By City Commission Vote

BCD Equipment Is Turned Over To The Pampa CoC

The Pampa City Commission voted Friday night, 3 to 2, to turn over to the Chamber of Commerce all equipment purchased in the name of the now defunct Board of City Development.

The tax-supported BCD was dissolved in an ordinance passed unanimously by the City Commission Oct. 2.

The resolution, introduced Friday night by Commissioner Will Graham, ended the possibility of any controversy over BCD property that remained in the hands of the chamber.

Commissioners Graham, Leon Holmes and Lloyd Simpson voted for the resolution and Mayor E. C. Sidwell and Commissioner L. P. Fort voted against it.

Mayor Sidwell said since the resolution was introduced as an answer to a letter from President-elect Dr. Joe Donaldson of the Chamber of Commerce, he would prefer that it be tabled until Tuesday night when Dr. Donaldson could be present at the commission meeting.

Dr. Donaldson was out of the city Friday night. The chamber was represented at Friday night's meeting by Gordon Lyons, whose term as president will expire Oct. 25.

"I am not opposed to the intent of the resolution," Mayor Sidwell said. "I just want to be sure about the legal responsibilities that might be incurred in giving away city property."

The mayor said he thought

that the matter should be tabled until Tuesday to give more time to study the resolution.

Dr. Donaldson had sent a letter to the Mayor and city commissioners while they were attending a Municipal League meeting in Fort Worth last week.

The letter stated that the Chamber of Commerce needed to know

"what the attitude of the City Commission is regarding office space in City Hall and the equipment which has been owned by the Chamber of Commerce and Board of City Development."

Dr. Donaldson's letter also stated that the chamber needed to have an answer by Friday, Oct. 12.

The letter concluded: "We are now amending our charter and by-laws and will be making our budget and starting a financial drive within the next few days. Therefore, we would appreciate hearing from you, in writing, by Oct. 12, 1962, in order that we may know better how to proceed with our plans."

In reply to the mayor's suggestion that the matter be tabled until Tuesday, Commissioner Graham said he thought it should be settled at once.

"I think the city has no claim to any equipment," Commissioner Graham said. "It was purchased through the years with BCD money dedicated for that purpose, and I think it should remain there."

Dr. Graham said the money was given "without strings" and that none should be attached now.

"I think we should all get together and develop harmony in the city," he added, "and that's my reason for introducing the resolution."

Dr. Graham made a motion that the resolution be adopted and it was approved 3 to 2.

In respect to the Chamber of Commerce office space in City Hall, Commissioner Graham recommended that the Chamber of Commerce move out of City Hall.

Mayor Sidwell said he thought this was a matter that could wait until later and told commissioners he believed that no action should be taken now to move the chamber out of City Hall.

"I am not against Dr. Graham's resolution that was passed tonight," the mayor said. "I just think it was a bit hasty. And I do not think it is necessary to take any immediate action on moving the chamber out of City Hall."

The mayor said he thought the chamber should not be given a definite lease on the office space, however.

"The time is coming," Mayor Sidwell said, "when it is hoped we can get our health department on (See EQUIPMENT, Page 3)

Resolution Orders Bond Election

A resolution and order calling an election for the issuance of \$1,500,000 general obligation bonds for the purpose of constructing street improvements and drainage improvements necessary thereto in Pampa was adopted by the Pampa City Commission at a meeting Friday night in City Hall.

The resolution calls for the election to be held Tuesday, Oct. 20. Absentee ballots may be cast beginning tomorrow afternoon in the office of the City Secretary at City Hall.

Here are the polling places and

the election judges named in the election order:

Ward 1 — City Hall, J. W. Campbell, presiding judge; Mrs. Kenneth Dunn, judge; Mrs. Hazel Hahn and Mrs. Frankie Mae White, clerks.

Ward 2 — Fire Sub-station, 321 E. 17th St. Mrs. J. E. Beard, presiding judge; Mrs. Ida Ruth Taylor, judge; Mrs. W. Lee Moore and Mrs. W. J. Derington, clerks.

Ward 3 — Ward's Cabinet Shop, 323 S. Starkweather. Bill Watson, presiding judge; Mrs. J. H. Trotter, judge; Mrs. Earl Taylor and Mrs. R. R. Hawkins, clerks.

Ward 4 — Fire Sub-station, 1010 S. Barnes. H. H. Boynton, presiding judge; Mrs. B. B. Altman Jr., judge; Mrs. A. L. Patton and Mrs. H. L. Crump, clerks.

The resolution passed Friday night calls for the bonds to mature serially not to exceed 25 years from their date and to bear interest at a rate not to exceed five per cent per annum and to provide for the payment of principal and interest on the bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due.

Severe Storm Moves Out After Lashing West Coast

35 Killed; Property Damage In Area High

SAN FRANCISCO (UPI) — A huge, slowly dying storm swung out to sea off British Columbia Saturday after pounding the Pacific Coast with torrential rains and hurricane-force winds.

The storm, spawned by Typhoon Freida in the western Pacific, left at least 35 persons dead in California, Oregon, Washington and British Columbia, and caused "catastrophic" devastation in western Oregon.

In addition to those killed in storm-connected accidents, six persons died of heart attacks possibly related to the storm.

Property damage ran into hundreds of millions of dollars along the area battered by the storm, extending 1,000 miles from central California to the southern edge of Canada.

Although the storm's violent low-pressure center was moving off the mainland, drenching rain and stiff winds continued in north and central California, Western Nevada, Oregon, Washington and parts of British Columbia.

Meteorologist Lyle Rasey of the U. S. Weather Bureau at San Francisco said activity in the storm system was weakening—"but it is by no means all over."

The current storm was the second of a pair that pummeled the Pacific Coast almost continuously for the past three days. Both originated with tropical storms—typhoons—in the Pacific.

The death toll breakdown for the three days was California 16, Oregon 9, Washington 6, and British Columbia 4. Four other persons died of heart attacks in Oregon, and two died in Washington.

At San Francisco, the storm forced Baseball Commissioner Ford Frick to postpone the sixth game of the World Series between the San Francisco Giants and New York Yankees. Water lay three inches deep in the outfield at Candlestick Park.

The World's Fair at Seattle closed down Friday night because of the storm.

At Salem, Ore., Gov. Mark Hatfield said the capital looked "like a bomb hit it."

He declared a state of emergency in western Oregon, called out National Guard units to prevent looting and telegraphed President Kennedy that he might need federal help.

Additional committee appointments for the coming Panhandle-wide conference have been made by Chairman Cary as follows:

Mrs. Nina Spoonemore, Mrs. Willie B. Guill, Mrs. Walter Love, Mrs. John Lee, Mrs. Lloyd Laramore, all of Pampa, Mrs. E. L. (See ARRANGEMENTS, Page 3)

In Polio Drive

Make-Up Clinic Scheduled For Pampa Today

A make-up clinic for persons who missed out on last Sunday's Sabin polio inoculation will be held from 12 noon until 4 p.m. today in the Stephen F. Austin Elementary School, 1900 Duncan.

Representatives of the Top O' Texas Medical Society and the Pampa Junior Chamber of Commerce, co-sponsors, are hoping that the remainder of Gray County's residents will protect themselves against Type I polio at today's clinic.

Last Sunday, there was a total of 17,815 (including the previous Sunday's "dry run" session for volunteers) who took advantage of the project.

Only Type I vaccine is to be given today, as last week.

The make-up clinic will again be staffed by medical doctors, professional pharmacists, Jaynees, Jaycee-Ettes, Boy Scouts, Gray Ladies, girls from the high school student nurse's unit, registered nurses, and others.

It would be helpful, officials said, if persons planning to take the vaccine would have their registration forms filled out before coming to the vaccine station, as time would be saved in the process of getting one's inoculation.

The time required for taking the vaccine is only a few minutes, but, since there will be only one vaccine station today and a large number of persons is expected, it is anticipated that filling out the registration forms in advance will save individuals some time.

The forms are available in various local stores and a form is printed on page six in today's Pampa News for readers' convenience.

The vaccine is given by placing three drops on a cube of sugar to be swallowed. Doctors involved in the project are urging that every resident of the county over three

(See VACCINE, Page 3)

PAMPA GIRL IS QUEEN — Kay Koilosha, 19-year-old daughter of Mr. and Mrs. Troy F. Teel, 1801 Grape, reigned as homecoming queen at the Iowa State-Kansas football game yesterday afternoon in Ames, Iowa. The pretty Pampa co-ed was elected by Iowa State students from six girls who were candidates for the honor. Miss Koilosha, 1960 graduate of Pampa High School, is a home economics education junior and a member of Kappa Alpha Theta sorority. The announcement was made at the university's annual homecoming pep rally Friday night, and Miss Koilosha also reigned as queen of the annual homecoming ball last night.

Man Is Found Dead In Cell Of City Jail

A verdict of death by strangulation was given by Coroner J. W. Graham in the case of Harley W. Bennett, 47-year-old construction worker, 713 Malone St., whose body was found hanging from a belt loop Saturday morning in the city jail at City Hall.

The body was found at 7:55 a.m. Saturday by Patrolman Denny Roan who had gone into the jail to advise Bennett that his wife had come to visit him.

Patrolman Roan said Bennett apparently had looped the belt around the cell bar and then fastened it around his neck and dropped to the floor.

According to police, Bennett had been arrested at 2:50 a.m. Saturday following an accident in front of the bus station on N. Russell St., a block away from City Hall.

Police said Bennett's car had run into the rear of a standing bus and then backed up into a taxi cab that had pulled in behind him.

Bennett was arrested by Patrolman Don Aycock on a charge of driving while intoxicated and taken to city jail.

Patrolman Roan said he last saw Bennett alive about 7:05 a.m. Saturday.

Mr. Bennett was born Dec. 19, 1915. (See SUICIDE, Page 3)

United Fund Total Is Now At \$35,928

The fourth report meeting of the Pampa-United Fund was held Friday at 5 p.m. at the Coronado Inn. The total raised to date in the United Fund Campaign now stands at \$35,928.

This represents over a \$7,000 increase above the amount reported at the Tuesday meeting of workers. The next report meeting will be held on Wednesday at the Coronado Inn at 5 p.m. Chairman George Scott urged all workers to complete their work by this date and turn a final report in on Wednesday. If it is not possible for workers to attend report meetings they are urged to turn in their reports to Mrs. Emmitt Gee at the United Fund Office in the basement of the City Hall. Division totals are as follows:

Advanced Gifts, E. E. Sheehamer, Chairman, \$26,792.

Retail Division, J. C. Roberts, Chairman, \$1,176.

Professional, Melvin Jayroe, Chairman, \$2,059.

Oil and Gas, John Chisholm, Chairman, \$679.

Services, John Gikas, Chairman, \$665.

Industrial, Herschel Wilks, Chairman, \$2,091.

Individual, Kirk Duncan, Chairman, \$1,708.

Wholesale, Frank Culberson, Chairman, \$283.

Lefors, Fred Blackwell, \$118.

Colored, Mrs. John Morgan and Mrs. Samuel Motley, \$17.

Clubs, \$10.

Informative Document For Voters' Enlightenment

City Commission Releases Statement On Bond Election

EDITOR'S NOTE — The Pampa City Commission Friday night released a statement to Pampa voters who will go to the polls Tuesday Oct. 30 and decide the fate of the proposed \$1.5 million bond issue for street improvements and drainage improvements on State Highways 152 and 273 and U. S. Highway 60 inside the city limits.

The statement is released, commissioners stated, as an informative document to give voters the necessary details and background on which to base their decision at the polls. The statement follows:

For several years, your City Officials and other community

leaders have been interested in improving the highways inside the City of Pampa.

These men understand how essential good highways are to the economic wellbeing of the community and realize that many accidents could be prevented by widening and improving the highways inside the city.

In 1960, the City of Pampa requested that the State Highway Department make a study of the needs for highway improvements in Pampa. In 1961, the State Highway Department made a traffic survey in Pampa, and prepared a long range plan for highway development in and near Pampa.

During 1961 and the first part of 1962, your City Commission had

a number of meetings with the local Resident Engineer and the District Engineer, Texas Highway Department.

These conferences regarding future highway development led to a more comprehensive plan, and gave the City Commission a better understanding of how the City should participate in implementing the plan. The following points were made clear:

1. The Highway Engineers feel that there is a definite need for these improvements:

a. Widen U.S. Highway 60 to 84 foot width all the way through Pampa on Frederic, Brown and Wilks Streets. This would accommodate 4 moving traffic lanes and will have safety median curbs

similar to the existing pavement on Hobart Street from Brown to Francis.

b. Widen State Highway 152 on Alcock Street from Faulkner Street to the west city limits to 84 foot width, similar to the part already built from Hobart to Faulkner.

c. Widen State Highway 273 on South Cuyler and South Barnes from Brown Street to McCullough Street to 84 foot width. This would allow 4 moving traffic lanes without median similar to the existing pavement on North Hobart Street.

2. These improvements will require that additional right-of-way be acquired. The minimum right-of-way needed on U.S. 60 and State 152 is 100 feet wide and on

State 273 is 80 feet wide. The City must participate in purchasing this right-of-way.

3. The Highway Department is unwilling to improve these highways unless proper drainage, including storm sewers, is provided. The City must pay all costs for storm sewers.

4. The City must provide curbs and gutters where they do not now exist and must make any changes in their utility lines which become necessary due to the highway widening.

5. The State Highway Department cannot make these improvements unless and until the City assures the Department that the City has funds available for its part of the financing.

6. The entire program will probably take at least 5 or 6 years to complete because the State Highway Department cannot allocate all the needed State funds at one time.

7. State funds would probably be allocated for the various projects in the sequence requested by the City of Pampa if and when both State and City funds are available.

8. At present, State funds for right-of-way are not available. The project could be speeded up if the City initially supplied the funds for right-of-way with the understanding that the State would refund part of the right-of-way cost when funds are available.

From the above, it was evident

to the City Commission that the entire project hinged on the ability of the City to provide its share of the required funds. The Commission realized that a bond issue would be necessary, so they set about determining the amount to be included in the bond issue.

In January, 1962, Merriman and Barber, consulting engineers, were employed to make a study of drainage and storm sewer requirements in connection with the proposed highways. The Commission realized that surface drainage was inadequate in the area east of Hobart Street and South of the Santa Fe Railroad; so these engineers were requested to develop an overall plan for draining this

Pampa Moose Lodge To Observe 'Mooseheart Day' On October 24th

The Pampa Moose Lodge will observe "Mooseheart Day" with the holding of a special program at the Moose Home on Oct. 24 at 8 p.m., it was announced today by B. W. Lard, Governor of the lodge.

Governor Lard explains the local program is a part of the international observance of Mooseheart Day in the more than 1,900 lodges throughout the Moose Domain and that it is of special significance as the fraternity is celebrating the golden anniversary of the founding of Mooseheart this year.

A Mooseheart Day ceremony, prepared and introduced by the ritual department at Mooseheart last year, will be presented. Taking the following parts will be Governor Lard; Prelate, Bob Jacobs; Past Governor, Charlie Webb; and Jr. Governor, Ronnie Gill.

Oct. 27 has been designated Mooseheart Day because that is the birthday of the late James J. Davis, first director general of the Moose Fraternity, who is

credited with being the founder of Mooseheart.

Mooseheart originated in 1911 in Detroit. Mooseheart is a home for dependent children of deceased members of the Moose Lodge.

It consists of 1,000 acres in the fertile Fox River valley near Aurora, Illinois. It was dedicated in 1913 by the Vice President of the United States, Thomas R. Marshall. Today Mooseheart is called the Child City, completely governed and administered by the children themselves. It is a model community which takes the offspring of Moose members, and provides them with food, clothing, and shelter. But more than that, Mooseheart trains and educates their youngsters so they may take their place in society as useful and productive citizens.

Serving as chairman of the Mooseheart Day program is Bobby Helm. Members of his committee are W. C. Brown, James Flowers, Gordon Pursley and Bill Bowling.

Highway Patrol Investigates 19 Rural Accidents

The Highway Patrol investigated 19 rural accidents in Gray County during September, according to Sgt. J. W. Wilson, Patrol Supervisor of the Pampa area.

The wrecks accounted for one person killed, 14 injured and an estimated property damage of \$19,980.

The rural accident summary for Gray County from January through September of 1962 shows a total of 129 crashes. As a result of these crashes there were 7 persons killed and 89 injured. The estimated property damage amounted to \$78,213.00.

"Accidents Go Up When the Sun Goes Down," is a slogan so true, according to Sgt. Wilson. "Darkness hides danger, giving the driver a false sense of security," he said. "That is the reason traffic accidents increase during October's shorter days and longer nights. National Statistics show that the traffic death rate at night is three times the daylight rate, and more than half of all accidents occur after sundown, despite reduction in the volume of traffic."

Traffic experts say at sundown,

long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time.

The veteran patrol supervisor said, "make it a habit to turn on your driving lights at the first hint of dusk and always use them properly."

First Skating Rink

World's first mechanically frozen ice skating rink was the Glacarium in London, built in 1876. It was a studio-type room, with an ice surface of 40 by 24 feet, frozen by means of a mixture of glycerine and water running through copper pipes and chilled by ether.

2 Pampans Rank High In Hereford Registrations

KANSAS CITY (Sp) — Texas led the nation in Herefords registered during the fiscal year ending Aug. 31st, according to Paul Swaffar, Secretary of the American Hereford Association, Kansas City, Mo.

The popularity of the breed in Texas is shown by the 67,280 calves recorded during the 12-month period. Secretary Swaffar says, "Texas cattlemen continue

to show strong preference for high quality Herefords and the latest registration totals for Texas indicate a continued strong demand for both registered and commercial Herefords. Expansion of beef cow and calf herds continues, and the rugged, good-doing Herefords are finding ready outlets to most ranchers and feeders in Texas."

Leading Texas Hereford breeders in total registrations were: Charles Pettit, Walnut Springs, 581; Emmett Lefors, Pampa, 532; V. B. & G. B. Wilson, Troup, 526; Hull-Dobbs Ranch, Ft. Worth, 521; Bridwell Hereford Ranch, Windthorst, 460; O'Connor Bros., Victoria, 384; Pronger Bros., Stratford, 360; Ralph Hale, Perryton, 349; Hall Nance Ranches, Haslet,

342; W. H. Hammon, Wichita Falls, 341; Fair Oaks Ranch, Boerne, 330; and L. C. Atkinson, Throckmorton, 326.

Breeders recording 200 or more calves within the state included: Straus Medina Hereford Ranch, San Antonio; R. L. Cocanougher, Hereford; Robert Meeks, Dalhart; Catto-Gage Ranches, San Antonio; G-7 Ranch, Bronco; Dudley Bros., Comanche; Ralph Liston, Willis Point; Barney Carter, Tyler; Charles Moscatelli, Victoria; G. L. Edlin & Son, Channing; Jack Renfro, Hereford; Tic Tac Toe Ranch, Frost; M. C. Overton Jr., Pampa; Pitchfork Land & Cattle Co., Guthrie.

Herefords continue to maintain the No. 1 position among all beef

breeds with total registrations for the year resulting in 438,998 entered in the Association's records. Transfers recorded for the year reached 286,321. Memberships issued set a record total of 41,903 with 1,074 lifetime memberships and 686 junior memberships issued during the 12 months.

Leading states in Hereford registrations included: Texas, 67,280; Oklahoma, 29,341; Kansas, 26,346; Nebraska, 25,303; Montana, 23,362; South Dakota, 18,182; Colorado, 18,023; Missouri, 17,963; Illinois, 14,231; California, 13,881; Kentucky, 13,052; Iowa, 12,177; Tennessee, 11,996; New Mexico, 11,526; North Dakota, 11,511; Oregon, 11,267; Mississippi, 10,312; Arkansas, 9,967; Wyoming, 9,939; Idaho, 8,248.

Pampan Tells Of Her Life In Yugoslavia

"America is good, the people are good and freedom is everything."

That is the way Mrs. Lia Wills, 1009 E. Browning, feels about her new-home, America.

Mrs. Wills, 31, will become an American citizen Wednesday, after being in the United States for six years.

Lia, known as Amalia Zupancic in her home country of Yugoslavia, told The News of her experiences during World War II and how she was treated after the Communists took over her home town in that country.

In 1939 when the war started in her country, she was 12-years-old and was living in a small town called Vasinja Gora, population about 5,000, with her mother, father, an older sister, brother and two small brothers.

From 1912-43 no one was allowed to leave their homes without permission from German and Italian soldiers who had taken over the city.

The only food available was what they could get from the soldiers, which consisted of dried beans or sour milk.

Her oldest brother, who was 19,

AMERICA IS HER HOME — Mrs. Lia Wills, 1109 E. Browning, who has been in the United States for the past six years, will receive her American citizenship papers Wednesday. Now working in her home as a seamstress, she is shown here preparing to cut a pattern. (Daily News Photo)

Homecoming At Panhandle Is Scheduled

PANHANDLE (Sp) — Dawson Little, Amarillo, president of Panhandle High School Alumni Association, has announced that plans have been completed for the annual reunion on Nov. 16 and 17.

The activities will begin with a Peo Rally at 7:30 p.m., Nov. 16, to be followed by a football game between Sunray and Panhandle at 7:30 p.m. During half-time the football queen will be crowned.

Registration for the Exes will begin at 8:30 on Saturday morning in the cafeteria, where coffee will be served all day. The school plant will be open for inspection also.

In the afternoon at 2:30 o'clock there will be a band concert to be followed at 5:30 p.m. by a buffet supper for which reservations must be made with Mrs. C. F. Hood, Panhandle.

A 7:30 p.m. there will be an assembly with the election of officers and a Coming Home Queen. Special honorees will be the classes of 1917 and 1922. Following the variety program there will be a dance in the VFW Hall and a square dance in the Old Gym. There will also be coffee in the cafeteria for those who want to visit.

If you are an ex-student of Panhandle High School and have not been contacted, send your address to Mrs. Hood so that you may be put on the mailing list.

and her father were required to join the German or Italian armies, which were at that time fighting among themselves just to stay alive.

Late in 1943, her home was bombed by the Germans. She, her mother and two small brothers hid in the basement of the house. After the bombing had stopped the German soldiers were going through the streets of the city taking all able persons prisoners. Her mother and brothers were taken and placed in a prison.

Lia said she slipped out a hole in the wall of the house and ran to a nearby woods where she hid for a week.

When the Germans began to leave the city she returned home and found her mother and brothers had been released. For the next two years, they slept on the floor of the half destroyed home, until 1945.

Her 15-year-old brother was killed in action in 1944 and her father was wounded and returned home. Her older sister was taken pris-

son in Venice and then taken to a concentration camp about 40 miles from Rome.

While at the camp, they lived in Army barracks which were surrounded by 10-foot high wire fences and there was only one entrance and exit which was guarded day and night.

While attending the Communist classes, which she was forced to do, she said, she also had to help construct bridges, roads and any other construction work that needed to be done.

"Everything was done by whistle," she said, "and we even marched to classes and work by the sound of the whistle."

