Sundays 120

SNOW BLOWS AND SCHOOLS CLOSE—Pampa was experiencing its coldest day of winter today with prospects of subzero weather tonight. The severe weather closed city schools and 13-year-old Jimmy Cota, son of Mrs. Pat Cota, 627 Yeager, is shown in top photo celebrating the day off. At bottom was a typical street scene in Pampa this morning as the wind whipped snow across streets and made driving hazardous. This picture was taken on N. Hobart near 18th Street. (Daily News Photo)

10 Below Predicted For Panhandle Area Tonight

Bill On Abandoned Bank Accounts Gets Approval

AUSTIN, Tex. (UPI) — The Texas House was expected today to pass and send to the Senate a bill which would keep abandoned bank accounts from being slowly consumed by service charges.

The measure, tentatively approved in the House after long debate and many amendments, is a compromise between Gov. Price Daniel's wish for abandoned accounts to be turned over to the state and bankers' arguments that no escheat legislation is necessary.

The Senate quickly passed a \$15 million farm road bill Monday, but an identical measure ran into trouble in the House Banking Committee.

The House Banking Committee approved Monday night a measure designed to put loan sharks out of business but ensure a profit for legitimate small loan companies.

The Senate probably will take up the House escheat measure Wednesday. Today the Senate Finance Committee met to consider a bill which would appropriate \$300,000 for tourist advertising, \$150,000 for San Jacinto Monument repairs, and \$100,000 to hire more juvenile parole officers.

The compromise escheat bill, sponsored by Rep. Charles Hughes of Sherman, passed tentatively by a vote of 79-61.

It would require banks to publish a list of dormant accounts every year in an attempt to find the depositors; require that agreements between depositors and banks allowing service charges on dormant accounts be written separately and not as a

condition to opening accounts; require banks to report to the state the exact balance of a dormant account, and permit banks to turn over to the state dormant accounts of less than \$25.

Hughes said that under the amended bill, it would be five years before any escheat accounts would revert to the state treasury. He said the main purpose of the bill is to preserve accounts from being eaten away by service charges.

The Senate took only 40 minutes to pass the farm road measure, sponsored by Mrs. Nevelle Colson of Navasota, and sent it to the House. But the lower chamber was not expected to act on it before Wednesday.

Concern Is Seen Over Buildup Of Steel Inventory

WASHINGTON (UPI) — Administration officials were reported deeply concerned today about a rapid buildup of steel inventories by firms seeking to hedge against a possible mid-year strike by steel workers.

The officials said extensive stockpiling of steel products now would only harm the national economy, steel companies and their customers and workers.

Industry sources have reported a sharp increase in new orders about six to eight weeks in advance of the usual buildup before the start of negotiations between "Big Steel" and the United Steelworkers.

The contract talks are not scheduled to begin until May and no walkout is possible by the 500,000 workers until the present pact expires June 30.

Labor Secretary Arthur J. Goldberg, who was reported optimistic about chances of avoiding a strike, was expected to renew President Kennedy's call for "responsible" bargaining at a news conference this afternoon.

Goldberg and Kennedy have discussed the outlook for steel negotiations.

"If Goldberg thought an auto strike would injure the country last fall, that is true in spades for steel," one official said.

Administration officials were said to fear that a steel buildup now might keep the mills going at near-capacity for six months but reduce business in the second half of the year to a trickle even if there is no strike.

Traffic Is Open, But Hazardous; Snow Will End

Pampans were getting braced late today for sub-zero temperatures of 10 to 15 degrees below tonight.

That was the forecast for Pampa and vicinity from the Amarillo Weather Bureau this noon. The forecast came in the wake of a night and morning of blustering wind and snow that left an accumulation of between two and three inches on the ground and in many places, drifts up to three or four feet deep.

Highways leading in and out of Pampa were open this afternoon but Highway Patrol officers said the roads were extremely hazardous for driving.

They advised motorists to stay off the highways unless trips were absolutely necessary.

The mercury dropped to 3 above zero in Pampa at 7 o'clock this morning. The high this afternoon was not expected to reach above ten degrees, the weather bureau said. The temperature at noon was 4 above.

Last night's snowfall was whipped around by winds of 25 to 30 miles an hour. Streets were icy underneath the snow, caused by freezing rain and sleet early last night.

Service stations had many calls for antifreeze and tire chains as the mercury went down and the streets became slippery.

There was no school in Pampa today. Supt. Jack Edmondson cancelled all public school classes early this morning when it became apparent travel would be hazardous for buses and private passenger cars.

City police reported no serious accidents had occurred on city streets up until noon today.

The frigid weather was expected to keep temperatures in the cold category throughout the Panhandle area for the next few days although the forecast calls for cloudy to partly cloudy skies with snow ending tonight and a little warmer tomorrow.

Cold, Snow Sweeping Many Areas

By United Press International

Blizzards pounded the Dakotas, Colorado fought waist-deep snow and the Southern plains braced for predicted record cold today.

Snow up to 40 inches deep clogged parts of the Rockies. Ahead and behind the storm sub-zero cold moved in, engulfing all or parts of 15 states.

Snow was beginning to fall over the Tennessee Valley area this morning and weather men predicted it would spread through the day to Mississippi, Alabama, Georgia and the Carolinas. Low temperatures in the teens were expected in Tennessee tonight.

Up to eight inches of snow fell in western Michigan early today, leaving highways hazardous. Between Traverse City and Charlevoix high winds whipped the snow, cutting visibility to 10 feet.

The Weather Bureau warned of a hard freeze as far south as Louisiana and Mississippi tonight. Heavy snow warnings were up for parts of Arkansas, Texas and Oklahoma.

Northeast Texas was warned to expect an ice storm and the Weather Bureau said as much as five inches of snow may fall in north-central Texas by tonight. Dallas may receive four inches.

Meanwhile, San Francisco had a high of 79 degrees Monday, breaking an 85-year-old record for the date and the 63-year-old record for the month of January.

The death toll since the latest weather onslaught began last weekend reached 60. Wisconsin had 17 deaths and Illinois 16.

By midnight the temperature had dropped below zero at Denver, Minneapolis and Chicago. Butte, Mont., reported 32 below (See BLIZZARDS, Page 3)

Expect Report To Show Jobless Above 4 Million

WASHINGTON (UPI) — The government was expected to report today that unemployment edged above four million in December.

Labor Secretary Arthur J. Goldberg planned to announce last month's job figures at a news conference this afternoon.

Administration officials said they hoped any increase in joblessness would not exceed 100,000—the normal rise for December.

A key economic indicator—the seasonally adjusted rate of unemployment—would fall if the jobless rise was smaller than usual. The rate stood at 6.1 per cent in November after a significant drop of .5 from the October reading.

The shortage of jobs has been a persistent problem during President Kennedy's first year in of

He entered the White House with unemployment estimated at \$385,000 in mid-January. The next month it hit a postwar peak—5.7 million—before gradually declining to 3.9 million in October.

But the unemployment rate stuck close to 7 per cent of the labor force and dimmed Kennedy's hopes for a decline to 4 per cent by the end of 1962.

There were 64.4 million Americans at work when Kennedy took the oath of office a year ago. That number climbed to an all-time peak of 68.7 million in mid-summer but dipped to 67,349,000 in November.

Virtually no change was expected in the over-all total in December although the number of higher-paid, non-farm workers usually climbs by 400,000 because of pre-Christmas activity.

OEP Asks For Removal Of Ban On Residual Oil

WASHINGTON (UPI) — The Office of Emergency Planning (OEP) has recommended to President Kennedy that he remove all import restrictions on residual oil, a reliable source said today.

The source said the recommendation has been at the White House for three or four weeks. It is a result of a study initiated last May by New England's senators and representatives.

Kennedy's delay in acting on the recommendation points up the highly controversial aspects of it. Should he remove quotas, a sure-fire, bitter protest would be forthcoming from congressmen from coal-producing states.

Residual oil restrictions have been favored by coal states and vigorously opposed by northeastern states which use the heavy oil to produce electricity and heat large buildings.

The residual oil consumers claim the restrictions have caused higher prices and shortages. Coal interests claim it is foolish to become increasingly dependent on a foreign fuel supply which might be cut off in event of war.

The coal industry also maintains that mining facilities are being allowed to deteriorate and might not be available in case of a national emergency.

Residual oil is a left-over product from crude oil refining. Most of the imports to this country come from Venezuela.

On March 10, 1959, President Eisenhower issued an order restricting imports of crude oil and residual oil. His order followed a finding by the Office of Civil and Defense Mobilization that crude oil was coming into this country at a rate to impair national security by discouraging domestic production and development.

Molotov Gets Old Job Back

VIENNA (UPI) — Former Soviet Foreign Minister Vyacheslav M. Molotov, one of the last of the "Old Bolsheviks" to survive under Premier Nikita S. Khrushchev, was expected here today to resume his Atoms for Peace post.

A Foreign Ministry spokesman in Moscow indicated Monday that Molotov, 71, and his wife emigrated for Vienna over the weekend.

A spokesman for the International Atomic Energy Authority (IAEA) said it had received no official word he was returning. Neither had Austrian officials.

