Arabs Apparently Abandon Jaffa

TEL AVIV, Palestine, May 6. (AP)—The Arabs appeared today to have given up Jaffa both as military center and as supply port.

All but 10,000 of its 70,000 inhabitants were reported reliably to have fled.

Jaffa, previously predominantly Arab, adjoins Jewish Tel Aviv.

The Jewish underground Irgun Zvai Leumi captured its Mansheih quarter last week and handed over the gains to the Jewish militia Hagannah.

A high Hagannah officer said today only a few score Arab volunteer soldiers remain in Jaffa.

He added, "It was the soldiers who led the flight."

The reasons for the exodus appeared here to have been the deepening of the Jewish ring of land

BETHLEHEM ROAD MINED

BETHLEHEM, Palestine, May 6. (AP)—The road which tradition says Joseph and Mary traveled from Jerusalem to Bethlehem is mined with sudden death today.

It's an Arab refugee route south to Egypt. The Arabs have mined it and sliced it repeatedly with stone barriers and trenches to keep Jews off it.

encirclement of the city and a strong suggestion from Irgun's success that after the British leave May 15 the Jews will be able to take the whole city if they want.

Hagannah estimates that altogether a quarter of a million Palestine

Arabs now have abandoned their homes and fled to places of refuge. Eighty thousand of these are believed to have left Palestine.

Meanwhile the newspaper Al Ahran quoted King Abdullah of Trans-Jordan today as saying: "I reject any general truce in Palestine because it means outright submission to Zionist demands."

"I don't want to cheat my people. It is a matter of dignity and honor for all Arabs."

"I am still maintaining my first stand—to enter Palestine with my troops after May 15."

The paper quoted the king in connection with a report it published that the United States has proposed a general truce in Palestine and extension of the British mandate for 10 days after May 15.

PEACE FORUM IS POSTPONED

Because of conflicting affairs on the local calendar, and because scheduled speakers could not immediately confirm their engagements for the affair, a proposed world government forum will not be held in Big Spring next week.

The Herald yesterday had announced the forum for next Monday night at the district courtroom.

The newspaper was joining with the San Angelo College Institute of World Government in sponsoring a panel discussion of methods and machinery to secure world peace, and regrets that a series of circumstances made the postponement necessary.

Plans are to hold such a forum in the city at a later date.

Missionary Calls China ERP Factor

BOSTON, May 6. (AP)—U. S. Rep. Judd (R-Minn.) says the United States should give moral, military, and economic assistance to the Chinese government in its battle against communism.

The former medical missionary to China said he has doubts a European Recovery Program can succeed "if Russia gets control of China—which means Asia—as Russia will if we don't help effectively at once."

Speaking at the quadrennial general convention of the Methodist Church last night, Judd said: "By moral support I mean a forthright statement of our support of the Chinese government in its struggle against attempts of the Communists to destroy it."

If the Communists gain control of China, he added, Russia will have satellites and security along her Asiatic frontiers and will then be able to "aggressively concentrate all her attention and efforts on Europe in her announced purpose of defeating recovery there."

He said that peace "cannot be preserved by appeasement of aggression." Unless aid is given to China quickly, he added, "it will be tragically too little and too late. It is already more than two years too late."

Senate Drives For 70 Group AAF Fund Bill

Bridges Takes Lead To Push Money Measure

WASHINGTON, May 6. (AP)—Senate leaders cleared the runways today for speedy approval of a money bill to start building a 70-group air force.

Senator Bridges (R-NH) was flying back from a re-election campaign to take personal control of the \$3,233,200,000 (B) measure which he piloted through the Appropriations Committee by a 16 to 1 vote a week ago. The House already has stamped its 343 to 3 approval on a similar bill.

The bill contains funds for both the air forces and the air arms

of the Navy and Marines. The only dispute is over an \$822 million item which Secretary of Defense Forrestal neither asked nor wanted.

Forrestal and President Truman originally asked Congress to vote an expansion of air, land and sea forces, a temporary draft and a separate universal military training program.

The Defense secretary then suggested it might be wise to begin contracting for some of the new aircraft this fiscal year, which ends July 1, by moving ahead part of next year's funds and authorizations.

House leaders grabbed this suggestion and ran away with it. Instead of the 55-group air force proposed by Forrestal, the House said there should be 70 groups including many new jet-driven fighters and long-range bombers.

It tacked on the \$22 million extra to start work on those planes.

Some lawmakers said frankly they hoped quick action to build up the nation's air power might avoid an election-year vote on the touchy issues of drafting young men or putting them in UMT camps.

Neither a UMT nor draft bill has reached the Senate or House floor, although a House committee approved a UMT plan last summer.

Tornado Hits Oklahomans

By The Associated Press Scores of thankful Oklahomans picked up debris around their wrecked homes today—thankful that the death wind of the Great Plains spared life and limb last night.

One tornado of moderate size lashed the tiny community of Blocker, ripping up four houses and a church and damaging every one of the other 16 homes there.

In Okemah, merchants and warehousemen were the heavy sufferers when a violent windstorm of near-tornado intensity did even greater damage to the larger center.

Other towns in a north-south line from Kansas to Texas were raked and harried by squalls that beat at them from black thunder-heads spotting the eastern part of the state.

Stock Prices Set Record

Livestock market here reached a record level Wednesday when choice, fat butcher calves sold as high as \$30.50 cwt. at the Big Spring Livestock Auction company's weekly sale.

Stocker prices also gained strength, despite a heavy volume of consignments, as out of state buyers kept bidding active. There was virtually no local demand for stockers due to dry ranges, and most ranchers in this area were selling.

Stocker yearlings sold readily at 26.00-27.00 cwt., while stocker steer calves ranged from \$170 to \$195 a pair.

Fat cows sold for 22.50, fat bulls, 23.00, cutter cows, 16.00-19.00 and canners, 13.00-14.00.

Approximately 1,300 head of cattle and calves went through the auction ring.

Hogs brought 21.00 and 21.25 with consignments totalling 100 head.

Planes Seeking Missing Transport

SHANNON AIRPORT, Eire, May 6. (AP)—Planes began a search of the North Atlantic today for a missing C-47 transport plane more than 24 hours overdue.

The privately-owned craft was on a flight from Gander, Newfoundland, to Shannon with either two or three persons aboard.

Truman Asks Meet On Rail Dispute

Call Is Issued To Union Chiefs

WASHINGTON, May 6. (AP)—The White House today called a conference of railroad brotherhood chiefs for tomorrow to try to head off the threatened railroad strike.

Dr. John R. Steelman, presidential assistant and labor expert, telephoned the heads of three unions which have called a strike for next Tuesday. He asked them to meet with him at 9 a. m. CST tomorrow.

Presidential Press Secretary Charles G. Ross, who made the announcement, was asked if any definite proposal would be presented to the Brotherhood leaders.

"I can't say any more than I have," Ross replied.

The Brotherhood leaders are Alvanley Johnston of the Locomotive Engineers, David B. Robertson of the Locomotive Firemen and Enginemen, and A. J. Glover of the Switchmen's Union.

White House aides would not discuss what possible action might be taken if Steelman cannot persuade the parties to reach an agreement.

They turned aside such questions as whether Mr. Truman will talk personally with the disputants, whether the union leaders might be asked to postpone the strike date, or whether the government might seize the railroads.

A plea by the President for the railroad owners and the unions to settle their wage dispute without a strike is known to be under consideration. While House aides will recommend it only if convinced there is a possibility the plea would be heeded.

Because of the strike threat, railroads began serving notice to thousands of shop and other employees that they will be laid off if the engineers, firemen and switchmen quit work.

Through the Association of American Railroads, a dozen lines gave notice today that they would stop accepting perishable freight shipments this week-end. Other roads were taking similar action individually.

The Louisville and Nashville announced yesterday it will stop accepting perishable freight at one minute after midnight tonight. An identical notice was given today by the Missouri-Kansas-Texas Railroad.

The Missouri Pacific said none will be taken after 3 a. m. (Local time) tomorrow. The St. Louis-San Francisco set its acceptance deadline for 5 p. m. tomorrow.

While most railroads gave notice merely of prospective layoffs of workers in event of a strike, the Boston and Maine said certain of its employees were being advised their jobs would be abolished.

Baseball games were called off last night at Paris, Waco, Marshall, Texarkana, Henderson, San Angelo and Amarillo, the latter two for dust and cold, respectively.

Austin reported 1.25 inches of rain early today as the squall moved on south.

Thunderstorms also were reported along the Gulf at Galveston, Beaumont and Corpus Christi along the coast.

Rainfall reports up to 6:30 a. m. included Dallas, .51 of an inch; Beaumont, .33; Tyler, .33; Houston, .30; Texarkana, .27; Lufkin, .67; and Bryan, .33.

Little or no precipitation was reported in the Panhandle and West Texas beyond Mineral Wells. The cooler air brought a morning of 40 degrees at Pampa this morning. Brownsville had the warmest minimum—74 degrees.

The hottest Texas point yesterday was Laredo, which recorded 101 degrees to tie Blythe, Calif., as the hottest place in the nation.

CRISIS AVERTED

Liberal Ministers Resign Cabinet

ATHENS, May 6. (AP)—All Liberal Party ministers in the Greek cabinet have placed their resignations at the disposal of Premier Themistokles Sophoulis. It was reported here today. Populist Party ministers are expected to do the same, informants said.

The resignations were said to have been submitted to permit the premier, a Liberal, and Constantinos Tsaldaris, vice premier and Populist, to go ahead with plans to re-shuffle the two-party coalition cabinet. Last night Sophoulis suspended parliament for a month because he and Tsaldaris were unable to agree on cabinet changes.

It is expected that a reconstructed cabinet under Sophoulis will be sworn in this evening, and that between ten and 12 of the present ministers will be dropped, thus ending a government crisis which threatened to overthrow the eight-month-old coalition.

It was over the replacement of liberal minister George Varvoutis that the crisis originally arose. There were reports that Varvoutis had accepted a post as the Greek delegate to the Marshall Plan commission in Paris, but Sophoulis, Venizelos, the Liberal Party's deputy leader, said there has not yet been a definite decision to drop Varvoutis and Zimis from the cabinet.

RAISE IS DELAYED FOR GI TRAINEES

WASHINGTON, May 6. (AP)—Veteran trainees will have to wait until July or August for their pay increase approved by President Truman.

A Veterans Administration spokesman said it will take that long to work out the complicated adjustments resulting from the higher ceilings Congress authorized.

The new pay scales, retroactive to April 1, cover veterans taking on-the-job training under the "GI Bill of Rights." They apply also to those full-time school and college students who have jobs on the side.

The higher ceilings include the combined monthly wages and government subsistence allowances as follows: veterans without dependents, \$10; veterans with one dependent, \$20; veterans with more than one dependent, \$200.

CONDON CASE OUTGROWTH

Threat To Censor Newsmen Fading

WASHINGTON, May 6. (AP)—The threat of jail for newsmen who publish confidential information leaked to them by lawmakers faded today.

"It wasn't aimed at newsmen in the first place and I'll move to strike it out myself," Rep. Hoffman (R-Mich.) said of the controversial provision in a pending bill he is sponsoring.

The bill, designed to force executive agencies to give congressional committees requested data, would penalize any committee member, employee or "other individual" disclosing data held to be confidential.

Hoffman's announcement that he would agree to removal of the "other individual" clause cleared the way for a House vote on the legislation next week.

Previously Speaker Martin (R-Mass) and Republican Leader Halleck of Indiana had told newsmen they would fight any proposal that threatened to invade the constitutional rights of the press. Hoffman is chairman of the House Ex-

penditures committee, which drafted the legislation.

"The main and only purpose of the bill," he told newsmen, "is to compel executive agencies to give congress the information it needs to do its work properly. We were so concerned that any confidential information received should be held in confidence that we wrote into the bill safeguards against leaks."

"There never was any intention to set up a committee censorship of what newsmen may write. The idea was to make it dangerous for committee members and committee employees to leak out information received in confidence."

The bill's penalty provision specifies a one-year prison sentence and a \$1,000 fine.

The measure is an outgrowth of the Commerce Department's refusal to give the UN-American Activities Committee an FBI file in the case of Dr. Edward U. Condon, head of the Bureau of Standards.

DAMAGE, TOO

Rainstorms Wet Parched Texas Lands

By The Associated Press

A line of squall-like rainstorms heading a mass of cool air moving into the state pushed on toward the Gulf of Mexico today, bringing needed precipitation and causing some damage.

Hail and wind accompanied the disturbance at a number of points, but there were no reports of casualties or serious property loss.

At Texarkana, 100 feet of a fence at the ball park were flattened by wind. Tree limbs were blown off in parts of East Dallas. Hail fell in the vicinity of Wichita Falls, and at South Bend, Young County, windows were shattered and limbs ripped from trees.

Baseball games were called off last night at Paris, Waco, Marshall, Texarkana, Henderson, San Angelo and Amarillo, the latter two for dust and cold, respectively.

State Water Picture Grim

AUSTIN, May 6. (AP)—A grim picture of not enough rain, with reservoirs dry or drying up was given today by the State Board of Water Engineers.

It listed as "dry" the important Medina Reservoir on the Medina River near San Antonio, and as "practically dry" the big Red Bluff Reservoir on the Pecos River in far West Texas.

Both have been depended on by farmers for irrigation water. The Medina Reservoir has supplied a 30,000-acre area and the Pecos Reservoir 50,000 acres.

April rainfall over the state averaged less than half of normal, the water board said in a review based on figures furnished by the U. S. Geological Survey. This had a serious effect on surface runoff and storage.

Marshall Ford Lake on the Colorado rose slightly more than two feet about the middle of the month from rises on the Pedernales and Llano rivers. At months end Marshall Ford was still 1.6 feet above the level recorded April 1. Buchanan reservoir fell two feet during the month. The total water stored in the two reservoirs on Colorado River was nearly three-fourths as much as a year ago or approximately two-thirds of the average amount for April 30.

Earlier, J. E. Wilson, Swift's general superintendent, said there are "no prospects of reaching an agreement with the union for settling the strike." He said Swift had started operations in the struck plants and is increasing production "rapidly."

Wilson's statement was described as mere "whistling in the lark" by Ralph Helstein, the striking union's president.

"You can't slaughter cattle with press releases," Helstein said.

The nine cents an hour pay hike had been recommended by a presidential fact-finding board. Before the strike started March 16 the boost had been accepted by the AFL Amalgamated Meat Cutters and independent unions for 150,000 other packinghouse workers.

WASHINGTON, May 6. (AP)—Charles Sawyer of Ohio was due to be sworn in today as secretary of Commerce.

Sawyer's swearing-in ceremony was scheduled for 2 p. m. (CST).

