8-Day Oil Allowable Set Again

AUSTIN, Tex. (UPI) — Despite a warning about "excessive and burdensome stocks," the Texas Railroad Commission today set oil production for November on an eight-day producing schedule for the seventh straight month.

The commission said estimated calendar days allowable next month will be 2,706,095 barrels of oil, an increase of 48,548 barrels from October because of the change from the 31 to 30 day month.

Nine major oil purchasers asked for the eight-day producing schedule, two sought a nine-day pattern, and Phillips Petroleum Co. asked for a seven-day schedule.

William B. King, representing Phillips, told commissioners his company is concerned about a high level of stocks, and said it invites erratic and short-sighted action by some segments of the industry.

King complained that the current trend toward higher inventories is contrary to conservation and said a seven-day production in November would meet industry requirements.

Phillips said it needed 118,607 barrels of oil next month. Some oil companies and Atlantic Refining Co. asked for the nine-day schedule. Sun nominated for 110,423 barrels of oil daily and Atlantic 86,280.

Representatives of both firms said they would buy 9,100 and 23,000 barrels daily on the eight-day pattern, respectively.

Purchasers seeking the continuation of the eight-day production in Texas and their nominations: Indiana Oil Purchasing Co., 231,000; Mobil Oil Corp., 225,800; Shell Oil Co., 161,800; Sinclair Crude Oil Co., 117,600; Texaco Inc., 155,000; Humble Oil Corp., 374,935; Cities Service Oil Co., 84,400; Gulf Oil Corp., 209,000; Standard Oil Co. of Texas, 34,250.

Three of the nine firms seeking the eight-day pattern said they would still need to purchase crude oil in November. Mobil indicated it would buy 5,000 barrels of oil daily. Sinclair up to 3,000. (See OIL, Page 3)

FUND ACTOR — Mike Vendrell, son of Dr. and Mrs. F. J. Vendrell, will have a major role in the musical presentation, "The U," at the kick-off luncheon of the Pampa United Fund Campaign Monday in the Starlight Room of Coronado Inn. He will represent the Boy Scout movement in the production.

Canadian River Dam Contracts Due Next Year

The Bureau of Reclamation in Washington has told Rep. George H. Mahon, D-Tex., that it should be in position to sign repayment contracts for the Giant Canadian River Dam project next year.

Mahon said bureau officials made the report to him and asked him to relay the information to Rep. Walter Rogers, D-Tex. The project, which will make supplemental municipal water available for a large area of West Texas, lies in Mahon's and Rogers' congressional districts.

The \$102 million project received its first construction money from Congress this year. It has been under study for several years.

The fiscal 1962 appropriation of \$4.2 million will enable the bureau to proceed with land acquisition, relocating of utilities, and some actual construction. Mahon noted that following this initial work on construction, the project should proceed at a fast pace.

When completed, the project will provide supplemental municipal water supplies for Pampa, Lubbock, Amarillo, Borger, Plainview, Tahoka, Slaton, O'Donnell, Lamesa and Levelland.

Russia Asked Not To Set Off Its Huge 50-Megaton Bomb

World Awaits Reaction From Nikita's Speech

WASHINGTON (UPI) — U.S. officials said today Soviet Premier Nikita Khrushchev's easing of his deadline for an East German peace treaty did not in itself greatly change the Berlin negotiating picture.

Secretary of State Dean Rusk was expected to give, at an afternoon news conference, the first formal U.S. reaction to Khrushchev's speech Tuesday before Russia's 22nd Communist party congress.

American officials hoped to study the full text of the six-hour speech before making any public comment. However, their "first impressions" followed these lines: Khrushchev removed his year-end deadline for a Berlin settlement somewhat conditionally, saying the deadline was off "if the Western powers display readiness to settle the German problem."

Therefore, he did not entirely take the heat off. Soviet Foreign Minister Andrei Gromyko, perhaps more vaguely, said much the same thing in his recent talks here with Rusk and President Kennedy.

Khrushchev did not yield an inch on any of his basic demands on Berlin. All of the Western Allies—most strongly France—do not want to enter actual negotiations until Russia first shows some signs of conciliation on substantive points.

After the Gromyko talks, both Rusk and Kennedy reported they had found "no basis" for East-West rapprochement. (See WORLD, Page 3)

Finnish President Calls On Hoover

WASHINGTON (UPI)—Finland, the country that always settles its debts, planned to pay a debt of gratitude today to an old friend.

President Urho Kekkonen of Finland, his two-day Washington visit at an end, had an appointment in New York today with former President Hoover.

Hoover, then heading the U.S. Relief Administration, cut through red tape to get needed food shipments to Finland in 1919.

SO TIRESOME — State fairs, especially if they are the biggest in the U.S. can be so-o-o tiresome. After winning a fuzzy Cuddle Dog at the State Fair of Texas in Dallas, Donnaly Watt, the 14-month-old daughter of Mr. and Mrs. Don Watt, Jr., of Athens, settles down for some undisturbed slumber while her mother continued taking in the sights of the fair.

Reds Plan 'Peaceful Victory' Over U.S.

MOSCOW (UPI)—Premier Nikita S. Khrushchev today portrayed Soviet-style communism as the hope of the world and the promise of the future while American-style capitalism has "passed its prime and is declining."

Khrushchev, who Tuesday announced Russia would explode a 50 megaton nuclear bomb this month, returned to the rostrum on the second day of the 22nd Soviet Communist party congress today to present his 20-year plan aimed at giving Russia a "peaceful" victory over the United States.

The plan, already presented to the party congress, predicted today that life in 1980 will be a Utopia, with capitalism in decay and the Soviet Union dominant in a mostly Communist world.

U.S. Sees Mass Fallout Danger From Explosion

WASHINGTON (UPI) — The White House has asked Russia to call off its planned test of a 50-megaton nuclear bomb late this month because of the "mass" of radioactive fallout it would unleash.

The White House statement, issued Tuesday night by Presidential Press Secretary Pierre Salinger, said that "such an explosion could only serve some unconfessed political purpose."

"We believe the peoples throughout the world will join us in asking the Soviet Union not to proceed with a test which can serve no legitimate purpose and which adds a mass of additional radioactive fallout to that which has been unleashed in recent weeks," it added.

The statement said the United States has had the technical know-how since 1957 to produce bombs in the 50 to 100 megaton range and higher, but "such weapons are not essential to our military needs."

The 50-megaton blast would be the largest ever set off by man. The biggest nuclear explosion ever officially confirmed was the 15-megaton device detonated by the United States in 1954.

Soviet Premier Nikita Khrushchev told the 22nd Communist party congress in Moscow Tuesday that Russia would end its current test series Oct. 30-31 with the 50-megaton blast—equal to 50 million tons of TNT and 2,500 times more powerful than the Hiroshima bomb.

In one flash it would release 25 times more sheer energy than all the bombs dropped by the U.S. Air Force on Germany and Japan in World War II.

Khrushchev also said Russia had perfected a 100-megaton bomb but "God grant that we never have to explode it because we might then blow in our windows."

President Kennedy has said that any 100-megaton Soviet bomb would be a terror weapon designed to blackmail the West into softening its stand on cold war issues.

What effect would such a powerful weapon have if it were dropped on key cities in the United States? On the basis of an expert's estimate of the destructive force of such a weapon, United Press International made a spot survey of several cities coast-to-coast.

The survey's findings are disclosed in this dispatch.

By SAM S. ROBERTS
Fifty million tons of TNT—2,500 times more powerful than the bombs that decimated Hiroshima and Nagasaki. Twice as powerful as any weapon in the U.S. nuclear arsenal.

Some time during the next two weeks Soviet Premier Nikita Khrushchev has promised the Soviet Union will detonate such a nuclear weapon—the most powerful man-made explosion in history.

Experts discount the military value of the high yield weapons, both the 50 megaton device Khrushchev plans to explode and the 10 megaton weapon he claims the Russians have built. But whatever their military value, the destructive capabilities of these bombs are nearly beyond imagination.

Dr. Ralph E. Lapp, an authority on atomic weapons, says a 50 megaton weapon would dig a hole 400 feet deep and a mile and one-half wide. The loss in human lives would be impossible to estimate.

