

# Use Of Hypnosis By Doctors and Dentists Causes Warning

CHICAGO (UPI)—A California psychiatrist today pointed out the dangers of the increasing use of hypnosis by doctors and dentists. Dr. Bernard Teitel of Long Beach warned that even medically supervised hypnosis could bring on chronic mental illness in persons having withdrawn schizoid, or split, personalities. "It is my impression that the likelihood of post-hypnotic psychoses in persons with schizoid tendencies is above average and that such patients should not be hypnotized," he told the American Psychiatric Association at the final session of its 117th annual meeting.

## White Deer Bank Slates Building Rites Tomorrow

Formal opening of the \$100,000 White Deer Farmers National Bank will be held tomorrow from 9 a.m. to 12 noon, Olan Vinson, bank executive vice president, announces. The new building, constructed of shellstone and brick, is located directly across the street from the old bank site on Main Street. Vinson said the bank has tripled its facilities with this new 5,000-square foot building. An added feature to the bank is a drive-up window which allows the customer to bank directly from his automobile. A hospitality room for community activities is also available. Officers and directors are: W. M. Decker, president; Olan Vinson, executive vice president; and A. W. Anderson, cashier. Directors are: W. J. Stubblefield, John Kotare, Jr., Bobby W. McBryan, Decker and Vinson. Open house for out-of-town guests will be held tomorrow from 2 to 5 p.m.

## C-C Preparing For 'Crazy Day' Merchants Fete

Plans for "Crazy Day," Saturday, May 20, fast are rounding into shape, according to Lou Troja, chairman of the Merchants Activities Committee of the Pampa Chamber of Commerce. On that day, Troja said, Pampa merchants will join for a city-wide observance of the first annual event. They will lay aside all conventional merchandising practices and go in for the unorthodox. "Crazy Day" will start off with an 8 a.m. coffee in the middle of Cuyler St., between Foster and Kingsmill. Sales personnel in the stores, from the manager to clerks, will be attired in "crazy" costumes. There will be "crazy" sales offerings and "crazy" displays — to say nothing of "crazy" prices and "crazy" bargains, Troja stated. Further details of the "Crazy Day" merchandising event were worked out at a meeting of the Merchants' Committee in the chamber offices yesterday.

treatment by hypnosis for a back injury. He said hypnosis apparently set off the woman's mental aberration by relieving her of the physical pain she was using as an ego defense mechanism. "This left her without any appreciable ego defenses and she had to resort to one or several themes," Teitel said. The woman, a domestic servant, received six hypnosis treatments from a clinical psychologist, recommended by a neurologist. Eight months later, a psychiatrist found her suffering from a paranoid psychosis, Teitel said. It took the form of a delusion that she was being hypnotized by people in the hotel where she was living after fleeing from her former home. While the patient improved a great deal after a series of electro shock treatments, followed by psychotherapy, she remained "markedly paranoid," Teitel observed. He said she would require periodic psychotherapy indefinitely. Teitel said he learned the woman had always had a schizoid-type personality. He deduced this from her lack of close friends and inability to show hostility or aggressive feeling. "But it was not until after her injury and specifically and particularly following hypnosis," he said, that she became psychotic and required hospitalization and electro-shock treatments. A court later ruled that hypnosis was "one of a series of major contributing factors" leading to the woman's mental illness, Teitel said.

## C-C Roundup Closes Today

The Pampa Chamber of Commerce Membership Roundup which started last Monday will wind up at 5 p.m. today when a final checkup is scheduled in the Chamber of Commerce offices in City Hall. More than 75 solicitors on five-man teams headed by chamber directors have been calling on prospective new members and old members who have not paid their 1961 dues. Lucian Young, finance director for the chamber, said today the indications were that this week's drive may set a new record for chamber members but the results will not be known for certain until this evening's checkup is completed. All team members, Young said, are requested to wind up their work and make their reports as soon as possible. "We hope that every team member will follow through and complete every call assigned to him," Young said.

## Two Crop-Dusting Planes In Crash

KINGSVILLE (UPI)—Two crop dusters, both flying Piper Super Cubs, collided in the air and crashed north of Kingsville Thursday. The planes were hurt a lot worse than the pilots. Pat Herrington walked away unharmed. Herman Barnett broke his shoulder. Both are from San Antonio.

