Haeger Jury Fails To Reach Verdict

The defense opened Wednesday morning with testimony of Hubert Tyler, 16, brother of Heager, who according to testimony was the only one present other than the principals when Williams was shot.

The witness identified the 16 gage shotgun which had "Annie" carved on the stock, as belonging to his mother, Annie Mae Heager, and a 410 gage as belonging to Heager.

Several witnesses had testified that a shotgun blast had been fired through a door of a cafe where incidents preceding the shooting of Williams occurred during the evening of Feb. 14 a short time before the slaying early on the morning of the 15th.

Tyler said Williams came into the living room with a shotgun and took a discharged shell out of the chamber. A few minutes later, he said, his brother, Willie Heager, came into the room with a pistol in his hand.

Tyler said he tried to take the gun away from Heager and that Williams caught him, the witness, around the neck and they struggled over the gun. He said Williams was at his

back and pulled him into a corner of the room.

"While I was trying to get away from him, my brother started shooting at Williams," the witness related.

In rebuttal testimony Tyler said that he moved a divan in the room in an effort to make way for his moving Williams' body outside the house. He said he took some money out of Williams' pocket, but that he did not remove shotgun shells that were in the man's pocket.

Annie Mae Heager was called to the witness chair and upon questioning said she had lived with Williams off and on for about six years. She said Williams drank and was "mean" when drinking. Several witnesses testified that Williams was drinking on the night he was killed. Mrs. Heager testified that Williams came to her in Lillie's cafe and asked her to go home. When she refused, Williams left, but soon returned, insisting she go home, took her by the arm and "jerked me."

Later a shotgun blast came through the back door, shattering glass over the floor.

Mrs. Heager said she had a 9-shot, .22 caliber revolver in the waist band of her trousers, that her son, Willie J, came up to her and took the gun. The witness said she did not tell her son to "go out and kill the s.o.b."

New Dwellings Constructed

Ten new residences have been completed or are nearing completion in Muleshoe since the beginning of 1971.

Harold Wyr, city tax assessor-collector, said his office had approved water and sewer connections for ten new homes since January 1. Wyr said that number possibly was twice that for the comparative time last year.

around muleshoe with the journal staff

Mr. and Mrs. Buck Taylor enjoyed several days of fishing on Graham Lake last week. Taylor's brother, Bennie Taylor from Snyder, and some friends, Mr. and Mrs. Pete Jacobs from Haskell, joined them there. The group reported good fishing.

Farm Bureau Meeting Set

County, state and national resolutions are to be presented to membership of the Bailey County Farm Bureau at the county group's annual convention at 8 p.m. Monday in the Muleshoe High School cafeteria.

Ernest Ramm, chairman of the committee on resolutions, will present the proposals, and make a report on policy committee activities and by-law changes.

Terms of four directors expire with the end of this Farm Bureau year. They are James Warren, president of the Bailey organization; Adolph Wittmer, Glen Harris and Don Rowe.

The state Farm Bureau convention is scheduled in Amarillo Nov. 14-16 and the national meet is set in Chicago starting Dec. 12.

At Monday night's meeting three students whom the county group sponsored at the citizenship seminar will report on their trip. The trio are Larry Vinson, Judy Calvert and Joanne Dobbins.

Refreshments will be served and door prizes awarded Monday night.

back and pulled him into a corner of the room.

"While I was trying to get away from him, my brother started shooting at Williams," the witness related.

In rebuttal testimony Tyler said that he moved a divan in the room in an effort to make way for his moving Williams' body outside the house. He said he took some money out of Williams' pocket, but that he did not remove shotgun shells that were in the man's pocket.

Annie Mae Heager was called to the witness chair and upon questioning said she had lived with Williams off and on for about six years. She said Williams drank and was "mean" when drinking. Several witnesses testified that Williams was drinking on the night he was killed. Mrs. Heager testified that Williams came to her in Lillie's cafe and asked her to go home. When she refused, Williams left, but soon returned, insisting she go home, took her by the arm and "jerked me."

Later a shotgun blast came through the back door, shattering glass over the floor.

Mrs. Heager said she had a 9-shot, .22 caliber revolver in the waist band of her trousers, that her son, Willie J, came up to her and took the gun. The witness said she did not tell her son to "go out and kill the s.o.b."

A short time later, Mrs. Heager said, her son returned to the cafe, laid the .22 revolver on the pool table and said, "I done shot Mr. Ecchee," using a nickname by which witnesses frequently referred to Nathaniel Williams.

Mrs. Heager said she later saw the gun at her house, but that she did not know who moved it.

The next witness and whose testimony concluded evidence was the defendant, Young Heager, despite urging by his counsel to speak audibly, testified in a low, sometimes halting voice that was raised several times in exasperation at persistent questioning by the prosecutor.

Heager detailed his activities of the afternoon and evening preceding the shooting, saying that he went to church and returned home about 12 o'clock at night. He told of the 4.10 gage shotgun and placing it behind a curtain at William's request.

Heager said when the shotgun blast was fired through the cafe door flying glass hit him in the face. He told of taking the revolver from his mother, going to the house and seeing Williams coming toward him with his "fists balled up." He said Williams caught Tyler around the neck. He said he feared for his and his brother's safety.

On cross examination Heager told of playing pool with Williams and winning money on the games at the cafe. He said when the shotgun blast shattered the door people in the cafe began yelling: "Mr. Geechee."

Asked why he took the gun from his mother Heager replied: "To go get him." In subsequent testimony the youth said he "wanted to go to the house to see if he did it." Related testimony indicated Heager wanted to know if Williams fired the shot through the door.

Heager said he went into his mother's living room and asked Williams: "Why did you do it?" He said Tyler tried to take the gun from him.

The prosecution's examination did not produce any evidence that Williams attempted to reach one of the shotguns in the room.

District Attorney, Jack Young produced a copy of a statement Heager allegedly made during investigation of the slaying. Heager said he could not read it. Under questioning he said he finished the tenth grade. The defense attorney insisted

4-H PROJECT FAIR . . . Bailey County 4-H members presented their annual projects show here Saturday, September 25, 1971. With the Progress 4-H Vaquero Club booth are left to right, Lavern Carpenter, Connie Floyd and Bennie Floyd. The show was concluded with presentation of awards.

Friena Holds Mules At Goal To Win 13-6

On a muddy, wet field at Friena Friday night Muleshoe's Mighty Mules had hard luck in the final three minutes of the game, with the Friena Chiefs taking a great goal-line stand in the last minutes to win the game with 13 points over the Mules' six points.

This was the 21st meeting between the Friena and Muleshoe teams, in which Muleshoe led, won the last six games and is leading the series, with 13 wins. Friena has won six games and the Mules and Chiefs have tied one game in the 21 bouts on the football fields.

Muleshoe won the opening toss and elected to receive from the north, Friena's Bobby Drake kicked to the end zone for a touchback. Wheat, Black, and Hays brought the Mules back to Friena's 42 yard line in the first 16 minutes of play.

Muleshoe's pithout was recovered by Royal of the Chiefs,

and the Chiefs gained by John Bandy pass to Larry Fallwell for 14 yards. The Mules took the ball on the 34 yard line, recovering their own fumble; Black made four yards with Don Wheat recovering a pithout. A high punt by the Mules left the ball at the Friena 44 out-of-bounds.

Brandy of Friena passed again to Bartlett, made 22, with a good block made by Friena teammates. At the end of the first quarter the score was 0-0.

In the second quarter Bandy passed to Bartlett, for 24, and a touchdown, on a swing pass to left. He was caught at the line of scrimmage and raced to make six points for Friena. Drake kicked for extra point.

Following the Friena TD Hays returned the ball. The Mules recovered their own fumble, with a pass completed to Black for 24 yards. There was good defensive play by Bill Bailey. Friena took the ball for several

passes and runs, ending with Royal punting down to Muleshoe's 23 yard line. Hays and Wheat made gains. The mighty Mules' pass bounced off the defender to be recovered by Wheat. Wheat passed, with Friena's Sims blocking, with 19 seconds left in the second quarter. At the half, Friena was seven point leader.

After half-time activities, Friena received the ball, with Royal returning the kickoff. Bartlett, on a pithout sweep, made 10 yards; Royal's punt rolled dead at the Mules' 13. Bobby Hays made 15, and was going to a Mules' TD but Friena's Fallwell stopped him with a one-nano tackle by hitting Hays' foot and stopped his run for the TD. After fifteen minutes of the game, Hays in the fourth down, with three to go on the 10 yard line, went on for a Muleshoe TD on a left end sweep. The Mule's tried to run for an extra point but failed. Wheat was stopped short on the one yard line. The crowd went wild with the score Friena 7, and Muleshoe 6.

