WEAPON OF WAR PEACEFUL SCENE—Now that men no longer have any use for it, a bird has taken over this cannon at the Chickamauga-Chatanooga National Military Park near Chattanooga, Tenn. A century after the gun's last echo in the Civil War, the nest might well belong to a dove of peace at the nation's oldest and largest military park.

Sweeping Buildup Plans Bared By Armed Forces

WASHINGTON (UPI)—The crisis in Berlin became a personal one for nearly 57,000 men today—businessmen, lawyers, laborers—ordinary men in hundreds of the nation's cities and towns.

All they have in common is that they know how to fight. They are the Army and Air Force reservists ordered Wednesday to get their affairs in order and be ready for active duty.

Many of them, however, may spend months anxiously scanning the news from tense Berlin and wondering whether Uncle Sam

Sale Of Pampa Hotel Announced

Announcement was made today that the Pampa Hotel and Motel have been bought by a former Pampian and will be opened for business Sept. 1.

Preston Fowlkes, former Pampa resident and owner of the Del Mar Hotel in Hillsboro since 1952, has bought the hotel and motel from Tom Dawkins of Amarillo who had purchased the property from the Jefferson Standard Life Insurance Co. of Greensboro, N.C. early in July. Dawkins is assistant manager of Volturn Village and at the time of the purchase said he was buying it for Amarillo interests involved in hotel properties there.

Fowlkes was born and reared in Amarillo. He first came to Pampa in 1937 and was employed by the Montgomery and Ward store here. After five months he was promoted to field merchandiser and covered eight states for the company. He was transferred to Fort Worth as manager of Ward's Service-Store there.

The new owner of the Pampa Hotel served as president of the Hillsboro Chamber of Commerce in 1957-58, was a member of the board for eight years and was elected mayor of Hillsboro for the 1959-60 term. He is a member of the Methodist Church, Masonic Lodge, Consistory and Shrine. He has been in the hotel business in Oklahoma and Texas since 1943.

In his announcement today, Fowlkes said the 120-room hotel, closed since January, will open Sept. 1 with office space available, rates for permanent guests, "special consideration for the traveling public and a policy of service, friendliness and cleanliness and comfort at reasonable rates."

"We're going to strive to become a business Pampa will be proud to recommend," Fowlkes said, "and we plan to become a part of every worthwhile effort in this progressive community."

No price was named in the purchase of the hotel but it was understood the deal involved principally a trade of the Hillsboro hotel for the local property.

Oil Production To Continue At Eight Day Rate

AUSTIN, Tex. (UPI)—The Texas Railroad Commission took only 12 minutes today to decide to continue present oil production of eight days during September.

All but one of the 12 purchasers of oil asked for the eight-day pattern.

September calendar day allowable will be an estimated 2,699,540 barrels daily, and increase of 48,156 from August, because of the change from a 31-to-30-day month.

Only Phillips Petroleum Co. did not ask the two present commissioners for another eight-day production month. A Phillips representative said his firm wished to limit production to seven days to take care of needs of 119,039 barrels.

He said that on the eight-day schedule, Phillips would like to sell between 10,000 and 12,000 barrels of oil daily but anticipated difficulty in doing so.

The brief hearing featured 11 consecutive spokesmen for oil purchasers stepping up to a microphone and asking for an eight-day production month.

Russian Seaplane Claims New Mark

LONDON (UPI)—Moscow Radio today claimed a new speed record for a Soviet seaplane. It said the unidentified plane, shown for the first time in an air show last month, flew 664 miles an hour along a course 10 to 12 miles long.

U.S. Envoy Cheered In Answering Cuban Tirade Against Latin Pact

PUNTA DEL ESTE, Uruguay (UPI)—Twenty nations of the Western Hemisphere joined today in a \$20 billion war on poverty and illiteracy in Latin America without the help or participation of Fidel Castro's Cuba.

Cuba's economic "czar," Ernesto (Che) Guevara, boldly predicted that President Kennedy's "Alliance for Progress" would fail and would result in the overthrow of several hemisphere governments.

In the most dramatic session of the Inter-American Economic and Social Conference, Guevara refused Wednesday night to ratify the charter of Punta Del Este and called the alliance "an attempt to extend exploitation within the imperialist system."

The bearded Cuban finance minister said the United States and Latin American nations at this conference had "established the first link of co-existence in this hemisphere" with a Communist-supported regime such as Cuba's. Treasury Secretary C. Douglas

Allies Warn Russia Of Perils In Closing East Berlin Gate

Nine Communist Officers Escape To West Berlin

BERLIN (UPI)—West German police reported today that nine members of the Communist East German people's police and a member of the worker's militia defected to the West during the night.

The previous night, the police said, another armed and uniformed East German guard leaped a barbed wire barricade to freedom. Another member of the worker's militia defected about the same time.

Five of the people's police—or "vopos"—defected in a group, carrying their pistols and sub-machine guns with them, West Berlin police said.

The others apparently defected singly, but no details were issued as to how or where they crossed the border.

In other developments on the Berlin situation:

Armed Communist police arrested members of a British military patrol in a harassing action along the Berlin border this morning. The men were released unharmed, and not long afterwards British Ambassador Sir Christopher Steel drove into East Berlin in a three-car convoy and toured the border for 25 minutes without incident in a show-the-flag demonstration.

East German workers began tearing up the rails of two of the six elevated train lines the Communists closed Sunday when they began to seal the border.

West Berlin newspapers appeared with big black headlines reflecting a demand at a mass meeting Wednesday for "not merely words but political action" from the Allies.

Mayor Willy Brandt received a cheering, whistling ovation Wednesday when he announced to a mass demonstration by 200,000 of his people that he had told President Kennedy that West Berlin expects "not words but political action."

Today the socialist mayor, who is deep in an election campaign

LITTLE SHOPPERS—Tom and Mary Woods were snapped by a photographer as they strolled down Kingsmill St. on a hot afternoon. Mary decided to purchase an umbrella for protection from the hot sun. They are the children of Mr. and Mrs. William Wood, 2079 Rosewood Lane.

Joint Note Says Soviet Acts Illegal

LONDON (UPI)—The Big Three Western powers protested to the Soviet Union today against recent illegal Communist measures in Berlin and warned the Russians of the grave dangers that can result from such actions.

The United States, Britain and France made their protests in identical diplomatic notes handed to the Kremlin in Moscow.

The notes charged that sealing of the East-West Berlin border by the East German Communists was a "flagrant and particularly serious violation of the quadri-partite status of Berlin."

They termed the measures of the East Germans "illegal" and said the West is holding the Soviet Union responsible for them.

The notes also urged the Soviet government "to put an end to these illegal measures."

"This unilateral infringement of the quadri-partite status of Berlin can only increase existing tensions and dangers," the notes said.

The strongly worded Allied diplomatic notes, urging "the most serious attention of the government of the U. S. S. R.," made these other points:

Freedom of movement with respect to Berlin was reaffirmed by the four-power agreement in New York on May 4, 1949, and by the decision in Paris on June 20, 1949, by a council of ministers of the four powers.

The Western powers have never accepted that limitation can be imposed on freedom of movement within Berlin; the boundary between the Soviet and the Western sectors is not a state frontier.

The Allies do "not accept the pretension that the Soviet sector of Berlin forms a part of the so-called 'German Democratic Republic' and that Berlin is situated on its territory."

Robert Langford, Grid Star, Hurt

Robert J. Langford, football star, son of Mr. and Mrs. M. S. Langford, 1100 S. Hobart, was injured this morning while working on his job with the Transwestern Pipeline Co., five miles north of Pampa.

Langford was brought to Highland General Hospital in a Kuenkel-Carmichael Funeral Home Ambulance. He was still in the emergency room at the hospital at 1 o'clock today and the full extent of his injuries was not known. He is understood, however, to have been badly crushed.

F. H. Goodwin, district superintendent of the pipeline company, said it was reported to him that Langford ran and jumped on a moving crane about 11 o'clock this morning. He sustained his injuries when he fell from the crane onto the bumper of the vehicle.

Langford was recently elected tri-captain of the New Mexico State Aggies football team where he is a starting halfback on the team with the nation's longest major college winning streak.

