Adenauer Speaks — Teacher Salary Bill Considered By Legislature

AUSTIN (UPI) — Sen. A. M. Aikin Jr. of Paris hoped to put public school teachers a step nearer an \$800 annual pay raise today.
He asked senators to consider a bill to hike salaries so that the minimum for a teacher with a bachelor's degree would be \$5,094 a year and the minimum for a master's \$6,075.

Giant Snowstorm Hits In Midwest; Texas Warms Up

By United Press International
A giant spring snowstorm that caught the Midwest off guard drifted broomstick high today and stranded thousands of persons in travel terminals, farm homes and makeshift roadside shelters.
The near-blizzard measured up to 15 inches at Duluth, Minn. It closed dozens of major highways, hid rural roads in seven states and virtually paralyzed long distance ground and air commercial traffic in Chicago, the nation's transportation hub.

The wave of icy Pacific air that brought Texas some of the coldest late spring weather in history, over the weekend began breaking up over the state today as clear skies allowed the sun to push temperatures up into the 70s and 80s. Overnight lows dipped back below freezing in the Panhandle, but readings were nowhere near the record - setting cold of early Sunday.

At least 30 deaths were attributed to the weekend storm. Unaccounted traffic accidents in Illinois, Wisconsin, Iowa, Minnesota, Indiana, lower Michigan and northeast Ohio ranged from dented fenders to multiple crumpups. Harried Illinois State Patrol officers said there would be "no attempt" to estimate the total number of collisions.

Vehicles were left by the hundreds in mounting drifts in the upper Midwest, and included several abandoned traffic patrol cars. Passengers evacuated a bus at Grand Ridge, Ill., between Ottawa and Streator. Through train schedules turned into "cattle runs," stopping at every station to pick up stranded travelers. At Chicago, an American Airlines spokesman said the carrier planned "virtually no traffic" before mid-afternoon today.

Commission Will Meet Tomorrow

Pampa's brand new mayor and city commissioners will be on their own for the first time when they hold their regular weekly meeting in City Hall tomorrow morning.
Mayor E. C. Sidwell and Commissioners Lloyd Simpson, New T. Secrest, Leon Holmes and L. P. Fort were sworn in at the final meeting of the old commission last Tuesday.

City Manager John Koozits said today his agenda for tomorrow's session was a light one. The commission will give a third reading and take final action on an ordinance for several paving projects in North Pampa and discuss revision of a plat in the E. Fraser subdivision No. 2.

Commissioners also will discuss further an appeal from the management of the Duncan St. Safety Store for re-routing traffic during repairs being made on the Duncan St. bridge.

Wheels not balanced cost you money, our Bear equipment can spot the trouble, come to Pampa Safety Lane, 411 S. Cuyler. Adv.

Castro Forces Clash In Violent Seafront Battle With Invaders

BLOODY HANDS — These are the hands of Adolf Eichmann, bloodied by the death of millions of Jews ordered destroyed during World War II. Eichmann's trial on the murder charge in Jerusalem, Israel, has been adjourned for "Holocaust Day," commemorating the deaths of the Jews at the hands of the Nazis.

C-C Will Hear Talk By Kansan On Communism

One of the country's outstanding speakers against communism will address the monthly membership luncheon of the Pampa Chamber of Commerce in the Starlight Room of Coronado Inn next Monday.

He is Fred C. Koch, retired businessman of Wichita, Kan., who is devoting his life to an expose of communism — what it is, what it does and how it functions.

Koch, a native Texan who born in Quanah, has spent a great deal of time in Russia and has conducted a wide field of research on communism and its operation in Russia and the United States, especially its method of infiltration in this country.

E. O. Wedgeworth, chamber manager, said today Koch is a speaker who knows his subject from A to Z and who will startle his listeners with his factual presentation.

Reservations for next Monday's luncheon may be made by calling the Chamber of Commerce office in the City Hall. Wedgeworth said it would be advisable for those planning to attend to get their reservations in early. He said a sell-out is expected for the luncheon.

Mrs. Johnson Will Entertain Editors' Wives

WASHINGTON (UPI) — Lady Bird Johnson, wife of the vice president, is planning a red carpet reception for the wives of editors and publishers who attend the United Press International Conference June 8-9.

The ladies also will be taken on a special tour of the spruced-up historic rooms of the White House.

Mrs. Johnson will invite ladies of the Cabinet, Congress and the diplomatic corps to meet the UPI delegates' wives.

Israel's Court Upholds Right To Try Eichmann

JERUSALEM, Israel (UPI) — Moshe Landau slam the door on any possible technical escape.

Landau, speaking briefly and quickly in Hebrew, threw out one of the challenges made by the defense against the jurisdiction of the court — that the three Israeli judges if either of their members' families might have been victims of Nazi terror.

"It's true," said Landau, "that the holocaust terrified every Jew but it's our duty to conquer these feelings. Judges dealing in this trial are experienced judges, accustomed to weighing the evidence. The accused is being defended by an experienced counsel. We will fully observe the guarantees provided an accused by law."

The court also ruled it irrelevant that Eichmann was kidnapped illegally by Israeli agents, as charged by the defense.

The court's ruling consumed about 20 minutes and the judges then got down to the business at hand — proceedings that will decide Eichmann's guilt or innocence.

Laos Truce Accord Not Yet Reached

MOSCOW (UPI) — Reliable diplomatic sources said today that Russia's reply to Western proposals to restore peace in Laos indicated a qualified acceptance of an immediately cease-fire appeal, but no agreement has yet been reached.

The sources said the Soviets still do not see eye-to-eye with the West on a timetable aimed at bringing a final Laotian settlement.

They said there still seemed to be some dispute over whether the cease-fire appeal should precede the convocation of an international conference on Laos as the Western powers insist.

Revolutionaries Launch Cuban Liberation Drive; Report Beachhead Won

Question Raised About Possible Florida Attack

MIAMI (UPI) — The landing of two Cuban air force bombers in Florida led to conjecture today whether Fidel Castro might not bomb Miami with impunity should he reach a point of desperate hysteria.

The Miami News, in a story headlined "Had It Been an Enemy," pointed out that a B26 bomber plainly marked with Cuban insignia put down at busy Miami International Airport Saturday apparently without challenge by U. S. planes.

The pilot had radioed "Mayday" — the international distress call — when about 50 miles outside of Miami. A Spanish-speaking controller in the airport tower guided down the bullet-riddled bomber.

A second plane, which participated in the attacks on the military installations on Cuba, landed at Boca Chica naval air station near Key West. It carried two men.

All three were granted political asylum in the United States.

The Miami-arriving pilot identified himself as a defecting lieutenant of the Cuban air force seeking asylum.

But what if he had not been? Suppose Castro, in rage over the attack, had ordered another B26 to fly with bombs to Florida and employ the guise of a defecting pilot?

Radio Airtels Coded Note In Spanish

MIAMI (UPI) — A clandestine radio station repeatedly broadcast a mysterious coded message Sunday night in Spanish.

United Press International

Cuban revolutionaries invaded their island homeland by air and sea today and clashed with Fidel Castro's forces in a violent water front battle just 90 miles from Havana.

Launching a long-awaited offensive against Castro, the revolutionaries invaded from the sea shortly after midnight. They struck into the swampy area around the bay of Cuchinos which lies south of Matanzas Province.

Several hours after dawn the government internal radio communications system — commanded by the army-reported the invaders were dropping by parachute, planes were bombing and strafing the beachhead area, and two gunboats were supporting the assault.

This was the beginning of "the battle to liberate our homeland from the despotic rule of Fidel Castro and rid Cuba of international cruelty and oppression."

Radio Swan, the powerful anti-Castro transmitter on a Caribbean island, broadcast Miro Cardona's proclamation of revolt to all Cubans and said Castro's civilian militia was "starting to disband."

"Forces en masse have united with patriots of the liberation army," it said. "Citizens unite with the liberation."

There was no independent confirmation of this in the first hours of the morning, Castro's Ministry of Public Works radios provided a

MIAMI (UPI) — The Havana radio station CMQ broadcast an official announcement today that Premier Fidel Castro has declared a state of national emergency.

minute by minute description of the battle.

part of the invasion force. The government reports indicated the invaders had established at least one firm beachhead. One intercepted broadcast said five militiamen were killed and three injured in the early morning fighting.

Castro rushed a battalion of soldiers to the battle area. Revolutionary leaders in exile in the United States said a simultaneous uprising had begun within Cuba.

They said it was signaled by a (See CASTRO, Page 3)

Film Land Ready For Oscar Fete

SANTA MONICA, Calif. (UPI) — Elizabeth Taylor, making her first public appearance since her brush with death in the sentimental favorite to win the best actress Oscar tonight at the Academy Award presentations.

Comedian Bob Hope will be master of ceremonies. Nominees in the top five categories are (with favorites listed first):

Best actress: Miss Taylor (Butterfield 8), Greer Garson (Sunrise at Campobello), Deborah Kerr (The Sundowners), Shirley MacLaine (The Apartment), Melina Mercouri (Never on Sunday).

Best actor: Burt Lancaster (Elmer Gantry), Jack Lemmon (The Apartment), Trevor Howard (Sons and Lovers), Spencer Tracy (Inherit the Wind), Laurence Olivier (The Entertainer).

Best supporting actress: Shirley Jones (Elmer Gantry), Janet Leigh (Psycho), Mary Ure (Sons and Lovers), Shirley Knight (Dark at the Top of the Stairs), Glynnis Johns (The Sundowners).

Background Of Birch Society Dispute Traced

EDITOR'S NOTE: Since the John Birch Society has become a major subject of controversy throughout the nation, The News is running a four part series by M. C. Maloney, a Freedom Newspaper news editor, who made an exhaustive study of the Society. The second article in the series follows:

into the national spotlight. Just a month ago the society was relatively unknown. Today it is an almost universal subject of speculation and topic of discussion in barber shops, beauty salons, women's clubs, social and service organizations — any place where people exchange ideas.

What are the things that have focused public attention on the organization which says it is dedicated to a death struggle with communism? What is the stated basis of criticisms of the society whose declared ultimate goal is "less government, more responsibility, and a

better world" yet whose detractors have called it perhaps more dangerous than communism? Sen. Thomas H. Kuchel, R-Calif., expressed the point of view of a major group of the society's detractors when he denounced on the Senate floor the society and its founder, Robert Welch.

