Border Front Is Quiet

Indian Commies Boost Sabotage

NEW DELHI (UPI)—Pro-Beiping Communists are increasing their sabotage and subversive efforts in the threatened northeastern area of India while Peiping keeps up steady military pressure on the gateway to the rich Assam plains, it was reported here.

No major fighting was reported anywhere along the 1,500-mile border but an Indian Defense Ministry spokesman said Indian troops repulsed two Chinese Communist attacks near Walong, at the extreme eastern end of the line near Burma. He said the Indians suffered no casualties.

The spokesman reported enemy shelling near Walong and in the Towang area at the intersection of the borders of India, Bhutan and Tibet—scene of a major assault Oct. 28. Indian and Chinese troops now hold positions around Jang village, five miles to the east.

The spokesman said the situation was unchanged in the Ladakh area where Friday he said the Chinese were moving tanks toward the vital supply air base of Chusul. Chusul is one of India's most important defensive points in the Ladakh area of Kashmir.

burned Prime Minister Jawaharlal Nehru in effigy.

The government announced recently it would arm villagers in the threatened areas and teach them to shoot rifles, but there have been no recent progress reports. Should the Chinese break through into Assam the villagers would be expected to carry out guerrilla warfare.

India continued to speculate meanwhile whether the Soviet Union would honor its commitments to supply the military aid it promised before the border dispute with Russia's Chinese Communist ally. Nehru said he had been assured the promise would be fulfilled.

HON. GALE W. MCGEE ... Speaks Here Tuesday

US Senator To Speak Before Knife, Fork Club

Hon. Gale McGee, U.S. senator from Wyoming, probably one of the best versed men in Washington on current problems in Asia, Europe, Africa and South America, will be the speaker at the Top O' Texas Knife and Fork Club dinner in Robert E. Lee Junior High School at 7:30 p.m. Tuesday.

Senator McGee, known in Washington circles as a "trouble shooter" for the nation, and right-hand man for the administration, will be introduced to dinner guests by County Atty. Don Cain.

With his rich background of history and as a repeated visitor to Moscow, with special trips to Southwest Asia and to South America, Dr. McGee gives a penetrating down-to-earth appraisal of Russia's international policy and its impact on our standard of living. His interpretations are invigorating and thought provoking.

Born in Nebraska, the senator and former educator received his degrees from Nebraska State Teachers College, the University of Colorado, and the University of Chicago. He was Assistant Professor of History at the University of Wyoming and held this position when he was elected to the United States Senate.

Recognized as an outstanding speaker, Dr. McGee is especially popular with dinner club audiences because of his analytical and practical approach to his subject. Dinner tickets are on sale at Malone's Pharmacy and may be purchased up until 1 p.m. Monday.

Rebels Say Castro Can Still Hit US

MIAMI (UPI)—The Fidel Castro regime, despite removal of Soviet surface missile installations, still is capable of attacking the United States with an island-wide battery of hidden underground missiles, a Cuban exile group said Saturday.

The Cuban Student Revolutionary Directorate (DRE) released a report which, in effect, contradicts the apparent official United States view on Castro's missile stockpile.

Dismantling and removal of the 40-odd Soviet missiles spotted on the ground by U. S. reconnaissance planes reduces Castro's rocket power but does not eliminate it, according to the DRE report.

Castro has at least 10 Soviet-built missile installations on the northern coast of all six of Cuba's provinces, the report said.

A DRE agent, identified only as "Angel," who just returned here from a lengthy mission in Cuba and who was instrumental in preparing the report, gave "eyewitness" information on five specific missile installations in two provinces, Matanzas and Las Villas.

But the Cuban exile organization report also said there are five more installations—some of them built in natural caves—in Pinar del Rio, Havana, Camaguey and Oriente provinces.

The Pinar del Rio base was said to be near Soros, the area visited by Soviet Deputy Premier Anastas Mikoyan and Premier Castro Thursday, according to (See FIDEL, Page 8)

Part Two Of Polio Project Due Nov. 18

Part Two of the Pampa and Gray County Sabin oral polio vaccine inoculation project will be held on Sunday, Nov. 18.

Type II Sabin oral polio vaccine will be administered between the hours of 12 noon and 6 p.m. on that date, according to Melvin Jayroe, chairman of the project for the Pampa Junior Chamber of Commerce, co-sponsors of the project with the Top O' Texas Medical Society.

Current plans call for holding the project in the same locations here as in the first part of the project last month. Definite announcement on that will be made in the near future, Jayroe said. For the first part of the project various elementary schools in the community were used.

As in the past, Lefors and McLean are expected to conduct their campaigns on the same date as Pampa.

Jayroe urged all those who have lost their permanent record card issued to them when they took Type I vaccine and those who did not receive the vaccine earlier to fill out a pre-registration form to help save time at the vaccine stations. They are available at various local stores.

Those who can locate their permanent record cards will simply present them to be marked and returned to them when taking Type II vaccine.

Boy, Hit By Car, In Good Condition

Steven Roberts, 12-year-old son of Mr. and Mrs. H. L. Crump, 936 S. Wells, was still in good condition in Highland Hospital Saturday night from injuries suffered in a traffic accident Friday in front of Pampa Junior High School.

Young Roberts was struck by a car driven by Mrs. Helen Dunn, 313 N. Dwight, as he crossed Francis St. in front of the school. Mrs. Dunn said she did not see the boy until the car hit him.

Police said Saturday they had not completed their investigation of the accident.

Soviet Union Apparently Near End Of Cuban Missile Shipment

City Hall Will Close Tomorrow

There will be no regular mail deliveries in Pampa tomorrow and City Hall offices will be closed all day in the legal observance of Veterans Day.

While there will be no mail deliveries in residential districts, postal authorities said special delivery mail will be handled and the post office will be open for box renters.

Elsewhere in Pampa it will be business as usual. All court house offices will be open and downtown stores will be open during the regular hours.

Kiwanis Speaker Discusses Cuba At Friday Meet

A genuine concern for the people of Cuba as human beings is needed if the United States is to eliminate the Russian influence there and in other Latin-American countries.

This was the opinion expressed by Robert K. Swanson, vice president of Frontier Perforators, Inc., who spoke on Cuba at the weekly meeting of the downtown Kiwanis Club Friday in First Methodist Church.

Swanson, who lived for several years in Cuba before coming to Pampa in 1955, said the people of Cuba have been deceived, duped and "taken in" by Fidel Castro.

When Castro's revolution flowered, Swanson said, the Cuban people were not aware that they were being sold into slavery.

"They did not know Castro was a Communist then," he said. "What has happened to the people of Cuba has happened because of circumstances beyond their control."

Swanson outlined the historical background of Cuba from 1898 through the Batista dictatorship, the 1958 revolution which carried Castro into power and the ultimate deception of the Cuban people.

He stated that in his belief the United States should be more interested in what is going to happen in other Latin-American countries where the Communists are trying to gain a foothold than in just Cuba alone.

"Take Venezuela and Argentina," he said, "if we lose them to (See SPEAKER, Page 8)

Russians Back Unmanned Atom Test Inspections

MOSCOW (UPI)—The Soviet Union Saturday gave strong backing to unmanned, automatic seismic stations as an alternative to on-site inspection in helping to police an underground nuclear test ban.

Three Soviet scientists said in the government newspaper Izvestia that "there are unquestionable difficulties in distinguishing (atomic) blasts and earthquakes."

But they added:

"Today we confidently declare not only that detection of underground tests is possible but this task can be solved by simpler means than proposed by experts at the 1958 Geneva Conference."

Earlier the Communist Party newspaper Pravda supported the proposal for automatic seismic stations.

The scientists were Mikhail Sadowsky of the Academy of Sciences and physicist-mathematicians V. Kellis-Borok and N. Kondorsky. They said "It suffices to use the national seismic services both of the atomic powers and the neutral states."

"The reinforcement of national means by automatic seismic stations will ensure full reliability of the detection of underground tests without any on-site inspections."

Pravda came out in support of a proposed mechanical "black box" control system elaborated at a recent "Pugwash" conference of (See SOVIETS, Page 8)

THEY'LL BURY US? — The movie, "We'll Bury You" is currently being shown, through Tuesday, at the LaVista Theatre under the sponsorship of Company B, 1st Battle Group, 142nd Infantry, Texas National Guard, Pampa unit. The film exposes Communism and how the forces of that philosophy take over a country with stark brutality. In connection with the film, the National Guard unit has maintained a display in front of the theatre in which blank bullets are fired to give a touch of realism in connection with the weapons on display. Shown here are, atop the weapons carrier, Pfc. Don Kirkham; behind the machine gun, Sp. 4 Ronnie Havens; next to him, Pfc. Robert Morris; and, right, S-Sgt. Jack Frost. (News Photo)

Scout Service Center Dedication Is Slated

A special dedication ceremony at 3:30 p.m. next Sunday will feature an Open House program for the new Adobe Walls Council Scout Service Center near the intersection of Gwendolyn and N. Sumner Sts. in Pampa.

Workmen will be putting the finishing touches to the structure this week.

Brantly Hudson, Adobe Walls scout executive, said Saturday a number of out of town visitors will come to Pampa for the program. These visitors, he stated, are expected from the entire 15-county area of the Adobe Walls Council area.

Hudson said next Sunday's program, which starts with the dedication ceremonies promptly at 3:30 p.m., will continue with the public open house until 5:30 p.m.

The Adobe Walls Council area includes 12 eastern Texas Panhandle counties and three counties in the Oklahoma Panhandle.

In addition a number of Scout officials are expected to attend from outside the Council area.

Harold W. Lewman from Dallas, regional executive of Region 9, will make the dedication address.

Two Regional Committee members, Jack Maddox of Hobbs, New Mexico, and Earl O'Keefe of Amarillo, will participate in the program. As executive of Region 9, Lewman has a direct supervisory responsibility over the thirty-five Councils in Texas, Oklahoma, and

Election Returns To Be Canvassed

The official canvass of Gray County returns in last Tuesday's general election will be made Monday, it was announced Saturday by County Clerk Charles Thut.

The returns will be canvassed at 10 a.m. Monday at a meeting of county Commissioners in the county courtroom of Gray County Courthouse.

In New York, Carlos Lechuga, Cuba's ambassador to the United Nations, told a reporter that despite a week of intensive diplomatic activity there, "nothing of importance probably will happen before next Monday." He did not elaborate.

From Havana, there had been no word yet on when Kremlin troubleshooter Anastas I. Mikoyan would complete his talks with Fidel Castro, which have been in progress for more than a week.

With the final pullout of the missiles, there has been some speculation here that the Soviets might announce to the world that they had fulfilled their part of the bargain and demand that the U. S. blockade be lifted.

But U. S. officials said there are still some major steps to be taken before this can happen.

For one thing, the United States has demanded the removal of Soviet IL28 "Beagle" jet bombers from Cuba, as well as the missiles.

The Russians, on the other hand, have been saying the IL28s are "obsolete" and little danger to the United States. They have hinted the planes may have been formally turned over to the Cuban air force.

Mrs. Anna Eleanor Roosevelt Is Buried By Side Of Her Husband

HYDE PARK, N. Y. (UPI)—Anna Eleanor Roosevelt, the shy and self-imagined "ugly duckling" orphan who in womanhood found true beauty through service to humanity, rested in death Saturday night beside her husband in the rose garden they had tended together in life.

Under a patchwork November sky, the "first lady of the world" was buried Saturday afternoon alongside the grave of Franklin Delano Roosevelt, 32nd President of the United States. They had been parted, until now, by Franklin Roosevelt's wartime death in office in 1945.

President Kennedy and former presidents Eisenhower and Truman headed a group of distinguished mourners who came to the ancestral Roosevelt estate, country home of the late President's family since 1819.

The 78-year-old Mrs. Roosevelt, niece of President Theodore Roosevelt, died Wednesday in New York after a battle of more than two years with anemia and tuberculosis.

Early Rain
After a heavy early morning rain, the sky began clearing shortly before the funeral services.

If it comes from a hardware store we have E. Lewis Hays. Adv.

6 Red Vessels Have Been Viewed By US

WASHINGTON (UPI)—The Soviet Union apparently neared the end of its missile withdrawal from Cuba Saturday. A fourth Russian ship carrying rockets away from Cuba was inspected by a U.S. Navy destroyer early Saturday morning.

So far, six Soviet vessels have been "inspected" by Navy warships and four of them appeared to be carrying missiles.

Vasily V. Kuznetsov, the special Soviet negotiator on Cuba now in New York, has informed the United States that all of the Russian missiles—which he put at 42—would be on their way out of the Caribbean by Monday.

The ship inspected at dawn Saturday was the Soviet freighter Anosov. An "alongside inspection" of its cargo was made by the destroyer Barry, which intercepted the vessel Friday night and tailed it throughout the dark hours until daylight.

One Complication
There was one complication with the Anosov. It bluntly refused the Barry's request that it uncover all of the missiles lashed to the deck. To do so, it said, would be against the instructions of the Soviet government.

But the Pentagon later indicated that the freighter had complied sufficiently to satisfy the terms of the limited inspection. It said the surveillance had been completed "without incident."

Newsmen who flew over the Anosov in a Navy patrol plane reported its deck was covered with military equipment, including 12 missile-erecting cranes, night trucks, and eight large oblong objects which appeared to be missiles.

Covered with canvas, each of the rockets appeared to be 60 to 70 feet long and a dozen feet in diameter. They closely resembled the American Thor, which has a range of some 1,500 miles and can carry a nuclear warhead. The United States has Thor bases in Turkey.

Final removal of all of the missiles would end the major part of the military threat posed by their placement in Cuba. It appeared the next steps in the Cuban crisis might turn into a political chess game that may take weeks to resolve.

Next Move
There were some indications the next move will come Monday, the deadline promised by Kuznetsov for completion of the missile withdrawal.

From Carver School, Jessie Earl Washington, grandson of Mrs. Willie Vinson, and Linda Sue Oliver, daughter of Mr. and Mrs. J. D. Oliver.

These students will be honored for their outstanding achievements in their school, church and community.

Also in attendance will be Cam (See OPTIMISTS, Page 6)

Optimists Will Pay Tribute To Pampa Students

Fourteen students from Pampa public and parochial schools will be honored at the Optimist Clubs' Youth Appreciation Week banquet to be held at Poole's Steak House next Saturday night.

Mayor E. C. Sidwell has proclaimed this week Youth Appreciation Week in Pampa.

In his proclamation issued Saturday, the mayor stated:

"Whereas, Optimist Clubs in the United States and Canada believe the general population is unaware that more than 95 per cent of all teenagers believe in and practice juvenile delinquency, and

"Whereas, members of these Optimist Clubs feel that this delinquency image is detrimental to the majority of these young people and that the true statistics should be brought to light, and

"Whereas, the citizens of Pampa wish to join the Optimist Club of Pampa in its wish to express sincere respect and appreciation for these young people and their achievements, and

"Therefore, I, E. C. Sidwell, mayor, proclaim November 12 through 18, 1962, as Youth Appreciation Week, and urge each citizen of Pampa to recognize the accomplishments of our young people and to extend to them their appreciation and confidence."

Among those to be honored at the Saturday night banquet are the following students from Pampa High School: Shari Walker, daughter of Mr. and Mrs. Floyd Walker; Keith Riemer, son of Mr. and Mrs. Otto Riemer; Robert Pullen, son of Mr. and Mrs. Claud Pullen; Linda Cox, daughter of Mr. and Mrs. L. Preston Cox; Carol Chase, daughter of Mr. and Mrs. J. L. Chase, Jr.; and Charles Snuggs, son of Mr. and Mrs. John S. Snuggs.

From the Catholic Youth Organization: Susan Davis, daughter of Mrs. E. E. Davis, and James T. Sanders, Jr., son of Mr. and Mrs. James T. Sanders.

From Pampa Jr. High: Sara Beth Hahn, daughter of Mr. and Mrs. H. H. Hahn and Billy Turner, son of Mr. and Mrs. B. O. Turner.

From Robert E. Lee Jr. High: Dorothy Fay Davis, daughter of Mr. and Mrs. James A. Davis, and David Cain, son of Mr. and Mrs. Don Cain.

Commission Will Name Tax Board

Appointment of members of the City Tax Advisory Board will top the agenda of Tuesday night's commission meeting in City Hall.

Other business will include the authorization and approval of a site selected by the Pampa Geological and Historical Society for Pioneer Cottage, approved list of salaries and hear recommendations by the city manager.

RETIREES — Here is L. Barrett of Skellytown, who has retired as superintendent of the Skelly Schafer Plant after 37 years with Skelly Oil Company.

Superintendent Of Skelly Oil's Plant Retires Recently

SKELLYTOWN (Sp) — Employees of Skelly Schafer Plant honored Mr. and Mrs. L. Barrett with a retirement banquet recently in the grade school cafeteria. Barrett has been employed with Skelly Oil Company for 37 years in various capacities. He was Skelly Schafer Plant superintendent on his retirement and has also served as plant superintendent at Skelly Crawford Plant and plant superintendent at various Oklahoma plants. In the receiving line were Mr. and Mrs. Barrett, Mr. and Mrs. G. L. Craddock, superintendent of the Texas-New Mexico district of Skelly Plants, and Mr. and Mrs. C. W. Mullins, who will replace Barrett as Schafer plant superintendent. Two of the Barrett children were present for the banquet, Mr. and Mrs. Johnny Harvey and Roger Barrett of Midland. Other honored guests were Mr. and Mrs. Vern Werth and Mr. and Mrs. T. A. Ingram, retired Skelly employees. The guests of honor were presented gifts from the employees, one of the gifts being a large aerial photograph of the plant. Barrett made a short talk telling of his years with the company. Approximately 200 attended the banquet.

Quotes In The News

NEW YORK — Adlai Stevenson, U.S. Ambassador to the United Nations, commenting on the death of close friend Mrs. Eleanor Roosevelt: "I have lost an inspiration. She would rather light candles than curse the darkness and her glow has warmed the world."
MOSCOW — Soviet Premier Nikita Khrushchev, on the Cuban situation: "Who won and who lost? Forget it. Reason won, reason for mankind. Mankind won. Because if there hadn't been reason, there might not have been this reception here tonight and there might not have been any elections in the United States."
NEW DELHI — Indian Prime Minister Jawaharlal Nehru, seeking in a parliamentary speech to explain the Red Chinese attack on India: "India, being a peace-loving country, could not afford millions of sums of money on defense. Whereas the Chinese, being dictatorial, disregarded defense spendings. Moreover, they have training in warfare, especially in guerrilla warfare, over the last 20 or 30 years."

FLAG PRESENTATION — Miss Louise Evans (Mrs. Marion Bruce), editor of the editorial page of the Amarillo Globe-Times, received a special flag presentation by President of the Pampa Key Club, Raymond Nance, second from right, who was assisted by Don Sears, right, and John Holloway. A special Key Club project, "Freedom Corner," was explained. Miss Evans was guest speaker Wednesday at the First Methodist Church Commission meeting on Christian Social Concern. Other sponsors for this meeting were the First Presbyterian Church, First Christian Church, the St. Matthew's Episcopal Church, and other Methodist Churches of the city.

Genealogical Group Views Area Scenes

Colored slides of picturesque and historical locations and scenes of the Texas Panhandle were shown by Vern Platts of Phillips at the monthly meeting of the Pampa Genealogical and Historical Society last week at Lovett Library.

The slides were accompanied by a taped commentary describing the background of the views of the cattle and oil industry, Old Fort Elliott and Old Tascosa, and wild flowers of the region. The slide collection is a cumulative effort of the members of the Phil-Pic Camera Club of Phillips, of which Platts is past-president. The slides have become internationally known, being presented in such far away places as Australia and Europe.

Taped recordings of Governor Price Daniel's address at the Texas State Genealogical Society's Statewide Conference on Local and Family History held last April in Austin were played for the membership and guests. Gov. Daniel related his interest in family history stemmed both from inspired tales learned at his grandmother's knee, and from the fact that his wife is the great-granddaughter of Sam Houston. Thus their family history is simply that of the State of Texas.

Received into the Society as new members were Mrs. Margaret Nash, Cliff Vincent, and Mrs. Edna Carr Vincent. Mrs. Cliff Drake presented the Society with a gift subscription to the Kansas Historical Quarterly, and Mrs. W. A. Spoonmore and Mrs. Willie B. Guill reported that public voluntary support of the "Pioneer Cottage" project is growing steadily and plans have been completed for

President Asks Renewal Of The American Spirit

WASHINGTON (UPI)—President Kennedy has called on Americans to observe Thanksgiving Day Nov. 22 by renewing an American spirit which is "always ready to confront crisis with steadfastness and achievement with grace and modesty."

"Let us renew that spirit by concentrating our energy and our hope with men and women everywhere that the world may move more rapidly toward the time when Thanksgiving may be a day of universal celebration," the President said.

He made the statement in a proclamation declaring the fourth Thursday of November "a day of national thanksgiving."

Lawyer Says Crisis Shows Army Need

DALLAS (UPI)—Robert Morris, defense attorney for former Maj. Gen. Edwin A. Walker, said today the Cuban crisis reaffirmed the indispensability of the armed forces, "to the preservation of our country and of our heritage."

Speaking before a meeting of the Military Affairs Committee of the Dallas Chamber of Commerce

and the Public Affairs Luncheon Club, Morris stressed the importance of a strong military.

"There are elements of progress and of retreat in the drama being enacted off our shores," Morris said. "The progress has proceeded from the invocation of our military strength by our Commander in Chief."

"The retreats have proceeded from our backing down from our assertion of strength and reverting to negotiations through international agencies," he said.

Crude Oil Production Increase Of 100,000 Barrels Is Predicted

DALLAS (Sp) — Crude oil production in the United States will increase almost 100,000 barrels a day during 1963, the Supply and Demand Committee of the Independent Petroleum Association of America forecast today at IPAA's 33rd annual meeting here.

Domestic demand for all oils in 1963 will average 10,510,000 barrels a day, an increase of approximately 300,000 barrels a day or 2.9 per cent, over 1962, the committee said.

"The effect of the international situation on the economy in general, coupled with additional purchases by the military, will be reflected in a somewhat larger increase in demand for petroleum products than the nominal increase that would otherwise be expected," the committee reported.

