## KING MAY ABDICATE THURSDAY

Here Is Caress And Her 13 Pups

Remember the dog who last summer waylaid a would-be burglar at the home of her mistress, Mrs. Violet Gher? Well, here is Caress, Great Dane, and her new family. The upper picture shows the lively pouches lapping up milk in a trough in their basement home. The lower picture shows 13 puppies trying to feed at about half as many "feed bags." Originally there were 14 pups but one died. Left to right in the lower picture the little Great Danes are as follows: Blitz Boyd, Queen Pache, Texas Girl, Lady Jill, Queen Wally, Queen Letty, Lady Princess, Sunny South Axel, Gentleman Jack, Bo Black, Toga, Tar Baby, Buddy of Sunny South. That wild look in Caress' eye is simply a warning not to come up any closer.

## Edward Battles Baldwin

(Editors Note: Frank H. King, chief of the London bureau of the Associated Press, telephoned tonight to New York his behind-the-scenes picture of the British empire crisis. His call was not through to T. F. Hawkins at the Associated Press desk at 1 P. M. EST—9 P. M. London time.)

LONDON, Dec. 5 (AP)—By Transatlantic Telephone to New York—A showdown is expected Monday on Edward's wish to wed Wallis Simpson and England tensely is awaiting the outcome.

It's a personal battle between Baldwin and the king. There is a basic difference in viewpoint between them.

A close friend of both has begun efforts to make a compromise between them. But it appears now that the effort will be too late.

The king has resented all along Baldwin's attitude toward the whole affair. They have never hit it off any too well.

Baldwin is the epitome of tradition in the empire.

Edward is as streamlined in thought as the modern motor car which right now is speeding his sweetheart across France.

Incidentally, few people in England know Mrs. Simpson has left England. The papers aren't touching it.

While I'm talking, Hancock (Witt Hancock of the London office just telephoned in that Baldwin is back in Downing street. He's just returned from an audience with the king.

The cabinet is going to meet tomorrow afternoon, but it won't be an official gathering. The big decision will come Monday. I feel sure.

Probably the biggest development today was Lord Rothermere's story in the Evening News and Lord Beaverbrook's support of the king. (Both publishers indicated today their opposition to any efforts to force the king to abdicate quickly if he persisted in his intention to marry Mrs. Simpson.)

Churchill's appeal to give the king time to make his decision will have a lot of weight, too.

But Baldwin still is the master of Westminster.

Whatever happens, there is bound to be a great public reaction one way or the other.

What I said this morning still stands—the only definite decision is that the king is bound he will marry Mrs. Simpson but whether he will give up his throne no one can say now.

That's all for now. We've got a busy hour ahead. Good night.

Mr. and Mrs. Ira Pearson are the parents of a daughter, born at Worley hospital Friday night.

## Big Crowd Expected For Mass Meeting

Another large crowd is expected Tuesday night, Dec. 8, at the high school cafeteria in the Red school building on the campus, when another of a series of meetings to interest adults in boys' social activities will be held.

Dr. M. C. Overton, local physician, will be the principal speaker. Supt. R. B. Fisher will preside. At the first meeting, a capacity crowd heard the Rev. J. H. Boles of Tulsa give an inspiring address on the Boy Scout organization and how it functions. Dr. Overton will discuss personal hygiene in the light of Scouting. A meal will not be served.

Haskell Maguire offering a certain young man about town the privilege of having him as best man for a certain forthcoming event. The offer was declined because the certain young man said he was going to be the best man when the time arrived.

# BLOODSTAINED ARTICLES SENT FROM KING RANCH

## FIRST BREAK IN MAN HUNT IS REPORTED

COAT AND CANVAS ARE  
TURNED IN BY  
RANGERS

AUSTIN, Dec. 5 (AP)—M. T. "Lone Wolf" Gonzaulus of the Texas Public Safety Department revealed today the finding of bloodstains on articles sent in from the area where the San Perilita hunters, Luther and John Blanton, disappeared.

The tight-lipped former ranger added, however, that another test to determine whether the stains were human or animal blood would not be completed until Monday.

The articles sent to Austin, he said, were a man's coat and a piece of lightweight canvas about eight feet square. Both were stained. Gonzaulus would not say where they were found other than "in the San Perilita area." He said they were sent here by "the rangers."

Menwhile, actual search in the forbidden hunting preserve north of San Perilita was at a complete standstill. The last officer-led posse had returned empty handed and citizens, despairing of ever seeing the Blantons alive again, were inactive.

There had been a report that some men from Italy were coming to San Perilita to start a new hunt for the Blantons but they failed to arrive and the Blanton family said they had wired them not to come. The Blantons said it would only be a waste of time and money for the Rangers to make the trip.

More than a week ago Ranger Captain Bill McMurray said that the Blantons had been slain and that their bodies would not be found on the ranch. He intimated they had

## BOY RUN OVER BY CAR, HURT

CHARLES SHOWERS HAS  
SEVERAL FRACTURED  
RIBS

Little Charles Showers, 9-year old son of Mr. and Mrs. H. Charles Showers, sr., and cousin of Roy Showers, Harvester football star, can "take it." The little fellow was run over by a car yesterday morning after the Santa Day parade and suffered only three or four fractured ribs.

The accident happened at the corner of Cuyler- and Francis-ave. Police investigating have been unable to locate any eye-witnesses. The car which ran over the child was driven by Roy Sewell with Wesley Lewis as passenger, police said.

The two men told officers that they had stopped behind the truck carrying Santa Claus in the parade. When the truck moved on, Sewell started his car. Suddenly he felt the front wheel rise and heard a scream. Carl Benefield, who was nearby, rushed the child to Pampa-Jarratt hospital where x-ray pictures revealed only fractured ribs.

The front wheel of the car passed over the child's abdomen and lower portion of the chest. Last night Charles was able to be taken to his home.

Mr. Showers is with the Southern Exploration company and resides on the company lease west of Pampa.

## Wheat Crop Is Benefitted By Half-Inch Rain

Slow Downpour Here  
Continues For  
18 Hours

Jupiter Pluvius, on one of his rare fall visits to Pampa and the Panhandle, turned in a million-dollar, half-inch rain Friday night and Saturday morning and then did a hurried fade-out and gave the stage back to Old Sol promptly at 1 p. m. Saturday.

A steady downpour of rain which got under way Friday night fell throughout Saturday forenoon, putting somewhat of a dampener on Pampa's annual Santa Day parade.

The rain fell intermittently as the pageant moved through downtown streets shortly after 11 o'clock and then when the floats had been put away and the marchers had left the street, the sun peeped through, skies cleared and the day turned into a

## People You Know

By ARCHER FULLINGER

A 9-year old boy tiptoed and stretched to talk into the telephone. "Mother, kin I go see Tarzan Escapes? I'd ruther see it than the Rex..."

And so it was for all the children who find in Tarzan their most thrilling avenue of "escape" from spinach-castor-oil-go-to-school-wash-your-ears routine (adults also struggle for escape!) And when they came out of the show they wished they could go home swinging from grape vines from tree to tree (one boy still points out the trees near LeFors where he played Tarzan and got his clothes torn off and his skin scratched), or could talk to an elephant, or an ape, or even a dog, and be sure that they were understood!

## MERGING OF METHODIST CHURCHES IS APPROVED

COLUMBUS, O., Dec. 5 (AP)—A program of merging three great Methodist churches into one of the world's largest—if not the largest—protestant bodies moved steadily today toward consummation, with annual and lay conferences of the Methodist Episcopal church voting overwhelmingly for the plan.

Launched at a quadrennial conference of the Methodist Episcopal church here last May, the plan on union would merge the Methodist Episcopal, the Methodist Episcopal, South, and the Methodist Protestant churches into one, with a total membership of 7,213,000.

Dr. John M. Arters, of Bangor, Me., secretary of the quadrennial conference, said in voting so far only two of 55 conferences rejected it. Two thirds of the church's units must ratify the program.

Only the conferences of Texas and West Texas have voted against the merger, he said.

The remaining conferences will vote between now and June 1, 1937.

## SHIP OWNERS SATIRIZED

SAN FRANCISCO, Dec. 5 (AP)—Poets satirizing shipowners attracted major attention of spectators today as 25,000 striking maritime workers and members of their families paraded up Market street.

The parade was led by 200 International longshoremen veterans, 200 women and 70 children, followed by floats and bands interspersed by the marching strikers.

## Rebels Kill More Spaniards in Raid

MADRID, Dec. 5—A Fascist aerial bomb wrecked an occupied house near the American embassy today in a raid apparently aimed at razing an entire section of Madrid not half a mile from the U. S. official building.

At least a score of Madrilenos were killed in the second raid in as many days.

Inhabitants of a house in Gloria de Quevedo were buried, dead or alive, in the splintered debris of their home, struck directly by an explosive bomb.

The government, concerned with interior as well as exterior defense of Madrid, announced that 345 men and 185 women, all Spanish refugees, were arrested in a raid on a Fernando Ealsanto street house over which flew the Finnish flag.

## Blaze Damages Post Office Station Here

Quick action by the Pampa fire department last night at 11 o'clock probably averted a terrific explosion and damage to life and property when they answered an alarm to the Post Office Service station at the corner of Ballard and Atchison streets.

When the firemen arrived, gasoline surrounding the station, the interior of the station and gasoline in two pumps were burning fiercely. A truck from which gasoline was being drained into ground storage was threatened as was the underground storage tanks of several hundred gallon capacity.

The firemen immediately strung lines of hose and soaked the ground around the truck and underground storage before capping the tank and moving the truck. Then they pumped water and chemical on the station and pumps.

Jack Baucum, operator of the station, and two men were unloading the gasoline. The tank either overflowed or the intake became clogged and gasoline poured over the ground and in the station where it ignited from a gas fire, Chief Ben White believes. Damage was not estimated.

## MARIE NOT WORRIED

SYDNEY, Australia, Dec. 5 (AP)—Queen-Mother Marie of Rumania counseled the British empire to rely on King Edward, her second cousin, in a telephonic interview from Bucharest printed today in the Sydney Sun. "Let the empire keep steady and the king will do the right thing, for he's an Englishman," Marie said. "I know what the empire means for, remember, I was an Englishwoman."

# POPE PIUS IS PARALYZED

## HOLY FATHER IS UNABLE TO USE HIS LEGS

VATICAN CITY, Dec. 6 (AP)—Pope Pius XI drifted into a troubled sleep early today, suffering pain from a blood clot on his left leg and with both lower limbs partially paralyzed.

Relatives who visited Vatican City said, however, they were assured his condition was not alarming.

Information issued by the Vatican tended to minimize the seriousness of the pontiff's illness—the first serious trouble he has had since he became pope Feb. 6, 1922—but his intimates said they recognized his 79 years enfeebled him.

Partial paralysis of the lower limbs confined Pius XI today to his first day in bed since he became pope, but the holy father insisted on using his keen mind and unimpaired arms to carry on the duties of his church.

Serenely confident that God's will would permit him to rise shortly, the 79-year old pontiff nevertheless resigned himself even to death should it come.

"I am in the hands of God," a high prelate quoted the pope.

Whereupon, he summoned his assistants and took up "with complete good cheer" the work of the day, dictating and signing letters from his bed, determined to carry on performing many of his duties and his refusal to allow performance of a small blood-letting operation caused pre-occupied Vatican officials to summon a specialist, Father Ogotino Gemelli, from Milan.

His valet, Malvestiti, was the first to discover the pontiff's affliction when he went to assist him with his vestments in the early morning.

Vatican physicians were summoned and found the pontiff barely able to stir the left leg. Later, they noticed heaviness of the limbs had spread to the right leg.

In a preliminary diagnosis, they said his condition was aggravated also by a combination of arterio sclerosis and high blood pressure. Official notices called his illness "a slight disturbance."

The sovereign of 300,000 Catholics declined a blood letting operation to relieve the blood pressure.

The pontiff had a message prepared to cardinals, archbishops and other church prelates awaiting him for today's final ceremonial after a week of spiritual exercises.

## 2nd Siamese Twin Follows Brother

NEW YORK, Dec. 5 (AP)—Simplicio Godino, 29-year-old "Siamese twin," died at York hospital tonight at 10:20 (EST), hospital officials said.

Godino, who was surgically severed from his Philippine brother, Lucio, after the latter died of rheumatic fever Nov. 24, had been recovering rapidly until 24 hours ago, when, doctors disclosed tonight, he took a turn for the worse.

They declined to state the cause of death, but his ailment had been reported by doctors earlier in the evening as cerebro-spinal meningitis.

The twins, both married vaudeville performers, entered the hospital Nov. 17, when Lucio was taken ill with an ailment diagnosed as pneumonia.

## PERMITS HERE TOTAL \$39,000

TOTAL FOR YEAR HITS  
\$451,378 MARK  
THIS WEEK

Building permits in Pampa for the year neared the half million mark last week when Inspector J. R. McKinley issued \$39,300 in permits for new buildings. Total for the year reached \$451,387.

The largest permit was issued to the Central Baptist church which will have a new \$30,000 structure when its building program is completed. The structure will face on the corner of Francis Avenue and North Starweather street, facing Francis avenue.

A. T. Case yesterday took out a permit for construction of a \$5,000 home at the corner of Georgia avenue and Duncan street, facing on Central park. Mr. Case will be in charge of construction.

A permit was issued during the week to H. J. Davis for construction of a \$1,000 residence in the 800 block on North Cuyler street. A. R. Randolph will be in charge of the work.

A. J. Dickerson will construct a \$1,000 residence in the Wilcox addition. Jim Libby will be the contractor.

## GOOD FELLOW PLAN TO BE SPONSORED IN CITY

Several plans to help the needy have been mapped today.

One will be discussed tomorrow noon when a mass meeting will be held at the Schneider hotel tomorrow noon. Luncheon will be served at the meeting. Plates will be 50 cents each. The meeting will be open to the public. A committee of seven, which will be in charge of the plan, should be made, will ask the assembled group to decide upon a method of distributing funds, clothing and commodities.

Another plan to bring Christmas cheer to needy Pampans was announced yesterday by the American Legion. The Good Fellow method of sending Christmas baskets to families will be sponsored by the Legion. Next week names of such families will be issued from a desk in the city hall, to generous Pampans. The county relief office is cooperating with the Legion, Charlie Maisel, commander said.

Friday, several boxes of toys for less-chance children were received at the La Nora theater. These toys will be turned over to Santa Claus for distribution.

## KILLED IN WRECK

ODESSA, Dec. 5 (AP)—Leon Likes, 26, was killed and his brother, Clifford, and several others were injured near here late last night when the Likes car crashed into another parked at the roadside for repairs to the headlights.

## I Saw...

At the high school carnival: pictures of all the Harvester football team, taken when they were babies... Morgan and Ayer at their doll rack exercising fog-horn voices that would make Centennial midway spellers jealous... Topsy Reynolds inveigling suckers into his weight-guessing booth... Winston Savage's chorus "girls," bony-legged high school boys. Numerous uppity-ups falling for this corner's line of phony fortune-telling which netted around \$4... Hello suckers! It was the best carnival in a month of Sundays!

