## Business Complaints About Kennedy Reflect Deep Differences

**FIRST DAY OF SUMMER** — Summer begins officially today at 3:24 p.m. (CST) and weather forecasters said temperatures will show it with continued warm readings. Shown here preparing for the hot summer and the "Dog Days" to come are Jim Hood, seven-year-old son of Mr. and Mrs. Jack R. Hood, 1900 N. Nelson, and his dog "Pokey". Jim is cooling himself with a glass of iced tea and "Pokey" is trying an ice bag on his head. (Daily News Photo)

## U.S. Eyes Red China Build-Up Off Matsu

### Foreign Students Will Be Guests In Pampa Today

Thirty-six foreign exchange students, accompanied by two chaperones, were scheduled to arrive in Pampa at 3 p.m. today at the Coronado Inn for a two-night rest stop enroute to Washington, D.C., for orientation before leaving for their respective homes around the world, after a year's study in America.

The Exchange Students Program is sponsored by the American Field Service with headquarters in New York City. The group will be guests in Pampa homes until Saturday morning, at which time they will resume their trip to New York. Arrangements are complete for the reception and entertainment of the group under the leadership of Mrs. Thomas C. Braly, chairman of the local chapter of the American Field Service.

Entertainment includes an informal reception tonight in the home of Mr. and Mrs. Bob Andis, lunch with the Kiwanis Club Friday noon, and a Texas style barbecue Friday night.

For several years the local chapter of the American Field Service has sponsored, annually, two foreign exchange students. During the past school term, Miss Kathy Papanthassopoulou of Greece and Mr. Cris Jonsson of Sweden attended Pampa High and made their homes with Dr. and Mrs. Julian Key, and Mr. and Mrs. Coy Palmer respectively.

Plans are now underway by the local chapter to sponsor two students during the 1962-63 school year, according to Mrs. Aburey Steele, who will serve as chairman of the local chapter for the next school year.

Local people serving as hosts to the exchange group are requested to be on hand at Coronado Inn at 3 p.m. today to pick up their guests. Mrs. Braly said this (See STUDENTS, Page 4)

### But No Answers On Wall Street Many Opinions

By JESSE BOGUE  
NEW YORK (UPI)—Wall Street today is a place where the opinions on what's wrong with the stock market are as varied as the statistics being gleaned from dusty record books.

Everyone seemed to have the answers but no one, apparently, was doing anything about it. Prices on the New York Stock Exchange continued to fall in quiet trading Wednesday with a

**Decline Continues**  
NEW YORK (UPI) — Stocks went into a moderate first hour decline on light turnover today. The hard-hit glamor stocks paced the selloff with IBM down six, Polaroid around four, Xerox three and Motorola, Litton, Texas Instruments and a few others down two or more.

Blue chips including the leading steels, oils, chemicals and autos, were only off fractions. An exception was General Foods which slipped 1/4 after announcing an instant coffee price cut.

Celotex was the brightest item. It showed a gain of 3/4 to 2 1/4 on a delayed 3,500-share opening on news Ruberoid Co. had offered to buy at least 350,000 of its shares at \$25 a share.

Quaker Oats and AVCO were up large fractions, the latter making an active response to sharply higher six month earnings.

Others Affected  
The Cabinet officer told a news conference the agreement should be helpful in solving similar disputes between the engineers and Pan American and Eastern airlines.

"In the opinion of the administration," he said, "this settlement is clearly in the national interest and avoids the disruption that would have taken place if a strike occurred."

### Situation Is Termed 'Dangerous'

By STEWARD HENSLEY  
United Press International  
WASHINGTON (UPI) — High American officials said today a large-scale Chinese Communist buildup on the coast opposite Quemoy and Matsu may be in preparation for an attack against the two Nationalist-held islands.

On the other hand, they said, the Red troop movement could be a defensive move sparked by recurring Chinese Nationalist threats to attempt an invasion of the mainland, which Generalissimo Chiang Kai-shek lost 13 years ago.

Officials said intelligence reports during the past two weeks disclosed a large-scale movement of ground troops into Fukien Province near Quemoy and Matsu. The two islands are just a few miles from the mainland but 100 miles east of Chiang's stronghold of Formosa.

Some officials said they felt Chinese Communist chief Mao Tse-tung might be preparing an assault on Quemoy and Matsu to distract U. S. attention from Southeast Asia.

**Situation Termed "Dangerous"**  
The situation was described in the highest quarters here as "dangerous." The White House was said to be keeping an extremely close eye on developments.

Intelligence officials gave few specific details. However, they said the buildup appeared to be considerably larger than the last big operation in 1958, when the Reds leveled a heavy artillery barrage against Quemoy and Matsu.

Current intelligence reports do not mention any great buildup in the Red air force in the area as in 1958. Nor is there any mention of landing craft necessary for a serious assault.

These factors led some officials to conclude that the Red operation was purely defensive. The United States has been concerned lately by the increasingly frequent threats of the Chinese Nationalists to attempt an invasion of the mainland.

### Damage High In Childress Hail Storm

CHILDRESS (UPI)—An agent of the General Adjustment Bureau said Wednesday that the 100-mile-an-hour winds, baseball-size hail and torrential rain that battered the southeastern Panhandle Monday caused an estimated \$500,000 damage—\$400,000 of it in Childress.

The rest was in the nearby towns of Quanah, Estelle, Lakeview and Chillicothe, said W. J. Rellahan, the adjustment agent.

The damage estimate did not include crops. Harry Cox, Childress County agricultural agent, said fall cotton was wiped out in the majority of cases. Wheat had been about 95 per cent harvested.

"The trouble is," Cox said, "that even if farmers planned to replant, cottonseed is hard to find around here—there is a real shortage of it."

Nevertheless, U.S. officials have been uneasy about the situation. The United States is firmly committed to the defense of Formosa but the situation is not so clear regarding Quemoy and Matsu.

The assumption has been that the United States would help defend these outposts, too, if a Red attack on them appeared to be a prelude to an assault on Formosa.

**BULLETIN**  
**EDWARDS AIR FORCE BASE, Calif. (UPI) — Air Force Maj. Bob White, who has flown winged aircraft faster than any man, became the highest flying airplane pilot today by skyrocketing the X15 to a world record altitude of nearly 50 miles.**

Jaycees of Pampa were honored today for their work in public affairs at the 42nd annual convention of the United States Junior Chamber of Commerce being held in Las Vegas this week. The Pampa Jaycees were presented a second place award before a majority of the 12,000 convention delegates at a special awards ceremony in convention center.

### Critics Are Not Easily Pacified

By EDWARD COWAN  
ATLANTA (UPI) — Business complaints about the Kennedy administration reflect deep differences which will not be easily composed.

An all-day meeting Wednesday between some 300 businessmen and women from the Southeast and a squad of new frontiersmen led by Commerce Secretary Luther H. Hodges brought some of these differences into the open.

**Want Less Spending**  
In the conference hall and in private talks the businessmen said they wanted less federal spending, lower taxes, a balanced budget, a tougher government attitude toward labor, bigger profits, and more sympathy for business problems.

Hodges, Treasury Under-Secretary Henry H. Fowler and Commerce Department officials were able to give their critics assurances on only some points. Sometimes the critics were not reassured.

**Two Incidents**  
Those who claimed in private that the Kennedy administration is "hostile" or merely "unfriendly" to business — not all made this charge — unfailingly cited two incidents as evidence: Handling of the short-lived April increase in steel prices.

A profane and angry comment the President was reported to have made about businessmen after he was told that U.S. Steel Corp. was raising prices \$6 a ton. Evidently some businessmen take the remark personally. It is unlikely Kennedy ever will hear the end of it, although he has publicly qualified it.

Many businessmen said that the Democratic administration in Washington favors labor at the expense of business in its anti-inflation campaign. Criticism focuses on White House "guidelines" which say wage increases would be limited to gain in productivity, with prices stable.

