BIG SPRING DAILY HERALD

Allies Ready To Strike

Unified Command For N. Africa

Eisenhower Made 4-Star General

Half-Million Men Now At Battle Front

Plans For Mighty Offensive Revealed By Churchill

WASHINGTON, Feb. 11. (AP)—President Roosevelt today announced that Eisenhower would be a full general, coincident with Prime Minister Churchill's disclosure that Allied forces opposing the Axis in North Africa would be unified under Eisenhower's command.
The promotion, expected to receive prompt approval by the senate, will make Eisenhower the fourth full general in the American forces, counting General John J. Pershing, commander of the first AEF in Europe, who has been accorded that rank for life.
The others are George C. Marshall, army chief of staff, and Douglas MacArthur, in command in the Australian area.

ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 11. (AP)—General Dwight D. Eisenhower, Allied commander in chief in the North African theater, commented today on his new command that "I consider that I have been given the stars, so far as I know them, of Britain's military strength."
He was referring to the appointment of General Sir Harold Alexander to be his deputy commander in chief, Admiral Sir Andrew Browne Cunningham to command naval operations and Air Vice Marshal Sir Arthur Tedder to be air commander in chief in the Mediterranean zone.

WASHINGTON, Feb. 11. (AP)—Major General Lewis B. Hershey today opposed legislation to require deferment of men with children until all single men and childless married men are drafted and said "the great majority of men" inducted in the next two or three months would be men with children.
Without giving any figures, the director of selective service said he had previously testified that a lowering of the draft age to 18, which was done, would not meet the demands of the armed forces for manpower, and added:
"In the next two or three months the great majority of men inducted will be men with children because there will be no one else left."

FRENCH UNITS WILL RECEIVE U. S. ARMS
ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 11. —Some French troops have been withdrawn from action on the Tunisian front for reequipment and training with American arms, it was officially announced today.
United States forces have been taking over large sections of the French lines in central and southern Tunisia while the British first army in the north also extended its positions in order to relieve the tired and poorly-armed French.
German army blows had compelled the French, despite stubborn resistance, to draw back from the heights dominating the coastal corridor along which Marshal Rommel could retreat to Tunisia.
American combat teams were thrown hastily into the breach and succeeded in stabilizing the situation.
Withdrawal of the French undid the difficulties facing the Allied command since the initial lightning drives upon Tunis and Bizerte were blocked short of their objectives. Officers estimate that the axis forces available to Col. Gen. Jürgen von Arnim and Marshal Rommel now total 170,000.

Derby Crowd Would Be Restricted
WASHINGTON, Feb. 11. (AP)—Joseph B. Eastman, defense transportation director, approved plans today for a "street car" attendance arrangement for the Kentucky Derby at Churchill Downs in Louisville on May 1.
Eastman said plans of the management of Churchill Downs to restrict attendance to residents of the Louisville area make it possible to hold the derby in conformity with his views on transportation.
He said these plans, if strictly adhered to, "should meet the requirements of the transportation situation," as he described it in a statement last week.

Offensive Against Japan Mapped By Allied Leaders
By The Associated Press
A concerted United Nations offensive against Japan was foreshadowed today with the official disclosure that high-ranking American, British and Chinese military leaders have met and agreed on "offensive plans" against Japan's far-flung invasion armies.
The British government announced in London that Field Marshal Sir John Dill, representing Prime Minister Churchill, and Lieut.-Gen. Henry H. Arnold, representing President Roosevelt, had held a series of conferences with China's Generalissimo Chiang Kai-shek in Chungking and with Field Marshal Sir Archibald P. Wavell in India.
A British communique said the fullest possible coordination would be insured by subsequent conferences between Marshal Wavell and Gen. Douglas MacArthur, Allied commander-in-chief in the Southwest Pacific.
Prime Minister Churchill told parliament in London that Gen. Chiang had expressed satisfaction about "strong additional help that will be provided for China at this stage of her long-drawn, undaunted struggle."
Amid this augury of heavier United Nations blows to be delivered against the Japanese, dispatches from the New Guinea battlefield reported that Allied troops had killed nearly 800 Japanese in a 15-day drive toward the big enemy base at Salamaua.
Front reports said that what started out as a surprise Japanese attack on the Allied air field at Wau, 35 miles southwest of Salamaua, was turned into a victory for Australian infantry and artillery felled to the jungle scene by American pilots in army transport planes.
After routing the enemy, the Australians pushed on six miles beyond Wau and captured Wandunui.
Simultaneously, Gen. MacArthur scoffed at a Japanese communique attempting to minimize the sweeping victory by which the Allies won last month in the Papua campaign in lower New Guinea.

Three Questioned In Kidnaping
CHICAGO, Feb. 11. (AP)—Police today questioned three youths, including two teen-age brothers, in connection with the kidnaping of a currency exchange manager and a plot to burglarize his establishment.
Police Sgt. Patrick O'Malley said the kidnaping victim was Dominic Code, 33, manager of a South Side currency exchange, who was found by police late yesterday in the basement of the home of the two brothers, identified by police as Walter Tomaszewski, 16, and Stanley M.

Reds Move Up For Assault On Kharkov

MOSCOW, Feb. 11. (AP)—Capturing settlements between Belgorod and Chuguyev, the Red army formed a 50-mile-long assault front just east of Kharkov today, and the fighting was reported mounting in other sectors of southern Russia.
The capture of Chuguyev, 23 miles southeast of Kharkov, and Voichansk, 36 miles northeast, was announced by the Russians early today, along with the seizure of Pechenegi, which is 13 miles northeast of Chuguyev.
Red Star, the Soviet army newspaper, said that furious battles took place at Chuguyev and Voichansk.
A dispatch to Pravda, the communist party newspaper, said that after taking the two towns, the Red army continued its advance westward.
Below Belgorod the Russians were reported advancing down the big Kharkov highway.
The Russians have made new landings southwest of Novorossiisk, the Black Sea naval base, the German high command communique disclosed today. The Germans claimed, however, that they successfully counter-attacked these forces which apparently were landed by the Russians to harry the retreat of the German army from the western Caucasus.
(The communique reported that the Russians yesterday "tried to bind German forces in some defensive areas west of the Oskol section by massively carried out attacks and thus to prevent mobile conduct of the fighting." It added that counter-attacks prevented this.)

Get Set For Heavy Casualties, Says Secy. Stimson
WASHINGTON, Feb. 11. (AP)—The nation should get set for heavy American casualties, "perhaps in the very near future," Secretary of War Stimson said today in a discussion of developing plans for driving the axis from Africa.
The opposing armies in Tunisia are moving into position, he told a press conference, and heavy fighting is just beginning to participate in major offensive war, he said in his mention of casualties.
Finding "a budget of good news" for the United Nations in the last week, the war secretary noted that advanced elements of the British 8th army already have crossed the Tunisian border in pursuit of the German Africa corps while in western Tunisia British, American and French troops are consolidating their positions.

Nazis Calling Up Dutch Physicians
LONDON, Feb. 11. (AP)—The Germans started conscripting last week a lot of physicians and surgeons in the Netherlands, for service on the Russian front, a London source with continental connections said today.
Previously conscripted Dutch doctors have been assigned to service within Germany, he said.

86 Sign Up Here For Aircraft Jobs
More than four score persons were hired in three days by an aircraft company representative, O. R. Rodden, United States Employment Service representative, said Wednesday.
The total, he announced, was 86 who had contracted to go to work for Consolidated in Fort Worth. He added it was possible that 25 to 30 others would complete arrangements to enter employ of the company.
In three days of contacts, a representative of the company interviewed a total of 185 persons, about half those who were interested enough to call at the URES office concerning the possibility of getting in war work.
Monday and Tuesday a representative of the Ford company at Dearborn, Mich., is to be here seeking war industry employees, said Rodden.

