### Tax Compromise Loses

### Daniel Program Substitute Plan Fails In House

AUSTIN (UPI) — Yawning Texas lawmakers, their ties pulled loose and their eyes heavy with sleep, voted 77-62 early today to reject a substitute for Gov. Price Daniel's tax program.

The House rejected the program, sponsored by Rep. Charles Sandahl of Austin, after 12 and one-half hours of debate. They quit at 2 a.m. and agreed to resume at 2 p.m. with debate on Daniel's tax package.

The Sandahl bill wasn't completely dead. The House refused to table the vote rejecting the bill, leaving the measure available for consideration again if the House desires.

Backers of the Sandahl bill, which was written by a five-man Revenue and Taxation subcommittee, agreed it was a measure members could not be totally satisfied with, but said it was a "fair" bill and an honest attempt at compromise.

The measure would have raised \$344 million. Its major feature was a 2 per cent general sales tax, with minor exemptions, on items costing more than \$5.

Daniel's tax package, sponsored by Rep. Charles Ballman of Borger, is based upon a 2 per cent sales tax on a long list of selected items.

Debate on the substitute program created a topsy-turvy situation.

Sales tax advocate Rep. Bill Jones of Dallas fought to do away with the 2 per cent general sales tax. Sales tax foe Rep. Henry Fletcher of Luling urged the House to substitute his 1 per cent general sales tax on everything costing more than 25 cents for Sandahl's levy.

Jones' amendment was regarded as a parliamentary maneuver to force anti-sales tax forces to vote to preserve the \$5 deductible levy and have a sales tax on their records. Fletcher's substitute proposal would have turned the tables had it been allowed to stand.

Rep. Dick Cory of Victoria sought to eliminate the equalization and reduce the current taxes on telephones and telegraph. Murray offered a substitute amendment striking the section of the bill in full and it carried. Dewey

**TRANSPARENT STEEL** — It doesn't take a superman with X-ray vision to see through steel these days. This young lady, like many other Americans, can do it with ease. The paper thin piece of steel, rolled to a mere .006 of an inch, achieves its transparency by being etched with 441,222 holes. The 21-inch diameter pieces of steel are made by a St. Paul, Minn. firm for color television tubes.

## Increased Draft Call Slated Due To Berlin Crisis

WASHINGTON (UPI) — President Kennedy was reported today to have decided on strengthening U.S. armed forces through larger draft calls and intensified recruiting because of the Berlin crisis.

Responsible sources said the President will add three new divisions and build up others to bring Army and Marine strength to 20 divisions.

This course of action, was decided on instead of resorting to a declaration of national emergency and a call-up of the National Guard and reserves.

One high administration official, who said he did not expect activation of the reserves now, pointed out that this decision could be reversed if Kennedy thought conditions were getting worse.

This official was familiar with details of the meeting late Wednesday at which Kennedy and his top advisers reached a final decision on what steps to take to meet Russian threats to Berlin.

Kennedy is telling the allied nations of these moves this weekend before reporting to the American people Tuesday night and Congress next Wednesday.

The National Security Council met for an hour and 10 minutes today with the President but White House press secretary Pierre Salinger said it was a routine briefing session.

The regular Army has 14 divisions. The Marines have three. However, one Marine and three Army divisions are below strength. These would be built up and two new divisions added to the Army and an additional one to the Marines, making a total of 20 divisions of U. S. fighting men.

The Army has just issued a draft call for 8,000 men for August, the largest since last December. If the Marines turn to the draft, it will be the first time since April, 1952.

## French Aircraft Attack Bizerte; UN Plea Planned

TUNIS, Tunisia (UPI) — President Habib Bourguiba said today French aircraft were attacking his forces with "bombs and rockets" in the battle over the Bizerte naval base.

Bourguiba said at least 33 Tunisians had been killed in two days of fighting — 20 of them this morning in a battle at Bizerte's main armory.

He announced he would sever diplomatic relations with France and demand an urgent meeting of the United Nations Security Council.

In Paris, French government sources said French forces counter-attacked Tunisian forces who were shelling the Bizerte base, killing "several" Tunisians and capturing 50 others.

The French sources said the paratroopers, backed by an umbrella of fighter planes, lost one man killed and three men wounded in their "sorties against limited objectives" close to the camp's perimeter.

The French said the attack was launched to relieve pressure on the base by Tunisian forces assaulting with heavy and light weapons.

The French Ministry of Information said that Tunisian troops were preceded by women and children in a march against the base today.

Bourguiba spoke to a packed press conference in Tunis, just 40 miles from Bizerte where he launched a campaign Wednesday to drive the French out of the big Mediterranean base.

The Tunisian president accused France of putting "all means of modern war" into operation and announced that Tunisia itself now had gone onto a "virtual war" footing.

"A French aircraft carrier is operating off the Tunisian coast," he said.

"Successive waves of fighter aircraft are attacking the national guardsmen at the barricades put up to ban circulation of the French armory forces.

"Armored cars are firing point-blank at the demonstrators who are advancing on the roads leading to Bizerte.

"Red Cross vehicles have been attacked with machinegun fire. Two ambulance men have been wounded by grenade explosions."

While Bourguiba was speaking, Tunis was in the throes of almost a complete general strike. Excited crowds milled in the streets shouting "evacuation" — demanding the French get out of Bizerte.

Bourguiba told newsmen the French had killed 20 Tunisians at Sidi Abdallah, the big French armory 13 miles from Bizerte.

He said the railway station at Sidi Ahmed was "battered with rare intensity by French artillery and by waves of aircraft."

## Chances Dim For Space Hop Tomorrow Morning

CAPE CANAVERAL, Fla. (UP) — Weather experts said today that chances are not good for launching Virgil J. (Gus) Grissom into space Friday.

America's attempt to rocket a second astronaut down the Atlantic missile range had been postponed Tuesday and again Wednesday. It was rescheduled for 5 a.m. CST Friday.

But a morning forecast reported by the National Aeronautics and Space Administration said conditions Friday morning would be "marginal" at best.

The agency said there is no assurance that "heavy cloud layers" in the cape area would be broken up by 6 a.m.

Wednesday's attempt was called off 10 minutes and 30 seconds before liftoff time after Grissom had been in his Liberty Bell 7 spacecraft for three hours and 22 minutes.

After this morning's forecast, a NASA official said chances of firing Friday were "no better than 50-50."

Forecasters will keep a close watch on the weather today and tonight. The "go-no-go" decision will hinge on what they report at midnight.

Weathermen said that a "cyclone disturbance" in the Gulf of Mexico was moving northeastward toward this area, carrying cloudiness and showers.

Clearing weather was forecast after the low pressure area passed between now and Friday morning. But the weathermen said there was "no assurance" that skies would be entirely clear in the wake of the weather front.

## President Opens Drive To Rescue School Aid Bill

WASHINGTON (UPI) — President Kennedy and his legislative lieutenants applied pressure today on 319 vulnerable congressmen in an effort to rescue the administration's school bill from a House Rules Committee pigeonhole.

On the receiving end of the administration's drive are congressmen representing about 3,800 school districts which receive federal aid under the long standing "impacted areas" program.

The school districts in question are impacted — or crowded — with large numbers of children from nearby military bases or other federal installations. The districts now share about \$300 million in federal aid each year.

Extension of the program is part of the administration's new \$550 million-a-year general public school bill, which the powerful rules committee voted to table on Tuesday.

