## Police Lieutenant Quits After Suspension Order

Lt. Jesse B. Goad, a member of the Pampa police department since Feb. 15, 1951, handed his resignation to Police Chief Jim Conner late yesterday afternoon. Chief Conner said Goad had been suspended at 8:40 p.m. Wednesday for violation of police department rules.

## Fifth Death In Two Days Strikes 'Opry'

NASHVILLE, Tenn. (UPI) — Personal tragedy, a theme in the mournful lyrics of country music, struck deeply into the lives of its stars and fans again Thursday with the death of singer Jack Anglin.

Anglin, the tenor of the nationally-known "Johnny and Jack" singing team, died when his car crashed into a tree.

Anglin was the fifth personality of the famed Grand Ole Opry to die accidentally within two days.

Hawkshaw Hawkins, Patsy Cline, Cowboy Copas and Rance Hughes, Miss Cline's manager, were killed Tuesday night when their light plane crashed in hilly, wooded country near Camden, Tenn.

They were returning here from a benefit show last week end in Kansas City for the family of Cactus Jack Call, a country music disc jockey killed last year in an automobile accident.

The Anglin death was at least the fourth time recently that tragedies have struck the Opry, a showplace for the stars in the country music field.

Ira Louvin of the Louvin Brothers singing team was shot six times in a domestic quarrel recently and is still recuperating.

James McDaniel, a native of Virginia who played in Hank Snow's band, died last Monday of a heart attack.

Anglin, born in Columbia, Tenn., joined Johnny Wright in 1937 and they first appeared on the Opry in 1952.

They were named the No. 1 country music duo in the nation each year from 1953 to 1958, recording such hits as "Oh Baby Mine" and "Poison Love."

The regular performance of the Opry will be interrupted for a brief memorial service Saturday night.

## Gambling Raids Held In 52 Cities

WASHINGTON (UPI) — Internal Revenue Service agents swooped down on gambling operations in 52 cities Thursday night, arresting 131 persons who failed to produce federal gambling stamps.

The agents, striking simultaneously at 159 bookmaking and numbers parlors, seized 11 automobiles, 37 slot and pinball machines, and confiscated \$25,000 in cash.

Raids were conducted in cities in 19 states—New York, Tennessee, Massachusetts, Rhode Island, Connecticut, Kansas, Missouri, Pennsylvania, New Jersey, Maryland, Michigan, Illinois, South Dakota, Kentucky, Ohio, Louisiana, Texas, Utah, and California.

An IRS spokesman said it was part of the agency's "systematic" periodic raids. The last one came in December.

## Witnesses Oppose Curfew Extension

AUSTIN (UPI) — A parade of more than 20 witnesses went before the House Liquor Regulation Committee Thursday to speak against a bill that would extend the liquor curfew hours in Texas.

The bill, sponsored by Rep. Stanley Boyesen of Yoakum, was sent to a subcommittee after the committee hearing.

Chief Conner said Goad had been suspended at 8:40 p.m. Wednesday for violation of police department rules.

In his written resignation to Chief Conner, Goad stated: "After serving faithfully for over 12 years with the Pampa Police Department, I wish to tender my resignation, effective April 10."

"The small salary paid to police officers in this city makes it impossible to sustain my family, and the inadequate increase paid to a lieutenant above a patrolman does not justify assuming the added responsibility."

"I have contemplated for quite some time obtaining employment in a department which would offer a salary increase and, above all, peace of mind."

Chief Conner said he was accepting Goad's resignation as being effective March 6, 1963.

Goad was promoted to the rank of lieutenant of police on Jan. 1, 1961.

## Rusk Says Soviet Troops Are Being Moved From Cuba

WASHINGTON (UPI) — Secretary of State Dean Rusk said today that some Russian troops are being removed from Cuba and that more Soviet ships are on the way to the island.

But Rusk said he would make no "assessment" now of whether the Kremlin is meeting its promise to remove "several thousand" forces from Cuba by next Friday.

The secretary told a news conference that Russian ships have been moving into Cuba during the past two weeks and more are on the way. He said the available ships are enough to carry out the troop removal.

Mum on Number  
Rusk refused to elaborate on his statement that some troops already have left the island by ship.

Rusk also said: "The United States will be 'very much alert' to any threats to the security of Saudi Arabia and Jordan, which may be endangered by recent revolts in Iraq, Yemen and today, Syria."

The United States must be willing to take "some risks" in a nuclear test ban because it is faced with "greater risks" of the spread of nuclear weapons, perhaps into irresponsible hands.

A large part of Rusk's news conference was devoted to the test ban issue. The administration is being criticized both by the Russians and by some scientists and members of Congress who feel the United States has already made too many concessions.

## BULLETIN McAdoo Wins Into Finals

AUSTIN (UPI) — McAdoo's Eagles moved into the Class B finals today of the 43rd annual University Interscholastic League basketball tournament by whipping Talpa Centennial 49-36.

McAdoo led its semifinals game in Class B all the way, running its season record to 36-3 in beating Talpa Centennial. Johnny Powers scored 19 points for McAdoo. Talpa Centennial was held scoreless for the first five minutes, and could not make up the deficit.

The rebounding of Mike Rush and James Maedgen's 13 points kept the losers within striking distance.

## No New Filings For School Board As Deadline Passes

The deadline passed late yesterday without any additional candidates filing for the school board election Saturday, April 6.

Only candidates for the one vacant post to be filled are Dr. R. M. Hampton, seeking re-election for another three-year term, and Herschel V. Wilks, general manager of Cetanese Corp., who filed for the office last Tuesday.

The election will be held in the Pampa Junior High School gymnasium, N. Cuyler and Browning, from 8 a.m. to 7 p.m. on April 6.

# Unions Reach Settlement In New York Newspaper Strike

**DRAW FOR PLACES ON BALLOT** — A. C. Troop, left, commissioner candidate in Ward 4, and Hobart Fatheree, right, commissioner candidate in Ward 2, look at the numbers they have just drawn for places on the ballot in Pampa's April 2 city election. Troop and Fatheree were the only two of the ten candidates to show up for the drawing which was conducted by City Secretary Edwin Vickers, holding the hat from which the numbers were drawn. Troop and Fatheree, who drew for the other candidates, wound up with second place listings on the ballot. The drawing was held in Vicker's City Hall office yesterday afternoon. (Daily News Photo)

## Sulphur Queen's Equipment Was 'In Good Shape' Pro-Nasser Rebel Officers Take Over In Syrian Coup

BEAUMONT (UPI) — The navigational equipment of the Marine Sulphur Queen was in good working order when it sailed to oblivion, a Sperry Gyroscope Co. official told the final Beaumont session of a Coast Guard board of inquiry Thursday.

The three-man board recessed until March 20. The hearing will resume in New York City.

"To the best of my knowledge," said witness A. F. Normand, "the Sulphur Queen's navigational equipment was in good shape."

The Sulphur Queen sailed from Beaumont Feb. 2 with a load of molten sulphur aboard. The boat carried a crew of 39 men.

The ship vanished apparently off the Florida coast. Some 100 miles from the ship has been found.

Normand said he replaced a scanning motor on the ship's radar system on Jan. 17 of this year. He said the Sulphur Queen's gyroscope was overhauled in the summer of 1962.

## Tools Taken From Stolen Panel Truck

Police estimated today that between \$400 and \$500 worth of tools were stolen from the panel truck found destroyed by fire on the Dunigan Lease, southeast of Pampa yesterday.

The truck, owned by Harold K. Russell, 1001 E. Browning, was stolen sometime Wednesday night and driven to the lease where it was found in smoking ruins yesterday morning.

Among articles listed as taken from the truck were a floor sander and edger, hammers, base lifters, carpet knives, tile cutters, butane bottle and torch, electric hand sander, hand roller, and two electric cords.

Police said they had found no clues as to the identity of the thief.

BEIRUT, Lebanon (UPI) — Rebel pro-Nasser army officers took control of Syria today in a lightning revolt resembling the Iraqi coup of a month ago.

The uprising against the civilian government of Premier Khaled Abdel El Azmi apparently was bloodless. There were no immediate reports of fighting.

## Diplomats Say Flexibility Is Conditional

GENEVA (UPI) — American sources today cautioned diplomats at the 17-nation disarmament conference against reading too much flexibility into the U.S. position on a nuclear test ban treaty.

The conference scheduled another session this morning, but no progress was expected in breaking the East-West deadlock on the nuclear issue.

The American source said U.S. flexibility on a nuclear treaty is conditional on Soviet acceptance of certain basic principles of negotiation.

They said reports the United States may be planning some further compromise to force the Russians' hand were exaggerated.

The conference has been stalled on the question of on-site inspections needed for policing a test ban. The West has insisted on seven, but the Russians will permit only three and refuse to negotiate the matter.

Some reports that the United States may ease its position have been stirred by the announcement that a new Anglo-American draft treaty is being prepared for presentation here next month.

The treaty is said to place primary reliance for policing a ban on monitoring devices outside the Soviet Union.

The eight neutral nations at the conference have been working on a compromise plan which they hope Moscow and the West will accept as a basis for reaching agreement. The plan is reported to call for five annual on-site inspections.

(In Washington, the State Department said its reports indicated all 600 Americans in Syria were safe. About 400 of them are in Damascus.)

The military junta which seized power promptly expressed its friendship for President Gamal Abdel Nasser of the United Arab Republic, for the month-old revolutionary regime in Iraq, and for Yemen and Algeria.

## Two City Office Candidates Draw For Ballot Spot

Two candidates for city office in the April 2 city election met in City Secretary Edwin Vicker's office in City Hall yesterday afternoon and drew for places on the election ballot.

They were Hobart Fatheree, Ward 2 commissioner candidate, and A. C. Troop, candidate for commissioner in Ward 4. Although they were the only two of the ten candidates present at the ceremony, Troop and Fatheree each drew second places on the ballot.

After drawing their own numbers, the two candidates picked tickets out of the hat for the absent candidates.

As a result the names will appear on the election ballot as follows:

- FOR MAYOR  
H. R. Thompson  
E. J. Lewis, Jr.
- WARD 1 COMMISSIONER  
Dr. MacField McDaniel  
John S. Skelly Jr.
- WARD 2 COMMISSIONER  
J. M. Nation Jr.  
Hobart Fatheree
- WARD 3 COMMISSIONER  
R. K. Parsley  
Leon Holmes
- WARD 4 COMMISSIONER  
L. P. Fort  
A. C. Troop

## Printers And Publishers Accept Mayor's Terms To End 91-Day Shutdown

By BOWEN NORTHRUP  
United Press International

NEW YORK (UPI) — Publishers and the striking printers' union agreed today on terms put forth by Mayor Robert F. Wagner for settlement of the 91-day old New York newspaper strike.

The settlement—reached three months to the day the strike and shutdown started—must be ratified by the local membership of the International Typographical Union, expected to be only a formality.

## Unemployment Puts Pressure On Congress For Cut

WASHINGTON (UPI) — An unexpected rise in unemployment put pressure on Congress today to hasten action on the tax cut which President Kennedy says is needed to avert a future recession.

The Labor Department reported Thursday that the number of jobless Americans rose 250,000 to 4.9 million in February. This boosted the seasonally adjusted unemployment rate to 6.1 per cent from the 5.8 January rate. It was the first time since December, 1961, that the rate had been as high as 6 per cent.

The new figures were promptly seized upon by Labor Secretary President George Meany as proof of the need for cutting income taxes.

"The time for debate has passed and the time for action is long overdue," Meany said.

Congress in recent years has used the 6 per cent unemployment rate as a sort of benchmark to justify economy-bolstering measures.

Should unemployment continue above 6 per cent through March, the effect on Congress probably would be to speed action on a tax cut, reduce budget-cutting sentiment, and make it less difficult than anticipated for the administration to win enactment of new spending proposals including its youth employment program.

Kennedy's taxcut and revision program calls for a net reduction of \$10.3 billion in individual and corporation taxes over the next three years. Public hearings now being conducted by the House Ways & Means Committee are scheduled to end March 27.

## Britain Shelves Common Market

Editors Note: The following dispatch on Britain's relations with the Common Market was written by UPI's chief European diplomatic correspondent.

By K. C. THALER  
LONDON (UPI) — Britain has decided to shelve indefinitely plans for any association with the European Common Market and is settling down for a long period of alternative policies, authoritative sources said today.

The decision follows extensive soundings with the "friendly" five members of the European community—Italy, West Germany, Belgium, the Netherlands and Luxembourg.

Formal Line Doubtful  
The soundings have shown that at present the chances for any formal association with the trade group—from which Britain was shut out by a French veto last Jan. 29—are near zero.

No sign has reached Britain or other members of the community that France would facilitate cooperation of the community with Britain.

Britain, therefore, is dropping plans for any alternative alignment with the European community.

This does not mean that Britain (See BRITAIN, Page 3)

## None Injured In School Bus Blaze

SAN ANTONIO (UPI) — A school bus caught fire Thursday but 48 school children and two teachers aboard got off safely.

Driver D. M. Rodriguez kept the 48 Beacon Hill elementary school children calm.

Investigators said the carriage of the bus scraped a railroad crossing and the fuel line disconnected, triggering the fire.

SENIOR CONFERENCE — Completing plans for the Quivira Girl Scout Senior Conference, which will open today in the Pampa Hotel and continue through Saturday evening are, left to right, Chris Grayson, Peggy Kendrick, Evelyn McCauley, Carol Akst and Diana Edminster.