Also, in view of the international tension, intensified by the recent quarantine of Cuba, the committee assumed that the 842 million barrels of petroleum inventories expected at the end of 1962 will also be in evidence at the end of 1963.

"Consequently, the required new supply in 1963 will be the same as the total demand for oils," the committee said. It pointed out that under normal conditions, the present level of stocks would be considered "higher than adequate."

Since the 1963 import program has not been announced, the total volume of petroleum imports was

calculated according to the current program. On this basis 1963 imports would total 2,190,000 barrels per day, compared with 2,070,000 barrels daily in 1962.

The committee expected natural gas liquid production to continue to expand, and the 1963 forecast is for an output of 1,032,000 barrels per day, an increase of 33,000 barrels per day, or 3.2 per cent, above the 1962 level.

In view of anticipated de-

mands, the assumptions made with respect to inventories and imports, and the expected production of natural gas liquids, crude oil production in the United States during 1963 would average 7,428,900 barrels per day, an increase of 97,000 barrels per day, or 1.3 per cent, over 1962.

The committee also calculated crude runs to stills during 1963 will average 8,631,000 barrels per day, an increase of 195,000 barrels per day, or 2.3 per cent, above 1962.

"The domestic petroleum industry is fully capable of meeting the requirements of the present emergency," the committee said. "However, the current military situation is fraught with uncertainties, and any significant changes, would, of course, alter the levels of demand and necessary supply."

FOR THE BIRDS

BOSTON (UPI) — Massachusetts today has two racket-tailed drongos, a yukina and four chloropes.

Franklin Park Zoo Director Walter E. Stone explained the drongo is an Asian bird with a barbed tail, a yukina is a tiny bird from the Himalayas and a chloropsis is a green bird with blue throat and gilded forehead.

Oldest monument to the first president of the United States is the George Washington monument in Baltimore, Md.

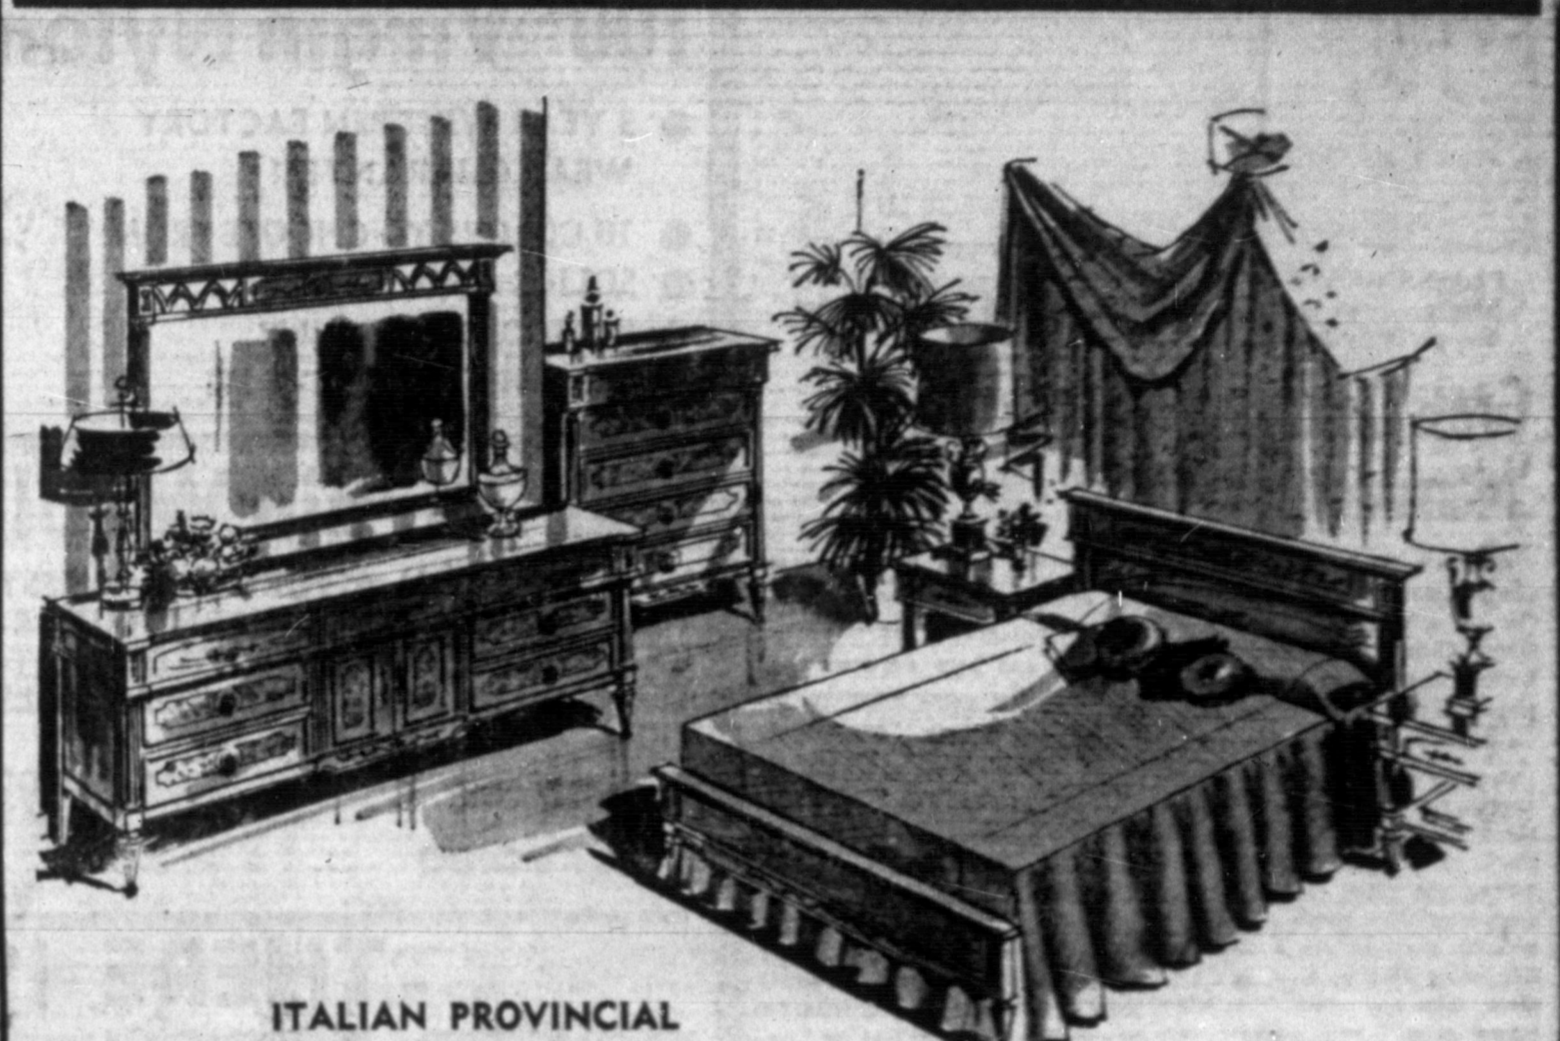

11-Year-Old Girl Gives Birth To Son

CHICAGO (UPI)—An 11-year-old Negro girl gave birth to a 7-pound, 11¼-ounce son here three weeks ago, officials at Presbyterian-St. Luke's Hospital have reported.

Physicians said the birth, Oct. 16, was "fairly normal" and that mother and son were discharged from the hospital four days later. Hospital authorities said the mother and child have not come back for examination and they assumed both were doing well.

The case was thought to be the third on record in Chicago of an 11-year-old girl giving birth. Two such cases were recorded in 1958. The youngest birth on record occurred 23 years ago, when Lina Medina, 3, a Peruvian girl, had a son.

STAKED PLAINS
SOIL CONSERVATION DISTRICT

PLAINS GRASS — Shown here are three examples of blue gramma grass plants, one ungrazed in three years, one properly grazed and one overgrazed.

Grass Described As An Important
'Manufacturing Plant' On Plains

(Editor's Note: Van Mills, range conservationist, has written an article submitted by the Gray County Soil Conservation District concerning grass in the plains. Here is the article.)

Grass! What Does It Produce? A grass plant produces proteins, carbohydrates and fats. These three products are used for livestock production and for maintaining the grass plant. Grass is considered the ranchers' crop and his livestock are a means of harvesting this crop. A grass plant, like any other "manufacturing plant," will produce according to the way it is managed.

How Does A Grass Plant Function? The picture above shows blue gramma plants from three different pastures under different management. Grass roots carry water and minerals to the leaves and stems where proteins, carbohydrates and fats are manufactured. The blue gramma plant on the right has only a short root system and three or four live shoots left. It is operating far below its potential capacity. Since roots live off of the food that is manufactured in the leaves, the more leaf growth we have the more roots we have for supplying water and minerals to the leaves. The blue gramma plants on the left are operating at full capacity. The following is a way to remember how grass plants function: "as the leaves go, so goes the roots, and as the leaves grow, so grows the roots."

How To Maintain A Grass Plant. The blue gramma plant in the middle has been properly grazed. Approximately half of the top

growth has been left to assure an adequate root system, and enough top growth left to protect the soil and help store water in the soil. The grass plant on the right has been continuously close grazed. Deferred grazing will allow this grass plant to produce a longer and heavier root system, and increase the crown width. The grass plant on the left has not been grazed in three years and it has a heavy root system and top growth. A grass plant can be maintained in a productive state by leaving approximately half of the current year's growth. It takes grass to produce grass.

BAKER'S DOZEN—And then some. Over 2,000 loaves of bread from over 600 West German bakeries get their quality tested in Frankfurt. Contest is sponsored by West German Agricultural Society as a service to consumers.

Square Dance Roundup

By THELMA CASEY

The Texas Tumble Weeds of Pantex is the newest square dance club in the area. They dance every second and fourth Saturday night at the Town Hall at Pantex, with Jack Anderson calling.

George Reed called for the Calico Capers Saturday night. They dance every Saturday night at the old Parish Hall, Buckler and Ward Sts., in Pampa.

Canadian Squares will dance Saturday, with Wendell Powell calling to live music by the Dugan Dandies at the Town Hall.

Doug Comp called for the Dumas Hoedowners of Dumas. Saturday night at the Steel Workers Union Hall. They dance every Saturday night.

Midway Squares dance at the Girl Scout little house in Borger Friday night with Woody Turley calling. They dance every first and third Friday night.

The Calico Copers held their graduation dance Wednesday with J. D. calling. They graduated eight couples. Everyone had a nice time.

The Tri City Twillers of Borger dances the second and fourth Saturday night. Lefty Langley will call for them the 24th.

Boats and Calico of Phillips, at the Community Hall with Club callers.

The Calico Copers Jr. are giving lessons on Thursday night at the Youth Center. Members will be taken in until November 15. Lessons are from 7 to 9 p.m. ages are from the fourth grade up. Don Austin will give the lessons.

The Calico Coper Juniors dance every Friday night at the Youth Center with Don Austin calling. J. D. Wilbanks will call for the Calico Copers the third Saturday of every month.

The Gay Guys and Gals dance on Friday night at the Girl Scout Little House at Borger.

The Silver Bells had a nice crowd Tuesday night with Jack Anderson calling. Silver Bells give lessons from 7 to 8:15 p.m. every Tuesday, and have their dance at the old Parish Hall, Buckler and Ward.

J. D. Wilbanks will have a graduation dance for the Canadian Squares Tuesday Nov. 27 at Town Hall in Canadian.

Sunray Circle Eight Square Dance Club had a tackey party Saturday night. Dumas Hoedowners cancelled their dance to square dance with them.

Round dances will start Wednesday night November 14 at the old Parish Hall in Pampa.

Doug Comp is giving lessons in Dumas with 24 couples in the class. Graduation for these will be November 24 at the Steel Workers Union Hall in Dumas.

Sunray has cancelled their dance November 17 to go to the dance in Panhandle.

Di-Si-Do Square dance of Panhandle will hold a homecoming dance at the High School gym there. This will be a donation dance. The proceeds will go to help someone go to college.

All the callers over the Panhandle will donate their time for the dance.

Gov. Price Daniel said Wednesday that the Cuban crisis "only emphasizes what civil defense has been stressing all along for the protection of our citizens."

Daniel, who recently attended a regional meeting of governors and civil defense officials, had these recommendations on civil defense:

—Existing shelter spaces be improved and enlarged where possible.

—The movement and storage of shelter supplies be expedited as they become available to each community.

—Texas A&M College should make extension services available to help provide guidance to rural citizens on civil defense matters.

—Local and civil defense officials continue intensified training in such civil defense auxiliary work as fire, police and rescue teams.

—Radio and television stations continue to make available public service time for adult education courses and other civil defense instruction, and newspapers continue to publish civil defense information.

—Private business and industry assist in shelter survey programs and develop plans where possible in office building, plants and warehouses.

Mexico leads all countries in silver production.

Vote Winner Wants Office Abolished

EL PASO, Tex. (UPI)—Mrs. Lydia M. Stark, a 78-year-old great-grandmother, battled hard to be elected El Paso County School Superintendent. Now she is ready for the job to be abolished.

She won the election Tuesday by campaigning for abolition of the \$10,000-a-year job. Mrs. Stark's job carries scant responsibility

since all schools in El Paso County now belong to independent school districts.

"This election is the crowning joy of a wonderful life," said Mrs. Stark, a Republican. "I hope the voters will overwhelmingly vote to dispose of my new office."

She says the office wastes \$22,000 a year of taxpayers' money, including her salary. Mrs. Stark, a former school teacher who now manages a speech therapy school for retarded children, said her next task is getting the necessary 20 per cent of voters in the county to sign a petition calling for an election to abolish her job.

Building for BOY SCOUTS of AMERICA pampa texas

SCOUT SERVICE CENTER—Here is an artist's drawing of the new Adobe Walls Boy Scout Service Center, which will be dedicated during Open House observance next Sunday. The building is located near the intersection of Gwendolyn and N. Sumner Streets.

Speaker To Discuss Problem Of Bindweed

Dr. Alan Wiese of Bushland Experiment Station, an authority on bindweed, will speak at 7:30 p.m. tomorrow night at a meeting in the Agricultural Bldg. on the Miami Hwy., south of the Pampa rodeo grounds.

Foster Whaley, county agricultural agent, said Saturday, Dr. Wiese will discuss the current methods of controlling bindweed, which has become a big problem for city dwellers as well as farmers.

The speaker also will give helpful information on how to minimize drift damage from the use of 2-4-D, another problem for both city and farm folk.

The Gray County Program Building Committee has listed these two problems as having top priority.

Home Demonstration Agent Lou Ella Patterson and County Agent Whaley both urged Pampa city dwellers and farmers to attend tomorrow night's meeting.

"We hope both husbands and wives will attend," Whaley said.

Library Marks Children's Book Week Project

Children's Book Week, celebrating its 44th annual observance with the slogan, "I Like Books," will be marked at the Lovett Memorial Library from November 11-17. During the week a special exhibit will be on display in the entrance window and book-marks and book lists will be available for children checking out books.

Children's Book Week began in 1918 when Franklin J. Mathews, chief librarian of the Boy Scouts of America, and Frederick G. Melcher, secretary of the American Booksellers Association began a campaign for better reading. With the support of the American Library Association the event grew in importance and in 1938 the Association of Children's Book Editors was formed to support Children's Book Week.

Some of the varied activities include answering thousands of questions about children's books, publishing information sheets and aids to book selection, and maintaining a library of the latest crop of children's books.

This year Phyllis McGinley has written a poem for Children's Book Week which appears on the bookmark.

Soviets
(Continued From Page 1)
Soviet and Western scientists that would avoid human inspection on both sides.

The "pugwash" conferences, which take their name from the town in Nova Scotia where they were first held, are informal meetings of scientists from East and West.

Both the Soviet Union and the United States are agreed that if nuclear tests are banned in the atmosphere, in outer space and under water, an effective control of possible violations can be made with existing detection means.

They do not agree, however, on how to detect and control underground explosions.

The West has repeatedly expressed fears that small underground tests could be carried out clandestinely and that it would be difficult, if not impossible, to differentiate between earthquakes and nuclear seismic disturbances.

The United States proposed a system of manned control stations and yearly inspections on both sides to police possible underground tests. The Soviet Union rejected this as tantamount to espionage.

Fidel

Havana radio broadcasts which said they toured "farm cooperatives."

Agent "Angel" said there are at least two bases in Matanzas. One, he said, is possibly the most important installation in Cuba. It is about 62 miles east of Havana at a point on the north coast where the Yumuri River empties into the sea, he added.

A Cuban army captain on duty there claimed the missiles could reach New York, he said. "The Americans are in for a big surprise if they try to invade us," he quoted the captain as saying.

The missiles were installed there immediately after completion of the base in October, 1961, in a construction job that was begun in February, 1960, with a budgetary allocation of \$1 million, the agent said.

Speaker

Television In Review

By RICK DU BROW
United Press International

HOLLYWOOD (UPI) — The process of trying to mold a personality into a television fixture is a fascinating one to watch, and especially in the case of NBC-TV's Andy Williams.

Many persons in television circles believe Williams is being groomed as heir apparent to the network's Perry Como, who, it is said, may soon retire from his weekly video show, perhaps at the end of the season.

The molding of Williams on his hour-long Thursday night program, which began this fall, therefore has been pretty obvious. To start with, he is a singer considered tops in the swinging and jazz schools. The first thing, then, was to give him a wider, folksy appeal.

This was the reason, in part, for a weekly sequence in which he "visits" his home town of Wall Lake, Iowa, in skits. It has been a less than stimulating passage each Thursday. But the idea men, aware of this, say now it probably will be tossed out within a few weeks.

The reason, they say, is that it has served its purpose, which was to give Williams "roots," and there is no need to stretch it out.

Another slow spot on the show has been a regular informal session in which Williams talks to his audience and sings requests. The trouble is that he has been talking too much and singing not enough. He will make a better living at singing than talking.

Williams' advisers are aware of this too and say he soon will start cutting out much needless chatter from these sessions. And that, in a nutshell, is the very encouraging thing about the show: all those connected with it realize it is in the stage of shaping up and are not standing by any hard-and-fast formula as yet.

When things do shake down, it should be a weekly treat. At times it is that now. It has most of the ingredients. The Williams voice is big-time. His regular troupe, the New Christy Minstrels, is video's most exciting find of the season. But what he needs badly is a resident comedian to relieve him of too many attempts for laughs.

Williams has plenty of guest stars to help draw audiences and lend glamor. Thursday night Betty Grable, her famous legs still eminently viewable, chipped in with an old-fashioned movie song-and-dance number.

But the greatest help came from another guest, Lawrence Welk, who tries so hard, is so good-natured and is so aware of his awkward manner, that I can't help liking him. I think what I like best about Welk is that after years of living in hard-bitten Hollywood, which has been described as a place where a friend in need is a pain in the neck, he still retains the ability to have his feelings hurt.

Thursday night, Welk portrayed a bandmaster in the "Wall Lake" skit, played the accordion, sang a polka and danced. He flubbed all over the place, but every time he innocently said "wunnerful." It was a riot. In a surprise guest spot, Danny Kaye popped in to plug his special which airs Sunday. Someone should have gotten him to dance while Welk played.

Are you still shaken after watching television's giant computers tell us who won the elections? I am. Exact or not, I never could get myself to put full faith in those machines. It was good show business. But I never felt fully satisfied until I read my newspapers next morning.

The Channel Swim: NBC-TV bought a series in which Robert Taylor plays an assistant to the secretary of the Department of Health, Education and Welfare... Ernie Ford turned down ABC-TV's feelers to move his show from San Francisco to Hollywood to help his ratings.

Audrey Meadows will be competing with her former video sidekick, Jackie Gleason, when she stars Saturday on NBC-TV's "Sam Benedict." Anthony Quinn and Margaret Leighton, hits in the new Broadway play "Chin-Chin," do a comedy sketch Nov. 18 on CBS-TV's Ed Sullivan Show.

Carr Top Vote-Getter
DALLAS (UPI) — Democrat Waggoner Carr, a Lubbock lawyer, who was elected attorney general of Texas, was the greatest vote-getter in Tuesday's election among state-wide contested races.

Carr, a former speaker of the Texas House of Representatives, polled 919,199 votes to defeat Republican T. Everett Kennerly of Houston. Kennerly polled 468,000 votes.

Space Contract To Grumman Aircraft

HOUSTON (UPI)—Development of the small, weird-looking spacecraft that will shuttle two astronauts from an Apollo spaceship to the Moon has been turned over to the Grumman Aircraft Engineering Corp. of Bethpage, N.Y.

The space agency gave Grumman, one of nine firms seeking the \$350 million project, the go-ahead Wednesday. If negotiations are successful, Grumman will be a prime contractor in moon flight efforts.

Contracts now have been let for all three major parts of the Moon-bound Apollo spacecraft. The parts are the lunar landing control and service modules. All three parts are detachable.

By 1970, the United States plans to put an Apollo vehicle in orbit around the moon. Then, according to current plans, two of the three astronauts aboard will leave the

"mother ship" and enter the small lunar landing craft, or "bug," for the relatively short trip to the moon's surface.

The bug will look nothing like present space capsules. Since there is little or no atmosphere around the moon, the craft does not need to be sleek or streamlined against air friction.

Round fuel tanks stacked on its sides and landing legs will give the landing craft the appearance

of a bug. A mockup of the bug was made at the Houston Manned Spacecraft Center for President Kennedy's recent visit.

Using the bug, the two exploring astronauts can leave the free-orbiting main ship and cruise to the moon's surface with little power and fuel. Taking off for the rendezvous with the mother ship also requires only a relatively small amount of power.

After joining up with the main

ship and discharging the astronauts, the bug likely will be left in space. This would cut down on the weight aboard for the return flight to the earth.

Joseph Pulitzer once was a member of the U.S. House of Representatives. Elected in November, 1884, he resigned in 1886.

Tobacco is grown in 21 states of the Union by some 800,000 farm families.

Wisconsin Stuns Northwestern Wildcats, 37-6

Westerners Scamper Past Pampa Harvesters, 20-8

Lubbock's Westerners rallied behind their running and throwing threat, quarterback Greg Lott, to race past Pampa's Harvesters, 20-8, in Lubbock Friday night to cast a long shadow on the Pampans chases of breaking even this season.

