U. S. Is Said 'Leapfrogging' Reds' Military Weaponry

Foul Weather Forces Postponement Of Test For Powerful New U. S. Rocket

Army Secretary Has Praise For Anti-Missile Program

By CHARLES W. CORDRY

United Press International

WASHINGTON (UPI) — The United States is "leapfrogging" the Soviet Union in the quality of its tanks, artillery and rifles, according to Army Secretary Elvis J. Stahr Jr. "And my best information is that our tactical nuclear weapons are better than Russia's," he said, in an exclusive interview with United Press International.

He also had high praise for the potential of the Army's controversial Nike-Zeus anti-missile missile as a weapon for effective defense against Soviet intercontinental ballistic missiles.

In a wide-ranging discussion of military progress under the Kennedy administration, the 46-year-old World War II veteran said the Army was "way behind 13 months ago in modernization and quantities of materiel, but we have reversed the trend, and started up the right road."

After the interview Thursday, Stahr left on a 15-day trip to the Far East.

Stating that America has a "distinct advantage" over Russia in overall military power, Stahr expressed these points of view on two admittedly controversial questions:

—He believed the West might be able to hold Europe against a Russian conventional attack without itself resorting to nuclear weapons. He said the West certainly has the "greater potential."

—He thought it possible that there could be localized, limited use of small atomic weapons in Europe and that this would "not necessarily result" in escalation to general thermonuclear war. The large conventional and tactical nuclear forces Russia maintains indicate that the Soviets might think the same way.

In general, the North Atlantic alliance's policy since 1954 has been to use nuclear weapons to the extent necessary if there should be an attack on Western Europe.

Discussing the Nike-Zeus, which neither the Eisenhower nor Kennedy administration has been willing to put into production, Stahr said it has the potential to give America an effective defense against Russian missiles that now exist or are likely to be produced.

As for scientific concern that the anti-missile missile might not provide an "absolute protection," Stahr said he agreed with that but pointed out "there is no absolute defense against any attack, just as there is no absolute offense."

Estes, Associates Are Indicted

PECOS, Tex. (UPI) — Fertilizer king Billie Sol Estes and three of his associates were under federal indictment today charged with committing 57 overt acts of fraud in a fertilizer tank scheme. Estes, freed from jail in \$100,000 bond, made no immediate comment on the indictment handed down by a federal grand jury in El Paso.

Cubans Seize Seven 'Frogmen' From America

HAVANA (UPI) — The Cuban government said today it seized seven Americans — "apparently frogmen" — off the northern coast of Oriente Province at dawn Thursday and was "investigating the reason for their presence on Cuban territory."

The official announcement did not identify the men nor specify the exact spot of their arrest. In Miami, however, U. S. Coast Guard authorities said a search order has been out for the past two days for seven men aboard a converted fishing vessel which left Fort Lauderdale last Saturday en route to Kingston, Jamaica, on a treasure hunting expedition. They were to have arrived there Tuesday.

In Pompano Beach, Fla., the missing boat was identified as the Pisces, owned and captained by Gordon S. Patton of Ocean City, Md., and Pompano Beach. His wife, Ellen, said Patton had set a course for Kingston which took him within 25 miles of Cuba. She said her husband, although he described his course as a "calculated risk," did not appear to be especially nervous when he left. "I don't think skindivers are ever nervous," she said.

.23 Inch Of Moisture Hiding In Rain Gauge

The rain gauge atop The News building in downtown Pampa registered .23 inch of moisture for the past 24 hours ending at 9 a.m. today. This, added to the .87 inch we got the day before, adds up to a whopping .30 inch so far during the current "rainy season."

But it's not funny to farmers. Grass, wheat, milo, grain sorghum, barley, all of the farm lands in the immediate Pampa area are in sore need of additional moisture to help get the crop up and started this year. Maybe next time...

Meanwhile, beneficial rains lingered on in parts of the state today, but the Weather Bureau said the crop-boosting precipitation should stop by this week end. An upper air trough in West Texas triggered thundershowers early today. The U. S. Weather Bureau predicted occasional showers or thundershowers for the northern portion of the state today, and the extreme southwestern section.

Cooler temperatures were predicted tonight. A slow warming trend was seen for Saturday. Farmers throughout the state rejoiced at the rains, which started Tuesday.

"The rains will be worth a lot of money to the crops," said J.W. Potts of the Texas A&M agricultural information office. "There's no telling yet how much. Dry land wheat was helped a lot in Northwest Texas."

Presidio posted the state's high temperature of 88 degrees Thursday. Amarillo had the coolest maximum of 55.

"GET OUT TO VOTE" DRIVE — An annual project of the Pampa Junior Chamber of Commerce is the "get out to vote" campaign prior to every city or county election. Shown here preparing for their mobil tour throughout the city reminding citizens of the school board election tomorrow are, left to right, Howard Anderson, chairman of the campaign, and Duggan Smith, director in charge of the project. Polls in tomorrow's election will open at 8 a.m. and close at 7 p.m. Voting place will be in the Pampa Junior High-School gymnasium. (Daily News Photo)

Spring Cleanup Campaign Plans Are Activated Today

Plans for Pampa's annual Spring Cleanup Campaign were activated at a meeting this forenoon in the Chamber of Commerce conference room at City Hall.

Dates for the drive have been set May 14 through June 9. B. R. Shultz, general chairman for the Cleanup Campaign, announced that the drive will be a cooperative effort between city officials and workers and the Chamber of Commerce.

Pick up dates in the city's four wards have been set as follows: Ward 1 — May 14, 15, 16 and 17. Ward 2 — May 18, 21, 22 and 23. Ward 3 — May 24, 25, 28 and 29. Ward 4 — May 30, 31, June 1, 4. It was announced that city crews will haul away anything that is placed in alleys that they can manhandle. Tree limbs, cut

by professional tree trimmers, will not be moved. Citizens are asked to cooperate in the drive by removing everything from alleys they do not want hauled away, and to place everything in the alleys that they do wish to have hauled off.

One trip will be made through each alley on the cleanup days designated for each ward. It was explained that time will not permit a re-run unless the weather is bad.

The following committees were named today to assist in preliminary plans for the campaign: Publicity — Sindy Houck, chairman; C. E. Bruce, L. B. Haggard and Fire Chief Ernest Winborne. Public Information in Schools — Bert Nuchols, chairman; Lee Frazier, and Kay Fancher. Service Club Announcements — D. V. Biggers, chairman; Wendell Altmeiler and Police Chief Jim Conner.

Burglary Charges Facing Paman

Thomas McArthur Bird of Pampa, arrested by police in Fort Worth, was being returned to Pampa today to face a charge of burglary in connection with a break-in at Bill's Cafe, 121 E. Kingsmill.

Texas Ranger Bill Henslee and Patrolman Don Aycock were expected to arrive in Pampa this afternoon with Bird.

Police Chief Jim Conner said Bird will be questioned about participation in some of the score or more of burglaries for which five other men are being held.

Ranger Henslee and Patrolman Aycock cracked the burglary cases a week ago and cleared up 20 burglaries staged in Pampa since last October. Robert Mitchell, James Sirles, Ray Dunn, Ernest Mathis Jr., and Johnny Caldwell, all of Pampa, already have been charged in connection with the series of burglaries.

Police Chief Conner said confessions have been obtained from Sirles, Mitchell and Caldwell.

Local Area Ministers Planning 2-Day Conference Here In May

Ministers from all churches within a 100-mile radius of Pampa have been invited to a two day conference and worship in Pampa May 7 and 8, it was announced today by Dr. Hubert H. Bratcher, president of the Pampa Ministerial Alliance.

The conference and worship period will be entitled "The Ministry of Counseling" and will be conducted by the Rev. Lloyd Jones, ordained Methodist minister, who is the current director of the Dallas Marriage Counseling Service which he established several years ago.

Rev. Jones also is executive director of Family Life Foundation, an educational service in the field of marriage and the family. He presently is serving on the advisory staff of the Personal Problems Clinic of the First Methodist Church in Dallas, and on the advisory board of the Marriage and Parenthood Center in Dallas.

Both Rev. and Mrs. Jones were asked to serve as consultants and contributed to the preparation of "The Pastor's Manual for Premarital Counseling," and to "In Holy Matrimony," manual for engaged couples, both Methodist publications.

The two-day ministry of counseling sessions will run each day from 9 a.m. to 4 p.m. Sessions will be held in the First Methodist Church, Foster and Ballard Sts.

The proposed program for the

counseling conferences will be divided into seven sections which will include counseling: who should counsel?, the minister as counselor, some practical factors involved in the counseling situation, dealing with special concerns, the ministers' theological presuppositions and counseling, the minister's role in pre-marital counseling, and a survey of available sources of training and information.

Other officers of the Pampa Ministerial Alliance, in addition to Dr. Bratcher, pastor of First Methodist Church, are the Rev. Jack Riley, pastor of St. Paul Methodist Church, treasurer, and the Rev. Russell G. West, pastor of the Church of the Brethren, secretary.

Invitations have been sent to ministers throughout the Top O' Texas area and each has been invited to check other subjects such as "Counseling Problems of Personality" and "What About Adolescent Youth?"

Special arrangements are being made to provide housing facilities for the visiting churchmen.

This time, according to Police Chief Jim Conner, the Perryton man was arrested for violating the suspension of driving license given him automatically with his DWI charge yesterday.

Mutschler was picked up at 9:20 a.m. today while driving a car in the 700 block of Naida St. He was taken into County Court again, pleaded guilty of driving while his license was suspended, and was fined \$25 and costs.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

CAPE CANAVERAL (UPI) — of a revolutionary new breed of rockets using liquid hydrogen as a fuel, remained locked in a huge service gantry. There was no official word immediately about a new date, but

there were indications the federal space agency would attempt to send the rocket off into the sky Saturday.

But there was little hope expressed in forecasts today that the weather pattern which brought heavy clouds and high winds and scattered rains to the Cape Canaveral area today would break up before late Saturday.

Next Developments In 'Recall' Seen Monday

Both sides in Pampa's recall election controversy indicated today no developments were expected until Monday.