In 1953 she was released from the camp because of good conduct.

She said she then walked to Rome where she started working as a private nurse and stayed there until 1956 when she was granted her immigration papers for America which she had applied for in 1951.

In May of '56 she sailed from Rome for the United States and landed in New York City Sept. 17 of that year.

After landing in New York she found a job working as a private nurse for a year and then decided to make a trip across the states to California.

Before leaving New York, she heard of some people in Austin, Texas, who would like to meet her.

"I liked Austin and the people there and decided to stay and not continue my western trip," she said.

In 1958 she was married in Austin and moved to Pampa in 1961.

Mrs. Wills is now in the dress designing and re-weaving business, which she said she picked up from some of the training she received while in school in 1945.

Her mother, father, sister and two brothers are still living in Yugoslavia.

Her father is now superintendent of a building firm there.

"Although I have no relatives in America, people are so friendly and willing to help those who help themselves, that I feel this is really my home."

They Shoot For Bullseye In Sky In Orbit Shots

CAPE CANAVERAL (UPI)—They shoot for an invisible bullseye in the sky when they try to put a man into orbit. Their aim has to be excellent.

The bullseye is about 100 miles high and 500 miles downrange from Cape Canaveral, roughly somewhere over Bermuda.

To put a man into orbit, they must come within 1,700 feet of the center of the bullseye.

Not only that, but the Atlas booster with the Mercury capsule atop it must be going 17,500 miles an hour the instant it reaches the target.

Unless both aim and speed are correct, the space cabin either will go into the wrong orbit or not into orbit at all.

Should the cabin fail to go into orbit after its separation from the Atlas booster rocket, the astronaut would fall in his capsule into the ocean.

Fatheree Hits Voting Record Of His Opponent

In a series of talks at recent coffees-and-luncheons-during the past week, Warren Fatheree, Republican candidate for state representative, charged his Democratic opponent, Grainger McIlhenny, with ignoring the interests of the people of the 87th district.

At a luncheon held Thursday in the home of Mrs. James I. Brown, 1817 Mary Ellen, and at a luncheon given by Mrs. David Baumgartner in Wellington, Fatheree said:

"The incumbent has voted 66 per cent of the time favorable to the AFL-CIO, by this organization's own rating sheet. Out of 21 issues voted upon by the House of Representatives in 1961, he voted 13 times according to the wishes of the AFL-CIO."

Fatheree continued, "Since there is little union strength in Gray, Wheeler, and Collingsworth counties, it does seem strange that my opponent should consistently favor the interests of the big unions."

Fatheree pointed out that Gray county has had only one representative in 60 years.

"It's time we had someone who will look out for the interests of

our district, and not the interests of districts down state or of pressure groups dominant in South Texas," Fatheree said.

In all of his talks, Fatheree emphasized the importance of the off-year elections. He stressed the point that for the first time, Texans have a real chance to make Texas a two-party state.

"We will get the kind of representation we need only when we get a clear-cut choice in candidates," he said. "This year, in the race for state representative of this district, we have a choice between a candidate who believes in the conservative principles of all government, and one whose record shows that he is a consistent supporter of centralized national and state government."

"We must get all the eligible voters to the polls on November 6," Fatheree continued. "Each person must realize that his vote is important."

Fatheree will make appearances this week in Wellington, Shamrock, and Wheeler.

SETS OFF TEST SHOT

WASHINGTON (UPI)—The Soviet Union set off another nuclear device in the atmosphere Monday, according to the Atomic Energy Commission (AEC). It was the 18th test announced by the AEC since Russia resumed testing.

AICE Sets Meeting Here

At the Tuesday meeting of the Texas Panhandle Section of the American Institute of Chemical Engineers (AICE), Professor Wayne Edmister will speak on "Distillation Calculations."

The meeting will be at Poole's Steak house on Highway 60 East in Pampa. The meeting will begin at 7:30 p.m. and the steak dinner will cost \$2.25 each, tip included.

Professor Edmister is a national director of AICE and a chemical engineering professor at Oklahoma State University at Stillwater, Okla.

He is well-known for his many technical publications on thermodynamics, process design, and distillation and several engineering books. These qualifications indicate that Professor Edmister's talk will be an interesting technical program.

Anyone interested in the program can make dinner reservations by contacting Tom Morgan, Rice Plant, Phone BRoadway 3-2831, Extension 82-664.

THEATER DECORATION — The sketch here shows the relief map of the Panhandle which will be the principal decoration of the Texas Panhandle Heritage Foundation Amphitheater entrance planned in Palo Duro Park. It will show the principal historic spots in the area and the

brands of some of the large, early cattle domains. The committee will welcome suggestions for items of historical significance which should be included on this tablet.

Phillips Honors 330 Long-Time Area Employees

Phillips Petroleum Company honored 330 long-time service employees from 23 states Thursday night at a dinner in the Adams building auditorium at Bartlesville, Okla. The dinner was a part of Phillips' program recognizing employees who reach their 25th, 35th, 40th and 45th service anniversaries with the company and its subsidiaries. This year the first 45-year award in the company's history was presented to E. R. Johnson of Kansas City, Kan. The principal talk of the evening was made by Staley Learned, president of Phillips. John Houchin, executive vice president, presided as toastmaster. Guests included wives or husbands of the honored employees, department heads and other

top Phillips officials. From Pampa, R. R. Stepp was honored for 35-year service and H. B. Alverson, C. O. Chisum, R. G. Head, S. T. Meador, J. D. Redus, J. W. Sears, C. O. Spalding and H. T. Thompson received 25-year recognition. Other area employees honored for 25 years of service were H. L. Kimbley of Lefors and E. E. Wyatt of McLean. The evening event climaxed a program including tours of the company's headquarters facilities, informal gatherings, group pictures, reception and special dinner entertainment. A Friday morning tour also was arranged for those employees desiring to visit points of municipal interest and the Woolaroc Museum located on the Frank Phillips ranch southwest of the city. The Caspian Sea, world's largest inland salt water body, lies 92 feet below sea level.

Ground-Breaking For Amphitheater Today

Ground-breaking ceremony for the Texas Panhandle Heritage Foundation Amphitheater will take place in Palo Duro Canyon at 4 p.m. today. Mayors from various Panhandle communities will be present to wield spades in a group movement representative of the area participation in the open-air theatre project.

The Foundation, will speak briefly, and clergy and other dignitaries also will be present. Music, and candy for the children will be provided.

At a recent joint meeting of the Amarillo Area Foundation and representatives of the Texas Panhandle Heritage Foundation, the decision was reached to let the contract immediately for the first unit of the theater in the Palo Duro Canyon. The presidents of the two organizations, R. Earl O'Keefe, and Mrs. Ples Harper, announced after the meeting Tuesday morning that the Ramey Construction had received the bid and that preparations would start at once.

'Sherry' Retakes The Top Spot In Rating Of Tunes

CHICAGO (UPI) — The Four Seasons' recording of "Sherry" bounced back into first place in this week's United Press International ratings of top tunes.

"Sherry" was second a week ago after holding down the top spot four consecutive weeks.

"Monster Mash" by Bobby Pickett, last week's leader, slipped to second. The Contours' rendition of "Do You Love Me?" moved up from fifth to third, and "Green Onions" by Booker T. and the MG's dropped a notch to fourth.

Dickie Lee's "Patches" advanced one position to fifth and Nat King Cole's "Ramblin' Rose" moved up one spot to sixth.

"Alley Cat" by Bent Fabric slumped from fourth to seventh. The biggest ground-gainer was the Crystals' recording of "He's a Rebel," moving from 12th a week ago to eighth.

Gene Pitney's "Only Love Can Break a Heart" is ninth this week and "I Remember You" by Frank Field is 10th.

Here are this week's top 20 tunes, including their position last week and number of weeks in top 20:

- (1-2-7) Sherry. The Four Seasons. Vee Jay.
- (2-1-5) Monster Mash. Bobby (Boris) Pickett and the Crypt Kickers. Garpax.
- (3-3-3) Do You Love Me. Contours. Gordy.
- (4-3-7) Green Onions. Booker T. and the MG's. Stax.
- (5-6-7) Patches. Dickie Lee. Smash.
- (6-7-7) Ramblin' Rose. Nat King Cole. Capitol.
- (7-4-5) Alley Cat. Bent Fabric. Atco.
- (8-12-1) He's a Rebel. Crystals. Philips.
- (9-11-1) Only Love Can Break a Heart. Gene Pitney. Musicor.
- (10-13-1) I Remember You. Frank Field. Vee Jay.
- (11-18-1) Gina. Johnny Mathis. Columbia.
- (12-8-7) Let's Dance. Chris Montez. Monogram.
- (13-0-0) Popeye. Chubby Checker. Parkway.
- (14-16-5) If I Had a Hammer.

In this first unit will be the entrance to the theater formed by the ornamental tablet map of the Panhandle and the long memorial wall. It will include the shaping of the bowl for the audience of a thousand, and the placing and finishing of the concrete seating platform. It will also include the formation of the stage and the paving of the stage.

Construction in the dressing room area backstage will be left for a later date. In his discussion of the proposed plans, Earl Parge, of Parge and Hucker, the architects, emphasized that the size and quality of the theater remain as originally planned. He said that these preliminary building steps could be taken while the campaign for the funds to build the second unit and finance the show is progressing. The cost of the first unit will be approximately \$70,000.

The members of the building committee are: R. C. Neely, chairman; B. R. Barfield, Jack Little, Raymond Raillard, and Crannell Toyliour.

To get further information about the project or to contribute to it, write Box 268, Canyon, Texas: The Texas Panhandle Heritage Foundation Inc.

Peter, Paul, and Mary. Warner Brothers.

(15-17-1) I Left My Heart in San Francisco. Tony Bennett. Columbia.

(16-9-5) Venus in Blue Jeans. Jimmy Vanolis. Ace.

(17-0-0) All Alone Am I. Brenda Lee. Decca.

(18-10-10) Sheila. Tommy Roe. ABC Paramount.

(19-20-1) What Kind of Fool Am I. Sammy Davis Jr. Reprise.

(20-0-0) Surfin' Safari. Beach Boys. Capitol.

'LOLITA' — Sue Lyon, sensational new acting discovery, is shown here as she appears in the title role of "Lolita." Also starred are James Mason, Shelly Winters and Peter Sellers. Based on the controversial best seller, the picture is booked for one week at the Capri starting Thursday. The attraction is recommended for adults and mature young people.

Danny Thomas' Television Show Originating From Europe This Fall

HOLLYWOOD (UPI) — Danny Thomas, who changes scenery for his television show each fall by moving into a new apartment, moved more than 6,000 miles away this year — all the way to Europe.

Television shows that have been on for years face the problem of finding something different each season to keep viewers' attention. A new apartment helped Danny solve his troubles in the past.

This year he wanted something more than four new walls and a change in furniture. "We went over to Europe to give the show a little added flavor and get out of the living room," said Danny, after returning from a trip to Ireland, England, France and Italy.

Production Costs More "It cost us more to go to Europe and do the show," he said. "But how do you say 'thank you' to a loyal public? You pour some of the profits back into the show."

Danny spent two months in Europe, filmed eight shows and then visited relatives in Lebanon. Danny admits that his series, like others, has trouble finding story ideas as the long season draws to an end.

"Every season we scrape the bottom of the premise barrel," he said. "But every year something happens. This year it was Europe."

Cabot, Ruberoid Join In Titanium Production Unit

Announcement was made today by Louis W. Cabot, President of Cabot Corporation, Boston, and E. J. O'Leary, Chairman and President of The Ruberoid Company, New York, of an agreement to form a joint company for the production of titanium dioxide pigments. Construction of the first unit of a new 40,000 ton plant at Ashtabula, Ohio, as announced by Cabot in July, is already underway and production from the new plant is expected by mid-1963.

vantage of the rapidly moving technology in this important raw material. The jointly-owned company will utilize a titanium dioxide flame process developed by Cabot research in association with Fabriques de Produits Chimiques de Thann et de Mulhouse. The product will be marketed exclusively by Cabot's long-established sales and technical service groups serving the paint, paper, plastics, rubber, ink, building materials and ceramics industries. Cabot has been a major supplier of carbon black and fine metallic oxides to these industries for many years and has pioneered in flame-process pigments since 1882.

Derivation
Bandana is a word derived from Hindustani. The word "bandhnu" was applied to a method of dyeing in which parts of a cloth were bunched together in order not to receive the dye, producing a calico effect, according to the Encyclopedia Britannica.

New Novels On Shelves Here In Lovett Library

Now on the shelves at Lovett Memorial Library are the following new novels:

"Master of Castile," by Samuel Edwards: a historical novel set in Renaissance Spain that tells a fictional version of Alvaro de Luna, who was the power behind the throne of Juan II of Castile. A fascinating novel of the almost forgotten world of "Captive of Rome," by Theophile.

the time of the fall of Rome. "The Thirty - First of June," by J. B. Priestley: a tale of true love, enterprise and progress in the Medieval and Ad - atomic ages, a fantasy of Madison Avenue and King Arthur days.

"The Slave," by Isaac Singer: translated from the Yiddish by Cecil Hemley and the author, this novel recreates the life of the 17th-century Jews in Poland.

"A Mystery - Death in Cold Print," by John Creasey: A Supt. Roger West mystery with a printing-plant background.

New non-fiction: "One Man's Freedom," by Edward Bennett Williams: a celebrated defense attorney backs up his belief that every citizen, however he may have transgressed, is entitled to a fair trial.

"Only Fifty Years Ago," by Gladys Hasty Carroll: The author brings the wonderful world of the early 1900's vividly to life.

"The Supersalesmen," by Edwin P. Hoyt: the story of modern American salesmanship in the grand manner as revealed in the careers of its greatest examples.

"Bopings Unforgettable Fights," by Lester Bromberg: 62 of the greatest matches ever fought are brought to life by one of boxing's foremost chroniclers.

"Profiles in Faith," by Glenn D. Ktler: inspirational stories of the great religious leaders who made America a land of enduring faith.

"Giants in War," by James Dean Sanderson: 14 true and heroic stories of war in our time, including the story of President Kennedy's ill-fated PT boat.

"Fanny and the Regent of Siam," by R. J. Minney: the sequel to "Anna and the King of Siam" this is the story of Anna's son and the daughter of the British Consul in Bangkok.

"Rose Growing Simplified," by John Milton: a step-by-step guide to buying, planting, transplanting,

Commie Troops Remain In Laos

By ARTHUR DOMMEN
United Press International
HONG KONG (UPI)—Diplomatic observers here believe one major effect of Communist North Viet Nam's reported failure to withdraw all its forces from Laos may be a continuation of American aerial reconnaissance over that sparsely populated jungle kingdom.

American officials have charged that the North Vietnamese failed to withdraw all of their estimated 10,000 troops from Laos by the Oct. 7 deadline set by the Geneva agreements.

The North Vietnamese, in a formal government statement, strongly denied last Sunday that any of their troops remained in the neighboring neutralist country.

However, only a handful of Communist troops have been withdrawn through the International Control Commission as provided by the Geneva agreements on Laos. And Laotian Premier Prince Souvanna Phouma said last weekend that foreign troops still remain in his country.

Because of the apparent failure of the North Vietnamese to abide by the agreements, the observers said, the United States probably will consider itself justified in maintaining aerial surveillance over leftist-controlled areas of Laos.

Disregard Was Apparent
Despite this early apparent disregard for the agreement only two and one-half months after it was signed, it was thought that the general spirit of the agreement would be maintained for some time to come.

This would parallel the history of the 1954 Geneva accords which ended the Indo-China war, observers said.

The 1954 accords contained provisions prohibiting military aid to Laos, forbidding the establish-

ment of anything resembling a military base and integrating the Pathet Lao guerrilla forces into the royal army.

All of these provisions were violated by one or more of the signatories, the observers recalled, but verbal respect for the 1954 accords continued to be a cornerstone of public statements by both Communist and non-Communist powers.

North Vietnamese troops remaining in Laos are believed to be mainly at camps in the northeastern provinces near the North Viet Nam border. These are the provinces of Phong Saly, Sam Neua and Xieng Khouang.

Base For Guerrillas
Sam Neua is the principle base of the Communist Pathet Lao guerrillas. Almost all important statements issued by the Pathet Lao high command originate in Sam Neua, according to monitors of Communist radio broadcasts.

Emissaries from the government of Prince Souvanna Phou-

ma in Vientiane are discouraged from entering that area, it is reported.

Observers here noted that since the establishment coalition government Communist reference to this area as the "liberated area" of Laos has decreased sharply.

However, Pathet Lao officials still accuse forces loyal to the rightwing faction of instigating armed clashes with Communist and neutralist forces.

Communists Note Clash
In one of the most recent incidents, Peiping Radio quoted the Pathet Lao Radio as reporting a clash on Sept. 14 in the Phon Khui area of Xieng Khouang Province, allegedly involving "three companies of U.S.-backed, well-equipped bandits."

These clashes were attributed to pockets of Meo mountain tribesmen, who are resisting the Communists and who are being supported by airdrops from American-piloted planes. Only about a month ago two American pilots

were reported killed while on a rice-dropping mission to the Meos.

The presence of clandestine camps of North Vietnamese soldiers—many of whom are mountain tribesmen themselves from near the border—is believed to be advocated by Communist-China, the diplomatic observers said.

These are known to have advocated leaving these "stiffeners" in Laos because of the threat posed to the Pathet Lao by the

Independent-minded Meos, the observers stated.

They added that there appears to be no direct connection between these apparent "stiffener" camps and any immediate threat of aggression against Thailand.

It is estimated that about 90 per cent of the heat striking the outside of a house is concentrated on the roof.

57TH YEAR SUNDAY, OCTOBER 14, 1962

Weather Delays Series On Coast

SAN FRANCISCO (UPI)—Baseball Commissioner Ford Frick Saturday again postponed the sixth game of the World Series at rain-flooded Candlestick Park with the philosophic observation that "God put it there and we'll have to wait until he takes it away."

Five and one-half inches of rain had fallen in the San Francisco area since Thursday in an unceasing storm and, after Saturday's second straight postponement, Frick hinted broadly that the flooded-out New York Yankees and San Francisco Giants might not even be able to go to bat Sunday.

The weather forecast was scattered rain through Sunday and, with water ankle deep in an outfield which resembled a swimming pool, the commissioner explained that an adobe sub-surface made swift drainage a problem. "The outfield problem is drainage," he said, although pointing

out that he would inspect the field again Sunday before ordering a third postponement. "It has reached a saturation point and there simply is no where for the water to go. We need sun and wind to evaporate the water."

While this was the worst October rain in San Francisco since 1904, when the city was deluged by seven inches of water, Frick added that there was no thought of moving the final two games elsewhere despite the fact that a steady rain continued Saturday.

"After all, we have a precedent," he said. "The 1911 Series was rained out six straight days and took a total of 13 days to finish."

Both team managers still stuck to their original sixth game pitching choices—Yankee Whitey Ford and veteran Bill Pierce of the Giants—with the Yanks a 6½ to 5 choice.

Long Wait Hard On Series Stars

SAN FRANCISCO (UPI)—Manager Al Dark of the Giants said Saturday that his players were "intense and impatient" over the rain-caused delay in the World Series but he added "the Yankees are just the same way."

"It's really tough on the ball-players," said Dark, who emerged from privacy for the first time in three days and held a press conference at the hotel serving as series headquarters. "This kind of thing gets to wear on them."

"But they all realize they have to go through with it," Dark continued. "They're not complaining. They know the Yankees are in the same situation."

"And they all know it's worth the wait." Dark, though still troubled by a cold, appeared relaxed and in a congenial frame of mind as he discussed his plans for the resumption of the series.

"I've never been through anything like this in baseball before," he said. The handsome Giants skipper laughed when a newsman reminded him: "Remember when you sat on a table at Yankee Stadium a few days ago and told all of us, 'It never rains in California.'"

Reiterating his prediction that the series would go the full limit of seven games, Dark said he would stick with his plan of pitching lefthander Billy Pierce in the sixth game and, in view of the additional delay, he definitely would start Jack Sanford if a seventh game were played. He said he was not concerned

Buffalo Bills Win Game

BUFFALO, N.Y. (UPI)—Powered by Warren Rabb, Cookie Gilchrist and a savage defense, the long-suffering Buffalo Bills trampled the San Diego Chargers, 35-10, Saturday night for their first American Football League victory of the season.

The victory-starved crowd of 20,074 roared its approval of the smashing triumph, which ended a six-game losing streak for the Bills.

The Bills had lost five in a row this season as well as the final game of the 1961 campaign. Rabb, tossed three touchdown passes and the 243-pound Gilchrist scored twice while piling up valuable yardage.

Rabb hit speedy flanker back Elbert Dubenion for a 19-yard scoring pass in the first period, Glenn Bass for a sensational 76-yard TD in the second and found Gilchrist on a seven-yard pitch in the third quarter. Cookie flashed over from the one-yard line 33 seconds before intermission to give the Bills a 21-3 bulge.

Rookie Carl Charon of Buffalo made a leaping interception of a Dick Wood pass early in the fourth period and ran 31 yards to set up Wayne Crow's two-yard touchdown plunge.

about Pierce's mental condition during the days off.

"Billy has waited 12 days before pitching at times this season," he pointed out. "The Yankees are going to have to beat him if they're going to win this."

Dark said he particularly wanted righthanded Sanford "to throw a day or two before he pitches."

"He's a big muscular boy and he needs to do some throwing beforehand to get loosened up," Dark explained.

Florida Wrecks Texas Aggies

GAINESVILLE, Fla. (UPI)—The Florida Gators unleashed a powerful running and passing attack to bounce back after two crushing defeats and roll over an outclassed Texas A&M 42-6 here Saturday.

The Gators rode to victory on the smooth combination of south-paw quarterback Tom Shannon's aerial attack behind solid blocking by an improved line. Florida led 27-0 at half-time and held the Aggies to a single touchdown while adding two more themselves in the second half.

Sophomore Shannon, who scored one touchdown, threw for another and sparked several drives into A&M territory, shared the spotlight with Bob Hoover. Hoover broke through the Aggie defense on the Florida 25 and streaked 73 yards down field for a touchdown in the second period.

It was the longest run from a Florida scrimmage since 1954 when Bo Lane ran 84 yards to score against Auburn.

Florida led 7-0 in the first quarter when Sam Mack took a handoff from Tom Batten and ran 15 yards through a defense opened up on a fake by Larry Dupree.

In the second quarter, the Gators scored three times in less than four minutes. First Hoover took a handoff from Bobby Dodd Jr. to start on his 75-yard run. Then powerhouse Dupree ran behind strong blocking for 10 yards and the touchdown.

Florida made it 27-0 when Jerry Newcomer recovered an Aggie fumble, and Shannon sparked a four-play march to the A&M 13 and threw to Russ Brown in the end zone.

Shannon capped his best varsity performance to date when, after four minutes of the second half, he squirted through the hapless Aggie defenders for a nine-yard TD run.

