STANDARD FOOD NO. 2 IS BURGLARIZED

That Census Bureau report on Pampa's 1936 business in yesterday's paper made pretty slick reading, in case you overlooked it. As usual, you find Pampa on top of the pile in her own class and a little bit beyond.

It all goes to back up assertions that Pampa is one of the best cities of its size in Texas and the nation. For Christmas week news, it's just about the best piece of glad tidings that could come down the chimney.

And holiday business in Pampa this week, by the way, is expected to set some kind of a new record before the doors close Christmas Eve and all the little boys and girls hang their stockings to await St. Nicholas' coming. In so many words, it's rush, rush, rush. In Pampa stores these days and nights—and, without, it looks like a very, very joyous Noel in local merchandising lanes.

People who are fond of taking things apart to see what makes them tick should let someone else handle their mail.

The item about the lad with the gland deficiency who couldn't work up a sweat did not refer to Joe Louis during his recent fight with Eddie Simms.

In a duel, both the Budapest attorney and his opponent were wounded. Probably just pure carelessness.

Russia and Japan, in their little backyard squabble, seem to be breaking up all their neighbor's China.

Since egg production is being stepped up by modern methods, de-strike of hens' first sitting window might be worth watching.

Whenever Christmas falls on Fridays—it happens every so often—mankind's inclination to make a weekend of it surges upward within him and bubbles over in genial resolutions to call off the ordinary routine of Saturday, thereby giving him three days in a row to be festive. Such resolutions are appearing in anticipation of a Friday Christmas this year.

The fact is, there's no need to adopt formal resolutions on the matter. Wherever it can be done, it is done. Wherever it can't be done, it isn't done. Those who must go back to work on Saturday, those who must work even on Friday and those who dare not count even Sunday as a day of rest appreciate the interest in their behalf, but the show must go on, mustn't it?

There is, let it be said, a kind of grim and sour satisfaction in knowing that the show will go on in spite of fire and carbonated water. Particularly when one looks forward to the advent of New Year's day on Friday is there hard satisfaction in knowing that only the most carefree of mortals will be able to make a prolonged week-end of it.

Fifty per cent of the people in the world still carry amulets or other charms to protect them against bad luck, evil spirits, and sickness, it is said. Lithosphere is the name of the solid earth, and hydrosphere of water.

I Heard ..

Wishes to be excused for wandering off the track but he has been asked to say THANKS A MILLION to everyone who had a part in giving the Community Christmas tree for the needy children of Pampa last night. It is impossible for the committee in charge to see the hundreds who helped. They would have been repaid an hundred fold had they been present to see those little faces brighten when Santa appeared and started passing out toys and socks of candy. Let's start now getting ready for a bigger and better Christmas tree next year.

PERSECUTION OF HITLER IS SUICIDE CAUSE

YOUTH EXPELLED FROM NATIVE GERMANY AS JEW

BEAUMONT, Dec. 23 (AP)—The suicide of Larry Lothar Glass, German-born nephew of a New York capitalist, appeared today, the Beaumont Journal said, to have been motivated by his expulsion from Germany as a Jew.

The newspaper said it learned the 26-year-old foreman of a Corinth, Miss., pants factory, whose body was found hanging last Sunday night at the Port Arthur pleasure pavilion, had taken his troubles to Miss Pearl Burr, head librarian of the Tyrell public library here, only a few hours before he died.

The story he told her, according to the Journal, revealed the hitherto obscure motive for what a coroner said was his suicidal act.

Driven out of his native homeland, discouraged in his efforts to make good in France and finally failing to gain the good will of his fellow workers after his wealthy uncle, Herman Lissner of New York, brought him to the United States, he abandoned his position at Corinth and came to Texas in an attempt to obtain work and a home where he would be welcome.

Miss Burr, the newspaper said, was impressed by his courteous manner and handsome appearance. She listened sympathetically as the young man asked her for:

"Just a job, anything where I can work."

She was quoted as saying he had been disappointed in his attempts to "make a go of it" in Beaumont and Port Arthur.

Friends in Corinth said Glass, apparently in normal spirits, left a party Dec. 13 without saying a word to anyone about what was on his mind. Detective agencies and friends searched for him but his wife was

TO DELIVER BASKETS FOR NEEDY TOMORROW

What will the baskets to be delivered by Pampa Goodfellows to local families tomorrow afternoon contain?

The 23 baskets to be delivered by the Salvation Army will be a fair sample of the Christmas cheer to be distributed here. Charlie Matzel said today that it was erroneously announced yesterday from Goodfellow headquarters that the Salvation Army will deliver no baskets. The Army, he said today, would deliver 23.

Each basket will contain the family's choice of beef, chicken or pork, cranberries, vegetables, bread and other groceries that will cost an estimated total of \$2.75. The baskets will be taken to the homes of families in which there are no children. Churches, clubs and individuals will deliver 200 other baskets tomorrow afternoon. The Baptist church tops the list with 42. Other churches will deliver more than a score. Most of the families already have been visited by the Goodfellows and their needs ascertained.

APPLICATION FILING IS NEARLY COMPLETE

Filing of employe applications for numbers under the Social Security Act has nearly been completed here, Postmaster C. H. Walker said today. After January 1 the SSA office in the postoffice will be open only two hours a day, from 4 to 6 p. m., Mr. Walker said.

It will be against the law for any firm to employ a man or woman who does not have a number after Jan. 1, Mr. Walker pointed out. Therefore, it is to the benefit of every person to secure a number.

FREE SHOW TO BE TOMORROW ALL CHILDREN UNDER 14 INVITED TO ATTEND

All plans had been completed today for the huge Lions Club-LaNora Theater-Pampa News annual Christmas party and free show for children at the LaNora theater at 10:30 a. m. tomorrow.

Upwards of 1,800 children 14 years of age or under were entertained at the party last year and another record-breaking crowd is expected tomorrow morning.

Santa Claus will be there in person to distribute gifts. There will be a big, free movie show and plenty of candy, oranges and nuts.

Parents may be assured that there will be adequate supervision for the children. Parents who wish to do so may accompany their children, but they will have to stand in the rear of the theater, leaving the seats for the children.

Ewing Leech, of the Lions club, is chairman of the committee in charge of arrangements for the club's end of the big three-way Christmas party for the kiddies.

The movie program will consist of several reels of short comics and other features of interest to the children.

Remember, kids, if you are 14 or under—the party is yours and it begins at 10:30 o'clock in the morning.

DOTSON REMAINS IN CRITICAL CONDITION

Condition of Oscar Dotson, critically injured when the car he was driving crashed through a guard rail of a bridge across the Red river southeast of LeFors early yesterday morning, was unchanged in Worley hospital today. His wife was killed instantly and two other passengers received minor injuries.

Mr. Dotson received a probable skull fracture, bruises and lacerations about the face, a broken arm, and several internal injuries. Mrs. L. Belk, sister of Mrs. Dotson, was badly bruised about the shoulders and Mrs. Marjorie Taylor suffered cuts and bruises.

Funeral services for Mrs. Dotson were to be conducted at 2 o'clock this afternoon in the chapel at Pampa Mortuary. John Mullen, pastor of First Christian church, was to be in charge. Burial will be in Fairview cemetery.

You Too Can Talk In Radio Program

Want to get your voice on the radio?

The opportunity is yours each day when Radio Station KPND goes on the air from 1:45 p. m. to 2 p. m. with "The Man on the Street" broadcast.

This will be the 15-minute period each day when a KPND announcer takes the microphone on the street in front of the La Nora theater to ask some pertinent questions from passersby on the sidewalk.

So, if you'd like to get on the air in this special broadcast, chance to pass the LaNora between 1:45 and 2 o'clock any day except Sunday.

It's ten to one the announcer will catch you. If you are a fast thinker you'll have an answer for his question.

Newsboys Will Receive Papers Free Thursday

Here's a Merry Christmas for Pampa Daily News street salesmen.

As usual all newsboys will receive their papers free from the management of THE NEWS tomorrow, Christmas Eve. Total receipts from their street sales will be theirs for Christmas.

