Embassy Under Heavy Guard In Bombing Affray

CARACAS (UPI) — Troops armed with tommy guns and bayoneted rifles stood guard today at the U.S. Embassy, bombed Monday in an outburst of Communist-fostered violence in which at least 3 persons were killed and 13 wounded. A bomb planted by dynamites in a seventh-floor wash-room 50 feet from the office of Ambassador C. Allen Stewart blew out all four walls of the room and broke about half the windows in the multi-million-dollar embassy. Damage was estimated at several thousand dollars.

A 10-by-15-foot hole was torn in the embassy's outer wall. Stewart, who was not in his office at the time of the explosion, closed the embassy while workmen cleared away dangerous fragments of lath and plaster left dangling by the blast.

The office of Lt. Col. Emmett E. Curran, of Pocatello, Idaho, the

Further Delay Possibility In Orbital Flight

CAPE CANAVERAL (UPI) — U.S. scientists took a critical look at a trouble-ridden space capsule today to decide whether to attempt America's first manned orbital flight Saturday or wait until next week.

While astronaut John H. Glenn Jr. stood by anxiously and impatiently, technicians began an "evaluation" of difficulties that forced a new postponement of at least three days in plans to launch him on a three-orbit trip around the globe.

The National Aeronautics and Space Administration (NASA) officially quoted Glenn as saying "the additional time will only increase our sharpness." But the 40-year-old astronaut was tight-lipped after scientists decided to postpone the shot from Wednesday until at least Saturday.

Informed sources said Glenn's orbital voyage could be attempted Saturday only if "everything goes perfectly from now on." If there are further troubles—and many expected there would be — the launching was expected to be further delayed until at least Jan. 30.

The space agency was more optimistic about its chances of firing a camera-carrying space capsule to the moon on Friday or Saturday. A balky Atlas rocket scheduled to send the 727-pound Ranger-3 240,000 miles across space near final repairs today.

The new delay in the Project Mercury man-into-space shot also increased the Navy's hopes for launching five satellites into orbit aboard a single rocket this week. The shot, called "Composite-1," was removed from the firing schedule Thursday and pulled back to Wednesday.

But the hundreds of newsmen who poured into the area last week to cover the manned orbital flight were more interested in the Mercury "evaluation" than that expected to produce a new target date for Glenn's 81,000-mile flight through space.

The problem centered in the capsule's environmental control system—the delicate mechanism which will force a vital supply of oxygen into Glenn's cabin and spacesuit during the voyage of nearly five hours.

Technicians ripped into the system Monday and replaced a faulty oxygen demand regulator and a hose. NASA officials said tests showed there was a possibility these instruments could have caused an "excessive use of oxygen" should Glenn's cabin suddenly lose air pressure in space.

This was only one of a series of problems the capsule, officially "No. 13" off the production line but nicknamed "Friendship-7" by Glenn himself, has encountered during the past few weeks.

If it comes from a hardware store we have H. Lewis Hdw. (Adv.)

PREVIEW FOR PUBLIC DEMONSTRATION—Several city officials and representatives of the Cabot Machinery Division were at the new city municipal service station in Hobart St. Park today discussing the Earthripper Backhoe, manufactured by Cabot in Pampa. The hydraulic backhoe will be used at a public demonstration at 9 a.m. tomorrow when the excavation is made to

house a 5,000 gasoline storage tank. Present at today's viewing was left to right, Rue Hestand, chief engineer, Cabot Machinery Division; R. A. Baker, Machinery Division manager; John Koontz, city manager; Lloyd Simpson and L. P. Fort, city commissioners; E. C. Sidwell, mayor and Newt Secrest and Leon Holmes also city commissioners. (Daily News Photo)

Paris Police Arrest 50 Persons After Bombing Of Foreign Office

PARIS (UPI) — Police arrested 50 persons today in a pre-dawn roundup of suspects in Monday's bombing of the Foreign Office and the kidnaping of a French parliamentary deputy.

First reports said many of the suspects were under 21. Police sources said the outlawed Secret

Army Organization (OAS) was behind both incidents. The kidnaping of Deputy Paul Mainguy was believed to be the first of a planned series of attacks or kidnapings aimed at commemorating the barricades revolt in Algiers on Jan. 24, 1960.

Late Monday night, police worked on lists of suspected OAS members and early this morning a strong force of raiding parties fanned out through Paris.

Police admitted they were without clues to the terrorists who planted the plastic bomb in the Quai D'Orsay courtyard. The bomb killed a Foreign Office messenger and injured 32 persons. Five of the injured were still hospitalized today.

Angry politicians and union leaders are pressuring President Charles de Gaulle to crush the campaign of terror in France and Algeria which has turned Frenchmen against Moslems and against each other.

A wave of slaughter across Algeria and bombings in France brought cries for action from the left and right.

The Communist-dominated General Confederation of Labor called for protest work stoppages today on government-operated railways, post offices, city halls and gas and electrical works.

The union also called a mass march on the Foreign Office to demonstrate its determination to have the government stamp out terrorist activities.

Deputy Raymond Schmittein called for De Gaulle to assume absolute powers to deal with the terror.

Wednesday is the second anniversary of the "battle of the barricades," a settler revolt in Algiers which finally was crushed by De Gaulle's troops. The OAS has called for a commemoration of the event.

BCD Invited To Meet With City Commission

An invitation to members of the Board of City Development to meet with the Pampa City Commission to discuss city problems was extended this morning by the commission. Next Tuesday, January 30, is the date set for the joint meeting.

Bids were opened and let this morning for two pieces of equipment, a front-end loader and a street sweeper. The low bid for the sweeper was submitted by Browning - Ferris Equipment Co. at \$10,275, for a Wayne unit. It was accepted by the commission.

Low bid for the loader was from Carpenter Equipment Co. on an Allis - Chalmers unit at \$10,433. The next lowest bid was from Plains Machinery Co. on a Huff at \$11,194, and this was the unit purchased by the commission on the recommendation of street department heads. In favor of the Huff unit were Mayor E. C. Sidwell and Commissioners L. P. Fort and Lloyd Simpson. Voting against this purchase were Commissioners Newt Secrest and Leon Holmes.

The traffic commission also received as appointments the following individuals: Bill Arrington, E. E. Shelhamer, Carl Beavers, Thelma Bray, Ray Browning and Deck Wolft.

A bill of \$260.00 for concrete and labor for the drive-up windows (See COMMISSION, Page 4)

City Manager John Koontz was given the go-ahead on the purchase of policemen's uniforms from C. R. Anthony Co. for even though the local firm was a little higher than two out-of-town bids, they were the two ones who specified the quality standards set out in the original request for bids.

The commission set up a three-man appraisal advisory board this morning to assist it in determining the value of property that might be purchased for municipal improvements. The arrival at such figures is sometimes necessary in determining the amount of a bond issue to be placed before the voters for approval. Quentin Williams, Bud Hogan and Aubyn French were appointed to these posts.

The traffic commission also received as appointments the following individuals: Bill Arrington, E. E. Shelhamer, Carl Beavers, Thelma Bray, Ray Browning and Deck Wolft.

Muzzling Probe Calls For Stand On Communism

WASHINGTON (UPI)—Former President Dwight D. Eisenhower said today that military officers have a role to play in alerting the nation to the dangers of communism and they should not be pushed "behind an American iron curtain."

WASHINGTON (UPI) — Sen. John C. Stennis, D-Miss., opened the Senate inquiry into military censorship today with an appeal for Americans—in uniform and out—to stand firm against communism "without frenzy or panic."

Adm. Arleigh A. Burke, retired chief of naval operations, was called as the first witness to tell the senators whether Pentagon censors "muzzled" his verbal blasts against communism.

Stennis, chairman of the Senate armed services subcommittee conducting the inquiry, said: "In today's rapidly changing world, with our worldwide commitments and our troops stationed across the globe, certainly our military personnel—at every level—must be fully cognizant of the menace of the cold war and of the threat of any political system which seeks to destroy our own."