Florida's final score came with one second on the clock. Bruce Starling blocked a kick by Ronnie Ledbetter in the end zone, and Tom Gregory grabbed the loose ball for a touchdown.

Jimmy Hall kicked four out of five conversions and Batten ran last score.

TCU Romps By Raiders

FORT WORTH (UPI)—Quarterback Sonny Gibbs burrowed through the Texas Tech line for two touchdowns and lobbed two scoring passes Saturday night to lead Texas Christian to a 35-13 Southwest Conference victory.

The gangling, six-foot-seven Gibbs passed 19 yards to end Tom Magoffin for a second quarter touchdown and eight yards to end Ben Nix for a fourth period score. His touchdown runs were a pair of one-yard sneaks through right guard.

Nix put TCU in front to stay in the second quarter when he stole Tech quarterback Doug Cannon's pass on the Red Raider 19 and stormed across the goal line.

Cannon scored on a one-yard sneak in the second period and fullback H. L. Daniels pushed over from the one with 2:51 left in the game.

It was Texas Tech's fourth consecutive set back and third in Southwest conference play. A crowd of 22,000 watched the Horned Frogs win their second game in four starts.

Gibbs, a prime All-American candidate, completed 10 of 19 passes for 145 yards to keep the Tech defense off balance and susceptible to a fine running game by halfback Jim Fauver and fullback Tommy Crutcher.

Texas Christian converted a bad punt, two recovered fumbles and a pair of pass interceptions into touchdowns.

The Horned Frogs marched 40 yards for their first touchdown after a poor 29-yard punt by Tech's David Parks. Gibbs' 21-yard touchdown throw to Magoffin accounted for more than half of the yardage.

Nix stole Cannon's pass for

TCU's second score, and Bernard Bartek pounced on a fumble on the Tech 31 to put the Horned Frogs in scoring position early in the third quarter. Eight plays later, Gibbs sneaked in from the one.

TCU halfback Jerry Terrell stole Johnny Lovelace's pass on the Horned Frog 34 and the winners marched 66 yards in seven plays with Gibbs keeping for the touchdown.

The Horned Frogs made it 37-7 after Jerry Don Balch intercepted a pass on the Tech 22. Gibbs threw to Nix ended the TCU scoring. Jimmy McAteer booted all five extra points.

Tech banged 65 yards for its fourth period touchdown, with Daniels breaking over from the one for the score. His attempt to kick the point went wide.

Big Break Wins Tilt For Texas

DALLAS (UPI)—It was one of those games for fans who don't leave their seats, even when the final gun goes off.

They were limp from watching a bruising defensive battle won by the No. 1 ranked Texas Longhorns over Oklahoma, 9-6. And they stayed to see if order would be preserved on the field, after benches were unloaded of players with taking part in a wild melee with four seconds to play.

Accounts varied as to who started it all, but about 20 players were involved in a wild swinging fight that projected both Coaches Darrell Royal of Texas and Bud Wilkinson of Oklahoma from the sidelines onto the field to help quell the struggle.

Royal, his face tired and sweat streaked in the dressing room, said "I don't really know how it started. . . . I look up and both sides were swinging."

"I told my boys to keep cool heads and get the game over with," Royal said. "I just talked to our squad and they're sorry about it."

Wilkinson Sorry—Wilkinson also said he was sorry tempers had to flare in the closing seconds after what he called "a cleanly played game up to that time."

The fight apparently began when an Oklahoma player piled on Texas quarterback Johnny Genung after Genung was tackled on the next-to-last play of the game.

Oklahoma was in the process of drawing a 15-yard penalty for that infraction, when the fists started swinging at two or three different spots on the field.

Royal said he was glad to "get a win. . . . I was scared at the kickoff and all through the game."

"It was a game we won on breaks," he added. "We kept giving them life."

Two Big Breaks—The two big breaks involved fumble recoveries—one by Texas center Perry McWilliams in the Oklahoma end zone for a touchdown and the other by Quarterback Duke Carlisle that set up the field goal by Tony Crosby.

Bulletin

TEMPE, Ariz. — Halfback Jerry Logan intercepted an Arizona State pass on his own one yard line last night and returned it 99 yards for a touchdown to spark West Texas State College's Buffaloes to a 15-14 upset win over the Sun Devils.

Harvesters Upended By Monterey, 35-13

Fumbles Plague Pampa's Offense

Pampa's Harvesters scored early and late but couldn't slam the opened touchdown gate in the rugged faces of the Plainsmen of Monterey as the Lubbockites posted a 35-13 victory.

The game was played Friday night in Lubbock's Lowrey Field before a Monterey Homecoming crowd of 4,500.

The Pampans, after forcing the Plainsmen to punt on the first set of downs from scrimmage, marched 54 yards in 13 plays to score first.

Quarterback Don Ayres plunged three yards for the first counter and Kenny Hebert converted the extra point making the score 7-0 midway in the first quarter.

Key Plays

The Ayres-Matson aerial gained seven yards and a first down. Glover's run two plays later moved the ball to the opponents five yard line.

Late in the first quarter both teams exchanged fumbles at mid-field.

In the opening minutes of the first quarter, the Plainsmen punctured the Harvesters aggressive game on a completed pass play moving the ball to the three yard line. The aerial, appearing out-of-bounds and incomplete, was ruled complete on a questionable decision by the officials.

The Lubbockites pushed the ball into pay dirt two plays later on a one-yarder by Mike Clubb. Quarterback Randy Jones hit

GAME STATISTICS

	Pam.	Mont.

First Downs	16	18

Ricky Bowers in the end zone with a pass for the two points.

After forcing the Harvesters to punt following the TD, the Plainsmen marched the ball across for their second TD on 10 plays. Clubb converted the extra point.

Drive Killed

Late in the first half, Coach Holladay's charges moved 45 yards in seven plays before the clock ran out. The drive ended on Monterey's 33.

A strange football disease called "fumbleitis" attacked Pampa ball carriers in the third quarter as the Harvesters lost the ball three times on fumbles.

Monterey opened up the second half scoring with a run of 14 yards by Clubb followed by Chris Galanos' break through for 45 yards and the third Monterey TD. Clubb converted the extra point.

Monterey Dribbles—Randy Matson dribbled the football on his own 27 yard line and two alert Plainsmen pounced the ball. Pampa's defense stopped the onrushing Plainsmen on a set of downs.

With 3:28 left in the third quarter, quarterback Ayres caught the fumbling disease on his own 32. The fired-up hosts sprung Chris Galanos and Clubb for scampers of 13 and 19 yards on two plays for the fourth Monterey TD. Clubb sliced the point after attempt making the score 28-7.

Pampa, backed deep into its own back yard, lost the ball to the Plainsmen at the three on the third Pampa fumble of the quarter. Charles Snuggs was the "fumbleitis" victim.

Galanos scooted off tackle for the final Monterey TD two plays later. Clubb converted the extra point making the score 35-7.

Pampa stopped Monterey's scoring barrage not allowing the hosts to score in the final period.

Second TD

Early in the fourth quarter the Harvesters pushed over their second TD on a sustained 65-yard drive in nine plays. Hebert scored from two yards out. The extra point attempt failed.

Travis Tucker supplied the longest run of the TD drive with a 32 yard run.

Scoring:
Pampa 7 0 0 6-13
Monterey 0 15 20 0-35

AROUND END AND AWAY — Pampa's Kenny Hebert skirts end against Monterey in a losing cause as the Harvesters were stopped, 35-13, by the Plainsmen in a Friday night game in Lubbock.

Ohio State Bruises Hapless Illinois, 51-15

CHAMPAIGN, Ill. (UPI)—Ohio State's bruising backs bolted through Illinois for 517 yards Saturday, a new Big Ten single game rushing record, on their way to a 51-15 victory.

The Buckeyes, a 33-point favorite for this mismatch—the largest point spread margin ever set up for a Big Ten game—made the gamblers look good with their smashing ground attack.

Though Illinois fought from behind to earn a 7-7 deadlock in the first period, Ohio State opened up and ran the gap to 51-7 before the Illini tallied again on a 90-yard pass from Mike Taliaferro to Mike Yavorski with 10 seconds left in the game.

Army Upsets Penn State

WEST POINT, N.Y. (UPI)—Fired-up Army converted a fourth period fumble into a touchdown on a 15-yard pass from Art (Cammy) Lewis to Dick Peterson Saturday and came from behind to upset Penn State, eastern football champion, 9-6, before a record crowd of 31,000.

Tempers flared with only one second left to play and players from both teams joined in a scuffle before officially finally restored order to permit the final play with Army running a smash into the line.

The actual winning margin was a 35-yard first period field goal by Dick Hevdt, but the victory belonged chiefly to the gang-tackling Cadets, who were outweighed 12 pounds per man in the line.

They fought so viciously Penn State had to resort to two field goals by quarterback Ron Coates from 32 and 24 yards out for all its points. Coates booted one in the first period for a 3-0 lead and his second in the third period for a 6-3 lead as Penn State failed to score a touchdown for the first time since the Army game of 1958.

The big rush by Army paid off in the fourth period when tackle Tom Kern recovered a fumble by Penn State's Junior Powell on the Lions' 17.

Meanwhile, the Buckeyes struck with brutal efficiency. John Mummy tallied two touchdowns on runs of 10 and 3 yards and Dave Francis smashed for a pair, covering 49 yards on the first and 23 on the second.

Single touchdowns went to Bob Butts on a 2-yard plunge, to Bob Klein on a 66-yard sprint and to Sophomore Tyrone Barnett on a 34-yard run. Dick Van Raaphorst place kicked six of seven conversions as well as a 39-yard field goal.

Illinois, suffering its 13th consecutive loss, showed strength only in the opening period. The Illini started from third 28 and managed to score on a 10-yard pass from Taliaferro to rich Callaghan on the second play of the second period.

Illinois 0 7 0 8-15
Ohio State 7 17 14 13-51

Scoring:
OSU—Butts 2 plunge (Van Raaphorst kick)

Ill—Callaghan 10 pass from Taliaferro (Plankenhorn kick)

OSU — Mummy 10 run (Van Raaphorst kick)

OSU—FG Van Raaphorst 39

OSU — Francis 49 run (Van Raaphorst kick)

OSU — Mummy 3 run (Van Raaphorst kick)

OSU — Klein 66 run (Van Raaphorst kick)

OSU — Barnett 34 run (Van Raaphorst kick)

OSU—Francis 23 run (kick failed)

Ill—Yavorski 90 pass from Taliaferro (Taliaferro run)

Roger Ward Misses Race

RIVERSIDE, Calif. (UPI)—Roger Ward, two-time Indianapolis 500 winner, pain forcing him to keep his eyes closed most of the time, expressed disappointment Saturday at missing the \$32,000 Riverside Grand Prix here Sunday.

The veteran race driver was put in the hospital after a 100-mile per hour crash in qualification runs Friday. Ward walked away from the wreckage, although it later was discovered he had suffered three broken vertebrae.

Texas Tips Sooners, 9-6

By ED FITE

DALLAS (UPI)—Shoeless Tony Crosby's 26-yard second quarter field goal provided No. 1 ranked Texas with a first-swinging 9-6 inter-sectional victory over arch-rival Oklahoma Saturday.

Crosby's three-point punch and the recovery of an Oklahoma fumble in the Sooners' end zone by center Perry McWilliams was all that kept the Southwest Conference co-champions in the ball game against an Oklahoma team that defeated itself with fumbles and penalties.

The game erupted into a free-swinging gang fight with four seconds left on the clock after an Oklahoma player piled on Texas quarterback Johnny Genung as Texas ran out the clock. The fight lasted about one minute without any apparent major casualties despite the fact players from both benches joined in the fray.

Oklahoma stayed in the temper-frayed contest with a pair of specially-designed desperation passes just as the first half ended. Both were long throws from sophomore halfback Ronnie Fletcher to sophomore halfback Lance Rentzel. The first covered 39 yards and the touchdown throw was a 34-yarder that found Rentzel alone in the end zone.

Otherwise, the two great lines fought each other to standstills

and offensive thrills were rare as Texas won its fourth game of the season without defeat and the fifth in a row against Oklahoma in the 57-game series between the two clubs.

Oklahoma's linebackers kept Texas' talented running attack sputtering much of the humid afternoon despite the fact the Longhorns gained 198 yards rushing to only 66 for Oklahoma.

Texas' longest sustained drive was a 36-yard affair at the end of the game while running out the clock.

The Texas defense also was dominant except for the 87-yard Oklahoma scoring drive. Joe Don Looney, Oklahoma's fearsome full-back, ripped out 81 yards but most of them were at ineffectual times.

Both teams lost the ball twice on fumbles, but the two the Longhorns recovered meant the ball game. McWilliams got one of them for the touchdown and reserve quarterback Duke Carlisle got the other to pave the way for Crosby's field goal.

Texas 0 9 0 0-9
Oklahoma 0 6 0 0-6

Scoring:

Tex—FG 26 Crosby

Tex — P. McWilliams recovered Oklahoma fumble in end zone (run failed)

Okl—Rentzel 34 pass from Fletcher (kick failed)

Attendance—75,504.

OU, Texas Boosters 'Whoop Up' In Dallas

DALLAS (UPI)—Texas and Oklahoma University fans whooped it up through the dawn Saturday in downtown Dallas.

There were some minor skirmishes, one bomb hoax was reported, 25 men were arrested, some crockery was smashed, but police said there was no serious trouble. The crowds downtown occasionally swelled to 10,000, and traffic jams on main streets continued far past midnight.

A policeman suffered a cut hand when struck by a piece of crockery tossed or dropped from a hotel window.

Auto horns blared, rosters belted cheers and songs. One young man wearing a red tie

for Oklahoma was seen strolling on Commerce street with a huge horseshoe-shaped floral wreath draped over his shoulder.

Shortly after 2 a.m., the police dispatcher received an anonymous telephone call and was told a bomb was planted and set to go off in 12 minutes in a locker at a bus terminal. A search disclosed no bomb.

A plate tossed from a hotel window hit a police car. Some window screens were torn out.

Forty policemen were assigned to duty in the downtown area to keep order. Their biggest job was keeping the crowds moving along the streets and preventing major traffic snarls.

Bucks Stagger Panthers, 26-6; Pirates Top Gruver

White Deer handed rival Panther Panthers their first defeat of the season 26-6, as the Bucks raced past the Panthers Friday night in White Deer.

White Deer held a slim 13-6 edge going into the final stanza. Jim Thurman passed 67 yards to Tom Buchanan in the fourth quarter to push the Bucks in front by two touchdowns. Late in the game he hit Carroll Russell with a 12-yard scoring pass for insurance.

Coach Colie Huffman's eleven had a substantial edge in the statistics in evening its season record at 3-3.

The Bucks led in first downs, 14-7. They had 234 yards rushing to 98 for Panther, and 106 yards passing to 68 for the visitors.

Greyhounds Belted

The Lefors Pirates upset Gruver's undefeated Greyhounds there Friday night, 13-6, before a Homecoming crowd of approximately 2,000.

End Phil Woodring, a former Pampa boy, half-back Tommy Smith and guard Don McCool led the Pirates to the victory. Woodring caught all three of the Pirates' completed passes with one of them setting up a Buccaneer score. He also was rugged on defense.

Smith scored the Pirate touchdowns, giving him nine tallies for the season so far. He is the leading Lefors scorer. Smith also was second high in unassisted tackles during the game with seven to his credit.

McCool, a junior linebacker and guard, led the team in unassisted tackles during the night with 14 made all by himself. He also kicked the Pirates' extra

point. The Gruver game was the second time McCool has led in unassisted tackles. His older brother Anthony, is the starting quarterback for the team.

Coach Dunny Goode also was glad to have back for the game Friday night his other starting guard, Marvin Todd, who adds mightily to the Pirate interior line.

Wesley Eddleman, Gruver half-back started the scoring off for the night with a 77 yard sprint to the middle after having intercepted a Pirate aerial on the previous play.

The Greyhounds missed their extra point try and led, 6-0, a score that stood up the rest of the first half.

The third quarter was also scoreless.

On the first play of the fourth quarter, though, Smith scored from two yards out to cap a 54 yard march with the score actually set up by a pass from quarterback Anthony McCool to Woodring. Woodring had 37 yards gained through his pass receiving for the night.

Don McCool kicked the extra point and Lefors led, 7-6, and Gruver was behind for the first time this season.

For the second Pirate score, Woodring recovered a Gruver fumble on the Gruver 30 yard line and five plays later Smith cracked over from two to put Lefors ahead, 13-6.

Gruver mounted another drive later in the fourth quarter but it fizzled on downs on the Lefors 18 yard line.

Pirate fullback Rodney Airington led the squad in yards rushing with 52 yards on 11 carries for a 4.5 average. Smith got 42 yards in 11 carries for a 3.8

Rangers Over Lynx

The Perryton Rangers rode tall in the saddle trouncing the visiting Spearman Lynx Friday night, 68-16. With size, speed and experience all in his favor, Coach Ray Hopkins cleared the bench.

The Lynx managed to hold the Rangers scoreless in the fourth quarter, but it was 68 points too late. Spearman end Leroy Calloway scored his team's first TD on a 31-yard pass from quarterback Wesley Jarvis.

Spearman scored its two touchdowns in the second quarter.

Perryton remains undefeated.

McLean Wins

McLean edged by Wheeler, 20-14, before 1200 fans in McLean Friday night.

Wheeler forged ahead in the

Groom Tips Vega

The Groom Tigers blanked the Vega Longhorns, 18-0, in a non-conference game in Vega Friday night.

Don Graig found running room for the Tigers with four minutes gone in the first quarter and raced 60 yards to put Groom ahead. Craig scored again in the third quarter from five yards out.

Final tally of the game came on a pass from Craig to end Jerry Quirk for 13 yards.

The Longhorns twice drove to within scoring distance of the Groom goal line, but the defense-minded Tigers stiffened and held.

Hornets Victors

The Hornets of Mobeetie out-classed the Lakeview Eagles, 20-8, in a District 3-B, 8-man, conference game in Mobeetie Friday night.

Scoring in the first and fourth quarters by Ray Corcoran accounted for 18 of the Hornets' total, with a pass from Corcoran to his brother Rayburn tallying the final two points.

The Eagles' lone touchdown came in the final quarter with a 13-yard scamper by Dana Gibson. Gibson also ran across the goal line for the conversion points.

Miami, Darrouzett

Miami's Jim Flowers paced the Warriors past Darrouzett, 30-0, in Miami Friday night.

Flowers ran five yards for one TD and returned a third quarter Longhorn punt 60 yards for his second TD of the night. He also ran a two point conversion.

Mickey Kivliehen scored a TD on a five-yard spurt and passed for a 45-yard marker to Mark Arrington for another.

In another Friday night game, Sunray blanked Canadian, 22-0.

average and halfback Neal Cates got 41 yards in 10 carries for a 4.1 average.

Former Harvester Makes Comeback

UNIVERSITY PARK, N.M. — A broken arm may do what a near-fatal oilfield accident a year ago didn't do — keep New Mexico State University linebacker Robert Langford out of football his senior year.

Langford sustained the arm fracture in New Mexico State's second game of the season while trying for a shoestring tackle against a University of Pacific player.

The mental hurt has been deeper than the physical over this latest setback. Langford's tremendous competitive spirit and determination had brought him back to the starting line — up this fall when only 14 months ago doctors battled for his life.

Never Play Again

Working on a summer oilfield job in the summer of 1961, Langford slipped from a heavy truck, then was crushed beneath it. Doctors worked for days before they could give assurance he would even live. There was no doubt, they said, he would never play football again.

Yet this fall his doctors have given Langford a full go-ahead to return to football. He was the same Langford as before — his key blocks sprung Aggie runners or stopped opposition threats.

Langford checks in at a mere 155 pounds and only a latern jaw keeps him from looking like a choir boy.

His coaches believe something of the great spirit and aggressiveness which have made him a top defensive player despite his size brought him through the injuries from his accident. Even so they were reluctant to consent to his playing football until they had talked at length with his physicians.

One of Langford's last big games before the near-fatal accident came toward the end of the 1960 season when NMSU's Aggies beat Arizona State 27-24. Langford played only defense but racked up 32 unassisted tackles, 18 assists, and one intercepted pass. The interception iced the game for New Mexico State by stopping an opposition drive with less than three minutes to play.

Langford is a quiet, unassuming youth from Pampa, Tex. It's "yes, sir" and "no, sir" when chatting with anyone his senior.

Likes Contact

He likes to play football for the simple reason, "I like contact." Prying brings out of him that it "feels good" when you lay a shoulder pad into someone.

Tom Moulton, Aggie line coach, recalls Langford's play at Pampa High School in 1957. At that time Moulton was coaching at Amarillo High School.

"We beat them bad," Moulton said, "but Langford was the whole show on defense. He must have made 90 per cent of the tackles."

Student Body Pres.

At Pampa High Langford was student body president, all-school favorite and a member of the honor society. In sports it was football, basketball, and baseball. He won the "Fighting Heart" award in football, which explains itself, and was all-district.

After high school Bob wanted to attend West Texas State and play football. "I guess I was too little, because they didn't want me," he said. Then it was one semester at Phillips Junior College at Borger and on to New Mexico State.

Coach Warren Woodson contacted Bob while on a speaking trip to West Texas and that was that — the Aggies had themselves a linebacker.

Bob was asked how a little guy can determine where a play is going, wade through blockers and make the tackle.

Watch Linemen

"I watch the opposing linemen. If they charge it's a run and if they don't it's usually a pass. If it's a run the center more times than not is supposed to block me. Even if I don't know where the ball is, I go the opposite direction of the way he tries to block."

"What was the story of the intercepted pass at Tempe?" Bob was asked.

"They had completed a similar pass in front of me a short time earlier, so when I saw the play developing I moved in front of the receiver and the quarterback threw it right at me."

Bob is the son of Mr. and Mrs. Minor Langford of Pampa, and is the youngest of five children. At NMSU Bob is majoring in business administration.

His hobbies fall into one category — "sports." He said he enjoys reading and watching all types of sporting events.

"What about rodeos?"

"I like to watch them, but I'd hate to be a contestant."

"Why?"

"Too tough."

FOUNDATION PICKS WILLS

LOS ANGELES (UPI) —Maurry Wills, base-stealing champion of the Los Angeles Dodgers, has been named Southern California's athlete of the month for September by the Helms Athletic Foundation. Wills stole 104 bases in 165 games for the Dodgers this season.

Johnny Austin, former Pampa golfer, is now professional at Tascosa Country Club in Amarillo.

DEFENSIVE SPECIALIST — Bob Langford, New Mexico State University, has returned to football as one of the Aggies' top defensive specialists. Although he weighs just 155 pounds, he's a consistent tackler and play analyst.

Demonstrating new '63 Chevrolet truck
features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Conventional light-duty units have coil-spring independent front suspension — easier on truck, load and driver.

New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'bah) Peninsula?

This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.

THE "NEW RELIABLES" FROM CHEVROLET
Quality trucks always cost less

See the "New Reliables" now at your Chevrolet dealer's!

