

EXAMINATIONS TO BEGIN MONDAY MORNING

Week is final examination week. The first examination to be held today morning beginning at 8 a. m. and they will continue on Thursday afternoon. Students attending rural schools are planning to attend the high school next year. Examinations with the regular students will make it easier for the student, since his memory is refreshed on the work and wait until next fall to take the exams. His paper will be graded by the same teacher as if he were a member of the class. Every student who enters the high school here is invited and urged to go and take the examination. The high school exam schedule follows:

Monday, 9 a. m.: 11th grade English; 9th grade Latin; 9th grade algebra; 8th grade history; 8th grade foods; and chemistry.

Tuesday, 1 p. m.: 10th grade English; 8th grade algebra; 8th grade history.

Wednesday, 9 a. m.: 9th grade English; 9th grade Spanish; solid 8th grade Latin; Physiology; Bookkeeping; 10th grade (American).

Thursday, 1 p. m.: 10th grade English; 10th grade history; geometry; 8th grade algebra.

Friday, 9 a. m.: 8th grade English; 9th grade algebra; 8th grade foods; Bookkeeping.

Saturday, 1 p. m.: 8th grade English; 11th grade Latin; 8th grade algebra; physics; 10th grade (American).

Sunday, 9 a. m.: 8th grade English; 9th grade Spanish; 8th grade history; plane geometry; English; 9th grade foods.

Monday, 1 p. m.: 11th grade English; 9th grade English; 9th grade algebra; 8th grade Latin; science and commercial.

There will be no school on Friday. Teachers will be given this day to finish grading their examination papers, recording grades, and report cards will probably be sent out Friday afternoon.

Examinations in the ward schools will be given next week.

Monday, January 23, marks the beginning of the new term's work.

PRODUCE NEW GRADING IN SCHOOLS, MID-TERM

Planned at mid-term to include the high and low system in as many grades as is practical in the High and Junior high. This has been brought about by principals who have attended schools this year. At mid-term system will be started in 9th grades in all requirements and possibly the 8th grades. It will finally be to every grade in the school within a period of two years. It is difficult to classify the students who have been attending where this grading is in order to give them schooling as soon as they can. In schools it is a necessary extra teachers will be required in this system.

Expenditures continue to increase and has already gone over the budget, and the schools are overflowing.

LAMAR CO., OPENS WHOLESALE HOUSE IN CITY

Thomas-Lamar Company is one of the new wholesale houses that has opened in our city building formerly occupied by the Grocer Co., on First and Second streets. W. O. Thomas and C. Lamar are owners and will devote their time and interest to the service of the public in this section. They are experienced in this business and know it from the floor up. Thomas has been in the wholesale and retail business several years at Knott, Texas, in fact owns this business. Mr. Lamar has been with the J. M. Hambrick Co. and the I. H. Hambrick Co., companies several years. He is well known and liked by the customers throughout the territory where he has been. The Thomas-Lamar Co. is a wholesale dealer for cigars, tobacco and they sell the best quality products. The market affords.

HOW ABOUT THAT VIADUCT?

We would like to start a fund to secure sufficient money to pay an architect to prepare plans and specifications for a viaduct across the railway tracks on Gregg street. A life is going to be the penalty for the buck-passing that is being engaged in on this project.

Just how far the Chamber of Commerce committee have gone with their conferences we do not know but we do know that if ever the citizens of Big Spring are given an opportunity to vote a bond issue to provide this needed passageway across the railroad tracks, the proposition will carry.

This is the year for the election of city and county officials and if we feel there is no hope of getting action from our present officials we might make it a point to learn how the candidates stand on the proposition when they solicit our vote.

It is not fair to the citizens in the northern part of our city and county to force them to brave death every time they are compelled to make this crossing. If we can't have a viaduct let us have other safeguards provided at this dangerous crossing.

We would take some action if our property or livestock was threatened but it seems human life

has no value and we can continue to take a chance.

NEW GOODS, MEANS FRESH MERCHANDISE. COLLINS BROS., DRUGS.

GARDEN CITY ROAD IS NOW IN FINE SHAPE

"The Garden City road is in the best shape now that it has been in, in over twenty years." Those are the words of one who has used this road all during this time and one who ought to know what he is talking about.

The county has had at work on this road its caterpillar tractor and grader the past two weeks and since the work has been completed, the road is in fine shape. The stretch of road from the Smith place to the south line of Howard County shows the greatest amount of improvement and it is really a joy to ride over these places that have brought great wear and tear to your car for so long a time.

People living in Glasscock County will learn of the road improvements and will be attracted to our city now to trade. Good roads are an asset and drawing card to any town and county.

A FRESH SUPPLY OF NORRIS CANDY. COLLINS BROS., DRUGS

Mr. and Mrs. E. J. Arrington of Granbury, Texas, were the house guests the past week end of Mr. and Mrs. D. A. Rhoad and family at 706 Johnson street. Miss Lillian Rhoad returned to Granbury with Mr. and Mrs. Arrington for an extended visit.

APPOINT ASSISTANT MASTER MECHANIC FOR SHOPS HERE

Owing to the many responsibilities piling up on the master mechanic of the Rio Grande Division of the T. & P. since the oil business has caused traffic to be more than doubled, it was decided to give Master Mechanic J. N. Blue an assistant and D. L. Ringer of Fort Worth arrived Monday to take the post of assistant master mechanic.

Mr. Ringer is not a stranger as he formerly held a position as foreman in the local shops. He was transferred from here to Marshall where he also held a foremanship

in the big T. & P. shops at that place. From Marshall he went to Fort Worth where he has been with the T. & P. Many friends here are indeed gratified to welcome Mr. Ringer's return to our city.

He expects to move his family here in the very near future.

**SIX NEW RESIDENCES
 UNDER CONSTRUCTION**

Joe M. Totten of Abilene, general contractor, is supervising the erection of six modern bungalows on south Main street in the McDowell Heights addition. These residences will be frame and brick veneer and work on same has already started. An Abilene individual is financing the erection of these new homes.

Three contractors from Abilene are moving to Big Spring to make their homes, namely: M. C. Henry, W. S. Schull and C. H. Trammell and each of the three men are building two of these homes. Mr. Henry is having one frame house and one brick veneer; Mr. Trammell is having one frame and one brick veneer, and Mr. Schull is having two frame residences erected.

Some of these houses will likely be for sale, it is said.

QUICK TRIAL FOR BABY KILLER

Adolph Hotelling pled guilty to the charge of murdering 6-year-old Dorothy Schneider near Flint, Mich., and has started serving a life term in the Michigan penitentiary. A plea of guilty prevented the death sentence being imposed on the baby killer.

Mrs. Cathrine Gillum returned from a visit with relatives and friends in Brownwood the first of the week and has accepted a position with the Fashion as assistant and alteration lady for the woman's store.

**Postmaster J. W.
 Ward Is Dead**

**One of Our City's Most Prominent
 and Long Time Residents Dies
 After Week's Illness**

John W. Ward, postmaster, and for more than thirty-eight years one of the leading citizens was claimed by death at the hospital here at 4:30 o'clock Saturday afternoon, Jan. 14.

While his health has not been good for the past few months, his ailments were not found to be of a serious nature until Sunday, January 8th, when he was found in his room over the postoffice in an unconscious condition suffering from inflammation caused by an abscess of the inner ear. He was moved to the Big Spring Hospital where he could be given every attention. Dr. Carpenter, brain specialist, of Dallas, was called into consultation, and on Friday performed an operation in the hope of saving his life.

John W. Ward was born in Indiana, March, 22, 1862, and was aged 65 years, 9 months and 15 days when he passed away.

He came to Big Spring in 1889 as chief dispatcher for the Texas & Pacific railway and held an important official position with the railway for many years thereafter. He became general superintendent of the Rio Grande division of the T. & P. in 1895 and served in this capacity for sixteen years; resigning in 1911.

In 1922 he was appointed Postmaster and was serving in this capacity faithfully and efficiently up to the time of his death.

Mr. Ward was one of Big Spring's most prominent business men and was widely known in banking and Masonic circles. He has been vice president of the First National Bank in Big Spring for many years. He was charter member of the Masonic Blue Lodge, a member of Knights Templar, Shrine and a Thirty-second degree Mason. He was primarily responsible for the building of the Masonic Temple in Big Spring.

He was everything a good citizen should be, and had made of life a real success; he had the confidence and esteem of his fellowman and

many there are who mourn the loss of a true friend. As a mark of respect, every business house in Big Spring closed for one hour Monday afternoon, Jan. 16 while memorial services were being conducted in the Methodist Church in this city. The services were conducted by Rev. W. G. Bailey, pastor, and concluded by the Knights Templar. Burial will be made in the Greenwood Mausoleum at San Diego, California; the funeral party leaving this city for San Diego Wednesday night. The deceased is survived by his wife, an adopted son, Blake Vanleer, and a sister, Mrs. Mary Grady. His wife and sister were at his bedside during his last illness, but Blake Vanleer is in Germany where he is taking a special course in hydraulics.

**RILEY BURNS BUYS INTEREST
 IN FEED AND SEED COMPANY**

Riley Burns, prominent citizen of Big Spring is now connected with the Big Spring Feed and Seed Co. located in the Collins building on East Second street. Mr. Burns will become actively associated with the firm after his return from a tour of the state, where he will study the feed and grain conditions in the different sections.

The Big Spring Feed and Seed Co. opened in November, 1927, and has enjoyed a most liberal patronage. Careful thought has been given the problems confronting the feeder and planter, and many problems solved. Everyone is invited to take advantage of this service free of charge. The feeders and planters of Howard County will be glad to know that at all times they have access to a stock of Parina chows, all classes of mill feeds, garden and field seeds, and at a place where they will receive the best obtainable.

T. & P. FREIGHT WRECK

A rear end collision at Eskota Tuesday night was reported. One Texas & Pacific freight train crashed into the rear of another freight train.

It was rumored that a brakeman was killed, but this seems to have been an error.

Chas. Read has resigned his position at Elmo Wasson's Man's store and has accepted a position in the offices of the T. & P. shops.

**NEW HOMES BEING BUILT
 OR NEARING COMPLETION**

Several new homes are being started this week, several are already under construction and others are nearing completion:

The \$4000 brick veneer residence for O. T. Arnold in Fairview Heights is nearing completion. Mr. Norrell was contractor for this fine home.

A brick veneer residence for E. J. Berry is under construction on Scurry street. Estimated cost \$4500. Ed L. Jacobs contractor.

Two frame houses on Main street are nearing completion. One of them is for T. R. Hall of the Maryland Oil Co., and the other is for A. M. Sullivan of Coahoma. Mr. Sullivan will move to Big Spring to make his home just as soon as the new house is finished.

P. S. Wilkins this week moved into his new home on East Third.

H. Reeves and family moved into their lovely new home in Cole and Strayhorn addition Wednesday of this week. Mr. Mardis was contractor for this home.

R. L. Wilson and family moved into their \$5000 stucco residence Thursday of this week.

S. E. Earley sold to W. E. Simmons his residence at 1400 Main.

A stucco residence and several cabins are being erected by J. Fred Phillips, manager of the Coe and Parks Lumber Co., in Jones addition.

Rube S. Martin has let the contract for a five-room house in the Cole & Strayhorn addition.

A pretty new stucco residence at 800 Gregg street for C. H. Gordon is nearing completion.

M. C. Lawrence is having a five room residence erected on Aylford. Alex Huffman of the Dodge Bros. agency is having a frame dwelling erected in the Cole and Strayhorn addition, one block east of South Ward school.

The Lloyd Stamper home in Fairview Heights is nearing completion.

Several other contracts for new homes will be let in the near future.

Judge W. R. Ely of Abilene may resign from the State Highway Commission to make the race for U. S. Congressman from the Abilene district.

NATURAL GAS TO BE AVAILABLE BY MARCH

The Big Spring Public Service Co. has been distributing pipe for the natural gas distribution system in our city this week. The big ditching machine has completed the task of making the excavation from the F. H. E. Oil Co. gas well on the Dora Roberts ranch to the city and can now get busy on making excavation for the distribution system in the city as soon as the weather will permit.

