

Ford Price Hike May Start A New Spiral

DETROIT, June 5. (AP)—Henry Ford II boosted prices on his 1949 model Fords nearly nine per cent today, possibly paving the way for an upward spiral.

The current models cost from \$1,154 to \$1,972 delivered, plus state sales taxes and transportation charges.

General Motors Corp. has said it will try to hold the price line on its current models despite the recent 11-cent an hour sliding wage settlement with its 225,000 CIO United Auto Workers.

SENATE MAY RESTORE CUTS

Vandenberg Fights For Foreign Aid

WASHINGTON, June 5. (AP)—Sen. Vandenberg (R-Mich) took personal command today of the fight to boost foreign aid funds.

Housing Bill Still In Hands Of Committee

WASHINGTON, June 5. (AP)—An effort to pry the Taft-Ellienger-Wagner long range housing bill out of the House Banking Committee failed today.

That group now has before it a wrap-up foreign aid bill carrying \$5,800,000,000 asked by the administration as a minimum outlay for 12 months.

There were clear indications that several Republicans are likely to join an almost solid front of Democrats to restore the chopped off funds.

Friends said that Sen. Ball (R-Minn), another committee member who has been highly critical of the administration's foreign aid program, is inclined to support an increase.

State Fund Up Eight Million

AUSTIN, June 5. (AP)—The State's general revenue fund stood at slightly over \$62 million at the end of May, some \$8 million ahead of the month-ago figure, State Treasurer Jesse James reported today.

The jump came principally from a \$10 million deposit to the fund from the state's clearance funds early in the month.

James said the net total of all state funds at the end of May amounted to \$156,693,907.

Labor Shortage In Oklahoma, Kansas

OKLAHOMA CITY, June 5. (AP)—A pickup in aviation work in this area has put a drain on skilled labor in Oklahoma and Kansas.

The reopening of the Boeing Airplane Co. plant at Wichita, Kan., required about 1,500 workers.

Mercury Over 100 For Second Day

Big Spring joined the mercury parade Saturday but the heat wave broke no records.

Minimum reading reported by the U. S. weather bureau was 101, which was two degrees off the record for June 5.

Galveston Woman Claimed By Death

GALVESTON, June 5. (AP)—Mrs. Rachel Silkirik Pabst, 69, native of Galveston and a former state director of the Daughters of the Texas Republic, died at her home here Saturday.

Coal Miners' Pension Fuss Flares Anew

Lewis Obtains Surveys To Attack Operators' View

WASHINGTON, June 5. (AP)—The battle over coal miners' pensions flared again today as the United Mine Workers and the soft coal operators prepared to renew their contract negotiations Monday.

John L. Lewis's union obtained a survey made by the operators March 12 by the Philadelphia firm of Towers, Perrin, Forster & Crosby, and used it as a basis for attacking the operators' statistical estimates on pensions.

The union made public a memorandum to Lewis by Murray W. Latimer, former chairman of the U. S. Railroad Retirement Board. In it, Latimer compared the operators' March 12 survey with a previous survey made by the same company last Nov. 6.

1. That the company has changed its estimate of the pensions that can be paid out of the miners' welfare fund. Latimer said that on Nov. 6 the company "suggested that, as a transitional arrangement, pensions of \$50 beginning at age 70 might be paid.

2. That the second survey, "translated into plain English," means that the company "admits" that the benefits can be "98 per cent larger" than was suggested in the first survey.

3. That the first survey contained errors ranging as high as 358 per cent, which were corrected in the second survey. For example, Latimer said the company at first used a too-high total figure of 400,000 soft-coal miners, and later dropped this to 336,037.

4. That he, Latimer, is more convinced than ever that Lewis's original pension demand—\$100 a month after 60 years of age and 20 years' service—can be supported by the welfare fund as presently financed.

Erza Van Horn, the operators' trustee on the welfare fund, acknowledged the existence of the March 12 survey. But he told a reporter: "I haven't made it public. I don't know how they got it. I would like very much to know."

Salvation Army Oldsters Marry

PHILADELPHIA, June 5. (AP)—Brigadier Hazel G. Hood, 60, today became the bride of Major John T. Winterbottom, 76, the Salvation Army officer who brought her into that organization 36 years ago.

Airman Kills Self

HONOLULU, June 5. (AP)—The Air Force today identified the corporal who committed suicide Thursday while on guard duty as Calvin C. Stephens, 5020 Sixth St. Port Arthur. No reason for the act was given. Stephens was on duty at Hickam Air Force Base.

CANDIDATES GETTING BUSY

Martin Dies Quits Senate Race, Terms It 'Auction'

By The Associated Press

Who will oppose whom in the summer's political races was just about settled today.

Deadline for filing for a place on the democratic primary ballot is midnight tomorrow (Monday).

Deadline eve found two changes in the lineup. Former Rep. Martin Dies of Lufkin, whose name had been filed by friends as a U. S. senatorial candidate, decided to drop out of what he termed an "auction".

Truman Challenges Foes On Farm Plan

REUNION—President Harry Truman waves his hat in greeting as he sits in an open car with his sister, Mary Jane Truman, and Edward McKim (right) after his arrival in Omaha, Neb. McKim, Omaha insurance man and an old buddy in Battery D of the 129th Field Artillery, is one of the President's hosts during his stay in Omaha. (AP Wirephoto).

Calls On GOP To Get Action In Congress

Reiterates Views On Price Support And Conservation

OMAHA, June 5. (AP)—President Truman offered his four-point farm program to a farm belt crowd tonight and challenged Republican political foes to get action in Congress where he failed.

"We need action, and action now," he said, "to make sure that our farmers hold the gains they have made since 1932 x x x."

Mr. Truman's farm speech represented a shift from the sentimental to the strictly serious.

During the day he joined gayly in a reunion with World War One buddies of the 35th division. The one-time field artillery captain stepped jauntily along beside his Kansas City barber in a business district parade.

Some 150,000 yelling spectators turned out to watch and cheer. Members of his family came up from Missouri for a more personal reunion.

He dedicated a World War II memorial and visited famed Boys Town. He made two short talks, largely about his hopes for lasting peace.

Then tonight he addressed the 35th in Ak-Sar-Ben coliseum. Here in this "breadbasket of the nation," Mr. Truman spoke up again for just about the same farm formula he offered to Congress on May 14—price supports, soil conservation, adequate markets, more government help. This time he called for "action now."

The president did not mention by name Gov. Thomas E. Dewey of New York, Sen. Robert A. Taft (R-Ohio) or former Minnesota Governor Harold E. Stassen. They stumped Nebraska during the recent Republican primary campaign.

But Mr. Truman said "prominent politicians" had moved into the state for farm speeches in that campaign. He said they have influence with Congress, so it is fair to ask, "why doesn't Congress act?"

"I believe the time has passed," he said, "when a man can be for a farm program when he is in the west and against a farm program when he is in the east."

"If everybody is in favor of a farm program, now is the time for the Congress to act."

It was the president's second major speech in as many nights on a swing into the west which turned quickly and frankly into a bid for votes in November.

He said the measures he wants mean no great change in present national policy. He said they are "sound, practical steps."

1. A "permanent system of flexible price supports" for farm products.

2. Vigorous support and fast expansion of the soil conservation system.

3. "Adequate" markets for farm products and better distribution to consumers.

4. Government help on such things as housing, roads, and electricity for all rural areas.

In last month's farm message to Congress, point 4 stressed protection and strengthening of cooperatives and a sound system of crop insurance.

Mr. Truman said tonight that co-ops are under heavy fire and "we must stand firm against these attacks."

'Voice' Script Will Receive Better Editing

WASHINGTON, June 5. (AP)—Because the "Know North America" broadcasts made Congress so mad, the State Department is getting ready to revise and tighten its whole system of farming out overseas programs to commercial networks.

Officials said today that new "Voice of America" contracts with the National Broadcasting Company and the Columbia Broadcasting System will provide:

1. The State Department itself will write and control, through an expanded staff, all official news and commentary beamed to foreign listeners.

2. Entertainment and special features such as the travelogue series in Spanish for Latin America which backfired in Congress, will be contracted for individually. They will be tailored to official specifications and carefully reviewed, much as a radio sponsor goes over a domestic commercial program in advance.

CLAIM TOWN RETAKEN

Jewish Units Stop Egyptian Spearhead

CAIRO, June 5. (AP)—The Jewish command said today Israeli troops had trapped a "considerable" Egyptian force driving up the Palestine coast and threw back the Egyptian spearhead within 14 miles of Tel Aviv, the capital of Israel.

In central Palestine northeast of Tel Aviv, however, Associated Press dispatches said Iraqi troops were digging in around Jenin, northern tip of the Arab "triangle of strength," after throwing back a Jewish offensive.

Yibna, highpoint of the Egyptian thrust south of Tel Aviv, was retaken by Israeli units, the Jewish command said. At that point the Egyptians were six miles inside the coastal strip claimed by Israel.

Nine miles farther south in the Arab section of the Palestine coast other Jewish troops threw a nose around Isdud. The Jews claimed some of King Farouk's armor was hemmed in there. The Egyptians suffered losses in armor when they attempted a break-out, said the Israeli communique issued in Tel Aviv.

But an Egyptian defense ministry communique said tonight Egyptian forces had driven wedges into Jewish settlements north of their advance lines on Palestine's southern coastal plain. The Egyptian Air Force bombed other Jewish settlements, the communique added.

The communique said that Egyptian planes had heavily raided the settlements of Kheida, Huda and Abu Shusha, southeast of Er Ramle, and Yavne and Gan Yavne, northeast of Isdud.

The Cairo Newspaper Akhbar El Yom reported that the Egyptians had launched a general offensive against Israel, striking by land, sea and air.

A pick up and gasoline transport were said involved, and gasoline was spilled over the highway.

PHILADELPHIA, June 5. (AP)—The president of the CIO United Rubber Workers Union said today wage talks between his union and the B. F. Goodrich Rubber Co. broke down today.

L. S. Buckmaster said a strike "is possible around July 11" but added that he believes "we'll be back in negotiations before any strike can come off."

The union president said the workers demanded a 30-cent-an-hour increase. He would not disclose what management offered.

One Man Killed In Truck Crash

One man, whose identity could not be learned immediately, was killed and another injured in a truck mishap four miles north on US 87 shortly before midnight Saturday.

At midnight the body of the victim was still trapped under an overturned truck.

A Latin-American was taken to the Cowper-Sanders hospital in a Nalley ambulance, and extent of his injuries were not known. Identity was given tentatively as Vidal Chacon Trevino, 27, Ackerly.

A pick up and gasoline transport were said involved, and gasoline was spilled over the highway.

Negotiations Halt In Rubber Dispute

PHILADELPHIA, June 5. (AP)—The president of the CIO United Rubber Workers Union said today wage talks between his union and the B. F. Goodrich Rubber Co. broke down today.

L. S. Buckmaster said a strike "is possible around July 11" but added that he believes "we'll be back in negotiations before any strike can come off."

The union president said the workers demanded a 30-cent-an-hour increase. He would not disclose what management offered.

Reviewing The Big Spring -Week-

Joe Pickle

Planting has been going on a night and day schedule here during the past week, and by mid-week, more than 150,000 acres likely will be seeded.

Temperatures have been jumping during the week, getting above the 100 mark for the second time this season. It's nothing out of the ordinary, for normally there will be around 20 days of this kind of weather during a summer season.

While other indices were showing steadiness to strength, postal receipts took a dive during May. In comparison to the same month a year ago, the \$8,322 total was 27 per cent off stride. April had been up by that amount.

Annual conference appointments brought two changes to Methodists of Big Spring. One is the assignment of Rev. Aisie Carleton as First Methodist pastor, succeeding Dr. C. A. Long, and the other the appointment of Rev. I. A. Smith to be the first pastor of the Park Street church. Until now, that church has functioned as a mission point. In a few days word may be released on entry of a Big Spring layman into the Methodist ministry.

This week the electric show comes to town, and with a bigger variety of entertainment and informational matter along with the displays. Big Spring has built up a reputation for unusual support of

First Methodist Congregation To Greet New Minister Today

Pastor and congregation come face to face today in their new association at the First Methodist church.

It will be the first experience in little better than two years for the church and the first in six for the Rev. Aisie H. Carleton, 37, formerly of Lubbock.

The Rev. Carleton will be in the pulpit for both morning and evening worship hours, and prospects are that capacity crowds will greet him on both occasions. He and Mrs. Carleton and their two sons, Tom and John, arrived here Thursday for him to assume his new charge.

For the past six years he has been pastor of the St. John's Methodist church in Lubbock. This institution particularly served those in the Texas Tech area, and in this association the Rev. Carleton earned a reputation as an outstand-

REV. AISIE H. CARLETON

ing worker with young people. On more than one occasion he directed music for revivals here and was himself the minister in such an evangelical effort.

Born and reared in Floydada, he received his bachelor of arts degree at McMurry college, Abilene; his bachelor of divinity degree at Southern Methodist University in Dallas; attended Boston University in Boston, Mass. one summer, and spent a year in divinity school in Chicago, Ill.

During his 13 years in the ministry, he has been in Trent, Clyde, Baird and then at St. John's.

He succeeds Dr. C. A. Long, veteran Methodist minister, as pastor here. Dr. Long, who has spent nearly two score years in service, left Thursday for Littlefield, where he has been assigned. After he was transferred from Lufkin into the North Texas conference, he served as pastor at Pampa and Abilene

MACHINE HELPS CITY WORKERS

Employees in the city water department office have thrown out the welcome mat for a new piece of equipment that is expected to perform many of the detailed tasks that required personal attention in the past.

The new addition is a large bookkeeping machine which has been on order since Sept. 15, 1946.

The machine will perform mathematical tabulations and inscribe records for water sewer and garbage accounts, and it also will be used in handling the city's payroll accounts, officials said. After it is put into use and personnel in the department become familiar with its operation, the machine probably will be used occasionally by the tax department.

and as district superintendent at Abilene and Sweetwater before coming here.

'DADDY WENT TOO FAR'

Mother Tells How Lad Of 11, Killed His Father With Rifle

LOS ANGELES, June 5. (AP)—Dry-eyed and calm, Mrs. Gladys Weitzel told a coroner's jury how her 13-year-old son killed his father, Elmer L. Weitzel, with a rifle as the family listened to the radio last Sunday.

Weitzel, 50, deputy city attorney of Glendale, was shot seven times as he lay on a davenport. The jury yesterday held the killing was a homicide and recommended that the boy, Bobby, be held to answer.

Mrs. Weitzel, dressed in mourning, related that her husband and Bobby had gone to the beach Sunday and that when they returned in the afternoon she could tell there had been trouble.

She said Bobby told her: "Daddy was mean and sarcastic and I guess I was impudent. I answered him impudently. On the other hand, mother, I think that daddy

impudent, daddy hit me on the mouth with the back of his hand. It didn't hurt, but it was insulting."

She said Bobby ate his supper quietly, listened to the radio and then, when his father demanded curfew that he pick up some papers from the floor he "just shoved them at his father."

The boy then went to his bedroom, she continued, and when she next saw him, he jumped out from behind a radiator with a .22 calibre rifle "and then it was done, just like that."

Gloria Swanson of the silent days of the cinema said recently that men should don garters, be manured and do something about those over-the-eye "detective-appearing" hats. Now we understand why she was in SILENT movies.

Royalty Of Cotton Will Be Crowned

James Cauble of Elbow and Rosemary Rice, Center Point, chosen Cotton king and queen of Howard county in a 4-H club contest which was terminated Saturday, will be crowned in a program to be conducted at the city park amphitheater at 8 o'clock Monday evening.

The king will be crowned by County Agent Durward Lewter and in turn will place a crown upon the queen's head.

Cauble is the son of Mrs. Pearl Cauble, Rosemary the daughter of Mr. and Mrs. Ira Rice.

A total of \$103.81 was realized

in the sale of votes during the contest. The money will go into the entertainment fund for the 4-H club.

4-H club members will gather for a county-wide meeting at the city park starting at 6:30 o'clock Monday evening.

Others who received votes in the contest included Bill Crow, Luther; Jimmie White, Big Spring; Wayne White, Coahoma; Lowie Rice, Center Point; Martin Fryar, Knott; Connie Crow, Luther; Marilyn Guitler, Big Spring; Marie Petty, Elbow; Billie Jean Walker, Coahoma; and Joyce Choate, Big Spring.

Food Course Starts Monday

A five-day course of instruction in sanitary food handling will open Monday in the Municipal auditorium under joint sponsorship of the city-county health unit and the Texas State Health department.

Classes will begin each day at 2 p. m. C. W. Mason, city-county sanitarian, said.

Instructor for the course will be C. B. Breedlove of the State Health department, who conducted a similar school here two years ago that attracted a record enrollment total.

The course is offered each year primarily to enable employes of local eating and drinking establishments to qualify for permanent certificates in sanitary food handling. However, the general public is invited to attend, and certificates will be issued to all who complete the course successfully. Employes of public eating places who have not qualified for permanent certificates are required to take the course.

There are no enrollment fees or admission charges in connection with the course.

Former Resident Injured In Rail Mishap At Ft. Worth

A former Big Spring resident, O. V. (Buster) Bray, is in a Fort Worth hospital under treatment for injuries received earlier in the week in a railroad yard mishap there.

Bray was one of two men hurt when a switch engine hit a parked locomotive Tuesday night. He suffered head injuries, facial bruises and leg injuries. He was reported as somewhat improved at the end of the week.

Bray, a son-in-law of S. P. Petty of Big Spring, lived here for many years before moving to Fort Worth several years ago.

Fewer Illnesses During The Week

Number of communicable disease cases in Howard county decreased considerably during the past week, according to the regular Saturday report of the city-county health unit.

Seventeen cases of measles were listed in the previous week's report, but the number dropped to four on the latest tabulation.

Five cases of whooping cough accounted for the remainder of the past week's report.

Council To Meet

The Big Spring city commission will convene at 5 p. m. Tuesday for the first regular meeting of the month.

Agenda for the session will be composed of routine business matters, officials said.

WEEK'S BUSINESS

Trade Indices Show Decline During Week

Recent rains produced the expected business slump in Big Spring, according to figures for major yardsticks during the past week. Apparently few local citizens found time to transact deals during a rush throughout the county in efforts to take full advantage of new moisture.

For the first time this year, new motor vehicle registration figures dropped to zero, following a substantial decrease noted a week ago.

City building permits still found a moderate demand, but most of them involved repair work. Only two new construction projects were launched during the week. Estimated costs of construction amounted to \$12,445, which pegged the current total for the year at \$6,311,333.

The county clerk's office recorded 18 warranty deeds, but the transactions involved amounted to only \$29,102, representing one of the lightest weeks of the year. The 1948 total is \$1,162,393.

Band Clinic Date Fixed By Director

Announcement was made Saturday by J. W. King, Jr., local band director, that the summer band school will begin July 21 and will continue through August 27.

On July 21, all students currently enrolled in the band program in the public school will register for the summer session at 9 a. m. Beginning students will meet at the band room at 10 a. m. for registration and consultation.

This school will feature classes in different band instruments; marching; theory and concert band. It is open to any student in the local schools having been enrolled in band previously or to beginning students who will be in the fifth grade or above during the coming school term, King said.

All classes will run from 8 a. m. to 12 noon during the summer session.

EAGLE AWARD — Bobby Joe Blum, son of Mr. and Mrs. Joe Blum, is presented his Eagle Scout award by his mother in ceremonies at a Court of Honor here last week. The Eagle is the highest rank to which a Boy Scout may rise, although further industry may earn palms to add to it. (Jack M. Haynes Photo).

Chad Rockett Heads ABClub Park Group

Chad Rockett has been named chairman of an American Business club committee to establish a recreation park on the city's north side. Appointment was made at the ABClub's Friday luncheon meeting.

Past Presidents will meet during the coming week to nominate new officers. The club will attend an outing hosted by the XYZ auxiliary Thursday, June 10.

R. E. McKinney, first vice-president, presided at the session.

Johnson Address On KBST Monday

An address by Lyndon Johnson, candidate for the U. S. senate from Texas, is scheduled over radio station KBST Monday night.

The station announced Johnson's talk will be put on the air between the two games of Monday night's doubleheader baseball schedule between the Big Spring Broncs and the San Angelo nine.

MILITARY HONORS

Rites For Returned War Victim Will Be Said Here Wednesday

Last rites will be said at 4 p. m. Wednesday for Lt. Cecil Edmondson, it was announced Saturday.

The body of Lt. Edmondson, a plane crash victim near Casa Blanca, French Morocco, in 1944, is to

arrive here at 6 a. m. Tuesday and will be met at the train by an escort from the American Legion post. Services will be at the Eberley chapel with Dr. P. D. O'Brien officiating, and the Legion post will be in charge at the graveside for military honors.

Pythias Lodge Will Meet In New Quarters

Knights of Pythias, Frontier No. 43, will meet for the first time at their new home, 1407 Lancaster, Tuesday evening, June 8, it has been announced.

Formerly the lodge held convocations at the Trinity Baptist church. Members are urged to attend the Tuesday meeting.

To make cream of spinach soup quickly put a pound of spinach that has been cooked through a sieve food mill; combine it with three cups of thin white sauce, reheat and season well. If there is any liquid left after cooking the spinach, it may be used as part of the milk in the white sauce.

FISHERMAN'S

WEST TEXAS OIL

Coke Continues In Deep Play

By John B. Brewer
SAN ANGELO, June 5.—Opening of the second Ellenburger lime producing area and prospects of a second Marble Falls lime pool kept Coke county at the West Texas oil front this week. A Crockett county wildcat rated 60 million cubic feet of dry gas daily from the Ellenburger, and a northwest outpost to the Benedum (Ellenburger) field in Upton county passed up possible lower Permian lime pay.

A half dozen wildcats were staked—one each in Pecos, Crane, Upton, Concho, Gaines and Parmer counties—all due to explore the Ellenburger.

