Violent Weather Slams Midwest

Thunderclouds carrying tornadoes and lightning storms to parts of the Midwest scattered rain on spots from Oregon to New York early today.

Sault Ste. Marie, Mich., was drenched with 1.59 inches of moisture in a six-hour period during the evening, while hail mixed with rain pelted areas in the Dakotas, Minnesota and Wisconsin.

Blistering heat set records in parts of Dixie Sunday, with Sarasota, Fla., reporting a high of 91

High Court Will Examine FPC's Gas Regulations

WASHINGTON (UPI)—The Supreme Court agreed today to examine the Federal Power Commission's new method of regulating rates of natural gas producers by fixing ceilings for 23 specified areas.

The U. S. Court of Appeals here last Nov. 30 upheld the commission's authority to fix rates in this way.

Arguments on the issue will be scheduled in the Supreme Court

WASHINGTON (UPI)—The Supreme Court turned down today appeals by two convicted union leaders—Dave Beck, former president of the teamsters, and Maurice A. Hucheson, head of the AFL-CIO carpenters union.

Beck, who was succeeded as teamster boss by James R. Hoffa, was seeking reversal of his grand larceny conviction based on charges he stole \$1,900 involved in the sale of a union-owned Cadillac.

Hucheson's conviction for contempt of Congress was similarly upheld by the high court. He had refused to answer questions at a hearing of the Senate labor racketeers investigators in June 1958.

some time during the term starting next October. Later the court will hand down a written opinion.

The lawsuit was a new charter in a famous case which came before the FPC in 1948 involving Phillips Petroleum Co. of Bartlesville, Okla., one of the nation's giant producers. The Supreme Court ruled in 1954 that the commission had jurisdiction over wholesale rates of the 3,000 or so producer companies like Phillips, as well as over pipelines.

When fixing rates for pipelines, the commission had traditionally considered separately each company's costs of service and had then allowed a return on investment.

On completing its second round in the Phillips case in September, 1960, the commission departed from this practice in favor of an entirely new formula. The new doctrine was evolved because of the differences between pipeline and producer operations, the FPC said.

The commission pointed out, for one thing, that gas producers also sell oil, the price of which is unregulated.

"Ridiculous results will be reached among the great number of producers and owners of interests if costs should be the only basis for regulation," the commission said.

It therefore announced that it would fix producer prices on a sectional, rather than a company basis. It set up prices for gas in various producing areas to be used as interim guides until permanent prices could be determined.

Eight Killed In One Car Crash

CAMP PENDLETON, Calif. (UPI)—Eight persons were killed Sunday night — three of them children — and six others critically injured in a head-on collision at this huge Marine base.

Marine Corps officials said the accident occurred about a half-mile from the San Luis Rey gate on the four-lane highway that leads out of the post toward the eastern boundary.

Administration's Bill On 'Rights' Said 'Condemned'

WASHINGTON (UPI)—The Senate today virtually condemned the administration's voting rights bill for this session by refusing for a second time to curb a Southern talkathon against the legislation.

The vote was 52 to 42 against gagging the Southerners, 21 votes short of the required two-thirds. The latest test came on a second cloture move by Democratic Leader Mike Mansfield, after an hour of windup arguments by both sides in the controversy.

Mansfield's first cloture try was badly beaten last week.

Even before today's vote, the Democratic leader said the second cloture move would have to get "awfully close" to a two-thirds majority to keep the bill alive. Otherwise, he said, he would let the Senate move on to other business.

Sen. Jack Miller, R-Iowa, told the Senate the bill was not just a literacy test bill. He said it went far beyond that issue by affecting the states' rights to "set educational requirements."

His criticism was supported by Sen. John C. Stennis, D-Miss., who contended that present laws are broad enough. Stennis said the bill's sponsors have "signally failed" to assure the constitutionality of their proposal.

Commission To OK New City Manager

Formal approval of the hiring of Harold Schmitzer of Lufkin as Pampa city manager is scheduled among principal business items on the agenda for tomorrow's meeting of the City Commission.

Preliminary negotiations were completed with Schmitzer in Dallas during the weekend, it was announced by Mayor E. C. Sidwell today.

Mayor Sidwell conferred with Schmitzer after other commissioners had met and talked with him here early last week. The mayor was given authority to work out details of the new city manager's employment.

Schmitzer, 59, has had 25 years' experience in the city management field. He has served most recently as city manager in Denison and Lufkin, Texas.

The new city manager was expected to arrive in Pampa late today and will attend tomorrow morning's session of the city commission.

Some 15 to 20 investigators, including some on loan from the General Accounting Office, were following up leads, Mundt said. (See GOVERNMENT, Page 3)

In Speech For Blue Cross

Sen. Tower Cites 'Manufactured' Needs Outlined In Medicare Bill

HOUSTON (UPI)— Sen. John Tower, returning to Texas for two talks against President Kennedy's medical care for the aged bill, said Sunday night his expenses were being paid by Blue Cross.

The Texas Republican senator told members of the Texas Hospital Association that the "needs" for the medicare bill had been manufactured by labor. Earlier he spoke in Austin before the Texas Medical Association against the medicare bill.

"The need for such a medical program is getting less and less," Tower said. "But the needs medicare is based on were manufactured by the AFL-CIO's Committee on Political Education (COPE). The majority of people over 65 already have some kind of private aid."

Tower's round trip flight from Washington to Austin and Houston, and his hotel bill were paid for by Blue Cross, according to W. R. McBee, executive director of the insurance firm at Dallas.

US Troops Move Toward Border Of Laos, Thailand

CLEANUP CAMPAIGN UNDERWAY—The annual city-wide Cleanup-Paintup-Fixup campaign got underway today with work crews starting in Ward One. The crews will be picking up unwanted items in Ward One through Thursday. They will make only one trip through the neighborhood during the campaign. Shown here starting their cleanup duties are, left, Ben Hildenbrand, 1926 N. Sumner, and Lindy Houck, 1918 N. Sumner. The city-wide Cleanup-Paintup-Fixup drive will continue through June 4. Crews will be working in Ward Two, May 18-23; Ward Three, May 24-29; and Ward Four, May 30-June 4. (Daily News Photo)

Fishing Expedition Has Tragic End; 6 Are Dead

NEWPORT BEACH, Calif. (UPI)—A fishing expedition ended in tragedy Sunday when the bodies of six men—five of them mutilated by sharks—were recovered and three other men were presumed drowned.

The Coast Guard said nine men were aboard the 25-foot cabin cruiser Happy Jack when it left Los Angeles Harbor Friday on its first sea trip under command of its new owner, Chester McCain of Norwalk, Calif.

The six bodies were discovered Sunday by another fishing boat. A school of sharks was still swarming around the bodies as they bobbed in the cold offshore waters supported by life preservers.

Assassination Try Escaped By Sukarno

SINGAPORE (UPI)—A gunman believed to be a Moslem fanatic opened fire on Indonesian President Sukarno at a prayer meeting in Jakarta today, but radio reports said Sukarno escaped unharm.

Five other persons, including National Police Chief Mohammed Noor, two legislative officials and two of Sukarno's police bodyguards, were reported wounded.

Radio Jakarta said the assailant was "arrested immediately." An investigation was reported under way.

Obscure wording in the first report of the shooting, broadcast by Information Minister Mohamed Yamin, made it appear the 60-year-old Sukarno had been killed. Yamin's broadcast spoke of the president as "tertinggal," a word literally meaning "left" which is used in Indonesia as a polite synonym for "died" or "passed away."

TMA Rejects Medical Aid Program

AUSTIN (UPI)—The Texas Medical Association Sunday turned thumbs down on President Kennedy's proposed medical care for the aged program, but did not discuss possible doctors' revolts against the social security-paid program.

Cuban Boat Is Hit Near Havana

HAVANA (UPI)—A "heavily-armed pirate vessel" shot up a Cuban patrol boat east of Havana, killing three Cuban sailors and wounding five, the navy announced Sunday night.

A televised communique said patrol boat S-28, operating along the coast between Matanzas and Havana, was attacked northeast of Santa Cruz del Norte, about 50 miles east of Havana.

Although the announcement indicated the attacking craft was unidentified, it blamed "Yankee imperialism" and the Central Intelligence Agency for the attack.

Near-Certain Death Awaiting Space Flyer In Van Allen Radiation Belt

WASHINGTON (UPI)—An almost certain death awaits the astronaut who flies for more than 24 hours in parts of the earth-circling Van Allen radiation belt.

The warning about the lethal dangers of the wide ring of radiation came from its discoverer, Dr. James A. Van Allen, during a closed meeting of a House appropriations subcommittee. The testimony was made public today.

The University of Iowa professor told the congressmen that radiation readings from high-flying satellites indicated the part of the belt stretching from 2,000 to about 40,000 miles above the earth was "uninhabitable."

"Anyone flying in this inner region for as much as a day would very likely have a fatal dose of radiation in any present type spacecraft," he said.

Van Allen stressed, however, that the ring was not an absolute barrier to sending a team of space explorers to the moon.

Women Hit By Falling Trooper

ASBURY PARK, N.J. (UPI)—A Marine paratrooper landed on top of two women Sunday during an Armed Forces Day "invasion" of this ocean resort community.