The Harvesters launched its usual surge in the first half, but found the Westerners tougher opponents in the second half.

Although the Pampans failed to score in the initial half, the Harvesters dominated first action except for the Westerners' touchdown drive late in the second quarter.

Pampa's defense proved to be real tigers in the first quarter, issuing a scant nine yards rushing to the Plainsmen.

Greg Lott was the big story for the Lubbockites as he passed to Tommy Jenkins for one touchdown, scampered 45 yards for another, and plunged four yards for the touchdown that iced the game for the host school.

Kenny Hebert scored the lone Pampa TD late in the third quarter.

The Pampans spotted the Westerners 13 points on the scoreboard, before Hebert scored the marker with nine seconds left in the third quarter.

After fighting a scoreless first quarter, Lubbock rallied in the closing minutes of the half behind its field general, Lott, who led the team 70 yards in five plays for the touchdown.

The 170-pound junior ran 21 yards on one play and passed

Story in Figures

Fumbles Lost	1 1
Penalties	6 5
Yards Pen.	60 46
Dunts	6 4
Punting Avg.	45.5 44.5

Westerners had padded their lead with another touchdown, pulling the victory safely away from the Pampans' desperate attempt.

Lott did most of the running on the final TD drive as Lubbock moved the ball 42 yards in nine plays for the final tally. Lott scored from four yards out with Hebert kicking the extra point, making the final score 20-8.

Late E'fort

The Harvesters were determined to score in the fourth quarter as Pampa launched a drive

Oklahoma Crushes Iowa State Cyclones

AMES, Iowa (UPI) — Oklahoma scored the first six times it got the ball Saturday and cruised to a 41-0 Big Eight victory over Iowa State to set the stage for a showdown title battle with Missouri next week.

The Sooners dominated the game throughout and Iowa State never threatened.

Oklahoma rammed for touchdowns on drives of 86, 19, 71, 56, 86 and 79 yards. Halfback Joe Don Looney tallied three times, fullback Jim Grisham twice and Rick McCurdy once.

Only when Sooner coach Bud Wilkinson put in his reserves late in the third quarter was Iowa State able to force Oklahoma to give up the ball without

Houston Cougars Stoo Hurricanes

HOUSTON (UPI) — The University of Houston turned three Tulsa miscues into touchdowns Saturday, then staved off a spectacular passing attack by Tulsa quarterback Stuart McBirnie and Ramiro Escandon to beat the Golden Hurricane, 35-31.

Tulsa completed 28 out of 44 passes for 443 yards. McBirnie completed 21 out of 35, and Escandon, 7 out of 9.

Escandon came off the bench late in the fourth quarter and led Tulsa in an 80-yard scoring drive. He sparked a 67-yard touchdown march in the final minute of play.

McBirnie, who at one time completed 11 straight passes, led Tulsa scoring drives of 71 and 86 yards to pull within two points of the Cougars, 21-18, at the end of the first half.

The Cougars scored quickly in the second half after recovering a Tulsa fumble on the Hurricane 26, and scoring in four plays.

In the same quarter, Houston guard Demarre Jones blocked a Tulsa kick, and end Clem Beard scooped it up and ran over for the score to put Houston ahead to stay, 35-18.

The Cougars got their first touchdown in the first two and a half minutes after back Gene Ritch intercepted McBirnie's first pass. Houston scored in six plays.

The Hurricane came back with a 66-yard scoring drive capped by a 30-yard pass play from McBirnie to end John Simmons.

Houston scored successive touchdowns in drives of 45 and 32 yards.

THE OLD SIDE STEP — Pampa's Ralph Palmer seems to be demonstrating the side step to elude a would-be Lubbock tackler, Palmer gained four yards on the play. The Harvesters fell victim to the Westerners, 20-8, Friday night in Lubbock.

Mustangs Lose To Texas A&M

DALLAS (UPI) — Mike Clark's 30 and 37-yard fourth quarter field goals gave underdog Texas A&M a 12-7 victory over Southern Methodist Saturday in a Southwestern Conference game in which the ball changed hands a dozen times on interceptions and fumbles.

The Aggies packed all of their points into the final period and each time it was set up by alert defensive play, while SMU's lone touchdown also came as the result of a fumble recovery in the final minute of the second period.

The Aggies completed four of seven passes but one of them was a crucial 13-yarder from quarterback John Keller to tackle-eligible John Brotherton to the SMU five in the Aggie scoring drive.

Center Ray Kubala recovered an SMU fumble on the Mustang 19 to set up the Aggie scoring surge, defensive halfback Mike Pitman recovered another SMU fumble on the SMU 35 to set the stage for Clark's first 30-yard kicking effort and end Ken McLean intercepted an SMU fumble in midair and got back to the SMU 27 to pave the way for Clark's 37-yarder.

SMU twice threatened. The Mustangs drove to the A&M 10-yard line in the first quarter but Richey's field goal attempt from the 18 was short. And in the third quarter, they drove to the Aggie 17 and lost the ball on downs.

SMU 0 7 0 6-7
Texas A&M 0 0 0 12-12

No. 1 Team Blasted In Big Ten Rivalry

MADISON, Wis. (UPI) — Wisconsin riddled Northwestern's defenses with versatile running backs and expert passing by Ron Vanderkelen Saturday to romp the nation's No. 1 college football team, 37-6, for the Wildcats' first loss.

The Badgers made the most of two breaks, an intercepted pass and a fumble to grind the Wildcats under, but Wisconsin had the game decided before these opportunities set up a 21-point scoring surge in the third period.

Wisconsin's defense was good, too. The Wildcats, the nation's top offensive team, didn't score until the final six minutes.

Two Badger backs, Gary Kroner and Lou Holland, divided the Wisconsin scoring, surpassing the Badgers' 33.2 points per game average in six games to date, the highest figure in the nation.

Kroner scored two touchdowns on passes of 11 and 23 yards from Vanderkelen, kicked a 38-yard field goal and converted by place kick after four of the five Badger touchdowns.

Holland blasted for three touchdowns, on runs of 9 and 4 yards and on an 11-yard pass from Vanderkelen.

Myers completed 16 of 26 passes for 182 yards but his only field goal of the game.

Gophers Blank Iowa Hawkeyes

MINNEAPOLIS, Minn. (UPI) — Minnesota nicked Iowa, 10-0, Saturday with solid assistance from the Hawkeyes themselves to keep the Gophers squarely in the Big Ten football title battle.

The victory gave Minnesota, ranked ninth in the nation, a 4-1 record in the conference to give it a piece of the league lead, and a 5-1 overall mark. Iowa has a 3-4 season record.

Minnesota nailed its first points with less than three minutes left in the half when Colin Verschlanged a 27-yard field goal. The Gophers collected their lone touchdown early in the first half on a four-yard fumble by quarterback Duane Blaska.

Iowa errors ruined three chances the Hawkeyes had to score early in the game and contributed as much to the Gopher victory as the Minnesota offense.

Twice in the first half the Hawkeyes fumbled deep in Minnesota territory and the Gophers recovered.

Minnesota's touchdown capped a 44-yard drive covering 10 plays. Blaska barely leaned the ball into the end zone after the Iowa line displayed one of its bravest goal line stands of the season.

It was the fifth shutout for the Gophers this season. They have the nation's best defensive record against rushing.

Barnum Leads Cajun Classic

LAFAYETTE, La. (UPI) — Hard-driving John Barnum shot record-breaking golf in the \$17,500 Cajun Classic Saturday to take a three-stroke lead at the end of three rounds over Gay Brewer Jr., who led for the first two rounds.

Barnum, of Baythefield, Mich., blistered par-72 Oakbourne Country Club course with a 63 Saturday for a total of 201. Brewer followed with a 69 that gave him 304.

Previous records in the Classic were 64 for 18 holes and 202 for 54 holes. Barnum bettered both by a stroke. He trailed Brewer, of Crystal River, Fla., by four strokes after round one and by three strokes after round two.

Razorbacks Upend Rice Owls, 28-14

FAYETTEVILLE, Ark., Nov. 10 (UPI) — Eighth-ranked Arkansas stayed in the thick of the Southwestern Conference football race today by defeating Rice 28-14 before a record homecoming crowd of 24,000.

Arkansas quarterback Billy Moore scored one touchdown himself and passed for two others, but was harassed throughout the afternoon by a third-charging Rice line.

Aside from his three scoring plays, Moore spent much of the afternoon dodging the Rice linemen and had a hard time moving the ball either on the ground or in the air.

The victory gave Arkansas a 7-1 season record. Rice now stands 1-3-2.

End Jerry Lamb caught both of Moore's scoring passes, one for 46 yards and the other for 26.

Quarterback Randy Kerbow led the Rice attack, passing for both the loser's touchdowns and kicking for two extra points.

Arkansas, usually a strong passing team, had to beat the Owls on the ground for the most part. Moore just couldn't find receivers in the first half, and Rice's Ronnie Hatfield in the end one for a safety following an Arkansas punt.

George Walker got the first Razorback touchdown with a 10-yard run on the first play of the second quarter, and Moore scored at the end of the half on a one-yard sneak.

SPORTS

The Pampa Daily News

35TH YEAR SUNDAY, NOVEMBER 11, 1962

Longhorns Rip Baylor, 27-12

WACO, Tex. (UPI) — Quarterback Tommy Wade, making his first starting assignment, passed the University of Texas to a 27-12 victory Saturday over Baylor and moved the Longhorns a step closer to the Cotton Bowl.

Wade, playing more than he had in all seven of Texas' previous games this year, passed for two touchdowns and ran across for another as the Longhorns put on one of their most impressive offensive displays of the season.

The Longhorns obviously had been working on their pass defense and most of the time were successful in keeping Baylor's sensational Don Trull bottled up

Tigers Humiliate Colorado, 57-0, In Big Eight

COLUMBIA, Mo. (UPI) — Missouri University's Tigers, sixth-ranked nationally, humiliated hapless Colorado 57-0 Saturday in a Big Eight conference football game.

Sophomore halfback Johnny Roland, who handled the ball only eight times, scored three touchdowns and passed for a two-point conversion. He gained 37 yards in 7 carries.

Missouri took the opening kickoff and marched 71 yards in 10 plays. With less than six minutes gone, Roland streaked around right end for the touchdown.

Two minutes later, Colorado end Ken Blair fumbled a punt-rotation snapback and guard Roger Phillips nailed him on the buffalo 10 recovering the ball. Roland ran the second counter.

Halfback Bill Lesitriz, whose first conversion kick was wide, scored one.

Ohio St. Tops Indiana, 10-7 In Big Ten

COLUMBUS (UPI) — Specialist Dick Van Raaphorst kicked a 27-yard field goal with eight seconds left to play Saturday to earn Ohio State a 10-7 Big Ten victory over hard-luck Indiana.

Ohio State, jarred by the fierce line play of the Hoosiers in the damp and windy contest, pulled the game out of the fire with a dramatic drive against both Indiana and the clock.

Quarterback Joe Sparma connected on four passes that carried to the Indiana 11 with less than a minute to play. Van Raaphorst, a junior from Ligonier, Pa., who plays only when his kicking ability is needed, calmly kicked the ball into a crosswind for the deciding points. It was his third field goal of the game.

Indiana, playing possession football actually outplayed the Buckeyes, holding the ball for 76 plays to Ohio State's 50. It was Indiana's 18th consecutive loss in Big Ten play. For the Buckeyes it was their fourth win in seven games and their first in five conference games.

Ohio State 0 7 0 3-10
Indiana 0 0 7 0-7

Barnum Leads Cajun Classic

LAFAYETTE, La. (UPI) — Hard-driving John Barnum shot record-breaking golf in the \$17,500 Cajun Classic Saturday to take a three-stroke lead at the end of three rounds over Gay Brewer Jr., who led for the first two rounds.

Barnum, of Baythefield, Mich., blistered par-72 Oakbourne Country Club course with a 63 Saturday for a total of 201. Brewer followed with a 69 that gave him 304.

Previous records in the Classic were 64 for 18 holes and 202 for 54 holes. Barnum bettered both by a stroke. He trailed Brewer, of Crystal River, Fla., by four strokes after round one and by three strokes after round two.

Razorbacks Upend Rice Owls, 28-14

FAYETTEVILLE, Ark., Nov. 10 (UPI) — Eighth-ranked Arkansas stayed in the thick of the Southwestern Conference football race today by defeating Rice 28-14 before a record homecoming crowd of 24,000.

Arkansas quarterback Billy Moore scored one touchdown himself and passed for two others, but was harassed throughout the afternoon by a third-charging Rice line.

Aside from his three scoring plays, Moore spent much of the afternoon dodging the Rice linemen and had a hard time moving the ball either on the ground or in the air.

The victory gave Arkansas a 7-1 season record. Rice now stands 1-3-2.

End Jerry Lamb caught both of Moore's scoring passes, one for 46 yards and the other for 26.

Quarterback Randy Kerbow led the Rice attack, passing for both the loser's touchdowns and kicking for two extra points.

Arkansas, usually a strong passing team, had to beat the Owls on the ground for the most part. Moore just couldn't find receivers in the first half, and Rice's Ronnie Hatfield in the end one for a safety following an Arkansas punt.

George Walker got the first Razorback touchdown with a 10-yard run on the first play of the second quarter, and Moore scored at the end of the half on a one-yard sneak.

Rice finally went over in the third period on a seven-yard pass from Kerbow to Gene Raza.

No. Carolina St. Buries Wolfpack

COLUMBIA, S.C. (UPI) — Halfback Billy Cambrell scooped a lateral from quarterback Dan Reeves and dashed 64 yards through the North Carolina State secondary here Saturday to wake up a sleepy Gamecock offense that buried the Wolfpack 17-6.

Reeves added a second touchdown late in the fourth period that gave South Carolina its second Atlantic Coast Conference victory of the season.

State's touted defense held the offensive-minded Gamecocks to only one penetration in the first half, but Gambrell's long run in the third quarter seemed to bring the Gamecocks to life.

With four minutes gone in the fourth period, halfback Dean Figgley kicked a 42-yard field goal that put South Carolina ahead 10-6.

State's touted defense held the offensive-minded Gamecocks to only one penetration in the first half, but Gambrell's long run in the third quarter seemed to bring the Gamecocks to life.

With four minutes gone in the fourth period, halfback Dean Figgley kicked a 42-yard field goal that put South Carolina ahead 10-6.

Lefors Batters Cyclones; Rangers Blank Blackhawks In Area Tilts

The Lefors Pirates pulled scoring plays in every quarter from their bulging treasure chest marked District 2-A championship ingredients as the Pirates routed the Memphis Cyclones, 57-14.

Besides scoring eight touchdowns in the romp, the Buccaneers rambled for an amazing 662 yards rushing, according to Keith Geysler, Lefors' statistician. The Pirates gained 23 first downs in the affair.

Rodney Airington scored four touchdowns in the romp. His first TD came in the first quarter on a 22-yard run. Don McCool kicked the extra point.

Tommy Smith added another Pirate TD in the first quarter on a 43-yard run. McCool missed the extra point.

Airington scored another TD on a seven-yard dash. McCool kicked the extra point in the second quarter.

Memphis' Wayne Sweatt scored from five yards out for the Cyclones' first TD. Jim Sturdevant passed to Jacky Bridges for the extra points.

Airington broke loose on a seven-yard dash. McCool missed the extra point. The Pirates led 26-8 at half.

Smith scored another TD in the third quarter from two yards out. McCool kicked the extra point, making the score 33-8.

Airington scored from 12 yards out for his fourth TD of the night. Quarterback Anthony McCool ran over the extra points. McCool, a three-year starter with the Pirates, scored for the first time in his career on the extra points.

McCool later added to his firsts a TD. Smith scored from 13 yards out in the fourth quarter and McCool passed to end Terry Brunlow for the extra points.

Memphis' Sturdevant scored for the second Cyclone TD.

McCool ran over his TD for the last one of the game with one minute left. Don McCool got into the scoring act once more as he ran over the extra points.

The Pirates have clinched at least a tie for the District 2-A championship and meet McLean in their next game.

Perryton Wins

After over a decade and a half of domination at the claws of the Phillips Blackhawks, the Rangers roped and tied arch rival Phillips, 14-0, in a game played Friday night in Perryton.

Ronnie Good, healthy and able after missing last week's game with an injury, scored all 14 points in the winning cause.

The victory marked the third time in a long rivalry that Perryton has managed to best the Blackhawks. Previous wins came in 1939 and 1947.

The first Ranger touchdown drive was ignited by a 15-yard gallop by Good starting a 63-yard drive to pay dirt. Good did the honors with a 15-yard scamper around end for the first tally of the night.

Good made runs of 22, 14, and 12 yards to get the ball in scoring distance for the second six-point. He kicked two extra points.

Perryton's defense was ready for the Blackhawks, grounding the visitors in their drives which ended on Perryton's 12 and 29 yard lines.

The Rangers rolled up 303 yards on the ground in comparison to 196 for the Blackhawks. Phillips bested the Rangers through the air routes, netting 80 yards to the Rangers' nose.

Perryton gained 18 first downs to 14 for Phillips. The Rangers now have a conference record of 2-1 with the Blackhawks 1-1-1.

McLean Halts 'Cats

The McLean Tigers rallied for 15 points in the final period of play to surge past the Canadian Wildcats, 21-7, in Canadian Friday night.

Dickie Crockett proved to be the big gun in moving the Tigers past the Wildcats who owned a 7-6 lead going into the final stanza. Crockett, early in the third quarter, set up the McLean score with a 58-yard scamper. For Canadian, the top running performer was halfback Keith Yarnold.

McLean's big break came during the final period when their halfback intercepted a Canadian pass and ran 20-yards to pay dirt.

The Wildcats drew first blood as they clawed their way to a second quarter TD. Bob Lewis connected with Syman Prater on an aerial for 27 yards and the first touchdown. Bill Ortega kicked the extra point giving Canadian a 7-0 halftime lead.

Dickie Crockett scored another McLean TD on a one-yard plunge.

Bucks, Shamrock

The Shamrock Irish slowed the fleet Bucks of White Deer 21-6. Friday night in Shamrock as a Homecoming crowd of 2,800 watched the battle.

The game finished the season for the Bucks with a 5-5 season record.

Tommy Elliot, James Thurmond, and Mike Heifer were the chief thorns in the side of the winning Irish.

White Deer marched 72 yards for its score, with the help of two pass interference calls. David Clemens swept end for the final 14 yards and the TD.

Miami Loses

Miami had things going their way until the final quarter when the Booker Kiowas came from behind to yank victory from the grasps of the Miami team in a game played Friday night in Booker.

The Booker Kiowas added 12 points in the final stanza to down Miami by a 21-20 score. Miami grabbed a quick 14-point lead as fullback Jim Flowers romped 80 yards on the opening kickoff to score 6, then repeated with a 30-yard scamper and ran a two-point conversion.

Mickey Kivlehen scored the other Miami touchdown on a run of 25 yards.

Miami led at half, 20-13.

Wheeler, Tigers

After three quarters of rock and sock 'em football, Wheeler came through with the only touchdown in the game in the fourth quarter to edge Groom, 6-0, in a game played Friday night in Wheeler.

The winning score came in on a 10-yard run by halfback Mendall Hunter, following the Mustang's best sustained drive of the game. Wheeler marched for four first downs in the drive, climaxed by

Michigan Tops Illinois, 14-10

ANN ARBOR, Mich. (UPI)—Michigan capitalized on a fourth period pass interception to earn a 14-10 victory over Illinois for the Wolverines' first Big Ten triumph of the season.

Reserve end Ben Farabee was the Michigan hero when he picked off a Mike Talaiaferro pass and sped 41 yards to the Illinois one.

Quarterback Bob Chandler punched over from the one two plays later for the winning touchdown.

It was the third straight decision for Michigan coach Bump Elliott in his personal rivalry with his brother, Pete, coach of the Illini.

Both Michigan and Illinois now have records of one win and four losses in conference play.

Michigan spotted the Illini a 10-0 halftime lead before an umbrella-dotted crowd of 49,756 which turned out to watch the final home appearance of the year for the Wolverines.

But the running of senior halfback Dave Raimy, which set up Michigan's first touchdown in the third period, and Farabee's interception, turned the game's complexion in the second half.

Michigan 0 0 6 6-14
Illinois 0 10 0 0-10

Carver Downs Shamrock In Basketball

Carver's Wildcats handled Shamrock Dunbar with ease Friday night in a basketball game played at Carver Gym with the Wildcats winning by a 46-32 score.

The Wildcats are now 3-1 for the season, having defeated Shamrock Dunbar, 47-2, in an earlier game and downed Childress 52-50. Childress handed Carver its only loss, 44-33.

Harmon Watty was high point man for Coach Edward Cash's charges with 16 points. Others scoring for the Wildcats were James Tucker (7), R. L. Harris (7), James Washington (6), Ira Dunn (5), Jeff Smalley (6), Darrell Cash (3), Charles Walker (2), Jimmy Brown (2), and James Mathis (1).

EIGHTH GRADE REBELS — Robert E. Lee's eighth grade Rebels finished a successful season this week, winning five and losing two games. The Rebels were hosted to a banquet in their honor last Thursday night following the season finale played Wednesday afternoon in which the Rebels suffered their second loss in two years of playing together. The group went undefeated last year as seventh graders. Mack Choate, the Rebels' coach, resigned Friday to go into private business.

Nebraska Batters Jayhawks, 40-16

By JACK BRANNAN
United Press International
LAWRENCE, Kan. (UPI)—Willie Ross scored three touchdowns and gained 110 yards rushing Saturday to lead Nebraska to a 40-16 rout of Kansas in a Big Eight Conference game.

The victory, before a sellout homecoming crowd of 38,000, kept alive Nebraska's hopes for at least a share of the league title and eliminated Kansas from the race.

Ross, a junior halfback, led Nebraska's onslaught with touchdowns runs of 4 and 32 yards in the first period. He got his third touchdown on a 26 yard run in the third.

Dennis Claridge opened the second period scoring with a one-yard touchdown plunge on the first play of the quarter and Kent McCloughan dashed 25 yards for the touchdown that gave Nebraska a 32-0 halftime lead.