Senator Fain To Go Into Marines
AUSTIN, Feb. 11. (AP)—Sen. Clem Fain of Livingston will become the fifth member of the senate to enter the armed forces when he receives his commission as a first lieutenant in the marine corps March 1.
Fain disclosed today that he will leave for Houston on that date for induction and will then be transferred to Washington.

MARKETS CLOSED
NEW YORK, Feb. 11. (AP)—Security and commodity markets throughout the United States will be closed Lincoln's birthday, Feb. 12. Various livestock reports will be issued and the Savannah naval stores market will be open.
LUBBOCK MAN NAMED
FORT WORTH, Feb. 11. (AP)—The Texas Optometrist association elected Dr. A. A. Pettit of Lubbock president of the organization's one-day convention here yesterday.

For Victory—Patriotic Rally At 8 Tonight

The principles and aims of the Victory Service League—which primarily pledges its members to serve faithfully and effectively in the war effort—will be outlined at 8 o'clock this evening at the municipal auditorium, when a patriotic rally will be held under league auspices.
The Victory Service League is a civilian organization which is enrolling memberships in every city, town and village all over America in an attempt to better inform, as well as encourage greater cooperation with and in the many civilian needs that will directly contribute to the war effort—will be outlined at 8 o'clock this evening at the municipal auditorium, when a patriotic rally will be held under league auspices.

Labor Areas Designated

WASHINGTON, Feb. 11. (AP)—The war manpower commission today designated 102 cities spread over the nation as areas of anticipated labor shortage, giving them prime eligibility for the 48-hour work week and WMC controls over hiring and job-switching.
Chairman Paul V. McNutt said the lower work week and hiring controls, which have the effect of virtually "freezing" workers to essential activities, might be put into effect in any of these areas in addition to the 32 critical labor shortage areas where they are now effective.
In addition to these future applications of WMC control, in position of which depends largely upon the speed with which McNutt can expand his network of local WMC offices—the designation carries immediate significance for the 102 areas.
It means that government contract-awarding agencies will place no new contracts at these points "if alternative facilities for meeting the terms of the contracts are available elsewhere" and that present contracts in these areas may be renewed only if no additional workers are required.

Views Differ On Ruml Plan
WASHINGTON, Feb. 11. (AP)—A farm organization and a segment of organized labor were aligned today on opposite sides of the Ruml plan to cancel 1942 tax obligations in putting America's 44,000,000 federal income tax payers on a pay-as-you-go basis.
The National Grange threw its support behind the essential principle of the current payment proposal offered by Beardsley Ruml, chairman of the Federal Reserve Bank of New York, which would advance the tax clock one year, by basing 1943 tax collections on 1942 income and not 1943 income.
The Congress of Industrial Organizations, through a spokesman to its president, presented vigorous opposition to the skip-a-year plan and said that "to call the Ruml plan a pay-as-you-go plan is from the point of view of American workers, a snare and a delusion."
Nathan Cowan, CIO's legislative representative, spoke for President Philip Murray in declaring he represented more than 5,000,000 workers and that the CIO found the Ruml plan "objectionable by virtue of the fact that it proposed cancellation of 1942 taxes offers large scale windfalls primarily to the highest income brackets."

Vote To Yield All Rights In China
WASHINGTON, Feb. 11. (AP)—The senate shouted unanimous approval today of a treaty relinquishing extra-territorial rights of the United States in China.
"This is a symbol of a new day," Senator Vandenberg (R-Mich.) declared, "it is an act of faith in the destiny of China, an ally who has never faltered in the right for freedom."
"Justice has too long been withheld from such incorrigibly courageous people."

Yank Planes Pounding At Jap Bases
WASHINGTON, Feb. 11. (AP)—All organized Japanese resistance has been halted on Guadalcanal, and states planes are attacking enemy bases in other parts of the South Pacific, the navy reported today.
Announcement that Japanese resistance had ended except for isolated patrol skirmishes, followed announcement by Major General Alexander M. Patch yesterday that his troops had gained complete control of Guadalcanal on Tuesday.
The navy communique, number 371, follows:
"North Pacific:
"1. On February 10th:
"(A) During the morning, United States heavy and medium bombers, with fighter escort, bombed Japanese positions at Kiska. Many hits on enemy installations were observed.
"(B) A single enemy float-type plane attacked United States surface units in the western Aleutians.
No damage was suffered.
"South Pacific: (All dates are east longitude).
"1. Japanese forces on Guadalcanal island have ceased all organized resistance. Patrol operations against isolated enemy groups continue.
"2. During the night of February 9th-10th, a Catalina patrol bomber (Consolidated PBX) attacked enemy positions at Munda. Results were not reported.
"3. On February 10th:
"(A) United States planes attacked enemy positions at Munda. Results were not reported.
"(B) A reconnaissance plane from Guadalcanal shot down a twin engine Japanese bomber over Choiseul island.
Choiseul island is 35 miles north of the New Georgia group in the Solomon Islands. It is about 79 miles long and 15 miles wide.
(At his press conference Secretary of War Stimson said victory over the Japanese on Guadalcanal was hastened by an amphibian operation in which army forces moved by boat around the island under naval escort, landing near the northwest tip and marching overland to flank the enemy, who was caught on a narrow strip of beach about 15 miles long.)

JIM THORPE ILL
DETROIT, Feb. 11. (AP)—Jim Thorpe, famous Indian football star and athlete, was taken to Henry Ford hospital today after suffering a heart attack at the Ford Motor company's Rouge plant where he has been employed for a year as a plant guard.

Pictured here are two-score Big Spring business and professional men who form the nucleus of the local Victory Service League, a volunteer patriotic organization which has for its purpose the maintenance of full cooperation with all phases of the war effort. This group, serving as a committee, is urging full public attendance at tonight's rally of the Victory Service League, to be held at the city auditorium beginning at 8 o'clock. (Kelsey Photo).

# Mrs. Jack Y. Smith Is Elected President Of Lions Club Auxiliary

**Five Hostesses Named For The Next Meeting**

Mrs. Jack Y. Smith was elected president of the Lions Club Auxiliary when the group met at the Settles hotel for a 12 o'clock luncheon Wednesday.

Mrs. Bill Edwards was elected vice president, and Mrs. Larson Lloyd was selected as the club U. S. O. chairman.

During the business meeting Mrs. Hack Wright was appointed to investigate the date of the next home nursing course in order that club members might participate.

The auxiliary was urged to bring silk and nylon hose to the next meeting to be contributed to the hose collection drive sponsored here by the Girl Scouts.

Hostesses were named for the next luncheon and include Mrs. Dan Conley, Mrs. Escot Compton, Mrs. John Dittell, Mrs. C. W. Deata, and Mrs. Bill Edwards.

Attending the luncheon were Mrs. Dan Conley, Mrs. Hack Wright, Mrs. Lawrence Robinson, Mrs. B. J. McDaniel, Mrs. Jack Smith, Mrs. C. W. Deata, Mrs. Stoney Henry, Mrs. John Dittell, Mrs. Escot Compton, Mrs. Bill Edwards, Mrs. J. E. Hogan, Mrs. C. A. Shaw, Mrs. A. W. Stores, Mrs. Joe Fickie, Mrs. Cecil McDonald, Mrs. K. H. McGibbon, Mrs. Harold Runyan, a guest, Mrs. Randall Pickle, and Mrs. Alton Underwood, a new member.