TO AID OIL INDUSTRY

Group Recommends Steel Allocations

WASHINGTON, May 6. (AP)—Compulsory steel allocations to the petroleum industry and perhaps nationwide oil rationing were recommended today by a House committee unless voluntary efforts improve the critical oil shortage.

A report released with unanimous approval of the Armed Services committee said: "The nation is in a grave situation with respect to its petroleum. The national defense is in a precarious position. Congress is confronted by decisions on this subject that are as basic, we believe, as any matters that have arisen in recent years."

The report, written by a subcommittee headed by Rep. Short (R-Mo.), made these major recommendations:

1. Compulsory steel allocations to the petroleum industry if a voluntary program now being worked out by the commerce department is not successful.

2. A revival of oil rationing, unless civilian consumption can be reduced by the government and the petroleum industry through voluntary means.

3. Establishment at once of an oil stockpiling program by the armed forces, plus the establishment of additional military petroleum reserves.

4. Continued exploration in Alaska, with \$20 million to be made available during the next five years to push the exploration as rapidly as possible.

5. Immediate development of tidelands oil resources.

The AFL Teachers Alliance accepted an agreement giving them a single salary schedule, replacing three schedules now in effect based on grades taught.

The accepted proposal gives all teachers an immediate raise of \$200 a year, and establishes, effective Sept. 2, salary brackets of \$2,400 to \$4,800 based on length of service, with automatic raises of \$150 a year.

Executions Hit By British Red In An Editorial

LONDON, May 6. (AP)—In a special front page appeal, Daily Worker Editor William Rust called upon fellow editors today to protest against the execution Tuesday of 152 Greek Communists.

Claiming that 830 more are to be executed within 10 days, the Communist paper's editor declared: "A powerful protest from the London press could save the lives of these men."

"When one man was shot in Bulgaria your newspapers denounced this act for weeks on end!"

(His reference apparently was to the execution of Nikola Petkov, Bulgarian Peasant leader and Communist foe, who was hanged last September for plotting against Bulgaria's Communist-controlled government.)

Those executed in Greece Tuesday all were convicted of murder, most of them in connection with the leftist revolt of 1944.

Christopher Mayhew, a Foreign Office undersecretary, told the House of Commons yesterday that the British government had been shocked by the executions.

MEDIATION FAILS

No End Is Seen To Meat Strike

CHICAGO, May 6. (AP)—Hopes faded today for an early settlement of the nationwide meat strike, now in its eighth week.

The government's latest efforts to end the walkout of some 100,000 CIO Packinghouse Workers broke off yesterday with no indications the union and the four major packers were close to an agreement on their wage dispute.

Both sides apparently are standing pat in their controversy over wages. The union continued to reject the nine cents an hour pay raise. The major packers—Cudahy, Swift, Armour and Wilson—refused to boost the amount. The union had asked a hike of 29 cents.

There was no evidence of progress in a series of negotiations held in Washington by Cyrus Ching, director of the Federal Mediation and Conciliation Service with the union and packer representatives.

However, the mediation service said it had asked the disputants

to be available for further conferences in Chicago. There was no indication when the service will call the negotiators together in Chicago.

Earlier, J. E. Wilson, Swift's general superintendent, said there are "no prospects of reaching an agreement with the union for settling the strike." He said Swift had started operations in the struck plants and is increasing production "rapidly."

Wilson's statement was described as mere "whistling in the lark" by Ralph Helstein, the striking union's president.

Folsom Marries Girl Who Once Held Him Speechless

MONTGOMERY, Ala., May 6. (AP)—Gov. James E. Folsom of Alabama, whose antics with the women earned him the title of "Kissing Jim," has married the 21-year-old girl who once left him speechless.

The surprise wedding of the six-foot, eight-inch widower to Miss Jamelle Moore, who stands five-foot-five, took place late yesterday at Rockford, Ala.

For the 39-year-old governor and father of two small daughters, his marriage to the brunette, state-employed secretary was the cli-

max to a busy 24-months, political and otherwise.

Early last March he was named defendant in a paternity suit brought by an attractive red-haired divorcee who charged he was the father of her two-year-old son. He shortly thereafter took a trip to Washington and New York.

In Washington, government secretaries leaned out of windows and some even whistled. In New York, a models' group named him the most eligible bachelor of the year, and he stopped traffic on Fifth Avenue by kissing most

of the girls within reach.

Still later in Texas he was photographed on a kissing spree and even before this there were stories of his cross-country romance with Virginia Warren, daughter of California Gov. Earl Warren.

After yesterday's ceremony at a little Baptist church, the governor and his bride returned to Montgomery for a brief talk with newspapermen. Afterwards the governor and Mrs. Folsom disappeared, the governor saying he planned to be back in the office today.

The governor told the newspa-

permen of his first meeting with the young girl who now is the first lady of Alabama.

"I was making a speech," he said, "when I was running for governor. I saw her in the crowd and I stopped speaking. I missed about a minute of my speech before I could catch up."

While the new Mrs. Folsom toyed with a lock of hair and observed, "I feel like I'm going around in circles," the governor told how the wedding came about.

"We just took off from work," he said. "She quit her job today. She just up and lost her job at the highway department."

Assistant Coach Named By Board

C. E. Christian, 32, currently coach at Kermit, was elected first assistant to Herschel Stockton, Big Spring high school coach, Wednesday evening.

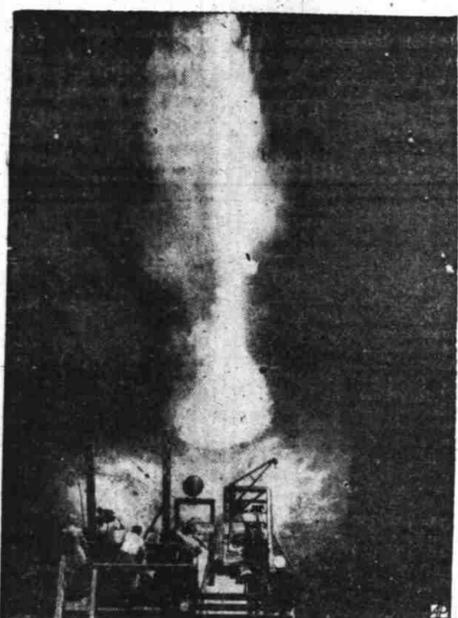

His election by the board came on the recommendation of Stockton, who said he had known him for many years and had been a team mate at McMurry college.

Christian coached at McLean and San Benito and was head coach at Borger for nine months before he entered the Army Air Forces.

Upon his discharge from service, he served as an assistant coach and physical education instructor at the College of Mines in El Paso before going to Kermit. He resigned this position earlier this year, said Stockton.

The board elected Christian, effective Aug. 1.

Stockton also was authorized to make repairs and replacements on roofs of field houses at the stadium.

Bond Sales Are Far Off Pace

Howard county, 7.5 per cent; the time May 1; the situation: Security Loan campaign.

Fifteen days of effort have done no more than yield \$24,324.75 toward an over-all quota of \$325,000. Ira L. Thurman, county bond chairman, said Thursday.

Of this amount, \$21,806.25 is represented in E bonds.

These figures were reported from state headquarters and are lower than the totals here, presumably because the state figures started with April 15, whereas totals compiled here were based on sales subsequent to April 1.

Howard county itself falls in the undistinguished bracket of 93 Tex-

as counties which have not yet attained even 10 per cent of the quota. Of that group, some 40 are ahead of Howard.

The Security Loan campaign, designed as a public debt management plan and thus as one move to combat the menace of inflation, continues through May. However, it will take a greatly increased tempo of buying to attain the quota, as has been a record in Howard county.

Thurman took cognizance that many are now, for the first time, feeling effects of a tax reduction. He suggested that in a great number of cases, this could be converted to systematic savings through payroll plans or individual management. Two or three dollars a week would salt away a number of bonds during the year and avoid contributing to an inflationary wave, he said.

TOUR PLANNED
Valli Wants A Look At America

By BOB THOMAS

HOLLYWOOD, (AP)—The Italian film beauty, Valli, says she'll take a motor trip through the country she intends to make her new home.

As soon as she finished "Weep No More," the sultry voiced actress plans to drive with her husband and son from California to New England. After that, "We're going to follow our noses," she says. She recently applied for U. S. citizenship and she wants first-hand knowledge of her new homeland.

Valli also plans a visit to her native Italy after she finishes "Trilby" this summer. She appeared in a couple dozen Italian films before coming here and hopes to make one or two during her return. She described the Italian film industry as "very healthy."

Jane Wyman has broken her silence on the "Kiss in the Dark" set, now that her reunion with Ronald Reagan is official. She's too regular a gal to go in for such temperament for long. Jane gets a rest from picture making until the fall and she has acquired a house on the beach.

David Niven starts "Take Three Tenses" for Goldwyn the day after he finishes "Kiss in the Dark."

Bargain-style pictures are a new wrinkle on the Hollywood scene. Evidence: 1. RKO is making a feature by pasting together musical and comedy bits from some of its old films, plus a running commentary by master of ceremonies Jack Paar. 2. Benedict Bogeous took the Charles Laughton sequence from the episodic "On Our Merry Way" (snipped from the final version) and padded it into a full-length film.

Cuban Players Swarm Sherman

SHERMAN, Tex., May 6 (AP)—The cubans are coming an' going these days as the Sherman-Denison club of the Big State league serves as a distributing point for American professional baseball. A distributing point for Washington of the American league, that is.

Some 15 have been sent here by scouts of the Washington club, which has a working agreement with Sherman-Denison.

Seven of the Cubans still are here. The others have been sent to Henderson of the Lone Star league, Big Spring of the Longhorn league and Bridgeport, Conn., of the Colonial league.

Father of this movement is Joe Cambria, scout for Washington who is known as "the father of baseball in Cuba."

The Cubans are being brought in because there are so many organized leagues there are not enough players to go around, it was explained to Sherman-Denison club officials by parent Washington, which formed the working agreement only this year.

Locally, the boys of the press and radio are having a tough time telling the fans about these players because of so many jaw-breaking names.

For instance there are Henderbido Castillo and Isidoro Carballeira. The sports writers could handle Castillo all right, they just shorted Henderbido to Henry and they made Isidoro Carballeira's name "Easy Ca Cabby."

Carballeira, one of three third basemen forwarded to Sherman for spring training, was originally scheduled to hold down the hot corner for the Big Spring Bronces, but the Sherman-Denison outfit made a spot for him as soon as the season opened.

Backache, Leg Pains May Be Danger Sign Of Tired Kidneys

Backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start making backaches, rheumatic pains, leg

pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Says Baylor Not Backing Wallace

WACO, May 6. (AP)—Dr. W. R. White, Baylor University president, today had, disclaimed school responsibility for the two faculty members who joined the Progressive party. Both spoke at the meeting in defense of Henry Wallace, third party candidate for president.

Dr. White said yesterday: First, the Baylor University administration kept nothing of this until it appeared in the press. "Second, these individuals in no way represent Baylor University or its point of view, but speak for themselves only so far as the university is concerned. "Third, Baylor University stands unwaveringly for those great constitutional principles that have made her glorious and our country great."

It's Nothing For Blind Hunter To Bag Five Wild Squirrels On Day's Hunt

PADEN, Okla., May 6. (AP)—Bagging five wild squirrels a day is a chore for many hunters so when Tom Hopkins turns the trick it is an amazing feat. And why is it so unusual for Hopkins to bring down game?

He is blind and hunts by ear with a .22 calibre rifle. During the average season, Hopkins, who hunts alone except for three well-trained dogs, rarely returns without four or five squirrels in his game bag.

And how does he do it? Let Juanita Mahaffey of the State Game and Fish Department, who has known Hopkins for years, tell you: "The dogs smell the squirrels out and give forth with vociferous barking when game is treed. Tom just listens when the dogs bark and soon he gets the head

on the jumpy squirrel by sound alone. "Between times he target practices on tin cans. "He'll step off 20 paces, ask an assistant to drop a pebble on the can to give him the sound, and on a still day, he seldom misses. "That, as anyone with good eyesight who has ever practiced with a .22 rifle, can tell you, is good shooting."

Hopkins, blinded when a horse kicked him in 1919 when he was 17, does not confine his hunting to squirrels. In winter months, during fur season, he goes after opossums, skunks, raccoons and minks. Even with prices down last winter he sold more than \$100 worth of furs. Once he got lost. "I was up on Hilleby Creek," he recounted, "and when I realized I was lost, I started out of the timber."

"I came to a low-hanging limb, felt it, and kept going. "About an hour later I came to that same limb and then I knew what I'd always heard was true—a lost person travels in a circle. "I finally came to the farm house of a Negro and had to ask him to take me home." Hopkins laughs over that and other misfortunes which he accepts as part of the game. In addition to hunting, he enjoys fishing. One form, "wooding," which consists of hand fishing under rocky ledges along a stream bank, is his favorite. He now goes with friends when fishing, however. He was bitten last summer by a poisonous water moccasin while alone. "It didn't make me very sick, nor did I suffer much from the snake bite," he smiled, "but it taught me the danger of fishing alone."

COURT REFUSES

Restricted Housing Pact Not Enforced

CHICAGO, May 6. (AP)—Superior Judge Frank M. Padden yesterday dismissed an injunction to enforce a restrictive covenant against two Negro couples in what was believed the first lower court ruling on restrictive covenants since Monday's U. S. Supreme Court decision.

The injunction was sought by the Park Manor Improvement Association and Mrs. May J. Cronin, to prevent the Negro couples from taking possession of a two-story residence at 6916 Wabash Avenue on the city's south side. Mrs. Cronin, who formerly owned the building, was one of the property owners in the neighborhood who signed a restrictive covenant in 1927. The Negro couples, Excell and Ollie Dixon, and their daughter and son-in-law, Catherine and John Love, purchased the residence from a bank for \$12,000 last January.

In upholding the Negro families, Judge Padden said the Supreme Court decision, which stated restrictive covenants are not enforceable in the courts, "was very definite and left no room for argument. Restrictive covenants are at an end."

Murder Suspect In Identified

PHOENIX, Ariz., May 6. (AP)—A 23-year-old Negro prisoner here today had been identified through fingerprints as Henry Brown, wanted in Marshall, Tex., on a murder charge.

Sheriff Barry Rosborough of Marshall told local officers that Brown is wanted for the September shooting of Mrs. Clara Moore, about 50, of Harleton, Tex. Brown is reported wanted for questioning in the death of a Negro man who was fatally wounded shortly after the Moore killing.

The sheriff said a federal warrant charges Brown with unlawful flight to avoid prosecution. Identification officers said the fingerprints of a Henry Jones who was serving a 90-day sentence for theft matched those of the man wanted in Texas. Sheriff Cal Boies of Maricopa County here said the prisoner, admitted identity as Brown but denied knowledge of the shotgun slaying of Mrs. Moore.