The administration's squeeze play strategy involved serving notice that the impacted areas program would not be extended alone. Chairman Wayne Morse, D-Ore., of the Senate Education Committee flatly said today the program "will and should come to an end unless Congress proceeds to pass a general education bill which includes them.

President Kennedy, questioned about a report that he would veto a separate impacted areas bill, Wednesday left the issue up in the air. The President said in a news conference that the extension of the more limited aid package does not meet the federal government's responsibilities.

But he side stepped making a direct comment on prospects for a veto.

## East German Refugees Pour Into West Berlin

BERLIN (UPI) — West Berlin authorities cut red tape today to disperse the processing of thousands of East German refugees streaming into this isolated Western outpost.

As hundreds pour in daily, authorities are chartering commercial planes to augment regularly scheduled flights for getting the refugees across the 110-mile strip of Communist East German territory to West Germany.

West Berlin officials considered cutting from four days to two the time it normally takes to process the refugees.

Officials said they had a "battle" on their hands handling the throngs in West Berlin's Marienfelde refugee center.

Refugees, fearful that conclusion of a Soviet-proposed peace treaty will slam shut the "emergency exit" to the West, are pouring into West Berlin at near-record numbers. More than 18,000 East Germans have fled their home land this month alone.

A large number of refugees in recent days slipped across the border to attend a huge Protestant religious rally in West Berlin.

More than 20,000 Germans mixed politics and prayer Wednesday night at the Protestant rally. The meeting originally was planned for both East and West Berlin, but it was confined to the Western sector when the Communists outlawed the assembly on the ground that it supported "militarism."

The U. S. Army announced Wednesday it was reorganizing its troop command in West Berlin, giving more emphasis to training its combat-ready 5,000-man garrison. Western Allied forces in the divided city are vastly out-

## Confession Faked

### Ex-Convict Did Not Cause School Blast

HENDERSON, Tex. (UPI) — Ex-convict William Estel Benson has confessed that his story of causing the 1937 New London, Tex., school explosion that killed 293 persons was "all a hoax."

Benson, arrested in Oklahoma City, Monday night for questioning about a \$38 robbery, blurted out a story of loosening gas pipes under the school to get even with the principal for scolding him about smoking.

"He signed a statement in Dallas Wednesday night saying he did not loosen any pipe or pipes whatsoever under the New London high school in 1937," Dist. Atty. William Ferguson of Rusk County, Tex., announced today.

Benson's statement said: "It built up in me in Oklahoma City to get a lot of publicity out of this story so I went along with the newsmen, TV cameramen and police department."

## Cloudburst Hits Southern Town; 12 Persons Die

CHARLESTON, W. Va. (UPI) — A cloudburst struck Charleston "like a monsoon" early today, sending walls of water hurtling through scores of homes, tossing them down hillsides and killing at least 12 persons.

Police said 12 bodies were accounted for and at least four others were missing. The devastating force of the waters was widespread. Bodies of victims were recovered on the east side of this capital city and on the west side more than three miles away.

One of the known victims was 5-year-old Caroline Thompson. She, her father and 2-year-old brother "raced from their house when news of the disaster broke. Caroline and the boy were swept from their father's grasp. Only the father survived. The boy could not be located.

Police said the death toll would reach 15 "by the time we get it sorted out" but it may go higher.

Authorities, fearing explosions and fires because of broken gas lines and downed utility wires, warned all persons able to do so to shut off their gas outlets. At least three minor blazes resulted from the broken lines.

At least 30 persons were injured and more than 200 families driven from their homes.

Sgt. H. O. Pauley of the city police said "it just seems impossible, almost, but it happened."

"The hills gave way," he said. Great waves of water as high as 12 feet swept through the houses, drowning many in their bedrooms and sending the houses crashing down hillsides.

As dawn broke boats paddled through flooded areas picking refugees off roofs.

## After Six Months International Issues Beset Kennedy Reign

WASHINGTON (UPI) — President Kennedy ended his first six months in the White House today with satisfaction about progress on the domestic front but serious concern about international developments.

He is happy about the support Congress has given to his legislative program so far — but dismayed about and determined to keep fighting against strong opposition to his aid to education and foreign aid programs.

Physically, Kennedy appears to have recovered much of his old zip after a back injury that had him on crutches for two weeks in June.

The 44-year-old President also seems again to be showing the forceful confidence which was one of his trademarks until the Cuban invasion debacle subdued him and many key aides.

With the Berlin crisis building up steam, with Soviet Premier Nikita S. Khrushchev rattling his saber and the Western Allies searching for plans to meet the Red threat, Kennedy is beset by problems which were on his doorstep when he arrived and have been growing ever since.

The Communist threat to Laos still exists, and South Vietnam is still a trouble spot which could breed more conflict unless Communist dangers let up.

Kennedy was asked at his news conference Wednesday to comment on the "vicissitudes of the presidency" in his first half-year. In his reply he noted that problems are facing the United States all over the globe and at home, too, where "we still have this problem of rather chronic unemployment."

"My judgment is that the American people and this government and the Congress must realize that we are in a long struggle which we will be involved with for a great many years against very powerful countries," Kennedy said.

At home, Kennedy said he has been "pleased with the progress we have made internally" in bringing the nation out of a recession. (See KENNEDY, Page 4)

## Gen. MacArthur To Offer Advice To Kennedy In Conference Today

WASHINGTON (UPI) — General Douglas MacArthur — Give preferential treatment to the Philippines as a special ally returns to Washington today for a private lunch talk with President Kennedy on relations with the Philippines and cold war issues.

Kennedy sent a presidential plane to New York to bring MacArthur here for the two-hour White House visit primarily to thank the general for representing the United States at the July 4 celebration of the Philippines' 15th anniversary of independence.

Sources familiar with the 81-year-old general's views expected him to advise Kennedy to:

ZAPATA, Tex. (UPI) — Dist. Judge James Kagen reconvened the Zapata County grand jury today to investigate if misappropriation of funds forced the closing of the county's only bank, the Bank of Zapata.

The bank did not open Tuesday. It is one of the state's few remaining private banks.

### Video Westerns Curbing Violence In Summer Fare

HOLLYWOOD (UPI) — Voluntary censorship by TV networks has resulted in the cancellation of shows with too much violence, and editing of others.

Congressional hearings into violence on TV has caused a re-examination of shows that have already run on the networks and are scheduled to be aired again this summer.

NBC's Hollywood manager of broadcast standards, Bob Wood, said he had cancelled "three or four" western episodes because of violence.

"With the changing program climate, we thought it would be a good idea to review our past presentations," he said. "We didn't find much wrong and what we did was minor."

"Some of them were such that if we edited the shows it would change the story line. So it was much better to substitute another show."

Wood admitted that violence and prolonged fights on westerns were the most offensive elements. But, he said next season's TV shows would probably have less violence.

"Many of our shows next season will be an hour long," he said. "And for that reason, we can build a character that will help replace the need for action. Fights used to be a standby in westerns and were good for action."

"The script writers like the fact that they can do more with their characters now," he said, adding that NBC is keeping a closer eye on all scripts.

An executive from the CBS office of program practices said that network checked the subject matter of one of its shows which had run late at night last season but was being re-run in an early summer time slot.

"You can do things at 10 o'clock that you can't at 7:30," he said. "So, if we find one that's a little too strong, we substitute another."

A spokesman for the ABC continuity acceptance department said the network didn't cut any shows.

"I approved them the first time and still think they're acceptable," said Dorothy Brown of the acceptance department. "I've been doing as conscientious a job as possible for years."