"The alien philosophy of international communism threatens our freedom, our liberty, and our cherished traditions, beliefs and heritage. The Communists seek to infiltrate every segment of our society. Americans should and must rally to the defense of our own way of life and stand firm in the face of insidious subversion and propaganda techniques and methods."

"We should do this, however, without frenzy or panic... Let us double and treble our own efforts in reaching the positive principles of our own government, not only to our men in uniform but to all citizens."

Burke was the only witness summoned for the opening session but dozens of others were expected to testify later. Sen. Henry M. Jackson, D-Wash., said the hearings "could last for weeks."

One senator said an early highlight would be a "strong statement" by former Defense Secretary Robert A. Lovett, stressing the important of civilian control of the military. Lovett's statement may be placed in the record Wednesday. He was not slated to appear as a witness.

There were indications the Senate armed services subcommittee might wind up concerning itself with as many or more samples of censorship by the State Department as by defense officials.

Sen. Strom Thurmond, D-S.C., said the group had a two or three-inch stack of speeches in which deletions had been made by censors of the two departments. Jackson said there appeared to be more diplomatism than military examples in the batch.

Thurmond, who triggered the inquiry with his charges that a Moscow-oriented drive sought to silence the anti-Red views of military officers (See SENATE, Page 4)

Earthripper To Dig Out Storage Tank Excavation

An invitation has been extended to Pampans to attend the first public demonstration tomorrow of the Earthripper Backhoe, manufactured in Pampa by the Cabot Corp. Machinery Division.

The hydraulic machine will dig the hole that will house the city's 5,000 gallon gasoline storage tank at the new city gas station located in Hobart St. Park.

The demonstration, set for 9 a.m. Wednesday also will be witnessed by city, county and Cabot Corp. officials.

The Earthripper is an earth-moving machine, a fully hydraulic operated backhoe with a one-half cubic yard capacity and will dig to a depth of 15 and one-half feet. Its continuous 360-degree rotation saves time and permits the best access to digging and dumping operations. The machine is mounted on a 6x6 carrier which provides fast and economical job-to-job mobility.

City Manager John Koontz said all 69 pieces of rolling equipment owned by the city will use Pampa's new city-owned service station and garage which houses a complete wash, grease, paint and body repair shop.

Noted Cartoonist Dies In Dallas

DALLAS (UPI)—Jack I. Patton, whose cartoons in Dallas newspapers were treasured by the victims of his wit, died Monday in a Dallas hospital at the age of 61.

Patton retired from the Morning News last April. He had been with the paper and its one-time evening counterpart, the Journal, since 1918, except for a brief period with the old Dispatch.

Disagreement Arises On Sanctions Against Cuba

PUNTA DEL ESTE, Uruguay (UPI)—Secretary of State Dean Rusk sought today to salvage the hemisphere foreign ministers meeting from collapsing in disagreement over ousting Fidel Castro's Cuba from the inter-American system.

Rusk made a determined bid to win additional support in his drive to get a two-thirds majority of the delegates to take a strong stand against Cuba.

Rusk's campaign suffered a setback Monday when Haiti's delegation said it was unwilling to vote in favor of any sanctions against Cuba. This was a stunning blow to anti-Castro forces which had counted on the Haitian vote.

The conference here came under attack from Communist China and Castro himself who called the meeting a "battle between imperialism and Cuba." There were pro-Castro demonstrations in El Salvador and Caracas.

Twelve nations, including the United States, were lined up solidly against Cuba. Two additional members were needed for a 14-nation majority and Rusk maneuvered behind the scenes in an attempt to swing Haiti and Uruguay over to the anti-Castro side.

Haiti and Uruguay joined Mexico, Brazil, Bolivia, Argentina, Chile and Ecuador as nations opposed to taking any action against Cuba.

The conference formally opened Monday night with a warning from Uruguayan President Eduardo Victor Haedo that the delegates must rebuild Latin America's faith in its destiny to keep the continent "united, free, democratic and human."

Undaunted by cold weather Pampa's marching mothers collected \$3,000 last night in a three-hour campaign against polio.

The financial fruit of the house-to-house drive was short of last year's contributions, according to Mrs. R. A. Mack, Mothers March chairman.

Approximately 350 mothers took part in the annual solicitation of funds.

Pampa service clubs will be out in full force Saturday, the day of the "Bucket Brigade." Each club has been provided with a bucket and a street corner for the purpose of solicitation.

The annual event will begin at 9 a.m. and conclude at 5 p.m.

Texas Legislator Wins Fight To Protect Dormant Bank Accounts

AUSTIN (UPI)—Rep. Charles Hughes' eight-year fight for legislation to protect dormant bank accounts for missing depositors, and at the same time beef up the state treasury, was won Monday.

The Texas House approved and sent to Gov. Price Daniel Monday the Sherman legislator's escheat bill. Daniel joined him three years ago in the campaign to prohibit dormant accounts from being eroded by bank charges.

prime reason for the special session, was away from his office when his major goal was realized. He was in Louisiana, aides said, to permit Sen. Charles Herring of Austin, president pro-tem of the Senate, to serve as "governor for a day."

Another of Daniel's major recommendations to the session was sent to the floor for action Monday by the Senate State Affairs Committee. The committee

regulate the small loan industry. A vote is expected on the bill Wednesday.

The three basic parts of the bill are: Regulations—A consumer finance commissioner would license and regulate the firms. License holders must be residents of Texas, and corporations must be 51 per cent Texas-owned. Chain outlets would be limited to 50 branches. Basic capital of \$15,000 would be required to go into business.

Interest—Rates of 3 per cent per month for loans up to \$100; 2.5 per cent on loans \$100-\$200; 2 per cent on loans of \$200-\$500, the constitutional 10 per cent per year on all larger loans.

Insurance—The lender could require credit life, health, and accident insurance on loans larger than \$200, and insurance on tangible property offered as security on loans of more than \$200. Policies could not be written in excess of the loan, nor the value

of the secured property.

Hughes' bill to preserve dormant accounts prevents banks from consuming accounts after one year of inactivity. After seven years of inactivity, banks must advertise for missing owners. If owners are not found within one more year, accounts under \$25 automatically escheat to the state. If the owners of larger accounts are not found within a reasonable length of time, the state can sue for the money.

The state will set up a \$250,000 revolving fund to refund money to missing owners or heirs who turn up after the money escheats to the state.

The bill provides that bankers who refuse to comply with the act will be subject to fines of \$300 to \$1,000 or a six-month jail term or both. Civil penalties of \$100 for each day delinquent on escheating to the state also may be sought.

BATTERY FAILS HIM
CHICAGO (UPI)—James Johnston, 21, captured at the scene of a night club burglary Monday, told police he never would have been caught if the battery in his hearing aid had not gone dead. He could not hear the burglar alarm.

Rumor Of Soldier Freezing To Death Is Branded Untrue

FORT POLK, La. (UPI)— Reports that a soldier froze to death here recently were branded "absolutely a bald-faced lie" today by the assistant chaplain of the 49th Armored Division.

"That rumor went all over the post in a number of versions during the past week. It was checked out several times and there wasn't a thing to it," Maj. Irvin Whetsell said.

He indicated the rumor started just after the longest cold spell of the century left Louisiana last week end and that the source had not been determined.

"You know how those things get started around an army camp," Whetsell explained. "I heard a man was frozen from the legs up and from the legs down and all kinds of gory details."

"We haven't even had a man in the hospital for frostbite. The whole thing is absolutely a bald-faced lie."

CANDIDATE — Much backing is coming from Panhandle sources for Judge O. T. Dunagan of Tyler, candidate for the Court of Criminal Appeals. Dunagan attracted attention when a case sent to his court from Potter County resulted in the court's decision to disbar former County Judge Roy Stevens, a key figure in the legislative investigation into vice and corruption in the Amarillo-Canyon area.