400 CHILDREN RECEIVE GIFTS

TOYS, CANDIES, FRUIT, NUTS GIVEN TO KIDDIES

Hundreds of faces brightened and cheers burst from lips as Santa Claus visited children of the fortunate families of Pampa last night at City Auditorium where the community Christmas tree was held.

The more than 400 children present were given toys and sacks of candy, nuts, oranges and apples as they filed from the auditorium following a brief program. Santa Claus walked about the platform keeping a watchful eye on the youngsters, patting them on the head and inquiring if they had been good boys and girls.

The program included singing of Christmas carols and hymns led by Gene Finkbeiner with members of the Treble Clef club assisting. Mrs. W. Finkbeiner played the piano and Miss Helen Baines the violin. Garnet Reeves acted as master of ceremonies and welcomed the visitors. Club women and Jaycees assisted Santa Claus.

Junior chamber of commerce sponsored the tree this year. They were assisted by women's clubs and individuals who donated money with which to purchase candy, nuts, etc.

Mayor W. A. Bratton presented the 25-foot Christmas tree which was beautifully decorated by members of the 20th Century Culture club.

Toys and decorations were given by many local stores and individuals. Members of the fire department collected and repaired nearly 400 toys.

The committee in charge was composed of Harry E. Hoare, chairman, Mrs. W. H. Davis, vice-chairman, Mrs. Willie Baines, Rev. H. H. Bratcher, Garnet Reeves, Fire Chief Ben White. They desire to thank everyone who had a part in making the Christmas tree a success. Local clubs gave money with which to purchase dolls and some dressed dolls.

CHARLIE BOOZIKEE IS VICTIM OF PNEUMONIA

Charlie Boozikee, 56, Pampa merchant for nearly 10 years, died at 2:30 o'clock this morning in a local hospital where he had been ill with pneumonia for nearly two weeks. He operated the Home Supply Grocery store, located on East Kingsmill avenue.

Mr. Boozikee came to America from Syria in 1914. A few years ago he returned to his native country to be married. Survivors are his wife and four children, JaHan and Josephine, twins, Myrlin and Milton.

His brother, George Boozikee of Bancroft, Kan., who has been here for several days.

Funeral arrangements will not be made until the arrival of Mrs. Boozikee who is on board a steamer between Panama and New Orleans. She left last month for Panama to visit a brother. While there she became ill and underwent a major operation. At the time Mr. Boozikee was stricken, his wife was in a Panama hospital. Although barely able to travel, she boarded a ship for home on Monday.

LOCAL MEN WILL BUY XMAS DINNER FOR 24

Two Pampa men, heavy donors to the city's supplementary relief fund, will anonymously spread additional Christmas cheer to 24 poor children on Christmas Day. It was announced today by Capt. Herman Lambrecht of the Salvation Army.

Capt. Lambrecht said the men came to him and asked him to arrange a special Christmas dinner for two dozen boys and girls who otherwise would have to eat slim rations on the holiday.

"You make the arrangements and we will pay the bill," they said.

Capt. Lambrecht said today he had made plans to have the children as guests at a holiday dinner with all the trimmings at a Pampa boarding home.

The children will eat turkey, dressing, potatoes, salad, fruit, candy, cranberries, cake and nuts.

Japs Win Right to Fish off Siberia

MOSCOW, Dec. 23 (AP)—Japan won the right to continue fishing in Siberian waters for one year after lengthy negotiations which almost collapsed because of the Japanese-German accord against communism.

Officials of the Soviet foreign office approved the one year extension of the expiring agreement but made no promises for future procedure.

Details have still to be completed. Japanese Ambassador Mamoru Shigemitsu and Russian Foreign Commissioner Maxim Litvinoff arranged for another conference to discuss the convention.

Midnight Rites To Be Held At Local Churches

SIMEON FESS OF OHIO DIES

WASHINGTON, Dec. 23 (AP)—Simon D. Fess, 74-year old former Senator from Ohio, died unexpectedly of a heart attack in a hotel room here today shortly after he had arrived from Cleveland.

Coming here to visit his children during the holidays, Fess, who was defeated when he sought a third term in the Senate in 1934, was seated on a bed talking on the telephone. Suddenly he collapsed and was word when a physician reached him.

Word of Fess' death spread quickly. Speaker Bankhead, shocked at the news, said he was "deeply distressed" as he had long appreciated the former senator's "fine qualities and courageous convictions on public questions."

Fess, a Republican and outspoken critic of the Roosevelt administration, was first elected to the House of Representatives where he served for ten years. He was elected to the Senate in 1922 and remained there until 1934 when he was defeated by Sen. Vic Donahay.

Since his retirement from the Senate, Fess had been writing a history of Ohio and had spent much time in Washington.

It was after serving six years as president of Antioch College, Yellow Springs, Ohio, that Fess entered the political field and rose rapidly through party ranks. In 1928 he delivered the keynote address at the Kansas City convention which nominated Herbert Hoover for the presidency. Fess then was named chairman of the Republican national committee.

RELIEF DRIVE TOTAL REACHES \$4,200 MARK

Little change was reported in the total of the Pampa Supplementary Relief Fund drive today as solicitors suspended their charity work until after Christmas.

Fund officials reported the total today as approximately \$4,200.

The campaign will be resumed the day after Christmas in an effort to reach the \$5,000 goal by January 1.

People You Know

Literally hundreds of children strained their hands toward the piles of toys and dolls in the city auditorium last night. Over on the girls' side women were handing out dolls to clutching fingers. One woman took a doll offered her; she scanned it for a moment, then hurried it violently into the face of the woman in charge and snapped angrily, "If that's the best you can do, you can keep it!" But the children were glad and happy and delighted with their toys and candy.

\$700 IN CASH, CHECKS TAKEN FROM GROCERY

THIEVES SMASH AUTO WINDOW, STEAL PACKAGES

Cash and checks amounting to more than \$700 were stolen from Standard Food Market No. 2 on South Cuyler street last night. Police officers started an investigation immediately after the theft was discovered by employes who opened the store this morning.

The officers believe the thief or thieves hid in the store warehouse just before closing time last night and saw where the money and checks were hidden. They left through the rear door which was left unlocked. The nightwatchman in that section of the city had not been contacted up to noon. Officers wanted to determine when he last tried the door.

Both Chief Art Hurst and F. S. Brown, owner of Standard Food Markets, made a thorough search of the warehouse this morning in an effort to determine where the money and checks were hidden. They thought he left the store early last night when a car was reported stolen from across the street from the store. Recovery of the car this morning in an alley about a block from the store exploded the theory.

Mr. Brown was unable this morning to determine the exact amount of his loss because the daily sales sheet was taken. He knew that \$200 in change was taken and that cash and checks, the day's receipts, were also missing. Included in the list of missing checks was one for \$174.55 on the Drilling and Exploration company of Dallas, and several employe checks that had been cashed yesterday afternoon.

Thieves did their Christmas shopping in Pampa last night—but they picked out the automobile of H. A. Koozick to make their selection of stolen merchandise.

Mr. Koozick reported to police that the thieves broke into his locked auto by smashing a window and stole two blankets, a boy's coat and several Christmas packages from the back seat. The car was parked on N. Somerville street, near Foster.

An automobile, belonging to A. J. Young, of Pampa, was stolen from its parking place on S. Cuyler st. late last night, was recovered in an alley on S. Cuyler street this morning.

HOME FROM COLLEGE Jim Pool, senior at Tulsa University, has arrived home to spend the Christmas holidays with his parents, Mr. and Mrs. J. A. Pool. Albert Prochaska, his roommate, is his guest.

I Saw ...

The best Christmas letter of the year. It was from Brent Fisher, young son of Mr. and Mrs. R. B. Fisher. It was written in green ink and consisted of three rows of M's that faded indefinitely into n's, r's, u's. However, Brent can rest assured that Santa Claus was able to read it, and he will surely park his reindeer atop the Fisher home tomorrow night and scamper down the chimney with all the gifts Brent mentioned in his letter.

KIWANIS AND ROTARY CLUBS MEET JOINTLY

Because Christmas falls on Friday, their regular meeting day, Pampa Kiwanis met jointly today with Rotary club members at their weekly luncheon in First Methodist church.

