Some 200 Youths Now In Training For Peace Corps

By LOUIS CASSELS

Peace Corps is in business. Six months ago, it was just a week, it seems probable he did so troops and war planes to Sheik campaign phrase that had fired with two thoughts in mind. the public imagination. Four months ago it came to life on pa- week earlier had created a power At Kuwait's invitation, Saudi- cation and Wel'are Committee."

· Today the corps is a flesh-and-

around on three floors of a com- in the Kuwait oil fields, he may port Kuwait independence. from the White House, And-more important - it has about 200 real live young Americans already in training, on college campuses in Texas, California and New-Jersey, for voluntary service in underdeveloped countries.

Several hundred additional corps members will be selected and sent to training centers during July and August. By September, the first contingent will go abroad.

Five Peace Corps projects have been approved - in Ghana, the Philippines, Columbia, Chile and the Caribbean island of St. Lucia. Others are in the works for India, Pakistan, Thailand, Nigeria and several Latin American countries. Officials estimate that 1,000 corps members will be on the job overseas or en route to foreign posts by the end of the year,

In the transition from idea to actuality, the Peace Corps has undergone changes which have made it a little less romantic than the original dream but, in the opinion of congressmen and diplomats, considerably more practi-

There is no longer any talk of a vast army of enthusiastic youths swarming abroad to live in mud huts and perform menialmanual labor without pay.

It is now clear that the Peace Corps will be a relatively small organization for the foreseeable the 175-pound Transit 4-A future. Officials expect no more (No. 1 above), carrying the of 1962.

It is also clear that warm hearts and willing hands, although certainly peeded, will not be enough to qualify for Peace Corps measure X-ray radiation from service. The underdeveloped countries have plenty of manpower for manual labor. What they needand what the Peace Corps will try to supply - is skilled people who know how to teach school build barns, survey roads, raise chickens, or handle other tasks requiring experience, training or technical proficiency.

Living conditions for the Peace Corps, while rugged by American standards, will be well above the mud hut level. The rule of thumb is that corps members will receive allowances sufficient to enable them to maintain approximately the same standard of living as their counterparts in the countries in which they are serving. Thus the 300 Americans who teach English will live like Filipino teachers, and not like primitive Bantok tribesmen of the mountain provinces.

In addition to living allowances, corps members will receive a stipend of \$75 a month, which will be held in escrow for payment when they are mustered out after two or three years service. More than 11,000 Americans

have made applications.

The tremendous response has made it possible for the corps to be highly selective. It is screening applicants carefully in an effort to insure that corps members will be physically hardy and emotionally stable, and that they will possess the maturity, knowledge and competence to serve as attractive representatives of Amer-

LEWIS HARDWARE "If it Comes from a Hardware Store, We Have It" 34 S. Ouyler

Rev. Paul F. Bryant, Pastor Bethel Assembly of God Church

Hebrews 4: 12-13 "For the word of God is quick, and powerful, and sharper than any two edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart. Neither is there any creature that is not manifest in his sight: but all things are naked and opened unto the eyes of him with whom we have to.do."

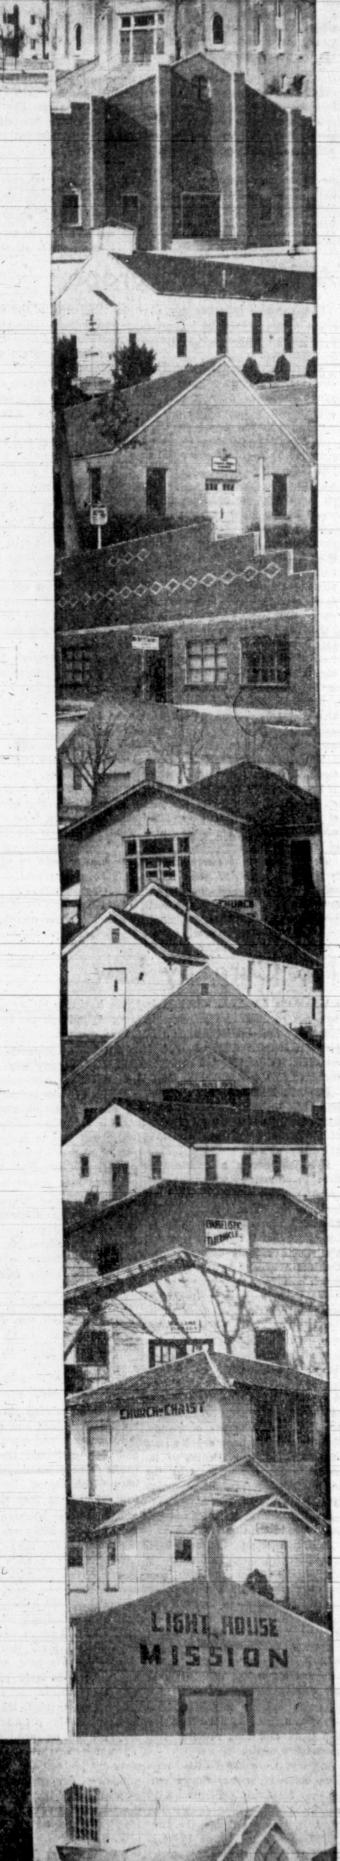

THE WORD IS PERMANENT ("Quick," not dead.) Time makes no difference to what God has said. His Word never dies: It is as true now as when it was uttered. The principles which underlie the Divine sayings are everlasting

