Hampton Re-Elected To Second Term

Voting Is Light In Election

Dr. Raymond M. Hampton was re-elected to a second three-year term on the Pampa Independent District school board in yesterday's election.

Hampton won over Herschel V. Wilks, general manager of Celanese Corp., in one of the tightest votes recorded in recent years.

The vote was Hampton 249 Wilks 202

There were four written votes for Elmer Wilson, a former board member who lost a bid for reelection last year.

Actually, only 799 votes were cast yesterday. Fifty-six of the 855 total had been cast as absentee ballots. Two ballots cast yesterday were thrown out as misfilled.

The small vote in yesterday's election contrasted sharply with the nearly 2,000 ballots cast in last year's school board election when the vote total was for three candidates with two to be elected.

Hampton will be sworn in Thursday at the regular monthly meeting of the school board in Pampa Junior High School.

Other members of the board are R. D. Wilkerson, Floyd Watson and H. Creel Grady Jr.

In next year's school election the terms of Wilkerson and Grady expire.

Plans Still Vague In South Korean Power Struggle

SEOUL (UPI) — Informal sessions Saturday said strongman Gen. Park Chung Hee has decided to ask his cabinet for a referendum on the extension of military rule to a five-year term.

A spokesman for the ruling junta, however, called the report groundless. He said Park had not reached a final decision in the present struggle between the military and civilian politicians.

Observers said that even if Park was ready to compromise, he still must sell the idea of giving up power to the so-called "nobles" of the junta—officers who favor continued military rule.

They also said plenty of delicate negotiations still lie ahead before details of the reported compromise could be worked out—of the "biggest" don't wreck it before it takes shape.

The sources said that Park, under strong pressure from the United States, had decided to work out a compromise which would save face on both sides.

According to the sources, the compromise basically would provide for postponement rather than cancellation of the referendum plan announced suddenly by Park last March 16 in a speech popular approval for his decision to extend military rule for two to four years. Scarcely two weeks earlier, Park had pledged to bow out of politics forever after the general elections scheduled this spring.

Although the United States had urged the quickest possible restoration of civilian government, it has not demanded that Park stick by his original timetable for transfer of power on Aug. 5.

The U. S. had called on Park to hold a "national assembly" as a condition of a "national acceptable" solution.

The sources said the reported compromise would delay the elections for a presidential and national assembly until October 10, a date not far off from the date of power until Dec. 26. The day after Christmas is the deadline for the transfer of power to the framework of the new constitution.

Rains Hit Crops At Exactly Right Time, Experts Say

By United Press International

Multi-million dollar general rains that pulled Texas farmers back from the edge of a crop disaster were directed out of the state Saturday.

The consensus among county, farmers and ranchers was that the rains could not have come at a better time, but more rain is urgently needed.

When the rains came, Texas was well on its way toward a drought in the type that ended in 1957. The rain was the best of any season that northern Panhandle sections had received since August.

Each Central Texas county has as much rain as it had already received to bring it up to the level for normal. But what will suffice for the month.

U.S., Britain Sign Agreement For Sale Of Polaris Missiles

MOOSE DEGREE TROPHIES — Shown above are the trophies which were presented yesterday afternoon at the fourth annual Spring Conference of the Texas State Moose Association. Examining the coveted awards, from left to right, are Ed Bokkbi, Ritual Chairman of Amarillo; Ray Landy, State President of Fort Worth; Jim Shelton, Deputy Supreme Governor of San Antonio; Tom Beard, newly elected Governor of the Pampa Lodge and H. T. Murphy, Regional Director of Amarillo.

Ritual Winners Given Trophies At Moose Meet

Ritual winners at the Spring Conference of the Texas State Moose Association were announced yesterday at a luncheon following Competition at Pooles Steal House.

The Ritual staff winners were the Baytown Lodge. In the individual contests, Olin Bryant of Fort Worth won the Past - Governors award, and Les Waagner of Abilene won the Governor contest.

The winner in the Junior Governor division was Winston Slapp of Baytown.

Winner of the Prelate was Ed Meredith of Amarillo. Orlan was Dorsey Betts of Fort Worth and Sergeant at Arms was G. W. Smith of Fort Worth.

Judges for the event were Harry Perry of Midland, past state president, George Hensley, Governor of the El Paso Lodge and H. C. Baker, past Governor of the Corpus Christi Lodge.

The convention will adjourn at 10 p.m. Friday at the closing session of the Spring Conference to be held at the Moose Home with state President Roy Landy presiding.

The convention officially began Friday at 12 noon. Most of the day was spent registering guests. At 8 p.m. Friday there was an enrollment ceremony at the Moose Home with Landy as guest speaker.

Officials To Be Sworn In At Meeting

Swearing in of a new mayor and four commissioners elected in last Tuesday's city election will feature Tuesday's night regular meeting of the city commission.

Three of the five new commission members will take office for the first time. They are Mayor-elect H. R. Thompson and Commissioners - elect Mac Field, M. Daniel and Jim Norton.

Commissioners Leon Holmes and L. P. Fort, who were re-elected, also will be sworn in for their new term of office.

Tuesday's meeting will be the final one for Mayor E. C. Sidwell and Commissioner Lloyd Simpson. Commissioner Will Graham, out of the city on business, attended his last meeting two weeks ago. None of the three sought reelection.

Red's Lunik IV On Its Way Back Home

MOSCOW (UPI) — The Soviet Union said Saturday its Lunik IV rocket missed the moon by 5,200 miles, swinging around in a sweeping curve and was on its way back to orbit the earth.

It said the probe "crossed the horizon of the moon" but did not explain if the rocket passed behind the moon.

The Bochum Satellite and Space Research Institute in West Germany which tracked the rocket throughout its flight said Lunik IV "must be assumed not to have achieved any aim in its earth orbit."

Much Mystery Mystery surrounded the fourth Soviet mission from the basin Only by Pampa Warehouse & Transfer, MO 44221. Adv.

Contract To Be Given To Parliament Next Week

WASHINGTON (UPI) — Secretary of State Dean Rusk and British Ambassador Sir David Omsley Gore Saturday signed the formal agreement under which the United States will sell Polaris missiles to Britain for use on submarines in the United Kingdom plants to build.

This was disclosed by diplomatic sources who said agreement on sale of the missiles, minus nuclear warheads, will be presented to the British parliament early next week.

The agreement covers the sale not only of the missile but of control systems and other components necessary to make them an effective military operation.

Price Specified The agreement specifies the price to be paid by Britain for the missile, as well as the other components of the systems and any technical assistance needed in arranging for their use on British-built submarines.

Signing of the agreement carried forward the long-range plan agreed upon by President Kennedy and British Prime Minister Harold Macmillan at their meeting in the Bahamas last December.

In the so-called Nassau pact the United States agreed to sell British Polaris weapons, minus nuclear warheads, to be used on submarines which the United Kingdom will build from plans furnished by the United States.

Britain will supply her own nuclear warheads. The agreement promised to put the Polaris force thus created under the command of NATO. It cannot be withdrawn for use on a purely national basis unless the "supreme interest" of Britain is involved.

President Kennedy offered French President Charles de Gaulle a "similar" deal in the time Britain and the United States made the Nassau compact. The French leader scornfully rejected it, declaring he was going to create his own nuclear force outside NATO and without dependence on the United States.

The French leader's scornful rejection of the deal was a precedent on the United States as a precedent and France felt that it must have its own.

Cadets Injured, One Dies In Crash

WILMINGTON, N. C. (UPI) — A B-47 bomber crashed from Edwards Air Force Base today, killing one cadet and injuring eight others.

The accident occurred on Saturday at 10:15 a.m. The B-47, an aircraft of the 44th Bombardment Wing, was on a training mission when it crashed.

The aircraft was on a training mission when it crashed. The aircraft was on a training mission when it crashed.

Heavy Fighting Reported On Laos' Plain Of Jars

VIENTIANE, Laos (UPI) — Heavy fighting raged in the Plain of Jars Saturday between Communist Pathet Lao troops and Lonist neutralist soldiers despite efforts by Premier Prince Souvanna Phouma to arrange a cease-fire, informed sources reported.

The U. S. Embassy unavailably released the English translation of a statement by paratrooper Gen. Kong Le, commander of Souvanna's neutralist army, indicating he had broken with the Communist Pathet Lao with whom he fought side by side during the civil war.

Kong Le charged that enemies of Laos are trying to make the kingdom "a new kind of colony of international communism." It was an obvious reference to the Pathet Lao.

The United States struck back Saturday at what it called the "specious... and vicious" allegations by Pathet Lao leader Prince Souphannouvong that America was responsible for the murder of Foreign Minister Phouma.

Souvanna disclosed to a news conference early this week that 30 soldiers had been killed in recent clashes in the Plain of Jars but appealed to newsmen not to "dramatize" the accident because he said the fighting had stopped.

But informed sources said weekly surrendered. He was captured about 22 miles northwest of Naongduong.

Deputy Sheriff Terry Weems said more bloodhounds were brought up from the Texas state penitentiary at Huntsville and used to track Whittaker down.

The dogs flushed Whittaker from his hiding place in thick underbrush, Weems said. He said Whittaker raced out of the brush, spotted the tank clanking down upon him, then meekly surrendered.

Some 45 state and local police were following the dogs and tank. Whittaker was rushed to the county jail at Naongduong where he was held, pending return to the mental hospital at Rusk.

He got his freedom by bargaining his brother's home in the small town of Ellett. Whittaker had been consigned to the hospital for setting his brother's home on fire.

Weems said the National Guard tank was called out as a safety precaution after Whittaker killed the bloodhounds and shot the house out from under deputy Ray Smithhart.

An investigation was started to determine the cause of the accident and who was driving the tank. If it comes from a hardware store we have it. Lewis Hilde. Adv. cat.

Area Voting Results

Here are the results of yesterday's school board elections in other towns in the Pampa area.

LETORS — Grady McCool, 85, and W. H. Probst, 71, Registered. Francis Cox received 5 votes.

MCLEAN — Leslie Leavy and Sam Haynes re-elected in no-contest balloting.

MILAM — Incumbent J. W. Thompson and W. C. Collier in no-contest, 31 votes each.

WHITE, DEER SHELLEY TOWN — Virgil Moore 314, W. J. Urban 229 (elected). Paul T. Buchanan received 81 votes, and Don Vance and Don Davis each received one vote in 287-vote contest.

PERRYTON — Kenneth Rolley, manager of Radio Station KEVY here, and Johnny Daniels, were elected from seven candidates at yesterday's school election. The vote was 469 Daniels, 329 Rolley, Gordon Shackelford, 225, Walter Holmes, 184, Jack Worley, 130. (See AREA, Page 3)

Escapee Surrenders To National Guard Tank

NAONGDUONG, Tex. (UPI) — Bloodhounds and a National Guard tank Saturday flushed out a criminal who had been on the loose in the East Texas pine woods up his live rifles and shotgun.

The man, Ellis Whittaker, 49, broke out of the state hospital for the criminally insane at Rusk, Tex., a week ago.

He shot five bloodhounds and killed a horse a deputy sheriff was riding when they tracked him down this morning.

But when Whittaker saw the tank clanking toward him, he meekly surrendered.

\$100,000 Fire Rages In Borger

BORGER (UPI) — A \$100,000 fire raged through a shopping district Saturday, heavily damaging live adjoining offices.

The blaze was blamed on a small fire that started in a hardware store. The fire exploded dozens of cans of women's hair spray. The exploding spray spread throughout the store.

Rain Valued In Hundreds Of Thousands Of Dollars

The Texas Panhandle got a good soaking rain Friday and its value was placed in the hundreds of thousands of dollars for range lands and wheat fields.

Holy Week Services To Be Held April 8-12

Holy Week services will be held at the Harrah Methodist Church April 8-12 at 7:30 p.m., with different ministers speaking at each service.

Monday, Rev. M. B. Smith of Pampa will speak, and on Tuesday Rev. C. N. Snow of Pampa will conduct the services. Wednesday, Rev. C. C. Camille will officiate and Rev. C. K. Conover of Groom will speak Thursday. Ending the services on Friday will be Rev. D. G. Reed of Mobeetie. Special music will be performed at each service.

Red Rocket

(Continued From Page 1)

ing, touching off speculation the Russians may have attempted a "soft" landing on the moon with some sort of robot equipment. Moscow never confirmed the reports.

Tass said the space probe passed within 5,270 miles of the moon and was now heading into a huge elliptical orbit of the earth. Where it will remain through 1963.

Eventually, it said, the sun's and the moon's gravitation pull will desert this orbit and pull Lunik IV from the earth's gravity field into orbit around the sun. During the earth orbit, Tass said, it will be a minimum of 4,270 miles from the earth and a maximum of 35,890.

This was the first Soviet moon shot since the Russians sent three probes hurtling toward the moon in 1959. One hit the moon head-on. Another circled the moon, took the first pictures of the other side of the lunar body and went into an earth orbit. A third probe passed within 4,247 miles of the moon.

Lovell said last night he had picked up signals from the Lunik IV and that the signals seemed to disappear. He said some complicated maneuvers appeared to have been carried out.

"Whatever Lunik IV has done," he said, "I think the original intention was to land something on the lunar surface."

Valuable Information
As for the Tass comment that valuable information had been collected Lovell said "I am sure they are right and have got valuable information."

Tass said the experimental material would be of "great importance for the solution of a number of technical problems connected with the conquest of the moon." It said this data would be processed and studied at cosmic space research centers.

As in past Soviet space feats, more details are expected in a few days when scientists have had a chance to evaluate the data. It said telemetric information would be received from the probe for several more days.

Tass quoted a scientist identified only as the "theoretician of cosmonautics" as saying the space probe would fulfill its scientific program.

There were rumors Soviet scientists would release television films of what Lunik IV saw on the moon but there was no confirmation. Two Italian scientists said they monitored TV pictures from the probe.

The rain was general over the Panhandle area with Pampa receiving around .32 of an inch. That's the most rain that has fallen here in an 18-hour period this year.

There has been a big loss from the drought and cold weather, but the growing wheat was given a new lease on life by the week end rainfall.

Amarillo had .15-inch. Other rainfall amounts included .05 at Clarendon, .11 at Phillips, .18 at Memphis, .02 at Dalhart, .25 at Wellington, .30 at Wheeler, .20 at Miami, .17 at Canadian, .13 at Perryton, and .32 at White Deer.

Khrushchev's Policies Are Up For Review At Meeting

MOSCOW (UPI) — Premier Nikita S. Khrushchev's policies, both within and outside the Communist bloc, are expected to be reviewed at a Soviet Communist Party Central Committee meeting, well-informed sources said Saturday.

The meeting is generally expected to take place sometime before the end of next month. But no firm date has yet become known.

According to informed reports the Central Committee most probably will be convened to discuss ways and means of improving and boosting production in the Soviet chemical industry.

But when the 330-man body meets, it usually provides a forum for closed-door discussion of a wide range of current internal and international problems.

Observers in Moscow believed it likely that the Sino-Soviet conflict, current relations with the United States, the Berlin problem and such internal questions as the destalinization campaign and the controversy over party control of the arts could figure on the agenda.

Despite a renewed flurry of speculation abroad that Khrushchev may be losing his grip on the nation's leadership, there was no firm indication here that his position was in danger.

Currently Khrushchev is still believed to be enjoying a working vacation on the Black Sea. Admittedly he faces a number

Cadets

(Continued From Page 1)

Rochester of Rutherford, N. J., who was driving a car that was following the bus, said he saw the front end of the bus "jump up into the air" as it crossed a small bridge over a creek.

The bus, he said, began veering to the left as if it were going to pass another vehicle. But he said it kept on going until it crashed off the highway.

Witnesses in a bus that preceded the wrecked vehicle said they looked back to see the driver struggling with the wheel in an apparent effort to keep the bus on the highway.

The leading bus carried members of the EMI band and other members of the cadet battalion.

There was no immediate explanation from the Highway Patrol, which investigated the wreck, but Lt. Col. Robert Wright, commandant of cadets at EMI, said it was "apparently" mechanical failure.

Officials

(Continued From Page 1)

come after the current commission winds up its business and canvasses the election returns.

One item on the agenda before the new commission is sworn in will be final reading of an ordinance amending Pampa's current water rate ordinance to give residential consumers a cheaper summer rate for watering lawns and gardens. The ordinance already has been passed on two readings.

Another ordinance increasing Pampa's water rates to meet the city's Canadian River Municipal Water Authority financial obligations still is pending after being passed on two readings and then hitting a stumbling block that has prevented it from coming to a third and final reading.

Other business on the Tuesday night agenda will include approval of payment of fees for April 2 election officials and approval of city bills for March.

Memphis Wins Act Play Contest District 2-A One

CANADIAN (Sp) — Memphis high school won the District 2-A One Act Play Contest here recently with a dramatic presentation of "The Heritage of Wimpole Street."

The Canadian high school entry, a Civil War drama, "The Clod," was picked for second place honors.

Wellington High School's production of "Good-bye to the Clown" won third place, and Clarendon high school's production of the same play placed fourth.

Dr. W. A. Moore of the West Texas State College drama department was the critic judge for the contest, which was held at the Canadian high school auditorium.

Best Actor and Best Actress were both chosen from the Memphis high school cast, Ronald Pate won honors as the best actor, and Marilyn Driver as the best actress.

Chosen on the all-star cast were two members of the Canadian high school cast, Annette Arnold and Carl Rutledge, along with Noel Clifton Jr. of Memphis and Gayla Courtney of Wellington high school.

Attending the class were Misses Edward Parsons, Mr. and Mrs. Eugene Palmer, Mr. and Mrs. Don Logan.

Registration for the next class is now open. Reservations may be made by calling MO 4-7121.

Former Olympic Skier Slain In Reno Apartment

RENO, Nev. (UPI) — Shocked Reno police made a painstaking search of a bloodstained apartment tonight in search of clues to the person who shot and butchered a former British Olympic skier.

Victim of the slaying was 24-year-old Sonja McCaskie, a native of Elgin, Scotland, and a member of two Her dismembered body was found late Friday night in her once pleasant apartment, which contained her many skiing cups and trophies.

Police Chief Elmer Briscoe described it as "the most brutal murder I've ever investigated." Veteran police officers gaged at the sight as they entered the apartment.

The nude body of Miss McCaskie was found in a cedar chest in the bedroom, three kitchen knives stuck in the torso. Beneath the body was her head, wrapped in white undergarments and a lace table cloth.

The victim's heart was found on the floor near the unlocked front door. One foot was rolled up in a blanket in the middle of the living room.

Chief Briscoe said he believes Miss McCaskie had been tortured before she was killed. But there appeared to be little sign of a struggle. Neighbors told officers they heard no screams or any disturbance.

Police said Miss McCaskie was last seen late Thursday. A baby-sitter who was caring for her year-old son became worried because she failed to come for the child, touching off the search.

Miss McCaskie worked as a secretary at a meat company in Sparks, just east of Reno. Her employer said she did not report for work Friday and her home telephone did not answer.

Briscoe said Miss McCaskie had been once married to a Jeff Schmidt, who is believed to have custody of the older of her two children. He was being sought.

Last month, Miss McCaskie filed a paternity suit against University of Nevada Professor David C. Conrad, naming him as the father of her one-year-old son, Kim. Conrad was questioned early Saturday and released.

Obituaries

Funeral services for Jim T. Case of Lipscomb will be held at 3:30 p.m. Monday in the Lipscomb Community Church with the Rev. Derrell Brumglow, pastor, officiating.

Mr. Case, a retired farmer, died at 1:30 a.m. Saturday in the Sanford Hospital in Perryton, where he had been a patient since March. Born Feb. 22, 1882 in Olathe, Kan., Mr. Case moved to Lipscomb County in 1916 from Endrick, Okla.

Survivors are two brothers, Ivon of Higgins, Win of Endrick; two sisters, Mrs. Cecil Menech of Endrick and Mrs. Price Rothburn of California.

Palbearers will be Emerson Martin, Robert Rogers, Dave Appel, Charles Fox, Lincoln Booth and Raymond Weiss.

Interment will be in the Lipscomb Cemetery under the direction of Duerkel-Carmichael Funeral Home.

Burglar Takes Golden Slippers From Pampa

A burglar crawled through a bedroom window at the home of J. C. Branscum, 1667 Danean, Friday night and stole a pair of golden slippers.

Branscum reported to police the thief gained entrance by ripping a hole in the screen on the window. In addition to taking a pair of gold-plate shoes, Branscum told police, the burglars tracked mud all over the house.

L. J. Westbrook, 827 Murphy, notified police Friday night that he had been out of town since last July and when he returned Friday he found that someone had broken into the storage area of a carport at his home.

He said stolen articles, valued at \$185, included 350 feet of garden hose, 12 water sprinklers and a 7-inch power saw.

Cubans

(Continued From Page 1)

a group of huts where he found the first of the Cubans and then rounded up the others who were armed with four pistols, four Sten carbines, five rifles and one carbine.

"I had a few icy moments," he said. "But finally I enjoyed a meal of rice, onions, tomatoes and spam that the men prepared."

