

Social Security Posers Cleared By Field Head

BY DAN JOLLIE
FIELD REPRESENTATIVE
Amarillo Social Security Office

Q: I am 50 per cent disabled under Veterans Administration rules. Can I get disability security?

A: Under the Social Security rules a person must be unable to perform ANY substantial gainful activity. We are not bound by Veterans Administration decisions but if you are not able to work because you are disabled you should contact us about filing for disability benefits.

Q: I am a widow with two children. Are we going to get a raise in the monthly checks we get?

A: Probably. Subject to a family maximum benefit the widow and each surviving child will receive three-fourths of what the worker was getting or would have received at age 65. Since the widow and one child already receive three-fourths there won't be an increase for them. Since the widow and three or more children are subject to the family maximum we can pay, there won't be an increase for them either.

Q: I'm getting Social Security checks now, but I'm 73 years old and I am now disabled. Can I get more money now?

A: Under the law there is no provision for paying disability benefits after the age of 65 and there are no provisions for increasing benefits after age 65 because of a disability.

Q: When does the new rule on earnings go into effect?

A: Next year. Beginning January 1, 1961 a person drawing benefits on an earn over \$100 in wages every month, or can work in his business every month, if self employed, and still get some benefits. The rule for this is that the

Walter Rogers Reports

On Federal Trade Commission Rep. Rogers Gives Background

One of the most gilded industrial ages in American history is bounded by passage of the Sherman Anti-Trust Act in 1890 and organization of the Federal Trade Commission in 1915. This quarter century felt the first impact of Henry Ford's assembly line, and with it came the Malfactors of Great Wealth: the sugar trust, the harvester trust, the oil trust, the electric trust, even the ice trust. It was a time of rising clamor against "monopoly", and even business circles began to favor some sort of regulation in exchange for a more precise definition of their rights.

A special bureau had been established within the Department of Commerce to enforce the Sherman Act, but the enemies of trusts felt that neither the executive departments nor the courts were sufficiently enthusiastic over their war on industrial privilege. A Supreme Court decision in 1911 added weight to this view. In the famous Standard Oil and American Tobacco cases, the court held that the Sherman Act prohibited only "unreasonable" combinations that restrained trade. Thus each case would have to be examined individually to decide what was "unreasonable" and what was merely a combination.

The Presidential campaign of 1912 — that idealistic dogfight which saw Democrats, Progressives, Republicans, and Socialists in significant number — brought endorsement of a commission to regulate interstate trade and to aid the courts and Department of Justice in fighting trusts and "monopolies." The Interstate Commerce Commission, which had been in operation since 1876, commanded respect for the idea of independent agencies. The stage was set, and in 1914 Woodrow Wilson urged the Senate to establish a regulatory trade commission rather than the non-regulatory body which the House favored. His view prevailed, and formal operations of the Federal Trade Commission began the following year.

The men who had supported the Commission believed there was no better way to apply the rather vague concept of "unfair competitive trade practices," and they felt such an application was necessary to preserve an enterprise system which is truly free and competitive. Individual businesses should not, the argument goes, be allowed to either stifle their competition nor deceive their customers. These two closely related interests are essentially the same basis for Commission activity today.

The FTC polices the intricate operations of the nation's corporations in an effort to guard against arrangements which might produce harmful price discriminations, deals to arbitrarily set prices within an industry, or schemes to restrain free trade within the economy. It cannot punish an offender, but "prevents" abuses through the use of cease-and-desist orders. In many cases, the Commission needs only to point out a supposedly illegal activity and the practice is suspended quietly without the need for formal proceedings.

More important to most Americans, perhaps, is the FTC practice of stopping the production of unfair or deceptive advertising in newspapers, radio, television, or other communications media. The Commission has one office, for

example, which monitors selected television commercials on broadcasting stations all across the country. There are certain fairly distinct standards for what constitutes fair play in such commercials, but the FTC makes no effort to control such delusive qualities as taste.

The FTC still looks to the federal courts for legal support in some cases. In connection with this judicial review of agency rulings has been a prime cause of debate with all the regulatory bodies. Those seeking a restricted review by the courts hold that there can be no judicial supervision of a task which is legislative and that a review of constitutional questions would effectively guard legal rights without doing the commission's job twice. The other side argues that a broad, detailed review is the only way to protect everyone's rights and that a narrow approach denies due process of law.

Whatever the case, we need only remind ourselves of the tremendous growth which the American industrial system has experienced in the 45 years since the FTC was founded to fully appreciate the size of its job. The Commission's powers will always be a matter for debate, but its continuing concern with the complex activity of business has been of repeated value to everyone. When questions of FTC power and jurisdiction do arise, I think the problem should be immediately referred to Congress. There will then be less opportunity for a breakdown in the Commission's responsibility, as occurred in the radio-TV payola scandals.

AF Colonel Pleads Guilty To Theft

SAN ANTONIO (UPI) — Col. Harry H. Culler, assistant commander of Brooks Air Force Base, and a high-ranking civil service employe pleaded guilty Thursday to charges of stealing government property.

It was the latest development in a series of investigations by the Federal Bureau of Investigation into thefts at government bases in the San Antonio area.

Charged with Culler was Alfred F. Holder, 42, maintenance and construction foreman of the 3790th civil engineer group at Brooks.

Culler, 52, former commander at Randolph Air Force Base, and Holder were accused of stealing 171 feet of chain link fence and three metal gates belonging to the Air Force and using them on their private property.

Both were released without bond, and U.S. District Judge Ben H. Rice Jr. set sentencing for Oct. 27. The offenses are misdemeanors, and carry a maximum penalty of \$1,000 fine and one year in jail.

Culler has 29 years service in the Air Force and is scheduled for retirement in March, 1961. The Air Force said no action would be taken against him until the case has been disposed of by civilian authorities.

Russ Bloc Plans Walkout At U.N.

By BRUCE W. MUNN
United Press International
UNITED NATIONS, N.Y. (UPI)—The Soviet Union and its satellites appeared today to be building up to a walkout from the United Nations disarmament conference just as they did at Geneva last June.

Soviet Ambassador Valerian A. Zorin reinforced the warning earlier this week when he told the committee Russia would not "waste time" in the discussion unless the 99-nation group adopted Khrushchev's "complete and general disarmament" plan tied to reorganization of the United Nations.

Knife & Fork Club Thinks And Laughs

Serious thoughts were broken up frequently by anecdotes and humorous asides last night by the speaker at the October meeting of the Pampa Knife & Fork Club. Leo Aikman of Atlanta, a newspaper columnist, stuck to his theme, however, with serious and funny advice on "Travel At Your Own Risk."

Approximately 350 members of the club dined together in the high school cafeteria before adjourning to the auditorium for 60 minutes of enjoyable listening.

Daniel Flays GOP For Oil, Farm 'Hurts'

SAN MARCOS, Tex. (UPI) — Gov. Price Daniel charged the Republican administration Wednesday night with hurting farmers, raising high interest rates, increasing the national debt, excessive oil imports, and for vetoing the natural gas bill.

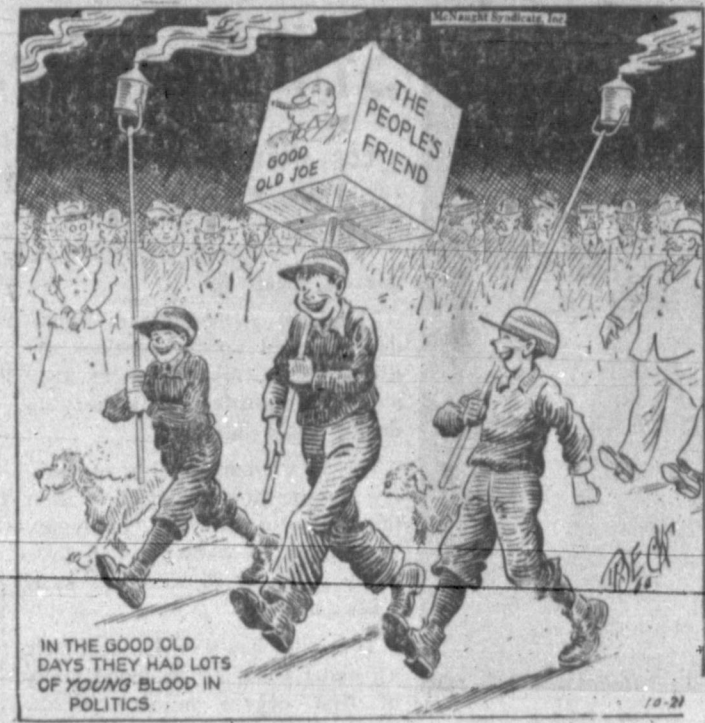

Johnson ticket "offers the best leadership." He said he would rather take his chance on defeating "objectionable" parts of the national platforms with a Democrat in the White House rather than a Republican.

