

Work On Sanford Dam To Start In 60 Days

Construction work on the Canadian River dam at Sanford near Borger is expected to start within the next 60 days.

This became apparent today following the opening of bids on the dam portion of the \$96-million project yesterday in Amarillo.

Low bid of \$17,868,160 for building the dam was submitted by H. B. Zachary of San Antonio. Eight other bids were submitted ranging all the way to nearly \$27-million.

Bureau of Reclamation officials said yesterday afternoon it now will be necessary to process the bids — a chore which will take about 30 days.

Final letting of the contract will

not be made until after the processing has been completed. The contract will be awarded at the Reclamation Bureau's Denver, Colo., office.

Actual building of the dam proper should get under way early in the Spring, the officials stated.

First step would be preliminary excavation. It will take approximately 90 days for diversion of the Canadian River water sufficiently before major excavation can start.

Second low bid for the dam construction was submitted by the Conwest Corp., a Missouri firm, for \$21,175,735. Third low bid was by N. L. Teer of North Carolina for \$21,810,022.50.

Officials of many of the 11 cities to be benefited by the dam project, attended the bid opening in the Amarillo Municipal Auditorium.

The dam is the first major step in the huge project. It also includes a 32-mile aqueduct system which will deliver water to the 11 participating cities.

These cities include Pampa, Borger, Amarillo, Plainview, Lubbock, Brownfield, Levelland, Tahoka, Slaton, O'Donnell and La Mesa.

Completion of work on the Sanford dam is expected in 1965 and Reclamation bureau officials said the aqueduct line should be finished and water flowing to all of the 11 cities in 1968.

Kennedy Asks For Strict Farm Production Control Program Aimed To Cut Surplus

President Labels Plan Common Sense Proposal

WASHINGTON (UPI) — President Kennedy asked Congress today for a "common sense" A-B-C-D farm program built around "abundance, balance, conservation and development."

The President put no price tag on his proposals, but administration officials claimed they would cut government costs, improve farm income and keep consumer prices fair and stable.

In a 4,000-word message to Congress, Kennedy asked for the strictest production controls in history for feed grains, wheat and dairy products in order to reduce surpluses. He also asked for new acreage controls on cotton.

His program, he said, is "as common sense as A-B-C-D."

In a statement accompanying the message, Agriculture Secretary Orville L. Freeman said the program would reduce the cost of price supports to about \$1.5 billion by 1967, a cut of about \$1 billion from the present level.

Other proposals Kennedy made in his message: — A massive program to convert excess farmland to such uses as recreation areas.

— A program of "rural renewal" and education to help rural citizens prepare for non-farm jobs, aid small farmers in consolidation and enlargement and attract industry to ailing farm areas.

— Expanded use of agricultural abundance, particularly through the Food for Peace program and enlargement of the plot food stamp plan to help needy persons here and abroad.

It was expected that the food stamp program, now in operation in eight economically distressed communities, would be expanded to include 20 to 40 new areas.

Kennedy said if Congress allows emergency measures passed last year to expire without approving his new plans to cut farm output, the nation would resume its "drift toward a chaotic, inefficient, surplus-ridden farm economy."

He said improved farm income and reduced government costs are possible only if "farm output can be reduced below needs for several years," and then be allowed to increase as demand increases.

"This is a program for maximum freedom and flexibility in the operation of individual farm enterprises," he said. Two-thirds of the producers voting in a referendum would have to approve the production controls before they could take effect.

Kennedy said that because of modern technology, the United States will need 50 million fewer acres of farm land to feed the population by 1980 than at present.

And right now, he said, 1.5 million of the nation's 3.5 million farmers turn out 87 per cent of the country's farm production. The 2 million others, he said, have "especially low incomes because they own or control too little land or too little capital, and often possess too little skill or managerial ability."

Thus, he said, the only "sensible solution" was a rural renewal program and a plan to turn some farm land to other uses.

He asked Congress to amend existing laws to allow the government to help farmers turn crop acreage into fishing ponds, wildlife preserves, recreation areas, forests and grasslands.

The rural renewal plan would provide federal loans and assistance to local corporations, which in turn would aid in developing new uses for land, create industrial sites, and help small farmers.

"Consideration might also be given," he said, "to making loans available to rural citizens, both young and old, for vocational and other educational training not otherwise available but essential to their preparation for non-farm jobs."

The million persons who move each year from the farm to the city must be helped, he said, to eliminate "hardship and suffering."

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

2 Killed As Tight-Wire Troupe Topples To Ground

DETROIT (UPI) — Two high wire performers, one a young German making his circus debut, plunged to their deaths Tuesday night before 7,500 horrified spectators attending the Shrine Circus here.

Three other members of the aerial troupe, the Great Wallendas, were injured when a human pyramid of six men and a teenage girl collapsed.

One was near death today.

Dieter Schepp, 23, the German who fled from behind the Iron Curtain, and Richard Faughnan, 29, Sarasota, Fla., were fatally injured in the 36-foot fall to the dirt and sawdust covered concrete floor. Faughnan died of a fractured skull shortly after the accident. Schepp died in a hospital early today of head injuries.

Schepp's sister, Jana, 17, was

one of the injured. But she escaped possible death through the heroism of other members of the troupe.

Two Wellendas, Mario, 29, and Karl, 56, crashed to the floor of the state fair coliseum along with Schepp and Faughnan. Doctors at Highland Park General Hospital said Mario Wellenda was in critical condition. Miss Schepp and Karl Wellenda were reported in fair condition.

The pyramid included four men standing on the high wire. They held a cross-bar on which two other men stood. Miss Schepp sat in a chair held by the men on the cross-bar.

Schepp, a nephew of one of the Wallendas and lead man of the pyramid, buckled, lost his footing and fell.

Gunther, Karl and Herman Wellenda grabbed the wire as they fell. They also were able to grab Miss Schepp as she plunged downward and held her by the arms until a net could be stretched out below.

Miss Schepp was dropped into the net but struck her head on the floor when her weight jerked it from the grasp of men holding it.

Cuba Is Ousted By 14-1 Vote Of American Nations

PUNTA DEL ESTE, Uruguay (UPI) — New World foreign ministers, lining up with the United States, voted, 14-1 early today to exclude the "Marxist-Leninist government" of Fidel Castro's Cuba from participation in inter-American affairs.

Cuba alone voted "no." Six nations abstained, limiting the "yes" vote to the bare majority needed to insure expulsion of the Castro regime from the Organization of American States.

The vote on half a dozen measures dealing with the Cuban case effectively wound up the nine-day conference here. The foreign ministers were to meet at 6 p.m. EST, to sign the papers formalizing their decision.

Secretary of State Dean Rusk hoped up to the last minute to muster the support of at least 17 or 18 nations for the crucial anti-Castro vote, but the "soft six" — Argentina, Bolivia, Brazil, Chile, Ecuador and Mexico — refrained from voting for various technical reasons.

The foreign ministers of the six nations argued in substance that the conference did not have the authority to exclude or suspend any American state from inter-American activities without amending the OAS Charter.

Cuban President Osvaldo Dorticos also challenged the authority of the conference and denounced the OAS as a "political and military bloc."

"You may succeed in establishing this bloc, but you will not succeed in erasing us from the Americas' geography," Dorticos said. "We may not be in the OAS, but socialist Cuba will be in the Americas."

"The imperialistic government of the United States will continue to look at revolutionary, Socialist Cuba, 90 miles from her coast."

Soviets Suffer Day Of Defeats In UN Actions

UNITED NATIONS, N.Y. (UPI) — Western diplomats drew encouragement today from three parliamentary rebuffs to the Soviet Union by the Security Council and General Assembly.

The assembly late Tuesday removed from a 45-power resolution on Portuguese Angola a provision for an investigating commission to report to the newly established 17-nation Committee on Colonialism — a pet project of the Soviet Union.

Earlier Tuesday, the Security Council voted, 7-2, to adjourn without taking up Russia's request for a new debate on the Congo.

The Kremlin took a third setback when the council president, Sir Patrick Dean of Britain, summoned the 11-nation group to meet Thursday to consider the Kashmir dispute between India and Pakistan. Russia and Romania, supporting India's opposition to such a meeting now, offered stiff objections to Dean's call.

The assembly, returning a 93-2 vote for a relatively mild resolution asking Portugal to ease its Angolan policy, adjourned for the rest of the week.

Its 104-nation Main Political Committee will meet next Monday to take up Cuba's complaint of "aggression" by the United States.

Terry Files For Representative

George W. Terry of McLean announced today he will campaign as a conservative Democrat in his bid for the office of State Representative from the 87th District.

Terry, 40-year-old McLean businessman, pledged that if elected to the Texas Legislature he will serve all constituents — Gray, Wheeler and Collingworth Counties.

"I feel that I know and understand the problems in Gray, Wheeler and Collingworth Counties and will serve all the people to the best of my ability," Terry declared.

Terry has adopted the slogan "The Man With a Cause — Good Government" for his campaign.

A resident of the area in the 87th District all his life, Terry said he is disturbed by the fact that the opinions of the voters are often ignored when action is taken in the Legislature.

