SNOWBALL THEORY

**Alabama May Use Alphabet
 Status To Boom Eisenhower**

WASHINGTON, May 19. (AP)—Gen. Dwight D. Eisenhower's name may be the first placed in nomination for the presidency at the Democratic national convention.

When nominating time comes, the roll of states is called alphabetically. If present plans pan out, the Alabama delegation may use its top listing to try to start an Eisenhower boom before President Truman's name is put up.

Alabama electors already have been instructed never to vote for Mr. Truman. His delegation, to be completed in a runoff primary soon, is primed to walk out of the convention if a platform supporting Mr. Truman's civil rights views is adopted and if the President wins the nomination. Most politicians regard the latter outcome as almost certain.

The Eisenhower move apparently is designed to give southern civil rights rebels a name to rally

around in a fight against Mr. Truman's nomination.

Eisenhower, now president of Columbia University, has said that what he wrote in January about not being available for the Republican nomination goes for both parties. But some southerners say they don't think Eisenhower could turn down a nomination actually voted by the party.

They apparently intend to follow the draft course despite almost anything the general himself does. A possible exception might be a declaration by Eisenhower that he favors the nomination by the Republicans of a specific candidate or that he is backing Mr. Truman.

Administration leaders may make a new bid for party unity by the choice of a couple of near-southerners for temporary and permanent chairman of the convention. The arrangements com-

mittee will make these selections in Philadelphia Thursday.

Senate Democratic Leader Barkley, a Kentuckian, is reported to have the inside track for the job as keynoter, or temporary chairman. Barkley keynoted the 1932 and 1936 conventions. He was permanent chairman in 1940 and placed President Roosevelt's name in nomination in 1944.

Barkley hasn't taken sides actively in the civil rights row. He supports the President's position, but is regarded also as a friend of the southerners.

House Democratic Leader Rayburn, a Texan, is mentioned as likely choice for the permanent gavel-wielding job at the convention. He has come out against the President's civil rights proposals, but he hasn't teed off on President Truman like some of his party colleagues.

**Minister Claims
 Mistake In Holding
 Topping Ceremony**

LOS ANGELES, May 19. (AP)—The Rev. Stewart P. MacLennan says he "was the victim of an unwitting mistake" in officiating at the marriage of Lana Turner and Henry (Bob) Topping last April 26.

"I was unaware that I had breached any rules," the retired pastor of the Hollywood Presbyterian Church said last night in announcing he would stand as his own accuser at a hearing of the case.

This procedure, an official of the Los Angeles Presbytery said, will eliminate trial by a judicial commission of ministers and laymen and require only commission deliberation on what form of censure, if any, is to be rendered.

The Rev. MacLennan was accused of violating a Presbyterian Church decree which forbids a clergyman from marrying divorced persons before a year after divorce. He officiated at the Turner-Topping wedding three days after Topping was divorced by his third wife, Arline Judge.

**Man Is Injured
 By Truck, Train**

OAKLAND, Calif., May 19. (AP)—James Zinnion, 41, was thrown from his truck by a traffic collision on an overpass yesterday. He hurtled to the top of a passing freight train—then fell from the freight car top 60 feet farther down the track.

He was hospitalized for severe injuries.

NLRB CLEARS WAY

**Anti-Red Section In Labor
 Act Heads For Court Test**

WASHINGTON, May 19. (AP)—A Taft-Hartley act provision aimed at keeping Communist officials out of labor unions was headed for a court test yesterday.

The way was cleared Monday in one of two far-reaching decisions by the National Labor Relations Board.

Besides upholding the non-Communist section of the labor act, the board ruled that under the same act workers can be required to listen to anti-union speeches on company time and property. There was no immediate indication whether the second decision will be accepted without a fight by the union involved.

But officials of the CIO Steelworkers made plans to challenge the constitutionality of the other Taft-Hartley provision after the NLRB insisted that, unless they signed non-Communist affidavits, the Inland Steel Corp. could not be forced to bargain with them over pensions.

The decision on anti-union speeches, also based on the Taft-Hartley act, overturned a 1946 board decision under the Wagner labor relations act. The wording

and history of the new act, the NLRB said, make it clear that the basis for the earlier decision "no longer exists."