The governor backed his objections to the Democratic platform, saying "none of us is inconsistent in voting for nominees although we disagree with and will oppose some of the planks in the platform."

"In this connection I would rather take my chance on defeating some of these objectionable proposals with John Kennedy and Lyndon Johnson and with a Democratic Congress than I would with Nixon, Lodge and a Republican congress," Daniel told a campaign rally.

JUST A MOMENT! THIS 'WHO'S WHO' HAS A LOT OF QUESTIONS HERE — THEY WANT TO KNOW WHAT OFFICES YOU'VE HELD, WHAT HONORS, AND WHAT CONTRIBUTIONS TO ART, LITERATURE — AND A LOT OF OTHER QUESTIONS — IF YOU HAVE A MOMENT!

Dear Abby...
You Gotta Take 'em
.....As Is!!!

ABIGAIL VAN BUREN

DEAR ABBY: I have asked different people this question and have heard all kinds of answers. I like Kennedy for President better than Nixon, but I would rather have Lodge for Vice-President than Lyndon Johnson. I don't want Lodge bad enough to take Nixon with him. Can I vote a split ticket and cast my vote for Kennedy and Lodge?

A VOTER

DEAR VOTER: Sorry, but you cannot split the ticket this way. It's either Kennedy and Johnson or Nixon and Lodge.

DEAR ABBY: I am a refined lady in my early forties. I neither smoke nor drink, have a good job and money saved. My problem is a man I have been dating for four years. He has a home, a good job, a wife and five children. He promised over two years ago he would leave his wife and marry me, but he hasn't done anything about it. I have learned that he isn't the boarder at home he said he was and he spends more time and money on his family than he claimed. Should I risk losing my job and self-respect and wait for this man? Or should I start looking for one who is free?

JANE DOE

DEAR JANE: A man who'd cheat on his wife would lie to his girlfriend. And if your friend should finally marry you, what would you have? A married man who cheats on his wife. Would YOU ever be able to trust him?

DEAR ABBY: Our daughter, who is 17, says that when her boyfriends bring her home, the parents should be in bed.

When they came in last night at 11:00 I was busy in the kitchen making cookies for the next day.

She acted like I had no business there. I'd like your opinion.

"IN THE WAY"

DEAR IN: If your 17-year-old daughter can tell you where you should be — and get away with it — you have my sympathy. Children don't become disrespectful and insolent overnight. It's not possible for me to accomplish in one paragraph what you failed to do in 17 years. Sorry.

DEAR ABBY: Was I wrong in telling my boyfriend that I felt cheap because he didn't tip the musicians? You see, we were at a night spot and there were three boys roving around with guitars. They asked if we had any favorite songs we wanted to hear. I named three and they played them. When they finished, my boyfriend said, "Thank you," period. I told my boyfriend he should have tipped them and he said he didn't think it was necessary. What do you think?

FELT CHEAP

DEAR FELT CHEAP: It is customary to tip the musicians if you accept their offer to play favorite tunes. Even a small tip would have kept your evening from ending on a sour note.

CONFIDENTIAL TO "OUSTED EVE": Time will not solve your problem. Bring everything out into the open and have a showdown.

Lottie Moon Circle With Mrs. Howard

LEFORS (Sp) — The Lottie Moon Circle of the Baptist Women's Missionary Union met with Mrs. Roy Howard for mission study on Tuesday morning.

Mrs. Jake Leggett opened the meeting with prayer. Mrs. C. H. Earhart was in charge of the study, "Across the Bridge." Mrs. Earhart read the prayer calendar and Mrs. Alvin Cates led in prayer for the missionaries.

Mrs. Howard closed the meeting with prayer.

Present were Mrs. Jake Leggett, J. D. Halley, C. H. Earhart, Alvin Cates, and the hostess.

The Hopkins, Nina Hankins, and Blanche Groves Circles dismissed their regular morning and evening meetings on that day to attend the Baptist Conference in Borger.

RUTH MILLETT

"There are only two of our old crowd who aren't married and we are beginning to feel like old maids."

How old was the girl who made that statement? Exactly 20 years old — and already beginning to feel forsaken.

Some of her crowd had married before they ever received a high school diploma. Several married the summer after they finished high school. And the rest — all but one other — had caught a husband in the first year of college.

Just two left — two old maids of 20. It's a safe bet they'll do their best to tie a young man down during the coming year, so they won't have to reach 21 unmarried.

For that is the trend of the times. Catch a husband early so you won't have to worry about getting left.

Never mind whether you or he have finished your education. Never mind whether he will be able to support you. Don't worry about what your future is going to be like if you limit your husband's earning capacity by putting his nose to the grindstone when he should be preparing himself to earn a living instead of having to earn one in any way he can.

Girls today are about as shortsighted as they have ever been. They are so eager for the security of marriage that they aren't the least bit concerned with the future.

They aren't willing to wait for that engagement ring and wedding band. In the rush not to be left the last of "the crowd" to be married, some of them aren't even choosy. They'll settle for just about any young man who can be led to the altar.

What today's teen-age girls need is to have a little more faith in themselves, to have a more venturesome spirit, not to be so eager for the security of a wedding band right now that they are too easy to please.

But try to tell them this and see how far you get.

You can't make them believe that the chances of a girl's getting a good husband and having a happy marriage are far better if she gives herself and her future husband time to grow up before they take on the responsibilities of marriage.

To remove the odor of onions or garlic from your hands before you go out for the evening, sprinkle baking soda on your hands, add a few drops of water, rub the paste in, then rinse.

Miss Johnson Is Feted At Shower

Miss Clo Ann Johnson, bride-elect of Gaylon Kerr, was guest of honor at a bridal shower given recently in the home of Mrs. Claude Wilson, 1801 Fir.

Assisting hostesses were Mrs. W. R. Morrison, Claude Wilson, L. J. Zachry, W. H. Fuller, L. L. Stovall, Jim Johnson, Earl Dodson, A. L. Prigmore, Mike Shepic, Elmer Wilson Sr. and A. Z. Griffin.

The honoree was presented with a corsage of yellow daisies. Corsages of white mums were given to the honoree's mother, Mrs. Owen Johnson and to the prospective bridegroom's mother, Mrs. Pauline Kerr.

The refreshment table was covered with white net over a yellow satin cloth which extended in a deep floor length ruffle. The table was centered with a bride doll standing on a mirrored reflector encircled with yellow daisies.

Mrs. Mike Shepic presided at the silver service, where yellow spiced tea was served with small, frosted yellow coconut cakes and mixed nuts.

Mrs. Jim Johnson was registrar for the approximately 70 guests who attended or sent gifts.

Emil Seedig Notes Seventy-Fifth Birthday At Family Gathering

Emil Seedig of Wheeler, retired cattleman and farmer, was recently honored by his family on the occasion of his 75th birthday.

The event was celebrated with a birthday dinner in Wheeler City Park.

Mr. Seedig, born in Bosque County in 1885, came to Wheeler County in 1916. He was retired from actively raising cattle, horses and farming in January, 1950 and now spends his time enjoying his seven grandchildren.

Attending the birthday party were one of two living sisters, Mrs. Mary Hasen of Booneville, Ark.; an only living brother, W. R. Seedig and wife of Santa Paula, Calif.; two daughters, Mrs. Everette Cole and family of Pampa; Mrs. Alvin

and family of Tulia.

