Pampa Man Dies After Being Hit By Freight Car

Floyd Earl Barnes, 75, of 440 Pitts St., suffered fatal injuries under the wheels of a freight car yesterday after he was struck while walking along the tracks about 75 feet east of the Santa Fe depot.

14 Persons Killed

Guards Frustrate Jail Break Try

BUENOS AIRES (UPI) — Guards frustrated early today an attempted mass escape from the Villa Devoto Jail that followed 12 hours of violence in which at least 14 persons were killed and 4 wounded.

Twenty jail officials, held for nearly 11 hours in a washroom as hostages, eventually were released unharmed on the demand of prisoners who were not participating in the attempted break.

Authorities said none of the hundreds of prisoners held in the overcrowded jail escaped.

Guns Smuggled In
Prisoners armed with 38 and .45 caliber pistols smuggled into the jail killed 10 guards in the early hours of the battle. Injured guards, violating a truce agreement, killed 4 of the 5 ringleaders of the break.

The shooting started about 1:30 a.m. Tuesday. Accomplices outside the jail hurled "Molotov cocktails" incendiaries at the walls in an apparent attempt to create a diversion.

A station wagon loaded with unexploded firebombs was found in the street outside the jail, but its occupants had fled.

Hundreds of federal police armed with submachine guns took up positions in the streets outside the prison, and guards from Caseros Prison went in to reinforce the jail guards.

City Commissioner Is Getting Plenty Of Laundry Tickets

The practical joksters are having their inning with City Commissioner L. P. Fort.

Commissioner Fort reported at last night's City Commission meeting that his mail has been flooded with laundry lists and tickets since the recent bond issue election.

Fort was credited with making the statement that he "could be elected on a laundry ticket in the coming city election next April."

"One of the mailed tickets," Fort said, "suggested that I make a diaper service one of the main planks in my platform."

Cathy Sends Greetings To Pampa

Christmas greetings came to Pampans today from faraway Greece. They came from a young lady whom Pampans took to their hearts while she was a foreign exchange student at Pampa High School last year.

Miss Cathy Papathanassopoulou, the exchange student, wrote to the editor of the Pampa Daily News, and enclosed her Christmas message to the people of Pampa and her teachers and fellow students at the high school.

Little Theatre Working On 'Menagerie'

Two nights of dress rehearsals for the Pampa Little Theatre's 62-63 season opening performance begin tonight at the Pampa High School Auditorium.

Performance nights are Friday and Saturday nights starting at 8 o'clock for the play, "The Glass Menagerie."

Don Pope, Mrs. Ruth Holladay and Mr. and Mrs. Dale Walker comprise the cast. They have worked for over two months with director John Callarman and assistant director Marie Jones to polish the sensitive, delicate action of the early Tennessee Williams play.

The action takes place in a tenement in St. Louis in the mid-30s and centers around the attempts of Amanda Wingfield (Ruth Holladay) to revive her good times on a Southern plantation through her children, Laura (Dorothy Walker) and Tom (Don Pope). Dale Walker plays Jim O'Connor, invited by Tom to meet his shy, crippled sister.

Promotional theme for this weekend's production is, "Make Your Christmas Party a Theatre Party," according to Little Theatre President Jim Douthit. Tickets will be \$1 for adults and 75 cents for students.

If it comes from a hardware store on Ave. S. Lewis Hides. Adv.

who investigated the accident, said it happened shortly before 2:30 p.m. as the railway switch engine was pushing three cars into a switch near the passenger and freight depot.

F. L. Denton, 1001 Fisher, switchman, said he was riding the first car and saw Barnes walking beside the tracks with his back to the approaching cars. Denton said as the cars neared the man, he suddenly started south across the tracks, cleared one rail and was hit by the first car and fell beneath it. The lead car passed over his body.

Denton said he shouted and gave an emergency signal to Engineer W. J. Monahans of Kingsmill, but the engineer was unable to stop in time to avoid the accident.

Police theorized that the aged Mr. Barnes did not hear the cars approaching.

He was taken by ambulance to Highland General hospital where he died two hours later.

Mr. Barnes, a retired farmer, had been a resident of Pampa for 20 years. He was born Feb. 5, 1887, in Weatherford, Tex., and on Dec. 14, 1905, he married Frances Wise in Weatherford.

They moved to Greer County, Oklahoma, and also lived in Childress County. In 1925 they moved to Wheeler County and in 1942 to Pampa.

He was a charter member of the Bible Baptist Church, having started the church in his own home.

Funeral services will be conducted Thursday at 1:20 p.m. at the Bible Baptist Church with Rev. H. M. Hutchinson, pastor, officiating.

Burial will be in Memory Gardens Cemetery under the direction of Duenkel-Carmichael Funeral Home.

He is survived by the wife; three daughters, Mrs. K. B. McDowell of Happy, Mrs. Buster Callan of Wheeler and Mrs. Clyde Spruiell of Taboka; two sons, Earl of Wheeler and Raymond of Pampa; five sisters, Mrs. Bert Davis and Mrs. Clarence Box of Borger, Mrs. Florence Burrows and Mrs. Homer Martin of Amarillo, and Mrs. E. L. Keith of Cave Springs, Ark.; and 17 grandchildren and eight great-grandchildren.

Kennedy, Macmillan Start Examination Of Problems

Noisy Television Commercials Up For Investigation

WASHINGTON (UPI) — The Federal Communications Commission, in response to a deluge of complaints, will investigate "irritatingly loud" television commercials.

The agency Tuesday appealed to broadcasters to listen for themselves and to eliminate any practices which might contribute to "annoyingly loud" advertisements. It suggested they lend an ear to the "rapid delivery" and "strident tones" of some announcers.

"Complaints have been coming in by dribbles for years," one FCC official said. "But recently they have multiplied. Maybe it's because Chairman Minow has been telling everyone within earshot that he hears the noise level rise on commercials."

FCC Chairman Newton N. Minow has said his sensitive ears have noticed that "commercials seem to sound louder than the programs," although his engineers can't detect the difference on their monitoring devices.

Minow said he wanted the volume of commercials limited to the volume of adjacent program material.

Minow said he wanted the volume of commercials limited to the volume of adjacent program material.

Minow said he wanted the volume of commercials limited to the volume of adjacent program material.

Increased Dues Sought In Letter To Chamber Of Commerce Members

The Pampa Chamber of Commerce today launched its financial drive to raise \$41,000 from membership dues to carry on the chamber's work in 1963.

Letters were mailed to every member of the chamber urging increased financial support of the organization which now is operating independently and solely on funds raised by membership dues.

E. O. Wedgeworth, chamber manager, pointed out today that an evaluation committee of the chamber had gone over the membership list and in most cases had suggested that firms double their investment in the chamber over last year's figure.

Individual memberships were left at the same figure, but it is suggested in each instance, that individuals increase their membership dues, too.

"Everything is on a voluntary basis and there is no assessment procedure being used," Wedgeworth said.

The chamber manager also pointed out that Chamber of Commerce membership dues are income tax deductible as a legitimate business investment and are not carried as contributions.

The letter sent out to all members over the signature of Loyal Davies, finance director, follows:

"For the first time since 1928 the Pampa Chamber of Commerce is an independent organization supported entirely by membership dues. Last year the Chamber received approximately \$17,000 from city taxes, plus free office space, which will not be forthcoming this year. To make up the loss of the money and an additional \$2400 to provide office space and utilities, it will be necessary to raise an additional (See DUES, Page 3)

Dick Powell May Have Suffered A Setback In His Battle Against Cancer

BEVERLY HILLS, Calif. (UPI) — Dick Powell appears to have suffered a setback in his battle against cancer, but the actor's physician emphasized Tuesday that reports Powell may not live to the end of the year were inaccurate.

"He is not a terminal case," Dr. John C. Sharpe said. "It takes a lot to knock out a big man like that."

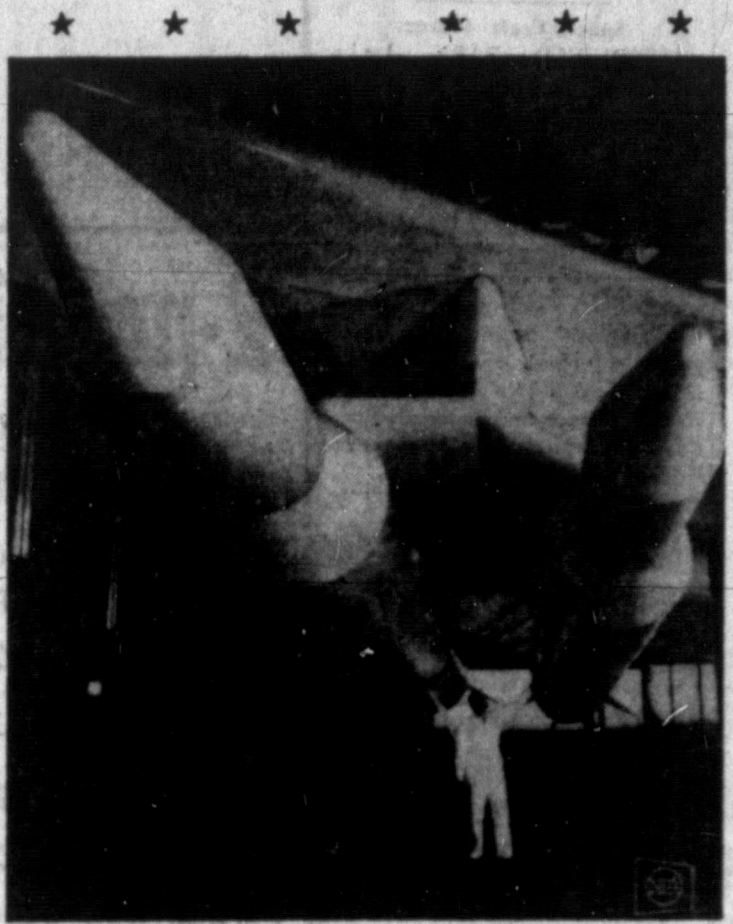

Powell's press agent said the 37-year-old actor is not responding to cobalt treatment and is now getting intravenous treatment according to what he learned from Dr. Sharpe.