Nebraska succeeded on each of its two-point conversion attempts after the touchdowns, with Bill Thornton plunging for two conversions.

Officers Elected For Riding Club

New officers were installed at a salad dinner commemorating the first year of activities of Pampa's Leather and Lace Riding Club, held at the Youth Center last Tuesday night.

New officers for the riding club are Emma Wheeler, president; Mrs. L. W. Foote, vice-president; Sue Lewis, secretary-treasurer; Mrs. Bill Caswell, reporter; Donna Whitley, parliamentarian; and Mrs. Tooter Henry, parade marshal.

The outgoing president, Mrs. Tooter Henry, was presented with a sash in appreciation of leadership in the past year.

The ladies' riding club has over the past year taken part in rodeos, parades, donkey ball games, a wagon train ride, western dances, and bake sales.

Alabama Bows Over Miami's Hurricanes

By BILL TOME
United Press International
TUSCALOOSA, Ala. (UPI)—Brilliant sophomore quarterback Joe Namath, running and passing with a Nerve that far overshadowed Miami ace George Mira, rallied unbeaten Alabama to 23 points within seven minutes Saturday for a 36-3 victory over the Hurricanes.

Penned up deep in their own territory for virtually the entire first half, second-ranked Alabama came back from a three-point deficit to overwhelm Miami, with Namath putting on almost a one-man offensive show.

Namath scored once on a one-yard dive and passed 12 yards to Bill Battle for six points. Then he passed to Battle for two more. Cotton Clark scored on one and six-yard runs to set an Alabama scoring record of 74 points. Jack Harbit scored on a one-yard plunge. Ingram Culwell passed to Battle for two and Tim Davis kicked two conversions.

Miami's only score came on a 40-yard field goal by Bobby Wilson.

Namath, whose first-season errors had on occasion hurt the Alabama attack in the past, picked up the battered Crimson Tide midway through the third period.

Four times in the first half, the Hurricanes, spurred by Mira's passing, threatened to run away with the game but on three occasions the Alabama defense stiffened, stopping drives on its own 16, 15, and 17. Wilson's field goal came when Alabama had held on to its 23.

Alabama 0 0 23 13-36
Miami 0 3 0 0-3

Penn State Rallies Past Mountaineers

UNIVERSITY PARK, Pa. (UPI)—Penn State mounted an irresistible second half air and ground attack as Pete Liske threw three touchdown passes to gun down outmanned West Virginia, 34-6, Saturday.

The Lions, held to a single touchdown in the first half by a stout Mountaineer defense, rolled at will in the last two quarters and made a rout of what had been a close contest.

Liske threw two touchdown passes to Harold Powell and another to Bill Bowers as the Lions piled up more than 400 yards in the heaviest attack of the season.

Only twice did West Virginia threaten, and they managed one touchdown after State led 21-0. The Mountaineers' score came on a 54-yard picture pass play with Jerry Yost tossing to halfback Tom Woodshick.

The Tar Heels put together a drive of 72 yards, all but nine of them on the ground, to punch over the winning touchdown early in the fourth period. Sophomore Ron Tutthill scored it on an eight-yard run.

Tar Heels Down Virginia, 11-7

CHARLOTTESVILLE, Va. (UPI)—North Carolina's pass-minded Tar Heels had to slug it out on the ground with Virginia Saturday to squeeze an 11-7 come-from-behind victory over their ancient Atlantic Coast Conference rival.

The Tar Heels put together a drive of 72 yards, all but nine of them on the ground, to punch over the winning touchdown early in the fourth period. Sophomore Ron Tutthill scored it on an eight-yard run.

Penn Turns Back Yale

NEW HAVEN, Conn. (UPI)—Fired-up Pennsylvania, stung by two quick Yale touchdowns, bounced back with the aid of a crucial penalty to stun the Bulldogs, 13-12, Saturday at Yale Bowl.

Penn took the second half kickoff and marched 59 yards for a touchdown in 15 plays, then stiffened its defense to turn back every Yale bid.

Seminoles Hold Georgia Tech To 14-14 Draw

ATLANTA (UPI)—Fired-up Florida State reeled off two long touchdown plays in the third period here Saturday to tie the heavily-favored Georgia Tech 14-14.

A crowd of 43,802 was stunned by the ferocity of a Florida State defense which bottled up renowned Billy Lothridge and the Yellow Jacket offense for most of the afternoon.

The Seminoles, a 14-point underdog to the 15th ranked Jackets, scored both of their touchdowns within a four-minute span late in the third period. The first came on a 21-yard run by junior halfback Dave Snyder, who broke at least three tackles in his race to the goal.

Georgia Tech 7 0 0 7-14
Florida State 0 0 14 0-14

George D. Widener's Jaipur, a strong candidate for 3-year-old equine honors this year, passed the \$300,000 mark in earnings when he won the historic Travers at Saratoga in August. He beat Riden by a nose.

Oklahoma St. Races Past Army Cadets

By NORMAN MILLER
UPI Sports Writer
WEST POINT, N. Y. (UPI)—Oklahoma State dashed Army's bowl hopes Saturday by pushing across a pair of first-half touchdowns following a 78-yard march and a pass interception and then fought off two serious Cadet scoring threats to gain a 12-7 upset victory.

Mike Miller passed 24 yards to Mutual Bryant for the Cowboys' first score and then Wardell Hollis punched across another touchdown from three yards out, following a pass interception by Tommy Jackson to give Oklahoma State a victory in its first meeting ever with Army.

The setback was the second in eight games for the Cadets, whose coach Paul Dietzel had guessed he would enter a post-season bowl bid if Army completed the season with a good record.

A sellout crowd of 31,600 at Michie Stadium watched Oklahoma State's fleet running backs control the ball throughout most of the second half while the big Cowboy lines, anchored by Bob Howard and Mike Upon, completely outplayed their Army counterparts.

Oklahoma State spotted Army a first-period touchdown and then came storming back twice to take over the lead on a chilly overcast day.

On their first drive, the Cowboys moved from their own 38 to the Cadet 24 entirely on ground.

One of the longest dominations in Texas football circles was snapped Friday night when the Perryton Rangers blanked Phillips, 12-0. The Rangers hadn't beaten Phillips in over 15 years, playing each season.

PREPARE FOR 'CHILI SUPPER'—Shown here getting things in readiness for tomorrow's "Chili Supper" sponsored by the Altrusa Club are five members of the organization. They are, left to right, Mrs. J. C. Coston, Mrs. Lorene Locke, president, Mrs. B. M. Behrman, chairman of the project, Mrs. Marion Osborne and Mrs. Thelma Bray. The "Chili Supper" will be held in St. Matthew's Church Parish Hall between the hours of 5:30 and 8:30 p.m. Giving door prizes to be awarded at the supper were Anderson's Western Wear, Behrman's, Citizen's Bank and Trust Co., McCarley's, Zale's, Richard Drug, B and B Pharmacy, Coston's Bakery, Pampa Hardware, Smith's Quality Shoes, Heath's Men's Wear, Home Builders Supply, Clayton Floral Co. and the Party Shoppe.

WHEELER PERSONALS

By Rena Sivage

Mr. and Mrs. Donald Gandy of Amarillo spent the week end here with their parents, Mr. and Mrs. Boyce Farris and Carolyn and Mr. and Mrs. George Gandy, Mike and Carol. Mrs. Gandy remained in Wheeler for a week's visit with relatives while Mr. Gandy returned to his home in Amarillo Sunday night.

Mrs. Lorene Tucker of Shamrock spent Sunday evening with her mother, Mrs. R. O. Johnson.

Mr. and Mrs. Loyd Wayne Weatherly, Danny, Donna, Tammy of Shamrock and Mr. and Mrs. Jimmie D. Atherton and Tonya Joe of Weatherford, Oklahoma visited their parents, Mr. and Mrs. Clarence Holdeman Sunday afternoon.

Larry James Johnson of Pampa was a visitor in Wheeler Sunday afternoon.

Mr. and Mrs. E. B. Stevens are announcing the engagement and approaching marriage of their daughter, Jaunette, to Stephen O'Gorman, son of Mr. and Mrs. John O'Gorman of Shamrock. A November wedding has been planned.

Mrs. Inez Irvin, Mrs. Doyle Standlee and Miss Carolyn Farris transacted business in Amarillo Wednesday morning.

Mr. and Mrs. Earl Willard spent the week end with his parents, in Quanah.

Mr. and Mrs. J. B. Oglesby visited Sunday in McLean with her grandmother, Mrs. C. H. Clay.

Mr. and Mrs. Ed Riley and Mr. and Mrs. James Ray Henderson and Ty of Kelton spent the week end in Silvertown with Mrs. Riley's brother, Mr. and Mrs. J. N. Tucker.

Mr. and Mrs. Fred Wood spent Saturday night in Dalhart with Mr. and Mrs. Martin Exum and family. Sunday they visited in Pampa and Skellytown with Mr. and Mrs. Kenneth Wood and Mr. and Mrs. Darwin Allen.

Mr. and Mrs. Harold Laycock and Mr. and Mrs. J. W. Sechrist visited with friends and relatives in Stephenville over the week end.

Mr. and Mrs. Buck Henderson and Kevin of Lubbock spent the week end here with his mother.

Mrs. Eva Henderson and visited with the Bill Overcast.

Mr. and Mrs. Johnnie Ogle of Amarillo visited with his parents, Mr. and Mrs. Jim Ogle.

The Stitch and Chatter Club met recently in the home of Mrs. Claude Crouch for an all day meeting. The day was spent quilting. A covered dish dinner was served at the noon hour. Those present included Mrs. Annie Sivage, Mmes. W. E. Burke, Agnes Trayler, Charley McC...y, John Barrm W. E. Bowen, Nettie Luttrell, Marshal Wilson, J. W. Hookers, George Warren, and the hostess. The next meeting will be in the home of Mrs. Henry Hink on November 9th.

Mrs. Lorene Tucker of Shamrock visited Wednesday afternoon with her mother, Mrs. R. O. Johnson.

Mr. and Mrs. Guy Brown and Mr. and Mrs. Coy Bradstreet and family visited Sunday in Briscoe with Mr. and Mrs. Travis Keelin.

Mr. and Mrs. Buster Callan, new owners of the Mustang Cave, have announced that their formal opening will be held Saturday.

Free coffee, doughnuts, cakes and ice cream will be served all day. The Mustang cafe, formerly owned by R. Lacy operated under the name of 66 cafe and is located on East Highway 152.

The County Home Demonstration Council meeting date has been changed to November 14 according to Mrs. Leon Fillingim, chairman and Mrs. Cula Nowlin, home demonstration agent. The change was made from the regular date of November 21 in order for members to prepare for the Thanksgiving holidays.

The Wheeler P-TA will meet Monday at 7:30 in the grade school auditorium. Open house will be held following the business meeting in observance of American Education Week.

Harry Wofford was elected Thursday by the Baptist General Convention of Texas in Fort Worth to be the board of trustees for a proposed Baptist hospital in Amarillo, to be built within the next four or five years.

LOS ANGELES — Richard Nixon, criticizing the press for allegedly not treating him fairly in his unsuccessful run for the governorship in California:

"You don't have Nixon to kick around any more. This is my last press conference."

New Books Available At Library In Pampa

Among the new books that have been added to the shelves at the Lovett Memorial Library are the following novels: "Noon On The Third Day," by James Hulbert: an explosive novel of modern politics portraying the ever-continuing conflict between principle and pressure in Washington today. "Coronation," by Paul Gallico: an enchanting novel of a family's adventures in London.

"Fletchers End," by E. D. Stevenson: the author of "Bel Lamington" continues the story of the gentle heroine who is now a radiant bride.

Mysteries: "Enemy in the House," by Mignon Eberhart: set in the time of the American Revolution this story by one of the best known mystery and suspense writers concerns murder and intrigue on an island paradise. "The Pale Horse," by Agatha Christie: an intriguing and sinister new story by the "queen" of mystery novelists.

"Kill With Kindness," by Robert Bloomfield: a Crime Club selection of the proverbial worm turning, with such force that murder is the consequence. Non-fiction: "The Newly Discovered Exploration Diaries of H. M. Stanley," edited by Richard Stanley: the explorer's grandson has edited letters not found until 1960.

"A Company of Heroes," by Dale Van Eery: the second volume in a series, "The Frontiers of America," covering the period from 1775 to 1783 in which the author covers the lesser-known but no less heroic figures who played important roles in our destiny.

"The I Hate to Housekeep Book," by Peg Bracken: this hilarious book on how to let a house virtually clean itself will be welcome news for anyone who has

ever been outwitted by a balky mop.

"Beyond Courage," by Clay Blair, Jr.: the escape tales of airmen in the Korean War who had been shot down behind enemy lines and made their way back to the U. N. lines.

"Tales of Ten Worlds," by Arthur C. Clark: fifteen new science fiction stories by the author of "A Fall of Moondust."

"Dear George," by John Keasler: this hilarious spoof on the "advice" columnist who writes his own questions because he's overstocked with answers will bring a good many chuckles.

"Suburbia's Cuddled Kids," by Peter Wyden: a thoughtful, witty study of middle-class suburbia and its babied and over-indulged children.

"Armour's Almanac," by Richard Armour: that scrambled egghead, Richard Armour, has emerged with a fantastic collection of

Citizens Are Urged To 'Do Homework'

FORT WORTH (UPI) — The judge advocate of the Navy urged citizens Wednesday night to do their homework so they can understand both the strengths and weaknesses of communism.

Adm. William C. Mott, who who served on the staffs of former Presidents Franklin D. Roosevelt and Harry S. Truman, said that "people who live nose-to-nose with the Communists claim we do not understand communism."

"The majority of people in this country do not know enough to debate on the U. S. system as oppose to the Communist system," Mott said.

Legato is the opposite of staccato in music.

tion of vitally unimportant facts, all of which he has dealt with in his own uninhibited way.

Patients Treated Successfully

CHICAGO (UPI)—Eight patients The three, all from Baylor University College of Medicine at Houston, wrote in the journal of the American Medical Association that the eight patients "are alive and have resumed relatively normal activities."

Drs. George C. Morris Jr., Michael E. Debakey and Denton A. Cooley said "essentially normal renal (kidney) function has been restored in all but two of the patients" and high blood pressure was corrected or improved in all patients.

The surgeons said circulation in the patients was insured by a narrowing of the main kidney artery. Circulation was restored, they said, by establishing a bypass of the narrowed artery through use of part of another artery or an artificial artery segment.

Kidney failure due to any cause is fatal if not corrected. The surgeons said the failing kidney is the most difficult complication of high blood pressure to treat. Drug therapy is relatively ineffective, they said.

Peg O' Pampa

PEG POLLED a two-gender dinner party the other evening, and when the final vote was tabulated, our beautiful November weather was the winning candidate by a landslide. Bright, blue skies, warm, sunny days, with just a nip in the early morning air that gently suggests frost is on its way, golden leaves dripping off the trees, and flowers still blooming almost everywhere. The Weldon Adairs have some lush, red geraniums and pink roses spilling over their outdoor brick planter, pretty petunias are blooming profusely at the Kermit Lawson home, white petunias and white chrysanthemums are bordering the walk in front of the Bob McCoy residence, and Peg thinks Blanche Deal's home looks just like a picture out of "Better Homes and Gardens" with its profusion of white, orchid and yellow chrysanthemums adding a bright spot of color to the neighborhood lawns which are beginning to turn to shades of beige and brown, but pity the poor Pampas Grass, there's hardly a plume showing around town, due to the harsh winter of last year. Peg guesses modesty can be added to its beauty traits, for the very first year after its being declared Pampa's Official Flower, it doesn't appear for all the acclaim that would be made. It's a hardy plant though, so perhaps next year it will be making its Royal Official Debut. Peg has noticed a lot of new Pampas Grass plants have been added in the residential sections and around City Hall, which would make it seem that a lot of people want to cooperate to make this "The beautiful Pampas Grass City of West Texas."

THE SOCIAL SWIM—autumn always seems to bring a whirlpool of social activities, so Peg will dive right in. There's to be a Tea Dance next Sunday afternoon in the Pampa Country Club with Bobby Burns playing for dancing between five and eight o'clock, and The Colony Dance Club held its monthly soiree last Saturday evening in the Elks Club. Peg hears that this is the friendliest group in town, not a wall-flower in the whole Colony. It was organized, Peg has been told, about five years ago and is composed of a limited membership, quite an exclusive group, who love to dance and keep up with the latest steps, which they do quite well. Gene and Norma Hall, Bob and Carole Swanson are the charter members of the dance group. Gene is currently serving as president, as hep as they are to the latest dance steps sometimes they revert to the "oldies," such as "The Turkey Trot," which is almost what Lemond and Jody Hall did last Saturday evening when they won the door prize, a real, live Thanksgiving turkey but they are not giving out the execution date. The Sam Andersons and the Haldane Suttles were hosts for the November dance, and Peg hears the ballroom decorations were attractive, and autumn setting with russet and bronze leaves that seemed to be drifting down the walls, leaf-shaped dance programs, glittered around the edges, carried out the idea that some of the leaves had fallen onto the tables. The early part of each dance evening is spent table-hopping and filling in dance programs and the remainder of the evening is spent dancing them out, and there are some pretty cute capers out at the Community Youth Center on these autumn Friday evenings, by the Calico Caper Juniors, who do-si-do and promenade around with their partners in excellent fun-participation, due in great respect to the instructions they receive from their sponsors, Pete and Don Hickman, no, no, grandpa, you must be elementary or junior high age to be a member and wear one of their cute, red, name-tags shaped as the state of Texas.

ANGER blows out the candles of the heart. Apology re-lights them. ANON. PEG SUSPECTS the "eyes of Pampa," as well as those of the nation, will be glued to television screens around one o'clock today, when soon after that time, the "Pride of Pampa, the Harvester High School Band," directed by Fred Stockdale, will do half-time diodes in the Cotton Bowl, while the New York Giants and the Dallas Cowboys get their breath in the locker rooms. Band students, uniforms, instruments, luggage, sponsors and a few parents, plus the bus-drivers, pulled away from the high school Friday at noon in charter buses, after a long weekend of playing and marching at the Harvester-Lubbock football game, in the Dallas Cotton Bowl, sightseeing at "Six Flags," band students will roll back into Pampa around 2:30 a.m. Monday and roll out of bed for 8:30 a.m. classes, hope Fort Worth does not feel slighted that Pampans have been in Dallas this weekend, for about the middle of this week, quite a few Pampa PTA delegates will invade that city for a PTA State Convention.

IF YOU DON'T think Christmas is just around the Thanksgiving corner, you should see the four-cent stamps that are being issued by the local post office. They are gay little four-cent squares imprinted with a green Christmas wreath with red ribbon and sprays of Holly and white tapers burning red flames, almost, but not quite, enough to get you in the Christmas spirit here at the first of November. Peg hears that the Pampa Garden Club has some ideas along these "Christmas Spirit" lines, the club is planning a Christmas Decorations workshop on December 1st, where for a nominal fee, members will demonstrate how you can make lovely, homemade decorations yourself. Nete Hanks, the garden club proxy, is enthused over the talent that dwells within the nimble fingers and creative minds of Pampa Garden Club members, so that one event should be well worth marking on your calendar at the beginning of the Yule Season, nothing is as beautiful as appreciated, as satisfying, as that little bit of you that is put into each Christmas gift or decoration, made and given for others to enjoy.

RAMBLING THOUGHTS of a professional Rambler. Residents on Dogwood are welcoming new neighbors these days. Earl and Pat Schmieding and their four, blonde-haired sons have moved into their lovely, new home on Dogwood. It's that brand-new one with cream-colored brick and a deep sloping shingled roof. Harbord and Jeanine Cox are also new residents on Dogwood, while over a street on Evergreen, an attractive new couple in town, Bob and Evelyn Allison, are preparing to move into the former Rasmussen home, they've just moved here from Wichita, Kan. and he's an engineer with Kewanee Oil Co., while on the subject of Kewanee Kapers, Nate Turnbo and Pete Blando, with a group of fellas, flew down to Dallas last weekend to see Pete's brother, George, play a pro football game with the Dallas Texans. George plays for the Houston Oilers.

AND TO RAMBLE ON, hope that the cold weather which Leah Behrman ordered especially for the Altrusa Club's Chili Supper by Candlelight tomorrow night shows up on time, last year on a blizzard night, the gals had a St. Matthews parish housefull all evening long, but weather or not, homemade chili and homemade pies are delicious anytime after November 1st, those Altrusans do such wonderful things with their project money right here in our own community. That dish of chili you buy Monday evening might just show up again in the form of a birthday present for a Senior Citizen, or as a partial payment for a high school girl's scholarship, or for Altrusa's share of Career Clinic expense, on the teenage scene, Kit Kat Klub members are busy with plans for the formal ball they will give on the 23rd in the Starlight Room of the Coronado Inn, and the KKK pledges, who will be presented and honored, are all a-dither over what they will wear to look their loveliest on their night of nights, those cute little gals deserve to look their best after the bedraggled way they looked most of the summer. Peg hears that Dorothy Walker and Ruth Halladay have taken over the feminine leads in Pampa, Little Theater's play "The Glass Menagerie" to be presented during the Christmas holidays.

PEWS Members To Attend Borger Brunch-Style Show

An unusual style show, followed by a brunch will be the agenda for the November meeting of the Petroleum Engineers' Wives Society. The meeting will be held Tuesday Nov. 13, at 10 a.m. in the Gold Room of the Panhandle Bank and Trust Co., in Borger. The style show will be presented by Borger High School Home-making students, under the direction of PEWS member, Mrs. Cal Shaw. "While the exact nature of the style show remains a well guarded secret," says Mrs. Shaw, "we can promise you an interesting and enjoyable morning." Members will be notified by telephone during the week end and may make their reservations at that time. Guests are welcome, and all members are strongly urged to attend.

7:30 p.m. — Pampa Credit Women's Club, City Club Room.