An informal hearing has been set for 10 a.m. Monday on a request of the Citizens for Better City Government group which is seeking a recall of Pampa's four ward commissioners as well as the mayor.

The City Commission already has set April 17 as the date for a recall election on Mayor E. C. Sidwell, but turned down the request for an election on the ward commissioners on the grounds of insufficient signatures on the recall petitions.

The CBCG group, through their attorney, Walter T. Norman of Borger, charged yesterday that the commission erred in its failure to grant a recall on the commissioners.

Monday's hearing is set before County Judge Bill Craig in the county courtroom of the Gray County Courthouse.

The Citizens for Better City Government, in a statement issued yesterday, said that the Pampa City charter "provides that in the event the governing body of the city fails or refuses to order the recall election, then the County Judge is authorized to do so."

The county judge will be asked

Monday morning to order the election on all four city commissioners as well as the mayor.

The City Commission voted not to order the recall election on the ward commissioners after being advised by Attorney Clayton Heare of Amarillo, special counsel employed to assist City Atty. Bob Gordon, that the order would be illegal because of insufficient signatures on the recall petitions.

The CBCG is questioning this opinion and Attorney Norman, acting for the citizens group, stated yesterday to County Judge Craig that under the City Charter the petitions seeking recall of the ward commissioners were valid and contained sufficient signatures.

Legal counsel and representatives of both sides are expected to appear in County Court at Monday's hearing.

School Board Election Is Tomorrow

Voters in the Pampa Independent School district go to the polls tomorrow to elect two members to serve on the school board of trustees.

There are three candidates for the two posts.

They are H. Creel Grady Jr., Floyd F. Watson, and Elmer D. Wilson. Wilson is seeking re-election. He is now completing his first term as a member of the board. The other vacancy is caused by expiration of the term of Warren Fatheree.

The voting place for tomorrow's election will be the gymnasium building on the Pampa Junior High School campus, N. Cuyler and Browning Sts.

The polling place will be open from 8 a.m. to 7 p.m. E. O. Pulliam will serve as election manager and N. Park Brown and Arthur Rankin will be election judges.

Homer Craig, school business manager, said Friday voters may park on the high school grounds behind the gymnasium while casting their ballots.

Troubles Mount For Area Man

Walter R. Mutschler of Perryton, fined \$125 and costs in County Court yesterday of a driving while intoxicated charge, was back in jail today.

This time, according to Police Chief Jim Conner, the Perryton man was arrested for violating the suspension of driving license given him automatically with his DWI charge yesterday.

Mutschler was picked up at 9:20 a.m. today while driving a car in the 700 block of Naida St. He was taken into County Court again, pleaded guilty of driving while his license was suspended, and was fined \$25 and costs.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

Detailed Report On Glenn's Three-Orbit Flight

By JOSEPH L. MYLER United Press International WASHINGTON (UPI) — If operation of John H. Glenn Jr.'s Friendship-7 spacecraft had been entirely automatic, he might not have come back alive from his three orbits around the earth Feb. 20.

As it happened, the 40-year-old Marine lieutenant colonel was able to take over control and turn what could have been tragic equipment failures into minor nuisances.

In so doing, space scientists and engineers reported today, Glenn established beyond question that man's role is vital in the exploration of space.

His performance, they said, au-

gurs well for the Gemini two-man orbital flights starting next year and the three-man Apollo flights to the moon in the last half of this decade.

This was brought out in a detailed, day-long technical report on the results of the first American orbital space flight. The report, was packaged in a 294-page book containing 13 papers and four appendices.

It was presented at a symposium to which more than 1,500 scientists, engineers, and embassy representatives, Russians included, were invited by the National Aeronautics and Space Administration (NASA).

Thanks to Glenn's presence aboard the craft, the flight was

a nearly perfect one, NASA experts said. The astronaut himself found his 4½ hours of weightlessness a pleasant relief. He adapted to it quickly and never experienced any discomfort, despite deliberate efforts to induce it.

Glenn even became so nonchalant as to hang such things as a camera and a food tube "in the air" of his pressurized cabin when he wasn't using them. Because there was no gravity effect in the cabin, they stayed put until he stowed them away.

Glenn reported a bad moment or two, particularly when coming down through the atmosphere at the end of his flight he saw "flaming pieces... flying past the spacecraft window."

He thought his life-saving heat shield might be disintegrating. It was merely bits of the braking rocket burning in the heat of air friction and falling away.

Because of a failure in his cabin's attitude controls — hydrogen peroxide jets designed to keep the craft stable and pointed in the proper direction — Glenn had to use backup manual devices during his last two orbits.

A faulty switch falsely indicated Friendship-7's heat shield had come loose and Glenn had to perform all the tasks on descent that would have been done automatically if everything was well.

These necessities kept him from making some 15 of the many scientific observations assigned to

his mission, but they brought him back alive. He performed the other assignments well and carried back to earth the assurance that people are better than instruments for observing the wonders of space. As Glenn put it:

"This mission would almost certainly not have completed its three orbits, and might not have come back at all, if a man had not been aboard."

"Man's adaptability is most evident in his powers of observation. He can accomplish many more and varied experiments per mission than can be obtained from an unmanned vehicle."

NASA experts reported that the faults which marred the Glenn flight have been corrected and

will not menace the next orbital mission. This will be flown some time in May by M. Scott Carpenter, who was Glenn's backup pilot.

Glenn's discovery that he could control his spacecraft's motions and the way it was heading by reference to the earth's horizon — which was visible even by reflected starlight — cheered scientists aiming at manned flight to the moon.

So did his finding that he could estimate accurately the distance between his cabin and the burned-out Atlas missile which followed him in orbit.

The future of manned space flight may involve the coupling of (See ORBIT FLIGHT, Page 3)

## Lenten Message

By The Rev. Roger H. CROOK  
Chairman  
Department of Religion  
Meredith College (Baptist)  
Raleigh, N. C.  
Written for UPI

"Think not that I am come to send peace on earth: I came not to send peace, but a sword" (Matt. 10:34). Strange and jarring words these are from him whom we call "The Prince of Peace." We so dislike conflict that we will compromise convictions, or

lie, or do things that we really don't want to do in order not to offend anyone. We believe that we fulfill God's purposes for us when we live at peace each man with his neighbor.

Yet truth is uncompromising. Two plus two equals four and I can never make it add up to five. Poliomyelitis is a contagious disease which can be controlled and I am not free to ignore its danger. In the same sense what God has said and done is true and

makes its demands upon us. Our knowledge of the truth varies but the truth does not change.

Thus Jesus made it clear that there can be no peace between his disciples and the world. There is an inevitable clash of ideals. Does a man depend upon himself or upon God? Does a man assert himself or sacrifice himself? Does a man insist upon his rights — or act upon the basis of love? Does a man concentrate upon material values — or upon spiritual values?

The way of the world and the way of discipleship are so different that to choose the one is to reject the other. Even in Christian American, discipleship may set a man against his neighbor.

## Wheeler News

By MRS. RENA SIVAGE  
Daily News Correspondent

Allie Elliot, owner of the Western Motel, in Sayre, Okla., was a business visitor in Wheeler Monday morning.

Johnny Ogle of Arlington and Bob Roberson of Kelton spent the week end here in the home of their parents and grandparents, Mr. and Mrs. Jim Ogle, Sr.

Mr. and Mrs. Haskell Weatherly of Amarillo visited Sunday afternoon in the home of Mr. and Mrs. Loyd Wayne Weatherly, Danny, Donna and Tammy.

The Jeanne King Circle of the Women's Society of Christian Service met Monday night in Fellowship Hall of the Methodist Church with Mrs. Sharon Immell as leader. Mrs. Cecil Pierce was also on the program. Others attending were Mrs. Ruth Wiley, Rena Sivage and Tilly Jamison. The program was on "The Meaning of Suffering."

Mr. and Mrs. Donald Gandy of Amarillo spent the week end here with their parents, Mr. and Mrs. Boyce Farris and Carolyn and Mr. and Mrs. George Gandy, Carol and Mike.

Mr. and Mrs. Donald Gandy, Mrs. Boyce Farris, Carolyn Farris, Donna Watson and Mrs. Linda Vise attended the Talent show held in Canadian Saturday night.

Garth Nash, who is a student in Lubbock, and the son of Mr. and Mrs. Harold Nash won first place in the talent show. He won a beautiful trophy.

Mr. and Mrs. A. C. Johnson of Kelton and Mr. and Mrs. Sonny Johnson and Sharon of Pampa spent Sunday afternoon in the home of Mr. and Mrs. Harold Sivage.

Mr. and Mrs. Chester Babb went to Vernon Friday to carry their daughter, Mrs. Jack Ward and children home. They returned home Sunday afternoon. Mrs. Ward and children had been here visiting with her parents and other relatives.

Mr. and Mrs. Marshal Wilson were Sunday dinner guests in the home of Mr. and Mrs. John

Wright. Mr. and Mrs. Sam Schaffer and children spent the week end in Groom with his parents, Mr. and Mrs. Tom Schaffer.

Mrs. Jimmy (Tilly) Jamison of Amarillo spent the week end here with her father, Roe Green and other relatives.

Mr. and Mrs. John Barton dinner guests of Mr. and Mrs. Marshal Wilson Thursday afternoon. The dinner was given in honor of Mrs. Barton's birthday.

Miss Georganna Davidson of Canyon spent the week end here with relatives.

Miss Karen Moore, daughter of Mr. and Mrs. Raymond Moore, of Kelton, is a new employee in the County Clerk's office at the Court House.

Mrs. Lige Cooper of Hardesty, Okla., came Saturday to bring her mother Mrs. R. O. Johnson, home, after a weeks visit there.

# Russian Nuclear Lag Said Conference Thorn

By K. C. THALER  
**United Press International**  
 LONDON (UPI) — Soviet fears of a U.S. lead in nuclear weapons development was believed by Western experts here today to be a major reason for Russia's uncompromising stand on test ban negotiations.

Diplomats who have participated in the 17-nation disarmament conference at Geneva had the impression that the Russians want to conduct more nuclear tests, and consequently are reluctant to make any long-term East-West policy commitments.

The experts cautioned, however, against underestimating Russia's nuclear potential. They said there is no definitive confirmation of a Soviet lag behind the United States.

