As India's Troops Retreat Nehru Makes Arms Appeal

NEW DELHI (UPI) — Prime Minister Jawaharlal Nehru appealed to the world Saturday for arms as Chinese Communist invaders drove back Indian troops defending a key mountain pass guarding the plains of India.

A government spokesman said Indian forces broke off contact with Chinese troops at Jang, five miles east of the fallen monastery town of Towang and retreated to high ground along the Towang-Bomdilla road.

Bomdilla, some 50 miles east of Towang, is the site of an Indian army headquarters, and a key Northeast Frontier Agency center controlling an invasion route to the rich Assam plains 14,500 feet below.

Hurl Back Assaults

On the far northeastern front, the spokesman said, Indian troops hurled back two more Chinese Communist attacks on the outskirts of Wanglung, a principal town of the Tuhit division of the northeast frontier above the Burmese border.

Indian defenders had previously beaten back two Chinese Red assaults in the same sector.

The government's all-India radio, meanwhile, announced Nehru told an informal meeting of Congress Party lawmakers Saturday that arrangements were being made with foreign countries to send arms to India quickly.

The broadcast account of the closed meeting did not name the foreign countries involved.

(In London, a spokesman at the Commonwealth relations office said Britain will send India a quantity of small arms as soon as possible. He said the arms would be shipped in response to an Indian request received within the past 24 hours.)

In other developments:

The Indian Embassy in Moscow announced it had delivered a message from Nehru to Soviet Premier Nikita Khrushchev but said it could not reveal the note's contents. Nehru sent a message to President Kennedy Friday.

Army 'Ready' In Key West

KEY WEST, Fla. (UPI) — The Army set up machine gun emplacements Saturday to guard land approaches to the anti-aircraft rocket installations that now rim this tense town.

Portable radar units were set up between the launchers, which doubled in number since Friday.

The rocket positions were manned throughout the night. Off-duty missilemen slept in sleeping bags on the beach while their buddies walked guard duty with rifles.

Saturday morning they were up bright and early, digging the machine gun emplacements and setting up the guns.

There were signs that most of the defense force was now in place.

The heavy traffic of men and equipment moving along the highways had disappeared, although transport planes still could be seen arriving at the naval air base.

Fighter plane activity continued heavy. Silver Navy jets, which flew in pairs earlier in the week, were zooming overhead today in groups of four.

Apart from the rocket-launchers however, most of the men and equipment were in positions out of sight.

The few soldiers seen around town were cordial but had little to say to newsmen. However, one confided:

"You'd really be surprised at what we've got down here."

"We're trained to perfection and ready to go," another said.

The servicemen agreed that the cheering reception their units got when they rolled into town had boosted morale to a high point.

School Election Points Up Voting Rights of Citizens

Pampa High School students voted almost 2 to 1 in favor of Jack Cox, Republican candidate for governor, in a mock election held last Tuesday.

The news was not released until it appeared in the weekly edition of The Little Harvester, school newspaper, published Friday.

Cox polled 300 votes to 163 for John Connally, the Democratic gubernatorial candidate.

High School Principal Cameron Marsh said the vote was taken not to determine political thinking of the students, but to instruct them in the mechanics of an election and good citizenship.

According to The Little Harvester, 469 students participated in the mock election through the various steps of obtaining poll taxes right down to dropping the votes into the ballot boxes.

"Poll taxes did not go on sale early enough to give an accurate estimate of poll tax buyers," stated J. D. Kirby, government teacher and faculty supervisor of the election.

Other results in the High School election were:

For State Senator 31st District—Scotty Ernie, Republican, 200; Grady Hazlewood, Democrat, 257.

For 87th District State Representative — Warren Fathener, Republican, 294; Grainger McIlhenny, Democrat, 169.

For Congressman 18th District—Jack Seale, Republican, 250; Walter Rogers, Democrat, 218.

These were the only figures released by The Little Harvester.

Howard Reed, member of the senior class, was student chairman of the election. Myron Altergut, junior, and Jimmy Jamison, sophomore, headed approximately 50 students who served as election judges.

JFK Agrees To Negotiate The Crisis On Cuba With Russians

200 Tour Area Affected By Bond Election

Some 200 persons took advantage of the visual bus tour offered Saturday to voters interested in Tuesday's bond issue election.

Gene Lewis, S. Cuyler businessman, a proponent of the proposal, addressed the following remarks to bus passengers on each of the 20-minute tours over the routes affected by the bond issue:

"Ladies and gentlemen, you are being given a visual tour of why the bond election being held Tuesday should be approved.

"I invite you to look at the number of vacant buildings, both on the right and the left. You will find that the number of vacant buildings amount to 13 in this short span. You will find the same thing in other sections of Pampa. There are more vacant buildings and houses in Pampa now than ever before. Vacant buildings, ladies and gentlemen, do not help to pay your bonded indebtedness in Pampa. Pampa has reached the point where we must bring in more people if we are to lower, rather than raise, our tax burden."

(Turning left from South Cuyler onto Brown)

"You are now entering Highway 60. America today is a land on wheels and the tourist dollar has been the basic livelihood of many a city on Highway 60. Pampa is fortunate it is located on one of the two great highways in the United States.

"A very conservative figure on the tourist dollar is that every tourist dollar brought into your community is turned 10 times, therefore a tourist spending only \$4.00, whether it be for gas, lodging, apparel, food, drink or entertainment, has automatically pumped into your city's economy \$40.00.

"The concern of the average tax paying citizen is, what is this bond issue going to cost me! To give a definite answer to a definite question, the taxpayer should have thorough understanding as how ad valorem taxes are assessed.

"First, your City Commission determines a budget for the fiscal operating year. Second, after the budget has been determined, your tax department gives the City Commission the valuation of all property in the city.

Pampa's 60th Anniversary Celebration Concluded With 'Gay Nineties Revue'

Pampa's 60th Anniversary Celebration came to a conclusion last night with the Gay Nineties Revue staged in the Pampa Junior High School auditorium.

The stage show was sponsored by the Pampa Junior Chamber of Commerce and the Pampa Little Theater.

The two local groups presented a variety show and one act plays

which were crowd pleasers.

Last night's show climaxed a three-day observance highlighted by the 60th Anniversary Banquet sponsored by the Chamber of Commerce Thursday night and a Square Dance Festival sponsored Friday night by the Calico Capers Square Dance Club.

The theme of the three-day observance was "Pampa on the Grow."

added. "Pampa is at the point where it must go forward and save money in the long run, or go backwards and those of us who still are here will have to pay the bill in business decline. Approving this bond issue is the only way Pampa can save itself from economic decay. It is a way to bring tourist business into the city. It is a way to attract more businesses and industry to our city. It is a way to keep Pampa from dying economically."

Tom Brooks of the Brooks Electric Co. on Alcock St., one of the thoroughfares affected by the proposed improvements, joined with Lewis and said he was for the bond issue and hoped it would carry.

politics or personality issues.

And that's the way the meeting proceeded. Many questions were asked and satisfactorily explained.

The crux of the meeting probably came when Gene Lewis, S. Cuyler St. hardware man, said he thought much of the point in the upcoming bond election Tuesday had been missed.

"We seem to have been discussing nothing but the physical aspects of the question," Lewis said.

"The important thing voters should keep in mind when they go to vote Tuesday is what the improvement of these highways will mean to Pampa's economic life. These improvements should have been made long ago," he

READY TO HELP CROP — Rev. Jack Riley of St. Paul Methodist Church, left, general chairman of Tuesday night's contribution drive on behalf of CROP, is shown here discussing the project with two who will participate. CROP (Christian Rural Overseas Program) will be soliciting contributions on Halloween Eve under the auspices of various local churches. Being shown materials to be used in the project are, center, Andy Wilks, son of Mr. and Mrs. H. V. Wilks, 1201 Charles, and Judy Crosby, daughter of Mr. and Mrs. A. G. Crosby, 2401 Rosewood. Judy and Andy are members of a committee from the First Presbyterian Church which will participate. (News Photo)

Governors To Support Civil Defense Actions

WASHINGTON (UPI) — A group of governors headed by New York's Nelson A. Rockefeller pledged President Kennedy full support Saturday of any civil defense actions needed during the Cuban crisis.

The group, representing the Civil Defense Committee of the Governors Conference, offered their support during a personal call at the White House following a Defense Department briefing.

Rockefeller, often spoken of as a possible Republican presidential candidate in 1964, told Kennedy the governors were enlisting "their full support behind the federal government's civil defense program" and stood ready to encourage any effective state action that should be taken.

At their Pentagon briefing, the state executives were told by Stuart Pittman, assistant defense secretary for civilian defense, that he would recommend easing radiation requirements so more shelters could be built, offering protection to nearly twice as many Americans.

They also heard a discussion of the crisis situation from Director John McConne of the Central Intelligence Agency (CIA).

After the White House call, the governors held further discussions with Pittman.

Pittman's radiation protection proposal would clear the way for

Statistics show that live cents will give eight hungry children a cup of milk each day for a month. Twenty-five cents will give 10 children bread and milk every day for a month. One dollar will provide 400 lbs. of food.

CROP Project Is Scheduled For Tuesday

Tuesday evening is Halloween Eve and the night for Trick or Treat for CROP.

Children and youth from the churches will be joined by students of Pampa High as again this year the people of Pampa give support to this project.

CROP (Christian Rural Overseas Program) is the Community Food Appeal of Church World Service and money collected for this project goes directly into food subsidies for the hungry people of the world.

City Commissioner Will Graham pointed out that this would mean that Pampa then would have to maintain the present streets inside the city over which the highways now pass.

"If the bond issue carries," Graham said, "we not only will have improved streets in these highways through our city but they will be maintained in the

future by the State Highway Department as its share of the program.

"We need to look at our city objectively," Morgan said, "not subjectively."

Demands Assurances Of Missile Threat End

WASHINGTON (UPI) — President Kennedy agreed Saturday night to negotiate with Russia for a solution to the Cuban crisis if he receives assurances from Soviet Premier Nikita Khrushchev that he will remove Soviet nuclear weapons systems from Cuba under U.N. supervision.

The President said a letter he received from Khrushchev Friday night appeared to offer such assurance.

Kennedy added another condition — that Russia halt further introduction of offensive weapons into Cuba.

The White House, in announcing this, said the United States in turn would agree to "remove promptly" its naval blockade and "give assurances against an invasion of Cuba."

The President sent a letter in reply to one from Khrushchev dated Friday night in which Khrushchev made no mention of swapping the removal of the Cuban bases in exchange for pulling down U. S. installations in Turkey.

The White House announcement came after the Defense Department reported one of its Cuba reconnaissance planes missing.

BULLETIN

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara, acting after U.S. reconnaissance aircraft were fired upon over Cuba, Saturday night ordered 14,124 Air Force reservists to active duty to man 24 troop carrier squadrons.

Shortly before, the Castro government had announced that its anti-aircraft batteries had driven off unidentified war planes "violating" Cuban air space.

A second Khrushchev letter, dated Saturday and broadcast earlier over Moscow radio but just received at the White House Saturday evening, proposed a Turkey-Cuba trade now. The White House, in reacting to the broadcasts had made it clear in a statement that a direct swap at this point was not acceptable.

In his letter Saturday night the President did not comment directly on the Turkey-Cuba proposal in the second letter that if arrangements were quickly made to defuse the Soviet missile threat in Cuba then the lowered world tension "would enable us to work toward a more general arrangement regarding other armaments."

Kennedy opened his letter to Khrushchev by saying the first requirement for any negotiations "is for work to cease on offensive missile bases in Cuba and for all weapons systems in Cuba capable of offensive use to be rendered inoperable, under effective United Nations arrangements."

Key Elements

He told Khrushchev that "as I read your letter, the key elements of your proposal — which seem generally acceptable as I understand them — are as follows:

"1. You would agree to remove these weapons systems from Cuba under appropriate United Nations operation and supervision; and undertake with suitable safeguards, to halt the further introduction of offensive weapons into Cuba."

Tracy Cary, second vice president of the Texas group and president of the Pampa GHS, said last night the conference went beyond all expectations and was one of the most successful ever conducted in the way of workshops and displays.

Genealogists from Amarillo, Panhandle, Pampa, Lockney, Lubbock, Plainview, Dumas, Dalhart, Spearman, Lefors, McLean and other towns on the high plains were in attendance.

Featured speakers at the various sessions included Mrs. Abby Duggan Moran of Fort Worth at the conference luncheon Saturday noon in the Coronado Starlight Room. Mrs. Ella Lutz of Duncan, Okla., at the afternoon workshop session, and R. Ralph Preslev of Oklahoma City who was the main speaker at the 6:30 p.m. banquet in the East Starlight Room.

Mayor E. C. Sidwell welcomed the group to Pampa at the noon luncheon.

Mrs. Lutz, granddaughter of Ouanah Parker, last chief of the Comanche tribe and a major participant in the Battle of Adobe Walls in 1874, reviewed the history of the Parker family, both white and Indian. Mrs. Lutz was attired in elaborate beaded buckskin dress and head ornaments.

Speaking at the closing banquet last night, Preslev related the history connected with "The Clans and the Tartans of Scotland."

General Election Absentee Votes Now Total 199

Absentee votes cast in the Nov. 5 general election in Gray county totaled 199 at noon Saturday, according to County Clerk Charlie Thut.

That said the absentee voting is expected to pick up this week. He also stated that ballots were being returned that had been sent out earlier in the mail.

Deadline for absentee voting in the general election will be Friday, Nov. 2nd, Thut said.

The deadline in absentee balloting for the city bond election to be held next Tuesday fell at 5 p.m. Friday.

City Secretary Edwin Viegara said a total of 63 absentee ballots were cast in the city election.

These will be turned over to the election judges in their various wards.

Voting places in the Tuesday election will be:

Ward 1—City Hall.

Ward 2—North Fire Station, 317 E. 17th St.

Ward 3—Ward's Cabinet Shop, 333 S. Starkweather St.

Ward 4—South Fire Station, 1019 S. Barnes St.

The voting places will be open Tuesday from 7 a.m. to 7 p.m.

No Opposition To Bond Issue At 'Town Hall' Meet

Discussion of Pampa's proposed \$1.5-million bond issue at a Town Hall meeting Friday night turned into speeches by proponents with no voice of opposition.

Some 60 persons turned out for the question and answer session conducted by the Pampa Toastmasters Club.

The meeting was conducted by Doug Morgan, president of the Toastmasters, who said his organization was not taking sides at the meeting but merely acting as a referee for those who wished to be informed.

In his preliminary remarks, Morgan laid down the rules and said the meeting was solely for information on the bond issue proposal and not for the injection of

politics or personality issues.

And that's the way the meeting proceeded. Many questions were asked and satisfactorily explained.

The crux of the meeting probably came when Gene Lewis, S. Cuyler St. hardware man, said he thought much of the point in the upcoming bond election Tuesday had been missed.

"We seem to have been discussing nothing but the physical aspects of the question," Lewis said.

"The important thing voters should keep in mind when they go to vote Tuesday is what the improvement of these highways will mean to Pampa's economic life. These improvements should have been made long ago," he

added. "Pampa is at the point where it must go forward and save money in the long run, or go backwards and those of us who still are here will have to pay the bill in business decline. Approving this bond issue is the only way Pampa can save itself from economic decay. It is a way to bring tourist business into the city. It is a way to attract more businesses and industry to our city. It is a way to keep Pampa from dying economically."

Tom Brooks of the Brooks Electric Co. on Alcock St., one of the thoroughfares affected by the proposed improvements, joined with Lewis and said he was for the bond issue and hoped it would carry.

"I just want to be sure that the project will be carried through as planned if it is authorized," Brooks said.

Brooks was assured by Mayor E. C. Sidwell and the other city commissioners that every penny of the money provided in the bond issue would be spent as outlined in the bond proposal.

At this point, Morgan, the moderator of the meeting, speaking as a citizen, said:

"It looks to me like Pampa is lucky to have to pay only a small percentage of the overall cost of this project."

It had been pointed out that Pampa's share of the cost was \$1.5-million compared to \$2½ to \$3-million which would be spent

Before Kiwanis Club

'Straight-From-Shoulder' Talk From Will Graham

City Commissioner Will Graham, speaking as a citizen, made a straight-from-the-shoulder talk to his fellow club members at Friday's regular weekly meeting of the Downtown Kiwanis Club in which he called on Pampanos to put aside animosities and to seek more understanding of each other and of the city's problems on a community-wide basis.

Graham told his listeners there are two items that Pampa cannot afford. He named them as "animosity" and "failure through neglect."

In his remarks on the upcoming bond election next Tuesday on street and storm sewer improvements in Pampa, Graham said: "Friends of Pampa, I invite your attention to two very expensive items. They affect our city vitally in that they are too expensive to afford."

"The first of these items is animosity. Animosity has a devastating effect. It can cloud our thinking and thus affect the decisions we make."

"Possibly it has been your experience as it has been mine, to find yourself in a pleasant discussion with a person of recent acquaintance. The small talk goes smoothly and you are delighted to have met such a nice person until one of you makes a serious remark, such as referring to human rights, freedom, some individual, or perhaps a theory of government. Suddenly the congenial atmosphere is gone. It disappears as quickly as a drop of water on a hot iron."

"Why? They are the same people as before. I suggest this probability: that each, or at least one, ascribes to the other an evil intent or an improper motive. We may think to ourselves that he is selfish, or power hungry, or dictatorial, or a dupe, or a special interest seeker, or even that he has criminal intent."

"From where comes this animosity? In trying to track down the source, we come face to face with ignorance. Since we all possess at least our share of ignorance, and especially ignorance of another's motives, it seems rather reasonable that the cause of such animosity is a clash of ignorance—ignorance of the other."

"Each of us is ignorant of a method to express our thoughts well enough to convey what we mean to another's mind, especially if it contains the least bit of hostility. How then can we presume to know what is really in another's mind?"

"The rarest words spoken in Pampa lately may be, 'Now, I understand what you mean.' How many times has someone said that?"

The 'Pact Of Rio' Is Used Through Crisis

By GEORGE J. MARDER
WASHINGTON (UPI)—Overlooked in the torrent of news about Cuba is the fact that the Monroe Doctrine is now working under an All-American umbrella, but a different name, the Pact of Rio.

President James Monroe proclaimed the doctrine in 1823 as a warning that foreign intervention in this hemisphere would not be tolerated.

President Kennedy made no mention of it when he proclaimed a limited arms quarantine of Cuba.

He didn't have to. In fact, if he had, he probably would have created unforeseen difficulties for the quarantine from Latin American nations which do not subscribe to the United States claimed right under the doctrine to decide alone when there is a threat against any American nation from outside the hemisphere, and to take unilateral action to end the threat.

That claimed right has been a touchy point in Latin-American affairs for years.

Instead, the President invoked the Rio pact of 1947.

And specifically, he invoked two provisions, articles six and eight, which, for all practical purposes, carry out on a multilateral basis what the United States had enforced alone under the Monroe Doctrine.

Broader Than Monroe Doctrine

The two provisions are much broader than the Monroe dogma. They cover "any situation that might endanger the peace of America," including conflicts within the Americas. But they also cover the main purpose of the Monroe Doctrine — to protect the territorial integrity, sovereignty and political independence of the Americas from foreign encroachment, and to allow no power outside of the Western Hemisphere to set up a base of operations in the New World which could be a threat to the republics.

The Pact of Rio meant, among other things, that the United States was willing to transfer prime responsibility for carrying out the purposes of the Monroe Doctrine to the American nations.

But the responsibility was theirs only if it was assumed and used. The United States never went so far as to repudiate the right to

unilateral action, if it should become necessary.

Last year, for example, President Kennedy warned bluntly that the policy of non-intervention in the Americas, a policy by which the United States and other American nations agree not to interfere in each other's domestic affairs, must not be used as a coverup for inaction.

Counted On Support

When the President decided on the arms quarantine because the Soviet Union had set up offensive missile bases in Cuba which could threaten the Americans — an action violating both the Monroe Doctrine and the Pact of Rio — he counted upon support from the Organization of American States.

However, the United States was prepared to go it alone, if necessary.

It turned out that it wasn't necessary. The OAS gave the United States solid backing for the

quarantine not only to stop a further offensive buildup in Cuba but to eliminate the threat which already existed there.

The OAS acted as swiftly as anyone could reasonably expect, less than 24 hours after it had been summoned to meet in emergency session, it had approved the action against Cuba. The vote was 19-0 with one abstention. Uruguay was unable to vote because its delegate had not received instructions from his government. Uruguay later gave its endorsement.

And the Latin American nations were offering more than mere words and legal and moral support for the action. Several offered warships to reinforce the U.S. sea patrol, if needed. Others offered port facilities to the quarantine vessels. In fact, the Pact of Rio was showing itself to be an effective successor to the Monroe Doctrine.

(Continued From Page 1)
property within the confines of the city limit.

"No. 1. The budget has been established.

"No. 2. Valuation has been established.

"Your City Commission merely sets a tax rate on the valuation to equal the budget. It is that simple.

"You are now approaching the turn off on Highway 60. At this point Highway 60, if this bond issue fails, will go no further west. We are now on the proposed Highway 60. This is taking your tourist dollar away, this is taking the progress of your town away, this is taking your future away.

"I would like to point out at this point that you are not only concerned with City taxes but you are also concerned with State, County and School taxes and that you are faced with the depletion of the major source in your area, the oil industry, their taxes in the future will play a less and less important part of the tax revenue, therefore, ladies and gentlemen, the tax burden that you now carry will be increased. The ad valorem bond issues passed in the past must be paid out of ad valorem taxes. Even though you may have a home that is debt free in so far as mortgages are concerned, you still have a bonded indebtedness for City, County, State and School that is equal to your proportionate part of that indebtedness. The only way possible we can lower your tax burden is to increase traffic in the City of Pampa, to bring in new business and new industry so they can pick up a part of the tab that you are now obligated to pay."

(As Highway 60 and the Lefors Highway join)
"I would like to point out that the Lefors Highway is now entering Highway 60. I invite you to look to the north and ask yourself, as a tourist, would I go that far out of my way to spend my dollar in Pampa, bearing in mind that every tourist dollar must turn at least ten times. Highways either build or destroy a city.

"I invite your consideration to Vinita, Oklahoma, when prior to the opening of the toll road they had on the average of 324 tourist rooms rented each night. Upon opening the toll road, they are now renting less than 20 per cent of that total. Ladies and gentlemen, the authenticity and accuracy of that statement comes from none other than your Highway 60 Association. If you wish Pampa to be on the same down grade level that Vinita, Oklahoma is, if that is your desire, then you have once choice, turn down the bond issue. If you wish to progress and go forward, if you wish to lighten your tax burden, now is the time to generate enthusiasm and support of the bond issue."

(As Highway 60 crosses Highway 273)
"At this point, ladies and gentlemen, I would like to call your attention to your South approach into the City of Pampa. I ask you to look down the road you see before you and ask yourself, as a tourist would I take that road into Pampa?"

"The bond issue, ladies and gentlemen, that you have presented to you at this time is the minimum requirement in which the State of Texas will participate with your City. It is necessary and imperative that the bond issue be approved so that your Commission will be in a position to show the State of Texas that they have the money in their pocket to fulfill their part of their obligation. Each of you know all cities are asking your State Highway Department for money. To be on top and to develop a long range program, your Highway Department is only going to consider requirements from those that have already made the necessary financial arrangement."

(Where Highway 60 joins Highway 70)
"At this point, the next leg of your Highway 60 program goes across that field and comes out at about the Celanese Plant. This, ladies and gentlemen, is taking

duction of such weapons systems into Cuba.

"2. We, on our part, would agree — upon the establishment of adequate arrangements through the United Nations to ensure the carrying out and continuation of these commitments — (A) to remove promptly the quarantine measures now in effect and (B) To give assurances against an invasion of Cuba. I am confident that other nations of the western hemisphere would be prepared to do likewise."

The President said that if Khrushchey rendered the long-range missile bases in Cuba harmless under U. N. supervision promptly, American and Russian representatives could get to work this weekend, with U. N. Acting Secretary General U. Thant, on an arrangement for a permanent solution to the Cuban problem along the lines suggested in your letter of Oct. 26."