If New York City were its target, Manhattan Island would be split in half with the Hudson and the East Rivers pouring into the divide flooding the rubble that had been the midtown area.

If a 50-megaton bomb fell on the White House in Washington, the hole would swallow most of the federal buildings, the Capitol, and the Lincoln and Jefferson.

3,000 U.S. Troops Begin Battle Games In Berlin

BERLIN (UPI) — More than 3,000 American troops today opened one of the biggest war games ever held here in a demonstration of Western determination to defend the divided city.

The three-day battle exercise was designed to test American defenses and give troops guarding the city field training in attack and defense.

Infantrymen, tanks, artillery, armored personnel carriers and helicopters moved through West Berlin into the city's Gruenwald Forest.

The troops were divided into two forces—one combat group playing the part of the Communist aggressors and another combat group assigned to the task of defending the Western sectors.

The Army said the three-day war games were a "two-sided free maneuver." This meant it was a realistic game which the "Communist aggressors" could be declared the winners.

The troops used only blank ammunition and explosive charges. But the Army told West Berliners the exercise was a realistic one. (See TROOPS, Page 3)

Insurance Official Parlays His Heart Trouble Into Sales Idea

By JESSE BOGUE

NEW YORK (UPI)—Jerome S. Garland had a little trouble with his heart. He parlayed it into a sales idea.

Garland is chairman of the board and former president of a comparatively new, Legal Reserve Life Insurance Co., chartered by Illinois.

His company aims a good portion of its efforts at persons who have suffered heart attacks or heart ailments of one form or another.

Syria Schedules Political Trials

DAMASCUS, Syria (UPI)—Syrian Interior Minister Adnan Kuwaty announced Monday that a council would be established to try "all who harmed the people" of Syria before it broke its links with the United Arab Republic. Kuwaty said a reward had been posted for Capt. Abdul Wahhab Khatib, a leading security officer in the U. A. R. government.

"We got our actuaries together," he said in speaking of his experience with the United Equity Life Insurance Co., "and got an idea of how to do this. We talked to doctors. They said it would give a great lift to heart patients."

"We aren't the only company that can do it; the policy we write is not a special policy. But through advertising in newspapers and word of mouth we got the idea around."

Under Garland's system, an applicant sends the name of his or her doctor, on a form asking for insurance. The company checks direct with the doctor before issuing the policy.

Garland says that there is a feeling of reassurance—quite often "just what the doctor ordered"—when a former heart patient gets life insurance.

He should know. He suffered an attack late in 196. When he recovered, he went to work as operating head of the company.

It cleared him for insurance only a few days ago.

Dear Abby...

Only Santa Claus Busy At Christmas Time

By ABIGAIL VAN BUREN

DEAR ABBY: My husband just informed me that he is going to be "away" for Christmas and New Year's. He owns his own business and can make his own work schedule, so I know that if he wanted to be home with me, he could manage it. He gives me the excuse that this is the "busiest" time of the year for him, but I am not convinced. Does he have a legitimate excuse?

NOBODY'S FOOL

DEAR NOBODY'S: Only if his name is Santa Claus.

DEAR ABBY: I wish you would write a column about how the parents of today are getting their young people off to a bad start in married life. First, the folks go in hook up to their elbows for a flashy blow-out type wedding. The young-marrieds are still paying off the rings when they go deeper in debt for furniture, TV, appliances and a car. When they buy, instead of taking along an older, experienced person, they let some slick-talking salesman sell them cheap furniture that will fall apart in a year. They don't anticipate dental bills, illness or even a possible lay-off in

employment. The only one working is the stork. I have seen it happen so many times it isn't even funny. Why don't you tell parents to advise their young-marrieds to buy wisely, build together and save something instead of trying to start out with more than the Joneses?

OLD TIMER

DEAR ABBY: I am 16 and my boy friend (if you can call him that) is 17. He seems to be afraid to be alone with me. He has a car, but when we go out we always double date with another couple. He takes me home first, and then takes them home. If he comes over to my house (other than for a date) he has one or two of his buddies with him. I would like to be alone with him, but don't know how to arrange it. Can you give me a suggestion?

PIXIE

DEAR PIXIE: There is no way to get a boy "alone" if he doesn't want to be alone with you. Be satisfied with his company — even in a crowd. He seems to be nice, even though a bit shy.

CONFIDENTIAL TO ELAINE: Bill was right. Good luck's partners IS hard work.

What's troubling you? Write Abby, care of Box 3365, Beverly Hills, Calif. Include self-addressed stamped envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Houston Faculty Honored At Tea

The faculty at Sam Houston School was honored by the PTA at a tea given Thursday. Corsages and boutonnieres of bronze mums were presented to each teacher.

Mrs. Jack Benton, unit president, presided at the meeting, which opened with honor to the flag led by Mrs. Nolan Cole.

L. C. Davis, school principal, introduced the faculty members and extended an invitation to parents to visit in their children's classrooms.

During the business meeting, plans were completed for the school's family night to be held Oct. 27 in the school cafeteria.

Dinner will be served from 5:30 until 8:30 p.m. An invitation is extended by Mrs. Davis for everyone to attend this "fund-raising and fellowship dinner."

It was announced that there will be a PTA district workshop in Panhandle on Oct. 17. Mrs. Benton urged as many persons to attend as possible.

Following adjournment, parents visited classrooms where teaching methods and displays of work were discussed.

Yearbooks were distributed at the general meeting.

In the executive meeting held preceding the general meeting, Mrs. Cletus Mitchell announced that Sam Houston will be responsible for the radio program on Oct. 20 at 9 a.m. over a local radio station.

Door prize, a cake, was won by Mrs. Russell Talley.

It's easy to wash expensive leather gloves if you use warm water, wash the gloves on your hands and use a special powder intended for gloves.

Important Decisions El Progresso Topic

El Progresso Study Club met recently with Mrs. D. V. Burton.

Mrs. J. F. Curtis presented a program entitled "25 Great Decisions" during which she discussed the most important decisions of the past 25 years that have had the greatest impact on American lives.

Mrs. Jess Clay, president, presided during a brief business meeting.

Refreshments were served during the social hour.

Mmes. V. J. Drew, W. R. Ewing, George Wolstead, Elmer Fisher, Harold Wright, John Gill, Veri Hagaman, Charles Lanehart, Kermit Lawson, J. G. Morrison, Carlton Nance, Tom Perkins.

How To Wash Leather Gloves

ALICIA HART

Newspaper Enterprise Assn. If you've had the usual luck with washing expensive leather gloves, you've probably given up and sent them to a dry cleaner. But this is both expensive and time-consuming at the rate that leather gloves soil.

Fortunately, it really is possible to wash leather gloves successfully if you go at it the right way. And the right way includes these steps:

Use a special glove bath formulated just for leather gloves. And use warm, not hot, water.

Wash the gloves on your hands with a regular hand-washing action. Gently massage the soiled spots with finger tips. No rinsing is necessary with the glove bath.

Pat with a Turkish towel to remove excess moisture. Gently pull fingers into line, then blow into the gloves to shape them. Dry them flat on a terry towel, away from all heat.

This last step is most important: Put the gloves on your hands before they are completely dry. The natural oils and warmth of your skin help to bring out the softness of the leather.

There are two don'ts to observe:

Pantomime Workshop Conducted By PLT

Pampa Little Theater met Monday evening in the group's rehearsal hall, 612 W. Browning, for a workshop session conducted by Mrs. Jack O. Miller.

In pantomime, members enacted a series of emotions with facial expression, walking, and body actions.

Plans were made for the board of governors to meet Thursday at noon in the Coronado Inn to discuss future major productions. Homer West, PLT president, will have charge of the next meeting to be held on Nov. 6 at 7 p.m. at 612 W. Browning.

Panel To Discuss Effective Learning At Lee PTA Meeting

"Effective Learning in the Home and School" will form the panel discussion for the Robert E. Lee PTA meeting to be held at 2:30 p.m. Thursday in the school auditorium.

Appearing as panelists will be Mrs. James Poole, teacher; McHenry Lane, high school curriculum co-ordinator; Mrs. J. R. Holloway, parent; and Jay Channell, minister of the Harvester - Mary Ellen Church of Christ.