East-West negotiations on a nuclear test ban treaty are deadlocked because of the Kremlin's

opposition to international controls and inspections as demanded by the West. The Russians argue that international inspections would open the way to espionage.

President Kennedy has announced that the United States will resume nuclear tests in the atmosphere later this month unless the Soviet Union agrees to a test ban treaty with firm controls.

In stating his reasons for the projected tests, Kennedy has spoken of American nuclear superiority and his determination to preserve it.

The Russians have boasted of a lead in rockets and all-out mastery of the deterrent. But while there has been public evidence of Soviet power in the missile field, there has been no such proof in development of nuclear weapons.

Some Western diplomats believe the Soviet boasts—while not to be taken lightly—may be designed to cover up possible shortcomings and to frighten countries of the West, particularly those with no nuclear power.

# Lawyers Set Meeting Saturday

Davis Grant, general counsel of the State Bar of Texas, will be the speaker at a luncheon meeting of the Gray County Bar Association at 11 a.m. Saturday at Colorado Inn.

Grant will speak on the subject "Unauthorized Practice of Law."

He has been general counsel of the State Bar of Texas since March 1, 1959. Prior to that he was assistant Attorney General of Texas.

Grant is a native of Bryan. He was admitted to the bar in 1942, served as Brazos County Attorney from 1947 to 1955 and, in 1955 was named first assistant Attorney General of Texas.

In 1957-58 he was special counsel to the Committee on Veterans Affairs of the Texas House of Representatives. He is also a former national director of the Junior Chamber of Commerce.

As general counsel, Grant represents the State Bar and in particular his office is responsible for grievance matters and unauthorized practice of law violations, according to Boyd Taylor, president of the Gray County Bar Association.

# Safe Job At White Deer Nets \$365

WHITE DEER — The Panhandle sheriff's department was investigating today a safe-cracking at the White Deer Drug Store which occurred sometime Thursday morning before dawn.

A total of \$365 in currency was taken from the safe.

Sheriff John Nunn of Panhandle said when the owners of the drug store, Mr. and Mrs. Harold Conrad, arrived at the store about 6:15 a.m. they discovered the back door had been forced open and the safe door had been half way peeled off.

Nunn said the safe crackers had apparently kicked open the back door of the store, knocked the knob off the safe door, punched out the pin and peeled the door half way off either with a hatchet or hammer. The hinges on the safe door had also been removed.

Sheriff's men were still investigating the case today.

# '62 Feed Grain Program Sign-Up Date Is Extended

Gray County farmers were put on notice today that the final date to sign an intention to participate in the 1962 Feed Grain Program has been extended to April 16.

Miss Evelyn Mason, county office manager for the Gray County Agricultural Stabilization and Conservation Service, announced that farmers may sign up for 40 per cent or the maximum on their farm, and then divert only 20 per cent or not divert it at all if they wish to change the decision later.

In order to take part in the program, intentions must be signed by April 16, Miss Mason said. It was also announced that the final date to dispose of excess wheat and barley is May 1.

Producers are reminded, she stated, that the crop must be destroyed by that time and the county office be notified by May 1. Farms will not be revisited to determine the final acreage of wheat, barley and diverted acres unless requested and a fee is paid for measuring before May 1.

Producers also are reminded that the penalty for remaining over-planted on wheat this year has been greatly increased from past years. The penalty on the excess wheat will be computed on twice the normal yield for the farm times the excess acres at the rate of 65 per cent of parity as of May 1, 1962. This will result in a penalty of about three times the penalty of past years, Miss Mason stated.

**Wilma Margaret Bullock**, daughter of Rev. and Mrs. Chester H. Bullock of Pampa, would like for all of her friends to write to her at 219 Dennis, Houston 6, Texas. Wilma is taking treatments in a Houston hospital.

**Mary Martha Kennedy**, daughter of Mr. and Mrs. Russell Kennedy, 205 N. Sumner, is a member of the flute section in the North Texas State University concert band which recently completed its 15th annual spring tour. The band played concert in six Texas cities, two Arkansas cities and several cities in Oklahoma. Miss Kennedy is a graduate student in the school of music at North Texas State, Denton.

**Jerry Lynn Reines**, Pampa student at Texas Tech, was recently recognized as one of Texas Tech's best students in all fields of endeavor, in the annual All-College Recognition Service.

# CoC Executive Board To Attend Workshop Meet

Four members of the executive board of the Pampa Chamber of Commerce will attend a Leaders' Workshop Monday at West Texas State College in Canyon.

Attending from Pampa will be Gordon Lyons, chamber president; Lucian Young, vice president; Aubrey Stegle, financial director; and E. O. Wedgeworth, chamber manager.

The one-day session will be held in the Student Union Building at West Texas State, sponsored by the Community Services Committee of the West Texas Chamber of Commerce. The conference will start at 9 a.m. and conclude at 3 p.m.

Keynote address on the "Responsibility of Chamber of Commerce Leadership" will be given by Frank Mueller of Washington, D.C., head of the Community Services Department of the U.S. Chamber of Commerce.

Other subjects to be developed during the day include a program of work, financing the chamber and committee management.

Discussion of the committee management part of the program will be led by Manager Wedgeworth of the Pampa chamber.

The program, according to President Lyons of the local chamber, is designed for all chamber leadership and particularly for C. of C. officers.

# Orbit Flight

(Continued From Page 1)  
 rockets and cabins in orbit. In that event, man's ability to judge distance in space will spell the difference between success and disaster.

Today's report did not altogether clear up "the Glenn effect," the thousands of luminous particles through which he rode on three successive dawns as though through "a field of fireflies."

NASA astronomer John A. O'Keefe thinks these particles probably were bits of paint flecked from Friendship-7 by the rays of the rising sun.

But Glenn, to which they were "the biggest surprise of the flight," said they are "still subject to debate."

The astronaut said he could distinguish between forested and cultivated areas and could detect lines, which he assumed were bridges, across large rivers. He saw dust storms on the Sahara Desert, and the bright lights of Perth and other Australian communities. He thinks he saw the V-shaped wake of one of his recovery ships in the Atlantic.

"As I came across the United States," he reported, "I could also see New Orleans, Charleston, and Savannah very clearly. I could also see rivers and lakes."

"I think the best view I had of any land area during the flights was the clear desert region around El Paso on the second pass across the United States."

"As I passed off the East Coast of the United States I could see across Florida and back along the Gulf Coast."

After firing the braking rockets off the West Coast which brought him down in the Atlantic he also could see irrigated areas around El Centro, Calif., Glenn said.

One of his most uncomfortable moments came when his capsule banged against the side of the destroyer Noa which was rescuing him.

This was "probably the most solid jolt of the whole trip," he said. But a few minutes later he was out of his cramped and overheated cabin and breathing cool Atlantic air.

Glenn devoted some time to a discussion of fear. He said the best antidote to fear "is to know all we can about a situation." The seven Mercury astronauts have spent three years in ceaseless preparation for space flight. They know all that can be known in advance about it.

"We have not dreaded it; we have looked forward to it," Glenn said.

**SAFETY TAG**—Aluminum tag warns physicians that accident victims are allergic to the drugs and medications stamped on opposite side which, if given to the patient, could cause illness or death.

Cowboys had participated in rodeos long before 1887, but spectators first paid to watch them perform their skills in October of that year.

# Man Fined On Assault Charge

Frank Luther Turner, Pampa, was fined \$25 and costs today when he pleaded guilty before County Judge Bill Craig on a charge of aggravated assault.

The complaint was signed by his wife, Mabel Hall Turner.

Another case on the docket in County Court today saw bond set at \$1,000 for Martha Patterson of Childress when she pleaded not guilty to a charge of swindling with worthless check.

# Quotes In The News

By United Press International  
**HAVANA**—Premier Fidel Castro, attacking Ecuadorian President Carlos J. Arosemena whose government recently broke off diplomatic relations with Cuba: "We knew that Arosemena is completely drunk from Monday to Sunday."

**WASHINGTON** — Sen. Herman E. Talmadge, D-Ga., expressing regret over President Kennedy's nomination of Byron R. White to the Supreme Court: "I cannot say whether I will vote to confirm him at this time and I cannot say that I will vote against his confirmation."

**LONDON** — The Daily Mail, quoting a cable actor Richard Burton sent to his wife from Rome where rumors have him linked romantically with Elizabeth Taylor: "Don't worry about all the gossip. It's not true."

# Vandals Attack Lumber Company

Sheriff officers today were investigating a report from Buster Strickland, an employee of the Pampa Lumber Company, 1301 S. Hobart, that sometime last night, vandals threw a beer bottle through a plate glass window in the front of the store.

Strickland told officers he noticed the window broken when he reported to work about 8 a.m. today.

Sheriff officers said the window was about one quarter inch thick. Damage to the window was estimated between \$75 and \$85 dollars.

The building is owned by J. P. Osborne, Pampa.

# Maybe bloodhounds developed those sad, long faces from looking at civilization for 17 long centuries.

Maybe bloodhounds developed those sad, long faces from looking at civilization for 17 long centuries. The bloodhound is one of the oldest scent-hunting hounds, having been known in Italy as early as the third century. The breed name is derived from the fact that it was one of the first "blooded" or purebred breeds.

**ZALE'S JEWELERS**

107 N. Cuyler Pampa MO 4-3377

I solicit your support for my candidacy as a member of the Board of Trustees of the Pampa Independent School District. I feel that we have a fine School System and we are fortunate to have the capable people that are serving our schools. It is with a sincere interest in our School System that I seek this office and if elected, I shall work toward the continued betterment of our entire system.

Here are a few of the Qualifications of a Good School Board Member to which I subscribe:

I believe:

- (1) A school board member should be sincerely interested in children, never forgetting that this is the reason why public education was established.
- (2) He should understand the difference between policy and administration and should confine himself to policy matters.
- (3) He should never forget that the public schools belong to the public, not the school board.
- (4) He should represent all the people of a community, not a geographical area or some special interest.
- (5) He should have an open mind and should suspend judgement until all of the facts about a problem are developed.
- (6) He should be willing to work with fellow board members.
- (7) He should be able to think independently, objectively and soundly.