If it comes from a hardware store, we have it. Lewis Hdw. Ad

7th Fleet Task Force Maneuvering Around The Indochina Peninsula

By EUGENE M'LOUGHLIN
United Press International

American soldiers in Thailand were reported moving toward the Laotian border today, involving the United States more deeply in the battle to stop communism from swamping the rest of Southeast Asia.

Washington reports said a battle unit of 1,000 men of the 25th Division's 27th Infantry was ordered to the town of Udorn, which lies 35 miles south of the Mekong River. This development was ordered after Pro-communist rebels chased the remnants of the royal Laotian army out of northwestern Laos into Thailand during the weekend.

High U.S. officials said 1,000 American Marines aboard a 7th Fleet task force were ready to land as reinforcements when the Thai government gave formal approval. It was expected momentarily.

Elements of the 7th Fleet were maneuvering into a semi-circle around the Indochina Peninsula. U.S. airborne troops in Okinawa and Hawaii and on the U.S. West Coast were on alert.

Thailand ordered its own troops to reinforce the border area and Premier Sarit Thanarat called on the people to keep calm and trust in the government.

Communist propaganda outlets set up a strident outcry against the American maneuvers, Radio Moscow said Laos is "being exposed to the danger of direct U.S. military intervention."

Radio Peiping carried an interview with Laotian rebel Gen. Kong Le in which he charged that the United States actually provoked the rebel attacks in northern Laos and that the royal Laotian army broke the cease-fire first.

Nevertheless, both the royal Laotian government in Vientiane and the rebel leadership appeared ready to talk peace terms.

The government of Prince Boun Oum, its 5,000-man army shattered in northwest Laos and its treasury shrinking by suspension of American economic aid, cabled neutralist Prince Souvanna Phouma in Paris with offers to resume peace talks.

Informed sources in Vientiane said Boun Oum offered to let Souvanna's faction control the strategic police and defense ministries in a coalition government if he could give some assurance they would not fall into the hands of the Communists. This issue broke up past negotiations.

French government sources in Paris said Souvanna was ready to talk and offered to meet Boun Oum's negotiators in Laos on the Plain of Jars. The Peiping Radio broadcast indicated that Pathet Lao "Red" Prince Souphanouvong also favored the talks.

But Boun Oum and his strongman, Gen. Phoumi Nosavan, flew to Formosa today for a three-day visit, apparently without setting a date for the session.

Assassination Try Escaped By Sukarno

SINGAPORE (UPI)—A gunman believed to be a Moslem fanatic opened fire on Indonesian President Sukarno at a prayer meeting in Jakarta today, but radio reports said Sukarno escaped unharm.

Five other persons, including National Police Chief Mohammed Noor, two legislative officials and two of Sukarno's police bodyguards, were reported wounded.

Radio Jakarta said the assailant was "arrested immediately." An investigation was reported under way.

Obscure wording in the first report of the shooting, broadcast by Information Minister Mohamed Yamin, made it appear the 60-year-old Sukarno had been killed. Yamin's broadcast spoke of the president as "tertinggal," a word literally meaning "left" which is used in Indonesia as a polite synonym for "died" or "passed away."

A later broadcast by Lt. Col. Sabur of the presidential staff said, however, that "with God's protection the president was not harmed."

Sabur said police had taken precautions because of a warning that Kartosuwirjo, leader of the fanatic Darul Islam (Moslem) organization, had assigned nine men to assassinate Sukarno.

DR. J. B. VEALE JR.
... heads dental group

Pampan Heads Dental Society As '62 President

Dr. J. B. Veale Jr. of Pampa was installed as president of the Panhandle District Dental Society at the Spring dinner meeting of the Society Saturday night in Coronado Inn.

Dr. Edward J. Cooksey of Houston, president of the Texas Dental Society, was the installing officer. Other officers installed included Dr. John Whinnery of Amarillo, president-elect; Dr. Frank Howell of Pampa, first vice president; Dr. Charles A. Brauchle of Pampa, second vice president, and Dr. L. Caldwell Beckham of Amarillo, secretary-treasurer. Directors installed were Dr. Art Garner of Amarillo, Place 1, and Dr. Wesley Owen of Hereford, Place 2.

Principal speaker was Melvin Munn of Pampa who stressed the importance of business and professional men devoting more time to and taking more interest in affairs of government.

Dr. Will Graham of Pampa was master of ceremonies. The invocation was given by Dr. Weldon Adair.

Dental Society members and their wives from a number of Panhandle cities and towns were present along with invited state legislative candidates from the 18th congressional district.

Dear Abby...

Pooled Opinions On Parading Photographs

By ABIGAIL VAN BUREN

DEAR ABBY: You sure started something in this office when you ran that letter from a reader who asked what you thought about an executive who cluttered his office with pictures of his family. Although you said it was perfectly okay, the day after your article appeared my boss got such a ribbing he took his pictures home.

GIRL FIRDAY

DEAR ABBY: You goofed! In your opinion (and we took a pool in an office of 12 girls and 2 men) an office desk is no place for pictures of the wife and kiddies. When a man is at work, he should carry "pictures" of his family in his mind. If he has to have their smiling faces trained on him all day long to remember what they look like, heaven help him! And them, too.

THE 4TH FLOOR GANG

DEAR ABBY: I am a nurse. The doctor for whom I work told me that he kept plenty of pictures of his wife and children on his desk as a constant reminder to some of his patients that he is a family man. He is an OB and lots of women get some strange ideas

RUTH MILLETT

In most United States families, it's the wife who's the tightwad. At least that's what a pilot study conducted by the Public Relations Board shows. In most households, papa is pretty open-handed, wanting his wife and children to have whatever they want that he can possibly provide. It's mama who pinches the pennies. Unless anyone gets the idea that women are natural-born tightwads, it is only fair to point out that in any family someone has to watch the pennies.

Wives often have to assume the role of penny-pinchers simply because their husbands enjoy being open-handed about money. After all, if a man gets a glow of pride and satisfaction out of being the kind of good provider who hates to say "no" to anything his wife or children want, somebody has to keep the family from going bankrupt.

So mama, instead of taking big-hearted, open-handed papa at his word when he is being generous, often gives him credit for wanting her to have the things she knows they can't afford without actually buying them.

For instance, papa sees mama's eyes light up as she stops to look at a display of mink stoles. So, papa says magnanimously, "Let's get you one; you've been wanting one for years."

When mama refuses to go into the store, she is being the family tightwad — financially speaking. But actually she is making it possible for papa to be as generous and open-handed as he likes to be. He has had all the fun of making a generous gesture, and it hasn't cost him a cent or wrecked the family budget.

The same thing is true when mama marches downtown to return some faulty item that papa bought but wouldn't think of taking back, himself. It doesn't humiliate mama to return a purchase that turns out to be a lemon. Again she plays the tightwad role.

If women refused to play the role of tightwad, then the men would have to take it. They needn't worry about that. Any woman with an ounce of femininity would rather be a tightwad than be married to one. It's really as simple as that.

Wesleyan Service Completes Study

Wesleyan Service Guild met Monday evening in the home of Mrs. Harold Wright, 930 Christine for a program discussion of "How Can You Make Your Church Better?"

Mrs. Carl Shafer completed the study "Edge of the Edge" for the conference year.

During the business meeting, conducted by Mrs. Rachael Jones, president, dates for the Ceta Canyon encampment were announced as July 23-24. The last meeting of the current

Austin Members Hear Of 'Americanism' Play

First grade students at Stephen F. Austin School will present a program on "Americanism" written by Mrs. Wendell Altmiller, on Friday in the school auditorium, it was announced by D. V. Biggers, school principal at the Austin PTA meeting held Thursday in the auditorium.

DOCTOR'S NURSE

DEAR ABBY: An executive's life should be divided into two distinct parts — his home and his office. A man should not have photographs of his "family" in his place of business. Neither should he have pictures of his office employees in his home.

ALL BUSINESS (office manager)

DEAR ABBY: You say it is all right for an executive to have pictures of his wife and family on exhibition at his office. I'll bet YOU don't have pictures of YOUR husband and children all over YOUR office.

"SNOOPY"

DEAR "SNOOPY": I'll bet I have!

DEAR ABBY: In regard to pictures on desks: Your philosophy is good, but I disagree. My husband adores his family, but he will NOT put our pictures on his desk. A good executive's wife should accept her husband's judgment pertaining to his work. After all, anyone who visits his desk daily surely knows whether or not he is proud of his family.

AN EXECUTIVE'S WIFE

DEAR ABBY: For my part, pictures of the loved ones belong in a man's wallet. And should be a personal, unpublished show them.

"CYNIC"

DEAR ABBY: I just love to see a man's family proudly displayed in pictorial form in his place of business. And the more the merrier. They say one picture is worth 10,000 words.

FOR PICTURES

president, reported on the work-shop recently held in Perryton. Preceding the installation of new officers, appreciation was expressed to Mrs. McDaniel for her work as unit president during the past year.

New officers, installed by Mrs. Tom Rose, were Mrs. S. B. Sypert, president; Joe Daniel, vice president; R. M. Hampton, secretary; R. W. Stowers, treasurer; Robert Brown, historian; M. C. McDaniel, parliamentarian; J. E. Edminster and Frank Kelley, City Council PTA representatives.