Waco Will Ballot On Highway Bonds

WACO, May 6. (AP)—Waco voters will ballot tomorrow on a \$2 million bond issue that would be used to buy a highway right-of-way and improve airport and sewer facilities.

A heavy turnout is expected because of opposition to the plan to reroute U. S. Highway 84 through the city by way of the new Brazos bridge.

Files Libel Suit

CHICAGO, May 6. (AP)—A libel suit against Time, Inc., publishers of Time Magazine, seeking \$20,000 damages has been filed by the Rev. J. Frank Norris, Baptist minister of Fort Worth and Detroit. Norris alleges in the suit, filed in U. S. district court yesterday, that he was libeled in the May 19, 1947 issue of Time Magazine.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As you advance the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles, else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness. To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients. Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalines to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of tons sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Howard County Junior college students this week are appearing before civic groups in announcement of the freshman class-sponsored play "Meet My Wives," which will be held May 10 at the city auditorium.

Among characters sketched in these announcements are those of Cuddles La Rose—played by Audna Neely—and of Loretta Wa. portrayed by Betty Stuteville. Loretta is a handsome, well-poised brunette of 23 whose decided will seeks to overrun her poor husband. Believing husband Alix incapable of looking at another woman, she is no end astonished to find a woman's opera purse in his suit pocket. Cuddles La Rose, a beautiful, statuesque blond of 20—decidedly the chorus girl type—appears in her flippant, familiar manner to retrieve her hand bag. At sight of the gushing Cuddles a boarder with Alix and Loretta hires her to pose as Alix' wife in order to simplify a plan he has for marrying off another couple in the east. He forgets Loretta's phobia about her husband's fidelity.

Tickets to the play are being sold by a number of Junior college students. Admission is \$3.50.

Junior, Senior Bands To Give Concert Tonight

Two bands—the junior and senior—make their traditional contribution to National Music Week in a free concert today.

Under the baton of J. W. King, the junior band will play the opening portion of the program, presenting a chorus, "Carnival King," an overture, "Shadow-Land," a waltz, and "Easy Steps," a march. The Municipal high school band will open its portion of the program with the spirited march, "Them Bases." Other numbers are "Ludovic," an overture by Herold; "Amparita Roca," a Spanish march by Jaime Teixidor; "Pavane," the second movement of Morton Gould's American Symphony.

Also on tap are a pair of popular numbers, "Tea for Two," by Vincent Youmans, and "Begin the Beguine," by Cole Porter.

Edwin Franko Goldman's infectious march, "On the Mall," will bring the curtain down on the concert.

King has drafted his junior band

from students in the fifth, sixth and seventh grades of Central Ward, West Ward, East Ward, College Heights and South Ward elementary schools. The senior band of course, comes from the eighth grade and high school.

The musical program scheduled for Sunday afternoon by the Music Study club has been cancelled due to illness of the members and also because it is Mother's Day and several of the members will be out of town.

Philathea Class To Host Scout Troop

Plans were completed to host Scout Troop Nine to a luncheon, June 2 at the meeting of the Philathea class in the First Methodist church Wednesday noon.

Mrs. R. B. Reeder led the devotional at the class day luncheon and Mrs. Merie Stewart led the group singing of, "Dwelling in Beulah Land."

Mrs. Paul Darrow presided during the business session, at which time, members discussed plans toward adopting another orphan as Lou Beth Fulham, formerly adopted by the class, was married recently.

Hostesses for the affair were Mrs. J. D. O'Barr, Mrs. H. M. Rowe, Mrs. C. W. Guthrie and Mrs. Henry Norris.

Decorations for the tables consisted of bouquets of roses, with streamers of rose buds joining each group. The cloth was of white linen. Those attending were Mrs. Gardner McAdams, Mrs. Ches Anderson, Mrs. Charles Watson, Mrs. Jett Brand, Mrs. Paul Darrow, Mrs. R. B. Reeder, Mrs. H. V. Crocker, Mrs. Roy Carter, Mrs. Lina Flewajen, Mrs. John Davis, Mrs. Fred McGowan, Mrs. Robert Stripling, Mrs. Merie Stewart, Mrs. Royce Satterwhite, Mrs. Jack Rowden, Mrs. C. W. Burrell, Mrs. Haley Haynes, Mrs. Maxine Lowery, Mrs. W. J. Moore, Mrs. Jane Norris and Mrs. Bill O'Neal.

Choir Picnic Postponed

The First Baptist choir picnic which was scheduled for Friday evening has been postponed due to the fact that Mr. Hock was called out of town. There is illness in the family.

HOME DEMONSTRATION COUNCIL OFFICERS are left to right, Mrs. Allen Hull, secretary; Mrs. Claude Self, treasurer; Mrs. J. M. Craig, president and Mrs. Sam Armstrong, vice-president. These officers are working with the eight home demonstration clubs of the county and the agent, Miss Margaret Christie in planning the activities of the National Home Demonstration club week which began May 2 and will end, May 8. The one social during this week was a book review and tea given at the First Methodist church Tuesday. The book was "Green Grass in Wyoming" and was reviewed by Mrs. I. H. Severance. A series of radio programs is being sponsored in connection with this week, on the HD club work. (Photo by Jack M. Haynes).

May Day Celebration Is Highlight Of Forsan Activities During Week

FORSAN, May 5 (Sp)—Mrs. A. S. Clark entertained the Girl Scout Brownies with a tea in the Home Economics department Monday afternoon.

Mrs. Harry Miller, Mrs. E. A. Grissom, Mrs. H. N. Yeaden and Mrs. C. H. McClusky were co-hostesses.

The reception line included Janelle King, Frances Parker and Deanna Grissom. Sue Averitt presided at the guest register.

Articles of hand-carved wood, shell earrings, combs and pins and clay models of baskets and birds with finger etchings were displayed during the afternoon. All were made by the Brownies.

The tea table was lace-laid with miniature May pole decorations and an arrangement of roses and honeysuckle formed the centerpiece.

Those attending were Mrs. Hood Parker, Mrs. G. G. Green, Mrs. Bill Allen, Mrs. H. W. McMahan, Mrs. Woodrow Scudday, Mrs. L. B. McElrath, Mrs. Jesse Overton, Mrs. E. N. Baker, Mrs. J. D. Installation Of Parent-Teacher Association Officers Is Held

Mrs. J. C. Lane, sixteenth district vice-president, was installing member for the officers of the Parent-Teacher Association, both the council and local units, at a combined session Wednesday at the high school gymnasium.

The installation services were held in the afternoon following the last regular business meeting for the year at the morning session.

The installation of officers was a candlelight service with Mrs. Jimmie Mason, outgoing president lighting her candle and from this Mrs. Boykin, incoming president, ignited hers. All of the council officers, vice-president, secretary and treasurer, and all of the local unit presidents lighted their candles from the Council president. Other unit officers received light for their candles from their respective council officers.

Those installed as council officers were Mrs. Zolzie Boykin, president; Mrs. J. C. Lane, vice-president; Mrs. W. N. Norred, secretary; and Mrs. Lambert Ward, treasurer.

High School officers are Mrs. W. D. Willbanks, Mrs. J. D. Jenkins, Mrs. J. C. Rogers and Mrs. Harry Montgomery. Central Ward officers are Mrs. Alton Underwood, Mrs. Albert McGeehee, Mrs. Ray Tidwell and Mrs. Elvies McCrary.

Officers to assist Mrs. W. N. Norred, president at College Heights are Mrs. Don Seale, Mrs. Clyde Thomas, Jr. and Mrs. Robert Shipling. At South Ward are Mrs. H. J. King, Mrs. George French, Mrs. Violet Reed and Mrs. L. R. Terry.

West Ward officers installed were Mrs. W. L. Cayton, Mrs. Jack Y. Smith, Mrs. E. T. Reynolds and Mrs. Cecil Penick. Mrs. Earl Hollis, Mrs. Brown Rogers, Mrs. C. C. Penick and Mrs. O. C. Lewis are North Ward officers. Serving at East Ward next year will be Mrs. Walter Smyley, president; Mrs. A. C. Klovin, vice-president; Mrs. M. B. Beam, secretary and Mrs. A. J. Rogers, treasurer. Airport elementary leaders will be Mrs. W. C. Daniel, Mrs. W. H. Patterson, Mrs. Z. S. Loftis and Mrs. F. W. Medley.

Mrs. J. A. Coffee opened the morning session with a devotional and prayer entitled "Why Be Discouraged?" and gave it in the form of questions and answers using the Bible characters of David, Simon, Peter, John the Baptist and Jesus Christ as examples. Missionary Society And P-TA Have Meetings In Knott Community

KNOTT, May 6 (Sp)—Mrs. J. T. Gross was in charge of the program "Laborers Together With God" at the Missionary Society Monday afternoon.

The meeting was opened with the singing of "Onward Christian Soldiers" which was accompanied by Mrs. J. C. Spalding. Mrs. Elsie Smith led the opening prayer and Mrs. Lee Vaughn gave the devotional.

Mrs. Gross discussed "Laborers" in a skit form. Mrs. Elsie Smith and Mrs. Hershel Smith told how the members "Labor together in WMU and with the Denomination." Mrs. Lee Burrow brought out that it is good to "Labor Together With God." The closing prayer was by Mrs. Lee Burrow.

Attending were Mrs. N. W. Irwin, Mrs. Dick Clay, Mrs. Louis Harrell and the Rev. Lee Vaughn.

Mrs. W. K. Scudday of Garden City installed the officers of the Parent-Teacher Association at the last meeting of the year.

Those installed were Mrs. Joe Myers, president; Mrs. E. H. Lumpkin, vice-president; Mrs. J. T. Guess, secretary and Mrs. J. B. Shockley, treasurer.

Committee chairmen named were Mrs. H. E. Barnes, program; Mrs. Cecil Allred, publicity; Mrs. J. E. Brown, hospitality; Mrs. Morris Gay, membership; Mrs. S. T. Johnson, budget and finance; Mrs. C. M. Murphy, by-laws; and Mrs. J. D. McGregor, auditing.

Mrs. S. T. Johnson, Mr. J. E. Brown, Mrs. Cecil Allred and Mrs. Morris Gay gave reports on the district convention in Midland.

The group voted to sponsor a party at the gym on Friday evening, May 21. The proceeds will go as a payment on a duplicate machine for the school.

Attention was called to the fact that Dr. F. E. Sadler, district health officer will give free check ups to all pre-school children at the school house, Tuesday, May 11 at 2 p. m.

Mr. and Mrs. J. J. Kemper, Lou Ellen and James Ollie, spent the weekend at Possum Kingdom lake near Breckenridge for fishing and outing.

Also Mr. and Mrs. Cecil Shockley and family and Mr. and Mrs. Harrison Wood and family fished at Possum Kingdom over the weekend.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barcostrat. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose belly fat and help regain slender, more graceful curves; if stubborn pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 47 Pounds
"When I commenced to take Barcostrat, I weighed 212 pounds. I now weigh 165. I lost 25 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barcostrat."—Mrs. George Green, Chalmers Court 4, Apt. 1, Austin, Texas.

Lost 20 Pounds
"I lost 20 pounds taking four bottles of Barcostrat and I feel fine."—H. M. Gates, 212 24th Street, Corpus Christi, Texas.

Clubs To Form Federation At Meeting On Saturday

Members of approximately 17 clubs are to meet together Saturday afternoon at 3 p. m. in the First Methodist church parlor to organize a City federation of clubs.

This meeting has been called by Mrs. L. E. Eddy, who with Mrs. R. T. Piner started the movement of the formation of the federation of the clubs sometime ago.

Officers, by-law and a constitution will be selected so that the federation can begin functioning in September.

All clubs who are interested are cordially invited to send delegates to the meeting, states Mrs. Eddy.

Classes To Have Luncheon

Members of the Susannah Wesley Class of the First Methodist church are entertaining members of the Coffee Memorial class at a Mother's Day luncheon Friday at noon at a covered dish affair. It will be held in the Fellowship hall in the church.

Imogene Thomas Is May Fete Queen

ACKERLY, May 6 (Sp)—Imogene Thomas was crowned queen of the May Day Fete as sponsored by the Ackerly Parent-Teacher Association Tuesday evening.

Clay Ingram was the king. Both were members of the junior class. Members of the royal court were Ruth Womack, Gerald Rogers, Lillian Rinegar, Davie Brown, Gayle Batson, and Junior Rhea.

Rita Kay McBride was crown bearer. Heralds included Jeannine Bradford, and Danna Sue McBride. The court jesters were Howard Armstrong and Robert Purcell.

The crowning of the queen was the beginning of the program and the flower girls came down the aisles with baskets of flowers and were dressed in pastel or gandy dresses. They were Mary Reed, Judy K. Brown, Patsy Preston, Linda Bristow, Sylvia Ann Smith, Peggy Ingram, Judy K. Wood, Wanda K. Smith, Dana Horton and Modes-

Boeing, Union Sue Each Other

SEATTLE, May 6, (AP)—Court suits which, if won, would mean collection of damages in seven figures for every week the Boeing Airplane Company strike continues, were filed in federal court yesterday.

Both company and union filed the damage suits as the newest development in the two-week-old strike by 14,500 mechanics Union.

The company, in its suit, asks \$2,250,000 from the union under the Taft-Hartley law. The complaint said the damages would increase as the strike continues to tie up production of Air Force B-50 heavy bombers and other planes.

The union shortly afterward filed a suit asking \$153,000 for every day of the strike for loss of wages and \$140,000 weekly to repay strike benefits to the union's parent organization, the International Association of Machinists.

Circle One and Two Meet in Jarratt Home

Circles One and Two of the East Fourth Women's Missionary Society met in the home of Mrs. H. M. Jarratt Tuesday afternoon.

The session opened with a prayer by Mrs. L. M. Bond, Mrs. Jarratt led the Bible Study.

Refreshments were served to Mrs. Herbert Reaves, Mrs. Warren, Mrs. H. V. Hancock, Mrs. L. M. Bond, Mrs. T. F. Hill, Mrs. O. R. Smith, Mrs. Elmer Rainey and the hostess.

Seizure As Last Resort

Federal seizure of the nation's railroads is being considered now as a strong possibility as a result of the collapse of efforts to mediate differences and avert a strike on May 11.

The office of Defense Transportation is the authority for the statement that legislation is still on the books which would make it possible for the President to order federal operation of the railroads.

If this is to be the course, there should be clarity about it. There should be advance preparation and notification and understanding.

Obviously, few things could cripple the economy of the nation so completely and effectively as a nation-wide rail strike. It would be even more paralyzing than strikes in basic industries such as coal and steel, for the things that we eat, the things upon which we depend for everyday livelihood travel in a great degree by rail.