There is every reason to believe that natural gas will be available in Big Spring before the first of March.

Mrs. Grace Price and daughter, Miss Mary Price, after a visit in this city with relatives and friends left Wednesday night for their home in Fort Worth, Tex.

WARRANTY DEEDS RECORDED

John B. Bryan sold to W. R. Weeks an undivided one half interest in all of blocks 21 and 22 in Silver Heels sub division of section 18, block 32, tsp. 1S.

Mr. and Mrs. R. L. Helms sold to S. D. Pierce lots 1 and 2, block 13, Jones Valley addition.

VINCENT ITEMS

Quite a large crowd gathered at the Baptist Church Sunday to attend Sunday school. Being the third Sunday it was expected by everyone that preaching would be held at the Baptist Church, but the pastor, Rev. B. J. Richbourg, could not be present and was unable to send a substitute.

We have been having some beautiful weather for the last several days, but we surely would welcome a good rain, as it would enable us to begin preparations for the coming year's crop.

Our school work is being carried on in a most efficient manner. Many more pupils have been enrolled since Christmas. In fact, we have had quite a difficulty in seating the new pupils.

Quite an interest has been shown by many of the pupils, concerning the approaching interscholastic League meet. As the school is especially weak in athletics most of the interest centers around the literary contests.

Besides our already one efficient general store it is rumored that we shall have another store. The new business is proposed by Charlie Rutledge. The place and time of its erection is not yet known. Miss Edith Homesly was the guest of Miss Joyce Harding Sunday.

Hugh Richards and Robert Lan-

STOCK OF BARROW COMPANY INCREASED TO \$250,000

The Barrow Furniture Co. of Abilene will open its twelfth store at Big Spring March first, it was announced here yesterday. Branch stores of the company are operating now at Anson, Cisco, Eastland, Hamlin, Merkel, Midland, Odessa, Pecos and Stamford.

Increase of the company's capital stock from \$150,000 to \$250,000 has been affirmed by the secretary of state, advices received here from Austin say. Local officers, in explaining the purpose of the action said that it was taken to permit stockholders to turn their dividends into stock.—Abilene Reporter.

AVERY PLAINSMAN LISTER

PERFECT BALANCE

An AVERY PLUS Feature

For 100 years Avery implements have expressed an ideal. It has been handed down from generation to generation. Now it is voiced in Avery Plus Features.

Whether at work or in transport, this celebrated lister is in perfect poise. The front wheels do not fly up in the air when the bottoms are raised. Weight of operator, weight of plows, position, size, have all been scientifically considered to produce this perfect balance. Result? A better lister and better work.

Thus, in the Avery Plainsman Lister you have in addition to exceptional quality, an outstanding Plus Feature. It is the perfect balance of the implement—a product of the creative ability, sincere effort, experience and skill of Avery designers, inventors and craftsmen.

Avery Plus Features Make Money for You

In every case a Plus Feature saves time, saves labor, improves results. Thereby it makes money for you. Do you want this extra profit? Call upon us for further facts and a demonstration.

JUDGE MAUZEY OF NOLAN CO. CANDIDATE FOR DIST. JUDGE

Announcement of his candidacy for election to the office of Judge of the 32nd judicial district was made this week by County Judge J. S. Mauney of Nolan County.

Judge Mauney was reared in this district and is now serving his fifth consecutive term as Judge of Nolan county.

In announcing his candidacy for district judge he is doing so with the hearty support of his many friends throughout the 32nd district. That he is well qualified for this place is evident when an examination is made of his past record. The fact that he already has served five consecutive terms as County Judge of Nolan County is evidence that he is well qualified to be judge of this district. He was a practicing attorney for several years prior to his first term as county judge and also a former city attorney of Sweetwater. He demonstrated his fitness and ability as a business man when he successfully handled the affairs of Nolan County following a bank failure several years ago in which the county's deposits were involved.

Judge Mauney has devoted 21 years to the civic, religious and internal interests of this district. His natural poise and his conscientious disposition make him particularly fitted for this position.

He expects to make an active campaign throughout the district setting as many people personally possible.

ELMER HARDY BIBLE CLASS ELECT NEW OFFICERS

The Elmer Hardy Bible class of the First Methodist Church met in business session with Mrs. C. T. Watson last Friday evening and elected officers for a larger and better class to be discussed.

The election of class officers was held, with results as follows:

President—Miss Roberta Gay.
Vice President—Mrs. Lee Baber.
Sec. Treas.—Miss Emily Bradley.
An invitation is extended to all Methodists and others who are not in a Sunday school, to come and meet with us every Sunday. May we meet you this Sunday to be with you are welcome.

IN BUYING YOUR TOOTH BRUSHES, GO TO YOUR DENTIST AND LET HIM ADVISE YOU THE EXACT KIND. COLLINS BROS.

Mr. and Mrs. Pete Johnson have sold their farm three miles east of Big Spring to Mr. Couch, who operates the Couch dairy.

COUGH SYRUP THAT WILL STOP A COUGH. COLLINS BROS.

REVIVAL MEETING AT CHURCH OF CHRIST

Brother J. D. Harvey evangelist of Colorado, began a series of sermons at the Church of Christ last Friday evening, Jan. 13, and the meeting will continue through next Sunday night. Good crowds have been attending the meeting and fine interest is being shown.

Brother Harvey who is an able speaker and forceful preacher has been bringing his listeners wonderful sermons at each service. The song services have also been very good.

Everyone is invited to come out to this meeting. Your presence there will help make it successful. A cordial welcome awaits everyone.

IN BUYING YOUR TOOTH BRUSHES, GO TO YOUR DENTIST AND LET HIM ADVISE YOU THE EXACT KIND. COLLINS BROS.

MARRIAGE LICENCES

Leslar Newton and Miss Zelma Anderson, Jan. 6; T. H. Porter and Mrs. Mittie Taylor, Jan. 7; Thomas Page and Miss Vina Lee Gatloff, Jan. 7; H. L. Dunagan and Una V. Castle, Jan. 7; Lonnie Palmer and Darie Leddie, Jan. 10; B. V. Holt and Miss Inez Hogue, Jan. 12; J. T. Riley and Miss Bell Allen, Jan. 14; B. F. Woodard and Gertrude Draper, Jan. 17.

NEW RENT HOUSE SOON TO BE COMPLETED

The four room house for J. M. Manuel on his lots in the South part of the city in College Heights, is nearing completion, and work on same is being rushed. It will probably be ready for occupancy in a week or ten days. This is the third rent house that Mr. Manuel has had built this fall.

AWARDS CONTRACT FOR NEW STUCCO RESIDENCE

The J. M. Morgan Construction company has been awarded the contract for the erection of a seven room residence for Mr. and Mrs. Lon Sheeler and Miss Carrie Scholz, on their property on Scurry street. The home will be of stucco finish, and will be modern thruout.

Walter Liddell and M. Spiller of Cochrane County were here Monday looking for a new location. They were most favorably impressed with Big Spring and expect to return about February first to make their homes here.

Dell Elliott of Dallas, formerly with the J. & W. Fisher Company, was a business visitor in Big Spring Wednesday of this week.

B. W. BOYD SELLS STOCK AND LEASES BUILDING

B. W. Boyd this week sold the stock in his grocery store and has leased the building to J. T. Masters for a period of one year. This building is located on the Bankhead Highway just west of Big Spring in the Jones Valley addition, and is a new building.

Mr. Boyd is also having a modern apartment erected in the Jones Valley addition. Mr. and Mrs. Boyd plan to leave in a couple of weeks for a visit in New Orleans, St. Louis, and other cities of interest.

Everyone who attended the play declared it to be very good and it was a treat for both young and old. The play was put over in a big way, and the committee and workers are due much thanks for their splendid efforts and cooperation. The members of the Junior Band furnished delightful music during the intermission which was very much enjoyed.

FOUNTAIN SYRINGES — LAST A LIFE TIME. COLLINS BROS., DRUGS.

Mrs. Rex Reagan after a visit in this city with her parents, Mr. and Mrs. I. E. Wasson, left Wednesday morning for Dallas, her former home. Mr. and Mrs. Reagan are moving to Lubbock to make their future home. Mr. Reagan has accepted a position with the Perkins Bros., wholesalers.

CHICKEN AND STOCK REMEDIES. CUNNINGHAM AND PHILIPS.

Mrs. R. L. Rogers and daughter, Lucille, and son Jack, visited relatives in Colorado Sunday.

FOUNTAIN SYRINGES — LAST A LIFE TIME. COLLINS BROS., DRUGS.

D. W. Christian Jr. is congratulating himself upon the purchase of a mechanical cotton picker. He had a field of bolls and was offering to give half the cotton secured to anyone who would snap this cotton. He is securing a 580 pound bale from 2500 pounds of bolls and the machine gathers 2500 pounds in quick time. He is going to get around eight bales of cotton from the field. He will be able to pay for the machine from what he would have been out had he given half the cotton for the picking, and then some. And he will have the machine for future use.

FOUNTAIN SYRINGES — LAST A LIFE TIME. COLLINS BROS., DRUGS.

Little Miss Gladys Montin, daughter of Mr. and Mrs. W. V. Montin, who underwent an operation for the removal of her tonsils Tuesday morning, is reported to be getting along nicely.

COUGH SYRUP THAT WILL STOP A COUGH. COLLINS BROS., DRUGS.

The figure "1" omitted in the Herald last week made a big difference in the attendance at South Ward school. The Herald stated that the attendance at South Ward was 95 pupils, and it should have been 195—just a typographical error, but it made a big difference, when the figures were added for total enrollment.

Creath Harvey and family of Abilene were visitors in the home of James Campbell and family and Dad Campbell and family the past week end and were also here to attend the revival services at the Church of Christ. Brother J. D. Harvey who is conducting the meeting, is a brother to Mr. Harvey.

Neither the weather or the boll weevil will have any effect on cutting down the crop of candidates during the first seven months of 1928. Which reminds us, that you should secure that poll tax receipt before Feb. 1, so you can take part in the dehorning contest in July.

LEADALL OVERALLS
Over All in Value

Leadall overalls are noticeably better value. They are made with exacting care. They are made of heavy weight, thoroughly tested, long wearing denim that stands the grind of hard work a remarkably long time and that survives many trips to the laundry. Compare Leadalls! You will quickly see just why it can be said that they are "Over ALL in Value."

Leadall Breeches and Trousers
Leadall "Collegiates"—"Longies"—Play Suits

Just as it pays to find the Leadall label in overalls, so does it also pay to find it in trousers and breeches, in coveralls, in children's play suits, and in snappy "longies" for little chaps. Clever novelty "collegiates" such as the Leadall "Snuggler," Leadall Balloon Denims, and the Leadall "Jeanell" are prime favorites with young fellows for school and sport wear.

W. W. Crenshaw returned Wednesday from Mineral Wells where he had been called by the illness and death of his father.

COTTON CONTINUES TO ROLL IN

From 60 to 150 bales of cotton is received daily by Public Weigher J. W. Carpenter. During the first week of this month 680 bales were received and last week 782 bales were brought in.

The total number weighed this season by Mr. Carpenter is now 15,369 bales. He estimates at least one thousand more bales will be received here. Round bales are not included in these totals.

The Big Spring Compress has pressed about 13,000 bales so far. About 5400 bales are at the compress warehouse, more than one-half of this number being owned by the growers.

DIES ENROUTE TO TUBERCULAR SANATORIUM AT CARLSBAD

Chas. Carter, 28, enroute from his home in Oklahoma to the tubercular sanatorium at Carlsbad, Texas, died at a tourist camp in this city shortly after his arrival here Tuesday afternoon. He was traveling with an aged uncle. The remains were laid to rest in the Mt. Olive cemetery in Big Spring Tuesday afternoon.