He graduated from Pampa High School in 1958 and is a senior at New Mexico State.

Hollywood Couple Bares Separation

HOLLYWOOD (UPI)—Actress Natalie Wood, 22, and actor Robert Wagner, 31, formerly considered one of Filmland's happier married couples, signed a separation and property settlement Wednesday. No divorce plans have been made, they said.

Let us show you how to get more miles from your tires. Our address is 411 S. Cuyler, Pampa Safety Lane, MO 5-3771. Adv.

Famed Soviet Scientist Finds Refuge In Canada

OTTAWA (UPI)—Distinguished Soviet scientist Mikhail Antonovich Klotchko, winner of the Stalin Prize and Order of Lenin, will decide today whether to talk about the reasons leading him to defection to the West.

Granted asylum by the Canadian government Wednesday when he made application to the Royal Canadian Mounted Police, Klotchko was placed in protective custody. His whereabouts were

specified by the RCMP as "somewhere outside of Ottawa."

Klotchko arrived in Canada last week with a party of eight Russian scientists to attend the 18th International Congress on Theoretical and Applied Chemistry in Montreal. The delegates to the convention moved to Ottawa on Monday of this week for further sessions at the University of Ottawa and with the National Research Board. Klotchko attended these sessions.

Wednesday evening Chief Commissioner G. W. Harvison of the RCMP transmitted a request to Klotchko from Ottawa newsmen for a press conference. Klotchko refused.

"I have had a trying day and all I want to do now is to have a good night's sleep and then I will make a decision about whether or not I will talk to the press," the Soviet scientist said.

Klotchko's fellow scientists, checking into Toronto's Ford Hotel Wednesday night, brushed aside reporters' questions with a chorus of "nyets."

The glum-faced scientists, obviously shaken by the defection of their leader, declined comment.

Harvison described Klotchko as "the most prominent Soviet citizen to defect to the West in Canada," since cipher clerk Igor Gouzenko, at the Soviet Embassy here, chose freedom back in 1951.

Friday's program will include a paper on "Organization and Management of Committees" by Bill Quimby of the Fort Worth Chamber, "Membership" by Russell Willis of the San Angelo Chamber, and "Retail Sales" by Herbert Schall, manager of the Oklahoma State Chamber of Commerce.

Friday's luncheon will feature an address by Dr. Richard W. Crews, former Pampian and now pastor of the First Christian Church of San Angelo.

Saturday's program will start at 9 a.m. with Homer Tanner of the Brownwood Chamber of Commerce presenting a paper on the promotion of bond issues. Saturday morning papers will include "Christmas Promotions" by Jack Lacy, Jr. of the Vernon Chamber, "Christmas Decorations" by Jimmie Lovell, manager of the Dumas Chamber.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

West Texas C-C Parley To Open Here Tomorrow

Fundamentals of Chamber of Commerce promotion will be the main theme of a two-day annual Work Conference and West Texas Chamber of Commerce Managers' Association Short Course which opens here Friday in Coronado Inn and runs through Saturday.

Approximately 60 Chamber of Commerce managers and their wives from over the West Texas area began arriving in Pampa this afternoon for the conference. The

WELDON OWENS
C-C Conference Speaker

early arrivals will be guests to night at a buffet dinner in the hotel where all business sessions will be held.

The first general session will get under way at 10 a.m. Friday, following a directors' meeting scheduled for 8 a.m.

E. Roy Smith, president of the

Lefors Personals

By Mrs. Charis Roberts

Billy D. McBee spent the week with his grandparents, Mr. and Mrs. Doe McBee and Jimmy in Electra.

Guests of the Frank Wall's last week were Mr. and Mrs. Murry Cole, Mary and Dickie and J. L. Cole, Sr., from Farmerville, La. They were enroute to Carlsbad, N.M.

Mrs. Daniel Rose returned home Saturday from Worley Hospital where she underwent surgery.

Mr. and Mrs. Sylvester Torres and children are on a two week vacation in La.

Mrs. J. W. Baker is a houseguest in the home of her daughter, Mrs. Frances Cox, having returned home with her from Abilene last week.

Mr. and Mrs. H. D. Riley spent the week-end in Cement, Okla. with his father, Noble Riley.

Ray Ishmuel and wife, having spent three years in Germany, visited Sunday through Tuesday, in the home of their sister, Mr. and Mrs. Roy Jordan, accompanied by his mother and father, Mr. and Mrs. Sam Jordan.

Mrs. Bromlow and Pauline went to Lake Murray on vacation recently.

Lee and Vickie Corse of Sunray, have been visiting their grandparents, Mr. and Mrs. Boyd Beck.

Mr. and Mrs. Paul Rice were hosts to their sons and families over the weekend.

Mr. and Mrs. Bill Grainger traveled to Dallas last week end to visit his brother, Herman Grainger of Phoenix, Ariz.

Mrs. Trussel of Clarksville, were week-end guests of Mr. and Mrs. James Shew. They were dinner guests in the R. L. Chase home in Pampa on Sunday and with the Grady McCool's in Lefors one day. The Morgans and Trussels, were enroute to Calif. for a vacation.

Mr. and Mrs. Pete Ethredge and family went to Whitesboro last week-end to attend the Ethredge reunion.

Mr. and Mrs. Stanley Richison and children of Borger visited in the B. J. Spradlin home Wednesday.

Miss Imogene Davis of Phillips was a guest in the L. S. Thygeson home Thursday for an ice cream supper.

Mr. and Mrs. Jack Shumake spent Friday night at Lake Texoma and went on to Greenville to spend the week-end with their daughter and family.

Mr. and Mrs. Leroy Miller and Terry Lanett of Abilene on Furlough are guests of their parents, Mr. and Mrs. A. T. Miller, visiting friends in Pampa and Lefors with two of her sisters, Mrs. Woodrow Finney and Mrs. Franklin Williams. They visited with Mr. and Mrs. Jimmie Carter and the Gleb Fishers of Pampa.

Mr. and Mrs. Herman Wallis of Hobbs, N.M. visited in Hopkins on their way to Colo. and N. M.

Bruce Ginn, Jr. has been a patient in Highland General Hospital and was removed to Amarillo to an eye specialist and was hospitalized one night there. The accident occurred when the youngster was playing with his brother in the mud and was hit with a mud ball.

Dale Finney, son of Mr. and Mrs. Monroe Finney is a patient in an Amarillo hospital.

Mr. and Mrs. J. B. Horn are in Gainsville, preparing to move there.

Mr. and Mrs. Wood and daughter returned home to Federal, Ark. after visiting the Claude Hollinsworth's.

Barbara Johnson, daughter of Mr. and Mrs. H. C. Johnson was home over the week-end from the Methodist school of nursing in Lubbock.

Berlin Phone Books Disprove Red Boast

FRANKFURT (UPI) — A good indication of how far off base the East German communists are in their oft-proclaimed boast of overtaking the West in prosperity is given by the most recent issue of the East Berlin telephone book of commercial business branches.

This is a sort of German equivalent of the Yellow Pages in the American telephone books.

Even taking into consideration that the population of West Berlin is double that of the Communist sector, a comparison of the number of services and goods listed in their respective telephone books points up again the glaring difference in the ways of life of both parts of the divided city.

The East Berlin commercial branch telephone book, printed in a "people's own printing shop" shows clearly what the daily fare of Communist propaganda tries to conceal: how much the Communists have failed.

Just on the basis of population, the three drivers' schools listed in the East Berlin directory should be matched by six in West Berlin. Actually, there are 168 such schools in West Berlin.

The 305 West Berlin gas stations will find but 58 East Berlin counterparts. Of these 58 stations, 43 are installed by the Communist state-run "Minol" gas company, which some wags say should be called "Minor" because of its inferior quality of gas.

While a total of 64 hotels in East Berlin offer the questionable hospitality of Communist satellites, with inadequate service and untrained personnel, West Berlin has the same number of hotels just around the Zoo railway station and the Kurfuerstendamm, the Broadway-like glittering main boulevard of West Berlin. Several times more are spread all over the city.

A dozen travel agencies, including the Russian Intourist and a

Swedish travel bureau, take care of the East Berliners' wanderlust. The number of similar travel offices in West Berlin is 226.

