Stinnett To Play Gruver For 1-A Title

By United Press International
At least 10 more clubs can join Kress, Kotan and Crowell in the Class A schoolboy football playoff field this weekend.

There are two games in which the winner will automatically sew up a spot in the 32-team field which will launch the five-week playoff program: two weeks from now. These pit Stinnett against Gruver in 1-A and Rio Honda against Port Isabel in the two-team 32-A.

Other potential decisive games include:

Idalou can wrap up the 4-A honors by beating Rails; defending state champion Albany can earn a berth by beating Early in 9-A; Forney can make the grade by besting Farmersville in 14-A; Brownsboro can do the same against Malakoff in 17-A; Grove-ton can win a spot by beating Alto in 20-A; Shiner can make it by beating Smithville in 24-A; Waller can represent 27-A by downing Sealy; and Bandera can win the 29-A spurs by dropping San Antonio Southwest.

Seagraves in 5, Wink in 7, Midlothian in 12, Honey Grove in 13, San Augustine in 19, Waco Connelly in 22, Rosebud in 23, Huddleston in 25, Hitchcock in 28, Three Rivers in 30 and Woodsboro in 31 own undisputed leaderships and some of them could back into the playoffs this week with help from other district members.

But, it will be Nov. 10 before anything could be definitely settled between McLean and Lett in 2, Sonora and Big Lake in 8, Mount Vernon and Talco in 15, Hawkins and Overton in 16, New London and Gaston in 18, Franklin and Groesbeck in 21, and Crosby and Tarkington in 26.

BERL HUFFMAN

Berl Huffman To Speak At Pampa Grid Banquet

Berl Huffman, freshman grid coach and varsity baseball mentor at Texas Tech, will be the guest speaker at the Pampa High School football banquet Tuesday Dec. 5.

The banquet is sponsored by the Quarterback Club and will be held at the Robert E. Lee Junior High cafeteria. Tickets for the public went on sale today at Richards' Drug and Malone's Pharmacy at \$2.50 each.

Huffman, a former White Deer Buck coach in the early 1930's is a person much in demand throughout the area as a speaker.

He has been with the Texas Tech system 10 years off and on. Huffman served in various capacities with the Raiders from 1935 until 1947 except for four years in the Air Force.

The Raiders lured him back to the campus this fall after Huffman had left coaching in 1952 to go into business.

Huffman's versatility in athletics dates back to his college days at Trinity University, then located in Waxahachie, where he was a three-sport letterman.

The popular coach joined the White Deer staff and in 1931 went to the head post at Lubbock High. At Texas Tech, Huffman served under the famed Pete Cawthon and Morley Jennings. His first contract was to serve as freshman football coach, varsity basketball and baseball mentor.

In 1941, Huffman was named varsity grid backfield boss and continued as varsity basketball coach until he went into the Air Force in 1942 and stayed until 1946.

He was head grid coach at the University of New Mexico from 1947 until 1952 when he left coaching to manage the Albuquerque Chamber of Commerce. Huffman became director of the State Economic Development Commission of New Mexico in 1955.

Two years later, he accepted a position as director of the Alamogordo Industrial Corporation, before Polk Robinson and J. T. King, the Raiders grid coaches, lured him back to Tech.

Harvesters Eye Lubbock Club Minor Injuries Hamper Pampa

Rebels, Reapers Tangle Thursday

Junior high football in Pampa bids its farewell to the 1961 grid season Thursday night with the traditional rival game between Lee and Pampa junior high schools.

These two clubs meet at 7:00 at Harvester Park and you can throw the record books out the window when they play. Last year Lee copped a narrow 14-12 victory over coach John Hale's Reapers.

Neither club has an outstanding record, but a firecracker of a game is expected.

Coach Joe Perryman's Lee 7th grade completed an undefeated season last Friday by soundly thumping the Pampa 7th graders 32-8 behind the outstanding performance of Jack Thompson, who scored four touchdowns.

Mack Choate's free-wheeling Lee 8th grade wound up as the city's highest scoring eleven with 168 points in five games for a 33.3 average. The mighty Rebels lost only once and concluded their season last Thursday with a 32-12 victory over Phillips.

The Pampa Shockers recorded their second triumph of the season by beating the Tascosa Raiders 18-12 on a last minute touchdown by Lance Miller.

Otherwise, Pampa teams met defeat. Coach Lester Ramsey's Lee 9th dropped a 22-0 decision to Gruver "B" and the Reapers lost to Phillips 30-14.