Pine-Coffin said the men were very depressed because they were finding it increasingly difficult to carry out raids on Cuba and once landed there, they found they were unable to find food.

PUTTING THE HEAT ON SNOW—Soft, white, fluffy snow is a lot of fun—to kids. To community officials, however, it's just a big headache, especially when it comes in the quantities that have plagued most areas of the U.S. this winter. Cities are striking back. In New York, for instance, where the snow removal bill has gone as high as \$7 million in one season, the sanitation department is turning to oil-fired, self-propelled snow melters to dispose of the white stuff. Top photo shows snow being gobbled up and discharged into a melter. Overhead view of two melters, bottom, shows what happens to the snow. Turned to water, it is simply flushed into storm sewers.

Amarillo Attorneys Suspended For Year

MARILLO (Sp) — The State of Texas suspended Amarillo attorneys Wayne Bagley and old D. Sanderson from practicing law for one year.

The Bar announced that the lawyers consented to the suspension judgments issued by its grievance committee for the 18th Congressional District.

Lighter Has Heavy Price

NEW YORK (UPI) — Another man for that "man who has everything" has been brought to New York by Japanese inventor Teisho.

What may well be the world's most expensive cigarette lighter, a karat gold and priced at \$500, was vice president of Ichikawa Sangyo Co. Ltd., of Tokyo.

The judgments, which also were filed with the Supreme Court of Texas, have the same effect as court judgments.

The action resulted from hearings on charges of conflicting interests in their representation of a client who was later found legally incompetent, according to Harvey Payne.

Woman Regains Sight After 26 Years' Blindness

HOUSTON (UPI) — Mrs. H. G. Escutia went blind when she was 26 years old.

But she leaves for Laredo, Tex., next week with the ability to see. The 52-year-old woman had a recent corneal transplant and an operation to remove a cataract performed by a Houston ophthalmologist.

Her son was three the last time she saw him. He is 29 now and doing graduate work in Michigan. She wants to see him again and her grandchildren.

Mrs. Escutia came to Houston with her husband for the operation and found her left eye was beyond saving. Her sight is still blurry out of the right eye. Doctors said it should improve within the next six months to a year.

First Stages Of SEC Report Being Taken In Stride

NEW YORK (UPI) — The nation's financial capital is taking the first phase of the Securities and Exchange Commission report on the securities industry in stride.

But guarded statements from prominent financial officials agree that days—perhaps weeks—of intensive study will be required before the 1,600-page document, representing the most comprehensive study of the securities industry since the early 1930s, can be evaluated.

Many consider the partial report to be somewhat of a cliff-hanger, since the initial phase concentrated heavily on only one aspect of the industry—the vast over-the-counter market for some 50,000 unlisted stocks and bonds.

It is believed that the eight remaining chapters of the 13-chapter report, due before June 1, will deal with more controversial subjects such as margin and collateral requirements for stock market credit, the mutual fund industry, operations of the organized exchanges and the pattern of their self-policing policies.

Against this background, however, the stock market moved up sharply Wednesday to a new 1963 peak.

Essentially, the SEC asked Congress to enact legislation to protect the public from some "grave abuses" it found in the public sale and listing of securities.

It asked Congress to extend to over-the-counter companies with more than 300 stockholders the same rules of financial disclosure, proxy material, and insider trading that apply to listed stocks.

Poppy Fields Are Burned In Mexico

MEXICO CITY (UPI) — Police helicopter squads equipped with flame-throwers have burned out poppy fields in Sonora and Zacatecas states which could have produced millions of dollars worth of opium.

A police statement said 135 acres of poppies in the two states have been destroyed in the past two weeks.

Top fall wear will be button and zipper cardigan sweaters. Also, alpacas and bulkiest will share the spotlight along with the suede trimmed sweater (with elbow patches) for a casual, country look.

TO PRESENT CANTATA — Miss Rosemary Lawlor (right), musical director, and Mrs. John Gill, organist, take a final run-through of the score before the presentation of "My Heart Is Glad," an Easter cantata by David Williams Thornton. The work will be performed in the sanctuary of the First Christian Church today at 4 p.m., by the chancel choir, combined with singers from all over Pampa. A reception for the choir and those attending the concert is to be held in the Fellowship Hall immediately following the performance. (Daily News Photo)

Two-House Families Expected In 2,000

WASHINGTON (UPI) — A group of researchers trying to determine what life will be like in the year 2000 predict an increase in the number of families with two houses.

The report that the trend in this direction is one of the important factors that will spur the building of homes beyond the actual number of households at that time.

The study was done by a foundation known as Resources for the Future Inc. (RFF). RFF economists expect the number of U.S. households to increase from 53 million to 99 million by the end of the century.

The nation's population will grow about 80 per cent during those years, according to the study.

It said the growing number of households can be handled by the present rate of housing construction which crests around 1.2 million a year.

But the study said at least another five-million units will be needed because of other pressures. One of these is the expected rise in the number of families with "extra home in the country or the townhouse in the city."

The study makes no attempt to estimate the forcefulness of this trend toward the two-house family, but it points out that it already is evident in the statistics.

The study reports that construction in the later years of this century also will be spurred by what it calls "replacement demand."

Spanish Class Competes In Canyon Contest

CANADIAN (Sp) — Representative students from the Canadian High School Spanish Department participated in a contest with students from Pampa, Amarillo, Dumas and Borger. The national contest was held Saturday in Canyon.

Canadian ranked average with the exception of Donald Gutierrez who placed second among competitors in the division for students with a Latin American background.

Other students from Canadian attending the contest were Phillip Rogers, Linda Utom, Wade Adams, and Linda Moon. They were accompanied by their sponsor, Mrs. A. S. Jackson.

Most Of Scope Underground

SUNSPOT, N.M. (UPI) — A telescope so large is to be constructed on Sacramento Peak near here that two-thirds of its 328 feet will be underground.

Contract for designing the giant telescope atop the 9,200 mountain has been awarded to the Charles W. Jones Engineering Co. of Los Angeles. Design concepts were by Dr. Richard Dunn, of the U. S. Air Force Cambridge Research Laboratories at Bedford, Mass.

Dr. Dunn's original design would result in the telescope having a total vertical length of 328 feet, of which 200 feet would be beneath ground level. When completed, the Sacramento Peak Observatory would be one of the most complete in the world for the study of solar phenomena.

Plans call for the completion of the new telescope before the next period of maximum sunspot activity, according to the U. S. Air Force's office of aerospace research. Following a normal 11-year cycle, sunspot activity, presently low, will begin to increase in 1955, and will reach maximum intensity by 1970.

More to NM Pts

LASER LOCATER—Firing a light beam instead of a projectile, rifle-like Colidar Mark II uses the new science of lasers to measure the precise distance of a target instantaneously. The portable Colidar (for Coherent Light Detection and Ranging) uses an "invisible tape measure" to pinpoint remote targets such as tanks. Engineer Rod Smith of Hughes Aircraft Co. prepares to fire laser—an intense beam of light—from long barrel. Telescope (short barrel) will receive the light reflected back from a target. A timing circuit will then measure the distance by computing the light beam's elapsed time for the round trip.

Shrine of St. Joseph, at Somerswoodpecker of southern Canada set, was the first Catholic church and the eastern United States, in Ohio, dedicated Dec. 6, 1818.

Cotton Producers Call Against Panic Sales In Mexico

MEXICO CITY (UPI) — A Latin American cotton producers organization has issued a call against "panic sales" of the fibre as a result of widespread alarm caused by the United States plan to sell seven million bales on the world market in August.

Announcement of the proposed cotton sale—classified by growers here as "dumping"—was made recently by the United States Agriculture Department, and has already brought announcements of acreage curtailments in this country.

The call on Latin American cotton firms "to abstain from making sales of fear" was made by the Inter-American Cotton Federation of which Mexican Agricultural Minister Julian Rodriguez Adame is president.

Trade sources said that cancellation of futures sales contracts are increasing since the March 29 announcement by the U. S. government agency.

Mexico is vitally interested in the world market since this country annually ships out about 75 per cent of its average yearly crop of around 2,100,000 bales, which constituted the country's leading export product.

Writing in the journal of the American Medical Association, Drs. George C. Morris Jr., Walter S. Henley and Michael E. Debakey, Baylor University College of Medicine, Houston, said they repaired a tear in the lining of an artery near the heart of a 32-year-old physician.

The doctors said the patient was restored to normal health.

New On The Shelves Of Lovett Memorial Library

New books now on the shelves at the Lovett Memorial Library include:

Fiction: "The Cape Cod Lighter" by John O'Hara; a collection of 23 new short-stories by one of the outstanding contemporary writers.

The Kings Person by Joanne Greenberg: one of the least known but most fascinating periods in English history has been written into a novel of the Jewish community of York in the 12th century.

Sleep in the Woods by Dorothy Eden: a novel of the early settlers who shaped the history of New Zealand.

Scoundrel's Brigade by Carter Vaughan: an American Revolution setting with all of the excitement and adventure of the period.

The Pasang Run by Elleston Trevor: a novel of the distant world of Malaya and an airstrip in the jungle.

Non-fiction: "The Future Is Up on Us" by Roy L. Smith: an excellent guide for people who want to understand their time and Christian obligation to this fast-changing world.

The Dry-Divide by Ralph Moody: the author of "Little Britches" writes another story of his boyhood, the old-time virtues and what can be accomplished.

Cardi in Fact by John Gardiner: a playful and serious volume of entertaining and serious poems.

United Europe by Walter Hallstein: an examination of the European Common Market based on the author's lectures delivered in 1962 at Tufts University.

The New Speechogram by C. Raymond Van Dusen: an easy-to-understand and use form that will help you give a well thought out speech.

The Golden Frontier by Doce Nunis: the recollections of Herman Francis Reinhart during the Gold Rush days.

H. M. S. Bounty by Alexander McKee: a true account of the famous mutiny in a fully-documented book.

Men of Space by Shirley Thomas: five volumes of profiles of the leaders in space research, development and exploration.

The Oldest Maiden Lady in New Mexico by Clay Fisher: a new collection of short stories by a writer who really knows his Western lore.

The California Trail by George R. Stewart: a story of the many heroes of the main covered-wagon trail to California.

The Memoirs of Anthony Eden: a candid account of the years 1923-1938 in which men built the catastrophe which followed.

Texas Landmark To Be Closed

MINERAL WELLS (UPI) — The 450-room Baker Hotel, a landmark in Mineral Wells, will close May 31.

The 12-story structure is being closed by owner Earl M. Baker. He said his business interests in South Texas do not allow him time to run the hotel property.

A special committee of the Mineral Wells Chamber of Commerce said it will continue to seek a new operator for the hotel property. The hotel-owned Holiday Hills Country Club and the Brazos Club also will shut down.

Appointment Is Announced

The appointment of James A. Ticer of Bartlesville, Okla., as production superintendent of the Cities Service-operated Lefors plant in the Texas Panhandle has been announced.

Ticer joined Cities Service in 1954 as a member of its college graduate training program, and was area production engineer in the Bartlesville office at the time of his promotion as production superintendent of the Colteco Corp. plant at Lefors. He is a chemical engineering graduate of Oklahoma State University.

Teacher Wins Battle Against Crippling Polio

HOUSTON (UPI) — Because of her own spunk and courage and some hands-across-the-sea help from Houston residents, a pretty New Zealand school teacher has won an 18½-year battle against the crippling effects of polio.

Jane Paris is recuperating at a private home after a rare and intricate operation that doctors believe will allow her to walk, sit down and otherwise lead a normal life.

The teachers' story came to light Thursday when New Zealand ambassador George R. Laking addressed the Houston Rotary Club. He thanked Houston Rotarians for their help in making it possible for Mrs. Paris to make the 7,000-mile trip to Texas for the operation.

Jane, the daughter of a Dunedin physiotherapist, was stricken with polio when she was 7. After that she walked only with the aid of crutches and braces.

Despite her handicap, she won a bachelor of arts degree at Otago University, Dunedin, and became an English teacher in a Dunedin girls' school.

Houston Rotarians took an interest when her husband, Stanley Paris, a past president of the Dunedin Rotary Club, wrote the club here.

Department Sales Are Up Over 1962

DALLAS (UPI) — Department store sales in the 11th District rose 3 per cent in the week ended March 30 over 1962's comparable figure, the The Federal Reserve Bank said today.

San Antonio had an increase of 11 per cent to record the biggest single boost. El Paso sales rose 6 per cent, Dallas had a 5 per cent rise and Houston showed the smallest increase of the large metropolitan areas with a 3 per cent increase.

SAN FRANCISCO — Officer Roger Hanes on a 12-year-old boy who with friends began spending \$2,000:

"It was quite a spree while it lasted. They were give-away artists."

Dear Ethel,
I was tired of waxing floors every week so I tried Seal-Glaze. It gives my floors a long lasting shine without weekly care. Why don't you try it? You can get Seal-Glaze at: PAMPA HARDWARE CO. 120 N. CUYLER, MO 4-2151

AIME Plans Meet Here Tuesday Night

The Society of Petroleum Engineers of AIME, Panhandle section, will hold a meeting at the Coronado Inn here Tuesday night. A social hour is planned for 7 p.m., with the dinner to follow at 7:30.

Art F. Cox, president of Amarillo Oil Co., and vice president and director of Pioneer Natural Gas Co., Amarillo, will speak on the subject of "Economics of Oil and Gas Exploration".

Cox attended Grinnell College in Grinnell, Iowa, and graduated in 1930 with a degree in Chemistry and Mathematics. During the summertime, while going to college, he worked for the Producer's and Refiner's Corp. in the Wyoming oil fields.

Upon completion of his education he went to work for that company at its Parco (now Sinclair) Wyoming refinery as assistant to the refinery engineer.

Early in 1933 Cox moved to Amarillo, as an engineer for the Amarillo Oil Company, which was at that time affiliated with a subsidiary of the Producer's & Refiner's Corporation.

He has held various engineering and administrative positions with the company and its predecessor corporations, and has been in charge of the production, exploration and natural gasoline activities of the company for the past 17 years.

During World War II he served with the U. S. Navy for 39 months and received his honorable discharge as a Lt. Commander, U. S. Navy.

ART F. COX
... Speaker Tuesday

Stockholders Slate Meeting In Houston

TULSA, Okla. (UPI) — Stockholders of Standard Oil Co. of New Jersey, the world's largest petroleum firm, will meet in Houston next month.

It should be a happy crowd. First, the stockholders know that they will hear the company report record high earnings of \$841 million for 1962. Jersey's total income for the year was \$10.5 billion.

Secondly, shareholders will get to see the 605-foot monument built in downtown Houston by Standard's main domestic affiliate, Humble Oil and Refining Co. The 45-story Humble building cost \$32 million and is the tallest building in the West.

Earnings up 11 Per Cent
In the annual report mailed to stockholders last Tuesday, Jersey announced 1962 earnings rose by 11 per cent from the previous year and were 4 per cent higher than the previous record year of 1956.

The 1962 earnings did not include \$75 million gained from the sale of Jersey's interest in the Ethyl Corp.

In 1939, Standard merged six of its domestic firms into Humble and gave the subsidiary the job of producing, refining, marketing and transporting its petroleum.

Humble, named after the East Texas town of Humble, was formed by seven independents soon after the famous Spindletop discovery. Standard bought half interest in the two-year-old firm in 1919 for \$17 million.

Profitable Operation
Since then, Humble has been a profitable part of the Jersey family.

Stockholders attending the Houston meeting probably will get a chance to inspect Humble's most recent venture, a real estate development near Galveston Bay where the national space agency has its astronaut headquarters.

Humble and the Del Webb Corp. have formed a company to build a \$200-million planned city near the space colony outside of Houston.

On the other side of the bay, at Baytown, Humble operates one of the world's largest refineries.

AWARD WINNER — H. R. Simmons, an operator gathering system in the Pampa Area of Phillips Petroleum Company's Exploration and Production Department, Panhandle District, was presented with a safe driving award for driving a company vehicle 200,000 miles without an accident. Simmons is a resident of Pampa.

Court Denies Petition For Uniformity

WICHITA, Kan. (UPI) — Kansas has lost its six year battle for uniform production of natural gas in the Hugoton field, a spokesman for the Kansas Corporation Commission (KCC) said today.

Charles C. McCarter, KCC counsel, was notified that the U. S. Supreme Court has denied the commission's petition for a rehearing of the crucial Northern Natural Gas Co. case.

The notification gave no elaboration of the ruling, McCarter said.

The high court held Feb. 18 that the KCC's ratable take order encroached on the powers of the Federal Power Commission to regulate gas in interstate commerce.

MATTERS of the MILITARY

Navy Ensign Anthony B. Oates, son of Mr. and Mrs. Steve T. Oates of 417 West St., is serving aboard the guided missile attack aircraft carrier USS Kitty Hawk, which visited Beppu and Iwakuni, Japan, in late February.

The Kitty Hawk is completing a month tour of the Far East, where she operated as a member of the Seventh Fleet. She is expected to return to her homeport, San Diego, Calif., early this spring.

Gerald W. Lilly, parachute rigger third class, USN, son of Mr. and Mrs. John W. Lilly of East Francis street, is serving with Carrier Airborne Early Warning Squadron 13 at the Naval Air Station, Alameda, Calif.

He recently received the "Good Conduct Medal" in recognition of his faithful, zealous and obedient naval service.

Lilly entered the Navy in July 1958.

Marine Private First Class William M. McDaniel, son of Mr. and Mrs. W. O. McDaniel of 1321 Garland St., was graduated, March 14, from Basic Electronics School at

the Marine Corps Recruit Depot, San Diego, Calif.

The 45-week school provides students with the basic principles of electricity and electronics and prepares them for further training in these fields. Graduates of this school are assigned to advanced schools in air and ground, radar and radio operation and maintenance.

Marine Private First Class James D. Haymes, son of Mr. Paul E. Haymes of 737 North Zimmers, participated in a major amphibious exercise held March 2 through 10 off the coast of Southern California.

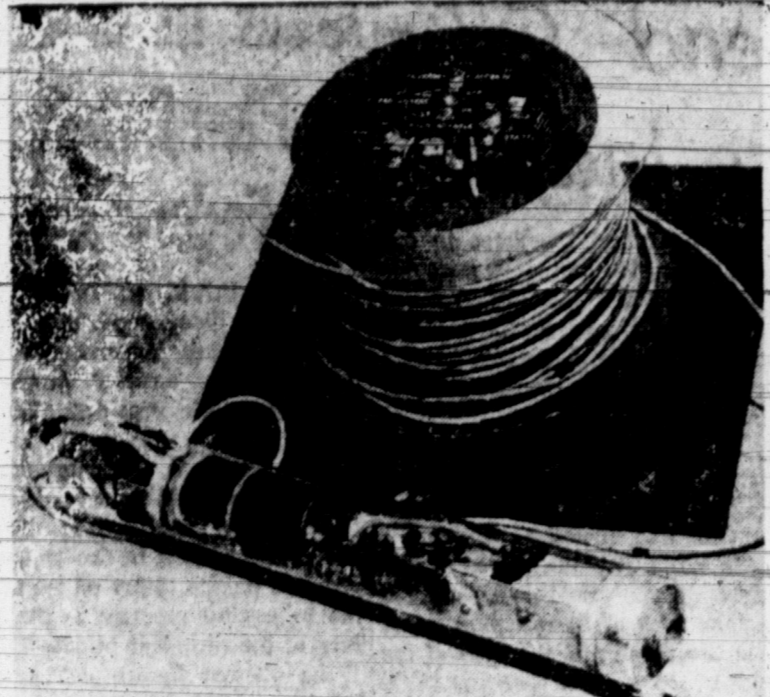

The exercise provided training for the men of the First Marine Division and the First Fleet.

More than 40 ships and 24,000 Marines took part in the exercise. It included antisubmarine operations, amphibious landings, replenishment at sea, mine warfare, aerial and subsurface reconnaissance, and Marine simulated combat operations ashore.

Thin Americans

WASHINGTON (UPI) — Fat Americans aside, there still are many people who'd like to gain weight.

For anyone wanting to put on pounds, Dr. Hazel M. Hauck, emeritus professor of food and nutrition at Cornell University, suggests adding 500 to 1,000 calories a day to gain one or two pounds a week. Tuck an extra pat of butter into a baked potato, add cream to milk. Eat until you feel satisfied — then eat a little more.

SUPER SNOOPER—Traveling on two rollers and dragging its control "tail" behind it, Agricultural Research Service-developed camera photographs drainage lines, locates obstructions. Small electric motor powers the device.

Shamrock To Be Scene For Lions' Convention

Over one thousand Lions will converge on Shamrock on April 15, 19, and 20 for the district 27-1 convention of the world's largest service club organization. The big district convention will include delegates from over 60 Lions clubs in the panhandle area.

The entire panhandle area north of a line extending from Childress to Povina will send representatives to the meeting. There are over 2,600 Lions in 26 counties in District 27-1. This represents the largest membership of any service club in the area.