"If elected, I shall do all in my power to learn the opinions of the voters before making a decision (See TERRY, Page 3)

NEW INDUSTRY OFFICIALS — Officials of Baker Plastic, Inc., met with Pampa Chamber of Commerce officials today to discuss the new plastic pipe coating plant which will begin operation here in February. Shown here at the plant location on Wilks street, left to right, are Phil Burton, Odessa, who will be manager of the Pampa plant; W. A. Watson, industrial chairman of the Chamber of Commerce; Mrs. J. E. Baker, vice president and treasurer of the company; and H. T. Fillion, company president, both of Odessa. (Daily News Photo)

Pampa Gets Plastic Pipe-Coating Plant

Pampa will be the home of a new industry employing 25 to 30 persons at the outset, it was announced today by W. A. Watson, chairman of the Industrial Committee of the Chamber of Commerce.

Watson said the Baker Plastic Inc., of Odessa, operators of a plastic pipe-coating plant and field operation, will be established in mid-February to serve the Panhandle oil industry.

President of the firm, H. T. Fillion of Odessa, who was in Pampa today, said the plant will be located in a building at 516 W. Wilks St., just south of U.S. Highway 60. It will house administrative offices, tubular goods, baking operations and field equipment.

Baker Plastic, Inc. has operated in the Permian Basin with offices in Odessa for the past 17 years. The firm also has a plant in Hobbs, N.M.

The business, when in operation, Fillion said, will employ 25 to 30 persons. Of this number Fillion said there will be four administrative and supervisory personnel who will move to Pampa from Odessa. All other labor will be recruited locally.

The new plant will be managed by Phil Burton of Odessa. Fillion stated that construction would start immediately building

onto the present location to make room for the baking plant.

The company operations will consist of baking plastic coatings on tanks used for oil or water storage and treaters. Special equipment will be brought from Odessa to place coatings on pipelines for corrosion and paraffin control.

Mrs. J. E. Baker, company vice president and treasurer, accompanied Fillion to Pampa today where they conferred with Chamber of Commerce officials.

Quick Thinking By Pampa Woman Saves Tot's Life

Quick thinking on the part of a Pampa woman saved the life of a small child yesterday.

Mrs. B. R. Sargent, 732 Naida, said she was holding her eight-month-old son, Gary, in her arms when he suddenly was seized with a choking attack.

Mrs. Sargent ran with the child to the home of a neighbor, Mrs. Lee Lamb, 724 Naida. Mrs. Lamb quickly administered mouth-to-mouth respiration and the child was revived.

The baby was taken immediately to the family physician.

Mrs. Sargent said today the doctor told her that the quick thinking action on the part of Mrs. Lamb undoubtedly saved the child's life.

Suspect Jailed As OAS Leader

PARIS (UPI) — French authorities have arrested the man believed to be in charge of the outlawed Secret Army Organization (OAS) plastic bombing raids in metropolitan France, government sources said today.

The man was picked up Tuesday night in the Pam Pam restaurant, the sources said. This is a favorite spot with American tourists.

WEATHER

Pampa National Headquarters Of Dental Group

Pampa has been selected as the national headquarters for the Association of American Dentists.

Following an organizational meeting last week in Dallas of dentists from a seven-state area, it was decided by the AAD to establish the national office in Pampa. It was announced today by Dr. Will F. Graham of Pampa, a delegate from the Panhandle district to the Texas Dental association.

The headquarters, located in Suite 318 in the Pampa Hotel, will be the meeting place of newly-elected officers and members of the board of the AAD, according to Dr. Graham.

Officers elected in Dallas included Dr. John G. Whinery of Amarillo, president, who is the northwest area delegate to the American Dental Association; Dr. Graham of Pampa, secretary, and (See DENTAL, Page 3)

Two Weeks Remain To Vote For Friendliest, Courteous Employee

Do you enjoy shopping in Pampa? How friendly are the stores? How helpful are the employees at mercantile places and in offices? Do they make you want to come back tomorrow and the next day?

Undoubtedly, favorable answers would be given to all of these questions. Pampa has a reputation of being a friendly city and Pampa employees want to keep it that way.

So The Pampa News is conducting a campaign to find the man and woman employee who do the most to keep Pampa a friendly city.

You, the readers of the News, will decide who they are. And The News will award a cash prize of \$50 to each of them.

This campaign is in its fourth week now and will run through Feb. 15. That's the day the voting ends.

Ballots have been coming into The News by the hundreds for the "Friendliest and Most Courteous" employees.

Have you voted for your favorite yet? You can vote as many times as you wish. (See NOMINEES, Page 16)

Announcement will be made in the February 25 edition of The News. Store owners or managers are not eligible. Vote as often as you wish; use only the award voting ballot which will be published daily in The News.

Question Fired At Kennedy Stirs Job Controversy

WASHINGTON (UPI) — Seldom as a White House press conference question and answer exchange stirred up quite as much intense discussion at the incident of last week when the knuckles of a woman reporter were soundly dusted by President Kennedy.

What provoked the President's obvious ire was a declarative sentence by Sarah McClendon, reporter for a group of Southwestern and New England newspapers, that two State Department officials were "well-known security risks."

Mrs. McClendon did not supply the names until challenged to do so by the President. If he had not demanded the names of her, however, there would have been a vague, but still public record of his administration harboring men who could or should not be trusted with government business.

Editors and reporters not only in Washington, but across the nation have reacted strongly to the now well-identified "McClendon incident." Newspapers large and small have carried editorial comment. There has been much mail on the subject to the White House some of it addressed to Mrs. McClendon.

Mrs. McClendon is not without her defenders, apparently among those who feel that virtually any administration is pocked by so-called security risks and that virtually any tactics to dislodge or expose them are commendable. With no pretense at having attempted an opinion survey in depth, it may be reported, however, that Mrs. McClendon's critics seem to outnumber her defenders by a wide margin.

Much of this criticism is quite apart from the two State Department officials involved, but has to do with the basic structure of the presidential news conference, itself. A great many Washington reporters feel it is a destructive mistake to use the conference as a caustic echo chamber. Not only President Kennedy, but his immediate predecessors, Messrs. Eisenhower and Truman, were angered and felt a sense of unjustified entrapment by accusatory questions.

White Deer Personals

Mr. and Mrs. George Coffee have moved into their new home.

The Venado Blanco Study Club will hold a bake sale Saturday, Feb. 3 in the automatic laundry room. Proceeds will go towards new furniture for the library.

Mr. and Mrs. W. B. Carey visited in the home of their daughter and family Mr. and Mrs. Clarence Anderson and family of Amarillo, to care for their three grandsons while their parents made a trip to San Antonio.

Recent guests of Mr. and Mrs. Ernest Russell were Mr. and Mrs. Maurice Ehrlich, of Follett.

Mrs. Conner O'Neal has transferred from St. Anthony's hospital, Amarillo to Highland General Hospital. Mrs. O'Neal was injured in a car accident in November.

Rev. and Mrs. Edgar Hubbard were guests of the Women's Association of the Northminister Presbyterian Church in Amarillo recently. Mrs. Hubbard was one of the speakers for the program.

Mr. and Mrs. Chester Nunn and Mrs. Alta Boyd were in Tulsa, Oklahoma Saturday to attend the funeral of Mrs. Isabelle Gapehart and C. E. Gapehart.

Carolyn Peters, a freshman at West Texas State, Canyon visited between semesters with her parents, Mr. and Mrs. W. A. Peters.

Mrs. Vernelle Gibson of Waxahachie visited her parents, Mr. and Mrs. V. D. Crumpacker, and her sister and family, Mr. and Mrs. Walter Thoms, over the week end.

The Young Adult Department of the Presbyterian Church met in the home of Mr. and Mrs. James Stalls Sunday evening. A motion picture was shown about the White Deer Riding Club.

Mr. and Mrs. Tommy Ratliff are the parents of a baby son, born Jan. 23.

On The Record

Nuclear Negotiations End In Total Failure

GENEVA (UPI) — Three years of patient conversations appeared today to have brought the Western powers not one step nearer to negotiation of a nuclear test-ban treaty with the Soviet Union.

The East-West talks, which started here in October, 1958, seemed to have finally reached the end of the road.

Although British and American delegates insisted the talks were merely recessed indefinitely, the Soviets appeared to have written them off as a means of negotiating with the West.

Britain and the United States plan to keep skeleton delegations here in case the Soviets wish to resume informal contacts on the question of a test ban. But Western spokesmen admitted today the chances of getting the Russians to the conference table again appeared slim.

The talks broke down after a remarkable double shuffle by the Soviets had seen them violently opposing a plan they themselves

were pushing on the conference less than a year ago.

Last week Soviet negotiator Semyon K. Tsarapkin turned down an Anglo-American suggestion that the nuclear talks be merged with the 18-nation disarmament conference meeting here March 14.

The West, he charged, was trying to "distract the disarmament conference from its real work" — ignoring the fact that the Western proposals were virtual duplicates of one made by the Soviets last summer.

Republicans File In Hockley County

LEVELLAND, Tex. (UPI) — For the first time in history, Republicans have filed as candidates for local offices in Hockley County.

Republicans filed for five offices, they are Burnett Roberts, Mrs. James Lattimore, Harry Mathews, Clyde Walker, and Jack Shoemaker.

Roberts filed for state representative, Mrs. Lattimore announced for county judge, Mathews filed for county school superintendent, Walter for county treasurer and Shoemaker for commissioner.

The USS Flasher set a record for U.S. submarines in World War II by sinking more than 100,000 tons of enemy shipping.

Approval Seen For Pumped-Up Texas Budget

AUSTIN (UPI)—A pumped-up budget bill, revised sharply upward to cover most of Gov. Price Daniel's requests, is expected to get final approval today in the Texas House.

