THE PARTY LINE—The fight with the angry look is Luigi Longo, Italy's No. 3 Communist, and military leader of the party. He's blasting Premier De Gasperi's anti-Red government in a pre-election campaign speech in Rome.

Today

86th Day of the Year
On this day, in 1682, the first Swedish settlement was established on the Delaware banks.

This is the birthday of John Lewis, tenth president of the U. S. born in 1770.

Today in history: 1842—British Royal Navy's HMS "Hector" was launched.

SW CONFERENCE BASEBALL TO GET UNDERWAY THIS WEEK

Cards Might Turn Loose. Of 'the Cal'

CLEARWATER, Fla.—(AP)—Bob Carpenter, president of the Philadelphia Phillies, talked trade with officials of the St. Louis Cardinals yesterday but later announced "there was nothing doing."

The Phillies need pitchers. The Cards are in the market for a catcher and centerfielder and have indicated they might part with Pitcher Harry Brecheen if the ball is right.

PHOENIX—(AP)—The Chicago Cubs and White Sox paused here today on their journey home from the West Coast to play one of a half-dozen exhibition games remaining between the city rivals.

The Cubs nominated Bob McCall and Ralph Hamner to pitch. The White Sox named Jim Goodwin and Howard Judson.

FRESNO, Calif.—(AP)—The Pittsburgh Pirates are wondering what's become of their batting punch.

The Bucs, who meet the New York Giants in an exhibition game today, have averaged only five hits a game in the last ten contests.

ST. PETERSBURG, Fla.—(AP)—The St. Louis Cardinals should know soon just how serious is shortstop Marty Marion's knee injury.

Dr. Robert Hyland, the club physician, is expected in camp today to examine the joint that buckled under Marion during last week's practice.

Meanwhile, Marion's stand-in, Bernie Creger, is showing to advantage. He handled seven chances faultlessly against the Philadelphia Phillies yesterday as the Cards won, 5 to 3.

TAMPA, Fla.—(AP)—Manager Johnny Neun of the Cincinnati Reds says he isn't worried about one position on his club—and that's shortstop.

Terming the play of Jersey City Rookie Virgil Stallcup as "sensational," Neun said "Red Stallcup is my shortstop and you can't emphasize that too strongly."

CIUDAD TRUJILLO, D. R.—(AP)—The Brooklyn Dodgers today prepared to leave for Florida after completing spring training at their camp here.

President Branch Rickey indicated the Dodgers would return in 1949. The Dodgers won 14 exhibition games without a loss, all against minor league and amateur opposition.

ST. PETERSBURG, Fla.—(AP)—The New York Yankees, definitely off form in their last two games, met the Boston Red Sox here today. Joe DiMaggio's home run in the last inning of yesterday's losing encounter with Detroit was the first Yankee scoring in 20 innings. Seven players remain on the hospital list.

Notice of Sale
Surplus Government Owned
RAILROAD TRACKAGE
For Removal for Off-Site Use
LOCATED AT
Pampa Army Airfield
PAMPA, TEXAS
NO RESTRICTION AS TO RESALE BY PURCHASER

Sealed bids are invited for purchase and removal of Real Property consisting of approximately 1.2 miles of Railroad track and track accessories now in place at Pampa Army Airfield, Pampa, Texas, consisting of trackage materials as follows:

- 12,000 Lin. Ft., 60-pound rail
- 2 Each, Turnouts, No. 9 complete
- 13,200 Each, Track Spikes
- 750 Each, Tie Plates
- 400 Pairs, Angle Bars
- 1,600 Each, Bolts and Nuts
- 30 Each, Rail Spacers (1" Rod)
- 1 Each, Hays derail, size 5
- 24 Ln. Ft., 12-inch concrete pipe

The entire lot of trackage material including all track accessories and ballast is offered for sale "as is, where is," for lump sum bid and is to be removed from site by purchaser at his own expense. Ballast may be removed or left in place at purchaser's option. All quantities are approximate only and are not guaranteed. Bidders are urged to inspect the property.

Purchaser will be required to reimburse the Texas Highway Department for cost of replacing concrete pavement at crossing also on State Highway No. 182 and to leave street crossings in condition as good as prior to removal of rail. No other restoration of road bed will be required.

This property has previously been offered to priority groups and is no longer subject to priorities.

HOW—WHEN—AND WHERE TO BUY
All bids must be submitted on Bid Form No. BG F-3-D-1-18. Invitation for bids accompanying this Bid Form describes the property, states the terms and conditions of sale, and provides instructions on how to bid. Sealed bids for purchase will be received at the War Assets Administration, Office of Real Property Disposal, North American Division, 777 Plaza Grand Prairie, Texas, until 3:00 P. M., CDT, April 5, 1949, at which place and time they will be publicly opened and read. Inspection of the property may be arranged with the above mentioned office. Office notified should be addressed to Post Office Box 2482, Dallas, Texas.

SPORTS

Pampa News, Monday, March 29, 1948

Leg Men

Gil Dodd, left, America's No. 1 miler, gets a helping of turkey leg from Gene Venzke, star miler of the 1930s, during a preview in New York of a film of the 1936 Olympics in which Venzke finished seventh in the 1500 meter event.

Fighters Weigh in at Kansas City; Eugene Cooper Doesn't Make Trip

KANSAS CITY—(AP)—Ninety-seven amateurs weighed in today for the opening of the National Junior AAU Boxing Championships starting in Municipal Auditorium tonight.

The tournament gained two new teams last night in Amarillo, Tex., and Wichita, Kas. Both teams previously had been denied representation in the Junior nationals. The Amarillo and Wichita entries were approved by W. T. Downing, Lynn, Mass., national AAU boxing champion.