**PLANNING TALENT SHOW** — These Pampa High School students discuss final arrangements for the high school talent show which will be held at 8 p.m. tomorrow night in the high school field house. Proceeds from the talent show will be used to help operate the Community Youth Center and the high school foreign exchange student program of the American Field Services. Students are, left to right, Jerry Baxter, Frances Aftergut and Janie Thompson. (Daily News Photo)

## Rift

(Continued From Page 1)  
breaches of the truce but no formal complaints. Rusk, backed by Britain, had said he would not take part in the conference unless the commission verified that there was an effective cease-fire in Laos. American sources said that Rusk and Home also discussed some of the questions raised by Soviet Foreign Minister Andrei Gromyko during his lengthy conference with Home last night. Diplomats pointed out that if the conference started on time, the initial session likely would consist of brief ceremonies and that the real work would be put off until Monday at the earliest. Rusk, standing firm on his refusal to negotiate until all shooting is stopped, put the finishing touches on the two-fold American plan for settling the Laotian crisis. It called for: —Agreement by all conference members to "respect" the neutrality and independence of Laos under whatever government the opposing factions within the country work out for themselves. —Creation of inspection "machinery" to alert the world if any foreign nations attempt to intervene in Laotian affairs.

## Nine

(Continued From Page 1)  
tricia, 11, and Doris Jane, 7. Mrs. Pearl May King, 30, a friend who was with them also died. Loraine Degarte, 5, the other person in the car was in critical condition at Methodist Hospital. Carpenter was rushed to the hospital at Reese AFB. Officials said he was in "good shape" and expected to survive.

## John Phillip Sousa Award Given To Willeta Lowther

Willeta Lowther, Pampa High School senior, daughter of Mr. and Mrs. W. C. Lowther, 1120 S. Summer was awarded the John Phillip Sousa award last night at the annual band banquet in the high school cafeteria. Harvester Band Director William Tregoe presented the award in recognition for outstanding achievement and interest in instrumental music. Mrs. G. L. Carter, banquet chairman, announced that a \$100 scholarship was presented to Miss Lowther towards the enrollment in the college of her choice. Emblem awards were presented to several band members for outstanding band achievements.

## Early Detection Of Cancer Urged At Society Meet

Importance of early detection to cancer cure was stressed last night by Dr. A. B. Goldston of Amarillo in an address at the annual meeting of the Gray County Unit of the American Cancer Society in Lovett Memorial Library. The former Pampa doctor illustrated his lecture with slides and explained the various types of cancer. Joe Page is the incoming president of the Gray County unit. Mrs. R. E. McKernan, outgoing president of the Gray County unit, presided at last night's meeting. Page announced that a district meeting of the American Cancer Society will be held next Oct. 3 in Coronado Inn here in Pampa. Local delegates to the convention in addition to Page will be Mrs. McKernan, John Gikas, Dr. Carl M. Lang, and Mrs. Homer Johnson. Alternates named include Jack Skelly, Mrs. Jess Clay, Mrs. K. I. Dunn, John Evans and Sam Begert. Page also announced that board meetings of the Gray County unit beginning next September will be held in Coronado Inn at 7 a.m. the

(Continued From Page 1)  
ton will be held at 2 p.m. tomorrow in the Calvary Baptist Church with the Rev. Ennis Hill, pastor, officiating. Pallbearers will be Bobby Murray, Jones Fulton, Darrell Fulton, Billy Joe Fulton, David Ray Fulton and Gene Turner. Interment will be in the Allamreed Cemetery under the direction of Duengel Carmichael Funeral Home. Mrs. Horton, born Aug. 5, 1938 in Pampa, in addition to her husband, is survived by two daughters, Lequita Dale and Regina Gale Stembidge, all of the home; her mother, Mrs. C. R. Fulton and two brothers, Neal and Jerry Lee Fulton, all of Pampa. Regina Gale Stembidge, all of the home; her mother, Mrs. C. R. Fulton and two brothers, Neal and Jerry Lee Fulton, all of Pampa.

## Former Henderson Publisher Killed

PRATTVILLE, Ala. (UPI) — Charles H. Page, former owner and editor of the Henderson, Tex., Daily News was killed Thursday when the automobile in which he and his wife were riding struck a truck at a suburban intersection. Mrs. Page was seriously injured.

## Woman Meted 10-Year Sentence

PANHANDLE (Spi) — Luther Gribble, 100th District Judge of Wellington, has sentenced a Pampa woman, Mrs. Laura Mae Lynch, 25, to ten years in prison after she was found guilty of the murder of her 23-year-old husband last Feb. 8. Mrs. Lynch was convicted of shooting her husband, Virgil Lee Lynch, following a basketball game in the Wellington High School gymnasium, where Negro high school teams from Pampa and Wellington were playing. Lynch was pronounced dead upon arrival at Wellington hospital a few minutes after the shooting. He was struck by six bullets from a .22 caliber pistol.

# Mainly About People

## Major Hal J. Basham, a graduate student in Journalism at the University of Oregon, in Eugene, Ore., and formerly of Pampa, was initiated into Kappa Tan Alpha, national honorary scholarship society in journalism, May 4. Basham is the son of Mr. and Mrs. H. J. Basham of 1801 Hamilton St.