### Four Arrested For An Alleged \$85,000 Theft

HOUSTON (UPI) — FBI agents today arrested four persons for an alleged \$85,000 theft from the Continental Bank and Trust Co. of Houston. Arrested were a director of the bank, two employees and a customer.

Arrested before U. S. Commissioner Billy Costa were Alf P. Shatto, an insurance executive and director of the bank; Ernest R. Kraus president of E. R. Kraus Inc.; Mrs. Grace Eatman, former teller in the bank, and James R. Daniels, an assistant cashier.

H. O. Hawkins, agent in charge of the Houston FBI office, said the total loss was \$93,803, but that about \$8,000 had been recovered.

Hawkins said an FBI investigation began May 8 when it was learned that a shortage existed. He said the loss resulted from "check manipulation."

WASHINGTON (UPI) — Be of good cheer, fellow citizens. Corliss Lamont is on your side. Or is he?

A press release from New York relates that Lamont will be a delegate to a world conference against atomic and hydrogen bombs to be held next month in Tokyo.

So, this selfless citizen will be a delegate! Delegated by whom, representing what? Those are fair questions. The dictionary defines a delegate as one sent and empowered to act for others.

Let the record show that whoever or whatever delegated Corliss Lamont to the Tokyo conference is most likely tied somehow to the Communist party line in resuming the testing of atomic weapons. Corliss Lamont is tagged by the House Committee on Un-American Activities as a notable and long time Communist liner and fellow traveler.

The committee explored the fellow-traveler swamps many years ago. It listed the Communist front organizations then and previously active along with the Americans who contributed the time and money to make them tick. There were thousands of them.

Among these thousands, few were more frequently cited than Lamont for association with Communist fronts. His Communist front record is as long as your

nas lagged along faithfully through all the sharply divided periods which have characterized Communist policy and tactics. His financial contributions to the Communist front movement have made him a darling of the Communist party.

The committee said Lamont's friendship for the Soviet Union was founded first and last in his devotion to or sympathy with communism.

There was a time when Lamont could not have had a passport for travel to this Tokyo conference.

"Corliss Lamont," the committee reported in 1944, "is probably the most persistent propagandist for the Soviet Union to be found anywhere in the United States."

"No matter what the fluctuations of Soviet foreign policy, and no matter what the corresponding shifts in the line of the Communist party in the United States, Lamont has been found for many years a subservient fellow traveler of the Communists."

"His ardor for the Soviet Union was not one whit diminished by the (1939) Stalin-Hitler pact. He

### General Denies War Statement

WASHINGTON (UPI) — Gen. Curtis LeMay, Air Force chief of staff, categorically denied today a published report that he had said a nuclear war is "inevitable" and probably would begin and end in the last weeks of this year.

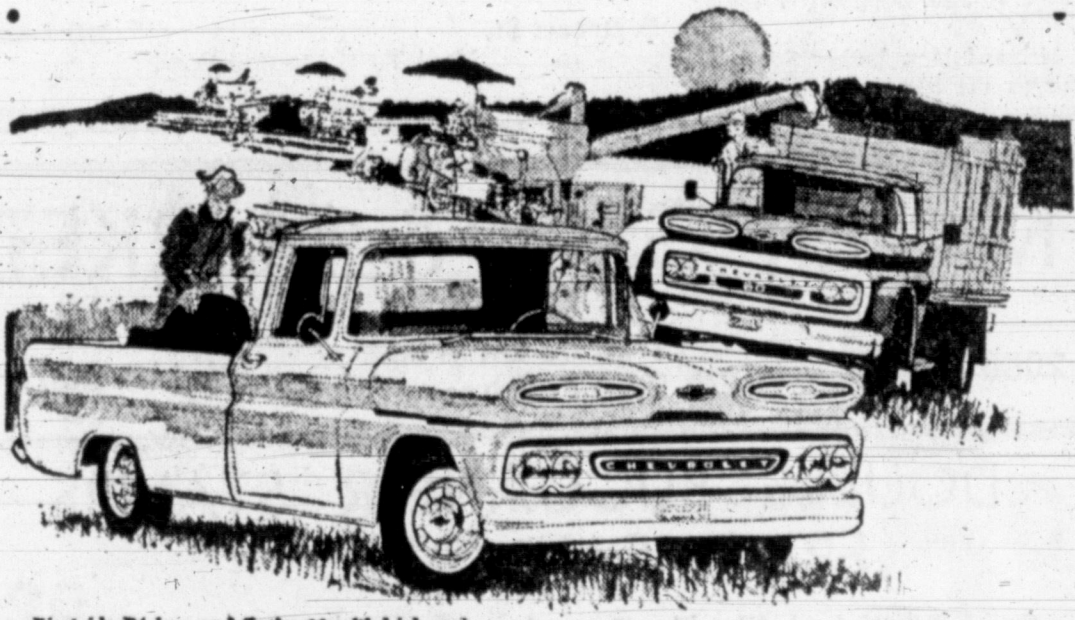

Members of the Senate preparedness subcommittee said LeMay made the denial at a closed session of their group this morning. LeMay reportedly told the subcommittee there was no truth in an incident described in a column by Marquis Childs.

## NOW'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!

Your truck dollars are worth a whole lot more at your Chevrolet dealer's right now! First off, you get a head start on saving because summer's the saving season. Then, with a harder working, easier riding Chevy truck, you're set to save every mile you haul. And, finally, at trade-in time, you can expect an extra dividend because of Chevy's traditionally higher resale value. What could be better?

Summer's the season to get extra mileage from your dollars on the trucks built to give you extra miles of hauling. With Independent Front Suspension, Chevrolet trucks keep going thousands of miles longer because far less destructive jar and shake are transmitted through the truck. Chevy I.F.S. trucks work harder, too, in areas where other trucks have to be pampered. And, with Chevy's wide choice of thrifty 6 and hardy V8 power, you can tailor your truck exactly to your job. So how can you miss—especially now during the summer saving season?

### Rites At Wheeler Slated Saturday For H. M. Wiley

WHEELER (Sp) — Funeral services will be held here at 10 a.m. Saturday in First Methodist Church for H. M. Wiley, 78, who died yesterday in his home here yesterday.

Mr. Wiley, a prominent Wheeler County civic leader, spent many years crusading throughout the United States against left-handedness which he considered a handicap to persons throughout their lives.

Mr. Wiley, who was born July 24, 1882, in Tallevega, Ala., and moved to Wheeler in 1905, was owner of the Wheeler Gas Co. for many years and also served as president of the Wheeler County School Board.

Survivors include his wife, Leota, of the home; five daughters, Celesta, of the home, Mrs. J. A. Saddy of Jamaica, N. Y., Mrs. H. S. Hutchins, Mrs. H. S. Hutchins III of Fort Worth, Mrs. E. W. Woods of Amarillo and Mrs. J. M. Montgomery of Wheeler; three sons, Paul of Pampa, William of Miami and Max of Wheeler; one brother, John T. of Anacortes, Wash.; three sisters, Miss Almada Wiley and Mrs. George Walters, both of Houston, and Mrs. Keith Ketto of Fayetteville, Ark.; 20 grandchildren, two nephews and two nieces.

### Soloist Provides Rotary's Program

The Pampa Rotary club yesterday heard Miss Jeanne Holman, a Pampa high school student, render several solos as the meeting's program. Miss Holman was accompanied on the piano by Mrs. Lois Fagan.