The IAEA is where Molotov once more will represent the Soviet government. He left here eight weeks ago amid speculation Khrushchev might have ordered him disciplined for being part of the old-line Stalinist "anti-party" group.

Khrushchev had bitterly denounced Molotov before the 22nd Communist party congress in Moscow. At the time, the one-time Soviet premier was second in command of his country's delegation here—a post considered diplomatic "exile."

Western diplomats here received the news the "Old Bolshevik" was heading back to Vienna with great surprise.

In London, diplomats speculated that Molotov may be considered by the Kremlin less troublesome outside the Soviet Union than inside.

Farm Price Policy Gets 'Hold' Order

WASHINGTON (UPI) — Secretary of Agriculture Orville L. Freeman apparently has adopted a hold-the-line philosophy on price supports in an attempt to slow or halt the rising cost of farm programs in 1962.

Freeman announced Monday with no fanfare that price supports on cotton, rice, peanuts, dry beans, and honey or 1962 would be the same as in 1961. A year ago the support prices for all these commodities were raised substantially over 1960 levels. The 1961 action was hailed as a boon to farmers.

The higher supports played an important part in raising farm income an estimated 9 per cent in 1961. Unless cash receipts from marketings go up considerably this year, another such increase in farm income is not likely.

The budget-conscious view displayed in Monday's announcement ties in with recent speculation that Freeman has been under pressure to reduce the cost of farm programs.

Judge Goodrich To Run Again

Lewis M. Goodrich, now serving as 31st Judicial District judge, filed today for re-election on the Democratic ballot.

Goodrich, 63 has served as district judge since 1947 when he was elected to the post.

Also filing for a place on the May Democratic primary ballot as county commissioner in Precinct 2 is Marvin C. Webster, 2315 Christy.

Webster, 50, has been a farmer and rancher in the Panhandle area for several years.

Commission Approves Audit Of City Books

The Pampa City Commission this morning approved the audit conducted by the firm of Nensiet and Doggett. Gerald Doggett met with the group and stated that the basic accounting procedures followed by city departments were equal in efficiency to any city in Texas of Pampa's size.

The commission asked Doggett several questions about the audit and there was some discussion on the effect to the city's revenue raising ability of business firms that locate at the city's edge, utilizing city services but not paying city taxes.

After a brief discussion, bills for January totaling \$19,857.23 were approved. Of this total, \$15,234.44 was for the general fund, \$4,488.54 the water and sewer department and \$134.25 for the library.

City Attorney Bob Gordon was instructed by the commission to draw up a final payment release to be presented the firm of Koch, Fowler and Grafe, city planners.

on the basis of a \$1,450.00 bill the planning firm presented for various maps and studies made of the downtown business area of Pampa. There was a discussion, led by Mayor E. C. Sidwell, of the legitimacy of this claim.

City Manager John Koontz was asked to look into the problem of the city's hauling of tree trimmings. Technically, the city is only liable for hauling off that which is placed in barrels and out-of-town tree trimmers, have been urging their customers, at a reduced charge, to get the city to handle this task.

The city manager was also instructed to advertise for bids for a trash truck to replace the one recently destroyed in a collision with a train. Koontz was also asked to look further into the necessity of placing joint seals on the main water line, coming into town from the south through the Cole addition which are leaking. The commission also discussed (See COMMISSION, Page 3)

B-B Shot Causes Youngster's Death

KALAMAZOO, Mich. (UPI) — Louis Timothy Morrison, 4, who was shot accidentally in the eye with a BB pellet-fired by an older brother over the weekend, died Monday in a hospital. The cause of death had not been determined.

Votes Pour In On City's Two Friendliest Employees

You can vote to answer two questions:

(1) Who is Pampa's "friendliest, most courteous" woman employee?

(2) Who is Pampa's "friendliest, most courteous" man employee?

Cast your votes for your favorites today. Honor the man and woman in any service role in the city who deserves recognition in helping keep Pampa a friendly city. Just turn to Page 2 and use the Award Voting Ballot, then bring or mail your ballot to The

News, or drop it in one of the ballot boxes at the Chamber of Commerce or in the lobbies of Pampa's two banks.

All instructions are printed with the ballot on Page 2. The two winners, determined by the voting, will each receive \$50 in cash and a framed award certificate.

The list of nominees is growing daily. First nominations were published in Sunday's News. (See FRIENDLIEST, Page 3)

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

BEASTLY BURDEN — Mrs. Harry Bennett is taking no chances of her Afghan hound getting his footies wet and catching cold as they arrive at London's Empire Hall in the rain. Dog was entry in Richmond Championship Dog Show.

City Directory For 1962 Will Be Ready May 1

Pampa will have a new 1962 city directory next Spring.

Chamber of Commerce officials announced today that representatives of the Hudspeth Directory Co. arrived in the city yesterday and began laying the groundwork for the new directory which will be off the press May 1.

Advertising representatives will be making their first calls, according to E. O. Wedgworth, chamber manager. They will be followed soon by enumerators.

A new city directory is published every 18 months. The Hudspeth company also provides the chamber of commerce with an up-to-date library of city directories which is open for public use in the chamber offices.

Hudspeth representatives now in Pampa are R. O. Griffin and Max Zweig.

VOTE FOR COURTESY

Friendliest -- Most Courteous → **Employee Awards**

LET'S KEEP PAMPA THE FRIENDLIEST CITY IN TEXAS

I vote for the following for the awards:

"Friendliest, Most Courteous" WOMAN EMPLOYEE —

Name

Place of Business

"Friendliest, Most Courteous" MAN EMPLOYEE —

Name

Place of Business

Clip out, fill in, and please mail the above to "Friendliest, Most Courteous" Employee Awards, at The Pampa Daily News, Pampa, Texas, or deposit in any one of the 4 ballot boxes located at Citizens Bank and Trust Co., First National Bank, Pampa Chamber of Commerce, or The Pampa Daily News — voting ends on Wednesday, February 15. Announcement will be made in the February 25 edition of The News. Store owners or managers are not eligible. Vote as often as you wish; use only the award voting ballot which will be published daily in The News.

TAKES ALL KINDS

CLEVELAND, Ohio (UPI) — Cuyahoga County Treasurer Frank M. Brennan offered the following incident for the "it takes all kinds to make a world" category. A reluctant taxpayer paid his bill in quarters and half-dollars packed in several small tobacco bags and then complained that he came to America 10 years ago to find freedom.

CARS STICK TO ROAD

Guignes, France (UPI)—It was sticky going for drivers along a highway near here Sunday after an Italian tank truck overturned and spilled 444 gallons of glue on the road. Police had to detour traffic while motorists worked their wheels loose. Sand was sprinkled over the glue to end the jam.

Court Rejects Appeal Of Two Negro Ministers

WASHINGTON (UPI)—The Supreme Court refused today to examine the appeal of two Negro ministers convicted of disorderly conduct in Birmingham, Ala., for their part in a 1958 campaign against segregation on city buses.

The brief order leaves standing state court decisions affirming the convictions.

The men are the Revs. J. S. Phifer and F. L. Shuttlesworth. In other actions, the court:

Denied a hearing to five Baltimore newsstand operators convicted of selling magazines found by a local court to be obscene.

Let stand an oath of office statute required in California for public officials, including notaries. The law had been challenged by Los Angeles attorney A. L. Wirin, who wanted merely to take the section of the oath pledging allegiance.

Upheld an Interstate Commerce Commission order nullifying a private freight rate agreement between a shipper and a railroad. Agreed to decide whether New York must grant hearings to mentally ill patients with criminal records before they can be transferred to Matteawan state hospital.

The Missouri State Historical Society was founded by newspapermen more than 60 years ago.

House Speaker To Be Elected

WASHINGTON (UPI)—The post which is regarded by many as the second most powerful in American government will be filled Wednesday by an election in which only 429 citizens will be eligible to vote.

The election will take place in accordance with the U. S. Constitution which says: "The House of Representatives shall choose (sic) their speaker."

The speaker is the dominant figure in Congress. He has far more power than any other member. He stands next to the vice president in the line of presidential succession. Like the vice president he draws \$45,000 a year in salary and expenses—twice as much as senators and other House members.

The speaker is the commander of his party in the House. He is expected to, and does, use his vast gavel-wielding powers to advance the interests of his party. This aspect is peculiarly American. In contrast, the speaker of the British House of Commons is expected to show no partisanship.

MA Discusses Year's Goals

The Pampa Ministerial Alliance met for luncheon at 11:45 a.m. today in the Fellowship Hall of the First Methodist Church with their wives as special guests.

Included in the business session was a discussion of the objective of the Ministerial Alliance for 1962.

Presiding, during the meeting, were the newly-elected officers of the group, Dr. Hubert H. Bratcher, First Methodist Church, president; the Rev. Therman O. Upshaw, Central Baptist Church, vice president; the Rev. Russell West, Church of the Brethren, secretary; and the Rev. Jack Riley, St. Paul Methodist, treasurer.

Commission

(Continued From Page 1)
the claim by the firm of Brodie-Emix, who recently made extensive sewer line replacements, over the designation of charges of alley, open and street areas. The firm contends they should receive added compensation for an area designated as open that was really in the alley classification.

Attorney Bob Gordon was asked to look into the matter further and report to the commission.