OPPOSES PASSPORT RULE

WASHINGTON (UPI) — Chairman Francis E. Walter, D-Pa., of the House Committee on un-American Activities has introduced a bill designed to nullify a recent State Department passport regulation.

The Jan. 12 order would allow passport applicants charged with being Communists to question their accusers. Walter charged this would either permit Communists to examine secret government files or grant them passports.

Only 4 per cent of U.S. families have an annual income of between \$1,000 and \$1,499.

Tax Returns Are Fewer Each Year

Every year there's a decrease in the number of errors discovered in federal income tax returns. Ellis Campbell, Jr., District Director of Internal Revenue for the Dallas District, said today.

But, he added, many mistakes continue to pop up, sometimes in the oddest places, in individual income tax returns.

"I'm not advocating any particular method of checking or re-checking a return," the IRS representative declared.

"I would suggest, though, that the return be checked immediately on completion, put aside for two or three days, and then rechecked."

Frequently taxpayers find an error which didn't show up at first look.

"By beginning now to prepare their returns," he added, "taxpayers will be able to give themselves a breathing spell in which to take an objective look at their work. For many, it may be a worthwhile savings; for us, it should make for better and more efficient processing."

Tribal Leaders Ask For Weapons

HOLLANDIA, Dutch New Guinea (UPI)—Papuan tribal leaders called on the Dutch today to arm the natives of this island immediately and to institute compulsory military training to repel a possible Indonesian invasion.

The demands came during a night session of a special meeting of the West New Guinea legislative council at which the tribal leaders also denounced the Indonesian attempt to put a small landing party ashore a week ago.

Russian Editor To Visit Mexico

MEXICO CITY (UPI) — Alexei Adjuvei, editor of the Moscow newspaper Izvestia and son-in-law of Soviet Premier Nikita Khrushchev, will visit Mexico sometime before Jan. 26, it was reported here today.

Adjuvei will arrive from Cuba where he has attended a meeting of the executive committee of the international journalists organization which opened in Havana on Jan. 13.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
 Beginning with the Eisenhower administration and on into the Kennedy administration, the United States has hoped for and worked toward the overthrow of Fidel Castro's Communist government in Cuba.

Failure of the Bay of Pigs invasion attempt last April ended at least temporarily any hope of a quick military overthrow, without direct U. S. involvement.

Attention then turned to other, longer range, means. They included economic sanctions by which the United States banned all but food and medical shipments to Cuba, and the attempt through the Organization of American States to organize a mass diplomatic and economic quarantine of the Cuban dictatorship throughout the hemisphere.

An attempt to tighten the squeeze, already marked for only partial success, will begin on Monday at Punta del Este, Uruguay.

Castro is that the conference will condemn Castro's ties with communism and hold out the possibilities of sanctions if he does not break those ties.

It may also set up a watchdog committee to guard against further Communist encroachment in the hemisphere.

But it will fall far short of the immediate and mandatory sanctions originally sought by the United States and its dozen Latin American supporters.

These sanctions could be ordered by a two-thirds vote of the OAS membership, 13 of which already are assured: Wavering Uruguay could provide the 14th necessary to push the measure through.

However, two important considerations now suggest that no strong effort will be made to secure its passage.

One is that the nations supporting it represent only about one third of the Latin American population. Missing are such giants as Brazil, Argentina and Mexico. They are joined by such others as Chile, Bolivia and Ecuador.

Mexico and probably others would ignore any resolution passed over their heads, thus exposing a deep split within the American organization.

Along with these considerations is the further argument that sanctions against Castro would have little more than moral effect.

Cuba's trade is about 80 percent with the Communist bloc, with most of the rest scattered among Canada and other nations of Europe. Her Latin American trade is unimportant.

Plans Of Medical Aid For Elderly Widely Divergent

WASHINGTON (UPI) — On the surface there is no conflict between the Kennedy administration's disputed plan of medical care for the elderly and the one advanced last week by some of its foes.

There is almost no duplication in the benefits which the administration proposes to finance through social security payroll taxes and those which will be offered to persons over 65 later this year for \$3.10 a month under ESEA new nationwide insurance program.

The new plan was announced in Chicago by the American Medical Association and the National Association of Blue Shield plans.

It centers around payment of doctors' services for hospitalized patients but includes surgery performed outside hospitals. The administration plan is largely confined to payment of hospital and nursing home bills. It would pay no doctor's bills.

Neither plan would pay for a physician's visits to a patient's home or for a patient's visit to a physician's office.

In unveiling the new plan, AMA officials hailed it as further evidence that medical insurance for the elderly can best be met through voluntary private initiative rather than under a government-financed program.

As originally advanced by labor unions five years ago, the proposal to add medical care to social security benefits included surgery. The Kennedy administration's bill deleted this in an effort to minimize controversy.

The AMA has denounced the administration bill as a step toward "socialized medicine." The AMA fears its enactment might lead to government financing of doctors' fees.

Americans Were Friendlier In '61

NEW YORK (UPI) — People in the United States were friendlier than ever in 1961. They sent a record 6 billion greeting cards during the year—about half of them for Christmas.

This does not include the tremendous number of various other types of personalized greetings, including such things as home-made cards, floral wreaths, "living letters."

An estimated 3 million of the "living letters," tape-recorded greetings, were exchanged during the year. Most of these went out at Christmas, Valentine's Day and Mother's Day.

Bank Directors Are Re-Elected

CANADIAN (Sp) — All directors of the First National Bank of Canadian were re-elected at the annual stockholders meeting held recently.

All of the shares of stock of the bank were represented in person or by proxy at the meeting. H. S. Wilbur, president, reported.

At the annual meeting of directors which followed, A. V. McQuiddy was re-elected chairman of the board; H. S. Wilbur Sr. was re-elected president; and Harry Wilbur Jr. was re-elected vice-president.

Don Schaefer was advanced from the office of Assistant Cashier to Cashier.

FROWNS ON PROGRESS

WASHINGTON (UPI) — Some days you just can't win.

Rep. Ancher Nelsen, R-Minn., received a letter from a retired farmer in his district complaining about a new post office that had just been built.

"They built a new post office in our town, and it was a waste of the taxpayers' money," the letter said. "Now they're even delivering mail to the door. And going downtown for the mail was the only chance to drink a few beers and get away from the old lady."

First postage stamps for letter postage were issued in England in 1840, according to the Encyclopedia Britannica.

Friendliest -- Most Courteous -- Employee Awards

LET'S KEEP PAMPA THE FRIENDLIEST CITY IN TEXAS

I vote for the following for the awards:

"Friendliest, Most Courteous" WOMAN EMPLOYEE —

Name

Place of Business

"Friendliest, Most Courteous" MAN EMPLOYEE —

Name

Place of Business

Clip out: Fill in, and please mail the above to "Friendliest, Most Courteous" Employee Awards, at The Pampa Daily News, Pampa, Texas, or deposit in any one of the 4 ballot boxes located at Citizens Bank and Trust Co., First National Bank, Pampa Chamber of Commerce, or The Pampa Daily News — voting ends on Wednesday, February 15. Announcement will be made in the February 25 edition of The News. Store owners or managers are not eligible. Vote as often as you wish; use only the award voting ballot which will be published daily in The News.

Speaker Tells C-C How To Get Industry

A methodical survey of Pampa's local assets is one of the main steps to be taken in attracting new industries to the city, Sidney B. Smith, a product sales manager for the Celanese Chemical Co. of New York City, told a Pampa Chamber of Commerce luncheon audience in Coronado Inn yesterday.

Smith, speaking on the subject, "Developing a Favorable Atmosphere for Industrial Expansion," said this main step is wrapped up in the total community effort of all civic leaders and businessmen with the backing of city government.

"It has to be that kind of cooperation to reach the overall goal," Smith said.