BY T. E. JORDAN

\$1.00 A YEAR IN COUNTY
\$1.50 A YEAR OUTSIDE COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 3, 1897.

Big Spring, Friday, Jan. 20, 1928

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

The radicals might do well to consider that in a quarter-century the number of shareholders in American enterprise has increased from 4,500,000 to over 20,000,000.

There are two things which will make us happy in this life if we attend to them. The first is, never to vex ourselves about what we cannot help; and the second, never vex ourselves about what we can help. Hatfield.

A visitor here this week said he noted one thing in connection with Big Spring, which was there seemed to be a job open for every man who wanted to work. There was no excuse for anyone, able to work, to be out of a job.

The demand for rooms continues and some folks are keeping beds in service twenty-four hours per day. Men working at nights occupy the beds during the day. This arrangement is agreed upon in many instances because of the great scarcity of rooms for rent.

Sidewalks just don't exist in certain sections of our city and this condition should not be permitted to continue. A fellow has to walk in the road, and any sane man knows this is not a safe place for a fellow to travel if there is an automobile anywhere in the district.

The cotton gamblers are a greater menace to the cotton farmer than the boll weevils. A monument has been erected to the boll weevil but no farmer will ever favor erecting one to the gambler. And as long as our government upholds the stock markets the producers must be the goats.

Bank robbers seem to be losing their technique. We note that where the robbers have been pulverized, that it develops the officers have been given a hot tip. We were of the opinion that robbers were more particular; but it seems they have a habit of broadcasting their intentions.

From the number of empty extract and tonic bottles to be noted in the alleys it is evident this dope is being used for beverage purposes. It might be well for the grand jury to investigate the sale of this, and if some of our stores are knowingly selling it for beverage purposes the proprietors should take out a saloon license.

In dealing with our volunteer fire department we take the same attitude as did the Arkansas man in reference to the leaky roof of his home. When it wasn't raining the leaky roof didn't need "fixin'" and when it was raining he could not fix it. We certainly need to equip the fire department so it can do efficient service.

At last folks are beginning to drift into our city in greater numbers to make investments. They have decided that 1928 is to be the big year in the history of Big Spring and they want to get in on the ground floor. They are more confident that our population is to be doubled within a few years than are the homeguards.

A little old poll tax receipt is going to be a highly prized piece of paper this year as it will enable you to have a voice in the selection of officials in city, county, state and nation. Without it you won't have any more voice than a Chinaman. A receipt costs you only \$1.75 and this money goes for a good purpose—into the school fund. Get that poll tax receipt before Feb. 1st.

In the good old days it was safe children to go to and from school, but with a flock of irresponsible drivers hanging onto the steering wheels of the automobiles which go speeding up and down our streets in violation of the law there is danger at every street crossing. We need a traffic system to protect our children from driving vehicles.

We do not know where all the folks are coming from—but we do know they are now coming to Big Spring in bunches. The word seems to have gone out that Big Spring offers bigger opportunities for investors than any other little city in Texas, and the investors are coming to make investigations.

This is election year. Dissension and strife are often bred in political campaigns. It is not too late yet for all of us to make this kind of a new year resolution: Never to become angry in a political argument; never to fall out with the other fellow because he refuses to vote for your candidate; always to keep your poise; always to keep sweet; always to allow the other fellow the same privilege that you take for yourself. Such an attitude as this will make you a better citizen and our country a better country.—Lynn County News (Tahoka).

The citizens of Big Spring are a unit for good schools, but the majority of our citizens are not rich and therefore prefer to see the real needs of our schools met before we attempt to provide gymnasiums, large auditoriums and other luxuries which some of the wealthier cities may be able to boast. Just now we are unable to forestall just what the needs of our schools will be a year or two hence and for that reason it would be wiser to provide some temporary quarters until we can decide on the needed building program. More ward school buildings are the big need, as primary and grammar grade pupils are very much in the majority.

IN HEALTHY CONDITION
There were fewer business failures in Texas during December than for any December in the records of the Bureau of Business Research of the University of Texas. Bernard Nichols, editor of the Texas Business Review, has just revealed.

Not only was the final month of 1927 a highly cheerful one for the Texas business man, but the entire year as far as Texas was concerned was unusually bright. Mr. Nichols' report indicated. There was the smallest number of commercial failures since 1924, the number of insolventcies decreasing 22 per cent below the preceding year. This optimistic record is thrown into all the brighter relief when it is compared with the business mortality rate of the entire United States for 1927—which showed the largest number of failures in five years.

The deduction from all this is that Texas today is one of the most prosperous sections of the Nation. Its people are making money from farm products, from cattle, from oil, minerals, manufactures, what not. The Southwest is in excellent condition despite the apparent depression elsewhere in the Nation and the Southwest apparently is headed toward even better conditions during the new year.

Immense productivity and the favors of natural resources are the reasons for this prosperity, of course. Texas people are probably no more industrious or gifted with business sense than people elsewhere, in spite of the fact that sometimes they like to say they are. Nature has been wonderfully kind

to Texas. In the important aspects a new and almost undeveloped State despite its long and colorful history, Texas is typical of the States of the Southwest, just entering upon a great and pyrotechnically gorgeous business epoch whose sun of prosperity has barely come over the horizon.—Oil Weekly.

16 PIPE LINES WILL BE COMPLETE SOON

Sixteen pipe lines operating or under construction in the Winkler oil area with a carrying capacity estimated at 200,000 barrels daily will all be in operation before Spring according to advices from Wink. Laying of these pipe lines by Landreth Production Company-Roxana, Texas Company, and Texon Oil and Land Company will offer relief from renewed production expected to come with drilling activities to be started anew. The Landreth line is expected to be completed by February 1.—Odessa News.

REV. HARDY IS TO CONDUCT BIG SPRING MEETING

Rev. J. D. Harvey, minister of the Church of Christ of Colorado, is to conduct a series of meetings at the Church of Christ tabernacle in Big Spring, beginning Friday night, Jan. 13. The meeting will hold over two Sundays.

The Rev. Harvey has conducted a great number of meetings in various points near Colorado during the past year, and in addition has capably filled the pastorate here.—Colorado Record.

Norma Carroll is the name that was given the charming daughter that arrived at the home of Mr. and Mrs. R. M. Harris on Christmas day.

USE GAS, no FUEL to carry in; no ASHES to carry out. advertisement.

SERVICES AT LUCIEN WELLS

Rev. H. W. Washington, pastor of the Methodist Church at Garden City, will fill his regular appointment at Lucien Wells next Sunday, preaching at 11 o'clock. He will also preach at Panther Draw Sunday afternoon at 3 o'clock. Everyone is given a cordial invitation to attend both services.

FARM HOME BEING REMODELED AND IMPROVED

The farm home on the C. W. Cunningham place in the Elbow community is being remodelled and improved. The house is being repapered throughout and is also being given a fresh coating of paint. W. D. Lipscomb and family occupy this home.

Sausage — Cheese on Toast
(Serves 6. Cost 44c)

Place the sausage with a fork in a spider, set in moderate oven. When browned on one side turn the sausage and on the other side. While the sausage is browning, toast a slice of bread on each side of a slice of cheese on each slice of bread. When the sausage are cooked place the toast in the spider to melt the cheese. Remove toast and sausage from the spider and serve about 2 sausages on each slice of toast.

Each With Sardines and Eggs
(Serves 6. Cost 53c)

Chop 2 pounds of spinach, change the water at least four times; pour water other than that which was used to wash the spinach to the leaves, put in two handfuls of salt, boil one hour. Chop fine and press into a mold or a square glass bread pan, surrounded with sardines, of 2 hard cooked eggs, and with radishes and lemons.

Orange Rolls
(Cost .0438)

Together two cups of flour, two teaspoons of baking powder, one-half teaspoon of salt, the finger tips work in two spoons of shortening; add milk to make a soft dough that is easily handled (one half third of a cup). Turn on to a board, knead lightly into a ball, then roll into a rectangular sheet. Spread with filling and roll over and to form a roll about two inches in diameter. Cut into thin slices with a knife and place on a well-oiled baking sheet. Bake at 350 degrees F. for twelve to fifteen minutes.

Orange Filling
(Cost .157c)

Sauce pan mix one cup of two tablespoons of flour with two tablespoons of cornstarch and one cup of boiling water, constantly allowing the mixture to boil for two minutes; yolks of two eggs, unbeaten, one teaspoonful of butter, four handfuls of orange juice and one-half of an orange. Mix mixture until smooth.

Princess Fats
(Cost .573c)

Beaten until light, sifted brown sugar, one spoon melted butter, one cup flour with 1-4 teaspoon baking powder. Cut meats broken. Bake at 325 degrees F. for five minutes. Mix all together at one time.

Don't Be Embarrassed By Skin Diseases

Blue Star Soap to clean the skin, then apply Blue Star Remedy to the skin, kills and soothes itching at once, and restores most a healthy condition. Eczema, Tetter, Itching Head, Poison Oak, Ringworm, Stomach, Feet, Sores, etc. All of these have yielded to Blue Star Soap. 50c and \$1.00 per box. D. BILES, Druggist

HOW TO GO BROKE

want to go broke at farm practice the following suggested by the Tennessee station after years of experience. They will work in the union: Buy only one crop. Buy no livestock. Guard chickens and garden peas. Take everything from the return nothing. Don't stop gullies or grow up. Let the top soil wash away you will have "bottom" in your plan your farm operation's hard work thinking — think. Guard your woodland as you would a mine, cut every tree, lumber and wear the cleared cultivating it in corn. Get fast to the idea that the grandfather employed in the good enough for you. Be independent — don't join others in any form of co-operation. Mortgage your farm for everything it will bring to buy things you have cash to buy if you have a good system of farming. Colorado's Best Grower.

C. Kilway and son arrive from Bonham to visit in this city. The Kilway family move to Big Spring to their home just as soon as they had a suitable home.

T. & P. OWNERSHIP ADMITTED BY M. P.
Austin, Texas, Jan. 13.—An official document filed with the Railroad Commission Thursday states that the Missouri Pacific system owns "the majority of stock of the Texas & Pacific Railroad Company, all of the stock of the International Great Northern and more than 87 per cent of the New Orleans, Texas & Mexico Railway Company."

The statement recognizes the Texas & Pacific as an integral part of the Missouri Pacific system. It was signed by William H. Williams, chairman of the board of the New Orleans, Texas & Mexico Railroad, a holding corporation chartered under the laws of Louisiana and controlling 1021 miles of railroad of the Gulf Coast Lines and International-Great Northern Railroad and allied properties under Missouri Pacific dominion.

The document is a copy of an application filed with the Interstate Commerce Commission for the New Orleans, Texas & Mexico to issue and pledge \$8,668,000 of 5 per cent mortgage gold bonds. Because it is a Louisiana corporation, it did not have to obtain the approval of the Texas Commission on the issue.

SUPPORT YOUR OFFICERS
"The Bloodthirsty hate him that is perfect, and as for the upright they seek his life." It is natural that the "thug" should regard every honest man as his enemy, and that the libertines should sneer at virtuous manhood. Human nature instinctively recoils from contrasts. Congratulate yourself if you have for your enemies the cut-throat, swindler and the immoral. A thing, however, that surprises good citizens is the fact that in a street brawl, sympathy is often given by apparently decent people to the culprit as against the officer. Every right-thinking man should back up the law, no matter whether it is being carried out by a policeman or a Supreme Court Judge. Then man who lends his voice, presence or sympathy to lawbreaking puts himself upon the level with the crook and criminal.—The Batteryman.

LONG NOSED FOLK
Of all the contemptible creatures that inflict themselves upon society, the long-nosed busy-body is the most unbearable. There are some people who can scent scandal where no one else can discern the ghost of suspicion. Beware of the fellow who is ever suspicious of others, and who is constantly imputing motives. Far rather be deceived than live in an atmosphere of distrust and suspicion. The suspicious man does himself more injury than those whose character or motives he judges or impugns. Rather be cheated or fooled than go about with a sneer, and without a good word for anybody. The cynic is no better, if he be not worse, than those against whom his cynicism is directed.—The Batteryman.