The Shockers have two games left on their schedule, however. They take to the road to face the Amarillo "B" team Saturday morning at 10 a.m. The Amarillo eleven has a 6-2 season mark.

SPORTS

The Pampa Daily News

Aggies' Mentor Spooked By Razorbacks Defense

By United Press International
It was Halloween Day and at least two Southwest Conference coaches told their squads "spooky" stories about this week's opponents.

Arkansas' stunting defenses are "baffling," Texas A&M coach Jim Myers told his squad. "Boy, that Broyles (Arkansas coach Frank Broyles) has some rough defensive patterns."

Myers said his team had a "bad workout." Broyles was happy with the progress his team was making in blocking and tackling. The teams meet in Fayetteville Saturday.

Myers said that Kenneth Kipp, a wild card substitute at defensive halfback, will miss at least the next three games with an injured right elbow.

University of Texas coach Darrell Royal pulled a surprise by moving third string tailback Tommy Ford to fullback, replacing injured Ray Poage. John Allen Cook and Darrell Oliver are working at fullback along with Ford.

Poage suffered a knee injury in last week's 34-7 conquest of Rice. He will miss the meeting with Southern Methodist in the Cotton Bowl Saturday.

Junior fullback John Ed Clarke of Bonham won a spot on the Mustangs' first team Tuesday because of his fine play in the 8-7 victory over Texas Tech last Saturday. The Ponies looked at Texas play patterns as run by orange-shirted reserves.

The injury bug dogged the Rice Owls in Houston. Larry Anthony, No. 2 left guard, was excused from practice because of a neck injury. He will undergo treatment and probably will play against Texas Tech Saturday. The trip to Lubbock will be the first for the Owls since 1948.

Texas Tech concentrated on how to move the ball inside the opponent's 20-yard line Tuesday, despite a drizzle. Coach J. T. King also drilled the squad on punting and kicking field goals.

The Baylor Bears worked overtime on defense Tuesday—a malady largely responsible for their three straight conference losses. The Bears host Texas Christian in Waco Saturday.

Coach John Bridgers moved No. 2 left tackle James Moore, and No. 3 right tackle Jon Markham to the starting unit. Bridgers was pleased with the workout.

Minor Injuries Hamper Pampa

Bad weather and last Friday night's loss to Palo Duro have failed to dampen the spirit of the Fighting Pampa Harvesters as they prepare to meet the Lubbock Westerners this Friday in the next-to-last home game of the 1961 grid season.

The Harvesters went through a tough drill Tuesday in a damp, dreary weather. The linemen, under the watchful eyes of coaches Dwain Lyon and Weldon Trice, had their day in the "cage" in an effort to improve their blocking and defensive maneuvers.

Five Harvesters have been hampered by minor, but aggravating injuries received in the Palo Duro contest. Quarterback Rickey Stewart, halfback Mike Stewart, tackle John Brown, halfback Riley Walters and guard Jimmy Hoyle were hobbling around with injuries.

R. Stewart probably has the worst injury, a badly bruised hip although his brother Mike has been bothered by a severe charley horse in his leg. Both are expected to go at full steam against Lubbock, however.

Pampa allowed 40 points against Palo Duro, but the Dons just outscored the Harvesters 5-3 in touchdowns. The winners made the most of their extra points. Trice said Tuesday that the game could have been much closer had not Kenny Hebert's long touchdown run been called back when he was ruled out of bounds. The game film showed that the speedy sophomore halfback was in bounds.

Brown and tackle James Webb looked good in practice Tuesday in the "cage." The "cage" is a place where the linemen are put with an offensive and defensive man and they try to get each other out of the enclosed area.

Webb, a real hard-nosed football player, looked his usual self. Brown really impressed with some fine blocking.

Otherwise, the Harvesters went through their daily routine running offense and defense.

Lubbock rolled over three non-conference opponents but fell prey to injuries when the district slate started and dropped three straight games before blasting Plainview 66-0 last Friday.

The Westerners have a large club but do not have good overall speed. Quarterback Tom Middleton and center Charles Ray have been the main sparkplugs for the Lubbock eleven.

Mississippi Southern Takes Over Top Spot

NEW YORK (UPI)—Mississippi Southern, an impressive winner last weekend, moved back into the No. 1 spot in the United Press International small college football ratings today as Northern Michigan paid the penalty for idleness and dropped to third place.

Mississippi Southern, which defeated Abilene Christian, 33-6, for its fifth victory in six games, received first-place ballots from 14 of its own college coaches who comprise the UPI rating board.