THE WORD IS EFFICIENT. ("Powerful, or active") Its ufterances are always followed by corresponding results. Laws in an earthly statute book may not be executed; he who made them may not have intended to enforce them, or has changed his mind about them, or has lost the power to carry them into effect. It can never be so with the Divine laws. God "is not man, that he should lie, etc... hath he spoken, and shall he not do

it?" Numbers 23:19. THE WORD IS DESTRUCTIVE. ("Sharper than") To divide the soul from the spirit is equal to the parting of the body from the spirit; it is another expression for "to produce death." And this is said to be in the most painful way. Nothing could produce intense pain or more certain death than the "dividing asunder of the joints and marrow." The figure declares that the threatenings of God will be executed with an awful intensity of suffering and completeness of destruction

THE WORD IS PENETRATING. ("Quick to discern") (The sudden transition from the penetrating power of the Word to that of God is natural. The habitual thought of the Scripture in this Epistle is that of a direct Divine utterance; God and his word are one.) "Naked, and laid open," paraphrased by "turned inside out." Its demands have as much to do with heart as life, with principles as doings. There may be no outward departure, but inner backsliding; and if so, the Word discovers and judges

YOU MEGLECT THE WORD OF GOD TO YOUR OWN HURT. "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." II Timothy 2:15.

The Pampa Baily News

We believe that all men are equally endowed by their Creator,

and not by any government, with the gift of freedom, and that it is every man's duty to Goo to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral new phase. guides expressed in the Ten Commandmants, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our The evening stars are Mars, readers so that they can better promote and preserve their own Jupiter and Saturn. freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilites in harmony with the above moral principles.

Patterson-McNeeley To Fight

Ignore Warning,

NEW YORK (UPI) - Champion Floyd Patterson and unbeaten Tom McNeeley have been matched for a title fight at the Boston Garden in late September or early October despite warnings from the National Boxing Association, promoter Tom Bolan disclosed today.

"They have agreed basically to the fight," explained Bolan, president of Championship Sports, Inc. However, if Patterson goes through with this September or October fight with McNeeley he will be defying the NBA's warning that it will vacate his champion

David Ott, president of the NBA, warned at his home in Cleveland Thursday that if Patterson did not defend against a San Francisco sanctioned NBA challenger before Pittsburgh Sept. 13 his title would be vacat Milwaukee ed for failure to abide by the strict six - months - defense rule St. Louis passed last September at the Chicago NBA convention in Mexico City. Philadelphia Ott said the rule provides that

the champion of each division must defend his title at least once Pittsburgh 15 Chicago 3, 1st every six months against one of Chicago 5 Pittsburgh 1, 2nd the NBA's upper six contenders. Milwaukee 7 Philadelphia 6 He stressed that McNeeley of Cincinnati 3 San Francisco 2 Arlington, Mass., is not even Los Angeles 10 St. Louis 1, night ranked among the NBA's top 10, although he is rated 10th by the

water because he failed to pick ware Park. Claveland's Al Rosen as a substitute, meaning that Piersall simply joins the line.

Three years later the Dodger manager was hanged in effigy again, only this time it was Chuck Dressen. He, too, passed up Sauer and the Cubs' Frankie Baumholtz and Chicago manager Phil Cavarretta howled that whistlin' Charlev favored Eastern players. Stengel crowded into the act

again when he was vilified for ignoring Mel Parnell, Alex Kellner and Bob Porterfield for Satchel Paige and his own Allie Reynolds and Johnny Sain.

Year in and year out you can bank on a swelling cacophony as one of the athletes proudly surveys his batting average or pitching record and demands to know how a manager can be so stupid. It's easy, Richards agreed, in refusing to joust with adjectives and admitting that Piersall's .340 plate mark merited acclamation.

But there are other considerations which should be claiming the attention of the double bingo beneficiaries. The owners would like to see one All-star game - as who wouldn't - but the players are insistent on milking the situation with a pair of games to fatten their pension fund.

171/2

Dev-

igers

At this rate, they figure, even If they kill the historical value attendant on one game, they'll receive more fringe benefits from a fattened pension fund. Estheticism has little chance against

tary of Interior Stewart L. Udall told Congress yesterday it would be "unwise" at this time to build a road the length of Padre Island.

Udall, in a statement submitted to the House subcommittee on national parks, assured Congress that adequate access roads would be built if the island becomes the national park system.

The subcommittee was considering bills by Reps. Joe Kilgore and John, Young, Texas Democrats, to establish a park 66 miles long, but requiring the National Park Service to build a road the entire length of the 117-mile barrier reef.

"My recommendation to this committee is that this important national seashore legislation not be made contingent upon there being a commitment at this time for road construction the length of Padre Island," Udall said,

Conrad Wirth, national park director, also explained a series of amendments to the Padre Island bills recommended by the department. Chief among them was one which would lengthen the park to 88 miles. It was proposed by Sen. Ralph Yarborough, D-Tex., in a separate Senate bill. On this point, Udall's statement

"The 88-mile portion of the island which the department recout almost one-fifth of the island 11:55 White Sox at ommends for preservation leaves for private development, yet re-

than how much we can whittle hore and added to the commer- ment would have a chance to be cialized approaches to it reduces heard further before any action the lasting significance of Padre was taken. Island and its benefit as a place A subcommittee staff member public refreshment amid nat- said it would be at least three weeks, before hearings could be surroundings. Other major amendments in- resumed.