### CHRISTIAN SCIENCE LECTURE IS DELIVERED BY JUDGE GREENE

A Christian Science lecture was delivered in city hall auditorium Friday night by Judge Samuel W. Greene, O. S. B., of Chicago, Ill. Judge Greene spoke under auspices of the First Church of Christ, Scientist, and was introduced by John Lawler. His topic was "Christian Science, The Religion of Spiritual Light."

In part, Judge Greene said: "The desire for light is universal. According to the record of the book of Genesis, God's first edict is, 'Let there be light.' In the unfolding of that spiritual light as provided by God, creation is made manifest by the seeing eye, as is indicated in the following statement from the Christian Science textbook, 'Science and Health with Key to the Scriptures' by Mary Baker Eddy, the discoverer and founder of Christian Science (p. 504): 'Genesis 1:5. And God called the light Day, and the darkness He called Night. And the evening and the morning were the first day. All questions as to the divine creation being both spiritual and material are answered in the passage, for though solar beams are not yet included in the record of creation, still there is light. This light is not from the sun or from volcanic flames, but it is the revelation of truth and of spiritual ideas. This also shows that there is no place

where God's light is not seen, since Truth, Life, and Love fill immensity and are ever-present. Was not this a revelation instead of a creation? Thus, in clear, confident, courageous words, the student and thinker is invited to see creation as spiritual and not material. This is the spiritual light that pervades the teachings of Christian Science, lifting thought from its limited confines of materialism to the boundless expanse of spiritual being. The woes and burdens of mankind are the result of erroneous thinking, engendered and imposed by the false assumptions that real creation is material. God.

The teaching of Christian Science concerning God is perhaps more easily understood than some other of its teachings. Christian Science assumes, in accordance with the inspired word of the Bible, that God is the creator of all that really exists. It teaches, according to the gospel of John, that 'All things were made by him (God); and without him was not any thing made that was made.' In accordance with various passages of the Bible, Christian Science defines God as Mind, Spirit, Soul, Principle, Life, Truth, and Love.

One distinction between the orthodox concept of God and that of Christian Science is, that while the former accepts both good and evil as emanating from God, Christian Science shows that since God is good—infinite good—He could not create nor permit nor be conscious of anything but good—but that which is the result of His own creation. God being Mind or Spirit, all that is created by Him must be like Him, and is therefore mental or spiritual. The human thought has been prone to think in terms of matter that it at first rebels at the thought of an entire spiritual creation, and consoles itself in its material theories by citing the beauties and glories of matter. But if we continue to bear in thought that God is Mind, Spirit, we shall be compelled, by reason of spiritual light, to behold a spiritual creation, perfect, harmonious, and unrelated to matter.

Condition of Mrs. Ed Manning and Mrs. R. W. Nelson, injured in two different automobile accidents last week, was greatly improved at Worley hospital yesterday.

W. D. Ivey was admitted to Pampa-Jarratt hospital yesterday.

### RUSSIA GIVEN RIGHT TO DECLARE WAR IN CASES OF NECESSITY

MOSCOW, Dec. 5 (AP)—Soviet Russia bolstered her military alliance with France today as the all-union congress of Soviets gave final approval to a new constitution which authorized the government to declare war "in case of necessity."

Among the sweeping governmental and social changes provided for in the new charter were creation of a two-house parliament to be elected by equal and direct popular vote and protection of private property already held.

Informed persons, pointing to the fact the original draft of the constitution permitted a declaration of war only in the event of "an armed attack against the U. S. S. R.," said revisions which the congress approved would give new force to the Franco-Soviet agreement for mutual aid.

They also interpreted it as a strong answer to the recent agreement between Germany and Japan to fight communism.

The 2,016 delegates to the all-union congress—meeting for the last time before abolition of the group under the new charter—cheered and sang the "Internationale" immediately after the constitution was adopted unanimously by a show of their car cards.

### GOOD NEIGHBOR POLICY URGED AT CONFERENCE

#### 8 Pillars of Peace Are Outlined by Hull

BUENOS AIRES, Dec. 5 (AP)—The United States urged cooperative organization for peace and Brazil promised full support of President Roosevelt's "good neighbor" policy at the second plenary session of the Inter-American peace conference today.

United States Secretary of State Cordell Hull, one of the 21 delegation chiefs to outline national policies, proposed an eight-point program to maintain American peace and, by example, help avert strife abroad, where, he said, "statesmen are shouting threats of war."

"I proclaim Brazil's full solidarity with the good neighbor policy," "The great perturbing forces in international society," he asserted, "are the alarming antagonism in the economic field and the financial oppression of certain peoples."

Secretary Hull asserted peace and prosperity rest upon "eight pillars of peace":

1. International quiet and education.
2. Frequent international conferences.
3. Swift ratification of existing peace pacts.
4. Adoption of a common neutrality policy.
5. Fair and equal commercial policies.
6. Practical international cooperation.
7. Strengthening of international law.
8. Faithful observance of the sanctity of treaties.

Disputes over technical questions jammed the machinery of the committee on organization of peace, the most important subdivision of the parity, and the committee on intellectual cooperation.

J. P. McKenna was taken to his home from Pampa-Jarratt hospital yesterday.

John Hutchinson was able to leave Pampa-Jarratt hospital yesterday following a critical attack of pneumonia.

### GENE WORLEY INSPECTS COLLEGE AND CANYON

CANYON, Dec. 5 — Representative Eugene Worley of the 122nd District was guest of the West Texas State Teachers College Thursday.

Mr. Worley and other members of the legislative party spent the afternoon inspecting the 270 acre plant of the college and viewing Palo Duro State Park which is only 12 miles from the campus. The day ended with a dinner at Cousins Hall at which girls who lived in the hall furnished the entertainment features.

Representative Worley was introduced by President J. A. Hill. There were 73 students enrolled in the college from the counties which Mr. Worley represents in the Texas Legislature.

### LOCAL EXPRESS OFFICE IS BEING REMODELED

E. H. Stevens, superintendent of the southwestern division of the Railway express, is in Pampa for a few days supervising the remodeling of the interior of the local express office in the Santa Fe depot. The change will be completed in time to handle the Christmas rush which is expected to be greater than ever before.

One of the regular drivers here, F. M. Collins, is temporarily acting as agent in the Southwest Kansas division. During his absence, Homer Wilson is driving the truck.

### DEADLINE IS EXTENDED UNTIL TUESDAY NIGHT

Because of inclement weather the latter part of last week, the deadline for registering employe applications for number under the Social Security Act has been extended from yesterday to Tuesday evening. Postmaster C. H. Walker announced yesterday.

All applications must be at the postoffice by that hour. No further extension of time will be given. Most of the cards received have been filed and numbers mailed.

### ONE KILLED AND FOUR INJURED NEAR DENTON

DENTON, Dec. 5, (P)—An Oklahoma woman was killed and four persons were injured seriously when two cars collided head-on on a fog-clouded highway near here tonight.

Dead was Mrs. W. F. Rippeote, 25, Oklahoma City. Her husband was seriously injured. Others injured were Harold G. Johnson, 18, and his brother C. B. Johnson, 20, both of Bartonville, Denton county; and Alex and Neal Wilkerson, brothers, also of Bartonville.

All are in a hospital here. Rippeote was unconscious with a fractured skull. Mr. and Mrs. Rippeote were en route to Handley to visit her father.

Mrs. B. M. Montgomery returned yesterday from Dallas where she underwent medical treatment for two weeks.

SMOTHERS TO DEATH GREENVILLE, Dec. 5, (P)—C. D. Phelps, 60, seed house employe, smothered to death beneath several tons of cottonseed. He was feeding a conveyor when the seed caved in. J. H. Fryer, plant superintendent, noticed the seed fallen to come through into the main plant, and investigated. He found Phelps' body.

# 5 DECISIONS MAY BE GIVEN BY HIGH COURT

## NEW DEAL ISSUES MAY BE DECIDED ON MONDAY

WASHINGTON, Dec. 5 (AP)—Five disputes involving new deal legislation—a record number for any one time—may be decided Monday by the Supreme Court.

The controversies involve: 1. Whether PWA can provide money for publicly owned hydro-electric projects. The Duke Power company is attempting to halt a project at Buzzard Roost, S. C. 2. The right of congress to authorize President Roosevelt to impose an embargo on sale of munitions for the recent Chaco war between Bolivia and Paraguay. The government contends its neutrality legislation is at stake. 3. Whether the government can postpone decisions of lower courts on constitutionality of the public utility holding company act until the Supreme Court rules on a test case it has brought against the Electric Bond and Share company. 4. Constitutionality of the Ashurst-Sumners act forbidding transportation of prison made goods into states that prohibit their sale, and requiring that the products be labeled as convict-manufactured. 5. Constitutionality of the 50 per cent tax on profits made by silver dealers during passage of the 1934 silver purchase act.

Should the decisions of lower courts be affirmed by tie-votes—as was done November 23 in upholding the New York unemployment insurance act, the government would win the PWA and prison goods cases, lose the others.

# 500 FROM 18 CITIES ENJOY SQUARE DANCE

Nearly 500 young and old timers of 18 Panhandle cities invaded Pampa last night for the second square dance sponsored by the Panhandle Centennial committee in the High school gymnasium. From 7 o'clock until midnight Homer Ratliff and his orchestra, assisted by a "banjo-pickin'" expert named Roden of Amarillo, played every old dance melody in the books.

The weather held no terror for residents who registered from Spearman, Perryton, Plemmons, Berger, Blinnett, Amarillo, Panhandle, White Deer, Miami, Canadian, Wheeler, Shamrock, Mobeetie, Clarendon, McLean, LeFors, Claude and maybe from other places.

Pampans played host to the visitors and saw that they had a big evening. Spectators were numerous as the dancers floated over the floor in the Schottische, squared, old shoes, polka and other favorites of years ago which are being revived.

# SPECIAL SESSION IS CALLED BY TINGLEY

SANTA FE, N. M., Dec. 5 (AP)—Governor Clyde Tingley, declaring an emergency exists, today called the twelfth legislative session of New Mexico into special session here December 14 to consider an unemployment insurance law.

The move was made by the governor in an effort to "retain some of the \$380,000 in revenue to the state under the social security act." The governor said the proposed law had been drawn up and will be submitted to Washington for the approval of the social security board.

play the contest at Harvester Park at 3 p. m. next Tuesday. Saturday night's program was comprised of the Old Time Dance at the High school gymnasium and the Hollywood premiere and stage show at the LaNora theater. John Sturgeon acted as master of ceremonies for the premiere program which was broadcast by KPDD on the air last night until 10:30 o'clock through special permission of the Federal Communications Commission.

At the conclusion of yesterday morning's Santa Claus pageant free candy was distributed to children at the high school gymnasium.

A. J. Johnson, general chairman of the Santa Day program, on behalf of the Junior Chamber of Commerce, issued a statement last night in which he thanked all those who participated in the arrangements for the day and also those who came to Pampa and contributed to the success of the annual event.

## DEATH WINS OVER AIDS TO MEDICAL SCIENCE

TULSA, Okla., Dec. 5 (AP)—Death won today over the latest aids to medical science in the fight to save golden-haired Elmer Cook, Jr., 11, of Fort Smith, Ark., from paralysis of his respiratory organs.

The boy, encased in the lately-installed "iron lung" at St. John's hospital, died this morning after a slight heart attack.

Death came suddenly. During the past 48 hours, the house physician said, he had seemed a little stronger following a blood transfusion.

His respirator organs paralyzed, the boy was unable to breathe without the help of the "iron lung."

# Movies at Last Getting Better, Says Professor

COLUMBUS, O., Dec. 5 (AP)—The man who crossed the Atlantic to tell a League of Nations commission about motion pictures said today that this country's producers were outgrowing the age-old boy-meets-girl theme in pictures. Prof. Edgar Dale of Ohio State university, a witness before the Geneva hearing on the world's film industry said "We are beginning to get somewhere in the motion picture field. There is today an occasional movie that says something significant, says it dramatically—yes, even entertainingly. Even the newsreels are giving us an occasional respite from battleships, beauty parades, baby shows, and fashion notes."

monarch would be forced to abdicate to follow the dictates of his heart but the king had not reached a decision on this.

The cabinet will meet Monday to receive his final intention. While American born Mrs. Simpson sped across France to a haven at the villa of Mr. and Mrs. Herman Rogers, Edward spent the day at rural Belvedere castle.

The longer he could delay a showdown on the constitutional crisis concerning his right to marry whom he chooses, the better appeared his chances of rallying public opinion.

The average reaction of the young Englishman, who admires the king, is "let him have her." There is growing belief here that the same reaction prevails throughout the empire, although Baldwin claims sufficient backing from the dominions to crush any attempt to pass legislation permitting Edward to have Mrs. Simpson as his wife but not as his queen.

Lord Rothermere, powerful British publisher and brother of the late Lord Northcliffe, in an interview in the London Evening News asserted a "concerted effort" was being made to hurry the King from the throne and opposed this with the warning:

"No government, which on this matter of supreme importance, runs counter to the wishes of the people of England can survive.

"You cannot smuggle the greatest living Englishman off the throne of England during the week-end. Time must be given for a solution to this matter. The present haste is indecent and is giving rise to unpleasant rumors affecting high political and other personages."

CANBERRA, Australia, Dec. 6 (AP)—It was unofficially reported tonight that the Australian cabinet received secret information that King Edward was likely to abdicate Britain's throne Monday.

This report came after Prime Minister Joseph Lyons telephoned London several times and then announced special session of parliament for Wednesday.

The full cabinet meets Monday. Should Edward abdicate Monday, it was asserted, Parliament would have to pass an act of complementary legislation to provide for the accession of the Duke of York.

been removed secretly and probably concealed.

The Blantons were last seen crossing onto the former King ranch to hunt ducks little more than 500 yards from their farm home. They carried shotguns and were headed toward a little lagoon just inside the ranch fence.

Capt. McMurray has not been seen around San Perita for days and officers have left the impression he had extended his investigation into other sections. Whether he or some other ranger sent the stained coat and pieces of canvass into Austin headquarters was not revealed.

# TOM ROSE AWARDED LETTER BY ACADEMY

BOONVILLE, Mo., Dec. 5—Cadet Tom E. Rose Jr., son of Mr. and Mrs. Tom E. Rose, 505 North Gray-st., Pampa, was among the 34 Kemper Military school gridmen recognized by the athletic committee on awards at the close of the 1936 grid season here. He received a major "K" for outstanding performance on the Yellowjacket squad this fall.

The Kemper Yellowjackets finished at the top of the list in the Missouri Junior College conference, amassing a total of 110 points to none for their opponents in league competition. They also played five senior colleges and one other junior college, rolling up a total of 276 points to 31 for their competitors, turning in one of the most successful grid records in the history of the school.

Coaches and players will be honored here next Wednesday night with a banquet given by the Boonville chamber of commerce. Coach Jimmy Conzelman of the Washington University Bears will be the guest speaker. Letters will be awarded and a team captain named.

# BUNTING MOVES INTO NEW RESIDENCE HERE

T. S. Bunting has moved into a new five-room Colonial-type home, recently constructed at 801 E. Francis-st. by J. W. Qualls, contractor. Material for the home was supplied by the John E. Hill Lumber Co. The new home has a spacious front porch, screened-in back porch, oak floors, and lock joint, dust-proof windows. Bunting is chief clerk for the Santa Fe railroad at Pampa.