This was the first letter and did not contain the proposal for the Turkey-Cuba swap contained in the second letter.

White House officials said regarding the question of Turkish bases, that any discussion on that would have to await a settlement of the Cuban problem.

or not you agree with your City Commission, that you will take an active part in supporting the issue or condemning the issue as your conscience dictates."

Seale And Rogers Debate Called Off

Campaign managers for Jack Seale, Republican candidate for 18th District Congressman, said Saturday the scheduled television debate Tuesday night with his opponent, Democrat Walter Rogers of Pampa, had been called off.

It had been announced that Seale would debate either Rogers or an "empty chair" on the teevee program.

Seale had stated that he had been trying to get Rogers to debate with him since the campaign started.

But, when Rogers was called to Fort Worth for an indoctrination briefing on the Cuban crisis, the debate invitation was withdrawn.

"It would not be fair to go through with the program which was scheduled before the Cuban crisis broke," said Ken Rainwater, of Amarillo, a member of Seale's publicity group.

Governors

Ronald D. Lynch, 821 N. Dwight, racing, guilty, fined \$10.

MUIREND, Scotland (UPI) — Commuters had to climb the locked iron gates of the railroad station Thursday.

The porter overslept.

Cats Suspected In Prowler Call

Marauding cats are suspected of inciting a prowler call to Pampa police Friday night.

Molly Williams, 2100 1/2 Coffee St., reported that just shortly before midnight she heard someone bump into a trash can behind her home.

Patrolman John HySmith, who investigated the call, said he could find no trace of a prowler but did find "quite a few cats in the alley" behind the house.

Police theorized it was possible the cats had knocked the lid from the trash can.

Peggy Turner, 521 N. Wells, reported to police that sometime between 4 p.m. and 6 p.m. Friday a stone was thrown through the windshield of her parked car.

Bond Issue

explanations of what could happen to Pampa in the way of high-way traffic and drainage problems if the bond issue fails Tuesday.

"Pampa either goes forward, or it goes backward," Lewis said. "It's that simple."

Among those who answered questions at the Town Hall meet were Mayor Sidwell, Commissioners L. P. Fort, Leon Holmes, Will Graham, Lloyd Simpson, Financial Agent for the City Howard Kenyon, Asst. City Manager R. B. Cooke, City Manager Harold Schmitter and Wayland Merriman, member of the firm of Merriman and Barber, consultant engineers who drew the plans for the drain-

Three Guilty Young Demo Pleas Heard Club Formed By Goodrich

A group made up of students from Pampa High School, Robert E. Lee Junior High, and Pampa Junior High School met at the Democratic Headquarters Saturday morning to formulate plans for a young Democratic student organization.

The following officers were elected: Ronnie Katara, president; Larry Tarrant, vice president, and Walter Sims, secretary-treasurer.

Their immediate plans are to participate in the current campaign and to form a permanent organization to study proposed legislation and current events. One of the primary objects of this Democratic Student Organization is to prepare students to become better informed students. A name for the group will be decided upon at a later date.

Grainger McIlhany, State Representative from the 87th Legislative District, was present and addressed the group briefly.

It was decided unanimously to carry on a dignified campaign without the use of costumes or exhibitionism.

RESPONSIBLE STATE GOVERNMENT IS THE FIRST STEP TO RESPONSIBLE FEDERAL GOVERNMENT

I. DO YOU BELIEVE YOUR STATE REPRESENTATIVE SHOULD REPRESENT YOU FIRST?

INCUMBENT
Has informed city commissions of Pampa and McLean that his friends from Houston and San Antonio wished his support on a bill which Pampa & McLean were opposed. He then voted with Houston and San Antonio.

FATHEREE
Will at all times represent the people of Collingsworth, Gray & Wheeler Counties in Austin, and will never be a rubber stamp.

II. DO YOU BELIEVE THAT A STATE OR NATIONAL OFFICIAL SHOULD RESIGN FROM ONE OFFICE BEFORE SEEKING ANOTHER AT THE TAXPAYERS EXPENSE?

INCUMBENT
In 1961, voted against and helped a bill which would have required all state or national officials to resign their office before being a candidate for another office.

FATHEREE
Believes all state or national officials should resign before being eligible to seek any office other than the one they hold.

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

Entered as second class matter under the act of March 3, 1879.

Tuesday's Bond Election

Pampa voters will go to the polls Tuesday to decide whether the community moves ahead progressively, or stands still in the slough of decadence.

The decision to be made is whether Pampa will authorize the issuance of \$1.5-million in general obligation bonds as the city's share of making needed street improvements and drainage improvements incidental thereto.

It goes back to the choice Pampa voters made on June 26, 1956, when they approved eight separate bond issues for a total of \$2.8-million for various city improvements.

The choice now — as then — is either stagnation or continued growth and development.

Approval of the bond issue to be voted on Tuesday will enable Pampa to take a major portion of the city out of the mudhole and at the same time give Pampa decent looking approaches to the city and through the city on three major highways — U.S. 60 and State Highways 152 and 273.

Property owners should remember, too, that if the bond election fails to pass, there arises the possibility that the State Highway Department will revert to its plan to by-pass the city and run a loop around Pampa.

That plan originally was in the book for Pampa, but the City Commission forestalled it when they agreed to work out the highway improvement plan inside the city limits — the plan that goes to the voters Tuesday.

The \$2.8-million bond issue in 1956, raised taxes approximately 15 cents on the \$100 valuation at a time when the tax rate was \$1.75.

Tuesday's bond issue would raise taxes about 1-cent on the \$100 valuation for the next five years. The current tax rate is \$1.45. In 1968 it would jump the tax rate six cents from \$1.45 to \$1.51 which would be the maximum during the 17 years through which the bonds would mature.

From 1969 through 1978 the rate would keep dropping back. This negligible tax raise would be possible because of Pampa's excellent financial condition and the fact that current general obligation bonds would be retired during the life of the new bonds.

When you take into consideration that the city's tax rate was reduced five cents in 1961 from \$1.50 to \$1.45, the highest tax rate during the 17-year maturity period actually would be about one penny more than the tax rate was in Pampa less than

two years ago.

The rates quoted here are based on an expected increase of \$1-million in property values each year. The actual yearly increase during the past decade has been on the average of \$2-million a year with a 95 per cent tax collection.

Voting "For" the bond issue will mean that you are in favor of widening SH 152 on Alcock St. from Faulkner St. to the west city limits to 84 feet, similar to the section already constructed from Hobart to Faulkner.

Voting "For" the bond issue will mean that you are in favor of widening SH 273 on S. Cuyler and S. Barnes from Brown St. to McCullough St. to 64 feet width. This also would allow four moving traffic lanes without median similar to the existing pavement on N. Hobart St.

Voting "For" the bond issue will mean that you also are in favor of providing the proper and necessary drainage, including storm sewers that would be essential to drain the three improved highways and adjacent areas.

The State Highway Department is not willing to go ahead with its \$2.4-million to \$3-million share of the overall project unless this drainage program is provided by the City.

And the State Highway Department cannot make the improvements until assured by the City that funds are available from the city to pay Pampa's share of the cost.

The entire project hinges on the ability of the City to pay its share of the necessary funds.

That is the issue in a nutshell. That is why the City Commission decided to ask for the \$1.5-million in bonds.

If the bond issue should fail, the entire street and drainage improvement project will die on the vine and Pampa will continue with its Model-T main thoroughfares.

Approval of the bond issue also would provide Pampa with an economic shot in the arm. Every time the City spends \$500,000 on the project the State would spend approximately \$1,000,000. Much of this money will go into Pampa's life line during the construction period of five or six years and the completed job will be a permanent economic asset to Pampa.

When you go into the polls to vote Tuesday your decision will be an easy one to make — shall Pampa move ahead or just stand still and decay?

The Retail Story

An excellent film, of a documentary character, could be made of the history of retailing in this country.

It might begin with the trading posts and the settlers who followed the ops in the West. And it would give considerable attention to the old-time emporium, which carried everything from bolts of gingham to barrelled whiskey. Many a man is still alive who can remember those days. He can remember, too, that the emporium possessed the nearest thing to a retail monopoly the country has ever known. It was a long, slow way to the next town and there wasn't much chance of doing better there anyhow.

Improved transportation and other civilizing elements steadily changed the picture. And a real retail revolution began with the

first experimental chain systems. These were based on the then-startling notion that a man could run a successful store by paring unit profits to a minimum and making them up through increased volume. This was the birth of mass distribution, which we take for granted now. But that certain wasn't true in its swaddling clothes day — many a skeptic was certain it would be a fiasco.

The story continues with the growth of the chains, the enterprise shown by the independents in successfully meeting the competition, the population shift to suburbia that led to the development of the shopping centers, and so on. And the upshot of it all would be that American retailing — judged by service, value, offerings, or any other criteria — has no equal in the world.

Tragic Failure

This modern world provides the best example in recorded history of the ancient saying that, "that government is best which governs least."

The "most governed" nations are in the communist bloc. These are the nations that threaten not only the peace of the world but the very existence of mankind. The masses of their people certainly are not warmongers. They

like peoples everywhere, want peace, happiness, a good life. But, living under an all-powerful government, they have nothing to say about what is to happen. A power drunk dictator need only order a button pushed and Armageddon comes.

And the sins of big government certainly are not confined to the dictatorships. In our own country, as in England and other free na-

Pull Up A Chair

By Neal O'Hara

Hey, girls: That ultra-special ingredient of cosmetic creams, royal jelly, actually is the food that the worker bees and the drones feed to the queen bee. The raw material of royal jelly is nectar and pollen prepared in the stomachs of the workers bees and transformed into food that is then fed by the bee nurses to Her Royal Highness, Queen Buzz.

In the age of specialization it's not surprising that second-hand funeral coaches (as the automobile trade calls hearses) find a ready sale among groups of ski enthusiasts. It seems that a hearse is an excellent vehicle in which to pack skis and other paraphernalia of that sport... Headline in the Boston Globe: "Boys and Girls Same All Over. Red Daily Finds." (Golly, they're always claiming new discoveries in Russia!)

In Springfield, Mass., the other day a women's organization ran a rummage sale. One kind-hearted member took off her coat to pitch in and help with the good work, only to discover a half hour later that someone had picked up the garment and bought it for 50 cents...

Today's favorite gag: JONES — "Why is Brown pacing up and down in front of his house?" SMITH — "He's worried about his wife." JONES — "Why, what's she got?" SMITH — "The car."

One of New England's oldest organizations, which has been in continuous existence for more than 150 years, is the Dedham (Mass.) Society for the Apprehension of Horse Thieves. It meets at least once annually, although its members aren't too busy these days fulfilling their duties.

Another favorite gag: Arriving home late, and intoxicated, from an office party, he explained that he had taken the wrong bus. "That I can understand," said his wife, "but how did you discover you were on the wrong bus?" "Well," replied the confused husband, "I kind of thought I was when it stood at one corner for a couple of hours, but what finally convinced me was that people kept coming and and ordering hamburgers."

Women are more fickle than men in their loyalty to a favorite brand of cigarette, a nationwide survey indicates. Whereas exactly 50 per cent of the males interviewed had stuck to the same brand for the past dozen years only 30 per cent of feminine smokers had resisted their impulse to change... Things to come: One company has developed an "experimental thermostat" which sends radio signals to tiny receiving antennas which start or stop heating or air-conditioning systems instead of sending electric signals as conventional thermostats do.

Question Box

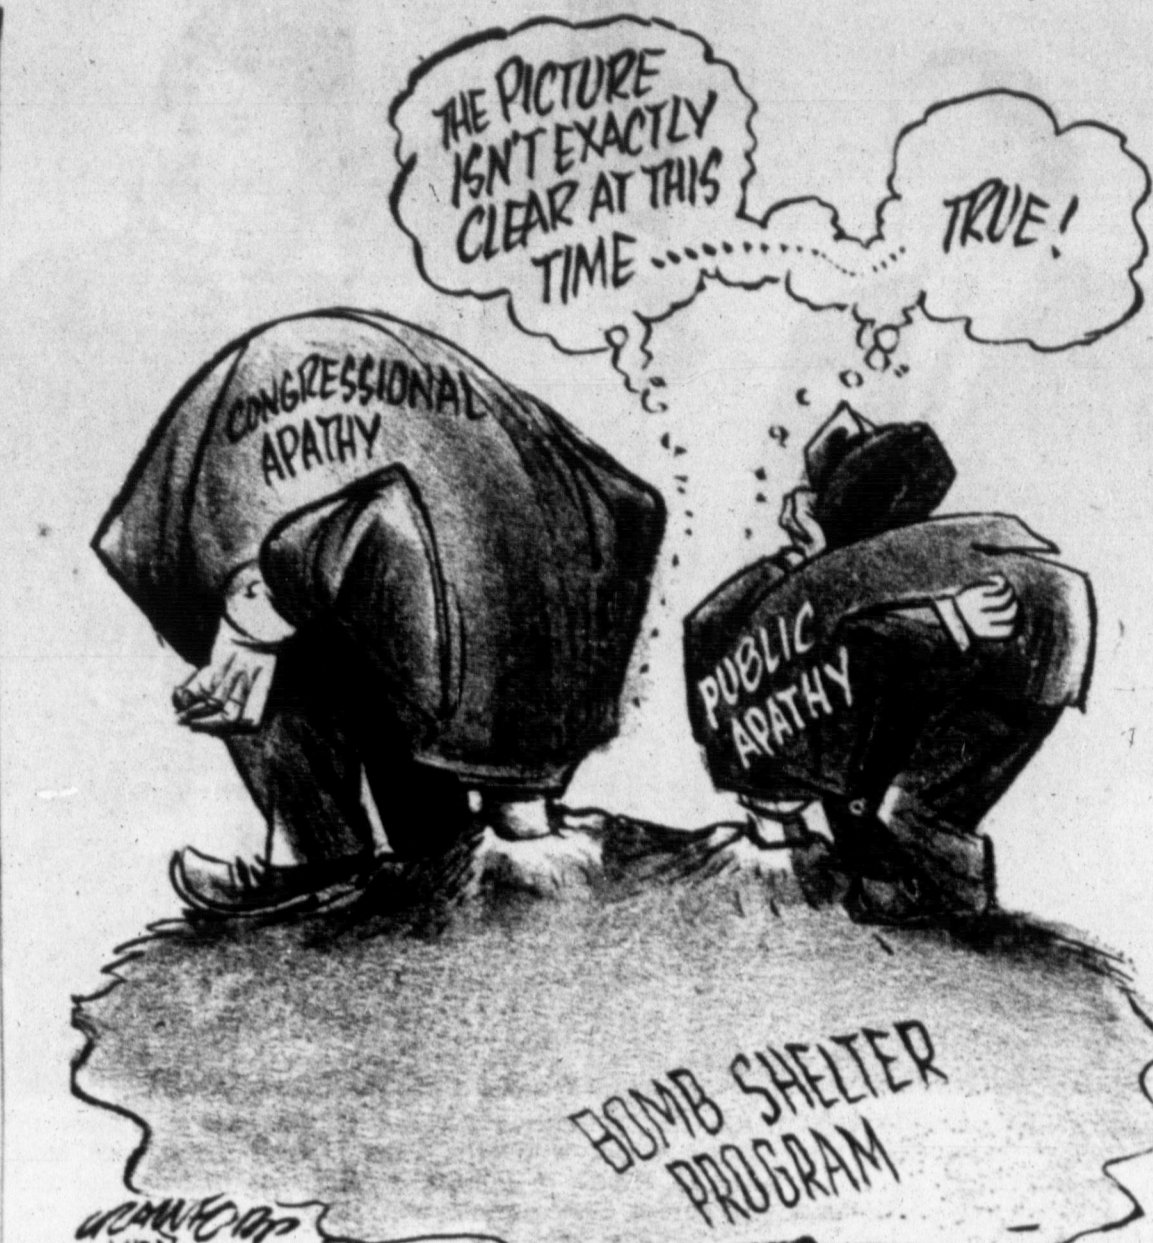

(We invite questions on economic and the proper functions of government which will not injure anyone.)

Q: What economic principle does collective bargaining that insists on bargaining for those who want to do their own bargaining violate, if any?

A—It violates the most basic economic law of all-economy, itself. Through force, such bargaining upsets the economic balance between labor, management and efficiency, wasting all three vital factors in an effort to maintain "status quo" in a changing situation, or by obtaining artificial gains in wages or status for union members. The end result is invariably inflation which is more than economic waste. It is economic robbery.

tions, big government has saddled us with a debt of almost unimaginable size along with cruel taxes. We cannot blame all this on past, present and possible future wars, whether hot or cold. The Welfare State philosophy, which holds that government should be all things to all men, and should exercise more and more control over our lives and destiny while providing a dubious cradle to the grave security, must bear much of the blame.

The people by endorsing more and more government encroachment on their lives and activities, steadily restrict their opportunities as free men,

Says: The Doctor

Rapid Loss of Weight May Be Cancer Sign

By DR. WAYNE BRANDSTADT

Q—I have been taking chiropractic treatments for my nerves and ever since I started this treatment I have been losing weight. I lost 15 pounds in the last three months and I was not overweight to start with. What should I do?

A—Although chiropractors have been known to help persons with certain ailments, they are not skilled in the recognition and treatment of all diseases. Because rapid loss of weight is one of the warning signs of cancer, you should have a thorough examination by a physician to determine the reason for this loss. In the case of cancer and many other conditions, effective treatment can be given only if an early diagnosis is made and the most appropriate treatment applied.

Q—About two years ago my first baby was stillborn because it had a small head. Recently I delivered a baby that had water on the brain. It did not live. There is no record of abnormal births in my family or my husband's. If I become pregnant again what are the chances that I will have a normal child?

A—Authorities who have studied this problem say that if a couple have two malformed children the third may be normal but the chance that it will also be malformed are greater than for the average married couple.

Whether you should take this chance is not an easy matter to decide. It is a personal matter and is up to you and your husband. If you decide not to take the chance, you might register with a reputable adoption agency, one recommended by your doctor or your church.

Q—What is the cause of bursitis? Is there any cure for it?
A—A bursa is a sac filled with fluid and attached to a large tendon near a major joint to minimize friction. Bursitis or inflammation of the bursa may result from prolonged strenuous use of the adjacent joint and, if the bursitis becomes chronic, the pain is aggravated by the deposition of calcium.

Removal of the bursal fluid through a needle and injections of hydrocortisone into the bursa may afford relief. Ultrasound has helped some persons. In general, X-ray treatment and open operation are not advised. Even though the region is painful, movement of the joint through the full range several times daily is essential to prevent stiffening.

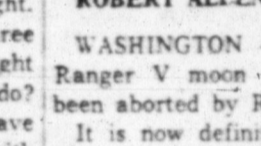

A—I had an attack of shingles on the right side of my chest five years ago. Ever since, I have had a pain in my right arm — very severe at times. My doctor has given me ACTH, cortisone, salicylates, vitamin B-12, procarine, and other drugs in tablets and in shots but I still have the pain. Is there any other treatment?

A—The few persons who have persistent pain after an attack of shingles usually have a hard time to get relief. When blocking the painful nervous impulses with procaine and the other forms of treatment fail, a surgeon is sometimes called in to cut the involved nerve. The success of this operation depends on correctly locating the offending nerve and severing it completely.

Allen-Scott Report

Did Russian Nuclear Blast Sabotage Mechanism of Ranger V? — NASA Thinks It Probable

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — The recent Ranger V moon-shot may have been aborted by Russia.

It is now definitely known that the 755-lb. spacecraft encountered a cloud of dense radiation in the vicinity of the Barents Sea during its orbit of the globe before starting on the 79-hour 231,500-mile flight to the moon.

Shortly before Ranger V reached this region, Russia exploded a nuclear warhead more than 200 miles in space from a testing range in the Barents Sea area.

Scientists of the National Aeronautics & Space Administration are convinced there is a direct connection between the Soviet's high-level nuclear blast and the sudden "death" of electronic devices in Ranger V which were to direct it on a course to the moon.

As a result of the aborting of these mechanisms, the spacecraft missed the moon by 200 miles. Had the navigating devices functioned, Ranger V would have landed on the moon as intended.

NASA authorities consider it very probable that the Soviet nuclear explosion over the Barents Sea was deliberate.

It is definitely known that a flood of coded radio messages from Havana to Moscow preceded the launching of Ranger V. These messages contained direct references to this moon shot.

For some time, U.S. authorities have known that Russia knocked down one of its own satellites with a nuclear warhead early this year. This test took place at a height of 170 miles, the Red Satellite passed through the blast explosion, and radiation and shock waves completely destroyed the satellite.

In a subsequent test, a Soviet intercontinental ballistic missile came within 50 miles of hitting a Red satellite as it passed over the Barents Sea. In this experiment, the ICBM was armed with a conventional warhead.

LOST OPPORTUNITY — A major portion of the sinister Soviet bomber threat in Cuba could have been eliminated if the Navy had been permitted to intercept and search the Reds' "mystery" ship — Angankles — early this month.

The big Russian freighter carried at least 10 of the 20 IL-28 twin-engine jet bombers that are now in Cuba. The Navy sought permission to search the vessel after intelligence definitely established it was in direct and continuous communication with the Kremlin's radio center since sailing from the Black Sea. These coded messages indicated the ship was "carrying a highly important cargo."

including a meeting of the National Security Council, the Navy's request was rejected by the President.

An important factor in that decision was the presence of two Soviet submarines that accompanied the Angankles. U.S. planes and other intelligence sources reported the freighter and its two underwater guards took a circuitous route through the South Atlantic to avoid the regular shipping lanes.

The Angankles docked near Banes, Cuba, under extraordinary security precautions. The IL-28 supersonic bombers were in crates that were unloaded by Russian personnel. No Cubans were permitted in the dock area. The crates were transported on huge trailers to an airbase in the interior of Cuba, where the planes are being assembled.

Four of them have been observed in the air. They are being flown by Russian pilots. Definite proof of that is in the form of photographs and recordings of the pilots' verbal exchanges.

STRAWS IN THE WIND — Hoarding of food and other supplies is now so pronounced in Cuba that the Castro dictatorship is threatening wholesale police searching of homes to halt the practice. The Director of Industry and Commerce is making frequent radio appeals to housewives not to buy "excessive" amounts of rice, flour and edible oil, but obviously to no avail as the widespread hoarding continues.

Distributors of butter and other dairy products are under scrutiny by government agents. The distributors are accused of secreting large quantities of these products for black marketing at high prices.

Here is some good news for Cuban cattle — in a way. The government has announced that a "modern" processing plant is to be erected in Manizanas in which bones, hooves and the horns of cattle, as well as eggshells, and chicken feathers, will be used to produce feed for cattle. Just how this unique transformation will be performed is not indicated.

Matter of Fact

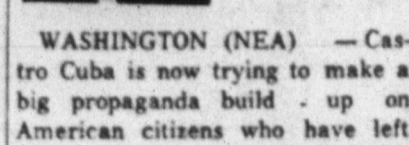

Think of gala Russian parties and immediately caviar comes to mind, but the word caviar does not even exist in Russian. Although "caviar" is common to most European languages and is supposed to be of Turk or Tartar origin it does not appear in Russian. In the language of the caviar connoisseurs, the Russians, those black fish eggs are known as "ikra."

Edson In Washington

Look Who Mouths Castro Inanities

By PETER EDSON

WASHINGTON (NEA) — Castro Cuba is now trying to make a big propaganda build-up on American citizens who have left the U.S. to co-operate with the Communist revolution. But a run-down on records of 11 known U.S. collaborators with the Castro regime reveals a sorry cast of characters with amazing backgrounds.

Most recent to be granted political asylum in Cuba is Richard Cooper Bourret, 33, a Richmond, Va., graduate of University of Miami in Florida. He was last employed as a physicist by Hughes Aircraft in Malibu, Calif. He is married to Gladys Guevera Bourret, who was born in Cuba.

Bourret was rejected for U.S. military service in 1951 because of a long psychiatric history.

His application for a passport to go to Cuba was rejected last year, but he became associated with the Fair Play for Cuba front and somehow got to Cuba where he said he could express himself more freely and where there was not so much military work in progress.