Navy Trounces Cornell Eleven

ANNAPOLIS, Md. (UPI)—Navy's reorganized football team—studded with sophomores and juniors including quarterback Roger Staubach—exploded Saturday for a 41-0 rout of Cornell before a crowd of 23,358, largest in Navy-Marine Corps Memorial Stadium history.

Navy coach Wayne Hardin, disappointed in his "veteran" players, by-passed most of them in favor of soph and juniors and the strategy paid off in the midshipmen's second victory of the season in four starts. It was Cornell's second loss in three games.

Staubach, a sophomore, set up Navy's first TD, scored the second and third on "keeper" plays and added a fourth score late in the game on a 10-yard pass to end Ed Merino. His individual

brilliance in Navy's best performance of the season forced regular quarterback Ron Klemick to the bench. Klemick and alternate signal caller Bruce Abel saw only limited duty as Staubach directed practically the whole Navy offense.

Staubach moved Navy from the Cornell 39 to a score early in the first period with fullback Nick Markoff capping the drive on a one-yard plunge. A 13-yard pass from Staubach to halfback Jim Stewart was the key play in the nine-play march.

Staubach then scored twice himself, the first on a one-yard keep through center in the second period, and the other on a similar one-yard plunge in the fourth after he had put Navy on the doorstep with a 68-yard run, long-end of the game.

Georgia Tech 11 Blanks Vols, 17-0

ATLANTA (UPI)—Billy Lothridge, Georgia Tech's jack-of-all-trades, did everything but carry the water bucket here Saturday while leading the Yellow Jackets to a 17 to 0 victory over the Tennessee Vols before a record crowd of 52,223.

The junior quarterback from Gainesville, Ga., for the fourth consecutive game, had a personal hand in all Tech scoring. He tallied one touchdown, hassed for another and kicked a field goal and two extra points.

In addition, he handled all of Tech's punting and kickoff chores.

Lothridge's 17-point performance Saturday was an exact duplicate of his scoring against Florida two weeks ago when the Jackets took a 17 to 0 decision from the Gators in another Southeastern Conference game.

It was the third 1962 victory against a single loss for the 16th-ranked first time in Tennessee's history that the Vols have lost their first three games of a season.

Georgia Tech 7 7 3 0-17
Tennessee 0 0 0 0-0

Scoring:
Tech — Lothridge 3, run (Lothridge kick)
Tech — Martin 9, pass from Lothridge (Lothridge kick)
Tech — FG Lothridge 26
Attendance 52,223.

GAME CAPTAINS — These three football players, Jerry Glover, Rickey Goodwin, and Claude Middleton served as game captains for the Harvesters in last Friday night's game with the Plainsmen of Monterey. The Lubbock school won, 35-13.

Alabama Tops Houston Team

TUSCALOOSA, Ala. (UPI)—Lee Roy Jordan, who backs up the Alabama line with the abandon of a wild bull, scored the first touchdown of his career Saturday to launch the undefeated Crimson Tide to a 14-3 victory over stubborn Houston.

The 207-pound Jordan, a senior and leading candidate for All-America honors at center, recovered a loose ball in the Cougars' end zone after a bad pass from center to overcome a three-point Houston lead.

ground attack to minus 49 yards, was on the spot to turn the Tide in Alabama's favor when a poor pass from center at the Houston 36 sailed over Bobby Brenzina's head and rolled all the way to the end zone.

The Crimson Tide's lone substantial march came shortly after the second half began. With fullback Ed Versprille carrying three times for 35 yards, Alabama covered the 63 yards in 12 plays.

Alabama 0 7 7 0-14
Houston 3 0 0 -3

Arkansas Edges Revived Baylor

FAYETTEVILLE, Ark. (UPI)—Arkansas racked up four straight touchdowns with ease Saturday, but then had to scramble in the second half to beat a revived Baylor football team, 28-21.

An estimated 32,000 fans, second biggest crowd in history, watch coach Frank Broyles' team jammied Razorback Stadium to watch coach Frank Broyles' team notch its fourth straight win of the season. It was the third loss in as many starts for Baylor.

Baylor kicked off, Ken Hatfield of Arkansas fumbled the ball on the runback and Goodwin recovered.

Six plays later, Goodwin ran over the goal line from the 4.

Then came Baylor's goal line stand. But in the last quarter, neither team got within scoring distance.

Arkansas outgained Baylor, 333 yards to 270.

Arkansas 14 14 0 0-28
Baylor 0 7 14 9-21

Scoring:
Ark—Brabham 2 run (McKnelly kick)
Ark—Moore 1 run (McKnelly kick)
Ark—Gray 1 run (McKnelly kick)
Bay—Pearson 10 pass from Trull (Choate kick)
Bay—Goodwin 29 pass from Trull (Choate kick)
Bay—Goodwin 4 run (Choate kick)
Attendance 32,000.

Robert E. Lee Stops Pampa

Robert E. Lee's seventh graders proved to be too much for Pampa Jr. High as they downed the Reapers 24-8 in a Friday afternoon game.

Fullback David Schaub scored two touchdowns for the winners on scampers of 15 and 30 yards. Wendell Watson scored the other Rebel TD from three yards out. Mike Burnett and Buddy Myers gave the Lee school its extra points.

The Pampa Jr. High team scored its touchdown in the second half. Quarterback Danny Stokes raced for 60 yards for the TD and ran across the extra points.

Coach Frank Graig cited Charles Smith, Don Whitney, and Bobby Wilson as playing a good defensive game and Danny Stokes and Johnny Carlos on offense.

Coach Joe Perryman singled out Joe Fritz, Rodney Hail and Jimmy Cornutt as doing a fine job on defense and Steve Summers and Buddy Myers on offense for his Rebels.

Robert E. Lee plays Stephen F. Austin of Borger there Friday and Pampa-Jr. High plays Sam Houston of Borger in Pampa Friday.

Wisconsin Trips Notre Dame

MADISON, Wis. (UPI)—Wisconsin unveiled a bruising defensive game to go with its powerful offense Saturday to beat Notre Dame, 17-8, for its third consecutive win this year and first win over the Irish since 1928.

Quarterback Ron VanderKelen took care of the offense, scoring the clinching touchdown in the

third quarter on a one yard plunge and passing 25 yards to All-America end Pat Richter for the Badgers' other score.

Several times the Badgers gave Notre Dame scoring chances, but each time the defense proved up to the crisis. Four Wisconsin passes were intercepted, three by Tommy MacDonald, and four fumbles were lost, with two of the recoveries coming in Wisconsin territory. Once when Ed Hoerster recovered on the Wisconsin 24, the Badgers forced the Irish back one yard in four plays.

The only Notre Dame score came in the final three minutes following a 68 yard march. Don Hogan capped the drive with a three yard run and Denis Stot passed to Jack Snow for the two-point conversion.

Wisconsin 10 0 7 0-17
Notre Dame 0 0 0 8-8

New Mexico Nips Utah St.

ALBUQUERQUE, N. M. (UPI)—New Mexico staged a 96-yard drive in the closing minutes and climaxed it with a razzle-dazzle pass play to score a 14-13 inter-sectional football victory Saturday over Utah State.

Bobby Santiago, New Mexico's little halfback, and end Larry Jasper clicked for a 22-yard pass play and the deciding touchdown with 1:50 remaining in the game. Santiago passed to Jasper after taking a pihout from quarterback Jim Cromartie.

Ed Meadows kicked his second conversion of the afternoon for the one-point margin that gave New Mexico leadership among Rocky Mountain football powers.

Jasper also scored the other Lobo touchdown, catching a look-in pass from Cromartie in the third period and crashing into the end zone.

The play, coming on a fourth and ten situation, put new life into New Mexico. The Lobos fought off two Utah State threats—holding firm on the goal line on fourth down, the intercepting a pass on their own four.

Utah State scored its two touchdowns in the second period for a 13-0 halftime lead. New Mexico fumbled three times and had two passes intercepted in the first half.

Goodwin caught a Trull pass to score in the opening minutes of the second half. Then when

Michigan St. Belts Michigan

EAST LANSING, Mich. (UPI)—Michigan State, combining a bit of trickery with the hard rushing of halfbacks of Sherman Lewis and Dewey Lincoln, downed Michigan, 28-0, before a record crowd of 77,501 at Spartan Stadium Saturday.

Midway through the first period, the Spartans faked a field goal and scored when alternate quarterback Pete Smith flipped a seven-yard pass to Lewis, the first of three touchdowns for Lewis.

Michigan State, combining a bit of trickery with the hard rushing of halfbacks of Sherman Lewis and Dewey Lincoln, downed Michigan, 28-0, before a record crowd of 77,501 at Spartan Stadium Saturday.

Georgia Slams Clemson Tigers

CLEMSON, S. C. (UPI)—Georgia spotted Clemson a 98-yard touchdown on the opening kickoff Saturday, then roared back with home run passes by Larry Rakestraw to upset the Tigers 24-16 in a wild and woolly inter-conference game.

The crowd of 30,000 predominantly Clemson fans figured an easy Tiger victory was at hand when sophomore halfback Hall Davis took the opening kick at his two and raced straight up the middle untouched for the second longest touchdown in Clemson history.

The fourth time this season was held scoreless.

Hapless Kansas State never threatened.

Tobin gained 107 yards in 19 carries and Roland added 93 on 14 runs. Kansas State managed only 79 yards on the ground and 46 in the air.

Kansas State 0 0 0 0-0
Missouri 6 13 6 7-32

MANHATTAN, Kan. (UPI)—Missouri lived up to its rating as the class of the Big Eight Saturday with an easy 32-0 triumph over winless Kansas State.

Unbeaten but once tied Missouri, led by the running of Bill Tobin and sophomore Johnny Roland, racked up 292 yards on the ground. And for the first time this season, Missouri proved it could pass. Three of the five touchdowns came on aerials.

Roland scored the first two Missouri touchdowns on one-yard plunges, one in the first quarter and another in the second. He also threw a nine-yard touchdown pass to Tobin in the third quarter for the fourth Missouri score.

Tobin capped the first half scoring, grabbing an 11-yard touchdown pass from quarterback Jim Johnson and giving Missouri a 19-0 halftime lead. Johnson set-up the score with a 40-yard completion to end Jack Palmer.

Halfback Vince Tobin, Bill's baby brother, scored the other Missouri touchdown on a five-yard pass from halfback Dave Harvey in the fourth period.

Missouri succeeded on only two conversions. Bill Tobin kicked one and sophomore halfback Bill Leistritz booted the other.

Missouri, which battled Minnesota to a scoreless tie, is now 3-0-1 for the season. Kansas State has lost all four starts and for

What Makes Man Venture Into Space?

WALTER M. SCHIRRA JR.
By United Press International

CAPE CANAVERAL (UPI)—What makes a man venture into space? Many men can give you many answers, but there seems one above all for Wally Schirra—he is his father's son.

Call it destiny or fate or whatever, but this man was almost a "natural" to become what he is today — America's newest spaceman, off on the most ambitious adventure his country has ever undertaken.

Walter M. Schirra Jr. presents a striking picture, whether as a Navy commander or test pilot or astronaut — and he is all these. But there is a haunting quality about it — a faded portrait from four decades in the past, or another young flier with a fearless heart for adventure.

Flying offered this man a chance to do something new, and he fell in love with it. He became quite good at it, enough to gain the title of "Ace" during World War I for the U.S. Army

Air Corps. After the war, he stayed with it as a barnstorming pilot across the United States.

Ever Searching
Still, there was that incessant desire for something new, something daring, something to prove something else. He had one idea: How about flying an airplane through the Arch of Triumph in Paris?

"It was an interesting idea," says Walter M. Schirra Sr.—and it was part of a colorful heritage of ideas and the daring to carry them through that he passed along to his son, born March 12, 1923, in Hackensack, N.J.

The elder Schirra never carried through the Arch of Triumph stunt because that was what it was—a stunt, proving little if anything. And thus it was that Wally Schirra Jr., now grown up and looking for things to do, grappled with the prospect of becoming an astronaut.

Was this simply a space-age version of flying through the Arch of Triumph, or was there ready

something worthwhile in it? Shows No Fear
The younger Schirra was not afraid of the task. Far from it. That kind of fear cannot exist in a man who flew 90 combat missions in the Korean War and came out of it with credit for downing one Russian-built MIG jet plane and a "probable" on another.

Tight spots didn't worry him. Schirra already had been in plenty of those in his elected profession as a jet test pilot. He once had a Sidewinder missile, fired from his own jet plane, double back on him. He calmly eluded the deadly missile until it ran out of fuel.

What bothered Schirra was the criteria that his father already had made a way of life—Don't risk your neck unless there's a good and useful reason for it. Was the Mercury man-in-space program such a reason, or simply a propaganda stunt. Schirra wanted none of the latter.

He took two full weeks before he decided to accept the invita-

tion to become a member of America's first team in space, the Mercury astronauts.

Rugged And Handsome
Wally Schirra doesn't particularly look like an astronaut. He is ruggedly handsome, but his 5-foot-10-inch, 170-pound frame doesn't truly distinguish him from a salesman or lumberjack of college football player.

He is perhaps the friendliest of the Mercury astronauts. A wry smile constantly flicks from his lips. Perhaps his most remarkable physical feature is his eyes, which no artist yet has been able to capture on canvas.

What counts is that he acts brain, sharp reflexes and confident step set him off from others—and he underscores it with a rugged brand of individualism that has no tolerance for foolishness, stupidity or wasted time or energy.

Schirra is a refreshing man of candor and unminced words to a program otherwise thoroughly bogged down in tired old clichés like "A-O-K." and "Everything is 'Go'." — comments attributed in the past to other astronauts but suspiciously unlike them.

The others were Alan B. Shepard Jr., John H. Glenn Jr. and M. Scott Carpenter Jr. So far, Virgil Grissom is the only U.S. spaceman who didn't have a Junior tacked onto his name.

Worlds biggest power shovel digs coal at a strip mine near Cadiz, Ohio, and can lift 100 tons of earth at a single bite.

Cannon Boom May Soon Be Heard On The Lawn Of The White House

WASHINGTON (UPI)—The boom of cannon may soon be heard on the White House lawn.

The State Department protocol office has recommended that President Kennedy greet visiting chiefs of state at the White House and accord them the traditional 21-gun salute there.

Ambassador Angier Biddle Duke, chief of protocol, said welcoming ceremonies at the White House also would save the President time in going to and from airports to greet a head of state and would "personalize" his welcome.

Under the plan, such ceremonies would be held only when a chief of state came to Washington as a "presidential guest"—not quite a state visit—or when he visits the White House for the second time or when it is strictly a working visit.

On a full-scale state visit President Kennedy would still go out to the airport.

The White House welcoming ceremonies will get their first tryout Monday when Premier Ben Bella of Algeria comes to see

The Algerian chief of state will get the full ceremonial greetings including the 21-gun salute, ruffles and flourishes, and a military review on the south lawn of the White House at 11:45 a.m. EDT Monday. If the weather is bad, President Kennedy will greet his guest on the north portico.

Peg O' Pampa

LEAF RAKING TIME... that is, if you can win the battle with the wind... and get them in a basket before they are blown over into your neighbor's yard... leaves are beginning to turn a golden yellow... which makes it seem like a sunny day even if it's a dull, rainy gray one... we love this time of year... for autumn is like a promise kept... a promise that was made in the Spring... that's a little bit of Peg Philosophy... make of it what you can.

THE BALL IS OVER... but the memories of a very pleasant evening linger on... memories of lovely ladies in beautiful gowns and handsome gentlemen wearing black ties and tuxedos... and it all happened at the Charity Ball given by the newly-organized Junior Service League of Pampa... and what an auspicious beginning... you'll be hearing many worthwhile and interesting activities from them not since the last Beautiful Ball has the Pampa Country Club looked so festive... all gold and white... from the moment you stepped into the foyer... the decorations set the mood for a gay evening... the lovely, gold beaded chandelier in the entrance lighted the way into the ballroom where the mood was retained with huge gold and white fans and large, gold glittering masks decorating the ballroom walls... couples danced beneath a huge cartwheel-shaped chandelier which held lighted, white tapers... the chandelier, entwined with gold-sprayed English Ivy, was made no less, by Forrest Hills under Majuanta's instructions, we imagine... the golden English Ivy was repeated again down the length of the tables, where couples sat between dances... for the fashion-conscious, it was an evening to feast eyes upon... Leah and Bunny Behrman made up a foursome with Jane and Wiley Reynolds... that was a handsome white Otter jacket Jane wore with her all-white evening ensemble... Nancy Imel was stunning in a gray and black sheath with sequin trim which beautifully complimented her blonde coloring... eyes also turned to Anna Mae Triplehorn in a white sequin sheath... also, eye-catching was Ida Ruth Price's one-of-a-kind floral print in black silk satin... the floral design of each yellow rose featured one petal of velvet... making up a gay coterie were Virginia and Gene Greene... Jane and Bitz Hoover... Virginia and John Chisholm... Eleanor and Cliff Broley... Bob and Alleith Curry... Rex and Maxine Rose... some of our neighboring Canadians came up especially for the evening... the Miles O'Loughlins... the Ellis Lockes... the Bill Tolberts... the Earl Breedings... local guests having a Ball at the Ball were Floyd and Laura Imel... he's the Country Club president, you know... the Malcolm Hinkles... the Paul Carmichaels... Mark and Floy Heath... Tom and Harlean Rose... the number of guests, all of whom had made generous contributions to the Junior Service League's fund for Exceptional Children was endless... a capsule description would be, it was a gay and glittering crowd... we tip our tiara to the Service Leaguers for a wonderfully, glamorous evening... it may be years before we can get those men-of-the-house into a tax again.

POETRY AND OIL... if you think the two don't mix... you should have seen the entranced audience of Petroleum Engineers and their wives at a dinner in the Coronado Inn on Tuesday evening... Dr. James P. Cornette, president of West Texas State College in Canyon, as guest speaker, discussed poetry as it is related to life, liberty and the pursuit of happiness... he illustrated his all-to-brief talk with readings of his favorite poems from Robert Frost's book of poetry... Dr. Cornette was accompanied by his wife Mary Elizabeth, who is an attractive red head... among guests from Amarillo were Guy and Frances Tomlinson... Jan and Paul Fitzgerald... Madeline and Bill Hamilton droye over from Borger on the moonlight highway... you've heard of husband and wife radio programs... the SPE and the PEWS have a similar arrangement... Note and Barbara Turbno serve as presidents of the respective societies... Barbara of the Petroleum Engineers Wives Society and Nate of the Society of Petroleum Engineers... Jim O'Conner, the genial Inn Keeper, as we like to call Inn Keepers who really are genial, provided true Pampa-Coronado hospitality with a beautiful and bountiful Buffet... and during the evening, it seemed that the ultimate goal of the Wives' Clubs' had been reached... the goal to acquaint wives of fellas who work together or compete in the oil trade... had a moment to chat with the Dick Zimmermans... John and Wanda Gill... Ray and Ruth Jordan... Al and Alice Ann Knox... Charlie and Pat Norton... Gene and Betty Boyette... Curtis and Susie O'Rear of Amarillo... Bill and Nina Thienes... the Billy Gillmans of Borger... missed seeing Paul and Sally Davis who were off vacationing in California... speaking of Barbara Turbno as we did a couple of sentences back... there's a busy gal... not only is she PEWS prexy... but she is also a Den Mother for her son's Cub Scout Pack... she's organizing a Brownie Troop where her daughter will be a member... she's legislative chairman for Sam Houston PTA... and a poet, too!!!

Arranging Plants Is Garden Club Topic
Mrs. W. A. Spoonmore, president of the meeting of the Mr. and Mrs. Garden Club, Tuesday, Oct. 2 at 7 p.m. in the home of Mr. and Mrs. B. B. Higginbotham, 512 Powell.
Plans were made to begin some work on Highland General Hospital grounds. A meeting of the project committee will be held next week.
Mr. and Mrs. Ira Carlton were welcomed as new members. Mr. Carlton was named Soil Conservation Chairman.
Mrs. Hubert Hanks, president of Pampa Garden Club, presented the program, "Potting House Plants" and "Arranging Growing Plants With Artificial Plants."
Members present were Messrs. and Meses. Ira Carlton, Robert Caby, Aubrey Ruff, John Kelly, A. J. Mitchell and W. A. Spoonmore.

Miss Taylor Is Shower Honoree
Miss Lou Ann Taylor, daughter of Mr. and Mrs. H. B. Taylor Jr., was honored with a bridal shower Oct. 9 in the home of Mrs. T. J. Worrell, 1707 Christine.
The serving table was laid with a white linen cloth and orchid and white mums, arranged in a crystal bowl served as the centerpiece. Orchid candles were placed in crystal holders.
Lynn Taylor, cousin of the bride-elect, provided background music and Becky Walsh, cousin of the bride-elect, presided at the guest register.
A listing at the punch bowl was Mrs. Jarvis Johnson and Mrs. Bennie Stout served cake.
Miss Taylor was presented an orchid mum corsage.
Mrs. Taylor, mother of the bride-elect, Mrs. Guy Blakemore, groom-elect's mother and Mrs. Homer Taylor, grandmother of the bride-elect were presented split orchid and white mum corsages.
Refreshments of punch, sheet cake with orchid frosting, nuts and mints were served to approximately 150 who attended or sent gifts.
Hostesses for the event were Meses. T. J. Worrell, E. V. Ward, W. H. Jackson, Glenn Nichols, Charlie Miller, A. B. Sumner, Milo Carlson and Park Brown.

SECOND MEMO TO FBH: Your Pampa Community Concert tickets should have arrived via the postman this week... if they didn't, Mrs. Curt (Will) Beck would like to know don't forget to circle Oct. 22 on your calander for that's the premier of the Concert Season... swing it off will be Carlos Montoya, a flamenco guitarist, who will have as an accompanist, his wife, Sally.

WE HEAR THERE were a group of high school co-eds, who are also enthusiastic football fans, happily planning to attend the Harvester-Monterey Plainsmen football game in Lubbock last Friday night... by chartered bus... among them Molly Gunter, Janie Leverich, Kim Wilson, LuRae Nation, Pat Masterson, Denise Terrell, Patsy Vaughn, Linda Ryan, Judy Stephens, Betty Enright, Ann Evans, Tammy Babcock, Terry and Jerry Edmondson and Linda Brown... imagine they had fun... but the bus driver???

Love Peg

MISS MILDRED LOUISE JOHNSON

Mr. and Mrs. Linzie L. Johnson, 1233 Dorby, announce the engagement and approaching marriage of their daughter, Mildred Louise to Albert Norman Houghmaster, son of Mr. and Mrs. Court Houghmaster, Millersburg, Mich. The wedding is planned for Nov. 10 in Central Baptist Church.