Kuchel urged that Welch be called before the Senate Government Operations Committee for attempts to besmirch the character of former President Dwight D. Eisenhower, Chief Justice Earl Warren and others.

He claimed Welch "accuses Dwight Eisenhower of being a card-carrying Communist."

Other lawmakers have charged the society and Welch with connecting former Presidents Franklin Roosevelt and Harry Truman with the communist conspiracy and labeling them tools of the Communists.

Charges of fascism, subversion, un-Americanism by its critics are balanced against responses of patriotism and a dedicated knowledgeable fight against communism — these are the things which have skyrocketed the John Birch Society

enough to publish it or to say it in public and I don't today."

Welch has replied to a query about his statements in "The Politician" concerning Presidents Truman and Roosevelt and the late Secretary of State John Foster Dulles as tools of communism.

"They were being used by the Communists — I never said they were Communists and I don't say it now."

In the "Blue Book," official publication of background, aims and principles of the Birch Society, Welch expresses his views on the part played by Roosevelt

enough to publish it or to say it in public and I don't today."

Welch has replied to a query about his statements in "The Politician" concerning Presidents Truman and Roosevelt and the late Secretary of State John Foster Dulles as tools of communism.

JFK Aided Castro's Influence, GOP Says

WASHINGTON (UPI) — A Republican member of the Senate Foreign Relations Committee has charged that President Kennedy strengthened Fidel Castro by pledging not to help overthrow the Cuban dictator.

Sen. Homer E. Capehart, R-Ind., said Kennedy should have kept the Cuban premier guessing. The President told his last news conference that the United States and its citizens would not interfere in Cuban affairs.

Capehart said Sunday night Kennedy knows "Russia and the Communist countries are shipping Castro millions and millions of dollars worth of war material and helping him in every conceivable way."

Anti-Castro forces are not going to overthrow him "unless they get military supplies and money and help from some source," Capehart said. "Yet we say we're not going to give the anti-Castro forces any help."

He said Kennedy was "practically saying to Castro that you've got a free rein now. That the United States is not going to interfere with you and go ahead and do what you please."

"We're simply putting Mr. Castro in a position where he'll get stronger, rather than weaker," Capehart added.

Hospital Problems Graphically Displayed By TV's 'White Paper'

NEW YORK (UPI)—The street signs read, "Hospital Zone. Quiet." Perhaps another sign should be added: "Hospital Zone. Help!"

"Anatomy of a Hospital," the one-hour documentary that is No. 5 in the "NBC White Paper" series, Sunday night unfolded a thoroughly disturbing story in a thoroughly professional style. We were presented with a cinematic dissection of the City Hospital in Cambridge, Mass., in order, as narrator Chet Huntley explained, to see the hospital crisis in human terms. The Cambridge hospital story is being repeated across the country. It includes overworked staffs, undermanned departments, rising costs for care, budget cuts, and scores of problems stemming from each corner-cutting procedure.

The documentary, produced by Al Wasserman, never strayed from the human terms with which it set out to deal. The films succeeded in taking the viewer all through the hospital, treating us to everything in the building but the smell of ether and disinfectants. Upon completion of this behind-the-scenes tour, we learned that the hospital wouldn't get the \$3 million it wanted for its 1961 budget.

Said the hospital trustee: "The job is to make people understand what we need." By stating the needs in calm, objective and unforgettable terms, this program should do much to help mobilize opinion for more concerted attacks on our hospital problems. The program also left me hoping that a follow-up will deal with what it takes to begin to solve our hospital crisis.

"Omnibus" concluded its season Sunday by spinning the crystal ball along a rough calypso journey through the Western Hemisphere.

"Western Hemisphere—1971" set out to survey the basic changes that can be expected during the next decade in North, Central and South American countries.

Unlike past "Omnibus" presentations, this hour on NBC-TV was unable to excel in its own specialty: Tying together an unwieldy but important subject with effortlessly entertaining product on flourishes.

On hand to project affairs to 1971 were Prof. Samuel Beer of Harvard who spoke on "government"; Ambassador German Arciniegas of Columbia, speaking on "culture"; Dr. Clodomir Vianna Moog of Brazil, on "sociology"; Dr. Claude Bissell, president of the University of Toronto, on "Education," and Dr. Raul Prebisch of the Economic Commission for Latin America, on "economics."

Each lecturer faced the TV camera alone and spoke eloquently in general terms. Drs. Prebisch and Arciniegas generated passion and avoided commitment to the lure of shiny optimism. Dr. Beer contributed a sobering evaluation of Fidel Castro's future impact upon Latin America.

Between each lecture, attempts were made to use the songs of Ruper Grant and his calypso group as musical bridge-builders. This gimmick played poorly and smacked of condescension toward the audience—an unusual failure for an "Omnibus" show.

For the season, "Omnibus" scores six hits in seven at-bats.

Special Diploma For Hard School Courses Urged

Austin Bureau

AUSTIN — An "Academic Diplomas" awarded to Texas high school students who have completed a high-level course of study, was proposed in a resolution introduced in the House by Rep. Henry C. Grover of Houston.

A high percentage of students who fail to pass college entrance examinations, the resolution said, is often due to the lack of thorough training in academic subjects in secondary schools.

Under provisions of the resolution, recipients of "Academic Diplomas" would be required to have completed 16 to 18 credits in "hard" subjects.

Grover said in the resolution that students aim at a wide variety of goals in life and that the curriculum of secondary schools has been broadened to accommodate their diversified interests, which partially accounts for many students failing college entrance exams.

The resolution suggests that "Academic Diplomas" be awarded to students who have earned credits in English, algebra, trigonometry, plane or solid geometry, calculus, history, botany, biology, chemistry, physics, foreign language, civics, economics, sociology, geography and other academic subjects.

UNDERGROUND GROUP — Here is a recent picture, made in Las Villas province, of a group of Cubans engaged in a revolutionary effort to overthrow Dictator Fidel Castro. Recently there has been an intensified effort to mass forces against Castro.

Kennedy Wants Intimate Link With Africans

WASHINGTON (UPI) — President Kennedy told African diplomats Saturday he hoped for a "more intimate and closer attachment year by year" between the United States and African nations.

He spoke at an Africa freedom day reception at the State Department just before leaving by helicopter for Glen Ora, his country estate in Virginia. Mrs. Kennedy and her daughter went to the weekend retreat Friday night.

The President told ambassadors and officials of 24 African states at the reception that his administration wants to be "intimately associated" with their drive for independence, peace and economic development.

Sun Oil Starts Its Mississippi Unitizing Plans

United Press International

Sportsmen sensitive to possible contamination of good fishing waters are pleased that the state is planning to take over some control in handling of radioactive materials.

But another fishing problem, construction of piers, has sportsmen hot under the collar.

A bill which at this writing was scheduled to be signed by the governor would bring to the state power to regulate and inspect users of radioactive materials, a power now held by the Atomic Energy Commission. The governor will have to enter a specific agreement with the AEC to spell out where the state power ends and that of the AEC begins.

But basically, the state can begin to control users of by-product radioisotopes, source materials uranium and thorium and small amounts of nuclear material — not enough to support an explosive chain reaction. Large chain reaction amounts would be left to the AEC control.

The legislation does not mention disposal, leaving control of waste handling to the AEC. But the Senate bill's sponsor, Sen. Culp Krueger of El Campo, said the bill provides the state a "vehicle whereby it can begin to contract with the AEC for research, use, licensing, and control."

Sportsmen take this as encouragement that an agency a little closer to home will begin to look after possible damage to Texas wildlife through use or disposal of atomic materials. Cecil Reid, executive secretary of the Sportsmen's Clubs of Texas, Inc., said Charles Barden, who heads the occupational health division of the State Health Department, said many people feel this is a state function, "like control of polio and typhoid," to control radioactive materials. Barden, who handles radiological problems for the department, added, "we will need to get out a public education program with this, too. We want people to know radiation is like

Borger's School Directors Oppose U.S. Assistance

BORGER, Tex. (UPI) — The Borger Independent School District released a resolution opposing federal aid to education Saturday, and said it will be sent to Congress.

The resolution referred specifically to federal aid to education bills now before both houses in Congress, and said it can "only result in control being taken from the local board."

Dr. W. G. Stephens, board president, said the resolution was approved at the board's regular meeting earlier this week.

The resolution said the Borger board believes control of education should be kept on state and local levels, because "inevitably federal control follows any federal aid."

CANCER GRANT MADE

DENTON, Tex. (UPI) — The National Cancer Institute of the U.S. Public Health Service has awarded \$10,449 to North Texas State College for cancer research.

Dr. Price Tritt, professor of chemistry, said the grant would permit continued research on a project known as "Synthesis of Naphthoquinones for Anti-Tumor Testing."

electricity — it can work for us." Sportsmen have long opposed attempts to let companies dispose of wastes in the Gulf, contending that dumping would hurt valuable commercial and sports fishing areas.

The SCOT also says it doesn't want coastal areas sprinkled with fishing piers if that means taking money away from better projects.

Phillips Announces Credit Card Plan

BARTLESVILLE — Most Phillips Petroleum Company service stations will begin this month to honor Diners' Club credit cards for retail purchase of gasoline and other supplies and services for motorists. Signs and decals will identify all stations honoring the credit cards.

The arrangement will be extended as rapidly as possible, and officials expect that soon nearly all of the 18,000 Phillips 66 service stations and marina dealers, located in a 40-state area, will be participating.

In announcing participation by Phillips dealers in the Diners' Club program, E. H. Lyon, Phillips vice president, sales, and Alfred Bloomingdale, Diners' Club president, pointed out that the new credit card service added a valuable convenience to the more than one million club members and a welcomed opportunity for Phillips to serve them.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Parkwood 4-Door 9-Passenger Station Wagon — one of 81 people-pleasing models at your Chevrolet dealer's.

The climate couldn't be better for buying a new JET-SMOOTH CHEVROLET

(and that's the car more people are buying!)