"The doctor said Powell is under increased sedation and it now appears the back trouble for which he was hospitalized three weeks ago may not be altogether unrelated to the cancer," Frank McFadden said.

Powell and his wife, actress June Allyson, moved with their two children Tuesday night from their home here to an apartment on Wilshire Boulevard, also in Beverly Hills.

Dr. Sharpe said the actor-producer-director "is a very sick man." He said he was suspicious that the back trouble, first diagnosed as a muscular spasm, may be another malignancy.

Powell reported earlier that the cobalt treatments at UCLA Medical Center had reduced the cancerous growth by 85 per cent. He suffered from malignancies in the lymph glands and upper right chest.

THIS IS SKYBOLT — Two test model Skybolt missiles are shown here suspended from a mock-up B-52 jet bomber wing. U.S. talk of canceling development of the missile has caused a stormy reaction in Britain. The British had been counting on the Skybolt to give a new lease on life to their aging bomber force and maintain Britain's independent deterrent power. With 1,000-mile range the solid-fueled Skybolt could be air-launched far from enemy territory to deliver its nuclear warhead. The missile has had five failures in five tests. President Kennedy and Prime Minister Macmillan are expected to give the Skybolt controversy a top spot on the agenda during their current talks in Nassau.

NASSAU, Bahamas (UPI) — President Kennedy and Prime Minister Harold Macmillan met today for a searching examination of differences between Britain and the United States including the dispute over the Skybolt missile.

The two leaders began their first formal conferences at 9:50 a.m. at the British prime minister's residence at the western tip of New Providence Island.

Officials said they expected the two men to make a general assessment of East-West problems before they tackle the issues over the future of the Skybolt and a threatened new crisis in the Congo.

The meeting followed a 15-minute picture-taking session in front of the residence of a Canadian widow which has been turned over to Macmillan as his headquarters.

Serious Subjects
Kennedy and Macmillan were confronted with the grimmest agenda of their six conferences in two years.

They had met informally for about 45 minutes late Tuesday and arranged details of today's first formal session.

With Kennedy this morning were a number of top military and diplomatic advisers.

Those with the President were Defense Secretary Robert McNamara, Undersecretary of State George Ball, presidential adviser on international security affairs McGeorge Bundy, U.S. Ambassador to Britain David K. E. Bruce, and Soviet affairs expert Llewellyn Thompson.

Among those with Macmillan at the meeting were Foreign Secretary Lord Home and Defense Minister Peter Thorneycroft.

Expect U. S. Concession
The British knew before coming to Nassau that the United States had decided to drop its end of the highly expensive program to develop the 1,000-mile air-ground Skybolt missile.

What Macmillan was believed to be seeking here was a solid indication of what the United States is willing to do to fill the gap in Britain's nuclear deterrent that will be caused by Skybolt's loss.

The United States is expected to make some sort of concession but American officials said flatly Kennedy had made a final decision not to pour further U. S. millions into Skybolt.

The grave U. S. view of possible Soviet intervention in the Congo appeared to be the newest element injected by Kennedy into the Big Two meeting.

Mission To Congo
Shortly after the President arrived and received a warm airport welcome from Macmillan and Bahamian officialdom, American sources disclosed that a high level U. S. military mission had been ordered to the Congo for a fast survey of United Nations and Congolese defense forces.

They had met informally for about 45 minutes late Tuesday and arranged details of today's first formal session.

With Kennedy this morning were a number of top military and diplomatic advisers.

Those with the President were Defense Secretary Robert McNamara, Undersecretary of State George Ball, presidential adviser on international security affairs McGeorge Bundy, U.S. Ambassador to Britain David K. E. Bruce, and Soviet affairs expert Llewellyn Thompson.

Among those with Macmillan at the meeting were Foreign Secretary Lord Home and Defense Minister Peter Thorneycroft.

Skybolt Controversy Is Tops On Agenda

By MERRIMAN SMITH
United Press International

NASSAU, Bahamas (UPI) — President Kennedy and Prime Minister Harold Macmillan met today for a searching examination of differences between Britain and the United States including the dispute over the Skybolt missile.

Military Budget Is At Record

WASHINGTON (UPI) — President Kennedy will send Congress next month a record military budget calling for an eventual force of 950 Minuteman missiles and a hefty increase in conventional arms.

Informants said Kennedy was expected to ask funds for 150 of the new intercontinental rockets to add to the 800 already authorized for the Air Force. The first 20 Minutemen were declared operational at Great Falls, Mont., Dec. 11.

It was reported that purchases of conventional Army weapons and Army type aircraft would be increased by several hundred million dollars over the present annual rate of about \$2.5 billion.

The new budget is for the year starting July 1. Total military spending will run between \$38.3 and \$51.3 billion compared with an estimated \$48.3 billion for the year ending next June 30.

Fall By Wayside
Many service proposals fell by the wayside or were reduced drastically under the pressure to hold down costs in the face of a federal deficit.

A military pay raise of about \$1 billion was expected to be included in the budget, however.

Military manpower will be held substantially at today's authorized strength of about 2,700,000.

Pair Jailed On Charge Of Forgery

A man and woman from Indiana were in Gray County jail today awaiting grand jury action on forgery charges filed against them in the court of Justice of the Peace C. H. Day at McLean.

Sheriff Rufe Jordan said the pair was arrested by Highway Patrol officers after they had attempted to pass a check for \$2.50 in McLean. A call to the Oklahoma bank on which it was drawn disclosed that the check was no good, the sheriff said.

Deputy Sheriff D. L. Day went to McLean where the couple, Oralex Thomas, 38, and Mary Katherine Hickman, 33, both of Bloomington, Ind., were arraigned and placed under \$1,000 bond each.

Deputy Sheriff Day brought the pair to Pampa where they were lodged in jail in lieu of posting bond.

The audit showed the city had spent \$15,000 less in operating expenses during the year, but there was an approximate \$47,000 increase in overall expenditures.

The auditor's report in detail is open for public inspection at City Hall.

The commission, by a 4 to 1 vote, adopted a resolution to appropriate \$1,940.75 to pay for curb and gutter on S. Barnes St., just south of the city limits in cooperation with Gray County Commission (See COMMISSION, Page 3)

More Shopping Days Until Christmas

750 May Die On Next Week End

CHICAGO (UPI) — Christmas weekend traffic accidents may claim the lives of up to 750 persons, the National Safety Council has estimated.

From 27,000 to 33,000 persons also will suffer disabling injuries during the period, the council said.

Based on experience from previous Christmas holidays, the council forecast that more than half of the drivers involved in fatal accidents will have been drinking. One of four traffic deaths will be that of a pedestrian.

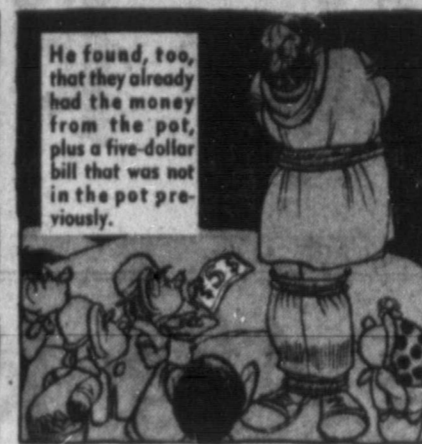

Although the toll is estimated to run from 650 to 750, Safety Council President Howard Pyle said it could be less if drivers and pedestrians observe basic traffic safety rules. The weekend will last 102 hours, from 6 p.m. Friday, Dec. 21, to midnight Tuesday, Dec. 25.

CHRISTMAS ON MARROW-BONE RIDGE

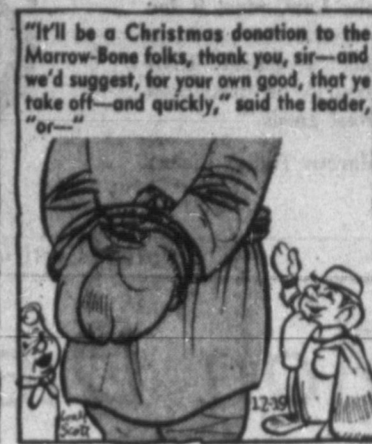

BY WALT SCOTT

The thief also discovered he was bound hand and foot, and that the little men were in dead earnest.

He found, too, that they already had the money from the pot, plus a five-dollar bill that was not in the pot previously.

"It'll be a Christmas donation to the Marrow-Bone folks, thank you, sir—and we'd suggest, for your own good, that you take off—and quickly," said the leader, "or—"

EMBASSY PUZZLED
LONDON (UPI) — The U.S. Embassy got uneasy last week when people kept telephoning ask who was the American ambassador in Russia.

Information desk kept replying Foy Kohler. Finally, an embassy employee asked the next caller why all interest in the ambassador.

"It's a question in a newspaper crossword puzzle," the caller replied.

LETTERS to SANTA CLAUS

Dear Santa Clause, I am a good three year old boy but I sometimes say the wrong thing. If you can overlook this one fault maybe you will bring me what I want for Christmas. I've seen you three times and told you everything I wanted but I want to add a guitar and a tool chest like my dad's. Don't forget anyone, because everyone loves you.
Randy Spoonmore
2310 Charles

Dear Santa Claus: I am four years old and would like these toys for Christmas. A bowling set, Tumble Bug, Racer set, snow cone machine and a hokey pokey. Thank you.
Jimmie Richardson
17 E. 16th St.