Shamrock Oil & Gas Corp. of Amarillo No. 1 Herman G. Wendland in Coke county produced 254.5 barrels of 47.1 gravity oil on its first 24-hour gauge from the Ellenburger at 6,235-50 feet. The flow was through a 20-64 inch choke. Open hole had been treated with 1,000 gallons of acid. Location was staked for a quarter mile south offset.

The discovery is 4,950 from the south, 2,970 feet from the east line of Jose Antonio Gutierrez survey, 7 1/2 miles southwest of Bronte and eight miles southeast of Robert Lee. It is only 2 3/4 miles north-northwest of No. 1 M. G. Reed, first Ellenburger strike in Coke county, finished May 20. A three-quarter mile southwest outpost, No. 2 Reed, had spudded.

Allen Guiberson and others of Dallas No. 1 Jack Lassiter, northern Coke wildcat, headed oil and salt water through open 2-inch tubing to pits from Marble Falls lime at 6,495 to 6,528 feet, the total depth. The operators estimated the oil to be 85 per cent, the water 15 per cent. There was several million feet of gas.

Storage was being erected and a gauge was not expected before Sunday. A Schlumberger survey indicated the water was coming from the bottom four feet and setting of a plastic plug was planned. No. 1 Lassiter is in the C NW N 306-1-A-H&TC, 2 1/2 miles northwest of Sanco and 2 1/2 miles south and three-quarters of a mile west of Sun No. 1 J. W. Arledge, Marble Falls discovery.

Humble No. 1-B I. L. Ellwood estate, Sterling county's first Ellenburger well, was finished for natural flow of 112.5 barrels of 47.4 gravity oil in 24 hours and gas-oil ratio of 1.540-1. The gauge was through an 18-64 inch tubing choke and perforations at 7,910-50 feet in 5 1/2-inch casing which was cemented on bottom at 9,000 feet, shutting off sulphur water. Location is the C NE NW 58-18-Spr., 15 1/2 miles north and slightly east of Sterling City.

Thompson Foresees Ample Oil Supply Within Two Years

Within two years the oil supply will be adequate, and there is nothing the matter with the oil business except growing pains.

This is the opinion of Col. Ernest O. Thompson, chairman of the Texas Railroad commission, as expressed in an address to the International Oil congress in Tulsa, Okla. recently.

Demand has rocketed to undreamed levels, he observed, yet he was confident that "research, scientific advances, American initiative and free enterprise—if left unhampered and unignited by government interference, will get the job done in orderly fashion."

Geared to a capacity of five million barrels per day before the war, the prime problem of the petroleum industry then was to prevent wasteful over-production, said Col. Thompson. This situation was handled so well by interstate cooperation, he continued, that when war came the industry was able to swing immediately and indefinitely into full stride.

No one foresaw the tremendous post-war demand which has exceeded even the tremendous requirements of the war years, he continued.

"Science is going forward with demand," observed Col. Thompson. "Research is the order of the day." He was confident that research would lead to means for recovering a generous portion of 100 billion barrels of oil unrecovered in old fields through wasteful production methods. A freer flow of materials and less interference will result in production increases that will bring the industry space with demands within two years, he predicted.

BLAST ROCKS ALL SHANGHAI

SHANGHAI, June 5. (AP)—A tremendous blast rocked downtown Shanghai today. It was traced to storerooms of the Sin Wan Pao, largest Chinese language newspaper in the country.

The explosion was followed by a huge fire which raged fiercely in the center of Shanghai in late afternoon. First reports did not indicate whether there were any casualties.

The pro-government newspaper is independently owned.

daily. It halted for pressure tests. Location is near the C NW NE 5-0-Clarissa W. Brown, Texaco No. 1 Tom Smith, near the C SE SW of the same section, had reached 9,940 feet in sand and shale.

Republic Natural Gas Co. of Dallas No. 1-E-A Mrs. Rosa Half Barnett, Upton county wildcat projected to the Ellenburger, recovered 250 feet of 41.5 gravity oil and 600 feet of oil and gas-mud which was 50 per cent oil on a 90-minute drillstem test from 7,460-7,545 feet in lower Permian. It drilled ahead. Location is the C SW NW 40-Y-TCRR, two miles north-northwest of Slick-Urschel and Plymouth No. 1 D. L. Alford, opener of the Benedum (Ellenburger) field.

Humble staked No. 2-B Barnett C NW NW 39-Y-CCSD&RGNG, one mile southwest of No. 1 Barnett, which had passed 10,128 feet in shale and chert, and 2 3/4 miles northwest of No. 1 Alford.

Demands Apology From Russians For Shooting

SEOUL, June 5. (AP)—Lt. Gen. John R. Hodge demanded a full apology from the Russians today for the shooting of an American Military government employe by North Korean constabularymen May 26.

The American, Karl S. Smith of Huntington, W. Va., was wounded four times, but superficially, shortly after he and two others had inspected a dam near the 38th parallel. That is the boundary line between the Russian occupation zone in North Korea and the U. S. zone, which Hodge commands.

Hodge, in a letter to the Soviet occupation commander, Lt. Gen. G. P. Korotkov, said investigation showed Smith was about 30 yards south of the boundary line when the constabularymen opened fire without provocation. Hodge described the incident as "a very serious matter," and added:

"I demand that you make full and appropriate apologies and that the offenders be apprehended and punished."

FORMER BIG SPRINGER EYES EASTLAND SITE FOR WILDCATS

Jesse McKee, Fort Worth, discoverer of many oil pools and a former Big Spring man, is prospecting at the scene of a once fabulous boom.

He has set up offices at Eastland, and his son, David, and family have moved there. McKee has activities near Ivan in Stephens county and in the northwest part of Erath county near Desdemona, where he likely will spud a test soon.

Born in Bell county, he attended Tyler Business college and kept books for a furniture store and bought a gin in 1915 at Kosse. An inland storm retired him from the ginning business and he went to work for Jones Bros. grocery in Big Spring.

Later he went to Haskell and got into the oil business when he went to Wichita Falls. Although he had turned the first gas into Altus, Kee had only \$5 in his pocket when he arrived in the East Texas field in 1931. By Christmas he had part interest in three wells and as many rotary rigs.

Moving to Fort Worth he met W. Lee O'Daniel and became in-

terested in his political campaigns. He also expanded operations. Among strikes in which he participated are discovery of the Abell pool in northern Pecos and the Caddo lime pool in Jack county.

Good Roads Group Re-Elects Officers

SAN ANTONIO, June 5. (AP)—All officers of the Texas Good Roads Association were reelected yesterday. They include: R. J. Potts, Harlingen, president; Joe Leonard, Gainesville, first vice president; N. B. Zachry, San Antonio, second vice president; T. C. Jones, Fort Worth, third vice president; E. P. Cravens, Austin, secretary treasurer and Ike Ashburn, Austin, executive vice president.

Cadets To Graduate

WEST POINT, N.Y., June 5. (AP)—The United States Military Academy will graduate 301 cadets of the class of 1948 next Tuesday.

LODGE HONOREES — Pins emblematic of long service in the Brotherhood of Locomotive Engineers and the B of LE Auxiliary (GIA) were presented to five of the individuals pictured here at a recent banquet honoring both groups at the Settles hotel. At the left, Jimmy Dean, a union official, pins a 40-year button on Sam LaLonde of El Paso, formerly of Big Spring. Standing by are L. C. Solden of Chester, Neb., left, and Jesse Ryan, second from left, honored with 50-year buttons. In lower photo, Mrs. D. C. Pyle of the Auxiliary fastens a 40-year membership pin on Mrs. Zach Mullins while the latter's sister, Mrs. Walter Bird, similarly honored, stands by. (Photos by Jack M. Haynes).

Boyd Services Set For Monday

Funeral will be held at 4 p. m. Monday for Burton W. Boyd, 56, former grocer and long time resident of Big Spring.

Mr. Boyd was found dead Friday at 8:30 a. m. at Oakdale, La., where he had been visiting his sister and brother-in-law, Mr. and Mrs. Alvin J. Brabham, for a few days. Apparently he had arisen early and was walking in the yard when he was stricken.

Services will be held at the Ebenezer Chapel with Dr. P. D. O'Brien, First Baptist pastor, officiating. Burial will be in the city cemetery.

A resident of Big Spring since 1918, Mr. Boyd lived at 1900 Main. He operated grocery stores on W. 3rd street and in the King Apartment building here for many years.

Surviving are his wife; one son, Burton E. Boyd, Fernday, La.; four sisters, Mrs. Clara Murray, New Orleans, La.; Mrs. Lek Brabham, Oakdale, La.; Mrs. W. E. Wall, Baton Rouge, La.; and Betty Boyd, Shreveport, La.

Funeral services will be held at 4 p. m. Monday at the Ebenezer Chapel with Dr. P. D. O'Brien, First Baptist pastor, officiating. Burial will be in the city cemetery.

Services will be held at the Ebenezer Chapel with Dr. P. D. O'Brien, First Baptist pastor, officiating. Burial will be in the city cemetery.

HERE'S TRUE BI-PARTISAN

SARASOTA, Fla., June 5. (AP) — A Republican by day and a Democrat by night — that's Mrs. Marion Taylor.

She's secretary to Roger Florio, a Republican and alternate delegate to the GOP national convention. When she leaves her office she is met by her husband, Frank O. Taylor, who is a delegate to the Democratic national convention.

Her boss will attend the Republican convention in Philadelphia June 21. Her husband will go to Philadelphia with the Democrats July 12 as a delegate at large.

Resigns As Manager Of Seminole C-C

SEMINOLE, June 5. — H. B. Lewis has resigned as manager of the chamber of commerce here, effective June 30.

He had managed the organization for the past 14 months. Lewis did not announce his plans but indicated he was pondering offers from another chamber of commerce in the area. Prior to his Seminole association, he was aviation manager for the Lubbock chamber and served as manager of the Torrance (Calif.) chamber of commerce.

The country has between 3,000 and 4,000 disc jockeys, whose incomes range from \$35 to \$3500 a week.

BLOMSHIELDS HERE

Mr. and Mrs. John Blomshield and son, John Bryant, Jr., are spending the weekend here with his parents, Mr. and Mrs. C. S. Blomshield, 114 Lexington.

Some Bible Schools Being Concluded

Classes of the Vacation Bible school at the Westside Baptist church will begin Monday morning at 8:30.

Schools at the First Christian, East Fourth Baptist, First Methodist, Wesley Methodist and Trinity Baptist churches, are closing this weekend.

Schools at the First Baptist and First Presbyterian are entering their final week on Monday.

Preparation Day for the Westside Baptist school was held Saturday with 57 students enrolling. The Rev. Cecil Rhodes, pastor, will serve as principal of the school.

Superintendents of departments include Mrs. C. L. Kirkland, intermediate department; Mrs. E. O. Sanderson, junior department; Mrs. Cecil Rhodes, primary; Mrs. Harrison, beginners; and Mrs. Alice Monteith, nursery.

Classes will last from 8:30 to 11:30 each morning for the two weeks beginning Monday.

COMMENCEMENT
Commencement for the First Christian Bible school will be held tonight in place of the usual service. The members will conduct the service. The average daily attendance has been 37. Approximately 34 will receive certificates and 14 students will receive gold stars for perfect attendance during the two week school. Kay King will play the professional.

The junior department has made a tour of the churches of the city.

SCHOOL CONCLUDED
Commencement for the East Fourth Baptist church was held Friday evening. The average attendance at the school was 133 from an enrollment of 192. Approximately 150 persons attended the picnic at the City Park on Thursday afternoon.

Teachers of the school were G. K. McLellan, Mrs. H. M. Jarratt, Joan Bennett, Tommie Ann Hill, Mrs. A. S. Woods, Mrs. Monroe Gafford, Mrs. Exie Nanny, Boyce Patton, R. D. Davie, the Rev. J. S. Parks, Mrs. M. L. Kirby, Mrs. O. R. Smith, Mildred Rainey, Faye Rice, Mrs. J. J. Dearing, Laverne Cooper.

Mrs. Leroy Minchew, Wanda Lawson, Mrs. Margaret Chapman, Billie Sue Leonard, Elizabeth Sew-

ell, Mrs. R. O. Mothershead, Mrs. G. I. Palmer, Mrs. Jack Franklin, Ms. J. D. Kendrick, Mrs. Rex Edwards, Mrs. Verion Reid, Mrs. George McLellan, Mrs. O. R. Riddle, Mrs. Betty Goad, Betty Jo Raley, Joyce Justice, Mrs. Denver Yates, Gladys Cowling.

Mrs. W. O. Leonard, Mrs. J. C. Harmon, Mrs. Walter Grice, Mrs. Joe Thurman, Mrs. M. M. Mitchell, Mrs. J. B. King, Mrs. R. W. Darrow, Mrs. L. A. Yates, Mrs. Arthur Leonard, Mrs. C. A. Tonn, Sr., Mrs. W. E. Bates, Mrs. J. J. Richardson.

74 CERTIFICATES
Seventy-four certificates were awarded at the First Methodist closing services. The average attendance was 100.

Teaching the classes were Mrs. L. R. Mundt, Mrs. L. A. Webb, Mrs. Merle Hodnett, Mrs. G. S. True, Mrs. E. J. Hughes, Mrs. L. E. Maddux, Mrs. T. J. Walker, Mrs. C. R. Moad, Mrs. C. Y. Clinkacales, Mrs. Mamie Lee Dodd, Jane Norris, Bonnie Dempsey.

Mrs. J. T. Baird, Mrs. K. H. McGibbon, Mrs. A. C. Moore, Mrs. Cooper Brown, Mrs. Cieta Faye Teague, Mrs. Cecil Collins, Joyce Howard, Mrs. Vaughan, Mrs. G. T. Hall, Mrs. Jake Bishop and Mrs. W. A. Laswell.

FINAL EXERCISES
The average attendance at the Wesley Methodist church was 80 and the final exercises for the school will be held tonight at the church. There were 20 instructors at the school.

New Seminole Store
Announcement has been made from Seminole of negotiation of a ten-year lease between R. Barrier of Seminole and the C. R. Anthony company for space to be used as a new Anthony store.

The Seminole store will be 50 x 140 feet and will feature a modern front and new fixtures and equipment, including air conditioning.

R. M. Alvis, who underwent surgery in a local hospital, has sufficiently improved to return to his home.

Heavy Damage In Duluth Fire

DULUTH, Minn., June 5. (AP) — Fire swept through sections of two retail business blocks in the heart of Duluth early today causing damage estimated by police at "several million dollars."

A four-story retail furniture store and the nine-story Duluth Board of Trade building housing the grain exchange and grain commission offices, were swept by the blaze. Nearly a score of small retail stores burned.

The wind-fanned flames threatened the Northwestern Bell Telephone Company's building, the

Wolvin building housing the Duluth, Mesabi and Iron Range Railway offices and those of the Oliver Mining Company before it was brought under control.

Both long distance and local telephone services were disrupted. More than 150 Duluth firemen manned every available piece of Duluth fire apparatus. Other apparatus came from nearby Superior, Wis., one fireman was slightly injured.

ON VACATION TRIP
Mr. and Mrs. Jimmy Medford and daughter Dorinda Kay were to leave early today on a two-week trip which will take them through Colorado and Utah to California. They were to be accompanied by Mr. and Mrs. B. J. Corbin of Lamesa.

VERY THRILLED ABOUT IT

Will Interview Prospective Hubby Who Has The 10 Grand

VALLEY STREAM, N. Y., June 5. — Mrs. Dorothy Lawlor, 28-year-old hat check girl who is seeking a husband with \$10,000, said tonight she will fly to Florida Monday to interview an applicant. Mrs. Lawlor said her "main in-

terest" now is a man she identified as Dan Wicker, proprietor of "Danny's Musical Bar" at Daytona Beach, Fla. She said Wicker, 33 years old, divorced and father of one child, made airplane reservations for her

trip after a telephone conversation. She said she would spend three or four days in Daytona Beach and "if it turns out the way we plan" would return here briefly before rejoining Wicker in Florida. "He has a wonderful personality," she said. "I'm very thrilled about it and he feels that same way from what I heard over the phone."

She said Wicker told her he already had given her name to his yacht and is selling "Dorothy Lawlor" cocktails at his bar — for \$1.75 each.

Mrs. Lawlor, a divorcee with two children has received numerous offers of marriage since the Hempstead Newsday published her "wife for sale" offer two weeks ago.

POSTOFFICE LOBBY TO HAVE A STAMP VENDING MACHINE

The stamp window soon will have welcome competition from a stamp vending machine.

Postmaster Nat Shick said Saturday that the machine is to be installed in the lobby of the postoffice, taking some of the pressure off the stamp window, where lines sometime stack up despite rapid work.

A non-profit unit put out by the postal department, the machine will sell five 1-cent stamps for a

nickel; two 5-cent airmail stamps for a dime; or five 3 cent stamps for a nickel and a dime.

Another aid to patrons, the postmaster announced, would be installed near the drop slots. It will be a scale, which automatically computes rates on first class mail up to nine ounces. Thus, those in doubt about the amount of postage required can get a definite answer and purchase the stamps at the machine.

Summer School Enrollment Is Still 'Open'

Summer school is off to a good start, but enrollment has not closed.

Letha Amerson, in charge of the special session, said Saturday that pupils interested in courses which will put them back on a regular basis should register at the high school between 8 a. m. and 12 noon Monday.

In addition to courses for students of irregular classification (for instance, a student lacking freshman math toward sophomore classification), advance courses are available. Miss Amerson may be reached at telephone 1729 for information on courses available.

Moore To Attend C-C Convention

Mr. and Mrs. Dave Moore were to leave today for Wichita Falls where he will attend the annual meeting of the Texas Chamber of Commerce Managers Association. The meeting, which includes a two-day clinic for chamber of commerce professional personnel, will close Tuesday afternoon.

Fuller Named Head Of Ropesville Schools

O. V. Fuller, who has served as principal of the Knott schools for the past three years, has accepted a position as school superintendent at Ropesville and reports for duty July 1.

To Kiwanis Conclave

Nat Shick will board an American Airlines plane here this morning for Los Angeles, and the Kiwanis International convention. He will join Walter Reed, president, as a delegate from the Big Spring club. Reed left Thursday aboard a special train from Sweetwater.

No Wedding Date

ATHENS, Greece, June 5. — A palace spokesman said today that former King Mihai of Romania and Princess Anne of Bourbon Parma are expected in Athens Monday but a wedding date has not yet been set.

Weather Forecast

DEPT. OF COMMERCE WEATHER BUREAU

WFO SPRING AND VICINITY. Partly cloudy with little change in temperature Sunday. High today 100, low tonight 68. Highest temperature this date, 104 in 1908; lowest this date, 50 in 1915. Maximum rainfall this date, 1.39 in 1908. EAST TEXAS. Partly cloudy Sunday and Monday. Widely scattered afternoon and evening showers in the extreme south Sunday. No important temperature changes. WEST TEXAS. Partly cloudy Sunday and Monday. No important temperature changes.

Andrews County Gets New Pay From Devonian

MIDLAND, June 5.—Humble Oil & Refining company is taking potential gauge and will complete its No. 1 J. E. Parker, Central-Southwest Andrews county wildcat as an oil well and a new discovery for flowing petroleum from the Devonian.

This development is located 660 feet from south and west lines of section 2, block A-54, 1st survey, and about 25 miles southwest of the town of Andrews.

It treated the section in the top of the Devonian at 8,390-8,420 feet, with 3,000 gallons of acid. The well kicked off after swabbing and flowed to the pits for a time to clean and was then turned to tanks.

In the first hour it gauged 33.3 barrels of fluid, through a three-quarter inch tubing choke, with a shakeout of six per cent sediment and acid water. In the next three and one half hours it flowed through a three-eighth inch choke and made 52.9 barrels of fluid, with a shakeout of 12 per cent sediment and acid water.

In a 30 minute flow through a one-quarter inch choke the wildcat made 10.8 barrels of fluid with a shakeout of six per cent sediment and water. The remainder of the fluid was new 36 gravity oil. Gas-oil ratio was 1,000-1.

Coke Heading For West Texas Area

TYLER, June 5. —Coke Stevenson, candidate for the United States Senate, will take time out from political activity tomorrow to dedicate the David Granberry Memorial Hospital at Naples.

He has been campaigning this week in East Texas, where at week's end he had completed a 40,000-mile tour of 175 counties. Next week he will go into West Texas to ask for votes. He is scheduled to be in Austin Monday and to ride in a rodeo parade at Lubbock Wednesday.

The Week

(Continued From Page One)

this production, and this year is due to see another big turnout.

No official information has been received, but there is reason to hope that the state highway department soon will make an offer to Howard county for taking over the bulk of the county's hard surfaced lateral roads. Such a development would mean thousands of dollars a year to the county.

Agriculturalists are not without their woes these days. In the Vincent section, grasshoppers are so thick they promise destruction to crops as fast as they sprout unless the menace is checked. Poultry flocks have had a wave of cholera and of range paralysis. The former has a specific; the latter has sanitation as its best control, along with isolation of young birds from adults.

Drainage systems on new paving got a short-lived test last week in the face of a vigorous shower. On the whole, results were satisfactory. One of the most encouraging situations was the North Side storm sewer—but the volume it handled cannot yet be said to be conclusive.

The city made another round with its DDT spraying unit last week. There was good reason, too, for showers will promote mosquito and fly breeding. Moisture has a way of increasing health problems, and increased sanitation by every home will be a wise and neighborly thing.

Gomez, to build stucco garage at 403 N Lancaster, \$400.

THANKFUL FOR THIS ARREST

W. C. Casper let it be known he owed members of the sheriff's office a debt of gratitude after he sobered to the fact that he had been picked up on a charge of drunkenness on Highway 80 west Friday evening.

Arresting officers said he had a sizeable roll of money on him. He had "passed out" when the authorities reached him, but the money was safe.