Blizzards

(Continued From Page 1)
zero. At 9 p.m. Monday the mercury had dipped to 24 below at Casper, Wyo.

Colorado's Monarch Pass was blanketed by 40 inches of new snow and the Montana Rockies had 24 inches. Central City, Colo., had 18 inches. Snowslides closed Loveland Pass, stranding cars, but occupants were rescued.

Authorities warned against travel anywhere in North Dakota, where blizzards cut visibility to a quarter of a mile at Grand Forks and forty-mile winds were reported.

A wind gust tossed a Greyhound bus into a snow drift near Butte, Monday and blew a beer truck off a highway near Belgrade, Mont., but there were no injuries.

Pampan Fined On Assault Charge

Early Jackson, Jr., 21, 524 Crawford, was fined \$25 and costs yesterday when he pleaded guilty before County Judge Bill Craig on a charge of aggravated assault with serious body injury.

The complaint was signed by Robert E. Mitchell, 18, 509 Maple, who told police Jackson cut him on the right leg with a knife following an argument Sunday night near the Satellite Club, 1012 Octavius.

Mitchell was taken to Highland General Hospital in a private automobile where he was treated and released.

Groom Youth Gets \$50 DWI Penalty

Boyd Clavin Shepard, 19, Route 8, Groom, was fined \$50 and costs and sentenced to three days in jail yesterday when he pleaded guilty, before County Judge Bill Craig on a charge of driving while intoxicated.

Panhandle

(Continued From Page 1)
hand, and the Weather Bureau said the central section could expect as much as five inches of snow on the ground by Wednesday morning.

A thick coating of ice made roads so slick that thousands of motorists on their way to work stalled their cars and had to wait for help. Hundreds of schools throughout the area closed their doors.

The Department of Public Safety estimated that as many as 1,500 cars were stalled on highway 163 between Hurst and Euless near Fort Worth. Most were workers on their way to the huge Bell helicopter plant.

The Weather Bureau at San Antonio said there was a good chance that the Alamo city would get a snow before dark today. If so, it would be the first snowfall there in two years.

The snow was expected to stop by Wednesday morning, leaving depths of from two to four inches in Northwestern Texas and two to five inches in North Central Texas. The ice storm warnings by the Weather Bureau was in effect until Wednesday for North Central and Northeastern Texas.

The Texas Highway Patrol reported all roads north of Amarillo closed. Travel on U. S. 287 west of Vernon toward Amarillo was discouraged because of hazardous conditions. That is the same area where cars and trucks were stalled last week in a snowstorm.

All roads north of Wichita Falls into Oklahoma were open but treacherous; the highway patrol said. The highway from Decatur to Dallas-Fort Worth was a glaze of ice.

Snow was 2 inches deep at Dallas and Wichita Falls. Northerly winds up to 30 miles an hour cut visibility to five miles.

The Department of Public Safety said dry snow fell at Lubbock and roads there could be negotiated. All roads were clear at Abilene and could be traveled.

The DPS said all roads were icy and hazardous in eastern New Mexico. Tucumcari, N. M., reported near-blizzard conditions, the DPS said.

The western half of Oklahoma reported all roads closed. Snow and sleet fell today at Abilene, Fort Worth, Dallas, Dalhart, Amarillo, Childress, Wichita Falls, Texarkana, Gainesville, Bowie and Jacksboro.

Early today, the mercury dropped to 3 degrees at Dalhart and 4 at Amarillo. Lubbock reported a low of 12 degrees. Overnight lows in the Valley ranged from 55 to 69 degrees.

Snow depths of one to three inches was reported on the ground at Dallas, Fort Worth, Lubbock, Amarillo, Dalhart, Wichita Falls, Abilene, Texarkana. Sleet was reported as far south as Waco.

Eight Cases Beer Stolen From Truck

Gerald Alewine, 216 Tignor, reported to city police today that eight cases of beer were stolen from his delivery truck sometime last night.

Alewine told police he had parked the truck at a service station on W. Browning at 7:30 p.m. When he returned at 10:30 p.m., he noticed the rear door had been opened and eight cases of beer were missing.

Total loss of the beer and cargo was \$33.20.

Girl's Condition Still Critical

Beverly Cummings, 15-year-old daughter of Mr. and Mrs. V. E. Cummings, 1104 Juniper, remained in critical condition in Highland General Hospital today as the result of injuries received when she was struck by a car, while walking to school yesterday morning.

The Cummings girl incurred broken ribs, back and pelvis, head and internal injuries in the accident. There has been no change in her condition and she is still on the critical list, according to Highland General Hospital authorities.

Miss Cummings, a ninth grade student in Robert E. Lee Junior High School, was struck from behind by an automobile driven by Robert Gallett, 17, 1117 Sanddewood, as she was walking southeast on Crest Rd. with two school chums at 8:05 a.m. yesterday.

Gallett told police he was driving southeast on Crest Rd. and was blinded by a sun spot on the windshield and did not see the girl.

No charges have been filed against the driver, according to police.

Friendliest

(Continued From Page 1)
then the votes have started rolling in.

Offending Signs Topic At Meet

The City Traffic Commission decided to ask the city commission to act on a voluntary compliance in clearing street right-of-ways of offending signs before any further action is taken. This was the main order of business at the monthly meeting of the commission at the Coronado Inn Monday afternoon.

In other action, it was decided that a "yield" sign would not be required at the corner of 18th and Charles because of adequate sight distance. Also that a consideration be made that parking be allowed at the corner of Cuyler and Sunset. A committee was appointed to study this further.

A recommendation was also made to the city commission that new members be appointed to the traffic commission.

FTC's Trickery Ruling Stirs Up Other Questions

By DICK WEST
WASHINGTON (UPI)—A great deal of nodding and tongue clucking has been taking place over the Federal Trade Commission's recent ruling against camera trickery in television commercials.

To review the case briefly, the commission ruled that when a shaving cream company sets out to show how well its lather works on sandpaper, it ought to use real sandpaper.

In the commission's view, the use of a piece of plexiglass which has been covered with sand just isn't cricket.

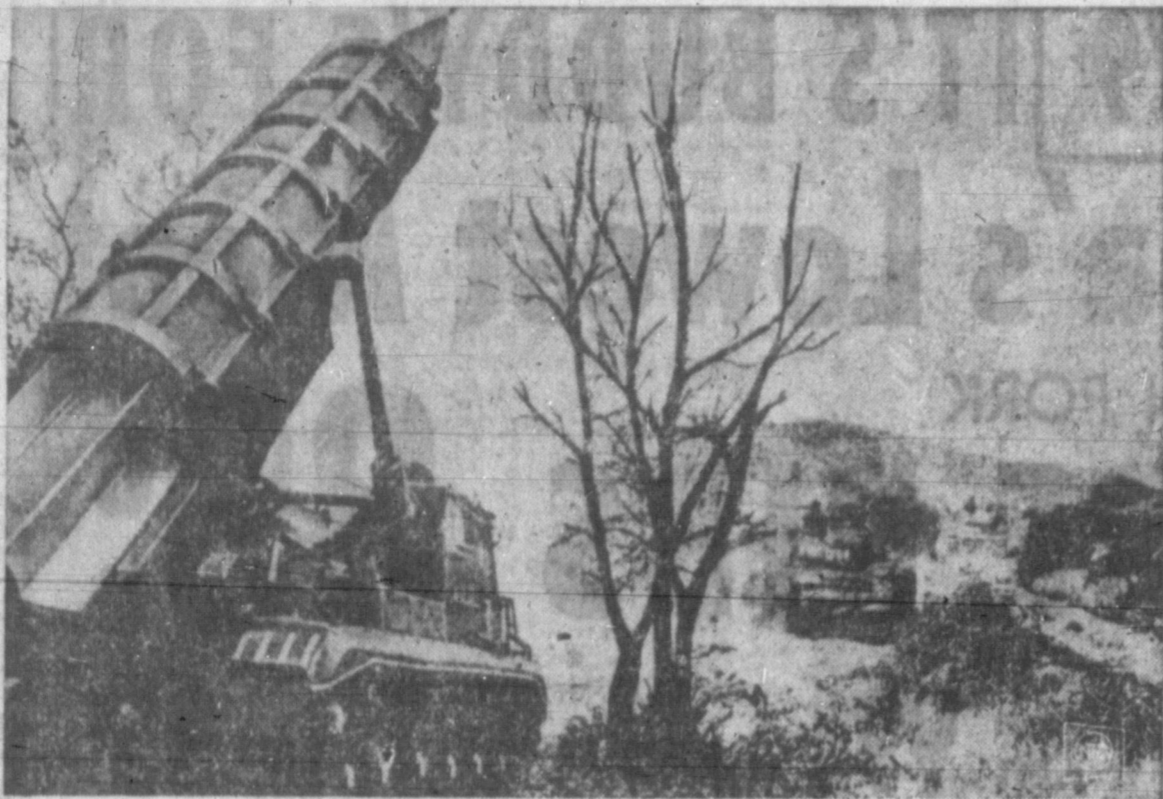

Reaction to the order has been divided, some cheering the commission for promoting honesty in advertising and others deploring the action as amounting to governmental pettifoggery.

A person's feelings in the matter depends, I suppose, on the extent to which he is personally involved. For instance, I was affected very little because I rarely have occasion to shave a piece of sandpaper.