USE GAS NO WOOD WORK to Wash — advertisement.

TO THE CITIZENS OF HOWARD COUNTY, TEXAS
January 15, 1928.
Subject to the action of the Democratic party, I hereby announce as a candidate for the office of District Judge of the 32nd Judicial District of Texas, composed of Nolan, Mitchell, Howard, Scurry and Borden Counties.

Inasmuch as I will be busy attending to the duties of the District Judge's office until late in June, it will be impossible for me to see many of the voters in person. Therefore I am taking this method of saying to each and every voter of Howard County that I will sincerely appreciate his or her vote and influence.

I have lived in Scurry County for twenty six years and I have practiced law for more than a quarter of a century. Since I have been serving as your District Judge I have devoted my earnest efforts to the duties of the office and have tried to clean up the dockets of the various counties in this district and in the event I am re-elected, I expect to continue the policy of doing my full duty to the people at all times.
FRITZ R. SMITH,
Snyder, Texas.

Gains 8 Pounds Since Taking Vinol

"I felt sluggish, drowsy and weak. A friend suggested Vinol. Now I feel fine and have gained 8 pounds."—R. H. Bailey. The very FIRST week you take Vinol, you begin to feel stronger, eat and sleep better. For over 25 years, this simple, strengthening iron and cod liver compound has been helping nervous, run-down women, tired men, and pale, sickly children.
I. D. Biles, Druggist.

NEW EQUIPMENT RECEIVED AT BIG SPRING STEAM LAUNDRY

A drying tumbler one of the most modern pieces of machinery used by laundries has been received at the Big Spring Steam Laundry and will be put in operation in a short time. Like much of the other machinery in this up to date establishment it will be run by steam. The tumbler was purchased from the Troy Premier Tumbler Co. of Moline, Ill., and was received in this city the latter part of last week. The management of the laundry continues to install the necessary equipment it takes to turn out first class work in a short time sparing no expense to accommodate the satisfied customers.

Miss Lucille Vawter left Sunday night for her home in St. Louis. Miss Vawter resigned her position at the Albert M. Fisher Company, and will remain in St. Louis with her mother. She made many friends while in Big Spring.

UNEXPECTED FIRES
A match drawn up into a vacuum cleaner started a fire in the closet that completely demolished a home. Rays of sunlight passing through a fish bowl burned a hole in a rug which smoldered, flared into flame and started another home fire. Sifting hot ashes thrown back into a coal bin cost still another home owner many times the price of the coal he tried to save. Safeguarding America Against Fire.

ED CAUGHEY KILLED BIG LOBO WOLF
A big lobo wolf measuring six feet from tip to tip was trapped by Ed Caughey at his place north of Big Spring Sunday night. After the wolf stepped into the trap the dogs helped to complete his capture. Mr. Caughey was displaying the pretty fur in town Tuesday afternoon.

Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardui

"I have known of Cardui for nearly twenty-five years," says Mrs. Selma Meisner, 1072 Harrison Ave., Beaumont, Texas. "During that time, I have taken it several times and have frequently recommended it to others. For it is a splendid medicine and I am glad to give people the benefit of my experience."

"I have been a nurse for several years and have often come in contact with patients who were run-down and weak. Often I have told sufferers of Cardui, and the way I speak, had been helped after taking it, and advised them to give it a trial. Many of them have since thanked me for what I told them, so I am willing that other women should know about it, too."

"I first took Cardui because I was awfully run-down. I had no appetite, and was weak and listless. It was hard to keep going under such conditions, and I looked for something which would help me."

"I had read of Cardui and decided to try it. After taking it, I improved so much that I have taken it since whenever I needed a tonic."

Sold by all druggists.

Now Enjoys Eating, Thanks His Wife

"For years I suffered with stomach trouble. Then, my wife got me to take Adlerika. Today I feel fine and eat what I like."—Wm. Opp.

Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOWEL upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you. J. D. Bline, Druggist, and Cunningham & Phillips.

Lee Notes of Baird was in Big Spring Monday to attend the funeral services of J. W. Ward.

WALLACE BERRY RAYMOND HATTON

BEERY-HATTON ARMY-NAVY BOYS NOW SAILING UP

Aviation, now the greatest popular fancy, has its comedy possibilities exploited for the first time in a motion picture by Wallace Beery and Raymond Hatton in "Now We're in the Air." Paramount film which comes to the R. & R. Lyric theater Monday and Tuesday, Jan. 22-24.

Against their will, Beery and Hatton have been soldiers, sailors and firemen, and now they are aviators, through no doing of their own. They land in the air service when their employer enlists and they wander into a propeller testing room and have their Scotch Highlander costumes blown off.

Some one tosses them a pair of flying uniforms and before they know it they have been mistaken for aviators and are in the air. Mistaken identity dominates the plot. Louise Brooks plays a dual role. She is both of twin sisters, one of whom is of French fealty and the other German. Beery falls in love with the German twin and Hatton with the French, but they are unable to tell the girls apart, so all sorts of scrambled complications ensue.

Then Beery and Hatton are mistaken for German heroes, and are acclaimed of the same status by the French. This is too good to last however, and they are about to be finished off by a firing squad when the war ends, and each wins the twin of his choice.

The picture is replete in thrilling aviation situations, but most of the comedy takes place on the ground. Clever-gags punctuate the entire production and the picture may be safely said to be the funniest and best Hatton and Beery have done yet.

Frank Strayer directed "Now We're in the Air," and the cast includes Malcolm Waite, Emile Chautard, Duke Martin and Russell Simpson.

STUDY COURSES OFFERED BY STATE DEPARTMENT HEALTH

Lesson material has been prepared to be distributed through the Bureau of Child Hygiene of the State Department of Health at Austin on infant and child care and child management, for self-directed study groups. This material is prepared for group study of the preschool child within Clubs already organized or for specially organized groups for this specific purpose.

Outlines on the various subjects will be sent out from the department on request, together with printed material required for the study. The course of study covers the following subjects:

- Your Child's Likes and Dislikes in Relation to the Foods He Should Have.
- Your Child's Need of Sunshine and Open Air.
- Your Child's Physical Defects.
- Your Child's State of Nutrition.
- Your Child's Posture.
- Your Child's Behavior.
- Your Child's Teeth.
- Protecting Your Child Against Communicable Disease.

In addition to the outlines a list of material and suggestions for the organization of groups for child study will be sent on request. The department has arranged this material especially for study groups at the request of the Texas Congress of Mothers and Parent-Teacher Association.

ACORN STORE LEADING ALL OTHERS IN UNITED STATES

The Acorn Store has made some record since its opening in Big Spring less than one year ago, which all goes to prove that Big Spring is a growing town, and is going to keep on growing.

Since its establishment last April, The Acorn Store of Big Spring has never fallen lower than fourth, ranking with all of the other stores in the United States, and most of the time it has been in the lead of them all. There is an Acorn Store in every state in the United States, and some located in the principal cities of many of the states. The Big Spring store has led them all.

December, 1927, was the biggest month since the establishment of the store in this city, and Big Spring kept first or second place during the entire month.

Mrs. Lee Rogers is visiting relatives and friends in Dallas this week.

NEWER VARIETY CANNERS CUNNINGHAM & PHILLIPS

DEFERRED PAYMENTS

(Being the diary of a gentleman who cannot resist the high-pressure salesman.)

January 4. Bought an automobile today. Very easy terms. Very fine car, with a cigar-lighter on the dash. Ought to finish payments on this in eighteen months.

February 4. Paid installment due on car. Bought a radio set on easy terms. Fine set, and payments will be small and monthly.

March 7. A little late with the payments on the car this month, and will have to let the radio payment go over till April, as I bought a set of books and paid \$11 down. Very fine books. Everybody should have this set of books.

April 15. Borrowed \$50 from the boss to meet payment on car. The radio man came to take away the set, but we put out the lights and weren't home. The chump hung around all evening, so I couldn't see to read the books.

June 1. Borrowed \$100 from Uncle George to pay the \$50 I borrowed from the boss, and also to meet payment on the car. Got behind a little on the book payments, because I bought a piece of land in a new real-estate development. This

ought to jump in value. Paid \$50 down.

August 15. Somehow I don't miss the radio set much. And you can get plenty of books from the public library. The thing that hurts me is that Uncle George should be so mean. Of course I told him I'd pay back the \$100 on August first; but you can't do the impossible, can you? Trying to arrange a "character loan" from the bank. If I can borrow \$350, I can get square again and everything will go fine.

August 16. Bank says I have no character. What a bunch of crooks! September 30. The garage man is holding the car for that labor bill. What right have they to hold the car? It doesn't belong to me.

October 1. It wasn't any use, I had to let the car go. Anyway, I'd rather have the piece of land. They've given me a month's grace on that. Real estate people have more heart, after all.

November 15. Well, they can have their old land. Good riddance. If I knew where to get \$30 to meet the payment on the piano, I'd be all right. Bought a new automobile today, on the "pay out of income" basis.

November 16. Income stopped.

Got the sack at the office. In looking for a job, you've got to have a good suit of clothes, so I bought one this afternoon. Five dollars down.—Freeman Tilden, in Radford Grocery News.

Bailey Gaunce returned the latter part of last week from a business trip to Fort Worth.

Chevrolet Electrifies America with a Great New Motor Car

A new automobile so sensational as to electrify the nation!

With marvelous new Fisher bodies adding all the distinction, beauty and luxury for which Fisher craftsmen are famous! With performance that is a revelation to owners of even higher priced cars! With 107-inch wheelbase—four inches longer than before! With four-wheel brakes—and many additional mechanical achievements!

And... prices that demonstrate again Chevrolet's ability to provide the utmost in modern motoring luxury at the lowest possible cost!

The engine of this great new car is of the improved valve-in-head design. With alloy "invar strut" pistons... specially designed hydro-laminated camshaft gears... mushroom type valve tappets... and a complete new steel motor enclosure—it provides a type of motor operation so thrilling that it must be experienced to be appreciated!

Coupled with this thrilling acceleration and speed is a

type of riding and driving comfort almost unbelievable in a low-priced car. Four inches longer than the previous Chevrolet chassis... swung low to the road... and with four semi-elliptic shock absorber springs—the Bigger and Better Chevrolet holds the road with a surety that is simply amazing, and rides in perfect comfort at high speeds over the roughest stretches of highway.

And never before was a low-priced car so easy to drive—for the worm and gear steering mechanism is fitted with ball bearings throughout... even at the front axle knuckles.

All these spectacular new mechanical advancements are, of course, in addition to the host of notable features that Chevrolet has previously pioneered in the low-price field.

Come in and see this latest and greatest General Motors achievement! Learn why it is everywhere the subject of enthusiastic comment—why everywhere it is hailed as the world's most luxurious low-priced automobile.

IN SOCIETY

COFFEE MEMORIAL CLASS GUESTS OF MRS. TALBOT

The Coffee Memorial class of the First Methodist Church held the January meeting in the home of Mrs. C. E. Talbot on South Scurry street with sixteen members of the class being present.

After a short business session, the meeting was turned into a memorial service for two of our best loved and most faithful members, Mrs. Jennie Everley and Mrs. Lodema Fix, mother of Mrs. J. M. Manuel, who had passed away during the past year.

Mrs. Fox Stripling read a beautiful selection from the 21st chapter of Revelations after which those present told of the love they had for these members, and each one felt a personal loss in their death.

Mrs. M. A. Wooster gave a beautiful and touching tribute to each of the departed members and expressed a hope that the entire class would some day be reunited with those whom they had loved for awhile.

It was assisted in center, Mrs. Man-

P. shops. He is now connected with the W. E. Sullivan Machine shops at Marshall.

These young people have a host of friends in Big Spring who wish them a long and happy wedded life. They are making their home at 504 Dixon Avenue, Marshall, Texas.

Reported.