# Political Heir of Pendergast

Active control of the powerful Pendergast political organization in Missouri passed to James M. Pendergast, above, 41, when his uncle, Thomas J. Pendergast, long the dominant leader in the state Democratic party, withdrew because of illness. The older Pendergast, stricken during the Democratic national convention this year, will act as an adviser to his nephew.

# FORMER UNIVERSITY OF TEXAS REGENT PASSES

COLEMAN, Dec. 5 (AP)—The only woman ever to serve on the Texas University board of regents, Mrs. H. J. O'Hair, 67, died here last night. She was widely traveled and former president of the Texas Women's Press association. Mrs. O'Hair was appointed once to the university board of regents by Gov. Pat M. Neff, and once by Gov. Dan Moody. Funeral services will be held tomorrow at her home.

HIGHWAYS ON THE HIGH PLAINS

A movement is gathering momentum over the high plains of the Texas Panhandle that deserves the support of every group and individual who believes this section of our great state should receive more attention in the matter of public highway improvement.

Gray county and Pampa are interested in several roads which lead in and out of the city and county and through neighboring cities. Pampa and Gray county also are interested in Panhandle highway improvements which do not directly affect them.

Any road improvement in the state of Texas brings an indirect benefit to residents of Gray county and of Pampa and for that reason these local sub-divisions of our state are vitally interested in the other fellow's problems, too. United Panhandle communities can gain more in the way of a Panhandle Highway program than can individual cities and towns attempting to work out their own personal salvations.

Gray county's interest in this matter will be directed in a channel of attempting to convince state and highway officials that there should be no broken promises in connection with the Panhandle road program so far as it has gone.

Needed road improvements in this area of the Panhandle, directly affecting Gray county, include the following projects:

Pampa-Borger road, a 30-mile stretch which now has 17 miles of unpaved highway. Work on this highway is at a standstill now because of exhausted WPA funds. There is an extreme need that this job be completed as soon as possible. Since it goes through the heart of the oil district this road is vital to Pampa because this city is headquarters for oil well supply houses, drilling contractors, carbon black, pipe lines, etc. At present there is more traffic, even on this unpaved road than there is on any highway in this district with the exception of the Amarillo-Canyon and Pampa-Amarillo routes.

On route 152 through Gray county there is a stretch of 12 unpaved miles which has been approved as a WPA project when men and money are available.

There also is need for a north outlet from Pampa. Now one must travel 110 miles via Canadian or 120 miles via Panhandle and Borger to get to Peryton. A direct road straight north would cut this route to 60 miles. No state designation has yet been given for this project, although the interested cities have presented their request for action on it to the state highway commission.

There is no need for paving on the road from Pampa to Clarendon. On this 48-mile strip only ten miles of it now is improved. WPA has been working on it north of Clarendon. If this improvement were completed it would provide a new and shorter cut to Fort Worth and Dallas and provide an all-weather highway.

The road from Clarendon to Turkey, 38 miles in all, likewise has not been given state designation and little encouragement for inclusion of this in the Panhandle highway program has been received from the state. Turkey has plenty of WPA workers available for the project but so far has been unable to get it approved.

The state should take over the Pampa-LeFors-McLean highway which has been paved and maintained to date by Gray county. It is a better road and carries more traffic than many of the state highways and clearly should be under state designation.

Pampa and Gray county likewise are deeply interested in the proposed improvements for Highway 60 through Deaf Smith and Palmer counties.

It behooves every civic group, every Chamber of Commerce and every individual in the towns and cities of the Texas Panhandle to get behind this better roads movement.

Nothing is so vital to any community as the roads which lead into and out of it. Public funds can be spent for no better purpose.

Senator Clint Small told an audience at an open meeting of the Pampa Chamber of Commerce here several weeks ago that state officials in Austin usually dashed out to those who continually camped on the doorstep with their demands.

It would appear that the time has arrived for the people of the Panhandle to camp on the door-step in the matter of highway improvements. The officials want to do their share if they are convinced necessity exists.

Drop your senator or state representative a letter, contact anyone with influence at the state capitol or anywhere else and tell them exactly how you feel about this road improvement program and how vitally important it is to your community and the combined communities of the Panhandle that something be done about it.

Every citizen, every civic agency and every official in the Panhandle should make this a part of his 1937 campaign for Panhandle highway improvements.

DAILY WASHINGTON LETTER

By Rodney Dutcher

WASHINGTON—The Republicans will have their counterpart of the famous "firm of Michelson and Shouse," which went into action for the Democrats after the G. O. P. landslide of 1928 and, by organization work and by hammering incessantly at Herbert Hoover, greased the ways for the Roosevelt cleanup in 1932.

The Republican firm will be known as "Hamilton and Casey."

National Chairman John D. M. Hamilton intends to apply himself to the job just as vigorously as if Governor Landon hadn't been snowed under in the recent election. He has named as the national committee's director of publicity Mr. Leo J. Casey, whose task will be similar to the one which Charlie Michelson performed with such success that he became a figure in American political history.

Hamilton loves politics and has by no means, as some who don't know him might suppose, had enough.

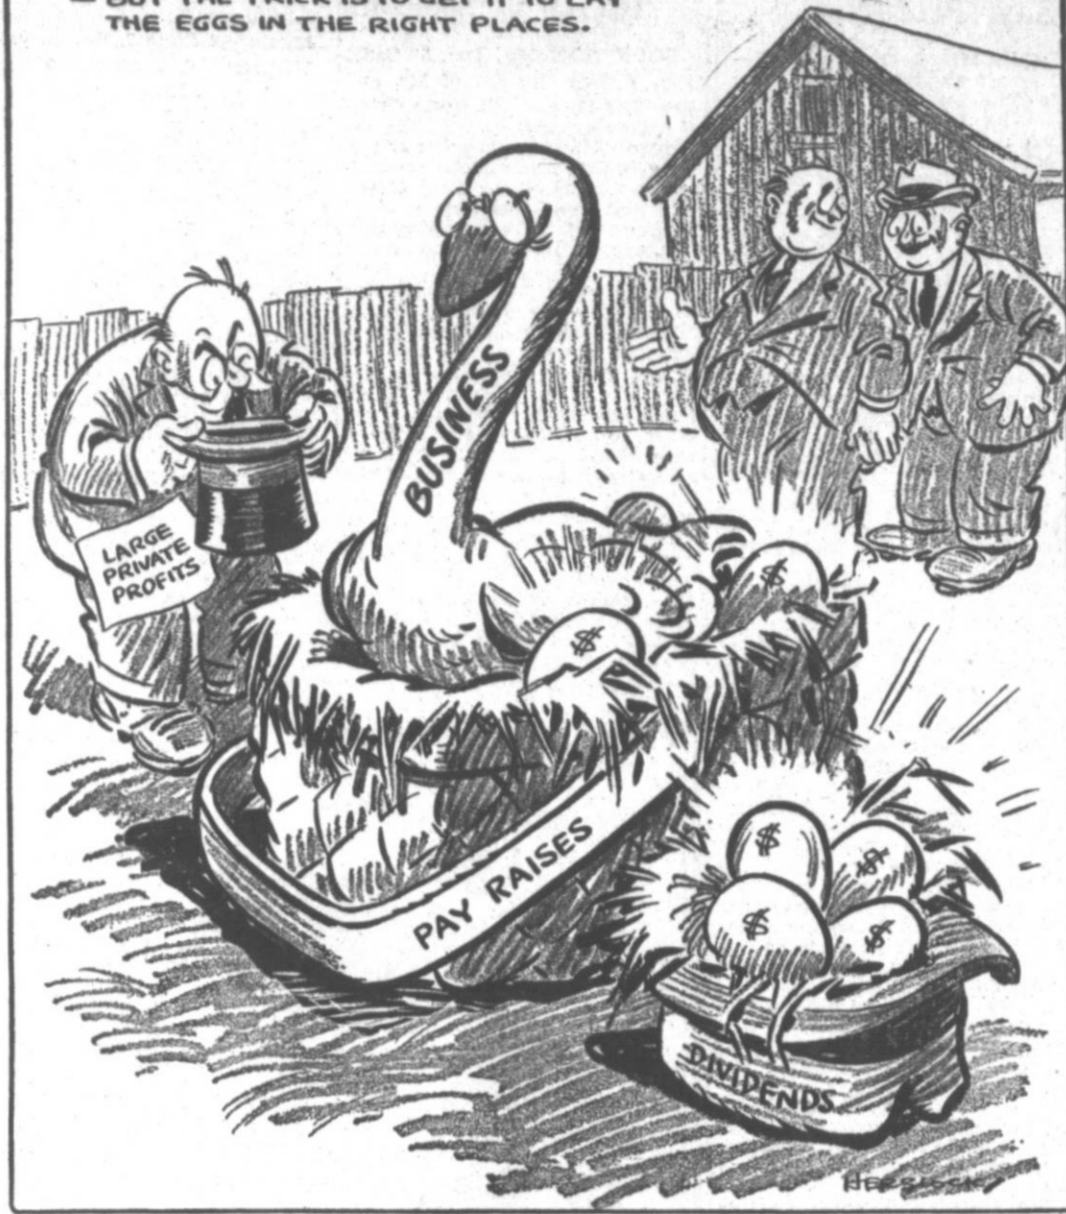

Early in 1937 he is going out as a traveling salesman with the mission of building up the party toward what he hopes will be a greater effectiveness in subsequent campaigns.

He figures the 17,000,000 Landon votes offer a fine nucleus to work with, as well as an excellent source from which to raise enough relatively small contributions to pay off the party deficit. However, he expects that a few wealthy Republicans will underwrite current committee expenses for awhile.

The Hamilton idea is that the party can function in Congress as an intelligent, hard-hitting minority. He

MAN ABOUT MANHATTAN

BY GEORGE TUCKER.

NEW YORK—One of the petty inconveniences of trying to keep up with the theatrical season are the postponed plays. They wreck your schedule and give your disposition the hives.

Like this: A musical comedy is to open Friday night and advertises in the newspapers. You get your tickets. You collect a party and make reservations for supper. Then comes the postponement and there you are with a party on your hands. As for the play—it may open in a day, a week, or not at all.

At that, this annoyance is as nothing to the grief experienced by the owners themselves. One producer I know had a two-day postponement last week and it cost him \$6,000. This was for extra salaries, rent, and advertisements. And the line at the aspirin counter is getting longer. Five postponements have been announced in recent days.

Seeing Tallulah Bankhead calmly surveying a magazine emphasizes the emotional extremities of this versatile, complex actress. I recall an afternoon when La Bankhead was far from her serene self. She was being sued in some sort of civil action and the argumentative lawyers, red tape, and delays had her exasperated.

"Your honor," cried Tal'oo, "this case isn't getting anywhere at all!"

HOW'S YOUR HEALTH

GUARD THE YOUNG AGAINST WHOOPING COUGH. Specific immunization so dominates our thinking that we tend to lose sight of those other preventative measures which are essentially of a quarantine nature. It is true that where we have the specific means for the prevention of a communicable disease, we are wise in using them. Vaccination for smallpox prevention, toxin-antitoxin or other form of immunization against

diphtheria should be employed with every child. But when, as in the case of whooping cough, we have not as yet available any certain means for its prevention we should utilize those quarantine measures which can safeguard the individual against exposure to the disease.

Such quarantine measures are particularly valuable in safeguarding the health of infants and very young children. In whooping cough, most of the fatal cases occur among those three years of age and under. Among children of school age or older, whooping cough fatalities are very rare. In a recent study it was shown that the risk of death resulting from whooping cough is 50 times greater for a child under three years of age than it is for a child of school age.

In recent years a vaccine for the prevention and treatment of whooping cough has been developed.

Hamilton and Casey are too sensible to plan any immediate barrage of statements attacking the administration. They will wait for the breaks—and hope for such luck as came to Michelson with the depression.

They will be aided by Dr. Olin Glenn Saxon of Yale, chief of the national committee's "brain trust," who will serve as an advisor, although he is resuming his professional duties at New Haven.

Casey is a keen, hard-boiled, realistic New York newspaper man, schooled in politics and popular with other newspaper men. He worked in Washington and Hartford, Conn., with the United Press, and in New York with the Evening Graphic before becoming night city editor and then political editor of New York Evening Journal. He covered the Hall-Mills murder case and many other big stories.

Early in the 1936 campaign, he was made director of publicity at eastern Republican headquarters and in the last five weeks before election was personal assistant to Hamilton.

Hamilton picked Casey for his present job from among the host of publicity and advertising men who infested Republican headquarters, apparently signifying that he was fed up with the high-pressure stunt men who spent so much of the G. O. P. money to such little avail.

At least the new Republican firm will have whatever advantages there may be in youth. Hamilton is 44 and Casey 37.

Talks to parents

BACKWARD CHILD. By Brooke Peters Church.

It is very hard for parents to acknowledge that a child of theirs is mentally backward. If the doctor has told them that their child has a weak heart or imperfect eyesight or is deaf or lame, or in other ways physically imperfect, they accept the verdict and prepare the child for life under the handicap with which he is burdened. They are sorry, but not ashamed of such defects.

But the psychiatrist or physician who diagnoses the child as even a little below par mentally is a brave man. Parents cannot and will not accept such a diagnosis unless it is so obvious that there is no blinding themselves to it. And if they are finally convinced of the truth, they are generally so ashamed that they will try to hide it from the world.

There are hundreds of children being driven by ambitious parents through the high schools and colleges of this country who are not high school or college material. They are not feeble-minded in any sense of the word, but they are not intellectually geared to a civilization which lays so much stress on education.

Granted a chance to do the work for which they are fitted, they are usually competent citizens; but forced to go through the educational mill, they are unhappy and can never be more than third or fourth rate in their work. They pull down the level of educational achievement for the whole school and college system.

Better a good mechanical job than an underpaid clerical job. The clerk may wear a white collar, but without an adequate mental equipment he can get nowhere. The mechanic is at least happy, and if he is a good mechanic can go far even if he has no high school training.

There is no disgrace in having a backward child. The disgrace lies in failing to give him a chance in the kind of work he can do well.

most of the fatal cases occur among those three years of age and under. Among children of school age or older, whooping cough fatalities are very rare. In a recent study it was shown that the risk of death resulting from whooping cough is 50 times greater for a child under three years of age than it is for a child of school age.

ANSWERS TO QUESTIONS

Frederic J. Haskin

A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. How did the practice of taking straw votes or polls in political campaigns originate? (Who started it?) S. C. V.

A. There is no authentic record of the first straw vote. The practice doubtless grew out of the desire of party leaders to get a line on the prospective vote at an election, and is as old as party organization. A poll made by party workers is in effect a straw vote.

Q. Is there such a business as renting shirts to men? K. H. D.

A. There is a business of that kind in New York City, operated by a towel supply company. There may be similar enterprises in other cities.