## Miss Laneous Notes

**MARY WHALEY**

About that three pairs a year on coupon 17.

The pair of shoes that used to hurt so bad that they couldn't be worn, don't pinch nearly as much as they used to. They feel right comfortable now in the light of only three more pairs to come until 1944.

All this talk of wearing "matching accessories" will no longer apply to shoes unless the gals buy all their clothes the same color winter and summer. Also, something is going to have to be done about high and low heels. We have a mental picture of the girls with brogan shoes peeping from under their fluffy ruffie evening dress.

Not bragging, but we once knew a girl that bought shoes three pairs at a time and more than once a year. But just like they talk about stocks of everything else, she'll have a backlog. Disgusting to be caught without a backlog these days.

But most of us aren't nearly as hard off as those families who have a Junior. It used to keep Pop broke keeping up with Junior's shoes. Now it will probably take the family's combined ration books to keep his scuffling toes shod.

Women used to drive shoe salesmen crazy trying to decide which shoes made their feet look the smallest. Imagine what it will be like now with the female mind having to decide on which pair will go best with the clothing they own.

This war is touching people in different ways but for the women it is pinching them in a soft spot—their over-active pleasure in being stylish and well dressed. Looks like it will take a trip to the shoe-maker before we gals can march in any Easter parade.

## Hat Highlights

What are spring hats made of? Straw fans, woven cane seats, tall-drink slippers, paper dollies. Those are just a few of the novel materials used in one designer's spring showing.

The straw fan, cut into heart shape, had a Valentine's Day charm. A bright bunch of corn flowers stood high, peaking over the top of the heart. A woven cane seat, reminiscent of those on the front porch chairs, was styled into a smart sailor.

Cellophane slippers in red and blue formed a huge pom-pom on the front of another sailor brim. Colorful, strictly for dress, hats were nothing more than gay little nosegays with lace dollie backings.

One hat, perfect for packing in suitcase, was called "boom boom." It was made of a piece of green felt, folded and cut just like the soldier hats most children make out of paper. The only trim was a long black silk tassel.

## CALENDAR

**THURSDAY**  
ROYAL NEIGHBORS will meet at the W.O.W. Hall at 2:30 o'clock.  
WEST WARD P.T.A. will have an executive meeting at 8 o'clock and regular P.T.A. at 8:30 o'clock.  
COLLEGE HEIGHTS will have P.T.A. meeting at the school at 7:45 o'clock.  
ADVISORY BOARD of the Nursery School will meet at the Settles Hotel at 5 o'clock.  
N.Y.S. CLUB meets at the Settles Hotel at 7:30 o'clock with Mrs. George Thomas and Mrs. Clyde Thomas, Jr. as hostesses.  
EVENING CATHOLIC DISCUSSION CLUB meets with Mrs. W. E. McAllen, 1109 Johnson at 7:45 o'clock.  
SINGING CLUB will meet with Mr. and Mrs. C. W. Rogers, 1200 Asteth at 8 o'clock.  
**FRIDAY**  
MODERN WOMAN'S FORUM meets with Mrs. Charles Koberg, at 8 o'clock.  
WOODMEN CIRCLE meets at the W.O.W. Hall at 8 o'clock.  
**SATURDAY**  
HOWARD COUNTY H.D. COUNCIL will meet at the Home Dedication Office at 2:30 o'clock.  
1930 HYPERION CLUB will meet with Mrs. Harry Hurt at 2 o'clock.  
JUNIOR MUSIC STUDY CLUB meets with Betty Jean Holt, 404 Gollad at 1 o'clock.

## Texas Authors Get Break In New Bill

AUSTIN, Feb. 11 (AP)—Texas authors today got a double-barreled break from the house committee on public printing.

The committee sent to the house with a favorable report a bill that would:

1. Recommend to the state board of education that it look with favor on textbooks written and published in Texas, when all other such factors as price and quality are equal;
2. Change the present law to permit authors of textbooks to submit them for adoption in manuscript form.

The present law requires that such books be submitted as published.

## GOOD AFTERNOON! Who Is Your Valentine?

And if she is nice enough to be called "Valentine," shouldn't she receive a lovely gift on the 14th?

We'll do our best to make the "I love you" that FLOWERS say "absolutely swell." May we serve you?

Right now, while you are thinking about it, why not give us a ring and we'll be glad to take your order and express your sentiments with quality FLOWERS.

Thanks a million, and she'll say "Thanks" too.

## College Heights Pink And Blue P-T. A. To Be Showered Honors Held Tonight

College Heights P.T. A. members held an executive meeting at the school Wednesday afternoon and made plans for a kitchen shower to be given at the March meeting of the Parent-Teacher association. Each member will bring articles useful in the kitchen for the school luncheon.

Mrs. J. E. Brigham, president of the association, presided at the meeting, and those attending were Mrs. Bill Earley, Mrs. Callie, Mrs. Jimmie Tucker, Mrs. C. J. Staples.

The regular P.T. A. meeting will be held at the school this evening at 7:45 o'clock. Rev. H. Clyde Smith, pastor of the First Methodist church, will be guest speaker, and Mrs. A. Harrison's class will present a program on "Founder's Day." The Mother Singers will be featured in a special musical program.

## Colorado City Girl Weds In California

COLORADO CITY, Feb. 11.—Announcement of the marriage of Jean Rogers, daughter of Mrs. N. A. Rogers of Colorado City, and Pvt. Robert C. Stone, Jr., son of R. C. Stone of Los Angeles, California, was made here this week.

The ceremony took place Sunday, February 13, in the post chapel at March Field where the bridegroom is stationed.

The bride was reared in Colorado City and attended school here. She wore a wedding suit of powder blue with accessories of black. After a ten-day wedding trip the couple will be at home in Los Angeles.

## MRS. G. McADAMS ENTERTAINS HER SEWING CLUB

Mrs. Garner McAdams entertained the Dos For Ocho club with a party in her home Wednesday afternoon.

The lace laid refreshment table was centered with an arrangement of godetia in a crystal bowl.

Sewing was entertainment and those attending were Mrs. C. Y. Clinkscales, Mrs. M. S. Beale, Mrs. R. F. Bluhm, Mrs. Harold Akey, Mrs. Chess Anderson, Mrs. H. Y. Crocker, Mrs. Hollis Webb and the hostess.

Mrs. W. L. Satterwhite will be next club hostess.

## Highway Collision Kills Austin Man

AUSTIN, Feb. 11 (AP)—Wesley Ray Coffman, 33, a member of the insurance firm of Coffman, Dally and Aldridge, was killed early today when his automobile was in collision with a truck trailer on U.S. highway 81 south of here.

Coffman is survived by a son, Graham C. Coffman, and a daughter, Mary Lee Coffman, both of Galveston, and a sister, Mrs. W. L. Rankin of Union Town, Pa.

## Telegraph Merger Voted By House

WASHINGTON, Feb. 11 (AP)—Approval by the house of legislation authorizing merger of the Western Union and Postal Telegraph companies apparently cleared the way today for final passage of the measure.

## New Oil Area Is Opened On Coast

HOUSTON, Feb. 11 (AP)—Completion of Humble Oil and Refining Company's No. 3 Houston Farms Development Company in the Hall's bayou area of Brazoria county, gave the upper Texas gulf coast a new oil field yesterday.

The wildcat was reported flowing 15 barrels of 42.5 gravity oil an hour through a 3-1/2 inch choke from perforations in a sidetracked hole at 10,258-280 feet. The gas oil ratio was 2,850 to one with the tubing pressure 6,100 pounds.