The convention will begin on Thursday, April 18, with golf and bowling tournaments, and will end on Saturday night with a banquet and ball honoring District Governor Sam Pagan of Shamrock.

Two international directors of Lionism will appear on various luncheon and banquet programs during the three day meeting. International Director Jorge Camu-

nas of Santurce, Puerto Rico, will be the principal speaker for the district governor's banquet.

Lion Camunas will stop in Shamrock on his return trip from an international director's meeting in Tokyo, Japan.

International Director David Evans of Texas City, will also appear on the convention program, as will Lions State Secretary Tom Kirkham of Austin.

One of the features of the district meeting will be the coronation of the district sweetheart, to be selected from over 50 beautiful young ladies representing the Lions Clubs of the area.

Miss Ruth Ann Guthrie of Pampa is currently serving in this position having been selected at the district convention in Amarillo last spring. Miss Guthrie will serve as official hostess for this year's participants in the contest.

Bidault Agrees To Give Up Fight Against DeGaulle

LISBON (UPI) — French ex-premier Georges Bidault has agreed to give up his fight to overthrow President Charles de Gaulle in exchange for asylum in Brazil. Brazilian Ambassador Francisco Negrão de Lima said Friday.

Bidault's decision came as a surprise. The 63-year-old anti-Gaullist leader previously had refused refuge in West Germany under similar conditions.

The head of the right-wing National Resistance Council (CNR), Bidault had vowed never to halt his campaign against De Gaulle.

Ambassador De Lima returned to Lisbon Thursday from Rio de Janeiro with a visa for Bidault. But he said it carried "certain conditions," including the stipulation that Bidault give up his anti-Gaullist activities.

De Lima said he met Bidault Friday and the latter had agreed to the conditions. The ambassador said Bidault will leave for Brazil as soon as his exit from Portugal can be arranged.

(In Paris, the official journal reported that Bidault's wife had been placed on "special leave," a form of paid retirement, from her diplomatic post at her own request.

House Denies Funds For Fallout Shelters

WASHINGTON (UPI) — The House Appropriations Committee has denied extra funds for stocking civil defense fallout shelters despite a warning that three million to eight million lives might be at stake.

The committee, turning a deaf ear to pleas of civil defense boss Stuart L. Pittman, decided he could get along without the \$61.9 million supplemental appropriation he said was urgently needed to complete a shelter program with space and supplies for 70 million persons.

The committee also set the stage for a big economy test by pumping an additional \$450 million into the President Kennedy's anti-recession emergency public works program.

This was all but \$50 million of the \$500 million requested for this purpose. If approved by House and Senate, it would bring to \$850 million the total appropriated so far toward a \$900 million authorization voted by Congress last year.

THE KUPPENHEIMER LOOK IS THE CONFIDENT LOOK

For Easter...Twilight Tones by Kuppenheimer

What are the men's colors this spring? The new medium shades, halfway between dark and light — a rich pewter gray, for instance, or a handsome lighter-than-usual blue. We have them in plain or patterned fabrics, in traditional 3-button styles or in the new, flattering 2-button styles. They're all Kuppenheimer, of course, and when we've said that, you know you're getting the finest in men's tailoring. We can fit you to perfection today. Come in while our selection is at its peak. Kuppenheimer suits from \$89.50. Blacks from \$22.95. Sport Coats from \$60.00

Blossoms Suffer In 50-Mile Gusts

WASHINGTON (UPI) — Officials of Washington's cherry blossom festival said Friday that some of the famed blossoms would still be around for the crowning of the festival queen Saturday although an ill wind has blown most of them into the tidal basin.

Estes Sentence Date Scheduled For Mid-April

EL PASO (UPI) — U. S. Dist. Judge Robert Ewing Thomason will sentence Billie Sol Estes April 15.

Estes, 38, was found guilty March 28 on four counts of mail fraud and one count of conspiracy. He could receive a maximum of 25 years imprisonment on the federal sentence.

Estes was tried on charges of bilking finance companies out of millions of dollars in a complicated scheme involving cotton farmers and mortgages on anhydrous ammonia (fertilizer) tanks.

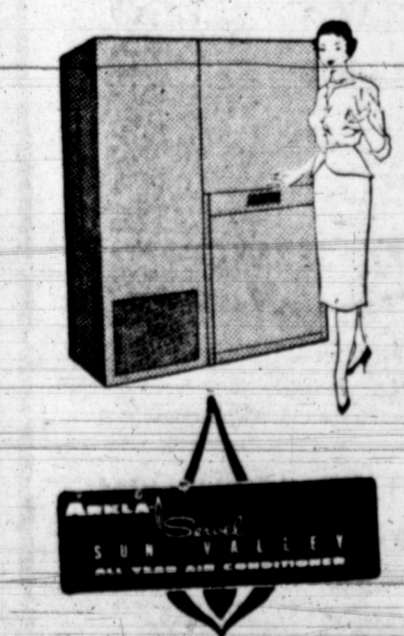

The one-time agriculture king was found guilty of swindling on state charges last year and sentenced to eight years in prison.

We've got GAS air conditioning at our house!

Boy, it's the MOST! It does more than just COOL, too. It circulates, ventilates, dehumidifies and cleans the air. Oh, and it HEATS in winter... I almost forgot! Mom says it's a lot easier to keep house now because there ain't no mean "isn't" as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla Servel. An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla Servel Sun Valley, too. Say, ain't I mean "isn't" that a funny name for an air conditioner!

For sales, service or information, just call...

Center Wrap-Up

George Smith Director
Pampa Youth and Community Center

(Editor's Note: This is the first in a series of weekly columns written by the director of the Pampa Youth and Community Center, describing the activities of the center.)

New Income Sources To Be Attempted

AUSTIN (UPI) — Three new sources of state income are popping into view on the political horizon, one of them from a tax bite on sales of farm machinery, clothing and cars.

Rep. Ben Atwell of Dallas said his House Revenue and Taxation Committee will approve a sales tax revision bill Monday that would net the state \$9.3 million.

Comptroller Robert S. Calvert said his estimate of state income for the next two years was a little short. He plans to revise the estimate upward by \$13.5 million.

A bill to extend franchise taxes adds another \$11.2 million, bringing the total state income to \$43.3 million more than the House Appropriations Committee's bill for spending for the next two years.

The sales tax revision bill, by Rep. Dick Cory of Victoria, would tax some new items and exempt some now taxed. Items taxed for the first time would be sale of clothing under \$10 and farm machinery.

Automobile sales would be taxed at 2 per cent instead of 1.5 per cent. Items to be exempted would be sale of newspapers, vending machines, alcoholic beverages served with meals and leasing and rental equipment.

FISH CAPSIZE BOAT

AVALON, Calif. (UPI) — A big school of mackerel turned the tide on a fishing boat crew.

The crew netted the fish off Catalina Island Thursday and prepared to boat them when the school took off and overturned the boat. Another fishing boat rescued the crewmen clinging to the hull.

Indians Send Gifts Back To The Indians

SANTO DOMINGO PUEBLO, N. M. (UPI) — The Santo Domingo Indian tribe has sent back to California an unsolicited gift of 10,000 pounds of food, clothes and household goods with this note:

"Give it to the starving California Indians."

The Santo Domingo tribe's 2,000 members, who live on a small reservation 30 miles north of Albuquerque, made it clear early this week that they considered the charitable gesture of citizens in Lakewood, Calif., a suburb of Los Angeles, an insult — and entirely unnecessary.

'Monkey Trial' Jurist Dies

DAYTON, Tenn. (UPI) — The next to the last surviving member of the Scopes "monkey trial" jury died Friday.

J. Hayes Bowman, 85, a retired farmer of Graysville, Tenn., succumbed in a Chattanooga hospital.

Bowman's death left Walter G. Taylor, 91, as the only surviving member of the jury. Taylor lives with a son here.

The 1925 trial attracted nationwide attention and involved a young biology teacher, John Scopes, who was accused of teaching Darwin's theory of evolution, contrary to still-existing state law.

The famed lawyer, Clarence Darrow, handled Scopes' defense and the equally-famous William Jennings Bryan was a special prosecutor.

Scopes was convicted and received a one-year sentence. He now lives in Shreveport, La.

Interest in the case was stirred again this week when two young practice teachers ran afoul of the law in Memphis.

Border Guards To Crack Down On Drug Traffic

WASHINGTON (UPI) — A White House task force has proposed a heavy increase in border guards to halt drug smuggling—particularly from Mexico to California.

Dangerous drugs present an especially grave problem in California because of the ease with which they are being smuggled in from Mexico.

The comment, part of an interim report proposing a far-ranging national attack on illicit drug traffic, referred to non-narcotic drugs such as barbiturates, amphetamines and the so-called tranquilizers.

"Most of these drugs are manufactured in the United States and are legally exported to outlets in Mexican border towns, from which they are purchased and illegally reintroduced into the United States," the report said.

Senate To Vote On Warplane Bill

WASHINGTON (UPI) — The Senate expects to vote next week on a trimmed-down \$14.9 billion weapons authorization bill that would provide funds to speed development of the RS70 warplane.

The bill, authorizing procurement of planes, ships and missiles, was approved unanimously by the Senate Armed Services Committee Thursday.

The committee voted \$363.7 million in additional RS70 funds, but cut \$905 million from the House-passed measure. The committee, it was learned, rejected a proposal for a \$196 million speed up in the Nike-Zeus anti-missile missile deployment.

Arabs In Cairo To Plan Details For Federation

CAIRO, U.A.R. (UPI) — Syrian and Iraqi delegations flew into Cairo Saturday to work out details of their nations' proposed federation with President Gamal Abdel Nasser's Egypt.

Nasser called separate meetings tonight with the two delegations before the formal three-nation talks begin in the secluded republic palace. Start of the talks marks a vital moment in the future of the turbulent Middle East.

The 17-man Syrian delegation, led by National Revolutionary Council Chairman Gen. Louay El Attassi and including Premier Salah Bitar, flew in early Saturday from Damascus, where demonstrations earlier this week forced a government shuffle.

A few hours later the six-man Iraqi delegation, led by Premier Ahmad Hassan El Bakr, arrived. Both delegations were met by United Arab Republic Premier Aly Sabry.

The Syrian government difficulties cast an immediate shadow over the talks. In the shuffle the governing Ba'athist Party—which stands for Arab unity but has feuded with Nasser in recent years—was forced to share its power with non-Ba'athists.

Success in the talks would create a giant federation of nearly 40 million Arabs from the northeast corner of Africa to the Asian borders of Turkey and Iran.

Failure, however, could strike a serious blow at the whole concept of Arab unity.

Syrian leaders have said that if the federation is formed, they would like to see Algeria and the Yemen also join it.

Differences between Nasser and the Syrian Ba'athist leaders threatened earlier to force a delay in the talks, which first opened here last month.

This obstacle was removed by the Ba'athist agreement to include the non-Ba'athist nationalists in their month-old revolutionary government and in the unity delegation to Cairo.

Arctic Dogs From Africa

PRETORIA, South Africa (UPI) — Only 150 miles south of the Tropic of Capricorn, the South African government is running an unlikely but flourishing new industry: raising husky dogs for Antarctica.

The dogs are needed for South Africa's national Antarctic expeditions. The Onderstepoort agricultural research center north of Pretoria has tackled the problem of replenishing the supply of huskies for Antarctic sledge teams.

The first two huskies, Bidule and Fatima, were a gift from the 1960 Belgian Antarctic expedition to Hannes la Brange, who led South Africa's first expedition to the deep-frozen south. La Grange handed the dogs over to the government to build up a reserve of huskies for future expeditions.

Fresh blood was brought in when seven fully-grown dogs were imported from Greenland.

Air Force Told To Stop Wasting Their Sparkplugs

WASHINGTON (UPI) — The General Accounting Office, watchdog of federal spending, has told the Air Force to stop wasting sparkplugs.

The GAO said the Air Force was returning relatively unused sparkplugs to the San Antonio Air Material area for reclamation or scrap. GAO says the real sparkplug need for 1963 was overstated by \$4.6 million.

The GAO also found out the Air Force had been using platinum sparkplugs costing four dollars apiece for test purposes.

The Air Force has agreed to use the cheaper \$1.25 sparkplugs for testing. The GAO says this will save roughly \$4.6 million over three years.

Revival Speakers

Maj. and Mrs. Lonnie Myers, shown here, of Tulsa, Okla., are the speakers during the "Christ for the Crisis" revival campaign being held at the Salvation Army, 613 E. Albert. The revival meetings are scheduled at 7:30 nightly through Easter Sunday.

Arabs In Cairo To Plan Details For Federation

CAIRO, U.A.R. (UPI) — Syrian and Iraqi delegations flew into Cairo Saturday to work out details of their nations' proposed federation with President Gamal Abdel Nasser's Egypt.

Nasser called separate meetings tonight with the two delegations before the formal three-nation talks begin in the secluded republic palace. Start of the talks marks a vital moment in the future of the turbulent Middle East.

The 17-man Syrian delegation, led by National Revolutionary Council Chairman Gen. Louay El Attassi and including Premier Salah Bitar, flew in early Saturday from Damascus, where demonstrations earlier this week forced a government shuffle.

Rusk Says Cold War Is Running Our Way

WASHINGTON (UPI)—Secretary of State Dean Rusk has assured Congress the cold war tide is running our way.

"The free world is gaining in strength, both absolutely and in comparison with the Communist world," Rusk told the House Foreign Affairs Committee. He made the encouraging assessment in testifying in behalf of President Kennedy's request for another \$4.5 billion installment of this country's foreign aid program.

But Rusk said the struggle is "far from finished and that any retreat from foreign military and economic assistance now would open the way for the start of a Communist takeover in hot spots around the world."

He asserted: "Our adversaries remain powerful and determined. They are determined to 'bury' us. We must carry on until freedom prevails. We cannot win by yielding the field to the enemy."

"There is nothing that the Communists want more than to see the 'Yanks go home'—not only from Western Europe but from the Mediterranean, South Asia, the Far East, Latin America, Africa, everywhere."

Rusk said, however, "If we Yanks come home, the Communists will begin to take over. Why any American would want to cooperate with that global Communist strategy is beyond my understanding. But that is what short cuts in our foreign aid programs would mean."

Rusk coupled his plea for the revitalized foreign aid program with a fresh warning to aid recipients that more will be expected of them in the future.

The secretary said that in the overall picture, the free world has fared better than the Communist bloc in the past year, and that nearly all of the visible improvements in the free world position have been due in part to U.S. assistance.

On past performance, Rusk could expect a substantial cut at the hands of the foreign affairs

group, which drafts the authorization bill, and a bigger one later at the hands of the appropriations committee.

Speculation On Japan, Red China Business Deals

TOKYO (UPI)—Prime Minister Hayato Ikeda's denunciation of Peking's trade policies stirred speculation Saturday over the future of business dealings between Japan and Communist China.

Ikeda told a political rally in southern Japan Friday that Red China's buy-now pay-later policy makes it impossible to do business.

It was the bitterest official Japanese criticism of Peking's trade practices since Tokyo and Peking signed a \$500 million "private" trade agreement last November.

His remarks reflected increasing Japanese disillusionment over trade with Red China. They also appeared to bear out warnings from U.S. officials that Japan had nothing to gain and much to lose by expanding trade with the Chinese Communists.

"The Chinese Communists refuse to accept normal deferred payment terms but propose instead that they should take delivery of goods and pay for them at some later date," Ikeda said. "This makes it impossible to do business with them."

He also said Japan is no longer interested in buying coal from the Reds, a major item in the barter agreement, "because of its poor quality."

Japan had hoped the trade agreement would open new markets in China for Japanese goods. But Ikeda's remarks indicated that unless the Reds changed their business methods, there was little chance trade between the two countries would rise much above the 1962 level of \$46 million.

Use Of Limousine Is Questioned

WASHINGTON (UPI)—Ralph R. Roberts, chief administration official for the House of Repre-

sentatives, said he rides to the race track in his government limousine, and added "so what?"

"There are no restrictions on how I use it," he said. "It's like a telephone or anything else. It's

there, and you use it. Wouldn't you?"

Roberts confirmed a report in the Washington Daily News, a Scripps-Howard newspaper, that he had used the taxpayer-financed

Cadillac to go to "church and other places."

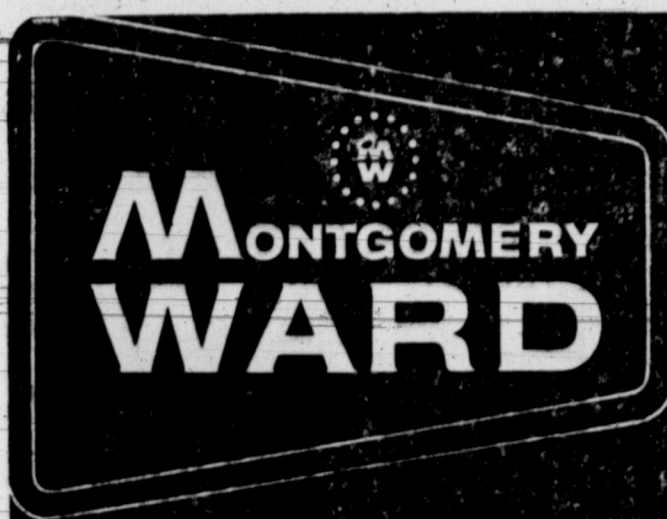

"There's nothing wrong about it at all," he said. "A lot of people like to spend an afternoon at the track."

Matson, Palmer Go To Regional

AMARILLO (Spl) — Randy Matson set new district records to qualify for the shot put and discus in regionals, and Ralph Palmer finished second in the 440 to also qualify as Tascosa won the District 3-AAA track meet here Saturday.

Tascosa and Palo Duro again battled it out to the wire as they had done in last week's Amarillo Relays, but this time the Rebels reversed the decision as they won both relay events to total 127 points to the Dons' 111. Lubbock was third with 85 points, Pampa fourth with 59, Monterey fifth with 56 and Amarillo had 44. Berger and Plainville brought up the rear with eight and three points respectively.

Records Fall

District records fell like Friday's rain, with both Mark Yarbrough of Tascosa and Palmer breaking the 440 record as they finished one-two. Palmer tied the old record of 30.2, held by Len Saunders of Palo Duro and Eddy Whiddon of Tascosa in his preliminary heat, while Yarbrough had a 50.6.

In their final run, Yarbrough sprinted home in 48.5, the same time he produced last week. Palmer was two steps behind him in 49.4, the fastest time of his career and a new Pampa High School record. Curtis Fletcher of Pampa

Thomas Defeated In Tennis Finals

AMARILLO (SPL) — Jerry Thomas of Pampa, top-seeded in boys singles, lost a grueling five-set match to second-seeded Allen Kay of Monterey to give the Plainsmen the District 3-AAAA tennis title here Saturday. Lubbock finished second and Pampa and Palo Duro tied for third.

Thomas swept the first set from Kay, 6-0, but the Plainsman came back to battle to an 11-9 win in the second set. In another set that looked as if it were going to go on forever, Thomas finally took a 10-8 win, then fought to the wire before dropping the last set and the match, 6-4.

Thomas had fought his way to the finals as he defeated Larry Abels of Berger, 6-1, 7-5 in the opening round Friday, held indoors in the Amarillo College Gymnasium.

In Saturday morning's semifinals at Memorial Park, Thomas downed Tommy Clark of Plainville, coming back, 6-4, 6-1, after dropping the opening set, 5-7.

Kay, romped over Dean White of Amarillo in his opener, 6-1, 6-1, and out-dueled Benge Daniels of Lubbock, 10-8, 6-2, in the semifinals.

Colts Open With Giants On Tuesday

HOUSTON, April 7 (SPL) — Houston begins its second major league season Tuesday when the Colt .45s, an almost completely rebuilt team, face the pennant-winning San Francisco Giants at Colt Stadium, beginning at 1:30 p.m.

In what will be the toughest task any major league club ever faced in getting away from the wire, the Colt .45s will play the two teams that tied for the pennant, the Giants and the Los Angeles Dodgers, in the first 12 games.

"We are not worrying about having to face the Giants and Dodgers so many games at the start of the season," Manager Harry Craft says. "We have to play them some time and it might as well be at the start as any other time. Our plan has been to get our club in top physical condition and bring our pitchers up to starting line razor sharp. I feel that we have done our work well in spring training and will be ready."

The Colt .45s play the Giants three games, with two night games at 8:00 p.m. Wednesday and Thursday after the day opener.

Then the Los Angeles Dodgers move into Colt Stadium for a 3-game series, Friday and Saturday nights and a Sunday game at 2:30 p.m.

After a day off for travel April 15 then the Colt .45s fly to the west coast where they open the season at Candlestick Park with three games against the Giants Tuesday, Wednesday and Thursday (April 16, 17 and 18) then they move to Chavez Ravine where they play the Dodgers four games in three days, with a single night game Friday, April 19, followed by a Saturday afternoon game, April 20, and a double header Sunday, April 21.