## Interesting Agenda Set For Senior Conference

"What Scouting Holds in Your Future" will be the theme for the Quivira Girl Scout Senior Conference, which will open this afternoon at 4:30 in the Pampa Hotel.

Registration will be under the direction of Troop 151 of Phillips. A banquet at 7 p.m. will be followed by a social event which will include songs, games, and the showing of Girl Scout Films.

Melvin Munn will address the general session Saturday morning using as his topic "Mortar in Your Building."

The general session will be followed by a panel discussion on the new service bars led by Miss Celia Fowler. These bars may be earned in the fields of public relations, laboratory and hospital aides, program aides and teacher aides thus qualifying the girls to better serve the community in which they live.

Mrs. Marian Osborne, Quivira executive director, will speak on the program change.

Highlight of the noon luncheon will be a style show by Troop 38, under the direction of Mrs. M. H. Taylor. Mrs. Carolyn Davis will be narrator, and music will be provided by Miss Dianne Phillips, both of Pampa.

Clothing for the style show will be furnished through the courtesy of Behrman's, Bentley's and Land Young Fashions. Shoe accessories will be by Smith's Quality Shoes and Hub's Booterie. Hair Stylist will be from The Pampa Beauty College.

At 1:45 p.m., Jack Parker will be the guest speaker on "Teenage Marriage." Miss Pat Dial will speak on "College Bound."

The conference is planned and carried out by the Quivira Council's Senior Planning Board, which includes representatives from each of the Council's six Senior troops and the adult leaders. Girls and their leaders will be attending from Memphis, Philips, Fritch, Pampa, Dumas, G u y m o n and Amarillo.

Members of the planning Board are Misses Peggy Kendrick, Evelyn McCauley, Chris Grayson, Diana Edminster, Carol Akst and Saily Paden, all from Pampa; Misses Elmonette Brannigan and Susan McQueen of Memphis; Misses Rita Roberts and Martha Snyder of Fritch; Miss Sharon Williamson of Phillips and Miss Judy McKernann of Skellytown.

Mrs. John Holt, Jr. of Pampa is advisor to the Planning Board. Other Senior leaders are Mmes. Joe Wells and M. H. Taylor, both of Pampa; Mrs. J. P. Long of Fritch; Mrs. C. L. Garrett of Phillips; Mrs. Brode Hoover and Mrs. L. C. Martin of Memphis.

### RUTH MILLET!

"Never utter a word to ANYONE that doesn't flatter your man." That is rule No. 7 for wives as laid down by a divorce lawyer, whose book "How to Choose a Husband and Make Your Marriage a Success," is one every young wife and many not so young could learn from.

Just take that one rule, for example. How many wives there are who disregard it!

Instead of letting relatives, friends, neighbors, and new acquaintances hear only good things about the men they chose for lifetime partners, too many wives—both young and old—demand that others listen to their husband's faults.

"Jim makes me so mad" a wife will begin—and you know she is going to run her husband down, instead of building him up.

Or "Bob just doesn't understand that..." What inevitably follows is sure to be hard on poor, old Bob.

Or the low-down on a husband may begin, "Men are so stubborn"—or so impractical, or so naive, or so unimaginative—or so something-else. It's an unusual conversation if several other wives don't join in to prove their husbands are even more so—no matter what the complaint happens to be.

Exposing a husband's faults and his shortcomings may help a wife build up her own ego in contrast, but it's pretty rough on the husband. And it never makes the wife look very good, either.

### Petroleum Engineers' Wives Society To See New Look For Spring At Meet

A new look for spring! Petroleum Engineers' Wives Society members will see the latest in hair fashions at the March 13 meeting, to be held at 11:30 a.m. in the Borger Hotel in Borger.

Mrs. J. H. Jones of Stinnett will be the hostess.

Connie Metzger, past president of the Hairdresser's Association of New Mexico and member of the Fashion Guild of New Mexico, will present the program entitled, "New Trends in Hair Styling." Miss Metzger, a Borger resident, is also the first president of Silver and Black Unit 95 and is a past director of this unit. She has spoken to high school seniors at Borger High School Career Day and at Phillips High School, in addition to presenting demonstrations and talks for various organizations

## Dear Abby....

### Good Lines Of Work For A Girl

By ABIGAIL VAN BUREN

DEAR ABBY: What, in your opinion, is a good line of work for a girl to get into if she is interested in getting a man?

ANXIOUS: Nursing — a man loves a girl who knows how to rub his back. Air line stewardess — where else can you find a man already strapped down?

DEAR ABBY: My wife is a good woman except for one thing. She is a lousy cook. Everything she makes tastes the same. She smokes while she cooks and ashes fall into the food. I am always finding something in my dinner that doesn't belong there. One night the supper is under-cooked and the next night it's burned. She hasn't cooked a good meal since I married her and it's been six years. Any suggestions?

INDIGESTION: DEAR INDIGESTION: Your problem didn't originate in the kitchen, and chances are it can't be solved by me in your mailbox. A woman who doesn't care enough about her husband to TRY to put a good meal in front of him needs more help than I can give her in a letter. If there is a marriage counselor in your area, invite him to dinner.

DEAR ABBY: Will you please tell me how you can keep an old witch of a mother-in-law out of your house? This one has had four husbands. Buried one, divorced two, and drove the fourth one crazy. (No joking — he is in a mental institution.) She comes over every day, uninvited, and orders everybody around. She talks incessantly and criticizes everything and everybody. She has two other children who are lucky enough to live out of town, and they treat her like they don't even know she is alive. My husband tells me not to pay any attention to her. How can I accomplish this miracle? I think she needs psychiatric care.

VERY VERY NERVOUS: DEAR NERVOUS: Think of

your mother-in-law as someone just two steps ahead of the man in the white coat and your resentment will turn to compassion and your anger to resignation. Do this for your own sanity, or you will beat her to the psychiatrist.

CONFIDENTIAL TO PAUL: Don't worry. If criticism had any real power to harm, the skunk would be extinct by now.

Stop worrying. Write to Abby. For a personal reply enclose a self-addressed, stamped envelope.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How To Write Letters For All Occasions."

### To Chew Or Not To Chew

LUBBOCK, Tex. (UPI) — Mrs. F. W. Bushell reported Thursday somebody stole 80 sets of false teeth from her dental laboratory — Feb. 14. Police asked why she waited so long to report it. "I just couldn't believe it," she replied.

### Paul Baker Quits Baylor Faculty Because Of Policy

WACO, Tex. (UPI) — Famous drama professor Paul Baker and 12 members of his staff resigned from the Baptists' Baylor University today. Baylor president Abner V. McCall said they resented a university policy against "vulgar, profane or blasphemous language" in plays.

The resignations of Baker, at Baylor 28 years, and his staff climaxed a feud over the closing last Dec. 6 of the Eugene O'Neill play, "Long Day's Journey Into Night." The semi-autobiographical play is about the downfall of an alcoholic and narcotics addict. McCall canceled the production five performances short of its scheduled run because of "numerous complaints about profanity and offensive words and phrases." McCall said he did not object to the play's general message.

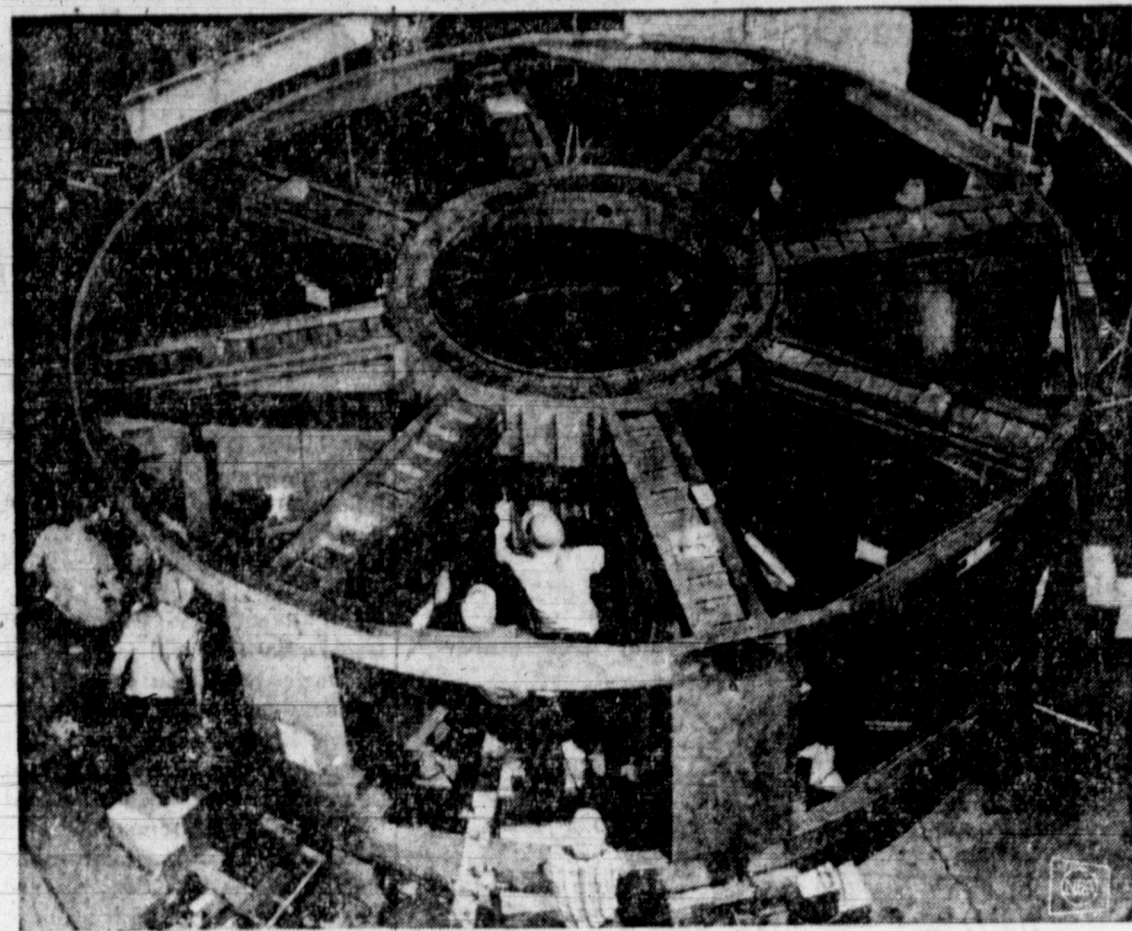

At the direction of the board of the Baylor board of trustees Jan. 8, McCall wrote Baker a letter, restating the university's general policy against plays containing vulgar, profane or blasphemous language and against plays ridiculing the Christian religion. "Mr. Baker expressed dissatisfaction with these policy statements," McCall said. "I regret that Mr. Baker and his staff feel that this represents such an intolerable restriction on their freedom that they cannot continue their work here."

### Municipal Court Docket

Linda Holt, 2010 Charles, speeding 45 mph in 30 mph zone, guilty, fined \$10.  
Lennie R. Summar, 913 Osborn, racing, guilty, fined \$10.

William C. Richmond, 700 N. Wells, speeding 45 mph in 30 mph zone, guilty, fined \$10.  
Lawrence T. Taylor, Groom, intoxication, guilty, fined \$15.  
Edgar L. Scoggins, 731 1/2 Brown, intoxication, guilty, fined \$20.

### Banquet To Honor Area Ministers

PERRYTON (Spl) — Plans are underway for the Young Men's Christian Association Ministerial Appreciation Banquet March 23 at the High School Cafeteria. The banquet will honor all Perryton and vicinity ministers. Reservations are being made at the Y.M.C.A. and tickets are available at \$1.50. There will be no tickets sold at the door.

**RING AROUND THE ROCKETS**—Workmen put finishing touches on a major sub-assembly for the 1.5-million-pound-thrust S-1 booster, or first stage, of the giant Saturn rocket. Made by Chrysler at the Marshall Space Flight Center's Michoud plant in New Orleans, the structure—10 feet high and 20 feet in diameter—will transmit thrust from the booster's eight engines to the Saturn rocket structure. Saturn is the vehicle which will eventually carry American astronauts to the moon.

### Rites Set For Deputy Sheriff Returns With Two Prisoners

Funeral services for James Edward Lard, former Miami resident, will be held at 2 p.m. Saturday in the First Baptist Church in Miami with the Rev. G. B. Bailey, pastor, officiating.

Mr. Lard died Wednesday in Truth or Consequences, N.M., where he had been making his home. He was born Aug. 23, 1893. Survivors are his wife, Lilla; one daughter, Mrs. Emmitt Shockley; his mother, Mrs. Blanche Lard, all of Truth or Consequences; two brothers, Henry of Truth or Consequences, Dee of Taft. Three sisters, Mrs. Joe Tolbert of Miami, Mrs. R. H. Mulvey of Truth or Consequences, Mrs. O. H. Crow of Shreveport, La. Interment will be in the Miami Cemetery under the direction of the Duenkel-Carmichael Funeral Home.

### Britain

(Continued From Page 1)  
Britain is turning its back on Europe. It remains anxious to join but sees no prospect of doing so in any acceptable form for some time.

**Agriculture Bypassed**  
Among various unacceptable ideas is one for some form of an industrial customs union between Britain and the Common Market, leaving aside the controversial agricultural issue.