**Luzier's Cosmetics, MO 4-2774.**  
The Mother Learn To Swim class will be held Monday from 10 to 11 a.m. in the Community Youth Center swimming pool. Instructor for the class will be Mrs. Carl Mills, authorized Red Cross water safety instructor. Requirement for the free instruction is that each person must have a youth center membership card.

**Aprons, Gifts, 119 S. Starkweather.**  
Mr. and Mrs. John Burton, 1226 Charles, announce the arrival of a son, Kirk Stephen, born April 30 in Highland General Hospital. He is also welcomed by two sisters, Deborah and Karla and one brother, Johnny.

## Womans Medet 10-Year Sentence

**BUMPY BATHTUB**  
ALTRINCHAM, England (UPI) — Mrs. Isabel Bottoms, who complained the bottom of her bathtub was bumpy, was allowed to deduct \$50 off her plumbing bill Wednesday when Judge Hugh Emlay ruled the tub lacked "esthetic quality."

**Clarendon School Groups In Pampa**  
A group of 80 fifth and seventh grade pupils from Clarendon public schools were in Pampa today touring various places of interest. Two fifth grade classes were in charge of Mrs. Steve Donald and Mrs. Nolan Barrow, teachers, and were accompanied by Room Mothers Mrs. Gordon Mann and Mrs. Charlie Bennett. The seventh grade boys and girls from Clarendon were in charge of John Leathers, teacher of the class. In addition to their tour visits, the fifth graders went bowling this afternoon and the seventh graders enjoyed a session of roller skating.

## Civic Pay Boosts

TEXAS CITY (UPI)—Voters in Texas City last night approved a raise in pay for city firemen and policemen from a low of \$346 to a top of \$390 per month. Reports were given at last night's meeting by Page, Mrs. McKernan, Paul Keim, Dr. M. McDaniel, Margaret Dial, Mrs. Johnson and Mrs. Clay. Keim, who is unit treasurer, reported that the local society's April drive for funds resulted in raising \$8,415.97. Of this amount \$3,600 came in one donation from Mrs. Inez Carter for a Medical Fellowship.

# The Weekly Message Of Inspiration

## Attend The Church Of Your Choice

### I Have No Religion, But I'm An Honest Man

Ask millions of average Americans what they think of religion and their answer will run something like this: "Why! Religion is all right, I suppose. It does a lot of people a lot of good. For myself, though, I am not what you would call a religious person. I believe in God, of course, but that doesn't mean I need to go to church all the time, I'm better than a lot of people who are always running to church."

"I treat the other fellow the way I want to be treated. I work hard to take care of my family. I mind my own business and pay my debts. I am respectable and honest. That's my religion."

### REAL HONESTY

But is that honest? Is that religion?

A mediocre and insufficient kind of honesty, yes. No one denies that there is a minimum honesty which consists in avoiding stupid excess and in discharging certain duties which are popularly regarded as those of a respectable person, especially when no great sacrifice is involved and when it serves one's personal interests. However a person, is thoroughly honest only when he is careful to respect all his obligations. When he disregards his obligations to God — his Creator upon Whom he is utterly dependent and to Whom he owes all he is or has — is he truly honest?

However correct his conduct and his relations with others may be, the person who disregards his obligations to God denies God's Supremacy — His very existence. He withholds honor, loyalty, and service where they are due. That is not being honest with God.

When he insists that he fulfills his duties to himself, to those near and dear to him and to his neighbor, but not to God, is that religion? It looks like religion — with religion left out. You may call it the Golden Rule, Brotherly love, respectability, humanitarianism or anything else, but actually it is "religion" with God left out. There cannot be practical Brotherhood of Men when the more important Fatherhood of God is disregarded.

### OWE GOD HIS DUE

Religion is simply elementary justice which obliges us to give God the recognition, the honor, the loyalty and the respect which are rightfully His and which is our duty privately as individuals and publicly with our fellow men.

Leave God out of the picture and you are unjust — you are dishonest. How can you disregard God in your life without being irreligious?

There is no such thing as fullfledged Christian honesty when you are concerned only about the rule "Thou shalt love thy neighbor as thyself." Because then you ignore the more important part of that same command: "Thou shalt love the Lord thy God with thy whole heart, and with thy whole soul, and with thy whole mind...."

Father Ewd. J. Cashman, CM  
St. Vincent De Paul Church

... And once the czar is overthrown we'll have a democracy just like America's!

### School Aid Fund Measure Wins Approval Of Senatorial Group

WASHINGTON (UPI)—The Senate Labor Committee yesterday approved a sharply modified \$2.5 billion version of President Kennedy's aid to education bill.

### Churchill Gets An Honor From Literary Group

LONDON (UPI)—Sir Winston Churchill added another honor today to the scores he already holds.