Many experts are predicting that the Colt .45s will be out of the pennant race in the first two weeks of the season, but these are the same fellows who predicted that the Colt .45s would finish last in their first year in the majors in 1962 and have one of the worst baseball teams in history.

Houston not only didn't finish last, but they were never in that position even once all last season, and finished a good 8th-six games ahead of the Chicago Cubs and 24 games ahead of their expansion twin, the New York Mets.

Manager Alvin Dark plans to throw his three best pitchers at Houston in the opening series — Jack Sanford, who won 24 games last season and beat the Yankees one World Series game, Billy O'Dell, southpaw who won 19 games last year, and Juan Marichal, an 18-game winner in 1962.

Paul Brown Seeking To Buy Eagles

PHILADELPHIA (UPI) — The Philadelphia Eagles called a stockholders meeting for April 19 to determine sentiment toward sale of the National Football League club to one of several interested buyers, including former Cleveland Browns coach Paul Brown.

Frank McNamee, city fire commissioner and president of the Eagles, said he called the meeting at the request of a number of the 65 stockholders.

He said neither Brown nor anyone else had made an offer for the club but "Brown is one of a number of people who have expressed interest in purchasing the Eagles."

A report carried by the Philadelphia Inquirer Saturday said Brown headed a syndicate seeking to buy the Eagles for \$5-million. Brown was enroute to Florida from Cleveland and was not available for comment.

McNamee, who previously had emphasized there was "no for sale sign on the Eagles," would not comment on the possibility that Brown's interest might swing enough votes to approve a sale.

finished sixth, in the race with 51.1.

Mighty Matson

The Mighty Matson, as expected, hurled the shot and discus high and far. His shot soared 64' 8", breaking his record last year of 60' 10". He threw the discus 182' 8", breaking the record of 167' 4 1/2", set by Spencer Johnson of Tascosa in 1959.

Biggest upset was the fourth-place finish of Bill Martin in the high jump. Martin, who held the second highest mark in the state this year, 6' 3", was expected to battle it out with Steve Plator of Tascosa, a 6-2 jumper, and Henry Frizzell of Palo Duro, who topped Martin last week with a 6' 1" jump. Plator won with a jump of 6' 1/2". Frizzell second with 6' 0", but Bill Bunn of Berger finished third with 5' 10" as Martin failed in his try for that distance and finished fourth with 5' 8".

Relayers Score

Pampa's 440 relay team of Travis Tucker, Palmer, Fletcher and Kenny Hebert ran a 43.4, but finished third behind Tascosa and Palo Duro, with the Rebs clocking 42.4 to break the district mark of 42.6.

Floyd Burke of PD set a new record in the 100-yard dash, being clocked in 9.75, with the old record being 9.78 by Lynn Livesey of Monterey. Burke also won the 220, Mark Webb of Tascosa the 880 and Glenn Baird of the Rebs the mile.

Only other Pampa points were picked up by the mile relay team of Fletcher, Tucker, Jimmy Jamieson and Palmer, which finished in 3:27, behind Tascosa, Monterey and Palo Duro.

The regional qualifiers will battle it out for the right to go to state at Odessa, April 19-20.

RALPH PALMER

Fred Hansen Vaults 16-1 At UT Relays

AUSTIN, Tex. (UPI) — Slender Fred Hansen of Rice bettered the official national collegiate record Saturday when he pole vaulted 16 feet, 1 inch at the Texas Relays in Austin.

Hansen, a senior at the Houston school, barely scraped over the bar at 16-1 on his last allotted try. It was his first time to better the 16-foot mark. The recognized collegiate record is 15 feet, 10 1/2 inches.

Hansen tried three times to beat the pending outdoor mark of 16-3 1/2 by John Pennel of Northeast Louisiana, but missed all three times. His vault bettered the third national collegiate record set by George Davies of Oklahoma State in 1961.

Earlier, John Camien of little Emporia, Kan., State sped from behind in the last 50 yards to upset sub-4 minute miler Daryl Burleson of Oregon and Bill Dotson of Kansas in a 4:02.6 fast on the soggy University of Texas track, to win the special Jimmy Thompson Mile.

Last night's preliminaries were washed out by torrential rains, and the track was still sloppy Saturday.

Hansen's pole vault mark was the only new record in the College and University classes at the giant track and field meet.

Hansen's pole vault mark was the only new record in the College and University classes at the giant track and field meet.

White Deer Wins

DUMAS (Spl) — Mighty White Deer rolled on to victory in the District 1-AA track meet here yesterday, scoring 146 1/2 points to Dalhart's 111 5-12. Shamrock was a weak third with 88 1-12. Stinnett also lower than expected with 61 3/4. Boys Ranch had 24 points and Spearman was able to garner only 4 2-3 points.

The Bucks qualified their mile relay team for the regionals at Lubbock April 19-20, as well as five individual winners and three second-place men. Curtis Campbell won the 100-yard dash and anchored the winning mile relay team although the sprint relayers were upset by Stinnett and Dalhart. Carroll Russell won the high hurdles and high jump, and although upset by Tommy Scrivner of Shamrock in the low hurdles, finished second to qualify in that event. Jim Thurmond also qualified in three events, winning the 880 and placing second in the broad jump and pole vault. Larry Elliott won the 440 and brother Tommy the pole vault. All marks set became records as this is a new district. Most of the times and heights were far from outstanding and off most of the winners' best marks due to the damp track from the Friday rains.

All marks set became records as this is a new district. Most of the times and heights were far from outstanding and off most of the winners' best marks due to the damp track from the Friday rains.

The Bucks qualified their mile relay team for the regionals at Lubbock April 19-20, as well as five individual winners and three second-place men. Curtis Campbell won the 100-yard dash and anchored the winning mile relay team although the sprint relayers were upset by Stinnett and Dalhart. Carroll Russell won the high hurdles and high jump, and although upset by Tommy Scrivner of Shamrock in the low hurdles, finished second to qualify in that event. Jim Thurmond also qualified in three events, winning the 880 and placing second in the broad jump and pole vault. Larry Elliott won the 440 and brother Tommy the pole vault. All marks set became records as this is a new district. Most of the times and heights were far from outstanding and off most of the winners' best marks due to the damp track from the Friday rains.

Rebs Stop Pampa On Two Hits, 4-2

AMARILLO (Spl) — John Bowman pitched a two-hitter to lead Tascosa to a 4-2 win over Pampa in a district 3-AAAA baseball game here Saturday.

The lefthanded Bowman was a complete puzzle to the usually hard-hitting Harvesters, as his good control, effective left-handers' curve and excellent change of pace kept them constantly off stride. Only losing pitcher Jerry Glover, Pampa's top stick, could solve Bowman's slants as he broke up the potential no-hitter with a long single with one out in the fourth inning, and then outlegged a grounder to shortstop for the other hit in the sixth frame. Bowman struck out eight and walked three batters.

Tascosa wrapped up the game in the first two innings with two long hits. Jerry Garrison relieved Glover in the third and pitched "hulless" ball for 2 2/3 innings, with Glover coming back in the sixth after Garrison hit a wild streak. Ronnie Gray singled and Danny Gray walked in the bottom of the first inning and Bill Defee sent them strolling home as he hit a tremendous triple to the right-center field fence, 375 feet away.

The Rebs added another tally in the second as Bill Pogan led off

the inning with a 320-foot home run over the left field fence. Tascosa got their last score in the third as Gray beat out a bunt single and scored on two errors. Pampa broke the ice in the fourth as Eugene Madrid was given first on an interference call. "The Bandit" then kept his record of having stolen at least one base in every game going as he snatched second, and scored when Glover broke up the no-hitter. Glover went to second on the throw home, and then scored when the left fielder dropped Ricky Stewart's hard line drive.

The win gives Tascosa a 1-1 mark in district play and makes Pampa 1-2 in the loop and 4-6 on the season. The Harvesters return to Amarillo Tuesday to play Palo Duro.

Pampa 0002000225
Tascosa 211000x461

Three — base hit — Defee.
Home run — Bogan. Stolen bases — Garrison, Madrid, Stewart. Struck out — by Bowman eight, by Glover 4 in 3 1/3. Off Garrison 2. 1-3. Bases on balls — off Bowman 3, off Glover 1, off Garrison 2. Runs — earned runs — off Bowman 2-1, off Glover 4-3. Win — Bowman (4-1). Loss — Glover (1-5).

Lee Seventh As Amarillo Tops Juniors

BORGER (Spl) — The Amarillo Junior High finished one-two-three in the Berger Junior High School Invitational Track Meet Saturday, while Lee Junior High was seventh with 37 points, and Pampa Junior High was down the list of 13 competing teams with 5 1/2 points.

Amarillo Bowie swept both relay events to wind up with 88 points and the team title. Amarillo Travis was second and Amarillo Fanning third. Berger Austin was fourth and Perryton fifth, both district opponents of the Pampa schools.

Jesse Dean Reed led the Rebels as he placed in four events. Lee failed to take down any wins, but Doc Cornutt was second in the shot put, Teddy Bird third in the high jump and Jerry Crossland third in the 50-yard dash.

Billy Quarles was fourth in the discus and Lewis Meers fourth in the 440, sixth in the high jump, sixth in the 180-yard low hurdles and ran the anchor leg on the sixth-place mile relay team, with Doug Altom, Teddy McHivain and Mike Parsley. Gary McCarrrell was sixth in the 220-yard dash to round out the Reb's scoring.

The Reaper's only place was in the 880 as Ronnie Valentine ran fourth to pick up four of Pampa's points.

Lopez Thinks Chisox Could Win This Year

SARASOTA, Fla. (UPI) — Manager Al Lopez maintains his Chicago White Sox "will be all right" in 1963.

He even thinks they can win the American League pennant.

"It depends on my pitching and the left side of my infield," he says. "If it is going to be

Giant Skipper Says Reds, Dodgers Top NL Threats

PHOENIX, Ariz. (UPI)—Alvin Dark, manager of the National League champion San Francisco Giants, expects that the flag will go this season to the team that wins 98 or 99 games.

So how many does he figure his Giants will win?

That little trap doesn't work either and the cautious Dark merely says, "We're the same club that won the pennant last year. We also are well balanced and know each other very well. But I don't know where we'll finish."

However, he lists his Giants, Los Angeles, Cincinnati and St. Louis as the top contenders. This is not his probable order of finish.

Virtually the same team that battled the New York Yankees down to the seventh game of the World Series is on hand again and Dark doesn't seem inclined to break up a winning combination.

Cepeda Held Out

All the regulars picked up a raise, including first baseman Orlando Cepeda who battled a cut

and then held out until he got a token boost of about a thousand dollars. Orlando didn't sign until March 12 then checked in at a time when the rest of the squad had been working out for 24 days.

The same goes for pitcher Juan Marichal, who signed after Cepeda.

Dark looks for a better season from Cepeda, whose impressive figures of a .306 batting average, 35 homers and 114 runs batted in mask the fact that he faded late in the going. Cepeda skipped winter ball this time and thinks this will benefit him.

Willie Mays, who will collect more than \$100,000 this year, returns to center. He feels that he earned his boost and who can argue after his clutch playing late in the season that carried the Giants into their successful playoff victory against Los Angeles?

"I think I had a fine season," says Willie, who batted .304, hit 49 homers to lead the majors and drove in 141 runs. Then he adds, "What's there to improve?"

With left-hander Willie McCovey or solid right-hander Harvey Kuenn in left field, Felipe Alou in right and Matty Alou on hand to handle any three of those spots, the outfield appears set.

Pitching Seems Set

And the pitching, which was a major weakness until last season, also seems ready. The big winner is Jack Sanford (24-7) along with Marichal (18-11), Billy Pierce, who had a fine 16-6 mark after being acquired from the Chicago White Sox, provides the left-handed deliveries along with Billy O'Dell (19-14).

Tascosa Tops Loop Golfers, Pampa Eighth

AMARILLO (SpI)—Tascosa added six more strokes yesterday to its eight stroke lead to win District 3-AAAA golf.

Tascosa had won the first two rounds of district play and had a 36-hole total of 637 going into Saturday's play. The Reds carded a 301, six strokes better than second place Monterey to finish with a total of 939 to Monterey's 972.

Amarillo and Lubbock each shot 314 yesterday at the Ross Rogers Country Club course. Borger had a 315, Borger B 317, Tascosa B 318, Pampa 331, Plainview 335, Pampa B 345 and Amarillo B 336.

Medalist honors were won by Martin Reeves of Palo Duro. Reeves shot a 73 to finish with a 54-hole total of 226. James Hering was Saturday's low man with a 72, but finished with a 229 total, three strokes behind Reeves.

Pampa finished with a total of 1024 for eighth place. The Pampa B team had 1096 for 11th place among the 16 competing teams.

Freddie Howard became the first Harvester to break 80 in a district round, shooting a 78. Grover Haskell had an 82, Bryan Prigmore 84, Johnny Weatherly 87 and Bill McKinney 90.

The Shockers were led by Jim Thompson with 83, Skip Warren and John Triplehorn had 84, Chuck Worley 94 and Phil Hall 99.

Tascosa and Amarillo will both go to the regional meet in Odessa April 19-20.

Texas Boating

By KENNETH CARR
United Press International

Boaters who plan to run about the bay waters of Harris County this year had best mind their state's boating laws.

That's the warning issued by Grant Ilseing, the usually easy-going captain of the Harris County sheriff's department Marine division.

Ilseing said recently that this will be the year for re-awakening boating people throughout Southeast Texas to thoughts of boating safety.

"I've issued only two tickets for boating violations during the past two years," Ilseing said.

Accept Responsibilities

"After two years of pleading,

begging and going easy with people about some really careless behavior regarding their own safety on the water, we think they should be ready to accept responsibilities.

Ilseing said that the laws under the state's water safety act would be much more actively enforced this year.

Ilseing has a Marine unit which now includes 52 boats, 22 of which are radio-equipped and seven of which are considered emergency-crewed and are quickly available at any time of the day or night to answer someone's call for help on the water.

Offers Own Program

Ilseing offered a simple five-step program to keep out of trouble.

—Always provide a Coast Guard approved life jacket or cushion in good condition for every person aboard the boat. (Ilseing said this rule would be heavily enforced).

—Always have some sort of workable light on board.

—Have the boat registered with the state and display the number of the registration on the bow.

—Never overload the boat beyond its capacity.

—Always have an anchor with ample line, at least two paddles or oars and enough gasoline, if the boat is power-driven.

KENNETH HINKLE

Former Pampa Star Leads Team To State

PLANO (SpI) — Ken Hinkle, former Pampa High and North Texas State basketball star, led the Plano Baptist Church to the state tournament in the Texas Amateur Athletic Federation this year. Plano compiled a 9-1 district record, won two games to take regional honors in Region Seven, but then were defeated by Tyler in the state play offs. Hinkle was a starting guard for Pampa in 1953-55, playing on the state champion teams of 1953 and 1954. He lettered four years at North Texas State, and then moved to Plano. Hinkle averaged 20 points a game this year, and coached the team in the playoffs.

Harger, Boyer Lead NCAA

NEW YORK (UPI)—Lyle Harger of the University of Houston and Tommy Boyer of Arkansas won individual NCAA basketball scoring championships, the NCAA said Saturday.

Harger led the nation's collegians by hitting 65.6 per cent of his shots from the floor, while Boyer repeated as the country's No. 1 sharpshooter from the free throw line with a 91.3 completion percentage.

Texas Western was the nation's rebound leader, averaging 59.1 recoveries per game, and ranked third behind Cincinnati (52.9) and Oklahoma State (53.1) in team defense by allowing 54.6 points per game. New Mexico was fourth with a 57.8-point average.

Camien Wins Texas Relays Mile In 4:02.6

AUSTIN, Tex. (UPI) — John Camien of Emporia, Kan., State blazed past nationally famed Dyrrol Burleson and Bill Dotson Saturday to win the special Jerry Thompson Mile of the Texas Relays with a time of 4:02.6.

Camien sped past Burleson of Oregon in the last 50 yards to win by about four strides. Burleson finished second at 4:02.9 and Dotson, the former Kansas star, came in third at 4:04.8.

Burleson and Dotson both cracked four minutes in the mile last year in big meets, but Camien's big kick overpowered them both.

Burleson led most of the last contention until the last 150 yards. Camien made his move coming around the last curve when he was trailing Dotson by some 10 yards.

Texas Southern University, with stocky Maurice Hobson providing much of the margin on his distance segments, swept to victory in the two-mile relay, the distance medley and the spring medley relays.

Hobson's brilliant 1:50.8 third leg on the two-mile gave TSU a lead of about 80 yards.

Wind gusts of from 8 to 15 miles per hour hampered the contestants. Rains Friday made the track slow, and it appeared sluggish Saturday.

Tascosa and Amarillo will both go to the regional meet in Odessa April 19-20.

OTIS HOLLADAY

Holladay To Speak At WD

The White Deer-Skellytown Lions Clubs annual Sports Banquet will be held in White Deer Tuesday night at the school cafeteria.

Coach Otis Holladay of the Pampa Harvesters will be the speaker for the event. This will be a homecoming for Coach Holladay, who was the coach of the Class A state champions in football in 1958.

The banquet will be at 6:30 p.m. The Boss Lions of the Skellytown and White Deer clubs are urging all Lions to be present for this event.

Nicklaus Takes Lead In Masters

AUGUSTA, Ga. (UPI)—U. S. Open champion Jack Nicklaus, one of the few leaders who did not go to pieces on this cold, rainy day, forged to the front in the Masters golf tournament Saturday with a third round two over par 74 which gave him a one stroke lead over amazing Ed Furgol.

As second round leader Mike Souchak and late charger Arnold Palmer, along with most of the others, bowed to the water-soaked fairways and greens, the 23-year-old Nicklaus' 38-36-74 gave him a total of 214 while Furgol, the 46-year-old 1956 U. S. Open champion, also came in with a 74 for a total of 215.

Julius Boros, with a 71, was in third place with 216.

That was one stroke better than another veteran of the 161 ways, Sam Snead, who recovered from two double bogeys, with three straight pars to card a 74 also, for a total of 217. Tony Lema also had a two over par 74 to tie Snead at 217.

Then came Souchak, who faltered to a seven over par 79, for a total of 218, tying him in that bracket with Chen Ching-Po, a golfer from Formosa, now playing out of Tokyo.

Ching-Po, Boros and Billy Casper were the only ones to break par under conditions that were good for many things, but not golf.

Palmer, the pre-tourney favorite, looked like he was going to make a late charge at the leaders, but foundered on the back nine and carded a one over par 73, giving him a total of 220, six strokes behind Nicklaus.

Yankees, LA Pennant Picks

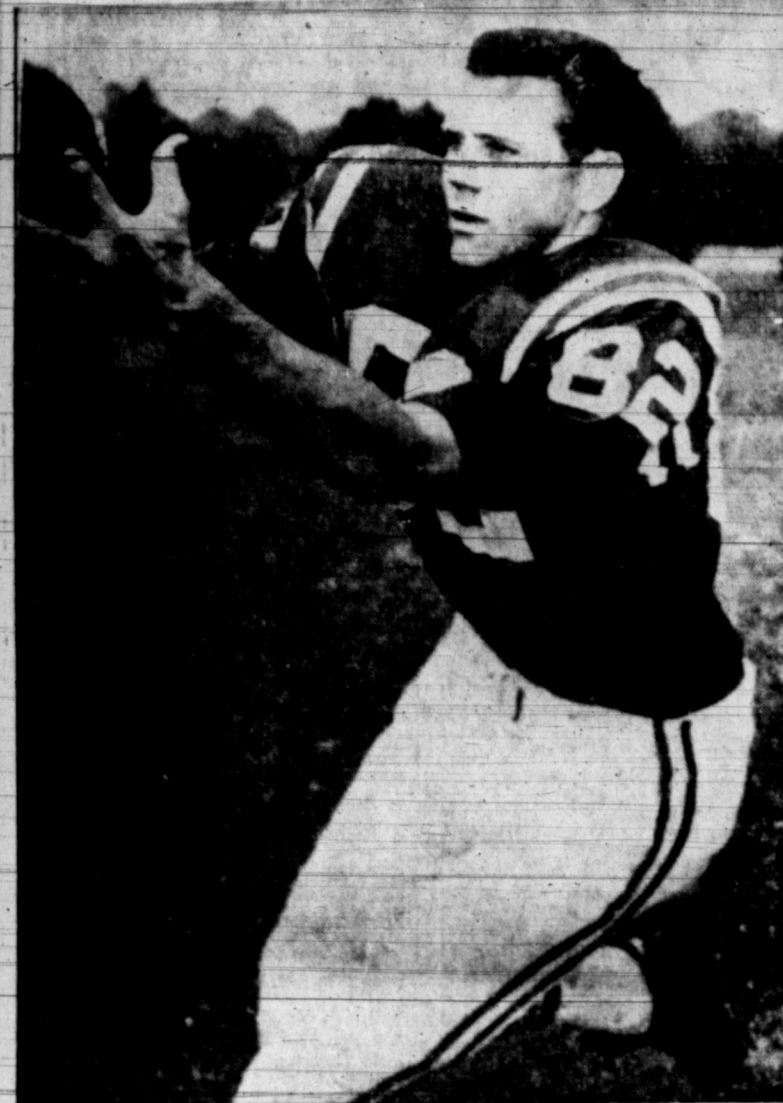

ST. LOUIS (UPI)—The Sporting News poll of baseball writers places the New York Yankees and Los Angeles Dodgers on top of the American and National baseball leagues this season.