There's nothing like one of these Jet-smooth Chevrolets to fit into your summer travel plans. They're built to take long trips in stride—from the special brand-of-"git" they've got under the hood (choose from 26 engine-transmission hookups designed to please the most persnickety driving foot) to the cave-sized totin' area in the rear (the tailgate opening on that wagon measures nearly 5 feet across). And every gentle riding Jet-smooth model brings you Body by Fisher features you won't find in any other car in Chevrolet's field—wide stroke parallel action windshield wipers, convenient-crank-operated ventpanes, one key that fits all locks. No wonder more people are buying Chevrolets than any other make! And right now—with things brightening up all over the land—you couldn't pick a better time to drop in and check the beautiful buys that are blossoming out at your dealer's.

See all the new Chevrolets at your local authorized Chevrolet dealer's One-Stop Shopping Center

Teachers To Hear Dr. Floyd Golden

Dr. Floyd D. Golden of Amarillo, past president of Eastern New Mexico University will be guest speaker at the Gray-Roberts district 9, Texas State Teachers' Association meeting tomorrow at 7 p.m. in the Pampa High School Cafeteria.

Mrs. Tom Riley, publicity chairman, announced that Dr. Golden has recently returned from Russia where he made a thorough study of kindergarten, boarding school, vocational high school, technical, medical and law schools, research and pedagogical institutes, colleges and university educational systems.

Schools in district 9 are: Pampa, McLean, Lefors, Miami Hopkins, Alfreed and Grandview.

Castro

(Continued From Page 1)

Castro's government network reported at 8:32 a. m. that anti-aircraft ground units had opened up on two planes flying over the beach landing area—apparently identifying them as anti-Castro aircraft. It had identified one plane shortly before as a B26.

At 6:13 a.m. the Matanzas station said a dark grey twin-engine plane with "Cuban markings" was flying in the direction of Larga beach.

The anti-Castro Swan radio, which often is able to drown out Castro's commercial stations with its powerful 50,000 watt transmitter, called on the Cuban people to "attack the Fidelista wherever you find him. Paralyze transportation. Help in any way possible to aid the liberation of Cuba. Follow instructions you are being given by radio."

At 4:45 a. m. Cuban army headquarters had notified the besieged beach forces that Battalion 225 which had been encamped at the Australia sugar mill near Jaguey Grande, north of the landing areas, had been rushed to the beach area.

Birch

(Continued From Page 1)

and then Chief of Staff, Gen. George Marshall in the Japanese attack on Pearl Harbor. "By coercion on the one hand and rewards on the other, Roosevelt contrived to have perjury, postponements, decisions against the evidence, and every necessary means used, before or in connection with one hearing after another, to keep the truth from getting into the record.

"He refused to allow the court martial demanded by Gen. Short and Adm. Kimmel (commanders of the Pearl Harbor Army and Navy forces), to which they were clearly entitled, and he wrecked other service careers brutally and without hesitation, to keep the real facts covered up.

"For the real facts not only constituted plain unadulterated treason on the part of both Marshall and himself, but they would unquestionably have been so regarded at that time by a horrified American public. Exposure at that time might have brought Roosevelt's impeachment, despite the war, and would certainly have been disastrous to the reputations and future careers of both Marshall and himself."

Welch charges that 10 years later, when "the true facts concerning Pearl Harbor were definitely established and made available for anybody who wanted to read them," American public opinion had eased "toward the internationalist left" and many praised Roosevelt for having been so farsighted and such a courageous statesman as to have used this means of getting a united America wholeheartedly into the war.

The Birch founder sees the overall strategy of the communists and pro-communists as a change in the economic and political structure of the United States so "it can be comfortably merged with Soviet Russia in a one-world socialist government."

The hope of the "pro-communists in Washington", Welch says, is that when their efforts to create this one-world government are successful they will be able to rewrite history in such a way as to whitewash themselves in the eyes of those who are concerned with protecting U.S. sovereignty.

A prime current aim of the Birchers, the impeachment of Earl Warren, chief justice of the U.S. Supreme Court, has also come under scathing fire of some lawmakers.

The lawmakers see in this move, a personal attack on the integrity and honor of Warren, as an attempted character assassination.

But Birchers believe the easiest place to destroy the Constitution is in the U.S. Supreme Court. And they believe that many recent decisions by the Supreme Court have subverted states' rights and have, rather than supported the Constitution, tended to tear it down.

HOUSE TO HOUSE CAMPAIGN — Volunteer workers for the April Crusade Against Cancer will be ringing Gray County doorbells tonight in an all out effort to exceed a \$5,200 goal set for the House to House Crusade. The solicitations will begin at 5 p. m. and continue until all blocks in Pampa, Lefors, McLean and Grandview have been covered. The women will wear American Cancer Society identification tags and issue official receipts. Pictured above receiving a donation from Mrs. H. R. Miller, 1033 Charles, is volunteer cancer worker, Mrs. W. I. Noblitt (Daily News Photo)

had pre-empted the sedition filed by passing the Smith Act. The Birch Society contends the court, in turn, has acted in several decisions to nullify the Smith Act.

A report of the American Bar Assn.'s Special Committee on Communist Tactics, Strategy, and Objectives, lists 20 decisions concerning communism made since 1956. The report said: "Other anti-Communist laws which have been targets of the Communist party and which are now nullified or weakened by the foregoing 20 cases are the Subversive Activities Control Act of 1950, the antisedition laws of 42 states, Alaska and Hawaii, key security provisions of the Immigration and Nationality Act of 1952, and the Summary Suspension Act of 1950."

Sen. Barry Goldwater, R-Ariz., leader of the Republican party conservatives, while admitting that some of the court's rulings have given comfort to the communists, doesn't agree with the impeachment movement.

"I think every man has a right to say Warren should be impeached," Goldwater stated, "but I don't agree with the assumption, just as I don't agree with a lot of Warren's decisions."

The Birch Society sees the impeachment move as a fundamental issue.

"We believe that the impeachment of Earl Warren would dramatize and crystallize the whole basic question of whether the United States remains the United States, or become gradually transformed into a province of the world-wide Soviet system," Welch says.

The society makes it clear that impeachment does not necessarily mean conviction and removal from office, although it can do both. It feels "that the evidence of his abuse of his high office is amply sufficient to warrant his arraignment" before the House of Representatives.

And, if impeached by the House, "Earl Warren, like any other American, is entitled to a completely fair trial; by the proper tribunal (the Senate)."

But not all attacks on the Birch Society have come from those in politics.

Dr. Eugene Carson Blake, chief executive officer of the United Presbyterian Church of the U.S., in a recent sermon in Santa Barbara, Calif., denounced the society as fascist and called the Blue Book the manifesto of a fascist totalitarian movement.

He said the society was engaged in a smear campaign against his group and the National Council of Churches with accusations that the churches were sympathetic to communism.

Welch decries the "spiritual vacuum" he says we are living in today and says: "Except for the diminishing number of fundamentalists of all religions, and the increasing but still comparatively small percentage of the human race which has fervently accepted communism as a religion, all faith has been replaced, or is rapidly being replaced, by a pragmatic opportunism with hedonistic aims."

And he opposes the "social gospel" that bypasses all questions of dogmas with an indifference which is comfortable to both themselves (ministers) and their parishioners; and which "social gospel" becomes in fact indistinguishable from advocacy of the welfare state by socialist politicians."

A recent front page story on the Birch Society published by the Hearst newspapers and signed by Frank Conniff, national editor of the papers said: "It can be taken for granted that eventually it (the society) will reveal itself as an anti-Catholic, anti-Semitic movement."

Young Demos Endorse Blakley; Officers Elected

GALVESTON (UPI) — The liberal-dominated Young Democrats of Texas organization today was on record supporting conservative William Blakley of Dallas in the United States Senate runoff election next month.

Some opposition was voiced to the Blakley resolution and one delegate advocated support of Tower because he said "Tower is at least a Republican running on the Republican ticket while Blakley is a Republican running on the Democratic ticket."

Conservatives who opposed the resolution could only muster 125 votes out of 364 against the passage.

Miss Paula Weaver of Dallas was elected president of the group in a liberal caucus Saturday night and Andrew J. Shuvall was named vice president.

Shuvall, president of the Texas Club at the University of Texas, also was named permanent chairman of the convention.

Other officers elected were: Barbara Scott, state secretary; Eileen L. Forte, corresponding secretary; Jim Simmons, treasurer; Mrs. Evelyn Henderson, national committeewoman, and Donald Brown, national committeeman.

Ezra B. Francis Rites Scheduled

Ezra B. Francis, 82, of 515-S. Barnes, a retired farmer, died at 4:30 a.m. today in Highland General Hospital.

Funeral services will be held at 2 p.m. Wednesday at the Nazarene Church with the Rev. A. T. Moore, pastor, officiating. Burial will be in Fairview Cemetery under the direction of Duengel-Carmichael Funeral Home.

Mr. Francis was born Dec. 23, 1878, in Arkansas and moved to Pampa in 1952 from Biggs, Okla. For several years, he was associated with his son, Elmer Francis, who was in the grocery business in Pampa and preceded him in death in 1956. Mr. Francis was a member of the Nazarene Church.

Survivors include the wife, Mrs. Mary C. Francis of the home; one daughter, Mrs. Vera Posey of Wichita Falls; three sons, Ernest and Clyde of Okmulgee, Okla., and Connie of Omaha, Neb.; one sister, Mrs. Bertha Dyer of Okmulgee; three brothers, Walter Francis of Dallas and Herbert and and humanitarian ideals," Welch says.

"Otherwise, there is no chance of saving our Christian-style civilization from self-destruction; and it will merely go down to chaos, and the ultimate serfdom of the weak under the strong, more lingeringly than if it is destroyed and its once-free members are enslaved by the Communists."

TOMORROW: The Founder, the Blue Book, and John Birch.

Rites Held For Teacher's Father

Funeral services for C. O. Mangold Sr. of Elk City, Okla., were held yesterday afternoon at Durham, Okla. Interment was in Durham cemetery.

Mr. Mangold was the father of Otto Mangold Jr., fifth grade teacher in Baker elementary school here. Mr. and Mrs. Mangold Sr. moved to Pampa in 1956 and returned to Oklahoma in 1960. Mr. Mangold homesteaded in Oklahoma and had lived there for some 60 years.

Mr. Mangold died in Elk City Thursday afternoon after an illness of several months.

In addition to the son in Pampa, he is survived by his widow, two daughters, Mrs. Floy Christopher of New York City and Mrs. Mary Marshall of Tuscon, Ariz., and two grandchildren.