Sports Round-Up

NEW YORK—(AP)—Where most boys would get anything for one chance to make the Olympic team, Don Barksdale, former UCLA athlete, gets two without half trying.

Although his basketball team, the Oakland Bitters, was eliminated Saturday, Don looked so good that he may be one of the players chosen for the Olympic squad.

WASHINGTON—(AP)—The decline of wild ducks and geese in recent years apparently has been checked, the Fish and Wildlife Service said today.

But sportsmen need not expect more liberal hunting regulations.

"The continental waterfowl population apparently hit the bottom of the decline and leveled off," said Service Director Albert M. Day in a statement.

"It looks as though we have about the same number of birds this year as last year."

"Although the situation is encouraging compared with the last three years, there is little hope of relaxing hunting regulations for 1948."

California Team Holds Cage Title

SPRINGFIELD, Mo.—(AP)—The National Junior College basketball championship still was held by a California team today.

Marin College of Kentfield, Calif., whipped the Murray (Ore.) A and M, 48-34, Saturday night in the finale of the five-day tournament.

Best Derby Bet Is That Some Records Will Be Equalled

LOUISVILLE—(NEA)—Here are some of the things which could happen here at the Kentucky Derby, May 1. Eddie Arcaro riding the winner, becoming the first jockey to ride four derby winners and breaking the tie now shared with Isaac Murphy and Farris Fane. Citation, the current favorite, winning, becoming the first horse to win both the future and the derby. William Woodward's Belair Stud owning its fourth winner, equaling the record of the late Col. E. R. Bradley. Sunny Fitzsimmons or Plain Ben Jones saddling the winner, equaling the record of four winners trained by one man—"Derby Dick" Thompson. Free America or Olio winning, giving imported Blenheim II his third winner and equaling the feats of Falsetto, Virgil and Sir Gallahad II.

Texans Cop Honors in Polo Contest

LOS ANGELES—(AP)—A hard-riding bunch of Texans took a 9-8 decision from the California All-Stars in a polo match here yesterday.

Cecil Smith, who scored four goals, paced the Texans.

Bobby Fletcher scored six goals to grab individual honors on the California team.

Smith, rated nationally at 10 goals, received a special trophy from Mrs. Spencer Tracy.

BASEBALL

EXHIBITION BASEBALL

WEST PALM BEACH, Fla.—(AP)—Boston (N) 0-0-0-0-7 0 Philadelphia (A) 0-10 0-0-2-4 9 1 Epperly, Elliott (6) and Kerry; Brisnie, Coleman (6) and Rosar.

OLYMPIC CHAMPION RELAYS

AUSTIN—(AP)—Earl Meadows, who won the pole vault event in the last Olympics, will enter the 21st Texas Relays here Saturday.

Houston Man Is Golf Titlist

HOUSTON—(AP)—Ed White held Houston Country Club invitational golf tournament title again today, the result of a 1-up decision over John Barnum, Chicago, yesterday.

White sank a 30-foot putt on the 37th hole to win the title.

It was a repeat performance of the 1936 tournament when White won over Barnum on a 1-up decision in 20-holes.

Healthy Cy at 81 Isn't Worried His Mound Record Will Be Broken

PEOLI, O.—(NEA)—Denton C. Cy Young is proving equally as durable in the game of life as he was in pitching baseball.

He recently observed his 81st birthday here in the home of John Benadum with whom he lives, and the younger generation isn't concerned about the possibility of any of his pitching records being surpassed.

Born in nearby Gilmore in 1867, Young was destined to become the only pitcher ever to win more than 500 games in the majors and the only moundman ever to win more than 200 games in each of the two leagues.

Considering his advanced years, Ole Cy is in good health and unusually spry.

His longevity is a reflection of the clean, wholesome life he always lead.

Cy's achievements make the records of such hurling aces as Walter Johnson, Bob Grove, Carl Hubbell, Bob Feller and others seem insignificant. Young was the first pitcher elected to baseball's Hall of Fame.

Here are just a few of his distinctions:

Pitched 44 consecutive scoreless innings.

Won 511 games, lost only 313 for a percentage of .620.

Authorized three no-hitters, one of them a perfect game against Rube Waddell and the Philadelphia Athletics.

Won more than 30 games in a season five times.

Struck out 2,832 and passed only 1,102.

Pitched 23 successive hitless innings.

Averaged .787 or better five times, three seasons consecutively.

In his best year, 1902, he won 36 games and lost only 10 for the Cleveland National League Club.

In 1905, his sixteenth season in the majors—he fanned 2,077 and walked only 28.

Four Quints Vie for Trip To Olympics

NEW YORK—(AP)—Ralph Bishop's chances of becoming the only basketball player ever to represent the United States in two Olympics rested today on the damaged left knee of Vince Boryla.

Bishop, only collegian on the American team which won the Olympic basketball title in 1936, now coaches the Denver Nuggets, one of the two AAU teams left in the current Olympic tryouts.

The 32-year-old former University of Washington star would automatically be named U. S. Olympic cage coach if his team should win the tryouts at Madison Square Garden.

But the Nuggets have two tough hills to climb before they can achieve that distinction.

Boryla, former Notre Dame star, who plans to return to South Bend next season, was the star of Denver's Saturday conquest, scoring 21 points before he hurt his knee in trying to protect a two-point lead.

The other semifinal tonight sends Kentucky against Baylor in a repeat performance of their final battle in the NCAA eliminations which Kentucky won, 68-62.

Baylor turned in a close 60-57 decision over New York University Saturday, with Jimmy Owen firing the winning basket only 45 seconds before the end of the game.

Kentucky sped into the semifinals Saturday night, eliminating Louisville, 91-57, in a game that found the champions of the Kansas City NAIB tournament completely outclassed.