The bill, a substitute for a similar measure already passed by the state Senate, won preliminary approval Tuesday by a 405-41 vote. An attempt to suspend rules for immediate passage failed to get the necessary four-fifths approval.

There was some question about whether the two chambers could iron out differences in the measures before the end of the current special session.

The House gave preliminary approval to the bill after Rep. DeWitt Hale of Corpus Christi pushed through an amendment to boost the tourist advertising program to \$300,000—the figure requested by Daniel.

As reported out of committee, the bill would have appropriated \$150,000 for tourist advertising, and then allowed it to be spent only when matching private funds were obtained. Under the amendment, \$200,000 in public funds are required.

The Senate version authorized \$200,000 for tourist advertising. Senators are expected to turn down the House version and ask for a conference committee.

Representatives earlier upped the appropriation for repairs to the San Jacinto monument near Houston to Daniel's requested figure of \$156,000 after the committee recommended only \$106,000.

An amendment to hike money for juvenile parole officers was turned down, however, and the approved figure of \$78,500 is far below that requested by the governor.

Meanwhile, the prospect of a small loan regulatory act appeared brighter.

Members of a conference committee called to iron out differences in House and Senate passed versions reported steady progress through the day Tuesday.

Sen. Frank Owen of El Paso, head of the Senate conference committee, said he hoped the group could submit a bill for approval sometime today.

The chances of two bills giving San Angelo Junior College full college status and Pan American College at Edinburg full state aid appeared dim.

Sen. Bill Moore of Bryan filibustered for more than an hour on a bill to change drivers licensing laws yesterday in an effort to keep the college bills next on the calendar—from reaching the floor.

Senators finally adjourned by voice vote without taking any action on the drivers license bill.

Last Chance To Pay Poll Tax

Gray County is headed for a good year in eligible voters in 1962 with the list reaching 5,700 this forenoon. This number included exemptions, as well as paid poll taxes.

Jack Back, county tax assessor and collector stated today is the deadline for the payment of taxes. Back said that his office in the courthouse would close promptly at 5 p.m. today, but he added that midnight was the legal deadline for the payment of poll taxes. Until that time anyone legally certified to collect taxes and issue receipts may accept payment. Letters postmarked before midnight also will be accepted.

The total taxes paid before deadline of last year numbered 8,128, leaving a gap of 2,428 to be made up if that number is to be equal or passed this year.

Lose A Hub Cap?

Police today were trying to locate the owners of 12 automobile hub caps which were found yesterday afternoon in a horse trailer parked on south Faulkner. The hub caps are being held at the police station in City Hall.

Vending Machine Operators Suing To Void Tax Law

AUSTIN (UPI)—A group of vending machine owners filed suit against the state Tuesday asking the court to void a section of the sales tax law which requires them to pay the tax although they cannot collect it.

The suit, filed in 53rd District Court in Austin, named Comptroller Robert S. Calvert, Treasurer Jesse James and ATTY. Gen. Will Wilson as defendants.

Plaintiffs are Neelley Vending Co., of Austin, Canteen Co., of Dallas, Gallavneau Brothers of Amarillo and B&M Vending Co. of Lubbock.

The suit asks that the court declare Calvert's interpretation of the sales tax law unconstitutional and order the state to return taxes paid under protest by the companies.

Mrs. Stribling Service Pends

Funeral services are pending for Mrs. Susie Alexander Stribling of Miami, who died at 1:45 a.m. today in the Truman Convalescing Home in Amarillo.

She was born May 28, 1872 in Hill County and moved to Miami in 1898 from Throckmorton. She was a member of the First Baptist Church.

Her husband, D. B. Stribling died in 1941.

Survivors are two sons, T. A. Stribling of Miami, C. K. Stribling of Bloomfield, N.M.; and one niece, Mrs. Judy McBride of Amarillo.

Services will be announced later by the Duenkel - Carmichael Funeral Home.

Dental

(Continued From Page 1) Dr. J. B. Veale, Jr. of Pampa, president-elect of the Panhandle District Dental Society.

Board members elected included Dr. Dwight Hudson, Scottsdale, Ariz.; Dr. B. Edward Burgess, Houston; Dr. J. T. Clark, Odessa and Dr. Reuel May, Jackson, Miss. Dentists belonging to the ADA from Arizona, Texas, New Mexico, Mississippi, Colorado, Oklahoma and Iowa voted on the new slate of officers and board members at the Dallas meeting.

The purpose and structure of the AAD, Dr. Graham said, will be basically the same as those of the American Association of Physicians and Surgeons. The first objective of the AAD, he said, will be to preserve quality dental care for the benefit of the American people.

Dr. Graham pointed out that ethical dentistry is confronted today with conflicting ideas. The comprehensive purpose of the AAD is to promote the ethical practice of dentistry in a free society by responsible individuals while combating centralization of control, statism and collectivism, according to Dr. Graham.

Feb. 13 Set As Earliest Date For Orbit Shot

CAPE CANAVERAL (UPI)—A spacecraft, the weather and the internal ills of a rocket have cropped up in that order to keep John Glenn out of orbit until Feb. 13 at the earliest.

The latest postponement was announced Tuesday after Glenn's Atlas booster developed a disorder fairly common to its breed. This erased a timetable that had called for the orbital flight on Thursday.

Glenn was reported to have expressed disappointment, and then shrugged it away with an acknowledgment that this first attempt to orbit an American should not be undertaken until all is right.

Asked for details on what caused the latest delay, Project Mercury spokesman John (Shorty) Powers replied: "Sure I know what it is, but I'm not about to tell you."

However, informed sources said the rocket's kerosene fuel had begun to leak into an insulating material separating the fuel and liquid oxygen tanks. This was considered a possible threat to successful firing.

This source said this essentially was the same condition that caused a five-day delay in the Ranger III moon rocket launching last week.

Glenn had been scheduled to make his flight Jan. 23, but trouble developed in his Friendship-7 capsule and the launch was postponed until this past Saturday.

On that big day, clouds moved in over the missile test facility and caused postponement of the launching with only 18 minutes to go.

Auto Licenses Go On Sale Thursday

License plates for motor vehicles for 1962 will go on sale tomorrow in the Tax collector's office in the Courthouse.

The new plates, black background with white numerals, will be sold starting at 8 a.m. according to Jack Back, county assessor and tax collector.

A total of 14,980 plates have been allotted to Gray County this year.

Motorists are urged by Back to purchase their license plates as soon as possible to avoid a last-minute rush.

He concluded by saying that the AAD holds that every step toward federal control in any field will ultimately affect dental service adversely and, therefore, will work toward curbing all unnecessary government control in this country.

The AAD will hold its national convention in Dallas April 29.

Lloyd Kuntz Is Kiwanis Speaker

Lloyd Kuntz, member of the Downtown Kiwanis Club, was the principal speaker at the weekly meeting of Top O' Texas Kiwanians last night in Coronado Inn.

Kuntz, introduced by John McCausland, spoke on behalf of Kiwanis International's Support of Churches program.

The speaker discussed the "need in today's world for the application of the sayings of Jesus in our daily lives."

Announcement was made that effective next week, the Top O' Texas Kiwanis Club will meet on Monday nights at the Coronado.

Carver Student Receives Award

Miss Valerra Moore, granddaughter of Mrs. Ellice Gaither, 517 Elm, has been named Betty Crocker Homemaker of Tomorrow from Carver High School, where she is a senior student.

The award was the result of a test given Dec. 5, 1961, to senior girls in high schools across the nation. From results of the examination, a Betty Crocker Homemaker of Tomorrow for each school has been named.

Miss Moore, as the highest ranking homemaker student in Carver school, received a distinctive Homemaker of Tomorrow pin and her examination paper is now being compared with examination papers of all other school winners in Texas. A State Homemaker of Tomorrow soon will be announced.

Each "homemaker of tomorrow" is eligible for a \$1,500 college scholarship and, with a faculty advisor, an expense-paid educational tour of New York City and Colonial Williamsburg. Va. Her school will receive a set of the Encyclopedia Britannica. In each state a \$500 scholarship will be awarded to the school Betty Crocker Homemaker of Tomorrow, who rates second highest.

Rites Held Today For Dick Rayburn

BONHAM (UPI)—Funeral services will be held today for Richard Ashburn (Dick) Rayburn, brother of the late Speaker Sam Rayburn.

Dick Rayburn was 77, two years younger than Mr. Sam. They died in the same hospital, both of cancer, 10 weeks apart.

Dick Rayburn will be buried near his brother in the family plot at Willow Wild Cemetery, on the western edge of Bonham in sight of the Rayburn family home and the Sam Rayburn Library.

Continuing Mild Weather Proves Winter Respite

By United Press International The dry, mild weather dominating the Texas weather picture is a welcome respite from winter, but it is giving the Houston fire Department fits.

Humidity dropped to 25 per cent in Houston Tuesday. That is considered bone-dry there. Firemen made a record 253 runs as prolonged dry weather helped grass fires flare up throughout the area.

Dispatchers said none of the fires was serious. Most were confined to vacant lots and uninhabited areas. More of the same was expected today.

The Weather Bureau said fair weather with mild days and cool nights would continue over Texas for the next day or two at least. Little change in temperatures was expected today or Thursday.

The mercury Tuesday climbed to 79 degrees at Waco and ranged downward to 64 degrees at Pecos. Readings in the 70s stretched over East and Central Texas and near 70 in West Texas.