**Profit Squeeze**  
An Atlanta bedding manufacturer who employs 700 persons claimed the "guidelines" were unrealistic. "They talk like 10 cents an hour is nothing," he said. His own sales, he reported, are higher than ever but "we're getting frighteningly thin profit margins."

Also critical of the productivity rule was Henry C. Coleman, a banker who is president of the Florida State Chamber of Commerce. Like the bedding manufacturer, he said the government should clamp a tight lid on all wage boosts like the one he said Kennedy was trying to put on prices.

**Tax Cut Chided**  
Neely B. Coble, a Nashville, Tenn., truck distributor, observed that Kennedy had promised a tax cut but "no reduction in federal spending. Let's not kid ourselves about reducing taxes at the expense of an unbalanced budget," he said.

### 3 Burglaries, Vandalism Are Reported

Three burglaries and a case of vandalism showed up in reports released by Pampa Police Chief Jim Conner today.

A .22-caliber Remington rifle was stolen from the home of Mrs. Mildred Warden, 1020 Varon Dr., sometime Tuesday night. Police said the thief entered through an unlocked door.

Charlie Snider, 1620 Fir, reported someone stole the carburetor from his automobile, parked in the driveway.

Paul West Jr., 106 S. Purviance, said he heard a noise in the garage at 10:45 o'clock last night and when he investigated saw two or three youths drive away in a car. Upon investigation he found several tools had been stolen from a tool chest in the garage.

Joe Brown, school employe, reported that someone threw rocks through windows of the school bus garage and office.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

### Two Pampa High School Graduates Awarded \$100 Scholarships To WT

Two 1962 Pampa High School graduates, Marion Gray and William (Bill) Tucker, have been awarded \$100 scholarships to attend West Texas State College during the 1962-63 session.

The scholarships, given to a number of outstanding area high school graduates, are awarded annually by the Ex-Students Association of West Texas State.

Miss Gray, daughter of Mr. and Mrs. George S. Gray, 1040 Neel Road, plans to begin work toward a teaching career at WT. She was a member of the National Honor Society, Spanish Club, Future Teachers of America, and Tri-Sci (Science Club). She was a member of the Girls' Choir for three years, played volleyball, and participated in her junior and senior class plays.

Tucker, son of Mr. and Mrs. William F. Tucker, 607 East Gordon, was a member of the Latin Club, Key Club, Junior Red Cross, PHS Band, and the National Honor Society. While in the ninth grade, he was a member of the student council, received a citizenship award, and was mayor of the school. He has been a delegate

### But Probe Continues

## Estes Asks Jury For Halt To Investigation

EL PASO, Tex. (UPI) — A grand jury continued its investigation of Billie Sol Estes today despite an attempt by the agriculture king to get a federal district judge to stop proceedings.

Estes showed up uninvited Wednesday to head off further investigation by the same federal grand jury which already has indicted him on 57 counts of fraud. U. S. Dist. Judge R. E. Thomas denied motions by Estes' lawyers to dismiss the panel.

John Cofer of Austin, Tex., one of Estes' lawyers, said that President Kennedy and Atty. Gen. Robert Kennedy have pronounced Estes guilty before he is tried. He also charged that newspapers, magazines, radio and television have made it impossible for the grand jury to be unbiased. "This case has never been equalled in all the history of jurisprudence," Cofer said. "Here is a man who has been subjected to trial and persecution by the press and the newspapers. It is the first time in 150 years that a President has expressed an opinion and confidence

in the guilt of a man indicted in federal courts and has criticized the bail of \$100,000 set in this case," Cofer said.

"And the attorney general (See BILLIE SOL, Page 4)

## Major Strikes Idle American Workers

By United Press International

Major strikes of utilities, transport, mine, construction, newspaper and auto workers idled nearly 270,000 American jobholders today.

Threats of walkouts in the aircraft, construction, maritime and air transport industries threatened at least 200,000 others with enforced idleness. A work quotas dispute involving 25 United Auto Workers in Cleveland, Ohio, shut down Ford Motor Co. plants employing 75,000 workers and threatened today to spread to Canada. A seven-week-old strike-lockout

in northern California's construction industry left 140,000 workers without paychecks.

Some 20,000 installers and repairmen walked off their jobs Wednesday at the New York Telephone Co. in protest of two-day suspension of nine union officials because of a previous work stoppage.

**Rocket Launchers**  
Some 70,000 members of the International Association of Machinists-including workers at the Cape Canaveral, Fla., and Vandenberg Air Force Base, Calif., rocket launching installations — have voted strike authorization against three aircraft makers.

Federal officials in Washington were attempting to avert a strike of flight engineers against Trans World Airlines. Mediators at St. Louis, Mo., labored to head off a strike of pilots against Ozark Airlines, due Friday. President Kennedy prevented for at least 60 days a walkout by members of the Transport Workers Union against American Airlines, but union members picketed for an hour Wednesday.

Status of major strikes under way in the nation:  
**Auto Workers:** The two-week-old dispute over Ford Motor Co. work standards remained deadlocked over the company's production quota of 300 quarter pan-

els daily for Comet cars. Workers have been producing only 213 panels daily. The union charged the company with failing to honor an agreement on panels, package tray operations and door hinge reinforcements.

**Telephoners:** The New York walkout by members of the Communications Workers of America was to continue today, but the company said there has been no interruption in telephone service.

**Teamsters:** Two Teamster locals in New Jersey voted Wednesday to accept a new contract, ending a five-week-old strike of 3,000 drivers for United Parcel Service, but two New York locals rejected the terms. The strike re-

mained in effect. **Construction:** Some \$3.5 billion worth of northern California building projects remained at a standstill as a result of the strike and lockout in the 46-county area, which began May 1. When the laborers began picketing a few major projects, employers retaliated with a general shutdown.

**Newspapers:** The 77-day-old walkout by five unions which has kept the Minneapolis Star and Tribune from publishing since April 12 continued without major progress. Bargaining was to resume today in the walkout of the American Newspaper Guild at the Milwaukee Sentinel, which shut down the newspaper May 27.

### Groom Personals

Mrs. George Britton  
Daily News Correspondent

Mr. and Mrs. Wright McGee have returned from a two week's visit at Houston with their daughter and family, Mr. and Mrs. Don Calloway and their new grandson, Stephen Michael.

Mr. and Mrs. Rex McKay of Pampa were visiting Mr. and Mrs. Phil Farley recently.

Cindy and Joe Crowell of Pampa spent last week end visiting their grandparents, Mr. and Mrs. Lee Crowell.

The civil service examination for the rural mail carrier position with the Groom Post Office will be held Saturday, June 23, at Pampa. Fifteen applicants are expected to take the examination.

Miss Rosemary Lawlor of Pampa will teach voice in Groom on Thursday of each week it has been announced.

Mrs. John V. London and Mrs. Kenneth Hung were visiting in Claude Tuesday.

Mr. and Mrs. Leon Anglin have returned to their home in Phoenix, Ariz., after a visit here with their parents, Mr. and Mrs. Irwin Anglin and Mr. and Mrs. Carl Homer.

Mrs. Danna Howerton and family were recent Pampa visitors.

The Ruth class of the Baptist Sunday School met June 7, at the home of Mrs. Melvin Asberry with Mrs. Corrine Wheeler as co-hostess. Others present were Mmes. Les Driskill, Esta Byes, Floyd Knight, Viola Harrell, Ernest Lamb, Verna Whatley and Bob Milton.

Lynell Witt left Tuesday for Boulder, Colo., where she will attend the University of Colorado this summer.

Mr. and Mrs. Stanley Latta visited her mother, Mrs. L. W. Dillard, Monday at Hill Haven Rest Home in Amarillo.

Dr. and Mrs. John L. Witt, Lynell Jay, Mrs. Audie Martin and Susan Homer attended graduation exercises for Dan Witt at Abilene Christian College recently. Dan received his BS degree in psychology and will enter Kirksville College of Osteopathic Physicians and Surgeons at Kirksville, Mo., this fall.