He said any such self-survey of

Red China Uses Military Terms To Condition People

BERKELEY, Calif. (UPI) — Communist China is using military jargon to make its people the most war-conditioned nation in the world, according to a University of California scholar.

"In this lexicon a worker becomes a 'fighter,' a work force is an 'army,' and a production drive is a 'major battle,'" he said.

The ultimate in the new parlance, said T. A. Hsia, describes the facing of obstacles as "to declare war against heaven."

Hsia is a University research associate who taught at National Peking and Taiwan Universities. He examined the war vocabulary of Red China in a paper on "Metaphor, Myth, Ritual and the Peoples Commune."

In their campaign to expand Red China's economy, the communists have enlisted legendary Chinese heroes as well. A woman who does her job well is not merely a hard-working woman. She is a "Mu Kei-ying," a legendary 11th century woman general.

When Shantung province mobilized its citizens to combat a drought, it put to work not 8 million people, but 8 million "Wu Sung's." Wu Sung is a legendary Chinese of the 12th century who killed a tiger with his bare fist.

Three Are Hurt In Auto Mishap

Three Pampa men are reported in good condition in Highland General Hospital today, recovering from injuries received in a pickup truck accident this morning 25 miles southeast of Pampa.

Highway Patrol officers said a late model pickup truck driven by Gale Lemmons, 1109 Crane, overturned near a curve on Highway 152 at approximately 4:30 a.m. Passengers in the truck were J. W. Weaver, 38, 518 Red Deer and Bob Marlar, 38 of 1101 Neel Rd.

All three men were taken by ambulance to the hospital where officials said Lemmons had several broken ribs, Marlar received a fractured vertebrae and Weaver was recovering from a fractured leg and possible internal injuries.

According to officers, the men were returning to Pampa from a hunting trip in South Texas. The pickup truck was a total loss.

U.N. Surrenders Leftist Leader To Congo Police

LEOPOLDVILLE (UPI) — The United Nations surrendered ousted leftist leader Antoine Gizenga to Congo authorities Monday night, it was announced today.

A U. N. spokesman said the self-styled political heir of slain ex-Premier Patrice Lumumba was moved from U. N. headquarters to a house about 100 yards from Premier Cyrille Adoula's office.

Gizenga is being held under guard of Congo troops and police, the spokesman said. Adoula has indicated to Acting U. N. Secretary General Thant that he plans to try Gizenga on charges not yet specified.

Gizenga was arrested by the army Jan. 14 after a battle at his residence in the provincial capital of Stanleyville.

He appealed for U. N. protection when he was flown here Saturday. U. N. officials installed him in a fourth-floor apartment at U. N. headquarters.

The spokesman said Julien Kasongo, an Adoula aide, and U. N. chief Sture Linner were at the house where Gizenga now is confined when he arrived there.

Much Of Texas Iced Down Today

A bitter cold winter storm pushed across southern Texas to the Gulf Coast today with freezing drizzle, sleet and snow at its heels. Almost the entire state was wrapped in a deadly coating of ice. All except the Panhandle.

The Weather Bureau said even the Lower Rio Grande Valley, where a winter storm caused millions of dollars damage to citrus crops two weeks ago, could expect intermittent freezing drizzle tonight.

Roads and highways were so dangerous in northern Texas and in interior parts of southern Texas that the Department of Public Safety warned only essential and emergency traffic should be attempted.

There also should be cooperation, he stated, with the railroads and public utility departments.

"To attract industry to your city," Smith said, "there must be an overwhelming amount of local enthusiasm and hard work on the part of the combined community leadership."

He pointed to Tyler, Texas, as one of the nearby Texas examples of this. Tyler, he said, recently won itself an air-conditioning factory because of enthusiasm and hard work and the proper presentation of what the community had to offer to the industry.

Yesterday's luncheon was presided over by J. Gordon Lyons, chamber president.

The speaker was introduced by Art Smalley, superintendent at the Pampa Celanese plant.

Senate

(Continued From Page 1) tary officers, said he would not seek the spotlight.

He told a reporter that he did not object to censorship of speeches by officers as such, but added: "I do think that military people ought to be allowed to speak against communism and be tough about it."

Burke's censorship troubles were well known. Early in the Kennedy administration his office went all the way to the White House before accepting deletions in remarks he proposed to make about the Communists.

However, Defense Secretary Robert S. McNamara has said that Burke did not feel he was "muzzled."

Stennis said all hearings would be public except for a few sessions to deal with classified data.

However, the subcommittee has ruled out live radio or television coverage and has restricted photographers and newsreel cameramen to a brief period just prior to the start of its sessions.

The Credit Committee of The Phil-Pet Federal Credit Union has changed its meeting date from Thursday to Saturday of each week starting Jan. 24 in the Credit Union office, 113 S. Ballard.

Mr. and Mrs. Charles Farrar of Amarillo are the parents of a son born Monday in Amarillo. The infant is also welcomed by grandparents, Mr. and Mrs. Harold McMurray, 914 N. Somerville, and by great-grandparents, Mr. and Mrs. W. S. Tolbert, also of Pampa.

Newcomers' Club will entertain with a Bridge-Luncheon at 11 a.m. Thursday in the Coronado Inn. Reservations should be made by 10 a.m. Wednesday with Mrs. Leo Bankston, 4-2380. All newcomers to the community are invited to attend, according to Mrs. Al Knox, club president.

Three Pampa couples recently returned from a weekend of skiing at Red River, New Mexico. They were Mr. and Mrs. Bill Tarpley, Mr. and Mrs. Delmar Watkins and Mr. and Mrs. Mack White.

Six Jury Cases Re-Set By Court

Six jury cases on the criminal and civil docket of Gray County Court were re-set yesterday by County Judge Bill Craig and passed to the next term of court by motion of attorneys in the cases.

Cases re-scheduled include the State vs. Ellis Porter Tribble, driving while intoxicated; State vs. Wilma Wheeler Voss, DWI; State vs. Ervin Frank Haynes, child desertion; Robert Kitchens and James Albert Tubbs, DWI; and Martha Patterson, swindling with worthless check.

When the defendant in the Patterson swindling case failed to appear for trial, the court entered a judgment of nisi, stating bond of \$1,000 would be forfeited if she failed to appear at the next term of court.

The case against Marion Franklin Foster was handled yesterday without jury trial when he changed his plea to guilty on a charge of driving while intoxicated. Foster was fined \$100 and costs and sentenced to three days in jail.

In the only final court action taken yesterday judgement was made on Jessie Lee McLemore, charged with driving while intoxicated. Upon such action McLemore's bond was forfeited and his driving license was suspended for six months.

About the same size as a chicken, the Australian kiwi lays an egg weighing 8 times more than a hen's egg.

Police Hunt Trio Asking Cash For Aid To Families

Police today were investigating a report received yesterday from a Pampa housewife that three young men had stopped at the house soliciting cash donations to aid families of the victims of the TexRoy plant explosion last week near Borger.

Police Chief Jim Conner said today the three youths, in their late teens, stated they had been given approval by Mayor E. C. Sidwell and that the money would be forwarded to him.

Mayor Sidwell said today he had no knowledge of such a plan and he had not given his approval to anyone to solicit donations.

Chief Conner urged all residents not to give clothing or cash to anyone seeking donations without checking with the Pampa Retail Merchants Association.

The soliciting youths had not been cleared through either the Chamber of Commerce, city officials or the retail merchants association.

Lions Call First Minstrel Practice

The Pampa Lions Club has set Feb. 22-23 in the Pampa Junior High School auditorium for the presentation of its annual minstrel show.

Max Pressnell will direct the show with Ed Flood serving as business manager.

Rehearsal has been called for 8 o'clock tonight in the Junior High auditorium. There is need for both men and women to sing in the chorus, according to Pressnell.

Everyone interested in appearing in the chorus is asked to attend tonight's rehearsal, he added.

Baptists Called On To 'Speak Out'

DALLAS (UPI) — Dr. B. Gray Allison, a Baptist evangelist from Ruston, La., urged 3,000 delegates to the Texas Baptist Evangelism conference today to speak out about their religion.