Q. What is the longest trip ever taken by a President of the United States? C. K.

A. President Roosevelt's South American trip will be the longest that has ever been made by a President.

Q. Has the government a publication that describes all United States postage stamps? W. J.

A. On the first of January, 1937, the Post Office Department will issue a booklet containing photographs and descriptions of all United States postage stamps issued since 1847 through Dec. 31, 1936. Copies will be available through the government printing office at Washington, D. C.

Q. How much money has been loaned by the Home Owners' Loan Corporation? L. W.

A. When the corporation terminated its lending operations on June 12, 1936, it had made loans to a total of 1,021,818 home owners, involving advances of \$3,995,424,244.

Q. What is the most popular shade for taxicabs? H. M.

A. Yellow is the color which is most universally used for taxis.

Q. What is Trotsky's real name? E. M.

A. His real name is Leon Bronstein.

Q. How much greater than that of other grains is the yield per acre of rice? V. B.

A. Rice yields, generally speaking, about 10 bushels per acre more than wheat or barley.

Q. How do the memory wizards memorize a number composed of fifteen to twenty or more figures? P. L.

A. Dr. S. P. Finkelstein, the Polish mathematical marvel, has said that he has learned to "see" or visualize a long number as a string of smaller, three-digit figures, as easily recognizable to him as three-letter words.

Q. Is a horned toad a harmless pet? H. N.

A. It is harmless. It is really a lizard. It should be kept in a dry sand in a box which can be moved into warm sunshine a part of the time. It will eat mealworms, ants, and other insects.

Q. Will the new Texas Tower on the San Jacinto Battlefield be as high as the Washington Monument? N. C.

A. It is reported that the San Jacinto Battlefield Memorial will be 565 feet high, about ten feet higher than the Washington Monument.

Q. Are there many people who study G. M.?

A. There are more than 1,000,000 students in the United States.

Q. How are nut meats preserved by canning? W. H. G.

A. Nut meats may be canned in glass jars and prepared in a water bath canner as follows: Fill the jars with nut meats, adjusting but not tightening the glass lids and rubbers. Set the jars in either a clothes boiler or large kettle with a rack on the bottom. Use enough water to reach almost to the top and boil for 15 or 20 minutes. Then seal the jars leaving them in the water until it begins to cool. Store in a dark room and the processed meats will keep fresh even in hot weather.

Q. How long does it take to go from Paris to Marseilles by train? D. D.

A. A fast train makes the run in nine hours. An average speed of 60 miles an hour is maintained.

Everybody's Song Book

Everybody's Song Book carries all the old songs we love to sing, complete with words and music. The music has been carefully edited by Fred Fisher and the arrangements are in keys within the range of most voices. It is one of the most popular publications ever offered by our Washington Information Bureau.

No Christmas is complete without the old favorites. Silent Night, Holy Night, O Come, All Ye Faithful, The First Noel, and many others are included. This booklet gives not only the words and music but tells how and in what circumstances these songs were written. Every home should have a copy.

The book is 6 x 9 inches in size, has 144 pages, with an attractive durable cover printed in three colors. Completely indexed.

Chapter 41. ELISA'S NEW IDEA. "Bassett is hiding him," said Lawson. "It shouldn't be difficult to find out where. Bassett doesn't amount to much. I can suggest a couple of easy ways of finding out where Mahony is. Either send some of your men to pretend to join Bassett's crowd, and pass on any information they can get hold of, or capture one of Bassett's men and knock hell out of him. He'll tell you where Mahony is. Now get on with it. As an encouragement to you to put your backs into it, I'm offering a thousand pounds for the proofs of Mahony's death."

He rose from his seat, nodded curtly to the men sitting around the table, and left the room, with the impression he had created. He re-entered his waiting car and drove back to his house. There he was told that Elsa Little wished to see him.

She was waiting for him in his study, and her face looked pale and worried. He smiled at her. "It's nice of you to come and see me," he said. "Inspector Kennedy told me about your interview with Mahony last night. That was a clever idea, and it seems to have had the desired effect. It can only be a matter of days, or even hours, before the police catch him."

"Yes, I know," said Elsa rather faintly. "That's—that's what I've come to see you about. You see I don't want them to catch him."

"You don't want them to catch him?" Elsa asked. "You mean you don't want to see him? Why, what's happened. Only yesterday you were dead keen on bringing him to book for your uncle's murder."

"Yes, I . . . I know," said Elsa. "I thought he was in a way of being set free. I don't think so now."

"I'm afraid I don't understand at all," he said. "It's rather difficult to explain," answered Elsa. "I know I laid a trap for him last night, and he fell into it—in a way that talk Terence Mahony had with me last night has convinced Inspector Kennedy that he killed my uncle. But it has convinced me that he didn't kill him."

"Isn't that enough for you?" asked Lawson.

"She shook her head. "No, you see, I was in the room with him, watching his face, noticing his expression. I'd never had the chance of really talking to him before. I'm certain he was telling the truth when he said he didn't kill my uncle."

"I see," said Lawson. He walked to and fro for a few seconds, frowning thoughtfully. This change of mind on Elsa's part was quite unexpected. But he could not see that it mattered much.

"I don't see how you can do very much about it," he stated. "I must do something about it; I can't let them hang him," said Elsa passionately.

She hesitated. "I was wondering if I couldn't help him to get out of the country for a time—to go somewhere where the English law can't touch him," she went on. "Then, while he was away, I could get private detectives and people to work to prove him innocent."

Lawson was on the point of telling her that her idea was quite impractical, but suddenly checked himself. The glimmering of an idea had suddenly occurred to him.

"I don't care how much I spend," went on Elsa. "Surely there could be some way of arranging it."

"It might be possible," admitted Lawson cautiously. "But it would be very difficult. To start with, how would you get into touch with Mahony?"

"I don't know," said Elsa in a hopeless tone. "That's the trouble. I don't see how I can get into touch with him."

"Personally, it has never occurred to me to doubt Mahony's guilt," he stated. "But if he's innocent, I don't want him to hang."

He shrugged his shoulders slightly and smiled. "In any case, you believe he's innocent, and it will make you unhappy if he hangs, I'm willing to see Bassett to help him," he continued. "Let's consider how you can set about it."

"To begin with, we've got to get into touch with him. That man Bassett will most likely know where he is. The best thing you can do is to see Bassett and try to arrange a meeting with Mahony."

"And what shall I say to Bassett?" asked Elsa. "Shall I just tell him I want to help Mr. Mahony get abroad?"

"I don't think I should do that," answered Lawson. "He paused again. This business needed thinking out very carefully. "As I say, I don't like Mahony, but from what I've seen of the fellow, I don't think he'd consent to go abroad," he went on slowly. "He's a fighter, and whatever the consequences, he's the sort of man to stay here and fight things out to the end."

"Then what am I to do?" asked Elsa hopefully. "The only way will be to take things into your own hands and send him wherever he wants to go or not," answered Lawson. "In other words, Shanghai him. Stick him on board a ship with instructions to the captain not to let him go till he's well out of harm's way. I think I can help you in that."

"You mean kidnap him and put him on board a ship?" asked Elsa in a horrified tone. "Exactly," said Lawson. "But . . . that would be rather treacherous, objected Elsa in a protesting tone. "I don't think I should care to do that. I've led him into a trap once; I hate the idea of doing it again."

"I know exactly how you feel about it," said Lawson sympathetically. "It may not seem very nice to trick him into meeting you again and then have him kidnaped and hidden out of the way, but, for his own sake, it's the greatest service you could possibly render him."

His voice was very persuasive, and there seemed to be good sense in his arguments. "I suppose you are right," admitted Elsa hesitatingly.

"Of course, I'm right," replied Lawson. "You get in touch with Bassett and let me know what happens, and I'll make all the other arrangements."

"Very well," agreed Elsa. "I'll do that." (To Be Continued)

AROUND HOLLYWOOD

BY ROBBIN COONS. HOLLYWOOD—"Playing house" is actually an accredited endeavor in the movies.

Grow-ups do it, and get paid for it. Walk into the office of practically any movie studio art director and you're likely to catch him in the act. He may have his desk, tables, chairs and even the floors littered with cardboard models of houses, flats, apartments, penitentiaries, medieval castles, or thatch-roofed shanties.

Not all of these at once, of course, or at least not all in the same room. Your art director keeps his models for making two-story structures with gables and all that sort of thing. When they are all completed, they wouldn't be room for models of sets for another picture, anyway.

These models represent big business, even if they look like toys for a child's playroom. Here on Art Director Terence Toluboff's desk—which is today's example—is a honeymoon house to which (when it is "blown up" to life size on a real set) Henry Fonda will lead his bride, Sylvia Sydney, in the picture, "You Only Live Once." The house is a two-story structure with garden and trees outside, and very beautifully furnished in miniature with chairs, beds, rugs, bookcases, stairs, and draperies.

Toluboff, who was an architect before he became a movie art director, designs these sets, to scale, has them fashioned by experts working under his supervision. For this particular film there are 40 different sets, and Toluboff expects to have models of most of them.

"Making a 'doll house' saves money and time. When Fritz Lang, who is directing, comes in to see the set he may have a suggestion for a change. If the real set is up, that would mean money. The camera man comes in and figures out his 'angles.' The set dressers take a look and start working on the materials and furnishings they will need.

The chief electrician can tell, from the doll's house, where to spot his lights. Lang can plan the movements of his characters, decide whether Miss Sydney shall walk up stairs, or sit in a chair, or be in a fireside group. And the producer, finally, can see how it all stacks up. After all this, they can go ahead and build the set and know that it pleases everybody.

When an art director takes on a "spectacle film" he is even more likely than usual to "play house" before building a set. For "The Crusades" one of the most elaborate medieval castles took shape in a cardboard miniature on a workman's table long before the lot heard the sound of hammer and saw in actual construction. The infinite detail lavished on the models was never more apparent than here: They carved the figures (representing actors) from soap so they would have "roundness" and reality—and then dressed them and applied make-up.

# DELEGATES TO AAU MEETING IN WRANGLES

## GROUP IS LIKELY TO ARGUE ON OLYMPIC ISSUES

By ALLEN GOULD  
HOUSTON, Dec. 5 (AP)—The amateur athletic union's 48th convention, due for a complete shake-up of administration before it closes tomorrow, battled today through a broken field of arguments that brought into the open, for the first time, echoes of the stormy 1935 split on Olympic issues.

Despite warnings at the outset from President Avery Brundage against "bickering" and "sniping" that threatened to wreck the organization, the delegates wrangled most of the day over subjects ranging from a sharp factional fight over the seating of the District of Columbia representatives on the board of governors to furious debates over new legislation barring backhand punches in amateur boxing.

During the double barreled session that found Brundage constantly wielding the gavel to halt shadow boxing or verbal passages of arms, the convention accomplished the following results:

1. Defeat of the administration proposal for an "Olympic tax" on admissions to athletic events by an overwhelming vote.

2. Retention of the metric system of measurement for national track and field championships, with "local option" prevailing otherwise for club or sectional competition.

3. Adoption of numerous technical rules—changes in swimming, boxing and track and field sports, all designed to bring American regulations into conformity with international standards.

4. Partial lifting of restrictions against amateur eligibility of life-guardians with retention of the so-called "90 day clause," for probationary purposes and with discretionary power resting in the hands of district registration committees.

5. Rejection, for the time being, of proposals to establish a new definition of active and associate memberships in the A. A. U. because of numerous border-line cases developed by the effects of the depression years.

The convention's "harmony program" came close to being tossed out of the window during the height of the day's most acrimonious discussion. This centered around the election of District of Columbia delegates to the board of governors. It was touched off when Charles L. Ornstein of New York, floor leader for the forces backing Jeremiah T. Mahoney for the presidency, challenged the nominations submitted by Winfree E. Johnson, secretary of the D. C. association.

HOUSTON, Dec. 5 (AP)—Decline of an administration-sponsored proposal for collection of an "Olympic tax" on admissions to athletic events, starting next year, marked the first general session of the forty-eighth Amateur Athletic Union convention today.

Delegates voted down the idea, with only one dissenting voice to be heard, after President Avery Brundage of Chicago went beyond the original proposal to suggest a "five and ten" basis of collecting funds for the financing of American Olympic teams.

Instead of a flat "contribution" of five cents on each ticket to athletic events held by the colleges as well as the A. A. U., Brundage proposed an assessment of five cents on admissions up to \$1 and ten cents on pasteborders of higher value. The American Olympic Committee stressed the need of long-term Olympic financing instead of "begging" quadrennially for funds.

Opposition to the proposal was led by Thomas T. Reilly of New York, who described it as "another nuisance tax" which would antagonize the sports-following public, in addition to "drying up" present sources of Olympic revenue or contributions.

"It is not up to the A. A. U. to lead the way," Reilly declared.

Judge Mahoney has pledged his forces to a sincere platform of harmonious action," said Charles L. Ornstein of New York. "We will not dodge any issues but do not intend, on the other hand, to start any convention fights."

On the motion of L. di Benedetto of New Orleans, the convention defeated a move to drop volley ball from the list of sports under A. A. U. jurisdiction.

Horse-shoe pitching was taken over after the convention was told there were two and a half million amateurs or prospective amateurs seeking the parental shelter of the A. A. U.

The Amateur status of Eleanor Holm Jarrett was not discussed by the national registration committee. She is now under suspension by the metropolitan association.

The verbal explosion was touched off by Charles L. Ornstein of New York, floor leader for the forces behind the presidential candidacy of Jeremiah T. Mahoney, who is expected to be named tomorrow by the convention to succeed Avery Brundage of Chicago.

Ornstein challenged the list of nominations for the board of governors submitted by Winfree E. Johnson, secretary of the District of Columbia association and the only one of four nominees actually present.

Ornstein proposed Edward Rosenbloom, another District of Columbia delegate, as a replacement for one of the missing nominees to the board, James Sullivan, and backed up the case by correspondence from Sullivan and A. Earle Weeks, president of the district body.

**RANGERS WIN**  
BEAUMONT, Dec. 5 (AP)—Kilgore's Rangers won the Texas junior college football championship here this

afternoon, defeating a stubborn Lamar Cardinal aggregation 10 to 7. It was a thriller from start to finish. Ripper Remmond booted a field goal in the first quarter to account

for Kilgore's first three points but in the following period Lamar blocked a Ranger punt deep in Kilgore territory, the ball bounding back over the goal line, where Rahn cov-

ered for a touchdown. Gernard's placekick was good.  
**ORANGE BOWL REJECTED**  
TUSCALOOSA, Ala., Dec. 5. (AP)—

Henry "Hank" Crisp, University of Alabama athletic director, announced today the Crimson Tide will participate in no post season football game. The announcement eliminated

Alabama as a possible contestant in the New Year game in Miami's Orange Bowl.

RESEARCH FOR 'SPEED' BARES FAMED RACER

PICTURE TO SHOW AT LA NORA, WEDNESDAY AND THURSDAY

In their effort to secure authentic data in preparing to film the picture "Speed" which shows at the Rex Theatre Wednesday and Thursday, Metro-Goldwyn-Mayer contacted nearly all of the famous racing drivers that are alive today.

The story concerns the adventures of a handsome young test driver who has invented a new car. The picture turns to a phase of American life that has not been touched on the screen before and it results in a swiftly-moving drama of romance and action that opens a new field for the camera and the screen writers. Included in the cast of "Speed" are James Stewart, Wendy Barrie, Una Merkel, and Ted Healy.