Inauguration of a "Free Dixie" program in English, beamed at American Negroes from Havana's Radio Progreso, apparently is using some of the defectors as commentators, though only a few are introduced by name.

One previously identified defector is Robert Franklin Williams, 37, an avowed admirer of Fidel Castro. He formed a rifle club in his home town of Monroe, N.C., as part of an "armament race with the white people."

A year ago Williams was charged by the FBI with unlawful interstate flight to avoid prosecution for kidnaping a Marshallville, N.C., man and wife at gun point during a racial disturbance. He fled to Cuba and his recorded broadcasts from there take the line that the U.S. is a nation devoted to racial brutality and white supremacy.

Robert Bruce Taber, 43, born in New York City, was paroled from Ohio State Penitentiary in 1959 after serving 10 years of a 30-year sentence for robbery, kidnaping and operating a motor vehicle without the owner's consent.

He was a Columbia Broadcasting System newsmen in Cuba during the early days of the Castro revolution and was one of the organizers of the pro-Castro Fair Play for Cuba Committee. He received U.S. citizenship to work for the Cuban government.

Joseph Parker Morray, U.S. Naval Academy and Harvard Law School graduate, left a University of California teaching position in 1961 to go to Cuba on a year's fellowship grant as a professor of social sciences in Habana University.

In an article written for the Communist-controlled "New World Review" last July, Morray declared that the Soviet Union and nonaligned nations must force disarmament on the western imperialists who were profiteering on the arms race.

Joseph North, Russian-born correspondent of "The Worker," was denied a U.S. passport in 1951 as a member of a Communist action organization. Since his arrival in Cuba he has filed numerous dispatches to "The Worker" praising Castro.

Four of the defectors are women, Ilah Mae Warner, 30, born in

Spearfish, S. Dak. and Martha McCurdy, 29, born in Harding, Ill., shared a room in Miami, Fla., before going to Cuba in 1959. Since then they have been reported teaching and nursing in Cuba and sending pro-Castro letters and literature back to the U.S.

Mrs. Barbara Ines Corrandini Collins, 22, daughter of a Methodist minister, was reported by Havana "Prensa Libre" to have been granted asylum in Cuba last year. She has broadcast commentaries on the Cuban revolution over Radio Havana to gain support for the Castro revolution in the United States. She broadcasts "Axis Sally"-type programs as "Hardless Barbara."

Gloria Ann Gerhardt left New York in June 1961 after establishing a police record for undesirable conduct on loose morals charges.

She is quoted in the pro-Castro Spanish language Bohemia magazine as having declared that "the only way the United States can change is through a revolution like the Cuban revolution... That is our hope."

Two of the American defectors to Cuba are Puerto Ricans. Juan Juarbe left the island in 1936 to travel through Latin America seeking support for Puerto Rican "liberation and nationalism." He was declared a "citizen of Cuba by decree" in 1961 and re-entered the U.S. as counselor of the Cuban mission to the United Nations. He now represents Cuba on the U.N. Trusteeship Council, where his specialty is denouncing U.S. rule in Puerto Rico.

Jose Santiago came to the U.S. in 1926. For a time he was employed as a diamond cutter in New York, teaching Puerto Rican nationalism at the Jefferson School of Social Science on the side. He left the U.S. for Cuba in 1959 and is now an official of the Puerto Rican National Front, a Castro organization which demands independence for Puerto Rico.

The Nation's Press

PRIDE OF MONTANA (Dallas Morning News)

There are plenty of politicians and office holders today who talk a good economy line and can spin a boondoggle a mile away. Unfortunately, only a handful of them are willing to stick to their principles when there is a chance to get a federal handout for their own state or district.

We spotted one of them the other day. His name is Tim Babcock, and he is the Republican governor of Montana, the Treasurer.

In testimony to the Senate public works subcommittee, Gov. Babcock flatly opposed the building of a 259 million dollar federal dam in his state, stating that it would be "an unsound expenditure of the taxpayers' dollars," which is "not good for Montana or the country."

"Perhaps it is necessary," Babcock said, "for a state or a governor to focus attention on our national need to reverse unnecessary federal spending. If such is the case, then Montana is proud to be that state and I am proud to be that governor."

May we add that we are proud of our 41st state — which has fewer people than Dallas — and of its governor, Montana may be short on population, but it's long on principle and common sense.

NEWSPAPER ENTERPRISE ASSN.

LONG WAIT—Automobiles belonging to West Berlin citizens anxious to visit friends and relatives in East Berlin, must sometimes wait two hours and longer to cross through the wall which cuts the constantly troubled city in half.

Living Costs Are Up Again

WASHINGTON (UPI)—The cost of living rose six-tenths of one per cent in September largely because of a farmer's strike that withheld meat from the market, the Labor Department announced today.

This was the largest monthly increase since February 1958.

Ewan Clague, commissioner of labor statistics, said the rise was considered temporary. He said he expects the consumer price index to level off during October.

A strike by the National Farmers Organization, in which meat supplies were withheld from the market in order to increase prices, ended Oct. 3.

Clague emphasized that the September increase had nothing to do with the current international crisis. He said there was an abundance of food and other products on the market and he did not expect the Cuban crisis to have any effect on the cost of living "unless something more happens."

The September index stood at 106.1 per cent of the 1957-59 average.

While most of the increase was caused by higher meat prices, eggs and apparel also contributed to the climb.

McLEAN PERSONALS

Mr. and Mrs. Jesse Coleman and children, Max, Sarah, and Jan attended the homecoming celebration in Canyon Saturday where Mr. Coleman joined the reunion of the class of '37 for their 25th anniversary meeting.

Mr. and Mrs. J. M. Payne attended the wedding of Miss Fay Smith and Gene Denham in Shamrock Saturday evening.

Mr. and Mrs. Kenneth Goodman of Amarillo visited his parents, Mr. and Mrs. C. O. Goodman over the week end. Other guests in the Goodman home were her sister, Mrs. Paul Taylor of Ft. Worth and her niece Mrs. J. T. McCluskey of Lubbock.

Dr. Kid McCoy left Friday for his home in Kealahou, Hawaii after a two weeks visit with his parents, Mr. and Mrs. Kid McCoy and other relatives and friends in the Texas Panhandle.

Mrs. Anita Henley of Amarillo spent the week end with her parents, Mr. and Mrs. Buck Henley.

The senior class of McLean High School presented "Hillbilly Wedding" Monday night in the high school auditorium. This is the annual senior class play.

Mrs. Dasha Kelly visited recently with her uncle, H. A. Waters in Lubbock.

The Twentieth Century Study Club met Thursday with Mrs. J. D. Fish. Appearing on the program were Mmes. Rose Hall, Claudie Cooke, and Luda Crisp.

E. L. Sitter was admitted to Northwest Texas Hospital in Amarillo Saturday for treatment of a heart ailment. Mrs. Sitter accompanied him to the hospital.

Mrs. C. O. Goodman visited in Arlington with her daughter and family, Mr. and Mrs. Bill Stroud and children Wednesday of last week.

Jay Dee Fish, young son of Mr. and Mrs. J. D. Fish was

honored with a birthday supper Friday evening, Oct. 12 in the home of his parents. Attending were his grandmother, Mrs. Belah Fish, and uncle Ray Fish of Alanreed, and his grandparents, Mr. and Mrs. C. O. Goodman.

Qualifying for a place on the honor roll at the end of the first six-weeks of school in McLean High School were Don Woods, Linda Guill, and LaVon Watson, seniors; Jim McCarty, Susan Blackwell, Joyce Beasley, Nancy Dickinson, Janel Hal, Marilyn Magee, Janice Saunders, Carolyn Tarr, and Kay Hal, juniors; Johnnie Fuller, Ronnie Hunt, Granville Simmons, Don Stewart, Elaine Baker, Mikki Green, and Linda Tindall, sophomores; Martha Brown, Amanda Dalton, Linda Evans, Martina Geister, Linda Lisman, and Barbara McCurley, freshman.

Who's Responsible For Support Of A Test-Tube Baby?

NEW YORK (UPI)—Who is responsible for the support of a test-tube baby? The child's mother or her husband?

This is the "grave problem" that faces Kings County Justice Mark A. Costantino in what otherwise would be an uncomplicated annulment case.

The touchy question was raised Thursday when Mrs. Annette Gursky, who was impregnated by artificial insemination, won an annulment to end a marriage that never was consummated.

She also asked for \$90-a-week from her husband, Stanley, for the support of herself and her 13-month-old child, Mindy, whose birth was brought about with the permission of her husband.

Gursky, a 30-year-old pharmacist who earns \$135 a week, told the court he should not be required to support the child inasmuch as he was not the father.

Costantino, electing to reserve decision, called the situation "a grave problem for me to decide."

Neither he nor the attorneys involved in the case could find any legal precedent.

Pampan's Relative A Slave For Parkers

Genealogical and Historical Conference held here yesterday. Mrs. Ella Cox Lutz, granddaughter of Quannah Parker, was, in the picture. Mrs. Lutz, was the featured speaker at the conference.

Albert Parker of 430 W. Crawford, 62, upon seeing the picture of Chief Quannah Parker appearing in last Wednesday's edition of the Pampa News, was reminded of his father, Abb Parker, who was one of the first Negroes in this area.

Abb Parker came to the Panhandle of Texas with Ben Masterson and lived in Old Mobeetie for a time before moving to Clarendon about 1888 or 1889.

According to the writing on an old picture of Abb Parker made in December, 1913, initialled W.A.P., Abb died not knowing his age, but he (Abb) said he belonged as a slave to the Parker family of which Cynthia Ann Parker, the mother of the Chief Quannah Parker, was a relative. "He was always a good Negro" was also written on the back of the picture.

The picture of Chief Quannah Parker was printed in connection with the First North-High Plains

SWEET-EEE-EET AD-O-LINE! — These four fellows with the curly-cue mustaches comprise the Mixmasters, a swinging, singing barbershop quartet from Albuquerque, N. M. They will be one of the four featured quartets to appear Saturday night, Nov. 3, in the Pampa Kiwanis Club's second annual Parade of Quartets in the Pampa Junior High School

Auditorium. Reserved seat tickets go on sale at 9 a.m. tomorrow in Richard Drug Store in downtown Pampa. Left to right in the photo are Bob McDonald, tenor; Lloyd Reynolds, lead; John Nelson, bass, and Chan Griffin, baritone.

Downtown Kiwanis Club Will Sponsor 'Parade Of Quartets'

The Downtown Pampa Kiwanis Club has rounded out plans for its second annual Parade of Quartets to be held at 8 p.m. Saturday night, Nov. 3, in the Pampa Junior High School Auditorium.

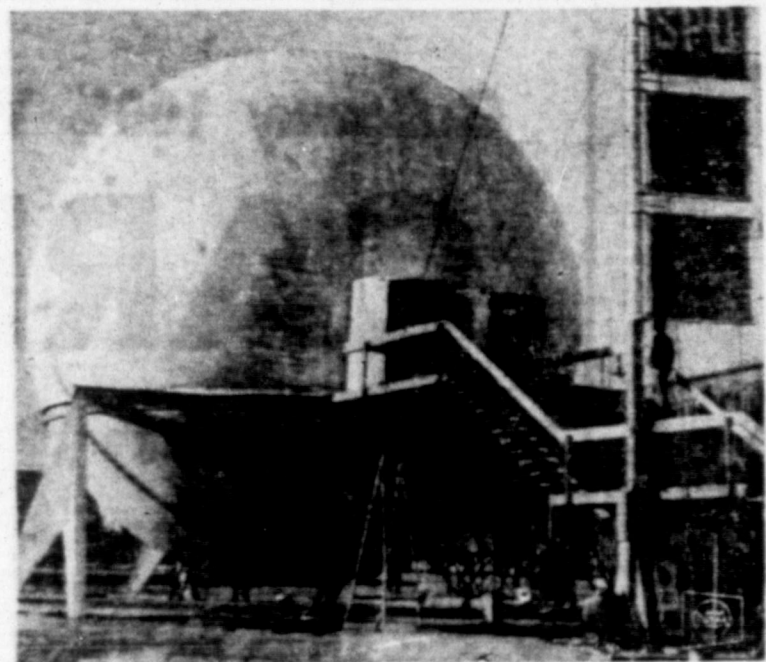

Howard Buckingham, general chairman for the musical benefit, announced Saturday that four outstanding barbershop quartets will sing, along with the 35-voice Golden Spread Chorus from Amarillo, fourth place winners two weeks ago in competition at a 5-state quartet and chorus contest in New Orleans two weeks ago.

Also appearing in Pampa will be the first place winning quartet and Southwest District SPEBQSA champions at the same contest, the Pioneers, whose home base is Amarillo.

This year will mark the 15th annual barbershop quartet competition in Pampa. For the first 13 years it was sponsored by the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America (SPEBQSA) and for the past two years it has been under Kiwanis sponsorship.

All money derived from the concert here will be turned over to the Kiwanis Club for its Boys and Girls work.

Reserved seat tickets will go on sale at 9 a.m. tomorrow at Richard Drug Store, N. Cuyler St. Buckingham explained that persons who have bought 50 cent coupons may exchange them and receive credit on the \$1.50 general admission tickets. A 50-cent coupon is good for one child's admission ticket. The reserved seats will be 50 cents extra.

POLITICAL FOOTBALL—Air-inflated pavilion is used by the German Social Democratic Party in West Berlin as an information center, ticket office for West German visitors.

Quotes From The News By United Press International

UNITED NATIONS, N.Y. — U.S. Ambassador Adlai Stevenson, berating the Soviet Union for trying to absolve itself of blame in the Cuban crisis.

"This is the first time, I confess, that I have ever heard it said that the crime is not the burglary but the discovery of the burglary — and that the threat is not the clandestine missiles in Cuba but their discovery and the limited measures to quarantine further infection."

BIRMINGHAM, Mich. — The Most Rev. Geoffrey Francis Fisher, former archbishop of Canterbury, discussing President Kennedy's action in the Cuban situation.

"(A) classic example of brinkmanship (which) may have a healthy effect . . ."

OXFORD, Miss. — The "Rebel Underground," a student group vowing to resist all integration efforts at the University of Mississippi.

"Since armed troops occupy our campus and since there are carpetbaggers and scallywags on

the faculty, our resistance is necessarily underground."

CHICAGO — Illinois civil defense administrative officer Col. Aurel Clark, on what to do in case of a missile attack.

"Take cover and pray."

David Niven Makes Return To Hollywood

HOLLYWOOD (UPI) — David Niven, who has been absent from Hollywood more than two years, is back again with plans to appear in movies and television shows produced here.

Niven has been working in movies and living in Switzerland. He returned here for meetings with Four Star television production chiefs.

The Scottish actor is partner in the firm with Dick Powell, Charles Boyer and Tom McDermott.

"We've got lots of plans for next year," said Niven, speaking in his clipped English accent. "We'll be going into feature movie production and I'll appear in some of their television shows."

Since Four Star was organized in 1951 it has confined its activities to television shows.

As a production company executive who pays salaries, and an actor who receives them, Niven said stars often get too much money for their services.

"I think they're mad with these salaries," he said of million dollar paydays. "God knows, I'll take it if offered. But I'd prefer a percentage of the pictures gross."

"That's what we're going to do with our feature productions, offer a percentage. I don't know anybody who has money in the bank who wouldn't want a piece of the action. Producers complain about high salaries. If they gave a percentage they wouldn't have to pay them."

AT EXPOSITION — This group of Boy Scouts presented what was probably one of the most popular booths of all at the recent Boy Scout Exposition in the National Guard Armory, east of town. The Exposition was termed "highly successful" by Scout officials as hundreds of people turned out to visit the Exposition and see examples of Scouting skill. This booth featured outdoor activities, camping and outdoor cooking and the boys passed out samples of biscuits and jelly.

Bone Up On Fashion History When Make Believe Witches Visit You

By **PATRICIA McCORMACK**
United Press International
NEW YORK (UPI) — Bone up on fashion history when make-believe witches stop by your house Halloween.

The offspring dressed in "finds" from the attic trunk that might put on a fashion show that turns back the hands of time to grandma's day — or if they're lucky to great grandma's day.

In the annual rag-tag parade, tradition holds that the older and more outlandish the costume the bigger the treat to drop into the opened sack or outstretched palm.

Joseph L. Dubow, one adult who gets almost as much kick out of the annual outing as the kids themselves, sees Halloween as the night the fashion museum of America comes alive.

Dubow, executive director of the New York coat and suit association, has a professional interest in ladies' coat and suit fashions contemporary especially.

Styles Will Be Back
"But I get a tremendous kick out of seeing a World War I ladies' ankle-length hobble skirt get an airing Halloween," he said. "I'm sure grandma excuses the laughter, even though she pinned her hopes once on such an outfit. "But tell the kids not to laugh too hard. THEIR grandchildren one day will laugh at styles of the sixties."

Dubow treats old fashions with the same respect and reverence auto fanciers show vintage cars. He sees more than entertainment value in clothes currently much out of style.

"Fashions are always changing," he said, "but fashions are always coming back, too. We find inspiration for styles by looking back sometimes."

Take the styles of the roaring twenties and the flapper styles. They've come back so many times, slightly changed, that they are pretty much old hat.

If the cycle holds up, it ought to be back again in the eighties. "The more things change, the more they seem the same, as it's said," Dubow noted.

Fashion isn't the only field in which this holds true. Look what's happened to the gear shift. Engineers in Detroit considered it quite an advance to get the stick shift off the floor and onto the steering wheel.

Now it's some kind of status symbol to have a car with a stick shift on the floor.

No sports car owner who really digs status would be seen in a leisure time car with the shift on the steering wheel shaft!

The Almanac

By **United Press International**
Today is Sunday, Oct. 28, the 301st day of 1962 with 64 to follow.

The moon is new.
The morning stars are Mercury and Mars.

The evening stars are Jupiter and Saturn.

On this day in history:
In 1886, the Statue of Liberty was dedicated on Bedloe's Island in New York Harbor.

In 1918, the Czechoslovak national committee in Prague proclaimed the establishment of the Republic of Czechoslovakia and the independence of the new nation from Hapsburg control.

In 1919, the Senate followed the lead of the House and passed the Volstead prohibition enforcement act over the veto of President Wilson.

In 1958, Angelo Giuseppe Cardinal Roncalli, patriarch of Venice, was chosen 282nd pontiff of the Roman Catholic Church. He took the name of John XXIII.

Lefors Pirates Ground Skyrockets, 18-6; White Deer Tames Rattlesnakes, 38-14

Small Buccaneers Humble Wellington

LEFORS — Fullback Rodney Airington led the Lefors Pirates into the driver's seat in the District 2-A football race Friday night when he led the Buccaneers to an 18-6 victory over Wellington's Skyrockets.

Though the Pirates have played only two conference games, winning both, they will be strong favorites to cap the title with two of the expected roughest competitors behind them.

Still to play, however, are McLean, Clarendon and Memphis, before the Lefors team can place the conference crown atop its collective head.

Airington scored all of Lefors' points Friday night on plunges of two yards and five yards and one sweep for eight yards.

The Pirates scored on their first offensive effort, driving 49 yards in 11 plays after Airington received the kickoff and returned it 28 yards to the Skyrocket 49 yard line.

Both Airington and halfback Tommy Smith got good yardage on several plays in the drive which Ramblin' Rod capped with a two-yard step into paydirt. Don McCool's try for the extra point was wide and the Buccaneers led, 6-0, with 5:20 gone in the first quarter.

Airington scored again with 1:15 left in the first half when he drove five yards to score after an eight-play drive from the Rocket 32 yard line.

Guard Don McCool got the drive started when he intercepted a

The Statistics	
	Let. Well.

Fum. Lost	1 1

Wellington pass. Again, though, he missed the extra point kick effort.

Then Wellington got its score for the night when, on the first play after the Lefors kickoff, fullback Ray Saunders rambled 65 yards to score on a quickie play. Only one man had a good chance to tackle him but he missed on the Lefors 40 yard line.

Saunders, by the way, was the leading ground gainer for the visitors.

The Skyrocket try for the extra points was short as a running effort failed. Shortly thereafter it was halftime and Lefors led, 12-6.

The third quarter was a see-saw defensive battle but Airington broke the ice again on the first play of the fourth quarter when he dashed eight yards around end to tally.

Again the extra point try failed as the snap from center was bad. The score was again set up by Don McCool as he pounced on a Wellington fumble on the 50 yard line. It took Lefors seven plays to score.

Pirate defensive standouts were McCool, end Terry Brumlow, end Phil Woodring and tackle Marvin Todd. The Pirates were outweighed in the contest but handled their heavier opponents in fine fashion.

Once, the Pirates held on their own six yard line after Wellington had gotten a first- and -ten on the Lefors 15 yard line.

Lefors Coach Dunn Goodie said, "Wellington is the roughest team we have played all year. Their defense isn't quite as strong but they are a 'rougher' crew."

Lefors back statistics: Tommy Smith, 90 yards, 19 carries, 4.7 average; Airington, 66 yards, 15 carries, 4.3 average; Neal Cates, 75 yards, 15 carries, 5 yard average.

Area Roundup

Littlefield's Wildcats pounced Perryton's Rangers without mercy Friday night clawing out a 33-0 upset victory in Littlefield.

Sparked with Homecoming spirit and an able corps of running backs, the Wildcats overpowered previously unbeaten Perryton knocking the Rangers out of the saddle and probably out of contention in District 1-AAA.

The statistics were indicative of what happened in the upset game as the Wildcats grounded out 412 yards as compared to Perryton's 86 yards.

Groom, Claude

Groom's Homecoming was a success on the grid iron as the Tigers bowled over Claude, 15-16 in Groom Friday night in a Dist. 5-B game.

The Tigers scored two first half touchdowns and cooled the heels of the Mustangs in the final stanza of the tussle.

Johnny London and Bobby Nickelson scored touchdowns for the Tigers on two - yard runs. Jerry Quirk booted one extra point and Jerry Roberts passed to Bill Ruhardt for two extra points.

Groom was stopped once in the third quarter on the two - yard line when a penalty killed the scoring opportunity.

Judy Brown was crowned Homecoming Queen in pre - game ceremonies.

McLean, Memphis

The McLean Tigers were edged Friday night by the Memphis Cyclones in McLean by a 21-19 score.

The Tigers, losing the 2-A bout, chalked up their second conference loss of the season as they lost to Clarendon the previous week.

Donnie Woods scored the first McLean touchdown on a five yard run. Bob Patton kicked the conversion. Garv Graham caught an aerial from Don Woods for the second TD. The extra point attempt failed.

The final Tiger TD came in the fourth quarter on a one yard plunge by Woods. Again, the attempt for the extra points failed costing McLean a tie with the visitors.

Miami Loses

The District 3-B eight man football race is all but over as Booker romped to a 38-14 victory over the Miami Warriors in Warrior Field Friday night.

Mickey Kivelevich and Jim Flowers got the Warriors off on the right foot with touchdown runs of five and 15-yard runs, but the visitors were not to be denied victory. Flowers ran over for Miami's extra points.

Wildcats Beaten

Clarendon slipped by the Canadian Wildcats in a Dist. 2 - A game Friday night in Canadian by a score of 14-6. A small crowd was on hand for the game.

The Wildcats broke into the scoring column with only seconds left in the game. Robert Lewis scored the TD on a five yard run.

The try for the extra points failed.

WATCH OUT SNAKES—White Deer's David Clemens skirts end and blasts away for a 64-yard scamper against the Stinnett Rattlers, setting up the fourth Buck touchdown. The Snakes stopped Clemens on the three, but Curtis Campbell plowed over for the touchdown on the next play. White Deer won the game, 38-14.

Rice Owls Tie Longhorns, 14-14

HOUSTON (UPI)—The winless Rice Owls came from behind in the fourth quarter Saturday night to tie the top-ranked Texas, 14-14, on Randy Kerbow's 18-yard touchdown pass to tailback Ronnie Graham.

Texas had staged its own comeback earlier, getting second and third quarter touchdowns after Rice took a 7-0 lead in the first period on Paul Piper's 49-yard scoring run, and Kerbow's first extra-point kick.

Tommy Ford blasted three yards for Texas' first touchdown and dashed 35 yards to the Rice 9-yard line with a punt return to set up the Longhorns' second score. Second-string tailback Jerry Cook slipped off tackle for the score on the next play. Tony Crosby kicked both extra points for Texas.

