Europe, for centuries the spawning ground of wars and national rivalries, reached the end of a bitter road in 1945.

In response to the challenge, American gid through the Marshall Plan began in 1948. The 17-member Organization for European Economic Cooperation was set up to administer the program. And then in 1949, the NATO military alliance was formed.

#### NGPA Meet Is Scheduled For Odessa

Two trade association programs of importance to the petroleum industry will be outlined in the two principal addresses of the Permian Basin regional meeting of the Natural Gas Processors Association, scheduled May 11 at the Lincoln Hotel in Odessa.

Newly-elected NGPA President John M. Kindle will open the daylong meeting with a summary of NGPA activities affecting markets and marketing of LP-Gas, a critical matter to the gas processor today. Opening the afternoon session will be Wilbur Rocchio, Executive Vice President of the newly-formed Permian Basin Petroleum Association, who will discuss his group's program in an address entitled "A Voice for the Permian Basin".

IT'S THAT TIME of year again . . . time to put IN the airconditioner and to take OFF a few pounds....ah, what havoc with the human figure does the sedentary pleasures of winterwreak! . . . it's just a plain fact that no matter how busy you are you just naturally do more sitting in the winter than in the spring and summer . . . when there are outdoor sports and gardening to do . . . sitting at a Bridge table . . . sitting while reading ... sitting while watching television ... sitting while eating more than you should ... . sitting while sewing ... but a few weeks of yard-work and counting calories should do the trick ... and smooth out the bumpy faults that no longer can be camouflaged with a winter coat ... overheard one gal in the beauty shop the other day say that she had read 10 pages in that new diet book, "Don't Count The Calories" and had already lost five pounds! ... which way does the line form to purchase this miracle book??...bet there's more to it than that!

A PERSON AFTER our own heart . . . as the old Irish saying goes . . . is Barbara Turnbo, who smitten with all the symptoms of Spring Fever, composed the following poem for immediate relief, which we think most mothers will understand:

May Day, May Day; School will be out right away; But in the meantime, may I suggest A steady pace, no time to rest.

Where are the days of peace and quiet?

Where are the eight hours' sleep each night?

I'd love to talk with me, myself;

But here I sit upon the shelf;

Tabled for when next we meet,

In firm admittance of defeat.

They tell me there's no special place

A private room awaits her Grace.

Where me, myself and I can share.

Oh, May Day, May Day, are you there?

HEARD THERE was a gay birthday gathering one noon this week in the Pampa Hotel Dining Room... when M. K. Brown squired Clotile Thompson... Iris Ragsdale... and Mary Ann McCloskey to luncheon in celebration of Mary Ann's birthday... she was a most surprised honoree especially when M. K. boomed out in song with the traditional birthday wish have you noticed Bob and Georgia Sidwell's attractive home at 1344 Williston??? this springtime, it is even more attractive with its hedge of Bridal Wreath, heavy with blossoms, and the two roof-top Snowball Bushes all decked out with huge floral snowballs... when Twentieth Century Cotillion guests members arrived at their spring luncheon on Tuesday afternoon in Ann Heskew's home, each found a most attractive spring purse at her place setting... they

a most attractive spring purse at her place setting. . . they were made from attractive spring florals with the paper handle inscribed with each member's name . . when unfolded it became the cutest kitchen apron . . BETA SIGMA PHI SORORITY had a pretty Founders' Day banquet the other evening in the handsome white and silver Banquet Room of the Black Gold Motel from all we can hear it was a gala evening... complete with happiness and tears... happiness from the four Girls of the Year for being selected by their chapters for contributing the most to their individual chapters this year... and a few tears with the announcement that Viola Jordan, who has been associated with the sorority since 1952, the year she was chosen Woman of the Year by the group, was choosing this her 10th year to withdraw from active participation as director of the Upsilon Chapter singled out for honor by their chapters as Girl of the

SPEAKING OF TWO other sororities. Epsilon Sigma Alpha has mass plans underway for the sponsoring of the Beaux Arts Dance Recital the latter part of this month. it's to have a "Cruise" theme pretty and frilly costumes are already made and hanging in the closets. but imagine a few are still under the sewing machine needle and having those endless sequins pasted on .

