

STRAW HAT TIME — Kenneth Wayne Organ, 2-year-old son of Mr. and Mrs. John Organ, 1113 Sirroco, heard about the proclamation signed by Mayor E. C. Sidwell designating tomorrow as "Straw Hat Day" in Pampa. With a little help from the photographer he displays the hat his dad purchased for the occasion. (Daily News Photo)

Crisis Mounts In Laos; U.S. May Send Troops

War Continued By Red Forces; Truce In Peril

By United Press International

A heavy Communist-supported offensive against Western troops in Laos today threatened international efforts to bring peace to the little jungle kingdom. The situation was growing so critical that the United States again considered the possibility of military intervention.

Moscow Radio accused the United States of "endangering a peaceful settlement in Laos." But dispatches from Vientiane said Soviet-built Ilyushin planes were continuing to airlift supplies to rebel troops on the Plain of Jars.

Communist China broadcast terms for a cease-fire that the West considered unacceptable — that the United States pull out all the military advisers and equipment with which it has been aiding the Laotian government.

Russia agreed with the West Monday to call for a cease-fire in Laos. Messages of agreement came from both the Vientiane government and the rebel forces it is fighting.

It had been expected the battling would taper off and each side would hold its positions until details could be worked out, but it did not work that way.

The Communist Pathet Lao rebels and their left-wing supporters have intensified their military operations.

Rebel troops were reported pouring into the former royal government stronghold at Muong Sai, north of the royal capital of Luang Prabang.

This was the last major government outpost between the royal capital and the Communist Chinese border. It fell Wednesday under a mortar-supported infantry attack. A Lao army source said the single government battalion at Muong Sai was outnumbered two to one.

There was no word on whether the government troops had taken up new positions or had scattered into the hills.

Western military sources said it was clear the Communists were trying to gain as much territory as possible for bargaining at an international conference.

In the past two days, Britain, Moscow and the United States

Kennedy Turns To GOP Elders In Crisis Hour

NEW YORK (UPI) — President Kennedy turned today to elders of the Republican party for counsel in a time of national peril which the Chief Executive regarded as unprecedented.

The President planned separate talks in the late morning with former President Hoover and Gen. Douglas MacArthur, calling on both men in their Waldorf Astoria Hotel apartments.

With reports coming in over secret communications channels on the touch-and-go fate of Laos, the President also had a lunch date with Dag Hammarskjöld, secretary general of the United Nations, and Adlai E. Stevenson, U.S. ambassador to the U.N.

With this crowded Manhattan schedule behind him, the President then was to fly to Chicago in the afternoon for an important Democratic fund-raising speech tonight. In view of the time he has spent recently wooing Republican support for his handling of mounting international crises, it was doubtful that Kennedy would mount an explosive campaign against the GOP in his Chicago speech.

Because of the likelihood of more crisis conferences becoming necessary Saturday morning, Kennedy planned to rush back to Washington from Chicago during the night, leaving by jet transport shortly after his speech.

The increasingly gloomy news from Laos and the planning necessary to meet the possibility of even more severe setbacks in southeast Asia kept Kennedy so busy after he reached New York late Thursday that he was unable to have dinner with the publishers and their guests. Instead of attending the elaborate banquet as originally planned, Kennedy reached the Waldorf-Astoria only in time to deliver his speech. He departed immediately afterward for his own quarters in the Carlyle Hotel.

Before leaving Washington Thursday afternoon, Kennedy called in congressional leaders of both parties to give them a look at the darkening Laotian picture and a review of the diminishing avenues of possible action left to the Western powers in the absence of a cease-fire.

GE Price-Fixing Evidence Given To Legal Agency

WASHINGTON (UPI) — Chairman Estes Kefauver, D-Tenn., asked the Justice Department today to study the testimony of General Electric antitrust subcommittee for possible perjury action.

Kefauver sent the department contradictory testimony given Thursday about whether GE vice president Arthur F. Vinson condoned or authorized price-rigging by men working under him.

Testifying under oath, Vinson said he never even knew that \$125,000-a-year division chiefs and \$75,000-a-year department managers met with competitors to agree on prices they would charge for heavy electrical equipment.

Former executives who accused him of pressuring them into price-fixing either lied or were laboring under an "honest misunderstanding," Vinson testified.

The heavy-set, \$200,000-a-year GE vice president did not appear disturbed by testimony from a surprise witness, Raymond W. Smith, who as chief of the company's huge transformer division worked under him.

Smith, who has pleaded guilty to criminal charges of price-fixing, said the president of GE and the president of Westinghouse Electric Corp. met in Boston in 1958 to discuss a sharp drop in transformer prices.

Smith said Vinson gave him details of the meeting and that he interpreted Vinson's account as a cue to meet with Westinghouse and other competitors to seek agreement on stabilizing prices.

Vinson insisted that Smith misunderstood him completely.

Later, spokesmen for the two companies said GE president Robert Paxton and Westinghouse president Mark W. Cresap Jr. had merely exchanged greetings and held a "general and proper" discussion at the Boston meeting.

Vinson pictured himself as a man who believed in price competition and who delegated responsibility for determining prices to his division chiefs. Under questioning, Vinson said he could not reasonably have known about price-rigging by subordinates.

He was asked whether former division chief George E. Burens and three department managers under Burens fabricated testimony.

Castro 'Willing' To Confer With U.S. On Issues

MIAMI (UPI) — Premier Fidel Castro's revolutionary regime said today it is willing to seek a negotiated settlement of its differences with the United States despite what it called U. S. plans for "direct armed aggression" against Cuba.

Radio Havana said President Osvaldo Dorticos handed the latest Castroite charge of "U. S. aggression" to foreign diplomats summoned from their beds to a pre-dawn meeting at his official residence.

The broadcast said that Dorticos made the charge through diplomatic channels because of the "exceptional and dramatic circumstances."

Dorticos said the Castro regime is willing to try to negotiate a settlement with the United States "but we will fight...to the last drop of our blood if they attack us," the radio reported.

The broadcast quoted a note signed by Castro and Dorticos citing "American press reports" as the basis for the charge that the "ruling circles of the United States" are openly preparing for war against Cuba.

It mentioned reports of U. S. "consultations and soundings" of other Latin American nations for "seeking aid for direct armed action against our country."

The broadcast charged that last week's invasion of Cuba by anti-Castro refugees was "organized, equipped, directed and militarily aided by the government of the U.S.A."

"Officials of that government, and even the President of the United States have acknowledged in surprising and public form their participation in this matter," the broadcast said.

"This attitude of the government of the United States violates the most elemental standards of international law and the principal fundamentals of the U.N. Charter."

Slightly Warmer Weather Forecast

Tomorrow will be a little warmer in Pampa, the weatherman said today.

Cloudy to partly cloudy skies was the forecast for today. Partly cloudy skies is the forecast for tomorrow the high will be 68, according to the forecast.

Famous French Foreign Legion Unit Dissolved

ALGIERS, Algeria (UPI) — The French Foreign Legion's First Paratroop Regiment — the outfit that won glory by its historic stand at Dien Bien Phu — was ordered dissolved in disgrace today.

The death blow to the proudest regiment of the legendary Foreign Legion was in swift punishment for its support of the four-day Algerian insurrection that was crushed by President Charles de Gaulle and forces that remained loyal to him.

All the regiment's officers were ordered to place themselves under arrest, presumably to face military trial.

The regiment returned to Foreign Legion headquarters at Sidi-Bel-Abbes early today.

Dissolution of the regiment was announced in a joint communique by Algerian Affairs Minister Louis Joxe and French Defense Minister Pierre Messmer in Paris.

The news, which was not entirely unexpected, came as French military forces stepped up the hunt for the three fugitive generals who led the insurrection in Algiers.

Gens. Raoul Salan, Edmond Jouhaud and Andre-Marie Zeller have not been seen since they fled Algiers early Wednesday following the collapse of the four-day rebellion. The leader of the revolt, ex-Gen. Maurice Challe, is in a Paris prison awaiting trial.

The crack First Paratroop Regiment pulled out of its luxurious laid-out camp at Zeralda, 20 miles southwest of here, Thursday night. But before the paratroopers left, they blew up their ammunition dump.

Fires burned on the base throughout the night and grenades from Algiers helped fight the flames that threatened to engulf the camp. The fires were believed started by exploding ammunition and not set deliberately by the paratroopers.

Israeli Warplane Downs Mig Jet In Negev Desert

JERUSALEM, Israel (UPI) — Israeli fighter pilots shot down a Communist-made Mig17 jet fighter of the United Arab Republic air force near Halutza in southern Israel early today, an Israeli army spokesman announced.

Halutza is in the Negev Desert of southern Israel, near the Gaza Strip. It is about 16 miles south of Beersheba.

The spokesman said the U.A.R. warplane was well inside Israeli territory when intercepted by Israeli fighters and refused to heed an order to land.

The spokesman said the U.A.R. pilot was seen parachuting to earth.

First reports indicated the downed pilot may have landed near the border and succeeded in making his way into Egyptian territory.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

U. S. Aviation Aids For Pampa Pilots Outlined

Service available to private pilots and others needing assistance of the Federal Aviation Communications office and the U. S. Weather Bureau at Amarillo, was discussed at a dinner meeting of the Chamber of Commerce Aviation Committee in Coronado Inn last night.

Gus Rosser, chief of the Amarillo aviation center, explained the communications systems to some 85 persons attending the dinner and outlined the type of service available to pilots and others in need of weather information and other data supplied by the office.

Rosser explained the common radio frequencies used in the aviation communications stations. He outlined them as consisting of: Receiving — 122.2 m.c., 120.7 m.c., and 126.7 m.c.

Transmitting — 122.1 m.c. or 126.7 m.c.

Transmitting and receiving emergency frequency — 121.5 m.c.

E. O. Wedgworth, chamber of commerce manager, gave a report on Pampa's recent filing in Washington of a brief for airline service.

Pampa Airport Manager C. B. Timmons also gave a report on the local airport and its facilities.

Larry Mayne of the U. S. Weather Bureau at Amarillo and Rolle Hill, assistant chief of the FAA office, accompanied Chief Rosser to the Pampa meeting and spoke briefly.

The meeting was presided over by Ralph Prock, chairman of the Aviation Committee. The guest speakers were introduced by Ed Myatt.

Music was furnished by Miss Jean Holman, vocalist, accompanied at the piano by Joyce Prock.

Defense Test Slated Today Over Nation

WASHINGTON (UPI) — Missiles and bombers will strike the United States in a simulated sneak attack today to test the nation's civil defense plans.