Ford stopped two Rice drives with pass interceptions on the Texas 11 and 27.

A capacity crowd of 72,300 watched as Texas' seven-game winning streak, including a Cotton Bowl win over Mississippi, was snapped by the fired-up Owls.

Rice tied Louisiana State, 6-6, to start the season, but then lost its other three games.

With 10 minutes left in the game, and Texas looking its strongest of the night, Kerbow rolled out on a third-and-seven and hit Graham in a corner of the end zone with a perfect pass to give Rice the tie. Kerbow converted, with his kick barely sailing over outstretched Texas linemen.

The tying drive began on the Rice 42 after Ernie Koy, who kept the Owls in trouble with his punts, kicked only 27 yards.

End Johnny Sylvester caught clutch third-down passes of 12 and 15 yards to sustain the Rice drive.

Texas had a hard time getting

Rubin Carter Whips Foe

NEW YORK (UPI)—Rubin (Hurricane) Carter, middleweight slugger of Paterson, N. J., made a sensational Madison Square Garden main event debut by scoring a first-round knockout Saturday night over contender Florentino Fernandez of Cuba, whom ringside physicians feared may have suffered a mild brain hemorrhage.

McMurry Upends Corpus Christi

ABILENE (UPI)—McMurry scored in every quarter to wallop the University of Corpus Christi 60-20 Saturday in a homecoming game before 2,500 fans.

It was McMurry's fourth win against three losses. Corpus Christi is winless in seven games.

Two McMurry players scored two touchdowns each. End Jerry McLeod caught scoring passes of 44 and 21 yards from Manley Denton. Halfback Donald Davis ran three yard for one TD and caught a 17 yard pass from Lee King for another.

Miami Loses

The District 3-B eight man football race is all but over as Booker romped to a 38-14 victory over the Miami Warriors in Warrior Field Friday night.

Mickey Kivelevich and Jim Flowers got the Warriors off on the right foot with touchdown runs of five and 15-yard runs, but the visitors were not to be denied victory. Flowers ran over for Miami's extra points.

Wildcats Beaten

Clarendon slipped by the Canadian Wildcats in a Dist. 2 - A game Friday night in Canadian by a score of 14-6. A small crowd was on hand for the game.

The Wildcats broke into the scoring column with only seconds left in the game. Robert Lewis scored the TD on a five yard run.

The try for the extra points failed.

Texas Aggies Calm Bears, 6-3

WACO, Tex. (UPI)—Big Mike Clark, a two-year letterman senior from Longview, Tex., calmly kicked a 42-yard field goal with 31 seconds remaining Saturday night to give Texas A&M a hard-fought 6-3 victory over Baylor in a Southwest Conference game.

A Baylor homecoming crowd of 35,000 groaned as Clark's kick sailed true following a 45-yard pass from quarterback Kim Keller to halfback George Hargett that put the Aggies in range.

Clark had tied the game at 3-3 with only 4:32 left with a 28-yard field goal. A&M had set that one up with a drive from its own 47 to the Baylor 11.

The Bears' Carl Choate had staked Baylor to a 3-0 lead in the first quarter when he kicked a 23-yard field goal.

Baylor quarterback Don Trull had a big night passing with 14 completions on 26 tries for 158 yards but the Aggie line continually held when pressed deep in its own territory.

Choate has his crack at a 42-yard field goal late in the third quarter but the ball sailed wide to the left.

The Aggies almost wrapped up the game in the play prior to Clark's game-winning kick but Hargett stepped just out of the lip of the end zone coming down with a pass thrown by Keller.

Coach Hank Foldberg's Aggies completed only two of 15 passes but one was the big 45-yarder that set up the winning points.

Baylor 3 0 0 0-3
Texas A&M 0 0 0 6-3

Southern Cal Raps Illinois

CHAMPAIGN, Ill. (UPI)—Mighty Southern California, hobbled by penalties and a pesky Illinois defense, struck twice on touchdown plays of more than 70 yards each Saturday in a 24-16 win over the Illini.

It was the fifth win in a row for the fifth-ranked Trojans and the fifth straight loss for winless Illinois.

The fighting Illini lived up to their name, but the Trojans beat them down on a 73-yard pass from quarterback Pete Beathard to end Hal Bedsole for one touchdown and halfback Willie Brown's 73-yard dash off tackle for another.

Bedsole also scored the first Southern California touchdown on a 38-yard pass from Beathard.

Minnesota Cracks Whip On Michigan

ANN ARBOR, Mich. (UPI)—Minnesota brandished a rock-ribbed defense and the passing of quarterback Duane Blaska Saturday to whip Michigan, 17-0, in a Big Ten battle for the Little Brown Jug.

Blaska tossed two touchdown passes and Collin Vischer kicked a 24-yard field goal to put a damper on a Michigan homecoming crowd of 65,484.

It was the Gophers' second conference win in three starts as they retained possession of the coveted piece of earthenware for the third straight year. The loss was Michigan's third straight in the Big Ten—all by shutout scores.

Arkansas scored twice more, one set up by Jim Hatfield's 77-yard kickoff return and the other scored on a 38-yard punt return by Freddy Melder.

Arkansas 14 21 14 0-49
Hardin-Simmons 0 0 7 0-7

Bucks Blast Rival In 1-AA

The Bucks of White Deer made harmless snakes out of a potentially dangerous band of Rattlers before 1500 fans in White Deer Friday night to the tune of 38-14 in a Dist. 1-AA struggle.

The Rattlers of Stinnett failed to strike the fleet Bucks in the first half, but managed to sink their fangs deep twice in the second half of action.

The swift Bucks raced for 36 points, 251 yards rushing, and 12 first downs dominating the entire first half of play.

White Deer launched a 66-yard touchdown drive on eight plays late in the first quarter scoring its first touchdown. Tailback Tommy Elliot plowed 10 yards for the initial TD. Quarterback Jimmy Thurmond scampered 38 yards on a keeper moving the ball to the 10 from where Elliot scored on the next play. Elliot's kick was wide on the extra point try.

On the first play of the second quarter, fullback Mike Hefner blasted over from the one foot line for the second TD. The play followed a long scamper by Elliot of 23 yards. Wingback David Clemens pounced a Rattler fumble on the 25-yard line setting up the TD. Elliot ran around the Rattlers' line for the extra points.

The third White Deer TD resulted on an aerial from Thurmond to Clemens good for 24 yards. In the same TD drive, the combination of Thurmond to Clemens netted 20 yards via the air. Elliot raced around the Rattlers for two more points.

Long Gallop
Clemens blasted through the reptiles' line and galloped 64 yards to set up the final White Deer touchdown of the first half. Curtis Campbell toted the ball three yards for the TD. Larry Marler attempt.

Unbeaten Alabama knocked the wind out of the Tulsa Golden Hurricanes with a 21-point first half Saturday and cruised easily to a 35-6 victory.

The third-ranked Crimson Tide, sharpening its offense for the November stretch drive, substituted liberally throughout the contest but the Alabama defensive grip on the hapless visitors held tight until the closing minutes of the game.

Only the booming punts of the Hurricanes' Stuart McBirnie and the defensive play of guard John Rougout and linebacker Curt Wheelless kept the score from going higher.

Cotton Clark, the Southeastern Conference's leading scorer, added two touchdowns on runs of two and 91 yards to run his season total to 62 points.

Quarterbacks Joe Namath and Jack Hurbit scored on runs of one yard each and Gary Martin added the fifth touchdown on an eight yard run. Tim Davis kicked three extra points and Hurbit passed to Martin for two points.

Tulsa scored its only touchdown with little more than two minutes left, thanks to a pass interference penalty which put the ball on the Alabama two. Jerry Swanson ran it over from the one but McBirnie's attempted conversion was blocked.

Alabama's powerful line kept Tulsa in check easily on the ground. The Crimson Tide employed a four and five-man rushing line which effectively killed the Hurricanes' passing game.

McBirnie and Ramiro Escandon were unable to hit pass-catching end John Simmons with any success as he was constantly guarded by two men.

Alabama's Clark turned in the running gem of the day when he took a McBirnie punt on his own nine yard line and twisted and fought his way down the sidelines for a 91-yard touchdown.

Alabama 7 14 0 14-35
Tulsa 0 0 0 6-6

LSU Tops Florida 11

BATON ROUGE, La. (UPI)—The Louisiana State Tigers bottled up the Florida Gators' vaunted offense and unleashed a juggernaut of their own named Jerry Stovall Saturday to pound out a 23-0 victory before 67,500 fans.

The win kept LSU among the nation's unbeaten teams with a 5-0-1 record. Florida is now 3-3.

Stovall, a high-stepping 195-pound senior halfback, scored two of the Tiger touchdowns and kept the Gator defense baffled with his quick scampers and fine pass reception.

LSU took a 3-0 lead in the first quarter on a 21-yard field goal by Lynn Amedee and got its first touchdown in the second period on a five-yard scamper by halfback Bo Campbell.

Stovall made it 16-0 in the third quarter when he grabbed a 15-yard scoring pass from Jimmie Field, and he closed out the scoring with an eight-yard touchdown run in the final quarter.

Florida entered the game after scoring 84 points in its last two contests but never seriously threatened.

Seymour shared the ball-carrying with three other backs in the second half as the Cadets drove 46 yards in six plays for their second score. Ray Falke carried the final two yards with Dick Haydt converting for the second time.

Army Wallops Geo. Washington

WASHINGTON (UPI)—Army, led by the armored-tank plunges of John Seymour, showed its preference for ground warfare Saturday and defeated George Washington, 14-0, at District of Columbia Stadium.

A chilled crowd of 26,065—the biggest ever to watch George Washington saw the Cadets throw only 12 passes and completing 4 victory.

Seymour set up Army's first touchdown by tearing for 47 yards in seven tries during a drive of 58 yards for the score. But it was George Pappas, carrying for the second time in the game, who plunged the final yard into paydirt.

Seymour shared the ball-carrying with three other backs in the second half as the Cadets drove 46 yards in six plays for their second score. Ray Falke carried the final two yards with Dick Haydt converting for the second time.

Southern Methodist Crushes Texas Tech

LUBBOCK (UPI)—The revitalized Southern Methodist Mustangs equalled their entire 1961 victory output Saturday with a 14-0 triumph over Texas Tech that was led by fullback John Ed Clarke, who scored one touchdown and set up another.

It was the second consecutive victory for the Mustangs under their new coach, Hayden Fry, and gave them a 2-3 season record and 2-0 Southwest Conference mark. It put them in at least a temporary tie for the conference leadership with the nationally No. 1 ranked Texas Longhorns.

SMU scored first and third period touchdowns and held off a sputtering Texas Tech offense to gain its first back-to-back victories in three seasons.

The Mustangs used a one yard plunge by second unit quarterback Max Derden and a 4-yard dive by Clarke to hand the Red

BULLETIN

TUCSON — West Texas State's Buffaloes fell from the ranks of the unbeaten as the Arizona Wildcats upset the Buffs, 8-3 last night. The loss broke the Buffaloes' six-game winning streak.

Fullback Ted Christy scored the winning touchdown with 2:58 left in the game. Moments earlier the Wildcats blocked a WTSC punt in the end zone for a safety.

West Texas kicked a field goal early in the first quarter for its only score.

Boxing Redeemed

Tiger Fight Lifts The Cloud Left By Patterson Fiasco

By BILL McCORMICK
Newspaper Enterprise Assn.
NEW YORK (NEA) — A couple of honest old ring workmen did much to redeem the fight racket in the battle of San Francisco.

DICK TIGER
"Late Blooming Specimen"

The fact that Dick Tiger won the middleweight championship is of small import. What does count is the way he did it—and the manner in which battered Gene Fullmer stayed upright for 15 rounds and battled as long as there was even an outside chance of his landing a punch.

The minor war at Candlestick Park proved there is still some fight left in the old game. It even blew away some of the bad odor left by Floyd Patterson's pathetic "defense" of the heavyweight title against Sonny Liston.

Piqued by the high priced routine they took on the Patterson-Liston fiasco, the public stayed away in droves from the theaters in which Tiger and Fullmer enacted their thrilling drama on closed circuit television. The live gate in San Francisco was hurt by repeated postponements and threatening weather.

Everybody concerned, except possibly Tiger — who was guaranteed \$25,000 — lost money, but the return bout which is almost certain for either Las Vegas, N.M., or Bozeman, Mont., early next year should get them even. If they could put Tiger and Fullmer on every week, they'd have to build more theaters to hold the customers.

For all the praise due the outgoing champion for making a stand, it was really Tiger who made the fight. Fullmer is a mauler who keeps charging in like a billy goat. Confined, either by accident or design, to a ring only slightly larger than a postage stamp, Tiger roughed up the rough guy, even proved that Fullmer has a reverse gear by forcing him into full retreat on occasion.

Tiger, a native of Nigeria (his real name is Richard Ihetu), admits to being 33 years old. British

writers say he was almost that old, officially, when he knocked out Terry Downes in London in 1957. Whatever his age, Tiger is a late blooming specimen.

He was only moderately successful in England, losing a few here, winning a few there. His American debut in 1959 was inauspicious. Then he scored 12 victories in 14 starts. Going into the Fullmer fray, Tiger had seven straight victories.

Tiger's American affairs are managed by Jersey Jones, one of the few remaining capable managers. The new champion is happy-go-lucky out of the ring and usually wears a wide grin when not engaged in his grim profession.

He delights in misleading people about his native land, which is one of the most civilized countries in Africa. Asked by a waiter how he wants his steak, more often than not he will reply, "Do it your way. I don't know about steaks. In my country we eat people."

Tiger's only business venture to date has been the purchase of a hotel in Nigeria. The hostelry has proved an artistic, but not financial, success because all his relatives — many of whom he never heard of before — moved in as non-paying guests.

"Guess I'll have to go home and fight them to make room for some cash customers," grins champion Dick Tiger.

Ohio State Raps Wisconsin, 14-7

COLUMBUS (UPI)—Ohio State knocked Wisconsin from the unbeaten ranks Saturday with a fourth period touchdown for a 14-7 Big Ten victory before 82,540 chilled fans and a regional television audience.

The Buckeyes, bounding back from last week's loss to Northwestern, broke up a tight defensive battle with a 57-yard scoring drive midway in the fourth period. Quarterback John Mummey smashed over from inches

away to apply the clincher with 7:16 remaining.

The Badgers, who carried a 4-0 record into the game, have not won a game in Columbus since 1918 and in 12 series games, have nine losses and three ties.

A costly 15-yard roughing penalty aided the Buckeyes in their payoff drive, and seemed to light a fire under an offense that had been stalled since the opening period.

When the referee realized what had happened, he nullified the run and threw Sayers out again. The run, if it counted, would have given Sayers 283 yards rushing. Instead he wound up with 268 yards three short of the mark set last year by Iowa State's Dave Hoppmann against Kansas State.

It took slow-starting Kansas half the game to get its offense moving, but the Jayhawks woke up and put on a four-touchdown second-half rally. Sayers scored on a spectacular 96-yard dash down the sideline in the third quarter, and also racked up 69 and 33 yards.

It was the fourth win this season for Kansas in six games, and the third loss for Oklahoma State against two wins.

Robert E. Lee Stops Berger

Robert E. Lee's Rebels blanked Sam Houston of Berger, 22-0 in a Friday afternoon battle with the Rebels completely dominating the affair over the host team.

The Rebels scored in the first quarter on a pitchout from Mike Burnett to Buddy Myers who raced seven yards to pay dirt. On the extra points attempt, Burnett carried the ball into the end zone and fumbled it. Tackle Joe Fritz fell on the football for the Rebels.

David Schaubb scampered 55 yards for the second Rebel TD. Halfback Mike Brown raced over for the extra points.

In the third quarter, the Rebels scored again as Wendell Wajon slanted through the middle of Berger's line and galloped 25 yards for the TD.

Defensive standouts for Joe Perryman's Rebels were David Schaubb, Mike Burnett, Jimmy Cornutt, Steve Summers, George Bailey, Wendell Watson, and Keith Burns.

Rodney Hall, Johnny Ray, and Jimmy Cornutt were singled out by Perryman for fine jobs on offense.

The Berger team gained three first downs in the tussle.

Perryman cited team effort and downfield blocking as keys to the team's success against Sam Houston.

Ocean waters contain by far the greatest proportion of fishes, both in number of species and individuals.

Looney scored the third touchdown of the first period with a seven-yard run.

Lance Rentzel scored the fourth touchdown for Oklahoma, going over from the one.

The final three Oklahoma touchdowns came in the last half on two one-yard bucks by Dempsey and a two-yard run by Grisham.

It was the 26th straight win for Oklahoma over Kansas State, the perennial Big Eight doormat. The victory pushed Oklahoma's Big Eight mark to 2-0 and its overall record to 3 and 2.

Oklahoma	21	7	12	7-47
Kansas State	0	0	0	0-0

Missouri Dashes Past Iowa State

COLUMBIA, Mo. (UPI)—Missouri overcame a rash of driving pass interceptions with a skillful ground attack Saturday to defeat Iowa State 21-6 in a Big Eight Conference football game.

Missouri's Johnny Roland and Paul Underhill each picked up more than 100 yards rushing as the Tigers rolled up 348 yards on the ground.

Roland, the conference's leading rusher going into the game, added 104 yards on 24 carries. The halfback was second to Iowa State's Dave Hoppmann in scoring at the start of the game and now the two stars are tied with 54 points each.

Kansas Jars Okla. State

STILLWATER, Okla. (UPI) — Flashy sophomore Gale Sayers almost broke the Big Eight Conference rushing record Saturday as Kansas beat Oklahoma State, 26-17, but officials tossed him out of the game in the final minutes.

A free for all broke out between the two teams after Sayers was tackled by Oklahoma State's Don Derrick. Sayers was ejected for taking a punch at Derrick, but he came back a few minutes later and got a 15-yard gain.

Georgia Tech Routs Tulane Green Wave

ATLANTA (UPI) — Georgia Tech's Yellow Jackets, with triple-threat Billy Lothridge a whiz as usual, crushed Tulane 42-12 Saturday in their finest offensive display in a decade.

Lothridge, delighting a homecoming crowd of 46,370 with his running, passing and kicking, gained 183 yards in less than three periods and then retired to the sidelines to watch his teammates run up the score on the hapless Green Wave, which suffered its sixth straight loss of the season.

Lothridge set up Tech's first two touchdowns and scored the fourth himself on a 12-yard run. He passed for a two-pointer after the first touchdown and kicked extra points after the next two.

However, it was Tech's sophomore halfbacks who furnished some of the biggest individual thrills. Jerry Bussell, who returned a punt 75 yards last week against Auburn, scored on a 93-yard kick-off return at the start of the second half Saturday and Tommy Jackson ripped off 37 yards in the march that led to

Lothridge's touchdown.

Tulane, which scored a touchdown early in the second period after a 72-yard march, almost got another after Bussell's run when sophomore halfback Jerry Graves raced the ensuing kick-off back 76 yards before being brought down from behind by tackle Ed Griffin.

Tech scored twice in the first period on sustained marches built mainly around the running and passing of Lothridge.

Tulane cut the gap to 15-6 early in the second period on an 8-yard run by Graves. Tech threatened twice in the second period but was unable to pad its lead before intermission.

Tech led 28-6 after three periods following those runs by Bussell and Lothridge and senior quarterback Stan Gann then took over the quarterback slot from Lothridge and personally added the Yellow Jackets' final two touchdowns in the fourth period—the first on a one-yard sneak and the other on a 23-yard pass to sophomore end George Morris.

Georgia Tech 15 0 13 14—42
Tulane 0 6 0 6—12

Oklahoma Sooners Blank Kansas State In Big 8

NORMAN, Okla. (UPI) — Oklahoma scored the first four times it had the ball and its thunderous ground game clocked for 485 yards Saturday as the Sooners romped to an easy 47-0 rout of over-matched Kansas State.

Power runners Jim Grisham, Joe Don Looney and Bud Dempsey each scored twice as Oklahoma moved at will against the porous Kansas State defense.

Squid Sooner defenders meanwhile held Kansas State to only ten yards rushing and kept the Wildcats in their own territory until late in the fourth quarter when Doug Dusenbury hit Willis Crenshaw on a 60-yard pass-play to move to the 33 yard line.

After Oklahoma raced to a 28-0 halftime lead, Sooner coach Bud Wilkinson cleared the bench, using all 55 men he had suited up. But the onslaught continued and the 41,000 partisan fans found new heroes among the seldom-seen substitutes.

So effective was the Oklahoma surge that the Sooners did not punt all afternoon.

Grisham, though used sparingly after the first half, picked up 165 yards in 19 carries and Dempsey, his replacement, collected 96 yards on 16 carries. Between them they kept the Kansas State middle line softened up all afternoon.

It was primarily a running game for both teams as Oklahoma completed only two of 11

passes and Kansas State three of 13.

Oklahoma, in handing Kansas State its sixth straight loss and its fifth shutout this season,

Auburn Edges Clemson Tide

CLEMSON, S. C. (UPI)—Tenth-ranked Auburn scored two touchdowns within 95 seconds and added a decisive field goal by Woody Woodall to edge stubborn Clemson 17-14 Saturday and remain unbeaten and untied.

The loss was the third in a row at home for Clemson — an unprecedented event in the football history of the strong Atlantic Coast Conference team.

Billy Edge, a sophomore halfback, set up both Auburn touchdowns in the second period with fumble recoveries. Fullback Larry Rawson came up with both of the scores on a short run and a pass from Mailon Kent.

Clemson had the score knotted 14-14 at the half as a result of a 37-yard touchdown pass from Joe Anderson to end Oscar Thorsland and an 11-yard scoring run by halfback Hal Davis.

But Woodall, a junior from Atlanta, broke the tie with a perfect 27-yard kick early in the fourth quarter to give the Southeastern Conference Tigers their fifth win in as many starts.

passed and Kansas State three of 13.

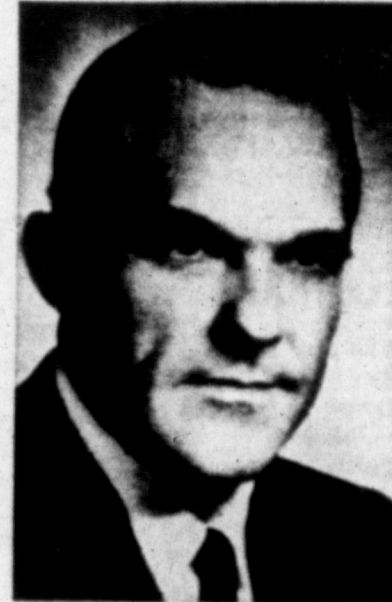

Oklahoma, in handing Kansas State its sixth straight loss and its fifth shutout this season,

Missouri Dashes Past Iowa State

COLUMBIA, Mo. (UPI)—Missouri overcame a rash of driving pass interceptions with a skillful ground attack Saturday to defeat Iowa State 21-6 in a Big Eight Conference football game.

Missouri's Johnny Roland and Paul Underhill each picked up more than 100 yards rushing as the Tigers rolled up 348 yards on the ground.

Roland, the conference's leading rusher going into the game, added 104 yards on 24 carries. The halfback was second to Iowa State's Dave Hoppmann in scoring at the start of the game and now the two stars are tied with 54 points each.

Hurricanes Belt Air Force, 21-3

By GENE MEAKINS
United Press International
AIR FORCE ACADEMY, Colo. (UPI) — George Mira's razor-sharp passes... carving out crucial yardage in all three touchdowns, swept the Miami Hurricanes past the Air Force Academy, 21-3, at the wind-blown Falcon Stadium Saturday.

The Miami quarterback set up all three touchdowns. He ran for one and passed for another. The only time the crowd of 32,787 got a chance to cheer was for a 55-yard field goal that put the Air Force ahead, 3-0, midway in the second period. Fullback John Gavin booted the field goal with the aid of a 20-mile per hour wind.

After that, however, the big Miami line and the deft passing of Mira proved too much for the under-manned Falcons. Mira scored a touchdown late in the second period to lead, 7-3, at halftime, and then added the two clinchers in the third period.