Mrs. Sypert announced appointment of the following chairmen: Mrs. J. E. Thompson, budget; Phillip Gates, by-laws; Bud Carmichael, contact; John McKinley, door prize; Joe Gates, Exceptional Child; Felix Vendrell, health;

W. T. Fain, hospitality; Don Cain, scout representative; John Gijl, membership; Weldon Adair, pre-school activities; Warren Hasse, procedure; Joe Daniel, program; Ray Duncan, project; W. L. Gablemann, publications; Charles Lanehart, radio; Michael Wilson, publicity; J. C. Hopkins, room representatives; Lynn Crider, safety and civil defense; C. C. Duncan, scrapbook; S. Gene Hall, yearbook.

The unit entertained with a tea honoring pre-school mothers at the conclusion of the meeting. Refreshments of punch and cookies were served from a table appointed with a arrangement of Spring flowers. Mrs. W. T. Fain and the hospitality committee were in charge of tea arrangements.

SOCIAL CALENDAR

MONDAY

7:00 — Breakfast Opti Mrs. Club, Pampa Hotel Dining Room.
7:30 — Pampa Duplicate Bridge Club, the Coronado Inn.
8:00 — Dress Review, adult students of Miss Lou Ella Patterson, Lovett Memorial Library.

TUESDAY

9:00 — PTA Procedure Course, Travis School.
9:30 — Goodwill Home Demonstration Club with Mrs. Marvin Rowan, 1045 S. Wells.
1:30 — Merten Home Demonstration Club with Mrs. T. G. Groves, 500 Powell.
8:00 — Order of the Rainbow For Girls, Masonic Hall.
7:30 — VFW Auxiliary, social meeting with Mrs. Carl Wright, 808 E. Craven.

Gayle Wheelless, Merl Hysinger Tell June Plans

CANADIAN (Sp) — The traditional wedding month of June has been chosen for their wedding by Miss Gayle June Wheelless and Merl Hysinger. Their engagement has been announced by Mr. and Mrs. Joe Wheelless of Route 2, Olustee, Okla. Parents of Mr. Hysinger are Mrs. O. C. Cannedy of Canadian and Walter Hysinger of Olustee.

Miss Wheelless is a graduate of the University of Oklahoma where she was a member of the Secretarial Science Club, the Accounting Club and Beta Gamma Sigma, honorary business fraternity. She is presently employed as secretary for U.S. Borax and Chemical Corporation, Oklahoma City.

Mr. Hysinger attended Southwestern State College in Weatherford and is now attending the University of Oklahoma. He is a member of the Society of Automotive Engineers, Tau Beta Pi, an honorary mechanical engineering fraternity, and the Engineers Club.

Following their June 24 wedding, the couple plan to establish a home in Corpus Christi where Mr. Hysinger will be employed by Humble Oil and Refining Company as an engineer trainee. They will return to Norman in September, where he will be a senior in the College on Engineering at Oklahoma University.

PEO Chapter Fetes Citizens At Center

Chapter CS of PEO were hostesses at Senior Center on Thursday afternoon in Lovett Memorial Library.

PEO members serving as hostesses for the afternoon were Mrs. Melvia Stephens, J. G. Crinklaw, P. R. Cantrell, William B. West, and Walton Bailey.

Door prizes were won by Murray King, Mrs. E. E. Garland and Mrs. C. L. Adams.

In observance of Mothers' Day, prizes were given to Mrs. Myrtle Enloe for having the most children and to Mrs. Bessie Nicholson for being the eldest mother present.

Mrs. Norman Coffee of Borger and Mrs. Lorena Spence, both members of the Altrusa Club of Borger, were special guests during the afternoon. They were at the center to observe and take notes in order that they might form a similar club in Borger.

Red Cross Gray Ladies providing transportation to and from the center for Senior Guests were Mrs. Jess Beard, A. D. Hills and O. F. Kreymeier.

Mrs. Louise Sewell, Senior Center chairman and Mrs. V. L. Hobbs, co-chairman, assisted with hostess duties.

Mrs. Sewell has announced that the DMF Auxiliary will be hostesses for the May 17-19 meeting in the center.

Tuck newspaper clippings in the letters you write to a friend who has moved away from town.

Future Junior High Students Are PTA Topic

Paul Payne, principal at Pampa Junior High School and Mrs. Ruby Capps, school counselor, were introduced as guest speakers by Joe Page, Lamar principal, at the Thursday afternoon meeting of the PTA on Thursday afternoon in the school auditorium. Their informative remarks were directed to parents and students who will be entering junior high school next fall.

In the installation of officers, conducted by Mrs. James Lewis, members installed were Mrs. E. C. Pulse, president; N. L. Nichols, vice president; Roy Franke, treasurer; C. M. Brown, historian and Floyd Scott, parliamentarian. Included in the business meeting was a report by Mrs. Edwin Hogan, secretary pro tem; Roy Franke, treasurer and by Mrs. C. M. Brown of the Spring PTA Conference held recently in Perryton. Following room count, Mr.

Page announced that the Mrs. G. M. Walls' second grade and Mrs. Priest's third grade had the most parents present.

Door prize was won by Mrs. Pulse.

During the social hour, mothers who will have children entering Lamar first grade next year, were guests of honor at a Coke and Cookie party.

Hours blowing in a residential neighborhood is just 'plain bad manners.'

It's New-For All Hard Surface Floors

"Acrylic" the new chemical that ends waxing is being used in Seal Gloss floor finish. Just as the new acrylic auto finishes require no waxing, so it with Seal Gloss. This new treatment for vinyl, and all hard surface floors—beautiful, ends weekly waxing and is long lasting.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation HA. At all drug counters.

Government In Price Picture Hurting Market?

By JESSE BOGUE
UPI Financial Editor
NEW YORK (UPI) — Wall Streeters explaining what has happened to the stock market sometimes attribute part of the slump to investors' fears that government is in the wage-price picture.

This is not the only reason, most agree, and analysts are not unanimous that this is a principal factor in a decline which saw popular averages this week hit their lowest point since February 1961. Thinking of those who hold to this belief goes this way:

In the recent steel price dispute and in later warnings in the aluminum price area, or in communications to labor groups, administration voices have spoken out against any sudden bulges either in the prices the consumer must pay or against wage increases not matched by rising productivity.

These attitudes would put a lid on undue rises of either the wage curve or the price curve. Hence they would weaken some of the pressures which have helped to push the market up through buying by investors who could expect rising corporate incomes to be reflected in rising earnings and increasing stock values; by some of those who regarded common stocks as a hedge against inflation. As a result, they either do not buy any more stocks for the present, or may sell some of what they have and perhaps go into other fields of investment.

Prank Kills 21-Year-Old

WASHINGTON (UPI)—A prank involving a 50-pound statue of "Smockey the Bear" has resulted in the death of a 21-year-old Marine corporal.

Cpl. Edward C. Kaltenbach of Erie, Pa., died of a skull fracture Sunday when the statue toppled from a broken flagpole. Police said Kaltenbach had taken the statue from an amusement park near Quantico, Va., and with the aid of a friend, brought it to Washington.

They were hoisting it up a flagpole in front of a veterans' home when the accident happened.

Kaltenbach's partner was identified as Cpl. Timothy M. Parsons, 21, of Pittsburgh.

Police said Parsons told them the two Marines took the statue Friday night, returned with it to Washington, and hid it at the Marine barracks where they were stationed. On Saturday night, they smuggled it out of the installation and took it to the veterans' home.

There they tied it to a flagpole rope and pulled it to the top of the pole. They gave the rope a final tug before tying it to a nearby cannon. The extra tug was too much for the pole. It snapped and came down with the statue.

Police said Parsons was knocked down but was not hurt. A Marine spokesman said he was being held under "administrative restriction" while the incident was being investigated.

200 Acres Burn In Grass Fire

Some 200 acres of grassland burned Saturday evening on ranch property 14 miles north of town.

The fire, which occurred on the ranches of Frank Carter and Emmett LeFors, started around 7:45 p.m. and burned 50 fence posts besides the grassland.

The fire was fanned by wind gusts Saturday evening, hampering the efforts of firemen trying to keep the blaze from spreading.

NEW YORK — Thousands of vehicles are out of service in Castro's Cuba because of lack of spare parts, shortage of lubricants, and irregular supply of quality gasoline, according to Oil Facts.

NEW YORK — The largest privately financed construction project in U. S. history is a 1,600-mile pipeline to be built from Houston, Texas, to Staten Island, New York, according to Oil Facts. It will carry about 25 million gallons of refined petroleum products a day.

NEW YORK — Oil men are showing renewed interest in the Appalachian Basin, where the first well was completed in 1859, according to Oil Facts. They believe there may be untapped resources at depths so far unexplored in Pennsylvania and neighboring states.

MODERN POCAHONTAS—Catherine Barnes, 23, raises the tomahawk of her ancestors as Miss Pocahontas at a Jamestown, Va., fête. The 350th anniversary celebration marks John Rolfe's first tobacco crop which saved the colony in 1612. Catherine is a direct descendant of the marriage between Rolfe and the Indian princess he made his bride.

Moslem Maid Slays Two Boys In Algeria

ALGIERS (UPI)—The bodies of two little Jewish boys were found in their home here with their throats slashed today and police blamed the murder on the family's Moslem maid, apparently angered by a rash of terrorist killings of Moslem women.

The reported incident was the first of its kind since the March 19 Algerian cease-fire and came as drastic new measures strengthened the hand of French authorities in their fight against the Secret Army underground.