Dear Santa: I would like a Serenade Doll and a Sno Cone machine for Christmas. I have been a very good girl.
Judie Kim Lankford

Dear Santa, I go to Woodrow Wilson school and I am in the 2nd grade. I would like a Tiny Thumbelina Doll, 12 Miniature Animals, and a Jewelry box, also a Musical Cradle, a shoulder H. Bag, and Thumbelina's Doll case.
Sincerely yours,
Kathy Gallman
501 Magnolia

Dear Santa: I try to be good and help Mother all I can. For Christmas I would like whatever you would like to bring, but especially an oil painting set or a wood burning set or a marionette puppet or a toy mixer or a travel alarm clock. Please bring my big sister: something nice like some fruit, nuts and candy. Your friend,
Martha
1824 Beech

Dear Santa, I have been a good boy. I want a football, a superman suit, Mr. Robot, Commando Guns and holsters. My little brother David wants Mr. Machine and gun and holster, cowboy boots. He has been good too. Thank you.
Chuck Jeffries

Independents Say Texas Importing Oil

AUSTIN (UPI)—A group of independent oil producers Tuesday urged the Texas Railroad Commission to seek legislation to prevent imports of oil from neighboring states from undercutting Texas production.

The request came as the commission met to decide the January, 1963, oil allowance for the state.

The Texas landowners and independent oil and gas producers association charged that major producers are bringing in more oil to Texas refineries from neighboring states than they are purchasing in Texas. During September, a spokesman for the group said, Texas nominations were for 29.3 million barrels while major producers imported 27.8 million barrels from other states.

The association said major producers were deliberately keeping Texas nominations at a low level while buying heavily from such states as Louisiana, Arkansas, New Mexico, Oklahoma, Kansas and Alabama.

"The legislature must remedy the deliberate circumvention of the market demand statute so that producers will be forced by law to nominate realistically the purchase of crude from oil wells in Texas," the association told commissioners.

The problem with the oil industry in Texas is not so much from foreign imports as from imports from other states, the spokesman said.

"Slanted nominations, not slant-hole drilling, have brought chronic crisis to Texas oil industry," the commission was told.

UNSURE OF CASE

DENVER (UPI) — Officials are not sure they have a case against James Henderson, 31, scheduled to stand trial today for assault on commit murder on Mrs. Ruth Haskett, 32, last April 28.

She charged Henderson shot her five times, dragged her to the bathtub and tried to drown her, and when she fought her way out, forced her into the bedroom where he tried to smother her with a pillow.

The couple was reported married in Wichita, Kan., last week.

Sam Houston P-TA Organization Presents Robes To School Choir

The December meeting of the Sam Houston P-TA was opened Thursday, Dec. 13 with the pledge to the flag led by Den five from Sam Houston Pack, 27.

Mrs. Royce, president, presented Mrs. Ed Williams, who gave the inspirational thought for the day. Mrs. Williams reminded everyone to remember their gift to the Christ Child, by giving a gift to someone whom they would not ordinarily give. Mrs. Williams read Christmas "Ee Attitudes," from "Keeping Christmas" by Henry Van Dyke.

Miss Eloise Lane, music instructor at Houston, presented the school choir, singing a selection of Christmas music. The choir, adorned in new choir robes purchased by the P-TA, rendered beautifully the following selections, "Go Tell It On the Mountain," "What Child Is This?" "Bring A Torch Jeanette Isabella," "Twas The Night Before Christmas," "Christmas Day In The Morning," and "The Bell Song." Ricky Land, a student, was accompanist for the choir.

Mrs. Defener's first-grade room won the room count by having the most mothers in attendance.

Mrs. Ray Jordan prepared the door prize, consisting of Christmas cakes, cookies and candies.

The winner of these lovely holiday treats was Mrs. Jerry Lovingood. Mrs. Kenneth Royce, unit president, complimented Mrs. Frank Roach for her efficient work in overseeing the completion of the choir robes. The meeting was then closed with this thought: "It is so easy to lose the real meaning of Christmas in the pretty wrappings."

St. Paul's WSCS Members Meet For Luncheon At Church

The Woman's Society of Christian Service of St. Paul's Methodist Church, met at Fellowship Hall, Wednesday, Dec. 11 for a Christmas program.

"Hear The Angels Sing," was the topic for the program with Mrs. Newlin as program Chairman. Others on the program were: a solo, "What Child Is This?" by Mrs. Jack Riley; a scripture given by Mrs. Newlin; and readings by Mmes. Don Stephens, Bill Tucker, George Eyer and music by Mrs. Charles Norton.

Other members attending were Mmes. Bill Sargent, Jerry Simpson, R. A. Newton, Dan Cotten, Joe Autry, E. N. Franklin, S. I. Holding, W. I. Gilbert, G. L. Tryon, W. F. Gaines, Glen Lock, Lonnie Lollar, Norman Phillips and two guests, Mrs. D. L. Tucker and Mrs. Ed McCabe.

A luncheon followed the meeting. The tables were decorated with the Christmas motif and the Hope Circle was acting hostesses.

'Sick Visits' Made By Rebekah Lodge

Mrs. M. C. Bennett, Noble Grand, presided for the business meeting of Pampa Rebekah Lodge No. 335, Thursday, Dec. 13 at 7:30 p.m. in IOOF Hall, Mrs. Dean Monday, vice-Grand, assisted.

Members reported to be ill at home or in the hospital were: Ronnie Lockhart, Thelma Route, Lillian Powell, a member of Panhandle Lodge, is in Highland General Hospital; Carl Bear, in Amarillo; Vess Brummett, Neal Fulton, ill at home; Mrs. Dean Monday, her father is in a hospital in Los Angeles, Calif.; Mrs. Braby Davis, son is seriously ill in California.

Fifteen sick visits were made by the members.

Final plans were made for IOOF dinner which will be at the Hall, Sunday, Dec. 16 from 11 a.m. to 2 p.m.

The Christmas appreciation party will be Thurs. Dec. 20 at 7:30 p.m. in IOOF Hall.

Mrs. Joe Flock, mother of Mrs. J. T. Lamberson, was a visitor from Big Spring.

The Degree Team initiated Georgia Stanton into the Lodge. Thirty-eight members and one guest were present.

Mrs. Puckett Is RNAC Hostess

The Royal Neighbors of American Camp No. 4917 met recently at 315 N. Nelson, Oracle. Seely opened the meeting and the following officers were elected for the ensuing year of 1963: Oracle, Mrs. O. G. Smith; vice - Oracle, Mrs. Elsie Walker; chancellor, Mrs. M. C. Stapleton; recorder, Mrs. Roy Brown; receiver, Mrs. Maxine Bennett; Intersentinel, Mrs. Iva Ward; outer - sentinel, Mrs. Mary Puckett; marshal, Mrs. Frank Carrill; manager, Mrs. Dolly Casteel.

Mrs. Mary Puckett was hostess, assisted by Mrs. Ama Alexandra. They served refreshments of hot tea, coffee, cake and cookies to the members attending.

Let Christmas Traditions Brighten Yuletide Season

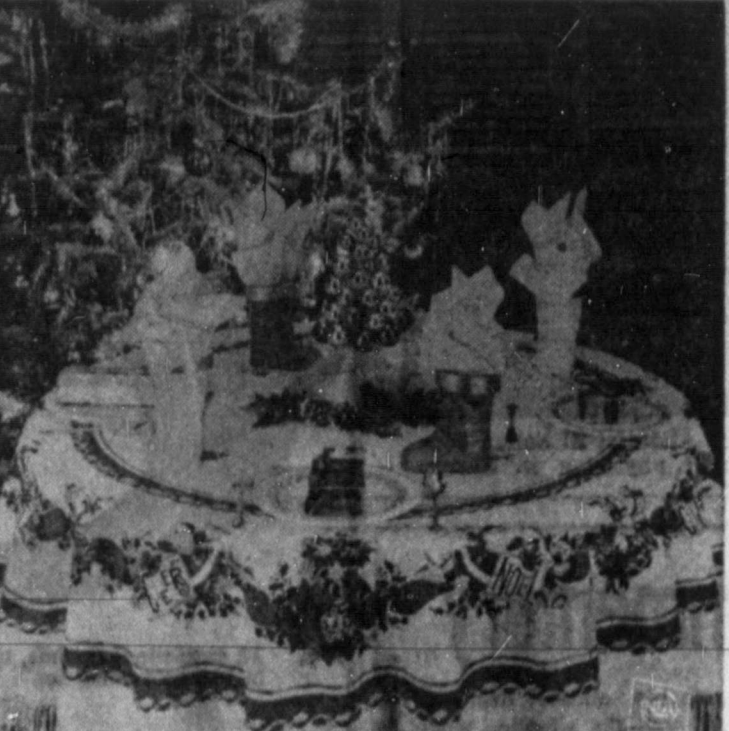

Christmastime is the time to fan the flame of family traditions, fusing the ties that remind us of the past and strengthen us for the future.

Just for fun, look up some of the Christmas customs, past and present, of the country of your forebears. While it's unlikely I'll honor my English ancestry by serving up boar's head on a platter or roasting a peacock, it might add jollity to the holiday to revive the wassail bowl!

Our Danish neighbors down the road, faithful to their Danish Yuletide customs, have excited my interest in a children's party to which we've been invited. Peter Heering, a Danish manufacturer, is giving a series of good-will Christmas parties for American children to honor the 170th anniversary of an ancestor who devoted much of his life to Denmark's underprivileged youngsters.

We will enjoy, I'm told, seeing Nisser (the good gnome of Danish households) as a chief decoration, sampling the rich rice pudding in which one almond is hidden (luck for a year to the finder). Then there will be the Christmas tree decorated with paper birds, white candles, small baskets holding candies, and paper ornaments.