The case decided Monday involved a charge brought against the Babcock and Wilcox Co., Augusta, Ga., by the CIO United Stone and Allied Products Workers, after the company superintendent had made four anti-union speeches on company time.

A few days after the talks, the company's workers voted against the union in an NLRB election.

**Many Are Losing
 Social Security
 In Claims Field**

TOKYO, May 19. (AP)—A thousand Japanese a day write General MacArthur about their conception of democracy.

Many show intelligent understanding of their new-found freedom.

Some although serious, have an Oriental tinge that seems humorous to Occidentals. For instance: One man wrote that he grasped the full meaning of democracy at a track meet while watching a three-legged race. This "fullest cooperation" impressed him as the "key to peaceful relations within the nation."

Another was sold on democracy because—after his home was burglarized, the thief was caught and the stolen items were returned. "Democracy was responsible," he added, "for the once brutal Japanese police offering my wife a chair and me a fountain pen with which to sign my name."

**Nazis Granted
 Execution Stay**

WASHINGTON, May 19. (AP)—A stay of execution has been granted a number of Germans sentenced to die for the wartime Malmédy massacre of unarmed American prisoners.

Secretary of the Army Royal held up the death sentence—which he said involved 17 men—late yesterday after the Supreme Court had refused to consider a release petition for the condemned men and others convicted in the same case.

Royal said Gen. Lucius D. Clay, American commander in Germany, will investigate "serious allegations" made in the petitions. The appeal charged the United

States with using "sham" courts, threats and third degree methods to force confessions from the Germans. It was filed with the Supreme Court by Willis M. Everett, Jr., of Atlanta, who as an Army officer defended the Germans at their trial in Dachau, Germany.

"No one can call you either"

said Dad...

JUDY WALLINGTON, seventeen, cute, and popular, hung up the receiver from a 27½-minute telephone chit-chat.

"Look," said Dad, pinching her on the chin, "we have a party line. Remember?"

"But I didn't hear any 'clicks,'" said Judy. "No one tried to use the line."

"Could be," said Dad, "but some-

one might have been trying to call them; and," he continued, "did you ever stop to think; no one can call YOU while you're using the line!"

"Jeepers, you're right!" said Judy: "I'd tell the gang there's a five-minute limit," suggested Dad. "Self-preservation, you know. Ought to make everyone happy."

Yellow Cabs Are Fast To Answer

The other day a man came into the Herald office and wanted to use the telephone. He called for 150—Yellow Cab—and turned around to say thanks and pass the time of day. About that time the cab pulled up in front of the office and sounded its horn. The man was incredulous. "Is that my cab?" he asked. Well, it was and he couldn't get over his surprise. He'd hardly got the phone back on the hook before his call was in the process of being answered. Of course, he didn't realize that Yellow Cab operates with the help of a special two-way short wave radio system. Here's the way it works: The man's telephone call for a cab to come to 900 Main was relayed instantly into the radio transmitter and directed to a cab which happened to be cruising in the vicinity of the Herald office. The cabbie acknowledged the call, wheeled into the Herald office and was ready for his fare. This is but one example of how the radio service is speeding service on calls to Yellow Cab. It could be multiplied scores of times each day. As an extra service, Paul Liner, owner, has instructed all his cab drivers to report any emergencies, crashes, or unusual conditions immediately so that they may be relayed to police for investigation.

Driver Is Agent For Old-Line Underwriters

Fire, automobile and all types of casualty insurance are handled by the E. P. Driver Insurance agency, which maintains offices in Room 12 of the First National Bank building in Big Spring.

Driver, a long time resident of Howard county, acts as representative for three of the oldest and most reputable insurance companies in the United States. He is licensed by the Hartford Insurance company, Aetna Fire Insurance company and Hartford Accident and Indemnity company to serve as their agent in this locality. The Hartford Fire Insurance company and the Hartford Accident and Indemnity company were both founded in 1810, the Aetna concern some nine years later. Driver is also in a position to write hail and livestock mortality insurance. The former protects the farmer's crops from hail losses. In addition to his insurance business, Driver also handles some real estate business and makes automobile and home loans. Loans on used as well as new vehicles can be made by the agency. Driver can be reached through telephone number 759.