Mainly About People

The News invites readers to phone in or mail items about the coming and going of themselves or friends for inclusion in this column. A indicates paid advertising.

The Pampa chapter of the American Red Cross will hold its annual dinner meeting at 7 p.m. today in the First Methodist Church basement. Guest speaker for the event will be Col. James A. Johnson, commander of the Re-Training Group at Amarillo Air Force Base. Election of officers will be held and Gray Lady bars will be given to volunteers.

Mr. and Mrs. Wesley Bruce of Bruce and Sons, Pampa, recently attended the Lyon Van Lines, Inc. Southwestern regional agents conference in Dallas.

Exceptional Children's Association will meet Monday at 7:30-7:30 p.m. in the City Club Room. Reports will be given of the Special Education workshop held recently in El Paso.

15" Chili Pizza — this week \$1.00. Pizza Inn 922 Duncan. MO 5-4322.

Parents, who will have students entering Lee Junior High next year, are especially invited to attend the PTA meeting to be held at 2 p.m. Thursday in the school auditorium. A visitation and special program have been planned to make the transition from grade school to junior high school easier for the parent and students, according to Mrs. J. T. Cornutt, unit president.

Private Rummage Sale 500 N. Starkweather, Tuesday.

Adults students of Miss Lou Ella Patterson's sewing classes will stage a Dress Review on Monday at 8 p.m. in Lovett Memorial Library. The public is invited to attend.

J. M. Fitzgerald, 912 Christine, left Sunday for Donna to be at the bedside of his father, George A. Fitzgerald, who is critically ill.

Pampa Art Club will entertain with a one o'clock luncheon Tuesday at 1 p.m. in the home of Mrs. Ann Heske, 1120 S. Meriville.

Former Pampan's Service Tuesday

Mrs. Lola Medford Isbell, former Pampan and mother of Mrs. Cora Lee Baer of Amarillo, also formerly of Pampa, died Saturday morning from a heart attack in Collinsville.

Services are planned for 10 a.m. Tuesday in Collinsville.

Pampa Rebekahs 355 will conduct graveside rites on Wednesday at 10 a.m. in the Llano Cemetery in Amarillo.

She is also survived by Carl Allen Oney of Pampa, a grandson.

US Asks Space Be Kept Free Of Nuclear Weapons

GENEVA (UPI) — The United States called on the 17-nation disarmament conference today to keep outer space free of nuclear weapons.

U. S. delegate Charles C. Stelle outlined a three-point plan for ensuring that space satellites and other vehicles fired into the atmosphere do not contain nuclear weapons. He spoke to the conference's 36th plenary session.

"We must have agreement to ensure that outer space becomes an impetus to man's peaceful progress and not a battleground of the future," Stelle said.

He said future space launchings should be controlled by a network of ground stations, or possibly spaceborne instruments to check against unreported launchings.

Pre-launch inspections by some international body should be used to check against the arming of spaceships with nuclear weapons, he added, and advance notification of launchings given to permit such inspection.

Stelle said the four basic principles of the American plan were:

- Prohibition of the orbiting of weapons of mass destruction.
- Peaceful cooperation in space.
- Notification and pre-launch inspection.
- Control of the production of boosters for space vehicles.

After months of preparation the troop carried out a successful program of preparedness simulating the camp as a disaster area.

Mrs. Snyder's Rites Slated For Tuesday

Services for Mrs. Jessa Lea Snyder, who resided at 1004 Jordan, are planned for 3 p.m. Tuesday in the First Methodist Chapel with Dr. Hubert H. Bratcher, pastor, officiating.

Mrs. Snyder, who was employed in the Sam Houston School cafeteria for the past 12 years, died at 7:20 this morning in Highland General Hospital. She was born June 29, 1897, in Logan, Kan.

Mrs. Snyder moved to Pampa in 1934 from Longview and was a member of the First Methodist Church.

She is survived by one daughter, Mrs. Bill Bridges of Pampa; one son, Sgt. W. Dale Snyder of Wichita Falls; two brothers, Lloyd Emerson of Caldwell, Idaho, Eugene Emerson of Salem, Ore., and seven grandchildren.

The body will lie in state in the Duenkel-Carmichael Funeral Chapel; the casket will not be opened at the church.

Interment will be in Fairview Cemetery.

Graveside Rites For Infant Slated

Graveside rites for Cheryl Louise Cameron, eight-day-old daughter of Mr. and Mrs. Harry Cameron of Lovington, N.M., will be held at 2 p.m. Tuesday in Fairview Baby Gardens with Dr. E. Douglas Carver, pastor of First Baptist Church, officiating.

The infant, born May 5, 1962, died yesterday in Lovington.

In addition to her parents, she is survived by grandparents, Mr. and Mrs. D. D. Cameron of Pampa, Mrs. Elsie Gerik of Pampa.

Fishing

Chudy, 82, of Westminster, Calif.; Robert Herman Schmidt of Stillwater, Okla.; Harvey L. Johnson, 30, of Hollywood; John Treadway, 39, of Los Angeles; and William F. Huffman, 29, also Los Angeles.

Still missing were Robert Cain, 28, Bell Gardens, Calif.; E. R. Huffman, William Huffman's brother, and Robert Gibson Jr., 21, husband of McMain's daughter.

The coroner's office said there were no indications of burns or gasoline fumes on the bodies recovered. The Coast Guard said this probably ruled out the possibility of an explosion aboard the boat.

The Coast Guard said seas had been rough in the area Saturday and small craft warnings had been posted.

All that was found of the vessel was a bait tank, a few boards, and several fishing poles.

Indians Will Appeal Narcotics Case On Constitutional Grounds

NEEDLES, Calif. (UPI)—Three Navajo Indians plan to fight a narcotics charge on grounds it violates the constitutional guarantee of freedom of worship.

Dan Woody, 28, Dan Dee Nez, 52, and Leon B. Anderson, all of Arizona but working near here, were arrested last month on a raid of a hogan west of Needles. Sheriff's narcotics investigators seized a quantity of peyote, a stimulant drug derived from a variety of spineless cactus.

Rufus W. Johnson, the men's attorney, said the charter of the Native Church of North America, of which they are members, was issued by the state of California. He said the charter permits the sacramental use of peyote in religious services.

A recent California law classifies peyote as a narcotic.

Johnson said "it is an impairment of the 14th amendment guaranteeing the freedom of worship... and impairment of the contract granted in the charter... to interfere with the religious use of peyote."

Heir To Throne In Spain Marries

ATHENS, Greece (UPI)—Prince Juan Carlos, who some day may be king of Spain, and Princess Sophie of Greece were married today in dual Roman Catholic and Greek Orthodox ceremonies reflecting the divergent religious backgrounds of their nations.

The churches were packed with officials of the two nations. Large crowds cheered the young couple as they rode between ceremonies in a great golden carriage drawn by six white horses.

Sophie, 23-year-old daughter of King Paul, and Juan Carlos, 24-year-old son of the pretender to the vacant Spanish throne, first went through the Roman Catholic ceremony at the Church of St. Dennis.

The pretty Sophie is becoming a Roman Catholic convert but the second ceremony, at the Greek Orthodox Church of the Annunciation, was necessary so the marriage could be officially recognized in Greece.

The crowds nearly went wild with excitement when Sophie arrived at St. Dennis in her silver satin dress covered with lace and tulle and with a train six yards long. She wore a diamond necklace, a diamond tiara and a cross.

Police had difficulty holding the throng back as the bride was escorted into the church by King Paul.

Roman Catholic Archbishop Vittorio Brindisi officiated at the wedding and the mass which followed.

TRC Is Investigating East Texas Wells

AUSTIN (UPI) — The Texas Railroad Commission will hold a show-cause hearing Tuesday to determine whether some 60 East Texas oilfield operators have caused their wells to be drilled directionally to drain oil illegally from other leases.

The leases under investigation contain more than 1,000 wells. The operators must show cause why their leases should not be disconnected from pipelines for failure to comply with requests for cooperation in deviation tests.

A temporary restraining order has been issued prohibiting the commission from making pipeline severances because the operators had failed to comply with the commission's request for cooperation in conducting inclination tests.

NEW YORK — Three mid-air refuelings helped a B-58 jet Hustler set new coast-to-coast flight records, according to Oil Facts. America's fastest bomber crossed the United States twice in 4 hours, 42 minutes, 32 seconds.

Girl Scout Civil Defense 'Dry Run' Said Successful

Senior Girl Scout Troop 5 of the Quivira Girl Scout Council conducted a Civil Defense "Dry Run" on Saturday at Girl Scout Camp Mel Davis, east of Lefors under the direction of the leaders, Mrs. V. C. Moore and Mrs. John Holt Jr.

After months of preparation the troop carried out a successful program of preparedness simulating the camp as a disaster area.

Senior Scouts participating in the "Dry Run" were Nancy Holt, Evelyn McCauley, Judy Kitto, Sandra Lindensmith, Linda Moore, Natalie Skelley, Peggy Kendricks and Linda Snell. They were assisted by members of Girl Scout 38, whose leader is Mrs. M. H. Taylor.

William Leonard, Gray County Civil Defense chairman, attended as an official observer and complimented the troop upon its thoroughness. He stated that he "was pleased to see such an organized group. Should there be an emergency in this area, this troop would be one that could be called upon to give assistance."