Technical adviser Fenger found the following data to be true concerning former racing drivers: Lou Moore, who won second prize once and third place at Indianapolis, is associated with Fenger in building racing cars in Hollywood, Calif. He is still in the racing game and will compete in the Indianapolis Speed-week classic again this year.

Tommy Milton is an engineer for Packard Motor Co. Harry Hartz is a sales engineer for Chevrolet in Los Angeles. Peter De Paola is employed by the Thompson Auto Products company in Cleveland. Earl Cooper is engaged as a sales manager for the Union Oil Co. in California. Eddie Hearn is living a quiet life in Oakland, Calif. Jerry Wondrich, the Bloomington, Ill., capitalist, has just been discharged from a hospital and is convalescing. Bennie Hill is an engineer for the Dodge Motor Co. Barney Oldfield, dean of them all, is a Chrysler representative in Los Angeles. Ralph De Palma is associated with a safety-wheel corporation in Detroit, and Robert McDonough is New York representative for Harry Miller, racing car builder. Unfortunate cracks have claimed many of the others now forgotten, says Fenger.

Paul Widlaka, the Edison of Hollywood's prop-making shops and the bone of proof-readers, has come forth with a new gadget in the way of a super wind-machine, capable of producing a zephyr or an 80-mile gale without creaks or squeaks. It is his breeze that is heard sighing softly through the tall timber in Edna Ferber's "Come and Get It" which is to be on the screen soon.

Her accidental presence on the lot won for Peggy Wood, star of musical comedy and stage, an immediate role in "A Star is Born," which will be a technical production co-starring Janet Gaynor and Freddie March. Miss Wood had accompanied her husband, John V. A. Weaver, to the studio, and there was espied by Director William Wellman. Within five minutes, without bene-

fit of contract or technicolor test, she was facing the camera.

The scene of the traditional Giant-Yankee rivalry was shifted to Hollywood when Harry Danning, Giant catcher, beat Lou Gehrig in the movie capital, winning a role in the forthcoming Walter Wanger production "You Only Live Once," with Sylvia Sydney and Henry Fonda co-starring. Danning did the trick without benefit of nudism, but his first experience in facing the cameras was less fortunate. While enacting his role as a ball-player, he was spiked at first, sustaining painful leg injuries.

MAY REVISE LAW AUSTIN, Dec. 5 (AP)—R. G. Waters, casualty insurance commissioner and chairman of Governor Allred's committee to study highway traffic problems, said today the committee was considering a revised driver's license law and uniform motor vehicle code. Waters said the group would meet again about mid-December to draft bills to be recommended at the session of the legislature opening in January.

MARKET BRIEFS

NEW YORK, Dec. 5 (AP)—Specialties ran the gauntlet of light selling in today's stock market for gains of fractions to 2 or more points, but most recent leaders were unable to get far out in front.

Encouraging business news and less worry over foreign happenings tended to brace market sentiment, but many traders seemed to find their positions on the side-lines fairly comfortable.

An assortment of low-priced issues was again quite lively. A few oils, aircrafts and rail equipments pushed up briskly for a time. Offerings in most cases, however, were sufficient to keep the so-called "blue chips" in a comparatively slim groove.

NEW YORK, Dec. 5 (AP)—Cotton slid off approximately 25 cents a bale on the cotton market today.

Volume of business fell off on the decline and the gradual point-by-point dip was not accompanied by much activity. Cables were favorable.

Dec. ended the week at 12.18. Mar. at 11.54. May at 11.52 and Oct. at 11.20. Spot cotton sold at 12.44 for middling at New Orleans.

Weather reports told of unfavorable conditions in many sections for picking. Talk of crop abandonment in some areas persisted.

CHICAGO GRAIN CHICAGO, Dec. 5 (AP)—More than a cent a bushel setback of wheat prices today resulted largely from wet weather over much of the domestic crop belt.

CROSBY SINGS BEST SONGS IN 'PENNIES FROM HEAVEN'

DIAMOND JIM WILL OPEN AT CROWN TODAY

TALE OF FAMED CHARACTER IS SUBJECT OF MOVIE

"Diamond Jim" was the original "sugar daddy" to all the chorus girls on Broadway. He had a habit of tucking \$100 bills under the plate of each of the chorus girls at his gay parties in restaurants along the White Way.

In "Diamond Jim," showing Sunday, Monday, and Tuesday at the Crown theater which tells the life story of James Buchanan Brady, the famous girls with the "hour glass" figures, headed by such famous characters as Lillian Russell, whom Brady offered a million dollars to marry him, are predominant.

Critics Dub Hot Louis Armstrong 'King of Swing'

Louis Armstrong, famed exponent of the hot trumpet, leader of one of America's premier swing bands, makes his motion picture debut in Columbia's "Pennies from Heaven," showing Sunday and Monday at the LaNora Theatre, with Bing Crosby, Madge Evans and little Edith Fellows. The colored entertainer was recently described by Ashton Stevens, Chicago drama and music critic, as the "King of Swing" in one of the most laudatory reviews ever given a performer.

There's happiness ahead at the LaNora Theatre, where Bing Crosby's latest picture, Columbia's "Pennies from Heaven," will open today.

Crosby's latest picture was "Rhythm on the Range," in which he scored a hit. Madge Evans was last seen in "Piccadilly Jim," and little Edith Fellows, thirteen-year-old starlet, will be remembered for her performances in "She Married Her Boss" and "And So They Were Married" and other films. Armstrong's celebrated swing band appears with him in "Pennies from Heaven."

The story concerns a vagabond troubadour, who falls in with a little girl and her improvident grandfather and proceeds to take them under his somewhat patched-up wing. The child, who is sent to an orphanage and the elderly man to an Old People's Home when the troubadour hits upon a plan to make enough money for all three of them to live on.

The county welfare worker who is responsible for the child happens to be just the type of girl the troubadour can love, and he finds himself doing it thoroughly. However, they are on opposite sides of the fence, hence complications. Things manage to work out for the best along hopefully in love for many years, but who would not marry him, no matter how many gifts, worth hundreds of thousands of dollars he lavished upon her.

'Midsummer Night's Dream' Is Coming Soon To LaNora

Funniest Comedians Are in Cast of Comedy

A motion picture, acclaimed as one of the greatest of the year, A Midsummer Night's Dream, by William Shakespeare, will be the star attraction at the LaNora theater, Tuesday and Wednesday.

Because the name "Shakespeare" is inclined to make a certain group of playgoers and readers shy away from anything that has to do with the great bard, Warner Bros., and the great Max Reinhardt gave the current version of Midsummer Night's Dream a cast that should draw every Doubting Thomas.

For instance, it is said that Joe E. Brown and Frank McHugh are just as funny in the immortal classic as they were in the dozens of pictures in which they have brought down the house. James Cagney, Dick Powell, Jean Muir, Anita Louise, Victor Jory, Mickey Rooney and other famous players are in the all-star cast.

One thing is certain, the Reinhardt touch and influence assure that it will be the most elaborate and exquisite production of the comedy that has ever been produced. Reinhardt, who has staged the greatest dramatic spectacles of all time in all the capitals of the world, is elaborate when he has no money with which to splurge, but he has produced a super-elaborate spectacle when they gave him a check book on the Warner Brothers lot and told him to go to town.

And here is another angle people should consider before they decide that all Shakespeare is anathema: Midsummer Night's Dream is a comedy. Don't let the name scare you away, even if you never read a line of Shakespeare, and that is the advice of people who won't go to a movie unless they can laugh.

# ARKANSAS WINS FIRST CONFERENCE CHAMPIONSHIP 6-0 IN DOWNPOUR

## PASSING USED DARINGLY TO BEAT TEXAS

### LONGHORNS UNABLE TO STOP PORKERS IN SPITE OF RAIN

LITTLE ROCK, Ark., Dec. 5 (AP)—Dwight Sloan, star University of Arkansas junior, drove his passing Porkers to their first undisputed Southwest Conference championship and a 6 to 0 victory over the University of Texas here today on a field reduced to a morass by a cold driving rain.

Approximately 7,000 madly cheering fans braved the elements to witness a game drab throughout with the single exception of Sloan's sensational scoring drive that culminated in a touchdown pass across the goal to Jim Benton, all conference end.

Texas had every advantage in statistics except forward passing. Arkansas completed eight out of 16 forwards for 71 yards.

The scoring break in the game of punts and fumbles came late in the third period. Texas had the ball on its own 45-yard line. Halfback Wallace Lawson dropped back and heaved a long forward intended for Collins. Sloan took the ball on his own 30. He dashed back across the field through the disorganized Texans before he was finally smothered on the 44.

Sloan then shot a forward to Martin for eight yards and another neat pass to Benton for ten more yards. Benton was a first down on the Texas 25. Picking a pass, Sloan drove through the line for five and then heaved another pass to Benton for a first down on the Texas 13. Sloan again ran with the ball, slashing seven yards through the mud to the Texas six.

On the next play he shot a hard, fast one across the goal to Benton who came up between two Texas backs to fold in the forward and stumble on his face, safe with the winning touchdown. B. A. Owens' attempted placement was blocked.

First downs were evenly divided six each. Texas gained 70 yards rushing compared to 30 for Arkansas.

## HARDIN SIMMONS BEATS FRESNO TEAM 28 TO 6

WICHITA-FALLS, Dec. 5 (AP)—The heavy Hardin-Simmons university 'Cowboys' today rounded up Fresno State's lighter Bulldogs with ease, battering them into submission 28 to 6.

The Cowboys combined heavy handed groundwork with fancier aerials to score in every period but the third. Fresno's lone tally came in the opening period.

Bums McKinney, Wichita Falls boy, gave the home fans a fine passing and broken-field running display. He pitched a 15-yard pass to Ed Cherry for the Cowboys' first touchdown in the first, and three one 12 yards to Harris in the second to place the ball on the Bulldogs' eight. Cherry then rammed it across for a touchdown.

In the fourth, McKinney topped his performance off by dashing wide around the Fresno right end, outrunning the Bulldog secondary and streaking 67 yards for a touchdown. Hardin-Simmons had scored earlier in the period when Emery, substitute back, rifled an 11-yard pass to Pete Tyler for the touchdown. Calloway kicked goal after three of the Cowboy scores and Hendricks converted the other.

The Bulldogs scored late in the first when Gleason went to the one-yard line on a reverse, then charged over in two tries at the line. Dittenber's attempt at conversion from placement was low.

Simmons made seven first downs to Fresno's five, gained 290 yards from scrimmage to Fresno's 97.

## Texas Aggies Smack Manhattan 13 to 6

TYLER, Dec. 5 (AP)—The Nestra feet of Dick Todd and Bob Nesrsta ground the Manhattan college Jaspers of New York into a defeat before a crowd of 5,000 fans here today.

The Aggies scored twice in the third period, Nesrsta leading a one man drive from the Manhattan 38-yard line and Todd later racing around the Jasper left end for 76 yards and the counter. Byrne scored for Manhattan on a plunge from the 1 yard line.

The game was played on a muddy field but this did not prevent both teams trying all their plays. The backs held their footing remarkably well.

The Manhattan touchdown came as the result of two penalties in a row, the last giving the Jaspers the ball on the Aggie 1 yard stripe.

A. and M. gained the ball on the Manhattan 38 yard line on a fine punt returned by Wayne Manning. Nesrsta smashed the line twice and made a first down on the Manhattan 25. Shockey passed to Nesrsta for six, then Nesrsta crashed tackle for 14 more. Nesrsta made one and a pass from Shockey to Seago carried to the Manhattan 1. Nesrsta circled right end for the touchdown. Morrow added the point.

**GAME SCHEDULED**  
CORPUS CHRISTI, Dec. 5 (AP)—Arrangements were completed today for the Port Arthur-Corpus Christi quarter-final game of the Texas interscholastic league race to be played in Port Arthur next Saturday at 2:30 o'clock.

## Panhandle And Flomot Play For Regional Crown

### Game Site Is Not Yet Decided by Officials

The Panhandle Panthers and the Flomot Longhorns will meet in the Region 1 finals of the Panhandle Class B football race following Panhandle's wild 46 to 0 victory over Tulla and Flomot's win over Wheeler on first downs, 13 to 8, after the score had been tied at 6 to 6 and penetrations at 3 to 3.

Where the game will be played had not been decided yesterday. Coaches and officials of the two teams probably will meet today or tomorrow and agree on a site. Use of Harvester field at Pampa has been offered for the big game, probably next Friday afternoon.

The Sparks boys, aces of the Panhandle backfield, led the Panthers in the rout of Tulla. The pair opened their scoring spree in the opening minutes of the game and never let up until the final whistle. Tulla's vaunted attack was chilled when the whistle kept the home team from scoring.

Playing on a golf course after the playing field had been flooded, Wheeler and Flomot tied 6 to 6 in a game played at Matador.

Early in the first period Wheeler drove to the 10-yard line but couldn't get the ball across. Flomot in turn took the ball and roared to a touchdown with Light and Ammonette doing most of the ball carrying. Light went over from the 1-yard line. Wheeler scored in the last quarter when 200-pound W. J. Ford crashed over. Two passes, the first a 20-yard heave from Ford to Berry and a 12-yard shot to Norman, placed the ball in scoring position.

Neither team could make the winning point with the wet ball. Penetrations were even, each team getting within a foot of the sideline before he revived and elected to stay in the game. Wheeler used only two substitutes.

## MISSISSIPPI REBELS TIE TENNESSEE 0 TO 0

MEMPHIS, Tenn., Dec. 5 (AP)—The Mississippi Rebels halted Tennessee's great comeback campaign today by fighting the Vols to a scoreless tie before 16,000 fans.

They battled valiantly but there wasn't enough steam in the attack of either to bring any serious scoring threats until the final minute of the game.

## GAME WITH BORGER WILL BE PLAYED TUESDAY AFTERNOON

Old Juke Puvits won his first victory over a Pampa high school football team yesterday when he was responsible for the postponement of the game between the Harvesters of 1937 and the future Borger Bulldogs, scheduled for yesterday afternoon. The game will be played Tuesday afternoon at 3 o'clock with admission 25 cents for students and 50 cents for adults.

The rain and cold yesterday morning caused officials of the two schools to agree to a postponement. The weather, however, turned out favorable in the afternoon even though the field was wet.

"It wasn't a conference game so we decided to postpone play until Tuesday afternoon and hope for a dry field and warmer weather," Coach Odus Mitchell of the Harvesters announced yesterday. "The delay will give us another practice, which we need to get our new players accustomed to their positions and the type of play."

Borger's promising Bulldogs have been working for nearly three weeks in preparation for the big post-season attraction. With three backs and two linemen around which to build his team, Coach Carl Moulton will have the drop on the Harvesters in both experience and length of practice.

Harvester mentors had four regulars report back. Twelve boys who

## ABILENE BEATS EL PASO 34 TO 7 IN BI-DISTRICT TILT

EL PASO, Dec. 5 (AP)—The Abilene High school Eagles advanced into the quarter-finals of the state interscholastic league grid playoff by trouncing the El Paso High school team 34 to 7 in their bi-district battle today.