### Manufacturers And Labor Split On Tax Problem

WASHINGTON (UPI)—The AFL-CIO and the National Association of Manufacturers have taken differing stands today on an administration plan to abolish two special tax benefits for stockholders.

### Kennedy's Famous Rocker Declared 'Not Union Made'

NEW YORK (UPI)—President Kennedy may fidget a little in his famous rocking chair today.

### MORASS OF BEATNIKS

LONDON (UPI)—Herd of elephants, school of fish—now Daily Express columnist Logan Goulay has coined a new collective noun: "Morass of Beatniks."

### Makers Of Instruments Aided By First U.S. Space Flight

NEW YORK (UPI)—Things are looking up for the makers of instruments and guidance systems for aircraft and space vehicles following the success of America's first manned space flight last week.

The now anticipated acceleration of space exploration efforts should help such companies as Collins Radio, Bendix Aviation and Standard Kollsman Industries, all of which played a big part in building the navigational instruments' business to a booming \$280 million in 1960.

The industry foresees a jump to \$300 million this year and continued gains into the future as the need for complex instrumentation systems increases.

Standard Kollsman President James O. Burke noted that his own firm, one of the pioneers of the astro-navigational business, registered a 13 per cent sales gain during the first quarter.

Kollsman, which provided some of the instrumentation for last week's space flight, also developed the "Star Tracker" astro guidance system for space vehicles and high flying aircraft.

### Girl Scouts Plan An 'Open House' Camp Tomorrow

The Camping Committee of the Quivira Girl Scout Council has made plans for an all day open house at Camp Mel Davis east of Lefors Saturday.

### TO APPEAL ORDER

NEW YORK (UPI)—Pan American World Airways said it will appeal a federal court order signed Thursday that it get rid of its 50 per cent interest in Pan American Grace Airways (Panagra).

### ARSONIST FIRES WOOLIES

NEW YORK (UPI)—Authorities today sought the arsonist who crept into the backyard of Leroy Duspiva early Thursday and set fire to Duspiva's long woolen underwear, which was hanging on a clothesline.

STARLET—Stephanie King is one of the successful new movie actresses. Having just completed a role in "Mad Dog Coll," she visited New York and flew back to Hollywood to start another film.

### Time Limit On Laos Meeting Declared Need

WASHINGTON (UPI)—Senate Republican Leader Everett M. Dirksen said today that President Kennedy should immediately set a time limit for progress at the Geneva nuclear talks "and so notify the Russians."

The Illinois Republican added, "We feel that this is not only essential to American prestige but will make clear to the world the true intent of the Soviet Union."

He accused the Russians of conducting a "monumental stall" at the test ban treaty talks.

Dirksen made the statement after the regular weekly meeting of Republican congressional leaders.

SELL COUNTERFEIT DRUGS WASHINGTON (UPI)—The government has told Congress that "quite a few" counterfeit and substandard drugs were being sold throughout the country.

The Food & Drug Administration (FDA) told a House appropriations subcommittee that it planned to file a number of criminal actions.

He said it reflected the views of the party's entire congressional leadership.

Dirksen said he personally felt that the Russians probably have been going ahead with nuclear underground testings while the Geneva talks have been dragging along.

# Juvenile Delinquency Legislation Proposed

WASHINGTON (UPI) — President Kennedy has asked Congress to approve a five-year program of federal leadership to fight the increasing wave of juvenile delinquency.

In the next 10 years, Kennedy said, up to four million children may appear before the nation's courts.

For the immediate future the President ordered formation of a committee on juvenile delinquency and youth crime. It will be headed by his brother, Atty. Gen. Robert F. Kennedy, who long has been interested in the problem of juvenile crime.

David L. Hackett, a special assistant to the attorney general, will be executive director of the committee.

The President said he views the present trend of juvenile delinquency "with serious concern."

He said he had received reports indicating increases in youth offenses in both urban and rural

communities, "most often among school drop-outs and unemployed youths faced with limited opportunities and from broken families."

"Measures must be taken to reach deeply into the experiences of everyday life in deprived families and local communities," Kennedy said in a letter sending his proposed legislation to Congress.

He said the government "must undertake a program integrating specific remedies into a total attack upon the prevention and control of youth offenses."

His proposed bill would, over a five-year period, provide for:

Demonstration and Evaluation Projects—Grants to state, local or other groups to evaluate or demonstrate means which might substantially contribute to prevention or control of juvenile delinquency including treatment of young offenders. Major emphasis would be given to selection of a limited

number of communities or states which might lead the way if federal funds could finance part of their effort.

Training of Personnel—Federal grants would be authorized to

**Census Discloses New York School Student Problem**

NEW YORK (UPI)—A Board of Education census showed today that the number of predominantly Negro and Puerto Rican schools in New York City rose in the past two years despite a rezoning and school transfer program.