A mere 83 shops offering dairy products is listed in the East Berlin directory. And that doesn't mean these shops have milk, butter and cheese every day. More than 900 similar shops are listed in West Berlin and offer dairy products every day, including Sundays.

So it goes, all down the line: Three libraries in East Berlin, 95 in West Berlin; about 500 barber shops in East Berlin and more than 1,500 in West Berlin; 178 laundries and dry cleaners on the Communist side of Berlin, while 473 comparable shops offer their services in West Berlin.

Briton Won't Use Two Of His Gifts

LONDON (UPI) — Michael Barclay, who does not smoke or drink, was given a bottle of wine and a cigarette lighter for being the one millionth passenger aboard a river steamer.

He contented himself with a two-pound box of chocolates that went along with the other prizes.

DAY OF RECKONING
LONDON (UPI) — John O'Reilly got his back wages from the Dorchester Hotel and promptly lost almost half of them to the tax man.

O'Reilly, claiming he had worked as a cloak-room attendant at the Dorchester for 20 years without being paid anything but tips, was awarded \$1,713 in the High Court. He had claimed twice as much. The Commissioners of Inland Revenue immediately announced that O'Reilly's tax bill on his wages would amount to \$743.

Seized Airliner Home From Cuba

MIAMI (UPI) — A hijacked Eastern Air Lines prop-jet Electra was brought back to the United States Wednesday by the same crew which took it to Havana at gunpoint July 24.

The pilot, Capt. William E. Buchanan, said on his return here the Cuban government appeared to be "quite concerned" over recent attempts to steal American passenger planes by hijackers.

Buchanan quoted Cuba's minister of aviation, who signed the release for the \$3.2 million airliner, as saying: "Anyone who would do this thing is crazy."

The team of mechanics and crewmen was sent to Havana to retrieve the big plane and reported it was in excellent condition.

"It looked as if no one had touched a switch," Buchanan said. "Every paper we left in it was there."

The only markings appeared to be a few "Viva Cuba" slogans scrawled in grease on the plane's fuselage.

Still jailed in Havana is the Electra's hijacker, former Miami Beach waiter Albert Oquendo, Buchanan reported.

Sales Tax Law Effective Soon

AUSTIN (UPI) — Gov. Price Daniel sent a 2 per cent sales tax "with considerable regret" to the secretary of state Wednesday to be filed and automatically become law on Sept. 1.

The measure, expected to raise \$354 million, will become law without Daniel's signature.

Kennedy's Sisters To Tour In Europe

WASHINGTON (UPI) — Two of President Kennedy's sisters, Eunice Shriver and Jean Smith, will leave Sunday for a two-week tour of Poland and Yugoslavia. The White House said Wednesday the sisters will be vacationing in the two Communist countries as "private citizens." They plan to leave New York Aug. 20 and return Sept. 7.

Sweeping

(Continued From Page 1)

nounced to date put total U. S. military strength on the way toward the 2,743,227 goal fixed by President Kennedy and Congress.

The Air Force has alerted 33,000 reservists for possible recall and disclosed plans to raise active strength by 28,000 through recruiting, voluntary tour extensions and involuntary extensions if necessary. The Navy has said it will freeze 26,800 in service for an extra six to 12 months.

In the most far reaching program yet, the Army told Wednesday how it will build up to 984,374 by next June 30. If it also recalls the 23,626 reservists it alerted, manpower will go to 1,008,000.

Stahr said the Army had decided against mobilizing units of division size. He did not explain why, but the length of time it would take to get them combat-ready presumably was a key factor. The best National Guard divisions have 70 to 80 per cent of combat strength and training and equipping could run into several months. The present goal is a fast Army buildup, with selected, specialized, smaller reserve units on alert if needed.

Stahr said the terms of 84,000 enlisted men in the regular Army — everyone whose term would expire between Oct. 1 and next June 30 — will be extended as much as four months. That will cover the training time for new replacements.

About 4,500 ROTC graduates who had expected six months active duty now will get two years. Another 1,700 ROTC men now on six months duty will be extended as much as a year.

Reserve officers completing two year active tours will be encouraged to extend voluntarily. If necessary, as many as 4,000 will be kept on involuntarily.

The Army also may recall individually 700 reserve officers and 2,000 enlisted men to meet needs for special skills. This depends on volunteers.

Tours of duty in Japan and Germany will be extended six months and in Korea three months.

Allies

(Continued From Page 1)

at 4 a.m. and started putting up a barbed wire barrier four feet high.

"Demonstrations at the memorial could occur," said a British army spokesman. "We are putting up the barrier just to protect the memorial."

The action did not interfere with the Russian soldiers who guard the memorial day and night but rather placed a buffer between them and any crowds that might gather. A way was left open at the rear so they could enter and leave their guard-house.

East Germans continued to risk death to escape the Communist regime.

Late Wednesday night a mother and son crashed through a barricaded checkpoint into West Berlin despite a hail of bullets from Communist guards.

A West Berlin police spokesman said only one of about 30 shots fired at the car hit it, and neither of the passengers was hit.

One counter measure taken by West Berlin against the Communist regime went into effect today.

The 150,000 West Berliners who work in East Berlin now are not permitted to change East marks into West German currency.

School Library Closes In Lefors

LEFORS (Spl) — The Lefors School Library closed its Summer session recently and Miss Doris Halley, summer librarian, has compiled a list of those reading the required number of books to receive a summer reading certificate.

They are: Dawn Hill, Marcie Brewer, Kathryn Gatlin, Eddie Jacobs, Elaine Foshee, LeWayne Foshee, Sheila Collins, Neoma Collins, Doris Joe Carlton, Joyce Ann Carlton, Susan Cain, Sandra Cain, Peggy Ann Cox, Elaine Buswell, Larry Russell, Morris Roberts, Richard Roberts, Sharlette Jacobs, and Carolyn Presley.

Dawn Hill read 39 books and was selected the top summer reader.

A story hour for those in the first and second grades was conducted by Miss Halley.

All books not turned in can be returned to the school office.

Kin Of Pampans Air Crash Victim

Funeral services are pending for David McDuff, 26, of Camp Pendleton, Calif. who was killed late Tuesday in a helicopter accident near the camp.

Mr. McDuff was stationed at Camp Pendleton with the Marine Corps as a pilot and helicopter instructor.

Survivors include his wife, Colleen of Calif; grandparents, Mr. and Mrs. Ed Scroggins, 731½ Brunson and an aunt, Mrs. Travis White, 731 Brunson, all of Pampa. He is also survived by two sisters and one brother.

Massachusetts Jail Riot Ends

SPRINGFIELD, Mass. (UPI) — A destructive riot at Hampden County jail, triggered by testimony given at an inquest into the "hot box" death of an inmate, was brought under control today.

Sixteen state troopers marched into the 70-year-old jail building after four hours of noisy demonstrations by 200 prisoners and yanked the alleged ringleaders from their cells. They were immediately put in solitary confinement.

One of those collared by the troopers was believed to be an inmate who testified at an inquest into the death of Robert A. Jette, 21. The inquest was scheduled to resume today.

Jette died of hyperthermia, excessive body temperature, on July 2 after two days in a solitary cell the prisoners call the "hot box."

A convicted burglar, he had been confined in the cell for fighting with two guards.

The disturbance broke out Wednesday night when all the prisoners were locked in their cells. They banged on bars, shattered windows, ripped out toilet facilities, smashed furniture and littered the floors of the four-story brick building with torn magazines.

Lt. Col. Carl Larson, head of the state police, said damage was "quite heavy." No one was injured.

Ramsey Appointed Rail Commissioner

AUSTIN (UPI) — Gov. Price Daniel today appointed Lt. Gov. Ben Ramsey to the Texas Railroad Commission. He replaces the late Olin Culberson.

Ramsey is serving his sixth term as the state's second highest executive.

"Ben Ramsey is an able, experienced state official and is well qualified for this important assignment," Daniel said.

PRINCESS CHARMING—This regal yet natural portrait of Princess Irene of the Netherlands was made for her 22nd birthday. The relaxed study is by Dutch photographer Max Koot.