Nieces, nephews and friends also attending were Mr. and Mrs. A. J. Seedig, Wilbert Seedig and Sheri Louise Seedig, Carl Phillips and Alvin, all of Perryton; Mr. and Mrs. Harvey Fichto and Ray of Holliday; Messrs. and Mrs. Henry Seedig and children; Julius Seedig and children, Mrs. E. FHA Group Attends Dallas State Fair

LEFORS (Sp) — Plans for the Future Homemakers of America Chapter to attend the State Fair in Dallas were made following a membership tea given recently.

Chapter members left from Stennett on Friday, following the Pirate-Rattler football game, and went by bus to Clarendon, where they boarded the train for Dallas.

They spent Saturday touring fair exhibits; attending a style show and visiting midway exhibitions. A tending the Ice Capades climaxed their State Fair visit.

During the business meeting, following the tea, Miss Karen Cumberledge was elected treasurer and Miss Barbara Smiley was named degrees chairman.

Plans were also made for the FHA supper to be served in the high school cafeteria between five and six p.m. during the Halloween Carnival. Advance tickets will be sold and pie and coffee will be sold in the homemaking room during the carnival.

World Order Sunday' Protestants To Ponder Threat of Annihilation

By LOUIS CASSELS United Press International

Protestant Christians throughout America will be asked Sunday to reflect, for a few minutes at least, on their personal involvement in the supreme moral problem of our time.

The problem is finding a way to halt the nuclear-missiles arms race before the world stumbles into a war of annihilation.

Its urgency is stressed in a special message which will be read from thousands of pulpits in connection with the annual observance of "World Order Sunday."

The message was drafted by the general board of the National Council of Churches, made up of 250 leaders of 34 major denominations.

It emphasizes that each citizen in this democracy has a personal responsibility to help develop and carry through national policies that will arrest the world's drift toward war.

Any Christian who takes this responsibility seriously will find himself grappling with a dilemma that has baffled and divided the best moral theologians.

It may be summed up as follows: Weapons technology is advancing at an incredibly rapid rate under the pressure of the U.S.-Soviet arms race.

U.S. and Russian leaders have recognized the mounting peril, and both have said that disarmament is the only way of averting it.

They say that Christian teaching has always held that war is morally defensible only under certain strict conditions: Namely, that the war is fought for a "just" cause, and that the evil which it entails will be outweighed by the good it may achieve in the restoration of peace and justice.

But nuclear pacifists say these conditions cannot possibly be met in any war fought with modern weapons of mass extermination.

They assert therefore that Christians must renounce the use—or even the threatened use—of such weapons.

They acknowledged that unilateral renunciation of H-bombs by the United States and its free allies might invite rapid Communist conquest of large areas of the world.

They said that Christians cannot accept the present stalemate as insoluble, nor ease their consciences by pointing out that it is mainly Russia's fault.

ageously, desperately—for a fresh approach that will work.

The National Council message for world order Sunday points out that this quest cannot be left to statesmen and diplomats. It calls for hard thinking—and praying—by every Christian.

Dr. W. F. Howard, director of the division of student work for the Baptist General Convention of Texas, said that "it is just as much a missions endeavor for the students who give sacrificially so others can go, as it is for the 16 singers selected to make the tour."

Other members of the group will be selected by a 13-member committee which will hold auditions and screen applicants to find the best among the state's 45,000 Baptist students.

Baptist Choir Plans To Tour The Far East

WACO (Sp) — Baptist students in Texas will send a 16-voice choir on a two-month singing crusade and goodwill tour of the Far East next summer.

The tour, the first of its kind in the nation, was approved by more than 2,200 students attending the closing session of the 41st annual Baptist Student Union Convention here Sunday.

A tentative itinerary for the trip includes sacred music concerts and evangelistic meetings in Indonesia, Bangkok, Formosa, Hong Kong, Japan and possibly Korea.

In a standing "vote of commitment," students attending the Convention pledged to help raise \$28,500 to finance the trip.

Many of the students will wash cars and mow lawns during special work days to help raise the missions fund. Annual summer missions offerings are taken on many of the college campuses in Texas.

Dr. W. F. Howard, director of the division of student work for the Baptist General Convention of Texas, said that "it is just as much a missions endeavor for the students who give sacrificially so others can go, as it is for the 16 singers selected to make the tour."

The students elected Dan Pratt, Baylor University graduate student who toured Indonesia two years ago as a summer missionary choir director.

Other members of the group will be selected by a 13-member committee which will hold auditions and screen applicants to find the best among the state's 45,000 Baptist students.

Hobart Street Baptist Church Readies Revival

Hobart Street Baptist Church will begin an eight-day revival Sunday, with the Rev. Harold McGlamery.

ern Baptist Seminary, Fort Worth, and taught school in Ardmore, Okla., and Fort Worth, prior to begin ordained to accept his first pastorate at Mannsville, Okla., in 1939.

The Rev. Mr. McGlamery is widely-known as an evangelist throughout the Southwest, having conducted revivals in Texas, Arizona, New Mexico and Colorado and other states.

Coffee was born in Hempstead, N.Y., and moved to Texas when he was 11 years old. Following his graduation from Pampa High School he attended Wayland College and gained his degree there.

He was vice president of the Christian Youth Organization of Pampa, and while in college was minister of music and youth for Crowell, Claude and Abernathy churches.

Coffee has held pastorates at Floydada and Picton and now is pastor of the Country Estates Baptist Church, Midwest City, Okla., as evangelist.

Ken Coffee, a 1952 graduate of Pampa High School, will be minister of music.

Services will be conducted nightly at 7:30 o'clock, with a 10 a.m. service scheduled Monday through Friday.

Each night has been designated to honor a certain group of people. Monday will be men's night, Tuesday will be ladies night, Wednesday will be kid's night, Thursday night and Friday will be family night.

Saturday night has been slated as good neighbor night and Sunday night will mark the conclusion of the meetings.

The Rev. Mr. McGlamery was educated in Oklahoma and Texas schools and graduated from Oklahoma State University in 1937. He gained his THM from Southwest

Rev. Leonard Accepts Call To Bonham

McLEAN (Sp) — The Rev. Jesse R. Leonard, pastor of the First Baptist Church of McLean, has accepted a call to the Seventh and Main Streets Baptist Church, Bonham, and has resigned his pastorate here, effective Nov. 15.

The Rev. Mr. Leonard took the McLean pastorate in 1957. In that time membership has grown from 421 to 596 and Sunday School attendance average has climbed from 194 to 233.

Several construction projects have been started and one, the \$7,500 nursery has been completed; work has begun on the \$100,000 sanctuary and a contract has been let for the remodeling of the church and educational buildings, and a youth center has been established in downtown McLean.

The Rev. Mr. Leonard is a native of Mobeetie and a graduate of Wayland College, Plainview.

The Rev. L. C. Pennington, pastor of the Church of God, will speak on "Is Jesus Coming? What will be the condition of the World at His Coming?" during the 11 a.m. service Sunday in the church.

His 7 p.m. sermon topic will be "Five Minutes After Jesus Comes, What Then?"

Special music has been prepared for both services, the minister announced.

Special Observance Invitation To Pray Extended Catholics

Catholics throughout the nation are being invited to say the Rosary daily and, in these times of world tensions, to offer them, for peace throughout the world," Fr. Cashman stated.

The first day of the month was marked by a procession by school children in the church. This was a part of the ceremony held in all churches of the Archdiocese of San Antonio, of which the Pampa church is a member.

Rosary devotions are held daily in the church at 7 p.m. except on Wednesday when devotions are held in conjunction with the regular Novena at 7:30 p.m.

Nixon, Kennedy In Accord On Power Of Bible

Vice President Nixon and Senator John F. Kennedy disagree on some topics, but they agree entirely on one point — the dynamic power of the Bible.

Both candidates for the Presidency have sent statements endorsing National Bible Week to Edward C. Werle, chairman of the board, New York Stock Exchange, and national chairman of Bible Week. This year marks the 20th annual observance of the Week. Its theme is, "The Bible — Strength of Our Nation."