Following an exchange of inter-club greetings by Newton P. Willis, of the Kiwanis club, and Tom Rose, of the Rotary club, guests were entertained by Ernestine Holmes, child pianist and accordionist. The entertainment program was in charge of Hollis Keys, Rotarian.

Following the program President Bill Jarratt, of the Kiwanis club, announced plans for the annual Kiwanis dinner-dance and installation of officers to be held in the Schneider hotel at 8 p. m., Thursday, Jan. 7.

The following committee is in charge of the Ladies Night program: Howard Buckingham, Kenneth Blackledge, Calvin Jones and Garnet Reeves.

Because of the Friday holiday next week the regular Kiwanis meeting will again be held on Wednesday at the Schneider.

Anna Bess Stevens, daughter of Mr. and Mrs. Charley Stevens, has returned to her home from Worley hospital, where she was ill of pneumonia.

Princess Reigns Now in Hearts of English People

BY CHARLES NORMAN. AP Feature Service Writer. Like the Virgin Queen of England who ruled in a time of greatness and glory for Britons, 10-year-old Princess Elizabeth, being apparent to the throne, is the child of a royal father and of a commoner mother.

But with this fact, save in the dreams of Englishmen for another "Queen Bess," all similarities between the two Elizabeths as children end.

The queen who ruled England in its "glorious days" of the sixteenth century was a lonely, close-confined child of three when her mother, Anne Boleyn, died in her youth and beauty on the scaffold on Tower Hill, victim of Henry's wrath.

Her namesake has had the devoted care of a loving mother all her life, and occasionally for nursemaid a reigning sovereign, Queen Mary, when her parents traveled to the empire's outposts as living symbols of the crown when they were merely the Duke and Duchess of York.

Taught by Queen Mary. From the day of her birth on April 21, 1926, Princess Elizabeth has had all the attention and training which could be accorded a royal personage who one day might rule the British empire.

Reading, writing and arithmetic, French and dancing and knitting and attendance at state functions have been her lot. She loves to see soldiers on parade, the changing of the guard at the palace, trooping of the colors, and all the pomp and pageantry of royal life.

Arithmetic makes her frown; she doesn't like it, and in this she is like many another little girl. She studies from 9:30 until noon, then goes for a drive after lunch.

It is believed that like her great-grandmother, Victoria, she will be sent abroad for "finishing." Meanwhile her charm and the sprightliness of her conversation have captured the hearts of the people over whom she may some day reign.

Once, in a theater with her grandmother, Queen Mary threatened to send her home on the instant if she didn't behave better. "I can't go home now," she is said to have replied. "Think of all the people who will be waiting to see me."

"It's Royalty Speaking." Once the captain of the guard, standing stuffily before her, asked if he could dismiss his weary men. "Yes, please," she said, then turned quickly to the Queen and asked: "Did I tell him loud enough?"

Santa's Drawing Close for Quins

It's so very close to Christmas that the quintuplets can almost imagine this smiling jolly fellow, arriving in a sleigh and carrying a generous bag of toys, is Santa Claus in person. But Marie, her interest stirred, has discovered that it's really Dr. Dafee, togged out in Santa Claus regalia.

HALF-DOZEN CHRISTMAS CLUB PARTIES GIVEN AT SKELLYTOWN

By Mrs. W. W. Hughes. SKELLYTOWN, Dec. 23.—A pretty party of last week was given by Mrs. O. L. Satterfield Friday for Pleasant Hour club. Rooms were gay with Christmas decorations and a tree held gifts for each guest.

Tailored Dress with New Shoulder

Interest—Another Version in Small View with Hip Peplum

By ELLEN WORTH. You can make two entirely different dresses with this pattern. You'll like the new interest in epaulets that form high full shoulder sleeves. It makes the model easy to fashion.

The bodice of this wool mixture dress opens at the front to show off the plain wool surplice vest. The narrow leather belt and buttons repeat the tone of the vest.

Now for another dress—see small view! The bodice follows up to the neck with tiny revers. The flared hip peplum is split opened at the front. It has above-the-elbow sleeves. Select velvet, velveteen, shiny satin crepe or crepe silks for afternoons for this version.

Style No. 1896 is designed for sizes 14, 16, 18 years, 36, 38, 40 and 42-inch bust. Size 36 requires 3 1/2 yards of 39-inch material with 1/4 yard of 39-inch contrasting.

Get yourself a handcraft hobby! It's interesting, things which you can accomplish with your hands come under the head of "Handicrafts." Knit yourself a smart new dress, sweater or accessories, it's easy even for a beginner with the new knit guide.

Household hints either hand or machine monogrammed will thrill the new bride. Make yourself a little star appliqued chintz sounce for your dressing table. Personalize the children's room with motifs that will please them or make a quilt that will someday be a heirloom piece.

Price of PATTERN 15 cents (coin is preferred). Wrap coin carefully. PAMPA DAILY NEWS, New York Pattern Bureau, 220 East 42nd Street, Suite 1109, New York, N. Y.

Diva Is Bride

Pampa, formerly of Skellytown, was the speaker on Friendliness. He concluded his talk by saying, "Christmas is the friendliest time of the year. Let's catch that spirit and continue it through the new year."

# Collective Bargaining Agreements Are Goal Of Car Worker's Union

(By The Associated Press.)  
 DETROIT, Dec. 23 (AP)—The United Automobile Workers of America announced today its goal of the signing of collective bargaining agreements with every unit in the motor industry from the smallest manufacturer of parts to the "big three"—Chrysler, Ford and General Motors.

"We are going to have collective bargaining in all of the auto industry," said Homer Martin, international president of the union, "and we won't give up until we have it."

By federal legislation collective bargaining is the law of the land, and it is substantiated by public opinion.

"Right now we are trying to arrange negotiations with the General Motors Corporation. We are going to organize Ford, too. General Motors and Ford do not have collective bargaining."

"Our relations with the Chrysler Corporation have been very satisfactory," Martin said. "There has not been a single case of union discrimination or discharge there. Chrysler, along with many others, evidently is seeking to abide by the law and play fairly."

This announcement came as executives of automobile factories and related industries watched apprehensively the effect of strikes in several parts plants on car and truck production.

A shortage of parts, resulting from walkouts called by the federation of flat glass workers and the U. A. W., curtailed the operation of assembly lines in several motor plants and threatened further inroads on motor car production unless the disputes are settled soon.

The Ford Motor Company took steps to make its own brake parts. These formerly were supplied by the Kelsey-Hays Company, in whose two Detroit plants "sit down" strikes called by the United Automobile Workers are in effect.

George W. Kennedy, president of Kelsey-Hays, said his plants would be reopened as the strikers leave and the minimum wage will be 75 cents an hour. The union workers seek wage increases and adjustment of overtime rates.

## It's Santa and His Postmaster!

Every year Christmas time brings heavy mail to Oscar Phillips, postmaster of Santa Claus, Ind. This year the volume of letters increased, so Santa and Postmaster Phillips talked over affairs as shown here. That letter Mr. Phillips is holding? Why, that's just one of the thousands that deluge his office.

## G.O.P. Chief's Smile Missing Here

That wry expression on National Republican Chairman John D. M. Hamilton's usually beaming countenance was appropriate to the task he was proposing to perform when he met with national committeemen in Chicago to offer his resignation. For the vote of confidence which seemed assured him carried with it the job of supervising the payment of a party deficit of more than \$900,000. ## SANTA CLAUS TOWN TO BE THE REAL THING

SANTA CLAUS, Ind., Dec. 23 (AP)—The town named after Yuletide's Mr. Claus is going to capitalize its name by going big business the year round.

Milton Harris, 38, general manager of Santa Claus, Inc., is going to commercialize the idea of a Santa Claus headquarters in Indiana all the time. He has defeated rival promoters in the courts.

Harris and others organized Santa Claus of Santa Claus, Inc., with 10,000 shares of no-par stock. They signed five-year contracts with seven toy manufacturers to show their products on 100 square feet of floor space at \$2,500 a year each.