The report on the school population as of last October said that 37.1 per cent of the 986,679 pupils in the five boroughs were Negro or Puerto Rican.

About a fifth of the elementary and junior high schools—or a

total of 139—had more than 85 train workers in programs for prevention or control of juvenile crime. The funds "would make possible an intensive effort" in meeting the acute shortage of trained workers in this field.

Technical Assistance Services—Technical assistance would be authorized to help state, local and other public or private agencies in setting up and training workers in "technical matters relating to the prevention or control of delinquency or youth offenses."

per cent Negro and Puerto Rican enrollment. In 1958, only 101 elementary or junior high schools were in the 85 per cent category.

A board official said, "If it weren't for the integration efforts, the situation would be far worse."

# Mexican Farm Labor Program Extension Plan Sent To Senate

WASHINGTON (UPI) — The House yesterday approved a two-year extension of the Mexican farm labor program after rejecting revisions sought by the administration.

The legislation now goes to the Senate where the administration is expected to wage a strong battle to revamp the program to provide new safeguards for migratory American farm workers.

The House-passed bill would continue without change through

Dec. 31, 1963, a program under which the government last year recruited more than 300,000 Mexicans to work on American farms. More than two-thirds were employed in California and Texas.

The administration had no chance of winning on the House floor and realized it. Liberal northern Democrats put up a fight for a scaled-down version of some of the revisions sought by the administration and of-

**HEAVY LOOT**  
PROVIDENCE, R.I. (UPI) — George W. Mollicone, 28, was too burdened down with his loot to

make a run for it when police arrested him Wednesday on a charge of breaking and entering. Mollicone was nabbed as he walked out of a supermarket carrying 95 pounds of pennies.

The United States has about 1,600 manufacturers of scientific apparatus.

# FBI's High Standards Formed By Hoover

By LYLE C. WILSON  
 WASHINGTON (UPI)—Now is the time for all good men to drink an anniversary toast in honor of J. Edgar Hoover of the FBI.

Yesterday was the 37th anniversary of Hoover's appointment as FBI director. That choice was made by the late Harlan Fiske Stone, attorney general in the Coolidge Cabinet before he was boosted to the U. S. Supreme Court.

The Justice Department and its investigative arm had been in ill repute before Stone and Hoover began in 1924 to figure in the headlines.

William J. Burns was head of the G-man during the Harding administration and Harry M. Daugherty was Harding's attorney general. Daugherty was head of the

so-called Ohio gang, a principal figure in the scandals which degraded the Harding administration. President Coolidge forced Daugherty out of the Cabinet in 1924, named Stone to succeed him.

One of Stone's first acts was to name 29-year-old J. Edgar Hoover director of the newly created FBI. Stone and Hoover began accomplishing the almost impossible. Their task was to restore public confidence in the Department of Justice.

Hoover established high standards for the FBI. He compelled his men and his organization to conform precisely to those standards. Soon, Hoover became and Harry M. Daugherty was head of the

the Communists were crawling out of the internal woodwork in the United States. Hoover and the FBI drew the assignment to ride herd on them. Then began the ceaseless effort of the American Commies, their friends and their dupes to get Hoover.

That is the way it was when Charles A. Lindbergh Jr. was kidnaped and murdered. Congress enacted the Lindbergh Kidnap law and stipulated that Hoover and the FBI should enforce it. Not a moment too soon, either. When prohibition finally came to an end, the hoodlums who had been enriched by bootleg booze turned to kidnaping as a new bonanza. Others began knocking over national banks. They, also, were in FBI jurisdiction. One by one, the Dillingers and the Ma-Gun-Kellys were disposed of.

Harry S. Truman probably was under the greatest pressure of any president to fire Hoover and to cripple the FBI. HST wouldn't have dared even if he had wanted to do that. To Edgar Hoover: Skoalt!

# Air Force Plane Sustains Speed Of 1,302 M.P.H.

WASHINGTON (UPI)—An air Force B58 bomber has held a sustained speed of 1,302 miles an hour for 30 minutes and 45 seconds over a 669.4-mile distance to claim a new closed-course speed record, it was announced today. The Air Force said the Strategic Air Command crew which flew the rectangular course has won the Bleriot Cup offered in 1931 to the first fliers to average at least 1,243 miles an hour for 30 minutes.

The flight was made Wednesday by a 65th Bomb Squadron crew from Carswell Air Force Base, Fort Worth, Tex., over a course that ran generally near Needles, Calif., Kingman, Ariz., Morman Mesa, Nev., and Lone Pine, Calif. Maj. Elmer E. Murphy, Poseyville, Ind., was the pilot. The cup was offered by the famed French aviator Louis Bleriot 30 years ago, when a speed of 1,200 miles per hour was far in the future.