Other observers were Mrs. Vada Fowler of Borger, president of Quivira Girl Scout Council, Miss Marian Osborne, executive council director, Mrs. J. B. Maguire Jr., council vice president, and Miss Celia Fowler, district council advisor.

Approximately 300 Girl Scouts and their leaders attended the Civil Defense "Dry Run" on Saturday.

Auto Looting Is Reported Sunday

Looting of two automobiles in the Coronado Inn parking area was reported to police Sunday.

Pat Burtis of Nickerson, Kans., said a \$55 typewriter was stolen from his unlocked car sometime Saturday night.

Mrs. Lillian Livingston of Santa Fe, N. M., another guest at the Inn, reported that thieves broke into her parked auto, and stole five dresses, four blouses, a flannel skirt, sweater and a wool jacket. Total value was placed at \$339.50.

NEW YORK — The overall length of underground petroleum and natural gas pipelines in the United States is approximately 800,000 miles, according to Oil Facts.

FELONY IN THE FOREST

SMOKEY talks a lot about forest fires started by carelessness. What you don't hear so much about are the forest fires that are set, on purpose, by your neighbors.

Surely, you say, nobody I know would do a thing like that! But you're wrong. One out of every four forest fires, nation-wide, is classed as INCENDIARY!

Even though the wilful forest fire problem is greatest in the South and the East, no part of the Country is free of it. You should know that the malicious woods burner robs you, wherever you live!

Do you want to help solve this serious problem? Here's what you can do:

1. Check with your local forest officers on the problem in your area.
2. Support your law enforcement officers.
3. Let your judicial and legislative servants know how you feel.

Remember—only YOU can PREVENT FOREST FIRES!

Published as a public service in cooperation with The Advertising Council and the Newspaper Advertising Executives Association.

New capsule aids digestion, helps prevent

STOMACH TENSION

indigestion, gas, heartburn, before distress begins!

Because of today's fast, hectic living pace, we often suffer indigestion, gas, heartburn and other uncomfortable forms of painful stomach tension. But now, a new digestant enzyme capsule, called MIAZYME can help prevent these conditions before they begin.

If you properly digest the food you eat, chances are you will not suffer stomach distress. This is due to the action of enzymes, manufactured in the digestive process. But when these enzymes fall below par, you are apt to suffer indigestion, gas, bloating, heartburn, etc.

Why risk the distress of stomach tension? Just TWO MIAZYME

capsules a day will help eliminate the discomfort of indigestion, heartburn, gas and open the door to new vistas in food enjoyment.

MIAZYME contains no narcotics! No habit forming drugs! Only digestant enzymes! No harmful side effects, taken as directed. So safe, no prescription is needed! Get MIAZYME today at your favorite drug store. Try it for 6 days on our money-back guarantee of satisfaction. Regular size, \$1.50. Economy size, \$3.00.

Race Endurance Foreseen Friday

WESTBURY, N.Y. (UPI) — They'll run a horse race this week which is a monument to perseverance and progress.

This is not a reference to the Preakness, which will get most of the national headlines. Nor to any other four-legged scamper in which men, constructed in the mold of boys hunch high on a Thoroughbred's withers.

The real success story comes Friday night at Roosevelt Raceway in the Messenger Stakes, now the richest harness racing event in the world.

Consider first that the Messenger has a purse of \$169,430 at stake. And, which may be a bit surprising, that is \$7,280 more than was distributed in the Kentucky Derby, supposedly the piece de resistance and the creme de la creme of all horse racing.

If box car figures such as these leave you cold, like counting Cadillac in Miami Beach, it still is rather interesting to contemplate what a purse of this size means in the long disdained sport of harness racing. The sulky-ground unquestionably "arrived" in the past decade or so but this bundle of bucks merely accents the ton-of-bridle mentality.

It wasn't always thus. A quarter of a century ago, which isn't as far back as it seems if you were on hand to help spend it, harness racing was hanging on by its fingernails. And, emphasizing the precarious quality of this grip, most people in the business were addicted to biting them.

Roosevelt Raceway, when it opened in 1940, had its backers rolling and tossing as if in a bad dream. The biggest event in the sport in those days was the Hambletonian, held annually in dusty, bucolic Goshen, and sold to the city slickers on the basis of its being a one-day trip into the past.

Johnson May Fight Scholtz In Germany For Light-Heavy Title

PHILADELPHIA (UPI) — Manager Pat Olivieri confers today with his attorney and a representative of a German fight promoter on a possible contract for Harold Johnson, light heavyweight champion, to defend against Gustav (Bubi) Scholtz in Germany next month.

But Johnson, who won almost universal recognition as champion Saturday night with a unanimous, 15-round decision over Doug Jones of New York, wanted no part of it.

"If Olivieri signs for any bouts, he better be ready to fight them himself," the champion said.

Olivieri was equally adamant that Johnson would not carry out his plans of meeting heavyweight Zora Folley in New York on June 9. The manager pointed out that he has a court injunction preventing Johnson from signing for any bouts without his (Olivieri's) approval.

"If he doesn't fight for me, he isn't going to fight at all," Olivieri said.

The manager hoped, however,

Indians Could Be Pennant Winners

CLEVELAND Ohio (UPI) — Manager Mel McGaha, of the Cleveland Indians remained cautious today but conceded the Tribe could win the pennant this season.

"I'd have to say we have a chance at it if the New York pitching staff remains shaky," McGaha said after the Indians took another twin bill from the Yanks Sunday. The victories moved the Indians into first place by one half-game.

"The Yanks, of course still are the club to beat," McGaha added.

The Indians, who won two games in Yankee Stadium on Easter Sunday, have now won five of seven games against the Yankees this season.

New York manager Ralph Houk indicated his club wasn't ready to panic. Houk said he was "satisfied" with his pitchers who were hit hard by the Indians during the four-game series in which Cleveland won two games.

"They'll straighten out," Houk said. "They just haven't had enough work."

Its doors was a raw scar on the tree-pimpled face of a comparative wilderness, as close as it was to New York City.

"If we can hang on until the people start accepting harness racing, we might hit it big some day," one of its backers moaned.

It was rough. That first year, Roosevelt raced 27 nights. It drew an average nightly crowd of 3,000 spectators. Total attendance was 75,000 for the 27 nights and for the whole meeting the total betting amounted to only \$1,200,00.

There were two major factors in Roosevelt's current plush success, with a night-club type dining room from which the customers stroll out to the betting windows and only on "off" nights wagers less than they did in the whole first season of 1940.

The area around the track mushroomed magically in the metropolitan push to Long Island, making Roosevelt the jeweled hub of a housing and supermarket area. And the automobile, which almost made the horse extinct, saved the harness sport from the murdering monotony of countless starts by making possible the motorized Phillips starting gate.

Much is being made of the fact that the Messenger is named for a Thoroughbred that a name foaled in England in 1780 and brought to the United States in 1788 to become the sire of most Thoroughbreds as well as harness lines. Traceable to him are such flat running greats as Eclipse, Colin, Domino, Equipoise, Exterminator, Man O'War, Native Dancer and Decidedly, latest winner of the Derby. Ninety per cent of all the trotters and pacers also are traced to him.

But the fact that \$169,430 will be paid off for this one race is even more astonishing. It demonstrates clearly just how far the harness sport has come.

Palmer, Pott Vie In NIT Playoff Today

FORT WORTH, Tex. (UPI) — Arnold Palmer, who is successfully familiar with such things, and young Johnny Pott, who hasn't been too successful, meet in an 18-hole playoff today for the Colonial National Invitation Tournament's \$7,000 top money.

Palmer blew a three-stroke lead and Pott roared from seven strokes off the pace on Sunday's final gusty, sun-baked round to wind up in a tie at one-over-par 281 for the 72-hole regulation route.

It was in sharp contrast to Palmer's usual finishing flourish with which he has won many of his previous 33 major victories as a pro. He floundered to a 36-38-76 over Colonial Country Club's 7,112-yard, par 35-35-70 layout, while Pott methodically swung a 35-34-69 onto the scoreboard.

It will mark the 11th time Palmer has been involved in a playoff and he'll be going after his eighth playoff victory. Pott, who has won two championships in his six years as a pro, has won but one of three previous playoff encounters.

Palmer and Pott closed out one stroke ahead of challenging Bruce Crampton of Australia, who could have won it on his own but for his second successive double bogey on the final closing hole before a gallery of 16,000 spectators.

Crampton shot Saturday and Sunday saw his approach shot to the final green bounce off into a lateral water hazard for a one-stroke penalty. Both times he also two-putted after his recovery shot. Crampton finished with a 37-37.

Jaycee Golf Slated For May 28, 29

Paul Wallace, chairman of the Junior Golf Tournament for Pampa, announced that plans have been worked out to hold the tournament Monday and Tuesday May 28 and 29 at the Pampa Country Club course.

Play will begin at 9 a.m. each morning and each player will play 36 holes with low score determining the winner. The tournament is co-sponsored this year by the Pampa Jaycees and the Pepsi-Cola Bottling company of Amarillo.

There will be two age divisions: 14 years & under — must not reach 15th birthday by August 15, 15-17 years — must not reach 18th birthday by August 15.

Trophies will be awarded to the winners and runners-up in each division and the winner of the older division will be sent to the state tournament to be held in Wichita Falls in July.