Of 255 writers responding, 203 picked the Yankees and 153 gave their votes to the Dodgers.

The Detroit Tigers were expected to be the Yankees' toughest competition, ranking in second place with 22 votes. The defending National League champion San Francisco Giants are ranked No. 2 in that league.

The Baltimore Orioles were chosen for third in the American League, followed by the Minnesota Twins, Chicago White Sox, Cleveland Indians, Boston Red Sox, Kansas City Athletics and the Washington Senators.

The Cincinnati Reds ranked third in the National League, ahead of the St. Louis Cardinals, Pittsburgh Pirates, Milwaukee Braves, Philadelphia Phillies, Houston Colts, Chicago Cubs and New York Mets.

TO SPEAK TODAY — Raymond Berry, record-holding end of the Baltimore Colts, will speak this afternoon at 1 p.m. on the subject of what football has done for him, at the Youth and Community Center. All football players in the area, from seventh grade on up, and all coaches are invited to be present. Following the talk, there will be a free swim for the audience from 2 p.m. to 5 p.m. Berry, an All-American end at SMU, went on to become one of the top pass receivers in NFL history, holds all Colt passing records and a number of league records, and has been named to the All-Pro team almost every year. Berry may also talk to Pampa High and junior high football players Monday afternoon as well.

Cincinnati-Pittsburgh Open Play Tomorrow

CINCINNATI, Ohio (UPI)—Professional baseball returns to its birthplace with all the hoopla befitting a carnival when the Cincinnati Reds and Pittsburgh Pirates open the 1963 National League season here Monday.

Expected to be in the standing-room-only Crosley Field crowd when the game begins at 2:30 p.m. are Govs. James A. Rhodes of Ohio and Bert T. Combs of Kentucky as well as a host of local celebrities.

Eight-year-old Susan Schroeder, Cincinnati's Easter Seal child, will toss out the first ball before the politicians can get their hands on it. But before the cry of "play ball" resounds through the park, fans will be treated to the 43rd annual parade of the Findlay Market Association, a spectacle unmatched anywhere in professional baseball.

The Reds, counting on a flock of promising rookies to hold the line while a trio of veterans recovers from an assortment of spring training maladies, will be attempting to live up to pre-season pre-notice which pick them as one of the three or four top National League pennant contenders.

Labelled the "most improved team" in spring training by New York Manager Casey Stengel, they face the task of avoiding the early-season jinx which in recent years had placed them far back in the standings before they have an opportunity to solidify pitching and hitting.

The team was a very close second place selection of United Press International's 24-man board of experts which picked the Dodgers to cop the pennant in a pre-season poll.

Hutchinson has picked southpaw Jim O'Toole, 16-13 last year and undefeated against the Pirates in 1962 to start on the mound. O'Toole, who tossed scoreless ball for 22 innings in exhibition play, will face the Pirates' righthander Earl Francis, 9-8 last year.

Ping Pong Tournament Scheduled
The Pampa Youth and Community Center announces the scheduling of a ping pong tournament beginning Friday, April 12. This will be an open division tournament lasting three days in singles play. Anyone interested should go by the Center and sign up for the tournament. Tournament pairings will be announced on Thursday, April 11.

Results of Swim Meet
Don Rader won the 16-18 year age group in all four events. The 100 and 50 yd. freestyles, the 50 yd. back and breaststrokes. Scott George won the 13-15 yr. 100 yd. and 50 yd. freestyles. Scott Rader won the 50 yd. back and breaststrokes.

In the 11-12 yr. boys Mike Ross won the 100 yd. freestyle and the 50 yd. backstroke. Butch Wilkerson won the 50 yd. freestyle and 50 yd. breaststroke in the 11-12 yr. boys.

In the 10 and under boys 25 yd. freestyle Butch Wilkerson won. In the girls division, 13-15 yr. age group, Ann Donaldson won the 50 yd. freestyle and 50 yd. backstroke. Pam McLeod won the 50 yd. breaststroke.

In the 10 and under girls division 25 yd. freestyle Jackie Stevens won. Jackie also entered the 10 and under 25 yd. backstroke and won.

These winners will reign as champions until next Friday night when they must defend their crowns.

District 8-B Track Postponed
PANHANDLE (Sp) — The District 8-B track meet, scheduled to be run off here Saturday, has been postponed because of a wet track.

Groom coach Dwain Currie reported that the three competing teams, Groom, Claude and Hedy, got together with the Panhandle meet director last night to reschedule the meet. Currie says that the teams have rescheduled the meet for Wednesday, beginning at 1 p.m. because the track would grow likely to have completely dried off and it would not conflict with any other school activities.

Yanks Lose, 3-1
WEST PALM BEACH, Fla. (UPI) — Warren Spahn, Bob Hendley and Claude Raymond held the world champion New York Yankees to six hits Saturday in pitching the Milwaukee Braves to a 3-1 victory, their fourth in a row and seventh in eight games.

A sell out crowd of 5,982 set a record for the municipal stadium, which was opened with the arrival of the Braves here this spring. It fell short of the West Palm Beach record of 6,200, set when the host Philadelphia Athletics met the Brooklyn Dodgers.

Pampa Downs Plainview, 6-5

Gregory's Hit Wins Extra-Inning Game

By JEFF COHANE
Pampa News Sports Editor
Larry "Shotgun" Gregory hit his second double of the day in the bottom of the eighth inning to send Jerry Glover home with the winning run as Pampa took a 6-5 win over visiting Plainview, Friday.

LARRY GREGORY leads hitters early innings, a churned up in field and near-freezing weather.

The Harvesters had one of their biggest hitting days of the season as five of their eight hits were doubles, all but one authentic pokes to the outfield fences, with Gregory leading the way as he batted home three runs.

Carl Harnsberger pitched his best game of the season as he relieved Jim Arthur with two out and the bases loaded in the fifth inning, walked in one run and then gave up only one run, two hits and a walk the rest of the way to take his second win of the year and first in district play. Ray Newton went all the way for the Bulldogs in defeat, making him 1-1 on the season and 0-1 in district play.

Despite the drizzling rain in the fielding was outstanding on both sides. The play of the day was made by Jerry Garrison again. In the fifth inning, with the bases still loaded and the Bulldogs threatening to wrap up the game, Newton hit a Texas Leaguer over first base. Garrison came racing in and first sacker Ricky Maynard went dashing out. Just as it appeared that the two of them were going to collide, Garrison left his feet, skidded through the mud with his hand outstretched, rolled over and came up with the ball in his glove.

Eugene "The Bandit" Madrid again made several nice running catches in left field, as the pulling Bulldogs poled most of their long balls his way. The second base combo of Ken Collins and Ricky Stewart clicked like clockwork, while neophyte first baseman Maynard dug several balls out of the dirt to rob batters.

On the visitors' side, David Ritter threw out two Harvesters at third base as they tried to stretch doubles into three-baggers. Arthur Wild

Arthur, the control ace of the pitching staff, was wild all the way alternately walking batters or striking them out, throwing two wild pitches into the dirt and two more pitches that went for passed balls as they got through Gregory.

Plainview got two runs in the first as Arthur walked two batters and cleanup man Billy Carthel came through with a solid double to the left field wall.

Pampa came right back in their half as Garrison singled into left. Glover outlegged a grounder to the shortstop and Gregory sliced a double along the right field line which just stayed fair.

Pampa went ahead in the third inning as "The Bandit" walked and kept his stolen base record perfect as he pilfered the second sack, moved to third on a ground-er and came home as shortstop Manuel Nagar let Gregory's grounder skip between his legs.

Piercy outlegged a grounder to load the sacks. Arthur issued four wide ones to Phil Stephenson to force in a run, and with a two-and-0 count on Tommy Juracek, Harnsberger took over. Carl lost Juracek to force in another run, but then Garrison made his shoe-string catch to save the inning, and probably the game.

Plainview made it 5-3 in the sixth as Tom Sawyer doubled and Carthel singled him home, but Harnsberger proceeded to pitch perfect ball the rest of the way, retiring seven straight batters, three of them via the strikeout route.

Meanwhile his mates tied it up in the bottom of the frame as Glover was safe on an error, Gregory singled over second and Kenny Hebert belted one to the left-center field wall. Both runners came home to tie the score.

The next ten batters went down in a row, but with one out in the bottom of the eighth, Glover

hit a 3-2 pitch into left-center field for, a two-bagger. Gregory then hit the first pitch right to the same spot and Jerry came home with the winning run.

The win makes Pampa 1-1 in district play, Plainview 5-4 on the season and 0-2 in the loop, and the Harvesters 4-5 on the year. It was the only district game played Friday as all games at Amarillo and Lubbock games were cancelled for Saturday as well, as with the Pampa-Tasosca game in Amarillo the only one scheduled yesterday.

Lose: Newton (1-1).

Sporting Sidelines

By JEFF COHANE
With the area track season just about over except for the district 2-A and 2-B meets, regionals and finals, plus a few prep meets for the regional and finalist contenders, we would like to say that it has been a wonderful and enjoyable track season. Unfortunately, due to the fact that most meets are held on Saturday and that is the one day we are literally chained to the typewriter as there are so many different sports events going on that we have to stay here and take them over the telephone.

So that the preliminaries of the Lefors and Amarillo-Relays were the only meets we have seen, we want to take time out to thank all the people who helped and cooperated so wholeheartedly so that we were able to get complete results on all area teams in every track meet they competed in.

There are many, many people to thank, and we hope we don't overlook any, but we'd like to mention a few. Coach Norm Phillips, assistant Randy Roten, athletic director Weldon "Birdog" Trice and all the local junior high coaches have been wonderful. So have Dunny Goode and all his staff at Lefors, especially Keith Giesler, and extra-special praise to one of the best and hardest-working sports correspondents, we have ever had, Tommy Jackson, who not only covered Lefors, but any meet we needed when the Pirates were not running. We wish there were some way we could have Tommy flunked so we could have him back next year, but we wish him the best in college and predict that some day he'll make a darned good sportswriter if so inclined. Their junior high coaches in track and tennis have also been especially co-operative.

More thanks go to Bill Hines and Larry Overcast at Miami and Colie Huffman and his staff at White Deer, and hope they are practising up for the race between us, as is Grady Burnett of Wheeler. Colie and Bill have taken an awful lot of heckling from this corner (although they've given as good as they've got), but it has all been in fun and we think they are two swell people. Colie actually said something nice to me, the other day and I almost fainted!

We don't want to forget Jimmy Jones and the gang at Perryton, Ned Jolly and the Canadian crew, old buddy Derral Davis of McLean; Dwain Currie of Groom and Paul Morris of Mobeetie.

Hearty thanks go to many tennis coaches too, especially our hard-working pal Roy Kieval of Pampa and the coaches at Lefors and McLean.

All the area weekly newspapers have been most helpful, especially Max Wade at Groom, Ben Ezzell at Canadian, and the staff at Miami.

And last, but far from least, we wish to thank a really hard-working but unsung soul, Mrs. Norman Phillips. In order to save us having to constantly answer the phone on Saturdays to give the Pampa track results, Mrs. P. has made a list of all ardent Harvest-er track fans. As soon as the results are in, we have called her and she has then proceeded to call every one of them, taking a

big burden off our hands. Quite a number of other coaches' wives deserve thanks too, as they have patiently answered our phone calls late at night or early in the morning to give us info or reports from their husbands.

All in all, we just want to thank everyone who has been so helpful. See you next year!

Babe Ruth League To Hold Tryouts

Babe Ruth League baseball tryouts (formerly Pony League) will be held at 5 p.m. Tuesday, Wednesday and Thursday, April 9-11, at the large baseball field at the Optimist Ball Park.

All interested boys who will be 13 before Aug. 1, through those who will not be 16 by that date should report to the tryouts. You must make at least two of the three tryouts to make the teams.

Those unable to make the tryouts and wishing to play should contact Cliff Davenport at Mo. 4-7304 or Charlie Hammons at Mo. 5-5631.

Players from last year who are already assigned to a team do not need to make the tryouts. There will be one new team in the league, so all 14 and 15 year-olds who have previously played but are not presently assigned to a team must make the tryouts.

Join the Easter Parade of Fashion and Values in Men's Clothing. Dress up and look your best for Easter. You will feel better as well as look better. Remember, it pays to be well dressed.

Wake up your wardrobe with a Spring worsted by GRIFFON. Life really begins in Spring and you can begin a new life in a smart new worsted suit by GRIFFON. Celebrate the Easter occasion by trying on one of our worsteds.

Grapefruit League

JACKSONVILLE, Fla. (UPI) — The St. Louis Cardinals won their SPITS GRAPEFRUIT LEAGUE third straight exhibition game and the Philadelphia Phillies dropped their fourth in a row Saturday, 4-1, before 4,104 fans.

Ken Boyer homered for the Cards and Roy Sievers for the Phillies, both in the fifth-inning. Then, the Cards took the lead in the sixth against Marcelino Lopez on a walk, an infield out and George Altman's single.

CHARLESTON, W. Va. (UPI) — Joe Horlen and Hoyt Wilhelm held the Cincinnati Reds to six scattered hits and the Chicago White Sox won, 6-1, Saturday before an overflow crowd of 6,423.

Only run the Reds made was a homer by Marty Keough, who also had two singles to produce half the Cincinnati hits.

DAYTONA BEACH, Fla. (UPI) — The Washington Senators erupted for six runs in the sixth inning, off Al McBean Saturday and came from behind to beat the Pittsburgh Pirates, 9-7, in the next-to-last spring exhibition game.

The only homer of the game, by Minnie Minoso, triggered the six-run inning. Rookie Tom Brown hit a two-run single with the bases loaded to keep the rally going.

FLYING WHALE—Boeing Stratocruiser, shown above at Van Nuys, Calif., has been converted into the world's largest airplane by a West Coast builder to carry giant space vehicles and missiles. To build the huge air freighter, dubbed "Guppie," the fuselage was lengthened 16 feet, diameter was expanded to 21 feet, and the cabin height was raised from 8 to 21 feet. Loading of rocket stages is done by dividing the aircraft in half at the midsection, below, then bolting the sections together for flight. The converted plane weighs 90,000 pounds without payload.

Bills Signed By Governor Last Week

Measures signed by the governor this week included:

- Raising teacher's retirement benefits and changing the years used for a benefit base, by Rep. George Hinson of Mineola and several House members.
- Authorizing the use of state hospital facilities for research in mental retardation, by Rep. W. H. Hiller and Sen. Criss Cole of Houston.
- Authorizing state hospitals to contract for medical care and treatment, by Sen. Don Kennard of Fort Worth and Rep. Malcolm McGregor of El Paso.
- Changing the name of West Texas State College to West Texas State University, by Rep. J. M. Simpson of Amarillo and others.
- Flying while intoxicated penalty, 90-day bill by Rep. Stanford Smith of San Antonio.

MAKES NATO BRIEFINGS

WASHINGTON (UPI)—Defense Secretary Robert S. McNamara will confer next week with American, British and NATO officials in London and Paris.

Dream Inspires New Shorthand

By JAMES K. CAZALAS

MIAMI (UPI)—The sounds of war blanketed the small Pacific island of Majuro that summer night in 1944 and rolled across the water to the flagship U. S. S. Prairie.

The sounds, muffled by the stout steel side of the Prairie, did not disturb 36-year-old W. S. Neal, of Dothan, Ala., who was asleep in his bunk and having a dream that would change his life.

The dream was not of battle, but of a new system of shorthand, for Neal was the fleet stenographer.

"It was the weirdest dream I ever had," Neal, now 55, recalls, "but it came true."

Neal, who owns two small businesses here, said he remembers only one sentence from the dream: "to write with the speed of speech, write in the manner of speech."

Neal has parlayed that sentence into a complete shorthand system which he says is a big improvement over standard courses.

Neal's "Steno - Magic" consists of a series of symbols which take the place of letters, words and sometimes phrases — much like

any other system.

But "Steno - Magic" is based on the phonetics of the English language, or how words sound, rather than how they are spelled.

"We don't need half the letters we use," Neal said. During the 19 years he worked perfecting his system, he dropped nearly all the silent letters.

After wrestling with the 20,000 most widely used English words, Neal now says: "It works."

A former court reporter, Neal said he found certain shortcomings in the old, established shorthand systems.

"They're all too complicated," he said. "My system can be taught to anyone, even children, in six hours."

Neal said he is ready to turn the system over to the public and has written several books about it.

"But can you believe it? It's so easy most people think I'm trying to hoodwink them."

"I taught the course to a Coast Guard class and to an air force group. It went over big. Some of the fellows are still using it."

Neal received letters of praise from several military officers, but money never was appropriated so the course could be taught universally in the military.

"I have something to give the world but I can't give it because it seems too easy," Neal said.

Again, recalling that night in the Pacific, he said:

"When I got home, I thought about that dream and decided to come to Miami. I opened a couple of businesses that could run themselves, sat back and started working on 'Steno-Magic'."

Grim Outlook In Child Accidents

BOSTON (UPI)—Approximately 17 million American children between the ages of 1 and 21 will be injured, maimed or killed in accidents in 1963.

The Children's Hospital Medical Center made this estimate after a year-long study of accidents involving children.

The Center also found:

- That about 15 million of these accidents are avoidable.
- That accidents, the No. 3 cause of death in children in 1960, are now the No. 1 cause.
- That accidents will happen more often when children are hungry or tired, when mother is ill or pregnant, when a child's environment suddenly changes, and when children are in the care of people other than their parents.

Wall Street Chatter

NEW YORK (UPI)—Kenneth Ward of Hayden, Stone & Co. advises investors to take a new look at a large number of stocks that are displaying renewed strength after a prolonged period of price weakness.

Ward suggested switching out of some stocks that appear to have run up too high, at least temporarily. But he advised against any general selling. Additional purchases made "carefully and discriminately" during periods of minor price changes "should prove timely and profitable."

Bache & Co. advises taking advantage of temporary low prices to buy oils, autos, trucks and savings and loan shares. It regards the stock market as basically strong.

In its stock market forecast, Ernst Associates, Inc., says the market has now reached a critical stage. The expected second challenge of 690-700 in the Dow-Jones industrials is under way. "The challenge should be unsuccessful, but the technical indicators are currently mixed. Although we do not look for 700 to be cleared on this run, traders and investors should remain flexible since the issue will be determined shortly," Ernst said.

Colby & Co., Inc., says that barring only international uncertainties there are enough plus factors in the domestic economy to make business gains of last year look puny by comparison—a condition that justifies the purchase of good common stocks.

PLANS FOIL ATTENDANT

UKIAH, Calif. (UPI)—Police showed incredible speed in solving the theft of \$147 Thursday from a service station.

They checked a smashed window, the station, a desk drawer, and arrested attendant Alden Carl Nelson, 19, who they said left his robbery plans in the desk.

Sunday Morning

Coffee Break.... ...with d. e. w.

SUDDENLY IT'S SPRING no matter what the weather is... bright yellow Forsythia adding pools of sunshine here and there on dull, gray days... purple and white lilacs fringing lawns... trees are greening... and there's a whole lot of digging going on all over town... in gardens, in flower-beds, and in the shopping center. It's absolutely fascinating to pass by Coronado Center on North Hobart and see all of those gigantic machines digging into the earth, making small hills and then smoothing them out. Remember when Jack Rabbits used that acreage as a huge playground? We do. It's not that we have lived here for so long; it's just that so much has been done since we have lived here. One day this week, just barely in sight on the west side of the Pampa Youth and Community Center, we saw another bull-dozer at work. Seems that the Center is in the process of building a gym for indoor sports, including that of dancing. George Smith, the Center's director, has an attractive offer to make those teenage social clubs, who would like to hold their dances there. Seems an ideal place, which at last will be large enough. If teenagers do accept George's dance offer, the clubs will be helping to support the Center for the youth of the community for which the Center was built in the first place!

Spring hangs her infant blossoms on the trees to be rocked in a cradle of the western breeze.
—William Cowper

A PLEASANT COMPANION for Spring is music. There was a lot of it in the air at the Top of Texas District Convention of Texas Federation of Women's Clubs held in Amarillo on Tuesday and Wednesday. Johnlyn Mitchell helped provide some of it when she appeared as a guest pianist on the Fine Arts program presented in the Tascosa High School auditorium.

WE'VE heard of a high honor, which has just recently been accorded this Pampa High School senior, Johnlyn, daughter of Mr. and Mrs. John C. Mitchell, 325 N. Faulkner, is one of ten high school seniors from nine states, who has been named finalist in the nationwide competition for a Dimitri Metropoulos Award scholarship to study music at Stephens College in Columbia, Mo.