Mrs. J. E. Smith Taken By Death; Rites Tomorrow

Mrs. J. E. (Gertrude) Smith, 85, a 15-year resident of Pampa, died yesterday afternoon in Highland General Hospital.

Funeral services will be held at 10 a.m. tomorrow in the Duengel-Carmichael Chapel with the Rev. Dick Crews of the First Christian Church officiating. Graveside services will be held at 10 a.m. Wednesday in Sapulpa, Okla., with the Rev. C. L. DeVore of the Sapulpa First Christian Church officiating. Burial will be in South Heights Cemetery in Sapulpa.

Mrs. Smith was born July 19, 1875, in Telemark, Norway, and came to the United States in 1898. In 1904, she married John E. Smith in North Dakota. She moved to Sapulpa in 1922 and came to Pampa in 1936 to reside with her daughter, Mrs. Jim Goff, after Mr. Smith died in 1936.

Besides her husband, Mrs. Smith was preceded in death by a daughter, Hanna, in 1935. Survivors include Mrs. Goff, 1109 Willow Road, two sisters, Mrs. T. M. Gurnofy of Gruver and Grace Nygaard of Norway; a brother, Jim Norbath of Telemark, Norway, and three grandchildren.

DROPS MILEAGE CLAIM

WASHINGTON (UPI) — The Ford Motor Co. has agreed to stop claiming that owners of Falcon automobiles average up to 30 miles a gallon under ordinary driving conditions, the Federal Trade Commission announced Sunday night. The government has taken similar action with regard to compacts produced by General Motors and Chrysler.

Ralph Francis of California: 10 grandchildren and 12 great-grandchildren.

Army Officer's Link With Birch Group Discussed

AUGSBURG, Germany (UPI) — U.S. Army Maj. Gen. Edwin Walker and immediate superiors have discussed Walker's alleged connection with the ultra-conservative John Birch Society, it was learned.

Whether Walker was called in by Lt. Gen. Garrison Davison, commander of the U.S. 7th Army, or had asked for the meeting himself was not known.

Walker, commander of the 24th Infantry Division, became a center of controversy when an English language weekly published here charged he was spreading propaganda for the John Birch Society.

So far, Walker has declined to comment on the charges brought against him by the paper, the Overseas Weekly. However, a spokesman for the general said Saturday Walker's troop indoctrination program, aimed at "the enemies who would destroy us," was designed for information purposes only.

Walker has not said whether the information program, which attacks Communism, is based on the Birch Society's philosophy or whether he is a member of the organization.

Walker's spokesman said the general's "pro-blue" information program is still functioning.

Although Walker's exact position on the Birch Society remained in doubt Saturday, some of his views on fighting communism were revealed in an editorial he wrote for the 24th Division newspaper.

In the signed editorial, the general said: "In your companies and batteries, there is reading material which will lead you to more knowledge and farther study. As freedom fighters, it is an obligation to follow the train of truth as far as you can. You must remain as psychologically prepared to wage this war we now fight as you are prepared to wage any battle."

State Meet Of TFWC To Convene In Midland

Mrs. E. Lee Osborn, President, General Federation of Women's Clubs, will be the featured speaker at the "Scope of Federation" Luncheon, on Tuesday, May 2nd, when the Texas Federation of Women's Clubs hold their State Convention in Midland, with headquarters at the Scharbauer Hotel, according to Mrs. Harry Griffiths, TFWC State President, of Austin. The Convention called with detailed program was mailed to all State officers and Chairmen on April 15th.

The program begins on Sunday, April 30th with a Pre-Convention schedule which included meetings of the President's Advisory Committee, in the President's Suite at the Scharbauer, at 3:30 p.m.; a District President's Conference, at 4 p.m.; the Board of Trustees meeting at 5; and the meeting of the Executive Committee at 9 p.m. Monday, May 1st opens with the Pass State Presidents' Breakfast at 7:30 a.m.; and Registration beginning at 8 a.m.

The Board of Directors meet at 9 Monday morning, with the formal opening scheduled at 10. Besides the usual welcome, and response, the business will include a report of the Executive Committee a Report of the Chairman of the Board of Trustees, and Resolutions by Mrs. David Houghton.

At 11:30 Monday, the State President, Mrs. Harry Griffiths will give her message, with "Federation Today" being her subject.

At noon, Monday, the Council of International Affairs Luncheon will be held, with Mrs. Preston Dial, San Antonio, International Affairs Department Chairman giving the report of the work of this department throughout the state. Mrs. Bob Long, of Austin, the Latin-American Scholarship Chairman will present Miss Maria de las Mercedes Roldan, of Argentina, the recipient of the Texas Federation of Women's Clubs' Latin-American Scholarship. She is a student at the University of Texas.

The Honorable Richard R. Septain, Ambassador from Finland will be the featured speaker, Finland is the country which is being honored this regime by the clubwomen of Texas.

At 2:15 "District Brags" will give the districts a chance to show off their achievements, and at 3:45 a Parade of Club Presidents will present gifts of money for the Headquarters Endowment. The raising of a fund or maintenance of the Headquarters Building has been one of the principal projects of the state president during her administration.

Following this, at 4 o'clock a Coke Party, honoring the District Presidents, will be presented by the Chamber of Commerce. Monday night at seven o'clock the Texas Pioneer Dinner, will honor Clubs organized in 1911, and at the same time will present their Civil War Centennial Observance. Mrs. J. H. Lewis of Uvalde will give the Texas Heritage Department Report, and the principal speaker will be Mr. William Moyers, Co-Director of the President's Peace Project.

Tuesday, May 2nd will begin at 7:30 with a TFWC Roadrunners Breakfast. The Roadrunners are a club organized by the clubwomen of Texas who have made bus-

Read the News Classified Ads

trips to Washington and other cities to attend Conventions.

The General Assembly at 9 o'clock will be held in the Howard Hodge Theater, and will be a Memorial Service led by Mrs. D.L.C. Kinard of Memphis. The business will consist of departmental reports; Public Affairs Symposium; and an address by Mr. Bryan Blacklock, of Marshall, on "Don't Let's Go Soft"; the Education Department Report; and the Public Affairs Department Report.

At eleven the Vogue Style Show will be held, when the district winners of the fourteen districts will compete for first place in the making of dresses which will be modeled by the women who made them.

The luncheon at 12:15 at which Mrs. Osborn will speak will be followed by a continuation of department reports, and at 3 o'clock the Conservation Department will present Mr. Sim Gideon, of Austin, speaking on the subject: "When There is Plenty, Can There Be Not Enough?"

At four o'clock a Coke party will honor the department chairmen. At 7 p.m., the Award Dinner and

Lee Counselor, Travis Band Present Program For April Meeting Of PTA

The April meeting of William B. Travis PTA was held Thursday at 2 p.m. in the school auditorium.

The Travis School Band, composed of fifth and sixth grade students, under the direction of Joe DiCosimo, presented a musical program which included "Here Comes The Parade," "Holiday Serenade," "Waltz Festival," and "Melody March."

Mrs. Kenneth Walters, Lee Junior High counselor, presented a discussion on "Character Development," which was followed by a question and answer session for sixth grade parents and students. The business meeting was open-

Opti Mrs. Clubs Center Hostesses

Opti-Mrs. Breakfast and Evening Clubs were hostess at Senior Center on Thursday afternoon with Mmes. Eugene Tollison, Forrest Gloyd and Truman Lowrance representing the clubs.

Altruism members assisting with serving were Mmes. Frank A. Hukill, Jay Flanagan, Mary Martin, Louise Sewell, Jack P. Foster, Vernon L. Hobbs, H. M. Hutchinson; also assisting was Mrs. C. G. Gillespie.

Winners of door prizes were Mrs. H. F. Walker, Mrs. V. S. Keahey and Tom Lane. Home made cookies and coffee were served from a Springtime table appointed with green and yellow and a floral arrangement of white and yellow Daisies and stock.

Red Cross Gray Ladies providing transportation of guests to and from the party were Mmes. Earl Horton, Oja Isbell, O. F. Kriemeyer, Vona Voss, A. D. Hills, Jess Beard and James Hopkins.

Fine Arts Evening, with Mrs. Clair L. Jones, Fine Arts Dept. Chairman giving the department report and presenting awards to the clubs for their work. Elizabeth Peabody of Dallas will present a program, "The Sound of Music". At 10 o'clock a reception honoring the state president and the Executive Committee will be given at the Chamber of Commerce.

Wednesday, May 3rd will begin with a 7:00 Western Breakfast "Coffee for the Road", with the San Antonio Breakfast Club in charge, at which delegates and visitors are invited. At 9 a.m. the Convention adjourns.

The Junior Members and Clubs are being given special significance on Tuesday, May 2nd, with a Junior Conference, beginning at eight o'clock with registration, following at nine by the Call to Order by Mrs. Harry Griffiths, State President, and the Business meeting at which District Junior Chairmen report, as well as the delegates. At 10:50 the group will adjourn and meet with the Senior Group at the Howard Hodge Theater for the Vogue Fashion Show.

ed with invocation by Mrs. H. L. Thomas. Mrs. John Gentry, president pro tem, conducted the business meeting as reports were given by Mrs. E. H. Wyman, summer Roundup Chairman, who reported that the May 11 PTA meeting topic will be "Preparing Your Child For School" and that May 19 has been set as "Pre-School Visitation Day."

Mrs. Jere Sanders, choir robe chairman, reported on the progress of choir robes which are now being made.

Mmes. J. T. Winters, John Gentry, Jim Johnson, W. G. Rogers, James School, Jere Sanders, James Mullins and Kenneth Roys were named as delegates to the District Spring Conference to be held in Childress April 24-25.

Mrs. Gentry announced that a joint installation of all local PTA officers will be held in Robert E. Lee Junior High on May 2 at 9:30 a.m.

The door prize, a cake baked by Mrs. A. C. Todd, was won by Mrs. R. L. Zimmerman.

Room count was won by Mrs. Glen Sanders sixth grade room for having the most parents present at the meeting.

An executive board meeting preceded the general meeting and was held in the office of Wendell Altmeiler, school principal.

Treasurer's report was given by Mrs. Jack Hood, treasurer. Mrs. Foster White, Mrs. D. D. Tidrow and Mr. Altmeiler were elected to serve as an auditing committee.

A coffee was held in the school cafeteria on Tuesday at 9:30 a.m. for new officers and committee chairmen for the coming year. 16 members were present.