The 14 players who will make up the U. S. Olympic squad at London will be selected after Wednesday night's final, but may not be announced until the following day. Five players will be named from each team in the final, with two others to be selected at large from each of the two brackets in the tryouts.

Daredevils Have Texas Race Date

ARLINGTON, Tex.—(AP)—Arlington Downs, where the American Automobile Association championship was determined last November in the first big-time racing ever held in the Southwest, is going to start the ball rolling this year.

April 25, the Downs dirt track will be the scene of the opening race in the national tour of the daredevils of the speedways. There will be probably a dozen such races during the year and another one of them is to be held here in the fall.

Ted Horn of Paterson, N. J., who won the 100-mile race here last November and thus clinched the AAA championship, will start defense of his title in the 100-mile grand Racing International of Texas is putting on April 25.

Crappie Crap Game Takes Fish Ashore

MEMPHIS, Tenn.—(AP)—The fish story of the year: The F. T. Freddy of Oakville, Tenn., was rowing a boat on a private lake near Hernando, Miss. A commotion on shore drew his attention.

When he reached the scene, Freddy leaned over and picked up not one, but two fish.

The biggest was a 7-1/2-pound large mouth bass, whose mouth wasn't quite large enough to swallow a one-pound crappie.

"Big Boy" had fopped out of the water onto the ice in his closest effort to shake dooze the "little one."

Angler's Trouble Over-It Says Here

NEW YORK—(NEA)—Fishermen can now rock the boat without taking a plunge and catch more fish with bicarbonate of soda, according to scientists. The lure, not the fisherman, takes the soda to catch the fish. Mixed with citric acid, it comes in capsule form which is placed in a shiny magnesium minnow with a foam plastic filling. A steady stream of audible bubbles, which burp and pop, entice the jaded fish.

The engineer-inventor claims each capsule is good for an hour. The anti-tipping device is a stabilizer made of two pontoons which float on either side of the boat and folds back on telescoping arms to leave the boat sides clear for landings.

Lone Star League Umpires Announced

KILGORE, Tex.—(AP)—Umpires of the Lone Star league were announced by President Fred Nicholson.

They are: Tom Estell, Kilgore (only holdover from last season); S. E. Smith, E. F. Henry, Warwick Evans, A. W. (Tony) Bonepole, Richard G. Reynolds, Fred Carpenter and James V. Nuzzo.

Mrs. Jack Sullivan Leads Delphian Study

The Yucca Delphian Chapter met in the City Club room, Thursday, March 25, for their regular meeting. Mrs. H. B. Landrum, vice president, was in charge of the business. The discussion seminar on "The Middle Class: Can It Survive?" was under the leadership of Mrs. Jack Sullivan. Taking part on the program and their discussion topics were Mrs. John E. Hines, "The Rise of the Middle Class," Mrs. H. B. Landrum, "The Eclipse of Small Business and Free Enterprise," Mrs. Wm. R. Ballard, "Consumers in a Producer's System," and Mrs. J. C. Volkmann, "The Expansion of the Co-operative Movement." Eighteen members were present. The next meeting will be April 1, in the home of Mrs. J. F. Curtis, 1104 E. Francis at 3 p. m. All members are urged to note this time change.

Meat Trimmings Flavor Other Foods

Much emphasis is being placed, at the present time, on meat trimmings. Experienced homemakers know that the use of these bits of meat and fat is one of the best ways to get full value from meat. Those just beginning to learn the art of homemaking will do well to follow their leadership.

Reba Stiggs, food authority, has a number of suggestions for the use of these meat trimmings. Because they are rich in meat flavor, they can be used to distribute flavor throughout other foods more bland in flavor.

Just as important as the fat and meat trimmings are, the drippings left when meat is cooked. These, too, can be used to contribute meat flavor. Another advantage to using trimmings and drippings is perhaps more important than the flavor gains, says this home economist, that is the increase in "staying power" noticeable in the foods. In other words, as is characteristic with all meat, the feeling of satisfaction stays beyond the time when a hunger would ordinarily be present.

In general, meat trimmings come from a piece of meat that is trimmed before it is cooked. A few, however, may come from meat that is already cooked, when the larger, edible portions are gone, and the smaller pieces near the bone are trimmed. The uncooked meat is usually cooked lightly before it is used. In this form, it may be added to meat sauces, casseroles of macaroni, spaghetti, rice and noodles; made into croquettes and meat balls; or included in scrambled eggs or dressings or stuffings. Fat trimmings should be cut into small pieces and rendered slowly, says Miss Stiggs, and care should be taken that they become merely crisp, not burned. When the fat has been cooked, the rest of the trimmings—the remaining part or "cracklings," as they are often called, may be added to sauces, chowders, quick breads and muffins, and liver patties.

Drippings add richness and flavor to a wide variety of foods. They may be used to season cooked greens, or to fry potatoes. They may be used as the basis for a meat sauce, or as the shortening in some of the most popular family foods, such as corn bread, spice cakes and cookies. As the shortening in crusts for some types of pies, such as peach and apple, they also add extra interest.

STORY GLASS DISH
An easy way to make your youngster finish his spinach or cereal is put it in a glass dish which comes equipped with a set of nursery picture discs which are placed in a slot beneath the dish. Meals should be a pleasure with junior anxious to reach the bottom of the plate to see the picture.

"FIRST" RESTAURANT
The word "restaurant," in its modern sense, first was applied to an establishment opened in Paris about 1765, according to the Encyclopaedia Britannica.

Can Black-Draught Help an Upset Stomach?
Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of indigestion. Black-Draught, the famous laxative, is actually a natural mineral salt which is drawn from the earth. It costs only a penny or two a dose. That's why it has been a household name for generations. If you are troubled with such symptoms as loss of appetite, headache, indigestion, constipation, flatulence, bloating, nervousness, bad breath—and if these symptoms are due to indigestion—then use what Black-Draught may do for you. Get a package today.