If selected to serve as a member of your School Board, I shall serve to the best of my ability.

**Signed: Floyd F. Watson.**

(PAID POLITICAL ADVERTISEMENT)

Since I am not personally acquainted with all of the voters of this District I am listing below a few pertinent facts concerning myself and my qualifications.

- (1) I am 40 years of age and have been a resident of the School District for the past 15½ years.
- (2) My wife and I have three children and live at 2320 Aspen St.
- (3) Two of our children are of school age and are attending public schools of the Pampa Independent School District.
- (4) My family and I are members of the First Baptist Church in Pampa.
- (5) During the 15½ years I have lived in Pampa, I have been active in Civic and Community affairs as I feel an obligation to my community.
- (6) My business experience includes two years in the general insurance business and twenty years in the banking business. At present time, I am Vice President of the First National Bank.

## Judge Contributes to Memorial Home

CANADIAN (Spl) — Rebekah Edge voted approval of a \$25 donation to the Edward Abraham Memorial Home Fund at a recent meeting of the group. Mrs. F. A. Blue presented a program on the life of Schuyler Cook, founder of the Rebekah Edge, whose birthday was March 21.

During the social hour, Mrs. Jordan and Mrs. Blue served refreshments to Agnes Sims, Eva Nix, Martha Newn, Carrie Moreland, Maggie Sutton, Vivian Alford, Jean Mee, Az Evans and Pauline Rivers.

## Mrs. Jim Waterfield Honored At Coffee

CANADIAN (Spl) — Mrs. Ben Mathers, Mrs. Dick Waterfield, Mrs. Tommy Mitchell and Mrs. John Chambers entertained with a coffee recently honoring Mrs. Jim Waterfield. The coffee was held at the Mathers Ranch.

Those present were Mmes. Raymond Newell, Janet Fry, Buddy Hobdy, J. B. Reid Jr., Warren Hill, Bob Ward, Johnnie McMorris, F. H. McQuiddy, Ben Parnell, Billy Rogers and Garon Rogers.

The honoree was presented with a baby-jumper by the hostesses.

## Ruth Millett

### 20-Hour Week Would Drive Wives Crazy

RUTH MILLETT, Newspaper Enterprise Assn. There must be a lot of electricians' wives in New York who secretly hope their men won't ever win their fight for an eventual 20-hour week.

Not that wives want their husbands to overwork. But a husband who is gone from home only 10 hours each week just isn't gone long enough.

No housewife can hope to get

everything done that she has to do in 20 hours a week. And if there is one thing a housewife hates, worse than anything else it is having to turn out work with her husband underfoot.

In time, a housewife gets used to working with children around. She can shoo them out of the house when they get in the way. She can banish them to their rooms if they get rowdy. She can put a baby in a playpen.

But what can she do with papa when he gets in the way? Let her start in to cook, and he is sure to want her help in the garage on some project he has begun.

Let her set the living room in order and the man who is loafing around home because he hasn't business elsewhere is sure to have it cluttered up in an hour.

Let her sit down to rest and her husband is bound to discover that he has lost something he has to have immediately.

Let her say she thinks she'll run a few errands and he wants to know when she'll be back.

That's why women are so often unhappy when their husbands retire — because the men aren't gone from home long enough each day to let their wives get their work done in peace.

## Book Review

### Is Given For 20th Century Club

Twentieth Century Cotillion Club met Tuesday afternoon in the home of Mrs. Harbord Cox. Following a business meeting Mrs. Jack White reviewed the book, "Walter Reuther, Autocrat of the Bargaining Table" by Eldorous L. Dayton.

Members present were Mmes. W. B. Adair, Gene R. Barber, Thelma Bray, James T. Brown, Frank Carter, Jr., Harbord Cox, James Gallemore, Jim E. Hess, Ralph McKinney, W. D. Price, Jr., Jack White, Bob Williams, Howard Greenlee, Sam Anderson, Ed Watts and Buddy Cockrell.

## Easter Tradition In Leg Of Lamb

Roast leg of lamb, juicy tender and mild flavored, has been the traditional meat served at Easter time for centuries. Legendary, too, is risotto, the rice that is cooked in meat broth and topped with a grated cheese. The risotto can be cooked in the oven at the same time that the lamb leg is roasting.

### ROAST LAMB WITH RISOTTO

Yield: 6 servings

1 stick (1/2 cup) butter or margarine  
1 1/4 cups rice  
1 1/2 ounce can condensed onion soup  
1 1/2 ounce can condensed consome (beef)  
2 ounce can mushrooms, drained  
1/2 cup grated Parmesan cheese

Put rice into a 1 1/2 quart casserole dish. Pour soup and consome over rice. Add mushrooms and butter. Cover. Place in a slow oven (325 degrees F.) for 1 hour, stirring the rice after 1/2 hour. If desired press hot cooked risotto into salad molds to shape, then turn out onto the platter as garnish for roast lamb. Sprinkle grated cheese over rice.

WOMAN OF YEAR, 1961 — Mrs. Frank W. (Libby) Shotwell, whom Beta Sigma Phi Sorority named as Woman of the Year for 1961, will present the traditional bouquet of yellow roses in the ceremony, which will name and honor the sorority's selection for Woman of the Year, 1962. Mrs. Shotwell will make the presentation at the Yellow Rose Tea to be held Sunday afternoon at three o'clock in the Starlight Room of the Coronado Inn. (Daily News Photo)

## Bridge and Canasta Clubs Enjoy Sessions In Members' Homes

CANADIAN (Spl) — Mr. and Mrs. Ben Mathers were hosts to the Couples Club for dinner and bridge Saturday evening.

Those present were Messrs. and Mmes. Jim Waterfield; Vernon Flowers; Tommy Mitchell; and Dick H. Barton.

In the bridge games Mrs. Flowers tallied high score for the ladies, Mr. Barton high for the men and Mrs. Barton was low scorer.

Mrs. John H. Jones was hostess to the As You Like It Club Tuesday afternoon. Games of canasta were played.

The hostess served a salad plate.

Those present were Mmes. P. D. Moseley, J. L. Cleveland, J. L.

## Mrs. Pool Hostess To Esposa Joven

The Esposa Joven Club met at the Community Club House recently with Mrs. Bob Pool as hostess.

After the business session, games of forty-two were played with Mrs. Curtis Whatley receiving high score prize and Mrs. Bill Bohr receiving low score prize.

Refreshments were served.

Guests were Mmes. Art Britten, Ted Major, B. F. Patterson. Members attending were Mmes. Mike Homer, Bill Bohr, John Quirk, Jack Bivens, Curtis Whatley, Tom Britten, Ray Britten and Kenneth Hunt.

## Mrs. Garrett Presides For Club Meeting

Mrs. Bill Garrett, vice-president, presided at the Tuesday, April 2 meeting of the Xi Theta Iota chapter in the home of Mrs. Jack Tabor, 116 S. Faulkner.

Plans were completed on the Women of the Year Tea. Discussions were held for the Founders Day Banquet, which is to be April 30 at the Black Gold Restaurant. The girl of the year was also selected.

Mrs. Faye Terrell presented the program entitled, "Better Thinking."

Refreshments were served to the following members: Mmes. Charles Jefferies, H. L. Meers, Bill Garrett, Max Louvier, Jim Terrell, Jack Tabor and Betty Cooper. Bridge was played and enjoyed by all.

## Harmony Club With Mrs. Jess Bessire

CANADIAN (Spl) — The Harmony Club met recently with Mrs. Jess Bessire.

During the business session, the group voted to make a donation of \$30 to the Edward Abraham Memorial Home Fund.

A refreshment plate was served to guests, Mrs. Laverne Cochran and Mrs. Pete Price and to members Mmes. Fred Stubblefield, Charles Davis, Travis Hardin, Dick Dickinson, Walter Burnett, Dow Wheeler, Elmo Wheeler, Otis Watson, Tom Wheeler, Kelelah Stamps, Bill Stamps and Elbie Carr.

## Dear Abby... Wants No Fanfare For Late Marriage

By ABIGAIL VAN BUREN

DEAR ABBY: I have been living with this fellow since 1946. Everyone thinks we are married, but we are not. We have a nice home and are respected in the community and I want to keep it that way. We would like to get married quietly now, but don't know how to do it without publicity (license in the paper, blood tests and so forth). I would appreciate any help you can give me. I can't sign my name, so please put this in the paper and I'll watch for it.

DEAR ABBY: My heart goes out to the daughter-in-law who signed herself "IGNORED." I know how she feels because I am "ignored," also. Only I am a mother-in-law. My only child was married 15 years ago. They live only 22 miles from me, but I have grandchildren I have never seen. I don't weep and moan and feel sorry for myself. I take my troubles to the Lord. He keeps me strong and of good cheer.

ALSO IGNORED

WANTS TO LIVE RIGHT  
DEAR WANTS: Every state has its own laws with regard to marriage. In California you may go to a clergyman of your choice and be married quietly. The "records" will be filed away in the church and no publicity will follow. And you will be just as married as any two people can be.

DEAR ABBY: What do you think of a person who constantly corrects others in public about the pronunciation and use of words?  
JUST CURIOUS  
DEAR JUST: I think that person is showing HIS ignorance. It is infinitely more important to be KIND than correct.

DEAR ABBY: I am a 15-year-old boy with a very active social life and a better than average school record. As far back as I can remember my mother has wanted me to take piano lessons. Until recently I have refused. Finally, we made a deal. If I took piano lessons, my mother would give me permission to smoke. I have started taking piano lessons and am bored. I now realize that the piano is not for me. I told my mother I would quit smoking if she let me quit the piano. She said NO! Please tell me how I can get out of this dizzy deal.

NO CHOPIN  
DEAR NO CHOPIN: You don't have to be a Chopin to enjoy music. Almost everyone who goofed off when he had the chance to learn music has regretted it. I can't say much for the "deal" your mother made, but make the best of it or all that money for

The little girl who used to give make-believe tea parties without tea now gives slumber parties without slumber.