ENTRE NOUS BRIDGE CLUB GUESTS OF MRS. WHITNEY

Mrs. H. G. Whitney delightfully entertained the members of the Entre Nous Bridge club last Thursday afternoon having as guests two tables of players. In the series of interesting games of the afternoon high score honor was made by Mrs. Victor Martin. Mrs. Werlitz, formerly of Dallas, was a guest of the afternoon.

At the refreshment hour, a tempting two course luncheon was served in a dainty manner.

Mrs. Travis Reed entertained the members of the Entre Nous club with a luncheon Thursday noon

BIG TURKEY DINNER SERVED AT BROUGHTON HOME

Honoring Mrs. R. E. Sanders and J. C. Newton, a big turkey dinner was given at the G. C. Broughton home last Thursday, January 13. Around a bountifully laid table, forty nine guests assembled and took of the feast. Those at this celebration were: Mrs. ton, Mrs. R. E. Sanders, M. E. Broughton and Mrs. J. W. Curtis, Mrs. J. V. Davis, G. E. Newton, and Mrs. r. Scrogg, Mrs. B. Charlie An Newton, r. Hall, Mr. hton and Edm- ghton, Lola For- n, Elery Phillips, ana Cantrell.

T. E. L. CLASS HOLDS MEETING ON TUESDAY

The T. E. L. class of the First Baptist Church held its January business and social meeting in the church parlor on Tuesday afternoon with our president, Mrs. R. V. Jones presiding. Devotional service was conducted by Mrs. I. A. Fuller.

During the business session visiting committees reported the coming of a number of Baptists into our midst and all were urged to help make these newcomers feel at home.

Our treasurer read the financial report for the year 1927 and we were surprised and pleased to find that our offerings to the objects we have fostered went beyond our expectations. The special interests to which we have contributed, besides the regular Sunday school object, are: Buckner Orphan Home piano fund, the Mexican Mission, our Ministerial widow, mission work, the basement fund and our glower fund.

Some lines of work were discussed and left to be decided upon later. As the term for which officers were elected is drawing to a close the president appointed a nominating committee to report at our next meeting.

A special invitation was extended by Mrs. Patterson, one of our honorary members, to meet with her for our February social, and it was voted to accept the invitation with thanks. After a closing prayer the social chairman, Mrs. D. C. Coffee was asked to take charge. She was assisted by Mrs. Debut in the very pleasing entertainment for the day. A beautiful solo by Mrs. Roy Lay, accompanied by Mrs. J. T. Mercer, was much enjoyed. One game which was introduced kept us moving at a merry gait, and another had us guessing what Bible characters we were representing. An enjoyable plate luncheon was served by Mesdames Squires, Stebbins and Debut and before we departed for home our teacher, Mrs. Beckett, called attention to the Teacher Training class being held at the church this week taught by the pastor and asked that all who could attend should do so. Special guests at this meeting were Mrs. W. L. Douglas and Mrs. Byars.

George Hill who underwent an operation last week is reported to be getting along nicely.

EPISCOPAL AUXILIARY TO BE HOSTESS TO CHURCH WOMEN

The church women of Big Spring will be entertained at the Episcopal parish house on Monday afternoon, Jan. 30, at their regular fifth Monday meeting with the members of the Episcopal Auxiliary hostesses.

"World Peace" will be the timely topic for the afternoon program and representatives from all of the different churches will take part on the program.

A social hour will follow the program.

Every woman in Big Spring is cordially invited to attend. If you have never attended one of these church meetings you have missed something. Come to this one, the first in the new year. Everyone is welcome.

HIGH SCHOOL P. T. A. MEETS THIS AFTERNOON

Mrs. Gilmer, of Dal Rio, district president of the P. T. A. is a guest in our city, and will meet with the members of the High School Parent-Teacher Association this afternoon, Friday, Jan. 30, in the high school auditorium at 4 o'clock. The purpose of Mrs. Gilmer's visit is to set a date, and make plans for the district meeting of the P. T. A. that is to be held in Big Spring, possibly in April. Plans for entertaining the delegates will also be discussed.

Other business will be plans for the pancake supper that is to be held next Tuesday night, Jan. 24, in a down town place.

All members of the P. T. A. are invited and urged to attend this meeting which is a most important one.

YOUNG WOMEN'S MISSIONARY SOCIETY MEET TUESDAY

The members of the Young Women's Missionary Society of the First Methodist Church were guests in the home of Mrs. O. E. Wolfe on Tuesday afternoon at a social meeting of the society. The members engaged in friendly conversation as they sewed and embroidered during the afternoon hours.

At tea time Mrs. Humphries assisted Mrs. Wolfe in serving dainty refreshments in one course.

NEW GOODS, MEANS FRESH MERCHANDISE COLLENS SECS. DRUGS.

JUNIOR HIGH P. T. A. MEET TUESDAY AFTERNOON

The regular meeting of the Junior High P. T. A. held at Junior high school Tuesday afternoon was well attended and an interesting program was given. This being the birthday anniversary of Benjamin Franklin, Mrs. Chas. Koberg read an interesting paper on his life. Mrs. Fox Stripling gave a paper on "Thrift," which was very much enjoyed. Another feature of the afternoon's program were readings by Nellie Lee McCrory and Harry Jordan. Business was discussed following the program, with Mrs. Ira Driver, president of Junior High P. T. A. in the chair.

MISS MILDRED KING ON HONOR ROLL AT DREAGHON'S

Miss Mildred King, daughter of Mr. and Mrs. W. E. King, has made the honor roll at Droughon's Business College, at Abilene, where she is attending school. Miss King has progressed rapidly and has done satisfactory work, which entitles her to a place on the honor roll of the business college. From a list of fifty names or more in the book-keeping classes of the school, only nine names from this group appeared on the honor roll, and Miss King's name was one of the nine. Her many friends congratulate her upon her success.

CLUB WOMEN WILL ATTEND SESSION IN ABILENE

Several club women of Big Spring will attend the convention of the Sixth District Texas Federation of Women's Clubs, which will be held at Abilene, April 19-21, when the newly elected officers and committee chairmen will assemble for the first time.

Mrs. J. I. McDowell, one of our prominent club women, has been appointed a member of the board and Mrs. F. F. Gray is a member of the committee of public welfare. Delegates from Big Spring and many other West Texas towns will attend this convention at Abilene.

PREBYTERIAN AUX. MEETS

The regular business meeting of the Presbyterian Auxiliary will be held at the church Monday afternoon, Jan. 22 at 4 o'clock. All of the ladies are urged to be present.

MISS HELEN KEAGAN TO LITTLE THEATRE

Miss Helen Keagan of has just been accepted member of the Baylor Union Theatre, according to made by the president organization. The Little the University body for tion of stage production, recognized by the state tion, in whose tourna- members appear annually.

Each year the group presents three plays in formance. "The Tenth Shrew," a modernized Shakespeare's well known given in December. "The Doll's House," is to and later in the year the duction, to be used in wide tournament, will be Formal initiation of gna and five other con- copied this term was in evening, the president

OFFICERS OF N. W. A. STALLED LATE

The installation of Blue Mountains Camp Royal Neighbors were held day afternoon of last regular meeting. Their attendance and all of elected officers were over their new duties, caller Mrs. Arple Nam- unable to be present at illness.

Starting off the new with every member your special effort to attend ing. We would like to see one out to all of the show their interest in going.

Our next meeting will Thursday afternoon, Jan- o'clock at the I.O.O.F. want you all to be new members or visitors are welcome.

DELPHIAN CHAPTER WITH MRS. DODGE

The Delphian Chapter their regular meeting Saturday afternoon in Mrs. J. F. Dodge, as all of the members are to be present.

RESOLUTIONS OF RESPECT
 Whereas our worthy and beloved brother, George C. Carter, has been called to that Home on High, we, the members of Division No. 212, B. of L. E. wish to extend to the wife, children and other relatives, our heartfelt sympathy in this their hour of deepest sorrow.
 Brother Carter has been a faithful and dependable member of our order, a true friend and worthy of every confidence, and no one will be able to take his place in our meetings or in our hearts. He was truly one of nature's noblemen and many hearts were saddened when it was his turn to answer the last call. May the Heavenly Father comfort and sustain those who deeply mourn the passing of their loved one.
 Be it resolved that a copy of these resolutions be spread on the minutes of our lodge, a copy published in the home newspaper, and a copy be sent to the bereaved relatives.
 L. F. McKay,
 J. N. Cowan,
 Chas. Vines,
 Committee B. of L. E. Division 212.

HYPERION CLUB TO MEET WITH MRS. PINER SATURDAY
 Mrs. R. T. Piner will be hostess to the members of the Hyperion Club Saturday afternoon at three o'clock at her home on Humble street. All the members are invited and urged to be present.

T. L. Pendergast and family of San Angelo will move to Big Spring to make their future home. Mr. Pendergast has accepted a position with the T. & P. railway as engineer.

SOASH NEWS
 We are grateful to the Lord for blessing us with this week of splendid weather, and have been making use of it by getting our cotton gathered.
 Our little community is progressing nicely. Each Sunday morning the members of the Church of Christ hold services at the school house. On Sunday afternoon the Baptist people conduct a Sunday school. Then, on one Sunday of each month the two different denominations have regular preaching appointments.
 Brother Little of Big Spring filled his regular appointment Sunday at the school house for the members of the Church of Christ. Mrs. Little and children accompanied Brother Little out here. We were glad to have them and also all other strangers among us.
 W. H. Lauderdale and family of Shumake visited relatives in this community Sunday.
 The boys and girls of our school played basket ball on our court last Thursday afternoon with Ackerly. Our boys made a good showing, despite the fact that the Ackerly boys were much larger than they were. Our boys lost the game but put up a good fight just the same. The girls game was very interesting. Our girls were more evenly matched up and tied the Ackerly girls up until the last quarter, and although they fought bravely until the last, Ackerly girls won by a few points. The high point player for the girls was Maurine Iden, making 13 points.
 On last Friday afternoon the boys and girls of the school organized a pep squad with the following students as yell leaders: Cecil Allred, and Gladys Quinn, and hereafter they expect to put a little spice in the games by adding a little ginger and pepper.
 Quite a number of the people of the community gathered at the school house Sunday night and enjoyed a singing.

THE ONLY CAR OF ITS KIND IN THE WORLD

For numberless puzzled motorists Dodge Brothers new Victory Six will simplify the problem of selection, for nowhere in the world is there a car like it. Greater expenditure will not duplicate it.
 To possess this car's unique advantages you must possess this car.

A Radical Departure in Body Design

In the Victory, for the first time in history, the body sill is eliminated. Body and chassis are built as a single integral unit.
 Thus, the wide, deep chassis frame of The Victory, now flush with the lines of the body, avoids the customary overhang of a wide body upon a narrow frame; and the chassis itself, rather than the body, supports all weight—body, floor, seats and passengers.

Amazing Results

The results of this construction are astonishing.
 330 body parts are eliminated.
 175 pounds of superfluous weight are cast off.
 The all-important CENTER OF GRAVITY is materially lowered.
 Without the slightest sacrifice of head-room or road-clearance, the overall height of the car is also lowered—one of the secrets of The Victory's great beauty.
 The amazing resources of the car's brilliant

power plant are multiplied still further by perfect distribution and economy of weight.
 Power in relation to load is materially increased—pick-up quickened—far greater flexibility achieved.
 21 valid miles per gallon at 25 miles per hour is made possible FOR A SIX! Incredible smoothness at high speed is another great gift of this new design!
 Elimination of back-wheel "chatter" when the 4-wheel Lockheed-Hydraulic brakes are quickly applied is still another!

And thanks to The Victory's low center of gravity and wide chassis frame, swaying, skidding, tipping—each a factor of weight and its proper and improper placement—are reduced to a new and negligible minimum.

Another New Safety Feature

Yet Dodge Brothers have taken a further revolutionary step to insure the safest motor transportation it is possible to create.
 For the first time in automobile history, they have applied the so-called battle-ship construction to closed car design.
 In other words, the body has a double steel shell, locked together, with an air space intervening—is actually TWO bodies, one within the other—yet lighter by 175 pounds—and the safest body known.