# Music Club Hears An Illustrated Program On Haydn And Mozart

STRIPES are news, in a suit classic of gray and brown Forstmann woolen.

## Study Group Meets At The Settles For Monthly Session

An illustrated study of "Mozart and Haydn," composers, was the program topic at the Wednesday meeting of the Music Study Club which met at the Settles Hotel.

Mrs. E. W. Thompson introduced numbers on the program which included a piano solo "Romance and Minuet" composed by Mozart and played by Mrs. C. W. Norman. Mrs. Herman Williams played "Fantasia in d Minor" by Mozart, and Elsie Willis played "Theme and Variations in f Minor" by Haydn.

Mrs. J. H. Kirkpatrick concluded the program with a piano illustration of Haydn's "Oxen Minuet."

Attending the meeting were Roberta Gay, Mrs. Harry Hurt, Mrs. J. P. Kenney, Mrs. J. H. Kirkpatrick, Mrs. Bernard Lamun, Mrs. Robert Middleton, Mrs. C. W. Norman, Mrs. R. W. Thompson, Mrs. Herman Williams, and Elsie Willis.

The club will convene again February 24 at the Settles Hotel.

## Jeanette Marchbanks Enrolls At Baylor For Freshman Study

WACO, Feb. 11.—Jeanette Marchbanks, of Big Spring, is one of 23 freshmen who have enrolled in Baylor University's first mid-term registration for January high school graduates. She will take regular freshman courses in double periods for the remainder of the winter quarter ending March 5.

Miss Marchbanks is the daughter of Mr. and Mrs. L. E. Marchbanks of Big Spring and a January graduate of Big Spring High School.

## Says Plywood Plane Will Have Its Place

DALLAS, Feb. 11. (AP)—The plywood airplane will have a place after the war even if metals are plentiful, Col. John H. H. Joust, executive vice-president of Higgins Aircraft Inc., of New Orleans, told the Texas section of the society of automotive engineers last night.

# War Board News

A weekly column contributed by members of the Howard County USDA War Board.

## Production Of Meat And Eggs Biggest Work In County

By O. P. GRIFFIN  
County Farm Agent

The farm planning sheets that I told you about two weeks ago have at last arrived and the clerks at the Triple A office are writing on them the farm acreage, the operator, cotton allotted acres and other pertinent data of each farm in the county. It is thought they will be ready next week to begin registering each farmer's plans for the production of crops and livestock. The best contribution the farms of Howard county can make toward winning the war is in the production of meat, beef and pork, and eggs. There are a lot of other things our farms could produce if we had the facilities. Dairy products is one of them, but only those farmers who have dairy cows can do much within a year or two. Hogs and chickens are much sooner started. As regards hogs we have enough sows and gilts to produce more pigs than we can feed out, unless we raise a bumper maize crop this year. Especially will this be the case if the feeding of beef continues to increase as it has during the past year. This is as it should be, because these are the products needed to win the war, and the ones best suited to our conditions.

## Farm Plan Sheets To Be Made Soon

Farmers and ranchers will be called on to fill out their 1943 Farm Plan Sheets in the near future. A part of these plan sheets include a list of the soil and moisture conservation measures that are to be applied during 1943.

Every farmer and rancher should give this matter their most serious consideration since production goals are much higher and labor and machinery is short.

The main consideration should be given to moisture conservation measures that will provide the greatest increase in production for the year 1943. After all of these measures have been used, then further consideration should be given to measures that will maintain the soil and provide increased production in future years.

Such measures as contour tillage, terracing and other water conservation measures should be given first consideration since low rainfall is our greatest draw back in getting immediate increase in production. Other measures such as planting peas, blank row farming and green manure crops give excellent results especially in future years and should not be disregarded. However, fallow strips would not be justified because of the extreme need for feed crops.

The County Agent is planning a series of demonstrations on farms throughout the county to aid farmers in planning to make full use of all conservation measures. These meetings will be held at the request of some farmer or rancher who wants assistance in developing his plan. His interested neighbors will be welcome to attend any of these meetings.

One thing the farmers will not have to worry about a market for their beef, pork, eggs, milk or cream. They tell us the best we can do in the production of these foods will not be enough. However, farmers who expect easy money out of this kind of production, must produce feed for recent advances in the price of feed in West Texas has served notice on us what to expect, if we have to buy feed.

Recently there has developed a shortage of cottonseed meal. Everything possible should be done by feeders to relieve this condition. Those who have meal should feed less of it and release some for those who have none. Farmers, who have surplus cottonseed, should sell them, if they will not be needed for planting. The worst thing to do at all is to give up and sell but before your stuff is ready to go to market. There may be some relief from the cottonseed meal shortage soon. Some feeders have agreed to release part of their supply to other feeders who have none. The state war board has been advised of the situation, and some supply may be found to tide West Texas over until peanut meal is available. It must be kept in mind that we are fighting a war, and these handloafs are part of the game. More of them can be expected before the year is over.

## Spread-The-Butter Is New War Slogan

ITS SPREAD THE-14 . . . . . This country's Share-the-Meat campaign necessarily is being followed by a Spread-the-Butter movement.

With 30 per cent of the country's butter supplies consigned to the armed forces and with quantities of other fats in the fight, it is important that homemakers study the situation intelligently, says ration measures should be given preparation for the A. and M. College Extension Service.

She explains that some fat is necessary to a complete diet, since it not only provides calories but performs other functions essential to health. There is fat in many foods, such as whole milk, meats, say beans, nuts, and avocados. Several fats contain one or more vitamins. Butter, for instance, contains Vitamin A.

Some fat makes a meal satisfying, the specialist says. And it gives richness and flavor to make many foods more appetizing.

Miss Phipps offers these suggestions for "spreading the butter."

"Serve butter thriftily and eat up all you get.

Use butter where it will taste best. For example, many people prefer to use it on bread. Others may want it for seasoning vegetables.

Store butter properly. Keep it tightly covered in a cold, dark place.

The specialist adds that butter will spread farther if it is creamed or slightly softened, not melted. Remember, she says, that fats fight on two fronts. "They are a food weapon to keep us fit and a material for munitions of war. Waste none."

CHANUTE FIELD, Ill. (UP)—Private Paul Coderre of the 807th Guard Squadron of the Army Air Forces, stationed here, can really claim to come from a fighting family.

He has thirty-three cousins in the armed forces of Canada and seven more in U. S. service uniforms. Coderre comes from Worcester, Mass., and is of French-Canadian ancestry.

## British Bomber Does A Loop

LONDON, (UP)—"You can't loop a heavy bomber" is a longtime axiom in flying circles but a

British Lancaster, one of the heaviest planes in the air, recently did a complete loop during a raid over Germany and did it with a full load of many tons of bombs. It wasn't an intentional loop, but happened while the four-en-

gined plane was in a steep climb and a large shell exploded just beneath it, tossing it over on its back. The pilot retained control and carried it on through the loop, coming out of it in a dive that probably shot the ship's speed past

400 m.p.h. The plane not only was unharmed, but flew on to its objective and dropped its bombs. After its return to base it was examined carefully from prop to rudder. No structural damage was found.

Has Autograph Collection  
HARRISBURG, Pa. (UP)—Four years ago Frederick J. Bolton set out to get an original autograph of each of Pennsylvania's 34 governors. Bolton's search for the signature of former Gov. Henry Hoyt

took him to Boston two years ago where he paid \$1 for the one-time chief executive's signature affixed to a complete document. His collection now is complete up to the present governor, Edward Martin

# WEAR WARDS WORK CLOTHES

**WARDS THRIFT QUALITY WORK SHIRTS FOR MEN**  
69c

Here's a good Ward value! Sturdy cotton covert or chambray in a button-front shirt. Cut extra full to allow for shrinkage. Has deep pockets, rust-proof buttons.