It is doubtful that we would starve, but certainly we would be stunned. The load would be too tremendous to throw to motor and air transport. Raw materials would be hit quite as sharply as processed ones, and a halt of this essential transport would place a stricture upon industry everywhere.

As a last resort, perhaps in public interest the government would be justified in temporary operation. But that should be the last resort, for until the 11th hour, carriers and brotherhoods ought to seek sincerely and earnestly some point of healthy compromise.

Reaction On Ohio Voting

It will be interesting to watch reactions on the Ohio presidential primary where Sen. Robert Taft won 14 and Harold Stassen took nine out of a disputed 23 places on the GOP delegate slate. There were 30 others which went to Taft without contest.

Observers at first said that Stassen hardly stood a chance of getting any delegates in Ohio, where Sen. Taft should be a favorite son. Then, as Stassen piled up impressive majorities in Wisconsin, Nebraska and in the Pennsylvania write-in campaign, the political wise-acs upped the Stassen ante in Ohio.

He would, they decided, need to win 10 delegates out of the 23 being contested, to hold his own. That many, they agreed, would mean that the Taft campaign had been dealt a sore blow; more than that, a mortal wound. Contrarily, to fall below the 10 mark, these oracles concurred, would mean that Harold might not have quite as much stuff on his one-two pitch.

Just how or why they agreed on the arbitrary figure of 10 is not explained, although some so-called expert with a journalistic following probably used it speculatively. From that others likely accepted it as a gospel figure.

Now will the observers, on the strength of one delegate, contend that the Taft campaign is saved or the Stassen ascendancy halted?

Or will they be realistic enough to admit that Stassen must have pretty wide popular following to invade the backyard of one of his arch rivals? And will GOP leaders, in control of party machinery, accept or ignore that fact? It will take the Philadelphia story in June to give us the answer.

The Nation Today—

Tariff's Old Story

Editors Note: This is the first of three stories on the fight in Congress over the reciprocal trade agreements act.

By JAMES MARLOW
WASHINGTON, May 6. (AP)—If you're a housewife or clerk it's hard to think of "foreign trade" as something that affects you.

But it does, sooner or later, because a lot of our prosperity, and world prosperity, is wrapped up in foreign trade.

If you are an American businessman or farmer, with things to sell here or abroad, foreign trade affects you directly.

And now once more, as in other years, Democrats and Republicans are quarreling over the way we handle our foreign trade.

The root of the argument goes deep. Here's the background:

You made shoes. A man in France made shoes. He was able to sell his shoes here cheaper than you. He was ruining you.

You appealed to our government for help. The government set up a tariff to protect you from the foreign competition.

Which meant: There was a tariff or duty or tax on every one of the Frenchman's shoes coming in here for sale.

If that tariff was high enough he'd have to sell his shoes here at a higher price than yours, if he wanted to make a profit.

So you got a break, called tariff-protection, because the tariff put him at a disadvantage in selling in this country. That's an old story.

It's an old story in every country. Suppose you had tried to sell your shoes in France in competition with the Frenchman's.

His government would set up a tariff on your shoes to give him the same break this government gave you.

Just carry this idea far enough—every country shutting out imports with gigantic tariff walls—and foreign trade drops dead.

The Republican Party from away back has been a high-tariff party—meaning high tariffs to protect American farmers and manufacturers from foreign competition here.

In 1930 when the Republicans controlled Congress, they passed the Smoot-Hawley law, boosting tariffs to the highest point in our history.

Other countries, finding it tough to sell their goods here, took action of their own.

They either boosted their tariffs against us or set a limit on the amount of goods we could sell them.

That period, when the Smoot-Hawley law was operating, also saw the beginning of the world-wide depression. Our foreign trade, badly smashed by the depression, was shot to pieces.

WASHINGTON (AP)—This brings you up to date if you're puzzled by all the mix-up in Congress over the armed forces.

There are three main points: 1. Making the Air Force bigger. 2. Drafting men for military service. 3. Compelling youths to take military training.

None of the three is settled yet. But this is where they stand now. Take the Air Force first—

The House already has approved expanding the Air Force from its present strength of 55 groups to 70.

The Senate is ready to vote on the same plan, possibly next week. This No. 1 point is neither being finished nor the other two.

(A group can be any number of planes, depending on size. A group of big bombers has fewer planes than a group of fighters.)

Now take the draft—

Congress is thinking of drafting men 19 through 25. So far, it's only thinking. There's no draft law yet, although six weeks ago President Truman asked for such a law to build up the armed forces.

Congress' two armed services committees—one in the House, one in the Senate—are working on separate draft bills.

Now take universal military training—

Months ago the house armed services committee finished a bill for universal military training (UMT).

The bill is all ready for a House vote. But it's been held up in the rules committee. If the house ever acts, it may change the bill.

Washington Merry-Go-Round—

Argentina Seeks Arms Contracts

By DREW PEARSON

WASHINGTON.—Despite the many slaps Argentina gave the United States at the Bogota conference, Gen. Humberto Sosa Molina, Argentine war minister, is coming to Washington to discuss details of an agreement by which Argentine armament plants would be licensed by the United States to manufacture a number of the latest American weapons.

Sosa Molina is coming on the joint invitation of the National Defense and State Departments. Accompanying him are Gen. Manuel Savio, director of Argentine arms factories; Gen. Felix Urdipilleta, former minister of the interior, and various other high-ranking officials.

Conclusion of this deal will mean that, for all practical purposes, Juan D. Peron's fascist Argentina has supplanted Brazil as our chief South American ally. It will also be a personal triumph for pleasant president Gen. Carlos von der Becke, former Argentine chief of staff, who has spent almost two years selling Washington officials on the plan.

Von der Becke first arrived in Washington in June, 1946, and laid the arms-licensing proposal before Gen. Dwight D. Eisenhower. Ike gave him no encouragement, although there was much favorable sentiment and attempted pressure on lower levels of the War Department.

Now Secretary of State Marshall, who always thought well of the idea, has become convinced that it should be put into practice, and has brought Gen. Omar Bradley around to his view. As usual, Marshall's decision was based strictly on strategic considerations, without regard for the ideological or political angles. Unfortunately, the effect on Brazil and other staunch friends of the U. S. A. will probably be disastrous.

EXIT JOHN SNYDER? Despite all the denials, it looks more and more as if Secretary of the Treasury Snyder is leaving his job in the Truman cabinet to join the Giannini's Bank of America, largest bankers in the U. S. A.

Big bluff, genial A. P. Giannini was in Washington the other day at a significant luncheon. Lunch-host was Eric Johnston, dynamic head of the Motion Picture producers, and a director of Giannini's bank. Other guests included Paul Hoffman, head of the Marshall Plan; Secretary of the Treasury Snyder, A. P. Giannini, Walter Braunschweiger, Giannini's executive vice president and Roland Pierotti, Giannini's Washington representative. John Snyder seemed to feel right at home among all the Gianninis.

When Tom McCabe was appointed chairman of the Federal Reserve Board, replacing Giannini Critic Marriner Eccles, the venerable West-Coast banker was given credit for getting Eccles out. Though he denied this, it was interesting to note that last week in Washington, Giannini and the man who replaced Eccles as Federal Reserve Board Chairman, Tom McCabe, huddled alone in Eric Johnston's office.

Note—President Truman, though making a public commitment to appoint Marriner Eccles vice chairman of the Federal Reserve Board, so far hasn't come across. Some people are attributing this to the strong hand of the Gianninis via John Snyder.

SPECULATING TAX-DODGERS The honeymoon appears to be over for those commodity speculators who have been manipulating their "long" and "short" trading accounts to evade income taxes.

The Internal Revenue Bureau has started an undercover probe of more than 600 speculators and their use of a loophole in the tax laws by which they convert short-

term purchases and sales (transacted within six months) into long-term (over six months) accounts. By this simple device they escape taxes on 50 per cent of their net profits.

All the speculators have to do to reap this windfall is keep their accounts "open" in their books longer than six months. They do this simply by instructing their brokers to delay payments.

The Commodity Exchange Authority, which tipped off the Treasury Department about the tax-dodgers, estimates that last year they knocked down around \$5,000,000 in unpaid taxes.

MERRY MORTICIAN Acting Senate Leader Kenneth Wherry, the merry mortician, recently had the chaplain pray twice and start a new legislative day in the middle of a Senate session in order to bring up a bill that had not been carried on the Senate calendar its full time.

By starting a new legislative day, the bill was given one extra day on the calendar, thus making it available for passage.

Afterward, when Wherry was razzed by his colleagues and accused of using the chaplain to cloak this unusual parliamentary maneuver, Senator Kilgore of West Virginia cracked: "You can always depend on an undertaker to have everything on time for the obsequies."

GOP MERRY-GO-ROUND Speaker Joe Martin's friends claim they've made a deal with the Dewey crowd to switch all of New York's 97 Dewey delegates to the speaker if it becomes clear Dewey can't make the grade...

THE DIPLOMATIC POUCH The Australian government is sending a formal note to the State Department protesting General MacArthur's plan to rebuild Japan. Australia fears the resurrection of the Japanese military will again threaten the peace in Asia...

More money is going to Turkey—this time \$300,000,000. The State Department considers it necessary in order to keep Turkey out of the Russian orbit... Incidentally the Turks consider it quite a joke—the way they can squeeze money out of Uncle Sam... Sir Oliver Franks, the new British ambassador, will present his credentials to President Truman on May 29th. He's expected to be a big improvement. (One was certainly needed.)

TEXAS TODAY—

Don't Mention Strip In Yvette's Presence

By WILLIAM C. BARNARD

"Mention burlesque or strip to me and I die," the lady said. Across the room, her husband, a big fellow, nodded in sympathy.

We hadn't said a word about burlesque or strip. Yvette Dare, her blue eyes coldly serious, was just emphasizing that the mere thought of such things jades her appetite.

Gracefully, she patted her coal black hair with a diamond-decked hand and added: "My act is a semi-strip and it could never be considered offensive."

We had caught the act the night before and it's possibly the slickest in the business. Yvette has trained a macaw, a parrot-like talking bird, twice as large as a parrot, to—almost—disrobe her.

Picture shapely Yvette on a nightclub floor, in a turquoise blue sarong and a type of brassiere, slinging she calls it, of the same hue.

To the rhythm of exotic music she goes through the intricacies of a Balinese dance. Suddenly she throws out an arm. There is a whirling of wings from the back of the nightclub and here comes that big red, yellow and blue bird, flying low over the heads of the patrons. He alights on Yvette's arm, then snatches a flower from her bosom and flies with it to a paper mache tree.

That did the trick—the flower was holding up the sling dang and off it comes. Then, while Yvette goes through some more Balinese paces, the macaw sits in the tree and watches the customers with what could only be described as a jaundiced eye. On the 27th bar of the music he emits a loud, scornful squawk, and he never misses his cue.

Governor Driscoll of New Jersey will be the favorite son of the New Jersey delegation on the first ballot in Philadelphia. On the second ballot, the boys will switch to Stassen... Pennsylvania Republicans are split wide open. The powerful political machine of Joe Pew, Sun Oil Company, is now reported definitely though quietly for Stassen. However, Senator Ed Martin is for Taft. In the end, Stassen will get most of the Pennsylvania delegates after the first ballot... In West Virginia Stassen is expected to take over the entire delegation... Governor Dewey is staking a lot on the Oregon primary. However, Stassen's stock is rising and he may come out the favorite... In brief, Stassen will go to the Philadelphia convention with far more delegates than ever expected, though he will probably be eulched out in the smoke-filled rooms.

Notebook—

Intricate Industry

By HAL BOYLE
LEAD, S. D., May 6. (AP)—A gold miner is about as likely to see an elephant underground as he is gold.

And if he did see it he probably wouldn't recognize it. This is one of the oddities of digging out the yellow metal that gives the boys at Fort Knox something to guard and provides the nation's dentists something to fill a tooth with besides an ache.

"It is very rare to find free specks of gold," said Harlan Walker, assistant general manager of the Homestake mine, largest in America.

A miner can work years here and never see any.

Many miners can't even determine ore-bearing rock from waste or "country rock." Sites worth working are outlined by skilled mining engineers.

Gold mining is an intricate industry comparable in many ways to an automobile factory. It takes many skills to glean from one ton of ore its final product—barely enough gold to make a man's wedding ring. And it may cost \$200,000 or more to blast through country rock to reach an ore body worth working.

Practically everything taken out of the mine is put back in with one noteworthy exception—the gold. After the ore has been crushed and passed through meshes of a screen finer than the sifting cloth used in flour mills, the waste sand is pumped back into the mine as "fill" to prevent wall collapses.

Gold miners are a hardy, snuff-chewing crew who hold a high disdain for coal mines. They work a seven-hour, six-day week and the top workers earn \$12 to \$15 a day. They live a mile above sea level here and work a mile from their homes—straight down. Their chief task is drilling seven-foot holes in the tunnel face and stuffing them with dynamite which they set off at the end of their shift. Laborers then do the mucking—loading the blasted ore with power shovels.

Some idea of the size of the operations in this massive mine that has produced \$460 million in 70 years:

It produces 1,400,000 tons of ore in a normal year.

It pumps out 500 gallons of water a minute and pumps in 225,000 cubic feet of fresh air.

It has 37 levels, 120 miles of tunnels.

It burns 773 miles of fuse a year to set off three million sticks of dynamite—some 100,000 pounds a month.

It uses one million feet of timber a month.

Its giant main hoists can haul up nine-ton loads of ore at three times the speed of the fastest passenger elevators in New York skyscrapers.

Affairs Of The World—

Bevin Asks For Unity

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

This column yesterday tried to analyze President Truman's view that the current year "may well determine the world's future," and pointed out that the number one issue of the period is whether the cold war will develop into a shooting war or whether it can be kept within bounds.

Britain's outspoken foreign secretary, Ernest Bevin, now enters the discussion with the statement that "the chaotic separation of the Western (European) powers, if allowed to continue, would leave them open as a prey." A prey to what? Well, very obviously to Communist aggression, which almost inevitably would turn the cold war into a hot one.

Bevin was addressing the House of Commons and was dealing with the proposed expansion of the new five-power alliance among Netherlands and Luxembourg into an economic and military union of all Western Europe. He declared that such a union wouldn't lead to war and added in effect that "chaotic separation" might lead to it.

The greatest danger of war isn't that any power would deliberately precipitate it. Rather it lies in the chance that some nation, or group, might inadvertently do something, through rashness or stupidity, which would set the world aflame again.

I believe that represents the consensus of close observers.

Unfortunately Europe is so tense that it might react much more quickly to "some stupid act" than it would under normal conditions. There have been plenty of flashes of fire between the Russians and the Western Allies in Germany and Austria recently, but caution on both sides has prevented difficult situations from getting out of hand.