Bonnets Bow to Romance

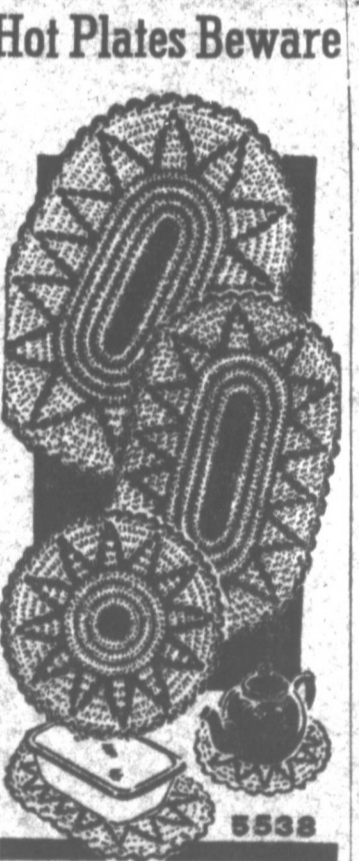

NEW YORK—(NEA)—"Hats for a girl to propose in" is the way one milliner describes his leaping creations. This seems to be the designing idea behind many of the bonnets heading into spring. Carrying an sentimental appeal as a love letter, new hats depend largely for effects upon lace, fragile nets, delicate tints, flower and ribbon fancies, and veils that tie under the chin. Many a bonnet's captivating charms are echoed in matching spring team-work shown lower right in a beret of natural leghorn straw and matching straw bag. The hat is headed with strips of black faille, the bag with jet. The picture hat of white embroidered organza, a Hattie Carnegie design, lower left, is typical of the romantic appeal of spring. An example of the gay little ribbon-and-flower hat, the sole aim of which is to captivate, is seen in the Sally Victor design, upper right. For this one, green and white-striped silk ribbon and yellow buttercup weave their witchery.

Dumplings Offer Many Possibilities

Some of the most satisfying meals are often old-fashioned favorites adopted from our grandmothers. Dumplings are one of these specialties no homemaker should pass up, says Reba Stiggs, food authority, for they offer the possibility of a great deal of variety. For the most part, dumplings are prepared with moisture-cooked meats. Stew and dumplings, or soup and dumplings are popular among hearty foods.

Hot Plates Beware

By MRS. ANNE CABOT
Crochet fresh summery-looking hot plate mats in cool green and white cotton for hot weather tables. The pattern is simple and easily crocheted and includes two sizes of hot-plate mats as well as a large circular pad. To obtain complete crocheting instructions, stitch illustrations and material requirements for HOT PLATE PADS (Pattern No. 5538) send 15 cents in COIN plus 1 cent postage, YOUR NAME, ADDRESS and the PATTERN NUMBER to ANNE CABOT (Pampa News), 1150 Avenue of the Americas, New York 19, N. Y.

VFW Auxiliary Makes Donations and Holds Election of Officers

The Pampa VFW Auxiliary met in regular session at the VFW American Legion Hall last Friday evening, with the president, Mrs. John Brandon, conducting the business. It was voted to contribute \$30 for cigarettes for the patients in the Veterans Hospital in Amarillo for the ensuing year, to contribute \$25 to the Texas Cottage fund to help build a cottage at Eaton Rapids, Mich., for widows and orphans of veterans. A donation of \$25 was made to the cancer research laboratory at Bar Harbor. Mrs. W. B. Benton reported that plans are being started to entertain delegates and visitors to the District VFW Encampment to be held in Pampa the last of May or first of June. A committee, composed of Mesdames Mary Carlson, B. S. Via and Roy Tinsley was appointed to make plans for a covered dish dinner to precede the installation of officers on April 19. An election of officers was held with the following results: president, Mrs. Via; senior vice president, Mrs. Tinsley; junior vice president, Mrs. Benton; treasurer, Mrs. Hadda Moore; chaplain, Mrs. Josephine Blalock; conductress, Mrs. Brandon; guard, Mrs. Florence Warriner; delegates to the District and State Encampments, Mrs. T. G. Groves and Mrs. Blalock with Mrs. L. E. Haggard and Mrs. Benton as alternates. Other officers are to be appointed by the incoming president.

Weissmuller Weds For Fourth Time

SANTA MONICA, Calif.—(AP)—Three months after he married his fourth wife, Movie Tarzan Johnny Weissmuller was divorced by his third. Mrs. Beryl Scott Weissmuller obtained a California decree last week after testifying that the 37-year-old former swimming champion had embarrassed her by failing to appear at dinner parties and that he often was away from home "having a good time." Last January, Weissmuller obtained a Nevada decree in Reno and immediately married Lene Gates, 22, of Pasadena, Calif.

They Said None; They Got None

HARTFORD, Conn.—(AP)—The Hartford Internal Revenue Office notified a woman that the amount withheld from her wages equaled exactly her 1947 income tax. Therefore, she was advised, she owed the government nothing. Right back came a check from the woman. On the line reserved for the amount was written "none."

Modern Women Seek 2-Way Help Like This

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in **CARDUI 2-way help**. You see, **CARDUI** may make things just easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periods pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. **CARDUI** is scientifically prepared and scientifically tested. If you suffer "at these certain times," get **CARDUI** today.