Parents are invited to visit in classrooms from 1:30 until 2:30 p.m.

Mrs. Ivan Noblit will be the program leader with Miss Jo Ann Craig, student, offering the thought for the Day.

A door prize will be awarded at the conclusion of the meeting. Mrs. J. T. Cornutt, president, has announced that the executive board will convene at 1 p.m. in the school conference room prior to the general meeting at 2:30 p.m.

All Lee parents are invited to attend the unit meeting.

"Back To School Night" Plans Completed At Travis PTA Meet

At the Travis PTA executive board meeting, plans for the unit's "Back - To - School Night" were made. "It is to be held Oct. 27 at 7 p.m.," according to Mrs. John Gentry, unit president.

Parents may visit in their children's classrooms at seven during which the teacher will discuss the children's daily classwork. Coffee and pie will be served in the rooms. Tickets are on sale at 30 cents. School children's tickets will entitle them to refreshments and a film in the auditorium, while parents are in the classrooms.

A nursery will be provided for

Mrs. John Gentry
Travis Prexy

Travis To Host Second Course On Civil Defense

The National Plan for Civil Defense and Defense Mobilization will be the study theme for the second in a series of seven lecture courses sponsored by the City Council PTA and instructed by Mrs. J. A. Watson of Amarillo.

The study will begin at 9:30 a.m. in Travis Elementary School and will conclude at 11:30 a.m.

The lesson will deal with the general organization and responsibilities of the federal and state governments in civil defense.

The three contingencies affecting civil defense are 1) international tension; 2) limited war; 3) general war. Mrs. Watson will discuss citizens' responsibilities with these problems.

Members of Travis PTA are making plans for a large group of parents and principals to be in attendance," Mrs. John Gentry, unit president, has reported.

One hundred and fifteen PTA members and school officials attended the first meeting held last Thursday in Sam Houston School.

A nursery will be provided for small children attending with their parents.

Don't ever wash leather gloves after they have been dry cleaned. Don't allow gloves to become too soiled before cleaning. That's all. Follow these directions faithfully and you shouldn't have any trouble.

pre-school children and no tickets are required for them.

These plans were announced at the unit's general meeting held Thursday in the Travis auditorium.

The general meeting opened with a flag ceremony conducted by Cub Scout Den 7, Pack 98, whose Den Mother is Mrs. Peggy Gray.

The afternoon's program was on "Civil Defense" which Mrs. Gray introduced with a film on the Strategic Air Command entitled, "Tall Man - Five Five."

The film dealt with the training and missions of bomber crews, which was summed up in the SAC motto, "Peace Is Our Profession."

The film brought out that the SAC objective is to be so strong that no one will have either the will or the ability to wage war. "Modern weapons and trained men are the SAC answer to the problem of survival in this age."

Above all, the thought was brought out, that no one thinks the sounds of a supersonic plane breaking the sound barrier are a pretty sound, but we should be assured that it is a GOOD sound. The comforting sound of our Air Force at work.

The business meeting included a treasurer's report by Mrs. Fos-

te White. Room count was won by Mrs. Nutt's first grade. A cake baked by Mrs. Mildred Scholl was won by Mrs. Swoveland. The Civil Defense Study Course, being sponsored by the City Council PTA, was discussed and plans to be hosts for the course on Oct. 19 were made. A nursery will be provided for those parents with small children attending.

Soldiers Demanding Withdrawal Of U.S. Soldiers

By FRED DANZIG
NEW YORK (UPI) — I have run a full set of punch cards for the new 1961-62 shows through my personal Videovac computer and discovered that the trend is up. Surprise!

A significant number of the new nighttime programs offer such welcome ingredients as improved production quality, better scripts, more willingness to broach mature subjects, and a pinch of iconoclasm. It all serves to revive viewer interest and restore vitality to the medium.

Dramatic anthologies, for example, are racking up new successes, although they are either being tucked into the protective padding of such formats as "Dr. Kildare," "The Defenders," "Ben Casey," and "The New Breed," or the more flexible "Dick Powell Show" and "Alcoa Premiere" formats.

Situation comedy has started living again in the long-neglected area of satire. "Car 54, Where Are You?" is chiefly responsible. Thus far in this young season, it has rolled in with a couple of comedy masterstrokes. And I'll grudgingly concede that even the likes of "Hazel" and "Mrs. G. Goes to College" are cleverly devised examples of the fuzzy, deigned sentiment that can always find a home, and earn a fortune, on TV.

For variety and comedy, there's "The Bob Newhart Show," a keen-edged example of satire and clean fun. Steve Allen is still having trouble filling his ABC-TV hour with goodies, but I've noticed that each of his shows has offered one or two spots of bright, enlightened comedy.

Even the cartoon shows are swinging along on a sparkling level of wackiness, with "Bullwinkle" and "Alvin" showing the way.

As for news-type programs, "David Brinkley's Journal" indicates it will be applying the needle to complacency all season long.

So you see, we're ahead of last season already. Last season, the only filmed shows that tried to come up with some imaginative touches as they fitted themselves into faded formulas were "My Three Sons" and "Bringing Up Buddy." The vivid memory of what an arid season the last one was sort of detracts from my polyannual optimism, I suppose.

And now the networks, sponsors, ad agencies, packagers are all planning for the 1962-63 season. Let them continue along the paths they're now following. I'm not looking for miracles or a revolution. I just want them to discover, in their own timid ways, that grown-up behavior pays off on TV. I hope they gain confidence in what their own eyes, ears and instincts tell them.

Khrushchev Says Russ Agriculture Showing Increase

MOSCOW (UPI)—Premier Nikita Khrushchev said Tuesday agricultural output in the Soviet Union had increased 43 per cent in the past five years but he acknowledged the country still had shortages of some products, particularly meat.

Khrushchev told the 22nd Communist Congress that measures adopted by the party early in 1961 to increase output of farm products have not had their "full impact" but he predicted that agricultural output would show a "sharp rise" before long.

The premier said the growth rate of agriculture was still lower than that of industrial production and still does not meet the growing requirements of the population.

Better Trend Noted In Television Shows

Dialing and Filing: One new NBC-TV show that improved since its opening is "7th Precinct." But it couldn't have gotten worse, could it? Monday night's story was a snap, but it was developed with credibility. However, those detectives still behave like a bunch of Bing Crobys. Any minute I expect them to start crooning a tune.

"Ben Casey," ABC-TV's fine hospital series, had a good one Monday night with "The Insolent Heart," starring Luther Adler. The detail and sincerity served to cover up some outside heroics and soapy touches. Sam Jaffe's role is still gumming up the works, though. I suggest that they give him lines that he'll feel comfortable with.

The Channel Swim: Danny Thomas and partner Sheldon Leonard hope to sell CBS-TV on a police series that would glorify the cop on the beat.

Sponsors of "David Brinkley's Journal," the Douglas Fir Plywood Association, say, "we will resist any pressure from NBC or any other source that might tend to limit Brinkley's freedom to report what he sees." The statement came in reply to a complaint about Brinkley's show of Oct. 11, in which flamboyant civilian pursuits at Cocoa Beach, Fla., were shown. In its complaint to NBC, the Atlantic Missile Range Public Relations Association termed the "boom town" segment "inexcusable" and of service to Communist propaganda objectives.

Pampa Officials Urged To Attend League Meeting

Pampa's mayor, city commissioners and municipal department heads have been invited to attend the annual conference of the Texas Municipal League in San Antonio Oct. 29, 30 and 31.

C. C. Crutchfield, Austin, field representative for the league, appeared before the commission yesterday and urged all city officials who possibly could attend the sessions.

Problems of cities are discussed and every attempt is made to reach solutions, Crutchfield told the commission members.

"Our conference is more like a school," he said, "and city officials can learn much that will benefit their own municipalities."

City Manager John Koozt said arrangements were being made to have several Pampa officials attend the conference.

FORMS SUBSIDIARY
BURBANK, Calif. (UPI) — Products Research Co. Tuesday announced the formation of a new subsidiary to be known as Chem-Electric Research Inc. Involved was the cash purchase of a major portion of the Electronic Components Division of Telecomputing Corp. The amount was not disclosed.