The needy in our town aren't always those with little money.

This Christmas table will delight children. Brightly colored cotton cloth, break-resistant dishes, colorful boots to hold napkins and treats contrive to create a lovely table.

The needy may be strangers in need of fellowship and friendly attention. One of our most memorable Christmas dinners was one shared with neighbors who had sensed our loneliness in a new town.

Don't forget the animals. Let's give extra rations. Let's fill the bird feeders; and plan to set the Christmas tree outdoors later trimmed with peanut butter cups and cranberries and suet.

Dear Abby...

And... That's FINAL!!

By ABIGAIL VAN BUREN

DEAR ABBY: What is your opinion of office parties with no husbands or wives invited?

My husband works for a well-known firm and they throw two big parties a year. He just returned home (it is 3:30 A.M.) smelling strongly of perfume and he is far from sober. He has lipstick all over his necktie (even under the knot!) and his white shirt is covered with make-up.

I have informed him that if he goes to the forthcoming Christmas party I am leaving him for good. And I mean it! Please print this letter, Abby, with your remarks. I believe parties like these are the cause of many divorces.

MRS. X.

DEAR MRS. X: As a gesture of gratitude to valid employees, firms should either invite the spouse or, in the true holiday spirit, give each employee a ham or a turkey or something the en-

tire family can enjoy. To invite married men (and women) without their mates to drink, dance and make merry is courting trouble. However, those who want to decline the invitation can do so.

DEAR ABBY: We'll leave it up to you. How many children do you think there should be in a family?

BIG ARGUMENT

DEAR BIG: No family should have fewer than three children because if there's a genius among them there should be two to support him.

DEAR ABBY: I dated a young man who always thought a lot more of me than I did of him. He asked me to go steady and I refused. I tried to discourage him but he wouldn't be discouraged. He is going into the service soon and his mother telephoned me and asked me please to tell him I would "wait" for him. She said if he didn't have that to look forward to he might not take care of himself. Abby, I don't know what to do. I LIKE this boy, but don't want to lead him on. If I tell him I'll "wait" for him, I'll only have to let him down when he gets home. Please answer soon.

TORN

DEAR TORN: His mother is being unrealistic and overly protective. Of course you shouldn't tell a boy you will "wait" for him when you have no such intention. It is as impossible for a boy's mother to live his life as it is to enlist and go with him. But she'll have to learn it herself.

DEAR ABBY: A neighbor of mine has nothing to do all day but stay on the telephone and collect news of other people's troubles; then she uses me as a dumping ground. She calls me first thing in the morning to tell me who is sick or who is dying. It upsets me for the entire day. Most of these people I don't even know, but when she gives me the details of their sad stories I get depressed. Abby, I have troubles of my own, and I can read plenty of tragic stories in the newspapers. This has been going on much too long. How do I cope with it?

NERVOUS WRECK

DEAR NERVOUS: Tell her in plain language that you would rather not hear about the troubles of people you don't know. If you make it emphatic enough, she'll get the idea.

DEAR READERS: If you have sent for the pecan pie recipe I offered and have not as yet received it, please be patient. I have had over 100,000 requests.

ABBY

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3363, Beverly Hills, Calif.

Mr. Roy Chisum, 405 N. R... a long time resident of Pampa... died in Veterans Hospital in Amarillo at 5:10 a.m. yesterday.

Flying Missionary To Visit Kingsmill

An Alaskan Missionary who has spent the past 15 years as pastor of the Spenard, Alaska, church will have a special service at the Kingsmill Community Church Thursday night at 7:45.

The Rev. Robert G. Palmer, unique among ministers, will bring a soul-stirring and spirit-filled message to the congregation, church representatives said.

The public is invited to come and hear Rev. and Mrs. Palmer sing and preach.

Dues

(Continued From Page 1) \$200,000 from membership dues. During the fiscal year just ended, dues amounted to \$21,000, which means that we must provide \$41,000 from membership dues to handle the same budget we had last year.

"In order to provide the money needed to carry on Chamber of Commerce services as in the past, it will be necessary to double the amount received from membership dues in 1962. Accordingly, a re-evaluation committee was appointed to go over the membership rolls and arrive at suggested amounts to be asked from members. This should not be considered an assessment as membership in the Chamber of Commerce is voluntary and individual members support the organization according to their ability and desire to promote our town and trade area. We have tried to be fair in arriving at suggested dues and hope the amounts are agreeable as we certainly need the whole-hearted support of all members in order to carry out the Chamber's program for 1963.

"Dues are now payable and many of our members like to pay before the first of the year for income tax purposes. The Internal Revenue Department recognizes Chamber of Commerce dues as a legitimate business expense which may be deducted from income before tax. Dues may be paid on a semi-annual or quarterly basis, if desired, although we suggest a draft arrangement so that we would not need to bother members with billings. With present economic conditions, we feel it inadvisable to reduce our Program of Work; and we hope you will be able to invest (here an amount is suggested) in the 1963 Budget."

SINGER AWARDED DIVORCE FORT LAUDERDALE, Fla. (UPI) — The eldest of the singing McGuire sisters, Christine, was awarded a divorce Tuesday on grounds of extreme cruelty.

No alimony or support was involved in Miss McGuire's divorce from John H. Teeter of New York. Miss McGuire, 36, was granted custody of her two sons by a previous marriage whom Teeter had adopted and received an apartment here and 14 acres of land in Nevada.

Christmas Play Slated By Church

"Why Christmas?" a four - act play, will be presented Thursday at 7:30 p.m. at the Church of God, 705 East Campbell.

The play, which will last about 45 minutes, has seventeen characters, three soloists, a manager scene, complete with shepherds and wise men, and baby Jesus.

The play is about an old man who is skeptical about Christmas. He visits three homes where they call themselves Christians, and is about ready to give up, but decides to visit just one more home, and there he finds the real meaning of Christmas.

The public is invited. There will be free gifts for all children (sacks of candy and fruit) and, if possible, to all visitors regardless of age. "Come, and possibly you, too, will discover the real meaning of Christmas, church representatives said.

Christmas Lights Reported Stolen A thief with a perverted sense of values about the Christmas season of goodwill was the object of a police search today.

Mrs. R. J. Angus, 1828 N. Wells, reported that sometime Monday night two strings of outdoor Christmas lights were stolen from the front of the Andrus home.

The two strings of lights, police said, were valued at \$15.90.

Six Pampans Home From Boys Ranch

Bobby and Otis Shaw, Rex Walden, Alvin Jones, Doyle Morris and Wayne Turner, six of the nine Pampa boys who make their home at Cal Farley's nationally-famous Boys Ranch near Amarillo, are visitors for the Christmas holidays in Pampa.

They are among the 300 boys from all over the nation who are being cared for, trained and educated at the Ranch at the present time.

All of the boys are permitted to leave once each year at Christmas-time to return to their hometowns for a visit with relatives and friends. The boys represent 38 states of the nation.

Before leaving for their vacations, all of the boys enjoyed their annual Christmas party in the Boys Ranch Dining Hall and special services were held in the non-sectarian chapel with most of the services conducted by the boys themselves.

Although all of the boys may leave at Christmas-time, many of them remain at the Ranch because they prefer to do so while for others, Boys Ranch is the only home they have. Those who stay enjoy special privileges like sleeping late and having their chores taken over by adult members of the Ranch staff.

Boys Ranch is located 36 miles northwest of Amarillo, and was founded 23 years ago by Cal Farley, former world-champion athlete and successful Amarillo businessman. More than 1,400 homeless and so-called delinquent boys have called the Ranch home since that time.

son, 1201 S. Hobart, on the birth of a boy at 11:05 a.m. weighing 7 lbs. 2 oz.

Former Area Woman Dies

McLEAN (Sp) - Mrs. Scott Johnston, 51, a former resident of McLean, died at 4 a.m. Monday in a hospital in Denton. The Johnstons lived on a ranch out of McLean from 1910 until 1944 when they moved to Denton. They moved to McLean from Arlington.

She was born July 5, 1881, in Arlington and was a member of the Methodist Church.

Funeral services will be held Thursday at 2 p.m. in Moore Funeral Home Chapel in Arlington. Burial will be in Arlington Memorial Cemetery.

Survivors are two sons, Elton of McLean and Norman of Denton; two daughters, Mrs. Shirley Myers of Wichita Falls and Mrs. Margaret Gray of Denton; and 13 grandchildren and 32 great-grandchildren.

Pampa Man Hurt In Fall

C. E. Carter, an employe of the Electric Supply Co. of Pampa, suffered a broken pelvis, rib injuries and shock when he fell from a utility pole five miles northwest of Shamrock yesterday afternoon.

Carter is reported to be in fair condition at Shamrock General Hospital.

The accident occurred in a remote spot not easily accessible by car. The ambulance drove a distance of 20 miles to get to the injured man after fellow workers had radioed the company's Pampa office which in turn called the Shamrock ambulance. The place of the accident was only five miles from Shamrock.

The ambulance traveled the last three miles through brush country along the edge of the Red River.

Commission

(Continued From Page 1) sioners and the state in the paving of a one-mile strip of Hwy. 273 south from the city limits to connect with Loop 171.

The commission also approved, 4 to 1, a resolution to spend \$69.75 for curb and gutter installation in front of the city pump station.

Commissioner L. P. Fort proposed the paving of S. Barnes from McCullough St. north to the Ft. Worth & Denver underpass. The matter was deferred for further study and recommendations by the City Manager and Director of Public Works.

The commission approved November bills totalling \$25,694.11 and passed on third and final reading an ordinance providing for the installation of one - hour

parking meters in front of the Hughes Bldg. Annex in North Somerville St.