**WARDS HOMESTEADER SANFORIZED SHIRTS**  
98c

You can count on Homesteader work shirts to give long, dependable wear! They're strongly sewn; the sturdy cotton covert or chambray is 99% shrinkproof! Roomy!

**CASH SAVER WORK PANT LOOK LIKE DRESS PANTS!**  
2.49

You get sturdy cotton-and-rayon fabric, all 99% shrinkproof! You get tool-proof pockets, unbreakable buttons—concealed seat lining! Yet they look dressy!

**TRIM STURDY MEN'S COVERT WORK PANTS**  
1.49

America's favorite work pant! Sanforized cotton covert that's slow to soil . . . easy to wash . . . and 99% shrinkproof! Roomy sizes; strongly reinforced, 5 pockets!

**SANFORIZED HERRINGBONE OUTFITS 318**  
Shirt and Pants

These Ward features mean real economy! The herringbone pattern is woven-in—can't wear off! These outfits are Sanforized—wash them all you like, they won't shrink over 1%! They're cut full! Have rip-proof seams, 7 roomy pockets!

**BE COMFORTABLE—IN A HEALTHGARD UNIONSUIT**  
98c

On the job or out of doors, this soft knit cotton suit helps keep your body temperature even. Absorbs perspiration—washes well, washes easily. Medium heavy.

**MEN COME TO WARDS FOR LEATHER JACKETS**  
8.69

Here's a style that's rugged, good looking! In selected capskin or suede, with handy zip front and breast pocket. Full cut for free action; fully lined!

**MEN WEAR A CAP TO MATCH YOUR UNIFORM!**  
1.08

Choice of solid or ventilated frame, with detachable, washable top. Assorted fabrics, including herringbone, covert, whipcord. Frame 79c. Cap Top 29c

**WARDS METAL-RIVETED "101" ARE TOUGH**  
1.19

The extra heavy blue denim is Sanforized! The roomy sizes won't shrink! Strongly reinforced at strain points. With riveted-on buttons, five deep pockets!

**WARDS PIONEER BIB OVERALLS ARE TOUGH**  
1.39

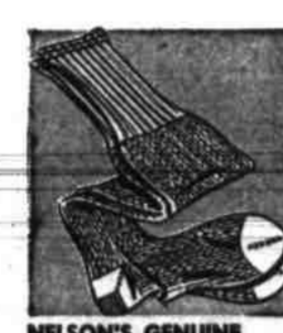

Extra heavy, 8-oz. blue denim—99% shrinkproof for lasting fit! Full cut sizes, no stamping, no binding at the crotch! Non-curl suspenders, 8 big pockets, riveted-on buttons. Reinforced at all strain points!

**BEST BLUE BAND WORK SHOE 449**

For all outdoor work . . . No. 8270. Oil tanned leather uppers remain pliable after repeated wettings. Rugged cord sole and heel.

**BETTER RED BAND WORK SHOE 349**

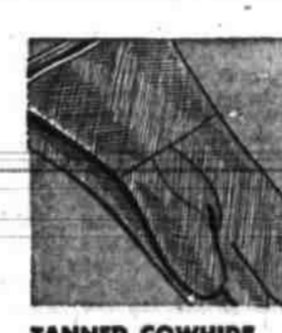

Good all-purpose work shoe . . . No. 8930. Famous for long wear and comfort. Elk-tanned leather uppers, double leather soles give twice the wear.

**NELSON'S GENUINE ROCKFORDS 13c**  
Reinforced heels and toes! Non-bind, ravelproof tops! Seamless feet and leg!

**THRIFT SHOP CAP—UNION-MADE 49c**  
Comfortable cap to give good wear. Cut extra full to allow for shrinkage. Good sized visor.

**TANNED COWHIDE WELDER'S MITT 1.49**  
Special processing makes this glove heat resistant! One piece back has non-inflammable lining!

**THRIFT PRICE LEATHER PALM GLOVES 35c**  
Split cowhide palms and inside fingers. Seams are lockstitched—They won't rip! Canvas backs.

**WARDS OWN FAMOUS "MECHANICS" 19c**  
Heels and toes are twice as heavy as the rest! Seamless feet! Short, regular lengths.

**FAMOUS "THREE HEARTS" WORK GLOVES 79c**  
Selected split leather palms AND FINGERS. Leather knuckle straps. Water-resistant canvas cuff!

**MEN'S LEATHER PALM WORK GLOVES 49c**  
Split cowhide palms, fingertips. Canvas back, snug knit wrists. In full sizes. Easy to slip on or off!

**MEN'S HOMESTEADER OVERALLS 1.29**  
Long-wearing . . . dependable—In heavy denim that's 99% shrinkproof! Roomy—comfortable sizes!

**IMPROVED WARTIME SERVICE**

# GREYHOUND

**SCHEDULES CHANGE**  
EFFECTIVE FEBRUARY 15

GREYHOUND schedules are being improved—some by just a matter of minutes, while others reflect a considerable saving of time.

These improvements are made possible as a result of experience gained since last fall, when all buses started operating at reduced speeds to conform with regulations of the Office of Defense Transportation. Nearly all departure and arrival times will be changed, so be sure to check with your Greyhound agent before any trip.

Travel mid-week instead of week-ends.  
Take one suitcase only, please.

# BOMB HITS

OUT AT THE  
BIG SPRING BOMBARDIER SCHOOL

## 816th Squadron

A new squadron adjutant is now working with the 816th with the assignment of Warrant Officer Glen B. Treadwell to those duties. Warrant Officer Treadwell was transferred from the 812th where he was engineering officer to the 816th and besides being squadron adjutant he is Link trainer officer. Warrant Officer Treadwell is a native Texan.

After a two weeks lull sports are again in the limelight in the 816th with the opening of the final half of the basketball season and interest being aroused in the base ping-pong tourney. The 816th played their initial game in the new schedule of basketball games Monday night when they dropped a close verdict to the Cadets, 27-31. Only two veterans, Doty and Dunham, are left of the outfit which made such an outstanding showing during the first half of the season as other squad members have been transferred. However, newcomers such as Barbour, Bartkeley, J. F. Jones, Skymanski and Christensen give promise of another good outfit in the making.

Another ping-pong tournament will be held Sunday in the 816th with the winners in both singles and doubles slated to represent the squadron in the all-base tournament to be held this month. This final tourney will be held in the gymnasium with winners being declared champions of the base.

Lt. John H. Gibson, squadron commander, has been missing from his office for nearly a week, being laid up in the hospital with a siege of the flu.

A variety of new games has been presented to the 816th by the Special Service Office to be placed in the day room. Also received were 20 pictures in color showing the various planes of the air forces.

Another contingent of men will leave this weekend to attend each school located at Chicago, Chanute Field and Gulfport, Miss. The group consists of 18 members of the 816th.

Good news received by Cpl. Merritt of the 816th is that his father has been acclaimed world steer roping champion. Mr. Merritt won the championship at the recent Denver stock show in competition with the best steer ropers in the country. His picture is being featured in various magazines and one of the prizes he won is a saddle valued at \$250 given by a Houston firm.