A recovered ball on a blocked kick by J. D. Beam, Abilene back, brought El Paso's lone touchdown in the first quarter. E. Carrasco, right tackle, picked up the ball in midfield and scored. Woodruff converted.

From then on it was Abilene's game. Jim Kimbrough, giant Eagle quarterback, made four touchdowns and Odell Herman, fullback, made the other. Kimbrough tied the score

## 7-7 Tie Pulled By Tech

### Winning Coach

TUCSON, Ariz., Dec. 5 (AP)—Texas Tech's Red Raiders broke loose with a spectacular aerial circus on a sawdust covered field during the closing quarter today and tied the University of Arizona Wildcats, 7 to 7.

Arizona went into the final period with a 7 to 0 lead, but in the face of the terrific onslaught of the Texans saw their hopes for a victory in the final Border conference game go glimmering.

With Neil, halfback, doing the passing, Tech opened its scoring advance as the fourth period began. After receiving a punt on Arizona's 48-yard line, Neil whipped a 17-yard pass to Cannon. Three line plunges failed and Neil tossed to Ramsey on the 19. Repeating the play, Ramsey received a throw on the six-yard stripe.

Plummer crashed the line for four yards. A line buck and a pass failed and Plummer again bore into the line. He bent the Arizona forward wall and was pushed back, but officials ruled he had crossed the goal. Neil passed to Ramsey to convert the extra point.

Bronko Smallich, who replaced Wynne at fullback, at the opening of the second period, gave Arizona its touchdown and produced the outstanding performance of the game.

He intercepted two of Tech's passes shortly after the period began and in mid-period raced 30 yards to a touchdown, shaking off half a dozen tacklers in his sprint. Preininger converted through the line.

Except during these scoring drives the teams played evenly. The game was witnessed by 7,500 persons.

## MEMORIAL STADIUM, LOS ANGELES, DEC. 5 (AP)—The luck of the Irish deserted Notre Dame today and University of Southern California's Trojans scored once on a 100-yard sprint and again on a 65-yard dash to tie the famed green of South Bend, 13 to 13.

Seventy-five thousand fans at the opening Trojan score. A moment later they went into hysterics when Bud Langley, a substitute halfback, intercepted a Notre Dame pass on his own goal line and ran the length of the field for another tally.

Coach Elmer Layden's decided favorite made the touchdowns on smashing, battering football, and outgained the men of Troy in top heavy fashion. Southern California made but one first down, and that late in the final period on a holding penalty against the Irish. Notre Dame made 18 and outstruck U. S. C. 223 yards to 24.

Troy got the luck, Notre a moral setback.

## FORT WORTH'S NORTH SIDE DEFEATS DALLAS

FORT WORTH, Dec. 5 (AP)—Powerful plunging by big Marion Fugh, their ace quarterback, gave the North Side Siders of Fort Worth a 7 to 0 victory over the North Dallas Bulldogs in a bi-district game here Saturday afternoon. The scrap was waged on a heavy field at T. C. U. stadium.

The North Siders had a clear edge all afternoon. They held the Bulldogs to three first downs and made nine themselves. They were inside the Bulldog 20-yard line five times. North Dallas got no nearer than the Maroon 20.

The North Siders now play Gainesville in the quarter final round.

## ROSE BOWL BODED

MEMORIAL COLISEUM, Los Angeles, Dec. 5 (AP)—The announcer at the Notre Dame-Southern California football game today told the crowd of 70,000 that tickets were on sale for the Washington-Pittsburgh battle in the Rose Bowl New Year's day. A tremendous thunder of boos greeted the announcement.

## LUCK DESERTS IRISH 13 TO 13

### TROJANS RUN 100 AND 65 YARDS FOR 2 TOUCHDOWNS

Wheeler's Mustangs were coached to their first Class B district football championship by Bob Clark, pictured above. On Friday afternoon on a rain-soaked field at Matador, Clark's Mustangs held the sensational Flomot Longhorns to a tie but lost the game on first downs. Clark developed one of the greatest backfield prospects in many years in W. J. Ford, a 200-pound passing, punting, ball-carrying fullback.

## LUCK DESERTS IRISH 13 TO 13

It was his perfect toe work in the first half that kept the Owls constantly in the hole, despite a first period advantage gained when they won the toss and started out with their backs to the wind.

Keith Ranspot, Methodist end, dived on a loose ball in the Owl backfield in the second period and the Methodists, starting from the Owl 16, blasted to the six on thrusts by Finley and Harlow. Stidger circled and carried across but the play was called back and S. M. U. penalized. Stidger's attempted field goal went wide.

The Owls, paced by Co-Captain Buck Friedman, also finishing a brilliant career, started a fourth period drive that bogged down on the Methodist 14.

Helped along by a Rice kick that sailed out of bounds at midfield, the Methodists, featuring Finley's terrific line cracking, started goalwards again in the fading minutes of the game. The huge fullback ripped the guards down to the Rice 15 but Meyers was spilled for a 10 yard loss on an incomplete wide end run and Rice took over the ball just before the game's end.

## AMARILLO WILL PLAY IN ABILENE NEXT WEEK

(By The Associated Press.)  
Abilene and North Side of Port Worth went into the quarter finals of the State Interscholastic League football race Saturday with clean-cut victories over El Paso and North Dallas, respectively.

Abilene trounced El Paso 34 to 7 at El Paso while North Side was beating North Dallas 7 to 0 at Fort Worth. They joined Corpus Christi, Gainesville, Lufkin, Amarillo, Port Arthur, and Kerrville as contestants in the quarter finals.

The schedule next week will match Amarillo against Abilene; Gainesville against North Side; Lufkin against Kerrville and Port Arthur against Corpus Christi.

The Corpus Christi-Port Arthur game will be played at Port Arthur Saturday. No announcement had been made regarding site and time of the other quarter finals.

Abilene won the toss at El Paso and elected to hold the quarter final game with Amarillo at Abilene Saturday at 2:30 p. m. Fort Worth and Gainesville school officials will meet on time and place.

## SECOND STRING MUSTANGS WIN OVER RICE 9-0

### JOHNNY STIDGER KICKS PERFECT FIELD GOAL

BY FELIX R. MCKNIGHT.  
HOUSTON, Dec. 5 (AP)—Sudden outbreaks by a fiery collection of second stringers brought on a touchdown, field goal and a 9-0 victory for Southern Methodist's Mustangs over a battered Rice Owl in the season's finale here today.

Shot into the game after the first string had missed fire on two scoring chances inside the 12-yard stripe in the first two periods, the reserves had a touchdown within three minutes after the third period, kickoff and added the clinching field goal soon after.

Kenneth Goodson, famed "goal" of the Methodist eleven, came into his own in the third period spurge, firing passes and bolting the tackles for most of the gains in a 65-yard drive that carried from the Mustang 35 to a touchdown. Stapp, bulky reserve halfback, started it with a 22-yard reverse over left tackle. Goodson found Carroll on a 13-yard pass and then ran the ball three times to the six.

The gallant Owl line stood off three Mustang line thrusts but Goodson circled end on fourth down for the touchdown. George Sanders' kick was wide.

Pudgy Johnny Stidger hurried into the game and with the substitute line holding out Rice's charging warriors, kicked a perfect field goal from placement on the Rice 22-yard marker.

The defeat dropped Rice into a last place tie with the University of Texas in the final Southwest conference standings and shoved the Methodists into fifth place.

Big Bob Finley, great Methodist kicking star, closed out his college career with a smashing exhibition of ball carrying and phenomenal out of bounds kicking with and against a high wind.

It was his perfect toe work in the first half that kept the Owls constantly in the hole, despite a first period advantage gained when they won the toss and started out with their backs to the wind.

Keith Ranspot, Methodist end, dived on a loose ball in the Owl backfield in the second period and the Methodists, starting from the Owl 16, blasted to the six on thrusts by Finley and Harlow. ## Amarillo Easily Defeats Childress In Mud 46-0

### Bobcats Stop Mayes But Clesson Goes To Town

CHILDRESS, Dec. 5.—Mud meant nothing to the Amarillo Golden Sandstorm which blew up and down Bobcat field yesterday afternoon to take a 46 to 0 game from the Childress Bobcats in a bi-district Class A tussle.

Amarillo will meet Abilene in a quarter final game at a time and place to be decided in conference Sunday or Monday. Abilene swamped El Paso high school of El Paso in a Bi-District struggle yesterday.

The Bobcats effectively stopped the great Wild Horse Mayes but while doing that they forgot Big Bob Clesson, Jo Davis and John Gill, who surprised everyone by carrying the ball for a couple of touchdowns. Davis was really the outstanding ball carrier of the day.

Childress threatened only once, after Amarillo's last touchdown. Terrell took the kickoff and started down the field. When about to be tackled he lateraled to Wright who raced to the Amarillo 20-yard line before being stopped. On the next play Silvey passed to Wright on the 5-yard mark. Four plays later the ball was still on the 1-yard line and

## ST. MARY'S GAELS WIN 13 TO 7 FROM WARNER

SAN FRANCISCO, Dec. 5 (AP)—St. Mary's Gaels capped an indifferent football season in brilliant fashion today with a 13 to 7 interscholastic victory over veteran Glenn "Pop" Warner's light but tricky Temple university Owls.

Outcome of the game traced directly to poor punting on the part of Quarterback Davidson. His weak kicks in the second and third periods saved the way for St. Mary's touchdowns through possession of the ball within striking distance of the Temple goal.

The boys from the other side of the continent, small compared to the warriors tutored by Edward "Slip" Madigan, were outscored but were far from outclassed.

The Childress threat had disappeared. The play of Terrell, quarter, Helms, end, Reynolds, guard, and Booth, tackle, was outstanding for the Bobcats. The Sandies played as a complete unit in such a manner that to single out any one player would not be justified. The entire line, including the reserve forwards, played great ball, while the backs seldom made mistakes and pounced on all opportunities to score.

The Sandies resorted to punting only twice while the Bobcats kicked out 11 times; the Sandstorm rolled up a total of 445 yards from ground plays and lost 40, while the Bobcats clicked off 74 but lost 51. Amarillo passed six times, completing three for 28 yards, one being intercepted and two incomplete. Childress passed 13 times, completing six for 42 yards, three being intercepted and four incomplete.

## CLUBS' CHRISTMAS PARTIES ARE SCHEDULED NEXT WEEK

### WOMEN'S DAY IN CHURCH TO BE CELEBRATED

#### Speaker Tonight Will Show Scenes of His Travels

The first Sunday in December is recognized as "Women's Day" in First Christian church. A special program has been arranged for Sunday night at 7:30, by the chairman, Mrs. R. L. Allison, consisting of vocal and instrumental numbers both instrumental and vocal, and devotional exercises in charge of Mrs. C. E. Hutchins.

The committee secured a speaker for the evening, Lieut. C. Vincent Hall, retired U. S. A. officer, world traveler, author and missionary. Lieut. Hall was appointed lecturer to the British troops in Egypt and Palestine by command of Field Marshal Allenby.

In addition to his lecture on Egypt and the Holy land, he will show scores of hand colored slides made from pictures made by himself and his photographer in Egypt and Palestine. The Egyptian pictures will include close-up views of the pyramids, the Sphinx, the Valley of the Tombs, the largest statue in the world weighing 1000 tons, a peep into King Tut's tomb and the king himself asleep in death. Since the opening of the tomb, nine of the men connected with the finding and opening have died, the last of which was Dr. Broadstead, archeologist, of the University of Chicago.

Dr. Hall will also show many curios of a type that cannot often be seen outside of a museum.

### Pampa Broadcast On P-TA Hour Is Postponed Week

By BETTY PEARSON HODGES (Publicity Chairman 8th District P-TA)

The weekly broadcast of the district P-TA scheduled for Friday Dec. 4, is postponed because of the Amarillo-Childress football game. The program which was to be put on by the Pampa City council, with Mrs. J. M. Turner as chairman, will be given on Dec. 11, provided another district game is not broadcast on that date. Announcements will be made over KGNK concerning any further announcements about the program.

The Amarillo City council's broadcast would thus be scheduled for Dec. 18.

The initial program of this year given by officers of the district on Nov. 27 presented Mrs. C. T. Hunkapillar, president, who gave an inspiring talk, and was followed by Mrs. J. M. Crain of Amarillo, state and district chairman of education, who reviewed some of the highlights of the state convention at Fort Worth. C. Oscar Croson, of the Sam Houston Ward School played "Ava Maria" as a violin solo.

Mrs. J. E. Griggs, of Amarillo, state and district recording secretary, gave a resume of the convention, speaking of the high objectives of the organization. The radio broadcasts are in charge of Mrs. W. Izard of Amarillo, district chairman.

### Bridal Shower Is Given Mrs. Coday

Mrs. Howard Coday, a recent bride, was honored with a shower in the home of Mrs. F. W. Woodworth at Kingsmill Wednesday. The hostess was assisted by her daughter, Mrs. Bernard Leslie, Mrs. Reba Mosier, Mrs. J. R. Eudaley, and Mrs. W. D. Varnon, mother of the bride, in greeting the guests.

Pink and white decorations were used, and wedding bells in those colors were given as favors. Gifts were presented or sent by Misses James B. Rose, S. O. Skinner, J. G. King, J. A. Roberts, J. B. Adams, R. T. Jinka, J. E. Buswold, Bill Boyd, Laura V. Woodworth, G. W. Harris, John L. Graham, Grover Lamb, Roy Franks, W. H. Morgan, A. R. Wulberg, B. G. Stone, Clyde King, E. H. Baird, Broyles, J. S. Smith, Miss Claudine Frasher, and those in the house party.

### Elegance Enters the Picture for Winter Evenings

Stressing the new elegance for evening wear, the dresses which are shown here exemplify two important winter styles. The high-waisted princess mode marks the dress at left, and the emphasis on back fullness the one at the right. Correct formal attire for men is pictured also, the single-breasted and the double-breasted dinner jacket being in equal favor.

## Holidays Call for Formality In Dress

### CRANBERRY IS TASTEFUL FOOD WITH USES OFTEN UNSUSPECTED

(Department of Home Economics, Texas State College for Women.) DENTON, Dec. 5.—The cranberry is highly prized for sauce and jelly. Its beautiful red color enhances its value for decoration of the table, and the slightly acid flavor is particularly well suited to serve as a sauce with meats and poultry. The use of cranberries has been recommended for patients suffering with chronic rheumatism probably because the alkaline carbonates formed in the system from the organic acids stimulate the action of the kidneys.

### Deuce of Clubs Has Candlelight Christmas Party

Refreshments were served by candlelight in rooms gay with Christmas decorations Thursday afternoon, when Mrs. Reuben P. Weeks entertained the Deuce of Clubs at her home. Mrs. George McCabe was welcomed as a new member.

Mrs. H. E. Carlson and Mrs. H. C. Berry were special guests, and club members playing were Misses Paul Carmichael, B. R. Woods, F. H. Sutton, Ralph Jones, and R. K. Eason. Mrs. Berry made high guest score. Mrs. Carmichael high and Mrs. Jones scored high for members and Mrs. McCabe held the traveling prize.