Pampa Optimist Boxing Matches To Be Thursday

Cliff Dunham, director of the Optimist Boys boxing program, announced today that the club will hold their first training fights at the Boys Club Thursday night at 7:30 p.m.

A slight admission fee—50 cents for adults and 25 cents for children—will be charged for the matches featuring boxers from Lefors and Pampa teams. There will be approximately 12-14 bouts said Dunham.

Dunham said 44 boys have been working out for the boxing teams under the directions of four new coaches. The new instructors are Johnny Thompson, Don Riley, Gene Tollinson and Pete Cooper. Ollie Whelm is the head coach.

Ronnie James, a hold over from last year's team, expected to boost the Pampa boxers hopes in the regional fights has not been out for workouts yet but Dunham expressed hope that James would be out in a few days.

Thursday night's bouts will feature novice fighters who are just learning to box and some returning from previous years. Dunham said the bigger boys and open class boxers would start training later.

Boys who have been training are: Stanley Dallas Burns, Conley Bowles, Jim Casey, Don Cauthorn, Charles L. Crowson, Jimmie Wayne DeWitt, Michael DeWitt, Kirk Dougless, Steven Leon Greene, Marvin Finney, Ronald Fletcher, Jay Foster, Andy Grim, Eddie Lewis Hennig, Larry Howell, Gary Howell, Steven Hukill, Harold Hugg, Gary Allen Jones, Richard Edwin Jones, Dean LaRue, H. D. LaRue, Phillip Long, Roy Leo Lumpkins, Pete Martinez, Jr., Donnie Merrifield, Monty E. Middleton, Michael Newman, Warren Pettit, Jack Shaffer, Wesley Thomas, David Thompson and Jack Thompson.

Others are Glen Ward, Gary Watson, Jimmie Watson, Bruce Watson, Ronnie Watson, Mark Thomas, Joe Roth, Glen Sanchez and Nick-Martin.

Yankees Receive \$7400 Per Man

NEW YORK (UPI)—It's fashionable in some quarters to hate the New York Yankees, but you've got to admire their generosity.

Thirty-three members of the word champions will receive full shares of \$7,389.12 each from the 1961 World Series, it was revealed Tuesday when baseball Commissioner Ford Frick announced the division of the player loot.

Twenty Yankee players were automatically entitled to full shares because they had been with the club continuously after June 1. They, in turn, voted in shares, awarded five fractional 13 other individuals for full awards to part-time players, and distributed an additional \$4,050 in bonuses to members of the ground crew, bat boys, etc.

The vanquished Cincinnati Reds weren't quite as generous. They split their loot into 30 full shares (22 of them automatic), seven fractional shares and \$4,100 in cash awards. A full share for the Reds amounted to \$5,356.37.

Full shares on the non-pennant teams were: Detroit Tigers, \$1,489; Los Angeles Dodgers, \$1,240; Baltimore Orioles, \$946; San Francisco Giants, \$943; Chicago White Sox, \$455; and Milwaukee Braves, \$460.

Don Schwall Cops AL Top Rookie Award

NEW YORK (UPI)—Don Schwall, who left the University of Oklahoma in 1957 to sign a \$50,000 bonus contract with the Boston Red Sox, was named the American League's Rookie of the Year today by the United Press International's board of baseball experts.

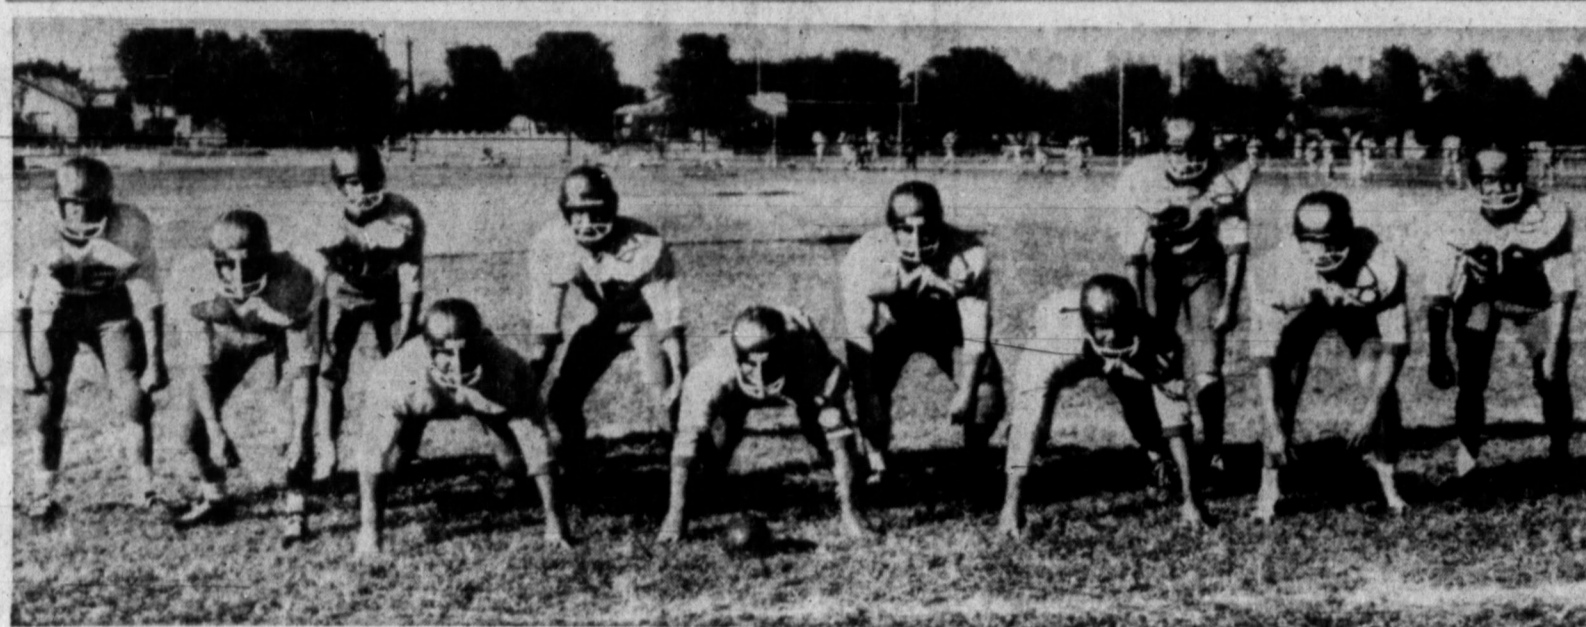

The 6-foot, 6½-inch, 210-pound right-hander, who had a 15-7 record although he didn't join the Red Sox until May 21, received 16 votes from the 36-man board.

Lee Thomas of the Los Angeles Angels was second with seven votes followed by Dick Howser of the Kansas City A's with six, Chuck Schilling of the Red Sox with four and Floyd Robinson of the Chicago White Sox with three.

PHILLY MATCH SET

PHILADELPHIA (UPI)—Carlos Hernandez, Venezuelan lightweight boxing champion who now lives in Philadelphia, will meet Jethro Carson of Philadelphia in a 10-round Oct. 31, it was announced today by promoter Al Lewis.

White Deer Placed In District 1-AA

THE STOPPERS—This is the Pampa Harvester defense that held Amarillo for four downs inside the five yard line Friday as the Harvesters went on to upset the Sandies 15-14. They are left-right (45) Harry O'Neal, (64) Jimmy Hoyer, (39) Travis Tucker, (15) Butch Cross-

land, (66) Carl Clark, (21) Mike Stewart, (84) Corkey Godfrey and (364) Nelson Rockwell. In the front line left-right are Glenn McCathern, Danny Mathus and James Webb.

Rice Moves Five To First Team

By United Press International
There are five fresh faces today in the Rice University starting lineup.

Coach Jess Neely moved Randall Kerbow to the No. 1 quarterback backing post, replacing Billy Cox. Halfbacks Butch Blume and Jerry Candler, center Johnny Cole, and left tackle John Cornell were moved to the gold jerseyed first unit.

The Owls play Southern Methodist at Houston Saturday and worked on their kicking game Tuesday.

Texas Tech moved through a spirited practice. Coach J. T. King polished his passing and defense. The Red Raiders met Baylor at Lubbock Saturday night.