The club's sole visitor for the day was Roy Bassett of Perryton.

### Eight-Day Oil Output Schedule Continued

AUSTIN, Tex. (UPI)—The Texas Railroad Commission today followed the wishes of all but two oil purchasers and ordered a continuation of an eight-day oil production schedule during the month of August.

Estimated calendar day allowable in August is 2,669,128 barrels of oil, no change from the July production.

Nine of the 11 oil purchasers asked for the continuation of the eight-day production. The two dissenters were Phillips Petroleum Co. and Sun Oil Co., which asked for seven and nine day schedules, respectively.

Most of the one-hour, monthly oil allowance hearing was spent on arguments by independent producers for an investigation into why Texas is losing oil production in relation to other states.

Jim West, president of the Texas Independent Producers and Royalty Owners' Association (TIPO), called upon the commission to inquire from major purchasers information upon which to base projection of de-

### Kelley Rites Are Scheduled

### Stricken Boy's Father Thanks Blood Donors

Seven-year-old Steven Leshner, son of Mr. and Mrs. Jack Leshner, who underwent open heart surgery on July 10 in the Children's Medical Center in Dallas, returned to his home at 924 S. Nelson last night.

Leshner said this morning he wanted to thank the 12 city employees who donated their blood to replace transfusions admitted to the youth during the operation.

"The boy is coming along fine and is planning to enroll in the first grade at Travis Elementary School this fall," Leshner said.

### Mrs. Mitchell Rites Saturday

Funeral rites for Mrs. Donna V. Lillian Mitchell, 904 S. Nelson, will be held at 11 a.m. Saturday in the Duenkel - Carmichael Funeral Chapel with the Rev. E. J. Norman, pastor of the Primitive Baptist Church, officiating.

Mrs. Mitchell, born April 5, 1881 in Bell County, died this morning in Highland General Hospital.

She was married on Aug. 3, 1893 to J. E. Mitchell in Coline. In 1936, they moved from Plainview to Kingsmill, where he was employed as a wholesaler and retailer for the Sinclair Oil Co. In 1940, they moved to Pampa, where Mr. Mitchell owned and operated a grocery store and later worked at the Pampa Air Base.

In addition to her husband, she is survived by two sons, Jay of Pampa and Odus of Denton; two daughters, Mrs. Irene Maddox of Orange, Calif. and Mrs. Marie Murry of Plainview; three brothers, Hugh Dunn of Floydada, Frank of Donna and Clement of Coline; 14 grandchildren and 17 great-grandchildren.

Interment will be in Memory Gardens.

To meet with Mrs. Libby Shotwell, Red Cross executive secretary. She will also direct an instruction session on the nursing service in Pampa.

cession. He also voiced pleasure at congressional passage of some bills which Democrats have tried unsuccessfully to push through for a number of years.

During Kennedy's first six months, he has signed into law bills to liberalize the Social Security program, boost the minimum wage, expand the area redevelopment program, extend unemployment compensation, finance highway construction, housing, and provide aid to children of unemployed parents. He also has signed bills carrying out his feed grains and food for peace programs and extending the Sugar Act.

With the signing of a water pollution control bill today, Kennedy will have won victories on 13 of the 19 major items of legislation he has proposed to Congress.

# Sweet Ideas For Menus To Lift Fading Appetites

Salads give summer appetites a lift whether they are served as a complement to delicious family dinners or as refreshing meals-in-themselves. The ease with which these salads can be put together will free you for other activities yet they will appear tempting on the table.

A salad used as an appetizer is dainty and of the hors d'oeuvres type. A small fruit or vegetable salad is usually served with the main entree. A hearty meat and vegetable salad may be the main course in some menus, while a dessert salad is sweet and often served in molded form. Why not try this quartet of tasty salads, topped with honey for extra goodness?

Welcome guests with an appetizer of Honey Cabbage Slaw. You may wish to serve it in a large bowl surrounded by a variety of crackers or in individual lemon shells which have had the pulp removed and are cut in an attractive pointed design along the edges.

**HONEY CABBAGE SLAW**  
4 cups finely shredded cabbage  
1 cup sour cream (cold)  
½ cup vinegar  
¼ cup honey  
1 teaspoon salt  
2 teaspoons celery salt  
Beat sour cream until thick. Add vinegar, honey, salt, and celery salt. Mix with cabbage.

As an accompaniment to your main course your family or guests will enjoy the unusual blending of white cherries and pineapple with honey and cream cheese in a frozen fruit salad. Honey French Dressing adds the extra zip.

**FROZEN FRUIT SALAD**  
4 ounces cream cheese  
3 tablespoons mayonnaise  
2 tablespoons honey  
1 cup pitted white cherries  
3 slices of pineapple  
½ pint whipping cream  
Mix cream cheese with mayonnaise

and tossed with Honey Celery Seed Dressing.

**SWISS HAM VEGETABLE SALAD**  
Combine a variety of torn salad greens with cut celery, sliced olive and radishes. Add cubes of ham and Swiss cheese. Top with tomato wedges and grated carrot.

**HONEY CELERY SEED DRESSING**  
1 teaspoon dry mustard  
1 teaspoon salt  
½ teaspoon paprika  
½ cup honey  
1 cup salad oil  
½ cup vinegar  
1 tablespoon grated onion  
1 tablespoon celery seed

Mix dry ingredients in mixing bowl. Add honey and blend well. Add oil and vinegar alternately, beating well with rotary egg beater after each addition. Add onion

and celery seed. Yield: about 1 2-3 cups dressing.  
The shimmering and cool look of a molded gelatin salad is always excellent dessert fare during the sunny summer months.  
Try this refreshing honey gelatin dessert the next time you plan a menu.

**REFRESHING GELATIN DESSERT**  
1 package orange-flavored gelatin  
1 cup hot water  
1 3 cup cold water  
1 cup unpeeled diced apples  
½ cup chopped pecans

Dissolve gelatin in hot water. Add honey and cold water. Chill until slightly thickened. Fold in pecans and apples. Pour into a 1-quart mold. Chill until set. Unmold. Serve with a topping of whipped cream and honey made by making a nest-shaped mound of the whipped cream on each serving and drizzling one teaspoon of honey in center. Makes 6 servings.  
Variation — Honey Grapefruit Mold. Use recipe above but substitute 1 1/3 cups diced grapefruit sections (about 1 grapefruit) for the apples. Makes 6 servings.

NEW YORK (UPI) — The food Americans eat today is safer than ever before, Paul A. Buck, professor of food science at Cornell University, told Institute of Food Technologists recently.  
"Our grandfathers and perhaps our fathers had to exist during the winter on salted meats and root vegetables," he said. "This is a far cry from the modern supermarkets where we can select a diet of food products from any part of the continent or even the world at almost any season."

## How about a Fair Break for Railroads?

we're asking your support for equal treatment by government of all carriers, including the railroads

The Association of American Railroads has drawn up a document called "Magna Carta for Transportation."

We're asking for public support of this common-sense statement on public transportation policy, hoping citizens will recognize that an entire industry that serves them is being deprived of its natural rights—and will want to help.

What to do? Ask your congressman to help restore to the railroads these "four freedoms":

- Freedom from discriminatory regulation
- Freedom from discriminatory taxation
- Freedom from subsidized competition
- Freedom to provide a diversified transportation service

# Frankfurters Step Out Of Traditional Habitat

HERE IS THE perfect invitation for an old fashioned picnic with the modern touch. It's a casserole of frankfurters and baked beans. Combine it with a popular baked bean accompaniment... brown bread. Add relishes, potato chips, coconut cake and lemonade, and your picnic basket is ready to go anywhere.