### Women Attend WMS Convention

Several members of First Methodist Missionary society here attended a district meeting at Shamrock Friday. A feature of the all-day program was presentation of life memberships to Mrs. C. A. Cryer of McLean, district president, and Mrs. Green of Heald.

Going from Pampa were the Rev. W. C. House, Misses House, Harold Wright, John Hessey, W. R. Ewing, A. B. McAfee, and H. F. Barnhart. McCULLOUGH-HARRAH CHURCH Services announced for McCullough-Harrah Methodist churches today include Sunday school at both churches, 9:45 a. m.; preaching at Harrah chapel, 11 a. m., on the subject, Finding the Control Switch; story hour, 4:30; Epworth Leagues, 6:30; preaching service at 7:30 at McCullough church, with the subject, Men Who Know. Sermons will be by the Rev. H. H. Bratcher, pastor.

### Evening Clothes Will Be Important in Coming Days

More than at any other time of the year, the elegance of evening clothes becomes an important matter, during the holidays, and Pampa will see a season of enhanced by glimpses of women in trailing dresses and men in smart dinner jackets.

Pampa shops offer their share of formal clothes to enliven the season, for both men and women. Women's modes have taken their cue from England's scheduled coronation year, and are luxurious, dramatic, and feminine. Three silhouettes are equally correct — the princess style, which may have a skirt that flares at the hemline or that is almost straight; the narrow and slim frock that has fullness in the back of the skirt either from the flare of a tunic or from shirring at the waistline; and the full-skirted silhouette, usually developed in sheer material.

The sheers have continued their sway into the winter, and are shown in nets and laces. Another fabric trend is toward stiffness, expressed in taffeta, slipper satin, or heavy brocades. Colors favored at the recent show in New York were the reds, ranging from lively orange and flame tones to deep wine. Royal blue is another shade in high favor. Beading and sequins make glittering trim. Puffed sleeves accentuate the molded lines of many frocks, while

### GUEST BANQUET IS PLANNED BY EL PROGRESSO

#### City's Study Clubs Will Entertain Tuesday

The Christmas party season, introduced with holly and reindeer at several entertainments the past week, will receive the impetus of annual club celebrations during the next few days. Study clubs, which plan only one meeting in December, will in most cases make that meeting a social one with Christmas theme.

El Progresso club's annual banquet Tuesday evening is the most elaborate function planned. Members will entertain guests at that time at Schneider hotel. Christmas Around the World will be the theme of program and decorations.

Mrs. Donald Adair Powell, new resident of Pampa who lived 10 years in Old Mexico, will be the speaker and will tell of Christmas customs there. Music will be by Oscar Croson, violinist, James Rodden, vocalist, and Miss Hope Wells, piano accompanist.

Mrs. W. R. Erving will act as toastmaster. Arrangements for the banquet are in charge of the entertainment committee: Misses C. T. Hunkapillar, J. H. Kelley, C. P. Buckler, Claude Ledrick, and George Walstad; and the program committee: Misses James Todd, J. M. Dodson, Dave Pope, and Lee Ledrick.

Afternoon programs of three other clubs Tuesday will be set to the music of Christmas carols. Child Study club will have its annual Bible program in Mrs. Lee Harrah's home. Mrs. Bob McCoy is to sing carols. Mrs. Roy Tinsley is leader.

Mrs. Dick Walker will lead a Christmas program for Twentieth Century Forum at the home of Mrs. Arthur Teed, assisted by Mrs. A. J. Holland and Mrs. Clarence Bennett. Twentieth Century club's program will be at the home of Mrs. Tom Rose. Mrs. Roger McConnell and Mrs. W. R. Campbell are in charge of the program.

The special December meeting of Twentieth Century Culture club will not stress Christmas, but will be a Mexican luncheon in keeping with the year's study course on Mexico. Mrs. Jim Collins, Mrs. C. W. Briscoe, and Mrs. C. H. Schulkey will be hostesses at Mrs. Schulkey's home Tuesday afternoon.

A Christmas party on Friday will be that of Delta Kappa Gamma, teachers' sorority. Mrs. E. A. Hampton will be in charge of the entertainment in the home of Mrs. R. B. Fisher.

Also on Friday, the Home Demonstration club council, both retiring and incoming members, will be entertained at the home of Mrs. Fred C. Fisher at Meriten. Husbands of the council members will be guests also.

## BRITISH AMERICAN PRODUCTION HAS INCREASED 700 PER CENT

### At Convention

Mrs. Katie Vincent, president of the American Legion Auxiliary here, is official delegate from the chapter to the district convention in progress at Amarillo, and will make the Pampa report this afternoon.

The British American Oil Producing Company now has a daily net production of 12,600 barrels, a 700 per cent increase during the last year, according to a quarterly report forwarded this week to the parent organization.

The company's total production in the Oklahoma City field in September, 1935, was 8,922.45 barrels while its production in the same area in September, 1936, was 378,000 barrels.

Records of the company's Tulsa headquarters show a daily net production of 10,750 barrels from its interest in 56 wells in the north district Oklahoma City field, the balance of the production coming from Texas, Kansas, Montana and other Oklahoma wells.

Of interest to the industry is a \$1,000,000 bond which the company has posted with the district court clerk's office in Oklahoma City in connection with litigation involving the Piersol lease in the manvant area.

The 25-acre lease and its five producing wells had a production of 1,299,088 net barrels from December 15, 1935, to June 30, 1936, when the Barnsdall Oil Company and the Midway Oil Company filed suit in Oklahoma county district court, charged breach of contract and cleaned a one-half interest in the lease.

The trial court held for the plaintiffs and in lieu of granting an actual cash judgment, retained jurisdiction over the accounting features of the lawsuit pending final adjudication of this litigation. Approximately \$600,000 and a one-half interest are involved.

## LARGE WELLS COMPLETED IN TWO COUNTIES

### GRAY AND HUTCHINSON HAVE SEVEN NEW WELLS

December opened in the Panhandle oil field with a flurry of drilling reports and an unseasonable number of completions in the Railroad Commission's report of last week.

Chief interest was centered in the Claude Drilling Company's No. 2 Gorenflo, section 186, block 3, I&GN survey, Gray county, which came in for 1,057 barrels according to Railroad Commission test. Pay in the well was in granite wash formation from 3,165 to 3,175 and from 3,250 to 3,260 feet. The well, about six miles west of Pampa, is the largest in that area in the past year.

The other surprise well was the Benomine Oil Company No. 3 Starnes, section 24, block M-23, TC&RR survey, Hutchinson county, which was completed for 1,110 barrels in lime from 3,089 to 3,165 feet. It is the largest producer in that particular area.

After three weeks of comparative quiet, drilling was brought to the front with 13 new locations. Gray county led with six followed by Hutchinson with four, Wheeler with two, and Carson with one.

Eight new tests added 5,386 barrels to the field potential. Gray county also led in completions with five good for a total output of 3,417 barrels.

On top of that, the local office of the Railroad Commission issued a new proration schedule for the month of December showing the percentage of proration oil allowed increased from 391 to 1,032 per cent and the field allowable increased from 57,485 barrels to 59,110 barrels, not including Moore county or the Osborne area in Wheeler county.

Osborne area in Wheeler county. Completions for the week by counties:

**Gray County.**  
King Oil Company No. 6 Vollmert, section 140, block 3, I&GN survey, completed for 341 barrels with pay from 2,171 to 3,190 feet in granite wash.

Claude Drilling Co. No. 2 Gorenflo, section 186, block 3, I&GN survey, tested 1,057 barrels with pay in granite wash from 3,165 to 3,175 and from 3,250 to 3,260 feet.

Magnolia Petroleum Co. No. 5 Latham, section 153, block 3, I&GN survey, completed for 341 barrels with pay from 3,171 to 3,190 feet in granite wash.

Warner Oil Company No. 3 Chapman, section 69, block 25, H&GN survey, tested 864 barrels with pay in granite wash from 2,612 to 2,619 and from 2,691 to 2,695 feet.

Empire Oil & Gas Company No. B-5 Archer, section 139, block 3, I&GN survey, tested 559 barrels with pay in the lime from 3,142 to 3,216 feet after a shot of 440 quarts.

**Hutchinson County.**  
Benomine Oil Company No. 3 Starnes, section 24, block M-23, TC&RR survey, tested 1,110 barrels with pay from 3,089 to 3,165 feet in lime.

Phillips Petroleum Company No. 2 Bryan, section 6, block M-21, TC&RR survey, completed for 437 barrels with pay from 3,035 to 3,042 feet in lime.

**Wheeler County.**  
Sikely Oil Company No. 24 Johnson, section 47, block 24, H&GN survey, tested 422 barrels from granite wash pay between 2,360 and 2,425 feet.

## WALLACE FUNERAL TO BE HELD AT PANHANDLE

Funeral services for Homer E. Wallace, 42, who was killed in an automobile accident on U. S. Highway 66 near McLean Thursday night, will be conducted Monday afternoon at 2 o'clock in the Baptist church at Panhandle with the pastor officiating. Burial will follow in Washburn cemetery in charge of Pampa Mortuary.

Wallace was unloading feed from one wagon to another when a car crashed into it. A heavy fog hid the wagon from the driver, it was reported. Wallace was rushed to a Pampa hospital but his injuries proved fatal a short time after he had been admitted.

Surviving Wallace are his mother, three sisters and two brothers. Wallace resided at Clarendon but was moving to a farm east of McLean when the accident happened. He had been a resident of the Panhandle community before moving to Clarendon.

## Santa Letters

(Continued from Page 9)

I want two guns, two scabbards and belt.  
**HENRY FORD.**

Dear Santa: We are two boys, and I want a bicycle and a punching bag and my brother wants a streamline tricycle and a gun. Don't forget Mother and Daddy.  
Love from  
**JERRY and RONALD DUBLIN.**

Dear Santa: I am 8 and I want a train with a transformer, a tinker toy set, and a telescope.  
With love,  
**BOBBY REYNOLDS.**

Dear Santa, I want a Teddy bear and a doll, a doll buggy, a dog, and a desk.  
With love,  
**ELIZABETH REYNOLDS.**

Dear Santa Claus: I am a little girl 3 years old. I live at 839 W. Francis. Please bring me a doll, piano, doll buggy, dishes, candy, and nuts. Don't forget Frank, Mother and Daddy.  
Your sweetheart,  
**MARIAN SUE GILLHAM.**

Dear Santa Claus: I am a little boy 5 years old. Please bring me a carpenter chest, red wagon, G-man gun, football. If you run out of money before you get all this, try real hard to bring the wagon. You'll find some cake and a drink on the table. Please remember everyone this Christmas.  
Your little friend,  
**FRANK GILLHAM.**

**Sailor Trapped in Extortion Scheme**

LOS ANGELES, Dec. 5 (AP)—A confessed attempt to extort \$5,000 from dancing Ginger Rogers of the films led a 20-year-old sailor into Department of Justice trap today. J. H. Hanson of the department announced the arrest of James F. Hall, whom he identified as a sailor on the Navy's aircraft carrier Lexington, on the streets of Long Beach about midnight near a cafe where Miss Rogers had been directed to bring the money.

The officer declined to reveal details of the arrest, but declared Hall confessed he was the author of letters which threatened death to the red-haired actress, his screen favorite, unless she paid.

First announcement of the arrest came from J. Edgar Hoover, ending years of Miss Rogers' studio for the safety of its prime feminine box-office favorite.

Miss Rogers and her mother, Mrs. Lella Rogers, expressed surprise at the youth of the man arrested.

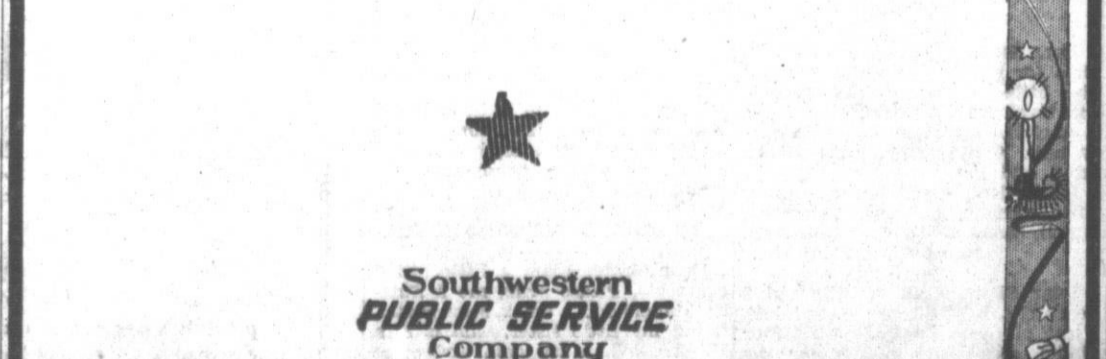

"I am taken by surprise—spell-bound," the actress declared. "I don't know what to do or say. The Lexington is one of my favorite boats, too. I'm glad they caught him, but I am sorry it was such a young man. I feel more at ease now with this out of the way."

## SCHOOL CHILDREN DESERVE COMFORTABLE LIGHT

Growing school children need plenty of glareless light for their studies, in order that their eyes may develop normally.

Insufficient light or glaring light may cause irreparable injury. In fact recent studies show that one out of five children in grammar school has some defect in vision.

The new I. E. S. lamps are comfortable. The first one was made for a school girl by her father. Just read under one of these new lamps for a few minutes. It will be easy to see how much it will help your children. Not only will they be able to see more comfortably but they will be able to see faster after you give them a student lamp.

# Streamlined Toys Here Really Work

By SUE VINSON  
 "Lookit the trains! Trains! Trains!" and the small boy mashed his nose against the window in approved Christmas fashion.

"Trains! Trains! Trains!", the smaller girl joined in the chant only to change suddenly to "Lookit the big doll up high!"

It happens every year when toyland opens and Santa Claus becomes the most popular client of the United States postal service. The same eager interest that met the toy displays last year, and when you were a little tot, is in evidence again.

And beneath their new paint and streamlining, the toy displays are much the same, too. The clerk will point out that this is the very new model, and wistful adults will sigh that toys were never like this when they were kids, forgetting that the adult world has changed, too.

This year's toys are still the adult world in miniature. A popular train is a replica of the Burlington zephyr; dolls are in the likeness of the Dionne quintuplets or the ubiquitous Shirley Temple; toy autos bear the insignia of the G-Men, but they are still trains, dolls, and the modern version of the little red wagon.

There are plenty of little red wagons, though, in their original form but with rubber tires and streamlined design. Streamlining is the touch that marks 1936 on all wheeled toys. In trains, autos, trucks, and airplanes have it, often in its most extreme manifestations.

Toys are built for use, sturdily constructed enough that they have hours of play left for Junior after the Christmas morning trysts by Daddy and Uncle Henry. Nobody could blame the adults for wanting a first chance at these toys, either.

They are fascinating, some with intricate mechanical workings, and more of the popular construction type, made for building things. The things they build range from simple clay modelings for the tiny child to bridges and skyscrapers that test the skill of the amateur engineer.

Chemical sets are popular, and this year there is a miniature microscope that would delight any embryo scientist.