FRUITAGE

The fruit of the Spirit is love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance; against such there is no law. —Galatians 5:22, 23

'Naughty' Children May Need Sleep Instead of Punishment or Discipline

Mothers frequently wait and wonder why their children, who are so well-behaved and easily managed at home, become demure of mischief and fretful whiners when out visiting. The answer is usually quite simple—they're tired, both because of the strain of strange surroundings and because they have missed their regular nap time or are staying up past their usual bedtime. Sufficient sleep plays such a large part in the behavior of children at all times, not just when visiting, that its importance cannot be overestimated. Many mothers have observed for themselves that the child who awakens sunny and sweet tempered from sleep gradually becomes listless and irritable as he becomes tired. Other children become more and more "wound up" as they become tired, playing at a faster and faster pace while laughter and yelling mount in pitch and volume. Frequently these are also the children who have tantrums, yell and scream, and ignore all attempts at reasoning or discipline. As a matter of fact, discipline is always difficult and often impossible with the tired or exhausted child. Fatigue sends poisons to the child's brain which affect him to such an extent that the oft-heard remark, "He just doesn't seem like the same child," is really true and not just a fond mother's cover-up. There is nothing to be gained by reasoning with or punishing the misbehaving tired child. If he is quietly and gently tucked into bed, sleep will perform a miracle of transformation. It is, therefore, up to each mother to make sure her children receive sufficient sleep both at night and in daytime naps. The quality of a child's sleep equipment is also important. Even though a child may spend sufficient time in bed, he will not receive all the benefits of sleep if his mattress is worn out or of poor construction. Children's beddings should be level and firmer than adults, with no valleys, sagging, or other imperfections to affect either sleep or posture. Sometimes a child rebels against daytime naps, although his need

Dying Hosiery

When hose become faded from numerous washings, or if you have some left over from different pairs that don't quite match in color, don't discard them. Transform them into your favorite dark flustering shade, with the new easy-to-use hosiery dyes. Mix the dye according to the simple directions printed on the package. It is convenient to use a porcelain enameled dishpan or large enameled kettle for this purpose. The smooth, non-porous finish of enameledware eliminates possibilities of snagging delicate fabrics and also makes it easy to wash away every trace of the dye colors when the job is finished.

WEAK NERVOUS

Are you troubled by distress of female functional periodic disturbances? Does this make you feel so tired, high-strung, nervous—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound is made especially for women. It also helps the Doctor sell a stomachic tonic effect! Any drugstore. **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

Last one Fresh as the First

WATCH FOR THE BIG NEWS

Only the KAISER and FRAZER have it!

THE HIGHEST COMPRESSION ENGINE

NEW POWER for '48!—smooth, compact, efficient! Among 1948 full-sized, American motor cars, only the Kaiser and the Frazer have the highest compression engine as standard equipment. There's less waste and more wallop in every drop of gasoline you buy. You get maximum fuel efficiency—a combination of performance and economy that is brand-new to motoring. This is another achievement of experienced young men who are injecting new ideas into an old industry!

MORE MILES MORE POWER
In every drop of gasoline you buy for a Kaiser or a Frazer

1948 models on display—at no increase in price. Insist that we let you drive one!

RFC Should Favor Loan to Doctors

It is understood that local physicians and dentists who recently announced they would erect a hospital here, are applying to the Reconstruction Finance Corp. (RFC) for funds for that purpose.

Even when and if the county general hospital is built here, the doctors' hospital decidedly would not be out of place. For that matter, the need still would not be met with both hospitals.

Gracie Reports

Dear me, all our nice, friendly, leisurely customs are gradually vanishing in this terrific age. Now, the society of automotive engineers says it is to do away with locked car bumpers by making them all the same height.

I don't suppose these well-meaning engineers have the slightest idea of what they're doing to American social life. Goodness, with bumpers the way they are now, I'm always sure making interesting acquaintances when I start out driving.

MOPSY by Gladys Parker

GUTS NEEDED

WASHINGTON (NEA)—The idea of having President Truman hold "just one more conference" with Premier Stalin is being suggested to avoid war.

Well-meaning as these suggestions may be, they raise certain doubts. Would another conference with Stalin do any good? Is this the time?

As recently as last Dec. 15, President Truman was asked at a press conference if he'd be agreeable to another meeting with Stalin. The President replied he'd be glad to see Stalin in Washington, period.

Fair Enough by Westbrook Pegler

Editor's Note: With this column, Westbrook Pegler leaves on his annual vacation. The next column will appear in the Pampa Daily News on Monday, April 25.

It is a foregone conclusion that the Democratic candidate will be defeated next November. It is even possible that President Truman will be rejected by his own party, but, in any case, the Republican nominee will be the next President.

That being the fact, and it is a fact which awaits mere confirmation, not decision, all Republican aspirants may safely repudiate all that Roosevelt promised in his conference with Stalin and all that Truman promised after he took office.

It is too bad that we do not maintain an array of garters, cords, and rosettes with which to assuage the sorrow of ultimate failure and dismissal when men make terrible mistakes in high office.

The take-over of Hungary was a bid for the retention of the same technique. The directed and fomented strikes in France and Italy were another evidence of the same direction and procedure.

Gen. Marshall must be too intelligent not to have known when Roosevelt opened the door to the Russian agents that this was the character of the Russian rulers. Roosevelt himself knew it, but he simply could not think honestly.

Where on earth was Marshall when these directed and fomented strikes and the terrorizing millions of Americans? Garner never let the people in on his misgivings, however, and so placed loyalty in his chief and his party above the interests of the country.

GUTS NEEDED by Peter Edson

WASHINGTON (NEA)—The idea of having President Truman hold "just one more conference" with Premier Stalin is being suggested to avoid war.

Of course, a lot of things have happened in the meantime. The Communist coup in Czechoslovakia and the demands on Finland have been met by the creation of a five-power Western European union.

It would be a confession that if they even had a chance to get the cold war thus far. For settlement, Russia would be in a position to make new demands, just as Hitler was. And there would be little the U. S. or the Western European union could do to deny the short of threatening to use the bomb.