French President Charles de Gaulle suggested associated British membership but even this has not been pushed lately by Paris. Britain will take no initiative toward the Common Market. Rather it will pursue the following alternative course:

—Aggressive tightening of the British-led, seven-nation European Free Trade Association (EFTA).

—Systematic development of bilateral trade arrangements with the "friendly" five member nations of the Common Market.

—Efforts to expand trade on a global basis through progressive trade liberalization moves, especially through reciprocal tariff cuts by the Europeans and the United States.

### Mrs. Emily Minix Dies In Littlefield

Mrs. Emily Lenora Carpenter Minix, one of the oldest residents of the Panhandle, died last night at the age of 103. Funeral services will be held at the First Baptist Church of McLean, with the Rev. Dan Beltz, pastor, presiding, aided by Dan Cooper, a great-grandson of Mrs. Minix.

Burial will be in Hillcrest Cemetery of McLean under the direction of Lamb Funeral Home. Pallbearers will be six of Mrs. Minix' grandsons.

Mrs. Minix, a native of McLean for 61 years, lived at 1105 W. Third. She died at Knight's Nursing Home in Littlefield, where she had been for the past 18 months following a stroke. She was born Feb. 15, 1860 in Brown Ferry, Mo.

Mrs. Minix had been a member of the Baptist Church for 83 years. She was a former member of the Eastern Star.

Survivors include a daughter, Mrs. George Colebank of McLean; three sons, Carl Carpenter of Sundown, J. H. Carpenter of Bogalusa, La.; and B. I. Carpenter of Oklahoma City, Okla.; 25 grandchildren, 73 great-grandchildren and 20 great-great-grandchildren.

### Settlement

(Continued From Page 1)  
it," he said, "if we thought it would force any papers out of business." A union leader said the ITU won on "three principal issues" for which it fought: the shorter work week, "a share in the increased productivity from the introduction of outside tape," and common expiration dates of union contracts.

In a report issued after long hours of meeting with both sides at the Hotel Commodore Wagner said the agreement "means that the shutdown involving the printers will end as soon as the union completes negotiations of certain so-called cleanup issues and ratifies the agreement."

Wagner said the publishers had advised him of their acceptance of the proposal which he gave to the groups at 12:10 a.m.

**Union Acceptance**  
At 1:45 a.m. he added that Elmer Brown, president of the International Typographical Union had advised "shortly thereafter" that the executive council of the ITU had voted unanimously to recommend acceptance of this settlement.

Local 6 President Bertram Powers, according to the mayor, advised him at 4:45 a.m. "that because of the international's acceptance of the proposal, the wage scale committee of Local 6 would recommend adoption of a complete agreement."

The mayor also said that "negotiations involving other unions, two of whom still are on strike, will likewise have to be completed."

The tired-looking mayor, who had been working with the groups and on his proposal since noon Thursday, walked into the packed press conference room and smiling, faced the television lights and newsmen. He said happily:

"I am pleased to announce that the recommendations that I made earlier today have been accepted by the publishers and the executive council of the International Typographical Union in the New York City newspaper shutdown."

**Two-Year Contract**  
Wagner said the contract would be of two years duration involving a \$12.7 money package—\$6.51 in the first year and \$6.76 in the second.

The 35-hour week will be established in the second year. The old work week was 36 1/4 hours for printers. Publishers estimated that the shorter work week would cost them an additional 36 cents per man per week in the second year due to overtime.

### Mirrors Pulled From Automobile

Mrs. Nolan Wellborn, 709 Lefors St., reported to police that while her car was parked in the 300-block of N. Cuyler St. yesterday afternoon someone pulled off two outside rear-view mirrors.

The vandalism occurred between 2 and 4 o'clock in the afternoon, according to a police report.

(Continued From Page 1)  
revolt overthrew the government in Iraq last month, trouble has been stirring in Yemen for weeks, and a plot against Jordan's King Hussein was reported last Monday.

**Jabrini Named Head**  
Names of the rebel junta which staged the Syrian uprising were not disclosed, but Damascus Radio said Brigadier Abdallah Jabrini had been named acting commander of the international security forces.

The junta pledged to respect Syria's international commitments and promised to return the government to civilian hand at an unspecified time.

Jerusalem Radio said a heavy exchange of gunfire took place in Syrian positions on the Sea of Galilee, and Lake Tiberias, which are across the tense demilitarized zone between Syria and Israel. The area has been the scene of repeated border skirmishes during the last year between the two countries.

### Clothing Reported Stolen From Home

Several articles of clothing were stolen from the home of Mrs. Shelma Bohannon, 832 E. Campbell, according to a report filed with police yesterday.

Mrs. Bohannon said the clothing was taken sometime between last week end and Wednesday night.

# The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

## Many Believe Santa Lives In Washington

Pioneers are always in the minority. Conceivably it must be that way. It would be hard to imagine a society or culture wherein the bulk of all the people were disposed to blaze new trails.

The minority lot of the pioneer, however, is nothing more than one of the hazards of striking out into unknown territory. Not only must the daring one brave the unknown ahead of him; he must be willing to abide the doubts, the disbeliefs, the open criticism of his contemporaries who will spare no effort to convince him that he is wrong and doing a foolish thing.

It will always be true, also, we suppose, that a great many of the pioneers will fail to reach their chosen objectives, even when they are known. The westward motion of Americans in the 19th century is marked by the remains of those who struggled toward the Pacific coast but who perished along the way.

More inventors struggle ceaselessly with problems they do not solve than there are inventors who come up with a new and acceptable device. There are more books written which are never published, more schemes hatched than will ever reach maturity.

This is a good thing. It is not that it is good to fail. But it is good to know that only those who strive with more than ordinary effort win the big prizes. Forward motion is assured when major rewards go only to those who surpass mediocrity.

We have come now into a new era of pioneering. In essence, there are two major areas where advances can be, and must be, made. One of these is in the area of space-time. Courageous men and women must be found who will risk all in an effort to reach the moon, and then the planets, and possibly who knows... the stars themselves.

Unknown lands on this planet are almost a thing of the past. True, there are some places where exploration will continue for many years. The ocean beds are now being surveyed with a greater degree of continuity. Remote, nearly inaccessible reaches of swamp, jungle and desert are echoing to the footsteps of the way-shower. The North and South poles have been reached and mapped; the former has been sailed under.

All of these give promise of an open doorway for the pioneers of the future.

But there is another area of an even greater significance, if we have the wit to discern it. This is the area of exploration yet to live.

## Let's Look At Ourselves

Some observers of American life say we spend too much time in stock-taking and are too self-critical.

Certainly we all talk a lot. But mixed in with the criticism is plenty of shouting about the greatness of America. If the balance seems wrong, it could be that our pro-Americanism dwells less on our virtues than on the dangers and weaknesses of our enemies.

Even with all our self-scrutiny, it is not clear that we do a very good job of taking stock.

We know we have some bad flaws. Crime and corruption are rampant; we turn out too much careless, shoddy work; we have let our big cities fall, generally, into a curious crumbling chaos; we bury some of our knottiest problems — like education, health and unemployment — in a great avalanche of words.

Yet, while we acknowledge these as shortcomings, we do not consistently exhibit the kind of concern that leads to effective action. We have made the lack of caring almost a way of life. We have made the excusing of failure nearly a science.

## Pull Up A Chair

By Frank J. Markey

You will never get fleeced if you follow the highly recommended advice of the National Better Business Bureau which has offices in cities throughout the United States. Below is a set of rules to follow when one is approached at his residence by an unknown sales person. Many companies are in the survey business and are legitimate. Their representatives are usually women who will gladly produce their credentials. They are not selling and only want your opinion regarding certain products and events. But be on your guard against individuals claiming some government connection, trying to sell something or allegedly making a survey. Call the police if they become discourteous. Never be in a hurry to sign a paper. What is purportedly a receipt may be a contract of purchase, and once you sign an agreement it is legally binding. Beware of "You have been selected" to get something for nothing and don't fall for the dodge that the firm wants your name for reference or advertising.

Many scientists are against a total nuclear test ban on the grounds that the U.S.S.R. will continue to cheat and because the tests may provide a defense against missiles. A furniture adhesive newly developed will securely repair many wooden household items. It not only binds and swells and locks the wood fibers into place. U.S. currency in its present size was first issued in 1929 and the new bills will stack 233 to one inch.

During the past ten years, Richard Nixon has been accused of calling former President Truman a "traitor." Here is what the former Vice President said as reported in the New York Times of October 28, 1952: "Former President Truman and Governor Stevenson are traitors to the HIGH PRINCIPLES of the Democratic Party. They tolerated and defended Communists in Government." Lifting a word or two out of the context of a speech usually changes the meaning and is misleading.

Contrary to most impressions, a high tax bracket today does not mean that a man is rich, says the National City Bank Letter. "It may simply mean that he is being prevented from becoming rich," it adds. "Profanity is the refuge of weak men — weak on vocabulary and weak on self-respect for things sacred among men. Cuss words and swearing is a poor crutch to compensate for ignorance. This sound thinking was passed on by a military chaplain.

Country editor speaking: "Among the products which they say are now designed chiefly to appeal to women must be listed the paper products put out by the federal bureau of engraving and printing."

The Milton, Mass. Water Department has an ingenious trouble shooter who cleans the one-inch pipes usually found in homes with jumbo-sized gumdrops. Harry Sumner, who originated the operation, said he knows it sounds crazy but it is the most effective way to remove oxidized matter that collects in the pipes. The gumdrops are pushed through under 500 pounds of water pressure. It's safer than paper, he reports, which sometimes causes pipes to explode.

Mary Martin, "America's Sweetheart," has a theatrical schedule that takes her to all parts of the United States and what she usually makes by bus. "It's the only way to see our grand nation," the actress explained, "because you can go through the real countryside, enchanting towns and see the beautiful mountains and rivers." Most traveling bands and theatrical groups, if they are barnstorming, find the private bus the most flexible for moving about.

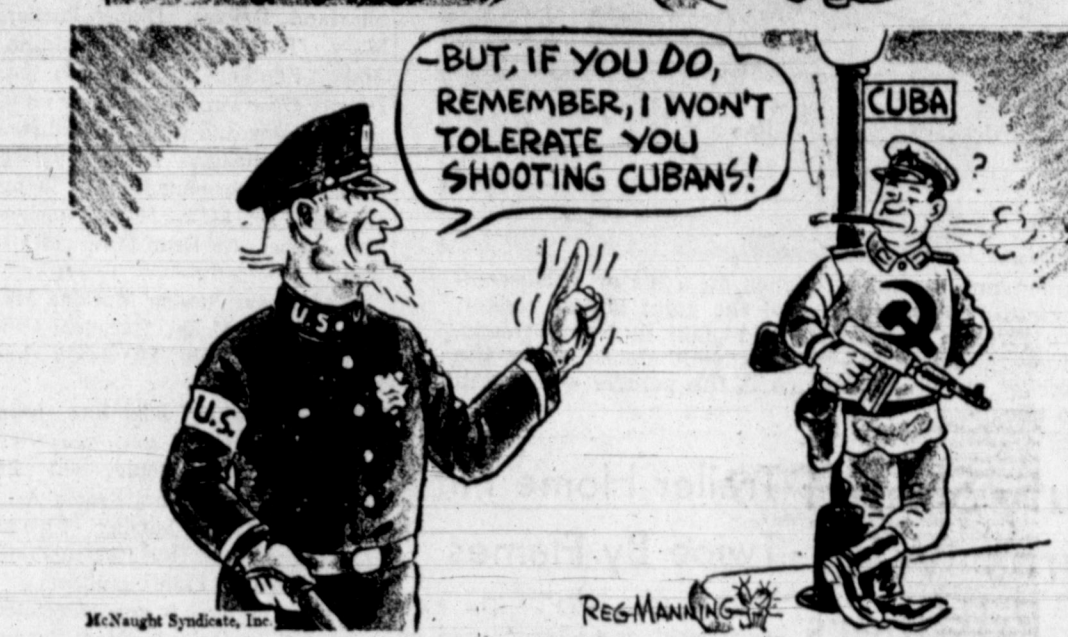

Recently we ran across Fred Waring and his musical cavalcade in the southwest using the same mode of transportation.

Today's favorite gag: The insurance agent was explaining to the farmer, whose barn had just burned down, "The company will rebuild the barn, making it the same size, etc., as the old one, instead of paying the claim in cash." The farmer furiously replied, "Well, if that's the way you do business, you can cancel the insurance on my wife."

Some parts of history tend to support this notion. But history also shows that nations and civilizations do slip badly and sometimes fatally.

Are our shortcomings "normal" or are they marks of decline? There's a problem the critical stocktraders have hardly touched.