The rest of the first-place votes were scattered.

Pittsburg (Kan.), unbeaten and untied in seven games, also moved up one notch to the No. 2 ranking, while Northern Michigan, which did not play last weekend, dropped from first to third place. Northern Michigan (5-1) led the ratings for the two previous weeks after Mississippi Southern had been ranked tops for the first two weeks.

Florida A & M and West Chester (Pa.) Teachers were this week's newcomers in the top 10 group in 9th and 10th places. Louisiana Tech and Hofstra dropped out of the select group.

Following Northern Michigan in this week's ratings were: Southeastern Louisiana (7-0), Fresno State (6-0), Baldwin Wallace (5-0), Idaho State (5-0) and Wheaton (7-0) in that order.

Louisiana Tech, eighth last week, dropped back to an 11th-place tie with Butler. Following them in order were: Texas A&I, Whittier (Calif.), Humboldt State (Calif.), Northwest Louisiana and Lenoir Rhyne. Lamar Tech was 18th, with Southern Illinois and Hofstra rounding out the second 10 group.

Football Taught To Girl's Class

FERRUM, Va. (UPI)—"Ladies, this is a football."

There's no sarcasm when athletic director Gene Evans opens his skull session at Ferrum Junior College.

He teaches the game to girls—all coeds at this small (enrollment 643) Methodist junior college in southwest Virginia.

For the past four years, Evans has opened his class for girls by holding up a football and saying, "Ladies, this is a football."

"Why not teach the game to girls," the 31-year-old athletic director asks. "Fifty per cent of the spectators are girls and they can enjoy the game more when they understand it."

Early in the course, Evans gets the usual run of questions expected — "What is a down?" And "Is the referee mad when he waves his arm?" But as the course progresses, the girls see more and want to know finer points like "Why does a halfback pat the quarterback on the rear as he runs to the sidelines?"

The small wirey coach says simplicity is his main guide in teaching the game to girls.

"It's the coaches who complicate the game and I try to explain things in simple terms," he says. "We start with the basic diagrams of the field, show the equipment, explain the scoring system, and define referee hand signals."

"Of course, the girls couldn't give away any trade secrets if they dated boys from opposition colleges, because we don't go deep enough for that," he said.

Coyotes, Brownwood Retain Grid Ratings

By United Press International
Yalefa rose from 10th to eighth. Galena Park slid from seventh to ninth and Amarillo Tascosa from ninth to 10th.

In AAA, San Benito and Gainesville remained in second and third and Carthage and Dumas each moved up one place to fourth and fifth. Cleburne and Belton each jumped three places to sixth and seventh.

GATOR PROSPECTS

JACKSONVILLE, Fla. (UPI)—A total of 15 teams are being considered for the annual Gator Bowl football game here on Dec. 30. Schools under close watch by the local selection committee include Mississippi, Alabama, Georgia, Tech, Louisiana State, Texas, Colorado, Auburn, Penn State, Maryland, Miami, Duke and Texas A & M. Land, Syracuse, Arkansas, Missouri, Miami, Duke and Texas A&M.

Pampa Cagers And Clarendon College To Play Thursday

The Pampa Harvesters will open their cage season Thursday afternoon with a scrimmage tilt against Clarendon Junior College in the Pampa High School Gym at 4 p.m.

Coach Terry Culley's crew have been working out for the past three weeks, drilling in fundamentals. But this will be their first test of the season against outside opposition.

Culley hasn't set a definite lineup for the scrimmage and it is probable that he will use most of his players. The 1961-62 basketball schedule has been released and the Pampa Daily News will carry a complete story Thursday on the players and the schedule.

Heath's Men's Wear

PAMPA'S OWN QUALITY MEN'S STORE

COMBS-WORLEY BLDG. - Ph. MO 4-2141 - PAMPA, TEXAS

SEAT COVER HEADQUARTERS — Leymond Hall, owner and operator of Hall Tire Company, 700 W. Foster, displays the new 1962 pattern selection of the well known caprice seat cover. Hall Tire Co. is well stocked with a wide variety of seat covers in all makes and styles to give the customer a choice of materials and price ranges. Come in and see them or phone MO 5-5755 for a free estimate. Hall Tire also sells and installs safety seat belts in all makes and models of automobiles. (Daily News Photo)

Hall Tire Co. Offers Seat Covers, And Various Quality Services

If you want style and service in your automobile seat covers, Hall Tire Company, 700 W. Foster, is the place to go.