Friena fumbled and Muleshoe recovered, with Friena's Royal almost breaking away. The

More Than 100 Take Part In Program

More than 100 youths participated in the Muleshoe area summer library reading program which circulated 12,863 books. Among participants representing the second through the ninth grade.

Those who read 12 or more books will receive certificates and awards in programs at the two Muleshoe elementary school and at junior high school Tuesday.

Assemblies at Richland Hills at 9:15 a.m., and at Mary DeShazo at 10:15 a.m., and at junior high at 1:15 p.m., will feature the awards presentations. Achievement awards will be presented to those who read the largest number of books.

Several participants are non-area residents, one as far away as Taylorville, Ill., will receive certificates by mail.

To receive certificates were:

- Donald Howard
- Jamey Chaney
- Alan Harrison
- Donna Howard

- 3RD GRADE
- Benny Pena
- Esmeida Venegas

Area Rain Gauges Vary Three Inches

Saturday morning weather was a re-play of the action over the previous several days with overcast skies and occasional drizzle. The sun came through ragged clouds late in the afternoon, lighting landscapes for the first time in many areas since Tuesday.

Forecasters were for clearing skies over the weekend. Rains, some heavy, were general over the Plains.

Measurements indicated that rainfall from Wednesday night up until precipitation ended late Friday morning amounted generally above two inches over the Muleshoe area except to the south where amounts were heavier.

A rain gauge at the J.V. Peeler residence here recorded 1.75 inches at 8 a.m. Friday for the previous 24 hours. That amount brought to 14.94 inches recorded by Peeler since Jan. 1. The total for all of 1970 was 10.30 inches.

Area people providing weather information Friday generally were of the opinion that immediate damage to crops from the rain was minimal, but most were quick to add that unless the sun got on the job right away damage might be considerable.

Approximately five inches of rain had fallen in the Bula vicinity by late Friday morning.

J.H. Millsap, two miles north of Enochs had received approximately five inches of rain up to noon Friday. Thursday's rainfall there amounted to 2.90.

At the Buford Bates farm nine miles south of Muleshoe 4.55 inches of rain had fallen in the weekend series of showers and occasional near-downpours. Almost three inches of that amount fell Thursday and Friday.

At the Jodie Barrett's place nine miles south and about three miles east of Muleshoe 2.75 inches were recorded.

Optimistic Note Voiced By Agent

"We haven't had our throats cut yet, not by a long shot," declared Bailey County Agriculture Agent J.K. Adams Friday following his appraisal of effects on crops of three days of cool temperatures and almost continuous rain.

The county agent was of the opinion that except for cotton and tomatoes, rain benefits to grain sorghum and alfalfa offset weather damage during the three days.

The county agent emphasized that his appraisal was based on the most recent rains and noted that it was obvious that sunshine and a normal freeze date will determine the outcome of the 1971 crop.

The rains will mature any of the approximately 45,000 acres of grain sorghum in the county not previously finished, Adams was of the opinion that lodging of milo was minimal so far.

He said harvest of some of the estimated 30,000 acres of corn in the county had indicated yields in excess of 8,000 pounds in some fields. Jack Little who was about ready to harvest his corn crop when last week's rains came said corn growers were in better shape now than they were this time last year because the corn borer had done less damage. Little was concerned with the possibility of a lodging problem if rains continue.

Adams said so far as he knew

all corn silage had been harvested.

The rains slammed the brakes on alfalfa harvest, now in its fourth cutting, stopping both cutting and pelleting. Alfalfa growers are set up for a bountiful fifth cutting, provided there is along stretch of sunshine and a late frost. Adams pointed out that in the past alfalfa growers whose fields were nipped before the final cutting was in, had cashed in by pasturing their fields.

The county's bell pepper crop, hit from two directions, is having rough going. The market dropped from \$40 to \$30 per ton and soggy fields won't permit harvesting. If killing freeze holds off until well into November some bell pepper fields will yield around 10 tons, Adams estimated.

Adams said there was enough frost last week to drop some cotton leaves, but not enough to do serious damage. It was not the cold that hit the approximately 400 acres of tomatoes in the county hard, but the rains and shortage of labor at the time when the crop was ready for harvest.

"The August rains gave the grain sorghum a boost," Adams noted. "The recent rains so far probably have helped the crop more than they have damaged."

Rotary Governor Will Visit Here

Muleshoe Rotarians and Rotary Anns will be hosts to Dr. T. Paige Carruth, Canyon district 573 Rotary governor, Monday and Tuesday.

The Muleshoe club members and their ladies will be on hand for a reception for Dr. Carruth at 7:30 p.m. Monday at the home of Troy Actkinson and Mrs. Actkinson, 1634 W. Avenue D.

The district governor will make his official visit to the Muleshoe club at the regular noon meeting Tuesday.

Dr. Carruth who has addressed gatherings here in the past is expected to discuss the global growth of Rotary which now in its international reach includes 14,821 clubs with a membership of 701,000 business and professional men.

Rotary clubs in 149 countries strive to aid youth, elevate business standards and further international understanding, Muleshoe Rotarian Actkinson pointed out.

Area Grid Teams Scrap On Rain Soaked Fields

Muleshoe area grid teams Friday night scrapped on fields that at best were soggy, a condition that with few exceptions helped hold scoring in check.

One exception was the Bula Bulldogs' six-man 67 to 18 run-away against the Union Wildcats in a game at Bula. Ron Risinger scored nine touchdowns for the Bulldogs who accounted for 23 of their points in the second quarter. Stephen Newton added the other Bula touchdown.

Steme Bottoms and Gary Miller scored for Union but tried for extra points failed.

Scampers of 10, 40 and 60 yards by Risinger in the second quarter after he had puffed off with 15 and 10 yard runs in the first quarter and a Union touchdown in the third set up a score of 37-18 at halftime.

Risinger went 25 and 12 yards in the third and Newton made his contribution to make the score 55-18. Risinger took a couple more hitches at tallying in the final quarter, scoring on runs of 33 and 11 yards.

The turf was fairly fast. The game gave Bula a 2-0 standing and halved Union's season 1-1.

Springlake-Earth lost by a single point to Dimmitt, 8-7, in a match at Dimmitt on a muddy field. Daniel Frierson scored the Bobcat touchdown and then ran over the two extra points that gave his crew the win.

Interception of a Springlake pass by Charles McLean set up the Dimmitt touchdown.

Springlake held the upper hand during the first half but were able to mark only seven points on the board. The Wolverines threatened three times in the final half and missed a field goal that would have given them the margin. One of their drives put them on the Bobcat 10, another on the eight, but they were unable to go over.

The Hereford Whitefaces' guests, the Clovis Wildcats, plastered their hosts 16-6, the opening kickoff making the Wildcats wild enough for their Billy Jones to cart the ball back for 83 yards and a touchdown. Joe Calvert scored for Clovis in the second quarter. A safety added the other Clovis points.

Alan Cornelius recovered a team mate's fumbled pass behind the Clovis goal for the lone Whiteface touchdown.

Bovina beat Lazbuddie 13-6 in a match at Bovina. Billy Shelby put Bovina on the score board in the first quarter with a 1-yard plunge and Kim Ruddle booted the extra point.

Arthur Graves for Bovina took the Lazbuddie kickoff after touchdown and galloped 85 yards for pay mud. A ground try for extra points failed. Shelby passed to Tom McCormick in the

second quarter for the final TD of the game. Ruddle's boot for extra point was no good.

Cowboys-Packers Win Games

The Cowboys and Packers were winners in two Muleshoe Youth Football, Inc., bouts in last week's schedule.

Tuesday night the Cowboys blanked the Chiefs with a 12-point tally as Mike Windham, quarterback, and Keith Turner, halfback, accounted for touchdowns. Both TAs were scored on 20-yard runs. Turner's in the final two minutes of play. Attempts to carry the ball for the extra points were stopped short of the goal.

Thursday night the Saints bested the Packers 20-14. Mark Washington, Saints halfback, in the third quarter annexed two touchdowns and carrying the ball over for two extra points after one of the TDs.

The Packers were busy, too, in the third. Mike Griffin, halfback, matched Washington's scoring with a pair of touchdowns for his crew, evening the score at 14-14.