Here and there in the 816th—Pfc. Sonnenschien back on duty in the orderly room. . . It's Cpl. Griffith, not Griffin, back in the old job as mail clerk. . . Pfc. Doty getting his first seige of K.P. duty and looking kind of mopped up. . . The squadron area looking better every day with a painting detail at work. . . Cpl. Holmes still wondering who the night prowler was who put the cat in the bunk with him. . . Sgt. Holden like a lot of other 816'ers enjoying themselves at the post dance Saturday night. . . A framed picture of the 816th basketball team being placed in the C.O.'s office. . . Pvt. Lick carrying his gas mask in the dust storm Tuesday. . . Sgt. Runyon doing a lot of talking in his sleep. . .

## Dairy Halts Shipments To Big Spring

January, besides cooking up some first class feeding troubles for dairymen, also cost Big Spring a daily supply of 150 gallons.

This was disclosed in the monthly report of City Sanitary Inspector H. W. Leeper to the city commission. A daily supply in this amount, produced at Lamesa, was transferred to the same consignee at Midland. However, in the meantime, the dairy has prepared to sell cows and equipment and retire from the business.

Leeper's showed 17 groceries and markets checked, 20 cafes, and all dairy units marketing milk through Big Spring channels. In addition, all bakeries and abattoirs were inspected and health certificates delivered to 141 persons.

Reports from the fire department showed 11 blazes for January with an insured loss of \$795.86 to contents and \$46.60 to buildings. Value of building and contents was \$116,771. Grass fires caused five runs and there one each for defective wiring, unknown, grease on hotplate, curtain catching from gas heater, gas leak in alley and match in waste basket.

Police had an active month, reporting 141 arrests. Of these, 101 resulted in assessed fines. Drunkenness led with 55 cases, gaming next with 188 and vagrancy third with 12. Dismissals were recorded in 16 cases, half of them for vagrancy. Three drunk cases are pending trial and 18 cases were transferred to the sheriff.

Two for auto theft were transferred to the Milwaukee, Wis. police and one case of draft evasion to the F. B. I.

During January 26 tickets were issued for traffic violations and seven others for speeding. Police gave informational assistance in 300 cases, investigated 150, closed eight open doors for businesses. The police radio handled 1,533 calls, 250 messages received and 75 dispatched. Police cars traveled 7,576 miles or an average of 178 miles per day.

## City Balance At 'Normal'

General fund balance of the City of Big Spring was back down to a normal figure at the end of January, but the corporation had a record of supporting the war bond program and a good nest-egg to its credit.

During the month the city invested some of its accumulated surplus in war bonds in the amount of \$49,950. This whittled the general fund balance to \$50,288. Cash on hand for all funds amounted to \$102,148, a decided drop from the record \$131,377 at the end of December, which happened to have been the largest sum the city ever had on hand at one time, excluding bond money.

Exclusive of the disbursement for bonds, expenditures from the general fund during the month amounted to \$12,045.30. Interest and sinking fund disbursements were only \$2,206, a normal figure.

Balance of the interest and sinking fund stood at \$38,846, and other balances contributing to the cash item included \$3,298 in the cemetery fund, \$3,394 in the water and sewer bond fund, and \$1,041 in the airport bond fund.

Receipts for all funds during January stood at \$43,134, due principally to the best current collections the city has ever experienced. Accumulation of the reserve was attributed largely to this fact along with abnormally high water and sewer receipts (due to army and increased industrial consumption) and close-margin operations born of wartime restrictions.

Uses Women Coopers RICHMOND, Calif. (UP) — The war has opened still one other trade to women which heretofore has been strictly a man's job. It is that of cooper, or barrel-maker, for the shipment of Standard Oil Co. products. Already there are more than a dozen women coopers at the Standard Oil Richmond plant out of a total of 250 women who are employed there. "Roll Out the Barrel" is the slogan of the women coopers.

## Bond Purchases High At AAFBS

Bond sales for the Big Spring Bombardier School still continue at a high level. Capt. Harry F. Wheeler, special services and bond officer, reported Thursday.

During the month of January approximately \$20,000 came via the deduction or allotment route. This did not include innumerable cash purchases. Capt. Wheeler pointed out. Most of the units on the field are 100 per cent on the allotment plan.

One Big Spring enlisted man in the 816th squadron made a single purchase of \$500, it was reported.

FRANCO CONFERS WITH GENERALS.—Generalissimo Franco (second from right) confers with his Spanish generals at recent maneuvers. Spain's future role in the war is uncertain.

## Japanese Celebrations More Somber, May Reflect Morale

By GLENN BARR

The Japanese are celebrating the national holiday today on the greatest scale in their history. This is Kigenetsu, the festival of the founding of the empire, and celebrations are being held in scores of cities throughout the lands overrun in the last 14 months.

The Tokyo radio has announced an ambitious program for these observances in the conquered territories, in Malaya, Burma, Java, Borneo, Sumatra, the Philippines, in every land into which aggression has carried the Rising Sun banner. Little is said, however, of the festivities in the homeland.

There are indications here, it is sober festival, certainly much less joyous than last year. If we could know what the Japanese masses think and feel we probably would find a corresponding change in the national morale.

Last year Kigenetsu nearly coincided with the fall of Singapore. The army made a great effort to capture the main Oriental bastion of the hated British empire on or before that day but failed by four days. Nevertheless Kigenetsu 1942 (or 2662, as the Japanese would have it) was a day of pride and splendor unequalled in all the long history of the empire. Hongkong and Manila had fallen. Malaya was as good as conquered. Everywhere the Rising Sun banners were advancing.

Today the festival is observed under the shadow of the knowledge that the emperor's army and navy have had to abandon some of their conquests. Despite the high command's effort to sugarcoat the tidings of Papua and Guadalcanal, many intelligent Japanese will feel that this may mean the turning of the tide.

This festival celebrates the myth which has had much to do with making the Japanese a warlike, rapacious people, a scourge to half the world. It is

held to be the anniversary of the date, 2,643 years ago, on which Jimmu Tenno, great-great-grandson of the Sun Goddess, Amaterasu, established the empire of Japan.

The Japanese masses believe that Hirohito, a dumpy, stooped, myopic, rather pathetic little figure in western eyes, is the 124th sovereign in a line which has come unbroken from Jimmu. They are taught that the whole race is descended from Amaterasu, that it has a mission to extend the blessings of her rule to other lands.

When such an idea is sold to 70,000,000 people, hard-working, docile, capable of fanatical self-sacrifice and courage in the face of the enemy, and when this psychological weapon falls into the hands of a warrior caste bent on conquest, a great danger has been let loose. This has happened in Asia, just as something similar has happened in Europe.

## County Auditor's Report Suggests Fund Transfers

Several transfers of funds were suggested to the county commissioners court in the monthly report of Claude Wolf, auditor, of the county's financial status for January through February 6.

The auditor submitted in his report the suggestions that transfers of funds should be made from the officer's salary to the road and bridge fund, to the amount of \$115.81 representing gas and oil used from the county storage by the sheriff's department for the last half of 1942.

Also transfers were asked from the general fund to the road and bridge fund amounting to \$34.20 representing oil and gas used from the county storage by the county welfare department for the last half of 1942; and from the lateral road fund to the road and bridge fund, \$1,846.58 representing partial reimbursement to the road and bridge fund for an item of \$1,989.46 which has been paid out of the road and bridge fund for fuel, material and water used in the lateral road project.

Actual balance of funds as of February 6 amounted to \$90,214.32 as compared with the balance on January 31 of \$88,471.61 representing \$1,742.71 in receipts taken in from February 1-6.