Low readings this morning ranged from 21 at Alpine to 50 degrees in Corpus Christi.

Terry

(Continued From Page 1) on any legislation brought before the Texas Legislature, Terry pledged.

Terry has owned and operated Terry's Electric in McLean for the past 15 years. He also was employed by Phillips Petroleum Co. for 21 years.

Astrologers Warn Evil Consequences In Offing

NEW DELHI (UPI)—The widespread fear that the stars will bring India a disaster Feb. 3 today meant boom business for insurance companies but headaches for many employers.

Astrologers have warned that evil consequences will result from the weeklong conjunction of eight celestial bodies, and millions of Indians, including President Rajendra Prasad, are firm believers in astrology.

Insurance companies were flooded with orders for policies covering damage to homes, stores, and factories. The companies are charging normal yearly rates for the policies, although some people want them only for the month of February.

The Indian Mine Association said many mineworkers in West Bengal have refused to enter the mines beginning Feb. 3 for fear of the effects of the star cross.

Most couples have postponed wedding dates previously set for the weeks around Feb. 3, because they consider the time "inauspicious." But 23 couples in New Delhi's city-run leper colony were married Tuesday.

Says State Dept. Governs Speeches

WASHINGTON (UPI)—A Pentagon official who reviews speeches testified today that the State Department calls the tune when military experts propose to make speeches on world communism.

The witness, Willis D. Lawrence, told a Senate subcommittee, however, that civilian and uniformed military experts are not prohibited from discussing foreign policy—even if a literal interpretation of current directives seems to say so.

Feminine Is Word For Evening Dress

By GAILE DUGAS
Newspaper Enterprise
Women's Editor

NEW YORK (NEA) — Evening dresses for spring are the 'most feminine ever. And consequently, the most beautiful.

Chiffon, swirled, pleated, draped or ruffled, predominates. Sometimes it gets a ring of ostrich feathers as added filipp. In black and in peach and apricot, the chiffon dress floats through major New York collections.

Ruffles are at their very best for evening. At the hem or on little detachable capes, they offer pure flattery.

Though there are a good many slim skirts for evening this year, the wide skirt has not vanished entirely. Often, fullness is handled by darting at the waistline which provides just the necessary width over the hips. And the short, bouffant skirt is still in evidence for the younger set.

Skirt lengths are either just below the knee or way down to the ankle. There is no in-between. Chiffon is vivid red or brown, sharp combinations of black-and-white, white crepes, silk prints and splashy pastel floral prints on white silk chiffon all mark this as a spring with a touch of the unusual.

Even the stole gets ruffles as trim this year. And the stole is back in top form as a little evening wrap. Other forms of coverage are found in little cap sleeves, three-quarter sleeves (for dinner dresses) and circles of tulle or even ostrich feathers to be worn just as the mink circlet is worn on the shoulders.

Beige satin costume for spring evenings pairs dress with beaded bodice and coat with beaded collar and pockets. Dress has wide skirt and coat is wool. This is a Gothe design.

Short dinner dress for spring is by Jo Copeland of Pattullo turquoise crepe. Draping of low neckline is repeated in skirt. Cutaway top lends two-piece effect.

Highland Baptist Church Circles Convene For Study In Homes

DUNAWAY CIRCLE of the Women's Missionary Union of Highland Baptist Church met recently in the home of Mrs. D. W. Tracy, 601 E. 19 for mission study.

The Buck Newells Honored At Party

CANADIAN (Spl) — A wedding shower honoring Mr. and Mrs. Buck Newell was held Friday evening in the home of Mr. and Mrs. Creed Petree. Co-hostesses were Mmes. Calvert Norris, Duane Nix, Howard Yarnold, Claude Milom, Loice Etheredge, Elmer Keahy and Jim Parsons.

The refreshment table, laid with a white cloth, was centered with an arrangement of red carnations in a crystal bowl flanked by red tapers in crystal holders. Guests were served cake, coffee and punch.

Mrs. Duane Nix presided at the punch bowl and Miss Easy Davis of Perryton poured the coffee. The honoree, Mrs. Newell, was presented with a "kitchen corsage."

Present were Miss Lavonne Newell of Crawford, Okla., Messrs. and Mmes. Oliver King, Curtis King, Mrs. Lactea Barton all of Perryton; Messrs. and Mmes. James Flowers of Miami; Warren Harrington; Raymond Newell; Bert Schaefer; Jim Adcock; Bryan Eckles; Van Petree; Ernest Clark; Jim Smith; Virgil Brock, Flowers and Glen Hostler.

A number of others sent gifts but were unable to attend the shower.

Mrs. Shelton Guest At Pink-Blue Party

CANADIAN (Spl) — Mrs. Wanda Shelton of Allison was honored at a pink and blue shower on Jan. 22 in the home of Mrs. Loyd Jones. Co-hostesses were Mrs. Doris Newsome, Mrs. Vernabel Markham and Mrs. Bessie Magee.

After the gifts were opened refreshments were served to guests, Helen Crawford, Irma Waiba, Edith Levitt, Beatrice Gray, Clydene Hall, Hazel Miller, Sharon Jones, Judy Markham, Nettie Walsh.

QUICKIE Run out of ash trays during a party? Press heavy-duty aluminum foil into contours of one of your trays, and let the foil substitute serve as throw-away trays.

★ Polly's Quiz ★

By Polly Cramer

As little girls, most of us adored playing with paper dolls. What fun, changing from one dress to another! And now, a grown-up version of paper dolls can do a lot to help in deciding on a new look for our homes.

First draw an outline of a room that needs a different look. Make it to scale showing windows, doors, fireplace and so on. To the same scale, cut little pieces of paper that will represent furniture to go in the room.

Shift and reshuffle until you come up with a furniture arrangement (on paper) that you like. Your husband will be delighted when he discovers that you know just where you want each piece when it's time to move the actual furniture.

This should come before the selection of colors and pattern for furniture covers. You can even use an actual doll house room, decorating it according to the plan in mind.

Dear Polly: I gave my son and his wife his great-grandmother's bedroom furniture. It is beautiful burl walnut; the bed has a big carved headboard and footboard; there are a wash stand and marble-topped dresser. I am sick about it. She painted it all, tacked material on the headboard and threw the footboard away. And then, of all things, she took the mirror off the dresser and placed it on the wall.

Don't young people have any respect for beautiful antiques? What can I say to her about the awful thing she has done? — Mrs. K.S. Dear Mrs. K.S.: Nothing. You gave her the furniture so it is no longer yours to comment on. Keep hands off. Age doesn't make everything beautiful. The word "antiques" is often stretched to cover some ugly pieces. Sounds to me as if you have a rather clever daughter-in-law.

Dear Polly: Please help me with my living room. Walls are pearl color and rug is medium brown. There are two chairs in pumpkin brocade. I have blonde furniture handmade by my husband that I want to keep. Curtains are cream with gold line stripe. What color shall I choose for a new sofa? — Mrs. A. H. Dear Mrs. A. H.: Introduce some pattern by means of a sofa covered with quilted fabric that has a design in pumpkin, green and off-white on a brown ground. Some other touches of green should help, too.

MISS PAT HUNT FETED AT PARTY GROOM (Spl) — Patricia Hunt was honored recently with a party on her twelfth birthday in the home of her parents, Mr. and Mrs. Kenneth Hunt. Guests were Teresa Bichsel, Carolyn Brooks, Carolyn Stephenson, Joan Neal Ann Stamps, Kathy Jones, Sandy Kotara, George Ann Clark, Bobby Goodlett, Tommy Cleere, Mike Helton, Larry Brown, Larry Stephens, Kyle Major, Bobby Brooks, Marva Morrow, Jimmy Thornton and Herby Hunt.

MISS RAE ANN KLEY Celebrates Birthday CANADIAN (Spl) — Rae Ann Kley celebrated her birthday Tuesday afternoon with a party in her home. Guests present were Susie Ortega, Venita, and Phyllis Matthews, Gilissa Dickens, Mary Jane Hill, Mique Jo Hennard, James Miller, Laurie and Cathy Ezell, Vivian Teague, Janet Faulkner, Claudia Murray, Paula Read, Marilyn Read, Treva Jo Stamps, Cathy Bucher, Marsha Jo Montgomery and Jane Ann Kley. Games were enjoyed. Refreshments of birthday cake, ice cream, candy and gum were served.

B & PW Club Has Program Of Film

Business and Professional Women's Club met recently in the City Club Room for a program presented by Mrs. Helen Sprinkle, legislation co-chairman.

Mrs. Sprinkle introduced D. C. Ash, who showed colored slides of the B&PW Conference held in Pampa last October. Slides of other B&PW activities were also shown.

Mrs. G. E. Tinnin, president, conducted the business meeting during which a recommendation was approved to pay a \$150 tuition for a Pampa girl, who is attending college.

During the social hour, Mrs. W. W. Lewis presided at the coffee service and Mrs. Grant Anderson served cake.

Mrs. Imogene Brown, legislation chairman, assisted Mrs. Sprinkle with the program.

Mrs. Adcock Feted At Lullaby Party

CANADIAN (Spl) — A pink and blue shower honoring Mrs. Jimmy Adcock was held Monday afternoon in the home of Mrs. Gilman Flowers with Mrs. Howard Yarnold and Mrs. Calvert Norris as co-hostesses.