Alleged Burglar Sentenced For Child Desertion

JIMMY PARKS, former Lefors resident, who is being held in Gray County jail under \$13,000 bond on charges growing out of three burglaries in Pampa, was sentenced to six months in jail yesterday by County Judge William J. Craig when he pleaded guilty on a charge of child desertion.

Also being held in county jail under \$13,000 bond in connection with the burglaries is Leroy Driver of Oklahoma.

Sheriff Rufe Jordan said today the men were being held for burglaries of the Motor Supply of Texas on April 27, 1960, White House Lumber Co., July 25, 1960 and the Coca Cola Bottle Works on Nov. 15, 1960.

The two 22-year-old men, according to sheriff's officers are being held for action of the Gray County 31st Judicial District grand jury.

Minister Speaks To Rotary Club

Rev. Hubert Bratcher, pastor of First Methodist Church, was principal speaker at the regular weekly meeting of the Pampa Rotary Club Wednesday in Coronado Inn.

The Rev. Bratcher related a number of humorous highlights from his early boyhood days and contrasted them with the philosophy of the modern day beatnik.

\$1,000 Bond Set In Assault Case

Bond was set at \$1,000 yesterday for James E. Tubbs, 414 N. Somerville, when he pleaded not guilty before County Judge William J. Craig on a charge of aggravated assault.

The complaint was signed by his wife, Louella.

Lane August 17-24, 31, Sept. 7.

Another Vehicle Sent Into Space

CAPE CANAVERAL (UPI) — The Air Force today launched a "poor man's space vehicle" that may become a key to discovering whether other nations are secretly testing nuclear bombs at high altitude.

A four-stage Blue Scout Jr. rocket soared off its launching pad at 9:29 a.m. EST. in the deepest planned space probe to date that used a solid fuel projectile.

Several officers of the West Texas Chamber of Commerce are expected to be in attendance including Fred H. Husbands, executive vice president, Paul Marable, general manager, and Ralph Duncan, director of the Community Services Dept.

History And Good Food Prevail In Old Deerfield

GAYNOR MADDOX
Newspaper Enterprise Assn.
Deerfield, Massachusetts, site of the tragic Indian massacre in 1704. Is today one of the most serene and beautiful small towns in New England. The inn, near Deerfield Academy, founded in 1797, is modern in food and comfort, but reminiscent in decoration, English furniture and silver, of the tree-shaded town's historical past.

John Harlow, manager of the Inn, an alumnus of Williams College, is friendly though reserved and likes to talk of the food his limited staff prepares. On a sultry day, he offered us a fresh fruit salad served on exquisite china and hot breads made from New England recipes, and clear iced tea.

Pinch of salt
1 cup sugar
1/4 teaspoon nutmeg
1 teaspoon lemon juice
2 tablespoons butter
Pare apples and slice thin. Mix sugar, salt and spices. Add to apples. Fill 9-inch pastry-lined pie plate. Dot with butter. Put cover on plate. Bake in 400-degree F. oven for approximately one hour.

PIE PASTRY
1 1/2 cups pastry flour
1/2 teaspoon salt
3/4 cup shortening
Cold water
Sift together flour and salt. Cut in shortening with a fork until shortening is in small pieces. Add enough water to make the right consistency.

Pork, Veal Combine In Flavorful Patties
The tastiness of the combined pork and veal is enhanced by the addition of 2 teaspoons of brown sugar, minced parsley, sage, cayenne pepper and oregano. H'm, are they good!

SPICY PORK PATTIES
1 1/2 pound ground pork
1/2 pound ground veal
2 teaspoons salt
1/4 teaspoon pepper
2 teaspoons brown sugar
2 tablespoons minced parsley
1 1/2 teaspoons oregano
1 teaspoon sage
1/4 teaspoon cayenne pepper
2 tablespoons water
Combine all ingredients except water. Shape into 8 patties. Place patties in frying pan, add water, cover tightly and cook slowly 10 minutes. Remove cover and cook patties slowly until browned on both sides, about 20 minutes. Yield: 8 servings.

SUMMERY delight: Thin strips of sirloin quickly cooked, then dipped in a sauce and served on Swedish crisp bread.

Tasty Steak Strips On Swedish Bread Provide Good Summer Fare

By **GAYNOR MADDOX**
Newspaper Enterprise Assn.
Here's a Swedish idea for casual but satisfying summer supper parties. Spear thin strips of raw sirloin steak and dip in oil and butter briefly. Next dip in a Bourguignonne sauce, then place on Swedish crisp bread slices. Delicious and fun.

BOURGUIGNONNE CRISPS
(4 servings)
1 pound sirloin steak
Salt, fresh black pepper
6 scallions
Light and dark Swedish crisp bread slices
1 cup oil
1/2 cup butter
Sauce for dipping
Remove all visible fat from the meat and cut into strips about 1/4-inch thick or into small cubes. Arrange on platter with scallions for garnish. Just before serving sprinkle beef with salt and pepper. Have ready a tray of Swedish crisp bread. Heat the oil and butter together in small chafing dish, skim foam off top if desired. Guests spear meat and hold in hot fat for about 1 minute to cook, then dip in sauce and place on piece of crisp bread to eat. For dipping, serve any well-flavored sauce or barbecue sauce. Or try the following Sauce Bourguignonne:

SAUCE BOURGUIGNONNE
(Yield: 1 1/2 CUPS)
1 small onion, chopped
1 small carrot, minced
2 tablespoons oil
2 tablespoons flour
1 can (2-ounces) mushroom stems and pieces
1/4 cup red wine (or water)
1 cup stock or bouillon
1 tablespoon tomato puree
1/4 teaspoon salt
1/2 bay leaf
Freshly ground black pepper
Cook the onion and carrot in oil until soft, add flour and cook until flour and vegetables are brown but not scorched. Add remaining ingredients and simmer 20 minutes uncovered. Serve hot.

REFRESHING
COLLEGE STATION Texas (UPI) — Here's a fresher for hot-weather enjoyment from the poultry science department of Texas A&M College:
Add one egg to one cup of orange juice, either fresh or frozen. Beat until blended, chill and serve.

Strawberry Pie Is Year-Round Treat Made Possible By Modern Technology

GAYNOR MADDOX
Newspaper Enterprise Assn.
Isaac Walton wrote about strawberries, "Doubtless God could make a better berry, but doubtless God never did." Most people feel that way today, now that modern agriculture and technology makes fresh or frozen strawberries available the year-round. Today, also, technology makes instant powdered cream available at all times on your pantry shelf. So the answer is — let's have a luscious strawberry cream pie. Or individual tarts if you prefer.

LUSCIOUS STRAWBERRY CREAM PIE
1 9-inch baked pie shell
3 cups fresh strawberries, whole or sliced (or frozen strawberries)
CREAM FILLING
1/2 cup instant powdered cream
1/2 cup sugar
3 tablespoons cornstarch
1/2 teaspoon salt
1 1/4 cups water
1 egg, beaten
1/2 teaspoon vanilla extract
In small saucepan, combine instant powdered cream, sugar, cornstarch and salt; add water and egg and cook over low heat until thickened, stirring constantly. Add vanilla. Allow cream filling to cool while preparing glaze.

GLAZE
1 cup sliced strawberries
1/4 cup sugar
4 teaspoons cornstarch
Crush strawberries and combine with sugar and cornstarch in small saucepan. Cook gently until thick and clear, stirring constantly. To assemble pie, spread filling over bottom of pie crust; arrange 3 cups strawberries over cream filling. Spread hot glaze over strawberries. Chill pie at least two hours before serving.

When the temperature soars, move leisurely, eat moderately and drink heartily — of water, medical experts suggest.

LUSCIOUS strawberries, like those in this tempting pie, and available the year round thanks to modern technology.

Beef Birds Are One-Dish meal

BEEF BIRDS
1 1/2 pounds round steak, cut 1/2 inch thick
1/4 cup flour
1 teaspoon salt
1/4 teaspoon pepper
1/4 cup lard or drippings
4 to 5 small carrots, cut in strips
4 peeled potatoes
4 small onions
Cut steak into pieces about 3x5 inches. Combine flour, salt and pepper. Dredge meat with seasoned flour. Place 3 or 4 carrot sticks on each piece of steak. Wrap steak around carrots and fasten with a wooden pick. Brown rolls slowly on all sides in lard or drippings. Add potatoes and onions to steak and pour mushroom soup over all. Cover tightly and simmer in a slow oven (300 degrees F.) or on top of range 1 1/2 to 2 hours or until meat is tender and vegetables are done. 4 servings.