Casper entered a plea of guilty to the charge of drunkenness in justice court Saturday morning and was fined \$1 and expenses.

Driver Injured As Truck Overtakes

Charles Souella, Negro driver, suffered injuries when the truck he was driving turned over 16 miles south of Big Spring on US 87 shortly after 6 p. m. Saturday.

Souella, who is employed by Mead's Bakery, was returning to Big Spring from San Angelo when he lost control of the vehicle after a tire blew out. He was brought to a local hospital for treatment in a Nalley ambulance. Members of the sheriff's department investigated the mishap.

Search of Missing Texas College Girl

DENTON, June 5. —A 21-year-old college girl, missing since Tuesday, was the object of a statewide search today. She is Miss Virginia Carpenter of Texarkana, who came here Tuesday to register as a junior student for the summer session of the Texas state college for women here.

Police Chief Jack Shepherd said dormitory officials told him she did not register at the hall. Her mother, Mrs. Hazel Carpenter of Texarkana, discovered that the girl was missing when she attempted to telephone her.

Ike Takes Over At Columbia Monday

NEW YORK, June 5. — Without fuss or feathers, Gen. Dwight D. Eisenhower will become president of Columbia University Monday.

He takes charge of the 194-year-old institution just four years and a day after he sent the mighty Allied Expeditionary Force across the English Channel in the invasion of Normandy.

WON'T BUCK 100-1 ODDS

BLIND MAN DECIDES AGAINST TRANSPLANTING OF CORNEAS

DALHART, June 5. —Blind Alfred Johnson decided today "to leave well enough alone" and not buck 100-1 odds on the success of an operation to transplant the corneas of another's eyes to his own. Joseph Lee Sautler, condemned to die in the electric chair June 9, offered his eyes to the Hardin-Simmons University student, who lost his eyesight ten years ago in an air gun accident.

"My idea now," said Johnson

"is to drop the whole thing and leave well enough alone." Johnson, who is at the home of his parents here, said that doctors tell him there is only one chance in a hundred for success and that even then he would be able to see only well enough to get around. If the operation should fail, he said he was told, he would lose the eyeball.

In Houston last Wednesday to consult specialists a second time in regard to the operation, he was advised that preliminary operations would be necessary before the transplanting operation could take place.

Johnson said that he would not have time to submit to the preliminary operations before the scheduled execution of Sautler.

Robison Files For Land Commissioner

AUSTIN, June 5. —R. J. Robison of Austin today announced his candidacy for the office of state land commissioner.

He is the son of the late J. T. Robison, a former land commissioner, and served eight years in the land office under the late J. H. Walker.

Robison emphasized his experience as a former employe of the office.

We Wish To Announce A Dissolving Of Partnership - Effective At Once

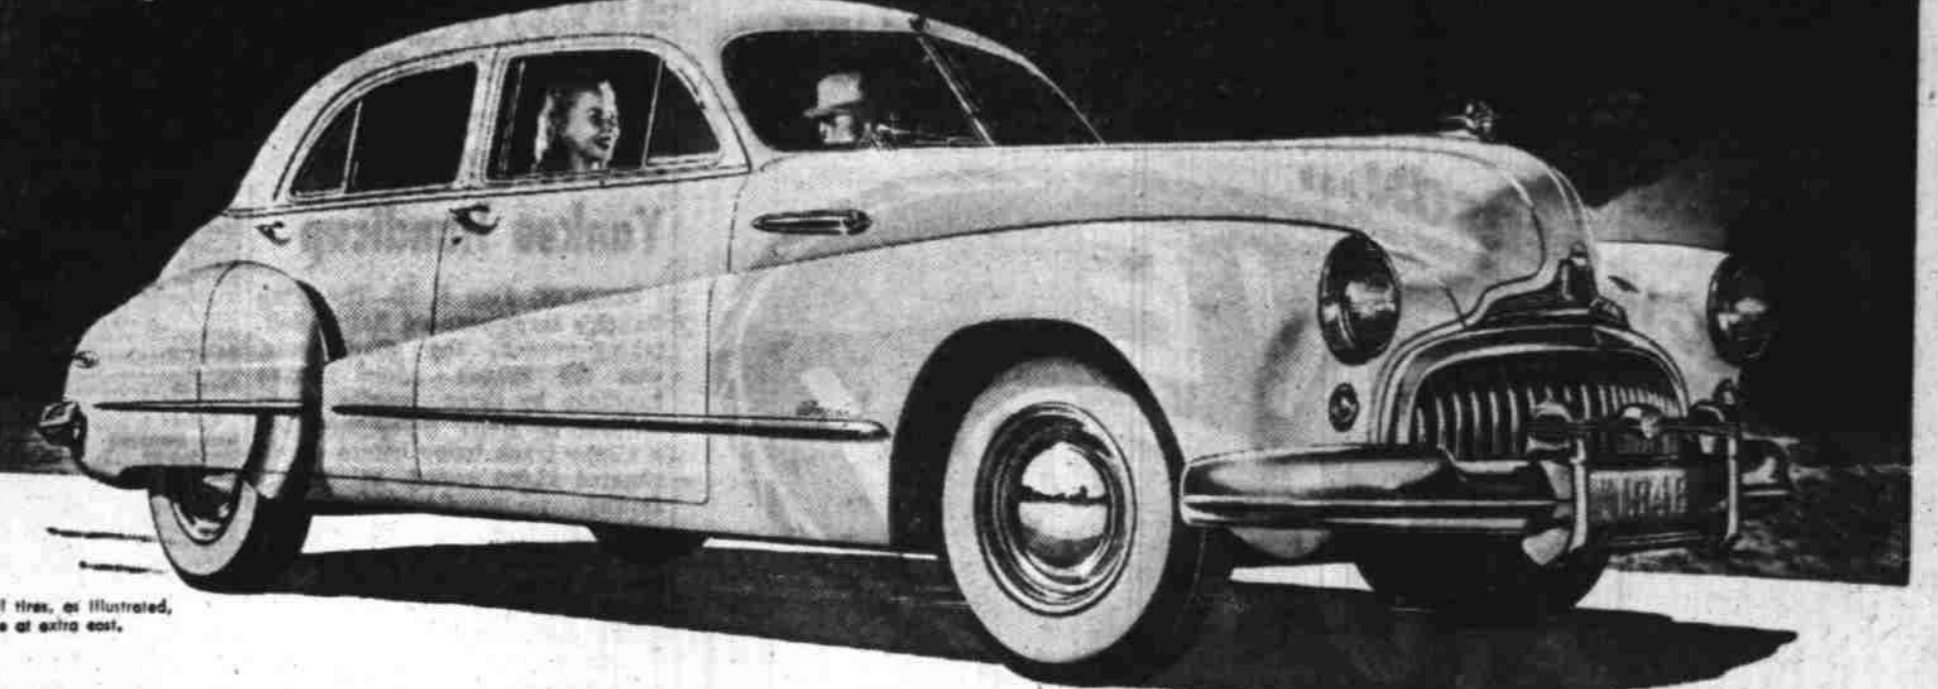

If you and car troubles are partners, we, the New Car Dealers of Big Spring, will gladly free you of this unwanted partner. You will find our automobile clinic completely staffed with factory trained mechanics, who make it their business to get to the bottom of trouble and eliminate it. These mechanics coupled with the proper equipment and tools to diagnose the cause of trouble can efficiently and quickly relieve you of all your motoring worries. Only factory specified parts go into any repair to car. A good thing to remember is "The New Car Dealer Who Handles Your Make of Automobile Knows It Best."

Buoyant answer to Back Road and Boulevard

REMEMBER that rough patch of road up yonder where the ruts and ridges make a washboard seem smooth?

Recall the tiring tenseness brought on by the drum and hum of road noise and tremor even over smooth concrete highways?

Well, clock away the miles in this stunningly styled Buick — and meet up with the sweetest answer to such matters this side of cloud cruising.

"It's a ride that's soft and smooth as velvet," folks tell us. And we tell them it comes from a host of things.

It comes from the ample road-weight of a two-ton car built low and wide — and so beautifully balanced it handles light as a baton. It comes from the leveling buoy-

ancy of Buick's all-coil springing which puts a pillow of deeply coiled steel at each wheel to soak up the bumps and ripples.

It comes from the softness of bigger, lower-pressure tires that cushion away road tremors and roughness — from the sure-footed, swerve-free steadiness of Buick's extra wide Safety-Ride rims, widest in the industry.

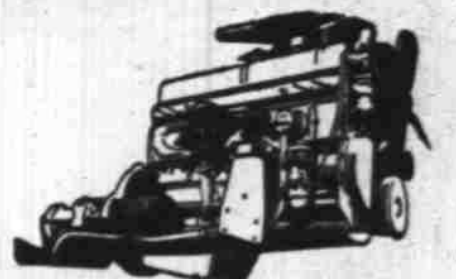

And it comes in special measure from a brand-new engineering gem we call Vibra-Shielding which banishes vibration build-up.

Here for the first time you're freed from the motoring fatigue brought on by tiny tremors piling up into bigger ones. Here your miles are made moss-smooth and quiet — long journeys become mere jaunts.

So why delay knowing the most buoyant answer to any road you ever traveled?

Come visit us now. Know at first hand the distinctive styling, the flashing action, the velvety ride over highway and byway that are Buick's and Buick's alone.

Then follow your heart's desire and get your order in promptly. We'll take it in proper sequence whether or not you have a car to trade.

REASON FOR THE VIBRA-SHIELDED RIDE: Placed with scientific exactness, 3 fat cushions of special composition cradle the engine as to control its vibration frequency. Engine vibration is thus kept "out of line" with those that might come from other parts of the car. The result is to shield car occupants against jarring pulsations, cut road noise, make engine sensation almost imperceptible and motoring practically fatigue-free.

BUICK alone has all these features

- * DYNAFLOW DRIVE (Optional, Roadmaster Series)
* TAPER-THRU STYLING (Rear and Roadmaster)
* VIBRA-SHIELDED RIDE * SAFETY-RIDE RIMS
* HI-POISED FIREBALL POWER
* ROAD-RITE BALANCE * RIGID TORQUE-TUBE
* QUADRIFLEX COIL SPRINGING
* SOUND-SORBER TOP LINING (Rear and Roadmaster)
* DYNAMIC SPARK ADVANCE * FLEX-FIT OIL RINGS
* TEN SMART MODELS * BODY BY FISHER

HCJC, COAHOMA CLASH

TC League's First Half Title Goes On Line Today

The two gladiators of the Tri-Country baseball league—Howard County Junior college and the Coahoma Bulldogs—come to grips in a 3 o'clock contest on the Bombardier school field west of town this afternoon with the first half championship riding in the balance.

Each contingent has lost a game in circuit competition this far. Each club has won seven times. Each team has only one league game booked in first half play after today and the winner has a tie for the lead clinched.

HCJC, which will be performing under a new manager, Conn Isaacs, this afternoon, was upset two weeks ago by Colorado City, 9-5, after the Hawks had earlier trounced Coahoma, 2-1, in an exciting game at Coahoma.

The collegians will field a smooth clicking bunch of opportunists against the Bulldogs. They'll probably send Ray Clark, an unbeaten pitcher, out against the Canines. Ray's brother, Don, stopped the Coahomans on May 2 but since has not been in condition to pitch. Burt Cramer, the Coahoma skipper, will send "Old Reliable," Bill Brown, to the pitching rubber. Brown held the Hawks to two hits last time out but a squeeze play in the eighth beat him.

Both teams will be at full strength, which means that anything can happen.

Phils Nip Cubs In Doubleheader

CHICAGO, June 5. (AP)—The Philadelphia Phillies swept a double header with the Chicago Cubs today, 4 to 2 and 6 to 5, to close their five-game series with four straight victories. Schoolboy Rowe scattered nine hits in the opener and Paul Erickson won the nightcap, although he had to be rescued in the ninth when the Cubs staged a four-run rally. Richie Ashburn of Philadelphia extended his batting streak to 23 straight games.

Demaret Holds A Slim Lead At Albuquerque

ALBUQUERQUE, N. M., June 5. (AP)—A third par-busting card today kept Jimmy Demaret out front by a single stroke through three rounds of the Albuquerque Open Golf Tournament.

The Ojai, Calif., pro stroked in with a five-under-par this afternoon to post a score of 201 for 54 holes.

Still dogging his heels was Clayton Heafner, who also had a 67 to go with his previous 135 for a 202 total.

A blazing sun sent the thermometer up to 105 degrees out on the University of New Mexico course. Other scores through the third round: 54 holes—par is 144-72—216 include: Jack Shelton, Stillwater, Okla., 165-76-241.

Charles B. Klein, Amarillo, 147-71-228. Milton Ward, Corpus Christi, 149-77-226.

E. J. Dutch Harrison, Little Rock, Ark., 139-67-206.

Baseball Fuss Causes Slaying

PITTSBURGH, June 5. (AP)—A father of five was dead and his best friend held, County Detective Jay Madine reported today, because of an argument which followed the big inning of the Boston Braves in last night's baseball game with the Pittsburgh Pirates.

Shot to death in Lakara's Bar in suburban Etna was Frank Skertch, 35, of Etna. The detective said that Michael Zack, 37, also of Etna, signed a statement in which he told of shooting his best friend with a .25 caliber pistol.

Madine said Zack would be charged with murder. The detective quoted Zack as telling this story:

While the two men were listening to a radio account of the game, they heard Boston scored seven runs in the seventh inning to forge ahead 10-5. Zack offered to bet the Pirates still would win. Skertch accepted the wager and Zack paid off after the game ended in favor of Boston 10-7. Later an argument developed and the men scuffled outside the bar.

Zack left but returned in 10 minutes and after a few more words, fired two shots at Skertch, who slumped to the floor, saying: "He got me."

Leon Cohen, Brooklyn boy who probably will be Syracuse's first string center next fall, wears size 14 shoes.

Sports Triumph Over Cavuses In Wild Bout

Every once in a while baseball spawns a game that resembles comic opera more than it does the national pastime, where every one does something wrong.

Big Spring fans saw that kind of a contest Friday night when Sweetwater's Sports took full advantage of nine Big Spring misdeeds and some rather indifferent Bronco play to register a 19-9 victory, their first of the season over the locals.

The Cavuses were short handed. They used Ace Mendez, their regular center fielder, on third base and let it be said The Ace is much more at home in the gardens.

First Orlando Echeverria, then Tony Traspuesto played at short stop. Pancho Perez went into right field with Manager Pat Stacey shifting over to center.

Al Matos started on the pitching rubber for Big Spring and he should have stood in bed. The Sports hit him hard and often until he retired in favor of Larry Shaw in the fifth.

Kenny Peacock's grand slam homer in the eighth was the big blow of the night that saw the teams rager hit 33 assorted hits. Dave Steger hit a homer for Sweetwater while Bobby Fernandez and Traspuesto did the same for Big Spring.

Traspuesto was as hot as the proverbial pistol with the stick. He rained hits into all fields, coming up with four in five expeditions. Fernandez collected two in addition to his four-base play.

Bill Gann, the Sweetwater skipper, went all the way for Sweetwater but the Steeds hit him hard and often enough to win half a dozen ball games.

SEVEN INNING—Justo Aplana made a great stop of Richie Lee's ground ball down the first base line in the initial inning. Traspuesto proved he could play just about anywhere by filling in adequately in the short field after opening the game behind the dish. He slowed down Gann's sizzling drive in the sixth and then threw the runner out at first. The home run by Kenny Peacock was his 13th of the year, high for the league. The 17 errors committed by the two teams must have set a new league record for the year.

Better Self Wins Yankee Handicap

BOSTON, June 5. (AP)—The King Ranch's three-year-old Better Self, taking over at the quarter-pole, won the \$50,000-added Yankee handicap by three lengths from William G. Hellis Salmagundi on a sloppy track today before an estimated 23,000 crowd at Suffolk Downs.

As Better Self turned the mile and a quarter in 2:05 3/5, the Honeywell Farm's Dole gained the show in the six-horse field.

The early leader, the Brookmeade Stable's Dart By, coupled with Splash, wound up fourth and C. V. Whitney's Quarter Pole was last.

Rated as the top murder in the small field, Better Self closed as the favorite and, while accounting for the \$42,500 winner's share, paid \$4.20 and \$3.00. Salmagundi paid \$4.20 for place. There was no show betting.

Tribe Victory Untangles Snarl

PHILADELPHIA, June 5. (AP)—Cleveland's Indians untangled the snarl in the American League standings today by bombarding Joe Coleman and the Philadelphia Athletics for a 7-3 victory.

Broncs Tangle With Colts Again Here Today At 3:30

Locals Triumph Saturday Night By 7-4 Count

Pat Stacey's maimed and ailing Broncs are due to limp onto the playing field again at 3:30 p. m. today to entertain the San Angelo Colts in the second game of a four-bout series.

The locals, who have performed here of late with as few as four men playing their regular positions, hope to have a new infielder in their midst by game time. The player market being what it is at this stage of the season, they could post no guarantee of such a development, however.

Gerry Rodriguez's Guardian Angel was with him all the way Saturday night.

The stylish righthander staggered to his seventh pitching success of the 1948 season, as against no reversals, as Big Spring joined the San Angelo Colts, 7-4, to protect their two game edge in the Longhorn baseball league standings.

Roddy scattered ten hits fairly effectively but his usually reliable No. Two pitch, the dippy-doodle, acted up on him all evening, so much so that it kept the 900 or so customers on the very edge of the seats. He passed ten batters in all and was in tepid water in every round save the first and last.

The going was as close as you'll figure next March's income tax until the ninth when Ace Mendez tore into one of Joe Dean Phillips pitches and deposited it into the light shadows beyond the light poles in left field. The blow came with Master Gerry himself on first base, who had arrived at that terminal by bashing out a hit, his third of the long evening, into no man's land in right field.

The Hosses had battered Jimmy Baker for five runs in the second canto and seemed capable of continuing their dirty work on his successor, Sherwin Cox.

Skipper Pepper Martin of the guests made a supreme bid for victory, by relieving Cox after an inning and a third of work and dispatching Phillips to the rubber. The strategy almost paid off.

Angelo came back in the fifth and six rounds to tally four times and might have tied it had not Sammy Malvica and Martin got mixed up on their signals. Malvica tried to make it home from third on what was intended by someone as a squeeze play but Martin never offered at the pitch and Sammy perished four or five steps from the dish.

A moment later Joe Phillips binged into right field and Spade Culley tried it non-stop from second and rifled to Armando Traspuesto and base but Stacey copped up the puzo, who smeared the runner.

Stacey rapped out three blows to share hitting honors with Rodriguez and Malvica of the opposition.

CLEANING THE SACKS—San Angelo loaded the sacks in the second but Rodriguez escaped trouble by striking out Baker. Mendez hit a blooper over second base in the second to drive home two runs. Traspuesto made a great catch of Smithhart's pop foul to eliminate the Colt in the eighth.

Table with columns for Team, AB, R, H, PO, A, E. Includes San Angelo, Big Spring, and other teams.

WITH .405 AVERAGE

Bobby Fernandez Takes A Firmer Hold On Lead

Bobby Fernandez, rookie Big Spring outfielder, strengthened his hold on individual batting lead in Longhorn league play in games through Tuesday, June 1, by adding a single point to his record while his pursuers were experiencing a mild slump.

Fernandez is now clouting at a .405 clip, ten points better than George Caloia of Del Rio and 23 points more than Jim Prince of Midland, the leader two weeks ago.

The Big Springer leads in total hits with 70, total bases with 101 and two-base hits with 17.

Kenny Peacock, Sweetwater, has accounted for 50 runs batted in as the leader in that department and is out front in home runs with an even dozen.

Table with columns for Team, AB, R, H, TB, B, 3B, HR, SB, BB, RBI, SO, Pct. Includes Big Spring, Midland, Sweetwater, Odessa, Vernon, Ballinger, San Angelo, and Del Rio.

Softball League May Be Formed

Managers of softball teams within the city interested in forming a new league should notify the sports desk of the Daily Herald within the immediate future.

Three contingents already active are prepared to plunge into organized competition, according to one source of information. Four clubs are needed for a well-rounded league.

All games would be played on the city park diamond and the schedule would probably call for about two nights of activity weekly.

If enough interest is shown, an organizational meeting will be held at an early date.

Roden, Martin In Finals Today

ODESSA, June 5. (AP)—Red Roden of Odessa and Dick Martin of Dallas reached the finals of the eighth annual Odessa Invitational Golf tournament here today.

Martin, two down at the turn, won five straight holes and halved No. 16 to win, 3 and 2, over Bob Davidson of Odessa.

Roden ousted Sammy Reynolds of Wichita Falls, 1 up in 220 holes. The 36-hole championship match will be held tomorrow.

Sens Edge Chisox

WASHINGTON, June 5. (AP)—Earl Wynn and Milo Candini collaborated in limiting Chicago to five hits here today as Washington defeated the White Sox, 3-2.

The victory, Wynn's fifth, moved the Senators into a fourth place tie with the idle Detroit Tigers.

Charley Hartnett is following in the cleat marks of his father, Jimmy, who was a top infielder with Villanova.

Million Spectators Witness 'My Love' Derby Victory

EPSOM, England, June 5. (AP) My Love, French-bred colt, burst into the lead 200 yards from home today to win the 169th running of the Epsom Derby by a length and a half. The king and the royal family were among the spectators, whose number was estimated up to a million.

The winner paid 100 to 9 and was followed across the finish by Royal Draw. Noor was third, another four lengths in back. Thus the top three purses in this richest of all derbies went to two men.

Less than a month ago the Aga Khan paid Leon Volterra, Paris movie magnate, \$50,000 for a half interest in My Love.

In addition to sharing the first prize of \$49,738, Volterra also is the owner of the second-place Royal Drake and Noor is the personal property of the Aga Khan.