Frances Walls, Joanne Shackelford, Laura Penick and Beatrice Bowers have just returned from a Kappa Kappa lota convention in San Antonio ... where they had a marvelous time attending this national teachers' sorority business meetings and seeing the sights of that city's Fiesta Time.

THE FIRST OF OUR friends took off this week for Seattle, Washington to attend the World's Fair ... and how we'd love to use their names ... being the name dropper that we are ... but we promised not to until they return ... besides that we remember what Chief of Police Jim

Conner said about advertising the fact that you are going to be out of town ... as far as we know the LDs are the very first to go from here ... and how we envy them ... before the summer is over, we know there will be a lot of Pampans who will have taken in the First World's Fair in our own country in many years ... saw Knox Kinard, back for a few days from his Colorado home, greeting old friends at the Country Club Buffet Thursday ... it seemed the club was filled with golfing and Bridge enthusiasts ... Billy Ed Cooper came back home for about ten days from Europe ... just long enough to take himself a bride, Janice Weinheimer, on April 27 and to fly back with her to Europe, where he is employed as a welder for a pipeline company ... they will be making their home in Colmar, France and plan to do a lot

of sight-seeing ... Billy Ed's brother, Eugene, lives in Berlin, so there will be a family reunion there ... Janice and Billy Ed were classmates in Pampa High School ... hear that the Pampa Garden Club received a nice honor at their recent state convention ... they won a cash award for their Pork and Shelter project out on Duncan Street ... and it is nice that the club should benefit financially ... but that park is fast turning into a show place of the town ... and the benefit enjoyed by passersby cannot be measured in any way.

THIS IS NATIONAL MUSIC WEEK also, Texas Nurses' Week and National Hospital Week the Treble Clef Club is planning a series of daily programs this week ever local radio stations for the hospitals and purses, it will probably be business as usual but bless them both.

Birth is just the halfway mark in the maturing of the human infant, asserts the eminent anthropologist Dr. Ashley Montagu. The infant spends 267 days in the period of gestation, but is not mature until 267 days later when the average infant has learned to crawl. However, he points out, mother and child "are too often separated from each other, the one isolated in the room, the other banished to a crib in the nursery."... Card of Thanks

RITA. BARRETT

Since it would be utterly impossible for us to send cards to everyone without missing someone. We would like to take this means to say thank you from the bottom of our hearts for everything everyone did to lighten our burdens through this tragic time. I cannot express how we feel in words for the many, many wonderful people who helped up in so-many ways not can we express the sorrow and loneliness in our hearts over the loss of our only little daughter, our baby, but we believe it was just a part of God's wonderful plan, that he made it as easy on us as he could possibly make it, that her going was for a purpose and our staying was for a purpose. Our prayers are for strength and courage to go on and that we will find a purpose in life and we can fulfill that purpose so that we may join our sittle daughter, cover these some find a purpose in life and we can fullfill that purpose so that we may join
our little daughter over there someday. God promised us that he would
go and prepare a place for us and
come again for us. I believe Ritupart of the preparation and that it
makes Heaven a More wonderful place
since Rita is there. God gave us
twelve of the most wonderful years
of our lives with Rita. We will miss
her and the loneliness is almost unbearable but we are thankful for the
lives God spared for us and the speedy
recovery of our husband & father.

May God's richest blessings be upon each of you.

Sincerely.

# PEOPLE OF GOOD JUDGEMENT

Most people of good judgement realize that they are not experts on cars and wisely they buy their cars — new and used from men they know and can trust. They know that the Pampa New Car Dealers have been in business for a long time, a fact which is indicative of their trustworthiness.

They know that from a member of the Pampa Auto Dealers they get the lowest net cost and that there is no juggling of figures and fast double-talk to make the car seem like a bargain when it isn't. They must know that they are getting value for their money when they buy . . and that the Pampa New Car Dealer stands behind the car he sells.

They also know that by buying their car locally they are doing business with men who are their fellow townsmen and who want to do business with them again. They are part of your own community. They give you a necessary servin every way it's better to buy your car lo-