One big threat of trouble lies in the fact that the present relative calm in Europe is merely a lull in the Communist world revolution.

With the absorption of Czechoslovakia, Russia got as far as she could go in her offensive without a display of force which would be asking for war. Moscow tacitly recognized this by holding Italy's big Communist Party in leash during the recent national elections.

Counteracting Votegrabbers

Folks who are about ready to decide that most congressmen are patronage opportunists willing to do anything that will "grab the vote," should find new hope to defeat such an urge in the Congressional Breakfast Club.

That's the opinion of Dr. Bill Marshall, president of Wayland College at Plainview. He had an opportunity to address them recently while he was in Washington.

The organization meets in a Capitol Hill restaurant at 8 a. m. each Wednesday morning for prayer, Bible study and Christian testimony.

One of the most interesting, and I think, important facts about the group is that it avoids publicity of any type. These solons don't want anyone thinking they are using their religion as a ballot-collector and they want to prove their sincerity to themselves.

Without calling any names, I can say that the membership includes many of the biggest officials in Washington. There are several Texas lawmakers in the club although not all in the Lone Star state delegation hold membership.

Steeds Turn Back Odessans On Wind Swept Field, 9-2

Viadora Cards Initial Win

Good looking Roland Viadora cleared up the veil of mystery that had enveloped his pitching arm by flinging the Big Spring baseball Broncs to an impressive 9-2 victory over the Odessa Oilers on a wind-swept field here Wednesday night.

Never before capable of going over three or four innings Viadora handled the erstwhile Longhorn league leaders as if he owned them. He rationed out six hits and would have had a shutout had not Skee Jacome queered a double play setup in the seventh inning. The victory put the locals back on top in league standings.

The Steeds seemed to adapt themselves better to the playing conditions than did the guests, who could never get used to the sand that fogged in almost constantly.

Pat Stasey's troops rapped out a dozen hits off two Odessa hurlers, including four safeties by the up-and-coming Bobby Fernandez.

The locals bounced away to a four-run lead in the first two innings and then pushed five across in the fifth.

Viadora's performance eased Stasey's mound worries more than a little bit. His hurlers have been able to go the distance in the last four games now and the Broncs take to the road in fair shape.

They show up in Sweetwater tonight to begin a two-game series, move to San Angelo Saturday and double back to Del Rio before returning here next Wednesday.

GLEANNINGS — Stasey's second inning walk was intentional and the strategy paid off for Jack Arthur, Odessa relief hurler. He forced Tony Traspuesto to roll out weakly to him. The contest was delayed 30 minutes by high winds midway in the first inning and several people departed, thinking that the contest had been postponed.

Joe Moody, the Oilers high priced outfielder, missed a tall fly authored by Jake McClain in the sixth inning. He was camped under it but the ball rolled out of his hands. McClain enjoying his best night afield, handling 11 chances faultlessly and figuring in one double killing. Pete Armandaris, the Odessa starter, didn't retire a man in the second. He pitched to four batters, three of whom hit safely and gave up a walk to the other. Fernandez's fourth hit, a double, bounced across third base and hit just inside the foul line.

PAIRINGS ALL WRONG IN MIDLAND FEM'S TOURNAMENT
Who ever drew up the pairings in the Midland Women's Invitational Golf tournament should take lessons in the proper way to arrange a bracket.

Most of the strength was concentrated in one bracket with Our Town's Gloria Strom, the medalist.

LOCAL STATION TO AIR TRACK AND FIELD MEET
KBST, the local radio station, among others, will handle a broadcast of the Texas Interscholastic league track and field meet in Austin Saturday afternoon, starting at 2 p. m.

Our Town's Leon Leopard and Harold Berry, along with something like 800 other athletes will compete in the games.

LOOKING 'EM OVER

With TOMMY HART

Those baseball observers who would move Jake McClain off second base on Our Town's nine and place him in the outfield should proceed with caution.

Granted that Jacob, one of the most colorful ball players in the league, is a bit slow on making the pivot on a double play ball, that he boots one occasionally.

If there is any doubt as to his ability, afield or at bat, however, consult the records of the league last year. (They can be found in the Baseball Guide and RecordBook, which hit the market recently).

McClain led the regular second sackers afield last season with a respectable average of .927. Only Floyd Geiger of Ballinger, who played in but 28 games at the station, and Jackie Wilson of Vernon, who played 48 games topped him. Jake took part in 118 contests.

Not only did J. K. set the pace in the field, he figured in the most double plays — 67.

And, bear this in mind. McClain — his team mates insist — looks much better on the road than he does in his own park. Despite all the work on the diamond here, the terrain out around second base is still treacherous. It owns crevices and contusions the average fan can't spot from the stands.

His aggressiveness makes him invaluable, both offensively and defensively. No one likes to win better than Jake and he's forever pressing, perhaps a trifle too hard at times.

MRS. CLAUD McADEN ORDERED JERSEYS FOR BRONCS
Credit Mrs. Claud McAden, wife of the general manager of the Broncs, for creating the 'new look' on the local nine.

Mrs. Mac ordered scarlet jerseys for all the boys and they wore them for the first time night before last. At the moment, they look like the best dressed outfit in the league.

DEWEY JACOBS, EX-CAT, NOW WITH TYLER NINE
Dewey Jacobs, the Texas A&M graduate who pitched for Ballinger last year, is performing for the Tyler nine in the Lone Star league this year. He won his own game with a home run the other night.

LIKE McFARLAND, DAVIS IS A VERY PERSONABLE FELLOW
From what line of baseball aristocracy does A. D. Ensey, the Odessa club owner, choose his field managers.

Last year, he had Howard McFarland, one of the most gracious men in all baseball, running the team. This year he selected Bill Davis, equally as personable, for the job.

Such men are truly a credit to the national pastime.

TONY MAKES CERTAIN HE HAS FIRM GRIP ON BALL
One of Armando Traspuesto's best assets, whether he's playing catcher, third base or at the initial sack, is his ability to hold onto the ball in crisis.

Once he accepts the pellet, Tony takes a firm, cool grip on it, wrapping his big paw around the apple until it seems to become a part of him. In cases where he nips a man sliding into him, Armando then lifts the ball high to show one and all that he is still in possession.

Hurlers Shine In Texas Loop Tilts Wednesday

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas League always has boasted of being a "pitchers' league." Last night's round of games strengthened that claim.

The hurlers dominated the scene. One threw a no-hit, no-run game for six innings—until a high wind and a rainstorm halted the proceedings. Another twirled a five-hitter. Two more combined for a five-hitter. Another gave up only six hits. Still another held the opposition to eight.

The league-leading Fort Worth Cats were victims of the six-hit exhibition, put on by Lefty Kent Sterling of Beaumont as the Exports licked Fort Worth 6-1. Beaumont got 10 blows off three Cat twirlers.

Shreveport's Sports edged toward the first division as Garth (Red) Mann held Dallas hitless for six innings while Shreveport was winning 4-0. A 55-mile-per-hour wind combined with rain to stop the game and prevent Mann from possibly notching the League's first no-hit, no-run regulation affair of the season.

Houston and San Antonio stayed in a tie for second place—a game behind Fort Worth—by beating Tulsa and Oklahoma City respectively.

Cloyd Boyer hurled a five-hitter to pace Houston to a 3-1 win over Tulsa. Houston got only five blows off John Stone and Felix Penso but did a good job of bunching them for tallies.

San Antonio and Oklahoma City played twelve innings with the Missions emerging victorious 4-3 when Luke Major homered. Ray Minor, pitching his first game for San Antonio, gave up eight hits and fanned 11.

The clubs continue the same stands tonight with Fort Worth at Beaumont, Oklahoma City at San Antonio, Tulsa at Houston and Dallas at Shreveport.

Strom Advances In Fems' Meet

MIDLAND, May 6. — Gloria Strom, University of Texas student from Big Spring, routed Mrs. Ed Rankin of Odessa in her first round match in the Midland Women's Invitational Golf tournament here Wednesday.

Gloria's margin of victory was 5 and 4. She meets Mrs. G. E. Shows of Odessa today. Mrs. Shows turned back Rachel Hornbeck of Midland, one up.

The tournament co-favorite, Mrs. Ted Huestis of Odessa, trounced Mrs. Bill Pomeroy of Midland, 4 and 3.

Mrs. Mable Rush of Dallas, formerly of Big Spring, was beaten by Miss Shirley Culbertson, Midland, in first round play, 3 and 1.

Mrs. Bill Roden of Odessa, formerly of Big Spring, won a first flight duel from Mrs. Bill Stator, one up.

SAYS KIDS HAVE ENOUGH WORRIES
WILKES-BARRE, Pa., May 6. — John E. Hanson, owner of several concessions at the Harvey's Lake Amusement Park, says he doesn't believe children should be worried about such things as taxes.

In keeping with that belief Hanson announced yesterday he will dig into his own pocket and pay the 10 per cent tax recently imposed by the Lake Township school board on such amusements as Hanson's Park concessions.

DOZEN FIGHTS CARDED

Gannon's Scrappers Ready For Amateur Bouts Friday

A lot of beak busting is in prospect tomorrow night as amateur mitt slingers from two West Texas cities—Odessa and San Angelo—converge upon Big Spring to engage in a series of exhibitions with Burt Gannon's local charges.

The bash convention, which will probably consist of about a dozen three-round fights, takes place at Pat O'Dowdy's Sportatorium on East Third street. The curtain raiser, which will probably feature a exhibition between two colored boys, goes on at 8 p. m. or thereabouts.

Billy Wooster is bringing in at least six boys from Odessa while Ray Valdez has promised to show up with about 12 from San Angelo.

Local fisticuffers who will probably get into action are Cecil Gilstrap, lightie vy; Cliff Prather, heavy; Jimmy Eppler, middleweight; Billy Carlisle and Billy Bob Whittington, welters; Carol Cannon, who at the present time is a few pounds over the lightweight limit; and Doyle Maynard, a 112-pounder.

Gannon says Maynard is one of his brightest prospects and will dazzle the patrons with his speed. Gilstrap, a local football player

who has been working in the oil fields, will probably take on Don Thompson, the Odessa heavyweight (Golden Gloves) champion if he doesn't have to spot the invader too much weight.

Eppler is ticketed to go with Billie Scott, the State TAAF champion. The two put on a great scrap in Odessa some time ago. Scott winning a close decision.

Wooster's representation will probably consist of Thompson.

Former Brownies Coming Through For Red Sox After Slow Start

By JACK HAMB
Associated Press Sports Writer

The Boston Red Sox' \$375,000 deals for Junior Stephens, Jack Kramer and Ellis Kinder finally begin to look like good business.

Red Sox fans had their misgivings when wins failed to follow the cash outlay. Up to five days ago, neither Kramer nor Kinder had thrown a ball for Boston. Stephens, the boy who was supposed to knock holes in Fenway Park's leftfield wall, was fitting a sorry 200.

Events of the last few days have served to change that picture. Kramer won himself a ball game Saturday and yesterday Stephens hammered an 11th inning homer that gave Kinder a relief decision.

Stephens' hitting surge is the most heartening development in the Boston camp. After smashing a homer opening day off Phil Marchildon of the A's, his power disappeared. Sunday he banged a home run off Joe Page of the Yanks and he had two hits in each of the last three games.

Still far below par at .255, Stephens is beginning to find the Fenway range. Yesterday's clout off Dizzy Trout was his most telling blow for Boston. It accounted for the Sox' 4-3 win over Detroit, their fourth straight victory.

The Pittsburgh Pirates continue to sizzle in the National, rolling to their sixth straight win by a 3-2 shade over Boston. It was their first test against a club that is

supposed to be a pennant contender and they came off in fine shape. They now lead the second place New York Giants by a full game.

Cincinnati's Kent Petersen, making his first start of the season after five bullpen jobs, limited New York to five hits in fashioning a 5-2 victory. Homers by Johnny McCarthy, playing first for the injured Johnny Mize, and Bobby Thomson provided the Giants' scores. McCarthy's two-run boot in the first put starter Sheldon Jones on the ropes. Grady Hatton hit a home run for the Reds in the third.

The Phillies won a game from Chicago, 13-9, but lost the services of pitcher Schoolboy Rowe for at least two months. Rowe suffered a fractured thumb on his left hand when struck by a liner off Peanut Lawrey's bat. Although Rowe was hit freely before the accident, the Phils rallied to win for Sam Nahem, who was picked up as a free agent last week.

Rain washed out the Brooklyn-St. Louis game in the National and the St. Louis-New York and Cleveland-Philadelphia games in the American.

Walt Masterson held Chicago to four hits in a night game at Washington, won by the Senators, 6-0, before only 3,846 fans. Al Kozar struck the big blow for Washington, a three-run double with the bases loaded off Glen Moulder in the fourth inning.

NTS Head Resigns

AUSTIN, May 6 (AP)—Dr. W. J. McConnell, president of North Texas State college at Denton, today submitted his resignation as head of the school.

SHOVEL and HOE

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

If anyone has an urge to be "Queen of the May", now is your chance. All you have to do is to step into the garden, gather up a sceptre of flowers and start reigning. It is an enchanted world—all your own. Breathe it, love it, and possess it.
The picture from the inside out grows lovelier too. Large windows overlooking the garden are a joy forever, even when they have to be washed. It is much easier to keep a wide expanse of glass than to launder yards and yards of sheer curtains in addition to cleaning the glass they cover. But we do not recommend picture windows unless there is a good view beyond.
Water Gardens need attention at this time. A pool should have full sunlight for growing lilies, whose crowns should be from eight to twelve inches below the water surface. If each plant is grown in a tub of rich soil six to eight inches deep, and eighteen to twenty-four inches square, success will be insured. Do not crowd pool with plants.
Small pools need such Waterlilies as Yellow Pygmy and Aurora. Both are hardy, as is Red Ladydecker. For the large pool, Gladstone is a fine white, hardy kind. Sunrise is one of the best yellows. Fire Crest is a lovely pink.
These hardy Waterlilies can be planted from now until early summer. Crowns should not be covered with soil in planting. Recommended soil mixture is two-thirds good garden soil and one-third cow manure. Should be covered with an inch of sand before being placed under water.
The tropical Waterlilies are larger in flower. Some good ones are: Dauben, blue; General Pershing, pink; St. Louis, yellow. All are day-blooming.
Th night-blooming varieties have more fragrance. Emily Grant Hutchings, pink; Missouri, white; Bisset, pink, are all splendid. Should be planted after the weather is definitely warm. Use large containers. Pools should be filled several days in advance of planting, so water will be warm. New pools should be washed thoroughly to cure cement of impurities.
Most of the planting in the Upper and Mid-South will have been done by now, with the exception of annuals and a few plants that were overlooked earlier. Other sections can still move perennials. Annuals should be pinched back for stocky growth.
Anyone interested in plant patents and how we get new varieties will enjoy the article on that subject in the March issue of the National Geographic Magazine. If you missed it, you will want to look back for it. It is illustrated in color.