Sirens will scream in many cities and millions of school children will take cover. All U.S. television and radio stations will go morrow the high will be 68, according to the forecast.

At 4:15 p.m., EST, President Kennedy—in a taped message—will talk on the importance of civil defense over the emergency "Conelrad" network (640 and 1240 wave lengths).

Traffic will be halted from 4 to 4:10 p.m., EST, in New York City. Officials of the federal government, plus state and local officers, will be spirited to shelters to weather the mock attack.

Frank B. Ellis, director of the Civil Defense mobilization, said the primary purpose of the annual "Operation Alert" was to "improve the readiness for emergency reaction" of the 7,500,000 federal, state and local government employees.

Prosecutor Hints Massive Basketball 'Fix' Inquiry

NEW YORK (UPI) — Dist. Atty. Frank S. Hogan, whose investigation of "fixed" college basketball games already has netted 11 players from six schools, said today the inquiry is moving full steam ahead amid growing speculation it may reach massive proportions.

Yesterday, Hogan revealed the names of nine more players in addition to the two named on March 17 when the current investigation was first announced.

The D.A. said the nine players from schools in the East and South were paid more than \$28,000 collectively to shave points in a total of 25 games during the past two seasons.

In revealing their identity, Hogan also named five go-betweeners who worked with gambler Aaron Wagman in soliciting the aid of the nine players to rig the outcome of games in which their schools were involved. Wagman, a 28-year-old New Yorker, first was brought in and charged with bribery six weeks ago along with Joseph Hacken, also of New York. Wagman was arraigned yesterday and pleaded innocent to 37 charges of bribery and attempted bribery plus a charge of conspiracy. Each count carries a prison sentence of one to 10 years plus a fine of \$10,000.

One of Hogan's first moves after the indictment was handed down was to ask for the continuance of the grand jury's life until June 30. The jury, which has been hearing the testimony of the players involved plus that of the go-betweeners, was scheduled to end its work today.

According to a source close to Hogan, the grand jury will convene today to answer charges that "loafing" and slowdowns at missile bases had cost months of time in the space race.

HIGH OLD TIME — A tightrope act differing from the circus version someday may be a standard military operation. Sapper, (engineer) Charles Grayson of the British Army checks his position as he drives a Land Rover over two suspended wires at Fort Tregantle, England. Special outer wheels hold the 3,600-pound vehicle on a steady keel.

Missile Base Probers To Hear Union Chiefs

WASHINGTON (UPI) — Senate investigators today summoned union spokesmen to answer charges that "loafing" and slowdowns at missile bases had cost months of time in the space race.

Tom O'Malley, a missile test conductor for Convair Astronautics — the man who could trigger the first U.S. astronaut launch — said Thursday that members of craft unions at Cape Canaveral, Fla., "are not producing...their capacity."

O'Malley told the Senate investigations subcommittee there had been slowdowns and the men were working at about 50 to 70 per cent of capacity. He blamed subcontractors for the most part for not insisting on eight hours of work per man.

Spokesmen from several Cape Canaveral unions were called to reply to the charges.

Subcommittee investigators today cited evidence that the Air Force could save \$3 million if unions permitted factory installation of plugs on some electrical cords for Titan missiles. Workers have walked off their jobs when

factory-installed equipment was used at missile bases.

Other congressional news: Farm: The House Agriculture Committee called the head of the American Farm Bureau to testify on President Kennedy's farm program. Charles B. Shuman, whose group strongly opposes the legislation, has said that "good salesmen," patronage offers and "a fear of reprisal" might result in passage of the measure by Congress.

Housing: A Senate banking subcommittee Thursday approved President Kennedy's catch-all housing bill and raised the price tag by a billion dollars. The group recommended a \$4.8 billion housing program which carried stand-by authority to allow Kennedy to boost the spending to \$5.5 billion allowance. The measure includes provisions for slum clearance, urban renewal, public housing, college dormitories and stimulants for private home construction and improvement.

Bear equipment means satisfaction. Safety Lane, 411 S. Cuyler, MO 65-5771.

Cliches Of Socialism

On today's editorial page, the following cliché of socialism is examined for both its substance and logic: "The size of the national debt doesn't matter because we owe it to ourselves."

More Algerian Revolt Chiefs Reported Held

PARIS (UPI) — Five more generals who supported the Algerian insurrection have been arrested and brought to Paris, it was announced today.

The five did not include any of the three top generals, who with Gen. Maurice Challe led the mutiny. Challe is in prison here awaiting trial on charges that could result in his execution.

The arrested generals included Infantry Gen. Andre Petit; Den. Gouraud, former army commander in Constantine; Air Force Gen. Bigot, former commander of the 5th Air Region; air force Gen. Mentre, former commander of the Sahara inter- forces; and Gen. Darne Gen. Tridon.

President Charles De Gaulle created by decree a special high court of five civilian and four military judges to try the leaders of the rightwing Algeria insurrection. The charges carry a maximum penalty of death, either by firing squad or guillotine.

Announcement of the arrests was made in Algeria by Director of Information Jacques Coup de Frejac, who said the arrests had been ordered by Defense Minister Pierre Messmer.

Still at large were Challe's co-conspirators, Gens. Raoul Salan, Andre-Marie Zeller and Edmond Jouhaud.

In the fortress of Mont Valerien overlooking Paris, 15 high military officers were reported jailed, including Gen. Pierre Faure, a former regional commander in Algeria.

A relentless roundup of military men and civilians, involved or suspected of connections with the abortive revolt, went on in France and Algeria with hundreds reported arrested.

● Crisis (Continued From Page 1)

France and the United States have expressed deep concern to Russia over delays by the Red-supported rebels to put the Lattin cease-fire into effect.

The Russians had not agreed up to today but Communist China's Peiping Radio said the rebel leaders were waiting at Xieng Khouang for a delegation from the royal government to discuss cease-fire details.

There was no word from Vientiane that the government had agreed to any such arrangement since Xieng Khouang is in rebel-held territory.

A 14-nation conference—including Communist China, the United States, Russia and Britain — is scheduled to open May 14 in Geneva to discuss the future of Laos.

the D.A.'s office, the continuance was asked because "our work is far from over."

The players named Thursday by Hogan, eight of whom have been dismissed from their schools while the ninth has been suspended, were: John Egan, Vince Kempton and Frank Majewski of St. Joseph's College in Philadelphia; Edward Bowler of La Salle in Philadelphia; Jerry Graves of Mississippi State; Peter Kelly and Glen Cross of the University of Connecticut; and Richard Fisher and Ed Test of the University of Tennessee.

Wagman's bribe offers ranged from \$750 to \$1,500 per game and were handled in most cases by go-betweens Jerry Vogel and Daniel Quinsazzi, both formerly of the University of Alabama; William Minnerly, former Connecticut football captain; Lou Brown of North Carolina and Joseph Green, an associate of Wagman's. Graves, who has been drafted by the new Chicago entry in the professional National Basketball Association, said he took \$4,750 in bribes but "didn't throw any games."

Hogan said that none of the players has been charged with a crime and they have been granted immunity for testifying before the grand jury. They will, however, be brought back as "witnesses for the people" in Wagman's trial.

Thursday's blanket indictment did not mention Seton Hall players Art Hicks and Hank Gunter, who were disclosed earlier to have dumped a game with the University of Dayton in which the Flyers routed Seton Hall. They were accused of taking bribes from Hacken, who was not referred to in Thursday's indictment.

The one bright note in Hogan's latest revelation into the fix scandal, which may rival the original scandals of 1950-51 when five players and 13 fixers were convicted and 13 other players received suspended sentences, centered on Lowery Kirk of Memphis State University. Kirk was offered a \$1,000 bribe to "dump" a game against Villanova and promptly reported the offer to his coach, Bob Vanatta, and Memphis police.

Hogan lauded Kirk for his honesty and promptness and said it proved a big help in the investigation.

"His name should be honored," Hogan said. "He acted as all the others should have acted after the illumination of this business during the last college basketball scandal of 10 years ago."

In explaining how the "fixes" were arranged, Hogan said "the players were required to shave points so that if their team were favored it would either lose or win by a lesser margin than was anticipated."

Of the current group of players involved, Egan, Kempton and Graves were considered outstanding performers. Egan, named to the UPI All-East team and a standout in St. Joe's march to the NCAA semifinals last season, recently was drafted by the Philadelphia Warriors of the NBA.

While Kempton was picked by the New York Knickerbockers. Doug Moe of the University of North Carolina, who admitted taking \$75 from Wagman as a "softening up gift" but never actually was involved in a "fixed" game, also was a draft choice of the new Chicago team in the NBA along with Graves. According to Hogan, Moe never reported receiving the gift from Wagman.

WATCH YOUR SIGNALS! — Deck Woldt, driver education teacher at Pampa High School, is shown here giving some last minute advice to Judy Allen, high school junior, as she prepares to "solo." Miss Allen, and scores of others, will take their tests tomorrow for competition through local, regional and national tests to pick the nation's best school-age drivers in the National Safe Driving Road-eo.

Jaycees Schedule First Road-eo Practical Driving Tests Tomorrow

The Pampa Junior Chamber of Commerce will conduct the first round of testing tomorrow to determine auto drivers who will be permitted to compete in the practical driving test to be given Sunday, May 7.

The first test will be written and will be given at Pampa High School, Pampa Junior High and Robert E. Lee Junior High. It will be held at 8 a.m. tomorrow and will cover state driving laws and regulations for road safety.

Drivers passing the first test will be allowed to take the practical driving test at 2:30 p.m. May 7 in the high school parking area and the winner of this contest will go to the regional contest. All drivers 16 years of age and up are eligible to enter but the winner must not have reached his or her 19th birthday by July 31, date of the national contest.

Winners of the national contest will be given scholarships of \$2,000, \$1,500, and \$1,000.

Boys and girls desiring to enter are urged to contact either their driver education teacher or the school office for applications which must be signed by parents and returned by Saturday morning at the time of the test, according to Bob Ewing, Safe Driving Road-eo Committee chairman for the Jaycees.

The class is designed for mothers, housewives and any women interested in swimming and water safety. Those who are interested may submit applications for membership in the Center and register for the class through Mrs. Libby Shotwell at the Red Cross Chapter office in City Hall, phone MO-4-7121.

When Rulers Forget Their Roles Chaos Results, Pampa Club Told

When national rulers forget their roles for the benefit of man they become dictators and lead to devastating revolutions, Miss Li Ling Ai told the Pampa Knife and Fork Club last night. It was the final meeting of the Spring for the club. The next program will be in October.