The Rev. Harold Odum of San Angelo was visiting Mr. and Mrs. Jack Stephens and family recently.

Pam and Pat Davis of Borger are visiting their grandparents, Mr. and Mrs. Frank Koetting.

Mr. and Mrs. D. Caldwell and Mrs. Maude Ely of Amarillo visited Mr. and Mrs. Bob Ledwig and family recently.

### 'Taffy' Now A Wiser Dog

DETROIT (UPI) — Taffy was a sadder, but wiser, mongrel today.

Normally a friendly canine, Taffy had one pet peeve that threw her into barking fits of rage — the street cleaner and his huge machine that brushed clean Taffy's street.

Being just a small, part cocker spaniel mutt, Taffy had but one way to vent her anger, running and barking angrily after the cleaner.

However, she barked a little too loudly Tuesday and ran a lot too close to the cleaner.

The brushes picked her up and deposited her in the refuse bin on the truck.

A little boy saw the affair and ran to Mrs. John Walters to tell her what had happened. She did not believe him but when he insisted, she chased the street cleaner for five blocks to stop it.

She told the workman her story and he said it was impossible. To silence her, he opened the bin and to his amazement the bedraggled pup crept in.

Taffy was fixed up as good as new with a bath and one stitch to close a head wound.

As Mrs. Walters cuddled her dog, she said, "She'll probably still hate street cleaners, but from a safe distance."

### RIDES IN STYLE

By United Press International  
WASHINGTON (UPI)—An ambulance rushed to a shopping center Tuesday where a woman had fainted in 90-degree heat.

The prostrate woman opened her eyes and asked if the ambulance was air-conditioned. When that wasn't, she dismissed the drivers with instructions to call "one of those private, air-conditioned ones."

## Insulated Suits For Spacemen Disclosed

By DOUGLAS DILTZ  
United Press International

LOS ANGELES (UPI)—Scientists have disclosed space suits insulated with a quilted blanket of water as protection against radiation and an engine with the thrust of a Fourth-of-July rocket for launching huge spacecraft.

Also revealed at a conference of about 2,000 leading scientists and engineers was a means of making a lunar landing in a small vehicle from a spaceship orbiting 100 miles above the moon.

In a paper issued at the conference of the Institute of Aerospace Sciences, Dr. George R. Arthur, of General Electric's missile and space vehicle division, reported on the spaceman's water blanket.

He said it would be part of an aluminum and plastic "personal shielding system" to protect astronauts during flight from solar flares, which release clouds of protons and raise radiation during space flights to dangerous levels.

The heads of the spacecraft crew, he said, would be protected by removable aluminum and glass covers which would not impair vision. The back and foot areas would be shielded with borated polyethylene blocks — and the sides with aluminum plates.

With such armor, astronauts would pull a quilted water blanket up over themselves from a storage space under their feet to complete the enclosure. Slits in the water blanket would permit the crew to reach out to the control console.

General Electric also disclosed that huge interplanetary spacecraft weighing hundreds of tons probably would be propelled by electric engines developing about as much thrust as a one-pound Fourth-of-July Rocket.

Arnold D. Cohen, of the company's missile and space vehicle division, said electric propulsion engines would exceed high-thrust chemical or nuclear rockets "for

### Home Safety Tips

NEW YORK (UPI) — For a safer home, keep knives, scissors and other sharp objects in holders or some secure place. Also store matches in a tightly closed metal container.

The tips, suggested by Mrs. Lucile Bush in the current issue of "What's New In Home Economics," also included a warning about using pennies in the fuse box when you're out of fuses. She said the practice can lead to dangerously overheated wires.

sheer ability to transport high tonnages to Mars and beyond—once the spacecraft is in an orbit of the earth."

Cohen said electric engines still were in the laboratory stage, but would "come into their own after the more conventional high-thrust chemical rocket systems are able to launch more than 15,000 pounds into a low earth parking orbit."

## Baptist Calls For Resistance Against 'Unity'

TEXARKANA, Tex. (UPI) — The president of the 700,000 member American Baptist Association called on the church this week to resist "to the bitter end" efforts to unite all Christians.

Dr. W. W. Watson, pastor of the First Missionary Baptist Church of Auburndale, Fla., said "the forces of hell are our foes" striving to merge churches.

"Ours is a fight until death," he said. "Those who wish to live and die like heroes of faith will step over the line and declare on which side they fight."

Watson spoke at the opening session of the church's annual meeting, attended by more than 3,500 messengers from 50 states. The American Baptist Association is not connected with the 11 million member Southern Baptist Convention.

In his keynote speech, Watson said modernism, unitarianism and ecumenicalism are set to conquer the mind of men.

"They propose to unite all Christendom into one world church," he said. "The battle will be to the bitter end. They will not retreat. We must prepare. We must be ready."

"We will not surrender the commission given by our Lord and commander, Jesus Christ, nearly 1900 years ago."

### KINDHEARTED BANDITS

CHICAGO (UPI)—Bandits who robbed the Oak Park Savings & Loan Association of nearly \$3,000 Tuesday also relieved Louis W. Turner of \$100.

"You can't do that, that's my mortgage money," Turner protested. "I just came in to make a payment." He got the money back.

## Wall Street In Review

NEW YORK (UPI)—Benson B. Sloan Jr. of Harris Upham & Co. says that due to the fact the stock market "crash" is now the

prime topic in practically every news publication, the public has been gripped by a psychology which approaches panic proportions.

However, he adds, more encouraging is the fact the large institutions appear to be still in a buying mood, although possibly not to the same extent they were in the May 28-29 debacle.

Also heartening, he says, is the large amount of short selling,

particularly by the odd-lotters, which is being reported from the floor. A large short position, he notes, always supplies a cushion under the market as these stocks must be bought back.

Technically, the stock market is still behaving badly, says Investographs Stock Survey. However, "we continue to believe that the market is distinctly attractive on fundamentals."

Referring to Friday's rally, Smilen & Safin says that having remained out of the market since February, it does not seem wise to come in at the first sign of strength. "If the powerful trading market which we expect does materialize, there will be enough money and enough time in which to make it to satisfy everyone."

James Dines of A. M. Kidder & Co. says there is no change in

his long standing position of extreme caution, retention of cash, short term bonds, gold and silver stocks. He says he would place a stop-loss order one point below the low of the year under every long position, and employ rigid self control, resisting all temptations to buy "bargains."

**GONE TO THE DOGS**  
MONTGOMERY, Ala. (UPI) — State Sen. Carl Golson, whose support for a dog racing bill was credited with causing his defeat in a reelection bid, Tuesday introduced his successor to the legislature. "I found I couldn't outrun him or the greyhounds," Golson said.

### Former Pampan Dies In Canada; Services Friday

W. F. Hendricks, plant manager of Cabot Carbon of Canada and former resident of Pampa, died at Sarnia June 20 after an illness of several months.

The funeral will be held at 2 p.m. Friday in the Presbyterian Church at Sarnia. Burial will be in Port Huron, Mich.

Born in Watuga, Tenn., in 1904, Hendricks came to Cabot's Experimental Department from the University of Oklahoma. He later transferred to the Carbon Black Production Department and worked as assistant superintendent, construction superintendent, and district superintendent at various locations before moving to Pampa as district superintendent in the Texas Panhandle. In 1943 he was promoted to assistant carbon black production superintendent of Cabot's Southwestern Division. He left Pampa for Canada to take charge of the new plant there in 1952.

Survivors include his wife; his mother, Mrs. H. V. Dresbach, 812 N. Dwight; two brothers, R. L. Hendricks, 1313 N. Starkweather, and James F. Hendricks of Van Nuys, Calif.; and two daughters, Mrs. Harold Comer of El Paso and Mrs. Charles Kimball of Port Huron, Mich. L. B. Paden, 509 N. Starkweather, is a brother-in-law.

### Billie Sol (Continued From Page 1)

bragged that his department and the administration were responsible for the indictment and in bringing the downfall of his empire.