But the Saints' quarterback Markus Beversdorf on a quarterback sneak for a yard and a touchdown in the final thirty seconds of play to give his team the win.

Crime Prevention Course Set

The Muleshoe Chamber of Commerce and the Small Business Administration will co-sponsor a one-day crime prevention course Oct. 7, said Jerry Hutton, CC manager.

The sessions, each to last about two hours, will start at 9:30 a.m. and at 2 p.m. and will be at the city hall. J.B. Hair, Lubbock, of the SBA, will conduct the sessions with assistance of a local attorney and a representative of the city police department. Films will be shown.

All business firm heads and personnel are urged to attend one or both of the sessions, Hutton said. Shopping and hot checks will be the principal topics.

Hutton said the course should be of value in maintaining the Muleshoe SOS system which is set up for alerting around 100 business places by means of a chain reaction telephone calls when a hot checker or shop-lifter is known to be operating in town.

Bula News

By **Mrs. John Blackman**

Mrs. E.W. Black had charge of the study Tuesday afternoon when the WMU met for their weekly meeting. Mrs. Black is reviewing the book 'Diakonic Task' this lesson being the fourth chapter. Mrs. Richardson read the prayer cal-

ender and Mrs. Pierce offered the prayer for the missionaries. Mrs. Richardson gave the benediction. Attending were Mrs. E.W. Black, Mrs. E.O. Battles, Mrs. P.R. Pierce, Mrs. Rowena Richardson and Miss Vina Tugman. Mr. and Mrs. John Hubbard spent the weekend with their daughter Mr. and Mrs. Barney Oldfield and girls Kem, Jacque

and Shannon at Grants, N.M. Mr. and Mrs. P.R. Pierce accompanied by Mr. and Mrs. Earnest Nierman of Muleshoe attended the annual Kerby family reunion Sunday at the home of a cousin Mr. and Mrs. Earnest Wallace at Coahoma. Mr. and Mrs. J.D. Rowland visited from Thursday thru Monday with relatives at Abilene and Fort Worth. In Abilene they visited with his siter Mr. and Mrs. F.A. Donnelly and Paul and also his father Mr. and Mrs. J.F. Rowland and Mike. In Fort Worth with a brother Mr. and Mrs. A.B. Rowland.

field with their daughter and family Mr. and Mrs. Leon Kesler. Mr. and Mrs. Tommie Kirk left Friday returning Wednesday for a few days of fishing and relaxing at Antonito, Colo. Their little daughter Jennifer spent the time with grandparents Mr. and Mrs. Paul Young. Jodie Withrow, freshman student at South Plains spent the weekend with home folks the J.C. Withrows. Mrs. Ray Kennison and girls Kem and Dusty of Olton, visited Sunday with her parents Mr. and Mrs. Tom Bogard. Mr. and Mrs. John Blackman took the weekend with the Roy Blackmans at Clarendon and Saturday afternoon at 3 p.m. attended the wedding for Monty Blackman and Miss Linda Poling

James Wolfe Distinguished Military Student At WTSU

CANYON, TEXAS . . . Lieutenant Colonel John O. Childs, Professor of Military Science at West Texas State University in Canyon, announced September 23, 1971 that James D. Wolfe is a Distinguished Military Student, Army Regulation 145-1. Wolfe, son of Mrs. Mabel Wolfe, Muleshoe, is a 1968 graduate of Muleshoe High School. He is a senior Business Management major at West Texas State University. While in high school, Wolfe was a member of the Muletrain staff and was awarded Outstanding Student, Outstanding Physical Education Student, Honor Student of the Month and received two scholarships.

At West Texas State University, Wolfe was awarded Outstanding Basic Cadet, Counter Insurgency Proficiency Badge and was a member of Best Platoon one semester in ROTC. This past summer, Wolfe was awarded the Recondo Badge. Wolfe spent six weeks in Advanced ROTC Summer Camp at Fort Riley, Kansas. The badge represented high accomplishment in strenuous physical endurance and mental thought under pressure. As a member of the Scabbard and Blade Military Honor Fraternity, Wolfe served as a delegate to the House of Delegates, West Texas State University, and at present is serving as Vice-President of the fraternity. Wolfe was awarded the Distinguished Military Student for ranking in the upper one-half of his university class, the upper one-third of his ROTC class, having demonstrated the qualities of leadership potential and high moral character. Additionally, the designation must be approved by the Professor of Military Science and the President of the university.

Heager read the statement. He haltingly read a few words, spelled one or two which were pronounced by his attorney, but contended he could not read it. His counsel called attention to the section of the statement to the effect that Heager had read it and understood it before signing it. Heager still refused to read the statement.

Upon Heager responding with "No" to Durham's question "Did you go to your house with the intention of killing Nathaniel Williams?" the defense rested.

A 154th District Court jury failed to reach a verdict here in the trial of Willie J. Heager, 16, charged with murder with malice in the fatal shooting of Nathaniel Williams, 31, at a residence in Muleshoe Feb. 15.

The jury of five women and seven men reported to presiding Judge Pat Boone at 11:30 Wednesday night that it was hopelessly deadlocked. The jury was dismissed. No date for re-trial was set, but principals in the proceedings discussed the possibility that the case would be called in January.

Young Heager was free on \$4,000 bond.

The prosecution presented its witnesses Tuesday afternoon and rested about 5 o'clock with conclusion of testimony by Bailey County Sheriff Dee Clements.

Crops...

Mules went on for the 23 yard line in four plays at the end of the fourth quarter.

Friona's Bleaker made a field goal attempt that fell short, with Friona's drives hampered by wet grass and field conditions. The Mules took the ball on the 27 yard line with Williams, the keeper, Fallwell stopped Hays on his fourth down try on the 47 yard line.

Friona's Royal, Barlett, Bandy made a series of runs and passes, finally ending with Royal making five yards around left end for the second Friona Chief's touchdown. Bundy's pass for an extra point attempt was knocked down. Scoreboard read Friona 13-Muleshoe six for the last four minutes of the game.

Wheat returned the kickoff, Hays made 47 yards.

In the last three minutes of the game, on the third down, with 10 to go, on the Mules' 19, Roger Williams passed to Hays for 14 yards. Hays prior to the pass had received Wheat's

Jimmie Carpenter 12 miles southwest had from 2.50 to three inches. Gerald Prater three miles south and four and a half west got two inches. Harold Allison 8.5 miles east had more than three inches.

Wylie Bullock 17 northeast got about three inches. At Clay's Corner 10 miles north 1.80 inches were recorded. J.D. Bayless 2.5 north of Enochs received 2.30.

Robert O'Haire at Lazbuddie said he received 2.20 inches of rain and added that the area needed less rain and more sunshine. Clarence Mason nine and 1.5 miles west received two inches.

Unofficial measurements in Plainview topped the three-inch mark Friday morning which was in addition to more than an inch the previous weekend.

Farmers Warned On Insecticides

Plains farmers attending an insect control and environmental research conference at Lubbock Thursday were warned against over-use of insecticides for pest control.

Entomologists, among them Sr. E.F. Knippling, special advisor for the Agriculture Research Service, told the group that it is possible for insects to build up immunity to chemicals and noted that when they do they are beyond control.

Immunity build-up of insects to chemicals among some insects in the lower Rio Grande Valley and Mexico were pointed out as examples. In those instances crop yields have been reduced drastically.

Speakers emphasized the importance of allowing nature to maintain control of the balance between harmful and beneficial insects so far as possible and to carefully follow reliable entomological information in insect control.

AMC COTTON HARVESTER
be versatile!

Now you can harvest 20 inch rows, 30 inch rows, two rows of plants on a bed, or stay with traditional planting methods and still have the capability of changing in the future.

Picking with an AMC machine is the closest thing you'll find to non-stop cotton harvesting. Short cotton, tall cotton, AMC features keep you going.

Tough, flexible steel fingers reach down and get the lowest balls, two aggressive feeders move the cotton into BIG nine inch augers with split-second timing.

AMC gives you the capacity to harvest big yields... FAST!

Stop in and see
Muleshoe Ford Tractor Co.
They can show you the way to fast, economical cotton harvesting.

CAN BE INSTALLED ON MOST BRAND TRACTORS.

Patented, flexible steel stripping fingers that get all your cotton, regardless of stalk size.

Springlake Ceremony Unites Carol Bridge, Gary Strahan

Mr. and Mrs. Gary Strahan

Miss Janis Carol Bridge and Gary Neil Strahan were united in marriage during a double ring ceremony Friday, September 10, at 8 p.m. in the Springlake Baptist Church.