Johnlyn left Thursday afternoon to make preparations for her appearance before the judges, world-renowned mezzo-soprano Jennie Touret; internationally famous concert pianist, Ania Dorfmann; and the New York City Little Orchestra Society's conductor, Thomas Scherman. The finalists performed yesterday afternoon at 4:30 in Stephens auditorium. Immediately following, a reception was held for the musicians and judges in the Faculty Commons, Senior Hall. Johnlyn is expected to return home this afternoon.

Johnlyn, a musician of talent and ability, was competing for scholarships of \$2,000, \$1,500, \$1,250, \$1,000 a year to study at Stephens. Win, lose or draw, it is a distinguished honor for the Pampa pianist to be considered as a finalist for a scholarship with other musicians, both pianists and vocalists, from Decatur, Ga.; Indianapolis, Ind.; Glenview, Ill.; Tulsa, Okla.; Charleston, Mo.; Atherton, Calif.; Vacaville, Calif.; Great Falls, Mont.; and Red Wing, Minn.

WHILE ON THE subject of Spring and Music, there's an additional important ingredient, romance... which is as it should be.

Glenda Finkelstein's betrothal to Joe M. Kaufman of Denver, Colo., touched off a whirl of parties in that city to introduce Glenda's parents, Dave and Betty and her brother, Hub of Houston, to the Kaufman's circle of friends. Glenda's two sisters, Mrs. Gail Brown and Rhoda, are already acquainted since they live in Denver.

Glenda, who is a Special Education major at the University of Denver and Joe, who will receive a Bachelor of Pharmacy degree from the University of Colorado in June, have set their wedding date for June 29 in the Starlight Room of the Coronado Inn.

The social courtesies extended the Finkelsteins during their stay in Denver, included a dinner party, cocktail party, dinner-dance, Sunday Brunch and a Sunday evening dinner party in some of Denver's smartest entertaining spots.

Glenda, Rhoda and Hub returned home with their parents, and Glenda to do some trousseau shopping during her Spring vacation and Rhoda to entertain house-guests, Marlene Zim and Joyce Gafer, both of Denver.

Romance, of the golden-vintage type, will be the order of the day when the children of the H. P. Taylors, 511 N. Russell, honor their parents at a Golden Wedding Reception on Easter Sunday in the Citizens Hospitality Room. Mr. Taylor vows when he asked Lou to marry him 50 years ago, he had planned that their Golden Wedding Anniversary would occur on an Easter Sunday.

He has an interesting philosophy for keeping a marriage a long and happy one... and one that has worked for the Taylors. Their philosophy has something to do with no quarrelling or fussing and no "I told you so's."

The C. Russell McConnells are celebrating their Thirtieth Wedding Anniversary on April 21 at a reception planned in the Pampa Club. Viva Romance!... and happy marriages!

THE ADJECTIVE "proud" nearly always professes the noun grandmothers, because that's what most nearly describes the opinions of grandmothers when grandchildren are mentioned. And we know exactly what made Bea York proud last Saturday afternoon at the IH Favorite Food Contest held in the Courthouse Annex... it was those Cherry Tarts which her granddaughter, Cynthia, had baked and entered in the contest... mmmmm, good!

A LONG-TIME RESIDENT, Mrs. Ida Faulconer, 1220 S. Hobart, was honored by friends and neighbors at a party... a birthday party... on Wednesday afternoon in the home of an across-the-street neighbor, Mrs. J. H. Hayes, 1245 S. Hobart with Mrs. C. C. McInerney as assisting hostess.

Mrs. Faulconer has lived in carnation cottage, which had been Pampa since 1925 and has been a given her by her pastor and his friend and neighbor to residents wife, the Rev. and Mrs. Loren along Hobart Street for the past 25 years. Her husband, George, came to Pampa as a young man and was employed for many years in the grain elevators owned by the late C. S. Barrett. Mr. Faulconer passed away in 1955.

The party on Wednesday afternoon was also a Farewell Party. Mrs. Faulconer left Friday morning to make her home in Lone Wolf, Okla., where she had been reared to young womanhood and where she was married to George.

During the years, the birthday honoree has been active in the work of her church, Lamar Christian and has been a "regular" at Senior Center on Thursday afternoons in Lovett Memorial Library.

There were stacks of birthday gifts and three birthday cakes, all delectable and pretty, but the one catching our eye was the one baked by Mr. Barrett's daughter, Mrs. H. E. McCorley, which was presented on a gift-wrapped package with the luscious, yellow cake in the center, a bouquet of flowers in a vase on one corner and a pink bow on the opposite corner. Ida looked particularly pretty, in a dark dress, wearing the pink

and silently slipped away.—d.e.w.

Estes-Johnson Repeat Vows In Dallas Rites

Mrs. Bobby Neil Johnson
nee Lynda Yvonne Estes

Miss Lynda Yvonne Estes became the bride of Bobby Neil Johnson in a Sunday afternoon wedding performed on March 31, at three o'clock in Evangelist

Skellytown Club With Mrs. Houston

SKELLYTOWN (SPL) — The Skellytown Home Demonstration Club met recently in the Library club room with Mrs. Jack Houston as hostess. Mrs. Gertrude Huckins, president in charge of the meeting. Roll call was answered by a "Good Safety Habit". The council report was given by Mrs. Jack Houston, and announced a clothing work shop to be held at Groom April 8, and at Panhandle April 20, both will be at 2:30 p.m.

Mrs. Sybil Stringer, agent, gave a program on "Wardrobe planning and selections". Mrs. Melvin Neill led a game with Mrs. G. E. Huckins winning the prize.

pleats at each side unfolded to

give a magnificent over skirt effect. Appliques of lace were scattered over the skirt front and a tailored bow accented the back bodice giving added interest to the full back skirt which unfolded into a sweeping chapel train.

Her bouffant veil of imported silk English illusion fell in tiers from a crown of Aurora crystals. She carried white orchids and rosebuds on a Bible.

Her honor attendant wore a street-length gown fashioned of pink silk chiffon over crisp taffeta. She wore a headpiece made of a hand-made chiffon rose from which fell a short circular veil. She carried pink rosebuds.

After the reception, the couple left for a wedding trip at Red River, and Taos, N. M.

The bride is a graduate of Woodrow Wilson High School in Dallas. The bridegroom was graduated from Pampa High School and West Texas State University.

They are both employed at Continental Insurance Companies in Dallas.

Mr. and Mrs. Johnson will be at home at 4619 East Side Avenue in Dallas.

Out of town guests included: Messrs. and Mrs. J. A. Oswall, Ardmore, Okla.; C. M. Maddock, Breckenridge; David Plank, Houston; Don Byars, Canyon; Ray Wells, Amarillo; Gaylon Kerr, Dumas; Owen Johnson and James Cheneweth, Pampa.

TO BE JUNE BRIDE

Miss Tommie Babcock

Mr. and Mrs. Frank Babcock, south of the city, announce the engagement and approaching marriage of their daughter, Tommie, to Jack Zuerker, son of Mr. and Mrs. John B. Zuerker, 311 N. Wynne. A home wedding is planned for early June.

Antique Show Date Set By Cotillion

Members of Twentieth Century Cotillion met Tuesday to make final plans for the spring antique show. The meeting was held at 2:30 p.m. in the home of Mrs. Frank M. Carter, 12

Mrs. Don Morrison, antique show chairman, distributed tickets for the show which will be held Friday, April 26 through Sunday, April 28. The time schedule for the showings is as follows: Friday, 9 a.m. to 9 p.m.; Saturday, 9 a.m. to 9 p.m.; and Sunday, 1 p.m. to 6 p.m.

Tickets are \$1 each and can be purchased from any member of Twentieth Century Cotillion. During the next two weeks, all Cotillion members will visit other city federated clubs and civic organizations with tickets which can be purchased at the meetings.

Several antique dealers from the Panhandle, Oklahoma, and South Texas will show their collections. Refreshments will be served throughout the showings. All proceeds will go to the Opportunity Plan of West Texas State College, a unique loan program combining part-time student jobs and financial assistance for worthy students.

McLennan-Ferrier Say Vows In Chapel Service

Miss Carol Marie McLennan became the bride of James David Ferrier in a double-ring service read on March 16 at nine o'clock in the evening in the First Methodist Chapel with Dr. H. H. Bratcher, pastor, officiating.

Miss McLennan is the daughter of Mr. and Mrs. E. A. McLennan, 621 Deane Drive. Mr. Ferrier is the son of Mr. and Mrs. William Ferrier of Grand Blanc, Mich.

Given in marriage by her father, the bride wore a street-length dress of Champagne Beige cotton satin designed with a square, notched neckline and three-quarter length sleeves. The molded bodice was enjoined to a gathered skirt.

She carried two large white Vanda orchids atop the bridegroom's Prayer Book.

A circular nose veil was held to a Ring Hat fashioned from material matching her dress.

ATTENDANTS
Mrs. Faye Mott, as matron of honor, wore a blue sheath complemented with a white carnation corsage.

Sammy J. Houchin served the bridegroom as best man. Seating the wedding guests were Charles R. Lockhart and Ronnie Campbell.

Arrangements of white carnations and mums appointed the altar.

Coy Palmer, pianist, provided the traditional wedding marches, and as vocalist sang "The Lord's Prayer" as the couple knelt for benediction.

For her daughter's wedding, Mrs. McLennan wore a blue silk suit, matching slippers and hat with a white carnation corsage.

The bridegroom's parents were unable to attend.

The bride was graduated from Pampa High School in 1952; was previously employed by the Pampa Retail Merchants and currently by the Amarillo Credit Association.

The bridegroom was graduated from Grand Blanc High School in Michigan and has served in the United States Air Force for six years.

The couple will make their home in California, where he is stationed at the Travis Air Force Base.

Among the post-nuptial courtesies extended the couple was a bridal shower given Monday evening in the First Methodist Parlor with Mrs. W. B. Burgess, C. R. Lockhart, W. L. Rowntree, A. B. Turner and C. L. Palmer as hostesses.

In the receiving line were the bride's mother, Mrs. E. A. McLennan, the bride, and her sister, Toni McLennan.

The honoree was presented with a kitchen-gadget corsage.

Guests were registered by Mrs. Lockhart.

Refreshments were served from a table appointed with a white net cloth over yellow caught at each corner with a shower of yellow ribbons. Daffodils in a crystal bowl flanked with yellow tapers in crystal holders centered the table.

White cake decorated with yellow roses and wedding bells, inscribed with "Carol and Jim" was served by Mrs. Burgess. Mrs. Turner presided at the punch service.

Approximately 40 guests attended or sent gifts.

The bridal couple was honored with a wedding reception held in the home of Mr. and Mrs. Charles Lockhart, 403 Purviance, immediately following the wedding ceremony.

In the receiving line were the honoree, Mr. and Mrs. James Ferrier, the bride's parents, Mr. and Mrs. E. A. McLennan, and her brother and sister, Toni and David.

A white damask cloth covered the bride's table centered with an arrangement of red roses, pink and red carnations flanked with silver candlesticks holding white tapers.

Mrs. C. L. Palmer presided at the silver-coffee service. Mrs. Adolph Hunt of Amarillo served from the wedding cake.

Guests were Messrs. and Mrs. Charles L. Palmer; Coy Palmer; Aubrey Jones; Adolph Hunt of Amarillo; W. L. Boose of Liberal, Kan.; Mrs. W. I. Peirce; W. E. Edd Rowntree; Mrs. Darrell Griffin of Hayes, Kan.; and Ronnie Campbell.

Mr. and Mrs. James David Ferrier
nee Carol Marie McLennan

PLANS JUNE NUPTIALS

Miss Jeneane Price

Mr. and Mrs. Tom W. Price, south of the city, announce the betrothal of their daughter, Jeneane to James Phillip Tate, son of Mr. and Mrs. J. P. Tate of Lubbock. The wedding is planned for June 6 at seven o'clock in the Air Force Academy Chapel in Colorado Springs. The bride-elect was graduated from Texas Technological College in Lubbock and is teaching in Colorado Springs, Colo. school system. Her fiancé attended Texas Christian University, Fort Worth and is presently first classman (senior) at the United States Air Force Academy.

BIRTHDAY HONORS — Birthday honors were accorded Mrs. Ida Faulconer, seated, at a party held Wednesday afternoon. Mrs. Faulconer is pictured with a bouquet of flowers, a gift and a birthday cake baked by a friend, Mrs. H. E. McCorley being presented by another friend, Mrs. Addie Love. Also pictured is another friend from Senior Center, Mrs. Cora Yates and Mrs. Faulconer's grandson, Eddie Glenn Hyder of Lone Wolf, Okla. (Daily News Photo)

MARRIAGE ANNOUNCED

Mrs. Cooke Named Jaycee-Ette Prexy

New officers for the Pampa Jaycee-Ettes were named at a meeting held Thursday night in the City Club Room with Mrs. Gene Hollar, president, presiding. New officers are Mmes. Richard Cooke, president; Jim Christy, vice president; Jim Hayes, secretary; Gary Frasier, treasurer; A. J. Carubbi, historian; Gene Hollar, parliamentarian. Directors are Mmes. Doyle Green, R. F. MacDonald and John Warner.

Each member completed work sheets showing hours in service to the club, which will be totaled. The sheets with news clippings, pictures and souvenirs of each occasion throughout the year will be entered in the 1962-63 Pampa Jaycee-Ette scrapbook, which will be entered next month at the state convention to be held in San Antonio to be judged with scrapbooks throughout the state. Members are urged to take anything collected for the scrapbook this year to Mrs. Dugan Smith and to help with compiling the scrapbook when called upon. Mrs. Ted Eyerhart and Mrs. Bob Blakeney were hostesses during the social hour.

PTA City Council Conducts School Of Instruction For New Officers

The Pampa City Council of Parent Teacher Association held a School of Instruction for incoming officers and chairmen of the local PTA units in Horace Mann School on Tuesday morning. Mrs. Brantly Hudson Jr., president presided over the business meeting preceding the instruction. The Parent Teacher Prayer was led by Mrs. Earl O'Neal.

Mrs. Hudson announced that the District 19 Spring Conference would be held April 29-30 in the First Baptist Church. The public is invited to attend. Luicheon tickets for the 30th are \$1.50, and may be purchased from Mrs. Paul Howard.

The new City Council PTA officers will be installed on May 7. The Parliamentary course will be taught on May 6 at 9:00 a.m.

BRIDE

Mrs. Teddy Ray Malone, Mr. and Mrs. Bill Robertson, 845 Frederic, announce the marriage of their daughter, Marjorie to Teddy Ray Malone, son of Mr. and Mrs. C. D. Malone, 1428 E. Francis. Wedding vows were solemnized at 10:30 a.m. on Feb. 26 in the First Baptist Church in Canadian with the Rev. Joe Vernon, pastor, officiating. Mrs. Sharlyn Robinson and Lee Weddington were the honor attendants. Mrs. Malone is a student in Pampa High School. Mr. Malone is employed by Red Deer Lease Service. They will make their home at 224 1/2 N. Wells.

Mrs. E. E. Shelhammer also announced that the Leadership Procedure Course will be held May 13 at the Youth Center. "This is a required course for all PTA officers and chairmen," she announced.

Mrs. Orval Johnson, hospitality chairman for the Horace Mann PTA, served coffee and doughnuts from a white covered table with a centerpiece of pink and white dogwood blossoms.

The president's course was taught by Mrs. Brantly Hudson Jr.; vice-president's by Mrs. E. E. Shelhammer; secretary's by Mrs. Kenneth Royce; treasurer, budget and finance by Mrs. Paul Turner; hospitality by Mrs. J. P. Brumley; legislative by Mrs. Charles Norton; radio by Mrs. James Floyd Scott; youth protection, exceptional child, and pre-school and health by Mrs. O. G. Ferguson.

The publicity and publicity record book chairmen were taught by Mrs. Derrel B. Hogsett; study course, procedure, and historian by Mrs. E. C. Pulse; door prize, year book, and scouts by Mrs. John Gentry; membership and publications by Mrs. Carlton Nance and Mrs. J. B. Woodington.

76 persons attended the school of instruction from the following schools: Lee Jr. High, Austin Baker, Lamar, Mann, Wilson, Travis, and Houston.

Mrs. David Conrad Wells

Mrs. Opal Moore, 2114 Williston and D. N. Moore, 1129 S. Nelson, announce the marriage of their daughter, Doris Charlene to David Conrad Wells, son of Dr. and Mrs. Glenn W. Wells of Los Angeles, Calif. Wedding vows were solemnized in a ceremony performed on April 6 in Boulder, Colo. The bride is employed by the Denver public school system. Mr. Wells will graduate in June from Boulder University with a degree in law. They will make their home in Boulder, where Mr. Wells will be associated with a law firm.

States Of Contrast Are Topics For TC Allegro

Twentieth Century Allegro met Tuesday afternoon in the home of Mrs. LeRoi Ogden.

Mrs. Curt Beck presented the first part of the program "Utah, State Of Empire?" In opening remarks, Mrs. Beck said, "Every body who has been in Utah will admit there is a definite difference between this state and its neighbors. This difference is not topographical. Utah has every kind of topography from Alpine peaks to salt deserts. Its altitudes range from 2,000 to 14,000 feet; its climate is everything from sub-tropical to subarctic."

"Its uniform in only two things, all of it lies in the region of little rain and all of it was first settled by Mormans."

Mrs. Beck continued, "In no other state is a single church so dominant. Utah is the only Western state which was colonized by group action. Other western states just grew. Utah was built to a blueprint. Like New England, it was settled by a people in flight from religious persecution and in many ways it is a kind of New England in the West."

Presenting the second portion of the program was Mrs. R. E. Reid, who told members about New Orleans. Mrs. Reid stated, "New Orleans brings to mind a town of gaiety, excitement, jazz, excellent food, show boats, fun and a feeling of the deep South with a French accent."

"New Orleans is unlike any other city anywhere in the world."

Due to humidity, heat and remarkably rich and fertile soil, vegetation flourishes with tropical luxuriance. The city is a giant greenhouse," she said.

During the business meeting, it was announced that an informal coffee will be held Monday at 10 a.m. in the home of Mrs. Robert Johnson.

It was announced that Allegro will entertain at Senior Center on April 11 with Mmes. Jack Reeve, R. E. Reid, Robert Johnson, Will Graham, John Cundith and John Horn representing the club as hostesses.

The next meeting will be in the home of Mrs. Bill Bridges, 2208 N. Christy on April 16.

Members attending were Mmes. Curt Beck, Bill Bridges, John Cundith, Robert Corey, John Gentry, Will Graham, Robert Johnson, John Horn, Brantly Hudson Jr., Jack Miller, Jack Reeve, R. E. Reid, Charles Walsh and LeRoi Ogden.

AL District President In Visit To Local Club

Mrs. Grant Hannah of Hereford district president of the American Legion Auxiliary, was guest of honor at a salad supper given by the Kerley-Grossman Unit 334 of the American Legion Auxiliary on Thursday evening in the home of Mrs. Lee Harrah, 2401 Duncan.

During the business meeting conducted by Mrs. Cordie McBride, auxiliary president, plans were formulated to increase the membership during the ensuing year.

It was announced that any member who has not sent in membership dues for 1963, should do so as soon as possible. 43 members have paid dues to date.

Plans were approved to continue the Poppy Day Sale to be held the Saturday before Memorial Day in May.

Mrs. L. K. Stout, in reporting on the Council of Clubs, asked members to place the 19th of May on their calendar for the annual

Presidents' Tea honoring all presidents of clubs belonging to the Council of Clubs.

Mrs. Hannah spoke to the group on the needs of the auxiliary in District 18. She urged each member to attend the Spring Conference to be held in Amarillo April 27-28. Delegates elected by the group were Mrs. McBride and Mrs. F. W. Shotwell with Mrs. L. K. Stout and Mrs. J. M. Turner named as alternates.

Mrs. Hannah told of the need in the Veterans' Hospital in Amarillo for toothpaste and tooth brushes. She stated that a small unit could furnish flowers for the chapel on any third Sunday of the month. Bingo prizes could be sent for any fourth Monday of the month.

Mrs. Hannah requested that each unit bring its annual report to convention and to send in names of deceased members for the Memorial Service, which will be held at 1:30 on the Sunday afternoon, April 28, of the convention.

A memorial of silent prayer was observed for Mrs. Gertrude Putnam, a former auxiliary member, who died recently.

Report Of State Meeting Is Made

Pampa Rebekah Lodge 255 met Thursday evening in the lodge hall, 800 E. Foster with Mrs. Dean Monday presiding as noble grand and Mrs. W. F. Williams as vice grand. Reports were given by Mrs. Niles Franklin, treasurer; and Mrs. T. A. Mastin, secretary.

Mrs. Helen Lamberson reported on the state convention of the Texas State Assembly of Texas for Rebekahs and Odd Fellows.