Stop worrying. Let Abby help you with that problem. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Here are the facts you need

## Starting a new lawn this spring?

1. Don't worry about poor soil. You don't need to go to the trouble and expense of bringing in topsoil. Any soil — even subsoil — can give a satisfying lawn with regular feedings of Scotts protein-building TURF BUILDER.
2. Don't be taken in by seed "bargains." You want a good lawn, not a hayfield. Cheap mixtures contain wild grasses that will plague you for the life of your lawn. Scotts seed is all good grass, perennial and weed-free.
3. Don't plant the wrong kind of lawn. Be realistic. If you need a lawn that stands up to the punishment of children and weather, choose Scotts PLAY seed. If appearance is paramount, Scotts FAMILY or CLASSIC.

## MUST A MOVIE BE SEXY TO BE FUN?

Here is a picture that proves the answer is an emphatic "No." "Pocketful of Miracles" is the perfect answer to the hue and cry that has gone up for clean family entertainment. It's Frank Capra's funniest film since "You Can't Take It With You." Warmth, heart and humor it has in abundance to send you and your family from the theatre with your spirits high...and you need not worry about the children seeing a "preview of some coming attraction" you rather they not see.

But whether audiences really want good clean fun at the movies is something that remains to be seen. Needless to say — we certainly hope so! But we have found that in most cases they have said one thing and do another.

—Paul West

The Pampa Daily News

6 FRIDAY, APRIL 6, 1962 54th YEAR

## Harvesters Hosting Bulldogs Today At 4

Pampa's Harvesters will try to square it up today when they battle the Plainview Bulldogs at the Pampa Optimist park today starting at 4 p.m.

The Harvesters, who lost their opening game in loop play to Amarillo, 4-0 will go to the mound with Jerry Glover, who sports a 2-1 record on the year.

Against the Sandies, the Harvesters could only manage four singles in as many innings as Mike Clark fell by the wayside.

Around the infield it will be Gerrel Owens, at first Larry Gregory at second, Butch Crossland at shortstop and Ricky Stewart at third.

In the outfield will be John Arthur in left, Howard Reed in center and Dee Wright in right field.

Catching will be Mike Stewart with Glover on the hill. The Harvesters are 6-4 overall while the Bulldogs are 1-5.

Saturday the Harvesters journey to Amarillo to battle Tascosa at 2 p.m. in another district encounter.

## Pampan's Horse Is Winner At Phoenix

A horse owned by a Pampa man won a one-length victory in the feature race at the Turf Paradise race track Wednesday in Phoenix, Arizona.

The horse, Count of Nine, owned by John Sims, Jr. won the \$5 furlong race in 1:30 2-5. The horse paid \$5.80, \$4.00 and \$3.00 Challenge All was second.

## Celtics Will Face Lakers For Crown

BOSTON (UPI)—Wilt Chamberlain's strange record of never playing for a winner, and Bill Russell's equally odd mark of never playing for a loser are still intact—but barely so.

It took a last second basket by guard Sam Jones to preserve both of those streaks Thursday night and propel the Boston Celtics into the final stage of their bid for an unprecedented fourth straight National Basketball Association championship.

The Jones basket gave Boston a 109-107 victory over the Philadelphia Warriors and means the Celtics open a best-of-seven championship series with the Los Angeles Lakers here on Saturday afternoon.

The two teams will shift to the West Coast for two games after Saturday's nationally televised match and another game on Sunday afternoon at Boston Garden.

Thursday night's 109-107 Boston win meant that the Chamberlain-led Warriors have never beaten the Russell-paced Celtics in a title series.

Chamberlain was held to 22 points by Russell Thursday night but the cold figures did not tell a true tale of the tall Warrior's game.

## Player Leading Masters Tourney By Two Strokes

AUGUSTA, Ga. (UPI)—Little Gary Player, the defending champion, finally got his putts to drop so he went into the second round of the Masters golf tournament today with a two-stroke lead over the field.

Given little consideration in the pre-tourney speculation, Player insisted all along that he'd be all right "if those putts start going in."

They did Thursday and he shot a five under par 67 which under the adverse conditions will rank as one of the greatest rounds in Masters history. Playing in a cold rain, with darkness creeping in on him, the 28-year-old South African, attempting to become the first golfer ever to win two Masters titles in a row, came on with a rush to overtake the 42-year-old Julius Boros.

Boros' three under par 69 gave him second place, but even his brilliant round was overshadowed by Player's superlative effort.

"I never agreed with those who have been saying I have not been playing well," said Player. "I've been hitting the ball as good as ever, but those putts just wouldn't drop. I knew that once they started going in I'd be all right. I guess I proved it yesterday."

It started raining on a cloudy, chilly day just as Player finished the front nine with a two under par 34. But the bone-chilling dampness didn't bother him and he shot the tough back nine of the 6,980-yard par 36-72 Masters course in 33. He had six birdies against a single bogey.

Player was three strokes in

front of favorite Arnold Palmer, Mike Souchak, Dave Ragan and Gardner-Dickinson, all of whom carded two under par 70's.

In all 11 players broke par, U.S. Open champion Gene Littler, Bob Rosburg, George Bayer, Billy Maxwell and Don January all had 71's.

Sam Snead, a three-time winner, headed a group of 10 players tied with par 72's. The others were Charley Coe, the Oklahoma City amateur who tied Palmer for second place last year, a stroke back of Player's winning 280; Martin Methvin, a 23-year-old amateur from Little Rock, Ark.; Australian Bruce Crampton; Juan Rodriguez, the little Puerto Rican; Jack Fleck; PGA champion Jerry Barber; Byron Nelson, a former Masters king; Lionel Herbert and Ted Kroll.

Grouped at one over par 73 were Jimmy Demaret, like Snead a three-time winner here; former U.S. Open champion Billy Casper; Dave Douglas, Jacky Cupit, Chandler Harper and Mario Gonzalez of Brazil.

There were 16 bracketed at 74 including the two co-second's choices in the field, Jack Nicklaus and Doug Sanders.

Player, who hasn't won since last year's Masters championship,

had eight one-putt greens. He had only one bogey when he overshot the green on the par-four-fourth hole.

Boros had seven one putt greens and chipped in 30 feet with a five iron on No. 11 for a birdie.

Palmer and Souchak both had blazing back nines — three under par 33's. Both had gone out in one over par 37's. Palmer had four birdies in the last seven holes and Souchak had three birdies on the back nine.

Ragan had two nines of 35 while Dickinson was out in even par 36 but came back in two under 34.

## Crow Signs Pact With Grid Cards

ST. LOUIS (UPI)—John David Crow, former Texas A&M All-America back, has signed a contract for 1962 to play his fifth season with the St. Louis Cardinals of the National Football League.

"I'm looking forward to 1962 with as much or more enthusiasm than I've had since my rookie year," Crow said.

Crow, a 220-pounder, will play under new coach Wally Lemm who came to the Cardinals from the American Football League champion Houston Oilers.

Crow said he's "working hard" to build up his legs to be ready for the new season. He had been injured and played very little last year.

The 6-foot-2-inch Crow has a five-yard per carry average in the pro ranks.

## COKE'S FIGHT

DALLAS (UPI)—Curtis Cokes of Dallas, the 4th ranked welterweight, tonight battles the man who beat him last spring in Juarez Mexico—Hilario Morales.

Cokes reportedly suffered a broken hand in the third round and lost the decision. The bout was scheduled for 10-rounds.

## Brown Starts To Spar For Fight

LAS VEGAS, Nev. (UPI)—Lightweight Champion Joe Brown began sparring sessions here today more than two weeks in advance of his scheduled title bout with Carlos Ortiz.

Brown arrived Thursday from Houston, Tex., but had no activity scheduled the first day. Trainer Bill Gore and assistant Billy De Foe said Brown would box from two to six rounds today with Luis Garduno, Mexa, Ariz., and Fidel Lucero, Los Angeles, both welters.

The title bout is scheduled for April 21, having been reset from Feb. 22 because of Brown's illness.

# Harvester Cindermen Might Set Records In Loop 3-AAAA Meet

With strong competitors in both the sprints and the field events, the Pampa Harvester cindermen invade Lubbock Saturday for the annual District 3-AAAA track and field meet.

Preliminaries get underway at 9 a.m. with finals set for 1:30 p.m. Though not given much of a chance of capturing the team title, the Harvesters nevertheless stand a good chance of capturing individual honors in two sprint events and three of the field events.

Kenny Hebert, the Harvester speedster in the 100-yard dash and Ralph Palmer the near-record-breaker in the 440, will be the key men for the local cinder crew in the sprints. Hebert and Palmer have both had strong showings in various meets throughout the year.

In the field events, Randy Matson and Bill Martin are expected to be the biggest point getters for the Harvesters. Matson, of course, is almost a certainty to go to the state meet in May after catapult-

ing the shot put into orbit with six record-shattering tosses in as many meets.

Matson's personal high was against Borger in a dual meet at the high school when he put the 12-pound iron ball 60 feet. Last weekend, the 6-5 junior heaved the sphere 59 feet 3/4 inches to win the Amarillo Relays. Matson has bettered the 50-foot mark each time he has thrown the shot and is a strong favorite to make it seven meets in a row Saturday afternoon in the big loop showdown.

Matson also is expected to be one of the strongest candidates in the discus-throw. Randy has won the event in several meets and won top honors in the Amarillo meet with a toss of 167 feet one inch.

Martin, on the other hand, set a new school record in the high jump with a jump of six feet. Martin has showed steady improvement throughout the cinder season and is a possible candidate for the all-state extravaganza.

Winners in the loop meet will

battle it out in the regionals next weekend in Odessa.

**Pampa entries:**  
100 — Hebert, Tucker, Sears  
220 — Tucker, Sears  
440 — Palmer, Seymour  
880 — Hughes, Thrasher, Harvey  
440-Relay — Tucker, Palmer, Hebert and Sears  
Low hurdles — Ayres, Gallett  
High hurdles — Ayres, Webb  
Shot put — Matson, Webb, Rosco

Discus — Matson, Webb, Mathis  
High jump — Martin, G. Balch  
Broadjump — D. Ayres, Hebert  
Pole vault — Tucker, Sears and Pleicher.

## Pampa Netmen In District Tourney

Pampa's netmen have a tough chore today when they battle it out in the first round of the District 3-AAAA tennis meet in Lubbock starting at 1 p.m.