Girls find their share of toys that really work, also. Most of them are adjuncts of the well-regulated doll house—electric stoves that will cook, sewing machines, washing machines, cooking utensils, dinner services, and cleaning sets that have a broom, mop, sweeper, duster, and scouring powder.

Comic strip characters appeared in many forms, and Donald Duck has joined his chum, Mickey Mouse, in the front rank of popularity with Popeye and his friends. There are Mickey Mouse and Popeye dolls, whistles, balloons, paint books, and dishes. Mickey even supplants the old-fashioned rocking horse in one instance, getting on his hands and knees to let the small owner ride on his back.

While pacifists decry the craving, boys still want guns and boxing gloves, and find them in Toyland. The G-Man guns are new this year, but the Texas style six-shooter and scabbard have lost none of their appeal. And one local store has about sold its entire stock of toy soldiers already.

Games and books, another standby of the season, are in their accustomed places. Adventures of Dick Tracy, the daring detective, and Buck Rogers, who explores the future, have an edge on the classics with which they are displayed on the children's book counter.

A new marble game using the prin-

ple of the sometimes-banned marble machines is offered this year, and variations of the "big business" games which first appeared last year are also numerous.

## BELIEVED RESIDENT OF McLEAN PASSES AWAY

McLEAN, Dec. 5 — A. A. Callahan, 78, one of McLean's most beloved citizens, died this morning at 10:30 o'clock. The funeral will be conducted Sunday afternoon at 3 at the Baptist church, of which he was a member. The Rev. W. E. Hamilton of Lubbock, childhood friend of Mr. Callahan, will officiate.

Mr. Callahan, who was born in Denton county, had resided in McLean for 29 years. He had been in failing health the past six months, and had spent part of that time receiving treatment at Mineral Wells. His condition became serious several weeks ago.

He will be buried in McLean cemetery beside the body of his wife, who died Aug. 15, 1933. He had no children. Survivors are a sister, Mrs. Florence Reed of Foss, Okla., who is unable to attend the funeral, and several nieces and nephews, among them C. P. Callahan of McLean.

Mr. Callahan owned property in Gray and Carson counties, and was well known in this section.

Ask yourself these five questions about Your Home Financing Plan:

- Is it the safest plan possible?
- Is it the most economical plan?
- Does it provide a debt-free home within a definite period?
- Can I retire the loan from income with small payments, like rent?
- Do I pay interest ONLY on the reducing loan balance?

With Our plan the answers are...YES

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

*"How much of its deposits does a Bank loan?"*

THE demand for loans by business concerns and individuals grows, to a considerable extent, the amount of money which a bank loans. A bank cannot, however, loan all of its deposited funds.

A portion must be kept in cash to meet the daily needs of customers. A portion must be set aside as reserves which are required by law. A portion is kept in other banks to facilitate the "clearing" of checks from one city to another. A part is invested in government bonds and other readily marketable securities that can be turned into cash as the bank may need it. The balance of the bank's funds is available for sound loans.

This bank has money to loan for sound purposes that safeguard the deposits entrusted to our care. In this way we can perform the maximum of useful service in the business life of this community.

THE FINANCIAL WHIRLIGIG

By LOUIS SCHNEIDER

PLAN According to Washington contacts the administration is determined to balance the national budget by 1938. But it will not be done by a reduction of expenditures. It will be accomplished by maintaining the existing tax rates thus allowing the business recovery to make up the difference. The inside story is that this attitude is part of President Roosevelt's general scheme to aid the "have-nots" at the expense of the "haves." This is said to be FDR's plan to increase the purchasing power of the low-income groups.

BATTLE The New York Stock Exchange has appointed a special committee to study whether or not it would be advisable to increase commission rates. The report will not be considered by the membership body until the Securities Exchange Commission clears up its position on segregating members into two groups of brokers and dealers.

HAITI Because of the success of the Argentine operations the Republic of Haiti is moving to do likewise. The refinancing is now being discussed. Several meetings on the subject have already been held.

HIGHER Current prices being quoted in the lingerie market are subject to withdrawal without notice. Reason? Under the new tax law as long as a corporation is in the process of reorganization—going through bankruptcy—there is no telling whether or not it is earning profits because of capitalization doubt. Therefore the corporation isn't subjected to taxes on profits. By delaying reorganization to the new year the tax law is circumvented.

LIMITED There's a reason why bank shares aren't at higher prices along with other security markets. That is that banks get their profits out of commercial loans. Because of low money rates these investments don't pay much in the way of returns. While it is admitted that commercial loans are at the best levels since 1931 it isn't sufficient in volume as yet to show large incomes to banking institutions.

ONE banker stated that many large sized private-owned industrial plants aren't asking for money as yet. These people liquidate their federal bonds when in need of cash. It is this banker's opinion that if President Roosevelt really played ball with business, honest-to-goodness industrial activity would start. "Until then income for banks will be limited, which is reflected in the action price-wise of banking securities."

## CLUB PARTIES FEATURE WEEK IN SKELLYTOWN

### ONE MARKS YULETIDE; ANOTHER HOLDS ELECTION

**BY MRS. W. W. HUGHES.**  
**SKELLYTOWN, Dec. 5.**—The Christmas program of Eleanor Roosevelt Study club was presented Thursday in the home of Mrs. Henry Johnson, with Mrs. C. H. Robinson as leader. The theme was "The Bible." Birds mentioned in the Bible were named in answer to roll call.

Mrs. Robinson spoke on "The First Christmas." Must of the Bible was Mrs. H. W. Sherrieb's topic. Mrs. K. A. Sorenson discussed trees, fruits, and flowers of Palestine, and Mrs. J. B. Speer told of Home Life in Palestine. Mrs. George L. Stanley described the city of Jerusalem. During a social period, a shower was given the hostess. Gifts in a pink and white chest with gold key were presented by Edna Ruth McEachran and Doris June Shipley.

Refreshments were served to Mmes. Jack Tomlin, Max House, Earl Haslam, Earl New, J. W. Lee, Frank Fisher, O. D. Halley, George Heath, Miss Annie Yarnell, and those on program. Gifts for the shower were sent by Mmes. Tom McEachran and the Hughes.

### Sewing Club Elects.

Officers were elected Friday when Pleasant Hour Sewing club met with Mrs. M. L. Roberts. Mrs. Roberts was elected president, Mrs. P. L. Norris vice president, Mrs. B. L. Barnes secretary-treasurer, Mrs. W. W. Hughes reporter.

### At a business meeting conducted by Mrs. Jack Tomlin, plans were made for a Christmas party on Dec. 18 in the home of Mrs. O. L. Satterfield.

Plans were also made for a New Year's party, a covered dish lunch in the home of Mrs. Hughes and bridge afterward in the home of Mrs. D. Bowsher. Husbands of members will be guests.

In an hour of games and contests, Mrs. Barnes and Mrs. Hughes received the awards. Sandwiches, pickles, pie, coffee, and minis were served to three new members, Mmes. Tommie Hall, Joe Wedge, and Pat Norris, and to Mmes. E. M. Stafford, J. C. Jarvis, Satterfield, E. E. Crawford, Bowsher, Tomlin, Arthur Johnson, Hughes, Barnes.

### Program on Health.

Mrs. Earnest Hawkins was hostess Tuesday to Sunshine Home Demonstration club. Mrs. Richard Barnes was leader of an interesting program on Health, after a short business session in charge of Mrs. L. Feigen-span.

Roll call was answered with simple home remedies. Mrs. H. E. Patton had the topic, "Why Catch Cold?" Mrs. Pat Norris, "Tuberculosis and the X-Ray," Mrs. Joe Wedge, "Erysipelas and Diathermy Treatments," Mrs. Feigen-span, "Allergy—Foods and Pollens in Asthma and Hay Fever."

A Christmas party was planned for Dec. 15, in the home of Mrs. W. W. Hughes. Names were drawn for a gift exchange.

Pie and coffee were served.

### What-Not Club.

Mrs. Aaron Edwards entertained What-Not Sewing club Wednesday afternoon. Conversation and sewing were enjoyed, then a salad plate was served to two new members, Mmes. M. S. Pike, Joe Wedge, C. R. Jackard, John Fast, Pat Norris, Misses Anna Laura Pike, and Vanice Wedge. Mrs. Wedge will be next hostess.

### Personal.

Mr. and Mrs. Carl Olson of Erie, Kas., are visiting in the home of J. E. Carlson. Mr. Olson, brother of Mrs. Carlson, is well known here, as he was employed here two years ago.

Mrs. Marjorie Box and children have returned to their home in Tulsa, Okla., after visiting her mother, Mrs. G. Thornburg, in Pampa and her sister, Mrs. Hazel Thurlow, here.

### Mr. and Mrs. F. C. O'Neal of Magic City visited over the week-end in the D. M. Covey home.

C. G. Addington and Mrs. C. D. Robinson of the Stanolind Wear camp visited in Wheeler Thursday.

### Clyde Carlson of Lucien, Okla., spent Monday here with friends.

Mr. and Mrs. J. C. Jarvis had as guests last week her mother, Mrs. S. M. McCracken of Wheeler, and her brother and family, Mr. and Mrs. Neil McCracken and son of Berger.

## KIWANIANS TO ATTEND DALLAS CONVENTION

Chris Martin, president-elect, E. W. Voss and W. F. Dean, of the Pampa Kiwanis club, were to leave this morning for Dallas where they will attend a two-day Kiwanis conference at the Adolphus hotel in Dallas.

All newly elected presidents of Kiwanis clubs throughout the state will attend the meetings.

Club objective for the coming year will be outlined.

## Tree for Children, Christmas Lights Planned for Shamrock

**SHAMROCK, Dec. 5.**—More than 170 needy children will be guests of eight city organizations which are cooperating this year on the charity Christmas tree, at one of the largest Christmas parties ever held here, Miss Blanche Adams, general chairman, said today.

The B. & P. W. club will prepare the tree and provide decorations and will also give each child a pair of hose. The chamber of commerce will furnish fireworks, the Boosters club fruit and toys, the American Legion transportation for the children and chairs, and the Legion Auxiliary will provide clothing.

The Parent-Teacher groups will compile the list of children who are underprivileged and will give toys. The fire boys will repaint and repair the toys donated, and the Junior chamber of commerce will donate candy and nuts. Boxes will be placed at several department stores, and people wishing to make donations are asked to leave clothing or toys at these boxes. The party will be on December 23rd.

### Club Entertained

The Irish Progressive club was entertained at the home of Mrs. O. T. Glascock Wednesday night with Mrs. G. H. Burkhalter assisting. After the business session a series of games and contests were enjoyed by a large group present.

Plans were made for a Christmas party to be held at the I. O. O. F. hall some time within the next two weeks.

### Band Parents to Meet

Plans have been completed for the covered dish supper to be given at the band house Friday night, according to Mrs. P. T. Boston, president of the Band Parents association. Because of the large number of association members, band members will not be present. All guests are asked to bring their own cups and silverware. The affair will start at 7:30 and an entertaining program has been arranged.

### Mrs. Eagle Buried

Funeral services were held yesterday at the Methodist church for Mrs. Goldie Eagle, 30, who died after a week's illness. She is the daughter of W. C. Ketter of the Aberdeen community.

She is survived by her father, two children, Maxine and Eugene; three sisters, Eva and Arlis Ketter of Aberdeen and Mrs. Tracey Roundtree of Marysville, Calif., and one brother, Charley Ketter of Aberdeen. Rev. R. A. Stewart was in charge of the last rites.

### Lights For Shamrock

Work on the Christmas lights which are being strung across the business streets of Shamrock is expected to be completed today.

Candy has been ordered for the big Santa Claus party on Dec. 12, and tentative arrangements have been made for Santa to arrive in Shamrock on the east bound Rock Island train, children from all over the Shamrock trade territory will be invited to greet Santa on his arrival in the city, and there will be a band concert on the business streets.

Stores have bought heavily this year of merchandise and their display of toys and gifts will perhaps be the largest shown in four or five years.

### Women Are Hurt

Mrs. Ida Porter of Shamrock and two daughters, Mrs. Walter Boyd of Shamrock and Mrs. Dick Dickinson of McLean, were seriously injured when the sedan in which they were driving was demolished two miles east of Conway Tuesday night. Mrs. Boyd's two children, Robert and Mary Louise, escaped injury and were brought back to Shamrock. Walter Boyd had severe cuts about the head and an injured knee cap.

## LAKETON P-TA SPONSORS TREE

### COMMUNITY PROGRAM IS SCHEDULED AT SCHOOL

**LAKETON, Dec. 5.**—Plans for a Christmas tree and program to be given Dec. 18 were discussed at a December meeting of the P-T-A. Tuesday afternoon at the school-house. Mrs. Ray Jones, president, presided at the meeting. A committee was appointed to begin canvassing for donations for the tree.

Willie Renner, ninth grade, and Peggy Ruth Ware, second grade, were the only students making nothing less than "B's" on the report card for the second six weeks.

The students who were not absent during the third month of school were: Carl and Darlene Carter, Lela Catherine and Kenneth Gray, Paul Jones, Charles Lockhart, Ralph Gillespie, Manson Gillespie, Billy Jo Paris, Dortha Paris, Betty Jean and J. D. Paris, Willie Renner, Hugh Terry, and Homer and Rene R. Ratliff.

Mr. and Mrs. Arthur Corse entertained Tuesday at a buffet supper celebrating their first wedding anniversary. All decorations were carefully worked out to complete the color scheme of pink and white; snapdragons were in evidence. Guests included: Misses Mable McNair, Tavia Dunsworth, and Nancy Strain of Miami; Gilford Corse of

### Dress

(Continued from Page 9)

The neckline may be either high in the back and low in front, or high in front and cut to the waistline in the back. The princess silhouette of dresses is repeated in cloth wraps for evening, while capes are developed in furs. Wraps may be any length. Hairdresses repeats the new elaboration of evening wear, with high-dressed curls decked with flowers, veils, and even ornaments of fur.

Men, who think not of what is new but of what is right in formal clothes, are bound to conform to the accepted standard and not indulge in flights of sartorial fancy for the evening.

Accepted as Pampa's correct formal dress is the dinner jacket, either the single-breasted Tuxedo or the double-breasted model, which is distinguished by its satin lapels

### from the double-breasted daytime coat.

Lapels on the single-breasted dinner jacket are of black grosgrain or tux.

The waistcoat may be either white or black, but the shirt must have a starched bosom, either plain or pleated. Wing collars or starched turn-down collars are correct, but the soft collar is definitely in bad taste. The tie is a black bow; the shoes should be black patent leather. Either an opera hat or a black Homburg may be worn.

Evening jewelry for men is most conservative; white pearl or mother-of-pearl studs remain the safest choice. Jeweled studs, cuff links, and waistcoat buttons of diamonds, sapphires, and the like are permitted if they are very conservative in design.

Overcoats should be either black or navy blue, in single-breasted or double-breasted Chesterfield style or the Guards type with half-belt. A white silk scarf and white or gray gloves complete the evening costume of the best-dressed men.

### CENTRAL BAPTIST MEN

All men of the Central Baptist church are urged to be present at 6 o'clock this evening in the pastor's study for a business meeting. The Rev. John O. Scott, pastor, announces that the meeting is an important one and every man in the church is asked to attend.