The 6-foot, 175-pound Mira, although completing only 5 of 14 passes for 74 yards in the first half, connected on 3 of 3 for 44 yards against the wind in the first scoring march. Fullback Ken Hunt smashed three yards for the score to end the 74-yard drive.

Mira carried the Hurricanes 37 yards in 10 plays for their second touchdown. The key was a 15-yard pass to halfback Nick Spinelli on a third and eight situation to the Air Force 40. Mira scored that touchdown on a three yard run.

The rifle-armed Mira connected on 3 of 4 passes for 30 yards in taking Miami 69 yards in 10 plays for the final touchdown.

The big play was a six-yard pass to end Bob Werl for the touchdown on fourth down. It was Mira's eighth touchdown pass of the season.

Air Force 0 7 14 0-21
Miami 0 7 14 0-21

Purdue Buries Iowa Hawkeyes

IOWA CITY, Iowa (UPI) — Ball-hawking Purdue capitalized on Iowa's season-long habit of giving the ball away Saturday and handed the Hawkeyes a 29-3 defeat before 60,000 disappointed homecoming fans.

Purdue, notching its second Big Ten win without a loss, broke a close game open in the third quarter and scored twice on drives set up by an intercepted pass and a personal foul penalty.

A Junior Bowling Tournament is slated to climax a three day instructional clinic for Pampa youths this Saturday sponsored by the Pampa Jaycees. The tournament will get underway at 10 a.m. on Nov. 3.

The free bowling clinic will be conducted on Monday (Oct. 29), Wednesday (Oct. 31), and on Friday (Nov. 2) afternoons from 4:30 p.m. at the Garden Lanes Bowling Alley. The tournament will be held at the same place.

Entry blanks for the tournament are in all the schools and must be completed and turned in with a one dollar entry fee by 5 p.m. on Friday, according to tournament officials. Entries will also be accepted at the Garden Lanes.

The tournament is divided into three general divisions with subdivisions. Trophies will be awarded to first place winners and certificates to second place.

The three general divisions are Bantams (grades 1-6), Juniors (grades 7-9), and Seniors (10-12 grades). Each of these divisions will be divided into boys and girls sub-divisions. The bowlers will compete in either novice class or open class according to their previous experience.

Nebraska Staggers Colorado University

By JACK BACON
United Press International
BOULDER, Colo. (UPI) — Undeclared and untied Nebraska exploded for three touchdowns and

a safety during a savage 10-minute attack in the third period Saturday and rolled to a 31-6 victory over Colorado in a Big Eight Conference football game.

The Cornhuskers scored their sixth victory of the season and their third in the Big Eight after Colorado surprised a homecoming crowd of 35,500 by stopping Nebraska's only two serious first half threats and chalked up a 6-0 halftime lead.

But in the third period, Nebraska racked up 23 points to flatten Colorado's hopes of snapping a three-game losing streak.

The tide turned for Nebraska when end Jim Hoge recovered Colorado fullback Bill Symons' fumble on the Colorado 28.

On the next play, halfback Rudy Johnson blasted off left tackle for Nebraska's first touchdown.

Nebraska mounted its first successful sustained drive the next time it got the ball. Quarterback Dennis Claridge circled left end on a keeper play for 30 yards and a touchdown to end a march from the Husker 20.

Less than a minute later, Colorado quarterback Frank Cesarek was tackled in the end zone by end Larry Tomlinson while trying to pass.

Nebraska scored again on an 11-yard pass from Claridge to end Bill Comstock two minutes later.

Nebraska scored its final touchdown during the last minute of play. Fullback Gene Young carried it over from the two, to end a drive that started on the 56.

Colorado capitalized on a pass interception in the second period for its lone score. Fullback Dick Melville picked off a deflected Claridge pass on the Colorado 30, and returned it to the Nebraska 33. Symons scored from the one three plays later.

Boston College Sinks Houston

By RON SUPINSKI
United Press International
NEWTON, Mass. (UPI) — Defense-minded Boston College stormed back in the second half Saturday on the passing of quarterback Jack Concannon to defeat Houston 14-0 in an intercollegiate battle of independents.

Concannon, a junior signal-caller, threw a 32-yard touchdown pass to end Art Graham in the final period. Harry Crump, a fullback, and halfback Jim McGowan stepped off runs of 19 and 17 yards before the TD.

Michigan State Bounces Indiana

BLOOMINGTON, Ind. (UPI) — Michigan State's speedy Spartans, paced by fullback George Saines with three touchdowns, outclassed Indiana Saturday, 26-8, for their second consecutive Big Ten football triumph.

Coach Duffy Daugherty's club ran through the Indiana defense with such ease during the first few minutes the crowd of nearly 25,000 sensed a rout.

But the Hoosier defenders recovered five Spartan fumbles and Daugherty used his "big boys" only sparingly thus holding down the score. Also, Indiana quarterback Woody Moore had three passes intercepted, one of them late in the fourth period when the Hoosiers threatened to rack up their second touchdown.

Michigan State's fast-moving crew scored twice in the first five minutes before the reserves took over.

The Spartans marched 86 yards in just three plays, Dewey Lincoln going the final 25 yards down the right sideline. A few minutes later from the IU 39 Sherman Lewis dashed 29 yards on the first play and Saines plunged over on the next.

NOW IS YOUR CHANCE MR. & MRS. PAMPA TO VOTE FOR MUCH NEEDED CITY IMPROVEMENTS!

HERE ARE THE FACTS SUPPLIED BY YOUR TEXAS STATE HIGHWAY DEPARTMENT!

U.S. 60, in addition to carrying through traffic, is a commuter route between various parts in Pampa and the heavy industrial areas nearby . . . The highway consists of a section approximately 60 feet wide which is in poor condition. Part of this route is congested because of "in and out" traffic from business establishments.

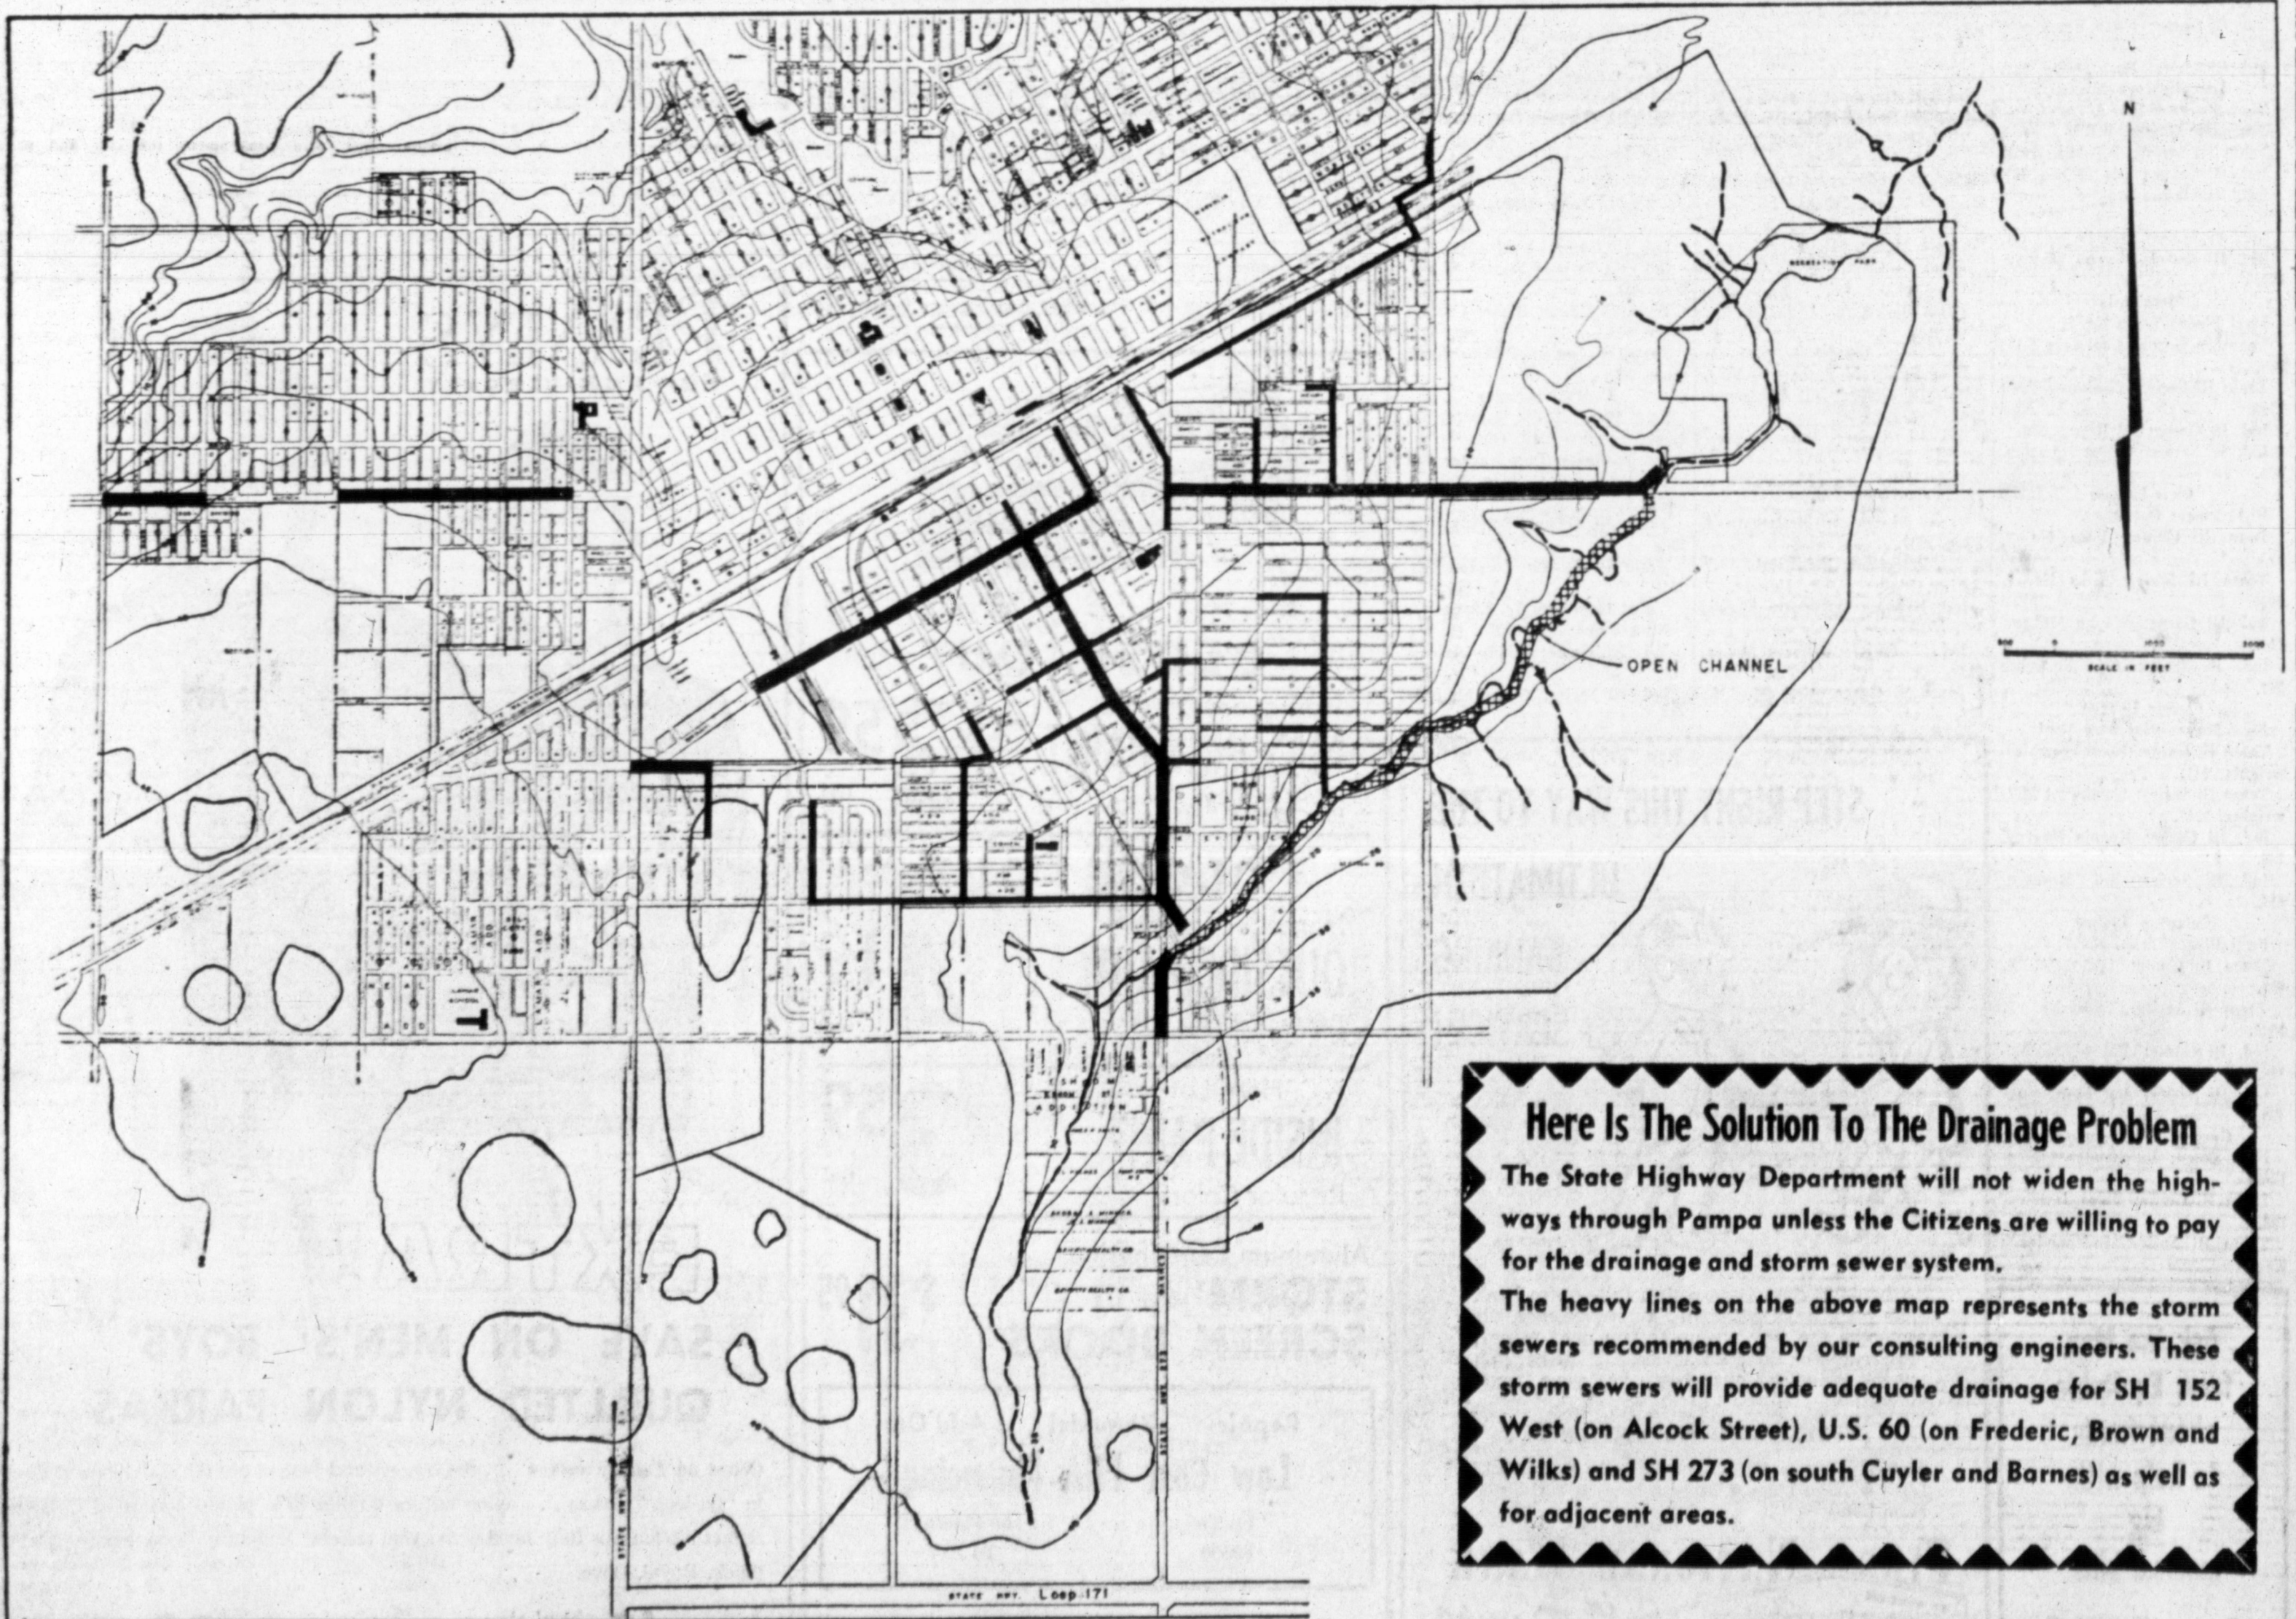

SH 152 is a commuter route between Pampa, the oil fields, industrial installations and agricultural areas west of the City. From the west side of town to Hobart Street it is variable in width and is badly congested.

SH 213 from Pampa, southeast is now carrying 3,290 vehicles per day (this count is exceeded only by US 60 West and U.S. 152 West). Its present design is obsolete for this volume of traffic.

ALMOST 87% OF THE VEHICLES ENTERING AND LEAVING PAMPA USE SH 152 AND ROUTES SOUTH OF THIS HIGHWAY. 85% OF THIS TRAFFIC HAS EITHER ITS ORIGIN OR DESTINATION WITHIN THE CITY OF PAMPA.

NOW IT'S UP TO YOU.... State Highway Engineers have recommended improving these routes. The State Department will widen and pay for the highway construction if Pampa will provide money for part of the right of way and all of the drainage costs. If U.S. 60 is not improved so it can carry more traffic through Pampa, a by pass will be constructed around the City. Pampa can provide its share of the money by this bond issue and will cover only a negligible increase in taxes. This is a small price to pay for the added safety and convenience the proposed improvements offer. Pampa must have modern, adequate highways in order to survive and grow.

KNOW THE FACTS AND VOTE FOR PAMPA'S PROGRESS -- VOTE FOR THE BONDS!

Here Is The Solution To The Drainage Problem
The State Highway Department will not widen the highways through Pampa unless the Citizens are willing to pay for the drainage and storm sewer system.
The heavy lines on the above map represents the storm sewers recommended by our consulting engineers. These storm sewers will provide adequate drainage for SH 152 West (on Alcock Street), U.S. 60 (on Frederic, Brown and Wilks) and SH 273 (on south Cuyler and Barnes) as well as for adjacent areas.

Peg O' Pampa

NO, WE HAVE not sat glued to our television set this week lamenting world affairs. We have been out walking on these Indian Summer afternoons. The Autumn weather, leading up to this column, has been so beautiful. Sunny, warm, and calm. During our strolls, we have contemplated organizing ANOTHER CLUB... which would have large badges, instead of the usual, small pins, identifying members as "Walkers Because We Like To"... a funny thing, in this day and age, our friends, bless 'em, always seem to think we've lost our car keys... are out of gas... have a flat tire... or there is some other disaster afoot... when we are!

WE HAVE ENJOYED the Autumn flowers around our neighborhood... a clump of vivid-hued chrysanthemums here... lovely roses there... towering pyracantha laden with clusters of orange berries just across the street... noticed how the sun casts new and different shadows and angles on the same familiar trees and houses... how television-antennas atop every house in the block glistened in the afternoon sun... how a string of sparrows sat peew-fashion along a telephone wire... silhouetted against the late afternoon sun... how carefree the children seemed walking home from school... loads of books under their arms... dragging their sweaters and coats... stopping now and then to chatter and giggle... how cheerily the paper-boy whistled as he tossed the evening paper within easy reach on the porch... even the unbecoming kiss on the cheek from the man-of-the-house as he came in from the office and unfailingly asked "What's for dinner?"... and from the bedroom "Hey Mom, you didn't iron today!"... after our afternoon away from the darkened glass-eyed box in the family room... walking in the clean, clear and fresh afternoon air... everything... often taken for granted... seemed so worthwhile and dear.

Energy may be turned to bad uses; but more good always may be made of an energetic nature than of an indolent and passive one.—John Mill.

THANKS TO THE Pampa Art Club for sharing the art work of Dr. Emilio Caballero, head of the Art Department at West Texas State College in a week-long exhibit in Lovett Memorial Library. His one-man show of oils, water colors, tempera painting and glass-fired murals provided a feast for the eyes and spirit... there was a steady flow of art viewers at the Open House last Sunday afternoon between the hours of two and five... buzzing in group discussions or standing quietly contemplating the work before them... didn't understand what why those paintings weren't titled but, perhaps, Dr. Caballero lets the viewers name them from the impressions they receive... as we did with our favorite that suggested a "Texas Blue Norther" rolling in over the roof top of an isolated farm-house during our communing with the Arts, we did take side-long glances at who else was doing the same thing... noticed Dr. and Mrs. Oscar Huff... Ruth Huff... Gene and Nancy Imel... Lois Teale... Alleith Curry and Jean Braly... Katie Vincent and her daughter, Kathryn Steele... Lynn Roberts with Homer and Anita Krueger... they were exposing their young sons to the fine Arts, too... Azile Loftus, who spends most of her time in Amarillo these days... Betty Boswell and her mother, Mrs. Roy Boswell... all were pondering the talent that flows from Dr. Caballero's fingertips... helping to explain painting techniques were some of the Pampa Art Club hostesses... Leone Davies... Viola Doggett... Ann Heskew... Oliver Hills and Mona Cox.

QUIP-OF-THE-WEEK... seven-year-old Susan Fatheree, one of the pride and joys of Warren and Frances was asked by her second grade teacher of Stephen F. Austin to define the word "platform"... after a lengthy and intelligent definition of the word, she ended by saying "and my daddy has one, too!"

EL PROGRESSO STUDY CLUB has the most fascinating study theme for their club year titled "Woman's World"... the club is celebrating its fourth year of organization and federation this year... (wonder why inanimate objects and other females are given a definite age by woman?)... on Tuesday afternoon, club members entertained in the library with a tea and invited friends in to share the afternoon with them... refreshments were served from a tastefully appointed table, which was covered with a grape-bordered cloth centered with a tiered compote holding fruit and clusters of grapes matching the border around the cloth... Mrs. Glen Radcliff the club president, presided at the position of honor in front of the silver coffee service... El Progresso guests and members then heard Oma Link Rowley of Amarillo give "Broadway Reviews"... Mrs. Rowley, wife of a doctor and a former West Texas State College speech and drama teacher, could very well be tagged "Mrs. Little Theater" for she has been the guiding light of that city's amateur theatricals for the past 35 or 36 years beginning when she first moved to Amarillo... he has the enviable position of going to New York City... and several times to Europe... to view the current season's newest plays and to sign them up for presentation in Amarillo, where they are released to amateur groups... Mrs. Rowley is a vital person with good taste and convictions, which makes it easily understandable why ALT has grown to the stature it has today... words of advice she left with those who wish to establish Little Theater groups are "never be tired to do just one more thing"... "never be too dainty and fear ruining a manicure"... "don't be clique-ish"... "watch the moral standards of your group"... "and never establish the star system"... the "guest party" brought out a lot of attractive autumn costumes... Mrs. Lee Moore, chic in black accented with a pearl necklace, wore a black velvet hat inverted petals forming a cloche effect... Betty Wright in a blue, petit-petalled pillbox complementing a gray suit... next-door neighbors, Maydelle (and if we didn't spell that right this time, we give up!) Lanehart and May Boston were accused of calling one another... like teenagers do... to see what the other planned to wear... they both decided on Electric Blue knits... May's complemented her blue spangled Shag Hat... and Maydelle's her, blue eyes and blue-stoned earrings... Lola Harper, who we know is mayor of Tooley Town on North Russell, where Joe and Dorothy are also residents, looked chic in a mauve suit with gray fur trim and was having a wonderful time after a sojourn in the hospital... others enjoying the afternoon were Mrs. Jimmy Schunemann... Kay to her school-chums... Mrs. Don Lane... Mrs. A. A. (Becky) Schunemann... Mrs. George Walstad, who is a charter member of this 40-year-old club... Esther Schmitzer... Ethel Clay... Jewel Nance... Jessie Newberry... sorry when the curtain had to go down on a pleasant afternoon of "A Woman's World"... In The Theater.