David Price, Pampa drew Monterey in the first round of boys singles while Donna Walsh drew a toughie in Jill Philbrick of Lubbock in the first round of her net action.

The Harvesters doubles team of Jerry Thomas and Don Collins draws an easier assignment when they battle Plainview in the first round today.

Charles Ashby, Pampa meets Plainview in boys singles in B action while the girls doubles team of Elaine Hawkins and Jerry Edmondson also battles it out with Plainview.

The two divisions are divided according to classification with all non-seniors competing in B action.

Semi-final action is set for Saturday. Monterey and Lubbock have been touted as two of the strongest teams in the district meet this year.

The team of Collins and Thomas are given the best chance of bringing home the honors for the Harvesters against the weaker Plainview netters.

## Field Of Nine To Compete In Race

HOT SPRINGS, Ark. (UPI) — A field of nine, possibly one or two more, three year olds will compete Saturday in the 26th running of the \$25,000 added Arkansas Derby, often a warmup for Kentucky Derby nominees.

J. Sweeney Grant, Oaklawn Park general manager, said he expected nine entries, with perhaps a couple more, at the drawing for post positions today. He called the Derby, at a mile and one eighth, one of the better "stepping stones" for the Kentucky Classic.

Grant said J. C. Pollard's Treasury Note, August Muckler's Aeropolis, Alfredo Stable's Eidoion and Paxton Harthill's Mamelot were the strong contenders.

## OHIO COACH PICKED

STUEBENVILLE, Ohio (UPI) — John D. Bayer, former Kent State star, has been appointed head basketball coach at Steubenville College. Bayer was an assistant cage coach at Kent last year.

## Close Cinder Race Forseen In Relays

AUSTIN (UPI) — Kansas and Oklahoma State, holders of four new American indoor track records, challenge Abilene Christian's recent domination of the Texas Relays tonight in opening events of the 35th annual meet.

Abilene Christian won four university division relays last year and set three new records, but Kansas' indoor times of 7:28.2 in the two-mile relay and 9:48.8 in the distance medley relay are considerably better than the Texas Relays' outdoor records.

The University Division has attracted 25 schools including all Southwest Conference members and major Texas independents, seven of the Big Eight schools, plus California, Notre Dame, Tulane, Wichita, Drake, Florida State, Southern Illinois and National Polytechnic of Mexico.

Texas Southern University, the first all-Negro school to participate in the Texas Relays, is expected to dominate the college division. The Tigers have already

bettered three division records this season, and own the best times in Texas this season in all five relay events scheduled this weekend.

Jerry Dyes of Abilene Christian may set a new high-point mark for individual performers. Dyes has thrown the javeline more than 240 feet, broad-jumped more than 24 feet, put the shot past 90 feet, does well with the discus and runs legs on ACC's fleet relays teams.

Equally versatile is Oklahoma's Olympic broad jumper, Anthony Watson, who has also paced a 9.8 second 100-yard dash and a 14.4 flat high hurdles.

Abilene Christian, holders of the 3:07.6 collegiate record in the mile relay and owners of a 41-flat already this season in the 440-yard relay, should dominate those events and the 880-yard relay.

Oklahoma State, American indoor record holders with 3:24 in the sprint medley relay should take that event, and challenge ACC for the mile relay title. The Cowboys had a 3:13.8 at Manhattan, Kan., two weeks ago to set an American indoor record in the mile relay.

## AAU Swim Meet In Second Day

BARTLESVILLE, Okla. (UPI) — Young men led the way into an action-packed second day of the National AAU indoor swimming and diving meet here today.

Six championships, in the 400-yard freestyle relay, 1-meter diving and four 220-yard events, will be decided today.

Top performance of the opening day was turned in by high school senior Roy Saari, 17, of El Segundo, Calif., who achieved swimming's equivalent of the four-minute mile. He swam the 1,500-meter freestyle event in the record-breaking time of 16:54.1 to become the first man to cover the distance in less than 17 minutes.

## Pampa Golfers In Final Loop Round

The final 18 - holes of golf in the District 3-AAAA golf meet gets underway Saturday in Lubbock with the Pampa Harvesters currently resting in sixth place with a score of 655.

Borger leads with 625. The Harvesters carded a 328 in the first round in Plainview, and then came back with a 327 in the second round in Borger.

Leonard Hudson is currently tied for seventh place in medalist play with a 155. Hudson also tied for medalist honors in the Amarillo Relays last weekend which the Harvesters won by two strokes. The Pampa golfer lost out however, in a sudden death playoff.

Other stalwarts for coach Eural Ramsays golf team include Bryan Primore, Johnny Hatcher, Freddy Howard and Gary Stanfield.

In the Amarillo relays, the Harvesters had a two day total of 309 - 313 - 622 to win the annual event.

## Cardenas To Three Of Top Air Col's Diamond Tilts

ST. JOSEPH, Mo. (UPI) — Three of the top four seeded teams of the National Women's Basketball Tournament are still in the running as the action goes into the semi-final games tonight.

Wayland, Tex. College, defending champion and top seeded at the start of the tourney, needed an overtime period Thursday night to top Omaha Commercial, 36-35.

The only unranked team of the four remaining, Sioux City, Iowa, dumped third-seeded St. Joseph Pepsi, 51-43, as Carmen Maas hit 16 points and Norma Schwartz sank 15 for the winners.

Cardenas, a native of Managua, Nicaragua, has broadcast Dodger games to Spanish-speaking persons in the Los Angeles area for the past four years.

The South Texas network includes KCOR, San Antonio; XEO Brownsville; KOPY, Alice; KEOR, McAllen, and KVOZ, Laredo. The club expects to add other stations in Mexico, Central American and the Caribbean.

Cardenas will cover Houston home games live from Colt Stadium. He will do an instantaneous reproduction on road games from the description of the 45s' regular broadcast crew.

8:00 A.M. TO 7:00 P.M.

To the voters of Pampa,

I filed for re-election to the Pampa Independent School District Board of Trustees, because I have a strong belief in public education.

I am sincerely interested in our children and I realize that our public schools belong to the public and that a school board member must represent all the people of a community.

I have the time and I am willing to give that time to this important function of board membership.

I have served one term as trustee for you and the experience I have received can be an asset to our school system.

Therefore, I ask for your support in tomorrow's election.

Sincerely,  
Elmer D. Wilson

### First Christian To End Special Series Sunday

"Isaiah, The Man Of Prophecy" is the sermon to be delivered at the 10:30 a.m. First Christian Church service by the minister, Rev. Glyn B. Adsit. This is the final sermon in a series of six which deals with Old Testament Characters who glimpsed the meaning of suffering and the Cross before the Crucifixion. The evening service, beginning at 7, will consist of the sermon, "What Does God Mean To Me?", old-time hymn singing, Communion and prayers. Youth groups will convene at 5:30 and 6 p.m. in the church. An Easter Cantata, "My Heart Is Glad," will be presented April 15 at 4 p.m. under the direction of Miss Rosemary Lawlor.

### CROP Board Has Meeting

A County CROP Board meeting for Gray and Roberts Counties was held recently at the Agricultural Building in Panama. The purpose of the meeting was to complete the organization of the 1962 campaign committee and to develop plans for the 1962 CROP program. The County CROP Board officers and campaign committee are as follows: Board chairman, Mrs. R. E. Converse, vice-chairman, Rev. G. B. Bailey, secretary, Mrs. W. R. Dunn, treasurer, Gerald Sims; commodity mgr., C. V. Wilkinson; Bill Tolbert, publicity dir., Rev. Howard E. Grant; promotion director, Rev. Jack Riley, and campaign dir., Stan Friend. Community chairmen include: Panama C. V. Wilkinson; Le-fors, Arlie Carpenter; S. Miami, Glen Dodson; Alanreed, Ollie Hommel, and N. Miami Melvin McCuiston. CROP Promotion Sunday was set for June 3. Leaflets will be available for use in the churches. The canvass will take place from June 3 to 10. All canvassers are to be chosen and reported to the Secretary by Wednesday, April 25. A CROP movie film will be available throughout the area to be shown at the next meeting. The next local CROP meeting will be held on Wednesday, May 2, at 12 noon at the Panama Hotel. The meeting will be a luncheon session. Canvassers' time schedule, geographic areas and a grain collection plan will be concluded. Materials will be distributed and a time will be set for a canvassers' training meeting.

**MORMON SPEAKERS** — Guest speakers at the Church of Jesus Christ of Latter Day Saints (Mormons) at the Sacramento services Sunday will be, left to right, district counselors, Richard D. Dryer and Lee T. Harris. They will conduct the services which will begin at 6 p.m.

# Religious Demoralization Laid To Cry, 'Communists In The Churches'

By LOUIS CASSELS  
United Press International  
The cry of "Communists in the churches" raised by extreme right-wing groups, is beginning to have a seriously demoralizing effect on religious life in America. So says a bluntly worded report issued by the National Council of the Episcopal Church. Similar warnings have been sounded recently in a statement by the General Council of the United Presbyterian Church and in a pamphlet published by the National Catholic Welfare Conference. All three documents say that many patriotic, God-fearing Americans — who are not themselves extremists — have become frightened and confused by the widely circulated charge that Communists have heavily infiltrated the ranks of the clergy. This charge has been labeled a "patent falsehood" by the FBI. But even the great prestige of the FBI has not been sufficient to lay the charge to rest. Hearing it repeated over and over again, loyal church members find themselves wondering if there may not be something to it, after all. The Episcopal report says that doubt and suspicion are deadly disruptors of any church. It's not necessary that the members be convinced that their pastor actually is a "comsymp." If they are merely led to suspect that he might be, his ministry will be crippled and the fellowship of love which should prevail in a Christian congregation will quickly give way to an atmosphere of tension and hate. Precisely this is happening now in some parts of the country, according to the Presbyterian General Council. The Catholic pamphlet, written by Fr. John F. Cronin, S.S., assistant director of the NCWC's Social Action Department, says that "hysteria and suspicion are increasingly evident" in many areas. It urges patriotic Americans not to be "misled by false prophets." And it assures Catholics that Communist influence in Protestant churches — which have been the principal targets of rightist attacks — is "virtually non-existent."