Faith Sunday School Class Of Central Baptist Church Makes Yule Plans

The Faith Sunday School Class of the Central Baptist Church met in the home of Mrs. Elbert Wyatt last Monday. A short business meeting was held. Next month's social was discussed and will meet with Mrs. Hugh Sanders. Christmas plans were made for the exchanging of White Elephant gifts. Ideas were discussed for bringing toys for the church nursery. Mrs. Robert Hinkley, who is moving to Dallas, was honored with a going away gift. Mrs. Wayne Cobb, teacher, led in installation of class officers. A vase with colored roses was symbolic of each girl in regard to her duties. As each officer came forward to hear her duties and the meaning of the rose to them, everyone remembers the lovely, lyrical Dorothy from the Lions' Club minstrel and from her non-singing role in PLT's "The Night Is My Enemy" and Ruth, who was active in Wichita Falls, Little Theater activities, prior to moving here last winter, is providing pleasant moments for local club women with her reviews of Broadway Plays. Peg also hears that John Callarman of the pearl-shaped tones, who is directing the play, is mighty pleased with the way the play is shaping up. "S'All for now... Love, Peg."

MRS. BILLY DON HAMMER... nee Katherine Ann Stroebel

Double Ring Ceremony Unites Miss Stroebel-Billy Hammer

At 5:30 p.m. Nov. 10 in Zion Lutheran Church, Miss Katherine Ann Stroebel and Billy Don Hammer were wed, with Rev. A. Burns reciting the exchange of vows of the double ring service. The bride is a daughter of Mr. and Mrs. Alvin M. Stroebel, 2217 Chestnut Drive. The bridegroom's parents are Mr. and Mrs. W. J. Hammer, 200 Ave. 1, Cisco, Texas. Baskets of large pink mums with greenery and candles at the altar, provided the background for the ceremony. Miss Joyce Proch provided the organ music. The bride was escorted to the altar by her father. She wore a formal gown of bridal-mist-tulle, designed with a bow trimmed dropped waist. The scooped neckline was circled with Venice lace appliques and enhanced the full skirt. Her shoulder length butterfly veil of imported English illusion with hand rolled edges, was attached to a velvet rose. The bride carried a cascade arrangement of white carnations and gardenias atop a prayer book. Mrs. Gerald Hammer, sister of the bride, was matron of honor and Shirley Wittie, Gatesville, was bridesmaid. The attendants wore identical dresses of rouge brocade satin with long sleeves and a bell shaped skirt. They wore matching shoes and pill-box hats, topped with a nose-length veil.

They carried a small nosegay of pink chrysanthemums. Gerald Hammer, attended to the duties of best man for his brother, Jackie Hammer, Cisco and Wayne Brown, Denton were groomsmen and Boyd Stevens, Canyon, and Bud Ainsworth, Denton, served as ushers. The bride's mother selected a beige brocade satin dress with matching accessories. The mother of the bridegroom chose a blue jersey with matching accessories. They both wore corsages of pink chrysanthemums. Mrs. Wayne Brown, Denton, sang, "The Lord's Prayer," "Because" and the "Wedding Prayer." A wedding reception was held in the home of the bride's parents. Assisting at the punch bowl was Miss Linda Moore and Mrs. Charles Linehart served the wedding cake. Guests were registered by Mrs. Harold Devone. Other members of the houseparty were Glenda Hammer, Cisco, Mary Kay Dean, Amarillo, and Darlene Dunning, Cisco. For a short honeymoon trip the bride traveled in a beige, raw silk suit with caesarsetsomtha silk suit with accessories to match and the white gardenia from her bridal bouquet. Mr. and Mrs. Hammer are both employed with the Cabot Corporation of Pampa and will make their home at 715 W. Francis.

District Meeting In Dumas, Nov. 17 For V.F.W. Ladies

Announcement of the District Nine meeting of Auxiliaries and Posts, to be held in Dumas, Nov. 17-18, were made at the 7:30 p.m. Tuesday, Nov. 8 meeting of the V.F.W. Auxiliary to Pampa Post, No. 1857. Mrs. George Benham, senior vice-president, conducted the business meeting in the absence of Mrs. Jesse Beard, president. One petition for membership was read and approved. A letter was read from National Home, enclosing Christmas Seals, with a picture of one of the children at the home, on them this year, for the first time. A contribution of \$10 was approved by the members, to send the Home, and a \$5 contribution was given to Cancer Research Fund. Plans were made for the annual Buddy-Poppy sale Saturday, Nov. 10 and members of the Hep Cat Club will assist in selling the Poppies. Centerpieces and tray favors will be made by the Auxiliary for Veterans Hospital in Amarillo, Nov. 11, as well as for Worley Hospital and Twilight Acres, Rest Home in Pampa. A Thanksgiving basket will be furnished a needy veterans family for Thanksgiving. Can food will be accepted by members, and will be brought to the next meeting. The meeting closed with the "Lord's Prayer."

Twentieth Century Allegro Takes 'Tour' Of Europe Via Colored Slides In Meeting

Twentieth Century Allegro met Tuesday in the home of Mrs. Will Graham with Mrs. W. P. Bridges as co-hostess. Allegro members "boarded" the "S.S. Allegro" for a "tour of Europe," with Mrs. John Horn showing color slides of France, Switzerland, Austria, Germany, Denmark, Sweden, Holland, Belgium and England. Mrs. Horn stated that "As far back as the Crusaders in the 11th century we know of people traveling in Europe. The Knights on their way to Jerusalem, saw and visited many places. During the 17th-18th centuries a tour of Europe was considered more essential to a young man than a university education. In our time

with the more convenient and economical means we find many Americans every year going to Europe eager to see places and meet people in the old world. That is quite natural as most Americans came at one time or another from some part of Europe and knowingly or unknowingly feel that there rest the ashes of their fathers and the temples of their gods." Other members present were Mrs. Curt Beck, Mrs. Bill Bridges, Mrs. Bill Braly, Mrs. Geo. Cree Jr., Mrs. John Cundith, Mrs. John Gentry, Mrs. Jack Reeve, Mrs. Charles Walsh, Mrs. Le Roi Ogden, and Mrs. R. A. Johnson.

Travis Lively Is Featured Speaker For William B. Travis P-TA Meeting

Travis Lively was guest speaker at the Nov. 8 meeting of the William B. Travis P-TA meeting held in the school auditorium at 2:15 p.m. Thursday following an introduction by Mrs. W. E. Combs, vice-president. The topic for the afternoon was "American Heritage." He discussed and gave an excellent account of the history of the Constitution of the United States of America. He explained the Bill of Rights and the 16th and 17th amendments, saying that the 16th pertains to income tax and the 17th changed the way of electing senators.

Den Johnson, principal, gave a report on the P-TA Citizenship workshop held in Canadian, Oct. 24. The door prize, a cake baked by Mrs. Bernard White, was won by Mrs. Leonard. Mrs. Blaine Nutt's first grade room count with Mrs. Harold Justice's third grade taking second. Preceding the regular meeting, the executive board members met in the principal's office.

Kappa Kappa Iota Will Present Initiation Services

Mrs. Bess Desmuke, Kappa Kappa Iota Delta State President, of San Antonio, Texas, will do the Initiation Service for two I.O.C.A.I. Conclaves, Nov. 17, Mrs. G. M. Walls, President for Gamma Conclave, and Mrs. Bennie Shackelford, local president for Alpha Iota Conclave, will assist with the ceremony. Others participating with the ceremony will be the two immediate past presidents, Mrs. L. B. Penick and Mrs. W. L. Vesale. Mrs. Desmuke is principal of the Ira Ogden Elementary School in San Antonio. She is Delta State Chairman for the National Convention of Kappa Kappa Iota to be held June 16 through 19 in San Antonio. The theme for the National Convention is "Friendship, Texas Brand." Mrs. Desmuke has an active role in the National Convention held in Denver, June, 1962. In the receiving line will be Mmes. Desmuke, G. M. Walls, Floyd N. Smith, vice-president of Gamma, Bennie Shackelford, president of Alpha Iota, Miss Judy Neslage, vice-president of Alpha Iota. The Joint-Conclave meeting will be held in the Citizens Hospitality Room—Nov. 17—at 9:30 a.m. Hostesses will be: Miss Geraldine Rampy, and Miss Stella Kiser of Alpha Iota; and Mrs. B. G. Gordin, past Delta state president and Mrs. W. L. Parker, Miss Alma Wilston and Mrs. Herbert Coker, all past presidents from Gamma Conclave.

Brownie Troop 15 Has Hiking Trip

Brownie Troop 15 enjoyed a hike to the park, where they played and gathered different kinds of leaves, when they met at the Girl Scout House at 3:34 p.m., Nov. 5. After hiking, the group returned to the scout house and refreshments of candied apples were served by Naomi Elvess, to 18 Brownies, two mascots, Mrs. Judy Hollis, leader, Mrs. J. K. Gann, Mrs. J. T. Rogers, assisting, and Judy Ann Rogers, a visitor.

MR. AND MRS. PHILLIP MICHAEL HILTON

Miss Betty Gouge Marries Phillip Hilton In Amarillo

Miss Betty Jewell Gouge, of Amarillo, the daughter of Mr. and Mrs. Everett Gouge, Rt. 2, Amarillo, became the bride of Phillip Michael Hilton, who is stationed with the U. S. Army, and the son of Forrest Hilton, 5001 S. Bovee, Amarillo, and Mrs. M. W. Maxey, 414 S. Barnes, in a ceremony at 8 p.m. Thurs. Oct. 25 in the Hillcrest Baptist Church in Amarillo.

The Rev. J. D. Horton, officiated.

Presented in marriage by her father, the bride wore a formal gown of Alecon lace and maline net over white taffeta designed with a fitted bodice featuring a scalloped neckline outlined with seed pearls and sequins and long tapered sleeves.

A princess crown of seed pearls and crystal beads held her shoulder-length veil of bridal net.

She carried a cascade of white carnations and feathered mums atop a white Bible.

Maid of honor was Jo Ann Thompson of Canyon and Mrs. William Alexander of Amarillo, served the bride as matron of honor. They wore identical dresses of toast brown satin with silk organza over skirts, and carried a cascade of bronze feathered mums.

Bobby N. Hudson, Amarillo, served the groom as best man and ushers were, James and Stanley Gouge and Bobby Date and Johnny Helton.

Elizabeth Gail Alexander was flower girl and ring bearer was Ronald Bob Hudson.

Baskets of bronze chrysanthemums decorated the church while Mrs. Earl Troublefield, provided traditional wedding music. Mrs. Russell Waldrop, soloist, sang, "Al-

ways" and "Because."

For her daughter's wedding, Mrs. Gouge wore a brown two-piece suit with beige accessories and the bridegroom's mother wore a pastel green dress with gold accessories. They wore bronze mums corsages.

A reception followed in fellowship hall of the church. Mrs. Troublefield provided background music while Mrs. DeRoy Golden of Amarillo, assisted at the punch service and Mrs. Paul Lane, also of Amarillo, served the wedding cake. Guests were registered by

Mrs. Bobby Hudson.

The bride traveled, to points of interest in Texas, in a brown suit with brown accessories and a white carnation corsage from her bridal bouquet.

She is a 1961 graduate of Canyon High School and the bridegroom is with the U. A. Army.

Out of town guests were: Rev. and Mrs. J. W. Read of Willington, Rev. and Mrs. D. C. Read of Mobeetie and Messrs. and Mrs. C. B. Read of Canyon, L. R. Gouge, Burger and N. C. Hudson, Skellytown.

Erma Eslick, Norman Stanley Married In Morning Service

Miss Erma Mae Eslick, daughter of Mr. and Mrs. Lee E. Eslick, 217 Tignor, Lt. Norman L. Stanley, son of Mrs. Alva Stanley and the late Mr. Stanley, Greeley, Colo., solemnized wedding vows in the Central Baptist Church at 10 a.m. Nov. 3.

Rev. T. O. Upshaw officiated for the double ring service amid altar decorations of white gladioli and candelabras.

Presented in marriage by her father, the bride wore a white wool suit with the neckline featuring a satin oval shaped collar with a tiny bow at the front. She wore a headpiece of satin with tulle showered veil and carried a cascade of red roses.

Mrs. Bob Becker, Abilene, honored her sister as matron of honor and Miss Gertie Eslick, also a sister of the bride, was maid of honor. They wore identical aqua sheath dresses with gold accessories and carried a colonial arrangement of white carnations.

Best man was Jim Stanley of Norman, Okla., and groomsmen was Gene Stanley of Stillwater, Okla., brothers of the bridegroom. Bob Becker of Abilene and Paul D. Keim, Pampa, were ushers.

Miss Ann Keim, Pampa, registered the wedding guests. Miss Joyce Prock, organist, played traditional wedding music and Miss Sheralan Ludecke of Abilene, sang "Becuse," "Whither Thou Goest," and the "Lord's Prayer." Miss Lucy Miller of Abilene played the piano.

An aqua dress with white accessories and an orchid corsage was worn by the mother of the bride. The bridegroom's mother selected a black dress with matching accessories and an orchid corsage.

Fellowship Hall of the church

was the scene for the reception immediately following the ceremony. The bride's table was decorated with a white and aqua net cloth with wedding bells and centered with an arrangement of white daisies.

Assisting at the punch bowl was Miss Vonita Greene of Abilene, and Miss Myrna Lee served the three-tiered wedding cake. They also are from Abilene. Others assisting were Miss Marge Bliss of Abilene, Mr. and Mrs. Don Alto and sons of Greeley and Mrs.

Gerald Ray and Brenda, Wichita, Kans. Mrs. Alto and Mrs. Ray are sisters of the bride.

The couple plan to make their home in Ozark, Ala.

Mrs. Stanley is a graduate of Pampa High School and a graduate of Hendrick Nursing School, Abilene; she was employed for Charles I. Meadows, M. D.

Her husband is a graduate of Henryetta, Okla., and the University of Oklahoma and is now in helicopter school in the U.S. Army.

Mrs. Norman L. Stanley ... nee Erma Mae Eslick

Lamar PTA's Program Features Comedy Impersonations And Serious Reading

The Brownies of Girl Scout Troop No. 80 presented the flag and led the assembly in the Pledge of Allegiance when Lamar PTA met in the school auditorium Thursday at 2:15 p.m.

Mrs. E. C. Pulse, president, presided. The prayer was led by Mrs. T. E. Ammons and Mrs. L. C. Wassell introduced the speaker, Mrs. Elbert Walker, who gave an interesting account of the use of tongue, teeth and lips in the formation of plain letters. She presented enjoyable "impersonations" of comedy and a serious reading. A report was made on the Canadian Workshop of Mrs. N. L. Nichols. Six members of Lamar PTA were in attendance for the workshop.

Joe Page, principal, told the assembly what to do in case of an emergency, where the children would be and some tips on what not to do.

Reports were made by Mrs. Leon Hinderliter, city council representative, and Mrs. Delbert

Daniels, radio chairman, Mrs. F. R. Yearwood won the door prize, a cake, baked by Mrs. Roy Rose. Mrs. G. M. Walls, second grade teacher, won the room count and a "thank you" was extended to everyone who helped make the "Fund Night" a success.

Mrs. Bill Martin Is Hostess To Meeting

The Halliburton Ladies Club met in the home of Mrs. Bill Martin recently for their monthly meeting. Co-hostess was Mrs. Bob Burrows.

Plans were made for the ladies to fill a Thanksgiving basket for a needy family.

Members attending besides the hostess were: Mmes. Boyd Stewart, Weldon Rogers, Melvin Dennis, Gordon Pursley and Billy Rape.

Never repeat gossip as fact. Better yet — don't repeat it.

Dear Abby... Taxpayers Should Do Something About It!

By ABIGAIL VAN BUREN

DEAR ABBY: A woman who lives down the street from us is on relief, has two Princess telephones and pays \$80 a month for her apartment. She keeps a bum she calls her "husband." This bum she keeps has a wife and three children, and you won't believe this but she pays his wife's alimony out of her welfare check so he won't get arrested for non-support. She has four children of her own who are the hungriest-looking kids on the block. She drives a new car and is having trouble making the payments. Respectable citizens like ourselves pay taxes to support trash like her. How does the welfare department let people like that get away with it is what I'd like to know?

TAXPAYER

DEAR TAXPAYER: If only half of what you say is true, your local welfare department would appreciate the information.

DEAR ABBY: This is for the person who said he didn't believe you really get some of the letters you print in your column. Just send him to me, Abby. I have been a clerk in a large store for many years and some of the conversations I hear are absolutely unbelievable! One customer was trying to select a sympathy card. I showed her one which read, "Thinking of you today." Then she said - "But she won't get the card until TOMORROW!"

M. E. T.

DEAR M. E. T.: Some people are funniest when they're in dead earnest. I once heard from a young man who wrote, "Dear Abby: I joined the Navy to see the world. I've seen it... now how do I get out?" (Signed San Diego.)

DEAR ABBY: I am a junior in high school and am writing for others as well as myself. Do you see anything wrong with a boy and girl walking down the hall with his arm around her waist? (Not real tight.) If it is wrong, please tell me why. There has been a lot of comment about this at our school lately.

FRUSTRATED

DEAR FRUSTRATED: While it may not be "wrong," it is in bad taste. Caress your books and embrace your studies.

CONFIDENTIAL TO "E": Grief knits two hearts in closer bonds than happiness ever can.

MISS SANDRA BRALY
Miss Sandra Braly Is Student At Christian College

Miss Sandra Braly, daughter of Mr. and Mrs. Clifford Braly, 1264 Christine, is one of 27 members of the Lineage Club at Christian College, two-year college for women in Columbia, Mo. Members of the club are students whose relatives also have attended Christian, oldest college for women chartered West of the Mississippi. Officers of the Lineage Club traditionally are those students having the largest number of ancestors who have attended the college, a family tradition for many for four generations. One family has had more than one hundred members attend Christian.

The club, sponsored by Mrs. Kenneth Freeman, wife of the president of Christian College, has a regularly scheduled program of activities, which includes social events and on-and-off-campus projects to perpetuate the traditions of excellence which have distinguished the college since its founding in 1851.

Don't argue or deprecate. Accept a compliment graciously.

City Council PTA Meets At Baker School

The Pampa City Council Parent-Teacher Association met in the Baker School cafeteria on Nov. 8, with the vice-president, Mrs. E. E. Shelhamer, presiding. The meeting was opened with a prayer led by Mr. Carl Jones, principal of Baker School. The secretary, Mrs. A. N. Green, read the minutes. A balance of \$274.16 was reported by the treasurer, Mrs. John Holt Jr.

Mrs. J. R. Holloway reported that the District 19, Spring Conference is to be held in Pampa on April 29 and 30. The executive committee of District 19 will hold their meeting at the Citizen's Bank. A banquet honoring this board will be held at the Coronado Inn on April 29 and is open to all P-T-A members. The tickets will be \$2.50 each.

Membership chairman, Mrs. Edwin Southard, said that to date Pampa has 1,951 P-T-A members. Mrs. Melvin Watkins, pre-school and health chairman, stated that anyone wishing to use the films on health to contact her.

Mrs. John Gentry reported on the District 19 P-T-A Citizenship Workshop that was held in Canadian. She also reminded the unit that the next P-T-A study course was to be held at Travis School.

Mrs. Carlton Nance read the unit's by-laws with the proposed changes to be made. They will be voted on at the next meeting. She said that a City Council P-T-A must review their by-laws every three years.

Principal of Lamar School, Joe Page, said that all the plans were completed for the 25 P-T-A delegates, who are going to the Texas State P-T-A Convention in Fort Worth.

Mrs. J. T. Cornutt announced that the Pampa High School Harvest band is to play for the New York Giant's football game to be held in Dallas. This game will be televised over channel 19 at 1:30 p.m., Sunday. The unit sent a telegram of congratulations to the band on their arrival in Dallas yesterday morning.

Mrs. Derrel Hogsett said that the National P-T-A Office states: "Hereafter, omit the periods whenever the letters P-T-A are used."

Refreshments of coffee and donuts were served from a lace covered table centered with an autumn bouquet, by the Baker P-T-A hospitality chairman, Mrs. J. L. Hampton, assisted by Mrs. Howard Price and Mrs. James Nipp. Fifty-three persons were present from the following schools: Lee Jr. High, Austin, Baker, Lamar, Travis, Mann, Wilson, Houston, and St. Vincent's.

Miss Banister-Henry Atchison Exchange Wedding Vows

After a short wedding trip, Mr. and Mrs. Henry Newell Atchison will establish a home in El Paso at Biggs Air Force Base where the bridegroom is stationed with the U.S. Air Force.

The former Miss Karlyne May Banister, daughter of Mr. and Mrs. Robert J. Banister, McDonald, Kansas, and her husband, the son of Mr. and Mrs. B. Mitchell of Pampa, who for the past year have resided in Omaha, Neb., exchanged vows in the Federated Church in McDonald, Oct. 24 at 8:30 p.m. The Rev. Clarence Swihart officiated for the ceremonies.

Given in marriage by her father with the "her mother and I vows", the bride wore a formal gown of silk organza over taffeta and the Chantilly lace bodice featured a scalloped, embroidered neckline with pearls and iridescent sequins and a bustle bow accented the back. The long sleeves tapered to points at the wrist and her bouffant veil of illusion fell from a crown of crystal and pearls. The full skirt, of silk organza was also trimmed with seed pearls.

Her only jewelry was a single strand of pearls, a gift from the groom.

She carried a cascade of bronze and gold mums atop a white Bible. The tradition of something old, new, borrowed and blue were carried out and also a penny in her shoe.

Miss Cathy Calton was maid of honor and Miss Cheryl Jo Tongish attended as bridesmaid. Miss Calton wore a gold street length dress of peau de soir fashioned with bracelet length fitted sleeves, sculptured bodice and unpressed pleated skirt and belted bow. She carried a nosegay of bronze mums. The bridesmaid wore a gold dress identical to that of the maid of honor. She carried a gold mum nosegay and both attendants wore short white gloves and a single strand of white pearls, a gift from the bride.

James R. Banister, brother of the bride, served as best man and groomsmen were George A.

MR. AND MRS. HENRY NEWELL ATCHISON

Banister, also brother of the bride. Delroy Holzworth, cousin of the bride, St. Francis, Kan., and Lynn Officer, McDonald, were ushers.

Kent Banister, brother of the bride, was ring bearer. Mrs. Claude Kising, Stratton, Neb., played traditional wedding music in a setting of gold and bronze mums which decorated the church. Soloist, Rev. Roger Withee, St. Francis, Kan., sang, "O Promise Me," "Because," and "The Lord's Prayer."