Uncooked Weiners Rated Safe To Eat

GAYNOR MADDOX
Newspaper Enterprise Assn.
Q — Is it safe to eat frankfurters I buy at the market without further cooking at home?
A — Yes. Because frankfurters are fully cooked when you buy them, it is safe to eat them without further cooking.

WELL DONE.
NEW YORK (UPI) — Fresh vegetables and herbs give barbecued hamburgers extra flavor. Mix 2 pounds of ground beef with 2 tablespoons of melted butter or margarine, 1/2 cup each of finely chopped celery and onion, 1/2 teaspoon of garlic salt, 1 tablespoon of chopped parsley 1/4 teaspoon each of thyme and marjoram and 1 teaspoon of salt. Form into 6 patties and broil to desired doneness.
Q — My husband insists that beer is good food. He says he doesn't need to eat regular meals, just snacks, when he drink sit. Is he right?
A — Beer does furnish calories and minute amounts of some nutrients. But amounts of minerals and vitamins in beer are too small to be important in an ordinary diet. Tell your husband to eat his dinner, too.
Q — Is it true that milk should never be given to anyone with a fever?
A — According to dietitians of the American Dietetic Assn., the patient's temperature has no bearing on his or her ability to take milk. Milk should form the basis of the diet for persons who are ill or well, they insist.

Here's Advice About Those Pesky Chiggers

AUSTIN — It's been a great year for the chiggers, State Health Department entomologists say. And for tens of thousands of itchy Texans that's the understatement of the decade.

Texas probably has the nation's longest chigger season, entomologists report. The pernicious little parasites are a year-around menace in the southern part of the state, and elsewhere survive until frost. The season is now at its height.

If you're susceptible to chigger depredation — and it is almost a sure thing you are — here is the very best thinking of state and national authorities on how to avoid being attacked in the first place, or, failing that, how to ease the itching.

There are several highly effective repellents on the market now. Some of them act against mosquitoes and other insects as well as chiggers. Particularly useful repellents are those containing diethyltoluamide, dimethyl phthalate, dimethyl carbate, ethyl hexanediol and benzyl benzoate.

Since these chemical names are difficult to remember or even to pronounce, clip this article and take it with you when you purchase your repellent.

Apply the repellent lightly with your fingers to uncovered skin surfaces on arms and legs. Treat socks after you put them on. Run a ring of repellent around the tops of shoes, and treat opening that are buttoned, zippered or otherwise fastened.

On trousers and slacks, treat cuff and waistband; on shirts and blouses, treat armhole and neckbands.

If you go into a chigger-infested place without the protection of a repellent, it is almost certain you will be attacked. If this happens, the experts advise taking a bath as soon as possible. Alternate lathering and rinsing with a germicidal soap several times.

Next, apply a dab of antiseptic to each welt to kill any chiggers not washed off or killed by the bath. This will also help prevent infection.

Destroying the chiggers will reduce the itching, but will not stop it altogether. The fluid injected by the chiggers to dissolve tissue is the itching agent and there is no known way to remove it or to get permanent relief from the itching. Your physician can recommend a local anesthetic for temporary relief.

Remember, the quicker you get into a soapy bath after exposure the better. If you can make it within an hour after the attack, chances are good most of them will be killed before they can attach.

Remember, the quicker you get into a soapy bath after exposure the better. If you can make it within an hour after the attack, chances are good most of them will be killed before they can attach.

Rubbish Collector Latin Specialist Appears Confused To Join TU Staff

HOLLYWOOD (UPI) — Mrs. Lucille McKay mastered Los Angeles' new collection plan which decrees that rubbish must be separated from tin cans. She carefully put out her trash can filled with rubbish and withheld the trash can crammed with tin cans.

AUSTIN (UPI) — Dr. Mary A. Gardner, a specialist on Latin American journalism, will join the University of Texas school of journalism faculty next month, the university announced today. She will teach courses in beginning reporting and "communications systems and international understanding." Dr. Gardner is a former world affairs editor of the Minneapolis Star.

Insurance For Women Only Business Paying

SAN FRANCISCO (UPI) — Keeping an eye on the financial future of women has paid off for Mrs. Eva Byron Wyatt.

Mrs. Wyatt specializes in insurance for women only, and after 14 years has built one of the largest clienteles in the country.

"It's one of the few fields where the sky's the limit," she said. Mrs. Wyatt, an attractive, blonde mother of three boys, prefers not to call what she sells insurance.

"I sell 'security' or 'income units,'" she said, "because statistics show women live longer than men but are seldom employed as long."

Women are Mr. Wyatt's specialty because "they're easier to get along with than men. And since men agents don't bother with them I have little competition."

Her main sales talk is that "life is cruel to women who work. Social security won't support them in style when they retire. They must do it themselves, even if they do it themselves, even if they reach 95... and some of them do, you know."

Mrs. Wyatt, who lives in the suburban Mill Valley said she became interested in the insurance field when she was widowed.

"My aunt thought it was a relatively untapped and lucrative field for women," she said, "and it is."

Mrs. Wyatt's 'income units' are sold mostly to corporation executives or other women "with responsible positions" in the \$5,000-\$8,000 income bracket.

They buy policies for three reasons — "because they have children, for tax reasons, or because they are self-supporting and looking ahead to the future."

Mrs. Wyatt said she could retire, herself, in 1967, but feels that selling is too much fun.

"Besides," she said, "my boys will be ready for college by then, or near it... so I guess I'll keep on selling insurance."

Device Provides Sunlight Oxygen

WASHINGTON (UPI) — An Air Force research scientist has developed a device which uses sunlight to provide oxygen for men in space.

Lt. Col. John B. Fulton demonstrated a working model of his device Tuesday for Air Force Surgeon General Oliver K. Niess and other Air Force officials at a medical research conference in Fairbanks, Alaska.

The device, called a photo-synthetic gas exchanger, utilizes solar energy and grass-like algae to change the carbon dioxide exhaled by an astronaut in a space vehicle into a new supply of oxygen.

Mexico May Set High Sugar Mark

MEXICO CITY (UPI) — Total Mexican sugar production for the 1951-52 season has been estimated by the National Union of Sugar Producers at 1.8 million tons, which would represent a record crop, according to a report here.

Sun Tan Worshippers May Be Taking Risks

By WARD CANNEL
NEW YORK (NEA) — With the sun worship season entering its final weeks in most of the U.S., early reports from vacation-land indicate:

—We've learned a wondrous amount about the sun's hazard from our nuclear, life and space scientists.

—So, we're doing more damage to ourselves than ever before.

—But we're doing it scientifically.

According to experts in health and safety education, hardly an American remains who doesn't know it's the sun's ultraviolet rays that burn the skin, and the infrared rays that burn the eyes — even on the haziest days.

And so, even the remotest secretary in the tallest skyscraper and the toughest truck driver on

dust and smog filter ultraviolet rays as well as an ointment does, leaving her skin ultra vulnerable for beach or mountain burning.

That truck driver, perpetually annoyed against searing, runs the all-too-common risk of blocking his sebaceous glands and finishing his vacation with a heat stroke.

Instant-tan lotion makers don't promise that chemically aided vitality prevents burning. You can burn badly — even with naturally dark skin (and people do, even in deepest Africa).

Even a sun-baked tan is sometimes no protection against further burning. Beach sun burns four times more radiantly than backyard sun. Mountain sun, reflected off snow, burns four times more radiantly than beach sun.

At the other end of the spectrum are the sunglasses hazards from infrared rays. A recent Consumers Union test revealed that too many plastic lenses let too much infrared in or, when scratched, break up light rays dangerously. Stylishly but oddly-shaped frames may not mask out enough light, too.

But even the moderates among us, acquiring their tans slowly and carefully, run a growing risk.

Not only many repeated use of burn-prevention creams cause skin irritation, but also, modern research finds, increasing leisure time and longer vacations are putting us into the sun longer than ever before.