Financial Racket  
The Episcopal report holds out little hope, however, that the charges of communism in the churches will collapse under the weight of their own "preposterousness." "The charges will continue to be made," it says, "just so long as it is profitable for disciples of dissension who find their support among church members." To this Episcopalian suggestion, Fr. Cronin adds a Catholic amen. "I am convinced," he says, "that three-fourths of these extremist groups are making a financial racket of the fight against communism. They're in it for the money."

### New Radio Series To Get Started

A new radio series designed to highlight the essential vitality of Bible teachings was announced today by the Christian Science Church. Starting April 8 more than 700 stations will broadcast the weekly 15-minute series called "The Bible Speaks to You." The programs describe how prayer can meet familiar problems confronting people in all walks of life. They feature well-loved selections from the Bible, read against a background of organ music. Informal discussion brings out the practical application of these teachings. "The Bible Speaks to You" replaces the series "How Christian Science Heals" which has been on the air every week since September 18, 1953. It is produced by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. Will B. Davis, Manager of Committees on Publication, is in charge of the project. In announcing the release of the new program, Davis said: "Man-kind needs as never before the healing and comforting message of the Bible. Our programs will show how practical and vigorous the Bible teachings can be in meeting today's problems."

### WOMEN In The Church

A major project of United Church Women of South Carolina — an international group — is cooperating with the "migrant ministry" of Charleston County. In this county some 5,000 migrant workers work during the peak of the agricultural harvest, and perhaps 2,000 throughout the year. Some of the activities which were in operation last fall (and will be carried on this year again) were: a child care center and a vacation Bible school in operation for two weeks which reached at least 125 children; a baby clinic with health examination and medication according to need for which the County Health Department and local doctors provided services; Bible schools for school age and teen age groups with related craft projects; Bible study groups; some recreation; movies; classes for instruction in personal health care and good grooming; worship services with some training for leadership; sewing; home demonstration work; some services for adults by chaplains and local ministers in the evenings; and a bus load from the Bible school taken on a day excursion to parks, zoo, and churches of Charleston. Clothing was distributed according to need. The Rev. Vernon Frazier, a Lutheran pastor in Charleston, heads the County's migrant ministry. As the United Nations Commission on the Status of Women convened recently in New York, debate was in prospect as to whether women should be assigned an earlier age of retirement than men workers. Two outstanding organizations were already registered as in opposition to this principle, awaiting consideration under the agenda item, "Equal pay for equal work." Identical views were expressed by the International Alliance of Women and the International Council of Women, in their communications directed to the Secretary-General of the world organization. They contend that over the long term, women workers are penalized by accepting an earlier retirement age, since their male associates tend to use the fact as an argument for keeping them at a lower rate of wages than would otherwise prevail.

**Sermon Subject  
Is Announced By  
Rev. R. G. West**  
"Misplaced Arrows" will be the sermon subject of the Rev. Russell G. West on Sunday morning at the Church of the Brethren, 600 N. Frost. During the evening service at 7 o'clock the worship service will be built around the film strip showing of the picture, "The King of Kings." Sunday School will open at 9:45 a.m. with classes for all age groups.

**Group Planning  
Pan Cake Supper**  
The Junior Missionettes girl club at the First Assembly of God Church held their regular meeting Tuesday and made plans for a pancake supper to be held in the Stephen F. Austin School cafeteria on Thursday, April 12, at 6 p.m. The benefits of this supper will be sent to the missionaries on the foreign fields; to buy clothing, medical supplies, and other needs. There will be a public auction with periodical entertainment. The public is invited to attend. Prices are \$1 for adults and 50 cents for children.

**Church Of God  
Plans Revival**  
The Church of God, corner of Reid and Campbell, announces the beginning of a two weeks revival, starting Sunday April 8, with the Rev. O. E. Wright as the evangelist speaking each night at 7:30. Rev. Wright is said to be a prophetic preacher, speaking on subjects such as, "The Great Signs That Will Be In The Last Days." "Will This World Obtain The Peace It Is Seeking For?" There will be singing by the choir, quartets, trios, duets, and solos. The public is cordially invited.

# Church Page

## Christian Science Services

The power of spiritual thoughts to dispel apathy and idleness will be brought out in Christian Science church services Sunday. Bible readings in the Lesson-Sermon entitled "Unreality" will include these verses from Proverbs (6): "How long will thou sleep, O sluggard? when will thou arise out of thy sleep? Yet a little sleep, a little slumber, a little folding of the hands to sleep: So shall thy poverty come as one that travelleth, and thy want as an armed man." A correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 240): "If mortals are not progressive, past failures will be repeated until wrong work is effaced—or rectified. If at present satisfied with wrong-doing, we must learn to loathe it. If at present content with idleness, we must become dissatisfied with it."

## Revival Is Slated At Groom

W. F. Vanderburg, Amarillo, field representative of the Wayland Baptist College in the northern Panhandle, will be guest evangelist at a revival beginning Sunday in the First Baptist Church in Groom. The revival will continue through Sunday, April 15, with services beginning nightly at 7:30 p.m. in the church. Vanderburg served as mission pastor for the First Baptist and the Hobart Street churches in Panama. He has been pastor of the Clearmont Baptist Church for the past four years.

## 1st Methodist Sunday Services

"For The Living Of These Days" is the sermon topic Dr. Hubert Bratcher, pastor of First Methodist Church, will preach on at the two morning services this Sunday morning. The special music for the 8:45 a.m. service will be furnished by the Junior Choir. The Sanctuary Singers will sing the anthem, "God So Loved The World" for the special music for the 11 a.m. service. Sunday Evening Fellowship will begin at 6 p.m. with a light supper for the entire family in Fellowship Hall. At 6:30 p.m. children, youth, and adults will separate for one hour of planned activities according to interest and needs. The Adult Bible Study will be held in the Friendship Classroom. The Sunday night service at 7:30 will be conducted by Earl Cooper, associate minister, who will speak on "The Mountains." Family night will be held Wednesday, April 11, at 7 p.m. in Fellowship Hall of the Church.

# Army Will Eliminate 8 Reserve Divisions

By DARRELL GARWOOD  
 United Press International  
 WASHINGTON (UPI)—The Na-  
 tional Guard is expected to have  
 to bear the brunt of a sweeping  
 Army plan to eliminate eight  
 divisions and 58,000 men from the  
 nation's civilian reserves.

The loss of divisions was to be  
 divided equally between the  
 Guard and the remaining Re-  
 serves, but reliable informants  
 said the Guard would lose 35,000  
 men as compared to 23,000 for  
 the other Reserves.

This would reduce the National  
 Guard from 400,000 to 365,000 and  
 the Reserves from 30,000 to 277,  
 000 men. The plan would cut the  
 Guard from 27 to 23 and the Re-  
 serves from 10 to 6 combat divi-  
 sions.

The Army plan brought imme-  
 diate protests in Congress. Rep.  
 Melvin Laird R-Wis., said he  
 hoped Congress would block the  
 move. Rep. James Van Zandt,  
 R-Pa., said such cutbacks had  
 been tried before "and if I know  
 Congress they'll stop this one."  
 Rep. Durward G. Hall, R-Mo.,  
 said, "I do not believe the Con-  
 gress will stand for this kind of  
 nonsense."

In a 1,000-word announcement  
 Wednesday the Army said the  
 following divisions, averaging

fore the House Armed Services  
 Committee.  
 But the long statement made  
 clear that planning has been car-  
 ried out in detail, and that the  
 Army has discarded a proposal  
 which would have spared the  
 National Guard and inflicted all  
 of the cuts in the other Reserves.

The cutback has been fore-  
 shadowed since widespread com-  
 plaints greeted the callup of 156,  
 000 Reserves for active duty dur-  
 ing the Berlin crisis last fall.  
 President Kennedy in a message  
 to Congress Monday fixed the  
 size of the cut at 58,000 men.

**REWARD FOR DUKE**  
 SAN QUENTIN, Calif. (UPI)—  
 Duke, the half boxer half German  
 shepherd dog whose barking led  
 to the capture of five escaped  
 convicts, today got a reward from  
 San Quentin prison guards.

The guards chipped in and  
 bought Duke a case of dog food.

The Army said the plan was  
 "not to be considered final" until  
 after the conclusion of hearings  
 scheduled to begin April 16 be-

**STEAKS FOR STERR**  
 NEWPORT BEACH, Calif. (UPI)—  
 Bruce Card says that if the  
 rustlers who stole the life sized  
 model of a steer from in front  
 of his restaurant will return it  
 he won't press charges.

In fact he offered a reward of  
 two steaks — from a real steer.

**54th YEAR**  
**FREEDOM SCHOOL CLOSING**  
 SHENLEY, England (UPI)—  
 Britain's so-called "Freedom  
 School" will close Friday for  
 lack of funds.

The school, founded 25 years  
 ago, charged \$200 a term and  
 allowed students to decide for  
 themselves whether to attend  
 class or stay in bed and per-  
 mitted them to smoke and dress  
 as they liked.

# Mobil Economy Run...

DEMONSTRATES MILEAGE POSSIBLE  
 WITH HIGHEST MEGATANE-RATED MOBIL

CLASS WINNERS*		M.P.G.
CLASS A: COMPACTS—Manual Shift	Rambler American 400	31.11
CLASS B: SMALL-ENGINE COMPACTS	CORVAIR MONZA	27.02
CLASS C: LARGE-ENGINE COMPACTS	TEMPEST 4 CYLINDER	27.30
CLASS D: LUXURY COMPACTS	VALIANT	24.85
CLASS E: STANDARD-SIZE SIXES	PLYMOUTH SAVOY 6	24.61
CLASS F: LOW-PRICED V-8's	CHEVROLET IMPALA 8	20.78
CLASS G: MEDIUM-PRICED CARS	PONTIAC STAR CHIEF	19.48
CLASS H: HIGH-PRICED CARS	CHRYSLER NEW YORKER	18.11

Delivers All-Car Average of 22.70 Miles Per Gallon  
 This USAC-certified mileage record was scored by regular stock cars  
 in the 1962 Mobil Economy Run—world's greatest official test of  
 gasoline mileage economy. All of these cars used exclusively either  
 Mobil Premium or Mobil Regular gasoline with the highest Megatane  
 Ratings of any leading gasolines.  
 Now—Mobil® gasolines have been tested in almost every make of  
 American car. This year 46 cars were entered in the Mobil Economy  
 Run; they traveled 2,497 miles at normal speed from Los Angeles to  
 Detroit—across deserts, over mountains, through crowded city  
 streets . . . delivered convincing records of the mileage-economy  
 potential of Megatane-Rated Mobil!