The bride's mother wore a brown sheer wool costume suit accented with matching satin and bone satin accessories. She wore a bronze mum corsage.

The bride is a graduate of McDonald High School, McDonald, Kan., and attended Kansas State University, Manhattan, Kan., and St. Luke's Nurses Training, Denver, Colo.

The bridegroom is a graduate of Pampa High School, attended Texas Technological College, Lubbock, and currently is Airman Second Class, United States Air Force stationed at Biggs Air Force Base, El Paso.

The panel consisted of Rev. Russell West, Mrs. Kenneth Walters, counselor at Robert E. Lee and Bill Waters, district attorney. They discussed problems of the youth of today, stating that early dating and early marriage was a real problem. We must teach our youth the real values and proper attitudes toward adulthood.

Rev. West, stated, "the churches and schools teach the children a lot on this subject, but the home is a greater one."

Group discussion followed the panel meeting.

Hostesses for the meeting were Mmes. George Walstad, George Casey and Al Lawson. Thirty members were present.

Central Baptist W. M. S. Meets For Program

The Central Baptist W.M.S. met for regular monthly periodical programs in members' homes recently with the theme being, "World Awareness." The programs were centered around the theme of Doctor Ware with the patient being, Mrs. Christian and her visit to the office to see what could be done about her concern for the World Awareness.

Members met in the following homes: Mrs. Lela Gomer was hostess for the Thomas circle with Mr. Curtis Liles conducting the business meeting and calling for reports of the committees. Mrs. Dan Johnson read the prayer calendar and Mrs. T. O. Upshaw offered the opening prayer. Mrs. A. P. Holligan presented a stewardship program.

Mrs. Billy Fulcher was in charge of the program with the following taking parts: Mmes. T. O. Upshaw, Frank Conner, Dan Johnson, Don Turner, and Curtis Liles.

There were nine present with Mrs. L. A. Baxter closing the meeting. Mrs. A. P. Holligan, 515 Yeager, will be hostess for the next meeting to be Nov. 21.

The Short circle met in the home of Mrs. Bud Steward with Mrs. Elbert Wayt offering prayer following the reading of the prayer calendar. Mrs. Ed Wells conducted the business meeting.

Mrs. C. H. Worley was in charge of the program. Others taking parts were Mmes. Bud Stew-

ard, Elbert Wayt, L. C. Bevel, Ed Well and Jay Thompson.

Mrs. W. H. Worley closed the meeting with six present. The next home meeting will be in the home of Mrs. Richard Munciel at 706 Zimmer.

Mrs. Don Barker was hostess to the Duck circle with Mrs. Dale Gallaher conducting the business meeting and Mrs. T. F. Snow reading the minutes of the previous meeting.

Mrs. Claude Turner read the prayer calendar and Mrs. Bob Ratliff offered the opening prayer. Mrs. Don Brewer was in charge of the program with these giving parts: Mmes. Dale Gallaher, Leon Brown, Don Barker, Claude Turner, T. F. Snow and Gene Lewis.

There were eight present with the next meeting to be in the home of Mrs. Dale Gallaher, 400 Lowry.

Mrs. Don Rosenback was hostess for the Hundley circle with Mrs. Sam Batteas reading the prayer calendar with seasonal prayers.

Mrs. Billy Joe Chance was in charge of the program with these taking parts: Mmes. Bill Stafford, Don Rosenback, Sam Batteas, J. B. Holburn, O. G. Anderson, and G. C. Stark.

Mrs. Gene McClendon conducted the business meeting with Mrs. Stark closing the meeting with prayer. Mrs. Chance, 2106 N. Faulkner, will be hostess for the next meeting.

There were seven present for

the meeting. The Searight circle met in the home of Mrs. J. H. Garrett with Mrs. Fred Clark conducting the business meeting. Mrs. E. B. Davis was elected for youth representative and Mrs. Cecil Williams was elected for prayer chairman.

Mrs. A. R. Newman read the prayer calendar and offered the opening prayer. Mrs. Hugh Sanders presented the program with these taking parts: Mmes. Fred Clark, E. B. Davis, L. R. Tyson, A. R. Newman and Cathrin Osborn.

Mrs. Sanders closed the meeting and the next meeting will be in the home of Mrs. L. E. Harris, 1128 Terry. There were nine present.

Mrs. L. G. McDaniel was hostess for the Leach circle with Mrs. N. R. Lowe conducting the business meeting with Mrs. C. G. Miller reading the prayer calendar. Mrs. Albert Taylor offered the opening prayer.

Mrs. Ronald Luedeck presented the program with these taking parts: Mmes. N. R. Lowe, Albert Taylor, Charles Reeves and C. G. Miller.

Mrs. Jane Willingham visited with the circle and there were ten present. The next meeting will be in the home of Mrs. Ronald Luedeck at 1129 E. Francis.

Mrs. Nolan Cole was hostess for the Snyder circle with Mrs. Jim Johnston conducting the business meeting. Mrs. R. E. Warren Sr. read the prayer calendar and Mrs. Clinton Forbes offered the opening prayer. A picture of the missionary circle is named for, was presented for all to see before the program was presented.

Mrs. Charles Terrell was in charge of the program with these taking parts: Mmes. J. B. Minyard, Clinton Forbes, L. O. Roenfelt, Nolan Cole, and Ralph Tyler.

Mrs. R. C. Brown, president, visited with the circle and there were ten present. Mrs. Johnston closed the meeting with the reading of the W.M.S. song, "Christ for the Whole Wide World."

Mrs. J. B. Minyard, 1004 Duncan, will be hostess for the Nov. 21 meeting.

Members are urged to bring love gifts of food to be put in Thanksgiving baskets for the Nov. 21 meeting.

POLLY'S POINTERS

A Helpful Hint:

Soda Brightens Smile!

By POLLY CRAMER

DEAR POLLY — While in the theatrical business, I always kept baking soda on my make-up shelf. Dry your teeth and then rub them with a finger that has been dipped in the soda to whiten them. I do this after cleaning with tooth paste and before using mouth wash.

DEAR GIRLS— Mixture of salt and soda is excellent and safe, my dentist says.

DEAR POLLY — To restore old

brass door knobs, hardware or any brass to like-new condition, do the following: soak in household ammonia for about one half to one hour. Remove and go over with fine steel wool. It will be shiny as new. To keep from darkening, wax with clear paste wax such as you would use on a car.

DEAR POLLY — When ironing curtains, pin a pillowcase to your waist and keep the dampened curtain inside. Pull it out as you iron. This keeps the damp curtains from getting soiled.

DEAR POLLY — Sounds like a swell solution to a problem all of us have had when ironing curtains.

DEAR POLLY — To store vacuum bottles or any tight containers, put in a piece of newspaper. This keeps the inside fresh and it never smells.

DEAR POLLY — My 12-year-old grandson who has a broken arm for the third time offers this suggestion for always having a clean looking cast. Clean with white liquid shoe polish just as you would shoes. Cover the cast with a thin coating and when it is dry, presto! Dr. Casey's snotty white cast is yours again. The originator of this idea is—

ED GORMAN

Good for you, Ed. There is nothing more repulsive looking than a dirty cast.

Panel Discussion Is Program For Meeting

"Responsible Adults for Tomorrow's World," was presented by a panel group, to the Woman's Society of Christian Service of the First Methodist Church, Thursday, Nov. 8 at 2:30 p.m. in the church parlor.

The panel consisted of Rev. Russell West, Mrs. Kenneth Walters, counselor at Robert E. Lee and Bill Waters, district attorney. They discussed problems of the youth of today, stating that early dating and early marriage was a real problem. We must teach our youth the real values and proper attitudes toward adulthood.

Rev. West, stated, "the churches and schools teach the children a lot on this subject, but the home is a greater one."

Group discussion followed the panel meeting.

Hostesses for the meeting were Mmes. George Walstad, George Casey and Al Lawson. Thirty members were present.

a corsage of yellow roses. The bridegroom's mother wore a green brocade, satin costume suit with bone brocade accessories and a corsage of yellow shag mums.

Immediately following the ceremony, a reception was held in the parlor of the church. Mrs. Hertha Benkelman assisted at the punch bowl and Mrs. Harry Harrison at the coffee service. Registering guests was Mrs. Claude Bell and Mrs. Henry Miller presided at the gift table.

The bride traveled in a candlelight beige brocade costume suit with brown and bone accessories. She wore a bronze mum corsage.

The bride is a graduate of McDonald High School, McDonald, Kan., and attended Kansas State University, Manhattan, Kan., and St. Luke's Nurses Training, Denver, Colo.

The bridegroom is a graduate of Pampa High School, attended Texas Technological College, Lubbock, and currently is Airman Second Class, United States Air Force stationed at Biggs Air Force Base, El Paso.

With fewer women in sewing circles and more in bowling alleys, it looks like the girls have abandoned their needles to pins.

Take It From Kathy

... by Kathy Peterson

Dear Kathy: When a boy I liked left for college, I sent a card wishing him luck. We were just friends and he never asked for a date. Recently, I was surprised to receive a letter. It's going to be hard to answer because he mentioned lots of things about school that couldn't be understood unless you lived right on the campus. He didn't ask me to write but do you think he expects an answer? If I do send a letter, how should I end it? Wouldn't it sound silly to say with love?—Uncertain.

Dear Uncertain: Of course he expects an answer! What other reason for writing a long letter? The fact that the letter was filled with news about school shouldn't disturb you. Ask him frankly about the things you don't understand. And ending? The general tone of the letter is much more important. Even a formal sign-off wouldn't seem cold if the things that went before were friendly and interesting.

Dream up something short and snappy similar to the kind of parting comment you make in person. "Hope you win the game," "Remember me to so-and-so," could be a fitting close.

Miss Sherry Hearron

PANHANDLE (SpI) — A Dec. 22 wedding is planned for Miss Sherry Hearron, daughter of Mr. and Mrs. George E. Hearron, and Eugene Morris Goss, son of Mr. and Mrs. Eugene B. Goss. Vows will be solemnized at 7:30 p.m. in the First Baptist Church of Panhandle. Miss Hearron is a graduate of Panhandle High School and is employed in the bookkeeping department of the First National Bank. Mr. Goss is also a graduate of Panhandle High School and is associated with his father in the construction business.

New Officers Are Elected By Society

On Monday evening, Nov. 5 at 7:30 p.m. the African Violet Society met in the home of Mrs. Willie Rheadasil, 1120 S. Hobart. The business meeting, conducted by Mrs. Holly Gray, president, was opened with prayer by Mrs. Lee Moore. Following the secretary's report by Mrs. R. D. Dirksen, plans were made for the next year.

Officers for the year were elected and are as follows: Mrs. Norman Walberg, president; Mrs. Cecil Holmes vice president; Mrs. Dan Garner, secretary-treasurer; Mrs. C. C. Matheny, reporter; Mrs. Lee Moore, historian and Mrs. C. O. Jones, parliamentarian.

Participating on the program, "Questions and Answers," led by Mrs. Moore, were Meses. Evans Jones, Norman Walberg, Marion Roberts, C. C. Matheny, C. A. Jones and J. E. Carlson and Miss Mary McCamy. Others attending were Meses. N. E. Ellis, Joe Shelton, Lee Harrah and Charles Gibson. Guests for the evening were Meses. Ruby Cunningham, J. B. Denson, Novia Putney and Henry Gruben.

After refreshments were served by the hostess, assisted by Mrs. C. C. Matheny, secret pal gifts were exchanged.

O.E.S. Gavel Club Has Dinner Meeting

The serving tables were decorated with autumn leaves for the meeting of the O.E.S. Past Matrons Gavel Club, when they met Thursday, Nov. 8 in the home of Mrs. Bill Fluelling, 502 N. Russell.

During the business meeting, conducted by Mrs. O. A. Davis, plans were made for a salad supper for the Christmas meeting, Dec. 13, with those having secret pals, bringing a gift to exchange.

After the covered dish supper, games were played during the balance of the evening by the following: Meses. Floyd Pennington, Otis Nace, I. E. Byars, Dennis Stillwell, W. A. Rankin, W. R. Morrison, R. A. Hankhouse, Guy Andis, O. A. Davis, Oscar Shearer, G. C. Crocker, Wood Osborne, Emma Lee Gray, Katie Vincent, W. B. Murphy, O. A. Wagner, J. E. Wheeler, a new member from White Deer, and Mrs. R. D. Brass, a guest from San Angelo.

Mrs. Ethel Alexander was co-hostess and mother of Mrs. Fluelling.

Pan-American Group Attends Barbecue

The Pan-American Petroleum Corporation employees and their families, enjoyed a barbecue at the rodeo grounds Saturday night, Nov. 3.

One-hundred and 10 area people attended. Retired employees present were: Messrs. and Meses. W. J. Bartz, John Duncan, C. C. Miller, F. L. Gower, F. F. Kennedy, R. D. Nice, E. L. Norman, W. H. Robertson and Chester Williams.

Reverend Rodney Williams, assistant minister of the First Methodist Church, addressed the Stephen F. Austin P-TA Thursday afternoon in the school auditorium presenting as his topic "Knowledge Through Education." Reverend Williams, speaking in the absence of Dr. Hubert Bratcher who was unable to be present, stated that "Education has to do with changes that take place in people's lives. This is a change that enables them to attain self-hood and a mature understanding of themselves. Education takes place wherever learning takes place — in the school, in the home, in the Church, in the play group, and in a multitude of other places. Basically, learning takes place wherever two or more persons stand in relation to one another — that is, through interpersonal relationships. One educator said that the 'human self is formed in relationships; if it is deformed, it is deformed in relationships; and if it is re-formed, it is reformed in relationships.'"

"And this, I believe, must be the goal of all education — to provide that proper relationship such that a mature self with an adequate understanding is developed of his own self, other selves, the world about him, and the God who created all. Necessarily, then learning takes place within relationships. It should be the concern of each teacher and each parent constantly to examine his relationships to those about him to see that those relationships are such that they lead to the maximal possibility of learning."

In summation, Rev. Williams offered this quote from Confucius: "If there be righteousness in the heart, there will be beauty in the character. If there be beauty in the character, there will be harmony in the home. If there be harmony in the home, there will be order in the nation. If there be order in the nation, there will be peace in the world." Mrs. Ray Thompson introduced Rev. Williams following the spir-

itual thought for the day which was given by Mrs. Don Cain. Mrs. S. B. Sybert, local unit president, opened the business meeting with a tribute to all who had helped to make "Family Night" successful. Mrs. Ray Hampton read the minutes of the previous meeting and Mrs. Richard Stowers gave the treasurer's report. Reports from standing committee chairmen were given by Mrs. J. W. Edminster, city council; Mrs. Philip Gates, by-laws; Mrs. Charles Lanehart, radio; and Mrs. John Gill, membership. Mrs. Ed Woodall gave highlights from the Citizenship Workshop which was held in Canadian.

Approval was given to two recommendations made by the executive committee: (1) Mrs. Charles Lanehart and Mrs. Doris Price shall be delegates to represent Stephen F. Austin at the state convention in Ft. Worth Nov. 14-16. (2) PTA will purchase, as a project, a new swing set for grades one, two and three, and science kits for grades four, five, and six.

A framed copy of the words and music of "Texas, Our Texas," the state song, has been presented to the school by Tracy Cary. The gift, which was autographed by the composer, W. J. Marsh, was received at this meeting by Mrs. Homer Kruger, and is to be hung in the music room.

The first grade won the room count banner, and Mrs. Glenn Cox, fifth grade teacher, was winner of the door prize.

Miss Hutchinson Is McMurry Favorite

WHEELER (SpI) — Miss Annette Hutchinson, daughter of Mr. and Mrs. Doris Hutchinson, was recently elected senior Class Favorite at McMurry College, along with Gervis Galbraith of Abilene, Reservation Princesses. Class McMurry and Class Favorites were announced Oct. 28th at McMurry 1962 formal Homecoming Coronation ceremony.

Miss Hutchinson is a 1959 graduate of the Wheeler High School. She will graduate from McMurry College in the spring of 1963 with a major in business education and a minor in English. She is doing her practice teaching at Abilene High School.

Among Miss Hutchinson's activities on the McMurry campus are: member of Alpha Chi, a national honor society; treasury of Kappe Delta Pi, a national edu-

Sharlyn Kay Trussell And Donald Robinson Are Wed

MRS. DONALD RAY ROBINSON nee Sharlyn Kay Trussell

Wedding vows were solemnized recently at 7 p.m. in Oslo Lutheran Church, a beautiful country church 31 miles northwest of Spearman, for Miss Shariyn Kay Trussell, daughter of Mr. and Mrs. Clarence L. Trussell, 432 N. Ballard, and Donald Ray Robinson, son of Mr. and Mrs. Don Robinson, 620 N. Wells.

The Rev. Robert L. Cordes, pastor of Oslo Lutheran Church, was officiant for the double ring service. The organist presented traditional wedding selections. Large bouquets of white pom-pom mums flanked the candle-lit altar scene.

Escorted down the aisle and given in marriage by her cousin, Teddy Malone, the bride wore an original gown, "Divinely Yours," by Martha, of white imported hand-clipped chantilly lace and Skinner's antique satin. The lace basque bodice featured long, tapered sleeves, which terminated at points over the hands. A high scalloped Sabrina neckline was accented with seed pearls and iridescent pearl sequins.

The satin skirt, sweeping into a chapel train, featured elegant lace appliques back and front, and twinkled with sequins and pearls. The skirt front was paneled with luxurious sequins accented above the hemline with a large satin rose.

She wore a blush chapel-length veil of French silk illusion held in place by a Queen's Crown of seed pearls and iridescent sequins, and featuring a center heart of seed pearls with drifts of veiling delicately jeweled with matching lace appliques. The veil and tiara were designed and fashioned by the groom's mother.

The bride wore a gold cross, a gift from the groom as her only jewelry. She carried an arrangement of white carnations, centered with a cymbidium orchid arranged with Stephanotis, atop a white bible.

Maid of honor was Miss Marjorie Robertson, who wore a street length dress of cotton satin, fashioned with a ballerina jacket, featuring an oval neckline and three-quarter sleeves, accented with appliques in front and back. A white picture hat and white accessories complimented the dress. She wore a corsage of white carnations.

Attending the groom as best man was Jesse Paul Skinner. For her daughter's wedding, Mrs. Trussell chose a silk navy blue two-piece dress fashioned with a white square collar and four large pearl buttons in front with black accessories.

Mrs. Robinson wore a navy blue wool sheath with a matching Charrel jacket, fashioned with a mandarin neckline and three-quarter length sleeves accented with small rhinestone buckles and white accessories. Their corsages were of white carnations.

A reception followed in the home of the groom's sister, Mrs. Ray Mobley, 209 W. Kenneth St., Spearman. Pink punch was served from a lace-covered table and the bridal bouquet served as the centerpiece.

Ginger Reid assisted at the punch bowl with Mrs. Donna Layne, sister of the bride and Mrs. Mobley serving the three-tier wedding cake.

RUTH MILLETT

In all the advice handed out to women and that is plenty — no one ever says to women, "Have fun."

Instead women are constantly urged to worry. To worry about their marriage and holding onto their husbands. To worry about their children. To worry about whether or not they are neglecting their families if they hold down paying jobs as well as being homemakers.

They are urged to worry about their looks — as though it's a sin for a woman to look her age. To worry about whether or not they are "keeping up" with their husbands. To worry about whether or not they are doing their share of community work. To worry about being "tied down" by small children, and then to worry about the "empty years" when their children are grown and gone from home.

The list of things women today are encouraged to worry about is endless. And the thanks they get for obediently worrying their lives away is to be told that they're neurotic, unhappy and frustrated.

Why wouldn't they be frustrated and neurotic if everything in their lives is regarded as a big problem to be solved and if they are constantly trying to live up to an impossible set of standards?

What the American woman needs more than anything else is to be encouraged to have a light-hearted attitude toward living and a determination to get some joy out of life.

After all, it is the happy-hearted, enthusiastic, optimistic woman who not only gets the most out of life for herself but gives the most to husband, children, friends and neighbors.

It is the woman who enjoys life who helps others to enjoy it. But

Presbyterian Women In Thank Offering Service

The Women's Association of First Presbyterian Church held a Thank Offering Service on Wednesday morning in the Educational Building of the church. Mmes. George Friauf, W. B. Colewell and William Dixon for Circle IV were hostesses during the coffee hour.

Mrs. Warren Hasse, narrator for the Thank Offering Service, said, "In 1888 the United Presbyterian Church of North America faced a time of financial crises in its mission work. Retrenchment seemed unavoidable. Eliza Clokey, invalid widow of the Rev. Joseph Clokey

of Springfield, Ohio, was greatly distressed by this emergency and spent much time in prayer about it. She conceived the idea that the women should give a Thank Offering, over and above their regular contributions to God for His blessings. At her suggestion the second Saturday in April was set apart for prayer and thanksgiving."

Now, we turn back to "May 9, 1888," and look in on the "Convention."

Mrs. Clyde Fathere, World Service Chairman, was dressed in the costume of the 1888 era, which

Women Of Moose Host Amarilloans

Women of the Moose, Lodge 1163, met in the Moose Lodge, 401 E. Brown, at 8 p.m. Tuesday.

The meeting was presided over by Mrs. Ralph West, senior regent.

Guests were officers of the Women of the Moose from Amarillo, who instructed and participated in the program.

Dinner followed. Amarillo guests present were Mmes. Margaret Howard, Doris Thomas, Ruby Bardwell, Mar-

garet Barber and Pauline Atchley.

Local members present included Mmes. Ralph West, W. C. Brown, Harvey Downs, Truman Beard, Lovie Fry, Alvin Driggers, Ed Tigrett, Jeff Lard, Sam Goodan and Vivian Holman.

The next meeting will be held this Tuesday, again at the Moose Lodge at 8 p.m.

When a phone number has been left for you, call back at once.

Sneakers For Football

Now it's sneakers for feminine spectators at football games. Leopard printed (left) and fake lizard (right) tennis shoes for autumn are by Mr. Sneakers.

For her honeymoon trip the bride traveled in a pink velveteen suit and pink accessories and wore the orchid from her bridal bouquet.