CALLING ALL CARS  
 COLUMBUS, Ohio (UPI)—Police here received a telephone call Wednesday from an excited man who said, "There's a man with a gun at 90 W. Gay St. Alert radio dispatchers immediately ordered two patrol cars to the scene. They then grew more alert and cancelled the order. 90 W. Gay St. is Columbus' police headquarters."

# Bears Early Pick To Win SWC Meet

HOUSTON (UPI) — The fact that Baylor is favored to repeat as Southwest Conference track and field champion at the loop's annual meet which opens today is due largely to a duo of Bears who will be running in four events.

Kemp holds the best time in the conference this season in the 100-yard dash at 9.4 seconds, and is just one-tenth of a second off the best time in the 220, held by Ralph Alspaugh of Texas.

The Bears also hold the best time in both the mile relay and the 400. And, as a bit of extra insurance which helped push the Bears into the favorite role, John Fry is top man for the season in both the discus throw and the shot put.

Baylor's toughest competition is expected from the usually strong Longhorns. Some of the

The two, Bill Kemp and Roy Smalley, will compete in the 100-yard dash, the 220, sprint relay and mile relay. Baylor Coach Jack Patterson said he felt the Bears needed this doubling up to contest Texas in the meet.

haven't got a pole vaulter, can't score in the 880 and the high hurdles, and figure to be well behind in the lows.

With perhaps the best field in the league's history competing here, most observers look for at least five new conference records before Saturday's finals are over.

## Betsy Rawls Grasps Columbus Golf Lead

COLUMBUS, Ga. (UPI)—Betsy Rawls of Spartanburg, S.C., carried a four-stroke lead today into the second round of the Columbus Women's Open golf tournament.

Wielding a hot putter and unkindful of a drizzling rain, Miss Rawls fired a one-under-par 71 Thursday over the sprawling Columbus Country Club course. She had 12 one-put greens and used

her putter only 25 times in putting together her 35-36 round.

Miss Rawls, who won the inaugural championship here in 1959, called it "the best round I've played this year." She sank puts of 8, 10 and 12 feet to keep her round free of bogeys.

Only 12 golfers in the field of 84 managed to break 80 during the rainy, chilly day.

BEN HOGAN  
... tied for second

# Nagle Captures Colonial Lead

## Briton Star Shoots Ace, 5 Under 65

FORT WORTH, Tex. (UPI)—British Open champion Kel Nagle, spurred on by a hole-in-one and some fine recovery play on an opening round five-under-par 53-32-65, set out to protect his lead in the \$40,000 Colonial National Invitation golf tournament today.

If he can nurse any part of his three-stroke lead through to the end of the 72-hole affair Sunday, he will become only the fifth man in 16 years to project the first round leadership into the rich Colonial title.

Nagle was the cock-of-the-walk here today with his record-tying tournament low round and his ace on the 195-yard 13th hole, but it was the first time since the Australian came to this country for the Masters that he has been able to get his game in the groove.

Without that ace, the fourth of his long career, Nagle still would have finished with a 67, one stroke in front of a threesome made up of five-times champion Ben Hogan, 1960 golfer-of-the-year Arnold Palmer and national amateur champion Deane Beman.

Three other contestants conquered Colonial Country Club's tough par 35-35-70, 7,048-yard layout. They were Doug Sanders, Bill Casper and Mike Souchak, all with one-under-par 69s. Bob Goalby matched par exactly with his 35-35 round, while 11 players came within a stroke of it with 71s and another half dozen made the tour in 72.

## ISL Entry Hour Nears

Today is the final day to enter play in the 1961 version of the Pampa Industrial Softball League, according to Charles Cobb, president.

Cobb said the deadline for entries will be 10 p.m. tonight. Following the deadline, schedules will be comprised and a league play will open Tuesday.

At least seven teams have entered this year, including one team from Miami and officials are looking for one of the best overall leagues in recent years.

## Lavorante Stuns Favored Folley

BANCTELES (UPI) — Youthful Alejandro Lavorante seventh-round scored a stunning heavy-weight Zora Folley Thursday night at Olympic Auditorium.

Lavorante, 206, floored Folley four times before referee George Latka called a halt at 35 seconds of the round. A near riot followed the upset as scores of Lavorante's countrymen and supporters mobbed the 24-year-old boxer. They battled police and ushers to get to the ring.

## SPORTS

The Pampa Daily News

12 THE PAMPA DAILY NEWS FRIDAY, MAY 12, 1961 53rd YEAR

## Antitrust Laws Viewed To Equalize Majors Congress Eyes Plan

WASHINGTON (UPI) — Congress has been urged to equalize the antitrust restrictions on professional baseball, football, basketball and hockey and clarify confusion caused by conflicting court decisions on the sports.

Sens. Kenneth B. Keating, R-N.Y., and Phillip A. Hart, D-Mich., introduced a bill Thursday to end pro basketball's special exempt status under federal antitrust laws. It also would legalize the controversial reserve player clause and pro football's player draft.