On the infrequent times when I do shave a piece of sandpaper, I generally use an electric razor. Thus I am not concerned with the question of what lather works best.

However, I can understand how people who shave sandpaper regularly might feel they had been misled by the commercial. It just goes to show that there are always at least two ways of looking at any given issue.

Whatever the merits of the FTC's ruling, I would like to see

RED ROCKET'S GLARE—Recently released Soviet photograph shows a Russian military unit during tactical exercises. Rocket in the foreground is an unguided missile with 35-mile range, shown in firing position on its armored carrier. It carries a conventional warhead. Background to right of the rocket near the tree has been heavily retouched.

it tested in some other cases, if for no other reason than to satisfy my own curiosity.

Take that toothpaste commercial where someone drives a golf ball at the announcer, who then informs us that he is protected by an "invisible shield."

I have long wondered whether there really was an invisible shield between the announcer and the golfer, or whether the golf ball actually hit the announcer on the head and he just pretended not to notice it.

I have watched this commercial several dozen times and to me the announcer looked a bit glassy-eyed, during the later part of his spiel. Or possibly my own eyes were becoming glazed. At any

rate, it is something that might interest the FTC.

Another commercial I am curious about shows deodorant being sprayed on the underarms of statues. I'd like to know whether the statues really have B.O.

Finally, there is that demonstration of how rapidly a certain pain killer dissolves. I would be grateful if the FTC would let us know whether it is equally effective for those of us who don't have test tubes in our stomachs.

Close Fight

HOLLYWOOD (UPI)—Michael Callan does battle with a huge prehistoric bird, and nearly loses, in the Columbia picture "Mysterious Island."

WINS VFW AWARD

NEW YORK (UPI)—Robert E. Kintner, president of the National Broadcasting Company, has been named winner of the Veterans of Foreign Wars Gold Medal Award for "achievement in the field of news and public affairs programming." The award was announced Monday.

Farmer Income Tax Estimates Due January 15

Farmers and ranchers were reminded today that Monday, January 15, is the last day for filing their estimated federal income tax return for 1961, unless they plan filing their final return on or before February 15.

Wiley E. Davis, Pampa administrative officer for the Internal Revenue Service, explained that those farmers and ranchers who file an estimated return on January 15 and pay the tax due thereon have until April 16 to file their final return and pay a balance of tax due. Otherwise, the law requires that they file their final return and pay the full amount of the tax due by February 15.

The IRS representative cautioned that this option is available to farmers and ranchers only. Tax law defines a farmer or rancher as one who earns two-thirds or more of his gross income from farming or ranching. He advised farmers and ranchers that if they filed a federal income tax return last year the necessary forms for this year will be mailed to them. For those who did not file, or for some other reason did not receive their forms in the mail, blank forms are available from any Internal Revenue office

4 Die In Crash Of Naval Plane

MANILA (UPI)—A U.S. Navy Skyraider plane crashed near Mt. Santa Rita, north of Manila, today killing all four persons aboard, a Navy spokesman said.

The spokesman said a rescue team dispatched to the crash site found no survivors. He said two officers and two enlisted men from the 7th Fleet attack carrier USS Lexington were aboard the plane.

Identification of the victims was withheld pending notification of the nearest of kin.

Everyone who had a gross income (not net) of \$600 or more during 1961 must file an income tax return with their IRS district director, whether or not any tax is owed. Only exception to this rule is that if you were 65 years of age or over at the end of 1961, you are not required to file a return unless your gross income was \$1,200 or more.

Needed assistance is available from Internal Revenue Service, both by telephone and in the office, but taxpayers are asked to complete their own returns as far as possible before contacting IRS. Copies of the helpful, free booklet "Farmer's Tax Guide" are obtainable from IRS offices and agricultural agents.

More than 30 per cent of all Arkansas state tax revenues is derived from taxes on petroleum and petroleum products.

Motorists Urged To Obtain Their Inspection Cards

AUSTIN (SpI)—The Director of the Texas Department of Public Safety, Col. Homer Garrison Jr., today urged motorists to secure their 1962 vehicle inspection stickers as soon as possible prior to the April 15 deadline.

"After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest," he said.

Garrison said approximately half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations as the April 15 deadline approaches.

"There are some 4,800 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay, if owners of the uninspected vehicles do not wait until the last few days before the deadline," Garrison said.

He pointed out that vehicles inspected so far this year have fewer defects than have ever been noted heretofore. He said vehicle defects contributing to motor vehicle accidents in Texas is the lowest in the history of the state.

RUGGED ART—Staff member Helen Powers prepares rug with huge black-and-white footprints for showing at C. F. Menninger Memorial Hospital, Topeka, Kan., where various art works by patients were exhibited.

ELUDE POLICE

SAN BERNARDINO, Calif. (UPI)—Police investigating a citizen's complaint of pre-dawn horn blowing found a raccoon standing on the front seat of a car leaning on the horn. The hornblower escaped.

Dodge Dart 440 2-Door Hardtop

SIZED RIGHT IN THE MIDDLE—DODGE DART

<p>DART HAS A NEW LOW PRICE COMPARE IT!</p> <p>New car sales are booming. It is a great year to get a great deal. But, before you buy any new car, check what's going on at your Dodge Dealer. Compare the new size Dart and its new low price.</p> <table border="1" style="width: 100%; border-collapse: collapse; font-size: x-small;"> <tr><td>FORD FAIRLANE</td><td>\$2079</td></tr> <tr><td>MERCURY METEOR</td><td>\$2203</td></tr> <tr><td>THE NEW SIZE DODGE DART</td><td>\$2241</td></tr> <tr><td>CREVY BISCAYNE <small>Price includes heater</small></td><td>\$2324</td></tr> <tr><td>FORD GALAXIE</td><td>\$2378</td></tr> </table> <p style="font-size: x-small; text-align: center;">The comparison above is based on manufacturers' suggested retail price of six cylinder 2-door sedans. Only while wall tires, bumper guards, other optional equipment, state and local taxes (if any) and destination charge extra.</p>	FORD FAIRLANE	\$2079	MERCURY METEOR	\$2203	THE NEW SIZE DODGE DART	\$2241	CREVY BISCAYNE <small>Price includes heater</small>	\$2324	FORD GALAXIE	\$2378	<p>DEPENDABILITY</p> <p>Dart's body is rustproofed. You go 32,000 miles between grease jobs. A new high-speed starter and high-output alternator (replaces old-fashioned generator) assure fast starts.</p>	<p>COMFORT</p> <p>Dart is just about the most comfortable car you have ever been in. There's plenty of room to get in and out. There's all the headroom, hip-room, legroom and trunk-room you need. Chair-high seats. Reduced front floor hump. Man-size wheels and tires that put plenty of rubber on the road. Smooth Torsion-Aire ride. In the Dart 440, a fold-down center armrest up front is standard. So is all vinyl upholstery, sill to sill carpeting.</p>

Man Makes Agonizing Decision As Funerals Are Held For Two 'Wives'

LONDON (UPI)—Stanley Fuller Wall, 54, made an agonizing decision yesterday in his double life. Both of his "wives" were being buried at the same time— which funeral should he attend?

"Angel" and "Nellie" died within three hours of each other during the weekend. One was his 82-year-old legal wife, the other his 44-year-old mistress who had taken his name and had borne him five children.

Each woman had known about the other.

The legal Mrs. Fuller Wall— he called her Angel— was wealthy and lived in a mansion outside London. He met her in 1933 when he called on her as a soap peddler.

They were married in 1936. She gave him all that money could buy, but no children.

The second Mrs. Fuller Wall was poor, and lived in a dingy London apartment. He hired "Nellie" 18 years ago during World War II to help tend his victory garden. She bore him the children, knowing they could not wed.

With the wealthy Angel, Fuller Wall always was well-dressed. Neighbors thought he was a stockbroker.

With the poor woman in London, he often appeared as a down-and-out, unshaven, with ragged clothes.

He lived with his legal wife, but spent each Tuesday and Friday with Nellie.

Last Saturday fate wrote the final chapter when both women died.

Fuller Wall expects to inherit the bulk of his legal wife's \$84,000 estate. From the other woman he inherits the responsibility of five children—"my name is on their birth certificate and I shall keep the flat going for them," he said. The oldest child is 16.

The funerals were to be held within a few minutes of each other this afternoon, and Fuller Wall could attend only one.

He chose "Angel."

"We were married for 26 years and I loved her very much," he said.

For Nellie, he sent \$14 worth of flowers.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
Notes from the foreign news cables:

Little ones into big ones:
There is growing anxiety that the Dutch-Indonesian dispute over West New Guinea might set off a major conflagration involving the big powers. Allied off-stage moves are under way to persuade Indonesia's eager Sukarno to hold off any forceful action. The Dutch also are being diplomatically advised to make the friendliest possible gestures toward Indonesia. If Sukarno were to start an armed invasion, diplomats fear that Holland, Australia and possibly others might have no choice but to oppose it. Indonesia already is receiving military supplies from Russia, including war planes. This opens up the specter of indirect East-West intervention with unforeseeable consequences. The next few weeks are considered crucial.