Abraham Lincoln is credited with originating the phrase "Don't swap horses in mid-stream" in 1864.

"PAMPA'S FASHION CENTER"

The Mature Parent

Parents And Teachers Should Be Agreeable

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: My 9-year-old boy is having trouble with his arithmetic teacher. Last week she asked me to come to the school and told me that he would have to do better work. Mrs. Lawrence, I said the wrong thing. I said, "Miss Adams, he does good work for his other teachers." She got up from her desk and cut the interview short. I am terribly upset as she is the kind of woman who will take out her spite at me on the child.

ANSWER: Maybe instead of brooding angrily over what you said, she is considering its value. She may be willing, if you approach her gain, to help make arrangements by which your youngster can improve his arithmetic marks. But you can't approach her again if you continue to scold yourself for saying the "wrong" thing.

Are you always so distrustful of what you say to other people? We often are if their admiration is essential to us. We have to brood over every word we've spoken to them lest it has conveyed any hint of criticism. If what we have said has in any way fallen short of perfect courtesy and appreciation, we will lose sleep over the terrible possibility of having offended them. Like you, we may even organize our own punishment at the hands of the person to whom we've said the "wrong" thing. Although we may be vaguely aware of this eagerness to find fault with ourselves, we regard it as "our special sensitivity" to the feelings of others.

Actually, it is not. It is our fear of appearing to be less agreeable, less irresistible than we think we ought to be. We worry over saying the "wrong" thing, not because we are genuinely sorry that we may have hurt the other fellow's feelings but because we hate any criticism ourselves — and are sure that the other fellow will hate us as we secretly resent anyone who presumes to criticize us.

It's time, I think that you learned to tolerate yourself as a human being who is as capable of saying the "wrong" thing at one time as she is capable of saying the "right" thing at another. For that's how it is with all of us. If you can recover from your obvious need to impress your child's teacher as an inoffensive and agreeable person, you will be able to ask her for another interview — and present yourself to her as a woman who is not concerned with her admiration but with the improvement of her child's arithmetic marks.

SPECIAL FOR CHRISTMAS

Unset diamonds

We have just received a shipment of unmounted diamonds, each one a gem of rare quality. This is a wonderful opportunity for you to save by buying your diamonds as the experts do, unmounted.

If you like, you can choose one of our lovely mountings or you can have the diamonds mounted in your own jewelry.

For the after-the-game blast with the gang, food and service are planned so teen-agers can run the show. Automatic aluminum percolators in the 30-cup size have been drafted for soup and cocoa service; the signs are cut from plastic tape in school colors. Family-sized electric griddle will maintain even heat while sandwiches are grilled. Muffin pan holds assorted relishes. Colorful mugs are inexpensive glass to save strain on good china.

King-Size Utensils Help Appease Teenage Group

By KAY SHERWOOD
Newspaper Enterprise Assn.

For the growing-up family where the latchstring is off for the high school crowd, large sized automatic utensils more than pay their way.

If you value the convenience of a 30-cup aluminum coffeemaker for buffet dinners, you'll appreciate it all the more when you are confronted with a herd of hungry teen-agers. Besides coffee, an automatic electric percolator can dispense hot cocoa, tea, consommé or bouillon.

To use your big electric percolator for other beverages, here are suggestions: Removes the basket assembly in the heat well since this unit will not be needed. Be sure to use only clear soup, such as consommé or bouillon. For soup, fill the perc with half the amount of cold water required for total number of cups to be made (for 20 cups, two and a half quarts of water; for 30 cups use three and three-quarter quarts of water). Plug into socket; when automatic signal light flashes, add condensed clear soup (for 20 cups,) add seven 10 1/2-oz. cans; for 30 cups, add 10 10 1/2-oz. cans).

To make the hot cocoa, heat up same number of cups of cold water as will be needed in total cups of cocoa. Four quarts of water will be needed for 20 cups of cocoa and five quarts for 30 cups. When signal light flashes, stir in instant sweet milk cocoa mix (seven and a half cups of mix for 30 servings). The beverages stay hot and are simple to serve in hefty mugs. The big family-sized electric aluminum grills are exceptionally handy for the speedy cooking and serving of the super-sandwiches, burgers, hot dogs etc., because the appliance maintains an even heat at a table. Inexperienced teen-age chefs can scorch ordinary utensils at the range without much effort.

For serving the multiple relishes and pickles that are essential to the teen-age sandwich, a six-cup aluminum muffin pan is handy. All the "trimmings" can be set out in one container which makes clean-up easier.

Guest Speakers Provide Study Course Program

Mrs. H. V. Wilks, city council P-TA Study Course chairman, opened the program by stating she was most impressed by having some of the finest speakers of Pampa for the program, which was held at the William B. Travis auditorium Thursday, Nov. 8 from 9 to 11 a.m.

Mrs. John Gentry, moderator for the group of speakers, was introduced by Mrs. Wilks.

"Know Your School" is the theme for the study course program this year. "Moral Responsibility of Parents to the School" was the topic for discussion at this session.

Mrs. F. J. Vendrell, member of the Texas Medical Society and mother of four children, spoke on "Mental and Physical Health." She stated that parents should teach good health habits, by yearly physicals. Teach the child what the doctor and nurse are like when not ill. The most important thing in a physical, is a good history. Be sure and keep up with immunizations. Another reason for routine examinations is "anemia" which may creep upon you. She stressed "accidents," in and out of the home and to caution children about putting things, in the mouth and crossing streets.

Five things to best describe the characteristics of good mental health are: the need to have sense of belonging, not day dreaming, adjustment with a group, self sufficiency, and experience of being needed.

Melvin Munn, who has traveled and lectured in 48 states and has been an officer in 35 national organizations, said that, "as parents, we are inclined to over protect our children, sometimes depriving them of the most important things. We should teach our children regular study habits which include: regular time for study, supervised study, and why, he is to study. We should also teach them the appreciation of discipline, responsibility and respect. Children like to be individuals, but like to be restrained. Make it easy for your children to talk with you and teach them to do "the best with what they have."

Mrs. Forrest Hills, registered nurse and mother of nine children, spoke on "Ambitious Parents." She stated that, "parents must exercise authority over their children and teach them the meaning of discipline. Authority and discipline to be tempered with "genuine love." When children get in trouble at school, back the teacher. Neither the home nor the school can do the whole job without the other. The two must cooperate.

Parents today push their children too soon. We do want our children to be liked, but most children are allowed to do everything too early, and then there is nothing left. Being a parent is touchy business and you can't be perfect."

Bob Parks, assistant principal of Robert E. Lee, said that, "teachers often think, if they are doing the right thing for children. The parent should get acquainted with the teacher, should show interest in the child's school work, promote good health habits, teach good citizenship, give good home environment, be willing to see discipline administered at school and join the local P-TA.

He then summed up by saying, "if the home and the school are working at cross purposes, there is only one result, a disturbed youngster. Good education takes place when the school and the home are working together." Mrs. Wilks closed by telling the group, the final meeting of the City Council Study Course will be Nov. 15 at Stephen F. Austin.

Study Club Meets With Mrs. Adams

WHEELER (Spl) — The 54 Study Club met Tuesday in the Home Economics cottage with Mrs. Carroll Adams as hostess. The members fastened their seats belts for the take off for Spain "Land of the Matador."

After the business was discussed the program was directed by the vice president, Mrs. Harvey Davis.

Mrs. George Weems, dressed in a beautiful Spanish costume gave "Life, in town and country in Spain."

Mrs. Harvey Davis dressed as a Spanish troubadour, gave the "Comparing Spanish and American Education."

The Club Collect closed the meeting.

Refreshments were served by Mrs. Adams to the following members, Mmes. Jud Johnson, Loyd Davidson, Cecil Denson, Carl LeVitt, George Weems, Isaac Carter, Harvey Davis, C. C. Crowder, Jim Montgomery, Leo Lamb, A. M. May, Joe Rogers and Fred Wood.

NEW! THE MOST COMFORTABLE, LIGHT-WEIGHT CASUALS EVER MADE FOR ALL DAY WEAR

Hush Puppies
BREATHIN' BRUSHED PIGSKIN CASUAL SHOES BY WOLVERINE

from **7.95—8.95**

Step lively through marketing and housework in new Hush Puppies. They breathe with your every step, and are specially "Huff-Cat" tanned to brush up like new, and to resist water, too. With crepe sole, steel shank support. A delightful selection of fashion-right colors. Girls' and women's sizes.

Smith's QUALITY SHOES
207 N. Cuyler MO 5-5321

ASK THE DESIGNER by gaile dugas

Dear Gaile: For several years I have paid little attention to fashion. Now, I find I have both the time and desire to make myself more attractive. I want very much to look and feel my age, which is 24. I lack self-confidence and grace. And I need your help. I am 5-foot-8 and weigh 118. My greatest problem is my 38-inch shoulders. Most dresses make them appear larger. I have a nice face but it appears older than my age. I have long brown hair and blue eyes. I usually wear a size 11. Please help me wear it as well as possible. A.W.

Dear A.W.: It is the opinion of designer Hannah Troy that first, you should gain some weight. When you've rounded out a bit, that nice face should go to a make-up expert. Be careful in your skin care, lukewarm water, mild soap and a nightly creaming. That long brown hair may need cutting and styling. Hannah Troy advises:

"Both your height and shoulder width are wonderful. You should be able to wear the great, casual American look beautifully. For your coloring, try the combination of royal blue and emerald green, perhaps in a tweed coat or suit. Have vivid reds, clear blues, really rich browns.

"Wear the classic American

Board Meeting At Canadian P-TA

CANADIAN (Spl) — The November meeting of the Canadian P-TA Executive Board was held Tuesday noon at Baker school with lunch at the cafeteria preceding the meeting.

Present were president, Mmes. Lawrence Pundt, Harry Haines, Ernie Davis, Jack Sutton, Franklin Ducher, and Creed Petree.

Plans were made for next Monday's P-TA meeting which will recognize National Education week and will feature a panel discussion by a student panel led by Mrs. A. S. Jackson.

Mrs. Pundt reminded the board members to vote and to maintain the privilege of voting by payment of their poll tax.

Workers to help in the Nov. 18, distribution of Sabin Oral Vaccine?

Mrs. Lois Lowe Is Special Guest For Rainbow Meeting

CANADIAN (Spl) — The Rainbow Girls met Monday evening at the Masonic Hall. Special guest for the evening was Mrs. Lois Lowe of Amarillo, Grand Visitor.

Rainbow girls present were Sue Wood, Nancy Garrison, Cynthia Morey, Linda and Jimmie Kay Ulom, Mary Rivers, Joyce Hoobler, Mary and Violet Howard, Janie Jackson, Sue Horton, Peggy McDaniel, Thoral Guthrie, Karen Longhofer, Carolyn Baker, and Laura Wheeler.

Others present were Mr. and Mrs. Lowe, Mrs. Edward Howard of Glazier, Arleigh Hoobler, Mr. and Mrs. Russell Shaw and Worthy Matron Mrs. Arleigh Hoobler. Refreshments were served by Marilyn Wood and Mary Rivers.

Preceding the meeting Mr. and Mrs. Lowe were guests at a covered dish supper at the Masonic Hall. Other present were Mr. and Mrs. Shaw, Mr. and Mrs. Hoobler, Mrs. Howard, and Mrs. Tom Masters.

President Presides At Theta Rho's Meeting

Mrs. Ovie Smith, president, presided at the Pampa Theta Rho's No. 18 meeting held at the I.O.O.F. Lodge Hall at 7:30 p.m. Nov. 6.

The following attended, Shirley Hollis, vice-president; Kay Stapleton, treasurer; Maudie Ownsby, chaplain; Jeanette McLain, Ann Coyle, Audre Taylor and Mrs. Nettie Mae Stapleton, advisory officer. Rebekahs present were Mmes. J. E. Smith and Robert Hollis.

Robert Hollis was introduced to the lodge as a visitor. Team practice was held following the meeting and it was announced that semi-formal initiation will be held Nov. 13.

The Panama Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the right of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings.

Subscription Rates: By carrier in Panama, 35c per week, \$4.50 per month, \$15.00 per 3 months, \$30.00 per 6 months, \$50.00 per year.

Some Head Rolling Is Due

Now that the applause following the President's forthright stand on Cuba has begun to subside, some questions about his previous inaction are beginning to ring loud and clear.

Nothing Kennedy has done since becoming President has been so universally popular as his standing up to Khrushchev.

But it was a case of the people leading the leader.

And that brings up a most conspicuous question: Why was the President so far behind the people, who were angry, embarrassed and finally frustrated when the Cuban military buildup continued and the administration seemed to have adopted the attitude of "Let's look the other way, and then it won't be there."

The Montgomery, Ala. businessman was exaggerating, but not very much, when he said, "Even the children around here have known for a year that Castro planned offensive moves."

When the Soviets first began sending in the implements of war, the White House campment put out the news that the administration was "watching" the situation.

As it continued, the people were told only "defensive" weapons were being brought in. "Defensive" or "offensive"—it made no real difference to the people.

Weapons were being assembled to keep in power a Communist dictator in the Western Hemisphere. The people never would accept the Castro regime as a permanent arrangement, and they were willing to watch and wait, confident that his own errors would be his ruin.

As it was known that a military buildup was underway, the mood was — Let's get rid of him while it's still easy.

The niceties of diplomacy, and world opinion and Latin American charges of Yankee interference were overshadowed by the national will to survive against communism.

If it isn't, then it has to be concluded that what was going on was known and ignored, which seems treasonous.

So as not to engender a completely helpless feeling about all this, we think it's best to assume that the facts were available, but the President was not informed about them or was properly informed but given such cockeyed advice about how to treat the situation that he was unable to think clearly.

To have any faith at all in the administration's ability to protect the nation against communism, we think this latter conclusion is necessary.

And if that is accepted, then there's another very pressing task ahead. And that is that the people again take the leadership and insist so forcibly that the President get rid of those "peaceful co-existence" boys around him that he'll have to do it.

They act as if they haven't yet taken out U.S. citizenship papers.

It's A Theory

Socialism isn't just a bunch of evil men; it is a non-productive economic theory which can be defeated with honesty and production.

What's Next Step On Cuba?

Although the President began with virtually unanimous support in the recent Cuban crisis, the public is now raising a multitude of questions.

Why did we wait so long to take any action?

Are we now willing to let Castro (meaning communism) stay in Cuba in exchange for removing the bases?

Do we have any plan in mind to bring an end to the Communist threat to the world? Or even to our own hemisphere?

Or do we intend to "co-exist" indefinitely, reacting only to specific Communist attacks, hoping that someday some miracle will destroy communism without our help?

The list of questions could go on, but these are indicative of the concern in the minds of many people today.

Why did the President suddenly change courses?

The explanation was that at last here was proof positive that the Russians were assembling nuclear missile launching bases 100 miles off the Florida Coast.

It had been known for some time that the Cubans had MIG fighter planes capable of carrying nuclear weapons to the U.S.

Since August the Cuban underground had been reporting that shipments of missile launching equipment, capable of sending nuclear bombs to the U.S., were being shipped to Cuba.

But this intelligence was either ignored or dismissed as exaggerations from an excitable people.

The administration refused to act until there were on hand actual pictures of missiles and launching sites.

This could very well have been too late, it could be yet.

And if we had to have pictures taken by U.S. pilots flying over Cuba before we knew that the threat existed, we can conclude either that:

—Our Intelligence is about the worst in the world, or —Intelligence supplied the correct information and it was ignored.

How could it be possible that an island so close to our shores and on which there are thousands of friends of the U.S. eagerly supplying us information could become such a peril to our existence without our knowing it until the missiles actually were pointing at the US?

This doesn't seem worthy of credibility.

If it isn't, then it has to be concluded that what was going on was known and ignored, which seems treasonous.

So as not to engender a completely helpless feeling about all this, we think it's best to assume that the facts were available, but the President was not informed about them or was properly informed but given such cockeyed advice about how to treat the situation that he was unable to think clearly.

To have any faith at all in the administration's ability to protect the nation against communism, we think this latter conclusion is necessary.

And if that is accepted, then there's another very pressing task ahead. And that is that the people again take the leadership and insist so forcibly that the President get rid of those "peaceful co-existence" boys around him that he'll have to do it.

They act as if they haven't yet taken out U.S. citizenship papers.

longs the day when it will collapse of its own weight.

2. We should certainly not be the paymaster for an agency that almost always works against us. We should withdraw from the United Nations until the UN is reorganized as other than a Soviet tool.

3. There must be a full Congressional investigation of the State Department — and those who have proven themselves incapable of making decisions in our national interest should be discharged.

Just these items would put the Soviets on the defensive for the first time — and would force them to devote their resources toward preventing rebellions at home.

We can not go on forever just reacting defensively to every Soviet move. Each encounter leaves us with a net loss.

The President did not lack for support when he put his foot down in the Cuban affair. But now the American people would like, we believe, to see a much-needed overhauling of our whole foreign policy.

It's time to start thinking ahead. Time to see to it that there will not be another "Cuban crisis."

Pull Up A Chair

By Neal O'Hara

The trading stamp wave has swamped the Greater New York markets. Practically every super-market, chain store, drug and bakery outlet, etc., has surrendered to the stamp craze, and what few advantages some merchants had have now been cancelled out.

Surveys show that these stamps of every conceivable color run as high as 4 per cent of sales. A. & P. was the last giant to sign with the stamp men. Competent observers say that there is no way out, except to pass on the cost to the consumers. With few exceptions, the stamp craze is epidemic in all parts of the United States.

The cruise ship industry is now one of the top money earners in the shipping field. Seventy-five per cent of all cruise ship business and revenue originates out of the port of New York.

Today's favorite gag: A mother, asked if she had yet made the long trip across the country to visit her son and his new wife, replied: "No, I've been waiting until they have their first baby."

"You don't want to spend the money for the trip until then?" said the friend. "No," the wise lady explained, "it's just that I have a theory that grandmas are more welcome than mothers-in-law."

It's not exactly an atomic bomb, but the carbon dioxide generated during the fermentation of champagne builds up as much as 100 pounds pressure per square inch inside the bottle.

Then there's the shrewd old postmaster in a New England village who runs a general store in conjunction with the P.O. Each day when he leaves the mail train, he posts a sign reading: "Back in 15 minutes. Already have been gone 10'."

In the Greater New York area, department stores and specialty shops presently have 175 suburban branches, and more are being built.

Thoughts while shaving: 1. "A picture is worth 10,000 words," goes an ancient Chinese proverb — or maybe it's only 1,000 words. But an advertising executive casts a skeptical eye on that notion when he asks, "Is one picture worth a thousand words? Maybe in Chinese. But what picture would replace the Gettysburg Address?"

2. And then there's the New York advertising agency which puts a new twist on that proverb. With relation to the advertising copy it produces, it has this slogan: "Pictures that say something. Words that picture something."

3. Then there's the housewife who looks at those colorful magazine advertisements of women pushing vacuum cleaners, polishing floors, or washing windows, with each happy housewife exclaiming, "It's fun to clean the modern way!"

Our housewife complains that fun is fun when you're playing canasta, relaxing in front of a TV screen, or attending a cocktail party — but it is positively no fun coking a meal, doing over the furniture, or bathing the baby — no matter what labor-saving devices are employed.

Thanksgiving was first proclaimed by Abraham Lincoln as the last Thursday in November. This was in 1863. In Canada, Thanksgiving Day is October 8, the second Monday of October.

When a few ancient Egyptians had learned to write, they developed papyrus upon which they could describe their thoughts and report the doings of the day and they became privileged persons.

Their special privileges extended to complete tax exemption, exemption from what we now call military service and from all forms of manual labor.

Writers and pictures outlined upon a wall of rock provided information for those who could travel to the spot and view the writings and pictures. Writing upon stone provided some degree of mobility to the written word but papyrus made it possible to spread the fame of rulers far and wide.

Scribes, enjoying special privileges, were naturally inclined to think kindly of the rulers who made the scribes privileged persons. The scribes wanted to hang on lightly to their privileges — they beat the drums for their rulers and bragged about the intelligence and beauty and benevolence of rulers until the rulers began to believe their own press agents. It is entirely possible that a few rulers believed the press agents to such a degree that they became benevolent and paternal with regard to their subjects instead of pursuing their normally tyrannical procedures.

The scribes worked diligently at recording activities, events, important births and deaths and thought of themselves as free men. They could record the facts, providing they did not kick those who gave them special privilege. They could become poetic and lyrical providing the rulers

were treated gently and kindly. They could report on the creation of a new tomb in which contemporary rulers would be enshrined providing they didn't complain about the number of slaves working on the job and forget to mention the graft and the deals made in the dark of the moon. They thought they were free.

The value and importance of the written word has never been denied even with scribes a dime a dozen. Honest historians always search for a dissenting opinion, a criticism of the powers that were. A man who will write in freedom may place his words in a bottle and bury the container hoping it will be found a few generations hence and provide a new lead from which the finder may search further for facts which will set the records of history straight, name the evil-doers and those who continued to fight for freedom.

I believe it was a poet who marked the fact that the fall of ancient Rome was achieved by her most illustrious sons. This line of thought leads to the realization that only those who are the most illustrious among the citizenry are in a position which enables them to wreck a once proud nation or an entire civilization. The poet-scribe placed in the record a vitally important fact; only those who have achieved great influence may place those who are the victims of that influence, in slavery or in their graves, with but a word.

The Doctor Says

Ask Questions If You Don't Know What Doctor Means

By DR. WAYNE BRANDSTADT

The only thing that is worse than making a mistake is not to correct it. One mistake many people make is not to be absolutely sure they understand what the doctor tells them. This may lead to consequences that are amusing or it may be very serious. It all comes about because people are afraid to show their ignorance.

The truth is that everyone, including the doctor, is ignorant about something. One day many years ago at a big league baseball game, a batter hit the ball and someone seated near me said that it was a Texas leaguer.

I had never heard this term before so I asked the man on my right what it meant. He gave me a withering look but since I was wearing my invisible armor, his look did not cut me to the quick. It merely glanced off.

I turned to the man on my left and repeated the question. This warm-hearted man told me what a Texas leaguer was. In that way I overcame one small area of ignorance. Incidentally I found out later that my dictionary, which I make it a firm rule never to take with me to the ball park, gave a definition of Texas leaguer.