The Supreme Court has ruled that, without a congressional decision, baseball is exempt from antitrust prosecution on the theory that it is a sport, rather than a business.

Other major professional sports have been omitted from the immunity given baseball.

Congress has debated the issue during the past several sessions, but has not passed a bill, although the House approved a measure close to the Keating-Hart bill last year.

Chairman Estes Kefauver, D-Tenn., of the Senate Antitrust Subcommittee has introduced a tougher measure. Whether Congress would pass either remained problematical although the bipartisan sponsorship of the new bill was viewed as increasing its chance.

The bill specifically would exempt practices designed to equalize competitive playing strengths, including college draft procedures of pro football and basketball. It also would protect practices

relating to employment, selection and eligibility of players — such as the baseball reserve clause and the option clauses — of other sports contracts and procedures for contract transfers.

## 'Seven Thirty' Runs On Time

By United Press International

George D. Widener looks like he's got another meal ticket in Seven Thirty if the 3-year-old filly produces anything like her grand-sire, Eight Thirty.

Seven Thirty carries a winning streak of three into this Saturday's \$50,000 Acord, the first leg of the filly triple crown series, thanks to Thursday's performance at Aqueduct.

Ridden by Hedley Woodhouse, Seven Thirty rallied from fourth halfway through the stretch to a length victory over Mrs. Oliver Iselin's Dewali, another triple crown eligible. Smashing Gail, the pace-setter most of the six furlongs, faded to third, almost a length farther back.

Seven Thirty paid \$2.90 for \$2 as the odds-on favorite of the 22,782 fans and was clocked in 1:11.

Eight Thirty made his mark in the early 1940s when he was a top stakes winner.

Whitley, a non-winner in three previous starts, won the \$10,000 Singing Wood purse at Aqueduct, paying \$11.80. Whitley's clocking for the mile and one-eighth was 1:49, just three-fifths of a second off Kelso's track record.

Bobby Ussery was aboard Whitley, a 6-year-old son of Better Self. The Irishman finished second, a half length back, and Humane Leader ran third.

Veteran Johnny Longden continues to boot 'em home, clicking with Linita, a 4-year-old filly, in the featured \$12,000 Laguna purse at Hollywood Park. Linita paid \$17.80 and was timed in 1:09 1/5 for the six furlongs.

## Kefauver Claims Fight Neutrality

WASHINGTON (UPI) — Sen. Estes Kefauver, D-Tenn., today sidestepped heavyweight champion Floyd Patterson's invitation to approve Sonny Liston's new manager.

But in a "Dear Mr. Patterson" letter, Kefauver advised the champ not to delay giving Liston a shot at the title.

Kefauver said it was not up to him to approve Liston's "new managerial arrangements." He said this job belonged to state athletic commissions.

Patterson had indirectly promised Liston a title bout next year if Liston's new manager, George Katz, won Kefauver's approval.

**WES COVINGTON** ... comments unprintable

# Braves Sell Covington To Chicago White Sox

MILWAUKEE (UPI)—Wes Covington, getting ready to report to his new bosses, the Chicago White Sox, today is leaving the Braves with only "unprintable" things on his mind concerning the Milwaukee management.

The left-handed hitting outfielder, a World Series hero for Milwaukee in 1957 who was sold to the American League team Wednesday night, said "I'm absolutely happy about going to the White Sox."

Covington indicated this was his way of expressing his satisfaction about ending his running feud with the Braves front office. "The change will be good for me and my career," he said.

When asked about his feeling for the Milwaukee management, Covington said he didn't want to comment. "The only comment I could have about them is unprintable."

Covington said he will miss his teammates on the Braves. "They are the guys I've played with most of my career," said Covington.

ton, who joined the Braves organization in 1952.

The White Sox obtained Covington for the standard waiver price of \$20,000. During the days when John Quinn was general manager of Milwaukee, the Braves wouldn't have accepted \$250,000 for him.

# Hot-Hitting Birds Edge Twins, 8 To 7

**Sens Wallop Detroit Cabot Corp. In Other AL Battle Golf Tourney Set To Resume**

Strictly for the birds! That's as good a way as any for summing up all those pre-season calculations on the hard-to-figure third place Baltimore Orioles.

Everyone agreed—even astute Paul Richards — that Baltimore's pitching staff shaped up second to none. So far, however, it has shaped up more like a sad sack of potatoes.

There was also a rather general agreement that obvious lack of hitting would keep the Orioles back. So far, that hitting has been the only thing that has kept Baltimore up.

Only five times this season has an Oriole pitcher gone the full distance. Southpaw Steve Barber, who has done it twice, couldn't do it Thursday even though he was credited with his fourth victory in an 8-7 decision over the Minnesota Twins.