This chronic exposure, in the words of a recent American Medical Assn. report, may be "one of the major factors in the production of pre-cancerous and cancerous conditions of the skin."

"The effects of the sun are cumulative and at some point irreversible. Complete immunity to the effects of the sun is non-existent."

It is also one of the wonders of today's scientific sun-worshipping that we are in jeopardy after sunset, too.

The most carefully selected anti-infrared sunglasses are becoming a real hazard on the highway after dark, concerned traffic safety experts report.

City Council Post Proves Attractive

HARTFORD, Conn. (UPI) — There's no shortage of candidates for the city council primary election in October. Mayor Dominic de Lucco was the 18th person to file Wednesday in the primary.

OUR ANCESTORS

by Quincy

"That must be a good place to eat. All the truckers are stopping there!"

Reporter Learns Why Solons Called GOP's

By DICK WEST
WASHINGTON (UPI) — For a moment as I was reading the newspaper Tuesday I thought that I had picked up one of last year's editions by mistake.

The thing that caused this temporary confusion was the published list of the day's congressional committee hearings, which I peruse each morning before going to work.

The schedule looked normal enough until I came to the listing for the Senate Foreign Relations Committee. Its witnesses, the paper said, would be Henry C. Lodge, Alfred M. Gruenther, Thomas S. Gates Jr., and Christian A. Herter.

Speaking these names over softly to myself, I found that they sounded vaguely familiar. Then, after turning them over in my mind a few times, they began to fall into place.

Lodge, Gruenther, Gates and Herter. I suddenly remembered, were prominent members of the Eisenhower administration as ambassador to the U.N., NATO com-

mander, defense secretary and secretary of state.

After glancing at the newspaper dateline to make certain I had a current issue, I started to wonder what was bringing them back to Capitol Hill. A Democratic-controlled Congress doesn't normally do much consulting with out-of-office Republicans.

At first I speculated that perhaps someone had neglected to tell the foreign relations committee that the administration had changed hands. The committee, being so engrossed in foreign affairs, might not have noticed what was happening at home last January.

It then occurred to me that possibly the committee was engaging in some sort of "Does Macy tell Gimbel" experiment between the previous administration and its successor.

As it turned out, not to prolong the suspense any longer, the erstwhile Ikemen were returning to the witness chair to lend bipartisan support to a bill to create a new disarmament agency.

When I dropped in on the hearings, Lodge was telling the committee that the bill "should give the director of the proposed agency direct access to the President. But Sen. Albert Gore (D-Tenn.) questioned whether this could be accomplished by legislation.

"Congress could pass a bill giving the director a direct line to the President, but there is no way to require the President to be on the other end," Gore pointed out.

This, may be true, but I don't think the committee needs to worry about it. Since it was President Kennedy who proposed creating the disarmament agency, he presumably would be willing to talk to its director.

Furthermore, you'll recall, when the President answered his private phone not long ago, he found himself connected with someone who was trying to call an animal hospital.

In a pinch, possibly the disarmament director could reach Kennedy through the vet.

Relaxation After Snake Bite Said To Help Victim

SAN ANTONIO, Tex. (UPI) — An army expert says the best thing to do when a poisonous snake bites you is the hardest thing to do: It is to relax.

"Animals are a lot smarter than human beings when it comes to reacting to snake bites," the Army expert, Sgt. I. C. Bill Kennedy said.

"I've seen quite a few dogs, bitten by rattlers, settle down in some mud and lie there quietly. Several days later they emerge as good as new."

Snake venom breaks down the red corpuscles when it enters the blood stream. Only when it reaches the heart is it fatal. Kennedy advises calmness for the snakebite victim. The slower he moves, the longer it takes the venom to reach his heart.

Kennedy tells trainees at Brooke Army Medical Training Center that the No. 1 rule in dealing with snakebites is to keep a cool head. If bitten, sit or lie down immediately. Apply a tourniquet between the bite and the heart, then cut across the bite and suck out the venom. Administer anti-venom as soon as possible.

Kennedy has worked with snakes for 35 of his 50 years. Each enlisted man who takes his basic medical specialist training at Brooke gets a two-hour condensation of Kennedy's 35-year's experience.

Hydrants Keep Police On Move

PHILADELPHIA (UPI) — Hot weather presents most cities with a perennial problem in water pressure — the illegal use of fire hydrants.

This is a fire department's term for the general problem of children (and sometimes their parents) turning on hydrants to keep cool.

Philadelphia officials say that in addition to lowered water pressure in the hydrants, with consequent hampering of fire-fighting efficiency, there are other dangers involved in illegal use of the hydrants.

Disease can come from children lying in gutters and allowing the hydrant water running down the street picking up filth to flow over them.

Children playing with hydrant

Colorado Burial Service Slated For Famed Clown

DENVER Colo. (UPI) — He that the dread disease he warned his millions of "buddies and partners" about — cancer — was at that very time eating away his life.

And it killed him.

He thought of his audience as "my children." It was the only family he had. Few of his admirers even knew his real name — Edwin Cooper. He was born 41 years ago at Arlington, Tex., and he called Houston his home.

Bozo died Monday at the American Medical Center in Denver. The hospital did not announce his death until Tuesday. Because he has no real family, he will be buried in Denver after a Requiem High Mass. The hospital is paying all expenses.

Bozo the clown made children of all ages laugh, but he had a serious message for them. He knew it could mean their life or death.

The thing he did not realize was

weater in the street are in constant danger from auto traffic.

And, police cruisers are diverted from other duties — sometimes hundreds of times daily in a city as large as Philadelphia — in order to turn off the hydrants.

Dear Abby...

Man's Wires

Are Crossed!

By ABIGAIL VAN BUREN

DEAR ABBY: My TV set started to act up, and I couldn't get the channel I had the most use for, so I called a TV repair man who lives near me. I thought he was a good family man.

He looked at the set and I told him, before he started to fix anything, I had to know how much it was going to cost me. He said that all depended on how nice I was to him. I thought he was kidding, so I let him take the set to his shop.

I called him five times in two weeks and asked him when he was bringing my set back. He said, "When you tell me your husband isn't home." I told him it was strictly business, but he hasn't returned my set yet. Should I call his wife or tell my husband? What does a respectable woman do in a case like that?

NO CHANNELS

DEAR NO: Call the Better Business Bureau and report this chiseler. His mind is running in channels for which you have no use.

DEAR ABBY: What do you think of a son who goes away to the Army and leaves his automobile for his GIRL FRIEND to drive, while his own father takes the bus to work?

Not only that, but this young man sends his Army pay check to this girl to save for him. He writes to her every day, and the only way his parents know he is living is when she rings us up and gives us his regards.

ONLY HIS PARENTS
DEAR PARENTS: Your son fell pretty hard, but there is no excuse for ignoring his parents. Pray that he will soon realize that a big man has love enough for his girl and his parents.

DEAR ABBY: This year we are having our first taste of barbecue dinners. I ask you, is there a host or hostess who KNOWS how to barbecue?

We're sick and tired of eating raw, charred meat and chicken. I enjoy eating outdoors, but who can eat food that is burned on the outside and raw on the inside? And that horrible sauce they paint everything with is murder! I'll stick to my old reliable controlled-heat oven, thank you.

PEGGY

DEAR PEGGY: When you accept a dinner invitation for food prepared indoors, you get no guaranty that the food will be properly cooked and seasoned. If you like

BRIDE ELECT — Mr. and Mrs. Cloys Bishop of Timken, Kan., announce the betrothal of their daughter, Betty, to Lawrence Dan Mitchell of Pampa, son of Mr. and Mrs. D. W. Mitchell of Minneola, Kan., former Pampa residents. A late August wedding is being planned.

Manners Makes Friends

When shown a group picture try to restrain the impulse to exclaim "It's terrible of me." Makes you seem self-centered.

the company, go and take your chances, indoors or out.

Everybody has a problem. What's yours? For a personal reply, write to Abby in care of this paper. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

It's wise to shampoo your hair if you've been trying on hats that others have tried on before you.

Methodist Fellowship Holds Lake Retreat

LEFORS (Spl) — The Methodist youth Fellowship spent Friday night at Lake McClellan.