WONDER IF THE Bob Williams... the Joe Gordons and the L. J. Zachrys are dining on pheasant-under-glass this week... after this bird-posse's return from a winged rendezvous last weekend to the Dakotas... wonder what Lorane Locke means when she says Altrusa have something very spicy and sparkling planned in the way of projects this year... the spicy part could be their annual Chili Supper by candlelight on November 12... but what about the sparkling part?? they're having a 10th birthday party tomorrow night in the Coronado Inn with a lot of dignitaries in attendance... locally and from all over the state... this is all we have to offer this week... other than to remark it's about time to stop paying to have the air cooled in your home and time to start paying to have it warmed... whatever happened to that old cliché... "well, at last, the air is free"? Love 'ya Peg.

NUPTIALS ANNOUNCED

Miss Zoy Ann Coronis (Photo, Butler Studio)

The engagement of Zoy Ann Coronis to Don Robert Crutchfield is being announced by her mother, Mrs. Bill Coronis, 911 Fisher. The bride-groom elect's parents are Mr. and Mrs. James Roy Crutchfield of White Deer. The wedding is planned for Nov. 3, in St. Matthews Episcopal Church.

RUTH MILLETT

One reason why men don't understand women is that women are forever changing. That's what a woman psychologist told a group of men attending a national convention.

By way of explaining what she meant she added: "A woman may be dull and uninspired one day... but she'll come up with something the next."

In other words, men, just give her time and wait and see what she comes up with. This is especially important for husbands to remember.

A woman may be down in the dumps at breakfast — but happy as a lark by dinner time. What she came up with in the meantime may have been a new hat, a new hair-do, a closet-cleaning session or lunch with a friend. What does it matter, so long as she managed to pull herself out of the doldrums?

A woman may fret for days because she has cabin fever. But the disease won't last indefinitely. She'll cure herself by planning a party, cooking up a weekend out of town, or just announcing that she has hired a baby sitter for the evening and wants to be taken out to dinner.

A woman may worry out loud because she feels she is mentally stagnating while she spends her days running after little children, making beds, cooking meals and washing and ironing clothes. But don't think she'll stay in that unhappy mood for long. First thing you know she'll happily announce that she has enrolled for a night school course, taken up painting, joined a woman's discussion group, or set herself to read a long list of the world's great books.

El Progresso Club Has Annual Guest Day Tea

El Progresso Club presented Oma Link Rowley of Amarillo who spoke on "The Theater," for their guest day tea, Tuesday Oct. 23 at the Lovett Memorial Library. Mrs. Glenn Radcliff, president, welcomed the guests to the fortieth anniversary year of the club and introduced the charter member still active, Mrs. George Walstad.

In introducing Oma Link Rowley, Mrs. Kermit Lawson stated that her name was synonymous with Amarillo Little Theater. Mrs. Rowley had taught in the speech and drama department of West Texas State College. Two tours of Europe were to see European theaters famous for their buildings and stage productions. Each season Mrs. Rowley attends a large number of the current New York plays.

Oma Link Rowley told of the beginnings and place of the community theater in American life. She discussed the type and trends of plays on the New York stage since World War II, stating that each year fewer plays of the New York stage were suitable for production on the stages of the "provincines" due to the obscurity of both

characters and language. She evaluated current and past season plays. Mrs. Rowley concluded with a question and answer period which covered summer stock, trials of a community little theater, plays for the current Amarillo Little Theater season, and names of present day good playwrights.

The autumnal theme was used for the tea table and the numerous chrysanthemum arrangements about the room. The table was laid with a fruit - printed linen cloth centered with a tiered fruit arrangement. All table appointments were of copper. Hostesses for the occasion were Mmes. Bernard Johnson, John son, John Gill, Veri Hagaman, D. V. Burton, and Elmer Fisher.

Tuists attending were: Mmes. Murray Castleberry, J. E. Thompson, C. S. Boston, Ed Woodall, Ray Wells, Ralph Dunbar, J. R. Schuneman, A. A. Schuneman, Don Lane, Charles Woolley, George Quible, W. J. Smith, Jerry Boston, Harold Schmitzer, C. O. Drew, Lola Harper, Fred Hart, Lee Moore, Ray E. Wilson, H. E. McGahay, Melvin Stephens, H. E. Watkins, Jack Riley, Joe

WEDDING ANNOUNCED

Mrs. Robert Carrol Narron (Photo, Smith's Studio)

Mr. and Mrs. W. M. Burns, 429 Naida, announce the marriage of their daughter, Jeannie Lee Ring, to Robert Carrol Narron, son of Mr. and Mrs. T. C. Narron, 611 Magnolia. Marriage vows were solemnized in the Polk Street Methodist Church, in Amarillo, with the Rev. Jordan Grooms, officiating. The couple are making their home at 1118 S. Hobart.

District Officer Named At Altrusa Conference

Mrs. Clyde Vanderberg... district honor

At the Seventh Annual Conference of District Nine, Altrusa International, Inc., held in the Rice Hotel in Houston last week end, Mrs. Clyde M. Vanderberg was appointed District Vocational Chairman for a two-year term by Altrusa District Governor, Miss Etta Jane Butler of Houston.

Local delegates to the Houston conference were Mrs. Lorene Locke, club president; Mrs. Clay Coston, vice president and Mrs. Inez Carter, chairman of the Pampa Youth and Community Center Committee; Mrs. Vanderberg, recording secretary.

Mrs. Vanderberg will correlate activities in the area of service of the 41 district clubs and report projects and activities to International Headquarters in Chicago, Ill. Altrusa's Ninth District is composed of Texas, Mexico (east of Sonora) and Guatemala.

The function of the Vocational Information Committee of Al-

trusa International, Inc. is to assist the young girl and mature woman in vocations with guidance, scholarships, career clinics, counseling, job forums, surveys and with aid from Founders' Fund grants to finance training and become employable.

"These grants range from \$50 to \$250. The Altrusa Club of Pampa," Mrs. Vanderberg stated, "has secured four of these grants of \$250 each for Pampa women who have received business training and are employed." The new vocational information chairman will assist all club chairmen throughout the district in vocational information planning and projects during the biennium 1962-64.

Mrs. Vanderberg is a charter member of the local club, which will celebrate its 10th birthday Monday evening in the Coronado Inn, when honored guests will be District Governor Etta Jane Butler of Houston; Mrs. Joella Terrill Butler of Wichita Falls, immediate past district governor and Mrs. J. W. Hooker of Abilene, district governor-elect.

Leading up to the district recognition, Mrs. Vanderberg served as president of the local club in 1960-1961; as vice president, director, corresponding secretary, and program co-ordinator. She has served as chairman of the finance, membership and public affairs committees and was delegate in 1959 to the International Convention in Chicago; the District Convention in Marshall, 1960; the 1961 International Convention in Denver; the recent conference in Houston; and has participated in Altrusa workshops in Amarillo, Borger and Pampa.

While at the 1962 District Conference in Marshall, she presented Pampa's bid for the 1963 Conference to be held here. The invitation was accepted by District Nine, which will convene in Pampa in October, 1963. Mrs. Vanderberg has been appointed to serve as general chairman for the district conference.

Mrs. Power Is Guest Of Honor At Luncheon Party

Mrs. F. W. Power was guest of honor at an introductory luncheon-bridge Wednesday afternoon given by Mrs. Robert E. Imel at the Country Club. Mrs. Power, who is the wife of the newspaper publisher, and her family moved recently from Harlingen.

The Powers have a son, John and two daughters, Patricia Ann and Carrie. They now reside at 1445 Evergreen.

Arrangements of autumn flowers and frosted purple grapes filled mahogany straw baskets centered on the tables for the French-influenced luncheon. Gifts were wrapped in autumn colors and Mrs. Power's held a grape cluster.

Guests welcoming Mrs. Power to the community were Mmes. Tom Snow, Robert Price, Ted Alexander, John Lee Bell, Malcolm Hinkle, Norman Henry, Dun Lane, Frank Carter Jr., Joe Cree, Hobart Fatheree, E. R. Sidwell, Bill Gabelman, W. G. McCormas, W. D. Price Jr., Bob Carubbi, Ben Fallon, and Glenn McConnell.

Fifth Study Course For Lamar Will Be "Know Your School"

The City Council Study Course No. 5, "Know Your School" will be held at the Lamar school, 1234 S. Nelson, Thursday morning, Nov. 1 from 9 to 11 a.m.

Mrs. Jack Foster will serve as moderator for a group of eight distinguished speakers on the topic, "Wake The Town and Tell The Parent." Speakers for the program will be Mayor Sidwell; L. P. Fort, commissioner of Ward No. 4; Jim Conner, chief of police; Bill Leonard, juvenile officer; Ernest Winborn, fire chief; Floyd Watson, school board member and vice-president of the First National Bank; Mrs. Nina Spoon-

more of the welfare department; and Mrs. Margaret Taylor, Lamar school, nutritionist.

Study course chairmen of Lamar are in charge of this program. They are Mrs. Charles Davis and Mrs. Don Hendricks.

A coffee break at 10 a.m. will be hosted by Mrs. Jack Nichols and Mrs. Ruby Walters, hospitality chairman for the school.

A nursery for pre-school children will be provided.

The public is invited to hear these community and city leaders speak on their particular duties to the city and to the parent.

Double-Ring Service For Carlile-Collins

Wedding vows were solemnized at 7:30 p.m., Saturday Oct. 20 in the First Methodist Church in White Deer for Eloise Ann Carlile, daughter of Mr. and Mrs. Lloyd R. Carlile, west of the city and Mark London Collins, son of Mr. and Mrs. T. F. Collins of White Deer. Rev. Curtis Lee officiated for the double-ring service.

Given in marriage by her father the bride wore a street-length sheath dress of taupe brocade peau de soie, with a high neckline and long tapered sleeves. A sheath and tunic jacket, with self-trimmed flowers was worn. The headpiece was of fur, holding the bridal veil. She carried a white prayer book covered with a shower of feathered white spider mums, centered with white

gardenias.

Matron of honor was, Miss Martha Ann Green and bridesmaid was Wilma Joyce Carlile. They wore identical sheath dresses of sage-green peau de soie with long tapered sleeves and matching shoes. Their bouquet was a nosegay of bronze pom-pom mums with accents of talisman ribbon.

MR. AND MRS. MARK LONDON COLLINS (Photo, Kenneth Butler)

Best man was Jimmy Hyde and Kenney Hebert, Anthony Smith and Guy Thornburg Jr. Jr. were ushers.

Flower decorations at the altar were a background of emerald palms and a seven branch candelabrum flanked by baskets of talisman gladiolus and bronze pom-pom mums.

Organist, Miss Janie Bates played, "Indian Love Call," "O, Promise Me" and "By The Sea." Soloist, Scott Barnes sang, "Ah, Sweet-Mystery of Life" and "Because."

The bride's mother wore a dark brown imported, cotton sheath with jacket to match and white accessories. Her corsage was of brownstone cymbidium orchids with bronstone ribbon. The bridegroom's mother wore a champagne, shantung sheath with matching accessories. She wore a goldstone cymbidium orchids with champagne ribbon.

A reception was held in fellowship hall of the church. The table was covered with a white net over white satin and white satin bows with a centerpiece of pedestal bowl of talisman gladiolus and bronze pom-pom mums.

Mrs. Sam Condo assisted at the punch bowl and Miss Sandra Dodd served the cake. Registering the guest was, Mrs. Guy Thornburg Jr.

The bride is a graduate of Pampa High School and is employed by the Sidwell Oil Co. Her husband is a graduate of White Deer High School and is attending college at West Texas in Amarillo. He is employed by White Deer Supply.

The couple will make their home in White Deer.

Victoria Garcia Is Married To John Ronald Trout

Miss Victoria Galvan Garcia became the bride of John Ronald Trout, in a ceremony at 7:30 p.m. Oct. 12, in the Saint Vincent de Paul Church. Father Jerome S. Calcagno officiated at the vows.

Parents of the couple are Mr. and Mrs. Jose W. Garcia, 304 W. Atchison and Mr. and Mrs. Jim Trout of Lefors.

Presented in marriage by her father, the bride wore an ankle length gown of Chantilly lace over taffeta with a fitted bodice featuring a scoop neckline and three-quarter length sleeves. The back featured a v-cut, with rows of net.

Her veil of white illusion fell from a headpiece covered with lace and seed pearls. She carried a white rosary and cascade bouquet of white feathered carnations. Completing the attire, were pearl earrings and a two strand necklace.

Maid of honor was Amelia Galvan Garcia. She wore a street-length dress featuring a pink lace bodice over taffeta and the skirt was of nylon organdy over net. She chose a pink pill-box hat with matching accessories, and carried a nosegay bouquet of pink feathered mums.

Attending the groom as best man was Thomas Wade Taylor.

Wedding music was provided by organist, Tracy DeCary.

The bride's mother wore a blue wool dress with black accessories and a pale, pink carnation corsage.

The bridegroom's mother chose a mint brocade suit with matching accessories and the too wore a pale, pink carnation corsage.

A reception followed in the home of the bride's parents. The table was covered with a white hand-made crocheted cloth and the centerpiece consisted of pink carnations.

Joyce Stanley assisted at the punch bowl and Peggy and Billie Douthit served the wedding cake. Presiding at the guest register was, Amelia Garcia.

For a honeymoon trip to Phoenix, Ariz., the bride wore a white cotton-brocade sheath with a fur-trim jacket.

The couple plan to make their home in Lefors for a short time, then they will move to a farm in Fayetteville, Ark.

The bride is a 1960 graduate of Pampa High School and received a license from Pampa Beauty College. Her husband attended school in Lefors, Rogers, and Fayetteville, Ark.

Miss Bridwell Is Shower Honoree

CANADIAN (Sp) — Miss Verma Bridwell of Lefors, bride-elect of Dave Smith of Pampa, was honored at a bridal shower recently in the home of Mrs. Delane Stephenson in Canadian. Hostesses were Mrs. Stephenson, Mrs. Charles Jackson, Mrs. Jim Streeter and Nadean Streeter.

The serving table was covered with a white damask cloth and centered with a floral arrangement of white carnations, and bronze mums.

Guests were served individual white cakes edged in blue, assorted nuts, mints, and punch.

The honoree's mother, Mrs. V. F. Bridwell assisted her daughter in opening her gifts.

Those attending and sending gifts were Mmes. Jess Bridwell, Frank Smith, Douglas Smith, J. O. Wells, Ben Hill, David Wilson Jr. and Nancy, Leroy McGarrah and Etoy, James Rankin and children, Dow Wheeler and Eva, Jim Parsons and children, Troy Stubblefield, Keith McLain and Cheryl; Sammy McLain and Leslyn, Howard Cook and Karma, Billy W. McLanahan and Mindy, Jerry Schaeffer and Joe Lynn, Elmos Wheeler, Jim Smith, Pecos Anderson, Carl Phillips, Clinton Hill, Clayton Hill, Marie Ridner, J. R. Parker, Gene Beaty and Miss Sue Lynn George.

No excuses, please. Accept food served to you, or simply say "no, thank you."

Pampa Woman Is Elected Director For B&P.W. Club

The Pampa Business and Professional Womens Club attended the District Nine Conference which was held Sunday, Oct. 29 and 31 in Amarillo. Mrs. Wesley Lewis, a member of the Pampa B&P.W., was elected District Nine District Director for the 1962-63 year.

The Panhandle B&P.W. won the award for having the most members present for the meeting and the Lubbock club was rewarded for the longest traveling distance.

Members attending from Pampa were Mmes. Flossie Anderson, Nell Tennin, Mattie Crowson, Marguerete Nash, Jewell Lewis, Mae Etta Powers, Jimmie Jordan, Maxine Ethridge, Alma Ash, Faye Eaton, Louise Sewell, Ruby Crocker, Dorothy Klatz, Helen Knok, Nell Thompson, Ruth Marcell, Virginia McDonald and Gladys Jaynes.

Quilting Club Will Have 'Tacky' Party

The Metanet Quilting Club met in the home of Mrs. George Hamlin, 212 N. Houston, Oct. 18 for all day quilting.

The business meeting was called to order by the president, Mrs. Earl O'Neal. Reports were given by Mrs. George Hamlin and Mrs. Margie Hausman reported on the Christmas project. Final plans were completed for a "Halloween Tacky Party," to be in the home of Mrs. Nelse Robinson, 411 Hill, Oct. 29 at 7:30 p.m. A "Fan" quilt was completed for the hostess.

Mrs. J. C. Longan won the door prize.

Guests attending were Mrs. William Booth, Forrest Cloyd, Gene Tollison, and George Hamlin. Members attending were: Mmes. J. C. Longan, Earl O'Neal, J. T. Lamberson, Gene Tollison, Wayne Phillips, Nelse Robinson, George Hamlin, Forrest Cloyd, Margie Hausman, and Bena Harkrader.

A covered dish luncheon was served by the hostess and co-hostess Mrs. Gene Tollison.

Brownie Troop In Monday Meeting

Brownie Troop 15 met in the Girl Scout House Oct. 22 at 3:45 p.m.

Marsha Walls led the Brownie Salute and Linda Shackelford led the salute to the flag.

Sandra Gann led the group in singing the Brownie songs and the girls voted to adopt a "grandmother" as their project for the year. The girls plan to visit their "grandmother" and "do little things for her."

The Troop members also made paper sack Halloween masks to be used on that day.

Mrs. C. K. McQueary is the telephone chairman with Mrs. A. R. Pfiel and Mrs. Wayne Brooks assisting. There were 19 Brownies present at the meeting and two mascots.

Leader of the Troop is Mrs. Julius Hollis with Mrs. J. K.

The Music Of Leonard Bernstein Will Be Presented In Community Concert

Wednesday evening, Oct. 31, the Pampa Community Concert Association presents the Leonard Bernstein Gala, the second of this season's series.

The concert begins promptly at 8 p.m., and there will be no one admitted, without a membership card.

The music of Leonard Bernstein has imbued the worlds of opera, ballet and the Broadway musical theatre with rare magic. Among the major triumphs in the Bernstein treasure chest are the uniquely, charming gaiety of his first great hit for Ballet Theatre, that raucous tale of three sailors on leave, "Fancy Free." There, too, will be found that witty satire of contemporary American life in the suburbs, "Trouble in Tahiti," and certainly far from least, the extraordinary string of liltting, melting and haunting tunes from his five Broadway successes. Now these three facets of one of the most versatile and exciting creative personalities of our time have been merged into one wonderful evening.

Headed the superb cast is Robert Rounseville, star of the original, "Candide," and of the motion pictures, "Tales of Hoffmann," and "Carousel," leading tenor of the New York City Opera and prominent artist on recordings and television.

Featured also is Claire Alexander, brilliant young lyric coloratura discovery who has already scored in opera and operetta and on such television programs as the "Perry Como Show" and "Omnibus." In addition, dancers of the American Ballet Theatre and soloists and orchestra will be presented in a production which will be one of the season's major delights.

Gann, assistant leader, and Mrs. Clifford Hill, helper.

The next meeting will be held Monday in the Girl Scout House at 3:45 p.m.

ASK THE DESIGNER by gaile dugas

REMEDIATE LAST YEARS
Dear Gaile: In getting my fall and winter clothes in order, I realize I have problems. First, my winter coat is still in good condition but out of style. Do you think it could be brought up to date? The coat is black, is collarless, has no buttons. It has push-up sleeves. Next, I would like some ideas as what to wear with a new suit I purchased. It is wool knit in light green. If I use black shoes and bag, what color blouse, gloves and hat? Could I wear this under my winter coat? Can I wear a pimiento hopsacking jacket - dress all fall? Mrs. T. E. E.

Dear Mrs. W. K.: For your October trip to Spain, your wardrobe will have to be geared to varying climates. Certain parts of the country are very warm. This is what Herbert Sondheim, a leading American designer, has to say on the subject:

"To keep your wardrobe lightweight, smart and wearable except in the hottest spots, I suggest two thin wool costumes. With jacket off, either dress might go to dinner.

"For travel, a knit suit with its own top plus one or two other coordinated costume tops.

"Madrid is chic and sophisticated. You'll need two simple, smart cocktail info dinner dresses, preferably in black silk crepe. Take a satin stole in a brilliant color for these. Or a day-length silk evening coat. Have a lightweight raincoat, a complete glove wardrobe, oval toe pumps for walking, a pair of black silk evening pumps and at least one hat for visiting Spain's many churches.

"For really hot weather areas, you'll need Bermuda shorts, one-piece swimsuits, lightweight cardigans and beach jackets."

Look at the person who is talking to you, instead of gleaning elsewhere.

Dear Gaile: My husband and I would appreciate your help in planning our wardrobe for a trip to Spain in October. We were told

MR. AND MRS. C. S. RICE

Three-Quarters Of A Century Anniversary Will Be Celebrated

McLEAN (Spl) — A wedding anniversary of almost three quarters of a century will be observed Tuesday, Oct. 30 by Mr. and Mrs. C. S. Rice. On that October day 72 years ago in the city of Fort Worth, Miss Ibbie Nichols became the bride of Columbus Sylvester Rice, now 94 years of age. He was born near Atchison, Kan., Sept. 29, 1868. Mrs. Rice, however, is a native Texan, having been born in Pampa County.

The couple's first home was in Baird where Mr. Rice worked at the carpenter's trade. Some three years later they moved to Fort Worth to take a job with the Texas and Pacific Railroad, in 1904, however, they headed the call of the west and came to Shamrock to become manager of the Cicero Smith Lumber Company. A few months later he was transferred to McLean by the company, and has lived here since that time. In the course of time Mr. Rice business activities. He was instrumental in organizing the town of McLean and became its first mayor, in 1910 in which capacity he served for some six (12 yrs.) terms. Also he was for many years justice of the peace for the McLean Precinct and was serving in that capacity when he retired at the age of 90 years.

The couple had three sons and two daughters, all of whom are still living. Also there are five grandchildren, 11 great-grandchildren and one great-great-grandchild, and the remarkable thing about this is, that not a single death has occurred in the family in the entire 72 year history. It is also very probable that Mr. and Mrs. Rice will help their eldest son and his wife, Roy Rice of Salina, Kan., celebrate their 50th wedding anniversary in January of next year.

The other children are Mrs. Nelson C. Dahl of Walnut Creek, Calif.; Erwin M. Rice of Austin, H. Vernon Rice and Mrs. Verna Burris of McLean.

Canadian Man Is Honored At Banquet

CANADIAN (Spl) — Harry Wilbur Jr., vice-president of the First National Bank of Canadian, was guest of honor at a banquet held Monday evening at the Coronado Inn in Pampa. The banquet was given by the District Supervisor of Agencies of the Equitable Assurance Society of New York. The occasion was the 25th anniversary of the establishment of Mr. Wilbur's agency in Texas, he being the first agent licensed in Texas after Equitable was authorized to do business in this state.

Guests present were Mr. and Mrs. Frank Fata of Lubbock, Mr. and Mrs. Clyde Rehmyer of Amarillo, Mr. and Mrs. E. L. Henderson of Pampa, Mr. and Mrs. Myron Marx of Pampa, Mr. and Mrs. H. S. Wilbur Sr. and Mrs. Harry Wilbur, Jr.

Mrs. Mitchell Presents Program For Chapter

The Rho Eta Chapter of Beta Sigma Phi met in the Citizens Bank Hospitality Room Tuesday at 8 p.m.

It was announced at the meeting that the chapter will have a rummage sale Nov. 9th and 10th.

Mrs. Haldane Suttle, president, extended a welcome to the rushers present.

Mrs. Cletus Mitchell presented the program on the traditions of Beta Sigma Phi, which include "Life, Learning and Friendship."