(Photo, Call's Studio)

African Violet Society Gets Slate Of Officers From Nomination Committee

The African Violet Society met in the home of Mrs. W. E. Hinton, 1123 S. Hobart, Tuesday at 7:30 p.m.
During the business meeting conducted by Mrs. Holly Gray, president, reports were given by Mrs. R. F. Kirksen, secretary.
Mrs. W. E. Hinton, chairman of the nominating committee, presented a slate of officers to be voted on for the new club year. The slate of suggested officers included Mrs. Norman Walberg, president; Mrs. Cecil Holmes, vice president; Mrs. Dan Glaxner, secretary; Mrs. Lee Moore, historian; Mrs. C. A. Jones, parliamentarian; and Mrs. C. C. Matheny, reporter.
"New Horizons in African Violets" was discussed by Mrs. Norman Walberg and Mrs. Holly Grays topic was "New Varieties To Come." Mrs. J. E. Carlson showed films of the 1961 and 1962 African Violet Show.
Secret pal gifts were exchanged during the social hour, followed by a refreshment period.
The next meeting will be held in the home of Mrs. Willie Rhendahl, 1120 S. Hobart, at 7:30 p.m., Nov. 13th.
Members present not previously mentioned included Mesdames V. N. Osborn, Joe Shelton, Bob Montgomery, Marion Roberts, Wheeler and Miss Mary McKamy.

Registered Nurses Have Dinner Meeting

Miss Katherine Greenough, R.N. and State executive of A.N.A. of registered Nurses of Texas, spoke to the Pampa Registered Nurses recently, following a dinner at Pool's Dining Room.
Miss Greenough's topic was based on the proposed legislation for the professional nurses new laws that will be in the legislature this coming year. She also pointed out the number of nursing homes for the aged, being run without a professional personal in attendance.
Miss Greenough also stated that the concern felt in Texas by the professional nurses hospitals and doctors about the number of unlicensed persons that are practicing as professional nurses.

Spaghetti Supper Planned By Group

Women of the Moose, Lodge 1163, met at the Moose Lodge, 401 E. Brown, at 8 p.m. Oct. 9th.
Mrs. Ralph West, Senior Regent, presided over the meeting.
The annual "Christmas in October" party was held with members bringing gifts to be sent to Mooseheart and Moosehaven. The Christmas motif was carried out with the table covered with red-decorated cloth and a miniature Christmas tree for the centerpiece.
Refreshments were served after the party. All members who

The Lamar Elementary School Parent Teacher Association held its first meeting of the year in the school gym Thursday at 2:15 p.m.
Cub Scout Pack III presented the flag and led the Pledge of Allegiance.
Mrs. Alvin Ferguson led the assembly in prayer. The budget for the 1962-63 school year was presented by Joe Page, principal, and approved. Acquiring black-out shades for the cafeteria, so films may be shown to the children during PTA meetings, was adopted as the project for the year.
Delegates to the state convention will be Joe Page and Mrs. Floyd Scott with Mrs. N. L. Nichols and Mrs. John Dawes as alternates.
It was announced that total enrollment in Lamar PTA is 212.
Mrs. E. C. Pulse, president, presented Miss Joan Graft, music director, with the original copy of "Texas, Our Texas."
Mrs. Frances Wall's second grade room won the room count

and will be served ice cream. Mrs. Ella Nation was winner of the door prize.
Mrs. Roy Franke introduced the panel speakers, who talked on the subject, "Good Citizenship." Calvin Whately, moderator, from the personnel office of Cabot, spoke on, "Responsibility Through Civic Participation." Mrs. John McCausland, studying for her American citizenship, talked of "Knowledge Through Education." Mrs. James McMurtry, school nurse, discussed, "Strength Through Physical Fitness." Jay Leath, Boy Scout director, spoke on, "Devotion Through Appreciation of Our American Heritage."

Winners Announced For Duplicate Bridge

The Pampa Duplicate Bridge Club met Saturday night, Oct. 6, in the Coronado Inn with six tables playing the Howell Movement.
Winners were: first place, Mrs. Frank Roach and Mrs. Carol Klar; second place, Fred Richmond and P. V. Rowe; and third place, Mrs. Don Forsha and Mrs. Don Dorsett.
On Monday night, there were seven tables playing the Mitchell Movement.
Winners Monday night were: North-South, first place, Mr. and Mrs. Paul Brown; second place, Mrs. Ivan Noblitt and Mrs. Greeley Warner; third place, Mrs. Jess Clay and Mrs. Velma Grantham. East-West winners were: first place, Mrs. W. L. Hill and Mrs. Lois Stephens; second place, Mr. and Mrs. Don Forsha; and third place, Mrs. Fred Richmond and P. V. Rowe.

El Progreso Club With Mrs. Perkins

El Progreso Study Club met Tuesday afternoon at 2:30 p.m. in the home of Mrs. Tom Perkins, 1801 Fir.
Mrs. Charles Lanehart, Vice President, presided over the business session.
Mrs. Jess Clay, a member of the Board of Directors of the Top of Texas District of Federated Clubs, gave a report on the workshop she and Mrs. Kermit Lawson, also a board member, attended in Canadian recently.
Don Lane, local attorney, gave a very informative talk, explaining briefly the amendments to the Constitution to be voted on in the November election.
Mrs. Carlton Nance gave an interesting talk on the Peace Corps. She opened with a quote from the "Sermon on the Mount." "Blessed are the peacemakers for they shall be called the children of God."
She stated that women were just as much needed in the organization as men and that the people in the Peace Corps were from all professions, going only to the countries inviting them to come.
She said Sargent Shriver, Director of the Peace Corps, readily admits there are weak spots in the Corps but he is very optimistic about the "War for Peace."

'Know Your Schools' Study Course Subject

The first of the 1962 Study Course Programs, sponsored by the City Council of P-T-A, was held Thursday, Oct. 4 from 9 to 11 a.m. in Woodrow Wilson School Auditorium. Mrs. Brantly Hudson Jr., President of the Pampa City Council P-T-A, announced the theme of this year's study course "Know Your Schools" and introduced Mrs. Bill Harris, Study Course Chairman for Woodrow Wilson P-T-A. Mrs. Harris welcomed the audience, announced the topic for Thursday's discussion, "The Third Parent."
Miss Oleta Martin, who is a first grade teacher at Wilson remarked that at times she did feel like a parent because she was in close contact with the child more than any other person during the school day. She emphasized that her basic philosophy in child education is to find "what is best for the individual child, not only mentally, but for his total educational development." She stated that while

'Milestones To American Liberty', 20th Century Culture Club Theme

The Twentieth Century Culture Club met in the home of Mrs. Ross Buzzard Tuesday with Mrs. Doyle Osborne as co-hostess. Light refreshments were served preceding the business meeting, presided over by President, Mrs. R. E. Dobbin. Plans were announced by Mrs. E. E. Shelhamer for a "Husbands' Night," to be held on Oct. 23 at 7 p.m.
Mrs. Ross Buzzard, yearbook and program chairman, introduced Mrs. Michael Wilson, who gave the afternoon's program, "Myriad Memories of a Marvellous Land." "Milestones to American Liberty" is the theme for our study this year, and what could be more appropriate to begin our programs than to reacquaint ourselves with America through its people or "folk." The essence of folklore is something that cannot be contained in a definition, but that grows upon one with experience. Old songs, old sayings, old stories, beliefs, customs and practices that have been handed down so long that they seem to have a life of their own, which cannot be destroyed by print, but has to be returned to the spoken word to be renewed is folklore," she began.
From a book of Burl Ives, a foremost collector and editor of American folklore, Mrs. Wilson read the humorous story of Texas' own character, Big Foot Wallace. She touched on American folklore revealed in animal tales, which are best known through Uncle Remus tar-baby tales.
Turning from hill-billy folklore, the speaker told of legends, yarns, blues and ballads of that perpetual state of excitement called the city. Using the lyrics from the "Sidewalks of New York" and the story of Mr. Fort Worth (Amon Carter) and the Trinity Canal Project she illustrated folklore that is found in city life.
She concluded with an invitation to her listeners to read our American folklore for amusement, enlightenment, and above all "to catch that fever which has infested Americans - that is, the high-rising temperature of a people madly in love with their own country."
Members of the club in attendance besides those already mentioned were Meses. Jeff Bearden, J. L. Chase, G. L. Craddock, J. R. Donaldson, J. W. Edminster, Philip Gates, L. H. Hart, W. L. Hasse, E. L. Henderson, V. L. Hobbs, Ruie Jordan, Ronald Merrill, D. N. Steele and L. J. Zachry.

MISS VERNA MAE BRIDWELL

Mr. and Mrs. Pete Bridwell of Lefors, announce the engagement and approaching marriage of their daughter, Verna Mae, to David Smith, son of Mr. and Mrs. Frank Smith, 1808 Grape. The wedding will be solemnized at 7 p.m., Saturday evening, Oct. 27, in the First Christian Church in Miami. Immediately following the ceremony, a reception will be held in the basement of the church. All relatives and close friends are invited.

BRIDE-ELECT FETED WITH SHOWER - A bridal shower honoring Miss Lou Ann Taylor, daughter of Mr. and Mrs. H. B. Taylor Jr., was held Oct. 9 in the home of Mrs. T. J. Worrell, 1707 Christine. Pictured around the serving table are left to right, Mrs. T. J. Worrell, hostess, Mrs. Homer Taylor, grandmother of the bride-elect; Mrs. L. A. Borrow, grandmother of the bride-elect of Post, Texas; Mrs. H. B. Taylor Jr., mother of the bride-elect; Miss Taylor, the honoree; and Mrs. Guy Blakemore, mother of the groom-elect.

Dr. R. M. Hampton, School Board President, explained that the School Board elected by local citizens, is the policy making body of the local school system. He enumerated the duties of the School Board as prescribed by law. This included such items as the selection of school personnel, the adoption of a school budget, establishing boundaries of attendance areas and the adoption of a policy for school-operation.
Mrs. James R. McMurtry, School Nurse stated that "Good Health and good learning go hand in hand." She explained that while she did spend some time "patching skinned knees," her two major projects were screening or testing children for health defects and to educate the children in matters of proper diet, cleanliness, proper rest and disease prevention.
Jack Edmondson, School Superintendent explained some of his duties as the Chief Executive of the local school board. It is his responsibility to put into effect the policies as adopted by the board and to report to them on the progress and condition of all the schools. Mr. Edmondson said "Foremost in our minds is the idea that the school exists for the child and we will continue to try to do what is best for the student."
At the close of the meeting, Mrs. Hudson announced that the next study course would be in the Robert E. Lee auditorium, October 11, 7:30 to 9:30 p.m. and the subject will be "Physical Fitness Program for American Youth."

Diocesan Council To Celebrate 26th Annual Convention Meet

Mrs. Fred Neslage, 2005 Charles St., and the DCCW Convention Committee, of which she is General Chairman, will see the results of their efforts over the past several months, when the 26th Annual Convention of the Amarillo Diocesan Council of Catholic Women meets this coming Wednesday and Thursday at St. Vincent dePaul School. One of the highlights of the Convention will be the banquet in the Starlite Room of the Coronado Inn, which will have as guest speaker the Rev. George Sallaway, pastor of St. Ann's Church in Canyon. Father Sallaway will speak on the Ecumenical Council, now in session in Rome.

Wife of Fred J. Neslage, Manager of West Pampa Repressing Association, and mother of eleven living children, Mrs. Neslage has directed the convention-planning with the same delicate proficiency for which she has been known in her combined roles of devoted wife, mother, and leader in her Church and Community since she and Mr. Neslage came to Pampa seventeen years ago. Born Dorothy Bush, in St. Louis, Mo., she attended St. Teresa's Grade School in St. Louis and was graduated from St. Teresa's Academy in Kansas City. She also attended Fontbonne Academy in St. Louis and trained as a medical technician in Kansas City General Hospital before her marriage to Frederick J. Neslage, twenty-five years ago.

In 1960 the Neslage family was nominee from St. Vincent's Parish for the Catholic Family of the Year. In 1961, Mr. Neslage was named by the Pampa Chamber of Commerce as "Pampa's Man of the Year."

Always active in church work, Mrs. Neslage is currently Vice-President of St. Vincent dePaul Parish Council. She has held the office of Vice-President in past years, and served as Chairman of the Spiritual Development Committee. She is a past President of the Altar Society, and has been Vice-President of the Home and School Association.

She is also a past President of the Twentieth Century Club; has served on its various committees, and headed the Committees on Education and Home Life, and International Relations.

One of Dorothy's most cherished interests is Scouting; and she proudly boasts four sons, Fred Jr., Bob, Bill, and John, who are Eagle Scouts; and two daughters, Judy and Marian, who have earned their Curved Bar. The present Den Mother for Den 2, Pack 14, her service in scouting, as a member of the Girl Scout Council; Committee Mother in the Girl Scouts; and Den Mother for the Cub Scouts, goes back some fifteen years. Dorothy Jean, and Patsy, both students at St. Vincent's School, are girl Scouts. Tommy, a student at St. Vincent's, is a Cub Scout in Den 2. That leaves only First Grader,

Terry, and 4-year old Tim - who just aren't old enough yet!

Swimming is perhaps her favorite sport, and in spite of her busy schedule, she finds time to keep abreast of current topics through her love for reading, "after the little ones are asleep."

It is a rare morning that does not find Dorothy Neslage in St. Vincent's Church at Mass and Holy Communion.

Serving with Mrs. Fred Neslage on the Amarillo DCCW Convention Committee, are Mrs. R. E. McKernan, 1305 Charles St., Vice-Chairman; and Mrs. Tom Wade, 421 N. Gray, Program Chairman. Both are veterans of DCCW Conventions and Council Work.

Mrs. McKernan is in charge of all ticket sales. She is a past-President of the Parish Council, the Pampa Deacony Council, and the Altar Society. She has served as Secretary and Treasurer of the Altar Society; has been Diocesan Chairman of Youth and Libraries and Literature, and is a member of the Order of Martha. She is well known for her Annual Bake Sale, one of the Altar Society's most successful events.

Named by Beta Sigma Phi Sorority as "Woman of the Year" in 1959, Mrs. McKernan's Civic activities include: a charter membership in the Gray Ladies of the American Red Cross, and general chairmanship of that organization for 2 years; former Crusade Chairman and Treasurer of the Cancer Society in which she is still an active member; former Gray County Polio Chairman; membership on the Gray County Library Board; past - President and Vice - President of the Community Concert Ass'n, and membership in the Twentieth Century Club.

She has also been active in Scouting. She organized Girl Scout Troop No. 3, and served for several years as its leader.

As Program Chairman, Mrs. Tom Wade has been responsible for compiling the Convention Program, arranging for guest speakers, having programs printed, and handling the numerous details and inquiries.

A graduate of Stephens College in Columbia, Mo., Melba Graham Wade is married to Thomas L. Wade, an attorney with the law firm of Smith, Teed, Wade and Waters. She has held an office or chairmanship in the Pampa Parish Council since 1950, is a past-President, as well as former Secretary and Treasurer of the Altar Society. She is at present Parish and Deacony Chairman of the Household of Martha.

She takes an active part in such civic programs as Heart Fund, Cancer Society and United Fund. The Wades have two daughters, Mrs. George T. Moore of Anchorage, Alaska, and Mrs. Mike Kakukia, of Pewaukee, Wis.

Don't Misinterpret

Stop, Look, Listen Again

Are you sure? That the friend who hurt your feelings really meant to be unkind and there's no chance at all that you misinterpreted the words spoken?

That the person you are sure lied to you didn't make an honest error?

That the person you have marked down as high-hat isn't actually shy?

That the advice you have received as coming from a busy-body wasn't a well-meaning person's effort to save you from making a mistake?

That the person you think is trying to snub you because he can't remember your name isn't just unfortunate enough to have a poor memory for names and faces?

That the friend who neglects you is indifferent and not just temporarily snowed under by work and responsibilities?

That the person who is short with you is rude and is not just tired or worried or ill?

That the slight you felt was deliberate wasn't just an oversight?

That the person who disagrees

with you is bound to be wrong? That the person you look down on because he is different from most of the people you know shouldn't be looked up to for daring to be himself?

In matters like these it is so easy to be wrong and think you're right.

Something for him to read in that easy chair: "Happier Wives (hint for husbands)." Just send 25-cents to Ruth Millett-Reader Service, in care of The Pampa Daily News, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

Mrs. Treadaway Is In Borger Contest

The Kappa Alpha Chapter of Epsilon Sigma Alpha held its regular meeting Thursday, Oct. 4 in the City Club Room.

A business meeting was conducted by the president, Mrs. Jimmy Frazier. Final plans were made for the costume party to be held in the "Little Red School House" north of Pampa.

Mrs. Roland Treadaway is to represent the chapter in the District Beauty Contest to be held in Borger, Oct. 21.

"Self Expression in the Home," was the topic for the program, and was presented by Mrs. Omer Bybee and Mrs. T. B. Rogers Jr.

A discussion period and exchange of recipes followed the program.

Attending, other than those mentioned previously, were Mrs. Forrest Radar, Ray Shelton, Faye Coleman, Charlie Beard, Ira Bewley, Bob Miller and Wayne Rogers.

Commissioner Simpson Speaks At ABWA Meeting In Pampa Hotel

The Pampa Charter Chapter of the "American Business Women's Association" met in the Pampa Hotel Dining Room last Tuesday at 7 p.m. for their regular monthly dinner meeting. Following the dinner the group heard a very informative speech concerning the Bond Election which is coming Oct. 30th. Commissioner Lloyd Simpson made the introductory remarks in behalf of the City Council and Mayland Merriman with Merriman & Barber Consulting Engineers displayed a map of the City with all the proposed improvements along the highways leading into Pampa clearly set out in red. Mr. Merriman gave a very clear and concise discussion of the Bond Issue after which he had a question and answer session.

The group was feasted to a special musical treat as Mrs. Bobbie Davis sang, "Down From His Glory" accompanied on the piano by Miss Elaine Thornburg, then Elaine gave a piano solo, "Ole Piano Roll Blues."

A short business session was held after which a very impressive installation service was performed. New members installed were: Mmes. R. D. Wilson, Lloyd Laramore, Anita Griggs, C. L. Thompson, C. J. Bryan, and Ruby Mae Thompson.

Members in attendance were: Mmes. Glen Ritter, President, Ed Wylie, Wayne Neff, Kenneth Butler, James Quay, Roy Lewter,

Ted Mastin, Clemmon Herd, Bobbie Davis, Neal Brineel, Rex Barton, Billy Wright, Charles Holloway, Lloyd Summers, H. F. Trimble, A. L. Hill and Myrtle Atkinson, and Miss Maxine Nabors and Novis Parker.

L&L Riding Club To Sponsor Dance

The Leather and Lace Riding Club held its regular monthly meeting last Monday night at the Recreation Park.

Officers were elected for the year of 1963. Newly installed officers were: Emma Wheelless, president; Ruby Foote, vice-president; Sue Lewis, secretary treasurer; Zip Caswell, reporter; Nell Henry, parade marshal and Donna Whately, parliamentarian. The Board of Directors will be appointed by the President at the next meeting.

The club welcomed Mrs. D. W. Swain and her daughter, Jeletta and Miss Punkin Kelley as new members.

Meeting nights were changed from the first Wednesday night of each month to the first Tuesday night of each month.

The club will sponsor a western dance, Saturday night Oct. 13 in the National Guard Armory. The dance will be from 9 p.m. until 1 a.m. Admission is \$1.25 per person and the music will be furnished by Bill Ridgway's Band.

B&PW Entertained By Style Show

Ruth Hutchens presented the breakfast style show for the Pampa Business and Professional Women's Club, Sunday morning, Oct. 7 in the Coronado Inn. "Six O'clock in the Morning - Over National Broadcasting Station BBRH," was the theme of the program.

Modeling business suits from Italy, ten o'clock wool sheaths, luncheon dresses, suits, by Lilly Anne, tennis or bowling suits (all wool), coats with fur collars, dinner dresses, pajamas and robes were models, Helen Lamberson, Jimmie Jordan, Betty Garrett, Irene Mitchell and Ruby Crocker. Bentley's Dress Shoppe and Smith's Shoe Store provided clothing and shoes for the style show.

Maxine Ethredge, chairman of the week, introduced the "Woman of the Week," Mrs. Faye Eaton and the clubs mother, Mrs. Lola McCausland.

Fifty-six members and guests registered.

The Honorable Walter Rogers presented a speech to the club in the City Club Room Tuesday, Oct. 9 at 7:30 p.m. Merlie Kennermer served as program chairman for the evening.

When you ask a friend to fill in for a guest who can't attend a bridge party be frank about the situation.

For After Dark: These Feathered Charmers

These soft and elegant plumed hats for after-dark provide infinite flattery. Emme to create (center) this white pillbox. Emerald green Scottish cap by Toque of dark brown chiffon (left) is encircled by wispy black egret feathers. Lilly Dache (lower center) is trimmed with swirl of green feathers. Completely covered-up look is provided by Sally Victor in (right) this black ostrich feather wig with jewel of amber and rhinestones. Wig of beige ostrich feathers (upper center) has a lovely, floaty look. It's by Gladys and Belle. Maribou feathers and delicate feather daisies are used by

By GAIL DUGAS
Women's Editor

Newspaper Enterprise Assn.
NEW YORK (NEA) — Once again, this country was ahead of Paris in the matter of fashion. For the pretty plumed hat spread from New York to Paris this fall and now is back in this country as a top evening favorite.

Wispy, floaty and airy, these after-dark charmers are romantic and infinitely flattering. Egre feathers or ostrich plumes sometimes form the whole hat or again, provide delicate trim for satin or velvet.

Soft maribou is used for wig hats that cover the hair entirely. (The perfect solution when rain or fog flattens out a hairdo and there's no time for a set.)

These hats are meant for cocktails, dining, dancing parties, banquets and art exhibits. But remember, for the theater, choose a small size out of consideration for those seated near you.

Provide a background for the hat by choosing a dress with spare, clean lines. Leave the clutter in the way of much jewelry at home. The drama lies in the hats themselves and you want to make the most of this.

These very special hats are not

Wives' Society Has Pre-Dinner Meeting

The Petroleum Engineers Wives Society held a brief business meeting in the Terrace Room of the Coronado Inn on Tuesday evening preceding the dinner meeting with the Society of Petroleum Engineers in the Starlight Room.

During the meeting, conducted by Mrs. Nate Turnbo, President, Mrs. John Gill, nominating committee chairman, announced that Mrs. Ray E. Wilson had been appointed Program Vice-President to fill the vacancy in the office created by Mrs. Don Hestor, who has moved to Dallas. Mrs. Wilson will also serve as year book chairman.

Following a report by Mrs. L. K. Roberts, chairman, by-laws were approved by members present.

It was announced that the November meeting will be a brunch and style show in the Borger Hotel on November 13 at 10:30 a.m. The style show will be presented

meant for daytime wear. Pick any of autumn's dashing hat styles for daytime but reserve these feathered beauties for the time when the sky deepens to a dark blue and the lights wink on.

by Borger High School students under the direction of a PEWS member, Mrs. Cal Shaw of Borger, High School Home Economics Instructor.

After adjournment, wives joined their husbands in the Starlight Room for a buffet and after dinner talk given by Dr. James Cornette, President of West Texas State College at Canyon.