Rulers "are there to interpret the benevolence of Heaven for the benefit of man," Miss Ling Ai said. "When they forget, then comes chaos. The people, they are the kings."

The speaker said that America had a natural order, the Bill of Rights, and a judicial order. Constitutions which enable man to "live and work and strive without too much interference."

Pointing to the present perils of the individual losing himself in the mass efforts which abound everywhere, she declared that "the

ALGERIAN AGONY—With the seizure of Algiers and other cities by die-hard French army rightists, the smoldering Algerian problem has broken into blaze again. Newspaper traces major events in past six years. Opposition from the rightists, who believe that Algeria is and should remain a part of France, stems from the fact that President De Gaulle has slowly been moving toward complete independence for Algeria. Outnumbered 10 to one in a population of about 11 million, the French "colons" in Algeria, who topped the Fourth Republic and brought De Gaulle to power, have virtually declared war on the French government in an apparent *de-or-die* maneuver.

Cuban Delegates Fourteen Legion Posts Scheduled Are Barred From Defense Meeting For Honors At Spring Convention

WASHINGTON (UPI)—The Inter-American Defense Board voted yesterday to bar the Cuban delegation from participating in its secret sessions as long as the Cuban regime is allied with the Communist bloc.

The board also agreed to bar the Cuban delegate from having access to classified documents.

The vote was 12 to 1 for the Cuban ban, with four abstentions and one reserved vote. Venezuela and Mexico did not participate.

Meantime, a House foreign affairs subcommittee called on the Organization of American States to impose sanctions against the Castro government.

WILLIS A. HAWKINS... Texas Legion Officer

By a 7 to 1 vote it approved a resolution assailing the Castro regime as a Soviet tool and a threat to the sovereignty and independence of the American states.

Chairman Armistead Selden, D-Ala., said the resolution would be called up shortly in the full committee, for reference to the House. It also requires Senate approval to become a formal expression of congressional sentiment.

Horseflies often carry anthrax, an infectious disease attacking cattle and man.

Foreign News Commentary

By PHIL NEWSON
UPI Foreign News Analyst

Whether Nikita Khrushchev would launch World War III to puppet, must for the moment remain a matter of conjecture.

But as the United States reassesses its position as a result of the failure of the Cuban invasion, reports from Havana and behind the Iron Curtain leave no doubt about the importance of the Communist leadership attaches to its Cuban beachhead.

Scarcely had the invasion attempt collapsed before Communist ships began arriving at Havana docks.

They carried oil, trucks, tractors, jeeps, industrial equipment, textiles, chemicals, pharmaceutical goods and even glassware.

It was obvious that the shipments had started on their way before the invasion began but they were substantial evidence of determination to bolster the Cuban economy, badly shaken by the communization of Cuban industry and agriculture and by frequent call-ups of the 300,000-man Cuban militia.

They coincided with news from Washington that the United States was considering a total embargo on Cuban trade which would hit primarily the \$70 million annual exports of Cuban tobacco to the United States.

Now from Czechoslovakia comes word that that highly industrialized Communist satellite has been thrown into the economic battle.

A new trade deal will triple last year's volume between Czechoslovakia and Cuba and bluntly was declared designed to "help eliminate the consequences of the economic blockade with which the United States government attempted to crush the revolutionary movement."

arms deal with Cairo five years ago led the Communist way into the Middle East, apparently now has been selected as a spearhead of the Communist drive into Latin America.

Washington's Addition
The U.S. Presidential oath, as prescribed by Article II of the Constitution, states: "I do solemnly swear (or affirm) that I will faithfully execute the office of the President of the United States and will, to the best of my ability preserve, protect and defend the Constitution of the United States."

George Washington added the familiar ending of "So help me God."

Waxahachie Sends Second Bridge To San Francisco

SAN FRANCISCO (UPI)—It may seem like shipping coals to Newcastle, but the citizens of Waxahachie, Tex., have shipped a second Golden Gate bridge to San Francisco.

A 30-foot-replica of the famous bridge has been shipped to the west coast seaport from the North Central Texas town where it has been on display in the town square since 1960. It will be used in American-Airline's inaugural of astro-jet service from San Francisco to New York.

The miniature bridge will be presented to San Francisco April 28 by William P. Davis, publisher of the Waxahachie Daily Light.

Waxahachie was given the replica as a result of a junket taken by Davis two years ago to San Francisco. As the plane flew over the Golden Gate bridge, Davis said, "shucks, you ought to see the bridge back home that spans Waxahachie Creek."

American Airlines officials overheard the remark and decided

that the Texas town should have its own Golden Gate bridge. They chose to send Waxahachie a 30-foot-long replica which was being used at a New York airport. Passengers crossed the bridge to get to San Francisco-bound flights.

Davis will present the bridge replica to San Francisco city officials April 28.

Poetry Of Lefors Student Accepted By Association

LEFORS (Sp) — A poem written by Karen Priest, Lefors High School junior, was accepted last week by the High School Poetry Association for inclusion in its annual Texas anthology.

The anthology is made up entirely of student contributions.

Miss Priest's poem, entitled, "Hate," was one of two she submitted.

PETER MARSHALL church meet topic

Brethren Church Plans To Feature Peter Marshall

On Sunday evening at 7:30 the worship service at the Church of the Brethren will be built around the life of the late Dr. Peter Marshall.

The young people of the church will have charge of the program, giving glimpses into the greatness of the man of God.

The pastor, Rev. Russell G. West, will tell of his experience of working for a number of years with Dr. John A. Wood, the father of Catherine Marshall.

Millions of people have read the book, "The Man Called Peter." Many more millions have seen the motion picture by the same name.

On Sunday morning Pastor West will preach on the subject, "Civil War within the Human Heart."

"In this time of civil strife, and rebellion all over the world," says the pastor, "we need to keep in mind that a similar condition may exist in our own personal lives."

Christian Ministry Conference Scheduled At Hardin-Simmons U.

ABILENE — The first of planned annual conferences on "The Christian Ministry" will be held at Hardin-Simmons University July 17-21.

Invitations are being extended to some 700 Texas Baptist ministers, Dr. Beazley said.

Lecturers for the 1961 conference will be Dr. J. Wash Watts, professor of Old Testament and dean of students at New Orleans Baptist Theological Seminary.

The evening services will begin at 8 p.m. each day.

The event will be held in H-SU's new chapel - auditorium, and Dr. Beazley said dormitory housing will be made available to visiting ministers.

First Methodist Churches Not Overrun By U.S. Reds, FBI Inspector Declares

By LOUIS CASSELS United Press International Christian and Communism stand in the same relationship as yes and no, white and black, the North Pole and the South Pole.

They are categorical opposites. Christianity affirms the sovereignty of God and ascribes infinite worth to each human being because he is a child of God.

Communism denies the existence of God, and values the individual only as an instrument and servant of the state.

No rational person can be a sincere Christian and a sincere Communist at the same time.

Communists know this. That is why they persecute Christian churches — sometimes openly, sometimes subtly — in every country in which they have gained power, from Russia to Cuba.

In free nations like America, Communists cannot suppress the churches but must think of other tactics.

Communists undoubtedly have tried in the past to infiltrate churches by having disguised Communists work their way up to positions of leadership, particularly in the ranks of the clergy.

They have learned that this is easier said than done. As a practical matter, it is enormously difficult for a Communist to pose convincingly as a dedicated Christian even for the space of one conversation, let alone through the long years of seminary study and pulpit service which are required of any man who becomes an influential leader in U.S. church life.

But although they have failed to infiltrate the churches in any substantial way, there is evidence that the Communists like it when charges are made that they actually have done so.

During the past few weeks, Hoover has sent FBI Chief Inspector William C. Sullivan to deliver speeches in many parts of the nation, warning Americans not to be taken in by charges that their churches are overrun with Reds.

"These allegations have served to create the impression among many Americans that the Protestant denominations, in particular, have been subjected to alarming infiltration and influence," Sullivan says. "But this is a patent falsehood. The truth of the matter is that the Communist party has not achieved any substantial success in exerting domination, control or influence over America's clergymen or religious institutions on a national scale."

Sullivan is not making this statement on his own authority. He is speaking with the full approval and personal backing of Hoover, and the FBI director has so informed a number of amateur Communist hunters, who wrote to him protesting Sullivan's speeches.

"The most interesting reaction," an FBI official told United Press International, "has been from the Communists. They are very upset by Sullivan's remarks."

"They love to have wild charges of Communist domination hurled against America's churches. They know that such charges cause consternation, disension, doubt and fear among church members. And they figure that anyone who succeeds in demoralizing America's churches is aiding their cause."

But although they have failed to infiltrate the churches in any substantial way, there is evidence that the Communists like it when charges are made that they actually have done so.

Solon Demands Full Report On Cuban Matters

WASHINGTON (UPI) — Sen. Wayne L. Morse, D-Ore., demanded a full report from the State Department today on all developments relating to Cuba, since President Kennedy took office.

Morse made the request as his foreign relations subcommittee on Latin America prepared for a closed-door hearing with Acting Secretary of State Chester A. Bowles and other officials.

He told newsmen he would follow up his questioning of State Department officials with a similar request for information from the super-secret Central Intelligence Agency, target of some criticism for its role in the ill-fated Cuban invasion.

Morse said his subcommittee wanted the State Department to give "a thorough briefing on everything that has happened regarding Cuba since this administration took over."

He said he also intended to find out what both the State Department and CIA were planning to recommend for the future.

He said he also intended to find out what both the State Department and CIA were planning to recommend for the future.

President Asks Newspapers To Be Own Censors

NEW YORK (UPI) — President Kennedy called on the American press Thursday night to adopt voluntary cold war censorship so that this nation's enemies will not be able to learn its secrets by reading the newspapers.

"If the press is awaiting a declaration of war before it imposes the self discipline of combat conditions, then I can only say that no war ever posed a greater threat to our security," the President told the annual banquet of the Bureau of Advertising of the American Newspaper Publishers Association.

"If you are awaiting a finding of 'clear and present danger' then I can only say that the danger has never been more clear and its presence has never been more imminent."

He said he had no intention of setting up a new office of War Information, or establishing new forms of censorship or security classification.

"But I am asking the members of the newspaper profession and industry in this country to re-examine their responsibilities . . . and to heed the duty of self restraint which that danger imposes upon us all," he said.

Kennedy emphasized he was not trying to restrain criticism of his programs. "We intend to accept full responsibility for our errors; and we expect you to point them out when we miss them," he said.