Entries are now being accepted for the tournament and any boy may enter at no charge. Entry blanks may be obtained by calling Paul Wallace at MO 5-3468, Coach Eural Ramsey at Pampa High School or by signing up with Doug Halley at the Pampa Youth & Community Center, MO 5-2622.

The Pepsi-Cola Bottling company, of Amarillo is co-sponsoring the tournament this year to encourage more young people to become physically active and participate in wholesome recreational activities.

AIR SHOW — Kite-borne Judy Rosch, left and Barbara Clark got in the swing for the Dixie Water Ski Tournament at Cypress Gardens, Fla. as Buster MacCalla whizzed by.

Wright Winner In Open Golf

MONTGOMERY, Ala. (UPI) — Mickey Wright headed for Muskogee, Okla., today, determined to score a grand slam in women's golf.

The long-driving blonde from Dallas, Tex., is halfway toward her goal after winning the 33rd annual Women's Western Open here Sunday in a dramatic sudden-death playoff with defending champion Mary Lee Faulk.

Miss Wright, with victories in the Titleholders in Augusta, Ga., and the Western here, now needs wins in the U.S. Open and the LPGA tournament.

Miss Wright, a blonde who puts Palmer power in her distance shots, and Miss Faulk, a sweet swinger from Sea Island, Ga., were deadlocked at 295 after four rounds over the 6,500-yard, par-72 Country Club course, made rock hard by the sweltering sun.

In the playoff, both parred the first three holes. But on the fourth hole, Miss Faulk hooked her tee shot to the left of the green while Miss Wright landed her shot 20 feet from the cup.

Miss Faulk pitched over a sand trap but her ball skipped 25 feet past the hole. She missed her putt coming back while Miss Wright got down in two to take the title which has eluded her for 10 years.

Miss Wright, 27, received \$1,200, winner's share of the total \$7,500 prize money.

GERMANS WIN AGAIN

CHICAGO (UPI) — The North German All-Star soccer team defeated the Chicago All-Stars, 3-0, Sunday to boost their winning streak to three on the tour. The Germans will play in Union City, N.J., next Sunday.

Blue Serenade returned \$5.40 in winning the \$10,675 El Camino Handicap at Tanforan under Bradley Rollins.

Essegian Leads Indians Into First Place In American Loop

by United Press International
Chuck Essegian, the chunky outfielder with the musical name, came to the Cleveland Indians for a song, and from the way he's rapping the ball of late it's the prettiest tune heard anywhere by manager Mel McGaha.

In fact, Essegian, who wasn't counted on for regular duty when the season began, is wielding such a hot bat that he is making it downright difficult for the platoon-conscious McGaha to keep him out of the starting lineup.

Chuck, a failure with five different major league clubs before the Indians got him from the Kansas City Athletics a year ago for pitcher Julius Grant, hit a key home run and single Sunday to lead Cleveland to a 6-4 and 8-5 sweep over the New York Yankees and into first place in the American League.

Essegian had five hits in eight at-bats during the long, afternoon to boost his batting average to .375, his home run total to four and his runs batted in to 11 in 17 games.

Dick Donovan went all the way in the opener to register his sixth victory without a loss. It also was the veteran right-hander's second win of the year over the Yankees, whom the Indians now have beaten five times in seven games. The second-game victory went to Barry Latman, second of three Cleveland pitchers.

The Indians tagged Whitey Ford for nine of their 11 hits in the opener. John Romano hitting a three-run homer right at the start to make things easier for Donovan. Essegian hit his homer in the fifth after the Yankees had cut the deficit to 3-2.

Jerry Kindall's three-run homer in the second game started the Indians on a comeback after the Yankees had built up a 5-0 lead; Essegian's sixth inning single broke a 5-5 tie and Cleveland went on from there to nail down the second game and take a half-

game lead in the AL.

The Minnesota Twins routed the Kansas City Athletics, 10-3; the Chicago White Sox rallied for seven runs in the eighth inning to beat the Los Angeles Angels, 15-6; the Baltimore Orioles beat the Washington Senators, 3-2, on a disputed homer, and the Detroit Tigers nipped the Boston Red Sox, 6-5, in other AL games.

In the National League, the first-place San Francisco Giants downed the Houston Colts, 7-2; the Los Angeles Dodgers took advantage of loose St. Louis play to beat the Cardinals, 4-3; the Cincinnati Reds beat the Pittsburgh Pirates, 6-4; the Milwaukee Braves nipped the New York Mets, 3-2, and the Chicago Cubs climbed out of the cellar by beating the Philadelphia Phillies twice, 8-7 and 8-5.

Vic Power drove in five runs with a grand-slam homer and a single to lead the third-place Twins to their win over Kansas City. Rookie Joe Bonikowski went the route in his first major league start. Power's blast came off Dan Pfister in the seventh, but A's starter Norm Bass, chased in the sixth, was the loser.

The White Sox sent 12 men to the plate in the eighth to break a 5-5 tie and make their win over the Angels a rout. Los Angeles used four pitchers in an effort to stop the White Sox in the eighth, Bob Botz, who finished up, also was raked for three more runs in the ninth. Floyd Robinson had four RBI's on a double and single. Dom Zanni pitched 2-3 of an inning and got the victory.

Dick Brown belted two home runs and a single and Dick McAuliffe hit a three-run double to pace the Tigers as Dick Regan picked up his third victory. Earl Robinson's ninth-inning homer, which touched off a dispute over whether it was fair or foul, was the margin of difference in Baltimore's victory. Brooks Robinson

also homered for the Orioles and Jimmy Piersall hit one for the Senators.

Jack Sanford, who had a shut-out after eight innings, gave up only six Houston hits in registering his fourth victory for the Giants, who remained four games ahead of the Dodgers in the NL race. Orlando Cepeda and Jim Davenport each got three hits to pace the San Francisco attack.

The Dodgers, held to only two hits by Larry Jackson through the seventh, scored all their runs the following inning. A two-run error by the usually reliable Ken Boyer opened the way. John Roseboro's sacrifice fly accounted for the winning run and handed Jackson his fourth loss against three wins; Los Angeles used three pitchers in the last two innings to hold the lead as starter Johnny Podres picked up his third win.

Vada Pinson, with a homer (his 11th) and triple, and Frank Robinson, with a two-run homer, paced the Reds, who beat the Pirates for the third straight time. Bob Purkey went all the way to gain his sixth victory without a loss. Jim Marshall's three-run third inning homer was the big Pittsburgh blow.

Frank Bolling's two-run homer in the eighth, a "wrong field" blow that traveled only 257 feet, and an equally short homer by Roy McMillan accounted for all the Milwaukee runs against the Mets. Before the game began, manager Birdie Tebbetts read the riot act to the Braves, who had dropped a twin-bill to the Mets on Saturday.

The Cubs hit six home runs—three in each game—to move past the Mets into ninth place. Both victories went to reliever Barney Schultz, the Cub knuckleballer who now has appeared in eight straight games, one short of the NL record. He came on in the ninth inning of the opener with the Cubs trailing by a run and

in the second inning of the night-cap with the Cubs behind again by a run and pitched 3 1-3 innings. George Altman paced Cub hitters with two home runs, driving in three runs in the first game and two in the second.

WIN TWO IN ROW

NEW YORK (UPI) — Sheffield United of England edged an All-Star team of American and German-American soccer leagues on Sunday, 3-2. It was the second victory in as many days for the Englishmen, who downed the Ukrainian Nationals, 4-1, Saturday.

Minoso Has Broken Wrist Besides Skull Fracture

ST. LOUIS (UPI) — The condition of Minnie Minoso, seriously injured St. Louis Cardinals outfielder, was complicated today by the discovery he has a broken wrist in addition to a skull fracture.

Minoso sustained the injuries Friday night when he crashed into the concrete left-field wall while chasing a triple by Duke Snider in a game against the Los Angeles Dodgers at Busch Stadium. This is the second time Minoso has suffered a skull fracture during his career. X-rays revealed he incurred a hairline fracture five years ago. The new

fracture is not believed to have affected the old injury. Minoso was unconscious for three minutes following the collision. He was carried from the field on a stretcher in a semi-conscious state.

Doctors reported that Minoso was still "taking liquids well" and was a little more alert than he has been. Officials say Minoso, a native of Cuba, will be out of action for four to six weeks. He will be laid up with the injury for four weeks, and a reconditioning period should add another two weeks to his absence from the lineup.

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to set its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

Subscription Rates: By Carrier in Pampa, \$5c per week, \$4.50 per 3 months, \$15.00 per 6 months, \$30.00 per year.

Public Defacements

It would seem commendation is due the editors of The Little Harvester, Pampa High School's weekly newspaper, for an editorial published in their issue of last Friday.

The editorial, headed "Fools' Memorial," is reprinted here in full: "Seniors '61" is printed in red on top of a water tower, painted in sticky green fluid beneath the underpass, and smeared in lipstick on restroom walls.

Will "Seniors '62" soon join these defacements which mar Pampa? Is this the fitting memorial the Class of 1962 wants to leave its town? The common desire of all classes is to leave a memorial of beauty and purpose to Pampa.

Beginning In Ignorance

Ignorance isn't a healthy sign, but the first burst of knowledge occurs when you can openly admit just how ignorant you really are.

New Interest In America

According to recent surveys, a general change is occurring in the American mind. Instead of being predominantly concerned with Khrushchev or with Castro, Americans are becoming much more concerned with matters closer to home.