Common Market:
A break may be near in the deadlock over farm policy among the six European common market nations. The common market is one of the greatest bulwarks blocking Nikita Khrushchev's ambitions for a Communist march across Europe. Advancement toward its goal of removing all trade barriers in Western Europe has been held up by French-West German differences over sale of agricultural products. But now that agreement seems near, the six also will be more inclined to talk of reducing tariff barriers against the United States and to resume negotiations on Britain's entry into the trading "club."

Red Common Market:
Soviet Russia is beginning to convert her European satellites into an East-European common market. East German planners disclosed last week that electric

power systems of East Germany, Czechoslovakia, Poland and Hungary will be tied together this month. Later this year, a 220 kilowatt double line is scheduled to go into operation between Hungary and the Ukraine, thus tying the Russian power network to that of Eastern Europe. In Prague, a distribution center for electric power is to be erected to permit exchange of electricity among the Iron Countries at times of peak consumption.

Vatican vs. Cuba:
The Vatican still holds out hope, but not much, for eased relations between the Holy See and "Marxist-Leninist" Cuba. The fact that the Vatican waited months before confirming the excommunication of Castro showed it still had hope. Even if a final break with the Castro government comes, the Catholic Church is in Cuba to stay and will fight every inch of the way—as it has in Poland, Czechoslovakia and other Iron Curtain countries.

U.S. Made Mistake Mansfield Declares
WASHINGTON (UPI)— Sen. Mike Mansfield, D-Mont., said yesterday the United States had "made a terrible mistake" in pouring arms and money in to Laos.

The Senate Democratic leader said \$350 million has been given to Laos since 1954 "and we haven't a thing to show for it except dissension, discontent and talks of partition."

Skating Rink
First artificially frozen ice skating rink in the United States was installed in Old Madison Square Garden, New York City. The rink had a surface of 6,000 square feet, according to the Encyclopedia Britannica.

Texas Colleges Approved For State Support

AUSTIN (UPI)— The State voted yesterday to approve plans to make Pan American College of Edinburg a fully state supported school and to give San Angelo College senior college status and full state support.

The commission action was a recommendation that the Legislature pass laws putting the plans into effect by 1965.

The Pan-American plan passed the commission 10-4 at the regular quarterly meeting of the commission. A bill sponsored by Rep. Eligio (Kika) De la Garza of Mission to make Pan-American a state-supported school failed the regular session of the 5th Legislature last spring.

Rep. Wade Spilman of McAllen said of the commission's action, "I am glad to hear that, for the area's sake."

Rep. Forrest Harding of San Angelo lost an attempt in the legislature also last spring to give San Angelo College a four-year state-supported status. The school is presently state-supported two-year college with a \$4 million campus and approximately 900 students.

The commission postponed until a Jan. 29 meeting consideration of formulas for schools to use in making appropriations requests.

Center Resumes Meets After Busy Holidays

By MRS. O. A. WAGNER
Senior Center Corner

Last Thursday afternoon was the first meeting of the Center since the holidays.

Our first meeting of the New Year was the monthly Birthday Party and there was a happy bunch out to start the New Year. Quite a number had birthdays in January, and, as usual, each one received a nice gift from the Altrusans. Celebrating birthdays during January were Meses, Elma Bailey, May Flewin, F. C. Darnell, Una Cantrell of Miami, E. E. Barnes, Grace Meadows; Messrs. F. C. Darnell, Uncle Billy Frost, B. Frank Mitchell, F. M. Heaston, B. C. Rogers, Glen T. Jackson of Miami, and Ira Frazer.

Quite a few were missing because of illness; Mrs. H. M. Norris spent the holidays in the hospital, but is home convalescing. J. C. Moseley was reported ill at home. Mrs. Bessie Dezern has been ill in Highland Hospital, but was released last Thursday. Mrs. Bessie Sowell, one of our new members, had the misfortune to fall, break her hip and is in Highland General Hospital. Mrs. Lizzie Collins was also reported ill in Highland, but is home now. We hope that they will all have a speedy recovery.

Mrs. Louise Sewell, Altrusa Club-Senior Center chairman, reported that the lovely centerpiece of pink carnations and roses and white snapdragons, created by Mrs. Roy Kay, was divided and sent to Mrs. Norris and Mrs. Collins.

Mrs. Francis Debrouha is now in the Faye Thomas Rest Home, 509 N. Johnson in Ansonillo and would enjoy hearing from her friends. She is learning to walk again and we hope she will be back with us come Spring.

Mrs. Bessie Nicholson had a very enjoyable Christmas week with her son, Russell and wife in White Deer. Mrs. Cora Yates spent Christmas Week with her son, Frank and family in Cheyenne, Wyo. She reports a grand time and no snow! Mrs. J. L. Carlton of Pampa brought her aunt, Mrs. Una Cantrell of Miami to the Center on Thursday to enjoy the games and to celebrate Mrs. Cantrell's birthday. We hope she can come often.

Mrs. F. I. Darnell brought her daughter, Mrs. John D. Geer of Cuba, Ill. to the Center on Thursday. Mr. and Mrs. Geer and family are visiting here and are considering locating in Pampa. We hope they do. Pampa is one of the most progressive little cities in the Panhandle! G. T. Jackson of Miami was seen in the crowd enjoying himself. We hope he comes more often.

Mrs. Sewell announced that Uncle Billy Frost will be 99 years old on the 10th. His friends are holding Open House for him in his home, 1163 Charles from two until five. He has asked that no gifts be brought. He just wants his friends to call.

Mrs. Marie Taylor was with us last week. She is such a busy person that she does not get to

come often. She and her daughter, Miss Maurita Taylor have bought a home on Charles and are having it remodeled.

Mrs. P. H. Gates is having a bout with the flu. She was missed and it is hoped that she will be able to be at the Center this week. Mr. and Mrs. C. L. Adams spent Christmas with their daughter, Mrs. Bill Robinson in Marysville, Okla. and report a very nice time.

Mrs. C. P. Roop spent Christmas in Amarillo with her son, Theo Roop and family. There were 20 relatives and friends gathered around the yuletide table and it was a happy family gathering.

Mrs. Jessie VanHuss brought Mrs. H. V. Presnack to the Center with her Thursday. We were glad to have her and hope she comes regularly. Many come to the Center to enjoy the fellowship and visiting, but who do not care to enter into the table games. That is fine, we just want them to come!

Arthur Smith of Corpus Christi spent Christmas with his mother, Mrs. E. B. Smith. Other guests of Mrs. Smith were Mr. and Mrs. Roy Johnson of Amarillo.

Mr. and Mrs. J. E. Rice Jr. and children, Jan, Karol and Tom of Odessa; Mr. and Mrs. Lawrence Rice, Dacie, Tim, and Shara of San Antonio; Horace Rice and Elizabeth and John of Houston; Mr. and Mrs. Earl Maddox and son, Frank of Perryton; Mr. and Mrs. Dewayne Maddox and children of Perryton; a brother, Ronald Rice and grandmother, Mrs. M. L. Bullock visited with Mr. and Mrs. J. E. Rice Sr. over the holidays.

Howard Shireman spent Christmas with his father and wife, Mr. and Mrs. N. H. Shireman.

Mrs. Mollie Hethcock's guests on the day after Christmas were her daughter, Mrs. Birdie Osborne and her granddaughter, Mrs. Virgil VanHuss of Wichita Falls.

SOCIAL CALENDAR

- TUESDAY**
- 9:30 - PTA City Council, Robert E. Lee Junior High.
 - 9:30 - PEO, Chapter CS.
 - 2:30 - Varietas Study Club with Mrs. Lee Harrah, 2401 Duncan.
 - 2:30 - Twentieth Century Club with Mrs. W. R. Campbell, 1200 Mary Ellen.
 - 2:30 - Twentieth Century Forum with Mrs. M. McDaniel, 1501 Charles.
 - 2:30 - El Progreso Study Club with Mrs. J. G. Morrison, 2101 Christine.
 - 2:30 - Civic Culture Club with Mrs. W. C. Scott, 1133 E. Kingsmill.
 - 3:00 - Twentieth Century Culture Club with Mrs. H. H. Hahn, 814 Somerville.
 - 6:15 - American Business Women's Ass'n. dinner meeting, Bill's Cafe.
 - 7:30 - African Violet Society with Mrs. A. F. Dirksen, 1607 Mary Ellen.

They also visited with Mr. VanHuss' mother, Mrs. Jessie VanHuss.

Mr. and Mrs. D. H. Porter and children, Ruth and Richard of Shamrock were New Year's dinner guests of Mrs. Porter's mother, Mrs. C. M. Miller and son, Bill.

One of our Senior Center members has written a tribute to the Altrusa Club members and to the clubs and church groups, who take turns being hostess at the Center. She has asked that her name be withheld. She has written it especially for this corner and we think it is very good.

To Our Friends in 1961

We have worked together, played together and cried together, which are the things in life that draw the people of this world together to walk closer with God and one another. We have so very much to be thankful to the Altrusa girls for. May God keep them in his care and help each of us to live just a bit closer in the New Year of 1962. What is our lame praises in comparison with His love? Nothing! But we will stumble rather than not try.