Mrs. Mitchell used a hat box as a container for her "treasures." In the hat box was a candle to represent life; a book for learning; a yellow rose, the chapter flower and color; and to represent the service the chapter performs for the community, an apron was used.

Mrs. Mitchell also had in the hat box "The Torch," the magazine of the sorority; the achievement bracelet, Ritual of Jewel pin, a silver baby spoon, the year book and study books. A Chess queen represented the honorary members of Beta Sigma Phi.

The International Endowment Fund was represented by a check. Mrs. Mitchell had a crown in her

hat box of treasures as a symbol of the Valentine Queen who will represent the chapter at the annual Valentine Dance Feb. 9, 1963. Mrs. James Trusty was hostess for the meeting and chose Halloween decorations. She was assisted by Mrs. Delmar Watkins.

Members present included Misses Bob Bruner, Jack Chisum, John Langford, Doug McBride, Cletus Mitchell, Ken Peoples, Joe Smith, Haldane Suttle, James Trusty, Delmar Watkins and Dick Wilson.

Guests present included Misses John Conway, Harold Lewis, Howard Lee, Darrell Spoonmore, Bob Rogers, C. L. Farmer, James Brooks, Mack Choate, T. L. Gardner, Richard Gardner, Travis Taylor, Eddie Duenkel, David Jones, Doyle Beckham, "Hunky" Greene, Jack Gillpatrick, Allan Smith, Sam Anderson, LeRoy England, and Hugh Gracey.

The next meeting will be held again in the Citizens Bank and Trust Company Hospitality Room at 8 p.m., Nov. 27th.

Mrs. Harman Gives Class Devotional

The Lois Class of the First Baptist Church met in the home of Mrs. Jewel Castleberry, recently.

Opening prayer was given by Mrs. G. L. Wilson and the president. Mrs. Hattie Harmon, gave the devotional from the 23rd chapter of John, and conducted the business meeting.

Mrs. Lorena Danner closed the meeting with prayer.

Thirteen members attended: Misses Mollie Frisby, Harmon, R. E. Anderson, Bessie Fields, J. H. King, Roberta Woods, R. L. Souther, A. A. Day, Johnnie Sandy, Lorena Danner, G. L. Wilson, Grace Martin and Jewel Castleberry.

Refreshments of cake was served by the hostess.

POLLY'S POINTERS

Presto! Change Lining
In Drawers-Cupboards

By POLLY CRAMER

DEAR POLLY—If thin curtains will not hang straight after they have been laundered, slip curtain rods through the bottom hems for a few days and they will straighten out. Another of my time savers is to cut three layers of paper at one time when lining dresser drawers or cupboard shelves. Place all in at once. When the top one is soiled, slip it off and there is a clean one already in place.

MRS. D. S.

Home Demonstration Club Talks Minerals

The Goodwill Home Demonstration Club met Friday at 9:30 a.m. in the Court House Annex, Miami Highway.

Miss Lou Ella Patterson presented a program on minerals in the body. She said that generally, if a person maintains a well-balanced diet, they will not have to worry about a mineral shortage.

Iodine is one mineral the body requires, it was pointed out, and iodized salt usually fills the requirement enough to prevent simple goiter.

Mrs. Conner Hicks served as hostess and provided refreshments for Misses Donald Nensiel, A. P. Coombes, Marvin Rowan and Miss Patterson, Mrs. H. B. Cain and Mrs. K. L. Elsheimer were welcomed as new members.

The next meeting will be held in the home of Mrs. Lee Jackson, 1436 N. Russell, at 9:30 a.m. Nov. 6.

Senior Center Corner

Senior Citizens' Center
By MRS. C. A. WAGNER

Was nice to see several out who have been ill, including Mrs. P. N. Gates, and F. M. Heaston and wife. Mrs. Gates tells us that Mrs. Bessie Sowell is now living in the Arlington Memorial rest home, and her address is Box 503, Arlington, Tex., in case her friends would like to keep in touch.

Mrs. Lee Bullock had a nice visit with her granddaughter, Mrs. Earl Mattox and family in Perryton last week. Mrs. Alice Howard also had a nice visit with her daughter, Mrs. L. H. Brown and family in Lubbock last week.

Mrs. Paul Emmitt of Albuquerque, New Mex., is visiting in the home of her parents, Mr. and Mrs. C. E. Sidwell.

Mrs. W. A. Burnham of Camden, Ark., confides that yesterday was her birthday, and she is leaving for home Friday, after an extended visit with her daughter here. Mrs. O. F. Kreimeyer and family. Mrs. Kreimeyer is one of the Red Cross Gray ladies who regularly serves the center with transportation.

Mrs. Alice Isbell was back with us after a long absence, and was enjoying the games. Welcome back, Mrs. Isbell.

Recent visitors in Pampa, were Mrs. Margaret Van Huss and two sons, Curt and Mike from Mundelein, Ill. They visited the James Grays and Mrs. Jessie Van Huss. They boarded the train Saturday evening for Chicago. Mrs. Stanley Brandt, one of our Gray Ladies, also boarded the same train for Chicago.

Miss Lucy Herfacher is still wearing a cast on her right lower arm, having had a fall recently, breaking a bone just above the wrist joint. Nice to see her out enjoying the games.

We missed the Jay Evans' last week. They took their daughter and little granddaughter with them from Amarillo, and visited relatives in Dallas, Fort Worth and Arlington. A grandson, Billy Oates, is attending Arlington State College this year.

Hostesses at the center this week were the El Progreso study club. Cake and coffee was served early, so those who wished might view the 60th anniversary (Pampa) parade downtown.

Door prizes were won by Misses Alma Balfour and C. G. Miller and M. W. C. Pullen.

Had a call from Mrs. Roy Hall man the other night. Nice to hear from those who enjoy this column, who are unable to come, especially Mrs. Hallman tells me that Mr. Hallman is an "joker" and gave me a good one as follows: A girl went in to buy her-bill and asked for Mr. Coffee. The receptionist said, "We don't have anyone by that name." She said, "Yes you do, he called me about this bill." An assistant receptionist was listening in, and said "Oh! Maybe she means, Mr. Maxwell."

Thought for the week: Blessings be God — the God of all comfort; who comforteth us in tribulation. (2-Cor. 1:3-4). In the time of peril, let us keep our heads, and trust in the Lord.

Love, Mrs. Wagner

Here's How To Gain Weight

GAYNOR MADDOX
Newspaper Enterprise Assn.
Q—I am much too thin. How can I gain weight?

A—Here are tips for the skinny from Dr. Hazel M. Hauck, professor of food and nutrition, emeritus, Cornell University: To gain 1 or 2 pounds a week, add 500 to 1000 calories a day to your present diet.

First make sure you get the right foods for sound nutrition, then increase calories with foods you enjoy most. Look for calories in small packages — butter, salad oils, cream, nuts, cereals and sweets. Use an extra pat of butter on your baked potato or other cooked vegetables; eat all the dressing on your salad; add cream to your milk; use cream on fruits, cereal, puddings; eat cereals, starchy vegetables, bread butter, sweetened and dried fruits.

Eat until you feel satisfied. Then eat a little more. If your appetite isn't good to start with, have sur meals at regular times and eat them leisurely; make them as attractive as possible, using your favorite recipes. If you eat out, choose foods from the four basic groups, but choose ones you like especially.

Take a few minutes to rest before dinner. Fatigue decreases appetite and interferes with digestion. Remember gaining weight is not all a matter of diet. You also must learn to save energy. Get more sleep; rest during the day. Ride more; walk less. Do things the easy way. And keep cheerful. You'll find a cherry disposition will help you gain more easily and make you a better person to live with.

If a neighbor "looks after things" while you are away, send a card en route, or bring back a small thank-you gift.

ELECT NEW OFFICERS — The Top O' Texas 4-H Club met recently in the court house annex for a business meeting and election of officers. New officers for the year are left to right, back row, Bill Skaggs, president; Teddy McIlvain, reporter; and Andy Cole, vice-president; front row, left to right, Cynthia Hogsett, county council delegate and Phyllis Atwood, secretary.

**The Top O' Texas 4-H Club
Has Installation Of Officers**

The Top o' Texas 4-H Club met in the Court House Annex Saturday Oct. 13 at 7:30 p.m., with the Vice President, Phyllis Dalsing, presiding. The treasurer, Andrea Jewell, reported a balance of \$4.03.

Mrs. Derrel Hogsett taught a lesson on Parliamentary Procedure, on how to elect officers. She said to nominate persons whom you feel well qualified to hold that office.

The club elected officers who are as follows: President, Bill Skaggs; Vice President, Andy Cole; Secretary, Phyllis Atwood; Council Delegate, Cynthia Hogsett; Reporter, Teddy McIlvain; Miss Dalsing turned the meeting over to Bill Skaggs, who gave a report on the District I, 4-H Council that met in Amarillo.

Cynthia Hogsett asked for names of persons who are interested in a 4-H riding club. A leader has not been selected at this time.

Danny Hogsett reported on the 4-H Rifle Club. New members are working on their badges. Robert McCann, instructor for the Rifle Club, said, "anyone interested in having riflery as a 4-H activity should contact him."

It was announced that Phyllis Dalsing placed fourth in state 4-H Dress Revue.

Miss Lou Ella Patterson, Gray County Home Demonstration Agent, said that any leader who needed training could contact her.

The club voted to have a Halloween party, which will be discussed at the next meeting.

There were 46 members, adult leaders and visitors present.

If there is no usher, the man goes down the aisle of a movie theater first.

**Gala Sectional Recipes Expand
Traditional Dinner Menu**

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Most everyone eats more than he or she should at Thanksgiving dinner. That is the well-honored custom of our country. In fact, it is expected. Gala recipes from different sections of the United States are now frequently used to expand and brighten the traditional festive menu based on the Pilgrims' first Thanksgiving more than 300 years ago. Today's menus often combine the old and the imaginative, and reflect harvests from coast to coast.

Dates from California, also almonds and oranges, combine in this recipe with New England cranberries and squash.

**THANKSGIVING DINNER
SQUASH**
(Makes 8 servings)

1 cup fresh dates
4 acorn (or Danish) squash
Boiling water
1/2 cup sugar
1/2 cup water
1 cup fresh cranberries
1 tablespoon slivered orange rind
1/2 cup roasted diced almonds
Salt
1/4 cup melted butter
Cut dates into slivers. Cut squash lengthwise into halves; remove seeds and place cut side down in a shallow baking pan. Add boiling water to a depth of 1/4 inch. Bake in 400 degrees F. (hot) oven 30 minutes. Meanwhile, bring sugar and 1/2 cup water to a boil. Add cranberries, cover and boil gently for 5 minutes, or until cranberries are cooked. Remove from heat and add dates, orange rind and almonds. Remove squash from oven, turn cut-side up, sprinkle with salt and brush generously with butter. Fill with fruit sauce. Return to oven and bake an additional 15 minutes. Serve hot.

In this stuffed sweet potato recipe, coconut from the Pacific islands is added to more familiar ingredients.

ORANGE STUFFED SWEET POTATOES
(Allow one potato per person)
6 medium (about 2 pounds) sweet potatoes, baked
3 tablespoons butter or margarine
1/2 teaspoon salt
2 tablespoons sugar
1/2 cup diced oranges
1/2 cup shredded coconut
1/2 teaspoon grated lemon rind
6 teaspoons butter or margarine
Cut off tops from baked sweet potatoes. Scoop out the inside, keeping the shell intact. Mash potatoes with butter or margarine. Add salt, sugar, diced oranges,

coconut and lemon rind. Mix well. Spoon into potato shells. Dot each with 1 teaspoon butter or margarine. Bake in a preheated hot oven (450 degrees F.) 20 minutes or until lightly browned over the top. YIELD: 6 servings.

TO BAKE SWEET POTATOES:
Wash sweet potatoes and wipe dry. Bake in a preheated oven 45 to 60 minutes or until potatoes are soft. (If oven is in use at a lower temperature, bake potatoes at that temperature but increase the baking time.)

A cohostess for the party? Be sure to assume your share of work and expenses.

**El Progreso Club
Is Hostess For
Senior Center Meet**

Senior Center members met in Lovett Memorial Library Thursday at 2:30 p.m. with the El Progreso Club acting as hostess.

Seventy-one persons attended with door prizes being won by Mrs. Elma Bailey, Mrs. C. G. Miller and W. C. Pullen.

Gray Ladies transporting the Senior Citizens to the meeting were Mrs. F. W. Shotwell, Mrs. Jess Beard, Mrs. A. D. Hills and Mrs. O. F. Kreimeyer.

Altrusa members present were Mrs. V. L. Hibbs, Mrs. Jack Foster and Mrs. Louise Sewell and J. Flanagan.

Hosting the occasion for the El Progreso Club were Mrs. Glenn Radcliff, president, assisted by Mrs. John Gill, Mrs. George Walstad, Mrs. D. V. Burton, Mrs. V. J. Drew and Mrs. Bernard Johnson.

The next meeting will be held on Nov. 1 at the library and all those who have birthdays in November will be honored.

**Gardening Slides
Shown To Local
Garden Club**

Plans were completed for a rummage sale which was Friday, Oct. 26 in the old Fabric Mart Building when the Top O' Texas Garden Club met in the home of Mrs. J. A. Knox, 2228 Hamilton, Tuesday, Oct. 23 at 1:30 p.m.

The meeting was conducted by Mrs. V. K. Osborn, president. Reports were given by Mrs. L. B. Robertson and Mrs. James Deal on the project progress.

Mrs. Fred Hinkley introduced, Mrs. Loyse Caldwell, who presented a talk on, "I Grow Dahlias".

While showing slides of her own beautiful dahlias, she gave her favorite planting and storing tips, colors, varieties and ordering houses.

Refreshments were served from a table decorated with harvest cornucopia.

**Mrs. Orla Boyd Is
Hostess For Club
CANADIAN (SpI)**

The '52 Club met Monday evening in the home of Mrs. Orla Boyd Curnutt. Guests for the evening were Mrs. Vernon Flowers and Mrs. Tommy Hobby. Club members present were Mmes. George Hand, Rhea Wilson, Don Powell, Bill Popham, Claude Givhan, Johnny Morris, Bill Morris, Jake Keim, Pack Gwainey and Janet Fry.

Games of bridge were played with Mrs. Bill Morris tallying high score, for members and Mrs. Hobby high for guests. Low scorer was Mrs. Wilson.

The hostess served cheese cake, coffee, nuts, minis and cokes during the evening.

Plus Points Of Good Latex House Paint

First comes the cleaning and primer coat as the home team goes to work with latex paint.

By KAY SHERWOOD
Newspaper Enterprise Assn.

Should you try one of the new exterior latex paints the next time you repaint your house? Painting the exterior of a home is not a project we schedule in haste; too much time, effort and money are involved.

Many of us save up for the job for months and expect years of service. Because I personally am interested in this question, here are some of the most pertinent points I learned from industry experts.

Optimistic reports on the performance and appearance of latex paint jobs spark predictions it will be the leading exterior paint in five years. Among the plus points are ease and speed of application, quick (half-hour) drying, a six to eight-year life expectancy, outstanding color retention, little or no discoloration

because of chalking. Color charts are greatly extended also. Painting equipment is soap-and-water cleanable. Tempering the optimism is the concern that some homeowners are disregarding the manufacturers' specific directions for use. And others look to latex as a cure all for painting problems (such as peeling or chipping) which may be caused by other factors.

A scientist warns me that no paint job is better than the paint that lies next to the wood and that no paint job will perform well and long unless the surface is properly prepared.

Exterior latex is entirely different from oil-based paints; microscopic plastic resin bits harden into a thin, tough, non-glossy film which tends to lie on the surface. According to the newest and most prudent advice (based on nine years of testing), an exterior latex paint application should be preceded by a primer coat, specially selected according to the surface to be covered.

The primer is needed to penetrate old paint or prepare new surfaces for proper adhesion of the latex film. I know householders who have used latex paint without primer and I've heard some painters recommend it. But the experts I talked to stick by their guns: undercoat as recom-

mended or don't expect top performance and long life.

If you wish to get by with a one-coat repaint job, my advisers recommend using one of the very good oil-based paints formulated for one-coat application.

Exterior latex can be applied on damp days without harm but the outdoor temperature should be 30 degrees or above at the time of application. Dreary as the prospect is, loose paint chips, peeling paint, excessive dirt or mildew must be cleaned off and chalky areas brushed or scrubbed. If you use abrasive cleaners or cleaning solutions, rinse with hose before painting.

World Community Day At Harrah Methodist Church

The World Community Day program sponsored by the United Church Women of Pampa will be held at Harrah Methodist Church, Friday, Nov. 2, at 9:30 a.m. All church women are invited to attend and reminded to bring the sewing kits they have made and/or the sewing items to put in the kits.

Coffee will be served during the social period preceding the meeting which will begin promptly at 10 o'clock. Officers for 1963 will be elected.

Baptist T. E. L. Class Has Meeting

The T. E. L. Class of the Central Baptist Church met Tuesday afternoon with Mrs. Maggie Deal, 617 Carr, for its monthly business and social meeting.

Mrs. Pearl Erwin led the opening prayer following the class song. The president, Mrs. E. O. Etheredge, conducted the business meeting with the secretary's report, given by Mrs. W. G. Gooding.

The devotional was presented by Mrs. Byrtle Enloe and Mrs. Lelia Gomer directed the afternoons entertainment.

Refreshments were served to Mmes. Ada Stark, Sam Bray, W. G. Gooding, Pearl Erwin, Myrtle Enloe, Dora Poe, Frank Young, M. E. Tucker, Lelia Gomer, R. E. Warren, E. O. Etheredge, Henry Taylor and C. G. Miller. The class presented a hostess gift to Mrs. Deal and Mrs. Taylor closed the meeting with prayer.

Mrs. Joe Autry is in charge of the program. She will present a play given by the women of St. Paul Methodist church. Mrs. Lois Fagan will provide special music.

A nursery will be provided.

Flower Demonstration Given To Civic Club

Mrs. Tom Price conducted a flower demonstration when the Civic and Culture Club met in the home of Mrs. Chester Williams recently. She used drift-wood and fall flowers and emphasized the simplicity that would carry out the theme in many lovely centerpieces.

Mrs. Carl Axelson, president, presided in conducting a short business meeting and announced that the Club would entertain the Senior Citizens Nov. 8.

In addition to Mrs. Price, two other visitors attended, Mrs. R. N. Brandon and Mrs. Frank

Grantham. Members attending were Mmes. W. H. Waters, Katie Vincent, J. B. Townsend, Louise Sewell, K. A. Gorenson, W. C. Scott, C. F. Pennington, Emmitt Osborne, George Neef, W. J. Morris, A. D. Hills, R. E. Daver, Irvin Cole and Carl Axelson.

LIPSTICK KNOW-HOW

Because the bright color of lipstick makes the mouth one of the most important features of your face, much of your beauty depends on a perfect lipstick application.

COMPENSATION

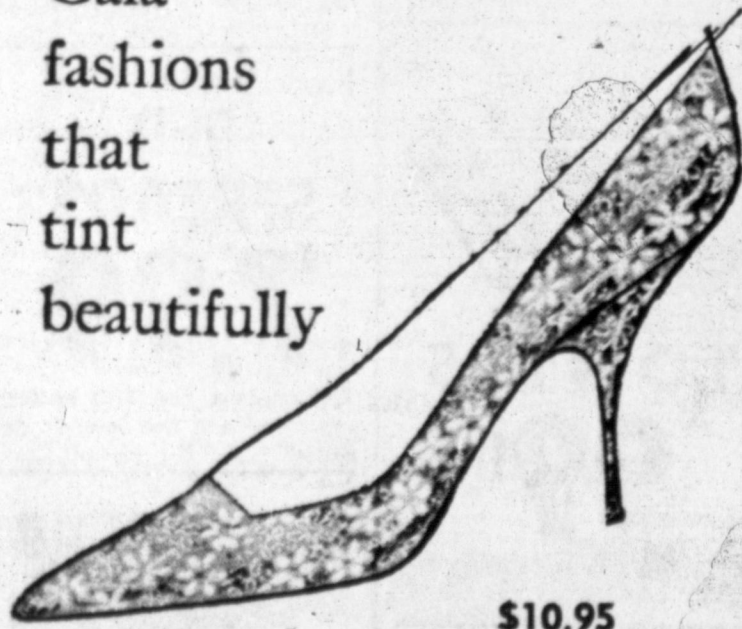

by Janet Henry

Our neighbors' children give all sorts
Of vivid, play-by-play reports
On what they do in school all day,
And where they go, and what they say.
But though we plead and prod—and wait,
Our children don't communicate.
At times we envy very much
The parents who are kept in touch,
But, by and large, it's rather sweet
To know our progeny's discreet;
For talky children tend to tell
What's going on at home, as well.

Connie suggests...

Cotton Fashions For Wintry Evenings

By GAILE DUGAS
Womens Editor

Newspaper Enterprise Assn.
NEW YORK (NEA) — When the evenings lengthen and the lamps are lighted, its time to draw the curtains and be cozy. And to look pretty by lamplight.

The rich colors and soft surface of cotton velveteen fashions will help you do just that. This autumn, colors in velveteen begin with the neutrals (champagne and nutmeg) and run through the flashing colors (coral and emerald green) to deep shades (wine red and rich brown).

Prints in velveteen are sophisticated in their color combinations. The use of red, bronze and black in a stylized flower and leaf print on a white ground is one example. Another is gold-colored mock alligator velveteen for a pullover top worn with tapered black pants in the same fabric.

Sophisticated versions of the shirtwaist have been translated into full length at-home robes. Some are done in subtle colorings (nutmeg) and others in glowing cranberry red or soft olive.

The beauty of all of these fashions lies partially in the fact that they need no special care. Dry cleaning handles them beautifully. And though velveteen has a fragile look, it is not. It will last through many seasons.

Cotton goes straight through the winter in many fashionable ways. Short evening dress (left) by Emma Domb is coral cotton velveteen. Hemline is a row of velveteen roses. Printed cotton velveteen for late day (center) is done by

Sirega in a sophisticated print of red, bronze and black on a white ground. Nutmeg-colored cotton velveteen at home robe (right) is by Sylvia de Gay. It is actually a long, tailored version of the shirtwaist done with high waistline.

MATURE PARENT

Dear Mrs. Lawrence: You have not recently written on the problem of children's jealousy — the one I am trying to handle in my 4-year-old boy. Though we prepared him for the birth of his 3-month-old brother, he has not accepted him, but goes into rages or sulks when I don't stop what I am doing for the baby to attend to him. I tell him all the time that I love him as much as the baby, but...

ANSWER: You have had experiences of closeness to him that you have not had with the baby. Now is the time to use them, to refresh his memory of them so that they are not lost in his jealous suspicion that they mean nothing to you now that you seem to be involved in such exclusive closeness to the baby.

Personally, I believe in direct dealing with the jealous suspiciousness of little children. So, in your position as the mother of this anxious, self-baiting little boy, I would make a clear-cut occasion to take him on my lap and say to him:

"Do you remember the day I cut my thumb — and you helped me put the adhesive tape on it? Do you think that this baby can make me forget how helpful you were to me? Then there was that time you were sick and I made up a special story for you about the Christmas tree star that wanted to be a real star? Do you remember how loving we felt that night Daddy was away and we had supper together in front of the fireplace?"

"I'll never have those happinesses with the baby. I'll have other kinds — but not those. Those belong to you and me. Nobody can take them away from us. Remember this when you see me feeding and dressing the baby."

It is the tenderness with which we recall a jealous child to the closeness that has existed between us that allays his fear of disconnection.

We do not make use of these shared memories because we do not realize that they are as precious to him as they are to us. We are so annoyed by his jealousy's demands that we can't see that they represent his reach for the tenderness he believes he has lost to the baby. We don't see that his fear of losing it forever has unreal his past experiences of it made to him — and that by recalling them for him we restore his confidence in their value to us as well as their value to him.

ANNOUNCES MARRIAGE

HOLLYWOOD (UPI) — Actress Dolores Hart, 24, has announced she plans to marry Donald Robinson, 29, vice president of a moving and storage company here, next spring. It will be the first marriage for each.

Briefs And Rules For Teen-Agers Who Are Planning On Dining Out

ALICIA HART
Newspaper Enterprise Assn.