Attending were Mickey Archer, Donna Graham, Ronnie Willis, Judy Barnes, Linda Willis, Sue Click, Charles Day, Richard Bull, Pat McDowell, Bennie White, Mary Duncan Mr. and Mrs. Jeff Stubblefield, Mr. and Mrs. H. L. McCarley, Rev. and Mrs. H. Carl Nunn, Carole Ann and Timmy.

Pampa Credit Women Plan Meeting Friday

The Pampa Credit Women's Club will meet at 7:30 p.m. Friday in the home of Mrs. Dennis Stilwell, 1308 Terrace, Assisting Mrs. Stilwell as hostess will be Mrs. Clifford Lewis.

The program, entitled "Glamour Grammar," will be presented by Mrs. Ruby Capps, English teacher at Pampa High School.

Special guests will be members of the Amarillo Credit Women's Club.

Child May Wear Invisible Dunce Cap If Sent To School With Vision Defect

By PATRICIA McCORMACK

NEW YORK (UPI) — The dunce cap has gone the way of the one-room school.

But your child may wear an invisible dunce cap — if you send him off to school with a vision problem.

"In the field of vision," reports the Better Vision Institute, "the youngster bears the same handicap as the oldest and wisest among us: He has no way of knowing that his eyes are not functioning properly."

"The commonly used test for 20-20 vision reveals only whether he can see well at a distance of 20 feet," the institute said.

"Only an eye specialist, conducting other tests also, can determine whether the child is near-sighted or farsighted or that his-

two eyes are not working as a team."

Must Work Hard

An ambitious child with defective vision may get along by working long and hard.

If he gets good grades it is at the expense of wasted energy and lowered efficiency, educators have found.

Visual screeners at Columbia University recently discovered a freshman who, all his 18 years, had been reading the left page of a book with his left eye — and the right with his right eye.

His grades had always been good, however. He was one of those pluggers.

But the typical little student, confronted daily with a job he cannot do because of a hidden defect in vision, usually just as-

sumes he is not as smart as he should be.

Learning Hand Work

Actually, the six year old faces a tremendous task when he begins to learn to read. The institute described it this way:

—Accustomed to observing his small world in general fashion from intermediate and far distances, he must now focus his eyes on a line of print only 12 to 20 inches away. And he must hold the focus to keep the print from blurring.

—And while learning this, he must understand what those symbols — numbers, letters and words — mean.

Researchers discovered that about four children in every 10 have visual skills below the level required for good school work.

Are your child's eyes up to the task? He will acquire 85 per cent of his knowledge through the eyes.

Mary Martha Class Has Business Meet

LEFORS (Spl) — The Mary Martha Class of the Baptist Church met in Leforian Park for their monthly social and business meeting.

Mrs. Ralph Hix presided at the meeting and Mrs. David Robinson led opening prayer. Mrs. Roland Wells will be hostess at the next meeting, it was decided. Mrs. Jack Thacker and Mrs. Leonard Cain were appointed to the nominating committee.

Refreshments of homemade ice cream and cake were served. Attending were Meses. Frank Cooksey, Leonard Cain, Charles Earhart, Ralph Hix, Odell Cam, Roland Wells, Jack Thacker and David Robinson.

IN THE STRETCH

Those nylon stretch gloves are now shown in a ten-button length. Bone and white are best colors for summer.

Foreign Commentary

LONDON (UPI)—Western planners are considering the possibility of establishing a United Nations regional headquarters in Geneva-type European headquarters in Berlin as a long-term guarantee for the independence of the divided city.

The plan is one of various blueprints for a solution of the explosive Berlin problem.

The idea stems from recent suggestions that the United Nations be linked with the Berlin issue, by either sending a token force to the city or guaranteeing any future settlement.

Its supporters believe that the establishment of a regional United Nations headquarters there would offer a continuous safeguard against Berlin's absorption by Russia or the East Germans into the Communist orbit.

It has even been suggested that the entire U. N. headquarters be moved from New York to Berlin.

Soviet Premier Nikita Khrushchev has been calling for its transfer and could therefore hard-

Bullet Fails To Hurt Lad

EAST BRUNSWICK, N.J. (UPI)—A 13-year-old boy received only a bruise Tuesday when a .32-caliber bullet, fired at point-blank range, bounced off his chest.

Police said Frank Doerr was playing in a friend's cellar with an old .32-caliber pistol. The friend, whose name was withheld by police, pointed the pistol playfully at Frank's heart and pulled the trigger.

Police said the shell casing had been cracked and most of the force of the bullet was spent before it left the barrel of the pistol. The bullet did not even penetrate Frank's shirt, they said.

Establishment of a United Nations headquarters deep inside the Iron Curtain area could be exploited by Russia to influence delegates from the uncommitted nations.

On balance, though, the plan is believed to offer more advantages than disadvantages.

SUNNY SIDE OF LIFE—Grandchildren and daughter-in-law of former President Dwight Eisenhower relax in sunshine at a Daytona Beach, Fla., pool. From left: Ann, 12; Susan, 9; Mary Jean, 5; Mrs. John David Eisenhower, and David, 13.

Upward Outlook In Stock Mart Declared Good

NEW YORK (UPI)—Martin Gilbert of Van Alstyne, Noel Co. feels sure that from a technical point of view, the market looks higher, backed by the current economic upturn as well as the potential for further business strength in the period ahead.

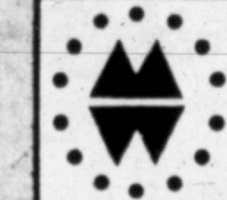

Bache & Co. tells clients that as long as the Dow-Jones industrial average remains above 713, the prospects for short term appreciation of individual issues remain favorable.

Governor Seeking Fast-Moving Crab

NEWPORT NEWS, Va. (UPI)—The Virginia Fisheries Commission says it has been asked to find a fast-moving crab.

Gov. J. Lindsay Almond made the request. He needs an entry for the second annual Governor's Cup Derby—a crab race—at Crisfield, Md., next month.

NFL Expects To Set Attendance Record

United Press International
Box office business is booming in the National Football League like never before. Pre-season ticket sales are at an all-time high. In Baltimore and Green Bay, there just aren't any season tickets to be bought. In four other cities — Detroit, Chicago, New York and San Francisco—all the good sideline seats are expected to be sold by the start of the season, according to a United Press International survey. The new Minnesota Vikings have sold approximately 28,000 season tickets, assuring the club of financial success for its first season in the league. Six clubs report that the advance sale of season subscriptions is running ahead of last year. None of the other eight teams report any decline in business, although the Dallas Cowboy sales are lagging behind the rest of the league.

From all indications, the league

Maris Hits Two As Yankees Win

By United Press International — The Cincinnati Reds moved a full game in front in the National League Wednesday night by sweeping a two-night doubleheader, 6-0 and 8-0, before a rather dejected crowd of 72,140 at the Los Angeles Coliseum. It was the first time the Dodgers had been shut out in both ends of a doubleheader since July 28, 1935, and the first time they had been blanked in consecutive games since 1949. Although Bob Purkey fired a four-hitter at the Dodgers in the opener and Jim O'Toole came right back with a two-hitter in the nightcap, the two Cincinnati triumphs pivoted around an incident that occurred during the seventh inning of the opener. Even before this latest series began, there had been bad blood between the two teams over the fact the Reds felt Dodger pitchers had thrown at Frank Robinson and Vada Pinson earlier in the year. Then in the seventh inning of the first game Wednesday night, with the Reds ahead by six runs, Stan Williams hit Pinson on the back of the head with a pitch. Pinson didn't move for several minutes but finally was able to walk off the field. In their clubhouse between games, the Reds did some talking about making things right. They made good their promise here, too. Gene Freese was the chief contributor, driving in four runs with a pair of homers off southpaw Johnny Podres. The homers were Freese's 21st and 22nd. Catcher Darrell Johnson, who joined the Reds only 24 hours before, also homered to help O'Toole gain his 12th victory. The two victories by the Reds