Dear Abby... Nudist Colony, Alright, But, Not On Streets

By ABIGAIL VAN BUREN

DEAR ABBY: The lady who lets her children run around naked is doing them and her community a favor. Nudist children are never juvenile delinquents. No, the world isn't going crazy. It is slowly awakening to the fact that morality does not come from the clothing store.

A NUDIST FAMILY IN NASHUA, IOWA

DEAR FAMILY: Aren't there laws? And those who break them might risk having the book thrown at them. Including the Good Book: "When thou seest the naked cover him." Isaiah, LVIII, 7.

DEAR ABBY: I am very puzzled over your attitude towards people who let their small children run naked in their yards. You are fair in most respects but so unfair in this one. A naked child is a beautiful thing. Your thinking reveals either a sick or nasty mind.

DISAPPOINTED

DEAR DISAPPOINTED: My reason for objecting to small children playing naked in their yards is that child molesters and sex maniacs always seem to turn up where they are least expected. Parents who allow their children to romp unclothed should build high fences.

DEAR ABBY: I met an artist about six months ago and fell for him brush, palette and easel. I started taking painting lessons from him but he told me to save my money because I had no imagination and was wasting my time and his. (I knew this, but took the lessons to get to know him better.) He is not married and doesn't appear to have any inclinations in that direction. I have bought more of his paintings than I have room for, but I can't seem to get anywhere with him. I can't sleep nights for thinking about him. Tell me how to get this man to realize how I feel about him.

NO ARTIST

DEAR NO: You don't have to be an artist to draw conclusions. This man is in love with his art. All you will ever get from him is the brush.

DEAR ABBY: Regarding OLD-FASHIONED MOTHER who reported the children's misbehavior to Father at the end of the day so that he could do the punishing: My mother did that, and half the time we didn't know what we were being punished for. We grew to fear our father, and instead of running to greet him, we'd hide. Then Father passed away when we were in our teens. Our mother had no control over us be-

cause she had no one to do the disciplining for her. All she could say was, "If your father were only alive!" She was fortunate because we never got into any real trouble. So, I want to agree with you, Abby. Tell parents again that disciplining children is a joint effort, and should take place the moment a child needs it and not "when Daddy comes home."

WITH ABBY ALL THE WAY

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3333 Beverly Hills, Calif.

Luncheon Honors Jean Cleveland

CANADIAN (Spl) — A pre-nuptial luncheon honoring Miss Jean Cleveland was held Tuesday noon at EJ's Cafe. Hostesses for the affair were Mmes. L. P. Ward, Johnnie Young, Ben Parnell, and John McMordie. Another hostess, Mrs. Ed Meek, was unable to be present.

The buffet luncheon was served from a table centered with an arrangement of white spider mums and white and orange pom mums in a silver bowl. Orange tapers in silver candle holders flanked the floral arrangement.

The luncheon menu included fried chicken, mashed potatoes and gravy, asparagus, combination salad, stuffed celery, hot rolls, ice cream sundaes and iced tea and coffee.

Guests ate at quartette tables centered with white carnations. The honoree was presented with a gift from the hostesses.

Those present in addition to the honoree and her mother, Mrs. Wayne Cleveland, were Mmes. Tom Abraham, Malouf Abraham,

Mrs. Pennington Presents Program To Opti-Mrs. Club

LEFORS (Spl) — The Opti-Mrs. Club meeting for September was held recently in the home of Mrs. Jimmy Pennington.

Mrs. F. M. Cox, president pre-

sided. Mrs. Chestine Dunn led the club creed. Roll call and minutes were given by Mrs. Cedar Torres. It was reported that the snow cone machine is paid for. The club changed its meeting night from Monday night to the first Tuesday night of every month. Plans were made for a Halloween party the 16th of Oct. The club plans to sell candy and fruit cake this year to raise money. Anyone desiring to place an order can do so by contacting any member of Opti-Mrs. Mrs. Pennington gave the program on making a bird cage from clothes hangers. Refreshments were served to the following: Mmes. A. W. Chisum, F. M. Cox, Earl Lane, James Gatlin, Chestine Dunn, Ben White, Gene Robbins, Cedar Torres.

Freeland-Cone Complete Wedding Plans, Ceremony To Be Oct. 20

The completion of plans for the wedding (October 20) of Miss Faon Freeland and Mr. Roy T. Cone has been finalized. The wedding will be in the chapel of the First Baptist Church of Bartlesville, Okla. with Rev. James M. Baldwin officiating. Music for the occasion will be provided by Mrs. Jack P. McCord, soloist, and Mrs. Harold Malone, organist.

Attending the bride as matron of honor will be the brides sister from St. Louis, Mrs. C. E. A. Holt; Miss Carolyn Ward will be bridesmaid. As junior bridesmaid will be Miss Louis Warren, daughter of Mr. and Mrs. R. G. Warren, and as flower girl will be Miss Cherie Monahan, daughter of Mr. and Mrs. W. F. Hanagan. Royce M. Freeland of Oklahoma City will give the bride away.

Assisting the groom as best man will be R. H. Pilkington. Head usher and attendant to the bridesmaid is E. W. Pitzer. In keeping with the couples work with young people at the church, candle lighters and ushers will be Craig Martindale, son of Mr. and Mrs. P. R. Martindale, and Paul Warren, son of Mr. and Mrs. R. G. Warren. Ring bearer will be Joe Clark, son of Mr. and Mrs. D. R. Clark. Ushers assisting the guests will be George Minter, son of Mr. and Mrs. L. G. Minter, and Elton Rush, son of Mr. and Mrs. E. E. Rush.

The reception following the ceremony will be directed by Mrs. J. D. Langwill with the assistance of Meses. W. C. Hahn, E. C. Turner, M. P. Ball, A. R. Schleicher, F. B. Warren, W. V. Montgomery, F. F. Brown, F. E. Morrison, and Miss Juanita Bennett. Out of town guests assisting in the reception are Mrs. Robert Breshear of Midwest City and Miss Ruth Freeland of St. Louis. Registering the guests will be Mrs. J. D. Barnhart.

Offer the drop-in guest some kind of refreshment — coffee, at least.

MRS. ERWIN C. OCHNER To Be Guest Speaker

AAUW SPEAKER — Mrs. Erwin C. Ochner of Amarillo, is to be the guest speaker for the program honoring new and prospective members at Lovett Memorial Library, Tuesday, Oct. 16, at 8 p.m. The subject of her talk will be, "From Grass Roots to National Board". Mrs. Ochner, a member of a pioneer family, received her B.A. degree from Randolph-Macon Women's College and was teacher of Latin in Greenville and Amarillo, Texas High Schools. She is past president of the Texas Division of the American Association of University Women and past Regional Vice-president of Southwest Central Region of AAUW. She attended the International Federation of AAUW in Paris, France, and was alternate delegate to the conference in Helsinki, Finland. She is very active in AAUW and other club work in Amarillo. Hostesses for the occasion are: Miss Yvonne Goss, Mrs. James Jackson, Miss Nova Mayo, Miss Ruby Trusty, Mrs. F. W. Brooks and Mrs. Lois Morrison.

RENEW ART

A tray which is beginning to lose its painted design may be made attractive again by covering with a piece of wallpaper cut to fit. When the wallpaper dries, coat it with shellac to make it waterproof.

WEAR A SMILE

Don't purse or twist your lips. Try to keep the corners of your mouth slightly upturned. Mouth expressions are important to your beauty and can make a lot of difference in the impression you give people you meet.

Curb Girl Talk When Out On Double Date

By ALICIA HART
Newspaper Enterprise Ass.

The other evening I was dining out with friends and noticed four attractive teen-agers at a nearby table. As the evening passed, I felt a strong tug of sympathy for the two boys. For the girls chattered merrily with each other about clothes and mutual friends, and the poor fellows just sat there, looking mighty uncomfortable. I'm certain the girls didn't mean to be rude. Their bad manners may have stemmed from self-consciousness. Still, you can't learn too soon that poise and charm are as essential as beauty to the girl who wants to be popular. When you go out with another couple, there are rules of behavior that can insure the success of the evening. Should your friend's escort be better looking than your own date, don't make a bid for his attention. If he's a better dancer, don't say so. And, above all, save the "girltalk" for the next day over a soda. When a boy is subjected to topics that are

out of his element, he feels you have no interest in him. And unless he's a glutton for punishment, he won't ask you out again.

At one time or another, we've all had to do a quick retouch job on chipped nail polish. And the unsightly chips always show up when we're late for work, or rushing to keep an evening engagement. A quick re-application of nail enamel takes no time, but waiting for it to dry is something else. Move a minute too soon, and a new aerosol spray will banish that problem, and give your nails a beauty lift as well. After you've applied your polish, hold the spray about four inches from your nails to spray them. The enamel will dry to a hard finish in seconds. The spray contains lanolin, and the makers claim it will strengthen the nails and condition the cuticle, too. This beauty tool should be a boon to any busy woman.

Mrs. Robberson Will Be Speaker For Garden Tea

Pampa Garden Club will have a Guest Tea, Oct. 15 at 2:30 p.m. in the First Baptist Church Annex. Mrs. Jason Robberson of Amarillo will be the guest speaker. Her lecture - demonstration will be on "Depth in Flower Arrangements." Mrs. Robberson is a nationally accredited flower show judge and instructor. She has taught in flower schools in Texas, New Mexico, Oklahoma and Wyoming. Mrs. Robberson has studied under Gregory Conway, author and lecturer, and has studied abroad. She is a life member and sponsor of the Garden group of the Junior League of America and is a member of the Amarillo Garden Club where she has served in many executive capacities in that organization. She has served as librarian for two years for the Amarillo Garden Center. Practical experience with flower shows has been gained by Mrs. Robberson through serving on many committees in her clubs and in the Council of Garden Clubs.

"Prayer" Is Topic For Guild Program

The Wesleyan Service Guild met on Oct. 1, in the church parlor with Mrs. Aubrey Jones as hostess.

The meeting was called to order by Mrs. Laura Penick, president. She introduced the study for the first part of the year, "Prayer." The group joined together in singing "Sweet Hour of Prayer." The responsive reading from the Methodist Hymnal of Prayer, was the devotional.

Ila Pool, study leader, led the study. For the first part of the discussion, Miss Pool listed the time and circumstances that Jesus prayed. She also led the group in listing some of the things that "Prayer Is Not", with a brief discussion on each one named. A like list was made on "What Prayer Is". These were summed up with the essentials of prayer and the results of prayer. Summarizing the discussion, Miss Pool listed the three degrees of prayer, namely: spoken by lips, fixed thought on the divine thing, and when the soul finds it hard to turn away from God.

The group was inspired by the discussion and is looking forward to a deeper search in the study.

There were 15 members present.

Miss Kay Vise Is Shower Honoree

CANADIAN (Sp) — A bridal shower honoring Kay Vise, bride-elect of Dan Gatlin was held recently at the Briscoe cafeteria.

The serving table was laid with a hand crocheted white cloth centered with a miniature bride and groom beneath an arch. Red dahlias accented the centerpiece. White cake decorated in red and red sherbet punch were served.

Laurel Singleton registered the guests. Cheryl Wheeler presided at the punch bowl and Beth Hefley served the cake.

The high school girls sang "My Happiness" and "Always" and Mrs. Brown gave the "Psalms for Marriage."

Forty-two guests were present and a number of gifts were received from those unable to attend.

On a receiving line, give your name to the person at the head of the line without any prompting.

MR. AND MRS. JOHN L. JONES

Miss Louther Becomes Bride Of John Jones

CANADIAN (Spl) — A ceremony blessing the wedding vows of the former Janet Annabele Louther and John L. Jones was held Saturday Oct. 6 p.m. at 7:30 in the sanctuary of the First Presbyterian Church. The Rev. James Mahon of the Westminster Presbyterian Church of Amarillo officiated.

The bride is the daughter of Mrs. Mary Louther. Mr. Jones is the son of Mr. and Mrs. Lemuel Jones of Junction.

Wedding vows were repeated by the young couple at a private ceremony in the A. V. McQuiddy home preceding the church ceremony.

Organ selections, including "Dialogue of the Trumpet" by Clerambault, "Adagio" by Muffat and "Good News from Heaven the Angels Bring" by Pachelbel, were played by Mrs. David Mc-

Phail.

During the ceremony the congregation sang "Immortal, Invisible, God-Only Wise" and "Take Thou Our Minds, Dear Lord."

The bride was attired in a gold and white brocade sheath dress with jacket and wore a shoulder length ecrú veil on a small headpiece. Her corsage was of white glamelias.

Following the ceremony the bride's mother was hostess at a reception in the Fellowship Hall.

Miss Judy Louther, sister of the bride, registered the guests.

The bride's table was laid with a sheer cloth edged in satin. An arrangement of yellow and white mums and spider mums in a silver epergne centered the table.

The double ring wedding cake joined by yellow flowers was served by Mrs. Rush Snyder. Crushed banana punch was pur-

ed by Mrs. Raymond Newell.

Also assisting the hostess were Mmes. William Jackson, Walter Killebrew and John Isaacs.

Out-of-town guests present for the wedding and reception were Mr. and Mrs. Lemuel Jones and Jill of Junction, Rev. and Mrs. Burr Morris, Cindy and Arthur of Dimmitt, Mrs. James Mahon and Jimmy and Julie of Amarillo, and Mr. and Mrs. Johnny Gantt of Plainview.

Mrs. Jones is a graduate of Canadian High School and has attended Texas Lutheran College at Seguin. She is presently in her senior year at Southwestern State College at San Marcos. Mr. Jones attended Texas Lutheran College. He is employed at the Aquarena at San Marcos.

The couple are making their home at 218 Concho in San Marcos.

Worthwhile HD Club With Mrs. Kinzer

Fall arrangements were the decorations for the Worthwhile HD Club when it met with Mrs. W. G. Kinzer, 503 N. Russell, Oct. 5, at 2:30 p.m.

Mrs. Roy Tinsely presided over the meeting and Mmes. Lester Reynolds, Boyd Brown and W. G. Kinzer were appointed as the nominating committee for the election of new officers for the year.

The club voted to use a program on "The Six Flags of Texas" this year.

It was announced that the Achievement Day, which was scheduled in the church annex for Oct. 18, was postponed until after the Council meeting in October. There will be a luncheon at the annex on Oct. 23. Suggestions for Christmas ideas are to be brought that day.

Nov. 13, at 11 a.m. will be the date for the Thanksgiving dinner. Each member will bring a salad, but it has been requested that those planning to attend, let the council know ahead of time.

On Dec. 11, at 2:30 p.m. is the

date for the Christmas Council party, with all club members and guests attending and bringing a gift to exchange.

Refreshments of apricot bread and coffee were served to Mmes. Boyd Brown, Lester Reynolds, N. L. Welton, Pearl Ferguson, O. G. Smith, L. M. Bryant and Shelby Hood, a guest and former member.

SHOP-SEW-SAVE AT SANDS FINE FABRICS

216 N. Cuyler MO 4-7909
Hutterick, McCall, Vogue and Modes Royale Patterns

ASK THE DESIGNER by gail dugas

Dear Gail: Thank you for answering my letter a few months ago. Now, I would like your advice about fall and winter clothing. My coat is black and will go with most anything. I am considering two dresses with jackets. I'm not sure of what style, however. One dress has jewel neckline, short sleeves and flared skirt. The jacket for this has wide collar and long sleeves. The other is a red dress with black and white tweed jacket. I also have a pink and blue-checked gabardine suit. Can this fabric be dyed? I have had this suit for several years but it is still very good and I would like to get more wear from it.—Mrs. S. H.

be more versatile. Save the bone shades for spring and summer and settle for black instead.

Dear Gail: I have recently purchased a mink stole. Do I understand correctly that the stole is going out of style? What is the preferred mink at this time? I would also like your suggestions as to what would be appropriate to wear with my stole this fall.

I am 51, 5 feet 5, have dark brown hair which is graying and brown eyes. I plan to purchase several outfits this fall and would greatly appreciate your advice.—Mrs. P. H.

DEAR POLLY — Here is an easy way to mend a hole burned in a dress or pair of slacks. Cut a small piece of material, just a bit larger than the hole, from a seam or under the cuff. Put the material in the center of a piece of iron-on tape. Press garment fabric to the center of the piece of tape and then place under the hole with the fabric showing through the hole. Iron again to secure wrong side of garment to the tape and have a slick mending job that is almost invisible.

Dear Mrs. P. H.: Leo Ritter has some wise words for you on the matter of the stole: "The newest shape in mink stoles is triangular, whether shallow or deep. These new stoles are often made with closings which eliminate slipping, sliding and consequent clutching. They're easy to wear because they leave your hands free. The right mink for you is the one which best suits your own individual coloring."

"As for what to wear with your stole: black, preferably, and as simple as possible."

"Things to avoid: prints, fussy dresses, the long suit jacket under the stole, too much jewelry, fussy shoes. Clothes for your stole should be simple, elegant, devoid of trimming."

DEAR POLLY — A sink plunger serves nicely for a guide when putting hems in dresses. It will stand alone and leaves hands free for work. Mark the length of skirt on the plunger handle, with chalk, and then move the plunger as you pin up the skirt.

DEAR POLLY — Before too long, we're going to have the problem of mud and snow being tracked into the house. To combat this, take a 1-inch-thick board about 1 foot square and nail pop bottle caps upside down on the board, as close together as possible. Shoes are easily cleaned by scraping the soles lightly over the caps.

DEAR POLLY — I have twin boys, and when it comes time to wash their plastic bottles, I would be in for a job until I hit on the idea of putting all the plastic bot-

tle in my automatic washer. It really does a good job—and so easy.

MRS. R. N. Wish I had known this when my twin boys were babies. However, twins aren't required for this timesaver. One baby will do!

POLLY DEAR POLLY — Share your favorite homemaking ideas. Send them to Polly in care of The Pampa Daily News. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

GRACEFUL OR...? If people can recognize you by your walk a block or so away, there's something exaggerated about your gait. Ask your friends what it is that they recognize and set about correcting the fault—if it is a fault.

A teen-ager should not hog the family telephone.

DOROTHY GRAY

111 N. Cuyler MO 5-5747

No teen-ager will achieve her dream of a clear, healthy complexion just by wishing. This girl keeps her face, neck and hands scrupulously clean (left), combining frequent washing with use of an antiseptic skin cleanser. She realizes

that sitting won't stimulate circulation. She gets fresh air and exercise by bicycle riding each day (center). She likes sweets as much as her friends do but is careful to satisfy her between-meal hunger (right) with milk and fruits.

For Teen-Agers: A Beauty Plan

By ALICIA HART
Newspaper Enterprise Assn.
Some teen-agers daydream about wishing away their complexion problems, when taking just a few steps in the right direction would be concrete help for even some of the most troublesome.

Here is a program for clearer skin recommended by dermatologists from a well-known beauty research center.

Keep your face, neck and hands scrupulously clean. One of the causes of acne is the plugging of pores by secretions of the oil glands in the skin.

Frequent washing keeps the skin dry. In addition, special skin

cleansers which help reduce the sebaceous gland activity are also recommended.

Keep your hands off your face. Constant touching of affected areas will increase the possibility of infection.

WMS Of Baptist Church Meets For Mission Study

The Paula Wright Circle of Hobart St. Baptist W. M. S. met Oct. 9 in the home of Mrs. I. H. Woodward for Mission Study. The first chapter of the book entitled, "New Frontiers In An Old World," was presented by Mrs. Carl Barnes. Mrs. A. B. Clark read the prayer calendar and led the opening prayer. Mrs. Woodward presided over a short business meeting.

Refreshments were served to Mrs. J. J. Alexander, Charles Glasscock, Delmar Barefoot, Warren Thomas, A. B. Clark, Carl Barnes and I. H. Woodward.

The Ruby Miller Circle of the church met Oct. 9 in the home of Mrs. Arnold Hale for mission study with Mrs. Rogers Hendrick presiding. Mrs. Glen Watson read the prayer calendar and the opening prayer was given by Mrs. Ed Foran, W.M.S. president, who was a guest of the Circle.

Mrs. Hale presented the mission study, "New Frontiers In An Old World."

Refreshments were served during the social hour to 8 members and one visitor.

Freeze Leftover Coffee

Leftover coffee can be used for coffee ice cubes. The ice cubes will strengthen iced coffee drinks, and flavor other iced drinks with mocha.

Wash your hair at least once a week, and more often if it is oily. Acne is aggravated by dandruff, and if you have dandruff use a shampoo designed to control it.

Don't fret or bury your "bad spots" in heavy makeup. Follow a sensible plan of care and you are bound to see an improvement. Today you can do something about poor skin, with the medicated aids available and by your own complexion training program.

Get plenty of fresh air and exercise. Spectator sports are fun, but they don't do half as much for your skin as getting in and playing the game.

Put aside all heavy powder and paint. It won't make you look any better, and it will multiply

your problems. Investigate the medicated makeup sticks that do cover and help heal your "secrets."

Get at least eight hours sleep each night. Don't be lured into late hours by the night owl in the crowd. Why ruin your complexion to prove a dubious point?

Be sensible about eating a balanced diet. Choose high protein foods that help maintain your health and energy.

Be well groomed. Maybe some girls think they can win the game by looking "beat," but the formula isn't recommended to anyone who cannot boast a flawless skin and figure. In fact even beautiful teen-agers soon realize it's a childish approach to feminine beauty and grow out of it quickly.

This little girl learns the art of grooming and beauty with make-believe cosmetics that are especially compounded for care of gentle young skins.

Mad Hatter Party Enjoyed By Group

Guests and Members of Alpha Omicron Chapter of E.S.A. modeled the latest in original hat styles at a Mad Hatter Salad Supper at Lovett Memorial Library, recently.

Winners of the style show were, Mrs. Jake Webb and Mrs. J. M. Messenger.

Guests were served from an attractive table of salads centered around a large paper doll, wearing a hat of fruit and vegetables by the hostesses, Mmes. Eugene Bentley, Bill Spidell and Don Graff. Crazy bridge was played with Mrs. James Lewis and Mrs. Kenneth Royse winning prizes.

Those in attendance were Mmes. Carl Caldwell, Jake Webb, J. M. Messenger, Buster Hidgon, Lynn Bybee, Ted Everhart, Bill Brady, John Bird, Ralph Ludwig and Charles Reeves as guests and members present were, Mmes. E. W. Hogan, James Lewis, R. S. Marlar Jr., Boyd Maule, W. R. Parrish, Bruce Parker, Kenneth Royse, Bob Windle, Jerry Boston, Buck Worley, Charles Rosenthal and Jack Hunter.

Stop Grease Splatter

Prevent grease from splattering out of the frying pan by using a ventilated cover. Punch holes in an aluminum-foil pie plate for the cover. It will let the steam out, and the grease won't spatter.

Hi-Land Christian's Women's Council Has Oct. 5 Meeting

The Women's Council of the Hi-Land Christian Church met in the home of Mrs. Carl E. Summers.