Nixon said, "It is indeed a pleasure to extend greetings to you and the members of the Laymen's National Committee as we Americans commemorate National Bible Week beginning on Oct. 17th."

"There is a phrase constantly repeated in the Psalms which I believe should guide all Americans: 'Our strength is in the Lord.' The real greatness and strength of a people are moral, not material, and lie in the justice of our cause, not the power of our armies. The genius of America is intertwined with faith in a sovereign God and the need of America today is for men and women who have a personal vital faith in God. 'National Bible Week, by reaffirming the value of the Bible in our lives, contributes not only to our understanding of such faith, but also contributes to the spiritual and moral greatness of our nation.'"

In his statement, Senator Kennedy has quoted the Old Testament — Micah VI, 8:

Rev. Adcock Lists Topics For Sunday

The Rev. Woodrow Adcock, pastor of the First Methodist Church, will use as his sermon topic for the 7:30 p.m. services Sunday, "The Word of a Woman."

His topic for the 8:30 a.m. and 10:55 a.m. services will be "God as King." The Carol and Wesley choirs will present the anthem "The Seven Joys" for the early morning service, while the Sanctuary singers will sing "Cantata Domino" during the late morning service.

Sunday evening fellowship will be held at 8 p.m. in Fellowship Hall, with a planned activities program slated to begin at 8:30 p.m. The Rev. Mr. Adcock will continue the study of the Bible at this time in Fellowship Classroom.

Central Baptist Will Climax Revival Sunday

Revival services which have been in progress at the Central Baptist Church since last Sunday will be brought to a climax this Sunday with record expected attendances.

The Rev. Jack O'Neal, pastor of the River Oaks Baptist Church, Sunnyvale, Calif., is the evangelist.

Worship services Sunday morning will be at 8:30 and 11 o'clock. Sunday School is to begin at 9:45, training Union will begin at 6 p.m. The evening service will be at 7 p.m.

Hugh Sanders, minister of music, will meet the Chapel Choir in rehearsal at 5:15 p.m. Sunday. The church will rehearse at 9 p.m. Wednesday. The Concord Choir will meet Thursday at 4 p.m.

Conner Sets Address To Witnesses

Nixon's Hair Is All There

NEW YORK (UPI) — Herbert G. Klein, Vice President Richard Nixon's press secretary, denied Thursday night reports that the Republican presidential nominee is wearing a hairpiece.

"I've heard all kinds of charges in this campaign, but this is the silliest," Klein said. "It's obviously and definitely false."

Bomb Hoax Nets 'Charity' Picture

LOS ANGELES (UPI) — Stanley W. Carlson, 77, of Greenfield, Calif., was ordered by a judge Thursday, to donate \$10 monthly to a charity for five years.

The unusual sentence followed Carlson's conviction of making a false report June 16 that a bomb was on an airplane.

U.S. District Judge William C. Mathes said Carlson could make the payments to the charity of his choice. The judge gave him a suspended one-year jail sentence.

Prodigal Son To Be Topic Of Rev. Riley

"The Prodigal Son, 10 Years Later," will be the sermon topic of the Rev. Jack Riley, pastor of St. Paul's Methodist Church, for the 9 a.m. and 11 a.m. services in the church Sunday.

Mrs. Riley will be soloist for the early service, singing "Why Should He Love Me So," and the choir will offer "My Task" for the 11 a.m. service.

A PLACE FOR THE LORD

I will not give sleep to mine eyes, or slumber to mine eyelids,

Until I find out a place for the Lord, an habitation for the mighty God of Jacob. Psalms 132:4,5

God had been good unto His people, the Israelites. He had heard their cry when under bondage, in the land of Egypt. He had loved them, delivered them, and brought them into the land of "milk and honey." With his help they had driven out or exterminated the inhabitants of the land. Now David "sat in his house, and the Lord had given him rest round about from all his enemies." 2 Samuel 7:1. But in the next verse he speaks to Nathan, the prophet, "See now, I dwell in a house of cedar, but the ark of God dwelleth within curtains." His spirit is stirred within him and he is conscience-stricken when he realizes that he lives in a beautiful and expensive home while the ark of God, a symbol of the Divine Presence, still rests within a tent. Therefore he gives vent to his feeling while writing our chosen text, and he declares with determination in his voice that he will not sleep until he provides a shelter for the ark of God. He did not have the privilege of building the temple himself, but he paved the way so that his son, Solomon, could do so.

Today, God has shown us His love, mercy, and compassion. His blessings have been without number. But how have we treated Him? Do we take the best in life, and give God second best? Neighbor, let us "find out a place for the Lord" in our lives. Only then will we experience that satisfying peace that only He can give.

Iowa, Ole Miss To Meet Tough Foes Saturday

By DICK JOYCE
United Press International

Iowa and Mississippi, the country's top-rated teams, will be hard-pressed to retain their rankings from 1959 national champion Syracuse when college football once again captures the spotlight on Saturday.

Iowa, present kingpin of the powerful Western Conference which boasts four of America's top 10 teams and seven of the first 16, is a nine-point favorite to down Purdue at home. The Buckeyes are undefeated in four starts and were voted the No. 1 team in the most recent balloting of the United Press International Board of Coaches.

Purdue is rated eighth and will rely on its size and power to offset Iowa's eye-dazzling speed.

Mississippi is also a nine-point choice against an equally unpredictable foe in Arkansas. The Razorbacks upset Texas by one point last week and have lost only to undefeated Baylor in five games. They also will have the advantage of their home stadium. Ole Miss has won five games without a defeat, its last conquest coming over Tulane.

Syracuse has twice come within a bad bounce of defeat, but should have no difficulty in run-

ning roughshod over winless West Virginia. It would take nothing short of a football massacre to satisfy the pride of last year's national champions.

Major contests which are rated close to even by the oddsmakers include the traditional battle for the Little Brown Jug between Michigan and Minnesota, the Southwest Conference game between Rice and Texas and the inter-sectional meetings of Pittsburgh-Texas Christian and Illinois-Penn State.

Although Minnesota is ranked fifth and Michigan 16th, the Wolverines now are favored by 1 1/2 points to win this 51st contest of a bitter rivalry at Ann Arbor. Michigan was lucky in getting a 14-7 decision from Northwestern last week while Minnesota defeated Illinois, 21-10, to maintain its perfect record.

Texas, which has won three games by shutouts—but was beaten the two times its defense was broken, is a one-point underdog in the night game at Houston. Rice has won three of four, including a 47-0 romp over Southern Methodist last week.

Pittsburgh, loaded with potential, finally broke a frustrating slump last Saturday with a 42-0 victory over West Virginia and is a two-point pick at Fort Worth. TCU fought to a 14-14 tie with Texas A&M in its last outing.

Illinois has split its four games and is picked by a point against a Penn State squad that came within feet of upsetting Syracuse last week.

Fourth-ranked Navy proved its class against the Air Force Academy last Saturday and is tabbed by a solid 21 points over Pennsylvania.

'O' Leads Royal Win

By United Press International

Oscar Robertson says he's learning more with every game in the National Basketball Association, but off his first two performances how much better can he get?

Robertson sparked a last-half rally that gave the Cincinnati Royals a 113-105 victory over the New York Knickerbockers at Madison Square Garden Thursday night. He scored only seven points during the first half, then cut loose with 21 in a brilliant all-around second-half performance.

As knowing an old hand as Joe Lapchick, present coach of St. John's and formerly of the Knickerbockers, feels the Big O can't help becoming one of the greatest stars in pro basketball.

"He does everything," lauded Lapchick. "It's not only his scoring but what he does on defense in blocking shots and stealing the ball."

Few among the crowd of 7,184 knew that Robertson was hampered during the first half by a heavy pad which he wore on his hip to protect a bruise. He removed the padding during the second half and moved much more freely, although he refused to use this as an alibi for his limited first-half production.

"I was careless with the ball in the first half," Robertson said. "And Richie Guerin did a good job of guarding me."

"You learn something every time you play in this game," he continued. "And you have to make it work to your advantage."