The commission canvassed returns of the recent bond election and approved payment of \$272 for election officials who worked at the polls.

The commission agreed to hold the next meeting at 7 p.m. Wednesday, Dec. 26, due to Christmas falling on the regular meeting date.

It is estimated that some 60000 flies from a Communist country every minute of every day.

Negligence Charged in Suit Filed Here

A suit against the R. W. Adams Son oil well drilling company, with headquarters in Amarillo, was filed this morning in district court by William E. Hamlin, his wife Miss Hamlin, and Shyrn Tonguet.

The plaintiffs allege that one Walter Hardin, an employe of the Adams company, "drove his automobile directly into the path" of the plaintiff's vehicle, resulting in a collision, approximately 1/2 mile west of the Pampa city limits.

Each of the plaintiffs ask \$1,000 for injuries received.

Negligence in failing to yield right of way was charged by the plaintiffs.

Harvesters Struggle Past Perryton

By LEE WHITE
Pampa News Sports Editor

A determined band of Perryton Rangers slowed the high-scoring Harvesters the first half of last night's tussle in a startling come-back for the Rangers after having had their hides soundly tacked to the wall in an earlier meeting between the two schools.

The Pampans scattered the Rangers the second half to go on to win, 32-27, in Ranger Field House. In an earlier tussle, Pampa battered the Rangers, 70-26, this season.

Five games in five days and nearly 800 miles of traveling seemed to tell on the Harvesters in the first half of the fracas as the Pampans shot a poor 27 per cent on field goals, threw the ball away numerous times, and played a sub par game for the Pampans. The Harvesters have been averaging over 50 per cent on field goals all season.

Missed free throws continued to plague the Pampans as they con-

ected on only six of 13 attempts for 45 per cent.

Until the last two minutes of the first quarter, it appeared that another romp was in the making as the Harvesters had a 13-4 lead.

Scrappy Rangers
The scrappy Rangers came

alive with six points while the Pampans scored two to move within five points, 13-10, at the end of the initial quarter.

Only a basket by Gary Sikes with 0:02 left in the first half saved the game from being knotted 19-19 at half.

The Harvesters, getting the fast break to work on more than two cylinders early in the second half, padded their slim 21-19 halftime lead with a seven-point surge in the first three minutes while the Rangers had trouble finding the basket.

Don Boyer, 6-6 Perryton center, who sparked the fighting Rangers in the first half with 10 points, cooled off in the second half as he made only one field goal and three free throws.

Gordon Balch
Pampa's Gordon Balch, who plays perhaps a more consistent brand of basketball than his flashy teammates, paced the Harvesters in scoring with 16 points. The 6-1 forward led both teams in the scoring column and won high point honors for the Pampans for the first time this season.

Wayne Kreis, scoring eight of Pampa's first 15 points, was tied for second in scoring with Gary Sikes. Both Harvesters had 12 points. Randy Matson had eight points and Donny Ayres four to round out the Pampa scoring.

With Boyer scoring 15 points to pace the Rangers, Paul Haywood tallied nine and Roger Wright eight to top Ranger scoring.

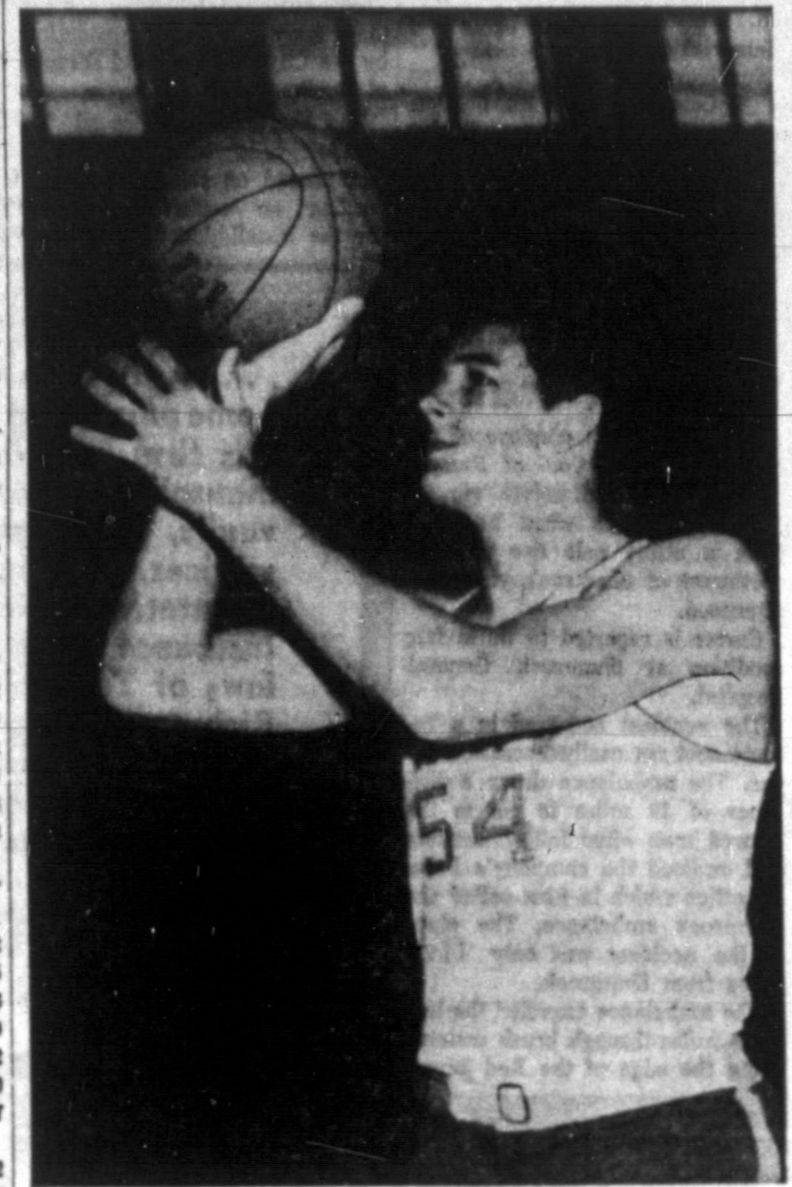

The Rangers swished 7 of 25 field goals attempted the second half to post a 28 per cent average for the second half and 32 per cent for the fracas.

Pampa, warming up in the second half, hit 14 of 26 for 52 per cent. The Harvesters shot 39 per cent for the contest.

The victory gives Pampa a 9-1 season mark and the Rangers a 1-4 record. Perryton is riding a six-game losing streak.

Next game for the Pampans is against Lawton, Okla., in the first round of the Top O' Texas Tournament Friday night in Pampa.

Shockers
In a "B" game preceding the varsity tussle, Pampa's Shockers downed Perryton's Deputies, 48-38, a score identical to the first meeting of the two teams. The Shockers are now 5-2 for the season.

HUSTLING HARVESTER — Pampa's Randy Matson was honored yesterday at the noon luncheon of the Pampa Junior Chamber of Commerce as the "hustling Harvester". The 6-6½ center was recently named to the second team all-tournament team at the Denton Tournament. Matson, the leading Pampa rebounder, is averaging 11.3 points a game. Randy will be starting against Lawton, Okla., this Friday night in the first round of the Top-O' Texas Tournament. (Photo by Smith Studio)

Jack Faulkner Top AFL Coach

By NORMAN MILLER

NEW YORK (UPI) — Jack Faulkner, who made a success of the Denver Broncos on the field and at the box office in his first season as coach and general manager, today was named 1962 American Football League coach-of-the-year by United Press International.

By virtue of good player deals, by installing his pet theories about sound defense, and by boosting the morale of a team that had been an AFL daisy for two years, Faulkner led the Broncos to a second place finish in the Western Division.

The Broncos' 7-7 record this year equalled their combined total of victories for their first two seasons in the league. They won four games in 1960 and only three last year.

A panel of 24 AFL writers (3 from each league city) gave Faulkner 14 votes, compared to 6 for runnerup Mike Holovak of the Boston Patriots. Hank Stram of the Dallas Texans received 2 votes and Lou Saban of the Buffalo Bills one.

This was the first head coaching job for the pleasant, 36-year-old Faulkner, who is a protégé of Sid Gillman, present San Diego Chargers coach. Faulkner developed his effective defensive theories while serving under Gillman at the University of Cincinnati, with the Los Angeles Rams of the NFL, and with the Chargers.

When the Denver owners sought "a young genius" last year to improve the fortunes of the Broncos, they lured Faulkner away from Gillman by offering him the dual job of head coach and general manager.

Denver fans immediately went big for "Faulkner football." The Broncos drew a total of 175,413 fans to their seven home games for the biggest attendance boost in the AFL this year.

Faulkner comes from Youngstown, Ohio, and played football at Miami of Ohio with Paul Dietzel (Army coach) and Art Paszke (Northwestern coach).

Michaels Unhappy With Bonus Label

PITTSBURGH (UPI) — Lou Michaels, the brand new field goal record holder in the National Football League and the highest pointmaker in Pittsburgh Steeler history, finds little consolation in being a "bonus" choice for the Pro Bowl Game.

"I feel a little bad because as a bonus pick you're the last one to be chosen" the left-footed kicker said Tuesday night in a radio interview.

"It hurts me because they picked fellows ahead of me like Bill Glass (Cleveland Browns) and Bob Lilly (Dallas Cowboys)." The huge defensive end believes others are more qualified to play, specifying Andy Robustelli of the Giants and his teammate Ernie Stautner.

Michaels was acquired by the Steelers in 1961 from the Los Angeles Rams in a trade for tackle Frank Varrichione. He said at the time Los Angeles was a party town and said he was glad to get away from the bright lights.

"I've got this strange feeling that it's coming from L.A.," he said referring to the selections.