TRUCKLOAD OF DREAMS—T. J. Mitchell, left, owner and operator of the Big Spring Mattress company, smiles as he stands beside a truckload of mattresses. He has a right to smile, for each of these has the touch of quality in materials and craftsmanship that makes them fit for a king's sleeping. Indeed, they represent a truckload of dreams for several Big Spring families. (Jack M. Hayes Photos).

Livestock Insurance
Livestock mortality insurance offered by the E. P. Driver Insurance Agency in Big Spring provides full coverage under a flexible plan. Policy holders are protected on numerous types of losses ranging from those resulting from distemper to feed poisoning.

Complete Tile And Floor Cover Lines
Name your color and design in ceramic tile and Big Spring Tile company, headed by A. McNary, can fill the order. It makes no difference whether the assignment is for ultra-modern store fronts, bathrooms, drainboards, or wainscoting, the local company is equipped to give top service. In addition, rubber tile, roll rubber, asphalt tile floor covering and some linoleum are available. These will be sold over the counter or installed—which ever way the patron desires. McNary says his company is in a position to compete with anybody on these lines.

Surplus Clearance Sale Announced
Plans for a final clearance of war surplus machine tools and all other surplus goods stored in the Grand Prairie Dal 6 warehouse have been announced. A sale is scheduled for May 26-27-28 and will involve more than \$200,000 worth of assorted materials ranging from motorcycles to multi-ton generating plants. The War Assets Administration is to relinquish its warehouse facilities in the plant about June 1, making way for the Chance Vought Aircraft Corp. to start operations on the property. The high bid sale starts May 28.

Moth-Proof Bags Offered By Clay As Summer Aid To Winter Wear

Soaring temperatures have ruled out winter wearing apparel in favor of light, cooler weights for the next four or five months, but there is one precaution that should be taken to insure proper care of heavier clothes and Clay's No-D-Lay is taking care of that problem for its customers these days. H. E. Clay, owner and manager of the firm which bears his name, has made arrangements to supply moth-proof bags to patrons for storing clothing during the "off" season. To be sure that winter garments will be in the best condition possible when they are unpacked next fall, they should be cleaned thoroughly and then packed safely in moth proof bags, Clay said.

112 West 2nd

Although the purpose of the bags is to keep moths and other pests from feasting on the fabrics during the summer, the cleaning process also is extremely important. Clay's No-D-Lay Cleaners performs this task expertly with modern equipment. The plant which is located at 207 1/2 Main street is easily accessible to all customers, being one of the few centrally located establishments of its kind in Big Spring. Detailed facts concerning the moth proof bag services may be obtained by telephoning No. 70.

BEHIND 'U.S. CURTAIN'
Atomic Weapons Vastly Improved

HONOLULU, May 19. (UP)—The United States has atomic weapons vastly improved over the wartime Hiroshima and Nagasaki types.

Aside from this fleeting peek under secrecy's curtain, the details are hidden.

This was the gist of a news conference yesterday by top military and scientific directors of a joint task force upon their return from "Operation Sandstone" in isolated, well-guarded Eniwetok in the mid-Pacific.

There they conducted the latest series of atomic tests during the past 45 days. Three weapons of improved design were tested. There was no undersea test, nor any dropped from the air. Whether guided missiles were used can't, for security reasons, be answered.

Leaders of Task Force Seven evaded all questions attempting to pinpoint the latest U. S. strides in atomic weapons.

But Lt. Gen. John E. Hull, task force commander, pointedly commented: "We got our answers. We liked the answers."

"These answers," said he, "belong to the United States government and, naturally, are not for publication. It can be said, however, that the bombs worked. We have proved the weapon development work done by the Los Alamos (New Mexico) scientific laboratory during the past two years."

Navy Capt. James S. Russell, deputy director of the Atomic Energy Commission's division of military application, pointed out that the bombs exploded at Alamogordo, N. Mex., Hiroshima and Nagasaki and the two tested at Bikini in 1946 "were wartime weapons—designed under extreme pressure."