FIRST PLACE WINNERS — First place winners in degree team work at the recent district meeting of the Panhandle Youth Association meeting were members of the Pampa Theta Rho Girls Club seated first row from the left, LaJohna Hinds, Kay Stapleton, Mary Sue Cass, Linda Tadlock, club president, Jo Ann Johnson,

H&S Association Names Officers

Mrs. T. Whitely was named president of the St. Vincent de Paul Home and School Ass'n at a meeting held Tuesday in the school. To serve with her are Mrs. H. Johnson, vice president; Mrs. E. E. Smith, secretary; Mrs. Wayne Howell, treasurer; Mrs. G. W. Shafer, historian and Mr. C. Buzzitta, parliamentarian.

The election was held following a report of the nominating committee chairman, Mrs. L. Simpson.

Following an explanation of the Confraternity of Christian Mothers by Mr. Buzzitta, the group voted to become affiliated with the Confraternity.

A picnic for school children was planned to be held the latter part of May. The first reading of the laws and by-laws were read by Mr. Buzzitta and will be presented for vote at the next meeting.

Plans were made for a rummage sale in May. Members were urged to save their used clothing and bring it to the school for the sale.

It was also approved to buy copies of the pamphlet "50 Questions And Answers on the Federal Aid to Education" for the pamphlet rack.

A film, "The Miraculous Medal" was shown by Fr. R. Ramson at the close of the business meeting.

Manners Makes Friends

Never accept an invitation in a halfhearted, unenthusiastic manner.

World's first surgery in which ether was used as an anesthetic was performed by Dr. Crawford Long, in 1842, at Jefferson, Ga.

Theta Rho Club Wins 1st Place

Pampa Theta Rho Girls Club won first place in degree team work at the Panhandle Youth Association district meeting held recently in Hereford. Nineteen Theta Rho Girls with their mother advisor, Mrs. E. N. Franklin and their team captain, Mrs. Homer McNeil, attended the district meeting.

Included in the two day activities were a banquet and dance on Saturday evening and a luncheon on Sunday noon.

At the Junior Oddfellows Lodge meeting, which was in session at the same time as the Theta Rho Girls, Glenn Husted of Pampa was elected district chaplain. Teddy Malone, also of Pampa, serves as district president.

Pampa clubs' invitation to hold the 1962 district meeting here was accepted by the association.

At a session of the Girls' Club held on Tuesday of this week conducted by Miss Linda Tadlock, president, plans for a Bake Sale were made to help finance the club's trip to Grande Lodge at Corpus Christi June 8-9-10.

Order of the Eastern Star Gavel Club met recently in the home of Mrs. Guy Andis, 1812 Russell with Mmes. J. S. Fuqua and Otto Rice as co-hostesses.

Following a covered-dish dinner, a short business meeting was held and Secret Pal gifts were exchanged.

It was announced that the next meeting will be May 11 at 6:30 in the home of Mr. W. M. Voyles, 1001 S. Hobart with Mrs. W. P. Vincent and Mrs. C. G. Crocker as co-hostesses.

Members attending were Mmes. Oscar Shearer, W. R. Morrison, W. A. Rankin, R. A. Hankhouse, O. A. Wagner, W. M. Voyles, O. A. Davis, W. C. Alexander, Kenneth Gray, Floyd Pennington, W. B. Murphy, W. S. Kiser, J. H. Warner, W. L. Parker, Ed Railsback, G. C. Crocker, Lucy Line, Otis Nace, Bill Flewelling, Dennis Stilwell, and guests, Mmes. D. E. Bolhlander, J. B. Huntington, Ewing Cobb and Wood Osborne.

Brunch Designed To Please Every Palate Seated At Dining Table

A brunch needs to be somewhat special. You'll certainly be admired as a cook if you present a menu that's a bit different and designed to please every palate.

Reba Staggs, home economist, recommends Canadian-Style Bacon and Apple Bake. Apple rings and slices of Canadian-style bacon are baked in a tasty sauce of apple juice and currant jelly. To add an extra gourmet touch, stud the bacon slices with whole cloves.

CANADIAN-STYLE BACON

AND APPLE BAKE

- 6 slices Canadian-style bacon, cut 1/2 inch thick
 - 1 cup apple juice
 - 1 tablespoon cornstarch
 - 1/4 cup currant jelly
 - 1 teaspoon lemon juice
 - 6 unpeeled apple rings, cut 1/2 inch thick
 - Whole cloves; if desired
- Combine apple juice and cornstarch. Cook, stirring constantly, until thickened and clear. Add currant jelly and heat until melt-

Hi-Land Council Meets For Study

Women's Council of Hi-Land Christian Church met recently in the home of Mrs. J. H. Malloy, 411 Hill, for a business meeting and program.

A letter from Marie Durham at the Christian Indian School at Sedona, Ariz. was read expressing appreciation for the new Easter Clothing which the group had sent. Plans were made to send clothing to other mission points.

Mrs. J. D. Malloy presented the mission study following the devotion, "Hope That Is Not Seen Is Starbuck."

ed. Stir in lemon juice. Place apple rings in a greased 8x12 inch baking dish. Pour half of the sauce over apples. Place Canadian-style bacon slices on top of apple slices. Stud with cloves, if desired. Pour remaining sauce over all. Bake in a slow oven (300 degrees F.) 50 minutes. 6 servings.

"ACRYLIC" FOR VINYL FLOORS

"Acrylic", the new chemical that ends waxing is being used in Seal Gloss floor finish. Just as the new acrylic auto finishes require no waxing, so it is with Seal Gloss. This new treatment for vinyl, and all hard surface floors beautifies, ends weekly waxing and is long lasting.

Changes From "Leo The Lip" To "Leo The Toe"

Durocher Loses In Shin-Kicking Ump Duel

LOS ANGELES (UPI)—Baseball's Leo Durocher is in trouble again today — but this time they're calling him Leo the Toe instead of Leo the Lip. Leo proved once again Sunday that you can't win an argument with an umpire when he got into a shin-kicking duel with Jocko Conlan who, like Durocher, seems to have a low boiling point. Durocher kicked Conlan at least once in the shins and the umpire held his own with counter-kicks. Durocher joined the Dodgers as a coach this season after a five-year absence from baseball during which he claimed he had been "blackballed."

The brawl started when Jocko umpiring behind the plate in the Pittsburgh Pirate-Dodger game called foul on a pop fly by Dodger first baseman Norm Larker in the fourth inning. Pirate catcher Hal Smith almost had his hands

after they jawed a bit Durocher, about three feet from the umpire kicked the dirt in his direction. Most press box observers believed Durocher made no physical contact with Conlan on that first kick. But Conlan indicated he believed otherwise. He hauled off with a smart kick that connected with Durocher's right shin. Durocher countered with a kick to Conlan's right shin.

The four other umpires in the game rushed to the spot and separated Conlan and Durocher.

Conlan said Leo threw a towel out of the dugout. Durocher denied this later, saying he threw a towel but it did not go out of the dugout.

Then Durocher, after he knew he was out of the game, threw both a towel and a helmet out of the dugout. He admitted this. He walked out, he said, to find out why Conlan was ejecting him and

after they jawed a bit Durocher, about three feet from the umpire kicked the dirt in his direction. Most press box observers believed Durocher made no physical contact with Conlan on that first kick. But Conlan indicated he believed otherwise. He hauled off with a smart kick that connected with Durocher's right shin. Durocher countered with a kick to Conlan's right shin.

Conlan said Leo threw a towel out of the dugout. Durocher denied this later, saying he threw a towel but it did not go out of the dugout.

Then Durocher, after he knew he was out of the game, threw both a towel and a helmet out of the dugout. He admitted this. He walked out, he said, to find out why Conlan was ejecting him and

National League president Warren Giles will be given full reports on the incident and will decide the penalty against Durocher. There is sure to be a fine at least or a possible suspension.

In the dressing room afterwards, Durocher said he approached Conlan in the first place merely to find out why he was being ejected.

National League president Warren Giles will be given full reports on the incident and will decide the penalty against Durocher. There is sure to be a fine at least or a possible suspension.

In the dressing room afterwards, Durocher said he approached Conlan in the first place merely to find out why he was being ejected.

LEO DUROCHER ... here we go again

In PCC Men's Tourney

Pair Knotted For Medalist

Max Hickey, last year's champion flight runnerup, and Grover Lee Heiskell fired 2-under 69s yesterday afternoon to tie for medalist honors in the opening day's play of the annual Pampa Country Club Men's Golf Tournament.

The par-busting pair will meet in a playoff this week to decide the 1961 medalist, with the winner conceding the best chance of dethroning Dr. Foster Elder, last year's winner, for the 1962 PCC men's title.

With the entry deadline all but closed, 71 golfers have entered the three-weekend match play tourney which will conclude April 30. Golfers have until Saturday night to play their first round matches, Heiskell, tournament chairman,

There are eight flights in the tournament, including the championship flight, but only the championship flight has 16 participants; the rest have eight.

Championship flight has 16 participants; flight are:

- CHAMPIONSHIP FLIGHT**
Dr. Foster Elder vs. Warren Fatherson; O. M. Prigmore vs. Jim Deaton; Grover Heiskell vs. Haskell Maguire; Leonard Hudson vs. Tommy Adams; Max Hickey vs. Don Pritchard; C. F. McGinnis vs. Johnny Hatcher; Harry Wilbur vs. Brian Prigmore; Buster Carter vs. Malcolm Douglas.

Here At 4 p.m. Tomorrow

Pampa Gears For Sandies

Pampa's Harvesters will be out to prevent one of the most disastrous five-game homestands in recent years tomorrow when Amarillo Sandies come to Harvester Park for a 4 p.m. District 3-4A baseball battle.

The Harvesters are working on a four-game losing streak after losing a pair Saturday to Plainview, 5-3, and Amarillo Tacossa, 3-1, as light PHS hitting and heavy fielding dropped their district record to 2-5.

One of the two victories is over the Sandies, a 6-1 victory Pampa carved out on a cold, blustery afternoon in late March in Amarillo. The Harvesters have looked sharp only once since, that game coming against Palo Duro when PHS triumphed, 3-1.

Either Jerry Glover (2-3) or Mike Clark (2-2) will get the call for tomorrow's game. Clark defeated Amarillo the first time on a two-hitter but has been affected by a streak of wildness in recent games.