"Los Angeles isn't a good football town. There are about 12 guys I could name who left to become among the greatest."

He named Jimmy Orr, Del Shofner, Frank Fuller and Dwayne Putnam.

Michaels said the only reason he accepted the bonus selection is because he had never been in

Cotton Bowl Foes Ready

By United Press International

Cotton Bowl opponents Texas and Louisiana State worked out different phases of football Tuesday in preparation for the New Year's Day Dallas game, with the Tigers stressing defense and the Longhorns running on offense.

LSU coach Charles McClendon said he hoped the Tiger defense could catch up with the offense in time for the game. McClendon said both the "White" and the "Go" teams moved the ball well in Tuesday's scrimmage, but said the Tiger goal-line defense leaked against Texas formations.

The Longhorns held an hour and a half workout Tuesday. Coach Darrell Royal praised the running of Jerry Cook and Tommy Ford. Both broke loose for long gains in the session.

The session included a 45-minute scrimmage. Royal stressed the passing attack in the workout.

LAMAR HUNT
... Defends Bell's signing

Lamar Hunt Raps Vikings

DALLAS (UPI) — Dallas Texans owner Lamar Hunt says that anything the Minnesota Vikings have to say about the signing of All-America Bobby Bell by the Texans "is a 'sour grape' cover-up to their own shortcomings."

Hunt said Tuesday the Vikings have made "wildly distorted statements" about Bell's signing.

"These statements which are specifically from Minnesota Vikings officials are fantastically distorted and have been twisted so that Viking officials have resorted to accusing Bell of 'breaking his word' with them," Hunt said.

Hunt said that in all negotiations "Bobby Bell was completely honorable and honest and always maintained that he was open-minded as to his pro football future."

"It is unfortunate that an individual such as Bell must be slandered by a group apparently intent upon a 'sour grape cover-up to their own shortcomings.'"

Robert E. Lee Wins, Loses

Robert E. Lee's Rebels won one and lost one in games played yesterday afternoon.

The eighth grade Rebels stopped Houston of Berger, 34-29, while the ninth graders were edged by the same school, 48-48.

Leading scorers for Coach Joe Perryman's charges were Jack Thompson and James Matney, both with 12. The eighth grade Rebels are 2-0 for the season and play Perryton at Robert E. Lee on Jan. 8 in their next game.

David Cain paced the ninth grade Rebels in scoring with 13 points followed by Steve Swanson with 10, Gary Crossland 7, and David Frazier 6. The Rebels, 2-2 for the season, play Perryton ninth graders on Jan. 8 as well.

NATIONALS HOPEFUL

SYRACUSE, N.Y. (UPI) — The Syracuse Nationals said Tuesday they hoped to have injured players Dolph Schayes, Al Bianchi and Dave Gambee back in National Basketball Association action by the first of the year.

Schayes has a bad knee, Bianchi a fractured hand and Gambee a broken bone in his foot.

TO HONOR UMPIRE
CHICAGO (UPI) — Chicago baseball writers will present umpire Jock Conlan with the J. Louis Comiskey award at a dinner on Jan. 13. The award is given for "long and meritorious service" to baseball.

Green Bay Paces Western All-Pros

LOS ANGELES (UPI) — The champion Green Bay Packers will be represented by eight players on the Western Conference team in the 13th annual National Football League Pro Bowl Game here Jan. 13, game directors announced today.

But missing from the Green Bay contingent was star halfback Paul Hornung who was injured during much of the 1962 season while the Packers were capturing the Western Conference championship for the third straight time.

The Packers, however, landed as many players on their divisional team as the New York Giants did on the Eastern All-Star squad. This insured the top performers from the clubs that meet Dec. 30 for the NFL championship will be rematched in the Pro Bowl tilt.

Starr, Unitas Quarterbacks
Bart Starr of the Packers and Johnny Unitas of the Baltimore Colts were chosen for the key quarterback position. For Unitas it will mark his sixth appearance in the midwinter classic.

But the top veteran on the Western squad is Detroit's Joe Schmidt who will be playing in

er. Packers; Joe Fortuna Bears. Halfbacks — Dick La Lions; Abe Woodson, Forty N ers. Safeties — Willie Wo Packers; Yale Lary, Lions, Ri ie Pettibon, Bears.

LER

FULL STOP—Larry Costello, 21, of the Syracuse Nationals was set to lay up a two-pointer at Madison Square Garden in New York when along came the long arm of the Detroit Pistons' Kevin Loughery to block the attempt. All was not lost, however, because the referee called a foul.

2nd Ranked Blue Devils Upset By Davidson 'Cats

By MARTIN LADER
UPI Sports Writer

Basketball fans in the South are finding it hard to keep their eyes on the bouncing ball this season.

While an occasional upset is an expected occurrence during the long college basketball campaign, the South has been overplaying its hand thus far and starting form reversals have struck its three top contenders for the national championship.

The latest power to feel the sharp sting of surprise was Duke, which fell before Davidson, 72-48, at Charlotte, N.C., Tuesday night. It was the first loss in seven games for the Blue Devils, who are ranked second behind Cincinnati in this week's United Press International ratings.

Follow Natural Course
The reversal now seems to be following a natural course in the South, where in less than three weeks fifth-ranked Mississippi State lost to unranked Virginia Tech and 12th-ranked Kentucky dropped home-court decisions to Virginia Tech and North Carolina.

Davidson, the smallest school in the Southern Conference, made it look almost easy against the mighty Duke by leading all the way after the midway point of the first half. The Wildcats enjoyed a comfortable 38-28 lead at the intermission and stretched it to as much as 15 points in the second half.

Further humiliation befell Duke as All-America prospect Art Heyman was held to just four points in the second half as the Blue Devils tried to ignite a winning rally. Heyman did contribute 18 points in the first half for a game total of 20.

Sophomore Fred Hetzel was the big gun for Davidson as he led both teams with 27 points and also dominated both backboards. It was the fifth triumph in six starts for Davidson and avenged an early season loss to Duke.

UCLA, ranked No. 16 nationally, sank 55 per cent of its field shots to defeat Butler, 81-58. Walt Hazard had 17 points to lead the Bruins, who recorded their fifth victory in seven starts, but it was Butler's Jeff Blue who took game laurels with 23 points and 15 rebounds.

Deacons Beat Virginia
Wake Forest overcame a 10-point halftime deficit to down Virginia, 78-73, in an Atlantic Coast Conference battle. Four men hit in double figures for the Deacons, who clicked on 60 per cent of their floor shots.

Wilt Paces Warriors Past St. Louis 5

By United Press International

While Boston and Los Angeles sail serenely along on top of their respective divisions in the NBA, the fight among the bottom teams in the loop is a turbulent one.

Chicago edged Detroit, 113-110, as part of a torrid twin bill Tuesday night at Madison Square Garden. New York nipped Cincinnati, 103-102, in the nightcap.

Meanwhile, San Francisco put on one of its best displays as the Warriors rocked St. Louis, 100-110, behind Wilt Chamberlain's 61 points.

When the final whistle had sounded, Chicago (12-22), San Francisco (10-19) and Detroit (10-22) were within a game of each other in the Western Division with the Pistons back in the cellar. New York (11-22) is solidly entrenched in last place in the Eastern Division, but appears ready to make a move on third-place Cincinnati.

The Detroit-Chicago tussle Tuesday night was a see-saw affair that saw the Pistons pull ahead 104-103 with five minutes to go, but then crumble under the sharp shooting of Johnny Cox. Cox wound up high scorer with 28 points, including 10 in the last period, while Zephyr ace Wilt Chamberlain settled for 19 points. Don Ohl had 25 to lead the losers.

Veteran Knick Playmaker Gene Shue converted a pair of foul shots with just seven seconds to go to give New York its win over Cincinnati.

Oscar Robinson had 28 for Cincinnati, but missed a five-footer at the final buzzer that would have given the Royals the win. Jumping Johnny Green sparked the Knicks with 27 points.

San Francisco piled up such a lead over St. Louis that Coach Harry Gallatin of the Hawks in effect surrendered by resting his starting five the whole last quarter.

It was only the Warriors' second triumph in their last 16 games.

Pan Am Cops Own Tourney

By United Press International

Pan American College won its own basketball tournament for the second straight year Tuesday night. North Texas State fell to Oklahoma City University and Howard Payne whipped Texas Wesleyan in non-Southwest Conference basketball games involving Texas teams.

Pan American took a 51-45 victory over Southeastern Oklahoma College to cap the championship of the Second Annual Pan American Holiday Basketball Tournament.

Oklahoma Baptist rolled past Southwest Texas State 56-45 to take third place honors in the Edinburg tourney.

Oklahoma City University's Chiefs swept past North Texas 79-63 at Denton. The Chiefs hit 50 per cent of their floor shots and got 31 and 26 points respectively from Gary Hill and Bud Koper.

John Savage led the North Texas Eagles with 16 points. North Texas now stands 3-3 for the season.

Howard Payne's Yellowjackets scored 17 points in a five minute overtime period to whip Texas Wesleyan 109-106 in a hard-fought, high scoring match.

Irvin Rue of TWC popped in 42 points for a new school record.

Pan Am's Marty Urand led the game's scoring with 22 points in the Edinburg tournament. Tommy Hendricks led Southeast Oklahoma with 17.

Texas Tech Drops 7th Straight Tilt

By PAUL FREEMAN
United Press International

Rice broke into the win column Tuesday night with a 58-55 victory over Centenary in a non-conference basketball game but Oklahoma stopped a Wall in handing Texas Tech its seventh straight defeat.

In the Norman game, the Sooners stayed over, by, and around Sid Wall, the third leading scorer in the Southwest Conference. At the end of the night the Sooners had scored 85 points. Tech scored 62 without Wall donating a single counter.