The bride is the daughter of Mr. and Mrs. Robert Bridge of Springlake and the groom is the son of Mr. and Mrs. Don Strahan of Muleshoe.

Rev. M.D. Durham, pastor of the Southside Baptist Church in Lubbock, officiated and was assisted by Rev. Glen Smith, minister of the Springlake Baptist Church.

Vows were exchanged in front of an archway of 15 candles entwined with greenery and flanked on each side by a 15 branch spiral candelabra decorated with greenery. A memory candle, featuring a blue bow, was in front of the altar.

Mrs. Blerna Sadler accompanied Miss Peggy Day and Miss Erlene Carter as they sang "Wither Thou Goest" and "One Hand, One Heart".

The bride, given in marriage by her father, was attired in a floor length formal gown of white satin covered with white lace. The gown featured an empire waist, high neck and long lace sleeves with wide cuffs and buttons. The bride's double veil was made of lace matching the bridal gown and was attached to a beaded bow.

The bride carried pennies minted in the year of her birth and the year of her marriage as something new; something old was a Bible carried by her mother in her wedding; a white pearl necklace borrowed from

Mrs. Larry Strahan, for something borrowed and wore a blue garter for something blue.

The bridal bouquet was a cascade centered with a white butterfly orchid and featuring white feathered mums, baby's breath, greenery and long satin streamers.

The bride presented small white roses tinted blue to her mother and new mother-in-law.

Mrs. Donna Taylor served as matron of honor. She wore a light blue floor length gown of acetate which was fashioned with an empire bodice. She carried a nosegay of blue pom poms on lace.

Kelly Walden who served as flower girl wore a blue floor length dress fashioned with an empire waist.

Jason James and Justin Bal-

inger, cousins of the bride, carried the bride's and groom's rings on two white satin pillows.

Larry Strahan of Lubbock, brother of the groom, served as his brother's best man, Terry Bridge, brother of the bride, and Freddie James, cousin of the bride, ushered the parents and wedding guests.

Candlelighters were Mark Bridge, brother of the bride, and Gaylon Strahan, brother of the groom.

The mother of the bride wore a two piece pink dacron knit ensemble which featured a pleated skirt and long tunic. She wore a corsage of white roses and carried white accessories.

The groom's mother wore a deep turquoise belted dacron

knit dress with a large kick pleat in the front and wore white accessories. Her corsage was of white roses.

A reception was held following the ceremony in the Fellowship Hall of the church.

Miss Marquita James and Michelle Bolinger, cousins of the bride, served the guests from a decorated table which was covered with a crocheted white tablecloth.

The three-tiered wedding cake was adorned with a white background and blue trim topped with a miniature bride and groom. Also featured on the table was the punchbowl and a centerpiece which consisted of a white candle with a blue bow and greenery.

Mrs. Larry Strahan registered the guests at the reception.

For a wedding trip to Ruidoso and Carlsbad Caverns in New Mexico, the bride traveled in a blue dacron knit dress and carried white accessories. She lifted the white orchid from her bridal bouquet for her corsage.

The couple are at home at 3005 4th Street, Apt. 105, in Lubbock.

A 1971 Springlake-Earth graduate, the bride is presently attending Jessie Lee's of Hair Design in Lubbock.

Strahan who is a 1968 graduate of Muleshoe High School is employed by Santa Fe Railroad in Lubbock.

William Race To Perform In Canyon

Times, will perform October 10 at West Texas State University in Canyon.

The concert, scheduled at 3 p.m. in the Fine Arts Theater, is being presented under auspices of the WTSU Music Department and the Texas Commission on the Arts and Humanities, formerly the Texas

Fine Arts Commission.

A public reception will follow immediately after his performance in the formal lounge of the Fine Arts Building. There is no admission charge for the concert.

Debt is the slavery of the free.

Muleshoe Study Club Meets, Has Programs

The Muleshoe Study Club met for its regular meeting Thursday, September 23, 1971 at 4 p.m. in the home of Jewel Griffith.

Mrs. Splawn, president, called the meeting to order. Mrs. Wright led the group in saying the club collect. Mrs. Costen led the Pledge of Allegiance, and is as much time spent The roll was called by Mrs. Bartholf which was answered by "My tips on keeping alive".

Mrs. Witherspoon was elected corresponding secretary. Mrs. Farley was appointed chairman of fine arts.

Mrs. Witherspoon was elected corresponding secretary. Mrs. Farley was appointed chairman of fine arts.

Mrs. Jennings gave the report of the Federation Council. Her topic was international affairs. She included such phrases as "Never underestimate the power of a woman. If all of the federated women united, they could do much for the world. There are no distant parts in the world. He who ignores history learns by reliving history. The difference between ignorance and intelligence is opinion."

Mrs. Turner, director, introduced Mrs. Blackburn who presented the program "Family, Dead or Alive". She said "We have heard the expression 'God

OCTOBER WEDDING PLANNED . . . Mr. and Mrs. E.M. Pruitt of Muleshoe announce the engagement and approaching marriage of their daughter, Connie Lee, to Larry W. Tucker, son of Mr. and Mrs. Donald Tucker of Meadow. Vows will be exchanged October 7 at 7:30 p.m. in the home of the bride's parents, 1725 W. avenue D. The bride-elect is a senior at Muleshoe High School and the groom is a 1971 graduate of Meadow High School and is employed by Whitt, Watts and Rempe in Muleshoe.

ioning 'Is the Family Dead?' Do we have the family life that will be remembered and talked about among the children when they are grown? How does the today home differ from yesterday's home? Does it contain the standards of the Ten Commandments, loyalty to country, and is as much time spent with family as spent to earn money?"

The Caprock Board meeting will be October 16 at the South Plains College in Levelland.

Members attending were Mrs. J.G. Arns, Mrs. Walter Bartholf, Mrs. H.L. Blackburn, Mrs. Joe Costen, Mrs. Douglas DuBose, Mrs. John Farley, Mrs. Rufus Gilbreath, Mrs. R.O. Gregory, Mrs. Jewel Griffiths, Mrs. George Johnson, Mrs. O.N. Jennings, Mrs. Levina Pitts, Mrs. G.L. Splawn, Mrs. Doyle Turner, Mrs. Mervin Wiltterding, Mrs. Wilson Witherspoon and Mrs. R.F. Wright.

Oddfellows, Rebekahs To Have Silver Tea

Muleshoe Oddfellow Lodge Number 58 and Muleshoe Rebekah Lodge Number 114 will commemorate the 25th anniversary of their lodges Tuesday evening, September 28, at 8 p.m. in the Oddfellow Lodge with a Silver Anniversary Tea.

Rebekah Noble Grand Mrs. Albert Davis and Oddfellow Noble Grand Crispin Green announced that 25-year pins will be presented to members who have belonged to these lodges for 25 years.

All area lodges are expected to attend, especially those who helped organize these lodges.

Give yourself
ELECTRIC Heating

We'll give you an
ELECTRIC Dishwasher

HEAT-N-CLEAN

In the Electric Climate...

- Put clean electric heating in your single family residence and we'll give you an electric dishwasher to clean your dishes. You may choose either a built-in model or the convertible in your choice of colors - Dark Copper, Avocado, Harvest Gold, or White. We'll deliver it to your door and you take care of the installation as you see fit.
- To qualify for this "most wanted" appliance, the dishwasher, you need only be a customer of Southwestern Public Service Company and decide to put electric heating in your present or new home with installation beginning not later than December 1, 1971, when the offer expires.
- Call us this week for complete information on the desirability of comfort electric heating. Don't miss out on the opportunity to receive an electric dishwasher free of extra cost!
- Enjoy clean living in the electric climate.

Call US...This Week!

P.S. If you already have a dishwasher - don't despair. We have a substitute you'll like.

Sheryl Watts, Morris Exchange Wedding Vows

Mr. and Mrs. Gary Morris

A double ring ceremony performed September 3 at 7:30 p.m. in the First Baptist Church of Sudan united Miss Sheryl Dyanne Watts and Gary Robert Morris in marriage. Officiating at the ceremony was Rev. Wayne Perry of Lubbock.

The bride is the daughter of Mr. and Mrs. Bobby Davison of Sudan. The groom's parents are Mr. and Mrs. Dillard Morris of Muleshoe.