Baylor coach John Bridges said halfback Tommy Minter and guard Robert Burk will miss the Tech game, but both halfback Ronnie Goodwin and fullback Ronnie Bull will be available for spot duty.

Burk has a hairline fracture of a foot bone and Minter is suffering from a leg injury. Goodwin sprained an ankle against Arkansas last week, while Bull re-injured his back.

Texas A&M worked on pass defense. Coach Jim Myers said he expects Texas Christian to throw a lot against his team this Saturday at Fort Worth.

Coach Darrell Royal said his first three teams were in top shape for the game against Arkansas at Fayetteville, Ark., Saturday. His team held a dummy scrimmage Tuesday, then finished with a brief heavy contact drill.

Quarterback George McKinney and halfback Paul Dudley returned to drills at Arkansas, but the first two right guards were still in sweat clothes.

Dean Garrett, regular guard is not expected to start against Texas. Coach Frank Broyles said it was "very doubtful" that second team guard Tommy Brasher could replace Garrett.

Freshman coach Jack Davis, who scouted Texas, said "they have fine team speed and great reserve strength, especially in the backfield."

Southern Methodist co-captain Bobby Hunt returned to the lineup. The Mustangs spent most of their session working on goal line offense.

30-14 and Sam Houston blanked the Robert Lee 9th graders 20-0.

Action this week pits Lee 9th against Phillips at Harvester Park, the Pampa Reapers taking the road to meet Berger Houston and the Lee 8th journeying to Phillips in Thursday afternoon games.

Thursday night, the Pampa Shockers play host to the Palo Duro Chicos at 7:30 at Harvester Park.

Friday afternoon, the undefeated Lee 7th graders will host Phillips at 4 p.m.

The season standings are:

W	L	T	Pts.	Opp.
Lee 7th	4	0	80	28
Lee 8th	3	1	134	58
Lee 9th	2	3	36	79
Pampa 7th	1	3	42	104
Shockers	1	4	54	182
Reapers	0	4	14	152

Michigan State Rated Favorite Over Irish

NEW YORK (UPI)—Second-ranked Michigan State is a 7-point favorite to down fifth-ranked Notre Dame in their "meeting" of the unbeaten Saturday.

Both teams scored impressive victories last Saturday, the Spartans downing previously unbeaten Michigan, 28-0, for their fourth straight triumph of the season and Notre Dame eviscerating Southern California, 30-0, to run its record to 4-0.

Mississippi, the nation's No. 1 college football team, is a whopping 28-point choice over Tulane, but third-ranked Texas is only a 4-point favorite over Arkansas.

In the three regionally televised games Saturday, Penn State is a narrow 1-point choice over Syracuse, Alabama is a 6-point favorite over Tennessee, and California is a similar one-touchdown favorite over Southern California.

Navy is picked to defeat Detroit by at least 7 points in a Friday night game.

Other odds on Saturday's major games by sections:

East: Holy Cross 6 over Dartmouth; Princeton 7 over Colgate; Villanova 7 over Boston College; Cornell 1 over Yale.

South: Florida 6 over Vanderbilt; North Carolina 6 over South Carolina; Georgia Tech 7 over Auburn; Duke 6 over Clemson; Mississippi State 7 over Georgia; North Carolina State 7 over Wake Forest; Louisiana State 12 over Kentucky.

Midwest: Indiana 3 over Washington State; Michigan 7 over Purdue; Ohio State 7 over Northwestern; Minnesota 12 over Illinois; Iowa 13 over Wisconsin; Missouri 7 over Iowa State; Colorado 19 over Kansas State.

Southwest: Oklahoma State 2 over Nebraska; Kansas 6 over Oklahoma; Texas A&M 6 over Texas Christian; Baylor 12 over Texas Tech; Rice 14 over Southern Methodist.

Far West and Rockies: UCLA 6 over Pitt; Washington 7 over Stanford; Maryland 10 over Air Force.

Lee 7th Grade Rebs Lone Unbeaten Team

Coach Joe Perryman's Robert E. Lee 7th grade Rebels are the lone Pampa grid team with an unblemished record as the Lee 8th grade was wallpopped last Thursday by Berger Houston for their first loss of the season.

The Lee 7th romped to win number four of the current campaign—and the ninth in a row for Perryman's teams—by beating the Pampa Reapers 8th grade 20-0.

All other Pampa teams lost including the mighty tumble by the Rebels 8th. Coach Mack Cohate's crew had averaged 40 points a game in winning three straight victories before dropping a 34-16 decision to Berger Sam Houston. It was the first loss ever suffered by the Rebel team in two years of play.

Mighty Dumas Junior High followed up a 45-8 win over the Lee 9th grade with a 72-0 slaughter of injury-riddled Pampa 9th graders Reapers. It was the fourth straight loss for the Reapers.

In other action last Thursday, the Lubbock "B" team thumped the Pampa Shockers 38-8, Berger Austin rolled over the Pampa 7th

Duffy Selected Coach Of Week

EAST LANSING, Mich. (UPI)—He is tough on his players and on his assistant coaches, because he believes only hard work leads to victory, but he's even tougher on himself.

Like last Sunday, when he could have been relaxing and simply enjoying the praise and the afterglow of his team's impressive 28-0 triumph over Michigan that was a major step to the Big Ten Championship and a possible berth in the Rose Bowl. Instead he was studying game movies and doping plays for the next game.

He's Duffy Daugherty of Michigan State, named by United Press International today as college football's "coach of the week" for leading his Spartans into the No. 2 national ranking with that big win over arch-rival Michigan.

Leading his players—and his platoon of assistant coaches—in hard work has made Daugherty's seven years as Michigan State's head coach seven seasons of headache for rival Big Ten teams.

Daugherty said the chief reason for the impressive win over Michigan was that his players were "up for the game."

Lee 7th Grade Rebs Lone Unbeaten Team

30-14 and Sam Houston blanked the Robert Lee 9th graders 20-0.

Action this week pits Lee 9th against Phillips at Harvester Park, the Pampa Reapers taking the road to meet Berger Houston and the Lee 8th journeying to Phillips in Thursday afternoon games.

Thursday night, the Pampa Shockers play host to the Palo Duro Chicos at 7:30 at Harvester Park.

Friday afternoon, the undefeated Lee 7th graders will host Phillips at 4 p.m.

The season standings are:

W	L	T	Pts.	Opp.
Lee 7th	4	0	80	28
Lee 8th	3	1	134	58
Lee 9th	2	3	36	79
Pampa 7th	1	3	42	104
Shockers	1	4	54	182
Reapers	0	4	14	152

Michigan Eleven Gains Top Spot

NEW YORK (UPI)—Northern Michigan advanced into the top spot of the United Press International small college football ratings today, even though it picked up four less first-place votes than Mississippi Southern who dropped to second as Northern Michigan accumulated 200 points from the 35 coaches who comprise the UPI board to take the lead.

Mississippi Southern received a total of 191 points.

Louisiana Tech remained third with 144 points while Texas A&I clung to fourth place with 134 points. Fresno State jumped two notches to fifth by drawing 111 points.

Southeastern Louisiana, ninth a week ago, advanced to sixth with 110 points; Pittsburg (Kan.) retained the seventh spot with 107 points. Hofstra, a newcomer to the top 10 this week, vaulted into eighth with 91 points.

Completing the elite group were Humboldt (Calif.) in ninth position, a drop of three notches, with 76 points, and Baldwin-Wallace, ranked 11th a week ago, moved up one spot.

Delaware, fifth-ranked last week, and Kent (Ohio) State, formerly 10th-ranked, were missing from the top 10 this week.

Making up the second 10 were Idaho State, Wheaton, Kent State, Butler, Florida A&M, Hillsdale (Mich.), Lamar Tech, Lenoir Rhyne, Lehigh and Montana State.

Army Recalls Packer Star, Paul Hornung

GREEN BAY, Wis. (UPI)—Green Bay Packer coach Vince Lombardi, stunned by Tuesday's announcement that halfback Paul Hornung and linebacker Ray Nitschke were ordered to active military duty, said, "It's too early to tell" who will replace them.