In the only game scheduled tonight, Arkansas hosts Louisiana State at Little Rock.

The Rice win and Tech's loss ran the Southwest Conference record against intersectional basketball foes to 18-25.

The Rice victory was a tight one all the way. The Owls led 33-29 at halftime. As usual, Kendall Rhine led the Owls with 39 points. Centenary's Wilbur Moore was the game's top scorer with 26.

Oklahoma keyed against Wall. The Sooners overcame an early 18-14 Tech lead then raced to a 24-point spread at halftime.

There's Something For Every Member Of The Family At B&B

There's something for every member of the family at B&B Pharmacy and B&B Toyland.

The toys in B&B Toyland, of course, would thrill the heart of any youngster.

But, how about Mom? She needs something nice! Well, B&B Pharmacy has something for all the town's nicest mothers.

Mom would particularly like any of the Frances Denney fragrances... from \$3 up. There are perfumes, colognes, body powders, soap and bath oil... all just right for mother's dresser or bath room shelf.

She'll love the fragrances by Lavin, too, from \$2.50 up in all the essential media.

For the discriminating Mom... there's Nina Ricci's fragrances... perfume, cologne, soap, body powder and bath oil... from \$5.50 up.

And then, brand-new and just in time for Christmas... the new Revlon perfume collection... in-

cluding Intimate and Aqua Marine.

What about the Jolie Madame and Vent Vert fragrances... from \$3 up... she'll be delighted.

Other popular fragrances are by Dorothy Gray, Coty's (from \$2.00 up)... Anjou in Devasting, A propos and Side Gance... also from \$2.00 up... and then there's Lanthier in the Tweed, Miracle, Shanghai, Dark Brilliance and Red Lilac lines... also \$2 up.

For Dad? What about the His, International Club or Old Spice toiletries? He'll be pleased pink with any of these... or the Yardley's, King's Men and... again just in time for Christmas... the new B&B Pharmacy line, English Leather.

What about, for mom or pop either, something from the Buxton line of Jewel Boxes, Jewel Cases, or billfolds?

There are also manicure sets from \$3.95 up... costume jewelry that will be the "apple of her eye," or maybe he or she would like an FM-AM radio or a Timex Watch.

Whatever you have in mind for anyone in the family, make B&B Pharmacy and B&B Toyland your Christmas shopping headquarters... you'll please your friend or loved one, yourself and your pocketbook.

You'll want to come by today, won't you?

PRACTICAL CHRISTMAS GIFT — Bill Thompson, owner of Pampa Typewriter Co., 17 W. Foster at the corner of Hobart and W. Foster, has some really practical gifts in stock for that student's "stocking," or for the businessman bread-winner in your house. Thompson is shown here with three of the new Smith-Corona electric, the compact 250, 120 and 400. Prices start at just \$1.59 for the electric at Pampa Typewriter and they would make oh-so-practical gifts under the tree next Tuesday morning, wouldn't they? Also at Pampa Typewriter you can get manually-operated portables for that favorite student of yours and prices start at just \$68 in several brands and models. Terms desired. Bill Thompson also has on hand a number of good used standards and, best of all, features top-notch service on all typewriters, adding machines and other machines. (News Photo)

YOU CAN'T MISS HERE — You are sure to find just the right toy for the youngster you have in mind at B & B Toyland, 319 N. Ballard, where there are many, many items to please the heart of any child on Christmas morning. Here, Bonnie Maples is shown holding and standing among toys which would be delightful to most any child and, the wonderful thing about it is, there are many, many more toys, not shown here, at B & B Toyland, 319 N. Ballard... toy headquarters in Pampa. (News Photo)

B&B Toyland... Where Children's Christmas Dreams Come True

Toys! Toys! Toys! All over the place, toys!

That's at B&B Toyland, 319 N. Ballard, where your child's fondest dreams of Christmas joy have their best chances of coming true.

There are toys for little girls, big girls, little boys and big boys and even some Mom and Dad might enjoy.

From the sophisticated \$18.95 go-cart with real motor to the paper doll sets and regular children's games... you can find exactly the toy your child will be the most pleased with... all at reasonable B&B Toyland prices.

Why don't you drop by and see one of the many styles of children's rocking chairs? They run from \$3.98 to \$15.98 and are styled in Early American, modern and conventional.

There's also a keyboard accordion for \$4.98... or how about a giant Whirly-Bird Helicopter or a R.B. gun, from \$5.98 up.

Maybe a bead set is what you're looking for... or how about a Bobo the Clown punching bag... for \$7.98 or \$3.98.

Would you like a bowling set? How about a Fort Cheyenne giant-sized easily assembled fort with metal parts and plastic figures?

There are model airplanes and model cars (such as the Falcon electronic plane which flies itself).

And an unusual gift would be this Comestoga Civil War souvenir cannon.

You'll like the Telly Bear... call him on a remote dial telephone... see it light up as he picks up the receiver... listen to him talk... hear the bell ringing.

What about the Motorized Astronaut who has stop and go action and raises and lowers his blazing machine gun by himself?

Dolls? There are dolls all over the place. Talking dolls... walking dolls... quiet dolls... paper dolls... stuffed dolls... Chatty Kathy.

Cecil the Talking Doll... and many others.

Then, too, there are building sets, blocks, basketballs, footballs, batons for the little twirler in the family, for only 98 cents.

How about the giant cars and trucks with trailers?

There is a whole table of nothing but games... all the way from a Jolly Roger Pirate game to Pals Word and one box which provides 62 varieties of games... and there are dominos, checkers, an Uncle Wiggly game and a Park and Shop game and many, many more.

Your child like bows and arrows? B&B has 'em.

Little Doak Walker will like the photo-electric football game and most anyone would like the motorized Flying Dutchman Antique Car for \$12.98.

There are also Dinky Toys for the small, small fry... a Lunar Launcher... a corn popper and a cotton candy machine. There are toy dishes and a Monorail... and for \$2.98 you can get a Country Doctor set or a Play Nurse set.

Like those? How about these? A Barricuda Atomic Submarine for \$16.98... stuffed animals... a \$2.50 Miss Tinkerbell dresser set... and a battery-operated sewing machine.

There are all these toys, and many more at B&B Toyland... Pampa's toy headquarters... 319 N. Ballard, MO5-3112.

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the right of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

They Prefer Fighting It Away From Home

Oh, how indignantly the press, radio and tv jumped on the administration for admitting what everybody has known all along: that it intends to "manage" the news to its own political advantage.

Now, what is so new about that? We suspect that Ogg the Snaggle-Toothed, chief of the tavernmen, managed the news of his time, too. And so did Moses. And so did all the Caesars and the Kaisers and, in fact, all the politicians of all times, up to and including those in Pampa, Texas, U.S.A.

The tendency of everyone is to announce what is pleasant, self-serving, creditable or helpful, and to hide what is unpleasant, discreditable or self-defeating. There are a few politicians — even smarter than the pack — who take an opposite tack. They rush around with bits of information reflecting a certain mild discredit on their administrations, thus spiking the guns of the opposition before they can wheel them into place. How can you make much political hay out of it when a fellow comes forth to admit he's done a damn fool thing?

But those are the real smart ones — the Phi Beta Kappas of the bunch, a very small minority. Nobody "manages" the news for any reason except for the "public good" of course. That's taken for granted. On the national level it is for reasons of "national security." This is an elastic term which can be contorted into any convenient posture. Grand theft in high office can be covered up on the grounds that its announcement would give aid and comfort to the enemy.

Once before this administration

Two Texas Senators Don't See Eye To Eye

While it's debatable whether a two-party system in itself accomplishes much for the voter, it's certain that having a conservative and liberal opposing each other gives some meaning to politics.

Congressional Quarterly has examined the voting records of the U.S. Senate, and has found that the two Senators from Texas disagree more often than any other pair of senators from the same state.

Ralph Yarborough, the Democrat, is a far-away liberal and John Tower, the Republican, is a little to the right of Goldwater.

They disagreed — Yarborough and Tower — on 71 per cent of all the Senate votes in the last Congress, setting a record for the 50 states.

The average pair of senators, where one is a Democrat and the other a Republican from the same state, voted differently only 48 per cent of the time, CQ says. Where both senators were Democrats, they disagreed only 14 per cent of the time; where both were Republicans they disagreed only 10 per cent of the time.

The average disagreement among all delegations — mixed or of the same party — was 24 per cent.

Well, Texas is pretty big; and presumably there is room enough for sincere people both of the Right and Left. But for the fuzzy little news of the Great In-Between?

Even Texas isn't big enough to hold a spot for them.

Pull Up A Chair

By Frank J. Markey

For your millionaire friend who has everything, we suggest you buy him THE NOTHING BOX for a Christmas gift. Then he will have lots of fun, when folks visit his office, trying to figure out whether it is a compact personal computer or a spy system. Lights in an irregular pattern and for no apparent reason keep flashing from 8 small bulbs or eyes in the side of the box. It serves no useful purpose, as far as we can determine, but maybe you could use it to scare burglars away at night by placing it on your front porch or lawn. The inventor of his remarkable but worthless gadget is none other than the famous Russian Dr. Reguspatoff, which translated into English is Keg. U.S. Pat. Off. Of course to keep the gag alive you must not tell anyone about the operation of this goofy contraption. It's on sale in a New York gift shop.

MEMORY LANE: We'll never forget the furore that resulted half a century ago when the world-famous British physician, Sir William Osler, recommended that all men over 60 years of age, should be chloroformed. It was his thesis that men beyond 60 were relatively useless and they might as well be put out of the way as hang around and be a burden on society. And did old Doc Osler hit all the front pages. . . . At the time of this startling Osler pronouncement we were in our youth. And we heretofore confess that, at the time, we thought that perhaps Dr. Osler had a good idea. Our mind, we hasten to add, has since changed on that subject.