"During the period of wartime development of atomic energy, one goal relentlessly pursued was the creation of an atomic bomb which would work in time to be effective in World War II," he said. "It had only to work; it needed not to be too efficient."

PLANS ANNUAL BANNISTER SLIDE

SCRANTON, Pa., May 19. (UP)—Miss Florence Dolph will celebrate her 101st birthday today with her annual slide down the bannister to breakfast.

Her niece, Mrs. Florence Robertson, said Miss Dolph is all set for the slide.

"She recently did a practice spin in preparation for the event," the niece said. Last year Miss Dolph celebrated her 100th birthday with a double slide, once for custom and again for the photographers.

The Lackawanna County Medical Society will be on hand to present her with a plaque on behalf of the state organization.

Madrid Holds Scant Panama Vote Lead

PANAMA, Panama, May 19. (UP)—Arnulfo Arias Madrid clung to a scant 223-vote lead today in Panama's presidential race.

With returns from 340 of the country's 576 precincts counted, the former president had 44,940 votes to 44,717 for Domingo Diaz Arosemena, a former vice president and candidate of the Liberal (Government) Party. The voting took place 10 days ago and counting has been proceeding slowly ever since.

GOATS ARE VINDICATED

TRAVERSE CITY, Mich., May 19. (UP)—Louie Sieder's goats were vindicated today by the noses of municipal court jury members.

F. J. Braden had complained the goats Sieder herded near his home had an offensive odor. Sieder suggested that the jury come and smell for themselves, and Judge James Fitzpatrick accepted the motion.

The jury went and sniffed; then deliberated 20 minutes before deciding in favor of Sieder and his goats.

Films Being Shown At Ellis Homes

Motion pictures are being shown on a weekly schedule at the Ellis Homes recreation building under the sponsorship of the Big Spring YMCA. Dan English, manager of the FPHA facility, has announced.

Films are furnished by both the YMCA and the U. S. Army recruiting station for showings every Thursday night at 8 o'clock.

Canada Won't Cut Taxes Despite Gains

OTTAWA, May 19. (UP)—Finance Minister Douglas Abbott says Canada will enjoy only minor tax cuts despite the fact it achieved a record \$670 million budget surplus last year.

In his budget speech to the Canadian House of Commons last night, Abbott said he wants to hold down inflation, pay Canada's debts and build reserves against emergency defense needs, rather than cut taxes substantially.

Stassen Claims Dewey And Taft Forces Combine

PORTLAND, Ore., May 19. (UP)—Oregon's presidential primary today flared to white heat as Harold E. Stassen and Gov. Thomas E. Dewey loosed final salvos in their battle for Friday's Republican ballot.

Both candidates are on their campaign trails again today. Stassen is barnstorming by airplane to Oregon's coastal towns, while Dewey swung by bus through the thriving Willamette Valley.

Each has a busy schedule until election eve.

The Minnesotan's charge that he faces a Dewey-Taft combination in this Far West test was quickly labeled a "pipe dream" by Gov. Dewey.

Stassen said publicly for the first time last night that "it is apparent that we (Stassen forces) face a combination of opposition." He named Senator Taft of Ohio as a member of the combine and said it was formed after the Nebraska primary. He added: "It has directed its full force on this Oregon primary." He spoke at Roseburg in southern Oregon.

AP To Dramatize Its Centennial

NEW YORK, May 19. (UP)—The 100th anniversary of the Associated Press will be observed in a special program to be broadcast on the NBC network next Sunday at noon CST.

AP Executive Editor Alan J. Gould will speak for the news cooperative on the broadcast.

The program, titled "AP—100 Years of News," will include dramatizations of the 10 biggest stories of the century, as selected by AP editors.

They are: the gold rush and America's expansion westward, the war between the states, the Franco-Prussian war and the establishment of the German empire, the Spanish-American war, Marconi opens a century of science, World War I, abdication of Edward VIII, World War II, Franklin D. Roosevelt and his era, and atomic energy.