### Eleanor R. Foundation To Promote U. N. Aims

By ED DELANEY

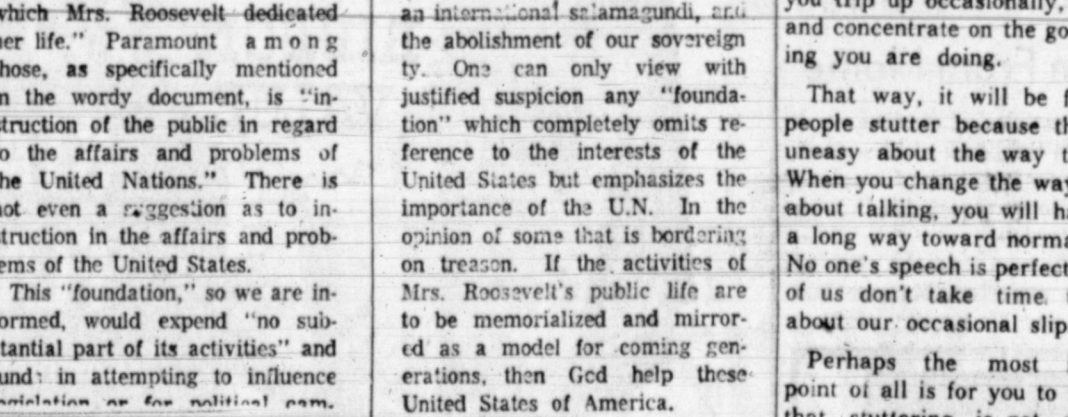

For reasons that are not too obscure, the nation's news media did not call attention to the establishment of a "foundation" with congressional approval, for the primary purpose of furthering the aims and objectives of the United Nations, to the apparent exclusion of the interests of the United States.

A bill was introduced in the Senate, by Sen. Hubert Humphrey, (D-Minn.) to incorporate and seek congressional chartering of the Eleanor Roosevelt Foundation. Humphrey told his colleagues in the Senate that President Kennedy had invited "a number of distinguished Americans, under the chairmanship of Adlai Stevenson," to consider the most appropriate way in which to continue supporting the causes to which Mrs. Roosevelt had given such noble service.

The first of these, as stated in the lengthy memorandum given the Senate, is "to strengthen the United Nations in the quest for man's universal hope for peace."

Moreover, as set forth in Sec. 3, "the objects and purposes of the Eleanor Roosevelt Foundation shall be exclusively charitable and educational and no substantial part of the activities shall be carrying on propaganda, or otherwise attempting to influence legislation, participating in or intervening in any political campaign on behalf of any candidate for public office." But the corporation would continue furthering "certain major interests to which Mrs. Roosevelt dedicated her life." Paramount among those, as specifically mentioned in the wordy document, is "instruction of the public in regard to the affairs and problems of the United Nations." There is not even a suggestion as to instruction in the affairs and problems of the United States.

This "foundation," so we are informed, would expend "no substantial part of its activities" and funds in attempting to influence legislation or for political campaigns.

## The Doctor Says:

By DR. WAYNE G. BRANDSTADT

A reader writes, "You told about how to prevent stuttering, but not what an old hand at it can do. I have been stuttering for many years. Would taking Dextrodine help me?"

If I were a stutterer, I would not want to put my reliance on any drug to help my speech. As I have said many times, there is nothing easier or more disappointing than to expect a magic cure in the form of a pill for all human ailments.

On the other hand, much can be done to improve your speech. According to Dr. Wendell Johnson, who has made a life study of speech problems, the average stutterer has trouble with only about every tenth word.

By learning to capitalize on the credit side, that is, on the fact that you speak well about 90 per cent of the time—you can build confidence in your power to speak as well as anyone else.

### GOP Whets Knife To Hack Fat Out Of JFK's Budget

By PETER EDSON

WASHINGTON (NEA) — Spearheading the Republican drive to cut between \$10 billion and \$15 billion from President Kennedy's \$108 billion budget for next year are Rep. Frank T. Gow of Canton, Ohio, and other GOP members of the House Appropriations Committee.

Gow and his group will operate under Republican congressional leaders, but they will seek support for their budget-cutting from economy-minded Democrats.

Republicans realize they can't succeed in this operation without Democratic votes, but they played this coalition cross game in cutting Truman administration budgets in the 80th Congress and they think they can do it again.

If the Republicans and their Democratic kindred spirits can make major cuts in next year's budget, they believe it will help justify the tax cut both parties want. The President's tax reform program is left out of the operation.

Maurice Stans, President Eisenhower's last Budget Bureau director, has done the research job and compiled the figures which will be used as basic for the Republican-planned cuts. Stans will not take an active part in the operation; he'll stay in the background as an adviser.

During the past month or so he has been commuting from his Los Angeles home to Washington while making an item-by-item and line-by-line analysis of the Kennedy budget.

Cutting the President's request for \$108 billion in new obligations at authority by \$10 billion or \$15 billion would mean \$93 billion to \$83 billion figure. The resulting cut in spending for the year beginning next July 1 would be from \$4 billion to \$6 billion. This would make an administrative expenditure budget of from \$93 to \$95 billion in place of the President's \$99 billion.

Possible economies suggested by Stans do not represent an across-the-board percentage cut. Reductions are considered possible for every major item in the budget, however, including even national defense and exploration of outer space.

While no figures are being given out now, it is believed that defense cuts will be sought at a little lower percentage figure than for most of the civilian agencies. For smaller agencies, where cuts of less than \$300,000 are considered possible, they are indicated as nominal and no great effort will be made to pare them down.

The space program definitely would be cut back to slow down the program and bring it under tighter, more efficient control. The expressed idea is to take the frenzy out of the present crash program.

The \$40 billion estimated total cost of putting men on the moon would remain. Whether the mission would be accomplished by 1968 or maybe 1975 isn't considered important.

One of the points Republicans are emphasizing in planning these cuts is that they will not result in an austere budget.

Their idea is to stop budget growth for a few years and stabilize expenditures so the economy can catch up. If this isn't done, Republicans say the budget won't be balanced for years.

They point out that Eisenhower submitted an \$81 billion new obligation authority budget for fiscal

1962. Kennedy's \$18 billion budget for 1964 is a 34 per cent increase in two years.

"What we need," says one Republican, "is an adding machine on the President's desk so he can keep track of the cost of all the new programs he is asking for."

The Republicans want to stop nonemergency public works and put a moratorium on new projects not essential to security. Government construction — \$7 billion in 1962, Kennedy's \$108 billion budget for 1964 under the Kennedy budget.

Government civilian employment would be cut back by the GOP economy drive, but it is said this will not endanger national security or public welfare. The idea is to cut the planned 500,000 increase of government personnel by June 30, 1964.

## Question Box

(We invite questions on economics and the proper functions of government which will not injure anyone.)

Question: "What is life?"

That might seem like a question to which everyone knows the answer. Probably everybody has his own idea of what life is. However, Jose-Ortega-y-Gasset, in his book "What is Philosophy," has a rather interesting answer to that question.

Gasset is a Spaniard and he wrote "The Revolt of the Masses," which had 20 printings in the United States alone. He is certainly a student of history and philosophy. He is undoubtedly a great teacher, although he uses a lot of metaphors and figures of speech, which are probably necessary when he gets into philosophy.

His definition of "philosophy" is, knowledge of the Universe. And part of the Universe, of course, is life, which is the particular part that interests most of us. He observes that life is making decisions as to how you shall use your life. And the decisions one makes has a lot to do with the amount of life one has during his lifetime.

He contends that too many people do things just because somebody else does them. He said that those who attended his classes because somebody else attended, were letting the other person make the decisions for them. They become the mass men and cease developing. Of course, making the proper decisions is the way of developing one's mental and spiritual faculties and developing one's body as long as one is growing and preserving one's health after one has matured.

If anybody else has a better definition of what life is than the making of decisions as to one's actions, we would be glad to publish it.

## HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)

Fastest Growing

# Jehovah's Witnesses Gaining Strength Fast

By LOUIS CASSELS  
United Press International

The fastest growing religious body in the world is a Brooklyn-based sect whose adherents believe that doomsday is hard at hand.

Its official name is the Watchtower Bible and Tract Society. The members are better known as "Jehovah's Witnesses."

During the past 20 years—a period in which the membership of other churches approximately doubled—the number of Jehovah's Witnesses has increased by 700 per cent.

Today there are about 900,000 full-fledged Witnesses, and perhaps an additional one million fringe members who read the society's literature, attend its meetings, and generally sympathize with its doctrines. One third of them live in the United States. There also are fast-growing branches of the society in West Germany, France, Latin America and Africa.

Their phenomenal growth rate is the result of a zeal for evangelism which puts the established churches to shame. Every Witness is regarded as an ordained minister, and is sent out to ring doorbells, pass out literature on street corners and preach the society's message to as many people as possible. The average Witness, working an assigned territory, makes personal calls on at least 10 homes each week.

Behind this passion for converting is the firm conviction of the Witnesses that the end of human history is imminent. They expect it to come at any hour, and almost certainly within the next 10 years.

The end will come, they say, with a titanic "Battle of Armageddon" between the forces of God and the forces of Satan. The awesome pyrotechnics of this struggle "will make atomic explosions look like firecrackers." The only survivors will be Jehovah's Witnesses, who will thereafter live eternally and blissfully, not in heaven, but right here on earth.

**Other Religions Satanic**  
Because they regard all other religious bodies as instruments of Satan, Witnesses feel that they can express their love of neighbor only by relentless proselytizing—by bringing as many people as possible into their own fold before it is too late.

They also look upon all human governments as instruments of Satan, and therefore refuse to pledge allegiance to any flag or to serve in any nation's armed forces. This stand has brought them into constant conflict with the law, and exposed them to many mob attacks, tar-and-featherings and other savage persecutions, both in this country and elsewhere.

But the Witnesses are not averse to using the judicial processes of government. Since 1938 they have carried 50 test cases before the U.S. Supreme Court, and have won 37 of them. Through this litigation, they have won the right to preach on the streets, refuse jury duty, avoid salutes to the flag, and carry on house-to-house solicitations.

Leading constitutional lawyers credit the cases brought by the Witnesses with achieving a major expansion of civil liberties for all Americans.

But this was a purely incidental by-product, so far as the Witnesses are concerned. They care nothing for improving social conditions or righting injustices in human society, which they feel is corrupted beyond all hope of redemption and already doomed to fiery destruction.

**Have Distinctive Theology**  
Many Americans who have had brief encounters with Jehovah's Witnesses or their literature have formed the impression that they are an offbeat body of Protestants. But the Witnesses have a distinctive theology of their own, which can hardly be described as a version of Christianity.

In his excellent study of the Witnesses, "Armageddon Around the Corner", Prof. William J. Whalen of Purdue University says Witnesses may be described as "fundamentalist Unitarians."

"They regard the Bible as the infallible word of God, a word

which must be taken literally and at face value," says Prof. Whalen. "At the same time, they stoutly deny the divinity of Jesus Christ and the doctrine of the trinity. An orthodox Christian theologian would recognize bits and pieces of a dozen ancient heresies in Witness theology."

Witnesses believe that the Almighty is wrathful at Christians because they call him "God" instead of using his proper name, Jehovah. They have their own translation of the Bible in which Jehovah has been substituted for God more than 6,000 times.

Although they look forward with joy to an imminent and fiery destruction of the present world, Witnesses do not believe in a hell. The wicked people who do not qualify for perpetual bliss after the battle of Armageddon will not be condemned to eternal punishment. They will simply be extinguished.

Witness theology does provide for heaven, but only a select "little flock" of 144,000 persons will go there. Others saved from the final debacle will remain on earth, enjoying a trouble-free existence forever.

The official name of the society is derived from the title of a magazine, "The Watchtower," founded in 1879 by Charles Taze Russell, an Allegheny, Pa., haberdasher who was attracted to adventist doctrines of biblical interpretation.

He acquired a body of followers, originally known as Russellites, and predicted that the world would come to an end in 1914. Witness theologians have since reinterpreted his prophecy and hold that 1914 marked the beginning of an "invisible struggle" in heaven which will culminate in the fiery battle of Armageddon on earth, any day now.

After Russell's death in 1918, the movement was headed by a Missouri lawyer, Joseph F. Rutherford. He continued the emphasis on an imminent end of time, and was author of the famous Witness prophecy: "Millions now living will never die."

REV. JAMES AHRENS  
... Evangelist

## Evangelist Now Preaching Here At Immanuel

Rev. James Ahrens of Pineville, Mo. is the Evangelist here for a revival that began at Immanuel Temple Church, 801 E. Campbell, on Wednesday, March 6, at 7:30 p.m. The revival will continue through Sunday, March 17, and perhaps longer.

Rev. Ahrens has been in the ministry for many years and has had great success in winning people to Christ. God has honored this humble servant by blessing his ministry to those who are sick and suffering. Many testimonies of wonderful release from pain and suffering have come from people who have been ministered to in his services. Also many have testified of receiving a wonderful experience of the infilling of the Holy Spirit as Rev. Ahrens has taught on the "deeper life."

Rev. Earl Pruitt, pastor of Immanuel Temple, has extended an invitation to all the people of all the Churches of Pampa and surrounding area to attend this revival.

Birds rarely, if ever, sleep with their heads under a wing. Many place the bill among the feathers between the body and wing joint.

## Brethren Church Men's Fellowship To Hold Services

Sunday morning at the Church of the Brethren, 600 North Frost, the Men's Fellowship of the Church will conduct the worship service.

Rev. Bryce Hubbard, president of the Men's Fellowship will preach on the subject, "The Place of the Man in the Home."

Sunday School will open at 9:45 a.m. with classes for all age groups.

A service of Bible Study and Prayer will be conducted on Sunday evening from 7 to 8. Everyone is invited to come and bring Bibles.

The pastor, the Rev. Russell G. West, Sr., is spending this week end in a Youth Conference at McPherson College in Kansas. Accompanying him are Pampa High School students, John Hubbard and John Schmidt. They will return Sunday evening.