The rise of big government in Washington and at state level is getting a far bigger share of the attention of the man on the street. What is happening in our schools is more important to many.

This is one of the healthiest signs we have seen in a long time and we hope the report is valid. For if Americans are going to begin concentrating on affairs in their own back yards, it is just possible that some pretty far-reaching problems can be lining up for solution.

Foreign Communists, looking at us from afar, have predicted again and again that they could conquer us by the expedient process of letting us do ourselves in. And there is nothing quite so certain to be a destructive influence in any country, as that influence which keeps our attention glued to affairs in far places, where, in point of fact, we are impotent to engineer change.

For the past decade or more, Americans have tried to mind everyone's business but their own. Housewives have been speaking knowingly of affairs in Cambodia, Laos and Iran.

In full candor, what do most of us know about these places or conditions? A few have traveled beyond the

Factor

No other animal, besides man, can use its voice as effectively as a bird. No other animal even approaches the birds in their ability to use their voice.

People in Italy or Belgium or Norway can't possibly have much respect for our know-how in the solving of their problems, when it is notorious that we have a few unsolved problems of our own.

Dear Sirs: Please excuse the stoppage of payments on Ben. We can't pay his insurance because he died last September.

Scientist: are still debating whether or not splitting the atom was a wise crack. Tourist (to Indian in heart of reservation) - White man glad to see red man. White man hope big chief feel tip-top this morning.

Bob - No. I look two pieces better time.

Pull Up A Chair

By Neal O'Hara

In the latest 1962-63 "Who's Who in America" Attorney General Robert F. Kennedy's autobiography is longer (26 lines) than that of President John F. Kennedy (17 lines).

A Brooklyn, N.Y., movie theatre flaunted this attraction on its marquee: RICHARD BURTON, EDDIE FISHER'S RIVAL, "LOOK BACK IN ANGER."

Medical science calls the hair an appendage of the skin because they are so alike chemically, even though they look much different. What injures one is likely to injure the other and what is good for one is often good for the other.

Today's favorite gag: A boy was a court witness and the defense lawyer took him over. LAWYER - "Did anyone tell you what to say in court?" BOY - "Yes, sir."

That Cleopatra dissolved a pearl in wine and drank it is a legend. But it has been recorded that one Sir Thomas Gresham, an English big shot of the time, ground a famous pearl worth 15,000 pounds to a powder, added it to his wine and drank a toast to Queen Elizabeth I, to impress a visiting Spanish ambassador with England's wealth.

Thoughts while shaving: 1. An executive of one major steamship company confides that while its official policy is that it cordially welcomes women on its cruises, it does not make any special appeal to them because too many women aboard cruise ships might scare the men away.

Perhaps it has been part of the old shell game, performed on a world stage. If the attention of the American people can be confused by much drum beating and much posing of foreign imponderables, it is possible we'll miss seeing just which shell the pea is under.

When you get right down to it, foreign affairs from an American's view, are little more than the domestic affairs of foreigners. And it would follow that foreign affairs from the standpoint of many foreigners, would simply be American domestic affairs.

Now we don't believe that foreigners understand how to solve our domestic problems. Further, we'll specify that we don't particularly appreciate their poking into our domestic affairs with advice, however well intended.

And we dare say that the same attitude, were the truth to be known, would characterize our probing into all kinds of foreign avenues of behavior.

People in Italy or Belgium or Norway can't possibly have much respect for our know-how in the solving of their problems, when it is notorious that we have a few unsolved problems of our own.

Dear Sirs: Please excuse the stoppage of payments on Ben. We can't pay his insurance because he died last September.

Scientist: are still debating whether or not splitting the atom was a wise crack. Tourist (to Indian in heart of reservation) - White man glad to see red man.

Bob - No. I look two pieces better time.

When I Call You That - SMILE!

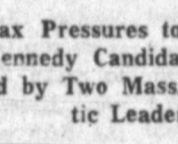

Allen - Scott Report

Tax Pressures to Back Ted Kennedy Candidacy Reported by Two Mass. Democratic Leaders

ROBERT ALLEN

PAUL SCOTT

WASHINGTON - The furious efforts to avert a stinging rebuff to the senatorial ambitions of Edward (Ted) Kennedy, 30-year-old brother of the President, are reported stooping to an astonishing level.

Two influential Massachusetts Democratic leaders are telling friends they are being subjected to exceptional pressures to impel them to support young Kennedy.

In both instances, this back-stage pressure involves their tax returns. The two veteran party chiefs are saying they have been warned they are "risking difficulties" with the Internal Revenue Service if they persist in backing State Attorney General Edward McCormack, 39-year-old nephew of Speaker John McCormack.

One of these Democrats, an influential member of the Massachusetts Legislature, was given this admonition by a recent presidential appointee.

This newly-named federal official strongly urged the state lawmaker to switch to young Kennedy. When the legislator firmly refused, he was bluntly told, he reports, "You are asking for trouble. This may cost you an income tax investigation."

The other party leader was similarly jarred a few days after he undertook to raise some campaign funds for McCormack.

The Internal Revenue Service reopened an old tax case of his. This politico has long been connected with Democratic fund-raising activities. During the Eisenhower Administration, the Revenue Service challenged certain of his returns. After a protracted investigation, he was cleared of all charges last year.

Now, suddenly, upon becoming active in McCormack's behalf, he has been informed this old closed tax case is being revived.

Still, another, even more glaring instance of such bald-faced pressuring is being bruited about in political circles. This astounding report is being checked by this column to determine its accuracy.

Meanwhile, McCormack continues to lead young Kennedy by an 8 to 5 margin in delegates to the Democratic endorsement convention in Springfield June 7-9.

And another Kennedy appointee has left Washington to work in young Ted's campaign. William Hartigan, long-time Kennedy partisan, dropped a well-paying Postoffice department job to return to Massachusetts for the bit.

ter senatorial nomination battle. This is the latest instance of such White House intervention.

As previously disclosed by this column, two members of the White House staff are actively engaged in aiding Ted - Timothy Reardon, special assistant to the President, and Richard Donahue, an aide who is also ward chairman in Lowell, Mass.

Also taking a hand in back-stage electioneering are P. Kenneth O'Donnell, and Ralph Dungan, special assistants to the President who have been closely associated with him throughout his political career, and Jack Redding, one-time Deputy Director of the Democratic National Committee.

BLOODY BUT UNBOWED - William Moriarty, leader of McCormack forces in Lowell, Mass., is continuing to denounce scathingly Richard Donahue's meddling in the senatorial race.

In a blistering interview, Moriarty charged Donahue with "high-handed, arbitrary and unfair tactics," and concluded dramatically, "I will bend for God, but for Kennedy, never."

Representative Katharine St. George, R-N.Y., addressing the Maine Republican convention, cried, "Let's stop making the government of the United States a family affair!"

And Fred Scribner, former Undersecretary of the Treasury in the Eisenhower Administration, told the cheering delegates, "The citizens of Maine are opposed to expanding control by one family over the welfare and destiny of this nation."

Massachusetts political reporters estimate Ted Kennedy's campaign payroll and expenses are now running at more than \$25,000 a week.

POLITICALS - President and Mrs. Kennedy will lead the grand march at the \$250-a-ticket dinner-dance of the Democratic National Committee in honor of Matthew McCloskey, millionaire Philadelphia contractor, who is quitting as party Treasurer to become Ambassador to Ireland.

This will be the First Lady's first participation in one of these fund-raising affairs. Half of the money will be used to pay off the \$648,000 debt still remaining from the 1960 presidential campaign, and the remainder will go for this year's congressional elections.

Mrs. Margaret Price, Democratic Vice Chairman and Michigan National Committeewoman, is credited by White House insiders with being the almost certain choice as U.S. Treasurer. This will give her family two top federal jobs. Her husband, Hickman Price, is Assistant Secretary of Commerce. Their combined federal salaries would be around \$40,000.

Reason Mayor Wagner is so firm in withstanding White House pressure to run against Governor Nelson Rockefeller is that Wagner is bent on seeking the seat of Senator Kenneth Keating, R-N.Y. Wagner thinks his chances against Keating would be a lot

Pegler Says: Farm Program Making 'Sharks' Of Farmers

By WESTBROOK PEGLER

PECOS, Tex. - There are many fine, virtuous American families in this ugly little mess of a town on the high plains of West Texas, but it is a shockingly bad place, too. Most of the farmers are typical of American farmers everywhere under the system invented to solve the "farm problem."

They have learned the fine points of the lease-back and the swapping of cotton allotments from the Department of Agriculture. "Windshield farmers," including some bankers and city lawyers, are sharks at these tricks reminiscent of three-card Monte.

Some of the Pecos farmers are doomed to obliteration by lawsuits filed by grandiose big city loan-sharks called finance companies which bought chattel mortgages on non-existent ammonia fertilizer tanks from Billie Sol Estes, the Wonder Boy of the Region and of the Texas Democratic Party. Billie Sol's rickety empire now lies in a flundered ruin like that of a string-town flattened by a twister.

But he trapped old friends and neighbors into legal liabilities amounting to millions. If they are wiped out they will be victims of their own parasitic greed. They are all members of a gigantic underworld of agriculture that blankets the nation. Its aggregate toll from the dull-dumb, docile taxpayer makes the romanticized intake of Mickey Cohen and Frank Costello look like a two-bit tip in a beanery.