**PICNIC MENU**  
 Frankfurter-Baked Bean Casserole  
 Potato Chips  
 Brown Bread with Cream Cheese Relishes  
 Coconut Cake  
 Lemonade

Did you know that July is Picnic Month and "Hot Dog" Month? The two just naturally seem to go together.

Traditional picnic fare has frequently been hot dogs with a big dish of baked beans. It still is, but the modern frankfurters have stepped out of their original habitat, the hot dog bun. Here they are found cooked with the baked beans in a casserole.

With this main dish to take along on a picnic, you'll have no problems with kindling a fire or dodging the smoke. The preparation is all done in your kitchen. It's handy, especially if you will be at a spot where a campfire is inconvenient.

This Frankfurter-Baked Bean Casserole is delightfully flavored by adding brown sugar, mustard, catchup, onion and chopped bacon.

## Orange Muffins Take No Time

The orange muffins will even take less time to prepare than you have planned. Mix all the dry ingredients the night before and store them in the refrigerator. After baking, serve topped with orange marmalade, if desired.

**QUICK ORANGE MUFFINS**  
 2 cups sifted enriched flour  
 1 tablespoon baking powder  
 1/2 cup sugar  
 1/2 teaspoon salt  
 4 to 6 tablespoons lard  
 2 tablespoons grated orange rind  
 1 egg, beaten  
 1/2 cup orange juice  
 Grease 12 medium-sized muffin cups. Sift together flour, baking powder, sugar and salt. Cut in lard until mixture has a fine even crumb. Add grated orange rind. Combine beaten egg and orange juice and add to dry ingredients, stirring only until flour is moistened. Fill greased muffin pans 2/3 full. Bake in a moderately hot oven (425 degrees F.) 15 to 20 minutes. 12 medium-sized muffins.

That's cooked right with the dish. Several franks are sliced and mixed with the beans. The rest you can place in an attractive sunburst pattern on top. Or create your own design.

Unusual? Actually frankfurters themselves aren't so different, but this recipe for serving them is sure to interest you and your family.

Frankfurters are commanding more and more attention each year. In 1960, the average consumption was 62.5 frankfurters per person.

When using canned beans, a frankfurter and baked bean casserole is easy and quick to prepare. Cooking time is only 45 minutes.

Frankfurters, franks, weiners, hot dogs, by whatever term you know this meat, are composed of pork and beef, finely chopped and mixed with spices. They are placed in casings, cooked and then smoked. This versatile meat needs no cooking, only reheating if you prefer frankfurters served hot.

**Frankfurter-Baked Bean Casserole**  
 12 frankfurters  
 1 can (1 lb. 15 ounces) baked beans  
 1/2 cup catchup  
 2 tablespoons prepared mustard  
 1/4 cup brown sugar  
 1 tablespoon finely chopped onion  
 2 slices bacon, chopped  
 Combined beans, catchup, mustard, brown sugar, onion and bacon.

## All Countries Have Something In Common, Favorite Meat Stew

All countries with their own customs and traditions have one thing in common... a meat stew. The ingredients and seasonings vary, but essentially it's meat and vegetables combined in a savory, meal-in-one dinner dish.

**HUNGARIAN GOULASH—BREAD DUMPLINGS**  
 1 pound boneless beef for stew  
 2 medium onions, chopped  
 2 tablespoons lard or drippings  
 2 teaspoons paprika  
 1 teaspoon salt

1 clove garlic, minced  
 2 cups water  
 6 medium potatoes, diced  
 Bread Dumplings  
 Cook onions in lard or drippings about 5 minutes. Add meat, paprika, salt, garlic and water. Cover tightly and cook slowly for 1 hour. Add diced potatoes. Cover and cook 30 minutes or until meat is tender and potatoes are done. Add Bread Dumplings. Cover and continue cooking for 12 to 15 minutes. 4 to 6 servings.

**BREAD DUMPLINGS**  
 12 slices bread  
 1 cup milk  
 1 medium onion, chopped  
 3 tablespoons chopped parsley  
 2 tablespoons lard or drippings  
 2 eggs, slightly beaten  
 1/2 teaspoon salt  
 1/2 teaspoon pepper  
 Dice bread into about 1/2-inch pieces and soak in milk. Squeeze out any excess milk. Cook onion and chopped parsley in lard or drippings about 5 minutes. Add bread and eggs. Season with salt and pepper. Shape into 12 balls using about 2 tablespoons of the bread mixture for each.

### Visit With 'Wyatt Earp' Found Pleasing Occasion

We had a most pleasant visit the other day from Hugh O'Brian, known to most of you as Wyatt Earp. He was accompanied by my good friend, Ed Shelton, who originated in Austin, Texas, but who has been well known in Washington, circles for a number of years because of his fine Texas friendliness and his outstanding abilities.

Hugh O'Brian is entitled to the compliments of the people of this country who are sincerely interested in youth. As sincerely interested, I might say, as Hugh O'Brian. This outstanding professional of the entertainment industry spearheaded a movement in 1988 to help provide inspirational opportunities and projects for deserving youths. He established the Hugh O'Brian Youth Foundation, a non-profit corporation designed to seek out and provide opportunity to potential leaders. He has stated this in the following terms:

"Today in America there is a need for a diligent search for undiscovered or disregarded leadership potential. There is a middle group, long neglected, neither delinquent nor developed, that needs encouragement and attention.

"The purpose of this Foundation is to seek such youth and provide opportunities for its leadership potential to come to life and grow."

A discussion of this program with Hugh O'Brian would convince anyone that he was never more serious, even when he undertook to portray Wyatt Earp, which he did with such perfection.

Those of us in the Panhandle well know the great work that can be done with youth because of our close association with world famous Boys Ranch, headed by a virtual human dynamo, Cal Farley. There are many areas in which work can bring about fine accomplishments for the betterment of this country. I salute all of these dedicated men who have contributed and are contributing so much to this cause.

The prestige of the United States in world affairs has been a hotly debated issue for the past several years. It has become more heated since the November 1980 elections, primarily because of charges and countercharges made in the preceding campaigns. Many factors can cause the loss of prestige, but one indispensable item in preserving it and in rebuilding it is salesmanship. Secretary of Commerce Luther Hodges recognizes this and is advocating programs that could be most beneficial to the welfare and the economy of this country, both nationally and internationally.

A fine reporter for one of the Washington newspapers, desiring

a very simple operation. He advised me in most condescending terms that he could see that I had no understanding of the situation involved. He said, and I quote, "You must understand that you are required to take your turn." I didn't. What the salesman (?) didn't know was that I had a secret weapon. Robert has some older brothers, so we borrowed a pair of trousers from one of them to tide him over Easter until we could go to a store in one of the smaller communities around Washington where the people have not forgotten real courtesy and salesmanship.

This will undoubtedly seem like a strange story to the people in the Panhandle, where the clerks in the stores have always had the reputation of being most courteous and most helpful to the customers. I sincerely hope that the courtesy and helpfulness on the part of the people in the many small and medium-sized towns in this country will infiltrate the metropolitan areas rather than vice versa.

If we lose the art of salesmanship at home in our own business and our own daily operations, how can we expect to sell our way of life in other sections of the world?

Frugal French homemakers cut corners, shop with care to build savings for that rainy day.