YOU ARE INVITED To Hear the Books of Revelation Taught In the Light of Current Events 7:15 Sunday Evening BIBLE BAPTIST CHURCH 320 EAST TYNG H. M. HUTCHINSON, PASTOR

Who would not like to hear the beloved DR. PETER MARSHALL speaking out in his dynamic Scotch accent, as he preaches his famous sermon on "TRIAL BY FIRE?" Even though Dr. Marshall was called away in 1949 at the age of 47, this sermon may be heard this Sunday evening at 7:30 o'clock by means of a rare hi-fidelity recording, at the Church of the Brethren, 600 N. Frost. During this 25-minute soul-stirring sermon a picture of Dr. Marshall will be projected on the screen. You are invited to come and bring your friends and neighbors.

These public spirited firms are making these weekly messages possible — and join with the ministers of Pampa in hoping that each message will be an inspiration to everyone.

The Weekly Message Of Inspiration

REV. J. B. CALDWELL
James Memorial Mission

"GOD'S DELIVERANCE TO MAN"

Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world. (Matt. 28;20).

God has always delighted to walk with man. His companionship with man has reached back in ages where there was no timepiece. For there was no need of any in the Garden of Eden. In the beautiful surroundings of this lovely garden God came each day and walked with man.

Then came the fall of man — sin and all its horror claimed the human race.

But the everlasting arm of God reached out in tender love to deliver mankind from the awful bondage of Satan.

Thousands were groaning under the terrible task masters of Egypt. God heard their awful groans, in compassion He came to bring deliverance. In searching for a man with whom He could work, He found Moses. Out of the burning bush His divine plan was given to His chosen one. Moses, feeling the weakness and frailty of his cloak of flesh, shrank from the mighty commission. Then he heard God saying, "Certainly I will be WITH thee." (Exodus 3:12).

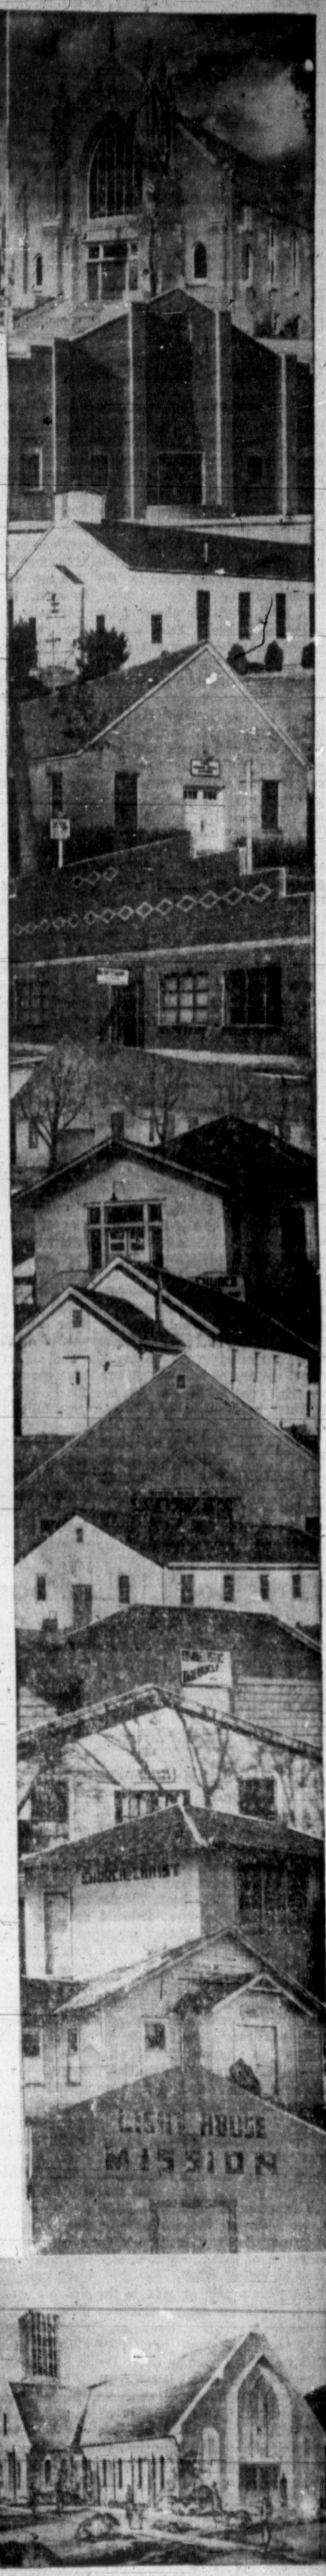

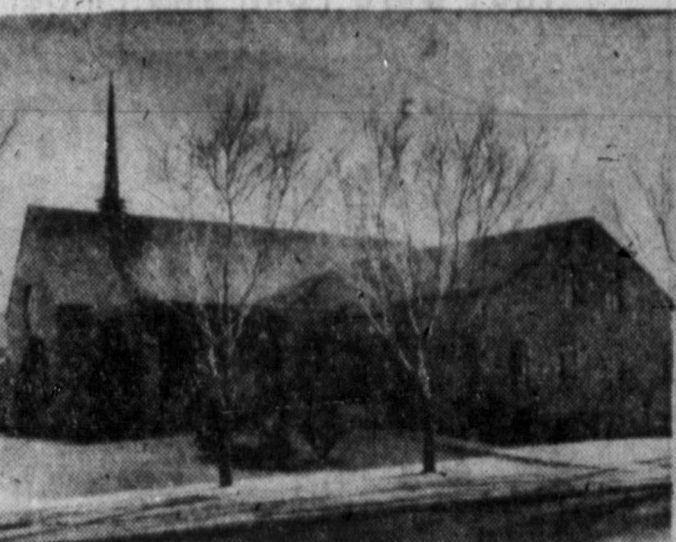

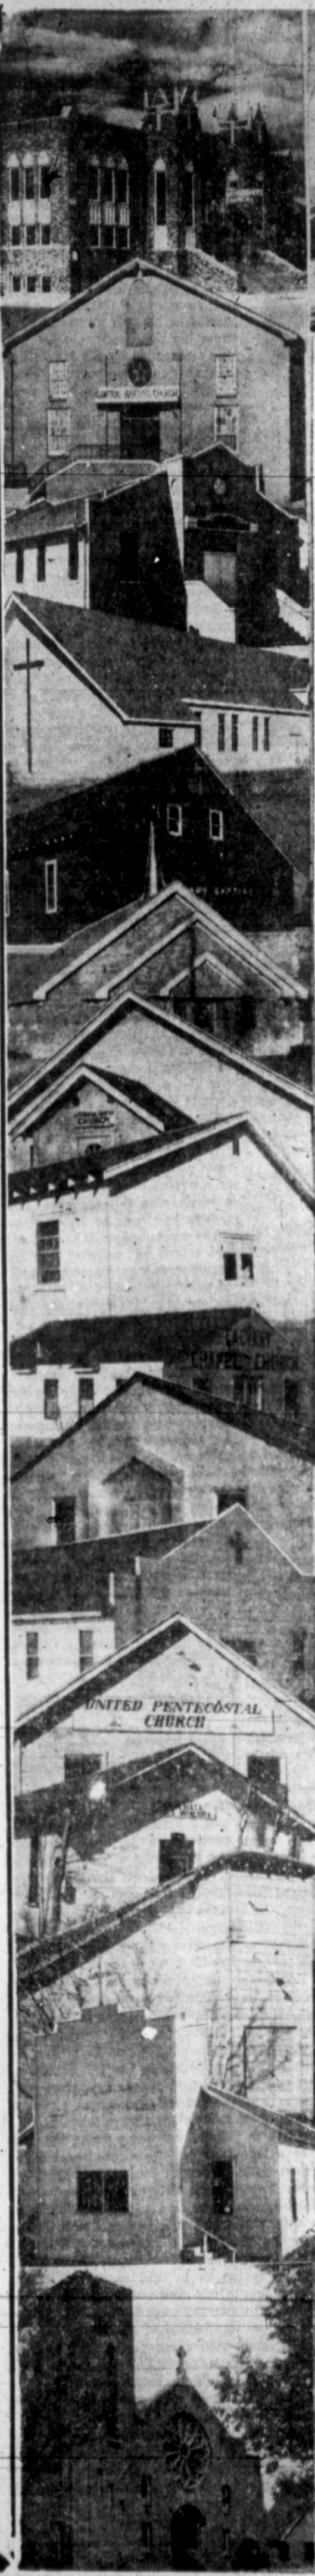

What compassion — what an assurance — what confidence. God with Moses. It is no wonder that many signs and wonders were manifest, which broke the fetters of captivity, and brought DELIVERANCE to thousands.

After God had walked with Moses through the gates of ever-lasting Freedom; I hear Him speaking to Joshua. "I will not fail thee, nor forsake thee." (Joshua 1;5).

The enemy was conquered, and victory was won, because God walked and worked with man. Waters were rolled back — massive walls around Jericho fell down flat; mighty was the arm of God as He worked with man.

"God found a willing, and obedient man in Gideon. The enemy had hedged Israel in. Great was her trouble. God heard her groans, and longed to set her free. Gideon was afraid until he heard God speak these words; Surely I will be with thee, and thou shalt smite the Midianites as one man." (Judges 6;16).

Nothing shall be impossible with God; wherever God is — something must happen.

FROM TAR PAPER TO PALACE—Little more than a shack served as the "terminal" when Trans World Airlines began its international operations in 1946. A converted section of an Army barracks, above, at Bedford, Mass., airport comprised TWA's entire facilities for several months for passengers arriving or leaving at Boston. In striking contrast, below, is the airline's new terminal at New York International Airport, shown in artist's drawing. Soon to be completed, the sweeping concrete and glass structure appropriately suggests the flight of a giant bird.