Breaking down the report to the various funds shows that actual balance as of February 6 amounted to: road and bridge \$13,989.34, lateral road, \$1,846.58, general, \$27,324.41, officer's salary \$5,278.50, jury \$10,124.28, permanent improvements \$1,388.14, road refunding bond \$8,210.88, special road bond \$16,502.95, courthouse and jail warrants, \$665.81, viaduct warrants \$4,461.44, and food stamp \$2,215.00.

Distribution of expenditures for the month of January shows that \$6,189.40 was spent from the road and bridge fund and \$1,584.32 from the general fund.

Spent in the general fund was \$192 for election purposes, \$97.10 for salary for police radio operator and \$38.30 for repairs to typewriters and adding machines, to mention a few of the expenses other than salaries.

Total for the officer's salary fund came to \$3,547.22 and \$301.17 was spent under the permanent improvement fund for material and painting of the honor roll board. Courthouse and jail warrant funds spent totaled \$1,995.00.

The report further showed that total checks issued during January amounted to \$13,391.96.

## Tug Capsizes, 10 Workers Missing

PORTLAND, Ore., Feb. 11 (AP)—Coast guard patrol craft, aided by a fleet of private boats, searched the Columbia river today for eight shipyard workers and two crewmen of the tug May which capsized shortly after midnight.

Nine of the 19 persons aboard the 60-foot tug, including Pilot Clarence Harvey, were rescued shortly after the craft turned over about 400 feet from the Oregon shore enroute to the Henry J. Kaiser shipyard at Vancouver, Wash.

# How Much Food Will You Get?

By OVID A. MARTIN, WASHINGTON, Feb. 11 (AP)—How much food will you get this year?

Not as much as last year, government officials say, but enough.

But there'll be some changes in the way you act in the grocery store as the war goes on.

These changes will grow out of the fact that there will be less food for civilians than has been available to them the past three years. Consumers will have to go back to standards of the late 1930's, when people bought less because incomes were smaller.

Not all civilians will be affected alike by the step-down in eating habits. Rationing, designed to divide the supply equitably, will give some families more than they had in the '30s, some less, others about the same amount.

**7.—EVAPORATED MILK.**—Civilian supplies may be about 30 per cent smaller than last year. Rationing may be necessary.

**8.—PROCESSED FRUITS AND VEGETABLES.**—The will be rationed, beginning March 1. The annual civilian supply will be equivalent to about 40 pounds per person.

**9.—OTHER FOODS.**—Some old standbys such as watermelons, cantaloupes, celery, head lettuce and artichokes will be hard to get. Ice cream will have less butterfat and will be more difficult to get. Jams, Jellies and preserves will be available in smaller quantities and may be rationed.

If farmers meet production goals, supplies of potatoes, dried beans and peas and fresh truck crops should be ample to satisfy civilian requirements.

It is possible that supplies of fluid milk may not be equal to demands in some of the larger cities next winter. If not, rationing would become necessary to assure children, invalids and pregnant mothers of essential supplies.

**1.—MEATS.**—An average of about 36 ounces, or 2 1/4 pounds, a week for adult. This compares with the British ration of slightly more than a pound, the German ration of 12 ounces, and the Italian stint of four ounces.

Meats will be rationed on a point basis. Choice cuts will have a higher point value than more common cuts. The weekly ration will probably allow much more than 36 ounces of spare ribs, for example, but much less than 36 ounces in steaks. The rations are expected to average around 36 ounces, however.

**2.—BUTTER.**—An annual average of 13 pounds per person. This is about four pounds less than normal consumption. Supplementary supplies of about 4 1/2 pounds of margarine are expected to be available.

Manufacturers are required to set aside 30 per cent of their output for war needs. Allied nations got less than one per cent of last year's butter supply. This year they may receive between 5 and 8 per cent.

**3.—OTHER FATS AND VEGETABLE OILS.**—An annual average of about 23 pounds of lard and shortening, or about three pounds less than the probable demand. About 7 1/2 pounds of other food fats, such as salad dressings, canned soups, bakery products and confectionery, or about three pounds less than the probable demand.

**4.—CEREALS.**—There are sufficient stocks of grains to provide civilians with all the flour, breakfast and other cereal products, bread and related products they may care to buy.

**5.—EGGS.**—The civilian supply may not be quite as large as last year's record level, when consumption averaged 316 per person.

**6.—POULTRY.**—The per capita supply of poultry meat is expected to exceed

last year's record level, but the demand will be much greater because of the meat shortage.

The Jones family with the \$8,000 income may, for example, have bought an average of four pounds of meat a week during the '30s. Under rationing, it will have to limit purchases to a little more than two pounds each.

The Smith family, with the \$10,000 income, may have consumed only about a pound and a half per member. It will be allowed to buy more and probably will be financially able to do so, since many family incomes have increased.

The Miller family with the \$2,400 income ate an average of about two and a quarter pounds per member. Its standard will remain unchanged.

Rationing of other commodities will have the same general effect. Just how much of the various food items will civilians be allowed to buy will be determined largely by the success or failure of farmers in meeting food production goals.

### Groebel, Chumley Given Discharges

Two more discharges from the United States Army of men over 38 years of age were reported from the Big Spring Bombardier School on Wednesday.

They were Pvt. Albert P. Groebel, 365th air base headquarters squadron and the second Big Spring man thus to be given his honorable discharge; and Craig L. Chumley, also of the 365th, whose home is in Menard, Texas.

Frank R. Barton is now stationed at the air forces basic training center at Kearns, Utah. It has been announced. Son of Mr. and Mrs. Jeff Barton, 608 State, Frank went into the service last month.

# Here's One-Man Tank Buster

CHARLOTTE, N. C. (AP)—Lloyd Zedaker was doing a welding repair job atop a 150-gallon gasoline tank.

The tank exploded. Tank and Zedaker went through the air with the greatest of ease. When they landed, the tank, crinkled like an accordion, was atop Zedaker.

They pulled Zedaker out—and found that he had suffered only two broken fingers and a bruised leg.

**Menus For Your Approval**

By MRS. ALEXANDER GEORGE ST. VALENTINE SUGGESTIONS

**Hearty Sandwiches (18)**  
2-3 cup chopped cooked ham  
2 hard-cooked eggs, chopped  
1-2 cup diced celery  
1 tablespoon finely minced onions  
2 tablespoons minced parsley  
1-8 teaspoon salt  
1-8 teaspoon pepper  
6 tablespoons mayonnaise  
Mix ingredients with fork. Spread on buttered slices bread. Arrange sandwich fashion and cut into hearts with cookie cutter.

**Cupid's Dessert**  
1 package cherry gelatin  
1-2 cups boiling water  
1-2 cup seeded red cherries  
1-3 cup broken nuts  
1 tablespoon lemon juice  
1-8 teaspoon salt  
Dissolve gelatin in water. Cool and add rest of ingredients. Pour into individual heart shaped molds and chill until firm. Or pour to thickness of 1-2 inches in shallow pan. Chill until firm and cut out hearts with paper pattern or cookie cutter.

**Heart Meat Pie**  
2 cups gravy or savory sauce  
1 cup diced cooked meat  
1 cup cooked peas  
1-8 cup cooked carrots  
1-3 cup diced celery  
2 tablespoons minced parsley  
1-4 teaspoon salt  
1-8 teaspoon paprika  
Biscuit dough  
Mix together gravy, meat, vegetables and seasonings. Pour into

**Story**  
(Continued from Page 8)

eyes, the despair and hope intermingled, could not have been counterfeited. An inner voice said: "Don't fool yourself; you know it can be counterfeited." He cursed that voice and shut his ears to its buzzing. Carefully detaching the fragment of fingernail from Frank's collar, he put it into his pocket.