My Babu, the 4 to 1 favorite, was fourth and Black Tarquin, owned by New York's William Woodward, was a struggling eighth after making a bid three furlongs from the wire. Woodward's second colt, Senator II, finished far back.

My Love whipped the largest derby field in 86 years—there were 32 starters—by doing the mile and a half on the uphill-downhill, rain-soaked racing trip in two minutes and 40 seconds. It was the slowest time since 1932.

Straight play grabbed fifth place and Djeddah, whose price was beaten down to 5 to 1 in the final minutes of betting, was sixth. Solar Slipper, heavily backed by the Irish contingent, was scratched an hour before the race because of lameness.

Royal Drake went off at 25 to 1 and Noor was rated at 22 to 1.

The Aga Khan's El Agdal also won the race following the derby and on Thursday his Masaka won the Oaks stakes, the mile and a half filly race.

Of the estimated million in the crowd, thousands upon thousands never saw the finish. There were many who never got a glimpse of the race at all.

Bookmakers said the race cost them heavily. William Hill, a London bookie, said he would pay out \$860,000.

Although My Babu was the general favorite, virtually every woman—from grandma to yesterday's bride—placed a small wager on My Love.

After the race King George, whose filly was second to Masaka Thursday, strode to the paddock with Princess Elizabeth and Prince Phillip and congratulated Trainer Dick Carver.

Slaughter Poles Grand Slam Homer

ST. LOUIS, June 5. (AP) — Enos Slaughter's home run with the bases loaded highlighted a six-run third inning and gave the St. Louis Cardinals a 9-6 victory over the Brooklyn Dodgers today. Murry Dickson, although knocked out in the eighth, received credit for the win which evened the series at two games apiece. The triumph moved the Cards to within a half game of the league-leading New York Giants.

Brown Leads Yanks Over St. Louis, 7-1

NEW YORK, June 5. (AP) — Although he lost his shutout in the ninth, Red Embrase registered his fourth victory against one defeat today when the New York Yankees defeated the St. Louis Browns 7-1. Bobby Brown, filling in at second base for the ailing George Stinseweiss, collected three of the Yankees' 11 hits and drove in two runs.

LOOKING 'EM OVER

With TOMMY HART

Considering the fact that a dozen of the hands have missed games at one time or another due to injuries or sickness or both, it is little short of a miracle the Big Spring baseball Broncs have been able to remain in the Longhorn league's first division, much less in first place. . . . Joe Arenchie is the latest casualty. . . . He hurt his ankle sliding into second in the eighth inning of the Thursday night game with Sweetwater and the member was as big as a melon Friday morning. . . . There's no telling how long he'll ride the bench. . . . He joined Ray Vasquez, the short stop; Pitcher Roland Viadora and Bert Baez, the expert little utility man, on the hospital list. . . . Vasquez went out last week with a broken finger. . . . Viadora has missed his regular turn due to a swollen hand. . . . Baez attempted to field a slow roller during the previous home stay and hurt his knee. . . . Gerry Rodriguez hasn't yet recovered top form. . . . He pulled a muscle in his back nearly a month ago. . . . Pat Stasey, the skipper and right fielder, was out a few games because of boils on his neck. . . . Jimmy Perez had gall bladder trouble and is still a bit puny. . . . Armando Traspuesto has been catching despite the fact that he has been feeling badly. . . . He watched the recent Ballinger series from the dugout. . . . George Lopez, the shortstop who opened the season with Big Spring, was spiked in a play at second base and had to take it easy for a week. . . . Skee Jacome, Lopez's replacement, hurt his hand and was idle for a spell. . . . Orlando Echeverria, the reserve catcher, still has misery in the shoulder as result of a fall. . . . Justo Azpiazu experienced a bad sprain while running the sacks and he had to have relief for a spell. . . . Brittleness seems to be the major weakness of the Cuban lads. . . . They simply are not as durable as the continentals. . . . The only lads who have been able to play every day are Jake McClain, Bobby Fernandez and Ace Mendez and the latter came here with a bad ankle sprain.

Marshall Club, Not Making Expenses

Howard Reynolds, the Sweetwater recruit who has been playing second base for Bill Gann's bunch, won a tryout with Abilene's Blue Sox in 1947. The awning planned for the west side of Steer park may be in place today. . . . Both Bill Gann and Stasey wear the same numeral on their backs: 7. . . . Joe Dotlich, who skipped the Sports last year, is now playing semi-pro ball. They say Marshall of the Lone Star (Class C) league is averaging only 200 paid admissions a night. . . . The local management figures it takes 700 admissions to make expenses. . . . Looks alike: Mel Wiebel, the Sweetwater outfielder, and Lewis Heuvel, the Forsan short stop. . . . LeRoy Jones, the Sweetwater product, who couldn't beat Big Spring last year, has won eight decisions for Kilgore of the Lone Star league. . . . His eighth win boosted the Drillers into first place recently. . . . The WT-NM league will use a deader baseball next season and try to trim some of those huge scores. . . . Bob Hemple, who is trying out in the Sweetwater outfield, holds his bat in a reminiscence of Bill Haddican, the Sports' third sacker last season. . . . Bob Crues, who couldn't make the ripple with Lamesa last year but who went on to become one of Amarillo's most feared hitters, may set a new home run record this year. . . . He now has 25. . . . Bill Serena's year old standard is 57. . . . Ray Moser, who is to open an automobile agency here within the near future, is a former Abilene high and Rice football star. . . . He beat Big Spring with a lone touchdown run on one occasion. . . . Bob Moyer, who could not find himself with the Dallas Rebels, has caught fire with Little Rock. . . . He recently hit a grand slam home run in the ninth that beat New Orleans, 4-3. . . . Roy Barry, the local poloist, is one of three brothers boasting a seven-goal handicap rating.

'Old Home Week' At BSAC Monday, Curtis Meets Red Devil

Monday night at the Big Spring Athletic club will seem like 'homecoming' for a lot of the older wrestling clientele, those who have followed Pat O'Dowdy's shows since the Irishman started his weekly programs a couple of Autumns ago.

George Curtis, the Mississippi ace, will be there. So will Frankie Hill Murdock and his famed Python hold. Sammy Cohen, better known as the Red Devil, is returning as is Ray (Big Train) Clements.

Curtis is taking on Cohen, the New York City villain who has made life miserable for the opposition in his appearances at the Sportorium to date.

Curtis is a big boy, long and leathery, but he'll need all his strength and endurance to cope with the Red Devil, who never seems to wear out in the ring.

The Mississippian doesn't rely on particular holds to see him through but he has very few weaknesses in his defense armor.

Fans here should remember Murdock, the Fort Worth comedian, Frankie, who comes from a great

Legion Baseball Players Guests Thursday Night

Players on the Junior Baseball team, sponsored by the American Legion post, will be honored Thursday at the post meeting.

Time of the affair has been set for 8:30 p. m. at the Legion hut, and a program of entertainment has been planned.

Dr. Kenneth R. Swain, in charge of the project for the post, reported Thursday on progress to date. The club, he said, is rapidly rounding into shape and gives promise of being one of the best junior teams the post has fielded here in many years.

Each of the players will be introduced to Legionnaires.

PLAY AT 3

Westerners Bid For 2nd Win At Knott Today

KNOTT, June 5. — Big Spring's Westerners bid for their second Tri-County baseball league win of the season here this afternoon when they tangle with the Knott Billies. Game time is 3 o'clock.

The Westerners have been showing steady improvement but no more than the Billies, who forced the Forsan Oilers to 12 innings before losing last Sunday.

M. Shaw, the Knott skipper, has shaken up his lineup and may rely on youngsters to fill most of the positions on the field. A. Chapman will probably hurl for Knott.

A. C. Bebee, the Westerners' manager, will probably send Johnny Daylong to the hill.

Legion Stages 12:30 Workout On Own Field

Dr. Kenny Swain takes a final look at his material in a 12:30 workout on the Legion diamond today before he selects the 15-odd players who will make up the Big Spring American Legion Junior baseball team this year.

Birth certificates for all the boys must be mailed by Swain to Austin by June 10 and Swain said that several of the youngsters had not supplied him with copies of their certificates yet. Those who do not furnish the registration will, of course, be ineligible to play Legion ball.

As it appears now, the West Texas district will be composed of Lamesa, Midland, Odessa, Lubbock and Big Spring. The champion will go to the state meet.

The Legionnaires will invade Lubbock next Sunday, seeking revenge for a 7-0 defeat they suffered here Friday.

Despite the loss, Swain said he was very pleased with the development of the club, especially its defense.

The Big Springers managed only one hit Friday, that a single by Joe Puga, the catcher.

Maxwell Faces Dr. Hogan Today

Bobby Maxwell and Dr. J. E. Hogan square away today to see who meets J. R. Farmer in the semi-finals of the City golf tournament.

The 18-hole match takes place at the Munny course.

Farmer advanced into the next to last round by ousting Joe Black, 2 and 1.

In lower flight play, John Pipes, medalist and quarterfinal winner over Jake Morgan, takes on Earl Reynolds.

Reynolds measured Champ Rainwater, 2 and 1, while Pipes was nudging Morgan by the same count.

In first flight play, Bobby Wright takes on Sam McCombs and Bob Hodges opposes Johnny Burns.

Joe Lopez won the second flight title Saturday by turning back, C. G. Griffin, 2 and 1.

Bruce Robertson tangles with R. P. Dunkerly and Bob Hysmith matches shots with Ocie Henson in semi-final play of the third flight.

VFW Post To Hold Membership Affair

Members of the Christensen-Tucker post of the Veterans of Foreign Wars will be feted to an entertainment Tuesday.

An informal get-together is planned for all members at 7:30 p. m. said Tommy Hutto, commander. There will be refreshments, games and other entertainment during the evening. Hutto urged all VFW members to participate in the affair.

American Tennis Players In Final

BRUSSELS, Belgium, June 5. (AP) — It won't be an all-American windup in the Brussels International Championships tomorrow—but it will be close to it.

The victory of Hungarian Mrs. Suszy Kormoczy over Doris Hart of Miami, Fla., 4-6, 6-3, 6-3, today will make the women's singles final an American-European competition.

The only other European opportunity exists in men's doubles, but it appeared slim. Frankie Parker and Budge Patty of Los Angeles held a 6-1, 7-5, 4-5 advantage over Frenchmen Robert Abdesselam and Jean Thomas when rain interrupted their semi-final match today.

The Americans were considered the most likely to play the Italian pair of Marcello Del Bello and Gianni Cucelli in the finals.

Mrs. Kormoczy will play Mrs. Pat Todd of La Jolla, Calif., in tomorrow's women's singles final.

Wining seven out of nine overtime games, Boston's Red Sox led the American League in 1947 in the extra-inning department.

Local Polo Quartet Gets Initial Test

Meets Lamesa At 2:30 P. M.

Horses and men try to pull-together this afternoon when Dr. M. H. Bennett takes his Big Spring polo team to Lamesa to do battle with Lamesa's powerful foursome in an exhibition game. Starting time will be 2:30 o'clock.

The Lamesa quartet compose one of the strongest lines in Texas polo circles. It has competed in some of the leading tournaments in the country and is battle-wise.

In contrast, the Big Springers only recently began practice and are certain to make mistakes today. However, Bennett figures the best way to condition his troupe is to send them into battle against the toughest kind of competition.

Roy Barry, one of the nation's great poloists, will wear local colors as will Rip Smith, Lloyd Wasson and Bennett himself. Barry will carry a seven-goal handicap while Bennett is rated at two goals.

The teams will probably play a return game here later in the summer.

Two Teams Tied In Church Loop

Victories by East Fourth Baptist and the First Methodist teams left them deadlocked for the lead of the Church-YMCA softball loop Friday.

East Fourth clipped the First Presbyterian team 2-7 Thursday evening while First Methodist was measuring their Wesley Methodist brethren, 12-9. The previous week East Fourth and First Methodist had fought to a 11-11 draw while Wesley church was winning, Main Street church of God was idle Thursday.

The June 10 schedule has Main Street Church of God tangling with the First Presbyterian at 7:30 p. m., and Wesley Methodist meeting East Fourth Baptist at 8:45 p. m.

Gustine's Homer Wins For Pirates

PITTSBURGH, June 5. (AP) — Frank Gustine got a home run with a mate aboard in the ninth inning today to give the Pittsburgh Pirates an 8 to 7 victory over the Boston Braves. The winning blow came off Rookie Relief Pitcher Vernon Bickford.

All but one of the Pirates runs were scored on four baggers. Wally Westlake homered twice to account for five runs.

Alex Stevenson, who won the New York State Amateur golf crown several years ago, is a member of the Syracuse University golf team this season.

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 45 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your drugist and ask for Caltron stimulating tablets. Many men are obtaining remarkable results with this amazing formula.

LOOKING AHEAD—Raymond R. Schiff, nuclear physicist of the Westinghouse Research Laboratories, explains and demonstrates how atomic energy may run powerhouses of the future. This atomic motor is one of the devices to be operated during the "Theatre of Atoms" at the Texas Electric Show of '48. Mr. Schiff will present the atomic energy demonstration at 7:30 and 9:30 Tuesday, Wednesday and Thursday evenings at Big Spring High School.

CONTINUOUS ENTERTAINMENT SLATED

Texas Electric Show Will Open Here Tuesday Afternoon

The Texas Electric Show of '48, the largest show of its kind ever presented in this part of the country, opens Tuesday afternoon at 6 o'clock at Big Spring high school. The show is much too large to be presented in any single building in Big Spring, so both the gymnasium and part of the school grounds will be used to stage the exhibits and varied entertainment features which are a part of the show, according to C. S. Blomfield, Texas Electric Service company manager, who is directing the presentation of the show here. The show will be here three days, and is being arranged in co-operation with Big Spring dealers in electrical equipment for the home, electrical distributors, and manufacturers. More than fifty makes of well-known electrical appliances will be on display at the gymnasium, many of them being demonstrated for the public. The show is free, and will be open from 6 to 11 p. m. Tuesday through Thursday. The \$20,000,000 candle power searchlights again will sweep the skies above Big Spring during the show, but this year will have a new look, as color filters have been added to make red, blue, yellow and green beams of light. Special flood lights are being installed to illuminate the school grounds and surrounding areas. Unusual lighting effects also have been arranged for the gymnasium. Continuous entertainment for visitors will be presented at the show. The feature entertainment will be the "Theatre of Atoms", a clear-cut and readily understandable explanation of atomic energy, which will be presented twice each evening in a large tent on the school grounds. Raymond R. Schiff, brilliant young research scientist of Westinghouse Laboratories will use 11 different pieces of apparatus to demonstrate nuclear energy, atom smashing, and many other interesting features pertaining to the atomic age. These shows will be at 7:30 and 9:30 each evening during the electric show. Reddy Kilowatt, starring in a special puppet show, will be presented four times each evening on a special stage in the gymnasium at 7, 8, 9 and 10 o'clock. Reddy

WINGS OVER BIG SPRING

Field Regulations Are Under Study

First conference, looking toward adoption of field regulations, was held at the Munny airport Thursday. When finally formulated, the regulations—dealing principally with safety—will be registered with the Civil Aeronautics Authority and eventually might become part of the city's code. In the parley were Johnny Griffin, El Paso, CAA examiner; Emerson Carpenter, CAA safety inspector; J. D. Church, CAA district airport engineer; Newell W. Leppard, chief controller for the CAA tower; Jack Cook, Munny port manager; City Manager H. W. Whitney and Bill Edwards, manager of the Big Spring Flying Service.

Preliminary plans for revision of the city's terminal facilities are now on the drawing board. This is the first step in the projected development of facilities which would permit grouping of several operations into one terminal. The city has made provision for \$15,000 capital outlay in the program and the CAA has recommended a like amount.

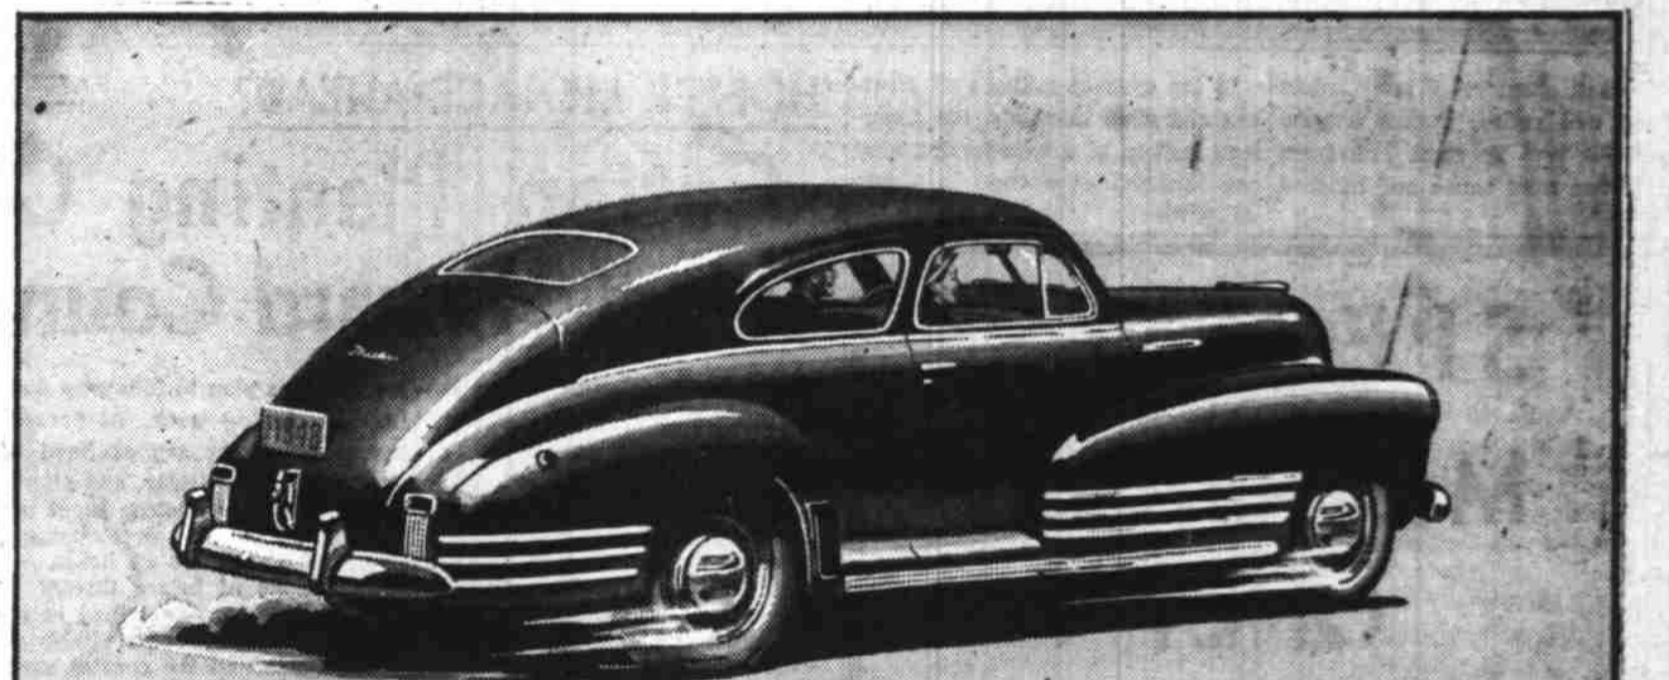

Billie Roberts, Big Spring Flying School student, soloed during the week. Charles Holderbaum got in a cross-country to Abilene and Snyder. BSFS carried Allen Wright, Jr. to Abilene on a charter flight.

Prospects are that 145 octane gasoline will be available at the Munny port by July 1. Although Navy traffic has been extremely high, Manager Jack Cook anticipated a still further increase when the ultra-high octane fuel can be supplied. Routine operations, including student instruction and a high-line patrol for Texas Electric Service, were reported from Hamilton Field for the week. American Airlines, Continental and Pioneer Air Lines were cited last week by the CAA for their safety records during the year. American had one billion miles without fatality to passenger and CAL and PAL have never had a fatality.

Funeral Today BELTON, June 5.—Funeral services will be held on the Mary Hardin-Baylor campus at 3 p. m. Sunday for Dr. Ernest Gate Townsend, 79, dean Emeritus of the college, who died Thursday night.

Phillips Moving Into New Building Phillips Fire company has begun its move from 211 E. 3rd street to its new building at Fourth and Johnson. Operations will be carried on from both points until the move is completed, said Ted Phillips, owner. When that is accomplished, a formal opening of the new plant will be held.

TEXAS POLL

Public Thinks War Timetable Speeded

AUSTIN, June 5—The time table for war has been stepped up five years in the Texas public mind. Now a 60 per cent majority of the adult population thinks of the United States will be involved in another World War within the next five years. Eight months ago only 35 per cent anticipated war within ten years.

In its latest statewide survey of opinion, The Texas Poll finds also that more people now feel war is inevitable. If war comes, an overwhelming majority wants the United States to use the atom bomb to end it as quickly as possible. Only 14 per cent are against using the atom bomb. Another 14 per cent would want the United States to use it "only as a last resort", "only if the enemy uses it," or "only after warning."

These findings are based on a cross-section of men and women in all parts of the state who were asked these questions: "Do you think the United States will ever be in another World War?"

Dr. Hanna Joins Cowper Clinic

Association of Dr. Jefferson A. Hanna with the Cowper Clinic was announced Saturday.

He is to devote his time to practice of internal medicine, specializing in cardiology and gastroenterology.

One of his two sons, Jeff Hanna, Jr., 14, is here with him and Mrs. Hanna and their other son, William Ricks Hanna, 11, will come here soon from Memphis, Tenn.

Receiving his bachelor of science degree from the University of Tennessee, he also earned his doctor of medicine degree from the medical college of the same university in 1928.