Four Are Killed By Soviet Bombs

BERLIN, May 19. (UP)—Dispatches in American and British-owned newspapers today said four Germans were killed and 12 to 20 injured by bombs dropped by a Russian plane during maneuvers in the Soviet zone.

The reports said soviet bombers were aiming at Kremen Lake but hit a nearby farm house and also injured several passersby.

'EARTH BATTERY' Sacrificial Metal Aids Oil Industry

TULSA, May 19. (UP)—A new sacrificial metal, as oil men call it, that rusts itself completely away to protect other metal from rust was shown at the International Petroleum Exposition today.

The metal is magnesium, the light-weight stuff extracted from seawater at Freeport, Texas. For the wasting-away trick the metal is alloyed with a little clay aluminum and zinc. It is shown by the Dow Chemical Company of Midland, Mich.

The protection against rust is applied to all metal underground or under water. Corrosion of such metal, the Dow company says, runs into billions of dollars yearly with nearly a quarter of a million dollar loss to oil pipelines.

Magnesium can plug much of the loss, the company says. A chunk of the metal is buried in the ground near whatever other metal structure is to be protected. A wire connects the sacrificial metal to the other. Thereupon the sacrificial metal starts rusting and the other stops. The protection is said to be good for one to ten years, depending on soil and water conditions.

The protection continues until the magnesium has vanished. The explanation is that under-

Paper Reports Huk's Surrender

MANILA, May 19. (UP)—The Manila Evening News reported without confirmation that Luis Taruc, Hukbalahap (armed peasant) leader, would surrender late today to President Quirino.

Informed sources said the report probably was immature; that a hitch that prevented Taruc's surrender earlier had not yet been settled.

Other unconfirmed rumors said Taruc was already in town hiding with sympathizers and that he had a full staff of bodyguards and aides.

Taruc is expected to surrender under a general amnesty plan for all Huks who lay down their arms.

WAKE UP YOUR LIVER BILE—

Without Colic!—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 3 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas bloats up your stomach. You get congested. You feel sour, sunk and the world looks pink.

It takes those mild, gentle Carter's Little Liver Pills to get those 3 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35¢ at any drugstore.

ANOTHER PALESTINE APPEAL?

U.N. Council May Accept 'Watered Down' Truce Plan

LAKE SUCCESS, May 19. (AP)—A move was reported underway today in the Security Council to water down an American plan for ending the war in Palestine.

An official in a position to know the sentiment of the 11 council delegates said it was apparent that the United States proposal—which raises the possibility of using an international force—has no chance to pass.

It is understood that efforts will be made when the council meets this afternoon to strip the resolution of everything except moral authority.

In its final form, the plan may become just another appeal to the Jews and Arabs to stop fighting. Three such United Nations pleas have been ignored.

So far only Russia and the Soviet Ukraine have supported the stop-the-war move. In the midst of yesterday's long procedural wrangles, Russia's Andrei A. Gromyko berated the council for failing to act. He said he wondered if any delegate would oppose ending the war.

The American plan, offered to the council Monday on last-minute instructions from Washington, calls on the council to order all governments and authorities to issue cease-fire and stand-fast directives to their troops effect in 36 hours.

Chief American Delegate Warren R. Austin filed the proposal under chapter seven of the United Nations charter, which contains the most powerful articles. If adopted, the plan means that the council eventually could go on to vote economic and diplomatic sanctions against those failing to comply and, as a last resort, could order an international force into the field to enforce the directive.

Those delegates opposing the American plan are understood to feel that the council cannot risk taking such a step without being able to back up its decision. These diplomats pose the question—where would the council get the troops to make the Arabs and Jews stop fighting and forcibly bring peace to the Holy Land?

Those following this line want the council instead to consider the situation under chapter six, which provides for pacific settlement of disputes. Under these articles efforts toward mediation would be renewed with major hopes being pinned on a UN mediator still to be selected.

Nerve 'Painting' Used As Cure For Backaches

By ALTON L. BLAKESLEE
NEW YORK, May 19. (AP)—Some backaches can be cured just by "painting" behind the nose to put certain nerves to sleep, Dr. J. Lewis Amster said today.