Whatever your color desire, Hall Tire carries the line that is best for your car. You have your choice of material, whether it's plastic, jet spun, nylon or fiber. All are of highest quality go give class and beauty to the interior decoration of your car.

These long-lasting seat covers at Hall Tire are doubly reinforced at all points of strain. They are yours at prices to fit your budget. Stardust, T-Bird, Monarch, Caprice and Clear are some of the styles.

To show how highly they regard their seat cover service, Hall Tire will see that your seat covers are fitted correctly. Thus you get all the wear and service that was intended.

For long-lasting, good looking seat covers go to Hall Tire Co., 700 W. Foster.

Hall Tire Co. is also a distributor in the Panhandle area for the magic formula MF-9, the 100 per cent petroleum product designed to provide hi-point lubrication at all operating temperatures.

One can of formula 9 cleans sticky automobile valves and gives proper hydraulic valve lifter operation.

The use of Formula 9 results in a strong oil film on the cylinder wall and all the internal parts of the motor.

Hall Tire also includes tire truing and balancing, the combination that gives you:

- No. 1 — Lower car repair bills from front end damage, caused by excessive shimmy and vibration.
- No. 2 — Longer tire mileage.
- No. 3 — The driving ease that comes only from smoother driving.
- No. 4 — Increased safety.

Tire irregularities cause immediate excessive tire wear around the high spots, a condition that increases vibration, shortens both tire and car life and increases driver fatigue.

Stop at Hall Tire Co., 700 W. Foster, for all your car service: seat covers, tires, tire service, Magic Formula 9 and auto maintenance.

British Market Plan Disturbing To Sen. Tower

WASHINGTON (UPI) — Sen. John Tower, R-Tex., has returned from a 10-day visit in England and France, fearful that Great Britain's entry into the common market might have adverse effects on American foreign trade.

Tower conferred with several members of the British government, but emphasized he was traveling on his own, and not in any official governmental or party capacity. He said he personally paid his and his wife's expenses for the trip.

"I expect Britain's entry into the common market would have adverse effects on America trade," Tower said. "But on the favorable side of the ledger would be the stabilizing influence, political as well as economic, England would bring to the continent."

Tower said he was planning to leave either today or Wednesday for Texas to campaign in the congressional campaign of John Goode of San Antonio.

Goode, a Republican, is opposed by State Sen. Henry B. Gonzalez.

Queen Outlines Plan To Boost British Forces

LONDON (UPI) — Queen Elizabeth II announced yesterday in an aged-old ceremony government defense plans that could double the size of the British army to protect her realm in today's threatening times.

Opening a new session of Parliament, the smiling queen said in a speech written by Prime Minister Harold Macmillan's government that several army manpower measures were planned.

About 50,000 national servicemen and 140,000 reservists could be affected. The present size of the British army is about 165,000 officers and men.

The queen, standing in ermine and crown jewel splendor, said the government planned to extend the two year active duty of some army national servicemen (draftees) by six months.

Macmillan's Conservative party and the opposition Labor party recently voiced concern that the British army of the Rhine in tense West Germany may be unmanned.

Business In Review Annual Reports Award Won By Electric Firm

NEW YORK (UPI) — Post-war growth of the United States stockholding population to an estimated 15 million made timely reading today of a couple of expert opinions on the printed link between corporations and most of their stockholders—the annual report.

The occasion was announcement by a business weekly, the Financial World, of winners in the 1961 competition sponsored by the magazine for the year's best annual report. The best-of-all industry award went this year to a public utility, American Electric Power, for the first time.

In making its awards, the FW Board of Judges sifted through about 5,000 annual reports, evaluating each on a basis of 60 per cent for content—what was in it—and 40 per cent for appearance—what it looks like.

In connection with the awards and the whole subject, two men gave their views on what should be in the report. One, Thomas W. Benham, is vice president of Opinion Research Corp.; the other, Donald B. McCurda, is president of the New York Society of Security Analysts.

The annual report of a corporation, they concluded, should contain something for all: Both the small stockholders who lack an expert view of the field, and the analyst who in essence is the man who determines what shall be recommended to the would-be investor.

"Much of the trouble with annual reports," wrote Benham, "lies in the fact that big companies and their stockholders frequently are not speaking the same language."

He said that his organization's research showed 77 per cent of today's stockholders earn less than \$10,000 a year, 70 per cent are not college graduates, and 53 per cent are women.