Amarillo is 2-6 in 3-4A play, a half game behind Pampa in the standings, after losing a doubleheader last weekend to Lubbock and Monterey.

After tomorrow's game, Pampa hits the road again, going to Lubbock this weekend for a game with Lubbock Friday and Monterey Saturday. The PHS-Monterey game was rained out here and there's a chance Pampa will play a doubleheader with Monterey Saturday afternoon.

Fire Fails To Hinder Race Slate

CHICAGO (UPI)—A spokesman for Maywood Park said today harness racing would resume its month-old season at the suburban Chicago track tonight despite a stable fire that killed three track grooms and 42 horses.

The blaze, which caused an estimated \$250,000 damage to racing stock, equipment and two stables at dawn Sunday, tentatively was blamed on a discarded cigarette or electrical circuit overloading from heaters used in the stables.

Park president Nathan Allen, who lost several horses, said none of the "key trotters" among some 600 animals housed at the park had been killed.

Racing was to resume tonight exactly a month after the race-way opened St. Patrick's Day with garlands of "lucky" shamrocks flown in from Ireland for patrons in its plush Silk 'n Sulky Room.

Two of the five victims, Del N. Logue, 57, of Shelbyville, Ill., and Arthur Dean Voyles, 36, of Lincoln, Ill., both grooms for the R.A.M. Stables, were trapped in stalls where they slept. They were identified through jewelry and wristwatches.

The third victim was identified as Patrick Callahan, 47, of Morris, Ill., a groom for the Leverett Jefferson Stables.

Tourney-Tested Louise Suggs Captures Civitan Golf Crown

DALLAS, Tex. (UPI)—Tourney-tested Louise Suggs still ruled as queen of the proette golf tour today as the feminine professionals moved on to the next Texas stop—the Babe Zaharias Open at Beaumont.

The 37-year-old Miss Suggs fattened her purse by \$1,750 Sunday when she protected a three-stroke lead through the final round to post a 37-36-73 and win the Dallas Civitan Women's Open, with a 72-hole score of 291.

It was her fourth tournament after 36 holes, couldn't keep her triumph of the season, and it put her under control today and had marked the third year in a row, a 37-39-76 for a 299 worth \$1,050.

ELEPHANTS' BOY

With Impressive Victories

Racing Duo Solidify Large Derby Backing

By United Press International

Mr. Consistency and Orleans and, coupled with Derrick, he returned \$20.90, \$8.80 and \$6.50.

Battle Neck (\$28.40) scored by five and one-half lengths over favored Nickel Boy in the \$25,000 Southern Cross Handicap at Gulfstream Park; Goldflower paid \$12.00 in winning the \$25,600 Ashland Stakes at Keeneland; and Tonco won the \$15,000 inaugural handicap at Sportsman's Park, returning \$11.40.

A big son of Alibhai, Mr. Consistency passed Songman at the start of the stretch and then had to fight off a desperate challenge by the heavily-favored Flutterby in winning the \$60,100 California Derby at Golden Gate Fields.

The final margin of victory for Mr. Consistency was a neck over Flutterby while Gay Landing, who was coupled with Mr. Consistency, finished another length and one-quarter back in third place.

Robert Mundorf rode Mr. Consistency over the mile and one-eighth in 1:49. The winner paid \$10.60, \$2.80 and \$3.00.

Orleans Dodge won a possible Derby trip by rallying in the stretch for a length and three-quarter triumph over Scotch Bull in the \$29,200 Chesapeake Stakes at Laurel. Popularity, a 32-1 shot, was third by four lengths.

Ridden by George Hettinger, Orleans Dodge broke poorly and was ninth in the field of 10 at the start. However, the 3-year-old son of the Doge moved into second at the eighth pole and continued on to victory. He paid \$8.60, \$5.20 and \$4.40 as he negotiated the distance in 1:50 4-5.

Larry Adams drove Mail Order to the front at the start of the \$29,400 Excelsior Handicap at Aqueduct and the son of One Count held on for a four-length victory over Disperse with All Hands finishing third.

Mail Order was clocked in 1:49

Indians Rally Late To Scalp Sens, 3-2

By FRED DOWN United Press International

The Minnesota Twins and San Francisco Giants in first place provide a new look to the 1961 baseball scene today but there's also an old look because Leo Durocher's in hot water.

Their most faithful fans couldn't have foreseen the Twins and Giants at their current levels so early while the question with Durocher is how it took him so long to get in to his familiar position.

It all came about on the snow, rain and wind-plagued first Sunday of the season when:

The Twins whipped the Baltimore Orioles, 10-5 and 6-4 in 11 innings, to take a half-game grip on first place in the American League.

The Giants downed the Philadelphia Phillies, 5-2, and went a half-game ahead in the National League.

Durocher and plate umpire Jocko Conlan became engaged in a shin-kicking duel during the Los Angeles Dodgers' 13-6 victory over the Pittsburgh Pirates with Leo "getting the boot" to the accompaniment of boos and cat-calls from the crowd of 27,716 at the Los Angeles Coliseum.

The Cleveland Indians scored all their runs in the ninth inning to beat the Washington Senators, 3-2, in the only other American League game while the St. Louis Cardinals defeated the Cincinnati Reds, 5-3, in the other National League action. Foul weather forced three postponements in the AL and one in the NL.

Bob Allison and Zorro Versailles swung game-winning bats for the Twins, who have won four of their five games. Allison drove in seven runs with a grand slam and a three-run homer as Pedro Ramos gained his second win of the season in the opener and Versailles broke up the nightcap with a two-run homer in the 11th inning. Allison drove in eight runs with four hits and Versailles knocked in four with five hits during the doubleheader.

It was the fourth straight loss for the Orioles, who were rated strong perennial contenders of their second-place finish in 1960. Billy O'Dell threw a double play pill to pinch-hitter Bobby Del Greco to bail the Giants out of ninth-inning trouble and provide Sam Jones with his first victory of the season for the Giants. Willie McCavey, rookie hero of 1959 who was a bust in 1960, led the Giants' 10-hit attack on Rubin Roberts, who lost his second game.

Tommy Davis, Wally Moon and Norm Sherry hit homers to lead the Dodgers' 14-hit attack that tagged 1960 20-game winner Vern Law with his second loss of the new season. Other big blows in the Dodger attack included a double and two singles by Charlie Neal and a triple by Murry Wilis.

Woodie Held's clutch single delivered the winning run for the Indians, who tied the score at 2-2 on Johnny Temple's single and a homer by Tito Francona. Singles by Jim Piersall and Willie Kirkland off Dick Dopovanz preceded the game-winning hit off Rudy Hernandez. Rookie Bob Alen received credit for the Indians' victory after taking over from ex-Giant Johnny Antonelli, who allowed two runs and five hits in seven innings.

Ray Sadecki pitched a seven-hitter and struck out seven batters as the Cardinals handed the Reds their second straight loss. Ken Boyer led the Cardinals' attack with a triple and single while Eddie Kasko had three hits for the Reds. Jim O'Toole was Cincinnati's losing pitcher.

Laver Wins River Oaks

HOUSTON (UPI)—Hard-serving Rod Laver became the first foreigner ever to win the River Oaks Invitational Tennis Tournament Sunday as he ousted another Australian, Roy Emerson.

Laver then teamed up with Luis Ayala of Chile to win the doubles championship, defeating Ham Richardson of Brooklyn and Bernard Tut Bartzten of Dallas 7-5, 6-3, 6-2.

Laver got revenge for his loss in the Australian singles championships earlier this year as he dethroned Emerson 7-5, 7-5, 1-6 and 6-3.

Emerson was the crowd's favorite. He eliminated Australia's No. 1 player and the world's best amateur, Neale Fraser, in Saturday's semi-finals.

Brown Readies Title Defense

NEW YORK (UPI)—Joe Brown makes his 10th defense of the world lightweight title and Paul Pender defends the NBA version of the middleweight crown in the blue ribbon bouts on this week's international boxing program.

Brown, 35-year-old champion from Baton Rouge, La., defends against Davey Charley, the British and European titleholder, in London, Tuesday while Pender, 30 and just beginning to cash in his share of the crown, faces former champion Carmen Basilio in Boston on Saturday night.

MIKE SOUZHAK ... "good win"

Happy Souchak Grabs Greensboro Tee Title

GREENSBORO, N.C. (UPI)—"I after starting the day only two needed a good win at home and strokes behind Souchak, was third now I've got it." Mike Souchak with a 284, Negro pro Charlie Sif said today of his victory in the Ford of Los Angeles, playing in Greater Greensboro Open golf his first southern PGA-sponsored tournament.

Souchak, a former Duke University ace, finished with an 11th place with an 87, and a 285. Souchak matched booming up Sammy Snead by seven drives with conservative putting strokes and win first prize money for a final round 69. But it was the apparent that he had won the Greater Greensboro seven times the 24th annual GGO by the end of the front nine play. He fired a three-under-par 32 to go eight strokes ahead of the field.

Billy Maxwell of Dallas, Tex., who fell to a 75 on the final round.

Toledo Kegler Hits ABC High

DETROIT (UPI)—Mike Senowski, a 32-year-old railroad switchman from Toledo, Ohio, may be on the right track toward winning a \$4,000 American-made sports car at the American Bowling Congress.

Senowski who drives a 1955 model and admits he has never owned a new car, had a 279 game Sunday night, opening his team appearance at the 58th annual ABC meet.

The sports car goes to the man who bowls the high single game in team play. Senowski's 279 bettered by one pin the previous leading game, a 278 bowled by and \$4.40 as he negotiated the distance in 1:50 4-5.

Larry Adams drove Mail Order to the front at the start of the \$29,400 Excelsior Handicap at Aqueduct and the son of One Count held on for a four-length victory over Disperse with All Hands finishing third.

Mail Order was clocked in 1:49

Gold Sox Fall, 4-3

By United Press International

The San Antonio Missions swept a doubleheader from the Austin Senators Sunday to open a one-game lead over Tulsa and Victoria after only the first full day of play in the class AA Texas League.

San Antonio opened the 1961 season Saturday night with a win over the Senators, then racked up wins Sunday by 4-2 and 4-3 to open its one-game bulge.