"Cofe also asked Judge Thomson to let him question each one of the 23 jurors to determine whether there was bias. Judge Thomson refused.

Cofe filed a petition listing a dozen magazines and newspapers which he said have printed unfavorable publicity about Estes. Among magazines and newspapers that he said have persecuted Estes, Cofe mentioned Time, Life, Newsweek, The Wall Street Journal, Dallas Morning News and Saturday Evening Post. He said the Columbia Broadcasting System had devoted a whole broadcast to Estes.

His point was that because of the publicity, it is impossible for the jury to act impartially in the case.

### Commission To Meet With Bond Firm Monday

Pampa's City Commission will meet at 7 p.m. Monday in City Hall to consider entering into a contract with a bond firm in connection with a proposed bond issue coming up in the near future.

City Manager Harold Schmitzer said the commission will talk with representatives from the Texas Municipal Bond Co. of Lubbock and R. A. Underwood and Co. of Dallas.

The city is contemplating asking the voters to approve a bond issue which will be necessary for proposed street improvements, highway widening and sewer and drainage projects in connection with the overall project covering U. S. 80 and State Highways 152 and 273 inside the city limits.

### Municipal Court Docket (Wednesday)

There were no arraignments or trials in Pampa's Corporation Court yesterday.

The Indian population of Arizona is the largest of any state in the Union.

### Wynn Veale Will Attend Conference

Wynn Veale, manager of the Credit Bureau of Pampa, will leave tomorrow for Spokane, Wash., where he will attend the annual international conference of the Associated Credit Bureaus of America, Inc., to be held June 27-29 at the Ridpath Hotel.

At the conference, Veale will participate on the program of credit reporting and collection service research group meetings. Veale will also attend special meetings on new trends in the credit industry.

He will be one of more than 400 delegates in attendance at the annual conference of the international trade association of credit bureaus and collection service offices. ACBoA's more than 3,800 members are located throughout the United States and Canada as well as in England, Australia, Porto Rico and Colombia.

Two Are Attending Red Cross School

Two Pampa High School students are among the 94 delegates from 11 states attending the annual midwestern high school Red Cross Leadership center in Goddard, Kan.

They are Eddie Edwards, president of the high school Junior Red Cross council, and Pam Ludeman, serving as delegate.

Pampa's participation in the leadership school will include a study of the institute of logopedics by Edwards and a talk on care of home by Miss Ludeman.

Purpose of the summer school is to provide high school students who have demonstrated leadership abilities with additional knowledge and skills needed for them to assume more active positions of leadership in Red Cross chapters and in the high school programs.

Over 35 chapters in the 11 states are represented.

### Mainly About People

Craig F. Meyers, son of Mr. and Mrs. K. M. Meyers, 1321 Duncan, recently enrolled as an English major at Trinity University San Antonio. He is among 645 students enrolled in graduate and undergraduate courses which begin July 17.

Wendell Watson, Pampa High School instructor, has been selected to participate in the National Science Foundation-sponsored summer institute in biological science at the University of Oregon, Eugene, Ore. Mr. Watson is among 25 high school teachers from throughout the United States recently selected to attend the institute.

For Sale: French powder table, sofa, 2 easy chairs, and lamp table. MO 4-8864.

Mr. and Mrs. L. J. Barker, 2001 Hamilton and Newt Barker of McLean have been called to the bedside of their father, C. E. Barker, who is seriously ill in Seymour. Out-of-town relatives and friends here to attend the funeral services of Brent G. Blonkivist on Monday afternoon were Messrs. and Mmes. Cliff Stimpson of Walters, Okla.; Kelly Treadaway of Colorado City; Jack Vance of Dumas; D. L. Morris of Clairmont; L. W. Patterson of Sweetwater; E. L. Kownslar of Midland; Bert Powers of Ardmore, Okla.; Mmes. Lester Johnson of Walters, Fred Surratt of Panhandle, and Jim Williams of Panhandle.

Mrs. Dick Harvey, 318 N. Gillespie, recently returned from visiting her mother, Mrs. H. T. Kenemer, of Quitman. A former Pampan, Mrs. Quitman celebrated her 80th birthday during her daughter's visit. Mrs. Harvey also visited her daughter and grandchildren. Mrs. Fred Harvey of Dallas and Estrelleta and Oren. The children are returning the visit and also visiting with their grandparents, Mr. and Mrs. A. R. Harvey, 736 N. Christy. Mr. and Mrs. M. E. West, 2232 Hamilton, had as recent guests their daughter and grandchildren, Mrs. J. D. Hubbard, Brenda and Janet, of Amarillo.

### Rites Slated For Former Area Man

McLEAN (Spl) — Rites for Robert Rowland Magill, 29, were planned for 2:30 p.m. today in the Alaneed Baptist Church with the Rev. J. I. Herndon of Texola, former pastor, officiating assisted by L. P. Fort of Pampa, present pastor.

Mr. Magill, born Aug. 21, 1932, in Fort Worth, died at 12 noon Tuesday in the Veterans' Hospital in Amarillo, where he had been a patient for the past three months.

He had lived in Alaneed but had been living in Abilene for a year, where he was employed as a rigger on the Guided Missile Base there.

He was a member of the Le-fors Baptist Church and a veteran of the Korean War.

Survivors are his mother and step-father, Mr. and Mrs. Albert Yake of Alaneed; one son, Bobby Dale of Abilene; one daughter, Teresa Gail of Houston; five brothers and two sisters, including Mrs. Jane Lowe of Pampa.

### Pampan Is Appointee At Girls State

Johnlyn Mitchell, daughter of Mr. and Mrs. John C. Mitchell, 328 N. Faulkner, a citizen of the American Legion Auxiliary Blue-bonnet Girls State now in progress in Austin, at the Texas School for the Blind, has been appointed to the Youth Council.

Miss Mitchell was sponsored to Girls State by the Pampa American Legion Auxiliary Unit.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non-partisan and non-political, the purpose of the Girls State program is to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights and responsibilities which they will assume when they become adults. They learn the problems of government by performing the same duties as real office holders in the everyday world.

### Students (Continued From Page 1)

The following is a list of students and sponsors comprising the group.

Miss Elizabeth Bagot and Miss Penelope Curtis, Australia; Miss Lucile Brabant of Belgium; Miss Gloria Pohl of Chile; Augusto Diaz-Marin of Costa Rica; Jorgen L. Dalgaard of Denmark; Miss Ann-C Svendblad of Finland; Miss Michele Liottet of France; Miss Ulrike Jagau of Germany; Ian Bruce of Great Britain; Miss Mary Crithera of Greece; Haridji Noensie of Indonesia; Antonio Durando and Miss Giovanni Merlotti of Italy; Yoshio Mizutani of Japan; Miss Anna Maria E. T. Hammes and Anthony Lefeber of Netherlands; Miss Helen A. Shepherd of New Zealand; Kjell Kari-rud and Torunn Onarheim of Norway; Miss Zarin Golwalla of Pakistan; Antonio Chambel De Sousa Raposo of Portugal; Timothy Hawarden of South Africa; Javier Valero-Sanchis and Carlos Vinuesa-Salto of Spain; Per-Erik Nilsson of Sweden; Hansjuerg Schuermann of Switzerland; Cevdet Boztuna and Miss Lale Koseoglu of Turkey; Miss Marzia Farioli of Italy; Gotaro Ogawa of Japan; Arstein Risan of Norway; Francisco M. G. H. Da Silva of Portugal; Andrew Newton Thompson of South Africa; and Miss Gulsen Ergoc of Turkey.

Sponsors for the group are Jean Asher and Paul K. Dayton III of Phoenix, Ariz.

### Man Fined \$50

Jim Chadwick, Pampa, was fined \$50 and costs and sentenced to 90 days in jail yesterday afternoon when he pleaded guilty before County Judge Bill Craig on a charge of swindling with worthless check.