Given in marriage by her father, the bride wore a formal length gown of peau de soie over satin featuring an A-line skirt extending from an empire waistline. A sweeping train was also attached to the waist. Lace petals encrusted with seed pearls held the shoulder length veil.

The organist, Kathy Fisher of Sudan, played the theme from "Love Story" and "We've Only Just Begun" and accompanied the soloist, Mrs. Corky Green of Muleshoe, as she sang "The Twelfth of Never", "The Wedding Prayer" and "Walk With Me".

Those in the houseparty were Mr. and Mrs. Dale Hanna, Mr. and Mrs. Ernest Legg, Mr. and Mrs. Orville Hill and Mr. and Mrs. Leroy Young.

The bride's table was laid with lace over hot pink. It featured the traditional tiered wedding cake and a light pink floral arrangement surrounded by greenery, baby's breath and shoe.

The groom is a 1969 graduate of Muleshoe High School, attended South Plains College for two years and is currently employed by Farmer's Spraying service of Muleshoe.

Attending the wedding from out of town were Mrs. G.S. Martin, grandmother of the bride; Mr. and Mrs. R.H. Magby, grandparents of the groom; Mr. and Mrs. James Morris and daughter, Shan; Mr. and Mrs. Gerald Morris, Mr. and Mrs. Stanley Wilcox, Mr. and Mrs. James Pitts and Mr. and Mrs. Derald Smith.

Progressive Homes Club Donates \$10 To Library

The Progressive Homes Club met with Minnie Dunn September 22. Nine members and two visitors were present.

President Lois Norwood called the meeting to order and the members answered the roll call with household hints. A treasurer's report was also given.

The ladies voted to give \$10 to the library for new furnishings. And, they also voted to send a box of cosmetics to the girls at Girlstown.

Naomi Black drew the hostess gift. Refreshments of pie and coffee were served to Zida Mae Black, Lula Embry, Vera Simpson, Mrs. Tommy Gall, Mrs. Pete Tarleton, Mrs. Cass Stegall, Mrs. Bobbie Kindle and the hostess.

The next meeting is to be with Mrs. Cass Stegall September 28.

Goodland Bible Study Meets

The Goodland Bible Study met with Mrs. Frank Stegall II Tuesday, September 21.

The meeting was opened with a silent prayer for Wayne Parkman, son of Mr. and Mrs. Freddie Parkman, who had undergone spinal surgery. Prayer was finished by Mrs. Ted Simpson.

The fourteenth chapter of John was studied. Those present were Mrs. Buck Ragsdale, Mrs. Ted Simpson, Mrs. Tommy Gall, Mrs. Pete Tarleton, Mrs. Cass Stegall, Mrs. Bobbie Kindle and the hostess.

The next meeting is to be with Mrs. Cass Stegall September 28.

P-TA To Sponsor Pre-Game Supper

The second pre-game supper will be served in the High School cafeteria from 6 to 8 p.m. Friday, October 1. The menu will include ham, baked potato, green beans, tossed salad, hot rolls, chocolate cake and choice of tea or coffee.

Tickets may be purchased from any fifth grade student. There will be a prize for each of the following: the girl that sells the most tickets; the boy that sells the most and the room that has the largest sales. Tickets will cost \$1.50 for adults and \$1.00 for children.

Food for the supper will be prepared and served by members of the Muleshoe Elementary P-TA. Mrs. Herb Ramage is the chairman for the supper.

Proper storage of fresh produce will keep the good quality in the foods you buy -- potatoes, onions, winter squash, pears, and apples keep well in a cool dry place. Remember to remove them from unventilated bags because circulation of air prevents mold and decay.

If a close relative suddenly passed away and you were asked to settle the estate . . .

...what would you do?

Yesterday, it would have been more difficult. Today there is S.O.S. - our free personal service that organizes and directs you in such areas as social security, veteran's administration, civil service, teacher's and railroad benefits, workman's compensation, life insurance, credit life insurance and any other possible options open to you in the settling of the estate.

S.O.S. offers you a source of financial guidance, eliminates any oversight in notifying proper authorities, helps you avoid submitting an improper claim, keeps you from making repeat trips to various government agencies to establish claim and most of all, it shifts a large portion of this personal burden from your shoulders to ours.

Yes, S.O.S. is a most unique service . . . and we offer to you free of charge. Stop in soon and let us tell you more about it.

MHS Future Homemakers Install New Officers

FHA Installation, Held Tuesday, 21

ROSE CHAPTER . . . Christy Ford, Sharon Kelton, Debbie Kerr, Tani Murrach, Vowery Throckmorton, Cassie Precure, Melita King, Lizann Gunter, Janis Claybrook and Donna Grimsley.

ROSE BLOSSOM CHAPTER . . . Janie Perez, Cindy Chandler, Bonnie Sain, Gayla Hooten, Regina Poteet, Regina Hardaway, Viola Jackson, Danita Throckmorton, Terri Bryant and Kathy Burris.

By Vicky Griffin

A formal installation was held for the three High School chapters of Future Homemakers of America, Tuesday night, September 21, at 8:00 p.m. in the High School auditorium.

Rosebud officers installed were Prisca Young-President, Terri Crane-First Vice President, Lavern Carpenter-Second Vice President, Susan Murray-Third Vice President, Belinda Nickels-Fourth Vice President, Judy Dearing-Fifth Vice President, Robbie Nesbitt-Secretary, Pam Loyd-Treasurer, Jana Olyer-Parliamentarian, and Jan Harlin-Historian.

Rose Blossom officers are Cindy Chandler-President, Terri Bryant-First Vice President, Danita Throckmorton-Second Vice President, Bonnie Sain-Third Vice President, Viola Jackson-Fourth Vice President, Janie Perez-Fifth Vice President, Rejana Hardaway-Parliamentarian, Kathy Burris-Historian, Gayla Hooten-Secretary, and Regina Poteet-Treasurer.

Rose officers are Lizan Gunter-President, Donna Grimley-First Vice President, Sharon Kelton-Second Vice President, Debbie Kerr-Third Vice President, Vowery Throckmorton-Fourth Vice President, Cassie Precure-Fifth Vice President, Christy Ford-Secretary, Melita King-Treasurer, Tani Murrach-Parliamentarian, and Janice Claybrook, Historian.

A reception was held for the students and parents in the Terri Bryant-First Vice President, home making living room. Dagmar Poteet and Sharon Mar-Second Vice President, Bonnie Sain-Third Vice President, of punch and cookies.

ROSE BUD CHAPTER . . . Judy Dearing, Prisca Young, Jan Harlin, Terri Crane, Jana Olyer, Laverne Carpenter, Susan Murray, Pam Loyd, Belinda Nickels, Mrs. Gramling, Debbie Glover and Peggy Carter.

MHS Junior Class Football Players

Muleshoe High School is justly proud of the fighting Mighty Mules. The first two games were at home, and the two victories were well received by MHS students and local fans.

Junior football players are Jearrell Bara, Delmar Bleeker, David Faver, Dennis Parker, Charlie Vela, Larry Vinson, Roger Williams, Bobby Hayes and manager Tim McCormick. Congratulations, Juniors!

DELMAR BLEEKER

Filling the position of center and middle line backer is Delmar Bleeker. Mr. and Mrs. Vernon Bleeker of 1808 West Birch street are the parents of this fine Junior athlete. Delmar's school activities are centered mainly on football; but in his leisure time, he enjoys hunting.

Charlie is a member of the Catholic Church.

When asked to comment about the team, Charlie said, "We have a good team this year. The Mules have come a long way. I wouldn't trade places with anyone right now!"

LARRY VINSON

Larry Vinson, a Junior player, is filling the position of tight end this year. Larry, the son of Mr. and Mrs. Lewis P. Vinson, resides on Route 3.

Some of Larry's interests include 4-H and livestock shows. The Vinsons are members of the Trinity Baptist Church.

With pride and dedication in mind, Larry expresses his feelings for his team in this way; "We've got more experience than we have had in several years. The guys we have are dedicated, hard workers. We have some natural talent, but most of our talent comes strictly from the work we have done. We can be a great team this year with inspiration and support."

ROGER WILLIAMS

Playing in the position of halfback and quarterback is Roger Williams, Roger, the son of Mr. and Mrs. Wayne Williams, resides at 222 West Avenue J.

Roger is very active in school. He is a member of FTA, FFA, football, and basketball. Outside of school, Roger finds time for horses, skiing, and swimming. The Williams are members of the Presbyterian Church.