INCOMPETENCY AT THE STEERING WHEEL

The directors of the Texas Council of Safety has just indulged in a constructive and helpful discussion of the accident problem in Texas which was devoted chiefly to the means by which that problem may be rendered less serious. Following the presentation of the appalling statistics of tragedy in Texas, Mr. James voiced the opinion that the preventive solution lies in proper investigation, legislation, education and co-operation.

To the need for stronger legislation and for intensive and intelligent educational effort, this servant of the cause of public safety devoted chief consideration. It is upon these two grounds that his recommendations of relieving measures are mainly based. It is interesting to note that Mr. James attaches great importance to educational efforts aimed at the awakening of the individual conscience. After two years of careful study of the situation, he said, he had reached the conclusion that safety education is the main factor in accident prevention.

It does not weaken the argument to express doubt of the effectiveness of educational effort. The great motoring majority is conscientious, has regard for the safety of others, and exercises vigilance to avoid accidents. But there is a very numerous minority that is wholly without consideration for others, and that can only be educated with a-legal club. The fact that car ownership is increasing more rapidly than the effectiveness of educational campaigns must be recognized and that seems to make the legislative course to prevention of accidents the most promising.

A license law, such as Mr. James advocates, and which would operate to keep the incompetent driver away from the steering wheel, is sorely needed in Texas. If we could have another law which would divorce the reckless driver from his car for such period of time as might discipline him into soberness, we could get somewhere in the matter of reducing the toll of accident.

Texas has talked a lot about needing such laws, but has done nothing. Their effectiveness, to be sure, would depend upon the effort at enforcement, but that is true of all laws. This State would do well to make a test of stronger and progressive safety statutes. The Legislature would do better to enact the measures. They would reinforce a safety education campaign tremendously. Dallas Journal.

SPEED

This is an age of speed. Every make of automobile now going on the market for 1928 is faster than before. It is faster for ordinary, every-day use, not just for test purposes. The automobile manufacturers have met the demand for swifter machines. But unless traffic regulations are strictly observed, 1928 is likely to see an unprecedented number of lives sacrificed on the altar to the god of speed.

The situation calls for a general tightening up on the part of those responsible for the enforcement of speed laws. Pedestrian and motorist alike must be forced to obey the laws or be punished. It is better that they suffer mildly than that they die.

If both motorists and pedestrians obey the rules, many lives will be saved and nobody will be really inconvenienced. And if everybody obeys the regulations, traffic will move at a faster speed, too. Don't take a chance, for you may make it your last one. Ex.

A new fad has started. In many nearby towns merchants and business men have and are giving the first babies born all kinds of good things such as bank accounts, diamonds, rattlers and other trinkets. The idea is not bad, of course, but it would be infinitely better to give the money used in the purchase of the gifts to some old babies that are penniless and in want. It takes very little to keep a new baby fat and happy. It takes a great deal to provide for an old one. Coleman Democrat-Voice.

If we are not big enough to put over a proposition such as securing a needed office building for Big Spring we ought to go away back and sit down—get out of the way—and leave the field to the more progressive citizenship in the live little cities of West Texas.

"Watch Big Spring" is now in vogue in many sections of the country. Newcomers from Amarillo, Wichita Falls, Tulsa, Ok., and many other points state they have been advised to locate in Big Spring as it is due to make a wonderful growth.

RADIO AUDIENCE IS ENTITLED TO RIGHTS

Washington, Jan. 14. — Several thousand dollars spent in the purchase of radio sets during the past few years and long experience as a "fan" have convinced Harold A. Lafont, new member of the Federal Radio Commission, that broadcasting can be carried on successfully and profitably in this country only by keeping constantly in mind the desires of the "ultimate consumer" the owners of receiving sets.

The vast radio audience of the United States is unorganized and without means of expressing officially its views. Lafont pointed out, in discussing the situation, except for letters to broadcasting stations, Congress and the commission, and the occasional appearance of individuals at hearings, little is heard from the millions of listeners.

Yet, Lafont declared, the investment of the average broadcasting station is less than one-tenth that of its audience. A careful survey of this phase of the situation, carried on as a listener, has convinced him that the money spent for receiving sets among any body of listeners is at least ten times as great as that spent by the broadcaster to whom they listen. Unless the listener can be provided with means whereby he can hear a number of stations, his investment in his set can be considered to be practically exclusively for the benefit of the one or two broadcasters whom he can hear without difficulty.

This must be taken into consideration in carrying on the work of the commission, he said, and is an outstanding reason why the arrangement of stations should be made from the viewpoint of the receiver rather than the transmitter.

No nation in the world can show as large a percentage of its people so well-fed, wholesomely and fully employed as can the United States.

IF YOU ARE SICK ENOUGH TO HAVE FEVER YOU ARE SICK ENOUGH TO NEED YOUR DOCTOR. CUNNINGHAM & PHILLIPS

THE JEALOUS ROOSTER

Once upon an Easter morning Little Miss Virginia Bees Found a score of highly colored, Somewhat gaudy Easter eggs. Some were pink and some were yellow, Some were red and some were blue, Some were nicely striped with purple, Some were dyed a crimson hue. In the nest, out in the barnyard, While the old hen stretched her legs,

Generous little Miss Virginia Placed these pretty Easter eggs. Came the rooster, crowing loudly, Strutting as a rooster should, Joyful in anticipation, Pride of coming fatherhood, By the nest he drew up proudly, There his handiwork to view, For he knew his mate was setting— Knew the hatching date was due. Sad the day and sad the moment! Sad his terrible surprise! Joy fled from his heart in horror At the sight before his eyes. In the nest home of his lady Whom he would have sworn was true,

There were eggs of pink and yellow Red and green and brown and blue. Long the rooster looked in silence, Then decided, bitterly, Naught remained but to avenge his Violated sanctity. With the boldness of an eagle, Next door did that rooster fly; Battle-ruffed were his feathers, Blood was in his rooster eye, Rooster mind was firm determined Rooster jaw was set and grim, And the next door neighbor's peacock Got the hell beat out of him. Ex.

The Cream of the Tobacco Crop

"Most Kentuckians pride themselves on their knowledge of Tobacco and on their taste for 'Bourbon.' The 'Bourbon' days are gone generally, but I know Tobacco and Kentucky's 'Finest'—The Cream of the Kentucky Crop goes into the brand of LUCKY STRIKE Cigarettes. I know, because I buy it."

L. W. Sneed
Buyer of Tobacco at Lexington, Ky.

NAZIMOVA,
brilliant actress, writes:

"The Russian lady—ah, how she delights in the puff of a fragrant cigarette! As a Russian I have tried them all—the cigarettes of Cairo, Paris, London, Madrid—but here in my adopted country, America, I have found my favorite cigarette 'The Lucky Strike.' In addition to its lovely fragrance and wonderful flavor it has no bad effect upon my voice—so even when I go abroad I carry with me my little trunk of Luckies—and enjoy a puff from America."

WALLACE BEERY AND RAYMOND HATTON

IN 'NOW WERE IN THE AIR'
WITH LOUISE BROOKS

Two high and dizzy airmen who make a perfect landing in the land of laughs.

A sky-quake of fun and thrills when these two laugh birds take the air. Beery and Hatton as two ship stokers, made ill by a rollercoaster, found themselves literally blown into the air service in wartime.

"Behind the Front" showed them in the army; "We're in the Navy Now" took them to sea—"Now We're in the Air"—presents them as bally ballonatics soaring high.

They're almost as famous as Lindbergh in this picture—sky-high with thrills.

**EXPERIENCE COUNTS
IN BUSINESS.**

Louisville, Ky. (Special) — Ex-
perience, the dear teacher, the hard
task master, is the underlying fac-
tor in the success of most big com-
panies of the United States, is the
underlying factor in the success of
most big companies of the United
States, according to the recent
statement made by Donald Mc-
Donald, Jr., Vice-President of the
R. F. Avery & Sons Co., Louisville.

Mr. McDonald points to the lead-
ing manufacturers of various prod-
ucts to prove his point. "Henry
Ford," he states, "is an experienced
engineer; that is why his automo-
bile has sold into the millions. It
is his experience and that of his as-
sociates wherein lies the reason for
the successful manufacture of the
Ford car.

"They have learned through
years of doing just one thing how
to do it well. Experience, that's
all. Experience in the manufac-
ture of a substantial, inexpensive
car."

Going farther into the discus-
sion, Mr. McDonald cites the case
of the company of which he is vice-
president. He disclosed the fact
that over one hundred years ago,
in 1825 to be exact, the company's
founder, Benjamin Franklin Avery,
began making plows and plow-
shares.

"He made them with his own
hands," Mr. McDonald told us.
"He beat them out, tempered them
and assembled the parts in his lit-
tle blacksmith shop in Virginia.
Mr. Avery actually experienced the
making of a fine product.

"As the years rolled on, the lit-
tle shop became a factory and helpers
were needed. The founder taught
these helpers the rudiments of plow
and implement making; taught
them the principles he himself had
learned from actual experience. As
they worked with the now rapidly
expanding factory it was by their
experience that they taught others.
And so on down the years to the
present time, there has been found
no substitute for the best teacher
of all—Experience!

"Our company has experimented
in every way to find the right im-
plements for the Southern farmer,"
says Mr. McDonald, "we have lis-
tened to the experiences of others
and coupled them with our own.
We so firmly believe in the value
of experience in our business that
we tell our friends about it in a
slogan, "There is no Substitute for
Experience."

"And it's true, too," the Avery
official ended, "it is proved every
day in our factory, in our sales of-
fices and in actual field work that
gradual absorption or lessons
learned from experience is the main
reason for Avery products having
reached such a high point of ef-
ficiency."

FOR WORKING PEOPLE

The best of workers get out of sorts
when the liver fails to act. They feel
languid, half-sick, "blue" and discouraged
and think they are getting lazy. Neglect
of these symptoms might result in a sick
spell, therefore the sensible course is to
take a dose of two of Herbine. It is just
the medicine needed to purify the system
and restore the vim and ambition of
health. Price 60c. Sold by
CUNNINGHAM & PHILIPS.

**LITTLE THINGS WE COULD
DO TO IMPROVE OUR TOWN**

Each property owner could put
down sidewalks around his place.

Get out more trees and shrubs.
Plant grass and flowers.

Keep the house painted and re-
pairs made.

Clean the alleys in the business
district.

Tear down old signs and unsight-
ly awnings.

Paint up and clean up the busi-
ness district.

Fill up gaps in business blocks
with modern business buildings.

Keep lights in front of business
houses burning at night.

Observe traffic regulations and
drive slowly.

Build a viaduct and do away with
dangerous crossing that is only a
death trap.

And a thousand other little things

Your attention is called

**THOS. J. COFFEE WILL BE IN
RACE FOR DISTRICT JUDGE**

We are authorized to announce
Hon. Thos. J. Coffee, of Colorado,
as a candidate for the office of dis-
trict judge of the 32nd Judicial
district. He announces subject to
the action of the Democratic pri-
mary and his name appears in the
announcement column of the Herald.

It is hardly necessary to intro-
duce Mr. Coffee to the voters of
this judicial district as he has re-
sided in West Texas all his life. He
was born in Coleman County and
resided in Howard County since
1890. With the exception of five
years previous and during the
World War, Mr. Coffee has made his
home in Colorado, where he has en-
gaged in the practice of law. He
has won the confidence and esteem
of the entire citizenship of Colorado
and Mitchell County and has held
the responsible offices of City and
County attorney during recent
years.

Mr. Coffee though a resident of
Mitchell County is still considered
a home boy by his host of friends
in Big Spring and Howard County
and he is held in the highest es-
teem by all who know him.

He is a graduate of Big Spring
High School. After completing the
course at the Big Spring school he
attended Polytechnic College at
Fort Worth and the University of
Texas at Austin, where he received
his degree.

All who know Mr. Coffee will
vouch for his being an honest and
upright citizen, an able and com-
petent attorney and they know
that if elected he will fulfill the
duties of the office in a fair and im-
partial manner.