## 'Man' Is Topic This Sunday At Scientist Church

A Bible lesson on the subject "Man" will be read this Sunday at First Church of Christ Scientist, 901 N. Frost.

Scriptural selections will include these verses from Psalms (90:1-6): "Lord, thou hast been our dwelling place in all generations. Let thy work appear unto thy servants, and thy glory unto their children."

Correlative readings will emphasize the Christian Science teaching that man's real identity is not material, but found in God as His spiritual image and likeness—what St. Paul referred to as "the new man" (Eph. 4:24). Included will be this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 90): "The admission to one's self that man is God's own likeness sets man free to master the infinite idea."

## Highland Baptist To Have Regular Services Sunday

Services at the Highland Baptist Church begin with Sunday School at 9:45 a.m. The lesson is taken from Mark 10 and is entitled "To Be Served or to Serve?" The morning worship service begins at 11 a.m. Rev. Alston has chosen for his sermon title, "A Promise of Heaven."

Training Union begins at 6:30 p.m. and we will be finding the answer to such questions, as, "How can churches minister to the personal needs that are distinctive to people of this day?"

## Regular Services At 1st Christian

Rev. Glyn B. Adsit will deliver the morning sermon at the First Christian Church, the subject being "A Word of Forgiveness" at the 10:00 a.m. service. This message is based on the Scripture Luke 23:23-43, and develops the idea that people today are still committing the sins that caused Christ to be crucified on the Cross.

The evening service is a Bible Study and meets at 6 p.m.

A service of Installation for Rev. Loren Williams the new minister at Lamar Christian Church, will be held Sunday, March 10, at 3:30 p.m.

Those taking part in this service from out of town will be: Rev. Thurman Boswell, Miami; Rev. Barrett Moore, Amarillo; Rev. Clyde Nichols, Borger; Rev. W. E. Emery, Panhandle; Rev. Joe Lacy, Dumas and Rev. Duncan McCall, Amarillo.

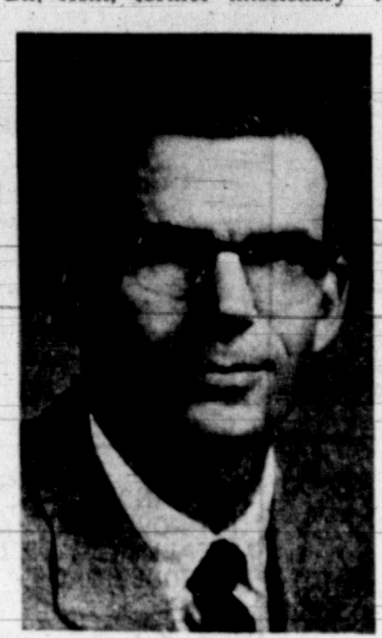

Those in town participating will be: Rev. Glyn Adsit, Rev. Gene Buchanan, Mr. E. E. Shultz, Mr. B. F. Smith, Mrs. J. S. Hatcher, and representatives from the United Church Women, Pampa Ministerial Alliance and the City Commission. The public is invited.

BOB ELY  
... Wheeler Pastor

## Guest Religious Leaders To Hold Sunday Services

First Methodist Church is having a revised version of the type of meeting they had last year which proved to be so popular and helpful during the Lenten Season. The new schedule will include preaching at a 7 a.m. service by Bill Kent, former missionary to

CARL ANDERSON  
... Discussion Leader

Bolivia, and preaching at the evening services will be by Glenn Chambers, Associate Minister of First Methodist Church, Lubbock.

Following the evening services group meetings will be held at 8 p.m. where each person will have an opportunity to ask questions or share in the discussion period or simply sit in on one of the group discussions.

The singing will be led by Hubert Carson, Director of Music and special music will be a part of each service. The emphasis, however, will be on old-time congregational singing.

Discussion group leaders, in addition to the two who will be preaching will be Carl Anderson, pastor at Darrouzett; Duane Bruce, pastor at Perryton; Lee Crouch, pastor at Canadian; Allen Adams, pastor of Trinity Methodist Church; Snyder; and Hubert Bratcher, and Rodney Williams of the local church.

Following the morning worship services at 7 to 7:40 a.m. opportunity will be given for fellowship with the visiting ministers and each other in the basement of the church.

Sunday School classes will be serving doughnuts and coffee each morning.

Bob Ely, pastor of the Methodist Church at Wheeler, will be the "kick-off" man for the meeting. Preaching is at the 8:45 and 11 a.m. services Sunday morning.

## Rev. Williams Installation At Lamar Sunday

A service of installation for Loren E. Williams, minister of the Lamar Christian Church will be held Sunday March 10 at 3:30 p.m. at the church located at Sumner and Bond Streets.

Barrett T. Moore, associate Minister of the First Christian Church, Amarillo will deliver the installation and dedication message.

The public is cordially invited to attend the installation and the period of fellowship and refreshments following the service.

## Two Morning Worship Services At Central Baptist This Sunday

Beginning Sunday, March 10, and continuing for several weeks, Central Baptist Church will have two morning worship services. The early service will begin at 8:45 and conclude by 9:35. Sunday School will meet at the regular time, 9:45 and the second worship service will be at 11:00. The second service will be broadcast on KHHH. The pastor, Rev. T. O. Upshaw, will be preaching at both services on the subject "The Way Back to God."

The evening worship service includes choir rehearsals for Adult and Chapel Choir at 5 and the Concord Choir at 5:30. These special rehearsals are preparatory to the choir participating in the District 10 Music Festival at First Baptist Church, Borger, Monday evening, March 11.

All three of the choirs will participate as well as several ensembles from the church.

Mr. Hugh Sanders, Minister of Music of Central Baptist Church will direct the Adult and Chapel Choirs. Mrs. Hugh Sanders will direct the Concord Choir. The accompanist is Mrs. Dan Johnson.

Training Union for all ages is at 6 Sunday evening with discussions on the principal subject of "The Church," all of the month of March this organization is studying various aspects and functions of the church. The specific subject Sunday evening concerns "Our Church and Personal Needs." This deals with the church meeting the needs of individual ages and people.

At the evening service the Chapel and Adult Choir will pre-

sent the music they will sing at the festival Monday evening. The pastor will continue the series of messages on the Seven Churches of Asia Minor. His sermon subject for Sunday evening will be "The Church at Thyatira."

## Hobart Baptist Continues Seven Churches Of Asia

Rev. John Dyer, pastor of Hobart Street Baptist Church will continue the series of sermons on the seven churches in Asia Sunday morning, preaching from Rev. 2:12-17, "The Church in Pergamos."

Sunday School will begin at 9:45 a.m., with departments and classes to meet the needs of every member of the family. The nursery is open for all services with competent workers to care for the babies.

Training Union will begin at 6 p.m. You are invited to come and attend a training class to help you to become a more effective witness for the Lord.

A training school for Royal Ambassadors cancellors and workers will be conducted in the fellowship hall beginning at 2 p.m. until 4. Men from all the churches in Pampa who are interested in this work in your own church are invited to attend these training sessions. V. T. Alexander will be the instructor.

Sunday evening worship service will begin at 7. The youth choir will fill the choir loft. W. R. Brown will be conducting the music in the absence of Fred Bridges, minister of music.

The Y. W. A. organization will present a program reporting on their trip to the State Y.W.A. Houseparty last week.

The pastor will be preaching from Acts 24 "Spiritual Procrastination" Monday, church-wide visitation at 7.

Wednesday night Prayer meeting at 7:30. The pastor will continue the study of Revelation. The subject will be "The Symbolic Meaning of Numbers in The Bible." The public is invited to attend these Bible studies.

## Lenten Services To Continue At 1st Presbyterian

Special Lenten services continue at the First Presbyterian Church with the pastor, the Reverend Donald Hauck preaching from the 4th and 10th chapters of Matthew. The sermon is entitled "A Ministry to Share."

On Wednesday evening, March 13, a series of four mid-week services in preparation for Easter will begin with Dr. Horace Casey, pastor of the First Presbyterian Church in Enid as guest preacher. These services which will be held in the sanctuary at 7 p.m. will be preceded by a covered dish supper in Fellowship Hall.

Other scheduled events on Sunday include, Inquirers Classes for Adults at 9:45 a.m. and 8:30 p.m., communicants class for juniors at 3:00 p.m. and evening prayer at 7:45 p.m. The youth fellowships meet at their usual times.

**GUEST SPEAKER**—Lee T. Harris, second counselor of the North Texas District Presidency of the Church of Jesus Christ of Latter Day Saints will be the guest speaker at the local church Sunday March 10 beginning at 6 p.m. The public is invited to come and enjoy this service.

## Evangelist Davis At Assembly Of God March 13

Evangelist Ike Davis of Fort Worth, Texas will begin a revival at the First Assembly of God Church beginning Wednesday evening, March 13, and concluding Sunday evening, March 24.

Rev. Davis is a composer and recording artist, so be sure to hear this evangelist as he presents the gospel message in song and sermon.

Services will begin each evening at 7:30. There will be no evangelistic service Saturday evening.

The regular Sunday services are scheduled as follows: Sunday School opening service at 9:45 a.m.; morning worship service at 11; C. A. Service at 6:30 and evening service at 7:30. Pastor J. S. McMullen's subject Sunday morning will be "Why not

## Topic At St. Paul, 'Christ A Last Resort'

The theme for the morning worship service at St. Paul Methodist Church will be "Christ, A Last Resort" based on the scripture Mark 5:21-34. The message will be given by the pastor.

The anthem will be "O Saviour, Hear me" by Christoph Von Gluck. Vespers will be at 5 p.m. Travis Lively will lead the Arm of Compassion study on the theme "Methodism Builds Hospitals and Homes". There will be a session for children and a nursery will be provided.

The Junior High Methodist Youth Fellowship will hold a Slave Day on Saturday March 9 from 9 a.m. on. They will do any honorable work for a contribution to the Methodist Youth Fund which provides a youth worker for our Northwest Texas Conference and sponsors youth camps and training programs. It also sponsors mission stations around the world. For information on Slave Day call MO 4-4167.

go to your Bible for future News. For Sunday evening he has chosen to speak from the subject, "After the immediate future, what then?"

Be sure to hear these inspiring messages from the Bible.

# The Weekly Message Of Inspiration

Attend The Church Of Your Choice

ENVOY H. C. SEAGO  
SALVATION ARMY

### BE WISE

Most people have a tendency to be religious. There are numerous kinds of religions, but only one salvation. Acts 4:12 reads, neither, is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved. Now why not be wise and accept the salvation offered. We are very careful to feed the body three times daily but the soul of man, the most precious thing in all the world, we let starve. God urges us to let Him direct our lives and has promised to supply all our needs according to His riches in Glory, Matthew 6:33: But seek ye first the Kingdom of God, and His righteousness; and all these things shall be added unto you. Jesus once said to Nicodemus, "Ye must be born again." The wise man or woman will heed God's words of wisdom and truth. Those who foolishly neglect so great a salvation will suffer loss in this life as well as miss out on God's plan for their life — and come to the end of life unprepared to meet God.

### Be Wise — Don't Cheat The Man In The Glass

When you get what you want in your struggle for self,  
And the world makes you king for a day,  
Just go to the mirror and look at yourself,  
And see what that man has to say.  
For it isn't your father or mother or wife  
Who judgement upon you must pass,  
The fellow whose verdict counts most in your life  
Is the one staring back from the glass.  
Some people may think you a straight shooting chum,  
And call you a wonderful guy,  
But the man in the glass says you're only a bum  
If you can't look him straight in the eye.  
He's the fellow to please . . . never mind all the rest,  
For he's with you clear to the end;  
And you've passed your most dangerous, difficult test  
If the man in the glass is your friend.  
You may fool the world down the pathway of years,  
And get pats on the back as you pass,  
But your final reward will be heart aches and tears,  
If you've cheated the man in the glass.

# Class B Action Resumes Today

AUSTIN (UPI)—Class B action resumed today in the state school basketball tournament with second round games matching McAdoo against Talpa Centennial and Nacona Prairie Valley vs. Blum.

A third game was scheduled in the morning between South San Antonio and Hurst Bell in Class AAA.

Thursday night Class AAA play started with two pulsating games that were not decided until the final minute.

James Collins hit a 15-foot jump shot with two seconds left to send Clear Creek past South San Antonio 42-40 and Mike Patterson's 20 footer with 45 seconds left edged Seminole over Bell 49-47.

Seminole and Clear Creek will meet for the championship in their class Saturday night. The Class B title game will be played Saturday morning.

**Big Scores Made**  
Buna and Canyon won by big scores Thursday to qualify for the AA championship game Saturday night. Buna, the defending champion, ran over Gladewater 71-39 and Canyon dumped Stafford Dulles 75-39.

In Class A games, Pineland West Sabine whipped Millsap 64-48 and Woodboro trimmed Stratford 52-44. Those winners meet Saturday afternoon for the crown. Class AAA gets under way this afternoon when San Antonio Bur-

bank meets San Angelo Central. The second game, matches defending champion Dallas Jefferson vs. Houston Spring Branch tonight.

**Young Lenox Star**  
Curly Lenox, a 6-4 younger brother of Texas A & M star Benie Lenox, was high scorer for Clear Creek with 22 points. Seminole's top scorer was John Curry with 14 points.