Kappa Kappa Iota Entertains Rushees

Members of Kappa Kappa Iota (Alpha Iota Conclave) entertained rushees with a dinner at Poole's Steak House Monday, Oct. 8th.

Following the invocation, led by Miss Judy Neslage, Mrs. Benny Shackelford, president, welcomed the rushees who were introduced by Mrs. Don Hickman.

Entertainment included a program of humorous poems by Ogden Nash, presented by Miss Sue Price, and Judy Neslage's piano and vocal presentation of "Won't You Come Home Bill Bailey?" Mrs. Wynn Veale gave a brief history of Kappa Kappa Iota.

Initiation ceremonies will be held Nov. 17th in the City Club Room.

Rushees attending were Mmes. Jack Parker, Paul Keim, A. D. Pritchard, John L. Best, Don Meyers; and Misses Myrna Montgomery and Ann Collard. Thirteen members were present.

533 Lowry, Oct. 5 at 7:30 p.m.

Mrs. Ray Mason opened the meeting with Mrs. Sam Stone giving the opening prayer. Mrs. Carl Summers read the minutes of the last meeting and Mrs. Harold Starbuck gave the devotional.

Plans were made for the Lady's Secret Sister Christmas Party to be held Dec. 14th. Gifts will be exchanged at that time.

Mrs. Sam Stone and Mrs. Summers told of the African Christian Mission and South African Church

of Christ mission. Films were shown of the missions by Mrs. Eddie East and Mrs. Starbuck. Those attending in addition to those already mentioned included Mrs. Leo Wheeler, Mrs. W. R. Whitsell, Mrs. George Thompson, Mrs. Lula Darnell, Mrs. Margie Donnell and Mrs. Bill O'Dell.

Refreshments were served during the social hour.

A woman's handbag shouldn't look as jumbled and untidy as a wastebasket when she opens it.

'World Trade' Is Topic For Civic Culture Club Program

"World Trade" was the topic presented by Mrs. K. A. Sorenson and Mrs. A. D. Hills to the Civic Culture Club which met recently with Mrs. Irvin-Cole serving as hostess for the evening.

The program, which was presented in two parts, stated that everyone knows there are a lot of Big Issues and Big Problems today that are keeping many people awake at night.

These problems have increased ever since we have become civilized. If we could stay at the barter level, life might be simpler

and trade would be easier within our own country. But we just cannot live unto ourselves in this complex world. So it is with Trade.

We remember the Depression and "The Trade Agreements Act" so that America could sell more goods to other countries. This was a way of fighting the Depression at home and abroad.

Thus, under this Act, America lowered her tariffs through reciprocal trade agreements with other countries, which in turn, lowered their tariffs — all in the

interest of bringing about freer and brisker and more competitive trade.

Then there was World War II. While America's huge economy came out of the war in pretty good shape, and she was looked to as the economic center of the world, Europe and other nations had many of their businesses and factories destroyed.

The Cinderella story of the Common Market, or to give it its proper name, The European Economic Community and its rise

from rags to riches in five short years needs no retelling.

It is a unique and noble attempt by dedicated men to build a new Europe, by elimination of customs duties, duty free imports and exports between the six nations which now belong, Belgium, West Germany, France, Italy, Luxembourg and the Netherlands. These nations resolved to strengthen the safeguards of peace and liberty by establishing this combination of resources and calling upon the other people of Europe who share their ideal to join in their efforts.

It is essentially the brain child of that brilliant French economist, M. Jean Monnet, but would not have been born without the skill in politics of Dr. Adenauer of Germany, Robert Schuman of France and Paul Spaak of Belgium.

Not only is foreign trade vital to the health of our own economy, it is vital to the whole free world. In fact, the United States is the World's greatest trading Nation, accounting for a fifth of the world's trades. The United States is the largest seller of merchandise on the world's market and it is also the largest buyer. Thus the economic welfare of many countries is affected by the United States and its volume of buying and selling.

The United States strongly supports the European Common market, because it means unity and strength in Western Europe. It also puts an end to former ri-

vairies inside Europe, which have led to two world wars.

Members attending were: Mmes. Carl Axelson, Irvin-Cole, R. E. Dauer, A. D. Hills, A. C. Houchin, W. J. Morris, George Noel, Emmett Osborne, C. F. Pennington, W. C. Scott, K. A. Sorenson, J. B. Townsend, Katie Vincent and Chester Williams.

Grants Project Is Topic For Altrusa Program

A program on grants-in-aid, one of Altrusa International Inc. projects, was presented at the Altrusa Club of Pampa's noon luncheon meeting on Monday in the Starlight Room of the Coronado Inn.

Mrs. Clyde Vanderberg, member of the International Relations Committee, presented an informative program outlining the scope of the GIA Project, which enables women of the Latin American, Asian and Mid-Eastern Countries to continue with their education in American colleges and universities through grants from Altrusa International which range from \$250 to \$750.

Mrs. Vanderberg told the group, "During 1961-62, Altrusa International assisted 87 grantees from

Latin American, Asian and Middle Eastern Countries. Our local club contributes \$100 annually to grants-in-aid, which averages out \$2 per local member."

"These grantees, ranging in age from 22 to 45 years of age, always return to their own countries to utilize the knowledge needed to raise the living standards of their fellow countrymen."

To personalize the program, simulated telegrams were delivered and read, which contained messages from grantees who are attending universities and colleges in the United States. The "Personal" messages contained expressions of appreciation for financial assistance given them by the club in order they

might further their education.

The Starlight room was decorated with colorful posters depicting scenes from foreign countries, which had been sent by Congressman Walter Rogers especially for the program.

Mrs. H. L. Gasaway, 1333 E. Kingsmill, was named Most Courteous Driver of the month by Patrolman C. L. Wallace following his observance of her driving on Pampa streets. Mrs. Gasaway, who is the second in a series of eight drivers to be so honored during the year, was presented with a sterling silver key chain inscribed with "Most Courteous Driver."

During the business meeting conducted by Mrs. Lorene Locke, President, plans were outlined for the Oct. 29 meeting, which will mark the 10 anniversary of the organization of the Pampa Club.

Mrs. Locke announced that special guests for the birthday dinner meeting will be district officers Mrs. Joella Terrill Butler of Wichita Falls; Mrs. Etta Jane Butler of Houston; and Mrs. Helen Hooker of Abilene.

Plans were also announced for inviting City Officials, Presidents of local service clubs and Presidents of the Borger and Amarillo Altrusa Clubs as guests.

Miss Gail Cole, Altrusa Girl of the Month for September, introduced Miss Johnlynn Mitchell as the Altrusa Girl of the Month for October. Miss Mitchell, chosen by the high school student council, is a member of the student council; a Thespian; appeared in the junior and senior class plays, serves as District Vice President of Future Teachers' Association and was girls state representative in Austin this summer.

Mrs. Hobbs was awarded the door prize.

Miss Monica Marak was introduced as a special guest of Mrs. Dona Cornutt.

The remaining portion of the program, W. A. and Merriman, City Engineer and Lloyd Simson, City Commissioner, discussed facets of the approaching City Bond Election.

The Mature Parent

Ring In The Nose:
Parents Can't Say 'No'
By MRS. MURIEL LAWRENCE

"The kids have their mothers by a ring through the nose." "Parents can't say 'No' anymore because they've identified themselves with the kids." "They won't let the kids take their own knocks."

These are a teacher, a psychiatrist and a policeman talking in a new book called "Suburbia's Coddled Kids" by Peter Wyden, a father and writer who is fed up with what he calls the "sheltering process" by which the parents of our expensively barbered suburbs are weakening their children's moral and physical strengths.

Your pardon, Mr. Wyden. A kid doesn't have to be driven to school to put a ring through Mummy's nose. Slum kids are awfully good at parental nose-ringing too. If a kid from my city's East Side slums plays hookey from school, his Ma will condone his behavior to the truant officer just as defensively as your cashmere-sweatered Mummy falsifies Larry's absence note to teacher. In my big town's children's court, overprotective mothers glare just as balefully at the judge who tries to interpret reality to their coddled kids as suburbia's Mummy glares at the principal who suggests that Larry can attend school with a sprained thumb.

Let's not get social and economic status mixed up in this universal problem of parental over-indulgence — or we'll befo the fact that we're all in the same leaky boat.

And all in it for the same reason: We don't know what we want

for kids anymore.

In suburbia we don't know whether we want Lois to wear a strapless gown to junior high graduation — or whether we think it's crazy. We don't know whether we want Phillip to "progress at his own pace" — or push him so hard that Harvard will have to take him.

In the slums, it's the same. Do we want Joe to grow up honest — or become a big shot like the bookie down the block? Do we want Conchita to get home from the movie at 11:30 — or get herself "Americanized" like the social worker says she should? Whether we live in a tenement or a charming ranch house, we don't know what we want for the kids any more. They're aware of it — and make our decisions for us.

In this new world of terrifying possibilities and intolerable pressures, indecision has become our most popular response to it. And it is no respecter of annual income.

Mrs. Mitchell Is Study Club Hostess
WHEELER (Sp) — The '54 Study Club met recently in the home of Mrs. W. D. Mitchell. Mrs. Fred Wood, president, conducted the business meeting.

The program theme, "Brazil, Their Federation and Ours," was presented in a most interesting manner by Mmes. Fred Wood, George Weems and Joe Rogers.

After repeating the Club Collect refreshments were served during the social hour.

Members present for the meeting were Mmes. Jud Johnson, Harvey Davis, Pete Burton, Isaac Carter, Fred Wood, Ola Underwood, Jim Montgomery, Ams May, C. C. Crowder, George Weems, Cecil Denson, Joe Rogers, Loyd Davidson and the hostess, W. D. Mitchell. One guest, Mrs. H. J. McCormick was present.

KNITS

Jernat Of Italy

- Beautiful Fall Colors
- Capri Green
 - Flame Red
 - Midnight Black
 - Paris Blue
 - Royal Blue

Coat	79.95 and 89.95
One Piece Dress	39.95 and 49.95
Two Piece Dress	49.95 and 59.95
Three Piece Dress	69.95 and 89.95

From Italy... **Jernat Knits**

Those wonderfully fitting, eye-catching, flat knits that are this season's number one costume! A new shipment just received in luscious colors including capri green, flame red, Paris blue, royal blue and midnight black. Your choice of many exciting combinations:

- Coats
- Dresses
- Two Piece Dresses
- Three Piece Dresses

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the right of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

SUBSCRIPTION RATES

By carrier in Pampa, 25¢ per week, \$4.50 per 3 months, \$15.00 per 6 months, \$28.00 per year. By mail paid in advance at office, \$18.00 per year in retail trading zone, \$15.00 per year outside retail trading zone. \$1.25 per month. Price per single copy 5¢ daily, 15¢ Sunday. No mail orders accepted in households served by carrier. Published daily except Saturdays by the Pampa Daily News, Atchison at Somerville, Pampa, Texas. Phone MO 4-2225 all departments. Entered as second class matter under the act of March 3, 1879.

The Price Of Food

Just about all of us complain about food prices, as we do about other prices. This, in the postwar inflationary era, has become almost an automatic, matter-of-course attitude.

But, in the case of food at least, we're off on the wrong foot when we do that. For, in the United States, food is a bargain — we get more food and better food for a smaller percentage of our incomes than any other people on earth.

That's the story that John Strohm, one of the nation's foremost agricultural writers and a world traveler who has visited 70 countries, tells in the September issue of Reader's Digest. He sets his stage in his opening paragraph: "If I could show any visitor from abroad just one thing in the United States, I would turn him loose in a small-town supermarket with \$25 — the average amount the American housewife spends weekly to feed her family. For food is our No. 1 success story, a far bigger bargain here than in any other nation."

That's a strong and unqualified statement, but Mr. Strohm has the facts and figures he needs to back it up. We — the typical American family — pay 20 per cent of our after-tax income for food. The Russians, on the other hand, pay 56 per cent, the Swedes 27 per cent, the Italians 38 per cent and so on, with Nigeria chalking up a massive 70 per cent. Mr. Strohm also nails the common fiction concerning those "good old days" when prime beef was 15 cents a pound and bread two loaves for a nickel. For, he tells us, those prices had to be paid out of an \$11 a week family income, and food took 49 per cent of the whole. That isn't all, either — for today's food is higher in quality, and comes in infinitely greater variety.

The fact that we spend so small

a part of our incomes for food means higher living standards in every way — more of the luxuries, better housing, improved education for our children. And better diets have been a significant factor in producing a sharp drop in infant mortality and in extending the life span by nine years in a mere two generations.

What are the reasons for our abundance of food, and its relative cheapness? Mr. Strohm goes into detail here. All manner of forces play their parts. New seeds, new and better fertilizers and insecticides, marvelously efficient farm machinery, bug-resistant crops, are among them. The substance of it is that one U.S. farmer can feed himself and 26 others, where, by way of comparison, a Russian collective — farm worker can only feed himself and three or four more people. As Mr. Strohm puts it, "If our farms were no more efficient than the Soviet collectives I've visited, 20 to 25 million U.S. industrial workers would have to quit their jobs for the farm. Think what that would do to our standard of living and to our ability to shoot for the moon!"

And the food story doesn't end on the farm — not by any means. Mr. Strohm speaks again: "Some eight million processors, package manufacturers, transporters, wholesalers, retailers take our raw farm produce and place 50 billion dollars' worth of food on store shelves. Packing plants utilize all of the hog except the squeal, conserving once wasted by-products for medicines and other valuable items. 'Jets' carry lobsters from Maine to Iowa, fresh vegetables from California fields to Boston tables in 24 hours at a price the housewife is glad to pay."

Mr. Strohm makes what seems to be an unassailable case. Yes — food is a bargain in this country.

The West Weakness

Both trade unions and employers have become technically irresponsible. Wage demands are continually made and continually met with little regard to the interests of the people as a whole or the well-being of the economy. Prices rise steadily.

That observation could have appeared in any one of thousands of newspapers in this country. But it didn't. It comes from far away from a lead editorial in the London Times. And it serves to illustrate a problem which is common to almost the entire West, and which weakens its position in a divided and chaotic world.

In our own country, prices and

costs continue to inch up. The increases in a brief given period are small — a fraction of one per cent. But over months and years they further erode the worth of the dollar — and, most important in the long view, weaken the dollar's standing in bitterly competitive world markets.

When labor demands wage increases greater than gains in productivity justify, it is, in effect, demanding more inflation. When employers are forced to agree to such increases, they are doing precisely the same thing. And the worst offenders of all are spendthrift politicians who take a drunk sailor's view of deficits.

Pull Up A Chair

By Neal O'Hara

Credit card insurance is now available, protecting you against unauthorized use of your air or rail travel cards. The cost is about \$5 a year. The palms of your hand and particularly the fingertips are endowed with special sensory apparatus. A piece of finger skin smaller than a postage stamp contains several million nerve cells. Ridges on the skin's surface dot with myriads of gland openings, pores and nerve endings, and detect the temperature and texture of anything we touch.

Headline in the Boston Traveller: "Turkey Is Shaven By Mild Tremor." (And that's undoubtedly what's really known as a close shave.) The happy American taxpayer will be further entranced to know that Uncle Sam is presently paying about \$3.5 billion annual interest, on all the money that the U.S. has borrowed to give away. That's on the say-so of the Agency for International Development.

Today's favorite gag: HUSBAND — "By the way, dear, did you put my cooking outfit in the bag? I'll want to fry some of the fish we catch." WIFE — "Yes, dear; and you will also find a can of sardines there, too, and some crackers and cheese." Embarrassing moment. Well, the editor and publisher of a Dixie daily squawked mightily that our modern youngsters don't even know how to spell. So up rose an executive of the high school system, challenging the editor to a spelling bee of the city's leading citizens with the teenagers. Mr. Editor's first word was "prosaic." He spelled it with a "z" instead of an "s."

A factor in leasing a retail store is whether it's on the sunny side of the street. After all, a store has to do business during hot summer months, and feminine shoppers must be considered. Not only must beer be cool, but the system in the U.S. was installed in first commercial air-conditioning system in the U.S. was installed in a brewery at Alexandria, Va.

Thoughts while shaving: 1. A colleague who served as a life guard during the past summer confides that women swimming in the water are much more sensible than men. They are minus the vanity which causes cocky males to swim farther from the shore than they're physically able, and they (the women) refuse to show off by going into deep water and ducking. 2. In none of his autobiographical sketches in "Who's Who in America" does Harry S. Truman mention the Kansas City haberdashery he once owned and operated with his friend, Eddie Jacobs. Mr. Truman in one sketch noted that he served as timekeeper for a railroad contractor, and operated the family farm from 1906 to 1917. But no mention of haberdasheries. 3. While that experiment in retailing was not important compared with the many other phases of Mr. Truman's career, it must have been a disheartening one to him and his family. Many a veteran of either World War I or II can tell of the heartaches of trying to make a post-war living by opening a store. 4. What ever happened to those Pyramid clubs? Apparently they petered out before most of us drifted into bankruptcy, leaving a few with nearly all the nation's wealth.

Country editor speaks: "To keep young, one must associate with young people, advises a health expert. At 70 miles an hour?"

Matter of Fact

Women should know that they are not the forgotten sex as far as efficiency studies are concerned. Research is being done to determine how much energy women use in standing, sitting, turning, stooping and walking at different speeds while running their households. The results of these basic studies serve as guides for the establishment of working procedures for housework and for designing and arranging work and storage areas.

Allen-Scott Report

Republicans Confident in S. Dakota, But McGovern Giving Bottom Hard Race For U.S. Senate

ROBERT ALLEN

PAUL SCOTT

PIERRE, S.D. — Former Food-for-Peace Director George McGovern's campaign for the Senate appears to be shaping up very much like his 1960 race against a Republican Senator Karl Mundt — a close miss.

Mundt won that bitter contest 160,000 to 145,000. The latest South Dakota poll gives McGovern 48 per cent to 52 for Senator Joe Bottom — former lieutenant governor who was appointed last August following the death of veteran Senator Francis Case.

But while the indications point to a victory for Bottom, this nationally little-noticed but torrid battle is far from over. In recent weeks McGovern has been gaining.

That is shown by the latest poll, which is a decided improvement over an earlier one in which McGovern trailed Bottom 46 to 54 per cent.

Whether McGovern can close the gap, only the November 6 election will tell. President Kennedy's brief flying visit several weeks ago definitely gave him a shot in the arm. The subsequent statewide poll hiked McGovern's percentage to 48, while Bottom's dropped to 52.

Curiously, although Kennedy's appearance helped McGovern, it had the opposite effect on the rest of the Democratic ticket. The poll ratings of all the other Democratic candidates slumped.

McGovern is very anxious to have the President come again, but it's not in the cards. Other prominent Democrats are slated to do so, but how much good they will do is conjectural. Senator Mundt heads a list of Republican notables who will campaign for Bottom.

In contrast to Democratic doubts about making any headway in traditionally Republican South Dakota, the GOP is firmly confident of an across-the-board victory there.

The Republicans cite the fact that in 1960 Nixon, outrunning Senator Mundt by 15,000, swept South Dakota with a total of 175,000. Kennedy polled 125,000 — 20,000 less than McGovern. There is no material change in these overall indications there has been any material change in these overall ratios.

an extremely good deal."

Bottom is also stressing that he is a "sitting Senator" and very busy attending to state and national affairs in Washington. A political ad depicts him colorfully as follows: "He is the man who will talk with anybody at any time. He bakes cookies at night so he can deliver them during the day. He is the composer of the song 'Under the Mount Rushmore Moon'. Vote for Joe Bottom."

Firing back, McGovern is charging that far from staying in Washington and attending to congressional business, Bottom has missed 28 out of 30 important roll calls, including notes on the trade expansion act, the drug protection bill, the tax measure, and the resolution on the Cuban crisis.

But there was one crucial vote, McGovern adds, that Bottom didn't miss. This was the farm bill — which he voted against. McGovern is making much of that opposition vote.

As a result of McGovern's previous House and Senate races, he is better known throughout the state than Bottom. Also McGovern is counting strongly on the powerful Farmers Union and rural electric cooperatives, whom he vigorously favors, to back him. But his campaign organization is distinctly inferior to Bottom's.

Also, Democratic National Committee observers think McGovern is talking too much about international problems and not enough about local affairs.

POLITICALS — Cuba is increasingly becoming a top campaign issue. The Senate Republican Campaign Committee is advising all GOP senatorial candidates to stress the Democratic administration's bungling and fumbling on Cuba. The Democratic National Committee is so concerned about this problem that it's sending Senator Gale McGee, D-Wyo., to stump a number of states expressly to discuss Cuba. McGee has just returned from a visit to the Guantanamo Naval Base, and gives a first-hand account of what is going on there and the administration's "watchful waiting" policy.

The Cuban issue is causing so much concern to former Food-for-Peace Director McGovern that he is clamoring for help on this matter from the administration in his furlous campaign against Senator Joe Bottom, R-S.D.

Question Box

(We invite questions on economics and the proper functions of government which will not injure anyone.)

Question: "How should a reader judge a newspaper that will, in the long run, be the most useful to him?"

A newspaper can be very useful to a citizen or it can be harmful.

One of the essentials of a useful newspaper is that it be dependable, that it report the news fairly and impartially, and that it play no favorites. Also, that it permit its opinions or editorials or columnists or letters to the editor to be challenged. In other words, a newspaper that is a medium of exchanging ideas and services is, in the long run, undoubtedly the most useful kind of a newspaper.

There is an old statement that a newspaper publisher should have no friends. That, of course, means that he should have no allies or cronies that he shows special favors to. He shouldn't be under obligation to any organization or party or banker or large manufacturer in the territory of labor unions or chambers of commerce or the politicians. He should try to help the people become informed and the public will have a better newspaper if they help the newspaper correct its errors.

A good newspaper should do harm to no one. Of course, reporting the news is not doing harm if a man commits a crime, it is the crime that does the harm.

A newspaper that is useful must have convictions on economic and political questions and be willing to express them and have them challenged. Thus, a local newspaper can help get people to believe in private property and understand that collectivism or socialism starts in the minds of men in each community. And if the publisher lines up with any political group, whether it be schools or labor unions or politicians or office holders, and tries to protect them, he is not in a position to be very useful to an individual or the community.

A newspaper, by all means, should be willing to answer questions about what it is advocating or opposing. If it will not do this, it is not a useful newspaper and can do untold harm.

administration's proposal.

Senator Frank Lausche, O., is the only Democratic candidate who has not asked the Democratic Senate Campaign Committee for campaign funds.

When President Kennedy stumps Illinois next week for Representative Sidney Yates, in his race against Senate Republican Leader Dirksen, the President will warmly laud Yates but carefully take no slams at Dirksen — who supported the administration's trade expansion act and satellite communications bill. . . . A new poll by the Democratic National Committee shows Governor Gaylord Nelson running almost neck and neck against veteran Senator Alexander Wiley, R-Wis. According to this Democratic poll, Wiley now has 48 to Nelson's 47 per cent, with 5 per cent undecided. As a result of this showing, the National Committee decided to give Nelson additional financial help.