Harris says the company intends to rebuild most of the town, with buildings modeled after those pictured in children's books, and run a year round exhibition where Santa Claus will bring pleasure to tourists and profit to the promoters every day of the year. He plans an inn where Christmas dinners will be served daily.

## MARKET BRIEFS

NEW YORK, Dec. 23 (AP)—Shaking off part of its nervousness over the automobile unionization drive, the stock market today posted further recoveries of fractions to 2 or more points.

Although the usual pre-holiday apathy was in evidence, the volume picked up in the final hour and transfers approximated 1,800,000 shares.

## NEW ORLEANS COTTON

NEW ORLEANS, Dec. 23 (AP)—The market ruled 1 to 7 points higher during the morning but trading was in a dull and little interest was shown.

Contracts were scarce most of the day, offerings in later months. There was some price fixing by domestic mills in the near.

Acting on the assumption that lean cotton will be released in a month or so spinners have not shown the interest in raw cotton exhibited heretofore. Those who need grades around 7-8 middling believe they will be able to obtain supplies from the government holdings at 40¢ per pound. Mills that need the better grades, however, are expected to remain actively in the market as most of the top qualities were sold from the loan holdings which it was stipulated would be sold at the mid-day mark in trading at New Orleans March sold at 12.07, May at 12.03, July at 11.95, and Dec. at 11.60.

## CHICAGO GRAIN

CHICAGO, Dec. 23 (AP)—With trade attention focusing largely on increased estimates of world import needs, wheat prices today gained approximately two cents a bushel.

Contributing to the upward trend of wheat values was news that negotiations between the United States and Germany had been approved officially.

Wheat futures were also a bullish factor.

At the close, wheat was 1/4-1/2 above yesterday's finish. Dec. 1.36 1/2-3/4, May 1.31 1/2-3/4, corn was 1/2-3/4 above yesterday's up and provisions unchanged to Dec. 1.98 1/2-3/4, May new 1.04 1/2-3/4, oats 17 cents gain.

## GIFT FOR RICE

HOUSTON, Dec. 23 (AP)—A Christmas gift of \$230,000 from William M. Rice to Rice Institute was announced today at a meeting of the board of trustees, and resolutions of appreciation were passed by the body. The gift was a donation to the endowment fund and was in the form of 10,000 shares of stock in the Rice Roller Mill Company. Rice, Houston lumberman and capitalist, is the nephew of the founder of the institute, William Marsh Rice.

Mr. and Mrs. R. E. McKernan have gone to Sanpaula, Okla., to spend Christmas in the home of Mr. and Mrs. John Murphy.

## 12 MARRIAGES IN 1936 MAKE FRONT PAGES

### ROYALTY, ACTORS AND FAMOUS PERSONS WED

CHICAGO, Dec. 23 (AP)—Twelve of Cupid's bull's-eye shots splashed ink all over the world's front pages in 1936.

With mastery showmanship he saved his climax effort for the last month of the year—and sent King Edward VIII tumbling from the British throne into voluntary exile for love of Mrs. Wallis Simpson, an American divorcee.

Another shot pinned together President Franklin D. Roosevelt's third son and namesake and Ethel du Pont. Her family, the Delaware munitions du Ponts, had done their best in the last election to change her future father-in-law's address from "White House" back to "Eyde Park."

Third—Crown Princess Juliana of the Netherlands became engaged to Prince Bernhard von Lippe-Biesterfeld.

Fourth—England's No. 2 bachelor, the 28-year old Duke of Norfolk—whose family has the hereditary duty of arranging the coronations of England's rulers—became the fiancee of the Hon. Lavinia Mary Stuart, 21.

Fifth—"America's Sweetheart," film actress Mary Pickford, divorced wife of Douglas Fairbanks, said "yes" to "America's boy friend," Buddy Rogers, actor and orchestra leader.

Sixth—Here was a moving target: John Barrymore, 54, of the stage and screen, led Cupid and 21-year-old Elaine Barrie of New York a merry 20-month chase—once clear across the continent. Barrymore leading, Miss Barrie in close pursuit. They were married in November.

Seventh—Cupid rode in the cockpit on a transatlantic flight by Juan Ignacio, Pombal from Spain to Natal, Brazil. The 21-year-old aviator was flying to see his sweetheart—later his bride—Maria Elena de Rivero.

Eighth—Cupid matched wits with the diplomatic corps. The result: The marriage of Mrs. Ruth Bryan Owen, first woman to be U. S. minister to a foreign country—Denmark—and Capt. Berge Rohde, a Dane.

Ninth—Cupid got one man to say "I do" for the sixth time. He was Guy Waggoner, 58, millionaire Texas race track owner. In July he took as his sixth wife Virginia Joan Green, 20, Dallas department store girl.

Tenth and Eleventh shots hit two of the "marring Mdivanis." Prince Serge Mdivani, divorced husband of Pola Negri, actress, and Mary McCormack, opera singer, married his ex-sister-in-law, Princess Louise Astor Van Alen Mdivani.

Prince Serge's sister, Mrs. Nina Mdivani Huberich, was married to Denis Percy Stewart Conan Doyle, son of the late Sir Arthur Conan Doyle, spiritualist and creator of "Sherlock Holmes."

Twelfth—The four-times married Peggy Hopkins Joyce, 42, became engaged to Vivian Jackson, 30, a gentleman jockey and professor of astrophysics at London University.

## Bowl Queen

Chosen queen of the 1937 Tournament of Roses, Miss Nancy Bumpus, shown here enthroned, will wield her scepter over a land of romance where great lovers of history are depicted amid millions of blossoms in the celebrated New Year's Day pageant. Miss Bumpus, 19, is a student at Pasadena Junior College.

## LATE NEWS

AUSTIN, Dec. 23 (AP)—The Texas Court of Criminal Appeals today ordered the extradition of A. C. Taylor, charged in Tennessee with conspiracy to evade the gasoline tax.

## SALT LAKE CITY, Dec. 23 (AP)

Search for the transport plane that vanished nine days ago with seven aboard was concentrated today in the extreme southwestern tip of Utah. Six planes, one an army bomber, flew over the volcanic rockstrewn mountains and valley around semi-tropical St. George, near the Arizona-Nevada-Utah border.

## LOCAL PRISONERS WILL HAVE TURKEY DINNER

Prisoners in Gray county jail—there are only three of them today—will have turkey and all the fixings for their Christmas dinner.

Mrs. Athel Cambern, cook at the jail, said today that the traditional holiday feast will be given to county jail inmates.

Sheriff Earl Talley said it is an annual custom to give prisoners all that they can eat on Christmas Day.

## DESTROY WAR, HULL CHARGES ALL NATIONS

### REST OF WORLD ASKED TO FOLLOW COURSE OF AMERICAS

BUENOS AIRES, Dec. 23 (AP)—Secretary Hull challenged the rest of the world today to profit by the example of the 21 American republics in charting a course designed to preserve permanent peace in the western hemisphere.

At the closing session of the Inter-American Peace conference, the chairman of the United States delegation warned "we must destroy war or war will destroy us."

"Those who sit in the masters' seats and shape the destinies of other men," he said, "are under the most imperative of mandates to leave no course which may avoid war unexplored. The real patriots of the real heroes of the future will be the leaders who find and follow the road to peace."

Reaffirming President Roosevelt's declaration that "democracy is still the hope of the world," Hull said conditions making for stability of governments, so essential for the preservation of lasting peace, arise from "the institutions of a free people."

## President Roosevelt's dream of a western hemisphere of nations moving toward permanent peace standing "shoulder to shoulder" against foreign aggression and pledged against a war of conquest, found realization, at least in part, in the Inter-American Peace conference which ended today.

The Buenos Aires parley, through 69 projects, laid the foundation for strengthening the American peace structures, providing for joint consultation if general American peace is threatened from within or without, non-intervention by one American country in another's affairs and removal of some of the horrors of warfare.

The representatives of the 21 American republics put into concrete form the general proposals laid down by President Roosevelt in his notes to the other American republics last January and in his address at the opening of the historic conference December 1.

Argentina's insistence on not completely severing her bonds with her mother continent, Europe, and the United States' policy of remaining aloof from European entanglements proved only minor stumbling blocks and difficulties were ironed out quickly.