Hornung, 25, former All-American from Notre Dame and the leading scorer in the National Football League the past two seasons, will report Oct. 30 to Ft. Riley, Kan., with the 890th Engineering Co.

Nitschke, 24, was ordered to active duty with the 32nd National Guard Division of Wisconsin at Ft. Lewis, Wash., Nov. 3.

Both players will be able to get in two more Sundays of action with the Packers before reporting. Both Green Bay games will be against the Minnesota Vikings, with one meeting in Minneapolis Sunday and the other at Milwaukee Oct. 29.

Bucks Join Dalhart, Irish And Spearman

White Deer, Stinnett, Wellington, Fritch and Perryton were the Panhandle schools affected by the Texas interscholastic League conference assignments for the 1962-63 and 1963-64 school years.

Both White Deer and Stinnett, who have been two of the state's leading class A powers over the past six years, have advanced to district 1-AA. They join Dalhart, Shamrock and Spearman in the new classification.

Wellington drops from AA to A in the new alignment. The Skyrockets have been placed in the 2-A conference. Other teams in this district remain the same with Lefors, McLean, Canadian, Memphis and Clarendon.

Sanford - Fritch, who just began playing 11-man football this season, will move into district 1-A with Gruver, Stratford, Sunray and Panhandle.

Other changes of statewide interest send the Terrell Tigers, twice class AA champions and a strong favorite for the title this fall, to AAA and Mason, a long-time class A power, to AA.

With Fritch dropping out of district 1-B, the class will shift back to teams from Groom, Claude, Follett, Wheeler and Texline.

Miami has been shifted to district 3 in eight man play but they will compete with the same schools - Booker, Darrouzett, Mobeetie, Morse and Lakeview—in the district as there are now.

With the stepping up of White Deer and Stinnett, their domination of the Panhandle class A area will come to an end.

Stinnett's Rattlers have become one of the most feared names in the Panhandle as well as statewide. The Snakes came out of Class B in 1955 to become a class A state finalist losing only to champion Deer Park 7-0.

In 1956, the Rattlers romped through a 15-game schedule and the class A championship. Stinnett trounced Hondo 35-13 for the crown. The Snakes advanced to the semi-finals last year before losing to state champion Albany 9-6 and were quarter-finalists in 1959 where Sundown beat them 20-8.

White Deer's Bucks copped the class A title in 1958 with a 14-0 record being tied by Stinnett 6-6. The Bucks wallpopped Elgin 44-22 for the crown.

The Bucks had lost in the regional play-offs in 1957 to Ralls 27-26. White Deer has been frustrated by Stinnett the past three years and the Bucks seem doomed to another second place finish this year after losing 3-0 last Friday.

Bill Kilmer Impressive In Pro Loop

NEW YORK (UPI)—Rookie quarterback Bill Kilmer of the San Francisco Forty-Niners is breaking into the National Football League with the most impressive performance since Cleveland's Jimmy Brown in 1957.

While the leadership in the five major departments remained the same as last week, Kilmer jumped up to No. 4 in rushing and a tie for runnerup in scoring, official league statistics showed Tuesday.

Fullback Jim Taylor of the Green Bay Packers widened his lead in rushing, while Milt Plum of the Browns stayed on top in passing. Del Shofner of the New York Giants in pass receiving, Yale Lary of the Detroit Lions in punting and Paul Hornung of the Packers in scoring.

The six-foot, 190-pound Kilmer gained an even 100 yards by rushing against the Minnesota Vikings last Sunday to increase his total to 356 and a 6-yard average per try. He also scored 4 touchdowns and now has a total of 48 points to tie for second place with Lenny Moore of the Baltimore Colts. Hornung leads with 77 points.

Taylor gained 158 yards in 21 carries during Green Bay's win over Cleveland Sunday and swelled his yardage total to 518. His rushing average of 6.4 yards per carry also is tops in the NFL. Jimmy Brown remained second with 387 yards and a 4-yard average, with Nick Pietrosante of the Lions third and Kilmer fourth.

In passing, Plum was first with 75 completions in 131 tries for 934 yards, 9 touchdowns and a 57.3 percentage. Sonny Jurgensen of the Philadelphia Eagles, the runner-up, had the highest yardage total (1,134) and the most TD passes (11), while John Brodie of San Francisco had the best percentage (62.3).

Shofner led the pass receivers with 25 catches good for 347 yards, although Tommy McDonald of the Eagles closed in with 24 catches for 342 yards.

Lary continued to lead the punts with a 47.4-yard average for 23 kicks.

In the lesser departments, Johnny Sample of the Pittsburgh Steelers led in pass interceptions with 7; Willie Wood of the Packers with a 25.1-yard average for 7 ers; and Tim Brown of the Eagles was tops in kickoff returns with an average of 35.8 for 11.

Machen Bombards London In Five

LONDON (UPI)—Eddie Machen of Portland, Ore., asked today for a heavyweight challengers' elimination fight with top contender Henry Cooper of England as a reward for forcing blood-blinded Brian London to "retire" at the end of the fifth round at the Wembley Pool Arena last night.

Ex-challenger London of England was practically butchered by the American counter-puncher before 12,000 who had provided a \$70,000 gate.

Machen, who weighed 200 pounds to London's 209, is ranked third among contenders by the American National Boxing Association—just below Cooper, number one, and Sweden's ex-champion, Ingemar Johansson, number two.

Lee 7th Grade Rebs Lone Unbeaten Team

30-14 and Sam Houston blanked the Robert Lee 9th graders 20-0.

Action this week pits Lee 9th against Phillips at Harvester Park, the Pampa Reapers taking the road to meet Berger Houston and the Lee 8th journeying to Phillips in Thursday afternoon games.

Thursday night, the Pampa Shockers play host to the Palo Duro Chicos at 7:30 at Harvester Park.

Friday afternoon, the undefeated Lee 7th graders will host Phillips at 4 p.m.

The season standings are:

W	L	T	Pts.	Opp.
Lee 7th	4	0	80	28
Lee 8th	3	1	134	58
Lee 9th	2	3	36	79
Pampa 7th	1	3	42	104
Shockers	1	4	54	182
Reapers	0	4	14	152

Michigan Eleven Gains Top Spot

NEW YORK (UPI)—Northern Michigan advanced into the top spot of the United Press International small college football ratings today, even though it picked up four less first-place votes than Mississippi Southern who dropped to second as Northern Michigan accumulated 200 points from the 35 coaches who comprise the UPI board to take the lead.

Mississippi Southern received a total of 191 points.

Demons Gain 2nd Place In Ratings

By United Press International
Corpus Christi Miller in Class AAAA and Dumas and McKinney in Class AAA made the big jumps this week in the United Press International coaches board schoolboy football ratings.

No. 1 ranked Wichita Falls, Dumas, rated no. 9, surged into a tie for second with Lamar Consolidated, also well behind solidly entrenched No. 1 Brownwood; while McKinney, in a tie for 16th a week ago, overcame a 30-8 lead to beat Garland 34-30 and boomed into eighth in the AAA Top 10.

Nearly every position in both AAAA and AAA had a new name beside it as San Angelo, Corpus Christi Ray, Fort Worth Paschal, Jefferson, Galena Park, Amarillo Tascosa, Odessa Permian and Brazosport filled out the AAAA ranks in that order, and San Benito, Gainesville, Belton, Carthage, McKinney, Angleton and Cleburne trailed the top 3 in AAA.

San Angelo, which bumped off third-rated Permian, moved up from fifth to third only three points behind Miller, while Ray stayed in fourth but also polled more than 100 points, Tascosa, 11th last week, replaced idle Ysleta in the Top 10 as the two swapped places.

Mesquite, beaten by Denison, dropped out of the AAA Top 10 to make room for McKinney.

While Wichita Falls got the solid 16-vote block for No. 1 for the first time this season, Brownwood's 13 first-place ballots made the best showing since the second week of the balloting when the Lions polled 15.

TULLERAY OLDERMAN

Inside The Huddle

By

Joe Lee Smith

Pampa's unexpected triumph over the Amarillo Sandies last Friday drew praise from losing coach Bum Phillips.

Phillips stated in the Amarillo paper, "We just got beat. We played well enough to win but didn't. Our blocking was better than it has been all season. Our weak point looked like kickoff coverage but it was more a case of good running by Hebert (Kenney)."