Defending champion Tulsa edged Amarillo 4-3 while defending straightaway titlist Rio Grande Valley dropped its opener to Victoria 5-3 in 11 innings.

Valley plays at Victoria tonight and Amarillo 7 1/2 at Tulsa in the only games scheduled.

MCLEAN GIRL TAKES HONORS—Laura Switzer, McLean, was named the Outstanding Player at the National AAU Tournament, St. Joseph, Mo., earlier this month, where her team, the Hutcherson Flying Queens of Wayland College, captured the 1961 National AAU Championship. Daughter of Mr. and Mrs. F. G. Switzer, McLean, Miss Switzer left yesterday from New York City, for a four weeks tour of Russia with an All-Star team. The first Wayland cager to ever receive this award, the 6-1 forward was also placed on the 1961 All-American squad, and was first team selection on the 1961 National Girl's Basketball League All-Star team this year. The Flying Queens finished the year with a 24-2 season record, winning their last 15 consecutive contests, and the 1961 NGBL championship. Their 1961 AAU championship was their sixth such championship in the last eight years.

Technological Race Reaching New Areas

WASHINGTON (UPI) — The race between the United States and the Soviet Union for technological advances is being extended automatically to new fields of human endeavor, according to recent official publications in both Moscow and Washington.

The race in space sciences and the Russian effort to "catch up" with the United States in livestock production have been dramatic features of international life for several years.

But now the technical competition is becoming apparent in such fields as desalinification of sea water, scientific use of forest, amelioration of storm damage, the treatment of heart diseases, and oceanography.

Scientists here do not evaluate possible political effects of the technical rivalry on the "cold war." But they believe the rivalry will accelerate the worldwide technological revolution, and will give all nations new criteria to judge the relative contributions of the United States and the Soviet Union to the progress and welfare of humanity.

U. S. and Russian scientists have both worked harmoniously in Antarctica since the International Geophysical Year started in 1957. English translations of principal Russian technical research projects are now being issued almost daily by the office of technical services in the Commerce Department and widely distributed. Three of these publications issued recently were of extraordinary timeliness because of U. S. programs in similar fields.

A Russian research report on the reclamation of saline soils was translated at request of the U. S. Department of Agriculture.

In this report a Russian scientist recommended international cooperation in exploring methods for reclaiming desert and semiarid lands where large irrigation programs are contemplated.

He said saline soils are a matter of concern to Communist China, India, Australia, Egypt and the United States.

He did not suggest which countries might participate in such an effort, but the publication indicated Russian familiarity with proceedings of the International Congress on Irrigation and Drainage held at San Francisco in 1957.

The U. S. government has a well-developed national research program on desalinification, and President Kennedy's strong support of a larger and swifter program was a considerable political factor in the West prior to his election.

In a message to Congress on natural resources, the President said no water program was of greater long-range importance than the conversion of salt water into potable water for homes and industrial supplies. He recommended a doubling of the present United States investment in scientific quarters here believe the United States is presently ahead of the Soviet Union in the technology of salt water conversion. But Russian soil science has always been highly rated by American specialists.

The Commerce Department last month issued a translation of a Russian publication on "Forest Resources of the Soviet Union and the World." It recapitulated and analyzed the forest resources in all the countries of the world.

The Russian foreword to this publication said, "The Communist Party of the Soviet Union aims not only to catch up with, but also to overtake the highly developed capitalist countries in the production of industrial and consumer goods per capita of population; this aim fully pertains both to the forestry and to the timber industries."

President Kennedy's message on natural resources said U. S. forest lands "present the sharpest challenge to our foresight."

THIRTY-DAY SPACEMEN — Capt. Ramon A. Henreke, left, and Lt. Eugene R. Carlson look at a picture of the Russian spaceman, Maj. Yuri Gagarin, just after they stepped from a space cabin simulator following a 30-day "flight". The two Air Force officers, who made the simulated flight in an 8 x 12-foot steel cabin at the U. S. Air Force Aerospace Medical center in San Antonio, Tex., learned of the successful orbiting of a man in space by Russia just before they emerged from the cabin.

Historical Play Wins Tony Honors

NEW YORK (UPI) — "Becket," an historical play by France's Jean Anouilh set in the 12th century, and "Bye Bye Birdie," a song-and-dance show about rock 'n' roll juveniles, today carried the distinction of winning Broadway's Tony awards in the drama and musical categories.

The awards were made Sunday night for the 15th time by the American Theater Wing in a dinner-dance at the Waldorf Astoria Hotel.

The winners included: Play — "Becket." Musical — "Bye Bye Birdie." Actor-dramatic star — Zero Mostel, "Rhinoceros." Actress, dramatic star — Joan Plowright, "A Taste of Honey." Actor, musical star — Richard Burton, "Camelot." Actress, musical star — Elizabeth Seal, "Irma la Douce."

JUDGING SCHEDULED — COMMERCIAL — (UPI) — About 3,000 high school Future Farmers of America from North and East Texas will compete in the annual FFA judging contests April 23 at East Texas State College. Judging will be in livestock, dairy and poultry divisions.

Coogan Arrested For Drunkenness

MALIBU, Calif. (UPI) — Jackie Coogan, who was a silent movie star as a child and played in "The Kid" with Charlie Chaplin, was booked at the Malibu sheriff's substation Sunday on a charge of drunkenness.

The 46-year-old Coogan was released on \$105 bail.

Auto Turns Over, Girl Fatally Hurt

CORPUS CHRISTI (UPI) — An automobile hit loose gravel and turned over east of Laredo on Highway 59 early Saturday, killing Sandra Fay Hoot, 13, daughter of a Corpus Christi contractor.

The girl's father was T. L. Hoot. Five other persons were injured.

Kennedy Wants Cabinet Ranking Urban Overseer

WASHINGTON (UPI) — President Kennedy was expected to ask Congress today to set up a new Cabinet-rank Department of Urban Affairs to oversee problems of housing and transporting Americans.

It was reported the message envisions shifting the Housing and Home Finance Agency into the new department. It would try to solve the need for mass transportation systems in metropolitan areas.

Kennedy said in his March 9 housing message to Congress he would recommend such a department, in view of the fact that "urban and suburban areas now contain the overwhelming majority of our population."

Other congressional news: Antitrust: Chairman Estes Kefauver of the Senate antitrust subcommittee said he wanted to know whether top executives of electrical equipment firms knew about price fixing for which their subsidiaries were convicted. The Tennessee Democrat planned to question lower-echelon industry officials at an open hearing.

Nuclear: Congressional atomic energy experts said Russia's manned space flight might have dealt a death blow to stalled negotiations for a nuclear test ban. They said the situation at the Geneva treaty talks had not improved — and might have become worse — since the space flight.

U.S. Possesses Undersea 'Ears'
BURBANK, Calif. (UPI) — A ranking naval officer said Saturday the United States has a series of sensitive underwater ears along key coasts to protect against sneak attack by missile-carrying submarines. Thus, Vice Adm. R. B. Pirie, deputy chief of naval operations for air, acknowledged what has long been rumor in the defense industry.

FEAR CAN MAKE ANY SICKNESS WORSE

Your body now has fewer secrets unknown to physicians. And, — each year new methods of diagnosis enable them to give more relief. Do not fear any possible sickness. Even an incurable one can be lived with more comfortably if you consult a physician at the onset. You will save much sickness-time and discomfort.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Israel Regime's Opposition Asks Security Probe

JERUSALEM, Israel (UPI) — Right-wing opposition parties today demanded an investigation of Israel's security regulations to prevent future leaks similar to the case involving one of Israel's top military experts who was arrested on spy charges.

The Herut and general Zionist parties contended that other security violation cases have recently been brought to light and they want to get to the bottom of the trouble immediately.

The arrest of Col. Israel Beer on charges of spying for the Communists came as a shock to the general public, although rumors of the incident had been circulating for a week.

When Prime Minister David Ben-Gurion was informed about the Beer case, he was reported as quoting from the Psalms: "I have been surrounded by treachery."

An Israeli government spokesman described the 48-year old colonel as "obviously something of a confidence man" and said he tried to spread the impression that he was close to Ben-Gurion which was untrue.

Beer was arrested March 31 and brought before a magistrate April 13 and 14.

His trial is almost certain to be a secret one. He faces a maximum sentence of life imprisonment if convicted of the charges.

The government refused to identify the Communist nation for which Beer allegedly spied. It also formally denied a report that Beer's activities were discovered as a result of a tip from American and NATO intelligence services. However, other sources insisted this was how Beer was caught.

Now Skelly Announces A Great New Regular Gasoline That Lets You Drive Your Carburetor Clean, And

burn more free air, burn less gasoline

to get more miles per gallon:

Your engine burns 9,500 gallons of air for each gallon of gasoline. Air is free. But gasoline costs money.

Dirty deposits that build up in your carburetor's throat can upset the delicate fuel-air mixture your engine needs to run efficiently and economically. That's one big reason a dirty carburetor wastes gasoline — especially in slow-speed or stop-and-go driving.

How To Burn More Air—Less Gasoline:
Remember air is free. You don't have to pay anyone for it. All you have to do is get your carburetor clean, so your engine can burn all the air it wants when the throttle is completely closed. You could pay \$8.50 to \$25 to have your carburetor cleaned. But the lowest-cost way is simply to drive it clean — just by switching to Skelly Regular Gasoline with new stepped-up detergent-action KT-3.

Please Don't Say, "Just Another Additive."

Before bringing your KT-3, Skelly tested this new formulation against nearly 40 additives now being offered. KT-3 outperformed them all. We have the evidence in our files to back up this statement.

You Pay Nothing Extra For KT-3:

Skelly pays extra for KT-3, and also for transporting and injecting it into Skelly Regular Gasoline at terminal points around the country. But you pay nothing extra to get KT-3 in new Skelly Regular Gasoline.

So see your Skelly dealer now. If your car uses regular gasoline, try a tankful of new Skelly Regular with stepped-up KT-3. Drive your carburetor clean. Burn more free air and less gasoline.

It's about as close as you can come to getting something for nothing.

Cleaner Carburetor
Cleans carburetors 30% better than all additives tested. KT-3 dissolves gum that binds dirty deposits to vital carburetor areas. That lets your engine breathe free — just by driving!