U.S. Army Signal Corps Seek Space Age Setup

By DARRELL GARWOOD
WASHINGTON (UPI) — In its 100-year-history, the U.S. Army Signal Corps has used everything from carrier pigeons to semaphore flags to transmit military messages. Now it's working on a \$200 million project to bring military communications into the Space Age, with messages flashed to almost any spot on the globe from satellite vehicles which seem to hang stationary in space. "Project Advent," as it's called, is intended to realize a dream that has intrigued man since the days of Jules Verne. The communications satellites will seem to be permanently suspended in one spot, 22,300 miles above the Equator, because their rotation period in orbit will be precisely the same as the earth's — approximately 24 hours. The Signal Corps hopes to have three of the communications satellites in orbit by the end of 1964. Preliminary test shots will begin at Cape Canaveral, Fla., in mid-1962. Instead of circling the earth like the moon and present-day artificial satellites, the "Advent" satellites will remain overhead for 24-hour duty. From their great height, their line-of-sight communications range will reach out more than 5,000 miles in all directions from a point directly below them. Thus, a Signal Corps station 5,500 miles south of the Equator could send a short-wave radio message to a point 5,850 miles north of the equator through one of these satellites. Three of them, spaced about equally around the earth's 25,000-mile waist, would provide world-

Drug Industry Gaining Ground Despite Probe

NEW YORK (UPI) — Despite the severe provisions of the impending Kefauver bill, Goodbody & Co. says the drug industry is headed for further growth—7 to 8 per cent annually against 4 per cent for the general economy. Supporting factors the brokerage house gives for this opinion are increasing demand for drugs from an aging population, a steadily rising standard of living, a marriage-and-family boom in boom in the mid-1960s, mounting research expenditures and growing foreign sales. Goodbody says it does not envision the enactment of legislation which would seriously retard the industry's growth and sees no reason for a revision of favorable investment attitudes towards the group. It believes that purchases of Bristol-Myers, Sterling and Warner Lambert are justified now since proprietaries will be little influenced by impending legislation and it would also regard future weakness in the chemicals as an opportunity to buy Abbott Labs, Merck and Upjohn. E. F. Hutton & Co. says that if the color TV concept takes hold this year, one of the big beneficiaries will be Corning Glass Works, the industry's leading bulb supplier.

L. O. Hooper of W. E. Hutton & Co. thinks AT&T is more attractive for the long pull than either GE or Westinghouse. The analyst also says there is talk of a stock dividend, or some other benefits, on Food Fair Stores. Bache & Co. says Bayuk Cigar appears about ready to complete an important base formation, but while it recommends the stock for short-term accounts, it thinks orders should be placed with discrimination. It also suggests trading commitments in Diners Club in the 20½-22 range for a move to 26 or 27.

Cuban Survivors Of Vain Invasion Arrive In Texas

GREGORY, Tex. (UPI)—Five survivors of last week's abortive anti-Castro invasion of Cuba arrived here yesterday aboard the merchant ship that picked them up from a raft 100 miles from Cuba. The five, possibly the only survivors of the Cochinos Bay landing force, were brought to the Reynolds Aluminum Co. dock by the S. S. Louise of the Caribbean Steamship Co. Approximately 60 newsmen were on hand to greet them. The survivors were questioned by immigration officials immediately upon arrival. One of the men is Manuel Penabaz, 38, who served as Fidel Castro's judge advocate during the Sierra Maestra battle against the regime of Fulgencio Batista. Penabaz turned against Castro a month after he came to power.

U.S. DEPARTMENT OF AGRICULTURE
FOOD STAMP COUPON
VALUE ONE DOLLAR
Agricultural Abundance Healthier Families
EXCEPT UNDER CONDITIONS PRESCRIBED BY THE SECRETARY OF AGRICULTURE DO NOT FOLD DO NOT SPINDLE

HUNGRY MONEY—As good as cash for those qualifying, this is a one-dollar coupon being issued by the U.S. Agriculture Dept. in connection with the new food stamp program. The project is designed to put the nation's food surpluses to work in aiding needy families. Under the program, a family can buy 75 of these dollar coupons for \$50 and be able to get \$75 worth of food at a retail store. Banks will redeem the coupons at face value from the retailers. Families having no income will receive free food stamp coupons.

More Than \$325 Million Paid State Veterans And Families During 1960

Veterans and their families in Texas received a total of \$325,283,841 in cash benefits and services during the fiscal year of 1960, the Veterans Administration announced today. Actual distribution of this sum is outlined in the 1960 annual report of the VA, now on sale at the Government Printing Office, Washington, D. C.

In Texas, compensation for service-connected disabilities and pension for total and permanent non-service-connected disabilities were paid to 157,508 living veterans in the amount of \$136,149,619. Death compensation and pension were paid to the dependents of 48,202 deceased veterans in the amount of \$43,831,386. Certain GI insurance dividend and indemnity payments totaling \$42,679,301 were made to veterans and their beneficiaries. An average of 468 disabled veterans of World War II and the Korean Conflict in Texas trained during the year under the vocational rehabilitation act to overcome the handicaps of their disabilities. They received \$734,747 in subsistence, tuition, supplies and equipment.

An average of 16,146 veterans trained during the year under the world war II and Korean GI Bills. They received \$21,491,567 in cash allowances. The remainder of cash benefits, services and other VA expenditures in Texas during the year totaled \$80,424,803. These cash benefits and services included war orphans' educational allowances, hospitalization,

Dave Garroway's Wife Found Dead

NEW YORK (UPI) — Pamela Garroway, 37, the wife of television personality Dave Garroway, was found dead today in the couple's midtown apartment, police reported. Police said the cause of death was not immediately known and was under investigation. Pamela was Garroway's second wife. They married in 1956 and have one son, David. Garroway formerly was married to Adele Dwyer and also had a child by her. Police said Mrs. Garroway's body was discovered in the bathtub by her step-daughter, Paris. Garroway's last appearance on his NBC "Today" show was last Friday. He had said he was tired and wanted a few days off.

News Briefs

DAMSEL IN DISTRESS
AUSTIN, Tex. (UPI) — Speaker James Turman has a nice looking secretary in his office near the Texas House chamber. Perhaps that's why it took Sergeant-at-Arms B. L. Parker and eight assistants Thursday to scare away a mouse that frightened her.

SOME SHOWER PARTY
CHICAGO (UPI)—Mrs. Geraldine Arbeit, who expects a baby in about six weeks, was the only woman guest Thursday at a surprise shower arranged by her husband, Joe.

SNOOZE SNAFUS TRAINS
BEXLEYHEATH, England (UPI)—Trains were delayed and thousands were late for work Thursday because a relief signalman overslept 40 minutes.

DELAYED DESERT
LONDON (UPI) — To beat the theater-rush problem the Cafe Royal in London allows you to eat dinner before curtain and return afterward for dessert.

You'll enjoy dining in the delightful atmosphere of the beautiful Terrace Room... the courteous service and the large selection of taste tempting foods offered on our menu every day. Bring the family — eating out is really fun at the Coronado Inn.

Publishing Honors Are Announced

PHILADELPHIA (UPI) — The New York Herald Tribune has won the annual competition for the F. Wayland Ayer Cup for excellence in typography, make-up and printing. It was the 10th win for the Tribune in the 31 years the cup has been awarded. A total of 842 English-language daily newspapers competed. Other awards announced Wednesday went to: Newspapers of more than 50,000 circulation: first, Des Moines Tribune; second, Orlando Sentinel; third, Cincinnati Enquirer. Newspapers of 10,000 to 50,000 circulation: First, Twin City Sentinel, Winston-Salem, N. C.; second, Rutland (Vt.) Herald, which won the Ayer Cup in 1947 and 1956; third, Worthington (Minn.) Daily Globe. Newspapers of less than 10,000 circulation: First, Emporia (Kan.) Gazette; second, Valley News, Lebanon and Hanover, N.H.; and White River Junction, Vt.; third, Pompano Beach (Fla.) Sun-Sentinel, which is in its first year of publication. The Orlando Sentinel was com-

mended for its "imagine concept" in developing a new Page One formula. The Florida newspaper uses six two and one-half inch columns instead of the normal eight two-inch columns on One and Three.

First electric refrigerator was introduced in 1913.

Turnpike Driving Tips—DO'S DON'TS

DO'S

- Check interior, side view mirrors before passing.
- Take time out for a snack. Stop will refresh you.
- Reduce speed under any condition lessening visibility.
- If drowsy, pull off road and grab 40 winks.

DON'TS

- Stop on pavement. If you must stop, use shoulder.
- "Tailgate" other cars or travel in bunched-up traffic.
- Ride in another driver's blind spot but pass quickly.
- Cut back too fast when passing. A long sweep is safest.

Authorities operating high speed turnpikes and thruways stress that observance of a few basic rules by motorists brings safety as its reward. Alternative is death or injury. Speed and fatigue are the great killers. "Do's" illustrations above are common sense precautions. The "Don'ts" cite potential perils. Important: Never cut back into line while passing until left headlamp of car behind is visible in your inside mirror.

RUNS THE SHOW—Edmond O'Brien, accustomed to working in front of the camera, now is directing movies from behind it—and there's still plenty of actor in Eddie the director. He laughs, screams, rages—all in the cause of making "Deadlock" the best film he can possibly make.

Salvation Army Youths To Meet Here Tomorrow

Some 75 or 80 teenage girls from Amarillo, Borger and Pampa will join here Saturday for a Girl Guard Rally in the Salvation Army headquarters, 613 E. Alford. Envoys H. C. Seago said the girls will participate in a number of proficiency tests and other activities from 10 a.m. to 3:30 p.m. Sunday.
Mrs. Maj. Elmer Capps, Salvation Army young people's director, for Texas, and Mrs. Maj. Harlan Cleveland, wife of the divisional secretary for the Salvation Army, both from Dallas, will be in attendance at the Guard Rally.
Envoys Seago also announced that Sunday will be observed by the Salvation Army throughout the world as "Prison Sunday." The local Army Corps will conduct services at 3 p.m. Sunday for county jail prisoners on the third floor of the Gray County Courthouse.

Actor, Mexican Movie Star Wed, Ex-Wife Testifies

SANTA MONICA, Calif. (UPI)—Actor Marlon Brando is married to Mexican movie star Movita and has a 9-month-old son by her, his ex-wife, Anna Kashfi, said yesterday in Superior Court.
"Marlon told me weeks ago that he was secretly married to Movita and that they had a baby," said Miss Kashfi.
Brando was in Tahiti working on the new version of "Mutiny on the Bounty" and couldn't show up.
Miss Kashfi was in court to answer charges by Brando that she refused to let him see their 3-year-old son, Christian Devi, on three occasions, therefore being in contempt of court.
Judge Orlando H. Rhodes continued the case until June 1 because of Brando's absence.