"A completely unbiblical idea has spread abroad that for most Christians, it is best to live your religion and not say much about it," Allison said.

"But don't you believe it. It takes a combination, for silent discipleship is the first step toward a cold heart."

Mrs. Bennett Rites Tuesday

Interment rites for Mrs. Shirley Bennett, 38, wife of Edwin C. Bennett, 1013 Varnon Drive, will be held at 3 p.m. Wednesday in the Duenkel-Carmichael Funeral chapel with the Rev. Earl Maddux, pastor of Fellowship Baptist Church, officiating.

Mrs. Bennett died Monday morning in the Northwest Texas Hospital in Amarillo, where she had been a patient for six days.

Pallbearers will be Clyde Vinson, Gerald McCoy, H. W. Brunson, W. L. Shields, Roy Lowe, and Bill Hayes.

Interment will be in Memory Gardens.

Though waves move across the surface of a lake or sea, the water itself merely rises and falls. A given volume of water sinks back into almost the same place.

New Prexy Named In Stock Shakeup

NEW YORK (UPI) — A new temporary president took over at the American Stock Exchange today following resignation of four governors who had been singled out in a Securities and Exchange Commission report severely criticizing the exchange.

Veteran exchange member Edwin Posner was elected temporary president by the board of governors late Monday to succeed the resigned Joseph F. Reilly, who had held that post as well as the chairmanship of the board.

Reilly and three other governors stepped off the board Monday although a new election is only as far off as Feb. 12.

Financial Review

By JESSE BOGUE
NEW YORK (UPI)—Not to be envied today is the lot of the controllers in the aviation industry.

Whether he be a fiscal controller in an office, poring over the company's books, or a traffic controller watching patterns of flight unfold at high speeds, he has his problems in 1962 and the years to come.

The Civil Aeronautics Board authorized the nation's airlines, effective Feb. 1 and on a temporary basis to July 31, to charge their passengers more.

This should bring about \$50 million more to the air lines, although they don't think it will be enough to insure a profit-making year to the industry, which in 1961 showed its first deficit in 13 years.

The expenses went up in 1961 at a higher rate than did their passenger mileage. Air freight volume climbed at a higher pace than both.

Even with fares slightly increas-

ed, air line proprietors agree that one thing needed is more passengers, to keep their craft operating with full loads, particularly the fast and roomy jets. And if passenger traffic grows along with air freight, this puts a heavier load on the second type of controller, the one responsible for air traffic.

James O. Burke, president of Standard Killman Industries Inc., thinks that in his field the air traffic controller has a rougher time than has the fiscal controller even in these tight-budget times. Burke's company headquarters at Melrose Park, Ill., just recently developed an automated astro-compass designed to keep pilots on course within a mile during continental flights.

It also has an altitude sensing system, now undergoing further development for transponder applications, and computer read-out equipment that displays flight plans, weather and other information in control panel form.

Major Improvements Scheduled For Postal Services In Texas

WASHINGTON — Further major improvements in postal services and operations throughout the states of Louisiana and Texas are expected to result from a new reorganization of the Dallas Region of the Post Office Department, W. M. McMillan, Regional Director announced today.

McMillan said he has been advised in Washington, D. C. by Postmaster General J. Edward Day that the reorganization, a result of extensive studies and development by Deputy Postmaster General H. W. Brawley and his staff, has just been placed in operation officially all over the nation, including the Dallas Region, with its 2,272 Post Offices, including such major offices as Dallas, Houston, New Orleans, Fort Worth, San Antonio, Austin, El Paso, Shreveport, Baton Rouge, Amarillo, Corpus Christi, Lubbock, and Waco.

Emphasizing the significance of the reorganization — one of the most important in the history of the Postal Service — extensive conferences on all phases of the new organization led by Deputy Postmaster General Brawley, will be held, the Postmaster General noted. Many other areas of service improvement will also be covered by the top regional officials and postmasters from all over the nation.

The Dallas Region has a total of 31,755 employees, including the

regional staff of 279, with a total of twelve field services officers constantly traveling to help improve services and operations.

Groom Personals

Mrs. George Britten
Daily News Correspondent

Mr. Bert Bural is reported making satisfactory recovery at Highland General Hospital in Pampa after undergoing major surgery.

The FHA has elected delegates to the state meeting which was originally planned to be at Galveston, but has been changed to Dallas. Sondra Clark is the voting delegate and Evelyn Burgin will also represent the Groom Chapter. This meeting is scheduled for April 27-28.

Mr. and Mrs. John Kempt of Amarillo were visiting her mother, Mrs. Gos Koetting, and other relatives here recently.

Mrs. F. Patterson and Mrs. Bob Pool left Wednesday for Albany, Ga., to visit Mrs. Patterson's daughter and Mrs. Pool's sister, Mr. and Mrs. Bobby Sinyard and family.

Mr. and Mrs. Dick Goldreyer of Brownfield and Larry Byrd of Amarillo are visiting Mr. and Mrs. Jim Wall this week.

Fellowship Salad Luncheon Planned By Christian Women's Fellowship

Christian Women's Fellowship met Wednesday morning in the Fellowship Hall of the church with Mrs. D. V. Burton leading the opening prayer.

Mrs. R. E. Converse, CWF president, presided as reports were given by Mrs. R. L. Parsley, secretary.

Plans were made to have a Fellowship Salad Luncheon on Feb. 21 at 11:30 a.m. with the Ruth Musgraves Group as hostesses.

A report from Church World Service was given by Mrs. Glenn Nichols, service director. A request was placed for blankets to be sent through the CWS, wherever needed. "The blankets (any size or shape) will be mailed to CWS headquarters.

Mrs. Charles Lanehart, representative to the United Church

WMU Sets Date For Spring Tea

Women's Missionary Union of Calvary Baptist Church met recently in the church for a business meeting and Royal Service program with Mrs. Lindon Sanders in charge of the program.

Mrs. R. Willis opened the meeting with prayer.

During the business meeting, members approved having the February meeting as a salad supper at night. May 11 was set as the date for the Mother-Daughter Tea.

The Royal Service program, "Caring Not For the Ways of God" was presented by Mrs. Willis. Participating in the program were Mmes. Bob Cliett, Laverly Winkleback, Hawkins, Redell, Charles McGahan.

Closing prayer was by Mrs. A. W. Lunsford and Mrs. Sanders. Refreshments were served during the social hour to the 16 members present.

Women's Club With Mrs. M. Bennett

CANADIAN (Spl) - A program on "The Different Faces of the Far East" was presented for the Women's Club Tuesday evening in the home of Mrs. Morris Bennett with Miss Daisy Childers as co-hostess.

Mrs. Warren Pickens spoke on "Hong Kong: Gateway to the Orient;" Mrs. J. B. Lindley spoke on "Bali: Island Paradise" and Mrs. Erbin-Crowell spoke on "Japan: The Clash of Old and New Cultures."

Mrs. George E. Tubb presided during the business session as the group voted to make a donation to the New March of Dimes.

The hostesses served a refreshment plate decorated with a Japanese parasol.

Present were Mmes. C. W. Allen, Paul Bryant, Ben Ezzell, W. R. Hext, R. M. Hobdy, John Jones, William Karr, A. R. King, C. H. Lansdown, H. H. Marks, E. H. Morris, James Price, Charles Vignal, Emery Vignal, John Waters, Oliver Waters and Hugh Wilson.

Mrs. Anderson Class Hostess

Senior Center Corner

By MRS. O. A. WAGNER Senior Citizens Center

In spite of the bad weather last Thursday afternoon, there was a fair crowd out to enjoy the games and fellowship.

But we missed many of the regular attendants. Mrs. Katie Vincent was home with a very bad cold. Jerry Torvie had fallen recently in his yard and while not hurt badly, thought it best to stay in. He is all right now we have heard.