The gift table was laid with a white drawwork cloth and centered with a large stork. The honoree was presented with a corsage of pink net and bows hung with a baby rattle and other accessories.

Guests were served cake squares decorated with baby roses and safety pin storks, mints, nuts, coffee and iced tea.

Present were Mmes. Claude Milom, L. F. Etheredge, Van Petree, Creed Petree, Bert Schaefer, Warren Pickens and Dale Petree.

Sutton-O'Quinn Announce Plans

CANADIAN (Spl) — Mr. and Mrs. J. W. Sutton are announcing the engagement and approaching marriage of their daughter, Carolyn, to Bryan Patrick O'Quinn. Mr. O'Quinn is the son of Mr. and Mrs. Justin O'Quinn of San Antonio.

Miss Sutton was graduated from Canadian High School and is a junior at Texas Tech at Lubbock. Mr. O'Quinn is a senior at Tech and will receive his degree in May.

Wedding vows will be exchanged in the First Baptist Church at 5 o'clock in the afternoon on Feb. 14.

NEAT SEAT TRICK When the cane seating of a favorite chair wears out, replace it with a piece of plywood cushioned in foam rubber and upholstered in your favorite color.

Dear Abby... Daughter Needs Emotional Counseling

By ASIGAIL VAN BUREN

DEAR ABBY: I feel that I'm a complete failure as a mother. We have a beautiful, vivacious, intelligent, 16-year-old daughter. We did all we could to guide her mentally, socially, and morally. She developed physically much earlier than most girls. From the time she was in 7th grade her teachers have written or called me concerning her conduct with boys. I refused to believe the things they told me because our daughter denied them and I wanted so much to believe her. Suddenly the truth was brought home to us. Our daughter had been lying to us and, without going into detail, we were completely fooled. She is not "in trouble," but she could have been. She is popular and goes with "nice" boys, but even nice boys slip occasionally. We live in fear of what could happen. What do you advise?

I am told she has the idea that I will break down and marry her. I have never been in her company except for occasions when we have been "paired" off by mutual friends who think we make "a nice couple." She keeps calling me and has even come to my apartment uninvited. I am in my fifties and if she were the last female on earth I would sooner marry a man.

EXTREMELY WORRIED DEAR WORRIED: Every teenager should have someone with whom she can talk frankly, without fear of censure or punishment. That person, ideally, is her mother. If you cannot cultivate that relationship between you, send her to a psychiatrist, clergyman or guidance counselor. Your daughter needs desperately to learn much concerning sex, emotions and the maturing process.

HOUSED DEAR HOUSED: Why don't you put it to her just that way? If you did, I'm sure you would have no more trouble with her.

DEAR ABBY: I am married to a man who has many good qualities, but he has one stubborn streak in him that drives me crazy. He refuses to let me drive the car while he is in it. He says a man looks like a pipsqueak sitting beside a woman while she drives the car. I have seen other men sit while their wives drove, and they looked happy enough to me. I can drive every bit as well as he can, but of course he would never admit it. I would like your opinion on this subject.

HURT FEELINGS DEAR HURT: Let your husband drive or he'll drive you crazy.

DEAR ABBY: What do you think of a woman who keeps annoying a fellow who plainly does not want her?

How is the world treating you? Unload your problems on Abby, care of this paper.

She has been after me for 12 years. I am told she has the idea that I will break down and marry her. I have never been in her company except for occasions when we have been "paired" off by mutual friends who think we make "a nice couple." She keeps calling me and has even come to my apartment uninvited. I am in my fifties and if she were the last female on earth I would sooner marry a man.

Tri-City Boxers Withdraw From Golden Gloves Regional Meet

AMARILLO — The old saying that "I should have stood in bed" really applied to Pampa boxers Tuesday night in the opening round of the Regional Golden Gloves matches.

Tri-City, which is composed of boxers from Pampa, Shamrock and Wellington, withdrew its entry even before any leather flew for their side. Coach Jimmy Olson told his teams to pack up and leave after a dispute over opening round pairings in which two of his boys were pitted against each other.

Olson argued that no teammates should be pitted against each other, although the by-laws of the Golden Gloves stipulate that none of the teammates can be paired off against each other. No one took him seriously at first, since the boys had already weighed in and the boys' names were already on the night's program.

Olson faces possible suspension by the Amateur Athletic Union permanently while the team members may be suspended for an indefinite period.

The two boys matched in the first round of action were Kenny

Powell and Albert (Corky) Powell in the 147-pound high school division. Both boys were members of the Tri-City team.

The withdrawal of the Tri-City team dealt Pampa boxers a big blow, since two of its members were favorites in up and coming divisions.

Johnny Ironmonger, the popular scrapper who was a pre-tournament favorite in the 126-pound division and Kenneth Wood, who was favored in the 135-pound class, were both members of the Tri-City team and thus saw their dreams of possibly advancing to the state tournament in Fort Worth go up in smoke. Wood is a former state champion.

The Pampa Optimist Boxers seemed to get up on the wrong side of bed, as all three entries lost their matches.

In the 112-pound division, Mike Slattery, Dee's son on a TKO over Jesse Dean Reid, Pampa in 1:02 of the second round.

Zeke Clements, Dees won a first round TKO over Douglas Reeves, Pampa in the 160-pound class and Dickie LaFevers, Marion's (Amarillo) won on a TKO over Roland Fletcher, Pampa in 1:05 of the

first round in the other two bouts involving Pampa boxers.

There were seven bouts on the card in all.

Other results found Ronnie Brock, Dees' winning over Charles Zajicek, Borger in the 126-pound division; Lesse Rodela, Levelland winning over Andrew Rodriguez, Hereford in the 105-pound class and George Arrandondo, Amarillo winning over Albert Rodriguez in the 135-pound division.

Fights will continue tonight starting at 8 p.m.

TEAM'S NEW UNIFORM — Casey Stengel, manager of New York's new National League baseball team, the Mets, holds up a sketch of the team uniform at a press conference in New York.

Harvesters Fall Before Tascosa Rebels, 52-48

By DICK RABE
News-Sports Editor

AMARILLO — Well, there were only four points difference again between Pampa and Tascosa, but this time the Rebels let out a louder battle cry and took the measure of the visiting Harvesters in overtime 52-48.

The Harvesters, who downed the Rebs in their first meeting, 53-49 seemed to have everything under control once again until the final seconds of play when Tascosa put on the steam and tied it up, sending the game into overtime.

At the end of regulation play it was 47-47.

In the three-minute overtime session, Tascosa popped in a two pointer to take a 49-47 lead. Bob Neslage then sank one from the free throw line to narrow the gap to one point. The Rebs added three more before the extra session was over, however to ice the contest away and send the Harvesters down to their seventh loss of the year. They have won two.

The Rebels are now 5-4 in loop play.

At the end of the first quarter, Pampa held a slim 16-15 lead. At the end of the half, Tascosa had surged ahead 27-25. The Rebs still held the lead at the end of the third quarter, also 39-38.

In the final period, it looked as if the Harvesters were going to make it a complete run away for awhile, building up a 47-41 lead. The Rebs wracked up six points in a row on the scoreboard, however to tie it up with some nine seconds remaining.

Neslage led the locals from the floor with 15 points while Randy Matson and Wayne Kreis each chipped in 13 points for the evening.

For the Rebels, Vernon Furlow had 19 and Johnny Weidling had 13 points to lead the winners.

In the big game Tuesday night, Monterey took over sole possession of first place in loop play with a 43-42 victory over Borger. Monterey is now 8-1 while the Bulldogs are 7-2. Both went into the contest tied for the loop lead. Palo Duro dropped Amarillo, 55-73 and Lubbock trounced Plainview, 58-42 in other district games.

Coach Roy Kieval's Shockers also took it on the chin for the fourth time this year, falling before the Tascosa B team, 53-11. The Shockers had led the entire game but saw their lead dwindle in the final quarter.

The Harvesters travel to Lubbock Friday night to meet Tam S. Lubbock in their next cage encounter.

Tech Roars Ahead, Four Just Behind

By United Press International

Defending Southwest Conference champion Texas Tech is back where it finished last season—at the top of the pack.

But the Raiders had better not rest on their laurels. Four teams—Arkansas, Rice, Texas A&M and Southern Methodist—are tied for second, a bare game-off the pace.

Tech took over sole possession of first place Tuesday night by knocking off Southern Methodist 69-23 in Dallas while Arkansas was crushing Rice 104-84 at Fayetteville.

Texas Christian moved out of its cellar tie with Baylor by beating the Bears 69-33 in the only other conference game.

Going into Tuesday's games, Tech, SMU and Rice were tied for the top spot with identical 3-1 records.

The Aggies backed into their share of second place while tak-

ing a 73-69 nicking from non-conference Houston, and Texas remained in sixth place despite a 95-89 win over Trinity in other games involving conference schools.

Tech put the brakes on SMU despite the fact that 6-10 Harold Hudgens played little in the second half and finished with 13 points.

Hudgens went to the bench with four fouls only 30 seconds after the start of the second half. He re-entered late in the game, then fouled out for good with just over two and a half minutes to play.

His 15 points were good enough for high scoring honors for Tech, and the balanced Red Raider attack, which had five men in double figures, overcame the 20 points SMU center Dave Siegmund scored and the 19 added by Pony forward Jan Loudermilk.

Tech led virtually all of the game, and held a 42-31 halftime margin.