# Frugal French Ladies Save For 'Rainy Day'

ROSETTE HARGROVE  
Newspaper Enterprise Assn.  
PARIS (NEA)—"Mama's bank account" really exists in France. For if the Frenchman always seems to be eating, drinking or making merry, his little woman is busy cutting corners to put enough money in the bank for that proverbial rainy day.

As a result, 14 million French citizens in a nation of 30 million now have savings accounts of at least two dollars or as much as \$2,000, the legal maximum. The average amount of a savings account is \$250.

Each week, or month, or year French housewives have to swim upstream, against the tide, to get that money in the bank. Everything about France would seem to

defeat the family trying to be frugal. Strangers consider the cost of living very high particularly when they watch Frenchmen consume large amounts of wine or beef. Even though France is the leading wine producer, it still must import foreign wine to meet the vast local demand. Although the cattle trade is flourishing, steaks and roasts must be imported, because many Frenchmen are finicky and will ignore everything but the best parts of the cow.

That's what mama's up against. So when she goes to the market, she will shop a little longer, if necessary, for a better price. She always buys fruit in season.

One mother of seven indulges her family in steak or a beef roast only on Sunday and holidays. She

says that she buys the cheaper cuts on weekdays and makes them up into attractive dishes. She says there is a considerable difference when you're frugal. The difference goes into the savings bank.

The French woman also is frugal about clothes if she is a lower middle-class housewife. Nothing is wasted and she points with great pride to potholders that are remnants of a worn summer dress. Once she has the money in hand, her life becomes easier. She can open a savings account without first obtaining the consent of her husband as she would for an ordinary bank account. Accounts can be opened for minors under their own names. Savings accounts often are started for son or godchild at birth.

Withdrawal can be made immediately and without notice and generally there is an advantageous rate of interest. Workers, children and the middle classes, who make up the vast majority of the savings bank depositors, have socked away 1.74 billion francs—a sum equal to one third of the national budget.

DEAR ABBY: There is a woman in our neighborhood who hires an eleven-year-old girl to baby-sit after school with her baby who is less than a year old. When this woman was asked how she could entrust her baby to the care of an eleven-year-old child, she replied, "She doesn't have to do a thing. She knows how to use the telephone. All I want her for is to call the fire department and get the baby out of the house in case a fire breaks out."

DEAR ABBY: I met a girl back in 1954. We really went for each other. I got transferred out of town because of my job. I thought this girl would wait for me, but she didn't. She married somebody else instead. Now I am transferred back to my home town, where she lives. She heard I was back, so she called me and told me she wanted to see me again. She said

she wanted me to come to her house and meet her husband and family. (She has two children.) I would like to see her for old times' sake. Should I accept?

DEAR UNDECIDED: If you want to see her again, for "old times' sake," accept her invitation. But dig up a date and ask if you can bring a "friend."

DEAR PHIL: If being a courteous "escort" to the bridesmaid assigned to you is asking too much in return for the honor of being an usher at your friend's wedding, by all means decline. Perhaps the bridesmaid also prefers the company of another, but she accepted because she felt honored to have been chosen.

DEAR NEIGHBOR: Certainly not! Some eleven-year-olds have more sense than some of their "grownup" neighbors.

## Dear Abby... Why Make Mountains Out Of Molehills??

By ABIGAIL VAN BUREN

DEAR ABBY: I was asked to be an usher at my friend's wedding. Of course I intend to take my sweetheart along. Now they tell me I am supposed to stick all evening with the bridesmaid assigned to me. If so, I must decline, for I am not going to neglect my girl for some bridesmaid I don't care anything about. Please answer me right away.

DEAR PHIL: If being a courteous "escort" to the bridesmaid assigned to you is asking too much in return for the honor of being an usher at your friend's wedding, by all means decline. Perhaps the bridesmaid also prefers the company of another, but she accepted because she felt honored to have been chosen.

# To Arms, Ladies! Men Trying To Take Over!

Woman To Woman

By PATRICIA MC CORMACK  
NEW YORK (UPI)—We women must man the battle stations. The National Man's Legion wants to make it unlawful for a female to hold any job a man might hold.

Eugene B. Baron, general secretary of the legion, said in an interview that the organization was formed in 1940.

"Among the founders," he said, "was the late Walter Pitkin, author of 'Life Begins At Forty.' But then the war came along and women were needed. It knocked our program on its ear, you might say."

Baron is trying to breathe new life into the organization. He started six weeks ago by advertising in the "public notice" section of a New York newspaper.

The ads state that "a multi-billion dollar business awaits Americans upon the return of 25 million women (married and single) to the home."

Baron said the legion really has women at heart. "Women are selling themselves short," he said. "They don't know their own powers. A woman achieves more by being a woman than by competing with men."

At least—that's the National Man's Legion opinion.

Make Make-Up Last  
On hot summer nights, when the humidity is sure to ruin your make-up job, try setting your make-up with a splash of cold water right after you've applied your powder and lipstick. It will preserve it for a longer time.

Eyebrows Need Shaping  
When you shape your eyebrows, bear in mind that the brows should start over the inner corner of the eye and end just beyond the outer corner. In between they should follow the bony ridge above your eye for a natural line.

## Vibrant Interest In Living Keynote To Keeping Young, Looking Beautiful

One of the best ways to stay youthful looking has nothing to do with cosmetics. It has, rather, to do with a vibrant interest in living. Some women concern themselves only with their immediate families. They're not eager to make new friends, to learn or to explore.

Their conversation consists of gossip rather than rich in ideas. Quite often they are opinionated without the facts to back up their opinions and all of this reflected in their faces which frequently are dull and hard.

No matter what your role—housewife, working mother or career girl—have an interest in your own small world. Exercise your mind in the same way that you should exercise your body to stay fit. For a mind that isn't used grows flabby.

It is simply impossible for a woman to be really vibrant and attractive if her mind is blank and her eyes turn inward. And this is true no matter how much she spends on a chic coiffure and careful make-up.

Tough Teens  
Despite all of those glossy magazine ads which show all of you teen-agers having a glorious time all of the time, the fact remains that a good many of you quite often have a rotten time.

You agonize over braces on the teeth (or the need for them), lanky hair, extra poundage or a skinny frame, acne, awkwardness and just plain growing up.

Well, there are no quick cures for any of all of these. But there is one way to tackle your problems: TACKLE them. Don't agonize. Do something.

If the family budget doesn't permit braces for your teeth, earn enough during the summer to pay for them yourself. Use a hair brush on that lanky hair, watch your weight and take extra care to keep your skin scrupulously clean.

This is the time to learn that you will have to spend a lifetime solving one problem after the other. And each of them will look every bit as tough as the ones you're facing now.

Scaip Savvy  
If you make frequent use of a hair spray and find that it makes your hair oily, there's just one solution. Shampoo your hair often.

Most of us can't do without a hair spray of some sort, particularly if we haven't a permanent.

It takes a lot of won't power to go on a diet.

Good Idea - Who'll Do Driving Home?

BERKELEY, Calif. (UPI) — "Party pools" might help keep drunks from driving, according to a California social psychologist. The idea isn't to sober up the tippler in a swimming pool, but to get him home without letting him behind the wheel of a car. The means, suggested by Dr. Raymond Fink of the California State Department of Public Health, would be a "party pool" patterned after the well-known "car pool."

"One member of a neighborhood group going to a party by car would be designated as the driver for all and it would be incumbent upon that person not to drink at all," Fink said.