Common Ground

Why Dr. Sproul Cannot Afford to Answer Questions

As the readers of this column know, I offered Dr. Robert Sproul, president of the University of California, \$1,000 if he would attempt to harmonize tax supported schools with the Ten Commandments.

Now let's show how Dr. Sproul or any other man who attempts to harmonize tax supported schools with the Ten Commandments would have to contradict himself.

Why the House Rules Committee attempts to override the Rules Committee by the petition method.

PROCEDURE—Apower: The Rules Committee, which consists of eight Republicans and two Democrats, does appear to be a body clothed with almost despotic authority.

ISOLATIONIST—"I wonder why a man like you, who is not a 100 percent New Dealer, who has good sense in many ways, will persist in spreading the myth that this country was once isolationist."

PETITION—The Rules Committee, by and large, usually consists of the more able, experienced and conscientious representatives of both parties.

FUNNY BUSINESS BY HERSHBERGER

NATIONAL WHIRLIGIG

news behind the news

WASHINGTON—The House Rules Committee's pigeonholing of the Universal Military Training Bill prompted many questions last week as to why the House of men should possess the almost exclusive right to determine what legislation shall and shall not be brought to a vote in the lower body of the American Congress.

Why the House Rules Committee? asks M. E. K. of Marquette, Mich. "Wouldn't it be more democratic, more American, to supplant it with a simple 'first come, first served' rule for submitting proposed legislation to the House floor?"

Answer: The House Rules Committee, which consists of eight Republicans and two Democrats, does appear to be a body clothed with almost despotic authority.

ISOLATIONIST—"I wonder why a man like you, who is not a 100 percent New Dealer, who has good sense in many ways, will persist in spreading the myth that this country was once isolationist."

PETITION—The Rules Committee, by and large, usually consists of the more able, experienced and conscientious representatives of both parties.

Paintings Will Go Back to France

HAMBURG, Germany—Fifty paintings recovered from the loot of Joachim von Ribbentrop, Nazi foreign minister, will be returned to France next month.

TCU Offers New Testing Program

FORT WORTH—TCU is one of four Texas schools co-operating in a program that has resulted in a new testing program to measure the chances for success of students and junior accountants just entering the profession.

McLean

McLEAN (Special)—Fifteen members attended the Methodist W.C.S. at the Mar. 16 meeting. On the program, which consisted of prayer study, were Mesdames W. E. Bogan, Roger Power, and W. J. Dyer.

Thirteen members and one guest were present at last week's meeting of the Presbyterian Ladies Auxiliary. On the program were Mesdames C. E. Cortis, Haakell Smith, Jess Kemp, Karl Ennst, and Mattie Graham.

An all-day program was given Mar. 26, by the Baptist W.M.U. at the First Baptist Church. The occasion was the Annie Armstrong week of prayer.

Arvin Smith, outstanding member of the Senior Class, has been chosen as Club Leader of the month. He will attend Lions Club meetings during the month. He succeeds Bill Boston, who was Club for February.

Shamrock

SHAMROCK (Special)—"The Good Samaritans" is the name of a new organization in Shamrock. It was organized under the direction of Mrs. Helen Lea Cox.

Norman Patrick has been elected as president of the Rotary Club. He succeeds Percy Bear who has served as head of that active group the past club year.

SO THEY SAY

Schools must be political just as the army must be political. Zdenek Nejedly, new Czech Education Minister.

I cannot get out of my head that when we turn the Nips loose on this country, they will be able to do it. I don't think we've sold democracy to them.

Aggressive communism threatens all freedom and security in the Old World or the New when it puts free peoples anywhere in chains.

American railroad standards are down by the Toomerville trolley level. Twenty years ago we had 2,300,000 freight cars, a much smaller nation and we had less today.

Paintings Will Go Back to France

HAMBURG, Germany—Fifty paintings recovered from the loot of Joachim von Ribbentrop, Nazi foreign minister, will be returned to France next month.

Mainly About People

Miss Edna Poe, former instructor at Pampa High School and now teaching at Oklahoma A and M, was a Pampa visitor over the weekend.

Fuller Brush Ph. 2152J. 514 Cook.

Leon Mitchell and **Bob Ferguson** of Borger were visitors in Pampa yesterday.

Hoke Pepin, 15-year old son of City Engineer and Mrs. Richard Pepin, had his tonsils removed Friday morning. He was released from the hospital Saturday, and Mrs. Sally Pepin reports he is doing very well.

We have room for 10 more day students, also 10 more night students, Pampa Business College.

Clay Polite Officer and Mrs. Robert Crouch, and son, Ronnie, visited Mrs. Crouch's parents, Mr. and Mrs. Ed Soules, in Borger yesterday.

Mrs. R. H. Cobb, of Monroe, La., arrived Friday to visit in the homes of her sisters, Mrs. Demoxia and Mrs. Clara Godwin, and in the home of Mr. and Mrs. George Cummings.

For Sale portable electric sewing machine. Phone 2155J.

Mr. and Mrs. Henry Butler spent the weekend in Olney visiting their daughter and her family, the DeWayne Strelays, and friends.

Miss Jane Wilson, daughter of Mr. and Mrs. Frank Wilson, had as her weekend house guests, Misses Margaret Ann Oile and Miss Ruth Prouse of Austin.

We've moved to 207 N. Frost, Ph. 04 of 441 for Peg's Cab.

Easter weekend guests in the home of the C. B. Homers, 1327 Charles, were Mrs. Homer's mother, Mrs. W. W. Church of McAlester.

HOUSE DEBATE
(Continued from Page 1)

he said, and:

"For America to win a war with Russia without European allies, European bases and European support approaches the impossible."