Hunt For Needles Tossed Into Space Proves Futile

WASHINGTON (UPI) — So far those 350 million tiny copper needles fired into space by the United States haven't posed the danger Russian spaceman Gherman Titov and some Western scientists predicted.

In fact, no one even knows where the needles are.

The Air Force said today they have not been spotted by either radar or radio waves in a space search being conducted by the Massachusetts Institute of Technology's Lincoln Laboratory at Lexington, Mass.

The needles, designed to test the possibility of a jam-proof communications system, were launched Oct. 21 from Point Arguello, Calif., as a piggy-back package on a Midas satellite.

The hair-like needles were supposed to form a band around the earth at an altitude of 2,100 miles to serve as a reflector for radio waves sent from one part of the world to another. But the Air Force announced last week that no trace of the needles could be found.

Titov charged in Moscow last week that the needle experiment was a "reckless step interfering with peaceful conquest of space."

Some Western scientists complained that the needles might interfere with satellites and with astronomical observations of the heavens.

HALT TO DRUG PATENTS URGED

WASHINGTON (UPI)—An economist recommended to a Senate subcommittee today that patents for drugs be abolished.

Dr. Colston E. Warne, Amherst College (Mass.) economics professor, said no manufacturer should be given "monopolistic control" through patents over drugs which might be vital to the health of millions of persons.

"In the kind of life we live today," Warne said, "a drug can be as important as air and water. A drug is not a gadget."

Porpoises sometimes kill sharks by butting the enemies' tender gill slits with their tough snouts.

Rep. Walter Rogers
... Vets Day Speaker

Rogers To Speak At Vets Program On November 11

Rep. Walter Rogers will be the principal speaker at the Veterans Day program to be held Saturday, Nov. 11, in front of the Veterans' Hospital in Amarillo.

The program, sponsored by Hanson Post No. 54 of the American Legion, will get under way at 9 a.m. Post Commander Brady L. McCoy will be master of ceremonies.

Others taking part in the program will include Amarillo Mayor Jack Seale, Brig. Gen. D. O. Monteith, representing the Amarillo Air Force Base; Chester Walkup, president of the Amarillo Veterans Council; Charles Gibson, past department commander of the American Legion, and Dr. Bishop, hospital manager.

There will be a flag-raising ceremony by a color guard and the 589th USAF Band from the Amarillo Air Force Base will furnish patriotic music.

At the end of the program the flag will be lowered to half mast in honor of deceased veterans. The band will play a concert. Following the program there will be a visitation of the Veterans Hospital.

At 1 p.m. the Region One convention of the DAV will open in Herring Hotel and Veterans of Foreign Wars will hold their annual barbecue and dance in the evening.

Four Children Burn To Death

STAMFORD (UPI)—Four children burned to death and two other persons were injured yesterday when their five-room home was destroyed by fire.

The victims of the fire were four of the five children of Mrs. Georgia May Field, the 27-year-old Mrs. Field, who lived with her grandparents, and her other child were hospitalized with burns.

McLEAN PERSONALS

Mrs. Ollie Meacham, Turkey spent Sunday night and Monday with her son, J. W. Meacham and family.

Mr. and Mrs. Jim Allison, Lubbock, spent the week end with his parents, Mr. and Mrs. Clifford Allison.

Mrs. Joe Hudson and daughter, Lesa left Saturday for their home in Dallas following a weeks visit with their parents and grandparents, Mr. and Mrs. T. E. Crisp.

Mr. and Mrs. Brady McCoy and Patsy, Amarillo, visited with friends here Saturday evening.

Mrs. Bessie Cowart attended the wedding service of her grandson in Lefors Saturday evening and spent the weekend visiting with relatives.

Rev. and Mrs. J. L. Mayhall left Monday for Dallas to make their home. Rev. Mayhall has been pastor of the First Nazarene Church in McLean for the past two and half years.

Will Harlan, Skellytown, visited with his mother, Mrs. R. L. Harlan Sunday.

Mr. and Mrs. Wheeler Carter and Mary Ann spent the week end in Perryton with their daughter and sister, Mrs. Don Trew and family.

Jim Hogan, Chicago, Ill., visited his cousin, Bill Pettit recently. Mr. and Mrs. O. G. Stokely visited recently with their daughter, Mrs. Vera Jones and Linda at Fort Stockton.

Mrs. Rogers Powers and Mrs. Carl Jones, Lubbock, spent several days last week in McLean in the Custer Lowary home and with other friends.

Mr. and Mrs. C. B. Peabody spent the week end in Clarendon with the Roy Blackmans and Glen Atkins.