Seven major projects for bolstering the American peace set-up won unanimous approval and an eighth had the sanction of all but the United States, which refrained from voting because the proposal was linked to the League of Nations.

The peace proposal to which the United States declined to adhere provided that non-members of the League of Nations which signed the Kellogg-Briand anti-war agreement and the Argentine anti-war pact of 1933 cooperate with the league in its attempts to prevent and end wars.

## STAMP SALES SET NEW MARK

### Christmas Mail Is Heaviest of All Time

CHICAGO, Dec. 23 (AP)—Santa Claus' chief helpers, the postmen, staggered today under the heaviest loads of Christmas mail since 1929. In many parts of the country the stream of Yuletide greetings established all time records.

There were millions more packages and letters in the mail this year than there were in 1935, carrying the spirit of the season to all points of the compass. The government's cash register worked overtime, jingling the tune of a boom business in stamps.

An Associated Press survey of large mailing points showed these indications of a merrier and more prosperous Christmas:

Chicago—More than 191,000,000 cancellations of first class mail and circulars in the first 21 days of December, an increase of 5.52 per cent over the same period last year. Receipts stood at \$4,224,408 for the 21 days, compared with \$3,771,881 in 1935.

Cleveland—Mailing figures were up 7.13 per cent over last year, with cancellations for the first 21 days of the month totaling 48,950,571, compared with 45,656,534 for the same period in 1935.

Los Angeles—Christmas mail broke all previous records. Clerks rolled up their sleeves for peak business of 3,000,000 pieces today.

Pittsburgh—Receipts totaled \$748,934 for the first 22 days of December, an increase of 11.04 per cent over the 1935 corresponding figure.

Postmaster Goldman of New York hired 11,300 extra clerks and carriers to handle the biggest volume since '28 and '29. Each parcel post and first class mail was 20 per cent greater than a year ago. Manhattan and Bronx receipts for the first 21 days of December topped by \$500,000 the total for all of December, 1935.

# LIGHTNING-FAST GROOM CAGERS BEFUDDLE HARVESTERS IN 30-20 ROUT

## PAMPANS WILL PLAY TONIGHT IN TIGER GYM

### DEADLY SHOOTING AND PASSING TOO MUCH FOR LOCALS

Groom's small but mighty Tigers took a 30 to 20 game from a badly befuddled Harvester quintet last night in the local gymnasium. Tonight the Harvesters will go to Groom for a return game.

Passing the ball with deadly accuracy, breaking fast and shooting well, the Tigers jumped into a lead in the first half and won going away. They even took the ball off the backboards with two and three elongated Harvesters futilely reaching high above the small Tigers.

Wilson, forward, led the scoring parade with six field goals and a free shot for 13 points. Another of the Townsend boys, also a forward, followed with four and three goals and a singleton for nine points.

The Harvester attack was in the hands of Dewey, promising young forward, and Ayer, veteran guard, who hit the basket for seven points each. Noblist played an outstanding defensive game.

Groom led at the half, 15 to 13, mostly because Wilson broke away to collect four field goals on pretty plays. The Tigers passed the ball with such rapidity that at times it was impossible for even the closest observer to tell who had it. A fast break also served the Tigers well.

The Mitchelmen, fresh from a practice in which fundamentals were discussed and practiced, were off stride. Coach Odus Mitchell has decided that he will have to build his team from the bottom up and that is why he went back to fundamentals Monday.

The boys may look had for a few more games but they are sure to come out on top. Practice will continue through the Christmas holidays with a road trip scheduled to begin on December 30.

## Heats Up Ice Scoring Race

Behind the surprising rise of the New York Americans in the International division of the National Hockey League is the fact that Dave (Sweeney) Schriener, above, classy left wing, again is battling for scoring honors in the circuit. Schriener, 25-year-old flash from Calgary, led the loop in pushing the puck past goalies last season, and is off to good start in the current one, fighting Larry Aurie and Herb Lewis of the Detroit Red Wings for the lead.

## MEL OTT AND DUCKY MEDWICK TIE FOR SLUGGING HONORS

**BY SID FEDER.**

NEW YORK, Dec. 23 (AP)—You couldn't have squeezed an eye-lash between Mel Ott and Ducky Medwick last baseball season so far as slugging and timely hitting honors went in the National league.

The official averages in those miscellaneous departments, released today, showed the two wound up in a blanket finish.

As a team, however, the Gas House Gang from St. Louis, paced by Medwick's big bat, swept the boards, outclassing even the heavy-hitting Pittsburgh Pirates and the surprisingly slugging Phillies.

Ott took the individual slugging championship, finishing with a .588 average for the season by hitting for 314 total bases in 534 trips to the plate. Medwick, however, topped everyone in sight by belting the ball for a total of 367 bases and by driving 138 runs across the plate.

The Cards' outfielder wound up fourth in the slugging section, with a percentage of .577. He trailed Ott, Dolph Camilli of the Phillies and Johnny Mize, the Cards' prize rookie, but was not far behind any of them. Ott, on the other hand, was a poor second in total bases, with his aggregate 314, and a surprisingly close runner-up in runs batted in, with 138.

The various other divisions, coming under the league's "miscellaneous" heading, saw the Pirates dominating most of the "champion" producing. Lloyd Waner struck out the fewest times, chalking up a near-record minimum of five whiffs in 106 games. His teammate, Bill Brubaker, was the "strikeout king," fanning 96 times in 145 games. Arky Vaughan led the league for the third year in getting bases on balls working pitchers for 118.

Babe Herman of the Reds and the Pirates' Brubaker contributed a record. Each hit into three double plays in one game to tie the loop mark for that "feat."

## Sports Roundup

**By Scotty Reslan**  
(Pinch hitting for Eddie Briets)  
NEW YORK, Dec. 23 (AP)—Jimmy Johnston, a tranquil citizen who wouldn't start a civil war unless he thought it would stir up a little publicity for his fighters, is accusing Joe Louis of drawing the color line.... He says Joe won't fight another negro.... Jimmy claims he offered Joe fights with John Henry Lewis and Jack Trammell, but Joe said no.... Jimmy would like to make something out of it.... even at Christmas time.

Maybe you've never heard of the Jamaica Kid.... In the old days he was the happiest man in the fight racket; he was jolly, laughing, and never got very far and finally got to renting himself out as a punching bag at the fight camps.... Now he stands outside the New York fight clubs begging.... His body is broken, his sight completely gone.... Even the laugh is a little hollow now.... A sign—the most pathetic sign on Broadway—hangs around his neck: "Please help me. I am Jamaica Kid," it reads.... They say, too, that Sam Langford's sight is almost gone.... It has been going for years and now he can distinguish little more than light and dark....

In picking their All-America football teams, the boys really gave the freedom of the press a workout.... Ed Widseth of Minnesota, Larry Kelley of Yale and Gaynell Tinsley of L. S. U. were the only players chosen by all the leading selectors.... Incidentally, how did Tinsley ever get through three years of football without losing that front man?

## EASTERN CAGE COACHES ARE HAVING HEADACHES

NEW YORK, Dec. 23 (AP)—The basketball "doubleheader" idea which has caught on tremendously in the east during the past couple of years, has been a fine financial success for the teams that participate but it's causing a lot of headaches for the eastern coaches.

Until the Irish thought of the idea of leasing Madison Square Garden and booking strong local teams against good outside opposition, inter-sectional games were a rarity so far as eastern quintets were concerned. Occasionally one would take a brief jaunt into the mid-west, where the field houses could hold paying crowds, but they seldom took their likings seriously.

Now with mid-western, southern and even teams from the Pacific coast invading the garden and the hippodrome to play before large crowds, the local coaches and players are finding it hard to maintain their prestige.

Last week Coach Neil Cochran of Manhattan was wondering how to stop Indiana and he found he could not. Now Clair Bee, who tutors Long Island University's unbeaten five, is trying to figure out whether the Blackbirds can maintain their three year victory streak Saturday against Illinois Wesleyan, which has won something over 25 straight.