He did not act too soon. So abnormally alert were his senses that he heard someone approaching even though the person was many yards away; the faint swishing in the wet grass, as of someone running. A dim gleam of silver—of a long silver evening gown—appeared in the opening of the poplars to the south.

It was Kitty Bancroft. She was holding the trailing evening gown, up round her ankles while she hurried with short, quick strides. She was made up for an evening out. Hugh went to meet her. Even from a distance her bearing told him that she already knew. She stopped, stared, and let the ends of the silver gown fall.

"So it's true," she said. "Yes, it's true."

Kitty could not seem to leave off staring. "I didn't believe it," she panted, "even when I knew it was true. Even when Brenda told me—"

The fear inside Hugh deepened to a definite chill.

"You've talked to Brenda? Where?"

"Up at the house. I've just come from there. The last thing Frank said to me, he asked me to go out dancing with him and Brenda tonight. He wanted to use my car. I drove up a few minutes ago and found the whole place in an uproar, with Marie weeping, and Nick saying he'll see you hanged for this and telling the police you did it—"

He yelled at her. "The police? But the police can't be here yet!"

"Well, they are. There was a detective in Nick's study. Brenda tried to sneak up the stairs, and ran straight into him."

"Did she talk to him?"

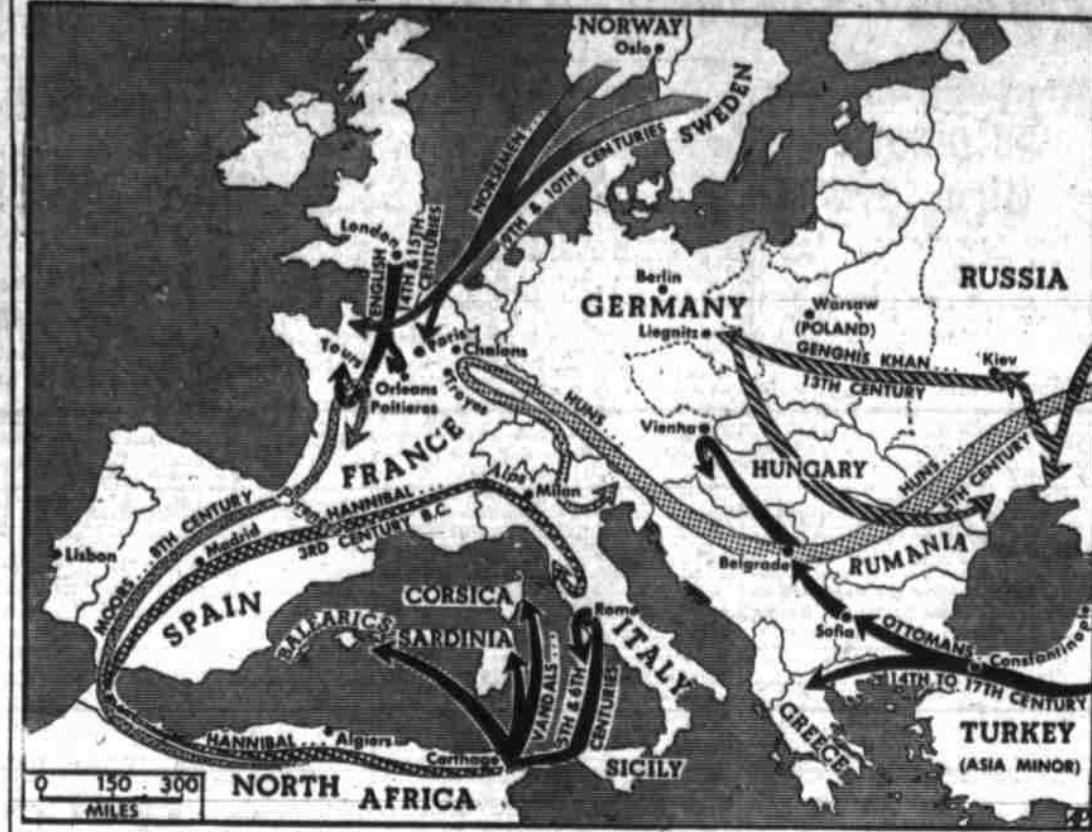

"Of course. She had to."

"What did she say?"

"I don't know. They wouldn't let me stay in the room. But her nerve seemed to break right in two when she saw this man and Nick told her who it was. She was crying, and wanted to see you. Whatever she said, she apparently didn't make a very good story of it. Maria was trying to listen at the keyhole, and she says it's practically certain they're going to arrest Brenda and maybe you too."

To be continued.

**How Europe Has Been Invaded**

The area held by the Nazis in Europe has often been invaded in the past. This map shows eight of the great invasion routes of history.

**Ap Features**  
From whichever direction the United Nations sweep into the Nazi-held continent of Europe, they will find an historical precedent for their invasion.

If they choose to invade by way of North Africa, they can profitably study the past campaigns of Hannibal, the Moors and the Vandals.

Hannibal, starting from Carthage (now Tunis) in 221 B.C., crossed into Spain, went through the pyrenees and the Rhone, with his elephants pushed through the Alps in 15 days, and headed for Rome. The Romans routed him in 207 B.C., however, and then struck across the Mediterranean at Carthage, successfully invading the invader.

The Moors, holding all North Africa, conquered Spain, breached Pyrenees and aimed at northern France. At Tours they were defeated in 732 by Charles Martel of the Franks, and were chased back into Spain.

The Vandals, originally from what is now Germany, went via Spain to North Africa, subdued Carthage, gained control of the Mediterranean, and in 455 swept into Rome. For 14 days they held that city, committing history's first act of "vandalism"—looting all the great treasures that could be removed. The Vandals also established themselves in Sicily, Sardinia, Corsica and the Bal-

**earies.**  
Invasion via Norway has a precedent in the Norsemen. Seagoing raiders, they moved onto the French coast in the ninth century and established bases from which to pillage Paris. Charles the Simple of France in 912 gave the ducy of Normandy to a bribe to cease his attacks.

Across the English Channel, a possible avenue of invasion today, the English swept onto French soil during the Hundred Years' War (1337-1453). They took Calais, battered Crecy, Poitiers and Agincourt, and had victory in sight when Joan of Arc turned the war tide by raising the siege of Orleans in 429.

The mightiest invasions of Europe have come by way of Asia—across the plains of Russia, through areas in which the Soviets are now battering the Nazis. Among the many invading tribes were the Huns, who came from behind the Volga under Attila to ravage the area between the Black Sea and the Mediterranean. In 481 the Huns invaded Gaul but Rome's Imperial Forces united with the Visigoths and the Franks to hurl them back at Troyes. Next year, Attila swept into Italy's Po Valley but was persuaded by Pope Leo I to retire behind the Alps. The Huns gradually tamed and submerged themselves in the native populations.

The Mongols, under Genghis

**Week's Oil Output Shows Increase**

TULSA, Okla., Feb. 10 (AP)—Daily crude oil production in the United States increased 27,940 barrels to 3,858,828 for the week ended February 6, the Oil and Gas Journal said today.

Illinois dropped 11,350 to 229,650; Louisiana 1,800 to 338,050; Michigan 4,100 to 56,700; East Texas, 2,400 to 325,100.

California production increased 8,800 to 774,250; Kansas, 13,900 to 305,700; Oklahoma, 1,700 to 349,900; Texas, 5,300 to 1,337,250; Rocky Mountain states, 8,090 to 118,225 and eastern fields, 5,000 to 85,000.