Engel put the manpower of the British, French and Belgian armed services at 1,883,500 on Jan. 1, 1947, and that of Russia at an estimate of 3,650,000.

So far, House debate on the foreign aid bill has turned up a smattering of general opposition and widespread demands for stopping exports to Russia of anything that can be used for military purposes.

Rep. Mundt (R-S.D.) had an amendment ready to do just that. He gave the Foreign Affairs Committee, of which he is a member, a chance to look it over at a morning meeting (9 a. m. CST) and decide whether to sponsor it.

Also before the committee for the same purpose was an amendment by Rep. Vorys (R-Ohio) to put in \$220,000,000 for economic help to Japan, Korea and the Ryukyu Islands.

Aside from possible changes along these lines, Vorys predicted the bill will go through without any major alterations.

The measure then will have to go back to the Senate, which already has passed the European recovery section but which is considering Greek-Turkish and Chinese aid in separate bills.

AS LONG AS I LIVE

By Ione Sandberg Shriber
© BY IONE SANDBERG SHRIBER, DISTRIBUTED BY NEA SERVICE, INC.

THE STORY: Ann calls on Enos Horton to find out why Tommy had been to see him. Enos says he doesn't know just why he came, but that he liked him. He says he doesn't know just why he came, but that he liked him. He says he doesn't know just why he came, but that he liked him.

Ann was quite speechless.

"You—I—" She shook her head as though to clear it. "I don't know what you mean!"

Enos smiled a little.

"Laurie says she wants to marry him, I'll admit," he said, "but do you think she loves him? Before Ann had a chance to recover and speak he went on, impetuously, "Naturally, I had the young man investigated after he came to see me." Again he played with the pencil.

"That's why I came," she said. "To find out why he came to see you. To find out why you didn't—and Enos cut in smoothly. "He came about the will." Enos spoke the words almost entirely without emphasis. "He wanted to know the exact wording of the will."

Anger rushed through her, stimulating her.

"You didn't tell him!" She was startled at the vehemence in her voice, surprised at the shock she felt.

Enos smiled at her now and said, "Of course I told him, Ann. After all you know, he could have found out simply by going to the courthouse. The will's been probated; it's public property."

"What did he say?"

"He just nodded his head and said that was exactly what Laurie'd said. It seems that the young man has been urging matrimony and Laurie finds it difficult to give up her income for 11 years. I suppose we can't blame her for that," he gazed at Ann. "Have you

REDS

(Continued from page 1)

region and Red atheism—a fight between the Church of Rome and a communism which condemns belief in God as the dope of the proletariat.

Pope Pius on March 10 placed his personal and official prestige behind the prelates and bishops who had been telling Italian Catholics to vote for candidates friendly to the church.

Then a few days ago Eugene Cardinal Tisserant came out with a sharp pre-election attack on Communists, in a message to priests and parishioners in his archdiocese in Rome's environs.

Close to 100 percent of all Italians are Catholics. Now the big question is how they will react to this edict.

COMPROMISE

(Continued from Page 1)

didate other than President Truman at an enlarged board of directors meeting in Philadelphia April 10.

Whether the ADA will follow the lead of its vice president, Franklin D. Roosevelt, Jr. in urging Gen. Dwight D. Eisenhower to run remained up in the air.

But Mrs. Eleanor Roosevelt made it plain she is keeping hands off. She said she isn't going to mix in "partisan politics" while she is an official of the United Nations.

She added that Franklin and Elliott, who joined his brother in the Eisenhower endorsement, are big boys now and can do what they please.

All of this was little help to Mr. Truman. And Henry Wallace and his followers promised to toss some more bombs the President's way at an April 10 shindig in Chicago.

Wallace will speak there then Senator Taylor of Idaho, his running mate, said the third party organization will decide to call a convention for formal nominations and adoptions of a platform.

Taylor guessed the group will meet in Chicago in the period between the Republican and Democratic Conventions.

ELECTION

(Continued from Page 1)

ones are observed daily.

The work was first noted on the Onjin Peninsula on the western extremity. It spread eastward, valley by valley. The Onjin Peninsula is entrenched almost solidly its entire width. The trenches there are so close to the parallel that one can toss rocks into them from the American zone.

There is no comparable activity in the American zone. The only defense work in South Korea is the sandbagging of Korean police stations in a few villages, several thousand yards south of 38. This was done after threats of attack came from North Koreans, but were never carried out in large scale.

Father of Pampa Man Succumbs

John W. Harris, father of Carl Harris, local business man, died yesterday afternoon at his home in Henderson. Mrs. Harris died in 1945.

Mr. Harris is survived by 11 children, all of whom were at his bedside at the time of his death. Mr. Harris had visited in Pampa many times.

Funeral services will be held at 2 p. m. tomorrow in Henderson.

Break-In of Service Station Attempted

Someone apparently attempted to break into the P-K Service Station, 403 W. Foster, sometime last night, A. C. Jones, manager, said today.

Small glass panels near the locks on both doors were broken, but the doors had not been opened. There was also an attempt to enter through the service doors, but that, too, was unsuccessful.

Nothing appeared to have been taken, Jones said.

SMU LOSES TWO

DALLAS —(P)—The Minnesota Gophers blasted Southern Methodist with a barrage of extra-base hits for the second time in two days yesterday to sweep a 2-game baseball series with the Mustangs, 21-8. The Gophers won the first game Friday, 17 to 13.

FROGS WIN FOURTH

FORT WORTH —(P)—Jim Barnett, big right-hander, let the Hardin-Simmons Cowboys down with three hits here Saturday, as the TCU Horned Frogs won their fourth game in five starts against collegiate opposition, 5-1.