Mrs. Roy Kretzmeier, who is visiting Rebekah lodges in Texas in the capacity of state president, sent greetings to the local lodge and expressed appreciation for their support while being installed as state president. She sent home a bell, which is her symbol and which the Houston lodges had presented her with fifty silver dollars with red roses attached trimmed in white net.

Mrs. Williams gave a report honoring Schuyler Colfax's birthday; Mr. Colfax is founder of the Rebekah Lodge.

Thirty-six sick visits were reported made by members.

Refreshments were served to the 34 members present.

Refreshments were served to the 34 members present.

Refreshments were served to the 34 members present.

Mrs. Bennett Has PEO Chapter Meet

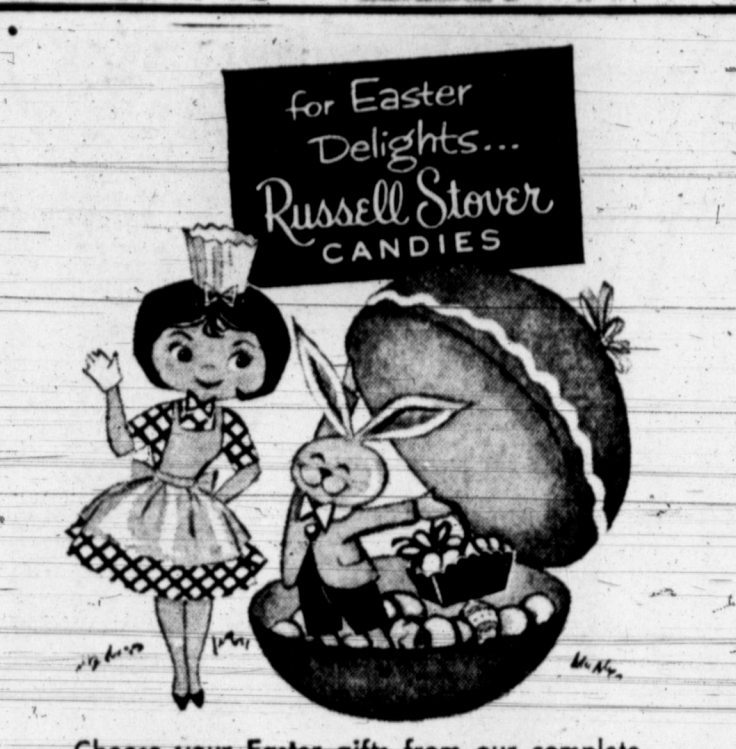

CANADIAN (SPL) — Chapter I of the PEO met recently with Mrs. Morris Bennett. Mrs. Arthur Webb gave the program on a noted PEO member, Pauline Frederic.

Two members who were unable to be present for the recent installation of officers were installed. They were Mrs. Dale Nix, guard, and Mrs. Morris Bennett, recording secretary.

Attending were one guest, Miss Christine Stone and members Mmes. Malouf Abraham, John D. Glenn, C. W. Isaacs, John Isaacs, John Jones, William Karr, Jack King, G. B. Mathers, Frank McMordie, Gobar Mitchell, Nix, Rachel Snyder, Carl Studer, F. D. Teas, Arthur Webb, D. A. Witt, Wiley Wright and J. L. Yorkley. Next, Messrs. and Mmes. H. L. Owens; W. A. Kessie, Jr.; Gilman Flowers, Max Kester, Mike Reagan.

A new dining color concept is served up with an all-black china service plates and saucers from Danish designer Bjorn Winblad. (Rosenthal China Corp., 21 E. 26th St., New York, N.Y.)

Ruth Millett Grace Has The Grace To Differ

Grace Kelly — or rather, Her Serene Highness, Princess Grace of Monaco, came in for some unkind criticism on a recent visit to England because she was wearing her skirts two inches longer than the current fashion.

Why, asked the critics, since she has pretty legs, would she choose to wear skirts that covered her knees?

If Princess Grace, by lowering her own skirts to a graceful, lady-like length, encourages other women to do likewise, she deserves a verbal pat of approval instead of being panned.

Many women would look far better in skirts two inches longer than is fashionable, than they do in skirts that hike well above the knee when they sit. The number includes most women over 30, all women who are carrying more weight than streamlined fashion models, and any woman who likes to be able to get in and out of a car or sit down without having to pull and tug at her skirt to keep it from going way above her knees.

dare to make the same choice. It could be that her serene highness is more interested in looking like a lady than in looking like a slave-to fashion. If so, what is so terrible about that.

Keep the king of the castle happy. Read "How to Have a Happy Husband." Just send 25 cents to Ruth Millett Reader Service, in care of The Pampa Daily News, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

Frozen Filling Tips

Q—May I have a suggestion for a sandwich filling which does freeze satisfactorily?

A—Try this sweet sharp Pineapple-Ham Filling. For filling 12 sandwiches: Combine 1 1/2 cups or 1 (12-ounce) can chopped ham, ground, 2 1/2 cup or 1 (9-ounce) can drained, crushed pineapple, 1/2 cup brown sugar, and 2 tablespoons prepared horse-radish. Spread between slices of buttered bread of any variety. (A protective coating of butter will prevent fillings from soaking into the bread.)

Evaporated milk makes an emergency glue for a stamp or label.

Service Conducted For New Pledges Of Phi Epsilon Beta Chapter Of BSP

Mrs. George Massey, extension officer for Upsilon Chapter of Beta Sigma Phi, conducted a pledge service for charter members of the newly-organized Phi Epsilon Beta Chapter on Monday night in the Citizens' Hospitality Room.

Pledged were Phyllis Taylor, Lou Ann Blakemore, Dana Cantrell, Ann Bybee, Evelyn Edwards, Donna Ruth Johnson, Carol Ann Johnson, Jimmie Kay Mack, Linda Kay Moore, Nancy Jo Nidiffer, Linda Kay Smith and Marcia Kay Stout.

Immediately following the pledge service, Mrs. Bill Jenkins, Upsilon president, installed officers for the newly-formed chapter as Marcia Stout, president; Ann Bybee, vice president; Dana Cantrell, treasurer; Linda Moore, recording secretary; and Linda Smith, corresponding secretary.

Phi Epsilon Beta have planned its first meeting for April 16 in the home of Marcia Stout.

Mrs. Paul Howard and Mrs. Ralph Tyler as hostesses served refreshments from a table appointed with an Egg Tree.

The new chapter was recently organized under the auspices of Upsilon and Rho Eta Chapters of Beta Sigma Phi Sorority.

Beauty Campaign Still Needed After Wedding

By ALICIA HART
Newspaper Enterprise Beauty Editor

The honeymoon may be over but your campaign to stay alert, fresh and pretty has just begun.

Ticking off the musts to remain "bridal pretty" makes it sound

simple. They are: A beauty routine, good diet and exercise.

But, with lots of dishwashing, housekeeping, first ventures into cooking and a whole new social routine, you find you have less and less time to spend on your appearance.

To get over the posthoneymoon beauty slump follow these simple tips: Learn to do two things—at once, think pretty and don't snack between meals.

Your mate should see only the end result of your beauty routine. Don't greet him with goo on your face and your hair in rollers. Before you shower or bathe, put your hair up and cream your face. After bathing, remove your face cream and let your hair dry well. Remove the rollers, wait 10 minutes and comb it out.

When you do your housework, wear cotton gloves. This saves your nails and also keeps your hands from acquiring a grubby look.

Thinking pretty is just as important as working at it. If you have moved to a strange city, you may be lonely. The overwhelming bareness of a partially furnished apartment or home can nibble at your vitality and you may wind up with a sad-sack face for a while. Adding a bit of cheer to the apartment is a good morale booster. The folks at home can help with a fresh bouquet wired as a gift.

Since flowers come in canisters or even scrub buckets, you can set them around for a bit of whimsy.

Perhaps the hardest bluesmaker to overcome is linked to cookery. There isn't a bride around who doesn't like to experiment with new dishes; but, if you sample as you go, look for the pounds to add up. Simple, daily exercises will help check the weight onslaught and you will find that you feel better.

Take It From Kathy

by kathy peterson

Dear Kathy: I have a problem. I am in love with the wrong person. This boy I love is going steady. He and I went out a great deal before I found out about it. Since then, he has broken my heart several times.

We are now friends and I realize that I must think of him in these terms only. But I can't. How can I forget him, when I see him often and he calls me occasionally?—Thank you, Heartbroken.

Dear Heartbroken: The boy obviously commands a great deal of your time. An active imagination keeps him constantly in your thoughts. You can't ever expect to forget him while he is a guest on that mental merry-go-round. The obvious answer: replace him. You can't? Yes you can!

If a real, live boy is standing beside you, talking and sharing time, you will have to devote your thoughts to him—at least temporarily. The more often you place yourself in this situation, the less opportunity there is to consider a lost love.

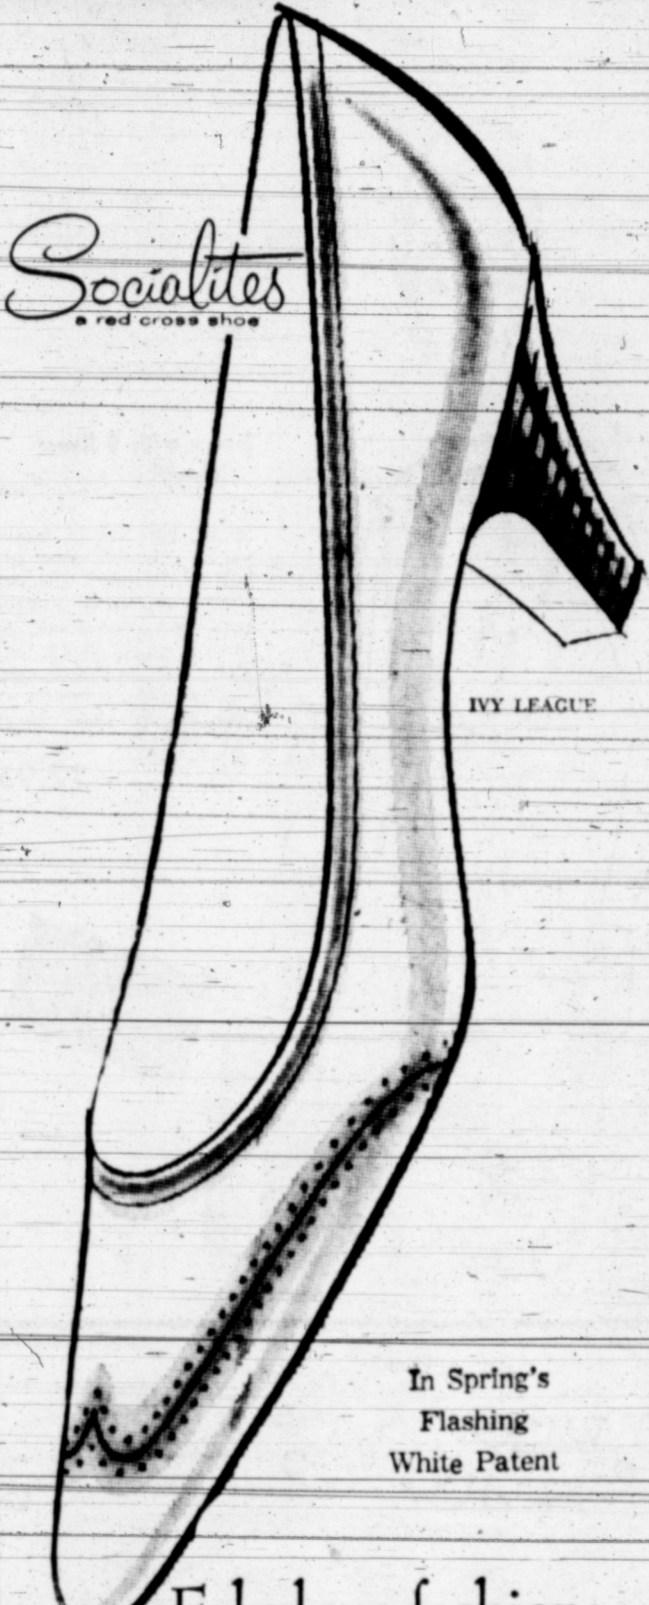

You haven't tried everything to forget if phone calls and seeing him are part of your program.

You know he has been deceptive in the past, and will probably repeat the performance in the future. Aren't you asking for unhappiness by staying friendly?

Teen-agers: Please send your personal problems to Kathy Peterson in care of this paper. While she cannot answer each letter personally, letters of general interest will be answered in this column.

Mrs. Kreimeyer Named President Of
VFW Auxiliary At Tuesday Meeting

New officers for the Ladies Auxiliary to VFW Post 1657 were elected at a meeting held Tuesday evening in the VFW Hall.

Named to serving during the 1963-64 year are Mmes. O. F. Kreimeyer, president; George Benham, senior vice president; A. L. Smiley, junior vice president; Ronald Beard, treasurer; Mack Taylor, conductress; Carl M. Wright, chaplain; Earl Eckroat, guard; Joe Slater, three-year trustee.

The president-elect will appoint a secretary and chairmen as well as an installing officer.

Delegates named to attend the district convention in Amarillo on May 5 are Mmes. George Benham, Ronald Beard and O. F. Kreimeyer. Alternates are Mmes. Frank Hudge, A. L. Smiley and Frank Yates.

Mrs. Joe Slater, chaplain, gave the opening ritual for the business meeting conducted by Mrs. Jess Beard, president.

Report was made on groceries provided for a veteran's family; the father is a patient in the VA hospital in Amarillo.

Honor Roll requirements were met by contributing to the Sweet

Diabetic Clinic and holding a School of Instruction this month.

Members were urged to attend a meeting to be held in Panhandle on Tuesday at 7 p.m. in the VFW Hall for the purpose of organizing a VFW Ladies Auxiliary there by Mrs. Jess Beard, District 9 president.

Members attending the Tuesday meeting were Mmes. Jess Beard, Ronald Beard, A. B. Bearden, George Benham, Charles Beard, Josephine Blalock, Earl Eckroat, Emmett Gee, O. F. Kreimeyer, E. Savage, A. L. Smiley, Joe Slater, Vernon Stuckey, Mack Taylor, A. L. Walling, Carl M. Wright and Chester Williams.

The next meeting will be a social on April 16 at 7:30 p.m. in the VFW Hall.

Protect the cuffs on your sleeves when cooking by cutting the bottom out of two large paper cups and slipping them over your wrists.

Extend the life of a centerpiece made of fresh, cut flowers by removing all of the leaves that are under the water level.

Mrs. R. W. (Bill) King

Mr. and Mrs. W. W. Harper of Kingsmill announce the marriage of their daughter, Linda Craig, to R. W. (Bill) King, son of Mr. and Mrs. R. W. King, 314 N. Cuyler. Double ring wedding vows were repeated on March 8 at 7:30 p.m. in the Highland Penecostal Holiness Church with the Rev. J. B. Caldwell officiating. Attendants for the couple were Miss Kitty Butler and Jerry King. The bride is a student in Pampa High School. The bridegroom was graduated from Pampa High School in 1959 and is employed by Dixie Parts and Supply.

POLLY'S POINTERS
Red Flag Up While Tots Are Sleeping
By POLLY CRAMER
DEAR POLLY — The mothers in my neighborhood have devised a way to keep other children away from the doorbell when Johnny is sleeping or Janie cannot go out to play. We each hang a red cloth (flag) on the door or the mailbox to let the other children know that they are not to knock on the door or ring the bell. It works well and all of the homes in this neighborhood have adopted the plan. Even adults respect the red flag.—MRS. E. B.
GIRLS—Those of us who have had a baby wakened by the doorbell or who have made trips from the basement to the front door to answer children's knocks will be all for starting this idea in our neighborhood.—POLLY
DEAR POLLY — Do not throw away that old dish dryer rack. It will come in mighty handy when gathering vegetables or flowers from the garden. Place the rack under a faucet or garden hose to wash off the dirt. The flowers or vegetables can drain before being taken into the house.—GENEVIEVE.
DEAR POLLY—When I set the table with my good crystal and sterling silver, I wear white gloves to avoid finger marks.
After a party when the room is full of smoke, set small bowls of vinegar behind curtains, chairs, etc., and in 15 minutes the smell is gone. If the vinegar is left out overnight, the furniture smells fresh again.—MRS. R. G.
GIRLS—Do you agree that Mrs. R. G. must be an extra nice housekeeper? However, those bowls of vinegar should be placed where they are not easily turned over.—POLLY
DEAR POLLY—Put a layer of gravel on top of the soil in a window box to keep the rain from spattering so much dirt on the windows.
Slip an elastic-rimmed plastic bowl cover over the bottom of the flower container before watering a hanging plant. The cover will catch any drippings from the hole in the base.—MRS. D. M.
GIRLS—This is another of those "Why didn't I think of that?" hints. I know the last part will save me trouble as I have been taking a hanging wire basket full of plants down each time it needed watering.—POLLY

Mrs. Bryant Feted At Rebekah Meet

CANADIAN (SPL) — Thursday night in the home of Mrs. Paul Bryant members of the Canadian Rebekah Lodge held an informal meeting honoring Mrs. Ben Jordan who has just received her official commission from the Grand Lodge as District Deputy for the ensuing year. Mrs. Jordan will be visiting all the lodges in District Two in her official capacity. President of the Grand Lodge is Ellen Kretzmeier of Pampa.

Canadian Rebekahs presented a gift to Mrs. Jordan. She was the recipient, also, of a large cake bearing the Rebekah emblems. Over an archway of the Bryant home were the words "Congratulations - Mamie" in large red letters and the entertaining rooms were decorated with the Rebekah colors of pink and green.

The table cover was drawn work over pink and the theme in the decorations was a garden scene, presided over by miniature dolls dressed in appropriate colors.

Mr. and Mrs. H. B. Taylor

Mr. and Mrs. H. B. Taylor, 511 N. Russell, will be honored by their children with a Golden Wedding Anniversary Reception on April 14 in the Citizens' Hospitality Room from two until five o'clock. Hosts will be Earnest Taylor of Denver, Colo.; Mrs. Sibil Wilson of Canadian and Mrs. Eloise Martin of Broken Arrow, Okla. The Taylors have made their home in Pampa since 1929. Wedding vows were exchanged on April 14, 1913 in Grand Prairie. Mr. Taylor is a retired employe of the Texas Co. Friends are invited to attend between the hours of two and five.

(Photo, Quall's Studio)

RUTH MILLET

Although he readily admits it may be unchivalrous to say so, a heart specialist suggests that the equipped" to shovel snow than her husband.

The wife, through regular exertion at household tasks, probably is in better physical shape than her deskbound husband, says the doctor.

How's that again? Can it possibly be that all we have been hearing about housewives not having to do any hard physical work any more—thanks to their labor-saving equipment—is just a pretty myth?

Can it be that even with dishwashers, washing machines, vacuum cleaners and electric can openers, there's still a lot of work left to housework?

Come to think of it, there's no labor-saving equipment to keep a mother from having to run after small children, or from having to lift and carry babies, or from having to reach and stretch to wash windows, pick up toys from the floor, scrub bath tubs, get things from shelves, and so on.

So if there is still enough hard physical work left to house-keeping to keep a woman in better physical condition than her deskbound husband, let's not hear any more about how all the work has been taken out of housework.

Instead of women taking on heavy outside work to spare husbands unaccustomed physical strain, perhaps what we need is to ease the men into physical activity a bit more gradually, so that when a hard job comes along they will be in condition for it.

Window washing, floor waxing and furniture polishing ought to get those unused muscles of the white collar husband in good enough shape so that he could safely handle the snow shoveling. After all, we women don't want to have a monopoly on physical fitness—do we?

ART SHOW — Mrs. Fred Sloan and Mrs. Bill Bumpers, left and right are viewing the glass and metal wall sculpture and paper collages created by Mrs. Dewey Palmittier, (Daily News Photo)

Tea Guests View Work Of Art Club Members

An exhibit of arts and crafts by members of the Pampa Art Club was displayed at a Guest Day Tea held Tuesday afternoon in Lovett Memorial Library.

The exhibit included paintings in oil, tempera and pastels; enamel on copper, eggshell and crushed glass mosaic and paper collage pictures; laminated and kiln-fired glass trays and dishes, lustre decorated bottles; glass chimes; glass mosaic dishes; trays and box tops;

Chop leftover celery with an onion and cook. It will make a freer item for future use in a stuffing or soup.

hand painted china; handcrafted copper candleholders; decorated ceramics; ceramic clay sculpture including heads, figures, animals and birds; sculpture combining ceramic and metal with driftwood, jewelry made from driftwood and silver and caged stones; enamel on copper ashtrays, box tops and bookends; boxes covered with paper collage; hand-blocked materials and glass and metal sculpture.

The exhibit chairmen were Mrs. R. H. Nensiel and Mrs. Dewey Palmittier, assisted by Mmes. Loyol Davies, David Gantz, Cecil Shirley, J. G. Doggett and C. P. Pursley.