Pete Hillin, who made second team all-state last year, was Buna's leader with 26. Canyon's all-state Bob Begert, a 6-5 senior center, canned 25 points to aid the Eagle attack.

The Class AAAA championship game will be played Saturday afternoon.

Third place games were scheduled this afternoon between Gladewater and Dulles in Class AA and Millsap vs. Stratford in Class A.

The McAdoo Eagles whipped tall Frankston 68-52 in the first game of the 43rd State Schoolboy Basketball Tournament, sparked by a 25-point performance from Joe Bragg to become the favorite for the Class B title. McAdoo led all the way, bursting into a 10-point lead only four minutes deep into the game to topple 1961 champion Frankston.

Bragg's 25 points led the scoring parade. Johnny Powers hit 24 and all-star Larry Morris 23 for Frankston. Jim Moore chimed in with 15 for McAdoo, who were state champions in 1960.

# Wheeler To Gruver Saturday

WHEELER (Spl)—Wheeler track coach Grady Burnett admitted that the Mustang cindermen would be at the Gruver Relays mainly for the experience this Saturday.

Despite the Mustangs being defending District 2-B champs, almost all of last year's winning team has graduated, and Burnett in his first year as athletic director and head coach, is doing a rebuilding job from the ground up, with nothing but juniors and sophomores.

Burnett, after eight years as head coach at Canadian, left to become principal at Vega. Finding sports too deep in his blood, he came to Wheeler and has done an excellent job in his first year, winning district in football.

**No Practice**  
"Track is going to be a lot tougher problem," said Burnett. "In addition to most of last year's team having graduated, the cold weather has given us very little chance to practice. To tell the truth, I haven't run a clocking on any of the boys yet this year, we just haven't had enough good days. I'm taking the boys to Gruver mainly so that they can get a taste of competition before the Lefors Relays."

Although Wheeler won district by a wide margin over second-place Miami last year, with Mobeite third, Allison fourth, Briscoe fifth and Kietlon last, the six teams have been joined by four more, making a 10-team track district that is going to be very strong indeed. In order to consolidate Class B schools and make for stronger district, four teams, which had been in 1-B or 3-B, F. M. Lett, Darrouzett, Booker and Morse, have been added to the loop.

**Booker Tough**  
"Booker is a real track powerhouse," said Burnett, "and should win our district. Another of the new teams, Darrouzett, also produces consistently good track teams. With only six men back from last year's team, and all the boys juniors or sophomores, I'm going to take about nine or 10 down to Gruver, and possibly 14 to Lefors."

Returning from last year's team are Dunk Porter, who tied for first in the low hurdles, and was sixth in the discus in the district meet. Mendell Hunter is one of two returnees from last year's winning mile-relay team and placed fifth in the pole vault. Billy Overcast was fourth in district in the mile and Gene Watson was fifth. Kent Sims was fifth in the high hurdles and Terry Vanpool was sixth in the low hurdles. Vanpool is the other mile relay team which won last year has graduated.

Porter, a sophomore who clocked 21.5 as a freshman, will be in the low hurdles at Gruver, as well as being on both relay teams. Hunter, a junior, will be in both relays, but will not enter the pole vault until he gets more chance to practice.

Sophomores Overcast and Watson will both enter the mile and Sims, a junior, will be in the discus.

**Newcomers**  
Daryl Snelgroves is slated to run the 100 and will be an alternate relay man if Hunter is unable to run Saturday.

A promising half-miler is sophomore Jamie Moore.

**Lewis Fast**  
Probably the fastest man on the team is junior Henry Lewis. Lewis, who was working his way down to 10 flat last year, broke his hip while running and was out the entire season. "His hip is still a little stiff," explained Burnett, "but he should be running between 10.2 and 10.4, and if he recovers, will be our fastest man."

Following the Gruver and Lefors meets, the Mustangs run in the Panhandle Meet the following week. Amarillo the week after that and then the district meet. Burnett said he was considering entering the strong Erick meet on April 13, after which the Mustangs hope to have several candidates for the regional meet.

**NOW HEAR THIS** — Wheeler track coach Grady Burnett gives his Mustangs some last-minute words of advice before leaving for the Gruver Relays. Bottom row, from left: Gene Watson, Daryl Snelgroves, Henry Lewis, Don Burke, Neil Rogers, Standing, coach Burnett, Terry Vanpool, Billy Overcast, Kent Sims, Dunk Porter, Jamie Moore. # Beatniks Honor 'Louisville Lip'

By JACK CUDY  
UPI Sports Writer

NEW YORK (UPI) — Cassius Marcellus Clay, the fight game's "Louisville Lip," was awarded the "most hip" recognition today by arty beatniks in New York's Greenwich Village because of his alleged poetry — writing and reading.

Heavyweight contender Clay, who fights New Yorker Doug Jones at Madison Square Garden Wednesday night, "is really digging the whole scene," explained Ed Weintraub, owner of the "Bitter End" — a popular coffee-house night club in the Village.

It was at the bitter end that Clay recited his poetry to a group of about 200 listeners.

21-year-old Cassius won by popular acclaim Thursday a self-composed poetry-reading contest.

The bewhiskered young "hippies" and their very long-haired "swinging" chick, gals simply dug that Cassius, Weintraub disclosed — not because of his poetry — but "because he's putting the whole world on — and it's a gas."

Translated, that means Clay knows that if he fights like he writes poetry he'd lose his next six bouts by knockouts, Weintraub explained.

Cassius won Thursday's poetry contest against seven opponents — six of them girls.

Before his recitation, Clay explained to the 200 listeners: "The rhythm of my poetry gives me an unprecedented rhythm in the ring."

Then he read with flamboyant vigor: "Ode to a Champion: Cassius Marcellus Clay — by Cassius M. Clay."

His modest poem started: "Hail to a man of muscle and brawn, a fighter so stout of heart "That shadow-boxed and sweated and punched and learned the boxer's art."

After proving that Clay is greater than the great gladiators of yore and that he will knock out Jones in six rounds, the poem concluded with a title triumph over Sonny Liston:

"So when the gong rings and the referee sings out 'the winner' "And Sonny Liston will fall "Cassius Marcellus Clay will be the noblest Roman of them all."

# Pistons Want Bob To Take Jones Along

By United Press International

Bob Cousy has made his farewell appearance at Detroit—but as far as the Pistons are concerned he can take along Sam Jones, too.

Cousy, playing his last year in the National Basketball Association, scored 14 points in 24 minutes in helping the Celtics to a 115-104 victory over Detroit Thursday night. Jones led the Celtics with 31 points.

The Pistons' loss cut their margin for third place and the final playoff berth in the Western Division to one game over the San Francisco Warriors. Detroit, which has played two more games than San Francisco, meets the Warriors Friday night in Fort Wayne, Ind., in a big game for both teams.

The last time they met a brawl erupted at Madison Square Garden, involving the Warriors' Al Attles and Wilt Chamberlain and the Pistons' Bob Ferry and Wally Dukes.

In the only other NBA game scheduled, the Syracuse Nationals handed the New York Knickerbockers a 129-118 beating. It marked the seventh straight victory by the Nats over the Knicks and the 22nd consecutive time the Nats have beaten the Knicks at Syracuse.

# Border Olympics Start Off Today

By ED FITE  
UPI Sports Writer

LAREDO, Tex. (UPI)—The 31st annual Border Olympics gets under way today with trials in the schoolboy division where a national record holder, two members of last year's all-state track team, three defending state champs and five Border titlists compete.

In fact, the duel for outstanding thiethe honors in this division may overshadow the battle for the team crown won last year by San Antonio Highlanders.

Sixty-eight schools with 759 athletes were entered in this division lone, while nearly 500 more athletes will be competing in the university, college and junior college divisions Saturday and Saturday night.

**Champs Favored**  
The defending champions in these three classes—Abilene Christian, Texas Southern and Howard County Junior College—are favored to repeat in what promises to be the equal of a year ago when seven meet records fell and another was tied.

Top schoolboy athlete in the meet is weight man, Toby Belt of Houston Westbury who was sec-

# Major League Roundup

By United Press International

Major league baseball's exhibition season begins Saturday and among the notable absentees from the action will be Orlando Cepeda and Juan Marichal of the San Francisco Giants and Johnny Podres of the Los Angeles Dodgers.

The Giants, who meet the Cleveland Indians at Tucson, Ariz., are still waiting to hear from Cepeda, their slugging first baseman, and Marichal, an 18-game winner last year for the National League champions. Cepeda is holding out for a better contract in Puerto Rico while Marichal refuses to budge from his home in the Dominican Republic unless a more substantial contract is offered.

**Podres "Pops" Back**  
Money isn't the factor in Podres' case, it's his aching back. The veteran left-hander "popped" his back while making the final pitch in batting practice Thursday. Trainer Wayne Anderson, however, said the injury is not serious and Podres will miss only two or three days of workouts.

Anderson said, "his body alignment was out. I popped it back and we applied ice packs to freeze it. It's the same thing that seems to happen to him every spring."

Meanwhile, the Dodgers' 25-game winner Don Drysdale tuned up for Saturday's starting assignment against the Washington Senators at Vero Beach, Fla., by allowing only one hit and facing 11 men in three scoreless innings. Manager Mickey Vernon of the Senators said southpaw Claude Osteen would start against the Dodgers and Dave Stenhouse and rookie Jim Duckworth would finish up.

In other Saturday games, the Cincinnati Reds play the Chicago White Sox at Sarasota, Fla.; the Milwaukee Braves engage the Kansas City Athletics at West Palm Beach, Fla.; the New York Mets and the St. Louis Cardinals tangle at St. Petersburg, Fla.; the Philadelphia Phillies and the Pittsburgh Pirates meet at Clearwater, Fla.; the Houston Colts play the Los Angeles Angels at Palm Springs, Calif.; Baltimore and the New York Yankees play at Ft. Lauderdale, Fla.; and the Minnesota Twins meet the Detroit Tigers at Orlando, Fla.

**Training Casualties**  
Those added to the injury list include: Angel infielders Jim Fregosi and Tom Satriano, both with minor ailments; shortstop Tony Martinez, who injured an ankle and centerfielder Vic Davillo, who came down with a fever at the Indian camp; infielders Bill Mazeroski and Bob Bailey, who will be sidelined for a few Pirate exhibitions and Don Dillard of the Braves who has hospitalized with a gland infection.

The Mets' last holdout, Elio Chacon reported to camp and signed his contract; Early Wynn, seeking a job with the White Sox, failed to impress, giving up three runs, one unearned, in three innings; Milwaukee has yet to satisfy catcher Joe Torre.

**Lots Of Sugar For Sugar Bowlers**  
NEW ORLEANS (UPI)—The Universities of Arkansas and Mississippi will divide \$350,000 for playing in the 1963 Sugar Bowl game, bowl officials said Thursday.

Mississippi won the 1963 game, 17-13.

Marshall J. David, president of the New Orleans Mid-Winter Sports Association, said checks for \$175,000 have been mailed to each of the schools.

**GAME TELECAST SET**  
NEW YORK (UPI)—The American Broadcasting Company will handle the national televising of the third annual All-America football game at War Memorial Stadium in Buffalo, N.Y., June 29.

# Roger '61' Maris Admits Homer Glory Days Over

By MILTON RICHMAN  
UPI Sports Writer

FORT LAUDERDALE, Fla. (UPI) — At peace with himself and the rest of the world, Roger Maris faced up to the fact today that he probably never again will approach 61 homers in one season.

"It was too hard getting there the first time and I doubt that I'll ever make it the second," said the relaxed Yankee slugger with about as much emotion as when he ties his shoelaces.

"I'm not being pessimistic," he went on. "I'm just being realistic."

Maris still stands fast on one point; he feels he had a decent year in 1962 even if many of his critics thought otherwise.

"I wasn't disappointed," he insisted. "I thought it was a respectable year."

Coming off his record-shattering home run performance of 1961, Maris had told anyone who had bothered to ask — and most everyone did — that he probably would hit no more than 35 home runs in 1962.

He almost hit the bullseye with his prediction, finishing with 33 homers, 100 runs batted in compared with 142 the year before, and a .256 batting average which wasn't too far off his .269 of 1961.

**Sets Season Target**  
The 27-year-old outfielder has set a similar target for himself this year.

"Anything I can get over 30 homes and 100 RBIs will be all right," he declared.

"People are about the same to me as they always were," he shrugged, letting the matter drop there.

Truth of the matter is they're not. They used to hound him at every turn, thrusting autograph books, baseballs and other trivia in front of him before each bite at breakfast.

# A TEXAS LEGEND!

"My husband and I started in the warehouse business in 1952 with one Dodge truck. I'm still working that Dodge, and it's become a legend. I've made more money with it than with any other truck I've owned. In over 87,000 miles, it's needed new plugs and points, a water pump, and a heater hose. Fact is, it's still running on four of the six original tires. How's that for dependability? That truck's going to retire with me. I wouldn't dare sell it or trade it when it's performing so fine!" Mrs. Thelma P. Stevens, Greyhound Van Lines, Dallas, Texas

Quite a few things have happened to Dodge trucks since Mrs. Stevens bought her first. Among them is a new policy of running improvements that has made Dodge trucks more than 50 ways better in the past year alone. Another is a new series of conventional and cab forward medium-tonnage diesel models, specifically built for substantial savings in city service. But one thing that hasn't changed is price. Dodge, America's only Job-Rated truck, is priced lower than most of the competition, right in line with the rest. Your nearby Dodge dealer has the proof.