**MARQUETTE CHUNKS PASSES IN PRACTICE**

DURANT, Okla., Dec. 23 (AP)—Forward and lateral passes occupied the attention of the Marquette University gridmen as the Golden Avalanche prepared for its Cotton Bowl just New Year's day against Texas Christian University.

Coach Frank Murray watched his quarterbacks run the first string line with alternate sets of backfield men through dummy formations yesterday.

The Northerners showed adeptness in handling the ball and Capt. Ray (Buzz) Bulvid, Marquette All-America halfback, was only one of the many ball flippers expert in sailing the pigskin.

**18,000 Tickets to Cotton Bowl Sold**

DALLAS, Dec. 23 (AP)—Football fans streamed past ticket booths and boosted sales to around 18,000, Cotton Bowl association officials promoting the Texas Christian-Marquette New Year's Day classic announced today.

First day of sales, mixed with mail and telephone reservations, sent available tickets down to the 25-yard lines of the vast, 46,500 capacity stadium, association heads said.

J. Curtis Sanford, president of the association, said he "expected a sellout by the middle of next week."

The Golden Avalanche of Mil. waukee, boasting All-America Ray (Buzz) Bulvid and loser of only one game—to Duquesne—this year, will move into Dallas tomorrow from Durant, Okla., and complete training here at Southern Methodist's stadium.

"Slingin' Sam" Baugh, Texas Christian's passing man, and his mates will not don grid togs again until Saturday. Coach Leo Meyer decided to give them a rest after the long train ride home from San Francisco, where they walloped Santa Clara's Brones, Sugar Bowl selection, 9-0.

**CORSIKANA, Dec. 23 (AP)—Tom Sawyer, 15, Corsicana high school football player, died in a local hospital early today from injuries sustained Dec. 15 when the car in which he was riding was struck by a train here.**

He was the son of Mr. and Mrs. Dave Sawyer.

This is the twenty-sixth auto accident fatality in Navarro county this year.

## WILD WILDCAT

Marcellus (Mike) McMichael, above, is the fellow who's making the Northwestern University Wildcats wild on the basketball court. The sensational Purple scoring artist registered 15 points in the recent game against Notre Dame, and was third individual high scorer in the Big Ten circuit last year.

## NORTHWESTERN COACH SIGNS UP FOR 5 YEARS

CHICAGO, Dec. 23 (AP)—The first undisciplined western conference football championship ever won by Northwestern University paid dividends to Head Coach Lyn Waldorf today in the form of a new five-year contract.

Waldorf's re-engagement as chief of the Wildcat grid staff was announced yesterday by Kenneth L. Wilson, Northwestern director of athletics. Coach Waldorf came to Northwestern two years ago from Kansas State University under a two-year agreement.

This past season the Wildcats

gained a 6-0 upset victory over the mighty Minnesota Gophers, their only defeat of the season.

The Antlers will travel by bus to San Antonio and entrain from there tonight for Amarillo.

Ticket sales boomed at Amarillo, where fans poured into the box office to get tickets early for the first championship game ever played in far West Texas or the Panhandle.

Five thousand reserved seats went two hours after sales opened and officials predicted all the 16,000 available seats would be gone long before Saturday.

The bronze statue of the sun god Helios in Rhodes—the Colossus—was thrown down by an earthquake about 234 B. C.

Engineers spent more than a day clearing them.

## Six Of Kerrville's Iron Men Are On Injured List

### Antlers to Entrain For Amarillo Tonight

**BY FELIX R. MCKNIGHT.**

DALLAS, Dec. 23 (AP)—Travel companion of fame fortune through 12 straight victories, Kerrville's weary "Iron Men" were on their own today.

Six of the eleven Tivy high stalwarts were on the injured list as the little band of grid warriors prepared to leave for the Panhandle and Saturday's state schoolboy championship clash with Amarillo's Golden Sandstorm.

Shy on substitutes, Tivy's Antlers carried through to last week's semifinal game against Port Arthur before finally losing their rabbit's foot. A regular guard is definitely out of the Amarillo game and five others, including Roy Holbrook, brilliant little halfback, are ailing.

Walter Lee will make the trip on crutches and see his guard post filled by Willis Carlisle, Kyle Holbrook, center, has a bruised and torn hand.

In contrast, Head Coach Blair Cherry reported his Amarillo Sandstorm ready for action and announced that Bill Kilman, regular guard out of the North Side game last week, would play with his broken hand in a cast.

The Antlers will travel by bus to San Antonio and entrain from there tonight for Amarillo.

### GONNIE MACK HOPES TO WIN ANOTHER PENNANT

PHILADELPHIA, Dec. 23 (AP)—Connie Mack passed his 74th birthday today with the expectation that before many have come and gone he would have won his tenth American league baseball pennant.

Before he quits, he said—and he didn't think he'd quit for some time to come—"I believe I'll be able to deliver at least another pennant winner to Philadelphia."

The lean, spare frame of the Philadelphia Athletics leader radiated energy as he made the prediction:

"When it, I think I have some of my best years left."

Yet he added he hoped he'd be the "first to know it" when people become convinced that he's not able to arrange the team "successfully" any longer.

### JUDGE TO HOLD SANTA DOUBTERS IN CONTEMPT

PITTSBURGH, Dec. 23 (AP)—A Pittsburgh jurist, remembering the days of his youth, and the heart-break of "there ain't no Santa Claus," clamped down on doubters today—he ruled them in contempt of court.

Clothing his action in judicial dignity, observing all the formalities, Judge M. A. Musmanno ordered decreed and declared:

"Anyone within our jurisdiction who questions the authenticity and the genuineness of Santa Claus will be declared in contempt of court and committed to the bastille."

Musmanno, presiding judge of the criminal courts of Allegheny, said: "If the law recognizes John Doe it will certainly recognize Santa Claus. This court can state with judicial correctness that it has seen Santa Claus, but has never had any ocular observation of John Doe."

## GRID STAR ILL.

SAN FRANCISCO, Dec. 23 (AP)—"Bucky" Bryan, Tulane university's contribution to the East football team here for the annual East-West Shrine game New Year's Day, became the first casualty today of either squad, and was under doctor's care in Berkeley for tonsillitis. Coach Dick Hanley said the halfback will lose two or three days practice.

## PRISON CHRISTMAS

OKLAHOMA CITY (AP)—Sheriff Stanley Rogers said there will be no nuts for county prisoners Christmas day. Rogers distributed nuts to prisoners Thanksgiving day. The prisoners shoveled the shells down the drain and clogged the pipes. Engineers spent more than a day clearing them.

# 34 MINERS DIE IN COAL MINE GAS EXPLOSION

## FIVE BELIEVED TO BE ENTOMBED IN OLD MEXICO

EAGLE PASS, Dec. 23 (AP)—Rescue crews dug today in a debris-clogged coal mine at Nuevo Rosita, Coahuila, Mexico, 80 miles south of here, for 11-2 miners believed entombed by an explosion which killed at least 34 persons.

Mass funeral services were arranged for the 34 miners whose bodies were recovered yesterday from the number one shaft of the Rosita Coal Mine company's mine number six. Reports from Torreon, Mexico, that 47 bodies had been recovered were not confirmed by information reaching this border town.

About 700 miners were scattered throughout the underground shafts when the blast occurred about a mile from the entrance and 400 feet below the surface. Escaping gas and rocks and timber which blocked the shafts hampered rescue work.

Thirty-five injured workers were brought to the surface.

Several were burned badly and physicians feared some might die.

Gas was blamed for the explosion. Officials suggested sparks from an undetermined source may have set off fire damp gas.

Rescuers held slight hopes the missing miners would be found alive. Rescue work began immediately and physicians from five other towns were summoned. News of the blast attracted large crowds to the shaft-head from Rosita, city of 30,000.

Manuel Reyes of Eagle Pass was advised by a brother who works for the company that the explosion rocked Rosita. The mine is owned by the Compania Carbonifera de Sabinas, S. A., Mexican subsidiary

of the American Smelting and Refining company.

Twelve miles in the mine escaped death because, observers said, they remained at one place while frantic miners rushed into the deadly gas.

# CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Dec. 22 (AP)—The State Department of Public Safety plans to continue investigation of the mysterious disappearance of two farmers in Southeast Texas until a solution is had.

"I have issued orders never to let up in the investigation until we know the answer and the criminals, if a crime was committed, are punished," Col. H. H. Carmichael, director of the department, says.

Carmichael gave the orders to Ranger Captain William McMurray on a visit to the ranch country where John and Luther Blanton, father and son, disappeared a month ago after leaving their home ostensibly for a duck hunt.

"As long as I am head of the department," he says, "we will work on the case, running down every clue, no matter how insignificant; and I am hopeful some day a break will come."

Carmichael reviewed the work of the Rangers since they were called into the case, saying they followed up every possible lead but were virtually at a standstill.

"We have examined the saddles of hundreds of cowboys for signs of blood," he says, "as well as the bodies of trucks and automobiles. Scores of men have had to explain their whereabouts at the time the men may have been killed."

"We have combed the wild country in efforts to find the bodies, if the men are dead, and have watched for circling buzzards in the hope they might lead us to the bodies."

"We have considered every way we could think of why anyone should wish to get the farmers out of the way, but are apparently right where we started."

The nature of the country, in some places so wild as to be almost impenetrable, made it possible for bodies to be concealed in countless places, Carmichael says, adding there are vast sandy areas where bodies might be buried and the slayers themselves have difficulty locating them again.

He even considered the possibility the men might have been kidnaped and carried into Mexico, about 30 miles distant from the Blanton home, although he made it plain he does not think such a thing probable.

"The Blantons were of good reputation, had a comfortable living and no enemies we know of," he says. "They merely went duck hunting, a couple of shots were heard, and no more was seen of them."

Carmichael says many rumors of other men disappearing long have been heard in the country, and he has been rumors of bones found here and there, but close investigation disclosed nothing definite.

In one thing, a grizzled Texas Ranger captain sees the best chance for an ultimate solution: a reward of \$500 offered by Gov. Alford.

"It may be someone will talk," he says.

# BITTER WORD BATTLE HITS DOCK STRIKE

## BOTH SIDES BLAMED FOR BLOCKING SETTLEMENT

SAN FRANCISCO, Dec. 23 (AP)—Federal officials sought resumption today of peace negotiations in the 55-day Pacific coast maritime strike on the heels of statements in which each side blamed the other for blocking settlement.

Assistant Labor Secretary Edward M. McGrady temporarily abandoned plans to return to Washington for Christmas after announcing shipowners and licensed deck officers would confer today on possibilities of renewing negotiations.

A spokesman for the marine firemen said they would not vote on whether to accept a tentative agreement until proposals were ready for the other striking unions. Sailors left indefinite the date on which they will take a similar vote.

This left peace moves in the strike, affecting nearly 40,000 men and estimated by employers to have cost as high as \$385,000,000 to date, practically halted. McGrady sought to get them moving again down the long course of conferences between shipowners and each separate union.

T. G. Plant, spokesman for the offshore shippers, accused Harry Bridges, west coast longshoremen's president, of blocking settlement and attributed to him the remark that there can be no coast peace until striking eastern seamen win their demands.

Bridges promptly denied any such wand. He said "no smoke screen" can be "big enough to conceal those really responsible for prolonging the strike."

Bridges, recognized leader in the powerful maritime federation of the Pacific, charged shipowners were attempting to disrupt union cooperation by demanding separate votes on the tentative agreements.

It's going to be a mild winter, says George Dietz Chardon, O. farmer and trapper, because caterpillars were light brown and corn husks thin.

# Letters To Santa Claus

DEAR SANTA, I thank you for the toys I got last year. I have had a big time playing with them. This year I would like to have an air gun, Mickey Mouse watch, typewriter, cowboy suit, box of candy and nuts, some fruit, and a horn. Your friend, L. E. Smith, Kingsmill.

DEAR SANTA CLAUS, I want a Shirley Temple doll, a table and chairs, dishes, and buggy. Glenn Jean Culverhouse.

DEAR SANTA CLAUS, I want a little truck that I can ride in. I want a little truck that I can ride in. Jerry Niel Culverhouse.

DEAR SANTA: I am writing to let you know I have moved to Brownfield. Please bring me a small set of Shirley Temple dolls, also a little car that I can ride in. Be sure to visit all my little Pampa friends, and Mother, Daddy, and the girls. With oodles of love, DeLores Gillham.

DEAR SANTA: I have written one letter and I still want a desk and scouter, but I thought of something else. I want some fire works and anything else you think will be nice. I have been a good boy. Bring Johnny a car. If you have time make him some caps for a gun I bought him for Christmas. Love, Jimmy Batson, McLean.

# YOUTH STOPS STREET CAR AND IS A HERO

DENVER, Dec. 23 (AP)—Robert Weir, 13, wanted to run a street car. He even coaxed a friend to show him the rudiments of starting and stopping one.

Because of his hobby, he is a hero today.

He was one of eight passengers on a car when Leonard Gessing, the motorman, collapsed from a heart attack.

Robert jumped forward and stopped the car safely.

All he really wants in that stocking, said the aged man, is "about a ton of pipe tobacco."

# OIL INDUSTRY CELEBRATING MERRY XMAS

## DEMAND FOR REFINED PRODUCTS STILL INCREASING

TULSA, Dec. 23 (AP)—The promise of 1936 to the oil industry has been fulfilled.

Its Christmas is merry. In an analysis of the factors contributing to the present state of prosperity, one thing stood out—the sustained and increasing demand for refined products.

Leading executives called it amazing. That demand led to the greatest production of crude oil in the nation's history. Production was controlled, however, by the direct demands on the refineries by the consumer.

Thus a healthy balance brought the industry to gratifying increases in the price of oil company stocks, the granting of wage increases, declaration of dividends, even to the payment of Christmas bonuses.

This is the picture of the strong statistical position of the industry at the yuletide:

1. Estimated consumption of gasoline, based on actual figures for 10 months and estimates for two months was about 464,820,000 barrels compared to a consumption of 434,800,000 barrels in 1935.

2. Gasoline, even in a season of oil for the year was 1,095,000,000 barrels, against 993,900,000 barrels last year.

3. Storage stocks of crude were about 285,000,000 barrels with about 58,000,000 barrels of gasoline on hand compared with 337,000,000 barrels of crude and 55,000,000 barrels of gasoline at the end of 1935.

4. The refiner was paying, generally speaking, about 10 cents a barrel more for crude this year than last and the motoring public about two cents a gallon more for its gasoline.

At the beginning of the Christmas week an authoritative estimate of the market trends showed these encouraging positions:

Crude market tight. Buyers seeking January supplies.

2. Gasoline, even in a season of ordinarily declining consumption, is firm and in good demand.

3. Demand for kerosene and burning oils unusually strong.

4. Lively demand for prime white distillate and light fuels, with stocks increasingly scarce.

In May, production of crude took a jump over the 3,000,000 barrel daily point for the first time in history. Some apprehension resulted, state regulatory bodies clamped down, but the continuing public demonstrated its ability to use up the gasoline and industry was producing in huge quantities.

After the middle of August the 3,000,000-barrel figure became almost a regular thing.

In the first week of December came a real climax to the bright picture of the industry, a horizontal increase in the posted price of crude oil, 17 cents a barrel, announced by the Continental Oil Company effective January 4, next.

That heartened the rank and file of the industry as nothing else could. Other major companies did not follow the increase immediately. It generally was the opinion today that the action of all state regulatory bodies in setting January allowable would be awaited before a decision would be made by other major companies.

# HOMESICKNESS CAUSES SUICIDE OF GERMAN

PORT ARTHUR, Dec. 23 (AP)—Homesickness was advanced today as a possible motive for the suicide of 26-year old Larry Lothar Glass, nephew of Herman Lissner, New York capitalist.

Glass' body was found hanging from a pavilion on Pleasure Pier early Monday. A coroner said the death was suicide.

Charles Vincent, a fellow worker at the Corinth, Miss., pants factory where Glass went to learn his uncle's manufacturing business, said Glass occasionally had been depressed because of homesickness for Germany. He left Germany 20 months ago.