'One Man Task Force' Disclosed By House Military Affairs Group

By DICK WEST
WASHINGTON (UPI)—One thing I like about my work is that it keeps me in contact with the House military appropriations subcommittee.
The subcommittee, in turn, keeps informed about such matters as the Defense Department's one-man task force and the Air Force planes that have "hot and cold running WAF's."
These are a couple of the more eye-catching items that turned up today in a volume of testimony compiled by the subcommittee during hearings on the defense budget for fiscal 1962.
I often have heard the phrase "one-man task force" used as a figure of speech, but I never knew that one actually existed until I read the testimony of Maj. Gen. Robert H. Booth, chief of the defense atomic support agency.
This revelation came in the following exchange between Booth and members of the subcommittee:
Q. What is Task Force 7?
A. Task Force 7 was a logistic or supporting agency for the conduct of the atomic tests that were held in the Pacific.
Q. Is it out of existence now?
A. There is one man left now, sir.
Q. How could you have just one man left?
A. He is the one man who was the last head of Task Force 7.
Q. He is not going to be forgotten?
A. No, sir. He is doing another job.
Unfortunately, the personnel of the task force was not identified. However, it is comforting to know that it is standing by, ready for action.
The other topic I mentioned came up during the testimony of Lt. Gen. Joe W. Kelly, command-

"these planes where the high heels of certain females on board have gone through the floor...and they have had to take their shoes off."
The general said he was not aware of that having happened.
Although there may be some question in Flood's mind about its overall military capabilities, I think it is safe to assume that MATS would have no difficulty in airlifting Task Force 7.
He wanted to know how long it could take to make troop carriers out of planes "with all the lace curtains and plush and all the hot and cold running WAF's which we have in some of these things."
Kelly assured him that special mission aircraft, including the planes used by the President, could be used to carry troops, if the need arose.
Flood then inquired about

POSTGRADUATE—Though she may be the oldest living doctor in the nation, Dr. Amelia Ziegler of Portland, Ore., isn't impressed. Her family Bible says she is 100 years old, but Dr. Ziegler says, "I don't believe it." She retired from practice in 1940.

Scientists On TV Show Provide Entertaining, Information Hour

By FRED DANZIG
NEW YORK (UPI)—At one point in "Jane Eyre" last night an actor stood and warmed his hands before an elaborate fireplace.
All that was lacking was the fire.
The scene typified this "Family Classics" adaptation of Charlotte Bronte's romantic novel. Shoehorned into one hour by Michael Dyne, the CBS-TV production was elaborate but lacked emotional fire.
When Sally Ann Howes, in the title role, advised us that she was truly in love with Edward Rochester, I wondered why. Zachary Scott's nagging, sheeplike ha-ing made Rochester too churlish for sympathy or affection from anyone, especially little orphan Janie.
The players volleyed the lines back and forth, seemingly content to let such things as shadows, off-stage screams and director Marc Daniels' camera work snap us to attention and galvanize the story. It was a mechanical production. I have a feeling that Fritz Weaver, who was wasted in a small role, would have done more for the play in the role of Rochester.
It seems, after all the dough that has been spent on the man-in-space program, that this is a heck of a time to start asking "why?"
But ask they did on "CBS Reports" Thursday night and the answers provided another delightfully stimulating program. The comments by the scientists, no longer as far out as they seemed a few short years ago, were informative, exciting and frequently amusing. And that small planetarium screen that was used to show the solar system at work and play ought to be used every time TV deals with space shots. It makes it all quite clear.
"C'est La Guerre," Thursday night's Bell & Howell "Close-Up" on ABC-TV, developed into an impressive close-up of the Algerian war, front-line style (as opposed to the political variety). A major part of the half-hour was concerned with films of a skirmish between Algerian rebels and the French forces. The battle

itself was unclear depicted and an uneven script left gaping holes in the story. But the purpose of the show, I believe, was to depict the determination of the F.L.N. rebels to win independence, regardless of the odds or the cost. The pre-battle and post-battle scenes effectively conveyed, that spirit.

Prom 'n Home Party Can Cap Graduation

A memorable event is the commencement night party staged at home. Refreshments are spread on a serving cart designed by Merton Gershun with a black plastic top on a walnut frame.

By KAY SHERWOOD
Newspaper Enterprise Assn.

"After graduation, what" is a chief topic of conversation among parents these days and they're not talking about careers or college. High school postgraduation festivities in many cities have been something less than sane and sensible.

The way the young folk carry on is the subject of concern to their elders. I gather, both from listening to friends and reading vivid descriptions in newspapers.

Graduation from high school is a major milestone and should be celebrated. But it should scarcely trigger a celebration that reads more like a wild party than a happy rejoicing.

My own daughters are too young for teen-age shenanigans but I know several high school seniors who are not the wild party type and resent the implication that commencement night celebrations always get out of hand and therefore should be abolished.

I'm certainly no expert on how parents should approach graduation parties. In some communities where the problem exists of too-gay, all-night parties, sometimes followed by long drives to neighboring cities, a variety of solutions

National Ballet To Appear Here In Opera 'Coppelia'

One of the world's great touring companies, The National Ballet of Canada with a full orchestra will present the opera "Coppelia" in three acts on May 2 at 8 p.m. in the Pampa Junior Auditorium.

Full scale productions, with full scenic and costume effects and its own widely-acclaimed orchestra will be presented during the one-night engagement.

Prima ballerina Lois Smith and the premier danseur David Adams head a distinguished cast of soloists. The large corps de ballet has achieved an enviable reputation as one of the "best disciplined in the world," from leading critics in the leading cities of the continent.

Artistic director, Celia Franca, one of Europe's most distinguished artists and choreographers, founded the National Ballet of Canada in 1951 and heads its international tours. She brings a wealth of background with Europe's leading companies as soloist, choreographer, and director to the operation of this brilliant organization.

Conductor George Crum, permanent musical director since its inception in 1951, is acknowledged one of the leading authorities on ballet.

This is the concluding presentation of the Community Concert Association for the current season. Admission to the ballet performance is by membership subscription only.

The Association is beginning its 1961-62 renewal drive on Monday. Memberships purchased for next year will entitle the new subscriber to attend the Tuesday evening performance.

solution that parent and school administration agree to and stand firm by.

There are still many towns where prom-night festivities are not nightmares but pleasant occasions for graduate and parents alike. No one really feels compelled to spend lots of money for gals.

Home parties are planned for commencement night — if a school prom is held, the gang may be invited for a midnight supper. Pretty girls in pretty dresses escorted by freshly scrubbed young men are a memorable sight for adults accustomed to seeing them in jeans and white tennis shoes.

Food, drink, dancing and rehashing the week's events make a successful "formula," too. However, now as always, parents are definitely "at home"; greeting guests as they arrive, lingering for conversation and then withdrawing discreetly but within reach.

The homemaker will busy herself with refreshment service which will probably include the current food favorite such as small pizzas or miniature hamburgers, something crisp, something sweet and bottled soft drinks or fruit punch.

These include school-chaperoned dances, parent-chaperoned parties, elaborate entertainment provided by parents in school gyms, and so on. Community codes drawn up by youth and parents stating rules of behavior and responsibility are also popular. The most success seems to attend the

Dear Abby...

Doll Across Hall Is Asking A Lot!!

By ABIGAIL VAN BUREN

DEAR ABBY: We recently purchased a clothes dryer and now the young doll across the hall keeps trapping my husband into bringing her "things" in after she's used our dryer. Am I wrong in thinking it is too personal a chore for my husband to be sorting and folding her "unmentionables"? I still don't know how to operate the dryer, or I would do it.

SOMEBODY'S WIFE
DEAR WIFE: Inform the "doll" across the hall that if she wants to use your dryer, she should operate it herself and sort and fold her own "unmentionables." This is no job for your husband.

DEAR ABBY: Please don't laugh at me. I am 20 years old, a Junior in college, and am considered a good-looking guy with a gift for making interesting conversation with girls on a variety of topics.

The trouble is, when it comes time to say goodnight to a girl, I stutter, mumble and my shyness comes out.

I have gone with many good-looking girls who have come right out and asked me to kiss them goodnight. I still can't. I don't think there is anything evil about kissing a girl, but I can't bring myself to do it. Am I normal?

DEAD EARNEST
DEAR DEAD: People who wonder whether they are "normal," usually are. If you find yourself "stuttering and mumbling" and unable to kiss a girl, don't let it worry you. You haven't "wanted to" badly enough yet.

DEAR ABBY: I am in love with my best friend's husband. I live near them and spend a lot of time at their house. I don't know how it happened, but we fell in love and I couldn't help myself.

I really like his wife and she likes me. When I visit her in the afternoon, I leave before her husband comes home because I can't stand to see him kiss her hello.

No one but this man and myself knows how we feel about each other. He says he loves his wife, but he loves me, too. Am I crazy for believing him? What can I do about this mixed up feeling? I am 28 and have never been married. He is 33.

MIXED UP
DEAR MIXED UP: The only thing you can do about your "mixed up feeling" is to let it die from lack of nourishment. Stay a way

Woman's Club Entertains With Social Event

CANADIAN (Spl) — The Woman's Club entertained members and guests at coffee in the Fellowship Hall of the First Methodist Church.

Mrs. George Earl Tubb welcomed the guests and introduced the program.

Mrs. C. H. Lansdown sang, "The Holy City," accompanied by Mrs. Bob Dillman. Miss Sandra Waters and Miss Janice Wilbur read selected scriptures with a background of music played by Mrs. Dillman.

About 50 club members and guests attended the affair which was arranged by Mmes. E. H. Morris, J. L. Cleveland, J. B. Lindley, and Erbin Crowell.

LITTLE LIZ

A kid's idea of a balanced meal is a piece of cake in each hand.

Mrs. Isaacs PEO Hostess

CANADIAN (Spl) — The P.E.O. met with Mrs. John Isaacs recently with Mrs. Helen Tepe as co-hostess.

The business session was conducted by Mrs. Jack King. Mrs. Isaacs gave a current events program.

Attending were Mrs. Oscar Studer, guest, and members Mmes. Malouf Abraham, John Glenn, Calvin Isaacs, John H. Jones, Cap Kelley, Jack King, G. B. Mathers, Frank McMorde, Dale Nix, E. H. Snyder, Rush Snyder, Carl Studer, Charles Teas, Wiley Wright, J. L. Yokley and Miss Vera Tepe.

Hobby Club With Mrs. W. Pickens

Mrs. Warren Pickens was hostess to the Hobby Club recently.

The business meeting was conducted by Mrs. John Ball. The program, introduced by Mrs. Bill Popham, was a demonstration on finishing plaster work given by Mrs. Elsie Jolly of Wheeler.

Those attending were Mrs. E. S. Janet Fry, Bill Popham, Norrell Wallace, John Ball, Joe Cullender, Don Schaeff, Dwain Currie, James Fugate and Elsie Jolly.

Ask the Designer

By GAILE DUGAN

Dear Gaile: My husband, our three children and I will soon be making our new home in Florida somewhere near Cape Canaveral. East Tennessee has always been our home and we have no idea what kind of clothes are worn there. We all have a lot of woollens in dark brown, tints of browns and rusts and gold plus other dark, warm colors. Are woollens worn there? If so, heavy or lightweight — in dark colors or pastels?