The Royals trailed, 63-51, before Jack Twyman and Robertson organized a drive that tied the score at 78-78 at the end of the third period. Twyman wound up with 23 points while Willie Naulls of the Knicks was high scorer with 37.

It was the second straight victory for the Royals, who won only 19 games in finishing last in the Western Division of the NBA last season.

Yankees, Birds Head AL 'Stars'

By FRED DOWN
United Press International

NEW YORK (UPI)—Bill Skowron, Mickey Mantle and Roger Maris, the musclemen who led the New York Yankees to a new league mark of 193 homers, were named today to the United Press International's 1960 American League All-Star team.

The Baltimore Orioles, who challenged the Yankees for the pennant until the final two weeks of the season, were also honored with three selections: shortstop Ron Hansen, third baseman Brooks Robinson and pitcher Chuck Estrada.

Also named to the team of eight regulars and two pitchers by the UPI's 24-man board of AL experts were catcher Earl Battey of the Washington Senators, second baseman Nelson Fox and outfielder Minnie Minoso of the Chicago White Sox and pitcher Jim Perry of the Cleveland Indians.

The closest to a unanimous vote was achieved by Robinson, who outplayed Earmon Killebrew of the Senators, 23-1, at third base. Robinson, 23, was a brilliant performer all season for the Orioles and hit .294 in 152 games.

Skowron, Mantle and Maris combined this year to hit 105 homers and drive in 297 runs. Skowron batted .309, hit 26 homers and drove in 91 runs; Mantle hit .276 with 40 homers and 91 runs batted in; and Maris batted .283, hit 29 homers and knocked in 112 runs.

Hansen and Estrada were two of the sensational rookies who enabled the Orioles to make a spectacular bid for the AL pennant. Both were with Vancouver of the Pacific Coast league in 1959 but handled themselves like veterans in the heat of the AL pennant battle.

Hansen, a gangling shortstop, fielded magnificently and wound up hitting .255 with 22 homers and 86 runs batted in. Estrada, a right-handed fastball pitcher, had an 18-11 record and a 3.57 earned run average.

Houk Tells Who's 'Boss'

NEW YORK (UPI)—Ralph Houk stepped into his new job as manager of the New York Yankees today with the quiet assurance that "I'm the boss and the club will go on winning."

The first change indicated by the 41-year-old new boss of the American League champions was the possibility of some coaching switches. Houk is understood to want to hire ex-Yankee Hank Bauer as one of his coaches.

"This club isn't going to drop dead," the ruggedly handsome Houk told reporters. "How can a team with Mickey Mantle, Roger Maris and Bill Skowron drop dead? It's going to go on winning."

Houk then used the words employed only 49 hours earlier by Casey Stengel, when the 70-year-old pilot who had led the Yankees to 10 pennants in 12 years was asked, to describe his position: "For your information," he said, "I'm no yes man."

Stengel had implied at Tuesday's press conference that the front office had tried to interfere with his handling of the club. Co-owner Dan Topping has said he fails to understand what Stengel was talking about.

Houk, a native of Lawrence, Kan., who has the poise of a fellow who rose from private to major in the Rangers and fought at the Bulge and Bastogne, made a strong impression at his first press conference as the "boss." He smoked placidly on a long cigar, caught and fired back a steady stream of questions and seemed completely at ease.

Expects Few Deals

"I don't think you can expect us to make a flock of deals," he said. "A club that wins a pennant rarely does."

Houk was asked if he planned to use the same tactics that Stengel used with the club.

"I don't think I'll platoon as much although I will platoon some," said Houk. "I was around Casey quite a bit and I think I learned something."

Browns, Eagles Clash In Top NFL Skirmish

United Press International

The free-wheeling Philadelphia Eagles face a make-or-break game at the early stage of the National Football League season Sunday when they play the unbeaten Browns in Cleveland.

Cleveland (3-0), with the only perfect record in the league, was a 10-point favorite to beat the Eagles (3-1) for a second time this season. The Browns won their first meeting, 41-24, in Philadelphia.

The Baltimore Colts and Chicago Bears, who share the Western Division lead, are on the road this weekend against teams that have not yet won a game. Baltimore was picked by 14 over the Detroit Lions and the Bears by 6 over the Los Angeles Rams.

The Green Bay Packers, idle last week, resume play as 9 1/2-point favorites at Milwaukee against the San Francisco Forty-Niners; the St. Louis Cardinals were 10 at home over the winless Dallas Cowboys; and the Pittsburgh Steelers were rated even against the Redskins at Washington. The New York Giants have an off-day.

In the American Football League, the New York Titans (4-2) were slim favorites at home to beat the Houston Oilers (4-1) in a key game for the Eastern Division lead; the Denver Broncos (3-2) were picked over the Boston Patriots (2-3) at Denver, and the Oakland Raiders (3-3) were slight favorites over the Bills (1-4) at Buffalo.

Cleveland has been described by coach Jim Lee Howell of the Giants as "far and away the best team in the league." With half-back Bobby Mitchell outdoing Jimmy Brown in ground-gaining, the Browns have rolled up more points (117) in three games.

UT Sour Grapes Dims SWC Scene

By BRYCE MILLER
United Press International

Southwest conference officials and one of the two coaches involved today shucked off charges of "incompetent" officiating at last week's Arkansas-Texas football game.

H. J. Ettlinger, former University of Texas athletic director, made the charge Thursday in an open letter to all league officials. He accused game officials of ignoring violations that threatened to turn the game into a brawl.

And he said that they failed to call Arkansas players for "using their knees on a ball carrier" after he was tackled, and which resulted in injuries to several Longhorn backs.

Abb Curtis, supervisor of conference officials, said he saw the ball game too, from the stands, just like Ettlinger, and as far as he is concerned, the officials did a fine job.

"I wasn't aware of any undue roughness," Curtis said.

Arkansas coach Frank Broyles commented "it was a good, hard, clean fought ball game as far as I'm concerned."

Arkansas won the game 24-23 on a last second field goal.

Darrell Royal, Texas mentor, said he was so busy getting ready to play Rice this weekend he hadn't noticed any fuss Ettlinger was stirring up, but at any rate, he had no comment to make.

Arkansas was pretty busy too, getting ready for nationally-ranked Mississippi, which meets the Porkers on neutral grounds at Little Rock.

Rebel coach Johnny Vaught, a native Texan who starred at TCU, says the ranking has its good and bad effect. On one side, it spurs his team to greater effort.

"But it stimulates the hell out of the opposition, too," he said.

Dixie White, Arkansas offensive coach, said he didn't think 'O' Miss has any defensive standouts.

"That's the problem," he said.

"They've got a whale of a defensive team up and down the line... the finest defensive bunch I've seen in a long time."

Vaught said his biggest problem was pass defense.

"Everyone we've played has thrown more against us than against anyone," he said. "We realize how much George McKinney hurt Texas with his passing, and we're been working this week to try to stop it."

Porker fullback Joe Paul Alberty, who sprained his foot against Texas, wasn't expected to play Saturday. But left guard Charlie Moore who was injured in the Tulsa game, is expected to be ready for action.

Royal moved John Allen Cook into the Steers' starting lineup and said fullback Ray Poage would be only used on a limited basis against Rice because of a badly bruised hip. Practice wound up Thursday, with light polishing drills and emphasis on pass defense.

Rice guard Rufus King, slowed by injuries in the Florida game, was back in pads for Thursday's workout, determined to play against Texas. Bill Whitmore, Rice publicist, said it looked like the 70,000 seat Owl stadium would be sold out by game time.

Babe Craig, the Texas Aggies top punter, was nursing a bad back and coach Jim Myers said he may see only limited service against Baylor in Waco. Otherwise, the Cadets are in good physical shape for the Bruins.

In Dallas, SMU coach Bill Meek said a "new" pair of halfbacks may see service this weekend

Harvesters Take Time Off For Annual Photos

Pampa Harvesters will turn movie stars for the day this afternoon as the first part of practice will be devoted to picture taking for this year's Pampa High School annual.

Following the picture session, Coach Babe Curfman plans to send his recuperating forces through a brisk workout although the Harvesters don't play until Oct. 28 when they go to Palo Duro.