# Terry Willing To Swap HRs, Wins

By OSCAR FRALEY  
UPI Sports Writer

FORT LAUDERDALE, Fla. (UPI) — Ralph Terry's first pitch since the last out of the World Series blazed toward the plate and teammate Tony Kubek sent it soaring out of the New York Yankees' spring training park for a pseudo home run.

It left Terry completely unperturbed. As did the 40 home runs he yielded last season which were tops in the major leagues.

"They are," he explained in the locker room after his first stint of the season, "a calculated risk."

He feels it is better, said the quiet, handsome man from Oklahoma, to give up a home run here and there than it is to yield a batch of singles.

"On this club we get some big leads," Terry analyzed. "You're much better off giving up a home run or two than letting them touch you for a big inning."

### Posted Top Victory Mark

Terry has the right to shrug off those 40 homers he gave up last season when you consider his record. Most important, he led the American League with 23 victories and won two games in the Series. He also led the league with 299 innings pitched, which is about one-third more innings than most starters put together. And those 23 wins were the most by a Yankee right-hander since Waite Hoyt posted 21 victories for the Bombers' way back in 1928.

"On a pro-rata basis, homers yielded against innings pitched," Terry estimated, "I'd have to guess that I didn't give up any more than most pitchers who work regularly. Anyway, I don't worry about it too much because I try to keep learning and I feel

that I'm more effective every year."

The record book bears him out, because he won 10 games in 1960, 10 in 1961 and that big 23 last year, and you have to take into account that of the 40 homers he allowed last season, four were in a breezing 21 to 7 win over Kansas City.

"I was real happy with the whole season," says Terry. "I felt low when I dropped the second game of the Series but winning the fifth game was really great — and nothing can touch winning the seventh game and the world championship."

### Twenty Wins Would Satisfy

There is no thought, as he prepares for another season, that he might win 25 games.

"I'd be happy to win 20 again," he grinned. "I'm not greedy. And I have to take into consideration the fact that for a right hander to win 20 games against that short right field in Yankee Stadium takes a lot of doing. The park is built for left handed pitchers and I don't have the stuff to overpower the hitters like a Vic Raschi or an Albie Reynolds did."

The 27-year-old Terry's formula for pitching success is summed up in four facets — condition, application, concentration and studying the hitters.

"I work primarily on contrasting speeds," explained the lean, serious young man whose six feet, three inches is topped by a shock of brown hair. "I've changed my grip to get my fast ball in there quicker and make a greater contrast when I throw my change-ups. Most of the home runs I give up are off my fast ball but the majority of them are solo homers. As long as I can keep it that way, I don't worry too much."

# Gallatin Chosen Coach Of Year

NEW YORK (UPI) — Harry Gallatin of the St. Louis Hawks, who proved as big a success at pro basketball coaching as he once was as a player, today was named United Press International coach-of-the-year for the 1962-63 National Basketball Association season.

Gallatin rebuilt the slipping St. Louis team in his first season as an NBA coach and guided them back to a berth in the league's championship playoffs.

As a result, he was voted the coach-of-the-year honors in a poll of 25 regular NBA writers representing all nine league cities.

Gallatin received 14 votes, compared with 6 for his closest rival, Fred Schaus of the Los Angeles Lakers. Alex Hannum of the Syracuse Nationals had four votes and Arnold (Red) Auerbach of the Boston Celtics one.

The 34-year-old Gallatin was a standout at Northeast Missouri State College in Kirksville, Mo., 15 years ago and the New York Knicks made him their No. 1 choice in the 1948 draft.

As a sturdy rebounder, he played nine standout seasons for the Knickerbockers and one for the Detroit Pistons, setting an "ironman" record by playing in 682 consecutive regular-season games and 64 straight playoff contests. He averaged 13 points and 12.6 rebounds per game during his career and played in eight NBA all-star games.

When Gallatin retired as a player in 1958, he took a job as head coach at Southern Illinois University and once again proved a winner. In four years his teams won 81 games and lost only 35, placing third in the NCAA small college tournament in 1962.

# Harvesters To Graham Meet

★ ★ ★ ★ ★

**TAKING OVER** — Pampa sophomore Jimmy Jamieson will have a big job cut out for him in the Possum Kingdom Relays as he replaces Mark Westbrook in the mile relay for the Harvesters. Westbrook, Pampa's ace 880 man, is ineligible for this week's meet, and the youthful Jamieson will replace him on the relay squad and also run in the dashes. (Daily News Photo)

# To Miss Possum Kingdom Half-Miler Mark Westbrook

Pampa track coach Norm Phillips, whose meet entries have been chopped away at again and again by college entrance exams, conflicting sports or school events and other hazards, found the Harvesters would be crippled again Saturday when they go to the Possum Kingdom Relays in Graham. Mark Westbrook, the Harvester's ace half-miler and one of the mile relay team, will be ineligible this week end, with his absence costing the Harvesters several sure points. Westbrook, who holds the school record for the 880 and placed second in that event last week at Snyder, was figured as almost a sure thing for one of the first three places in that event.

### Jamieson To Run

His loss will also hurt the mile relay team, which was unable to run last week due to Ralph Palmer and Travis Tucker taking college entrance exams. Taking over for Westbrook on the relay team will be sophomore Jimmie Jamieson, who will team with Palmer, Tucker and Curtis Fletcher.

The Harvesters will enter 14 men in 30 events. Phillips will take a number of underclassmen who have not seen too much meet action along, so that they can gain some experience to run on the Pampa B team which will enter the Lefors relays next week while the regulars are at the West Texas Relays in Odessa.

### Sprint Relay

Pampa will also enter a sprint relay team for the first time this year. Fletcher, Kenny Hebert, Palmer and Tucker are slated for that event with Wayland Bullard as the alternate.

Palmer, Fletcher and Jamieson will also enter the 440-yard dash. Fletcher won the event last week in a 51 flat clocking and both he and Palmer are expected to pick up additional points for the Harvesters in that event.

The dash events will have Tucker, sophomore David McDaniels and Hebert in the 100, and McDaniels also competing in the 220 as will Sam Williams. Phillips is undecided whether to enter Hebert in the 220 or the low hurdles. Hebert, a top hurdler, has had his practice time split between track and baseball and may not be in shape yet for the hurdles, in which case Phillips will enter him in the dash events, with Kenny figured to pick up a place or two in the running events.

### Field Competitors

Replacing Westbrook in the 880 will be James Allen. Bill Martin will be in the high hurdles, and Bullard in both high and low.

Field event competitors for Pampa will be Randy Matson in the shotput and discus, Carl Johnson and Larry Hopp in the discus, Williams and Martin in the high jump and Keith Griffith in the broad jump.

A "sure thing" in the field events, of course, will be the mighty Matson. The "Pampa Monster" will be out to top his own large-school division shot put mark of 56' 1 3/4", and the meet record of 58' 1 3/4", as well as the discus mark of 165' 3". Barring accident, Randy, who threw the discus 188' 10" and the shot 64' 1 3/4" last week at Snyder after only one day of practice, should top these marks with ease.

### Powerhouses

Over 70 teams will be entered in the meet. The large class division will have such powerhouses as

Abilene Cooper, Brownwood, Odessa Permian, Wichita Falls, Lubbock High and Lubbock Monterey and several Oklahoma schools as well.

Top-ranked in the small school class will be Bowie, Quanah, Childress, Stamford and Wellington.

Preliminary events will start at 9:30 a.m. Finals will start at 7:15 p.m., with the mile relay, in which there will be no preliminaries, closing out the action at 9:15 p.m.

### NORDIC SKIERS COMPETE

ANDOVER, Maine (UPI) — North American Nordic skiers compete this weekend for berths on the 1964 U.S. Olympic cross-country team. The 15- and 20-kilometer cross-country events will be contested at the Pineland Ski and Outing Club's annual winter carnival.

# Tourney Action Begins Tonight

### By United Press International

The prelude to a storm will be sounded tonight when college basketball's traditional post-season carnival officially gets underway with games scheduled at nine sites around the country.

Inaugurating the annual show, which seems to draw more and more schools each year, will be the first National Catholic College Championship Tournament at Louisville, Ky., and first round play in the NCAA small college tourney.

"The 'big boys' hit the boards next week when the NCAA major college championships and the National Invitation Tournament get underway. Also scheduled to start Monday is the National Association of Intercollegiate Athletics (NAIA) tourney for smaller schools.

### Six Places Open

Six berths still remain to be filled in the NCAA tournament, but at least two and possibly three will be decided tonight. Princeton meets Yale in a play-off for the Ivy League title at New York City's Fordham gym and Morehead State takes on Tennessee Tech at Bowling Green, Ky., to settle the Ohio Valley Conference champion. The winners of the two games will go to the NCAA.

Stanford can clinch the Big Six title and another NCAA berth if it beats UCLA tonight.

The NCAA tourney actually starts Saturday night with the Midwest regionals at Lawrence, Kan., but all other regionals are listed for Monday.

Creighton, with a 13-12 record, was favored to win the four-team Catholic college championship. The Bluejays will meet Xavier of Cincinnati in the feature game of the night after Regis opposes St. Bonaventure in the opening contest.

### Eight Opening Games

First-round games in the NCAA small college division will be conducted at eight sites today, with two games each scheduled at Boston, Philadelphia, St. Louis, Chicago, Columbus, Louisville, Kansas City and San Francisco.

Highlights of the opening action should be the matches involving Wittenberg, voted the No. 1 small

college team in the nation by United Press International, against tough Youngstown at Columbus and fourth-ranked Southwest Missouri against eighth-ranked Southern Illinois at Kansas City.

Other top pairings include third-ranked Evansville vs. Concordia (Ill.) at St. Louis, fifth-ranked Tennessee State vs. Austin Peay at Louisville and seventh-ranked Fresno State vs. Santa Barbara at San Francisco.

In the only game involving a top-ranked major college team Thursday night, 10th-ranked New York University, heading for the NCAA, defeated St. John's, 56-47, as Barry Kramer scored 20 points. Providence, which will play in the NIT, closed its regular schedule with an 80-57 decision over Brown.

# Regional Girl Cagers Open

Girls regional basketball play in the Panhandle begins today at Canyon for Class B teams and at Lubbock for Class A and AA.

The Claude Mustangettes, defending Class B champs, will be back to face a strong field.

Opening game at 3 p.m. pits Roosevelt (21-3) against Paint Creek (30-6), and Happy (25-6) meeting Follett (19-4) at 4:15.

Cotton Center (26-9) meets Girard (21-9) at 7 p.m., with Claude meeting Ropesville (14-8) at 8:15. Semifinal games will be played Saturday morning and third place and championship tilts that night.

At Lubbock, Gruber (19-8) meets Idalou (19-7) at 7:30 p.m. and Sundown (26-3) takes on Eldorado (22-5) immediately following in Class A.

In Double A action Saturday, Tulia (24-6) tangles with Friona (22-7) at 8:30 a.m. and Hamlin (23-6) then meets Lake View of San Angelo (17-10).

Class A finals will be held at 1:45 p.m. Saturday, Class AA at 3:20 p.m.

# Liston To Start Training

MIAMI BEACH (UPI) — Sonny Liston will probably start training again for his April 10 title bout with Floyd Patterson this Sunday, S onny's advisor said Thursday.

Jack Nilon said that the doctor had looked over the heavy-weight champion's knee and given the big man a tentative go-ahead to resume training for the fight.

"The doctor looked at Sonny's knee, gave him another shot of cortisone, and said he should be able to go back to work Sunday," Nilon said.

Liston is to see the doctor, Dr. Duke Baird, again today and Saturday to make sure the knee is all right.

The fight was pushed back a week to April 10 when the champ injured his knee last week while swinging a golf club.

Meanwhile former champion Floyd Patterson went through his usual exercises and running at his Tropical Park racetrack training camp. The challenger says he is fit and ready to go.

# Perryton Pick In Greyhound Meet

GRUVER (Sp) — A number of area teams, including Lefors, Perryton, Groom, Wheeler and Canadian, as well as host Gruber, Texoma, Sunray, Dalhart, Panhandle, Booker, Clarendon, Stinnett, Guymon, Wellington, Seymour, Stratford, Sanford, Fritch, Memphis, Allison, Turkey and Price College will enter the Greyhound Relays here Saturday.

Powerhouse White Deer, pre-tourney favorite, has withdrawn due to a lack of a chance to practice due both to basketball playoffs and cold weather. Perryton, despite a lack of returns from last year, has been installed as a favorite due to being a Triple A team, with Dalhart also rated as a team to beat.

PEACE CORPS ANNIVERSARY—As the Peace Corps marks its second anniversary, thousands of young Americans, like Lois La Civata, are far from their homes serving the cause of peace in many strange lands. Miss La Civata, 22, Norwood, Mass., a health education assistant, uses makeshift visual aids to explain to youngsters in Togo, Africa, the importance of personal hygiene and proper diet.

## Washington Window

By LYLE C. WILSON  
 United Press International  
 WASHINGTON (UPI)—U. S. presidents always are free and easy with their promises to balance the government's budget. More often than not in the past 30 years it has been all promise and no performance.

This record of broken promises not encourage much hope that President Kennedy will be able to make good on his own most recent promise. The occasion was this week's meeting here of the American Bankers Association to commemorate the centenary of the National Bank Act.