Fink, in a discussion at the annual Northern California Safety Congress, also had this suggestion: Suspend the driving licenses of convicted drunken drivers only during statistically proven heavy drinking periods, rather than for extended periods, as California law now provides.

Studies show that most drinking is done in social situations, Fink said.

"It is the hours just before dinner time and afterward when most drinking is done," he said. "Week-end drinking outweighs by far drinking done during the week."

Under Fink's proposal courts would suspend violators' licenses between 7 p.m. and 7 a.m. and during weekends.

This, he said, "would keep the offender off the roads during the most dangerous hours; second, juries would be relieved of the feeling that they deprived a man and his family of his income."

IT'S THE LAW in Texas

Jury duty is an experience everybody ought to have. In a criminal case twelve jurors have a duty to do justice as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The twelve jurors vary in their ability, temperament, character, education and their experience in the world and in the question at stake.

Yet a jury made up of both sexes, with wide age and educational differences, jobs and origins must all come up with the same verdict. Upon their verdict much depends — the life or liberty of others, and the public good. So it may take them days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, fairness, patience, (especially toward the jurors who disagree with you), good humor, tolerance, balance, willingness to hear others out and change one's mind; readiness to go over and over the

facts to find something to bring agreement. In short, jury duty demands a decent respect to the opinions of others.

More and more women share civic duties, especially as jurors. Time was in Texas when women could not serve on juries. They still cannot in four states. A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law — the legislature does and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is considering.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt," — not imaginary or far-fetched — acquit the accused. Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

(This newsfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

## Golf Meet Starts In Milwaukee Yanks Trowned In Double Bill

**MILWAUKEE (UPI)** — Ken Venturi, recovering from a bout of "walking pneumonia" and playing with blistered hands, started defense of his title today in the second annual \$30,000 Milwaukee Open golf tournament today against a top field, including Masters champion Gary Player.

Venturi, San Francisco, ailing in recent months from a lung virus, shot a one-under-par 69 on the North Hills County Club course in Wednesday's pro-am.

A drug used to treat his virus caused a rash and blisters on his hands.

Player, the South African now playing out of Langhorne, Pa., one of the tournament favorites, arrived too late in Milwaukee to take part in the preliminaries. He started practically cold in Wednesday's first round field of 146 professionals and amateurs.

Don January, Dallas, Tex., winner of the recent St. Paul Open, rated as another top contender on the strength of his 64 in pro-am play. The six-under-par was low for the day and earned him top money of \$425 in the preliminary.

**By United Press International** — That lad Podres is still the Los Angeles Dodger's Johnny on the spot.

The World Series hero of 1955, who is sometimes overlooked on a staff that includes fireballers Don Drysdale and Sandy Koufax is actually the Dodgers' most consistent pitcher and the fellow manager Walt Alton says, "is just about the best pitcher in the league when he's right."

Podres demonstrated his knack for winning key games again Wednesday night when he pitched the Dodgers to within 2½ games of the National League lead with an 8-3 victory over the first-place Cincinnati Reds. It was Johnny's second win in three days and his third in 11. He has won three of the Dodgers' last five victories, and with an 11-2 record is almost a cinch to top his previous season high of 14 wins.

Podres scattered nine hits Wednesday night while Bob Purkey was tagged for nine hits in 5-1-3 innings as the Reds suffered their fourth straight loss.

It was a bad night for the principal contenders in the American League as the Baltimore Orioles scored a 4-2 victory over the Detroit Tigers and the Washington Senators dealt the New York Yankees 8-4 and 12-2 defeats. The Yankees now lead the Tigers with a .644 to .641 percentage.

The St. Louis Cardinals beat the San Francisco Giants, 3-2, in 10 innings and the Philadelphia Phillies defeated the Milwaukee Braves, 2-1, after an 8-5 loss in the other NL games.

In the American League, the Chicago White Sox shaded the Kansas City Athletics, 6-5, the Cleveland Indians downed the Boston Red Sox, 4-1 and 9-8, and the Los Angeles Angels bounced back from a 6-0 loss to defeat the Minnesota Twins, 2-1.

Jim Gentile's two-run homer and a solo homer by Hank Foiles paved the way for Baltimore's Jack Fisher to win his third game with the relief aid of Hal Brown.

A sellout crowd of 27,126 at Washington saw the Senators win the first game with the help of three Yankee errors and then complete the humiliation with a blistering 10-hit attack in the night cap.

Bill White, who tied a record by collecting 14 hits in consecutive double-headers Monday and Tuesday.

**STUTT GART, Germany (UPI)** — Wilma Rudolph, the star of the United States women's track and field team, today was nursing a strained leg muscle suffered in her latest record-breaking performance.

The long-legged sprinter from Tennessee State College said she felt a "terrible" pain in her left side just as she broke the tape Wednesday in a special 100-meter dash, which she won in the world record time of 11.2 seconds.

Miss Rudolph's brilliant effort stole the show on the final program of a two-day meet between the U.S. men's team and West Germany. The Yanks won eight of the final 10 events to crush the host team, 120-91.

The touring Americans face Britain's best athletes in another two-day meet starting Thursday in London, but Miss Rudolph said she did not know if she would be able to compete at White City Stadium.

# Colts Win 7th Straight By Slapping Borger 9-1

Nick Curtis, tall lean right-hander from Mangum, Okla., was in fine form last night striking out 18 men, allowing only two hits, and slapping Borger 9-1 in a game that was a double for both sides.

Borger drew first blood as Ben Hill, first baseman, hit a double and scored later after a pair of errors and a walk sandwiched in between. From then on Curtis had the Braves on his hip until he ended the ninth inning with two strikeouts.

In the third the Colts drew a base on balls by Larry Powers, a hit by Tom Snow, a fielder's choice by Ray Dean, then a hit by a pitched ball, and another base on balls, to set the stage for Curtis to come to his own rescue. He slapped a double under the left field fence and scored three runs.

In the seventh inning Powers led off with a base on balls, another single by Snow to plate Powers followed by a fly ball after which Don Stephens walked followed by a double by Bobby Seitz and a double by Bobby Nutt to account for four more runs.

This put the game on ice for the Pampa Colts.

The Colts now have won seven games in a row and await the outcome of the Pony League tournament to see if they can play the Amarillo Graham - Hamie Plow Saturday night. If they are able to play Saturday night, game time will be 8:15 o'clock. Sunday Amarillo Longhorns move in for tri-state league game at 4 p.m.

The leading hitters for the Colts were Nutt, third baseman, 1 three for five, a single and doubles, and Snow two for two both singles.

Pampa's Colts will enter state tournament in Lubbock beginning Monday, July 24. They clash with the Hamlin All-Stars beginning at 9 p.m. If they win this game they will play a Thursday night at 7 o'clock an victorious again, will play Friday night at 7 o'clock and again a p.m. Saturday. The finals will held at 2 p.m. Sunday.

All games are to be played the McKenzie State Park Lubbock. Managers Henry Phelps, Joe Fortin and Newt rest say their Optimist Colts in fine shape and spirits high the tournament and are all looking forward to bringing to Pampa the state championship this year since they finished second last year.

# Pony And Little Leagues Open Area Meet Tonight

Pony League and Little League Area All-Star teams start their end-of-the-season playoffs out at Optimist and Little League Parks tonight. The games will run through tomorrow night and Saturday night to determine the area champions.