Vincent came here with Jack Frank, another worker, and Harry Gruber, superintendent of the Corinth plant, to identify the body. Frank said Glass was in good spirits the night before he disappeared from North Dec. 13.

Gruber accompanied the body to New York.

Glass was believed to have arrived here Sunday night. No hotel registration was found. Investigators believed he had been dead about 10 hours when found.

Labor Chieftains Challenge Auto Manufacturers

An ultimatum that auto manufacturers must recognize the United Automobile Workers' union or face open warfare was issued by John L. Lewis, center, head of the Committee for Industrial Organization, after this meeting in Washington with Glenn W. McCabe, left, president of the Flat Glass Workers of America, and Homer Martin, United Automobile Workers' leader. With strikes in vital feeder factories, the auto industry already has begun to feel the pinch of labor unrest.

FOR EXPECTED TO HOLD REINS OVER DOLLAR

NEW MONEY LEGISLATION PLANNED BY NEW DEAL

(Editor's note: The President's control over the dollar and its effect on foreign currencies comes before the new congress in January for a decision on whether these powers should be extended. In the third of a series of five stories by staff writers who have made special studies of forthcoming congressional issues, the Washington bureau of the Associated Press outlines the monetary problems involved.)

WASHINGTON, Dec. 23 (AP)—Administration monetary policies, charted originally to stem a swift outflow of capital and pry open shrinking price and credit structures, are now facing the contrary problems of heavy capital inflows and potential inflation.

Soon after Congress convenes, President Roosevelt is expected to ask continued authority to devalue the dollar further and to maintain the \$2,000,000,000 stabilization fund.

Scheduled to expire January 30, these powers gave the government powerful new reins over the dollar. Revaluation, designed to offset trade advantages enjoyed by other countries and raise domestic prices, was accompanied by operation of the big stabilization fund. This was used to keep the dollar on an even keel in relation to foreign currencies.

At present, however, the international financial picture is showing the opposite direction, sending millions of dollars here for investment or speculation.

This movement tends to expand credit and raise prices artificially, and to prevent such inflation, the treasury drafted a new program this week designed to nullify the effects of gold imports on domestic economy.

Seeking to re-gear existing financial machinery within the bounds of present statutory authority, the program calls for the removal of funds from the money market when gold flows into the country. This will be accomplished through the sale of treasury bills, receipts from which will be used to pay for the gold imports.

Conversely, when gold flows out, the bills will be redeemed and funds will be put back in the money market and thereby tend to keep the reservoir of credit on an even level.

This "balance wheel" scheme will link the treasury with the federal reserve board as an agency for credit control.

The other proposal being considered involves use of the government's taxing power to discourage foreign speculators from sending funds to this country.

Under it, the present nominal taxes on foreign security holders might be sharply increased, reducing the profits "alien funds" could earn in America.

Ed Wynn Charges Wife Is Drunkard. NEW YORK, Dec. 23 (AP)—Ed Wynn, the radio and stage star, answered his wife's suit for separation in which she charged he was unduly friendly with an ex-Follies beauty by filing a 43-page affidavit in the Supreme Court today alleging she has been an habitual drunkard since 1921.

Asking a legal separation and alimony in her suit filed Saturday, Mrs. Hilda Wynn, daughter of the late Frank B. Keenan, noted actor, charged her husband had "openly and notoriously consorted" with Frieda Mirse, showgirl who was "Miss America of 1927"—a charge Wynn denies.

Conversely, when gold flows out, the bills will be redeemed and funds will be put back in the money market and thereby tend to keep the reservoir of credit on an even level.

"Then when they come back to school on Monday their tummies have shrunk and they are not able to handle a normal amount of food. By Tuesday they have 'stretched' and they fill up. Then they eat less on Wednesday, Thursday and Friday."

# BUDGET ISSUE MAY PROVOKE BITTER HOWL

## BILLION DOLLARS WILL BE ASKED FOR RELIEF

(Editor's note: Few federal questions are more widely debated in governmental, political and private quarters than the treasury's unbalanced budget and the mounting national debt. In the second of a series of five stories by staff writers of the Washington bureau of the Associated Press, the outlook for equalizing the flow of incoming and outgoing federal dollars is surveyed.)

By NATHAN ROBERTSON  
WASHINGTON, Dec. 23 (AP)—Recent backfiring at attempts to curtail relief spending suggests the most bitter struggle at the coming Congress may revolve about the administration's projected drive toward a balanced budget.

President Roosevelt and his financial spokesmen have been hinting at a balanced budget within the next year or two. Achievement of the goal within this period appears possible only by cutting down relief outlays or increasing taxes. Either would provoke a howl on Capitol Hill.

Many of the assembling congressional leaders hold it will be impossible to balance the federal ledger within the immediate future.

The temper of Congress may be tested in the first month. New funds will be needed to carry on the relief program for the balance of this fiscal year, ending in June. President Roosevelt has said he will ask for about \$500,000,000.

City mayors and spokesmen for relief workers are ready to ask in the neighborhood of \$1,000,000,000. If Congress holds to the chief executive's limit, it may portend the end of the annual deficits which have haunted the treasury since 1930.

A \$500,000,000 relief appropriation to round out this fiscal year would make the deficit in June more than \$2,500,000,000. But it would frame a brighter financial picture for the 1937 fiscal year.

The treasury record for this fiscal year ending June 30 would then read about as follows:

Receipts \$5,995,839,000  
Expenditures \$8,262,835,300  
Deficit \$2,266,996,300

Those who say there is a chance to balance the budget next fiscal year say this deficit includes \$560,000,000 of bonus expenditures which will not recur. Furthermore, they cite treasury estimates that full-year operation of the new corporate tax law will bring an additional \$328,000,000 in the next financial 12 months. With these two alterations, they say the budget picture for next year, without any change in the relief spending or revenues, is:

Receipts \$9,995,839,000  
Expenditures \$7,709,996,300  
Deficit \$2,109,161,000

The more optimistic contend that this figure, though it is less than half the deficit of recent years, does not tell the real story of next year's treasury prospects. They argue that increased recovery will bring another big jump in revenues and that expenditures can be sharply curtailed. Here is the way the debt has climbed during the past few years:

June 30, 1929—\$16,931,197,000  
June 30, 1932—\$19,487,009,000  
June 30, 1933—\$22,538,672,000  
June 30, 1934—\$27,053,088,000  
June 30, 1935—\$27,701,167,000  
June 30, 1936—\$33,778,543,000

Although there has been some talk of tax revision at the coming session, it probably would not figure much in the budget picture. Administration spokesmen have said repeatedly there would be no increases, and have talked only of "simplification."

# ANOTHER NEW HIGH IN OIL FLOW REACHED

## EVERY MAJOR FIELD IN MID-CONTINENT SHOWS GAIN

TULSA, Okla., Dec. 23 (AP)—Another new high in the nation's production of crude oil, the second in as many weeks, is reported today by the Oil and Gas Journal.

The compilation showed oil fields produced 3,137,340 barrels daily during the week ending Dec. 19, a total of 33,973 barrels daily more than the week before.

Every major producing area in the mid-continent and the west showed an increase.

Oklahoma increased its output 5,175 barrels daily to 597,375. East Texas 5,851 barrels daily to 450,798 and the total State of Texas 20,284 barrels to 1,216,386.

Louisiana's production was up 1,595 barrels daily to 241,450. California increased 1,600 barrels daily to 594,100 and Kansas increased 700 barrels daily to 173,600.

Eastern fields including Michigan decreased their production 920 barrels daily to a total of 141,315 and the Rocky Mountain area increased 680 barrels to 65,390.

"Total net stocks of refinable crude (gross stocks minus basic sediment and water) as reported to the Bureau of Mines," the report said, "were 292,271,000 barrels as of November, 1936, a decline of nearly 25,000,000 barrels from November 1, 1935. However, the significance of this decrease is offset, to a considerable extent, by an increase of nearly 8,000,000 barrels in stocks of finished and unfinished gasoline during the same period."

The bureau's recommended daily averages of crude production by

states, (in barrels):

	Forecast Jan. 1937	Forecast Dec. 1936