Kennedy pleaded for his tax reduction proposal. He said: "This program will in a short time result in increased revenues—and a substantial portion of that increase will be used each year to reduce the deficit until the budget is once again in balance."

Odds Against Him

The betting odds must be against Kennedy on that. What he was saying to the banks was that he would repeal Parkinson's Law of Expenditures (PLE). PLE is that government expenditures tend always to rise to match or exceed government revenues. Politicians have a vested interest in PLE.

This law is firmly established in the structure of the U. S. government. The supremacy of this Parkinson's nonsense over the financial business of the U. S. government suggests another disturbing idea. It is that if every taxpayer were compelled each year to give all of his income to the U. S. Treasury the revenue still would not pay the government's bills.

This could be done and should be done right now: The voters should demand that the politicians lower the majestic standard of living to which the U. S.

government has become accustomed.

Ripe for Repeal

The U. S. taxpayer is a patient animal. He's not very bright, perhaps, but he seems not to understand what Parkinson's Law on Expenditures is doing to him. If the taxpayers understood that law, they would repeal it. They also would repeal a lot of politicians in the process. That might be the best part.

Consider how Parkinson's Law operates. Thirty years ago, fiscal year 1933, Treasury revenue was \$1.9 billion. Government spent \$4.5 billion that year for a deficit of \$2.6 billion.

By fiscal 1950 the take was \$36.4 billion, spending \$39.5 and the deficit \$3.1 billion. Fiscal 1962 revenue was more than \$81 billion but spending hit close to \$88 billion.

Kennedy budgeted for \$85.5 billion revenue in the current, 1963, fiscal year and \$86.9 billion in fiscal '64, about \$173 billion for two years. He will spend about \$193 billion for a two-year deficit of \$20 billion.

The taxpayers put up with Parkinson's Law because they have been bamboozled by the politicians. The politicians tell them that government spending is free, like free lunch.

## Pampa Ministers Hold Conference

Twenty ministers of the Pampa Churches met in the First Methodist for their regular monthly meeting Monday, March 4 at noon. The meeting was opened with prayer by Rev. Tilden Armstrong, Rev. Loren Williams presented the devotion.

Two visitors were present, Mrs. Carrie West and Father Cashman. Mrs. West explained that the United Church Women were sponsoring a movie "Question 7" which deals with the problems that Christians have in a Communist country — Germany. This movie will show at the LaVista theatre, March 17-20. She said that Dr. Billy Graham, noted Evangelist, said that "Every American should see this movie." The various churches have tickets that will be sold prior to the showing dates.

A committee, chaired by Rev. Rodney Williams, announced plans for a noon-day service during "Holy Week" at the First Methodist Church. Different men will be preaching each day, Monday through Thursday of April 8-11.

The Kiwanis Club will print 7,500 door-knob reminders to attend church during the Easter season. The Key Club will distribute these in Pampa.

A new schedule of ministerial participation in radio broadcasting was announced by the Radio Committee.

Monday through Friday, a minister will bring a 7 minute devotional over KPDM at 11:35 a.m. and a 15 minute service over KHHH at 9:30 a.m.

Mr. Coy Palmer of KBMF - FM gave a talk about the best way to make use of radio time and personnel.

## Revisions Affect Peace Corps Pay

WASHINGTON (UPI)—Revisions in living allowances have brought pay raises to some Peace Corpsmen, pay cuts to others.

Peace Corps officials announced the revisions in Africa, Asia and Latin America Wednesday. They said the changes are part of a continuing effort to insure that the volunteers have living allowances comparable to citizens of the host nation.

Peace Corps volunteers are not salaried. They receive a monthly living allowance while in service. At the end of the tour, they receive a readjustment allowance of \$75 for each month of completed service—\$1,800 in all.

"The living allowance is designed to let the volunteer live at a level like that of the people with whom he works," the Peace Corps said. "If he's a teacher in Ghana, he gets an allowance similar to a Ghanaian teacher. If he's a health worker in Bolivia, he gets about what a Bolivian health worker makes."

In Nigeria, monthly peace corps allowance pay has been reduced from \$163 to \$149, in Tanganyika from \$182 to \$160, in Bolivia from \$150 to \$125 and in Colombia from \$150 to \$119.

But allowance pay in India has been increased from \$63 to \$70 a month, and in West Pakistan from \$74 to \$81.

Adjustments have been made in other countries as well.

Feared People

The Suya Indians, a people of the Xingu River in Brazil, were greatly feared by the Trumai tribe until they made peaceful contact with the outside world in 1959.

## Quotes In The News

By United Press International  
 LITTLE ROCK, Ark. — Gov. Orval Faubus, charging the federal government secretly recruited Arkansas National Guard pilots for the 1961 Cuban invasion:

"This whole thing is a disgrace in American history. They tried to recruit some men in the North and couldn't do it, so they came down to the South where they still have some patriotism and got volunteers among the National Guard."

HALEDON, N. J. — Mrs. A. J. Stueckle, telling what happened when a safety valve popped at a paint factory:

"All of a sudden everything started being all red, and I opened my door and I started getting red."

**NOW YOU CAN BUY A USED CAR WITH CONFIDENCE**  
**EXCLUSIVE NEW 3WAY GUARANTEE ON FORD DEALER**  
**USED CARS**  
 Only your Ford Dealer offers this guarantee  
**1 SERVICEABILITY GUARANTEE**  
 Your Ford Dealer has inspected, road-tested and, if necessary, reconditioned every A-1 Used Car or Truck and guarantees that it is in serviceable condition.  
**2 FIRST-MONTH GUARANTEE**  
 Under this guarantee your Ford Dealer, for the first 30 days (or 1,000 miles), will give a 50% cash discount from his regular retail price on any repairs he makes that are necessary to keep your car or truck in serviceable condition. (Except for tires and tubes, glass, or radio. And, of course, except in case of accident or abuse.)  
**3 TWO-YEAR GUARANTEE**  
 Under this guarantee your Ford Dealer, for an additional period of two years, will give a 15% cash discount from his regular retail price on any repairs he makes that are necessary to keep your car or truck in serviceable condition. (Except for tires and tubes, glass, or radio. And, of course, in case of accident or abuse.)

**PRESS CHIEF LEAVES**

MEXICO CITY (UPI) — White House press secretary Pierre Salinger left by air Monday for Costa Rica to make preparations for President Kennedy's scheduled meeting at San Jose this month with Central American presidents.

Costa Rica to make preparations for President Kennedy's scheduled meeting at San Jose this month with Central American presidents.

**West Germany Is Willing To Assist In NATO Forces**

BONN (UPI) — West Germany informed a special U.S. envoy Wednesday it is willing to provide manpower and money — possibly as much as \$400 million — toward the creation of President Kennedy's proposed NATO nuclear force, authoritative sources said. The pledge was given to Livingston T. Merchant by West Germany's defense minister, Kai-uwe Von Hassel, in a three-hour meeting here, the sources said. Merchant arrived from Rome on Tuesday night for three days of intensive talks with West German officials.

There was no official comment on the talks in which U.S. NATO Ambassador Thomas K. Finletter also participated.

Authoritative source said, however, that the West German defense minister assured Merchant his country favors a multinuclear force within the North Atlantic alliance.

Hassel, the sources added, said West Germany tentatively is considering a contribution of about \$400 million to help put such a force into operation.

Informants said Hassel told Merchant the Bonn government believes that five or six NATO members would contribute to the force. He said these might include the United States, Britain, West Germany, Italy, Belgium and The Netherlands.

France is hostile to the idea of a nuclear force. President Charles de Gaulle's top nuclear warfare theorist, Gen. Pierre Galois, said Tuesday the plan is "nothing but a farce."

Informants said West Germany favors organization of a five or six-member executive committee to control the NATO nuclear force, which would be made up of Polaris submarines and manned by mixed crews from various NATO nations.

**SCHEDULES VISIT**

BONN (UPI) — Heinrich Von Brentano, parliamentary leader of Chancellor Konrad Adenauer's Christian Democratic Party, will go to Washington March 17 for talks on NATO and European problems, the party announced Wednesday.

**His Dog's A Gold Digger**

SIERRA CITY, Calif. (UPI) — Alex Ostram, 37, of Sierra City, was in hearty agreement today with the old adage that a man's best friend is his dog. Ostram told Undersecretary Jim Hill he followed his dog to the edge of the Yuba River and noticed a shiny object sticking out of the water. It was an 8 1/4 ounce gold nugget, worth about \$288.

Hill said the nugget probably was washed down from the Sierra by the early February floods.

**PRESENTS CREDENTIALS**

MEXICO CITY (UPI) — Greek ambassador to the U. S. and Mexico, Alexander A. Matsas, presented his credentials Monday to President Adolfo Lopez Mateos at the National Palace.

**Painting The Town In A Big Way**

HALEDON, N.J. (UPI) — There was a strange hissing, a loud bang and that's how part of this town was painted red.

All along Church Street there were fire engine red houses, garages, lawns, trees, roads, cars and snow.

A safety valve on a 1,000-gallon heated container of red pigment popped Wednesday at a nearby paint factory. The pigment shot into the air through a vent pipe and was blown about by heavy winds.

"Gee what a mess," said Mrs. A. H. Stueckle. "I heard a bang and then there was steam going up — or at least it looked like steam — then it seemed to be snowing red all over everything. "All of a sudden everything started being all red, and I opened my door and I started getting red."

**UNISPHERE IN PLACE**

NEW YORK (UPI) — The first section of the "unisphere," symbol of the 1964 New York World's Fair, was moved into place Wednesday in ceremonies attended by the grandson of the Eiffel Tower's builder. Rene Legrain-Eiffel presented a model of the Eiffel Tower to Roger M. Blough, board chairman of United States Steel Corp. The unisphere will be a 12-story stainless steel frame globe with model earth satellites circling the globe.

**Now You Know**

By United Press International  
There now are more motel rooms in the United States than hotel rooms, according to John Lacock, president of the non-profit Quality Courts Inc.

**SHIPS TO VISIT**

ACAPULCO, Mexico (UPI) — Two West German training ships, the Hipper and the Graf Spee, are scheduled to visit this port March 18-20, it was reported today.

Dear Edith,  
I was tired of waxing floors every week so I tried Seal-Glo. It gives my floors a long lasting shine without weekly care. Why don't you try it? You can get Seal-Glo at:

**Rhinoceros Shot Pretty Exciting**

By RICK DU BROW  
United Press International  
HOLLYWOOD (UPI) — If you can think of anything more spectacular than seeing a rhinoceros being shot harmlessly in the rump by a tranquilizer-tipped arrow from a helicopter, then you must lead an exciting life.

My life is uneventful, except for the daily movie offers (to go to one), so I was awed Thursday night when the above-mentioned event took place on a one-hour ABC-TV documentary about wildlife preservation and control in East Africa.

Don't turn the page. What's wrong with a one-hour documentary about wildlife preservation and control in East Africa? Must almost every documentary be about Cuba or Berlin or some other burning — and endlessly rehashed — headline issue? If anything, what is perhaps most admirable about Thursday night's excellent hour is that there was no urgent timeliness about it, but that it was done anyway simply because it was interesting, at the expense of much time and effort.

The program dealt mainly with attempts to preserve animals from extinction in the face of encroaching civilization — and with efforts to control them from destroying farm land as they multiply in their limited parks and reserves. Interviews with game wardens indicated a remarkably human, historic and professional concern for the animals despite a regrettable need to kill some of them to keep matters in control because of the numbers and space.

Outstanding footage included the felling of an elephant with a single rifle shot; several giraffes wandering on the outskirts of Nairobi as an outdoor movie screen served as their distant backdrop; and a lioness and her cubs walking peacefully among some tourist cars in Nairobi National Park — used to it all by now.

It was low-key, non-sensational and businesslike the whole way; and a relief for those who feel exhausted after sudden outbursts of commemorative summaries for such significant events as "16 Years After Stalin's Death."

The Channel Swim: Followup to President Kennedy's one-hour television interview last December — on March 26, Vice President Lyndon Johnson sits down for a half-hour conversation with reporters on ABC-TV, discussing his post and tracing its growth in influence and responsibility from early days to the present... the talk will take place in his office.

Secretary of Commerce Luther Hodges guests on NBC-TV's "Today" show Monday... on Wednesday, "Today" offers a one-hour interview with Alfred Hitchcock plugging his new movie "The Birds"... Academy Award nominee Burt Lancaster visits Steve Allen's syndicated program March 18.

Sophia Loren is listed as a presenter on ABC's Oscar awards telecast April 8; last year, named best actress, she didn't bother to show up... Stanley Holloway, of the same network's "Our Man Higgins," signed to recreate his stage role in "My Fair Lady" in the movie version; James Cagney had turned down the part.

CBS-TV's "The Reading Room" tours the home in which Mark Twain lived in Hartford, Conn., in a broadcast Saturday... William Saroyan appears on NBC-TV's "Tonight" show next Thursday... Same network's "Dr. Kildare" was renewed for next season, its third.

**Matter of Fact**  
Honey was of great importance as an article of diet to the ancients, being almost their only available source of sugar. It was valued also for its medicinal virtues. It was used for making mead. It was mixed with wine and other alcoholic drinks. In Egypt it was used as an embalming material, and, in India and other eastern countries, for preservation of fruit and making of cakes, sweetmeats and other foods.