Now when your doctor says that he is going to prescribe some suppositories to be administered by

insertion per anum at bedtime, the chances are that you will know exactly how to use them. But many a person who has been poorly instructed by his doctor has later complained that the suppositories were very hard to swallow whole and would it be all right to cut them up first.

If this or any other bit of medical advice for which you are paying has an unfamiliar ring or if you are not certain what it means, by all means stick your neck out and ask questions.

This will help to remind your doctor that terms which he knows may be new to you. This should make him a better doctor and you a healthier person.

Q—How does frozen custard or soft ice cream differ from regular ice cream?

A—The ingredients of frozen custard vary in different parts of the country but in general it contains more egg and less milk and milk fat than regular commercial ice cream.

Q—Can you explain why I get a burning sensation of the tongue and mouth? I have had this for the past two years.

A—I assume at the outset that I have not been eating ginger root or Tabasco sauce. Other causes include pernicious anemia and nervous disorders which would require a careful check-up by your doctor.

ANCIENT SCRIBES

Only a Few Dare to Be Dissenters

By GEORGE BOARDMAN, Ph. D.

When a few ancient Egyptians had learned to write, they developed papyrus upon which they could describe their thoughts and report the doings of the day and they became privileged persons.

Their special privileges extended to complete tax exemption, exemption from what we now call military service and from all forms of manual labor.

Writers and pictures outlined upon a wall of rock provided information for those who could travel to the spot and view the writings and pictures. Writing upon stone provided some degree of mobility to the written word but papyrus made it possible to spread the fame of rulers far and wide.

Scribes, enjoying special privileges, were naturally inclined to think kindly of the rulers who made the scribes privileged persons. The scribes wanted to hang on lightly to their privileges — they beat the drums for their rulers and bragged about the intelligence and beauty and benevolence of rulers until the rulers began to believe their own press agents. It is entirely possible that a few rulers believed the press agents to such a degree that they became benevolent and paternal with regard to their subjects instead of pursuing their normally tyrannical procedures.

The scribes worked diligently at recording activities, events, important births and deaths and thought of themselves as free men. They could record the facts, providing they did not kick those who gave them special privilege. They could become poetic and lyrical providing the rulers

were treated gently and kindly. They could report on the creation of a new tomb in which contemporary rulers would be enshrined providing they didn't complain about the number of slaves working on the job and forget to mention the graft and the deals made in the dark of the moon. They thought they were free.

The value and importance of the written word has never been denied even with scribes a dime a dozen. Honest historians always search for a dissenting opinion, a criticism of the powers that were. A man who will write in freedom may place his words in a bottle and bury the container hoping it will be found a few generations hence and provide a new lead from which the finder may search further for facts which will set the records of history straight, name the evil-doers and those who continued to fight for freedom.

I believe it was a poet who marked the fact that the fall of ancient Rome was achieved by her most illustrious sons. This line of thought leads to the realization that only those who are the most illustrious among the citizenry are in a position which enables them to wreck a once proud nation or an entire civilization. The poet-scribe placed in the record a vitally important fact; only those who have achieved great influence may place those who are the victims of that influence, in slavery or in their graves, with but a word.

And so it is today that scribes who jot down their thoughts and their observations are few in number — if the thoughts and observations

Wanna Bet?

ROBERT ALLEN

Allen-Scott Report

New Mexico Judge Criticizes Kennedy on Federal Bench Vacancy; 16 Judgeships Unfilled

PAUL SCOTT

WASHINGTON — A federal judge is doing some astonishing talking about the President and his brother, Attorney General Robert Kennedy.

District Judge Waldon Rogers, Albuquerque, N.M., has bluntly and caustically criticized the Kennedys for failing to fill a long-standing a logjamming vacancy on the federal bench in that state.

Rogers bitingly remarked this delay could lead to "justice by vigilantes."

The urgently-needed judgeship has been unfilled since last March. That was when Judge Carl Hatch, 72, one-time Democratic senator from New Mexico, retired because of poor health.

Despite a heavily crowded docket and a six weeks absence by Judge Rogers because of surgery, the months have gone by with the administration doing nothing about naming a successor to Hatch. There has been no explanation for this curious inaction. Inquiries at the White House and Justice Department have brought no answers.

This strange procrastination finally got under Judge Rogers' skin. Opening a session of his court, he exploded as follows:

"I am led to the conclusion that, consciously or unconsciously, the administration is attempting to give a note of stark realism to the brand new, grand New Frontier by abrogating a completely filled federal bench, and with dissatisfied members of this jurisdiction there might be effected justice by vigilantes."

"Long before now, there should have been appointed a permanent federal judge for this district. There are a number of men in the political party now in power who would make admirable federal judges for New Mexico. I won't name them; that might be the kiss of death. But I fail utterly to understand why they won't or can't make an appointment. Certainly they have had plenty of time to do so.

"In the meanwhile, I will do my best to avoid vigilante justice."

A one-time Republican state judge, Rogers was named to the federal bench by President Eisenhower. Rogers is noted for his outspokenness and sharp comments from the bench. Lawyers who practice before him are very circumspect in their attitude.

Another mysterious vacancy — No judge or anyone else has said anything about it publicly, but there also has been a long-unfilled federal judgeship in Massachusetts.

The reason for that is as explained as in New Mexico. One report circulating among politicians in Massachusetts is being "kept on ice" for Senator Benjamin Smith, classmate of the President who was named to his seat and is now relinquishing it to his 30-year-old brother, Teddy. How much there is to this inside tale remains to be seen.

Actually, there are 16 federal judgeships that the President and Attorney General Robert Kennedy have left dangling in the air for months — in most instances without apparent reason.

Since the President took office

22 months ago, he has had the opportunity to appoint 142 federal judges — 10 circuit and 132 district.

This is more than any other President in a comparable period. This total is approximately one-third of the entire federal judiciary, and is greater than all the federal judges named by Presidents Harding, Coolidge and Hoover.

There are now 409 federal judges, including the 16 mysteriously unfilled vacancies.

Of the 142 judgeships subject to President Kennedy's selection, 73 are new posts that the 1961 Congress created to cope with steadily soaring piles of cases. The other 69 vacancies arose from deaths and retirements.

With one exception, all of the President's judicial appointments were confirmed by the Senate.

The exception is former Virginia Governor J. Lindsay Almond, named to the Court of Customs and Patent Appeals. Owing to the opposition of powerful veteran Senator Harry Byrd, the Judiciary Committee took no action on Almond's nomination. It was left hanging on the vine.

Almond broke with Byrd over the school segregation issue, refusing to go along with the latter's "massive resistance" policy.

Several weeks ago, the President gave Almond a recess appointment. This will remain in effect until the new Senate considers the nomination. Should it again fail to do so, the President would have to serve without pay.

Of the 136 federal judges installed by President Kennedy, only 7 are Republicans, one is listed as a member of the Liberal Party, N.Y., and another "unaffiliated with any political party."

Five of the appointees are Negroes; two are women. One of the Negroes is Thurgood Marshall, former NAACP attorney, named to the second Circuit Court.

Average age of the Kennedy judicial appointees is 52.3 years. This is slightly below that of those named by President Eisenhower. The average age of the jurists appointed by him was 54 years.

POLITICALS — Attorney General Robert Kennedy has no political ambitions — according to his pet and chieftain, Mrs. Ethel Kennedy, asked by a group of women at a reception if she contemplates campaigning with her husband for political office, replied emphatically, "No. He has no plans to run for anything."

Representative Francis Walter, D-Pa., veteran chairman of the House Un-American Activities Committee who was re-elected, had an unusual financial problem in his campaign. It was what to do with all the contributions sent him without solicitation. Walter solved this unique dilemma by helping out needy colleagues. Both the Republican and Democratic National Committees already are planning a series of \$100-a-plate fund-raising dinners throughout the country, starting early in the New Year.

Paraguay crossword puzzle grid with clues and a list of answers to previous puzzles.

"KING OF KINGS" — Jeffrey Hunter and Sibban McKenna are pictured above in their respective roles of Jesus and Mary in the road-show attraction "King of Kings," currently at the Capri through Wednesday. Photographed in Technicolor the presentation unfolds a story of the life and times of Jesus. Other well knowns in the cast include Robert Ryan, Viveca Lindfors, Rip Torn and Rita Gam. Screening policy will be three performances daily.

Desi Quits His Job With Desilu

HOLLYWOOD (UPI)—Desi Arnaz resigned Thursday as president and director of Desilu Productions, and announced plans to sell his interest in the production company to his former wife, Lucille Ball, who was elected by directors to head the firm. Miss Ball will purchase the 300,350 shares of Desilu stock owned by Arnaz "at a price considerably in excess of the current market price," a company statement said. This will bring her total holdings in the company to 600,650 shares, or 52 per cent. No reason was given for Arnaz' resignation. Desilu now produces three television series, "The Lucy Show," "The Untouchables" and "Fair Exchange." Nine series for other companies are also produced at Desilu studios.

A FLICKER OF LAUGHS—No trouble in identifying the above, left to right, as Jayne Mansfield, Maurice Chevalier, Eleanor Parker and Mike Connors. They costar in "The Panic Button, an uproariously funny movie filmed in Rome.

Charge Dismissed Against Carney

NEW YORK (UPI)—A drunken driving charge against actor Art Carney was dismissed today in criminal court after Judge Maurice Downing ruled there was insufficient evidence. Carney, who is starring in the Broadway show "Take Her, She's Mine," was arrested Thursday night after his automobile slammed into the rear of a taxi driven by Edward Cherry. Cherry swore out a complaint against the actor but failed to show up for the case in night court and the case was carried over to today. This morning, Cherry testified about the accident and the court refused to admit the case. Carney was released. Carney, who did not appear in the show last night, said he did not know if he would perform tonight.

Rickenbacker Says Ex-Maj. Gen. Walker Is 'Political Prisoner'

KANSAS CITY, Mo. (UPI)—Capt. Eddie Rickenbacker said Thursday night the United Nations was a "catastrophe" and former Maj. Gen. Edwin A. Walker was a "political prisoner." The World War I flying ace termed the United Nations, "the worst of all the catastrophes that have hit the free world since the end of World War II."

"If we quit paying the major cost of keeping the U.N. going, it will collapse overnight," he said. Rickenbacker added that 94 of the 109 UN members were "in arrears in their payments." In his keynote address at the William Jewell College achievement day dinner, Rickenbacker charged that Gen. Walker is "the first purely political prisoner in the history of this country."

Christmas Seal Days Proclaimed AUSTIN (UPI)—Nov. 13-Dec. 24 will be "Christmas Seal Days" in Texas. Gov. Price Daniel announced Thursday. Daniel urged citizens to purchase the seals to fight tuberculosis. Despite modern drugs, Daniel said, 3,480 new cases of tuberculosis were reported in Texas last year. The governor also designated Nov. 12-22 as "Retarded Children's Week" and asked support for associations working to help

How To Succeed In Show Biz By Really Trying

By ERSKINE JOHNSON Hollywood Correspondent Newspaper Enterprise Assn. HOLLYWOOD (NEA)—How to succeed in show business by really trying. Write the behind-the-scenes story of a telefilm fiasco (a pilot that didn't sell) and sell it to Hollywood for a \$4 million movie comedy costarring Jayne Mansfield, Mike Connors, Maurice Chevalier and Eleanor Parker.

Filmmaking may be precarious these days but it's also open for the opportunist. Mike Connors who scored in television's "Light-ropes" series (and who told us the story) is grateful to Ron Gorton for solving his "in between" career dilemma — and the lesson in turning red ink into black. He plays a light breezy role in "Panic Button," the movie Gorton found in the ashes of television failure. "I kept telling people," handsome Mike explained, "that I should be playing light comedy roles somewhere between the age brackets of Gary Grant and Troy Donahue. Gorton gave me the chance and I'm grateful."

Mike is about to do another home screen series, "Turning Point," in which he plays a high school teacher-coach, but that's another story. What will may be the turning point in his film career is "Panic Button."

How Mike landed in the movie and how Gorton, a former television actor, happened to produce the film is our lesson today in how to be an opportunist.

It all started with Connors meeting Gorton when he was working as a television actor. Connors offered him a role in a movie he was planning to produce. The idea didn't jell. Connors was sorry and Gorton said he was sorry, too. He could have used the money.

"A couple of months later," as Mike tells it, "Gorton phoned and offered ME the lead in 'Panic Button.' I was astounded, but he had the money (from Seven Arts, an independent film company) and a big-time Warner Bros. release. He also had Jayne, Chevalier, and Miss Parker in his cast. "I read the script. It was great and I agreed to do the film, which we made in Rome this summer."

Then Gorton told him the story behind his idea for "Panic Button." Before becoming a television actor in Hollywood, Gorton had invested a lot of time and money filming a pilot reel for the home screens with a once well-known Hollywood male star. They went to Mexico City to shoot the film. What happened was disaster and a pilot reel as bad it never sold. Among other things, the Hollywood star went berserk on tequila and the company had both labor and technical problems. Well, Gorton decided, with tears in his eyes and a hole in his wallet, that it was rather funny—and he laughed all the way to a typewriter.

With the help of movie writer Hal Biller, he came up with "Panic Button," which Seven Arts agreed to finance with a Warner release. Unlike Gorton's sad experience in Mexico, it is the story of a telefilm pilot deliberately produced (in Italy) to lose money so an American gangster can write off \$30,000 on his income tax. After hearing Gorton's story, Mike grinned: "Ron, you should make a picture about every picture you produce."

Engineers Will Meet Tuesday In Borger Hotel

The Panhandle Section of the Society of Petroleum Engineers, AIME, will have its November meeting Tuesday at 7 p.m. in the Borger Hotel, it has been announced by Nate Turbo, chapter president. W. W. Titterton of Sand Springs, Okla., president and general manager of Corrosion Services, Inc. will be the guest speaker on the topic "Cathodic Protection in the Oil Patch." His discussion of cathodic protection for well casings, heaters, heat exchangers, salt water tanks and pipe lines will be illustrated with color slides. Following graduation from the University of Nebraska in 1934 with a Bachelor of Science degree in chemical engineering, Titterton initiated and handled the cathodic program for Northern Natural Gas Co. from 1935 to 1942. He then was employed as Research and Development Engineer for Dow Chemical Co. in charge of their cathodic program for the Texas Division until 1945. During this time, he was instrumental in developing magnesium anodes for commercial use and was a sales engineer for many Corrosion Short Course programs and written numerous papers on cathodic protection. Reservations for the dinner meeting may be made in Pampa with Ray E. Wilson, Schlumberger Well Survey Corp., MO 5-5791; in Amarillo with Paul Bennett, EV 3-2276 and in Borger with J. I. Hamilton, J. M. Huber Co.; BY 4-1331. The Petroleum Engineers Wives Society will meet at 10 a.m. Tuesday in the Gold Room of the Panhandle State Bank in Borger for a Brunch and Fashion Show presented under the direction of Mrs. Cal Shaw of Borger. PEW members planning to attend from Pampa should make reservations by Monday noon with Mrs. Bill Thiemes or Mrs. Paul Davis.

Pampan Ends 35th Year With Firm

Harvey J. Foreman, pulling unit operator in the production department for Sinclair Oil & Gas Company at Pampa, completed 35 years with the company November 8. He joined Sinclair in 1927 as a construction worker at Seminole, Okla. He later worked at Gainesville, Texas and Graham, before transferring to Pampa. Born in Indiana, he attended high school at Twin Hills, Okla., and studied mechanics with the International Correspondence School. Mr. and Mrs. Foreman, who reside at 1313 Terrace St. in Pampa, have three children, Bill Foreman, Fort Morgan, Colo.; Mrs. E. J. Bacak, Corpus Christi, Texas; and J. H. Foreman, Fort Worth, Texas. Foreman is a member of the Southern Baptist church and is a Master Mason.

CONNIE BURGER
... Gold Star Girl

County's Gold Star Boy, Girl Are Named

Outstanding honors for 4-H club work in Gray County go to Connie Burger and Andy Cole this year. They have been named Gold Star Girl and Gold Star Boy, respectively.

Connie is the daughter of Mr. and Mrs. Dean Burger who live in the vicinity of Lake McClellan, and is a member of the Grandview Community 4-H Club. She is in her fifth year of club work, and has done work in both foods and clothing each year. She has received two red ribbons and three blue ribbons for garments she has made, and modeled in the county dress revue she has entered. She helps with the meals, especially with those during harvest time. She is proficient in making yeast breads, cookies and cakes, and helps with the family canning and freezing of foods.

Miss Burger has exhibited products at the Tri-State Fair in Amarillo, where she received red ribbons for a dress and skirt. She has held the offices of president, secretary, and reporter in her 4-H club, and has been delegate to the County 4-H Council. She has received award pins in recognition of her work in Home Economics and Dress Revue.

Gold Star Boy is Andy Cole, 13-year-old 4-H member, and a vice-president of the Top O' Texas Community 4-H Club. In his three years of 4-H club membership his main project has been his swine. Young Cole has supplemented his pig business with milo and a veg-

etable garden as his other main projects. Andy has fed his milo to his pigs and shown an excellent profit in the complimentary enterprises.

Andy and Connie will be honored at a Gold Star Banquet for County Winners for District 1, Saturday, Nov. 17, at the Y.W.C.A. in Amarillo.

Texas Now Has 90 'Packaged' Hospitals Ready

AUSTIN (UPI)—If an enemy attack or there is a major natural disaster, Texas now has 90 "packaged" hospitals ready for use, the State Health Department said Wednesday.

Most units are located at least 15 miles from assumed strategic target areas. Each hospital cost \$21,000.

The hospitals are an outgrowth of mobile army hospitals tested and developed in the Korean War. They can be completely installed by 40 to 50 people in four or five hours.

Each unit is crated for instant shipment into stricken areas. The units have 200-bed facilities for three operating rooms, a pharmacy, x-ray service, clinical laboratory, sterilizing room, central supply room and electrical power supply.

OCEAN VOYAGE JUMPS

NEW YORK (UPI) — Things will be jumping today aboard the luxury liner Sylvania.

The Cunard Line said 12,000 frogs from Oshkosh, Wis., would sail for Cogh, Ireland to be used for medical research.

He Married Woman Since The Adoption Procedure Too Lengthy

SAN FRANCISCO (UPI) — George Henry Rowland took a bride Thursday—because there was too much "legal red tape" involved in adopting her as a daughter.

Howland, an 87-year-old retired municipal court clerk, and Adi A. von Frenzel, 52, were married in a simple but colorful ceremony by the groom's old friend, Superior Court Judge Carl H. Allen.

The bride's daughter, Greta, and Howland's best friend, 94-year-old Vincent Bond, were attendants for the happy couple.

Howland's first wife died two years ago, so he moved into a guest house operated by Mrs. Von Frenzel.

"I always wanted a daughter," he said. "Then I met Adi I decided I wanted to adopt her—but there was too much legal red tape so I married her instead."

The best man, Bond, was so enthusiastic over the ceremony that he said he might change his mind about proposing to his 94-year-old steady "girl friend."

"I really didn't want to marry anybody so much older than I am," chuckled Bond, "but I liked this wedding—very much—and I

might take a chance myself." The new Mrs. Howland, who was born in Austria, said she and her husband would postpone their honeymoon trip to Europe until late next spring.

"Europe in the winter will be too cold for my husband's feet," she said.

Bill Would Move General Election Date Closer To First 2 Primaries

AUSTIN (UPI) — Rep. Howard Green of Fort Worth has said he will introduce a bill to the legislature to move the dates of primary elections closer to the November general elections.

Green said he would propose moving the primary dates to the first Saturdays in August and September.

Many candidates, including governor-elect John Connally, complained about the time lapse from the May first primary to the general election.

"In most counties throughout Texas future general elections will see contested races from the per-

Murchisons In Control Of Kirby

HOUSTON (UPI)—The moneyed Murchisons of Texas, who went through a wild proxy fight with eastern industrialist Allen Kirby and won, today controlled the board of directors of the Kirby Petroleum Co.

All 11 board of directors candidates controlled by the Murchison's won re-election Thursday over a seven-man slate offered by dissident stockholders.

Bill Would Move General Election Date Closer To First 2 Primaries

... to the statewide level," Green said.

"The two-party system mis with us,"

"Under the present provisions for primary elections, campaigns for public office would last 10 months," he said.

Green's proposition would put the first primary two months and the second primary only one month before the general election.

Green is a member of a legislative committee to study election laws, and said he had talked to many members of the House and Senate about changing the primary dates. Most members favor such a change, he said.

Kilgore Wants Post Defeated Rutherford Had

WASHINGTON (UPI)— Democratic Rep. Joe Kilgore of McAllen, Tex., will probably make a strong bid to replace defeated Rep. J. T. Rutherford on the powerful House Armed Services Committee when Congress convenes in January.

Rutherford, of Odessa, also a Democrat, lost to Republican Ed Foreman in Tuesday's general election.

Capitol Hill sources told United Press International Kilgore probably will kick off an active campaign for the post in the near future.

It is well known to fellow members of the Texas congressional delegation that Kilgore wants the post, though he has made no move in his behalf.

Kilgore, a World War II veteran with a distinguished military record, has several things in his favor. Texas traditionally has had two members on the committee because of its large number of military installations.

Secondly, is Kilgore's war record and his present status as a senior Air Force reserve colonel.

The other Texan currently on the committee is Rep. O. C. Fisher, D-Tex. Rutherford replaced former Rep. Paul Kilday of San Antonio for the second Texas slot. Kilgore saw service from July 1941 as a bomber pilot flying in the Middle East and with the Ninth Air Force.

He will begin his 1963 tour of active duty Nov. 30. In addition to the usual Pentagon briefings, Kilgore will make a tour of Air Force installations this year.

Kilgore now serves on the interstate and foreign commerce and the government operations committees. If appointed to Armed Services, he will have to give up at least one of them, and possibly both.

TRIMS CHURCH SERVICE

SPALDING, England (UPI) — The Rev. Graham Jakeham said today attendance at his church has picked up marvelously since he did a little modernizing. He streamlined his services from 65 to 87 minutes.

BESTFORM WEEK AT LEVINE'S