The Orioles' hitting has been a bird of another feather, however.

Three Baltimore regulars — center fielder Jackie Brandt, first baseman Jim Gentile and third baseman Brooks Robinson — are among the American League's top 10 hitters. Brandt is batting .371, Gentile .347 and Robinson .333. All three connected safely in Thursday's triumph over the Twins.

The Washington Senators beat the league-leading Detroit Tigers, 9-4, in the only other major league action.

Gentile, who hit a pair of grand slam homers against the Twins last Tuesday, continued to pick on them Thursday with a three-run double during a five-run fifth inning rally that put Baltimore in front for keeps. Gentile's blow came off loser Camilo Pascual (2-3) and boosted the Oriole first baseman's RBI total to 33—tops in the majors.

Minnesota reliever Paul Giel gave up what proved to be the winning run in the eighth inning when he walked Ron Hansen with the bases full.

Barber, who struck out six and walked three in 5-2-3 innings, was nicked for eight of the Twins' 14 hits, including a homer by Don Mincher in the fifth. Knuckleballer Hoyt Wilhelm took over for Barber and allowed six hits and Minnesota's final run.

The victory gave the Orioles undisputed possession of third place and moved them within two games of the second-place

Cabot Corp. first annual golf tournament for machinery division personnel enters its second weekend of play tomorrow when 29 employees hit the links at Huber Country Club in Borger.

In last week's play at Pampa Country Club, Jack Foster took the low gross lead with a 72, followed by Harry Davis (86) and Fred Tinsley and Eddie Polnac, both 88s.

Highlight of last week's play was a hole-in-one at Huber CC by Glen Wilkie. Wilkie was playing at Huber, rather than Pampa and he sunk his ace on the 120-yard, par three, 13th hole in Borger.

The tournament ends on May 28th at Phillips Country Club.

### BEHIND THE SCENES OF YOUR TELEPHONE SERVICE

Richard A. Goodson

An interview with Richard A. Goodson, Southwestern Bell Vice President and General Manager for Texas

BY DON DAVIS, TELEPHONE NEWS WRITER

# How Texas telephone people, modern science will keep improving your service in 1961

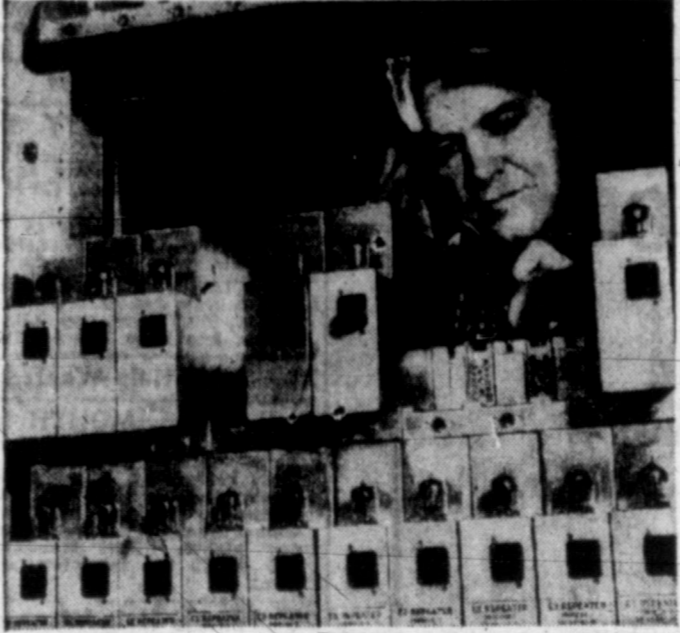

As you talk on the phone, you don't see the amazing technical wonders shown here. But they—and a whole lot of other things—work "behind the scenes" to make telephone service in Texas better year after year.

right here in Texas contribute their share of good ideas toward achieving service improvements."

Where do these technical advances come from? "The great majority result from full-time research by telephone scientists in laboratories," Richard A. Goodson, Southwestern Bell vice president and general manager for Texas, told me in an interview. "But," he added, "telephone people

This teamwork between telephone people on the job and scientists in laboratories makes an unbeatable combination, Mr. Goodson said.

"The goal of all telephone people," he said, "is to give you service this year that's better than last year's. That's why we have a continuing program of service improvement and expansion, which in 1961 amounts to nearly \$115 million in our state."

**ELECTRONIC "VOICE BOOSTERS,"** attached to trunk lines that run between telephone central offices, keep voice volume at a strong, clear conversational level, prevent fade-out caused by distance. Latest "boosters" use Bell transistors, permit you to hear even better on your calls.

**NEW MICROWAVE TOWER** supports "cornucopia" antennas that beam Long Distance messages, television programs across Southwest. Capacity of many present microwave antennas is also being expanded to provide additional pathways for growing volumes of Long Distance conversations.