His internship was in the Baptist Memorial Hospital in Memphis, Tenn. from 1928-30, when he went to Chicago, Ill. for a year's graduate work in cardiology. Until 1939, when he entered private practice, he was associated with a Memphis, Tenn. clinic. He also was instructor in medicine for the University of Tennessee for two years.

Dr. Hanna was in the Army from 1942-46, serving in various capacities, including chief of medicine in the 93rd and 141st station hospitals. Upon his separation, he returned to Memphis to resume his practice until coming to Big Spring. He is a member of the Christian church.

War?"

	Sept. 1947	Now
Yes	11%	60%
No	6%	3%
No opinion	13%	8%

"When do you expect that war to come?" (Asked of those who think the United States will be in another war.)

	Sept. 1947	Now
Within two years	11%	25%
Within five years	32%	60%
Within ten years	55%	74%
Within 25 years	70%	79%
Within 25 years or more	81%	89%

"If war comes, do you think the United States should use the atom bomb?" (Asked only in the last survey.)

	Sept. 1947	Now
Yes, use bomb	66%	86%
Use bomb only as last resort	14%	14%
No, don't use bomb	14%	14%
No opinion	6%	6%

Analysis of the latest poll shows that people who have had some college education are more inclined to expect another war.

Here are the results broken down by (1) people who have had no formal schooling or attended grade school only, (2) people who have been to high school, and (3) people who have had some college education:

"Do you think the United States will be in another World War?"

	Grade or High	Col- lege
Yes	85%	88%
No	1%	5%
No opinion	14%	7%

"When do you expect that war to come?"

	Grade or High	Col- lege
Two years	33%	28%
Five years	39%	57%
Ten years	72%	71%
25 years or more	73%	77%
25 years or more	83%	89%

Four per cent of Texas adults are guessing that the United States will be in another war in less than six months, 13 per cent between six months and a year.

LEONARD & LONNIE COKER

12 Big Spring (Texas) Herald, Sun., June 6, 1948

A small shoulder of lamb, when boned and rolled, makes a good roast for two. Serve it with fresh or bottled mint sauce and mashed potatoes.

In the eyes of millions of Tibetans and other orientals, the American custom of a wife having only one husband at a time is highly immoral.

'HOPPER MENACE AHEAD?

Cotton Planting Occupying Most Howard County Farmers

Cotton planting still claimed the agricultural spotlight in Howard county during the past week, as farmers put the finishing touches on fields that have received moderate amounts of moisture and others began to transfer equipment to areas that received heavier rainfall.

Although the acreage has scattered, some farms in the county received enough moisture to prevent operation of tractors until the latter part of the week.

Other problems were looming for the cotton farmers, however. Despite the fact that most of them still are far from sure that first plantings will sprout to good stands, insect warnings are already being circulated.

Principal threat in this immediate area at present are grasshoppers, which have been reported in considerable number in localized sections. Some farmers around the Vincent community distributed poison bait on their farms several days ago after large numbers of young grasshoppers were discovered.

Others plan to follow-up during the coming week. At present the grasshoppers are confined to pastures and roadsides, and efforts will be made to destroy them before any appreciable vegetation appears in the cultivated fields.

Indications of future threats to be expected were contained in reports concerning cotton fields in South Texas and the coastal area. Infestations of both cotton fleahoppers and boll weevils have been detected, some as far north as McLennan county. Some of the infestations are reported higher than for the same stage of the season last year, especially in the Lower Rio Grande Valley, but generally the numbers are considered low.

As a Texas plainsman, the only value we can see in mountaineering is to get a better view of the great plains below.

Ask a man when he was born and he will tell you the year. Ask a woman and she will tell you the day.

Roberts Advanced By Sears, Roebuck

Election of Charles B. Roberts as a vice-president and head of the Southwestern region for Sears, Roebuck and company has been announced.

Roberts has visited here on occasions. Since 1912 he has been associated with Sears and has been field officer for the company's Southwestern division since 1935. The following year he was made a Sears director. In Dallas, where he is headquartered, Roberts is an active civic and church worker.

Health Clinic Set

Dr. F. E. Sadler, director of the Midland-Ector-Howard counties health unit, will conduct a special clinic for children of preschool age Tuesday at Knott.

The health unit director will be at the school gymnasium during the afternoon on the announced date beginning at 1 p. m.

Bride's Month

June traditionally is the month of brides, and June, 1948, is no exception, as wedding bells ring for many young couples.

UPPER LEFT is Mrs. John Douglas Keith, who was the former Bobby Cathcart before her marriage Friday evening in the Forsan Baptist church.

UPPER CENTER is the former Gloria Jean Harris, who became the bride of Troy W. Roberts in a ceremony read in the First Methodist church in Coahoma Saturday evening.

UPPER RIGHT is Mrs. James Francis McPhail, nee Clarice McCasland, whose marriage was solemnized Saturday evening in the First Presbyterian church by the Rev. R. Gage Lloyd. She is the daughter of Mr. and Mrs. A. McCasland.

LOWER CENTER is pictured the former Willa Faye Simpson whose marriage to Jack S. Price of Mertzton was the event of Saturday evening in the home of the bride's parents, Mr. and Mrs. Willie G. Simpson. Dr. P. D. O'Brien read the vows.

CENTER RIGHT is Mrs. J. C. Newland, Jr., the former Dorothy Eubank of Stanton. The marriage was performed in Stanton on May 29.

LOWER LEFT is Mrs. William J. Henry. She is the former Catherine Bowles. The wedding vows were exchanged in a formal ceremony in the First Baptist church Friday evening with Dr. P. D. O'Brien officiating.

LOWER RIGHT is the former Mary Lou Redwine whose marriage to J. C. Cook was solemnized in the Westside Baptist church Thursday evening. She is the daughter of Mr. and Mrs. O. B. Redwine.

BIG SPRING DAILY HERALD

Friendship Bridge Club Meets With Mrs. Cook

Mrs. R. F. Blum won high at the Friendship Bridge club Friday afternoon in the home of Mrs. M. A. Cook.

Other winners included Mrs. C. A. Murdock and Mrs. W. M. Gage, bingo scores, and Mrs. T. J. Johnston, floating.

Others present were Mrs. G. W.

Chowns, Mrs. C. Y. Clinkscales and Mrs. Herbert Johnson.

Mrs. Crocker will be the next hostess.

Mrs. W. F. Turner of West Point, Tenn., and Mr. and Mrs. Bill Campbell of Alexandria, Va., spent Friday night with Mrs. P. Marion Simms enroute from Los Angeles, Calif., to their respective homes. They spent Saturday in the home of Dr. G. S. True.

Miss Virginia Hill Receives Cap From Dallas Methodist Hospital

Virginia Hill, daughter of Mr. and Mrs. Robert Hill, was among the 31 Dallas Methodist hospital student nurses to receive a cap in ceremonies at Oak Cliff Methodist church, Dallas, May 30.

Miss Hill, a freshman student

nurse, has successfully completed the first nine months of a three year course to become a registered

VIRGINIA HILL

nurse. Hospital training is in addition to classes at Southern Methodist university.

Miss Hill is a 1946 graduate of Big Spring high school.

Trainmen Ladies Accept Mrs. Herron As Member

Mrs. F. J. Herron was accepted as a new member during the business session of the Trainmen Ladies in the WOW hall Friday afternoon.

Mrs. H. W. McCannless presided at the meeting and July 16 was set as the date for the visit of the Grand Lodge officers.

Members voted to help in the cleaning of the Woodman hall.

Those attending were Mrs. J. C. Burnam, Mrs. G. B. Pittman, Mrs. W. O. Wasson, Mrs. J. S. Tuckness, Mrs. T. M. Lawson, Mrs. Albert Smith, Mrs. A. J. Cain, Mrs. J. T. Allen, Mrs. H. W. McCannless, Mrs. C. W. Nevins, Mrs. J. P. Meador and Mrs. Frank Powell.

Mrs. R. V. Hart has as her guests, Mr. and Mrs. James E. Eatherly, Kay and Roy of Houston and Eloise Haley of Cross Plains.

COSDEN CHATTER

Weekend Trips, Vacations On Cosden Calendar

By Personnel Department

Nelson Phillips, Jr., company director of Dallas was a visitor in the office Friday.

Mr. and Mrs. V. A. Whittington and Mr. and Mrs. Woodrow Campbell are spending the week at Buchanan dam fishing.

Mrs. Claire Yates will return to the office tomorrow from a one week vacation.

Recent guests of Mr. and Mrs. J. W. Phillips, Jr., were Mr. and Mrs. L. B. Hambricht of Midland.

Clarice McCasland, James McPhail Exchange Wedding Vows Saturday

Wedding vows of Miss Clarice McCasland, daughter of Mr. and Mrs. A. McCasland and James McPhail, son of Mr. and Mrs. M. McPhail of Odessa were exchanged in a double ring ceremony at the First Presbyterian church Saturday evening.

Helon Blount sang "Because" and "Ah Sweet Mystery of Life" as the pre-nuptial selections. Mrs. L. G. Talley played the traditional wedding marches for the processional and recessional. During the nuptial service she played very softly "I Love You Truly" on the organ.

Mrs. Talley was wearing a pink organdy gown and Mrs. Talley was wearing a champagne colored silk crepe trimmed in gold. They both wore corsages of gladioli.

The Rev. E. Gage Lloyd, Presbyterian minister, performed the ceremony from an altar decorated with fern, stock and white calla lilies. The chancel and altar railings were decorated with fern and tapers. Other tapers were in the wrought iron candleabra behind the railings.

Patti McDonald and Mrs. Frankie Nobles lighted the candles. Miss McDonald wore a pink organdy gown with shirred bodice, sweetheart neckline and full skirt. Mrs. Nobles wore a white chiffon gown with short puff sleeves, rounded neckline and full skirt. Their wrist corsages were of blue spring flowers.

The bride-given in marriage by her father, was gowned in an snow-white slipper satin gown designed with marquisette yoke and outlined with a bertha of Viennese lace. The elongated bodice had a shirred front panel and fastened down the back with self-covered buttons. The neckline was accented with a huge butterfly bustle, and the very bouffant skirt, worn over a hoop, extended into a voluminous train. The long sleeves tapered to a point over each hand.

Her dress-length two tiered silk tulle veil was caught in her hair with a wreath of orange blossoms. She carried out the traditional something old, new, borrowed and blue. Something old was a ring belonging to her mother; new was her dress; borrowed, was the Bible which belonged to Mrs. Ted Roberts; something blue was her name written in the gown in blue. She wore a Canadian penny in her shoe for luck.

She carried a white prayer book on which an orchid was tied with white satin ribbon showered with tiny white flowers.

Mrs. Ted Roberts of Kansas City, Mo., was matron of honor. She wore a powder blue taffeta gown with cap sleeves, sweetheart neckline, flared skirt which had a peplum effect that came to a point in front and back and tied with a bow. She carried a colonial bouquet of pastel spring flowers and wore a headdress made of the same flowers trimmed with maline and ribbon.

Mrs. Tabor Rowe and Mrs. Ray Clark were bridesmaids and wore identical dresses as that of the matron of honor. Mrs. Rowe's dress was in rose and Mrs. Clark's in yellow. Each carried a colonial bouquet and wore a headdress identical to that of Mrs. Roberts. All attendants wore mits matching the color of their gowns.

Malcolm McPhail, brother of the bridegroom of Odessa, acted as best man. Ushers were Maurice

McPhail, brother of the bridegroom; Ardis McCasland, brother of the bride; Jimmy Wilson of Pecos; and Ted Roberts of Kansas City, Mo.

Michael McCasland, brother of the bride carried the rings on a white satin pillow trimmed with satin ribbon.

Marcia Gay McPhail, niece of the bridegroom, was flower girl. She wore a pink organdy dress with lace insertions down the front over a very full skirted white petticoat trimmed heavily with lace.

The bride's mother was dressed in an aqua silk crepe with bracelet length sleeves, high round neckline and draped skirt. Her accessories were pink and her corsage was of pink carnations.

The bridegroom's mother was dressed in a turquoise blue crepe dress with lace insertions in the bodice and draped skirt. Her accessories were pink and she wore a pink carnation corsage.

Immediately following the ceremony the reception was held in the church parlor.

Mrs. O. L. Clark, Mrs. Maurice McPhail and the wedding party comprised the house party for the reception. Mrs. McPhail cut the four tiered wedding cake which was topped with miniature bride and bridegroom.

Out-of-town guests were Mr. and Mrs. O. L. Clark of Dallas, Mr. and Mrs. R. W. Easley of Caris-

bad, N. M., Evelyn Piercy of Belton, Mr. and Mrs. E. N. McPhail of Los Angeles, Calif., Annie Holey of Cleveland, Ray Cain of Midland, Mr. and Mrs. L. C. Rhoads and Jake, Mr. and Mrs. David Rhoads, Mary Willis, Mr. and Mrs. J. D. Logan, Mr. and Mrs. M. R. Hurt, Mr. and Mrs. L. E. Boyd and family, Mr. and Mrs. Sherman Roberts, Mr. and Mrs. W. A. Watson and family, and Mr. and Mrs. Carl Wigham, all of Odessa.

The bride wore a two piece brown and white linen dress with white and green accessories and an orchid corsage for going away.

After a short honeymoon, the couple will live at College Station until January when the bridegroom will graduate from Texas A & M College as a Civil Engineer.

Mr. and Mrs. M. McPhail of Odessa were hosts at the rehearsal dinner for the couple at the Settles hotel Friday evening.

Those attending were the honored couple, Patti McDonald, Mrs. Frankie Nobles, Mrs. Tabor Rowe, Mrs. Ray Clark, Helon Blount, Mr. and Mrs. Ted Roberts, Jimmy Wilson, Malcolm McPhail, Mr. and Mrs. Maurice McPhail, Mrs. L. G. Talley, Ardis McCasland, Jr., Mr. and Mrs. A. McCasland, Michael McCasland, Marcia Gay McPhail and the hosts, Mr. and Mrs. M. McPhail.

First Methodist Church In Coahoma Is Scene Of Harris-Roberts Rites

Miss Gloria Jean Harris, niece of Mr. and Mrs. Raymond D. Cramer of Coahoma became the bride of Troy W. Roberts son of Mr. and Mrs. V. R. Roberts Saturday evening in services read in the

First Methodist church in Coahoma. The Rev. Glenn Hargert officiated at the double ring ceremony which was repeated before an altar banked with fern, palms and huckleberry. Tall wedding baskets of stock and gladioli surrounded the branched candelabra filled with tall white cathedral tapers. Large white satin bows marked the aisle. Patricia Turner and Jamie Lou Brewer, wearing identical dresses of white organdy over yellow satin and wristlets of pastel flowers lighted the candles.

The pre-nuptial selections were "Always" and "I Love You Truly" as sung by J. O. Hagood. Bettye Jeanne Graves played the wedding marches and accompanied Mr. Hsgood. She also accompanied Louis Loveless in the recitation of "Dream of Love".

The bride, escorted by her uncle wore a dress of white imported organdy over pastel blue moire taffeta. The frock was styled with long full sleeves, a full skirt and had a matching sash. Crisp ruching framed the neck, sleeve edges and headpiece. Flowers offset the fingertip veil which was attached to the ruching headpiece. The same flowers caught with white organdy were carried for the bride's bouquet.

For something old, the bride wore the wedding band of the late, Mrs. J. M. Cramer; as something borrowed a handkerchief belonging to

Mrs. M. R. Turner. Her outfit was something new and the moire taffeta something blue. She also wore a penny in her shoe.

Miss Patsy Lou Harris, sister of the bride, was matron of honor. She wore a white organdy dress over peach moire taffeta. Her dress was made with short sleeves. The bridesmaids, Rosemary Acuff and Donna McCann, wore identical dresses of white organdy over pink taffeta. They carried white baskets filled with pastel flowers. The baskets were tied with a large bow of matching moire taffeta. The headpieces were of matching flowers.

Ross Roberts, brother of the bridegroom, was best man. Ushers were Floyd Kiser and Hezlie Reid. The reception was held for the wedding party and relatives in the church parlor. The table was laid with a lace cloth and centered with a three tiered wedding cake which was topped with flowers. Mrs. Dennis Turner served the cake and Bettye Jeanne Graves presided at the punch service. Others assisting were Patricia Turner, Jamie Lou Brewer, Rosemary Acuff and Donna McCann.

Mrs. Roberts graduated from Coahoma high school in 1948. Roberts is a 1941 graduate of Coahoma and served three years in the service. He is now employed with the Texas and Pacific Railway company.

Out of town guests included Mr. and Mrs. Lige Harris, Mr. and Mrs. Leo Harris, Mr. and Mrs. S. G. Russel, Mr. and Mrs. Bill Harris and Mr. and Mrs. Don Riney, all of Merkel; Mr. and Mrs. R. K. Cravens and Bobby of El Paso; Mrs. Ida Collins and Roy, Mrs. A. L. Robinson, Mr. and Mrs. C. G. Barnett, Mrs. Delpha Gordon, Mrs. Joe Roberts, Mr. and Mrs. Gary Tate, Mr. and Mrs. Weldon Dennis, Mr. and Mrs. Aubrey Cranfil and Wanda and Mr. and Mrs. Bob Wolf, all of Big Spring; Mr. and Mrs. Jack Turner and Larry, Mr. and Mrs. H. L. Halle, Mr. and Mrs. R. P. Maddox, Ruth Shepherd, all of Midland; Mr. and Mrs. Bernard Lay of Brownfield; Mr. and Mrs. Ohmer Kelley of Stanton; Mr. and Mrs. R. W. McKinley of San Angelo; Mr. and Mrs. Elmer Roberts of Seagraves; Mrs. Lee Ingram and Sonny of Phoenix, Ariz.; Mrs. Leola Miller of Raunordville and Mrs. Joye Kinnemer of Junction.

The couple left for an extended wedding trip to Colorado, Arizona and New Mexico. For traveling, the bride wore a brown and white rayon corded two piece suit with white accessories. Her corsage was an orchid.

Dorothy Dean Sain, Arnold C. O'Neil Engagement Is Told

Miss Dorothy Dean Sain will become the bride of Arnold C. O'Neil at the First Baptist church in Big Spring on June 26.

Announcement of the approaching marriage has been made by the bride-elect's parents, Mr. and Mrs. S. M. Sain.

Miss Sain is secretary to the Exploration manager of the Shell Oil Company in Midland. O'Neil is a civil engineer with the Avery-Stanford company architects of Midland.

Day Camp For Scouts Will Begin June 14

Day Camp for Girl Scouts and Brownies will be held at the City Park June 14-18 as announced by Mrs. Ross Boykin, Day Camp director.

Registration of all Scouts who plan to attend must be in by Wednesday, June 9.

Anyone who is interested in becoming a leader for the camp is asked to call Mrs. Boykin.

There will be a meeting at the park of all day camp leaders at 4 p. m. Monday.

Gay Nineties Ball

A gay nineties costume ball will be given Wednesday for members of the Roundelay Dance club. Everyone is requested to come in costume. Hosts will be Mr. and Mrs. Travis Carleton, Mr. and Mrs. Earl Cooper, Mr. and Mrs. L. D. Chrane, and Mr. and Mrs. Don Burk.

Fall Fashions Show Longer Skirts, Deeper Colors, Simpler Designs

By MARTHA COLE
Skirts are still longer, colors are deeper and the design is simpler. Other than that, there's not much difference in this fall's advance fashions from last year's. What's more, there is very little evidence of fashion's latest wrinkle—petticoats peeking out from skirts.

No startling innovation appeared in the fall showing of the American Fashion Association for Southwest buyer in Dallas in May. Some 4,000 buyers from 16 states, most of them from Texas towns, picked and bought from the offerings of 650 manufacturing lines displayed in hotel rooms.

The fashion revolution that stirred hold the hemline clubs to a counter-revolt last summer was undisputed winner of the melee.

"The new look jitters are over," one salesman explained. "The women have by now either worn out their shorter styles, lengthened them or bought new clothes."

Fuller and longer skirts reign supreme. Not that everybody likes it.

"I thought we were through with these full circular skirts," one salesman remarked, holding up a black faille number, "but the women asked for it."

As for the hemline, it's still going down and it's a "terrific shame," another said. "We're making our skirts so on the average they're 11 inches from the floor," said Emmet Pryor, representative for Betty Rose coats and suits. "Furthermore—this is something new—we're making the junior misses just as long as the regular sizes. The high school

girls are demanding long skirts, too."

Dress, coat and suit designs—all were much simpler than last year's. All the little furbelows were missing. The dresses had full skirts but not extremely full. Back interest was emphasized with unpressed pleats and flaring peplums.

The basic little black dress was still there, still just as basic, embellished sometimes with a full back or a portrait neckline.

Back-to-school cottons were of dark calico print—like the women who crossed the plains in a covered wagon wore.

The only apparent change in suits was at the collar—the sailor collar, the button-under-the-chin collar and the big rounded romantic collar.

Very few of the manufacturers showed a single fitted coat. All of them were full with a swing back. The box coat was a dead duck.

If the women already have lengthened last year's dresses, all

they have to do now is take off a few frills and dye them a darker color to be in style. Spruce green, forest green, corsair blue, sable brown, grapey wine, charcoal grey—that's the color of fall.

Kiwani Queens Picnic
Announcement is made that the picnic date of the Kiwani Queens has been changed from Thursday evening at 7:30 to Tuesday evening at 7:30 at the Reagan ranch. All members are urged to attend this outing.

Mrs. Buck Tyree Hosts Members Of Sewing Club
Mrs. Buck Tyree entertained members of the Happy Stitches Sewing club Friday afternoon.

Mrs. Ray Klahr was honored with a birthday shower. The group will have a picnic at the park next week. Those attending were Mrs. M. E. Williams, Mrs. Ben Daughtery, Mrs. Paul Logsdon, Mrs. Pershing Morton, Mrs. Klahr, Mrs. Margaret Hull and the hostess, Mrs. Tyree.