"We won't work much today," Curfman said. "I think we're doing better by letting the boys get well than working real hard this week. But, we'll get after them Monday."

Curfman, who is beginning to wear a rut between the practice field and the hospital, had boys check out of the hospital yesterday — Duke Garren and Bud Crossland — but, as usual, another go in as Bob Follow entered for a checkup.

In other good news, Curfman said that Randy Matson, who has been out of action over a month, should be ready to play against Palo Duro. Also, Lucky Dunham, sidelined with a separated shoulder, is to have the sling removed this weekend and may be ready to play against the Dons Friday.

Fullback Steve Dobbin, down with a bad back, hasn't worked all week but Curfman felt that the powerhouse back would be ready to go full speed by Monday's workout.

Tonight will not be a night rest, however, as Curfman and aides will spread out to scout Harvesters' upcoming opponent. Same goes for tomorrow night when Berger hosts Tom S. Lubbock.

Harvesters Man Gasoline Pumps

Pampa Harvester gridders will bend their backs to a different type of toil this weekend, thanks doubly to an open date tonight and the generosity of a Harvester Quarterback Club member.

The majority of the Pampa footballers will trade shoulder pads for dip sticks Saturday and Sunday at Joutet's Mobil Service, 900 W. Wilks, for two days of work aimed at the annual football banquet later in the year.

Wallace Joutet, owner, has earmarked all the profits from the two-day gasoline sales for the banquet and urges Pampans to fill up with gas and meet the Harvesters at the same time.

Shockers Fall To Palo Duro

AMARILLO — Palo Duro's 'B' team converted four Shocker mistakes into touchdowns here yesterday afternoon to defeat the Pampans, 32-8, and hand the Shockers their fifth defeat of the year.

Palo Duro's only 'earned' TD was its first, when the junior Dons marched 70 yards to score early in the first quarter. Then, two Shocker fumbles deep in Pampa territory gave the ball to Palo Duro and they turned both into second quarter touchdowns to lead 19-0 at halftime.

A long punt return racked up Palo Duro's fourth touchdown in the third quarter and the Dons turned a blocked punt into its final score of the day.

The Shockers lone tally came at the end of 65-yard drive in the fourth period. Sparked by the running of Fullback Harry O'Neal, and

Halfbacks Dickie Hafley and Riley Walters, the Pampans moved the ball to the eight where Quarterback Howard Reed carried it over. O'Neal ran over the conversion points.

Defensive standouts were Jack McNeil, Johnny Pierce, Jim Hoyer, Carl Clark, Dee Wright, Corky Godfrey, Gerold Been and Mike Stewart.

Talking today, Coach Norm Phillips felt that the Shockers played a good game, despite the score.

"We ran hard, tackled hard and blocked well, but you can't fumble away the ball and expect to win," Phillips said.

"Palo Duro had a good club and it could move the ball well. They were big too, although not as big as Lubbock's Cowhands."

STEELERS SIGN MORRIS
PITTSBURGH (UPI)—Defensive halfback Jack Morris, former University of Oregon star who played two seasons with the Los Angeles Rams, has been signed by the Pittsburgh Steelers. Don Sutherland, who had been used on kickoffs and in the defensive secondary, was released to make room for Morris.

First Norther Chills Gulf Fishing Scene

By KYLE THOMPSON
United Press International

There is, however, a possibility of some returning shower activity by late Sunday.

Even before the norther moved in this week, heavy rains along much of the coast kept fishing at a near standstill.

But earlier in the week—before muddy rainwater filled streams—there was a real run of redfish not equalled in years along the mouth of the Colorado River near Matagorda.

Numerous catches of 50 to 70 were reported before the river muddied up at mid-week.

Forecasters in Houston say much of the strength of the norther will be gone by late Friday, and by Saturday conditions should be very good as far as the weather is concerned. Winds on Saturday should be variable, and might even be back in the southeast by late in the day. And temperatures will be a little warmer.

Du Pont announces the first and only **NEVER DRAIN ANTI-FREEZE & SUMMER COOLANT**

Telar

Contains patented Color Check to watch your cooling system for you! Nobody wants to drain anti-freeze—and with Du Pont "Telar" you no longer have to!

"Telar" is the first and only anti-freeze you can safely leave in as long as your car's cooling system is mechanically okay. "Telar" is a summer coolant, too. And it contains patented Color Check to watch your cooling system for you.

Aren't there other anti-freezes you don't have to drain? None! Manufacturers of all other anti-freezes recommend draining.

Why doesn't "Telar" need draining? "Telar" is a patented new formula exclusive with Du Pont. It stands up and stays fresh where others break down. When mixed with ordinary water, it rust-proofs every engine metal—even the new aluminum alloys—with a chemical armor. This chemical armor is not just a film that can wear off; it becomes part of the metal surface, preventing rust from forming.

How does "Telar" maintain cooling in summer? "Telar" has a higher boiling point than water. "Telar" prevents rust clogging, chief cause of engine overheating; it keeps the cooling system clean and free flowing. It's ideal for cars with air conditioning.

What is Color Check? It's an exclusive feature of "Telar". If mechanical cooling system failure contaminates the solution of "Telar", Color Check tells you so by changing the solution's color from red to yellow. It is the only time you drain and replace "Telar". In Du Pont's five years of tests this rarely happened.

What about cost? "Telar" saves you money. You add it to ordinary water. And it goes in for keeps, not just for one year.

Only \$7.00 to \$9.00 worth of "Telar" protects most cars completely...

Only \$3.00 to \$5.00 for compact cars

Unions Exploit Elderly

In a foregoing editorial observation, we brought to our readers the news that most of our elderly citizens are well able to take care of themselves and certainly plan on doing so.

In the ensuing article we wish to reveal what happened when information from the Foundation for Voluntary Welfare was made available to the state of Illinois and a state conference was called by the Illinois Public Aid Commission which resulted in a vote of more than 40 to 3 in opposition to ANY federal funds for medical care for the aged. This conference, in fact, decided overwhelmingly that responsibility for the elderly belonged either with the individual aged themselves, or could readily be handled by the family or by local sources.

But the three persons who opposed the sensible and economic approach to the welfare problem were apparently under the influence of CIO labor bosses. And as such they raised such a ruckus after the meeting that Wm. L. Rutherford, an attorney and chairman of the meeting, was contained to write an official letter to the Public Aid Commission explaining what had happened at the meeting and directly after it, when the CIO stoges tried to wreck the proceedings.

His letter to Mr. Harold Swank of the commission, in part, is as follows:

"Because of the surprising bad behavior of two or three individuals who interrupted the course of the reports and made a considerable scene after the meeting, it appears that I state to you the exact language I used in closing the meeting yesterday in Springfield:

White Collar Goon

We have been particularly fascinated lately to observe the posturings and posings of one Cyrus Eaton, Cleveland investment banker, who seems to cling to the Russian orbit with the greatest of ease.

Not a few staunch Americans have observed Mr. Eaton's appointments with Khrushchev, his hobnobbing with Castro, and so on, and have lamented the fact that Mr. Eaton apparently loves Russia and things Russian, or perhaps loves Cuba and things Cuban, more than he seems to care for things American.

But, as secrets will, this one is apparently out. Cyrus Eaton has been playing footsie with the Socialist crew for years. And the place where the footsie is becoming apparent is right here in this country and not in Moscow or Havana.

For instance, the Nashville Tennessee, in a copyrighted story about the United Mine Workers Union, shows that Mr. Cyrus D. Eaton, aforementioned, is the recipient of sums advanced to him by the U.M.W. with which sums, Mr. Eaton purchased the Nashville Coal Company for a reported \$21 million.

Nor is this either the first nor the largest advance of funds from union to Eaton, by means of which Eaton steps forward and takes control of a business which is then managed by the union, operating thru its stooge. According to this same newspaper: "Through huge sums advanced to Eaton, the U. M. W. has obtained control of West Kentucky Coal Co., Madisonville, Ky., largest single coal supplier to the Tennessee Valley Authority, holding as collateral more than half the company's stock.