We of the Senior Center want the Altrusa ladies to know how we appreciate their noble efforts, and at the same time we realize that the people of Pampa, the churches, clubs and city have done so much to show the elder citizens that they are appreciated. We just want to say many, many thanks to all.

My wish for the New Year is that it will be a healthy, happy and prosperous year for all who read this column; and that we shall all work harder for Peace throughout the world. See you next week Love, Mrs. Wagner.

Curious children often drink from strange bottles around the house. If a child drinks or eats something poisonous, call a doctor. Until he comes, have the child drink soapy water, mixed with baking soda or mustard. This induces vomiting which helps rid the stomach of the poison.

JANUARY HONOREES -- Celebrating birthdays of Senior Center on Thursday afternoon in Lovett Memorial Library were left to right, seated, Mrs. Elma Bailey, January 1, Mrs. May Falvin, January 29; standing, left to right, Mrs. F. I. Darnell, January 1, Mrs. Una Cantrell of Miami, January 6, Uncle Billy Frost, January 10, B. Frank Mitchell, January 26. (Daily News Photo)

The Sipes Feted On Golden Date

CANADIAN (Spl) -- Mr. and Mrs. W. W. Sipes were honored at a Golden Wedding Anniversary party in their home on December 27. Present for the celebration were their children and grandchildren, their families and one brother.

Refreshments of coffee and wedding cake were served. The tiered wedding cake was decorated with bells and lilies of the valley.

Those present were Sam Sipes of Wellington, Kan.; Mrs. Glifford Liles, Mr. and Mrs. Ernest Sipes and Mr. and Mrs. Tom Wilson all of Amarillo; Mr. and Mrs. M. H. Smith Jr. of Canadian, the couple's children; Mr. and Mrs. R. C. Liles of Clovis, N. M.; Mr. and Mrs. E. R. Reevman; Bill Liles, Sonya, Becky, Dianne, and Tim Wilson, Joe Ellen Sipes of Amarillo; Frankie and Cathy Smith of Canadian, all of whom are grandchildren, and four great grandchildren.

Mrs. and Mrs. T. V. Sipes of Amarillo were also present for his brother's anniversary. One son, B. J. Smith of Houston, and Mrs. Smith, were unable to be present. The couple received a number of gifts and floral arrangements.

Dear Abby...
Mixed Up Should X out "Mr. X"
By ABIGAIL VAN BUREN

DEAR ABBY: I am 33, divorced and believe me, I have my problems. I am seeing a psychiatrist once a week. I met a very good-looking man (I'll call him "Mr. X.") in the psychiatrist's office. We were immediately attracted to each other and found we had a lot in common. We spent a few evenings together (he came to my apartment) and I think I am in love with him. I told my psychiatrist everything and he said I should quit seeing "Mr. X," because he is more mixed up than I am. If I must make a choice, I will give up seeing the psychiatrist because "Mr. X." is doing more for me than he is. I told my psychiatrist I wasn't seeing "Mr. X." any more, but I am. Should I tell the psychiatrist the truth, quit seeing "Mr. X." or quit seeing the psychiatrist?

sounded like a funeral march.) I had them play "Pomp and Circumstance." Sincerely,
MIND OF MY OWN

DEAR ABBY: Nobody believes me, but this is the truth. I had a wart on my thumb for many years. I went to a doctor and he told me to leave it alone. I was very self-conscious about it because, as you know, warts are not very pretty. A friend of my mother's was visiting one day and we got on the subject of warts. She told me to tie a thread around it, go out in the yard after dark and bury a potato upside down, and the wart would go away just as soon as the potato rooted. Just for a joke, I did it. Within one month my wart disappeared. Can you explain it?

BAFFLED
DEAR BAFFLED: No. And neither can anyone else. There is no scientific explanation for some of the legendary "cures" that appear to work in ridding people of warts. My advice is to let a doctor decide the treatment. He is more dependable than voodoo. Of course if you want to bury a potato, too, it won't do any harm.

MIXED UP
DEAR MIXED UP: You sought psychiatric help because you needed it. You still need it. Your psychiatrist can't help you unless you are completely honest with him. X out "Mr. X." tell your doctor the truth and follow his advice.

DEAR ABBY: The letter from the woman whose husband didn't think he could make it down the aisle at his daughter's wedding, sure hit home with me. I was a widower when my daughter married and I flatly refused to "give her away." She was all I had. She was married in the Presbyterian Church and the preacher said nobody had to give the bride away in his service. She walked down the aisle all by herself and not to the strains of Lohengrin, either. (It was too sad and

CONFIDENTIAL "DONE WRONG IN FLORIDA": Nonsense. Because one woman "did you wrong" is no reason to retire from the human race. All women are NOT alike.

Are things rugged? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif., and don't forget a stamped, self-addressed envelope.

Child Incubator
First incubator for rearing children too weak to survive, or prematurely born, was constructed in 1880 and used in a maternity hospital of Paris, France.

Housewives Like To Be Sure They Aren't Cheated

NEW YORK (UPI)—Most housewives say they can trust what they read on the outside cover of most of the packaged products they buy, but they'd like something done about the ones they can't believe or don't understand, a Nebraska firm reported today.

They would like the essential information on the package printed in big letters, easy to read the report on a survey said. Such things as: How much is inside; who made it; what's its cost?

Nearly a third of those persons who had found at some time or another that the description outside didn't fit the merchandise inside took the whole package back to the store, the report said.

The study of reaction to packaging was made over a six-month period for the Paramount Paper Products Co., of Omaha. Made by a survey firm, it represented reactions from 8,758 married women with one child or more; they were interviewed in all 50 states, Paramount, headed by Duane Hillmer, was curious to find the housewives' attitude toward packaging.

First thing asked the homemakers was: Have you ever purchased packaged products that misrepresented the merchandise? The answers were 69 per cent "yes" and 31 per cent "no." Only those who answered "yes" were interviewed further. It was noted that when asked whether they thought deceptive packaging was deliberate, less than half—46 per cent—answered "yes."

The women who buy the packages had a lot of ideas about the reading matter on the cover.

They wanted antidotes spelled out for poisonous or harmful products. They wanted the instructions on how to use the product given in detail and the amount of material in the package to read clearly and in big letters.

Billy Daniels to N. Y.
HOLLYWOOD (UPI)—Singer Billy Daniels will make his first supper club appearance at the Basin Street East in New York. Daniels will record a new album for Ampar records at the club.

"HE'S MY COUSIN"—"Charlie" couldn't be less concerned with the ferocious snarl of the stuffed leopard in the home in London, England, where the kitten lives.

Viet Nam May Accept Offer Of U.S. Troops

WASHINGTON (UPI)—The Ngo Dinh Diem said today the United States offered two months ago to send troops to South Viet Nam and that the offer would be accepted if necessary.

Ngo Dinh Thuc, Roman Catholic archbishop of Hue in Vietnam, told a news conference his brother asked two months ago for his opinion of the American offer.

The archbishop, speaking through an interpreter, told reporters that Thailand, Formosa and Korea also have expressed willingness to send troops to Viet Nam "if required."

Ngo Dinh Thuc said he believed the U. S. offer was prompted partly by the situation in Laos, where Red guerrillas are very active, and diminishing U. S. prestige in Southeast Asia.

He said Ngo Dinh Diem's position was that the Vietnamese must defend their country as long as possible, but that in the last extremity he would accept U. S. troops.

Model Of Brain 'Sees' And 'Hears'

NEW YORK (UPI)—The human brain, about the size of a large cantaloupe, is so fantastically complex that a demonstration of some of its simpler reactions to sights and sounds requires a 12-foot high model operated by 12 electric motors.

This model, a unique assembly of glittering metal discs and blinking red and green lights, was shown here as a scientific exhibit during a recent medical meeting.

"The human brain is the most complex thing in the entire universe," according to Dr. A. G. Macleod, director of special projects for The Upjohn Company, which sponsored the exhibit.

"The average adult probably has a memory 'file' that would fill a 24-volume encyclopedia.

The brain's operations are so precise and remarkable that we have no way at this time to illustrate its split-second efficiency in a single package. As a result, we've had to limit the model brain's operations to the senses of sight and hearing. Even to present this partial picture requires more than 30 miles of wiring and some 30,000 tiny light bulbs."

The model summarizes new information on the brain developed mostly during the past 10 years.

Scientists now know, for example, that everyday living subjects the brain to a ceaseless barrage of information with some hundred million electrical "messages" flowing from the sense organs into the nervous system every second we are awake.

A special area of the brain acts as a sort of railroad terminal, controlling this cerebral traffic and protecting the higher brain centers from overloading. In the model, this vital "command post" appears as a large aluminum dome which flashes with patterns of light as it receives and relays messages.

In the actual brain, a million fibers run from the retina—the light-sensitive areas of each eye—to the vision center at the back of the brain.

HARVEST CORN BY HAND—Missouri's muddy corn fields have thrown mechanized equipment for a loss. Many farmers in the Marshall area are picking corn by hand to feed their livestock. Here Vernon Dempsey loads a wagon the hard way but finds the corn is in good condition.

News Briefs

RUNS IN FAMILY
BOGALUSA, La. (UPI)—Mrs. Emaline Howard, who was born in Greene County, Miss., 103 years ago, is still two years short of the family longevity record. Mrs. Howard, who celebrated her birthday Monday, said her mother lived to be 105. A sister died six years ago at the age of 102.