Marriage Of Mary Lou Redwine To J. C. Cook Is Solemnized

The marriage of Mary Lou Redwine, daughter of Mr. and Mrs. O. B. Redwine and J. C. Cook, son of Mrs. W. R. Cook of Baird was solemnized Thursday evening in the Westside Baptist church.

The Rev. Cecil Rhodes, pastor, read the double ring vows before an altar banked with pink gladioli and palms.

Mrs. Roy Wilson played the traditional wedding marches and the accompaniment for "Always" and "I Love You Truly" as Nidra Williams sang them.

The bride wore a white crepe street-length dress fashioned with a draped skirt and neckline. Her accessories were white and she carried a white Bible topped with a bouquet of pink and white carnations. She was given in marriage by her brother, Horrop Redwine.

As the bridal tradition of something old-new-borrowed and blue, she wore a ring belonging to her paternal grandmother, her dress, a handkerchief belonging to Wanda Richardson, and a choker with blue stones. She also wore a penny in her shoe.

Nevia Martin of Sweetwater, who served as maid of honor, she wore a ring belonging to her paternal grandmother, her dress, a handkerchief belonging to Wanda Richardson, and a choker with blue stones. She also wore a penny in her shoe.

Out-of-town guests included Mrs. Joe Kidwell and J. C. Kidwell of Allen Okla., Juanita Butler of Newkirk, Okla., Neiva Martin of Sweetwater and A. B. Foster of Clyde.

Immediately following the ceremony, the couple left for a short wedding trip. For traveling Mrs. Cook chose an orchid two-piece linen dress.

The bride was complimented with a gift tea in the home of Mabel Campbell Tuesday evening.

Hostesses were Mrs. Charles Campbell, Mrs. Wendall Campbell, Mrs. C. L. Kirkland, Wanda Richardson, Nona Faye Campbell and Della Jane Kirkland.

The party rooms were decorated with cut spring flowers. The table was laid with lace and appointed with crystal. Miss Kirkland served punch and Miss Campbell registered guests. Gifts were displayed by Mrs. Charles Campbell and Miss Richardson.

Those attending were Doris Ward, Mrs. J. T. Chapman, Mrs. T. E. Sanders, Charlotte Holden, Mrs. George Holden, Frances Shanks, Rev. and Mrs. Cecil Rhodes, Juanita Butler, Rubye Rutledge, Mrs. E.O. Sanderson, Mrs. Alice Holt,

Billie Sue Leonard announced that the Rainbow girls would attend church today at the First Methodist church in a group.

Mrs. Tracy Roberts, chairman of the Advisory board presented the girls with merit badges.

Mrs. Vivian Peek, Mother advisor announced that approximately 25 girls would leave for Grand Assembly in El Paso June 13.

The meeting was dismissed by prayer led by Mrs. Bernard Lamm.

Members and guests were served refreshments by members of the Advisory board. The table was laid with lace and decorated with blue and silver stars.

Approximately 75 persons attended the installation.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Mother's Friend

Susannah Wesley Class Members Have Luncheon At Methodist Church

Members of the Susannah Wesley Class had a chicken dinner Friday at the church as the monthly luncheon. The table was decorated with roses and mixed flowers.

Sparger, Mrs. A. W. Godd, Mrs. G. W. Felton, Mrs. J. O. Sparger and the honoree, Mrs. Carter.

Two Families Are Newcomers To City

Mrs. Jimmy Mason, community hostess, welcomed two new families into Big Spring during the past week.

They are Mr. and Mrs. Roy Berry and children, Patricia, age 18, Mary, 13 and Roy, age nine. The Berry's are former residents of San Antonio and now live on the Oil Mill Road. Berry is polo player and instructor for Dr. M. H. Bennett's local team.

The newcomers at 1407 W. 2nd are Mr. and Mrs. R. L. Lorraine and son, Brunson, four. of Sherman. Lorraine is now employed as credit manager for Sherwin-Williams Lumber Company.

Bobbie Cathcart Becomes Bride Of John Douglass Keith In Forsan

FORSAN, June 5. (Sp) — Miss Bobbie Cathcart, daughter of Mrs. Blesse Cathcart and John Douglas Keith of Salina, Kans., son of Mr. and Mrs. N. J. Keith of Odessa were united in marriage Friday evening in the Baptist church.

The Rev. Jay Dannelley, pastor, performed the double ring ceremony before an improvised altar of gladioli and greenery. White tapers and satin bows marked the aisles.

Mrs. Bill Johnson, soloist, sang "I Love Thee" and "Because". She was accompanied by Mrs. W. B. Dunn who also played the pre-nuptial prelude and wedding marches. Jimmy Cromer of Lubbock and Eddie Ray King lighted the tapers. The bride, who was escorted to the altar by Bill Johnson of Big Spring, wore a white slipper satin wedding dress with an illusion yoke. The fitted bodice was fastened down the front with tiny self-covered buttons. The softly gathered skirt fell from the tight bodice into a long train. She wore a double fingertip veil edged with imported chantilly lace that had a beaded coronet halo.

For something old and something borrowed she carried a handkerchief belonging to Mrs. G. W. Overton. Something new was the strand of pearls, a gift from the bridegroom. She carried a white Bible topped with a bouquet of gardenias that were showered with staphenotis.

Eva Smith was matron of honor. She was attired in a portrait gown of murmurous taffeta in Nile green. She carried an arm bouquet of pink gladioli tied with satin streamers.

Bridesmaids were Haroldine West, Nell Rogers, Norma Roberts and Joyce Joan Sewell. Miss West was attired in a blue marquisette

gown styled with a full gathered skirt and short sleeves. Miss Roger's blue marquisette frock was trimmed with black tiered lace.

Miss Roberts was attired in pink marquisette styled with full gathered skirt and fitted bodice. Miss Sewell wore a peach marquisette dress styled with full skirt and fitted bodice. They had arm bouquets of pink gladioli tied with satin streamers.

Vivian Beckham of Monahans was best man. Ushers were Ancil Cathcart, Bill Cromer of Lubbock, Bobby Wash and Bobby Baker.

Treva Johnson and Loretta Overton were flower girls. They wore white satin frocks fashioned after that of the bride.

The bride's mother was wearing a printed silk dress with a white hat and black accessories. Her corsage was of white carnations. The bridegroom's mother wore a gray silk dress, a pink hat and other accessories of black. Her corsage was of pink shattered carnations.

Mrs. Keith graduated from Forsan high school; attended school in Lubbock and is now employed by the Lady Fair Beauty Salon in Odessa. The bridegroom graduated from McAllen high school and at-

tended Texas A & M College. He served with the Air Force overseas and is now stationed at Salina, Kans.

Immediately following the ceremony the reception was held in the home of Mr. and Mrs. Bill Johnson in Big Spring. The bride's table was covered with a lace cloth and centered with a white three tiered cake which was topped with a miniature bride and bridegroom. White tapers burned in crystal holders at each end. Spring flowers were also on the table.

The couple left for a short trip after which they will be at home in Salina, Kans. The bride wore a pink linen suit and black accessories for traveling. Her corsage was of gardenias.

Out-of-town guests were Mr. and Mrs. N. J. Keith of Odessa, Mr. and Mrs. Lee Cromer and sons, Bill and Jimmy of Lubbock; Mrs. John Rogers and Nell Rogers of Melvin; Mrs. N. J. Keith of Dublin; Mr. and Mrs. Vivian Beckham of Monahans; Mrs. Virgil Cathcart of Coahoma; and Mr. and Mrs. J. S. Johnson and Cathey of Big Spring.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcontra, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcontra is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcontra. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcontra when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcontra takes care of your DESIRE. Second, depresses acid stimulation, so that water is excreted away—almost like melting fat. At the same time you feel better, more pep, more alert, but never starved or hungry.

Lost 22 Pounds
"I lost 22 pounds taking Barcontra and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Genevieve Hillings, Route 1, Devine, Texas.

15 Pounds Lost
"I lost 15 pounds taking Barcontra and can now control my weight. I feel much better in every way and I gladly recommend it to anyone who wants to control the weight."—Mrs. Gerie Matthews, 928 Thruway Street, Beaumont, Texas.

- SOOR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous disease. Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood, you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Faye Simpson, Jack Price Wedding Is Solemnized In Simpson Home

Miss Wilda Faye Simpson, daughter of Mr. and Mrs. Willie G. Simpson and Jack S. Price, son of Mrs. Hattie Price, were united in marriage Saturday evening in the home of the bride's parents.

Dr. P. D. O'Brien, pastor of the First Baptist church, read the double ring ceremony.

The wedding vows were exchanged by candlelight before an improvised altar of white gladioli. Tapers were lighted by Velta Childers, who was dressed in a blue frock with a wrist corsage of white carnations.

The bride, who was given in marriage by her father, was attired in a white sanchille crepe dress with a tight fitting bodice and cape sleeves which were shirred into the neckline. The frock had a full graceful skirt. She wore a single strand of pearls and her headdress was a halo band of maline caught at the sides with roses. The bride carried a white prayer book topped with an orchid tied with knotted white satin streamers. Her accessories were of white.

For the traditional something old, the bride wore a sapphire ring belonging to her mother; something new was her dress; something borrowed, the prayer book; and something blue, a garter. She wore a penny in her shoe.

Mrs. Jimmy Felts, who attended the bride as matron of honor, was attired in a blue crepe dress with a pink carnation corsage. She wore black accessories.

Jimmy Felts served as best man Helen Duley played the traditional wedding marches and accompanied Arnold Marshall who sang "At Dawning" and "Because". She also played "I Love You Truly" softly during the ceremony.

The bride's mother was attired in a black dress with a floral design and wore a corsage of gardenias.

Mrs. Price, mother of the bridegroom, was attired in a navy blue frock. Her corsage was of gardenias.

The bride is a graduate of Big Spring high school and until her marriage was employed by Couden Petroleum Corporation. Price is a graduate of McKinney high school and is employed by Noble Drilling company.

A reception was held immediately following the ceremony in the

home of the bride's parents. Lola Nell registered guests. Mrs. Clark Couch served the three tiered wedding cake which was topped with a miniature bride and bridegroom. Mrs. Ray Wright presided at the crystal punch service. All members of the house party wore corsages of blue esterseeds. The bride's table was centered with a

flower arrangement and was laid with a linen cutwork cloth. The crystal candelabra on the buffet held white tapers which illuminated the room.

The couple will be at home in Merton following a wedding trip to South Texas. For traveling she wore a brown faille suit with white accessories.

Miss Catherine Bowles William J. Henry Wed

Miss Catherine Bowles, daughter of Mrs. Viola Bowles, became the bride of William J. Henry, son of Mrs. Bernadine Henry of Mineola, in a formal candlelight service Friday evening in the First Baptist church.

Dr. P. D. O'Brien read the double ring ceremony before an altar decorated with palms, fern, gladioli and cathedral tapers. The candles were lighted by Tommy Hammond, nephew of the bride, while the organist played "To A Wild Rose".

Mrs. David Elrod accompanied by Mrs. C. W. Norman sang "Because" and "I Love You Truly". Mendelssohn's "Wedding March" was played as the processional and the "Bridal Chorus" from Lohengrin as the recessional. "Oh Perfect Love" was played softly during the exchange of vows.

The bride wore a white dress of brocaded satin fashioned with a long torso bodice and full train, a drop shoulder yoke of net and leg-of-mutton sleeves with wide cuffs of net coming to a point over the hand. Her fingertip veil of illusion was held with a halo of white carnations. She carried

an arm bouquet of white carnations. She was given in marriage by her brother, Cecil Bowles.

Mrs. E. D. Miller, matron of honor, wore a blue marquisette dress fashioned with a long torso bodice, a low neckline with drop shoulder yoke and puffed sleeves. The skirt was gathered full onto the bodice. Pauline Henry, sister of the bridegroom, and Freda Haner, cousin of the bride were bridesmaids and wore dresses identical to that of the matron of honor in pink and yellow respectively. They carried colonial bouquets of daisies.

Rex D. Humphreys attended the bridegroom as best man. Groomsman were Johnny McKaughan and Lawrence Vandergriff. Ushers were Johnny Crawford and Robert Coffee.

Mrs. Viola Bowles, mother of the bride, wore a rose crepe dress with black and white accessories. Her corsage was of white gardenias.

Mrs. Bernadine Henry, mother of the bridegroom, was attired in a gray printed sheer dress and black accessories. Her flowers were also gardenias.

Following the ceremony a reception was held at the home of Mr. and Mrs. T. W. Hammond. Members of the bridal party composed the receiving line. Mrs. W. W. Crawford, presided at the bride's book and Mrs. F. W. Haner and Mrs. V. R. Stover, served the refreshments.

After a short wedding trip, the couple will be at home at 1507 Main street in Big Spring.

Out-of-town guests for the wedding were Mrs. Bernadine Henry and daughter, Pauline, and Mrs. W. E. Graham of Mineola; Mr. and Mrs. V. B. Watson and daughters, Dorothy and Cieta of Dallas; Mr. and Mrs. L. W. McMillan and son, Charles Lynn, of Waco; Mr. and Mrs. R. C. Hammond of Los Alamos, N. M.; Mr. and Mrs. V. R. Stover and daughter, Nancy; Mr. and Mrs. F. W. Haner and daughter, Freda of Dallas; Mrs. J. J. Goodloe of Mount Calm; Mr. and Mrs. E. D. Miller and son, Barry, of Riverside, Calif.; John McKaughan of Tahoka; Lawrence Vandergriff of Grand Saline and Rex D. Humphreys of Mineola.

Vera Palomino, Ambrosia Sanchez To Wed June 12

On June 12 in a formal ceremony at the Sacred Heart Catholic church Vera Palomino, daughter of Mr. and Mrs. George Palomino, will become the bride of Ambrosia Sanchez of San Marcos.

Announcement of the betrothal is being made by parents of the bride-elect. Attendants are not yet selected.

Miss Palomino has completed her junior year at Big Spring High school. Sanchez is a graduate of San Marcos schools. The couple will make their home in San Marcos.

Mrs. Roy Lassiter Wins High At Bridge

Mrs. Roy Lassiter won high score and floating prize at the meeting of the Double Four Bridge club in the home of Mrs. Clyde Wynan Thursday afternoon.

Mrs. Lyle Owen won second high and Mrs. W. J. Garrett hinged. Others attending were Mrs. Dennis Wall, Mrs. Pat Blalack, Mrs. Roy Grandstaff and Mrs. Franklin Jarrett.

Jewel Barton, her mother, Mrs. Nellie Barton and her guest, Ann Kelly of Lubbock will spend the week end at Lake Sweetwater.

Industry For Western Area

Industrialization conjures in the popular mind pictures of big plants on a river bank, belching smoke from a forest of stacks. The less spectacular but major portion of industry, however, is in smaller units and scattered in relation to markets and supplies. So the amount of industry a place has is not necessarily dependent upon the number of smokestacks.

With that in mind, West Texans should recognize that these less ponderous units are the type of industry to be sought. There is not a city in West Texas—not even those most favorably situated—could today begin to furnish enough water for a water-consuming industry. Unless some major miracle is wrought, this always will be true in West Texas, for increasing populations will mean that increased supplies will be earmarked in a large measure for domestic use.

This does not, by any means, shut the door in the face of increasing industry. An analysis of the kinds we now possess is a fair index as to the type we should seek. There are many fields open to exploration, and none of them using any unusually heavy amounts of water. A few are textiles; leather novelties; ceramics; agricultural processing (including packing, grinding, canning, mixing); fabrication of machinery, fixtures, furniture, and so on.

To attract these, it is necessary to get over a message, and in event the multi-city project for a campaign in the Saturday Evening Post materializes, the word certainly should be spread around.

Of necessity, there will need to be considerable preparation for inquiries. A lot of this can be handled with dispatch in distribution of detailed, statistical information. Much of it cannot be shed so easily, for there will be specific requests about buildings, sites, siding, personnel housing. In some instances, inquirers will be ready to talk figures, and will expect us to be ready to talk in definite terms. One of the chief aims for this work is the chamber of commerce industrial committee, and if the pattern now looming takes shape, the committee certainly will face heavy responsibility.

Bloom Is Off The Heather

A recent Federal Reserve Board survey showed that the American people have cooled off some on the idea of buying houses, and to a lesser degree on buying automobiles. (They have been mercilessly gyped in both cases.)

The board estimated the market for houses had dropped 20 percent in the last twelve months. The fever for cars has cooled off only one percent, and the demand still runs at the rate of 6,000,000 units a year, far above the industry's ability to produce.

The board's report makes pretty sobering reading. Net effect is to show that the bloom is off the heather, the well is beginning to run dry, and the glad, free days of wild spending are over—not from choice, but from necessity.

At that, one family in four will continue to overexpand its income, the board finds. In the last twelve months 3 million more families cashed the last of their war savings bonds. Of the 17 million who bought refrigerators, furniture, radios, washing machines and other household fixtures and gadgets, nine million more asked for credit than asked for it the year before.

This recession in buying power was in the face of the fact that consumer incomes as a whole increased ten percent last year and the number who earn more than \$5,000 a year increased by two million. The explanation seems to be that the cost of living increased faster than wage rises could overhaul. What happened to the wage earners who got no raise in wages can well be imagined. They probably are the ones who gave up the notion of buying a house, or dug out the last of the savings bonds for cashing.

It is obvious that a lot of enthusiasm must be wrung out of the national yearning to buy something, before prices level off. Rising wages in some industries helped to intensify the buying fever, and forced prices higher and higher. (The reserve board found that persons and families earning less than \$2,000 a year have been priced out of the house-buying ranks.)

Wages and living costs chase each other up and down. When costs start rising, wages set off in pursuit, but never quite catch up. When prices start dropping, the situation is reversed—wages fall like a plummet, and prices make their leisurely way down. In boom or bust the person with a fixed income takes the rap.

MAN WHO LOOKS LIKE SOMEBODY ELSE — SMYTHE

By HAL BOYLE

NEW YORK. (AP)—The greatest cheer leader of our time — "the man who looks like somebody else" — is ready again with slogan, flag and megaphone.

And that means J. Henry Smythe the world's most persistent slogan writer, will be a delegate—unofficial, as usual—to the Republican national convention in Philadelphia this month.

"I advocate a new deck to succeed the New Deal's long misdeal," said the Republican party's oldest living unpaid press agent. "I won't really get down to coining slogans in earnest until after the convention of course."

"But here's one for a starter: 'Don't commune with communism—vote republican!'"

A recent illness has slowed the pep of this silver-haired, 64-year-old veteran, a figure as familiar at Republican convention, as the elephant symbol. So he may come up with only 100 or 200 slogans this year, way below par.

Smythe—he pronounces it with a distinct "Y"—is one of the characters of our era, one with a strong aversion to seeing his name out of print. He is a gentle, enthusiastic man gripped by series of life-long cases of hero worship.

His chief passions have been a slogan, Benjamin Franklin, the American flag, the Republican party, Teddy Roosevelt, and looking like somebody else. They have kept him so busy he has never smoked, tasted liquor or married.

He first got into the public eye by grabbing a flag and a megaphone after President Theodore Roosevelt had been nominated at Chicago in 1904 and bellowing to the surprised delegates:

"Three cheers for the president! Hip, Hip Hurray!"

He has been yelling "Hurrah" hard ever since. He has acquired and rejoiced since then in such titles as "The Boy Orator," "The No. 1 Flag-bearer," "Slogan Smythe," "The Grand Old Party Megaphone Man," and "The Republican With a Democratic Face."

The last came from his startling profile resemblance to the late Franklin D. Roosevelt. He is pleased with the resemblance, but voted four times against his illustrious doppelganger. Looking like other people rather runs in the Smythe family.

"My father looked like George Washington," he said gravely, "and once he was mistaken for President McKinley."

Smythe, formerly a publisher of children's books, lists as his avocation "the promotion of patriotism." But in recent years he has earned a modest living turning out slogans and trade mark names which he calls "the battle cries of business."

Washington Merry-Go-Round—

Clark Quietly Probing Activities Of Owen Brewster And Elmer Thomas

By DREW PEARSON

WASHINGTON.—If you notice certain senators moving to curtail the Justice Department's appropriations, here is the reason why. Attorney General Tom Clark has been quietly probing the activities of two Senators—Owen Brewster, Maine Republican, and Elmer Thomas, Oklahoma Democrat.

When Senator Ferguson, Michigan Republican, with a great record for uncovering graft in Detroit, ducked the job of investigating his own colleagues, Tom Clark got busy.

Brewster has been shown up as the bosom pal of Pan American Airways, has lobbied brazenly for them, has accepted free Pan American airplane rides all over the map (senators are forbidden by law to accept free railroad rides), yet Senator Ferguson refused to probe his fellow Republican.

Thomas of Oklahoma has also been manipulating commodity-market prices, finally admitted he had been speculating—after denying it for two years. However, the great investigator from Michigan, Senator Ferguson, has not dared to delve into the operation of his colleague from Oklahoma.

Attorney General Clark, on the other hand, hired a young New York lawyer, Irving Kaufman, who, despite acute attacks of long-weekenditis, has laboriously managed to unravel part of the manifold operations of Senator Thomas, and has taken a polite peek at the lobbying of Senator Brewster.

The bill of complaint lodged against Ralph Moore, Texas lobbying friend of Senator Thomas, is the first tangible Justice Department move resulting from probe.

DARK-HORSE HALLECK

One dark horse you don't hear much about, but who is champing at the bit waiting for Philadelphia is likeable, get-getting Congressman Charlie Halleck of Indiana. The ambitious House majority leader has been holding secret conferences and lining up political support almost alongside his friend, dark-horse Speaker Martin — though Joe doesn't know too much about it.

The place where Halleck holds his political conclaves is a private cocktail room in a corner of the Capitol. Officially this hideaway is listed as a "storeroom." Privately it is called the "Clinic."