JEARELL BARA

Coming up as left halfback and corner is Jearrell Bara, Mr. and Mrs. Jacinto Bara are the parents of this fine Junior athlete, Jearrell and his family live at 911 West Second Street. Jearrell's interest is mainly football; but he also enjoys hunting, fishing, and the most popular sport of cycles. Jearrell is a member of the Catholic Church.

One must have the desire and dedication to play football which

Jearrell expresses in his comments this way. "As for our team, as far as I'm concerned, the word is go. We are all prepared after two years of hard work. To be champions, the team must have unity. That we've got! We think together, fight together and win together."

TIM MCCORMICK

Tim McCormick might be seen someone's face or wrapping an ankle. Tim, the Junior manager of the Mules, is the son of Mr. and Mrs. Roland McCormick. The McCormicks home is at 122 West 16th. Tim enjoys hunting, scouting, traveling, and motorcycles. Tim attended the International Boy Scout Jamboree in Japan in August. In school Tim is active in Athletics and FFA. The McCormicks are members of the Church of Christ. When asked to comment about the Mules, Tim said, "I think our team has improved greatly in the past year and is getting better every week. Our boys have the will to win and also the ability to win. Although I don't get to play, I can see our team has welded into a spirited outfit which is important."

BOBBY HAYES

Another mighty member of the Mules is Bobby Hayes. Bobby is the son of Mr. and Mrs. Arthur Hayes and they reside at 309 West Birch. Bobby is active in football and FTA. He listed his other interest as tennis. The Hayes attend the Mission Baptist Church and he had this to comment, "Our team has great ability this year to win all of our games". Bobby plays right half back and left line backer.

Seniors Win First Place In Contest

By Patty Murray

The results of the Student Council sponsored spirit contest for the week of September 13-17 have been announced. The seniors captured first place with 42 points. The Junior class came in second with 37 points. The sophomores received 28 points which put them in third place and the Freshmen were fourth with 18 points.

The contest leaders are the juniors with a total of 72 points for two weeks, a five point lead over the 67 points of the seniors. The sophomores are sitting in third place with a total of 65 points and the freshmen are in fourth place with 48 points.

The MHS Student Council members will be selling spirit buttons and bookcovers during spirit week, September 27-October 1. The buttons are black and white with "Mule Pride" written on them. They will sell for 25 cents apiece. The bookcovers are also black and white and they have the football and basketball schedules printed on them.

Sophomore Class Meets

By Glenda Harlin

September 21, 1971, the Sophomore Class met and urged everyone to pay dues. Also, President Don Long asked that anyone wanting to help on homecoming decorations, get in touch with Cindy Chandler, Don Long, or any of the sponsors. The sophomores were urged to support the Junior Varsity in their games this season.

them. They will sell for 25 cents.

The Student Council urges everyone to let their "Mule Pride" show. The spirit button and bookcovers will be sold to anyone who wants them, including Junior High students. So save your quarters.

Mrs. Jennings Attends Workshop

Mrs. James Jennings, high school Mathematics teacher and a member of the State Legislative Committee of the Texas State Teacher's Association, attended the District XVII Drive-In Workshop in Lubbock, Texas, on Wednesday, September 15.

Thespians To Present Play

On October 19, 21 and 23 Thespian Troupe 714 will present the musical comedy "You're a Good Man Charlie Brown."

For an added attraction a Saturday afternoon matinee will be presented on October 23 for half price at 2:00 p.m.

Performances will be presented at 8:00 p.m. each evening with tickets selling for \$1.50. Matinee tickets are 75¢ each.

Charlie Brown is played by Brent Blackman, Lucy by Donna Woodard, Snoopy by Greta Bamert, Schroeder by Howard Kelly, Linus by Billy Riels, Patty by Jan Jinks; and chorus members are Judy Woodard and Larry Torres.

Coaches

The opening victory for the Mules provided several surprises for the Mules coaches and their fans. The running of Ricky Black and David Wheat provided the biggest surprises. Ricky transferred from offensive tackle to the fullback slot and has continued to show improvement. David, a sophomore, not only provided a fifty yard touchdown, but along with Ricky Black added the blocks that broke Bobby Hayes on two touchdowns. Another sophomore, George Mitchell, received the highest film score for his blocks from the offensive right guard position.

Olton comes to Muleshoe supported by two all state prospects. Stockdale an all state quarterback candidate had a total offense last year of over thirteen hundred yards. Workman, although missing most of the game when the Mustangs lost against Tulia, is considered one of the finest running backs in the state of Texas. The Mules will have to put together a great team effort to stop this great combination of the Olton Mustangs.

enthusiastic atmosphere.

A need for team improvement was evident in the Mules victory over the Olton Mustangs. Although the Mules played sound defense, the team and coaches were not pleased with the offensive performance. The Mules have worked hard this week to eliminate errors and develop quickness in the interior fence line last week was senior Larry Shafer. Larry, the coaches feel, has developed the mental maturity to lead the center of the Muleshoe forward wall.

An interesting development has occurred in the ranks of the Mules. There are several Mules who have almost equal ability playing in the same position. Therefore, each Wednesday is challenge day. The Winners of the challenges receive the right to start in Friday nights game.

This has provided the Mules with the competitiveness needed in developing a winner. Although a boy wins the right to start, he must continue to perform well of lose his position during the game.

DECA Elects New Officers

by Jama Maritt

The first meeting of the year was called to order by Mr. Gist Thursday, September 9, at orientation. The subject of the meeting was to elect officers. Ronny Meason, President; Vice-President, Boyd McCamish; Secretary, Mitzi Bass; Treasurer Janice Claybrook; Reporter Jama Maritt; and Parliamentarian David McVicker.

DECA is looking forward to the area contest in Amarillo in February.

DECA OFFICERS . . . New officers are David McVicker, parliamentarian; Janice Claybrook, treasurer; Boyd McCamish, vice-president; Jama Maritt, reporter; Ronny Meason, president and Mitzi Bass, secretary.

Portraying a sassy villain is quite this guy's style, Dennis Parker. He is the son of Mr. and Mrs. Frank Parker. The Parkers reside at 817 West Third Street.

In school Dennis is a very active member in Thespians, Art Club, and Speech, Music, art, movies, and traveling are just some of Dennis's interests.

The Parkers are members of the Trinity Baptist Church. When not being a comedian,

YOU'RE A GOOD MAN CHARLIE BROWN . . . Cast members include Donna Woodard, Brent Blackman, Jan Jinks, Billy Riels, Judy Woodard, Howard Kelly and Greta Bamert.

STATE CAPITAL Highlights AND Sidelights

By Bill Boykin

AUSTIN, TEX.--A major court decision last week left up in the air the question of how Texas is to achieve a valid reapportionment act for both houses of its legislature before next year.

State Supreme Court agreed with an August 2 Austin district court finding that a House redistricting bill passed this year is unconstitutional because it unnecessarily split up 23 counties.

The decision left unanswered how the bill should be corrected or if it should be redone before 1973. Basic questions are these:

*Should House reapportionment and state Senate redistricting (left untouched by the Legislature) be the subject of an emergency special session?

*Should the five-member constitutional Legislative Redistricting Board take on the job, since no valid reapportionment was done by the Legislature in the first regular session after the 1970 census?

*Should the Legislature forget about reapportionment before 1972 elections and wait until the 1970 census statistics are all complete and published?

Gov. Preston Smith and Atty. Gen. Crawford Martin once more are on opposite sides of a controversy.

Smith says the Redistricting Board has the "duly constituted responsibility" under the constitution to redistrict, and a special legislative session on reapportionment would be unnecessarily costly.

Martin stated in a brief before the Supreme Court a special session "would seem the only correct possibility, but this, too, could become the subject of litigation."

A High Court ruling in another case challenging the Redistricting Board's authority may hold the key as to whether it can proceed, whether the Legislature must take over now or check the task until 1973.

A note of urgency is injected into the issue by the fact the Board is directed by the constitution to do whatever it is going to do by late October. Furthermore, legislative candidates appear to face a November 7 deadline for establishing residence in the district they choose to represent.

ANTI-POLLUTION PERMIT USED--Texas Air Control Board has put into operation a far-reaching construction permit system to help control and prevent air pollution.

Since August 30, any industry that will omit air contaminants into the atmosphere must get a Board permit before starting any construction. Similar permits are necessary to modify or change existing contaminant causing facilities. Permits apply to specific, in-

dividual manufacturing processes, not entire industrial plants or complexes. Exceptions for minor contaminant-causing plans will be listed later. Applicants have 60 days after construction is completed to apply for operating permits.