LEADS "MINORITY"
COLUMBIA, S.C. (UPI)—State Rep. Charles E. Boineau named himself the "minority leader" Monday of the South Carolina House of Representatives. He is the only Republican among 122 Democrats and the first GOP representative in the legislature in more than 60 years.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTETH, the alkaline (non-acid) powder on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate color breath". Get PASTETH at drug counters everywhere.

Is the LARK Priced too Low?

When you compare Lark's price with its 12 competitors [at right] you'll think somebody made a mistake. Maybe so. But we like it that way...and so will you!

LARK prices actually start

- *50 LESS THAN FALCON
- *57 LESS THAN CORVAIR
- *128 LESS THAN CHEVY II (6 CYLINDER ENGINE)
- *65 LESS THAN RAMBLER Classic
- *251 LESS THAN Tempest
- *149 LESS THAN COMET
- *16 LESS THAN LANCER
- *333 LESS THAN F-85
- *369 LESS THAN Buick Special
- *219 LESS THAN FORD Fairlane
- *271 LESS THAN PLYMOUTH
- *5 MORE THAN VALIANT

and only The Lark gives you all this: The Lark 4-door sedan has more legroom than any of these cars...more headroom in back than any of these cars...and more headroom in front than any but one, which just matches The Lark. In addition, you'll find The Lark has big wide doors—flush floors—big brakes—big 15-inch wheels—and the security of a separate steel frame!

Only The Lark Gives You Big Car Comfort—At Compact Prices! The LARK by Studebaker

All price comparisons are based on factory advertised delivered prices, for lowest priced model—latest commercially available, and do not refer to Daytona Hardtop pictured in this advertisement.

Harvesters Seeking Second Loop Victory At 8

Rodgers Is Surprise Winner In Los Angeles Open Tournament

LOS ANGELES (UPI) — The crowds came to watch Arnold Palmer, Gary Player and national amateur champion Jack Nicklaus.

But they stayed to cheer brash young Phil Rodgers, a 23-year-old pro who has been on the tour exactly six months.

It was Rodgers who methodically mowed down the big names in the \$45,000 Los Angeles Open golf tournament—slaughtered them, in fact, to such an extent it was no contest.

The young Rodgers, just out of the Marines, headed for his home town of San Diego today with the \$7,500 first prize check in his pocket—and all the world much brighter.

On his way to conquering the field the stocky, 187-pound, 5-8 Rodgers clipped four strokes off the tournament record by posting a 72-hole score of 268.

He broke the course record of 63 (held by Ken Venturi and Tommy Bolt) with a scizzing 62. He won by the widest margin—nine strokes—in this tourney since 1929, when McDonald Smith beat Horton Smith by the same distance.

It was the biggest victory margin in a PGA tournament since 1939 when Mike Souchak spread-eagled the field by nine shots in

the Motor City Open at Northfield, Mich.

Finishing in a tie for second and picking up \$3,325 each were Bob Goalby, the defending champion from Crystal River, Fla., and hard-luck Fred Hawkins, El Paso, Tex., who has not won a major tourney since 1956. They had 277s. Jackie Burke, Kiamasha Lake, N.Y., veteran, came next with 278 and won \$2,400.

It was a surprising turn of events for young Rodgers. He had started the day in a deadlock with Hawkins, with former PGA champion Lionel Hebert only one shot away. It looked like a dog fight to the finish.

Powerful iron play, which had been a prominent factor in Rodgers' earlier rounds of 67-71-68, was the big item in his final performance. On the front nine, when he got a 33, he had four birdies with the longest putt being six feet. His approaches were so accurate that it seemed every one was headed for the flag.

He faltered a bit with the approaches on the 10th and the 11th, when he had to roll in birdie putts from 35 and 18 feet. Then he came right back with birdies of six and three feet on the 13th and 14th. That gave him six birdies in a stretch of seven holes and all

but broke the back in the way of competition.

"I knew I could get the course record with a birdie on the 18th," he said. "So I went for it—and sure enough, the putt from 10 feet was good."

That gave him a back nine of 30—and they just don't come much better than that.

Rodgers plans to bank the money. A level-headed youngster, his ambition is to win the national championship.

Palmer, incidentally, finished far back with a 283 to collect \$25. Players picked up \$185 with a 287 and Nicklaus—in his pro debut—took in a puny \$33 with a 289.

CATCH LINE—Still wearing his rubber suit, Tony Salvatore displays the 40-pound catch he made that won him an underwater fishing contest in Marseilles, France.

Pampa, Lubbock In Home Contest

Pampa's Harvesters, after tasting victory in district play for the first time this year Friday night, seeks its second win in a row tonight when they tangle with Tom S. Lubbock high at 8 p.m. in the Harvester fieldhouse.

The Harvesters, who fought like Trojans to win their last outing against Tascoza of Amarillo, 53-49 Friday night, will attempt to make it 2-1 in loop play against the Lubbock five.

Pampa is currently in a six-way tie for second place in the young district race, with each of the clubs involved trailing high-riding Monterey, which sports an unblemished 2-0 mark thus far. Lubbock holds down the cellar spot, with its winless mark of 0-2.

Friday night's contest was a back and forth struggle, with first Pampa and then Tascoza taking the upper hand. The Harvesters finally nailed it down in the last minute of play when Wayne Kries chipped in a pair of free throws to give the locals the victory.

Randy Matson, who specializes in his jumping pivot shot, led the locals in their Friday night contest and is expected to be one of the big offensive threats for the Harvesters in their skirmish tonight.

Kries and Bill Neslage, who combined their scoring tactics to account for 29 points against Tascoza, will again be two of the stalwarts for coach Terry Culley's crew.

Lloyd Balch will be at one of the forward slots along with Neslage and Gordon Balch will hold

down the other guard position along with Kries.

The Shocker B team will be seeking its 14th win of the year in the 6:15 tilt. Coach Roy Kieval's crew has a 13-1 record going into the contest and a 2-0 mark in the young loop competition.

The Shockers only lost this year was to a strong contingent from Hobbs, N. M.

Leading the Shocker attack will be Rickey Stewart and Donnie Ayers.

NCAA Due Battle Over Track, Field

CHICAGO (UPI)—The National Collegiate Athletic Association today headed into a battle with the national Amateur Athletic Union on another front, track and field, in what could be a prolonged scrap over control of international competition.

College track coaches followed a pattern set previously by basketball coaches in asking the NCAA executive committee to lead in forming a new federation to govern the sport in the United States.

The basketball coaches' appeal was approved earlier and three- or five-potential member groups, the colleges, the high schools, and the YMCA, have indicated they would join the new basketball federation. But the armed forces and AAU have not yet decided their future course.

NCAA executive director Walter Byers said the track and field federation probably would include four groups, the colleges, high schools, armed forces and AAU.

Byers said the NCAA's 56th convention this week probably "will determine what course" the colleges will follow, but it seemed obvious the group would go all out to take over from the AAU.

One of the major topics for convention discussion Friday was the relationship between the colleges and the AAU. Byers left little doubt of the collegiate position, stating that a special committee of the NCAA had met four times with AAU officials and had been "unsuccessful."

Chick Werns of Penn State, president of the college track coaches association, claimed in a petition to the NCAA that "there is widespread discontent with the policy-making and general conduct of affairs concerning

Pampans Score Five Victories

Pampa's Optimist club boxers smashed their way to five victories Saturday night against a strong Amarillo Dees boxing team in Amarillo.

In the featured attraction, Gary Wilhelm, Pampa won on a TKO in the third round after opening up a deep cut over Cowboy Willamore's eye.

Wilhelm had taken the first round with a steady left jab and left hook. Willamore came back in the second round, however with a straight right lead to the chin which buckled the local boxer and sent him to his knees.

Results:

- 40 — Mike Clements, Dees over Johnny Roth, Pampa and Kyle Saunderman, Canyon over Johnny Cameron, Dees
- 75 — Howard Clements, Dees over Richard Jones, Pampa
- 80 — Max Saunderman, Canyon over Jimmy Baker, Pampa
- 85 — Alfred Brown, Pampa over David Thompson, Dees
- 95 — Robert Cameron, Dees over Phillip Long, Pampa
- 100 — Keith Jones, Pampa over Johnny Profanik, Dees and Neal Thrasher, Canyon over Jimmy Watson, Pampa
- 145 — Ronnie Fletcher, Pampa over Steve Hall, Dees and Billy Profanik, Dees over Vernon Mangel, Pampa
- 160 — Wilhelm, Pampa over Willamore, Dees

Pro Football Makes Tremendous Progress

MIAMI BEACH (UPI) — Back in 1922, the Rochester team of the National Football League was fearful of early December weather at home so it booked a game against a group of All-Americans into the more southerly clime of Washington.

On the day of the game in the capital there was a light snowfall.

"We've got \$87 in the till," the Rochester manager was told. "Will you play for 40 per cent of the net?"

A couple of weeks back, the Green Bay Packers played the New York Giants at Green Bay for the NFL title. Two days before the game it was 15 degrees below zero. The day of the game it was 18 degrees.

The game drew 39,000 fans in a 38,000-capacity stadium.