Arkansas jumped back into the middle of the conference race on the shooting of Jerry Carlton and Tommy Boyer. Carlton popped in 13 of 17 field goal attempts and demolished the Rice defense with 32 points, while Boyer dropped in eight field goals and 11 of 11 free throw attempts for 27.

Herb Steinkamp led Owl scoring with 28 points, followed by Larry Phillips and Mike Maroney with 16 each and Kendall Rhine with 14.

Texas Christian hit 52 per cent of its field goal attempts and had three players in double figures to shove Baylor into the cellar alone.

Phil Reynolds led the Horned Frog attack with 14 points, while Bobby McKinley had 13 and Pete Houck 12. Ray Wolfe of Baylor was the leading scorer for the game with 20.

The Aggies swapped leads with Houston during the first half in their game, but the Cougars—now 15-3 on the season—opened up an 11-point bulge early in the second half and coasted to the win.

Sophomore Bennie Lennox led Aggie scoring with 18 and Carroll Broussard hit 17. Don Schverak had 25 and Folly Malone 23 for Houston.

Texas jumped off into a quick lead against Trinity and held a 10-point margin during most of the game. Trinity put on a spurt in the closing minutes to narrow the margin, but could never overcome the deeper, taller Longhorns.

Gaylan Stroth of Trinity led individual scoring with 25 points, while Jack Dugan was high for the Longhorns with 19.

LEADS MONEY WINNERS
DUNEDIN, Fla. (UPI) — Gene Littler has taken over first place from Phil Rodgers as the leading Professional Golfers Association tour. Littler, who won \$9,000 with his victory in the Lucky International last weekend, now has a total of \$11,250 while Rodgers is runner-up with earnings of \$9,700.

Cepeda Holding Out, Hodges Inks Contract

United Press International

Roger Maris isn't the only home run hitter who is passing up the first 1962 salary pitch offered him.

Orlando Cepeda, who led the National League with 46 home runs and 142 runs batted in last season, thinks the San Francisco Giants ought to do a lot better than their first try at signing him.

"We offered him a 33 1-3 per cent raise and he rejected it," revealed Giants vice president Charles (Chub) Feeney on Tuesday. "But we are continuing negotiations in a very friendly fashion."

A 33 1-3 per cent raise over his estimated \$27,500 salary of 1961 would raise Cepeda to about \$37,000. Neither the club nor the player revealed how far they are apart but some sources say Cepeda may be trying for a \$55,000 pact.

Cepeda, who is even more popular with San Francisco fans than Willie Mays, batted .311 last season. Some experts predict that he'll break Hack Wilson's league mark of 56 homers this year and perhaps reach the 60-mark.

Gil Hodges, a longtime favorite in New York, agreed to terms with the New York Mets. Hodges played only part-time and hit only .242 last season but the Mets think the return to the Polo Grounds and Casey Stengel's platooning will enable him to make a comeback. Hodges, 37, will be starting his 16th season with a lifetime total of 361 homers.

The Mets also announced the signing of catcher Joe Ginsberg and former National League home run king Ralph Kiner. Kiner was added to the club's broadcasting team which already featured Lindsey Nelson and Bob Murphy.

Pitcher Larry Jackson of the St. Louis Cardinals and outfielder Bill Bruton of the Detroit Tigers

were the other "name players" to agree to terms.

Jackson, who had a 14-11 record last season, is believed to have signed for \$32,000 while Bruton, who hit .257, signed for about \$27,000. The Tigers also signed Don Wert, American Association batting champion with a .328 average, and pitcher Jerry Casale.

Jackson, 30, said the Cardinals have a "better chance" for the pennant than any other team except "maybe Cincinnati" and added that the Milwaukee Braves "look like they're beginning to come apart at the seams."

Catcher Hank Foiles and outfielders Earl Robinson and Russ Snyder signed with the Baltimore Orioles; pitcher Joe McClain and outfielder Chuck Hinton agreed to terms with the Washington Senators and pitcher Ted Willis and shortstop Eddie Bressoud signed with the Boston Red Sox.

Saxton Says To Set Goals High

FORT WORTH (UPI)—James Saxton, Texas' All-American halfback, told a group of young football players Tuesday night to "set your goals high."

Saxton spoke at the father-son banquet of the West Side Branch of the YMCA. Some 600 persons attended the event, including fourth, fifth and sixth graders who play on the Gra-Y club football team.

He told the footballers "if you set a high goal, and don't quite reach it, it's better than setting a low goal and reaching it."

Pro's To Tee Off At Palm Springs

PALM SPRINGS, Calif. (UPI)—The world's leading professionals tee off today in a marathon pursuit of financial rewards in golf's richest and longest tournament—the third annual Palm Springs Golf Classic.

This is a 90-hole affair—instead of the usual 72—and is played on five courses in this area.

Prize money totals \$50,000 for the pros and another \$50,000 for the lucky one who may hit a hole-in-one. The pros play four rounds with different sets of amateurs until Sunday when they go it alone.

All the leading money-winners of this year and most of them from last year—were on hand to take their shots.

These included defending champion Billy Maxwell, Dallas, Tex.; Sam Snead, who seldom strays this far from his West Virginia home; and Arnold Palmer, the leading money-winner of 1960 who hasn't really gotten started this year. Palmer won the classic in 1960.

Top money-winners of 1962 here and hopeful of continuing their winning ways were:

Gene Littler, who boosted his winnings to \$11,250 with a victory in the Lucky International last Sunday at San Francisco; Phil Rodgers, the San Diego youngster who copped the Los Angeles Open and has won \$9,700; Tommy Jacobs, Whittier, Calif., with \$7,510 and a victory in the San Diego Open; and the veteran Doug Ford, Crystal River, Fla., who took top money in the Bing Crosby program at Pebble Beach and has collected a total of \$5,925.

Snead, a real money player, makes his first big 1962 effort and got here last Saturday to try out the five courses.

"What it boils down to is who can drive the straightest and who can putt the best," said Slammin' Sammy. "There is a premium on accuracy off the tee on these courses. I had to get here early because I hadn't played three of the courses before. But after a round on each I think the Tamarisk course is the toughest of the five."

The other courses are: Eldorado, Thunderbird, Bermuda Dunes, and Indian Wells.

Reynolds Out For Rest Of Cage Season

ABILENE, Tex. (UPI)—Abilene Christian College has lost its top basketball scorer to injury, but at the same time an all-state quarterback and the state's third-best schoolboy quarter-miler have agreed to attend the school next year.

Jim Reynolds, who was leading the Wildcats in scoring with a 23-point average, is believed lost for the season with a broken foot. The foot, injured a week ago, was placed in a cast.

The all-state quarterback was Charles Reynolds, the basketball player's cousin from Class AA semifinalist Brady. The quarter-miler is Eric Salamanca of El Paso Jefferson.

Salamanca enrolled at ACC Tuesday and Reynolds, who is still competing in track and baseball at Brady, signed an application for admission.

Charnley In Ring Win

LIVERPOOL, England (UPI)—Dave Charnley, showing some after-effects of a recent bout with influenza, just managed to hold on for an unpopular 10-round decision over Cuba's Jose Stable at Liverpool Stadium Tuesday night.

The capacity crowd of 3,600 greeted referee Lew Smith's verdict with a long round of boos and then cheered enthusiastically as Stable left the ring.

Charnley, who holds the British, Empire and European lightweight championships, came out strong in the non-title bout and scored solidly in the opening two rounds. However, Stable counter-punched well in the next two rounds and in the sixth he opened a cut near Charnley's right eye.

Lakers Vie With Pistons

By United Press International

The Los Angeles Lakers, with four straight National Basketball Association victories to their credit, take on the Detroit Pistons tonight as they begin a road trip after a highly successful home stand.

In the only other NBA game scheduled tonight, Boston travels to Chicago and the New York Knickerbockers tangle with the Syracuse Nats.

Los Angeles withstood three Chicago flurries in the California city Tuesday night in the second half to defeat the Packers, 107-92. Chicago's Walt Bellamy led an offensive attack to cut down a wide margin to within a few points near the end of the game, but the Lakers managed to stay ahead for their 20th home victory in 23 games.

The Cincinnati Royals outscored the St. Louis Hawks, 131-121, in St. Louis, putting the Hawks 3 1/2 games behind Detroit in the race for third spot in the Western Division playoffs.

The Hawks were a point ahead at the half, 61-60, largely on Cliff Hagan's 32-point scoring effort, but Cincinnati moved ahead to win.

In New York, the New York Knickerbockers downed the Philadelphia Warriors, 116-110, to end a seven-game Warriors winning streak. The Knicks had to stop a late third-quarter rally when the Warriors closed the 52-47 halftime gap to a single point, 59-58.

Defending Champion Leads Action In Life At 40 Meet

HARLINGEN, Tex. (UPI)—The Life Begins at 40 golf tournament moves into its second round today, with the medalist and the defending champion leading a group of favorites that made it through the first round without upset.

Medalist Lonnie Wendland of San Antonio gained the second round by stopping Benny Trevino of San Antonio 1-up in first round play Tuesday. Defending champion Phil Powell of Wichita Falls moved up with a 3-and-2 decision over Blackie Block of Harlingen.

David (Spec) Goldman of Dallas, a former champion and all ways among the favorites in the tourney, stopped LeRoy Brennan of San Antonio 2-and-1 to gain the second round.