HEALTH STUDY ON--New studies to find ways of meeting health service, staff and facility needs of Texas' rural population will be undertaken by the Research Institute for Systems Development at Texas A&M University.

The study will be conducted in the West Central Texas area, centered around Abilene which has both rural and urban characteristics typical of many regions.

Fewer than half of Texas' 492 hospitals meet federal medicare requirements for health and safety, so the project will focus on health facilities and services considered below medicare standards. Texas has more than twice as many qualified hospitals as any other state.

APPOINTMENTS -- Carl E.F. Dally of Houston and District Judge Tom G. Davis of Vernon are new commissioners on Texas Court of Criminal Appeals.

Six directors and two assistants to the executive office of Texas Parks and Wildlife Department were named this month. They are:

Roy T. Huffman, director of current operations; George H. Cook, assistant for legislative affairs; George C. Adams, assistant for land acquisition; Ron D. Jones, director of planning; John D. Macklin Jr., director of personnel and administration; Richard A. McCune, director of information and education; Samuel W. Kendrick Jr., director of finance and data processing.

John D. Townsend has been named assistant commissioner for planning and coordination for the State Department of Public Welfare.

Governor Smith named James D. Eppright of Dallas to the Texas Tourist Development Board and reappointed Dan Sanborn, McAllen. He appointed to the State Board of Dental Examiners Dr. William J. Kemp of Haskell, Donald L. Brunson of Baytown, James S. Rogers of Amarillo (six-year terms), Dr. Sam H. Rabon of Kingsville (four-year term) and James E. Bauerle of San Antonio (two-year term).

\$150 MILLION BOND ISSUE POSTPONED -- University of Texas regents postponed until October 22 consideration of an overall plan for marking the first block of \$150 million in bonds authorized for new college construction.

About \$30 million in bonds apparently will be sold by De-

ember. They are backed by tuition revenues. Money will go to build new institutions of UT at San Antonio, Dallas, Houston, Odessa and El Paso. The bonds were authorized by the 62nd Legislature this year to build newly-authorized institutions.

DAM AUTHORIZED--In spite of opposition by landowners, Texas Water Rights Commission voted to permit construction of a dam on Martin's Creek in Rusk County by three electric power companies.

Dallas Power and Light Company, Texas Electric and Light Company plan to build the dam 17 miles northeast of Henderson for a major power plant.

Landowners expressed fear the lake created by the dam would flood their pastures, destroy timber and prevent Martin's Creek from continuing to provide water for livestock. The companies pledged to try and prevent or mitigate damage. D.A. STUDY PENAL CODE--District and county attorneys have launched their own committee study of needed changes

in the penal code. They fought 14 here.

They are Jimmy Dean Meat Company of Plainview, Leve Strauss and Company of Amarillo; Sprayberry Handbags Inc. of Clifton; Gorman Peanuts of Beaumont selected as chairman of the committee in Gorman and Vintage Homes Inc. of Breckenridge.

PROSECUTORS INDICATED they prefer a simplified, "more responsive" new code to the version introduced in the 1971 Legislature which had been five years in the making.

Attorney General Martin held the State Board of Insurance can make rules for safe movement and operation of mobile gasline service units.

Governor approved state participation in a \$3.5 million federal pilot program of bank loans for businesses and residents of poverty areas. Houston and Laredo banks will be among sources of loans.)

Rio Grande Valley farmers suffered a \$150,000 to \$175,000 loss on harvested cotton due to recent heavy rains, reports Texas Agriculture Department.

ON LUNCH FUNDS Assistant Agriculture Secretary Richard Lyng reported to a Senate committee that no cuts will be made in the federal program to provide school lunches for poor children. He said \$667.3 million had been made available for the program this year--a record amount.

Grand Prairie Bank and Trust Company seeks a state bank charter.

Shoup Voting Machine Company submitted its mechanical voting device for special inspection by the Secretary of State.

Public hearings were held this week (starting September 14) on \$23.3 million worth of new school textbooks.

HEALTH THOUGHTS

As you know, there is not an invention in the history of the world which was not patterned after some perfect little organism or function of the body. The human body functions perfectly and harmoniously as a whole. How often do you stop to consider how wonderful is your body? Many of the most educated people in the world know little or nothing about their own bodies. And why is it?

The expert photographer uses an instrument which is patterned after the eye. The mechanic uses ball and socket and pivots and havers in making his devices run and work smoothly. The automobile engine is fed gasoline and turns much in the manners of the human body.

Suppose that a car stops and refuses to go. The average person would look and look and yet could not see that the gas line was clogged. The expert mechanic would know by the actions of the car instantly what was wrong.

Your body is the same when it is not functioning normally. There is a block to the life energy. The life energy is there as is the gas in the car. However, due to the block the life cannot get thorough function. The chiropractor is scientifically trained to remove that block restoring normal function and health.

WTSU Board Of Regents Approve Construction

CANYON, Tex. - The West Texas State University Board of Regents moved Saturday toward construction of new library and science buildings at a cost of \$6 million.

At the same time the regents approved a \$32 per semester increase in the building use fee charged students to help pay for the proposed buildings.

The regents also authorized the administration to apply to the U.S. Department of Health, Education and Welfare for an interest subsidy grant on a \$5 million loan for the construction. The hike to \$50 a semester in the building use fee is effective next June 1 and is the first such increase at the university in a number of years. The \$18 a semester that West Texas State has been charging is one of the lowest assessed by a tax-supported four-year institution in Texas.

Under the new building use fee schedule, students carrying nine or more semester hours will pay \$50, those carrying five to eight hours will be charged \$30 and the rate will be \$20 for one to four hours.

The board was requested to designate an architect and authorize the preparation of preliminary plans. Sites for the two buildings have not been selected.

The proposal calls for each building, including equipment, not to exceed \$3 million. Each of the projects would be funded by issuance of \$2.5 million in building use bonds and \$500,000 from constitutional amendment funds on hand.

The present library was built in 1952 and an addition was constructed in 1966 at a cost of \$245,046.

The Science Building, one of the oldest on campus, was constructed in 1943 at a cost of \$175,000. In 1960 a \$301,029 addition was put up.

SOMEBODY CARES

It is so important that someone cares about how this child grows up. Someone cares that she is clothed and fed and loved. Someone cares that she goes to school and grows in mind as well as body. Someone cares about her childhood wonder and curiosity and wants to see them satisfied. Someone cares enough to teach her to love other people and will help her in her relations with them. Someone cares about her spirit and desires for her the highest ideals and standards, and will help her to know God. Are you this someone? Let it be said of her as it was said of Him.

"And Jesus increased in wisdom and stature and in favor with God and man." Luke 2:52.

TAKE SOMEONE TO CHURCH THIS WEEK

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

The Texas District and County Attorneys Association met at its annual meeting in connection with the Attorney General's Law Enforcement Conference in Austin, September 18, 1971, elected officers for the year 1972.

J. Taylor Briet, District Attorney of the 81st Judicial District, Jourdan, was elected president; Robert O. Smith, District Attorney of Travis County, was elected vice president; and Oliver Kitzman, District Attorney of Brookshire and former director of the association, was elevated to the office of secretary-treasurer.

Newly elected directors are Tom Hanna, Criminal District Attorney, Jefferson County; Robert R. Barton, District Attorney of Wichita County, president over the meeting as president and will continue to serve after January 1 as immediate past president. Dain Whitworth of Austin is the executive director.

Texas District And County Attorneys Association Meets

The Texas District and County Attorneys Association, at its annual meeting in connection with the Attorney General's Law Enforcement Conference in Austin, September 18, 1971, elected officers for the year 1972.

J. Taylor Briet, District Attorney of the 81st Judicial District, Jourdan, was elected president; Robert O. Smith, District Attorney of Travis County, was elected vice president; and Oliver Kitzman, District Attorney of Brookshire and former director of the association, was elevated to the office of secretary-treasurer.

Newly elected directors are Tom Hanna, Criminal District Attorney, Jefferson County; Robert R. Barton, District Attorney of Wichita County, president over the meeting as president and will continue to serve after January 1 as immediate past president. Dain Whitworth of Austin is the executive director.

Workshop Set For Librarians From Area

Two workshops for librarians in the Lubbock area will be conducted during the last week in September by Charles Baker, field consultant of the Texas State Library's Field Services Division.