He added, "Pampa played hard and clean and they deserved to win."

Truer words were never spoken. The Harvesters, especially the players and coaches, deserved the victory. Coach Weldon Trice, speaking at the Quarterback Club meeting Tuesday night, said it (the win) has pepped up the whole team and has even created a different attitude among students and teachers.

Trice praised line coach Dwaine Lyon and backfield mentor Eural Ramsey for their hard, dedicated work that has brought the Harvesters from the lowest point in Pampa's football history.

The Quarterback Club session was a hilarious riot with Trice getting a large ovation from the group as he got up to speak. He was overly excited over the victory saying, "It was the most wonderful experience of my coaching career when Butch Crossland caught that extra point pass. People started jumping from the stands and the concession workers started coming out of their booth and the players were first with 11 tries for 934 and a 57.3 yard average."

Jurgensen of angles, the run-gest yardage the most TD John Brodie of the best per-

threw helmets high in the air and hugged each other. It was a great thrill."

Trice added, "We had worked on the fake kick last Thursday, but everyone was mobbing Hebert and we almost didn't get him in for the play."

The hard working Pampa mentor pointed out the Harvesters determined goal line stand was the turning point. Pampa held Amarillo inside the five yard line for four downs.

But now, the Harvesters must get ready for the Palo Duro Dons, who Trice thinks is one of the best teams in the district. Weldon told the club he expects Palo Duro to beat Tascosa and throw the race into a three way tie with Berger included. Maybe the fighting Pampa Harvesters will have something to say about who wins the district championship.

Texas Ranks 2nd In Yards Gained

NEW YORK (UPI)—The game between Notre Dame and Michigan State at East Lansing, Mich., Saturday not only will match two undefeated college football powers, but also two of the nation's leading ground attacks. Official statistics released today by the service bureau of the NCAA reveal that Notre Dame leads in rushing offense with a per game average of 320.3 yards. Texas, also undefeated, is second with a 313.3 average and Michigan State is third with 293.3.

Texas, which also meets a tough foe in Arkansas Saturday, leads all major colleges in total offense with an average of 446 yards over four games. Detroit heads the listing in forward passes but the Titans face a stern test against Navy Friday night and will be hard pressed to maintain their No. 1 standing. Through its first three games, Detroit picked up 635 yards through the air for a per game average of 211.7.

Sadistic minded statisticians eagerly are awaiting the outcome of the West Texas State-Hardin-Simmons contest. West Texas State is the highest scoring team thus far with a 39-point average in four games; Hardin-Simmons on the other hand, has proven itself the most susceptible to any kind of offense by yielding 172 points in five games.

Bucks, Gruver To Tangle

By United Press International
Two games matching undefeated, untied teams may not be the only ones in which perfect record Class A schoolboy football eleven will find their records smudged this week.

There are at least a half dozen other games in which the perfect record club faces possible trouble.

The two main attractions of the weekend, however, find Springlake at Kress in District 3-A and Anahuac at Hull-Daisetta in 25-A with untarnished records and district supremacy riding on the outcomes.

But, here's the potential danger spots elsewhere among the unbeaten:

Gruver, which last week spoiled Stratford's stainless mark, meets powerful White Deer in I-A. White Deer, unbeaten prior to a 3-0 loss to Stinnett, appears fully capable of giving Gruver a severe test.

Brownsboro, which had to knock off previously unbeaten Keren-

last week to stay in the select group, meets an Emory team which has lost but two of six starts. The winner will be 17-A's undisputed leader.

Gaston, a perennial East Texas power, takes on twice-beaten Levett's Chapel in an 18-A headliner.

Garrison, another East Texas team familiar with success, faces rugged once-beaten San Augustine in 19-A, where Timpon also is in contention.

Thrall, in 23-A, must get by sometimes troublesome Rogers, which has won four of its seven starts.

Waller, a South Texas giant killer which owns the only victory of the year over Class AA Katy, takes on twice-beaten Cros-

by in an interdistrict game, one of only three non-title games on the entire schedule.

Houston Freshman Football Player Breaks Left Leg

HOUSTON (UPI)—Jess Alexander, 18, a freshman guard at the University of Houston from Sweetwater, broke his left leg Tuesday in a scrimmage. Alexander was an all-state selection in high school. Coach Roy Hill said Alexander was "hit from his blind side" while he was playing defense.

TITANS ADD THREE

NEW YORK (UPI)—The New York Titans today acquired defensive back Paul Hynes from the Dallas Texans and announced he would be ready to play against the Denver Broncos on Sunday.

Chicago Trounces

By United Press International
Everybody seems to be picking on the Boston Bruins in the National Hockey League this season. It was the Chicago Black Hawks' turn Tuesday night.

The defending Stanley Cup champions, who had to settle for ties in their first two games, finally scored their first victory by downing the Bruins, 5-3, at Chicago. It was the Bruins' 10th straight loss on Chicago ice dating back to Feb. 27, 1960.

In tonight's only NHL action, the pace-setting New York Rangers will entertain the Montreal Canadiens.

...there's a Ready-Lite for your home!

...and it operates for less than a penny a night!

- NO INTEREST
- NO DOWN PAYMENT
- 24 MONTHS TO PAY
- PUT IT ON YOUR ELECTRIC SERVICE BILL

With football games, hunting trips, and other fall activities, this is the time of year when you often leave the house in daylight and come back after dark. But it won't be dark at your house if you have a Ready-Lite. Ready-Lites are the automatic, electronic yard lights that come on when it's dark and go off when it's light. You can pick a Ready-Lite that fits your home just right. Four models to choose from that are priced from \$49.50 to \$59.50. Ready-Lites cost less to

operate — less than a penny a night. If you want light — and want it at night when you need it — you want a Ready-Lite.

WARDS CARRIES QUALITY-BUILT TRANSMISSIONS FOR ALL CARS

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

Entered as second class matter under the act of March 3, 1879.

On The Way Back

NEWBURGH, N.Y., may find a niche in history as one of the first American communities to revolt against the welfare state. Community leaders of Newburgh decided that people should no longer be asked to support chiselers. They are not against assistance where needed. But they know that this is in no way related to the political game of welfareism that is bankrupting the country.

covered. The local paper has been deluged with congratulatory messages directed to all of the people of Italy. Typical were the following: "If Americans were anxious to provide for their own security rather than expecting Uncle Sam to take care of them, socialism-communism wouldn't have a chance."

More Aid For Commies

Little publicity has accompanied a deal wherein the United States has sold to Communist Yugoslavia 70 Navy jet training planes at the bargain price of \$17,300 each. The planes cost the U.S. approximately \$200,000 each. All but 20 of the planes already have been delivered to Tito, who lined up solidly behind Khrushchev at the conference of so-called "neutral" nations earlier this month in Belgrade.

made by Tito and the U.S. State and Defense Departments. The last of the planes remaining in the U.S. are now at the Litchfield Naval Air Facility at Avondale, Ariz. They are being crated for shipment this month to San Diego, where they will be picked up by a Yugoslav ship.

Outpost Of Truth

Guesswork over possible terms of an East-West Berlin settlement often includes the idea that we might give up our powerful propaganda transmitter, RIAS, based in the U.S. sector.

ple to move to West Berlin to help infuse the city with a new life, the Reds said: "A little army of rowdies is to take action... They will knock citizens down, they will bother women, they will damage interurban trains, they will steal, organize provocations and terrorize all decent people."

Nothing so irritates the Communists as a steady barrage of the truth. They have fumed at RIAS for years. Yet some are saying the free world's loss would be relatively minor if we silenced this major irritant.

This is a mild sample. In many, the distortions, the vituperation and the insults tax the credibility of even the most gullible. To silence RIAS would be to diminish the hopes of millions and to yield the field to arrogant Communist lies. This would be much more than the minor concession some say it is. Should we abandon our sturdiest outpost of truth?

Perhaps, most important, RIAS is probably the single most successful propaganda transmitter in the entire free world.

I brought up the subject once or twice in Rome and was told that in case of war Romans probably would flock to the Catacombs and go underground like the Christians of centuries ago.

It is reliably estimated, on the basis of polling among refugees, that the station is listened to by three-fourths of the 17 million East German population.