All of which goes to prove how far pro football has come — and it's a journey which was foretold by a white-haired man named Leo V. Lyons. The semi-retired Rochester business man, actually one of the founders of the NFL, now is honorary historian of the league which every Sunday plays to capacity crowds.

"Back in 1917," Lyons relates, "I had a team in Rochester on which I played end. I read where the Canton Bulldogs were the 'champions of the world' so I wanted to play them."

When Rochester arrived in the Ohio City, the team found a strecher in front of its bench. Upon inquiry, Ray Witter, a Rochester end who had played for Syracuse, was told:

"Why, we have a guy named Jim Thorpe — and two guys were killed here playing against us last week."

"It was a gag," says Lyons, "but in a way it was no joke. All we saw of Thorpe was a glimpse as he went past. Name them all and he's still the best, the one and only."

After the game, Lyons talked to Thorpe and suggested formation of a league.

"Comedy," he said prophetically "pro football is going to draw like major league baseball."

The following year, Thorpe wrote to Lyons that there was to be an organization meeting in Canton in July of 1919.

"We met in an automobile agency and didn't have enough chairs," Lyons says. "So Thorpe sat on the running board of a car while we formed the American

Football Association with teams from Akron, Dayton, Canton, Columbus and Rochester. Two years later it became the National Football League."

As result of the meeting, Lyons received a letter from an out-fitter for the St. Paul baseball team of the American Association who offered to try out for the Rochester team and, if he made good, to play for \$75 a game.

"I already had two Fordham ends and was to pay them \$150 a week," Lyons muses. "Oh, yea, the fellow who offered to play for me was George Halas."

The same, it might be explained, who now watches with glee as his Chicago Bears play weekly to capacity crowds.

But Lyons always reverts to tales of Thorpe.

"I saw him first in 1912 when he beat Syracuse single-handed," he recalls. "Ten years later we tied Akron, 13-13. Then Akron beat the Oorang Indians of Larue, Ohio, playing without Thorpe, 66-0. That December the Buffalo All-Americans, one of the great teams ever and with players like Lou Little, met Oorang and took a quick 6-0 lead. That's when Thorpe went into the game, personally scored 19 points, and the Indians won 19-6. He was it."

Yet, while the players may not be any better than the one-man gang, the game is something else again. As Lyons predicted to his hero in the long ago.

Foss Optimistic Despite Losses

SAN DIEGO, Calif. (UPI) — A second year of team losses amounting to \$2 million apparently has not dimmed American Football League Commissioner Joe Foss' outlook for the AFL's future.

Foss was optimistic about the league after the first day of the annual AFL winter meeting Monday.

Among reasons for his optimism were expected higher revenue from television, a greater number of draft choices than the National Football League and "enthusiasm" at the two weakest spots in the league—Oakland and Denver.

A general discussion today might bring more fireworks, including a possible bid to unseat Foss. New York Titan owner Harry Wisner has indicated he would seek to have Foss removed as commissioner—and also hopes to persuade his fellow owners, to move the league offices from Dallas, Tex., to New York City.

Foss said 1961 had been the "most successful signing year we have had," explaining that out of 100 top draft choices eight American Football League teams signed 49 players, the National Football League (with 14 teams) 38, and the Canadian League 5.

The AFL, if sponsors still buy time to the limit, can realize \$225,000 per team in 1962 from television of regular league games. Other revenue might come from separate television of away-from-home exhibition games apart from a contract with the American Broadcasting Co., said Foss.

Dischinger May Make It Again

United Press International

Terry Dischinger of Purdue looks like a cinch to gain a repeat berth on college basketball's All-America team this season—and don't overlook Kentucky's newest sophomore whiz, Cotton Nash.

Both players turned in nifty performances Monday night to strengthen their bids for national honors. Dischinger scored 45 points in powering Purdue to a 96-89 victory over Illinois and Nash totaled 31 as fourth-ranked Kentucky turned back Vanderbilt, 77-68.

Dischinger needs no introduction to college court fans, having earned a berth on the UPI All-America team last season after winding up as the Big Ten Conference's leading scorer for the second straight year. Nash, though, is a newcomer with a world of talent who reached Kentucky by an odd, circuitous route.

Born in Jersey City, N.J., Nash divided his high school playing career between Jeffersonville, Ind. and Lake Charles, La. He played under Cliff Barker while attending high school in Jeffersonville and the former member of Kentucky's famed "Fabulous Five" undoubtedly helped talk Cotton into matriculating at this alma mater.

Coach Adolph Rupp has hailed Nash as "the finest sophomore prospect in the nation," and he certainly looked the part against Vanderbilt. The blond, 6-4 center connected on 7 of 13 field goal attempts and pitched in 17 of 19 free throws in sparking the Wildcats to their 10th victory in 11 games at Nashville.

Don Nelson, another Big Ten ace, became the highest scorer in Iowa history with a 36-point barrage that carried the Hawkeyes to a 74-69 victory over Northwestern. Nelson now has totaled 1,224 points, eclipsing the old Iowa career high of 1,188, held jointly by Bill Logan (1953-56) and Dave Gunther (1956-59).

Thomas' Jumping Worries Are Gone

NEW YORK (UPI) — John Thomas' high-jumping worries may be over—for the winter track and field season anyway—now that Russia has declined an invitation to compete in the indoor meets in the United States.

Daniel J. Ferris, honorary secretary-treasurer of the Amateur Athletic Union, said Monday that the Soviet Union, Czechoslovakia and Germany will not participate in the indoor events.

Thomas, a senior at Boston College, was the world's top high jumper until Robert Shavakadze and Valery Bruiel beat him in the Rome Olympics. Thomas then was beaten three times by Brumel during the indoors last year.

Brumel now holds the world indoor and outdoor record.

Stephens Earns Gridiron Letter

Bob Stephens, former Pampa grid star, earned his second letter recently at Northwestern State College in Ada, Okla.

Stephens was a starter in the Ranger backfield. While one of the team's fastest men, he also played on punt and kickoff teams and saw some action in late season at quarterback.

REDS CRY FOUL

BERLIN (UPI) — Communist East Germany has protested against the reported barring of an East German team from the world ice hockey championships in Colorado Springs, Colo. Neues Deutschland, the official Communist newspaper, charged Bonn NATO politicians with being the driving power behind America's decision to exclude the Soviet Zone sextet from the tournament.

Tech, Payne Are Teams To Beat

Lamar Tech and Howard Payne established themselves Monday night as the teams to beat in the Lone Star Conference basketball race.

Lamar Tech, behind the 16-point production of George Zurzenda, whipped Southwest Texas State, 53-48. Lamar Tech now has a 2-0 record. The loss left Southwest Texas with a 1-1 conference record.

Howard Payne spotted Stephen F. Austin College a mid-game seven-point lead last night then rallied for a 71-61 victory. Howard Payne, also boasting two wins without a loss, was behind 39-32 at halftime.

Dobie Craig paced the comeback with 17 points for the victors. Brian Hildebrand drilled 24 points through the hoop for the losers.

In other games, once-beaten Sam Houston nipped Texas A&T 78-76 in an overtime and East Texas State downed Sul Ross, 50-42.

Mike Miller hit eight of Sam Houston's nine overtime points.

Friend Signs Buc Diamond Contract

PITTSBURGH (UPI) — Right-hander Bob Friend, the workhorse of the Pittsburgh pitching staff last season, became the first Pirate to sign for the 1962 season today.

Friend signed his contract in the office of general manager Joe L. Brown. The Pirates declined to disclose his salary.

Working in 238 innings last season, Friend won his first five games but hit a slump and had difficulty in finding a winning stride. He finished the season with a 14-19 record.

Ohio State, Cincinnati Are Still Cage Teams To Beat

NEW YORK (UPI) — Ohio State and Cincinnati, ranked 1-2 every week of the season in the United Press International major college basketball ratings, held on to the top two spots today while Southern California and Kentucky moved into challenging positions.

Ohio State, one of only two major colleges with a perfect record, again was the top pick of 34 of the 35 coaches who make up the UPI rating board. The other first-

Junior High Cage Games Cancelled

Pampa junior high's two scheduled cage tilts with Dumas Tuesday afternoon have been canceled because of snow.

The two games, which were scheduled for the Pampa junior high gym, involved the eighth and ninth grade teams.

Tough Tilts Loom For Cage Teams

By United Press International

Southern Methodist and Rice two Southwest Conference teams with unblemished league records, face the rugged assignment tonight of whipping rugged foes in road games.

The Mustangs travel to Fayetteville—the lair of the Arkansas Razorbacks—and Rice meets Texas Tech at the graveyard of visiting basketball teams—Lubbock.

In other games tonight, Texas A&M takes on Baylor at Waco and Texas moves to Fort Worth against Texas Christian. Despite the home floor handicap, the Aggies and Longhorns will be favored.

Victories by either Rice or SMU at the enemy camps would be viewed as upsets. Both teams beat Baylor and TCU on the road last week, but the Bears and Horned Frogs are regarded as weak teams.

Meanwhile, Texas, A&M, Arkansas and Texas Tech were busy playing each other.

Both SMU and Rice own 3-0 league marks, 39 1-1 for Tech, Texas, A&M and Arkansas. Baylor and TCU are 0-2.