The serving table was decorated with an arrangement of white spider mums and sprayed eucalyptus leaves in a black bowl, complemented by a picture back of the table in black and white motif, painted by Mrs. A. D. Hillis, which

carried out the oriental theme. Hostesses were Mmes. A. D. Hillis, A. C. Cox, Fred B. Hart and A. C. Houchin, with the president, Mrs. Harold Gregory presiding at the coffee service.

Members who exhibited other than the ones mentioned above, were Mmes. Jack Crites, James McCune, Howard Johnson-O. W. Appleby, J. T. Cornutt, Owen Gee, W. L. Heske, John Parker, E. V. Ward, and Erwin Pursley.

Tuesday evening, husbands of club members were invited for a special showing of the exhibit and a social hour. Hostesses were Mmes. Gregory, Palmittier and Gee.

The exhibit remained in the library through Wednesday, at which time the public was invited. Several groups of school art students and interested people from Borger and Amarillo attended at this time.

Why You Meet Leadership" answer. The most that can be done is to create enough dissatisfaction and sufficient understanding of the problem so that concerted effort will be employed outside the meeting.

What's the most that can be done at a meeting? The "Adult Leadership" defines a meeting as follows: the gathering together of persons with felt needs that have not been satisfied through individual action.

Dear Abby....

Husband's Reverting To Babyhood Days

By ABIGAIL VAN BUREN

DEAR ABBY: You are the only person I can turn to with this problem and when you read it you'll know why. My husband likes a bottle of beer after dinner. I don't object to that because he never has more than one. But he likes to drink it out of the baby's bottle and nipple! I thought he was clowning when he fixed it that way once, but now that's the only way he'll drink it. He never does it when anyone else is around, but it makes me sick. The baby is only 7 months old, but he looks so puzzled when he sees his father with a bottle, too. Is this serious or not? My husband is 26 and I am 23.

WORRIED WIFE

DEAR WORRIED: Your husband is either competing with the baby, or expressing a desire to go back to his baby days. I am not a psychiatrist, and your husband needs one. Ask your family doctor to recommend one. And soon! It's very serious.

DEAR ABBY: I am a high school sophomore and my mother still wants me in the house at twelve o'clock sharp every time I go out on a date. How can I let her know I am not a baby any more?

NOT A BABY

DEAR NOT: She knows. That's why she wants you in the house at twelve o'clock sharp.

DEAR ABBY: I am 22, single, respectable and lonesome. I am a small town guy who recently moved to a big city to take a daytime job and study law at night. Every evening I pass a certain bakery and see a girl working there. I can't get her out of my mind. She is tall and slim and looks about 20. She has beautiful dark eyes and hair. My problem is how to meet her. I don't know if she's married or going with someone or available. I'm afraid if I walk into the bakery and start a conversation with her she'll think I'm fresh and that will be the end of it. Have you any suggestions?

HONORABLE INTENTIONS

DEAR HONORABLE: Go into the bakery and buy half a dozen cookies. See if she has an engagement or wedding ring, if she's ringless, be just a very pleasant customer on first contact. A few days later, go back again and buy six more cookies. (This is to let her know you live alone; no family man buys six cookies.) Repeat this routine for about two weeks, and if she has any interest in you, she'll engage YOU in conversation. Otherwise, I hope you like cookies.

Stop worrying. Write to Abby. For a personal reply enclose a self-addressed, stamped envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

CROSS-PURPOSE

LITTLE LIZ

Nowadays, for a girl to attract a man's attention by dropping her handkerchief she'd have to be wearing it.

Some new brides let themselves go once they have their man. This newlywed (left) keeps trim with regular exercise each day. She continues the pre-wedding attraction by greeting her bridegroom with her hair set attractively. She sets it before bathing (center), wraps it in a coarse net and lets the steam aid her set. Ten minutes after the rollers are removed, she combs her hair in the style she prefers. Meanwhile, the family has wired her flowers (right) as moral support during early days of settling into a sparsely furnished apartment.

For Wedding Day Bride Walks In Beauty Aura

By ALICIA HART
Beauty Editor
Newspaper Enterprise Assn.

Prosaic as it may sound, there has never been an ugly bride. The inner glow of happiness as she walks down the aisle seems to add a certain aura of attractiveness that she will rarely have again.

A bride's make-up is very important on this special day. It should be on the delicate side, but applied so it will look fresh for hours.

Follow your usual beauty routine, but take more care than you normally would. Leave your cleansing cream on while bathing. After removing it, use a skin freshener before you apply your foundation, which can be a powder base cream or liquid foundation.

If you are normally pale, use a light pink or beige base. If sallow, use a pink or rosy-toned base to give you more color. Olive skins

call for a peach-toned or beige-pink base.

You will find that rouge adds to your overall radiant look. Do it either cream or liquid rouge on the high point of each cheek and blend evenly and lightly. Apply powder for a soft, velvety sheen.

A colorless or natural shade powder is best when you use a tinted base.

The delicate effect continues with your choice of eye make-up. Use the natural tones of blue, blue-gray and brown and gray, depending upon the color of your eyes. Your mascara should go on the upper lashes only. Use a brown rather than a black mascara to maintain the soft look you want for this occasion.

Your lipstick is the final touch. Lightly powder your lips before you outline and fill in with your favorite lipstick. Blot and then add a second application. Blot

again. This lends the staying power you need because of the long line of well-wishers who will want to kiss the bride.

Freeze Stale Bread

Q—Can stale bread be freshened by freezing?
A—No. Only the memory of a baker's fresh and fragrant loaf can linger on, once it has staled. When removed from the freezer, bread will be as fresh or as stale as when it was placed there, if stored at 0 degrees F., the ideal storage temperature.

Metanet Club With Mrs. Forrest Cloyd

Metanet Quilting Club met Wednesday for an all-day quilting session and luncheon in the home of Mrs. Forrest Cloyd, 808 N. Dwight.

Following a brief business meeting conducted by Mrs. Earl O'Neal, president, during which the secretary's report was given by Mrs. Cloyd, the remainder of the day was spent working on a Tulip Quilt.

Mrs. J. C. Longan won the door prize, Mrs. Wayne A. Neff and Mrs. Vinson Simon were well-comed as guests.

Luncheon guests were Messrs. Gene Tollison, Vinson Simon and Forrest Cloyd. Members attending were Mmes. L. L. Johnson, J. B. Jones, J. C. Longan, Forrest Cloyd, Neise Robinson, Earl O'Neal and Eugene Tollison.

KKI Gamma Conclave Elects New Officers At Meet In Poston Home

Gamma Conclave of Kappa Alpha Iota met for a salad supper recently in the home of Mrs. J. R. Poston, 1818 Evergreen with Mmes. D. L. Mackie, Truett Ross and G. M. Walls as hostesses.

During the business meeting conducted by Mrs. G. M. Walls, president, the secretary's report was given by Mrs. Joe DiCosimo in the absence of Mrs. Dan Johnson and the treasurer's report was given by Mrs. W. D. Priest.

New officers were elected for the 1963-64 year and will be installed April 22 at a joint meeting with

Alpha Iota Conclave to be held in Lovett Memorial Library.

Mrs. B. G. Gordon, former Delta State president, will be the installing officer assisted by Mrs. Walls and Mrs. Bennie Shackelford.

Officers to be installed are Mmes. Floyd N. Smith, president; Houston Price, vice president; J. E. Gunn, secretary; Willa McDaniels, treasurer; J. A. Meek, Lady of the Flail; Miss Elizabeth Enns, Keeper of the Seed Pods; Zelma Poston, outer guard; Gail Heaton, chronicler; G. M. Walls and Joe

Obrecht-Maples Betrothal Announced At Tea Held In Bride-Elect's Home

PANHANDLE (Sp) — To announce the engagement and approaching marriage of their daughter, Paul Joan, to Theodore Joseph Maple, son of Mr. and Mrs. John Hargett Maple of Kingman, Kan., Mr. and Mrs. Paul J. Obrecht, formerly of Panhandle, were hosts for a tea on March 31, in their farm home, south of Claude.

Guests were received by the honoree, her fiancé, her parents, and parents of the prospective bridegroom.

Registering the guests at a table decorated with one white carnation were cousins of the honoree, Connie Lusk, Panhandle; Annette and Marilyn Robison and Rochelle Hopper, all of Amarillo.

The refreshment table was laid with a lace cloth centered with a white taper surrounded by a wreath of white California daisies from which streamers fell inscribed with the names, Paula and Ted. Table appointments were of silver and crystal.

Presiding at the refreshments table and in the houseparty were Mrs. Albert Hays, aunt of the honoree; Mrs. Jimmy Hays and Miss Dorothy Hays, cousins, all of Amarillo; Mrs. Lester Lusk, cousin, Panhandle; Mrs. Tom Cobb, Mrs. Bud Bagwell and Mrs. Grover Forbes, all of Claude.

Registering were more than 150 guests from Amarillo, Pampa, Panhandle, and Claude in Texas; Kingman, Kan., and Hobart, Okla.

Miss Obrecht has a Bachelor of Science degree in Home Economics from Harding College, Searcy, Ark., and this summer will receive her Master of Science degree from Texas Women's University, Denton.

Mr. Maple is a senior at Harding College, where he is a pre-dental major.

An early summer wedding is planned.

Description Of Spain And Turkey Are Given By AFS Students At CWF Meet

The Christian Women's Fellowship met recently in the First Christian Fellowship Hall with Mrs. D. V. Burton, president, opening the meeting with prayer.

The program was presented by Pampa's two American Field Service Students, Miss Luisa Prieto of Madrid, Spain and Turan Soleymez of Istanbul, Turkey.

Following an introduction by Mrs. Macfield McDaniel, Miss Prieto gave an interesting and vivid view of her homeland and family life. She compared the school system in her homeland with that found in Pampa. "In Madrid, we go to school from 9 a.m. until 1 p.m. Then we rest until 3 p.m., and our school day ends about 4 p.m.," she said.

She emphasized the respect for parents which is common in most Spanish homes and told of the colorful bull fights and fiestas.

Turan gave an enlightening description of the Islam religion. He also compared his country's school system with the one he has found here. "Each student takes at least 13 or 14 subjects a year," he said. Turan finds his studies much easier here.

He conducted a visual tour of Turkey, country-sides, cities, and architecture via color slides.

Following a skit involving two Japanese and Indians, dressed in authentic costumes, portrayed by Mmes. S. T. Friend, Glyn Adsit

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom...

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings.

SUBSCRIPTION RATES

By carrier in Pampa, \$50 per year, \$15.00 per 3 months, \$10.00 per 6 months, \$15.00 per year. By mail paid in advance at office, \$10.00 per year in retail trading zone...

The American System

A variety of phrases can be used to describe this country's economic system. It is called a free economy — meaning that producers and consumers have freedom of choice in deciding what to make and what to buy.

Vitamin K

If one nice thing can be said about Nikita Khrushchev, it's that he's refreshing, always coming up with something new. Now he's advising his fellow Russians to emulate us Americans by eating corn flakes and that other capitalist food, potato chips.

CHICKEN AND EGGS

Crime and Socialism Also Exist Together

By GEORGE BOARDMAN, Ph. D.

Hungry humans spend very little time wondering which came first, the chicken or the egg. Responsible humans find very little time during which they care to involve themselves with this argument.

The Doctor Says:

Don't Worry Unduly About Heart Palpitation

By DR. WAYNE BRANDSTADT

Q—Does palpitation of the heart cause heart trouble? Also, would getting punched on the heart damage the heart?

A—Palpitation, pounding of the heart, may be due to excitement, violent exercise, or an abnormally acute awareness of the heart.

Boxers and football players sometimes get a heavy blow over the region of the heart. The heart is so well protected by the ribs that it would be practically impossible for this to cause structural damage to the heart.

Q—Our 5-year-old has ringworm of the scalp. I am nearly frantic, trying to protect the other members of the family. Any suggestions?

A—The most effective treatment for ringworm of the scalp is the new antibiotic, griseofulvin, which is taken by mouth.

In using this or any other form of treatment for this condition, it is helpful to shave the scalp at least once a week and apply a fungicidal ointment.

Q—I have been told that I have viscerosptosis, or "fallen stomach." My doctor says that wearing a special uplift girdle and gaining some weight would help, as I am quite thin. What do you think?

A—It is true that on X-ray films some persons' stomachs are lower in the abdomen than those of others.

A—It is true that on X-ray films some persons' stomachs are lower in the abdomen than those of others.

Q—I get fever blisters pretty often. What is the best treatment?

A—Fever blisters are caused by a virus that is closely related to the virus that causes chicken pox and smallpox.

Question Box

(We invite questions on economic and proper functions of government which will not injure anyone.)

Question: "Are personal savings really increasing as rapidly as the number of dollars indicate?"

The American Institute for Economic Research gives the personal savings in billions from 1950 to 1962. This shows that the personal savings in 1950 were \$12,600,000,000.

If one does not remember the change in the dollar's purchasing power between 1950 and 1962, one thinks that there is a lot of personal savings.

The Institute contends that these large amounts of savings will have a tendency to retard inflation, because a lot of people will put their money in bonds without regard to what the money will buy when the bonds mature.

Certainly prices have gone up at least 30 per cent or 40 per cent since 1950, so the dollar put in savings in 1950 would only buy 60 or 70 per cent of what it would when it was saved.

In "The Promises Men Live By" by Harry Sherman, it is his contention that all governments eventually repudiate their obligations.

Good luck and good health to you in Freedom.

Leave Common Market, NATO Nuclear Discussions To Other Diplomats, Bundy Tells Stevenson

Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: "Look into the face of a child and see the future of the world."

WASHINGTON — Ambassador Adlai Stevenson is back in the doghouse with the White House's "palace guard."

In their latest backstage controversy, Stevenson has been bluntly told by his inner circle of presidential advisers to stick to his United Nations duties and drop a self-assigned mission to mediate difference between Presidents Kennedy and De Gaulle.

This terse ultimatum was delivered personally to Stevenson, now touring Europe, by McGeorge Bundy, the President's ambitious foreign policy assistant and leader of the "palace guard."

Bundy, who tried unsuccessfully to edge the U.S. delegate out of his UN post earlier this year, made an emergency trip to Europe last week to order Stevenson to leave Common Market and NATO nuclear policy dispute to other U.S. diplomats.

According to Ambassador "Chip" Bohlen's cables to the White House from Paris, Stevenson was seeking a private meeting with De Gaulle, a close friend, to try to work out compromise settlements in both disputes.

COMING EVENTS — Mrs. Nikita Khrushchev, wife of the Soviet Premier, has invited a number of U.S. women's groups to attend a huge international disarmament conference in Moscow in June. She is sponsoring the Communist-directed ban-the-bomb rally as part of a new Kremlin propaganda offensive.

Details of the Bundy-Stevenson confrontation are still secret, but the results are known. They agreed that De Gaulle grants the meeting, Stevenson is to limit his discussions to U.S.-French relations in the United Nations.

These same tight restrictions on Stevenson also apply to any meeting with Chancellor Konrad Adenauer of West Germany.

TYING THEIR HANDS — Refugee groups are running into stronger opposition from the Kennedy Administration than Castro's Communist regime in trying to carry out their daring hit-and-run attacks against Cuba.

TRUTH FORUM

Heller and Franklin

Don't See Eye to Eye

By ED DELANEY

Treasury Secretary C. Douglas Dillon, has asked Congress to lift the ceiling of the national debt from \$308 billion to \$320 billion; so the government can borrow enough money to pay its bills.

In the face of this alarming financial situation, the President and his coterie of economic counselors, urge a tax cut without an equal reduction in federal expenditures.

Instead of heeding Franklin's words, note these gems of wisdom that were spilled for the reflection of Congress by this pseudo-economist, Dr. Walter Heller, chairman of the President's stable of so-called economic advisers.

The officials of the German Federal Republic rejected it in toto and went in precisely the way he advised them not to go.

The American Way

A WATER MOCCASIN LOOSE IN GEORGIA

By Tom Anderson

Publisher, Farm and Ranch Magazine There's a "managed" story making the rounds that Bobby Kennedy put on one of his many raincoats the other day, one he hadn't worn in a long time.

Manufacturers in Georgia "Exercise Water Moccasin III" is a well-named maneuver now being held on a 2500 square mile area of 1,500,000 acres.

The Pentagon manages to deny any knowledge of this Georgian war, refusing to identify the 16 nations involved or the number of troops involved.

UN-ON SCENE The United Nations has "observers" there. Could this be a fore-runner, a softening up of public opinion for a later entry of U. N. armies for "internal policing"?

Farmers have been coerced into granting "the government the right to enter as often as desired" during the maneuver period.

Spoon - Fed Poison Water Moccasin III is poison which has been mislabeled "antidote" by an Administration adept at managing news and nothing else.

Foreign Commentary

By BRUCE W. MUNN
United Press International
UNITED NATIONS, N.Y. (UPI)—A tough hassle is in store for the U. N. General Assembly when it meets in special session next month to discuss financing of U. N. peace-keeping operations.

Prospects are that the best to be expected is a stop-gap arrangement to meet the costs of the Congo operation and the maintenance of the U. N. Emer-

gency Force (UNEF) in the Middle East for the rest of the year. The financial problem is likely to be tossed to the next regular assembly session, meeting in September, for long-term solution.

Last fall, the assembly appointed a working group of 21 countries to "study special methods for financing peace-keeping operations of the United Nations involving heavy expenditures, such as those for the Congo and

the Middle East." **No Solution Found**
The group met privately 18 times in February and March and reported this week that it was unable to agree on any method of financing the operations.

The problem, of course, is fundamentally a human one. Nobody wants to ante up more for the common pot than he absolutely has to.

That principle extends to the United States, which is regarded by both its friends and mere acquaintances here as the open-handed backer of U. N. enterprises.

operations—32.02 per cent—and countries paid up. In the Congo, the U. S. share has been something between 47.5 and 50 per cent.

The United Nations assesses on the basis of ability to pay. On national per capita income figures, the smaller powers argue, the United States should pay about 45 per cent of U. N. costs. Russia and its allies held their traditional position that since the Security Council is responsible for peace-keeping operations, only the council could impose binding assessments for such work. The assembly authorized the \$11.5 million monthly appropriations for the Congo and Middle East forces.

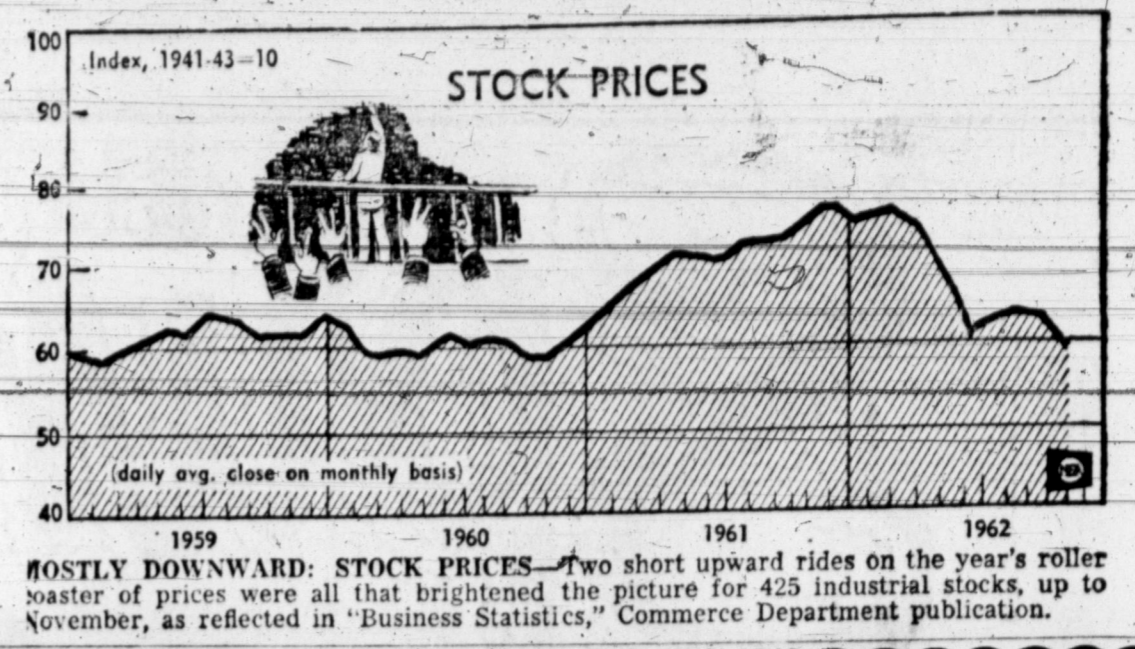

Furthermore, the Communists

argued, the Congo and Middle East operations were necessitated by "the aggressive acts of the colonial powers" which should pay the bill.

U. N. members may make payments to the controller at any time and in any amount, but lobby wits were suggesting the next step might be adoption of the department stores' layaway plans to keep the peace.

CARLOS KISSES WIFE
LAREDO, Tex. (UPI)—It cost Carlos Roberto Garcia \$25 for his auto-amour.

Police said Garcia, 20, kissed his wife while driving and his car hit a parked automobile. He was fined Thursday for careless driving.