Uncle Billy Frost had a very enjoyable birthday party on Jan. 12 after having to postpone it from Jan. 10, his real birth date. Approximately 100 guests called and I understand that about thirty people called on Wednesday, the 10th, despite the bad weather. He is 99 and now has set his new goal to well over a hundred. Here's to you, Uncle Billy!

We are saddened by the passing of one of our beloved members.

Mr. and Mrs. Alvin State and son, Bob of Ceeleage, Ariz. visited with her mother, Mrs. Ollie Staten recently. Another son, Gerald and his wife of Amarillo came over at the same time and they had such a nice visit together.

Mr. and Mrs. Fern Bain of Corpus Christi visited his mother, Mrs. Katie Bain recently. The Bains formerly lived in Pampa.

What a nice surprise we had when we saw in the Sunday paper, where Mrs. Georgia Barksdale and W. J. Chamberlain had applied for a marriage license. They were married quietly on Jan. 12 by Justice J. W. Graham. We wish for them a long and happy life together. Georgia has kept her secret well!

Love, Mrs. Wagner

Sorority Chapter Hostess At Center

Kappa Alpha Chapter of Epsilon Sigma Alpha Sorority was a hostess at Senior Center on Thursday afternoon with Mmes. Forrest Rader, James Frazer, Howard Cruise and Bob Miller representing the chapter as hostesses.

Door prizes were won by J. C. McCann and Mrs. C. C. DeMoss. Mrs. A. D. Hills, Red Cross Gray Lady, provided transportation of guests to and from the Center.

Altrusa Club members, assisting as hostesses were Mmes. Louise Sewell, Thelma Bray and V. L. Hobbs.

Mrs. Sawell, Altrusa Club Senior Center chairman, announced that Twentieth Century Culture Club would be hostess in the Center on Jan. 25.

Circles Study Paul's Letter

By MRS. O. A. WAGNER

Circles of the First Presbyterian Church met recently in the homes of members. Morning Circles met from 9 a.m. to 11 while Afternoon Circles met from 2 p.m. to four for the study of "Letter of Paul to the Romans."

CIRCLE ONE met in the home of Mrs. Bruce Pratt, 905 N. Gray. Mrs. Will F. Graham read from the World Book of Prayer followed by the Bible lesson given by Mrs. Stanley Brandt. Twelve members attended.

CIRCLE II met in the home of Mrs. John Nutting, 1600 Williston opening with reading from the World Book of Prayer by Mrs. Berton Doucette. Mrs. R. H. Nestiel gave the Bible lesson. Mrs. Clifford Soott and Mrs. Samuel Nutting were welcomed as guests. Seventeen members were present.

CIRCLE III met in the home of Mrs. Clinton Henry, 521 E. Francis. Mrs. J. P. McCreery gave the Bible program. One guest, Mrs. M. Ferrell and 17 members were present.

CIRCLE IV met in the home of Mrs. Clyde Fatheree, 931 Christine with Mrs. George Friauf reading from the World Book of Prayer. Mrs. C. Richey presented the Bible study. Ten members were present.

Miss Tadlock Feted With Bride's Party

Miss Linda Tadlock, bride-elect of Robert Lee Borough, was honored with a bridal shower recently in the home of Mrs. Homer Kessinger, 1020 Fisher.

Co-hostesses were Mmes. Harold Thornhill, T. A. Mastin, John Killian, Lindsey Johnson, Niles Franklin, H. N. Mayo, R. B. McAfee, Thurman Stapleton.

Miss Tadlock, granddaughter of Mr. and Mrs. J. Brady Davis, 1010 Fisher, became the bride of Mr. Borough on Jan. 19 at five o'clock in the First Baptist Chapel.

Refreshments were served from a table appointed with a yellow cloth and centered with orchid and yellow mums flanked by orchid tapers in crystal holders.

Punch and cake, decorated with white icing, orchid hearts inscribed with Linda and Robert, were served by the hostesses.

Misses Susie Cass, sister of the bride, was guest registrar. Miss Kay Stapleton assisted with the gifts.

Guests were Mmes. Ola Bate-man of Skellytown; C. L. Callan and grandson, Dennis Joe Chance; Homer Taylor; W. J. Ladd; Roy Kretzmeier; M. E. Bennett; E. E. Shultz; Paul Castka; H. B. Lawley; Betty

Robert Ezzell Host For Social Evening

CANADIAN (Spl) - Robert Ezzell was host to a group of friends on Saturday for an evening of dancing and games.

Present were Donna Zenor, Donna Jones, Deena Shahan, Janie Jackson, Janice Selby, Jane Forrest, Susie Owens, Barbara Clark, Diane and Denise Adams, Bob Hext, Tommy Huatt, Kenneth and Tony Steine, David Whitefield, David Proctor, Mike Cullender, Bill Muir, Johnnie Walker and Howard Sanders.

Busy Bee HD Club Meets With Mrs. Poe

WHITE DEER (Spl) - The Busy Bee Home Demonstration Club met recently with Mrs. Frank Poe for its regular meeting.

Mrs. Jay Phillips presided during the business meeting.

It was announced that the next meeting will be with Mrs. Lansil Osborne for a demonstration on the different ways to prepare liver.

Johnson; J. Brady Davis; Misses Susie Cass, Kay Stapleton, Susie Beard, Barbara Glenn, Rachel June Barry, Judy Collum, Ovie Smith and Cathy Smith.

Miss Tadlock and her grandmother, Mrs. Brady, were presented with yellow and orchid corsages by the hostesses.

Portrait Of America's Sound And Color To Be Given In Concert By Fred Waring

A strikingly new concert entertainment that has occupied that master, Fred Waring, for over a year, "Let Freedom Sing" will come to the Pampa Junior High School auditorium on January 29 with curtain time at 8 p.m. The musical production is being brought here under the auspices of the Pampa Community Concert Association. Admission is by membership only in the Community Concerts.

Waring and all the Pennsylvanians will be starred in this ambitious undertaking, which Waring concedes is the major effort of his almost 50 years of showmanship.

"Let Freedom Sing" has been described as a portrait in sound and color of the American scene from the rivers, mountains and ships to the farms and cities — a musical chronicle of our history and traditions. The program will include Roy Ringwald's inspiring work, "The Song of America", which has earned a special place in the field of music for and about America; a position enhanced by former President Eisenhower, who termed it, "my favorite patriotic composition."

TUNEFUL INNOVATION

If you have a slim foyer to furnish, try an old-fashioned piano bench topped by a 2-inch foam rubber cushion. It will serve as a handy spot to sit while removing rubbers, too.

Program On Centerpieces Illustrated For Merten Home Demonstration Meet

Mrs. Bob Brandon of the Cities Service Camp, was hostess to members of Merten Home Demonstration Club on Tuesday at 1:30 p.m.

Roll call was answered with "My Favorite Centerpiece" and were illustrated with pictures. The quotation for the meeting was "The man who removes a mountain begins by carrying away small stones."

Committee chairmen appointed during the meeting were Mmes. Douglas Flynn, program; Jack Prather, education and expansion; Walter Murphy, exhibit; A. M. Nash, family life; Jack Howard, civil defense; Bob Brandon, parliamentarian; Clyde Edmondson, finance; Vard Smith, recreation; T. G. Groves, reporter; Walter Murphy, yearbook.

Mrs. William Groves was welcomed as a new member.

Mrs. A. M. Nash presented a program on "Centerpieces For the Dining Room." She began by saying, "The dining table is a room's center attraction with a pretty centerpiece. It can be fresh flowers from your garden in an attractive container."

"Points to be remembered," she said, "are to put the flowers in water immediately after cutting. Never crowd an arrangement. The oasis is best for keeping flowers in place and fresh as water is put in the container."

If you have figure problems, cheer up. You've plenty of little collar is a wise choice. Plump girl (center) should stay with simple, one-piece styles and be neat at all times. The tall girl (right) can get away with the overblouse and the coat with narrow lines, three-quarter sleeves and neat narrow pants. She can also wear wide belts and large collars.