What about cottons? What type of clothes for my husband and me when going out during the day and evening? Is the little black dress worn? We naturally would like to keep as much of our winter wardrobe as possible, disposing of what we can't use before we leave. Any consideration you can give will be greatly appreciated.—Mrs. H.

Dear Mrs. H. H.: I think that you will find great wardrobe changes necessary now that you are moving to the Cape Canaveral area of Florida. Designer Abe Schrader agrees with me in this and this is what he has to say: "First of all, there is considerable heat and dampness in this area. Because of this, I feel certain that you will begin discarding your wardrobe built around

dark browns and blacks. The residents of this area usually wear casual-spectator type clothes with heavy emphasis on light colors and light to medium weight fabrics.

"For this purpose, the new synthetic fabrics are particularly helpful. If your current wardrobe includes any of these, I would be sure to bring them along. Incidentally, in order to make moving less of a chore, why not dispose of all clothes which are specially geared for cold climates?"

"Bring with you lightweight suits, dresses and sportswear. Take along all of your slacks and blouses. Try to include in your wardrobe as many bathing suits and play clothes as possible.

"As to color, you will find an immediate desire to wear lighter colors once you have settled in the South. Not only will they feel cooler, but you will find your neighbors wearing such colors and thus you'll feel more in step with your community. So avoid buying anything until you have moved. Even then, shop the local stores and see just what is the style. Then make your selections carefully and slowly.

"As for the 'little black dress,' there is always a time and place for it. This is true in most parts

of this country. I'm sure you will find dressy or semiformal occasions in which you will wear it while your husband wears a black or navy blue silk suit. Good luck!"

Morrow Eyes Pro Football

PHOENIX, Ariz. (UPI) — Bob Morrow, ex-Abilene Christian sprint star, said Thursday he may sign a professional football contract with one of three Texas clubs.

The Arizona Republic carried a story saying Morrow said he also is being wooed by the Minnesota Vikings of the American football league and the Dallas Cowboys of the National League.

He said he talked at length with Lamar Hunt, Texas owner and a close personal friend.

PHS Treks For Clash With Dogs

BORGER — Pampa's Harvesters, who ended a four-game Palo Duro winning streak on Tuesday, went to work on a two-game victory skein by Borger's Bulldogs at 4 p.m. today when the two clashed in a District 3-4A game at Huber Park here.

Mike Clark, who demonstrated Tuesday that he could play second base with the best of them in an infield shakeup, was expected to return to the more familiar surroundings of the pitcher's mound today in quest of his fourth win of the year as against three losses.

Bob Connelly, who stands 4-3 for the year for Borger, was to be Borger's starter. Connelly beat Pampa in the two teams first meeting, 8-3, as he gave up four scattered hits and struck out 16 Harvesters. After suffering three losses since his win over Pampa, Connelly returned to form Tuesday in downing Amarillo, 2-1, on a three-hitter, and seems to be back on the beam — much to Pampa's displeasure.

Understandably so, Borger is more interested in the outcome of today's battle at Lubbock between Monterey (11-1) and Lubbock (10-2). If Lubbock should upset a 3-4A leading Monterey, the race would be thrown into a tie between the two Lubbock schools.

At that point, Borger enters the picture. Games with Lubbock and Monterey earlier in the year were rained out in Borger and in case of a district tie, both Lubbock schools must return to Borger for single games. If Borger beats either one of the Lubbock teams, the other is the champion. If both schools beat the Bulldogs, then a playoff will be set up between Lubbock and Monterey for the title won by Monterey last year.

Steady John Arthur led Pampa into today's game with a .333 average in district, followed by Keith

ALLEY OOPS! — Little Buzz Brown spills the pins for a strike at Skokie, Ill. In a perfect picture of bowling togetherness, Buzz's parents, Muriel and Ed Brown, cheer their son on in their favorite sport.

Sherluck Scores Impressive Win

By United Press International

Chances are the Kentucky Derby winner won't lead from start to finish in capturing the first leg of the triple crown classic but you'd never know it by the way the Derby prep are going.

Jockey Braulio Baeza took Sherluck to the front of the pack at the state of the mile and one-eighth test and was never headed. Flutterby, the 8-5 favorite of the 8,810 fans at Keeneland, finished second and Mr. Consistency ran third among the field of eight.

Gregory (.296), Butch Crossland (.242) and Gerrel Owens (.200) to round out the .200 or above PHS hitters.

WIN PISTOL SHOOT

WASHINGTON (UPI)—The U.S. Military Academy won the 1961 intercollegiate pistol championship Thursday by firing 1,120 out of a possible 1,200. Dick O'Keefe of the U.S. Coast Guard Academy captured the individual title with 287 out of a possible 300.

Wynn Wins No. 286 As Chicago Triumphs

By MILTON RICHMAN United Press International

Minnesota's transplanted Twins have played only a handful of games so far, but have you noticed one is calling them Cookie's Crum Bums any more?

Even old Ty Cobb is impressed by them! Cobb tossed out the first ball in Los Angeles Thursday and then sat back and watched Cookie Lavagetto's surprising Twins ruin the Angel's home debut with a 4-2 victory that catapulted them into first place in the American League.

The crowd of 11,931 was considerably below expectations but the Twins, whom Cobb last saw as the old Washington Senators, certainly weren't. They spotted the Angels a two-run lead in the second inning and then took over to register their ninth victory in 12 starts.

Earl Battey, a native of Los Angeles who played his early baseball there, was the local boy who came home to haunt the Angels. His three-run homer off Eli Grba in the sixth inning clinched the outcome and sent the new AL entry down to its eighth loss in nine games.

Camilo Pascual won his second straight game although Ray Moore relieved him when Los Angeles threatened in the eighth. Earl Averill's two-run homer in the second represented all the Angels' runs.

In other AL games, the New York Yankees defeated the Cleveland Indians, 4-3; Boston beat Detroit, 5-2; Chicago clipped Kansas City, 9-1, and Baltimore blanked Washington, 5-0.

The Chicago Cubs downed the Cincinnati Reds, 5-2, in the only National League game scheduled. Mickey Mantle won the game for the Yankees with a tremendous triple in the seventh inning and then saved the game for winner Art Ditmar with an even more tremendous catch in the ninth.

With two out, Tony Kubek on second and the score tied at 3-all in the seventh Mantle laid out by an outside fast ball served up by Johnny Anonelli and rapped it 407 feet against the right center field bleacher wall.

Then in the ninth, with two out (See WYNN, Page 11)

ACC Makes Bid For Four Marks In Penn Relays

PHILADELPHIA (UPI) — Abilene Christian, early favorite to win four major titles, makes its first bid for an American relay championship while Michigan puts two of its crowns on the line today in the opening of the 67th annual Penn Relays.

The two-day meet will begin traditionally with the 440-yard hurdles at noon, EST.

The Wildcats from Texas, with 10 speedsters available, were bidding for the distance medley championship defended by Michigan, the first of the eight major meet crowns to be decided.

Michigan also had its four-mile title up for defense an hour after the distance medley with the Wolverines facing top opposition from Harvard, a good Penn State team, and Maryland.

Abilene Christian remained a favorite to cop four titles despite the loss of Calvin Cooley, lead-off man for the 440 and 880 relays where they already have bested the carnival records in earlier performances.

The dopsters also had them listed to beat Villanova in the mile and thus end a six-year stranglehold Villanova has held on this annual glamour event of the games.

1960 Title Rematch Looms

PCC Golf Play Enters Finals

With two flight champions already decided, the annual Pampa Country Club Men's golf tournament heads into its final weekend of play tomorrow with a strong possibility of a rematch of last year's championship flight.

In this week's play, Ray Kuhn downed Jack Thorpe, 1-up for the fourth flight trophy, while Jeff Truly moved past Jerry Boston, 2-1, for the fifth flight championship.

In the championship flight, Dr. Foster Elder, the defending PCC champion, made it to the finals.

Weekend Pairings

Championship Flight: Elder vs. winner of Hickey-Prigmore.
 First Flight: L. L. Garren vs. winner of Scott Hall Jr. — Grover Hofess.
 Second Flight: Dr. Frank Kelly vs. Les Hart.
 Third Flight: R. A. Baker vs. winner of David Pattison-Walter Pung.
 Fourth Flight: Kuhn (champion) vs. Truly (champion).
 Fifth Flight: Truly (champion) vs. D. E. Holt.
 Sixth Flight: Dallas Bowsher vs. D. E. Holt.
 Seventh Flight: Grover Austin vs. Kay Fancher.

Whitt Fires 8-Under Par For Texas Open Lead

Balding Hangs Stroke Behind Red-Hot Pacer

SAN ANTONIO, Tex. (UPI) — Don Whitt, a 30-year-old Californian who often claims he has trouble getting a good start, couldn't complain today as he sought to protect his one-stroke lead going into the second round of the \$30,000 Texas Open golf tournament.

For the Borrego Springs, Calif., pro fired one of the year's better rounds Thursday when he put together a 31-31—63 eight under par to grab the opening round lead. But that lead was anything but comfortable despite a round that has been bettered only twice this year among the touring pros.

GOOD UNION — Fred Green, towel over his head, relaxes in the bull pen. The big left-hander shows unmistakable signs of rapidly becoming more than a middle man in the Pittsburgh Pirates' pitching scheme.

Giants Grab Bailey In Three-Man Trade

CINCINNATI (UPI) — The San Francisco Giants gave up three players for Ed Bailey today and feel the slugging 30-year-old catcher was worth it because he could bring them the National League pennant.

To get Bailey, who has played in three All-Star games, the Giants had to turn over second baseman Don Blasingame, catcher Bob Schmidt and a third player to be named later to the Cincinnati Reds.

The deal was hailed as "a good one for us" by both sides. "We needed a second baseman badly and we think we got a good one in Blasingame," said general manager Bill DeWitt of the Reds, who actually swung the deal over the long distance telephone with Chub Feeney of the Giants in Milwaukee.

Sox Drop To Second

Missions Nip Buds, Vault Into TL Top

By United Press International

San Antonio took over the Texas League lead Thursday night from Amarillo in a 12-inning, 6-5 battle with Victoria's Rosebuds.

The victory and Amarillo's 8-7 loss to Austin's Senators pushed the Missions back to the top. Valley took a 3-2 decision from Tulsa, decided once again in the last of the ninth.

