HOTTEST NOVEMBER

And here's what started the heat wave!

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. Everywhere the people flocked into their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. There are four magic reasons-why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling. the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine options. Third is total economy-every Ford model is priced directly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept-every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations . . . The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality . . . most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

PRODUCTS OF STAND MOTOR COMPANY

NOW THERE ARE FOUR CLASSES OF CARS ...AND ONLY FORD HAS ALL FOUR!

This class includes cars with 106- to 114-inch wheelbase. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced. 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futura and new Falcon Squire wagon. FAIRLANE CLASS:

The Ford Fairlane is the first member of a new class which com advantages of both compacts and big cars . . . you get big car room, ride and performance . . . compact savings and maneuverability. Priced below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxis.

LUXURY CLASS:

FULL-SIZE CLASS: GALAXIE BY FORD

The class for families who want big car comfort, performance and prestige. Value leader is the Ford Galaxie—which has every essential feature of far coether fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxie will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

Altend The Church Of Your Choice

RAYMOND NANCE GENERAL CHAIRMAN THIRD ANNUAL PAMPA PILGRIMAGE

In Pampa, Christmas takes on a deeper meaning when severald thousand people leave their homes, and walk in family groups, to the Church of their choice on a Sunday night before Christmas week.

This year, we will walk Sunday, December 17, and 39 churches are participating. Your church has been assigned to one of the five gathering points. If you do not know where you begin your Pilgrimage, contact your church. Congregations will first meet at one of these points: Pampa Senior High School, Carver School, Ideal No. 1 Parking lot at Browning and Ballard, Baker Elementary School and Lamar Elementary School.

From the night when Wise Men followed a brilliant star to the manger in Bethlehem, to this day, many faithful Christians have taken long pilgrimages. They visit holy places, and from the earliest dawn of Christianity it has seemed proper that pilgrams should walk.

Pampa does not attempt to imitate these faithful men and women who travel many miles to visit a shrine, but we do borrow the humility, devotion, and faith of greater pilgrimages and demonstrate them here. We walk with neighbors, families, and friends. We sing great hymns. We unite in a great demonstration of America's faith in God, and our personal devotion to Christ. The Pampa Pilgrimage is a holy and righteous act of faith.

Join with any of the 39 congregations as we meet at 5 PM Sunday, December 17. When the pilgrims start to walk you will find a spirit you may never have known, or once knew and have forgotten.

The Pampa Key Club invites you to coke, be a Pilgrim. The worship hour will be in the usual pattern of your church. The Pilgrimage only hopes to persuade an overwhelming number of loyal Christians to be in church at the same moment as thousands of others are in praise of the Christ child.

Old Law School Channel 4 Hires Teachers

SAN FRANCISCO (UPI)-The

The rule is iron-clad with Lubbock; Pamela Ann Martin, year-old Hastings College of Law a branch of the University of

> The faculty is called the "65 Club" and it includes six former deans of major university law schools.

The oldest member is Merton L. Ferson. He is 65. Before coming to Hastings, Ferson was dean of the University of Cincinnati Law School for 20 years. The youngest active professor is 68. He is George E. Osborne, a Stanford University law instructor for 35 years.

Even with law professors 65 and over, the school's dean, David E. Snodgrass, prefers that they have at least 25 years experience. The policy grew from direct necessity in World War H when Hastings had trouble finding

young professors of law. Wanting to expand, Hastings turned to retired law professors. The first two or three turned out to be dedicated men, "with none of the usual diversions such as pregnant wives and country clubs," Snodgrass said. -

Since 1948, Hastings has not hired a law professor under 65. Snodgrass, who constantly wears a battered, green eyeshade, said his program has worked out so well that he will keep it up as "long as possible." But, he said, he has a feeling that the "tide is running against the practice of hiring people over 65."

"There's no smooth road ahead for the 65 Club," he said, "A tide is running against the program. By accident the state legislature may destroy us."

The accident, he said, may come out of legislative action on compulsory retirement laws or social security laws.

"Retirement is a vast waste land," he said. "I've learned by this program that people do not all age at the same rate. "The notion that a man

birthdays is idiotic.

afford it, and it certainly is to Hastings' benefit."

treachery now should turn to It was with a remarkably bad blackmail as a natural means of

garians suggested they might be good thing for schools that can a regime which rose to power by party of a package deal for full U. S. recognition of the Sovietpuppet regime of Janos Kadar,

> It was especially bad timing because on the same day the Hungarians were making their proposal public, Sir Leslie Munroe of New Zealand was making his annual report on Hungary to the United Nations.

Sir Leslie found that the Kadar regime existed only through the continued presence of some 50,000 Soviet troops,

"There is sill no rule of law in Hungary, nor are the Hungarian people permitted to exercise the right of self-government," he wrote. He added:

"Despite adversity and repression, Hungarian national feeling remains alive, to the evident discomfort of the regime."

In the Hungarian freedom re-

volt which exploded on Oct, 23, 1956, it has been estimated that 25,000 Hungarians and 7,000 Russians were killed. Another 190,000 Hungarians fled

before Russian barbed wire and land mines finally successfully sealed the heroid nation once more behind the Iron Curtain. On Nov. 4, with the revolt to all

intents and purposes crushed, Mindszenty sought refuge in the white-stone U. S. legation located ironically on Freedom Square. in Budapest. He had been free exactly five days from a Communist

Throughout his five years in the legation, secret police have stood guard outisde. Others from locations across the street have watched through binoculars as he goes about his daily prayers and writes his memoirs.