The painting consists of applying a local anesthetic to a little cluster of nerve cells on the wall of one of the sinuses. It's done through the nose with a long swab. The anesthetic puts these nerves to sleep, and blocks their normal impulses.

The treatment has been effective in relieving some cases of low back pains, of the kind that seem to have no physical reason, Dr. Amster told the New York State Medical Society.

The New York City physician reported some success also against a few cases of migraine headaches, painful shoulder spasms, persistent hiccupping, stiff necks and shingles—a painful nerve disease.

But why the treatment works is a mystery. The spot anesthetized consists of sympathetic nerve cells that have no apparent connection with nerves in the low part of the back. The relief might be due to some kind of reflex action or to psychic reasons, Dr. Amster said.

The treatment has been known for some time. Dr. Amster became

Dallas Rebels Again Exposed To Bad Burns

Dallas was back in the second division of the Texas League, today suffering a slight case of burns.

Hard-hitting Russ Burns banged out two singles and a two-run homer to put the skids under the Rebels, 5-4, last night and send his own Oiler-mates into fourth place—four notches higher than this time last week.

Burns has been a pain to the Rebels for a long time—ever since he hit three home runs and a triple in the 31-1 walloping they received at Tulsa last month. His homer last night climaxed an eighth-inning Oiler rally.

Two games were rained out but San Antonio climbed into a tie for second place by edging Shreveport, 5-3.

Fort Worth and Oklahoma City and Beaumont and Houston make up their postponements tonight with twilight-doubleheaders.

Ray Minor won his third game of the season in holding Shreveport to eight hits, though one of them was a two-run homer by Billy Sarni. The Missions scored two runs in the eighth to sew up the game.

Jodie Phipps appeared to have his fourth win of the year going into the eighth inning at Dallas. He had helped his own cause with a pair of doubles. The Rebels had picked up two runs in the third and added two more in the fifth on Phipps' double, a single by Oscar Khederian and Milan Vucelich's double.

Junior And Senior Bands To Be Honored

Members of both the junior and senior bands will be feted to a wener roast Saturday evening.

The chamber of commerce is playing host to the 100 or more young musicians in appreciation for their fine services in community functions during the year.

Time of the event, said J. W. King, Jr., director of the two bands, is set for 5 p. m.

Rooney Will Not Contest Divorce

LOS ANGELES, May 19. (AP)—Mickey Rooney won't contest his second wife's suit for divorce.

The 27-year-old film actor filed notice in Superior Court yesterday that the suit of the former Betty Jane Rose, 20, may be granted by default.

She alleged cruelty in an action filed last Monday. A hearing was set for May 28.

Under an already-signed property settlement, she will receive \$100,000 over a 10-year period, \$5,000 a year for support of their two sons and \$25,000 for a home.

Magnesium metal was first produced commercially in Germany about 1913.

Shot-like holes in regular rows on the trunks of old apple, tulip and Austrian pine trees are made by sap suckers, not woodpeckers. The sapucker feeds on the inner bark of the trees.

Can Black-Draught Help an Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental nervousness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

Wanta toss a BRICKBAT . . .

OR BOUQUET?

BEING HUMAN, we like to have good things said about our railroad and its men and women . . . and during the more than 76 years the T. and P. has served the people of the Southwest numerous bouquets have been tossed its way. From every walk of life, during my tenure of three years, have come words of praise (which I have seen and noted) from those who have appreciated some courtesy or service beyond the line of duty rendered by the people who comprise the T. and P. organization.

But also, being human, we have been on the receiving end of complaints from customers who have been dissatisfied over some service on our line. It is the sincere desire of the Texas and Pacific Railway to serve every customer in such a manner that he will want to use our line again and again. But sometimes things don't go according to plan. When this happens, we are genuinely sorry . . . it's not the way we want it.

Unless we are told of these things, we have no way to remedy them. And we want to be told . . . we earnestly solicit your suggestions, complaints or criticisms. Write us a letter—tell us what you do or don't like about Texas and Pacific service and give us any suggestions you may have for improvement. We assure you that we welcome them . . . whether they are brickbats or bouquets!

W. G. VOLLMER
President