Other results in Tuesday's first round, championship flight, included:

Claude Estrada, San Antonio, def. R. L. Lillie, Houston, 1-up; Pete Stout, San Antonio, def. John Fenner, Beville, 4-and-3; Pete Sakolasky, Wisconsin Rapids, Wis., def. D. J. Byrne, Ga-

nado, 1-up in 25 holes, and Buck Cummins, Austin, def. Jack Fletcher, Fort Worth, 1-up.

Also: John Townsend, Houston, def. Scotty Smith, Dallas, 4-and-2; Dr. John Case, San Antonio, def. Ralph Johnson, Hobbs, N.M., 2-and-1; Bob Hardcastle, San Antonio, def. Eli Rubin, Hallettsville, 2-and-1; and Pete McNamee, Harlingen, def. Frank Patterson, Dallas, 1-up in 2 holes.

Also Henry Richards, Jackboro, def. Dr. Brad Oxford, San Antonio, 5-and-3; Norman Copeland, North Brook, Ill., def. Maurice Wilson, Jr., San Antonio, 2-and-1; Hal Jones, Harlingen, def. Calvin Huff, Raymondville, 2-up; Bill Coffey, Weatherford, def. Jack Clark, Hurst, 2-up, and Jim Riley, Seguin, def. Jean Nations, Harlingen, 2-up.

Panhandle Couple Gives \$500,000 To Texas Tech

AMARILLO (UPI)—A pioneer Panhandle rancher and his wife have given Texas Tech \$500,000 to build a beef cattle research center at the school's research farm near Amarillo, it was announced today.

The couple is C. L. and Florence Lee Killgore.

Dr. Gerald W. Thomas, dean of the school of agriculture at Texas Tech, said the center will "pave the way for new scientific developments in the beef cattle industry."

The center will contain some of the most advanced laboratory and livestock facilities in the nation. It also will be headquarters for all studies at the Tech research farm.

Nominees

(Continued From Page 1)

times as you wish just so long as you use the official ballot, clipped from The Pampa News.

The campaign ends Feb. 15, and on Sunday Feb. 25 The News will publish a special edition, dedicated to all the employees in Pampa. The two top award winners will be announced on that day.

In addition, there will be honorable mention awards for 50 other employees — 25 women and 25 men.

The list of nominees now totals 618.

DRIVE IN LIQUOR TRADE — The H & M Cut Rate Liquor Store, 866 W. Foster St., at the corner of Hobart Street, has a duo-purpose facility that permits the customer to be served from his car, either at the sliding door or the Dutch door. This, plus a wide awning along the side of the store, protects you, the customer, from any type of weather.

REPLACES PAAR
NEW YORK (UPI) — Johnny Carson will replace Jack Paar on his NBC-TV late-hour show in October, Parr said Tuesday night. Paar, whose show has been running since July, 1957, announced some time ago he would leave the program for another TV venture.

H & M Liquor Store Has Quality Goods, Conveniences For Buyers

Shop from the comfort of your car at H & M Cut Rate Liquor Store, 866 W. Foster St. at the corner of Hobart St. with two handy drive-in windows for the maximum in shopping pleasure.

H & M are featuring the new line of Paul Masson fine wines and champagnes.

Highlighting the list of Masson creations is the Crackling Ros'e, the first Crackling Ros'e ever to be bottled and fermented like fine champagne. Its bright pink color, sprightly effervescence and rich fruitiness make this wine a festive drink either by itself or as a companion to all foods.

Crackling Ros'e comes in a newly designed white bottle of

elongated drop shape. It is available in three sizes, fifths, tenths and splits.

H & M Cut Rate Liquor also carry a full line of Paul Masson table wines, including Rhine Castle and Emerald Dry; California champagnes, desert wines and rare wines.

You will find specials galore on Scotch, Bourbon, Vodkas and Gins.

Herb Lotz, co-owner with Myron Dorman invite you to try a Brandy Ice, Pink Squirrel or a Grasshopper. At Cut Rate Liquor you can purchase the ingredients to prepare these after dinner drinks. Stop by the complete line of Cocteau selections.

H & M has all this and a complete line of crystal glassware featuring a water goblet, champagne glass, sherbet, wine and coupe cafe glasses, all in same patterns.

Pronto city-wide delivery is available, just telephone MO 4-8102.

In a hurry? Use the drive-in windows. If not, come in and shop around for your favorite beverage selections.

Incidentally, several nominee ballots for FMCE were inadvertently misplaced in The News office and in case anyone has nominated a person whose name has not appeared in the newspaper thus far, we apologetically ask that a renomination be made.

Here is a list of new nominees up until 5 p.m. Tuesday:

Mrs. Juanita Butler, Ideal No. 1
Dean Begert, KHHH Radio
Mrs. Ruby Crockett, Security Federal

Mrs. Winnie Cole, Kyle's Shoe Store
Phyllis Case, Medical Surgical Clinic

David Caldwell, Hawkins Appliances
Perry L. Choate, Post Office

Paul Crossman Jr., Culberson Chevrolet
Johnny Dyer, Jay's Grocery

Mrs. Dot Davis, Thunderbird Cafe
George Henderson, Ideal No. 1

Groom Personals

Mrs. George Britten
Daily News Correspondent

Mr. and Mrs. A. Patterson of Douglas, Ariz. and Mrs. Bess Gill of Amarillo were visiting friends and relatives in Groom Tuesday.

Mr. and Mrs. Arnold Ramming of Pampa were visiting Mr. and Mrs. Gene Wade recently.

Raphael Bohr and Bernard Hermsmeyer of Independence, Kans. are visiting relatives and friends in Groom.