Area librarians are invited to attend the sessions, which will be attended by Anne Camp of the Muleshoe Area Library.

Topics for each of the day-long sessions will include criteria and programs under the new federally-funded Library Services and Construction Act. In addition, plans for systems to be developed under the Texas Library Systems Act will be discussed.

The first session will be held on September 24 at 9:30 a.m. at the Reddy Room of SWPS GYST T. G. Booth or in Lubbock.

The second session will be held on September 27 at 9:30 a.m. at the Midland County Public Library in Midland.

Marines Have Announced New Policy

The Marine Corps has announced a new policy concerning the re-enlistment of former Marines with more than six months broken service. In the past, any Marine who remained past six months would have to take a reduction in rank before re-enlisting. The new policy allows those Marines who have an occupational specialty identified as critical by the headquarters, Marine Corps can now re-enlist with the same rank with up to one year broken service. If you are interested in re-enlisting, contact GYST T. G. Booth or SFT J.D. Stovall at the Marine Corps Recruiting Office, Room 117, Federal Building, Lubbock, Texas.

Obituaries Carrie Withrow

Funeral services are pending at Singleton-Ellis Funeral Home for Mrs. Carrie Elizabeth Withrow who died at 2:20 a.m. Thursday morning, September 23, at West Plain Memorial Hospital.

Mrs. Withrow was a Muleshoe area resident since 1953 moving from Texon, Texas. She was born October 1886 in Monroe County, Ohio and was a member of the Lazbuddie Baptist Church.

Survivors include two daughters, Mrs. Bennie Duck of Muleshoe and Mrs. R. L. Collins of Gainsville, Ohio; one sister, Mrs. Guy Bosworth of Crane, Texas; one brother, George C. Taylor of Mountsville, Va.; nine grandchildren and 14 great-grandchildren.

ON PRESCHOOL CHILDREN
Washington--Reportedly the number of preschool children in the United States has declined in the 1960's more than any other period since record-keeping began in 1850. The Washington Center for Metropolitan Studies said children under 5 decreased 15.5 per cent in the 1960's.

Time Saver:

Fall fertilizer application is a sure thing. There's little question about weather. You have more time in the fall, too, and much less work to get done.

Take our suggestion: Save time by applying Ammo-Phos or Olin Nitrogen Fertilizers this fall after harvest. Get it over with.

The time you save by fertilizing this fall could mean several more bushels yield next year. And you'll be able to plant faster because the fertilizer you plow under this fall speeds crop residue decomposition, reducing trash problems.

Try our time saver: Ammo-Phos or Olin Nitrogen Fertilizers.

Time Keeper:

Try our time saver: Ammo-Phos or Olin Nitrogen Fertilizers, applied with another time saver: our Big A applicator. It gets the job done fast, without soil compaction.

If you place your order right away for Ammo-Phos or Olin Nitrogen Fertilizers, we'll give you a certificate that enables you to purchase these attractive clocks at special low prices. Call today.

Legal Notice

LEGAL NOTICE
 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 SENATE BILL 249, Section 1, (a) This Act shall apply to every county in this State. In all the counties, each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect, have his mark and brand for such stock recorded in the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

FACTS CONCERNING RECORDING OF BRANDS IN TEXAS.
 All brands and marks on Texas livestock must be recorded with County Clerks after August 30, 1971, according to a new law passed during the last session of the Texas Legislature. Producers will be given a six-month period (August 30, 1971 through February 29, 1972) in which to register these brands and marks and the location on the animal which they are currently using, after which time any unrecorded brand will be available for use on a "first-come" basis.

The law further states that all such brands and marks must be re-recorded every 10 years. Each County Clerk records for his given county only, so many producers may need to record their brands in additional counties if their operations are extensive.

The owner shall have the right during this six-month period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

WHONG RED LIGHT
 Houston--When Don Curtis saw a red light flashing in his windshield, he slowed down, pulled off the road and waited. No patrolman came along and Curtis realized the reflection came from a tiny red glass stone in his tie pin.

John Tower United States Senate COMMITTEE ON ARMED SERVICES

THE ECONOMY
 This is my first weekly report since the Congress reconvened earlier this month. Much has happened on the economic front since my last report and I want to discuss these developments with you today.

The President outlined last August 15 a series of bold new steps his Administration is taking in an effort to return our national economy to health and to free it from the runaway inflation which has been robbing all Americans of buying power for the past several years.

That inflation is partially the result of excessive government spending during the 1960's. In recent years, the government has tried to hold down spending. That effort should be continued but it has resulted in only modest improvements. Reductions in government spending alone proved insufficient to head off the increasing inflationary pressures which had become solidified into the economy.

So the President put forward a broad package of actions designed to be effective. In order to have the desired effect, it was necessary for the details of the package to be enacted without advance warning. The President imposed a 90-day freeze on wages and prices, suspended the convertibility to gold of the dollar established a temporary 10 per cent surcharge on import tariffs, and further cut federal spending.

Simultaneously, the President asked the Congress to accelerate personal income tax relief, rescind the automobile excise tax and establish an investment tax credit for corporations which the President called a "job-development credit" because it would encourage corporations to make investments which would create many new jobs for Americans.

The Congress has now begun work on these proposals and I expect that the basic requests of the President will be made. Some changes in the precise details of the legislation asked by the President will undoubtedly be made, but I do believe that the majority of the Congress recognizes the urgent requirements for action on the economic front and will support the President's basic requests.

proposals, and as ranking Republican of the Senate Banking Committee will work for the legislation he seeks. The proposed economic package should serve to stimulate economic activity, particularly through the aggregate demand increase that will accompany personal income tax relief and a reduction in the automobile excise tax.

Last April, I offered legislation to restore the seven per cent investment tax credit which Congress repealed in 1969; and on June 30th, I offered legislation to accelerate personal income tax relief and to further reduce federal spending. All three of these recommendations were incorporated into the President's economic package.

The package should result in increased price stability, increased employment, increased productivity and increased income across the nation during the years ahead.

An important part of the economic package are the actions affecting our world trade posture. The rapidly-rising prices we had been experiencing here at home had not only hurt us individually, but had also served to price many of our exports out of world markets. This led to a continually declining trade balance in which we imported more goods than we exported and resulted in a considerable gold outflow.

The actions to suspend the convertibility to gold of the dollar and the temporary import surcharge will serve to improve our trade position. Since World War II the United States has provided the monetary and economic strength to help most of the other nations of the world toward economic recovery. Now, these nations enjoy economic health. Our new economic package will allow our exports to be priced more competitively with comparable products of other nations. Hopefully, U.S. exports will increase and U.S. employment will correspondingly increase.

The current questions is what will be the government policy following the end of the 90-day wage-price freeze which comes November 13th. The President told the Congress in his recent address to the Joint Session that the freeze would not be continued. He has conducted

a series of meetings with representatives of the Congress, and the labor, farm and business communities as he develops his post-freeze program. I was among those to participate in the meeting with Congressional leaders and I can report that the Administration fully understands the problems involved. I am confident that a workable program will be formulated which will ease our economy back to a normal and healthy position, free of arbitrary government controls.

Amphitheatre Now Staging New Fall Show

Like the explorers of 1542 whom they personify, the players in "They Came From Spain" go on, regardless of the weather, unless there is heavy rain. In spite of the cold and the disadvantages of Friday's storm, and the rain early Saturday which didn't leave much time for the stage to dry, the soldiers came from Spain on the stage Saturday evening. They had to walk through mud; the screen had to be brought in from a different place; the sound levels had to be adjusted for new cold temperatures and high humidity; some of the scenes had to be reblocked to avoid the worst of the sticky clay underfoot, but none of these obstacles stopped the show. Like the "Texas" cast which has only missed ten performances in six years, the actors who tell the story of the Spaniards believe that the show must go on.

Though the audience was small, it consisted for the most part of those who had driven great distances to come. There has seldom been a greater feeling of unity between the cast and the patrons. Perhaps the overcoming of modern obstacles made the Spaniards problems 400 years ago more real. Since the pandemic weather often changes in the late evening, the producers of the plays in the Canyon usually do not make their decisions to cancel or to play in bad weather until 7:30 or even 8:00 p.m. This causes little hardship, because unsettled weather brings such spectacular beauty to the Canyon - usually - that it is worth a drive to see it.

When a performance is cancelled, patrons may exchange their tickets for another night of obtain a refund by sending the tickets to Box 268, Canyon, Texas 79015 or taking them to 2010 4th Avenue in Canyon, Texas.