...Wynn

(Continued from Page 10)

and a Cleveland runner on first, made a brilliant one-knee sliding catch of Bubba Phillips' liner that looked like a sure triple.

The victory boosted the Yanks to within a game of the second-place Tigers, who ran afoul of the Red Sox.

Vic Wertz and Russ Nixon each hit two-run homers off Detroit loser Jim Bunning, but the real Boston hero was reliever Dave Hillman. He took over for starter Ike Delock in the third inning and held the Tigers scoreless on three hits the rest of the way to post his first victory of the campaign.

Early Wynn pitched a five-hitter for the White Sox against the A's for the 288th triumph of his major league career. The 41-year-old Wynn's job was made easy by Minnie Minoso, who drove in five runs, and Nellie Fox, who collected four of Chicago's 14 hits.

Victoria ran up a 5-1 edge that was nullified in a seventh inning four run explosion that chased starter Dave McNally and set up reliever Merlin Nippert for the kill. Fred Burdette, who joined the Missions this week from Denver, got credit in four innings of work.

Amarillo used six hurlers in holding the never-say-die Senators to 11 hits, including Tom Brown's solo homer. It was all tied up 4-4 when Phil Niekro took over in the eighth and had to have help from Roger Clapp in the ninth to put out a fire that produced three runs.

But the Senators promptly showed four across to move into third place a game back and a half-game behind Amarillo and give Clapp the victory. Jim Bouton was charged with the loss.

Wayne Schurr went the distance for Valley, giving up five hits and runs in the fourth and fifth to match the Giants pair in the second. Bill Carpenter, who took over for the Oilers' Bob Blaylock in the eighth, got tagged with the loss.

MEET IN 12-ROUNDER

BUFFALO, N.Y. (UPI)—Jackie Donnelly of Buffalo and Paoli Risti of New York will meet in a 12-round bout for the New York state lightweight championship here May 16, it was announced today.

Austin Cops City Elementary Track

Stephen F. Austin Elementary School, paced by Jerry Matheny's 31 points, ran off with the fifth annual sixth grade all-city track meet at Harvester Park yesterday afternoon in near-perfect weather.

Austin scored 83 1/2 points to win the title, while Houston and Baker tied for second with 52 points. Of Houston's 52 points, Jack Thompson racked up 33 to take individual honors in the all-afternoon meet.

Point totals for the other five schools in the meet were Lamar (51), Wilson (35), Travis (22 1/2) and Mann (9).

Four records fell in yesterday's running, including the oldest one on the five-year-old books when

Thompson threw the shot 38' 5" to break the old mark of 34' 11 1/2" set in 1957 by Don Farmer, then of Wilson.

Thompson broke another record in the high jump when he leaped 4' 5", an inch higher than the old mark set last year by Frank Phillips of Travis.

Matheny had his hand in the two-other new records as he ran a 9.71 to win the 75-yard dash, beating Keith Griffith's record of 9.85 set in 1959 while a student at Houston, and Matheny was a member of the 440-yard relay team that zipped to a 58.3, chopping three-tenths of a second off the old record set by Travis in 1960.

ELEMENTARY TRACK RESULTS

High Jump: Jack Thompson, Houston; Troy Edwards, Baker; Gary Smith, Baker; Smisson Goodlett, Austin; Larry Stevens, Don Ben, both Lamar, and R. D. Rawden, Wilson, (tie). Height: 4'5" (new record; old record 4'4" set by Frank Phillips, Travis, 1960).

50-Yard Dash — Goodlett, Austin; Ben, Lamar; Jerry Matheny, Austin; Thompson, Houston; Jackie Blum, Wilson; Jack Strickland, Baker. Time: 6.7.

Football Throw: Doc Cornutt, Houston; Thompson, Houston; Ricky Tarrant, Lamar; James Matney, Travis; Edwards, Baker; Alonzo Gomez, Baker. Distance: 142' 8".

220-Yard Relay: Baker (Strickland, Lonnie York, Jim Baker, Darrell Smith); Austin; Lamar; Wilson; Houston; Mann. Time: 58.6 set by Travis in 1960.

Shot Put: Thompson, Houston; Tarrant, Lamar; Harlan Feese, Mann; Bruce Raines, Lamar; Cornutt, Houston; Gomez, Baker. Distance: 38' 5" (new record; old record 34' 11 1/2" set by Don Farmer in 1957).

440-Yard Relay: Austin; Wilson; Baker; Travis; Houston; Mann. Time: 58.3 (New record; old record 58.8 set by Travis in 1960).

CORN ACREAGE AND PRODUCTION

MORE FROM LESS—Prospective corn plantings for '61 as of March 1 estimates are down slightly from 83 million acres planted in '60. A more substantial reduction could occur, depending on extent of participation under the 1961 feed grain program. Newschart shows how rising corn yields have boosted production more than 50 per cent in the last 15 years. Data from Department of Agriculture.

Teenagers, Wealthiest In History, May Hold Key To Economic Future

NEW YORK (UPI)—The nation's 13-to-19 year-olds, the wealthiest adolescent generation in history—may hold the key to economic success in the 1960s.

These 20 million teenagers last year spent more than \$11 billion. Added to the billions spent on teens by others, and the influence teenagers exert on family spending, the impact on American commerce becomes staggering.

And many marketing experts feel that this is just the beginning of a golden era in teen spending.

The baby boom of the late 1940s now is pouring more than one million 13-year-olds into our population figures each year, and by 1970 we will have some 27 million teen-agers with an expected spending power of at least \$14 billion, according to the Mennen Co., manufacturer of teen-age products.

A look at how these youngsters spent their money in the past

ACTRESS EXPECTING
NEW YORK (UPI)—British actress Frances Cuka has replaced Joan Plowright in the Broadway cast of "A Taste of Honey." Miss Plowright, wife of Sir Laurence Olivier, has withdrawn from the drama because of pregnancy.

ACTRESS IN HOSPITAL

Let's Keep Rolling Ahead

We Americans invented mass production, then we had to build mass demand to keep the wheels turning. For this purpose we called upon advertising—the most effective and economical means of creating mass demand. Soon we had more jobs, higher incomes, and better living conditions. And there isn't any limit to how much farther we can go, if we just keep it rolling!

The Pampa Daily News

ORTHO OPEN HOUSE

Friday & Saturday April 28 & 29

DUST AWAY BUGS & BLIGHT WITH THIS FREE ORTHO ROSE DUSTER!

FREE \$1.49 VALUE
for limited time only
WITH PURCHASE OF 1 LB. \$1.49 PACKAGE OF ORTHO ROSE DUST

Easiest Way to Control BUGS & DISEASE! Just squeeze the plastic, refillable ORTHO Rose Duster to release both insecticide and fungicide protection—Lindane, Pyrethrin, DDT. Rid plants of aphids, mildew, black spot, rose rust, red spider mites, Japanese beetles, thrips... most insects and diseases that ravage gardens.

LEFORS PERSONALS

By MRS. CHARLES ROBERTS

Mr. and Mrs. E. D. Crutchor, of Miami visited in the R. W. Lanny Atchley, and Royce Crute, went to Hobart, Okla. recently, and took his sister, Mrs. Hattie Line, who lives there, to Hollis. Ruth Crutchor and David went to Breckenridge recently to visit an aunt.

Royce Crutchor is stationed in Camp Hood where will receive training there, after having spent three years in Germany.

Mrs. Henry R. Barnes was recently dismissed from Highland General in Pampa.

The Rev. Jeff Moore, guest preacher from Borger, conducting services in the Baptist revival was a house guest with the Rev. and Mrs. L. M. Berry and son Ronnie.

Mrs. B. J. Spradlin under went surgery in Highland General Hospital Wednesday.

Mrs. Boyd Beck, Mr. and Mrs. Jeff Bradley, and Mrs. Bill Mullins went fishing over the weekend to Ft. Cobb, Okla.

Mrs. Edd Cates is in Borger visiting friends and relatives. She is expected to return this week-end.

Miss Margie Nichols, daughter of Mr. and Mrs. Claude Nichols, won Sophomore Senate post No. 4 on the campus of West Texas State College, in a recent campaign. Her duties will begin with the fall semester in September.

Mrs. Sadie Lane and Charles went to Wellington Thursday to visit relatives.

Mrs. Tom Gee, Glenna and Royce, accompanied by Miss Mildred Johnson of Pampa, recently visited Mrs. Gee's mother, Mrs. Mattie Moore in Vernon.

Miss Delia Craig and Newt Cox

Browsing Around In Uncle Sam's Bookstore Declared Interesting

By DICK WEST

WASHINGTON (UPI) — A good way to keep abreast of literary and social trends in America is to spend a rainy afternoon browsing around in the U.S. government bookstore.

It is also, I might add, a good way to keep from getting wet. I found this out recently when a sudden shower-caught me near the bookstore, sans raincoat. I had a choice of taking refuge there or in the post office across the street.

Since reading material in a post office usually is limited to "wanted" posters for federal felons, I chose the bookstore. I was glad that I did.

When I emerged a half-hour or so later, I was both mentally stimulated and as dry as a government pamphlet on "screw thread standards."

The screw thread pamphlet, incidentally, is on the bookstore's best seller list. That is what I meant when I referred to literary trends.

Possibly nobody would be astonished to learn that the govern-

ment bookstore is one of the largest in the world. We have come to expect things like that from the government.

What makes it astonishing is the fact that it puts money into the Treasury, thus vicing the versa of most federal functions. Excess receipts currently total more than \$4 million a year.

The bookstore has in stock about 30,000 different government publications embracing, to quote one document I ran across, "nearly every field of human living."

Moreover, the publications are not restricted to human living. Prominently displayed on the shelves is a booklet on the control of "horse bolts."

I counted, while waiting for the rain to stop, 48 documents on child care, 43 documents on food, and 32 documents on Communism.

LEVINE'S

That is what I meant when I referred to the bookstore as a weathervane of social trends.

The all-time best-seller (11,593,065 copies) is a booklet entitled "Infant Care," followed by one entitled "Prenatal Care," followed by one entitled "Your Child From One to Six."

"Your Child From Six to Twelve" is fifth on the list, sandwiched between "Your Federal Income Tax" and "Your Social Security."

This ranking provides a pretty good indication of the things that we Americans worry about and the order in which we worry about them.

But coming up fast are such atomic age publications as "Prospecting for Uranium" and "Living With Radiation."

I was rather surprised to find that "Septic Tank Care" is No. 9 on the list, ahead of such appealing volumes as "Technique of House Nailing" and "Elevator Systems of the Eiffel Tower."

The hedgehog is the European porcupine.