The voters of Howard and other
counties in the district are request-
ed to carefully consider Mr. Coffee's
candidacy when preparing to
vote for the office of district judge
in the primary election next July.

**RUMMAGE SALE AND CANDY
SALE TO BE HELD SATURDAY**

Have you heard all about the big
rummage sale and candy sale that
is to be conducted in Big Spring,
Saturday? One of the teams of the
City Federation is putting on the
big sale, and it is given to raise
money for the City Federation
Club house. Everyone will surely
want to attend the sale, and buy
something to help in this good cause.

The rummage sale will be held
on the vacant lot at the corner of
East Second and Runnels street,
just opposite the Nall and Lamar
Grocery. Counters will be arrang-
ed to display the bargains in shoes,
coats, sweaters, dresses, hats, etc.
These will be second hand but there
will be real bargains offered for ev-
ery member of the family.

Homemade candy of all kinds,
date loaf, divinity, fudge, Mexican
brittle, pinoche, taffy and many
other kinds will be sold at the candy
counter and on the streets. It'll be
good so be sure and buy some and
have a good taste in your mouth.

Come and help make the rum-
mage sale and candy sale a success.
Help to build the Community club-
house.

**PARCEL POST SALE AT
SOUTH WARD SCHOOL**

A parcel post sale will be con-
ducted at the South Ward school next
Friday afternoon, Jan. 27 at three
o'clock. The members of South
Ward P. T. A. are putting on the
sale, and the proceeds will go to
the school fund to buy playground
equipment, and other things for the
school. Everyone is urged to at-
tend especially the patrons of the
school.

Light refreshments will be served
following the sale, by members of
the P. T. A.

Oil News From Other WT Fields

Fisher County Well Heads Oil

Much interest is being evidenced in The Texas Company's No. 1 Stephens in Fisher County, which was standing full of oil at \$141 per barrel less than two feet in the pay, after making a 50-barrel head Friday morning of last week when the hailer was run. There was no rush to the area from this territory however, owing to the fact that surrounding acreage is closely held and little, if any, royalty was reported being offered. San Angelo Standard.

Hopeful of Better Times

Crude oil production in the United States is now 207,000 barrels per day lower than it was when the peak of the present overproduction wave was scored six months ago, and the daily flow started on its present downward trend.

This is disclosed by comparing the American Petroleum Institute report on production for the current week with that for the week ending July 16, 1927, when the peak was attained.

This is the best possible answer to the question as to whether the oil situation has scored any real improvement. — Ex.

Mariand Test in Howard Watched

San Angelo, Texas.—Mariand Oil Company No. 1 Richardson in Howard County is attracting attention by reason of topping the lime at 2540 feet, thirty-three feet higher than the old test by the General Oil Company drilled a number of years ago on the Dora Roberts ranch about two miles south and a little east of the Richardson.

The Richardson has a surface elevation of 2353 feet, making the top of the lime 181 feet below sea level, while the General No. 1 Roberts had a surface elevation of 2,451 feet and topped the lime at 2665, or 214 feet below sea level. It had been expected that the Richardson would get the lime lower than the General.

Sinclair Co. May Buy Pipe Line

Tulsa, Okla.—Sinclair Pipe Line Company is negotiating for the acquisition in the near future of the Southern Pipe Line Company's pipe line holdings in extreme West Texas, according to information reaching Tulsa. It also is reported that Sinclair may build a main line from its Mexico-to-Texas City trunk to the West Texas Permian Basin and make the Southern Pipe Line's system in Winkler County lateral to this big carrier.

Lines of the Southern extend from Winkler County to Wichita, on the T. & P. railroad, and from the Church & Fields pool in Crane County to McCamey, on the Orient railroad. Crude shipments are made in tank cars.

Howard and Glasscock

Crude Prices Lowered

Reductions amounting to 20c to 25c a barrel in the price of crude oil in Howard, Mitchell and Glasscock Counties were placed in effect by the Magnolia Petroleum Company Saturday morning. At the wells in Glasscock County and at wells in Howard County adjacent to Glasscock, except Chalk field in Howard County, a flat price of 66c a barrel for all grades was announced. Magnolia's former price in that area was 20c, posted Oct. 24, 1927.

In the lisan district, which includes the Westbrook field, Magnolia's new price is 52c a barrel for all grades.

In the Chalk field of Howard County Magnolia's new price is 50c a barrel for all grades, which is 20c to 25c lower than the prices which have been posted in recent weeks by the purchasing companies in that field. — Dallas News.

Sulphur Water Shows on

West Side of Pecos Oil Pool

Sulphur water appeared last week for the first time on the west side of the Yates pool in Pecos County and on the east side of the Hendrick pool in Winkler—two of the principal sources from which overproduction in the West Texas Permian basin is predicted.

These developments marked a continuation of developments of this nature which has called for successive downward revision of the daily production which it has been declared will be built up in this area—usually in support of continuation of the present low prices for crude oil in face of general improvement elsewhere.

The effect on the production of the areas is chiefly on the rate of the production, rather than the amount which will be eventually re-

covered under careful operating conditions.

For instance, water appeared in one of the wells on the west side of the Pecos pool when it was making 1000 barrels per day, partially choked.

Immediately on the appearance of the water, which amounted to about 10 per cent in this well, its production was further choked to five barrels per hour.

The water on the west side of the Yates pool appeared in the Gulf Production Company's No. 4 and No. 5 Yates, in the southwestern part of its big Runnels County school land block, and in neighboring wells belonging to the Humble, Kirby-Edson and McMan Oil and Gas Company.

The appearance of water on the east flank of the Winkler pool was in the Cranfill & Murchison No. 1-B Hendrick, in the southwest quarter of section 35, block B-5. Some 14 wells on the west flank of this pool had already been affected by water. — Fort Worth Star-Telegram.

Oil Tests in Reeves and Loving Counties

The Delaware Oil Company, is now ready to spud on their location in Loving County, near the old Wheat and Toyah-Bell wells. If the crew is not too superstitious, they may start today (Friday, 12), or else wait until tomorrow before breaking the ground.

The Lockhart Company's Lockhart No. 1, north about a mile from the Allen No. 1, is now drilling below 625 feet, having set pipe the first of the week to 560. Work is running along smoothly there now, and they hope to drill into the pay before the summer if possible.

The Owen & Sloan well, W. D. Johnson No. 1, located in the center of Loving County, is now drilling below 1750 feet, making fair headway on their wildcat.

The Exploration Company's wildcat in Reeves, at the northwest corner of Sand Lake is now trying to pull their ten inch casing, in preparation for another attempt to get a shut-off of the water which is troubling the crew. The total depth of this test is 1420 feet.

The Vacuum Oil Co.'s test near Burnt Springs in Reeves County, northwest of Toyah several miles, is now practically finished with their

rigging up, and expect to spud in the near future.

The Humble Oil & Refining Co. has a total depth of 3470 feet in their Flores-Kington well, located in the edge of the Davis Mountains.

The Earl W. Brooks well, Eddins No. 1, south of Pecos, now has a total depth of 4325 feet, and are still working. They have passed through the Delaware sand, in its top layer, but are making a real test of this stratified territory.

Shutting down their operations on the World Oil Co.'s Duff No. 1 for the time being, the company will move their equipment back to the Biggs No. 1 which they shut down to drill the Duff well, the first of last year. The Biggs No. 1 has been spudded, being located in block 112, almost on the county line between Reeves and Culberson. — Pecos Enterprise.

Favorable Signs

Indications of better times ahead for the oil producing industry steadily are growing more and more numerous much to the delight of the prophets who forecast a good year in 1928 long before there were any definite reasons for such optimism.

The latest straw in the wind is a sudden and startling drop in daily average production of the Nation, reported by the different agencies as either around 40,000 or 50,000 barrels a day.

The exact size of the decrease does not matter particularly. The favorable factor is that there is such a huge decline—a drop such as the oil producers have not known since the days when Smackover went over the top and started down with a crash that startled the whole industry.

If oil production is going down there is obviously going to be less oil. Less oil will mean better prices. Better prices will mean better times for the men who do have production—and better times for the producers will mean better times for the whole industry, for the oil men themselves, and for the investors in oil as well.

Crude premiums being paid on Panhandle oil as well as crude from some other West Texas sections likewise have been cheerful indications of what is coming for some time. It is certain that at this time Panhandle oil is too cheap.

Several other highly important West Texas areas are in the same predicament. Falling national production inevitably will force the price upward in these areas, which is precisely and exactly what the producers have been praying for.

With Seminole steadily dropping farther and farther down along the output column and no new areas similarly located so as to encourage the destructive oil flood drilling threatening, the prospects for 1928 grow steadily brighter and brighter.

It seems entirely probable that at least one and perhaps two or more West Texas sectors could outdo Seminole if they were allowed to follow the same wild drilling program. But fortunately they are not situated where it is possible to do so. They have the oil—they will get it out eventually any way, whether it comes in thousands or hundreds of thousands of barrels a day—so obviously it is entirely to their advantage that they are forced to produce more slowly and so aid in securing a higher price for every barrel they produce.

Unless the indications are entirely at fault, a general raise in the price level will be forthcoming not later than mid-spring. The rise probably will start in the Panhandle on Gray and Carson County crudes, with Hutchinson coming in soon after, and with the far West Texas areas climbing on the band wagon close behind.

The result will be a brisk campaign, increased drilling, leasing, and blocking activity, better times which should show no let-up for perhaps a long time.

Crude in Southwest Texas fields likewise is now lower than it will be shortly, indicating an active year ahead for that great division.

As a general thing the industry enters 1928 in a very healthy condition, retrenched, in position to profit to the maximum from a good year. And the straws in the wind forecast just that kind of a year. — Oil Weekly.

C. D. Miller and Chet Miller left Tuesday morning for Snyder, called there by the illness of their mother. Mrs. Miller was seriously injured in an automobile accident in Snyder last Tuesday.

Beggars Have "Bean Coop Jack"

Colorado, Jan. 14.—Two "deaf and dumb" beggars suddenly found their power of speech when they were arrested late Wednesday afternoon in Colorado by Chief of Police Hickman. They were travelling through the country and begging promiscuously by holding up a petition in front of every one they met. They were arrested on a charge of vagrancy and pleaded guilty, giving their names as Colman Scott and Robert Brown.

About \$1,000 was found on the two, and the older man exhibited a bank book from an Oklahoma City bank which showed he had a balance of about \$11,000. The men stated they had collected \$480 coming from Fort Worth to Colorado.

The State National Bank has the largest amount of deposits and resources, also the greatest number of customers of any Bank in Howard County.

Lesson for January 22

JESUS AND THE LAW

LESSON TEXT—Mark 2:18-3:6.

GOLDEN TEXT—Think not that I am come to destroy the law, or the prophets. I am not come to destroy but to fulfill.

PRIMARY TOPIC—Doing Good on the Lord's Day.

JUNIOR TOPIC—How to Use the Lord's Day.

INTERMEDIATE AND SENIOR TOPIC—How Jesus Obedied the Law.

YOUNG PEOPLE AND ADULT TOPIC—Jesus Declares the Higher Law.

1. Jesus and Fasting (vv. 18-23).

1. The questions asked (v. 18).
The scribes and pharisees seeing Jesus eating with the publicans and sinners, raised the question as to why He did so. When Jesus heard their question He declared, "They that are whole have no need of the physician, but they that are sick." Another question was then asked as to why Christ's disciples did not fast when the disciples of John and of the pharisees did fast? John the Baptist was now in prison, therefore his disciples were mourning for him.

2. Christ's answer (vv. 19, 20).

In explanation He raised the question, "Can the children of the bride-chamber fast while the bridegroom is with them?" He then declared that as long as they have the bridegroom with them they cannot fast. The time will come, however, when they would fast. He is now away. Fasting therefore, is appropriate.