made it three in a row over the Dodgers and extended a Cincy winning streak to four games. Warren Spahn surpassed Lefty Grove's 300-win total by winning his 301st while pitching Milwaukee to a 2-1 victory over Pittsburgh, the long gone Philadelphia Phillies tied a NL record by losing their 19th straight in a 9-5 setback at the hands of the Chicago Cubs, and San Francisco downed St. Louis, 4-3, in other NL games. In the American League, where Babe Ruth's record is overshadowing the pennant race, Roger Maris socked Nos. 47 and 48 and moved 16 games ahead of Ruth's record pace in a 5-4 victory over the Chicago White Sox that stretched the New York Yankees' lead to three games. The Baltimore Orioles turned back the Detroit Tigers, 8-2, Cleveland beat Boston, 6-4, Kansas City crushed Minnesota, 12-7, and the Washington Senators defeated the Los Angeles Angels, 3-2. The Yankees won their game with the White Sox in the ninth when pinch-hitter Bob Cerv was hit by a pitch with the bases full. Hacker hit Cerv but the loser was Turk Lown, who loaded 'em up. Maris hit his first homer of the game in the first inning and his second in the third. Both blows, off Billy Pierce, came with one on. Jim Landis also hit a pair for the White Sox. Reliever Ralph Terry blanked Chicago on two hits over the last four innings to make his record 9-1. Milt Pappas' two-hit pitching along with homers by Jackie Brandt, Brooks Robinson and Jim Gentile were more than enough to give the Orioles their win over the Tigers.

made it three in a row over the Dodgers and extended a Cincy winning streak to four games. Carling Open Starts Today

GLENMONT, Md. (UPI) — Doug Sanders, closing in on Gary Player and Arnold Palmer as golf's leading money-winners for 1951, leads the field of 142 pros and 10 amateurs teeing off in the \$35,000 Carling Open today. The Cedartown, Ga., pro with the wide-open stance and clipped backswing, has earned \$50,598 on the PGA money tour to date. A victory in the Carling — worth \$5,300-would vault him into second place over Palmer. Neither Palmer nor Player are competing. Sanders has been hot of late, winning the Eastern Open at Baltimore for a \$3,300 pot and finishing in a tie for fourth at Hartford last Sunday, picking up another \$1,533. Except for Player and Palmer, virtually all the top pros are in this 72-hole test over the demanding 7,000-yard, par 70 Indian Spring Country Club layout.

Monterrey Loses In Colt Tourney

ABILENE (UPI) — Rancho San Gabriel, Calif., tripped Monterrey, Mexico, 4-1, and Joliet, Ill., beat Charlotte -N.C., 5-6 Wednesday night in the first round of play of the Colt Baseball League World Series. Allyn Ayon fired a four-hitter at Monterrey. It was his eighth victory against no losses in Colt League tournament play. Joliet was sparked by Tom Ausc who hit a three-run homer in the second inning.

Houston Ace Scores Win

SAN ANTONIO (UPI)—Two 18-hole matches were scheduled today for contestants in the 35th annual Texas Junior Golf Tourney.

Bob Lefzwich, 15, from Lamar High School in Houston, blistered the course with a five-under-par 66 Wednesday to overwhelm Dale Roper of Austin, 2-and-1, in a second round match. Although Lefzwich closed Roper out on the 17th hole, the Houston player played the last one to see what he could shoot.

Abbott beat Ed Luckel of Houston, 3-and-2; Holcomb defeated Ray Neal of San Antonio, 5-and-4; and Reilly downed Rusty Whigham of McAllen, 5-and-4.

Medalist Jim Grant, San Antonio, coasted to a 4-and-3 victory over Ronnie Anderson of Cleburne. Other results: Royce Roberts of Austin, def. Jim Duff, Robstown, 4-and-3; Bill Wade, Freeport, def. Jerry Hoffman, San Antonio 4-and-3; and Randy Wolf, Beaumont, def. Mike Glover, Dallas, 1-up.

The 36-hole finals will be played Friday.

America Set To Hail New HR Mark As Great Feat

NEW YORK (UPI) — If Roger Maris or Mickey Mantle achieves the magic 61 in 1951, that feat of breaking Babe Ruth's home run record will be hailed in America, at least, as the greatest sports accomplishment of the century.

Already, the tremendous nationwide interest in this unprecedented two-man pursuit race is a positive indicator that a new record would be regarded in the United States as a performance even greater than Dr. Roger Bannister's first four-minute mile.

Bobby Jones' grand slam in golf has been acclaimed through the years as an outstanding accomplishment. However, it's doubtful that even the most enthusiastic linksmen would argue that Bobby is as big an American sports hero as the Babe was — and still is.

Unquestionably, the breaking of Ruth's record would be hailed as a greater achievement than any accomplishment by Jack Dempsey in boxing, or by Bill Tilden in tennis or Red Grange in football, and so on.

When Bannister of Great Britain ran history's first four-minute mile on May 6, 1954, at Oxford, Eng., the performance was hailed worldwide as perhaps the outstanding sports achievement of the century. He had accomplished what many experts believed was beyond human possibilities, and

thus erected a milestone in man's development.

But Bannister's four-minute mile no longer stands out as a shining challenge like Ruth's 60-home-runs figure because now 24 runners, including four Americans, have traveled the mile in less than four minutes.

But hundreds of major league batsmen have been trying to better Ruth's mark for 34 years and, thus far, all have failed.

Even baseball's dramatic performances by Johnny Vander Meer with two consecutive no-hitters, June 11 and 15, 1938; and Don Larsen's perfect World Series game, Oct. 9, 1956, are not in the stratosphere class with Ruth's record.

For sheer day-to-day interest, there hasn't been anything in American sports so engrossing as the Maris-Mantle pursuit since 1951, when the New York Giants staged their "miracle run" for the National League pennant.

That run was climaxed by Bob by Thomson's ninth-inning flyoff homer to win the flag, one of the most dramatic blows in baseball history.

AGREES TO ROUT

MILAN, Italy (UPI) — Archie Moore of San Diego, Calif., co-holder of the world light heavyweight title has agreed to meet Sante Amonti of Italy in a non-title bout at Brescia Sept. 17.

Panhandle Grid Game Saturday

The fourth annual Panhandle Grid Classic between the City Slickers and the Sodbusters will be played Saturday night at Amarillo's Price College field at 8 p.m.

All star football players from the area smaller schools make up the Sodbusters and the City Slickers are composed of boys from the larger schools. The City Slickers lead in the series two to one.

Coach Jack Berry's Sodbusters will be depending on two White Deer lads to carry the load Saturday night. Ends Leland Knight and Robt McAllister of the Bucks are expected to be on the receiving end of Happy's Bob Frost passes.

Other local gridders playing for the Sodbusters will be tackle Neal DeBord, Sunray; center Jimmy Hudson; Groom and the rugged Stinnett guard, Bernie Karr.

SHOW STOPPER LONDON (UPI) — A night club had to cancel its "extravaganza" show Wednesday night. The stage curtain wouldn't work.

Freight Hauling Primary Reason Railroads Began

NEW YORK (UPI)—A Southwestern railroad, which last week disclosed the purchase of about \$1 million of securities of another rail line, had some advice today for the general public: Don't weep over the vanishing passenger train. No matter how much the trains or their gradual passing from the American scene — have been in the public eye, not even a sudden increase in freight revenues would be likely to bring them back.

The advice came from the Missouri Pacific Railroad, which last week disclosed its purchase of about \$1 million of securities of the Chicago and Eastern Illinois Railroad Company. The C&EI has entry into Chicago, which the Missouri Pacific presently lacks. In its monthly house publication "News Reel," the MoPac said that "American people have never fully understood the primary purpose of the building of railroads, which was the transportation of freight."

Admittedly, this "misconception," said the publication, is easy to understand because most people form their opinions on what they "see, feel and use." And the public's general contact with the railroads has been in the role of passengers, not as freight buyers. What the MoPac deplures — and in this attitude it is joined by other railroads, both larger and smaller — is the concept that the loss of the passenger trains spells the "death" of the railroads.

"Railroading, from the standpoint of its primary objective — the transportation of freight — is still a dynamic, forward-moving industry," it said. "The big problem facing the railroad industry is not only how to hold the line on its declining passenger business but, more importantly, how to hold the line on its deteriorating freight business."