... And a Cleaner Engine, Too:

- Skelly Regular with KT-3 also...
- Cleans 20% better in valve areas
- Cleans 19% better in intake areas
- Cleans combustion chambers
- ... better than all additives tested. Try KT-3 yourself.

Drive your carburetor clean... burn more free air, with

NEW Skelly Regular Gasoline WITH NEW STEPPED-UP KT-3

Entered as second class matter under the act of March 3, 1879.

The Big One For '61

A lot of top Republicans think the way back to increased national party strength in 1962 and 1964 lies through New Jersey in 1961. There they have a crack at the governorship they lost eight years ago.

Why The Dim View

News reports tell us that the AFL-CIO Executive Council has taken a dim view of President Kennedy's announced intention to propose tax incentives which will spur investment by business. So, a clear and terse summing up of just why such incentives are needed, which appeared in a late issue of National Review, is extremely timely.

Families In Debt

During the past decade, the average American's personal income has risen 50 per cent. Total personal savings in the U.S. have nearly doubled. Yet, personal bankruptcies during these same 10 years are up 300 per cent and the rate of increase is causing concern.

The Almanac

By United Press International
Today is Monday, April 17, the 107th day of the year with 258 more to follow in 1961.
The moon is approaching its first quarter.
The morning stars are Saturn and Jupiter.
The evening star is Mars.
On this day in history:
In 1521, Martin Luther was excommunicated from the Holy Roman Church after he refused to admit he committed heresy.
In 1790, Benjamin Franklin died at his home in Philadelphia.
In 1837, John Pierpont Morgan the elder, American financier, was born.
In 1941, Yugoslavia capitulated to Germany in World War II.
In 1960, the West Berlin mayor called for huge freedom rally.

It's Up To You

by HOWARD KERSHNER L. H. D.

Federal Intervention Bad For Business

The new Administration has given ample proof that it does not shrink from taking Federal action in an effort to stimulate economic growth. The President himself, as well as members of his Cabinet, have made this perfectly clear.

The sad truth is that government cannot stimulate economic growth, and its efforts in that direction do far more harm than good. Government intervention almost always results in inflation, which increases the dollar volume of goods, but not necessarily the physical volume. Government intervention in the economic activities of the people may produce certain things such as agricultural surpluses in America and Sputniks in the USSR, but it always results in rigidity and imbalance as between the different groups of producers which retard rather than promote industrial expansion.

Over and over history shows us that less government, less rigidity, and more flexibility in the economic structure of any country is the way to promote economic growth.

SIDES LINE UP — Congo forces made up of supporters of the slain leftist ex-premier, Patrice Lumumba, are opposed by alliance of three Congolese leaders. Premier Joseph Ileo (Central Congo), Moise Tshombe (Katanga) and Albert Kalonji (South Kasai — a region declared as autonomous) have a joint agreement to "meet the

threat of tyranny of Communism." In the jungle interior, control of specific areas is indefinite, but all three of the united sections have been penetrated by Lumumba supporters. Antoine Gizenga, who aspires to Lumumba's mantle, is believed to control nearly half of the Congo.

Warplane Pilot Declares Cuba Has Red Regime

EDITORS NOTE: Francis L. McCarthy, United Press International's Latin American editor obtained an exclusive radio-telephone interview with one of the Cuban air force pilots of the three planes which attacked the jet fighter pilot, who spoke freely for 15 minutes, said he came forward because Premier Fidel Castro had ridiculed news reports that the planes had taken off from Cuba. The only condition for releasing the dispatch was that the "foreign country" to which he fled would not be disclosed. Here is his story.

By CAPT. ORESTES ACOSTA
As told to UPI

I am slender, black-haired, just a plain Cuban.

I learned to fly with Eduardo Ferrer and Miguel Yabur. I never flew for Batista (Fulgencio Batista, former president of Cuba). I joined the air force after the triumph of the revolution.

Before that I was a soldier in Escambray.

I defected because there's pure Communism in Cuba now. Nobody can take it any more.

I took off Saturday morning in my regular plane, a T33 jet trainer converted for combat. I had no bombs. I did not carry bombs on patrol.

I plan to return to Santiago soon, but I'll keep to myself just when I will return.

I lived in Santiago, but was born in Santa Clara, Las Villas Province. I had been planning to defect for about three months. We had prior consultations with people outside, but it was our own

idea and we carried it out on our own idea and we carried it out on our own initiative.

I arrived at the airport about 5 a.m. Saturday. flew for about an hour, then rendezvoused in the air at a pre-determined place with my two companions. We attacked our respective targets simultaneously. My target was Santiago.

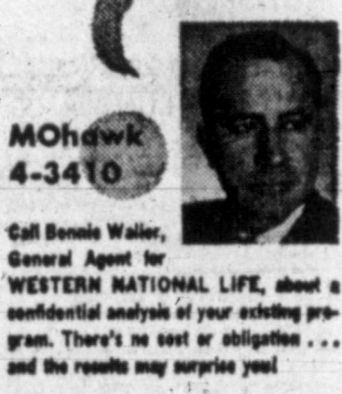

I machine-gunned plenty. I completely destroyed a Sea Fury (a British-made propeller driven fighter) on the ground.

It is absurd and typically Communist to say that the planes were flown by Americans. Castro is used to lying like that.

The Castro air force has about six jets. He now has less. Mine went. He has about six Sea Furys, two P28s, DC3s and PB2Ys. He has many helicopters.

There are many Czech pilots in Cuba. They say they are there to fight. Personally, I have not seen them fight. But they are there and they say they are ready to fight.

Are you SURE your family's future is adequately insured

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

Just two years ago this week Fidel Castro began a triumphal tour of the United States.

"An articulate and courageous young man," one U.S. senator called him.

In the intervening two years United States and Cuban relations made a full 180-degree turn.

Castro had seized about a billion and a quarter dollars worth of U.S. property.

A position paper prepared by the White House declared that Castro and his fellows had betrayed their own revolution. It labeled the Castro regime a "clear and present danger" to the hemisphere.

It expressed confidence that the Cuban people "will continue to strive for a free Cuba," and, importantly, it promised full and positive support to "future democratic governments" in Cuba.

Whether by coincidence or through cause and effect remained a matter for conjecture, but scarcely had the White House paper been issued than the newly-united anti-Castro forces under former foreign minister Jose Miro Cardona issued a dramatic "call to arms."

"Fidel knows his days are numbered," said Miro Cardona.

Throughout Latin America there was the belief that the White House had issued the 10,000-word statement for a purpose more than just setting the record straight.

Contained in it, they believed, was an obvious call for internal insurrection against Castro. They saw in it also an equally obvious implication that any force that threw Castro and his Communist henchmen out and pledged itself to democracy would receive quick and sympathetic attention in Washington.

What the United States actually would do in the event a counter-revolutionary force did establish a Cuban beachhead remained unclear.

The U.S. position balances upon it. If it is accepted that an internal explosion is inevitable, then delay only means additional suffering for the Cuban people.

Socony Mobil Oil Company, Inc. has announced that it plans an increase of nearly 10 per cent in capital and exploration expenditures for 1961 over 1960. According to President A. L. Nickerson, expenditures this year are expected to reach \$350,000,000, compared with 1960's outlays of \$320,000,000.

Just over half of the 1961 expenditures is to go into world-wide exploration and producing activities, in order to increase Mobil's reserves of oil and gas and to boost the efficiency of fields already discovered. One item in this category is the drilling of development wells in the Gulf of Mexico, where important discoveries have been made on acreage Mobil purchased for nearly \$24,000,000 in February, 1960.

More than a fifth of the total is to be spent on U.S. and overseas marketing facilities, chiefly retail outlets.

Nearly a fifth is to be used for new and improved manufacturing facilities, including those for refining and for Mobil Chemical Company.

On a geographical basis nearly three-fifths of the expenditures will be made in the United States and Canada. The rest is to be spent in other areas of the Free World. Expenditures in the operating area of Standard-Vacuum Oil Company, in which Socony Mobil has a 50 per cent interest, are not included in Socony Mobil's capital and exploration budget for 1961.

Texaco Appoints Asphalt Salesman

HOUSTON (SpI) — Texaco Inc. today announced the appointment of John S. Leonard as Manager of Asphalt Sales for the Domestic Sales Department. Formerly assistant manager in charge of wholesale sales for Texaco's Dallas Division, Leonard's headquarters are now located in Houston.

He succeeds Theodore R. Ellis, who retired April 1 after 25 years with the Company.

A graduate of Erskine College in South Carolina, Leonard joined Texaco's Domestic Sales Department in 1936. Since then he has served in South Carolina, Florida, and Texas as a salesman, lubrication engineer, and in various managerial capacities. He was named assistant division manager in charge of industrial sales at Dallas in 1954, and two years later was named to his most recent position.

Agency Outlines Type Of Homes Oldsters Desire

NEW YORK (UPI)—Older folks, shopping for a house, should keep in mind a checklist of special requirements.

The over-65 home buyer no longer is a rarity. Increasingly, oldsters, many of them lifetime home owners, are in the market for a new home. Some, contemplating retirement, want to stay on in the area where they've spent most of their lives but, with their children grown and married, want a smaller house to relieve them of some of the work and expense of a large home. Others are planning moves to an entirely different section of the country.

For these home seekers, Continental Casualty Company has some home buying tips—part of an educational program the company is conducting in connection with its new hospitalization plans for persons 65 and older.

To qualify as a good home for an older couple, Continental says, a house should:

- Be located in a moderately active, well-balanced community. Oldsters don't want an isolated existence. They want to be in the middle of things. They also like to live in a community with a liberal sprinkling of both older and younger neighbors. Being surrounded exclusively by older people makes them feel old; too many youngsters can be wearing.
- It should not be too large. Two bedrooms, a bath, kitchen dining area and living room are sufficient. A house 1,000 to 1,200 square feet is about top size.
- A one-story house at ground level is best. There should, ideally, be no step between the house and the outside.
- Safety features should be provided, including non-slip floors, grab bars on bathroom walls, sill-less doorways.
- Convenience should be featured. Electric outlets should be located 24 inches above the floor to eliminate extreme bending. Windows should be easy to open; operate by crank. Special care should be paid to adequate lighting.
- A home should be located on a minimum size lot with maximum exposure to sunlight.
- Heating should provide a minimum of 80 degrees instead of 50 degrees in coldest weather.

The United States has about 1,600 manufacturers of scientific apparatus.