DELEGATIONS HEARD

Trustees Check On Shool Mishap

Following its policy of checking into various matters, the school board Wednesday heard two citizens delegations.
One dealt with an examination of reports in the case of Mary Catherine Wilde, 11, daughter of Mr. and Mrs. L. B. Wilde, who died April 28 from the results of a playground mishap.
Wide reaffirmed a statement to W. C. Blankenship that he hoped the tragedy, since it did occur, might be the means of stimulating the great degree of safety and first aid on school grounds. His interest, he said, was in the board examining the facts of the case.
E. B. Blackburn, Jr., principal of the North Ward school, said the mishap occurred when the child was struck by a baseball. He said, in his detailed report of the case, he learned of the matter at 2:15 p. m., that efforts to reach the parents by telephone were unsuccessful but that in the meantime she seemingly felt better after a previous period of nausea.
In response to a question from a patron, he unequivocally said he had not precluded hospitalization on grounds of expense, for "money has nothing to do with it. In case of an emergency we wouldn't even consider money."
At the conclusion of the session in which Marvin Miller, board president, invited all interested persons to ask questions or make statements, Blankenship said that a new special bulletin had been sent to all members of the faculty here, reiterating and enlarging policies.
Among them was the continued prohibition against playing with baseballs. He paused to say that this had been a policy all along but that boys inadvertently produced these and other play things regarded as unsafe by authorities. As they could be detected, he said, they have and will continue to be taken up.
No building is to be used as a backdrop for playing ball at any time, the bulletin continued. Teachers were reminded of the rule to not allow children non-participants in ball games to enter a danger zone, that is an area where they might experience physical contact.
Prompt administration of first aid in case of accidents was included, and "in case of doubt as to the seriousness of the injury, contact the parents at once. If the injury is considered serious and parents cannot be contacted, contact the family doctor and take his advice. If the family doctor is not listed, contact a doctor in one of the three clinics and take his advice."
An elaboration on previous rules pointed out that under no condition should principals or teachers "risk their judgment as to the seriousness of a head injury or an injury, the extent of which is not obviously minor."
This was the first fatality arising from playground mishaps in 20 years and possibly longer, the superintendent said. Several patrons said they did not question the conscientiousness of the teachers and principal at North Ward school.

Players Groan About Goodall Golf Tourney

NEW ROCHELLE, N. Y., May 6 (AP)—The only ones who love the Goodall Round Robin Golf Tournament which starts here today are the fans.
The players, themselves, of whom there always are 16, habitually grumble that the event is unfair, and the only thing that makes most of them play in it is money in king-size quantities.
The U. S. Golf Association considers it a hybrid—neither match nor medal play—and not a true test of golfing superiority.
The fans, though, love it because the event brings together the world's brightest golf stars in clusters.
In one of the four foursomes scheduled to start going off in the opening round at 12:30 (EST) are Bobby Locke, Henry Cotton, Jimmy Demaret and Ben Hogan, a quartet of the greatest shotmakers of the modern era.
In no other tournament could the customer hope to watch such a group in action all at once. And, furthermore, see each of them playing against each of his companions.
The scoring is on a "plus" and "minus" basis, with each player's total accumulating through the final round on Sunday. For instance, if Locke should shoot a 70 today and Cotton, Demaret and Hogan each did no better than 72, Locke would start the second round standing "plus," having picked-up two strokes on each of the three others. Cotton, Demaret and Hogan each would stand "minus 2".
The lineups are scrambled and in the end each of the 16 players will have matched shots personally with each of his 15 opponents.
The obvious weakness of the scoring system, and that of which the players complain, lies in the fact that a man might get hot and shoot, say a 66 yet pick up only a stroke or two if his companions happened to be in the throes of equally brilliant golf.
On the other hand, another player in the same round might shoot only a steady par 72 and yet jump his score by a dozen strokes if a couple of his rivals develop the blind staggers.

Mrs. Barnett's Funeral Is Set

Rites will be said at 2 p. m. Saturday in the Eberley chapel for Mrs. Cornelia Jan Barnett, 74, who died in San Francisco, Calif. last Saturday.
A resident of Howard county, where the family ranches in the Signal Mountain area for two score years following 1908, Mrs. Barnett had been visiting relatives during the past three years.
Services will be in charge of Ellmore Johnson, Stanton Church of Christ minister.
Survivors include her husband; three sons, J. J. Barnett, Kingston, N. M.; Elgen A. Barnett, Fair Acres, N. M.; and Bryan W. Barnett, who she had been visiting in Pittsburgh, Calif.; two daughters, Mrs. Cornelia Delaplain, Brentwood, Calif., and Mrs. Frances Bucher, Stanton.
She also leaves three brothers, W. T. Hammond, Belton, Charles Hammond, Austin, and Walter Hammond, Liano; two sisters, Mrs. Lizzie Bedford, Pittsburgh, Calif., and Mrs. Cora Cone, Clear Lake, Calif. Six grand-children survive.
One son, Prentiss, preceded her in death in April 1944.
Palbearers will be Morgan Martin, Herbert Hayes, Harold Choate, Walter Sipes, Jim McCoy, Elmo Martin. Friends will be considered honorary palbearers.

Plans Being Laid To End School Year

Arrangements looking toward termination of the school year occupied attention of the school board Wednesday evening.
The selection of W. R. Smith, Abilene, vice-president of Abilene Christian College, to be the commencement speaker was approved by the board. Dan Conley, who has a daughter in the graduating class, was selected to represent the board by distributing diplomas at the graduation exercises on May 20.
W. C. Blankenship, superintendent, announced that Al Dillon, a former school man and who now is connected with the Veterans Administration, is to be the eighth grade promotion speaker. H. W. Smith, newest member of the board will distribute the certificates in this May 19 exercise.
Senior sermon will be brought this year on May 16 by Dr. P. D. O'Brien, pastor of the First Baptist church, it was announced.
Marvin Miller, board president, said that prospects were for a surplus of funds might approach \$75,000 at the end of the fiscal year of Sept. 1, in which event building plans previously delayed because of lack of funds, might be taken under consideration.
Board members agreed on a so-called "maintenance tour" to ascertain the needs of repairs to the existing school plants so that priority might be given to most needed places during the summer months.
Elected, subject to assignment, was Mrs. Velma Greiss, who is due to become a music supervisor for elementary grades. This post has not heretofore existed.
Three summer school faculty members were named—Letha Amerson, who will be in charge, Lorena Huggins and Zaida Brown. A fourth, possibly an instructor in English, will be added. Dates were fixed for May 31-Aug. 7.
Testimony of witnesses was being heard in the damage suit filed by M. D. Ladd et al against T. A. Welch in 78th district court this morning after a jury had been selected for the case.
The case has been consolidated with a similar suit filed by William Barnes, having grown out of an automobile accident which occurred Dec. 29, 1947 near the overpass east of Coahoma.
Damages totalling \$81,500 are being sought against Welch.

Civic Survey Due Before Project

Effecting of a survey, embracing about a dozen cardinal points, is due to be undertaken as a prelude to a community demonstration.
This decision was reached Wednesday afternoon at a meeting addressed by Mrs. Gretchen Abbott, representing the Hogg Foundation. Previously, a precursory study of basic community problems was made by Harold Matthews of the foundation, and his findings may be the basis for a more intensive and comprehensive survey.
On the basis of the survey, a second decision—namely whether to undertake some community-wide demonstration in meeting some fundamental problem—will be reached.
Mrs. Moore Sawtelle, temporary chairman of the steering committee, said a meeting would be called Monday to proceed on placing details and responsibility of the survey in the hands of various local organizations and agencies.

C-C's NOT MISSING ANY BETS IN EXTENDING ITS HOSPITALITY

The Big Spring chamber of commerce is not missing any bets as far as hospitality is concerned.
The ink was scarcely dry Wednesday on a group of letters sent out by Mayor G. W. Dabney before the local chamber had followed up with a message of its own to officials of various cities invited here for a meeting on May 11.
After the conventional greeting, the chamber's letters, which were mailed over the signature of J. H. Greene, manager, conveyed the following message: "You no doubt have received a letter from Mr. G. W. Dabney, our mayor, inviting you to a meeting of the city officials of the Big Spring region to be held here in Big Spring on Tuesday, May 11, in the Settles hotel.
"Purpose of this letter is to extend to you, on behalf of our organization and the citizenship, a cordial invitation to attend this important meeting and to tell you how happy we will be to have you as a guest of our city."
One of the chamber's letters turned up at the city hall this morning. It was addressed to "Mr. G. W. Dabney, Mayor, Big Spring, Texas."

Thomas Grady Brewer, 44, T&P switchman, died at a hospital here Thursday, victim of the rare malady, leukemia.
Brewer had been seriously ill for the past two weeks. For the past three years he had been a resident of Big Spring and the family made its home at 1211 W. 3rd street.
Services were to be said at 3 p. m. Thursday at the Nalley chapel with G. E. Hargett, Coahoma Church of Christ minister, officiating. Burial will be in the city cemetery.
Surviving are his wife: two sons, Thomas G. Brewer, Jr., Elgin Field, Fla., and Joe G. Brewer, Big Spring; two daughters, Mrs. Edith Hughes and Mrs. Evelyn Free, Huntsville, Ala.; one brother, Jim Brewer, Sheffield, Ala.; three sisters, Mrs. Frank Jones, Isley, Ky., Mrs. Lula Brodley, Madisonville, Ky., Mrs. Clara Melton, Rushville, Ala.; and five grandchildren.
Palbearers will be B. F. McCrary, Curtis Hood, W. N. Cochran, R. E. Childers, A. C. King, C. L. Kee. All T&P employees will be considered honorary palbearers.

Success Reported In YMCA Drive

Initial reports from the YMCA membership campaign reflected success Wednesday morning.
With eight of approximately a score of workers, making reports, the minimum objective of 200 members was more than 50 per cent realized.
Mrs. H. W. Smith and Joe Blum, team captains, were following up Thursday, seeking to have others, who have not yet reported, to do so as quickly as possible.
Tuesday was fixed as the day for climaxing the enrollment drive, although the social hour for workers was postponed until the following week (May 18) to avoid conflict with several functions, including the Child Study Club picnic and the banquet honoring the Big Spring high school basketball team.
From those reporting came glowing reports of a response to developing the YMCA membership.

Legion Wants Civilian KP

INDIANAPOLIS, May 6 (AP)—The American Legion had the word of its National Security Commission chairman today that armed forces should release all fit men from housekeeping duties and put them into combat training.
"Citizens can do the Army's KP chores and all other non-combatant work," Perry Brown, of Beaumont, Tex., told the Legion's Executive Committee.
"We're going to need fighters, and the sources from which we have gone just are not producing them. The manpower pool is disastrously low."
Brown said the nation's pool of manpower in the 18-25 age group available for military service has dwindled to 1,300,000 (M). He said he has given the information in Washington last week and had authority from "high Washington sources" to make it public.
Senior sermon will be brought this year on May 16 by Dr. P. D. O'Brien, pastor of the First Baptist church, it was announced.
Marvin Miller, board president, said that prospects were for a surplus of funds might approach \$75,000 at the end of the fiscal year of Sept. 1, in which event building plans previously delayed because of lack of funds, might be taken under consideration.
Board members agreed on a so-called "maintenance tour" to ascertain the needs of repairs to the existing school plants so that priority might be given to most needed places during the summer months.
Elected, subject to assignment, was Mrs. Velma Greiss, who is due to become a music supervisor for elementary grades. This post has not heretofore existed.
Three summer school faculty members were named—Letha Amerson, who will be in charge, Lorena Huggins and Zaida Brown. A fourth, possibly an instructor in English, will be added. Dates were fixed for May 31-Aug. 7.
Testimony of witnesses was being heard in the damage suit filed by M. D. Ladd et al against T. A. Welch in 78th district court this morning after a jury had been selected for the case.
The case has been consolidated with a similar suit filed by William Barnes, having grown out of an automobile accident which occurred Dec. 29, 1947 near the overpass east of Coahoma.
Damages totalling \$81,500 are being sought against Welch.

City Firemen Have Trash Fire Call

City firemen were called out at 1:15 a. m. today when a trash fire was discovered in the T&P yards west of the Benton street viaduct. No property damage resulted from the blaze, which firemen said started from a cigaret.

SEGREGATION LAW TEST

Taylor Conviction Headed For Higher Court Appeal

BIRMINGHAM, Ala., May 6. —The conviction of Sen. Glen Taylor (D-Idaho) for disorderly conduct here Tuesday night was headed for higher courts yesterday as a test of the state's racial segregation laws.

The vice presidential candidate of Henry Wallace's third party was condemned by Police Judge Oliver Hall as a publicity-seeker, then fined \$50 and costs and given 180 days in jail.

Judge Hall, however, stayed the sentence and placed Taylor on six months' probation. The defense immediately filed notice of appeal.

When notified in Peoria, Ill., of Taylor's conviction, Wallace commented, "The sentencing of Glen Taylor makes certain the destruction of the Democratic Party."

"No party," Wallace continued, "can claim to be liberal and still stand for Jim Crow. Glen was not violating any law; he was upholding the basic law of the land, the constitution of the United States."

Wallace's statement followed the defense's line of argument. Taylor's attorneys contended that while the charge was disorderly conduct, the basic issue was

whether segregation laws violated the right of free assembly.

Nesbitt Elmore, attorney for Taylor, argued that police in detouring Taylor admittance to a church last Saturday through a door set aside for use by Negroes had violated Taylor's constitutional rights.

A scuffle between Sen. Taylor and Policeman W. W. Casey resulted in the senator's arrest.

The prosecution, conducted by City Attorney T. E. Huey, contended that the case had no ramifications; it was simply a matter of whether Taylor was disorderly in seeking to force passage through the door.

Taylor sought to enter the church to address a meeting of the Southern Negro Youth Conference.

Judge Hall told Taylor, "It is my belief that this is a publicity stunt and had it been left to me, I never would have tried the case at all."

He took note of a statement by Elmore that "this is more than a trial of Sen. Taylor. The city of Birmingham and Alabama are on trial before the other 47 states."

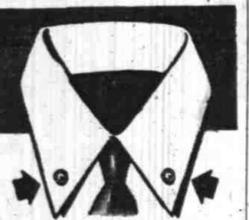

This judge denied and observed, "We have our laws, customs and problems and our ways of solving them are peculiar to our city and state."

"We have made admirable progress toward solving our problems here in the South, but from time to time we have been confronted with outside influences."