"The union also has heavily financed the nation's coal industry in several states and has made loans totaling several million dollars to high union officials and the U.M.W.'s National Bank of Washington."

Here is a most interesting unfoldment of a harmony of interest between the United Mine Workers, the coal mine owners, and Mr. Cyrus D. Eaton, who now appears to be a sort of white collar labor boss.

It is certainly no longer mysterious as to why this same Mr. Eaton is buddy-buddy with the crew from the Kremlin. Since the whole purpose of the Russian experiment, the U. M. W. experi-

"It is with regret that a fine meeting such as this must end on this note. Please forgive my use of the first person singular, but it is my problem and I intend to meet my responsibility. To avoid any misunderstanding, however, I will share the problem with you.

"Yesterday afternoon my remarks were, as promised, brief and specific. I stated this was a citizens' meeting, open and free from direction or domination by any individual group or agency and that the method of operation was up to each subject group as it chose.

"I stated I would be present and available outside of this door during the entire time and if anyone had any suggestion or comment or objection or any problem he wanted discussed, to please come see me and such matters would be handled immediately at that time. I was outside of the door yesterday afternoon, last evening, and all of this morning. No one came with any problem or objection.

"I stated with a subject as involved and complicated as the subject of this meeting—and the number of people present we obviously could have no discussion of reports at final reading as time and purpose would not permit it.

"I stated that each person working in a section undoubtedly had knowledge of other fields in his section and have confidence that his counterpart in other sections would do likewise. The information covered in many hours and weighed could not be properly re-weighed piece - meal. Certainly, practically any point could be changed by someone on any subject.

"All of the reports as read here

ment and the Eaton experiment is to advance the cause of socialism, there is certainly every reason for a close alignment of working forces.

Thus we see by this report and by the many other reports which have come concerning the peculiar antics and actions of Cyrus Eaton that the following chain of circumstances is being deliberately exploited:

1. Unions are advancing more and more into the field of enterprise, seeking to drive out private owners and converting legitimate businesses into union-owned rackets.

2. In order to operate without full public awareness of this clandestine and stealthy procedure, the United Mine Workers, at least, has seen fit to deal thru a middle man named Cyrus Eaton, a man who plays fast and loose with American ideas and rushes off to Moscow every now and again when someone in this nation hurts his sensitive feelings.

3. In order to keep the public still further in the dark, the whole transaction follows the pattern which was discernible locally a few years ago in a parallel case. The union advances sums of money to a "patsy" who will act for it, pretending to act only for his own interests. This "patsy" pretends to be an independent investor. Actually, he is only a front man acting for the union-with-union funds. Sometimes it is claimed these funds are "borrowed."

4. With union funds, the "patsy" moves in and acquires either the original business wherein the union was having some kind of difficulty organization-wise, or sets up a competing business for the purpose of driving the legitimate operator to the wall.

5. Meanwhile, irrespective of the way the procedure goes, the effort is made to weaken the concepts of private ownership and private responsibility; to turn ordinary businesses into rackets, run by union gangsters; and otherwise to undermine the private property, free enterprise system.

But at least in the case of Cyrus Eaton, the record is now cleared. Eaton favors socialism, is under obligation to the United Mine Workers, which agency is strongly socialistic, and has been opposing private property relationships even as he poses as an industrialist and investment banker, which, precisely speaking, he is not.

Biologists Make Curious Statements

Isn't it curious that so many biologists say, "We can never know what life is", and in the next breath they may tell us, "There is no life after death."

If they do not know what life is, how can they be so certain that there is no life after death? Jesus said: "I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live: And whosoever liveth and believeth in me shall never die." (John I, 25, 26)

If an unborn babe could think, it would no doubt be certain that its life would end at birth. How could it continue existing after it was separated from its source of nourishment and oxygen.

With reference to the future life, we are unborn babes. There is no evidence whatsoever that life ends at death; while there is every reason to believe that an all-powerful God, capable of making as wonderful a thing as human personality, would not snuff it out of existence after lavishing so much care on its development. The older we grow, the wiser, richer and more comprehending we become. Surely, an all-wise, all-loving and all-powerful God would not bring this about only to suddenly destroy it.

No artist would destroy his handiwork and no musician would burn up the scores he had written. Would God lead human beings to cooperate with Him in developing their personalities, and then at a time when they reached their highest attainment, suddenly destroy them?

Moreover, we have the word of Jesus that He was going to prepare a place for us. And we have the work of St. Paul telling us that we have not seen, nor heard, nor can we imagine the things that love God.

Most of the intellectual and spiritual giants who have lived on this earth have believed in life after death.

were printed last night in practically the same form and available by breakfast for everyone. In my judgement further discussion at this time will serve no useful purpose. Anyone is at liberty to write any comments to the Council for consideration and such comments will be as fairly, as promptly, and as extensively reviewed and acted upon as the Council shall deem feasible.

"The meeting was adjourned.

"Immediately after the meeting the irate Mr. Erwin Klaas angrily shouted that if he had known there was going to be a vote he would have brought 30 down from Chicago and out voted us. He also stated that the call he had received during the meeting was from the National CIO headquarters in Washington 'ask inquiring what in the hell is going on out there and telling me to take care of it.'

"It is shocking to think of Kremlin tactics in the areas of thoughtful consideration of the problems of our older people. That the CIO members would be completely quiet and unconcerned until their Washington headquarters had told them to turn on the fireworks evidently and either for publicity purposes or to destroy the constructive efforts, to make such a scene would anger any fair-minded person. That they so lightly regard the difference between delegates and simply a mob 'to out vote' is sinister beyond words."

Could it be that unions and their stooges have simply made use of the elderly as a reason to place horrible tax burdens upon the workers whose cause unions theoretically espouse? It appears that this is, indeed, the case.

However, it is encouraging to note that responsible people all across the country are beginning to take note of the facts that: 1) the elderly are not supplicants and victims, but rather fine and upright people ready to take care of themselves; 2) that labor unions and their stooges are acting in favor of political power and prestige for themselves and not on behalf of the working man; 3) that politicians in both parties have been and still are trying to make a mendicant class out of the elderly people for their own aggrandizement and the enhancement of their power and prestige.

If people generally learn of these things, we'll all have a lot more freedom and more of our own money, and the enormous burden of union and political racketeering will be minimized.

The Objective

One Can't Be Bashful During A Campaign

By WESTBROOK PEGLER

Vice President Nixon is for some mysterious reason bashful about pressing Senator Kennedy on the guilt of the Democratic Party in the development of Soviet Russia's enormous power. In two stilted "debates" he flinched from the opportunity to remind the nation that Moscow was the protégé of Roosevelt and Truman for 16 years and that those two pushed millions of helpless civilized Western-world people into captivity in the unknown world of the new Russian empire. Nixon struck only one glancing blow about Truman's treatment of the civilized Baltic people and the Poles. And, though Kennedy gulped and flinched, Nixon then bounced away instead of closing in for the knockout.

Communism and Soviet Russia, Moscow, are the malignant maladies which frighten this country so badly that Kennedy licks dry lips as he speaks of the danger of war over Berlin within a year and of the need to beef up the army to fighting strength and mood.

But on the same night that Nixon broke off the battle after taunting Kennedy about the Democrat who spoke of Stalin as "good old Joe", a roster of Hollywood sycophants performed a shameful program of adulation to glorify Roosevelt's widow vaguely as a warrior against cancer. This woman has never done anything to help humanity and science in this fight. But the polio crusade had finally petered out and now the same unconscionable imposition on the sorrows, the kindness and the gullibility of a generous nation is repeated, with one scourge substituted for another. The effect is to enable a female who had done little to help the United States in the fight against the most dangerous enemy that mankind ever had to resist.

She interceded for the monstrous Hanns FISLER, the Communist "musician" who Rockefeller was subsidized by the Rockefeller Foundation and by Hollywood until he returned to Europe to taunt us; her wily influence was exerted through the State Department to nullify our immigration laws in favor of the Communist Earl Browder's Communist wife; she heckled and impeded Martin Dies, Joe McCarthy, Pat McCarran, Nixon, himself, and all fighters

against the enemy of the United States. She went to Moscow, with the usual profit motive, to consult Khrushchev and down to Tito's palace to sup with him, and later, during the Khrushchev and Castro riots in New York, entertained Marshal Tito at the pagan shrine of Hyde Park and in her own deadfall in New York. This was appropriate.