**Certified Results!**   
 This advertisement approved and the Mobil Economy Run  
 data certified true by United States Auto Club.

For Mileage Economy and Top Performance Get Mobil with  
 the Highest Megatane Ratings of Any Leading Gasolines!

**Don't Make the Octane Mistake!**  
 The Higher the Megatane Rating  
 the Better Your Motor Will Run!  
 Octane rating measures only 2 of the qualities your  
 car needs in a gasoline . . . 2 very important qual-  
 ities—both dealing with anti-knock. The result:  
 many people make the Octane Mistake! They con-  
 sider only Octane ratings when buying gasoline and  
 overlook many other important qualities made pos-  
 sible by brilliant scientific advances. Qualities that  
 can truly give you a cleaner motor, more mileage  
 and power, longer life and fewer repair bills.  
 That's why Mobil's engineers measure and ex-  
 press gasoline quality in a rating system called the  
 Megatane System which enables you to judge not  
 just Octane qualities, but the total performance of  
 your gasoline. Megatane includes Octane, of course,  
 but goes far beyond Octane to measure not just 2,  
 but 21, of your motor's needs.

Whether your car is designed to run on Regular or Premium—the  
 best gasoline for your car is Megatane-Rated Mobil!  
 How do you know before you buy? Mobil's Megatane Rating  
 System tells you. While no gasoline has a perfect Megatane  
 Rating of 21, Mobil Premium at 19½ rates highest of any lead-  
 ing Premium. Mobil Regular at 16½ rates higher than any lead-  
 ing Regular gasoline. Grade for grade, Mobil gives you more of  
 the important qualities that combine to give outstanding per-  
 formance and mileage economy.  
 At first, this Mobil difference may not be apparent to you,  
 but five, ten, twenty thousand miles from now your motor will  
 know the difference . . . in more mileage, in less loss of power,  
 and in longer prime of life.  
 So, save your motor as well as your pocketbook! Get Mobil  
 with the highest Megatane Ratings of any leading gasolines!

**BETTER SHINE FOR ALL FLOORS**  
 The New Seal Gloss clear floor  
 finish is for vinyl and all hard  
 surface floors. Seal Gloss con-  
 tains "Acrylic" the same wonder  
 working chemical used in the  
 new auto finishes to eliminate  
 waxing. A clear high gloss finish  
 which does not yellow, it is slip  
 resistant and ends water spot-  
 ting. Easy to apply. Seal-Gloss  
 protects color and lasts for  
 months.

**BEFORE YOU BUILD OR BUY A NEW HOME . . .**

**ASK YOUR REALTOR . . .**  
 . . . to determine the true value of the property  
 you are considering. You'll be surprised to  
 learn how really difficult this is. Your realtor  
 is a man thoroughly experienced in dealing  
 with these difficulties, however—they're his  
 business. He'll assess the property's accessibil-  
 ity advantages, the community services it en-  
 joys, its present and future value. Then he'll  
 advise you regarding its practicality for you.  
 Take his advice. He knows his job.

**THEN FIRST FEDERAL ASK**  
**OF AMARILLO**  
 . . . about the best way to finance your new  
 home. This too, can be a complicated busi-  
 ness, and since it's your money (and a lot of  
 it) that you'll be spending, you certainly want  
 the seasoned guidance of men who know fin-  
 ancing from the inside out. Such men are the  
 Loan Officers at First Federal. 26 years of  
 highly successful loan transactions prove First  
 Federal a strong financial institution that you  
 can trust. At First Federal, home loans and  
 Title I Home Improvement Loans—are easy to  
 secure, rapidly processed. There's no substi-  
 tute for experience when it comes to handling  
 large sums of money. Remember: it's your  
 money—why not give First Federal a chance  
 to help you save some of it?

# Liz Taylor, A Wealthy Working Girl, May Prefer Triangle Over Dollar Sign

The final dispatch of the three on the Elizabeth Taylor-Eddie Fisher marital mixup.

By VERNON SCOTT  
UPI Hollywood Correspondent  
HOLLYWOOD (UPI)—Elizabeth Taylor is perhaps the wealthiest working girl in the world today. It is expected she will have earned \$2 million from "Cleopatra" alone when the movie epic finally is completed. As the widow of Mike Todd subsequent showings of "Around the World in 80 Days" will swell her fortune considerably.

She continues to be in great demand by producers, insuring the 30-year-old beauty freedom from financial fulminations.

However, if a royal crest were designed for Queen Liz the dollar

sign would be less appropriate than the triangle. For it is her proclivity for three-cornered escapades that has led to Elizabeth's greatest notoriety.

The glamour girl's first publicized triangle involved second husband Michael Wilding, herself and Todd, Wilding lost.

The Debbie-Eddie-Liz contemp-tions was the second. This time Debbie Reynolds was the loser.

Now Elizabeth's public appearances with costar Richard Burton have precipitated a third triangle, and Eddie is the apparent loser.

Thus far Liz always has managed to be a winner.

Elizabeth, successful and independent, has taken orders from

no one since Todd's death. It is unnecessary for her to ask the advice of anyone. She runs her own life.

But in the rough-hewn Burton, one-time Welsh coal miner, she has met a man unlike any she

has known before. He is a polished actor, sophisticated raconteur and boon companion. At 36 he is three years older than Eddie Fisher.

Unlike the gentle, easy-going Fisher, beneath the Welshman's veneer of charm lies a smoldering spirit who can drink, brawl and play with the best of 'em.

During World War II he pulled guardhouse duty for smashing every window in his barracks. He has been in more fights than he can count.

He married his wife, Sybil, a dozen years ago and they have two daughters, Kate, 4 and Jessica 2, to whom the actor is devoted.

During his sojourns in Hollywood, Burton, who is built more like a fullback than a Shakespearean actor, gained a reputation for cutting a swath through Movietown's glamour girls. Romantic rumors connected him with almost all of his leading ladies—just as they have with Liz.

Friends here say he will never leave Sybil. Others believe he may well become Elizabeth Taylor's fifth husband. Burton steadfastly denies a new romantic entanglement.

It is this kind of publicity that has 20th Century-Fox executives in a state of near shock.

The studio has plunged more than \$20 million into "Cleopatra." If it fails at the box office 20th Century-Fox might not survive the financial disaster. Insiders feel Elizabeth's behavior and the resultant publicity will make the movie one of the great hits of all time.

The general feeling, too, is that her popularity will continue to burgeon, even should Burton dissolve his marriage to become the man in her life.

TOO OLD FOR TWIST  
NEW YORK (UPI)—The Duchess of Windsor says that at 65 she is "too old for the twist," but nonetheless is "trying to do it."

The duchess, who arrived here with the duke en route to Palm Beach, said of the gyrating dance, "I think it's for the young, but it's very good exercise."

## Freedom Forum Set In Lubbock

LUBBOCK — Lubbock Christian College will present the second annual Southwestern Freedom Forum in the Pioneer Hotel here May 1-3.

The forum will bring together speakers on Socialism and Communism for a discussion of the basic philosophy of those groups, the methods of infiltration and brainwashing techniques being used in America, and will emphasize what must be done to preserve individual freedom.

Purpose of the forum is to plan an effective course of action designed to preserve America's way of life.

SNOW SCULPTRESS—Secretary Margaret Taylor forges her tea break to fashion a miniature snowman on window sill outside her office in very wintry London, England.

OPPOSE WIRE TAPPING  
WASHINGTON (UPI)—The AFL-CIO told the Senate Judiciary Committee today that a proposed bill to allow law officers to tap wires with court permission would be putting "law enforcement ahead of individual rights."

## Foreign News Commentary

By PHIL NEWSOM  
UPI Foreign News Analyst

Apparently confident that his Algeria problems were well on the way to solution, French President Charles De Gaulle this week turned to other things.

Among them was a trip to Turin, Italy, for a one-day meeting with Italian Premier Amintore Fanfani.

High on the agenda was De Gaulle's conception of the "Europe des patries" (Europe of fatherlands) by which the six West European nations now bound together in a common market also are gradually to achieve political unity.

So far, agreement among the six on the extent to which political unity shall be carried has been considerably less than that already achieved in the economic field.

At the core of the difficulty lies De Gaulle's own conception of what "exactly he means by a Europe of fatherlands.

France's partners in the six, West Germany, Belgium, The Netherlands, Luxembourg and Italy openly have suspected that while De Gaulle speaks of unity he actually means to weaken the structure that was supposed to result in a United States of Europe.

Foreign ministers of the six will meet in Paris April 17. De Gaulle's trip to Turin, therefore, was an attempt to sell Italy on his ideas in advance.

One source of suspicion is De Gaulle's announced reluctance to surrender any degree of French sovereignty.

Another is a fear that De Gaulle is moving to weaken the already established authority by which the common market, the coal and steel and the Euratom communities are administered.

A community court of justice has the authority to enforce its rulings against member governments as well as individuals and private enterprises. These rulings usually deal with competitive injustices between one country or another.

There have been suggestions that De Gaulle believes a greater voice should be restored to the individual governments.

Among the six there also is a fear that De Gaulle's reluctance to meet his NATO commitments and his insistence upon developing his own nuclear striking force eventually will mean a weakening of NATO with a consequent reduction of U.S. participation in European defense.

What De Gaulle apparently believes is that as economic unity becomes a reality among independent nations, a common policy on foreign affairs will develop as a natural part of evolution. Therefore surrender of sovereignty becomes unnecessary.

FACTORY HIRING DECLINES  
WASHINGTON (UPI)—Factory hiring declined more than usual in February.

The Labor Department reported Monday that the hiring rate dropped from 41 for each 1,000 workers to 34 per 1,000. The sharpest declines were in the rubber, lumber and leather industries.