PITMAN'S JEWELRY

Gage Lloyd Is New Lions Head

R. Gage Lloyd, minister of the First Presbyterian church, will be president of the Big Spring Lions club for the fiscal year 1948-49.

He was elected in balloting at the club meeting Wednesday, and with other officers, will take office the first week in July.

Others named by the club were: Avery Falkner, first vice-president; Vernon McCoslin, second vice-president; S. K. Whaley, third vice-president; W. E. Greenlees, Liontamer; Helen Duley, club sweetheart; Joe Blum and R. H. Snyder, talltwisters; Dan Conley, secretary; Bill Griese and Jess Thornton, directors.

Election of officers normally is held in advance of the district convention, which is scheduled this year for May 30-31 in Fort Stockton.

The Rev. Lloyd will become the 20th man to be elected to the presidency of the Big Spring club.

Mayor Urges Follow Up On Sanitation Efforts In City

An appeal for continued community-wide sanitation measures came Thursday from Mayor G. W. Dabney.

"The city has just completed hauling off many loads of trash," he said. "It is now spraying the town, including alleys and garbage cans with DDT. We still have many unsanitary conditions existing in our town. We cannot keep a clean sanitary town without the fullest cooperation of all the people."

"Polio is already raging in some Texas towns. Filth and flies cause most disease. Let everyone clean up their respective premises at once."

"Many garbage cans don't have lids, and some places don't have any garbage cans, which is strictly a violation of the law."

"Use plenty of DDT where needed, and report any unsanitary conditions to the proper authorities. You may help save lives."

Meeting Planned For Conservationists

A soil conservation district educational meeting for all SCS district supervisors in Texas from the Martin-Howard district westward has been scheduled for May 18 in Pecos.

Arrangements for the session are being made by Tom Holmsley, supervisor of the El Paso-Hudspeth district and a director of the state soil conservation association of supervisors.

Details on the program are being mapped now, Holmsley said, and they will be announced publicly several days in advance of the session.

Navy Will Issue Campaign Medals

Chief M. R. Cook, recruiter in charge of the Big Spring US Navy recruiting office, announced yesterday that American European-African-Middle East and Asiatic-Pacific area campaign medals will be issued former members of the Naval forces starting June 1.

Members of the Women's Reserved and Nurse Corps will also be eligible for the awards.

Persons who served in the American area from Dec. 7, 1941 to March 2, 1946; European-African-Middle East theater from Dec. 7, 1941 to Nov. 8, 1945; and Asiatic-Pacific area from Dec. 7, 1941, to March 2, 1946, will be eligible to apply for the medals.

Individuals applying for the awards must present their discharge certificates or notices of release to inactive duty under honorable conditions.

Six Scouts Enroll For Ranch Camp

Six local Boy Scouts affiliated with Troop No. 4 already have registered and paid fees for an encampment beginning May 24 at the new Buffalo Trail Council Scout Ranch. Scout officials reported this morning.

Scouts from Troop Nos. 2, 3, 5 and 11 also will attend camp during that period.

Those who have registered from Troop No. 4 include Hiram Glover, Loy Carroll, Buddy Sipes, Don Logan, Bobby Leonard and Jimmie Harper. Arthur Leonard is scoutmaster of the troop.

ANNUAL MAY FETE Large Crowd Sees Girl Scout Show

The third annual May Fete presented by the Girl Scout Association attracted hundreds of Big Spring residents to the Amphitheatre at the City Park Tuesday evening.

The program was opened with a ceremony of International Flags presented by Intermediate Troops One and Four. Many of the girls were in costumes of those countries represented by the flags. Others in the official Girl Scout uniform. Dan Conley, president of the West Texas Girl Scout Area Council led the Girl Scouts and the audience in "America the Beautiful."

"Girl Scouts—United by Ideals," the theme of the program was depicted through a series of festivals of numerous countries.

The Girl Scout Promise accepted by each Scout and Guide in the world was used as the basis of similarity for the program. The promise ceremony given by Intermediate Troop 7 was introduced by the narrator and program chairman, Mrs. R. R. McEwen, Jr.

The crowning of the May Queen, an English festival, was presented as the first event. Wanda Lou Petty, the Queen, was crowned by Linda Woodall in a picturesque ceremony as the members of Troop 9 processed down the middle aisle of the amphitheatre. Kay McGibbon served as flower girl for the Senior troop.

The Epiphany as celebrated in villages of Belgium was depicted by Brownie Scouts of Troops 14 and 22. Costumes including unusually fashioned peasant caps added to the color of the festival.

China was presented by the Feast of the Lanterns with 36 Brownie Scouts of Troops 16 and 19 giving a snake dance.

Representing America, the Brownie Scouts and Girl Scouts of the Lakeview School, Troops 12 and 13, sang a group of spirituals. They were assisted by their leaders, Mrs. Inez Brown, and Ms. Willie Jean Jones. E. M. Watson was the accompanist.

The St. John's Feast of Austria was presented by Troops 5-6. The light of the amphitheatre were lowered as fires were lighted and 40 girls presented a figure eight step, carrying lighted torches.

Firecrackers boomed throughout the amphitheatre as the last of Summer, represented by the Swiss figure "Bogg." Clowns and other village cutups helped to carry Bogg, a life size figure made of cotton and strewn with firecrackers. Troops 2, 3, 9 and 18 participated in this Swiss festival.

Because no festival is complete without food, the audience was invited to participate with Czechoslovakia in celebrating the end of the harvest. The members of the two troops, 10 and 11, prepared dozens of cookies and distributed them among the audience.

An authentic Pinata that had been brought from Old Mexico for the occasion was broken by members of Brownie Troop 17 in the traditional pre-Christmas ceremony that follows the religious celebration.

The final festival of the calendar year was presented by Troop 21 when a Norwegian Christmas was portrayed.

An epilogue asking the audience to pledge themselves to a more peaceful world was followed by the retiring of the colors and the singing of the National Anthem by the audience. Dan Conley led.

Roy Rogan was in charge of all amphitheatre arrangements for the evening.

Lawrence Robinson and K. H. McGibbon, Big Spring Girl Scout Board members, assisted the chairman, Mrs. McEwen in program details. Girl Scout Troop leaders and troop committee members throughout the community prepared the program for the festival.

Frankfurters Broiled With Mashed Potatoes

3 medium-sized (about 1 pound) potatoes
2 cups boiling water
3-4 teaspoon salt
Dash of pepper
1-4 cup hot milk
1 tablespoon butter or fortified margarine
4 frankfurters

Yellow, brown, herb-flavored or horseradish mustard, if desired
Paprika, if desired

Cut potatoes in halves or quarters. Add to water which has been brought to boiling in saucepan with 1-2 teaspoon of the salt. Cover saucepan and cook about 20 minutes, or until tender. Drain. Peel. Dry by shaking them in the saucepan, over low heat. Put through ricer immediately. Add remaining 1-2 teaspoon salt, dash of pepper, hot milk and butter or margarine; beat well. This will make about 2 cups mashed potatoes. Sift frankfurters along entire length of outer side, but do not slit through skin on inner side. Flatten and spread with mustard if desired. Place 1-4 of the mashed potatoes on split frankfurter, being sure to spread potatoes over entire surface so edges of meat will not get over-crisp in broiling. Draw a sharp-tined fork vertically along each stuffing ridge; dust with paprika if desired. Broil about 3 to 5 inches from high heat until thoroughly heated and top is lightly browned; watch carefully, since this usually takes no longer than 6 to 10 minutes.

Salad Oil Serves As Shortcut In Much Cookery

By MARTHA LOGAN

Secrets of easier housekeeping are cherished by homemakers who are seeking cooking shortcuts which will enable them to serve more easily to their families appetite - tempting and nutritious food.

Salad oil is just such a kitchen secret. Long a standby item in the cupboard as a basis for reputation-making salad dressings, homemakers now find the oils are a time-saver also for baking and cooking. Select a fresh bland vegetable oil and use it in your cooking whenever a recipe calls for oil or melted fat.

As a suggestion, try a quality salad oil in a new type cake, or in griddle cakes, waffles, muffins and cookies. If melted fat is called for in the recipes, you will save extra work and fuss by substituting the salad oil. It also is excellent for moistening bread and other ingredients in dressings and a timesaver when used as a basis for sauces and gravies.

The oil further is an easy selection for pan frying and deep fat frying. Here's a tempting batter recipe for frying chicken. Oysters, shrimp, fish and onions for frying may be substituted for the chicken, if desired.

BATTER

1 cup flour
1 egg
1 1/2 teaspoons salt
1 cup milk

Combine all ingredients. Beat until smooth. Dip each piece of chicken or other food to be fried into the batter. Fry in Jewel salad oil, heated to 375 F. for 12 to 17 minutes or until tender and browned.

FLORIDA DOUGHNUTS

4 teaspoons Jewel Salad Oil
3 cups flour
1 cup sugar, scant
5 teaspoons baking powder
1 teaspoon mace or nutmeg
3 eggs
3/4 teaspoon salt
1 cup milk

Sift together the dry ingredients. Beat together the eggs, milk and Jewel salad oil. Blend the wet and dry ingredient carefully. Add enough flour so that dough can be handled. Chill. Roll out. Cut. Fry in salad oil, 365 F.

Lamb Oriental

4 lamb shanks, about 4 pounds
2 cups water
1-4 cup fat
1-2 teaspoon salt
1-2 teaspoon powdered ginger
1 clove garlic, peeled and minced
1-2 cup lamb broth
1-2 cup catsup
1 tablespoon cornstarch
1 teaspoon kitchen bouquet
2 tablespoons sliced scallions, if desired

Place lamb shanks on rack in pressure saucepan. Add water and cook at 15 pounds pressure for 15 minutes. Or place on rack in Dutch oven or kettle and cook over moderate heat about 1 hour. Cool slightly in broth. Remove meat from bones in large pieces. Melt fat in frying pan with salt, ginger and minced garlic. Add lamb and cook over moderate heat, turning occasionally, until meat is slightly browned, about 10 minutes. Combine and add 1-2 cup lamb broth, catsup, cornstarch and kitchen bouquet. Cook, stirring lightly until sauce thickens. Cover and cook 15 minutes longer. Add scallions if desired. Serve immediately with hot boiled rice. 4 servings.

A larger volume of raw materials and semi-processed goods is bought by the 30,000 industrial concerns in New York State than in any other location in the world.

Orange Tapioca Cream

Orange Tapioca Cream

2 egg whites
1 egg yolk
4 tablespoons sugar
1 cup milk
3 tablespoons quick-cooking tapioca
1/2 teaspoon salt
1/2 teaspoon vanilla
12 to 16 membrane-free orange sections (2 oranges)

Beat egg whites until foamy throughout; add 2 tablespoons of the sugar, 1 tablespoon at a time, and continue beating until mixture stands in very soft peaks. Set aside. Mix egg yolk with 1/2 cup of the milk in a saucepan. Add the quick-cooking tapioca, remaining 2 tablespoons sugar salt and remain-

ing 1/4 cup milk. Place over low or medium heat, stirring constantly, and cook until mixture comes to a boil. This will take about five minutes; the mixture will be thin, but do not overcook. Remove from heat and immediately stir it gradually into the beaten egg whites. Stir in vanilla. Cool stirring once after 15 to 20 minutes. Spoon half the mixture into 4 sherbet glasses or small serving dishes; stand 3 or 4 orange segments around edge of each glass or dish; spoon in remaining tapioca cream so that tips of orange show. Chill. 4 servings.

Note: Fruit other than orange may be used for this dessert. Crushed fresh strawberries may be added as a layer and the top garnished with the whole berries. Or banana slices may be folded into the tapioca and the top garnished with pecan or walnut meats.

1948 M.T.F. Mrs. Tucker's HOME MAKING HELPS

The truly gracious woman is as charming at the back door in an apron as at the front door in an Adrian!

Mrs. Mattie Eyer Carroll, Mackay, Okla., becomes our "Assistant of the breakfast table" by proving split milk is really so easy for hours with this 210 table trick:

Use white or any solid colored cloth out to cover your table, with at least four inches overhang on all sides. Sew ball fringe to the corners and lower edge of the cloth. If the fringe is not on the flat of the table they last longer, allowing frequent cleaning of the most-used surfaces.

GUACAMOLE
(MEXICAN ORIGIN; Pronounced WAH-KA-MOW-LY)

2 thoroughly ripe avocados
2 tablespoons lemon juice
1 medium ripe tomato, chopped
Salt to taste
1 tablespoon grated onion (or more)
1 small clove garlic, if desired
1 or 2 drops Tabasco or dash of cayenne

Be sure avocados are entirely soft. Peel, remove pit and mash until smooth, or force through a sieve. Add other ingredients (drain chopped tomato) and blend. Let stand at room temperature for several hours before serving, to allow flavors to ripen. Use as a spread on crackers, corn chips or potato chips, or put in a dish and allow guests to spread their own. May also be served on shredded lettuce as a salad, without added salad dressing.

Instead of a hem on the bottom of tuck-in blouses, run a row of machine stitching one-half inch from the edge, then pink the edge. The stitching prevents stretching and the pinking does not reveal. No telltale ridge to show through a sleeve fitting skirt!

Turbots Of Fish

Meatless days aren't worry days at all—not if you'll dip your way in your bag of tricks and come up with eye-appealing, appetizing fish dishes like this.

6 filets (haddock, perch, eel, flounder, as desired)
Salt, pepper.
2 rusks, crushed to crumbs
1 small onion, minced
6 stuffed olives, sliced
3 tablespoons fortified margarine, melted
1 cup snappy mushroom tomato sauce

Sprinkle filets with salt and pepper. Make a light stuffing of remaining ingredients, excepting the tomato sauce. Spread the stuffing over surface of the filets. Roll each and tie. Place in well greased muffin tins. Slip this pan of tins into a brown paper bag closing the bag with string. Bake in moderate oven (350 F.) 1/4 hour. If desired, when pan is removed from paper bag, tops of fish rolls may be browned under broiler heat. Remove to serving platter and serve with tomato mushroom sauce.

Boiled Corn

Here's a way to give everyday vegetables a Sunday touch and bring a festive air to your table. Serve this unbeatable combination of fried tomatoes, broccoli and boiled corn, Southern style.

Take off only the outer husks of young tender ears of corn; put into a kettle of boiling water to cover; add 1 tablespoon sugar and 1 1/2 teaspoons fortified margarine and boil twenty minutes. When done, drain, remove husks and silky fiber and serve hot with fortified margarine, salt and pepper. Pile high in the center of the tray and surround with the tomatoes and broccoli.