NEVER GAVE UP

CHICAGO (UPI) — Mrs. Edith Meitus reported to police the theft of her new sports car from a parking garage Tuesday and then took a taxi for her home.

En route she spotted her car and had the taxi follow it. During the chase her cab passed a patrol car and shouted to patrolman Lawrence Forberg, who joined the chase.

Several miles later Norval White, 18, abandoned the stolen car and tried to flee on foot but was collared by Forberg.

### Foreign Commentary

By PHIL NEWSOM  
 UPI Foreign News Analyst

U. S. Secretary of Defense Robert S. McNamara has disclosed that in the coming fiscal year, the United States will spend \$15 billion on nuclear weapons.

It is an interesting coincidence that the total French budget for 1962 calls for an expenditure of just about the same amount.

The comparison is noteworthy because McNamara's disclosure came in a speech, delivered on the campus of the University of Michigan, which was aimed straight at President Charles de Gaulle and his determination to develop his own nuclear weapons system.

McNamara's point was that such weapons not only are expensive but unless of a strength few nations can afford, can neither prevent nor win a war and might even prove suicidal.

At almost the same time, speaking at Concord, N.H., another high administration official was warning of the increased risk of a war by accident.

Secretary of State Dean Rusk told the New Hampshire Council on World Affairs that if the present upward spiral of nuclear destructive power continues, by 1966 it could be double what it is today. The newest battlefield, he said, could be in space.

Both speeches were on major public pronouncements and indicated a two-pronged objective. One was an attempt to explain to Europe, and particularly to France, U.S. insistence on Central control of nuclear weapons within the Western alliance and the dangers involved in the development of conflicting strategies.

The other was to point out both to U. S. allies and the Soviet Union the increasing danger of war by accident as nuclear weapons know-how reaches more and more hands, and therefore the pressing need for disarmament agreement.

It surely was not by accident that both speeches were delivered on the eve of Rusk's departure for Europe and a new round of conferences with the NATO allies.

The United States consistently has opposed De Gaulle's nuclear program and has been equally unenthusiastic about the development of any "third force" which would weaken the NATO alliance and very possibly lead to conflicting strategies.

It can be taken as certain that the Rusk visit will change neither De Gaulle's nuclear program nor his present determination to boycott disarmament talks.

### Quotes In The News

By United Press International

WASHINGTON — Atty. Gen. Robert F. Kennedy, on the Billie Sol Estes scandal:  
 "... As long as you have human beings, you are going to have some kind of corruption ... but the important thing is whether you take action to deal with it, whether you cover it up, whether you push it under the rug, whether you act as if it didn't exist."

PARIS — President Charles de Gaulle, on the cease-fire agreement between the European extremists and Moslem leaders in Algeria:  
 "Algeria will live and develop herself in cooperation with France. That makes good sense. The page is turned ... after all that has happened it's a kind of marvel."

AMHERST, Mass. — Secretary of State Dean Rusk, on the neutralism of small, uncommitted nations:  
 "The voice of the small nations can be a powerful voice. But real independence cannot be found by always seeking a half way spot between the major contending powers."

CHICAGO — Evangelist Billy Graham, winding up an 18-day crusade in Chicago:  
 "The signs that we must make a choice are all about us. The historian Gibbon said Rome fell because of its high divorce rate and its taxes. You know about America's divorce problem, about the movie stars who seem to believe that the more husbands or wives they have the more of a box office attraction they will be."

### MUTES DROP DISPUTE

LOS ANGELES (UPI)—An elderly deaf-mute couple Tuesday dropped a dispute over a property settlement agreed upon in their February divorce action and decided to give their marriage another try.

Bernard Siegel, 80, and his ex-wife, Olive, 85, testified in sign language before Judge Roger Alton Plaff that they were going to try a reconciliation. The couple married in 1952.

# Here We Go Again!

On May 13, 1962, I wrote a newsletter about the Sugar Act in which I stated that there would probably be others in the future. My predictions in that newsletter as in previous ones are coming true.

The House of Representatives was advised on the afternoon of June 14 that the Sugar Act had been decided upon in all details and would be presented to the House of Representatives for passage, as a formality. In other words, the duly elected Members of Congress are again being victimized by parliamentary procedure, in order to perpetuate a practice that has been most detrimental, in my opinion, to the farmers of this Country, to the consumers, and to both as taxpayers.

Time after time efforts have been made to extend the Act for long periods of time. These efforts have failed, primarily due to the opposition that has been mounted against such attempts when the time for action was very short. A pattern has been followed in the Congress, deliberate or otherwise, but nevertheless a pattern, which results in sugar legislations being brought before the House of Representatives just a few days before the expiration of the law.

This creates a situation which provides the argument that unless the sugar legislation which

## Rio de Janeiro Is To Open A New Synthetic Plant

By JESSE Bogue  
UPI Financial Editor  
NEW YORK (UPI)—A new 40,000-ton-per-year plant for the production of styrene-butadiene rubber is slated for dedication near Rio de Janeiro this week bringing to nine the number of free world nations with facilities to produce this synthetic.

It was built with help in engineering, design, construction and with a boost toward the start of operations from a United States company, although it is owned by a Brazilian government agency, Petrobras.

The Goodyear Tire and Rubber Co., which furnished the assistance, estimated that SBR capacity outside the United States now is about 600,000 long tons a year, with others coming up. Plants in the United States, where 900,000 long tons are consumed per year, have a capacity of 1,600,000 long tons annually.

The Brazilian plant is one of four in which Goodyear has had a hand, either through aid or as part owner, in constructing in the past three years. Others are in Japan, England and Australia. It is building a wholly-owned specialty and nitrile rubber plant in France, and will be part owner of one in South Africa.

"Economics and the appeal of shortened supply routes to the final users of SBR made it inevitable that foreign nations would want their own facilities to produce this synthetic," said M. W. Laibe, vice president of Goodyear. "And, had American firms declined to assist, the plants would have been built by other interests."

## Researchers Find Germ, TB's 'Cousin'

HOUSTON (UPI)—A germ which is a cousin to tuberculosis bacteria has been found lurking in common places by a team of Houston researchers.

But this germ, unlike tuberculosis, rarely causes disease in humans, said Dr. Dan E. Jenkins, director of Houston's tuberculosis hospital.

"We've found it in the soil, in tap water and even in ice," he said.

It has caused disease in nine known cases here since the germ was isolated about five years ago, he said.

Three of the cases were children. They had an easily curable swelling and drainage in the throat.

In adults the germ causes a tuberculosis-like disease which can be serious, the physician said.

Tests have shown that many children are infected by the germ, but it is a "silent infection" which produces no symptoms of illness.

## LOOKING FOR COMPANY

LONDON (UPI)—A cow that escaped from a pasture Tuesday was found wandering near a pub named The Bull.

has been approved by the sugar industry (perhaps a better name would be the sugar trust), utter chaos will result and many will go bankrupt. The fact is that the small compact groups that have a monopolistic stranglehold on the sugar business in this Country are not going bankrupt, for the reason that they have made so much money at the expense of the American farmer, the American consumer and the American taxpayer, that it would take many,

many more things than the expiration of the Sugar law to even dent their assets.

Each and every year the industry gets together and decides what the law will be. In holding the meetings at which these decisions are made, the producer of sugar in the United States is not consulted, but is advised as to what he will be allowed to have. This has progressed to the point that in recent years some of the present sugar producing areas of this Country have been reduced to the status of mendicants at the table of international sugar trade.

Complexities are built into the law that totally discourage the average person who is unfamiliar with what is going on. For in-

stance, the 3 million tons of sugar that were taken away from Communist Cuba have been divided up between other foreign countries, with not one pound being allocated to the American farmer.