IN MISSISSIPPI

No Participants Have Clean Hands

By GEORGE BOARDMAN, Ph.D.

In the midst of a great hue and cry it is always difficult to present an objective point of view but at this moment, regardless of what happens tomorrow, the situation in Mississippi requires careful consideration. The institution of higher learning to which a Negro seeks admission is government operated and government owned. As far as this writer is concerned neither the State of Mississippi, the State of California or any other state should be involved with the operation of schools at any level. This is the basic evil.

A correlative evil is federal aid in one form or another which universities, colleges and schools of one kind or another welcome. The so-called G. I. Bill is one form of federal government aid which has been either welcomed or accepted by universities and colleges throughout the country and with this form of aid comes control by the federal government, in one form or another.

Congress has made no law regarding racial integration in schools. The Constitution enumerated no precepts concerning racial integration in schools. The only government dictate concerning integration in schools came from the Supreme Court which did not pass upon the constitutionality of a constitutionally-enacted law but, in effect, enacted a law without the authority of the Constitution to do so.

In the opinion of this writer, no self-respecting human being ever forces himself upon other human beings who do not want his company. The state-owned institution in Mississippi has no superintending professional staff which might induce a prospective student to wish to enroll in that school above all others.

We have, then, a situation where all of the basic issues are dirtied by the fact that none of the participants appear before the public gaze with clean hands. Federal government states that might is right. State government has accepted dues and controls

by the federal authorities. Now state government which has accepted both dole and control claims federal government has gone too far in the matter of control.

Americans are now taking sides. My barber said, "If I was Kennedy and any governor defied me, he'd never defy another President." A man who was waiting to get a haircut walked out without a word. Five minutes later I asked the barber what he would do if I wanted to nibble on a bottle of whiskey while he cut my hair. He said he wouldn't give me a haircut under those conditions. I asked what he would do if politicians prohibited him from refusing to cut hair for a whiskey-drinking client, since drinking whiskey is an entirely lawful activity and he laughed and called me a "character."

A former Army general has taken sides but he has never objected to government controls of schools which accept students under the G. I. Bill. Congressmen and senators who vote for support of foreign governments, including communist and fascist and socialist governments, are taking sides. Senators who voted for the Status of Forces treaty, an infamous document, are taking sides. Senators who have made it possible for communists who happen to be entertainers to visit this country and roam at will and to take home American dollars, as their visits also are paid for with American tax dollars are also taking opposing sides.

Academic liberty, about which we hear a great deal, must include the right of a teacher to teach and the right of a teacher to refuse to teach or liberty does not exist. Academic liberty cannot be created by compulsive force. Nor can academic liberty truly exist on funds which have been forcibly extracted from earners. The Mississippi situation has resulted in gangs with filthy hands yelling shame on you at others with equally filthy hands. Good health and good luck to you, in Freedom.

The Doctor Says

Add This Tale to Medicine's Folklore

By DR. WAYNE BRANDSTADT

Q—Does drinking milk from paraffin-coated paper containers cause cancer?

A—Although some waxes contain chemicals that predispose to cancer in laboratory animals, tests sponsored by the Food and Drug Administration show that no such harmful substances are present in the containers now being used to dispense milk and other beverages.

Q—I read that some children were made seriously ill by eating water hemlock. What part of this plant is poisonous?

A—The mature leaves and ripe fruit of water hemlock or wild parsnip may be eaten with impunity, but the root contains a high concentration of a poisonous resin and must not be eaten.

Q—I have developed spider veins on both my thighs and legs. Is there any known treatment? I had them injected, but it only made them spread more. Is walking bad for this condition?

A—The cause of venous spiders is not definitely known, but they are commonly associated with pregnancy. Many women and some men develop them later in life (after the menopause in women). Injection has been tried but, as in your case, this usually leads to their appearance in another location.

Since no cure is known, be thankful that the condition will in no way threaten your health. If you should wish to go in swimming and feel self-conscious about them, you might try one of the cosmetic preparations used to mask various skin blemishes.

Q—My 37-year-old daughter has had multiple sclerosis for about five years. She has been taking injections of vitamin B12 twice a week, but has seen little if any improvement. Is there any other treatment that will help her?

A—I have attended the meetings of the Medical Advisory Board of the National Multiple Sclerosis Society for several years, and I can assure you that this board is made up of the finest specialists for nervous diseases in the country. Much as we doctors would love to announce a cure for multiple sclerosis, the sad truth is that as yet there is none.

Vitamins have been widely tried, but they must be listed with the other treatments that have failed. The chief reason glowing reports are brought out from time to time

about some new treatment is that the disease is characterized by natural periods of remission or improvement which are just as mystifying to us doctors as the cause of the disease itself.

Any drug taken at the time of such a remission is likely to raise false hopes and cause a flurry of enthusiastic trials, all of which in the past have been doomed to failure. In other words, the supposed cure was not due to the drug but to nature. Rest assured that many of the best brains in the world are working on the problem of multiple sclerosis and sooner or later the riddle will be solved. In the meantime much can be done to make the sufferer more comfortable.

Please send your questions and comments to Dr. Wayne C. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

The Almanac

By United Press International

Today is Sunday, Oct. 14, the 287th day of 1962 with 78 to follow.

The moon is approaching its last quarter.

The morning star is Mars. The evening stars are Jupiter and Saturn.

On this day in history: In 1066, the Normans defeated King Harold and his English forces at the Battle of Hastings.

In 1912, former President Theodore Roosevelt was shot in Milwaukee and refused to have the wound treated until he had delivered a scheduled speech.

In 1933, Nazi Germany announced it would withdraw from the League of Nations at the end of 1934.

In 1949, Russian occupation authorities set up an East German puppet state with headquarters in East Berlin.

A thought for the day — Asking for a declaration of war on April 2, 1917, President Woodrow Wilson said "... The day has come when America must spend her blood and her might for the principles that gave her birth and happiness and the peace which she has treasured."

DR. WALTER A. MACNAIR
... ASME speaker

The Bell Telephone Laboratories Veep To Be Speaker For ASME

Walter A. MacNair, vice president of transmission and switching, Bell Telephone Laboratories, will be the speaker when the Amarillo Group of the Mid-Continent Section, American Society of Mechanical Engineers, meets in the Ballroom of the Berger Hotel Monday.

Tickets are \$2.75 per person to the event and reservations can be made with Ed Juenger at MO 4-8545 or MO 4-6881 in Pampa. A social hour will start at 6:30 p.m. with dinner slated for 7 p.m. Following the dinner, MacNair will speak on "The Telstar Communication Satellite."

MacNair has been associated with the Laboratories since 1929. He specialized in various fields of physical research, particularly those involving problems in acoustics, switching and military equipment. He served as Commercial Products Engineer from 1937 to 1941 and as Research Physicist from 1941 to 1947. In 1947, he became Assistant Director of Switching Research and in 1949, assumed the post of Director of the same department. In January 1951, he became Director of Military Systems Engineering.

In February 1952, Dr. MacNair was transferred to Sandia Corporation in Albuquerque, New Mexico, where he served first as Director of Systems Research and then from May 1952, as Vice President in charge of Research.

Knivskjellodden, Norway, a low cape on the Barents Sea, is the northernmost point in Europe, although North Cape, four miles away, generally is believed to be the northerly point, according to the Columbia Lippincott Gazetteer of the World.

Still Prevalent
Medieval Spanish folk dramas, brought to the United States in the 17th century by early colonists still are performed at Christmas in the mountain villages of New Mexico.

HUGH STEEN
... Friday D & D speaker

D&D Club Slates Meeting Here On Next Friday Night

The Pampa Desk and Derrick Club will meet Friday night, October 19th, at 7 o'clock in the Coronado Inn for the monthly dinner meeting.

The Amarillo DD club and the Berger DD club will be special guests for the meeting. Dinner speaker will be Hugh Steen, vice president and manager of Pipeline Operations of the El Paso Natural Gas Company in El Paso.

Steen was first employed by El Paso Natural Gas Company on August 21, 1929, as a laborer in Jal, New Mexico. In 1931 and 1932 he attended Louisiana State University. Steen was transferred to maintenance work in the El Paso area on July 1, 1933, and until December 31, 1938, served variously as maintenance crew man, foreman, and district foreman. He has served in his present position since January 31, 1957.

It is estimated that about 90 per cent of the heat striking the outside of a house is concentrated on the roof.

The Panhandle Industrial Relations Conference Scheduled In Amarillo

John J. McCarthy, consultant-marketing personnel training and practices for General Electric Co., will be the principal speaker at the tenth annual Panhandle Industrial Relations Conference. His talk, "Let Emotions Help You Supervise," is the theme of the conference. The conference will be Oct. 17th at the Amarillo Public Schools Administration Building, 910 W. 8th in Amarillo.

McCarthy has been a guest lecturer in more than thirty universities and has given over 2,000 speeches both here and abroad. He has had a wide experience in the training field embracing sales, manpower planning, union relations, personnel management, and kindred subjects.

The Panhandle Industrial relations conference, a project of the Panhandle Personnel Association, will begin registration at 8:30 a.m. Wednesday, Oct. 17th. Pre-registration fee is \$4.50, and can be made by sending a check for that amount to John F. Gentry, Celanese Corp. of America, Box 937, Pampa, Texas. Registration fee at the door is \$5.00.

An outstanding speaker along patriotic lines is Cliff Titus of Beech Aircraft Co., Wichita, Kans. His speech at the tenth annual Panhandle Industrial Relations Conference is entitled "The Supervisor and American Free Enterprise."

Titus has a variety of experience, including Kansas State Senator, Colonel in Army public relations, World War II, Kansas State Chamber of Commerce President, and a member of the 20-man committee of Civilian Investigators, Federal Budget, in the 80th Congress to name a few.

The Panhandle Industrial Relations Conference, a project of the Panhandle Personnel Association, will begin with registration at 8:30 a.m. Wednesday, Oct. 17th. Pre-registration fee is \$4.50, and can be made by sending a check for that amount to John F. Gentry, Celanese Corp. of America, Box 937, Pampa, Texas. Registration fee at the door is \$5.00.

Magnolia Starts Crude Pipeline Near Perryton

DALLAS (UPI)—Magnolia Pipe Line Co. has begun construction of a new crude oil trunk pipeline from Texas County, Oklahoma to the Phillips Pipeline Co. Beaver Station 10 miles northwest of Perryton, Tex.

Construction will start next week on a new line to move ethylene manufactured by Mobil Chemical Co. from Hull, Tex., to a poly-ethylene plant near completion in the Houston Ship Channel area.

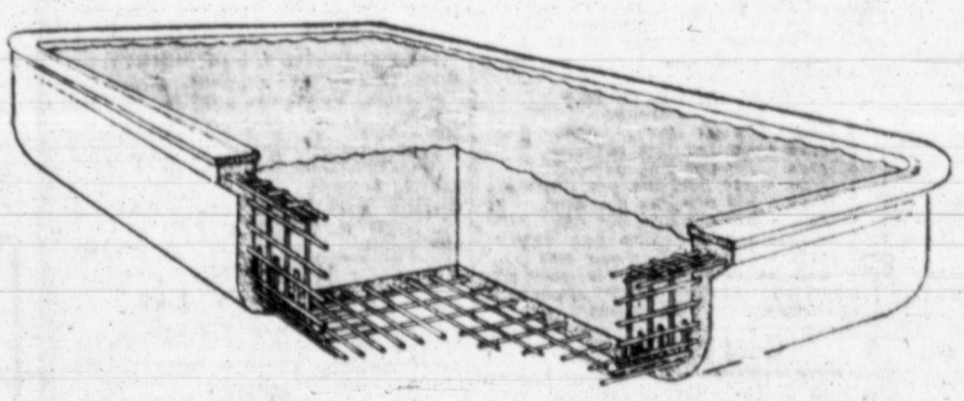

In the game of pinocle, a "smear" means the discarding of a high counting card on a trick won by one's partner.

LEFORS PERSONALS

By MRS. CHARLES ROBERTS

Mrs. J. M. Paris has spent three weeks in Imperial, Calif. at the bedside of her ill sister, Mrs. Mona Searl, who passed away a few days ago.

Dick, Joan, and Linda Sewright from Pampa and Mr. and Mrs. Rick Procter, Becky and Jessica from Amarillo visited with the Homer Sewrights this week.

Mr. and Mrs. Cleo Coffee's son and daughter-in-law and new grandson visited with them this week.

Mr. and Mrs. Bill Cambell from Skellytown visited the B. J. Spradlins.

Mr. and Mrs. Elmer Sparks visited Mrs. Sparks' brother, Fred Barker of Friona last week end, who is seriously ill.

Mr. and Mrs. Ed Davis from Moseo, Calif. visited with the Clyde Chisums recently. Mrs. Davis is Mrs. Chisums' niece.

Mr. Franklin's sister and her husband from Grand Coulee, Wash., the Gladnor Schockley's, recently visited them.

Barbara Johnson came home for the week end from Lubbock where she is attending school. Mrs. McElroy of Haywood, Calif. was a guest in the home of her sister, Mrs. Johnson, over the week end.

Ronnie Line was home from college in Athens over the week end. Mr. and Mrs. Jeff Davis, accompanied by her father, J. Z. Baird of Wheeler, left Tuesday for Midland where they will visit her sister and husband, Mr. and Mrs. B. L. Anderson. They plan to conclude the week on the ten day visit with a stop at another sister's Mr. and Mrs. Wayne Rogers in Sudan.

Mr. and Mrs. Jim Weatherly and new five month old baby daughter have been home recently from Wilburton, Okla., where they now live to visit her parents, Mr. and Mrs. D. L. Dick.

The former Miss Dixie Dick and baby girl, born July 24th, hope to join her husband overseas sometime this year.

Mrs. Connie J. Doerfler is in Enid, Okla., helping out with a new grandbaby.

Mary Cole is going to school in Dallas for two months, attending a special Tax Technician school. She flew to Dallas and will return by plane to Amarillo, where she is employed by the Internal Revenue Dept.

Mrs. Robbie Laman of Borger visited her daughter and husband, the W. T. Cole's last week.

Mr. and Mrs. L. R. Cain of Dodson visited their son and family, the Leonard Cain's, recently.

The Leonard Cain family went to Dodson over the week end to see his sister Mildred Grizzle of San Jose, Calif., and other relatives.

Mr. and Mrs. Fred Brister of Amarillo were home for homecoming barbecue and a visit with her parents, Mr. and Mrs. G. N. Mounger.

Thunderbird Air show in Pampa recently.

All the scout troops in the Santa Fe District Adobe Walls Council will participate in a camporee at Camp Mel Davis Friday and Sat. Walter Elliott is camp director.

Approximately 125 boys are expected. Friday night at dark the stunt entires will entertain the public who would like to attend.

Mr. Celia Davenport of Higgins, Okla., visited with John Lantz on Wednesday. They were formerly employed by Mills Oil Co. of Pampa.

Mr. and Mrs. Dan Gatlin, formerly of Mobeetie and Briscoe, are new residents of Lefors, living in the Brock house. He is employed by the county.

Mr. and Mrs. Garrell Roberson have purchased the Chastain house trailer and have moved it to the Rob Roberson yard.

It is planned by Doyle Lee, music instructor, to include boys in the choir later in the year in order to participate in contests which are held in the spring.

The girls' chorus has several new pieces of music, "on the serious side," which consist of some of the works of the 16th and 17th century composers. The lighter side of the repertoire will be some Negro spirituals and a few "Show numbers" from Broadway musicals.

A Boys Quartet has also been formed. The members of the Quartet are David Roberts, Gene Gee, Dickie Archer and Bill Nichols. Accompanied by Shiraz Cable, this quartet has been practicing after school hours and is practicing numbers in the folk-type songs and numbers from Broadway plays and musicals.

The first important event in which the 24 girl chorus will participate will be the Joint Christmas program at school with the band.

The Choir Director, Doyle Lee, says, "Although there is a good deal of work to be done before the choir can perform, they have made fine progress, and I am quite pleased with them."

VA In Search For Physician

The Veterans Administration Regional Office in Lubbock is recruiting a physician to fill a position vacancy of Medical Rating Board Member, GS-12 at \$10,253 per year. The doctor when employed will make medical decisions on claims filed by veterans for disability compensation.

Interested individuals are requested to contact Bill Howard, personnel officer at the VA Regional Office, for more detailed explanation of duties, hours and employee benefits.

9 A.M. is the Daily Deadline for Classified Ads. Saturday for Buy, Buy edition. This is also the deadline for Ad Cancellation. Mathy About People Ads will be taken up to 11 a.m. daily and 1 p.m. Saturday for Sunday's edition.

Mr. and Mrs. Robert C. Vincent and Donna of Fritch visited Sunday with the Edward Vincent family. Mr. and Mrs. Cliff Vincent of Panhandle visited the Ed Vincent's on Saturday.

Mr. and Mrs. Don Robison and children visited their parents, the O. B. Robison's in Reydon, Okla. Saturday.

James Blair employed at Amarillo Sunday morning at 4 a.m. for Washington, D.C. where he will be employed by the Federal Bureau of Investigation.

Mr. and Mrs. Charles Phillips left Saturday for Holly, Colo., where he will be employed for a month.

Mr. and Mrs. Jake Jackson went to Cheyenne, Okla. fishing during the week end. He caught 21 channel catfish at number one lake.

Mrs. Arthur Hammer is in Dallas with her son and family, Mr. and Mrs. Warren Brooks, whose little son is seriously ill.

Mr. and Mrs. I. E. Line and Mrs. Jim Libby went to Athens Saturday to visit Ronnie Line who is in college there.

Mr. and Mrs. Jack Thacker and family were called by Big Springs Sat. at the death of his father. They visited the week end before with her family in Amarillo, where her father was also ill.

Mrs. H. C. Dunn, Dennis, Terry, Mike and Jonetta attended the

WE BELONG to the NEW State-wide service program for used car buyers

of Guaranteed Warranty

15% discount on all parts AND 15% discount on all labor for one full year on any Guaranteed Warranty used car

We have joined with hundreds of other members of the TEXAS Automobile Dealers Association to provide the used car buyer with a state-wide discount program on parts and labor. To receive and use this discount privilege, buy your next used car from us. We belong to the Guaranteed Warranty Program.

1. Buy a warranted used car from any one of the dealers listed in this announcement. With your car, you will receive a Guaranteed Warranty certificate and a listing of all dealers throughout TEXAS who are members of the program. Automatically, you have a 15% repair discount privilege on that car in the garage of any member dealer in any part of TEXAS for one full year after purchase.

2. If your car needs any repairs at all during the year, except as a result of accident, take it to the dealer from whom it was purchased or, when traveling, to any GW Dealer shown in your TEXAS listing or to any GW Dealer in the United States or Canada. Have your car repaired, then show the dealer your Guaranteed Warranty Certificate. He will then discount 15% from your total bill for all replacement parts and labor.

The Guaranteed Warranty discount program is the first and only state-wide used car warranty plan approved by the TEXAS Automobile Dealers Association.

A GOOD DEAL DEPENDS ON A GOOD DEALER

Sputnik Plus Five

(12) The Years Ahead

By Don Oakley and Ralph Lane

As a first step toward the distant planets, Mariner II promises to be the most significant U.S. space feat. By mid-December, it will have traveled 180 million miles to pass within 9,000 miles of mysterious Venus.

OTHER U.S. ACCOMPLISHMENTS SINCE SPUTNIK I

Successful orbiting of nearly 100 satellites • Discovery of Van Allen radiation belts • Discovery of earth's pear shape • First recovery of a satellite from orbit • First and only weather satellites • First and only navigation satellites • First and only communications satellites • First international satellites • First privately built satellite • Records for radio transmission distance and time • Miniaturization of instruments.

The years ahead will see many daring exploits—landings on the moon, Venus and Mars—and many strange vehicles in space, using new methods of propulsion. Sputnik I changed history, and generations yet unborn will remember these first faltering steps into space as among the most exciting events in the story of man and his attempts to conquer the universe.

Religious Scholars Hail Translation Of First Five Books Of The Bible

By BORIS WELLMAN
United Press International
PHILADELPHIA (UPI) — Roman Catholic, Protestant and Jewish scholars hailed today a new version of the Pentateuch which is the first Bible ever translated directly into English from the ancient, traditional Hebrew text.

The Jewish Publication Society of America announced Thursday that the translation of the Pentateuch or Torah—the first five books of the Old Testament—would be published Jan. 28, 1963. "An outstanding contribution to the literature dealing with the

Bible," was the consensus of Biblical scholars of the three major faiths who read advance proofs. They praised it for "accuracy, fluency and style." The biggest changes, in the translation, which represents eight years of work by seven prominent Jewish scholars, are a

new interpretation of the Third Commandment and that Moses and the children of Israel did not cross the Red Sea.

New Translation

The new translation of the Third Commandment — "Thou shalt not take the name of the Lord thy God in vain" — reads "You shall not swear falsely by the name of the Lord, your God; for the Lord will not clear one who swears falsely by His name."

Dr. Harry M. Orlinsky, head of the editorial committee, said that "within the context of the Ten Commandments the Hebrew words can mean only that it is forbidden to take a false oath in the name of God."

Orlinsky said the text is the first direct English translation from the Hebrew because all previous versions were either influenced or taken directly from the Latin Vulgate or Greek Septuagint. Orlinsky declared the new work is more accurate than prior Old Testament versions because it was translated "sense for sense rather than word for word."

He said "a word for word translation is unfair to the early Jewish scribes who used idiomatic expressions, since it doesn't really capture the sense of the expression. We have not at any time abandoned the literal meaning of the idiom."

Sheds New Light

Orlinsky, professor of Bible at the Hebrew Union College-Jewish Institute of Religion in New York, explained that the new interpretations found in the text have been made in light of "fresh-

er, more accurate knowledge" gained from recent archaeological and linguistic discoveries in the Near East.

The new version also states that Moses and the children of Israel did not cross the Red Sea but the Sea of Reeds.

According to Orlinsky they ac-

Make-Up Day In Carson County's Polio Drive Set

PANHANDLE (Spl) — Make-up day for the Type I Sabin Oral Vaccine in Carson County has been designated as Sunday, Oct. 14. This is being done in order that everyone in the county may have an opportunity to take the vaccine. An estimated 5,400 persons of the nearly 8,000 residents of the county availed themselves of the opportunity to take the vaccine on Oct. 7, 67.5 per cent.

Hours will be from 1 to 4 p.m. with trained personnel again giving the vaccine. In Panhandle the place is the school cafeteria and in Pantex at the Community Hall. In White Deer, Skellytown and

usually crossed "a marshy area north of the Red Sea where the Suez Canal lies today." This area was known as the Sea of Reeds.

Edwin Wolf II, chairman of the publication committee, said one purpose of the new translation is to update the archaic English used in previous versions of the Bible while retaining their poetry. He described the committee's work as "the most accurate translation of the Old Testament ever made in any language."

Groom, elementary school buildings will be the sites. There will be no charge but contributions are accepted in order to help defray expenses, which amount to about 25 cents a dose.