It is a mild sample. In many, the distortions, the vituperation and the insults tax the credibility of even the most gullible. To silence RIAS would be to diminish the hopes of millions and to yield the field to arrogant Communist lies. This would be much more than the minor concession some say it is. Should we abandon our sturdiest outpost of truth?

It's Up To You

by HOWARD KERSHNER
L. H. D.

Hankering

By HENRY McLEMORE

As soon as I get my bedroom slippers resoled I am going to slip away to our neighborhood psychiatrist, stretch out on his "divan de dialogue," and tell him what's bothering me.

Not everything that's bothering me, of course, for if I did that, even at cut-rate prices, my bill would be astronomical. Just the answer to the big problem—that's all I want.

The big problem is this: Why is it that since I have returned from Europe I have THE BOMB always on my mind, while when I was over there I never thought about it at all?

It seems to me — and this is what worries me — that in Europe I should have been much more bomb-conscious than I am in America. Italy, where I was most of the time, hasn't got a bomb to its name, has no great Air Force and not much of a Navy. Italy is wide open to attack and is much closer to the enemy.

Yet in Italy I never gave THE BOMB a thought, and neither did anyone else. In all the time I was there, I never heard an Italian mention the infernal thing, nor did I ever hear of a shelter being built by any person.

The bomb is never mentioned in France, either. The same is true of Spain and Greece and all the other countries. But as soon as I stepped on the soil of my homeland THE BOMB was in the air, everywhere. People talk about it all the time. Men are getting rich filling orders for shelters. At parties people argue as to the type of shelter, and what to put in them, and who to let in them in case of attack.

Why are we Americans so much more concerned than the peoples of other lands? Not even in Berlin, right smack on the bulls eye, is there much talk of the bomb. Berliners go right about their business as if this were the year 1966 and not 1961.

Is it because we Americans have more sense than Europeans? More foresightfulness? Or — is it because Europeans don't care too much about living, or are lazy or stupid? Or do they believe that some miracle will save them in case nuclear warfare breaks out?

I wonder if we Americans don't talk about the bomb too much. It's all right to think about, and plan for it in case it drops, but it shouldn't hang over our heads like — well, like a bomb. Our minds are liable to go underground, or we might begin to think, like an ostrich, that if we keep our heads buried all will be well.

Maybe it would be better to look up, not down, and try to figure out a way to make going underground unnecessary.

President's communication to General MacArthur, the latter replied: "Men and material in large force are pouring across all bridges over the Yalu from Manchuria. This movement not only jeopardizes but threatens the ultimate destruction of forces under my command... The only way to stop this reinforcement of the enemy is the destruction of these bridges and the subjection of all installations in the north area supporting the enemy advance to the maximum air destruction. Every hour that this is postponed will be paid for dearly in American and other United Nations blood."

In 1952, after leaving the State Department, Dr. Rusk recommended that the Rockefeller Foundation contribute almost \$2 million to the Institute of Pacific Relations, an important private group that influenced U.S. policy to favor the Chinese Communists.

Be Our (Paying) Guest —

Allen - Scott Report:

Khrushchev's Eagerness for Summit This Year Salient in Humphrey's Report on Italy Meeting

WASHINGTON — Senator Hubert Humphrey's private report to President Kennedy on his "little summit" meeting in Italy with Soviet Premier Khrushchev's son-in-law and a group of Soviet writers is getting a lot of attention at the White House.

Not only has the President read every word in the 11-page report, which stresses Khrushchev's overriding desire for a summit meeting this year, but he personally circulated it among all of his top advisers working on the Berlin crisis.

The President told his policy makers that he was particularly intrigued by the way that Alexei Adjupei, editor of Izvestia and Khrushchev's son-in-law, kept trying to get the Senator Humphrey down on whether the President would agree to a meeting with the Soviet leader.

"During our two-hour discussion, Adjupei kept bringing up the possibility of a summit meeting," reported Senator Humphrey. "It was obvious that he kept trying to bring this discussion around to this point at every opportunity. He even hinted that a top level Big Four meeting was a must to avoid war."

Senator Humphrey pointed out that "Adjupei definitely tried to find out if the President was ready to agree to a summit meeting this year." To which, the Senate Democratic whip replied: "No Kennedy - Khrushchev meeting can be expected to take place without the scope of the negotiations being laid out beforehand and with some indication from Khrushchev that such a meeting will be a success."

Senator Humphrey reported that he used the occasion to issue a flat warning to Adjupei that "if Khrushchev pushes the U.S. too far there will be a conflict."

"We are going to honor our commitments in West Berlin," Humphrey told the Soviet writers. "These commitments are a matter of national honor and we don't intend to break them."

THE SURPRISE — The big surprise in the talks, according to Humphrey, came when he told Adjupei that the U.S. didn't really care whether Russia signed a peace treaty with East Germany.

"Do you mean to say that the Soviet Union can sign a peace treaty with East Germany without the U.S. taking action against us?" asked the surprised Adjupei.

"Of course! We don't care what you do," answered Senator Humphrey. "Whether you sign or don't sign a treaty with the East Germans won't make any difference to us. We have no intentions of recognizing the sovereignty of East Germany."

Strongest reaction from Adjupei came when Humphrey chided him about the Soviet's inferiority complex toward the Germans. "You ought to grow up and get over your feelings of inferiority. All of you including Khrushchev, display an incredible sense of inferiority about the Germans when you play up your fears of West German rearmament," said Humphrey. "West Germany is nowhere near as strong as Russia and you know it. They have eight divisions and you have 175 divisions. You have atomic weapons, they have none."

Pegler Says:

Here Is An Unusual Guy Who's A Demon For Work

By WESTBROOK PEGLER

A retired neighbor of mine recently hired a young fellow of 22 for his yard-man around an Arizona residential patch which had gone to weeds in an unusually rainy summer. This youth took charge with such vigor that in one week of half-days he had beaten back the desert almost to the borders of the plot and burned much of the dead stuff. He had already pledged the other half of his days to an automobile repair shop. He has a high school education, but he says to hell with college; he wants to work and make money.

sourdough biscuits and coffee and fry things. His sink and a pantry are as neat as the galley of a man of war.

He says any guy who wants to work can get work and get by. Along his brief way to date he has learned something about roses and pestiferous grasses. He found a pump kind of acting up. It was sucking wind or something like that. He got a couple of wrenches off the bench in the garage and took that pump pretty well apart. He doesn't know exactly at which stage of his experiment he cured the pump, but it quit sucking air and went back to work.

"That little guy, Mac, the builder, is a wonder," Mike said after a few days. "He can do any damn thing that has to be done with tools. I am going to learn a lot from being around him. One of these days I aim to get me an acre somewhere with water tied in and build me a house. I could make my own 'dobs or build board forms and stop the 'dobe mud in and let 'er set like concrete. But those 'dobe bricks are pretty cheap and I might use them instead."

A man who builds small dwellings on speculation, a real workman himself, watched the kid at the pump and offered him some time on a house which had to be delivered Saturday. This was Monday. The kid was getting through at the automobile shop anyway so he went to work on the house and his first two half-days were an ordeal. He had to spray the nether sides of the eaves, which in the desert have a lot of overhang, and that spray stuff, which was reddish, got all over his work clothes and painted his face. But he laughed it off and anyway the spraying was soon done and the young couple who were buying the house began to shove in pieces of furniture and pots and kettles. The third day the kid painted. But he wasn't satisfied with his own work. He said to the contractor, "Mac, that there is a hell of a brush. Stiff and no-count and too narrow. Get me a real brush so I can do some work."

"No," my friend said, "but I am not knocking it."
"I did think of marrying one," Mike said. "But I haven't figured out the angles yet. You give up a lot and you can't be sure. I haven't got anything against it them. But what's in it for me?"

He likes to work and to get work done. He likes to look back over his trail and see what he has accomplished. He had a job with a rich woman who lives alone and likes to have people in for rather stately, talky dinners and she tried to teach him to serve meals. He was willing to make her bed and even hang up her nightgowns and stuff and he didn't mind serving the meals. But when she told him that instead of calling him Mike, which is his name, she would call him Michael, he said, "The hell you will," and checked out.