It is this gimmick in the bill that is being used at this time to argue that the bill should not be opened for amendment before the House of Representatives. In other words, the industry has written the bill, has handed it to a committee of the Congress of the United States of America with instructions that this is the bill that has been agreed upon. This bill, in turn, is handed over to the duly elected members of the House of Representatives with

the advice to take it or leave it. That is, permit the sugar industry to write their own legislation, deny the duly elected representatives of the people of this Country under the representative form of government from changing one letter or punctuation point. And the members of the House are told that unless they take this legislation, as the industry has written it, the alternative is utter chaos in the sugar business. The arrogance of these people in their refusal to agree to open and free debate on a matter so vital to this Nation is ample evidence to me that the whole matter would stand a thorough airing.

The assignment to American farmers of only one third of the

sugar allotment taken away from Communist Cuba, could take out of production of surplus crops over 400 thousand acres. Yet, deaf ears are turned to every plea that this be done. It has been argued that the importation of sugar was necessary for consumer protection. When this argument was shown up as false, it was then argued that the foreign policy of this Country required importation from these foreign countries of 45 per cent of our sugar needs. When this argument was effectively countered by facts and figures, the proponents of the sugar industry began to argue that it was necessary to continue this practice in order to prevent these countries from which it was

being imported from going communist.

It was while this argument was being so freely used, our neighbors to the south under the leadership of Mr. Castro, went communist. At that time we were buying one-third of the sugar requirements of this Country from Cuba.

In other words, the sugar used on the cereal of every man, woman and child of this Country every third day came from Cuba — yet Cuba went communist. How long are we going to continue to be duped by this fantastic practice?

I can only say that my efforts will be continued to correct it and I sincerely hope that enough Members can become acquainted with the true facts in this matter. When they do the playhouse of the sugar trust will collapse.

Walter Rogers  
Member of Congress  
18th District of Texas

SUMMER FARE DELUXE is this Frozen Green Pea and Crab Salad in Avocado halves... the best thing to happen in a salad.

# Texas Kebabs Appeal To King-Size Appetites

Kebabs cooked and served out-of-doors have several advantages—appetite appeal, meat and vegetables combined, all ready to serve—no carving to do. Just let your guests help themselves. An attractive grill was set up in a city garden with the patio umbrella table used for salad, bread, paper plates, cups, hot coffee and an icy fruit beverage. But the kebabs could just as easily be cooked with a portable grill and the same combination of foods could be served at the seaside, in the woods, in a park or in your own back yard.

**TEXAS KEBABS**  
 1 1/2 lbs. sirloin steak, about 1 inch thick  
 1/4 cup cooking oil  
 1/4 teaspoon garlic salt  
 1 tablespoon lemon juice  
 2 teaspoons Worcestershire sauce  
 Dash Tabasco sauce

1/4 teaspoon pepper  
 1/4 teaspoon dry mustard  
 1 can (1 pound) whole onions  
 2 teaspoons kitchen bouquet  
 Cut steak in 1-inch cubes and place in mixing bowl. Blend together and add oil, garlic salt, lemon juice, Worcestershire, Tabasco, pepper and mustard. Stir to coat all pieces evenly. Let soak for about 3 hours, stirring around occasionally. Drain onions and steak cubes well and thread on 4 skewers. Brush cubes all over with kitchen bouquet. Place on rack over glowing coals and let broil for about 10 minutes. Turn and allow to broil about 5 minutes longer, or to desired degree of doneness. Serve immediately. Makes 4 servings.  
 Here is a barbecue sauce for brushing pork spareribs or roast pork on a spit.  
**BARBECUE SAUCE FOR SPARERIBS**

1 can (8 oz.) tomato sauce  
 1/4 cup wine vinegar  
 1/2 teaspoon celery salt  
 1/2 teaspoon onion salt  
 1 teaspoon kitchen bouquet  
 3 tablespoons honey  
 Combine all ingredients and blend well. Makes 1 cup.  
**Tangy Dressing Enhances Salad**  
 The art of making a good salad is enhanced with the dressing that goes over it. A complementary dressing over crisp salad served with warm home-baked bread is enough to satisfy summer appetites.  
**TANGY SOUR CREAM**  
 Yield: 2 cups  
 2 cups dairy soured cream

2 tablespoons chopped chives  
 2 teaspoons lemon juice  
 1 teaspoon Worcestershire sauce  
 1/4 teaspoon dry mustard  
 Combine all ingredients. Stir until well blended. Serve with Frizzled Beef Salad Bowl.

**HAZLEWOOD'S Farm Dairy**

Pasteurized - Homogenized  
**Pure - Whole MILK**

## Gay Dessert For Summer Luncheon

A bright, gay dessert for summer features fresh, sweet cherries enhanced by a hint of cinnamon. It's a wonderful way to make special use of the fresh cherries now on the market. It can be a family dessert or a lovely afternoon luncheon dessert.

**CHERRY COMPOTE**  
 (Makes about 4 servings)  
 1 pound fresh sweet cherries (about 2 1/2 cups)  
 1/2 cup California Rose wine  
 1/2 cup sugar  
 1 (3-inch) stick cinnamon  
 1/2 teaspoon salt  
 Few drops almond extract  
 Rinse cherries and remove pits. Combine wine, sugar, cinnamon and salt in saucepan, and heat to boiling, stirring until sugar is dissolved. Add cherries and simmer about 15 minutes, until tender. Remove from heat and stir in almond extract. Remove cinnamon stick. Chill thoroughly before serving.

**Cheese 'n' Chili**  
 Give pancakes a south of the border flavor with cheese and chili. Make pancakes from your favorite mix and bake as label directs. Place 1 slice of processed cheese on each hot pancake and fold over. Top with heated canned chili.

## Hostesses Win Laurels With This Party Fare

The best things happen in salads. What's the most convenient, time-saving, and flavorful word in summer luncheon party cooking? Salads, of course. Well, just look at what they have in their favor... many can be made early in the day and tucked in the refrigerator to marinate, others need only a few minutes of time in the kitchen, giving you extra time to savor the comfortable chair on the patio.

This tasty, subtle-flavored party salad combines jade-green, garden-fresh frozen peas and tangy crabmeat tossed in a spicy herb dressing, then spooned into velvety-smooth, nutty-flavored avocados. Served on crispy, chilled lettuce with plenty of crunchy hot butter rolls, here's a party luncheon special that is extra specially pretty to look at. As for the favorite foods that go into it... something miraculous happens when these contrasting tastes and textures get together. No matter whether your luncheon guests are bent on an afternoon of bridge or planning a charity fete... you'll hold trumps and win laurels with

**THIS PARTY FARE.**  
**FROZEN GREEN PEA AND CRAB SALAD IN AVOCADO HALVES**  
 1 package (10 ounce) frozen green peas, cooked and chilled  
 1 package (6 ounce) frozen crabmeat, defrosted—broken into chunks  
 1/2 cup sliced celery  
 1/2 cup mayonnaise or salad dressing  
 3 tablespoons lime or lemon juice  
 1 tablespoon drained capers  
 1/2 teaspoon tarragon leaves  
 1 tablespoon sliced green onion

1 tablespoon chopped parsley  
 2 ripe avocados, peeled and cut in half  
 Combine peas, crabmeat and celery in mixing bowl. Blend together the mayonnaise or salad dressing, 2 tablespoons lime or lemon juice, capers, tarragon, onion and parsley. Pour over pea mixture. Toss lightly to coat ingredients. Marinate in refrigerator 30 minutes to one hour. Drain remaining 1 tablespoon lime or lemon juice over avocado halves; fill with salad mixture. Arrange on crisp salad greens. Yield: 4 servings.

## Premiere Your First Summer Cook-Out With Tasty Grilled Chicken Tropical

With first signs of summer we begin polishing up the outdoor grill and checking our supplies of charcoal. It won't be long now until cooking out-of-doors becomes a daily joy. Chicken makes its entrance with a tropical sauce of toasted almonds and coconut for your first meal on the grill. Place the chicken on the grill so that the pieces do not touch.