One frequent and significant visitor at the "Clinic" has been Joe Pew of the Sun Oil Company, the Sun Shipbuilding Company, owner of various farm publications and a power, in Pennsylvania politics. Other visitors to Halleck's clinic are lobbyists for the National Association of Manufacturers who drop in for a drink and some private advice as to how their dark horse should vote on important issues.

Two years ago Charlie Halleck was a relatively obscure congressman of moderate means who lived quite modestly. But since he became majority leader 18 months ago, Charlie drives the most expensive Cadillac on Capitol Hill—a super, sleek convertible which attracts sightseers outside the House of Representatives. Mrs. Halleck also drives a de luxe Cadillac—quite a motor pool for a \$15,000-a-year congressman with a small family. (The Cadillacs are not supplied by the government.)

A struggling attorney in Rensselaer, Indiana, before he came to Congress, Charlie has never been one to let the grass grow under his feet. And his voting re-

Clark Quietly Probing Activities Of Owen Brewster And Elmer Thomas

honors in the U.S.A., a bunch of the boys down home are busily at work trying to get his job.

Sosa Molina was given his post as minister of war because President Peron considered him reasonably acceptable to both the so-called "Liberal" and the "Nationalist" wings of the army. An amiable, comfort loving person, the minister has always sought to get along well with everybody.

And he still does. However, the ultra-Nationalists—headed by Gen. Filomeno Velasco and Oscar Silva, Argentina's real backstage dictators—now think it's time they should openly direct the armed forces. And there is no longer any real opposition, since the "Liberal" group of younger officers last year was won over to the government by widespread promotions and fat salary boosts.

Inside fact is that Sosa Molina was sent on the arms mission to Washington chiefly to front for Gen. Manuel Savio, director of Argentine arms plants. Gen. Savio is anxious to conclude licensing agreements which would permit Argentina to manufacture the latest U.S. weapons, which so far have not been released to Latin American countries, especially not to Argentina.

Meanwhile, Peron is listening attentively to the arguments of those who say Sosa Molina should be replaced. Chances are better than even that the minister of war will find himself out of the cabinet by midsummer.

Confusing Congress

BY JAMES MARLOW

WASHINGTON, (AP)—Congress is trying to finish in a rush by June 19, so it can go to the political conventions.

And when it tackles unimportant things, it acts like it's going to a fire. The Senate on Wednesday rammed through 52 minor bills.

But on the big stuff it's still pretty slow going. Long debates, jockeying around.

Maybe you wonder: If Congress is in such a hurry, why all the talk? Since Congress is made up of Democrats and Republicans, why can't each side let a couple of men talk for them and then go ahead and vote?

It's not so simple as that. That might work in some place like England where Parliament is sharply split between Labor and Conservative members.

There's no such sharp division between Democrats and Republicans. In both American parties there are "conservatives" and "liberals."

Thus on some issues the Democrats and Republicans close their ranks and vote pretty strictly along party lines.

But most of the time—on the big issues—plenty of members of both parties want to get up and speak their pieces. Why?

Because they think they can influence other members; or they want to be on the record for or against something; or they feel so strongly about an issue they have to talk.

As a result — party lines are crossed and on some things Republicans line up with Democrats, Democrats with Republicans.

Because of this endless crossing of party lines, people in other countries probably wonder sometimes why difference there really is between the two parties.

Russia's Joseph Stalin, for example, taking a dim view of what happens here anyway, once said he sees no difference between Democrats and Republicans.

Even the President can't always lead the members of his party in Congress along the road he wants them to take.

Although he's head of his party, its members may turn against him bitterly on a big issue.

That happened this year when President Truman urged Congress to pass a civil rights program that would have benefited Negroes mostly.

McCrea Is Specializing In A 'Western' Career

By BOB THOMAS

HOLLYWOOD. (AP)—Joel McCrea, the California cowhand, is shaping his career as a specialist in movie westerns. And not only because he loves the smell of fresh air and sage brush.

The friendly actor is nursing a sore toe (his horse stepped on it) on the "South of St. Louis" set. In an expansive mood, he expounded his film theories:

"A solid plot is the essential ingredient of any good movie. It doesn't guarantee success, but without it even the finest treatment can't make a film good."

That's why I've been doing westerns and will continue to do them. The essence of a western is plot. So I'm sure I've at least got a firm foundation for my films."

Joel cited another reason why he is heading to horse operas: he has reached a point, he believes, where it is not profitable for producers to hire him for comedies or dramas, the success of which is not as certain and sure-fire as westerns. You must admit the guy is frank.

"Why should they hire me?" he asked. "For less money they can get stars like Greg Peck or Dana Andrews, who draw just as well at the box-office. My westerns make money, and I get the price I ask for—so I'm happy."

"I'd like to make a good comedy, but it's too costly to assemble the topflight production teams that made great films like 'More Than Merrier' and 'Palm Beach Story.'"

Joel is that rarity among film stars (or anybody in Hollywood)—a native Californian. He recalls earning spending money during his

EARLY AUTO RACE THRILLED SOUTH TEXANS

By WILLIAM C. BARNARD

Next month marks the 28th anniversary of a memorable South Texas speed run—a record round-trip between San Antonio and Corpus Christi.

Dimly remembered now, the run was a colorful event, conducted with fanfare and peppered with excitement. The record still stands . . . No one ever bothered to officially better it.

Fred Schoenberger is the surviving member of the two-man team that rode the green Essex roadster to fame in 1920. Schoenberger, thin-haired and 57 now, moon-faced and good-natured, today supervises a utility company garage in Corpus Christi. From him we obtained these details on the daredevil trip:

The San Antonio Express and the Corpus Christi Caller offered a silver cup to anyone who could better the round-trip time from San Antonio to Corpus Christi which had been established in 1911.

The Clyde Chadwick Auto Company of Corpus Christi decided it would sponsor an attempt on the record. Schoenberger, veteran of fighting in France and a mechanic employed by Chadwick, was selected as the mechanic—or as he was to be known—the "pilot" for the trip. Hired as a driver was the late Walter White, a man devoted to fast driving. Charles Roster, now an advertising man in Corpus Christi, was official timer.

Schoenberger owned a new Essex roadster, a dashing vehicle with big-spoked wheels. Two horns and a siren were mounted on this car and at 5 a. m. the morning of July 14, 1920, White and Schoenberger pulled away from the San Antonio Express office on the first leg of the run.

They were dressed in khaki shirts and trousers, they wore goggles, they had breakfast excitedly on coffee and doughnuts.

The highway to Corpus Christi in those days was 160 miles, a hazardous road of big ruts, deep holes, clinging sand, detours and indolent cattle. For the ordinary driver it was a dawn to dark trip. People with brains took the trains.

"We left early to take advantage of the cool of the morning," Schoenberger said. "We figured to do everything possible to keep from overheating the car."

"We had 40 pounds of air in the front tires and 45 in the rear so that we could jump over curbs and holes easier. We hit a hole in some sand near Floresville, and the car went four feet into the air and flew for 40 feet."

"White didn't say anything . . . just nudged me with his elbow."

It was a tense trip with speeds up to 69 miles per hour. White drove grimly, rarely uttering a word. Schoenberger watched the oil pressure gauge and the heat indicator on the radiator cap, called in those days, the motor meter.

"I spent a lot of time cranking that siren," said Schoenberger. "Wagons moved over for us but we had a time with pigs, chickens and cows. You can't impress a herd of cows with a siren."

A fire truck escort was waiting at the city limits of Corpus Christi. It led them part of the way into town, but then White, fuming at the delay, passed it. The Essex arrived at the Caller office at 9:23 a. m., four hours and 23 minutes after leaving the Alamo City.

Word of the incredibly fast time spread quickly. A big crowd cheered as White and Schoenberger left the Caller office at 5 a. m. the next morning on the return trip. Hundreds lined Leopard Street for two miles to the city limits and yelled and applauded as the green topless roadster, its siren howling, roared by.

Schoenberger burned out the siren and one of the horns on that return trip. The time was four hours and 55 minutes. "A lot more cattle," Schoenberger explained.

The total time was nine hours, 18 minutes . . . almost three hours better than the 1911 record.

San Antonio turned out to give the daredevils a royal welcome. And when the pair returned to Corpus Christi, a luncheon was held in their honor. They drove the Essex into the ballroom of the Nueces Hotel and the chugging of its brave engine mingled with the roars of the banqueters.

White later became a rancher at Agua Dulce in South Texas and died several years ago. Schoenberger has a son, a 23-year-old veteran who, like his father, fought in France.

Fred Jr. likes speed, has a souped-up Ford, and drives the smooth, greatly shortened, highway from Corpus Christi to San Antonio in two hours.

Thief Repents

LINCOLN, Neb. (U.P.)—There was a penitent prowler here, or maybe he just didn't want the stuff reported taken from the Hobart Lauer home. The Lauer's said their house was looted of personal papers, \$14.50 in cash and a .32 caliber revolver. The next day they found the items in a paper sack on their doorstep.

Out Of Water

GOSHEN, Ind. (U.P.)—Richard Klaverson insists it isn't a fish story when he tells friends that a 25-pound carp caused his motor trouble. Klaverson was returning from a trip when his car stalled. A filling station attendant found the big fish placed under the hood and atop the motor by some prankster.

Only The Family Could Love Bill

Since I've been on a reminiscing tack on occasional Sundays, perhaps the customers could bear a little more of the same. This will be about a kid and his dog.

Naturally the dog I had as a tyke was the finest dog that ever was. He was of the Heintz variety, but he looked more like a collie than anything else, so to me he was a very fine collie. He had the completely uninspired name of Bill. About the only distinction in appearance he did have was that one eye was brown, and the other blue.

Well, Bill was a completely uninhibited animal, and I suppose had more enemies, outside our immediate family, than any dog that ever came to town.

I don't know that he ever bit anybody, but he was a fearful nuisance—to everybody but me.

Bill was a Sunday school loving dog. Six days a week, as some of our family went to town (the Baptist church was on the way) Bill would go trotting on past the church. Come Sunday morning, when he got to the church corner, he immediately ducked inside, and it took the combined efforts of all the Whiskey family, plus the Sunday school superintendent and assorted teachers to get him out of the church. A lot of Sundays this was impossible, but Mama could make him lie under a pew at her feet, and he didn't cause much trouble.

We could never keep him from going to Sunday school with us, or any other place, for that matter. Put him in the house, and he'd break out a window screen or a door screen. Tie him up and he'd chew his rope in two. Put him in the "tank house"—a storage out-house built around the framework that held up our water tank—and he'd dig out from under so quick that he—by taking another route—would be down at the church steps waiting for us by the time we got there.

A Majors family lived between our house and town, too, and they had what I regarded then as a terribly ferocious bulldog. That bull and Bill were mortal enemies, and I know that if they fought once, they fought a hundred times. It used to take axe handles, a stream of water, and even dashes of cayenne pepper to get 'em pulled apart.

Bill was also a car-chaser, one of the worst. Nothing unusual about that, but he also was a horse-tail-hanger-ener, and I never saw another dog have fun in just that way: A horse could come by our house, and Bill would run madly out, yelping delightfully, take a flying jump, grab the horse's tail between his teeth, and then swing. You can imagine how such a trick would be greeted by the fellow who was driving a horse to a wagon, or more particularly, to a fellow who happened by on horseback. There was a city constable over in Colorado City in those days who rode around town on his horse, and Bill gave that poor man more bad moments than all other miscreants in town put together. He hated my old dog with a passion, and you can be sure that I was always careful to have licenses paid up, and everything else, to keep Bill out of the pound.

How he stayed out, I can't imagine.

Well, as you might know, somebody poisoned Bill. I don't know why it wasn't done long before it was, but it didn't happen until we'd had that dog for years, and he had had a big role in helping raise me.

We buried him, out in the orchard, with a great deal of formal ceremony. I remember my sisters cried. I pretended to be very tough about it all, but I'm sure there was a tear or two on my cheek, too. Bill was not regarded highly by anybody else I know of, but he was MY dog.—BOB WHIPKEY.

Fashionable Cliff Dwelling

NEW YORK.—Quentin Reynolds asked me one morning if I thought perhaps some folks would consider his mode of living ostentatious. I looked out the window of his 14-room apartment in River House, wished that I were in the same yacht, and said, "No, Quent, just the simple luxuries, that's all."

Quent and his fellow tenement dwellers of River House, the handsome pile of brick (cost: \$10,000,000) on a dead end street (53rd) nudging damply against the East River, have just been told they will have their big apartments sliced up from under them. The present dwellers in this fashionable cliff, which has its own yacht basin and club, have been informed the 79 apartments will be remodeled and turned into some 170 suites. The smallest apartment in River House is nine rooms; the largest 18.

There has been considerable amusement voiced in ale houses such as Twenty-One and the Cub Room over the fate of these wealthy refugees from expansive, and expensive living.

The place is full of famous names: Gen. William J. (Wild Bill) Donovan and Cornelius Vanderbilt Whitney, for instance, hang their top hats on the premises; Huntington Hartford uses it as a home base for his fabulous grocery chain activities; and Henry Luce, who publishes a few magazines, finds it handy to his office, a few blocks away in Radio City.

That morning, Quent and I were toasting a successful excavation Ginny had just undergone. We were sipping champagne, and my simple friend apologized for not being able to find the Scotch. I assured him sipping bubbly was not exactly the rugged life, and that it was fine, considering. "The Scotch must be in the other bar and I can't remember where it is," Quent explained.

Broadway—

McCrea Is Specializing In A 'Western' Career

McCrea, the California cowhand, is shaping his career as a specialist in movie westerns. And not only because he loves the smell of fresh air and sage brush.

The friendly actor is nursing a sore toe (his horse stepped on it) on the "South of St. Louis" set. In an expansive mood, he expounded his film theories:

"A solid plot is the essential ingredient of any good movie. It doesn't guarantee success, but without it even the finest treatment can't make a film good."

That's why I've been doing westerns and will continue to do them. The essence of a western is plot. So I'm sure I've at least got a firm foundation for my films."

Joel cited another reason why he is heading to horse operas: he has reached a point, he believes, where it is not profitable for producers to hire him for comedies or dramas, the success of which is not as certain and sure-fire as westerns. You must admit the guy is frank.

"Why should they hire me?" he asked. "For less money they can get stars like Greg Peck or Dana Andrews, who draw just as well at the box-office. My westerns make money, and I get the price I ask for—so I'm happy."

"I'd like to make a good comedy, but it's too costly to assemble the topflight production teams that made great films like 'More Than Merrier' and 'Palm Beach Story.'"

Joel is that rarity among film stars (or anybody in Hollywood)—a native Californian. He recalls earning spending money during his

Margaret Holley And Eddie Hickson Honored At Party

Margaret Holley of Coahoma and Eddie Hickson were honorees at a graduation party at the parsonage of the Main Street Church of God Friday evening.

Elzada Herring was in charge of games and Mrs. Virgil Patton, in charge of refreshments. Virgil Patton showed some movies. Miniature diplomas decorated the party rooms.

Attending were Eddie Hickson, Elzada Herring, Roy Utt, N. C. Dalton, Georgia Stroupe, Fern Stroupe, Brookie Phillips, J. D. Jenkins, Betty and Richard Reagan, Janna Hickson, Melba Dean Jenkins, Willie Mae Witt, Duaine Herring, Bob Hickson, Margaret Holley, Nelda Smith, Mrs. Eugene Bethel, Lorhea and Virgil Patton, the Rev. and Mrs. John E. Kolar, Kenneth Dickson of Midland and Mildred Boyett of Hollis, Okla.

Services Today For Ex-Minister

AUSTIN, June 5. (P)—Funeral services will be held Sunday in Jasper, Tex., for Dr. K. P. Barton, 72, retired Methodist minister, who died here Thursday night.

Dr. Barton served as superintendent of the Austin, San Angelo and San Antonio districts. He also had been pastor of the University and First Methodist Churches here, the First Methodist Church in San Angelo and St. Paul's Methodist church in Houston.

Patsy Madison And J. W. Coates Are United In Double Ring Service

STANTON, June 5. (Sp)—Miss Patsy Madison, daughter of Gib Madison of Lenorah became the bride of W. J. Coates, son of Mr. and Mrs. W. F. Coates of Lomax Tuesday evening in the Baptist church in Lenorah.

The Rev. T. R. Hawkins, pastor of the First Baptist church in Stanton officiated at the exchange of vows in the double ring service. Two tall baskets of white gladioli and fern were on either side of the altar. White tapers were in the tall candelabra.

Mrs. Lafayette Newman played the traditional wedding marches. Mrs. J. C. Newland Jr., and Wilona Adams lighted the tapers.

The bride was given in marriage by her father. She chose a white coat suit of gabardine and a small off-the-face hat of pale pink straw covered with net. The other accessories were also of pink. She carried a white Bible topped with a corsage of pale pink rose buds tied with white satin streamers.

The bridal tradition was carried out by a handkerchief as something old; her dress as something new; the Bible, something borrowed; and she wore a penny in her shoe.

Mrs. Dick Madison, sister-in-law of the bride, was matron of honor. She was dressed in a white street length dress, white accessories and carried a bouquet of gladioli surrounded with pink rosebuds and white satin streamers.

Sousa Stallings served as best man.

Mrs. Coates is a 1948 graduate of Stanton high school. Coates graduated from Stanton in 1946.

Out of town guests were Mr. and Mrs. W. F. Coates, Mrs. Cleve Newman, Mrs. Carol Famy and son, Jimmy and Mrs. L. A. Newman of Lomax; Mr. and Mrs. Ralph Newman of Coahoma; Mrs. Dick Madison, Sr., and Mrs. Dick Madison, Jr., of Monahans; Mr. and Mrs. C. L. King and son, Larry, of Fort-Sierra Blanca; Mr. and Mrs. T. H. McCann and Mr. and Mrs. L. C. Madison and granddaughter of Big Spring.

MRS. W. J. COATES

Karen Montgomery Is Honored With Party

Karen Montgomery was entertained with a party at the City Park on her seventh birthday anniversary, Friday by her mother, Mrs. Gordon Montgomery.

Favors of bubble gum and balloons were given. Refreshments were served to Rene Beth Metcalf, Gretchen Br-

den, Cary King, Johnny and Danny Kennemur, Nita, Karen and Carolyn Greenhill, Jimmy Tucker, Joann Jackson, Jennie Hayworth, Mary Nell and Sonny Thompson, Glenda Ray, Carol and Gary Hanson and Lavelle Hanson.

Mrs. Pete Thornton, Mrs. Greenhill, Mrs. Brooks, Mrs. Thompson, Mrs. Leonard Hanson, Mrs. Noble Kennemur, Mrs. Jim King and Mrs. Marvin Hanson.

'Fort Apache' Is Indian Warfare Epic Now Showing At Ritz

An epic of the Army's Indian warfare in the Southwest some eighty years ago, "Fort Apache," opens today at the Ritz with Henry Fonda, John Wayne, Shirley Temple and Pedro Armendariz in the starring roles.

The John Ford-Merian C. Cooper production for RKO Radio release tells a vivid story of Army politics, of Army romances on the frontier, and of an over-ambitious officer who brings his command to disaster when he seeks to outwit Cochise, a brilliant Apache chief.

Told with clarity and realism, the new film directed by Ford, revolves about the dominant personality of an embittered cavalry colonel sent out to take charge of a lonely outpost on the Arizona desert. Unversed in the ways of handling Indians, the colonel ignores the advice of his more experienced subordinates, and in the thrill-packed climax endeavors to make a name for himself by tricking and capturing Cochise's elusive band of Apache warriors.

Fonda plays the colonel and Wayne is seen as his senior captain who vainly tries to discourage his superior's suicidal course, with both players turning in convincing portrayals. Miss Temple plays Fonda's daughter, and Armendariz plays a Creole sergeant. Ward Bond, George O'Brien, Victor McLaglen, Anna Lee, Irene Rich, Guy Kibbee, Grant Withers, Mae Marsh and Dick Foran stand out in the featured cast, along with Miss Temple's husband, John Agar, who makes his screen debut in the role of a young West Point officer.

Frank S. Nugent wrote the screen play from the story by James Warner Bellah.

COLONEL'S ORDERS—Ward Bond takes an order from the rebellious and bitter Army colonel, Henry Fonda, in this scene from "Fort Apache," latest attraction at the Ritz. John Wayne and Shirley Temple are co-stars in the film.

The Weeks Playbill

RITZ
SUN.-MON.—"Fort Apache," with Henry Fonda and Shirley Temple.

EXPERIMENT—Mona Barrie (above) holds the interest of Ted Donaldson and Rusty with her experiment in the new Lyric showing, Columbia's "My Dog Rusty."

Conquest By Cortez Provides Background For Adventure Film

Today marks the opening at the State of Darryl F. Zanuck's presentation of "Captain From Castile."

In bringing Samuel Shellabarger's best-selling novel to the screen, Mr. Zanuck wisely placed his bet on a sure thing, for few novels—even among the best-sellers—offer such a wealth of film possibilities as does this one. And to make doubly sure, Mr. Zanuck put some extra insurance on his project by entrusting Tyrone Power with the title role, assigning to Henry King the responsibility of direction, and by putting the production reins into the hands of Lamarr Trotti who also wrote the script.

In addition, Zanuck earmarked a budget generous enough to provide for photography in Technicolor, and to see the largest company ever sent on location into a foreign country through three and a half months of shooting in Mexico, "Captain From Castile" is a sage of gold, empire, vengeance and glory, told for the first part against the rich tapestry of Spain in the days of the Inquisition, and then moving with Cortez in his historic invasion of Mexico. The story centers around the character of Pedro de Vargas, son of an

aristocratic Spanish family, who is forced by the Inquisition to flee his native land with vengeance in his heart for those who destroyed his loved ones, and a passionate determination to restore his family name to its former glory.

This is the story of Pedro de Vargas—a battle that catapults him into the ranks of history's boldest adventurers as, under the banner of Cortez, they storm the shores of Mexico in search of gold and empire. And woven into the fabric of this saga is the love story of a spirited peasant girl who followed the Cavalier de Vargas through the dangers and hardships of the New World in search of a romance she didn't dare dream could ever come true.

