JOURNEY IN FAITH is the title of a School of Religion. It is designed to be the Lenten Study Program for all members of the parish as well as confirmation instruction. JOURNEY IN FAITH is for:

- 1. Persons who wish to be confirmed and to be prepared for life as communicants of the Episcopal Church.
- 2. Persons who have been confirmed at early age and wish to deepen life as mature Christians. 3. Persons with no Church affiliations and who want to find out about the life and faith of the Episcopal Church but do not necessarily have
- plans for Confirmation. 4. Persons of another Christian body with no intention of changing their membership but feel that this type of inquiry will help them to be better members of their Christian body.

The program involves several kinds of learning. Discussion groups with questions relative to human life will be raised and discussed. Reading materials, a series of ten pamphlets in which basic Christian understandlngs are set forth. Concrete experience of the Church as a worshiping community.

All are asked to arrive a few minutes before the sessions begin and if possible to stay for the coffee following the meetings. We begin promptly at 8:00 and dismiss promptly at 9:30 p.m.

Sanders Fires Record 62, Overhauls Palmer

United Press International PHOENIX, Ariz. (UPI) - Arnold Palmer, "Mr. Goif" in 1960, goes into his second play-off of the young 1961 campaign today when he clashes head-on with doughty Doug Sanders for the championship of the \$30,000 Phoenix Open golf tournament.

At stake will be the \$4,300 prize that goes for the first place and \$3,000 fore second place - plus a mite of prestige.

Palmer tied with Al Balding for the San Diego Open crown last month and beat him on the first hole of a sudden-death play-off. This one will go for 18 holes. Palmer, who won the National

Open, Masters and six other championships last year, along with more than \$75,000 in prize money, struggled all the way Sunday to get a par-70 to gain the tie — climaxing the round with tie — climaxing the round with an eight-foot birdie putt on the 18th hole before about 13,000 fans. Meanwhile, Sanders was trying to live up to a dream his wife

had a couple of nights before. She dreamed that Doug would win the racing with a holiday program to-

NEW YORK - Although the motion pictures are not my de partment (for which boon I gravely thank Providence), I confess myself fascinated by a nubbin of an idea that this month will creep into film distribution and exhibition and which may revolutionize the art of making movies. The jet flights between the coasts, feaobviously, opens up the puzzle that so long has plagued the man ufacturers of movies. How long

idea is that on TWA, on certain ture films will be shown and this should a movie be? The solution is right here: a movie should be as long as the number of hours and minutes involved in a flight on which it is to be shown. "Exodus," for example, you

could just about see from start to finish in the time it takes to push a jet from New York to Califor-"Pepe." with Cantinflas, would almost exactly fit into the timetable between New York and Mexico City on a non-stop flight Almost any normal movie fits the New York-Miami schedule of just over two hours, and for those contemplating a flight to London they might look forward - so much onger is that flight- to a double feature of Peter Sellers.

David Selznick could find new distribution for "Gone With The Wind" by letting Pan-Am fly with it to Istanbul, and Vivien Leigh's last memorable line of it would come about the time the plane was dropping in or landing at the airport there.

On shorter flights, like New York to Boston or New York to Washington, you could not do much more than serve a drink and show a newsreel, but there are addicts of this form of film who would not mind at all. They jam the Broadway newsreel theaters day after day without grimacing or recoiling in horror.

There was a time early on in the airplane travel business when you gauged your reading by much slower in those days and I, managed to read "Studs Lonigan" between New York and Los Angeles and "Way of a Transgressor," by the recently late Negley Farson, on the way back.