CONSERVATION NEWS

Chisel Plow Proves Soil Moisture Aid

Frank Loveless, supervisor of the Martin-Howard Soil Conservation District in Zone III, reports that he has good moisture on land plowed with a chisel type plow. Loveless has laid off shallow planting beds on the chiseled land with a broad wing sweep. He says there is planting moisture about two inches below the top of the soil. Loveless used this type of plowing on his farm northeast of Coahoma to leave all the stubble on top for control of blowing and to cut down on loss of moisture by evaporation. This soil is also in good shape to soak up rainfall. Last year Loveless found that land prepared with a chisel plow soaked up all the rain that fell on it. Listed land had terraces which caught full of water during the same rain.

Contour lines were run last week on a 90-acre field on the farm of W. Luther Pie, district cooperater in the Gay Hill soil conservation group. Pie is contouring this field of new land, cleared and put in cultivation this year, to save soil and water. He will terrace the field next year as a part of his coordinated soil and water conservation program.

Roscoe Buchanan, who completed a conservation plan on his farm and ranch northeast of Coahoma last week, will plant two acres of sweeping leovgrass and four acres of sand leovgrass as soon as he has planting moisture. Buchanan will plant the grass in rows and harvest the seed to use in seeding 30 acres of land retired from cultivation.

Grazing started last week on 25 acres of irrigated pasture on the ranch of Edmund Tom, district supervisor in Zone I. Tom planted improved pasture grasses on his place northwest of Tarzan last fall. The pasture has made good growth under irrigation and will furnish an abundance of high quality forage for his livestock.

Socialist Convention Draws 400 Delegates

READING, Pa., May 6. (AP)—The 1948 national convention of the Socialist Party today brought 400 delegates to this former stronghold of the party.

The Socialist candidates for president and vice president will be chosen at the conclave which will run through Sunday.

Four years ago the party's national convention selected Norman Thomas as the presidential hopeful and Darling Hoopes, Reading attorney, as vice presidential candidate.

A discussion on the poppy sale will be held at the American Legion Auxiliary Thursday evening and all members are asked to attend. The meeting begins at 8 p. m.

PEOPLE'S VICTORY

Background Of Cinco de Mayo Is Related By Cano To Lions Club

Ragged and armed meagrely or not at all, a people's army of 5,000 bristled and gave the French a licking in 1862.

That was on May 5—Cinco de Mayo—and the French had disregarded a treaty to accept hospitality of the Mexicans at Vera Cruz pending settlements. When volunteers thronged to Zaragoza and Diaz, they whipped the French invaders but were too weak to pursue.

Consequently the French were reformed the following year and eventually moved on Mexico City and forced Juarez to retire opposite Paso del Norte. But no matter, the seeds of liberty had been sown on Cinco de Mayo and when Maximilian was installed as emperor, his star was doomed.

This was part of the historical background sketched by Trinidad Cano before the Lions club Wednesday on a Cinco de Mayo talk.

Out of the developments, he said came the massing of U. S. troops on the border as a warning to invaders that the Monroe doctrine would be enforced. That was the beginning of real understanding between the Americans, he continued, an understanding which has grown,

Noodle Cheese Casserole
6 ounces noodles
2 tablespoons flour
1/4 to 1 teaspoon salt
Few grains pepper
1 cup sour cream
1 cup sieved creamy-type cottage cheese
1-2 to 1-4 teaspoon grated onion
Paprika

Cook noodles in boiling salted water until tender. Drain and rinse well. Mix flour, salt and pepper in bowl. Add sour cream slowly and stir until smooth after each addition. Fold in cottage cheese. Add noodles and onion. Mix well. Turn into buttered shallow baking dish (one quart capacity). Sprinkle with paprika. Bake in moderate (350 F.) oven for 20 minutes or until top is lightly browned. 6 servings.

Orange Cup Cakes
Mary Lee Taylor
Broadcast! May 8, 1948

1 1/4 cups sifted all-purpose flour
2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup sugar

1 unbeaten egg
1/4 cup soft shortening
1/4 cup Fat Milk
1/4 cup orange juice

Turn on oven; set at moderately slow (350° F.). Grease 16 two-inch muffin tins, then dust lightly with flour. Sift together flour, baking powder, salt and sugar. Add, all at once, remaining ingredients. Beat vigorously 2 min. with spoon or electric beater at medium speed. Fill muffin tins only 3/4 full. Bake 15 min., or until cakes shrink from sides of tins. When cool, spread tops with Orange Frosting (see below) and garnish with nuts if desired.

Orange Frosting
2 tablespoons Fat Milk
1/2 teaspoon grated orange rind
few grains salt
1 1/2 cups powdered sugar

Put milk, orange rind and salt into bowl. Stir in sugar gradually. Beat until smooth and creamy. Spread on the cup cakes.

Thirteen Executed

ATHENS, May 6 (AP)—Constantin Rentis, minister of public order, announced that 13 guerrillas, including two women, were executed in Athens this morning. They were sentenced to death by a military tribunal.

Use of cotton for bags decreased in the United States from 820,000 bales in 1943 to 440,000 bales in 1946 owing to the return of burlap to the market and increased use of paper bags.

Midland Plans Biggest Rodeo

MIDLAND, May 6—The 14th annual World Championship Midland Rodeo, June 3, 4, 5, 6 will be the biggest and best in the history of Midland shows. George W. Glass, president of Midland Fair, Inc., said Wednesday as officials completed arrangements for the famed attraction.

The nation's top cowhands and the leading cowgirls of the Southwest will compete for honors and for more than \$7,500 in prize money in the Midland Rodeo which has come to be known as one of the nation's leading shows.

The tough rodeo stock again this year will be furnished by Everett Colborn and Gene Autry of the World Championship Rodeo Corporation of Dublin, Texas. It will be the same stock as used in New York's Madison Square Garden Rodeo.

A colorful cowgirl sponsor contest, with cowgirls from Texas, New Mexico and Arizona competing, again will be a highlight of the Western event. Prizes valued at more than \$1,500 will be offered. Frank Williamson, Midland rancher, is chairman of the sponsor contest.

Procter & Gamble's Amazing New DISCOVERY means a new kind of washday for you!

IT'S TIDE
... you've never used anything like it!

ONLY Tide DOES ALL FOUR!

- 1. Washes clothes cleaner!**
Yes, cleaner than any soap made! Even grimy overalls come cleaner with Tide! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well! Tide leaves no film itself . . . removes soap film left by former washings! That's why Tide washes cleaner!
- 2. Actually brightens colors!**
By removing cloudy soap film, as well as the ordinary dirt, Tide makes soap-dulled, faded-looking colors perk up like magic! Yes, Tide is really safe for dainty washable colors!
- 3. Never "yellows" white things!**
Tide is a whizz for keeping all your white things sparkling white, week after week! Tide can't turn them yellow, no matter how often they're washed or how long they're stored!
- 4. Gives more suds— Prove it in your dishpan!**
Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No greasy ring round the pan! No cloudy film on dishes and glasses! That's why they rinse and dry so sparkling clear—even without wiping!

Use Vegetables As Principal Spring Dish

By CECILY BROWNSTONE
Associated Press Food Editor

Among the most inexpensive and nutritious foods, vegetables deserve a place often as the main dish on a family's menu. When used in such a delicious hot biscuit roll as the one described here, topped with a savory sauce, your

family will welcome them for lunch or supper. A tossed green salad with a tangy French dressing is the perfect accompaniment for this hot biscuit dish. A fine dessert would be one of fruit—perhaps a fruited custard. The eggs and milk in the custard will help add protein to the meal.

Almost any combination of vegetables is good in this biscuit roll, and of course it's an excellent way to use up leftovers. When you cook the vegetables remember the rules. First, use a small amount of water, slightly salted, and cook as short a time as possible—only until tender-crisp. Have the water boiling when you put the vegetables on to cook. Carrots, turnips, celery, onions, usually cook faster if sliced or diced. They are always in season and usually reasonably priced. Chockful of the minerals and vitamins we all need every day, it's the positive duty of every homemaker to use them often in family meals.

Save any liquid remaining after cooking the vegetables because it contains precious nutrients. Use it in gravies, soups, sauces. Instead of the tomato juice sauce suggested with this recipe try serving the biscuit roll sometimes with a well-flavored cream sauce which utilizes any leftover vegetable liquid for part of the milk called for. Flavor the cream sauce well with salt and pepper and a little fresh chopped parsley, or with dried herbs if you like.

VEGETABLE BISCUIT ROLL
2 cups enriched flour
2 1/2 teaspoons baking powder
2-3 teaspoon salt
4 to 6 tablespoons shortening
2-3 cup milk
1 cup cut up cooked vegetables (lima beans, carrots, snap beans or any other leftover vegetables)

1/4 cup sliced mushrooms, sauteed
Sift flour, baking powder and salt together. Add shortening and cut or cub it into the flour. Add milk to make a soft dough. Turn out on lightly floured board. Knead lightly, roll out 1/4-inch thick. Spread vegetables and mushrooms on dough and roll as a jelly roll. Bake on ungreased pan in hot oven (450 F.) approximately 25 mins. or until biscuit is done. Slice and serve with the following sauce. Five servings.

TOMATO SAUCE
1 tablespoon butter or fortified margarine
1 tablespoon enriched flour
1/2 teaspoon salt
Few grains pepper
1 cup tomato juice
Melt butter or fortified margarine in a small heavy saucepan over low heat. Add flour and seasonings, stirring until blended. Remove from heat and add tomato juice gradually, blending until smooth after each addition. Cook over low or medium heat, stirring constantly until thickened.

Southeast, southern and southwestern Alaska areas are open for traffic the year around, except Cook Inlet near Anchorage, which only can be considered a nine-months' port because of ice.

The whiz-bang goodness of crispy Corn-Soya goes over big at breakfast! And its stays-by-you nourishment comes in handy through the day. Corn-Soya's an exciting cereal achievement—the result of 20 years of work and experiment by Kellogg's. It combines tastiness and food value in an inviting new way that's economical and easy to serve, fun to eat. The protein value of one ounce of Corn-Soya (3/5 cup) with four ounces of milk equals that of one egg and three slices of bacon. Get some at your grocer's today.

MASTER CARVER — Ernest Warther, 63, of Dover, Ohio, works on a model of an early-day locomotive he carved from ivory for the New York Central Railroad. Warther, who learned to whittle as a boy, worked in a steel mill until the railway learned of his hobby and hired him as a full-time carver. Models in his collection depict the evolution of the steam engine.

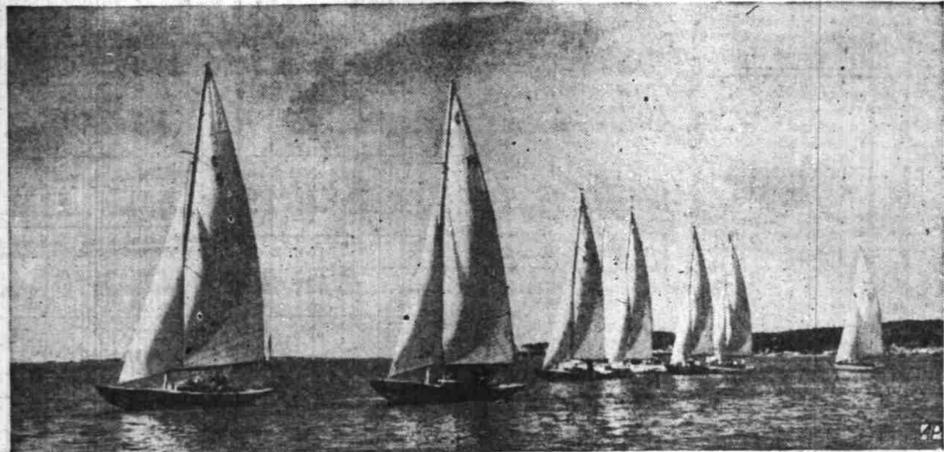

PLANE COVERS CONVOY — A biplane hovers overhead as a convoy from Tel Aviv reaches Jerusalem. The plane flew ahead of the convoy and kept the trucks and their Haganah escorts advised by radio of possible Arab ambushes.

HEN MUSCLES IN — A stray cat bore three kittens in a hen's nest at the home of Mr. and Mrs. Frank Reagan of Burbank, Calif. When the cat left for food, she found herself on the outside of the chicken coop (left) while the hen (right) had taken over the job of mothering the kittens. Reagan drove the hen off the nest and moved the kittens outside with their mother.

From where I sit... by Joe Marsh

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, 's a mighty healthy habit.

So long as people can discuss both sides of a question that comes up—whether it concerns short skirts versus long, beer compared with cider, or the larger issues of party versus party—we're sure of the individual liberty that has made this country great.

For it isn't differences of opinion that matters! The important thing is tolerance for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or to enjoy a glass of beer. They're all parts of the freedom that we cherish!

Greek Cabinet May Be Given Reshuffling

ATHENS, May 6. (AP)—Informed sources predicted yesterday that the Greek cabinet will be reshuffled when parliament meets May 10, and perhaps before.

Some informants said the present Liberal-Populist coalition government may be forced to resign.

There has been increasing criticism of the government by members of parliament who contend it is not meeting present problems effectively.

Vice Premier Constantin Tsaldaris, head of the Greek Liberal Party, and Premier Themistokles Sophoulis talked for an hour last night and told newsmen King Paul would receive them.

Under fire by the Greek press generally was Costas Rentis, minister of public order. The Greek army has been disaffected with civilian measures Rentis has taken. He is a Liberal.

Rentis became acting minister of justice following the assassination Saturday of Christos Ladas by a young man police identified as a member of a Communist execution squad.

From Lamia, press dispatches quoting authoritative military sources said the Greek army of offensive was virtually ended in the Roumeli region with the bulk of guerrilla forces wiped out.

During the past 48 hours, the dispatches said, 107 guerrillas have been killed and about 200 captured or surrendered.

Injured Texan Dies

MIAMI, Okla., May 6. (AP)—A Tulsa, Texas, resident, Preston James Hutto, 28, died Tuesday at Miami Baptist Hospital of injuries received when his automobile was in collision with a car driven by Jack Myers of Miami last Friday. The accident occurred 12 1-2 miles east of here.

Dabney Invites 120 Officials To City Meet

Letters were mailed by Mayor G. W. Dabney yesterday inviting 120 city officials to attend a regional meeting of the Texas League of Municipalities to be held at the Settles hotel on May 11.

The session here will be the first of eight scheduled in the state for this month. Topics for discussion will be improvement of efficiency and economy in city governments, development of a legislative system for cities of Texas and others which will be presented during the session.

The region included in the meeting here extends from El Paso to Abilene and from Lubbock to Ozona and Eldorado, including all of the Big Bend area.

Similar regional sessions have been scheduled as follows: Mineral Wells, May 12; Greenville, May 13; Longview, May 14; San Antonio, May 19; Houston, May 20; Donna, May 25; Amarillo, May 31.