Be sure the coals are at least 7 inches below the chicken. Using tongs, turn the chicken frequently and brush with melted butter. Test for doneness by cutting a slash in the thigh next to the bone. When there is no trace of pink the chicken is done.  
 When planning ahead you can cook practically your whole meal on the grill. Peanut butter apples in foil and corn in the husks go beside the chicken. The tropical sauce may be prepared in a skillet on the grill, too.

**GRILLED CHICKEN TROPICAL**  
 Yield: 4 servings  
 1 chicken, cut up for frying  
 Salt  
 Pepper  
 1/2 stick (1/4 cup) butter or margarine, melted  
 1 cup unsweetened pineapple juice  
 2 tablespoons lemon juice  
 1 tablespoon cornstarch  
 1 tablespoon brown sugar  
 1/4 teaspoon ginger  
 1/4 cup toasted slivered almonds  
 1/4 cup toasted coconut  
 1 tablespoon butter or margarine  
 Place chicken pieces on a grill about 7 inches above hot coals. Season with salt and pepper. Brush with melted butter. Turn chicken frequently, brushing with melted butter. Grill chicken until tender, 30 to 40 minutes. Combine juices, cornstarch, brown sugar and ginger in a saucepan. Cook, stirring constantly, until thickened. Add almonds, coconut thickened. Add almonds, coconut chicken.

**GRILLED CHICKEN WITH HERB BUTTER**  
 Yield: 4 servings  
 1 teaspoon salt  
 margarine  
 1 teaspoon parsley flakes  
 1 chicken, cut up for frying  
 1 stick (1/2 cup) butter or 1 teaspoon salt  
 1/2 teaspoon ground thyme  
 1/2 teaspoon ground marjoram  
 Place chicken pieces on a grill about 7 inches above hot coals. Melt butter in small skillet on grill. Add remaining ingredients to melted butter. Brush over chicken. Turn chicken frequently, until tender, 30 to 40 minutes. Grill until tender, 30 to 40 minutes.

American Netters Are Losing Out

LONDON (UPI)—American tennis stars, who haven't looked too impressive in the Wimbledon tune-up tournaments, are eliminating their own teammates in the London grass court championships.

# Primonetta Is Off To Great Season

By United Press International  
Primonetta, classy 4-year-old daughter of Swaps, is off and winging toward another brilliant season.

The chestnut filly, who won 6 of 11 starts last year to earn \$145,950, scored her second victory in two starts Wednesday at Monmouth Park by capturing the \$27,300 Regret Handicap.

Ridden by Braulio Beaza, Primonetta led all the way and beat Coup D-etat by 2 1/2 lengths in the six-furlong event for fillies and mares. Cup of Tea finished third in the field of five.

Primonetta paid \$2.80 for \$2 to win and was timed in 1:09 1-5.

At Balmont Park, Royal Record, a 17-1 longshot, won the \$28,850 Bowling Green Handicap, a 1 1/4 mile turf course race. Wise Ship, the favorite, finished second after leading the first half mile. Hedley Woodhouse urged Royal Record, a 4-year-old Nasrullah

colt, through the stretch to catch Wise Ship and return \$37.70. It was Royal Record's first success since Jan. 20.

Gold Flower defeated Geit's Image by three lengths to win the \$17,125 Modesty Handicap at Arlington Park. Herbie Honojosa rode the winner, who paid \$7.60.

Roy Parker booted home three winners at Suffolk Downs —Jeddah Chant (\$4.80) in the second; Lynnfield (\$13.80) in the fifth and Iron Band (\$8.40) in the seventh.

At Woodbine, Harlon Dalton did even better, scoring five times. The Lubbock, Tex., jockey included among his winners Cesca in the \$7,500 My Dear Stakes.

Eldon Nelson rode Sylt II (\$7.80) home first in the Delaware Park feature and Willie Shoemaker scored a triple, including Testum (\$2.80) in the feature at Hollywood Park.

## Academies Plan To Help Athletes

NEW YORK (UPI) — An estimated 2,000 athletes will compete in at least 16 sports during the 1964 U. S. Olympic tryouts to be co-hosted by New York City and the 1964-65 World's Fair Committee.

It will mark the first time that official tryouts will be conducted in one area, according to U. S. Olympic Committee President Kenneth L. (Tug) Wilson, who revealed that the committee has been guaranteed \$350,000 to help defray costs of the trials.

The only trials not definitely scheduled for New York are in track, yachting, shooting and the modern pentathlon and Wilson said there is strong sentiment to schedule the track tryouts for the New York area, too. The yachting is expected to be held on the West, the shooting at Fort Benning, Ga., and the pentathlon at Fort Sam Houston, Tex.

"The New York Fair and its unprecedented facilities for handling huge crowds will make it possible for a greater number of people than ever before to witness the 1964 tryouts for the Olympiad in Japan," said Wilson, who added that the track and field committee will decide this weekend in Walnut, Calif., whether to hold the track tryouts in New York.

**RICHMOND INKS DITMAR**  
RICHMOND, Va. (UPI) — Art Ditmar, who failed with three major league clubs this year, has been signed by the Richmond Virginians of the International League. Ditmar, a 33-year-old righthander was cut by Kansas City and failed in trials with the New York Mets and Detroit.

**WHAT'S UP**—A youngster in Raleigh, N.C., seems to be making his spring off the bottomside of the diving board. Actually, the boy flipped under the board and was caught by the camera as his toes touched, producing the illusion.

## World Series Of Golf Is Slated At Firestone Club

AKRON, Ohio (UPI) — An unprecedented "World Series of Golf," in which only four players will compete and the winner will receive \$50,000, will be staged at the Firestone Country Club course here, Sept. 8 and 9, it was announced today.

The unique event will pit Jack Nicklaus, recently crowned U. S. Open champion; Arnold Palmer, the 1962 Masters' champion; the British Open titlist and the PGA champion against each other for two rounds at stroke play.

Nicklaus became eligible by winning the U. S. Open at Oakmont, Pa., last Sunday and Palmer was chosen for winning the Masters at Augusta, Ga., last April.

If one golfer wins more than one championship, that is to say if either Nicklaus or Palmer wins the British Open or PGA, substitute players will be named by the PGA, which will supervise play.

The first place prize of \$50,000 amounts to the largest single award ever offered in professional golf competition.

In addition to that plum, the 36-hole two-day event will guarantee

\$15,000 to the runnerup and at least \$5,000 each to the third and fourth-place finishers. There is a possibility that the third-place finisher may receive \$10,000.

That means \$75,000 for sure, and possibly \$80,000, will be awarded at the tough but famed Firestone course, which was the site of the 1960 PGA championship and which will also be the site of the second \$50,000 American golf classic, Aug. 6-12.

With Nicklaus and Palmer already in the select field of four, the next qualifier for the "World Series" will come from the British Open, scheduled to be held over the Troon course in Scotland, July 9-13.

The final berth will go to the winner of the PGA championship, July 19-22 at Aronimink Country Club in Newton Square, Pa.

### ORIOLES SIGN ROOKIE

LANESBORO, Mass. (UPI) — The Baltimore Orioles have signed Mark Belanger, an 18-year-old Pittsfield High School star, to a \$35,000 bonus contract. Belanger, a shortstop, reports to the Orioles' Class D Bluefield, W. Va., club this weekend.

# Mantle Returning To Yank Lineup Friday

BALTIMORE (UPI) — An admittedly sub-par Mickey Mantle is returning to the lineup—which means manager Ralph Houk is taking the big gamble that could end in disaster or another New York Yankee pennant.

Houk, plainly worried by a five-game losing streak that is the team's longest since the 1959 season said Wednesday night that the limping Mantle will be in right field —instead of his regular center field position —Friday night when the Yankees open a five-game series in Detroit.

He'll play right field until we're certain he's ready to play center field," said Houk, adding that Roger Maris will continue as Mantle's center-field fill-in. It was believed in some quarters that Houk had received the "play Mantle" orders direct from General Manager Roy Hamey.