Figure Faults Can Be Lessened With Disguise

By ALICIA HART
Newspaper Enterprise Assn.

If your figure is less than perfect, you have lots of company. So don't fret about it. Just admit the problem exists, do your best to correct it, and wear clothes that will minimize the fault if it's one that can't be corrected.

If you're tall, don't try to hide the fact by slouching. Stand up straight and make the most of your height by wearing bold prints, unusual colors, wide belts and narrow, trim pants.

The short girl has the advantage of being able to wear all the delicate, feminine things that get lost on taller women. She can wear tiny white collars, a small flower, dainty jewelry and short, embroidered gloves. But she must avoid the pitfall of becoming fussy in her attire rather than charmingly feminine.

The gal who is too plump should exercise and eat sensibly to dis-

solve the bulges. And in the meantime, should wear neat, slimming clothes that have no elaborate frills.

Here are a few tips on styling tricks that fool the eye:

Two-piece suits and dresses of contrasting colors, wide belts and large collars all cut height.

Vertical stripes, solid color dresses, princess lines and short hemlines make the short girl seem taller.

Horizontal lines, bulky fabrics and full skirts give roundness to the angular figure. So the plump girl should avoid them. Slim, easily-fitted skirts in plain colors are for her for they slim down the appearance of the hips.

V-neckline make the face and neck appear longer and round or square necklines make the face look rounder.

Choose the tricks that will best camouflage your figure faults and play up your good points.

Keep your hair well-styled, shining and clean. Bring drama to your eyes with colorful eye makeup and, most of all, keep your complexion clean and fresh.

Your face is what people look at first, so keep your skin in good condition with frequent sudings, using a mild deodorant soap with germicidal ingredients. The soap will provide gentle cleansing and help protect against the bacteria that spread blemishes.

Discover your best features and make the most of them. Then choose styles that will minimize your figure faults, and you'll be attractive despite them.

Auxiliary Has Salad Supper

Southwestern Bell Auxiliary met for a salad supper in the City Club Room on Thursday.

Secret Pal gifts were exchanged. A report was given of the Christmas Card sales.

Attending were Mmes. J. E. McCann, B. J. Stephens, Betty Yeager, C. L. Hollaway, O. E. Payne, Fred Martin, R. E. French, M. E. Young, J. A. Turner, N. C. Dittich and L. R. Lockett.

EASY ON THE STARCH
If you use an ironer, go easy on the starch. The ironer exerts a good deal more pressure than does the hand iron. About half the usual amount should prove to be sufficient.

Dear Abby... Bird In Hand Better Than One In Bush

By ASIGAIL VAN BUREN

DEAR ABBY: I like a boy who is tall, dark and handsome. But he doesn't even know I'm alive. I am 14 and he is 17. He has a brother my age who is short, has freckles and wears glasses, and he likes me a lot. Both these boys are very nice but I sure would like to get the older one. Do you have any ideas?

FUSSY

DEAR FUSSY: A bird — even a freckled one with glasses — in the hand is better than one in the bush.

DEAR ABBY: I don't agree with you that a hairdresser's "tips" are her bread and butter. Generally speaking, a hairdresser receives a salary, plus a commission. When an employer expects the public to pay his help, he is

putting that much more into his own pocket. It used to be that a customer got a calendar for Christmas from the dairy. Now the milkman expects a present! Good night!

MADISON

DEAR ABBY: The people I have reference to read your column. Both are professionals in the same line of work.

The man is a devoted husband and father and is respected in town. The woman is younger, married and attractive, and there has been some talk about her. This woman falls all over this man in public, calling him "honey" and "darling." She also stands very close to him and manages to touch him all the time. She tries to give the impression that there is something between them. The man is too naive to realize what she is trying to do.

It would be too bad to have this man's home broken up through scandal. I am sure he isn't aware that this woman is hurting him by her actions. Who should tell this innocent man that people are noticing and talking?

A FRIEND

DEAR FRIEND: A man would have to be extremely naive not to be aware of a woman "falling all over him" in the manner you describe. I would say the man is either cooperating or you are exaggerating. In any case, let the "innocent" man look out for himself.

CONFIDENTIAL TO "SEARCHING WITHOUT SUCCESS": Matzo meal and potato starch can be found in any kosher delicatessen.

How is the world treating you? Unload your problems on Abby, care of this paper.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3368, Beverly Hills, Calif.

Miss Susie Smith Feted At Shower

GROOM (Sp) — Miss Susie Smith, bride-elect of Jim Bain of Clarendon was honored with a pre-nuptial shower in the Club House recently.

Mrs. Ernest Weller registered guests.

In the receiving line were the honoree and her mother, Mrs. Phil Smith of Clovis, N.M., and Mrs. James T. Bain of Clarendon, mother of the bridegroom elect. Miss Frances Denton, presided at the refreshment table which was appointed with a lace cloth over aqua carnations in a silver holder. A silver coffee and tea service and crystal completed the table appointments.

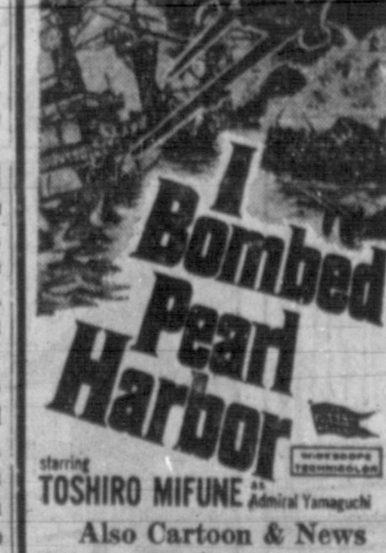

Approximately 75 guests called during the afternoon.

"A SPORT IS BORN"

NEW SIZE DODGE DART-COMPARE IT 6 WAYS FROM SUNDAY

DART HAS A NEW LOW PRICE COMPARE IT!

1 New car sales are booming. It's a great year to get a great deal. But before you buy, check your Dodge Dealer.

FORD FAIRLANE	\$2079
MERCURY METEOR	\$2203
THE NEW SIZE DODGE DART	\$2411
CHEVY BISCAYNE	\$2324
FORD GALAXIE	\$2378

SAFETY

3 Dart not only gives you more power-pounds, but also more brake per pound than any car near its price. As much as 62% greater lining area. Brake linings are bonded, not riveted, for longer wear. And the brakes adjust themselves automatically.

Car	Effective Brake Lining Area	Shipping Weight (Two Door Six)
DART	195.2 sq. in.	2965 lbs.
BISCAYNE	185.6 sq. in.	3405 lbs.
GALAXIE	180.0 sq. in.	3478 lbs.
METEOR	120.5 sq. in.	2843 lbs.
FAIRLANE	120.5 sq. in.	2757 lbs.

COMFORT

5 Dart is just about the most comfortable car you've ever driven. Getting in and out is easy. There's plenty of headroom and legroom. Chair-high seats. Reduced floor hump. Man-size wheels and tires put plenty of rubber on the road. Smooth Torsion-Aire ride.

Car	Suspension System Front and Rear	Standard Equip. Tire & Wheel Size
DART	TORSION BAR/LEAF SPRINGS	700 x 14 (V8)
METEOR	Coils/leaf springs	650 x 14 (V8)
FAIRLANE	Coils/leaf springs	700 x 13 (V8)
BISCAYNE	Coils/coils	700 x 14 (V8)
GALAXIE	Coils/leaf springs	750 x 14 (V8)

PERFORMANCE

2 The new size Dodge Dart has the most powerful standard six engine in the business. It takes a V8 in most other cars just to keep up with it. The Dart-6 gives you the muscle of an eight with the economy of a six. You'll agree, that's quite a combination.