Most teen-agers enjoy dances at the school gym, followed by hamburgers and cokes at the corner drug store.

But when a girl's very first invitation comes along to dine at a famous restaurant, it's a red letter day. She may feel a bit unsure about how to act. So here are the basic rules:

First, never give your order to the waiter. Tell your escort what you want, and he will place your order with his own.

You will probably have several waiters as well as the captain. Don't let this abundance of service throw you into a fit of juvenile giggles. Behave as though you were born to such luxury. Perhaps you were. But a good many of us weren't, so it's perfectly normal to feel a little out of your depth. Just don't look as though you do!

Above all, don't let unfamiliar foreign items on the menu frighten you out of trying what might

be a delectable dish. Consult intelligently with your escort and a waiter about what the names mean. Common sense isn't gauche.

Each time you go to a well-known restaurant, you'll know a little more about what you want to order. Develop poise and a genuine interest in your surroundings and you'll be a pleasant, sought-after companion.

An error many of us make is to apply lipstick facing the mirror, full-face only. This often results in a mouth that is out of balance. Failing to bring the lipstick color out to the corners of your mouth can make your lips look small and pinched.

After you've brushed out your lips in front of your dressing-table mirror, take out your hand mirror for a profile view.

See that the corners have received their share of lipstick, too. Then fill in the outline, and see how much your appearance has improved.

20th Century Cotillion's Program 'Conservatism'

Twentieth Century Cotillion Club met Tuesday afternoon, Oct. 16, in the home of Mrs. Jim Campbell, 2120 N. Russell, for a program presented by Mrs. Sam Anderson and Mrs. James Gallimore.

Mrs. Anderson reviewed the book, "The Liberal Papers," by James Roosevelt.

In opening remarks, Mrs. Anderson stated, "we live now with the fear and horror of nuclear destruction, with the threat of imperialist expansion by the Russians and Chinese, and with the ever fragile revolution of men all over the world, who wish for freedom and a better life in their time. These are problems which we face as citizens of the United States and as members of the community of men. We must deal with them, and attempt to solve them if the United States is to get back on the road of peace and freedom, a road always difficult to find but one we must pursue if man is to survive the thermo-nuclear age."

In continuing remarks, Mrs. Anderson stated, "at the end of World War II, the United States stood at the peak of world-wide respect and power. We were ready to help all the under-developed countries and the countries particularly destroyed by war. Our intentions were good in this post-war reconstruction period but in our anxiety to help these other countries we lost sight of the fact that as an ally, Mr. Stalin's association with Roosevelt and Churchill had not proven him to be the gentleman they thought he was. Consequently we had to divert our thoughts from reconstruction to cold war. Concentration of American efforts upon military containment caused us to neglect the other countries of the world. Instead of being the most powerful nation we are now engaged in a neck-and-neck arms race with Russia, plus the fact we still have Red China to deal with as a major power."

In concluding remarks, Mrs. Anderson said, "to begin solving

our problems, the ultimate aim of American Foreign Policy should be universal disarmament under adequately enforced world law."

Mrs. Gallimore's topic of discussion was the book, "Why Not Victory," by Senator Barry M. Goldwater. She began by saying "Young people are discovering that contrary to what they might have been taught in school, conservatism is not dead. Conservatism is a natural philosophy which recognizes man as having a spiritual and a material side, that the two are intertwined. One cannot be affected without a reaction taking place in the other."

"Senator Goldwater," she continued, "calls for a new nationalism, which would unite the free nations of the world against the Communist threat. The Senator does not necessarily mean victory by war, on the contrary, he demonstrates that a world-wide political, economic and ideological victory over communism without bloodshed can be achieved only through strength and fearlessness in the free world's approach."

Sour Cream Is Very Nourishing

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Q — My family likes sour cream. But I am not sure it has any food value. Has it?

A — Dairy-made sour cream is a scientifically-cultured and ripened light cream with a custard-like consistency. It is nourishing as well as tasty. Although some of the milk sugar (lactose) of the sweet cream is changed to lactic acid during the ripening process, the caloric and nutrient values of sweet and sour light cream are practically the same.

Q — Should cooked meats, broth, and gravy be cooled quickly?

A — Yes. Meats cooked for future use or left over after a meal should be quickly cooled, uncovered, in the refrigerator or in a cool room with good air circulation. To hasten cooling, meat and broth or gravy should be cooled separately. Hot broth should be put into a bowl or wide-mouthed jar. One quart quantities cool quicker than larger amounts.

A kettle of broth may be set into a pan of running cold water to cool rapidly before refrigeration. Stir the broth to prevent the formation of a top coating of fat which may seal in the heat. Leave both the meat and the broth uncovered until cooled. Then cover, if desired.

Hot cooked chicken or pieces of meat should be spread out in a flat pan to cool more quickly. Large roasts may be cut into halves to cool. The stuffing should be removed from a turkey and both cooled separately. Do not cover cooked meat until cool. A covered dish, foil, or other wrappings retard cooling. When cooled, cooked meats can be covered or wrapped loosely to prevent excess drying and kept cold in the refrigerator.

Every man likes cufflinks, and we have the best selection in years. New styles, new designs, priced from

Woodrow Wilson Is Revealed As Affectionate Man

PRINCETON, N.J. (UPI) — Woodrow Wilson, who presented a stern, dispassionate public image as the nation's 28th president, has been revealed as a deeply affectionate man in a collection of romantic love letters exchanged with his first wife.

The 1,460 letters presented to Princeton University Thursday read more like the declarations of a romantic poet than the writings of a man who was to lead the nation through the dark days of World War I.

The collection, including 411 letters written by Wilson, were presented to Princeton by Wilson's only surviving daughter, Mrs. Eleanor Wilson McAdoo, 73, of Santa Barbara, Calif.

Wilson was a graduate of Princeton who returned to teach and become its president.

The correspondence covers a period of 30 years from 1883 when he met Ellen Louise Axson until 1913, shortly before her death. They were married in 1885.

Prof. Arthur Link, who is editor of a collection of Wilson's papers now being prepared, said each is a love letter full of "an outpouring of affection which continues undiminished from the first missive to the last."

Wilson first met Ellen in Rome, Ga. She was the daughter of a Presbyterian minister and he a young lawyer practicing in Atlanta.

The correspondence began with a short note Miss Axson wrote to young Woodrow about a "previous engagement."

Soon he was addressing his future wife as "my own darling" and confessed "an irrefragable tendency to open my mind and heart to the precious little 14-year-old whom I love above all other created beings."

Wilson's last letter to her was written on White House stationery on Oct. 12, 1913 while she was in Cornish, N.H. Wilson wrote:

"Do you realize that I have been alone, what I consider alone in this old mansion, for just about half the time I have been president? That's the H—of the way to treat a president, isn't it?"

Ah, my darling, my darling, I am beside myself with the joy of it all, my exile is over...

"My heart is too full to go on—full to overflowing with love for you all, but particularly for the sweetest wife in the world Your own Woodrow."

SIGNS NEW BILL
WASHINGTON (UPI) — President Kennedy signed into law on Thursday a bill to permit U.S. entry of certain skilled aliens and close relatives of American citizens.

The new law will give some 7,000 aliens with special skills immigrant status with a view to acquiring U.S. citizenship, and permit entry of up to 16,000 close relatives of U.S. citizens.

Wall Street In Review

NEW YORK (UPI) — At a time like this, says L. O. Hopper, there is an inclination to

jump to conclusions on the basis of inadequate evidence. Except for the short-term trader who is willing to play with and against the mass thinking of the hour, and willing to change his attitude quickly, the W. E. Hutton & Co. analyst thinks this is a dangerous time to make investment assumptions.

International Statistical Bureau looks for continued international tensions and it thinks they will prevent the slight decline in the economy which had been expected in the first and possibly the second quarters of next year. However, it warns a tax cut may not materialize if the economy maintains an upward trend.

Don't be deceived into expecting the Cuban crisis to bring automatic increases in production, prices and profits, says economist Eliot Janeway. "But count on one effect," he adds — "There'll be no 1963 tax cuts."

Eldon A. Grimm of Waiston & Co. asks what type of stock could be helped eventually by the big increase in air and naval operations. He concludes that first the laggard ship repair industry would get a temporary lift and then we should see a further revival of interest in the speculative aerospace equities.

Goodbody & Co. in its monthly letter says an excellent Christmas selling season for retail trade is indicated by record disposable income and the willingness of the consumer to spend it. The iris, because of its delicate texture and sparkling hues, is named in honor of the Goddess of the rainbow.

Christ- retail and dis- willing- pend it. s deli- g hues, Goddess

'IF A MAN ANSWERS' — Sandra Dee and Bobby Darin are teamed again in the comedy-romance, "If a Man Answers," opening Thursday at the Capri and showing for seven hilarious days. Photographed in color, the cast also includes John Lund, Stefanie Powers, Ceasar Romero and Micheline Presle.

All The World Is A Stage For This Actor

By ERSKINE JOHNSON
Hollywood Correspondent
Newspaper Enterprise Assn.
LONDON (NEA) — Hugh O'Brien was "playing it cool," he said, "because I can afford to wait for good scripts now." He had left the television west with gold spilling out of his saddle bags and he was now making his first movie in six years. It was called "The Friendliest Girls in the World."

Hugh O'Brien

The script for the movie, "In the Cool of the Day," filmed mostly in a sun-baked Greece, had put Jane Fonda on her "deathbed" in London. She was in an oxygen tent, gasping out the last moments in her latest cinematic life.

James G. Matthews of Odessa was master of ceremony. A total of 129 candidates registered with the largest number of out-of-town candidates being from Pampa.

Candidates Get Degrees At Reunion

Blue Lodge Masons from all over West Texas registered recently for Scottish Rite degrees which were conferred during the 118th reunion of El Paso Scottish Rite bodies held in Scottish Rite Cathedral, El Paso.

The Pampa candidates were J. M. Bowers, Charles H. Morris, James H. Salsman, John T. Mobley, Stan C. Organ, Frederick A. Gary, Loran D. Holden, Dale N. Walker, Richard V. White, Kenneth E. Steele, Hartwell N. Warren, Wiley Reynolds Jr., Bonnie W. Rose, Daniel E. Williams, Mark A. Heath, Joe M. Hayse, Floyd E. Imel, F. R. Donaldson and J. L. Cooper.

Other candidates from this area were H. C. Boyd of Skellytown, R. F. Vaughan of Miami and Bill West Jr. of Groom.

Arriving soon from Nice, France would be another MGM movie company making "Follow the Boys."

Actress Joan O'Brien Is Back In Make-Believe Hospital Wards

By JOSEPH FINNIGAN
Hollywood Correspondent
UPI HOLLYWOOD (UPI) — Actress Joan O'Brien, who has played a nurse in her last three pictures, is back in make-believe hospital wards again.

Joan is a pretty girl who would like to get out of hospitals and into leading lady parts. She'd even settle for the girl next door which is nothing more than a nurse in sports clothes.

Miss O'Brien is becoming a Florence Nightingale of the film business. If a producer has a movie which includes a sick actor in the cast, chances are he'll think of Joan for the nurse's role.

Joan will see to it that he's up and wriggling in no time at all. "I can't think of any girl who has played the same vocation as often as I have," said Joan who has the clinical appearance which befits her nurse roles.

RECORDS QUAKE
MOBILE, Ala. (UPI) — A deep earthquake, possibly beneath the Pacific Ocean off Panama, was recorded on the Spring Hill College seismograph Thursday.
Seismologist Rev. Louis J. Eisele said the tremor occurred about 52 miles below the surface of the earth as compared with the normal 14-15 miles.
Father Eisele said the quake, centered about 1,680 miles from here, probably in a southerly direction, was sharp but apparently not destructive.

NOW YOU KNOW
By United Press International
Cuba, largest island of the West Indies group, has an area of 44,206 square miles and a population estimated at more than 6.7 million, according to the World Almanac.

R. B. STEWART
... NGPA speaker

Phillips Veeb Will Speak For N.G.P.A.

R. B. Stewart, vice president, natural gas, for Phillips Petroleum Company, Bartlesville, Okla., will address the Panhandle Plains regional meeting of the Natural Gas Processors Association, scheduled November 2, 1962, in the Herring Hotel, Amarillo.

Stewart will present for the newly 400 gas processors, "A Glimpse Inside Russia," complete with color slides, based on his experiences as a member of the United States gas industry delegation which made a four-week, 7,000 mile tour and inspection of the Russian gas industry in 1961. Russia's gas production is about one-eighth that of the United States; its proved reserves are about one-fourth. Both, however, are growing rapidly.

Opening remarks for the meeting will be presented by NGPA Vice President Albert Taylor, Vice President of Amerada Petroleum Corporation, Tulsa, Okla.

Sharing honors with Stewart and Taylor will be a varied technical program covering important gas processing problems of the day, including "LP-Gas Specifications" by John A. Sutherland, Union Texas Petroleum, Tulsa; "Computer Applications to Plant Problems" by Wayne A. Fling, Jr., Cities Service Petroleum Company, Bartlesville; and "Minimum Cost Plants" by Loren L. Buck, Consultant, Tulsa.

Additional topics of importance to the gas processing industry are discussions on "Propane Market Potential of Flame Cultivation" by Dr. Earl H. Collier, High Plains Research Center, Plainville, and on "Emergency and Disaster Planning" by Albert E. Sweeney, U. S. Department of the Interior, Denton.

General Chairman of the meeting is M. M. Burroughs, Warren Petroleum Corporation, McLean, who will be assisted by Session Chairmen L. H. Davies, Cities Service Petroleum Co., Pampa, and J. T. Russell, Panhandle Eastern Pipe Line Co., Kansas City.

Closing the one-day meeting will be the traditional "Cooling Tower" hospitality session of the Natural Gas Processors Suppliers Association, followed by an evening banquet in the Herring Hotel. Tom Dawkins, Crane Packing Company, Amarillo, will head the supper.

Employees of the Natural Gas Pipeline Company of America from Gray, Roberts, Carson, and Wheeler counties were honored at a banquet at the Coronado Inn, Pampa, recently.

The occasion was the company's annual Service Award dinner at which employees with 5-year multiples of service are given special recognition.

Roberts County booster station awardees were R. S. Stewart, man, 20 years; J. T. Bobo, man operator, 20 years; and C. N. Cook, man operator, 15 years.

L. E. Anderson and M. L. Langston received 15 year awards while L. G. Petty received a 10 year award. All are with the gas measurement division in this area.

Carson County field booster chairman J. H. Davis and G. R. Heiduk were ten year awardees. J. L. Dupy was presented with a five year award.

Other area men recognized for five years of service were: C. L. Smith drilling, Kingsmill and R. I. Patterson, pipeline, Wheeler.

Total attendance was approximately 45 with executives from the Chicago office headquarters as speakers and F. M. Dunn, supt. of the Roberts County booster station as master of ceremonies.

St. Matthew's School Will Observe Week

St. Matthew's Episcopal Day School will join Monday through Friday with Episcopal schools all over the nation in observing Episcopal School Week.

An open house will be held in St. Matthew's on October 29th, to which the public is invited. The program will begin at 7:30 in the Church at 707 West Browning St. A particular invitation is extended to all teachers and administrators of the public school system. Classes at the school will be open all week, and the public is invited to attend the daily school chapel service at nine o'clock, and to visit the classrooms.

The Anglican tradition has always included such schools as St. Matthew's, and the emphasis has been increased in recent years, out of a determination to restore, at the heart of education, the sovereignty of God as the fundamental fact of existence. Growth of the school movement, under the guidance and accreditation of the Episcopal School Association, has been impressive. There are now over seven hundred such schools, with an average enrollment of about one hundred.

St. Matthew's School is in its eighth year, and offers first, second, and third grades, as well as a kindergarten of two sections. Academic standards and accomplishments are high, French being taught in all grades as well as conventional subjects.

The school is governed by a board composed of parishioners of St. Matthew's Church and members of the community at large. Mrs. Frank W. Kelley, Mrs. Henry J. Rose, Mrs. F. J. Vendrell, James W. Hart, William L. Arrington, and George W. Dingus represent the congregation, and E. C. Sidwell and George Crow represent the community. Chairman of the Board is the rector, Father William E. West, who is also headmaster of the school.

His staff includes Mrs. C. L. Followell, business manager, Mrs. Carl Anderson, who teaches kindergarten, Mrs. George L. Casey, who teaches French and music in the grades, as well as a section of kindergarten, Mrs. John B. Hessey, first grade, and Miss Lelia Clifford, second and third grades.

Service Award Dinner Is Held For Employees

Employees of the Natural Gas Pipeline Company of America from Gray, Roberts, Carson, and Wheeler counties were honored at a banquet at the Coronado Inn, Pampa, recently.

The occasion was the company's annual Service Award dinner at which employees with 5-year multiples of service are given special recognition.

Roberts County booster station awardees were R. S. Stewart, man, 20 years; J. T. Bobo, man operator, 20 years; and C. N. Cook, man operator, 15 years.

L. E. Anderson and M. L. Langston received 15 year awards while L. G. Petty received a 10 year award. All are with the gas measurement division in this area.

Carson County field booster chairman J. H. Davis and G. R. Heiduk were ten year awardees. J. L. Dupy was presented with a five year award.

Other area men recognized for five years of service were: C. L. Smith drilling, Kingsmill and R. I. Patterson, pipeline, Wheeler.

Total attendance was approximately 45 with executives from the Chicago office headquarters as speakers and F. M. Dunn, supt. of the Roberts County booster station as master of ceremonies.

Safety Record Is Recognized By Mobil Oil Co.

The members of Mobil Oil Company's Lefors Producing Area were honored with a safety banquet held in Berger recently. This group had completed 150,000 hours without a disabling injury.

Included in the group honored for their safety record were: C. F. Willmon, D. D. Geyer, K. R. Curfman, E. V. East, A. Z. Griffin, C. S. Austin, J. J. Auwen, R. V. Burns, T. V. Northcott, C. L. Rodscape, G. P. Van Huss, R. L. Vaught, J. B. Zuerker, Jr., L. B. Nichols, H. W. Paul, H. P. Vanderlinden, J. C. O'Donnell, B. J. Brazil, D. M. Cotton, H. L. Porche, A. D. Selman, O. O. Williams, and J. T. Williams.

Present to help the Mobil men commemorate their record were: G. C. Rutherford, area production supervisor from Pampa, J. M. McLaughlin, producing superintendent, and H. C. Barker, employee relations advisor, both from Wichita Falls.

J. M. McLaughlin presented the group with a plaque reflecting their 150,000 hours without a disabling injury.

ST. MATTHEW'S STUDENTS — Here are members of the student body at St. Matthew's School, which this week will observe Episcopal School Week, in cooperation with Episcopal Schools all over the nation. St. Matthew's is in its eighth year here and offers first, second and third grades, as well as a kindergarten of two sections. Open House will be observed Monday starting at 7:30 p.m. The public is invited to attend.

Behind The Blockade

The Pros Take Over

By RAY CROMLEY
Newspaper Enterprise Assn.

WASHINGTON (NEA) — This time it's the professionals.

That's what makes the difference, Defense Department officials say privately, between the disastrous Bay of Pigs invasion of April, 1961, and the blockade of offensive arms being shipped to Cuba.

These officials do not underestimate the dangers of this new U. S. venture. But, says one man at the Pentagon:

"The joint chiefs were in on this from the beginning. They've worked it out in great detail. This is no amateur operation by whiz kids."

In this professional planning, stopping the shipment of missiles and bombers is only the first step. Privately, Defense and State Department officials say to watch these three points:

1. The blockade, now limited to shipments of "offensive" weapons to Cuba, will be gradually tightened militarily and economically unless the Cubans get rid of their 1,000- and 2,000-mile missiles and their IL28 planes capable of bombing cities 800 miles away.

If necessary this tightening will continue until Cuba strangles economically. State Department experts think that by next spring Cuba could be brought to the verge of collapse.

2. The blockade against the Cuban clandestine running of arms by airplane and small boat to other Latin American countries will be tightened. There will be more patrols, greater alertness. Officials believe that the Cubans have been slipping by the present blockade.

3. The blockade aims at forcing the Russians into a naked confrontation with the United States on the Atlantic Ocean or Caribbean.

That is, the blockade's second aim is preventing a war in Berlin. As one military man puts it: "The showdown on Berlin may take place on the high seas off Cuba."

High officials in both the Department of Defense and the State Department have been worried for some time that Nikita Khrushchev might go too far in Berlin in the

belief that the Kenedy Administration would not fight in a showdown. Khrushchev said as much to poet Robert Frost and others.

The blockade, in one sense, is an attempt to jar Khrushchev. Bombing or invading Cuba would have pitted Americans essentially against Cubans. Stopping Russian ships on the high seas and threatening to sink these Russian ships if they do not obey American orders puts the United States directly up against the Russians. Officials say that they believe it is better to have this showdown with the Soviet Union between ships on the high seas than to have it in Berlin.

Defense officials say privately they believe this confrontation on the high seas will have strong effects in Africa, Asia, the Middle-west, East and Europe. A Russian

backdown will, they believe, destroy the myth of overpowering Russian military strength that has impressed many peoples, especially in the underdeveloped countries. Some U.S. military men believe this fear of Soviet military strength has caused some people to be leery about standing up to the Communists.

Since World War II the Russians have usually stayed out of the front lines. In Korea, Laos, South Viet Nam, the confrontation is with satellite Reds or Chinese but not with the Russians.

In this action of stopping Soviet ships on the high seas the Russians are caught in a trap, says one Defense Department man.

"If they meekly obey they've had it; if they don't obey and we force them to stop or sink their ships, they've had it."

"What's the class going to say when it discovers this blowout you collected for us already happened?"

NACE Schedules Meeting Monday

The regular October meeting of the Panhandle Section of the National Association of Corrosion Engineers will be held October 29 at Suptens' Barbecue in Phillips. There will be a social period at 6:30 p.m., followed by a barbecue dinner at 7 p.m. The charge will be \$2.75 each.

B. W. Ellis of Celanese is acting as program chairman for this meeting and he has arranged for James H. Peacock, Chief Metallurgist with the Duriron Company, to bring the program. Peacock will show slides and discuss the development of alloys and particularly the development of Durichlor 51.

ROMANTIC ATTACHMENT—A new bicycle trailer, big enough to hold a fellow's sweetheart, was actually designed to carry camping equipment. It was shown at a bicycle and motorcycle exhibition, Frankfurt, West Germany.

By MRS. BEN EZELL

Methodist and Presbyterian Youth will sponsor the annual Trick or Treat for CROP Drive Tuesday evening, October 30 from 6:30 to 9:00.

The money raised in this annual drive by Christian Youth makes available government surplus food for the children of the world. The money received will pay for transportation of this food to the areas where it is needed.

Mr. and Mrs. Al Goodin and daughters from Claude visited over the week end in the Joe Cullender home.

Mrs. W. S. Furlong of Ada, Okla., has been visiting this week in the home of her sister, Mrs. L. P. Ward. Mrs. Ward returned to Ada with her sister for a visit.

Mrs. Clarence Wine of Amarillo visited her mother, Mrs. Grace Spiller, Wednesday. Mrs. P. A. Bourassa of Amarillo visited her mother, Mrs. Charles Teas, Wednesday.

Mrs. Florence Earle left Wednesday to return to her home in Brazil, Ind., after visiting for a few days with Mrs. G. F. Hoover.

Billy Vaughn, son of the C. H. Vaughns and a student at McMurry College in Abilene will be going on tour this week with the McMurry Chanters, the college choir.

The Vaughns received information recently that Billy had received a partial scholarship from a ministerial association which will aid in financing his education.

Becky Vise spent Friday night with Mr. and Mrs. Don Gatlin in Lefors.

A daughter was born to Mr. and Mrs. Tom Christner Sunday morning. She has been named Elizabeth Elisa.

Mr. and Mrs. Doc Eckles visited in Canadian with her mother, Mrs. J. P. Keton.

Mr. and Mrs. Tom Helton visited some of their children in Lubbock over the week end.

Mr. and Mrs. Kenneth Wheeler of South Dakota have been visiting relatives here. They attended a family dinner at the Lee Lounge Wednesday.