3. New wine in old bottles (vv. 21, 22).

The bottles mentioned here were made of skins of animals. In the fermentation of the wine there was expansion which stretched the skin. To put new wine in the bottle after it was stretched would cause it to be rent asunder when fermentation took place. The same thing in principle would be realized if new cloth were used on old garments. The teaching designed was to show the foolishness of imposing old customs on the new age.

II. The Disciples Plucking Ears of Corn on the Sabbath (Mark 2:23-28).

1. The charge made against the disciples (vv. 23, 24).

Perhaps they were on their way to the synagogue to worship when they plucked the ears of corn. For this act the pharisees accused them of lawlessness.

2. Jesus defends them against the charge (vv. 25-28).

(1) He cites a precedent (vv. 25, 26).
He showed them that the very law which they charged the disciples with breaking recorded the fact that David the great king of Israel had gone into the house of God and eaten the bread which should be eaten only by the priests.

(2) He shows the nature of a Sabbath law (v. 27).

The Sabbath was made for man, therefore its right use is to be determined by the good of man. The laws of honesty, truth, purity and love differ from the law of the Sabbath and there is no circumstance or condition under which they may be departed from.

(3) Jesus is the Lord of the Sabbath (v. 28).

It was He who instituted it when creation was finished, therefore He had a right to use it as He pleased Him for man's good.

III. Jesus Healing a Man's Withered Hand on the Sabbath (3:1-6).

1. The place—the synagogue (v. 1).
Jesus' example shows what He did on the Sabbath. He went to the place of worship. The presence of the man with a withered hand gave Jesus an opportunity to administer a rebuke to the pharisees.

2. The pharisees watching (v. 2).
They knew that Jesus would be interested in this helpless man. They surmised that some work would have to be performed to heal him.

3. The man made an example (v. 3).
Jesus wanted the case to be open to all, so He commended the man to stand forth where all could see him.

4. The question asked (v. 4).
"Is it lawful to do good on the Sabbath day, or to do evil, to save life, or to kill?" He made the issue clear; He plainly showed them that to fail to do good, to show works of mercy, to save life, is to be guilty of wrong doing, even of murder.

5. The man healed (v. 5).
Christ healed him by speaking the Word, so they could not accuse Him.

6. The result (vv. 4, 6).
The pharisees were silenced. There was no ground upon which to accuse Him. But since their hearts were bent upon His destruction they sought how they might put Him to death.

Effect of One Sin
Where one sin has entered, regions will force their way through the same breach.—Rogers.

Obedience
Obedience means marching right on whether we feel like it or not.—D.L. Moody.

Christian Religion
The Christian religion is not taught; it is caught from some one who has it.—Faye.

**Hills Bros
give the West
the constant luxury
of coffee with
a matchless
flavor**

Roasting coffee a few pounds at a time creates this rare flavor

THE stranger in the West drinks Hills Bros. Coffee with amazement. "What gives this coffee such wonderful flavor?" And the answer is—"Controlled Roasting, Hills Bros." patented, continuous process that roasts a few pounds at a time instead of in bulk.

No other coffee can taste like Hills Bros. No other coffee brings such complete enjoyment to so many coffee lovers. Its rare flavor and appetizing aroma never vary. What's more, the vacuum pack for coffee, originated

by Hills Bros., seals in all this goodness. Ask for Hills Bros. Coffee by name and look for the Arab on the can. Send the coupon for a free copy of "The Art of Entertaining."

WHAT TO SERVE WITH PORK
With Roast Pork—Potatoes, browned, rice, mashed; cabbage, tomatoes, spinach, turnips, squash, parsnips, apple sauce.
With Pork Chops—Potatoes, baked, mashed, scalloped; brussels sprouts, onions, celery, tomatoes, turnips, corn, fried apples.
With Salt Pork—Potatoes, boiled, rice, mashed; baked beans, split peas, turnips, rutabagas, string beans, spinach, cabbage.
With Baked Ham—Potatoes, mashed, au gratin, scalloped; macaroni, spaghetti, corn, string beans, spinach, beet greens, brussels sprouts, cauliflower, cabbage.
With Boiled Ham—Potatoes creamed, scalloped, mashed, boiled, salad; spinach, beet greens, brussels sprouts, cabbage.
Sausage—Potatoes, baked, mashed, creamed, macaroni, spaghetti, string beans, peppers, creamed cabbage, baked apples.

LOOKING FORWARD
A new year has dawned, leaving 1927 an episode in American history. It was a great year and great things were done. And looking forward to the end of 1928 we cannot do otherwise than believe that there is a twelve-month more coming of prosperity and development and national growth.

With the period of experiments over, always necessary in a young country, each year brings the United States greater stability, prestige and world recognition. Every year witnesses great new projects executed. Our government is safe and practical. Radicalism of an earlier period is giving place to sensible conservatism that understands the needs of both capital and labor in their close relationship.

We still have our problems and conflicts of opinion; but it is obvious that national understanding and intelligence is deciding important issues. We have every reason for looking forward eagerly to the coming months of 1928.

EXPRESSION OF THANKS
We wish to express to our friends and neighbors our sincere appreciation for the many kind deeds rendered us, and the beautiful words of sympathy extended us during our loved one's illness and death. We especially thank everyone who sent flowers. May God's richest blessings be with you each and everyone is our prayer.

Mrs. Geo. C. Carter and children,
Mr. and Mrs. Don C. Carter,
Mr. and Mrs. A. E. Dennis,
Mrs. Annie Lewis.

Elmo Wasson returned last Friday afternoon from a visit in Dallas and Corpus Christi.

FARMERS ADVISED TO RAISE COLTS

Farmers will either have to use more tractors five years from now or else start raising more colts, and the wise farmer is the one who will make the decision now, according to H. C. M. Case, in charge of the farm organization and management department at the University of Illinois. Undoubtedly, the time is fast approaching when there will be a shortage of horses, and the price of work stock is bound to rise in the face of these conditions, he said.

Figures collected by the college from 125 farms in DuPage, Knox, Stephenson, Whiteside and Winnebago counties show that the colts now being raised on these farms will replace only about one-fourth of the horses that may be expected to be lost annually. That this situation is not a local one but that it exists throughout the country is shown by data collected by the federal department of Agriculture through its 20,000 crop reporters, who for the most part are farmers scattered over the whole country. According to this information, there are only about half as many horses under three years old on farms of the country as will be needed to maintain the present number of horses.

Naturally, a shortage of horses has not been felt in recent years because tractors have been introduced to replace part of the horses. Consequently, even if no colts were raised and horses were not shipped in from the outside for a few years, the shortage would not be noticeable. However, this condition cannot exist indefinitely and the time undoubtedly is fast approaching when the shortage will be upon us.

While the present price of horses will scarcely pay the cost of production, this condition is certain to change. Colts should be looked upon as a kind of by-product on corn-belt farms. A colt can be raised while its mother helps care for the peak load of labor in the spring, while it can be fed largely on roughage feeds which are not well utilized on many farms.

Snakeroot Is Poisonous and Will Kill Cattle

White snakeroot is a poisonous plant that is causing some loss to cattle owners in Iowa, according to reports coming in to Iowa State college. A number of calves died in a pasture near Ames as a result of eating white snakeroot.

Flowers of white snakeroot are white, about one-fourth to one-third of an inch in diameter, and are produced in clusters. The plants grow from two to three feet tall. The leaves are two or three inches long and are ovate in shape. White snakeroot is related to boneset, a plant the pioneers used in making a tea for medicinal purposes. It is very common in wooded pastures and is found in almost every part of the state. If there is fear of the plant being present, cattle should be kept out of wooded pastures.

Cattle have consumed the plant this year partly because of the dry weather and resultant short pastures, according to Dr. L. H. Farnley, head of the botany department, Iowa State college. Cattle are said to show trembles when poisoned by white snakeroot, and the milk from the cows eating this weed is considered injurious to man.

When Young Lambs Start to Eat Provide a Creep

At about three weeks of age the young lambs will start to eat grain and at this time should be provided with a creep, to which the ewes do not have access, where they may be fed grain consisting of oats, bran and a small proportion of crushed corn and also a good quality of second cutting of clover or alfalfa hay. Any feed remaining in the trough should be fed to the ewes twice daily and the lambs given a fresh supply. Young nursing animals make much more efficient use of their feed than do older animals, hence the importance of rather liberal feeding where it is desirable to market the lambs young.

.....
Live Stock Items
.....
A horse's stomach has a capacity of only 19 pints.
.....
A horse kept shut up away from the sunshine is apt to get nervous.
.....
The United States Department of Agriculture has estimated that about 45,000,000 baby pigs will be raised during the current year in the corn belt, compared with 47,500,000 last year.
.....
"Spare the feed and save the pigs" is a good rule to follow the first two weeks.
.....
The importance of using a pure-bred ram of superior individuality and good shearing qualities cannot be too strongly emphasized.
.....
Even with silage and protein supplement, the steer relishes some form of dry roughage. The cheaper kinds, such as oat straw, bean straw, corn stover or mixed hay, give very good results in that case.

KNOTT NEWS

The Knott school has been making great progress and the high school club is doing many things for the benefit of the school. The club is now planning on giving a pie supper and free program on Friday night, Feb. 3, for the purpose of buying future athletic equipment. Each and everyone will be heartily welcomed.

On Monday evening two basketball games were played between the Knott girls and boys and the Ackerly girls and boys. The girls played first, the scores being twenty to six in favor of Knott. The boys scored twenty one to seventeen in favor of Ackerly. The games were enjoyed by all spectators as well as the players, as they were very fair and clean games. The opponents showed themselves to be very good sports.

Rev. Roy Motley preached a very fine sermon last Sunday morning at the Knott tabernacle. Rev. Harvey of the Church of Christ also delivered a fine message in the evening.

A singing at the home of Leo Castle was enjoyed by everyone present last Sunday night.

Knott Reporter.

Onion sets. The White House.

JUDGE FRITZ R. SMITH ASKS RE-ELECTION

We are authorized to announce Fritz R. Smith of Snyder as a candidate for re-election to the office of judge of the 32nd judicial district. He announces subject to the action of the Democratic primary, July 28, 1928.

Judge Smith has held this office about one year, having been appointed by Governor Moody to fill out the unexpired term of Judge W. P. Leslie now a member of the Court of Civil Appeals. He has made a mighty good record as district judge and has won many friends.

Fritz R. Smith is fifty one years of age and is a life long democrat. He has served as County Judge in Scurry County, and has served as Mayor of Snyder, Texas, and many of the civic improvements now enjoyed by the citizens of Snyder, Texas, were initiated and completed during his administration as mayor. He has also served as a member of the 25th Legislature, and also served as Chairman of the Board of Pardons under Governor W. P. Hobby.

He is a conscientious and able judge, desirous of dealing fairly and impartially with his fellowman and the citizens of the district will make no mistake by continuing him in this important position.

The voters of Howard and adjoining counties are requested to carefully consider the claims and qualifications of Judge Smith when preparing their ballot in the July primary.

Little if any improvement is noted in the condition of H. H. Padgett of Coahoma, who suffered a stroke of paralysis one month ago. He is able to move his limbs a little but is not able to speak.

The Magnolia Petroleum Co. has five 55,000-barrel tanks on their farm southeast of Coahoma, and the number is to be increased to sixteen, so it is said.

Harvey L. Rix and Ralph Rix of the Rix Furniture Co. are in Dallas this week attending the State Hardware Dealers Convention.

Ed Brindley of Fort Worth was here Monday to attend the funeral services of J. W. Ward.

Ellis Denton of Abilene was here Monday to attend the funeral services of J. W. Ward.

We want your chickens, turkeys and other produce. The White House.

Harry Hurt left Tuesday night for a visit with his wife and baby in Abilene.

Miss Cora Martin who has been working in Lamesa for the Rix Furniture Co., has accepted a position in the office of the Rix store at Big Spring.

Johnston's candy. Cunnigham & Phillips.

Dr. L. H. Farnley of Big Spring attended church here Sunday morning and spent the day with Mrs. H. W. Hawkins.