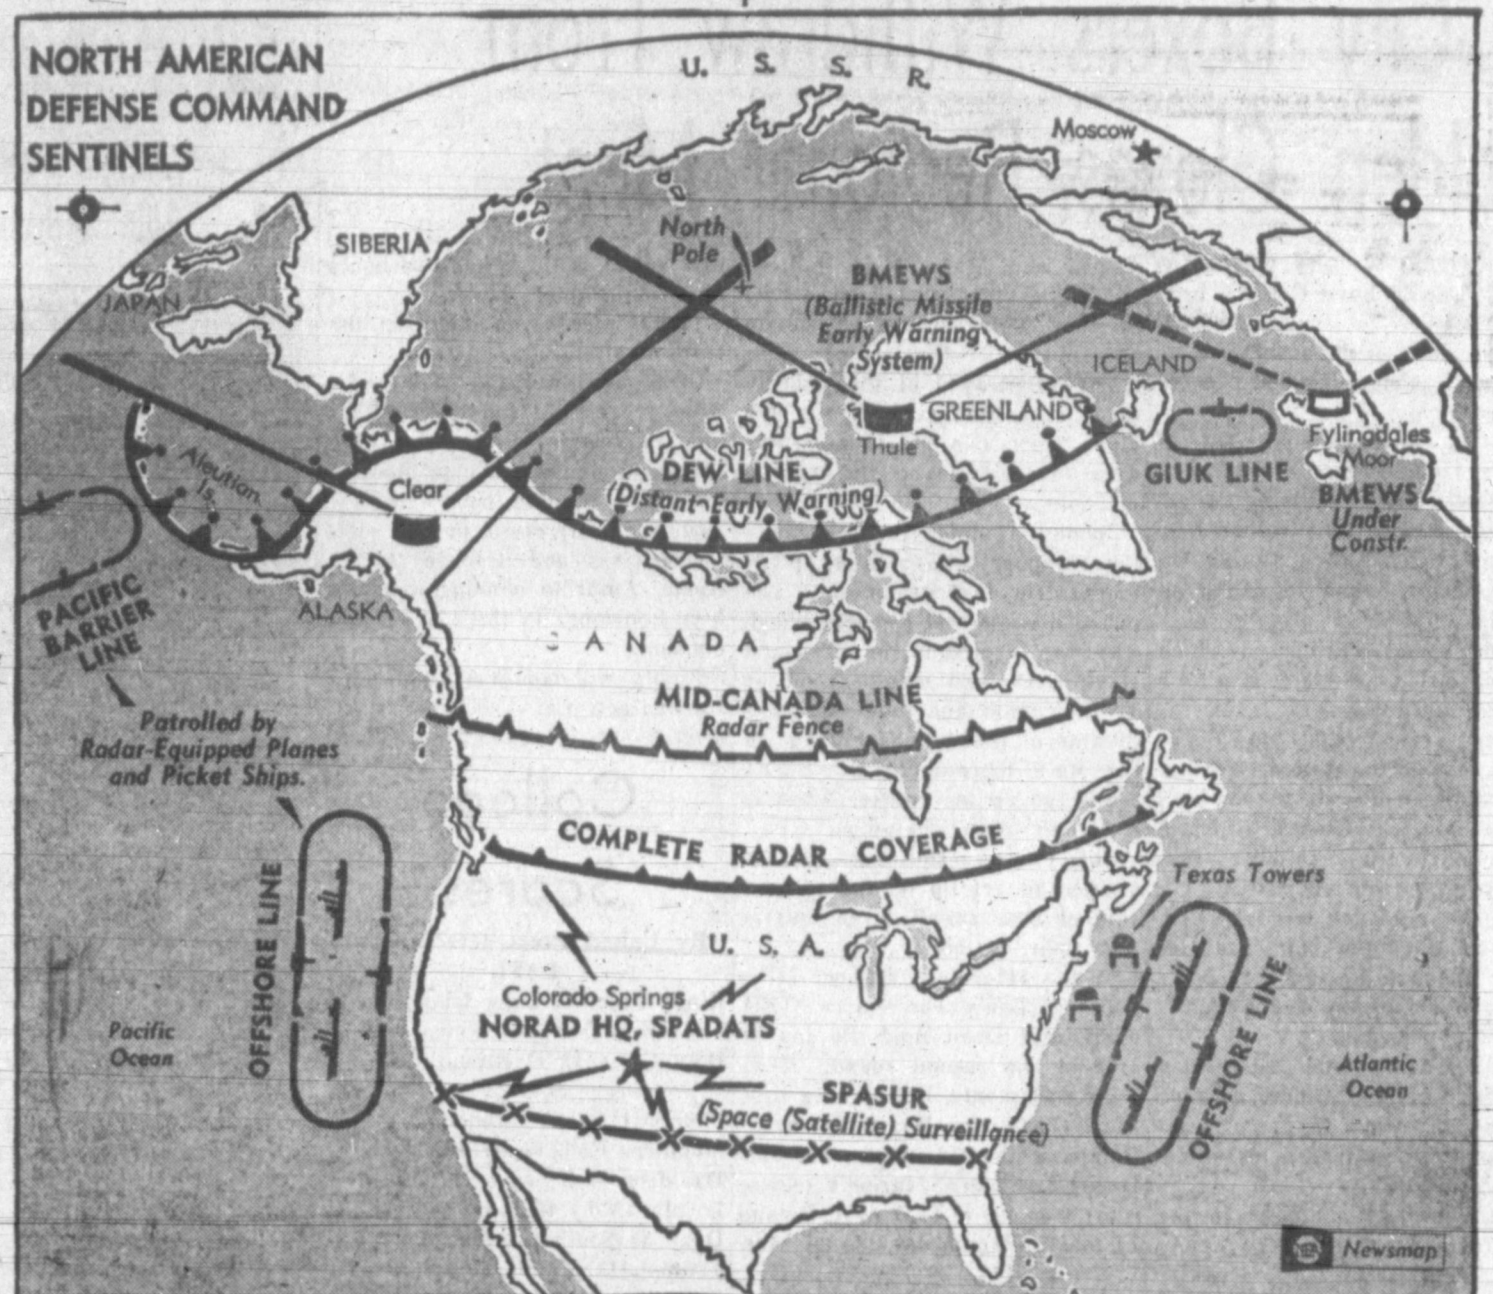

Mr. and Mrs. John Ray returned home recently from a visit to Calif. where they visited their son, Liburn at Pasadena and Mr. Ray's sister and niece, Mrs. C. W. Baker and Mrs. Jeanette Jones at Santa Ana.

ATTENDS OWN SCHOOL
SHELBYVILLE, Ind. (UPI)—Raymond Conlin, 40, who helped found a driver improvement school here last year while a member of the chamber of commerce safety committee, has become one of its students.

Conlin was ordered to enroll at the school after pleading guilty to a speeding count.

FOR MALES ONLY
WASHINGTON (UPI) — Rep. Edgar W. Hiestand, R-Calif., said there was a rumor going around on Capitol Hill for a while that congressmen would not be allowed to vote on the postal bill.

"Somebody was claiming that it was strictly a 'mail' issue," he said.

ELECTRONIC DEFENSE SCREEN—A curtain of multi-million-watt radar beams stands guard around most of the North American continent. With the exception of one station still under construction in England, a warning system against both planes and missiles is in operation.

Newsmap above shows this series of sentinels, which has its nerve center at North American Defense Command Headquarters in Colorado Springs. At three locations—Clear, Alaska; Thule, Greenland; and later Fylingdales, Moor, England—massive radar antennas reach out electronically for 2,000 miles to give 15 minutes' warning time of a ballistic missile attack over the Arctic. Radar lines in Canada guard against airplanes; ships and planes patrol the coasts; while a southern radar line is charged with keeping track of all orbiting objects in space. All are in instant communication with NORAD.

'Ghost Speaking' For The Record Easy In Congress

By DICK WEST

WASHINGTON (UPI) — Anyone who thinks that the age of miracles has passed would do well to spend some time contemplating the Congressional Record.

Seldom a day goes by that this lax-supported publication doesn't work a miracle or two, and not just the common garden variety of miracles.

Its miraculous powers make it possible for members of Congress to be two places at the same time.

For example, a congressman can, through courtesy of the Record, deliver a speech on the floor of the House of Representatives at the same time that he is patronizing the two-dollar window at Bowie Race Course.

I am not suggesting, of course, that some of our lawmakers like to bet the horses. This is only a theoretical case.

It would serve just as well to say that the hypothetical congressman was cat-napping in his office, or pacifying a constituent, or off somewhere on a junket.

The trick of being two places at once is accomplished by means of a House rule which permits members to "revise and extend" in the Congressional Record the remarks they make, or don't make, on the House floor.

In other words, written statements and speeches are printed in the Record side-by-side with those uttered orally on the House floor. In cold type, it's hard to tell which are which.

This system provides two major benefits: (1) a speechmaker is spared the task of speaking his speech, and (2) others are spared the task of hearing it.

Some House members, however, look upon the custom of ghost speaking as being somewhat deceptive. Two of them, Rep. Thomas B. Curtis, R-Mo., and John V. Lindsay, R-N.Y., have proposed a change in the rules that would preclude double images.

Under their proposal, spoken speeches would be printed in the Record in a different type-face from written speeches that are merely handed to the clerk for publication.

Lindsay explained that this would provide readers of the Record with a more accurate reflection of what actually takes place on the House floor.

Furthermore, he said, it could have a collateral effect of cutting

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

Within the next few days a delegation from Brazil is expected in Washington to talk about \$500 million in aid for Brazil's social and economic development—a development program.

Prominent in the background will be the meeting of American foreign ministers at Punta del Este, Uruguay, in which Brazil played a leading role in defeating United States hopes for adoption of hemispheric economic and diplomatic sanctions against Communist Cuba.

Despite the disappointing results of the Punta del Este conference, the Brazilian government is confident its requests for aid will be granted.

Brazil's position as it affects Cuba is noteworthy from several standpoints. It is the largest country in Latin America. It is one of several moving toward a so-called independent foreign policy which, in Castro's case, tends to be neutral.

Finally, Brazil has severe internal problems which the United States must consider, with or without the \$20 billion alliance for progress.

The U. S. delegation headed by Secretary of State Dean Rusk carried to Punta del Este the clear warning that action there could have dangerous repercussions when it came time for the U. S. Congress to vote funds for the alliance for progress.

Nonetheless, while final results were less than the United States had hoped, they were about what earlier storm signals had suggested could be expected.

As members of the original hard-core "outer seven," Brazil, Argentina, Chile, Bolivia, Mexico and Ecuador had served notice against Castro. Later, they were they would oppose sanctions against Castro. Later, they were joined by Haiti.

When the chips were down, all joined in condemning communism in Cuba but would go no further. Together, they comprise more

than two-thirds of the Latin American population.

Internally, Brazil is at a crossroads.

The government of President Joao Goulart and Premier Tancredo Neves is a weak one, a substitute put together hastily to prevent civil war after the resignation of President Janio Quadros.

The cost of living in Brazil jumped 40 per cent last year due to a vicious spiral of inflation, which has continued for years, and which has left the country practically bankrupt.

The question before the United States is whether to permit Brazil to continue its plunge toward revolution and chaos or to extend a further helping hand regardless of action at Punta del Este.

Two Are Indicted In Charity Fraud

WASHINGTON (UPI)—A federal grand jury in Minneapolis today indicted two former officials of the Sister Kenny Foundation on charges of taking nearly \$360,000 in charitable donations as kickbacks.

Atty. Gen. Robert F. Kennedy, who announced the action in Washington, said the indictment also accused four Chicago executives of making the payments in return for direct mail advertising contracts from the foundation.

It also charged the foundation's former auditor of preparing false reports that disguised mailing costs under such headlines as "medical education and training" and "public relations," he said.

APPLIES FOR PAROLE
WASHINGTON (UPI) — The federal Parole Board said Tuesday that Alvin Karpis, 53, once "Public Enemy No. 1," will be considered for parole in June.

A spokesman said Karpis, sentenced to life in prison in 1936 for conspiracy in the kidnaping of St. Paul brewer William Hamm, had filed a new application for a deportation parole, which would permit him to return to his native Canada.

Such indeed might be the case, but there also would undoubtedly be a corresponding increase in the oratorical output in the chamber.

The question the House must decide, then, is whether a little more honesty would be worth all the extra ear bending.

**Holiday Declared
As Heir Is Born
To Jordan Throne**

AMMAN, Jordan (UPI) — The British-born wife of King Hussein yesterday gave birth to a son and heir to the throne of the Hashemite kingdom of Jordan.

An official government announcement said the baby will be called Abdalla and has been proclaimed crown prince.

The baby was born at dawn to Muna Al-Hussein, the former Toni Gardiner. Prime Minister Wasfi At-Tall declared the day a national holiday.

It was joyous news for the 26-year-old king, who had been hoping for a son to succeed him.

Hussein had divorced his first wife, Princess Dima, after several years of marriage in which she bore him only a daughter.

Hussein married Miss Gardiner, 20-year-old daughter of a British army officer, last May 25.

California redwoods can grow as much as 20 feet in height, in a century in second growth stands on good soil.