FRUITS — It is very rare to find ground which produces nothing. If it is not covered with flowers, fruit trees, and grains, it produces nuts and pineapples.

Texas Today

By WILLIAM C. BARNARD
Associated Press Staff

You've heard of the ink blot test, used by psychiatrists and psychologists.

Mash a drop of ink between a folded piece of paper. Tell the doctor what the resulting blot looks like to you—a cloud, a butterfly, a witch on a broomstick—and he has a clue to your personality.

Perhaps to you it just looks like an ink blot—that's a clue, too.

An outstanding specialist on the ink blot is Dr. S. J. Beck of the Department of Psychology at the University of Chicago, Northwestern University and Michael Reese Hospital, Chicago.

He is president of the American Orthopsychiatric Association. And he has written several books on the ink blot test.

At Dallas he concluded a four-day lecture series on the ink blot. In attendance were psychiatrists and psychologists from Veterans Administration hospitals in Texas, Louisiana and Mississippi. They will take what they have learned back to their hospitals and use the ink blot test to study personality disorders in veterans.

We interviewed Dr. Beck, a brown-eyed, 52-year-old man, five feet six inches tall who weighs 151 pounds.

"Can you tell from the ink blot test whether a man is a criminal, doctor?"

"No, I would not be gibed enough to say that the test would indicate whether a man is a criminal, a doctor or a lawyer. We use it to determine such things as imaginative ability, emotional stability, and anxiety conflicts. I would say that the test can be used to indicate a person's effective intelligence."

About 35 years ago a Swiss psychiatrist named Herman Rorschach had the idea that the different things people see in ink blots might be an index to their personalities, mental disorders and delusions. Since then the test has become increasingly popular.

The psychiatrists do not rely on just any old ink blot. They carry their own, "made-to-order" blots on which the reactions of hundreds of people are already known. When you tell the doctor that the blot looks like a cow painting a suspension bridge, he has you tabbed at once.

The ink blot test was in a movie—The Darling Mirror.

"Did you see the movie, Dr. Beck?"

"No," he replied. "It never did show in my neighborhood."

OVER 300 DEGREES — Degrees will be awarded to more than 300 at the 76th annual commencement exercises of Texas Christian University June 6, according to Registrar S. W. Hutton.

Dogs Not Eligible For Vets' Bonus

ALBANY, N. Y. —(P)—Dogs that served in World War II with the Army's K-9 Corps are not eligible for any of New York's \$400,000,000 veterans' bonus.

"The bonus law doesn't cover dogs," Leo V. Janning, director of the Bonus Bureau, says.

He received an application Saturday in behalf of a dog with two years' overseas service.

VIE FOR SPOTS

DALLAS —(P)—Texas professional golfers will compete for spots in the national PGA tournament at Houston April 26. President Graham Ross of the Texas section of the PGA announced.

Justice of the Peace C. I. Hughes

assessed two \$10 fines, one this morning and one Saturday, on two men who pleaded guilty to driving without operator's licenses.

A "ham" is a very bad actor.

Could he be in on it? Enos? (To Be Continued)

Arnold Backing Military Power

SONOMA, Calif. —(P)—Gen. H. H. (Hap) Arnold has called for a union of democracies strongly backed by air, sea and land power to stop communism's world advance.

"Some nations respect only force and power. Russia is just such a nation," Arnold wrote in his weekly column in the Sonoma Index-Tribune. The wartime chief of the Air Forces retired to a ranch here.

"Get a union of democratic nations with the common purpose of stopping the advance of communism—and if that union were backed by the mightiest air force in the world; by armies and navies that matched the Russian armies and navies, but with superior equipment, then were such a federation to say to Russia: 'There is the line over which you shall not step,' she would then understand what we meant for we would be talking her language."

Arnold began his column with: "Personally I do not believe war is just around the corner, nor do I believe Russia is ready for war."

"I do believe that Russia will go just as far as she can—short of war."

Pilot Going Back To China to Fly

FORT WORTH — TCU sophomore Johnny Plann has withdrawn from school to become a multimillionaire. He's going to China to fly for former Major General Chennault's commercial air line at a salary of 125 million dollars a month!

Of course the salary is stated in Chinese dollars. But even in U. S. coin, the amount is something like \$50 a month—and there is a bonus for extra flying time.

Plann, who saw service with the Marines, flew military planes in China after the war ended. Then he married an Australian girl and came back to the States.

"I have a soft spot for China, anyway," he confesses. "It was over there that we were married in August, 1946. Friends write me that a couple can live comfortably in China for \$100 (U. S.) a month. As long as it seems to be safe, we'll stay."

Papa Crab Serves Students Well

FORT WORTH — Old papa crab is gone, but not before a laboratory group at TCU learned what made him tick and celebrated that fact with a banquet.

Dr. Willis G. Hewatt, biology professor, brought the crustacean to his invertebrate zoology lab, dissected the crab as he lectured.

"When he had finished, he brought out a frying pan and a few minutes later he served crab meat to the students, a bite for each!

CAR WRECK

(Continued from Page 1)

party was on its way to Lake McGellan to a dance.

Injured persons said this morning that they were all on the road to recovery.

Left is reported to have internal injuries; Edna Lunsford is perhaps the most seriously injured with a broken neck; Inez McPartridge has a broken collar bone; Eva Bolton has a burned foot that may have happened from contact with a hot part of the motor; Ann Bellar has a broken right shoulder; and Mr. and Mrs. Bybee both received lacerations.

All seven are suffering from bruises and shock.

Electrify Yourself and Your Home

You'll be amazed how we can eliminate the maze of wiring in your house. At last you'll have enough electric outlets, just where you want them. We'll remove unsightly chandeliers, and install modern fixtures. Indirect and fluorescent lighting as desired. Technical experts will make survey at no cost.