There is a possibility now that the Communists are tired of their futile game, that they believe his removal would erase a symbol to which Hungarian freedom fighters still cling.

Steak Slice

WASHINGTON (UPI) - Ever wonder why you pay \$1 a pound for steak when cattle on the hoof or on the hook is selling for 25 cents a pound?

The U.S. Department of Agriculture explains it this way: less than four per cent of a steer is sirloin steak, so scarcity increases cost. Also, the price the housewife pays for a steak includes a lot of other things besides the price of the animal - freight, labor and packaging.

New Free Trade Policy Pondered

THE PAMPA DAILY NEWS

FRIDAY, DECEMBER 8, 1961

54th YEAR

NEW YORK (UPI) - Business leaders reacted with caution to President Kennedy's call Wednest located on three hills: Beacon, day for a new tariff policy.

Most members of the National Asociation of Manufacturer who heard the President's speech indicated they wanted first to see how Kennedy planned to implement his proposals for lower tariffs and broader powers in dealing with the European Common Market.

'I hope he goes slow and does not destroy more jobs than you create by free trade," said a southern textile executive.

J. Clinton Bowman, president of United Biscuit Co., Denver, said he was "very much impressed by the way he turned on the charm in a difficult situation." But he called for more details than appeared in the speech,

during which NAM members applauded politely but not enthusiastically

One official said he agreed with the President's aims, but added it was still possible "to disagree with his methods.

The old city of Boston once was Fort and Copp's.

TRUTH-FORUM With Ed Delaney

President Kennedy and some of his co-workers in the administration, especially his brother, Robert, the attorney general, have sounded off against what they call "extremists" in our country who are criticizing policies of the administration. Such people, assert the Kennedy brothers, with pointed reference to the John Birch Society members are unwilling to face up .o the danger from without and are convinced that our real danger comes from within. Those so-called extremists, according to the Kennedy brothers, sow seeds of doubt and hate. They are undermining confidence in the government by their jibes at policies and persons identified with such policies.

On the contrary, the very oping to undermine confidence is the government the John Birch members and other militant pro-American groups are endeavorfederal officials. They have, in certain instances, called attention to some political and economie quacks and charlatans who are clustered around the Pro Some of these, as Sen. Strong Thurmond of South Carolina serted, are Marxist socialists -in key positions of the government. Persons who are under the influence of Communist Party members.

Some of our unintimidated men in Congress, such as Sen. Barry. Goldwater of Arizona are adding to their criticisms the names of the persons in the President's official family who are directly responsible for conceiving or implementing the dubious policies. That is a healthy sign. For far too long there has been what appears to have been a tacit agreement among the political parties. that the persons responsible for such programs must remain anonymous, Thank heaven, that cloak of anonymity is being pulled aside and the names of the quacks and consistent failures are being blazoned for the public.

As long as members of the John Birch Society and other pro-American groups restrict their criftcisms and exposes to those with known records of political ineptness, they are rendering a service and not a dis-service to the

The Almanac

By United Press International Today is Friday, Dec. 8, the 342nd day of the year with 23 to

follow in 1961. The moon is approaching its first quarter.

The evening stars are Jupiter and Saturn.

On this day in history:: In 1863, President Lincoln announced his plan for reconstruction of the South.

In 1886 the American Federaltion of Labor was founded at a convention in Columbus, Ohio, by delegates from 25 labor unions and organizations. In 1940 almost 400 Germans

planes raided London, causing the first serious damage to the British House of Commons. In 1949, the Chinese Nationalist government moved its headquar-

ters from the Chinese mainland to the island of Formosa.

A thought for the day: Dutch philosopher Benedict Spinoza said: "He who would distinguish the true from the false must have an adequate idea of what is true and

SASSER SHOE SHOP

PRESENTING THE NEW SIZE DODGE DART! SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE

This automobile is probably unlike any you have

ever driven, seen or read about. It's two feet shorter than America's longest car and two feet longer than America's shortest car. It's right in the middle. You don't have to give up inside room and comfort to get maneuverability, or-

For a fact, this is one of the quickest cars going. You can feel the difference instantly. There are two good reasons. (1) The most powerful standard six in the business. (2) The most powerful standard V8 of any car anywhere near its price. Inside this new size Dodge Dart there's plenty

of room and comfort. The seats are chair-high and

deeply padded. In the Dart 440 series a fold-down

and you've got the comfort and security of a bucket seat. If you need extra room, just fold it up again.

The Dart 440 is a very luxurious automobile. There's sill-to-sill carpeting under your feet. The upholstery is saddle-grained vinyl. It extends clear up the door panels, and molds softly against the window openings.

And how about this? The body is rustproofed. The brakes adjust themselves. You go 32,000 miles between grease jobs. Dodge dependability all the way. Drive the new size Dodge Dart today.

SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE. THE NEW SIZE

center armrest is standard equipment. Fold it down PARKER MOTOR COMPANY