In Pony League play tonight Pampa and Borger are scheduled for their first game in a two-out-of-three series. Game time is 8:15 tonight and tomorrow night. If a third game is necessary it will be played at 8:15 p.m. Saturday.

Tom Glover, district tournament director, said Childress will play the winner of the Pampa - Borger game on Monday July 24 in a best two-out-of-three games. The winner of that game then will play the winner of the Hereford, Littlefield and Anson area July 28.

In Little League Area 3 play the Pampa Westerns will play the Pampa Northerns in a game scheduled for 8 p.m. tonight in Optimist Park. At the same time Memphis will clash with Carson County at Little League Park.

Winner of the North-West game will play the Pampa Easterns at 8 p.m. tomorrow night. The other Little League All-Star tilt, starting at the same time tomorrow night, will be the winner of the Carson-

Might As Well Get Used To It

Allen - Scott Report: CIA Seeking Full Control Over U.S. Operations Against Communist Guerrillas in South Viet-Nam

WASHINGTON.—Despite everything that has happened in Cuba, the Central Intelligence Agency is still trying to expand its operations and authority.

Director Allan Dulles is seeking President Kennedy's approval for full CIA control over the expanded para-military operation that the U.S. is preparing to support against the growing Communist guerrilla forces in South Viet-Nam.

Under the plan Dulles has sent to the White House, the strategy, tactics, and planning of the anti-guerrilla effort of the U.S. trained Vietnamese Army and Civil Guard would be under the direction of the CIA.

CIA agents would be used at all levels of command to direct an all-out offensive to destroy the 12,000 red guerrillas that are now waging warfare in South Viet-Nam from bases in Communist North Viet-Nam.

The role of the Defense Department, including the three military services, would be limited to the training and supplying of military equipment for these forces.

Dulles' plan also calls for giving the CIA full responsibility over all other para-military operations that are undertaken in Southeast Asia.

Everybody's Money

By MERYLE STANLEY RUKESYER The recent decline of the Canadian dollar below par with the U.S. dollar in foreign exchange markets for the first time since December 1955 reflects an official policy...

The motivation was frankly revealed in the budget speech of Donald Fleming, Canadian finance minister, who in the Keynesian cheap money tradition expressed a desire to promote business recovery.

This maneuver comes after monetary moves by the Kennedy administration had relieved international pressure against the U.S. dollar.

Unilateral manipulation of money by individual nations is frowned upon by sophisticated monetary students, who prefer international understandings through cooperation among central banks and such agencies as the International Monetary Fund and the World Bank.

In my recent soundings of financial opinions in London and Paris, I found some belief that the new strength of the U.S. dollar, even prior to the Canadian development, was a short-term response to the pledge by President Kennedy that the U.S. dollar would not be devalued, but would continue to be hatched to gold at \$35 an ounce.

Such important financiers as Michel Mitzakis, Directeur, Comptoir National d'Escompte de Paris, told me that long-term he thought it harmful to the best interests of a stable world to tie the dollar permanently to the peg of gold at \$35 an ounce.

M. Mitzakis, who in addition to being a practical banker, is also an economist, pointed out that since the \$35 gold price was set in 1934 prices and the cost of living had more than doubled. This has various types of repercussions.

The Almanac

Today is Thursday, July 20, the 201st day of the year with 164 to follow. The moon is in its first quarter. The morning stars are Venus, Jupiter and Saturn.

On this day in history: In 1861, the Congress of the Confederate States started holding sessions in Richmond, Va., new capital of the Confederacy.

In 1942, the first detachment of the Women's Army Auxiliary Corps started basic training at Ft. Des Moines, Iowa.

In 1947, troops of The Netherlands attacked Java and Sumatra after local demonstrators demanded independence.

In 1960, the first Polaris ballistic missile was fired from a submerged American submarine, the George Washington.

A thought for today: English writer William Somerset Maugham said, "There are two good things in life, freedom of thought and freedom of action."

alogue financial views as orthodox or heterodox. While we have maintained the line of the priced of gold since FDR raised it to \$35 an ounce from \$20.67 27 years ago, deficit financing and Keynesian monetary tricks have frustrated the noble objectives of a fixed gold standard.

### Market Capital Still Flows In, Broker Asserts

NEW YORK (UPI) — In view of Monday's market downturn, Martin Gilbert of Van Alstyne, Bache & Co. says there is evidence still some life left in those who are less optimistically inclined about the market than he is.

However, he maintains that investment capital is still flowing strongly into the market "as evidenced by the stable action of many good quality issues."

Psychologically, cyclically and fundamentally, the market appears to be headed higher, Joseph E. Granville of E. F. Hutton & Co. says. Administration officials had made it clear that they expect the President to declare at least a partial national emergency because of the Berlin crisis, the analyst states, and the stock market is expected to interpret this in terms of increased defense spending and potential deficits—inflation psychology.

Based on Monday's market action, Bache & Co. concludes that the market has not yet reached a level of strong basic buying support.

United Business Service says temporary periods of market setbacks should be viewed as opportunities to add to holdings.

### HIT BY DOGS

HALIFAX, England (UPI) — Ground keeper Harry Earnshaw, under the impression the racing had finished for the day, sauntered across to the greyhound track where he was knocked down by an electric rabbit and run over by six dogs.

The race was declared void.

### Writer Explains Why Movies Are Made In Europe

By VERNON SCOTT  
PARIS, France (UPI) — Why make pictures in France, Italy and England when for 40 years Hollywood, Calif., was good enough for the best movies ever made?

You'll get as many answers as there are individuals in Europe making films.

But the principal reason are these:

1. To give the public panoramic scenes they can't find on TV.

2. Labor costs are cheaper in Europe.

3. Sophisticated audiences no longer are fooled by papier-mache buildings and phony backdrops.

4. Tax advantages to performers and producers.

5. Thawing "frozen" funds tied up in European economies.

These arguments do not necessarily provide better pictures. But they have stirred a wellspring of resentment in Hollywood, where acting guilds and technical unions are crying for a halt to "runaway productions."

"Runaway" is a nasty word to American producers and directors here in Europe. The first thing they say is, "Let's get it clear that my picture isn't a runaway." Producer-director George Seaton, who recently completed "The Counterfeit Traitor" in Stockholm, relishes the freedom he finds working in Europe.

school, at the same time insisting it is not cheaper to film abroad than at home.

"This picture could have been made for less money in Hollywood," he said. "But it wouldn't have been as fine a film if we hadn't shot it here in Europe."

Director Philip Dunne, shooting "The Inspector" in Amsterdam, feels a movie troupe must go where it will achieve artistic success.

"At my age I'd rather have an artistic movie than a financial smash," he said. "You get a real feeling for the story when you are working on the ground that is involved in the picture."

Dick Fleisher, directing "Barabas" in Rome, observed, "A director is responsible for many more things in Europe. The equipment is just as good as that in Hollywood. Working conditions are great."

Oscar-winner Billy Wilder, directing "One, Two, Three" in Munich, was touchy about being identified as a "runaway."

"This film is not a runaway," he declared. "We're shooting a movie about Germany in 1951. It would be unshooting in the states. So we have to come here to do it. It's as simple as that."

Actor-director Gene Kelly, making "Gigol" in Paris, is an old hand at working in France.

"The cost of labor is a lot less here than in Hollywood," he explained. "And we had to have Paris backgrounds. I and the crews work harder here and will work whatever hours we set."

Harry Zanku, former kingpin of 20th Century-Fox studios, relishes the freedom he finds working in Europe.