Walter Holcombe, the president of the Security State Bank of Pecos, said that all but two of Billie Sol's victims who are known to him were buying moonbeams and that he repeatedly told them so. But did he go to the prosecuting attorney? It does not appear that he did.

He boisterously relates that he called Wonder Boy a name rhyming with "rich," and said, "You stole that \$18,000 from me" in severing their long financial relation. But I had to learn elsewhere, not from the Elder Statesman, that in 1954 when Billie Sol was named by the Junior Chamber of Commerce in Washington as one of the Ten Outstanding Young Men of America, Holcombe gave a vast barbecue in honor of Billie Sol. That was a bad year for the Jaycees.

Another Wonder Boy of that litter was Frank G. Clement, then governor of Tennessee, who became the outstanding false alarm of the decade. Another was a newspaper feature writer named Carl T. Rowan, who recently tried to integrate the Cosmos Club in Washington.

But Banker Holcombe was high on Wonder Boy Estes just then. Banker Holcombe is a Texas Democrat and to that extent he is now tarred by the stick that has tarred other officials. President Kennedy not only sent Wonder Boy a telegram when he started his Pecos Daily News in a tank town of 11,000 a year ago, but sent him an autographed picture as well.

Mr. Holcombe might be a good witness in criminal proceedings in the highly improbable event that Bobby Kennedy will proceed against Lyndon Johnson's political empire as ferociously as he has started after U.S. Steel.

One citizen told me that Pecos was both beautiful and horrible.

The white youth are beautiful as always and as moral as any. There are few Negroes hereabouts. But in Odessa, only 79 miles east, a popular high school boy blew a sweet girl's head off with a shotgun on a midnight date, she in her shorty pajamas, because she asked him to, and was acquitted absolutely. She was only 17. This citizen told me that the good Mexican girls are conspicuously virtuous and religious. Mexicans and Anglos do not mix much. But he said there were big traffic in narcotics from Mexico and flagrant prostitution back in the cotton land by white girls in small house trailers up from the Rio Grande Valley, and by Mexican girls of the region. I found that other credible citizens agree on these views.

There is terrible hatred going against the conservatives who elected John Tower Senator on the Republican ticket. They are called "Birchites" although I met only two who said they were members of John Birch. Other conservatives call themselves Goldwater Democrats and call the leftist Democrats Yellow Dog Democrats. It seems to be an old saying that extreme Democrats would vote for a yellow dog on the Democratic ticket. A reputable conservative told me under seal not to give his name that a ruling magazine had circulated letters to his friends and customers threatening to cut off their pensions and insurance if they did not drop him, the conservative. Another conservative assured me that this was true.

Man Involved In Greenlease Case Dies In St. Louis

ST. LOUIS, Mo. (UPI)—Louis Shoulders, a former police lieutenant who won fame and then disgrace in the Bobby Greenlease kidnap case, died last week of an apparent heart attack.

Shoulders was 61 years old. He had lived in obscurity ever since his release from a two-year prison term on charges of not telling what he knew about what happened to more than half of \$600,000 in ransom money.

In 1953, Shoulders became the most famous police officer in the nation when he arrested Carl Austin Hall, one of the two kidnapers of 6-year-old Bobby Greenlease of Kansas City.

Hall and his mistress, Bonnie Jean Heady, abducted the boy from his school and demanded \$600,000 ransom from the lad's father, a wealthy Kansas City auto dealer.

Greenlease paid the money, but never saw his son again. Hall and Mrs. Heady killed the boy. A few days later, Shoulders arrested Hall while the killer was on an alcoholic binge in St. Louis.

Hall claimed he had almost all of the \$600,000 with him in a suitcase when he was captured. But when the money was counted, there was only \$300,000 left.

Shoulders never disclosed what had happened from the time he got his first tip on Hall's whereabouts and the arrest four hours later. The missing ransom money was never recovered, but years later ransom bills began turning up in various parts of the country.

TEN LARGEST UNIONS

In thousands—Figures for 1960

TEAMSTERS	1,484
STEELWORKERS	1,152
AUTO WORKERS	1,136
MACHINISTS	898
CARPENTERS	800
ELECTRICAL (IBEW)	771
MINE WORKERS (Ind)	600
LADIES GARMENT	447
HOTEL WORKERS	443
HOD CARRIERS	442

STATE OF UNIONS—Since reaching a peak membership of 17.5 million members in 1956, national and international unions have declined slightly. Total in 1960 was just over 17 million, excluding Canadian members. Numerical standing of the first ten unions is shown above, based on Bureau of Labor Statistics.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

It has been more than 35 years since Great Britain has had a nationwide dock strike. But dispatches from London this week gloomily were predicting that Britain's 72,000 dockers once again would close down the nation's ports at midnight Sunday.

The issue involved both wages and hours, the dockers demanding a boost of about \$2 over their present weekly average of \$42 and a 40-hour work week. When government attempts to bring the two together collapsed at midweek, employers were offering a raise of about \$1.26 and a 42-hour week.

For a nation which must ship to live, the effects of a prolonged dock strike could be disastrous. It is not the purpose of this dispatch to attempt to discuss the merits of the case, but rather to take a look at the man who would give the strikers their go-ahead.

He is a 35-year-old Yorkshireman named Frank Cousins who has been called the most powerful

It is not, he says, in the interest of labor. Within the Labor Party, Cousins has emerged since the death of Aneurin Bevan as one of the chief left-wing antagonists of party leader Hugh Gaitskell, who has accused him of being both a pacifist and a fellow-traveler with the Communists.

Phillips Makes Employee Change

Phillips Petroleum Company announces two changes effective June 1 in its international department's exploration and production division.

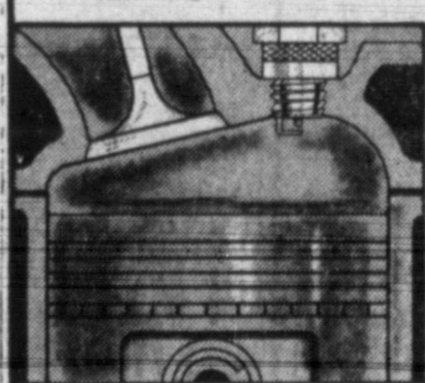

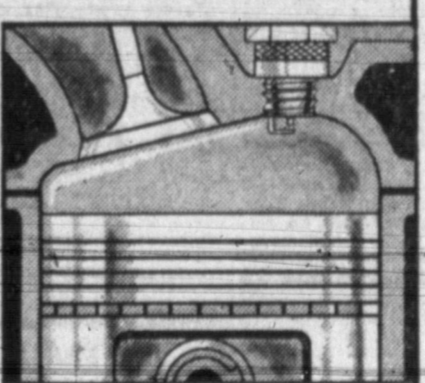

C. L. Merrell, presently manager of the company's Venezuelan operations with offices in Caracas, will transfer to the newly-created position of production director in the company's Bartlesville, Okla., headquarters. F. C. Jones will be promoted from assistant manager to manager of Venezuelan operations.

Skelly Oil Company, who brought you KEOTANE, now makes this startling statement:

No Matter Who Says What About Regular Gasolines, This Fact Remains:

Skelly's "SUBTRACTIVE" Refining Process plus Skelly's detergent-action ADDITIVE KT-3 makes Skelly Regular the best regular gasoline—regardless of price:

See Why A Dirty Engine Costs You Money
See Why A Clean Engine Saves You Money:

A DIRTY ENGINE wastes gasoline, wastes oil, idles "rough," needs frequent repairs and tune-ups, gradually loses power—and wears out fast.

A CLEAN ENGINE saves gasoline, saves oil, gives more trouble-free miles, has more power, livelier pick-up—and runs far smoother.

Read these tested and proven scientific reasons why:

All raw petroleum, as it comes from the ground, contains many harmful substances that can build damaging gum and carbon deposits in combustion chambers and carburetors of modern high speed engines.

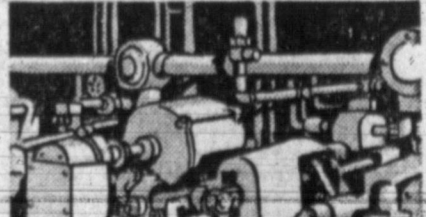

Skelly solves this problem in two important ways:

At The Refinery . . . Skelly subtracts harmful substances from raw petroleum to bring you the cleanest, purest gasoline made anywhere.

At Skelly Distribution Centers . . . Skelly adds detergent-action KT-3 to clean up old deposits in your carburetor and engine, and to keep new deposits from forming.

Result: Skelly laboratory tests proved that KT-3 out-cleaned the average of nearly 40 leading gasoline additives . . . 30% better in carburetors; 20% better in valve areas; 19% better in intake systems, and 12% better in combustion chambers.

You Pay No More For KT-3
So, why settle for less? Fill up with Skelly Regular today and let KT-3 put new pep in your engine.

Skelly injects KT-3 into Skelly Regular at terminal distribution points to assure you of getting KT-3 in every tankful you buy.

WANTED: 100,000 TEST DRIVERS!
Get your FREE Skelly Mileage Meter now. Test-drive new Skelly Regular with KT-3 for at least 30 days. Prove to yourself that KT-3 can boost your mileage.

Keep Your Engine Clean... Clean... Skelly-Clean... With Skelly Regular Gasoline with KT-3