We made a phone call the other day in Boston to the State House and found it listed under the Commonwealth of Massachusetts. This reminded us there are three other commonwealths — Virginia, Kentucky and Pennsylvania — in the union of the 50 states. In the early days commonwealth signified more self-government but today it is almost archaic but is proudly retained as a title of historic honor.

The only man who ever had two makes of automobiles named for him was the late Ransom Olds. The cars were the Oldsmobile and the Reo, the latter name being derived from his initials. Mr. Olds built his first three-wheeled horseless carriage back in 1887, and brought out a four-wheeled, gasoline type car in 1896. By 1905 there was a popular song about it, "In My Merry Oldsmobile," words by Gus Edwards and music by Vincent Bryan, and the song is heard even today on the TV commercials.

When Dr. Einstein announced his theory of relativity some years ago, a newspaper reporter asked "How many people understand it?" "Thirteen and myself," was the scientist's answer. But there is a new book, "Relativity for the Million," by Martin Gardner, just off the press of Macmillan which takes up the challenge of explaining the theory in plain language. Einstein's principle is that all observable motion is relative and not absolute. Will the teacher please give us the gold star for the day?

CORRECTION: Your daily newspaper is the most accurately printed publication in the entire world, when you consider the speed and time limitation in which it is published. It's a daily miracle and rarely do you see a typographical error in words and numbers. But our luck ran out in the column of Saturday, November 24th, when our syndicate proofs had the monthly subscription rate for the Congressional Record at \$15.50. The official rate is \$1.50 in good old Arabic numerals.

Question Box
(We invite questions on economics and the proper functions of government which will not injure anyone.)
Question: Don't we pay the national debt to the Federal Reserve — a private institution?
Answer: The national debt is owed to whoever is holding the federal promises to pay. Thus any payments on the debt would be to the holders of the bonds and other promises to pay. If members of the Federal Reserve are the chief holders of the U.S. government obligations, the payments and interest will be made to them. If the writer of the question is a holder of a U.S. bond, he will be receiving a proportionate share of the interest and the principal when the bond matures.

'Tis the Season to Be Jolly!

Edson In Washington Census Chief Sees Benefits In Booming U.S. Population

By PETER EDSON

WASHINGTON (NEA) — Richard M. Scammon, head of the Census Bureau, disagrees with those who say the population explosion may prove to be a bad thing for this country.

In his view, booming numbers by themselves are neither bad nor good — just facts we have to live with. This we can do, he says, so long as we have the resources and the social and economic organization to utilize them. He believes we have both.

"Assuming we don't foolishly turn to the trivia of internal competition but instead maintain and develop the institutions we need to meet our problems, our only worry when the population again doubles will be whether standards of living will have doubled or tripled over today's levels."

As proof of this cheerful prospect, Scammon notes how far living standards have risen since 1910, when the U.S. population was roughly half what it is today. Says he:

"The problem now is not how to get more fat on people, but how to get it off."

Citing our gains in earnings, in education, in health and in lowered death rates, he has slight patience with romanticizing over the "spacious past."

"The good, old days were lousy days," he says. "People were pellagra-ridden, ill-housed, uneducated."

"Those were the days when Mama had to spend Mondays and Tuesdays boiling the wash."

If a stable population were a necessary pre-condition to economic well-being, then, adds Scammon, we should be sunk in poverty and the nations just holding even should be riding high. But we far outdo the latter.

"You can argue against the population increase on the aesthetic ground that we ought to have the space," he says, "but that's a

The Doctor Says:

Hunt Goes on for Newer, More Effective Antibiotics

By DR. WAYNE BRANDSTADT

In 1513 Ponce de Leon, a Spanish soldier, led an expedition into Florida to discover the mythical Fountain of Youth. In that day such quests were common but they were doomed to failure.

Our present day explorers search for many things. One of the more fruitful lines of exploration in recent years has been the search for antibiotics. Who shall deny that the results have exceeded the hopes of even those earlier explorers?

Though Holland is crowded," Scammon observes, "nobody is being pushed off the continent."

He sides with those who accept optimistic scientific forecasts of ample future resources, not only in America and Europe but in Asia, Africa and Latin America.

He believes the big difficulty in critical areas is disorganization — economic, social, political.

"In countries thus handicapped, you could cut the population in half and it wouldn't make any difference. You'd have the same proportion of poverty-ridden, starving people."

On the other hand, any nation which drums up the practical, "institutional" answers to its problems will get along no matter what the numbers.

Scammon contends that this country's main population problem is not growth as such, but the "flight from the land" which finds people pouring into the urban clusters and virtually abandoning vast stretches of rural territory.

To gloomy folk who fear our urban jams will one day congeal in a frozen mass, Scammon says this:

"We've always had these jams. Ever look at pictures of places like New York around the turn of the century? The streets were packed with buggies and wagons. "This is a very minor part of our problem. It's just an exercise in fantasy by some Sunday evening driver."

Allen-Scott Report

Kennedy Plans Cabinet Pay Boost In Special Message to Congress

ROBERT ALLEN

PAUL SCOTT

WASHINGTON—President Kennedy has a glittering surprise Christmas present for his Cabinet members, but it won't be ready to open until after new year.

He is preparing a special message to the new Congress recommending that salaries be increased from \$25,000 to between \$30,000 and \$35,000.

The exact amount of this pay boost will be decided when the President discusses the legislation with his congressional leaders.

His strategy is to sweeten the pay plan by proposing that members of Congress follow the administration's lead and hike their own salaries. At present, Senate and House members receive \$22,500 a year.

In his message to the legislators, the President will urge that pay increases are needed to bring executive and legislative salaries in line with those now being received by officials in private industry.

To dramatize this point, the President will show how the Secretaries of Defense, State, Agriculture, and Interior are handling expenditures, and have responsibilities far in excess of officials of large corporations who receive five times their salaries.

While the salary boost for Cabinet members is the core of the new pay proposal, it is loaded with some other startling recommendations.

One of these calls for the setting up an "elite" group of super-grade positions. These posts will carry salaries ranging from \$20,000 to \$25,000 or up to \$5,000 more than the \$20,000 top now paid officials with the highest G-18 rating.

If Congress approves, the President wants to establish more than 200 of these "elite" positions. About a dozen of the push-paving jobs will be assigned to the White House; another five would go to the Peace Corps, and five to the proposed Domestic Peace Corps.

Still to be decided is whether the catch-all pay bill should be widened to include pay increases for U.S. ambassadors and federal judges.

SELLING THE PLAN — President Kennedy and his budget advisers are counting on strong backing from the Senate Post Office & Civil Service Committee to win congressional approval for their pay boosting proposal.

This committee in a report hailing postal employees' pay this year, inserted a little-publicized recommendation covering "consideration of salary increases for top officials covered by all the various systems, including the executive and legislative branches of government."

The President plans to stress the committee's recommendation in the message he sends to Congress. Also, he is counting on a favorable climate in Congress inasmuch as 1963 is not an election year. It is usually in the off-years that Congress increases its own pay.

MOSCOW CALLING — Premier Khrushchev isn't waiting for President Kennedy to agree to the establishment of direct communication between the Kremlin and the White House. He has gone ahead and set one up between Moscow and Havana.

The National Security Agency is now quietly intercepting direct radio broadcasts from the Kremlin's radio control center outside of Moscow to a Soviet military command post near Havana.

In monitoring these broadcasts, the NSC reports the messages as being sent in code and transmitted around the clock.

A number of the most recent messages have gone from Khrushchev to airforce General Danchev, in command of all Soviet forces on the island. One of the exchanges indicates that General Danchev, not Premier Fidel Castro, is really ruling Cuba.

The U.S. proposed the installation of a direct telephone line between President Kennedy and Khrushchev as part of surveillance system for averting war miscalculation or accident.

The Moscow-Havana line is being used for that peaceful purpose.

ON THE INSIDE—The Senate Judiciary Committee is organizing its own Cuban underground, half dozen anti-Castro Cuban fugitives are on the committee's payroll supplying inside information to the senators. The group operating out of Miami and furnishing data on the Soviet troopers and arms still in Cuba. The senators consider the regues' information as reliable as that of intelligence agencies. Fidel Castro is trying to wangle an invitation to Brazil ahead of President Kennedy. U.S. officials in Brazil report Castro has written left-leaning President Goulart suggesting that he be invited there in January. Goulart doesn't want Castro on the scene until Brazil is able to obtain one billion dollars new economic aid from the U.S.

Aides report that it was Postmaster General Day's personal decision to omit any religious theme from this year's Christmas stamp. The Reason: He didn't want to offend non-Christian groups.

THE AMERICAN WAY
WITH THE WE CAN'T LOSE!
IF IT MOVES - CONTROL IT!
IF YOU CAN'T CONTROL IT - TAX IT!
IF YOU CAN'T TAX IT - SUBSIDIZE IT!
Question Box
(We invite questions on economics and the proper functions of government which will not injure anyone.)
Question: Don't we pay the national debt to the Federal Reserve — a private institution?
Answer: The national debt is owed to whoever is holding the federal promises to pay. Thus any payments on the debt would be to the holders of the bonds and other promises to pay. If members of the Federal Reserve are the chief holders of the U.S. government obligations, the payments and interest will be made to them. If the writer of the question is a holder of a U.S. bond, he will be receiving a proportionate share of the interest and the principal when the bond matures.

THE AMERICAN WAY
WITH THE WE CAN'T LOSE!
IF IT MOVES - CONTROL IT!
IF YOU CAN'T CONTROL IT - TAX IT!
IF YOU CAN'T TAX IT - SUBSIDIZE IT!