Car	Standard 6 HP and Torque	Standard 8 HP and Torque
DART	146 HP/215 FT. LBS.	230 HP/240 FT. LBS.
GALAXIE	138 hp/203 ft. lbs.	170 hp/279 ft. lbs.
BISCAYNE	135 hp/217 ft. lbs.	170 hp/275 ft. lbs.
METEOR	101 hp/156 ft. lbs.	145 hp/216 ft. lbs.
FAIRLANE	101 hp/156 ft. lbs.	145 hp/216 ft. lbs.

DEPENDABILITY

4 Dart offers you more for your money all the way. Its body is rust-proofed. You go 32,000 miles between grease jobs. A high-speed starter and high-output alternator (replaces the old-fashioned generator) are standard. You get quick, sure starts every time.

Car	Rustproofing Method	Electricity Output	Recommended Interval Between Grease Jobs
DART	DIP & SPRAY	35 AMP.	32,000 MILES
BISCAYNE	Spray only	30 amp.	1,000 miles
GALAXIE	Spray only	30 amp.	30,000 miles
METEOR	Spray only	30 amp.	30,000 miles
FAIRLANE	Spray only	30 amp.	30,000 miles

Mexican Baptist Church Is Symbol Of Roots In U.S.

KANSAS CITY, Mo. (UPI)—A colorful Mexican preacher traveled from his Texas home today to celebrate the 45th anniversary of a church he helped to establish in mid-America.

The First Mexican Baptist Church of Kansas City is the realization of a dream of early twentieth-century pioneers. It is a symbol of roots in American soil.

And for most, it recalls being routed from homes in Mexico because of a "deep" economic depression and a revolution.

"We wanted to look for a new life," said the Rev. M. A. Urbina, of (1911 Buena Vista), San Antonio. "We thought we could better ourselves here. We did."

"Many were jailed because they did not go along with the political philosophy of the times."

Porfirio Dias was president of Mexico from 1877 to 1911. For one period, 1880, 1884, he was not in power officially. Dias was described by historians as a dictator.

Mexico's revolution flamed in 1909. And that year a great migration started to the north. Many came as agriculture workers.

"A church was organized because there was a need to provide people with the gospel and church ties," the Rev. Mr. Urbina, said. "Our group was small but it spread to Salina, Chanute, Topeka and Wichita in Kansas and Chicago."

Kansas City was a natural stopping point. A rail and a meat packing center was developing and it offered an opportunity for steady employment.

Fourteen present members were among the original group. At first, the small church, still located near its first site on Kansas City's west side (801 West 23rd Street), survived on \$150 a year.

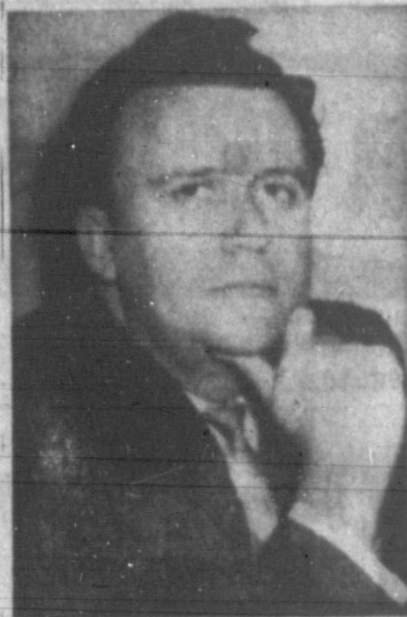

Approximately 170 members belong now. The annual budget is \$11,000. It's affiliated with the Southern Baptist Convention and the Central Mexican Association of Baptist Churches in Kansas and Missouri.

The Rev. Ruben Canas, a 32-year-old third generation Mexican from San Benito, Tex., serves as pastor. His grandfather was a victim of the revolution.

All services are conducted in Spanish.

Newspaper Readers

NEW YORK (UPI)—Of the 54 million households in the United States, 86.4 per cent read at least one newspaper on an average weekday, 88.4 per cent buy and read at least one paper each day and another 8 per cent buy and read one or more papers on a pass-along basis, according to the American Newspaper Publishers Association.

GOSPEL SINGER — Bill Harmon, gospel singer and composer from Kansas City, will be a special guest at revival services in the Bethel Assembly of God Church Wednesday through Sunday.

Harmon's songs have been recorded by such artists as Gov. Jimmie Davis and the Plainsmen's Quartet. Revival services in the church start at 7:30 o'clock nightly, according to the Rev. Paul Bryant, pastor.

Claim Thurmond Lent His Aid To Republican Party

WASHINGTON (UPI)—A group of Western Democratic officials reported to the Democratic National Committee yesterday they had unanimously registered "strong disapproval" of Sen. Strom Thurmond, D-S.C., for "aiding the Republican campaign in California."

The Western States Democratic Conference protested that Thurmond had spoken before a GOP organization there last November.

The National Committee was not asked to vote upon the resolution adopted by the 14-state western conference.

Edgar A. Brown, national committeeman from South Carolina, said it would "do more harm than good" to approve the declaration. He said Thurmond's speeches had been highly publicized as "anti-Communist" and that the senator was unaware he was speaking before any GOP group.

Thurmond was not immediately available for comment.

The Western Conference resolution said Thurmond appeared as "the featured speaker at a political meeting of Republican associates in San Mateo, Calif.," last Nov. 27. The meeting was attended by 300 Republicans, including all GOP office holders and leaders of the area.

TRY A CLASSIFIED AD

Suburbia: Change In Behavior Hits Most Commuters

SUBURBIA, U.S.A. (UPI)—We fell to musing the other day about the peculiar behavior to which all commuters inevitably succumb after a year or more of shuttling from home to work and back.

Barbara McCormick, a good-looking brunette who lives across the street, said that she goes down to the station parking lot extra early many evenings just to observe the mannerisms of waiting wives and arriving husbands.

The other night, she said, as she was waiting for her husband, Bob, a train pulled in and a man hurried straight to the station wagon parked next to her. He opened the door, got in, kissed the woman sitting in the driver's seat — and only then came out of his trance. He had the wrong car and the wrong woman.

One family has installed a turning light on the roof of their car so that the weary breadwinner can spot it quickly in the murky dusk. Others have Bermuda bells which clang a homing signal, but now that three or four cars have such bells it is as puzzling as the experiment tried on Pavlov's dog.

We saw an interesting psychological experiment conducted

during Christmas week on the club car of the 5:11. Two men, in not unhappy spirits, arrived lugging two bright Santa Claus dolls.

The car was still virtually empty. The two men placed the Santas in two seats at one end of the bar car, then took their own seats at the opposite end watched with keen interest to see what would happen.

The car — as is its wont — filled up rapidly until all the seats were filled with commuters, with the exception of two occupied by the two-foot high Santas.

More and more men crammed into the car.

One after another they would look at the Santas, raise an inquiring eyebrow but, getting no word as to ownership, shrug and pass on. Soon two dozen men were standing in the aisle, staring in irate but passive manner at the Santas.

As the train started out of the station, one commuter could stand it no longer. He seized one of the Santas, sat down and held the doll on his lap — glaring around in challenge. The men who brought the dolls said nothing.

With that successful example set, another commuter grabbed the second Santa and took a

Rayburn Memorial Donations Sought

COMMERCE (UPI)—Contributions to the Sam Rayburn Memorial Scholarship Fund at East Texas State College, the late speaker's alma mater, were solicited today from his thousands of friends.

Rayburn worked his way through East Texas State by sweeping floors. He graduated in similar ludicrous posture. Again, the psychologists said nothing.

Well, I'll tell you one thing. When they finally did own up to authorship of this experiment in club car etiquette, they had one heck of a time getting their Santas back.

1930. Within a decade he was in Congress, destined to serve half a century and to be speaker of the House longer than any other man.

Rayburn died last Nov. 16 of cancer at Bonham, Tex., his home town.

Dr. James G. Gee, president of East Texas State, said the scholarship fund would be used to help needy students.