The horrors of the Inquisition; the pulsating excitement of Cortez' call to arms and glory; Pedro's indecision and his final plunge into a blind adventure; the intrigues within the army's ranks, and Pedro's desperate encounter with the plotters; the invasion of the fabulously rich land of the Aztecs and the undercurrent of resentment that is a flare into fierce battle; the feisty romance of Pedro and Catalina—these and tens of other facets of the story are brought to screen life against richly detailed and panoramic settings of breathtaking splendor and beauty.

Tyrone Power gives what may be considered the finest portrayal of his career as the moody and sensitive, yet fiercely spirited Pedro de Vargas. The role is tailor-made for him, and he does it full and gratifying justice. Jean Peters makes her screen debut in the role of Catalina, and is an exciting event all in herself. Her wonderfully refreshing personality and fine acting talent bodes well for a brilliant future on the screen.

Cesar Romero is the wild and swashbuckling Hernan Cortez, John Sutton has the role of the arrogant, brutal Diego de Silva, and Lee J. Cobb, who plays Juan Garcia, Pedro's always dependable friend. Others in the cast include Antonio Moreno, Thomas Gomez, Alan Mowbray, Barbara Lawrence, George Zucco, Roy Roberts and Marc Lawrence.

New 'Rusty' Film Arrives At The Lyric

Latest addition to Columbia's "Rusty" series of boy-and-dog adventures, "My Dog Rusty," arrives at the Lyric today.

The new entrant, whose large cast is headed by featured players Ted Donaldson, John Litel, Ann Doran and Mona Barrie, delightfully relates the travails to which a boy's growing pains subject him.

Danny Mitchell (Donaldson), the fun-loving youngster whose boyish ideas frequently find themselves in conflict with the adult world, attempts to aid his father (Litel) in his campaign for mayor—but only hurts his chances for success. As if that's not enough, Danny, who is helping out the new town doctor (Barrie), precipitates a near panic when he accidentally spills some samples of the town's water supply suspected of pollution, and, to cover up, substitutes water that is really impure.

This practically wrecks the chances of his father's rival for reelection until that worthy, investigating independently, discloses on election eve that the water supply is not contaminated. His boyish mind overwhelmed by events, Danny runs away from home with his dog Rusty only returning when the animal, bitten by a rattlesnake, requires medical treatment. He makes a clean breast of the whole situation and although his father loses the election, he is proud that his son has learned to tell the truth.

Brenda Weisberg wrote the screenplay and authored the story with William B. Sackheim. Lew Landers directed for producer Wallace MacDonald.

'That Hagen Girl' Is Story Of Gossip

A plot of small town gossip and its disastrous effect on individuals is the theme of "That Hagen Girl," new showing today for the Terrace Drive-In theatre.

Ronald Reagan and Shirley Temple are co-stars in the attraction. "That Hagen Girl" tells a story of two pitted against idle gossip. The girl grows up under a cloud of backyard gossip, there being a mystery surrounding her antecedents. As the girl grows up and goes on to junior college, the stories linger and when she is confronted by catty girl friends, the drama motivates into a near tragedy. The small-town reveals itself with glances, whispers and innuendoes.

Miss Temple's role is a challenging one. In addition to the character she portrays, there is one sequence in which she tackles Shakespeare. It is a school production of "Romeo and Juliet," and it offers her new fields. Peter Godfrey in directing this sequence has handled her especially well and she presents the Bard's choice heroine with command and authority.

One of Reagan's outstanding scenes is where he returns to the village and flays the women of the town for their evil tongues.

Much attention is allotted supplementary roles here. Rory Calhoun plays the juvenile romantic lead opposite Miss Temple, demonstrating that he has a talent to watch. Other impressive assignments are well handled by Lois Maxwell and Penny Edwards. Harry Davenport and Dorothy Peterson make much of their roles also. In the college part various juvenile types are clearly etched in the unfolding of the dramatic tale. The adult roles which are revealed in the small-town are also given sharp focus in the picture's motivation. It is this careful sense

Use Kodak Film for Informal Wedding Snapshots

You can depend on Kodak Verichrome Film in sunshine or shade. Then bring your exposed rolls to us for prompt, expert developing and printing.

PETROLEUM DRUG STORE

of detail which enhances the strong pull of this drama.

Charles Hoffman turned out the screen play from Edith Roberts' novel. And Karl Freund's photography is excellent. The art production of the picture is also distinctive, being directed by Stanley Fleischer. Godfrey, who hails from England, manages to capture the small-town atmosphere.

Trouble In Italy

ROME, June 5. (U.P.)—Fourteen persons, five of them police, have been wounded by gunfire in spreading farm strikes in northern Italy, the Italian news agency Ansa said Friday. The bloodshed was the most serious since the April 18-19 election.

May Says Jester Fails On Platform

FREDERICKSBURG, June 5. (U.P.)—Holmes A. May, candidate for governor, said Friday night in a radio speech that Gov. Beauford Jester had failed during his first term in office on all three points in

his election platform. May said Jester did not fulfill campaign pledges on farm-to-market roads, higher pay for school teachers and increased old-age assistance.

In the Los Angeles area, there are public booths where anybody can get his blood pressure reading for 25 cents.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

While we sit here in an air-conditioned office we get to thinking: people on vacation are not so lucky—imagine baking on a pebbled beach somewhere or swatting bugs off your head at a mountain resort. Awful.
But some people don't know these things. Claire Yates, for example, got back Thursday from San Angelo wearing a sunburn for that very reason—vacation. Wilma Jo and John Rudeseal, Jr. are home tired from a week in mountainous places like Prescott, Ark. The trip was to see John's relatives. . . . Glene Leonard spent the week in Austin with friends.
Lillian Tamsitt and Clarice Petty returned Wednesday from a week's stay at Austin. . . . Billie Bates is due home this weekend from Vincent where she has been teaching vacation Bible school. Billie will spend the entire summer here, having completed her sophomore year at H-SU. . . . Kay Tollett and Mary Louise Davis are home from Hockaday, Dallas. Mary got in Tuesday, and Kay arrived today.
Charlotte Holden and fiancée, Bill Irwin of Grand Junction, Colo., are about the town preparing for their June 26 wedding. Both are students at Hardin-Simmons University and will be back there come fall. . . . Mildred and Preston Denton left early in the week for Abilene for summer courses at H-SU. . . . Heard it said that Elsie Billie Kennon and Dan Fletcher will take the final step in August.
Ralph Wilson and Roland Evans left Friday for El Centro, Calif., where they expect to acquire a job. . . . Virginia Hill was among 31 student nurses to receive a cap in ceremonies at Oak Cliff Methodist church in Dallas recently. Virginia is now a sophomore student in SMU. . . . Beverly Stulting and Dorothy Satterwhite, students at SMU, got into town Saturday. Dot is planning a vacation to New York and Washington, D. C. . . . Lex James, Jr., came in by plane Friday night from Sulphur, Okla., where he had been living for the past nine months. Lex leaves today for Terrell to join his dad who is new manager of the chamber of commerce there. . . . Lynn Jeffcoat leaves Monday for Los Angeles, Calif.,—for good, he thinks. Lynn has been home for the past month recuperating from a fall from a horse in La. . . . George Neil, now living in Lubbock, is in town visiting friends. . . . Pat Duncan is home on 60-day leave from the Navy. He will go on a cruise to China when he reports back to San

Diego.
Twosomes at the movie Friday night: Edna Shannon, Cecil Heith; Ellen McLaughlin, Jimmy Tolbert; Melba Corning, Jimmy Peden; Billie Younger, R. E. McClure; Jean Cornelson, Legs Thomas; Janice Yates, Skeeter Davidson; Dalpha Gideon, Bob Blum; Rose Nell Parks, Paul Shaffer; Babs Douglas, George Oldham; Mae Barnaby, Reed Collins.
Murph Thorp, Jr., Shriner Institute man, we ran onto at noon Saturday. . . . Glenn May left Saturday night to spend a day in Temple. . . . Rhoda Miller will spend her vacation in Brownfield and Hobbs, N. M. She leaves toward the month's end. . . . Don Cuable will work during this month at vacation Bible school in Fort Worth. Don, a '48 grad of H-SU, will enter Golden Gate Seminary, Berkeley, Calif., in September.

FOR DUST, WINDBREAK AND BEAUTY

Tree-Planting Drive Is Underway In Prairie Area

TEXAS WINDBREAKS—This aerial view shows a shelterbelt of trees serving as windbreaks around fields on the J. H. McDougal farm, 18 miles north of Vernon, Texas. The trees were planted in 1939. (AP Photo.)

DALLAS, June 5. (AP)—Out in the prairie states farmers have planted more than 300,000,000 trees in 15 years. There are the states where settlers once complained there was nothing but a barbed wire fence to break mile-a-minute winds from the north pole.

Now, says Louis P. Merrill, regional soil conservation director for Texas, Louisiana, Arkansas and Oklahoma, the interest in tree windbreaks "is greater and keener in many localities than ever before."

Blinding dust storms in many of the plains states this spring have emphasized the need for more trees.

The Abilene Reporter-News says its area has undergone the most prolonged drought in 30 years. The four-year rain deficiency since 1944 is almost as great as a normal year's fall of 25.17 inches.

Harry Holt, Reporter-News farm

editor, says that other parts of the Southwest are even drier. Irrigation projects have failed. Farmers had a difficult time planting wheat in West Texas this year. The drought has forced livestock off some ranges until only half the normal number remain.

Some sections have been swept by roaring, choking sandstorms. Farmers and city people alike dread them. They're an awesome phenomenon.

When sandstorms become prolonged and severe, you have a dust bowl.

Some farmers hope the trees are insurance against this dust bowl threat. They remember the 30's when whole sections were made as barren as the Sahara. Some want trees for windbreaks to protect growing crops even when there's no threat of sandstorms. Some just want to look at trees.

The popular conception of the "shelterbelt project as a wall of trees from Mexico to Canada was a product of imagination born in dust bowl days, says Merrill. No one in authority ever thought of the project that way.

The "windbreak" plan—a term preferred by conservation authorities—as part of a coordinated soil conservation program has spread to the Rio Grande valley in Texas, northeastern Arkansas and the Gulf Coast prairie region of Texas and Louisiana.

The plan has reached even to California, where citrus growers have established 2,000 miles of protective plantings for their orchards, and to Wisconsin, which has nearly 6,000 miles of such plantings.

No signs of a continuous shelterbelt have appeared across the nation. Tree planting has been a matter for individual farmers. In some cases, attempts have been made to place the program on a conservation district basis.

Generally the projects are a success, farmers say.

But in some areas, notably that around Lubbock, the program has been abandoned. Dry weather, insects and diseases have done away with most of the trees.

Talks with farmers and conservation men show that the program, where practical, has put more money in the farmer's pocket, but windbreaks certainly are no cure-all.

Says Merrill: "The planting of tree windbreaks is one practice of many used for control of wind erosion in localities to which they are adapted."

BIG SPRING DAILY HERALD

BIG SPRING, TEXAS, SUNDAY, JUNE 6, 1948

PROBLEMS APLENTY CREATED

Industrial Empire Is Being Created In Southeast Texas

ORANGE, June 5. (AP)—Down in the extreme southeast corner of Texas in a triangular district roughly 25 miles on each side and cornered by the cities of Beaumont, Port Arthur and Orange an industrial empire is being created.

From a pre-war start as the nation's biggest oil refining center, the area has become through conversion of war plants and the addition of new industries ranging in size from one-man hole-in-the-wall shops to multi-million dollar chemical plants, one of the brightest spots on the nation's industrial map.

The mushroom growth has created problems aplenty but none come close to matching in magnitude or severity that of the area's public schools. There has developed in the district a continuing series of school controversies, tax problems, student strikes and trustee rows so widespread as to be termed by

one of its editors in a recent radio commentary "an area-wide disease with its roots deep in the social structure."

He suggested the organization of an area-wide committee of interested parents, taxpayers and educators, to study these problems on a regional basis and work out an overall solution.

Behind the editor's suggestion lay these incidents over a period of a few months, all originating in a radius of 25 miles.

1. A student strike at the Bancroft school in suburban Orange which began April 23 and continued until the term ended May 14. This walkout apparently set a new record for longevity for a situation of its kind and was termed by the principal, Miss Inez Wallace, as really a strike of parents. It is slated to wind up in the courts during the summer months.

2. An intra-community contro-

versy in the Bridge City school district eight miles south of Orange, which came up in the district court here May 14 with a hearing on an injunction suit seeking to restrain the board of trustees from holding an election May 22 on the question of restoring the district to independent status.

3. A controversy in the Port Neches independent district, 20 miles southwest of Orange, which wound up with a unique public hearing conducted in Austin by state superintendent L. A. Woods. This arose when members of a previous board of trustees terminated its contract with Supt. C. L. Yarbrough two years in advance of its expiration date. A short student strike ensued.

4. An overcrowded situation in the Port Arthur independent district, 18 miles south of Orange, which is complicated by an intra-faculty squabble recently aired in a public hearing. This district late last year voted a \$3,500,000 bond issue for expansion of its schools. During the campaign there was some controversy as to locations which still bobs up now and then.

AMAZED AT QUICK ACTION OF MERTOX

"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cunningham of Texas.

"My food would not digest and soiled on my stomach. I had had many spells and when these attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine."

"Since taking Mertox I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine."

"You can get Mertox from any Texas drugist at the new REDUCED price."

WINDOW TO STARS

Giant Telescope Not For Laymen

PALOMAR MOUNTAIN, Calif., June 5. (AP)—Astronomers ushered in a new scientific era Friday as they prepared to tackle the mysteries of the universe with the 200-

inch Hale telescope — mankind's "window to the stars."

The giant telescope-camera atop Palomar Mountain in Southern California was dedicated formally last week by some of the nation's top-ranking scientists. It will afford them twice the space-penetrating power of any instrument previously at their disposal.

News men who took their first peek through the "big eye" last night labelled the show something of a disappointment.

They gazed at the planet Saturn but said they couldn't see much. Saturn, 71,500 miles across, appeared as a globe about two inches wide.

Astronomers patiently explained, however, that looking through the telescope is meaningless. It wasn't designed for that.

When further tests are completed and additional equipment installed, the "big eye" will be used to take photographs. The photos will show reflections in the telescope's 14 3-4-ton mirror of light from as far distant as one billion light years.

These photographs, or prismatic spectographs, will be studied and analyzed painstakingly at California Institute of Technology.

Thus the temporary installation of a direct-view eyepiece for "look-sees" last night was really a dedication stunt.

Dr. Raymond B. Fosdick, president of the Rockefeller Foundation which furnished \$6½ million for the 20-year-project, put it this way:

"This great new window to the stars . . . will dramatize the questions which mankind has always asked. Are there other planets that have burst into consciousness like our own? Is there an answering intelligence anywhere in space? (Life on Mars?) and finally, in the words and spirit of the Psalmist, what is man?"

The great mirror, cast at the Corning, N. Y., Glass Works in 1934, was brought to the California Institute of Technology Optical Laboratory, Pasadena, Calif., 135 miles north of here, in 1936.

For 11 years it was ground and polished to an accuracy of two-millionths of an inch.

Then, coddled and protected like a huge jewel, it was trucked to this 5,500-foot mountain top last Nov. 18. Its telescopic mounting weighs one million pounds. Its moving mechanism floats in a film of oil and is movable at the touch of a button. The giant instrument is housed in a rotating dome 12 stories high.

SEEKS GOVERNOR'S POST—Roger Q. Evans (above), Denison, State Commander of the Veterans of Foreign Wars, recently announced that he would seek the post of governor of Texas in this year's election. (AP Photo).

BELL, BELL, WHO'LL GET IT?

DES MOINES, Ia., June 5 (AP)—It wasn't the dog house but the dog's bell that plagued the married life of George C. Nelson.

Nelson, seeking a divorce in district court, last week testified his wife removed a bell he had attached to his dog's collar and fastened it on the back door.

"I wanted to keep track of the dog out in the corn fields," Nelson said. "But she wanted the bell to check on my leaving and returning to the house."

Ginny Sims Will Sue For Divorce

HOLLYWOOD, June 5. (AP)—Singer Ginny Simms says she has decided to sue her husband, Architect Hyatt Dehn, for divorce because of a "conflict of personalities."

"Since last December I haven't sung a note or seen any of my old associates because I wanted to make our marriage work out," she told newsmen last night. "But even that hasn't helped. I might as well go back to singing."

Miss Simms said her divorce will be filed soon. She and Dehn were married in July, 1945. They have a son, David, 2.

Only about 342,000,000 acres of this country's 1,905,000,000 acres are really good cultivated land.

Reparations Cut For Finns By Reds

HELSINKI, Finland, June 5. (AP)—Premier Mauno Pekkala says Russia is going to cancel half of Finland's remaining reparations debt, about \$70 million.

Pekkala said a formal note from Moscow Thursday night confirmed this. Three Finnish ministers had asked a reduction.

The Finnish war reparations bill originally was \$300 million. About \$160 million has been paid.

Fifty Drown

ISTANBUL, Turkey, June 5. (AP)—Fifty persons were reported drowned Friday by a flash flood which swept across Amasya, a city in North Central Turkey. The flood followed a torrential night rain in a narrow valley.

Retail Sales Up

NEW YORK, June 5. (AP)—Buying of vacation clothes, promotional sales and heavy demand for food over the Memorial Day week end helped boost retail sales in the week ended Wednesday slightly above the preceding week and 8 to 12 percent over the same week a year ago.

Mexicans Greatest Violators Of Border

WASHINGTON, June 5—(AP)—By land, sea and air thousands of aliens are trying to get into this country illegally.

Some make it. Most do not. The swarm of foreigners streaming to and across our borders has reached an "unprecedented volume," according to the immigration and naturalization service.

In 1944 more than 33,500 were caught by our border patrols and sent back.

In 1946 the number was 100,785. If the current rate of apprehensions is maintained for the rest of this year the number will exceed 200,000, a 100 per cent increase in two years.

Mexicans are the greatest offenders against our immigration laws. What are those laws? Briefly, no alien may come here who is an illiterate, an alcoholic or a contract laborer, or if he believes in polygamy, has traces of insanity or various contagious diseases, has a criminal record, has been deported before or is a vagrant.

There are a few other reasons he may be barred. Perhaps the best known is membership in any organization advocating violent overthrow of the government.

Any citizen of a country (not a colony) in the western hemisphere can legally enter this country by meeting the conditions and paying a small fee. There is no waiting list, no immigration quota.

But in other countries all over the world whose citizens are eligible for naturalization we have set up immigration quotas. These drastically restrict immigration.

Citizens of Greece, Turkey, Iran and many other countries must wait an indefinite period before their turn will come on the quota list. In some cases the "indefinite period" will run for more than 50 years.

About 25 other countries (England, Switzerland, Norway, Holland and Etic.) have not exhausted their quotas. Their citizens could come here tomorrow.

By far the greatest illegal entry activity is along our 2,000-mile Mexican border. Wily Chinese and Spaniards, as well as Mexicans and other aliens, use every trick in the book to dodge our armed patrols and get safely across. Murder and sudden death consistently strike down our 650 frontier watchdogs. Since 1924 when the patrol was first authorized, 24 patrolmen have been killed by law-violators along the southern border. Five inspectors were slain before the patrol was authorized.

Only 11 have met death on the Canadian border, where illegal immigration is negligible.

Aliens travelling by land use two methods of avoiding patrols.

1. They hire transportation to smuggle them through regular "ports of entry" on highways and bridges concealed in secret compartments of trucks and automobiles.

2. They hire native guides and cross at isolated points far away from regular entry points.

The strategy of the patrol is to lie in wait north of the border at intersections of highways and highways where they know illegal entrants are likely to pass. Patrolmen are skilled in the art of tracking, can often tell to the hour when a track was made and the speed of the traveler.

Two-way radios, routine equipment for the border patrol, allow information to be relayed ahead. Two-man pincer movements are often used to trap parties of immigrants known to be coming.

Council Hits Asphalt-Coated Baling Ties

MEMPHIS, Tenn., June 5—Losses as high as \$40 a bale face the cotton industry because of an asphalt coating on many steel ties in baling the lint unless immediate action is taken, the National Cotton Council reported today.

A Council spokesman said the coated ties leave deposits of oily tar in the cotton and, unless these stains are removed by a tedious and expensive hand process, damaging blemishes appear in the finished goods. Approximately 50 per cent of the ties now in use are coated with the substance.

Cotton manufacturing plants report that fabrics made from such bales have been rejected and returned, and that other lots have been discounted heavily as a result of black stains in finished products.

The Council has made the following preliminary recommendations:

1. That manufacturers of cotton bale ties discontinue coating ties until a suitable coating material can be provided.

2. That cotton spinners refuse to sell coated ties for re-use as bale ties.

3. That intensive efforts be undertaken to find a solvent which will effectively and economically remove paint from coated ties now in trade channels, and that oil mills, compresses and gins be urged to have the paint or coating removed before using ties.

4. That an intensive educational and informational campaign be initiated throughout the industry immediately.

The Council reported that the major producer of cotton bale ties has discontinued the coating process and another manufacturer is considering similar steps. However, approximately 60 to 75 per cent of the bale ties required for the 1948-49 cotton crop have been manufactured and now are in the channels of trade. As about half of these ties are coated, the disposition of this volume remains a serious problem for the industry.

The Council spokesman said that close cooperation in all divisions of the industry might prevent establishment of severe penalties and a possible embargo on any cotton delivered with coated ties.

cess and another manufacturer is considering similar steps. However, approximately 60 to 75 per cent of the bale ties required for the 1948-49 cotton crop have been manufactured and now are in the channels of trade. As about half of these ties are coated, the disposition of this volume remains a serious problem for the industry.