Her husband's party and Truman's Administration rattled on General Mikhailovich, the patriot who stood off the Nazis as long as he could and tried to deliver Yugoslavia to the Americans and British. For that opposition to communism and Moscow this woman's chosen friend shot him against a wall.

She has not yet mentioned the influential fact that Tito was an army commander in the Spanish Communist war against the Christian forces under Franco. But he was.

Altogether, her record is such that her cult in the cancer charade, exploiting agony and personal terror for a sordid end, have done their best to outrage all Americans who put the United States above a politician with an unerring instinct not for the right but for the left.

What conscientious patriot could demean himself to contribute money to aggrandize her in this virtuous cause? How did she get into this act? And can she ever be persuaded to lend herself to the fight against the greater scourge which her husband magnified to such frightful power that fifteen years after his death, Khrushchev could throw New York into turmoil and threaten the United States with extermination.

Nixon must be convinced that it is fatal to any patriot to fight her. The poor fellow indicated that when he, the Republican nominee, lent himself as hostage to her program of benevolence in a canned teary babble that must have strangled him. Nixon knows her of old from his days on the House committee. He knows the part she played and the power of the insensate cabal behind her which files at the throat of every American who tries to fight.

One by one, diseases come under control. Neither T.B. nor yellow-jack, polio nor typhoid, malaria nor, in the long run, even cancer can stand against science. But communism has been gaining so that even her captive candidate, Jack Kennedy, was forced to admit that her husband's pet monster might cause a war in Berlin any hour."

Job Of Editor Not Of Interest To Henry

By HENRY McELMORE

If, impressed by my 30 years in the newspaper business, someone offered me a job as an editor, I'd have to say no.

A desk, an office, a title, a secretary, and a place on the masthead would be very nice, but I wouldn't last long enough to enjoy all these things.

Pictures would be my downfall. I just wouldn't run many. One or two a day at the most, and then only if they were out of the ordinary, or really told a story.

This wouldn't do, because even with the cost of newsprint, and the shortage of space for news, every newspaper I know of, from Durban to The Dalles, runs a raft of pictures every day, even if nine-tenths of them are duller than what is the word I want? — oh, yeah, dishwasher.

Take pictures of President Eisenhower, for example. He is in the papers every day. The President Emerging from the White House. The President Addressing the Poultry Club of America. The President Stepping From His Car. The President Waving From His Car. The President Driving From The First Tee.

Over and over these pictures run, the only difference being that he is shown stepping from his car at a different place, addressing a club other than one of poultry lovers, and emerging from a different White House entrance.

Why? Why not the president standing on the steps of the White House, or doing a jackknife off a diving board, or raking in a pot after bluffing with a pair of deuces?

The sports pages are perhaps the most persistent users of pictures that mean nothing, or which have been seen a full ten million times before.

"Grabowski Scores For Tufts." This shows a monumental mass of human flesh with Grabowski (indicated by arrow) snatched flat on a chalk line.

"Ted Williams Doubling To Left." This is the same as Ted Williams singling, tripling, or hitting a homer. It has been run on sports pages a minimum of 10,000,000 times.

"Arnold Palmer Does Jig As Putt Rolls In." This is the classic golf picture, and has been run again and again since the days of the feather ball and the bobby club. And it will be run next week, next year, and the year after that.

Right now newspaper editors are wild about campaign pictures. "Kennedy Speaks To Large Crowd at Sioux Falls." "Nixon Addresses Large Gathering in San Diego." "Nixon Leaves Plane at Evansville." "Kennedy Boards Plane at Chicago."

The only difference is the name of the towns.

Why these pictures? And why do we have to look forward to pictures of Kennedy arriving at a polling place, Nixon leaving a voting booth, scenes inside campaign headquarters on Election Day, plus pictures of Adlai Stevenson, Nelson Rockefeller, Barry Goldwater, Robert Kennedy, and a host of others arriving at voting booths and leaving voting booths?

Also, "Two Cars Collide at Fifth and Elm." "Traffic Blocked For

Boy Who Slew 3 Relatives Hospitalized

ASHLAND, Ala. (UPI)—A 14-year-old junior high school football player, who admitted savagely slaying to death his aunt, grandmother, and great-grandmother, has been admitted to a state mental hospital for examination.

Probate Judge G. W. Pruet said Raymond Eugene Brown was admitted to the state hospital at the recommendation of the Clay County welfare department and the state welfare agency.

The slim, crewcut youngster had been held for two weeks after his arrest Oct. 6 for what officers called "the worst crime in the history of Alabama."

Pruet said the department of pensions and securities investigated the case for juvenile authorities and made the recommendation Wednesday.

Financial Review

By HENRY J. BECHTOLD
UPI Financial Editor

NEW YORK (UPI)—The failure of the economy to live up to its boom expectations apparently has had adverse effects on the corporate executive market.

A survey by Executive Manpower Corp. showed there would be an average of 2.2 jobs per company paying from \$10,000 to \$75,000 during the coming six months, a slight drop from an average of 2.5 such jobs tabulated in an earlier survey this year, and well below the 3.5 executive job openings listed a year ago.

But while there may be fewer executive positions available, the increased competition for business which our current standstill economy brings about has intensified the search for top executive talent.

This, in turn, means that any one lucky enough to land an executive job the next six months most likely will get more money than he would have for the same job the past six months.

The survey of 133 large firms averaging annual sales of \$113 million showed that a new high of 30.8 per cent of the positions will pay an impressive \$20,000 a year or more, compared with 15.5 per cent in this category six months ago. And 9.6 per cent of the openings will offer a handsome \$30,000 or more, against 4.6 per cent last March.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign Editor

The Man of the Week: James Jeremiah Wadsworth, United States representative to the United Nations.

The Place: U.N. headquarters, New York.

The Quote: "The United States maintains its armaments and its armed forces for one purpose alone: to avoid war by deterring aggression."

For affable Jerry Wadsworth, that was a familiar position. He was back battling the Soviet Union in the diplomatic wars.

When he took on his new assignment at U.N. headquarters on Sept. 3, Wadsworth had a long background of dealing with Soviet representatives.

For the previous 22 months he had been the U.S. delegate to the Geneva nuclear weapons test ban party. In that time, along with Britain's Sir Michael Wright and Russia's Semyon Tsarspkin, he had helped whip together bits and pieces of a treaty on a nuclear test ban that may never be completed.

But when Henry Cabot Lodge stepped out as U.S. ambassador to the U.N. to run for vice president on the Republican ticket, Wadsworth stepped in to succeed him and continue his verbal fencing with the Russians.

A giant of a man with the look of a friendly bear and the warm personality of a cocker spaniel, Wadsworth is a toughminded and brilliant adversary whom the Soviet spokesmen have come to like and respect—albeit they must fight him in the various gathering places of diplomacy.

He more than held his own with them in Geneva; thus far at the U.N. he has been ahead of the Russians.

His feeling is that the Russians now are tougher than ever, that they are probing for weaknesses, and "we have to be ready for any eventuality at any time." He's always been ready when the Russians moved.

TEACHERS THREATEN STRIKE
NEW YORK (UPI)—Members of the United Federation of Teachers voted Wednesday to go on strike Nov. 7 until the New York City Board of Education met their demands for recognition of the union as a teachers' representative and for benefits including dues check-off. The union has 10,000 members in the city.

De Gaulle Faces Strength Test

PARIS (UPI)—Premier Michel Debre called for a vote of confidence in the National Assembly Thursday to end a furious debate on President Charles de Gaulle's plan for an independent nuclear striking force for France.

The fate of the French government rested in the hands of 551 deputies who were expected to vote on Debre's motion Monday.

But it was almost a foregone conclusion that the government would win the first major political battle to hit France since De Gaulle was swept to power a little over two years ago.