How big is Houk's gamble — or, in other words, how serious is the knee and thigh ailment that has sidelined Mantle since his right leg collapsed under him while running to first base in a game against the Minnesota Twins on May 18?

Nobody knows. The Yankees have always been very close-mouthed about injuries, especially injuries to their big stars. Houk made Wednesday night's announcement with his usual aplomb but he could be whistling past the graveyard. Mantle himself isn't much help because he tends to minimize his injuries and often has been restrained from playing when he was not up to par.

"They said I can't hurt it anymore," said Mantle. "Sometimes you don't think you can play but

you can. It's five weeks I've been out now. If it's gonna get well, it's well. I could spend the rest of the year sitting but it wouldn't do no good."

The exact nature of Mantle's ailment is not really clear. He tore a muscle in his right thigh when he fell on May 18 but now it appears to be his left knee which is bothering him more than the thigh. The thigh injury isn't likely to be serious but if it's Mickey's left knee that's really hurtin' he could risk permanent injury by playing.

## 2000 Athletes To Compete In Olympics

WEST POINT, N.Y. (UPI) — The nation's three great military academies have acted to prevent confusion among athletes debating whether they should enter one of the institutions or attend another college.

The United States Military Academy, the Naval Academy and the Air Force Academy said in a joint statement issued at West Point that they are clarifying their policy "so that a young man desiring to enter a service academy would not be placed in a position that his word is unwittingly compromised."

The statement followed a request from congressmen for an investigation into football-player recruiting practices at the three academies. Rep. W. J. Bryan Dorn (D-S.C.) said he learned that South Carolina prep school

# El Paso Wins Slugfest With Albuquerque Dukes In Style

By United Press International  
Albuquerque awakened a sleeping giant Wednesday night. It wishes it hadn't.

The Dukes cuffed league-leading El Paso around for 5 1/2 innings, holding a 6-1 lead and coasting to victory. Suddenly the Sun Kings got mad. When the dust of the inning had settled, the scoreboard read 10-6 in favor of El Paso. The Dukes battled back but that big nine-run frame was too much and El Paso won, 13-12.

Tulsa stayed one-half game behind El Paso with a 6-5 victory over pesky Amarillo. In the other game, San Antonio whipped Austin, 8-4.

Tulsa grabbed a quick 3-0 lead over Amarillo, but the Gold Sox finally tied the score at 4-4. The Oilers, then clustered a volley of hits for the victory.

San Antonio scored five runs in

the fourth inning and three in the seventh to down Austin. Both teams had 13 hits.

Tonight Tulsa is at Amarillo; Albuquerque is at El Paso, and Austin is at San Antonio.

**TEXAS LEAGUE**

	W.	L.	Pct.	GB
El Paso	39	28	.600	—
Tulsa	37	25	.597	1/2

Albuquerque at El Paso  
Austin at San Antonio

## Wright, Rawls Co-Favorites In Tourney

PLAINFIELD, N.J. (UPI) — Mickey Wright and Betsy Rawls were rated the co-favorites today at the start of the \$9,000 J. E. McAuliffe Memorial Professional Women's golf tournament.

Twenty-seven women golfers from all parts of the country were to tee off this morning over the 6,285-yard, 73-par Plainfield Country Club course.

The 26-year-old Miss Wright, a resident of Dallas, Tex., was rated a strong challenger on the basis of her fine performance at the Baltusrol Golf Club in Springfield, N.J., last summer when she won the National Women's Open championship. She also won nine other major tournaments in 1961.

Miss Rawls, a 35-year-old native of South Carolina also turned in a fine New Jersey golf performance two years ago when she captured the Triangle Round Robin golf championship at the Canoe Brook Country Club in Summit. She shares with Ben Hogan the distinction of being the only active golfer with four National Open championships to her credit.

The 72-hole McAuliffe tournament will last through Sunday, with \$1,250 in first prize money going to the winner.

Other golfers participating include former National Open champions Patty Berg and Kathy Cornelius, and former National Amateur champs Betty Jameson, Mary Lena Faulk and Barbara Romack.

It's "Dinner Time" . . .

# It's Time to Side-Dress With

## SOL-U-PHOS.

# LIQUID FERTILIZER

"The SOLUTION For Your Fertilizer Problem"

Division of Goodpasture Grain & Milling Co., Inc. — Home Office . . . Brownfield, Texas

Side-dressing will really pay off when you side-dress with SOL-U-PHOS Liquid Fertilizer. SOL-U-PHOS will give your crops the plant nutrients needed at "dinner time," to carry them on into a fruitful harvest. Remember—every drop of SOL-U-PHOS is a chemical combination of plant nutrients in a neutral SOLUTION . . . this fact alone insures balanced fertilization for your crops. Don't deplete your land! Increase your crop yield, maintain high fertility with SOL-U-PHOS Liquid Fertilizers.

Everywhere you look, more and more farmers are "going modern"—they are switching to SOL-U-PHOS Liquid Fertilizer . . . why? They like the "filling station" type of operation . . . there is no heavy lifting needed . . . you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients . . . you don't have to have a field full of farmhands to get the job done . . . one man can easily side-dress up to fifty or more acres per day . . . you pay only for the plant nutrients delivered by your dealer . . .

### Television In Review

By RICK DU-BROW  
United Press International

HOLLYWOOD (UPI) — I don't know about you, fellas, but I've just about had my fill of television's obsession with dramas about mental cases.

I really don't care much any more about what labors go into such works, or even if they are fairly competent efforts like Wednesday night's CBS drama, "The First Day," with prize-winning actress Margaret Leighton, prize-winning actor Ralph Bellamy, prize-winning actress Mildred Dunnock, and Kevin McCarthy, a prize-winner.

Between the flood of depressing psycho dramas that revealingly emanate from New York, and Hollywood's pitch that American families live in a sugar plum world like Disneyland, it is a pretty cockeyed picture of this country that video paints.

Wednesday night, in the Roger O. Hirson play, Miss Leighton portrayed a teacher who tries to resume her work and family life after three months in a mental institution. Her problem is that neither her father (Bellamy) nor her upright fiancé (McCarthy) nor her school principal (Miss Dunnock) feel she is ready to resume.

They want her to wait until she is the way she was before. But she is wise enough to realize that she wound up in the institution precisely because of the way she lived before — a sensitive soul among insensitive companions.

Finally, denied the right to teach the children she loves, she gets a job in a school 300 miles away and breaks her unsatisfactory ties.

The play properly made the usual plea to give former mental patients a chance; but since this is the point of most such dramas, it was trapped into a position of

being unable to be original. On the other hand, it was a quiet and gentle story, which is a tone always welcome on television — and was an achievement for Hirson and director Tom Donovan. And there were excellent portrayals by Miss Leighton and McCarthy as her unsophisticated banker beau who just wants her to be "normal" again.

If, by the way, you think the psycho dramas, along with boorish "Ben Casey" and All-American "Dr. Kildare" gave television a medical air in the past, you haven't seen anything yet. Next season there'll be so many medical series your home will feel like a hospital ward.

Blame the ladies. If they could n't talk about their operations, half of them would be speechless, according to informed sources. And have you ever known one who didn't get goo-goo eyes over a handsome doctor? You'll be lucky if the old lady knows you are around next year.

Good old television.

The Channel Swim: Bill (Jose Jimenez) Dana is planning his own television series... Desi Arnaz wants to star Lucille Ball in six spectaculars the season after next... Sophia Loren guests Monday on NBC-TV's "Tonight" show; Jerry Lewis is the host.

Arthur Godfrey appears on CBS-TV's "I've Got A Secret" July 2... Lorne Greene, star of "Bonanza," is a guest panelist on NBC-TV's "Your First Impression" the week of July 2... Don Knotts, of CBS-TV's Andy Griffith Show, will star in a movie, "Mr. Limpet."

Will Wilson, Texas attorney general, discusses the Billie Sol Estes case July 1 on ABC-TV's "Issues And Answers"... "Focus On America" returns to ABC-TV July 11 after a successful run last summer.
